(4) Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding transfer between the trial court and the county that are in place as of the implementation date of this act shall be continued while an existing memorandum of understanding or agreement remains in effect or for two years, whichever is longer, and any further rights of trial court employees to transfer between the trial court and the county shall be subject to the obligation to meet and confer in good faith at the local level between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county. Subject to the agreement of the county, and unless prohibited or limited by charter provisions, the policies regarding the portability of seniority, accrued leave credits, and leave accrual rates that are in effect upon the implementation date of this act shall be continued if trial court or county employees transfer between the trial court and the county or the county and the trial court while an existing memorandum of understanding or agreement remains in effect, or for a period of two years, whichever is longer. Any further right of trial court employees to portability is subject to the obligation to meet and confer in good faith between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county.

(5) Each trial court shall be deemed the successor employer of all trial court employees in the county in which the trial court is located.

(d) In establishing local personnel structures for trial court employees in accordance with this chapter, the trial court shall comply with contractual obligations, and consideration shall be given to minimizing disruption of the trial court workforce and protecting the rights accrued by trial court employees under their current systems. However, prior contractual obligations and rights may be reconsidered subject to the obligation to meet and confer in good faith, provided both parties give consideration to past contractual obligations and rights.

(e) Unrepresented trial court employees are governed by a trial court's personnel policies, procedures, and plans. The implementation of this act may not be a cause for changing a trial court's personnel policies, procedures, and plans applicable to unrepresented trial court employees except where required to bring those policies, procedures, and plans into conformity with this chapter. Except as otherwise expressly provided in this act, a trial court retains all existing rights with respect to revising its personnel policies, procedures, and plans as applied to unrepresented trial court employees.

(f) Upon implementation of this act in a trial court, Sections 68650 to 68655, inclusive, and Rules 2201 to 2210, inclusive, of the California Rules of Court, shall be inoperative as to that trial court.

Thereafter, any rights of trial court employees to transfer between the trial court and the county shall be subject to the obligation to meet and confer in good faith at the local level between representatives of the trial court and representatives of recognized employee organizations, and local negotiation between the trial court and the county.

(2) Unless prohibited or limited by charter provisions, the policies regarding the portability of seniority, accrued leave credits, and leave accrual rates that were in effect on January 1, 2001, shall be continued if trial court or county employees transfer between either the trial court and the county or the county and the trial court while an existing memorandum of understanding or agreement remains in effect, or until January 1, 2005, whichever period is longer. Thereafter, any right of trial court employees to portability is subject to the obligation to meet and confer in good faith between representatives of the trial court and representatives of recognized employee organizations and local negotiation between the trial court and the county.

SEC. 171. Section 71632.5 of the Government Code is amended to read:

71632.5. (a) Notwithstanding any other provision of law, rule, or regulation, an agency shop agreement may be negotiated between a trial court and a recognized employee organization that has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, and enactments, in accordance with this article. As used in this article, "agency shop" means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of that organization for the duration of the agreement or a period of three years from the effective date of the agreement, whichever comes first. However, any employee who is a member of a bona fide religion, body, or sect that has historically held conscientious objections to joining or financially supporting recognized employee organizations shall not be required to join or financially support any recognized employee organization as a condition of employment. That employee may be required, in lieu of periodic dues, initiation fees, or agency shop fees to pay sums equal to those dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable organization fund exempt from taxation under Section 501 (c)(3) of the Internal Revenue Code, chosen by the employee from a list of at least three funds, designated in a memorandum of understanding or agreement between the trial court and the recognized employee organization, or if the memorandum of understanding or agreement fails to designate any funds, then to any fund chosen by the employee. Proof of those payments shall be made on a monthly basis to the trial court as a condition of continued exemption from the requirement of financial support to the recognized employee organization.

(b) An agency shop provision in a memorandum of understanding or agreement which is in effect may be rescinded by a majority vote of all the employees in the unit covered by the memorandum of understanding or agreement, provided that (1) a request for the vote is supported by a petition containing the signatures of at least 30 percent of the employees in the unit; (2) the vote is by secret ballot; and (3) the vote may be taken at any time during the term of the memorandum of understanding or agreement, but in no event shall there be more than one vote taken during that term.

(c) In addition to the procedure prescribed in subdivision (a), an agency shop arrangement between the trial court and a recognized employee organization or recognized employee organizations shall be placed in effect, without a negotiated agreement, upon (1) a signed petition of at least 30 percent of the employees in the applicable

bargaining unit requesting an agency shop agreement and an election to implement an agency fee arrangement, and (2) the approval of a majority of employees who cast ballots and vote in a secret ballot election in favor of the agency shop agreement. The petition may only be filed after the recognized employee organization has requested the trial court to negotiate on an agency shop arrangement and, beginning seven working days after the trial court received this request, the two parties have had 30 calendar days to attempt good faith negotiations in an effort to reach agreement. An election, that may not be held more frequently than once a year, shall be conducted by the Division of Conciliation of the Department of Industrial Relations in the event that the trial court and the recognized employee organization cannot agree within 10 days from the filing of the petition to select jointly a neutral person or entity to conduct the election. In the event of an agency fee arrangement outside of an agreement that was in effect on January 1, 2002, the recognized employee organization shall defend, indemnify, and hold the trial court harmless against any liability arising from any claims, demands, or other action relating to the trial court's compliance with the agency fee obligation. Upon notification to the trial court by the recognized employee organization, the amount of the fee shall be deducted by the trial court from the wages or salary of the employee and paid to the employee organization. This subdivision shall be applicable on the operative date of this section, except that if a memorandum of understanding or agreement between the trial court and a recognized employee organization was in effect before January 1, 2002, as to the employees covered by the memorandum of understanding or agreement, the implementation date of this subdivision shall be either the date a successor memorandum of understanding or agreement is effective or, if no agreement for a successor memorandum of understanding or agreement is reached, 90 days from the date of the expiration of the predecessor memorandum of understanding or agreement. The trial court and representatives of recognized employee organizations may mutually agree to a different date on which this subdivision is applicable.

(d) Notwithstanding subdivisions (a), (b), and (c), the trial court and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on any agency shop agreement.

(e) An agency shop agreement or arrangement does not apply to management, confidential, or supervisory employees. If those employees nonetheless choose to join the recognized employee organization and pay dues or pay the organization a service fee, Section 71638 shall apply to those employees, and the trial court shall administer deductions for which the recognized employee organization shall defend, indemnify, and hold the trial court harmless.

(f) Every recognized employee organization that has agreed to an agency shop provision, or is a party to an agency shop arrangement, shall keep an adequate itemized record of its financial transactions and shall make available annually, to the trial court with which the agency shop provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the federal Labor-Management Disclosure Act of 1959 covering employees governed by this chapter or required to file financial reports under Section 3546.5, may satisfy the financial reporting requirement of this section by providing the trial court with a copy of those financial reports.

(g) This section shall become operative only if Section 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement.

(h) A trial court may not offer employees inducements or benefits of any kind in return for employees opposing or rescinding an agency shop arrangement.

SEC. 172. Section 71636 of the Government Code is amended to read:

71636. (a) A trial court may adopt reasonable rules and regulations, after consultation in good faith with representatives of an employee organization or organizations, for the administration of employer-employee relations under this article. These rules and regulations may include provisions for:

(1) Verifying that an organization does in fact represent employees of the trial court.

(2) Verifying the official status of employee organization officers and representatives.

(3) Recognition of employee organizations.

(4) Exclusive recognition of employee organizations formally recognized pursuant to a vote of the employees of the trial court or an appropriate unit thereof, subject to the right of an employee to represent himself or herself as provided in Section 71631.

(5) Additional procedures for the resolution of disputes involving wages, hours, and other terms and conditions of employment.

(6) Access of employee organization officers and representatives to work locations.

(9) Any other matters as are necessary to carry out the purposes of this article.

(b) Exclusive recognition of employee organizations formally recognized as majority representatives pursuant to a vote of the employees may be revoked by a majority vote of the employees only after a period of not less than 12 months following the date of recognition.

(c) No trial court shall unreasonably withhold recognition of employee organizations. A trial court may not offer to provide employees benefits of any kind for the purpose of inducing those employees to decertify or withdraw support from a recognized employee organization.

(d) Pursuant to the obligation to meet and confer in good faith, the trial court shall establish procedures to determine the appropriateness of any bargaining unit of court employees.

SEC. 173. Section 71636.3 of the Government Code is amended to read:

71636.3. (a) Unit determinations and representation elections shall be determined and processed in accordance with rules adopted by a trial court in accordance with this chapter. In a representation election, a majority of the votes cast by the employees in the appropriate bargaining unit shall be required.

(b) Notwithstanding subdivision (a) and rules adopted by a trial court pursuant to Section 71636, a bargaining unit in effect as of January 1, 2002, shall continue in effect unless changed under the rules adopted by the trial court pursuant to Section 71636.

(c) A trial court shall grant exclusive or majority recognition to an employee organization based on a signed petition, authorization cards, or union membership cards showing that a majority of the employees in an appropriate bargaining unit desire the representation, unless another labor organization has previously been lawfully recognized as exclusive or majority representative of all or part of the same unit. Exclusive or majority representation shall be determined by a neutral third party, selected by the trial court and the employee organization, who shall review the signed petition, authorization cards, or union membership cards to verify the exclusive or majority status of the employee organization. If the trial court and the employee organization cannot agree on a neutral third party, the Division of Conciliation of the Department of Industrial Relations shall be the neutral third party and shall verify the exclusive or majority status of the employee

organization. If the neutral third party determines, based on a signed petition, authorization cards, or union membership cards, that a second labor organization has the support of at least 30 percent of the employees in the unit in which recognition is sought, the neutral third party shall order an election to establish which labor organization, if any, has majority status.

(d) Each elected marshal holding office in Madera County as of January 1, 2000, shall become an employee of the Madera County

- (b) In order to ensure public safety, any person or entity that acquires an AED is not liable for any civil damages resulting from any acts or omissions in the rendering of the emergency care under subdivision (b) of Section 1714.21 of the Civil Code, if that person or entity does all of the following:
- (1) Complies with all regulations governing the placement of an AED.
 - (2) Ensures all of the following:
 - (A) That the AED is maintained and regularly tested according to the operation and maintenance guidelines set forth by the manufacturer, the American Heart Association, and the American Red Cross, and according to any applicable rules and regulations set forth by the governmental authority under the federal Food and Drug Administration and any other applicable state and federal authority.

(B) That the AED is checked for readiness after each use and at least once every 30 days if the AED has not been used in the preceding 30 days. Records of these checks shall be maintained.

(C) That any person who renders emergency care or treatment on a person in cardiac arrest by using an AED activates the emergency medical services system as soon as possible, and reports any use of the AED to the licensed physician and to the local EMS agency.

(D) For every AED unit acquired up to five units, no less than one employee per AED unit shall complete a training course in cardiopulmonary resuscitation and AED use that complies with the regulations adopted by the Emergency Medical Service Authority and the standards of the American Heart Association or the American Red Cross. After the first five AED units are acquired, for each additional five AED units acquired, one employee shall be trained beginning with the first AED unit acquired. Acquirers of AED units shall have trained employees who should be available to respond to an emergency that may involve the use of an AED unit during normal operating hours.

(E) That there is a written plan that describes the procedures to be followed in the event of an emergency that may involve the use of an AED, to ensure compliance with the requirements of this section. The written plan shall include, but not be limited to, immediate notification of 911 and trained office personnel at the start of AED procedures.

(3) Building owners ensure that tenants annually receive a brochure, approved as to content and style by the American Heart Association or American Red Cross, which describes the proper use of an AED, and also ensure that similar information is posted next to any installed AED.

(4) No less than once a year, building owners will notify their tenants as to the location of AED units in the building.

(c) Any person or entity that supplies an AED shall do all of the following:

(1) Notify an agent of the local EMS agency of the existence, location, and type of AED acquired.

(2) Provide to the acquirer of the AED all information governing the use, installation, operation, training, and maintenance of the AED.

(d) A violation of this provision is not subject to penalties pursuant to Section 1798.206.

(e) The protections specified in this section do not apply in the case of personal injury or wrongful death that results from the gross negligence or willful or wanton misconduct of the person who renders emergency care or treatment by the use of an AED.

(f) Nothing in this section or Section 1714.21 may be construed to require a building owner or a building manager to acquire and have installed an AED in any building.

(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 182. Section 11571 of the Health and Safety Code is amended to read:

11571. Whenever there is reason to believe that a nuisance as described in Section 11570 is kept, maintained, or exists in any county, the district attorney of the county, or the city attorney of any incorporated city or of any city and county, in the name of the people, may, or any citizen of the state resident in the county, in his or her own name, may maintain an action to abate and prevent the nuisance and perpetually to enjoin the person conducting or maintaining it, and the owner, lessee, or agent of the building or place in or upon which the nuisance exists from directly or indirectly maintaining or permitting the nuisance.

SEC. 183. Section 11581 of the Health and Safety Code is amended to read:

11581. (a) If the existence of the nuisance is established in the action, an order of abatement shall be entered as a part of the judgment, which order shall direct the removal from the building or place of all fixtures, musical instruments, and other movable property used in conducting, maintaining, aiding, or abetting the nuisance and shall direct their sale in the manner provided for the sale of chattels under execution.

(b) (1) The order shall provide for the effectual closing of the building or place against its use for any purpose, and for keeping it closed for a period of one year. This subdivision is intended to give priority to closure. Any alternative to closure may be considered only as provided in this section.

(2) In addition, the court may assess a civil penalty not to exceed twenty-five thousand dollars (\$25,000) against any or all of the defendants, based upon the severity of the nuisance and its duration.

(3) One-half of the civil penalties collected pursuant to this section shall be deposited in the Restitution Fund in the State Treasury, the proceeds of which shall be available only upon appropriation by the Legislature to indemnify persons filing claims pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, and one-half of the civil penalties collected shall be paid to the city in which the judgment was entered, if the action was brought by the city attorney or city prosecutor. If the action was brought by a district attorney, one-half of the civil penalties collected shall be paid to the treasurer of the county in which the judgment was entered.

(c) (1) If the court finds that any vacancy resulting from closure of the building or place may create a nuisance or that closure is otherwise harmful to the community, in lieu of ordering the building or place

closed, the court may order the person who is responsible for the existence of the nuisance, or the person who knowingly permits controlled substances to be unlawfully sold, served, stored, kept, or given away in or from a building or place he or she owns, to pay damages in an amount equal to the fair market rental value of the building or place for one year to the city or county in whose jurisdiction the nuisance is located for the purpose of carrying out drug abuse treatment, prevention, and education programs. If awarded to a city, eligible programs may include those developed as a result of cooperative programs among schools, community agencies, and the local law enforcement agency. These funds shall not be used to supplant existing city, county, state, or federal resources used for drug prevention and education programs.

(2) For purposes of this subdivision, the actual amount of rent being received for the rental of the building or place, or the existence of any vacancy therein, may be considered, but shall not be the sole determinant of the fair market rental value. Expert testimony may be used to determine the fair market rental value.

(d) This section shall become operative on January 1, 1996.

SEC. 184. Section 18943 of the Health and Safety Code is amended to read:

18943. Building standards in individual titles of the California Code of Regulations other than the California Building Standards Code shall have no force or effect after January 1, 1985.

SEC. 185. Section 25249.7 of the Health and Safety Code is amended to read:

25249.7. (a) Any person that violates or threatens to violate Section 25249.5 or 25249.6 may be enjoined in any court of competent jurisdiction.

(b) (1) Any person who has violated Section 25249.5 or 25249.6 shall be liable for a civil penalty not to exceed two thousand five hundred dollars (\$2,500) per day for each violation in addition to any other penalty established by law. That civil penalty may be assessed and recovered in a civil action brought in any court of competent jurisdiction.

(2) In assessing the amount of a civil penalty for a violation of this chapter, the court shall consider all of the following:

- (A) The nature and extent of the violation.
- (B) The number of, and severity of, the violations.
- (C) The economic effect of the penalty on the violator.
- (D) Whether the violator took good faith measures to comply with this chapter and the time these measures were taken.
- (E) The willfulness of the violator's misconduct.
- (F) The deterrent effect that the imposition of the penalty would have on both the violator and the regulated community as a whole.
- (G) Any other factor that justice may require.

(c) Actions pursuant to this section may be brought by the Attorney General in the name of the people of the State of California, by any district attorney, by any city attorney of a city having a population in excess of 750,000, or, with the consent of the district attorney, by a city prosecutor in any city or city and county having a full-time city prosecutor, or as provided in subdivision (d).

(d) Actions pursuant to this section may be brought by any person in the public interest if both of the following requirements are met:

(1) The private action is commenced more than 60 days from the date that the person has given notice of an alleged violation of Section 25249.5 or 25249.6 that is the subject of the private action to the Attorney General and the district attorney, city attorney, or prosecutor in whose jurisdiction the violation is alleged to have occurred, and to the alleged violator. If the notice alleges a violation of Section 25249.6, the notice of the alleged violation shall include a certificate of merit executed by the attorney for the noticing party, or by the noticing party, if the noticing party is not represented by an attorney. The certificate of merit shall state that the person executing the certificate has consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action, and that, based on that information, the person executing the certificate believes there is a reasonable and meritorious case for the private action. Factual information sufficient to establish the basis of the certificate of merit, including the information identified in paragraph (2) of subdivision (h), shall be attached to the certificate of merit that is served on the Attorney General.

(2) Neither the Attorney General, any district attorney, any city attorney, nor any prosecutor has commenced and is diligently prosecuting an action against the violation.

(e) Any person bringing an action in the public interest pursuant to subdivision (d) and any person filing any action in which a violation of this chapter is alleged shall notify the Attorney General that the action has been filed. Neither this subdivision nor the procedures provided in subdivisions (f) to (j), inclusive, shall affect the requirements imposed by statute or a court decision in existence on January 1, 2002, concerning whether any person filing any action in which a violation of this chapter is alleged is required to comply with the requirements of subdivision (d).

(f) (1) Any person filing an action in the public interest pursuant to subdivision (d), any private person filing any action in which a violation of this chapter is alleged, or any private person settling any violation of this chapter alleged in a notice given pursuant to paragraph (1) of subdivision (d), shall, after the action or violation is subject either to a settlement or to a judgment, submit to the Attorney General a reporting

form that includes the results of that settlement or judgment and the final disposition of the case, even if dismissed. At the time of the filing of any judgment pursuant to an action brought in the public interest pursuant to subdivision (d), or any action brought by a private person in which a violation of this chapter is alleged, the plaintiff shall file an affidavit verifying that the report required by this subdivision has been accurately completed and submitted to the Attorney General.

(2) Any person bringing an action in the public interest pursuant to subdivision (d), or any private person bringing an action in which a violation of this chapter is alleged, shall, after the action is either subject to a settlement, with or without court approval, or to a judgment, submit to the Attorney General a report that includes information on any corrective action being taken as a part of the settlement or resolution of the action.

(3) The Attorney General shall develop a reporting form that specifies the information that shall be reported, including, but not limited to, for purposes of subdivision (e), the date the action was filed, the nature of the relief sought, and for purposes of this subdivision, the amount of the settlement or civil penalty assessed, other financial terms of the settlement, and any other information the Attorney General deems appropriate.

(4) If there is a settlement of an action brought by a person in the public interest under subdivision (d), the plaintiff shall submit the settlement, other than a voluntary dismissal in which no consideration is received from the defendant, to the court for approval upon noticed motion, and the court may approve the settlement only if the court makes all of the following findings:

(A) Any warning that is required by the settlement complies with this chapter.

(B) Any award of attorney's fees is reasonable under California law.

(C) Any penalty amount is reasonable based on the criteria set forth in paragraph (2) of subdivision (b).

(5) The plaintiff subject to paragraph (4) has the burden of producing evidence sufficient to sustain each required finding. The plaintiff shall serve the motion and all supporting papers on the Attorney General, who may appear and participate in any proceeding without intervening in the case.

(6) Neither this subdivision nor the procedures provided in subdivision (e) and subdivisions (g) to (j), inclusive, shall affect the requirements imposed by statute or a court decision in existence on January 1, 2002, concerning whether claims raised by any person or public prosecutor not a party to the action are precluded by a settlement approved by the court.

(g) The Attorney General shall maintain a record of the information submitted pursuant to subdivisions (e) and (f) and shall make this information available to the public.

(h) (1) Except as provided in paragraph (2), the basis for the certificate of merit required by subdivision (d) is not discoverable. However, nothing in this subdivision shall preclude the discovery of information related to the certificate of merit if that information is relevant to the subject matter of the action and is otherwise discoverable, solely on the ground that it was used in support of the certificate of merit.

(2) Upon the conclusion of an action brought pursuant to subdivision (d) with respect to any defendant, if the trial court determines that there was no actual or threatened exposure to a listed chemical, the court may, upon the motion of that alleged violator or upon the court's own motion, review the basis for the belief of the person executing the certificate of merit, expressed in the certificate of merit, that an exposure to a listed chemical had occurred or was threatened. The information in the certificate of merit, including the identity of the persons consulted with and relied on by the certifier, and the facts, studies, or other data reviewed by those persons, shall be disclosed to the court in an in-camera proceeding at which the moving party shall not be present. If the court finds that there was no credible factual basis for the certifier's belief that an exposure to a listed chemical had occurred or was threatened, then the action shall be deemed frivolous within the meaning of Section 128.6 or 128.7 of the Code of Civil Procedure, whichever provision is applicable to the action. The court shall not find a factual basis credible on the basis of a legal theory of liability that is frivolous within the meaning of Section 128.6 or 128.7 of the Code of Civil Procedure, whichever provision is applicable to the action.

(i) The Attorney General may provide the factual information submitted to establish the basis of the certificate of merit on request to any district attorney, city attorney, or prosecutor within whose jurisdiction the violation is alleged to have occurred, or to any other state or federal government agency, but in all other respects the Attorney General shall maintain, and ensure that all recipients maintain, the submitted information as confidential official information to the full extent authorized in Section 1040 of the Evidence Code.

(j) In any action brought by the Attorney General, a district attorney, a city attorney, or a prosecutor pursuant to this chapter, the Attorney General, district attorney, city attorney, or prosecutor may seek and recover costs and attorney's fees on behalf of any party who provides a notice pursuant to subdivision (d) and who renders assistance in that action.

SEC. 186. Section 42801.1 of the Health and Safety Code is amended to read:

42801.1. For purposes of this chapter, the following terms have the following meanings:

(a) “Annual emissions results” means the participant’s applicable data on the direct and indirect release of greenhouse gases in one particular year. In addition to annual emissions results a participant may report data annually on emission reductions from a project or other action, including the sequestration of stocks of carbon in forests.

(b) “Baseline” means a datum against which to measure greenhouse gas emissions performance over time, usually annual emissions in a selected base year. For the purposes of this subdivision, the baseline shall start on or after January 1, 1990.

(c) “Certification” means the determination of whether a given participant’s greenhouse gas emissions inventory (either baseline or annual result) has met a minimum quality standard and complied with an appropriate set of registry-approved procedures and protocols for submitting emissions inventory information. The process for certification of emissions results will be specified within the procedures and protocols approved for industry-specific emissions inventory reporting, and may involve a range of options depending upon the nature of the emissions, complexity of a company’s facilities and operations, or both, and the procedures deemed necessary by the registry board to validate a participant’s emissions information.

(d) “De minimis emissions” means emissions that are below a certain threshold, when summed across all applicable sources of the participating entity. The State Energy Resources Conservation and Development Commission shall recommend to the registry for adoption a threshold emissions level for each type of greenhouse gas emission that shall be considered de minimis.

(e) “Emissions” means the release of greenhouse gases into the atmosphere.

(f) (1) “Emissions inventory” means an accounting of the amount of greenhouse gases discharged into the atmosphere. It is generally characterized by all of the following factors:

(A) The chemical or physical identity of the pollutants included.

(B) The geographic area covered.

(C) The institutional entities covered.

(D) The time period over which emissions are estimated.

(E) The types of activities that cause emissions.

(2) An emissions inventory shall include sufficient documentation and supporting data to make transparent the underlying assumptions and calculations for all of the reported results.

(g) “Forest” means lands that support, or can support, at least 10 percent tree canopy cover and that allow for management of one or more

forest resources including timber, fish and wildlife, biodiversity, water quality, recreation, aesthetics, and other public benefits.

(h) "Greenhouse gases" include all of the following gases: carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride.

(i) "Material" means any emission of greenhouse gas that is not de minimis.

(j) "Native" means forests classified in the 1988 edition, or its approved successor equivalent, of "A Guide to Wildlife Habitats of California," published by the Department of Fish and Game, and forests that are composed of the forest types within those classifications.

(k) "Natural forest management" means forest management practices that promote and maintain native forests comprised of multiple ages and mixed native species in the overstory and understory.

SEC. 187. Section 44299.80 of the Health and Safety Code is amended to read:

44299.80. As used in this chapter, the following terms have the following meanings:

(a) "Advanced introduction cost" means the cost of a project less a baseline cost that would otherwise be incurred by the applicant in the normal course of business based on the actual age and turnover rates of trucks used at ports, and may include, but is not limited to, any of the following: incremental engine costs, re-engine or retrofit costs, additional operational costs, incremental fuel costs, facility modifications, and scrappage costs to eliminate operation on highways in the state.

(b) "Cost-effectiveness" means the funds provided to a project for each ton of particulate matter reduction attributed to a project or to the program as a whole. In calculating cost-effectiveness, a one-time grant of funds made at the beginning of a project shall be annualized using a time value of public funds or discount rate determined for each project. Cost-effectiveness shall be calculated by dividing annualized costs by local emissions reductions of PM.

(c) "Covered engine" includes an engine from any onroad heavy-duty diesel truck or bus weighing over 33,000 pounds and used in for-hire or proprietary trucking operated by a trucking company that services a port in the state.

(d) "Covered source" includes onroad heavy-duty diesel vehicles and other onroad high-emitting diesel engine categories.

(e) "Covered vehicle" includes any vehicle or piece of equipment powered by a covered engine.

(f) "District" means the Bay Area Air Quality Management District as described in Chapter 4 (commencing with Section 40200) of Part 3

and the South Coast Air Quality Management District as described in Chapter 5.5 (commencing with Section 40400) of Part 3.

(g) "Gr-bhph" means grams-per brake horsepower hour.

(h) "Marine terminal" has the same meaning as in Section 40720.

(i) "New very low-emission vehicle" means a vehicle that qualifies as a very low-emission vehicle when it is a new vehicle, as defined in Section 430 of the Vehicle Code, with regard to particulate matter emissions standards or that is modified with the approval and warranty of the original equipment manufacturer to qualify as a very low-emission vehicle with regard to particulate matter emissions standards within 12 months of delivery to an owner for private or commercial use.

(j) "Port" means any sea or river port in the state.

(k) "PM" means particulate matter.

(l) "Program" means the California Port Community Air Quality Program created by this chapter.

(m) "Project" means the replacement, repowering, scrapping, or retrofitting of a covered vehicle or covered engine that receives a grant pursuant to this chapter.

(n) "Repower" means replacing an engine with a different engine. The term "repower," as used in this chapter, refers to replacing an older, uncontrolled engine with a newer model engine that meets the latest emissions standards.

(o) "Retrofit" means making modifications to the engine and fuel system so that the retrofitted engine does not have the same emissions of particulate matter as the original engine.

(p) "Very low-emission vehicle" means a vehicle with emissions significantly lower than otherwise applicable baseline emission standards or uncontrolled emission levels.

(d) The committee shall develop and provide application forms for use by applicants. The committee shall adopt uniform procedures for submission and review of applications, including fees it shall charge to defray the committee's cost in administering this chapter. In the committee's discretion, the fees may be charged to an applicant as a condition of submitting an application or as a condition of receiving an allocation or reservation of the state's current or anticipated commercial revitalization ceiling, or both.

(e) No allocations or reservations shall be made pursuant to this section with respect to projects that do not meet the requirements of the qualified allocation plan, this chapter, or Section 1400I of Title 26 of the United States Code.

(B) There shall be no charge to the department for the analysis.

(3) When the department does not identify itself, the department shall pay the price requested by the laboratory for the analyses.

(c) If a certified or NELAP accredited laboratory submits proficiency testing sample results generated by another laboratory as its own, the certification or NELAP accreditation shall be immediately revoked.

(d) Laboratories shall obtain their proficiency testing samples from proficiency testing sample providers that meet NELAC standards. SEC. 192. Section 113995 of the Health and Safety Code is amended to read:

113995. (a) Except as otherwise provided in this section, all potentially hazardous food held at a retail food facility, or being transported to or from a retail food facility for a period of longer than 30 minutes, excluding raw shell eggs, shall be held at or below 7 degrees Celsius (45 degrees Fahrenheit) or shall be kept at or above 60 degrees Celsius (140 degrees Fahrenheit) at all times. Storage and display of raw shell eggs shall be governed by Sections 113997 and 114351.

(b) A retail food facility may accept potentially hazardous food at or below 7 degrees Celsius (45 degrees Fahrenheit), pursuant to subdivision (a), if the potentially hazardous food is cooled within four hours of receipt to a temperature at or below 5 degrees Celsius (41 degrees Fahrenheit).

(c) (1) Commencing January 1, 1997, all potentially hazardous food shall be held at or below 5 degrees Celsius (41 degrees Fahrenheit) or shall be kept at or above 60 degrees Celsius (140 degrees Fahrenheit) at all times, except for the following:

For purposes of this paragraph, neither a simple adjustment of temperature controls nor a needed repair shall constitute a modification.

(d) Potentially hazardous foods may be held at temperatures other than those specified in this section when being heated or cooled, or when the food facility operates pursuant to an HACCP plan adopted pursuant to Section 114055 or 114056. If it is necessary to remove potentially hazardous food from specified holding temperatures to facilitate preparations, this preparation shall be diligent, and in no case shall the period of an ambient-temperature preparation step exceed two hours without a return to the specified holding temperatures. The total ambient-temperature holding of a potentially hazardous food for the purposes of preparation shall not exceed a total cumulative time of four hours. For purposes of this subdivision, preparation shall be deemed to be "diligent" with respect to raw shell eggs held for the preparation of egg-containing foods that are prepared to the specific order of the customer as long as the total ambient-temperature holding of these eggs does not exceed a total time of four hours.

(e) A thermometer accurate to plus or minus 1 degree Celsius (2 degrees Fahrenheit) shall be provided for each refrigeration unit, shall be located to indicate the air temperature in the warmest part of the unit and, except for vending machines, shall be affixed to be readily visible. (c) If the party seeking review by filing an appeal to the superior court is unsuccessful in the appeal, the court shall determine the costs and reasonable attorney's fees incurred by the other parties to the appeal, and assess that amount as a cost upon the party filing the appeal.

(d) If no notice of appeal of the order, decision, or award is filed within the period set forth in subdivision (a), the order, decision, or award shall, in the absence of fraud, be deemed the final order.

(e) The Labor Commissioner shall file, within 10 days of the order becoming final pursuant to subdivision (d), a certified copy of the final order with the clerk of the superior court of the appropriate county unless a settlement has been reached by the parties and approved by the Labor

Commissioner. Judgment shall be entered immediately by the court clerk in conformity therewith. The judgment so entered has the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered. Enforcement of the judgment shall receive court priority.

(f) In order to ensure that judgments are satisfied, the Labor Commissioner may serve upon the judgment debtor, personally or by first-class mail at the last known address of the judgment debtor listed with the division, a form similar to, and requiring the reporting of the same information as, the form approved or adopted by the Judicial Council for purposes of subdivision (a) of Section 116.830 of the Code of Civil Procedure to assist in identifying the nature and location of any assets of the judgment debtor.

The judgment debtor shall complete the form and cause it to be delivered to the division at the address listed on the form within 35 days after the form has been served on the judgment debtor, unless the judgment has been satisfied. In case of willful failure by the judgment debtor to comply with this subdivision, the division or the judgment creditor may request the court to apply the sanctions provided in Section 708.170 of the Code of Civil Procedure.

(g) Notwithstanding subdivision (e), the Labor Commissioner may stay execution of any judgment entered upon an order, decision, or award that has become final upon good cause appearing therefor and may impose the terms and conditions of the stay of execution. A certified copy of the stay of execution shall be filed with the clerk entering the judgment.

(h) When a judgment is satisfied in fact, other than by execution, the Labor Commissioner may, upon the motion of either party or on its own motion, order entry of satisfaction of judgment. The clerk of the court shall enter a satisfaction of judgment upon the filing of a certified copy of the order.

(i) The Labor Commissioner shall make every reasonable effort to ensure that judgments are satisfied, including taking all appropriate legal action and requiring the employer to deposit a bond as provided in Section 240.

(j) The judgment creditor, or the Labor Commissioner as assignee of the judgment creditor, is entitled to court costs and reasonable attorney's fees for enforcing the judgment that is rendered pursuant to this section.

SEC. 203. Section 176 of the Labor Code is amended to read:

176. (a) The Legislature hereby finds and declares that the Dymally-Alatorre Bilingual Services Act, Chapter 17.5 (commencing with Section 7290) of Division 7 of Title 1 of the Government Code, was enacted in 1973 to provide for the removal of language barriers that

prevent the people of this state who are not proficient in English from effectively accessing government services and otherwise communicating with their government.

The Legislature further finds and declares that limited-English-proficient individuals will benefit from increased language-based access to the programs and services of the Division of Occupational Safety and Health.

The Legislature further finds and declares that federal statistics show that from 1996 to 2000, while overall worker fatalities dropped 14 percent, immigrant worker fatalities rose 17 percent. Immigrant workers die on the job at higher rates because they frequently work in more dangerous industries with little or no training. Language barriers compound the problem because training and warning signs are often only in English.

(b) As used in this section, a “public contact position” means any position responsible for responding to telephone or in-office inquiries or taking complaints from the general public regarding matters pertaining to occupational safety and health.

(c) As used in the section, an “investigative position” means any position responsible for investigating complaints, injuries, or deaths related to occupational safety and health.

(d) As used in this section, “limited-English-proficient” refers to persons who speak English less than “very well,” in accordance with United States Census data.

(e) The division shall make all efforts to ensure that limited-English-proficient persons can communicate effectively with the division. Examples of potential measures include, but are not limited to, the hiring of bilingual persons in public contact positions and investigative positions, the use of contract based interpreters, and the use of telephone-based interpretation services. Nothing contained in this section relieves the division of its separate obligations under the Dymally-Alatorre Bilingual Services Act, Chapter 17.5 (commencing with Section 7290) of Division 7 of Title 1 of the Government Code, or any other state or federal laws requiring the provision of its services in languages other than English.

(f) On July 30, 2004, the Division of Occupational Safety and Health shall issue a progress report to the Legislature on the implementation of this section that shall, at a minimum, include all of the following:

(1) The most recent information provided to the California State Personnel Board pursuant to Section 7299.4 of the Government Code.

(2) The number of bilingual employees in public contact and investigative positions in each local office of the division and the languages they speak, other than English.

(3) A description of any centralized system or other resources for providing translation and interpretation services within the division.

(4) A description of any quality control measures or evaluations undertaken by the division to evaluate whether limited-English-proficient persons are able to communicate effectively with the division.

(5) A description of any means, such as contracted interpreters, telephone-based interpretation services, or video conferencing, used by the division to communicate with individuals who are limited-English-proficient in the event that bilingual employees in public contact or investigative positions are not available, and the frequency in which these services were used by the division during the most recent fiscal year.

SEC. 204. Section 230.1 of the Labor Code is amended to read:

230.1. (a) In addition to the requirements and prohibitions imposed on employees pursuant to Section 230, an employer with 25 or more employees may not discharge or in any manner discriminate or retaliate against an employee who is a victim of domestic violence or a victim of sexual assault for taking time off from work to attend to any of the following:

(1) To seek medical attention for injuries caused by domestic violence or sexual assault.

(2) To obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence or sexual assault.

(3) To obtain psychological counseling related to an experience of domestic violence or sexual assault.

(4) To participate in safety planning and take other actions to increase safety from future domestic violence or sexual assault, including temporary or permanent relocation.

(b) (1) As a condition of taking time off for a purpose set forth in subdivision (a), the employee shall give the employer reasonable advance notice of the employee's intention to take time off, unless the advance notice is not feasible.

(2) When an unscheduled absence occurs, the employer may not take any action against the employee if the employee, within a reasonable time after the absence, provides a certification to the employer. Certification shall be sufficient in the form of any of the following:

(A) A police report indicating that the employee was a victim of domestic violence or sexual assault.

(B) A court order protecting or separating the employee from the perpetrator of an act of domestic violence or sexual assault, or other evidence from the court or prosecuting attorney that the employee appeared in court.

(C) Documentation from a medical professional, domestic violence advocate or advocate for victims of sexual assault, health care provider, or counselor that the employee was undergoing treatment for physical or mental injuries or abuse resulting in victimization from an act of domestic violence or sexual assault.

(3) To the extent allowed by law, employers shall maintain the confidentiality of any employee requesting leave under subdivision (a).

(c) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated or retaliated against in the terms and conditions of employment by his or her employer because the employee has taken time off for a purpose set forth in subdivision (a) is entitled to reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for rehiring or promotion by a grievance procedure or hearing authorized by law is guilty of a misdemeanor.

(d) (1) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated or retaliated against in the terms and conditions of employment by his or her employer because the employee has exercised his or her rights as set forth in subdivision (a) may file a complaint with the Division of Labor Standards Enforcement of the Department of Industrial Relations pursuant to Section 98.7.

(2) Notwithstanding any time limitation in Section 98.7, an employee filing a complaint with the division based upon a violation of subdivision (a) has one year from the date of occurrence of the violation to file his or her complaint.

(e) An employee may use vacation, personal leave, or compensatory time off that is otherwise available to the employee under the applicable terms of employment, unless otherwise provided by a collective bargaining agreement, for time taken off for a purpose specified in subdivision (a). The entitlement of any employee under this section may not be diminished by any collective bargaining agreement term or condition.

(f) This section does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act of 1993 (29 U.S.C. Sec. 2601 et seq.).

(g) For purposes of this section:

(1) "Domestic violence" means any of the types of abuse set forth in Section 6211 of the Family Code, as amended.

(2) "Sexual assault" means any of the crimes set forth in Section 261, 261.5, 262, 265, 266, 266a, 266b, 266c, 266g, 266j, 267, 269, 273.4, 285, 286, 288, 288a, 288.5, 289, or 311.4 of the Penal Code, as amended.

SEC. 205. Section 1776 of the Labor Code is amended to read:

1776. (a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct.

(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.

(b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the contractor.

(c) The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division.

(d) A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.

(e) Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's name and social security number. A joint labor management committee may maintain an action in a court of competent jurisdiction against an employer who fails to comply with Section 1774. The court may award restitution to an employee for unpaid wages and may award the joint labor management committee reasonable attorney's fees and costs incurred in maintaining the action. An action under this subdivision may not be based on the employer's misclassification of the craft of a worker on its certified payroll records. Nothing in this subdivision limits any other available remedies for a violation of this chapter.

(f) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address.

(g) The contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (a). In the event that the contractor or subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars (\$25) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.

(h) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section.

(i) The director shall adopt rules consistent with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) and the Information Practices Act of 1977 (Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code) governing the release of these records, including the

establishment of reasonable fees to be charged for reproducing copies of records required by this section.

SEC. 206. Section 3099.3 of the Labor Code is amended to read:

3099.3. The Division of Apprenticeship Standards shall do all of the following:

(a) Make information about electrician certification available in non-English languages spoken by a substantial number of construction workers, as defined in Section 7296.2 of the Government Code.

(b) Provide for the administration of certification tests in non-English languages spoken by a substantial number of applicants, as defined in Section 7296.2 of the Government Code, except insofar as the ability to understand warning signs, instructions, and certain other information in English is necessary for safety reasons.

(c) Ensure, in conjunction with the California Apprenticeship Council, that by no later than January 1, 2003, all electrician apprenticeship programs approved under this chapter that impose minimum formal education requirements as a condition of entry provide for reasonable alternative means of satisfying those requirements.

(d) Ensure, in conjunction with the California Apprenticeship Council, that by no later than January 1, 2003, all electrician apprenticeship programs approved under this chapter have adopted reasonable procedures for granting credit toward a term of apprenticeship for other vocational training and on-the-job training experience.

(e) Report to the Legislature by January 1, 2004, on the status of electrician certification, including all of the following:

(1) The number of persons who have been certified pursuant to Section 3099.

(3) The number of persons who have registered pursuant to Section 3099.4.

(5) Whether enforcement of the January 1, 2005, deadline for certification will cause a shortage of electricians in California.

(6) Whether persons who wish to become certified electricians will have an adequate opportunity to pass the certification exam, to register pursuant to Section 3099.4, or to enroll in an apprenticeship program prior to January 1, 2005.

SEC. 207. Section 179 of the Military and Veterans Code is amended to read:

179. (a) The Adjutant General shall establish a California State Military Museum and Resource Center as a repository for military artifacts, memorabilia, equipment, documents, and other items relating to the history of the California National Guard, in accordance with applicable regulations of the United States Army governing Army museum activities. The museum and resource center shall consist of the facility described in the Proclamation of the Governor dated May 11, 1994, and any branches as may currently exist or may from time-to-time be created throughout the state. Each facility shall be deemed to be an armory within the meaning of Section 430.

(b) The Adjutant General shall enter into an operating agreement with the California Military Museum Foundation, formerly known as the California National Guard Historical Society, an existing California nonprofit public benefit corporation, that is tax exempt under Section 501(c)(3) of the Internal Revenue Code. Under the operating agreement with the Adjutant General, the foundation shall operate the museum and resource center in coordination with the California Center for Military History of the California State Military Reserve. The foundation shall develop, administer, interpret, and manage museum and resource center historical programs and related public services, and acquire and manage funding for museum and resource center programs and services.

(c) Volunteers, docents, members of the State Military Reserve, or others working with or for the California Military Museum Foundation for purposes consistent with the mission of the organization, shall be considered volunteers under Sections 3118 and 3119 of the Government Code and Section 3363.5 of the Labor Code.

(d) The Board of Trustees of the California Military Museum Foundation shall include the Adjutant General, or the Assistant Adjutant General, or any Deputy Adjutant General designated by the Adjutant General, as an ex officio voting member of the board. The board of trustees of the foundation shall be the governing authority for operations funded through moneys received by the foundation. The board of trustees of the foundation shall submit an audit report annually to the Adjutant General. The board of trustees of the foundation shall submit copies of annual audit reports to the Director of the Department of Finance, the Chair of the Joint Legislative Audit Committee, and the Chair of the Joint Legislative Budget Committee. No funds raised or assets acquired by the foundation shall be used for purposes inconsistent with support of the museum and resource center.

(e) The Board of Trustees of the California Military Museum Foundation shall, no later than January 10 of each year, submit a business plan for the following fiscal year to the Adjutant General, the Director of the Department of Finance, and the Chair of the Joint Legislative Budget Committee for review and comment. The board of trustees shall

also submit, not less than 30 days prior to adoption, any proposed formal amendments to the business plan to the Adjutant General, the Director of the Department of Finance, and the Chair of the Joint Legislative Budget Committee for review and comment.

(f) The Adjutant General or the California State Military Museum and Resource Center may solicit, receive, and administer donations of funds or property for the support and improvement of the museum and resource center. Any grants or donations received may be expended or used for museum and resource center purposes. Property of historical military significance, not including real property, that is owned by the state and is determined by the Adjutant General to be in excess of the needs of the Military Department, shall be transferred to the museum and resource center. Property determined by the California State Military Museum and Resource Center to be in excess of the needs of the museum and resource center may be sold, donated, exchanged, or otherwise disposed of, at its discretion, in a manner appropriate to the historical and intrinsic value of the property, and the benefits from the disposition shall inure to the museum and resource center.

(g) The Adjutant General or the California State Military Museum and Resource Center may solicit and receive firearms and other weaponry confiscated by or otherwise in the possession of law enforcement officers as donations to the museum and resource center if he or she deems them to be of historical or military interest.

(h) The Adjutant General shall, in cooperation with the California State Military Museum and Resource Center, conduct a study of the future needs of the National Guard to preserve, display, and interpret artifacts, documents, photographs, films, literature, and other items relating to the history of the military in California.

SEC. 208. Section 395.3 of the Military and Veterans Code is amended to read:

395.3. In the event that any public officer or employee has resigned or resigns his or her office or employment to serve or to continue to serve in the Armed Forces of the United States or in the militia of this state, he or she shall have a right to return to and reenter the office or employment prior to the time at which his or her term of office or his or her employment would have ended if he or she had not resigned, on serving a written notice to that effect upon the authorized appointing power, or if there is no authorized appointing power, upon the officer or agency having power to fill a vacancy in the office or employment, within six months of the termination of his or her active service with the Armed Forces; provided, that the right to return and reenter upon the office or position shall not extend to or be granted to any public officer or employee, who shall fail to return to and reenter upon his or her office or position within 12 months after the first date upon which he or she

could terminate or could cause to have terminated his or her active service with the Armed Forces of the United States or of the militia of this state.

As used in this section, "public officers and employees" includes all of the following:

- (a) Members of the Senate and of the Assembly.
- (b) Justices of the Supreme Court and the courts of appeal, judges of the superior courts, and all other judicial officers.
- (c) All other state officers and employees not within Chapter 11 (commencing with Section 19770) of Part 2 of Division 5 of Title 2 of the Government Code, including all officers for whose selection and term of office provision is made in the California Constitution and laws of this state.
- (d) All officers and employees of any county, city and county, city, township, district, political subdivision, authority, commission, board, or other public agency within this state.

The right of reentry into public office or employment provided for in this section shall include the right to be restored to the civil service status as the officer or employee would have if he or she had not so resigned; and no other person shall acquire civil service status in the same position so as to deprive the officer or employee of his or her right to restoration as provided for herein.

This section shall be retroactively applied to extend the right of reentry into public office or employment to public officers and employees who resigned prior to its effective date.

This section does not apply to any public officer or employee to whom the right to reenter public office or employment after service in the Armed Forces has been granted by any other provision of law.

If any provision of this section, or the application of this section to any person or circumstance, is held invalid, the remainder of this section, or the application of this section to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 209. Section 406 of the Military and Veterans Code is amended to read:

406. (a) No eviction or distress shall be made during the period of military service specified in Section 400, during which a service member

is called to active state service pursuant to Section 143 or 146 or active federal service pursuant to Title 10 or 32 of the United States Code or active duty, until 30 days after the service member is released from active service or duty if the premises are occupied primarily for dwelling purposes by the spouse, children, or other dependents of a service member, except upon leave of court granted upon application therefor or granted in an action or proceeding affecting the right of possession.

(b) On any application or in any action under this section, the court may on its own motion, and shall, on application, stay the proceedings for the period specified in subdivision (a) or rather than granting a complete stay, the court may require the tenant to make regular partial payments during the service member's period of military service, or the court may make any other order that it finds to be just, unless the court finds that the ability of the tenant to pay the agreed rent is not materially affected by that military service. Where that stay is made by the court, the owner of the premises shall be entitled, upon application therefor, to relief in respect of those premises similar to that granted persons in military service in Sections 407, 408, and 409.1 to that extent and for that period as may appear to the court to be just.

(c) Any person who knowingly takes part in any eviction or distress as provided in this section or who attempts to do so, is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars (\$1,000), or both.

SEC. 210. Section 411 of the Military and Veterans Code, as added by Section 6, first occurrence, of Chapter 60 of the Statutes of 2002, is amended and renumbered to read:

409.1. (a) Where any life insurance policy on the life of a service member in military service has been assigned prior to that person's period of military service to secure the payment of any obligation of the person, no assignee of the policy, except the insurer in connection with a policy loan, shall, during the period of military service of the insured or within one year thereafter, except upon the consent in writing of the insured made during that period or when the premiums thereon are due and unpaid or upon the death of the insured, exercise any right or option by virtue of that assignment unless upon leave of court granted upon an application made therefor by the assignee. The court may thereupon refuse to grant that leave unless in the opinion of the court the ability of the obligor to comply with the terms of the obligation is not materially affected by reason of his or her military service.

(b) No person shall exercise any right to foreclose or enforce any lien for storage of household goods, furniture, or personal effects of a service member during that person's period of military service and for three months thereafter, except upon an order previously granted by a court upon application therefor and a return thereto made and approved by the

court. In that proceeding the court may, after hearing, in its discretion on its own motion, and shall, on application to it by a service member or some person on his or her behalf, unless in the opinion of the court the ability of the defendant to pay the storage charges due is not materially affected by reason of his or her military service, do either of the following:

(1) Stay the proceedings as provided in this chapter.

(2) Make that other disposition of the case as may be equitable to conserve the interest of all parties. This section shall not be construed in any way as affecting or as limiting the scope of Section 408.

(c) A person violating any provision of this section is guilty of a misdemeanor, and shall be punishable by imprisonment not to exceed one year or by a fine not to exceed one thousand dollars (\$1,000), or both.

SEC. 211. Section 411 of the Military and Veterans Code, as added by Section 6, second occurrence, of Chapter 60 of the Statutes of 2002, is amended and renumbered to read:

409.2. (a) This section shall apply when any taxes or assessments, whether general or special, other than taxes on income, whether falling due prior to or during the period of military service, in respect of personal property, money, or credits, or real property owned and occupied for dwelling, professional, business, or agricultural purposes by a service member or his or her dependents at the commencement of the service member's period of military service and still so occupied by the service member's dependents or employees are not paid.

(b) No sale of this property shall be made to enforce the collection of any tax or assessment, or any proceeding or action commenced for that purpose, except upon leave of court granted upon application made therefor by the collector of taxes or other officer whose duty it is to enforce the collection of taxes or assessments. The court thereupon, unless in its opinion the ability of the service member to pay the taxes or assessments is not materially affected by reason of that service, may stay the proceedings or sale, as provided in this section, for a period extending not more than six months after the termination of the period of military service.

(c) When by law this property may be sold or forfeited to enforce the collection of any tax or assessment, the service member shall have the right to redeem or commence an action to redeem that property, at any time not later than six months after the termination of the period of military service.

(d) Whenever any tax or assessment shall not be paid when due, the tax or assessment due and unpaid shall bear interest until paid at the rate of 6 percent per year, and no other penalty or interest shall be incurred by reason of that nonpayment. Any lien for any unpaid taxes or assessment shall also include that interest thereon.

SEC. 212. Section 412 of the Military and Veterans Code, as added by Chapter 60 of the Statutes of 2002, is amended and renumbered to read:

409.3. (a) A service member may, at any time during his or her period of military service or within six months thereafter, apply to a court for relief in respect of any obligation or liability incurred by the service member prior to his or her period of military service or in respect of any tax or assessment whether falling due prior to or during his or her period of military service. The court, after appropriate notice and hearing, unless in its opinion the ability of the applicant to comply with the terms of the obligation or liability or to pay the tax or assessment has not been materially affected by reason of his or her military service, may grant the following relief:

(1) In the case of an obligation payable under its terms in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, a stay of the enforcement of the obligation during the applicant's period of military service and, from the date of termination of the period of military service or from the date of application if made after the service, for a period equal to the period of the remaining life of the installment contract or other instrument plus a period of time equal to the period of military service of the applicant or any part of the combined period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination of the period of military service or from the date of application, as the case may be, in equal installments during the combined period at the rate of interest on the unpaid balance as is prescribed in the contract, or other instrument evidencing the obligation, for installments paid when due, and subject to any other terms as may be just.

(2) In the case of any other obligation, liability, tax, or assessment, a stay of the enforcement thereof during the applicant's period of military service and, from the date of termination of the period of military service or from the date of application if made after the service, for a period of time equal to the period of military service of the applicant or any part of that period, subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination of the period of military service or the date of application, as the case may be, in equal periodic installments during the extended period at the rate of interest as may be prescribed for the obligation, liability, tax, or assessment, if paid when due, and subject to any other terms as may be just.

(b) When any court has granted a stay as provided in this section, no fine or penalty shall accrue during the period the terms and conditions of the stay are complied with by reason of failure to comply with the

terms or conditions of the obligation, liability, tax, or assessment in respect of which the stay was granted.

(c) Nothing in this section shall permit a service member ordered to military service to obtain a delay, deferment, or stay on an obligation to pay child support. Nothing in this section shall preclude a service member ordered to military service from seeking a modification of an order to pay child support due to a reduction in income resulting from the order to service, or from seeking the imposition of the maximum interest rate provided by this chapter on arrearages in child support payments existing prior to the order to service.

SEC. 213. Section 413 of the Military and Veterans Code, as added by Chapter 60 of the Statutes of 2002, is amended and renumbered to read:

409.4. (a) A person who by reason of military service is entitled to the rights and benefits of this chapter shall also be entitled upon release from that military service to reinstatement of any health insurance that was in effect on the day before the service commenced, and was terminated effective on a date during the period of the service.

(4) The court may modify the time and manner of the term of probation for purposes of measuring the timely payment of restitution obligations or the good conduct and reform of the defendant while on probation. The court shall not modify the dollar amount of the restitution obligations due to the good conduct and reform of the defendant, absent compelling and extraordinary reasons, nor shall the court limit the ability of payees to enforce the obligations in the manner of judgments in civil actions.

(5) Nothing in this section shall be construed to prohibit the court from modifying the dollar amount of a restitution order pursuant to subdivision (f) of Section 1202.4 at any time during the term of the probation.

(6) The court may limit or terminate a protective order that is a condition of probation in a case involving domestic violence, as defined in Section 6211 of the Family Code. Vickers* (1972) 8 Cal.3d 451. The purpose of that hearing or hearings is not to revoke probation, as the revocation has occurred as a matter of law in accordance with subdivision (c), but rather to afford the defendant an opportunity to require the prosecution to establish that the alleged violation did in fact occur and to justify the revocation.

(e) This section does not apply to cases covered by Section 1203.2.

SEC. 232. Section 1240.1 of the Penal Code is amended to read:

The trial court may require trial counsel to certify that he or she has counseled the defendant as to whether arguably meritorious grounds for appeal exist at the time a notice of appeal is filed. Nothing in this section shall be construed to prevent any person having a right to appeal from doing so.

(b) It shall be the duty of every attorney representing an indigent defendant in any criminal, juvenile court, or civil commitment case to execute and file on his or her client's behalf a timely notice of appeal when the attorney is of the opinion that arguably meritorious grounds exist for a reversal or modification of the judgment or orders to be appealed from, and where, in the attorney's judgment, it is in the defendant's interest to pursue any relief that may be available to him or her on appeal; or when directed to do so by a defendant having a right to appeal.

With the notice of appeal the attorney shall file a brief statement of the points to be raised on appeal and a designation of any document, paper, pleading, or transcript of oral proceedings necessary to properly present those points on appeal when the document, paper, pleading, or transcript

of oral proceedings would not be included in the normal record on appeal according to the applicable provisions of the California Rules of Court. The executing of the notice of appeal by the defendant's attorney shall not constitute an undertaking to represent the defendant on appeal unless the undertaking is expressly stated in the notice of appeal.

If the defendant was represented by appointed counsel on the trial level, or if it appears that the defendant will request the appointment of counsel on appeal by reason of indigency, the trial attorney shall also assist the defendant in preparing and submitting a motion for the appointment of counsel and any supporting declaration or affidavit as to the defendant's financial condition. These documents shall be filed with the trial court at the time of filing a notice of appeal, and shall be transmitted by the clerk of the trial court to the clerk of the appellate court within three judicial days of their receipt. The appellate court shall act upon that motion without unnecessary delay. An attorney's failure to file a motion for the appointment of counsel with the notice of appeal shall not foreclose the defendant from filing a motion at any time it becomes known to him or her that the attorney has failed to do so, or at any time he or she shall become indigent if he or she was not previously indigent.

(c) The State Public Defender shall, at the request of any attorney representing a prospective indigent appellant or at the request of the prospective indigent appellant himself or herself, provide counsel and advice to the prospective indigent appellant or attorney as to whether arguably meritorious grounds exist on which the judgment or order to be appealed from would be reversed or modified on appeal.

(d) The failure of a trial attorney to perform any duty prescribed in this section, assign any particular point or error in the notice of appeal, or designate any particular thing for inclusion in the record on appeal shall not foreclose any defendant from filing a notice of appeal on his or her own behalf or from raising any point or argument on appeal; nor shall it foreclose the defendant or his or her counsel on appeal from requesting the augmentation or correction of the record on appeal in the reviewing court.

(e) (1) In order to expedite certification of the entire record on appeal in all capital cases, the defendant's trial counsel, whether retained by the defendant or court-appointed, and the prosecutor shall continue to represent the respective parties. Each counsel's obligations extend to taking all steps necessary to facilitate the preparation and timely certification of the record of all trial court proceedings.

(2) The duties imposed on trial counsel in paragraph (1) shall not foreclose the defendant's appellate counsel from requesting additions or corrections to the record on appeal in either the trial court or the California Supreme Court in a manner provided by rules of court adopted by the Judicial Council.

SEC. 234. Section 1524.1 of the Penal Code is amended to read:

1524.1. (a) The primary purpose of the testing and disclosure provided in this section is to benefit the victim of a crime by informing the victim whether the defendant is infected with the HIV virus. It is also the intent of the Legislature in enacting this section to protect the health of both victims of crime and those accused of committing a crime. Nothing in this section shall be construed to authorize mandatory testing or disclosure of test results for the purpose of a charging decision by a prosecutor, nor, except as specified in subdivisions (g) and (i), shall this section be construed to authorize breach of the confidentiality provisions contained in Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code.

(b) (1) Notwithstanding the provisions of Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime, the court, at the request of the victim, may issue a search warrant for the purpose of testing the accused’s blood or oral mucosal transudate saliva with any HIV test, as defined in Section 120775 of the Health and Safety Code

only under the following circumstances: when the court finds, upon the conclusion of the hearing described in paragraph (3), or in those cases in which a preliminary hearing is not required to be held, that there is probable cause to believe that the accused committed the offense, and that there is probable cause to believe that blood, semen, or any other bodily fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim.

(2) Notwithstanding Chapter 7 (commencing with Section 120975) of Part 4 of Division 105 of the Health and Safety Code, when a defendant has been charged by complaint, information, or indictment with a crime under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or with an attempt to commit any of the offenses, and is the subject of a police report alleging the commission of a separate, uncharged offense that could be charged under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, or a minor is the subject of a petition filed in juvenile court alleging the commission of a crime under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, and is the subject of a police report alleging the commission of a separate, uncharged offense that could be charged under Section 220, 261, 261.5, 262, 264.1, 266c, 269, 286, 288, 288a, 288.5, 289, or 289.5, or of an attempt to commit any of the offenses, the court, at the request of the victim of the uncharged offense, may issue a search warrant for the purpose of testing the accused's blood or oral mucosal transudate saliva with any HIV test, as defined in Section 120775 of the Health and Safety Code only under the following circumstances: when the court finds that there is probable cause to believe that the accused committed the uncharged offense, and that there is probable cause to believe that blood, semen, or any other bodily fluid identified by the State Department of Health Services in appropriate regulations as capable of transmitting the human immunodeficiency virus has been transferred from the accused to the victim. As used in this paragraph, "Section 289.5" refers to the statute enacted by Chapter 293 of the Statutes of 1991, penetration by an unknown object.

(3) (A) Prior to the issuance of a search warrant pursuant to paragraph (1), the court, where applicable and at the conclusion of the preliminary examination if the defendant is ordered to answer pursuant to Section 872, shall conduct a hearing at which both the victim and the defendant have the right to be present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts that

support or rebut the issuance of a search warrant under paragraph (1) shall be admissible.

(B) Prior to the issuance of a search warrant pursuant to paragraph (2), the court, where applicable, shall conduct a hearing at which both the victim and the defendant are present. During the hearing, only affidavits, counter affidavits, and medical reports regarding the facts that support or rebut the issuance of a search warrant under paragraph (2) shall be admissible.

(4) A request for a probable cause hearing made by a victim under paragraph (2) shall be made before sentencing in the superior court, or before disposition on a petition in a juvenile court, of the criminal charge or charges filed against the defendant.

(c) (1) In all cases in which the person has been charged by complaint, information, or indictment with a crime, or is the subject of a petition filed in a juvenile court alleging the commission of a crime, the prosecutor shall advise the victim of his or her right to make this request. To assist the victim of the crime to determine whether he or she should make this request, the prosecutor shall refer the victim to the local health officer for prerequest counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at risk of transmission of HIV from the accused, to ensure that the victim understands both the benefits and limitations of the current tests for HIV, to help the victim decide whether he or she wants to request that the accused be tested, and to help the victim decide whether he or she wants to be tested.

(2) The Department of Justice, in cooperation with the California District Attorneys Association, shall prepare a form to be used in providing victims with the notice required by paragraph (1).

(d) If the victim decides to request HIV testing of the accused, the victim shall request the issuance of a search warrant, as described in subdivision (b).

Neither the failure of a prosecutor to refer or advise the victim as provided in this subdivision, nor the failure or refusal by the victim to seek or obtain counseling, shall be considered by the court in ruling on the victim's request.

(e) The local health officer shall make provision for administering all HIV tests ordered pursuant to subdivision (b).

(f) Any blood or oral mucosal transudate saliva tested pursuant to subdivision (b) shall be subjected to appropriate confirmatory tests to ensure accuracy of the first test results, and under no circumstances shall test results be transmitted to the victim or the accused unless any initially reactive test result has been confirmed by appropriate confirmatory tests for positive reactors.

(g) The local health officer shall have the responsibility for disclosing test results to the victim who requested the test and to the accused who was tested. However, no positive test results shall be disclosed to the victim or to the accused without also providing or offering professional counseling appropriate to the circumstances.

(h) The local health officer and victim shall comply with all laws and policies relating to medical confidentiality subject to the disclosure authorized by subdivisions (g) and (i). Any individual who files a false report of sexual assault in order to obtain test result information pursuant to this section shall, in addition to any other liability under law, be guilty of a misdemeanor punishable as provided in subdivision (c) of Section 120980 of the Health and Safety Code. Any individual as described in the preceding sentence who discloses test result information obtained pursuant to this section shall also be guilty of an additional misdemeanor punishable as provided for in subdivision (c) of Section 120980 of the Health and Safety Code for each separate disclosure of that information.

(i) Any victim who receives information from the health officer pursuant to subdivision (g) may disclose the test results as the victim deems necessary to protect his or her health and safety or the health and safety of his or her family or sexual partner.

(j) Any person transmitting test results or disclosing information pursuant to this section shall be immune from civil liability for any actions taken in compliance with this section.

(k) The results of any blood or oral mucosal transudate saliva tested pursuant to subdivision (b) shall not be used in any criminal proceeding as evidence of either guilt or innocence.

SEC. 235. Section 11171 of the Penal Code is amended to read:

11171. (a) (1) The Legislature hereby finds and declares that adequate protection of victims of child physical abuse or neglect has been hampered by the lack of consistent and comprehensive medical examinations.

(2) Enhancing examination procedures, documentation, and evidence collection relating to child abuse or neglect will improve the investigation and prosecution of child abuse or neglect as well as other child protection efforts.

(b) On or before January 1, 2004, the Office of Criminal Justice Planning shall, in cooperation with the State Department of Social Services, the Department of Justice, the California Association of Crime Lab Directors, the California State District Attorneys Association, the California State Sheriffs Association, the California Peace Officers Association, the California Medical Association, the California Police Chiefs' Association, child advocates, the California Medical Training Center, child protective services, and other appropriate experts, establish medical forensic forms, instructions, and examination protocols for

victims of child physical abuse or neglect using as a model the form and guidelines developed pursuant to Section 13823.5.

(c) The form shall include, but not be limited to, a place for notation concerning each of the following:

(1) Any notification of injuries or any report of suspected child physical abuse or neglect to law enforcement authorities or children's protective services, in accordance with existing reporting procedures.

(2) Addressing relevant consent issues, if indicated.

(3) The taking of a patient history of child physical abuse or neglect that includes other relevant medical history.

(4) The performance of a physical examination for evidence of child physical abuse or neglect.

(5) The collection or documentation of any physical evidence of child physical abuse or neglect, including any recommended photographic procedures.

(6) The collection of other medical or forensic specimens, including drug ingestion or toxication, as indicated.

(7) Procedures for the preservation and disposition of evidence.

(8) Complete documentation of medical forensic exam findings with recommendations for diagnostic studies, including blood tests and X-rays.

(9) An assessment as to whether there are findings that indicate physical abuse or neglect.

(d) The forms shall become part of the patient's medical record pursuant to guidelines established by the advisory committee of the Office of Criminal Justice Planning and subject to the confidentiality laws pertaining to the release of a medical forensic examination record.

(e) The forms shall be made accessible for use on the Internet.

SEC. 236. Section 11199 of the Penal Code is amended to read:

11199. (a) Any employee of a county child or adult protective services agency, while acting in his or her professional capacity or within the scope of his or her employment, who has knowledge of or observes an animal whom he or she knows or reasonably suspects has been the victim of cruelty, abuse, or neglect, may report the known or reasonably suspected animal cruelty, abuse, or neglect to the entity or entities that investigate reports of animal cruelty, abuse, and neglect in that county.

(b) The report may be made within two working days of receiving the information concerning the animal by facsimile transmission of a written report presented in the form described in subdivision (e) or by telephone if all of the information that is required to be provided pursuant to subdivision (e) is furnished. In cases where an immediate response may be necessary in order to protect the health and safety of the animal or others, the report may be made by telephone as soon as possible.

(c) Nothing in this section shall be construed to impose a duty to investigate known or reasonably suspected animal cruelty, abuse, or neglect.

(d) As used in this section, the terms “animal,” “cruelty,” “abuse,” “neglect,” “reasonable suspicion,” and “owner” are defined as follows:

(1) “Animal” includes every dumb creature.

(2) “Cruelty,” “abuse,” and “neglect” include every act, omission, or neglect whereby unnecessary or unjustifiable physical pain or suffering is caused or permitted.

(3) “Reasonable suspicion” means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect animal cruelty, abuse, or neglect.

(4) “Owner” means any person who is the legal owner, keeper, harbinger, possessor, or the actual custodian of an animal. “Owner” includes corporations as well as individuals.

(e) Reports made pursuant to this section may be made on a preprinted form prepared by the entity or entities that investigate reports of animal cruelty, abuse, and neglect in that county that includes the definitions contained in subdivision (d), and a space for the reporter to include each of the following:

(1) His or her name and title.

(2) His or her business address and telephone number.

(3) The name, if known, of the animal owner or custodian.

(4) The location of the animal and the premises on which the known or reasonably suspected animal cruelty, abuse, or neglect took place.

(6) Type and numbers of animals involved.

(7) A description of the animal and its condition.

(8) The date, time, and a description of the observation or incident which led the reporter to suspect animal cruelty, abuse, or neglect and any other information the reporter believes may be relevant.

(f) When two or more employees of a county child or adult protective services agency are present and jointly have knowledge of known or reasonably suspected animal cruelty, abuse, or neglect, and where there is agreement among them, a report may be made by one person by mutual agreement. Any reporter who has knowledge that the person designated to report has failed to do so may thereafter make the report.

SEC. 237. Section 11226 of the Penal Code is amended to read:

11226. Whenever there is reason to believe that a nuisance as defined in this article is kept, maintained, or is in existence in any county, the district attorney, in the name of the people of the State of California,

or the city attorney of an incorporated city or any city and county may, or any citizen of the state resident within the county in his or her own name may, maintain an action in equity to abate and prevent the nuisance and to perpetually enjoin the person conducting or maintaining it, and the owner, lessee, or agent of the building or place, in or upon which the nuisance exists, from directly or indirectly maintaining or permitting it.

The complaint in the action shall be verified unless filed by the district attorney or the city attorney.

SEC. 238. Section 11230 of the Penal Code is amended to read:

11230. (a) (1) If the existence of a nuisance is established in an action as provided in this article, an order of abatement shall be entered as a part of the judgment in the case, directing the removal from the building or place of all fixtures, musical instruments and movable property used in conducting, maintaining, aiding, or abetting the nuisance, and directing the sale thereof in the manner provided for the sale of chattels under execution, and the effectual closing of the building or place against its use for any purpose, and that it be kept closed for a period of one year, unless sooner released. If the court finds that any vacancy resulting from closure of the building or place may create a nuisance or that closure is otherwise harmful to the community, in lieu of ordering the building or place closed, the court may order the person who is responsible for the existence of the nuisance to pay damages in an amount equal to the fair market rental value of the building or place for one year to the city or county in whose jurisdiction the nuisance is located. The actual amount of rent being received for the rental of the building or place, or the existence of any vacancy therein, may be considered, but shall not be the sole determinant of the fair market rental value. Expert testimony may be used to determine the fair market rental value.

(2) While the order remains in effect as to closing, the building or place is and shall remain in the custody of the court.

(3) For removing and selling the movable property, the officer is entitled to charge and receive the same fees as he or she would for levying upon and selling like property on execution.

(4) For closing the premises and keeping them closed, a reasonable sum shall be allowed by the court.

(b) The court may assess a civil penalty not to exceed twenty-five thousand dollars (\$25,000) against any and all of the defendants, based upon the severity of the nuisance and its duration.

(c) One-half of the civil penalties collected pursuant to this section shall be deposited in the Restitution Fund in the State Treasury, the proceeds of which shall be available for appropriation by the Legislature to indemnify persons filing claims pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the

Government Code, and one-half of the civil penalties collected shall be paid to the city in which the judgment was entered, if the action was brought by the city attorney or city prosecutor. If the action was brought by a district attorney, one-half of the civil penalties collected shall be paid to the treasurer of the county in which the judgment was entered.

SEC. 239. Article 4.5 (commencing with Section 12087) of Chapter 1 of Title 2 of Part 4 of the Penal Code, as added by Section 1 of Chapter 245 of the Statutes of 1999, is repealed.

SEC. 240. Section 12087.5 of the Penal Code, as added by Section 1 of Chapter 246 of the Statutes of 1999, is amended to read:

12087.5. The Legislature makes the following findings:

(a) In the years 1987 to 1996, nearly 2,200 children in the United States under the age of 15 years died in unintentional shootings. In 1996 alone, 138 children were shot and killed unintentionally. Thus, more than 11 children every month, or one child every three days, were shot or killed unintentionally in firearms-related incidents.

(b) The United States leads the industrialized world in the rates of children and youth lost to unintentional, firearms-related deaths. A 1997 study from the federal Centers for Disease Control and Prevention reveals that for unintentional firearm-related deaths for children under the age of 15, the rate in the United States was nine times higher than in 25 other industrialized countries combined.

(c) While the number of unintentional deaths from firearms is an unacceptable toll on America's children, nearly eight times that number are treated in U.S. hospital emergency rooms each year for nonfatal unintentional gunshot wounds.

(d) A study of unintentional firearm deaths among children in California found that unintentional gunshot wounds most often involve handguns.

(e) A study in the December 1995 issue of the Archives of Pediatric and Adolescent Medicine found that children as young as three years old are strong enough to fire most commercially available handguns. The study revealed that 25 percent of three to four year olds and 70 percent of five to six year olds had sufficient finger strength to fire 59 (92 percent) of the 64 commonly available handguns referenced in the study.

(f) The Government Accounting Office (GAO), in its March 1991 study, "Accidental Shootings: Many Deaths and Injuries Caused by Firearms Could be Prevented," estimates that 31 percent of accidental deaths caused by firearms might be prevented by the addition of two safety devices: a child-resistant safety device that automatically engages and a device that indicates whether the gun is loaded. According to the study results, of the 107 unintentional firearms-related fatalities the GAO examined for the calendar years 1988 and 1989, 8 percent could have been prevented had the firearm been equipped with a child-resistant

safety device. This 8 percent represents instances in which children under the age of six unintentionally shot and killed themselves or other persons.

(g) Currently, firearms are the only products manufactured in the United States that are not subject to minimum safety standards.

(h) A 1997 public opinion poll conducted by the National Opinion Research Center at the University of Chicago in conjunction with the Johns Hopkins Center for Gun Policy and Research found that 74 percent of Americans support safety regulation of the firearms industry.

(i) Some currently available trigger locks and other similar devices are inadequate to prevent the accidental discharge of the firearms to which they are attached, or to prevent children from gaining access to the firearm.

SEC. 241. Section 13823.9 of the Penal Code is amended to read:

13823.9. (a) Every public or private general acute care hospital that examines a victim of sexual assault or attempted sexual assault, including child molestation, shall comply with the standards specified in Section 13823.11 and the protocol and guidelines adopted pursuant to Section 13823.5.

(b) Each county with a population of more than 100,000 shall arrange that professional personnel trained in the examination of victims of sexual assault, including child molestation, shall be present or on call either in the county hospital which provides emergency medical services or in any general acute care hospital which has contracted with the county to provide emergency medical services. In counties with a population of 1,000,000 or more, the presence of these professional personnel shall be arranged in at least one general acute care hospital for each 1,000,000 persons in the county.

(c) Each county shall designate at least one general acute care hospital to perform examinations on victims of sexual assault, including child molestation.

(d) (1) The protocol published by the Office of Criminal Justice Planning shall be used as a guide for the procedures to be used by every public or private general acute care hospital in the state for the examination and treatment of victims of sexual assault and attempted sexual assault, including child molestation, and the collection and preservation of evidence therefrom.

(2) The informational guide developed by the Office of Criminal Justice Planning shall be consulted where indicated in the protocol, as well as to gain knowledge about all aspects of examination and treatment of victims of sexual assault and child molestation.

SEC. 242. Section 1513.1 of the Probate Code is amended to read:

1513.1. (a) Each court or county shall assess (1) the parent, parents, or other person charged with the support and maintenance of the ward

or proposed ward, and (2) the guardian, proposed guardian, or the estate of the ward or proposed ward, for court or county expenses incurred for any investigation or review conducted by the court investigator, probation officer, or domestic relations investigator. The court may order reimbursement to the court or to the county in the amount of the assessment, unless the court finds that all or any part of the assessment would impose a hardship on the ward or the ward's estate. A county may waive any or all of an assessment against the guardianship on the basis of hardship. There shall be a rebuttable presumption that the assessment would impose a hardship if the ward is receiving Medi-Cal benefits.

(b) Any amount chargeable as state-mandated local costs incurred by a county for the cost of the investigation or review shall be reduced by any assessments actually collected by the county pursuant to subdivision (a) during that fiscal year.

SEC. 242.5. Section 10524 of the Public Contract Code is amended to read:

10524. Persons convicted under Section 10522 or 10523 are also liable to the University of California for double the amount the university may have lost or be liable to lose by reason of the acts made crimes by this article.

SEC. 243. Section 20103.8 of the Public Contract Code is amended to read:

20103.8. A local agency may require a bid for a public works contract to include prices for items that may be added to, or deducted from, the scope of work in the contract for which the bid is being submitted. Whenever additive or deductive items are included in a bid, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of a specification, only the method provided by subdivision (a) will be used:

(a) The lowest bid shall be the lowest bid price on the base contract without consideration of the prices on the additive or deductive items.

(b) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.

(c) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that when taken in order from a specifically identified list of those items in the solicitation, and added to, or subtracted from, the base contract, are less than, or equal to, a funding amount publicly disclosed by the local agency before the first bid is opened.

(d) The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders or proposed subcontractors or suppliers from being revealed to the public entity

before the ranking of all bidders from lowest to highest has been determined.

A responsible bidder who submitted the lowest bid as determined by this section shall be awarded the contract, if it is awarded. This section does not preclude the local agency from adding to or deducting from the contract any of the additive or deductive items after the lowest responsible bidder has been determined.

(e) Nothing in this section shall preclude the prequalification of subcontractors.

SEC. 244. Section 4114.5 of the Public Resources Code is amended to read:

4114.5. (a) Any contract entered into by the department to retain the services of pilots to fly firefighting aircraft shall expressly provide that, if the pilot dies while performing the duties specified in the contract, eligible survivors, if any, of the pilot shall be paid a one-time death benefit equal to the sum of the following:

(1) The amount of the one-time benefit that the eligible survivors of the pilot would receive if the pilot were subject to the federal Public Safety Officers' Death Benefits Act (42 U.S.C. Sec. 3796 et seq.). This paragraph shall not be applicable if, at the time of the pilot's death, the eligible survivors of the pilot are entitled to benefits under that act.

(2) An amount, as determined by the department, that would be commensurate with the death benefit payable to a mid-career firefighter employed by the department who died in the line of duty.

(b) The benefits payable pursuant to any contract subject to this section shall be paid to eligible survivors in a lump sum as follows:

(1) If there is no eligible child, to the surviving spouse.

(2) If there is an eligible child or children and a surviving spouse, one-half to the child or to the children in equal shares and one-half to the surviving spouse.

This requirement is not mandatory for each separate exchange transaction, but to the extent possible shall be complied with upon completion of all possible exchanges.

(d) The total value of all lands exchanged pursuant to this section shall be determined according to fair market value. Upon completion of all possible exchanges, if there is a difference between the total value of all land transferred to Arizona, and all land acquired by California, the

SEC. 251. Section 25534 of the Public Resources Code is amended to read:

25534. (a) The commission may, after one or more hearings, amend the conditions of, or revoke the certification for, any facility for any of the following reasons:

(1) Any material false statement set forth in the application, presented in proceedings of the commission, or included in supplemental documentation provided by the applicant.

(2) Any significant failure to comply with the terms or conditions of approval of the application, as specified by the commission in its written decision.

(3) A violation of this division or any regulation or order issued by the commission under this division.

(4) The owner of a project does not start construction of the project within 12 months after the date all permits necessary for the project become final and all administrative and judicial appeals have been resolved provided the California Consumer Power and Conservation Financing Authority notifies the commission that it is willing and able to construct the project pursuant to subdivision (g). The project owner may extend the 12-month period by 24 additional months pursuant to subdivision (f). This paragraph applies only to projects with a project permit application deemed complete by the commission after January 1, 2003.

(b) The commission may also administratively impose a civil penalty for a violation of paragraph (1) or (2) of subdivision (a). Any civil penalty shall be imposed in accordance with Section 25534.1 and may not exceed seventy-five thousand dollars (\$75,000) per violation, except that the civil penalty may be increased by an amount not to exceed one thousand five hundred dollars (\$1,500) per day for each day in which the violation occurs or persists, but the total of the per day penalties may not exceed fifty thousand dollars (\$50,000).

(c) A project owner shall commence construction of a project subject to the start-of-construction deadline provided by paragraph (4) of subdivision (a) within 12 months after the project has been certified by the commission and after all accompanying project permits are final and administrative and judicial appeals have been completed. The project owner shall submit construction and commercial operation milestones to the commission within 30 days after project certification. Construction milestones shall require the start of construction within the 12-month period established by this subdivision. The commission shall approve milestones within 60 days after project certification. If the 30-day deadline to submit construction milestones to the commission is not met, the commission shall establish milestones for the project.

(d) The failure of the owner of a project subject to the start-of-construction deadline provided by paragraph (4) of subdivision (a) to meet construction or commercial operation milestones, without a finding by the commission of good cause, shall be cause for revocation of certification or the imposition of other penalties by the commission.

(e) A finding by the commission that there is good cause for failure to meet the start-of-construction deadline required by paragraph (4) of subdivision (a) or any subsequent milestones of subdivision (c) shall be made if the commission determines that any of the following criteria are met:

(1) The change in any deadline or milestone does not change the established deadline or milestone for the start of commercial operation.

(2) The deadline or milestone is changed due to circumstances beyond the project owner's control, including, but not limited to, administrative and legal appeals.

(3) The deadline or milestone will be missed but the project owner demonstrates a good faith effort to meet the project deadline or milestone.

(4) The deadline or milestone will be missed due to unforeseen natural disasters or acts of God that prevent timely completion of the project deadline or milestone.

(5) The deadline or milestone will be missed for any other reason determined reasonable by the commission.

(f) The commission shall extend the start-of-construction deadline required by paragraph (4) of subdivision (a) by an additional 24 months, if the owner reimburses the commission's actual cost of licensing the project. For the purposes of this section, the commission's actual cost of licensing the project shall be based on a certified audit report filed by the commission staff within 180 days of the commission's certification of the project. The certified audit shall be filed and served on all parties to the proceeding, is subject to public review and comment, and is subject to at least one public hearing if requested by the project owner. Any reimbursement received by the commission pursuant to this subdivision shall be deposited in the General Fund.

(g) If the owner of a project subject to the start-of-construction deadline provided by paragraph (4) of subdivision (a) fails to commence construction, without good cause, within 12 months after the project has been certified by the commission and has not received an extension pursuant to subdivision (f), the commission shall provide immediate notice to the California Consumer Power and Conservation Financing Authority. The authority shall evaluate whether to pursue the project independently or in conjunction with any other public or private entity, including the original certificate holder. If the authority demonstrates to the commission that it is willing and able to construct the project either independently or in conjunction with any other public or private entity, including the original certificate holder, the commission may revoke the original certification and issue a new certification for the project to the authority, unless the authority's statutory authorization to finance or approve new programs, enterprises, or projects has expired. If the

authority declines to pursue the project, the permit shall remain with the current project owner until it expires pursuant to the regulations adopted by the commission.

(h) If the commission issues a new certification for a project subject to the start-of-construction deadline provided by paragraph (4) of subdivision (a) to the authority, the commission shall adopt new milestones for the project that allow the authority up to 24 months to start construction of the project or to start to meet the applicable deadlines or milestones. If the authority fails to begin construction in conformity with the deadlines or milestones adopted by the commission, without good cause, the certification may be revoked.

(i) (1) If the commission issues a new certification for a project subject to the start-of-construction deadline provided by paragraph (4) of subdivision (a) to the authority and the authority pursues the project, without participation of the original certificate holder, the authority shall offer to reimburse the original certificate holder for the actual costs the original certificate holder incurred in permitting the project and in procuring assets associated with the license, including, but not limited to, major equipment and the emission offsets. In order to receive reimbursement, the original certificate holder shall provide to the commission documentation of the actual costs incurred in permitting the project. The commission shall validate those costs. The certificate holder may refuse to accept the offer of reimbursement for any asset associated with the license and retain the asset. To the extent the certificate holder chooses to accept the offer for an asset, it shall provide the authority with the asset.

(2) If the authority reimburses the original certificate holder for the costs described in paragraph (1), the original certificate holder shall provide the authority with all of the assets for which the original certificate holder received reimbursement.

(j) This section does not prevent a certificate holder from selling its license to construct and operate a project prior to its revocation by the commission. In the event of a sale to an entity that is not an affiliate of the certificate holder, the commission shall adopt new deadlines or milestones for the project that allow the new certificate holder up to 12 months to start construction of the project or to start to meet the applicable deadlines or milestones.

(k) Paragraph (4) of subdivision (a) and subdivisions (c) to (j), inclusive, do not apply to licenses issued for the modernization, repowering, replacement, or refurbishment of existing facilities or to a qualifying small power production facility or a qualifying cogeneration facility within the meaning of Sections 201 and 210 of Title II of the federal Public Utility Regulatory Policies Act of 1978 (16 U.S.C. Secs. 796(17), 796(18), and 824a-3), and the regulations adopted pursuant to

those sections by the Federal Energy Regulatory Commission (18 C.F.R. Parts 292.101 to 292.602, inclusive), nor shall those provisions apply to any other generation units installed, operated, and maintained at a customer site exclusively to serve that facility's load. For the purposes of this subdivision, "replacement" of an existing facility includes, but is not limited to, a comparable project at a location different than the facility being replaced, provided that the commission certifies that the new project will result in the decommissioning of the existing facility.

(l) Paragraph (4) of subdivision (a) and subdivisions (c) to (j), inclusive, do not apply to licenses issued to "local publicly owned electric utilities" as defined in subdivision (d) of Section 9604 of the Public Utilities Code whose governing bodies certify to the commission that the project is needed to meet the projected native load of the local publicly owned utility.

(m) To implement this section, the commission and the California Consumer Power and Conservation Financing Authority may, in consultation with each other, adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For purposes of that chapter, including, without limitation, Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, or general welfare.

SEC. 252. Section 30812 of the Public Resources Code is amended to read:

30812. (a) Whenever the executive director of the commission has determined, based on substantial evidence, that real property has been developed in violation of this division, the executive director may cause a notification of intention to record a notice of violation to be mailed by regular and certified mail to the owner of the real property at issue, describing the real property, identifying the nature of the violation, naming the owners thereof, and stating that if the owner objects to the filing of a notice of violation, an opportunity will be given to the owner to present evidence on the issue of whether a violation has occurred.

(b) The notification specified in subdivision (a) shall indicate that the owner is required to respond in writing, within 20 days of the postmarked mailing of the notification, to object to recording the notice of violation. The notification shall also state that if, within 20 days of mailing of the notification, the owner of the real property at issue fails to inform the executive director of the owner's objection to recording the notice of violation, the executive director shall record the notice of violation in the office of each county recorder where all or part of the property is located.

(c) If the owner submits a timely objection to the proposed filing of the notice of violation, a public hearing shall be held at the next regularly scheduled commission meeting for which adequate public notice can be provided, at which the owner may present evidence to the commission why the notice of violation should not be recorded. The hearing may be postponed for cause for not more than 90 days after the date of the receipt of the objection to recordation of the notice of violation.

(d) If, after the commission has completed its hearing and the owner has been given the opportunity to present evidence, the commission finds that, based on substantial evidence, a violation has occurred, the executive director shall record the notice of violation in the office of each county recorder where all or part of the real property is located. If the commission finds that no violation has occurred, the executive director shall mail a clearance letter to the owner of the real property.

(e) (1) The notice of violation shall be contained in a separate document prominently entitled "Notice of Violation of the Coastal Act." The notice of violation shall contain all of the following information:

(A) The names of the owners of record.

(B) A legal description of the real property affected by the notice.

(C) A statement specifically identifying the nature of the alleged violation.

(D) A commission file number relating to the notice.

(f) Within 30 days after the final resolution of a violation that is the subject of a recorded notice of violation, the executive director shall mail a clearance letter to the owner of the real property and shall record a notice of rescission in the office of each county recorder in which the notice of violation was filed, indicating that the notice of violation is no longer valid. The notice of rescission shall have the same effect of a withdrawal or expungement under Section 405.61 of the Code of Civil Procedure.

(g) The executive director may not invoke the procedures of this section until all existing administrative methods for resolving the violation have been utilized and the property owner has been made aware of the potential for the recordation of a notice of violation. For purposes of this subdivision, existing methods for resolving the violation do not include the commencement of an administrative or judicial proceeding.

(h) This section only applies in circumstances where the commission is the legally responsible coastal development permitting authority or where a local government or port governing body requests the commission to assist in the resolution of an unresolved violation if the

local government is the legally responsible coastal development permitting authority.

(i) The commission, 24 months from the date of recordation, shall review each notice of violation that has been recorded to determine why the violation has not been resolved and whether the notice of violation should be expunged.

(j) The commission, at any time and for cause, on its own initiative or at the request of the property owner, may cause a notice of rescission to be recorded invalidating the notice of violation recorded pursuant to this section. The notice of rescission shall have the same effect of a withdrawal or expungement under Section 405.61 of the Code of Civil Procedure.

(7) Pursuant to paragraph (7) of subdivision (b), a description of sites cleaned up under the Solid Waste Disposal and Codisposal Site Cleanup Program established pursuant to Article 2.5 (commencing with Section 48020) of Chapter 2 of Part 7, a description of remaining sites where there is no responsible party or the responsible party is unable or unwilling to pay for cleanup, and recommendations for any needed legislative changes.

SEC. 256. Section 334 of the Public Utilities Code is amended to read:

334. The Legislature finds and declares that in order to ensure the success of electric industry restructuring, in the transition to a new market structure it is important to ensure a reliable supply of electricity. Reliable electric service is of paramount importance to the safety, health, and comfort of the people of California. Transmission connections between electric utilities allow them to share generation resources and reduce the number of powerplants necessary to maintain a reliable system. The connections between utilities also create exposure to events that can cause widespread and extended transmission and service outages that reach far beyond the originating utility service area. California utilities and those in the western United States voluntarily adhere to reliability standards developed by the Western Electricity Coordinating Council. The economic cost of extended electricity outages, such as those that occurred in California and throughout the Western Electricity Coordinating Council on July 2, 1996, and August 10, 1996, to California's residential, commercial, agricultural, and industrial customers is significant. The proposed restructuring of the electricity industry would transfer responsibility for ensuring short- and long-term reliability away from electric utilities and regulatory bodies to the Independent System Operator and various market-based mechanisms. The Legislature has an interest in ensuring that the change in the locus of responsibility for reliability does not expose California citizens to undue economic risk in connection with system reliability.

SEC. 257. Section 345 of the Public Utilities Code is amended to read:

345. The Independent System Operator shall ensure efficient use and reliable operation of the transmission grid consistent with achievement of planning and operating reserve criteria no less stringent than those established by the Western Electricity Coordinating Council and the North American Electric Reliability Council.

SEC. 258. Section 346 of the Public Utilities Code is amended to read:

346. The Independent System Operator shall immediately participate in all relevant Federal Energy Regulatory Commission proceedings. The Independent System Operator shall ensure that additional filings at the Federal Energy Regulatory Commission request confirmation of the relevant provisions of this chapter and seek the authority needed to give the Independent System Operator the ability to secure generating and transmission resources necessary to guarantee achievement of planning and operating reserve criteria no less stringent than those established by the Western Electricity Coordinating Council and the North American Electric Reliability Council.

SEC. 259. Section 350 of the Public Utilities Code is amended to read:

350. The Independent System Operator, in consultation with the California Energy Resources Conservation and Development Commission, the Public Utilities Commission, the Western Electricity Coordinating Council, and concerned regulatory agencies in other western states, shall within six months after the Federal Energy Regulatory Commission approval of the Independent System Operator, provide a report to the Legislature and to the Oversight Board that does the following:

(a) Conducts an independent review and assessment of Western Electricity Coordinating Council operating reliability criteria.

(b) Quantifies the economic cost of major transmission outages relating to the Pacific Intertie, Southwest Power Link, DC link, and other important high voltage lines that carry power both into and from California.

(c) Identifies the range of cost-effective options that would prevent or mitigate the consequences of major transmission outages.

(d) Identifies communication protocols that may be needed to be established to provide advance warning of incipient problems.

(e) Identifies the need for additional generation reserves and other voltage support equipment, if any, or other resources that may be necessary to carry out its functions.

(f) Identifies transmission capacity additions that may be necessary at certain times of the year or under certain conditions.

(g) Assesses the adequacy of current and prospective institutional provisions for the maintenance of reliability.

(h) Identifies mechanisms to enforce transmission right-of-way maintenance.

(i) Contains recommendations regarding cost-beneficial improvements to electric system reliability for the citizens of California.

SEC. 260. Section 360 of the Public Utilities Code is amended to read:

360. The commission shall ensure that existing, and if necessary, additional filings at the Federal Energy Regulatory Commission request confirmation of the relevant provisions of this chapter and seek the authority needed to give the Independent System Operator the ability to secure generating and transmission resources necessary to guarantee achievement of planning and operating reserve criteria no less stringent than those established by the Western Electricity Coordinating Council and the North American Electric Reliability Council.

SEC. 261. Section 362 of the Public Utilities Code is amended to read:

362. (a) In proceedings pursuant to Section 455.5, 851, or 854, the commission shall ensure that facilities needed to maintain the reliability of the electric supply remain available and operational, consistent with maintaining open competition and avoiding an overconcentration of market power. In order to determine whether the facility needs to remain available and operational, the commission shall utilize standards that are no less stringent than the Western Electricity Coordinating Council and North American Electric Reliability Council standards for planning reserve criteria.

(b) The commission shall require that generation facilities located in the state that have been disposed of in proceedings pursuant to Section 851 are operated by the persons or corporations who own or control them in a manner that ensures their availability to maintain the reliability of the electric supply system.

SEC. 262. Section 394.25 of the Public Utilities Code is amended to read:

394.25. (a) The commission may enforce Sections 2102, 2103, 2104, 2105, 2107, 2108, and 2114 against electric service providers as if those electric service providers were public utilities as defined in these code sections. Notwithstanding the above, nothing in this section grants the commission jurisdiction to regulate electric service providers other than as specifically set forth in this part. Electric service providers shall continue to be subject to Sections 2111 and 2112. Upon a finding by the commission's executive director that there is evidence to support a finding that the electric service provider has committed an act constituting grounds for suspension or revocation of registration as set forth in subdivision (b) of Section 394.25, the commission shall notify the electric service provider in writing and notice an expedited hearing on the suspension or revocation of the electric service provider's registration to be held within 30 days of the notification to the electric service provider of the executive director's finding of evidence to support suspension or revocation of registration. The commission shall, within 45 days after holding the hearing, issue a decision on the suspension or revocation of registration, which shall be based on findings of fact and conclusions of law based on the evidence presented at the hearing. The decision shall include the findings of fact and the conclusions of law relied upon.

(b) An electric service provider may have its registration suspended or revoked, immediately or prospectively, in whole or in part, for any of the following acts:

(1) Making material misrepresentations in the course of soliciting customers, entering into service agreements with those customers, or administering those service agreements.

(2) Dishonesty, fraud, or deceit with the intent to substantially benefit the electric service provider or its employees, agents, or representatives, or to disadvantage retail electricity customers.

(3) Where the commission finds that there is evidence that the electric service provider is not financially or operationally capable of providing the offered electric service.

(4) The misrepresentation of a material fact by an applicant in obtaining a registration pursuant to Section 394.

(c) Pursuant to its authority to revoke or suspend registration, the commission may suspend a registration for a specified period or revoke the registration, or in lieu of suspension or revocation, impose a moratorium on adding or soliciting additional customers. Any suspension or revocation of a registration shall require the electric service provider to cease serving customers within the boundaries of investor-owned electrical corporations, and the affected customers shall be served by the electrical corporation until the time when they may select service from another service provider. Customers shall not be liable for the payment of any early termination fees or other penalties to any electric service provider under the service agreement if the serving electric service provider's registration is suspended or revoked.

(d) The commission shall require any electric service provider whose registration is revoked pursuant to paragraph (4) of subdivision (b) to refund all of the customer credit funds that the electric service provider received from the State Energy Resources Conservation and Development Commission pursuant to paragraph (1) of subdivision (f) of Section 383.5. The repayment of these funds shall be in addition to all other penalties and fines appropriately assessed the electric service provider for committing those acts under other provisions of law. All customer credit funds refunded under this subdivision shall be deposited in the Renewable Resource Trust Fund for redistribution by the State Energy Resources Conservation and Development Commission pursuant to Section 383.5. This subdivision may not be construed to apply retroactively.

(e) If a customer of an electric service provider or a community choice aggregator is involuntarily returned to service provided by an electrical corporation, any reentry fee imposed on that customer that the commission deems is necessary to avoid imposing costs on other customers of the electric corporation shall be the obligation of the electric service provider or a community choice aggregator, except in the case of a customer returned due to default in payment or other contractual obligations or because the customer's contract has expired. As a condition of its registration, an electric service provider or a community choice aggregator shall post a bond or demonstrate insurance sufficient to cover those reentry fees. In the event that an electric service provider

becomes insolvent and is unable to discharge its obligation to pay reentry fees, the fees shall be allocated to the returning customers.

SEC. 263. Section 398.4 of the Public Utilities Code is amended to read:

398.4. (a) Every retail supplier that makes an offering to sell electricity that is consumed in California shall disclose its electricity sources. A retail supplier that does not make any claims that identify its electricity sources as different than net system power may disclose net system power. Every retail supplier that makes an offering to sell electricity that is consumed in California and makes any claims that identify any of its electricity sources as different than net system power shall disclose these sources as specific purchases.

(b) The disclosures required by this section shall be made to potential end-use consumers in all product-specific written promotional materials that are distributed to consumers by either printed or electronic means, except that advertisements and notices in general circulation media shall not be subject to this requirement.

(d) The disclosures required by this section shall be made separately for each offering made by the retail supplier.

(e) On or before January 1, 1998, the California Energy Resources Conservation and Development Commission shall specify guidelines for the format and means for disclosure required by Section 398.3 and this section, based on the requirements of this article and subject to public hearing.

(f) The costs of making the disclosures required by this section shall be considered to be generation-related.

(g) The disclosures required by this section shall be expressed as a percentage of annual sales derived from each of the following categories, unless no specific purchases are disclosed, in which case only the first category shall be disclosed:

(1) Net system power.

(2) Specific purchases.

(h) (1) Each of the categories specified in subdivision (g) shall be additionally identified as a percentage of annual sales that is derived from each fuel type of the categories specified as follows:

(A) Coal.

(B) Large hydroelectric (greater than 30 megawatts).

(C) Natural gas.

(D) Nuclear.

(E) Other.

(F) Eligible renewables, which means renewable resource technologies defined as electricity produced from other than a

conventional power source within the meaning of Section 2805, provided that a power source utilizing more than 25 percent fossil fuel may not be included, shall be additionally identified as a percentage of annual sales that is derived from each fuel type of the subcategories specified as follows:

- (i) Biomass and waste.
- (ii) Geothermal.
- (iii) Small hydroelectric (less than or equal to 30 megawatts).
- (iv) Solar.
- (v) Wind.

(2) The category "Other" shall be used for fuel types other than those listed above that represent less than 2 percent of net system power. The California Energy Resources Conservation and Development Commission may specify additional categories or change these categories, consistent with the requirements of this article and subject to public hearing, if it determines that the changes will facilitate the disclosure objectives of this section.

(i) All electricity sources disclosed as specific purchases shall meet the requirements of subdivision (b) of Section 398.2.

(j) Specific purchases identified pursuant to this section shall be from sources connected to the Western Electricity Coordinating Council interconnected grid.

(k) Net system power shall be disclosed for the most recent calendar year available. Disclosure of net system power shall be accompanied by this qualifying note: "The State of California determines this net system power mix annually; your actual electricity purchases may vary." The California Energy Resources Conservation and Development Commission may modify this note, consistent with the requirements of this article and subject to public hearing, if it determines that the changes will facilitate the disclosure objectives of this section.

(l) For each offering made by a retail supplier for which specific purchases are disclosed, the retail supplier shall disclose projected specific purchases for the current calendar year. Projected specific purchases need not be disclosed by numerical percentage at the subcategory level identified in subparagraph (F) of paragraph (1) of subdivision (h). On or before April 15, 1999, and annually thereafter, every retail supplier that discloses specific purchases shall also disclose to its customers, separately for each offering made by the retail supplier, its actual specific purchases for the previous calendar year consistent with information provided to the California Energy Resources Conservation and Development Commission pursuant to Section 398.5. Disclosure of projected specific purchases and actual specific purchases shall each be accompanied by statements identifying whether the data

are projected or actual, as developed by the California Energy Resources Conservation and Development Commission, subject to public hearing.

(m) The provisions of this section shall not apply to generators providing electric service onsite, under an over-the-fence transaction as described in Section 218, or to an affiliate or affiliates, as defined in subdivision (a) of Section 372.

SEC. 264. Section 5411.5 of the Public Utilities Code is amended to read:

Otherwise, the vehicle shall be returned to the owner upon payment of any fine ordered by the court. After the expiration of six weeks from the final disposition of the criminal case, the impounding authority may deal with the vehicle as lost or abandoned property under Section 1411 of the Penal Code.

(d) At any time, a person may make a motion in superior court for the immediate return of the vehicle on the ground that there was no probable cause to seize it or that there is some other good cause, as determined by the court, for the return of the vehicle. A proceeding under this section is a limited civil case.

The consolidated agency shall conduct a periodic review of the allocation and methodology for all formula-based funding.

(f) The consolidated agency and the MTDB and the NCTD shall work together to obtain funds for transit projects and services.

(g) It is the intent of the Legislature that future consolidation of transit operations of the MTDB and the NCTD into the consolidated agency should be comprehensively evaluated by the consolidated agency. The reallocation shall be completed in equal increments within the following three fiscal years, or as negotiated with the Controller in the case of reallocation to the Educational Revenue Augmentation Fund or school entities.

(4) If it is determined that an allocation method is required to be adjusted as provided in paragraph (3), the county auditor shall, in the fiscal year following the fiscal year in which this determination is made, correct the allocation method in accordance with statute.

Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county.

The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees, or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the Controller, employees of the Controller for property tax postponement purposes, probate referees, employees of the Franchise Tax Board for tax administration purposes only, staff appraisers of the Department of Financial Institutions, the Department of Transportation, the Department of General Services, the State Board of Equalization, the State Lands Commission, the State Department of Social Services, the Department of Child Support Services, the Department of Water Resources, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine the records. (c) Upon the request of the tax collector, the assessor shall disclose and provide to the tax collector information used in the preparation of that portion of the unsecured roll for which the taxes thereon are delinquent. The tax collector shall certify to the assessor that he or she needs the information requested for the enforcement of the tax lien in collecting those delinquent taxes. Information requested by the tax collector may include social security numbers, and the assessor shall recover from the tax collector his or her actual and reasonable costs for providing the information. (d) The assessor shall, upon the request of an assessee or his or her designated representative, permit the assessee or representative to inspect or copy any market data in the assessor's possession. For purposes of this subdivision, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise. (2) After enrolling an assessment, the assessor shall respond to a written request for information supporting the assessment, including, but not limited to, any appraisal and other data requested by the assessee.

(3) Except as provided in Section 408.1, an assessee, or his or her designated representative, may not be permitted to inspect or copy information and records that also relate to the property or business affairs of another, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of the assessment of his or her property.

(f) (1) Permission for the inspection or copying requested pursuant to subdivision (d) or (e) shall be granted as soon as reasonably possible to the assessee or his or her designated representative.

(2) If the assessee, or his or her designated representative, requests the assessor to make copies of any of the requested records, the assessee shall reimburse the assessor for the reasonable costs incurred in reproducing and providing the copies.

(3) If the assessor fails to permit the inspection or copying of materials or information as requested pursuant to subdivision (d) or (e) and the assessor introduces any requested materials or information at any assessment appeals board hearing, the assessee or his or her representative may request and shall be granted a continuance for a reasonable period of time. The continuance shall extend the two-year period specified in subdivision (c) of Section 1604 for a period of time equal to the period of continuance.

SEC. 274. Section 426 of the Revenue and Taxation Code is amended to read:

426. (a) Notwithstanding any provision of Section 423 to the contrary, if either the county, city, or nonprofit organization or the owner of land subject to contract, agreement, scenic restriction, or open-space easement has served notice of nonrenewal as provided in Section 51091, 51245, or 51296.9 of the Government Code, and the county assessors shall, unless the parties shall have subsequently rescinded the contract pursuant to Section 51254 or 51255 of the Government Code, value the land as provided in this section.

(b) If the owner of land serves notice of nonrenewal or the county, city, or nonprofit organization serves notice of nonrenewal and the owner fails to protest as provided in Section 51091, 51245, or 51296.9 of the Government Code, subdivision (c) shall apply immediately. If the county, city, or nonprofit organization serves notice of nonrenewal and the owner does protest as provided in Section 51091, 51245, or 51296 of the Government Code, subdivision (c) shall apply when less than six years remain until the termination of the period for which the land is enforceably restricted.

(c) Where any of the conditions in subdivision (b) apply, the board or assessor in each year until the termination of the period for which the land is enforceably restricted shall do all of the following:

(1) Determine the value of the land pursuant to Section 110.1. If the land is not subject to Section 110.1 when the restriction expires, the value shall be determined pursuant to Section 110 as if it were free of contractual restriction. If the land will be subject to a use for which this code provides a special restricted assessment, the value shall be determined as if it were subject to the new restriction.

(2) Determine the value of the land by capitalization of income as provided in Section 423 and without regard to the existence of any of the conditions in subdivision (b).

(3) Subtract the value determined in paragraph (2) of subdivision (c) by capitalization of income from the full value determined in paragraph (1).

(4) Using the rate announced by the board pursuant to paragraph (1) of subdivision (b) of Section 423, discount the amount obtained in paragraph (3) for the number of years remaining until the termination of the contract, agreement, scenic restriction, or open-space easement.

(5) Determine the value of the land by adding the value determined by capitalization of income as provided in paragraph (2) and the value obtained in paragraph (4).

(6) Apply the ratio prescribed in Section 401 to the value of the land determined in paragraph (5) to obtain its assessed value.

SEC. 275. Section 998 of the Revenue and Taxation Code is amended to read:

998. (a) The full value of a time-share estate or a time-share use subject to tax under this division shall be determined by finding the real property value of the interest involved and shall not include the value of any nonreal property items, including, but not limited to, vacation exchange rights, vacation conveniences and services, and club memberships. (b) If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000) for taxable years beginning in 2002, or the adjusted amount specified in subdivision (c), as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. (b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and, once made, is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

19006. (a) The spouse who controls the disposition of or who receives or spends community income as well as the spouse who is taxable on the income is liable for the payment of the taxes imposed by Part 10 (commencing with Section 17001) on that income.

(b) Whenever a joint return is filed by a husband and wife, the liability for the tax on the aggregate income is joint and several. The liability may be revised by a court in a proceeding for dissolution of the marriage of the husband and wife, provided:

(1) The order revising tax liability may not relieve a spouse of tax liability on income earned by or subject to the exclusive management

and control of the spouse. The liability of the spouse for the tax, penalties, and interest due for the taxable year shall be in the same ratio to total tax, penalties, and interest due for the taxable year as the income earned by or subject to the management and control of the spouse is to total gross income reportable on the return.

(2) The order revising tax liability:

(A) Must separately state the income tax liabilities for the taxable years for which revision of tax liability is granted.

(B) Shall not revise a tax liability that has been fully paid prior to the effective date of the order; however, any unpaid amount may be revised.

(C) Shall become effective when the Franchise Tax Board is served with or acknowledges receipt of the order.

(D) Shall not be effective if the gross income reportable on the return exceeds one hundred fifty thousand dollars (\$150,000) or the amount of tax liability the spouse is relieved of exceeds seven thousand five hundred dollars (\$7,500), unless a tax revision clearance certificate is obtained from the Franchise Tax Board and filed with the court.

(c) Notwithstanding subdivisions (a) and (b), whenever a joint return is filed by a husband and wife and the tax liability is not fully paid, that liability, including interest and penalties, may be revised by the Franchise Tax Board as to one spouse.

(1) However, the liability shall not be revised:

(A) To relieve a spouse of tax liability on income earned by or subject to the exclusive management and control of the spouse. The liability of the spouse for the tax, penalties, and interest due for the taxable year shall be in the same ratio to total tax, penalties, and interest due for the taxable year as the income earned by or subject to the management and control of the spouse is to total gross income reportable on the return.

(B) To relieve a spouse of liability below the amount actually paid on the liability prior to the granting of relief, including credit from any other taxable year available for application to the liability.

(2) The liability may be revised only if the spouse whose liability is to be revised establishes that he or she did not know of, and had no reason to know of, the nonpayment at the time the return was filed. For purposes of this paragraph, "reason to know" means whether or not a reasonably prudent person would have had reason to know of the nonpayment.

(3) For purposes of this section, the determination of the spouse to whom items of gross income are attributable shall be made without regard to community property laws.

(4) The determination of the Franchise Tax Board as to whether the liability is to be revised as to one spouse shall be made not less than 30 days after notification of the other spouse and shall be based upon whether, under all of the facts and circumstances surrounding the nonpayment, it would be inequitable to hold the spouse requesting

revision liable for the nonpayment. Any action taken under this section shall be treated as though it were action on a protest taken under Section 19044 and shall become final upon the expiration of 30 days from the date that notice of the action is mailed to both spouses, unless, within that 30-day period, one or both spouses appeal the determination to the board as provided in Section 19045.

(5) This subdivision shall apply to all taxable years subject to the provisions of this part, but shall not apply to any taxable year which has been closed by a statute of limitations, res judicata, or otherwise.

Legislature, for the administrative costs of the Controller incurred under this section.

(c) Money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local law enforcement to provide automated mobile and fixed location fingerprint identification of individuals who may be involved in driving under the influence of alcohol or drugs in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 of the Penal Code or subdivision (c) of Section 192 of the Penal Code, or any combination of those and other vehicle-related crimes, and other crimes committed while operating a motor vehicle.

(d) The data from any program funded pursuant to subdivision (c) shall be made available by the local law enforcement agency to any local public agency that is required by law to obtain a criminal history background of persons as a condition of employment with that local public agency. A local law enforcement agency that provides the data may charge a fee to cover its actual costs in providing that data.

(e) (1) No money collected pursuant to this section shall be used to offset a reduction in any other source of funds for the purposes authorized under this section.

(2) Funds collected pursuant to this section, upon recommendation of local or regional Remote Access Network Boards to the Board of Supervisors, shall be used exclusively for the purchase, by competitive bidding procedures, and the operation of equipment which is compatible with the Department of Justice's Cal-ID master plan, as described in Section 11112.2 of the Penal Code, and the equipment shall interface in a manner that is in compliance with the requirement described in the Criminal Justice Information Services, Electronic Fingerprint Transmission Specification, prepared by the Federal Bureau of Investigation and dated August 24, 1995.

(1) The total revenues received by the county for the fiscal year.

(2) The total expenditures and encumbered funds by the county for the fiscal year. For purposes of this subdivision, "encumbered funds" means funding that is scheduled to be spent pursuant to a determined schedule and for an identified purchase consistent with this section.

(3) Any unexpended or unencumbered fee revenues for the county for the fiscal year.

(4) The estimated annual cost of the purchase, operation, and maintenance of automated mobile and fixed location fingerprint equipment, related infrastructure, law enforcement enhancement

programs, and personnel created or utilized in accordance with this section for the fiscal year. The listing shall detail the make and model number of the equipment, and include a succinct description of the related infrastructure items, law enforcement enhancement programs, and the classification or title of any personnel.

(h) If any funds received by a county pursuant to subdivision (a) are not expended or encumbered in accordance with this section by the close of the fiscal year in which the funds were received, the Controller shall notify the Department of Motor Vehicles to suspend the fee for that county imposed pursuant to subdivision (a) for one year. For purposes of this subdivision, "encumbered funds" means funding that is scheduled to be spent pursuant to a determined schedule and for an identified purchase consistent with this section.

(i) On or before January 1, 2004, and on January 1 annually thereafter, the Controller shall prepare and submit to the Legislature a revenue and expenditure summary based on the information provided pursuant to paragraphs (1) to (3), inclusive, of subdivision (f), for each county that has authorized the collection of the fee pursuant to subdivision (a). The Controller shall attach to the revenue and expenditure summary the documents provided by each county pursuant to paragraphs (4) and (5) of subdivision (f).

(j) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date. No fee imposed pursuant to this section may be collected beyond that date.

The picture may not depict a vehicle with optional equipment or a design not actually offered at the advertised price.

(b) Advertise a vehicle for sale that was used by the selling lessor-retailer in its business as a demonstrator, executive vehicle, service vehicle, rental, loaner, or lease vehicle, unless the advertisement clearly and conspicuously discloses the previous use made by that licensee of the vehicle. (3) If, pursuant to subparagraph (E) of paragraph (1) a motor vehicle is released prior to the conclusion of the impoundment period, neither the person charged with a violation of subdivision (a) of Section 23109 nor the registered owner of the motor vehicle is responsible for towing and storage charges nor shall the motor vehicle be sold to satisfy those charges.

(4) The owner is not liable for any towing and storage charges related to the impoundment if acquittal or dismissal occurs.

(5) The vehicle may not be sold prior to the defendant's conviction.

SEC. 310. Section 1013 of the Water Code is amended to read:

1013. (a) The Imperial Irrigation District, acting under a contract with the United States for diversion and use of Colorado River water or pursuant to the California Constitution or to this chapter, or complying with an order of the Secretary of the Interior, a court, or the board, to reduce through conservation measures, the volume of the flow of water directly or indirectly into the Salton Sea, shall not be held liable for any effects to the Salton Sea or its bordering area resulting from the conservation measures.

(b) For the purposes of this section, and during the term of the Quantification Settlement Agreement as defined in subdivision (a) of Section 1 of Chapter 617 of the Statutes of 2002, "land fallowing conservation measures" means the generation of water to be made available for transfer or for environmental mitigation purposes by fallowing land or removing land from agricultural production regardless of whether the fallowing or removal from agricultural production is temporary or long term, and regardless of whether it occurs in the course of normal and customary agricultural production, if both of the following apply:

(1) The measure is part of a land fallowing conservation plan that includes mitigation provisions adopted by the Board of Directors of the Imperial Irrigation District.

(2) Before the Imperial Irrigation District adopts a land fallowing conservation plan, the district shall consult with the Board of Supervisors of the County of Imperial and obtain the board's assessment

of whether the proposed land fallowing conservation plan includes adequate measures to avoid or mitigate unreasonable economic or environmental impacts in the County of Imperial.

(c) In order to minimize impacts on the environment, during the term of the Quantification Settlement Agreement and for six years thereafter, in any evaluation or assessment of the Imperial Irrigation District's use of water, it shall be conclusively presumed that any water conserved, or used for mitigation purposes, through land fallowing conservation measures has been conserved in the same volume as if conserved by efficiency improvements, such as by reducing canal seepage, canal spills, or surface or subsurface runoff from irrigation fields.

(d) If a party to the Quantification Settlement Agreement engages in water efficiency conservation measures or land fallowing conservation measures to carry out a Quantification Settlement Agreement transfer or to mitigate the environmental impacts of a Quantification Settlement Agreement transfer, there may be no forfeiture, diminution, or impairment of the right of that party to use of the water conserved.

(e) During the period that the Quantification Settlement Agreement is in effect and the Imperial Irrigation District is meeting its water delivery obligations under the Quantification Settlement Agreement, if the Imperial Irrigation District utilizes land fallowing conservation measures that ensure compliance with the criteria of subdivision (c) of Section 2081.7 of the Fish and Game Code for the environmental impacts of a water transfer to implement the Quantification Settlement Agreement, no person or local agency, as defined in Section 21062 of the Public Resources Code, may seek to obtain additional conserved Colorado River water from the district, voluntarily or involuntarily, until the district has adopted a resolution offering to make conserved Colorado River water available.

(g) This section may not be construed to exempt the Imperial Irrigation District from any requirement established under the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

12994. (a) The Legislature finds and declares all of the following:

(1) The CALFED Bay-Delta Program has identified as a core action the need for emergency levee management planning for delta levees to improve system reliability.

(2) Even with active levee maintenance, the threat of delta levee failures from earthquake, flood, or poor levee foundation, will continue to exist.

(3) Because of this threat of failure, and the potential need to mobilize people and equipment in an emergency to protect delta levees and public benefits, the department needs authority that will enable it to act quickly.

(b) The department may do all of the following:

(1) In an emergency, as defined by Section 21060.3 of the Public Resources Code, that requires immediate levee work to protect public benefits in the delta, the department may use funds pursuant to this part without prior approval of a plan by the board or the Department of Fish and Game, in which case the requirements of Sections 12314 and 12987, and the memorandum of understanding pursuant to Section 12307, shall be carried out as soon as possible.

(A) The amount of funds that may be expended each year on emergency levee work under this section shall not be greater than two hundred thousand dollars (\$200,000) and the amount that may be expended per emergency levee site shall not be greater than fifty thousand dollars (\$50,000). incurred, and plans for future work at the site, including any necessary mitigation.

(D) This section is intended to supplement emergency services provided by the state or the United States. Nothing in this section overrides or supersedes the authority of the Director of the Office of Emergency Services under the California Emergency Services Act (Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code) or the Disaster Assistance Act (Chapter 7.5 (commencing with Section 8680) of Division 1 of Title 2 of the Government Code).

The plan is exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The plan may include recommendations of the multiagency response team established pursuant to paragraph (3) and may include, but not be limited to, the following:

(b) The state board and regional boards shall take all reasonable steps necessary to accommodate responsible landowner participation in the

cleanup or site closure process and shall consider all input and recommendations from any responsible landowner wishing to participate.

(c) In addition to the requirements of subdivision (a), if the state board or the regional board finds that the property is not suitable for unrestricted use and that a land use restriction is necessary for the protection of public health, safety, or the environment, then the state board and the regional boards may not issue a closure letter, or make a determination that no further action is required, with respect to a site that is subject to a cleanup or abatement order pursuant to Section 13304 and that is not an underground storage tank site, unless a land use restriction is recorded or required to be recorded pursuant to Section 1471 of the Civil Code.

(D) That the person who is the subject of the petition has the right to be represented by counsel in all stages of the proceeding under the petition, in accordance with subdivision (c).

(5) The petition shall be accompanied by an affidavit of a licensed mental health treatment provider designated by the local mental health director who shall state, if applicable, either of the following:

(A) That the licensed mental health treatment provider has personally examined the person who is the subject of the petition no more than 10 days prior to the submission of the petition, the facts and reasons why the person who is the subject of the petition meets the criteria in subdivision (a), that the licensed mental health treatment provider recommends assisted outpatient treatment for the person who is the subject of the petition, and that the licensed mental health treatment provider is willing and able to testify at the hearing on the petition.

(B) That no more than 10 days prior to the filing of the petition, the licensed mental health treatment provider, or his or her designee, has made appropriate attempts to elicit the cooperation of the person who is the subject of the petition, but has not been successful in persuading that person to submit to an examination, that the licensed mental health treatment provider has reason to believe that the person who is the subject of the petition meets the criteria for assisted outpatient treatment, and that the licensed mental health treatment provider is willing and able to examine the person who is the subject of the petition and testify at the hearing on the petition.

(c) The person who is the subject of the petition shall have the right to be represented by counsel at all stages of a proceeding commenced under this section. If the person so elects, the court shall immediately appoint the public defender or other attorney to assist the person in all stages of the proceedings. The person shall pay the cost of the legal services if he or she is able.

(d) (1) Upon receipt by the court of a petition submitted pursuant to subdivision (b), the court shall fix the date for a hearing at a time not later than five days from the date the petition is received by the court, excluding Saturdays, Sundays, and holidays. The petitioner shall promptly cause service of a copy of the petition, together with written notice of the hearing date, to be made personally on the person who is the subject of the petition, and shall send a copy of the petition and notice to the county office of patient rights, and to the current health care provider appointed for the person who is the subject of the petition, if any such provider is known to the petitioner. Continuances shall be permitted only for good cause shown. In granting continuances, the court shall consider the need for further examination by a physician or the potential need to provide expeditiously assisted outpatient treatment. Upon the hearing date, or upon any other date or dates to which the proceeding may be continued, the court shall hear testimony. If it is deemed advisable by the court, and if the person who is the subject of the petition is available and has received notice pursuant to this section, the court may examine in or out of court the person who is the subject of the petition who is alleged to be in need of assisted outpatient treatment. If the person who is the subject of the petition does not appear at the hearing, and appropriate attempts to elicit the attendance of the person have failed, the court may conduct the hearing in the person's absence. If the hearing is conducted without the person present, the court shall set forth the factual basis for conducting the hearing without the person's presence.

(2) The court shall not order assisted outpatient treatment unless an examining licensed mental health treatment provider, who has personally examined, and has reviewed the available treatment history of, the person who is the subject of the petition within the time period commencing 10 days before the filing of the petition, testifies in person at the hearing.

(3) If the person who is the subject of the petition has refused to be examined by a licensed mental health treatment provider, the court may request that the person consent to an examination by a licensed mental health treatment provider appointed by the court. If the person who is the subject of the petition does not consent and the court finds reasonable cause to believe that the allegations in the petition are true, the court may order any person designated under Section 5150 to take into custody the

person who is the subject of the petition and transport him or her, or cause him or her to be transported, to a hospital for examination by a licensed mental health treatment provider as soon as is practicable. Detention of the person who is the subject of the petition under the order may not exceed 72 hours. If the examination is performed by another licensed mental health treatment provider, the examining licensed mental health treatment provider may consult with the licensed mental health treatment provider whose affirmation or affidavit accompanied the petition regarding the issues of whether the allegations in the petition are true and whether the person meets the criteria for assisted outpatient treatment.

(4) The person who is the subject of the petition shall have all of the following rights:

(A) To adequate notice of the hearings to the person who is the subject of the petition, as well as to parties designated by the person who is the subject of the petition.

(B) To receive a copy of the court-ordered evaluation.

(C) To counsel. If the person has not retained counsel, the court shall appoint a public defender.

(D) To be informed of his or her right to judicial review by habeas corpus.

(E) To be present at the hearing unless he or she waives the right to be present.

(F) To present evidence.

(G) To call witnesses on his or her behalf.

(H) To cross-examine witnesses.

(I) To appeal decisions, and to be informed of his or her right to appeal.

(5) (A) If after hearing all relevant evidence, the court finds that the person who is the subject of the petition does not meet the criteria for assisted outpatient treatment, the court shall dismiss the petition.

(B) If after hearing all relevant evidence, the court finds that the person who is the subject of the petition meets the criteria for assisted outpatient treatment, and there is no appropriate and feasible less restrictive alternative, the court may order the person who is the subject of the petition to receive assisted outpatient treatment for an initial period not to exceed six months. In fashioning the order, the court shall specify that the proposed treatment is the least restrictive treatment appropriate and feasible for the person who is the subject of the petition. The order shall state the categories of assisted outpatient treatment, as set forth in Section 5348, that the person who is the subject of the petition is to receive, and the court may not order treatment that has not been recommended by the examining licensed mental health treatment provider and included in the written treatment plan for assisted

outpatient treatment as required by subdivision (e). If the person has executed an advance health care directive pursuant to Chapter 2 (commencing with Section 4650) of Part 1 of Division 4.7 of the Probate Code, any directions included in the advance health care directive shall be considered in formulating the written treatment plan.

(6) If the person who is the subject of a petition for an order for assisted outpatient treatment pursuant to subparagraph (B) of paragraph (5) of subdivision (d) refuses to participate in the assisted outpatient treatment program, the court may order the person to meet with the assisted outpatient treatment team designated by the director of the assisted outpatient treatment program. The treatment team shall attempt to gain the person's cooperation with treatment ordered by the court. The person may be subject to a 72-hour hold pursuant to subdivision (f) only after the treatment team has attempted to gain the person's cooperation with treatment ordered by the court, and has been unable to do so.

(e) Assisted outpatient treatment shall not be ordered unless the licensed mental health treatment provider recommending assisted outpatient treatment to the court has submitted to the court a written treatment plan that includes services as set forth in Section 5348, and the court finds, in consultation with the county mental health director, or his or her designee, all of the following:

(1) That the services are available from the county, or a provider approved by the county, for the duration of the court order.

(2) That the services have been offered to the person by the local director of mental health, or his or her designee, and the person has been given an opportunity to participate on a voluntary basis, and the person has failed to engage in, or has refused, treatment.

(3) That all of the elements of the petition required by this article have been met.

(4) That the treatment plan will be delivered to the county director of mental health, or to his or her appropriate designee.

(f) If, in the clinical judgment of a licensed mental health treatment provider, the person who is the subject of the petition has failed or has refused to comply with the treatment ordered by the court, and, in the clinical judgment of the licensed mental health treatment provider, efforts were made to solicit compliance, and, in the clinical judgment of the licensed mental health treatment provider, the person may be in need of involuntary admission to a hospital for evaluation, the provider may request that persons designated under Section 5150 take into custody the person who is the subject of the petition and transport him or her, or cause him or her to be transported, to a hospital, to be held up to 72 hours for examination by a licensed mental health treatment provider to determine if the person is in need of treatment pursuant to Section 5150. Any continued involuntary retention in a hospital beyond the initial 72-hour

period shall be pursuant to Section 5150. If at any time during the 72-hour period the person is determined not to meet the criteria of Section 5150, and does not agree to stay in the hospital as a voluntary patient, he or she shall be released and any subsequent involuntary detention in a hospital shall be pursuant to Section 5150. Failure to comply with an order of assisted outpatient treatment alone may not be grounds for involuntary civil commitment or a finding that the person who is the subject of the petition is in contempt of court.

(g) If the director of the assisted outpatient treatment program determines that the condition of the patient requires further assisted outpatient treatment, the director shall apply to the court, prior to the expiration of the period of the initial assisted outpatient treatment order, for an order authorizing continued assisted outpatient treatment for a period not to exceed 180 days from the date of the order. The procedures for obtaining any order pursuant to this subdivision shall be in accordance with subdivisions (a) to (f), inclusive. The period for further involuntary outpatient treatment authorized by any subsequent order under this subdivision may not exceed 180 days from the date of the order.

(h) At intervals of not less than 60 days during an assisted outpatient treatment order, the director of the outpatient treatment program shall file an affidavit with the court that ordered the outpatient treatment affirming that the person who is the subject of the order continues to meet the criteria for assisted outpatient treatment. At these times, the person who is the subject of the order shall have the right to a hearing on whether or not he or she still meets the criteria for assisted outpatient treatment if he or she disagrees with the director's affidavit. The burden of proof shall be on the director.

(i) During each 60-day period specified in subdivision (h), if the person who is the subject of the order believes that he or she is being wrongfully retained in the assisted outpatient treatment program against his or her wishes, he or she may file a petition for a writ of habeas corpus, thus requiring the director of the assisted outpatient treatment program to prove that the person who is the subject of the order continues to meet the criteria for assisted outpatient treatment.

(j) Any person ordered to undergo assisted outpatient treatment pursuant to this article, who was not present at the hearing at which the order was issued, may immediately petition the court for a writ of habeas corpus. Treatment under the order for assisted outpatient treatment may not commence until the resolution of that petition.

SEC. 327. Section 5405 of the Welfare and Institutions Code is amended to read:

5405. (a) This section shall apply to each facility licensed by the State Department of Mental Health, or its delegated agent, on or after

January 1, 2003. For purposes of this section, "facility" includes psychiatric health facilities, as defined in Section 1250.2 of the Health and Safety Code, licensed pursuant to Chapter 9 (commencing with Section 77001) of Division 5 of Title 22 of the California Code of Regulations and mental health rehabilitation centers licensed pursuant to Chapter 3.5 (commencing with Section 781.00) of Division 1 of Title 9 of the California Code of Regulations.

(b) (1) (A) Prior to the initial licensure or first renewal of a license on or after January 1, 2003, of any person to operate or manage a facility specified in subdivision (a), the department shall submit fingerprint images and related information pertaining to the applicant or licensee to the Department of Justice for purposes of a criminal record check, as specified in paragraph (2), at the expense of the applicant or licensee. The Department of Justice shall provide the results of the criminal record check to the department. The department shall determine whether the applicant or licensee has ever been convicted of a crime specified in subdivision (c). The department shall submit fingerprint images and related information each time the position of administrator, manager, program director, or fiscal officer of a facility is filled and prior to actual employment for initial licensure or an individual who is initially hired on or after January 1, 2003. For purposes of this subdivision, "applicant" and "licensee" include the administrator, manager, program director, or fiscal officer of a facility.

(B) Commencing January 1, 2003, upon the employment of any direct care staff the department shall submit fingerprint images and related information pertaining to the direct care staff person to the Department of Justice for purposes of a criminal record check, as specified in paragraph (2), at the expense of the direct care staff person or licensee. The Department of Justice shall provide the results of the criminal record check to the department. The department shall determine whether the direct care staff person has ever been convicted of a crime specified in subdivision (c). The department shall notify the licensee of these results.

(C) Commencing January 1, 2003, any contract for services provided directly to patients or residents shall contain provisions to ensure that the direct services contractor submits to the department fingerprint images and related information pertaining to the direct services contractor for submission to the Department of Justice for purposes of a criminal record check, as specified in paragraph (2), at the expense of the direct services contractor or licensee. The Department of Justice shall provide the results of the criminal record check to the department. The department shall determine whether the direct services contractor has ever been convicted of a crime specified in subdivision (c). The department shall notify the licensee of these results.

(2) If the applicant, licensee, direct care staff person, or direct services contractor specified in paragraph (1) has resided in California for at least the previous seven years, the department shall only require the submission of one set of fingerprint images and related information. The Department of Justice shall charge a fee sufficient to cover the reasonable cost of processing the fingerprint submission. Fingerprints submitted pursuant to this subdivision include fingerprints taken by the use of live scan technology. When requested, the Department of Justice shall forward one set of fingerprint images to the Federal Bureau of Investigation for the purpose of obtaining any record of previous convictions or arrests pending adjudication of the applicant, licensee, direct care staff person, or direct services contractor. The results of a criminal record check provided by the Department of Justice shall contain every conviction rendered against an applicant, licensee, direct care staff person, or direct services contractor, and every offense for which the applicant, licensee, direct care staff person, or direct services contractor is presently awaiting trial, whether the person is incarcerated or has been released on bail or on his or her own recognizance pending trial. The department shall request subsequent arrest notification from the Department of Justice pursuant to Section 11105.2 of the Penal Code.

(c) (1) The department shall deny any application for any license, suspend or revoke any existing license, and disapprove or revoke any employment or contract for direct services, if the applicant, licensee, employee, or direct services contractor has been convicted of, or incarcerated for, a felony defined in subdivision (c) of Section 667.5 of, or subdivision (c) of Section 1192.7 of, the Penal Code, within the preceding 10 years.

(2) The application for licensure or renewal of any license shall be denied, and any employment or contract to provide direct services shall be disapproved or revoked, if the criminal record of the person includes a conviction in another jurisdiction for an offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses referred to in paragraph (1).

(d) (1) The department may approve an application for, or renewal of, a license, or continue any employment or contract for direct services, if the person has been convicted of a misdemeanor offense that is not a crime upon the person of another, the nature of which has no bearing upon the duties for which the person will perform as a licensee, direct care staff person, or direct services contractor. In determining whether to approve the application, employment, or contract for direct services, the department shall take into consideration the factors enumerated in paragraph (2).

(2) Notwithstanding subdivision (c), if the criminal record of a person indicates any conviction other than a minor traffic violation, the

department may deny the application for license or renewal, and may disapprove or revoke any employment or contract for direct services. In determining whether or not to deny the application for licensure or renewal, or to disapprove or revoke any employment or contract for direct services, the department shall take into consideration the following factors:

(A) The nature and seriousness of the offense under consideration and its relationship to the person's employment, duties, and responsibilities.

(B) Activities since conviction, including employment or participation in therapy or education, that would indicate changed behavior.

(C) The time that has elapsed since the commission of the conduct or offense and the number of offenses.

(D) The extent to which the person has complied with any terms of parole, probation, restitution, or any other sanction lawfully imposed against the person.

(E) Any rehabilitation evidence, including character references, submitted by the person.

(F) Employment history and current employer recommendations.

(G) Circumstances surrounding the commission of the offense that would demonstrate the unlikelihood of repetition.

(H) The granting by the Governor of a full and unconditional pardon.

(I) A certificate of rehabilitation from a superior court.

(e) Denial, suspension, or revocation of a license, or disapproval or revocation of any employment or contract for direct services specified in subdivision (c) and paragraph (2) of subdivision (d) are not subject to appeal, except as provided in subdivision (f).

(f) After a review of the record, the director may grant an exemption from denial, suspension, or revocation of any license, or disapproval of any employment or contract for direct services, if the crime for which the person was convicted was a property crime that did not involve injury to any person and the director has substantial and convincing evidence to support a reasonable belief that the person is of such good character as to justify issuance or renewal of the license or approval of the employment or contract.

(g) A plea or verdict of guilty, or a conviction following a plea of nolo contendere shall be deemed a conviction within the meaning of this section. The department may deny any application, or deny, suspend, or revoke a license, or disapprove or revoke any employment or contract for direct services based on a conviction specified in subdivision (c) when the judgment of conviction is entered or when an order granting probation is made suspending the imposition of sentence.

(h) (1) For purposes of this section, "direct care staff" means any person who is an employee, contractor, or volunteer who has contact

with other patients or residents in the provision of services. Administrative and licensed personnel shall be considered direct care staff when directly providing program services to participants.

(2) An additional background check shall not be required pursuant to this section if the direct care staff or licensee has received a prior criminal history background check while working in a mental health rehabilitation center or psychiatric health facility licensed by the department, and provided the department has maintained continuous subsequent arrest notification on the individual from the Department of Justice since the prior criminal background check was initiated.

(3) When an application is denied on the basis of a conviction pursuant to this section, the department shall provide the individual whose application was denied with notice, in writing, of the specific grounds for the proposed denial.

SEC. 328. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, and notwithstanding the minimum basic standards of adequate care specified in Section 11452, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1, averaged for the prospective quarter pursuant to Sections 11265.2 and 11265.3, and then calculated pursuant to Section 11451.5, shall be deducted from the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2). In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2), plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	\$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother for the month in which the birth is anticipated and for the three-month period immediately prior to the month in which the birth is anticipated in the amount that would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child, if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision. Aid shall also be paid to a pregnant woman with no other children in the amount which would otherwise be paid to one person under subdivision (a) at any time after verification of pregnancy if the pregnant woman is also eligible for the Cal-Learn Program described in Article 3.5 (commencing with Section 11331) and if the mother, and child, if born, would have qualified for aid under this chapter.

(c) The amount of forty-seven dollars (\$47) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child, if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars (\$10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars (\$100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars (\$600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent

eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(A) (i) A nonrecurring special need of forty dollars (\$40) a day shall be available to families for the costs of temporary shelter, subject to the requirements of this paragraph. County welfare departments may increase the daily amount available for temporary shelter to large families as necessary to secure the additional bed space needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence.

The last month's rent portion of the payment (1) shall not exceed 80 percent of the family's maximum aid payment without special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's maximum aid payment without special needs for a family of that size, in accordance with the maximum aid schedule specified in subdivision (a).

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) (i) Except as provided in clauses (ii) and (iii), eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to one period of up to 16 consecutive calendar days of temporary assistance and one payment of permanent assistance. Any family that includes a parent or nonparent caretaker relative living in the home who has previously received temporary or permanent homeless assistance at any time on behalf of an eligible child shall not be eligible for further homeless assistance. Any person who applies for homeless assistance benefits shall be informed that the temporary shelter benefit of up to 16 consecutive days is available only once in a lifetime, with certain exceptions, and that a break in the consecutive use of the benefit constitutes permanent exhaustion of the temporary benefit.

(ii) A family that becomes homeless as a direct and primary result of a state or federally declared natural disaster shall be eligible for temporary and permanent homeless assistance.

(iii) A family shall be eligible for temporary and permanent homeless assistance when homelessness is a direct result of domestic violence by a spouse, partner, or roommate; physical or mental illness that is medically verified that shall not include a diagnosis of alcoholism, drug addiction, or psychological stress; or, the uninhabitability of the former residence caused by sudden and unusual circumstances beyond the control of the family including natural catastrophe, fire, or condemnation. These circumstances shall be verified by a third-party governmental or private health and human services agency and homeless assistance payments based on these specific circumstances may not be received more often than once in any 12-month period. A county may require that a recipient of homeless assistance benefits who qualifies under this paragraph for a second time in a 24-month period participate in a homelessness avoidance case plan as a condition of eligibility for homeless assistance benefits.

(iv) The county welfare department shall report to the department through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 12-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

(j) For children receiving Kin-GAP pursuant to Article 4.5 (commencing with Section 11360) of Chapter 2, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month, which, when added to the child's income, is equal to the rate specified in Section 11364.

SEC. 329. Section 11451.5 of the Welfare and Institutions Code is amended to read:

11451.5. (a) Except as provided by subdivision (f) of Section 11322.6, the following income, averaged over the quarter pursuant to Sections 11265.2 and 11265.3, shall be exempt from the calculation of the income of the family for purposes of subdivision (a) of Section 11450:

(1) If disability-based unearned income does not exceed two hundred twenty-five dollars (\$225), both of the following amounts:

(A) All disability-based unearned income plus any amount of not otherwise exempt earned income equal to the amount of the difference between the amount of disability-based unearned income and two hundred twenty-five dollars (\$225).

(B) Fifty percent of all not otherwise exempt earned income in excess of the amount applied to meet the differential applied in subparagraph (A).

(2) If disability-based unearned income exceeds two hundred twenty-five dollars (\$225), both of the following amounts:

(A) All of the first two hundred twenty-five dollars (\$225) in disability-based unearned income.

(B) Fifty percent of all earned income.

(b) For purposes of this section:

(2) Disability-based unearned income means state disability insurance benefits, private disability insurance benefits, temporary workers' compensation benefits, and social security disability benefits.

(3) Unearned income means any income not described in paragraph (1) or (2).

SEC. 330. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986-87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months

or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the field work portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under the provisions of Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider,

and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed

children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for fiscal year 2002–03 is:

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03 fiscal year shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the California Code of Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998-99, 1999-2000, and 2000-01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by

that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(l) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group home care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 331. Section 14105.95 of the Welfare and Institutions Code is amended to read:

(3) The supplemental Medi-Cal reimbursement provided by this section shall be distributed under a payment methodology based on adult day health services provided to Medi-Cal patients at the eligible facility, either on a per-visit basis or any other federally permissible basis. The department shall seek approval from the federal Centers for Medicare and Medicaid Services for the payment methodology to be utilized, and may not make any payment pursuant to this section prior to obtaining that approval.

(g) (1) The department shall promptly seek any necessary federal approvals for the implementation of this section. If necessary to obtain federal approval, the department may limit the program to those costs that are allowable expenditures under Title XIX of the federal Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code). If federal approval is not obtained for implementation of this section, this section shall become inoperative.

(2) The department shall submit claims for federal financial participation for the expenditures for the services described in subdivision (e) that are allowable expenditures under federal law.

(h) All funds expended pursuant to this section are subject to review and audit by the department.

(i) This section shall become inoperative in the event, and on the date, of a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services that the supplemental reimbursement provided in this section must be made to any facility not described in this section.

(1) The supplemental reimbursement to an eligible facility, as described in subdivision (b), shall be equal to the amount of federal financial participation received as a result of the claims submitted pursuant to paragraph (2) of subdivision (g).

(2) In no instance shall the amount certified pursuant to paragraph (1) of subdivision (e), when combined with the amount received from all other sources of reimbursement from the Medi-Cal program, exceed 100 percent of projected costs, as determined pursuant to the Medi-Cal State Plan, for outpatient services at each facility.

(3) The supplemental Medi-Cal reimbursement provided by this section shall be distributed under a payment methodology based on outpatient services provided to Medi-Cal patients at the eligible facility, either on a per-visit basis, per-procedure basis, or any other federally permissible basis. SEC. 337. Section 13 of Chapter 1449 of the Statutes of 1951 is amended to read:

Sec. 13. The board shall have all of the following powers, in any year:

(a) Subject to Article XIII A and Article XIII C of the California Constitution, to levy special taxes pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, in each or any of the zones and participating zones to pay the cost and expenses of carrying out, constructing, maintaining, operating, extending, repairing or otherwise improving, carrying out, or completing any project established or to be established within or on behalf of the respective zones.

(b) Subject to Article XIII A and Article XIII C of the California Constitution, if as part of cooperation with any of the governmental bodies, as authorized in paragraph (7) of Section 5, a contract is entered into with any governmental body for the purposes set forth in that paragraph by the terms of which a project or any portion thereof is agreed to be performed by any governmental body in any specified zone or participating zones for the particular benefit thereof and in the contract

it is agreed that the district is to pay the governmental body a sum of money for the performance of the project by the governmental body, the board may levy and collect a special tax pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, including a special tax upon the property in the zone or participating zones to raise funds to enable the district to make the payment, in addition to any other taxes or assessments authorized by this act.

(c) (1) Subject to Article XIII D of the California Constitution, to levy assessments pursuant to Section 53753 of the Government Code, upon all property in each or any zones, according to the benefits derived or to be derived by the specific properties assessed, to pay the cost and expenses of a project or projects carrying out any of the objects or purposes of this act of particular benefit to the zone or zones.

(2) For purposes of this subdivision, all of the following apply:

(A) The particular benefit conferred by drainage or flood control projects, including the maintenance thereof on the property so assessed as compared to all property within the district may be determined, in the discretion of the board in regard to each project and affected zone, by any reasonable method including, but not limited to, the proportionate stormwater runoff from the assessed property in light of the actual use and state of improvement of the property at the time of the assessment. However, no assessment based solely on proportionate stormwater runoff shall be levied on any property which exists and is used only as unimproved open space. If the project provides protection against flooding in a floodway or floodplain designated in a general or specific plan of the County of Napa or any city therein or a floodplain area or flood-risk zone established by the Secretary of Housing and Urban Development of the United States pursuant to Section 4101, et seq. of Title 42 of the United States Code, the fact that a lot or parcel of property is located within the floodway, floodplain, or flood-risk area shall be conclusive evidence that it will derive special benefit from the project as compared to properties in participating zones which are not located in those areas. Assessments based on the special benefit may be levied on lots and parcels of property in the specially benefited zone, in addition to assessments determined on the basis of proportionate stormwater runoff that may be levied in each of the participating zones.

(B) (i) The power of the board to levy assessments under this subdivision expressly includes, but is not limited to, the power to levy assessments in accordance with the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) and the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) and to issue bonds under the Improvement Act of 1911 (Division 7 (commencing

with Section 5000) of the Streets and Highways Code) and the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code). Those acts, or any of them, may be used in the discretion of the board to generate revenue to pay for the costs, including financing and interest costs, of any project under this act, and for the issuance of bonds to pay for the costs of that project.

(ii) Division 4 (commencing with Section 2800) and Division 4.5 (commencing with Section 3100) of the Streets and Highways Code do not apply to proceedings taken by the district under this subparagraph, except that Division 4.5 may be applied to any proceedings in the discretion of the board.

(iii) Any diagram prepared for purposes of any action taken under the acts described in this subparagraph may refer to the county assessor's maps for a detailed description of the lines and dimensions of any lots or parcels, in which case, those maps shall govern for all details concerning the lines and dimensions of those lots or parcels.

(C) Assessments levied to pay the annual costs of nonbonded obligations of the district for specific zone projects or for maintenance of joint projects whose construction was funded by bonds issued by another participating governmental entity shall be levied only in accordance with Section 13.5.

(d) Subject to Article XIII D of the California Constitution, to fix by resolution and to collect fees or charges for any services that the district is authorized to provide under this act that specifically benefit the person, entity, or property charged. These services include, but are not limited to, investigations or studies conducted in connection with the processing by any public entity of a public or private development project or land division, or for copies of any public records. However, the fees or charges shall not exceed the reasonable cost to the district of providing the service and the service shall be provided by the district either upon request by the person, entity, or property owner charged or shall be provided to, and at the request of, a public entity, other than the district, for use in connection with the evaluation by that public entity of a request for development or other entitlement for use of land that has been made by the person, entity, or property owner that is charged the fee or charge.

(e) All special taxes and assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from the special taxes or assessments shall be paid into the county treasury to the credit of the district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for those purposes. However, no revenues, or portions thereof, derived in any of the several zones from the special

taxes or assessments shall be expended for projects located in, or conferring benefit upon, any other zone, except in the case of joint projects, or for projects authorized or established outside the zone, or zones, but for the benefit thereof.

SEC. 338. Section 13.5 of Chapter 1449 of the Statutes of 1951 is amended to read:

Sec. 13.5. (a) All assessments levied to fund the nonbonded portion of any project that has been approved for a zone or participating zones in accordance with Section 12 shall be levied annually in accordance with the following procedures, if the assessment and methodology were approved prior to July 1, 1997:

(1) For each fiscal year in which an assessment is to be imposed under this section, the board shall first cause a written report to be prepared in compliance with Section 10 and filed with the secretary of the district for submission to the board for approval.

(2) Upon receipt, the secretary of the district shall cause notice of the filing of the report and of a time, date, and place of hearing thereon to be published pursuant to Section 6066 of the Government Code, posted in at least three public places within the affected zones and participating zones, and mailed or otherwise delivered to any city located within or partially within the zones and participating zones.

(3) Following the public hearing on the report, the board shall approve, approve with modifications, or reject the report. If the report is rejected, the board may, in its discretion, abandon the assessment process for that fiscal year or may return the report to the engineer or district staff for further work.

(4) After approval of the report, either as filed or as modified, the board shall adopt a resolution of intention to levy assessments under this section. The resolution of intention shall include all of the following:

(A) Declare the intention of the board to levy and collect assessments within the designated zones for the fiscal year therein stated, except that it shall not impose an assessment upon a federal or state governmental agency or another local agency except with the consent of that agency.

(B) Generally describe the project. If the project was previously approved by the board, existing components shall be described.

(C) Refer to the affected zone or participating zones by their distinctive designations and indicate the general location of the zone or zones.

(D) Refer to the report of the engineer prepared and filed under this section for a full and detailed description of the project, the location of the benefitted zones, and the proposed assessments on assessable property within the district.

(E) Set the date, time, and place for hearing by the board on the levy of the proposed assessments and, if the assessments are to be increased

from the previous year. Also set the date, time, and place for a public meeting to be held on the proposed assessments prior to the public hearing.

(F) If the assessment is for an existing project, state whether the assessment will be increased from the previous year.

(5) Notice of the hearing on the levy of the assessments shall include a copy of the resolution of intention and shall indicate the right of registered voters residing within and landowners owning assessable property within the affected zones to file written protests prior to or at the hearing. The notice shall be given as follows:

(A) If the assessments are to be levied in the same or lesser amounts than in any previous year, the secretary of the district shall give notice of the hearing by causing the resolution of intention to be published pursuant to Section 6061 of the Government Code.

(B) If assessments are to be increased from the previous year, notice of the public meeting and public hearing required by Section 54954.6 of the Government Code shall be mailed as provided in subdivision (c) of that section.

(C) If the projects for which the assessments are to be levied or any of the assessable property is located within a city or town within the district, notice of the public hearing and, if applicable, the public meeting held under subdivision (c) of Section 54954.6 of the Government Code, shall also be mailed or personally delivered to the chief administrative officer of the city at least 10 days prior to the public hearing.

(6) (A) If, at the conclusion of the public hearing, the board finds that written protests filed at or before the time of the hearing are signed by more than 25 percent of the registered voters residing within the affected zone or the owners of more than 25 percent of the area of land subject to assessment located in each affected zone, based upon those acreages shown on the latest county assessment records, and the protests have not been withdrawn prior to the time of closure of the public hearing so as to reduce the protest in each zone below that percentage, then the board shall either abandon the proceedings, or by duly adopted resolution, submit the proposed assessments to the qualified electors in the zone from which the protest was received and not so reduced. The board shall not proceed further with the proceedings as to that zone unless a majority of the votes cast at the election in the zone are in favor of the levy of the assessments. The election shall be held in accordance with the Uniform District Election Law (Part 4 (commencing with Section 10500) of Division 10 of the Elections Code).

(B) The board may approve the assessment unless the board finds that written protests filed at or before the time of the hearing are signed by more than 25 percent of the registered voters residing within the affected

zone, or the owners of more than 25 percent of the real property subject to assessment located in the affected zone, based upon those averages shown on the latest county assessment records, and those protests have not been withdrawn prior to the time of closure of the public hearing so as to reduce the protest in each zone below that percentage. If a protest is received and not withdrawn, the assessment shall be withdrawn. The board may, at its discretion, reduce the amount of the assessments or abandon the proceedings.

(7) If the board abandons the proceedings rather than call an election, or if the proposition fails passage, the board shall not initiate similar proceedings within a period of six months from the date of adoption of the resolution ordering abandonment or the date of the election.

(8) If the proposed levy is not abandoned by the board voluntarily, or, as a result of receipt of a qualified 25 percent protest under paragraph (6), or, if the matter is set for election, by receipt of less than majority approval by the voters, the board shall, by resolution adopted following the public hearing or, if the proposition is approved at an election, by resolution adopted by the board upon certification of the election results, approve, impose, and levy the assessments for the next fiscal year.

(9) Following the approval of the resolution levying the assessments, the board may order any particular assessment levied under this section to be corrected, canceled, or refunded if the assessment was imposed in error and the nature of the error could not have been reasonably ascertained by the board or the property owner prior to the action of the board imposing the assessment. Application for correction, cancellation, or refund under this paragraph shall be made in accordance with those procedures for appeal prescribed by resolution of the board, except that the time period prescribed by that resolution for filing a notice of appeal shall commence to run no earlier than the first date when the property owner reasonably could have known that the assessment was imposed in error.

(b) The imposition of an assessment pursuant to a methodology approved on or after July 1, 1997, for the purpose of funding a project pursuant to Section 12 shall be approved in accordance with Article XIII D of the California Constitution, and Section 53753 of the Government Code.

SEC. 339. Section 14 of Chapter 1449 of the Statutes of 1951 is amended to read:

Sec. 14. (a) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any project in any zone or zones, and the board does not choose to finance the project in accordance with the procedures set forth in any of the acts, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money

necessary for each project and the denomination and maximum rate of interest of the bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the recorder of Napa County within five days after its issuance.

(b) After the filing for record of the certified copy of the resolution specified in subdivision (a), the board may call a special bond election in the zone or participating zones at which shall be submitted to the qualified electors of the zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in the resolution and for the purpose or purposes therein stated. The bonds and the interest thereon shall be paid from revenue derived from taxes levied as provided in this act.

(c) The board shall call the special bond election by ordinance and submit to the qualified electors of the zone or participating zones the preparation of incurring a bonded debt in the zone or participating zones in the amount and for the purposes stated in the resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred. It shall be sufficient to give a brief, general description of the objects and purposes and refer to the recorded copy of the resolution for particulars. The ordinance shall also state the estimated cost of the proposed project, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness, and shall fix the date on which the election shall be held and the form and contents of the ballot to be used. For the purposes of the election, the board shall in the ordinance establish special bond election precincts within the boundaries of each zone and participating zones and may form election precincts by consolidating the precincts established for general elections in the district to a number not exceeding six general precincts for each special bond election precinct, and shall designate a polling place and appoint one inspector, one judge, and one clerk for each of the special bond election precincts.

(d) In all particulars not recited in the ordinance, the bond election shall be held as nearly as practicable in accordance with the Uniformed District Election Law (Part 4 (commencing with Section 10500) of Division 10 of the Elections Code).

(e) The board shall cause a map or maps to be prepared generally describing the project and showing the location of the proposed project and area to be benefited thereby and shall cause the map to be posted in a prominent public place in the county seat of the County of Napa for public inspection for at least 30 days before the date fixed for the election.

(f) The ordinance calling for the bond election shall, prior to the date set for the election, be published pursuant to Section 6066 of the Government Code in a newspaper of general circulation circulated in

each zone and participating zones affected. The last publication of the ordinance shall be at least 14 days before the election. If there is no newspaper, then the ordinance shall be posted in five public places designated by the board in each zone and participating zones for at least 30 days before the date fixed for the election.

(g) Any defect or irregularity in the proceedings prior to the calling of the special bond election shall not affect the validity of the bonds authorized by the election. Where a project affects a single zone only, if at the election two-thirds of the votes cast in the zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for the zone for the amounts stated in the proceedings shall be issued and sold as provided in this act. Where the incurring of a bonded indebtedness by participating zones is to be determined at the election, no bonds for any of the participating zones shall be issued or sold unless two-thirds of the votes cast on the proposition in each participating zone are in favor of incurring a bonded indebtedness to be undertaken by the zone.

SEC. 345. Section 1 of Chapter 1060 of the Statutes of 2002 is amended to read:

Section 1. The Legislature finds and declares all of the following:

(a) The year 2002 marks the 30th anniversary of the enactment of Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.), a federal statute that prohibits sex discrimination in schools and other educational programs receiving federal funds. Title IX applies to all aspects of educational opportunities, but is especially well known for its success in opening the door to athletics for women and girls.

(b) Title IX requires affected schools and programs to do the following: offer male and female students equal opportunities to play sports; treat male and female athletes fairly; and give male and female athletes their fair share of athletic scholarship money.

(c) Prior to the enactment of Title IX, only one in 27 girls participated in high school sports, compared to one in two boys.

(d) In 2000–01, 2,784,154 girls or 41.5 percent of the total number of participants and 3,921,069 boys or 58.5 percent of the total number of participants played high school sports in this country according to the National Federation of State High School Associations. In 1972, there were only 294,015 girls participating on athletic teams in the whole country.

(e) In California, there were 271,203 girls or 41.3 percent of the total number of participants and 386,037 boys or 58.7 percent of the total number of participants competing in interscholastic sports in 2000–01.

(f) At California's 103 community colleges with athletic programs, there were 7,623 female athletes or 36 percent of the total number of participants and 13,529 male athletes or 64 percent of the total number of participants in 2000–01 according to the Commission on Athletics.

(g) In 1972, there were only 31,852 women on athletic teams at the college level in the whole country. By 2002, that number had jumped to 146,617. In 1972, no women received athletic scholarships. By 2002, one hundred eighty million dollars (\$180,000,000) was received by women athletes, according to the National Collegiate Athletic Association.

(h) An athletic program can be considered gender equitable when the participants in both the men's and women's sports programs would accept as fair and equitable the overall program of the other gender.

(i) The benefits of athletic activity for girls and women are irrefutable. High school girls who play sports are less likely to be involved in an unwanted pregnancy, may reduce a teenage girl's risk of breast cancer by 60 percent, and helps to strengthen bone mass, thereby reducing the risk of osteoporosis. Girls and women who play sports have higher levels of confidence, lower levels of depression, a more positive body image, and experience a higher state of psychological well-being. Athletics also teaches girls and women teamwork, goal-setting, and the pursuit of excellence.

(j) While many educational institutions have made a conscientious effort to provide an athletic program that is equitable to both male and female students, others have not exhibited the same level of effort or have intentionally chosen to continue discriminatory practices.

(k) In late January 2002, the Orange County Register ran a series of articles following an extensive investigation of athletic equity issues at California's community colleges. Many areas of concern were brought to light in that series. In response, some colleges are taking their responsibilities regarding athletic equity much more seriously.

(l) While significant progress has been made since the passage of Title IX in 1972, the numbers indicate that female athletes are still not

provided equal athletic opportunity at many high schools, colleges, and universities throughout the state. A survey report, pinpointing areas of weakness and recommending strategies to improve the various components of athletic equity, will allow California to assume a leadership role in compliance with this 30-year-old federal statute.

(m) As used in this act, "Title IX" refers to Title IX of the Education Amendments of 1972 (20 U.S.C. Sec. 1681 et seq.).

SEC. 346. Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

SECTION 1. Section 1695.7 of the Civil Code is amended to read:
1695.7. An equity seller may bring an action for the recovery of damages or other equitable relief against an equity purchaser for a

An act to add Chapter 8.6 (commencing with Section 13879.80) to Title 6 of Part 4 of the Penal Code, relating to drug endangered children.

[Approved by Governor July 21, 2003. Filed with

CHAPTER 8.6. LAW ENFORCEMENT RESPONSE TO DRUG ENDANGERED CHILDREN

13879.80. (a) Every law enforcement and social services agency in this state is encouraged to develop, adopt, and implement written policies and standards for their response to narcotics crime scenes where a child is either immediately present or where there is evidence that a child lives, by January 1, 2005. These policies shall reflect the fact that exposing a child to the manufacturing, trafficking, and use of narcotics

is criminal conduct and that a response coordinated by law enforcement and social services agencies is essential to the child's health and welfare.

(b) The needs of a drug endangered child are best served with written policies encouraging the arrest of an individual for child endangerment where there is probable cause that an offense has been committed coordinated with an appropriate investigation of the child's welfare by child protective agencies. Protocols that encourage a dependency investigation contemporaneous with a law enforcement investigation at a narcotics crime scene, when appropriate, are consistent with a child's best interest.

13879.81. Communities are encouraged to form multijurisdictional groups that include law enforcement officers, prosecutors, public health professionals, and social workers to address the welfare of children endangered by parental drug use. These coordinated groups should develop standards and protocols, evidenced by memorandums of understanding, that address the following:

- (a) Felony and misdemeanor arrests.
- (b) Immediate response of protective social workers to a narcotics crime scene involving a child.
- (c) Outsourcing protective social workers to law enforcement.

- (g) Medical examinations and developmental evaluations.
- (h) Creation of two hours of P.O.S.T. drug endangered children awareness training.

SECTION 1. Section 66418.2 of the Government Code is amended to read:

66418.2. (a) "Environmental subdivision" means a subdivision of land pursuant to this division for biotic and wildlife purposes that meets all of the conditions specified in subdivision (b).

(b) Prior to approving or conditionally approving an environmental subdivision, the local agency shall find each of the following:

(1) That factual biotic or wildlife data, or both, are available to the local agency to support the approval of the subdivision, prior to approving or conditionally approving the environmental subdivision.

(2) That provisions have been made for the perpetual maintenance of the property as a biotic or wildlife habitat, or both, in accordance with the conditions specified by any local, state, or federal agency requiring mitigation.

(3) That an easement will be recorded in the county in which the land is located to ensure compliance with the conditions specified by any local, state, or federal agency requiring the mitigation. The easement shall contain a covenant with a county, city, or nonprofit organization running with the land in perpetuity, that the landowner shall not construct or permit the construction of improvements except those for which the right is expressly reserved in the instrument. Where the biotic or wildlife habitat, or both, are compatible, the local agency shall consider requiring the easement to contain a requirement for the joint management and maintenance of the resulting parcels. This reservation shall not be inconsistent with the purposes of this section and shall not be incompatible with maintaining and preserving the biotic or wildlife character, or both, of the land.

(4) The real property is at least 20 acres in size, or if it is less than 20 acres in size, the following conditions are met:

(A) The land is contiguous to other land that would also qualify as an environmental subdivision.

(B) The other land is subject to a recorded perpetual easement that restricts its use to a biotic or wildlife habitat, or both.

(C) The total combined acreage of the lands would be 20 acres or more.

(D) Where the biotic or wildlife habitat, or both, are compatible, the land and the other land will be jointly managed and maintained.

(c) Notwithstanding subdivision (a) of Section 66411.1, any improvement, dedication, or design required by the local agency as a condition of approval of an environmental subdivision shall be solely for the purposes of ensuring compliance with the conditions required by the local, state, or federal agency requiring the mitigation.

(d) After recordation of an environmental subdivision, a subdivider may only abandon an environmental subdivision by reversion to acreage pursuant to Chapter 6 (commencing with Section 66499.11) if the local agency finds that all of the following conditions exist:

(1) None of the parcels created by the environmental subdivision has been sold or exchanged.

(2) None of the parcels is being used, set aside, or required for mitigation purposes pursuant to this section.

(3) Upon abandonment and reversion to acreage pursuant to this subdivision, the easement for biotic and wildlife purposes is extinguished.

(e) If the environmental subdivision is abandoned and reverts to acreage pursuant to subdivision (d), all local, state, and federal requirements shall apply.

(f) This section shall apply only upon the written request of the landowner at the time the land is divided. This section is not intended to limit or preclude subdivision by other lawful means for the mitigation of impacts to the environment, or of the land devoted to these purposes, or to require the division of land for these purposes.

SEC. 2. Section 66426 of the Government Code is amended to read:

66426. A tentative and final map shall be required for all subdivisions creating five or more parcels, five or more condominiums as defined in Section 783 of the Civil Code, a community apartment project containing five or more parcels, or for the conversion of a dwelling to a stock cooperative containing five or more dwelling units, except where any one of the following occurs:

(a) The land before division contains less than five acres, each parcel created by the division abuts upon a maintained public street or highway, and no dedications or improvements are required by the legislative body.

(b) Each parcel created by the division has a gross area of 20 acres or more and has an approved access to a maintained public street or highway.

(c) The land consists of a parcel or parcels of land having approved access to a public street or highway, which comprises part of a tract of land zoned for industrial or commercial development, and which has the approval of the governing body as to street alignments and widths.

(d) Each parcel created by the division has a gross area of not less than 40 acres or is not less than a quarter of a quarter section.

(e) The land being subdivided is solely for the creation of an environmental subdivision pursuant to Section 66418.2.

(f) A parcel map shall be required for those subdivisions described in subdivisions (a), (b), (c), (d), and (e).

(b) Conduct by the homeowner or resident, upon the park premises, that constitutes a substantial annoyance to other homeowners or residents.

(c) Conviction of the homeowner or resident for prostitution or a felony controlled substance offense if the act resulting in the conviction was committed anywhere on the premises of the mobilehome park, including, but not limited to, within the homeowner's mobilehome.

However the tenancy may not be terminated for the reason specified in this subdivision if the person convicted of the offense has permanently vacated, and does not subsequently reoccupy, the mobilehome.

(d) Failure of the homeowner or resident to comply with a reasonable rule or regulation of the park that is part of the rental agreement or any amendment thereto.

No act or omission of the homeowner or resident shall constitute a failure to comply with a reasonable rule or regulation unless and until the management has given the homeowner written notice of the alleged rule or regulation violation and the homeowner or resident has failed to adhere to the rule or regulation within seven days. However, if a homeowner has been given a written notice of an alleged violation of the same rule or regulation on three or more occasions within a 12-month period after the homeowner or resident has violated that rule or regulation, no written notice shall be required for a subsequent violation of the same rule or regulation.

Nothing in this subdivision shall relieve the management from its obligation to demonstrate that a rule or regulation has in fact been violated.

(e) (1) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided that the amount due has been unpaid for a

period of at least five days from its due date, and provided that the homeowner shall be given a three-day written notice subsequent to that five-day period to pay the amount due or to vacate the tenancy. For purposes of this subdivision, the five-day period does not include the date the payment is due. The three-day written notice shall be given to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure. A copy of this notice shall be sent to the persons or entities specified in subdivision (b) of Section 798.55 within 10 days after notice is delivered to the homeowner. If the homeowner cures the default, the notice need not be sent. The notice may be given at the same time as the 60 days' notice required for termination of the tenancy. A three-day notice given pursuant to this subdivision shall contain the following provisions printed in at least 12-point boldface type at the top of the notice, with the appropriate number written in the blank:

“Warning: This notice is the (insert number) three-day notice for nonpayment of rent, utility charges, or other reasonable incidental services that has been served upon you in the last 12 months. Pursuant to Civil Code Section 798.56 (e) (5), if you have been given a three-day notice to either pay rent, utility charges, or other reasonable incidental services or to vacate your tenancy on three or more occasions within a 12-month period, management is not required to give you a further three-day period to pay rent or vacate the tenancy before your tenancy can be terminated.”

(2) Payment by the homeowner prior to the expiration of the three-day notice period shall cure a default under this subdivision. If the homeowner does not pay prior to the expiration of the three-day notice period, the homeowner shall remain liable for all payments due up until the time the tenancy is vacated.

(3) Payment by the legal owner, as defined in Section 18005.8 of the Health and Safety Code, any junior lienholder, as defined in Section 18005.3 of the Health and Safety Code, or the registered owner, as defined in Section 18009.5 of the Health and Safety Code, if other than the homeowner, on behalf of the homeowner prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner, each junior lienholder, and the registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to that payment.

(4) Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner, any junior lienholder, or the registered owner, if other than the homeowner, as provided by this subdivision, may not be exercised more than twice during a 12-month period.

(5) If a homeowner has been given a three-day notice to pay the amount due or to vacate the tenancy on three or more occasions within the preceding 12-month period and each notice includes the provisions specified in paragraph (1), no written three-day notice shall be required in the case of a subsequent nonpayment of rent, utility charges, or reasonable incidental service charges.

In that event, the management shall give written notice to the homeowner in the manner prescribed by Section 1162 of the Code of Civil Procedure to remove the mobilehome from the park within a period of not less than 60 days, which period shall be specified in the notice. A copy of this notice shall be sent to the legal owner, each junior lienholder, and the registered owner of the mobilehome, if other than the homeowner, as specified in paragraph (b) of Section 798.55, by certified or registered mail return receipt requested within 10 days after notice is sent to the homeowner.

The State Department of Education shall award block grants to school districts on a competitive basis to provide incentives to attract credentialed teachers to be employed and retained in high-priority schools.

(b) (1) To be eligible to receive a full block grant in the third year of participation, a school district shall demonstrate a net decrease in the number of teachers holding an emergency permit or waiver at each school ranked in the bottom half of the academic performance index pursuant to Article 2 (commencing with Section 52051) of Chapter 6.1.

(2) After two years of receiving a block grant, a school district that fails to demonstrate a net decrease in the number of teachers holding an emergency permit or waiver at any of its schools ranked in the bottom half of the academic performance index shall have the amount of the school's block grant reduced by the amount of funds generated by pupils enrolled in that school.

(3) For purposes of this subdivision, "net decrease" shall be determined by comparing the number of teachers employed who hold an emergency permit or waiver at the end of the second year of implementation to the number of teachers employed who held an emergency permit or waiver prior to the implementation of the block grant.

(4) This subdivision does not apply to any school district with fewer than 2,501 units of average daily attendance that is in a county that is within the fourth through eighth class as defined in Section 1205.

(5) This subdivision is applicable only when stable funding for the Teaching As A Priority Block Grant program is provided in the annual Budget Act. For purposes of this subdivision, stable funding means no more than a 5-percent variation in funding from one fiscal year to the next.

(c) (1) Block grant funds may be used at the discretion of a school district for teacher recruitment and retention incentives with the target of reducing the number of teachers on emergency permits. - (A) Signing bonuses.
- (B) Improved work conditions.
- (C) Teacher compensation.
- (D) Housing subsidies.

(2) A school district receiving block grant funds pursuant to this section may offer incentives to recruit and retain credentialed teachers interested in attaining certification pursuant to Section 44253.3 or 44253.4. Those incentives may include, but are not limited to, both of the following:

(A) Reimbursements to cover the costs of examinations necessary to attain certification pursuant to Sections 44253.3 and 44253.4.

(B) Reimbursements to cover the costs of coursework necessary for preparation programs offering emphasis in certification pursuant to Sections 44253.3 and 44253.4.

(d) Funding shall be allocated to school districts on a per pupil basis for pupils enrolled in schools ranked in the bottom half of the academic performance index pursuant to Article 2 (commencing with Section 52051) of Chapter 6.1. Within the bottom half of the academic performance index, schools ranked in deciles 1, 2, and 3 shall receive $1\frac{1}{2}$ times the funding per pupil of schools ranked in deciles 4 and 5. No less than the amount of funding generated by pupils in schools ranked in deciles 1, 2, and 3 shall be expended in those schools.

(e) School districts shall apply to the State Department of Education on behalf of their schools. The district application shall contain information that is specific to each school. Applications shall contain baseline information on the number of teachers with waivers or emergency permits at each school in accordance with subdivision (c).

(f) School districts that participate in the program established in this section shall be encouraged to participate in regional teacher recruitment centers operated by consortia pursuant to Section 44751.

(g) Funds appropriated for the purposes of this chapter shall supplement, and not supplant, existing efforts to recruit and retain fully credentialed teachers in the school district.

(h) The State Board of Education shall submit an evaluation of the program created by this chapter to the Legislature by January 1, 2004.

Notice required by this subdivision may be combined with the written notice required by paragraph (1).

(c) By February 15 of the school year in which the school is selected to participate, the selected external evaluator or entity, in collaboration with the broad-based schoolsite and community team selected pursuant to subdivision (a), shall complete a review of the school that identifies weaknesses that contribute to the school's below average performance, make recommendations for improvement, and begin to develop an action plan to improve the academic performance of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The disaggregated data to be included and considered by the plan shall, at a minimum, provide information regarding the achievement of English language learners, pupils with exceptional needs, pupils who qualify for free and reduced price meals, and pupils in numerically significant subgroups.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval at a regularly scheduled public meeting. After the plan is approved, but no later than May 15 of the year that follows the year the school is selected to participate, the plan shall be submitted to the Superintendent of Public Instruction with a request for funding in the form prescribed by the Superintendent of Public Instruction, who shall review the school action plan and recommend approval or disapproval of the school's request for funding to the State Board of Education.

(j) Not later than July 15 of the year next following the year in which a school is selected for participation, the State Board of Education shall review and approve or disapprove the school's request for funding, based on the recommendation of the Superintendent of Public Instruction. Within 30 days of the State Board of Education's review, the Superintendent of Public Instruction shall notify the affected school districts of the state of the board's action regarding the request for funding. In conjunction with its approval of a request for funding to implement a school's action plan, the State Board of Education may, at the request of the governing board of the school district or the county board of education for a school under its jurisdiction, waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000 if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase

in state costs and is determined to be consistent with subdivision (a) of Section 46300.

SEC. 10. Section 52055.52 of the Education Code is amended to read:

52055.52. (a) Thirty-six months after the Superintendent of Public Instruction assigns a management team, trustee, or a school assistance and intervention team to a schoolsite, if the school makes significant growth on the Academic Performance Index, as determined by the State Board of Education, in two consecutive years, the school shall exit the Immediate Intervention/Underperforming Schools Program and is no longer subject to the requirements of the program.

(b) Thirty-six months after the Superintendent of Public Instruction assigns a management team, trustee, or a school assistance and intervention team to a schoolsite, if the management team, trustee, or school assistance and intervention team fails to assist the school in making significant growth on the Academic Performance Index, as determined by the State Board of Education, the Superintendent of Public Instruction shall remove the management team, trustee, or school assistance and intervention team from providing services at the schoolsite and any other schoolsite. Additionally, the Superintendent of Public Instruction shall do at least one of the following:

(1) Require the school district to ensure, using available federal funds, that 100 percent of the teachers at the schoolsite are highly qualified, as defined by the state for the purposes of the federal No Child Left Behind Act.

(2) Require the school to contract, using available federal funds, with an outside entity to provide supplemental instruction to high-priority pupils and assign a management team, trustee, or school assistance and intervention team that has demonstrated success with other state-monitored schools.

(3) Allow parents of pupils enrolled at the school to apply directly to the State Board of Education to establish the charter school at the existing schoolsite.

(4) Close the school.

SEC. 11. The heading of Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 of the Education Code is amended to read:

52055.600. (a) The High Priority Schools Grant Program is hereby established. Participation in this program is voluntary.

(b) From funds made available for purposes of this article, the Superintendent of Public Instruction shall allocate a total of four hundred dollars (\$400) per pupil, including funds received pursuant to Section 52054.5 or for the Comprehensive School Reform Demonstration Program (Public Law 105-78), to eligible schools for implementation of a school action plan approved pursuant to this article. In the first year of participation, instead of four hundred dollars (\$400) per pupil, a schoolsite may receive a total of thirty-three dollars and thirty-three cents (\$33.33) per pupil for each month remaining in the fiscal year ending June 30, 2003, beginning in the month immediately following the date of approval by the State Board of Education of the action plan required pursuant to this article. If the plan is not approved prior to the end of the fiscal year, the funding shall be similarly prorated in the subsequent year.

(c) It is the intent of the Legislature that federal funding provided pursuant to the Comprehensive School Reform Demonstration Program (P.L. 105-78) supplement, not supplant, funding received pursuant to this article.

(d) Funds received pursuant to this article may not be used to match funds received pursuant to Article 3 (commencing with Section 52053).

(e) The school district shall keep fiscal records available for inspection that affirm allocation to schoolsites in accordance with this section and shall allocate resources in a manner that does not delay their use.

SEC. 13. Section 52055.605 of the Education Code is amended to read:

52055.605. (a) The Superintendent of Public Instruction, with the approval of the State Board of Education, shall identify schools ranked in deciles 1 to 5, inclusive, on the Academic Performance Index (API).

(b) The Superintendent of Public Instruction shall invite schools identified pursuant to subdivision (a) to participate in the High Priority Schools Grant Program. Notwithstanding subdivision (h) of Section 52053, in order to be eligible for funding from the High Priority Schools Grant Program, a school shall also participate in the Immediate Intervention/Underperforming Schools Program. A school participating in both programs may elect to submit only one application and one plan for both programs. A school participating in the Immediate Intervention/Underperforming Schools Program before the date of the enactment of the act adding this section is also eligible for participation in the High Priority Schools Grant Program.

(c) First priority for participation in the High Priority Schools Grant Program shall be given to schools ranked on the API in decile 1. Second priority shall be given to schools in decile 2. Third priority shall be given to schools in decile 3. Fourth priority shall be given to schools in decile

4. Fifth priority shall be given to schools in decile 5. Within each decile, priority shall be given to the lowest ranked schools.

(d) Notwithstanding any other provision of law and if funds are available for this purpose, the number of schools within the designated cohorts of the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053 may exceed the maximum numbers specified in that section in order to participate in the program established pursuant to this article.

(e) If a school ranked in decile 1 of the API completes the action plan required as part of the application to participate in the federal Comprehensive School Reform Demonstration Program (P.L. 105-78), but there are insufficient funds to allow that school to participate in that program, so long as the action plan meets the requirements of subdivisions (d) and (e) of Section 52054, that school shall be automatically approved to the extent funding is available for participation in the Immediate Intervention/Underperforming Schools Program and shall be deemed to have complied with the requirements of Section 52054.

(f) The State Board of Education may allow continuation high schools to apply for and receive funding pursuant to this article if those continuation high schools report pupil performance that is equivalent to that of high schools ranked in deciles 1 and 2 on the Academic Performance Index and the board determines that the state will be able to adequately determine growth in pupil performance in a valid and reliable manner for the purpose of accountability pursuant to this article. The State Board of Education may establish a limit on the number of continuation high schools that may be funded to reflect their proportion of high-priority pupils in grades 9 to 12, inclusive, and may adopt criteria limiting the eligibility for funding, pursuant to this article, of continuation high schools with a high level of per pupil funding from the continuation high school revenue limit add-on.

SEC. 14. Section 52055.610 of the Education Code is amended to read:

52055.610. (a) Fourteen days after the effective date of the act adding this section, the Superintendent of Public Instruction shall establish a procedure that is consistent with this article for the approval of applications and school action plans.

(b) Notwithstanding the existing application process established pursuant to Article 3 (commencing with Section 52053), in developing an action plan to be submitted with the application for funding pursuant to this article, a school may choose from the following options:

These planning grant funds shall be used for technical assistance in the development of the school action plan. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven successful expertise specific to the challenges inherent in high-priority schools. If the school action plan is approved, the Superintendent of Public Instruction shall provide funding for its implementation. Planning grant funds, as well as other funds available to school districts pursuant to this article, may be used for ongoing technical assistance throughout the implementation of the action plan and continued participation in the program established pursuant to Article 3 (commencing with Section 52053) and the program established pursuant to this article.

(2) A school district, on behalf of an eligible school under its jurisdiction, may elect to forego the fifty thousand dollars (\$50,000) planning grant and immediately submit its application and school action plan. If a school chooses this option, the Superintendent of Public Instruction shall take one of the following actions:

(A) Recommend approval of the application by the State Board of Education and action plan and provide funding for implementation of the school action plan.

(B) Request additional clarification and technical changes, after which the school and district shall resubmit the application and school action plan with the clarifications and changes for approval. If the application and school action plan is approved, the Superintendent of Public Instruction shall provide funding for implementation of the school action plan.

(C) Disapprove the plan in which case a school district on behalf of an eligible school under its jurisdiction shall receive a fifty thousand dollar (\$50,000) planning grant that shall be used for technical assistance in the redevelopment of the school action plan according to the department's recommendations. Technical assistance includes assistance provided by school district personnel, county offices of education, universities, a state approved external evaluator, or any other entity that has proven expertise specific to the challenges inherent in high-priority schools.

(c) The following deadlines apply for the 2001–02 fiscal year:

(1) A school district on behalf of an eligible school under its jurisdiction shall submit the application and school action plan to the Superintendent of Public Instruction for review and approval by May 15, 2002.

(2) The Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval of applications and school action plans by June 15, 2002.

The State Board of Education shall approve or disapprove the application and action plan by June 30, 2002. Upon approval by the State Board of Education, the State Department of Education shall allocate funding to schools for the implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by June 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan shall be allocated.

(3) If the Superintendent of Public Instruction takes the action specified in subparagraph (B) of paragraph (2) of subdivision (b), the school and school district shall resubmit the application and school action plan with the clarifications and changes for approval by August 1, 2002, and the Superintendent of Public Instruction shall make a recommendation to the State Board of Education regarding approval or disapproval by September 1, 2002. The State Board of Education shall approve or disapprove the application and action plan by September 30, 2002. If the action plan is approved, the department shall allocate funding to the school district on behalf of an eligible school under its jurisdiction for implementation of the action plan. If the State Board of Education fails to approve or disapprove the application and school action plan by September 30, 2002, the recommendation of the Superintendent of Public Instruction shall be deemed to be adopted and funding for implementation of the action plan is to be allocated.

(4) A school district may request that the State Board of Education waive the deadlines set forth in this subdivision. The State Board of Education may grant a waiver request made pursuant to this paragraph.

(d) If a school receives implementation funding during the same fiscal year it receives a fifty thousand dollar (\$50,000) planning grant, the planning grant shall be deducted from the amount of implementation funding provided to the school pursuant to subdivision (b) of Section 52055.600.

SEC. 15. Section 52055.615 of the Education Code is amended to read:

SEC. 27. Section 69612 of the Education Code is amended to read: 69612. (a) The Legislature finds and declares all of the following:

(1) There is a growing shortage of high-quality classroom teachers, and there is a need for qualified teachers throughout California.

(2) One of the most important elements in a pupil's success at learning is the quality of the teacher.

(3) The teacher shortage is most serious in particular subject areas, partly due to the shortage of students in these fields who enter the teaching profession.

(4) Many school districts have difficulty recruiting and retaining high-quality teachers for high-priority schools, for pupils with special needs, for schools serving rural areas or large populations of pupils from low-income and linguistic minority families, and for schools with a high percentage of teachers holding emergency permits.

(5) The rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a postsecondary education.

(6) The availability of financial aid and loan repayment assistance are important considerations for many students, especially economically disadvantaged students, in making their educational decisions.

(b) It is, therefore, the intent of the Legislature that all of the following occur:

(1) The Assumption Program of Loans for Education be designed to encourage persons to enter into the teaching profession in designated subject matter shortage areas and in schools serving large populations of pupils from low-income families, schools serving rural areas, schools with a high percentage of teachers holding emergency permits, or schools with any or all of these characteristics.

(2) That the enactment of this article accomplish all of the following:

(A) Providing outstanding postsecondary students, particularly economically disadvantaged students, with the assurance of financial assistance to encourage them to complete postsecondary education programs leading to teaching credentials, and to seek employment as teachers.

(B) Providing persons who agree to become teacher trainees or teacher interns in a subject matter shortage area with the assurance of financial assistance to encourage them to complete the additional coursework necessary to obtain a teaching credential.

(C) Identifying subject matter areas or schools in which there are shortages of fully credentialed teachers and provide incentives for persons to obtain teaching credentials and seek teaching positions in those areas.

(D) Identifying schools serving rural areas, schools serving large populations of students from low-income families, or both, and schools with a high percentage of teachers holding emergency permits, and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools.

(E) Identifying high-priority schools and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools. For the purpose of this article, “high-priority school” means a school in the bottom half of the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056 at the time that a teacher is hired.

(3) Commencing with the 2000–01 school year, all persons eligible to enter into agreements for loan assumption pursuant to this article shall be persons who need to complete training or coursework in order to be fully credentialed, and who agree to obtain a credential and teach in a designated subject matter shortage area or in a school that, at the time that the teacher is hired, meets any of the following criteria:

(A) Serves a large population of pupils from low-income families.

(B) Has a high percentage of teachers holding emergency permits. For the purposes of this article, a school with a “high percentage of teachers holding emergency permits” is a school in which 20 percent or more of the teachers hold emergency permits, teach pursuant to waivers of credential requirements, or are interns.

(C) Is a high-priority school.

(4) Funding necessary for the administration of this article shall be included within the annual budget of the commission in an amount necessary to meet the student loan obligations incurred by the commission.

SEC. 28. Section 69613.1 of the Education Code is amended to read:

69613.1. The Superintendent of Public Instruction shall furnish the commission with all of the following:

(a) Every January 1 thereafter, a list of teaching fields that have the most critical shortage of teachers. The superintendent shall review this list annually and revise the list as he or she deems necessary. Commencing January 1, 2001, the list of shortage areas furnished pursuant to this subdivision shall include the state special schools as a category separate from special education.

(b) A list of schools that serve a large population of pupils from low-income families, as designated for purposes of the Perkins Loan

Program, or according to standards the superintendent deems appropriate.

(c) Commencing January 31, 2001, and every January 1 thereafter, a list of schools with a high percentage of teachers holding emergency permits. The list shall be established according to criteria determined by the superintendent.

(d) Commencing January 31, 2001, and every January 1 thereafter, a list of schools serving rural areas. The list shall be established according to standards deemed appropriate by the superintendent.

(e) Commencing January 31, 2001, and every January 1 thereafter, a list of high-priority schools.

(a) (1) In June 1999, the University of California and its institutes' partners shall commence instruction for 6,000 participants who either provide direct instruction in reading to pupils in kindergarten or in grade 1, 2, or 3, or who supervise beginning teachers of reading. Commencing in July 2000, the institutes shall provide instruction for an additional 14,000 participants who either provide direct instruction in reading to pupils, including special education pupils, in prekindergarten, kindergarten or in grade 1, 2, or 3, or supervise beginning teachers of reading. Of the 14,000 new positions, at least 2,000 shall be reserved for

prekindergarten teachers who teach in state preschool programs located in the attendance area of high-priority schools in order to link prekindergarten literacy development and reading readiness to the state's reading goals for pupils enrolled in kindergarten and grades 1 to 3, inclusive. If there are not enough applicants to fill the 2,000 positions, the remaining positions may be filled by teachers of pupils enrolled in kindergarten or any of grades 1 to 3, inclusive.

(2) Ongoing support for second-year participants shall include a second-year institute focusing on the use of instructional materials, leveraging of school district resources, and the development of teacher leadership within the school district to improve pupil achievement in reading.

(b) (1) The institutes shall provide instruction for school teams from each participating school. These school teams may include both beginning and experienced teachers and the schoolsite administrator, with the majority of the team composed of beginning teachers.

(2) Criteria and priority for selection of participating school teams shall include, but not necessarily be limited to, all of the following:

(A) Schools whose pupils' reading scores are at or below the 40th percentile on the reading portion of the achievement test authorized by Section 60640.

(B) Schools with a high number of beginning and noncredentialed teachers.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Schools with a full complement of team members as outlined above.

(E) School teams committed to participate in the Elementary School Intensive Reading Program established pursuant to Article 1 (commencing with Section 53025) of Chapter 16 of Part 28 for a minimum of three years.

(F) Schools that have adopted standards-based materials approved by the State Board of Education.

(3) In any fiscal year, if funding is inadequate to accommodate the participation of all eligible school teams, first priority shall be given to schools meeting the criteria set forth in subparagraph (B) of paragraph (2).

(c) (1) The institutes shall provide instruction in the teaching of reading in a manner consistent with the standard for a comprehensive reading instruction program that is research-based, as described in subparagraphs (A) and (B) of paragraph (4) of subdivision (b) of Section 44259, and shall include all of the following components:

(A) The study of organized, systematic, explicit skills including phonemic awareness, direct, systematic explicit phonics, and decoding skills.

(d) (1) Each participant who satisfactorily completes an institute authorized by this section shall receive a stipend, commensurate with the duration of the institute, of not less than one thousand dollars (\$1,000) nor more than two thousand dollars (\$2,000), as determined by the University of California.

(2) A participant in an institute authorized by this section who satisfactorily completes additional institute activities or leadership and mentoring responsibilities in his or her school in subsequent years in accordance with institute guidelines shall receive a stipend, commensurate with the participant's responsibilities, of not less than five hundred dollars (\$500) and not more than two thousand dollars (\$2,000), as determined by the University of California. It is the intent of the Legislature that stipends paid to participants under this paragraph average approximately one thousand dollars (\$1,000) per stipend recipient per year.

(e) In order to provide maximum access, the institutes shall be offered through multiple university and college campuses that are widely distributed throughout the state or in a regionally accredited program offered through instructor-led, interactive online courses. In order to maximize access to teachers and administrators who may be precluded from participating in an onsite institute due to geographical, physical, or time constraints, each institute shall be required to accommodate at least 5 percent of the participants through state-approved instructor-led, interactive online courses. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break or an equivalent instructor-led, online course, and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite

It is the intent of the Legislature that a local education agency give highest priority to training teachers assigned to high-priority schools. It is also the intent of the Legislature that funding appropriated in one fiscal year that is not expended by a local education agency be redirected to local education agencies that have trained more eligible teachers than the percentage funded. When a redirection of funding occurs, funding in subsequent fiscal years for the local education agencies involved shall be adjusted to reflect the redirection of funding.

(b) A school district that cannot make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237 for all the grade levels it maintains in reading and mathematics may apply for and receive incentive funding for the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237, in which case the certified assurance submitted pursuant to Section 99237 shall apply only to the professional development provided to teachers and instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading in the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237.

(1) Twice the number of multiple subjects teachers teaching in a self-contained classroom and special education teachers, as specified in paragraphs (1) and (2) of Section 99233, that provide direct instruction in reading and mathematics as reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(2) The number of mathematics, English, science, and social science teachers as specified in paragraphs (3) to (6), inclusive, of Section 99233 that were reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(e) The Superintendent of Public Instruction shall allocate funding appropriated for the purposes of this article in the following order of priority:

(1) Two thousand five hundred dollars (\$2,500) for each qualifying teacher who was provided training pursuant to subdivision (a) in the prior year for whom the local education agency did not receive funding due to insufficient availability of funds in the prior fiscal year.

(2) Two thousand five hundred dollars (\$2,500) for each qualifying teacher who was provided training pursuant to this article, subject to the limitations in subdivision (d).

(3) Five hundred dollars (\$500) for each qualifying teacher for each qualifying program as specified in Article 2 (commencing with Section 99220) who successfully completes mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 2001–02 fiscal year to the 2004–05 fiscal year, inclusive, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific approved training on the mathematics or reading instructional materials selected for use in the school.

(4) Five hundred dollars (\$500) for each qualifying teacher in each qualifying program pursuant to Article 2 (commencing with Section 99220) who successfully completed mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 1999–2000 or 2000–01 fiscal year, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific

approved training on the mathematics or English-language arts instructional materials selected for use in the school.

(5) Two thousand five hundred dollars (\$2,500) for each qualifying teacher who was provided training pursuant to this article in excess of limitations in subdivision (d).

(f) For purposes of this article, qualifying teachers who, in the 2000–01 fiscal year, received training at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) that was paid for by a local education agency using funds that were not received pursuant to Article 2 (commencing with Section 99220) shall be deemed to have received training in the 2001–02 fiscal year. A local education agency shall receive funding for these qualifying teachers in accordance with paragraph (2) of subdivision (e).

(g) Except as provided in subdivision (f) of Section 99237, funding may not be provided to a local education agency until the State Board of Education approves the agency's certified assurance submitted pursuant to Section 99237.

(h) Of the funding a local education agency is eligible to receive pursuant to this section for each eligible teacher, up to the number specified in subdivision (a), 50 percent shall be awarded following the provision of 40 hours of professional development as specified in subdivision (b) of Section 99237, with the remaining funding to be awarded following certification of the provision of the 80 hours of followup instruction as specified in subdivision (b) of Section 99237.

(i) Except as provided in paragraphs (3) and (4) of subdivision (e), a local education agency may not receive funds pursuant to this article for teachers who receive training pursuant to Article 2 (commencing with Section 99220) using funding provided pursuant to Article 2 (commencing with Section 99220).

SEC. 37. Section 8869.80 of the Government Code is amended to read:

8869.80. The Legislature hereby finds and declares all of the following:

(a) The Tax Reform Act of 1986 (Public Law 99-514) establishes a unified volume ceiling on the aggregate amount of private activity bonds that can be issued in each state. The unified volume ceiling is the product of seventy-five dollars (\$75) multiplied by the state population in 1987 and fifty dollars (\$50) multiplied by the state population in each succeeding calendar year.

(b) The federal act requires each state to allocate its volume ceiling according to a specified formula unless a different procedure is established by Governor's proclamation or state legislation.

(c) Therefore, it is necessary to designate a state agency and create an allocation system to administer the state unified volume ceiling.

(d) A substantial public benefit is served by promoting housing for lower income families and individuals.

(e) A substantial public benefit is served by preserving and rehabilitating existing governmental assisted housing for lower income families and individuals.

(f) A substantial public benefit is served by providing federal tax credits or reduced interest rate mortgages to assist teachers, principals, vice principals, and assistant principals who are willing to serve in high-priority schools to purchase a home.

SEC. 38. Section 8869.84 of the Government Code is amended to read:

8869.84. (a) The committee shall, as soon as is practicable after the start of each calendar year, determine and announce the state ceiling for the calendar year.

(b) The entire state ceiling for each calendar year is hereby allocated to the committee to further allocate to state and local agencies as provided in this chapter.

(c) The committee shall prepare application forms and announce procedures for receipt and review of applications from state and local agencies desiring to issue private activity bonds.

(d) The committee may at any time, before or after granting any allocations in any calendar year to any state agencies or local agencies, announce priorities or reservations of any part of the state ceiling not theretofore allocated either for certain categories of bonds or categories of issuers.

(e) The committee may require any issuer making an application to the committee or MBTCAC for allocation of a portion of the state ceiling to make a deposit, as determined by the committee, of up to 1 percent of the portion requested. If an allocation is not given, the deposit shall be returned. If an allocation is given, the deposit shall be kept (in proportion to the amount of allocation given) until bonds are issued. Upon that issuance, the deposit shall be returned to the issuer in an amount equal to the product of (1) the amount of the deposit retained times (2) the ratio between the amount of bonds issued divided by the amount of allocation granted. If no bonds are issued prior to the expiration of the allocation, the deposit shall be kept, unless the committee determines there is good cause to return all or part of the deposit. Any portion of a deposit kept shall be deposited in the fund.

(f) The committee may transfer part of the state ceiling to the MBTCAC, to be used for qualified mortgage bonds and exempt facility bonds, as those terms are used in the Internal Revenue Code, for qualified residential rental projects, as those terms are used in the Internal Revenue Code, (together referred to as "housing bonds"), with directions and conditions pursuant to which MBTCAC may allocate

those amounts to issuers of housing bonds at both the state and local level. In carrying out these functions, MBTCAC shall act solely as directed or authorized by the committee. If the committee makes the transfer to MBTCAC authorized by this subdivision, the references in Sections 8869.85, 8869.86, 8869.87, and 8869.88 to the “committee” shall, for purposes of any housing bonds, be deemed to mean MBTCAC.

(g) (1) The committee may establish the Extra Credit Teacher Home Purchase Program to provide federal mortgage credit certificates and reduced interest rate loans funded by mortgage revenue bonds to eligible teachers, principals, vice principals, and assistant principals who agree to teach or provide administration in a high-priority school. For purposes of this program, a high-priority school is a state K–12 public school that is ranked in the bottom half of the Academic Performance Index developed pursuant to subdivision (a) of Section 52052. However, priority shall be given to schools that are ranked in the bottom three deciles. The committee may make reservations of a portion of future calendar year state ceiling limits for up to five future calendar years for that program. The committee may also make future allocations of the state ceiling for up to five years for any issuer under that program. Any future allocation made by the committee shall constitute an allocation of the state ceiling for a future year specified by the committee and shall be deemed to have been made on the first day of the future year so specified.

(2) The committee may condition allocations under the Extra Credit Teacher Home Purchase Program on any terms and conditions that the committee deems necessary or appropriate, including, but not limited to, the execution of a contract between the teacher, principal, vice principal, or assistant principal and the issuer whereby the teacher, principal, vice principal, or assistant principal agrees to comply with the terms and conditions of the program. The contract may include, among other things, an agreement by the teacher, principal, vice principal, or assistant principal to teach or provide administration in a high-priority school for a minimum number of years, and provisions for enforcing the contract that the committee deems necessary or appropriate.

(3) If a teacher, principal, vice principal, or assistant principal does not fulfill the requirements of a contract entered into pursuant to paragraph (2), the issuer of the mortgage credit certificate or mortgage revenue bond may recover as an assessment from the teacher, principal, or assistant principal a monetary amount equal to the lesser of (A) one-half of the teacher’s, principal’s, vice principal’s, or assistant principal’s net proceeds from the sale of the related residence or (B) the amount of monetary benefit conferred on the teacher, principal, vice principal, or assistant principal as a result of the federal mortgage credit certificate or reduced interest rate loan funded by a mortgage revenue bond, offset by the amount of any federal recapture, as defined by

Section 143(m) of the Internal Revenue Code. The assessment may be secured by a lien against the residence, which shall decline in amount over the term of the contract as the teacher, principal, vice principal, or assistant principal fulfills the term of the contract, and which shall be collected at the time of sale of the residence. Any assessment collected pursuant to this paragraph shall be used for the issuer's costs in administering the Extra Credit Teacher Home Purchase Program. The issuers shall report annually to the committee the total amount of any assessments collected pursuant to this paragraph and how those assessments were used by the issuer.

(4) If the committee establishes the Extra Credit Teacher Home Purchase Program pursuant to this subdivision, the committee shall report annually to the Legislature the results of the program, including all of the following:

(A) The amount of state ceiling limits allocated to or reserved for the program.

(B) The agencies to which state ceiling limits were issued.

(C) The number of loans or mortgage credit certificates issued to teachers, principals, vice principals, and assistant principals.

(D) The schools at which recipients of assistance are employed, aggregated by decile in which the schools rank on the Academic Performance Index and by the percentage of uncredentialed teachers employed at the schools.

(5) The committee shall not make any reservations of future calendar year state ceiling limits or future allocations of the state ceiling pursuant to this subdivision on or after January 1, 2004, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date. However, reservations and allocations made prior to that date shall remain valid.

(b) Acquire interests in land by various means, including, but not limited to, land exchanges, easements, development rights, life estates, leases, and leaseback agreements.

(c) Accept and hold real property or an interest in real property that is acquired through gift, exchange, donation, or dedication.

CHAPTER 93

An act to amend Section 98.2 of the Labor Code, relating to employment.

[Approved by Governor July 22, 2003. Filed with
Secretary of State July 22, 2003.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, to overturn the decision in *Smith v. Rae-Venter Law Group* (2002) 29 Cal.4th 345.

SEC. 2. Section 98.2 of the Labor Code is amended to read:

98.2. (a) Within 10 days after service of notice of an order, decision, or award the parties may seek review by filing an appeal to the superior court, where the appeal shall be heard *de novo*. A copy of the appeal request shall be served upon the Labor Commissioner by the appellant. For purposes of computing the 10-day period after service, Section 1013 of the Code of Civil Procedure shall be applicable.

(b) Whenever an employer files an appeal pursuant to this section, the employer shall post an undertaking with the reviewing court in the amount of the order, decision, or award. The undertaking shall consist of an appeal bond issued by a licensed surety or a cash deposit with the court in the amount of the order, decision, or award. The employer shall provide written notification to the other parties and the Labor Commissioner of the posting of the undertaking. The undertaking shall be on the condition that, if any judgment is entered in favor of the employee, the employer shall pay the amount owed pursuant to the judgment, and if the appeal is withdrawn or dismissed without entry of judgment, the employer shall pay the amount owed pursuant to the order,

decision, or award of the Labor Commissioner unless the parties have executed a settlement agreement for payment of some other amount, in which case the employer shall pay the amount that the employer is obligated to pay under the terms of the settlement agreement. If the employer fails to pay the amount owed within 10 days of entry of the judgment, dismissal, or withdrawal of the appeal, or the execution of a settlement agreement, a portion of the undertaking equal to the amount owed, or the entire undertaking if the amount owed exceeds the undertaking, shall be forfeited to the employee.

(c) If the party seeking review by filing an appeal to the superior court is unsuccessful in the appeal, the court shall determine the costs and reasonable attorney's fees incurred by the other parties to the appeal, and assess that amount as a cost upon the party filing the appeal. An employee is successful if the court awards an amount greater than zero.

(d) If no notice of appeal of the order, decision, or award is filed within the period set forth in subdivision (a), the order, decision, or award shall, in the absence of fraud, be deemed the final order.

(e) The Labor Commissioner shall file, within 10 days of the order becoming final pursuant to subdivision (d), a certified copy of the final order with the clerk of the superior court of the appropriate county unless a settlement has been reached by the parties and approved by the Labor Commissioner. Judgment shall be entered immediately by the court clerk in conformity therewith. The judgment so entered shall have the same force and effect as, and shall be subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered. Enforcement of the judgment shall receive court priority.

(f) In order to ensure that judgments are satisfied, the Labor Commissioner may serve upon the judgment debtor, personally or by first-class mail at the last known address of the judgment debtor listed with the division, a form similar to, and requiring the reporting of the same information as, the form approved or adopted by the Judicial Council for purposes of subdivision (a) of Section 116.830 of the Code of Civil Procedure to assist in identifying the nature and location of any assets of the judgment debtor.

The judgment debtor shall complete the form and cause it to be delivered to the division at the address listed on the form within 35 days after the form has been served on the judgment debtor, unless the judgment has been satisfied. In case of willful failure by the judgment debtor to comply with this subdivision, the division or the judgment creditor may request the court to apply the sanctions provided in Section 708.170 of the Code of Civil Procedure.

(g) Notwithstanding subdivision (e), the Labor Commissioner may stay execution of any judgment entered upon an order, decision, or award

that has become final upon good cause appearing therefor and may impose the terms and conditions of the stay of execution. A certified copy of the stay of execution shall be filed with the clerk entering the judgment.

(h) When a judgment is satisfied in fact, otherwise than by execution, the Labor Commissioner may, upon the motion of either party or on its own motion, order entry of satisfaction of judgment. The clerk of the court shall enter a satisfaction of judgment upon the filing of a certified copy of the order.

(i) The Labor Commissioner shall make every reasonable effort to ensure that judgments are satisfied, including taking all appropriate legal action and requiring the employer to deposit a bond as provided in Section 240.

(j) The judgment creditor, or the Labor Commissioner as assignee of the judgment creditor, shall be entitled to court costs and reasonable attorney fees for enforcing the judgment that is rendered pursuant to this section.

CHAPTER 94

An act to amend Sections 5152, 5154, 5257, 5259.3, 5264, 5267, and 5270.35 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor July 22, 2003. Filed with
Secretary of State July 22, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 5152 of the Welfare and Institutions Code is amended to read:

5152. (a) Each person admitted to a facility for 72-hour treatment and evaluation under the provisions of this article shall receive an evaluation as soon as possible after he or she is admitted and shall receive whatever treatment and care his or her condition requires for the full period that he or she is held. The person shall be released before 72 hours have elapsed only if the psychiatrist directly responsible for the person's treatment believes, as a result of the psychiatrist's personal observations, that the person no longer requires evaluation or treatment. However, in those situations in which both a psychiatrist and psychologist have personally evaluated or examined a person who is placed under a 72-hour hold and there is a collaborative treatment relationship between the psychiatrist and psychologist, either the psychiatrist or psychologist may authorize the release of the person from the hold, but only after they

have consulted with one another. In the event of a clinical or professional disagreement regarding the early release of a person who has been placed under a 72-hour hold, the hold shall be maintained unless the facility's medical director overrules the decision of the psychiatrist or psychologist opposing the release. Both the psychiatrist and psychologist shall enter their findings, concerns, or objections into the person's medical record. If any other professional person who is authorized to release the person believes the person should be released before 72 hours have elapsed, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released before 72 hours have elapsed only if the psychiatrist making the final decision believes, as a result of the psychiatrist's personal observations, that the person no longer requires evaluation or treatment.

(b) Any person who has been detained for evaluation and treatment shall be released, referred for further care and treatment on a voluntary basis, or certified for intensive treatment, or a conservator or temporary conservator shall be appointed pursuant to this part as required.

(c) A person designated by the mental health facility shall give to any person who has been detained at that facility for evaluation and treatment and who is receiving medication as a result of his or her mental illness, as soon as possible after detention, written and oral information about the probable effects and possible side effects of the medication. The State Department of Mental Health shall develop and promulgate written materials on the effects of medications, for use by county mental health programs as disseminated or as modified by the county mental health program, addressing the probable effects and the possible side effects of the medication. The following information shall be given orally to the patient:

(1) The nature of the mental illness, or behavior, that is the reason the medication is being given or recommended.

(2) The likelihood of improving or not improving without the medication.

(3) Reasonable alternative treatments available.

(4) The name and type, frequency, amount, and method of dispensing the medication, and the probable length of time the medication will be taken.

The fact that the information has or has not been given shall be indicated in the patient's chart. If the information has not been given, the designated person shall document in the patient's chart the justification for not providing the information. A failure to give information about the

probable effects and possible side effects of the medication shall not constitute new grounds for release.

(d) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 2. Section 5154 of the Welfare and Institutions Code is amended to read:

5154. (a) Notwithstanding Section 5113, if the provisions of Section 5152 have been met, the professional person in charge of the facility providing 72-hour treatment and evaluation, his or her designee, the medical director of the facility or his or her designee described in Section 5152, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released before the end of 72 hours pursuant to this article.

(b) The professional person in charge of the facility providing 72-hour treatment and evaluation, his or her designee, the medical director of the facility or his or her designee described in Section 5152, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released at the end of the 72 hours pursuant to this article.

(c) The peace officer responsible for the detainment of the person shall not be civilly or criminally liable for any action by a person released at or before the end of the 72 hours pursuant to this article.

(d) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 3. Section 5257 of the Welfare and Institutions Code is amended to read:

5257. (a) During the period of intensive treatment pursuant to Section 5250 or 5270.15, the person's involuntary detention shall be terminated and the person shall be released only if the psychiatrist directly responsible for the person's treatment believes, as a result of the psychiatrist's personal observations, that the person certified no longer is, as a result of mental disorder or impairment by chronic alcoholism, a danger to others, or to himself or herself, or gravely disabled. However, in those situations in which both a psychiatrist and psychologist have personally evaluated or examined a person who is undergoing intensive treatment and there is a collaborative treatment relationship between the psychiatrist and the psychologist, either the psychiatrist or psychologist

may authorize the release of the person, but only after they have consulted with one another. In the event of a clinical or professional disagreement regarding the early release of a person who is undergoing intensive treatment, the person may not be released unless the facility's medical director overrules the decision of the psychiatrist or psychologist opposing the release. Both the psychiatrist and psychologist shall enter their findings, concerns, or objections into the person's medical record. If any other professional person who is authorized to release the person believes the person should be released during the designated period of intensive treatment, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released during the period of intensive treatment only if the psychiatrist making the final decision believes, as a result of the psychiatrist's personal observations, that the person certified no longer is, as a result of mental disorder or impairment by chronic alcoholism, a danger to others, or to himself or herself, or gravely disabled. Nothing herein shall prohibit the person from remaining at the facility on a voluntary basis or prevent the facility from providing the person with appropriate referral information concerning mental health services.

(b) A person who has been certified for a period of intensive treatment pursuant to Section 5250 shall be released at the end of 14 days unless the patient either:

- (1) Agrees to receive further treatment on a voluntary basis.
- (2) Is certified for an additional 14 days of intensive treatment pursuant to Article 4.5 (commencing with Section 5260).
- (3) Is certified for an additional 30 days of intensive treatment pursuant to Article 4.7 (commencing with Section 5270.10).
- (4) Is the subject of a conservatorship petition filed pursuant to Chapter 3 (commencing with Section 5350).
- (5) Is the subject of a petition for postcertification treatment of a dangerous person filed pursuant to Article 6 (commencing with Section 5300).

(c) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 4. Section 5259.3 of the Welfare and Institutions Code is amended to read:

5259.3. (a) Notwithstanding Section 5113, if the provisions of Section 5257 have been met, the professional person in charge of the

facility providing intensive treatment, his or her designee, the medical director of the facility or his or her designee described in Section 5257, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released before the end of 14 days pursuant to this article.

(b) The professional person in charge of the facility providing intensive treatment, his or her designee, the medical director of the facility or his or her designee described in Section 5257, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released at the end of the 14 days pursuant to this article.

(c) The attorney or advocate representing the person, the court-appointed commissioner or referee, the certification review hearing officer conducting the certification review hearing, and the peace officer responsible for the detainment of the person shall not be civilly or criminally liable for any action by a person released at or before the end of 14 days pursuant to this article.

(d) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 5. Section 5264 of the Welfare and Institutions Code is amended to read:

5264. (a) A certification for imminently suicidal persons shall be for no more than 14 days of intensive treatment, and shall terminate only as soon as the psychiatrist directly responsible for the person's treatment believes, as a result of the psychiatrist's personal observations, that the person has improved sufficiently for him or her to leave, or is prepared to voluntarily accept treatment on referral or to remain on a voluntary basis in the facility providing intensive treatment. However, in those situations in which both a psychiatrist and psychologist have personally evaluated or examined a person who is undergoing intensive treatment and there is a collaborative treatment relationship between the psychiatrist and psychologist, either the psychiatrist or psychologist may authorize the release of the person, but only after they have consulted with one another. In the event of a clinical or professional disagreement regarding the early release of a person who is undergoing intensive treatment, the person may not be released unless the facility's medical director overrules the decision of the psychiatrist or psychologist opposing the release. Both the psychiatrist and psychologist shall enter their findings, concerns, or objections into the person's medical record. If any other professional person who is authorized to release the person believes the person should be released

before 14 days have elapsed, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released before 14 days have elapsed only if the psychiatrist believes, as a result of the psychiatrist's personal observations, that the person has improved sufficiently for him or her to leave, or is prepared to accept voluntary treatment on referral or to remain in the facility providing intensive treatment on a voluntary basis.

(b) Any person who has been certified for 14 days of intensive treatment under this article and to whom Section 5226.1 is not applicable, or with respect to whom the criminal charge has been dismissed under Section 5226.1, shall be released at the end of the 14 days unless any of the following applies:

(1) The patient agrees to receive further treatment on a voluntary basis.

(2) The patient has been recommended for conservatorship pursuant to Chapter 3 (commencing with Section 5350).

(3) The patient is a person to whom Article 6 (commencing with Section 5300) of this chapter is applicable.

(c) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 6. Section 5267 of the Welfare and Institutions Code is amended to read:

5267. (a) Notwithstanding Section 5113, if the provisions of Section 5264 have been met, the professional person in charge of the facility providing intensive treatment, his or her designee, the medical director of the facility or his or her designee described in Section 5264, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released before the end of 14 days pursuant to this article.

(b) The professional person in charge of the facility providing intensive treatment, his or her designee, the medical director of the facility or his or her designee described in Section 5264, the psychiatrist directly responsible for the person's treatment, or the psychologist shall not be held civilly or criminally liable for any action by a person released at the end of 14 days pursuant to this article.

(c) The amendments to this section made by Assembly Bill 348 of the 2003–04 Regular Session shall not be construed to revise or expand the scope of practice of psychologists, as defined in Chapter 6.6

(commencing with Section 2900) of Division 2 of the Business and Professions Code.

SEC. 7. Section 5270.35 of the Welfare and Institutions Code is amended to read:

5270.35. (a) A certification pursuant to this article shall be for no more than 30 days of intensive treatment, and shall terminate only as soon as the psychiatrist directly responsible for the person's treatment believes, as a result of the psychiatrist's personal observations, that the person no longer meets the criteria for the certification, or is prepared to voluntarily accept treatment on a referral basis or to remain on a voluntary basis in the facility providing intensive treatment. However, in those situations in which both a psychiatrist and psychologist have personally evaluated or examined a person who is undergoing intensive treatment and there is a collaborative treatment relationship between the psychiatrist and the psychologist, either the psychiatrist or psychologist may authorize the release of the person but only after they have consulted with one another. In the event of a clinical or professional disagreement regarding the early release of a person who is undergoing intensive treatment, the person may not be released unless the facility's medical director overrules the decision of the psychiatrist or psychologist opposing the release. Both the psychiatrist and psychologist shall enter their findings, concerns, or objections into the person's medical record. If any other professional person who is authorized to release the person believes the person should be released before 30 days have elapsed, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released before 30 days have elapsed only if the psychiatrist believes, as a result of the psychiatrist's personal observations, that the person no longer meets the criteria for certification, or is prepared to voluntarily accept treatment on referral or to remain on a voluntary basis in the facility providing intensive treatment.

CHAPTER 95

An act to add and repeal Section 31580.3 of the Government Code, relating to county employees' retirement systems.

[Approved by Governor July 22, 2003. Filed with
Secretary of State July 22, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 31580.3 is added to the Government Code, to read:

31580.3. (a) If Section 31580.2 is applicable, in a fiscal year in which the net asset value of the retirement system is reduced from a previous fiscal year due to a general investment market downturn, the board of retirement or the board of retirement and the board of investment may fix the expense of administration pursuant to Section 31580.2 based on the value of the total assets of the retirement system as of an asset valuation date within a previous fiscal year, as determined by the board or boards, in which a positive rate of return for the retirement fund was generated.

(b) At no time may the expense of administration, as determined pursuant to paragraph (a), exceed 0.23 percent of net asset value.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER 96

An act to amend Sections 31496.3 and 31621.9 of, and to add Section 31485.10 to, the Government Code, relating to county employees' retirement.

[Approved by Governor July 22, 2003. Filed with
Secretary of State July 22, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 31485.10 is added to the Government Code, to read:

31485.10. (a) Notwithstanding any other provision of law, in a county of the 10th class, as defined in Sections 28020 and 28031, the board of supervisors may, by resolution, ordinance, contract, or contract amendment under this chapter, provide any retirement benefits for some, but not all, general members or safety members of a county.

(b) The resolution, ordinance, contract, or contract amendment described in subdivision (a) may provide a different formula for calculation of retirement benefits, by making any section of this chapter applicable to any subgroup of members within a membership classification, including, but not limited to, bargaining units, or unrepresented groups, applicable to service credit earned on and after the date specified in the resolution, which date may be earlier than the date the resolution is adopted.

(c) A resolution adopted pursuant to this section may require members to pay all or part of the contributions by a member or employer, or both, that would have been required if the section or sections specified in subdivision (b), as adopted by the board or governing body, had been in effect during the period of time designated in the resolution. The payment by a member shall become part of the accumulated contributions of the member. For those members who are represented by a bargaining unit, the payment requirement shall be approved in a memorandum of understanding executed by the board of supervisors and the employee representatives.

(d) This section shall only apply to members who retire on or after the effective date of the resolution described in subdivision (a) or (b).

(e) This section shall not become operative unless and until the county board of supervisors, by resolution adopted by a majority vote, makes this section operative in the county.

SEC. 2. Section 31496.3 of the Government Code is amended to read:

31496.3. Unless the context otherwise requires, the definitions contained in this section govern the construction of this article.

(a) "Board" means the board of retirement.

(b) "Employer" means the county or district or agency whose employees are members of the retirement system of the county.

(c) "Federal system" means the Old Age and Survivors Insurance provisions of the Social Security Act.

(d) "Final compensation" means the average annual compensation earnable by a general member during any three years, whether or not consecutive, elected by the member at or before the time an application

for retirement is filed or, if no election is made, during the three years in which the member or former member last earned compensation preceding retirement. If a member or former member has less than three years of service, final compensation shall be determined by dividing total compensation by the number of months of service credited to the member or former member and multiplying by 12. In no event shall final compensation include any disability benefits received by the member or former member under a disability plan provided by the employer.

(e) "Member" or "general member" means an employee hired on a permanent basis, as defined by the employer, except an employee eligible for safety membership.

(f) "Primary insurance amount" means the monthly retirement benefit payable under the federal system at the age of 65.

(g) "Service" means the period of uninterrupted employment of a member and the time in which a member or former member (1) is totally disabled, and (2) is receiving disability benefits or is eligible to receive disability benefits either during or after any elimination or qualifying period, under a disability plan provided by the employer.

Except as provided, a member may not be credited with service for any period of time in which the member is absent from work without pay.

Unless otherwise provided, service may not include military service or public service other than service with the employer.

Notwithstanding any other provision of this chapter, a member who has elected or transferred to the plan created by this article and who terminates for any reason and is later reemployed shall receive Plan 3 credit for his or her service rendered prior to termination.

SEC. 3. Section 31621.9 of the Government Code is amended to read:

31621.9. In counties adopting Section 31676.14, the normal rates of contribution, except for members covered by Article 6.8 (commencing with Section 31639), shall be that which will provide an average annuity at age 55 equal to $\frac{1}{120}$ of the final compensation of members not covered by Article 6.8 (commencing with Section 31639), according to the tables adopted by the board of supervisors, for each year of service rendered after entering the system.

This section may be made applicable in counties on the first day of the month after the board of supervisors of the county adopts, by majority vote, a resolution adopting this section.

These amounts shall be transferred to the General Fund by the Controller. The Treasurer shall pay out the money deposited by a plaintiff in the manner and at the times the court or a judge thereof may, by order or decree, direct. Any residual amount after all required payments have been made shall be paid to the plaintiff if that amount is more than five dollars (\$5). (b) On the effective date of the amendment of this section at the 1967 Regular Session, the Controller shall exchange the securities held as investments in the Surplus Money Investment Fund for money available for investment under this article, the securities to be exchanged at their values as they appear on the accounts of the Surplus Money Investment Fund at the time of exchange. [Approved by Governor July 22, 2003. Filed with
Secretary of State July 22, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 832.7 of the Penal Code is amended to read:
832.7. (a) Peace officer or custodial officer personnel records and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code. This section shall not apply to investigations or proceedings concerning the conduct of peace officers or custodial officers, or an agency or department that employs those officers, conducted by a grand jury, a district attorney's office, or the Attorney General's office.

(b) Notwithstanding subdivision (a), a department or agency shall release to the complaining party a copy of his or her own statements at the time the complaint is filed.

(c) Notwithstanding subdivision (a), a department or agency that employs peace or custodial officers may disseminate data regarding the number, type, or disposition of complaints (sustained, not sustained,

exonerated, or unfounded) made against its officers if that information is in a form which does not identify the individuals involved.

(d) Notwithstanding subdivision (a), a department or agency that employs peace or custodial officers may release factual information concerning a disciplinary investigation if the officer who is the subject of the disciplinary investigation, or the officer's agent or representative, publicly makes a statement he or she knows to be false concerning the investigation or the imposition of disciplinary action. (2) The notification described in this subdivision shall not be conclusive or binding or admissible as evidence in any separate or subsequent action or proceeding brought before an arbitrator, court, or judge of this state or the United States.

CHAPTER 103

An act to add Chapter 4.6 (commencing with Section 1070) to Part 3 of Division 2 of the Labor Code, relating to employment.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 23, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.6 (commencing with Section 1070) is added to Part 3 of Division 2 of the Labor Code, to read:

CHAPTER 4.6. PUBLIC TRANSIT SERVICE CONTRACTS

1070. The Legislature finds and declares all of the following:

(a) That when public transit agencies award contracts to operate bus and rail services to a new contractor, qualified employees of the prior contractor who are not reemployed by the successor contractor face significant economic dislocation as a result.

(b) That those displaced employees rely unnecessarily upon the unemployment insurance system, public social services, and health programs, increasing costs to these vital government programs and placing a significant burden upon both the government and the taxpayers.

(c) That it serves an important social purpose to establish incentives for contractors who bid public transit services contracts to retain qualified employees of the prior contractor to perform the same or similar work.

1071. The following definitions apply throughout this chapter:

(a) "Awarding authority" means any local government agency, including any city, county, special district, transit district, joint powers authority, or nonprofit corporation that awards or otherwise enters into contracts for public transit services performed within the State of California.

(b) "Bidder" means any person who submits a bid to an awarding agency for a public transit service contract or subcontract.

(c) "Contractor" means any person who enters into a public transit service contract with an awarding authority.

(d) "Employee" means any person who works for a contractor or subcontractor under a contract. "Employee" does not include an executive, administrative, or professional employee exempt from the payment of overtime compensation within the meaning of subdivision (a) of Section 515 or any person who is not an "employee" as defined under Section 2(3) of the National Labor Relations Act (29 U.S.C. Sec. 152(3)).

(e) "Person" means any individual, proprietorship, partnership, joint venture, corporation, limited liability company, trust, association, or other entity that may employ individuals or enter into contracts.

(f) "Public transit services" means the provision of passenger transportation services to the general public, including paratransit service.

(g) "Service contract" means any contract the principal purpose of which is to provide public transit services through the use of service employees.

(h) "Subcontractor" means any person who is not an employee who enters into a contract with a contractor to assist the contractor in performing a service contract.

1072. (a) A bidder shall declare as part of the bid for a service contract whether or not he or she will retain the employees of the prior contractor or subcontractor for a period of not less than 90 days.

(b) An awarding authority letting a service contract out to bid shall give a 10 percent preference to any bidder who agrees to retain the employees of the prior contractor or subcontractor pursuant to subdivision (a).

(c) (1) If the awarding authority announces that it intends to let a service contract out to bid, the existing service contractor, within a reasonable time, shall provide to the awarding authority the number of employees who are performing services under the service contract and the wage rates, benefits, and job classifications of those employees. In addition, the existing service contractor shall make this information available to any entity that the awarding authority has identified as a bona fide bidder. If the successor service contract is awarded to a new contractor, the existing contractor shall provide the names, addresses, dates of hire, wages, benefit levels, and job classifications of employees to the successor contractor. The duties imposed by this subdivision shall be contained in all service contracts.

(2) A successor contractor or subcontractor who agrees to retain employees pursuant to subdivision (a) shall retain employees who have been employed by the prior contractor or subcontractors, except for reasonable and substantiated cause. That cause is limited to the particular employee's performance or conduct while working under the prior contract or the employee's failure of any controlled substances and alcohol test, physical examination, criminal background check required by law as a condition of employment, or other standard hiring qualification lawfully required by the successor contractor or subcontractor.

(3) The successor contractor or subcontractor shall make a written offer of employment to each employee to be rehired. That offer shall state the time within which the employee must accept that offer, but in no case less than 10 days. Nothing in this section requires the successor contractor or subcontractor to pay the same wages or offer the same benefits provided by the prior contractor or subcontractor.

(4) If, at any time, the successor contractor or subcontractor determines that fewer employees are required than were required under the prior contract or subcontract, he or she shall retain qualified employees by seniority within the job classification. In determining those employees who are qualified, the successor contractor or subcontractor may require an employee to possess any license that is required by law to operate the equipment that the employee will operate as an employee of the successor contractor or subcontractor.

1073. (a) An employee who was not offered employment or who has been discharged in violation of this chapter, or his or her agent, may bring an action against the successor contractor or subcontractor in any superior court having jurisdiction over the successor contractor or subcontractor. Upon finding a violation of this chapter, the court shall order reinstatement to employment with the successor contractor or subcontractor and award backpay, including the value of benefits, for each day of violation. A violation of this chapter continues for each day that the successor contractor or subcontractor fails to employ the employee, within the period agreed to pursuant to Section 1072.

(b) The court may preliminarily or permanently enjoin the continued violation of this chapter.

(c) If the employee prevails in an action brought under this chapter, the court shall award the employee reasonable attorney's fees and costs as part of the costs recoverable.

1074. (a) Upon its own motion or upon the request of any member of the public, an awarding authority may terminate any service contract made pursuant to Section 1072 if both of the following occur:

(1) The contractor or subcontractor has substantially breached the contract.

(2) The awarding authority holds a public hearing within 30 days of the receipt of the request or its announcement of its intention to terminate.

(b) A contractor or subcontractor terminated pursuant to subdivision (a) shall be ineligible to bid on or be awarded a service contract or subcontract with that awarding authority for a period of not less than one year and not more than three years, to be determined by the awarding authority.

CHAPTER 104

(b) This section does not prohibit deputy registrars of voters from receiving compensation when authorized by local ordinance from any candidate, political committee, or statewide political organization for securing the registration of voters.

(c) (1) Nothing in this section precludes a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, from engaging in, or being employed in, casual or part-time employment as a private security guard or patrolman for a public entity while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency, and exercising the powers of a peace officer concurrently with that employment, provided that the peace officer is in a police uniform and is subject to reasonable rules and regulations of the agency for which he or she is a peace officer. Penney Co.*, 24 Cal.3d 579, to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, by a public entity, while wearing a police uniform as private security guards or patrolmen, and to allow the exercise of peace officer powers concurrently with that employment.

(d) (1) Nothing in this section precludes a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, from engaging in, or being employed in, casual or part-time employment as a private security guard or patrolman by a private employer while off duty from his or her principal employment and outside his or her regular employment as a peace officer, and exercising the powers of a peace officer concurrently with that employment, provided that all of the following are true:

(A) The peace officer is in his or her police uniform.

(B) The casual or part-time employment as a private security guard or patrolman is approved by the county board of supervisors with jurisdiction over the principal employer or by the board's designee or by the city council with jurisdiction over the principal employer or by the council's designee.

(C) The wearing of uniforms and equipment is approved by the principal employer.

(D) The peace officer is subject to reasonable rules and regulations of the agency for which he or she is a peace officer.

(2) Notwithstanding the above provisions, a peace officer while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency shall not exercise the powers of a police officer if employed by a private employer as a security guard during a strike, lockout, picketing, or other physical demonstration of a labor dispute at the site of the strike, lockout, picketing, or other physical demonstration of a labor dispute. The issue of whether or not casual or part-time employment as a private security guard or patrolman pursuant to this subdivision is to be approved shall not be a subject for collective bargaining. Any and all civil and criminal liability arising out of the secondary employment of any peace officer pursuant to this subdivision shall be borne by the officer's principal employer. The principal employer shall require the secondary employer to enter into an indemnity agreement as a condition of approving casual or part-time employment pursuant to this subdivision.

(3) It is the intent of the Legislature by this subdivision to abrogate the holdings in *People v. Corey*, 21 Cal. 3d 738, and *Cervantez v. J. C. Penney Co.*, 24 Cal. 3d 579, to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform approved by the principal employer, as private security guards or patrolmen, and to allow the exercise of peace officer powers concurrently with that employment.

(e) (1) Nothing in this section precludes a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, from engaging in, or being employed in, other employment while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency.

(2) Subject to subdivisions (c) and (d), and except as provided by written regulations or policies adopted by the employing state or local agency, or pursuant to an agreement between the employing state or local agency and a recognized employee organization representing the peace officer, no peace officer shall be prohibited from engaging in, or being employed in, other employment while off duty from his or her principal employment and outside his or her regular employment as a peace officer of a state or local agency.

(3) If an employer withholds consent to allow a peace officer to engage in or be employed in other employment while off duty, the employer shall, at the time of denial, provide the reasons for denial in writing to the peace officer.

The people of the State of California do enact as follows:

SECTION 1. Section 156.1 of the Business and Professions Code is amended to read:

156.1. (a) Notwithstanding any other provision of law, individuals or entities contracting with the department or any board within the department for the provision of services relating to the treatment and rehabilitation of licentiates impaired by alcohol or dangerous drugs, shall retain all records and documents pertaining to those services until such time as these records and documents have been reviewed for audit by the department. These records and documents shall be retained for a maximum of three years from the date of the last treatment or service rendered to that licentiate, or until such time as the records pertaining to treatment or services rendered to that licentiate are audited, whichever occurs first, after which time the records and documents may be purged and destroyed by the contract vendor. This provision shall supersede any other provision of law relating to the purging or destruction of records pertaining to those treatment and rehabilitation programs.

(b) Notwithstanding any other provision of law, all records and documents pertaining to services for the treatment and rehabilitation of licentiates impaired by alcohol or dangerous drugs provided by any contract vendor to the department or to any board within the department shall be kept confidential and are not subject to discovery or subpoena.

(c) With respect to all other contracts for services with the department or any board within the department other than those set forth in subdivision (a), the director or chief deputy director may request an examination and audit by the department's internal auditor of all performance under the contract. For this purpose, all documents and records of the contract vendor in connection with such performance shall be retained by such vendor for a period of three years after final payment under the contract. Nothing in this section shall affect the authority of the State Auditor to conduct any examination or audit under the terms of Section 8546.7 of the Government Code.

SEC. 2. Section 8448 of the Education Code is amended to read: 8448. As used in this article:

(a) "Financial and compliance audit" means a systematic review or appraisal to determine each of the following:

(1) Whether the financial statements of an audited organization fairly present the financial position and the results of financial operations in accordance with generally accepted accounting principles.

(2) Whether the organization has complied with laws and regulations that may have a material effect upon the financial statements.

(b) "Public accountants" means certified public accountants, or state licensed public accountants.

(c) "Independent auditors" means public accountants who have no direct or indirect relationship with the functions or activities being audited or with the business conducted by any of the officials or contractors being audited.

(d) "Generally accepted auditing standards" means the auditing standards set forth in the financial and compliance element of the "Government Auditing Standards" issued by the Comptroller General of the United States and incorporating the audit standards of the American Institute of Certified Public Accountants.

(e) "Direct service contract" means any contract with any public or private entity for child care and development programs, resource and referral programs, and programs contracting to provide support services as defined in Section 8208.

(f) "Nonprofit organization" means an organization described in Section 501(c)(3) of the Internal Revenue Code of 1954 which is exempt from taxation under Section 501(a) of that code, or any nonprofit, scientific, or educational organization qualified under Section 23701d of the Revenue and Taxation Code.

(g) Annually, there shall be a single independent financial and compliance audit of organizations that contract with the state under a direct service contract. Any such audit shall include an evaluation of the accounting and control systems of the direct service contractor and of the activities by the contractor to comply with the financial requirements of direct service contracts received by the contractor from the state agency. The financial and compliance requirements to be reviewed during the audit shall be those developed and published by the State Department of Education in consultation with the Department of Finance. Audits carried out pursuant to this section shall be audits of the contractor rather than audits of individual contracts or programs. In the case of any contractor that receives less than twenty-five thousand dollars (\$25,000) per year from any state agency, the audit required by this section shall be conducted biennially, unless there is evidence of fraud or other violation of state law in connection with the direct service contract. The cost of the audit may be included in direct service contracts.

The organization receiving funds from the state shall be responsible for obtaining the required financial and compliance audits of the organization and any subcontractors, except for direct service subcontracts and other subcontracts exempt from State Department of Education review, as agreed to by the Departments of Finance and General Services. The audits shall be made by independent auditors in accordance with generally accepted auditing standards. The audit shall be completed by the 15th day of the fifth month following the end of the contractor's fiscal year. A copy of the required audit shall be filed with the State Department of Education upon its completion. In the event an audit is not filed, the State Department of Education shall notify the organization of the contract violation. The audit report filed shall be an integral part of the direct service contract file.

(h) (1) Nothing in this article limits the authority of the State Department of Education to make audits of direct service contracts. However, if independent audits arranged for by direct service contractors meet generally accepted auditing standards, the State Department of Education shall rely on those audits and any additional audit work shall build upon the work already done.

(2) Nothing in this article precludes the state from conducting, or contracting for the conduct of, contract performance audits which are not financial and compliance audits.

(3) Nothing in this article limits the state's responsibility or authority to enforce state law or regulations, procedures, or reporting requirements arising pursuant thereto.

(4) Nothing in this article limits the responsibility of the State Department of Education to provide an independent appeal procedure according to the provisions of the Administrative Procedure Act

(Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2) of the Government Code.

SEC. 3. Section 22217 of the Education Code is amended to read:

22217. (a) The board shall employ a certified public accountant or public accountant, who is not in public employment, to audit the financial statements of the system. The costs of the audit shall be paid from the income of the retirement fund. The audit shall be made annually commencing with the fiscal year ending June 30, 1974. The board shall file a copy of the audit report with the Governor, the Secretary of the Senate, and the Chief Clerk of the Assembly.

(b) These audits shall not be duplicated by the Department of Finance or the State Auditor. The system shall be exempt from a pro rata general administrative charge for auditing.

SEC. 4. Section 22362 of the Education Code is amended to read:

22362. (a) Notwithstanding any other provision of law, the board shall give first priority to investing not less than 25 percent of all funds of the plan that become available in a fiscal year for new investments, in any of the following:

(1) Obligations secured by a lien or charge solely on residential realty, including rental housing, located in the state and on the security of which, commercial banks are permitted to make loans pursuant to Article 2 (commencing with Section 1220) of Chapter 10 of Division 1 of the Financial Code.

(2) Securities representing a beneficial interest in a pool of obligations secured by a lien or charge solely on residential realty located in the state.

(3) Certificates of deposit issued by savings and loan associations, if the savings and loan associations agree to make loans, or to fund tax-exempt notes or bonds issued by housing authorities, cities, or counties, on residential realty located in the state, including rental housing, in an amount equal to the amount of the deposit.

(b) Funds subject to investment pursuant to this section include all moneys received as employer and member contributions, investment income, and the proceeds from all net gains and losses from securities, reduced by the amount of benefit payments and withdrawals occurring during the fiscal year. In computing the amount of investment pursuant to this section, a dollar-for-dollar credit shall be given for residential realty investments described in this section that are contractually agreed to be made by a financial institution from which the board, in consideration thereof, purchases other such investments. In computing the amount of investment pursuant to this section, the board may elect to include the dollar amount of commitments to purchase mortgages from public revenue bond programs in the year the commitment is given.

However, that election may not exceed one-fifth of the total guideline amount.

(c) Nothing in this section shall be construed to require the acquisition of any instrument or security at less than the market rate.

(d) If the board determines during any fiscal year that compliance with this section will result in lower overall earnings for the retirement fund than obtainable from alternative investment opportunities that would provide equal or superior security, including guarantee of yield, the board may substitute those higher yielding investments, to the extent actually available for acquisition, for the investments otherwise specified by this section. Additionally, if, and to the extent that, adherence to the diversification guideline specified in this section would conflict with its fiduciary obligations in violation of Section 9 of Article I of the California Constitution or Section 10 of Article I of the United States Constitution, or would conflict with the standard for prudent investment of the fund as set forth in Section 17 of Article XVI of the California Constitution, the board may substitute alternative investments. In that case, the board shall estimate the amount of funds available in substitute alternative investments and the amount of funds invested pursuant to subdivision (a) and shall submit its resolution of findings and determinations, together with a description of the type, quantity, and yield of the investments substituted, to the Governor and to the Joint Legislative Audit Committee within 20 days following the conclusion of the fiscal year. Within 30 days thereafter, the Joint Legislative Audit Committee shall transmit the State Auditor's report to the Speaker of the Assembly and to the Senate Committee on Rules for transmittal to affected policy committees.

(e) The board, upon determining the final amount of funds available for investment in substitute alternative investments and the estimated amount of funds invested pursuant to subdivision (a), shall submit that information to the Governor and the Joint Legislative Audit Committee. Thereafter, the Joint Legislative Audit Committee shall transmit the report of the State Auditor to the Speaker of the Assembly and the Senate Committee on Rules for transmittal to the affected policy committees.

SEC. 5. Section 41320 of the Education Code is amended to read:
41320. As a condition to any emergency apportionment to be made pursuant to Section 41310, the following requirements shall be met:

(a) The district requesting the apportionment shall submit to the county superintendent of schools having jurisdiction over the district a report issued by an independent auditor approved by the county superintendent of schools on the financial conditions and budgetary controls of the district, a written management review conducted by a qualified management consultant approved by the county

superintendent of schools, and a fiscal plan adopted by the governing board to resolve the financial problems of the district.

(b) The county superintendent of schools shall review, and provide written comment on, the independent auditor's report, the management review, and the district plan. That written comment shall include the county superintendent's approval or disapproval of the district plan. In the event the county superintendent disapproves the plan, the governing board shall revise the district plan to respond to the concerns expressed by the county superintendent.

(c) Upon his or her approval of the district plan, the county superintendent of schools shall submit copies of the report, review, plan, and written comments specified in subdivision (b) to the Superintendent of Public Instruction, the Joint Legislative Audit Committee, the Joint Legislative Budget Committee, the Director of Finance, and the Controller.

(d) The Superintendent of Public Instruction shall review the reports and comments submitted to him or her by the county superintendent of schools and shall certify to the Director of Finance that the action taken to correct the financial problems of the district is realistic and will result in placing the district on a sound financial basis.

(e) The district shall develop a schedule to repay the emergency loan and submit it to the county superintendent of schools. The county superintendent of schools shall review and comment on the repayment schedule and submit it to the Superintendent of Public Instruction for approval or disapproval. Upon the approval of the repayment schedule, and of the other reports, reviews, plans, and the appointment of the trustee required by this article, the Superintendent of Public Instruction shall request the Controller to disburse the proceeds of the emergency loan to the district.

(f) The district requesting the apportionment shall reimburse the county superintendent of schools for the costs incurred by the superintendent pursuant to this section.

SEC. 6. Section 62004 of the Education Code is amended to read: 62004. The State Auditor shall audit, on a sampling basis, school districts' use of the funds specified in Section 62002.

SEC. 7. Section 7604 of the Government Code is amended to read: 7604. In the event of a loss in the reacquisition of loaned securities, the responsible state agency shall make a written report of the loss to the Legislature and the State Auditor as soon as possible, but not later than 30 days after the incurrence of that loss.

SEC. 8. Section 8543.1 of the Government Code is amended to read: 8543.1. The duties of the Bureau of State Audits are to examine and report annually upon the financial statements prepared by the executive branch of the state and to perform other related assignments, including

8544.3. All persons employed by the bureau pursuant to Section 8544.1 who were members of the Public Employees’ Retirement System as of November 3, 1992, shall retain their existing classification within the system and shall be considered state miscellaneous members as defined in Section 20014.

SEC. 11. Section 8544.5 of the Government Code is amended to read:

8544.5. (a) There is hereby established in the State Treasury the State Audit Fund. Notwithstanding Section 13340, the State Audit Fund is continuously appropriated for the expenses of the State Auditor. There shall be appropriated annually in the Budget Act to the State Audit Fund, from the General Fund, the amount necessary to reimburse the State Audit Fund for the cost of audits to be performed that are not directly reimbursed under subdivision (c). “Cost of audits” means all direct and indirect costs of conducting the audits and any other related expenses incurred by the State Auditor in fulfilling his or her statutory responsibilities.

(b) Upon certification by the State Auditor of estimated costs on a monthly basis, the Controller shall transfer the amount thus certified from the General Fund to the State Audit Fund. The Controller shall thereafter issue warrants drawn against the State Audit Fund upon receipt of claims certified by the State Auditor.

(c) To ensure appropriate reimbursement from federal and special funds for the costs of the duties performed pursuant to Section 8546.3, the State Auditor may directly bill state agencies for the costs incurred, subject to the approval of the Director of Finance.

(d) To ensure adequate oversight of the operations of the bureau, the Milton Marks “Little Hoover” Commission on California State

All books, papers, records, and correspondence of the bureau pertaining to its work are public records subject to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 and shall be filed at any of the regularly maintained offices of the State Auditor, except that none of the following items or papers of which these items are a part shall be released to the public by the State Auditor, his or her employees, or members of the commission:

(a) Personal papers and correspondence of any person providing assistance to the State Auditor when that person has requested in writing that his or her papers and correspondence be kept private and confidential. Those papers and correspondence shall become public records if the written request is withdrawn or upon the order of the State Auditor.

(b) Papers, correspondence, memoranda, or any substantive information pertaining to any audit not completed.

(c) Notwithstanding Section 7470, 7474, or 7491, subpoenas issued under this section for financial records of financial institutions concerning customers of financial institutions or for information contained in those records shall not be subject to the requirement or conditions of Section 7474.

SEC. 17. Section 8545.5 of the Government Code is amended to read:

(b) If any witness refuses to attend or testify or produce any papers required by the subpoena, the State Auditor or his or her designee may petition the superior court in the county in which the hearing is pending for an order compelling the person to attend and answer questions under penalty of perjury or produce the papers required by the subpoena before

the person named in the subpoena. The petition shall set forth all of the following:

(1) That due notice of the time and place of attendance of the person or the production of the papers has been given.

(2) That the person has been subpoenaed in the manner prescribed in Section 8545.4.

(3) That the person has failed and refused to attend or produce the papers required by subpoena before the State Auditor or his or her designee as named in the subpoena, or has refused to answer questions propounded to him or her in the course of the interview under penalty of perjury.

(c) Upon the filing of the petition, the court shall enter an order directing the person to appear before the court at a specified time and place and then and there show cause why he or she has not attended, answered questions under penalty of perjury, or produced the papers as required. A copy of the order shall be served upon him or her. If it appears to the court that the subpoena was regularly issued by the State Auditor or his or her designee, the court shall enter an order that the person appear before the person named in the subpoena at the time and place fixed in the order and answer questions under penalty of perjury or produce the required papers. Upon failure to obey the order, the person shall be dealt with as for contempt of court.

SEC. 18. Section 8546.1 of the Government Code is amended to read:

8546.1. (a) The State Auditor shall conduct financial and performance audits as directed by statute. Once transmitted to these parties, the report shall be made available to the public.

SEC. 19. Section 8546.3 of the Government Code is amended to read:

8546.3. The State Auditor shall examine and report annually upon the financial statements otherwise prepared by the executive branch of the state so that the Legislature and the public will be informed of the adequacy of those financial statements in compliance with generally accepted accounting principles. In making that examination, the State Auditor may make the audit examination of accounts and records, accounting procedures, and internal auditing performance that he or she determines to be necessary to disclose all material facts necessary to proper reporting in accordance with the federal Single Audit Act of 1984 (31 U.S.C. Section 7501 and following) and the purposes set forth in Section 8521.5.

SEC. 20. Section 8546.4 of the Government Code is amended to read:

8546.4. (a) The State Auditor shall annually issue an auditor's report based upon the general purpose financial statements included in the Controller's annual report that is submitted to the Governor pursuant to Section 12460. The report shall be in accordance with the "Government Auditing Standards" published by the Comptroller General of the United States and the standards published by the American Institute of Certified Public Accountants.

(c) The State Auditor shall rely, to the maximum extent possible, upon the audits performed by the Controller, the Department of Finance, internal auditors of state agencies, and independent contractors. The Director of Finance shall be responsible for coordinating and providing technical assistance to the internal auditors of state agencies. Nothing in this article is intended to reduce or restrict the operations of internal auditors whose review of internal financial and administrative controls of state agencies is essential for coordinated audits.

(d) State agencies receiving federal funds shall be primarily responsible for arranging for federally required financial and compliance

audits. State agencies shall immediately notify the Director of Finance, the State Auditor, and the Controller when they are required to obtain federally required financial and compliance audits. The Director of Finance, the State Auditor, and the Controller shall coordinate the procurement by state agencies, including any negotiations with cognizant federal agencies, of federally required financial and compliance audits.

(e) To prevent duplication of the annual audit conducted by the State Auditor pursuant to subdivision (a), except for those state agencies that are required by state law to obtain an annual audit, no state agency shall enter into a contract for a financial or compliance audit without prior written approval of the Controller and the Director of Finance, which approval shall state the reason for the contract and shall be filed with the State Auditor at least 30 days prior to the award of the contract. No funds appropriated by the Legislature shall be encumbered for the purpose of funding any contract for an audit that duplicates the annual financial audit conducted by the State Auditor.

(f) Notwithstanding any other provision of this article, nothing in this section shall be construed to limit, restrict, or otherwise infringe upon the constitutional or statutory authority of the Controller to superintend the fiscal concerns of the state.

(g) Notwithstanding any other provision of this article, nothing in this section shall be construed to limit, restrict, or otherwise infringe upon the statutory authority of the Director of Finance to supervise the financial and business policies of the state.

With respect to audits to fulfill the requirements necessary for the receipt of federal funds, the State Auditor shall be primarily responsible for financial audits, and the Director of Finance or the Controller shall be primarily responsible for compliance audits, and the Director of Finance shall be primarily responsible for coordinating state agency internal audits and determining when agencies are required to obtain federally mandated audits. Upon completion of these audit plans, the Controller, State Auditor, and Director of Finance shall meet to review and discuss the plans with the purpose of coordinating their audit efforts to avoid unnecessary duplication and negotiation with federal agencies regarding federally mandated audits.

Subsequent to their review of the audit plans and negotiations with federal agencies if the Controller, the Director of Finance, or the State Auditor determines that the proposed audit plan of the other does not fulfill all audit requirements necessary for the receipt of federal funds, they may expand the scope of their audit of state agencies to meet the additional federal audit requirements. The financial audit report issued by the State Auditor and the compliance audit report issued by the Controller or the Director of Finance or both are intended to fulfill federally mandated audit requirements. These audit reports shall be performed in accordance with the "Standards for Audits of Governmental Organizations, Programs, Activities and Functions," published by the Comptroller General of the United States, and the standards published by the American Institute of Certified Public Accountants.

Nothing in this section shall be construed to limit, restrict, or otherwise infringe upon the duty of the State Auditor to conduct annual financial audits pursuant to Section 10534 or to limit, restrict, or otherwise infringe upon the authority of the Joint Legislative Audit Committee to direct the State Auditor to conduct any audit of state government pursuant to Chapter 6.5 (commencing with Section 8540) of Division 1 of Title 2.

At any counting the State Auditor may place any sum in bags or boxes and mark and seal them with a seal adopted and kept by him or her. At any subsequent counting he or she may count each sealed bag or box separately and credit at the value stamped thereon the contents of the bags or boxes as part of the money counted without making a detailed count of the contents.

and schedule for correcting any inadequacy described in detail. The confidentiality of the information submitted to the director pursuant to this subdivision shall be maintained and the information may not be disclosed to the public.

SEC. 30. Section 16366.7 of the Government Code is amended to read:

16366.7. Since federal block grant funds were reduced by an average of 26 percent during the 1981–82 fiscal year and are proposed for further reductions during the 1982–83 fiscal year, the Legislature declares that the state’s administrative costs and processes must be reduced in order to ensure that maximum funds are available to continue essential direct human services.

Therefore, notwithstanding any other provision of law, all of the following state procedures shall be implemented within 60 days after the effective date of this section:

(a) All state agencies, offices, or departments administering federal block grant funds shall have the authority, subject to the approval of the Department of Finance, to grant advance payments of federal funds to contractors or local governmental agencies in any amounts as the administering state department deems necessary for startup or continued provision of services or program operation.

(b) Departmental service contracts utilizing federal block grant funds shall be exempt from approval by the Department of Finance and the State Department of General Services prior to their execution. Instead, the proper state fiscal controls over federal block grant funds shall be insured by all of the following provisions:

(1) State departments that award block grant funds to local agencies shall permit, as appropriate, to the extent that federal funds are available for this purpose, local agencies to provide for federally mandated financial and compliance audits of block grant awards in accordance with the federal audit provisions and standards promulgated by the Comptroller General of the United States, and consistent with the department’s approved audit plan.

(2) The Department of Finance, in consultation with the Controller, shall establish fiscal reporting requirements for the departments to use on a quarterly basis with all providers.

(3) In the event a contractor has not engaged in a contract for these program purposes before with the state, state administering departments shall have the authority to conduct a preaudit or fund a preaudit by the Controller in order to certify the ability of the contractor to administer the funds.

(4) The State Auditor shall provide audit findings regarding each block grant to the Legislature no later than May 1 of each year.

(c) Each administering state department shall develop standard definitions for units of service, costs per unit of service, citizen participation processes, and due process notification for clients in relation to diminishing federal funds within 60 days after the effective date of this section and shall incorporate all of these elements into each agreement or contract.

(d) To the extent possible, compliance with this section shall be consistent with federal policies and procedures. Reports required under this section shall be combined, where practical, with any other similar reports required by the Legislature and by the federal government.

SEC. 31. Section 53134 of the Government Code is amended to read:

53134. (a) Local agencies shall have the option, pursuant to the provisions of Section 53135, to provide for federally mandated financial and compliance audits of block grant funds received from state departments. If, however, a local agency does not elect to, or fails to provide for, federally mandated financial and compliance audits, or if it is determined by the administering state department that a local agency warrants assistance in this function, the state department shall notify the Controller, and the Controller shall identify appropriate methods for accomplishing federally required audits.

The decision of the Controller shall be based upon use of any existing state audit relationship, whenever appropriate in view of federal requirements, so as to avoid duplication and excess costs.

(b) The state shall rely on the audit arranged by the local agency if the audit is conducted in accordance with the standards promulgated by the state consistent with federal policy. Additional work shall not duplicate these audits and shall be conducted only upon approval of the Controller in consultation with the Department of Finance.

(c) Audits performed pursuant to this article shall be conducted not less frequently than every two years, or as specified by federal law, by qualified state or local government auditors or independent public accountants in accordance with the financial and compliance requirements of federal Standards for Audit of Governmental Organizations, Programs, Activities and Functions. These audits shall be completed no later than six months after the close of the audit period. If the provisions of this subdivision have not been met, the Controller shall immediately notify the Governor and the Legislature as to what corrective actions it intends to take.

(d) The total money contained in the Mobilehome Parks Revolving Fund on June 30 of each fiscal year shall not exceed the amount of money needed for the department's operating expenses for one year for the enforcement of this part. If the total money contained in the fund exceeds this amount, the department shall make appropriate reductions in the schedule of fees authorized by this section.

CHAPTER 110

An act to amend Sections 488.455 and 700.140 of the Code of Civil Procedure, relating to garnishment.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 488.455 of the Code of Civil Procedure is amended to read:

488.455. (a) Subject to Section 488.465, to attach a deposit account, the levying officer shall personally serve a copy of the writ of attachment and a notice of attachment on the financial institution with which the deposit account is maintained, or shall personally serve the writ of attachment and notice of attachment on a centralized location within the county designated by the financial institution. If the writ of attachment is received at the designated central location, it shall apply to all deposit accounts held by the financial institution regardless of the location of that property. The attachment lien reaches only amounts in the deposit account at the time of service on the financial institution, including any item in the deposit account that is in the process of being collected, unless the item is returned unpaid to the financial institution. This section does not require a financial institution to designate a central location for personal service of the writ and notice of attachment.

(b) At the time of levy or promptly thereafter, the levying officer shall serve a copy of the writ of attachment and a notice of attachment on any third person in whose name the deposit account stands.

(c) During the time the attachment lien is in effect, the financial institution shall not honor a check or other order for the payment of money drawn against, and shall not pay a withdrawal from, the deposit account that would reduce the deposit account to an amount that is less than the amount attached. For the purposes of this subdivision, in determining the amount of the deposit account, the financial institution shall not include the amount of items deposited to the credit of the deposit account that are in the process of being collected.

(d) During the time the attachment lien is in effect, the financial institution is not liable to any person for any of the following:

(1) Performance of the duties of a garnishee under the attachment.
(2) Nonpayment of a check or other order for the payment of money drawn or presented against the deposit account if the nonpayment is pursuant to the requirements of subdivision (c).

(3) Refusal to pay a withdrawal from the deposit account if the refusal is pursuant to the requirements of subdivision (c).

(e) When the amount attached pursuant to this section is paid to the levying officer, the attachment lien on the attached deposit account terminates.

(f) For the purposes of this section, neither of the following is a third person in whose name the deposit account stands:

(1) A person who is only a person named as the beneficiary of a Totten trust account.

(2) A person who is only a payee designated in a pay-on-death provision in an account pursuant to Section 18318.5 of the Financial Code or Section 5140 of the Probate Code, or other similar provision.

(g) When a deposit account has been attached, as an alternative to paying the amount of the deposit account that is attached to the levying officer as required by Section 488.600, the financial institution may continue to hold the deposit account until the deposit account is levied upon after judgment in the action or is earlier released, the deposit account to be held in one of the following manners:

(1) If the entire deposit account is attached, the financial institution may hold the deposit account on the terms applicable before the attachment, subject to the requirements of subdivision (c).

(2) If less than the entire deposit account is attached:

(A) With the consent of the defendant, and any third person in whose name the deposit account stands, the financial institution may hold in the deposit account on the same terms an amount larger than the attached amount as necessary to avoid a penalty or a reduction of the rate of interest.

(B) If the defendant, and any third person in whose name the deposit account stands, do not consent as provided in subparagraph (A), the financial institution may hold the attached amount on the same terms affecting the deposit account before the attachment, subject to the requirements of subdivision (c).

(3) The financial institution may hold the attached deposit account in any other manner agreed upon by the plaintiff, the defendant, and any third person in whose name the deposit account stands.

(h) Subdivision (g) does not prevent a financial institution that is holding an attached deposit account as provided in subdivision (g) from paying the attached amount to the levying officer before the time the financial institution otherwise is required to pay the amount under subdivision (g).

SEC. 2. Section 700.140 of the Code of Civil Procedure is amended to read:

700.140. (a) Subject to Section 700.160, to levy upon a deposit account, the levying officer shall personally serve a copy of the writ of execution and a notice of levy on the financial institution with which the deposit account is maintained, or shall personally serve the writ of execution and notice of levy to a centralized location within the county designated by the financial institution. If the writ of execution is received at the designated central location, it shall apply to all deposit accounts held by the financial institution regardless of the location of that property. The execution lien reaches only amounts in the deposit account at the time of service on the financial institution, including any item in the deposit account that is in the process of being collected, unless the item is returned unpaid to the financial institution. This section does not require a financial institution to designate a central location for personal service of the writ of execution and notice of levy.

(b) At the time of levy or promptly thereafter, the levying officer shall serve a copy of the writ of execution and a notice of levy on any third person in whose name the deposit account stands. Service shall be made personally or by mail.

(c) During the time the execution lien is in effect, the financial institution shall not honor a check or other order for the payment of money drawn against, and shall not pay a withdrawal from, the deposit account that would reduce the deposit account to an amount that is less than the amount levied upon. For the purposes of this subdivision, in determining the amount of the deposit account, the financial institution shall not include the amount of items deposited to the credit of the deposit account that are in the process of being collected.

(d) During the time the execution lien is in effect, the financial institution is not liable to any person for any of the following:

(1) Performance of the duties of a garnishee under the levy.

(2) Nonpayment of a check or other order for the payment of money drawn or presented against the deposit account if the nonpayment is pursuant to the requirements of subdivision (c).

(3) Refusal to pay a withdrawal from the deposit account if the refusal is pursuant to the requirements of subdivision (c).

(e) When the amount levied upon pursuant to this section is paid to the levying officer, the execution lien on the deposit account levied upon terminates.

(f) For the purposes of this section, neither of the following is a third person in whose name the deposit account stands:

(1) A person who is only a person named as the beneficiary of a Totten trust account.

(2) A person who is only a payee designated in a pay-on-death provision in an account pursuant to Section 18318.5 of the Financial Code or Section 5140 of the Probate Code, or other similar provision.

CHAPTER 111

An act to add Section 61600.3 to the Government Code, relating to community services districts.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 61600.3 is added to the Government Code, to read:

61600.3. (a) The Los Osos Community Services District may, consistent with Section 61613, borrow money from public or private lenders and loan those funds to property owners within the district to pay for the costs of decommissioning septic systems and constructing lateral connections on private property to facilitate the connection of those properties to the district's wastewater treatment system. The district shall lend money for this purpose at rates not to exceed its cost of borrowing and the district's costs of making the loans. The district may require that the borrower pay the district's reasonable attorney's fees and administrative costs in the event the district is required to take legal action to enforce the provisions of the contract or note securing the loan.

(b) The district may elect to have the debt payments or any delinquency collected on the tax roll pursuant to the procedures in Section 61621.2.

To secure the loan as a lien on real property, the district shall follow the procedures for the creation and recordation of special tax liens in Section 53328.3 of this code and Section 3114.5 of the Streets and Highways Code.

SEC. 2. The Legislature finds and declares that many low-income property owners in the Los Osos Community Services District cannot afford to make the necessary connections to the wastewater system without the financial assistance that this act will enable the district to provide. The Legislature further finds and declares that this need is not common to all districts formed under the Community Services District Law. It is therefore declared that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution, and that enactment of this act as a special law is necessary for the solution of problems existing in the Los Osos Community Services District.

CHAPTER 112

An act to add Sections 14132.94 and 14598 to the Welfare and Institutions Code, relating to health care.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132.94 is added to the Welfare and Institutions Code, to read:

14132.94. (a) Subject to approval by the Centers for Medicare and Medicaid Services of a medicaid state plan amendment electing the Programs of All-Inclusive Care for the Elderly (PACE) as a state medicaid option, as provided for by Subtitle I (commencing with Section 4801) of Title IV of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations, PACE program services shall become a covered benefit of the Medi-Cal program, subject to utilization controls and eligibility criteria that require that the beneficiary be certifiable for nursing facility services based on Medi-Cal criteria.

(b) Covered services under the PACE benefit of the Medi-Cal program include those set forth in 42 C.F.R. 460.92.

SEC. 2. Section 14598 is added to the Welfare and Institutions Code, to read:

14598. (a) The Legislature finds and declares both of the following:

(1) The demonstration projects authorized by this article have proven to be successful at providing comprehensive, community-based services to frail elderly individuals at no greater cost than for providing nursing home care.

(2) Based upon that success, California now desires to provide community-based, risk-based, and capitated long-term care services under the Programs of All-Inclusive Care for the Elderly (PACE) as optional services under California's medicaid state plan and under contracts, entered into between the federal Centers for Medicare and Medicaid Services, the department, as the single state medicaid agency, and PACE organizations, meeting the requirements of the Balanced Budget Act of 1997 (Public Law 105-33) and Part 460 (commencing with Section 460.2) of Subchapter E of Title 42 of the Code of Federal Regulations.

(b) The department may enter into the contracts specified in subdivision (a) for implementation of the PACE program, and also may enter into separate contracts with the PACE organizations contracting under subdivision (a), to fully implement the single state agency responsibilities assumed by the department in those contracts, the provisions of Section 14132.94, and any other state requirement found necessary by the department to provide comprehensive community-based, risk-based, and capitated long-term care services to California's frail elderly. The department may enter into separate contracts specified in subdivision (a) with up to 10 PACE organizations. The department may not enter into any contracts specified in subdivision (a) unless a medicaid state plan amendment, electing PACE as a state medicaid option as provided for in Section 14132.94, has been approved by the federal Centers for Medicare and Medicaid Services.

(c) Notwithstanding subdivisions (a) and (b), any demonstration project contract entered into under this article prior to January 1, 2004, shall remain in full force and effect under its own terms, but shall not be renewed or amended beyond the termination date in effect on that date.

(d) For purposes of this section, "PACE organizations" means those entities as defined in 42 C.F.R. 460.6.

CHAPTER 113

An act to add Section 423.5 to the Government Code, relating to state emblems.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. (a) In 1983, the Assembly adopted with the Senate concurring, Assembly Concurrent Resolution No. 69, relative to the tall ship Californian, and designating the Californian as the official tall ship ambassador of California.

(b) For the last 20 years, the Californian has served as the official tall ship ambassador of California and the Californian represented the State of California during the 1984 Olympics held in Los Angeles and at OP-Sail 86 which celebrated the centennial of the Statue of Liberty in New York Harbor and the Californian has also represented the state numerous times in locations such as Hawaii, Canada, Mexico and most recently during the California Sesquicentennial in 1999 and the Tall Ships Challenge California 2002.

(c) The Legislature commended the Nautical Heritage Museum located in Orange County for the construction of the Californian, a full-scale recreation of the 1848 vintage Revenue Cutter Lawrence. The Lawrence sailed from Washington D.C. in November 1848 for California, tasked with the responsibility of bringing law and order to America's newest and wealthiest maritime acquisition. The Lawrence arrived in San Francisco on October 31, 1849, nearly a year after her departure.

(d) For two years, Lawrence operated along the California coastline between the cities of San Diego and San Francisco, enforcing customs regulations, assisting in the rescue of some ships and the quelling of mutiny in others, imposing the peacemaking authority of her company and her cannon on a frequently turbulent and riotous San Francisco, and, in general, exerting the authority of the United States government.

(e) En route to San Francisco from a patrol of southern California ports, on November 25, 1851, the Lawrence wrecked off Point Lobos, ending the career of the first ship to lend substance to the notion of California's statehood by being the only expression of United States government authority.

(f) The Californian was built from the ground up in 1984 at Spanish Landing in San Diego Bay. Since its launching in 1984 the Californian has served as an educational tool for Californians of all ages in the distinguished tradition of California tall ships.

(g) The Californian was recently acquired by the San Diego Maritime Museum, which also maintains and operates the iron sailing ship Star of India, the oldest active ship of any kind in existence and maintains the historic steam ferry Berkeley as well as other precious and historic maritime assets. The Star of India and the Berkeley are each designated national and state historic landmarks. The preservation of California's precious maritime heritage is the primary goal of the San Diego

Maritime Museum and the museum is to be commended for its plans for refurbishing the Californian.

(h) Nowhere in the world today does there exist a replica of these early Revenue Cutters that once protected America's coastlines. The building of the Californian restored to California's shores the grace, beauty, and indomitable spirit of the single coast guard cutter that maintained law and order during the frenzy of California's Gold Rush.

(i) The Californian carries a carved figurehead of Queen Calafia, namesake of California, and the ship's transom ornamented by two California golden grizzly bears on either side of a flowing ribbon in which her name is carved.

(j) The educational and cultural potential of the Californian as an embodiment of California's role in the great age of sail is thereby enhanced through its membership in one of the world's great institutional collections of historic ships. The San Diego Maritime Museum will operate the Californian as an educational vessel and historic asset to promote and encourage an appreciation of the maritime heritage and coastal resources of the State of California.

(k) The San Diego Maritime Museum will make the Californian available to the state for official functions and to represent the state at tall ship events, and sail the Californian along the California coast to visit other ports and nautical museums so that all Californians can learn about the proud nautical heritage of California.

(l) Other states such as Massachusetts, Maryland, New Jersey, Pennsylvania, and Rhode Island have designated official tall ships for their states.

(m) The State of California has adopted numerous state emblems, and with passage of this measure, the Legislature declares the Californian to be California's official tall ship.

SEC. 2. Section 423.5 is added to the Government Code, to read:
423.5. "The Californian" is the official state tall ship.

CHAPTER 114

An act relating to parks.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding any other provision of law, San Joaquin County may convert, for the purpose of road usage, a portion of

Oak Grove Regional Park that was acquired and developed with state grant funds, if the following conditions are met:

(1) The conversion of park land is carried out in accordance with the requirements of the Public Park Preservation Act (Chapter 2.5 (commencing with Section 5400) of Division 5 of the Public Resources Code).

(2) San Joaquin County submits to the Department of Parks and Recreation a copy of the recorded deed and title policy for the replacement land.

(b) For purposes of subdivision (a), "a portion of Oak Grove Regional Park" means a portion of Section 6, Township 2 North, Range 6 East, and a portion of Section 1, Township 2 North, Range 5 East, Mount Diablo Base and Meridian, more particularly described as follows:

Commencing at the northeast corner of the northwest one-quarter of said Section 6; thence South $4^{\circ}21'19''$ East along the East line of said northwest one-quarter, a distance of 38.69 feet to the South right-of-way line of Eight Mile Road, and being the TRUE POINT OF THE BEGINNING; thence along said South right-of-way line the following four (4) courses: (1) westerly along a curve to the right from a tangent that bears North $88^{\circ}37'16''$ West, said curve having a radius of 21,525.90 feet (the long chord of which bears North $88^{\circ}16'40''$ West, 257.98 feet), an arc distance of 257.98 feet, (2) North $87^{\circ}56'04''$ West, 2,147.83 feet, (3) westerly along a curve to the left having a radius of 10,703.00 feet (the long chord of which bears North $89^{\circ}16'09''$ West, 498.61 feet), an arc distance of 498.66 feet to a point designated Point "A" for the purpose of this description, and (4) South $80^{\circ}47'50''$ West, 167.20 feet to the easterly right-of-way line of Interstate Highway Route No. 5; thence South $89^{\circ}54'38''$ East, 165.33 feet to a point that is 27.00 feet southerly of (measured radially) from Point "A", thence parallel with said South right-of-way line of Eight Mile Road the following three (3) courses: (1) easterly along a curve to the right from a tangent that bears North $89^{\circ}23'46''$ East, said curve having a radius of 10,676.00 feet (the long chord of which bears South $89^{\circ}16'09''$ East, 497.36 feet), an arc distance of 497.40 feet, (2) South $87^{\circ}56'04''$ East, 2,147.83 feet, and (3) easterly along a curve to the left having a radius of 21,552.90 feet (the long chord of which bears South $87^{\circ}16'53''$ East, 261.02 feet) an arc distance of 261.02 feet to aforesaid East line of the northwest one-quarter of Section 6; thence North $04^{\circ}21'19''$ West along said East line, 27.14 feet to the true point of beginning containing 1.852 acres, more or less.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to San Joaquin County, a statute of general applicability cannot be enacted within the meaning of

subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 115

An act to add Section 10110.3 to the Insurance Code, relating to life insurance.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 10110.3 is added to the Insurance Code, to read:

10110.3. (a) An insurer may not issue an individual life insurance policy to an applicant that insures the life of the applicant's spouse unless the applicant's spouse has signed the policy application or has otherwise been notified in advance of the issuance of the policy.

(b) This section shall apply to policies of individual life insurance with face amounts exceeding fifty thousand dollars (\$50,000) that are issued on or after July 1, 2004.

CHAPTER 116

An act to amend Section 1749.5 of, and to add Section 1749.45 to, the Civil Code, and to amend Section 1520.5 of the Code of Civil Procedure, relating to gift certificates.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1749.45 is added, immediately preceding Section 1749.5, to Title 1.4A (commencing with Section 1749.5) of Part 4 of Division 3 of the Civil Code, to read:

1749.45. (a) As used in this title, "gift certificate" includes gift cards, but does not include any gift card usable with multiple sellers of goods or services, provided the expiration date, if any, is printed on the card. This exemption does not apply to a gift card usable only with affiliated sellers of goods or services.

(b) Nothing in this title prohibits those fees or practices expressly permitted by Section 17538.9 of the Business and Professions Code with respect to a prepaid calling card, as defined in that section, that is issued solely to provide an access number and authorization code for prepaid calling services.

SEC. 2. Section 1749.5 of the Civil Code is amended to read:

1749.5. (a) It is unlawful for any person or entity to sell a gift certificate to a purchaser that contains any of the following:

(1) An expiration date.

(2) A service fee, including, but not limited to, a service fee for dormancy, except as provided in subdivision (e).

(b) Any gift certificate sold after January 1, 1997, is redeemable in cash for its cash value, or subject to replacement with a new gift certificate at no cost to the purchaser or holder.

(c) A gift certificate sold without an expiration date is valid until redeemed or replaced.

(d) This section does not apply to any of the following gift certificates issued on or after January 1, 1998, provided the expiration date appears in capital letters in at least 10-point font on the front of the gift certificate:

(1) Gift certificates that are distributed by the issuer to a consumer pursuant to an awards, loyalty, or promotional program without any money or other thing of value being given in exchange for the gift certificate by the consumer.

(2) Gift certificates that are sold below face value at a volume discount to employers or to nonprofit and charitable organizations for fundraising purposes if the expiration date on those gift certificates is not more than 30 days after the date of sale.

(3) Gift certificates that are issued for a food product.

(e) Paragraph (2) of subdivision (a) does not apply to a dormancy fee on a gift card that meets all of the following criteria:

(1) The remaining value of the gift card is five dollars (\$5) or less each time the fee is assessed.

(2) The fee does not exceed one dollar (\$1) per month.

(3) There has been no activity on the gift card for 24 consecutive months, including, but not limited to, purchases, the adding of value, or balance inquiries.

(4) The holder may reload or add value to the gift card.

(5) A statement is printed on the gift card in at least 10-point font stating the amount of the fee, how often the fee will occur, that the fee is triggered by inactivity of the gift card, and at what point the fee will be charged. The statement may appear on the front or back of the gift card, but shall appear in a location where it is visible to any purchaser prior to the purchase thereof.

(f) Nothing in paragraph (1) of subdivision (a) prevents an issuer of gift certificates from including on any gift certificate a provision that entitles the purchaser to a full refund of the amount that he or she paid for that gift certificate upon the occurrence of the following circumstances:

(1) The gift certificate is purchased as a gift for another person.

(2) The time in which the gift certificate may be redeemed is disclosed on the gift certificate.

(3) The holder of the gift certificate does not redeem the gift certificate within the time described in paragraph (2).

(g) The changes made to this section by the act adding this subdivision shall apply only to gift certificates issued on or after January 1, 2004.

SEC. 3. Section 1520.5 of the Code of Civil Procedure is amended to read:

1520.5. Section 1520 does not apply to gift certificates subject to Title 1.4A (commencing with Section 1749.45) of Part 4 of Division 3 of the Civil Code. However, Section 1520 applies to any gift certificate that has an expiration date and that is given in exchange for money or any other thing of value.

SEC. 4. The enactment of this act creates no inference with respect to the validity or invalidity of any service fee imposed prior to the effective date of this act.

SEC. 5. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 117

An act to amend Sections 5093.54 and 5093.545 of the Public Resources Code, relating to rivers.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is the policy of the State of California that certain rivers that possess extraordinary scenic, recreational, fishery, or wildlife values, be preserved in their free-flowing state for the benefit and enjoyment of the people of the state.

(b) The Albion River is a place of outstanding natural values, containing a highly productive estuarine ecosystem of major importance. The Albion River supports 30 species of fish, including the threatened coho salmon, steelhead trout, and others of commercial and sport values. These organisms utilize the estuary as a nursery area and in turn provide a food supply for species of birds as grebes, loons, mergansers, belted kingfishers, great blue herons, and osprey. The Albion River salt marsh is one of the best still remaining in Mendocino County and its productivity makes it a prime habitat for migrating shorebirds.

(c) The Gualala River is a unique and valued natural resource. The Gualala River enters the Pacific Ocean approximately 110 miles north of San Francisco, marking the border of Mendocino and Sonoma Counties. The Gualala River and its estuary system is an important nature treasure for all the people of the state. The river contains critical fish and wildlife habitat. The river is a breeding ground for the threatened coho salmon and steelhead trout, as well as other local fish. Ospreys, spotted owls, and river otters are among the local inhabitants of the Gualala River.

SEC. 2. Section 5093.54 of the Public Resources Code is amended to read:

(3) The Legislature finds and declares that, because the East Fork Carson River and West Walker River are interstate streams, and a source of agricultural water and domestic water for communities within the counties of Alpine and Mono where they originate, it is necessary that the following special provisions apply:

(A) Nothing in this subdivision shall be construed to prohibit the replacement of diversions or changes in the purpose of use, place of use, or point of diversion under existing water rights, except that (i) no replacement or change shall operate to increase the adverse effect, if any, of the preexisting diversion facility or place or purpose of use, upon the free-flowing condition and natural character of the stream, and (ii) after January 1, 1990, no new diversion shall be constructed unless and until the secretary determines that the facility is needed to supply domestic water to the residents of any county through which the river or segment

flows and that the facility will not adversely affect the free-flowing condition and natural character of the stream.

(B) Nothing in this chapter shall be construed as quantifying or otherwise affecting any equitable apportionment, or as establishing any upper limit, between the State of California and the State of Nevada of the waters of these streams.

(g) (1) The South Yuba River: From Lang Crossing to its confluence with Kentucky Creek below Bridgeport.

(a) Upon receipt by the commission of a proposed change of organization or reorganization that includes the annexation of territory to any district, if the proposal is not filed by the district to which annexation of territory is proposed, the executive officer shall place the proposal on the agenda for the next commission meeting for information purposes only and shall transmit a copy of the proposal to any district to which an annexation of territory is requested.

(b) No later than 60 days after the date that the proposal is on the commission's meeting agenda in accordance with subdivision (a), any district to which annexation of territory is proposed may adopt and transmit to the commission a resolution requesting termination of the proceedings. The resolution requesting termination of the proceedings shall be based upon written findings supported by substantial evidence in the record that the request is justified by a financial or service related concern. Prior to the commission's termination of proceedings pursuant to subdivision (c), the resolution is subject to judicial review.

(c) If any district to which annexation of territory is proposed has adopted and transmitted to the commission a resolution requesting termination of proceedings within the time period prescribed by, and in accordance with, subdivision (b), and if the commission has not been served with notice that judicial review of that resolution is being sought pursuant to subdivision (b), then the commission shall terminate the

proceedings no sooner than 30 days from receipt of the resolution from the district.

(d) For purposes of an annexation to a district pursuant to this section or Section 56668.3:

(1) “Financial concerns” means that the proposed uses within the territory proposed to be annexed do not have the capacity to provide sufficient taxes, fees, and charges, including connection fees, if any, to pay for the full cost of providing services, including capital costs. Cost allocation shall be based on generally accepted accounting principles and shall be subject to all constitutional and statutory limitations on the amount of the tax, fee, or charge.

(2) “Service concerns” means that a district will not have the ability to provide the services that are the subject of the application to the territory proposed to be annexed without imposing level of service reductions on existing and planned future uses in the district’s current service area. “Service concerns” does not include a situation when a district has the ability to provide the services or the services will be available prior to the time that services will be required.

(3) A district may make findings regarding financial or service concerns based on information provided in the application and any additional information provided to the district by the commission or the applicant that is relevant to determining the adequacy of existing and planned future services to meet the probable future needs of the territory. Findings related to service or financial concerns may be based on an urban water management plan, capital improvement plan, financial statement, comprehensive annual financial report, integrated resource management plan, or other information related to the ability of a district to provide services.

(4) Nothing in this section shall be construed to create a right or entitlement to water service or any specific level of water service.

(5) Nothing in this section is intended to change existing law concerning a district’s obligation to provide water service to its existing customers or to any potential future customers.

(e) This section shall not apply if all districts to which annexation of territory is proposed have adopted and transmitted to the commission a resolution supporting the proposed change of organization or reorganization.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 11105.3 of the Penal Code is amended to read:
11105.3. (a) Notwithstanding any other law, a human resource agency or an employer may request from the Department of Justice records of all convictions or any arrest pending adjudication involving the offenses specified in subdivision (a) of Section 15660 of the Welfare and Institutions Code of a person who applies for a license, employment, or volunteer position, in which he or she would have supervisory or disciplinary power over a minor or any person under his or her care. The department shall furnish the information to the requesting employer and shall also send a copy of the information to the applicant.

(b) Any request for records under subdivision (a) shall include the applicant's fingerprints, which may be taken by the requester, and any other data specified by the department. The request shall be on a form approved by the department, and the department may charge a fee to be paid by the employer, human resource agency, or applicant for the actual cost of processing the request. However, no fee shall be charged to a nonprofit organization. Requests received by the department for federal level criminal offender record information shall be forwarded to the Federal Bureau of Investigation by the department to be searched for any record of arrests or convictions. The provisions of Section 50.12 of Title 28 of the Code of Federal Regulations are to be followed in processing federal criminal history information.

(c) (1) Where a request pursuant to this section reveals that a prospective employee or volunteer has been convicted of a violation or attempted violation of Section 220, 261.5, 262, 273a, 273d, or 273.5, or any sex offense listed in Section 290, except for the offense specified in subdivision (d) of Section 243.4, and where the agency or employer hires the prospective employee or volunteer, the agency or employer shall notify the parents or guardians of any minor who will be supervised or disciplined by the employee or volunteer. A conviction for a violation or attempted violation of an offense committed outside the State of California shall be included in this notice if the offense would have been a crime specified in this subdivision if committed in California. The notice shall be given to the parents or guardians with whom the child

resides, and shall be given at least 10 days prior to the day that the employee or volunteer begins his or her duties or tasks. Notwithstanding any other provision of law, any person who conveys or receives information in good faith and in conformity with this section is exempt from prosecution under Section 11142 or 11143 for that conveying or receiving of information. Notwithstanding subdivision (d), the notification requirements of this subdivision shall apply as an additional requirement of any other provision of law requiring criminal record access or dissemination of criminal history information.

(2) The notification requirement pursuant to paragraph (1) shall not apply to a misdemeanor conviction for violating Section 261.5 or to a conviction for violating Section 262 or 273.5. Nothing in this paragraph shall preclude an employer from requesting records of convictions for violating Section 261.5, 262, or 273.5 from the Department of Justice pursuant to this section.

(d) Nothing in this section supersedes any law requiring criminal record access or dissemination of criminal history information. In any conflict with another statute, dissemination of criminal history information shall be pursuant to the mandatory statute. This subdivision applies to, but is not limited to, requirements pursuant to Article 1 (commencing with Section 1500) of Chapter 3 of, and Chapter 3.2 (commencing with Section 1569) and Chapter 3.4 (commencing with Section 1596.70) of, Division 2 of, and Section 1522 of, the Health and Safety Code, and Sections 8712, 8811, and 8908 of the Family Code.

(e) The department may adopt regulations to implement the provisions of this section as necessary.

(f) As used in this section, "employer" means any nonprofit corporation or other organization specified by the Attorney General which employs or uses the services of volunteers in positions in which the volunteer or employee has supervisory or disciplinary power over a child or children.

(g) As used in this section, "human resource agency" means a public or private entity, excluding any agency responsible for licensing of facilities pursuant to the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500)), the California Residential Care Facilities for the Elderly Act (Chapter 3.2 (commencing with Section 1569)), Chapter 3.01 (commencing with Section 1568.01), and the California Child Day Care Facilities Act (Chapter 3.4 (commencing with Section 1596.70)) of Division 2 of the Health and Safety Code, responsible for determining the character and fitness of a person who is:

(1) Applying for a license, employment, or as a volunteer within the human services field that involves the care and security of children, the elderly, the handicapped, or the mentally impaired.

(2) Applying to be a volunteer who transports individuals impaired by drugs or alcohol.

(3) Applying to adopt a child or to be a foster parent.

(h) Except as provided in subdivision (c), any criminal history information obtained pursuant to this section is confidential and no recipient shall disclose its contents other than for the purpose for which it was acquired.

SEC. 2. Section 204 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 725.1 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 828 of the Welfare and Institutions Code is amended to read:

828. (a) Except as provided in Sections 389, 781, and 827.9 of this code or Section 1203.45 of the Penal Code, any information gathered by a law enforcement agency, including the Department of Justice, relating to the taking of a minor into custody may be disclosed to another law enforcement agency, including a school district police or security department, or to any person or agency which has a legitimate need for the information for purposes of official disposition of a case. When the disposition of a taking into custody is available, it shall be included with any information disclosed.

A court shall consider any information relating to the taking of a minor into custody, if the information is not contained in a record which has been sealed, for purposes of determining whether adjudications of commission of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 of the Penal Code or to deny probation.

(b) When a law enforcement agency has been notified pursuant to Section 1155 that a minor has escaped from a secure detention facility, the law enforcement agency shall release the name of, and any descriptive information about, the minor to a person who specifically requests this information. The law enforcement agency may release the information on the minor without a request to do so if it finds that release of the information would be necessary to assist in recapturing the minor or that it would be necessary to protect the public from substantial physical harm.

An act to amend Section 798.21 of the Civil Code, relating to mobilehomes.

[Approved by Governor July 27, 2003. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 798.21 of the Civil Code is amended to read:
798.21. (a) Notwithstanding Section 798.17, if a mobilehome space within a mobilehome park is not the principal residence of the homeowner and the homeowner has not rented the mobilehome to another party, it shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any city, county, or city and county, which establishes a maximum amount that the landlord may charge a tenant for rent.

(b) Nothing in this section is intended to require any homeowner to disclose information concerning his or her personal finances. Nothing in this section shall be construed to authorize management to gain access to any records which would otherwise be confidential or privileged.

(c) For purposes of this section, a mobilehome shall be deemed to be the principal residence of the homeowner, unless a review of state or county records demonstrates that the homeowner is receiving a homeowner's exemption for another property or mobilehome in this state, or unless a review of public records reasonably demonstrates that the principal residence of the homeowner is out of state.

(d) Before modifying the rent or other terms of tenancy as a result of a review of records, as described in subdivision (c), the management

shall notify the homeowner, in writing, of the proposed changes and provide the homeowner with a copy of the documents upon which management relied.

(e) The homeowner shall have 90 days from the date the notice described in subdivision (d) is mailed to review and respond to the notice. Management may not modify the rent or other terms of tenancy prior to the expiration of the 90-day period or prior to responding, in writing, to information provided by the homeowner. Management may not modify the rent or other terms of tenancy if the homeowner provides documentation reasonably establishing that the information provided by management is incorrect or that the homeowner is not the same person identified in the documents. However, nothing in this subdivision shall be construed to authorize the homeowner to change the homeowner's exemption status of the other property or mobilehome owned by the homeowner.

(f) This section does not apply under any of the following conditions:

(1) The homeowner is unable to rent or lease the mobilehome because the owner or management of the mobilehome park in which the mobilehome is located does not permit, or the rental agreement limits or prohibits, the assignment of the mobilehome or the subletting of the park space.

(2) The mobilehome is being actively held available for sale by the homeowner, or pursuant to a listing agreement with a real estate broker licensed pursuant to Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, or a mobilehome dealer, as defined in Section 18002.6 of the Health and Safety Code. A homeowner, real estate broker, or mobilehome dealer attempting to sell a mobilehome shall actively market and advertise the mobilehome for sale in good faith to bona fide purchasers for value in order to remain exempt pursuant to this subdivision.

(3) The legal owner has taken possession or ownership, or both, of the mobilehome from a registered owner through either a surrender of ownership interest by the registered owner or a foreclosure proceeding.

To this end, the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the concomitant overcrowding and increased expenses of local jails. It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both for the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings. In further accordance with this policy, death penalty cases in which both the prosecution and the defense have informed the court that they are prepared to proceed to trial shall be given precedence over, and set for trial and heard without regard to the pendency of, other criminal cases and any civil matters or proceedings, unless the court finds in the interest of justice that it is not appropriate.

(b) To continue any hearing in a criminal proceeding, including the trial, (1) a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary and (2) within two court days of learning that he or she has a conflict in the scheduling of any court hearing, including a trial, an attorney shall notify the calendar clerk of each court involved, in writing, indicating which hearing was set first. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify the people's witnesses and the defense attorney shall notify the defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court.

(c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.

(d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with those requirements. At the conclusion of the hearing, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the moving party is unable to show good cause for the failure to give notice, the motion for continuance shall not be granted.

(e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.

(f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.

(g) (1) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.

(2) For purposes of this section, "good cause" includes, but is not limited to, those cases involving murder, as defined in subdivision (a) of Section 187, allegations that stalking, as defined in Section 646.9, a violation of one or more of the sections specified in subdivision (a) of Section 11165.1 or Section 11165.6, or domestic violence as defined in Section 13700, or a case being handled in the Career Criminal Prosecution Program pursuant to Sections 999b through 999h, or a hate crime, as defined in Title 11.6 (commencing with Section 422.6) of Part 1, has occurred and the prosecuting attorney assigned to the case has another trial, preliminary hearing, or motion to suppress in progress in that court or another court. A continuance under this paragraph shall be limited to a maximum of 10 additional court days.

(3) Only one continuance per case may be granted to the people under this subdivision for cases involving stalking, hate crimes, or cases handled under the Career Criminal Prosecution Program. Any

continuance granted to the people in a case involving stalking or handled under the Career Criminal Prosecution Program shall be for the shortest time possible, not to exceed 10 court days.

(h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court on an indictment or information is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.

(j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382, the court must immediately notify the Chair of the Judicial Council.

(k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

(l) This section is directory only and does not mandate dismissal of an action by its terms.

SEC. 2. Section 1050.5 of the Penal Code is amended to read:

1050.5. (a) When, pursuant to subdivision (c) of Section 1050, the court imposes sanctions for failure to comply with the provisions of subdivision (b) of Section 1050, the court may impose one or both of the following sanctions when the moving party is the prosecuting or defense attorney:

(1) A fine not exceeding one thousand dollars (\$1,000) upon counsel for the moving party.

(2) The filing of a report with an appropriate disciplinary committee.

(b) The authority to impose sanctions provided for by this section shall be in addition to any other authority or power available to the court, except that the court or magistrate shall not dismiss the case.

CHAPTER 134

An act to amend Sections 6401 and 6402 of the Family Code, relating to foreign protection orders.

[Approved by Governor July 27, 2003. Filed with
Secretary of State July 28, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 6401 of the Family Code is amended to read: 6401. In this part:

(1) "Foreign protection order" means a protection order issued by a tribunal of another state.

(2) "Issuing state" means the state whose tribunal issues a protection order.

(3) "Mutual foreign protection order" means a foreign protection order that includes provisions in favor of both the protected individual seeking enforcement of the order and the respondent.

(4) "Protected individual" means an individual protected by a protection order.

(5) "Protection order" means an injunction or other order, issued by a tribunal under the domestic violence, family violence, or antistalking laws of the issuing state, to prevent an individual from engaging in violent or threatening acts against, harassment of, contact or communication with, or physical proximity to, another individual.

(6) "Respondent" means the individual against whom enforcement of a protection order is sought.

(7) "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band, or any branch of the United States military, that has jurisdiction to issue protection orders.

(8) "Tribunal" means a court, agency, or other entity authorized by law to issue or modify a protection order.

SEC. 2. Section 6402 of the Family Code is amended to read:

6402. (a) A person authorized by the law of this state to seek enforcement of a protection order may seek enforcement of a valid foreign protection order in a tribunal of this state. The tribunal shall enforce the terms of the order, including terms that provide relief that a tribunal of this state would lack power to provide but for this section. The tribunal shall enforce the order, whether the order was obtained by independent action or in another proceeding, if it is an order issued in response to a complaint, petition, or motion filed by or on behalf of an individual seeking protection. In a proceeding to enforce a foreign

protection order, the tribunal shall follow the procedures of this state for the enforcement of protection orders.

(b) A tribunal of this state may not enforce a foreign protection order issued by a tribunal of a state that does not recognize the standing of a protected individual to seek enforcement of the order.

(c) A tribunal of this state shall enforce the provisions of a valid foreign protection order which govern custody and visitation, if the order was issued in accordance with the jurisdictional requirements governing the issuance of custody and visitation orders in the issuing state.

(d) A foreign protection order is valid if it meets all of the following criteria:

(1) Identifies the protected individual and the respondent.

(2) Is currently in effect.

(3) Was issued by a tribunal that had jurisdiction over the parties and subject matter under the law of the issuing state.

(4) Was issued after the respondent was given reasonable notice and had an opportunity to be heard before the tribunal issued the order or, in the case of an order ex parte, the respondent was given notice and has had or will have an opportunity to be heard within a reasonable time after the order was issued, in a manner consistent with the rights of the respondent to due process.

(e) A foreign protection order valid on its face is prima facie evidence of its validity.

(f) Absence of any of the criteria for validity of a foreign protection order is an affirmative defense in an action seeking enforcement of the order.

(g) A tribunal of this state may enforce provisions of a mutual foreign protection order which favor a respondent only if both of the following are true:

(1) The respondent filed a written pleading seeking a protection order from the tribunal of the issuing state.

(2) The tribunal of the issuing state made specific findings in favor of the respondent.

SEC. 3. The Legislature finds and declares that the changes made by this act that delete the current subdivision (d) of Section 6402 of the Family Code are not intended to make a change in, but are declaratory of, existing law. Under existing law, support orders are enforced pursuant to the Uniform Interstate Family Support Act (Chapter 6 (commencing with Section 4900) of Part 5 of Division 9 of the Family Code). Because Section 6402 of the Family Code relates to protection orders, the Legislature further finds and declares that the reference to support orders in subdivision (d) of that provision is inappropriate and does not comport with the intent of the Legislature.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 135

An act to amend Section 38025 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 27, 2003. Filed with
Secretary of State July 28, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 38025 of the Vehicle Code is amended to read:
38025. In accordance with subdivision (c) of Section 4000, a motor vehicle issued a plate or device pursuant to Section 38160 may be operated or driven upon a highway but only as follows:

(a) On a two-lane highway, only to cross the highway at an angle of approximately 90 degrees to the direction of the roadway and at a place where a quick and safe crossing may be made, or only when the roadway is not maintained by snow removal equipment and is closed to motor vehicles that are subject to registration pursuant to Division 3 (commencing with Section 4000), or only to cross a highway in the manner specified in subdivision (b).

(b) With respect to the crossing of a highway having more than two lanes, or a highway having limited access, a motor vehicle may cross a highway but only at a place designated by the Department of Transportation or local authorities with respect to a highway under their respective jurisdictions as a place where a motor vehicle, or specified types of motor vehicle, may cross a highway, and a vehicle shall cross the highway only at that designated place and only in a quick and safe manner.

(c) The Department of Transportation and local authorities with respect to a highway under their respective jurisdictions may designate, by the erection of an appropriate sign of a type approved by the Department of Transportation, a place where a motor vehicle, or

specified type of motor vehicle, may cross a highway having more than two lanes or having limited access.

(d) A motor vehicle identified pursuant to Section 38010 may be towed upon a highway, but not driven, if the vehicle displays a plate or device issued pursuant to Section 38160.

(e) A motorcycle identified pursuant to Section 38010 may be pushed upon a highway, but not ridden, if the motorcycle has displayed upon it a plate or device issued pursuant to Section 38160.

(f) A peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may operate or drive an off-highway vehicle identified pursuant to Section 38010 upon a highway in an emergency response situation.

CHAPTER 136

An act to amend Section 1473.5 of the Penal Code, relating to battered women's syndrome.

[Approved by Governor July 27, 2003. Filed with
Secretary of State July 28, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1473.5 of the Penal Code is amended to read:
1473.5. (a) A writ of habeas corpus also may be prosecuted on the basis that evidence relating to battered women's syndrome, within the meaning of Section 1107 of the Evidence Code, based on abuse committed on the perpetrator of a homicide by the victim of that homicide, was not introduced at the trial relating to the prisoner's incarceration, and is of such substance that, had it been introduced, there is a reasonable probability, sufficient to undermine confidence in the judgment of conviction, that the result of the proceedings would have been different. Sections 1260 to 1262, inclusive, apply to the prosecution of a writ of habeas corpus pursuant to this section.

(b) This section is limited to judgments of conviction for a violation of Section 187 resulting from a plea entered, or a trial commenced, before January 1, 1992.

(c) If a petitioner for habeas corpus under this section filed a petition for writ of habeas corpus prior to the effective date of this section, it is grounds for denial of the new petition if a court determined on the merits in the prior petition that the omission of evidence relating to battered woman's syndrome at trial was not prejudicial and did not entitle the petitioner to the writ of habeas corpus.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

CHAPTER 137

An act to amend Section 1524 of the Penal Code, relating to search warrants.

[Approved by Governor July 30, 2003. Filed with
Secretary of State July 30, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1524 of the Penal Code is amended to read:
1524. (a) A search warrant may be issued upon any of the following grounds:

- (1) When the property was stolen or embezzled.
- (2) When the property or things were used as the means of committing a felony.
- (3) When the property or things are in the possession of any person with the intent to use them as a means of committing a public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their being discovered.
- (4) When the property or things to be seized consist of any item or constitute any evidence that tends to show a felony has been committed, or tends to show that a particular person has committed a felony.
- (5) When the property or things to be seized consist of evidence that tends to show that sexual exploitation of a child, in violation of Section 311.3, or possession of matter depicting sexual conduct of a person under the age of 18 years, in violation of Section 311.11, has occurred or is occurring.
- (6) When there is a warrant to arrest a person.
- (7) When a provider of electronic communication service or remote computing service has records or evidence, as specified in Section 1524.3, showing that property was stolen or embezzled constituting a misdemeanor, or that property or things are in the possession of any person with the intent to use them as a means of committing a misdemeanor public offense, or in the possession of another to whom he or she may have delivered them for the purpose of concealing them or preventing their discovery.

(b) The property or things or person or persons described in subdivision (a) may be taken on the warrant from any place, or from any person in whose possession the property or things may be.

(c) Notwithstanding subdivision (a) or (b), no search warrant shall issue for any documentary evidence in the possession or under the control of any person, who is a lawyer as defined in Section 950 of the Evidence Code, a physician as defined in Section 990 of the Evidence Code, a psychotherapist as defined in Section 1010 of the Evidence Code, or a clergyman as defined in Section 1030 of the Evidence Code, and who is not reasonably suspected of engaging or having engaged in criminal activity related to the documentary evidence for which a warrant is requested unless the following procedure has been complied with:

(1) At the time of the issuance of the warrant the court shall appoint a special master in accordance with subdivision (d) to accompany the person who will serve the warrant. Upon service of the warrant, the special master shall inform the party served of the specific items being sought and that the party shall have the opportunity to provide the items requested. If the party, in the judgment of the special master, fails to provide the items requested, the special master shall conduct a search for the items in the areas indicated in the search warrant.

(2) If the party who has been served states that an item or items should not be disclosed, they shall be sealed by the special master and taken to court for a hearing.

At the hearing, the party searched shall be entitled to raise any issues that may be raised pursuant to Section 1538.5 as well as a claim that the item or items are privileged, as provided by law. The hearing shall be held in the superior court. The court shall provide sufficient time for the parties to obtain counsel and make any motions or present any evidence. The hearing shall be held within three days of the service of the warrant unless the court makes a finding that the expedited hearing is impracticable. In that case the matter shall be heard at the earliest possible time.

If an item or items are taken to court for a hearing, any limitations of time prescribed in Chapter 2 (commencing with Section 797) of Title 3 of Part 2 shall be tolled from the time of the seizure until the final conclusion of the hearing, including any associated writ or appellate proceedings.

(3) The warrant shall, whenever practicable, be served during normal business hours. In addition, the warrant shall be served upon a party who appears to have possession or control of the items sought. If, after reasonable efforts, the party serving the warrant is unable to locate the person, the special master shall seal and return to the court, for

determination by the court, any item that appears to be privileged as provided by law.

(d) As used in this section, a “special master” is an attorney who is a member in good standing of the California State Bar and who has been selected from a list of qualified attorneys that is maintained by the State Bar particularly for the purposes of conducting the searches described in this section. These attorneys shall serve without compensation. A special master shall be considered a public employee, and the governmental entity that caused the search warrant to be issued shall be considered the employer of the special master and the applicable public entity, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. In selecting the special master, the court shall make every reasonable effort to ensure that the person selected has no relationship with any of the parties involved in the pending matter. Any information obtained by the special master shall be confidential and shall not be divulged except in direct response to inquiry by the court.

In any case in which the magistrate determines that, after reasonable efforts have been made to obtain a special master, a special master is not available and would not be available within a reasonable period of time, the magistrate may direct the party seeking the order to conduct the search in the manner described in this section in lieu of the special master.

(e) Any search conducted pursuant to this section by a special master may be conducted in a manner that permits the party serving the warrant or his or her designee to accompany the special master as he or she conducts his or her search. However, that party or his or her designee shall not participate in the search nor shall he or she examine any of the items being searched by the special master except upon agreement of the party upon whom the warrant has been served.

(f) As used in this section, “documentary evidence” includes, but is not limited to, writings, documents, blueprints, drawings, photographs, computer printouts, microfilms, X-rays, files, diagrams, ledgers, books, tapes, audio and video recordings, films or papers of any type or description.

(g) No warrant shall issue for any item or items described in Section 1070 of the Evidence Code.

(h) Notwithstanding any other law, no claim of attorney work product as described in Section 2018 of the Code of Civil Procedure shall be sustained where there is probable cause to believe that the lawyer is engaging or has engaged in criminal activity related to the documentary evidence for which a warrant is requested unless it is established at the hearing with respect to the documentary evidence seized under the

warrant that the services of the lawyer were not sought or obtained to enable or aid anyone to commit or plan to commit a crime or a fraud.

(i) Nothing in this section is intended to limit an attorney's ability to request an in camera hearing pursuant to the holding of the Supreme Court of California in *People v. Superior Court (Laff)* (2001) 25 Cal.4th 703.

(j) In addition to any other circumstance permitting a magistrate to issue a warrant for a person or property in another county, when the property or things to be seized consist of any item or constitute any evidence that tends to show a violation of Section 530.5, the magistrate may issue a warrant to search a person or property located in another county if the person whose identifying information was taken or used resides in the same county as the issuing court.

CHAPTER 138

An act to add Sections 241.8 and 243.10 to the Penal Code, relating to crime.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 241.8 is added to the Penal Code, to read:

241.8. (a) Any person who commits an assault against a member of the United States Armed Forces because of the victim's service in the United States Armed Forces shall be punished by a fine not exceeding two thousand dollars (\$2,000), by imprisonment in a county jail for a period not exceeding one year, or by both that fine and imprisonment.

(b) "Because of" means that the bias motivation must be a cause in fact of the assault, whether or not other causes exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the assault.

SEC. 2. Section 243.10 is added to the Penal Code, to read:

243.10. (a) Any person who commits a battery against a member of the United States Armed Forces because of the victim's service in the United States Armed Forces shall be punished by a fine not exceeding two thousand dollars (\$2,000), by imprisonment in a county jail for a period not exceeding one year, or by both that fine and imprisonment.

(b) "Because of" means that the bias motivation must be a cause in fact of the battery, whether or not other causes exist. When multiple

concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the battery.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 139

The people of the State of California do enact as follows:

SECTION 1. Section 12693.515 is added to the Insurance Code, to read:

12693.515. (a) Effective July 1, 2004, any subscriber who affirmatively selects, or is assigned by default to, a federally qualified health center, as defined by Section 1396(d)(l)(2) of Title 42 of the United States Code, a rural health clinic, as defined by Section 1396(d)(l)(1) of Title 42 of the United States Code, or a primary care clinic that is licensed under Section 1204 of the Health and Safety Code, or is exempt from licensure under subdivision (h) of Section 1206 of the Health and Safety Code, shall be deemed to have been assigned directly to the federally qualified health center, the rural health clinic, or the primary care clinic, and not to any individual provider who performs services on behalf of the federally qualified health center, the rural health clinic, or the primary care clinic.

(b) (1) When a subscriber is assigned, from any source, to a physician who is an employee of a federally qualified health center, a rural health clinic, or a primary care clinic, the assignment shall constitute an assignment to that federally qualified health center, rural health clinic, or primary care clinic for purposes of the subscriber's health care coverage.

(2) When a subscriber is assigned, from any source, to a dentist who is an employee of a federally qualified health center, a rural health clinic,

or a primary care clinic, the assignment shall constitute an assignment to that federally qualified health center, rural health clinic, or primary care clinic for purposes of the subscriber's dental coverage.

(3) When a subscriber is assigned, from any source, to an optometrist who is an employee of a federally qualified health center, a rural health clinic, or a primary care clinic, the assignment shall constitute an assignment to that federally qualified health center, rural health clinic, or primary care clinic for purposes of the subscriber's vision coverage.

(c) This section shall not limit any rights a subscriber may have to select an available primary care physician within a health care service plan's service area pursuant to Section 1373.3 of the Health and Safety Code.

CHAPTER 140

An act to amend Section 104322 of the Health and Safety Code, relating to cancer.

(2) The department shall award one or more contracts to provide prostate cancer treatment through private or public nonprofit organizations, including, but not limited to, community-based organizations, local health care providers, the University of California medical centers, and the Charles R. Drew University of Medicine and Science, an affiliate of the David Geffen School of Medicine at the University of California at Los Angeles.

(3) The contracts described in paragraph (2) shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

(b) Treatment provided under this chapter shall be provided to uninsured and underinsured men with incomes at or below 200 percent of the federal poverty level.

(c) The department shall contract for prostate cancer treatment services only at the level of funding budgeted from state and other

sources during a fiscal year in which the Legislature has appropriated funds to the department for this purpose.

(d) Notwithstanding subdivision (a) of Section 2.00 of the Budget Act of 2003 and any other provision of law, commencing with the 2003–04 fiscal year and for each fiscal year thereafter, any amount appropriated to the department for the prostate cancer treatment program implemented pursuant to this chapter shall be made available, for purposes of that program, for encumbrance for one fiscal year beyond the year of appropriation and for expenditure for two fiscal years beyond the year of encumbrance.

The people of the State of California do enact as follows:

SECTION 1. Section 99163 is added to the Public Utilities Code, to read:

99163. On and after January 1, 2005, whenever a transit operator improves or replaces a ticket vending machine at a public transit station to include video instructions, the transit operator shall also equip the ticket vending machine with audio instructions that will enable visually impaired persons to follow the visual prompts. State funds made available to the operator through the State Transportation Assistance Program under Section 99312 shall be available for the purposes of this section.

CHAPTER 142

An act to add Section 11106.7 to the Health and Safety Code, relating to controlled substances.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 11106.7 is added to the Health and Safety Code, to read:

11106.7. (a) The Department of Justice may establish, by regulation, a system for the issuance to a permittee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the Department of Justice, if the permittee is in violation of any provision of this chapter or any regulation adopted by the Department of Justice pursuant to this chapter.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law or regulation of the department determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the department exceed two thousand five hundred dollars (\$2,500) for each violation. In assessing a fine, due consideration shall be given to the appropriateness of the amount of the fine with respect to such factors as the gravity of the violation, the good faith of the permittee, and the history of previous violations.

(4) An order of abatement or a fine assessment issued pursuant to a citation shall inform the permittee that if the permittee desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the department within 30 days of the date of issuance of the citation or assessment. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) In addition to requesting a hearing, the permittee may, within 10 days after service of the citation, request in writing an opportunity for an informal conference with the department regarding the citation. At the conclusion of the informal conference, the department may affirm, modify, or dismiss the citation, including any fine levied or order of abatement issued. The decision shall be deemed to be a final order with regard to the citation issued, including the fine levied and the order of abatement. However, the permittee does not waive its right to request a hearing to contest a citation by requesting an informal conference. If the citation is dismissed after the informal conference, the request for a hearing on the matter of the citation shall be deemed to be withdrawn. If the citation, including any fine levied or order of abatement, is modified, the citation originally issued shall be considered withdrawn and a new citation issued. If a hearing is requested for a subsequent

(c) "Basic residential earthquake insurance" means that policy of residential earthquake insurance described in Section 10089 except as follows:

(1) (A) If one year after the authority commences operation the authority has available capital equal to or exceeding seven hundred

million dollars (\$700,000,000), any policy issued or renewed on or after that date shall provide, less any applicable deductible, not less than two thousand five hundred dollars (\$2,500) in coverage for additional living expenses.

This company shall not be liable for a greater proportion of any loss than the amount hereby insured shall bear to the whole insurance covering the property against the peril involved, whether collectible or not.

Requirements in case loss occurs

The insured shall give written notice to this company of any loss without unnecessary delay, protect the property from further damage, forthwith separate the damaged and undamaged personal property, put it in the best possible order, furnish a complete inventory of the destroyed, damaged and undamaged property, showing in detail quantities, costs, actual cash value and amount of loss claimed; and within 60 days after the loss, unless the time is extended in writing by this company, the insured shall render to this company a proof of loss, signed and sworn to by the insured, stating the knowledge and belief of the insured as to the following: the time and origin of the loss, the interest of the insured and of all others in the property, the actual cash value of each item thereof and the amount of loss thereto, all encumbrances thereon, all other contracts of insurance, whether valid or not, covering any of said property, any changes in the title, use, occupation, location, possession or exposures of said property since the issuing of this policy, by whom and for what purpose any building herein described and the several parts thereof were occupied at the time of loss and whether or not it then stood on leased ground, and shall furnish a copy of all the descriptions and schedules in all policies and, if required and obtainable, verified plans and specifications of any building, fixtures or machinery destroyed or damaged.

The insured, as often as may be reasonably required and subject to the provisions of Section 2071.1, shall exhibit to any person designated by this company all that remains of any property herein described, and submit to examinations under oath by any person named by this company, and subscribe the same; and, as often as may be reasonably required, shall produce for examinations all books of account, bills, invoices, and other vouchers, or certified copies thereof if the originals be lost, at any reasonable time and place as may be designated by this

company or its representative, and shall permit extracts and copies thereof to be made. The insurer shall inform the insured that tax returns are privileged against disclosure under applicable law but may be necessary to process or determine the claim.

The insurer shall notify every claimant that they may obtain, upon request, copies of claim-related documents. For purposes of this section, "claim-related documents" means all documents that relate to the evaluation of damages, including, but not limited to, repair and replacement estimates and bids, appraisals, scopes of loss, drawings, plans, reports, third party findings on the amount of loss, covered damages, and cost of repairs, and all other valuation, measurement, and loss adjustment calculations of the amount of loss, covered damage, and cost of repairs. However, attorney work product and attorney-client privileged documents, and documents that indicate fraud by the insured or that contain medically privileged information, are excluded from the documents an insurer is required to provide pursuant to this section to a claimant. Within 15 calendar days after receiving a request from an insured for claim-related documents, the insurer shall provide the insured with copies of all claim-related documents, except those excluded by this section. Nothing in this section shall be construed to affect existing litigation discovery rights.

Appraisal

In case the insured and this company shall fail to agree as to the actual cash value or the amount of loss, then, on the written request of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within 20 days of the request. Where the request is accepted, the appraisers shall first select a competent and disinterested umpire; and failing for 15 days to agree upon the umpire, then, on request of the insured or this company, the umpire shall be selected by a judge of a court of record in the state in which the property covered is located. Appraisal proceedings are informal unless the insured and this company mutually agree otherwise. For purposes of this section, "informal" means that no formal discovery shall be conducted, including depositions, interrogatories, requests for admission, or other forms of formal civil discovery, no formal rules of evidence shall be applied, and no court reporter shall be used for the proceedings. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him or her and the expenses of appraisal and umpire shall be paid by the

parties equally. In the event of a government-declared disaster, as defined in the Government Code, appraisal may be requested by either the insured or this company but shall not be compelled.

Adjusters

If, within a six-month period, the company assigns a third or subsequent adjuster to be primarily responsible for a claim, the insurer, in a timely manner, shall provide the insured with a written status report. For purposes of this section, a written status report shall include a summary of any decisions or actions that are substantially related to the disposition of a claim, including, but not limited to, the amount of losses to structures or contents, the retention or consultation of design or construction professionals, the amount of coverage for losses to structures or contents and all items of dispute.

Company's options

It shall be optional with this company to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within 30 days after the receipt of the proof of loss herein required.

Abandonment

There can be no abandonment to this company of any property.

When loss payable

The amount of loss for which this company may be liable shall be payable 60 days after proof of loss, as herein provided, is received by this company and ascertainment of the loss is made either by agreement between the insured and this company expressed in writing or by the filing with this company of an award as herein provided.

Suit

No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within 12 months next after inception of the loss.

Subrogation

This company may require from the insured an assignment of all right of recovery against any party for loss to the extent that payment therefor is made by this company.

(b) Any amendments to this section by the enactment of Senate Bill 658 of the 2001–02 Regular Session shall govern a policy utilizing the form provided in subdivision (a) when that policy is originated or renewed on and after January 1, 2002.

SEC. 3. Section 2074.7 of the Insurance Code is amended to read:

2074.7. Notwithstanding the provisions of Section 2071 granting the right to both insured and insurer to cancel a policy of insurance, or the provisions of any policy conforming to that section, the right of the insurer, but not that of the insured, to so cancel shall be subject to modification by written general order or orders of the commissioner, if: (1) the property insured is in the State of California; (2) the insurance policy contains any “basic property insurance” as that term is defined in Chapter 9 (commencing with Section 10090) of Part 1, Division 2 of this code; and (3) the property insured is, on the date of the order or orders of the commissioner, within any geographic area to which any “Fair Plan” approved by the commissioner pursuant to that chapter is applicable.

The commissioner’s order or orders may deny to insurers the right to cancel those policies on less than 60 days’ notice, or on a lesser number of days of notice that the commissioner may designate, except that the number of days of notice may not be less than 20. The commissioner’s order or orders shall apply uniformly to all insurers having those policies outstanding in all or any designated portions of such a geographic area.

This section, and any order of the commissioner, shall not be effective as to any policy unless the property insured therein is then within a geographic area to which a “Fair Plan” is applicable.

The orders of the commissioner may contain generally applicable exceptions of certain types of properties, certain types of policies, policies solicited in a particular manner, or policies obtained upon particular representations of the insured. The orders shall except policies upon which premiums or premium installments have not been paid in accordance with the agreement of the insured, whether payable directly to the insurer or its agent, or indirectly under any premium finance plan or plans for the extension of credit.

No order shall be adopted by the commissioner pursuant to this section unless he or she has determined that the order is reasonably necessary to carry out the provisions of a "Fair Plan".

SEC. 4. Section 2074.8 of the Insurance Code is amended to read:

This policy may be canceled by this company by written notice mailed or delivered to the named insured at the address shown in the policy, with or without tender of the excess of paid premiums above the pro rata premiums for the expired time, stating when, not less than 20 days after that mailing or delivery, cancellation shall be effective. SEC. 84. Section 13355 of the Vehicle Code is amended to read:

13355. The department shall immediately suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of subdivision (b) of Section 22348, or upon a receipt of a report of a judge of a juvenile court, a juvenile hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of subdivision (b) of Section 22348 under the following conditions and for the periods, as follows:

(a) Upon a conviction or finding of an offense under subdivision (b) of Section 22348 that occurred within three years of a prior offense resulting in a conviction of an offense under subdivision (b) of Section 22348, the privilege shall be suspended for a period of six months, or the privilege shall be restricted for six months to necessary travel to and from the person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving within the person's scope of employment.

(b) Upon a conviction or finding of an offense under subdivision (b) of Section 22348 that occurred within five years of two or more prior offenses resulting in convictions of offenses under subdivision (b) of Section 22348, the privilege shall be suspended for a period of one year, or the privilege shall be restricted for one year to necessary travel to and from the person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving within the person's scope of employment.

SEC. 85. Section 23520 of the Vehicle Code is amended to read:

23520. (a) Whenever, in any county specified in subdivision (b), a judge of a juvenile court, a juvenile hearing officer, or referee of a juvenile court finds that a person has committed a first violation of Section 23152 or 23153, the person shall be required to participate in and successfully complete an alcohol or drug education program, or both of those programs, as designated by the court. The expense of the person's attendance in the program shall be paid by the person's parents or guardian so long as the person is under the age of 18 years, and shall be

paid by the person thereafter. However, in approving the program, each county shall require the program to provide for the payment of the fee for the program in installments by any person who cannot afford to pay the full fee at the commencement of the program and shall require the program to provide for the waiver of the fee for any person who is indigent, as determined by criteria for indigency established by the board of supervisors. Whenever it can be done without substantial additional cost, each county shall require that the program be provided for juveniles at a separate location from, or at a different time of day than, alcohol and drug education programs for adults.

(b) This section applies only in those counties that have one or more alcohol or drug education programs certified by the county alcohol program administrator and approved by the board of supervisors.

SEC. 86. Section 23521 of the Vehicle Code is amended to read:

23521. Any finding of a juvenile court judge, juvenile hearing officer, or referee of a juvenile court of a commission of an offense in any state, territory, possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of a violation of Section 23152 for the purposes of Sections 13352, 13352.3, and 13352.5, and the finding of a juvenile court judge, juvenile hearing officer, or referee of a juvenile court of a commission of an offense which, if committed in this state, would be a violation of Section 23153 is a conviction of a violation of Section 23153 for the purposes of Sections 13352 and 13352.3.

SEC. 87. Section 40502 of the Vehicle Code is amended to read:

40502. The place specified in the notice to appear shall be any of the following:

(a) Before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(b) Upon demand of the person arrested, before a judge or other magistrate having jurisdiction of the offense at the county seat of the county in which the offense is alleged to have been committed. This subdivision applies only if the person arrested resides, or the person's principal place of employment is located, closer to the county seat than to the magistrate nearest or most accessible to the place where the arrest is made.

(c) Before a person authorized to receive a deposit of bail.

The clerk and deputy clerks of the superior court are persons authorized to receive bail in accordance with a schedule of bail approved by the judges of that court.

(d) Before the juvenile court, a juvenile court referee, or a juvenile hearing officer within the county in which the offense charged is alleged to have been committed, if the person arrested appears to be under the age of 18 years. The juvenile court shall by order designate the proper person before whom the appearance is to be made.

In a county that has implemented the provisions of Section 603.5 of the Welfare and Institutions Code, if the offense alleged to have been committed by a minor is classified as an infraction under this code, or is a violation of a local ordinance involving the driving, parking, or operation of a motor vehicle, the citation shall be issued as provided in subdivision (a), (b), or (c); provided, however, that if the citation combines an infraction and a misdemeanor, the place specified shall be as provided in subdivision (d).

If the place specified in the notice to appear is within a county where a department of the superior court is to hold a night session within a period of not more than 10 days after the arrest, the notice to appear shall contain, in addition to the above, a statement notifying the person arrested that the person may appear before a night session of the court.

SEC. 88. Section 247 of the Welfare and Institutions Code is repealed.

SEC. 89. Section 258 of the Welfare and Institutions Code is amended to read:

258. (a) Upon a hearing conducted in accordance with Section 257, and upon either an admission by the minor of the commission of a violation charged, or a finding that the minor did in fact commit the violation, the judge, referee, or juvenile hearing officer may do any of the following:

- (1) Reprimand the minor and take no further action.
- (2) Direct that the probation officer undertake a program of supervision of the minor for a period not to exceed six months, in addition to or in place of the following orders.
- (3) Order that the minor pay a fine up to the amount that an adult would pay for the same violation, unless the violation is otherwise specified within this section, in which case the fine shall not exceed two hundred fifty dollars (\$250). This fine may be levied in addition to or in place of the following orders and the court may waive any or all of this fine, if the minor is unable to pay. In determining the minor's ability to pay, the court may not consider the ability of the minor's family to pay.
- (4) Subject to the minor's right to a restitution hearing, order that the minor pay restitution to the victim, in lieu of all or a portion of the fine specified in paragraph (3). The total dollar amount of the fine, restitution, and any program fees ordered pursuant to paragraph (9) may not exceed the maximum amount which may be ordered pursuant to paragraph (3). This paragraph may not be construed to limit the right to

recover damages, less any amount actually paid in restitution, in a civil action.

(5) Order that the driving privileges of the minor be suspended or restricted as provided in the Vehicle Code or, notwithstanding Section 13203 of the Vehicle Code or any other provision of law, when the Vehicle Code does not provide for the suspension or restriction of driving privileges, that, in addition to any other order, the driving privileges of the minor be suspended or restricted for a period of not to exceed 30 days.

(6) In the case of a traffic related offense, order the minor to attend a licensed traffic school, or other court approved program of traffic school instruction pursuant to Chapter 1.5 (commencing with Section 11200) of Division 5 of the Vehicle Code, to be completed by the juvenile within 60 days of the court order.

(7) Order that the minor produce satisfactory evidence that the vehicle or its equipment has been made to conform with the requirements of the Vehicle Code pursuant to Section 40150 of the Vehicle Code if the violation involved an equipment violation.

(8) Order that the minor perform community service work in a public entity or any private nonprofit entity, for not more than 50 hours over a period of 60 days, during times other than his or her hours of school attendance or employment. Work performed pursuant to this paragraph may not exceed 30 hours during any 30-day period. The timeframes established by this paragraph may not be modified except in unusual cases where the interests of justice would best be served. When the order to work is made by a referee or a juvenile hearing officer, it shall be approved by a judge of the juvenile court.

For the purposes of this paragraph, a judge, referee, or juvenile hearing officer may not, without the consent of the minor, order the minor to perform work with a private nonprofit entity that is affiliated with any religion.

(9) In the case of a misdemeanor, order that the minor participate in and complete a counseling or educational program, or, if the offense involved a violation of a controlled substance law, a drug treatment program, if those programs are available. Any fees for participation shall be subject to the right to a hearing as the minor's ability to pay and may not, together with any fine or restitution order, exceed the maximum amount that may be ordered pursuant to paragraph (3).

(10) Require that the minor attend a school program without unexcused absence.

(11) If the offense is a misdemeanor committed between 10 p.m. and 6 a.m., require that the minor be at his or her legal residence at hours to be specified by the juvenile hearing officer between the hours of 10 p.m. and 6 a.m., except for a medical or other emergency, unless the minor is

accompanied by his or her parent, guardian, or other person in charge of the minor. The maximum length of an order made pursuant to this paragraph shall be six months from the effective date of the order.

(12) Make any or all of the following orders with respect to a violation of the Fish and Game Code which is not charged as a felony:

(A) That the fishing or hunting license involved be suspended or restricted.

(B) That the minor work in a park or conservation area for a total of not to exceed 20 hours over a period not to exceed 30 days, during times other than his or her hours of school attendance or employment.

(C) That the minor forfeit, pursuant to Section 12157 of the Fish and Game Code, any device or apparatus designed to be, and capable of being, used to take birds, mammals, fish, reptiles, or amphibia and which was used in committing the violation charged. The judge, referee, or juvenile hearing officer shall, if the minor committed an offense which is punishable under Section 12008 of the Fish and Game Code, order the device or apparatus forfeited pursuant to Section 12157 of the Fish and Game Code.

(13) If the violation charged is of an ordinance of a city, county, or local agency relating to loitering, curfew, or fare evasion on a public transportation system, as defined by Section 99211 of the Public Utilities Code, or is a violation of Section 640 or 640a of the Penal Code, make the order that the minor shall perform community service for a total time not to exceed 20 hours over a period not to exceed 30 days, during times other than his or her hours of school attendance or employment.

(b) The judge, referee, or juvenile hearing officer shall retain jurisdiction of the case until all orders made under this section have been fully complied with.

SEC. 90. Section 654.1 of the Welfare and Institutions Code is amended to read:

654.1. (a) Notwithstanding Section 654 or any other provision of law, in any case in which a minor has been charged with a violation of Section 23140 or 23152 of the Vehicle Code, the probation officer may, in lieu of requesting that a petition be filed by the prosecuting attorney to declare the minor a ward of the court under Section 602, proceed in accordance with Section 654 and delineate a program of supervision for the minor. However, the probation officer shall cause the citation for a violation of Section 23140 or 23152 of the Vehicle Code to be heard and disposed of by the judge, referee, or juvenile hearing officer pursuant to Sections 257 and 258 as a condition of any program of supervision.

(b) This section may not be construed to prevent the probation officer from requesting the prosecuting attorney to file a petition to declare the minor a ward of the court under Section 602 for a violation of Section 23140 or 23152 of the Vehicle Code. However, if in the judgment of the

probation officer, the interest of the minor and the community can be protected by adjudication of a violation of Section 23140 or 23152 of the Vehicle Code in accordance with subdivision (a), the probation officer shall proceed under subdivision (a).

SEC. 91. Any section of Senate Bill 570, Assembly Bill 354, or Assembly Bill 1254 enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals Section 830.1 of the Penal Code shall prevail over the amendments to Section 830.1 proposed by this act, whether enacted prior to, or subsequent to, the enactment of this act, and the amendments to Section 830.1 proposed by this act shall not become operative.

CHAPTER 150

An act to amend Section 1255.7 of the Health and Safety Code, and to amend Section 271.5 of the Penal Code, relating to abandoned newborns.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1255.7 of the Health and Safety Code is amended to read:

1255.7. (a) (1) For purposes of this section, "safe-surrender site" means either of the following:

(A) A location designated by the board of supervisors of a county to be responsible for accepting physical custody of a minor child who is 72 hours old or younger from a parent or individual who has lawful custody of the child and who surrenders the child pursuant to Section 271.5 of the Penal Code.

(B) A location within a public or private hospital that is designated by that hospital to be responsible for accepting physical custody of a minor child who is 72 hours old or younger from a parent or individual who has lawful custody of the child and who surrenders the child pursuant to Section 271.5 of the Penal Code.

(2) For purposes of this section, "personnel" means any person who is an officer or employee of a safe-surrender site or who has staff privileges at the site.

(3) A hospital and any safe-surrender site designated by the county board of supervisors shall post a sign utilizing a statewide logo that has

been adopted by the State Department of Social Services that notifies the public of the location where a minor child 72 hours old or younger may be safely surrendered pursuant to this section.

(b) Any personnel on duty at a safe-surrender site shall accept physical custody of a minor child 72 hours old or younger pursuant to this section if a parent or other individual having lawful custody of the child voluntarily surrenders physical custody of the child to personnel who are on duty at the safe-surrender site. Safe-surrender site personnel shall ensure that a qualified person does all of the following:

(1) Places a coded, confidential ankle bracelet on the child.

(2) Provides, or makes a good faith effort to provide, to the parent or other individual surrendering the child a copy of a unique, coded, confidential ankle bracelet identification in order to facilitate reclaiming the child pursuant to subdivision (f). However, possession of the ankle bracelet identification, in and of itself, does not establish parentage or a right to custody of the child.

(3) Provides, or makes a good faith effort to provide, to the parent or other individual surrendering the child a medical information questionnaire, which may be declined, voluntarily filled out and returned at the time the child is surrendered, or later filled out and mailed in the envelope provided for this purpose. This medical information questionnaire shall not require any identifying information about the child or the parent or individual surrendering the child, other than the identification code provided in the ankle bracelet placed on the child. Every questionnaire provided pursuant to this section shall begin with the following notice in no less than 12-point type:

NOTICE: THE BABY YOU HAVE BROUGHT IN TODAY MAY HAVE SERIOUS MEDICAL NEEDS IN THE FUTURE THAT WE DON'T KNOW ABOUT TODAY. SOME ILLNESSES, INCLUDING CANCER, ARE BEST TREATED WHEN WE KNOW ABOUT FAMILY MEDICAL HISTORIES. IN ADDITION, SOMETIMES RELATIVES ARE NEEDED FOR LIFE-SAVING TREATMENTS. TO MAKE SURE THIS BABY WILL HAVE A HEALTHY FUTURE, YOUR ASSISTANCE IN COMPLETING THIS QUESTIONNAIRE FULLY IS ESSENTIAL. THANK YOU.

(c) Personnel of a safe-surrender site that has physical custody of a minor child pursuant to this section shall ensure that a medical screening examination and any necessary medical care is provided to the minor child. Notwithstanding any other provision of law, the consent of the parent or other relative shall not be required to provide that care to the minor child.

(d) (1) As soon as possible, but in no event later than 48 hours after the physical custody of a child has been accepted pursuant to this section, personnel of the safe-surrender site that has physical custody of the child

shall notify child protective services or a county agency providing child welfare services pursuant to Section 16501 of the Welfare and Institutions Code, that the safe-surrender site has physical custody of the child pursuant to this section. In addition, any medical information pertinent to the child's health, including, but not limited to, information obtained pursuant to the medical information questionnaire described in paragraph (3) of subdivision (b) that has been received by or is in the possession of the safe-surrender site shall be provided to that child protective services or county agency.

(2) Any personal identifying information that pertains to a parent or individual who surrenders a child that is obtained pursuant to the medical information questionnaire is confidential and shall be exempt from disclosure by the child protective services or county agency under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). Any personal identifying information that pertains to a parent or individual who surrenders a child shall be redacted from any medical information provided to child protective services or the county agency providing child welfare services.

(e) Child protective services or the county agency providing child welfare services pursuant to Section 16501 of the Welfare and Institutions Code shall assume temporary custody of the child pursuant to Section 300 of the Welfare and Institutions Code immediately on receipt of notice under subdivision (d). Child protective services or the county agency providing child welfare services pursuant to Section 16501 of the Welfare and Institutions Code shall immediately investigate the circumstances of the case and file a petition pursuant to Section 311 of the Welfare and Institutions Code. Child protective services or the county agency providing child welfare services pursuant to Section 16501 of the Welfare and Institutions Code shall immediately notify the State Department of Social Services of each child to whom this subdivision applies upon taking temporary custody of the child pursuant to Section 300 of the Welfare and Institutions Code. As soon as possible, but no later than 24 hours after temporary custody is assumed, child protective services or the county agency providing child welfare services pursuant to Section 16501 of the Welfare and Institutions Code shall report all known identifying information concerning the child, except personal identifying information pertaining to the parent or individual who surrendered the child, to the California Missing Children Clearinghouse and to the National Crime Information Center.

(f) If, prior to the filing of a petition under subdivision (e), a parent or individual who has voluntarily surrendered a child pursuant to this section requests that the safe-surrender site that has physical custody of the child pursuant to this section return the child and the safe-surrender

site still has custody of the child, personnel of the safe-surrender site shall either return the child to the parent or individual or contact a child protective agency if any personnel at the safe-surrender site knows or reasonably suspects that the child has been the victim of child abuse or neglect. The voluntary surrendering of a child pursuant to this section is not in and of itself a sufficient basis for reporting child abuse or neglect. The terms "child abuse," "child protective agency," "mandated reporter," "neglect," and "reasonably suspects" shall be given the same meanings as in Article 2.5 (commencing with Section 11164) of Part 4 of Title 1 of the Penal Code.

(g) Subsequent to the filing of a petition under subdivision (e), if within 14 days of the voluntary surrender described in this section the parent or individual who surrendered custody returns to claim physical custody of the child, the child welfare agency shall verify the identity of the parent or individual, conduct an assessment of his or her circumstances and ability to parent, and request that the juvenile court dismiss the petition for dependency and order the release of the child, if the child welfare agency determines that none of the conditions described in subdivisions (a) to (d), inclusive, of Section 319 of the Welfare and Institutions Code currently exist.

(h) No safe-surrender site, or personnel of the safe-surrender site, that accepts custody of a surrendered child pursuant to this section shall be subject to civil, criminal, or administrative liability for accepting the child and caring for the child in the good faith belief that action is required or authorized by this section, including, but not limited to, instances where the child is older than 72 hours or the parent or individual surrendering the child did not have lawful physical custody of the child. This subdivision does not confer immunity from liability for personal injury or wrongful death, including, but not limited to, injury resulting from medical malpractice.

(i) Any identifying information that pertains to a parent or individual who surrenders a child pursuant to this section, that is obtained as a result of the questionnaire described in paragraph (3) of subdivision (b) or in any other manner, is confidential, shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), and shall not be disclosed by any personnel of a safe-surrender site that accepts custody of a child pursuant to this section.

(j) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or repeals that date.

SEC. 2. Section 271.5 of the Penal Code is amended to read:

271.5. (a) No parent or other individual having lawful custody of a minor child 72 hours old or younger may be prosecuted for a violation

of Section 270, 270.5, 271, or 271a if he or she voluntarily surrenders physical custody of the child to personnel on duty at a safe-surrender site.

(b) For purposes of this section, "safe-surrender site" has the same meaning as defined in paragraph (1) of subdivision (a) of Section 1255.7 of the Health and Safety Code.

(c) For purposes of this section, "personnel" has the same meaning as defined in paragraph (2) of subdivision (a) of Section 1255.7 of the Health and Safety Code.

(d) This section shall be repealed on January 1, 2006, unless a later enacted statute extends or deletes that date.

CHAPTER 151

An act to amend Sections 4453.5 and 5753 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 4453.5 of the Vehicle Code is amended to read:

4453.5. (a) In the case of leased vehicles, the lessor and the lessee shall be shown on the registration card as the owner and the lessee of a vehicle, and the department shall designate their relationships upon the card and the ownership certificate by the words "lessor" and "lessee" and, at the election of the lessor, the department may designate thereon either the address of the lessor or the lessee.

(b) Transfers of ownership involving vehicles registered as provided in subdivision (a) shall only be effected upon the signature release of the lessor.

(c) The lessor shall provide the address, or the name and address, of the lessee on a form prescribed by the department in all cases where the information is not on the registration card and ownership certificate. Information received under this subdivision shall be used only for law enforcement and shall be available only to law enforcement officials at their request.

(d) A lessor, upon written request of the lessee or, if designated in writing, the lessee's designee, shall disclose any pertinent information regarding the amount of payment and the documents necessary to exercise any option held by the lessee to purchase the leased vehicle.

SEC. 2. Section 5753 of the Vehicle Code is amended to read:

5753. (a) It is unlawful for any person to fail or neglect properly to endorse, date, and deliver the certificate of ownership and, when having possession, to deliver the registration card to a transferee who is lawfully entitled to a transfer of registration.

(b) Except when the certificate of ownership is demanded in writing by a purchaser, a vehicle dealer licensed under this code shall satisfy the delivery requirement of this section by submitting appropriate documents and fees to the department for transfer of registration in accordance with Sections 5906 and 4456 of this code and rules and regulations promulgated thereunder.

(c) (1) Within 15 business days after receiving payment in full for the satisfaction of a security interest and a written instrument signed by the grantor of the security interest designating the transferee and authorizing release of the legal owner's interest, the legal owner shall release its security interest and mail, transmit, or deliver the vehicle's certificate of ownership to the transferee who, due to satisfaction of the security interest, is lawfully entitled to the transfer of legal ownership.

(2) If a lease provides a lessee with the option to purchase the leased vehicle, within 15 business days after receiving payment in full for the purchase, and all documents necessary to effect the transfer, the lessor shall mail, transmit, or deliver the vehicle's certificate of ownership to the transferee, who, due to purchase of the vehicle, is lawfully entitled to the transfer of legal ownership.

(d) The certificate of ownership delivered pursuant to subdivision (c) shall be signed by the legal owner or lessor to reflect release of the legal owner's interest or transfer of the lessor's interest in the vehicle or accompanied by a form provided by the department to accomplish the same result and signed by the legal owner or lessor. If the legal owner or lessor is not in possession or control of the certificate of ownership, the legal owner or lessor shall, within the time provided in subdivision (c) for the mailing, transmittal, or delivery of the certificate of ownership, take any action required by the department to release the legal owner's security interest or transfer the lessor's interest in the vehicle and within that time shall mail, transmit, or deliver written notice of its taking that action to the transferee.

(e) A legal owner or lessor that fails to satisfy the requirements of subdivisions (c) and (d), shall, without offset or reduction, pay the transferee twenty-five dollars (\$25) per day for each day that the requirements of subdivisions (c) and (d) remain unsatisfied, not to exceed a maximum payment of two thousand five hundred dollars (\$2,500). If the legal owner or lessor fails to pay this amount within 60 days following written demand by the transferee, the amount shall be trebled, not to exceed a maximum payment of seven thousand five hundred dollars (\$7,500), and the transferee shall be entitled to costs and

reasonable attorneys fees incurred in any court action brought to collect the payment. The right to recover these payments is cumulative with and is not in substitution or derogation of any remedy otherwise available at law or equity.

(f) A legal owner, upon written request of the transferee, shall disclose any pertinent information regarding the amount of payment and the documents necessary to release the obligation secured by the legal owner's interest.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(B) The defendant has committed at least one violation of Section 261, 286, 288, 288a, 288.5, 289, or 289.5 against the same victim within the limitation period specified for that crime in either Section 800 or 801.

(3) (A) This subdivision applies to a cause of action arising before, on, or after January 1, 1990, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if any of the following occurred or occurs:

(i) The complaint or indictment was filed on or before January 1, 1997, and it was filed within the time period specified in this subdivision.

(ii) The complaint or indictment is or was filed subsequent to January 1, 1997, and it is or was filed within the time period specified within this subdivision.

(iii) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was not filed within the time period specified in this subdivision, but a complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(iv) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, but a new complaint or indictment is or was filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, a new complaint or indictment may be filed notwithstanding any other provision of law, including, but not limited to, subdivision (c) of Section 871.5 and subdivision (b) of Section 1238.

(ii) An order dismissing an action filed under this subdivision, which is entered or becomes effective at any time prior to 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files

an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first, shall not be considered an order terminating an action within the meaning of Section 1387.

(iii) Any ruling regarding the retroactivity of this subdivision or its constitutionality made in the course of the previous proceeding, including any review proceeding, shall not be binding upon refiling.

(g) (1) Notwithstanding any other limitation of time described in this chapter, a criminal complaint may be filed within one year of the date of a report to a California law enforcement agency by a person of any age alleging that he or she, while under the age of 18 years, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5.

(2) This subdivision applies only if both of the following occur:

(A) The limitation period specified in Section 800 or 801 has expired.

(B) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation that is not mutual, and there is independent evidence that clearly and convincingly corroborates the victim's allegation. No evidence may be used to corroborate the victim's allegation that otherwise would be inadmissible during trial. Independent evidence does not include the opinions of mental health professionals.

(3) (A) This subdivision applies to a cause of action arising before, on, or after January 1, 1994, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if any of the following occurred or occurs:

(i) The complaint or indictment was filed on or before January 1, 1997, and it was filed within the time period specified in this subdivision.

(ii) The complaint or indictment is or was filed subsequent to January 1, 1997, and it is or was filed within the time period specified within this subdivision.

(iii) The victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was not filed within the time period specified in this subdivision, but a complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this subdivision is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(iv) The victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was filed within the time period specified in this subdivision, but the

indictment, complaint, or subsequently filed information was dismissed, but a new complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this subdivision is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, a new complaint or indictment may be filed notwithstanding any other provision of law, including, but not limited to, subdivision (c) of Section 871.5 and subdivision (b) of Section 1238.

(ii) An order dismissing an action filed under this subdivision, which is entered or becomes effective at any time prior to 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first, shall not be considered an order terminating an action within the meaning of Section 1387.

(iii) Any ruling regarding the retroactivity of this subdivision or its constitutionality made in the course of the previous proceeding, by any trial court or any intermediate appellate court, shall not be binding upon refiling.

(h) (1) Notwithstanding any other limitation of time described in this chapter, a criminal complaint may be filed within one year of the date of a report to a California law enforcement agency by a person under 21 years of age, alleging that he or she, while under 18 years of age, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5.

(2) This subdivision applies only if both of the following occur:

(A) The limitation period specified in Section 800 or 801 has expired.

(B) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation that is not mutual, and there is independent evidence that corroborates the victim's allegation. No evidence may be used to corroborate the victim's allegation that otherwise would be inadmissible during trial. Independent evidence does not include the opinions of mental health professionals.

(3) This subdivision applies to a cause of action arising before, on, or after January 1, 2002, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if the complaint or indictment was filed within the time period specified by this subdivision.

(i) (1) Notwithstanding the limitation of time described in Section 800, the limitations period for commencing prosecution for a felony offense described in subparagraph (A) of paragraph (2) of subdivision (a) of Section 290, where the limitations period set forth in Section 800 has not expired as of January 1, 2001, or the offense is committed on or after January 1, 2001, shall be 10 years from the commission of the offense, or one year from the date on which the identity of the suspect is conclusively established by DNA testing, whichever is later, provided, however, that the one-year period from the establishment of the identity of the suspect shall only apply when either of the following conditions is met:

(A) For an offense committed prior to January 1, 2001, biological evidence collected in connection with the offense is analyzed for DNA type no later than January 1, 2004.

(B) For an offense committed on or after January 1, 2001, biological evidence collected in connection with the offense is analyzed for DNA type no later than two years from the date of the offense.

(2) In the event the conditions set forth in subparagraph (A) or (B) of paragraph (1) are not met, the limitations period for commencing prosecution for a felony offense described in subparagraph (A) of paragraph (2) of subdivision (a) of Section 290, where the limitations period set forth in Section 800 has not expired as of January 1, 2001, or the offense is committed on or after January 1, 2001, shall be 10 years from the commission of the offense.

(3) For purposes of this section, "DNA" means deoxyribonucleic acid.

(j) For any crime, the proof of which depends substantially upon evidence that was seized under a warrant, but which is unavailable to the prosecuting authority under the procedures described in *People v. Superior Court (Laff)* (2001) 25 Cal.4th 703, *People v. Superior Court (Bauman & Rose)* (1995) 37 Cal.App.4th 1757, or subdivision (c) of Section 1524, relating to claims of evidentiary privilege or attorney work product, the limitation of time prescribed in this chapter shall be tolled from the time of the seizure until final disclosure of the evidence to the prosecuting authority. Nothing in this section otherwise affects the definition or applicability of any evidentiary privilege or attorney work product.

(k) (1) In a criminal investigation involving child sexual abuse as described in subdivision (g) or (h), when the limitations period set forth

therein has not expired, that period shall be tolled from the time a party initiates litigation challenging a grand jury subpoena until the end of that litigation, including any associated writ or appellate proceeding, or until the final disclosure of evidence to the investigating or prosecuting agency, if that disclosure is ordered pursuant to the subpoena after the litigation.

(2) Nothing in this subdivision affects the definition or applicability of any evidentiary privilege.

(3) This subdivision shall not apply where a court finds that the grand jury subpoena was issued or caused to be issued in bad faith.

(l) As used in subdivisions (f), (g), and (h), Section 289.5 refers to the statute enacted by Chapter 293 of the Statutes of 1991 relating to penetration by an unknown object.

CHAPTER 153

An act to amend Section 4467 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 31, 2003. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 4467 of the Vehicle Code is amended to read: 4467. (a) Notwithstanding any other provision of law, the department shall issue new and different license plates immediately upon request to the registered owner of a vehicle who appears in person and submits a completed application, if all of the following are provided:

(1) Proof of ownership of the vehicle that is acceptable to the department.

(2) A driver's license or identification card containing a picture of the licensee or cardholder issued to the registered owner by the department pursuant to Chapter 1 (commencing with Section 12500) of Division 6. The department shall conduct a search of its records to verify the authenticity of any document submitted under this paragraph.

(3) The previously issued license plates from the vehicle.

(4) The payment of required fees under subdivision (c) of Section 4850 and subdivision (b) of Section 9265 for the issuance of duplicate license plates.

(B) A written acknowledgment, dated within 30 days of submission, on the letterhead of a domestic violence agency, that the registered owner is actively seeking assistance or has sought assistance from that agency within the past year.

CHAPTER 154

An act to add Section 2024.5 to the Family Code, relating to court files.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 2024.5 is added to the Family Code, to read:
2024.5. (a) A petition for dissolution of marriage, nullity of marriage, or legal separation of the parties shall include a separate, one-page document that lists all relevant social security numbers known to the petitioner that pertain to the petitioner, respondent, and any minor child of the parties.

(b) The first responsive pleading filed in a proceeding for dissolution of marriage, nullity of marriage, or legal separation of the parties shall include a separate, one-page document that lists all relevant social security numbers known to the respondent that pertain to the petitioner, respondent, and any minor child of the parties.

(c) The list specified in subdivision (a) or (b) shall be placed in the confidential portion of the court file of the proceeding, and may not be disclosed except for good cause shown to the court.

(d) The Judicial Council form used to file a document specified in subdivision (a) or (b) shall contain a notice that the parties may redact the social security numbers placed in the confidential portion of the court file from pleadings, attachments, documents, or other material filed with the court only after the document listing all relevant social security numbers is placed in the confidential portion of the court file.

(e) The petitioner or respondent may redact any social security number that was placed in the confidential portion of the court file pursuant to this section from any pleading, attachment, document, or other written material filed with the court only after the document listing all relevant social security numbers is placed in the confidential portion of the court file.

(f) An Abstract of Support Judgment or any similar form created by the Judicial Council or the Department of Child Support Services for the purpose of collecting child support payments is not subject to subdivision (e).

CHAPTER 155

An act to amend Section 1210 of the Penal Code, relating to controlled substances.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1210 of the Penal Code is amended to read:
1210. Definitions

As used in Sections 1210.1 and 3063.1 of this code, and Division 10.8 (commencing with Section 11999.4) of the Health and Safety Code:

(a) The term “nonviolent drug possession offense” means the unlawful personal use, possession for personal use, or transportation for personal use of any controlled substance identified in Section 11054, 11055, 11056, 11057 or 11058 of the Health and Safety Code, or the offense of being under the influence of a controlled substance in violation of Section 11550 of the Health and Safety Code. The term “nonviolent drug possession offense” does not include the possession for sale, production, or manufacturing of any controlled substance and does not include violations of Section 4573.6 or 4573.8.

(b) The term “drug treatment program” or “drug treatment” means a state licensed and/or certified community drug treatment program, which may include one or more of the following: outpatient treatment,

half-way house treatment, narcotic replacement therapy, drug education or prevention courses and/or limited inpatient or residential drug treatment as needed to address special detoxification or relapse situations or severe dependence. The term “drug treatment program” or “drug treatment” includes a drug treatment program operated under the direction of the Veterans Health Administration of the Department of Veterans Affairs or a program specified in Section 8001; such a program shall be eligible to provide drug treatment services without regard to the licensing or certification provisions required by this subdivision. The term “drug treatment program” or “drug treatment” does not include drug treatment programs offered in a prison or jail facility.

(c) The term “successful completion of treatment” means that a defendant who has had drug treatment imposed as a condition of probation has completed the prescribed course of drug treatment and, as a result, there is reasonable cause to believe that the defendant will not abuse controlled substances in the future.

(d) The term “misdemeanor not related to the use of drugs” means a misdemeanor that does not involve (1) the simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or (2) any activity similar to those listed in paragraph (1).

CHAPTER 156

An act to add Section 6719 to, and to repeal Section 6718 of, the Government Code, and to repeal Section 1 of Chapter 155 of the Statutes of 2002, relating to Juneteenth National Freedom Day.

[Approved by Governor July 31, 2003. Filed with
Secretary of State August 1, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Juneteenth National Freedom Day, also known as “Emancipation Day,” “Emancipation Celebration,” “Freedom Day,” “Jun-Jun,” and “Juneteenth,” was first observed 136 years ago and is the oldest African-American holiday observance in the United States.

(b) Juneteenth National Freedom Day commemorates the strong survival instinct of African-Americans who were first brought to this country as slaves stacked in the bottom of sailing ships in a monthlong journey across the Atlantic Ocean known as the “Middle Passage”.

(c) Events in the history of the United States that led to the start of the Civil War in 1861 focused on regional differences between the North and the South that were based on the economic and social divergence caused by the existence of slavery. In 1862, the first clear signs that the end of slavery was imminent appeared when laws abolishing slavery were adopted in the territories of Oklahoma, Nebraska, Colorado, and New Mexico.

(d) On September 22, 1862, President Lincoln issued the celebrated Emancipation Proclamation, warning the rebellious Confederate States that he would declare their slaves “forever free” if those states did not return to the Union by January 1, 1863. Enforcement of the Emancipation Proclamation occurred only in Confederate States that were under Union Army control.

(e) Prior to the end of the Civil War, on January 31, 1865, Congress passed the Thirteenth Amendment to the United States Constitution, which abolished slavery throughout the United States and its territories. Spontaneous celebration erupted throughout the country when African-Americans learned of their freedom. Juneteenth, or June 19, 1865, is considered the date when the last slaves in America were freed by General Gordon Granger who rode into Galveston, Texas, and issued General Order No. 3, almost two and one-half years after President Lincoln had issued the Emancipation Proclamation.

(f) Observance of Juneteenth National Freedom Day, a reminder of emancipation, spread from Texas to the neighboring States of Louisiana, Arkansas, and Oklahoma, as well as to the States of Alabama, Florida, and California, where many African-American Texans had migrated. Juneteenth National Freedom Day symbolizes freedom, celebrates the abolishment of slavery, and reminds all Americans of the significant contributions of African-Americans to our society.

(g) A growing number of American and African-American cultural institutions have sponsored Juneteenth cultural events designed to make all Americans aware of this celebration, including the Smithsonian Institution’s National Museum of American History in Washington, DC, the Chicago Historical Society, the Black Archives of Mid-America, Inc., in Kansas City, Missouri, the Los Angeles Cultural Center, the Henry Ford Museum and Greenfield Village in Detroit, the Museum of African American Life and Culture in Dallas, Juneteenth America, Inc., of Ontario, California, and the National Juneteenth Observance Foundation. Juneteenth celebrations are a tribute to those African-Americans who fought so long for freedom and worked so hard to make the dream of equality a reality.

SEC. 2. Section 6718 of the Government Code is repealed.

SEC. 3. Section 6719 is added to the Government Code, to read:

6719. The Governor shall proclaim the third Saturday in June of each year to be known as “Juneteenth National Freedom Day: A day of observance,” to urge all Californians in celebrating this day to honor and reflect on the significant roles that African-Americans have played in the history of the United States and how African-Americans have enriched society through their steadfast commitment to promoting freedom, brotherhood, and equality.

SEC. 4. Section 1 of Chapter 155 of the Statutes of 2002 is repealed.

CHAPTER 157

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 2003. Filed with Secretary of State August 2, 2003.]

I object to the following appropriations contained in Assembly Bill 1765.

Item 0250-490—Reappropriation, Judicial Council. I delete Provision 3.

I am deleting Provision 3 of this item as it is unnecessary and infringes on a process that is already well underway. The search process should be left up to the Judicial Council, in conjunction with the Department of General Services as the real estate experts, to determine the best site that meets the programmatic needs of the court who will ultimately reside on the property.

Item 3600-001-0001—For support of Department of Fish and Game. I revise this item by deleting Provision 2.

Provision 2 requires the Department of Fish and Game to develop a long-term sport fishing hatchery program and prohibits the Department from closing any fish hatcheries until January 1, 2004. This language inappropriately restricts administrative flexibility in addressing funding priorities with limited resources.

Item 3760-301-0005—For capital outlay, State Coastal Conservancy. I delete this item and Provisions 1, 2, and 3.

This language would exclude priority projects within San Luis Obispo and Santa Barbara counties from competing for these excess funds. I believe that any unencumbered balance from this Proposition 12 appropriation should revert to the Coastal Conservancy to be allocated to priority projects using established guidelines and criteria.

I am deleting Provisions 1, 2, and 3 to conform with this action.

Item 3860-496—Reversion, Department of Water Resources. I delete Provision 1 of this item.

I am deleting this language that would prohibit the transfer of funds from the General Fund to the Colorado River Management Account. A negotiated settlement of the Colorado River Quantification Settlement Agreement (QSA) is critical to ensure that the State's water needs are met. This language would weaken the Executive Branch's flexibility in negotiating with local water agencies that rely on water from the Colorado River, and reaching an ultimate agreement on the QSA.

Item 4120-001-0001—For support of Emergency Medical Services Authority. I delete Provision 1.

I am deleting Provision 1 because this language is not necessary. Provision 1 specifies that a reduction of \$138,000 be made to State operations only, and not to local assistance. The Emergency Medical Services Authority has already identified State operations reductions of \$68,000 General Fund in personal services and \$70,000 in operating expenses and equipment from the Disaster Medical Services Division.

Item 4130-001-0632—For support of California Health and Human Services Agency Data Center. I delete Provision 6.

I am deleting Provision 6, which would require the California Health and Human Services Agency Data Center to reduce its rates by at least 8 percent to achieve total savings of approximately \$20,000,000 in client departments' budgets. While I support the need for the Data Center to set rates that provide cost effective information technology services, this language would hamper the Data Center's ability to do so. Rates

set by the Data Center are predicated on both costs and projected utilization. To the extent that client departments' funding for information technology is reduced, those departments would not have appropriate resources to pay for increased utilization. Any decrease in utilization from that projected in setting the rates would preclude the ability to actually lower the rates. This action conforms to my action on SEC. 9.70.

Item 4140-111-0236—For local assistance, Office of Statewide Health Planning and Development. I revise this item by deleting Provision 1.

In order to correct a technical error in the Budget Bill, I am deleting Provision 1, which would eliminate funding for the Rural Health Small Grants Program if legislation is enacted to amend the provisions of the Tobacco Tax and Health Protection Act (Proposition 99) to authorize Proposition 99 funds to be used to draw down federal funds for the Rural Health Demonstration Program within the Managed Risk Medical Insurance Board. Although legislation has been enacted to authorize the use of Proposition 99 funds for this purpose, there are sufficient Proposition 99 funds to provide funding for both programs in 2003–04. Therefore, I am sustaining the funding for the Rural Health Small Grants Program, which provides health care services to approximately 18,500 uninsured persons in rural areas of the State.

Item 4170-001-0001—For support of Department of Aging. I delete Provision 1.

I am deleting Provision 1 because it specifies that a reduction made to State operations cannot be allocated in a manner that affects State positions that provide direct services for the Department of Aging to the public or that administer the federal Older Americans Act programs. This language would restrict the Administration's ability to prioritize resources and deal with the legislative reduction based on programmatic needs of the Department of Aging.

Item 4220-001-0001—For support of Child Development Policy Advisory Committee. I delete this item.

I am deleting the legislative augmentation of \$668,000 (\$367,000 General Fund and \$301,000 Reimbursements), 5.4 positions for administrative support, and funding for the Child Development Policy Advisory Committee. The Committee is no longer functioning as all positions are currently vacant. Further, other State entities can be consulted for policy information and recommendations regarding child development and child care issues, at no additional cost to the State.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$16,566,448,000 to \$16,409,608,000.

I am reducing this item by \$156,840,000 to correct a technical error in the Budget Bill. This technical veto is consistent with the Legislature's intent and legislative actions taken in this item.

Item 4440-101-0001—For local assistance, Department of Mental Health. I revise this item by reducing:

- (1) 10.25-Community Services—Other Treatment \$1,139,412,000 to \$1,127,228,000

I am reducing Program 10.25 by \$12,184,000 as a technical adjustment in order to conform to the legislative action to implement a 5-percent reduction to Mental Health Managed Care.

Item 5240-001-0001—For support of Department of Corrections. I reduce this item from \$4,739,474,000 to \$4,739,327,000 by reducing:

- (3) 31-Community Correctional Program from \$512,902,000 to \$512,755,000.

I am sustaining the \$2,600,000 legislative augmentation to implement a program to place inmates in residential aftercare treatment 120 days prior to release from prison, rather than upon parole. However, due to my strong concerns regarding public safety, I am directing the Department to develop regulations that clearly specify that inmates will not be eligible for this program who have been previously convicted of a serious or violent offense, or who are presently serving a sentence for a serious or violent offense.

I am sustaining the \$45,000,000 legislative augmentation to implement a Substance Abuse Treatment Control Unit program for non-violent parole violators who are not eligible for Proposition 36 and to implement a community detention program utilizing

structured sanctions for other low-level parole violators. However, to ensure the safety of the citizens of California, I am directing the Department to develop regulations specifying that no individuals with an underlying serious or violent offense, or who have previously been convicted of a serious or violent offense will be eligible for these programs. In addition, these regulations are to specify that the community detention programs are only available if the parole violation is of a minor, technical nature.

I am deleting the \$147,000 legislative augmentation for the Sexually Violent Predators (SVPs) Conditional Release program, which the Legislature requested be transferred from the Department of Mental Health to the Department of Corrections (CDC). SVPs are repeat sex offenders who are diagnosed with mental illnesses and ordered into inpatient treatment upon completion of their criminal sentences. The Conditional Release program is necessary to monitor offenders and protect the public when courts order SVPs released into the community. The supervision, monitoring, and clinical treatment provided to SVPs under conditional release are essential to ensuring public safety. It is unclear at this time whether the CDC is appropriately equipped to provide all of the supervision and treatment services for this population. However, I will instruct the departments to explore the most effective and least costly way to provide supervision for these SVPs.

Item 6110-001-0890—For support of Department of Education, I reduce this item from \$129,929,000 to \$129,304,000 and revise Provisions 9 and 24.

I am reducing the legislative augmentation for support of special education dispute resolution services amount by \$123,000. This technical reduction eliminates funding for salary increases negotiated by the contractor. As the Budget provides for no augmentations for state employees, I believe it would be inequitable to fund salary increases for contracted employees. With this reduction, \$10,140,000 remains available for dispute resolution services. I am revising Provision 9 to conform to this action.

“9. Of the funds appropriated in this item, ~~\$10,263,000~~ \$10,140,000 is for dispute resolution services, including mediation and fair hearing services, provided through contract for the Special Education Program.”

I am reducing the \$1,700,000 legislative augmentation for support of the Ravenswood City School Improvement Program by \$502,000. This technical reduction reflects the payment recently made for this purpose through the legal claim process. With this reduction, \$1,198,000 remains available to fully comply with the court-ordered payment for the State’s share of monitoring this district’s special education program. I am revising Provision 24 to conform to this action.

“24. Of the funds appropriated in this item ~~\$1,700,000~~ \$1,198,000 shall be allocated to the Ravenswood City School District to support the costs of the court-ordered Ravenswood School Improvement Program.”

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I revise this Item by revising Provision 2.

I am revising Provision 2 to delete language that would limit any apportionment reduction for a given community college district related to concurrent enrollment to no more than ten percent of the statewide amount in order to ensure an equitable allocation of the reductions. The ten percent limitation would result in potentially disproportionate reductions to other districts. The provision would still provide sufficient authority for the Chancellor to mitigate reductions in the event such reductions would threaten fiscal solvency, which I believe to be sufficient.

“2. Of the funds appropriated in Schedule (1), Apportionments:

- (a) Up to \$100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors.
- (b) Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.
- (c) The amount appropriated in this item reflects a reduction of \$25 million and approximately 6,500 full-time-equivalent students (FTES) based on a policy that revises allowable parameters for the claiming of state funding for concurrent enrollment. The chancellor shall allocate this reduction on a

basis proportionate to the level of FTES reported by districts for concurrent enrollment in physical education, recreation, study skills, and personal development courses. However, nothing in this provision shall prohibit those districts from receiving growth allocations, as warranted, to the extent that designated funds are available: ~~No district shall receive a funding reduction that exceeds 10 percent of the statewide total reduction made pursuant to this subdivision.~~ Further, the chancellor may limit the amount of reduction for a district if, in the judgment of the chancellor, the district's financial integrity otherwise would be jeopardized. The chancellor shall report to the Legislature and the Governor by January 1, 2004, on how the reduction was allocated.

- (d) Notwithstanding any other provision of law or regulation, the chancellor shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment."

Item 7350-001-0001—For support of Department of Industrial Relations. I delete Provision 1.

I am deleting Provision 1 because it conflicts with Labor Code provisions, which direct the Industrial Welfare Commission to conduct public hearings in at least three California cities, as specified. This language would prevent the Commission to choosing the most cost effective venue for meetings.

I am sustaining the \$27,095,000 augmentation which would provide partial year funding for the 80 percent General Fund share of workers' compensation program costs. This budget assumes that the 100 Percent User Funding proposal that I proposed in December will be enacted as a part of a larger workers' compensation reform package. I have already stated my support and intent to enact reforms in the workers' compensation system. I view this budget augmentation as a signal that the Legislature intends to include 100 Percent User Funding in the workers' compensation reform package. If user funding is not included in those reforms and enacted in a timely fashion, the Department will incur a significant General Fund deficiency.

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I delete Provision 3.

I am deleting Provision 3, as a technical correction, which would require the Office of Criminal Justice Planning to maintain all matching federal discretionary funds for the Homeless Youth Project and the Youth Telephone Emergency Referral Program for at least this fiscal year. This language is unnecessary since Schedules (4) and (5) of this item provide appropriations specifically intended to support the Homeless Youth Project and Youth Telephone Emergency Referral Program, including the use of these funds to match any available federal funds.

Item 8180-101-0001—For local assistance, payment to counties for costs of homicide trials. I delete Provision 3.

I am deleting Provision 3, which allows Stanislaus County to be reimbursed for 100 percent of its costs associated with the homicide trial of the People v. Scott Peterson. There is an existing procedure by which counties can procure reimbursements for costly homicide trials. Stanislaus County can apply for funds for this trial through that procedure; therefore this language is unnecessary.

Item 9210-103-0001—For local assistance, Local Government Financing. I delete this item and Provisions 1, 2, 3, and 4.

I am deleting this legislative augmentation, which restored \$500,000 of my proposed elimination of the special supplemental subventions for redevelopment agencies. These resources were provided to ensure that debt obligations supported by the special supplemental subventions would not be harmed. If redevelopment agencies have debt secured by that funding, there is an established process to ensure that they are not harmed.

I am deleting Provisions 1, 2, 3, and 4 to conform to this action.

SEC. 9.70—Information Technology Savings from Reduced Rates at the Health and Human Services Agency Data Center. I delete this Control Section.

I am deleting this control section because it would require that (1) the Health and Human Services Agency Data Center reduce its rates by 8 percent, (2) the approximate

\$20 million in resultant savings be reduced from client department budgets for information technology, (3) the Department of Finance (Finance) capture the resultant savings and revert the funding to the appropriate fund, and (4) Finance report to the Legislature on adjustments be made by November 1, 2004. While I support the need for the Data Center to set rates that provide cost effective information technology services, I believe this control section would hamper the Data Center's ability to do so. Rates set by the Data Center are predicated on both costs and projected utilization. To the extent that client department's funding for information technology is reduced, those departments would not have appropriate resources to pay for increased utilization. Any decrease in utilization from the projected levels would preclude the ability to actually lower the rates. Additionally, the requirement for the Data Center to reduce its rates is unnecessary, because the Data Center plans to reduce rates by an average of 8 percent for 2003-04.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1765.

GRAY DAVIS

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 2003."

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2003–04 fiscal year beginning July 1, 2003, and ending June 30, 2004. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2003–04, 2004–05 and 2005–06 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2003–04 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 2004, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

The funds appropriated in Schedule (4) shall be for payments for services of contractual court interpreters, and certified and registered court interpreters employed by the courts, and the following court interpreter coordinators: one each in counties of the 1st through the 15th classes, 0.5 each in counties of the 16th through the 31st classes, and 0.25 each in counties of the 32nd through 58th classes. Courts in counties with a population of 500,000 or less are encouraged, but not required, to coordinate interpreter services on a regional basis. For the purposes of this provision, "court interpreter coordinators" may be full- or part-time court employees, or those contracted by the court to perform these services.

The Judicial Council shall set statewide or regional rates and policies for payment of court interpreters, not to exceed the rate paid to certified interpreters in the federal court system. The Judicial Council shall adopt appropriate rules and procedures for the administration of these funds. The Judicial Council shall report to the Legislature and Director of the Department of Finance annually regarding expenditures from this schedule.

5. Of the amount appropriated in this item, \$44,000,000 shall not be available for allocation to the trial courts except to the extent that civil fee revenues above the \$154,590,000 that is currently projected for 2003–04 are deposited in the Trial Court Trust Fund.

7. The funds appropriated in Schedule (1) include an augmentation of \$1,175,000 for Court Operations related to Chapter 561 of the Statutes of 1999. It is the intent of the Legislature that these funds only be used for the processing of elder abuse protective orders. Any funds not used for this purpose shall revert to the General Fund.
8. In addition to funding approved and appropriated through the program budget process, on an annual basis, it is the intent of the Legislature that the state shall provide, upon the order of the Director of Finance, to the Judicial Council an amount of discretionary funding that is deemed to be fair, reasonable, and fiscally responsible and meets specific criteria established and agreed upon by the Director of the Department of Personnel Administration, Director of Finance, and the Administration Director of the Courts. The level of funding shall be based on factors such as workload, population growth, agreed-upon policy goals, changes in local geographical circumstances and other agreed-upon criteria, which shall include the average percentage salary and benefit increases provided to state employees.

The Judicial Council shall allocate these funds to meet the various needs of the trial courts. This includes the need to negotiate local memoranda of understanding with recognized bargaining agents and to meet other salary and benefit needs of the trial courts.

Provisions:

1. No funds appropriated in this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services that adds to the cost of any program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter that would increase the costs of a program, the Department of Finance shall consider the amount of the proposed increase on an annualized basis, the effect the change would have on the expenditure limitations for the program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, and any additional factors relating to the fiscal integrity of the program or the state's fiscal situation.

Notwithstanding Control Sections 27.00, 28.00 and 28.50 of this act, the availability of funds contained in this item for rules, regulations, or all-county letters that add to program costs funded from the General Fund in excess of \$500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed \$500,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to cover the federal share of costs of a program(s) when the federal funds have not been received by this state prior to the usual time for

transmitting that federal share to the counties of this state. This loan from the General Fund shall be repaid when the federal share of costs for the program or programs becomes available.

3. The Department of Finance may authorize the transfer of amounts from this item to Item 5180-001-0001 in order to fund the cost of the administrative hearing process associated with changes in aid payments in the CalWORKs program.
4. The Department of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 2003–04 fiscal year that are within or in excess of amounts appropriated in this act for that year.

If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the department shall so report to the Legislature. At the time as the report is made, the amount of the limitation shall be increased by the amount of the excess unless and until otherwise provided by law.

6. Nonfederal funds appropriated in this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
7. In the event of declared disaster and upon county request, the State Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Department of Finance may authorize the transfer of funds from Items 5180-101-0001 and 5180-101-0890, to Items 5180-001-0001 and 5180-001-0890, for this purpose.

The Department of Social Services may use funds from this item to reimburse the EBT contractor for settlement on behalf of the county. The county shall be required to reimburse the Department of Social Services for county's settlement via direct payment or administrative offset.

This plan shall be submitted in a format developed in consultation with the Department of Finance and shall be submitted to the Department of Finance and to the fiscal committees of both houses at least 30 days prior to the commencement of public hearings on the proposed plan and no later than March 1, 2004.
 - (i) \$15,000,000 from the General Fund shall be for child care worker recruitment and retention programs as specified by Chapter 547 of the Statutes of 2000.
11. In order to facilitate coordination, detailed backup by month and on a county-by-county basis, if different from quarterly data provided pursuant to the previous paragraph, shall be provided to the DSS to facilitate its analyses and comparison of overall CalWORKS caseloads and related child care needs.
 - (d) By September 15, 2003, and March 15, 2004, the department shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 Setaside along with all relevant assumptions, is provided to DSS to facilitate budget development and the May Revision, respectively. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the 2005–06 fiscal year as well as local attrition experience. DSS shall utilize data provided by the State Department of Education (SDE), including key variables from the prior fiscal year and the first two months of the 2003–04 fiscal year, to provide coordinated estimates in November 2003 for each of the three stages of care for preparation of the 2004–05 Governor’s Budget, and shall utilize data from at least the first two quarters of the 2003–04 fiscal year, and any additional months’ data as they become available for preparation of the 2004 May Revision. - (f) Upon request by the Department of Finance, the State Department of Education shall determine, through survey or mandatory reporting, and through use of consultant services as necessary, requested information (such as selected updates of data collected pursuant to Provision 8(c)(6) of the Budget Act of 2000 (Ch. 52, Stats. 2000)) which shall be provided to the Department of Finance for use in 2004–05 budget development.

13. Nonfederal funds appropriated by this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
 14. Administrative and support services allowances for the Alternative Payment, Stage 2, and Stage 3 Setaside child care programs funded through Schedules (1.5)(d), (1.5)(e) and (1.5)(f) of this item, shall be limited to no more than 25 percent of the direct cost-of-care payments to child care providers. Notwithstanding this limit, this item has been reduced by \$12,000,000 in 2003–04 for administrative and support services allowances for the same programs identified above. This reduction shall result in a lower allowance for administrative and support services costs. This reduction shall not lower the funding available for direct cost-of-care payments to child care providers. Therefore, notwithstanding any other provision of law or regulation, the State Department of Education shall ensure that contract provisions conform to these requirements for the programs identified in this provision.
 15. The maximum standard reimbursement rate shall not exceed \$28.14 per day for General Child Care programs and \$17.96 per day for State Preschool. Furthermore, the Community College Match, the Migrant Child Care, and the Cal-SAFE Child Care programs shall adhere to the maximum standard reimbursement rates as prescribed for the General Child Care programs.  - (c) Notwithstanding any other provision of law, the income eligibility limits pursuant to subdivision (a) of Section 8263.1 of the Education Code used in the 2002–03 fiscal year shall remain in effect for the 2003–04 fiscal year, without adjustment.
18. Notwithstanding any other provision of law, it is the intent of the Legislature that unearned contract amounts from General funds or federal Funds appropriated for CalWORKs Stage 2 and Stage 3 Setaside in any prior year be used to offset direct service costs in CalWORKs Stage 2 child care in the 2000–01 fiscal year and each year thereafter. Therefore, in order to account for these funds in determining the budget, the Department of Education shall disencumber any amounts in excess of a two-percent reserve of the original contract amount for each unaudited contract and shall provide a report by September 1, 2003, and April 1, 2004, of the available balances to the Department of Finance. 19. Of the amount appropriated in Schedule (1), \$1,620,000 shall be used to expand spinal cord injury research.

22. Of the amount appropriated in Schedule (1), \$14,300,000 is for Internet2 connectivity and network infrastructure to grades K–12 schools and county offices of education.	
23. The amount appropriated in this item reflects a one-time unallocated \$80,500,000 reduction in the UC systemwide administration and campus budgets per a bipartisan agreement of both houses connected with the passage of Chapter 10 of the 2003 First Extraordinary Session. The UC shall implement this reduction in a manner that minimizes the impact on instructional programs, student services, and K–12 outreach programs.	
24. Of the amount appropriated in Schedule (1), \$117,200,000 is to provide full marginal cost funding, at the rate of \$9,030, for 8,000 additional full-time-equivalent (FTE) enrollments in the 2003–04 academic year, for a total FTE in 2003–04 of 197,628. <p>26. The funds appropriated in Schedule (7) are for support of the six existing core Subject Matter Projects (SMP). These funds may also be used to support the foreign language, arts, and physical education SMPs if state support is authorized in legislation passed in the 2003 Regular Session and federal supplanting laws are not violated. The amount appropriated by this schedule reflects a \$15 million reduction in state General Fund for these projects. The reduction is due to an overall decline in state revenues, a reduction in total General Fund moneys for the university, the priority of the state to protect core academic services at the university, and the need to achieve savings in other areas of the university, such as K-12 professional development. If the federal government provides written notification that these funds may not be used for these projects, then the Department of Finance may instead use the funding only for the Science SMP after notifying the Joint Legislative Budget Committee through Section 28.00 process.</p> <p>27. It is the intent of the Legislature that in enacting the budget reductions implemented in this item, that reductions to the operations of the Cooperative Extension program be proportional to reductions implemented in other program areas.</p>

1. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the California State University may proceed with any phase of any project identified in the above schedule, including preparation of preliminary plans, working drawings, construction, or equipment purchase, without the need for any further approvals.
2. The California State University shall complete each project identified in the above schedule within the total funding amount specified in the schedule for that project. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the budget for any project to be funded from the Higher Education Capital Outlay Bond Fund of 2002 may be augmented by the California State University within the total appropriation made by this item, in an amount not to exceed 10 percent of the amount appropriated for that project. No funds appropriated in this item for equipment may be used for an augmentation under this provision, or be augmented from any other funds appropriated by this item. This condition does not limit the authority of the California State University to use nonstate funds for these purposes.
3. The California State University shall complete each project identified in the above schedule without any change to its scope. The scope of a project means, in this respect, the intended purpose of the project as determined by reference to the following elements of the budget request for that project submitted by California State University to the Department of Finance: (a) the program elements related to project type, and (b) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.
4. Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made in this item is available for encumbrance until December 31, 2005, except that the funds appropriated for construction only must be bid by December 31, 2004, and will be available for expenditure through December 31, 2005, and funds appropriated for equipment purposes are available for en-

- cumbrance until December 31, 2006. For the purposes of encumbrance, funds appropriated for construction management and project contingencies purposes as well as any bid savings, shall be deemed to be encumbered at the time a contract for that purpose is awarded; these funds also may be used to initiate consulting contracts necessary for management of the project during the liquidation period. Any savings identified at the completion of the projects also may be used during the liquidation period to fund the purposes described in subdivisions (a), (b), (c), (d) and (e) of Provision 5.
5. Identified savings in a budget for a capital outlay project, as appropriated by this item, remaining after completion of a capital outlay project and upon resolution of all change orders and claims, may be used: (a) to begin working drawings for a project for which preliminary plans have been approved by the State Public Works Board consistent with the scope and cost approved by the Legislature as adjusted for inflation only, (b) to proceed further with the underground tank corrections program, (c) to perform engineering evaluations on buildings identified as potentially in need of seismic retrofitting, (d) to proceed with design and construction of projects to meet requirements under the federal Americans with Disabilities Act of 1990, (e) to fund minor capital outlay projects, or (f) to fund feasibility studies for capital outlay.
 6. No later than March 1 of each year, the California State University shall submit a report detailing the expenditure for each project of the funds appropriated by this item to the Chair of the Joint Legislative Budget Committee, the chairs of the fiscal committees of each house, the Legislative Analyst, and the Director of Finance. The report also shall include the following elements: (a) a statement of the identified savings by project, and the purpose for which the identified savings were used; (b) a certification that each project as proceeding or as completed, has remained within its scope and the amount funded for that project under this item; and (c) an evaluation of the outcome of the project measured against performance criteria.

Provisions:

1. The funds appropriated in Schedules (1), (2), (3), (4), (5), (6), (8), (10), (11), (12), (14), (15), (16), (17), (18), (22), and (25) are for transfer by the Controller during the 2003–04 fiscal year to Section B of the State School Fund.
- 1.5. The amounts appropriated in Schedules (1) and (4) reflect the intent of the Legislature to defer \$150,000,000 for Apportionments and \$50,000,000 for Partnership for Excellence to the 2004–05 fiscal year, pursuant to separate legislation.
2. Of the funds appropriated in Schedule (1), Apportionments:
 - (a) Up to \$100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors.
 - (b) Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.
 - (c) The amount appropriated in this item reflects a reduction of \$25 million and approximately 6,500 full-time-equivalent students (FTES) based on a policy that revises allowable parameters for the claiming of state funding for concurrent enrollment. The chancellor shall allocate this reduction on a basis proportion-

ate to the level of FTES reported by districts for concurrent enrollment in physical education, recreation, study skills, and personal development courses. However, nothing in this provision shall prohibit those districts from receiving growth allocations, as warranted, to the extent that designated funds are available. No district shall receive a funding reduction that exceeds 10 percent of the statewide total reduction made pursuant to this subdivision. Further, the chancellor may limit the amount of reduction for a district if, in the judgment of the chancellor, the district's financial integrity otherwise would be jeopardized. The chancellor shall report to the Legislature and the Governor by January 1, 2004, on how the reduction was allocated.

- (d) Notwithstanding any other provision of law or regulation, the chancellor shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment.
3. Notwithstanding any other provision of law, \$27,489,000 of the funds appropriated in Schedule (2) is for allocation to community college districts in the 2003–04 fiscal year for the purposes of funding FTES in courses in basic skills, including English-as-a-second-language courses and workforce preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2003–04 fiscal year exceeds the level of total FTES funded for that district in the 2003–04 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.
4. (a) Of the amount appropriated in Schedule (2), up to \$12,576,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless

- the new program or expansion has been approved by the chancellor.
- (b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of four dollars and eighty-six cents (\$4.86) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.
5. (a) Notwithstanding any other provision of law, the funds appropriated in Schedule (3) of this item shall only be allocated for growth in full-time-equivalent students (FTES), on a district-by-district basis, as determined by the Chancellor of the California Community Colleges. The chancellor shall not include any FTES from concurrent enrollment in physical education, recreation, study skills, and personal development courses and other courses in conflict with existing law for the purpose of calculating a district's three-year overcap adjustment. The board of governors shall adopt criteria for the allocation of funds appropriated in Schedule (1), Apportionments, and Schedule (3), Growth for Apportionments, so as to assure that courses related to student needs for transfer, basic skills and vocational/workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds. The chancellor shall report on the adopted criteria to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the committees in each house of the Legislature that consider the budget, the Department of Finance, the Secretary for Education, and the California Postsecondary Education Commission by February 1, 2004.
- (b) Notwithstanding any other provision of law or regulation, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of FTES, consistent with K-12 declin-

ing enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district's average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.

6. Funds provided in Schedule (4) are for the Partnership for Excellence Program established pursuant to Section 84754 of the Education Code. It is the intent of the Legislature that community college districts increase the level of instruction and student services provided to meet the system-wide goal for student transfer. The goal for the California Community Colleges is to increase the number of "transfer ready" students to provide enough applicants to increase by at least 6 percent annually the number of transfer students eligible to enroll at the University of California through the year 2005-06. The goal is also to increase the number of "transfer ready" students to provide enough eligible applicants to increase by at least 5 percent annually the number of transfer students eligible to enroll at the California State University through the year 2005-06.

In administering the provisions of Sections 66734 and 84754 of the Education Code, the chancellor shall review the capacity and readiness of each community college district to meet the needs of students desiring to transfer. From within existing resources, the chancellor shall provide technical assistance to community college districts as necessary to assure that each community college district identifies options to use its local resources most effectively for providing reasonable opportunities to transfer for students served by the district. Technical assistance shall be provided to any college with persistently low numbers or rates of transfer, with the goal that the number of transfers will increase by an average of 10 percent annually, as necessary to overcome these low numbers or rates by the 2004-05 academic year. On or before April 15, 2004, the chancellor shall report on progress each community college has made in increasing the number of transfers, along with campus expenditures on

transfer-related activities, as part of the annual Partnership for Excellence report submitted to the Governor and the Legislature in accordance with paragraph (1) of subdivision (e) of Section 84754 of the Education Code.	
7. Notwithstanding Section 76300 of the Education Code, or any other provision of law, if the funds appropriated in Schedule (5) are insufficient to fund all claims, the chancellor shall prorate available funds to each district.	
8. Of the funds appropriated in Schedules (2) and (5), the funds not required for the 2003–04 fiscal year to meet the demand for the programs funded under those schedules shall be made available on a one-time basis for general apportionment under Schedule (1) of this item, provided that no transfer shall occur prior to May 15, 2004.	
9. Of the funds appropriated in Schedule (6), \$82,671,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Funds provided in this item for Extended Opportunity Programs and Services (EOPS) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. \$12,221,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services.	
10. The funds appropriated in Schedule (7) are for the Community College Teacher and Reading Development Partnerships. Grants are designed to both encourage promising students to pursue careers in teaching through development of an articulated internship program with school districts and California State University institutions and to assist elementary school pupils to develop improved reading skills. Acceptance of grants shall constitute concurrence by the district to collect and provide all information specified by the chancellor. The board of governors shall ad-

11. (a) The funds appropriated in Schedule (8) are for local assistance for funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs.
- (b) Of the amount appropriated in Schedule (8), \$3,945,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR) as follows:
 - (1) \$597,000 to provide access to print information to visually impaired students by creating and printing braille versions of written materials.
 - (2) \$3,348,000 to provide accessibility to hearing-impaired distance education students by having live and closed captioning on telecourses and other video and Internet related instructions.
- (c) Of the amount appropriated in Schedule (8) at least \$943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor's office. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.
- (d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (8) of this item, \$1,000,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986-87 fiscal year. If adult education services at any of the three hospitals are not supported by the community colleges in the 2003-04 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days' notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of

- Developmental Services (DDS). For any transfer of funds to DDS during the 2003–04 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.
12. Of the funds appropriated in Schedule (21):
 - (a) \$1,921,000 is for the Puente Project to support up to 75 colleges. These funds are available if matched by \$200,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. All funding shall be allocated directly to participating districts in accordance with their participation agreement.
 - (b) Up to \$2,459,000 is for the Mathematics, Engineering and Science Achievement (MESA) Programs. For each dollar allocated, the recipient district shall provide one dollar in matching funds.
 - (c) No less than \$1,778,000 is for the Middle College High School Programs, pursuant to the Governor’s initiative.
 - (d) With the exception of fully compliant special part-time students at the community colleges pursuant to Section 48802 and 76001 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment.
 13. The funds appropriated in Schedule (10), Special Services for CalWORKs recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including: workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in this schedule shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in

transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The chancellor shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

- (a) Job placement.
- (b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
- (c) Curriculum development and redesign.
- (d) Child care and workstudy.
- (e) Instruction.
- (f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (10) of this item, \$15,000,000 shall be for child care and shall not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a \$1 match for every \$1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2003–04 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student

educational programs, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy position. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded FTES and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall make application to the chancellor's office by October 15. If the chancellor approves the use of funds for direct instructional workload, the chancellor's office shall submit a report to the Joint Legislative Budget Committee by November 15, 2003, that (1) identifies the enrollment of new CalWORKs students, (2) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (3) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (10), by the fourth week following the end of the semester or quarter term commencing in January 2004, each participating community college shall submit to the chancellor's office a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor's

office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by November 15 of each year as specified in the annual Budget Act.

First priority for expenditures of any funds appropriated in Schedule (10) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2003, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the chancellor's office approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

15. Funds appropriated in Schedule (10) of this item have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
16. The funds in Schedule (11) of this item shall be allocated to provide foster parent training. Funds shall be allocated in such a manner as to ensure priority for training required by Section 1529.2 of the Health and Safety Code. Districts shall make services available to foster parents to satisfy the requirements of Section 1529.2 of the Health and Safety Code as a first priority. Remaining funds may be used for services to foster child relative caretakers and for additional parenting skills, thereafter.
18. (a) The funds appropriated in Schedule (12) are for the purpose of student matriculation, as specified in Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of the Education Code.
 - (b) Of the amount appropriated in Schedule (12), an amount equal to 15.64 percent of that amount shall be allocated to community college districts on a one-to-one matching fund basis to provide matriculation services to include, but not be limited to, orientation, assessment, and counseling for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.
19. The funds in Schedule (16) of this item shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the chancellor. These funds are to be used to assist

districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through each district's local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.

21. (a) \$12,500,000 of the funds provided in Schedule (18) shall be for the purpose of providing allocations to all districts. It is the intent that colleges receiving these funds shall maintain all of the capabilities specified in the Budget Acts of 1996 through 2003 for the Telecommunication and Technology Infrastructure program. The funds appropriated in this item shall be allocated by the chancellor, shall not supplant existing funds used for technology and networking purposes, and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. It is the intent that this allocation shall enable further development of networks. Therefore, colleges shall match maintenance and ongoing costs with other funds, after installation, for the following required purposes:
 - (1) Maintenance of communications lines, upgrading of the backbone, software and other costs associated with connecting to the collaborative California State University/California Community College telecommunications wide area network (4C Net);
 - (2) Video conference connectivity, transport, maintenance, and training;
 - (3) Local planning and development for improving library technology including library automation, connections to college local area networks and connections to external databases;
 - (4) Digital satellite systems and the following optional purposes:

All provisions related to technology standards and telecommunications plans as specified in Provision 17(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and Provision 14(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997), shall apply.

- (b) \$9,550,000 of the funds provided in Schedule (18) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system towards improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:
 - (1) \$2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.
 - (2) \$2,300,000 is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.

All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply.
- (c) The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance no later than November 1, 2003, identifying any changes to the standards developed pursuant to the control provisions for this program in the Budget Act of 1997 (Ch. 282, Stats. 1997), the status of the implementation of the Telecommunications and Technology Infrastructure program to date and any additional needs, including the reasons therefor.
22. The funds provided in Schedule (19) of this item shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor's office reports in a format specified by the chancellor sufficient to document the value and productivity of this program, including, but not limited to, numbers and nature of courses converted, and the amount of distance education instructional workload services provided as a result of these courses. It is intended that the chancellor's office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, Office of the Secretary

- (e) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) through (j) of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of \$1 of private business and industry funding for each \$1 of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor's discretion. This includes funding for 2002–03 fiscal year final payments in response to midyear funding adjustments in this category.
- (g) Funds allocated by the board of governors under this provision may not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and

- (h) A primary objective of the Economic Development program is to maximize instruction, to prepare students for entry-level jobs, to increase skills of the current workforce, and to stimulate the growth of businesses through training so that more jobs are created. The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance, commencing March 1, 2003, and each March 1 annually thereafter, that includes the amount provided to each economic development regional center and each industry-driven regional education and training collaborative, and to the extent practicable, the total number of hours of contract education services, performance-based training, credit and noncredit instruction, and job placements created as a result of this program by each center and collaborative.

The chancellor shall allocate funds to districts on the basis of actual reported full-time equivalent students (FTES), and may establish a minimum allocation per district. As a condition of receiving and expending these funds for maintenance or special repairs, a district shall certify that it will increase its operations and maintenance spending from the 1995–96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs plus an equal amount to be provided from district discretionary funds. The chancellor may waive all or a portion of the

The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district. For every \$3 a district expends from this appropriation for replacement of instructional equipment or library materials, the recipient district shall provide \$1 in matching funds. The funds provided for instructional equipment and library materials shall not be used for personal services costs or operating expenses.
27. Of the funds appropriated in Schedules (24.5) and (26) of this item, the Chancellor of the California Community Colleges shall have the discretion to transfer funds among these schedules to fund the highest infrastructure priorities of the system. Funds from Schedules (24.5) and (26) of this item may be used to fund architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and seismic retrofit projects limited to \$400,000. Districts that receive funds for architectural barrier removal projects shall provide a \$1 match for every \$1 provided by the state. The amounts in Schedules (24.5) and (26) of this item shall be available for expenditure until June 30, 2005.
 29. tive encouragement of contact between pupils and local CCC financial aid offices. Any funds used from this source to produce radio, television, or mail campaigns must emphasize the availability of financial aid, the easiest and most reliable method of accessing the aid, a contact telephone number, an Internet address, where applicable, and the physical location of a financial aid office. Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The Outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

- (b) Of the amount appropriate in Schedule (5) for financial aid administration and outreach, \$34,200,000 shall be for direct contact with potential and current financial aid applicants. Each CCC campus shall receive a minimum allocation of \$50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time-equivalent students (FTES) weighted by a measure of low-income populations as demonstrated by BOG fee waiver program participation within a district. It is the intent of the Legislature with the funds provided in this section that all California Community Colleges campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be

used for screening current students for possible financial aid eligibility and offering these students personal assistance in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.

- (c) Funds allocated to a community college district for financial aid personnel, outreach determination of financial need, and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 fiscal year.
- (d) It is the intent of the Legislature that the Chancellor’s office of the California Community Colleges provide the Legislature with a report by no later than April 1, 2004, on the use of the funds in Schedule (5), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and the extent to which districts were successful in increasing the number of students accessing financial aid, particularly the maximum Pell Grant award.
- (e) It is the intent of the Legislature to monitor the impact of the 2003–04 fiscal year fee increase has on student enrollment and access to financial aid. To assist the Legislature in this effort, the Chancellor of the California Community Colleges shall provide two reports to the Legislature. The first, to be submitted by November 15, 2003, shall be a preliminary report comparing systemwide enrollment, and other external factors as determined by the Chancellor, including, where applicable, the change in financial aid applications and BOG waiver processed, preliminary data on the types and frequency of contact and the overall costs on the type of outreach devoted to this, from Fall 2002 to Fall 2003. The second, to be submitted by

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category," "program," or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract.

For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2003-04," submitted by the Governor to the Legislature at the 2003 portion of the 2003-04 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 of the Government Code and following, the Uniform Codes Manual, and the appropriate portions thereof. The appropriations made by Sections 20822, 20824, 20862, 20863, 22825.1, 22828, and 22829 of the Government Code and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 20862, 20863, 22825.1, 22828, and 22829 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees' Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other provision of law, the employers' retirement contributions for the 2003–04 fiscal year that are chargeable to an appropriation made in this act, with respect to each state officer and employee who is a member of the Public Employees' Retirement System (PERS) and who is in that employment or office, including university members as provided by Section 20751 of the Government Code, shall be the percentage of salaries and wages by state member category as follows:

Miscellaneous, First Tier	14.843%

Highway Patrol	32.653%
Peace Officer/Firefighter	20.325%

The Department of Finance may adjust amounts in any appropriation item, or in any category thereof, in this act as a result of changes from amounts budgeted for employer contribution for 2003–04 fiscal year retirement benefits.

(b) Notwithstanding any other provisions of law, the Department of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other provision of law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations in

this act shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

SEC. 4.10. (a) The Budget Act does not provide additional funds to departments for employee compensation increases that may become effective during the 2003–04 fiscal year. Many of the appropriations in this act include amounts for continuing employee benefits that are over and above the level of funding for employee benefits reflected in the state’s overall spending plan for the 2003–04 fiscal year. To ensure the integrity of this budget and ensure that necessary critical programs are adequately funded, it is necessary to provide the Director of Finance with the authority to reduce appropriations and reallocate funds within and among items of appropriation.

(b) Notwithstanding any other provision of law, the Director of Finance is authorized to (1) reduce appropriations from, and reallocate funds within, appropriations within this act notwithstanding the limitations imposed by Section 26.00, as the Director of Finance determines necessary to ensure that each department’s expenditures will be consistent with appropriations authorized by this act and any other appropriation available to that department, and (2) impose other savings strategies as determined appropriate by the Director of Finance to ensure that each department’s planned expenditures are consistent with the appropriations authorized by this act and any other appropriation available to that department.

(c) Notwithstanding any other provision of law, the Director of Finance shall, in order to ensure that \$1,066,000,000 of savings is achieved through reduced employee compensation costs, abolish at least 16,000 permanent positions from departments including all boards, commissions, departments, agencies, or other employment authorities of the state, as determined by the Director of Finance. A position that is abolished by the State Controller pursuant to Section 12439 of the Government Code or pursuant to Executive Order D-71-03 issued by the Governor on July 1, 2003, may also be included in the positions to be abolished pursuant to this section and may be counted by the Director of Finance toward the position reduction required by this section. The Department of Finance shall have the authority to reestablish any position eliminated as a result of this section if reductions in employee compensation of an equal or greater amount are implemented pursuant to new contracts or contract amendments ratified by the Legislature or otherwise implemented by the Department of Personnel Administration. Any adjustments made pursuant to this subdivision shall not be subject to the provisions of subdivision (g).

(d) The Director of Finance may reduce the total number of positions to be abolished pursuant to subdivision (c) by a number of positions that the Director of Finance determines no longer must be abolished to achieve the purposes of this section due to revisions to collective bargaining agreements or the way departments provide employee services. In determining any reduction from the number of positions specified in subdivision (c) to be abolished, the director shall

consult with the Director of Personnel Administration to determine which bargaining units have agreed to reductions in total employee compensation, and the number of positions in each such bargaining unit that may be credited toward the number of position abolishments required by subdivision (c) based on the savings that will be realized as a result of new collective bargaining contracts or contract amendments ratified by the Legislature.

(e) In addition to the authority granted to the Director of Finance in subdivision (b) to mitigate unfunded employee compensation increases to be effective during the 2003–04 fiscal year, the Director of Finance is further authorized to transfer appropriation authority between separate items of appropriation within this act to ensure that each department's expenditures will be consistent with the appropriations authorized by this act or any other appropriation available to that department. The transfers authorized by this subdivision may be from one department or program to a different department or program, within the same fund source.

(f) The provisions of this section shall also apply to any portion of a local assistance appropriation that funds employee compensation.

(g) The net effect of all actions taken by the Director of Finance pursuant to this section shall be that the total amount appropriated by items of appropriation in this act together with any other appropriations provided in statute shall be reduced by at least \$306,500,000, including a reduction from amounts appropriated from the General Fund of at least \$180,900,000.

(h) A state operation appropriation, and a program, project, or function designated in any line of any schedule set forth by that appropriation, may not be reduced by this section by more than 15 percent or increased by over 10 percent. Any increases to appropriations shall not exceed the actual increased employee compensation costs in that item.

(i) No less than 30 days before the effective date of any adjustment to appropriation authority (including category transfers), or action to abolish positions pursuant to this section, the Department of Finance shall provide the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees in each house that consider the state budget, and the Chairperson of the Joint Legislative Budget Committee a report of all augmentations, reductions, or position abolishments to be approved.

(j) To the extent practicable, the Director of Finance shall recognize and take into account any reductions in employee compensation implemented pursuant to new contracts or contract amendments ratified by the Legislature in determining the budget adjustments to be effected pursuant to this section. The Director of Finance shall also consider and take into account any adjustment to employee compensation approved by the Department of Personnel Administration for employees not covered by collective bargaining agreements in determining the budget adjustments to be approved pursuant to this section.

SEC. 4.15. (a) Notwithstanding any other provision of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22826 of the Government Code, shall be 0.44 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses.

(b) Notwithstanding any other provision of law, the Department of Finance may adjust amounts in any appropriation item, or in any category thereof, to reduce General Fund, special fund, and nongovernmental cost fund appropriations to reflect decreased departmental costs as a result of lowering employer's contributions to the Contingency Reserve Fund to 0.44 percent of gross health insurance premiums.

(a) Notwithstanding any other provision of law, the Department of Finance may adjust amounts in appropriation items for rental payments on lease-purchase and lease-revenue bonds, or in any category thereof including fees, insurance and reimbursements in this act as a result of changes from amounts budgeted for costs for the 2003-04 fiscal year.

(b) Notwithstanding any other provision of law, the allocation may be made from funds appropriated for this purpose or from any other funds legally available for this purpose.

An augmentation approved by the Department of Finance shall be made not sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or not sooner than a lesser time that the committee or its designee may in each instance determine. In order to receive an augmentation under this section, a fund shall have a sufficient reserve balance to cover the amount of the augmentation. In addition, in no case may a fee increase be imposed to support an augmentation pursuant to this section.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay the interim financing costs.

It is the intent of the Legislature that this commitment shall be included in future Budget Acts until outstanding loans are repaid either through the sale of bonds or from an appropriation.

(b) Notwithstanding any other provision of law, General Fund support appropriations in various state departments and agencies in this act may be reduced, as appropriate, to reflect a cumulative General Fund reduction of up to \$50,000,000 or more. In addition, non-General Fund

DGS shall work with state agencies to focus on the reduction of state operational costs in areas such as contracting, leasing, and procuring goods and services. In reviewing contracts, DGS shall take into consideration opportunities for entrepreneurial efficiencies that would result in savings.

(d) The Director of Finance may allow state agencies to retain a portion of the actual savings generated by these actions, in an amount not to exceed 15 percent, as determined based on the magnitude of the contract and within the context of the department's budget, to encourage participation in general savings.

The maximum cost of any such project shall not exceed \$400,000, and any approved critical project costing more than \$100,000, but not greater than \$400,000, shall be reported to the Chairperson of the Joint Legislative Budget Committee or his or her designee, not less than 30 days prior to requesting bids for the project. funding anti-terrorism incurred in 2002–03 fiscal year and ongoing or new costs for 2003–04 fiscal year. These amounts may only be used for types of expenditures permitted under the Budget Act of 2003. The Director of Finance is authorized to reduce any General Fund items of appropriations due to the receipt and expenditure of these funds from the Federal Trust Fund in lieu of the amounts appropriated for this purpose. The Department of Finance shall provide notification in writing to the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any adjustments to items of appropriations made under the authority of this section. The notification to the Chairperson of the Joint Legislative Budget Committee shall include, at a minimum, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments and any necessary background information regarding the programs to be adjusted.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority

of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the State Controller shall so notify the Department of Finance. The Department of Finance shall then notify the State Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act is made deficient by such a charge, funding augmentations must follow the regular budget processes including Section 27.00 of the Budget Act. However, the 30-day notification requirement is waived for payments mandated by federal courts.

SEC. 9.45. (a) The Department of Finance shall provide notification to the Joint Legislative Budget Committee not less than 30 days prior to authorizing a department, agency, or commission to commit funding from Proposition 40 and Proposition 50, if all of the following criteria apply:

Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 9.70. (a) It is the intent of the Legislature that the Health and Human Services Agency Data Center (HHSDC) shall reduce its rates by 8 percent, and that the resulting approximately \$20 million in

savings be reflected in reduced departmental funding for information technology expenditures.

(b) Notwithstanding any other provision of law, the Department of Finance shall adjust amounts in any appropriation item, or any category thereof, in this act to reflect decreased departmental costs that result from the HHSDC rate reductions. Further, the Director of Finance is authorized to unallot and revert the savings attributable to this section to the appropriate fund source.

On or before August 15, 2004, the Department of Finance shall provide to the Joint Legislative Budget Committee, a report of all budget adjustments made pursuant to this section.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into one or more contracts, or agree to one or more contract amendments, in the 2003–04 fiscal year that result, in the aggregate, in an increase in the budgeted cost of the project exceeding five hundred thousand dollars (\$500,000), or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Department of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the budget committee of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Departments are required to prepare the appropriate business proposal for submission to the Department of Finance for review and approval. At a minimum, the business proposal must contain the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost/benefit analysis, a cost allocation methodology, and funding plan. The statewide software license agreement may not be entered into or amended unless the approval of the Department of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the budget committee of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Notwithstanding any other provision of law, for the 2003–04 fiscal year, local education agencies may also use this authority to provide the funds necessary to initiate a conflict resolution program pursuant to Chapter 2.5 (commencing with Section 32260) of Part 19 of the Education Code, and to continue to support following the three-to-five year state grant period, or to expand, a Healthy Start program pursuant to Chapter 5 (commencing with Section 8800) of Part 6 of the Education Code.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Item 0160-001-0001 of Section 2.00 of this act or any appropriation in augmentation of that item shall be exempt from Chapter 7 (commencing with Section 11700) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(c) Notwithstanding any other provision of law, all money that is received as payment for the sale of services or personal property by the agency that has not been taken into consideration in the schedule of Item 0160-001-0001 or is in excess of the amount so taken into consideration is to be credited to that item and is hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

(d) Notwithstanding any other provision of law, the Legislative Counsel Bureau may convert or reclassify positions in the bureau, as deemed appropriate by the Legislative Counsel, for inclusion, or redesignation, in the career executive assignment band, to the extent that the total number of positions in the career executive band in the bureau does not exceed 3 percent of the positions in the bureau. Any position that is converted or reclassified shall not be subject to review or approval by the Department of Personnel Administration or State Personnel Board.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority

of a board, commission, or bureau of the department to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

(2) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2003–04 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2003–04 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2003–04 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consist-

(c) The Director of the Department of Consumer Affairs shall provide a report by March 1, 2004, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding 12-month period to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of the Department of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

200,000 ADA and representative local educational agencies randomly selected by size, range, type, and geographical dispersion. On or before May 15, 2004, the State Department of Education shall report to the Legislature and the Governor the results of the survey for the 2002–03 fiscal year.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA's fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intra-schedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2003–04 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.

SEC. 27.00. (a) Approval by the Department of Finance of the creation of deficiencies pursuant to Section 11006 of the Government Code or approval to expend at rates that, in the opinion of the Director of Finance, will require a deficiency appropriation, may be granted only in cases of actual necessity. It is the intent of the Legislature that authorization for deficiency spending under this section should be limited to cases of unanticipated expenses incurred in the operation of existing programs, where it is necessary to incur those expenses during the 2003–04 fiscal year. No deficiency authorization may be made under this section for any expenditure for capital outlay. No deficiency authorization may be made under this section for any expenditure attributable to a prior year, for any expenditure related to legislation enacted without an appropriation, for startup costs of programs that have not yet been authorized by the Legislature, for costs that the Governor had knowledge of in time to include in the May Revision, or for costs that the Governor had the discretion to incur or not incur.

(b) The Director of Finance may transfer from any item or items of appropriation an amount that the director determines to be necessary to avoid a deficiency in any other item or items of appropriation, except that the director may not transfer more than 5 percent of the total appropriation for any item nor shall the director transfer funds from any item if the transfer would, in the director's judgment, result in that item being reduced below the level needed to achieve the statutory requirements for which the item appropriates funds. No transfer of appropriation authority shall be effective sooner than 30 days following notification by the Director of Finance to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

(c) The Director of Finance shall, at the time the Governor's Budget is introduced, notify the chairperson of the committee in each house of the Legislature that considers the state budget of the total amount of deficiencies approved pursuant to this section prior to the publication of the Governor's Budget. The chairperson of the committee in each house of the Legislature that considers the State Budget shall immediately introduce legislation to appropriate the necessary funds, and that legislation shall be enacted no later than March 1, 2004.

(d) The Director of Finance may not approve any deficiency authorization unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house of the Legislature that considers appropriations not later than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expenditure. The director shall include in the written deficiency request an explanation of why the director did not use the authority granted in subdivision (b) to reduce other items to avoid the deficiency. "Emergency expenditure," for this purpose, means an expenditure incurred in response to conditions of disaster or extreme peril that threaten the health or safety of persons or property within the state. This notification requirement is not applicable to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP). All notifications shall include: (1) the date a deficiency request was received by the Department of Finance, (2) the reason for the proposed deficiency, (3) the approved amount, and (4) the basis of the department's determination that the expenditure for which the deficiency authorization is approved is required by a case of actual necessity. If the notification occurs after the publication of the Governor's Budget, the chairperson shall call a hearing of the Joint Legislative Budget Committee to consider whether the director's approval of a deficiency expenditure should be rejected. No approval of any deficiency authorization may be made by the director after May 15, 2004, except for the approval of an emergency expenditure.

(e) Approval for any emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house of the Legislature that considers appropriations not later than 10 days after the effective date of the approval. All notices shall state the reason for and the amount of the deficiency, together with the director's determination that the expenditure for which the deficiency authorization is approved satisfies the criteria for emergency expenditures set forth in this section, and the basis for that determination.

(f) Each notification of deficiency or emergency expenditure shall include a determination by the Director of Finance as to whether the ex-

penditure was considered in a legislative budget committee and formal action was taken to not approve the expenditure within the previous fiscal year.

(g) The Department of Finance shall provide copies of all requests from agencies to spend at rates that will result in a deficiency appropriation, in an aggregate amount for the 2003–04 fiscal year that exceeds \$500,000, to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house of the Legislature that considers appropriations. The department shall submit these copies within 15 working days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(h) The Department of Finance shall provide deficiency bill updates to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house of the Legislature that considers appropriations if requested by the Legislature or as deemed necessary by the Department of Finance.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section is not intended to provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule set forth for any appropriation in this act or any additional program, project, or function in the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2003–04 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2003–04 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars (\$200,000) or (2) 10 percent of the amount avail-

able for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the Director of Finance that the augmentation meets each of the requirements set forth in subdivision (b). This notification requirement does not apply to federal funds related to caseload increases in Medical, California Work Opportunity and Responsibility to Kids (CALWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2004.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2003–04 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2003–04 fiscal year that exceeds two hundred thousand dollars (\$200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2004, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2004.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues, including the General Fund appropriations made pursuant to Sections 11000 and 11000.1 of the Revenue and Taxation Code, to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 of, and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of, the Government Code, requiring expenditures

to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of six thousand thirty-two dollars (\$6,032) as of July 1, 2003. He or she also shall report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 2003–04 fiscal year shall terminate on June 30, 2004, except for those positions that have been (a) included in the Governor's Budget for the 2004–05 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2004–05 Governor's Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2004–05 fiscal year, provided these positions are shown in the Governor's Budget for the 2005–06 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2004–05 fiscal year.

(e) No money in any 2003–04 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2004–05 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations unless the consent of the Department of Finance is first obtained, and a certificate in writing is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, unless the consent of the Department of Finance and the director's signature on the certificate, as required by this section, are first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2003–04 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2003. It is therefore necessary that this act go into immediate effect.

CHAPTER 158

An act to amend Sections 30061 and 30070 of, to add Section 19851.1, to, and to repeal Section 14669.20 of, the Government Code, to amend Sections 6035, 6036, 6040, 6051, and 6129 of, and to repeal Sections 6037, 6041, 6042, and 6043 of, the Penal Code, and to amend Sections 912 and 912.1 of the Welfare and Institutions Code, relating to corrections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 2003. Filed with
Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 19851.1 is added to the Government Code, to read:

19851.1. (a) (1) Notwithstanding Section 19851, the Department of Corrections shall establish a standardized overtime cap for correctional officers not to exceed 80 hours per month.

(2) This subdivision shall not relieve the state of any obligation under a memorandum of understanding for State Bargaining Unit 6 in effect on January 1, 2004, and approved pursuant to Section 3517.6, relating to hours of work, overtime, or alternative work schedules.

(b) Notwithstanding any other provision of law, the Department of Corrections shall not reduce the total number of filled educational positions as of June 30, 2003, if the director of the department determines that the reduction would result in a loss of day for day credits for eligible inmates.

SEC. 2. Section 30061 of the Government Code is amended to read:

30061. (a) There shall be established in each county treasury a Supplemental Law Enforcement Services Fund (SLESF), to receive all amounts allocated to a county for purposes of implementing this chapter.

(b) In any fiscal year for which a county receives money to be expended for the implementation of this chapter, the county auditor shall allocate moneys in the county's SLESF, including any interest or other return earned on the investment of those moneys, within 30 days of the deposit of those moneys into the fund, and shall allocate those moneys in accordance with the requirements set forth in this subdivision. However, the auditor shall not transfer those moneys to a recipient agency until the Supplemental Law Enforcement Oversight Committee certifies receipt of an approved expenditure plan from the governing board of that agency.

(1) Five and fifteen one-hundredths percent (5.15%) to the county sheriff for county jail construction and operation. In the case of Madera,

Napa, and Santa Clara Counties, this allocation shall be made to the county director or chief of corrections.

(2) Five and fifteen one hundredths percent (5.15%) to the district attorney for criminal prosecution.

(3) Thirty-nine and seven-tenths percent (39.7%) to the county and the cities within the county, and, in the case of San Mateo, Kern, Siskiyou, and Contra Costa Counties, also to the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District, in accordance with the relative population of the cities within the county and the unincorporated area of the county, and the Broadmoor Police Protection District in the County of San Mateo, the Bear Valley Community Services District and the Stallion Springs Community Services District in Kern County, the Lake Shastina Community Services District in Siskiyou County, and the Kensington Police Protection and Community Services District in Contra Costa County, as specified in the most recent January estimate by the population research unit of the Department of Finance, and as adjusted to provide a grant of at least one hundred thousand dollars (\$100,000) to each law enforcement jurisdiction. For a newly incorporated city whose population estimate is not published by the Department of Finance but which was incorporated prior to July 1 of the fiscal year in which an allocation from the SLESF is to be made, the city manager, or an appointee of the legislative body, if a city manager is not available, and the county administrative or executive officer shall prepare a joint notification to the Department of Finance and the county auditor with a population estimate reduction of the unincorporated area of the county equal to the population of the newly incorporated city by July 15, or within 15 days after the Budget Act is enacted, of the fiscal year in which an allocation from the SLESF is to be made. No person residing within the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, or the Kensington Police Protection and Community Services District shall also be counted as residing within the unincorporated area of the County of San Mateo, Kern, Siskiyou, or Contra Costa, or within any city located within those counties. The county auditor shall allocate a grant of at least one hundred thousand dollars (\$100,000) to each law enforcement jurisdiction. Moneys allocated to the county pursuant to this subdivision shall be retained in the county SLESF, and moneys allocated to a city pursuant to this subdivision shall be deposited in a SLESF established in the city treasury.

(4) Fifty percent (50%) to the county or city and county to implement a comprehensive multiagency juvenile justice plan as provided in this paragraph and to the Board of Corrections for administrative purposes. Funding for the Board of Corrections, as determined by the Department of Finance, shall not exceed two hundred seventy-five thousand dollars (\$275,000). For the 2003–04 fiscal year, of the two hundred seventy-five thousand dollars (\$275,000), up to one hundred seventy-six thousand dollars (\$176,000) may be used for juvenile facility inspections. The juvenile justice plan shall be developed by the local juvenile justice coordinating council in each county and city and county with the membership described in Section 749.22 of the Welfare and Institutions Code. If a plan has been previously approved by the Board of Corrections, the plan shall be reviewed and modified annually by the council. The plan or modified plan shall be approved by the county board of supervisors, and in the case of a city and county, the plan shall also be approved by the mayor. The plan or modified plan shall be submitted to the Board of Corrections by May 1, 2002, and annually thereafter.

(A) Juvenile justice plans shall include, but not be limited to, all of the following components:

(i) An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol and youth services resources that specifically target at-risk juveniles, juvenile offenders, and their families.

(ii) An identification and prioritization of the neighborhoods, schools, and other areas in the community that face a significant public safety risk from juvenile crime, such as gang activity, daylight burglary, late-night robbery, vandalism, truancy, controlled substances sales, firearm-related violence, and juvenile substance abuse and alcohol use.

SEC. 20. Section 69927 of the Government Code is amended to read:

69927. (a) It is the intent of the Legislature in enacting this section to develop a definition of the court security component of court operations that modifies Function 8 of Rule 810 of the California Rules of Court in a manner that will standardize billing and accounting practices and court security plans, and identify allowable law enforcement security costs after the operative date of this article. It is not the intent of the Legislature to increase or decrease the responsibility of a county for the cost of court operations, as defined in Section 77003 or Rule 810 of the California Rules of Court, as it read on July 1, 1996, for court security services provided prior to January 1, 2003. It is the intent of the Legislature that a sheriff or marshal's court law enforcement budget may not be reduced as a result of this article. Any new court security costs permitted by this article shall not be operative unless the funding is provided by the Legislature.

(1) The Judicial Council shall adopt a rule establishing a working group on court security. The group shall consist of six representatives from the judicial branch of government, as selected by the Administrative Director of the Courts, two representatives of the counties, as selected by the California State Association of Counties, and three representatives of the county sheriffs, as selected by the California State Sheriffs' Association. It is the intent of the Legislature that this working group may recommend modifications only to the template used to determine that the security costs submitted by the courts to the

Administrative Office of the Courts are permitted pursuant to this article. The template shall be a part of the trial court's financial policies and procedures manual and used in place of the definition of law enforcement costs in Function 8 of Rule 810 of the California Rules of Court. If the working group determines that there is a need to make recommendations to the template that specifically involve law enforcement or security personnel in courtrooms or court detention facilities, the membership of the working group shall change and consist of six representatives from the judicial branch of government selected by the Administrative Director of the Courts, two representatives of the counties selected by the California State Association of Counties, two representatives of the county sheriffs selected by the California State Sheriffs' Association, and two representatives of labor selected by the California Coalition of Law Enforcement Associations.

(2) The Judicial Council shall establish a working group on court security to promulgate recommended uniform standards and guidelines that may be used by the Judicial Council and any sheriff or marshal for the implementation of trial court security services. The working group shall consist of representatives from the judicial branch of government, the California State Sheriffs' Association, the California State Association of Counties, the Peace Officer's Research Association of California, and the California Coalition of Law Enforcement Associations, for the purpose of developing guidelines. The Judicial Council, after requesting and receiving recommendations from the working group on court security, shall promulgate and implement rules, standards, and policy directions for the trial courts in order to achieve efficiencies that will reduce security operating costs and constrain growth in those costs.

(3) When mutually agreed to by the courts, county, and the sheriff or marshal in any county, the costs of perimeter security in any building that the court shares with any county agency, excluding the sheriff or marshal's department, shall be apportioned based on the amount of the total noncommon square feet of space occupied by the court and any county agency.

(4) "Allowable costs for equipment, services, and supplies," as defined in the contract law enforcement template, means the purchase and maintenance of security screening equipment and the cost of ammunition, batons, bulletproof vests, handcuffs, holsters, leather gear, chemical spray and holders, radios, radio chargers and holders, uniforms, and one primary duty sidearm.

(5) "Allowable costs for professional support staff for court security operations," as defined in the contract law enforcement template, means the salary, benefits, and overtime of staff performing support functions

that, at a minimum, provide payroll, human resources, information systems, accounting, or budgeting.

Allowable costs for professional support staff for court security operations in each trial court shall not exceed 6 percent of total allowable costs for law enforcement security personnel services in courts whose total allowable costs for law enforcement security personnel services is less than ten million dollars (\$10,000,000) per year. Allowable costs for professional support staff for court security operations for each trial court shall not exceed 4 percent of total allowable costs for law enforcement security personnel services in courts whose total allowable costs for law enforcement security personnel services exceeds ten million dollars (\$10,000,000) per year. Additional costs for services related to court-mandated special project support, beyond those provided for in the contract law enforcement template, are allowable only when negotiated by the trial court and the court law enforcement provider. Allowable costs shall not exceed actual costs of providing support staff services for law enforcement security personnel services.

The working group established pursuant to paragraph (1) of subdivision (a) may periodically recommend changes to the limit for allowable costs for professional support staff for court security operations based on surveys of actual expenditures incurred by trial courts and the court law enforcement provider in the provision of law enforcement security personnel services. Limits for allowable costs as stated in this section shall remain in effect until changes are recommended by the working group and adopted by the Judicial Council.

(6) "Allowable costs for security personnel services," as defined in the contract law enforcement template, means the salary and benefits of an employee, including, but not limited to, county health and welfare, county incentive payments, deferred compensation plan costs, FICA or Medicare, general liability premium costs, leave balance payout commensurate with an employee's time in court security services as a proportion of total service credit earned after January 1, 1998, premium pay, retirement, state disability insurance, unemployment insurance costs, worker's compensation paid to an employee in lieu of salary, worker's compensation premiums of supervisory security personnel through the rank of captain, line personnel, inclusive of deputies, court attendants, contractual law enforcement services, prisoner escorts within the courts, and weapons screening personnel, court required training, and overtime and related benefits of law enforcement supervisory and line personnel.

(A) The Administrative Office of the Courts shall use the actual salary and benefits costs approved for court law enforcement personnel

as of June 30 of each year in determining the funding request that will be presented to the Department of Finance.

(B) Courts and court security providers shall manage their resources to minimize the use of overtime.

(7) "Allowable costs for vehicle use for court security needs," as defined in the contract law enforcement template, means the per mile recovery cost for vehicles used in rendering court law enforcement services, exclusive of prisoner or detainee transport to or from court. The standard mileage rate applied against the miles driven for the above shall be the standard reimbursable mileage rate in effect for judicial officers and employees at the time of contract development.

CHAPTER 162

An act to add Section 97.68 to the Revenue and Taxation Code, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 2003. Filed with
Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.68 is added to the Revenue and Taxation Code, to read:

97.68. Notwithstanding any other provision of law, in allocating ad valorem property tax revenue allocations for each fiscal year during the fiscal adjustment period, all of the following apply:

(a) (1) The total amount of ad valorem property tax revenue otherwise required to be allocated to a county's Educational Revenue Augmentation Fund shall be reduced by the countywide adjustment amount.

(2) The countywide adjustment amount shall be deposited in a Sales and Use Tax Compensation Fund that shall be established in the treasury of each county.

(b) For purposes of this section, the following definitions apply:

(1) "Fiscal adjustment period" means the period beginning with the 2004-05 fiscal year and continuing through the fiscal year in which the Director of Finance notifies the State Board of Equalization pursuant to subdivision (b) of Section 99006 of the Government Code.

(2) "Countywide adjustment amount" means the combined total revenue loss of the county and each city in the county that is annually estimated by the Director of Finance, based on the taxable sales in that county in the prior fiscal year as determined by the State Board of Equalization and reported to the director on or before August 15 of each fiscal year during the fiscal adjustment period, to result for each of those fiscal years from the 0.5 percent reduction in local sales and use rate tax authority applied by Section 7203.1.

(c) For each fiscal year during the fiscal adjustment period, moneys in the Sales and Use Tax Compensation Fund shall be allocated among the county and the cities in the county, and those allocations shall be subsequently adjusted, as follows:

(1) The Director of Finance shall, on or before September 1 of each fiscal year during the fiscal adjustment period, notify each county auditor of that portion of the countywide adjustment amount for that fiscal year that is attributable to the county and to each city within that county.

(2) The county auditor shall allocate revenues in the Sales and Use Tax Compensation Fund among the county and cities in the county in the amounts described in paragraph (1). The auditor shall allocate one-half of the amount described in paragraph (1) in each January during the fiscal adjustment period and shall allocate the balance of that amount in each May during the fiscal adjustment period.

(3) After the end of each fiscal year during the fiscal adjustment period, other than a fiscal year subject to subdivision (d), the Director of

Finance shall, based on the actual taxable sales for the prior fiscal year, recalculate each amount estimated under paragraph (1) and notify the county auditor of the recalculated amount.

(4) If the amount recalculated under paragraph (3) for the county or any city in the county is greater than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, transfer an amount of ad valorem property tax revenue equal to this difference from the Sales and Use Tax Compensation Fund to that local agency.

(5) If the amount recalculated under paragraph (3) for the county or any city in the county is less than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, reduce the total amount of ad valorem property tax revenue otherwise allocated to that city or county from the Sales and Use Tax Compensation Fund by an amount equal to this difference and instead allocate this difference to the county Educational Revenue Augmentation Fund.

(6) If there is an insufficient amount of moneys in a county's Sales and Use Tax Compensation Fund to make the transfers required by paragraph (4), the county auditor shall transfer from the county Educational Revenue Augmentation Fund an amount sufficient to make the full amount of these transfers.

(d) (1) If Section 7203.1 ceases to be operative during any calendar quarter that is not the calendar quarter in which the fiscal year begins, the excess amount, as defined in paragraph (2), of the county and each city in the county shall be reallocated from each of those local agencies to the Educational Revenue Augmentation Fund.

(2) For purposes of this subdivision, "excess amount" means the product of both of the following:

(A) The total amount of ad valorem property tax revenue allocated to that local agency pursuant to paragraph (2) of subdivision (c).

(B) That percentage of the fiscal year in which Section 7203.1 is not operative.

(e) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, may not reflect any portion of any property tax revenue allocation required by this section for a preceding fiscal year.

(f) This section may not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to cities, counties, cities and counties, or special districts pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3, had

this section not been enacted. The allocation made pursuant to subdivisions (a) and (c) shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is determined or allocated in a county.

SEC. 2. Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this act, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduced sales and use tax revenues, resulting from the temporary reduction in the local sales and use tax rate, with those reduced revenues to be replaced in kind by property tax revenue from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund, on a temporary basis, as provided by this act.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact the necessary statutory changes to implement the Budget Act of 2003 to allow the state to provide essential public services that are needed to maintain the public peace, health, and safety, it is necessary that this act take effect immediately.

CHAPTER 167

An act to amend Section 116287 of the Health and Safety Code, relating to drinking water.

[Approved by Governor August 2, 2003. Filed with
Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 116287 of the Health and Safety Code is amended to read:

116287. (a) The department, in implementing subdivision (s) of Section 116275 and Section 116286, shall place requirements on affected public water systems and water districts that are consistent with this chapter and the guidelines established by the United States

Environmental Protection Agency for implementing comparable provisions of the federal Safe Drinking Water Act of 1996.

(b) The department, in making the determinations specified in paragraphs (2) and (3) of subdivision (s) of Section 116275 and subdivisions (a) and (b) of Section 116286, shall utilize criteria that are consistent with this chapter and those used by the United States Environmental Protection Agency in administering the comparable provisions of the federal Safe Drinking Water Act.

(c) The department shall periodically monitor and review the conditions under which a public water system, or a water district as defined in subdivision (b) of Section 116286, has met the requirements of this chapter pursuant to subdivision (s) of Section 116275 or Section 116286, or pursuant to the federal act, to ensure that the conditions continue to be met.

(d) The department may prescribe reasonable, feasible, and cost-effective actions to be taken by a public water system, water district, as defined in subdivision (b) of Section 116286, or users subject to subdivision (s) of Section 116275 or Section 116286 to ensure that alternative water or treated water provided by the water systems, water districts, or users pursuant to Section 116275 or 116286 will not be injurious to health.

(e) A notice prominently titled "Notice of Noncompliance with Safe Drinking Water Requirements" at the top of the document that states the requirements and actions prescribed by the department under subdivisions (a) and (d), describes the real property by assessors parcel number or legal description to which these requirements and actions apply, and names the record owners of that real property, may be recorded by the affected public water system or water district in the county where the real property is located. Recordation and proper indexing, as prescribed by law, shall provide constructive notice of these requirements and actions and shall not constitute a title defect, lien, or encumbrance. The public water system or water district shall provide notice of this recordation to the record owners of the real property by first-class mail, postage prepaid, to the address as shown on the latest county assessment roll. If the public water system or water district later determines that the record owners of the real property have complied with the requirements and actions prescribed by the department, the public water system or water district, within 10 days of that determination, shall record a subsequent notice titled "Notice of Compliance with Safe Drinking Water Requirements" that states that the "Notice of Noncompliance with Safe Drinking Water Requirements" has no further force or effect.

(f) A water district subject to this section shall annually publish a notice in a newspaper of general circulation describing any requirements

and actions prescribed by the department to be taken by the water district and any record of compliance by the water district with these requirements and actions.

(g) This section shall not relieve a water district from complying with any other provisions of law.

CHAPTER 168

An act to amend and repeal Sections 307, 5211, 7211, and 9211 of the Corporations Code, relating to corporations.

[Approved by Governor August 2, 2003. Filed with
Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 307 of the Corporations Code, as amended by Section 7 of Chapter 1008 of the Statutes of 2002, is amended to read:

307. (a) Unless otherwise provided in the articles or, subject to paragraph (5) of subdivision (a) of Section 204, in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, telegraph, facsimile, electronic mail, or other electronic means. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who signs a waiver of notice or a consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned

meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or other communications equipment. Participation in a meeting through use of conference telephone pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through the use of electronic video screen communication or other communications equipment, other than conference telephone, pursuant to this subdivision constitutes presence in person at that meeting if all of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(C) The corporation adopts and implements some means of verifying both of the following:

(i) A person participating in the meeting is a director or other person entitled to participate in the board meeting.

(ii) All actions of, or votes by, the board are taken or cast only by the directors and not by persons who are not directors.

(7) A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-third the authorized number of directors or less than two, whichever is larger, unless the authorized number of directors is one, in which case one director constitutes a quorum.

(8) An act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board, subject to the provisions of Section 310 and subdivision (e) of Section 317. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors.

(c) This section applies also to committees of the board and incorporators and action by those committees and incorporators, *mutatis mutandis*.

SEC. 2. Section 307 of the Corporations Code, as amended by Section 8 of Chapter 1008 of the Statutes of 2002, is repealed.

SEC. 3. Section 5211 of the Corporations Code, as amended by Section 9 of Chapter 1008 of the Statutes of 2002, is amended to read:

5211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, telegraph, facsimile, electronic mail, or other electronic means. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or other communications equipment. Participation in a meeting through use of conference telephone pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic video screen communication or other communications equipment, other than conference telephone, pursuant to this subdivision constitutes presence in person at that meeting if all of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(C) The corporation adopts and implements some means of verifying both of the following:

(i) A person participating in the meeting is a director or other person entitled to participate in the board meeting.

(ii) All actions of, or votes by, the board are taken or cast only by the directors and not by persons who are not directors.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 5212, 5233, 5234, 5235, and subdivision (e) of Section 5238, an act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as the

unanimous vote of the directors. For the purposes of this section only, “all members of the board” does not include an “interested director” as defined in Section 5233.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by those incorporators or committees *mutatis mutandis*.

SEC. 4. Section 5211 of the Corporations Code, as amended by Section 10 of Chapter 1008 of the Statutes of 2002, is repealed.

SEC. 5. Section 7211 of the Corporations Code, as amended by Section 11 of Chapter 1008 of the Statutes of 2002, is amended to read:

7211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days’ notice by first-class mail or 48 hours’ notice delivered personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, telegraph, facsimile, electronic mail, or other electronic means. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of an adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communications, or other communications equipment. Participation in a meeting through

use of conference telephone pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic video screen communication or other communications equipment, other than conference telephone, pursuant to this subdivision constitutes presence in person at that meeting if all of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(C) The corporation adopts and implements some means of verifying both of the following:

(i) A person participating in the meeting is a director or other person entitled to participate in the board meeting.

(ii) All actions of, or votes by, the board are taken or cast only by the directors and not by persons who are not directors.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 7212, 7233, 7234, and subdivision (e) of Section 7237 and Section 5233, insofar as it is made applicable pursuant to Section 7238, an act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as a unanimous vote of the directors. For the purposes of this section only, "all members of the board" does not include an "interested director" as

defined in Section 5233, insofar as it is made applicable pursuant to Section 7238.

(c) This section applies also to incorporators, to committees of the board, and to action by those incorporators or committees *mutatis mutandis*.

SEC. 6. Section 7211 of the Corporations Code, as amended by Section 12 of Chapter 1008 of the Statutes of 2002, is repealed.

SEC. 7. Section 9211 of the Corporations Code, as amended by Section 13 of Chapter 1008 of the Statutes of 2002, is amended to read:

9211. (a) Unless otherwise provided in the articles or in the bylaws, all of the following apply:

(1) Meetings of the board may be called by the chair of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of the meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, telegraph, facsimile, electronic mail, or other electronic means. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to a director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to that director. These waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place.

(5) Meetings of the board may be held at a place within or without the state that has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone, electronic video screen communication, or other communications equipment. Participation in a meeting through use of conference telephone pursuant to this subdivision constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. Participation in a meeting through use of electronic video screen communication or other communications equipment, other than conference telephone, pursuant

to this subdivision constitutes presence in person at that meeting, if all of the following apply:

(A) Each member participating in the meeting can communicate with all of the other members concurrently.

(B) Each member is provided the means of participating in all matters before the board, including, without limitation, the capacity to propose, or to interpose an objection to, a specific action to be taken by the corporation.

(C) The corporation adopts and implements some means of verifying both of the following:

(i) A person participating in the meeting is a director or other person entitled to participate in the board meeting.

(ii) All actions of or votes by the board are taken or cast only by the directors and not by persons who are not directors.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business.

(8) An act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting, or a greater number as is required by this division, the articles or bylaws.

(b) An action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to that action. The written consent or consents shall be filed with the minutes of the proceedings of the board. The action by written consent shall have the same force and effect as the unanimous vote of the directors.

(c) This section applies also to incorporators, to committees of the board, and to action by those incorporators or committees *mutatis mutandis*.

SEC. 8. Section 9211 of the Corporations Code, as amended by Section 14 of Chapter 1008 of the Statutes of 2002, is repealed.

CHAPTER 169

An act to amend Section 1861.02 of the Insurance Code, relating to automobile insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 2, 2003. Filed with
Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1861.02 of the Insurance Code is amended to read:

1861.02. (a) Rates and premiums for an automobile insurance policy, as described in subdivision (a) of Section 660, shall be determined by application of the following factors in decreasing order of importance:

- (1) The insured's driving safety record.
- (2) The number of miles he or she drives annually.
- (3) The number of years of driving experience the insured has had.
- (4) Those other factors that the commissioner may adopt by regulation and that have a substantial relationship to the risk of loss. The regulations shall set forth the respective weight to be given each factor in determining automobile rates and premiums. Notwithstanding any other provision of law, the use of any criterion without approval shall constitute unfair discrimination.

(b) (1) Every person who meets the criteria of Section 1861.025 shall be qualified to purchase a Good Driver Discount policy from the insurer of his or her choice. An insurer shall not refuse to offer and sell a Good Driver Discount policy to any person who meets the standards of this subdivision.

(2) The rate charged for a Good Driver Discount policy shall comply with subdivision (a) and shall be at least 20% below the rate the insured would otherwise have been charged for the same coverage. Rates for Good Driver Discount policies shall be approved pursuant to this article.

(3) (A) This subdivision shall not prevent a reciprocal insurer, organized prior to November 8, 1988, by a motor club holding a certificate of authority under Chapter 2 (commencing with Section 12160) of Part 5 of Division 2, and which requires membership in the motor club as a condition precedent to applying for insurance from requiring membership in the motor club as a condition precedent to obtaining insurance described in this subdivision.

(B) This subdivision shall not prevent an insurer which requires membership in a specified voluntary, nonprofit organization, which was in existence prior to November 8, 1988, as a condition precedent to applying for insurance issued to or through those membership groups, including franchise groups, from requiring such membership as a condition to applying for the coverage offered to members of the group, provided that it or an affiliate also offers and sells coverage to those who are not members of those membership groups.

(C) However, all of the following conditions shall be applicable to the insurance authorized by subparagraphs (A) and (B):

(i) Membership, if conditioned, is conditioned only on timely payment of membership dues and other bona fide criteria not based upon driving record or insurance, provided that membership in a motor club may not be based on residence in any area within the state.

(ii) Membership dues are paid solely for and in consideration of the membership and membership benefits and bear a reasonable relationship to the benefits provided. The amount of the dues shall not depend on whether the member purchases insurance offered by the membership organization. None of those membership dues or any portion thereof shall be transferred by the membership organization to the insurer, or any affiliate of the insurer, attorney-in-fact, subsidiary, or holding company thereof, provided that this provision shall not prevent any bona fide transaction between the membership organization and those entities.

(iii) Membership provides bona fide services or benefits in addition to the right to apply for insurance. Those services shall be reasonably available to all members within each class of membership.

Any insurer that violates clause (i), (ii), or (iii) shall be subject to the penalties set forth in Section 1861.14.

(c) The absence of prior automobile insurance coverage, in and of itself, shall not be a criterion for determining eligibility for a Good Driver Discount policy, or generally for automobile rates, premiums, or insurability. However, notwithstanding subdivision (a), an insurer may use persistency of automobile insurance coverage with the insurer, an affiliate, or another insurer as an optional rating factor. The Legislature hereby finds and declares that it furthers the purpose of Proposition 103 to encourage competition among carriers so that coverage overall will be priced competitively. The Legislature further finds and declares that competition is furthered when insureds are able to claim a discount for regular purchases of insurance from any carrier offering this discount irrespective of whether or not the insured has previously purchased from a given carrier offering the discount. Persistency of coverage may be demonstrated by coverage under the low-cost automobile insurance program pursuant to Article 5.5 (commencing with Section 11629.7) and Article 5.6 (commencing with Section 11629.9) of Chapter 1 of Part 3 of Division 2, or by coverage under the assigned risk plans pursuant to Article 4 (commencing with Section 11620) of Chapter 1 of Part 3 of Division 2. Persistency shall be deemed to exist even if there is a lapse of coverage of up to two years due to an insured's absence from the state while in military service, and up to 90 days in the last five years for any other reason.

(d) An insurer may refuse to sell a Good Driver Discount policy insuring a motorcycle unless all named insureds have been licensed to drive a motorcycle for the previous three years.

(e) This section shall become operative on November 8, 1989. The commissioner shall adopt regulations implementing this section and insurers may submit applications pursuant to this article which comply with those regulations prior to that date, provided that no such application shall be approved prior to that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because making a ratings discount portable will expand consumer access to insurance and consumer choice, and will result in increased competition in the marketplace, it is necessary that this act take effect immediately.

CHAPTER 170

An act to amend Section 18871 of the Revenue and Taxation Code, relating to designated taxpayer contributions.

[Approved by Governor August 3, 2003. Filed with
Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 18871 of the Revenue and Taxation Code is amended to read:

18871. In implementing this chapter, all of the following requirements shall apply:

(a) Unless otherwise specifically required by law, each voluntary contribution fund or account established by this chapter shall be included on the forms of the return through the taxable year immediately preceding the year of repeal of the article establishing that voluntary contribution fund or account.

(b) Notwithstanding the repeal of any article of this chapter, the voluntary contribution fund or account specified in that article shall continue in effect until December 31 of the year of the repeal of that article, and any contribution designated pursuant to that article on a timely filed initial return for the taxable year immediately preceding the date of repeal shall be transferred and disbursed, and all costs incurred by the Franchise Tax Board and Controller in connection with the

transfer and disbursement of these contribution amounts shall continue to be paid, in accordance with that article as it read immediately prior to its repeal.

(c) Unless otherwise specifically required by law, a contribution made to any voluntary contribution fund or account established by this chapter shall be subject to the following provisions:

(1) In the event that no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of contributions made under this article, be transferred to the General Fund.

(2) In the event an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(d) (1) If the number of contingent voluntary contribution designations that are eligible to be added to the tax return for a taxable year is greater than the number of voluntary contribution designations removed, those contingent voluntary contribution designations that are eligible to be added to the tax return shall be added to the tax return in the order of the date of enactment, with the voluntary contribution designation with the earliest date of enactment to be added first.

(2) For purposes of this subdivision:

(A) A contingent voluntary contribution designation means a voluntary contribution designation authorized under this chapter that may not be added to the tax return until another voluntary contribution designation is removed from the tax form.

(B) The date of enactment of a contingent voluntary contribution designation authorized under this chapter shall be the date the act authorizing the contingent voluntary contribution designation was filed with the Secretary of State. In the event that more than one act authorizing a contingent voluntary contribution designation is filed with the Secretary of State on the same date, the act with the lowest chapter number will be conclusively presumed to have been filed with the Secretary of State before any other act authorizing a contingent voluntary contribution designation with a higher number.

(e) Notwithstanding subdivision (d), or the contingency language of an act prohibiting the addition of a contingent voluntary contribution designation until another voluntary contribution designation is removed, the Franchise Tax Board may add one or more voluntary contribution designations if the board determines that space is available on the tax return to accommodate the additional voluntary contribution designation.
