[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 31470.10 of the Government Code is amended to read:

CHAPTER 172

An act to amend Section 116786 of the Health and Safety Code, relating to water.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 116786 of the Health and Safety Code is amended to read:

116786. (a) Notwithstanding subdivision (b) of Section 116785, a local agency may, by ordinance, limit the availability, or prohibit the installation, of residential water softening or conditioning appliances that discharge to the community sewer system if the local agency makes all of the following findings and includes them in the ordinance:

(1) Limiting the availability, or prohibiting the installation, of the appliances is a necessary means of achieving compliance with waste discharge requirements issued by a California regional water quality control board. In determining a necessary means of achieving compliance, the local agency shall assess both of the following:

(A) The technological and economic feasibility of alternatives to the ordinance.

(B) The potential saline discharge reduction of the ordinance.

(2) The local agency has adopted and is enforcing regulatory requirements that limit the volumes and concentrations of saline discharges from nonresidential sources in the community waste disposal system to the extent technologically and economically feasible.

(b) Notwithstanding subdivision (b) of Section 116785, a local agency may, by ordinance, limit the availability, or prohibit the installation, of residential water softening or conditioning appliances that discharge to the community sewer system if the local agency makes all of the following findings and includes them in the ordinance:

(1) Limiting the availability, or prohibiting the installation, of the appliances is a necessary means of achieving compliance with the water reclamation requirements or the master reclamation permit issued by a California regional water quality control board. In determining a necessary means of achieving compliance, the local agency shall assess both of the following:

(A) The technological and economic feasibility of alternatives to the ordinance.

(B) The potential saline discharge reduction of the ordinance.

(2) The local agency has adopted, and is enforcing, regulatory requirements that limit the volumes and concentrations of saline discharges from nonresidential sources to the community waste disposal system to the extent technologically and economically feasible.

(c) Local agency findings shall be substantiated by an independent study of discharges from all sources of salinity, including, but not limited to, residential water softening or conditioning appliances, residential consumptive use, industrial and commercial discharges, and seawater or brackish water infiltration and inflow into the sewer collection system. The study shall quantify, to the greatest extent feasible, the total discharge from each source of salinity and identify remedial actions taken to reduce the discharge of salinity into the community sewer system from each source, to the extent technologically and economically feasible, to bring the local agency into compliance with waste discharge requirements, water reclamation requirements, or a master reclamation permit, prior to limiting or prohibiting the use of residential water softening or conditioning appliances.

(d) Any ordinance adopted pursuant to this section shall be prospective in nature and may not require the removal of residential water softening or conditioning appliances that are installed before the effective date of the ordinance.

(e) To comply with this section, any local agency described in subdivision (f) of Section 116780 is authorized to adopt an ordinance.

(f) This section shall become operative on January 1, 2003.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SEC. 2. Section 16101 of the Elections Code is amended to read:

16402.5. An election shall not be set aside on account of eligible voters being denied the right to vote, unless it appears that a sufficient number of voters were denied the right to vote as to change the result.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 19610.8 is added to the Business and Professions Code, to read:

19610.8. Notwithstanding any other provision of law, and in lieu of any deduction and distribution provided for in this chapter, upon the joint request of the association or fair accepting the wager, and the organization representing the horsemen participating in the meeting of the association or fair accepting the wager, the board may set the total percentage deducted from the parimutuel pool for any new type of wager introduced after January 1, 2004, in an amount of at least 10 percent and not more than 30 percent of the amount handled in the parimutuel pool for the wager. Three percent of the amount deducted shall be paid to the state as a license fee and, if the wager was placed at a satellite wagering facility or a location other than the host racing association, eight percent shall be paid to the satellite wagering facility or to the entity that processed the wager. In addition, with respect to thoroughbred racing only, three percent of the amount remaining after the payment of the state license fee and payment to a satellite wagering facility or an entity that processed the wager, if any, shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c),

and (d) of Section 19617.2. Thereafter, for all kinds of racing, the remaining amount shall be distributed 50 percent to the association conducting the racing meeting and 50 percent to the horsemen participating in the racing meeting as purses.

CHAPTER 175

An act to add Section 14312 to the Elections Code, relating to elections.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14312 is added to the Elections Code, to read:

14312. This article shall be liberally construed in favor of the provisional voter.

CHAPTER 176

An act to amend Sections 56132 and 56668 of the Government Code, relating to local agency formation.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 56132 of the Government Code is amended to read:

56132. (a) This section shall only apply to any change of organization or reorganization that includes detachment of territory from the Broadmoor Police Protection District in the County of San Mateo and that includes or accommodates, or is intended to facilitate, an annexation of territory to another local agency that has initiated the change of organization or reorganization. This section does not, however, apply to any territory comprising real property owned by the San Francisco Bay Area Rapid Transit District.

If the commission adopts a resolution approving such a change of organization or reorganization, the board of commissioners of the district may, within 15 days thereafter, adopt a resolution finding either

that the proposed detachment may or will not adversely affect the district's ability to efficiently provide its law enforcement services in the remainder of the district. The district shall, if it adopts a resolution, file a certified copy of its resolution with the local agency to which the affected territory is proposed to be annexed and the commission. If that resolution finds that the proposed detachment may have an adverse financial effect, then the reorganization shall not become effective unless a majority of the voters voting at a special election of the district called for that purpose approve the detachment. The Broadmoor Police Protection District shall pay the costs of the election. For purposes of this section, it shall be conclusively presumed that any affected local agency that adopts a resolution under Section 56654 requesting a detachment of contiguous territory from the Broadmoor Police Protection District and that could have concurrently requested annexation of the affected territory, intends to do so.

(b) The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the following special circumstances:

The Broadmoor Police Protection District consists primarily of suburban residential properties which have long enjoyed an urban level of police services. The threat of continued piecemeal detachments of territory from the district threatens its ability to continue providing that level of service on an economically efficient basis.

(c) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted prior to January 1, 2005, deletes or extends that date.

SEC. 2. Section 56668 of the Government Code is amended to read:

56668. Factors to be considered in the review of a proposal shall include, but not be limited to, all of the following:

(a) Population and population density; land area and land use; per capita assessed valuation; topography, natural boundaries, and drainage basins; proximity to other populated areas; the likelihood of significant growth in the area, and in adjacent incorporated and unincorporated areas, during the next 10 years.

(b) Need for organized community services; the present cost and adequacy of governmental services and controls in the area; probable future needs for those services and controls; probable effect of the proposed incorporation, formation, annexation, or exclusion and of alternative courses of action on the cost and adequacy of services and controls in the area and adjacent areas.

''Services,'' as used in this subdivision, refers to governmental services whether or not the services are services which would be

provided by local agencies subject to this division, and includes the public facilities necessary to provide those services.

(c) The effect of the proposed action and of alternative actions, on adjacent areas, on mutual social and economic interests, and on the local governmental structure of the county.

(d) The conformity of both the proposal and its anticipated effects with both the adopted commission policies on providing planned, orderly, efficient patterns of urban development, and the policies and priorities set forth in Section 56377.

(e) The effect of the proposal on maintaining the physical and economic integrity of agricultural lands, as defined by Section 56016.

(f) The definiteness and certainty of the boundaries of the territory, the nonconformance of proposed boundaries with lines of assessment or ownership, the creation of islands or corridors of unincorporated territory, and other similar matters affecting the proposed boundaries.

(g) Consistency with city or county general and specific plans.

(h) The sphere of influence of any local agency which may be applicable to the proposal being reviewed.

(i) The comments of any affected local agency.

(j) The ability of the newly formed or receiving entity to provide the services which are the subject of the application to the area, including the sufficiency of revenues for those services following the proposed boundary change.

(k) Timely availability of water supplies adequate for projected needs as specified in Section 65352.5.

(*l*) The extent to which the proposal will affect a city or cities and the county in achieving their respective fair shares of the regional housing needs as determined by the appropriate council of governments consistent with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7.

(m) Any information or comments from the landowner or owners.

(n) Any information relating to existing land use designations.

CHAPTER 177

An act to repeal and add Section 319 of the Streets and Highways Code, relating to streets and highways.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 319 of the Streets and Highways Code, as added by Section 21 of Chapter 597 of the Statutes of 2001, is repealed.

SEC. 2. Section 319 of the Streets and Highways Code, as amended by Section 22 of Chapter 597 of the Statutes of 2001, is repealed.

SEC. 3. Section 319 is added to the Streets and Highways Code, to read:

319. (a) Route 19 is from Del Amo Boulevard near Long Beach to Gardendale Street/Foster Road in the Cities of Bellflower and Downey, and then, with an interruption of already relinquished route, from Telegraph Road at the Downey City limit to Route 164 (Galatin Road) at the northerly city limit of Pico Rivera.

(b) If the commission determines it is in the state's best interests to do so, it may do the following, pursuant to a cooperative agreement between the city and the department:

(1) Relinquish to the City of Bellflower the portion of Route 19 between the city's southerly city limit near Rose Avenue and Gardendale Street/Foster Road.

(2) Relinquish to the City of Downey the portion of Route 19 between the city's southerly city limit at Century Boulevard and Gardendale Street.

(3) Relinquish to the City of Pico Rivera the portion of Route 19 between Telegraph Road and Gallatin Road.

(c) A relinquishment under this section shall become effective when the county recorder records the relinquishment resolution containing the commissioner's approval of the relinquishment's terms and conditions.

(d) Any portion of Route 19 relinquished pursuant to this section shall cease to be a state highway on the effective date of the relinquishment.

CHAPTER 178

An act to amend Sections 14010, 14030, 14034, 14036, 14037, 14038, 14039, 14040, 14041, and 14043 of, to amend and renumber Section 14030.2 of, and to repeal Sections 14031 and 14035 of, the Corporations Code, relating to small business financial development corporations.

(p) ''Trustee'' is the lending institution or financial company selected by the office to hold and invest the trust fund. The agreement between the agency and the trustee shall not be construed to be a deposit of state funds.

SEC. 2. Section 14030 of the Corporations Code is amended to read:

14030. There is hereby created in the State Treasury the California Small Business Expansion Fund. All or a portion of the funds in the expansion fund may be paid out, with the approval of the Department of Finance, to a lending institution or financial company that will act as trustee of the funds. The expansion fund and the trust fund shall be used to pay for defaulted loan guarantees issued pursuant to Article 9 (commencing with Section 14070), administrative costs of corporations, and those costs necessary to protect a real property interest in a defaulted loan or guarantee. The amount of guarantee liability outstanding at any one time shall not exceed four times the amount of funds on deposit in the expansion fund, including each of the trust fund accounts within the trust fund, unless the office has permitted a higher leverage ratio for an individual corporation pursuant to subdivision (c) of Section 14037.

14031. (a) The director may establish accounts within the expansion fund or trust fund for loan guarantees and surety bond guarantees, including loan loss reserves. Upon the request of the corporation, the director's decision may be repealed or modified by a board resolution.

(b) Annually, not later than January 1 of each year commencing January 1, 1996, the director shall prepare a report regarding the loss experience for the expansion fund and the trust fund for loan guarantees and surety bond guarantees for the preceding fiscal year. The director shall submit that report to the Secretary of Technology, Trade, and Commerce for transmission to the Governor and the Legislature.

SEC. 4. Section 14031 of the Corporations Code is repealed.

SEC. 5. Section 14034 of the Corporations Code is amended to read:

SEC. 6. Section 14035 of the Corporations Code is repealed.

SEC. 7. Section 14036 of the Corporations Code is amended to read:

14036. The expansion fund and trust fund are created solely for the purpose of receiving state, federal, or local government money, and other public or private money to make loans, guarantees, and restricted investments pursuant to this article. Funds in the expansion fund may be allocated by the office, with the approval of the Department of Finance, to the trust fund accounts.

SEC. 8. Section 14037 of the Corporations Code is amended to read:

14037. (a) The state shall not be liable or obligated in any way beyond the state money that is allocated and deposited in the trust fund account from state money and that is appropriated for these purposes.

(b) The office may reallocate funds held within a corporation's trust fund account.

(1) The office shall reallocate funds based on which corporation is most effectively using its guarantee funds. If funds are withdrawn from a less effective corporation as part of a reallocation, the office shall make that withdrawal only after giving consideration to that corporation's fiscal solvency, its ability to honor loan guarantee defaults, and its ability to maintain a viable presence within the region it serves. Reallocation of funds shall occur no more frequently than once per fiscal year. Any decision made by the office pursuant to this subdivision may be appealed to the board. The board has authority to repeal or modify any decision to reallocate funds.

(2) The office may authorize a corporation to exceed the leverage ratio specified in Section 14030, subdivision (b) of Section 14070, and subdivision (a) of Section 14076 pending the annual reallocation of funds pursuant to this section. However, no corporation shall be permitted to exceed an outstanding guarantee liability of more than five times its portion of funds on deposit in the expansion fund.

14038. (a) The funds in the expansion fund shall be paid out to trust fund accounts by the Treasurer on warrants drawn by the Controller and requisitioned by the office, pursuant to the purposes of this chapter. The office may transfer funds allocated from the expansion fund to accounts, established solely to receive the funds, in lending institutions designated by the office to act as trustee. Interest earned on the trust fund accounts in lending institutions may be utilized by the corporations pursuant to the purposes of this chapter.

(b) Except as specified in subdivision (c), the office shall allocate and transfer money to trust fund accounts based on performance-based criteria. The criteria shall include, but not be limited to, the following:

(1) The default record of the corporation.

(2) The number and amount of loans guaranteed by a corporation.

(3) The number and amount of loans made by a corporation if state funds were used to make those loans.

(4) The number and amount of surety bonds guaranteed by a corporation.

Any decision made by the office pursuant to this subdivision may be appealed to the board within 15 days of notice of the proposed action. The board may repeal or modify any reallocation and transfer decisions made by the office.

(c) The criteria specified in subdivision (b) shall not apply to a corporation that has been in existence for five years or less. The office shall develop regulations specifying the basis for transferring account funds to those corporations that have been in existence for five years or less.

SEC. 10. Section 14039 of the Corporations Code is amended to read:

14039. Pursuant to this section and the regulations, the state has residual interest in the funds deposited by the state to a trust fund account and to the return on these funds from investments. On dissolution or suspension of the corporation, these funds shall be withdrawn by the director from the trust fund account and returned to the expansion fund or temporarily transferred to another trust fund account. This provision shall be contained in the trust instructions to the trustee.

SEC. 11. Section 14040 of the Corporations Code is amended to read:

14040. Each trust fund account shall consist of a loan guarantee account, and, upon recommendation by the director, a bond guarantee account, each of which is a legally separate account, and the assets of one account shall not be used to satisfy loan guarantees or other obligations of another corporation. Not more than one-third of a trust fund account shall be allocated to a bond guarantee account. No corporation shall use

trust fund accounts to secure a corporate indebtedness. State funds deposited in the trust fund accounts, with the exception of guarantees established pursuant to this chapter, shall not be subject to liens or encumbrances of the corporation or its creditors.

SEC. 12. Section 14041 of the Corporations Code is amended to read:

14041. (a) Except as provided in subdivisions (c) and (d) of Section 14070, the trust fund account, shall be used solely to make loans, guarantee bonds, and guarantee loans, approved by the corporation, that meet the California Small Business Development Corporation Law loan criteria. The state shall not be liable or obligated in any way as a result of the allocation of state money to a trust fund account beyond the state money that is allocated and deposited in the fund pursuant to this chapter, and that is not otherwise withdrawn by the state pursuant to this chapter.

(b) A summary of all loans and bonds to which a state guarantee is attached shall be submitted to the director upon execution of the loan agreement and periodically thereafter.

(c) A summary of all loans made by a corporation shall be submitted to the director upon execution of the loan agreement and periodically thereafter.

SEC. 13. Section 14043 of the Corporations Code is amended to read:

14043. The financial institution that is to act as trustee of the trust fund shall be designated after review by the director. The corporation shall not receive money on deposit to support guarantees issued under the provisions of this chapter without the approval of the director.

The commission may establish different invoicable unit assessment rates for rootstock cuttings, rooted rootstock cuttings, and grafted grape rootstocks, provided that the rates do not exceed the maximum assessment authorized by this subdivision.

(c) A fee greater than the amount specified in subdivision (b) may not be charged unless approved pursuant to procedures specified in Section 74771.

CHAPTER 180

An act to amend Section 4107 of the Public Contract Code, relating to public contracts.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 4107 of the Public Contract Code is amended to read:

4107. A prime contractor whose bid is accepted may not:

(a) Substitute a person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority, or its duly authorized officer, may, except as otherwise provided in Section 4107.5, consent to the substitution of another person as a subcontractor in any of the following situations:

(1) When the subcontractor listed in the bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract for the scope of work specified in the subcontractor's bid and at the price specified in the subcontractor's bid, when that written contract, based upon the general terms, conditions, plans, and specifications for the project involved or the terms of that subcontractor's written bid, is presented to the subcontractor by the prime contractor.

(2) When the listed subcontractor becomes bankrupt or insolvent.

(3) When the listed subcontractor fails or refuses to perform his or her subcontract.

(4) When the listed subcontractor fails or refuses to meet the bond requirements of the prime contractor as set forth in Section 4108.

(5) When the prime contractor demonstrates to the awarding authority, or its duly authorized officer, subject to the further provisions set forth in Section 4107.5, that the name of the subcontractor was listed as the result of an inadvertent clerical error.

(6) When the listed subcontractor is not licensed pursuant to the Contractors License Law.

(7) When the awarding authority, or its duly authorized officer, determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, or that the subcontractor is substantially delaying or disrupting the progress of the work.

(8) When the listed subcontractor is ineligible to work on a public works project pursuant to Section 1777.1 or 1777.7 of the Labor Code.

(9) When the awarding authority determines that a listed subcontractor is not a responsible contractor.

Prior to approval of the prime contractor's request for the substitution, the awarding authority, or its duly authorized officer, shall give notice in writing to the listed subcontractor of the prime contractor's request to substitute and of the reasons for the request. The notice shall be served by certified or registered mail to the last known address of the subcontractor. The listed subcontractor who has been so notified has five working days within which to submit written objections to the substitution to the awarding authority. Failure to file these written objections constitutes the listed subcontractor's consent to the substitution.

If written objections are filed, the awarding authority shall give notice in writing of at least five working days to the listed subcontractor of a hearing by the awarding authority on the prime contractor's request for substitution.

(b) Permit a subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, without the consent of the awarding authority, or its duly authorized officer.

(c) Other than in the performance of ''change orders'' causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which his or her original bid did not designate a subcontractor.

CHAPTER 181

An act to amend Sections 45285 and 88104 of the Education Code, relating to classified school employees.

(2) Any revocation of an election under Section 856(e)(5) of the Internal Revenue Code for federal income tax purposes is treated for purposes of this part as a revocation of the election made by the real estate investment trust under Section 856(e)(5) of the Internal Revenue Code for state purposes and a separate election under paragraph (3) of subdivision (e) of Section 23051.5 is not allowed with respect to the property for any subsequent taxable year.

SEC. 41. Section 5060 of the Vehicle Code is amended to read:

5060. (a) An organization may apply to the department for participation in a special interest license plate program and the department shall issue special license plates for that program if the issuance of those plates is required by this article, the sponsoring organization complies with the requirements of this section, and the organization meets all of the following criteria:

(1) Qualifies for tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the Revenue and Taxation Code.

(2) Submits a financial plan describing the purposes for which the revenues described in paragraph (2) of subdivision (e) will be used.

(3) Submits a design of the organization's proposed special interest license plate that, among other things, provides for the placement of the number and letter characters in a manner that allows for law enforcement to readily identify those characters.

(b) Any person described in Section 5101 may apply for special interest license plates, in lieu of the regular license plates.

(c) The design criteria for a special interest license plate are as follows:

(1) The license plate for a passenger vehicle, commercial vehicle, or trailer shall provide a space not larger than 2 inches by 3 inches to the left of the numerical series and a space not larger than five-eighths of an inch in height below the numerical series for a distinctive design, decal, or descriptive message as authorized by this article. The plates shall be issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters.

(2) Special interest license plates authorized under this article may be issued for use on a motorcycle. That license plate shall contain a five digit configuration issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters. There shall be a space to the left of the numerical series for a distinctive design or decal and the characters shall contrast sharply with the uniform background color. No motorcycle plate containing a full plate graphic design is authorized. Those particular special interest license plates that were issued prior to the discontinuation provided by this paragraph may

continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(d) (1) No organization may be included in the program until not less than 7,500 applications for the particular special interest license plates are received. Each organization shall collect and hold applications for the plates. Once the organization has received at least 7,500 applications, it shall submit the applications, along with the necessary fees, to the department. The department shall not issue any special interest license plate until an organization has received and submitted to the department not less than 7,500 applications for that particular special interest license plate within the time period prescribed in this section. Advanced payment to the department by an organization representing the department's estimated or actual administrative costs associated with the issuance of a particular special interest license plate shall not constitute compliance with this requirement. The organization shall have 12 months, following the effective date of the enactment of the specific legislation enabling the organization to participate in this program, to receive the required number of applications. If, after that 12 months, 7,500 applications have not been received, the organization shall immediately do either of the following:

(A) Refund to all applicants any fees or deposits that have been collected.

(B) Contact the department to indicate the organization's intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 7,500 applications. If an organization elects to exercise the option under this paragraph, it shall contact each applicant who has submitted an application with the appropriate fees or deposits to determine if the applicant wishes a refund of fees or deposits or requests the continuance of the holding of the application and fees or deposits until that time that the organization has received 7,500 applications. The organization shall refund the fees or deposits to any applicant so requesting. In no event shall an organization collect and hold applications for a period exceeding 24 months following the date of authorization as described in paragraph (2) of subdivision (a).

(C) Sequential plate fees shall be paid for the original issuance, renewal, retention, replacement, or transfer of the special interest license plate as determined by the organization and authorized by department's regulations. Those plates containing a personalized message are subject to the fees required pursuant to Sections 5106 and 5108 in addition to any fees required by the special interest license plate program.

(2) (A) If the number of currently outstanding and valid special interest license plates in any particular program provided for in this

article is less than 7,500, the department shall notify the sponsoring organization of that fact and shall inform the organization that if that number is less than 7,500 one year from the date of that notification, the department will no longer issue or replace those special interest license plates.

(B) Those particular special interest license plates that were issued prior to the discontinuation provided by subparagraph (A) may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(e) (1) The department shall deduct its costs to develop and administer the special interest license plate program from the revenues collected for the plates.

(2) The department shall deposit the remaining revenues from the original issuance, renewal, retention, replacement, or transfer of the special interest license plate in a fund which shall be established by the Controller.

(f) When payment of renewal fees is not required as specified in Section 4000, or when a person determines to retain the special interest license plate upon a sale, trade, or other release of the vehicle upon which the plate has been displayed, the person shall notify the department and the person may retain and use the plate as authorized by department regulations.

(g) An organization that is eligible to participate in a special interest license plate program pursuant to this article and receives funds from the additional fees collected from the sale of special license plates shall not expend annually more than 25 percent of those funds on administrative costs, marketing, or other promotional activities associated with encouraging application for, or renewal of, the special license plates.

(h) (1) Every organization authorized under this article to offer special interest license plates shall prepare and submit an annual accounting report to the department by June 30. The report shall include an accounting of all revenues and expenditures associated with the special interest license plate program.

(2) If an organization submits a report pursuant to paragraph (1) indicating that the organization violated the expenditure restriction set forth in subdivision (g), the department shall immediately cease depositing fees in the fund created by the Controller for that organization under paragraph (2) of subdivision (e) and, instead, shall deposit those fees that would have otherwise been deposited in that fund in a separate fund created by the Controller, which fund is subject to appropriation by the Legislature. The department shall immediately notify the organization of this course of action. The depositing of funds in the account established pursuant to this paragraph shall continue until the organization demonstrates to the satisfaction of the department that the

organization is in compliance or will comply with the requirements of subdivision (g). If one year from the date that the organization receives the notice described in this paragraph, the organization is still unable to satisfactorily demonstrate to the department that it is in compliance or will comply with the requirements of subdivision (g), the department shall no longer issue or replace those special interest license plates associated with that organization. Those particular special interest license plates that were issued prior to the discontinuation provided by this paragraph may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(3) Upon receiving the reports required under paragraph (1), the department shall prepare and transmit an annual consolidated report to the Legislature containing the revenue and expenditure data.

In order to ensure that the Department of Transportation will be allowed to secure competitive bids for the department's urgently needed major construction projects in the state, including bridge seismic retrofit projects, it is necessary that this act take effect immediately.

CHAPTER 187

An act to amend Section 90404 of, to amend and repeal Section 41205 of, and to repeal Section 89911 of, the Education Code, and to amend Section 8880.5 of the Government Code, relating to the California State University.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 41205 of the Education Code, as added by Chapter 82 of the Statutes of 1989, is repealed.

SEC. 2. Section 41205 of the Education Code, as amended by Chapter 153 of the Statutes of 1994, is amended to read:

41205. The Legislature hereby finds and declares that the only state agencies that provide direct elementary and secondary level instructional services within the meaning of Section 41302.5 are those state agencies enumerated in Section 8880.5 of the Government Code, or in any successor to that section, not including any agency enumerated in any of subdivisions (a) to (e), inclusive, of that section, and California Indian education centers as established pursuant to Article 6 (commencing with Section 33380) of Chapter 3 of Part 20. The amount of any appropriation made to a state agency for direct elementary and secondary level instruction services shall be determined by applying the definition of those services, as defined in the California School Accounting Manual, to the expenditures of the agency. However, for the Diagnostic Schools for Neurologically Handicapped Children, as established pursuant to Article 1 (commencing with Section 59200) of Chapter 3 of Part 32, all expenditures of the agency shall be considered

appropriations made to a state agency for direct elementary and secondary level instruction.

SEC. 3. Section 89911 of the Education Code is repealed.

SEC. 4. Section 90404 of the Education Code is amended to read:

90404. In addition to the functions set forth in subdivision (b) of Section 66010.4, the California State Polytechnic University and the California Polytechnic State University shall be authorized to emphasize the applied fields of agriculture, engineering, business, home economics and other occupational and professional fields. This article shall be liberally construed.

SEC. 5. Section 8880.5 of the Government Code is amended to read:

8880.5. Allocations for education:

The California State Lottery Education Fund is created within the State Treasury, and is continuously appropriated for carrying out the purposes of this chapter. The Controller shall draw warrants on this fund and distribute them quarterly in the following manner, provided that the payments specified in subdivisions (a) to (g), inclusive, shall be equal per capita amounts.

(a) Payments shall be made directly to public school districts, including county superintendents of schools, serving kindergarten and grades 1 to 12, inclusive, or any part thereof, on the basis of an equal amount for each unit of average daily attendance, as defined by law and adjusted pursuant to subdivision (*l*).

(b) Payments shall also be made directly to public school districts serving community colleges, on the basis of an equal amount for each unit of average daily attendance, as defined by law.

(c) Payments shall also be made directly to the Board of Trustees of the California State University on the basis of an amount for each unit of equivalent full-time enrollment. Funds received by the trustees shall be deposited in and expended from the California State University Lottery Education Fund, which is hereby created or, at the discretion of the trustees, deposited in local trust accounts in accordance with subdivision (j) of Section 89721 of the Education Code.

(d) Payments shall also be made directly to the Regents of the University of California on the basis of an amount for each unit of equivalent full-time enrollment.

(e) Payments shall also be made directly to the Board of Directors of the Hastings College of the Law on the basis of an amount for each unit of equivalent full-time enrollment.

(f) Payments shall also be made directly to the Department of the Youth Authority for educational programs serving kindergarten and grades 1 to 12, inclusive, or any part thereof, on the basis of an equal amount for each unit of average daily attendance, as defined by law.

(g) Payments shall also be made directly to the two California Schools for the Deaf, the California School for the Blind, and the three Diagnostic Schools for Neurologically Handicapped Children, on the basis of an amount for each unit of equivalent full-time enrollment.

(h) Payments shall also be made directly to the State Department of Developmental Services and the State Department of Mental Health for clients with developmental or mental disabilities who are enrolled in state hospital education programs, including developmental centers, on the basis of an equal amount for each unit of average daily attendance, as defined by law.

(i) No Budget Act or other statutory provision shall direct that payments for public education made pursuant to this chapter be used for purposes and programs (including workload adjustments and maintenance of the level of service) authorized by Chapters 498, 565, and 1302 of the Statutes of 1983, Chapter 97 or 258 of the Statutes of 1984, or Chapter 1 of the Statutes of the 1983–84 Second Extraordinary Session.

(j) School districts and other agencies receiving funds distributed pursuant to this chapter may at their option utilize funds allocated by this chapter to provide additional funds for those purposes and programs prescribed by subdivision (i) for the purpose of enrichment or expansion.

(k) As a condition of receiving any moneys pursuant to subdivision (a) or (b), each district and county superintendent of schools shall establish a separate account for the receipt and expenditure of those moneys, which account shall be clearly identified as a lottery education account.

(*l*) Commencing with the 1998–99 fiscal year, and each year thereafter, for the purposes of subdivision (a), average daily attendance shall be increased by the statewide average rate of excused absences for the 1996–97 fiscal year as determined pursuant to the provisions of Chapter 855 of the Statutes of 1997. The statewide average excused absence rate, and the corresponding adjustment factor required for the operation of this subdivision, shall be certified to the State Controller by the Superintendent of Public Instruction.

(m) It is the intent of this chapter that all funds allocated from the California State Lottery Education Fund shall be used exclusively for the education of pupils and students and no funds shall be spent for acquisition of real property, construction of facilities, financing of research, or any other noninstructional purpose.

SEC. 6. The Legislature finds and declares that Section 5 of this act furthers the purposes of the California State Lottery Act of 1984.

CHAPTER 188

An act to amend Section 35401.7 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401.7 of the Vehicle Code is amended to read:

35401.7. (a) The limitations of access specified in subdivision (d) of Section 35401.5 do not apply to licensed carriers of livestock when those carriers are directly enroute to or from a point of loading or unloading of livestock on those portions of State Highway Route 101 located in the Counties of Del Norte, Humboldt, and Mendocino from its junction with State Highway Route 1 near Leggett north to the Oregon border, if the travel is necessary and incidental to the shipment of the livestock.

(b) The exemption allowed under this section does not apply unless all of the following conditions are met:

(1) The length of the truck tractor, in combination with the semitrailer used to transport the livestock, does not exceed a total of 70 feet.

(2) The distance from the kingpin to the rearmost axle of the semitrailer does not exceed 40 feet.

(c) The exemption allowed under this section does not apply to travel conducted on the day prior to, or on the day of, any federally recognized holiday.

(d) The Department of the California Highway Patrol, in consultation with the Department of Transportation and in accordance with recommendations from the Department of the California Highways Patrol's study issued on May 1, 2003, of the effects of the statutory exemption, shall continue the comprehensive study on the effect that the exemption provided under this section has on the public safety during the extended effective period of the exemption. The findings of this additional study shall be reported to the Legislature on or before January 1, 2006.

(e) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER 189

An act to amend Section 18803 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) On April 6, 2002, a decade-long effort was realized as thousands gathered in Sacramento for the dedication and unveiling of the California Firefighters' Memorial in Capitol Park—a lasting tribute honoring 855 California firefighters who made the ultimate sacrifice in service to their fellow citizens.

(b) The California Firefighters' Memorial is the only completely self-sustaining memorial in Capitol Park, as its funding is raised through a specialty license plate sold only to active and retired firefighters and private donations from firefighters and supporters.

(c) The California Fire Foundation, a nonprofit, public benefit corporation, formed in 1987, was initially established to recognize the courage of firefighters and the perseverance and sacrifice of fire victims. It was later enlisted to help raise money for the design, construction, and maintenance of the California Firefighters' Memorial, as well as for future ceremonies honoring our state's fallen heroes.

(d) In addition to its successful fundraising efforts since its formation nearly 20 years ago, the California Fire Foundation has proven to be an invaluable resource for honoring the memory of fallen firefighters and assisting surviving loved ones, including its involvement in California's Day of Remembrance memorial service on October 9, 2001—a day proclaimed by Governor Davis to honor the families of the victims, firefighters, and other emergency personnel who lost their lives during the terrorist attacks that struck our nation on September 11, 2001.

(e) Other public benefit goals of the California Fire Foundation include serving as the resource center to aid the victims and families devastated by uncontrolled fires and other disasters, such as organizing a special fund for emergency assistance to fire victims, educating Californians about fire safety and the toxic effects of fires by facilitating and reporting on scientific research, and sponsoring fire related public education programs.

SEC. 2. Section 18803 of the Revenue and Taxation Code is amended to read:

18803. (a) All money transferred to the California Firefighters' Memorial Fund, upon appropriation by the Legislature, shall be allocated as follows:

(1) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(2) To the California Fire Foundation.

(b) The money transferred to the California Firefighters' Memorial Fund pursuant to Section 18802, and allocated pursuant to paragraph (2) of subdivision (a), shall be used for the following purposes:

(1) Maintenance and repair of the California Firefighters' Memorial on the grounds of the State Capitol.

(2) Ceremonies to honor the memory of fallen firefighters and to assist surviving loved ones, but only from contributions made on tax returns filed on and after January 1, 2004.

(3) An information guide detailing survivor benefits to assist the spouses and children of fallen firefighters, but only from contributions made on tax returns filed on and after January 1, 2004.

CHAPTER 190

An act to amend Sections 3540.1, 3544.1, and 3544.7 of the Government Code, relating to public school employees.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 3540.1 of the Government Code is amended to read:

3540.1. As used in this chapter:

(a) ''Board'' means the Public Employment Relations Board created pursuant to Section 3541.

(b) ''Certified organization'' or ''certified employee organization'' means an organization which has been certified by the board as the exclusive representative of the public school employees in an appropriate unit after a proceeding under Article 5 (commencing with Section 3544).

(c) ''Confidential employee'' means any employee who is required to develop or present management positions with respect to employer-employee relations or whose duties normally require access to

confidential information that is used to contribute significantly to the development of management positions.

(d) ''Employee organization'' means any organization which includes employees of a public school employer and which has as one of its primary purposes representing those employees in their relations with that public school employer. ''Employee organization'' shall also include any person of the organization authorized to act on its behalf.

(e) ''Exclusive representative'' means the employee organization recognized or certified as the exclusive negotiating representative of certificated or classified employees in an appropriate unit of a public school employer.

(f) ''Impasse'' means that the parties to a dispute over matters within the scope of representation have reached a point in meeting and negotiating at which their differences in positions are so substantial or prolonged that future meetings would be futile.

(g) ''Management employee'' means any employee in a position having significant responsibilities for formulating district policies or administering district programs. Management positions shall be designated by the public school employer subject to review by the Public Employment Relations Board.

(h) ''Meeting and negotiating'' means meeting, conferring, negotiating, and discussing by the exclusive representative and the public school employer in a good faith effort to reach agreement on matters within the scope of representation and the execution, if requested by either party, of a written document incorporating any agreements reached, which document shall, when accepted by the exclusive representative and the public school employer, become binding upon both parties and, notwithstanding Section 3543.7, is not subject to subdivision 2 of Section 1667 of the Civil Code. The agreement may be for a period of not to exceed three years.

(i) ''Organizational security'' is within the scope of representation, and means either of the following:

(1) An arrangement pursuant to which a public school employee may decide whether or not to join an employee organization, but which requires him or her, as a condition of continued employment, if he or she does join, to maintain his or her membership in good standing for the duration of the written agreement. However, an arrangement may not deprive the employee of the right to terminate his or her obligation to the employee organization within a period of 30 days following the expiration of a written agreement.

(2) An arrangement that requires an employee, as a condition of continued employment, either to join the recognized or certified employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and

general assessments of the organization for the duration of the agreement, or a period of three years from the effective date of the agreement, whichever comes first.

(j) ''Public school employee'' or ''employee'' means any person employed by any public school employer except persons elected by popular vote, persons appointed by the Governor of this state, management employees, and confidential employees.

(k) ''Public school employer'' or ''employer'' means the governing board of a school district, a school district, a county board of education, a county superintendent of schools, or a charter school that has declared itself a public school employer pursuant to subdivision (b) of Section 47611.5 of the Education Code.

(*l*) ''Recognized organization'' or ''recognized employee organization'' means an employee organization which has been recognized by an employer as the exclusive representative pursuant to Article 5 (commencing with Section 3544).

(m) ''Supervisory employee'' means any employee, regardless of job description, having authority in the interest of the employer to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward, or discipline other employees, or the responsibility to assign work to and direct them, or to adjust their grievances, or effectively recommend that action, if, in connection with the foregoing functions, the exercise of that authority is not of a merely routine or clerical nature, but requires the use of independent judgment.

SEC. 2. Section 3544.1 of the Government Code is amended to read:

3544.1. The public school employer shall grant a request for recognition filed pursuant to Section 3544, unless any of the following apply:

(a) The public school employer doubts the appropriateness of a unit.

(b) Another employee organization either files with the public school employer a challenge to the appropriateness of the unit or submits a competing claim of representation within 15 workdays of the posting of notice of the written request. The claim shall be evidenced by current dues deductions authorizations or other evidence such as notarized membership lists, or membership cards, or petitions signed by employees in the unit indicating their desire to be represented by the organization. The evidence shall be submitted to the board, and shall remain confidential and not be disclosed by the board. The board shall obtain from the employer the information necessary for it to carry out its responsibilities pursuant to this section and shall report to the employee organizations seeking recognition and to the public school employer as to the adequacy of the evidence. If the claim is evidenced by the support of at least 30 percent of the members of an appropriate unit, a question of representation exists and the board shall conduct a representation

election pursuant to Section 3544.7, unless subdivision (c) or (d) of this section applies.

(c) There is currently in effect a lawful written agreement negotiated by the public school employer and another employee organization covering any employees included in the unit described in the request for recognition, unless the request for recognition is filed less than 120 days, but more than 90 days, prior to the expiration date of the agreement.

(d) The public school employer has, within the previous 12 months, lawfully recognized another employee organization as the exclusive representative of any employees included in the unit described in the request for recognition.

SEC. 3. Section 3544.7 of the Government Code is amended to read:

3544.7. (a) Upon receipt of a petition filed pursuant to Section 3544.3 or 3544.5, the board shall conduct inquiries and investigations or hold any hearings it deems necessary in order to decide the questions raised by the petition. The determination of the board may be based upon the evidence adduced in the inquiries, investigations, or hearing. However, if the board finds on the basis of the evidence that a question of representation exists, or a question of representation exists pursuant to subdivision (b) of Section 3544.1, it shall order that an election be conducted by secret ballot and it shall certify the results of the election on the basis of which ballot choice received a majority of the valid votes cast. There shall be printed on each ballot the statement: ''no representation.'' No voter shall record more than one choice on his or her ballot. Any ballot upon which there is recorded more than one choice shall be void and shall not be counted for any purpose. If at any election no choice on the ballot receives a majority of the votes cast, a runoff election shall be conducted. The ballot for the runoff election shall provide for a selection between the two choices receiving the largest and second largest number of valid votes cast in the election.

(b) An election may not be held and the petition shall be dismissed if either of the following exist:

(1) There is currently in effect a lawful written agreement negotiated by the public school employer and another employee organization covering any employees included in the unit described in the request for recognition, or unless the request for recognition is filed less than 120 days, but more than 90 days, prior to the expiration date of the agreement.

(2) The public school employer has, within the previous 12 months, lawfully recognized an employee organization other than the petitioner as the exclusive representative of any employees included in the unit described in the petition.

CHAPTER 191

An act to add Section 31537 to the Government Code, relating to county employees' retirement systems.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 31537 is added to the Government Code, to read:

31537. The board shall provide to any organization that is recognized by the board as representing the retired employees of the county or district reasonable advance notice of any proposed changes to the retirement benefits offered by the system or the use or uses of excess funds of the retirement system. The organization shall have a reasonable opportunity to comment prior to any formal action by the board on the proposed changes.

CHAPTER 192

An act to amend Sections 605, 705, and 706 of the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), relating to water.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 605 of the San Gabriel Basin Water Quality Act (Chapter 776 of the Statutes of 1992) is amended to read:

Sec. 605. The authority may impose an annual pumping right assessment, not to exceed ten dollars ($10) per acre-foot, to construct facilities and acquire property, to retire promissory notes, bond anticipation notes, bonds and certificate of participation and other evidences of indebtedness, to pay for administrative costs, and to pay for operations and maintenance of projects constructed by and for the authority. The authority shall impose an assessment pursuant to this section for operation and maintenance purposes only if, and to the extent that, money for operation and maintenance purposes is not received from other sources after reasonable efforts have been made to secure that funding. However, no assessment shall be imposed for water extracted

pursuant to a conjunctive use storage agreement between the producer and the watermaster, which the authority has approved.

SEC. 2. Section 705 of the San Gabriel Water Basin Quality Act (Chapter 776 of the Statutes of 1992) is amended to read:

Sec. 705. On or before January 1, 2004, the State Water Resources Control Board shall report to the Legislature on the progress of the authority with regard to actions undertaken pursuant to Article 4 (commencing with Section 401), and any recommendations regarding actions for improving the progress of the authority.

SEC. 3. Section 706 of the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992) is amended to read:

Sec. 706. (a) Except as provided in this section, this act shall remain in effect only until July 1, 2010, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 2010, deletes or extends that date.

(b) Upon the repeal of this act, the assets and debts of the authority shall be administered as follows:

(1) The Los Angeles Regional Water Quality Control Board shall dispose of the property and assets as appropriate. The Los Angeles Regional Water Quality Control Board shall receive reimbursement for actual costs incurred related to the disposition of the property and assets. The cost recovery shall be from the proceeds of the disposition pursuant to this section. The proceeds, if any, of the disposition shall be transferred to the Treasurer to be applied to pay the debts of the authority and, if any proceeds remain, shall be transferred to the Treasurer for deposit in the Hazardous Substance Cleanup Fund for use in financing groundwater contamination investigation and remediation in the basin. Preference shall be given in the disposition of assets of the authority to transfers to producers who may be able to use the assets for the benefit of water distribution systems and to provide for continued operation and maintenance of the assets in order to further the purposes of this act.

(2) The Treasurer shall administer the payment of debts of the authority. The Treasurer shall apply the proceeds from the disposition of assets to the payment of the debts. If debts remain after application of the proceeds from disposition of assets, the Treasurer may continue to collect, in lieu of the authority, the pumping right assessments authorized under either (A) Section 602 if the debt relates to administrative costs or (B) Section 605 if the debt is to repay warrants, notes, bonds, and other evidences of indebtedness, or both, to make payments pursuant to leases or installment sale agreements in connection with certificates of participation, to pay for operation and maintenance costs of facilities, and to make payments pursuant to any other financial obligations. All provisions set forth in Article 6 (commencing with Section 601) relating to the levy and collection of the

pumping right assessments are not repealed and shall continue in effect until the debts of the authority are paid, as determined by the Treasurer, who shall notify the Secretary of State. Upon receipt by the Secretary of State of the Treasurer's notice, Article 6 (commencing with Section 601) is repealed. The Treasurer's authority to levy and collect assessments under this act is limited according to the provisions of this act and shall cease when all debts of the authority have been paid.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 193

An act to amend Section 51335 of, and to add Section 51065.5 to, the Health and Safety Code, relating to housing.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 51065.5 is added to the Health and Safety Code, to read:

51065.5. The agency may make unsecured loans or loans secured by assets other than real property to local public entities. The loans may be funded by the proceeds of bonds or other agency funds to assist local public entities in providing or making affordable housing available to low- or moderate-income persons or families.

SEC. 2. Section 51335 of the Health and Safety Code is amended to read:

51335. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the agency shall be for occupancy on a priority basis by lower income households. If a multifamily rental housing development is located within a targeted area, as defined by Section 143(j) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this

chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households.

The rental payments on the units required for occupancy by very low income households paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit.

(2) The local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such as the following:

(A) Reductions in construction and design requirements.

(B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.

(C) Granting density bonuses.

(D) Providing expedited processing of permits.

(E) Modifying zoning code requirements to allow mixed use zoning.

(F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.

(G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.

(H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the agency. The agency shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.

(3) The agency shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is any more burdensome than the criteria applied to all other prospective tenants.

(4) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized by the agency in the past including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment adding this paragraph to this section by the Statutes of 1985, that the agency finance multifamily rental developments with substantially less costly design requirements than those required by the agency prior to January 1, 1986.

(5) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for families. To that end, developments with three- and four-bedroom units affordable to larger families shall have priority over competing developments.

(b) As a condition of financing pursuant to this chapter, the housing sponsor shall enter into a regulatory agreement with the agency providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor and, notwithstanding any other provision of law, these burdens of the regulatory agreement shall run with the land. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located. The regulatory agreement shall be recorded in the grantor-grantee index to the name of the property owner as grantor and to the name of the agency as grantee.

(c) The agency shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.

(d) (1) The agency shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees for multifamily rental housing developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the agency, based on efficiency of design, the elimination of improvements that are not required by applicable building standards, or a reduction in the amount of local fees imposed on the development.

(2) The agency shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees on multifamily rental housing developments which do any of the following:

(A) Utilize federal housing or development assistance.

(B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land, or for which local fees have been reduced.

(C) Are sponsored by a nonprofit housing organization.

(D) Provide a significant number of housing units, as determined by the agency, as part of a coordinated jobs and housing plan adopted by a local government.

(E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond the minimum number of years.

(e) (1) New and existing rental housing developments may be syndicated after prior written approval of the agency. The agency shall grant that approval only after the agency determines that the terms and conditions of the syndication comply with this section.

(2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the state shall be subordinated to the syndication agreement. A syndication shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.

(f) At the option of the agency, the amendments to this section made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.

CHAPTER 194

Following the levy of an assessment pursuant to this division to pay, in whole or in part, the costs and expenses of works, system or facilities authorized by subdivision (a) of Section 5101.5 upon a district benefited thereby, and annually on or before June 30th, the legislative body may prepare and approve an estimate of the expenditures required during the ensuing fiscal year for the maintenance, operation, repair and improvement of such works, system or facilities and shall deduct from such estimate the amount of revenues, if any, which the legislative body estimates will accrue during such year from the operation of such works, system or facilities and will be available to pay costs of such maintenance, operation, repair and improvement.

The legislative body may increase the assessment in accordance with the provisions of Section 53753 of the Government Code. The resolution of intention shall contain also a notice of the day, hour, and place of the public hearing where any and all persons having any objections to the proposed work or work and acquisition may appear before the legislative body and show cause why the proposed work or work and acquisition should not be carried out in accordance with the resolution of intention.

The notice shall also contain the name and telephone number of a local department or agency designated by the legislative body to answer inquiries regarding the hearing proceedings. That notice shall be omitted if the hearing of objections is not required as provided hereunder. The hearing of objections shall not be less than 45 days from the date of the passage of the resolution.

SEC. 8. Section 5132.1 is added to the Streets and Highways Code, to read:

At the conclusion of the public hearing, the legislative body shall tabulate the assessment ballots submitted and not withdrawn, in accordance with the

provisions of subdivision (e) of Section 53753 of the Government Code. If there is a majority protest against the imposition of a new assessment, or the extension of an existing assessment, or an increase in an existing assessment, the legislative body shall not impose, extend, or increase the assessment.

SEC. 11. Section 5132.4 is added to the Streets and Highways Code, to read:

5132.4. If the legislative body has complied with the notice, protest, and hearing provisions set forth in this article, or if the legislative body is not required to comply with those requirements because the assessment is exempt from the procedures and approval process set forth in Section 4 of Article XIII D of the California Constitution, then those requirements shall not apply in subsequent fiscal years unless the assessment methodology is changed to increase the assessment, or the amount of that assessment is proposed to exceed an assessment formula or range of assessments adopted by an agency in accordance with Article XIII D of the California Constitution or Section 53753 of the Government Code.

5302.5. If the legislative body, in the resolution of intention, declares that any lot or parcel of land owned and used as provided in Section 5301 shall be included in the assessment, or if no declaration is made respecting any such lot or parcel of land then any assessment upon such lot or parcel of land shall be an enforceable obligation against the owner of such property and shall be paid, within 30 days after the date of recording the assessment, by the officer, officers, or board having charge of the disbursement of the funds of the owner of such lot or parcel of land and, if not paid within said 30 days, shall bear interest until paid at the rate stated in the resolution of intention for the bonds proposed to be issued, and if no bonds are proposed to be issued then at the rate of not more than 7 percent per annum until paid; provided, however, that if said assessment is not paid within said 30-day period the city may, and if the city has so provided in its resolution of intention shall, at the expiration thereof, forthwith advance the necessary sum and pay the assessment and shall collect the amount of said assessment and interest thereon from the said obligated owner and may enforce the collection thereof by writ of mandate or other proper remedy. If for any reason there

are not moneys available for the payment of said assessment, then the legislative body of the public entity which owns said property so assessed may elect to cause said assessment to be payable in a number of installments not to exceed the number of installments of and at the same interest rate as bonds issued in the proceedings creating the assessment, or if no bonds are to be issued, for a number of installments not to exceed the number of installments of annual payments as provided by Section 6462 of this code for payment of bonds issued under the provisions of this division and for a rate of interest to be specified. In the event the legislative body of the entity whose property is assessed decides that said assessment shall be payable in installments, then the officer, officers or board whose duty it is to levy taxes for said obligated owner, including school districts but not limited thereto, shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to pay the annual installment of principal and interest upon said assessment with interest on the unpaid principal of the assessment to date of the payments, and shall include in each succeeding tax levy a like amount or more, in addition to moneys for all other purposes, until the principal of said assessment and all interest on unpaid portions thereof, shall be paid in full. In the event the officer, officers, or board whose duty it is to levy taxes fails to discharge the principal of the assessment and the interest thereon, the owner of the assessment may compel the levy thereof in the manner hereinabove set forth by writ of mandate. No statute of limitations shall bar any right provided for herein to enforce the collection of an assessment of the type described herein and any interest due thereon until four years after the due date of the last principal payment due upon said assessment. The owner of an assessment described herein may use mandamus or other appropriate remedy to compel the officer, officers or board whose duty it is to levy taxes for said obligated owner to levy an amount in a given year equal to the amount necessary to pay the installment of principal and interest on the assessment in said year, and may continue to use mandamus or other remedy to cause like installments of the amount of principal and interest accruing to be levied each year until the whole of the assessment due has been paid.

If the owner of an assessment is successful in any action to compel the levy of a tax under this section he shall be awarded reasonable attorneys' fees as fixed by the court and costs and said attorneys' fees and costs shall be included in said tax levy.

SEC. 16. Section 5303 of the Streets and Highways Code is amended to read:

5303. If the legislative body, in the resolution of intention, declares that any lot or parcel of land used as provided in Section 5301 and owned by the United States or any department thereof or the State of California

or any department thereof shall be included in the assessment, then the city shall be liable for such sum as may thereafter be assessed against such lot or parcel of land and which is unpaid after 30 days from the recordation of the assessment. Such sum shall be payable by the city out of the general fund unless the legislative body shall in its resolution of intention designate another fund. The foregoing provisions of this section shall not apply to any assessment pursuant to Chapter 14 (commencing with Section 5320) of Part 3 of this division against any such land owned by the State of California or department thereof, but the city shall advance the amount of any such assessment in such assessment proceedings and shall in such case become the owner of such assessment and entitled to repayment of such amount with interest thereon at the rate provided in that chapter from the State of California or any department thereof.

SEC. 17. Section 5361 of the Streets and Highways Code is amended to read:

5361. The assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with all incidental expenses, the amount of each assessment against each lot or portion of a lot, the number of each lot or portion or portions of a lot so assessed, the additional information required by subdivision (b) of Section 53753 of the Government Code, and shall have attached thereto a diagram exhibiting each street or street crossing, place, property or rights of way on which any work has been done, showing the relative location of each lot or portion of lot to the work done, numbered to correspond with the numbers of the assessments.

SEC. 18. Section 10301 of the Streets and Highways Code is amended to read:

10301. After passing on the report, the legislative body shall by resolution appoint the time and place for hearing protests to the proposed assessment and shall cause notice of that hearing and a public meeting required by Section 54954.6 of the Government Code to be mailed as provided in subdivision (c) of that section. If new, increased, or extended assessments are proposed, the legislative body shall comply with the notice, protest, and hearing procedures in Section 53753 of the Government Code.

SEC. 19. Section 10310 of the Streets and Highways Code is repealed.

SEC. 20. Section 10310.2 of the Streets and Highways Code is repealed.

SEC. 21. Section 10311 of the Streets and Highways Code is repealed.

SEC. 22. Section 10311.1 of the Streets and Highways Code is amended to read:

10311.1. If it shall be necessary, in order to find whether a majority protest exists, to determine whether any or all of the signers of written protests are the "owners" of property to be assessed, the legislative body shall make such determination from the last equalized assessment roll. The legislative body shall be under no duty to obtain or consider any other evidence as to ownership of property and its determination of ownership shall be final and conclusive.

SEC. 23. Section 10353 of the Streets and Highways Code is amended to read:

10353. Before ordering any changes made, other than as provided in Section 10352, the legislative body shall adopt a resolution briefly describing the changes proposed to be made, stating the amount of the estimated increase or decrease in the cost of the improvement by reason of the proposed changes and giving notice of a time and place when and where any interested person having any objection to the changes proposed to be made may appear before the legislative body and show cause why the changes should not be ordered. The resolution shall also contain the name and telephone number of a local department or agency designated by the legislative body to answer inquiries regarding the hearing proceedings. The resolution may describe the changes by referring to maps, plats, plans, profiles, detailed drawings, or specifications on file in the office of the clerk of the legislative body or engineer, which shall indicate the changes proposed to be made and which shall govern for all details thereof. The resolution shall be published pursuant to Section 6061 of the Government Code, at least 10 days prior to the date of the hearing. If new, increased, or extended assessments are proposed, the legislative body shall comply with the notice, protest, and hearing procedures in Section 53753 of the Government Code.

SEC. 24. Section 10366 of the Streets and Highways Code is amended to read:

10366. (a) For purposes of proceeding under this chapter, the notice shall contain the following elements:

(1) A statement of the time, place, and purpose of the hearing on the resolution of intention and report.

(2) A statement of the total estimated cost of the proposed improvement and of the maximum cost of the improvement.

(3) The estimated and maximum amounts, as shown by the report, to be assessed against the particular parcel covered by the notice.

(4) A statement that any person interested may file a protest in writing as provided in this division.

(b) If new, increased, or extended assessments are proposed, the legislative body shall comply with the notice, protest, and hearing procedures in Section 53753 of the Government Code.

CHAPTER 195

An act to amend Section 9410 of the Government Code, relating to legislative committee hearings.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 9410 of the Government Code is amended to read:

9410. (a) If, in response to a question posed, or a command to produce documents or other materials issued, by the Senate, the Assembly, or a committee, a witness asserts his or her privilege against self-incrimination, and the person presiding over the proceeding directs the witness that, notwithstanding that assertion of privilege, he or she is required to answer the question or produce the documents or other materials, the witness may not refuse to testify or produce the documents or other materials on the basis of his or her privilege against self-incrimination. However, if a witness is compelled to testify or produce documents or other materials notwithstanding his or her assertion of the privilege against self-incrimination, as described in this subdivision, both of the following shall apply:

(1) The witness may not be held to answer criminally or be subject criminally to any penalty or forfeiture for any fact or act touching upon either testimony that he or she was so compelled to provide, or documents or other materials that he or she was so compelled to produce.

(2) Any testimony or documents or other materials that the witness is so compelled to provide shall not be competent evidence in any criminal proceeding against the witness except in a prosecution for perjury or contempt.

(b) In the case of a subpoena that requires a witness to produce documents or other materials but does not require the witness to personally appear, the witness under subpoena may assert his or her privilege against self-incrimination only by communicating an assertion of the privilege to the President pro Tempore of the Senate, if the subpoena was issued by the Senate, the Speaker of the Assembly, if the subpoena was issued by the Assembly, or the chair of the committee, if

the subpoena was issued by a committee. The Senate, the Assembly, or committee, as the case may be, may compel the witness to produce the documents or materials notwithstanding the privilege against self-incrimination as to those documents or other materials only by (1) issuing a subsequent subpoena calling for the witness to personally appear, (2) upon that appearance, asking the witness whether he or she continues to assert the privilege, and, if so, (3) directing the witness that, notwithstanding that assertion of privilege, he or she is required to produce the documents or other materials called for by the subpoena as to which that assertion of privilege was made.

(c) Immunity is conferred upon a witness pursuant to this chapter only if the witness is compelled, as specified by this section, to testify or produce documents or other materials notwithstanding the assertion of the constitutional privilege against self-incrimination.

CHAPTER 196

An act to amend Sections 17550.4, 17550.13, 17550.14, 17550.20, 17550.21, 17550.30, 17550.37, 17550.41, and 17550.47 of, to add Section 17550.42 to, and to repeal Article 2.5 (commencing with Section 17540) of Chapter 1 of Part 3 of Division 7 and Sections 17550.34 and 17550.59 of, the Business and Professions Code, relating to sellers of travel.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.5 (commencing with Section 17540) of Chapter 1 of Part 3 of Division 7 of the Business and Professions Code is repealed.

SEC. 2. Section 17550.4 of the Business and Professions Code is amended to read:

An air carrier is a transporter by air of persons that operates under a certificate of convenience and necessity issued by the United States Department of Transportation or under the certification of a foreign government that is recognized by the United States Department of Transportation.

SEC. 3. Section 17550.13 of the Business and Professions Code is amended to read:

17550.13. (a) A seller of travel shall not receive any money or other valuable consideration in payment for air or sea transportation or other

travel services offered by the seller of travel unless at the time of or prior to the receipt of payment the seller of travel first furnishes to the person making that payment written materials conspicuously setting forth the following information:

(1) The name and business address and telephone number of the seller of travel.

(2) The total amount to be paid by or on behalf of the passenger, amount paid to date, the date of any future payment, the purpose of the payment made, and an itemized statement of the balance due, if any.

(3) The name of the provider of the air or sea transportation, and the date, time, and place of each departure, or the circumstances under which the date, time, and place of departure will be determined.

(4) All terms and conditions relating to the air or sea transportation or travel services being purchased by the passenger, including cancellation conditions. An air carrier's or an ocean carrier's standard contract of carriage is not required to be disclosed prior to the seller of travel receiving any money or other valuable consideration.

There is no violation of this subdivision if both of the following occur:

(A) Compliance was rendered impossible as a direct result of an unforeseen condition beyond the control of the seller of travel.

(B) The seller of travel obtains from each passenger written acknowledgment that the passenger has not received disclosure of the terms and conditions required by this section.

(5) A clear and conspicuous statement that upon cancellation of the transportation or travel services, where the passenger is not at fault and has not canceled in violation of any terms and conditions previously clearly and conspicuously disclosed to and agreed to by the passenger, all sums paid to the seller of travel for services not provided will be promptly paid to the passenger, unless the passenger otherwise advises the seller of travel in writing, after cancellation.

(6) If the seller of travel is required by this article to have a trust account or bond, a clear and conspicuous disclosure stating: ''California law requires certain sellers of travel to have a trust account or bond. This business has [a trust account] or [a bond issued by (company) in the amount of ($X)].''

(7) If the seller of travel is a participant in the Travel Consumer Restitution Fund and the passenger, or the person making payment for the passenger, was located in California at the time of the sale of air or sea transportation or travel services, a clear and conspicuous notice of the right of the passenger, or the right of the person making payment for the passenger, to make a claim on that fund. The notice shall include a description of the losses covered, the method for making a claim, the time limit within which the claim shall be made, and the amount which may be claimed.

(8) If the seller of travel is a participant in a Consumer Protection Deposit Plan that meets the criteria set forth in subdivision (b) of Section 17550.16, a clear and conspicuous notice of the passenger's right to make a claim on the plan. That notice shall include a description of the losses covered, the method for making a claim, the time limit within which the claim shall be made, and the amount that may be claimed.

(9) If the seller of travel is a participant in a Consumer Protection Escrow Plan that meets the criteria set forth in subdivision (c) of Section 17550.16, a clear and conspicuous notice of the passenger's right to make a claim on the plan. That notice shall include a description of the losses covered, the method for making a claim, the time limit within which the claim shall be made, and the amount that may be claimed.

(10) If the seller of travel is not a participant, a clear and conspicuous disclosure that the seller of travel is not a participant in the Travel Consumer Restitution Fund. That disclosure shall be made both orally and in writing.

(11) If the seller of travel is a participant in the Travel Consumer Restitution Fund and the passenger is located outside California, a clear and conspicuous disclosure that the transaction is not covered by the Travel Consumer Restitution Fund. That disclosure shall be made both orally and in writing.

(b) If a seller of travel offers, sells, provides, or distributes a travel certificate as defined in Section 17550.10 and any passenger payment is nonrefundable, in whole or in part, the seller of travel shall obtain the written acknowledgment of that limitation from the end user prior to, or at the time of, receipt of any money or other valuable consideration.

(c) Notwithstanding any other provision of this section, if money or other valuable consideration is received from a customer to whom the seller of travel has sold air or sea transportation within the preceding 12 months and the disclosures required by this section are substantially the same as the disclosures given in connection with the prior travel, the disclosures required by this section shall be made within five days of receipt of that money or other valuable consideration.

(d) Notwithstanding any other provision of this section, if money or other valuable consideration is received in payment for air transportation and (1) the seller of travel is an officially appointed agent in good standing of the Airlines Reporting Corporation and (2) the seller of travel forwards the amount paid, without offsetting or reducing the amount forwarded by any amounts due or claimed in connection with any other transaction, to the airline providing the transportation or to the Airlines Reporting Corporation, the disclosures required by this section with respect to that air transportation may be made orally.

SEC. 4. Section 17550.14 of the Business and Professions Code is amended to read:

17550.14. (a) The seller of travel has an obligation either to provide the air or sea transportation or travel services purchased by the passenger or to make a refund as provided by this section. The seller of travel shall return to the passenger all moneys paid for air or sea transportation or travel services not actually provided to the passenger, within either of the following periods, whichever is earlier:

(1) Thirty days from one of the following dates:

(A) The scheduled date of departure.

(B) The day the passenger requests a refund.

(C) The day of cancellation by the seller of travel.

(2) Three days from the day the seller of travel is first unable to provide the air or sea transportation or travel services.

As used in this section, ''unable to provide'' includes, but is not limited to, any day on which the passenger's funds are not in the trust account required by Section 17550.15 and subdivision (g) of Section 17550.21 or the funds necessary to provide the passenger's transportation or travel services have been disbursed other than as allowed by Section 17550.15 or subdivision (a) of Section 17550.16.

(b) If the seller of travel has disbursed the passenger's funds pursuant to paragraph (1), (2), (3), or (4) of subdivision (c) of Section 17550.15, the seller of travel may, instead of providing a refund, provide to the passenger a written statement accompanied by bank records establishing that the passenger's funds were disbursed as required by those provisions and, if disbursed to a seller of travel, proof of current registration of that seller of travel. A seller of travel who is exempt from the requirements of Section 17550.15 pursuant to subdivision (a) of Section 17550.16 and who is in compliance with subdivision (a) of Section 17550.16 may comply with this section by maintaining and providing to the passenger documentary proof of disbursement in compliance with subdivision (a) of Section 17550.16, and proof of current registration of the seller of travel to whom the funds were disbursed, which registration shall note that the registered seller of travel either has a trust account in compliance with Section 17550.15, or is exempt from the requirements of Section 17550.15 pursuant to subdivision (b) or (c) of Section 17550.16. This subdivision does not apply to refunds subject to subdivision (c) or subdivision (d).

(c) If terms and conditions relating to a refund upon cancellation by the passenger have been disclosed and agreed to by the passenger and the passenger elects to cancel for any reason other than a seller of travel being unable to provide the air or sea transportation or travel services purchased, the making of a refund in accordance with those terms and conditions shall be deemed to constitute compliance with this section.

(d) Any material misrepresentation by the seller of travel shall be deemed to be a violation of this article and cancellation by the seller of travel, necessitating a refund as required by subdivision (a).

SEC. 5. Section 17550.20 of the Business and Professions Code is amended to read:

17550.20. (a) Not less than 10 days prior to doing business in this state, a seller of travel shall apply for registration with the office of the Attorney General by filing with the Consumer Law Section the information required by Section 17550.21 and a filing fee of one hundred dollars ($100) for each location from which the seller of travel conducts business. A late fee of five dollars ($5) per day, up to a maximum of five hundred dollars ($500), shall be paid for each day after the time specified by this section until the filing fee and the information required by Section 17550.21 are received. No registration shall be issued or approved until the late fee, and the filing and late fees for each year the seller of travel operated without being registered, have been paid. A seller of travel shall be deemed to do business in this state if the seller of travel solicits business from locations in this state or solicits prospective purchasers who are located in this state.

(b) Registration shall be valid for one year from the effective date thereof shown on the registration issued by the office of the Attorney General and may be annually renewed by making the filing required by Section 17550.21 and paying a filing fee of one hundred dollars ($100) for each location from which the seller of travel conducts business. A late fee of five dollars ($5) per day, up to a maximum of five hundred dollars ($500), shall be paid for each day after the time specified by this section until the filing fee and the information required by Section 17550.21 are received. No registration shall be renewed until the late fee, and the filing and late fees for each year the seller of travel operated without being registered, have been paid.

(c) Whenever, prior to expiration of a seller of travel's annual registration, there is a material change in the information required by Section 17550.21, the seller of travel shall, within 10 days, file an addendum updating the information with the Consumer Law Section of the office of the Attorney General.

(d) (1) Not less than 10 days prior to the transfer or sale of any interest in a seller of travel, the selling or transferring owner shall file with the office of the Attorney General, Seller of Travel Program, a notice of encumbrance, sale, or transfer of ownership, using a form provided for that purpose by the office of the Attorney General. The notice shall provide the information required pursuant to subdivision (d) of Section 17550.21 as to each transferee.

(2) Until the time the notice of encumbrance, sale, or transfer of ownership required in paragraph (1) is filed as required, the selling,

encumbering, or transferring owner is responsible for all acts of and obligations imposed by law on the transferee sellers of travel to the same extent as they would have been responsible had there been no transfer, sale, or encumbrance.

(e) The office of the Attorney General shall suspend the registration of any seller of travel who (1) fails to make any payment required pursuant to Article 2.7 (commencing with Section 17550.35) or (2) submits a check in payment of a registration fee or late fee required by this section that is not honored by the institution on which it is drawn. The Attorney General shall provide written notice to the seller of travel by first-class mail at the seller of travel's place of business set forth in the registration statement that the seller of travel's registration has been suspended until all fees that are due have been paid. The registration of the seller of travel shall be suspended until all such payments due have been collected.

(f) The Attorney General may, at his or her discretion and subject to supervision by the Attorney General or his or her delegate, contract out all or any part of the processing of registrations required by this section.

(g) This section does not apply to an individual, natural person who meets all of the following conditions:

(1) Has a written contract with a registered seller of travel to act on that registered seller of travel's behalf in offering or selling air or sea transportation and other travel goods or services in connection with the transportation.

(2) Acts only on behalf of a registered seller of travel with whom the person has a written contract in the offer or sale to a passenger of air or sea transportation and other goods or services in connection with the transportation and sells no other air or sea transportation or travel services to that passenger.

(3) Provides air or sea transportation or travel services that are offered or sold pursuant to the official agency appointment of the registered seller of travel with whom the person has a written contract.

(4) Does not receive any consideration for air or sea transportation or other travel services from the passenger.

(5) Requires the passenger to pay all consideration for air or sea transportation or other travel services directly to the air carrier or ocean carrier or to the registered seller of travel.

(6) Discloses both of the following:

(A) The person is acting on behalf of a registered seller of travel.

(B) The name, address, telephone number, and registration number of the registered seller of travel on whose behalf the person is acting.

The person shall make the disclosures required by this paragraph in writing to the passenger at the same time the passenger receives notice under Section 17550.13. If the person transacts business in this state on

the Internet, the disclosures also shall appear on the home page of the person's Web site and shall be prominently set forth in the first electronic mail message sent to the passenger that refers to the passenger's purchase of air or sea transportation or travel services.

The consent form shall be provided by the Attorney General. If a bond is maintained in lieu of the trust account, a copy of that bond shall be filed with the Attorney General.

(h) A statement signed by each owner and principal granting permission to the office of the Attorney General to obtain from any financial institution or credit union at which any trust account required by Section 17550.15 is maintained, information relating to that trust account, as set forth in paragraph (2) of subdivision (f) of Section 17550.15.

The declaration shall specify the date and location of signing. Upon reregistration by a previously registered seller of travel, the information required by this section may be verified by the chief executive officer of a corporation, managing partner of a partnership, or manager of a limited liability company.

SEC. 9. Section 17550.37 of the Business and Professions Code is amended to read:

17550.37. (a) ''Person aggrieved,'' as used in this article, means a passenger, as defined in Section 17550.3, located in California at the time of sale, or a person located in California at the time of sale who made any payment on behalf of the passenger for air or sea transportation or travel services, who has sustained a loss as a result of the failure of a seller of travel to refund payments made by or on behalf of a passenger as payment for air or sea transportation or travel services, where a refund is due as a result of the bankruptcy, insolvency, cessation of operations, or material failure to provide the transportation or travel services purchased by the passenger. ''Loss,'' as used herein, shall be limited to losses that are incurred in a transaction with a seller of travel who, at the time of sale, was a paid-up participant in the Travel Consumer Restitution Fund and was registered pursuant to Section 17550.20. (4) The person is not a defendant in a pending criminal or civil law enforcement action brought by a public prosecutor.

(5) The person has not served as a participant director of the Travel Consumer Restitution Fund at any time during the previous 18 months.

(e) The Travel Consumer Restitution Fund may not impose requirements for nomination to be a participant director in addition to the requirements described in subdivision (d).

(f) If a nominee does not satisfy the requirements of subdivision (d), the Travel Consumer Restitution Fund shall notify the nominee and the Attorney General in writing, within 30 days of the nominee's application, that the person has been rejected as a nominee and the specific grounds for the rejection.

(g) The nomination period shall be open for the period beginning 90 days and ending 30 days before the election. Any participant may nominate for election any participant who is eligible to serve as provided in subdivision (d).

(h) The Travel Consumer Restitution Fund shall enable nominees to submit, within 21 days before the election, written statements of up to 500 words in a reasonable format concerning their candidacy and shall mail those statements to participants in the Travel Consumer Restitution Fund and make those statements publicly available no later than 14 days before the election by means that may include disseminating the information on an Internet Web site or providing the information by electronic mail to any person who has requested the information and provided a valid electronic mail address.

SEC. 12. Section 17550.47 of the Business and Professions Code is amended to read:

17550.47. (a) (1) Any person aggrieved who suffers a loss of more than fifty dollars ($50) of amounts paid for air or sea transportation or travel services may file a claim with the Travel Consumer Restitution Corporation by filing a claim form as required by Section 17550.46 and paying, by check or money order, a processing fee to the Travel Consumer Restitution Corporation in the amount of thirty-five dollars ($35). Any check for the processing fee that is returned unpaid to the corporation by the financial institution upon which it is drawn shall be returned to the claimant and the claim shall be rejected for filing. Any claimant whose claim is rejected may resubmit his or her claim upon payment of a processing fee of fifty dollars ($50).

(2) Any processing fee required by paragraph (1) shall be nonrefundable except where (A) a claim is denied on the basis as set forth in the statement of decision that either the seller of travel, at the time of sale, was not a participant in the Travel Consumer Restitution Fund or the seller of travel was not registered, or (B) the claim is granted in whole or in part. In either case, the processing fee shall be refunded to the person aggrieved upon denial or upon payment of the claim, whichever is applicable.

(3) In no event shall a person aggrieved have more than one year after the scheduled date of completion of travel within which to file a claim with the Travel Consumer Restitution Fund.

(b) A person aggrieved may recover from the Travel Consumer Restitution Fund an amount not to exceed fifteen thousand dollars ($15,000) per person aggrieved, not to exceed the amount paid to the participant by or on behalf of the person aggrieved for the transportation or travel services. Payments from the restitution fund shall be limited to restitution for sums paid for transportation or travel services and shall not include any other amounts, including, but not limited to, payment for lost wages, pain and suffering, emotional distress, travel insurance, lost luggage, or any consequential damages. The person aggrieved shall not be entitled to receive attorney's fees in connection with a filed claim or on appeal.

(c) All claims are to be decided on the written record before the corporation, with no hearing to be held. The record shall consist of a fully executed and complete claim form, any other documentation submitted by the claimant or the participant, and any documents or reports submitted by staff or the designated representative of the office of the Attorney General. Claims are to be decided within 45 days of receipt unless (1) the designated representative of the office of the Attorney General requests a continuance to obtain and submit information, or (2) the Travel Consumer Restitution Corporation determines that additional information or documentation is required to decide the claim. In either case, the claim shall be decided within 45 days of receipt of all additional information or documentation. A claim not decided timely shall be deemed granted.

(d) Whenever the Travel Consumer Restitution Corporation denies a claim in whole or in part, it shall provide to the claimant a written statement of decision setting forth the factual and legal basis for the denial.

(e) A claimant may request reconsideration of an adverse decision of the Travel Consumer Restitution Corporation by mailing a written request, accompanied by a processing fee of fifty dollars ($50) paid by check or money order, within 20 days of the date a notice of denial and statement of decision was mailed to the claimant. Any check for the

processing fee that is returned unpaid to the Travel Consumer Restitution Corporation by the financial institution upon which it is drawn shall be returned to the claimant and the request for reconsideration shall not be determined until the claimant has paid the fifty dollar ($50) processing fee.

(f) The Travel Consumer Restitution Corporation shall, within 60 days of receipt of the request, either decide the request or advise the claimant that additional information or documentation is needed, and, if the decision is a denial in whole or in part, it shall provide to the claimant and seller of travel a written statement of decision setting forth the factual and legal basis for the decision. No appeal may be taken pursuant to subdivision (g) until reconsideration has been requested and decided. The claimant shall not be entitled to any attorney's fees incurred in connection with presentation of a claim or request for reconsideration.

(g) No decision of the Travel Consumer Restitution Corporation granting or denying a claim in whole or part shall be subject to review or appeal except as provided in this section. A claimant may seek review of the denial, in whole or part, of a claim by filing a notice of appeal after having served the notice by mail on the Travel Consumer Restitution Corporation. The notice of appeal shall be filed and served on the Travel Consumer Restitution Corporation not later than 30 days after a written statement of decision on a request for reconsideration has been mailed to the claimant. The notice of appeal from a decision of the Travel Consumer Restitution Corporation shall be filed with the clerk of the superior court either in the county in which the principal place of business of the Travel Consumer Restitution Corporation is located, or in the county in which the claimant was a resident at the time the claimant purchased the transportation or travel services in dispute.

(h) The claimant shall pay the same filing fee as is required for appeals from small claims court. The Travel Consumer Restitution Corporation shall file its response and the record of the claim before the corporation with the clerk of the superior court within 30 days of the day the notice of appeal was served on the Travel Consumer Restitution Corporation.

(i) Upon the filing of the record the clerk of the court shall schedule a hearing for the earliest available time and shall mail written notice of the hearing at least 14 days prior to the time set for the hearing.

(j) The hearing on appeal shall be limited to the record before the Travel Consumer Restitution Corporation and any relevant evidence that could not have been with reasonable diligence submitted previously to the corporation. The reviewing court shall affirm the decision if it is supported by substantial evidence in light of the entire record. The pretrial discovery procedures described in subdivision (a) of Section 2019 of the Code of Civil Procedure are not permitted, there is no right

to trial by jury, and the decision of the superior court shall be appealable by either party. No money may be claimed from or paid by the Travel Consumer Restitution Fund except in accordance with the provisions and procedures set forth in this article. No provision herein shall limit or otherwise affect those remedies as may be available against persons or entities other than the Travel Consumer Restitution Corporation.

(k) If the claimant prevails in whole or in part on an appeal, the claimant shall not be entitled to an award in excess of the amount of the original claim.

(*l*) Any claim awarded by the corporation shall be paid promptly by the trustee of the restitution fund when the time for appeal has passed. Any judgment on appeal shall be paid promptly by the trustee of the restitution fund whenever the judgment becomes final. If there should be insufficient funds to pay a claim when otherwise due, claims shall be paid in the order received. If the Travel Consumer Restitution Corporation ceases to operate pursuant to the terms of Section 17550.52, any remaining trust funds shall be allocated on a pro rata basis to claims accruing prior to the corporation ceasing to operate, after payment of outstanding debts and liabilities as provided in Section 17550.57.

(m) A claim shall require a majority of at least three affirmative votes for denial, otherwise it shall be deemed granted.

(n) (1) A director shall not participate in the decision of a claim if the director has a financial interest in the outcome of the decision, has a financial interest in or is employed by the seller of travel that is the subject of the claim, or has any familial relationship or close personal friendship with either the claimant or any owner, officer, director, or manager of the seller of travel that is the subject of the claim.

(2) The director shall disclose to the other directors before a claim is considered all matters that disqualify the director from participating in the decision of the claim as described in paragraph (1).

SEC. 13. Section 17550.59 of the Business and Professions Code is repealed.

SEC. 14. It is the intent of the Legislature that the Attorney General consider reasonable improvements to the operation and functioning of the seller of travel registration program to reduce operational costs, such as the implementation of electronic registration and registration renewals, if practicable and consistent with prudent management and continued or improved levels of consumer protection.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 197

An act to amend Sections 53601 and 53635 to the Government Code, relating to local agency investments.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code is amended to read:

53601. This section shall apply to a local agency that is a city, a district, or other local agency that does not pool money in deposits or investments with other local agencies, other than local agencies that have the same governing body. However, Section 53635 shall apply to all local agencies that pool money in deposits or investments with other local agencies that have separate governing bodies. The legislative body of a local agency having money in a sinking fund or money in its treasury not required for the immediate needs of the local agency may invest any portion of the money that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book entry delivery.

For purposes of this section, ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to

maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

(f) Bankers acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers acceptances may not exceed 180 days' maturity or 40 percent of the agency's money that may be invested pursuant to this section. However, no more than 30 percent of the agency's money may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any money in its treasury in any manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization (NRSRO). The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (1) or paragraph (2):

(1) The entity meets the following criteria:

(A) Is organized and operating in the United States as a general corporation.

(B) Has total assets in excess of five hundred million dollars ($500,000,000).

(C) Has debt other than commercial paper, if any, that is rated ''A'' or higher by a nationally recognized statistical-rating organization (NRSRO).

(2) The entity meets the following criteria:

(A) Is organized within the United States as a special purpose corporation, trust, or limited liability company.

(B) Has programwide credit enhancements including, but not limited to, overcollateralization, letters of credit, or surety bond.

(C) Has commercial paper that is rated ''A-1'' or higher, or the equivalent, by a nationally recognized statistical-rating organization (NRSRO).

Eligible commercial paper shall have a maximum maturity of 270 days or less. Local agencies, other than counties or a city and county, may invest no more than 25 percent of their money in eligible commercial paper. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer. Counties or a city and county may invest in commercial paper pursuant to the concentration limits in subdivision (a) of Section 53635.

(h) Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money are prohibited from investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of any securities authorized

by this section, as long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:

(A) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.

(B) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20 percent of the base value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) (A) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

(B) For purposes of this chapter, ''significant banking relationship'' means any of the following activities of a bank:

(i) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(ii) Financing of a local agency's activities.

(iii) Acceptance of a local agency's securities or funds as deposits.

(5) (A) ''Repurchase agreement'' means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) ''Securities,'' for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) ''Reverse repurchase agreement'' means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) ''Securities lending agreement'' means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(j) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated ''A'' or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may

53635. (a) This section shall apply to a local agency that is a county, a city and a county, or other local agency that pools money in deposits or investments with other local agencies, including local agencies that have the same governing body. However, Section 53601 shall apply to all local agencies that pool money in deposits or investments exclusively with local agencies that have the same governing body.

This section shall be interpreted in a manner that recognizes the distinct characteristics of investment pools and the distinct administrative burdens on managing and investing funds on a pooled

CHAPTER 198

An act to add Section 33334.29 to the Health and Safety Code, and to amend Section 1011 of the Military and Veterans Code, relating to veterans, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 3, 2003. Filed with Secretary of State August 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That the construction of a new veterans' home in Shasta County is an economic contributor to Shasta County and the state whereby skilled jobs are created and maintained by the construction and operation of the home.

(b) There is an established need for a veterans' home located in Shasta County to serve a population over a 12 county area. The construction of a veterans' home located in Shasta County, specifically in the City of Redding, and within one mile of an existing project area will address conditions of economic hardship and address blight within Redding.

(c) Due to the limited availability of federal matching funds, it is in the state's interest to secure a qualified site within Shasta County by

August 15, 2003, and that the use of redevelopment funds is an appropriate use.

SEC. 2. Section 33334.29 is added to the Health and Safety Code, to read:

33334.29. (a) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, the redevelopment agency of the City of Redding, of the County of Shasta, or of any other city located within the County of Shasta, may borrow and use up to two million three hundred thousand dollars ($2,300,000) from its Low and Moderate Income Housing Fund to provide financial assistance for the acquisition of property for a veterans home within the territorial jurisdiction of the agency of the City of Redding. As used in this section, ''veterans' home'' shall mean a veterans' home authorized pursuant to Division 5 (commencing with Section 1010) of the Military and Veterans Code.

(b) Funds borrowed pursuant to subdivision (a) shall be repaid within 15 years from the date they are loaned, with interest at the rate earned from time to time on funds deposited in the State of California Local Agency Investment Fund. The indebtedness created pursuant to this section shall not be considered to meet the requirements imposed by Section 33333.8, and the agency shall comply in full with that section. If a redevelopment agency described in subdivision (a) is required to remit an amount of tax increment funds to the county auditor for deposit in the county's Educational Revenue Augmentation Fund, created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, then the time limit on repayment of the funds borrowed pursuant to this section shall be suspended for one year after the funds are remitted to the county auditor. In addition, the agency shall receive and use tax increment funds to pay the loan described in subdivision (a) until the funds borrowed pursuant to subdivision (a) have been fully repaid. The agency may not incur any obligation with respect to loans, advance of money, or indebtedness, or whether funded, refunded, assumed or otherwise, that would impair or delay its ability or capacity to repay the funds loaned pursuant to this section; except that the agency may incur indebtedness against non-Low and Moderate Income Housing Fund moneys if the proceeds of the indebtedness will be used to repay the funds borrowed pursuant to this section.

SEC. 3. Section 1011 of the Military and Veterans Code is amended to read:

1011. (a) There is in the department a Veterans' Home of California, Yountville, situated at Veterans' Home, Napa County.

(b) (1) The department may establish and construct a second home that shall be situated in the County of Imperial, Los Angeles, Orange, Riverside, San Bernardino, San Diego, or Ventura. The home may be

located on one or more sites. The department shall operate the second home concurrently with the first home.

(2) The initial site is the Veterans' Home of California, Barstow, situated in Barstow, San Bernardino County. That site may provide skilled nursing care for up to 250 residents.

(3) When completed, the second site shall be the Veterans' Home of California, Chula Vista, situated in Chula Vista, San Diego County, pursuant to the recommendations made by the commission established pursuant to former Section 1011.5.

(4) When completed, the third site shall be the Veterans' Home of California, Lancaster, situated in Lancaster, Los Angeles County, pursuant to the recommendations made by the commission established pursuant to former Section 1011.5.

(5) When completed, the fourth site shall be the Veterans' Home of California, Ventura, situated in the community of Saticoy, Ventura County.

(6) There shall be an administrator for, and located at, each site of the southern California home.

(7) The department may complete any preapplication process necessary with the United States Department of Veterans Affairs for construction of the second home.

(c) The Legislature hereby finds and declares that the second home is a new state function. The department may perform any or all work in operating the second home by independent contractors, except the overall administration and management of the home. Any and all actions of the department taken before September 17, 1996, that are consistent with this subdivision are hereby ratified and confirmed, it having at all times been the intent of the Legislature that the department be so authorized.

(d) There shall be an administrator for each home or homesite, who shall be recommended by the Secretary of Veterans Affairs and appointed by the Governor, and shall be located at that home or homesite. The salary for each administrator shall be subject to the approval of the Department of Personnel Administration.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to construct new veterans homes as soon as possible, it is necessary that this bill take effect immediately.

The full value of an individual property shall be determined without limitation by reason of the applicant's opinion of value stated in the application for reduction in assessment pursuant to subdivision (a) of Section 1603.

The applicant for a reduction in an assessment on the local roll shall establish the full value of the property by independent evidence. The records of the assessor may be used as part of such evidence.

However, in any county that mails delinquent notices to the assessees of record before June 30, the tax collector shall publish the affidavit and list of all that real property on or before September 8 of the year following the date of default.

(b) If the tax collector sends reminder notices prior to the close of the fiscal year and annually sends a redemption notice of prior year due taxes, the delinquent notice described in subdivision (a) may be published only for those properties that have been tax-delinquent for three or more years and for which the latest reminder notice or redemption notice was returned to the tax collector as undeliverable.

SEC. 6. Section 3692 of the Revenue and Taxation Code is amended to read:

3692. (a) The tax collector shall attempt to sell tax-defaulted property as provided in this chapter within four years of the time that the property becomes subject to sale for nonpayment of taxes unless by other provisions of law the property is not subject to sale. If there are no acceptable bids at the attempted sale, the tax collector shall attempt to sell the property at intervals of no more than six years until the property is sold.

(b) When oil, gas, or mineral rights are subject to sale for nonpayment of taxes, the tax collector may offer the interest at minimum bid to the holders of outstanding interests where the interest subject to sale is a partial interest or, where the interest subject to sale is a complete and undivided interest, to the owner or owners of the property to which the oil, gas, or mineral rights are appurtenant.

(e) The Notice to the Board of Supervisors and Notice of Intended Sale of Tax-Defaulted Property shall indicate that any parcel remaining unsold may be reoffered within a 90-day period and any new parties of interest shall be notified in accordance with Section 3701. This

(c) Where property or property interests have been offered for sale at least once and no acceptable bids therefor have been received at the minimum price determined pursuant to subdivision (a), the tax collector may, in his or her discretion and with the approval of the board of supervisors, offer that same property or those interests at the same or next scheduled sale at a minimum price that the tax collector deems appropriate in light of the most current assessed valuation of that property or those interests, or any unique circumstance with respect to that property or those interests.

SEC. 8. Section 3698.7 of the Revenue and Taxation Code is amended to read:

3698.7. (a) With respect to property for which a property tax welfare exemption has been granted and that has become tax defaulted, the minimum price at which the property may be offered for sale pursuant to this chapter shall be the higher of the following:

(1) Fifty percent of the fair market value of the property. For the purposes of this paragraph, ''fair market value'' means the amount as defined in Section 110 as determined pursuant to an appraisal of the property by the county assessor within one year immediately preceding the date of the public auction. SEC. 9. Section 3794.3 is added to the Revenue and Taxation Code, to read:

3794.3. A sale under this chapter shall take place only if approved by the board of supervisors.

SEC. 10. Section 4112 of the Revenue and Taxation Code is amended to read:

In the case of unsold tax sale properties remaining on the abstract after the tax sale, the fee shall become a part of the redemption amount and collectible whenever the property is redeemed. The fee shall be

(4) The amount described in subdivision (c) of Section 3704.7 to reimburse the county for the cost of a personal contact required by that section.

(b) Notwithstanding subdivision (a), if the tax-defaulted property is redeemed prior to the proposed sale, but after the county has incurred notice or publication costs pursuant to Section 3702 in connection with a notice of intended sale, a fee in an amount reasonably necessary to reimburse the tax collector for those costs may be collected.

(c) When tax-defaulted property subject to the notice recorded under Section 3691.4 is redeemed, the notice becomes null and void and the tax collector shall execute and record with the county recorder a rescission of the notice in the form prescribed by the Controller. The rescission shall be acknowledged by the county clerk, without charge.

(d) Any fee imposed under paragraph (1) of subdivision (a) or subdivision (b) shall be subject to the requirements of Section 54986 of the Government Code.

4675. (a) Any party of interest in the property may file with the county a claim for the excess proceeds, in proportion to his or her interest held with others of equal priority in the property at the time of sale, at any time prior to the expiration of one year following the recordation of the tax collector's deed to the purchaser.

(b) After the property has been sold, a party of interest in the property at the time of the sale may assign his or her right to claim the excess proceeds only by a dated, written instrument that explicitly states that the right to claim the excess proceeds is being assigned, and only after each party to the proposed assignment has disclosed to each other party to the

proposed assignment all facts of which he or she is aware relating to the value of the right that is being assigned. Any attempted assignment that does not comply with these requirements shall have no effect. This paragraph shall apply only with respect to assignments on or after the effective date of this paragraph.

(c) Any person or entity who in any way acts on behalf of, or in place of, any party of interest with respect to filing a claim for any excess proceeds shall submit proof with the claim that the amount of excess proceeds has been disclosed to the party of interest and that the party of interest has been advised of his or her right to file a claim for the excess proceeds on his or her own behalf.

(d) The claims shall contain any information and proof deemed necessary by the board of supervisors to establish the claimant's rights to all or any portion of the excess proceeds.

(e) No sooner than one year following the recordation of the tax collector's deed to the purchaser, and if the excess proceeds have been claimed by any party of interest as provided herein, the excess proceeds shall be distributed on order of the board of supervisors to the parties of interest who have claimed the excess proceeds in the order of priority set forth in subdivisions (a) and (b). (g) Any action or proceeding to review the decision of the board of supervisors shall be commenced within 90 days after the date of that decision of the board of supervisors.

SEC. 13. Section 5104 of the Revenue and Taxation Code is amended to read:

5104. Any refund of taxes or assessments authorized pursuant to this article as a result of a reduction in the value of taxable property or as the result of corrections to the roll or cancellations after taxes or assessments were paid, may be paid to the latest recorded owner of that property as shown on the tax roll, rather than to the individual or entity who paid the amount of tax or assessment to be refunded, if both of the following conditions are met:

(a) There has been no transfer of the property during or since the fiscal year for which the taxes subject to refund were levied.

(b) The amount of the refund is less than five thousand dollars ($5,000).

(4) Aiding in the synthesis, interpretation, and dissemination of information on disparities in health indicators, medical outcomes, death rates, and other aspects of health inequalities.

(c) The objectives of the shared resource core shall include both of the following:

(1) To achieve economies of scale in effort, expertise, and equipment, and thereby build the capacity of the community and the Charles R. Drew University of Medicine and Science to develop, implement, and evaluate community programs to reduce health disparities.

(2) To pool services, expertise, equipment, and facilities to support several interrelated projects and collaborating organizations, thereby impacting health disparities with greater resources than those that would be provided separately to each project and without formal interaction among the Charles R. Drew University of Medicine and Science, community-based organizations, and public sector agencies.

106035. (a) The President of the Charles R. Drew University of Medicine and Science shall appoint an external advisory committee, composed of nine individuals who are nationally or regionally recognized for their expertise in eliminating health disparities, to oversee and evaluate all institute activities.

(b) The president shall appoint an internal steering committee, composed of leadership from the institute and members of community-based organizations, public sector agencies, and projects, to supervise the day-to-day activities of the institute.

(c) The institute shall sponsor and conduct an annual Urban Community Health Forum as a communitywide symposium. The forum shall provide a report on the progress of the institute, offer technical assistance workshops, and provide an overview of local, regional, and national efforts concerning health disparities.

106036. This part shall be implemented only to the extent that private or federal funding is received for this purpose.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the County of Los Angeles, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

(3) If any funds, or resources supported by funds, specified in paragraph (2) are utilized for the initial startup costs of the institute, those funds shall be fully reimbursed by the institute from funding subsequently received by the institute through grants and contributions from private sources.

(c) An advisory board to the institute may be established only if private funds have been donated to the institute in an amount deemed by the trustees to be sufficient to defray the costs of that board.

CHAPTER 202

An act to amend Sections 120508 and 120521, and to add Section 120509 to, the Public Utilities Code, relating to transportation.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 120508 of the Public Utilities Code is amended to read:

120508. (a) This article also applies to the employee relations of employees of a nonprofit entity which operates public mass transit services and which is solely owned by the board. For employee relations regarding these employees, the term ''board,'' as used in this article, means the board and the board of directors of the nonprofit entity as the joint employer of the employees.

(b) The board may, at any time in its sole discretion, abolish any nonprofit entity.

(c) Upon abolishing a nonprofit entity pursuant to subdivision (b), the board shall become the sole employer of the employees of the nonprofit entity and shall assume sole responsibility to observe all existing labor contracts established and maintained pursuant to this article.

(d) Except as may be agreed upon through the collective bargaining process, nothing in this section shall prohibit or limit the right of the board to contract with common carriers of persons operating under a franchise, license, or other agreement. Any provision in an existing collective bargaining agreement made applicable to the board in its capacity as a joint employer with a nonprofit entity pursuant to subdivision (a) or sole successor employer pursuant to subdivision (b) that is intended to prohibit or limit the right of a nonprofit entity to contract out covered bargaining unit services to another common carrier of persons shall not be binding upon the board with respect to any contract for services entered into, renewed, or extended by the board prior to January 1, 2004, and thereafter shall apply only to contracts for bargaining unit services covered by an existing collective bargaining agreement assumed by the board unless otherwise agreed upon through the collective bargaining process.

SEC. 2. Section 120509 is added to the Public Utilities Code, to read:

120509. (a) Upon the request of the board, as defined in Section 120508, with the consent of any labor organization acting as the exclusive representative of employees whose collective bargaining rights are subject to Section 120508, the board may enter into a contract

to enroll the collectively bargained employees as members of the Public Employees' Retirement System or another retirement system.

(b) A contract to enroll employees in the Public Employees' Retirement System shall be subject to the provisions of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code.

(c) Employees transferred from any existing retirement system or pension plan to the Public Employees' Retirement System or any other retirement system by operation of this section shall receive benefits immediately after enrollment in, or transfer to, the system that are at least equal to, or greater than, the benefits the employees would have been entitled to immediately before enrollment in, or transfer to, the system.

SEC. 3. Section 120521 of the Public Utilities Code is amended to read:

120521. (a) Whenever the board acquires ownership of existing facilities from a privately or publicly owned corporation or public utility, either in proceedings in eminent domain or otherwise, and terminates the corporation or operates the facilities itself, that has a pension plan in operation, the members and beneficiaries of the pension plan shall continue to have the rights, privileges, benefits, obligations, and status with respect to the plan.

The board shall consider, and take into account, the outstanding obligations and liabilities of the corporation or of the publicly or privately owned public utility, as the case may be, by reason of the pension plan, and may negotiate an allowance in the purchase price of the corporation or the utility for the assumption of those obligations and liabilities when acquiring the corporation or the utility.

(b) Instead of maintaining an existing pension plan applicable to bargaining unit employees of an acquired facility, the board, with the consent of any exclusive collective bargaining representative of employees of an acquired facility whose rights are protected by Section 120520, may enroll the employees in, or transfer them to, the Public Employees' Retirement System or another retirement system.

(c) A contract to enroll employees in the Public Employees' Retirement System shall be subject to the provisions of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code.

(d) Employees participating in an existing pension plan shall receive benefits immediately after enrollment in, or transfer to, the system that are at least equal to, or greater than, the benefits the employees would have been entitled to immediately before enrollment in, or transfer to, the system.

CHAPTER 203

An act to add Section 511.3 to the Business and Professions Code, to amend Section 1375.7 of the Health and Safety Code, to add Section 10178.4 to the Insurance Code, and to add Section 4610 to the Labor Code, relating to health care.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 511.3 is added to the Business and Professions Code, to read:

511.3. (a) When a contracting agent sells, leases, or transfers a health providers contract to a payor, the rights and obligations of the provider shall be governed by the underlying contract between the health care provider and the contracting agent.

(b) For purposes of this section, the following terms shall have the following meanings:

(1) ''Contracting agent'' has the meaning set forth in paragraph (2) of subdivision (d) of Section 511.1.

(2) ''Payor'' has the meaning set forth in paragraph (3) of subdivision (d) of Section 511.1.

SEC. 2. Section 1375.7 of the Health and Safety Code is amended to read:

1375.7. (a) This section shall be known and may be cited as the Health Care Providers' Bill of Rights.

(b) No contract issued, amended, or renewed on or after January 1, 2003, between a plan and a health care provider for the provision of health care services to a plan enrollee or subscriber shall contain any of the following terms:

(1) (A) Authority for the plan to change a material term of the contract, unless the change has first been negotiated and agreed to by the provider and the plan or the change is necessary to comply with state or federal law or regulations or any accreditation requirements of a private sector accreditation organization. If a change is made by amending a manual, policy, or procedure document referenced in the contract, the plan shall provide 45 business days' notice to the provider, and the provider has the right to negotiate and agree to the change. If the plan and the provider cannot agree to the change to a manual, policy, or procedure document, the provider has the right to terminate the contract prior to the implementation of the change. In any event, the plan shall provide at least 45 business days' notice of its intent to change a material term, unless a change in state or federal law or regulations or any accreditation

requirements of a private sector accreditation organization require a shorter timeframe for compliance. However, if the parties mutually agree, the 45 business day notice requirement may be waived. Nothing in this subparagraph limits the ability of the parties to mutually agree to the proposed change at any time after the provider has received notice of the proposed change.

(B) If a contract between a provider and a plan provides benefits to enrollees or subscribers through a preferred provider arrangement, the contract may contain provisions permitting a material change to the contract by the plan if the plan provides at least 45 business days' notice to the provider of the change and the provider has the right to terminate the contract prior to the implementation of the change.

(2) A provision that requires a health care provider to accept additional patients beyond the contracted number or in the absence of a number if, in the reasonable professional judgment of the provider, accepting additional patients would endanger patients' access to, or continuity of, care.

(3) A requirement to comply with quality improvement or utilization management programs or procedures of a plan, unless the requirement is fully disclosed to the health care provider at least 15 business days prior to the provider executing the contract. However, the plan may make a change to the quality improvement or utilization management programs or procedures at any time if the change is necessary to comply with state or federal law or regulations or any accreditation requirements of a private sector accreditation organization. A change to the quality improvement or utilization management programs or procedures shall be made pursuant to paragraph (1).

(4) A provision that waives or conflicts with any provision of this chapter. A provision in the contract that allows the plan to provide professional liability or other coverage or to assume the cost of defending the provider in an action relating to professional liability or other action is not in conflict with, or in violation of, this chapter.

(5) A requirement to permit access to patient information in violation of federal or state laws concerning the confidentiality of patient information.

(c) (1) When a contracting agent sells, leases, or transfers a health providers contract to a payor, the rights and obligations of the provider shall be governed by the underlying contract between the health care provider and the contracting agent.

(2) For purposes of this subdivision, the following terms shall have the following meanings:

(A) ''Contracting agent'' has the meaning set forth in paragraph (2) of subdivision (d) of Section 1395.6.

(B) ''Payor'' has the meaning set forth in paragraph (3) of subdivision (d) of Section 1395.6.

(d) Any contract provision that violates subdivision (b) or (c) shall be void, unlawful, and unenforceable.

(e) The department shall compile the information submitted by plans pursuant to subdivision (h) of Section 1367 into a report and submit the report to the Governor and the Legislature by March 15 of each calendar year.

(f) Nothing in this section shall be construed or applied as setting the rate of payment to be included in contracts between plans and health care providers.

(g) For purposes of this section the following definitions apply:

(1) ''Health care provider'' means any professional person, medical group, independent practice association, organization, health facility, or other person or institution licensed or authorized by the state to deliver or furnish health services.

(2) ''Material'' means a provision in a contract to which a reasonable person would attach importance in determining the action to be taken upon the provision.

SEC. 3. Section 10178.4 is added to the Insurance Code, to read:

10178.4. (a) When a contracting agent sells, leases, or transfers a health providers contract to a payor, the rights and obligations of the provider shall be governed by the underlying contract between the health care provider and the contracting agent.

(b) For purposes of this section, the following terms shall have the following meanings:

(1) ''Contracting agent'' has the meaning set forth in paragraph (2) of subdivision (d) of Section 10178.3.

(2) ''Payor'' has the meaning set forth in paragraph (3) of subdivision (d) of Section 10178.3.

SEC. 4. Section 4610 is added to the Labor Code, to read:

4610. (a) When a contracting agent sells, leases, or transfers a health providers contract to a payor, the rights and obligations of the provider shall be governed by the underlying contract between the health care provider and the contracting agent.

(b) For purposes of this section, the following terms shall have the following meanings:

(1) ''Contracting agent'' has the meaning set forth in paragraph (2) of subdivision (d) of Section 4609.

(2) ''Payor'' has the meaning set forth in paragraph (3) of subdivision (d) of Section 4609.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 204

An act to amend Section 15372.61 of the Government Code, relating to tourism.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) California's tourism industry created 6,000 new jobs in 2002.

(b) According to the California Travel and Tourism Commission, the percentage of tourists to all the United States who chose California as their destination increased from 9.7 percent in 1998 to 11.6 percent in 2001, representing billions of dollars in additional tourist spending and hundreds of millions in tax revenue for the state.

(c) The wide range and diversity of historic, cultural, and ethnic resources and artifacts at California's historic sites represent a largely untapped opportunity to increase the state's promotion of these sites as desirable tourist destinations.

(d) In a December 1988 report entitled ''Five Views, An Ethnic Sites Survey For California,'' the Office of Historic Preservation within the Department of Parks and Recreation identified historic sites in communities across the state that represent the culture of the five largest ethnic minority groups in California during the first 50 years after the signing of the Treaty of Guadalupe Hidalgo in 1848, which led to California statehood.

(e) The ethnic sites identified in the 1988 report, in addition to other sites representing the state's rich ethnic, historic, and cultural diversity, are valuable resources for inclusion in California's tourism marketing strategies.

(f) The California Arts Council has funded a cultural tourism grant program for county arts councils to test locally designed marketing programs.

(g) The California Cultural Tourism Coalition, comprised of arts and tourism organizations, has coordinated efforts to promote the rich cultural diversity of the state.

(h) It is the intent of this act to expand California's current tourism marketing strategies to include tourist destinations representing the state's cultural and ethnic heritage, including, but not limited to, the arts and humanities, community folk life, museums, festivals, and historic assets.

SEC. 2. (a) No later than July 1, 2005, the California Travel and Tourism Commission shall make recommendations to the Governor, the Legislature, and the Secretary of Technology, Trade, and Commerce regarding an implementation strategy and timeline for revision of the annual marketing plan required by Section 15372.75 of the Government Code to include promotion of the state's artistic, cultural, historical, and ethnic resources with a goal of expanding the economic benefits of tourism to more communities, both urban and rural, in California.

(b) In preparing the report required by subdivision (a), the commission shall consult with other organizations, including, but not limited to, the California Arts Council, the Office of Historic Preservation, the Department of Parks and Recreation, the State Historic Resources Commission, the California Association of Museums, and the California Cultural and Historical Endowment in the State Library.

SEC. 3. Section 15372.61 of the Government Code is amended to read:

15372.61. The Legislature hereby finds and declares all of the following:

(a) Tourism is among California's biggest industries, contributing more than seventy-five billion dollars ($75,000,000,000) to the state economy and employing more than one million Californians in 2001.

(b) In order to retain and expand the tourism industry in California, it is necessary to market travel to and within California.

(c) State funding, while an important component of marketing, has been unable to generate sufficient funds to meet the threshold levels of funding necessary to reverse recent losses of California's tourism market share.

(d) In regard to the need for a cooperative partnership between business and industry:

(1) It is in the state's public interest and vital to the welfare of the state's economy to expand the market for, and develop, California tourism through a cooperative partnership funded in part by the state that will allow generic promotion and communication programs.

(2) The mechanism established by this chapter is intended to play a unique role in advancing the opportunity to expand tourism in California, and it is intended to increase the opportunity for tourism to

the benefit of the tourism industry and the consumers of the State of California.

(3) Programs implemented pursuant to this chapter are intended to complement the marketing activities of individual competitors within the tourism industry.

(4) While it is recognized that smaller businesses participating in the tourism market often lack the resources or market power to conduct these activities on their own, the programs are intended to be of benefit to businesses of all sizes.

(5) These programs are not intended to, and they do not, impede the right or ability of individual businesses to conduct activities designed to increase the tourism market generally or their own respective shares of the California tourism market, and nothing in the mechanism established by this chapter shall prevent an individual business or participant in the industry from seeking to expand its market through alternative or complementary means, or both.

(6) (A) An individual business's own advertising initiatives are typically designed to increase its share of the California tourism market rather than to increase or expand the overall size of that market.

(B) In contrast, generic promotion of California as a tourism destination is intended and designed to maintain or increase the overall demand for California tourism and to maintain or increase the size of that market, often by utilizing promotional methods and techniques that individual businesses typically are unable, or have no incentive, to employ.

(7) This chapter creates a mechanism to fund generic promotions that, pursuant to the required supervision and oversight of the secretary as specified in this chapter, further specific state governmental goals, as established by the Legislature, and result in a promotion program that produces nonideological and commercial communication that bears the characteristics of, and is entitled to all the privileges and protections of, government speech.

(8) The programs implemented pursuant to this chapter shall be carried out in an effective and coordinated manner that is designed to strengthen the tourism industry and the state's economy as a whole.

(9) Independent evaluation of the effectiveness of the programs will assist the Legislature in ensuring that the objectives of the programs as set out in this section are met.

(e) An industry-approved assessment provides a private-sector financing mechanism that, in partnership with state funding, will provide the amount of marketing necessary to increase tourism marketing expenditures by California.

(f) The goal of the assessments is to assess the least amount per business, in the least intrusive manner, spread across the greatest practical number of tourism industry segments.

(g) The commission shall target an amount determined to be sufficient to market effectively travel and tourism to and within the state.

(h) In the course of developing its written marketing plan pursuant to Section 15372.75, the commission shall, to the maximum extent feasible, do both of the following:

(1) Seek advice and recommendations from all segments of California's travel and tourism industry and from all geographic regions of the state.

(2) Harmonize, as appropriate, its marketing plan with the travel and tourism marketing activities and objectives of the various industry segments and geographic regions.

(i) The commission's marketing budget shall be spent principally to bring travelers and tourists into the state. No more than 15 percent of the commission's assessed funds in any year shall be spent to promote travel within California, unless approved by at least two-thirds of the commissioners.

CHAPTER 205

An act to add Chapter 10 (commencing with Section 108920) to Part 3 of Division 104 of the Health and Safety Code, relating to toxic substances.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 108920) is added to Part 3 of Division 104 of the Health and Safety Code, to read:

CHAPTER 10. POLYBROMINATED DIPHENYL ETHERS

108920. The Legislature finds and declares all of the following:

(a) Chemicals known as brominated flame retardants (BFRs) are widely used in California. To meet stringent fire standards, manufacturers add BFRs to a multitude of products, including plastic housing of electronics and computers, circuit boards, and the foam and textiles used in furniture.

(b) Polybrominated diphenyl ether (PBDE), which is a subcategory of BFRs, has increased fortyfold in human breast milk since the 1970s. Women in California carry more PBDEs in their bodies than anyone else studied in the world.

(c) PBDE has the potential to disrupt thyroid hormone balance and contribute to a variety of developmental deficits, including low intelligence and learning disabilities. PBDE may also have the potential to cause cancer.

(d) Substantial efforts to eliminate BFRs from products have been made throughout the world, including private and public sectors. These efforts have made available numerous alternatives safe to human health while meeting stringent fire standards. To meet market demand, it is in the interest of California manufacturers to eliminate the use of BFRs.

(e) In order to protect the public health and the environment, the Legislature believes it is necessary for the state to develop a precautionary approach regarding the production, use, storage, and disposal of products containing brominated fire retardants.

108921. For purposes of this chapter, the following definitions apply:

(a) ''OctaBDE'' means octabrominated diphenyl ether.

(b) ''PBDE'' means polybrominated diphenyl ether.

(c) ''PentaBDE'' means pentabrominated diphenyl ether.

108922. (a) On and after January 1, 2008, a person may not manufacture, process, or distribute in commerce a product, or a flame-retarded part of a product, containing more than one-tenth of 1 percent of pentaBDE or octaBDE, by mass.

(b) The term ''process,'' as used in subdivision (a), does not include the processing of metallic recyclables containing pentaBDE or octaBDE that is conducted in compliance with all applicable federal, state, and local laws.

108923. On or before March 1, 2004, the Senate Office of Research shall submit to the President pro Tempore of the Senate and the Senate Environmental Quality Committee recommendations regarding the regulation of PBDE, including relevant findings and rulings by the European Union.

CHAPTER 206

An act to amend Section 12947 of the Water Code, relating to water.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 12947 of the Water Code is amended to read:

12947. (a) The Legislature finds and declares that the growing water needs of the state require the development of cost effective and efficient water supply technologies. Desalination technology is now feasible to help provide significant new water supplies from seawater, brackish water, and reclaimed water. Desalination technology can also provide an effective means of treating some types of contamination in water supplies. Desalination is consistent with both state water supply and efficiency policy goals, and joint state-federal environmental and water policy and principles promoted by the Cal-Fed Bay Delta Program.

(b) It is the policy of this state that desalination projects developed by or for public water entities be given the same opportunities for state assistance and funding as other water supply and reliability projects, and that desalination be consistent with all applicable environmental protection policies in the state.

(c) It is the intention of the Legislature that the department shall undertake to find economic and efficient methods of desalting saline water so that desalted water may be made available to help meet the growing water requirements of the state.

CHAPTER 207

An act to amend Section 512 of the Labor Code, relating to employment.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 512 of the Labor Code is amended to read:

512. (a) An employer may not employ an employee for a work period of more than five hours per day without providing the employee with a meal period of not less than 30 minutes, except that if the total work period per day of the employee is no more than six hours, the meal period may be waived by mutual consent of both the employer and employee. An employer may not employ an employee for a work period of more than 10 hours per day without providing the employee with a second meal period of not less than 30 minutes, except that if the total hours worked is no more than 12 hours, the second meal period may be

waived by mutual consent of the employer and the employee only if the first meal period was not waived.

(b) Notwithstanding subdivision (a), the Industrial Welfare Commission may adopt a working condition order permitting a meal period to commence after six hours of work if the commission determines that the order is consistent with the health and welfare of the affected employees.

(c) Subdivision (a) does not apply to an employee in the wholesale baking industry who is subject to an Industrial Welfare Commission Wage Order and who is covered by a valid collective bargaining agreement that provides for a 35-hour workweek consisting of five seven-hour days, payment of 1 and $^1/_2$ the regular rate of pay for time worked in excess of seven hours per day, and a rest period of not less than 10 minutes every two hours.

CHAPTER 208

An act to amend Section 33590 of the Education Code, relating to special education.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 33590 of the Education Code is amended to read:

33590. (a) There is in the state government the Advisory Commission on Special Education consisting of the following 17 members:

(5) Four public members appointed by the Governor, two of whom shall be parents of pupils in either a public or private school who have received or are currently receiving special education services due to a disabling condition.

(6) Five public members appointed by the State Board of Education, upon the recommendation of the Superintendent of Public Instruction or the members of the State Board of Education, three of whom shall be parents of pupils in either a public or private school who have received or are currently receiving special education services due to a disabling condition, and one of whom shall be a representative of the charter school community.

(b) (1) Each member shall be selected to ensure that the commission is representative of the state population and composed of individuals involved in, or concerned with, the education of children with disabilities, including parents of children with disabilities; individuals with disabilities; teachers; representatives of higher education that prepare special education and related services personnel; state and local education officials; administrators of programs for children with disabilities; representatives of other state agencies involved in the financing or delivery of related services to children with disabilities; representatives of private schools and public charter schools; at least one representative of a vocational community or business organization concerned with the provision of transition services to children with disabilities; and representatives from the juvenile and adult corrections agencies.

(3) A majority of the members of the commission shall be individuals with disabilities or parents of children with disabilities.

(c) The commission shall select one of its members to be chairperson of the commission. In addition to other duties, the chairperson shall notify the appointing bodies when a vacancy occurs on the commission and of the type of representative listed in subdivision (b) who is required to be appointed to fill the vacancy.

(d) The term of each public member is four years.

(e) A public member may not serve more than two terms.

CHAPTER 209

An act to add Section 12302.21 to the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 12302.21 is added to the Welfare and Institutions Code, to read:

12302.21. (a) For purposes of providing cost-efficient workers' compensation coverage for in-home supportive services providers under this article, the department shall assume responsibility for providing workers' compensation coverage for employees of nonprofit agencies and proprietary agencies who provide in-home supportive services pursuant to contracts with counties. The workers' compensation coverage provided for these employees shall be provided on the same terms as provided to providers under Section 12302.2 and 12302.5.

(b) A county that has existing contracts with nonprofit agencies or proprietary agencies whose employees will be provided workers' compensation coverage by the department pursuant to subdivision (a), shall reduce the contract hourly rate by fifty cents ($0.50) per hour, effective on the date that the department implements this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 211

An act to add Section 8315 to the Government Code, relating to racial discrimination.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Section 31 of Article I of the California Constitution provides that ''The State shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting.'' Thus, that constitutional provision prohibits ''racial discrimination.''

(b) ''Racial discrimination'' is not defined. The lack of a legal definition for that term has led to confusion and conflict over implementation of Section 31 of Article I of the California Constitution.

(c) The United Nations General Assembly on December 21, 1965, adopted, and the United States on September 28, 1966, signed, the International Convention on the Elimination of All Forms of Racial Discrimination. That international convention includes a definition of the term ''racial discrimination.''

(d) On June 24, 1994, the United States Senate adopted the Resolution of Advice and Consent to Ratification of the International Convention on the Elimination of All Forms of Racial Discrimination, subject to specified reservations, understanding, declarations, and proviso.

(e) The United States Senate's advice and consent are subject to the understanding that the International Convention on the Elimination of All Forms of Racial Discrimination shall be implemented by the federal government to the extent that it exercises jurisdiction over the matters covered by the convention, and otherwise by the state and local governments.

(f) To clarify confusion over the terms ''racial discrimination'' and ''discrimination on the basis of race,'' those terms as used in Section 31 of Article I of the California Constitution should have the same meaning as that contained in paragraphs 1 and 4 of Article 1 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination.

SEC. 2. Section 8315 is added to the Government Code, to read:

8315. (a) ''Racial discrimination'' or ''discrimination on the basis of race'' for the purposes of Section 31 of Article I of the California Constitution shall have the same meaning as the term ''racial discrimination'' as defined and used in paragraphs 1 and 4 of Article 1 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination, as adopted by the United Nations General Assembly on December 21, 1965, signed on behalf of the United States on September 28, 1966, and ratified by the United States Senate as Treaty Number 95-18 by United States Senate on June 24, 1994. The language contained in the pertinent provisions of the International Convention on the Elimination of All Forms of Racial Discrimination is set forth in subdivision (b).

(b) The International Convention on the Elimination of All Forms of Racial Discrimination, provides in paragraphs 1 and 4 of Article 1 of Part I, respectively, as follows:

> ''1. In this Convention, the term 'racial discrimination' shall mean any distinction, exclusion, restriction or preference based on race, colour, descent, or national or ethnic origin which has the purpose or effect of nullifying or impairing the recognition, enjoyment or exercise, on an equal footing, of human rights and fundamental freedoms in the political, economic, social, cultural or any other field of public life.''

> ''4. Special measures taken for the sole purpose of securing adequate advancement of certain racial or ethnic groups or individuals requiring such protection as may be necessary in order to ensure such groups or individuals equal enjoyment or exercise of human rights and fundamental freedoms shall not be deemed racial discrimination, provided, however, that such measures do not, as a consequence, lead to the maintenance of separate rights for different racial groups and that they shall not be continued after the objectives for which they were taken have been achieved.''

(c) To allow the state to assist the United States Government in fulfilling its international obligation to pursue a policy to eliminate all forms of racial discrimination pursuant to paragraph 1 of Article 2 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination, as set forth in subdivision (d), the following provisions shall be used to interpret and implement Section 31 of Article I of the California Constitution:

(1) Section 31 of Article I of the California Constitution, except as to its prohibition of granting preferential treatment, shall not be interpreted as granting an individual a private cause of action to challenge any

special measures undertaken for the purpose of securing adequate advancement of those racial groups requiring the protection pursuant to paragraph 1 of Article 2 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination. Special measures shall not be interpreted as preferential treatment.

(2) Section 31 of Article I of the California Constitution shall not be construed as requiring the government to prove racial discrimination before undertaking special measures for the purpose of securing adequate advancement of those racial minority groups needing that protection pursuant to paragraph 1 of Article 2 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination.

(d) Paragraph 1 of Article 2 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination provides as follows:

> ''1. States Parties (member nations that have adopted the International Convention on the Elimination of All Forms of Racial Discrimination) condemn racial discrimination to pursue by all appropriate means and without delay a policy of eliminating racial discrimination in all its forms and promoting the understanding among all races, and to this end:
>
> ''(a) Each State Party undertakes to engage in no act or practice of racial discrimination against persons, groups of persons or institutions and to ensure that all public authorities and public institutions, national and local, shall act in conformity with this obligation.
>
> ''(b) Each State Party undertakes not to sponsor, defend or support racial discrimination by any persons or organizations.
>
> ''(c) Each State Party shall take effective measures to review governmental, national and local policies, and to amend, rescind or nullify any laws and regulations which have the effect of creating or perpetuating racial discrimination wherever it exists.
>
> ''(d) Each State Party shall prohibit and bring to an end, by all appropriate means, including legislation as required by circumstances, racial discrimination by any persons, group or organization.
>
> ''(e) Each State Party undertakes to encourage, where appropriate, integrationist multiracial organizations and movements and other means of eliminating barriers between races, and to discourage anything which tends to strengthen racial

division.''

CHAPTER 212

An act to amend Section 22658 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 22658 of the Vehicle Code is amended to read:

22658. (a) Except as provided in Section 22658.2, the owner or person in lawful possession of any private property, within one hour of notifying, by telephone or, if impractical, by the most expeditious means available, the local traffic law enforcement agency, may cause the removal of a vehicle parked on the property to the nearest public garage under any of the following circumstances:

(1) There is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency. The sign may also indicate that a citation may also be issued for the violation.

(2) The vehicle has been issued a notice of parking violation, and 96 hours have elapsed since the issuance of that notice.

(3) The vehicle is on private property and lacks an engine, transmission, wheels, tires, doors, windshield, or any other major part or equipment necessary to operate safely on the highways, the owner or person in lawful possession of the private property has notified the local traffic law enforcement agency, and 24 hours have elapsed since that notification.

(4) The lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.

(b) The person causing removal of the vehicle, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner of the vehicle, shall immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the

notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property, or an ''association'' pursuant to Section 22658.2, causing the removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to comply with paragraph (1), (2), or (3) of subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).

(f) Any owner or person in lawful possession of any private property, or an ''association'' pursuant to Section 22658.2, causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle and (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

(h) A towing company may impose a charge of not more than one-half of the regular towing charge for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property. The regular towing charge may only be imposed after the vehicle has been removed from the property and is in transit.

(i) (1) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than that which would have been charged for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company in the city or county in which is located the private property from which the vehicle was, or was attempted to be, removed.

(2) If a vehicle is released within 24 hours from the time the vehicle is brought into the storage facility, regardless of the calendar date, the storage charge shall be for only one day. Not more than one day's storage charge may be required for any vehicle released the same day that it is stored.

(3) If a request to release a vehicle is made and the appropriate fees are tendered and documentation establishing that the person requesting release is entitled to possession of the vehicle, or is the owner's insurance representative, is presented within the initial 24 hours of storage, and the storage facility fails to comply with the request to release the vehicle or is not open for business during normal business hours, then only one day's storage charge may be required to be paid until after the first business day. A business day is any day in which the lienholder is open for business to the public for at least eight hours. If a request is made more than 24 hours after the vehicle is placed in storage, charges may be imposed on a full calendar day basis for each day, or part thereof, that the vehicle is in storage.

(j) Any person who charges a vehicle owner a towing, service, or storage charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.

(k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank credit card or cash for payment of towing and storage by a registered owner or the owner's agent claiming the vehicle. A person operating or in charge of any storage facility who refuses to accept a valid bank credit card is liable to the registered owner of the vehicle for four times the amount of the towing and storage charges, but not to exceed five hundred dollars ($500). In addition, persons operating or in charge of the storage facility shall have sufficient moneys on the premises of the primary storage facility during normal business hours to accommodate, and make change in, a reasonable monetary transaction.

Credit charges for towing and storage services shall comply with Section 1748.1 of the Civil Code. Law enforcement agencies may include the costs of providing for payment by credit when making agreements with towing companies as described in subdivision (i).

(*l*) (1) A towing company shall not remove or commence the removal of a vehicle from private property without first obtaining

written authorization from the property owner or lessee, or an employee or agent thereof, who shall be present at the time of removal. General authorization to remove or commence removal of a vehicle at the towing company's discretion shall not be delegated to a towing company or its affiliates except in the case of a vehicle unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or exit from, the private property.

(2) If a towing company removes a vehicle without written authorization and that vehicle is unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or exit from, the private property, the towing company shall take, prior to the removal of that vehicle, a photograph of the vehicle which clearly indicates that parking violation. The towing company shall keep one copy of the photograph taken pursuant to this paragraph, and shall present that photograph to the owner or an agent of the owner, when that person claims the vehicle.

(3) Any towing company, or any affiliate of a towing company, which removes, or commences removal of, a vehicle from private property without first obtaining written authorization from the property owner or lessee, or an employee or agent thereof, who is present at the time of removal or commencement of the removal, except as permitted by paragraph (1), is liable to the owner of the vehicle for four times the amount of the towing and storage charges, in addition to any applicable criminal penalty, for a violation of paragraph (1).

(m) (1) It is the intent of the Legislature in the adoption of subdivision (k) to assist vehicle owners or their agents by, among other things, allowing payment by credit cards for towing and storage services, thereby expediting the recovery of towed vehicles and concurrently promoting the safety and welfare of the public.

(2) It is the intent of the Legislature in the adoption of subdivision (l) to further the safety of the general public by ensuring that a private property owner or lessee has provided his or her authorization for the removal of a vehicle from his or her property, thereby promoting the safety of those persons involved in ordering the removal of the vehicle as well as those persons removing, towing, and storing the vehicle.

The trustees shall give the employee 15 days' written notice of their intention to file the application and a reasonable opportunity to respond prior to the filing of the application. However, the decision to file the application is final, and is not appealable to the State Personnel Board.

(b) Notwithstanding Section 21153 of the Government Code, upon filing the application for disability retirement, the trustees may remove the employee from his or her job and place the employee on involuntary leave status. The employee may use any accrued leave during the period of the involuntary leave. If the employee's leave credits and programs are exhausted, or if they do not provide benefits that are at least equal to the estimated retirement allowance, the trustees shall pay the employee an additional temporary disability allowance so that the employee receives payment that is equal to the estimated retirement allowance. The trustees shall continue to make all employer contributions to the employee's health insurance plan during the period of involuntary leave.

(c) If the application for disability retirement is subsequently granted, the retirement system shall reimburse the trustees for the temporary disability allowance, which shall be deducted from any back disability retirement benefits that are otherwise payable to the employee. If the application is denied, the trustees shall reinstate the employee to his or her position, with back salary and benefits, less any temporary disability allowance paid by the trustees. The trustees shall also restore any leave credits that the employee used during the period of the involuntary leave.

(e) This section shall not apply to employees designated as management employees under Section 3507.5.

(f) The board shall not find it an unfair practice for an employee organization to violate a rule or regulation adopted by a public agency if that rule or regulation is itself in violation of this chapter. CHAPTER 216

An act to amend Sections 3574 and 3577 of the Government Code, relating to higher education labor relations.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 3574 of the Government Code is amended to read:

3574. The higher education employer shall grant a request for recognition filed pursuant to Section 3573 unless any of the following occurs:

(a) The employer reasonably doubts that the employee organization has majority support or reasonably doubts the appropriateness of the requested unit. In that case, the employer shall notify the board, which

shall conduct a representation election or verify proof of majority support pursuant to Section 3577 unless subdivision (c) or (d) applies.

(b) Another employee organization either files with the employer a challenge to the appropriateness of the unit or submits a competing claim of representation within 15 workdays of the posting of notice of the written request. If the claim is evidenced by the support of at least 30 percent of the members of the proposed unit, a question of representation shall be deemed to exist and the board shall conduct a representation election pursuant to Section 3577. Proof of that support shall be submitted to either the board or to a mutually agreed upon third party.

(c) There is currently in effect a lawful written memorandum of understanding between the employer and another employee organization recognized or certified as the exclusive representative of any employees included in the unit described in the request for recognition, unless the request for recognition is filed not more than 120 days and not less than 90 days prior to the expiration date of the memorandum of understanding, provided that, if the memorandum of understanding has been in effect for three years or more, there shall be no restriction as to the time of filing the request. The existence of a memorandum of understanding, or current certification as the exclusive representative, shall be the proof of support necessary to trigger a representation election pursuant to Section 3577 to determine majority support when a request for recognition is made by another employee organization.

(d) Within the previous 12 months, either another employee organization has been lawfully recognized or certified as the exclusive representative of any employees included in the unit described in the request for recognition, or a majority of the votes cast in a representation election held pursuant to Section 3577 were cast for ''no representation.''

SEC. 2. Section 3577 of the Government Code is amended to read:

3577. (a) (1) (A) Upon receipt of a petition filed pursuant to Section 3575, the board shall conduct inquiries and investigations, or hold hearings, as it deems necessary in order to decide the questions raised by the petition. The determination of the board may be based upon the evidence adduced in the inquiries, investigations, or hearings.

(B) If the board finds, on the basis of the evidence, that a question of representation exists, or a question of representation is deemed to exist pursuant to subdivision (a) or (b) of Section 3574, it shall, in a case where the criteria of subparagraph (A) of paragraph (2) are not met, order that an election shall be conducted by secret ballot placing on the ballot all employee organizations evidencing support of at least 10 percent of the members of an appropriate unit, and it shall certify the results of the election on the basis of which ballot choice received a majority of the

valid votes cast. There shall be printed on the initial ballot the choice of ''no representation.''

(C) If, at any election, no choice on the ballot receives a majority of the votes cast, a runoff election shall be conducted. The ballot for the runoff election shall provide for a selection between the two choices receiving the largest and second largest number of valid votes cast in the election.

(2) (A) If the petitioning employee organization provides proof of support of more than 50 percent of the members of the appropriate unit, and no other employee organization has provided proof of support of at least 30 percent of the members of the appropriate unit, the employee organization providing the proof of support of more than 50 percent of the appropriate unit shall be certified by the board as the exclusive representative, as provided in subdivision (a) of Section 3563 and, where applicable, in Section 3579. The procedures for determining proof of support shall be defined by regulations of the board.

(B) In the event the petitioning employee organization does not provide proof of support of more than 50 percent of the members of the appropriate unit, or another employee organization provides proof of support of at least 30 percent of the members of the appropriate unit, then the procedures of paragraph (1) shall apply.

(C) The existence of a memorandum of understanding, or current certification as the exclusive representative, shall be the proof of support necessary to trigger a representation election pursuant to this section to determine majority support when a request for recognition is made by another employee organization.

(3) An employee organization shall, at its discretion, submit proof of support for the purposes of this section either to the board or to a mutually agreed-upon third party.

(b) No election shall be held and the petition shall be dismissed whenever either of the following occurs:

(1) There is currently in effect a memorandum of understanding between the employer and another employee organization recognized or certified as the exclusive representative of any employees included in the unit described in the petition, unless the petition is filed not more than 120 days and not less than 90 days prior to the expiration date of that memorandum. If the memorandum has been in effect for three years or more, there shall be no restriction as to time of filing the petition.

(2) Within the previous 12 months, either an employee organization other than the petitioner has been lawfully recognized or certified as the exclusive representative of any employees included in the unit described

in the petition, or a majority of the votes cast in a representation election held pursuant to subdivision (a) were cast for ''no representation.''

1679. (a) A nonresident applicant for a license shall be subject to the same qualifying examination as is required of a resident applicant. The examination may be administered to an eligible nonresident applicant through the insurance authority of the state, territory of the United States, or province of Canada of his or her residence; provided, however, that the commissioner may, in his or her discretion, enter into a reciprocal arrangement with the officer having supervision of the insurance business in any other state, territory of the United States, or province of Canada whose qualification standards for the applicant to be examined are substantially the same as or in excess of those of this state, to accept, in lieu of the examination of an applicant residing therein, a certificate of the officer to the effect that the applicant is licensed in that state, territory of the United States, or province of Canada in a capacity similar to that for which a license is sought in this state and has complied with its qualification standards in respect to the following:

(1) Experience or training,

(2) If the reinsurance intermediary-broker does not maintain an office in this state, the reinsurance intermediary-broker shall be a licensed producer in this state or another state having a law substantially similar to this chapter or shall be licensed in this state as a nonresident reinsurance intermediary.

(3) Unless denied licensure pursuant to subdivision (e), a nonresident person shall receive a reinsurance intermediary-broker license if all of the following requirements are met:

(A) The person is currently licensed and in good standing in the state, territory of the United States, or province of Canada where he or she is licensed as a resident reinsurance intermediary-broker.

(B) The person has submitted the proper request for licensure and has paid the fees required by paragraph (3) of subdivision (d).

(C) The person has submitted or transmitted to the commissioner the application for licensure that the person submitted to the state, territory of the United States, or province of Canada where he or she is licensed as a resident, or submitted or transmitted to the commissioner a completed National Association of Insurance Commissioners Uniform Nonresident Application.

(1) For a reinsurer domiciled in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(2) In this state, if the reinsurance intermediary-manager maintains an office either directly or as a member or employee of a firm or association, or as an officer, director, or employee of a corporation in this state, unless the reinsurance intermediary-manager is a licensed producer in this state.

(3) In another state for a nondomestic admitted insurer, unless the reinsurance intermediary-manager is a licensed producer in this state or in another state having a law substantially similar to this chapter or the person is licensed in this state as a nonresident reinsurance intermediary.

(4) Unless denied licensure pursuant to subdivision (e), a nonresident person shall receive a reinsurance intermediary-manager license if all of the following requirements are met:

(A) The person is currently licensed and in good standing in the state, territory of the United States, or province of Canada where he or she is licensed as a resident reinsurance intermediary-manager.

(1) File a fidelity bond issued by an admitted surety in an amount determined by the commissioner for the protection of the reinsurer.

(2) Maintain an errors and omissions policy in an amount acceptable to the commissioner.

(d) (1) The commissioner may issue a reinsurance intermediary license to any person, firm, association, or corporation that has complied with the applicable requirements of this chapter. This license, when issued to a corporation, authorizes all of the officers, and any designated employees and directors thereof to act as reinsurance intermediaries on behalf of the corporation, and all these persons shall be named in the application and any supplements thereto.

(2) Any application for licensure as a reinsurance intermediary under this subdivision shall be made on a form prescribed by the commissioner and shall be accompanied by an application fee of two hundred fifty dollars ($250).

(e) The commissioner may refuse to issue a reinsurance intermediary license if, in his or her judgment, the applicant, any person named on the application, or any member, principal, officer, or director of the applicant, is determined by the commissioner not to be trustworthy, or that any controlling person of the applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of a reinsurance intermediary license, or has failed to comply with any prerequisite for the issuance of such a license. Upon written request therefor, the commissioner shall furnish the applicant with a summary of the basis for refusal to issue a reinsurance intermediary license, which document shall not be subject to inspection as a public record.

(f) Licensed attorneys at law when acting in their professional capacity as such shall be exempt from this section.

(g) A reinsurance intermediary-manager, when acting in that capacity and in compliance with this chapter, shall not be required to separately comply with Article 5.4 (commencing with Section 769.80) of Chapter 1 (if added by Senate Bill 1039 of the 1991–92 Regular Session) in order to engage in conduct authorized by both this chapter and that article.

(7) Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with this subdivision.

(8) Every insurer shall provide to a prospective applicant, at the time of solicitation, written notice that the Health Insurance Counseling and Advocacy Program (HICAP) provides health insurance counseling to senior California residents free of charge. (c) Once a governing body has approved the use of a school building as a polling place, the governing body shall instruct the school administrator to provide the elections official a site with an adequate amount of space that will allow the precinct board to perform its duties in a manner that will not impede, interfere, or interrupt the normal process of voting and to make a telephone line for Internet access available for use by local elections officials, if requested by those officials.

CHAPTER 223

An act to add Section 14557 to the Government Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14557 is added to the Government Code, to read:

14557. (a) The Legislature finds and declares that the Governor has issued a proclamation pursuant to paragraph (1) of subdivision (d) of Section 1 of Article XIX B of the California Constitution declaring that the transfer of revenues from the General Fund to the Transportation Investment Fund during the 2003–04 fiscal year pursuant to paragraph (a) of Section 1 of Article XIX B would have a significant negative fiscal impact on the range of functions of government funded by the General Fund of the state.

(b) Pursuant to paragraph (2) of subdivision (d) of Section 1 of Article XIX B, the transfer of revenues from the General Fund to the Transportation Investment Fund that would otherwise be required under paragraph (a) of Section 1 of Article XIX B is hereby partially suspended for the 2003–04 fiscal year. The amount of the transfer for the 2003–04 fiscal year shall be two hundred eighty-nine million dollars ($289,000,000).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to partially suspend the transfer of funds from the General Fund to the Transportation Investment Fund for the 2003–04 fiscal year pursuant to Section 1 of Article XIX B of the California Constitution as quickly as possible, it is necessary that this act take effect immediately.

CHAPTER 224

An act to add Section 14557.1 to the Government Code, and to amend Section 7102 of, and to add Section 7105 to, the Revenue and Taxation Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14557.1 is added to the Government Code, to read:

14557.1. (a) Notwithstanding Sections 14556.5 and 14556.6, the money transferred from the Transportation Investment Fund to the Traffic Congestion Relief Fund during the 2003–04 fiscal year, which amount is two hundred eighty-nine million dollars ($289,000,000) pursuant to subdivision (b) of Section 14557 and paragraph (1) of subdivision (c) of Section 7104 of the Revenue and Taxation Code, shall be allocated as follows:

(1) One hundred eighty-nine million dollars ($189,000,000) is appropriated to the department, for expenditure as directed by the commission, for the Traffic Congestion Relief Program, of which up to thirty-one million dollars ($31,000,000) shall be available to the department for capital outlay support for projects in that program.

(2) One hundred million dollars ($100,000,000) shall be transferred to the State Highway Account, as partial repayment of loans made to the Traffic Congestion Relief Fund from the State Highway Account pursuant to paragraph (2) of subdivision (a) of Section 14556.8, for expenditure by the department as directed by the commission on transportation capital improvement projects included in the State Transportation Improvement Program.

(b) The transfer from the Transportation Investment Fund to the Traffic Congestion Relief Fund under subdivision (a) shall occur on a quarterly basis, with one quarter of total funds available for the fiscal year to be transferred each quarter.

SEC. 2. Section 7102 of the Revenue and Taxation Code is amended to read:

7102. The money in the fund shall, upon order of the Controller, be drawn therefrom for refunds under this part, credits or refunds pursuant to Section 60202, and refunds pursuant to Section 1793.25 of the Civil Code, or be transferred in the following manner:

(a) (1) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel which would not have been received if the sales and use tax rate had been 5 percent and if motor vehicle fuel, as defined for purposes of the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301)), had been exempt from sales and use taxes, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(A) For the 2001–02 fiscal year, those transfers may not be more than eighty-one million dollars ($81,000,000) plus one-half of the amount computed pursuant to this paragraph that exceeds eighty-one million dollars ($81,000,000).

(B) For the 2002–03 fiscal year, those transfers may not be more than thirty-seven million dollars ($37,000,000) plus one-half of the amount computed pursuant to this paragraph that exceeds thirty-seven million dollars ($37,000,000).

(C) For the 2003–04 fiscal year, no transfers shall be made pursuant to this paragraph, except that if the amount to be otherwise transferred pursuant to this paragraph is in excess of eighty-seven million four hundred fifty thousand dollars ($87,450,000), then the amount of that excess shall be transferred.

(2) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate, resulting from increasing, after December 31, 1989, the rate of tax imposed pursuant to the Motor Vehicle Fuel License Tax Law on motor vehicle fuel, as defined for purposes of that law, shall be

transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(3) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate from the imposition of sales and use taxes on fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)) and the Diesel Fuel Tax Law (Part 31 (commencing with Section 60001)), shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(4) All revenues, less refunds, derived under this part from the taxes imposed pursuant to Sections 6051.2 and 6201.2 shall be transferred to the Sales Tax Account of the Local Revenue Fund for allocation to cities and counties as prescribed by statute.

(5) All revenues, less refunds, derived from the taxes imposed pursuant to Section 35 of Article XIII of the California Constitution shall be transferred to the Public Safety Account in the Local Public Safety Fund created in Section 30051 of the Government Code for allocation to counties as prescribed by statute.

(b) The balance shall be transferred to the General Fund.

(c) The estimates required by subdivision (a) shall be based on taxable transactions occurring during a calendar year, and the transfers required by subdivision (a) shall be made during the fiscal year that commences during that same calendar year. Transfers required by paragraphs (1), (2), and (3) of subdivision (a) shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be made quarterly.

(d) Notwithstanding the designation of the Public Transportation Account as a trust fund pursuant to subdivision (a), the Controller may use the Public Transportation Account for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code. The loans shall be repaid with interest from the General Fund at the Pooled Money Investment Account rate.

(e) The Legislature may amend this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is consistent with, and furthers the purposes of this section.

SEC. 3. Section 7105 is added to the Revenue and Taxation Code, to read:

7105. (a) The Transportation Deferred Investment Fund is hereby created in the State Treasury.

(b) On or before June 30, 2009, the Controller shall transfer an amount from the General Fund to the Transportation Deferred Investment Fund that is equal to the amount that was not transferred from

the General Fund to the Transportation Investment Fund for the 2003–04 fiscal year because of the partial suspension of the transfer pursuant to Section 14557 of the Government Code, plus interest calculated at the Pooled Money Investment Account rate relative to the amounts that would otherwise have been available for the transportation programs described in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104. The money in the Transportation Deferred Investment Fund is continuously appropriated without regard to fiscal years for disbursement in the manner and for the purposes set forth in this section.

(c) The Controller, from money in the Transportation Deferred Investment Fund, shall make transfers and apportionments of those funds in the same manner and amounts that would have been made in the 2003-04 fiscal year from the Transportation Investment Fund pursuant to Section 7104, as that section read on January 1, 2003, if the transfer of funds from the General Fund to the Transportation Investment Fund had not been partially suspended for the 2003–04 fiscal year pursuant to Section 14557 of the Government Code. However, in making those transfers and apportionments, the Controller shall take into account and deduct therefrom any transfers and apportionments that were made from the Transportation Investment Fund in the 2003–04 fiscal year from funds made available pursuant to subdivision (b) of Section 14557 of the Government Code. It is the intent of the Legislature that upon completion of the transfer of funds pursuant to subdivision (b) from the General Fund to the Transportation Deferred Investment Fund that each of the transportation programs that was to have been funded during fiscal year 2003–04 from the Transportation Investment Fund pursuant to Section 7104 of the Revenue and Taxation Code shall have received the amount of funding that the program would have received in the absence of the suspension of the transfer pursuant to Section 14557 of the Government Code.

(d) The interest that is to be deposited in the Transportation Deferred Investment Fund pursuant to subdivision (b) shall be allocated proportionately to each program element in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104, based on the amount that each program did not receive in fiscal year 2003-04 due to suspension of the transfer pursuant to Section 14557 of the Government Code.

(e) The Legislature finds and declares that continued investment in transportation is essential for the California economy. That investment reduces traffic congestion, assists in economic development, improves the condition of local streets and roads, and provides high-quality public transportation.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure adequate funding for the operation of state government, it is necessary that this act take effect immediately.

CHAPTER 225

An act to amend Sections 4055, 8810, 17400, and 17432 of, to add Section 17522.5 to, and to add and repeal Section 17560 of, the Family Code, to amend Sections 63049.1 and 63049.4 of the Government Code, to amend Sections 1522, 1523.1, 1523.2, 1534, 1568.05, 1569.185, 1569.33, 1596.803, 1596.871, 1597.09, 1597.55a, 1597.55b, 11970.4, and 127885 of, and to add Sections 11970.35 and 104558 to, the Health and Safety Code, to amend Sections 11001.5, 19271, and 19271.6 of the Revenue and Taxation Code, to amend Sections 1611, 1611.5, and 10533 of, and to add Sections 14003 and 14004 to, the Unemployment Insurance Code, and to amend Sections 9544, 9546, 9547, 11462, 11463, 11466.2, 11466.35, 12201, 18226, 19355.5, 19356, 19356.6, and 19356.7 of, to amend, repeal, and add Section 10088 of, and to add Sections 10544.2 and 18901.6 to, the Welfare and Institutions Code, relating to human services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 4055 of the Family Code is amended to read:

4055. (a) The statewide uniform guideline for determining child support orders is as follows: CS = K [HN — (H%) (TN)].

(b) (1) The components of the formula are as follows:

(A) CS = child support amount.

(B) K = amount of both parents' income to be allocated for child support as set forth in paragraph (3).

(C) HN = high earner's net monthly disposable income.

(D) H% = approximate percentage of time that the high earner has or will have primary physical responsibility for the children compared to the other parent. In cases in which parents have different time-sharing arrangements for different children, H% equals the average of the approximate percentages of time the high earner parent spends with each child.

(E) TN = total net monthly disposable income of both parties.

(2) To compute net disposable income, see Section 4059.

(3) K (amount of both parents' income allocated for child support) equals one plus H% (if H% is less than or equal to 50 percent) or two minus H% (if H% is greater than 50 percent) times the following fraction:

Total Net Disposable Income Per Month	K
$0–800	0.20 + TN/16,000
$801–6,666	0.25
$6,667–10,000	0.10 + 1,000/TN
Over $10,000	0.12 + 800/TN

For example, if H% equals 20 percent and the total monthly net disposable income of the parents is $1,000, K = (1 + 0.20) × 0.25, or 0.30. If H% equals 80 percent and the total monthly net disposable income of the parents is $1,000, K = (2 — 0.80) × 0.25, or 0.30.

(4) For more than one child, multiply CS by:

2 children	1.6
3 children	2
4 children	2.3
5 children	2.5
6 children	2.625
7 children	2.75
8 children	2.813
9 children	2.844
10 children	2.86

(5) If the amount calculated under the formula results in a positive number, the higher earner shall pay that amount to the lower earner. If the amount calculated under the formula results in a negative number, the lower earner shall pay the absolute value of that amount to the higher earner.

(6) In any default proceeding where proof is by affidavit pursuant to Section 2336, or in any proceeding for child support in which a party fails to appear after being duly noticed, H% shall be set at zero in the formula if the noncustodial parent is the higher earner or at 100 if the custodial parent is the higher earner, where there is no evidence presented demonstrating the percentage of time that the noncustodial parent has primary physical responsibility for the children. H% shall not be set as described above if the moving party in a default proceeding is the noncustodial parent or if the party who fails to appear after being duly

noticed is the custodial parent. A statement by the party who is not in default as to the percentage of time that the noncustodial parent has primary physical responsibility for the children shall be deemed sufficient evidence.

(7) In all cases in which the net disposable income per month of the obligor is less than one thousand dollars ($1,000), there shall be a rebuttable presumption that the obligor is entitled to a low-income adjustment. The presumption may be rebutted by evidence showing that the application of the low-income adjustment would be unjust and inappropriate in the particular case. In determining whether the presumption is rebutted, the court shall consider the principles provided in Section 4053, and the impact of the contemplated adjustment on the respective net incomes of the obligor and the obligee. The low-income adjustment shall reduce the child support amount otherwise determined under this section by an amount that is no greater than the amount calculated by multiplying the child support amount otherwise determined under this section by a fraction, the numerator of which is 1,000 minus the obligor's net disposable income per month, and the denominator of which is 1,000.

(8) Unless the court orders otherwise, the order for child support shall allocate the support amount so that the amount of support for the youngest child is the amount of support for one child, and the amount for the next youngest child is the difference between that amount and the amount for two children, with similar allocations for additional children. However, this paragraph does not apply to cases in which there are different time-sharing arrangements for different children or where the court determines that the allocation would be inappropriate in the particular case.

(c) If a court uses a computer to calculate the child support order, the computer program shall not automatically default affirmatively or negatively on whether a low-income adjustment is to be applied. If the low-income adjustment is applied, the computer program shall not provide the amount of the low-income adjustment. Instead, the computer program shall ask the user whether or not to apply the low-income adjustment, and if answered affirmatively, the computer program shall provide the range of the adjustment permitted by paragraph (7) of subdivision (b).

SEC. 2. Section 8810 of the Family Code is amended to read:

8810. (a) Except as otherwise provided in this section, whenever a petition is filed under this chapter for the adoption of a child, the petitioner shall pay a nonrefundable fee to the department or to the delegated county adoption agency for the cost of investigating the adoption petition. Payment shall be made to the department or delegated

county adoption agency, within 40 days of the filing of the petition, for an amount as follows:

(1) For petitions filed on and after July 1, 2003, two thousand nine hundred fifty dollars ($2,950).

(2) For petitioners who have a valid preplacement evaluation at the time of filing a petition pursuant to Section 8811.5, seven hundred seventy-five dollars ($775) for a postplacement evaluation pursuant to Sections 8806 and 8807.

(b) Revenues produced by fees collected by the department pursuant to subdivision (a) shall be used, when appropriated by the Legislature, to fund only the direct costs associated with the state program for independent adoptions. Revenues produced by fees collected by the delegated county adoption agency pursuant to subdivision (a) shall be used by the county to fund the county program for independent adoptions.

(c) The department or delegated county adoption agency may only waive, or reduce the fee when the prospective adoptive parents are low income, according to the income limits published by the Department of Housing and Community Development, and making the required payment would be detrimental to the welfare of an adopted child. The department shall develop additional guidelines to determine the financial criteria for waiver or reduction of the fee under this subdivision.

SEC. 3. Section 17400 of the Family Code is amended to read:

17400. (a) Each county shall maintain a local child support agency, as specified in Section 17304, that shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The local child support agency shall take appropriate action, including criminal action in cooperation with the district attorneys, to establish, modify, and enforce child support and, when appropriate, enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when requested, shall take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) Notwithstanding Sections 25203 and 26529 of the Government Code, attorneys employed within the local child support agency may direct, control, and prosecute civil actions and proceedings in the name of the county in support of child support activities of the Department of Child Support Services and the local child support agency.

(c) Actions brought by the local child support agency to establish paternity or child support or to enforce child support obligations shall be

completed within the time limits set forth by federal law. The local child support agency's responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(d) (1) The Judicial Council, in consultation with the department and representatives of the California Family Support Council, the Senate Committee on Judiciary, the Assembly Committee on Judiciary, and a legal services organization providing representation on child support matters, shall develop simplified summons, complaint, and answer forms for any action for support brought pursuant to this section or Section 17404. The Judicial Council may combine the summons and complaint in a single form.

(2) The simplified complaint form shall provide notice of the amount of child support that is sought pursuant to the guidelines set forth in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 based upon the income or income history of the support obligor as known to the local child support agency. If the support obligor's income or income history is unknown to the local child support agency, the complaint shall inform the support obligor that income shall be presumed to be the amount of the minimum wage, at 40 hours per week, established by the Industrial Welfare Commission pursuant to Section 1181.11 of the Labor Code unless information concerning the support obligor's income is provided to the court. The complaint form shall be accompanied by a proposed judgment. The complaint form shall include a notice to the support obligor that the proposed judgment will become effective if he or she fails to file an answer with the court within 30 days of service. Except as provided in paragraph (2) of subdivision (a) of Section 17402, if the proposed judgment is entered by the court, the support order in the proposed judgment shall be effective as of the first day of the month following the filing of the complaint.

(3) (A) The simplified answer form shall be written in simple English and shall permit a defendant to answer and raise defenses by checking applicable boxes. The answer form shall include instructions for completion of the form and instructions for proper filing of the answer.

(B) The answer form shall be accompanied by a blank income and expense declaration or simplified financial statement and instructions on how to complete the financial forms. The answer form shall direct the defendant to file the completed income and expense declaration or simplified financial statement with the answer, but shall state that the

answer will be accepted by a court without the income and expense declaration or simplified financial statement.

(C) The clerk of the court shall accept and file answers, income and expense declarations, and simplified financial statements that are completed by hand provided they are legible.

(4) (A) The simplified complaint form prepared pursuant to this subdivision shall be used by the local child support agency or the Attorney General in all cases brought under this section or Section 17404.

(B) The simplified answer form prepared pursuant to this subdivision shall be served on all defendants with the simplified complaint. Failure to serve the simplified answer form on all defendants shall not invalidate any judgment obtained. However, failure to serve the answer form may be used as evidence in any proceeding under Section 17432 of this code or Section 473 of the Code of Civil Procedure.

(C) The Judicial Council shall add language to the governmental summons, for use by the local child support agency with the governmental complaint to establish parental relationship and child support, informing defendants that a blank answer form should have been received with the summons and additional copies may be obtained from either the local child support agency or the superior court clerk.

(e) In any action brought or enforcement proceedings instituted by the local child support agency pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the local child support agency at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(f) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the agencies established by this section a notice, in clear and simple language prescribed by the Director of Child Support Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals, whether or not they are recipients of public assistance.

(g) (1) In any action to establish a child support order brought by the local child support agency in the performance of duties under this section, the local child support agency may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order has the same force and effect as a like or similar order under this code.

(2) The local child support agency shall file a motion for an order for temporary support within the following time limits:

(A) If the defendant is the mother, a presumed father under Section 7611, or any father where the child is at least six months old when the defendant files his or her answer, the time limit is 90 days after the defendant files an answer.

(B) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

(3) If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

(4) If the local child support agency fails to file a motion for an order for temporary support within time limits specified in this section, the local child support agency shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no motion is filed, when a final judgment is entered.

(5) Except as provided in Section 17304, nothing in this section prohibits the local child support agency from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the Department of Child Support Services.

(6) Nothing in this section otherwise limits the ability of the local child support agency from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(h) As used in this article, ''enforcing obligations'' includes, but is not limited to, any of the following:

(1) The use of all interception and notification systems operated by the department for the purposes of aiding in the enforcement of support obligations.

(2) The obtaining by the local child support agency of an initial order for child support that may include medical support or that is for medical support only, by civil or criminal process.

(3) The initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance.

(4) The response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the local child support agency is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(5) The transfer of child support delinquencies to the Franchise Tax Board under subdivision (c) of Section 17500 in support of the local child support agency.

(i) As used in this section, ''out of wedlock'' means that the biological parents of the child were not married to each other at the time of the child's conception.

(j) (1) The local child support agency is the public agency responsible for administering wage withholding for current support for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.).

(2) Nothing in this section limits the authority of the local child support agency granted by other sections of this code or otherwise granted by law, except to the extent that the law is inconsistent with the transfer of delinquent child support to the Franchise Tax Board.

(k) In the exercise of the authority granted under this article, the local child support agency may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under this code, or other proceeding in which child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the local child support agency may request any relief that is appropriate that the local child support agency is authorized to seek.

(*l*) The local child support agency shall comply with all regulations and directives established by the department that set time standards for responding to requests for assistance in locating noncustodial parents, establishing paternity, establishing child support awards, and collecting child support payments.

(m) As used in this article, medical support activities that the local child support agency is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

(n) (1) Notwithstanding any other law, venue for an action or proceeding under this division shall be determined as follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the local child support agency, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477 of the Welfare and Institutions Code.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

(o) The local child support agency of one county may appear on behalf of the local child support agency of any other county in an action or proceeding under this part.

SEC. 4. Section 17432 of the Family Code is amended to read:

17432. (a) In any action filed by the local child support agency pursuant to Section 17400, 17402, or 17404, the court may, on any terms that may be just, relieve the defendant from that part of the judgment or order concerning the amount of child support to be paid. This relief may be granted after the six-month time limit of Section 473 of the Code of Civil Procedure has elapsed, based on the grounds, and within the time limits, specified in this section.

(b) This section shall apply only to judgments or orders for support that were based upon presumed income as specified in subdivision (d) of Section 17400 and that were entered after the entry of the default of the defendant under Section 17430. This section shall apply only to the amount of support ordered and not that portion of the judgment or order concerning the determination of parentage.

(c) The court may set aside the child support order contained in a judgment described in subdivision (b) if the defendant's income was substantially different for the period of time during which judgment was effective compared with the income the defendant was presumed to have. A ''substantial difference'' means that amount of income that would result in an order for support that deviates from the order entered by default by 10 percent or more.

(d) Application for relief under this section shall be filed together with an income and expense declaration or simplified financial statement or other information concerning income for any relevant

years. The Judicial Council may combine the application for relief under this section and the proposed answer into a single form.

(e) The burden of proving that the actual income of the defendant deviated substantially from the presumed income shall be on the party seeking to set aside the order.

(f) A motion for relief under this section shall be filed within one year of the first collection of money by the local child support agency or the obligee. The one-year time period shall run from the date that the local child support agency receives the first collection.

(g) Within three months from the date the local child support agency receives the first collection for any order established using presumed income, the local child support agency shall check all appropriate sources for income information, and if income information exists, the local child support agency shall make a determination whether the order qualifies for set aside under this section. If the order qualifies for set aside, the local child support agency shall bring a motion for relief under this section.

(h) In all proceedings under this section, before granting relief, the court shall consider the amount of time that has passed since the entry of the order, the circumstances surrounding the defendant's default, the relative hardship on the child or children to whom the duty of support is owed, the caretaker parent, and the defendant, and other equitable factors that the court deems appropriate.

(i) If the court grants the relief requested, the court shall issue a new child support order using the appropriate child support guidelines currently in effect. The new order shall have the same commencement date as the order set aside.

(j) The Judicial Council shall review and modify any relevant forms for purposes of this section. Any modifications to the forms shall be effective July 1, 2004. Prior to the implementation of any modified Judicial Council forms, the local child support agency or custodial parent may file any request to set aside a default judgment under this section using Judicial Council Form FL-680 entitled ''Notice of Motion (Governmental)'' and form FL-684 entitled ''Request for Order and Supporting Declaration (Governmental).''

SEC. 5. Section 17522.5 is added to the Family Code, to read:

17522.5. (a) Notwithstanding Section 8112 of the Commercial Code and Section 700.130 of the Code of Civil Procedure, when a local child support agency pursuant to Section 17522, or the Franchise Tax Board pursuant to Section 18670 or 18670.5 of the Revenue and Taxation Code and Section 17500, issues a levy upon, or requires by notice any employer, person, political officer or entity, or depository institution to withhold the amount of, as applicable, a financial asset for the purpose of collecting a delinquent child support obligation, the

person, financial institution, or securities intermediary (as defined in Section 8102 of the Commercial Code) in possession or control of the financial asset shall liquidate the financial asset in a commercially reasonable manner within 20 days of the issuance of the levy or the notice to withhold. Within five days of liquidation, the person, financial institution, or securities intermediary shall transfer to the local child support agency or the Franchise Tax Board, as applicable, the proceeds of the liquidation, less any reasonable commissions or fees, or both, which are charged in the normal course of business.

(b) If the value of the financial assets exceed the total amount of support due, the obligor may, within 10 days after the service of the levy or notice to withhold upon the person, financial institution, or securities intermediary, instruct the person, financial institution, or securities intermediary who possesses or controls the financial assets as to which financial assets are to be sold to satisfy the obligation for delinquent support. If the obligor does not provide instructions for liquidation, the person, financial institution, or securities intermediary who possesses or controls the financial assets shall liquidate the financial assets in a commercially reasonable manner and in an amount sufficient to cover the obligation for delinquent child support, and any reasonable commissions or fees, or both, which are charged in the normal course of business, beginning with the financial assets purchased most recently.

(c) For the purposes of this section, a financial asset shall include, but not be limited to, an uncertificated security, certificated security, or security entitlement (as defined in Section 8102 of the Commercial Code), security (as defined in Section 8103 of the Commercial Code), or a securities account (as defined in Section 8501 of the Commercial Code).

SEC. 6. Section 17560 is added to the Family Code, to read:

17560. (a) The department shall create a program establishing an arrears collection enhancement process pursuant to which the department may accept offers in compromise of child support arrears and interest accrued thereon owed to the state for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code. The program shall operate uniformly across California and shall take into consideration the needs of the children subject to the child support order and the obligor's ability to pay.

(b) If the obligor owes current child support, the offer in compromise shall require the obligor to be in compliance with the current support order for a set period of time before any arrears and interest accrued thereon may be compromised.

(c) Absent a finding of good cause, any offer in compromise entered into pursuant to this section shall be rescinded, all compromised

liabilities shall be reestablished notwithstanding any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise may be refunded, if either of the following occurs:

(1) The department or local child support agency determines that the obligor did any of the following acts regarding the offer in compromise:

(A) Concealed from the department or local child support agency any income, assets, or other property belonging to the obligor or any reasonably anticipated receipt of income, assets, or other property.

(B) Intentionally received, withheld, destroyed, mutilated, or falsified any information, document, or record, or intentionally made any false statement, relating to the financial conditions of the obligor.

(2) The obligor fails to comply with any of the terms and conditions of the offer in compromise.

(d) Pursuant to subdivision (k) of Section 17406, in no event may the administrator, director, or director's designee within the department, accept an offer in compromise of any child support arrears owed directly to the custodial party unless that party consents to the offer in compromise in writing and participates in the agreement. Prior to giving consent, the custodial party shall be provided with a clear written explanation of the rights with respect to child support arrears owed to the custodial party and the compromise thereof.

(e) Subject to the requirements of this section, the director may delegate to the administrator of a local child support agency the authority to compromise an amount of child support arrears that does not exceed five thousand dollars ($5,000). Only the director or his or her designee may compromise child support arrears in excess of five thousand dollars ($5,000).

(f) For an amount to be compromised under this section, the following conditions shall exist:

(1) The administrator, director or director's designee within the department determines that acceptance of an offer in compromise is in the best interest of the state and that the compromise amount equals or exceeds what the state can expect to collect for reimbursement of aid paid pursuant to Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code in the absence of the compromise, based on the obligor's ability to pay.

(2) Any other terms and conditions that the director establishes that may include, but may not be limited to, paying current support in a timely manner, making lump sum payments, and paying arrears in exchange for compromise of interest owed.

(3) The obligor shall provide evidence of income and assets, including, but not limited to, wage stubs, tax returns, and bank statements and establish all of the following:

(A) That the amount set forth in the offer in compromise of arrears owed is the most that can be expected to be paid or collected from the obligor's present assets or income.

(B) That the obligor does not have reasonable prospects of acquiring increased income or assets that would enable the obligor to satisfy a greater amount of the child support arrears than the amount offered, within a reasonable period of time.

(C) That the obligor has not withheld payment of child support in anticipation of the offers in compromise program.

(g) A determination by the administrator, director or the director's designee within the department that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of child support arrears shall be final and not subject to the provisions of Chapter 5 (commencing with Section 17800) of Division 17, or subject to judicial review.

(h) Any offer in compromise entered into pursuant to this section shall be filed with the appropriate court. The local child support agency shall notify the court if the compromise is rescinded pursuant to subdivision (c).

(i) Any compromise of child support arrears pursuant to this section shall maximize to the greatest extent possible the state's share of the federal performance incentives paid pursuant to the Child Support Performance and Incentive Act of 1998 and shall comply with federal law.

(j) The department shall ensure uniform application of this section across the state.

(k) The department shall consult with the Franchise Tax Board in the development of the program established pursuant to this section.

(*l*) The department shall report to the Legislature on the results of the program established pursuant to this section no later than June 30, 2006.

(m) This section shall remain in effect only until January 1, 2007, and as of that date is repealed unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 6.5. Section 63049.1 of the Government Code is amended to read:

63049.1. (a) Subject to subdivision (c), the bank is hereby authorized to sell for, and on behalf of, the state, solely as its agent, all or any portion of the tobacco assets to a special purpose trust which is hereby established as a not-for-profit corporation solely for that purpose and for the purposes necessarily incidental thereto, and to enter into one or more sales agreements with the special purpose trust as and on the terms it deems appropriate, which may include covenants of, and binding on, the state necessary to establish and maintain the security of the bonds and exemption of interest on the bonds from federal income

taxation. The principal office of the special purpose trust shall be located in Sacramento County. The articles of incorporation of the special purpose trust shall be prepared and filed, on behalf of the state, with the Secretary of State by the bank, and the five voting members of the State Public Works Board shall serve ex officio as the directors of the special purpose trust. Directors of the special purpose trust shall not be subject to personal liability for carrying out the powers and duties conferred by this article. The special purpose trust shall be treated as a separate legal entity with its separate corporate purpose as described in this article, and the assets, liabilities, and funds of the special purpose trust shall be neither consolidated nor commingled with those of the bank or the State Public Works Board.

The special purpose trust is hereby authorized to issue bonds, including, but not limited to, refunding bonds, on the terms it shall determine, and do all things contemplated by, and authorized by, this division with respect to the bank, and enjoy all rights, privileges, and immunities the bank enjoys pursuant to this division, or as authorized by Section 5140 of the Corporations Code with respect to public benefit nonprofit corporations, or as necessary or appropriate in connection with the issuance of bonds, and may enter into agreements with any public or private entity and pledge the tobacco assets that it purchased as collateral and security for its bonds. The pledge of any of these assets and of any revenues, reserves, and earnings pledged in connection therewith shall be valid and binding in accordance with its terms from the time the pledge is made and amounts so pledged and thereafter received shall immediately be subject to the lien of the pledge without the need for physical delivery, recordation, filing, or other further act. The special purpose trust, and its assets and income, and bonds issued by the special purpose trust, and their transfer and the income therefrom, shall be exempt from all taxation by the state and by its political subdivisions.

(b) (1) In order to assist the special purpose trust in financing or refinancing the purchase of tobacco assets by enhancing the security of the bonds issued for that purpose, upon request by the Director of Finance, the bank may include in, or add to, the sales agreement with the special purpose trust a covenant, binding on the state, to the effect that the Governor shall each year request from the Legislature an appropriation line item in the annual Budget Act, in a manner described further in this subdivision, from the General Fund for allocation by the Department of Finance to the special purpose trust in an amount equal to the debt service and operating expenses scheduled, or, in the case of bonds bearing variable rates of interest, estimated, to become due during the next succeeding fiscal year on the bonds, including refunding bonds, issued by the special purpose trust to finance or refinance the purchase of tobacco assets pursuant to that sales agreement.

(2) The appropriation referred to in paragraph (1) may provide that it will have an initial zero funding amount, but shall contain provisions authorizing the Director of Finance to make allocations in augmentation of the appropriation, without further legislative approval, from the General Fund, up to the amount certified by the special purpose trust to be necessary to cover the difference, if negative, between the amount of tobacco assets received by the special purpose trust pursuant to the sales agreement by the end of April of any calendar year, plus any other amounts available in the debt service reserve fund or other fund held by the trustee for the bonds, less the amount of debt service on the bonds and operating expenses scheduled, or in the case of bonds bearing variable rates of interest, estimated, to become due during the next succeeding 12 months.

(3) Any amounts appropriated as provided in this subdivision shall be disbursed to the trustee for the bonds for the purpose of paying the debt service on the bonds and operating expenses specified in the certificate of the special purpose trust. Notwithstanding any other provision of this article, the Legislature shall not be obligated by this subdivision or any covenant made in a sales agreement, or any other provision of law, to appropriate or otherwise make funds available to pay debt service on the bonds or operating expenses.

(c) Based upon the terms of the sale agreements and bonds as established by the special purpose trust pursuant to subdivision (a) or (b), tobacco assets may be sold pursuant to this article, whether at one time or from time-to-time, only in an amount or amounts necessary to provide the state with up to five billion dollars ($5,000,000,000) exclusive of capitalized interest on the bonds and any costs incurred by the bank or the special purpose trust in implementing this article, including, but not limited to, the cost of financing one or more reserve funds, any credit enhancements, costs incurred in the issuance of bonds, and operating expenses. The net proceeds of sale of any tobacco assets by the bank shall be deposited in the General Fund. The use and application of the proceeds of any sale of tobacco assets or bonds shall not in any way affect the legality or validity of that sale or those bonds.

SEC. 6.7. Section 63049.4 of the Government Code is amended to read:

63049.4. (a) On and after the effective date of each sale of tobacco assets, the state shall have no right, title, or interest in or to the tobacco assets sold, and the tobacco assets so sold shall be property of the special purpose trust and not of the state, the bank board, the State Public Works Board, or the bank, and shall be owned, received, held, and disbursed by the special purpose trust or the trustee for the financing. None of the tobacco assets sold by the state pursuant to this article shall be subject to garnishment, levy, execution, attachment, or other process, writ,

including, but not limited to, a writ of mandate, or remedy in connection with the assertion or enforcement of any debt, claim, settlement, or judgment against the state, the bank board, the State Public Works Board, or the bank.

On or before the effective date of any sale, the state, acting through its Attorney General, upon direction of the bank, shall notify the California escrow agent under the Master Settlement Agreement and the California escrow agreement that the sold tobacco assets have been sold to the special purpose trust and irrevocably instruct the California escrow agent that, as of the applicable effective date, the tobacco assets sold are to be paid directly to the trustee for the applicable bonds of the special purpose trust. The state pledges to and agrees with the holders of any bonds issued by the special purpose trust that it will not amend the Master Settlement Agreement, the memorandum of understanding, or the California escrow agreement, or take any other action, in any way that would alter, limit, or impair the rights to receive tobacco assets sold to the special purpose trust pursuant to this article, nor in any way impair the rights and remedies of bondholders or the security for their bonds until those bonds, together with the interest thereon and costs and expenses in connection with any action or proceeding on behalf of the bondholders, are fully paid and discharged. The state further pledges and agrees that it shall enforce its rights to collect all moneys due from the participating tobacco products manufacturers under the Master Settlement Agreement and, in addition, shall diligently enforce the model statute as contemplated in the Master Settlement Agreement (Article 3 (commencing with Section 104555) of Chapter 1 of Part 3 of Division 103 of the Health and Safety Code) against all tobacco product manufacturers selling tobacco products in the state and that are not signatories to the Master Settlement Agreement, in each case in the manner and to the extent necessary in the judgment of the Attorney General to collect all moneys to which the state is entitled under the Master Settlement Agreement. The special purpose trust may include these pledges and undertakings in its bonds. Notwithstanding these pledges and undertaking by the state, the Attorney General may in his or her discretion enforce any and all provisions of the Master Settlement Agreement, without limitation.

(b) Bonds issued pursuant to this article shall not be deemed to constitute a debt of the state or a pledge of the faith or credit of the state, and all bonds shall contain on the face thereof a statement to the effect that neither the faith and credit nor the taxing power nor any other assets or revenues of the state or of any political subdivision thereof, other than the special purpose trust, is or shall be pledged to the payment of the principal of or the interest on the bonds.

(c) Whether or not the bonds are of a form and character as to be negotiable instruments under the terms of the Uniform Commercial Code, the bonds are hereby made negotiable instruments for all purposes, subject only to the provisions of the bonds for registration.

(d) The special purpose trust and the bank shall be treated as public agencies for purposes of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure, and any action or proceeding challenging the validity of any matter authorized by this article shall be brought in accordance with, and within the time specified in, that chapter.

(e) Notwithstanding any other provision of law, the exclusive means to obtain review of a superior court judgment entered in an action brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any bonds to be issued, or any other contracts to be entered into, or any other matters authorized by this article, shall be by petition to the Supreme Court for writ of review. Any such petition shall be filed within 15 days following the notice of entry of the superior court judgment, and no extension of that period may be allowed. If no petition is filed within the time allowed therefore, or the petition is denied, with or without opinion, the decision of the superior court shall be final and enforceable as provided in subdivision (a) of Section 870 of the Code of Civil Procedure. In any case in which a petition has been filed within the time allowed therefor, the Supreme Court shall make any orders, as it may deem proper in the circumstances. If no answering party appeared in the superior court action, the only issues that may be raised in the petition are those related to the jurisdiction of the superior court.

SEC. 7. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04 fiscal year, no fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in

subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1).

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption shall not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption shall not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensee who come into the home to visit for a length of time no longer than defined by the department in

regulations, provided that the adult friends and family of the licensee are not left alone with the foster children.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, foster parent, or both are also present.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal

Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the State Department of Social Services, as required by that section, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a

minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and

shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster family home licensee or foster family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence. A licensee's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to

justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an

employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the State Department of Social Services and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (1).

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

(2) Upon a finding of noncompliance by the department, the department may require a foster family agency to deny or revoke the certificate of approval of a certified family home, or take other action the department may deem necessary for the protection of a child placed with the family home. The revenues collected in the fund shall be used in addition to any other moneys appropriated for the purposes specified in this subdivision.

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as defined in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) (1) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04 fiscal year, no fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of

the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing. Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties

in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence,

notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime

against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred.

(i) Amendments to this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

(c) The department shall conduct an annual unannounced visit to no less than 10 percent of facilities not subject to an evaluation under subdivision (b). These unannounced visits shall be conducted based on a random sampling methodology developed by the department. If the total citations issued by the department exceed the previous year's total by 10 percent, the following year the department shall increase the random sample by 10 percent of facilities not subject to an evaluation under subdivision (b). The department may request additional resources to increase the random sample by 10 percent.

(f) The department or licensing agency shall make an unannounced site visit on the basis of a complaint and a followup visit as provided in Section 1596.853.

(g) An unannounced site visit shall adhere to both of the following conditions:

(1) The visit shall take place only during the facility's normal business hours or at any time family day care services are being provided.

(2) The inspection of the facility shall be limited to those parts of the facility in which family day care services are provided or to which the children have access.

(h) The department shall implement this section during periods that Section 1597.55b is not being implemented in accordance with Section 18285.5 of the Welfare and Institutions Code.

SEC. 18. Section 1597.55b of the Health and Safety Code is amended to read:

(d) The department or licensing agency shall make an unannounced site visit on the basis of a complaint and a followup visit as provided in Section 1596.853. At no time shall other site visit requirements described by this section prevent a timely site visit response to a complaint.

(e) The department shall annually make unannounced spot visits on 20 percent of all family day care homes for children licensed under this chapter. The unannounced visits may be made at any time, and shall be in addition to the visits required by subdivisions (b) and (c).

(f) An unannounced site visit shall comply with both of the following conditions:

(1) The visit shall take place only during the facility's normal business hours or at any time family day care services are being provided.

(b) A county may use funds, described in subdivision (a) to support drug courts serving adult offenders, subject to both of the following conditions:

(1) Any increased funding provided in the 2003 Budget Act that exceeds the funding level provided in the 2002 Budget Act shall be used exclusively to support drug courts that accept only defendants who have been convicted of felonies and placed on formal probation, conditioned on their participation in the drug court program. These drug courts shall operate in a manner that is consistent with the guidelines developed by the Drug Court Partnership Executive Steering Committee and approved by the department.

(2) The amount of funds identified in the county's most recent local plan, as of May 20, 2003, as supporting drug courts described in subparagraph (A) of paragraph (2) of subdivision (a) of Section 11970.2 shall be used exclusively to support drug courts that accept only defendants who have been convicted of felonies and placed on formal probation, conditioned on their participation in the drug court program or for preplea drug courts that accept only felons who may not be eligible for another treatment program, such as a program pursuant to Section 1210.1 of the Penal Code, if they fail to complete drug court. Both preplea and postplea courts shall operate in a manner that is consistent with guidelines developed by the Drug Court Partnership Executive Steering Committee and approved by the department.

(c) The department shall transfer funds on a reimbursement basis to counties whose local plans are approved. No reimbursement shall be made unless and until the drug court is in full and complete compliance with all the data reporting requirements of the department and the Judicial Council.

(d) If funds are withheld for failure to comply with the requirements of this article for a period of more than six months, that county's funding shall be terminated and the remaining funds shall be redistributed to the remaining participating counties for the purpose of increasing the

(e) A county may choose to decline funding to support drug courts serving adult offenders pursuant to subparagraph (A) of paragraph (2) of subdivision (a) of Section 11970.2, and may receive funding only for drug courts described in subparagraphs (B), (C), (D), and (E) of paragraph (2) of subdivision (a) of Section 11970.2, in the amount identified in the county's most recent local plan, as of May 20, 2003, as supporting those drug courts. Any funds not allocated as a result of a county selecting the option under this subdivision shall be reallocated to counties willing to receive and expend the funds under the conditions specified in subdivision (a).

(b) Nothing in this section or any other provision of law shall be construed to eliminate the discretion of the court, for good cause shown, to set the undertaking or bond on appeal in an amount lower than that otherwise established by law.

(c) If the appellee proves by a preponderance of the evidence that a party bringing an appeal or seeking a stay of execution of judgment and for whom the undertaking has been limited under this section, is intentionally dissipating or diverting assets outside the ordinary course

of its business for the purpose of avoiding ultimate payment of the judgment, any limitation under subdivision (a) may be rescinded and the court may order any actions necessary to prevent dissipation or diversion of the assets.

SEC. 20.5. Section 19271 of the Revenue and Taxation Code is amended to read:

19271. (a) (1) For purposes of this article:

(A) ''Child support delinquency'' means a delinquency defined in subdivision (c) of Section 17500 of the Family Code.

(B) ''Earnings'' may include the items described in Section 5206 of the Family Code.

(2) At least 20 days prior to the date that the Franchise Tax Board commences collection action under this article, the Franchise Tax Board

shall mail notice of the amount due to the obligated parent at the last known address and advise the obligated parent that failure to pay will result in collection action. If the obligated parent disagrees with the amount due, the obligated parent shall be instructed to contact the local child support agency to resolve the disagreement.

(b) (1) (A) Except as otherwise provided in subparagraph (B), when a delinquency is transferred to the Franchise Tax Board pursuant to subdivision (c) of Section 17500 of the Family Code, the amount of the child support delinquency shall be collected by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent personal income tax liability. Notwithstanding Sections 5208 and 5246 of the Family Code, the issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding orders for taxes is hereby authorized until the California Child Support Automation System is operational in all 58 California counties. When the California Child Support Automation System is operational in all 58 counties, any levy or other withholding of earnings of an employee by the Franchise Tax Board to collect an amount pursuant to this section shall be made in accordance with Sections 5208 and 5246 of the Family Code. Any other law providing for the collection of a delinquent personal income tax liability shall apply to any child support delinquency transferred to the Franchise Tax Board in the same manner and with the same force and effect and to the full extent as if the language of those laws had been incorporated in full into this article, except to the extent that any provision is either inconsistent with a provision of this article or is not relevant to this article.

(B) When a delinquency is transferred to the Franchise Tax Board, or at any time thereafter, if the obligated parent owes a delinquent personal income tax liability, the Franchise Tax Board shall not engage in, or shall cease, any involuntary collection action to collect the delinquent personal income tax liability, until the child support delinquency is paid in full. At any time, however, the Franchise Tax Board may mail any other notice to the taxpayer for voluntary payment of the delinquent personal income tax liability if the Franchise Tax Board determines that collection of the delinquent personal income tax liability will not jeopardize collection of the child support delinquency. However, the Franchise Tax Board may engage in the collection of a delinquent personal income tax liability if the obligor has entered into a payment agreement for the child support delinquency and is in compliance with that agreement, and the Franchise Tax Board determines that collection of the delinquent personal income tax liability would not jeopardize payments under the child support payment agreement.

(C) For purposes of subparagraph (B):

(i) ''Involuntary collection action'' includes those actions authorized by Section 18670, 18670.5, 18671, or 19264, by Article 3 (commencing with Section 19231), or by Chapter 5 (commencing with Section 706.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(ii) ''Delinquent personal income tax liability'' means any taxes, additions to tax, penalties, interest, fees, or other related amounts due and payable under Part 10 (commencing with Section 17001) or this part.

(iii) ''Voluntary payment'' means any payment made by obligated parents in response to any notice for voluntary payment mailed by the Franchise Tax Board.

(2) Any compensation, fee, commission, expense, or any other fee for service incurred by the Franchise Tax Board in the collection of a child support delinquency authorized under this article shall not be an obligation of, or collected from, the obligated parent. A transferred child support delinquency shall be final and due and payable to the State of California upon written notice to the obligated parent by the Franchise Tax Board.

(3) For purposes of administering this article:

(A) This chapter and Chapter 7 (commencing with Section 19501) shall apply, except as otherwise provided by this article.

(B) Any services, information, or enforcement remedies available to a local child support agency or the Title IV-D agency in collecting child support delinquencies or locating absent or noncustodial parents shall be available to the Franchise Tax Board for purposes of collecting child support delinquencies under this article, including, but not limited to, any information that may be disclosed by the Franchise Tax Board to the California Parent Locator Service under Section 19548. However, in no event shall the Franchise Tax Board take any additional enforcement remedies if a court has ordered an obligor to make scheduled payments on a child support arrearages obligation and the parent is in compliance with that order, unless the Franchise Tax Board is specifically authorized to take an enforcement action to collect a child support delinquency by another provision of law.

(C) A request by the Franchise Tax Board for information from a financial institution shall be treated in the same manner and to the same extent as a request for information from a local child support agency referring to a support order pursuant to Section 17400 of the Family Code for purposes of Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code (relating to governmental access to financial records), notwithstanding any other provision of law which is inconsistent or contrary to this paragraph.

(D) The amount to be withheld in an order and levy to collect child support delinquencies under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure is the amount required to be withheld pursuant to an earnings withholding order for support under Section 706.052 of the Code of Civil Procedure.

(E) Nothing in this article shall be construed to modify the tax intercept provisions of Article 8 (commencing with Section 708.710) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(c) Interest on the delinquency shall be computed pursuant to Section 685.010 of the Code of Civil Procedure.

(d) (1) In no event shall a collection under this article be construed to be a payment of income taxes imposed under this part.

(2) In the event an obligated parent overpays a liability imposed under this part, the overpayment shall not be credited against any delinquency collected pursuant to this article. In the event an overpayment of a liability imposed under this part is offset and distributed to a local child support agency pursuant to Sections 12419.3 and 12419.5 of the Government Code or Section 708.740 of the Code of Civil Procedure, and thereby reduces the amount of the referred delinquency, the local child support agency shall immediately notify the Franchise Tax Board of that reduction, unless the Franchise Tax Board directs otherwise.

(e) (1) The Franchise Tax Board shall administer this article, in conjunction with regulations adopted by the Department of Child Support Services in consultation with the Franchise Tax Board, including those set forth in Section 17306 of the Family Code.

(2) The Franchise Tax Board may transfer to or allow a local child support agency to retain a child support delinquency for a specified purpose for collection where the Franchise Tax Board determines, pursuant to regulations established by the Department of Child Support Services, that the transfer or retention of the delinquency for the purpose so specified will enhance the collectibility of the delinquency. The Franchise Tax Board, with the concurrence of the Department of Child Support Services, shall establish a process whereby a local child support agency may request and shall be allowed to withdraw, rescind, or otherwise recall the transfer of an account that has been transferred to the Franchise Tax Board.

(3) If an obligor is disabled, meets the SSI resource test, and is receiving Supplemental Security Income/State Supplementary Payments (SSI/SSP), or, but for excess income as described in Section 416.1100 et seq. of Part 416 of Title 20 of the Code of Federal Regulations, would be eligible to receive as Supplemental Security Income/State Supplementary Payments (SSI/SSP), pursuant to Section

12200 of the Welfare and Institutions Code, and the obligor has supplied the local child support agency with proof of his or her eligibility for, and, if applicable, receipt of, SSI/SSP or Social Security Disability Insurance benefits, then the child support delinquency shall not be referred to the Franchise Tax Board for collection, and if referred, shall be withdrawn, rescinded, or otherwise recalled from the Franchise Tax Board by the local child support agency. The Franchise Tax Board shall not take any collection action, or if the agency has already taken collection action, shall cease collection actions in the case of a disabled obligor when the delinquency is withdrawn, rescinded, or otherwise recalled by the local child support agency in accordance with the process established as described in paragraph (2).

(f) Except as otherwise provided in this article, any child support delinquency transferred to the Franchise Tax Board pursuant to this article shall be treated as a child support delinquency for all other purposes, and any collection action by the local child support agency or the Franchise Tax Board with respect to any delinquency referred pursuant to this article shall have the same priority against attachment, execution, assignment, or other collection action as is provided by any other provision of state law.

(g) Except as otherwise specifically provided in subparagraph (B) of paragraph (1) of subdivision (b), the child support collection activities authorized by this article shall not interfere with the primary mission of the Franchise Tax Board to fairly and efficiently administer the Revenue and Taxation Code for which it is responsible.

(h) Information disclosed to the Franchise Tax Board shall be considered information that may be disclosed by the Franchise Tax Board under the authority of Section 19548 and may be disseminated by the Franchise Tax Board accordingly for the purposes specified in Sections 17505 and 17506 of the Family Code (in accordance with, and to the extent permitted by, Section 17514 of the Family Code and any other state or federal law).

(i) A local child support agency may not apply to the Department of Child Support Services for an exemption from the transfer of responsibilities and authorities to the Franchise Tax Board under the Family Code or participation under Section 19271.6.

(j) Except in those cases meeting the specified circumstances described in the regulations or in accordance with the processes prescribed in paragraphs (2) and (3) of subdivision (e), a local child support agency shall not request or be allowed to retain, withdraw, rescind, or otherwise recall the transfer of a child support delinquency transferred to the Franchise Tax Board.

SEC. 21. Section 19271.6 of the Revenue and Taxation Code is amended to read:

19271.6. (a) The Franchise Tax Board, through a cooperative agreement with the Department of Child Support Services, and in coordination with financial institutions doing business in this state, shall operate a Financial Institution Match System utilizing automated data exchanges to the maximum extent feasible. The Financial Institution Match System shall be implemented pursuant to guidelines prescribed by the Department of Child Support Services and the Franchise Tax Board. These guidelines shall include a structure by which financial institutions, or their designated data processing agents, shall receive from the Franchise Tax Board the file or files of past-due support obligors compiled in accordance with subdivision (c), that the institution shall match with its own list of accountholders to identify past-due support obligor accountholders at the institution. To the extent allowed by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, the guidelines shall include an option by which financial institutions without the technical ability to process the data exchange, or without the ability to employ a third-party data processor to process the data exchange, may forward to the Franchise Tax Board a list of all accountholders and their social security numbers, so that the Franchise Tax Board shall match that list with the file or files of past-due support obligors compiled in accordance with subdivision (c).

(b) The Financial Institution Match System shall not be subject to any limitation set forth in Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. However, any use of the information provided pursuant to this section for any purpose other than the enforcement and collection of a child support delinquency, as set forth in Section 19271, shall be a violation of Section 19542.

(c) (1) Each county shall compile a file of support obligors with judgments and orders that are being enforced by local child support agencies pursuant to Section 17400 of the Family Code, and who are past due in the payment of their support obligations. The file shall be compiled, updated, and forwarded to the Franchise Tax Board, in accordance with the guidelines prescribed by the Department of Child Support Services and the Franchise Tax Board.

(2) The Department of Child Support Services, shall compile a file of obligors with support arrearages from requests made by other states for administrative enforcement in interstate cases, in accordance with federal requirements (42 U.S.C. Sec. 666(a)(14)). This file shall be compiled and forwarded to the Franchise Tax Board in accordance with the guidelines prescribed by the Department of Child Support Services and the Franchise Tax Board. The file shall include, to the extent possible, the obligor's address.

(d) To effectuate the Financial Institution Match System, financial institutions subject to this section shall do all of the following:

(1) Provide to the Franchise Tax Board on a quarterly basis the name, record address and other addresses, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at the institution and who owes past-due support, as identified by the Franchise Tax Board by name and social security number or other taxpayer identification number.

(2) Except as provided in subdivision (j), in response to a notice or order to withhold issued by the Franchise Tax Board, withhold from any accounts of the obligor the amount of any past-due support stated on the notice or order and transmit the amount to the Franchise Tax Board in accordance with Section 18670 or 18670.5.

(e) Unless otherwise required by applicable law, a financial institution furnishing a report or providing information to the Franchise Tax Board pursuant to this section shall not disclose to a depositor or an accountholder, or a codepositor or coaccountholder, that the name, address, social security number, or other taxpayer identification number or other identifying information of that person has been received from or furnished to the Franchise Tax Board.

(f) A financial institution shall incur no obligation or liability to any person arising from any of the following:

(1) Furnishing information to the Franchise Tax Board as required by this section.

(2) Failing to disclose to a depositor or accountholder that the name, address, social security number, or other taxpayer identification number or other identifying information of that person was included in the data exchange with the Franchise Tax Board required by this section.

(3) Withholding or transmitting any assets in response to a notice or order to withhold issued by the Franchise Tax Board as a result of the data exchange. This paragraph shall not preclude any liability that may result if the financial institution does not comply with subdivision (b) of Section 18674.

(4) Any other action taken in good faith to comply with the requirements of this section.

(g) Information required to be submitted to the Franchise Tax Board pursuant to this section shall only be used by the Franchise Tax Board to collect past-due support pursuant to Section 19271. If the Franchise Tax Board has issued an earnings withholding order and the condition described in subparagraph (C) of paragraph (1) of subdivision (i) exists with respect to the obligor, the Franchise Tax Board shall not use the information it receives under this section to collect the past-due support from that obligor.

(1) With respect to files compiled under paragraph (1) of subdivision (c), the Franchise Tax Board shall forward to the counties, in accordance with guidelines prescribed by the Department of Child Support Services and the Franchise Tax Board, information obtained from the financial institutions pursuant to this section. No county shall use this information for directly levying on any account. Each county shall keep the information confidential as provided by Section 17212 of the Family Code.

(2) With respect to files compiled under paragraph (2) of subdivision (c), the amount collected by the Franchise Tax Board shall be deposited and distributed to the referring state in accordance with Section 19272.

(h) For those noncustodial parents owing past-due support for which there is a match under paragraph (1) of subdivision (d), the amount past due as indicated on the file or files compiled pursuant to subdivision (c) at the time of the match shall be a delinquency under this article for the purposes of the Franchise Tax Board taking any collection action pursuant to Section 18670 or 18670.5.

(i) A child support delinquency need not be referred to the Franchise Tax Board for collection if a jurisdiction outside this state is enforcing the support order.

(j) (1) Each county shall notify the Franchise Tax Board upon the occurrence of the circumstances described in the following subparagraphs with respect to an obligor of past-due support:

(A) A court has ordered an obligor to make scheduled payments on a child support arrearages obligation and the obligor is in compliance with that order.

(B) An earnings assignment order or an order/notice to withhold income that includes an amount for past-due support has been served on the obligated parent's employer and earnings are being withheld pursuant to the earnings assignment order or an order/notice to withhold income.

(C) At least 50 percent of the obligated parent's earnings are being withheld for support.

(2) Notwithstanding Section 704.070 of the Code of Civil Procedure, if any of the conditions set forth in paragraph (1) exist, the assets of an obligor held by a financial institution are subject to levy as provided by paragraph (2) of subdivision (d). However, the first three thousand five hundred dollars ($3,500) of an obligor's assets are exempt from collection under this subdivision without the obligor having to file a claim of exemption.

(3) An obligor may apply for a claim of exemption pursuant to Article 2 (commencing with Section 703.510) of Chapter 4 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure for an amount that is less than or equal to the total amount levied. The sole basis for a claim of

exemption under this subdivision shall be the financial hardship for the obligor and the obligor's dependents.

(4) For the purposes of a claim of exemption made pursuant to paragraph (3), Section 688.030 of the Code of Civil Procedure shall not apply.

(5) For claims of exemption made pursuant to paragraph (3), the local child support agency responsible for enforcement of the obligor's child support order shall be the levying officer for the purpose of compliance with the provisions set forth in Article 2 (commencing with Section 703.510) of Chapter 4 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure except for the release of property required by subdivision (e) of Section 703.580 of the Code of Civil Procedure.

(6) The local child support agency shall notify the Franchise Tax Board within two business days of the receipt of a claim of exemption from an obligor. The Franchise Tax Board shall direct the financial institution subject to the order to withhold to hold any funds subject to the order pending notification by the Franchise Tax Board to remit or release the amounts held.

(7) The superior court in the county in which the local child support agency enforcing the support obligation is located shall have jurisdiction to determine the amount of exemption to be allowed. The court shall consider the needs of the obligor, the obligee, and all persons the obligor is required to support, and all other relevant circumstances in determining whether to allow any exemption pursuant to this subdivision. The court shall give effect to its determination by an order specifying the extent to which the amount levied is exempt.

(8) Within two business days of receipt of an endorsed copy of a court order issued pursuant to subdivision (e) of Section 703.580 of the Code of Civil Procedure, the local child support agency shall provide the Franchise Tax Board with a copy of the order. The Franchise Tax Board shall instruct the financial institution to remit or release the obligor's funds in accordance with the court's order.

(1) ''Account'' means any demand deposit account, share or share draft account, checking or negotiable withdrawal order account, savings account, time deposit account, or a money market mutual fund account, whether or not the account bears interest.

(3) ''Past-due support'' means any child support obligation that is unpaid on the due date for payment.

(*l*) Out of any money received from the federal government for the purpose of reimbursing financial institutions for their actual and reasonable costs incurred in complying with this section, the state shall

SEC 25.5. Section 10088 of the Welfare and Institutions Code is amended to read:

10088. (a) If the federal government imposes a penalty on California's child support program for failure to meet the federal automation requirements, the Department of Finance may allocate up to 25 percent of the penalty to counties. The department shall determine the share of the penalty to be allocated to each county based upon the local child support agency's proportionate share of all counties' local child support agencies' administrative costs.

(b) If the department allocates a portion of the federal penalty to counties, it shall, on a quarterly basis, notify the auditor and controller of each county regarding the amounts due to the state for that quarter. Within 30 days after notice is provided by the department, each county shall remit the amount due to the department. If a county does not remit the full quarterly amount within 30 days after the notice is provided by the department, any unpaid amount shall be deducted by the Controller, from any payment due to the county, as directed by the Department of Finance.

(c) For purposes of this section, ''administrative costs'' means the amount allocated to the local child support agency for administration of the child support program for the current year and the prior three fiscal years, excluding automation costs.

(d) This section shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 26. Section 10088 is added to the Welfare and Institutions Code, to read:

10088. (a) If the federal government imposes a penalty on California's child support program for failure to meet the federal automation requirements, the penalty, for purposes of this chapter, shall be considered a reduction of federal financial participation in county and state administrative costs of the child support program, and shall be allocated to each local child support agency in proportion to its administrative costs. In such a case, the department may hold penalties in abeyance and supplant any dollar reduction to county administrative funding, up to 100 percent of the reduction, subject to the availability of funds in the annual Budget Act. The department and the Department of Finance shall establish criteria under which the penalties may be held in abeyance to each local child support agency. Criteria for which these penalties may be held in abeyance include, but are not limited to, the following: The local child support agency has entered into an AACA with the department; the local child support agency is meeting all due dates in its work plan, including steps to resolve any Year 2000 problems; the local child support agency has resolved any federal distribution requirement problems; and the county is otherwise cooperating in its current automation and AACA requirements and establishing the California Child Support Automation System.

(b) Any local child support agency that receives a reduction in federal funding as a result of the imposition of a federal penalty shall continue to comply with state and federal law and all requirements of the state plan and plans of cooperation, including the AACA.

(c) This section shall become operative on July 1, 2004.

SEC. 26.5. Section 10544.2 is added to the Welfare and Institutions Code, to read:

10544.2. CalWORKs performance incentive funds allocated to counties under Items 5180-101-0001 and 5180-101-0890 of the Budget Act of 2002 shall be available for encumbrance and expenditure by the county until all of the funds are expended, without regard to fiscal years.

SEC. 27. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is

organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, ''The Classification of Group Home Programs under the Standardized Schedule of Rates System,'' prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, ''standardized schedule of rates'' means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13

months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the

facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03 and 2003–04 fiscal years is:

Rate Classification Level	Point Ranges	FY 2002–03 and 2003–04 Standard Rate

(2) (A) For group home programs that receive AFDC-FC payments for services performed during the 2002–03 and 2003–04 fiscal years, the adjusted RCL point ranges below shall be used for establishing the biennial rates for existing programs, pursuant to paragraph (3) of subdivision (a) and in performing program audits and in determining any resulting rate reduction, overpayment assessment, or other actions pursuant to paragraph (2) of subdivision (e):

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03 and 2003–04 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This

additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, ''program change'' means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program

change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 28. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. (a) (1) The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop, implement, and maintain a ratesetting system for foster family agencies.

(2) No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with foster family agencies, that exceed the percentage cost-of-living increase provided in any fiscal year beginning on January 1, 1990, as specified in subdivision (c) of Section 11461.

(b) The department shall develop regulations specifying the purposes, types, and services of foster family agencies, including the use of those agencies for the provision of emergency shelter care. A distinction, for ratesetting purposes, shall be drawn between foster family agencies that provide treatment of children in foster families and those that provide nontreatment services.

(c) The department shall develop and maintain regulations specifying the procedure for the appeal of department decisions about the setting of an agency's rate.

(d) On and after July 1, 1998, the schedule of rates, and the components used in the rate calculations specified in the department's regulations, for foster family agencies shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(e) (1) On and after July 1, 1999, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar, subject to the availability of funds. The resultant amounts shall constitute the new schedule of rates for foster family agencies, subject to further adjustment pursuant to paragraph (2).

(2) In addition to the adjustment specified in paragraph (1), commencing January 1, 2000, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(f) For the 1999–2000 fiscal year, foster family agency rates that are not determined by the schedule of rates set forth in the department's regulations, shall be increased by the same percentage as provided in subdivision (e).

(g) For the 2000–01 fiscal year and each fiscal year thereafter, without a county share of cost, notwithstanding subdivision (c) of Section 15200, the foster family agency rate shall be supplemented by one hundred dollars ($100) for clothing per year per child in care, subject to the availability of funds. The supplemental payment shall be used to supplement, and shall not be used to supplant, any clothing allowance paid in addition to the foster family agency rate.

(h) In addition to the adjustment made pursuant to subdivision (e), the component for social work activities in the rate calculation specified in the department's regulations for foster family agencies shall be increased by 10 percent, effective January 1, 2001. This additional funding shall be used by foster family agencies solely to supplement staffing, salaries, wages, and benefit levels of staff performing social work activities. The schedule of rates shall be recomputed using the adjusted amount for social work activities. The resultant amounts shall constitute the new schedule of rates for foster family agencies. The department may require a foster family agency receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(i) (1) The department shall determine, consistent with the requirements of this section and other relevant requirements under law, the rate category for each foster family agency on a biennial basis. Submission of the biennial rate application shall be according to a schedule determined by the department.

(2) The department shall adopt regulations to implement this subdivision. The adoption, amendment, repeal, or readoption of a regulation authorized by this subdivision is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

SEC. 29. Section 11466.2 of the Welfare and Institutions Code is amended to read:

11466.2. (a) (1) The department shall perform or have performed group home program and fiscal audits as needed. Group home programs shall maintain all child-specific, programmatic, personnel, fiscal, and other information affecting group home ratesetting and AFDC-FC payments for a period not less than five years.

(2) Notwithstanding paragraph (1), the department shall not reduce a group home program's AFDC-FC rate or RCL, or establish an overpayment based upon a nonprovisional program audit, for a period of less than one year.

(b) (1) The department shall develop regulations to correct a group home program's RCL, and to adjust the rate and to recover any overpayments resulting from an overstatement of the projected level of care and services.

(2) The department shall modify the amount of the overpayment pursuant to paragraph (1) in cases where the level of care and services provided per child in placement equals or exceeds the level associated with the program's RCL. In making this modification, the department shall determine whether services other than child care supervision were

provided to children in placement in an amount that is at least proportionate, on a per child basis, to the amount projected in the group home's rate application. In cases where these services are provided in less than a proportionate amount, staffing for child care supervision in excess of its proportionate share shall not be substituted for non-child care supervision staff hours.

(c) (1) In any audit conducted by the department, the department, or other public or private audit agency with which the department contracts, shall coordinate with the department's licensing and ratesetting entities so that a consistent set of standards, rules, and auditing protocols are maintained. The department, or other public or private audit agency with which the department contracts, shall make available to all group home providers, in writing, any standards, rules, and auditing protocols to be used in those audits.

(2) The department shall provide exit interviews with providers whenever deficiencies found are explained and the opportunity exists for providers to respond. The department shall adopt regulations specifying the procedure for the appeal of audit findings.

SEC. 30. Section 11466.35 of the Welfare and Institutions Code is amended to read:

11466.35. (a) Any licensee who has been determined to owe a sustained overpayment under this chapter, and who, subsequent to notice of the sustained overpayment, has its group home rate terminated, shall be ineligible to apply or receive a rate for any future group home program until the overpayment is repaid.

(b) A rate application shall be denied for a group home provider that meets either of the following conditions:

(1) A provider owing a sustained overpayment under this chapter, upon the occurrence of any additional sustained overpayment, shall be ineligible to apply or receive a rate for an existing or future group home program until the sustained overpayments are repaid, unless a voluntary repayment agreement is approved by the department.

(2) A provider incurring a sustained overpayment that constitutes more than 60 percent of the provider's annual rate reimbursement shall be ineligible to apply or receive a rate for any existing or future group home programs until the sustained overpayments are repaid, unless a voluntary repayment agreement is approved by the department.

SEC. 31. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. Except as provided in subdivision (e), these adjustments shall become effective January 1 of each year. The cost-of-living adjustment shall be based on the changes

in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current

year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, and 2004 calendar years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 12201.05, and no further reduction shall be made pursuant to that section.

(2) Any cost-of-living adjustment granted under this section for any calendar year shall not include adjustments for any calendar year in which the cost of living was suspended pursuant to paragraph (1).

(e) For the 2003 calendar year, the adjustment required by this section shall become effective June 1, 2003.

SEC. 32. Section 18226 of the Welfare and Institutions Code is amended to read:

18226. This chapter shall become inoperative on October 31, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 33. Section 18901.6 is added to the Welfare and Institutions Code, to read:

18901.6. To the maximum extent allowable by federal law, each county welfare department shall provide transitional food stamp benefits to households terminating their participation in the CalWORKs program for a period of five months. Benefits shall be provided from the date participation in the CalWORKs program is terminated and shall be in an amount equal to the allotment received in the month immediately preceding that date, adjusted for the change in household income as a

result of termination in the CalWORKs program. No adjustment shall be made within the five-month period based on information from another program in which the household participates. A household may reapply during the transition period to have benefit levels adjusted. If necessary, the county welfare department shall extend the annual food stamp recertification period until the end of the transition period.

SEC. 34. Section 19355.5 of the Welfare and Institutions Code is amended to read:

19355.5. (a) Notwithstanding any other provision of law, the hourly rate for supported employment services established pursuant to paragraph (2) of subdivision (b) of Section 19356.6 shall be reduced by the percentage necessary to ensure that projected total General Fund expenditures and reimbursements for habilitation services and vocational rehabilitation supported employment services, including services pursuant to paragraph (2) of, and clauses (i) to (iii), inclusive, of subparagraph (B) of paragraph (2) of, subdivision (b) of Section 19356.6, and, for the habilitation services program only, ancillary services, based on Budget Act caseload projections, do not exceed the General Fund and reimbursement appropriations for these services in the annual Budget Act, exclusive of increases in job coach hours due to unanticipated increases in caseload or the average client workday. This reduction shall not be implemented sooner than 30 days after notification in writing of the necessity for the reduction to the appropriate fiscal committees and policy committees of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

(b) The department shall annually make two projections of General Fund expenditures and reimbursements in a form and timeframe as determined by the Department of Finance.

SEC. 35. Section 19356 of the Welfare and Institutions Code is amended to read:

19356. (a) The department shall adopt regulations to establish rates for work-activity program services subject to the approval of the Department of Finance. The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of service. Reasonable costs shall be determined biennially by the department, subject to audit at the discretion of the department.

(b) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation work-activity programs pursuant to subdivision (a). Nothing in this subdivision shall preclude the

subsequent amendment or adoption of regulations pursuant to subdivision (a).

(c) For the 2003–04 fiscal year, notwithstanding any other provision of law, the department shall suspend for one year the biennial rate adjustment for work-activity programs.

SEC. 36. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) ''Supported employment'' means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) ''Integrated work'' means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with nondisabled individuals other than those who are providing services to those individuals, to the same extent that nondisabled individuals in comparable positions interact with other persons.

(3) ''Supported employment placement'' means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services including the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving individualized services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) ''Allowable supported employment services'' means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless

other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the Habilitation Services Program.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant others to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development to the extent authorized by the Habilitation Services Program.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(5) ''Group services'' means job coach-supported employment services in a group supported employment placement at a job coach-to-client ratio of not less than one-to-four nor more than one-to-eight where a minimum of four clients are department-funded. Group services may be provided on or after July 1, 2002, in a group at a job coach-to-client ratio of one-to-three, where all three individuals in the group are department-funded supported employment clients, only if the group was established and began working prior to July 1, 2002, but those group services shall not be funded beyond June 30, 2004. The department shall work with providers to add department-funded supported employment clients to those groups on or before July 1, 2004.

(6) ''Individualized services'' means job coach and other supported employment services for department-funded clients in a supported employment placement at a job coach-to-client ratio of one-to-one.

(b) (1) The Habilitation Services Program shall set rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply rates in accordance with this section to those work-activity programs or program components of work-activity programs approved by the department to provide supported employment and to new programs or components approved by the Habilitation Services Program to provide supported employment services. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) (A) The hourly rate for supported employment services provided to clients receiving individualized services shall be twenty-seven dollars and sixty-two cents ($27.62).

(B) The hourly rate for group services shall be twenty-seven dollars and sixty-two cents ($27.62) regardless of the number of clients served

in the group. Clients in a group shall be scheduled to start and end work at the same time, unless an exception is approved in advance by the Habilitation Services Program. The department, in consultation with stakeholders, shall adopt regulations to define the appropriate grounds for granting these exceptions. Except as provided in paragraph (5) of subdivision (a), where the number of clients in a group supported employment placement drops to fewer than four department-funded supported employment clients, department funding for the group services in that group shall be terminated unless the program provider, within 90 days from the date of this occurrence and consistent with Section 19356.7, does one of the following:

(i) Adds one or more department-funded supported employment clients to the group.

(ii) Moves the remaining clients to another existing group.

(iii) Moves the remaining clients, if appropriate, to individualized placement.

(iv) Terminates services.

(C) For clients receiving group services the Habilitation Services Program may set a higher hourly rate for supported employment services, based upon the additional cost to provide ancillary services, when there is a documented and demonstrated need for a higher rate because of the nature and severity of the disabilities of the consumer, as determined by the Habilitation Services Program.

(D) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of an individual in an integrated job, unless that individual is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that individual has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) These rates shall take effect July 1, 1998.

(4) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(5) For individuals receiving individualized services, services may be provided on or off the jobsite.

(6) For individuals receiving group services, ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(c) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraph (D) of paragraph (2) of subdivision (b).

(d) The Habilitation Services Program shall approve, in advance, any change in the number of clients served in a group.

(e) The department, in consultation with appropriate stakeholders, shall report to the Department of Finance and the Legislature, on or before January 1, 2001, and annually thereafter, on the implementation of supported employment rates and group size requirements pursuant to this section. The report shall include, but not be limited to, data on the sizes of client groups, the change in average group size, client outcomes, client earnings, to the extent available, and projected caseload and expenditures for the supported employment program. On or before February 1, 2003, the department shall submit to the Department of Finance and the Legislature a final report containing, at a minimum, cumulative data and outcome measures, and shall include recommendations on whether to extend the effective dates of this section and Sections 19355.5, 19355.6, and 19356.7, and recommendations for appropriate changes to those sections.

(f) If the final report required by subdivision (e) is submitted to the Department of Finance and the Legislature on or before February 1, 2003, this section shall become inoperative on September 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 37. Section 19356.7 of the Welfare and Institutions Code is amended to read:

19356.7. (4) A profile of an average consumer in the program or component, showing the planned progress toward self-reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated paid work on the average for consumers served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department shall adopt regulations to implement the requirements of Sections 19352, 19356.6, and this section, in consultation with the California Rehabilitation Association, the United Cerebral Palsy Association, and the Association of Retarded Citizens of California.

(2) (A) A work activity program may, upon consultation with, and prior written approval from, the regional center, change the length of a work activity program day.

(B) If the regional center approves a reduction in the work activity program day pursuant to subparagraph (A), the department may change the work activity program.

(c) (1) A work activity program may change the length of a work activity program day for a specific consumer in order to meet the needs of that consumer, if the regional center, upon the recommendation of the individual program planning team, approves the change.

(2) The work activity program shall specify in writing to the regional center the reasons for any proposed change in a work activity program day on an individual basis.

4863. (a) In accordance with regulations adopted by the department, and if agreed upon by the work activity program and the regional center, hourly billing shall be permitted, provided that it does not increase the regional center's costs when used in lieu of full-day or half-day billing. A work activity program shall be required to submit a request for the hourly billing option to the regional center not less than 60 days prior to the program's proposed implementation of this billing option.

(b) If a work activity program and the regional center elect to utilize hourly billing, the hourly billing process shall be required to be used for a minimum of one year.

(c) When the hourly billing process is being used, the definitions contained in subdivisions (h) and (i) of Section 4851 shall not apply.

4864. The department shall authorize payment for absences in work activity programs and supported employment programs that are directly consequent to a declaration of a State of Emergency by the Governor. If the department authorizes payment for absences due to a state of emergency, the vendor shall bill only for absences in excess of the average number of absences experienced by the vendor during the 12-month period prior to the month in which the disaster occurred.

4865. At the request of the Department of Rehabilitation, a work activity or supported employment program or both shall release accreditation and state licensing reports and consumer special incident reports as required by law or regulations in instances of suspected abuse.

4866. The department may promulgate emergency regulations to carry out the provisions of this chapter. If the Department of Developmental Services promulgates emergency regulations, the adoption of the regulations shall be deemed necessary for the immediate preservation of the public peace, health and safety, or general welfare for purposes of subdivision (b) of Section 11346.1 of the Government Code.

4867. Nothing in this chapter shall be interpreted to mean that work activity programs or supported employment programs cannot serve consumers who are funded by agencies other than regional centers, including, but not limited to, the Department of Rehabilitation.

SEC. 3. Sections 1 and 2 of this act shall become operative on July 1, 2004.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 2557.5 of the Education Code is amended to read:

2557.5. (a) For the 1987–88 fiscal year, and each fiscal year thereafter, the revenue limit of any county superintendent of schools authorized pursuant to Section 2551, as that section read on January 1, 1999, may be increased by an amount sufficient to provide additional revenue equal to the expenditure estimated to be incurred by the county superintendent of schools in the budget year in complying with the following provisions of the Unemployment Insurance Code: Sections 605 and 803, Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1, or Article 3 (commencing with Section 976) of Chapter 4 of Part 1 of Division 1, less the actual expenditures incurred by the county superintendent of schools in the 1975–76 fiscal year in complying with the following provisions of the Unemployment Insurance Code: Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1 and former Section 605.2.

(b) The increase in revenue limit provided in subdivision (a) shall be adjusted annually, including plus or minus adjustments for under- or over-estimating expenditures used in determining the increase in revenue limit provided by subdivision (a) in the previous fiscal year.

(c) (1) For the 1994–95 to 2002–03 fiscal years, inclusive, the amount of the increase computed pursuant to this section may not be

adjusted by the deficit factor applied to the revenue limit of each county superintendent of schools pursuant to Section 2558.45.

(2) For the 2003–04 fiscal year and each fiscal year thereafter, the revenue limit reduction specified in Section 2558.46 may not be applied to the adjustment computed pursuant to this section.

(d) Expenditures for employees of charter schools funded pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8 are excluded from the calculations set forth in this section.

SEC. 2. Section 2558 of the Education Code is amended to read:

2558. Notwithstanding any other law, for the 1979–80 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall apportion state aid to county superintendents of schools pursuant to this section.

(a) The Superintendent of Public Instruction shall total the amounts computed for the fiscal year pursuant to Sections 2550, 2551.3, 2554, 2555, and 2557 and Section 2551, as that section read on January 1, 1999. For the 1979–80 fiscal year and for purposes of calculating the 1979–80 fiscal year base amounts in succeeding fiscal years, the amounts in Sections 2550, 2551, 2552, 2554, 2555, and 2557, as they read in the 1979–80 fiscal year, shall be multiplied by a factor of 0.994. For the 1981–82 fiscal year and for purposes of calculating the 1981–82 fiscal year base amounts in succeeding fiscal years, the amount in this subdivision shall be multiplied by a factor of 0.97.

(b) For the 1995–96 fiscal year and each fiscal year thereafter, the county superintendent of schools shall adjust the total revenue limit computed pursuant to this section by the amount of increased or decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System through the current fiscal year. The adjustment shall be calculated for each county superintendent of schools as follows:

(1) Determine the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employee contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the current fiscal year.

(2) Determine the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year.

(3) If the amount determined in paragraph (1) is greater than the amount determined in paragraph (2), the total revenue limit computed pursuant to this part for that county superintendent of schools shall be

decreased by the amount of the difference between those paragraphs; or if the amount determined in paragraph (1) is less than the amount determined in paragraph (2), the total revenue limit for that county superintendent of schools shall be increased by the amount of the difference between those paragraphs.

(4) For the purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(A) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to paragraph (1) of subdivision (a) of Section 54203.

(C) Positions supported, to the extent of employers' contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a non-General Fund revenue source determined to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance. Commencing in the 2002–03 fiscal year, only positions supported from a non-General Fund revenue source determined to be properly excludable as identified for a particular local education agency or pursuant to a blanket waiver by the Superintendent of Public Instruction and the Director of Finance, prior to the 2002–03 fiscal year, may be excluded pursuant to this paragraph.

(5) For accounting purposes, any reduction to county office of education revenue limits made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(6) The amount of the increase or decrease to the revenue limits of county superintendents of schools made by this subdivision for the 1995–96 to 2001–02 fiscal years, inclusive, may not be adjusted by the deficit factor applied to the revenue limit of each county superintendent of schools pursuant to Section 2558.45.

(7) For the 2003–04 fiscal year and any fiscal year thereafter, the revenue limit reduction specified in Section 2558.46 may not be applied to the amount of the increase or decrease to the revenue limits of each county superintendent of schools computed pursuant to paragraph (3).

(c) The Superintendent of Public Instruction shall also subtract from the amount determined in subdivision (a) the sum of: (1) local property tax revenues received pursuant to Section 2573 in the then current fiscal year, and tax revenues received pursuant to Section 2556 in the then current fiscal year, (2) state and federal categorical aid for the fiscal year, (3) district contributions pursuant to Section 52321 for the fiscal year, and other applicable local contributions and revenues, (4) any amounts that the county superintendent of schools was required to maintain as

restricted and not available for expenditure in the 1978–79 fiscal year as specified in the second paragraph of subdivision (c) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 51 of the Statutes of 1979, and (5) the amount received pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 33607.5 of the Health and Safety Code that is considered property taxes pursuant to that section.

(d) The remainder computed in subdivision (c) shall be distributed in the same manner as state aid to school districts from funds appropriated to Section A of the State School Fund.

(e) If the remainder determined pursuant to subdivision (c) is a negative amount, no state aid shall be distributed to that county superintendent of schools pursuant to subdivision (d), and an amount of funds of that county superintendent equal to that negative amount shall be deemed restricted and not available for expenditure during the current fiscal year. In the next fiscal year, that amount shall be considered local property tax revenue for purposes of the operation of paragraph (1) of subdivision (c).

(f) The calculations set forth in paragraphs (1) to (3), inclusive, of subdivision (b) exclude employer contributions for employees of charter schools funded pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

SEC. 3. Section 2558.46 is added to the Education Code, to read:

2558.46. (a) (1) For the 2003–04 and 2004–05 fiscal years, the revenue limit for each county superintendent of schools determined pursuant to this article shall be reduced by a 1.195 percent deficit factor.

(2) For the 2003–04 and 2004–05 fiscal years, the revenue limit for each county superintendent of schools determined pursuant to this article shall be further reduced by a 1.826 percent deficit factor.

(b) In computing the revenue limit for each county superintendent of schools for the 2005–06 fiscal year pursuant to this article, the revenue limit shall be determined as if the revenue limit for that county superintendent of schools had been determined for the 2003–04 and 2004–05 fiscal years without being reduced by the deficit factors specified in this section.

SEC. 4. Section 8222.5 of the Education Code is amended to read:

8222.5. (a) Alternative payment programs may provide payment to child care facilities with at least 75 percent subsidized children in any of the following circumstances:

(1) There is a lack of licensed child care facilities in the area.

(2) The facility is able to meet the special needs of a particular child.

(3) Any other reason provided for by the department's regulations.

(b) It is the intent of the Legislature that the Superintendent of Public Instruction adopt regulations to implement a process whereby a child

care facility may apply to the department for funding pursuant to subdivision (a).

(c) For the 2003–04 fiscal year, the Superintendent of Public Instruction may not adopt or implement regulations that differentiate provider reimbursement rates based upon the percentage of subsidized children receiving care in a facility.

SEC. 5. Section 10554 of the Education Code is amended to read:

10554. (a) In order for the governing board to carry out its responsibilities pursuant to this chapter, there is hereby established the Educational Telecommunication Fund. The amount of moneys to be deposited in the fund shall be the amount of any offset made to the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30, based on a finding that these apportionments were not in accordance with law. The maximum amount that may be annually deposited in the fund from the offset is fifteen million dollars ($15,000,000). The Controller shall establish an account to receive and expend moneys in the fund. The placement of the moneys in the fund shall occur only upon a finding by the Superintendent of Public Instruction and the Director of Finance that the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, and Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30 were not in accordance with existing law and were so identified pursuant to Sections 1624, 14506, 41020, 41020.2, 41320, 42127.2, and 42127.3, or an independent audit that was approved by the department.

(b) Moneys in the fund established pursuant to subdivision (a) shall only be available for expenditure upon appropriation by the Legislature in the Budget Act.

(c) The moneys in the fund established pursuant to subdivision (a) may be expended by the governing board to carry out the purposes of this chapter, including for the following purposes:

(1) To support the activities of the team established pursuant to subdivision (c) of Section 10551.

(2) To assist the school districts and county superintendents of schools in purchasing both hardware and software to allow school districts, county superintendents of schools, and the department to be linked for school business and administrative purposes. The governing board shall establish a matching share requirement that applicant school districts and county superintendents of schools must fulfill to receive those funds. It is the intent of the Legislature to encourage the distribution of grants to school districts and county superintendents of schools to the widest extent possible.

(3) To provide technical assistance through county offices of education to school districts in implementing the standards established pursuant to subdivision (a) of Section 10552.

SEC. 6. Section 13030 of the Education Code is amended to read:

13030. (a) Funding for this program is subject to an appropriation for this purpose in the annual Budget Act or other act.

(b) Subject to an appropriation for this purpose in the annual Budget Act or other measure, the State Librarian shall review and identify programs with similar goals that may be combined with this project in the future.

(c) Subject to an appropriation in the annual Budget Act or other measure for this purpose, the State Librarian shall report to the Legislature by November 1, 2004, on the progress of the program and on the results of the review required by subdivision (b).

SEC. 7. Section 14002.1 of the Education Code is amended to read:

14002.1. Notwithstanding any other law, for purposes of determining (a) the amounts to be certified pursuant to Sections 14002 and 14004, (b) allocations made pursuant to Section 41301, (c) the apportionments required to be made pursuant to Sections 41330, 41332, and 41335, (d) revenue limits for school districts pursuant to Section 42238, as adjusted pursuant to Sections 42238.14, 42238.145, and 42238.146, and (e) revenue limits for county offices of education pursuant to Section 2558, as adjusted pursuant to Sections 2558.4, 2558.45, and 2558.46, the Superintendent of Public Instruction shall use the property tax estimates received from county auditors pursuant to Section 75.70 of the Revenue and Taxation Code.

SEC. 8. Section 17070.76 is added to the Education Code, to read:

17070.76. Notwithstanding Section 17070.75, for the 2003–04 fiscal year, the board shall only require a school district to deposit into the account established pursuant to paragraph (1) of subdivision (b) of Section 17070.75 an amount equal to 2 percent of the total expenditures by a district from its general fund in the 2003–04 fiscal year.

SEC. 9. Section 33128.3 is added to the Education Code, to read:

33128.3. (a) Notwithstanding the standards and criteria adopted pursuant to paragraph (3) of subdivision (a) of Section 33128, for the 2003–04 and 2004–05 fiscal years, the minimum state requirement for a reserve for economic uncertainties is one-half of the percentage for a reserve adopted by the State Board of Education pursuant to Section 33128 as of May 1, 2003.

(b) For the 2005–06 fiscal year, the minimum state requirement for a reserve for economic uncertainties shall be restored to the percentage adopted by the State Board of Education pursuant to Section 33128 as of May 1, 2003.

SEC. 10. Section 37253 of the Education Code is amended to read:

37253. (a) The governing board of any school district and a charter school may offer supplemental instructional programs in mathematics, science, or other core academic areas designated by the Superintendent of Public Instruction.

(b) The Superintendent of Public Instruction shall adopt rules and regulations necessary to implement this section, including, but not limited to, the designation of academic areas other than mathematics and science as core academic areas.

(c) The maximum entitlement of a school district or charter school for reimbursement for pupil hours of attendance in supplemental instructional programs offered pursuant to this section shall be an amount equal to 5 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to subdivision (c) of Section 42239.

(d) To the extent appropriated funding allows, a school district or charter school may enroll more than 5 percent of its pupils, or may enroll pupils for more than 120 hours per year, in supplemental instructional programs offered pursuant to this section, if the total state apportionment to the district or charter school for these programs does not exceed an amount computed equal to 10 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to subdivision (c) of Section 42239.

(e) Instructional programs may be offered pursuant to this section during the summer, before school, after school, on Saturday, or during intersession, or in any combination of summer, before school, after school, Saturday, or intersession instruction, but shall be in addition to the regular schoolday. Any minor pupil whose parent or guardian informs the school district that the pupil is unable to attend a Saturday school program for religious reasons, or any pupil 18 years of age or older who states that he or she is unable to attend a Saturday school program for religious reasons, shall be given priority for enrollment in supplemental instruction offered at a time other than Saturday, over a pupil who is not unable to attend a Saturday school program for religious reasons.

(f) Notwithstanding any other law, neither the State Board of Education nor the Superintendent of Public Instruction may waive compliance with any provision of this section.

SEC. 11. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section.

Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other law, this section does not apply to the 1992–93 to 2003–04 fiscal years, inclusive.

SEC. 12. Section 41975 of the Education Code is amended to read:

41975. (a) Apportionments and allowances to a school district from Section A of the State School Fund in a fiscal year may not be less than the product of one hundred twenty dollars ($120) multiplied by the average daily attendance of the district in the preceding fiscal year, or two thousand four hundred dollars ($2,400), whichever amount is the greater.

(b) State funds apportioned to each school district for categorical education programs, or other state funds apportioned to each school district from the State School Fund, shall be applied to meet the requirement of Section 6 of Article IX of the California Constitution to provide a minimum of one hundred twenty dollars ($120) of state aid per pupil or two thousand four hundred dollars ($2,400) per school district.

(c) Notwithstanding any other law, the Superintendent of Public Instruction may not increase the revenue limit apportionment of any school district to provide basic state aid pursuant to Section 6 of Article IX of the California Constitution or any other law, unless that school district has not received the greater amount of one hundred twenty dollars ($120) per pupil or two thousand four hundred dollars ($2,400) from all state funds, including funds for categorical education programs. If a school district receives less than the amount specified in this

subdivision, the Superintendent of Public Instruction shall allocate the difference between the amount of state funds received and the constitutional minimum of the greater amount of one hundred twenty dollars ($120) per pupil or two thousand four hundred dollars ($2,400) per school district.

SEC. 13. Section 42238.12 of the Education Code is amended to read:

42238.12. (a) For the 1995–96 fiscal year and each fiscal year thereafter, the county superintendent of schools shall adjust the total revenue limit for each school district in the jurisdiction of the county superintendent of schools by the amount of increased or decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the current fiscal year. The adjustment shall be calculated for each school district, as follows:

(1) (A) Determine the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the current fiscal year.

(B) For the purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

(2) Determine the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year.

(3) If the amount determined in paragraph (1) for a school district is greater than the amount determined in paragraph (2), the total revenue limit computed for that school district shall be decreased by the amount of the difference between those paragraphs; or, if the amount determined in paragraph (1) for a school district is less than the amount determined in paragraph (2), the total revenue limit for that school district shall be increased by the amount of the difference between those paragraphs.

(4) For the purpose of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(A) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to paragraph (1) of subdivision (a) of Section 54203.

(C) Positions supported, to the extent of employers' contributions not exceeding twenty-five thousand dollars ($25,000) by any single

educational agency, from a non-General Fund revenue source determined to be properly excludable from this section by the Superintendent of Public Instruction with the approval of the Director of Finance. Commencing in the 2002–03 fiscal year, only positions supported from a non-General Fund revenue source determined to be properly excludable as identified for a particular local educational agency or pursuant to a blanket waiver by the Superintendent of Public Instruction and the Director of Finance, prior to the 2002–03 fiscal year, may be excluded pursuant to this paragraph.

(5) For accounting purposes, any reduction to district revenue limits made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(6) The amount of the increase or decrease to the revenue limits of school districts computed pursuant to paragraph (3) for the 1995–96 to 2002–03 fiscal years, inclusive, may not be adjusted by the deficit factor applied to the revenue limit of each school district pursuant to Section 42238.145.

(7) For the 2003–04 fiscal year and any fiscal year thereafter, the revenue limit reduction specified in Section 42238.146 may not be applied to the amount of the increase or decrease to the revenue limits of school districts computed pursuant to paragraph (3).

(b) The calculations set forth in paragraphs (1) to (3), inclusive, of subdivision (a) exclude employer contributions for employees of charter schools funded pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(c) Funding appropriated through the Budget Act of 2001 or legislation amending the Budget Act of 2001 for the purpose of limiting the reductions to revenue limits calculated pursuant to this section and to Section 2558 for the 2001–02 fiscal year shall be allocated on a one-time basis in the following manner:

(1) Each school district and county office of education subject to a reduced apportionment pursuant to this section or to Section 2558 shall receive a share of the amount described in paragraph (3) that is proportionate to the reduction in their apportionment pursuant to this section or to Section 2558 for the 2001–02 fiscal year as compared to the statewide total reduction that would occur absent this paragraph.

(2) For the 2001–02 fiscal year, instead of the alternative calculation authorized by paragraph (1), San Francisco Unified School District shall receive an amount equal to five dollars and 57 cents ($5.57) multiplied by its second principal apportionment average daily attendance for the 2001–02 fiscal year.

(3) Notwithstanding any other law, total allocations pursuant to this subdivision may not exceed thirty-five million dollars ($35,000,000).

(d) Thirty-five million dollars ($35,000,000) is hereby appropriated from the General Fund for transfer to Section A of the State School Fund for local assistance for the purpose of limiting the reductions to revenue limits calculated pursuant to this section and to Section 2558 for the 2003–04 fiscal year. Funding from this appropriation shall be allocated in the following manner:

(1) Each school district and county office of education subject to a reduced apportionment pursuant to this section or to Section 2558 shall receive a share of the amount appropriated in this subdivision that is proportionate to the reduction in their apportionment pursuant to this section or to Section 2558 for the 2003–04 fiscal year as compared to the statewide total reduction that would occur absent this paragraph.

(2) For the 2003–04 fiscal year, instead of the alternative calculation authorized by paragraph (1), the San Francisco Unified School District shall receive an amount equal to five dollars and 57 cents ($5.57) multiplied by its second principal apportionment average daily attendance for the 2003–04 fiscal year.

(3) Notwithstanding any other law, total allocations pursuant to this subdivision may not exceed thirty-five million dollars ($35,000,000) for the 2003–04 fiscal year.

(4) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by this section shall be deemed to be ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202, for the 2003–04 fiscal year and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202, for the 2003–04 fiscal year.

(e) For the 2004–05 fiscal year, and each fiscal year thereafter, apportionment reductions pursuant to this section and to Section 2558 shall be limited as follows:

(1) Each school district and county office of education subject to a reduced apportionment pursuant to this section or to Section 2558 shall receive a share of the amount described in paragraph (3) that is proportionate to the reduction in their apportionment pursuant to this section or to Section 2558 for the 2004–05 fiscal year as compared to the statewide total reduction as would occur absent this paragraph.

(2) Instead of the alternative calculation authorized by paragraph (1), the San Francisco Unified School District shall receive funding equal to the amount of funding per unit of average daily attendance specified in paragraph (2) of subdivision (c) as increased annually by cost-of-living adjustments specified in Section 42238.1, multiplied by its second principal apportionment average daily attendance for that fiscal year.

(3) Notwithstanding any other law, total limitations pursuant to this subdivision may not annually exceed the amount described in paragraph (3) of subdivision (c) as annually increased by the cost-of-living adjustments specified in Section 42238.1, multiplied by the annual statewide percentage growth in total average daily attendance, measured at the second principal apportionment.

SEC. 14. Section 42238.146 is added to the Education Code, to read:

42238.146. (a) (1) For the 2003–04 and 2004–05 fiscal years, the revenue limit for each school district determined pursuant to this article shall be reduced by a 1.198 percent deficit factor.

(2) For the 2003–04 and 2004–05 fiscal years, the revenue limit for each school district determined pursuant to the article shall be further reduced by a 1.826 percent deficit factor.

(b) In computing the revenue limit for each school district for the 2005–06 fiscal year pursuant to this article, the revenue limit shall be determined as if the revenue limit for that school district had been determined for the 2003–04 and 2004–05 fiscal years without being reduced by the deficit factors specified in this section.

SEC. 15. Section 42239.1 of the Education Code is amended to read:

42239.1. (a) For the 1999–2000 fiscal year and each fiscal year thereafter, each school district is eligible for reimbursement for hours of pupil attendance claimed for intensive reading programs offered pursuant to Article 1 (commencing with Section 53025) of Chapter 16 of Part 28 in an amount up to 10 percent of the district's total enrollment in kindergarten and grades 1 to 4, inclusive, for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239. This amount shall be provided in addition to amounts claimed pursuant to Sections 37252, 37252.2, 37252.5, 35252.6, 37252.8, and 37253.

(b) When expending funds received pursuant to this section, a school district shall give first priority for the purpose specified in paragraph (1) of subdivision (c) of Section 53027.

(a) For the 2000–01 fiscal year and each fiscal year thereafter, each school district and charter school is eligible for reimbursement for hours of pupil attendance claimed for intensive algebra instruction academies offered pursuant to Chapter 18 (commencing with Section 53091) of Part 28 in an amount up to 6 percent of the total enrollment in grades 7 and 8 of the school district or

charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239. This amount shall be provided in addition to the amount provided pursuant to Section 42239.

(b) When expending funds received pursuant to this section, a school district shall give first priority for the purpose specified in paragraph (1) of subdivision (d) of Section 53092.

(c) Reimbursement pursuant to this section is contingent on an appropriation being made for that purpose in the annual Budget Act.

SEC. 17. Section 42241.7 of the Education Code is amended to read:

42241.7. (a) For the 1978–79 fiscal year, and each fiscal year thereafter, the revenue limit of any elementary, high, or unified school district authorized pursuant to Sections 42237 and 42238 may be increased by an amount sufficient to provide additional revenue equal to the expenditures estimated to be incurred by the district in the budget year in complying with the following provisions of the Unemployment Insurance Code: Sections 605 and 803, Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1, or Article 3 (commencing with Section 976) of Chapter 4 of Part 1 of Division 1, less the actual expenditures incurred by the district in the 1975–76 fiscal year in complying with the following provisions of the Unemployment Insurance Code: Section 605.2 and Article 6 (commencing with Section 821) of Chapter 3 of Part 1 of Division 1.

(b) If, at the end of any fiscal year, the actual expenditures of the district specified in subdivision (a) are less than the revenue derived from the increase in revenue limit provided in subdivision (a) for that fiscal year, the difference shall be used in the following fiscal year exclusively for expenditures required pursuant to the Unemployment Insurance Code provisions specified in subdivision (a).

(c) If, at the end of any fiscal year, the actual expenditures of the district specified in subdivision (a) exceed the revenue derived from the increase in revenue limit provided in subdivision (a) for that fiscal year, the difference may be added to the increase in revenue limit, authorized pursuant to this section, in the following fiscal year.

(d) (1) For the 1994–95 to 2002–03 fiscal years, inclusive, the adjustment computed pursuant to this section shall not be adjusted by the deficit factor applied to the revenue limit of each school district pursuant to Section 42238.145.

(2) For the 2003–04 fiscal year and each fiscal year thereafter, the revenue limit reduction specified in Section 42238.146 may not be applied to the adjustment computed pursuant to this section.

(e) Expenditures for employees of charter schools funded pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8 are excluded from the calculations set forth in this section.

SEC. 18. Section 42243.7 of the Education Code is amended to read:

42243.7. (a) For any school district that commenced operations on or after June 30, 1978, or for any school district that receives approval from the department for a new continuation education high school for the 1979–80 fiscal year, or any fiscal year thereafter, the Superintendent of Public Instruction shall compute an adjustment to the district revenue limit pursuant to this section.

(b) Determine the amount of foundation program that the district would have been entitled to pursuant to subdivision (a) of Section 41711, as that Section read on July 1, 1977, if the district had operated during the 1977–78 fiscal year, utilizing the number of units of average daily attendance attending high school in the district in the fiscal year for which the revenue limit is being computed.

(c) Determine the amount of foundation program that the district would have been entitled to pursuant to paragraph (1) of subdivision (b) of Section 41711, as that section read on July 1, 1977, if the district had operated during the 1977–78 fiscal year, utilizing the same number of units of average daily attendance used in subdivision (b) of this section.

(d) Subtract the amount determined pursuant to subdivision (c) from the amount computed pursuant to subdivision (b).

(e) The amount computed pursuant to subdivision (d), if greater than zero, shall be added to the revenue limit computed pursuant to subdivision (c) of Section 42237 or pursuant to Section 42238. If the amount in subdivision (d) is less than zero there is no adjustment.

(f) The Superintendent of Public Instruction shall reduce by the amount computed pursuant to subdivision (e) the revenue limit computed pursuant to Section 42238 of any district discontinuing the operation of a continuation education school approved pursuant to subdivision (a).

(g) (1) For the 1994–95 to 2002–03 fiscal years, inclusive, the adjustment computed pursuant to this section may not be adjusted by the deficit factor applied to the revenue limit of each school district pursuant to Section 42238.145.

(2) For the 2003–04 fiscal year and each fiscal year thereafter, the revenue limit reduction specified in Section 42238.146 may not be applied to the adjustment computed pursuant to this section.

(h) The adjustment computed pursuant to this section for a new continuation education high school may be applicable for any unified school district that was not fully operational during the first year of operation of the continuation education high school. The number of

units of average daily attendance to be used in computing the adjustment shall be the number of units of average daily attendance generated by the continuation education high school in the district for the first year that the district is fully operational in all grades.

(i) In the 1998–99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance resulting from the calculation set forth in this section pursuant to Section 41711, as that section read on July 1, 1977, shall be reduced by the statewide average percentage that absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996, were of total second principal apportionment regular average daily attendance for high schools in 1996–97, with the reduced ranges then rounded to the nearest integer.

SEC. 19. Section 44395 of the Education Code is amended to read:

44395. (a) The National Board for Professional Teaching Standards Certification Incentive Program is hereby established to award grants to school districts for the purpose of providing awards to teachers who are employed by school districts or charter schools, are assigned to teach in California public schools, and have attained certification from the National Board for Professional Teaching Standards. Awards shall be granted to the extent that funds have been appropriated for this purpose in the annual Budget Act.

(1) Commencing July 1, 2000, any teacher who has attained certification from the National Board for Professional Teaching Standards is eligible to receive an award of up to twenty thousand dollars ($20,000) if he or she agrees to teach at a high-priority school for at least four years. Teaching service before July 1, 2000, may not be counted towards satisfaction of this four-year commitment.

(2) Awards granted pursuant to this subdivision shall be disbursed in annual payments of five thousand dollars ($5,000) over a four-year period. The annual payment shall be made upon completion of the school year, and upon approval of a district-certified application pursuant to the guidelines of subdivision (c) of Section 44396.

(b) The department shall administer the awards authorized by subdivision (a), and shall develop, in consultation with the Commission on Teacher Credentialing, certification and award information, criteria, procedures, and applications, all of which shall be submitted to the State Board of Education for approval. Amendments requested by the State Board of Education to that information, criteria, procedures, and applications shall be made before the dissemination of the material and the granting of any award under this article.

(c) The department shall distribute the materials described in subdivision (b) to school districts. Each school district is strongly encouraged to ensure that teachers employed by the district or by charter

schools affiliated with the district are informed about the program and can acquire the necessary application and information materials.

(d) School districts are encouraged to provide for adequate release time and support for a teacher to complete the certification process. As a condition to providing that release time and support, a school district may require that a teacher serve in a mentor teacher capacity.

(e) For purposes of this article, the following definitions apply:

(1) ''School district'' means school district, county board of education, county superintendent of schools, a state operated program, including a special school, or an education program providing instruction in kindergarten or any of grades 1 to 12, inclusive, that is offered by a state agency, including the California Youth Authority and the State Department of Developmental Services.

(2) ''High-priority school'' means a school in the bottom half of all schools based on the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056. This designation shall be determined as of the date of the agreement by the teacher described in paragraph (1) of subdivision (a).

SEC. 20. Section 48005.10 of the Education Code is amended to read:

48005.10. (a) This article shall be known, and may be cited, as the Kindergarten Readiness Pilot Program.

(b) The Legislature hereby finds and declares the following:

(1) The available data indicate all of the following:

(A) By changing the age at which children generally enter kindergarten, California's children will be better prepared to enter into the academic environment that is required by the California content standards for kindergarten.

(B) Success in school is often related to socioeconomic status, English language fluency at school entry, and access to preschool. By providing a kindergarten readiness program for the children most at risk for low performance and delaying entry to allow all children time to become more developmentally ready to learn, pupils are more likely to succeed in school.

(C) Comparisons between California pupils and pupils in other states on national achievement tests in the later grades are likely to be more equitable if the entry age of California pupils is more closely aligned to that of most other states.

(D) Children who have attended an educationally based kindergarten readiness program, including, but not limited to, a quality state preschool, Head Start, or kindergarten readiness program, are better prepared academically and socially for the existing kindergarten curriculum, as reflected by the state adopted standards.

(2) The purpose of the pilot project established pursuant to this article is intended to test these data.

(3) For participating school districts, the change in enrollment required pursuant to this article will result in a decrease in the number of pupils enrolled in kindergarten classes for the class entering kindergarten in the 2006–07 school year. Thus, it is estimated that in participating school districts there will be a 25 percent decrease in the enrollment of the kindergarten class in the initial year of implementation.

(4) The school district revenue related provision of this article in Section 48005.30 is intended to fully fund participation in the program and provide an incentive to participate.

SEC. 21. Section 48005.13 of the Education Code is amended to read:

48005.13. (a) The Superintendent of Public Instruction shall establish and administer the Kindergarten Readiness Pilot Program to permit school districts to provide opportunities for children to enhance their readiness for kindergarten, thereby increasing their likelihood for future academic success.

(b) The Superintendent of Public Instruction shall convene an advisory panel to assist the department in developing its request for proposals, and in evaluating and selecting the proposals submitted to the department. The advisory panel shall include, but need not be limited to, a representative of each of the following:

(1) The Department of Finance.

(2) The Legislature.

(3) The California Research Bureau.

(4) The Legislative Analyst.

(5) The State Board of Education.

(6) The Secretary for Education.

(c) By February 1, 2006, the superintendent shall notify elementary and unified school districts maintaining kindergarten about the existence of this program, shall notify them about the procedures for participation, and shall request proposals for participation.

(d) Participation in the program by a school district shall be voluntary.

(e) A school district that elects to participate in the program shall apply to the Superintendent of Public Instruction by May 1, 2006, upon forms adopted by the superintendent for this purpose.

(f) The Superintendent of Public Instruction, with the advice of the advisory panel, and in consultation with the Secretary for Education, shall select participants from the group of applicants. The Superintendent of Public Instruction shall give priority to applicant school districts that are representative of the diversity of pupils and of

the various types of school districts within the state. The Superintendent of Public Instruction shall also give priority to unified school districts.

(g) This article does not prohibit a school district from implementing the program in selected schools within the district if adequate records are kept to substantiate the accuracy of the declining enrollment incentive and limits on prekindergarten instruction funding provided pursuant to Section 48005.30.

SEC. 22. Section 48005.15 of the Education Code is amended to read:

48005.15. By July 1, 2006, each participant school district shall enter into an agreement with the Superintendent of Public Instruction setting forth the requirements under the program, including, but not limited to, all of the following:

(a) The participating school district shall make a reasonable effort to identify parents and guardians of children from three to five years of age who reside within the school district and to provide the parents and guardians with information regarding, and access to, services, programs, or methods, to assist them in assessing the level of readiness of a child to enter school.

(b) The effort set forth in subdivision (a) shall include, but need not be limited to, information regarding available care services, preschool programs, and educationally based kindergarten readiness programs. The school district may coordinate this effort with local parent-teacher organizations.

(c) ''Reasonable effort'' as used in this subdivision does not require that the school district individually contact every potential parent who resides within the school district.

(d) The school district shall provide assistance to parents or guardians who request assistance regarding activities that parents may initiate in preparing children for school.

(e) At a minimum, participating school districts shall supply parents or guardians with written readiness guidelines developed by the department.

(f) Assistance provided pursuant to this section shall be based on generally accepted child development theory and may include information related to social and development readiness and professional consultations with teachers and school administrators.

(g) The participating school district shall make a reasonable effort to collect data and make it available to the independent evaluator, as specified in Section 48005.45.

SEC. 23. Section 48005.25 of the Education Code is amended to read:

48005.25. (a) Notwithstanding any law, including, but not limited to, Section 48000, for the 2006–07 school year, and each school year

thereafter in which a school district continues to participate in the program, the school district shall offer admission to kindergarten at the beginning of the school year, or at a later time in the same school year, only to children who will have their fifth birthday on or before September 1 of that school year. For a school district that is not implementing the pilot project authorized by this article on a districtwide basis, this subdivision applies only to children whose residence is in the regular attendance boundary of a participating school or who would otherwise attend that school under school assignment policies established in the school year prior to implementation of this pilot program.

(b) Notwithstanding any law, including, but not limited to, Section 48010, for the 2007–08 school year, and each school year thereafter in which a school district continues to participate in the program, a school district shall offer admission to first grade at the beginning of the school year, or at a later time in the same school year, only to children who will have their sixth birthday on or before September 1 of that school year. Kindergarten may not be a prerequisite for enrollment in first grade pursuant to this article. For a school district that is not implementing the pilot project authorized by this article on a districtwide basis, this subdivision applies only to children whose residence is in the regular attendance boundary of a participating school or who would otherwise attend that school under school assignment policies established in the school year prior to implementation of this pilot program.

(c) Notwithstanding subdivisions (a) and (b), the governing board of each school district participating in this program shall adopt a policy to allow, for good cause, admission of a child to kindergarten or to the first grade at the beginning of a school year in which the child's birthday will be after September 1, or at a later time in the same school year. It is the intent of the Legislature that this subdivision authorize rare exceptions for only the most gifted and socially mature children. Therefore, exceptions are limited to no more than the greater of either one child or the number of children determined by multiplying .01 times the prior school year second principal apportionment average daily attendance in kindergarten within the participating school district or the school implementing the program, as applicable. A school or school district may not exceed this limitation without specific written approval from the Superintendent of Public Instruction upon consideration of a statement by the school or school district of the circumstances that meet the legislative intent regarding this subdivision.

SEC. 24. Section 48005.30 of the Education Code is amended to read:

48005.30. (a) For the 2006–07 to 2012–13 school years, inclusive, the Superintendent of Public Instruction shall allocate a grant of funds

for a participating school district for each year of participation to cover the costs of developing and operating the school district kindergarten readiness program, including, but not limited to, the costs of administration and the costs associated with services provided to parents and children in the program. For any participating school district, annual funding is subject to the limitations and requirements of this subdivision and may not exceed the per-pupil amount nor the total amount computed as follows:

(1) Five dollars ($5) per hour for each hour of attendance for each child participating in the kindergarten readiness program up to a maximum of 150 hours of attendance for each child. The amount per hour shall be adjusted annually, commencing with the 2007–08 school year for the inflation adjustment calculated pursuant to subdivision (b) of Section 42238.1.

(2) For purposes of total funding to a participating school district, the amount claimed may not exceed an amount equivalent to multiplying the amount in paragraph (1) by a number equal to 50 percent of the entire kindergarten second principal apportionment average daily attendance for the 2005–06 school year of the school district or, in a school district that is not implementing the pilot project authorized by this article on a districtwide basis, by a number equal to 50 percent of the kindergarten second principal apportionment average daily attendance for the 2005–06 school year of the schools in the district that are implementing the program.

(b) For the 2006–07 school year, the Superintendent of Public Instruction shall allocate a one-time incentive grant to enhance transition of the school district for the reduced attendance that results from the program, to be determined by multiplying one-fourth of the kindergarten average daily attendance for the 2005–06 school year by the school district's base revenue limit per unit of average daily attendance. If a school district does not implement the program districtwide, this one-time incentive shall be determined by multiplying one-fourth of the specific portion of the district's kindergarten average daily attendance for the 2005–06 school year contributed by the implementing school or schools by the school district's base revenue limit per unit of average daily attendance.

(c) A participating school district that does not implement the program on a districtwide basis shall provide to the Superintendent of Public Instruction a statement certifying the following:

(1) The second principal apportionment average daily attendance in the implementing schools for the 2005–06 school year. The school district shall maintain these records for audit purposes. The Superintendent of Public Instruction may request documentation of the second principal apportionment average daily attendance in schools

implementing the program as deemed necessary to enforce the funding limits of this article.

(2) Attendance boundaries for the schools implementing the program will remain the same as they existed in the 2005–06 school year through the duration of the program, unless the district submits an application to and receives approval from the State Board of Education. The State Board of Education shall only consider applications for attendance boundary changes for participating schools in cases where significant population changes necessitate the opening of new schools or the closing of existing schools. In order to preserve the integrity of the evaluation required by this article, it is the intent of the Legislature that a school district applying to participate in the program on a less than districtwide basis avoid implementation of the program in schools that can reasonably be foreseen to be subject to boundary changes within the timeframe of the pilot program authorized in this article. The State Board of Education may not approve boundary changes that do not meet the requirements and intent of this paragraph.

(3) The district has established procedures that restrict attendance in nonparticipating schools of the district for children residing in the attendance boundaries of the schools implementing the program.

(d) Total incentive funding for reduced second principal apportionment average daily attendance provided pursuant to this article shall be subject to a statewide maximum funding level equal to the equivalent of 2,300 full annual units of average daily attendance multiplied by the statewide average school district revenue limit for the 2006–07 fiscal year as determined by the Department of Finance.

SEC. 25. Section 48005.35 of the Education Code is amended to read:

48005.35. (a) A school district kindergarten readiness program operated pursuant to this article is exempt from the requirements of the Class Size Reduction Program (Ch. 6.10 (commencing with Sec. 52150), Pt. 28) and the regulations adopted by the Superintendent of Public Instruction pursuant to Section 8261 if the program meets kindergarten staffing and safety requirements.

(b) Notwithstanding any other law, including, but not limited to, subdivision (a) of Section 17285, a commercial building that does not meet the requirements of Section 17280, that is leased to a school district may, until January 1, 2007, be used as a classroom in order to accommodate programs under this article if the governing board of the school district finds that conditions of subdivision (b) of Section 17285 have been met.

(c) Any teacher participating in the kindergarten readiness program shall hold a permit or credential issued by the Commission on Teacher

Credentialing that authorizes instruction in kindergarten or child care and development.

SEC. 26. Section 48005.45 of the Education Code is amended to read:

48005.45. (a) The Superintendent of Public Instruction shall, by June 1, 2007, contract for an independent longitudinal evaluation regarding the effects of the change in the entry age for kindergarten and first grade pursuant to this article. In selecting the independent evaluator, awarding the contract pursuant to this section, and in monitoring performance under the contract, the Superintendent of Public Instruction shall consult with the advisory panel convened pursuant to subdivision (b) of Section 48005.13.

(b) The evaluation shall be based upon samples of sufficient size and diversity to allow results to be reported separately for pupils of different ethnicity, socioeconomic status, and primary language, and results of the evaluation shall be so reported.

(c) The primary purpose of the evaluation is to determine whether this entry age change results in improved readiness for school and an improvement in academic achievement among participating children.

(d) The evaluation shall use representative sampling to identify the change's effects on all of the following:

(1) Academic achievement, as measured by standardized tests, as compared with pupils not participating in the program.

(2) Behavioral problems, as measured by objective data including, but not limited to, suspension and expulsion rates, as compared with pupils not participating in the program.

(3) Academic problems, as measured by referrals to special education and remedial programs, as compared with pupils not participating in the program.

(4) Age of kindergarten entry and previous educationally based preschool experience, including, but not limited to, access to child care and preschool by parents or guardians.

(5) Overall retention rates in kindergarten and in subsequent grades.

(6) Participation in remedial, supplemental, or summer school programs.

(7) Class size.

(8) Number of pupils participating in kindergarten.

(9) Number of pupils participating in the kindergarten readiness programs.

(10) Differences, if any, between programs with full preschool participation, and those with partial or no preschool.

(11) Child care difficulties caused by the admission age change.

(12) Demographic breakdown of participants and nonparticipants, including, but not limited to, socioeconomic and ethnic demographics.

(13) Facilities difficulties, if any, encountered by participating school districts.

(14) The ability of parents to gain access to the program, disaggregated by ethnic, primary language, and socioeconomic status.

(e) It is the intent of the Legislature that funding for this evaluation be included in the Budget Act or a bill related to the Budget Act. It is the intent of the Legislature to subsequently increase the number of hours funded for the kindergarten readiness program if the reports pursuant to this section indicate that the increase would be beneficial.

(f) (1) The independent evaluator shall report to the Legislature, the Governor, the Superintendent of Public Instruction, the State Board of Education, and the Secretary for Education.

(2) The initial report shall be filed by June 1, 2009. The interim report shall be filed by January 1, 2011. The final report shall be filed by January 1, 2012.

SEC. 27. Section 48005.55 of the Education Code is amended to read:

48005.55. This article shall become inoperative on July 1, 2013, and, as of January 1, 2014, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2014, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 28. Section 69618.9 of the Education Code is amended to read:

69618.9. Commencing with the 1998–99 fiscal year, the commission shall issue warrants for the assumption of up to 500 student loans for program participants eligible under this article. The issuance of warrants shall be subject to funding to be provided in the annual Budget Act for each fiscal year. Notwithstanding any other provision of law, no warrants for the assumption of loans under this article shall be issued in the 2003–04 fiscal year.

SEC. 29. Section 76300 of the Education Code is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) (1) The fee prescribed by this section shall be eighteen dollars ($18) per unit per semester, effective with the fall term of the 2003–04 academic year.

(2) The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system, and also shall proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750, the chancellor shall subtract,

from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84757.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(3) Students enrolled in credit contract education courses pursuant to Section 78021, if the entire cost of the course, including administrative costs, is paid by the public or private agency, corporation, or association with which the district is contracting and if these students are not included in the calculation of the full-time equivalent students (FTES) of that district.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) (1) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Temporary Assistance to Needy Families program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid.

(2) The governing board of a community college district also shall waive the fee requirements of this section for any student who demonstrates eligibility according to income standards established by the board of governors and contained in Section 58620 of Title 5 of the California Code of Regulations.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. ''Active service of the state,'' for the purposes of this subdivision, refers

to a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(j) The fee requirements of this section shall be waived for any student in an undergraduate program, including a student who has previously graduated from another undergraduate or graduate program, who is the dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center and the Pentagon or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if that dependent meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either of the following apply:

(1) The dependent was a resident of California on September 11, 2001.

(2) The individual killed in the attacks was a resident of California on September 11, 2001.

(k) A determination of whether a person is a resident of California on September 11, 2001, for purposes of subdivision (j) shall be based on the criteria set forth in Chapter 1 (commencing with Section 68000) of Part 41 for determining nonresident and resident tuition.

99234. It is the intent of the Legislature that a local educational agency give highest priority to training teachers assigned to

high-priority schools. It is also the intent of the Legislature that funding appropriated in one fiscal year that is not expended by a local educational agency be redirected to local educational agencies that have trained more eligible teachers than the percentage funded. If a redirection of funding occurs, funding in subsequent fiscal years for the local educational agencies involved shall be adjusted to reflect the redirection of funding.

(b) A school district that cannot make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237 for all the grade levels it maintains in reading and mathematics may apply for and receive incentive funding for the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237, in which case the certified assurance submitted pursuant to Section 99237 applies only to the professional development provided to teachers and instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading in the grade levels and subjects for which it can make the certification required pursuant to paragraph (3) of subdivision (a) of Section 99237.

(c) Of the incentive provided pursuant to subdivision (a), a local educational agency may use not more than one thousand dollars ($1,000) of the per teacher per subject amount to provide an individual teacher stipend.

(d) The Superintendent of Public Instruction shall notify local educational agencies that the maximum funding for the purpose of this article for which they are eligible each year is equal to the percentage calculated in accordance with provisions of an item of appropriation in the annual Budget Act, multiplied by the sum of the following two factors multiplied by two thousand five hundred dollars ($2,500):

(1) Twice the number of multiple subjects teachers teaching in a self-contained classroom and special education teachers, as specified in paragraphs (1) and (2) of Section 99233, that provide direct instruction in reading and mathematics as reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(2) The number of mathematics, English, science, and social science teachers as specified in paragraphs (3) to (6), inclusive, of Section 99233 that were reported in the most recent available CBEDS data, who have not received training pursuant to either this article or Article 2 (commencing with Section 99220).

(e) The Superintendent of Public Instruction shall allocate funding appropriated for the purposes of this article in the following order of priority:

(1) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to subdivision (a) in the prior year for whom the local educational agency did not receive funding due to insufficient availability of funds in the prior fiscal year.

(2) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to this article, subject to the limitations in subdivision (d).

(3) Five hundred dollars ($500) for each qualifying teacher for each qualifying program as specified in Article 2 (commencing with Section 99220) who successfully completes mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 2001–02 fiscal year to the 2004–05 fiscal year, inclusive, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific approved training on the mathematics or reading instructional materials selected for use in the school.

(4) Five hundred dollars ($500) for each qualifying teacher in each qualifying program pursuant to Article 2 (commencing with Section 99220) who successfully completed mathematics or reading standards training, or both, at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) in the 1999–2000 or 2000–01 fiscal year, using funds received pursuant to Article 2 (commencing with Section 99220), and has had specific approved training on the mathematics or English-language arts instructional materials selected for use in the school.

(5) Two thousand five hundred dollars ($2,500) for each qualifying teacher who was provided training pursuant to this article in excess of limitations in subdivision (d).

(f) For purposes of this article, qualifying teachers who, in the 2000–01 fiscal year, received training at a California Professional Development Institute authorized pursuant to Article 2 (commencing with Section 99220) that was paid for by a local educational agency using funds that were not received pursuant to Article 2 (commencing with Section 99220) shall be deemed to have received training in the 2001–02 fiscal year. A local educational agency shall receive funding for these qualifying teachers in accordance with paragraph (2) of subdivision (e).

(g) Except as provided in subdivision (f) of Section 99237, funding may not be provided to a local educational agency until the State Board of Education approves the agency's certified assurance submitted pursuant to Section 99237.

(h) Of the funding a local educational agency is eligible to receive pursuant to this section for each eligible teacher, 50 percent shall be awarded following the provision of 40 hours of professional

development as specified in subdivision (b) of Section 99237, with the remaining funding to be awarded following certification of the provision of the 80 hours of followup instruction as specified in subdivision (b) of Section 99237.

(i) Except as provided in paragraphs (3) and (4) of subdivision (e), a local educational agency may not receive funds pursuant to this article for teachers who receive training pursuant to Article 2 (commencing with Section 99220) using funding provided pursuant to Article 2 (commencing with Section 99220).

SEC. 33. Section 99235 of the Education Code is amended to read:

99235. (a) The Superintendent of Public Instruction shall notify local educational agencies that they are eligible to receive funding to provide instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading with professional development training in mathematics and reading, in an amount equal to one thousand dollars ($1,000) per qualifying instructional aide. Funding will be provided to local educational agencies on a first-come, first-serve basis. A local educational agency that chooses to participate in the program is eligible to receive funding for no greater than the percentage calculated in accordance with provisions of an item of appropriation in the annual Budget Act for its instructional aides and paraprofessionals. However, the statewide total number of instructional aides and paraprofessionals who directly assist with classroom instruction in mathematics and reading served under this program may not exceed 9,600 over the two fiscal years.

(b) Of the incentive provided pursuant to subdivision (a), a local educational agency may use not more than five hundred dollars ($500) of the per instructional aide and paraprofessionals who directly assist with classroom instruction in mathematics and reading amount to provide an individual instructional aid stipend.

SEC. 34. Section 7576.5 is added to the Government Code, to read:

7576.5. If funds are appropriated to local educational agencies to support the costs of providing services pursuant to this chapter, the local educational agencies shall transfer those funds to the community mental health services that provide services pursuant to this chapter in order to reduce the local costs of providing these services. These funds shall be used exclusively for programs operated under this chapter and are offsetting revenues in any reimbursable mandate claim relating to special education programs and services.

All funds appropriated in the items identified in this section are in lieu of the amounts that would otherwise be appropriated pursuant to any other law.

(b) Notwithstanding Section 42238.1 of the Education Code, for purposes of Sections 2550, 42238, and 48664 of the Education Code, for the 2002–03 fiscal year, the cost-of-living adjustment shall be 2 percent.

SEC. 36. Section 51 of Chapter 1167 of the Statutes of 2002 is repealed.

(c) Notwithstanding Section 42238.1 of the Education Code or any other provision of law to the contrary, for purposes of Section 48664 of the Education Code, for the 2003–04 fiscal year, the growth and cost-of-living adjustments shall be zero percent.

The Superintendent of Public Instruction shall reduce funding for basic aid districts from the categorical education funds appropriated in Section 2.00 of the Budget Act of 2003 by a total of nine million eight hundred eighty-six thousand dollars ($9,886,000). The reduction shall be allocated as follows:

(a) The Superintendent of Public Instruction shall calculate a reduction for each district that was a basic aid district in the 2002–03 fiscal year that is proportionate to its revenue limit as determined at the second principal apportionment of the 2002–03 fiscal year that will achieve the amount of savings specified in this section.

(b) (1) On or before October 26, 2003, the Superintendent of Public Instruction shall notify each district of the reduction amount calculated for that district pursuant to subdivision (a).

(2) On or before February 1, 2004, each district shall notify the Superintendent of Public Instruction of the specific categorical education programs in which the reductions for that district shall be applied and the amount of the reduction for each program, provided that no reduction may be made to a program identified as requiring a maintenance of effort. The Superintendent of Public Instruction shall withhold or recover the identified amount of funds as necessary.

(3) This section does not obligate the state to refund or repay reductions made pursuant to this section. A decision by a school district to reduce funding pursuant to this section for a state-mandated local program shall constitute a waiver of the subvention of funds that the school district is otherwise entitled to pursuant to Section 6 of Article XIII B of the California Constitution in the amount so reduced and that decision shall be made only after the school district first considers reductions to voluntary categorical education programs.

(c) If a district does not receive property tax revenue sufficient to fully fund its revenue limit during the 2003–04 fiscal year, any reductions to that district's categorical education funding by this section shall be restored.

(d) No later than June 1, 2004, the Superintendent of Public Instruction shall report to the Controller and the Director of Finance the amounts to be reduced from each categorical education program and identify the corresponding item of appropriation in the Budget Act of 2003 to be reduced. The reductions shall equal the total amount to be reduced pursuant to this section. On June 15, 2004, the amounts appropriated by the Budget Act of 2003 in the items identified by the superintendent are hereby reduced by the amounts reported by the superintendent. The amounts so reduced shall revert to the unexpended balance of the General Fund. The reductions pursuant to this subdivision shall be reductions in the amount appropriated for purposes of Section 8 of Article XVI of the California Constitution for the 2003–04 fiscal year.

(e) For purposes of this section, ''basic aid school district'' means a school district that does not receive from the state, for any fiscal year in which the section is applied, an apportionment of state funds pursuant to subdivision (h) of Section 42238.

SEC. 39. (a) For the 2003–04 fiscal year only, in order to provide local budgeting flexibility as a result of budget reductions enacted by the Legislature for the 2003–04 fiscal year, the governing board of a school district or county office of education may use, for the purposes identified in subdivision (a) of Section 40 of this act, up to 100 percent of the

balances as of June 30, 2003, of restricted accounts in its General Fund or cafeteria fund, excluding restricted reserves committed for capital outlay, bond funds, sinking funds, and federal funds, and excluding balances in the following programs:

(1) Public Schools Accountability Act (Ch. 6.1 (commencing with Sec. 52050), Pt. 28, Ed. C.).

(3) Targeted Instructional Improvement Grant (Ch. 2.5 (commencing with Sec. 54200), Ch. 2, Pt. 29, Ed. C.).

(4) Instructional materials.

(5) Special education.

(b) For purposes of this section, balances of restricted accounts do not include the amounts deferred from the 2001–02 fiscal year to the 2002-03 fiscal year or the amounts deferred from the 2002–03 fiscal year to the 2003-04 fiscal year.

(c) A governing board may not use the ending balance in any restricted account if that use would violate a federal maintenance of effort requirement.

(d) This section does not obligate the state to refund or repay funds used pursuant to this section. If a school district uses an ending balance in a restricted account that consists, in whole or in part, of funds reimbursed to the district as a subvention of funds for a state-mandated local program, the school district may not submit a claim to the state for a subsequent reimbursement of the funds that were reimbursed pursuant to Section 6 of Article XIII B of the California Constitution and used pursuant to the authority granted to a school district pursuant to this section.

(e) It is the intent of the Legislature that the use of balances of restricted accounts permitted by this section is limited to the 2003–04 fiscal year and not for any subsequent fiscal year.

SEC. 40. (a) For the 2003–04 fiscal year, the governing board of a school district or county office of education may use any combination of funds made available pursuant to Sections 17070.76 and 33128.3 of the Education Code and Section 39 of this act for the purpose of mitigating the reduction in revenue limit funding in the 2003–04 fiscal year pursuant to paragraph (1) of subdivision (a) of Section 2558.46 of the Education Code and paragraph (1) of subdivision (a) of Section 42238.146 of the Education Code.

(b) A governing board that elects to use balances in restricted accounts pursuant to Section 39 of this act shall report to the Superintendent of Public Instruction, in a manner determined by the superintendent, regarding the programs and amounts of restricted balances used for purposes of subdivision (a). The Superintendent of

Public Instruction shall report this information to the Joint Legislative Budget Committee in a timely manner.

SEC. 41. It is the intent of the Legislature that the first priority for the use of funds available to school districts and county offices of education in the 2004–05 fiscal year pursuant to Section 8 of Article XVI of the California Constitution in excess of the amount of funds available in the 2003–04 fiscal year, shall be to restore the reduction in revenue limit funding pursuant to paragraph (1) of subdivision (a) of Section 2558.46 of the Education Code and paragraph (1) of subdivision (a) of Section 42238.146 of the Education Code.

SEC. 42. It is the intent of the Legislature, when the state's fiscal condition permits, to phase out the permanent deferral of second principal apportionment payments to school districts and county offices of education enacted in Chapter 4 of the Statutes of 2003 and to return local educational agencies to a traditional accounting and payment basis. It is further the intent of the Legislature that phasing out the permanent deferral not result in reductions in the level of services provided by school districts and county offices of education. It is further the intent of the Legislature that the permanent deferral be phased out in conjunction with the reduction of the maintenance factor pursuant to subdivision (e) of Section 8 of Article XVI of the California Constitution.

To the extent the ratepayers of the investor-owned utilities were harmed, the settlement funds shall be directed to reduce their costs, to the maximum extent possible, through reduction of rates or the reduction of ratepayer debt obligations incurred as a result of the energy crisis.

(2) For deposit in the fund.

(b) Nothing in this article shall preclude nonmonetary compensation to the state through an energy settlement agreement, provided that the allocation of benefits from any nonmonetary compensation is consistent with paragraph (1) of subdivision (a).

16428.4. All funds recovered on behalf of the Department of Water Resources, after deduction of litigation and investigation expenses, shall be deposited in the Department of Water Resources Electric Power Fund and applied pursuant to Division 27 (commencing with Section 80000) of the Water Code.

SEC. 18. Section 22825.01 of the Government Code is amended to read:

22825.01. (a) As used in this section, the following definitions shall apply:

(1) A ''rural area'' means an area in which there is no board-approved health maintenance organization plan available for enrollment by state employees or annuitants who live in the area.

(2) ''Coinsurance'' means the provision of a medical plan design in which the plan or insurer and state employee or annuitant share the cost of hospital or medical expenses at a specified ratio.

(3) A ''deductible'' means the annual amount of out-of-pocket medical expenses that state employees or annuitants must pay before the insurer or self-funded plan begins paying for expenses.

(4) ''Department'' means the Department of Personnel Administration.

(5) ''Program'' means the Rural Health Care Equity Program.

(b) (1) The Rural Health Care Equity Program is hereby established for the purpose of funding the subsidization and reimbursement of premium costs, deductibles, coinsurance, and other out-of-pocket health care costs, which would otherwise be covered if the state employee or annuitant was enrolled in a board-approved health maintenance

organization plan, paid by employees and annuitants living in rural areas, as authorized by this section. The program shall be administered by the department or by a third-party administrator approved by the department in a manner consistent with all applicable state and federal laws. The board shall determine the rural area for each subsequent fiscal year at the same meeting when the board approves premiums for health maintenance organizations.

(2) Separate accounts shall be maintained within the program for (A) employees, as defined in subdivision (c) of Section 3513; (B) excluded employees, as defined in subdivision (b) of Section 3527; and (C) annuitants as defined in subdivision (e) of Section 22754.

(c) Moneys in the Rural Health Care Equity Program shall be allocated to the separate accounts as follows:

(1) As the employer's contribution with respect to each employee, as defined in subdivision (c) of Section 3513, who lives in a rural area and who is otherwise eligible, an amount to be determined through the collective bargaining process.

(2) As the employer's contribution with respect to each excluded employee, as defined in subdivision (b) of Section 3527, who lives in a rural area and who is otherwise eligible, an amount equal to, but not to exceed, the amount given to eligible state employees, as defined in subdivision (c) of Section 3513, who live in a rural area.

(3) As the employer's contribution with respect to each annuitant, as defined in subdivision (e) of Section 22754, who lives in a rural area, is not a Medicare participant, resides in California, and who is otherwise eligible, an amount not to exceed five hundred dollars ($500) per year. Annuitants who become residents of a state other than California on or after July 1, 2003, are ineligible for the program.

(4) As to the state's contribution with respect to each state annuitant, as defined in subdivision (e) of Section 22754 who lives in a rural area, resides in California, participates in a board-approved, Medicare-coordinated health plan, participates in a board-approved health plan, and is otherwise eligible, an amount equal to the Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month. The state shall not reimburse for penalty amounts. Annuitants who become residents of a state other than California on or after July 1, 2003, are ineligible for the program.

(5) As to an employee who enters state service or leaves state service during a fiscal year, contributions for the employee shall be made on a pro rata basis. A similar computation shall be used for anyone entering or leaving the bargaining unit, including a person who enters the bargaining unit by promotion in mid-fiscal year.

(d) Each fund of the State Treasury, other than the General Fund, shall reimburse the General Fund for any sums allocated pursuant to

subdivision (c) for employees whose compensation is paid from that fund. That reimbursement shall be accomplished using the following methodology:

(1) On or before December 1 of each year, the Department of Personnel Administration shall provide a listing of active state employees who participated in the Rural Health Care Equity Program in the immediately preceding fiscal year to each employing department.

(2) On or before January 15 of each year, every department that employed an active state employee identified by the Department of Personnel Administration as a participant in the Rural Health Care Equity Program shall provide the Department of Personnel Administration with a listing of the funds used to pay each employee's salary, along with the proportion of each active state employee's salary attributable to each fund.

(3) Using the information provided by the employing departments, the Department of Personnel Administration shall compile a listing of Rural Health Care Equity Program payments attributable to each fund. On or before February 15 of each year, the Department of Personnel Administration shall transmit this list to the Department of Finance.

(4) The Department of Finance shall certify to the Controller the amount to be transferred from the unencumbered balance of each fund to the General Fund.

(5) The Controller shall transfer to the General Fund from the unencumbered fund balance of each impacted fund the amount specified by the Department of Finance.

(6) To ensure the equitable allocation of costs, the Director of the Department of Personnel Administration or the Director of Finance may require an audit of departmental reports.

(e) For any sums allocated pursuant to subdivision (c) for annuitants, funds, other than the General Fund, shall be charged a fair share of the state's contribution in accordance with the provisions of Article 2 (commencing with Section 11270) of Chapter 3 of Part 1 of Division 3 of Title 2. On or before July 31 of each year, the Department of Personnel Administration shall provide the Department of Finance with the total costs allocated pursuant to subdivision (c) for annuitants in the immediately preceding fiscal year. The reported costs shall not include expenses that have been incurred but not claimed as of July 31.

(f) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Program shall be disbursed for the benefit of an employee who lives in a rural area and who is otherwise eligible. The disbursements shall, where there is no board-approved health maintenance organization plan available in an area that is open for enrollment for the employee, (1) subsidize the preferred provider plan premiums for the employee, by an

amount equal to the difference between the weighted average of board-approved health maintenance organization premiums and the lowest board-approved preferred provider plan premium available under this part and (2) reimburse the employee for a portion or all of his or her incurred deductibles, coinsurances, and other out-of-pocket health-related expenses, that would otherwise be covered if the employee were enrolled in a board-approved health maintenance organization plan.

These subsidies and reimbursements shall be provided according to a plan determined by the department, which may include, but is not limited to, a supplemental insurance plan, a medical reimbursement account, or a medical spending account plan.

(g) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Program shall be disbursed for the benefit of eligible annuitants, as defined in subdivision (e) of Section 22754, who live in rural areas, reside in California, and who are otherwise eligible. The disbursements shall, where there is no board-approved health maintenance organization plan available and open to enrollment by the annuitant, either (1) reimburse the annuitant if he or she is not a Medicare participant, for some or all of his or her deductibles, not to exceed five hundred dollars ($500) per fiscal year, or (2) reimburse Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month, exclusive of penalties. These reimbursements shall be provided by the department. Notwithstanding any other provision of law, any annuitant who cannot be located within a period of three months and whose disbursement is returned to the Controller as unclaimed is ineligible to participate in the program.

The state shall not reimburse for penalty amounts.

(h) Any moneys remaining in any account of the program at the end of any fiscal year shall remain in the account for use in subsequent fiscal years until the account is terminated. Moneys remaining in any account of the program upon termination, after payment of all outstanding expenses and claims incurred prior to the date of termination, shall be deposited in the General Fund.

(i) The Legislature finds and declares that the Rural Health Care Equity Program is established for the exclusive benefit of employees, annuitants, and family members.

(j) This section shall become operative on January 1, 2004. This section shall cease to be operative on January 1, 2005, or on an earlier date as the board makes a formal determination that HMOs are no longer the most cost-effective health care plans offered by the board.

SEC. 19. Section 29145 of the Government Code is repealed.

SEC. 20. Section 43402 of the Government Code is repealed.

SEC. 21. Section 25192 of the Health and Safety Code is amended to read:

25192. (a) All civil and criminal penalties collected pursuant to this chapter shall be apportioned in the following manner:

(1) Fifty percent shall be deposited in the Hazardous Substances Account in the General Fund.

(2) Twenty-five percent shall be paid to the office of the city attorney, city prosecutor, district attorney, or Attorney General, whichever office brought the action.

(3) Twenty-five percent shall be paid to the department and used to fund the activity of the CUPA, the local health officer, or other local public officer or agency authorized to enforce the provisions of this chapter pursuant to Section 25180, whichever entity investigated the matter that led to the bringing of the action. If investigation by the local police department or sheriff's office or California Highway Patrol led to the bringing of the action, the CUPA, the local health officer, or the authorized officer or agency, shall pay a total of 40 percent of its portion under this subdivision to that investigating agency or agencies to be used for the same purpose. If more than one agency is eligible for payment under this paragraph, division of payment among the eligible agencies shall be in the discretion of the CUPA, the local health officer, or the authorized officer or agency.

(b) If a reward is paid to a person pursuant to Section 25191.7, the amount of the reward shall be deducted from the amount of the civil penalty before the amount is apportioned pursuant to subdivision (a).

SEC. 22. Section 25249.12 of the Health and Safety Code is amended to read:

25249.12. (a) The Governor shall designate a lead agency and other agencies that may be required to implement this chapter, including this section. Each agency so designated may adopt and modify regulations, standards, and permits as necessary to conform with and implement this chapter and to further its purposes.

(b) The Safe Drinking Water and Toxic Enforcement Fund is hereby established in the State Treasury. The director of the lead agency designated by the Governor to implement this chapter may expend the funds in the Safe Drinking Water and Toxic Enforcement Fund, upon appropriation by the Legislature, to implement and administer this chapter.

(c) In addition to any other money that may be deposited in the Safe Drinking Water and Toxic Enforcement Fund, all of the following amounts shall be deposited in the fund:

(1) Seventy-five percent of all civil and criminal penalties collected pursuant to this chapter.

(2) Any interest earned upon the money deposited into the Safe Drinking Water and Toxic Enforcement Fund.

(d) Twenty-five percent of all civil and criminal penalties collected pursuant to this chapter shall be paid to the office of the city attorney, city prosecutor, district attorney, or Attorney General, whichever office brought the action, or in the case of an action brought by a person under subdivision (d) of Section 25249.7, to that person.

SEC. 23. Section 50710.1 of the Health and Safety Code is amended to read:

50710.1. (a) If all the development costs of any migrant farm labor center assisted pursuant to this chapter are provided by federal, state, or local grants, and if inadequate funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center which are in excess of rents charged in other centers assisted by the Office of Migrant Services. However, prior to approving these rents, the department shall consider the adequacy of evidence presented by the entity operating the center that the rents reimburse actual, reasonable, and necessary costs of operation. The department may not increase any rent charged at a migrant farm labor center during the 2003–04 fiscal year.

(b) At the end of each fiscal year, any entity operating a migrant farm labor center pursuant to this chapter may establish a reserve account comprised of the excess funds provided through the annual operating contract received from the department, if the department certifies there is no need to address reasonable general maintenance requirements or repairs, rehabilitation, and replacement needs of the requesting migrant farm labor center which affect the immediate health and safety of residents. The cumulative balance of the reserve account shall not exceed 10 percent of the annual operating funds annually committed to the entity by the department. Funds in the reserve account shall be used only for capital improvements such as replacing or repairing structural elements, furniture, fixtures, or equipment of the migrant farm labor center, the replacement or repair of which are reasonably required to preserve the migrant farm labor center. Withdrawals from the reserve account shall be made only upon the written approval of the department of the amount and nature of expenditures.

(c) A migrant farm labor center governed by this chapter may be operated for an extended period beyond 180 days after approval by the department, provided that all of the following conditions are satisfied:

(1) No additional subsidies provided by the department are used for the operation or administration of the migrant farm center during the extended occupancy period except to the extent that state funds are appropriated or authorized for the purpose of funding all or part of the

cost of subsidizing extended occupancy periods during the first 14 days only.

(2) Rents are not to be increased above the rents charged during the period immediately prior to the extended occupancy period unless the department finds that an increase is necessary to cover the difference between reasonable operating costs necessary to keep the center open during the extended occupancy period and the amount of state funds available pursuant to paragraph (1) and any contributions from agricultural employers or other federal, local, or private sources. These contributions shall not be used to reduce the amount of state funds that otherwise would be made available to the center to subsidize rents during an extended occupancy period.

(3) In no event shall the rent during the extended occupancy period exceed the average daily operating cost of the center, less any subsidy funds available pursuant to paragraph (1) or (2). Households representing at least 25 percent of the units in the center shall have indicated their desire and intention to remain in residency during an extended occupancy period by signing a petition to the local entity to keep the center open for an extended period at rents that are the same or higher than rents during the regular period of occupancy. Each household shall receive a clear bilingual notice describing the extended occupancy options attached to the lease.

The Legislature finds and declares that because the number of residents may be substantially reduced during the extended occupancy period, a rent increase may be necessary to cover operating costs. It is the intent of the Legislature that the public sector, private sector, and farmworkers should each play an important role in ensuring the financial viability of this important source of needed housing.

(4) An extended occupancy period is requested by an entity operating the migrant farm labor center and received by the department no earlier than 30 days and no later than 15 days prior to the center's scheduled closing date. The department shall notify the entity and petitioning residents of the final decision no later than seven days prior to the center's scheduled closing date. During the extended occupancy period, occupancy shall be limited to migrant farmworkers and their families who resided at a migrant center during the regular period of occupancy.

(5) Before approving or denying an extension and establishing the rents for the extended occupancy period, both of which shall be within the sole discretion of the department, the department shall take into consideration all of the following factors:

(A) The structural and physical condition of the center, including water and sewer pond capacity and the capacity and willingness of the local entity to operate the center during the extended occupancy period.

(B) Whether local approvals are required, and whether there are competing demands for the use of the center's facilities.

(C) Whether there is adequate documentation that there is a need for residents of the migrant center to continue work in the area, as confirmed by the local entity.

(D) The climate during the extended occupancy period.

(E) The amount of subsidy funds available that can be allocated to each center to subsidize rents below the operating costs and the cost of operating each center during the extended occupancy period.

(F) The extended occupancy period is deemed necessary for the health and safety of the migrant farmworkers and their families.

(G) Other relevant factors affecting the migrant farmworkers and their families and the operation of the centers.

(6) The rents collected during the extended occupancy period shall be remitted to the department. However, based on financial records to the satisfaction of the department, the department may reduce the amount to be remitted by an amount it determines the local entity has expended during the extended occupancy period that is not being reimbursed by department funds.

(7) The occupancy during the extended occupancy period represents a new tenancy and is not subject to existing and statutory and regulatory limitations governing rents. Prior to the beginning of the extended occupancy period, residents shall be provided at least two days' advance written notice of any rent increase and of the expected length of the extended occupancy period, including the scheduled date of closure of the center, and prior to being eligible for residency during the extended occupancy period, residents shall sign rental documents deemed necessary by the department.

(d) The Legislature finds and declares that variable annual climates and changing agricultural techniques create an inability to accurately predict the end of a harvest season for the purposes of housing migrant farmworkers and their families. Because of these factors, in any part of this state, and in any specific year, one or more migrant farmworker housing centers governed by this chapter need to remain open for up to two additional weeks to allow the residents to provide critical assistance to growers in harvesting crops while also fulfilling work expectations that encouraged them to migrate to the areas of the centers. In addition, if the centers close prematurely, the migrant farmworkers often must remain in the areas to work for up to two weeks. During this time they will not be able to obtain decent, safe, and affordable housing and the health and safety of their families and the surrounding community will be threatened.

The Legislature therefore finds and declares that, for the purposes of any public or private right, obligation, or authorization related to the use

of property and improvements thereon as a 180-day migrant center, an extended use of any housing center governed by this chapter pursuant to this section is deemed to be the same as the 180-day use generally authorized by this chapter.

SEC. 24. Section 53533 of the Health and Safety Code is amended to read:

53533. (a) Money deposited in the fund from the sale of bonds pursuant to this part shall be allocated for expenditure in accordance with the following schedule:

(1) Nine hundred ten million dollars ($910,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2, except for the following:

(C) Twenty-five million dollars ($25,000,000) shall be used for matching grants to local housing trust funds pursuant to enabling legislation.

(D) Fifteen million dollars ($15,000,000) shall be used for student housing through the Multifamily Housing Program, subject to the following provisions:

Second priority shall be given to projects located within one mile of a University of California or California State University campus that is suffering from a severe shortage of housing and limited availability of developable land as determined by the department. Those determinations shall be set forth in the Notice of Funding Availability and shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

(ii) All funds shall be matched on a one-to-one basis from private sources or by the University of California or California State University.

The criteria for selecting projects should give priority to supportive housing for people with disabilities who would otherwise be at high risk of homelessness where the applications represent collaboration with programs that meet the needs of the person's disabilities. The department may provide for higher per-unit loan limits as reasonably necessary to provide and maintain rents affordable to those individuals and households. For purposes of this paragraph, ''supportive housing'' means housing with no limit on length of stay, that is occupied by the target population, as defined in subdivision (d) of Section 53260, and that is linked to onsite or offsite services that assist the tenant to retain the housing, improve his or her health status, maximize his or her ability to live, and, when possible, work in the community.

Of the dollars allocated by this section, the department shall receive four million one hundred thousand dollars ($4,100,000) for these purposes.

(B) Twenty million dollars ($20,000,000) shall be used for developments that also provide health services to the residents. Projects receiving funds through this allocation shall be ineligible for funding through the Joe Serna, Jr. Farmworker Housing Grant Program.

(C) Any funds not encumbered for the purposes set forth in this paragraph within 30 months of availability shall revert for general use in the Joe Serna, Jr. Farmworker Housing Grant Program.

Notwithstanding Section 13340 of the Government Code and Section 50697.1, these funds are hereby continuously appropriated without regard to fiscal years to the department to be expended for the purposes of the CalHome Program authorized by Chapter 6 (commencing with Section 50650) of Part 2, except for the following:

(D) Any funds not encumbered for the purposes set forth in this paragraph within 30 months of availability shall revert for general use in the CalHome Program.

(E) If the enabling legislation for any program specified in this paragraph fails to be enacted into law in the 2001–02 Regular Session of the Legislature, the specified allocation for that program shall be void and the funds shall revert for general use in the CalHome Program.

(6) Five million dollars ($5,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for capital expenditures in support of local code enforcement and compliance programs. This allocation shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code. (D) Twenty-five million dollars ($25,000,000) shall be used for downpayment assistance pursuant to Section 51505. After 18 months of availability, if the agency determines that the funds set aside pursuant to this section will not be utilized for purposes of Section 51505, these funds shall be available for the general use of the agency for the purposes of the California Homebuyer's Downpayment Assistance Program, but may also continue to be available for the purposes of Section 51505.

(d) The Bureau of State Audits shall conduct periodic audits to ensure that bond proceeds are awarded in a timely fashion and in a manner consistent with the requirements of this part, and that awardees of bond proceeds are using funds in compliance with applicable provisions of this part.

SEC. 25. Section 53534 is added to the Health and Safety Code, to read:

53534. (a) The Legislature finds and declares all of the following:

(1) The projected budget deficit for the 2003–04 fiscal year represents the largest fiscal imbalance in California history. This imbalance necessitates drastic actions not ordinarily contemplated in usual budget years.

(2) In order to address the budgetary imbalance it is necessary to find and cancel General Fund commitments where possible so as to reduce General Fund obligations.

(3) The creation of affordable housing is extraordinarily difficult, necessitating, among other things, the acquisition of suitable sites, the

design and engineering of the facility and securing multiple sources of private and public financing. In addition, affordable housing development also frequently encounters difficulties in obtaining local governmental approvals. Because of these difficulties there are typically long lead-times between the commitment of funds through the state's housing programs and the actual final approval of the project, completion of construction, and disbursement of state funds. Because of the gap in time between the award of state funds and final fund disbursement, there is an opportunity to disencumber fund commitments to ease the state's present fiscal emergency.

(4) While these housing projects present an opportunity to recoup General Fund moneys, the Legislature recognizes that the withdrawal of state funds may mean the cancellation of projects, the loss of affordable housing, and the creation of potential liabilities to the state where costs have been incurred in reliance on the state funding commitment. The need to find revenue sources does not supersede the need for public assistance to facilitate the creation of new housing opportunities particularly for persons and households of low to moderate income.

(5) By definition, housing projects that have already received a commitment of state funds are further advanced towards completion than projects that have yet to start the process of seeking or receiving state housing funds. The enactment of this part, therefore, provides an opportunity to meet the multiple goals of relieving existing financial obligations of the General Fund, continuing the state support of worthy projects, and avoiding the potential liabilities where costs have been incurred in reliance on the state's commitment of funds. The Legislature finds and declares that it is appropriate, where possible, to disencumber General Fund obligations in those areas where the state's need to recoup General Fund revenues can be balanced by the substitution of other funds through legal mechanism.

(6) The Legislature's ability to modify a general obligation bond program approved by the voters is restricted by the California Constitution and interpretative case law to those situations where the modification is consistent with the underlying purpose of the program and not inconsistent with the express language of the measure placed before the voters. For the purposes of this part and the programs administered by the department thereunder, the Legislature finds and declares that the project selection criteria for many of the existing programs have been modified by the bond measure contained in this part, as approved by the voters. However, the project selection criteria for the Joe Serna, Jr. Farmworker Housing Grant Program (Chapter 3.2 (commencing with Section 50517.5) of Part 2) and the CalHome Program (Chapter 6 (commencing with Section 50650) of Part 2) have been unmodified by this part. Therefore, projects funded through these

programs that have previously been determined eligible and have met the selection criteria would similarly be eligible and meet the selection criteria for these programs as funded under this part.

(7) If the funding for projects previously funded under the Joe Serna, Jr. Farmworker Housing Grant Program and the CalHome Program were disencumbered, these projects would be eligible to compete for funds under the same programs as funded through this part. However, the time delays and costs associated by the resubmittal of applications would render a hardship to the project sponsors and cause unnecessary delays in project implementation.

(8) The use of funds approved by the voters through the enactment of this part to ensure successful completion of projects eligible and fundable through the Joe Serna, Jr. Farmworker Housing Grant Program and the CalHome Program that would otherwise be delayed or lost if the general funding was disencumbered is both necessary and appropriate, and will facilitate the efficient and effective implementation of the projects funded through this part and will further the goals of the respective programs.

(b) In order to return moneys appropriated in the Budget Acts of 2000 and 2001 to the General Fund to assist in easing the current fiscal emergency, and to ensure the expeditious completion of projects that have successfully applied for, and were selected for, funding during the 2000–01 and 2001–02 fiscal years through the Joe Serna, Jr. Farmworker Housing Grant Program and CalHome Program, the department shall do both of the following:

(1) Disencumber funding commitments for all projects funded through appropriations in the Budget Acts of 2000 and 2001 for which funds have not been disbursed as of the effective date of this section.

(2) Provide replacement funding to these projects, subject to the terms and conditions of the prior commitment, through paragraph (4) and paragraph (5), respectively, of subdivision (a) of Section 53533. No additional application shall be required to the affected project sponsors.

(c) Because it is the Legislature's intent to avoid the disruption of existing projects, only those portions of a project's budget that is eligible for replacement as the construction or acquisition of a capital asset pursuant to the General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code) shall be disencumbered.

SEC. 26. Section 62.5 of the Labor Code is amended to read:

62.5. (a) The Workers' Compensation Administration Revolving Fund is hereby created as a special account in the State Treasury. Money in the fund may be expended by the department, upon appropriation by the Legislature, for the administration of the workers' compensation program set forth in this division and Division 4 (commencing with

Section 3200), other than the activities financed pursuant to Section 3702.5, and may not be used for any other purpose.

(b) The fund shall consist of assessments made pursuant to subdivision (e). Costs to the program shall be shared on a proportional basis between the General Fund and employer assessments. The General Fund appropriation shall account for 80 percent and employer assessments shall account for 20 percent of the total costs of the program.

(c) (1) The Uninsured Employers Benefits Trust Fund is hereby created as a special trust fund account in the State Treasury, of which the director is trustee, and its sources of funds are as provided in subdivision (e). Notwithstanding Section 13340 of the Government Code, the fund is continuously appropriated for the payment of nonadministrative expenses of the workers' compensation program for workers injured while employed by uninsured employers in accordance with Article 2 (commencing with Section 3710) of Chapter 4 of Part 1 of Division 4, and shall not be used for any other purpose. All moneys collected shall be retained in the trust fund until paid as benefits to workers injured while employed by uninsured employers. Nonadministrative expenses include audits and reports of services prepared pursuant to subdivision (b) of Section 3716.1. The assessment amount for this fund shall be stated separately.

(2) Notwithstanding any other provision of law, commencing January 1, 2004, all references to the Uninsured Employers Fund shall mean the Uninsured Employers Benefits Trust Fund.

(3) Notwithstanding paragraph (1), in the event that budgetary restrictions or impasse prevent the timely payment of administrative expenses from the Workers' Compensation Administration Revolving Fund, those expenses shall be advanced from the Uninsured Employers Benefits Trust Fund. Expense advances made pursuant to this paragraph shall be reimbursed in full to the Uninsured Employers Benefits Trust Fund upon enactment of the annual Budget Act.

(d) (1) The Subsequent Injuries Benefits Trust Fund is hereby created as a special trust fund account in the State Treasury, of which the director is trustee, and its sources of funds are as provided in subdivision (e). Notwithstanding Section 13340 of the Government Code, the fund is continuously appropriated for the nonadministrative expenses of the workers' compensation program for workers who have suffered serious injury and who are suffering from previous and serious permanent disabilities or physical impairments, in accordance with Article 5 (commencing with Section 4750) of Chapter 2 of Part 2 of Division 4, and Section 4 of Article XIV of the California Constitution, and shall not be used for any other purpose. All moneys collected shall be retained in the trust fund until paid as benefits to workers who have suffered serious injury and who are suffering from previous and serious permanent

disabilities or physical impairments. Nonadministrative expenses include audits and reports of services pursuant to subdivision (c) of Section 4755. The assessment amount for this fund shall be stated separately.

(2) Notwithstanding any other provision of law, commencing with January 1, 2004, all references to the Subsequent Injuries Fund shall mean the Subsequent Injuries Benefits Trust Fund.

(3) Notwithstanding paragraph (1), in the event that budgetary restrictions or impasse prevent the timely payment of administrative expenses from the Workers' Compensation Administration Revolving Fund, those expenses shall be advanced from the Subsequent Injuries Benefits Trust Fund. Expense advances made pursuant to this paragraph shall be reimbursed in full to the Subsequent Injuries Benefits Trust Fund upon enactment of the annual Budget Act.

(e) (1) Separate assessments shall be levied by the director upon all employers as defined in Section 3300 for purposes of deposit in the Workers' Compensation Administration Revolving Fund, the Uninsured Employers Benefits Trust Fund, and the Subsequent Injuries Benefits Trust Fund. The total amount of the assessments shall be allocated between self-insured employers and insured employers in proportion to payroll respectively paid in the most recent year for which payroll information is available. The director shall adopt reasonable regulations governing the manner of collection of the assessments. The regulations shall require the assessments to be paid by self-insurers to be expressed as a percentage of indemnity paid during the most recent year for which information is available, and the assessments to be paid by insured employers to be expressed as a percentage of premium. In no event shall the assessments paid by insured employers be considered a premium for computation of a gross premium tax or agents' commission.

(2) The regulations adopted pursuant to paragraph (1) shall be exempt from the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 27. Section 139.2 of the Labor Code is amended to read:

The medical director shall use a random selection method for assigning panels of qualified medical evaluators. The medical director shall select evaluators who are specialists of the type selected by the employee. The medical director shall advise the employee that he or she should consult with his or her treating physician prior to deciding which type of specialist to request.

(2) The Industrial Medical Council shall promulgate a form that shall notify the employee of the physicians selected for his or her panel. The

form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the employee that he or she is entitled to receive transportation expenses and temporary disability for each day necessary for the examination. (B) He or she is certified by the council to evaluate in an appropriate specialty and at locations within the general geographic area of the employee's residence.

(C) He or she has not been suspended or terminated as a qualified medical evaluator for failure to pay the fee required by the council pursuant to subdivision (n) or for any other reason.

(4) When the medical director determines that an employee has requested an evaluation by a type of specialist that is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall continuously review the quality of comprehensive medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall adopt regulations concerning the following medical issues:

(1) Standards governing the timeframes within which medical evaluations shall be prepared and submitted by agreed and qualified medical evaluators. Except as provided in this subdivision, the timeframe for initial medical evaluations to be prepared and submitted shall be no more than 30 days after the evaluator has seen the employee or otherwise commenced the medical evaluation procedure. The council shall develop regulations governing the provision of extensions of the 30-day period in cases: (A) where the evaluator has not received test results or consulting physician's evaluations in time to meet the 30-day deadline; and, (B) to extend the 30-day period by not more than 15 days when the failure to meet the 30-day deadline was for good cause. For purposes of this subdivision, ''good cause'' means: (i) medical emergencies of the evaluator or evaluator's family; (ii) death in the evaluator's family; or, (iii) natural disasters or other community catastrophes that interrupt the operation of the evaluator's business. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented employees under Sections 4061 and 4062. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomical loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of any disputed medical issues.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(5) Guidelines for the range of time normally required to perform the following:

(A) A medical-legal evaluation that has not been defined and valued pursuant to Section 5307.6. However, the council may recommend guidelines for evaluations that have been defined and valued pursuant to Section 5307.6 for the purpose of governing the appointment, reappointment, and discipline of qualified medical evaluators. The guidelines shall establish minimum times for patient contact in the conduct of the evaluations, and shall be consistent with regulations adopted pursuant to Section 5307.6.

(B) Any treatment procedures that have not been defined and valued pursuant to Section 5307.1.

(C) Any other evaluation procedure requested by the administrative director, the Insurance Commissioner, or the council itself.

If, without good cause, the council fails to adopt the guidelines required by subparagraph (A) or (B) by March 31, 1994, or fails, without good cause, to adopt a guideline pursuant to subparagraph (C) within six months after a request by the administrative director or the Insurance Commissioner, then the administrative director shall have the authority to adopt the guideline.

(6) Any additional medical or professional standards that a medical evaluator shall meet as a condition of appointment, reappointment, or maintenance in the status of a medical evaluator.

(k) Except as provided in this subdivision, the Industrial Medical Council may, in its discretion, suspend or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (*l*), determines, based on substantial evidence, that a qualified medical evaluator:

(1) Has violated any material statutory or administrative duty.

(2) Has failed to follow the medical procedures or qualifications established by the council pursuant to paragraph (2), (3), (4), or (5) of subdivision (j).

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j).

(4) Has failed to meet the requirements of subdivision (b) or (c).

(5) Has prepared medical-legal evaluations that fail to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board.

(6) Has made material misrepresentations or false statements in an application for appointment or reappointment as a qualified medical evaluator.

No hearing shall be required prior to the suspension or termination of a physician's privilege to serve as a qualified medical evaluator when the physician has done either of the following:

(A) Failed to timely pay the fee required by the council pursuant to subdivision (n).

(B) Had his or her license to practice in California suspended by the relevant licensing authority so as to preclude practice, or had the license revoked or terminated by the licensing authority.

(*l*) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate or suspend the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training. The council shall report to the appropriate licensing board the name of any qualified medical evaluator who is disciplined pursuant to this subdivision.

(m) The council shall terminate from the list of medical evaluators any physician where licensure has been terminated by the relevant licensing board, or who has been convicted of a misdemeanor or felony related to the conduct of his or her medical practice, or of a crime of moral turpitude. The council shall suspend or terminate as a medical evaluator any physician who has been suspended or placed on probation by the relevant licensing board. If a physician is suspended or terminated as a qualified medical evaluator under this subdivision, a report prepared by the physician that is not complete, signed, and furnished to one or more of the parties prior to the date of conviction or action of the licensing board, whichever is earlier, shall not be admissible in any proceeding before the appeals board nor shall there be any liability for payment for the report and any expense incurred by the physician in connection with the report.

(n) Each qualified medical evaluator shall pay a fee, as determined by the Industrial Medical Council, for appointment or reappointment. Any qualified medical evaluator appointed prior to January 1, 1993, shall also pay the same fee as specified in accordance with this subdivision. These fees shall be based on a sliding scale as established by the council. All revenues from fees paid under this subdivision shall be deposited into the Industrial Medicine Fund, which is hereby created for the administration of the Industrial Medical Council. Moneys paid into the Industrial Medicine Fund for the activities of the Industrial Medical Council are available for expenditure upon appropriation by the Legislature and shall not be used by any other department or agency or for any purpose other than administration of the council. Any future annual appropriation to the council from the Workers' Compensation Administration Revolving Fund shall not be less than the amount appropriated or provided during the 1991–92 fiscal year.

(o) An evaluator may not request or accept any compensation or other thing of value from any source that does or could create a conflict with

his or her duties as an evaluator under this code. The administrative director, after consultation with the council and the Commission on Health and Safety and Workers' Compensation, shall adopt regulations to implement this subdivision on or before July 1, 1994.

SEC. 28. Section 3716 of the Labor Code is amended to read:

3716. (a) If the employer fails to pay the compensation required by Section 3715 to the person entitled thereto, or fails to furnish the bond required by Section 3715 within a period of 10 days after notification of the award, the award, upon application by the person entitled thereto, shall be paid by the director from the Uninsured Employers Benefits Trust Fund. The expenses of the director in administering these provisions, directly or by contract pursuant to Section 3716.1, shall be paid from the Workers' Compensation Administration Revolving Fund. Refunds may be paid from the Uninsured Employers Benefits Trust Fund for amounts remitted erroneously to the fund, or the director may authorize offsetting subsequent remittances to the fund.

(b) It is the intent of the Legislature that the Uninsured Employers Benefits Trust Fund is created to ensure that workers who happen to be employed by illegally uninsured employers are not deprived of workers' compensation benefits, and is not created as a source of contribution to insurance carriers, or self-insured, or legally insured employers. The Uninsured Employers Benefits Trust Fund has no liability for claims of occupational disease or cumulative injury unless no employer during the period of the occupational disease or cumulative injury during which liability is imposed under Section 5500.5 was insured for workers' compensation, was permissibly self-insured, or was legally uninsured. No employer has a right of contribution against the Uninsured Employers Benefits Trust Fund for the liability of an illegally uninsured employer under an award of benefits for occupational disease or cumulative injury, nor may an employee in a claim of occupational disease or cumulative injury elect to proceed against an illegally uninsured employer.

(c) The Uninsured Employers Benefits Trust Fund has no liability to pay for medical, surgical, chiropractic, hospital, or other treatment, the liability for which treatment is imposed upon the employer pursuant to Section 4600, and which treatment has been provided or paid for by the State Department of Health Services pursuant to the California Medical Assistance Program.

(d) The Uninsured Employers Benefits Trust Fund shall have no liability to pay compensation, nor shall it be joined in any appeals board proceeding, unless the employer alleged to be illegally uninsured shall first either have made a general appearance or have been served with the application specified in Section 3715 and with a special notice of lawsuit issued by the appeals board. The special notice of lawsuit shall be in a

form to be prescribed by the appeals board, and it shall contain at least the information and warnings required by the Code of Civil Procedure to be contained in the summons issued in a civil action. The special notice of lawsuit shall also contain a notice that if the appeals board makes an award against the defendant that his or her house or other dwelling and other property may be taken to satisfy the award in a nonjudicial sale, with no exemptions from execution. The special notice of lawsuit shall, in addition, contain a notice that a lien may be imposed upon the defendant's property without further hearing and before the issuance of an award. The applicant shall identify a legal person or entity as the employer named in the special notice of lawsuit. The reasonable expense of serving the application and special notice of lawsuit, when incurred by the employee, shall be awarded as a cost. Proof of service of the special notice of lawsuit and application shall be filed with the appeals board.

(1) The application and special notice of lawsuit may be served, within or without this state, in the manner provided for service of summons in the Code of Civil Procedure. Thereafter, an employer, alleged to be illegally uninsured, shall notify the appeals board of the address at which it may be served with official notices and papers, and shall notify the appeals board of any changes in the address. No findings, order, decision, award, or other notice or paper need be served in this manner on an employer, alleged to be illegally uninsured, who has been served as provided in this section, and who has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address. The findings, orders, decisions, awards, or other notice or paper may be mailed to the employer as the board, by regulation, may provide.

(2) Notwithstanding paragraph (1), if the employer alleged to be illegally uninsured has not filed an answer, otherwise made a general appearance, or furnished the appeals board with its address, the appeals board shall serve any findings, order, decision, award, or other notice or paper on the employer by mail at the address the appeals board has for the employer. The failure of delivery at that address or the lack of personal service on an employer who has been served as provided in this section, of these findings, order, decision, award, or other notice or paper, shall not constitute grounds for reopening or invalidating any appeals board action pursuant to Section 5506, or for contesting the validity of any judgment obtained under Section 3716 or 5806, a lien under Section 3720, or a settlement under subdivision (e) of Section 3715.

(3) The board, by regulation, may provide for service procedures in cases where a request for new and further benefits is made after the

issuance of any findings and award and a substantial period of time has passed since the first service or attempted service.

(4) The director, on behalf of the Uninsured Employers Benefits Trust Fund, shall furnish information as to the identities, legal capacities, and addresses of uninsured employers known to the director upon request of the board or upon a showing of good cause by the employee or the employee's representative. Good cause shall include a declaration by the employee's representative, filed under penalty of perjury, that the information is necessary to represent the employee in proceedings under this division.

SEC. 29. Section 3716.1 of the Labor Code is amended to read:

3716.1. (a) In any hearing, investigation, or proceeding, the Attorney General, or attorneys of the Department of Industrial Relations, shall represent the director and the state. Expenses incident to representation of the director and the state, before the appeals board and in civil court, by the Attorney General or Department of Industrial Relations attorneys, shall be reimbursed from the Workers' Compensation Administration Revolving Fund. Expenses incident to representation by the Attorney General or attorneys of the Department of Industrial Relations incurred in attempts to recover moneys pursuant to Section 3717 of the Labor Code shall not exceed the total amounts recovered by the director on behalf of the Uninsured Employers Benefits Trust Fund pursuant to this chapter.

(b) The director shall assign investigative and claims' adjustment services respecting matters concerning uninsured employers injury cases. The director or his or her representative may make these service assignments within the department, or he or she may contract for these services with the State Compensation Insurance Fund, except insofar as these matters might conflict with the interests of the State Compensation Insurance Fund. The administrative costs associated with these services shall be reimbursed from the Workers' Compensation Administration Revolving Fund and the nonadministrative costs from the Uninsured Employers Benefits Trust Fund, except when a budget impasse requires advances as described in subdivision (c) of Section 62.5. To the extent permitted by state law, the director may contract for audits or reports of services under this section.

(c) Commencing November 1, 2004, the State Compensation Insurance Fund and the director shall report annually to the fiscal committees of both houses of the Legislature and the Director of Finance, regarding any of the following:

(1) The number of uninsured employers claims paid in the previous fiscal year, the total cost of those claims, and levels of reserves for incurred claims.

(2) The administrative costs associated with claims payment activities.

(3) Annual revenues to the Uninsured Employers Benefits Trust Fund from all of the following:

(A) Assessments collected pursuant to subdivision (c) of Section 62.5.

(B) Fines and penalties collected by the department.

(C) Revenues collected pursuant to Section 3717.

(4) Projected annual program and claims costs for the current and upcoming fiscal years.

SEC. 30. Section 3728 of the Labor Code is amended to read:

3728. (a) The director may draw from the State Treasury out of the Uninsured Employers Benefits Trust Fund for the purposes of Sections 3716 and 3716.1, without at the time presenting vouchers and itemized statements, a sum not to exceed in the aggregate the level provided for pursuant to Section 16400 of the Government Code, to be used as a cash revolving fund. The revolving fund shall be deposited in any banks and under any conditions as the Department of General Services determines. The Controller shall draw his or her warrants in favor of the Director of Industrial Relations for the amounts so withdrawn and the Treasurer shall pay these warrants.

(b) Expenditures made from the revolving fund in payment of claims for compensation due from the Uninsured Employers Benefits Trust Fund and from the Workers' Compensation Administration Revolving Fund for administrative and adjusting services rendered are exempted from the operation of Section 925.6 of the Government Code. Reimbursement of the revolving fund from the Uninsured Employers Benefits Trust Fund or the Workers' Compensation Administration Revolving Fund for expenditures shall be made upon presentation to the Controller of an abstract or statement of the expenditures. The abstract or statement shall be in any form as the Controller requires.

SEC. 31. Section 3729 of the Labor Code is repealed.

SEC. 32. Section 4350 is added to the Labor Code, to read:

4350. The Office of Emergency Services shall administer this chapter as it relates to volunteer disaster service workers.

SEC. 34. Section 4355 is added to the Labor Code, to read:

4355. (a) Should the United States Government or any agent thereof, in accordance with any federal statute, rule, or regulation, furnish monetary assistance, benefits, or other temporary or permanent relief to disaster service workers or to disaster service workers and their dependents for injuries arising out of and occurring in the course of their activities as disaster service workers, the amount of compensation that

any disaster service worker or his or her dependents are otherwise entitled to receive from the State of California under this division for any injury shall be reduced by the amount of monetary assistance, benefits, or other temporary or permanent relief the disaster service worker or his or her dependents have received and will receive from the United States or any agent thereof as a result of the injury.

(b) If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States Government or any agent thereof furnishes medical, surgical, or hospital treatment, or any combination thereof, to an injured disaster service worker, the disaster service worker has no right to receive similar medical, surgical, or hospital treatment under this division.

(c) If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States Government or any agent thereof will reimburse a disaster service worker or his or her dependents for medical, surgical, or hospital treatment, or any combination thereof, furnished to the injured disaster service worker, the disaster service worker has no right to receive similar medical, surgical, or hospital treatment under this division.

(d) If the furnishing of compensation under this division to a disaster service worker or his or her dependents prevents the disaster service worker or his or her dependents from receiving assistance, benefits, or other temporary or permanent relief under a federal statute, rule, regulation, the disaster service worker and his or her dependents shall have no right to, and may not receive, any compensation from the State of California under this division for any injury for which the United States Government or any agent thereof will furnish assistance, benefits, or other temporary or permanent relief in the absence of the furnishing of compensation by the State of California.

SEC. 35. Article 3 (commencing with Section 4381) of Chapter 10 of Part 1 of Division 4 of the Labor Code is repealed.

Expenses incident to representation, including costs for investigation, medical examinations, and other expert reports, fees for witnesses, and other necessary and proper expenses, but excluding the salary of any of the Attorney General's deputies, shall be reimbursed from the Workers' Compensation Administration Revolving Fund. No witness fees or fees for medical services shall exceed those fees prescribed by the appeals board for the same services in those cases where the appeals board, by rule, has prescribed fees. Reimbursement pursuant to this section shall

be in addition to, and in augmentation of, any other appropriations made or funds available for the use or support of the the legal representation.

SEC. 37. Section 4755 of the Labor Code is amended to read:

4755. (a) The State Compensation Insurance Fund may draw from the State Treasury out of the Subsequent Injuries Benefits Trust Fund for the purposes specified in Section 4751, without at the time presenting vouchers and itemized statements, a sum not to exceed in the aggregate fifty thousand dollars ($50,000), to be used as a cash revolving fund. The revolving fund shall be deposited in any banks and under any conditions as the Department of Finance determines. The Controller shall draw his or her warrants in favor of the State Compensation Insurance Fund for the amounts so withdrawn and the Treasurer shall pay these warrants.

(b) Expenditures made from the revolving fund in payments on claims for any additional compensation and for adjusting services are exempted from the operation of Section 16003 of the Government Code. Reimbursement of the revolving fund for these expenditures shall be made upon presentation to the Controller of an abstract or statement of the expenditures. The abstract or statement shall be in any form as the Controller requires.

(c) The director shall assign claims adjustment services and legal representation services respecting matters concerning subsequent injuries. The director or his or her representative may make these service assignments within the department, or he or she may contract for these services with the State Compensation Insurance Fund, for a fee in addition to that authorized by Section 4754, except insofar as these matters might conflict with the interests of the State Compensation Insurance Fund. The administrative costs associated with these services shall be reimbursed from the Workers' Compensation Administration Revolving Fund, except when a budget impasse requires advances as provided in subdivision (d) of Section 62.5. To the extent permitted by state law, the director may contract for audits or reports of services under this section.

(d) Commencing November 1, 2004, the State Compensation Insurance Fund and the director shall report annually to the fiscal committees of both houses of the Legislature and the Director of Finance, regarding all of the following:

(1) The number of subsequent injuries claims paid in the previous fiscal year, the total costs of those claims, and the levels of reserves on incurred claims.

(2) The administrative costs associated with claims payment activities.

(3) Annual revenues to the Subsequent Injuries Benefits Trust Fund from both of the following:

(A) Assessments collected pursuant to subdivision (d) of Section 62.5.

(B) Other revenues collected by the department.

(4) Projected annual program and claims costs for the current and upcoming fiscal years.

SEC. 38. Section 1777.5 of the Labor Code is amended to read:

1777.5. (a) Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works.

(b) Every apprentice employed upon public works shall be paid the prevailing rate of per diem wages for apprentices in the trade to which he or she is registered and shall be employed only at the work of the craft or trade to which he or she is registered.

(c) Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards that have been approved by the Chief of the Division of Apprenticeship Standards and who are parties to written apprentice agreements under Chapter 4 (commencing with Section 3070) of Division 3 are eligible to be employed at the apprentice wage rate on public works. The employment and training of each apprentice shall be in accordance with either of the following:

(1) The apprenticeship standards and apprentice agreements under which he or she is training.

(2) The rules and regulations of the California Apprenticeship Council.

(d) When the contractor to whom the contract is awarded by the state or any political subdivision, in performing any of the work under the contract, employs workers in any apprenticeable craft or trade, the contractor shall employ apprentices in at least the ratio set forth in this section and may apply to any apprenticeship program in the craft or trade that can provide apprentices to the site of the public work for a certificate approving the contractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, the decision of the apprenticeship program to approve or deny a certificate shall be subject to review by the Administrator of Apprenticeship. The apprenticeship program or programs, upon approving the contractor, shall arrange for the dispatch of apprentices to the contractor. A contractor covered by an apprenticeship program's standards shall not be required to submit any additional application in order to include additional public works contracts under that program. ''Apprenticeable craft or trade,'' as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the California Apprenticeship Council. As used in this section, ''contractor'' includes any subcontractor under a contractor who performs any public works not excluded by subdivision (o).

(e) Prior to commencing work on a contract for public works, every contractor shall submit contract award information to an applicable apprenticeship program that can supply apprentices to the site of the public work. The information submitted shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices proposed to be employed, and the approximate dates the apprentices would be employed. A copy of this information shall also be submitted to the awarding body if requested by the awarding body. Within 60 days after concluding work on the contract, each contractor and subcontractor shall submit to the awarding body, if requested, and to the apprenticeship program a verified statement of the journeyman and apprentice hours performed on the contract. The information under this subdivision shall be public. The apprenticeship programs shall retain this information for 12 months.

(f) The apprenticeship program that can supply apprentices to the area of the site of the public work shall ensure equal employment and affirmative action in apprenticeship for women and minorities.

(g) The ratio of work performed by apprentices to journeymen employed in a particular craft or trade on the public work may be no higher than the ratio stipulated in the apprenticeship standards under which the apprenticeship program operates where the contractor agrees to be bound by those standards, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of journeyman work.

(h) This ratio of apprentice work to journeyman work shall apply during any day or portion of a day when any journeyman is employed at the jobsite and shall be computed on the basis of the hours worked during the day by journeymen so employed. Any work performed by a journeyman in excess of eight hours per day or 40 hours per week shall not be used to calculate the ratio. The contractor shall employ apprentices for the number of hours computed as above before the end of the contract or, in the case of a subcontractor, before the end of the subcontract. However, the contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the jobsite. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Chief of the Division of Apprenticeship Standards, upon application of an apprenticeship program, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

(i) A contractor covered by this section that has agreed to be covered by an apprenticeship program's standards upon the issuance of the approval certificate, or that has been previously approved for an apprenticeship program in the craft or trade, shall employ the number of

apprentices or the ratio of apprentices to journeymen stipulated in the applicable apprenticeship standards, but in no event less than the 1-to-5 ratio required by subdivision (g).

(j) Upon proper showing by a contractor that he or she employs apprentices in a particular craft or trade in the state on all of his or her contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by journeymen, the Chief of the Division of Apprenticeship Standards may grant a certificate exempting the contractor from the 1-to-5 hourly ratio, as set forth in this section for that craft or trade.

(k) An apprenticeship program has the discretion to grant to a participating contractor or contractor association a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(1) Unemployment for the previous three-month period in the area exceeds an average of 15 percent.

(2) The number of apprentices in training in the area exceeds a ratio of 1 to 5.

(3) There is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis.

(4) Assignment of an apprentice to any work performed under a public works contract would create a condition that would jeopardize his or her life or the life, safety, or property of fellow employees or the public at large, or the specific task to which the apprentice is to be assigned is of a nature that training cannot be provided by a journeyman.

(*l*) When an exemption is granted pursuant to subdivision (k) to an organization that represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors shall not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

(m) (1) A contractor to whom a contract is awarded, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade shall contribute to the California Apprenticeship Council the same amount that the director determines is the prevailing amount of apprenticeship training contributions in the area of the public works site. A contractor may take as a credit for payments to the council any amounts paid by the contractor to an approved apprenticeship program that can supply apprentices to the site of the public works project. The contractor may add the amount of the contributions in computing his or her bid for the contract.

(2) At the conclusion of the 2002–03 fiscal year and each fiscal year thereafter, the California Apprenticeship Council shall distribute training contributions received by the council under this subdivision, less the expenses of the Division of Apprenticeship Standards for administering this subdivision, by making grants to approved apprenticeship programs for the purpose of training apprentices. The funds shall be distributed as follows:

(A) If there is an approved multiemployer apprenticeship program serving the same craft or trade and geographic area for which the training contributions were made to the council, a grant to that program shall be made.

(B) If there are two or more approved multiemployer apprenticeship programs serving the same craft or trade and geographic area for which the training contributions were made to the council, the grant shall be divided among those programs based on the number of apprentices registered in each program.

(C) All training contributions not distributed under subparagraphs (A) and (B) shall be used to defray the future expenses of the Division of Apprenticeship Standards.

(3) All training contributions received pursuant to this subdivision shall be deposited in the Apprenticeship Training Contribution Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the Apprenticeship Training Contribution Fund is hereby continuously appropriated for the purpose of carrying out this subdivision and to pay the expenses of the Division of Apprenticeship Standards.

(n) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor.

(o) This section does not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor when the contracts of general contractors or those specialty contractors involve less than thirty thousand dollars ($30,000).

(p) All decisions of an apprenticeship program under this section are subject to Section 3081.

SEC. 39. Section 1033.2 is added to the Military and Veterans Code, to read:

1033.2. If the total amount collected for reimbursements for Medi-Cal and Medicare services provided in any fiscal year by a veterans' home exceeds the budgeted reimbursements for that home, the additional funds collected shall be used to repay any unpaid General

Fund loans provided to the veterans' home in prior fiscal years for the operation of that home.

SEC. 40. Section 6611 is added to the Public Contract Code, to read:

6611. (a) Notwithstanding any other provision of law, when procuring goods, services, construction services, or information technology for itself or on behalf of another state agency, the Department of General Services may, consistent with the requirements of this division, use a negotiation process if the department finds that one or more of the following conditions exist:

(1) The business need or purpose that will be fulfilled by the procurement can be further defined as a result of a negotiation process.

(2) The business need or purpose that will be fulfilled by the procurement is known by the department, but a negotiation process may identify different types of procurement to fulfill this business need or purpose.

(3) The complexity of the purpose or need suggests a bidder's costs to prepare and develop the response are extremely high.

(4) The business need or purpose that will be fulfilled by the procurement is known by the department, but postbid negotiation regarding the price of the procurement is necessary to ensure that the department is receiving the best value or the most cost-efficient goods, services, construction services, or information technology.

(b) (1) The department shall establish the procedures and guidelines for the negotiation process described in subdivision (a), which procedures and guidelines shall include, but not be limited to, a clear description of the methodology that will be used by the department to evaluate a bid for the procurement goods, services, construction services, and information technology.

(2) The procedures and guidelines described in paragraph (1) may include provisions that authorize the department to receive supplemental bids after the initial bids are opened. If the procedures and guidelines include these provisions, the procedures and guidelines shall specify the conditions under which supplemental bids may be received by the department.

SEC. 41. Section 40409 is added to the Public Resources Code, to read:

40409. Notwithstanding any other provision of law, no board member or advisor may collect per diem or travel expenses for attending a meeting at the board headquarters or for traveling to or from the board headquarters.

SEC. 42. Section 40433 of the Public Resources Code is amended to read:

PART 4.7. BUSINESS AND TOURISM

CHAPTER 1. CALIFORNIA TOURISM MARKETING ACT

Article 1. Legislative Intent

13995. This chapter shall be known and may be cited as the California Tourism Marketing Act.

13995.1. The Legislature hereby finds and declares all of the following:

(a) Tourism is among California's biggest industries, contributing over fifty-two billion dollars ($52,000,000,000) to the state economy and employing nearly 700,000 Californians in 1995.

(b) In order to retain and expand the tourism industry in California, it is necessary to market travel to and within California.

(c) State funding, while an important component of marketing, has been unable to generate sufficient funds to meet the threshold levels of funding necessary to reverse recent losses of California's tourism market share.

(d) In regard to the need for a cooperative partnership between business and industry:

(1) It is in the state's public interest and vital to the welfare of the state's economy to expand the market for, and develop, California tourism through a cooperative partnership funded in part by the state that will allow generic promotion and communication programs.

(2) The mechanism established by this chapter is intended to play a unique role in advancing the opportunity to expand tourism in California, and it is intended to increase the opportunity for tourism to the benefit of the tourism industry and the consumers of the State of California.

(3) Programs implemented pursuant to this chapter are intended to complement the marketing activities of individual competitors within the tourism industry.

(4) While it is recognized that smaller businesses participating in the tourism market often lack the resources or market power to conduct these activities on their own, the programs are intended to be of benefit to businesses of all sizes.

(5) These programs are not intended to, and they do not, impede the right or ability of individual businesses to conduct activities designed to increase the tourism market generally or their own respective shares of the California tourism market, and nothing in the mechanism established by this chapter shall prevent an individual business or participant in the industry from seeking to expand its market through alternative or complementary means, or both.

(6) (A) An individual business's own advertising initiatives are typically designed to increase its share of the California tourism market rather than to increase or expand the overall size of that market.

(B) In contrast, generic promotion of California as a tourism destination is intended and designed to maintain or increase the overall demand for California tourism and to maintain or increase the size of that market, often by utilizing promotional methods and techniques that individual businesses typically are unable, or have no incentive, to employ.

(7) This chapter creates a mechanism to fund generic promotions that, pursuant to the required supervision and oversight of the secretary as specified in this chapter, further specific state governmental goals, as established by the Legislature, and result in a promotion program that

produces nonideological and commercial communication that bears the characteristics of, and is entitled to all the privileges and protections of, government speech.

(8) The programs implemented pursuant to this chapter shall be carried out in an effective and coordinated manner that is designed to strengthen the tourism industry and the state's economy as a whole.

(9) Independent evaluation of the effectiveness of the programs will assist the Legislature in ensuring that the objectives of the programs as set out in this section are met.

(e) An industry-approved assessment provides a private-sector financing mechanism that, in partnership with state funding, will provide the amount of marketing necessary to increase tourism marketing expenditures by California.

(f) The goal of the assessments is to assess the least amount per business, in the least intrusive manner, spread across the greatest practical number of tourism industry segments.

(g) The California Travel and Tourism Commission shall target an amount determined to be sufficient to market effectively travel and tourism to and within the state.

(h) In the course of developing its written marketing plan pursuant to Section 13995.45, the California Travel and Tourism Commission shall, to the maximum extent feasible, do both of the following:

(1) Seek advice and recommendations from all segments of California's travel and tourism industry and from all geographic regions of the state.

(2) Harmonize, as appropriate, its marketing plan with the travel and tourism marketing activities and objectives of the various industry segments and geographic regions.

(i) The California Travel and Tourism Commission's marketing budget shall be spent principally to bring travelers and tourists into the state. No more than 15 percent of the commission's assessed funds in any year shall be spent to promote travel within California, unless approved by at least two-thirds of the commissioners.

Article 2. Definitions

13995.20. Unless the context otherwise requires, the definitions in this section govern the construction of this chapter.

(b) ''Assessed business'' means a person required to pay an assessment pursuant to this chapter, and until the first assessment is levied, any person authorized to vote for the initial referendum. An assessed business shall not include a public entity or a corporation when

a majority of the corporation's board of directors is appointed by a public official or public entity, or serves on the corporation's board of directors by virtue of being elected to public office, or both.

(c) ''Commission'' means the California Travel and Tourism Commission.

(e) ''Industry category'' means the following classifications within the tourism industry:

(1) Accommodations.

(2) Restaurants and retail.

(3) Attractions and recreation.

(4) Transportation and travel services.

(f) ''Industry segment'' means a portion of an industry category. For example, rental cars are an industry segment of the transportation and travel services industry category.

(g) ''Office'' means the Office of Tourism, also popularly referred to as the Division of Tourism, within the Business, Transportation and Housing Agency.

(h) ''Person'' means an individual, public entity, firm, corporation, association, or any other business unit, whether operating on a for a profit or nonprofit basis.

(i) ''Referendum'' means any vote by mailed ballot of measures recommended by the commission and approved by the secretary pursuant to Section 13395.60, except for the initial referendum, which shall consist of measures contained in the selection committee report, discussed in Section 13395.21.

(j) ''Secretary'' means the Secretary of Business, Transportation and Housing.

(k) ''Selection Committee'' means the Tourism Selection Committee described in Article 3 (commencing with Section 13995.30).

Article 3. Tourism Selection Committee

13995.30. (a) The Governor shall appoint a Tourism Selection Committee based upon recommendations from established industry associations. The committee shall consist of 25 representatives, with no fewer than six from each industry category. In selecting the representatives, the Governor shall, to the extent possible, give recognition to the diversity within each industry category. The committee shall select a chairperson from among its members. The office shall provide staffing for the committee.

(b) The selection committee shall convene on or before March 1, 1996. Not later than 150 days following the initial convening of the committee, the committee shall issue a report listing the following:

(1) Industry segments that will be included in the initial referendum.

(2) The target assessment level for the initial referendum.

(3) Percentage of funds to be levied against each industry category and segment. To the extent possible, the percentages shall be based upon quantifiable industry data, and amounts to be levied against industry segments shall bear an appropriate relationship to the benefit derived from travel and tourism by those industry segments.

(4) Assessment methodology and rate of assessment within each industry segment, that may include, but is not limited to, a percentage of gross revenue or a per transaction charge.

(5) Businesses, if any, within a segment to be assessed at a reduced rate, which may be set at zero, whether temporarily or permanently.

(6) Initial slate of proposed elected commissioners. The number of commissioners elected from each industry category shall be determined by the weighted percentage of assessments from that category.

(c) Nothing in this section shall preclude the selection committee from setting the assessment rate for a business within a segment at a lower rate, which may be set at zero, than a rate applicable to other businesses within that segment if the selection committee makes specific findings that the lower rate should apply due to unique geographical, financial, or other circumstances affecting the business. No business for which a zero assessment rate is set pursuant to this subdivision shall be sent a ballot or entitled to participate in the initial referendum, or in any subsequent referendum in which its rate of assessment is set at zero.

(d) The committee members for each industry category, also referred to as a subcommittee, shall prepare a recommendation for the entire committee on how the items specified in subdivision (b) should be determined for the industry segments within their industry category. The recommendations shall not include a discussion of industry category levies, which shall be determined solely by the committee. In the event that the subcommittee cannot agree on one or more of the items specified in subdivision (b), no recommendation shall be given in that category. The recommendations shall be presented to the full committee, which shall address each of the items contained in subdivision (b).

(e) In order to be assessed, an industry segment must be defined with sufficient clarity to allow for the cost-effective identification of assessed businesses within that segment.

(f) It shall be the responsibility of the office to advertise widely the selection committee process and to schedule public meetings for potential assessed businesses to provide input to the selection committee.

(g) The recommendations developed by the committee pursuant to subdivision (b) shall be reviewed and approved by the secretary.

(h) The selection committee process and report are exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1).

Article 4. Commission

13995.40. (a) Upon approval of the initial referendum, the office shall establish a nonprofit mutual benefit corporation named the California Travel and Tourism Commission. The commission shall be under the direction of a board of commissioners, which shall function as the board of directors for purposes of the Nonprofit Corporation Law.

(b) The board of commissioners shall consist of 37 commissioners comprising the following:

(1) The secretary, who shall serve as chairperson.

(2) Twelve members, who are professionally active in the tourism industry, representing each of the 12 officially designated tourism regions and diverse elements of the industry, shall be appointed by the Governor. Appointed commissioners are not limited to assessed businesses.

(3) Twenty-four elected commissioners, including at least one representative of a travel agency or tour operator that is an assessed business.

(c) The commission established pursuant to Section 15364.52 shall be inoperative so long as the commission established pursuant to this section is in existence.

(d) Elected commissioners shall be elected by industry category in a referendum. Regardless of the number of ballots received for a referendum, the nominee for each commissioner slot with the most weighted votes from assessed businesses within that industry category shall be elected commissioner. In the event that an elected commissioner resigns, dies, or is removed from office during his or her term, the commission shall appoint a replacement from the same industry category that the commissioner in question represented, and that commissioner shall fill the remaining term of the commissioner in question. The number of commissioners elected from each industry category shall be determined by the weighted percentage of assessments from that category.

(e) The secretary may remove any elected commissioner following a hearing at which the commissioner is found guilty of abuse of office or moral turpitude.

(f) With the exception of the secretary, no commissioner shall serve for more than two consecutive terms.

(g) Except for the original commissioners, all commissioners shall serve four-year terms. One-half of the commissioners originally appointed or elected shall serve a two-year term, while the remainder shall serve a four-year term. Every two years thereafter, one-half of the commissioners shall be appointed or elected by referendum.

(h) The selection committee shall determine the initial slate of candidates for elected commissioners. Thereafter the commissioners, by adopted resolution, shall nominate a slate of candidates, and shall include any additional candidates complying with the procedure described in Section 13395.62.

(i) The commissioners shall elect a vice chairperson from the elected commissioners.

(j) The commission may lease space from the office.

(k) The commission and the office shall be the official state representatives of California tourism.

(*l*) All commission meetings shall be held in California.

(m) No person shall receive compensation for serving as a commissioner, but each commissioner shall receive reimbursement for reasonable expenses incurred while on authorized commission business.

(n) Assessed businesses shall vote only for commissioners representing their industry category.

(o) Commissioners shall comply with the requirements of the Political Reform Act of 1974. The Legislature finds and declares that commissioners appointed or elected on the basis of membership in a particular tourism segment are appointed or elected to represent and serve the economic interests of those tourism segments and that the economic interests of these members are the same as those of the public generally.

(p) Commission meetings shall be subject to the requirements of the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1).

(q) The executive director of the commission shall serve as secretary to the commission, a nonvoting position, and shall keep the minutes and records of all commission meetings.

13995.41. The purpose of the commission is to increase the number of persons traveling to and within California.

13995.42. (a) The commission is a separate, independent California nonprofit mutual benefit corporation. Except as provided in Section 13395.43, the staff of the commission shall be employees solely of the commission, and the procedures adopted by the commission shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1).

(b) Not later than six months following the initial referendum, the commission shall adopt procedures concerning the operation of the

commission in order to provide due process rights for assessed businesses.

(c) In the event that the commission fails to adopt the procedures described in subdivision (b) within the specified timeframe, the secretary shall adopt procedures for use by the commission until the commission adopts its own procedures. These procedures shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1), whether adopted by the commission or secretary.

13995.43. (a) The commission shall be administered by an executive director. That individual shall be a tourism industry marketing professional, recommended by a vote of the commissioners and approved by the Governor. The executive director shall serve at the pleasure of both the commissioners and the Governor.

(b) The executive director shall report to and receive overall guidance from the commission, and shall implement the commission's tourism marketing plan. The executive director shall report to the secretary for day-to-day managerial and financial responsibilities.

(c) The executive director shall serve simultaneously as the director of the office, with the title of Deputy Secretary of Tourism of the Business, Transportation and Housing Agency, and that individual shall be an exempt employee, employed by the state. So long as the commission is in existence, the only director of the office shall be the executive director of the commission. Notwithstanding any other provision of law, the executive director may supervise both employees of the commission and employees of the office, notwithstanding the fact that the commission employees are employees solely of the commission.

(d) The salary and benefits of the executive director shall be determined by the commission, and approved by the secretary, based upon industry standards for a director of a marketing budget of similar size. The entire salary and all benefits of the executive director shall be paid from assessments.

13995.44. (a) (1) The commission shall annually provide to all assessed businesses a report on the activities and budget of the commission including, but not limited to, income and expenses, the fund balance, a summary of the tourism marketing plan, and a report of progress in achieving the goals set forth in the plan. The portions of the report that pertain to the commission's income and expenses and the fund balance, as well as those other portions that the commission may from time to time deem appropriate, shall be audited by independent accountants retained by the commission for this purpose.

(2) The commission's annual budget shall be subject to the review and approval of the secretary. However, any decision of the secretary

related to the budget may be overridden by a vote of three-fifths or more of the commissioners then in office.

(b) The commission shall maintain a report on the percentage assessment allocation between industry categories and industry segments. The report shall also specify the reasons and methodology used for the allocations. This report shall be updated every time the assessment allocations are amended. The report shall be made available to any assessed business.

13995.45. (a) The commission shall annually prepare, or cause to be prepared, a written marketing plan. In developing the plan, the commission shall utilize, as appropriate, the advice and recommendations of the industry marketing advisory committee or committees established pursuant to subdivision (a) of Section 13995.47. The commission may amend the plan at any commission meeting. All expenditures by the commission shall be consistent with the marketing plan.

(b) The plan shall promote travel to and within California, and shall include, but not be limited to, the following:

(1) An evaluation of the previous year's budget and activities.

(2) Review of California tourism trends, conditions, and opportunities.

(3) Target audiences for tourism marketing expenditures.

(4) Marketing strategies, objectives, and targets.

(5) Budget for the current year.

(c) Before final adoption of the plan, the commission shall provide each known destination marketing organization in California notice of the availability of the proposed marketing plan and suitable opportunity, which may include public meetings, to review the plan and to comment upon it. The commission shall take into consideration any recommendations submitted by the destination marketing organizations, except that the final determination as to the nature, extent, and substance of the plan shall in all respects rest solely within the ultimate discretion of the commission, except as provided in subdivision (d).

(d) The final adoption of the plan shall be subject to the review and approval of the secretary. However, any decision of the secretary related to the plan may be overridden by a vote of three-fifths or more of the commissioners then in office.

13995.46. Commissioners and employees of the commission are not responsible individually in any way whatsoever to any person for liability for any good faith activity of the commission.

13995.47. (a) The commission shall establish one or more industry marketing advisory committees, which may include noncommissioners as members. The industry marketing advisory committees shall be

structured so that, in the aggregate, they include, to the maximum extent feasible and reasonable, representation from every geographic region of the state and every segment of the state's travel and tourism industry. The commission shall establish procedures for the operation of the industry marketing advisory committees that will provide appropriate opportunity for every geographic region of the state and every segment of the travel and tourism industry to offer advice and recommendations to the commission relative to the development of its written marketing plan pursuant to Section 13995.45.

(b) The commission may also establish from time to time any other committees it deems appropriate, and may appoint noncommissioners to the committees.

13995.48. If the commission believes that the administration of the marketing plan will be promoted thereby, the commission may borrow money, with or without interest, to carry out the provisions of the marketing plan, and may hypothecate anticipated assessment collections.

13995.49. The commission may by written contract accept a voluntary assessment from any person in a travel and tourism related business who is not an assessed business. The contract shall apply solely to the person in question and not to any other person in a travel and tourism related business who is not an assessed business. The contract shall provide that the voluntary assessment be equivalent to the assessment that would be levied if the person were an assessed business under this chapter, shall permit that business to vote on any referendum conducted under this chapter as if that person were an assessed business, and shall have a term concurrent with the effective period of any referendum on which the person votes. Individual voluntary assessments under this section shall be enforceable only under the terms of the respective contracts to which they pertain. This section shall not be construed to preclude donations to, or cooperative marketing activities of any kind with, the commission. Notwithstanding the foregoing, the commission shall not enter into any contract for a voluntary assessment with a person whose primary business is gaming, as defined in Chapter 10 (commencing with Section 330) of Title 9, Part 1 of the Penal Code.

Article 5. Secretary

13995.50. (a) The marketing of California tourism is hereby declared to be affected with the public interest. This chapter is enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

(b) The police powers shall be used to collect assessments not paid by the deadlines established by the secretary.

13995.51. (a) The following powers, and any other powers provided in this act, with the exception of the exercising of police powers and of that power enumerated in subdivision (b), shall be the responsibility of the secretary and, when not exercised by the secretary, may be exercised by the commission:

(1) Call referenda in accordance with the procedures set forth in Article 6 (commencing with Section 13995.60) and certify the results.

(2) Collect and deposit assessments.

(3) Exercise police powers.

(4) Pursue actions and penalties connected with assessments.

(b) Except as otherwise specified in this chapter, the secretary shall have veto power over the actions of the commission, following consultation with the commission, only under the following circumstances:

(1) Travel and expense costs.

(2) Situations where the secretary determines a conflict of interest exists, as defined by the Fair Political Practices Commission.

(3) The use of any state funds.

(4) Any contracts entered into between the commission and a commissioner.

13995.52. (a) Except as otherwise specified in Section 13995.70, the commission may be terminated by referendum of the assessed businesses pursuant to Section 13995.60 or at any time by a referendum called by 10 percent of the assessed businesses, calculated by weighted percentages.

(b) Notice of the termination shall be mailed to all assessed businesses.

(c) Upon termination, the commission shall continue its existence as a nonprofit corporation for purposes of winding up its affairs and dissolution.

(d) Upon termination of the commission established pursuant to this chapter, the California Tourism Commission shall advise the office, and conduct all other tasks authorized by the California Tourism Policy Act.

13995.53. The secretary may require any and all assessed businesses to maintain books and records that reflect their income or sales as reflected in the assessment, and to furnish the secretary with any information that may, from time-to-time, be requested by the secretary, and to permit the inspection by the secretary of portions of books and records that relate to the amount of assessment.

13995.54. Information pertaining to assessed businesses obtained by the secretary pursuant to this chapter is confidential and shall not be disclosed except to a person with the right to obtain the information, any

attorney hired by the secretary who is employed to give legal advice upon it, or by court order. Information obtained by the secretary in order to determine the assessment level for an assessed business is exempt from the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

13995.55. For the purpose of carrying out Section 13995.51, the secretary may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of books, records, or documents of any kind.

13995.56. A person shall not be excused from attending and testifying, or from producing documentary evidence, before the secretary in obedience to the subpoena of the secretary pursuant to the authority granted in Section 13995.55 on the ground, or for the reason, that the testimony or evidence, documentary or otherwise, which is required of him or her may tend to incriminate the person or subject that person to a penalty. A natural person shall not, however, be prosecuted or subjected to any penalty on account of any transaction, matter, or thing concerning which he or she may be required to testify, or produce evidence, documentary or otherwise, before the secretary in obedience to a subpoena. A natural person testifying shall not, however, be exempt from prosecution and punishment for perjury committed in so testifying.

13995.57. Any funds appropriated to the office may be used to implement the tourism marketing plan specified in Section 13995.45. In addition to any other authority for the office to spend funds, state funds may be used for the following: research, conducting and advertising referenda, administration of state funds, policing, collection of assessments, and contracting for assistance in obtaining information on businesses to be assessed.

13995.58. The office may contract with the commission in order for the commission to undertake marketing activities utilizing state funds, and Section 10295, and Article 4 (commencing with Section 10335) and Article 5 (commencing with Section 10355) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code shall not apply to those agreements.

Article 6. Referendum

13995.60. (a) As used in this article and Article 7 (commencing with Section 13995.65) ''assessment level'' means the estimated gross dollar amount received by assessment from all assessed businesses on an annual basis, and ''assessment formula'' means the allocation method used within each industry segment (for example, percentage of gross revenue).

(b) Commencing on January 1, 2003, a referendum shall be called every two years, and the commission, by adopted resolution, shall determine the slate of individuals who will run for commissioner. The resolution shall also cover, but not be limited to, the proposed assessment level, based upon specified assessment formulae, together with necessary information to enable each assessed business to determine what its individual assessment would be. Commencing with the referendum held in 2007 and every six years thereafter, the resolution shall also cover the termination or continuation of the commission. The resolution may also include an amended industry segment allocation formula and the percentage allocation of assessments between industry categories and segments. The commission may specify in the resolution that a special, lower assessment rate that was set pursuant to subdivision (c) of Section 13995.30 for a particular business will no longer apply due to changes in the unique circumstance that originally justified the lower rate. The resolution may include up to three possible assessment levels, from which the assessed businesses will select one assessment level by plurality weighted vote.

(c) The commission shall deliver to the secretary the resolution described in subdivision (b). The secretary shall call a referendum containing the information required by subdivision (b) plus any additional matters complying with the procedures of subdivision (b) of Section 13995.62.

(d) When the secretary calls a referendum, all assessed businesses shall be sent a ballot for the referendum. Every ballot that the secretary receives by the ballot deadline shall be counted, utilizing the weighted formula adopted initially by the selection committee, and subsequently amended by referendum.

(e) If the referendum includes more than one possible assessment rate, the rate with the plurality of weighted votes shall be adopted.

13995.61. (a) The costs of marketing and promoting the initial referendum shall be provided by private payments. The costs of the initial referendum shall be paid by the office. The office shall coordinate the referendum to ensure that it is unbiased and factually correct. In the event that the initial referendum fails in the first attempt at passage, subsequent attempts at passage of the initial referendum shall be permitted, except that the costs of conducting the subsequent attempts at passage, along with the costs of marketing and promoting those attempts at passage, shall be provided by private payments. Subsequent attempts at passage shall be conducted in the manner specified in this subdivision. In the event that the initial referendum passes, whether on the first attempt at passage or a subsequent attempt at passage, the private payers and the office shall be reimbursed for all of their respective initial referendum costs from assessments first received.

(b) The ongoing referendum costs shall be paid by the commission.

13995.62. (a) Assessed businesses may place on a referendum pursuant to Section 13995.60 additional candidates for commissioner, a different assessment level, or both.

(b) A minimum of 20 percent of the assessed businesses (calculated by weighted percentages) must signify their agreement to add different assessment levels to the items included in the referendum.

(c) A minimum of 10 percent of the assessed businesses (calculated by weighted percentages) must signify their agreement to add candidates for commissioner to the items included in the referendum.

13995.63. (a) Upon receipt of the resolution required by Section 13995.60, including any assessed business referendum request pursuant to subdivision (a) of Section 13995.52 or Section 13995.62, the secretary shall establish a referendum period not to exceed 60 days. If the secretary determines that the referendum period so established does not provide sufficient time for the balloting, the secretary may extend the referendum period not more than 15 additional days. At the close of the referendum period, the secretary shall count and tabulate the ballots filed during the referendum period.

(b) The secretary shall establish a deadline for adoption of the resolution described in subdivision (a). If the commission fails to meet this deadline, or if the adopted resolution fails to meet the requirements of this chapter, then assessed businesses may present a slate of candidates to the secretary not later than 60 days following the deadline established for the commission resolution. A minimum of 10 percent of weighted voters shall sign the document presenting the slate.

(c) In the event that the secretary does not receive a resolution required by Section 13995.60 from the commission by the deadline established pursuant to subdivision (b) or the resolution does not comply with the requirements of this chapter and the assessed businesses fail to present a slate pursuant to subdivision (b), then the secretary shall select a slate of commissioners and this slate, added to any assessed business referendum requests pursuant to subdivision (a) of Section 13995.52 or Section 13995.62, shall constitute the items included in the referendum.

13995.64. (a) Each assessed business is entitled to a weighted vote in each referendum. In calculating weighted votes, each assessed business receives a vote equal to the relative assessment paid by that business. An assessed business paying nine hundred dollars ($900) in annual assessments has three times the weighted vote of a business paying three hundred dollars ($300). Weighted votes are used to determine all issues on the referendum. The initial referendum, and any referendum item to terminate the commission, must be approved by a majority of the weighted votes cast at the referendum. The amount of

assessment and selection of commissioners is determined by the most weighted votes, whether or not there is a majority.

(b) For purposes of voting in any referendum, each assessed business is part of one industry category and one industry segment, and for voting purposes only, a business with revenue in more than one industry category or industry segment shall only be included in the category and segment in which it earns the most gross revenue.

(c) Each assessed business is eligible to vote for each item on the referendum, except that an assessed business can only vote for commissioners representing its industry category, and industry segment formulae for its industry segment.

(d) A business is not eligible to vote unless it has paid all assessments and fines outstanding as of a date established by the secretary.

Article 7. Assessments

13995.65. (a) Each industry category shall establish a committee to determine the following within its industry category: industry segments, assessment formula for each industry segment, and any types of business exempt from assessment. The initial segment committees shall consist of the subcommittee for that category as described in subdivision (c) of Section 13995.30. Following approval of the assessment by referendum, the committees shall be selected by the commission, based upon recommendations from the tourism industry. Committee members need not be commission members.

(b) The committee recommendations shall be presented to the commission or selection committee, as applicable. The selection committee may adopt a resolution specifying some or all of the items listed in subdivision (a), plus an allocation of the overall assessment among industry categories. The commission may adopt a resolution specifying one or more of the items listed in subdivision (a), plus an allocation of the proposed assessment. The selection committee and commission are not required to adopt the findings of any committee.

(c) The initial industry category and industry segment allocations shall be included in the selection committee report required by subdivision (b) of Section 13995.30. Changes to the industry segment allocation formula may be recommended to the commission by a segment committee at the biennial commission meeting scheduled to approve the referendum resolution pursuant to Section 13995.60. At the same meeting, the commission may amend the percentage allocations among industry categories. Any item discussed in this section that is approved by resolution of the commission, except amendments to the percentage allocations among industry categories, shall be placed on the

next referendum, and adopted if approved by the majority of weighted votes cast.

(d) Upon approval by referendum, the office shall mail an assessment bill to each assessed business. The secretary shall determine how often assessments are collected, based upon available staffing resources. The secretary may stagger the assessment collection throughout the year, and charge businesses a prorated amount of assessment because of the staggered assessment period. The secretary and office shall not divulge the amount of assessment or weighted votes of any assessed businesses, except as part of an assessment action.

(e) An assessed business may appeal an assessment to the secretary based upon the fact that the business does not meet the definition established for an assessed business within its industry segment or that the level of assessment is incorrect. An appeal brought under this subdivision shall be supported by substantial evidence submitted under penalty of perjury by affidavit or declaration as provided in Section 2015.5 of the Code of Civil Procedure. If the error is based upon failure of the business to provide the required information in a timely manner, the secretary may impose a fee for reasonable costs incurred by the secretary in correcting the assessment against the business as a condition of correcting the assessment.

(f) Notwithstanding any other provision of law, an assessed business may pass on some or all of the assessment to customers. An assessed business that is passing on the assessment may, but shall not be required to, separately identify or itemize the assessment on any document provided to a customer. Assessments levied pursuant to this chapter and passed on to customers are not part of gross receipts or gross revenue for any purpose, including the calculation of sales or use tax and income pursuant to any lease. However, assessments that are passed on to customers shall be included in gross receipts for purposes of income and franchise taxes.

(g) For purposes of calculating the assessment for a business with revenue in more than one industry category or industry segment, that business may elect to be assessed based on either of the following:

(1) The assessment methodology and rate of assessment applicable to each category or segment, respectively, as it relates to the revenue that it derives from that category or segment.

(2) With respect to its total revenue from all industry categories or segments, the assessment methodology and rate of assessment applicable to the revenue in the category and segment in which it earns the most gross revenue.

13995.66. The initial assessment level shall be the amount that the selection committee recommends in its report to the Governor pursuant to Section 13995.30, which may be less than twenty-five million dollars

($25,000,000). This assessment level is a target, and shall serve as the basis for setting application of the assessment formulae, but the actual amount of collected assessments may be more or less than the assessment level.

13995.67. Assessments may be used in furtherance of the purposes set forth in Section 13995.41, or to fund the costs pursuant to Section 13995.57. Assessments may be used to fund these costs regardless of whether the work was performed by the office or commission.

13995.68. (a) The secretary shall establish a list of businesses to be assessed and the amount of assessment owed by each. The secretary shall collect the assessment from all assessed businesses, and in collecting the assessment the secretary may exercise the police powers and bring enforcement actions.

(b) Funds collected by the secretary shall be deposited into the account of the commission. This account shall not be an account of the state government.

(c) Any costs relating to the collection of assessments incurred by the state shall be reimbursed by the commission.

13995.69. (a) The office shall develop a list of California businesses within each segment included within the report required by subdivision (b) of Section 13995.30, periodically updated. Other state agencies shall assist the office in obtaining the names and addresses of these businesses.

(b) The office shall mail to each business identified pursuant to subdivision (a) a form requesting information necessary to determine the assessment for that business. Any business failing to provide this information in a timely manner shall be assessed an amount determined by the secretary to represent the upper assessment level for that segment.

(c) The office, in consultation with the commission, shall establish by regulation the procedure for assessment collection.

13995.70. (a) Funding for the commission is a cooperative venture. Because of the benefits that accrue to the state and to its residents by virtue of having the travel and tourism industry participate cooperatively with the state for the purpose of effectively marketing travel and tourism to and within the state, it is the intent of the Legislature that the state shall be responsible for appropriating a minimum of seven million three hundred thousand dollars ($7,300,000) each fiscal year for travel and tourism, and the industry shall be responsible for targeting the level of assessments for each fiscal year at the amount determined to be appropriate by the commission and approved by referendum. However, that assessment level shall ultimately reach at least twenty-five million dollars ($25,000,000). The industry may terminate the commission by referendum at any time, including during the initial four years, if the state fails to appropriate seven million three hundred thousand dollars

($7,300,000) in any fiscal year, and the state may decide not to appropriate funding in the event that the commission fails in any fiscal year to target its annual assessment level at or above the level set for the initial referendum. Termination of the commission by the industry shall require an adopted resolution of the commission to either include this issue in a regularly scheduled referendum, or to call a special referendum to decide the issue.

(b) The assessed funds shall be audited annually.

(c) The assessed funds shall be under the control of the commission, which shall spend the funds consistent with commission policies and the tourism marketing plan. The state shall have no interest in the fund except the general state interest that the state has in nonprofit corporations.

13995.71. Any assessment levied as provided in this chapter is a personal debt of every person so assessed and shall be due and payable to the secretary. If any assessed person fails to pay any assessment, the secretary may file a complaint against the person in a state court of competent jurisdiction for the collection of the assessment.

13995.72. If any assessed business that is duly assessed pursuant to this chapter fails to pay to the secretary the assessed amount by the due date, the secretary may add to the unpaid assessment an amount not to exceed 10 percent of the unpaid assessment to defray the cost of enforcing the collection of the unpaid assessment. In addition to payment for the cost of enforcing a collection, the assessed business shall pay to the secretary a penalty equivalent to the lesser of either the maximum amount authorized by Section 1 of Article XV of the California Constitution or 5 percent for each 30 days the assessment is unpaid, prorated over the days unpaid, commencing 30 days after the notice has been given to the assessed business of his or her failure to pay the assessment on the date required, unless the secretary determines, to his or her satisfaction, that the failure to pay is due to reasonable cause beyond the control of the assessed business.

13995.73. The secretary may require assessed businesses to deposit with him or her in advance the following amounts:

(a) An amount for necessary expenses.

(b) An amount that shall not exceed 25 percent of the assessment to cover costs that are incurred prior to the receipt of sufficient funds from the assessment.

(c) The amount of any deposit that is required by the secretary shall be based upon the estimated assessment for the assessed business.

13995.74. In lieu of requiring advance deposits pursuant to Section 13395.73, or in order generally to provide funds for defraying administrative expenses or the expenses of implementing the tourism marketing plan until the time that sufficient moneys are collected for this

purpose from the payment of the assessments that are established pursuant to this chapter, the secretary may receive and disburse for the express purposes contributions that are made by assessed businesses. If, however, collections from the payment of established assessments are sufficient to so warrant, the secretary shall authorize the repayment of contributions, or authorize the application of the contributions to the assessment obligations of persons that made the contributions.

13995.75. Upon termination of the commission, any remaining funds that are not required by the secretary to defray commission expenses shall be returned by the secretary upon a pro rata basis, to all persons from whom the assessments were collected unless the secretary finds that the amounts to be returned are so small as to make impractical the computation and remitting of the pro rata refund to the appropriate persons. If the secretary makes a finding that returning the remaining funds would be impractical, he or she may use the moneys in the fund to defray the costs of the office.

13995.76. Any check or warrant that is drawn against the funds of the commission that remains unclaimed or uncashed for a period of six months from the date of issuance shall be canceled and the money retained for disbursement to the original payee or claimant upon satisfactory identification for a period of one year from the time the check or warrant is canceled. The money so retained, if not claimed within the period of one year, shall be used for administration of the commission, and in furtherance of the tourism marketing plan.

13995.77. A business is exempt from the assessments provided for in this chapter if any of the following apply:

(a) The business is a travel agency or tour operator that derives less than 20 percent of its gross revenue annually from travel and tourism occurring within the state. A travel agency or tour operator that qualifies for this exemption may participate as an assessed business by paying an assessment calculated on the same basis applicable to other travel agencies or tour operators, respectively, and by filing a written request with the secretary indicating its desire to be categorized as an assessed business.

(b) The business is a small business. For purposes of this section, ''small business'' means a business location with less than $1,000,000 in total California gross annual revenue from all sources. A business exempted pursuant to this subdivision may enter into a contract for voluntary assessments pursuant to Section 13995.49.

(c) The assessments provided for in this chapter shall not apply to the revenue of regular route intrastate and interstate bus service: provided, however, that this subdivision shall not be deemed to exclude any revenue derived from bus service that is of a type that requires authority, whether in the form of a certificate of public convenience and necessity,

or a permit, to operate as a charter-party carrier of passengers pursuant to Chapter 8 (commencing with Section 5351) of Division 2 of the Public Utilities Code.

Article 8. Actions and Penalties

13995.80. Any action for any penalty or other remedy that is prescribed under any provision of this chapter shall be commenced within three years from the date of the alleged violation.

13995.81. Any person who files false information concerning an assessment is civilly liable in an amount of not more than ten thousand dollars ($10,000), in addition to any amount owed as the assessment.

13995.82. (a) When the secretary makes a determination that an assessment is deficient as to the payment due, the secretary may determine the amount of the deficiency, including any applicable penalty, as provided in this chapter. After giving notice that a deficiency determination is proposed and an opportunity to file a report or provide supplemental information is provided, the secretary may make one or more deficiency determinations of the amount due for any reporting period based on information in the secretary's possession. When an assessed business is discontinued, a deficiency determination may be made at anytime thereafter as to the liability arising out of the operation of that business.

(b) The secretary shall give notice of the proposed deficiency determination and the notice of deficiency determination by mailing a copy of the deficiency to the assessed business at the current address for that business on file with the secretary. The giving of notice is complete at the time of deposit in the United States mail. In lieu of mailing, a notice may be served personally by delivering it to the person to be served.

(c) Except in the case of fraud or failure to file required information, a notice of a deficiency determination shall be given within four years of the accrual of the deficiency.

(d) The person against whom a deficiency determination is made may petition the secretary for redetermination within 30 days after the serving of the notice of deficiency determination. If a petition is not filed within 30 days, the deficiency determination shall become final.

(e) A petition for redetermination shall be in writing, state the specific grounds upon which it is based, and be supported by applicable records and declarations under penalty of perjury that the information supporting the petition is accurate and complete. If a petition for redetermination is duly filed, the secretary shall reconsider the deficiency determination and may grant a hearing thereon. The secretary shall, as soon as practicable, make an order on redetermination, which shall become final 30 days after service of notice of the order of

redetermination upon the petitioner. The notice of the order shall be served in the same manner as the notice of the original deficiency determination.

(f) If any amount required to be paid pursuant to a deficiency determination or redetermination is not paid within the time specified in the notice thereof, the secretary may, within four years thereafter, file in the Superior Court in the County of Sacramento, or the superior court in any other county, a certificate specifying the amount required to be paid, the name and address of the person liable as it appears on the records of the secretary, and a request that judgment be entered against the person in that amount 30 days after the filing. Notice of the filing shall be given in the same manner as for the notice of deficiency determination. The court shall enter a judgment in conformance with the secretary's certificate 30 days after its filing, unless a petition for judicial review has been filed within the 30-day period.

(g) An abstract of the judgment, or a copy thereof, may be filed with the county recorder of any county. From the time of filing of the judgment, the amount of the judgment constitutes a lien upon all of the property in the county owned by the judgment debtor. The lien has the force, effect and priority of a judgment lien and shall continue for 10 years from the date of the judgment, unless sooner released or otherwise discharged. The lien imposed by this section is not valid insofar as personal property is concerned against a purchaser of value without actual knowledge of the lien.

(h) Execution shall issue upon the judgment upon request of the secretary in the same manner as execution may issue upon other judgments, and sales shall be held under execution as prescribed in the Code of Civil Procedure.

(i) The person named in a notice of deficiency determination or redetermination may, within 30 days of the notice of filing with the superior court, file an action for judicial review thereof, as provided herein, in the Superior Court in the County of Sacramento or, with the secretary's consent, the superior court in any other county. As a condition of staying entry of judgment or granting other relief, the court shall require the filing of a corporate surety bond with the secretary in the amount of the deficiency stated in the certificate. In any court proceeding, the certificate of the secretary determining the deficiency shall be prima facie evidence of the fee and the amount due and unpaid.

(j) The provisions of this section are supplemental to any other procedures for collection and imposition of fees and penalties provided by this chapter.

(k) In lieu of proceeding pursuant to this section, the secretary may file a complaint for collection of unpaid assessments as provided by law.

13995.83. It is a violation of this chapter for any person to willfully render or furnish a false or fraudulent report, statement, or record that is required by the secretary pursuant to any provision of this chapter.

13995.84. Any suit brought by the secretary to enforce any provision of this chapter, or any regulation, or rule and regulation, that is issued by the secretary shall provide that the defendant pay to the secretary the costs that were incurred by the secretary and by the commission in the prosecution of the action in the event the secretary prevails in the action. Any money that is recovered shall reimburse the account or accounts used to pay the costs.

Article 9. Miscellaneous

13995.90. In any civil or criminal action or proceeding for violation of any of the following, proof that the act that is complained of was done in compliance with the provisions of this chapter is a complete defense to the action or proceeding:

(a) The Cartwright Act, Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(b) The Unfair Practices Act, Chapter 4 (commencing with Section 17000) of Part 2 of Division 7 of the Business and Professions Code.

(c) Any rule of statutory or common law against monopolies or combinations in restraint of trade.

13995.91. If any section, sentence, clause, or part of this chapter or the application thereof to any person or circumstance is for any reason held to be invalid, that invalidity shall not affect the remaining provisions or applications of this chapter that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable. The Legislature hereby declares that it would have passed this chapter and each section, sentence, clause, and part of this chapter despite the fact that one or more sections, sentences, clauses, or parts of this chapter is declared invalid.

Article 10. Los Angeles County Tourism Marketing

13995.100. (a) The Legislature recognizes that, because of the size and significant economic impact of the tourism industry on the economy of the County of Los Angeles, it being the second largest economic activity within the county, and due to many independent factors that have adversely affected tourism in the county, it is necessary to empower the tourism industry within the County of Los Angeles to create a governance structure in order to foster marketing efforts directed at specifically attracting tourists to the county.

(b) Recognizing the importance of enabling the private-sector tourism industry within the County of Los Angeles to assess itself in order to fund tourism marketing efforts, this article shall authorize the formation of the Los Angeles County Tourism Selection Committee to be appointed by the Los Angeles County Board of Supervisors, and the Los Angeles County Tourism Marketing Commission, the members of which shall be elected by industry referendum and ex officio appointment, as set forth in this article.

13995.101. For the purposes of this article, the following definitions shall apply:

(a) ''County commission'' means the Los Angeles County Tourism Marketing Commission.

(b) ''County commissioner'' means a commissioner of the county commission.

(c) ''County selection committee'' means the Los Angeles County Tourism Selection Committee described in Section 13995.102.

(d) ''Industry category'' means the classifications within the tourism industry designated by the county selection committee, or if not so designated, then as follows:

(1) Accommodations.

(2) Restaurants and retail.

(3) Attractions and recreation.

(4) Transportation and travel services.

(e) ''Referendum'' means any vote by mail ballot of measures recommended by the county commission in accordance with the procedure set forth in Section 13995.110.

13995.102. (a) The Los Angeles County Board of Supervisors shall appoint the Los Angeles County Tourism Selection Committee to consist of persons, or principals of entities, from within the industry categories that are to be assessed, based upon recommendations from established industry associations and destination marketing organizations within Los Angeles County.

(b) The county selection committee shall consist of 24 representatives, with no fewer than three from each industry category. The county selection committee shall appoint a chair and any other officers it deems advisable.

(c) The county selection committee shall convene within 150 days after the effective date of this chapter. Not later than 150 days following the initial convening of the committee, the committee shall issue a report and recommendations listing the following:

(1) Industry segments that will be included in the initial referendum.

(2) Percentage of funds to be levied against each industry category and segment. To the extent possible, the percentages shall be based upon quantifiable industry data. Funds to be levied against businesses shall

bear an appropriate relationship to the benefit derived from travel and tourism by those businesses.

(3) Assessment methodology and rate of assessment within each industry segment, that may include, but not be limited to, a percentage of gross revenue or a per transaction charge.

(4) Businesses, if any, within a segment to be assessed at a reduced rate, which may be set at zero, whether temporarily or permanently, because they do not sufficiently benefit from travel and tourism.

(5) Initial slate of proposed elected commissioners. The number of commissioners elected from each industry category shall be determined by the weighted percentage of assessments from that category.

(d) Nothing in this section shall preclude the selection committee from setting the assessment rate for a business within a segment at a lower rate, which may be set at zero, than a rate applicable to other businesses within that segment if the selection committee makes specific findings that the lower rate should apply due to unique geographical, financial, or other circumstances affecting the business. No business for which a zero assessment rate is set pursuant to this subdivision shall be sent a ballot or entitled to participate in the initial referendum, or in any subsequent referendum in which its rate of assessment is set at zero.

(e) The committee members for each industry category, also referred to as a subcommittee, shall prepare a recommendation for the entire committee on how the items specified in subdivision (c) should be determined for the industry segments within their industry category. The recommendations shall not include a discussion of industry category levies, which shall be determined solely by the committee. In the event that the subcommittee cannot agree on one or more of the items specified in subdivision (c), no recommendation shall be given in that category. The recommendations shall be presented to the full committee, which shall address each of the items contained in subdivision (c).

(f) In order to be assessed, an industry segment shall be defined with sufficient clarity to allow for the cost-effective identification of assessed businesses within that segment.

(g) It shall be the responsibility of the county selection committee to advertise widely the selection committee process and to schedule public meetings for potential assessed businesses to provide input to the selection committee.

(h) The selection committee process and report shall be exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1).

(i) The Los Angeles Convention and Visitors Bureau shall be asked to supply staff support to the county selection committee. The Office of Tourism within the Business, Transportation and Housing Agency shall not be required to supply staff support to the county selection committee.

13995.103. (a) Based upon the criteria established by the county selection committee, the county commission shall be established by industry referenda within the county conducted in accordance with subdivision (d) and Section 13995.104, and shall include certain ex officio voting members provided for in subdivision (d).

(b) The county commission shall be a private, nonprofit corporation under the direction of a board of county commissioners. The activities and purposes of the county commission shall be to promote tourism to and within the County of Los Angeles through marketing and other promotional efforts.

(c) The board of county commissioners shall function as the board of directors for purposes of the Nonprofit Corporation Law (Division 2 (commencing with Section 5000) of Title 1 of the Corporations Code).

(d) The board of county commissioners shall consist of 24 members to be elected by industry category by referendum, from among individuals who are professionally active in the tourism industry, representing diverse elements of the industry. In addition, the board of county commissioners shall include the salaried chief executive officer of each convention and visitors bureau within Los Angeles County that operates either as a part of municipal government or under contract with any municipality within the county. The elected county commissioners need not be limited to representatives of assessed businesses.

(e) In the referendum process, regardless of the number of ballots received for a referendum, the nominee for each county commissioner slot with the most weighted votes, based upon assessment levels, from businesses within that industry category shall be elected county commissioner. Assessed businesses shall vote only for county commissioners representing their industry category.

(f) All elected county commissioners shall serve three-year terms, except that one-third of the county commissioners originally elected shall serve a one-year term, one-third shall serve a two-year term, and the remainder shall serve a three-year term. Every year thereafter, one-third of the county commissioners shall be elected by industry referendum. No county commissioner may serve for more than two consecutive terms.

(g) In the event that a county commissioner resigns, dies, or is removed from office during his or her term, the county commission shall appoint a replacement from the same industry category that the previous county commissioner represented, and that county commissioner shall fill the remaining term of the previous county commissioner.

(h) The county selection committee shall determine the initial slate of candidates for elected county commissioners. Thereafter, the county commissioners, by adopted resolution, shall nominate a slate of candidates, and shall include any additional candidates who may be

placed on the referendum by assessed businesses under a procedure to be adopted by the county commission.

(i) The county commissioners shall annually, within 60 days before commencement of the fiscal year of the county commission, elect from among the county commissioners a chair, vice-chair, secretary, and chief financial officer.

(j) No person shall receive compensation as a county commissioner, but each county commissioner shall receive reimbursement from county assessments for reasonable expenses incurred while on authorized county commission business.

13995.104. (a) The county commission shall be a private, nonprofit corporation, and shall not be part of state or county government, nor be construed in any other manner as a public entity.

(b) No person employed by the county commission shall be a state or county employee.

(c) The procedures adopted by the county commission shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1).

13995.105. (a) Not later than six months following its formation, the county commission shall adopt procedures concerning the operation of the county commission in order to provide due process rights for assessed businesses.

(b) The county commission shall annually provide to all assessed businesses a report on the activities and budget of the county commission including, but not limited to, income and expenses, the fund balance, a Summary Los Angeles County Tourism Marketing Plan, and a report of progress in achieving the goals set forth in the plan.

(c) The county commission shall maintain a report on the percentage assessment allocation between industry categories and industry segments. The report shall also specify the reasons and methodology used for the allocations. This report shall be updated each time the assessment allocations are amended. The report shall be made available to any assessed business, but all confidential information provided shall remain confidential and not be released to any person or entity unless authorized by the county commission.

(d) (1) The county commission shall annually prepare, or cause to be prepared, a Los Angeles County Tourism Marketing Plan. The county commission may amend the plan at any county commission meeting. All expenditures by the county commission shall be consistent with the marketing plan.

(2) The plan shall promote travel to and within Los Angeles County, and shall include, but need not be limited to, the following:

(A) An evaluation of the previous year's budget activities.

(B) Review of state, county, and local tourism trends, conditions, and opportunities.

(C) Target audiences for tourism marketing expenditures.

(D) Marketing strategies, objectives, and targets.

(E) Budget for the current year.

(3) In developing the plan, the county commission shall, to the maximum extent feasible, do both of the following:

(A) Seek advice and recommendations from all segments of the county's travel and tourism industry and from all geographic regions of the county.

(B) Harmonize, as appropriate, the plan with the travel and tourism marketing activities and objectives of the various industry segments and geographic regions.

(e) The county commission may establish committees and may appoint noncommissioners to its committees.

13995.106. County commissioners and employees of the county commission shall not be individually liable in any way to any person for any good faith activity of the county commission, county commissioners, or employees.

13995.107. The county commission may be terminated at any time after the initial four years of operation by referendum of the assessed businesses. Notice of the termination shall be mailed to all assessed businesses. Upon termination, the county commission shall continue its existence as a nonprofit corporation for purposes of winding up its affairs and dissolution.

13995.108. (a) The county may require assessed businesses to maintain books and records that reflect their income or sales as reflected in the assessment, and to furnish the county treasurer/tax collector with any information that may, from time to time, be requested by the treasurer/tax collector, and to permit the inspection by the treasurer/tax collector of portions of books and records that relate to the amount of assessment.

(b) Information pertaining to assessed businesses obtained by the county treasurer/tax collector pursuant to this chapter shall be confidential and shall not be disclosed except to a person with authority to obtain the information, any attorney hired by the county treasurer/tax collector who is employed to give legal advice upon that information, or by court order.

(c) Information obtained by the county treasurer/tax collector in order to determine the assessment level for an assessed business shall be exempt from the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

13995.109. (a) The county commission shall recommend the assessments approved by the industry referendum to the board of

supervisors. Upon approval by the board of supervisors, the Los Angeles County Treasurer/Tax Collector shall collect all assessments so approved. In that collection effort, the county treasurer/tax collector may utilize its police powers, and pursue actions and penalties set forth in Article 8 (commencing with Section 13995.80) in the collection of all county assessments.

(b) Direct and actual expenses associated with the collection of assessments by the county commission or the county treasurer/tax collector shall be reimbursed from the assessments collected.

13995.110. (a) No referendum required under this article shall be undertaken until any of the following occurs, whichever is earliest:

(1) A statewide referendum held pursuant to this chapter has obtained a passing vote in the County of Los Angeles.

(2) Two statewide referenda have been held pursuant to this chapter.

(3) July 1, 1998.

(b) Referenda required under this article shall be conducted in a similar manner as provided in Article 6 (commencing with Section 13995.60 as follows:

(1) The county commission shall undertake all duties, and act in all respects, in place of the California Tourism Marketing Commission, and either the county or the county treasurer/tax collector, as designated in this article, shall act in place of the Secretary of Business, Transportation and Housing.

(2) The initial assessment target for the county commission shall be set by the county selection committee.

(3) The first referendum shall be initiated by industry members, with all costs of marketing and promoting of the initial referendum to be provided by the tourism industry.

(4) Each referendum may cover one or more of the following subjects:

(A) Assessment level based upon specified assessment formula.

(B) Amended industry segment allocation formulae.

(C) Percentage allocation of assessments between industry categories and segments.

(D) Election of county commissioners subject to election by referendum.

(E) Termination of the county commission.

(F) Whether to establish, continue, or reestablish an assessment.

(5) The costs of all marketing and promoting of all referenda following the initial referendum shall be paid by the county commission from assessments collected. The county commission may reimburse those who have contributed to the costs of the initial referendum from proceeds raised from assessments collected from the initial referendum.

13995.111. Assessments shall be set by the county commission, as follows:

(a) Each industry category shall establish a committee to determine the following within its industry category: industry segments, assessment formulae for each industry segment, and any type of business exempt from assessment. The committees shall be selected by the county commission based upon recommendations from the tourism industry. Committee members need not be commission members.

(b) The committee recommendations shall be presented to the county commission. The county commission may adopt a resolution specifying one or more of the items listed in subdivision (a), plus an allocation of the proposed assessment. The county commission shall consider the recommendations of any committee.

(c) The initial industry category and industry segment allocations shall be as set in the Selection Committee Report required by subdivision (b) of Section 13995.30. Changes to the industry segment allocation formulae may be recommended to the county commission by a segment committee. At the same meeting, the county commission may amend the percentage allocations among industry categories. Any item discussed in this section that is approved by resolution of the county commission, except amendments to the percentage allocations among industry categories, shall be placed on the next referendum, and adopted if approved by the weighted majority of votes cast. All industry segment members shall be subject to any duly approved assessments.

(d) Upon approval by referendum, and recommendation to the county by the county commission, the county treasurer/tax collector shall calculate the assessments due for each assessed business and mail an assessment bill to each assessed business. The county treasurer/tax collector may stagger the assessment collection throughout the year, and charge businesses a prorated amount of assessment based on the staggered assessment period. The county treasurer/tax collector shall not divulge the amount of assessment or weighted votes of any assessed businesses, except as part of an assessment action.

13995.112. An assessed business may appeal an assessment to the county commission upon the basis that the business does not meet the definition established for an assessed business within its industry segment, or that the level of assessment is incorrect. If the error is based upon failure of the business to provide the required information in a timely manner, the county commission may recommend to the county a fine to be collected by the county treasurer/tax collector as a condition of correcting the assessment.

13995.113. (a) The county treasurer/tax collector shall collect the assessment from all assessed businesses, and, in collecting an assessment, may bring enforcement actions.

(b) Funds collected shall be deposited into an account or accounts for the benefit of the county commission, subject to the county treasurer/tax collector's authority under Section 13995.109 to reimburse his or her office for direct and actual expenses associated with the collection of assessments. These accounts shall not be accounts of the state or county government.

(c) The county treasurer/tax collector shall mail to each business identified pursuant to subdivision (a) of Section 13995.111 a form requesting information necessary to determine the assessment for that business. Any business failing to provide this information in a timely manner shall be assessed an amount determined by the county treasurer/tax collector to represent the upper assessment level for that segment.

(d) The assessed funds shall be audited annually.

(e) The assessed funds shall be under the control of the county commission, which shall spend the funds consistent with commission policies and the Los Angeles County Tourism Marketing Plan. Neither the state nor the county shall have any interest in the fund except the general interest that the state has in nonprofit corporations.

(f) Direct and actual expenses incurred by the county in implementing this article shall be reimbursed from the assessed funds.

13995.114. (a) Any assessment levied as provided in this article is a debt of the business so assessed and shall be due and payable at the direction of the county treasurer/tax collector. If any assessed business fails to pay any assessment, the county treasurer/tax collector may file a complaint in a state court of competent jurisdiction for the collection of the assessment.

(b) If any assessed business that is duly assessed pursuant to this article fails to pay the assessed amount by the due date, the county treasurer/tax collector may add to the unpaid assessment an amount not to exceed 10 percent of the unpaid assessment to defray the cost of enforcing the collection of the unpaid assessment. In addition to payment for the cost of enforcing a collection, the assessed business shall pay a penalty equivalent to the lesser of either the maximum amount authorized by Section 1 of Article XV of the California Constitution or 5 percent for each 30 days the assessment is unpaid, prorated over the days unpaid, commencing 30 days after the notice has been given to the assessed business of its failure to pay the assessment on the date required, unless the county treasurer/tax collector determines that the failure to pay is due to reasonable cause beyond the control of the assessed business.

(c) (1) The county treasurer/tax collector may require assessed businesses to deposit in advance the following amounts:

(A) An amount for necessary expenses.

(B) An amount that shall not exceed 25 percent of the assessment to cover costs that are incurred prior to the receipt of sufficient funds from the assessment.

(2) The amount of any deposit that is required shall be based upon the estimated assessment for the assessed business.

(d) In lieu of requiring advance deposits, or in order generally to provide funds for defraying administrative expenses or the expenses of implementing the Los Angeles County Tourism Marketing Plan until sufficient moneys are collected for this purpose from the payment of the assessments that are established pursuant to this article, the county commission may receive and disburse for those express purposes, contributions that are made by assessed businesses. However, if collections from the payment of established assessments are sufficient, the county commission may authorize the repayment of contributions, or authorize the application of the contributions to the assessment obligations of persons who made the contributions.

(e) Upon termination of the county commission, any remaining funds that are not required to defray commission expenses shall be returned, upon a pro rata basis, to all persons from whom the assessments were collected.

(f) Any check or warrant that is drawn against the funds of the county commission that remains unclaimed or uncashed for a period of six months from the date of issuance shall be canceled and the money retained for disbursement to the original payee or claimant upon satisfactory identification for a period of one year from the time the check or warrant is canceled. The money so retained, if not claimed within the period of one year, shall be used for administration of the county commission and in furtherance of the Los Angeles County Tourism Marketing Plan.

13995.115. The county commission shall separately contract with the Los Angeles Convention and Visitors Bureau to serve as its administrative contractor in the promotion, implementation, and administration of the Los Angeles County Marketing Plan adopted by the county commission. If the county commission believes that the administration of the county marketing plan will be promoted thereby, the commission may borrow money, with or without interest, to carry out the provisions of the county marketing plan, and may hypothecate anticipated assessment collections.

13995.116. This article is subject to Article 8 (commencing with Section 13995.80) and Article 9 (commencing with Section 13995.90) except that, as to Article 8, either the county or the county treasurer/tax collector, as designated in this article, shall act in the place of the Secretary of Business, Transportation and Housing in all respects.

13995.117. A business is exempt from the assessments provided for in this chapter if the business is a travel agency or tour operator that derives less than 20 percent of its gross revenue from travel and tourism occurring within the state. A travel agency or tour operator that qualifies for this exemption may pay the assessment by filing a written request with the commission indicating its desire to be categorized as an assessed business.

13995.118. This article shall become operative only upon adoption by the Los Angeles County Board of Supervisors of a resolution by majority vote making the provisions of this article applicable in that county.

(commencing with Section 11340) of Part 1, and for purposes of that chapter, including Section 11349.6, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall be repealed within 180 days after their effective date, unless the agency complies with Chapter 3.5 (commencing with Section 11340) of Part 1 as provided in subdivision (e) of Section 11346.1.

The program shall award grants based upon a competitive application process addressing the project's eligibility, a review of the proposal's scientific and technological aspects, and ability to fulfill the goals of the program. Priority in awarding grants shall be given to those projects that will use the grant funds as matching funds for a federal grant, projects with additional sources of funding, projects involving geographic areas or manufacturing segments targeted by the agency, and projects satisfying any other criteria developed by the agency. An example of a project is a joint effort by federal laboratories, universities, and private companies to research and develop advanced manufacturing technologies that would significantly reduce the health, safety, and environmental hazards of an existing manufacturing process.

SEC. 2.3. Part 14 (commencing with Section 37980) is added to Division 24 of the Health and Safety Code, to read:

PART 14. CALIFORNIA DEFENSE RETENTION AND CONVERSION

37980. This part shall be known and may be cited as the California Defense Retention and Conversion Act of 1999.

37981. The Legislature finds and declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) Defense spending in California peaked at sixty billion dollars ($60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projected a further 22 percent reduction to thirty-seven billion dollars ($37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(c) California has experienced four rounds of base closures resulting in the closure or realignment of 29 bases since 1988. Additional bases may be considered for closure in future closure rounds.

(d) California lost more federal payroll jobs from its 29 military base closures under rounds one to four, inclusive, than all of the rest of the states put together. The reduced military payroll, including military and civilian employees, in California is approximately 101,000 jobs. About 300,000 private sector defense industry jobs in California have been lost.

(e) California needs a focused, coordinated defense retention and conversion program within the state in order to protect the existing defense installations and facilities within the state and to assist those communities that have experienced an installation's closing.

(f) Currently, there are over 300,000 active duty and civilian defense personnel in California.

(g) The direct Department of Defense expenditures in California are over thirty billion dollars ($30,000,000,000) for employees, contracts, and capital investment.

(h) California has over 36 major and 25 minor active military installations.

(i) The Department of Defense pays ten million dollars ($10,000,000) annually in fees, permits, and licenses within the state.

(j) Having been the leader in the nation's defense effort, the state must now also assume the role as leader in defending existing military installations within its borders. That role will require a coordinated effort to ensure that California promotes the necessity of existing defense facilities, assist local governments and organizations in planning retention efforts, and design and implement a single unified plan for active defense retention efforts on the federal level.

(k) It is the intent of the Legislature that the state's role in defense retention, conversion, and military base reuse be consolidated in the Department of Housing and Community Development.

37982. The Legislature recognizes the potential for federal legislation to close additional military installations nationwide. In an effort to be proactive in retaining these facilities within California that are necessary for the defense of the nation and to provide for a single, focused defense of these installations, the California Defense Retention

and Conversion Council is hereby created in the Department of Housing and Community Development.

37983. The California Defense Retention and Conversion Council shall consist of the following members, who shall be appointed as follows:

(a) The Governor shall have 11 appointees, who may include, but are not limited to, the following:

37984. (a) The Director of Housing and Community Development shall serve as chairperson of the council.

(b) The Office of Military Base Retention shall provide staff support to the council.

(c) It shall be the purpose of the council to provide a central clearinghouse for all defense retention, conversion, and base reuse activities in the state.

The opportunity shall be provided for public review and comments on the strategic plan prior to submission to the Governor and the Legislature. Notwithstanding Section 7550.5 of the Government Code, the plan shall be submitted to the Governor and the Legislature on or before December 1, 2000.

(c) Help develop and coordinate state retention advocacy efforts on the federal level.

(d) (1) Conduct an evaluation of existing state retention and conversion programs and provide the Legislature recommendations on the continuation of existing programs, including, but not limited to, the possible elimination or alteration of those programs. Notwithstanding Section 7550.5 of the Government Code, this evaluation shall be transmitted to the Legislature on or before November 1, 2000, and again on or before November 1, 2003.

(2) The council may provide recommendations to the Legislature on the necessity of new programs for defense retention and adequate funding levels.

(e) Utilize and update the plan prepared by the Defense Conversion Council as it existed on December 31, 1998, to minimize California's loss of bases and jobs in future rounds of base closures. This plan shall include, but not be limited to, all of the following:

(1) Identification of major installations in California.

(2) Determination of how best to defend existing bases and base employment in this state.

(3) Coordination with communities that may face base closures.

(4) Development of data and analyses on bases in this state.

(5) Coordination with the congressional delegation, the Legislature, and the Governor. With the consent of the appropriate authority, the council may temporarily borrow technical, policy, and administrative staff from other state agencies, including the Legislature.

(f) Where funds and resources are available, the council may undertake all of the following activities:

(1) Provide a central clearinghouse for all base retention or conversion assistance activities, including, but not limited to, employee training programs and regulation review and permit streamlining.

(2) Provide technical assistance to communities with potential or existing base closure activities.

(3) Provide a central clearinghouse for all defense retention and conversion funding, regulations, and application procedures for federal or state grants.

(4) Serve as a central clearinghouse for input and information, including needs, issues, and recommendations from businesses, industry representatives, labor, local government, and communities relative to retention and conversion efforts.

(5) Identify available state and federal resources to assist businesses, workers, communities, and educational institutions that may have a stake in retention and conversion activities.

(6) Provide one-stop coordination, maintain and disseminate information, standardize state endorsement procedures, and develop fast-track review procedures for proposals seeking state funds to match federal defense conversion funding programs.

(7) Maintain and establish data bases in such fields as defense-related companies, industry organization proposals for the state and federal defense industry, community assistance, training, and base retention, and provide electronic access to the data bases.

35987. (a) The council shall meet at the times and in places it deems necessary, but no less than once a quarter. Whenever possible, meetings shall be held in Sacramento in state facilities.

(b) Under no circumstances shall the council permit absentee or proxy voting at any of its proceedings. However, a vote by a designee, as provided in paragraphs (1) to (8), inclusive, of subdivision (a), and paragraphs (1) to (5), inclusive, of subdivision (d), of Section 37983, shall not be construed to be an absentee or proxy vote under this subdivision.

(c) Council members may receive reimbursement for travel costs directly related to council attendance if funding is available.

(d) The council shall apply for grants and may seek contributions from private industry to fund its operations.

(e) The council shall actively solicit and accept funds from industry, foundations, or other sources to promote and fund research and development of dual technologies, to identify alternative applications of military technologies, to initiate market research for identifying possible defense conversion products, to establish worker and business training programs, and to operate pilot projects to evaluate and demonstrate useful approaches. These efforts should be coordinated with the regional technology alliances.

35988. In addition to the duties specified in Section 37985, the council shall do all of the following:

(a) At the request of a council member and upon majority vote of the council, the council may review actions or programs by state agencies that may affect military base retention and reuse and offer comments or suggest changes to better integrate these actions or programs into the overall state strategic plan required pursuant to subdivision (a) of Section 37985.

(b) The council shall prepare a study considering strategies for the long-term protection of lands adjacent to military bases from development that would be incompatible with the continuing missions of those bases. The study shall include the effects of local land use encroachment, environmental impact considerations, and population growth issues. The study shall recommend basic criteria to assist local governments in identifying lands where incompatible development may adversely impact the long-term missions of these bases. The study shall also identify potential mechanisms, including recommendations for changes in law at the local or state level, to address these issues. In conducting this study, the council may use the Naval Air Station at Lemoore and Edwards Air Force Base as case studies.

The council shall hold public hearings on this study, including at least one in the vicinity of either Lemoore or Edwards. Notwithstanding Section 7550.5 of the Government Code, the council shall prepare and submit to the Governor and the Legislature by November 30, 2000, a report on this study with any recommendations.

35989. The Department of Housing and Community Development with input and assistance from the council, shall establish a Defense Retention Grant Program to grant funds to communities with military bases to assist them in developing a retention strategy. The agency may use grant criteria similar to those for existing defense conversion grant programs as a basis for developing the new grant program. To discourage multiple grant applications for individual defense installations in a region, the criteria shall be drafted to encourage a single application for grant funds to develop, where appropriate, a single, regional defense retention strategy. The structure, requirements, administration, and funding procedures of the grant program shall be submitted to the

Legislature for review at least 90 days prior to making the first grant disbursement. The agency may make no grant award without the local community providing at least 50 percent or more in matching funds or in-kind services.

35990. The Department of Housing and Community Development shall adopt regulations to implement the programs authorized in this chapter. The agency shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, the regulations shall be repealed within 180 days after their effective date, unless the agency complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code as provided in subdivision (e) of Section 11346.1 of the Government Code.

35991. This part shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 4. Section 1266 of the Health and Safety Code is amended to read:

1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

1–49 beds	$460 plus $8 per bed
50–99 beds	$850 plus $8 per bed

1–59 beds	$2,068 plus $26 per bed
60–99 beds	$2,543 plus $26 per bed
100 or more beds	$3,183 plus $26 per bed

(3) The fees provided in this subdivision shall be adjusted, commencing July 1, 1983, as proposed in the state department's 1983–84 fiscal year Health Facility License Fee Report to the Legislature. Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) (1) By March 17 of each year, the State Department of Health Services shall make available to interested parties, upon request, information regarding the methodology and calculations used to determine the fee amounts specified in this section, the staffing and systems analysis required under subdivision (e), program costs associated with the licensing provisions of this division, and the actual numerical fee charges to be implemented on July 1 of that year. This information shall specifically identify federal funds received, but not

previously budgeted for, the licensing provisions of this division that are used to offset the amount of General Fund money to be recovered through license fees. The information shall also identify the purpose of federal funds received for any additional activities under the licensing provisions of this division that are not used to offset the amount of General Fund money.

(2) The methodology and calculations used to determine the fee amounts shall result in fee levels in an amount sufficient to provide revenues equal to the sum of the following:

(A) The General Fund expenditures for the fiscal year beginning on July 1 of that year, as specified in the Governor's proposed budget, less license fees estimated to be collected in that fiscal year by the licensing provisions of this division, excluding licensing fees collected pursuant to this section.

(B) The amount of federal funds budgeted for the fiscal year ending June 30 of that year for the licensing provisions of the division, less federal funds received or credited, or anticipated to be received or credited, during that fiscal year for that purpose.

(3) If the Budget Act provides for expenditures that differ by 5 percent from the Governor's proposed budget, the Department of Finance shall adjust the fees to reflect that difference and shall instruct the State Department of Health Services to publish those fees in accordance with subdivision (d).

(c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local hospital district, city, county, or city and county.

(d) The department shall, within 30 calendar days of the enactment of the Budget Act, publish a list of actual numerical fee charges as adjusted pursuant to this section. This adjustment of fees, any adjustment by the Department of Finance, and the publication of the fee list shall not be subject to the rulemaking requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. If the published list of fees is higher than that made available to interested parties pursuant to subdivision (b), the affected health facilities may choose to pay the fee in the amount presented at the public hearing and to defer payment of the additional increment until 60 days after publication of the list of fees pursuant to this subdivision.

(e) Prior to the establishment of the annual fee, the department shall prepare a staffing and systems analysis to ensure efficient and effective utilization of fees collected, proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

The analysis under this subdivision shall be included in the information made available pursuant to subdivision (b), and shall include all of the following:

(1) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.

(2) The percentage of time devoted to licensing and certification activities for the various types of health facilities.

(3) The number of facilities receiving full surveys and the frequency and number of followup visits.

(4) The number and timeliness of complaint investigations.

(5) Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings.

(6) Training courses provided for surveyors.

(7) Other applicable activities of the licensing and certification division.

The analysis shall also include recommendations for administrative changes to streamline and prioritize the survey process, complaint investigations, management information systems, word processing capabilities and effectiveness, consumer information system, and surveyor training.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

(f) The annual fee for a congregate living health facility shall initially, and until adjusted by the Legislature in a Budget Act, be based on the number of licensed beds as follows:

1–3 beds	$ 800
4–6 beds	$1,000
7–10 beds	$1,200
11–15 beds	$1,500
16 or more beds	$1,700

Commencing July 1, 1991, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual budget.

(g) The annual fee for a pediatric day health and respite care facility, as defined in Section 1760.2, shall initially, and until adjusted by the

Legislature in a Budget Act, be based on the number of licensed beds as follows:

4–6 beds or clients	$1,000
7–10 beds or clients	$1,200
11–15 beds or clients	$1,500
16 or more beds or clients	$1,700 plus $50 for each additional bed or client over 16 beds or clients

Commencing July 1, 1993, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(h) The department shall, in consultation with affected provider representatives, develop a specific proposal by July 1, 1995, to do all of the following:

(2) Ensure the validity and reliability of the data systems used to calculate the license fee.

(3) Address the subsidy of licensing and certification activities regarding health facilities for which the annual license fee is waived.

(4) Develop a licensing and certification special fund into which all fees collected by the state department, for health facility licensing, certification, regulation, and inspection duties, functions, and responsibilities, shall be deposited.

SEC. 4.5. Section 1316.5 of the Health and Safety Code, as amended by Section 1 of Chapter 717 of the Statutes of 1998, is amended to read:

1316.5. (a) (1) Each health facility owned and operated by the state offering care or services within the scope of practice of a psychologist shall establish rules and medical staff bylaws that include provisions for medical staff membership and clinical privileges for clinical psychologists within the scope of their licensure as psychologists, subject to the rules and medical staff bylaws governing medical staff membership or privileges as the facility shall establish. The rules and regulations shall not discriminate on the basis of whether the staff member holds an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology within the scope of the member's respective licensure. Each of these health facilities owned and operated by the state shall establish a staff comprised of physicians and surgeons, dentists, podiatrists, psychologists, or any combination thereof, that shall regulate the

admission, conduct, suspension, or termination of the staff appointment of psychologists employed by the health facility.

(2) With regard to the practice of psychology in health facilities owned and operated by the state offering care or services within the scope of practice of a psychologist, medical staff status shall include and provide for the right to pursue and practice full clinical privileges for holders of a doctoral degree of psychology within the scope of their respective licensure. These rights and privileges shall be limited or restricted only upon the basis of an individual practitioner's demonstrated competence. Competence shall be determined by health facility rules and medical staff bylaws that are necessary and are applied in good faith, equally and in a nondiscriminatory manner, to all practitioners, regardless of whether they hold an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology.

(3) Nothing in this subdivision shall be construed to require a health facility owned and operated by the state to offer a specific health service or services not otherwise offered. If a health service is offered in such a health facility that includes provisions for medical staff membership and clinical privileges for clinical psychologists, the facility shall not discriminate between persons holding an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology who are authorized by law to perform the service within the scope of the person's respective licensure.

(4) The rules and medical staff bylaws of a health facility owned and operated by the state that include provisions for medical staff membership and clinical privileges for medical staff and duly licensed clinical psychologists shall not discriminate on the basis of whether the staff member holds an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology within the scope of the member's respective licensure. The health facility staff of these health facilities who process, review, evaluate, and determine qualifications for staff privileges for medical staff shall include, if possible, staff members who are clinical psychologists.

(b) (1) The rules of a health facility not owned or operated by this state may enable the appointment of clinical psychologists on the terms and conditions that the facility shall establish. In these health facilities, clinical psychologists may hold membership and serve on committees of the medical staff and carry professional responsibilities consistent with the scope of their licensure and their competence, subject to the rules of the health facility.

(2) Nothing in this subdivision shall be construed to require a health facility not owned or operated by this state to offer a specific health service or services not otherwise offered. If a health service is offered by a health facility with both licensed physicians and surgeons and clinical psychologists on the medical staff, which both licensed physicians and

surgeons and clinical psychologists are authorized by law to perform, the service may be performed by either, without discrimination.

(3) This subdivision shall not prohibit a health facility that is a clinical teaching facility owned or operated by a university operating a school of medicine from requiring that a clinical psychologist have a faculty teaching appointment as a condition for eligibility for staff privileges at that facility.

(4) In any health facility that is not owned or operated by this state that provides staff privileges to clinical psychologists, the health facility staff who process, review, evaluate, and determine qualifications for staff privileges for medical staff shall include, if possible, staff members who are clinical psychologists.

(c) No classification of health facilities by the department, nor any other classification of health facilities based on quality of service or otherwise, by any person, body, or governmental agency of this state or any subdivision thereof shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any classification of these facilities be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff. No classification of health facilities by any governmental agency of this state or any subdivision thereof pursuant to any law, whether enacted prior or subsequent to the effective date of this section, for the purposes of ascertaining eligibility for compensation, reimbursement, or other benefit for treatment of patients shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any classification of these facilities be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff which govern the psychologists' use of the facilities.

(d) ''Clinical psychologist,'' as used in this section, means a psychologist licensed by this state who meets both of the following requirements:

(1) Possesses an earned doctorate degree in psychology from an educational institution meeting the criteria of subdivision (b) of Section 2914 of the Business and Professions Code.

(2) Has not less than two years clinical experience in a multidisciplinary facility licensed or operated by this or another state or by the United States to provide health care, or, is listed in the latest edition of the National Register of Health Service Providers in Psychology, as adopted by the Council for the National Register of Health Service Providers in Psychology.

(e) Nothing in this section is intended to expand the scope of licensure of clinical psychologists. Notwithstanding the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1

of the Government Code), the Public Employment Relations Board is precluded from creating any additional bargaining units for the purpose of exclusive representation of state psychologist employees that might result because of medical staff membership and/or privilege changes for psychologists due to the enactment of provisions by Assembly Bill No. 3141 of the 1995–96 Regular Session.

(f) The State Department of Mental Health, the State Department of Developmental Services, and the Department of Corrections shall report to the Legislature no later than January 1, 2006, on the impact of medical staff membership and privileges for clinical psychologists on quality of care, and on cost-effectiveness issues.

department, in a prescribed form, the facility's gross receipts for the preceding state fiscal year.

(b) On or before the last day of each calendar quarter, each designated intermediate care facility shall file a report with the department, in a prescribed form, showing the facility's gross receipts for the preceding quarter.

(b) The director may adopt regulations as are necessary to implement this article. (1) The administration of this article, including the proper imposition and collection of the quality assurance fee.

(2) The development of any forms necessary to obtain required information from facilities subject to the quality assurance fee.

The supplemental Medi-Cal reimbursement provided by this section shall be paid to support the facility's quality improvement efforts and shall be distributed under a payment methodology based on intermediate care services provided to Medi-Cal patients at the eligible facility, either on a per diem basis, or on any other federally permissible basis.

1324.12. (a) (1) The department shall seek approval from the federal Centers for Medicare and Medicaid Services for the implementation of this article.

(2) If after seeking federal approval, federal approval is not obtained, this article shall not be implemented.

(3) The Director of Health Services may alter the methodology specified in this article to the extent necessary to meet the requirements of federal law or regulations, or to obtain federal approval.

(b) If there is a final judicial determination by any court of appellate jurisdiction or a final determination by the Administrator of the federal Center for Medicare and Medicaid Services that the supplemental reimbursement provided by this article shall be made to any facility not described in this article, this article shall immediately become inoperative.

1324.14. 104898.5. (a) Notwithstanding any other provision of law, there shall be transferred annually from the General Fund to the Tobacco Settlement Fund an amount, not to exceed one hundred million dollars ($100,000,000) out of funds not otherwise appropriated, as a loan to cover appropriations from the fund when moneys from the Master Settlement Agreement have not been received by the state.

(b) This loan from the General Fund shall be repaid on or before June 30 of each year, without interest, from the funds received pursuant to the Master Settlement Agreement.

SEC. 10. Section 120955 of the Health and Safety Code is amended to read:

120955. (a) (1) To the extent that state and federal funds are appropriated in the annual Budget Act for these purposes, the director shall establish and may administer a program to provide drug treatments to persons infected with human immunodeficiency virus (HIV), the etiologic agent of acquired immune deficiency syndrome (AIDS). If the director makes a formal determination that, in any fiscal year, funds appropriated for the program will be insufficient to provide all of those drug treatments to existing eligible persons for the fiscal year and that a suspension of the implementation of the program is necessary, the director may suspend eligibility determinations and enrollment in the program for the period of time necessary to meet the needs of existing eligible persons in the program.

(2) The director shall develop, maintain, and update as necessary a list of drugs to be provided under this program.

(b) The director may grant funds to a county public health department through standard agreements to administer this program in that county. To maximize the recipients' access to drugs covered by this program, the director shall urge the county health department in counties granted these funds to decentralize distribution of the drugs to the recipients.

(c) The director shall establish a rate structure for reimbursement for the cost of each drug included in the program. Rates shall not be less than the actual cost of the drug. However, the director may purchase a listed drug directly from the manufacturer and negotiate the most favorable bulk price for that drug.

(d) Manufacturers of the drugs on the list shall pay the department a rebate equal to the rebate that would be applicable to the drug under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) plus an additional rebate to be negotiated by each manufacturer with the department, except that no rebates shall be paid to the department under this section on drugs for which the department has received a rebate under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)) or that have been purchased on behalf of county health departments or other eligible entities at discount prices made available under Section 256b of Title 42 of the United States Code.

(e) The department shall submit an invoice, not less than two times per year, to each manufacturer for the amount of the rebate required by subdivision (d).

(f) Drugs may be removed from the list for failure to pay the rebate required by subdivision (d), unless the department determines that removal of the drug from the list would cause substantial medical hardship to beneficiaries.

(g) The department may adopt emergency regulations to implement amendments to this chapter made during the 1997–98 Regular Session, in accordance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days.

(h) Reimbursement under this chapter shall not be made for any drugs that are available to the recipient under any other private, state, or federal programs, or under any other contractual or legal entitlements, except that the director may authorize an exemption from this subdivision where exemption would represent a cost savings to the state.

SEC. 11. Chapter 16 (commencing with Section 121345) is added to Part 4 of Division 105 of the Health and Safety Code, to read:

CHAPTER 16. THERAPEUTIC MONITORING PROGRAM

(b) The Director of the Office of AIDS may provide funding for the coverage of therapeutic monitoring assays for HIV disease through the State HIV Therapeutic Monitoring Program.

(c) (1) The purpose of the program under this chapter shall be to provide the therapeutic assays for HIV-positive people who could not otherwise afford them.

(2) The scope of the program shall be determined by the federal and state guidelines for standards of HIV care and availability of funding.

(3) Priority for funding under the State HIV Therapeutic Monitoring Program shall be given to the state-funded Early Intervention Program sites.

(d) Therapeutic monitoring under this chapter shall include, but not be limited to, viral load and resistance assays.

(e) Coverage awards shall be made to counties on the basis of need. The determination of awards shall be made by the Office of AIDS, depending on the availability of state and federal funding for the program. Counties may cover those assays that are determined to be necessary and are not covered under the state program.

SEC. 12. Section 123853 is added to the Health and Safety Code, to read:

123853. (a) The department may enter into contracts with one or more manufacturers on a negotiated or bid basis as the purchaser, but not the dispenser or distributor, of factor replacement therapies under the California Children's Services Program for the purpose of enabling the department to obtain the full range of available therapies and services required for clients with hematological disorders at the most favorable price and to enable the department, notwithstanding any other provision of state law, to obtain discounts, rebates, or refunds from the manufacturers based upon the large quantities purchased under the program. Nothing in this subdivision shall interfere with the usual and customary distribution practices of factor replacement therapies. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this section is necessary. Therefore, a contract under this subdivision may be on a negotiated basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of the Government Code.

In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this subdivision is necessary. Therefore, contracts under this subdivision may be on a negotiated basis and shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825), Part 5.5, Division 3 of the Government Code. This subdivision shall not apply to pharmacies or suppliers that provide blood, blood derivatives, or blood factor products, or any product or service provided by those pharmacies or suppliers.

(c) The department may contract with one or more manufacturers of each multisource prescribed product or supplier of outpatient clinical laboratory services on a bid or negotiated basis. Contracts for outpatient clinical laboratory services shall require that the contractor be a clinical laboratory licensed or certified by the State of California or certified under Section 263a of Title 42 of the United States Code. Nothing in this subdivision shall be construed as prohibiting the department from contracting with less than all manufacturers or clinical laboratories, including just one manufacturer or clinical laboratory, on a bid or negotiated basis.

SEC. 13. Section 124555 of the Health and Safety Code is amended to read:

124555. (2) The department shall grant funds, for a minimum of three years per grant, retroactive to funds appropriated in the Budget Act of 2002 (Chapter 379 of the Statutes of 2002), to eligible, private, nonprofit, community-based primary care clinics for the purpose of establishing and maintaining a health services program for seasonal agricultural and migratory workers and their families. The department may continue to pay any grantee whose grant expired on June 30, 2003, until June 30, 2004, as if the grant had been extended, provided that funds are appropriated for this purpose in the Budget Act of 2003 and the grantee agrees in writing to expend the money as if the grant had been extended.

(c) The department shall seek input from stakeholders in designing the methodology for distribution of funds under this section.

SEC. 14. Section 124710 of the Health and Safety Code is amended to read:

124710. (a) (1) It is the intent of the Legislature that funds distributed under this section promote stability for participating clinics, as a part of the state's health care safety net, and at the same time be distributed in a manner that best promotes access to health care to geographically isolated populations.

(2) The department shall grant funds, for a minimum of three years per grant, retroactive to funds appropriated in the Budget Act of 2002 (Chapter 379 of the Statutes of 2002), to eligible, private, nonprofit, community-based primary care clinics for the purpose of establishing and maintaining rural health services and development projects as specified under this article. (c) The department shall seek input from stakeholders in designing the methodology for distribution of funds under this section.

(d) If the funds that are available for purposes of this section for any fiscal year are greater than funds that were available for the prior fiscal year, the department shall establish a base funding level that is applicable to all sites funded in the prior fiscal year. To the extent that funds are available, the base funding level shall not be less than seventy-five thousand dollars ($75,000) for each site. To implement this section, the department shall not be required to reduce funding for clinics that are above the minimum awards.

SEC. 15. Section 125191 is added to the Health and Safety Code, to read:

Nothing in this subdivision shall interfere with the usual and customary distribution practices of factor replacement therapies. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this section is necessary. Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of the Government Code.

(b) The department may enter into contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of pharmaceuticals, appliances, durable medical equipment, medical supplies, and other product-type health care services and laboratories for the purpose of obtaining the most favorable prices to the state and to assure adequate access and quality of the product or service. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this subdivision is necessary. Therefore, contracts under this subdivision may be on a negotiated basis and shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825), Part 5.5, Division 3 of the Government Code. This subdivision shall not apply to pharmacies or suppliers that provide blood, blood derivatives, or blood factor products, or any product or service provided by those pharmacies or suppliers.

(c) The department may contract with one or more manufacturers of each multisource prescribed product or supplier of outpatient clinical laboratory services on a bid or negotiated basis. Contracts for outpatient clinical laboratory services shall require that the contractor be a clinical laboratory licensed or certified by the State of California or certified under Section 263a of Title 42 of the United States Code. However, the cost to the program of those combinations that exceeds the price to the program of the highest cost Family Value Package shall be paid by the applicant as part of the family contribution.

(d) The board shall provide a family contribution discount to those applicants who select the health plan in a geographic area that has been designated as the Community Provider Plan. The discount shall reduce the portion of the family contribution described in subdivision (b) to the following:

12699.51. For the purposes of this part, the following definitions shall apply:

(b) ''Applicant'' means a county, county agency, a local initiative, or a county organized health system.

(c) ''Board'' means the Managed Risk Medical Insurance Board.

(d) ''Child'' means a person under 19 years of age.

(e) ''Comprehensive health insurance coverage'' means the coverage described in Section 12693.60.

(f) ''County organized health system'' means a health system implemented pursuant to Article 2.8 (commencing with Section 14087.5) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code and Article 1 (commencing with Section 101675) of Chapter 3 of Part 4 of Division 101 of the Health and Safety Code.

(g) ''Fund'' means the County Health Initiative Matching Fund.

(h) ''Local initiative'' has the same meaning as set forth in Section 12693.08.

SEC. 35. Section 12699.52 of the Insurance Code is amended to read:

12699.52. (a) The County Health Initiative Matching Fund is hereby created within the State Treasury. The fund shall accept

intergovernmental transfers as the nonfederal matching fund requirement for federal financial participation through the State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code).

(b) Amounts deposited in the fund shall be used only for the purposes specified by this part.

(c) The board shall administer this fund and the provisions of this part in collaboration with the State Department of Health Services for the express purpose of allowing local funds to be used to facilitate increasing the state's ability to utilize federal funds available to California. These federal funds shall be used prior to the expiration of their authority for programs designed to improve and expand access for uninsured persons.

(d) The board shall authorize the expenditure of money in the fund to cover program expenses, including cost to the state to administer the program.

SEC. 36. Section 12699.53 of the Insurance Code is amended to read:

12699.53. (a) An applicant that will provide an intergovernmental transfer may submit a proposal to the board for funding for the purpose of providing comprehensive health insurance coverage to any child who meets citizenship and immigration status requirements that are applicable to persons participating in the program established by Title XXI of the Social Security Act whose family income is at or below 300 percent of the federal poverty level in specific geographic areas, as published quarterly in the Federal Register by the Department of Health and Human Services, and who does not qualify for either the Healthy Families Program (Part 6.2 (commencing with Section 12693) or Medi-Cal with no share of cost pursuant to the Medi-Cal Act (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code).

(b) The proposal shall guarantee at least one year of intergovernmental transfer funding by the applicant at a level that ensures compliance with the requirements of an approved federal waiver and shall, on an annual basis, either commit to fully funding the necessary intergovernmental amount to meet the conditions of the waiver or withdraw from the program. The board may identify specific geographical areas that, in comparison to the national level, have a higher cost of living or housing or a greater need for additional health services, using data obtained from the most recent federal census, the federal Consumer Expenditure Survey, or from other sources. The proposal may include an administrative mechanism for outreach and eligibility.

(c) The applicant may include in its proposal reimbursement of medical, dental, vision, or mental health services delivered to children

who are eligible under the State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code), if these services are part of an overall program with the measurable goal of enrolling served children in the Healthy Families Program.

(d) If a child is determined to be eligible for benefits for the treatment of an eligible medical condition under the California Children's Services Program pursuant to Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, the health, dental, or vision plan providing services to the child pursuant to this part shall not be responsible for the provision of, or payment for, those authorized services for that child. The proposal from an applicant shall contain provisions to ensure that a child whom the health, dental, or vision plan reasonably believes would be eligible for services under the California Children's Services Program is referred to that program. The California Children's Services Program shall provide case management and authorization of services if the child is found to be eligible for the California Children's Services Program. Diagnosis and treatment services that are authorized by the California Children's Services Program shall be performed by paneled providers for that program and approved special care centers of that program and approved by the California Children's Services Program. All other services provided under the proposal from the applicant shall be made available pursuant to this part to a child who is eligible for services under the California Children's Services Program.

SEC. 37. Section 12699.54 of the Insurance Code is amended to read:

12699.54. (a) The board, in consultation with the State Department of Health Services, the Healthy Families Advisory Committee, and other appropriate parties, shall establish the criteria for evaluating an applicant's proposal, which shall include, but not be limited to, the following:

(1) The extent to which the program described in the proposal provides comprehensive coverage including health, dental, and vision benefits.

(2) Whether the proposal includes a promotional component to notify the public of its provision of health insurance to eligible children.

(3) The simplicity of the proposal's procedures for applying to participate and for determining eligibility for participation in its program.

(4) The extent to which the proposal provides for coordination and conformity with benefits provided through Medi-Cal and the Healthy Families Program.

(5) The extent to which the proposal provides for coordination and conformity with existing Healthy Families Program administrative entities in order to prevent administrative duplication and fragmentation.

(6) The ability of the health care providers designated in the proposal to serve the eligible population and the extent to which the proposal includes traditional and safety net providers, as defined in regulations adopted pursuant to the Healthy Families Program.

(7) The extent to which the proposal intends to work with the school districts and county offices of education.

(8) The total amount of funds available to the applicant to implement the program described in its proposal, and the percentage of this amount proposed for administrative costs as well as the cost to the state to administer the proposal.

(9) The extent to which the proposal seeks to minimize the substitution of private employer health insurance coverage for health benefits provided through a governmental source.

(10) The extent to which local resources may be available after the depletion of federal funds to continue any current program expansions for persons covered under local health care financing programs or for expanded benefits.

(b) The board may, in its discretion, approve or disapprove projects for funding pursuant to this part on an annual basis.

(c) To the extent that an applicant's proposal pursuant to this part provides for health plan or administrative services under a contract entered into by the board or at rates negotiated for the applicant by the board, a contract entered into by the board or by an applicant shall be exempt from any provision of law relating to competitive bidding, and shall be exempt from the review or approval of any division of the Department of General Services to the same extent as contracts entered into pursuant to Part 6.2 (commencing with Section 12693). The board and the applicant shall not be required to specify the amounts encumbered for each contract, but may allocate funds to each contract based on the projected or actual subscriber enrollments to a total amount not to exceed the amount appropriated for the project including family contributions.

SEC. 38. Section 12699.56 of the Insurance Code is amended to read:

12699.56. (a) Upon its approval of a proposal, the board, in collaboration with the State Department of Health Services, may provide the applicant reimbursement in an amount equal to the amount that the applicant will contribute to implement the program described in its proposal, plus the appropriate and allowable amount of federal funds under the State Children's Health Insurance Program (Subchapter 21

(commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code). Not more than 10 percent of the County Health Initiative Matching Fund and matching federal funds shall be expended in any one fiscal year for administrative costs, including the costs to the state to administer the proposal, unless the board permits the expenditure consistent with the availability of federal matching funds not needed for the purposes described in paragraph (3) of subdivision (a) of Section 12699.62. The board, in collaboration with the State Department of Health Services, may audit the expenses incurred by the applicant in implementing its program to ensure that the expenditures comply with the provisions of this part. No reimbursement may be made to an applicant that fails to meet its financial participation obligation under this part. The state's reasonable startup costs and ongoing costs for administering the program shall be reimbursed by those entities applying for funding.

(b) Each applicant that is provided funds under this part shall submit to the board a plan to limit initial and continuing enrollment in its program in the event the amount of moneys for its program is insufficient to maintain health insurance coverage for those participating in the program.

SEC. 39. Section 12699.58 of the Insurance Code is amended to read:

12699.58. (a) The board, in collaboration with the State Department of Health Services, shall administer the provisions of this part and may do all of the following:

(1) Administer the expenditure of moneys from the fund.

(2) Issue rules and regulations as necessary.

(3) Enter into contracts.

(4) Sue and be sued.

(5) Employ necessary staff.

(6) Exercise all powers reasonably necessary to carry out the powers and responsibilities expressly granted or imposed by this part.

(b) The adoption and readoption of regulations pursuant to this section shall be deemed to be an emergency and necessary for the immediate preservation of public peace, health, and safety, or general welfare and shall be exempt from review by the Office of Administrative Law. Any emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and shall remain in effect for not more than 180 days. The regulation shall become effective immediately upon filing with the Secretary of State.

SEC. 40. Section 12699.60 of the Insurance Code is amended to read:

12699.60. Nothing in this part creates a right or an entitlement to the provision of health insurance coverage or health care benefits. No costs shall accrue to the state for the provision of these services. The state shall not be liable beyond the assets of the fund for any obligation incurred or liabilities sustained by applicants in the operation of the fund or of the projects authorized by this part.

SEC. 41. Section 12699.61 of the Insurance Code is amended to read:

12699.61. To the extent necessary to obtain federal financial participation for projects approved pursuant to this part, the Governor, in collaboration with the Managed Risk Medical Insurance Board and the State Department of Health Services, shall apply for one or more waivers or shall file state plan amendments pursuant to the federal State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code) in coordination with the Managed Risk Medical Insurance Board and the State Department of Health Services to allow a county agency, local initiative, or county organized health system to apply for matching funds through the federal State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code) using local funds for the state matching funds.

SEC. 42. Section 12699.62 of the Insurance Code is amended to read:

12699.62. (a) The provisions of this part shall be implemented only if all of the following conditions are met:

(1) Federal financial participation is available for this purpose.

(2) Federal participation is approved.

(3) The Managed Risk Medical Insurance Board determines that federal State Children's Health Insurance Program (Subchapter 21 (commencing with Section 1397aa) of Chapter 7 of Title 42 of the United States Code) funds remain available after providing funds for all current enrollees and eligible children and parents that are likely to enroll in the Healthy Families Program and, to the extent funded through the federal State Children's Health Insurance Program, the Access for Infants and Mothers Program and Medi-Cal program, as determined by a Department of Finance estimate.

(4) Funds are appropriated specifically for this purpose.

(b) The State Department of Health Services and the Managed Risk Medical Insurance Board may accept funding necessary for the preparation of the federal waiver applications or state plan amendments described in Section 12699.61 from a not-for-profit group or foundation.

SEC. 43. Section 1026.2 of the Penal Code is amended to read:

1026.2. (a) An application for the release of a person who has been committed to a state hospital or other treatment facility, as provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by the person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600). The court shall give notice of the hearing date to the prosecuting attorney, the community program director or a designee, and the medical director or person in charge of the facility providing treatment to the committed person at least 15 judicial days in advance of the hearing date.

(b) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the application for release. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(c) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). However, a county jail may not be designated unless the services specified in subdivision (b) are provided and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(d) No hearing upon the application shall be allowed until the person committed has been confined or placed on outpatient status for a period of not less than 180 days from the date of the order of commitment.

(e) The court shall hold a hearing to determine whether the person applying for restoration of sanity would be a danger to the health and safety of others, due to mental defect, disease, or disorder, if under supervision and treatment in the community. If the court at the hearing determines the applicant will not be a danger to the health and safety of

others, due to mental defect, disease, or disorder, while under supervision and treatment in the community, the court shall order the applicant placed with an appropriate forensic conditional release program for one year. All or a substantial portion of the program shall include outpatient supervision and treatment. The court shall retain jurisdiction. The court at the end of the one year, shall have a trial to determine if sanity has been restored, which means the applicant is no longer a danger to the health and safety of others, due to mental defect, disease, or disorder. The court shall not determine whether the applicant has been restored to sanity until the applicant has completed the one year in the appropriate forensic conditional release program, unless the community program director sooner makes a recommendation for restoration of sanity and unconditional release as described in subdivision (h). The court shall notify the persons required to be notified in subdivision (a) of the hearing date.

(f) If the applicant is on parole or outpatient status and has been on it for one year or longer, then it is deemed that the applicant has completed the required one year in an appropriate forensic conditional release program and the court shall, if all other applicable provisions of law have been met, hold the trial on restoration of sanity as provided for in this section.

(g) Before placing an applicant in an appropriate forensic conditional release program, the community program director shall submit to the court a written recommendation as to what forensic conditional release program is the most appropriate for supervising and treating the applicant. If the court does not accept the community program director's recommendation, the court shall specify the reason or reasons for its order on the court record. Sections 1605 to 1610, inclusive, shall be applicable to the person placed in the forensic conditional release program unless otherwise ordered by the court.

(h) If the court determines that the person should be transferred to an appropriate forensic conditional release program, the community program director or a designee shall make the necessary placement arrangements, and, within 21 days after receiving notice of the court finding, the person shall be placed in the community in accordance with the treatment and supervision plan, unless good cause for not doing so is made known to the court.

During the one year of supervision and treatment, if the community program director is of the opinion that the person is no longer a danger to the health and safety of others due to a mental defect, disease, or disorder, the community program director shall submit a report of his or her opinion and recommendations to the committing court, the prosecuting attorney, and the attorney for the person. The court shall then set and hold a trial to determine whether restoration of sanity and

unconditional release should be granted. The trial shall be conducted in the same manner as is required at the end of one full year of supervision and treatment.

(i) If at the trial for restoration of sanity the court rules adversely to the applicant, the court may place the applicant on outpatient status, pursuant to Title 15 (commencing with Section 1600) of Part 2, unless the applicant does not meet all of the requirements of Section 1603.

(j) If the court denies the application to place the person in an appropriate forensic conditional release program or if restoration of sanity is denied, no new application may be filed by the person until one year has elapsed from the date of the denial.

(k) In any hearing authorized by this section, the applicant shall have the burden of proof by a preponderance of the evidence.

(*l*) If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600), no action on the application shall be taken by the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility or of the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600).

(m) This subdivision shall apply only to persons who, at the time of the petition or recommendation for restoration of sanity, are subject to a term of imprisonment with prison time remaining to serve or are subject to the imposition of a previously stayed sentence to a term of imprisonment. Any person to whom this subdivision applies who petitions or is recommended for restoration of sanity may not be placed in a forensic conditional release program for one year, and a finding of restoration of sanity may be made without the person being in a forensic conditional release program for one year. If a finding of restoration of sanity is made, the person shall be transferred to the custody of the California Department of Corrections to serve the term of imprisonment remaining or shall be transferred to the appropriate court for imposition of the sentence that is pending, whichever is applicable.

SEC. 44. Section 4094.2 of the Welfare and Institutions Code is amended to read:

4094.2. (a) For the purpose of establishing payment rates for community treatment facility programs, the private nonprofit agencies selected to operate these programs shall prepare a budget that covers the total costs of providing residential care and supervision and mental health services for their proposed programs. These costs shall include categories that are allowable under California's Foster Care program and

existing programs for mental health services. They shall not include educational, nonmental health medical, and dental costs.

(b) Each agency operating a community treatment facility program shall negotiate a final budget with the local mental health department in the county in which its facility is located (the host county) and other local agencies, as appropriate. This budget agreement shall specify the types and level of care and services to be provided by the community treatment facility program and a payment rate that fully covers the costs included in the negotiated budget. All counties that place children in a community treatment facility program shall make payments using the budget agreement negotiated by the community treatment facility provider and the host county.

(c) A foster care rate shall be established for each community treatment facility program by the State Department of Social Services. These rates shall be established using the existing foster care ratesetting system for group homes, with modifications designed as necessary. It is anticipated that all community treatment facility programs will offer the level of care and services required to receive the highest foster care rate provided for under the current group home ratesetting system.

(d) For the 2001–02 fiscal year, the 2002–03 fiscal year, and the 2003–04 fiscal year, community treatment facility programs shall also be paid a community treatment facility supplemental rate of up to two thousand five hundred dollars ($2,500) per child per month on behalf of children eligible under the foster care program and children placed out of home pursuant to an individualized education program developed under Section 7572.5 of the Government Code. Subject to the availability of funds, the supplemental rate shall be shared by the state and the counties. Counties shall be responsible for paying a county share of cost equal to 60 percent of the community treatment rate for children placed by counties in community treatment facilities and the state shall be responsible for 40 percent of the community treatment facility supplemental rate. The community treatment facility supplemental rate is intended to supplement, and not to supplant, the payments for which children placed in community treatment facilities are eligible to receive under the foster care program and the existing programs for mental health services.

(e) For initial ratesetting purposes for community treatment facility funding, the cost of mental health services shall be determined by deducting the foster care rate and the community treatment facility supplemental rate from the total allowable cost of the community treatment facility program. Payments to certified providers for mental health services shall be based on eligible services provided to children who are Medi-Cal beneficiaries, up to the statewide maximum allowances for these services.

(f) Although there is statutory authorization for up to 400 community treatment facility beds statewide, it is anticipated that there will be a phased-in implementation of community treatment facilities, and that the average monthly community treatment facility caseload, by fiscal year, will be as follows:

(1) During the 2001–02 fiscal year, approximately 100.

(2) During the 2002–03 fiscal year, approximately 140.

(3) During the 2003–04 fiscal year, approximately 175.

(g) The department shall provide the community treatment facility supplemental rates to the counties for advanced payment to the community treatment facility providers in the same manner as the regular foster care payment and within the same required payment time limits.

(h) In order to facilitate a study of the costs of community treatment facilities, licensed community treatment facilities shall provide all documents regarding facility operations, treatment, and placements requested by the department.

(i) It is the intent of the Legislature that the department and the State Department of Social Services work to maximize federal financial participation in funding for children placed in community treatment facilities through funds available pursuant to Titles IV-E and XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 670 and following and Sec. 1396 and following) and other appropriate federal programs.

(j) The department and the State Department of Social Services may adopt emergency regulations necessary to implement joint protocols for the oversight of community treatment facilities, to modify existing licensing regulations governing reporting requirements and other procedural and administrative mandates to take into account the seriousness and frequency of behaviors that are likely to be exhibited by the seriously emotionally disturbed children placed in community treatment facility programs, to modify the existing foster care ratesetting regulations, and to pay the community treatment facility supplemental rate. The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 180 days unless the adopting agency complies with all the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 45. Section 4433 of the Welfare and Institutions Code is amended to read:

4433. (a) The Legislature finds and declares all of the following:

(1) The State of California accepts its responsibility to ensure and uphold the rights of persons with developmental disabilities and an obligation to ensure that laws, regulations, and policies on the rights of persons with developmental disabilities are observed and protected.

(2) Persons with developmental disabilities are vulnerable to abuse, neglect, and deprivations of their rights.

(3) Clients' rights advocacy services provided by the regional centers, the advocacy services currently provided by the department at the state hospitals, and the services provided by the department's Office of Human Rights may have conflicts of interest, or the appearance of a conflict of interest.

(4) The services provided to individuals with developmental disabilities and their families are of such a special and unique nature that they cannot satisfactorily be provided by state agencies or regional centers and must be contracted out pursuant to paragraph (3) of subdivision (b) of Section 19130 of the Government Code.

(b) (1) To avoid the potential for a conflict of interest or the appearance of a conflict of interest, beginning January 1, 1998, the department shall contract for clients' rights advocacy services. The department shall solicit a single statewide contract with a nonprofit agency that results in at least three responsive bids that meet all of the criteria specified in paragraph (2) to perform the services specified in subdivision (d). If three responsive bids are not received, the department may rebid the contract on a regional basis, not to exceed three regional contracts and one contract for developmental centers and headquarters.

(2) Any contractor selected shall meet the following requirements:

(A) The contractor can demonstrate the capability to provide statewide advocacy services to individuals with developmental disabilities living in developmental centers and in the community.

(B) The contractor does not directly or indirectly provide services to individuals with developmental disabilities, except advocacy services.

(C) The contractor has knowledge of the service system, entitlements, and service rights of persons receiving services from regional centers and in state hospitals.

(D) The contractor can demonstrate the capability of coordinating services with the protection and advocacy agency specified in Division 4.7 (commencing with Section 4900) and the area boards.

(E) The contractor has not provided any services, except advocacy services, to, or been employed by, any regional center or the Association of Regional Center Agencies during the two-year period prior to the effective date of the contract.

(c) For the purposes of this section, the Legislature further finds and declares that because of a potential conflict of interest or the appearance of a conflict of interest, the goals and purposes of the regional center

clients' rights advocacy services, the state hospitals, and the services of the Office of Human Rights, cannot be accomplished through the utilization of persons selected pursuant to the regular civil service system, nor can the services be provided through the department's contracts with regional centers. Accordingly, contracts into which the department enters pursuant to this section are permitted and authorized by paragraphs (3) and (5) of subdivision (b) of Section 19130 of the Government Code.

(d) The contractor shall do all of the following:

(1) Provide clients' rights advocacy services to persons with developmental disabilities who are consumers of regional centers and to individuals who reside in the state developmental centers and hospitals, including ensuring the rights of persons with developmental disabilities, and assisting persons with developmental disabilities in pursuing administrative and legal remedies.

(2) Investigate and take action as appropriate and necessary to resolve complaints from, or concerning persons with, developmental disabilities residing in licensed health and community care facilities regarding abuse, and unreasonable denial, or punitive withholding, of rights guaranteed under this division.

(3) Provide consultation, technical assistance, supervision and training, and support services for clients' rights advocates that were previously the responsibility of the Office of Human Rights.

(4) Coordinate the provision of clients' rights advocacy services in consultation with the department, stakeholder organizations, and persons with developmental disabilities and their families representing California's multicultural diversity.

(5) Provide at least two self-advocacy trainings for consumers and family members.

(e) In order to ensure that individuals with developmental disabilities have access to high quality advocacy services, the contractor shall establish a grievance procedure and shall advise persons receiving services under the contract of the availability of other advocacy services, including the services provided by the protection and advocacy agency specified in Division 4.7 (commencing with Section 4900) and the area boards.

(f) The department shall contract on a multiyear basis for a contract term of up to five years, subject to the annual appropriation of funds by the Legislature.

(g) This section shall not prohibit the department and the regional centers from advocating for the rights, including the right to generic services, of persons with developmental disabilities.

SEC. 46. Section 4512 of the Welfare and Institutions Code is amended to read:

4512. As used in this division:

(a) ''Developmental disability'' means a disability that originates before an individual attains age 18 years, continues, or can be expected to continue, indefinitely, and constitutes a substantial disability for that individual. As defined by the Director of Developmental Services, in consultation with the Superintendent of Public Instruction, this term shall include mental retardation, cerebral palsy, epilepsy, and autism. This term shall also include disabling conditions found to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, but shall not include other handicapping conditions that are solely physical in nature.

(b) ''Services and supports for persons with developmental disabilities'' means specialized services and supports or special adaptations of generic services and supports directed toward the alleviation of a developmental disability or toward the social, personal, physical, or economic habilitation or rehabilitation of an individual with a developmental disability, or toward the achievement and maintenance of independent, productive, normal lives. The determination of which services and supports are necessary for each consumer shall be made through the individual program plan process. The determination shall be made on the basis of the needs and preferences of the consumer or, when appropriate, the consumer's family, and shall include consideration of a range of service options proposed by individual program plan participants, the effectiveness of each option in meeting the goals stated in the individual program plan, and the cost-effectiveness of each option. Services and supports listed in the individual program plan may include, but are not limited to, diagnosis, evaluation, treatment, personal care, day care, domiciliary care, special living arrangements, physical, occupational, and speech therapy, training, education, supported and sheltered employment, mental health services, recreation, counseling of the individual with a developmental disability and of his or her family, protective and other social and sociolegal services, information and referral services, follow-along services, adaptive equipment and supplies, advocacy assistance, including self-advocacy training, facilitation and peer advocates, assessment, assistance in locating a home, child care, behavior training and behavior modification programs, camping, community integration services, community support, daily living skills training, emergency and crisis intervention, facilitating circles of support, habilitation, homemaker services, infant stimulation programs, paid roommates, paid neighbors, respite, short-term out-of-home care, social skills training, specialized medical and dental care, supported living arrangements, technical and financial assistance, travel training, training for parents of children with developmental disabilities, training for parents with developmental

disabilities, vouchers, and transportation services necessary to ensure delivery of services to persons with developmental disabilities. Nothing in this subdivision is intended to expand or authorize a new or different service or support for any consumer unless that service or support is contained in his or her individual program plan.

(c) Notwithstanding subdivisions (a) and (b), for any organization or agency receiving federal financial participation under the federal Developmental Disabilities Assistance and Bill of Rights Act, as amended ''developmental disability'' and ''services for persons with developmental disabilities'' means the terms as defined in the federal act to the extent required by federal law.

(d) ''Consumer'' means a person who has a disability that meets the definition of developmental disability set forth in subdivision (a).

(e) ''Natural supports'' means personal associations and relationships typically developed in the community that enhance the quality and security of life for people, including, but not limited to, family relationships, friendships reflecting the diversity of the neighborhood and the community, associations with fellow students or employees in regular classrooms and workplaces, and associations developed through participation in clubs, organizations, and other civic activities.

(f) ''Circle of support'' means a committed group of community members, who may include family members, meeting regularly with an individual with developmental disabilities in order to share experiences, promote autonomy and community involvement, and assist the individual in establishing and maintaining natural supports. A circle of support generally includes a plurality of members who neither provide nor receive services or supports for persons with developmental disabilities and who do not receive payment for participation in the circle of support.

(g) ''Facilitation'' means the use of modified or adapted materials, special instructions, equipment, or personal assistance by an individual, such as assistance with communications, that will enable a consumer to understand and participate to the maximum extent possible in the decisions and choices that effect his or her life.

(h) ''Family support services'' means services and supports that are provided to a child with developmental disabilities or his or her family and that contribute to the ability of the family to reside together.

Budget and related authority may be subsequently modified during the legislative review process.

(d) The parental copayment system shall only be applicable to families that have adjusted gross family incomes of over 200 percent of the federal poverty level and that have a child who meets all of the following criteria:

(1) The child is receiving services purchased through a regional center.

4631.5. (a) The Legislature finds and declares both of the following:

(1) The state is facing a fiscal crisis that will require an unallocated reduction in the 2003–04 fiscal year for regional centers' purchase of service budgets of ten million dollars ($10,000,000).

(2) Even when the state faces an unprecedented fiscal crisis, the services and supports set forth in the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)) shall continue to be provided to individuals with developmental disabilities in accordance with state and federal statutes, regulations, and case law, including Association for Retarded Citizens v. Department of Developmental Services (1985) 38 Cal.3d 384.

(b) It is the intent of the Legislature that actions taken pursuant to this section shall not eliminate an individual's eligibility, adversely affect an individual's health and safety, or interfere with an individual's rights as described in Section 4502.

(c) In order to ensure that services to eligible consumers are available throughout the fiscal year, regional centers shall administer their contracts within the level of funding appropriated by the annual Budget Act.

(d) Within 30 days of the enactment of the annual Budget Act, and after consultation with stakeholder organizations, the department shall determine the amount of unallocated reduction that each regional center shall make in its purchase-of-service budget and shall provide each regional center with guidelines, technical assistance, and a variety of options for reducing operations and purchase of service costs.

(e) Within 60 days of the enactment of the annual Budget Act, each regional center shall develop and submit a plan to the department describing in detail how it intends to absorb the unallocated reduction and achieve savings necessary to provide services to eligible consumers throughout the fiscal year within the limitations of the funds allocated. Prior to adopting the plan, each regional center shall hold a public hearing in order to receive comment on the plan. The regional center shall provide notice to the community at least 10 days in advance of the public hearing. The regional center shall summarize and respond to the public testimony in its plan.

(f) A regional center shall implement components of its plans upon approval of the department. Within 30 days of receipt of the plan, the department shall review and approve, or require modification of, portions of the regional center's plan.

(g) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 49. Section 4640.6 of the Welfare and Institutions Code is amended to read:

(b) Contracts between the department and regional centers shall require that regional centers implement an emergency response system that ensures that a regional center staff person will respond to a consumer, or individual acting on behalf of a consumer, within two hours of the time an emergency call is placed. This emergency response system shall be operational 24 hours per day, 365 days per year.

(c) Contracts between the department and regional centers shall require regional centers to have service coordinator-to-consumer ratios, as follows:

(1) An average service coordinator-to-consumer ratio of 1 to 62 for all consumers who have not moved from the developmental centers to the community since April 14, 1993. In no case shall a service coordinator for these consumers have an assigned caseload in excess of 79 consumers for more than 60 days.

(C) All consumers who have not moved from the developmental centers to the community since April 14, 1993, and who are not described in subparagraph (A), an average service coordinator-to-consumer ratio of 1 to 66.

(4) For purposes of paragraph (3), service coordinators may have a mixed caseload of consumers three years of age and younger, consumers enrolled on the Home and Community-based Services Waiver program for persons with developmental disabilities, and other consumers if the overall average caseload is weighted proportionately to ensure that overall regional center average service coordinator-to-consumer ratios as specified in paragraph (3) are met. For purposes of paragraph (3), in no case shall a service coordinator have an assigned caseload in excess of 84 for more than 60 days.

(d) For purposes of this section, ''service coordinator'' means a regional center employee whose primary responsibility includes preparing, implementing, and monitoring consumers' individual program plans, securing and coordinating consumer services and supports, and providing placement and monitoring activities.

(e) In order to ensure that caseload ratios are maintained pursuant to this section, each regional center shall provide service coordinator caseload data to the department, annually for each fiscal year. The data

shall be submitted in the format, including the content, prescribed by the department. Within 30 days of receipt of data submitted pursuant to this subdivision, the department shall make a summary of the data available to the public upon request. (D) Consumers enrolled in the Home and Community-based Services Waiver program.

(3) Not include positions that are vacant for more than 60 days or new positions established within 60 days of the reporting month that are still vacant.

(f) The department shall provide technical assistance and require a plan of correction for any regional center that, for two consecutive reporting periods, fails to maintain service coordinator caseload ratios required by this section or otherwise demonstrates an inability to maintain appropriate staffing patterns pursuant to this section. Plans of correction shall be developed following input from the local area board, local organizations representing consumers, family members, regional center employees, including recognized labor organizations, and service providers, and other interested parties.

(g) Contracts between the department and regional center shall require the regional center to have, or contract for, all of the following areas:

(1) Criminal justice expertise to assist the regional center in providing services and support to consumers involved in the criminal justice system as a victim, defendant, inmate, or parolee.

(7) Each regional center shall employ at least one consumer advocate who is a person with developmental disabilities.

(8) Other staffing arrangements related to the delivery of services that the department determines are necessary to ensure maximum cost-effectiveness and to ensure that the service needs of consumers and families are met.

(h) Any regional center proposing a staffing arrangement that substantially deviates from the requirements of this section shall request a waiver from the department. Prior to granting a waiver, the department shall require a detailed staffing proposal, including, but not limited to, how the proposed staffing arrangement will benefit consumers and families served, and shall demonstrate clear and convincing support for the proposed staffing arrangement from constituencies served and impacted, that include, but are not limited to, consumers, families, providers, advocates, and recognized labor organizations. In addition, the regional center shall submit to the department any written opposition to the proposal from organizations or individuals, including, but not limited to, consumers, families, providers, and advocates, including recognized labor organizations. The department may grant waivers to regional centers that sufficiently demonstrate that the proposed staffing arrangement is in the best interest of consumers and families served, complies with the requirements of this chapter, and does not violate any contractual requirements. A waiver shall be approved by the department for up to 12 months, at which time a regional center may submit a new request pursuant to this subdivision.

(i) The requirements of subdivisions (c), (f), and (h) shall not apply when a regional center is required to develop an expenditure plan pursuant to Section 4791, and when the expenditure plan addresses the specific impact of the budget reduction on staffing requirements and the expenditure plan is approved by the department.

(j) (1) Any contract between the department and a regional center entered into on and after January 1, 2003, shall require that all employment contracts entered into with regional center staff or contractors be available to the public for review, upon request. For purposes of this subdivision, an employment contract or portion thereof may not be deemed confidential nor unavailable for public review.

(2) Notwithstanding paragraph (1), the social security number of the contracting party may not be disclosed.

Assessment may include collection and review of available historical diagnostic data, provision or procurement of necessary tests and evaluations, and summarization of developmental levels and service needs and is conditional upon receipt of the release of information specified in subdivision (b). On and after July 1, 2004, the assessment shall be performed within 60 days following intake and if unusual circumstances prevent the completion of assessment within 60 days following intake, this assessment period may be extended by one 30-day period with the advance written approval of the department.

(b) In determining if an individual meets the definition of developmental disability contained in subdivision (a) of Section 4512, the regional center may consider evaluations and tests, including, but not limited to, intelligence tests, adaptive functioning tests, neurological and neuropsychological tests, diagnostic tests performed by a physician, psychiatric tests, and other tests or evaluations that have been performed by, and are available from, other sources.

(c) Notwithstanding any other provision of law or regulation, during the 2003–04 fiscal year, neither the department nor any regional center may approve any program design modification or revendorization for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2003, unless the regional center demonstrates that the program design modification or revendorization is necessary to protect the consumers' health or safety and the department has granted prior written authorization.

(d) Notwithstanding any other provision of law or regulation, during the 2003–04 fiscal year, the department may not approve an anticipated rate adjusted for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2003, unless the regional center demonstrates that the anticipated rate adjustment is necessary to protect the consumers' health or safety.

SEC. 55. Section 4781.5 of the Welfare and Institutions Code is amended to read:

4781.5. For the 2002–03 and 2003–04 fiscal years only, a regional center may not expend any purchase of service funds for the startup of any new program unless the expenditure is necessary to protect the consumer's health or safety or because of other extraordinary circumstances, and the department has granted prior written authorization for the expenditure. This provision shall not apply to any of the following:

SEC. 56. Section 5775 of the Welfare and Institutions Code is amended to read:

5775. (a) Notwithstanding any other provision of state law, the State Department of Mental Health shall implement managed mental health care for Medi-Cal beneficiaries through fee-for-service or capitated rate contracts with mental health plans, including individual counties, counties acting jointly, any qualified individual or

organization, or a nongovernmental entity. A contract may be exclusive and may be awarded on a geographic basis.

(b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of mental health services. The agreement may encompass all or any portion of the mental health services provided pursuant to this part. This agreement shall not relieve the individual counties of financial responsibility for providing these services. Any agreement between counties shall delineate each county's responsibilities and fiscal liability.

(c) The department shall offer to contract with each county for the delivery of mental health services to that county's Medi-Cal beneficiary population prior to offering to contract with any other entity, upon terms at least as favorable as any offered to a noncounty contract provider. If a county elects not to contract with the department, does not renew its contract, or does not meet the minimum standards set by the department, the department may elect to contract with any other governmental or nongovernmental entity for the delivery of mental health services in that county and may administer the delivery of mental health services until a contract for a mental health plan is implemented. The county may not subsequently contract to provide mental health services under this part unless the department elects to contract with the county.

(d) If a county does not contract with the department to provide mental health services, the county shall transfer the responsibility for community Medi-Cal reimbursable mental health services and the anticipated county matching funds needed for community Medi-Cal mental health services in that county to the department. The amount of the anticipated county matching funds shall be determined by the department in consultation with the county, and shall be adjusted annually. The amount transferred shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors. The anticipated county matching funds shall be used by the department to contract with another entity for mental health services, and shall not be expended for any other purpose but the provision of those services and related administrative costs. The county shall continue to deliver non-Medi-Cal reimbursable mental health services in accordance with this division, and subject to subdivision (i) of Section 5777.

(e) Whenever the department determines that a mental health plan has failed to comply with this part or any regulations adopted pursuant to this part that implement this part, the department may impose sanctions, including, but not limited to, fines, penalties, the withholding of payments, special requirements, probationary or corrective actions, or any other actions deemed necessary to prompt and ensure contract and performance compliance. If fines are imposed by the department, they

may be withheld from the state matching funds provided to a mental health plan for Medi-Cal mental health services.

(f) Notwithstanding any other provision of law, emergency regulations adopted pursuant to Section 14680 to implement the second phase of mental health managed care as provided in this part shall remain in effect until July 1, 2004, or until the regulations are made permanent, whichever occurs first, and shall not be subject to subdivision (g) of Section 11346.1 of the Government Code until that time.

(g) The department may adopt emergency regulations necessary to implement Part 438 (commencing with Section 438.1) of Subpart A of Subchapter C of Chapter IV of Title 42 of the Code of Federal Regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of emergency regulations to implement this part, that are filed with the Office of Administrative Law within one year of the date on which the act that amended this subdivision in 2003 took effect, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall remain in effect for no more than 180 days.

SEC. 56.5. Section 14005.81 of the Welfare and Institutions Code is amended to read:

14005.81. (a) Effective October 1, 1998, in addition to the two six-month periods of transitional Medi-Cal benefits provided in Section 14005.8, the state shall fund and provide one additional 12-month period of transitional Medi-Cal to persons age 19 years and older who have received 12 months of transitional Medi-Cal under Section 14005.8 and who continue to meet the requirements applicable to the additional six-month extension period provided for in Section 14005.8, except that once a beneficiary has been determined eligible for an additional 12 months of Medi-Cal benefits under this section, the beneficiary shall not be required to submit the status reports imposed by federal law. The benefits provided under this section shall commence on the day following the last day of receipt of benefits under Section 14005.8.

(b) In the case of an alien who has received 12 months of transitional Medi-Cal under Section 14005.8, the benefits provided under this section shall be limited to those benefits that would be available to that person under Section 14005.8.

(c) It is the intent of the Legislature that the department seek a mechanism for securing federal financial participation in connection with pregnancy-related benefits provided under this section.

(d) The benefits described in this section shall become unavailable on October 1, 2003. Individuals who are receiving benefits under this section on September 30, 2003, shall be given notice and the eligibility of that person shall be redetermined. The department shall implement

this subdivision by means of all-county letters or similar instructions without the need for adoption of regulations.

(e) This section shall become inoperative on October 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute that is enacted before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

Upon the exercise of both of the federal options described in this subdivision, the department shall implement and administer a program of preenrollment of children into the Medi-Cal program or the Healthy Families Program.

(b) (1) Before July 1, 2003, the department shall develop an electronic application to serve as the application for preenrollment into the Medi-Cal program or the Healthy Families Program and to also serve as an application for the Child Health and Disability Prevention (CHDP) program, to the extent allowed under federal law.

(2) The department may, at its option, also use the electronic application developed pursuant to paragraph (1), as a means to enroll newborns into the Medi-Cal program as is authorized under Section 1396a(e)(4) of Title 42 of the United States Code.

(c) (1) The department may designate, as necessary, those CHDP program providers described in paragraphs (1) to (5), inclusive, of subdivision (g) of Section 124030 of the Health and Safety Code as qualified entities who are authorized to determine eligibility for the CHDP program and for preenrollment into either the Medi-Cal program or the Healthy Families Program as authorized under this section.

(2) The CHDP provider shall assist the parent or guardian of the child seeking eligibility for the CHDP program and for preenrollment into the Medi-Cal program or the Healthy Families Program in completing the electronic application.

(d) The electronic application developed pursuant to subdivision (b) may only be filed through the CHDP program when the child is in need of CHDP program services in accordance with the periodicity schedule used by the CHDP program.

(e) (1) The electronic application developed pursuant to subdivision (b) shall request all information necessary for a CHDP provider to make an immediate determination as to whether a child meets the eligibility

requirements for CHDP and for preenrollment into either the Medi-Cal program or the Healthy Families Program pursuant to the federal options described in Section 1396r-1a or 1397gg(e)(1)(D) of Title 42 of the United States Code.

If a limitation is imposed pursuant to paragraph (2) of subdivision (a), it shall take effect 15 days after notice of the proposed limitation was given.

(C) Alpha-1 Proteinase Inhibitor.

(b) The reimbursement for blood factors shall be by national drug code number and shall not exceed 120 percent of the average selling price of the preceding quarter.

(c) The average selling price for blood factors of manufacturers or distributors that do not report an average selling price pursuant to subdivision (a) shall be identical to the average manufacturer's price that the manufacturer or distributor reports to the federal United States Centers for Medicare and Medicaid Services. The reporting of an average selling price that does not meet the requirement of this subdivision shall result in that blood factor no longer being considered a covered benefit. This reporting shall be done on the national drug code level.

(d) The average selling price shall be based on the criteria in subdivision (a) and reported to the department on a quarterly basis.

(e) Changes made to the list of covered blood factors under this or any other section shall be exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law.

SEC. 68.5. Section 14110.65 of the Welfare and Institutions Code is amended to read:

14110.65. (a) (1) The department shall, upon federal approval of a federal Medicaid State Plan amendment authorizing federal financial participation, provide a supplemental rate adjustment to the Medi-Cal reimbursement rate for specific nursing facilities, intermediate care

facilities/developmentally disabled, intermediate care facilities/developmentally disabled-habilitative, intermediate care facilities/developmentally disabled-nursing, and pediatric subacute units that have a collectively bargained contract or a comparable, legally binding, written commitment to increase salaries, wages, or benefits for nonmanagerial, nonadministrative, noncontract staff. It is the intent of this section to make this supplemental rate adjustment available to both facilities with collective bargaining agreements and facilities without collective bargaining agreements that meet the requirements of this section. The supplemental rate adjustment shall be sufficient to fund the Medi-Cal portion of each facility's commitment that exceeds the labor cost adjustment for the covered employees that is already included in the Medi-Cal base reimbursement rate. Starting on the date of federal approval of the Medicaid State Plan amendment and at the start of each rate year thereafter, the supplemental rate adjustments made pursuant to this section shall occur for the commitments that increase salaries, wages, or benefits during the rate year as compared to the salaries, wages, or benefits paid in the preceding year. These supplemental rate adjustments shall be subject to certification of the availability of funds by the Department of Finance on May 15 of each year for the following fiscal year, and subject to the extent funds are appropriated for this purpose in the annual Budget Act. Authorization for the supplemental rate adjustments shall terminate on the date of implementation by the department of a Medi-Cal reimbursement system that uses facility-specific rates for nonhospital-based nursing facilities covered by this section.

(2) For a specific facility to be eligible for the supplemental rate adjustment, the facility shall submit the following to the department:

(A) Proof of a legally binding, written commitment to increase the salaries, wages, or benefits of existing and newly hired employees, excluding managers, administrators, and contract employees, during the rate year.

(B) Proof of the existence of a method of enforcement of the commitment, such as arbitration, that is available to the employees or their representative, and all of the following apply.

(i) It is expeditious.

(ii) It uses a neutral decisionmaker.

(iii) It is economical for the employees.

(C) Proof that the specific facility has provided written notice of the terms of the commitment and the availability of the enforcement mechanism to the relevant employees or their recognized representatives.

(3) For purposes of this section, a supplemental rate adjustment shall equal the Medi-Cal portion of the total amount of any increase in

salaries, wages, and benefits provided in the enforceable written agreement minus any increase provided to that facility during that rate year provided in the standardized rate methodology (Medi-Cal base reimbursement rate) for labor related costs attributable to the employees covered by the commitment. Any supplemental rate adjustment made pursuant to this section shall only cover the period of the nonexpired, enforceable, written agreement. The department shall adjust the methodology for determining costs in the future rate determinations.

(4) Any supplemental rate adjustment for any facility under this section shall be no more than the greater of either of the following:

(A) Eight percent of that portion of the facility's per diem labor costs, prior to the rate year, attributable to employees covered by the commitment.

(B) Eight percent of the facility's peer group's per diem labor costs multiplied by the percentage of the facility's per diem labor costs attributable to employees covered by the commitment.

(5) The department shall terminate the adjustment for the specific facility if it finds the binding written commitment has expired and does not otherwise remain enforceable.

(6) The department may inspect relevant payroll and personnel records of facilities receiving funds pursuant to this section in order to ensure that the salary, wage, and benefit increases provided for in this section have been implemented. In addition to the remedies provided in subdivision (b), the department may retroactively recover funds provided to a facility for labor costs incurred after expiration of the commitment or due to the failure of the facility to comply with the commitment.

(7) An employees enforcement or attempted enforcement of the written commitment pursuant to paragraph (2) of subdivision (a) shall not constitute a basis for adverse action against that employee.

(b) The department shall provide instructions on facility requirements by November 1, 2001, or at least 60 days before implementation of this section, whichever is earlier. In developing these instructions, the department shall consult with provider and employee representatives. Audit, exit conference, and other review protocol for determining facility compliance with this section shall be developed by the department after consulting with provider and employee representatives. Any facility that is paid under the supplemental rate adjustment provided for in this section that the director finds has not provided the salary, wage, and benefit increases provided for shall be liable for the amount of funds paid to the facility by this section but not distributed to employees for salary, wage, and benefit increases, plus a penalty equal to 10 percent of the funds not so distributed. Recoupment of funds from any facility that disagrees with the findings of the director

specific to this section and has filed a request for hearing pursuant to Section 14171, shall be deferred until the request for hearing is either rejected or the director's final administrative decision is rendered. Interest shall be applied to any recoupment amount at the interest rate and timeframes specified in subdivision (h) of Section 14171. The facility shall be subject to Section 14107.

(c) This section shall be operative on the effective date of the act that added subdivision (d).

(d) (1) Solely for the period commencing February 1, 2002, to July 31, 2004, inclusive, the department shall pay any supplemental rate adjustment pursuant to subdivision (a) to the extent that a facility submits a rate adjustment request to the department within the period of time specified in this subdivision, and where the department approves the supplemental rate adjustment for the particular facility. Rate adjustment requests shall be postmarked no later than 90 days after the department mails the instructions described in subdivision (b) to the facilities.

(2) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may promulgate the instructions described in subdivision (b) by means of a letter, notice, provider bulletin, or other similar communication, without taking regulatory action.

(3) Notwithstanding any other provision of law, amounts appropriated for purposes of this section in the Budget Act of 2003, may be expended for supplemental rate adjustments relating to periods in the 2002–03 fiscal year.

(e) This section shall become inoperative on August 1, 2004, and, as of January 1, 2007, is repealed, unless a later enacted statute that is enacted before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 69. Section 14124.79 of the Welfare and Institutions Code is amended to read:

14124.79. In the event that the beneficiary, his guardian, conservator, personal representative, estate or survivors or any of them brings an action against the third person who may be liable for the injury, notice of institution of legal proceedings, notice of settlement and all other notices required by this code shall be given to the director in Sacramento except in cases where the director specifies that notice shall be given to the Attorney General. All such notices shall be given by insurance carriers, as described in Section 14124.70, having liability for the beneficiary's claim, and by the attorney retained to assert the beneficiary's claim, or by the injured party beneficiary, his guardian, conservator, personal representative, estate or survivors, if no attorney is retained.

SEC. 70. Section 14124.795 is added to the Welfare and Institutions Code, to read:

14124.795. It is the intent of the Legislature to comply with federal law requiring that when a beneficiary has other available health coverage or insurance, the Medi-Cal program shall be the payer of last resort. Notwithstanding any other provision of law, any carrier described in Section 14124.70, including automobile, casualty, property, and malpractice insurers, shall enter into an agreement with the department to permit and assist the matching of the department's Medi-Cal eligibility file against the carrier's claim files, utilizing, if necessary, social security numbers as common identifiers for the purpose of determining whether Medi-Cal benefits were provided to a beneficiary because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance. The carrier shall maintain a centralized file of claimants' names, mailing addresses, and social security numbers or dates of birth. This information shall be made available to the department upon the department's reasonable request. The agreement described in this section shall include financial arrangements for reimbursing carriers for necessary costs incurred in furnishing requested information.

SEC. 70.5. Section 14126.02 of the Welfare and Institutions Code is amended to read:

14126.02. (a) It is the intent of the Legislature to devise a Medi-Cal long-term care reimbursement methodology that more effectively ensures individual access to appropriate long-term care services, promotes quality resident care, advances decent wages and benefits for nursing home workers, supports provider compliance with all applicable state and federal requirements, and encourages administrative efficiency.

(b) (1) The department shall implement a facility-specific rate-setting system by August 1, 2005, subject to federal approval, that reflects the costs and staffing levels associated with quality of care for residents in nursing facilities, as defined in subdivision (k) of Section 1250 of the Health and Safety Code, which shall include hospital-based nursing facilities.

(2) The department shall examine several alternative rate methodology models for a new Medi-Cal reimbursement system for skilled nursing facilities to include, but not be limited to, consideration of the following:

(A) Classification of residents based on the resource utilization group system or other appropriate acuity classification system.

(B) Facility specific case mix factors.

(C) Direct care labor based factors.

(D) Geographic or regional differences in the cost of operating facilities and providing resident care.

(E) Facility-specific cost based rate models used in other states.

(c) The department shall submit to the Legislature a status report on the implementation of this section on April 1, 2002, April 1, 2003, and April 1, 2004.

(d) The alternatives for a new system described in paragraph (2) of subdivision (b) shall be developed in consultation with recognized experts with experience in long-term care reimbursement, economists, the Attorney General, the federal Centers for Medicare and Medicaid Services, and other interested parties.

(e) In implementing this section, the department may contract as necessary, on a bid or nonbid basis, for professional consulting services from nationally recognized higher education and research institutions, or other qualified individuals and entities not associated with a skilled nursing facility, with demonstrated expertise in long-term care reimbursement systems. The rate-setting system specified in subdivision (b) shall be developed with all possible expedience. This subdivision establishes an accelerated process for issuing contracts pursuant to this section and contracts entered into pursuant to this subdivision shall be exempt from the requirements of Chapter 1 (commencing with Section 10100) and Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 71. Section 14132.27 is added to the Welfare and Institutions Code, to read:

14132.27. (a) (1) The department shall apply for a waiver of federal law pursuant to Section 1396n of Title 42 of the United States Code to test the efficacy of providing a disease management benefit to beneficiaries under the Medi-Cal program. A disease management benefit shall include, but not be limited to, the use of evidence-based practice guidelines, supporting adherence to care plans, and providing patient education, monitoring, and healthy lifestyle changes.

(2) The waiver developed pursuant to this section shall be known as the Disease Management Waiver. The department shall submit any necessary waiver applications or modifications to the Medicaid State Plan to the federal Centers for Medicare and Medicaid Services to implement the Disease Management Waiver, and shall implement the waiver only to the extent federal financial participation is available.

(b) The Disease Management Waiver shall be designed to provide eligible individuals with a range of services that enable them to remain in the least restrictive and most homelike environment while receiving the medical care necessary to protect their health and well-being. Services provided pursuant to this waiver program shall include only those not otherwise available under the state plan, and may include, but

are not limited to, medication management, coordination with a primary care provider, use of evidence-based practice guidelines, supporting adherence to a plan of care, patient education, communication and collaboration among providers, and process and outcome measures. Coverage for those services shall be limited by the terms, conditions, and duration of the federal waiver.

(c) Eligibility for the Disease Management Waiver shall be limited to those persons who are eligible for the Medi-Cal program as aged, blind, and disabled persons or those persons over 21 years of age who are not enrolled in a Medi-Cal managed care plan, or eligible for the federal Medicare program, and who are determined by the department to be at risk of, or diagnosed with, select chronic diseases, including, but not limited to, advanced atherosclerotic disease syndromes, congestive heart failure, and diabetes. Eligibility shall be based on the individual's medical diagnosis and prognosis, and other criteria, as specified in the waiver.

(d) The Disease Management Waiver shall test the effectiveness of providing a Medi-Cal disease management benefit. The department shall evaluate the effectiveness of the Disease Management Waiver.

(1) The evaluation shall include, but not be limited to, participant satisfaction, health and safety, the quality of life of the participant receiving the disease management benefit, and demonstration of the cost neutrality of the Disease Management Waiver as specified in federal guidelines.

(2) The evaluation shall estimate the projected savings, if any, in the budgets of state and local governments if the Disease Management Waiver was expanded statewide.

(3) The evaluation shall be submitted to the appropriate policy and fiscal committees of the Legislature on or before January 1, 2008.

(e) The department shall limit the number of participants in the Disease Management Waiver during the initial three years of its operation to a number that will be statistically significant for purposes of the waiver evaluation and that meets any requirements of the federal government, including a request to waive statewide implementation requirements for the waiver during the initial years of evaluation.

(f) In undertaking this Disease Management Waiver, the director may enter into contracts for the purpose of directly providing Disease Management Waiver services.

(g) The department shall seek all federal waivers necessary to allow for federal financial participation under this section.

(h) The Disease Management Waiver shall be developed and implemented only to the extent that funds are appropriated or otherwise available for that purpose.

(i) The department shall not implement this section if any of the following apply:

(1) The department's application for federal funds under the Disease Management Waiver is not accepted.

(2) Federal funding for the waiver ceases to be available.

SEC. 71.3. Section 14132.88 of the Welfare and Institutions Code is amended to read:

14132.88. (a) Notwithstanding subdivision (h) of Section 14132 and to the extent funds are made available in the annual Budget Act for this purpose, the following are covered benefits for beneficiaries 21 years of age or older under this chapter:

(1) One dental prophylaxis cleaning per year.

(2) One initial dental examination by a dentist.

(b) The following are covered benefits for beneficiaries under 21 years of age under this chapter:

(1) Two dental prophylaxis cleanings per year.

(2) Two periodic dental examinations per year.

(c) For persons 21 years of age or older, laboratory-processed crowns on posterior teeth are not a covered benefit except when a posterior tooth is necessary as an abutment for any fixed or removable prosthesis.

(d) Any prefabricated crown made from ADA-approved materials may be used on posterior teeth and may be reimbursed as a stainless steel crown.

(e) The department shall reduce the rate of subgingival curettage and root planing by 41 percent for all beneficiaries except those residing in a skilled nursing facility or an intermediate care facility for the developmentally disabled. Notwithstanding Section 14105 and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

(f) (1) The department shall require pretreatment radiograph documentation on posttreatment claims to establish the medical necessity for dental restorations. The pretreatment documentation required under this subdivision is intended to reduce fraudulent claims for unnecessary dental fillings. In order to avoid any undue barriers to accessing dental care, the department shall stipulate that the pretreatment radiograph documentation for posttreatment claims will be required only when there are four or more dental fillings being completed in any 12-month period.

(2) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

SEC. 71.5. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. (a) The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for that administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs that are incurred by performing eligibility determinations at county hospitals, or that are incurred due to the outstationing of any other eligibility function. Except as provided in Section 14154.15, reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department of Social Services, in conjunction with the counties, for administrative cost control for the California Work Opportunity and Responsibility to Kids (CalWORKs), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns that result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

(b) Nothing in this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner that would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

(c) The department is responsible for the Medi-Cal program in accordance with state and federal law. A county shall determine Medi-Cal eligibility in accordance with state and federal law. If in the course of its duties the department becomes aware of accuracy problems in any county, the department shall, within available resources, provide training and technical assistance as appropriate. Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.

(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best-practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best-practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(C) Notwithstanding the rulemaking procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of all-county letters or similar instructions, without further regulatory action.

(3) Perform timely annual redeterminations, as follows:

(A) Ninety percent of the annual redetermination forms shall be mailed to the recipient by the anniversary date.

(B) Ninety percent of the annual redeterminations shall be completed within 60 days of the recipient's annual redetermination date for those redeterminations based on forms that are complete and have been returned to the county by the recipient in a timely manner.

(C) Ninety percent of those annual redeterminations where the redetermination form has not been returned to the county by the recipient shall be completed by sending a notice of action to the recipient within 45 days after the date the form was due to the county.

(d) The department shall develop procedures in collaboration with the counties and stakeholder groups for determining county review cycles, sampling methodology and procedures, and data reporting.

(e) On January 1 of each year, each applicable county, as determined by the department, shall report to the department on the county's results in meeting the performance standards specified in this section. The report shall be subject to verification by the department. County reports shall be provided to the public upon written request.

(f) If the department finds that a county is not in compliance with one or more of the standards set forth in this section, the county shall, within 60 days, submit a corrective action plan to the department for approval.

The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the standard of standards with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid a sanction.

(g) If a county does not meet the performance standards for completing eligibility determinations and redeterminations as specified in this section, the department may, at its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds were reduced. If the county continues not to meet the performance standards, the department may reduce the allocation by an additional 2 percent for each year thereafter in which sufficient improvement has not been made to meet the performance standards.

SEC. 72. Section 14159 is added to the Welfare and Institutions Code, to read:

14159. Commencing with the 2004–05 fiscal year, expenditures for Medi-Cal services and fiscal intermediary and county administration costs included in the department's budget shall be charged against the appropriation for the fiscal year in which the billing is paid. Commencing July 1, 2004, all 2002–03 fiscal year and prior accrued obligations of the Health Care Deposit Fund shall become obligations of the 2004–05 fiscal year and all moneys available from the 2002–03 fiscal year and prior appropriations shall be reappropriated to the 2004–05 fiscal year for that purpose.

SEC. 73. Article 5.5 (commencing with Section 14464.5) is added to Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 5.5. Quality Improvement Fee for Medi-Cal Managed Care Plans

14464.5. (a) For purposes of this article, the following definitions apply:

(1) ''Capitation payment'' means the monthly amount paid by the state to a designated Medi-Cal managed care plan in exchange for contracted health care services procured by means of the Medi-Cal managed care contracts set forth in paragraph (3).

(2) ''Capitation rate'' means the per member per month rate used to calculate the capitation payments.

(3) ''Medi-Cal managed care plan'' means any Medi-Cal managed care plan contracting with the department to provide services to enrolled

Medi-Cal beneficiaries pursuant to Chapter 7 (commencing with Section 14000), this chapter, or Chapter 8.75 (commencing with Section 14590), and that is also an organization that meets the criteria to contract for services in Section 1396b(m) of Title 42 of the United States Code.

(b) The department may impose, on an annual basis, a quality improvement fee on the capitation payments paid to Medi-Cal managed care plans for enrolled Medi-Cal beneficiaries. The quality improvement fee shall be paid to the state monthly and shall be a percentage as determined pursuant to paragraph (1) multiplied by each Medi-Cal managed care plan's capitation payments. The quality improvement fee shall be subject to all of the following provisions:

(1) The department shall determine the quality improvement percentage, not to exceed 6 percent of the capitation payments and shall notify the Medi-Cal managed care plans of that determination.

(2) The quality improvement fee shall be paid to the state within 15 calendar days following notification by the department of the amount due.

(3) The quality improvement fee shall be deposited in the General Fund.

(4) If the Medi-Cal managed care plan does not timely pay the quality improvement fee, or any part thereof, the department may offset the amount of the fee that is unpaid against any amounts due from the state to the Medi-Cal managed care plan. Notwithstanding any such offset, the methodology for determining the fee as set forth in this subdivision shall be followed.

(5) The department shall make retrospective adjustments as necessary to the amounts calculated pursuant to this subdivision in order to assure that the Medi-Cal managed care plan's aggregate quality improvement fee for any particular state fiscal year does not exceed 6 percent of the aggregate annual capitation payments paid to the Medi-Cal managed care plan for that year.

(c) (1) The department shall implement this section in a manner that complies with federal requirements. If the department is unable to comply with the federal requirements for federal matching funds under this section or is unable to use the 2002–03 fiscal year level of support for federal matching dollars other than for a change in covered benefits or covered populations required under the state's Medi-Cal contract with health care service plans, the quality improvement fee shall no longer be assessed or collected.

(2) In all fiscal years governed by this section, Medi-Cal capitation rates shall not be reduced as a direct result of the quality improvement fee assessed under this section. This subdivision does not apply to a change in Medi-Cal capitation rates caused by a change in actuarial factors, including covered benefits, covered populations, or Medi-Cal

provider reimbursement, under the state's Medi-Cal contract with health care service plans.

(d) The director, or his or her designee, shall administer this section.

(e) The director may adopt regulations as are necessary to implement this section. These regulations shall be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this section, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. The regulations shall include, but not be limited to, any regulations necessary for either of the following purposes:

(1) The administration of this section, including the proper imposition and collection of the quality improvement fees and associated penalties.

(2) The development of any forms necessary to calculate, notify, collect, and distribute the quality improvement fees.

(f) As an alternative to subdivision (e), and notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this section by means of a provider bulletin, contract amendment, policy letter, or other similar instructions, without taking regulatory action.

(g) This section shall not apply to either of the following:

(1) State supported services contracts separately entered into with Medi-Cal managed care plans to cover only those services that are expressly set forth in those contracts, are paid for solely with state funds, and are unavailable for federal financial participation.

(2) Payments derived from intergovernmental transfers and associated federal financial participation.

(h) Any limitation on rates or payments to the Medi-Cal managed care plan based on Medi-Cal fee-for-service costs shall be increased to include any capitation rate increase related to the quality improvement fee in subdivision (b).

(i) To the extent necessary to comply with federal requirements pursuant to paragraph (2) of subdivision (c), the director may deviate from the provisions of this section with respect to either or both of the following:

(1) The methodology for calculating or imposing the quality improvement fee pursuant to subdivision (b).

(2) The exclusions specified in subdivision (g).

(j) Notwithstanding any other provision of this section, the department may not impose a quality improvement fee on any payment

to be made to Medi-Cal managed care plans, other than the capitated payments as defined in paragraph (1) of subdivision (a).

(k) The department shall commence collecting the quality improvement fees pursuant to subdivision (b) no sooner than January 1, 2004.

SEC. 74. Section 14684.1 is added to the Welfare and Institutions Code, to read:

14684.1. (a) The State Department of Mental Health shall establish a process for second level treatment authorization request appeals to review and resolve disputes between mental health plans and hospitals.

(b) When the department establishes an appeals process, the department shall comply with all of the following:

(1) The department shall review appeals initiated by hospitals and render decisions on appeals based on findings that are the result of a review of supporting documents submitted by mental health plans and hospitals.

(2) If the department upholds a mental health plan denial of payment of a hospital claim, a review fee shall be assessed on the provider.

(3) If the State Department of Mental Health reverses a mental health plan denial of payment of a hospital claim, a review fee shall be assessed on the mental health plan.

(4) If the department decision regarding a mental health plan denial of payment upholds the claim in part and reverses the claim in part, the department shall prorate the review fee between the parties accordingly.

(c) The amount of the review fees shall be calculated and adjusted annually. The methodology and calculation used to determine the fee amounts shall result in an aggregate fee amount that, in conjunction with any other outside source of funding for this function, may not exceed the aggregate annual costs of providing second level treatment authorization request reviews.

(d) Fees collected by the department shall be retained by the department and used to offset administrative and personnel services costs associated with the appeals process.

(e) The department may use the fees collected, in conjunction with other available appropriate funding for this function, to contract for the performance of the appeals process function.

SEC. 75. Section 16809 of the Welfare and Institutions Code, as amended by Section 90 of Chapter 1161 of the Statutes of 2002, is amended to read:

16809. (a) (1) The board of supervisors of a county that contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services

Program. The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(A) Provisions for the payment to participating counties for making eligibility determinations based on the formula used by the County Medical Services Program for the 1993–94 fiscal year.

(B) Provisions for payment of expenses of the County Medical Services Program Governing Board.

(C) Provisions relating to the flow of funds from counties' vehicle license fees, sales taxes, and participation fees and the procedures to be followed if a county does not pay those funds to the program.

(D) Those provisions, as applicable, contained in the 1993–94 fiscal year contract with counties under the County Medical Services Program.

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the County Medical Services Program Governing Board shall reimburse three million five hundred thousand dollars ($3,500,000) for the state costs of providing administrative support to the County Medical Services Program. The department may decline to implement decisions made by the governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The contract between the department and the County Medical Services Program Governing Board may include provisions for the administration of a pharmacy benefit program and, pursuant to these provisions, the department may negotiate, on behalf of the County Medical Services Program, rebates from manufacturers that agree to participate. The governing board shall reimburse the department for staff costs associated with this paragraph.

When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). SEC. 77. (a) The State Department of Health Services may not implement limits on laboratory services provided by more than one laboratory, as provided for in the Budget Act of 2003 until, at a minimum, an Internet and telephone process are available for applicable providers to access the laboratory service reservation system.

(b) The Legislature finds and declares both of the following:

(1) The laboratory service reservation system will allow laboratories, prior to performing a lab procedure, the opportunity to verify that service limits have not been reached for that procedure and for that Medi-Cal beneficiary.

(2) It is the intent of the State Department of Health Services to have the laboratory service reservation system accessible through a point of service device process within 9 to 12 months after the enactment of this act.

SEC. 78. The State Department of Health Services shall require contractors and grantees under the Office of Family Planning, Male Involvement Program, and Information and Education Program, to establish and implement, commencing in the 2003–04 fiscal year, a clinical services linkage to the Family PACT program. This linkage shall include, but not be limited to, planning and development of a referral process of participants in these programs to ensure access of family planning and other reproductive health care services. This clinical services linkage shall commence in the 2003–04 state fiscal year and operate thereafter.

SEC. 79. The State Department of Health Services may adopt emergency regulations to implement the applicable provisions of this act in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or general welfare. Initial emergency regulations and the first readoption of those regulations shall

be exempt from review by the Office of Administrative Law. The initial emergency regulations and the first readoption of those regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and each shall remain in effect for no more than 180 days.

SEC. 80. The Managed Risk Medical Insurance Board may adopt emergency regulations to implement provisions of this act repealing Section 12698.10 of, adding Section 12693.765 to, and amending Sections 12693.43, 12693.70, 12693.73, 12695.06, 12698.05, and 12698.30 of, the Insurance Code. The Office of Administrative Law shall consider those regulations to be necessary for the immediate preservation of the public peace, health and safety, and general welfare for purposes of Section 11349.6 of the Government Code. Notwithstanding the 120-day limitation in subdivision (e) of Section 11346.1 of the Government Code, the emergency regulations adopted or amended pursuant to this subdivision shall be repealed 180 days after the effective date of the regulations, unless the department readopts those regulations, in whole or in part, in compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 80.5. The Legislature finds and declares that the state faces a fiscal crisis that requires unprecedented measures to be taken to reduce General Fund expenditures. Notwithstanding any other provision of law or regulation, the Medi-Cal reimbursement rates in effect for the 2003–04 fiscal year for hospitals, not under contract with the California Medical Assistance Commission, providing inpatient services to Medi-Cal recipients shall remain the same for the entire 2004–05 fiscal year. It is the intent of the Legislature that the California Medical Assistance Commission freeze all Medi-Cal reimbursement rates paid to hospitals for inpatient services at their 2003–04 contract rate, or at a lower level, whichever is applicable based on contract negotiations.

SEC. 81. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7

(commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 82. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to implement the Budget Act of 2003 at the earliest possible time, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 10754 of the Revenue and Taxation Code is amended to read:

10754. (a) Notwithstanding any other provision of law, the total amount of the vehicle license fee otherwise required with respect to a vehicle shall be offset in accordance with those provisions set forth below that are operative pursuant to subdivision (b):

(1) (A) For any initial or original registration of any vehicle, never before registered in this state, for which the final due date for the license fee is on or after January 1 of any calendar year for which this paragraph is operative, and for any renewal of registration with an expiration date on or after January 1 of any calendar year for which this paragraph is operative, the department shall offset the total amount of fees otherwise due at the time of registration of that vehicle by an amount equal to 25 percent of the amount computed pursuant to Section 10752 or 10752.1, or Section 18115 of the Health and Safety Code.

(B) Upon proper payment of license fees to the Department of Motor Vehicles, the amount of the offset for each vehicle shall be transferred into the Motor Vehicle License Fee Account in the Transportation Tax Fund, and into the Local Revenue Fund, pursuant to Section 11000 or Section 11000.1, as applicable.

(C) During any period in which insufficient moneys are available to be transferred from the General Fund to fully fund the offsets required by subparagraph (A), within 90 days of a reduction of funding, the department shall reduce the amount of each offset computed pursuant to that subparagraph by multiplying that amount by the ratio of the amount of moneys actually available to be transferred from the General Fund to pay for those offsets to the amount of moneys that is necessary to fully fund those offsets.

(2) (A) For any initial or original registration of any vehicle, never before registered in this state, for which the final due date for the license fee is on or after January 1 of any calendar year for which this paragraph is operative, and for any renewal of registration with an expiration date on or after January 1 of any calendar year for which this paragraph is operative, the department shall offset the total amount of fees otherwise due at the time of registration of that vehicle by an amount equal to 35 percent of the amount computed pursuant to Section 10752 or 10752.1, or Section 18115 of the Health and Safety Code.

(B) Upon proper payment of license fees to the Department of Motor Vehicles, the amount of the offset for each vehicle shall be transferred into the Motor Vehicle License Fee Account in the Transportation Tax Fund, and into the Local Revenue Fund, pursuant to Section 11000 or Section 11000.1, as applicable.

(C) During any period in which insufficient moneys are available to be transferred from the General Fund to fully fund the offsets required by subparagraph (A), within 90 days of a reduction of funding, the department shall reduce the amount of each offset computed pursuant to that subparagraph by multiplying that amount by the ratio of the amount of moneys actually available to be transferred from the General Fund to pay for those offsets to the amount of moneys that is necessary to fully fund those offsets.

(3) (A) For any initial or original registration of any vehicle, never before registered in this state, for which the final due date for the license fee is on or after January 1 of any calendar year for which this paragraph is operative, and for any renewal of registration with an expiration date on or after January 1 of any calendar year for which this paragraph is operative, the department shall offset the total amount of fees otherwise due at the time of registration of that vehicle by an amount equal to $67^1/_2$ percent of the amount computed pursuant to Section 10752 or 10752.1, or Section 18115 of the Health and Safety Code.

(B) Upon proper payment of license fees to the Department of Motor Vehicles, the amount of the offset for each vehicle shall be transferred into the Motor Vehicle License Fee Account in the Transportation Tax Fund, and into the Local Revenue Fund, pursuant to Section 11000 or Section 11000.1, as applicable.

(C) During any period in which insufficient moneys are available to be transferred from the General Fund to fully fund the offsets required by subparagraph (A), within 90 days of a reduction in funding, the department shall reduce the amount of each offset computed pursuant to that subparagraph by multiplying that amount by the ratio of the amount of moneys actually available to be transferred from the General Fund to pay for those offsets to the amount of moneys that is necessary to fully fund those offsets.

(D) (i) The Controller shall, no later than August 15, 2006, transfer from the General Fund to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund amounts equal to those moneys that are otherwise required, pursuant to subparagraph (B), to be transferred into that account, that are not so transferred into that account during the 2003–04 fiscal year as a result of the operation of subparagraph (C). The transferred moneys shall be allocated from the account in the manner as otherwise specified by law for the allocation of moneys from that account.

(ii) The Controller, with the approval of the Department of Finance, may advance from the Motor Vehicle License Fee Account in the Transportation Tax Fund to any county or city that entity's share of the vehicle license fee revenues transferred under clause (i), if that entity demonstrates that it will experience a hardship if the advance is not made. For purposes of this clause, those circumstances demonstrating that a county or city will experience a ''hardship,'' include, but are not limited to, the following:

(I) A county or city that has pledged its share of vehicle license fee revenues as security for any indebtedness that, as a result of the delay of the disbursement, will compromise its ability to repay that indebtedness.

(II) A county's or city's share of vehicle license fee revenues, as determined by the Controller, exceeds 37 percent of that entity's general revenue. In the case of a county, the Controller shall make the required calculation of that entity's general revenue based on information derived from the State of California Counties Annual Report for the 2000–01 fiscal year. In the case of a city, the Controller shall make the required calculation based on information derived from the State of California Cities Annual Report for the 2000–01 fiscal year.

(III) A city that is newly incorporated that is entitled to the allocations of vehicle license fee revenues authorized by Section 11005.3.

(iii) Any funds advanced pursuant to a finding of hardship pursuant to clause (ii) shall be disbursed on the 10th day of the calendar month following findings of hardship. The total aggregate amount transferred based on findings of hardship pursuant to clause (ii) may not exceed forty million dollars ($40,000,000).

(iv) For purposes of Section 15 of Article XI of the California Constitution, the transfers required to be made by this subparagraph shall constitute successor taxes that are otherwise required to be allocated to counties and cities, and as successor taxes, the obligation to make those transfers as required by this subparagraph may not be extinguished nor disregarded in any manner that adversely affects the security of, or the ability of, a county or city to pay the principal and interest on any debts or obligations that were funded or secured by that city's or county's allocated share of motor vehicle license fee revenues.

(b) The offset provisions set forth in subdivision (a) shall be operative as provided by the following:

(1) Paragraph (1) of subdivision (a) shall be operative for vehicle license fees with a final due date in the calendar year beginning on January 1, 1999.

(2) Paragraph (2) of subdivision (a) shall be operative for vehicle license fees with a final due date on or after January 1, 2000, and before July 1, 2001.

(3) Paragraph (3) of subdivision (a) shall be operative for vehicle license fees with a final due date on or after July 1, 2001.

An act to amend Sections 3400 and 10129 of the Public Contract Code, relating to public contracting.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 3400 of the Public Contract Code is amended to read:

3400. (a) No agency of the state, nor any political subdivision, municipal corporation, or district, nor any public officer or person charged with the letting of contracts for the construction, alteration, or repair of public works, shall draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in a manner that limits the bidding, directly or indirectly, to any one specific concern, or (2) calling for a designated material, product, thing, or service by specific brand or trade name unless the specification is followed by the words ''or equal'' so that bidders may furnish any equal material, product, thing, or service. In applying this section, the specifying agency shall, if aware of an equal product manufactured in this state, name that product in the specification. Specifications shall provide a period of time prior to or after, or prior to and after, the award of the contract for submission of data substantiating a request for a substitution of ''an equal'' item. If no time period is specified, data may be submitted any time within 35 days after the award of the contract.

(b) Subdivision (a) is not applicable if the awarding authority, or its designee, makes a finding that is described in the invitation for bids or request for proposals that a particular material, product, thing, or service is designated by specific brand or trade name for any of the following purposes:

(1) In order that a field test or experiment may be made to determine the product's suitability for future use.

(2) In order to match other products in use on a particular public improvement either completed or in the course of completion.

(3) In order to obtain a necessary item that is only available from one source.

(4) (A) In order to respond to an emergency declared by a local agency, but only if the declaration is approved by a four-fifths vote of the governing board of the local agency issuing the invitation for bid or request for proposals.

(B) In order to respond to an emergency declared by the state, a state agency, or political subdivision of the state, but only if the facts setting forth the reasons for the finding of the emergency are contained in the public records of the authority issuing the invitation for bid or request for proposals.

SEC. 2. Section 10129 of the Public Contract Code is amended to read:

10129. (a) Notwithstanding Section 3400, no agency of the state charged with the letting of contracts for the construction, alteration, or repair of public works may draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in a manner that limits the bidding, directly or indirectly, to any one specific concern, or (2) calling for a designated material, product, thing, or service by specific brand or trade name unless the specification is followed by the words ''or equal'' so that bidders may furnish any equal material, product, thing, or service. In applying this section, the awarding authority shall, if aware of an equal product manufactured in this state, name that product in the specification. Specifications shall provide a period of time prior to or after, or prior to and after, the award of the contract for submission of data substantiating a request for a substitution of ''an equal'' item. If no time period is specified, data may be submitted any time within 35 days after the award of the contract.

(b) Subdivision (a) is not applicable if the awarding authority, or its designee, makes a finding that is described in the invitation for bids or request for proposals that a particular material, product, thing, or service is designated by specific brand or trade name for any of the following purposes:

(1) In order that a field test or experiment may be made to determine the product's suitability for future use.

(2) In order to match other products in use on a particular public improvement either completed or in the course of completion.

(3) In order to obtain a necessary item that is only available from one source.

(4) In order to respond to an emergency declared by the state, a state agency, or political subdivision of the state, but only if the facts setting forth the reasons for the finding of the emergency are contained in the public records of the authority issuing the invitation for bid or request for proposals.

The Secretary of State shall collect a special handling fee for filing records in the manner provided in Section 12182.

Financing statements and other Uniform Commercial Code filings shall be submitted on national standard forms as approved by the office of the Secretary of State or on those national forms but lacking a space identified for the disclosure of the social security number of an individual.

5907. A secured party who holds a security interest in a registered vehicle that constitutes inventory as defined in the Uniform Commercial Code, who has possession of the certificate of ownership issued for that vehicle, if the certificate of ownership has been issued, need not make application for a transfer of registration and the Uniform Commercial Code shall exclusively control the validity and perfection of that security interest. This section does not apply to the extent that subdivisions (a) to (c), inclusive, of Section 9311 of the Uniform Commercial Code apply to a security interest, because the transaction is not described in subdivision (d) of Section 9311 of that code.

CHAPTER 236

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 52941 of the Food and Agricultural Code is amended to read:

52941. (a) Any person who has cottonseed delinted for planting purposes under this chapter, shall annually pay to the secretary an assessment in an amount not to exceed six dollars ($6) per hundredweight on the undelinted weight of the cottonseed.

(b) Cottonseed delinters, by June 15th of each year, shall provide the secretary with the name and address of each person having cottonseed delinted and the undelinted weight of their cottonseed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide sufficient funds to protect California's cotton industry, it is necessary for this act to take effect immediately as an urgency statute.

CHAPTER 237

An act to amend Section 37700 of the Education Code, relating to schooldays, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Reeds Creek Elementary School District is faced with unique challenges, including its small pupil population, modest budget, large territory, and rural location.

(b) The district serves an area of 385 square miles and has a widely dispersed population of 140 pupils.

(c) Implementing transportation services for the pupil population is unusually difficult when travel time reaches 120 minutes each way.

(d) Forty-eight percent of the pupil population is eligible for free or reduced-price meals, and the region served by the district is economically limited.

(e) The restrictions imposed on the district by its small pupil population, modest budget, and large territory, combined with severe

fiscal difficulties confronting state and local government, leave the district with few options for coping with diminishing resources.

(f) The option to operate one or more schools on a four-day school week will enable the district to sustain existing programs without reducing the amount of instructional time provided to its pupils.

SEC. 2. Section 37700 of the Education Code is amended to read:

37700. (a) Notwithstanding any other law, the Pacific Unified School District, the Leggett Valley Unified School District, and the Reeds Creek Elementary School District may operate one or more schools in their respective districts on a four-day school week, if the district complies with the instructional time requirements specified in Section 37701 and the other requirements of this chapter.

(b) If a school district operates one or more schools on a four-day week pursuant to this section and the program for the school year provides less than the 180 days of instruction required under Section 46200, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year by the amount the school district would have received for the increase received pursuant to subdivision (a) of Section 46200, as adjusted in fiscal years subsequent to the 1984–85 fiscal year. If a school district operates one or more schools on a four-day school week pursuant to this section and the program provides less than the minimum instructional minutes required under Section 46201, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for that fiscal year in which the reduction occurs by the amount the school district would have received for the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (6) of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

(c) A school district with an exclusive bargaining representative may operate a school on a four-day school week pursuant to this section only if the district and the representative of each bargaining unit of district employees mutually agree to that operation in a memorandum of understanding.

SEC. 3. The Legislature finds and declares that due to the unique circumstances regarding the Reeds Creek Elementary School District, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in this act is necessarily applicable only to the Reeds Creek Elementary School District.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Reeds Creek Elementary School District to operate one or more schools in the district on a four-day school week at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 238

An act to add Section 1054.10 to the Penal Code, relating to discovery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1054.10 is added to the Penal Code, to read:

1054.10. (a) Except as provided in subdivision (b), no attorney may disclose or permit to be disclosed to a defendant, members of the defendant's family, or anyone else copies of child pornography evidence, unless specifically permitted to do so by the court after a hearing and a showing of good cause.

(b) Notwithstanding subdivision (a), an attorney may disclose or permit to be disclosed copies of child pornography evidence to persons employed by the attorney or to persons appointed by the court to assist in the preparation of a defendant's case if that disclosure is required for that preparation. Persons provided this material by an attorney shall be informed by the attorney that further dissemination of the material, except as provided by this section, is prohibited.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the proper handling of evidence of child pornography, it is necessary that this bill go into effect immediately.

CHAPTER 239

An act to add and repeal Section 367.3 of the Public Utilities Code, relating to energy resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 9, 2003. Filed with Secretary of State August 11, 2003.]

The people of the State of California do enact as follows:

SECTION 1. 367.3 is added to the Public Utilities Code, to read:

367.3. (a) For purposes of this section, a ''qualifying direct transaction customer'' means any customer that meets each of the following requirements:

(1) The customer entered into a direct transaction with an electric service provider for electric service for a plant or facility in California, by executing a contract prior to January 1, 2000, that extended service through at least February 1, 2001.

(2) The plant or facility was, after February 1, 2001, involuntarily returned to the electrical corporation for electrical service, as a result of the electric service provider terminating electrical service under the direct transaction contract.

(3) The plant or facility entered into a new direct transaction with an electric service provider for the plant or facility's electric service and a direct access service request (DASR) was submitted within 90 days from the date the plant or facility's most recent direct transaction contract was involuntarily terminated.

(4) The plant or facility continuously participated in an interruptible or curtailable service program.

(5) The plant or facility had an average total cost for all aspects of electric service, as a percentage of sales, in excess of 8 percent, for the five years beginning January 1, 1996, and continuing to December 31, 2000.

(6) The plant or facility had an average net profit margin as a percentage of sales of greater than 2 percent, for the five years beginning January 1, 1996, and continuing to December 31, 2000.

(7) The average total electric service cost as a percentage of sales, exceeded the average net profit margin as a percentage of sales for the plant or facility, for the five years beginning January 1, 1996, and continuing to December 31, 2000.

(8) The customer submits an application to the commission pursuant to this section within seven days of the operative date of the act adding this section, accompanied by a declaration from an officer, director, or owner stating that unless relieved of the expense of the direct access cost responsibility surcharge, the plant or facility that purchases electric service under the direct transaction contract, faces certain and imminent closure.

(b) If the commission finds it is in the public interest and there is no feasible alternative, the commission may defer or waive the collection of a portion of the cost responsibility surcharge otherwise applicable to a qualifying direct transaction customer, to the extent necessary to mitigate the conditions described in paragraph (8) of subdivision (a).

That deferral or waiver may not result in any shifting of costs to bundled service customers, either immediately or over time, or delay the full and timely recovery of costs from direct access customers as a group.

(c) The commission shall issue a decision on an application submitted pursuant to this section on or before September 4, 2003. Notwithstanding subdivisions (d) and (g) of Section 311, the commission may issue its decision in less than 30 days following filing and service of the proposed decision.

(d) The commission shall require an electrical corporation to defer collection of a portion of the cost responsibility surcharge otherwise applicable to a qualifying direct transaction customer while an application submitted pursuant to this section is pending before the commission and, if the application is granted, until the deferral or waiver is operative.

(e) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the public's best interest is served, and to preserve numerous jobs at facilities that face certain and imminent closure due to the high cost of electricity as a result of being involuntarily returned to bundled electric service during the energy crisis, it is necessary that this act take effect immediately.

CHAPTER 240

[Approved by Governor August 13, 2003. Filed with Secretary of State August 13, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

In order to protect the intent of the voters in approving the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Division 26.5 (commencing with Section 79500) of the Water Code), it is necessary and desirable that, to the maximum extent possible, the following principles apply to the implementation of that act:

(a) Guidelines developed for grant and loan programs pursuant to that act shall encourage integrated, multiple-benefit projects.

(b) Preference shall be given to funding safe drinking water and water quality projects that serve disadvantaged communities.

(c) Programs shall support projects that improve local and regional water supply reliability.

(d) For projects that affect water quality, preference shall be given to those projects that contribute expeditiously and measurably to the long-term attainment and maintenance of water quality standards.

(e) For projects that affect water quality, preference shall be given to funding projects that will eliminate or significantly reduce pollution into impaired waters and sensitive habitat areas, including areas of special biological significance.

(f) Projects that affect water quality shall include a monitoring component that allows the integration of data into statewide monitoring efforts, including, but not limited to, the surface water ambient monitoring program carried out by the State Water Resources Control Board.

(g) Groundwater projects and projects that affect groundwater shall include groundwater monitoring requirements consistent with the Groundwater Quality Monitoring Act of 2001 (Part 2.76 (commencing with Section 10780) of Division 6 of the Water Code).

SEC. 2. Section 11361 of the Government Code is amended to read:

11361. This chapter does not apply to the adoption or revision of regulations, guidelines, or criteria to implement the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act) (Chapter 1.692 (commencing with Section 5096.300) of Division 5 of the Public Resources Code), the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (Chapter 1.696 (commencing with Section 5096.600) of Division 5 of the Public Resources Code), or the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Division 26.5 (commencing with Section 79500) of the Water Code). The adoption or revision of regulations, guidelines, or criteria, if necessary to implement those respective acts, shall instead be

(b) The department shall determine the change in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services, as published by the United States Department of Commerce, for the quarter ending March 31 of the current year compared to the quarter ending March 31 of the previous year. The relative amount of the change shall be multiplied by the current fee for each license, stamp, permit, tag, or other entitlement issued by the department.

The product shall be rounded to the nearest twenty-five cents ($0.25), and the resulting amount shall be added to the fee for the current year. The resulting amount shall be the fee for the license year beginning on or after January 1 of the next succeeding calendar year for the license, stamp, permit, tag, or other entitlement that is adjusted under this section.

(c) Notwithstanding any other provision of law, the department may recalculate the current fees charged for each license, stamp, permit, tag, or other entitlement issued by the department, to determine that all appropriate indexing has been included in the current fees. This section shall apply to all licenses, stamps, permits, tags, or other entitlements, that have not been increased each year since the base year of the 1985–86 fiscal year.

(d) The calculations provided for in this section shall be reported to the Legislature with the Governor's Budget Bill.

(e) The Legislature finds that all revenues generated by fees for licenses, stamps, permits, tags, and other entitlements, computed under this section and used for the purposes for which they were imposed, are not subject to Article XIII B of the California Constitution.

(f) The department shall, at least every five years, analyze all fees for licenses, stamps, permits, tags, and other entitlements issued by it to ensure the appropriate fee amount is charged. Where appropriate, the department shall recommend to the Legislature or the commission that fees established by the commission or the Legislature be adjusted to ensure that those fees are appropriate.

The fee amount shall be assessed in the following way:

(1) Group R occupancies, as defined in the 1985 Uniform Building Code and adopted in Part 2 (commencing with Section 2-101) of Title 24 of the California Code of Regulations, one to three stories in height, except hotels and motels, shall be assessed at the rate of ten dollars ($10) per one hundred thousand dollars ($100,000), with appropriate fractions thereof.

(c) (1) A city or county may retain up to 5 percent of the total amount it collects under subdivision (a) or (b) for data utilization, for seismic education incorporating data interpretations from data of the strong-motion instrumentation program and the seismic hazards mapping program, and, in accordance with paragraph (2), for improving the preparation for damage assessment after strong seismic motion events.

(2) A city or county may use any funds retained pursuant to this subdivision to improve the preparation for damage assessment in its jurisdiction only after it provides the Department of Conservation with information indicating to the department that data utilization and seismic education activities have been adequately funded.

(d) Funds collected pursuant to subdivision (a) and (b), less the amount retained pursuant to subdivision (c), shall be deposited in the Strong-Motion Instrumentation and Seismic Hazards Mapping Fund, as created by Section 2699.5.

SEC. 7. Section 2705.5 of the Public Resources Code is amended to read:

2705.5. The Division of Mines and Geology shall advise counties and cities as to that portion of the total fees allocated to the Strong-Motion Instrumentation and Seismic Hazards Mapping Fund, so that this information may be provided to building permit applicants.

The civil penalty shall be imposed by an order of the supervisor upon a determination that a violation has been committed by the person charged, following notice to the person and an opportunity to be heard. The notice shall be served by personal service

or certified mail, and shall inform the alleged violator of the date, time, and place of the hearing, the activity that is alleged to be a violation, the statute or regulation violated, and the hearing and judicial review procedures. A person upon whom a civil penalty is imposed by a final order of the supervisor may obtain judicial review of that final order by seeking a writ of mandate pursuant to Section 1094.5 of the Code of Civil Procedure within 30 days of the date of that final order. When the order of the supervisor has become final, and the penalty has not been paid, the supervisor may apply to the appropriate superior court for an order directing payment of the civil penalty. The supervisor may also seek from the court an order directing that production from the well operations that are the subject of the civil penalty order is discontinued until the violation has been remedied to the satisfaction of the supervisor, and the civil penalty has been paid.

(c) Any amount collected under this section shall be deposited in the Oil, Gas, and Geothermal Administrative Fund.

The payment of the penalty shall not operate to relieve a person on whom the penalty is imposed from liability to any other person for damages arising out of the violation. The penalty, when

recovered, shall be paid to the State Treasurer and shall be deposited to the credit of the Oil, Gas, and Geothermal Administrative Fund.

(c) Any person knowingly aiding or abetting any other person in the violation of any provision of this article, or any rule, regulation or order of the supervisor shall be subject to the same penalty as that prescribed by this section for the violation by the other person.

When establishing the amount of civil liability pursuant to this section, the supervisor shall consider, in addition to other relevant circumstances, (1) the extent of harm caused by the violation, (2) the

persistence of the violation, and (3) the number of prior violations by the same violator.

regarding the acquisition of the property, if the acquisition is between five hundred thousand dollars ($500,000) and five million dollars ($5,000,000).

(B) The written notice of intent shall describe any potential impact that the acquisition may have on the department's efforts to provide park and recreational opportunities.

(b) With respect to real property in excess of five million dollars ($5,000,000) that is not proposed to be acquired pursuant to subdivision (f) of Section 5006, the department shall hold a public hearing within the county in which the real property is located, at which interested members of the public may comment on the proposed acquisition. Notice of the hearing shall be published at least twice in a newspaper of general circulation within the county. The department shall provide written notice of its intent to acquire the real property to the city or county, or both, having jurisdiction over the property, as early as possible in the acquisition process.

(c) This section does not apply to any real property to be acquired by grant, gift, devise, or bequest.

SEC. 22. Section 5015.6 is added to the Public Resources Code, to read:

5015.6. In recognition of the late Ed Z'berg's many contributions to the growth and improvement of the state park system, Sugar Pine Point State Park is hereby designated and shall be known as the Ed Z'berg Sugar Pine Point State Park.

SEC. 23. Section 5627 of the Public Resources Code is amended to read:

5627. (a) Grant moneys received pursuant to this chapter shall be expended for high priority projects that satisfy the most urgent park and recreation needs, with emphasis on unmet needs in the most heavily populated and most economically disadvantaged areas within each jurisdiction.

(b) Grants received pursuant to this chapter shall be expended only for acquisition, development, or both, except that not more than 30 percent of the amount received by a city, county, or district in an annual period may be utilized for special major maintenance projects, provided the projects are related to land acquired or developed, or both, in whole or in part, with state moneys under this chapter, or for innovative recreation programs, or for both.

(c) Grants to cities, counties, and districts pursuant to this chapter shall be on the basis of 70 percent state money and 30 percent local matching money, not less than one-third of which shall be from private or nonstate sources of funds, for the project. Grants for acquisition shall be matched only by money or property donated to be part of the acquisition project. Grants for development may be matched by

monetary contributions or, if nonmonetary contributions, as provided in regulations and standards which shall be established by the director after a public hearing. The component of local matching money consisting of funds from private or nonstate sources may, at the option of the grant recipient, be calculated as a percentage of the total amount granted in that fiscal year to a grant recipient, rather than on a project-by-project basis.

(d) The component of local matching money from private or nonstate sources required by subdivision (c) may be in the form of and include, but is not limited to, the following: cash donations, gifts of real property, equipment, and consumable supplies, volunteer services, free or reduced-cost use of lands, facilities, or equipment, and bequests and earnings from wills, estates, and trusts. Funds from nonstate sources that qualify for the purposes of subdivision (c) are funds from the federal government and local public agencies other than the grant recipient. Real property, cash, or other assets required to be transferred to a public agency pursuant to Section 66477 of the Government Code or any other provision of law may not qualify as funds from a private or nonstate source; however, they shall qualify as the monetary or nonmonetary contribution required to be furnished by the grant recipient pursuant to subdivision (c).

(e) The grant recipient shall certify to the department that there is available, or will become available prior to the encumbrance of any state funds for any work on the project for which application for a grant has been made, matching money from private or nonstate sources. Certification of the source and amount of nonstate funds shall be set forth in the application for a grant submitted to the department. However, in recognition of the fact that raising private funds frequently requires an initial evidence of matching public funds, the certification of the source and amount of the private funds shall be made by the applicant at least 30 days prior to actual release of state funds.

(f) Local matching money may not be required with respect to an applicant that has urgent unmet needs for recreational lands or facilities, and lacks the financial resources to acquire or develop recreational lands or facilities, as determined pursuant to a formula set forth in regulations adopted by the director after a public hearing. In addition, with respect to applications for grants submitted for areas where private financial resources are of limited availability or submitted for projects or programs that are not of a type likely to attract private funds, the director shall, if the project conforms to regulations adopted by the department, waive the requirement that at least one-third of local matching money be from private sources. The regulations shall establish criteria and procedures for the waiver. These criteria may provide for consideration of the average per capita income, unemployment rate, crime rate, and

recent history of plant or business closures in the area of the applicant's jurisdiction where the grant will be expended.

(g) Notwithstanding subdivisions (c), (d), (e), and (f), funds from the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (Chapter 1.696 (commencing with Section 5096.600)) that are or have been appropriated on or before June 30, 2004, for the purposes of this chapter do not require local matching money.

CHAPTER 241

An act to add Division 1.2 (commencing with Section 4050) to the Financial Code, relating to financial privacy.

[Approved by Governor August 27, 2003. Filed with Secretary of State August 28, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Division 1.2 (commencing with Section 4050) is added to the Financial Code, to read:

DIVISION 1.2. CALIFORNIA FINANCIAL INFORMATION PRIVACY ACT

4050. This division shall be known and may be cited as the California Financial Information Privacy Act.

4051. (a) The Legislature intends for financial institutions to provide their consumers notice and meaningful choice about how consumers' nonpublic personal information is shared or sold by their financial institutions.

(b) It is the intent of the Legislature in enacting the California Financial Information Privacy Act to afford persons greater privacy protections than those provided in Public Law 106-102, the federal Gramm-Leach-Bliley Act, and that this division be interpreted to be consistent with that purpose.

4051.5. (a) The Legislature finds and declares all of the following:

(1) The California Constitution protects the privacy of California citizens from unwarranted intrusions into their private and personal lives.

(2) Federal banking legislation, known as the Gramm-Leach-Bliley Act, which breaks down restrictions on affiliation among different types of financial institutions, increases the likelihood that the personal financial information of California residents will be widely shared among, between, and within companies.

(3) The policies intended to protect financial privacy imposed by the Gramm-Leach-Bliley Act are inadequate to meet the privacy concerns of California residents.

(4) Because of the limitations of these federal policies, the Gramm-Leach-Bliley Act explicitly permits states to enact privacy protections that are stronger than those provided in federal law.

(b) It is the intent of the Legislature in enacting this division:

(1) To ensure that Californians have the ability to control the disclosure of what the Gramm-Leach-Bliley Act calls nonpublic personal information.

(2) To achieve that control for California consumers by requiring that financial institutions that want to share information with third parties and unrelated companies seek and acquire the affirmative consent of California consumers prior to sharing the information.

(3) To further achieve that control for California consumers by providing consumers with the ability to prevent the sharing of financial information among affiliated companies through a simple opt-out mechanism via a clear and understandable notice provided to the consumer.

(4) To provide, to the maximum extent possible, consistent with the purposes cited above, a level playing field among types and sizes of

businesses consistent with the objective of providing consumers control over their nonpublic personal information, including providing that those financial institutions with limited affiliate relationships may enter into agreements with other financial institutions as provided in this division, and providing that the different business models of differing financial institutions are treated in ways that provide consistent consumer control over information-sharing practices.

(5) To adopt to the maximum extent feasible, consistent with the purposes cited above, definitions consistent with federal law, so that in particular there is no change in the ability of businesses to carry out normal processes of commerce for transactions voluntarily entered into by consumers.

4052. For the purposes of this division:

(a) ''Nonpublic personal information'' means personally identifiable financial information (1) provided by a consumer to a financial institution, (2) resulting from any transaction with the consumer or any service performed for the consumer, or (3) otherwise obtained by the financial institution. Nonpublic personal information does not include publicly available information that the financial institution has a reasonable basis to believe is lawfully made available to the general public from (1) federal, state, or local government records, (2) widely distributed media, or (3) disclosures to the general public that are required to be made by federal, state, or local law. Nonpublic personal information shall include any list, description, or other grouping of consumers, and publicly available information pertaining to them, that is derived using any nonpublic personal information other than publicly available information, but shall not include any list, description, or other grouping of consumers, and publicly available information pertaining to them, that is derived without using any nonpublic personal information.

(b) ''Personally identifiable financial information'' means information (1) that a consumer provides to a financial institution to obtain a product or service from the financial institution, (2) about a consumer resulting from any transaction involving a product or service between the financial institution and a consumer, or (3) that the financial institution otherwise obtains about a consumer in connection with providing a product or service to that consumer. Any personally identifiable information is financial if it was obtained by a financial institution in connection with providing a financial product or service to a consumer. Personally identifiable financial information includes all of the following:

(1) Information a consumer provides to a financial institution on an application to obtain a loan, credit card, or other financial product or service.

(2) Account balance information, payment history, overdraft history, and credit or debit card purchase information.

(3) The fact that an individual is or has been a consumer of a financial institution or has obtained a financial product or service from a financial institution.

(4) Any information about a financial institution's consumer if it is disclosed in a manner that indicates that the individual is or has been the financial institution's consumer.

(5) Any information that a consumer provides to a financial institution or that a financial institution or its agent otherwise obtains in connection with collecting on a loan or servicing a loan.

(6) Any personally identifiable financial information collected through an Internet cookie or an information collecting device from a Web server.

(7) Information from a consumer report.

(c) ''Financial institution'' means any institution the business of which is engaging in financial activities as described in Section 1843(k) of Title 12 of the United States Code and doing business in this state. An institution that is not significantly engaged in financial activities is not a financial institution. The term ''financial institution'' does not include any institution that is primarily engaged in providing hardware, software, or interactive services, provided that it does not act as a debt collector, as defined in 15 U.S.C. Sec. 1692a, or engage in activities for which the institution is required to acquire a charter, license, or registration from a state or federal governmental banking, insurance, or securities agency. The term ''financial institution'' does not include the Federal Agricultural Mortgage Corporation or any entity chartered and operating under the Farm Credit Act of 1971 (12 U.S.C. Sec. 2001 et seq.), provided that the entity does not sell or transfer nonpublic personal information to an affiliate or a nonaffiliated third party. The term ''financial institution'' does not include institutions chartered by Congress specifically to engage in a proposed or actual securitization, secondary market sale, including sales of servicing rights, or similar transactions related to a transaction of the consumer, as long as those institutions do not sell or transfer nonpublic personal information to a nonaffiliated third party. The term ''financial institution'' does not include any provider of professional services, or any wholly owned affiliate thereof, that is prohibited by rules of professional ethics and applicable law from voluntarily disclosing confidential client information without the consent of the client. The term ''financial institution'' does not include any person licensed as a dealer under Article 1 (commencing with Section 11700) of Chapter 4 of Division 5 of the Vehicle Code that enters into contracts for the installment sale or lease of motor vehicles pursuant to the requirements of Chapter 2B

(commencing with Section 2981) or 2D (commencing with Section 2985.7) of Title 14 of Part 4 of Division 3 of the Civil Code and assigns substantially all of those contracts to financial institutions within 30 days.

(d) ''Affiliate'' means any entity that controls, is controlled by, or is under common control with, another entity, but does not include a joint employee of the entity and the affiliate. A franchisor, including any affiliate thereof, shall be deemed an affiliate of the franchisee for purposes of this division.

(e) ''Nonaffiliated third party'' means any entity that is not an affiliate of, or related by common ownership or affiliated by corporate control with, the financial institution, but does not include a joint employee of that institution and a third party.

(f) ''Consumer'' means an individual resident of this state, or that individual's legal representative, who obtains or has obtained from a financial institution a financial product or service to be used primarily for personal, family, or household purposes. For purposes of this division, an individual resident of this state is someone whose last known mailing address, other than an Armed Forces Post Office or Fleet Post Office address, as shown in the records of the financial institution, is located in this state. For purposes of this division, an individual is not a consumer of a financial institution solely because he or she is (1) a participant or beneficiary of an employee benefit plan that a financial institution administers or sponsors, or for which the financial institution acts as a trustee, insurer, or fiduciary, (2) covered under a group or blanket insurance policy or group annuity contract issued by the financial institution, (3) a beneficiary in a workers' compensation plan, (4) a beneficiary of a trust for which the financial institution is a trustee, or (5) a person who has designated the financial institution as trustee for a trust, provided that the financial institution provides all required notices and rights required by this division to the plan sponsor, group or blanket insurance policyholder, or group annuity contractholder.

(g) ''Control'' means (1) ownership or power to vote 25 percent or more of the outstanding shares of any class of voting security of a company, acting through one or more persons, (2) control in any manner over the election of a majority of the directors, or of individuals exercising similar functions, or (3) the power to exercise, directly or indirectly, a controlling influence over the management or policies of a company. However, for purposes of the application of the definition of control as it relates to credit unions, a credit union has a controlling influence over the management or policies of a credit union service organization (CUSO), as that term is defined by state or federal law or regulation, if the CUSO is at least 67 percent owned by credit unions. For purposes of the application of the definition of control to a financial

institution subject to regulation by the United States Securities and Exchange Commission, a person who owns beneficially, either directly or through one or more controlled companies, more than 25 percent of the voting securities of a company is presumed to control the company, and a person who does not own more than 25 percent of the voting securities of a company is presumed not to control the company, and a presumption regarding control may be rebutted by evidence, but in the case of an investment company, the presumption shall continue until the United States Securities and Exchange Commission makes a decision to the contrary according to the procedures described in Section 2(a)(9) of the federal Investment Company Act of 1940.

4052.5. Except as provided in Sections 4053, 4054.6, and 4056, a financial institution shall not sell, share, transfer, or otherwise disclose nonpublic personal information to or with any nonaffiliated third parties without the explicit prior consent of the consumer to whom the nonpublic personal information relates.

4053. (a) (1) A financial institution shall not disclose to, or share a consumer's nonpublic personal information with, any nonaffiliated third party as prohibited by Section 4052.5, unless the financial institution has obtained a consent acknowledgment from the consumer that complies with paragraph (2) that authorizes the financial institution to disclose or share the nonpublic personal information. Nothing in this section shall prohibit or otherwise apply to the disclosure of nonpublic personal information as allowed in Section 4056. A financial institution shall not discriminate against or deny an otherwise qualified consumer a financial product or a financial service because the consumer has not provided consent pursuant to this subdivision and Section 4052.5 to authorize the financial institution to disclose or share nonpublic personal information pertaining to him or her with any nonaffiliated third party. Nothing in this section shall prohibit a financial institution from denying a consumer a financial product or service if the financial institution could not provide the product or service to a consumer without the consent to disclose the consumer's nonpublic personal information required by this subdivision and Section 4052.5, and the consumer has failed to provide consent. A financial institution shall not be liable for failing to offer products and services to a consumer solely because that consumer has failed to provide consent pursuant to this subdivision and Section 4052.5 and the financial institution could not offer the product or service without the consent to disclose the consumer's nonpublic personal information required by this subdivision and Section 4052.5, and the consumer has failed to provide consent. Nothing in this section is intended to prohibit a financial institution from offering incentives or discounts to elicit a specific response to the notice.

(2) A financial institution shall utilize a form, statement, or writing to obtain consent to disclose nonpublic personal information to nonaffiliated third parties as required by Section 4052.5 and this subdivision. The form, statement, or writing shall meet all of the following criteria:

(A) The form, statement, or writing is a separate document, not attached to any other document.

(B) The form, statement, or writing is dated and signed by the consumer.

(C) The form, statement, or writing clearly and conspicuously discloses that by signing, the consumer is consenting to the disclosure to nonaffiliated third parties of nonpublic personal information pertaining to the consumer.

(D) The form, statement, or writing clearly and conspicuously discloses (i) that the consent will remain in effect until revoked or modified by the consumer; (ii) that the consumer may revoke the consent at any time; and (iii) the procedure for the consumer to revoke consent.

(E) The form, statement, or writing clearly and conspicuously informs the consumer that (i) the financial institution will maintain the document or a true and correct copy; (ii) the consumer is entitled to a copy of the document upon request; and (iii) the consumer may want to make a copy of the document for the consumer's records.

(b) (1) A financial institution shall not disclose to, or share a consumer's nonpublic personal information with, an affiliate unless the financial institution has clearly and conspicuously notified the consumer annually in writing pursuant to subdivision (d) that the nonpublic personal information may be disclosed to an affiliate of the financial institution and the consumer has not directed that the nonpublic personal information not be disclosed. A financial institution does not disclose information to, or share information with, its affiliate merely because information is maintained in common information systems or databases, and employees of the financial institution and its affiliate have access to those common information systems or databases, or a consumer accesses a Web site jointly operated or maintained under a common name by or on behalf of the financial institution and its affiliate, provided that where a consumer has exercised his or her right to prohibit disclosure pursuant to this division, nonpublic personal information is not further disclosed or used by an affiliate except as permitted by this division.

(2) Subdivision (a) shall not prohibit the release of nonpublic personal information by a financial institution with whom the consumer has a relationship to a nonaffiliated financial institution for purposes of jointly offering a financial product or financial service pursuant to a written agreement with the financial institution that receives the

nonpublic personal information provided that all of the following requirements are met:

(A) The financial product or service offered is a product or service of, and is provided by, at least one of the financial institutions that is a party to the written agreement.

(B) The financial product or service is jointly offered, endorsed, or sponsored, and clearly and conspicuously identifies for the consumer the financial institutions that disclose and receive the disclosed nonpublic personal information.

(C) The written agreement provides that the financial institution that receives that nonpublic personal information is required to maintain the confidentiality of the information and is prohibited from disclosing or using the information other than to carry out the joint offering or servicing of a financial product or financial service that is the subject of the written agreement.

(D) The financial institution that releases the nonpublic personal information has complied with subdivision (d) and the consumer has not directed that the nonpublic personal information not be disclosed.

(E) Notwithstanding this section, until January 1, 2005, a financial institution may disclose nonpublic personal information to a nonaffiliated financial institution pursuant to a preexisting contract with the nonaffiliated financial institution, for purposes of offering a financial product or financial service, if that contract was entered into on or before January 1, 2004. Beginning on January 1, 2005, no nonpublic personal information may be disclosed pursuant to that contract unless all the requirements of this subdivision are met.

(3) Nothing in this subdivision shall prohibit a financial institution from disclosing or sharing nonpublic personal information as otherwise specifically permitted by this division.

(4) A financial institution shall not discriminate against or deny an otherwise qualified consumer a financial product or a financial service because the consumer has directed pursuant to this subdivision that nonpublic personal information pertaining to him or her not be disclosed. A financial institution shall not be required to offer or provide products or services offered through affiliated entities or jointly with nonaffiliated financial institutions pursuant to paragraph (2) where the consumer has directed that nonpublic personal information not be disclosed pursuant to this subdivision and the financial institution could not offer or provide the products or services to the consumer without disclosure of the consumer's nonpublic personal information that the consumer has directed not be disclosed pursuant to this subdivision. A financial institution shall not be liable for failing to offer or provide products or services offered through affiliated entities or jointly with nonaffiliated financial institutions pursuant to paragraph (2) solely

because the consumer has directed that nonpublic personal information not be disclosed pursuant to this subdivision and the financial institution could not offer or provide the products or services to the consumer without disclosure of the consumer's nonpublic personal information that the consumer has directed not be disclosed to affiliates pursuant to this subdivision. Nothing in this section is intended to prohibit a financial institution from offering incentives or discounts to elicit a specific response to the notice set forth in this division. Nothing in this section shall prohibit the disclosure of nonpublic personal information allowed by Section 4056.

(5) The financial institution may, at its option, choose instead to comply with the requirements of subdivision (a).

(c) Nothing in this division shall restrict or prohibit the sharing of nonpublic personal information between a financial institution and its wholly owned financial institution subsidiaries; among financial institutions that are each wholly owned by the same financial institution; among financial institutions that are wholly owned by the same holding company; or among the insurance and management entities of a single insurance holding company system consisting of one or more reciprocal insurance exchanges which has a single corporation or its wholly owned subsidiaries providing management services to the reciprocal insurance exchanges, provided that in each case all of the following requirements are met:

(1) The financial institution disclosing the nonpublic personal information and the financial institution receiving it are regulated by the same functional regulator; provided, however, that for purposes of this subdivision, financial institutions regulated by the Office of the Comptroller of the Currency, Office of Thrift Supervision, National Credit Union Administration, or a state regulator of depository institutions shall be deemed to be regulated by the same functional regulator; financial institutions regulated by the Securities and Exchange Commission, the United States Department of Labor, or a state securities regulator shall be deemed to be regulated by the same functional regulator; and insurers admitted in this state to transact insurance and licensed to write insurance policies shall be deemed to be in compliance with this paragraph.

(2) The financial institution disclosing the nonpublic personal information and the financial institution receiving it are both principally engaged in the same line of business. For purposes of this subdivision, ''same line of business'' shall be one and only one of the following:

(A) Insurance.

(B) Banking.

(C) Securities.

(3) The financial institution disclosing the nonpublic personal information and the financial institution receiving it share a common brand, excluding a brand consisting solely of a graphic element or symbol, within their trademark, service mark, or trade name, which is used to identify the source of the products and services provided.

A wholly owned subsidiary shall include a subsidiary wholly owned directly or wholly owned indirectly in a chain of wholly owned subsidiaries.

Nothing in this subdivision shall permit the disclosure by a financial institution of medical record information, as defined in subdivision (q) of Section 791.02 of the Insurance Code, except in compliance with the requirements of this division, including the requirements set forth in subdivisions (a) and (b).

(d) (1) A financial institution shall be conclusively presumed to have satisfied the notice requirements of subdivision (b) if it uses the form set forth in this subdivision. The form set forth in this subdivision or a form that complies with subparagraphs (A) to (L), inclusive, of this paragraph shall be sent by the financial institution to the consumer so that the consumer may make a decision and provide direction to the financial institution regarding the sharing of his or her nonpublic personal information. If a financial institution does not use the form set forth in this subdivision, the financial institution shall use a form that meets all of the following requirements:

(A) The form uses the same title (''IMPORTANT PRIVACY CHOICES FOR CONSUMERS'') and the headers, if applicable, as follows: ''Restrict Information Sharing With Companies We Own Or Control (Affiliates)'' and ''Restrict Information Sharing With Other Companies We Do Business With To Provide Financial Products And Services.''

(B) The titles and headers in the form are clearly and conspicuously displayed, and no text in the form is smaller than 10-point type.

(C) The form is a separate document, except as provided by subparagraph (D) of paragraph (2), and Sections 4054 and 4058.7.

(D) The choice or choices pursuant to subdivision (b) and Section 4054.6, if applicable, provided in the form are stated separately and may be selected by checking a box.

(E) The form is designed to call attention to the nature and significance of the information in the document.

(F) The form presents information in clear and concise sentences, paragraphs, and sections.

(G) The form uses short explanatory sentences (an average of 15-20 words) or bullet lists whenever possible.

(H) The form avoids multiple negatives, legal terminology, and highly technical terminology whenever possible.

(I) The form avoids explanations that are imprecise and readily subject to different interpretations.

(J) The form achieves a minimum Flesch reading ease score of 50, as defined in Section 2689.4(a)(7) of Title 10 of the California Code of Regulations, in effect on March 24, 2003, except that the information in the form included to comply with subparagraph (A) shall not be included in the calculation of the Flesch reading ease score, and the information used to describe the choice or choices pursuant to subparagraph (D) shall score no lower than the information describing the comparable choice or choices set forth in the form in this subdivision.

(K) The form provides wide margins, ample line spacing and uses boldface or italics for key words.

(L) The form is not more than one page.

(2) (A) None of the instructional items appearing in brackets in the form set forth in this subdivision shall appear in the form provided to the consumer, as those items are for explanation purposes only. If a financial institution does not disclose or share nonpublic personal information as described in a header of the form, the financial institution may omit the applicable header or headers, and the accompanying information and box, in the form it provides pursuant to this subdivision. (B) If a financial institution uses a form other than that set forth in this subdivision, the financial institution may submit that form to its functional regulator for approval, and for forms filed with the Office of Privacy Protection prior to July 1, 2007, that approval shall constitute a rebuttable presumption that the form complies with this section.

(C) A financial institution shall not be in violation of this subdivision solely because it includes in the form one or more brief examples or explanations of the purpose or purposes, or context, within which information will be shared, as long as those examples meet the clarity and readability standards set forth in paragraph (1).

(D) The outside of the envelope in which the form is sent to the consumer shall clearly state in 16-point boldface type ''IMPORTANT PRIVACY CHOICES,'' except that a financial institution sending the form to a consumer in the same envelope as a bill, account statement, or application requested by the consumer does not have to include the wording ''IMPORTANT PRIVACY CHOICES'' on that envelope. (3) The consumer shall be provided a reasonable opportunity prior to disclosure of nonpublic personal information to direct that nonpublic personal information not be disclosed. A consumer may direct at any time that his or her nonpublic personal information not be disclosed. A financial institution shall comply with a consumer's directions concerning the sharing of his or her nonpublic personal information within 45 days of receipt by the financial institution. When a consumer directs that nonpublic personal information not be disclosed, that direction is in effect until otherwise stated by the consumer. A financial institution that has not provided a consumer with annual notice pursuant to subdivision (b) shall provide the consumer with a form that meets the requirements of this subdivision, and shall allow 45 days to lapse from the date of providing the form in person or the postmark or other postal verification of mailing before disclosing nonpublic personal information pertaining to the consumer.

Nothing in this subdivision shall prohibit the disclosure of nonpublic personal information as allowed by subdivision (c) or Section 4056.

(5) If a financial institution does not have a continuing relationship with a consumer other than the initial transaction in which the product or service is provided, no annual disclosure requirement exists pursuant to this section as long as the financial institution provides the consumer with the form required by this section at the time of the initial transaction. As used in this section, ''annually'' means at least once in any period of 12 consecutive months during which that relationship exists. The financial institution may define the 12-consecutive-month period, but shall apply it to the consumer on a consistent basis. If, for example, a financial institution defines the 12-consecutive-month period as a calendar year and provides the annual notice to the consumer once in each calendar year, it complies with the requirement to send the notice annually.

(6) A financial institution with assets in excess of twenty-five million dollars ($25,000,000) shall include a self-addressed first class business reply return envelope with the notice. A financial institution with assets of up to and including twenty-five million dollars ($25,000,000) shall include a self-addressed return envelope with the notice. In lieu of the first class business reply return envelope required by this paragraph, a financial institution may offer a self-addressed return envelope with the notice and at least two alternative cost-free means for consumers to communicate their privacy choices, such as calling a toll-free number, sending a facsimile to a toll-free telephone number, or using electronic means. A financial institution shall clearly and conspicuously disclose in the form required by this subdivision the information necessary to direct the consumer on how to communicate his or her choices, including the toll-free or facsimile number or Web site address that may be used, if those means of communication are offered by the financial institution.

(7) A financial institution may provide a joint notice from it and one or more of its affiliates or other financial institutions, as identified in the notice, so long as the notice is accurate with respect to the financial institution and the affiliates and other financial institutions.

(e) Nothing in this division shall prohibit a financial institution from marketing its own products and services or the products and services of affiliates or nonaffiliated third parties to customers of the financial institution as long as (1) nonpublic personal information is not disclosed in connection with the delivery of the applicable marketing materials to

those customers except as permitted by Section 4056 and (2) in cases in which the applicable nonaffiliated third party may extrapolate nonpublic personal information about the consumer responding to those marketing materials, the applicable nonaffiliated third party has signed a contract with the financial institution under the terms of which (A) the nonaffiliated third party is prohibited from using that information for any purpose other than the purpose for which it was provided, as set forth in the contract, and (B) the financial institution has the right by audit, inspections, or other means to verify the nonaffiliated third party's compliance with that contract.

4053.5. Except as otherwise provided in this division, an entity that receives nonpublic personal information from a financial institution under this division shall not disclose this information to any other entity, unless the disclosure would be lawful if made directly to the other entity by the financial institution. An entity that receives nonpublic personal information pursuant to any exception set forth in Section 4056 shall not use or disclose the information except in the ordinary course of business to carry out the activity covered by the exception under which the information was received.

4054. (a) Nothing in this division shall require a financial institution to provide a written notice to a consumer pursuant to Section 4053 if the financial institution does not disclose nonpublic personal information to any nonaffiliated third party or to any affiliate, except as allowed in this division.

(b) A notice provided to a member of a household pursuant to Section 4053 shall be considered notice to all members of that household unless that household contains another individual who also has a separate account with the financial institution.

(c) (1) The requirement to send a written notice to a consumer may be fulfilled by electronic means if the following requirements are met:

(A) The notice, and the manner in which it is sent, meets all of the requirements for notices that are required by law to be in writing, as set forth in Section 101 of the federal Electronic Signatures in Global and National Commerce Act.

(B) All other requirements applicable to the notice, as set forth in this division, are met, including, but not limited to, requirements concerning content, timing, form, and delivery. An electronic notice sent pursuant to this section is not required to include a return envelope.

(C) The notice is delivered to the consumer in a form the consumer may keep.

(2) A notice that is made available to a consumer, and is not delivered to the consumer, does not satisfy the requirements of paragraph (1).

(3) Any electronic consumer reply to an electronic notice sent pursuant to this division is effective. A person that electronically sends

a notice required by this division to a consumer may not by contract, or otherwise, eliminate the effectiveness of the consumer's electronic reply.

(4) This division modifies the provisions of Section 101 of the federal Electronic Signatures in Global and National Commerce Act. However, it does not modify, limit, or supersede the provisions of subsection (c), (d), (e), (f), or (h) of Section 101 of the federal Electronic Signatures in Global and National Commerce Act, nor does it authorize electronic delivery of any notice of the type described in subsection (b) of Section 103 of that federal act.

4054.6. (a) When a financial institution and an organization or business entity that is not a financial institution (''affinity partner'') have an agreement to issue a credit card in the name of the affinity partner (''affinity card''), the financial institution shall be permitted to disclose to the affinity partner in whose name the card is issued only the following information pertaining to the financial institution's customers who are in receipt of the affinity card: (1) name, address, telephone number, and electronic mail address and (2) record of purchases made using the affinity card in a business establishment, including a Web site, bearing the brand name of the affinity partner.

(b) When a financial institution and an affinity partner have an agreement to issue a financial product or service, other than a credit card, on behalf of the affinity partner (''affinity financial product or service''), the financial institution shall be permitted to disclose to the affinity partner only the following information pertaining to the financial institution's customers who obtained the affinity financial product or service: name, address, telephone number, and electronic mail address.

(c) The disclosures specified in subdivisions (a) and (b) shall be permitted only if the following requirements are met:

(1) The financial institution has provided the consumer a notice meeting the requirements of subdivision (d) of Section 4053, and the consumer has not directed that nonpublic personal information not be disclosed. A response to a notice meeting the requirements of subdivision (d) directing the financial institution to not disclose nonpublic personal information to a nonaffiliated financial institution shall be deemed a direction to the financial institution to not disclose nonpublic personal information to an affinity partner, unless the form containing the notice provides the consumer with a separate choice for disclosure to affinity partners.

(2) The financial institution has a contractual agreement with the affinity partner that requires the affinity partner to maintain the confidentiality of the nonpublic personal information and prohibits affinity partners from using the information for any purposes other than verifying membership, verifying the consumer's contact information, or offering the affinity partner's own products or services to the consumer.

(3) The customer list is not disclosed in any way that reveals or permits extrapolation of any additional nonpublic personal information about any customer on the list.

(4) If the affinity partner sends any message to any electronic mail addresses obtained pursuant to this section, the message shall include at least both of the following:

(A) The identity of the sender of the message.

(B) A cost-free means for the recipient to notify the sender not to electronically mail any further message to the recipient.

(d) Nothing in this section shall prohibit the disclosure of nonpublic personal information pursuant to Section 4056.

(e) This section does not apply to credit cards issued in the name of an entity primarily engaged in retail sales or a name proprietary to a company primarily engaged in retail sales.

4056. (a) This division shall not apply to information that is not personally identifiable to a particular person.

(b) Notwithstanding Sections 4052.5, 4053, 4054, and 4054.6, a financial institution may release nonpublic personal information under the following circumstances:

(1) The nonpublic personal information is necessary to effect, administer, or enforce a transaction requested or authorized by the consumer, or in connection with servicing or processing a financial product or service requested or authorized by the consumer, or in connection with maintaining or servicing the consumer's account with the financial institution, or with another entity as part of a private label credit card program or other extension of credit on behalf of that entity, or in connection with a proposed or actual securitization or secondary market sale, including sales of servicing rights, or similar transactions related to a transaction of the consumer.

(2) The nonpublic personal information is released with the consent of or at the direction of the consumer.

(3) The nonpublic personal information is:

(A) Released to protect the confidentiality or security of the financial institution's records pertaining to the consumer, the service or product, or the transaction therein.

(B) Released to protect against or prevent actual or potential fraud, identity theft, unauthorized transactions, claims, or other liability.

(C) Released for required institutional risk control, or for resolving customer disputes or inquiries.

(D) Released to persons holding a legal or beneficial interest relating to the consumer, including for purposes of debt collection.

(E) Released to persons acting in a fiduciary or representative capacity on behalf of the consumer.

(4) The nonpublic personal information is released to provide information to insurance rate advisory organizations, guaranty funds or agencies, applicable rating agencies of the financial institution, persons assessing the institution's compliance with industry standards, and the institution's attorneys, accountants, and auditors.

(5) The nonpublic personal information is released to the extent specifically required or specifically permitted under other provisions of law and in accordance with the Right to Financial Privacy Act of 1978 (12 U.S.C. Sec. 3401 et seq.), to law enforcement agencies, including a federal functional regulator, the Secretary of the Treasury with respect to subchapter II of Chapter 53 of Title 31, and Chapter 2 of Title I of Public Law 91-508 (12 U.S.C. Secs. 1951-1959), the California Department of Insurance or other state insurance regulators, or the Federal Trade Commission, and self-regulatory organizations, or for an investigation on a matter related to public safety.

(6) The nonpublic personal information is released in connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit if the disclosure of nonpublic personal information concerns solely consumers of the business or unit.

(7) The nonpublic personal information is released to comply with federal, state, or local laws, rules, and other applicable legal requirements; to comply with a properly authorized civil, criminal, administrative, or regulatory investigation or subpoena or summons by federal, state, or local authorities; or to respond to judicial process or government regulatory authorities having jurisdiction over the financial institution for examination, compliance, or other purposes as authorized by law.

(8) When a financial institution is reporting a known or suspected instance of elder or dependent adult financial abuse or is cooperating with a local adult protective services agency investigation of known or suspected elder or dependent adult financial abuse pursuant to Article 3 (commencing with Section 15630) of Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code.

(9) The nonpublic personal information is released to an affiliate or a nonaffiliated third party in order for the affiliate or nonaffiliated third party to perform business or professional services, such as printing, mailing services, data processing or analysis, or customer surveys, on behalf of the financial institution, provided that all of the following requirements are met:

(A) The services to be performed by the affiliate or nonaffiliated third party could lawfully be performed by the financial institution.

(B) There is a written contract between the affiliate or nonaffiliated third party and the financial institution that prohibits the affiliate or nonaffiliated third party, as the case may be, from disclosing or using the

nonpublic personal information other than to carry out the purpose for which the financial institution disclosed the information, as set forth in the written contract.

(C) The nonpublic personal information provided to the affiliate or nonaffiliated third party is limited to that which is necessary for the affiliate or nonaffiliated third party to perform the services contracted for on behalf of the financial institution.

(D) The financial institution does not receive any payment from or through the affiliate or nonaffiliated third party in connection with, or as a result of, the release of the nonpublic personal information.

(10) The nonpublic personal information is released to identify or locate missing and abducted children, witnesses, criminals and fugitives, parties to lawsuits, parents delinquent in child support payments, organ and bone marrow donors, pension fund beneficiaries, and missing heirs.

(11) The nonpublic personal information is released to a real estate appraiser licensed or certified by the state for submission to central data repositories such as the California Market Data Cooperative, and the nonpublic personal information is compiled strictly to complete other real estate appraisals and is not used for any other purpose.

(12) The nonpublic personal information is released as required by Title III of the federal United and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA Patriot Act; P.L. 107-56).

(13) The nonpublic personal information is released either to a consumer reporting agency pursuant to the Fair Credit Reporting Act (15 U.S.C. Sec. 1681 et seq.) or from a consumer report reported by a consumer reporting agency.

(14) The nonpublic personal information is released in connection with a written agreement between a consumer and a broker-dealer registered under the Securities Exchange Act of 1934 or an investment adviser registered under the Investment Advisers Act of 1940 to provide investment management services, portfolio advisory services, or financial planning, and the nonpublic personal information is released for the sole purpose of providing the products and services covered by that agreement.

(c) Nothing in this division is intended to change existing law relating to access by law enforcement agencies to information held by financial institutions.

4056.5. (a) The provisions of this division do not apply to any person or entity that meets the requirements of paragraph (1) or (2) below. However, when nonpublic personal information is being or will be shared by a person or entity meeting the requirements of paragraph

(1) or (2) with an affiliate or nonaffiliated third party, this division shall apply.

(1) The person or entity is licensed in one or both of the following categories and is acting within the scope of the respective license or certificate:

(A) As an insurance producer, licensed pursuant to Chapter 5 (commencing with Section 1621), Chapter 6 (commencing with Section 1760), or Chapter 8 (commencing with Section 1831) of Division 1 of the Insurance Code, as a registered investment adviser pursuant to Chapter 3 (commencing with Section 25230) of Part 3 of Division 1 of Title 4 of the Corporations Code, or as an investment adviser pursuant to Section 202(a)(11) of the federal Investment Advisers Act of 1940.

(B) Is licensed to sell securities by the National Association of Securities Dealers (NASD).

(2) The person or entity meets the requirements in paragraph (1) and has a written contractual agreement with another person or entity described in paragraph (1) and the contract clearly and explicitly includes the following:

(A) The rights and obligations between the licensees arising out of the business relationship relating to insurance or securities transactions.

(B) An explicit limitation on the use of nonpublic personal information about a consumer to transactions authorized by the contract and permitted pursuant to this division.

(C) A requirement that transactions specified in the contract fall within the scope of activities permitted by the licenses of the parties.

(b) The restrictions on disclosure and use of nonpublic personal information, and the requirement for notification and disclosure provided in this division, shall not limit the ability of insurance producers and brokers to respond to written or electronic, including telephone, requests from consumers seeking price quotes on insurance products and services or to obtain competitive quotes to renew an existing insurance contract, provided that any nonpublic personal information disclosed pursuant to this subdivision shall not be used or disclosed except in the ordinary course of business in order to obtain those quotes.

(c) (1) The disclosure or sharing of nonpublic personal information from an insurer, as defined in Section 23 of the Insurance Code, or its affiliates to an exclusive agent, defined for purposes of this division as a licensed agent or broker pursuant to Chapter 5 (commencing with Section 1621) of Part 2 of Division 1 of the Insurance Code whose contractual or employment relationship requires that the agent offer only the insurer's policies for sale or financial products or services that meet the requirements of paragraph (2) of subdivision (b) of Section 4053 and are authorized by the insurer, or whose contractual or employment

relationship with an insurer gives the insurer the right of first refusal for all policies of insurance by the agent, and who may not share nonpublic personal information with any insurer other than the insurer with whom the agent has a contractual or employment relationship as described above, is not a violation of this division, provided that the agent may not disclose nonpublic personal information to any party except as permitted by this division. An insurer or its affiliates do not disclose or share nonpublic personal information with exclusive agents merely because information is maintained in common information systems or databases, and exclusive agents of the insurer or its affiliates have access to those common information systems or databases, provided that where a consumer has exercised his or her rights to prohibit disclosure pursuant to this division, nonpublic personal information is not further disclosed or used by an exclusive agent except as permitted by this division.

(2) Nothing in this subdivision is intended to affect the sharing of information allowed in subdivision (a) or subdivision (b).

4057. (a) An entity that negligently discloses or shares nonpublic personal information in violation of this division shall be liable, irrespective of the amount of damages suffered by the consumer as a result of that violation, for a civil penalty not to exceed two thousand five hundred dollars ($2,500) per violation. However, if the disclosure or sharing results in the release of nonpublic personal information of more than one individual, the total civil penalty awarded pursuant to this subdivision shall not exceed five hundred thousand dollars ($500,000).

(b) An entity that knowingly and willfully obtains, discloses, shares, or uses nonpublic personal information in violation of this division shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) per individual violation, irrespective of the amount of damages suffered by the consumer as a result of that violation.

(c) In determining the penalty to be assessed pursuant to a violation of this division, the court shall take into account the following factors:

(1) The total assets and net worth of the violating entity.

(2) The nature and seriousness of the violation.

(3) The persistence of the violation, including any attempts to correct the situation leading to the violation.

(4) The length of time over which the violation occurred.

(5) The number of times the entity has violated this division.

(6) The harm caused to consumers by the violation.

(7) The level of proceeds derived from the violation.

(8) The impact of possible penalties on the overall fiscal solvency of the violating entity.

(d) In the event a violation of this division results in the identity theft of a consumer, as defined by Section 530.5 of the Penal Code, the civil penalties set forth in this section shall be doubled.

(e) The civil penalties provided for in this section shall be exclusively assessed and recovered in a civil action brought in the name of the people of the State of California in any court of competent jurisdiction by any of the following:

(1) The Attorney General.

(2) The functional regulator with jurisdiction over regulation of the financial institution as follows:

(A) In the case of banks, savings associations, credit unions, commercial lending companies, and bank holding companies, by the Department of Financial Institutions or the appropriate federal authority; (B) in the case of any person engaged in the business of insurance, by the Department of Insurance; (C) in the case of any investment broker or dealer, investment company, investment advisor, residential mortgage lender or finance lender, by the Department of Corporations; and (D) in the case of a financial institution not subject to the jurisdiction of any functional regulator listed under subparagraphs (A) to (C), inclusive, above, by the Attorney General.

4058. Nothing in this division shall be construed as altering or annulling the authority of any department or agency of the state to regulate any financial institution subject to its jurisdiction.

4058.5. This division shall preempt and be exclusive of all local agency ordinances and regulations relating to the use and sharing of nonpublic personal information by financial institutions. This section shall apply both prospectively and retroactively.

4058.7. Nothing in this division shall prevent an insurer, as defined in Section 23 of the Insurance Code, from combining the form required by subdivision (d) of Section 4053 with the form required pursuant to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code and state regulations implementing the provisions of that article, provided that the combined form meets the requirements contained in paragraph (1) of subdivision (d) of Section 4053.

4059. The provisions of this division shall be severable, and if any phrase, clause, sentence, or provision is declared to be invalid or is preempted by federal law or regulation, the validity of the remainder of this division shall not be affected thereby.

4060. This division shall become operative on July 1, 2004.

CHAPTER 242

An act to add Sections 2031.1 and 2031.2 to the Code of Civil Procedure, relating to civil actions.

[Approved by Governor August 28, 2003. Filed with
Secretary of State August 29, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 2031.1 is added to the Code of Civil Procedure, to read:

2031.1. (a) Notwithstanding any other provision of law, it is the policy of the State of California that confidential settlement agreements are disfavored in any civil action the factual foundation for which establishes a cause of action for a violation of the Elder Abuse and Dependent Adult Civil Protection Act (Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code).

(b) Provisions of a confidential settlement agreement described in subdivision (a) may not be recognized or enforced by the court absent a showing of any of the following:

(1) The information is privileged under existing law.

(2) The information is not evidence of abuse of an elder or dependent adult as described in Sections 15610.30, 15610.57, and 15610.63 of the Welfare and Institutions Code.

(3) The party seeking to uphold the confidentiality of the information has demonstrated that there is a substantial probability that prejudice will result from the disclosure and that the party's interest in the information cannot be adequately protected through redaction.

(c) Nothing in paragraph (1), (2), or (3) of subdivision (b) permits the sealing or redacting of a defendant's name in any information made available to the public.

(d) Except as expressly provided in this section, nothing in this section is intended to alter, modify, or amend existing law.

(e) Nothing in this section may be deemed to prohibit the entry or enforcement of that part of a confidentiality agreement, settlement agreement, or stipulated agreement between the parties that requires the nondisclosure of the amount of any money paid in a settlement of a claim.

(f) Nothing in this section applies to or affects an action for professional negligence against a health care provider.

SEC. 2. Section 2031.2 is added to the Code of Civil Procedure, to read:

2031.2. (a) In any civil action the factual foundation for which establishes a cause of action for a violation of the Elder Abuse and Dependent Adult Civil Protection Act (Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code), any information that is acquired through discovery and is

protected from disclosure by a stipulated protective order shall remain subject to the protective order, except for information that is evidence of abuse of an elder or dependent adult as described in Sections 15610.30, 15610.57, and 15610.63 of the Welfare and Institutions Code.

In that instance, after redacting information in the document that is not evidence of abuse of an elder or dependent adult as described in Sections 15610.30, 15610.57, and 15610.63 of the Welfare and Institutions Code, a party may file that particularized information with the court. The party proposing to file the information shall offer to meet and confer with the party from whom the information was obtained at least one week prior to filing that information with the court.

(b) The filing party shall give concurrent notice of the filing with the court and its basis to the party from whom the information was obtained.

(c) Any filed information submitted to the court shall remain confidential under any protective order for 30 days after the filing and shall be part of the public court record thereafter, unless an affected party petitions the court and shows good cause for a court protective order.

(d) The burden of showing good cause shall be on the party seeking the court protective order.

(e) A stipulated protective order may not be recognized or enforced by the court to prevent disclosure of information filed with the court pursuant to subdivision (a), absent a showing of any of the following:

(1) The information is privileged under existing law.

(2) The information is not evidence of abuse of an elder or dependent adult as described in Sections 15610.30, 15610.57, and 15610.63 of the Welfare and Institutions Code.

(3) The party seeking to uphold the confidentiality of the information has demonstrated that there is a substantial probability that prejudice will result from the disclosure and that the party's interest in the information cannot be adequately protected through redaction.

(f) If the court denies the petition for a court protective order, it shall redact any part of the filed information it finds is not evidence of abuse of an elder or dependent adult as described in Sections 15610.30, 15610.57, and 15610.63. Nothing in this subdivision or in paragraph (1), (2), or (3) of subdivision (e) permits the sealing or redacting of a defendant's name in any information made available to the public.

(g) Nothing in this section applies to or affects an action for professional negligence against a health care provider.

CHAPTER 243

An act to amend Section 3044 of the Family Code, relating to child custody.

[Approved by Governor August 28, 2003. Filed with Secretary of State August 29, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 3044 of the Family Code is amended to read:

3044. (a) Upon a finding by the court that a party seeking custody of a child has perpetrated domestic violence against the other party seeking custody of the child or against the child or the child's siblings within the previous five years, there is a rebuttable presumption that an award of sole or joint physical or legal custody of a child to a person who has perpetrated domestic violence is detrimental to the best interest of the child, pursuant to Section 3011. This presumption may only be rebutted by a preponderance of the evidence.

(b) In determining whether the presumption set forth in subdivision (a) has been overcome, the court shall consider all of the following factors:

(1) Whether the perpetrator of domestic violence has demonstrated that giving sole or joint physical or legal custody of a child to the perpetrator is in the best interest of the child. In determining the best interest of the child, the preference for frequent and continuing contact with both parents, as set forth in subdivision (b) of Section 3020, or with the noncustodial parent, as set forth in paragraph (1) of subdivision (a) of Section 3040, may not be used to rebut the presumption, in whole or in part.

(2) Whether the perpetrator has successfully completed a batterer's treatment program that meets the criteria outlined in subdivision (c) of Section 1203.097 of the Penal Code.

(3) Whether the perpetrator has successfully completed a program of alcohol or drug abuse counseling if the court determines that counseling is appropriate.

(4) Whether the perpetrator has successfully completed a parenting class if the court determines the class to be appropriate.

(5) Whether the perpetrator is on probation or parole, and whether he or she has complied with the terms and conditions of probation or parole.

(6) Whether the perpetrator is restrained by a protective order or restraining order, and whether he or she has complied with its terms and conditions.

(7) Whether the perpetrator of domestic violence has committed any further acts of domestic violence.

(c) For purposes of this section, a person has ''perpetrated domestic violence'' when he or she is found by the court to have intentionally or recklessly caused or attempted to cause bodily injury, or sexual assault, or to have placed a person in reasonable apprehension of imminent serious bodily injury to that person or to another, or to have engaged in any behavior involving, but not limited to, threatening, striking, harassing, destroying personal property or disturbing the peace of another, for which a court may issue an ex parte order pursuant to Section 6320 to protect the other party seeking custody of the child or to protect the child and the child's siblings.

(d) (1) For purposes of this section, the requirement of a finding by the court shall be satisfied by, among other things, and not limited to, evidence that a party seeking custody has been convicted within the previous five years, after a trial or a plea of guilty or no contest, of any crime against the other party that comes within the definition of domestic violence contained in Section 6211 and of abuse contained in Section 6203, including, but not limited to, a crime described in subdivision (e) of Section 243 of, or Section 261, 262, 273.5, 422, or 646.9 of, the Penal Code.

(2) The requirement of a finding by the court shall also be satisfied if any court, whether that court hears or has heard the child custody proceedings or not, has made a finding pursuant to subdivision (a) based on conduct occurring within the previous five years.

(e) When a court makes a finding that a party has perpetrated domestic violence, the court may not base its findings solely on conclusions reached by a child custody evaluator or on the recommendation of the Family Court Services staff, but shall consider any relevant, admissible evidence submitted by the parties.

(f) In any custody or restraining order proceeding in which a party has alleged that the other party has perpetrated domestic violence in accordance with the terms of this section, the court shall inform the parties of the existence of this section and shall give them a copy of this section prior to any custody mediation in the case.

CHAPTER 244

An act to add Article 8.7 (commencing with Section 6047.60) to Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, relating to pest control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 28, 2003. Filed with Secretary of State August 29, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Article 8.7 (commencing with Section 6047.60) is added to Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code, to read:

Article 8.7. Table Grape Pierce's Disease Pest Abatement District

6047.60. The Legislature hereby finds and declares the following:

(a) California is the leading producer of table grapes in the United States, accounting for 97 percent of table grapes grown in this country.

(b) Table grapes are grown in 15 counties located throughout the state.

(c) California grows more than 170,000 acres of table grapes producing over 700,000 tons of table grapes per year, valued at more than eight hundred sixty million dollars ($860,000,000) with a direct and indirect impact on the state's economy that totals more than four billion dollars ($4,000,000,000).

(d) The plant killing bacterium, Xylella fastidiosa, and the resulting pathogen, Pierce's disease, and its vectors, present a clear and present danger to California's nearly three billion dollar ($3,000,000,000) grape industry, as well as to many other commodities and plant life.

(e) Pierce's disease and its vector the glassy-winged sharpshooter have spread into the southern San Joaquin Valley, which, if left unabated, places grapes and other commodities throughout California in immediate peril.

(f) In addition to the research funds and program provisions set forth in Article 8 (commencing with Section 6045) of Chapter 9 of Part 1 of Division 4, dealing with wine grapes, the table grape industry is at substantial risk for Pierce's disease and recognizes the need for additional specific control programs.

(g) Additional programs may include field treatments similar to, or the expansion of, the successful United States Department of Agriculture and California Department of Food and Agriculture General Beale area pilot program in Kern County. The expansion of those programs may require industry assessments from the table grape industry through the creation of a pest abatement district.

(h) The state has an interest in protecting its agricultural products from further destruction by the glassy-winged sharpshooter and Pierce's disease.

(i) As a known vector for Pierce's disease, the glassy-winged sharpshooter has been determined to carry and spread Pierce's disease to many forms of California agriculture, usually with complete destruction to the infected crop. This destructive effect of the disease has

been determined by experts in the viticulture field to be especially true with respect to infected table grapes. To avoid a potentially catastrophic loss to one of California's most important industries, the Legislature declares that this article is in the interest of the public health and welfare.

(j) This article shall not establish a precedent for, or supercede, reduce, or in any way alter, government funding from any source related to Pierce's disease or other pests in this state.

(k) The Legislature further declares that it is in the interest of the public health and welfare that the districts authorized to be created by this article not duplicate existing services already being provided by the University of California, state, counties, or the county agricultural commissioners to eradicate the glassy-winged sharpshooter and Pierce's disease.

6047.61. This article shall be known and may be cited as the Table Grape Pest and Disease Control District Law.

6047.62. (a) It is the purpose of this article to make available a procedure for the organization, operation, and dissolution of districts to respond to the effects of the spread of the glassy-winged sharpshooter and Pierce's disease, and other pests that attack table grape plants, and to collect and disseminate to table grape producers in the district all relevant information and scientific studies concerning the pest or pests, as well as to chart and determine the extent and location of any infestations.

(b) Division 3 (commencing with Section 56000) of Title 5 of the Government Code does not apply to districts organized pursuant to this article.

6047.63. Unless the context otherwise requires, the definitions in this section govern the construction of this article.

(a) ''Board'' or ''board of directors'' means the board of directors of a district.

(b) ''District'' means a table grape pest abatement district organized pursuant to this article.

(c) ''Owner'' includes joint owner, co-owner, guardian, executor, administrator, or any other person that holds property in a trust capacity under court appointment.

(d) ''Pierce's disease'' is the pathogen caused by the bacterium Xyella fastidiosa.

(e) ''Table grapes'' means grapes produced that are intended to be sold in their fresh form.

(f) ''Table grape acreage'' means any parcel of real property with one or more acres of table grape plants.

(g) ''Grower'' or ''producer'' means any person who is engaged within this state in the business of producing, or causing to be produced, table grapes for market.

6047.64. Proceedings for the formation of a district within any county shall be commenced by a petition that is either of the following:

(a) Signed by 50 percent or more of the table grape growers who own 65 percent or more of the affected land.

(b) Signed by 65 percent or more of the table grape growers who own 50 percent or more of the affected land.

The petition shall be addressed to, and filed with, the board of supervisors of the county.

6047.65. The petition may be filed in sections, each of which shall comply with all the requirements for a petition, except that a section need not contain the total number of signatures required for the petition.

6047.66. Signatures to the petition may be withdrawn at any time before it has been acted upon by filing with the clerk of the board of supervisors a declaration signed by the petitioner that states that it is the intention of the petitioner to withdraw his or her signature from the petition.

6047.67. (a) The petition shall state the name of the proposed district and shall set forth its boundaries or describe the lands to be included.

(b) It is a sufficient designation of the boundaries of a proposed district to recite that all the table grape acreage in the county that is to be included in the district, or that all the table grape acreage in a designated area within the county is to be included in the district.

(c) If either designation is used, the outside boundary of the area designated is the boundary of the district, and the district shall include all areas within the outside boundary.

6047.68. (a) The petition shall be accompanied by a fee in an amount established by the board of supervisors as is necessary to reimburse the county for all costs incurred by it in connection with the proposed organization of the district and subsequent election.

(b) Upon the establishment of the district, the district shall reimburse those who provided the funds specified in subdivision (a) from assessments collected pursuant to this article.

6047.69. (a) Upon the presentation and filing of a petition, the board of supervisors shall refer the petition to the county agricultural commissioner for the preparation of a register of owners of table grape acreage within the proposed district, and for an investigation and report.

(b) The agricultural commissioner shall create a register of all table grape acreage owners within the proposed district and specifically describe the net acreage of land devoted to the growing of table grapes by each grower. The commissioner shall file with the register of table grape growers a report to the board of supervisors describing the present condition of the glassy-winged sharpshooter and Pierce's disease infestations and any proposed control program that may warrant the

board of supervisors proceeding with the organization of the district and recommendation as to the advisability of creating the district.

6047.70. (a) The board of supervisors shall fix a time and place for a hearing of the petition.

(b) The hearing shall not be less than 20 days, or more than 40 days, after the filing of the petition with the board of supervisors.

(c) The board of supervisors shall order the county clerk to give notice of the hearing that will do the following:

(1) State the time and place for the hearing that was fixed by the board of supervisors.

(2) State that at the hearing protests will be considered by the board of supervisors.

(3) State that requests in writing for the exclusion of lands from, or the inclusion of lands in, the proposed district, will be heard and considered by the board of supervisors.

(4) State that the petition is available for inspection at the office of the clerk of the board of supervisors.

(5) Designate the boundaries of the proposed district in substantially the same way that they are described in the petition.

6047.71. Notice of the hearing shall be given by publication in a newspaper of general circulation published and circulated in the district.

6047.72. The notice shall be published once a week for two successive weeks prior to the date set for the hearing.

6047.73. At the hearing, the report of the county agricultural commissioner shall be received. Protests may be made orally or in writing by any person interested in the formation of the proposed district. Any protest that pertains to the regularity or sufficiency of the proceedings shall be in writing and shall clearly set forth the defects to which objection is made. All written protests shall be filed with the clerk of the board of supervisors on or before the time fixed for the final hearing. The hearing may be continued from time to time, not to exceed 60 days.

6047.74. At the hearing, any owner of table grape acreage in the proposed district may present to the board of supervisors a request, in writing, for the exclusion of that land or any part of that land from the proposed district upon a showing that the land or part of that land will not be benefited by the activities of the proposed district. However, if the excluded land is planted with table grapes, the landowner shall inform the district, in writing, within 30 days of planting. Factors that the board of supervisors may consider in its determination for exclusion, as set forth in an affidavit from the owner of the land, shall include the following:

(a) That the land is not planted to table grapes and will not be so planted in the foreseeable future, as evidenced by an affidavit from the landowner so stating.

(b) That the land has already been surveyed and is free from evidence of Pierce's disease.

(c) That there is no presence of the glassy-winged sharpshooter, its host plants, table grape pests or diseases.

(d) That the table grape plants have been removed from the land and that no living table grape plants remain on the land.

(e) That exclusion of the land, or any part of the land, from the district is unlikely to present a risk of glassy-winged sharpshooter infestation because of the land's distance or isolation from infested geographical regions.

6047.75. If the board of supervisors determines that the petition does not comply with the requirements of law, the matter may be dismissed without prejudice to present a new petition covering the same matter. A finding by the board of supervisors in favor of the sufficiency of the petition and notice is final and conclusive against all persons except the state in a proceeding brought by the Attorney General within one year of the date of the making of the order establishing and describing the boundaries of the district. If the petition is dismissed, that portion of the fee imposed under Section 6047.68 that would have been used to pay for costs of the election shall be refunded.

6047.76. (a) If the board of supervisors determines that the project is feasible and in the interest of the table grape growers of the county, the board of supervisors shall, by order entered in its minutes, declare the district is duly organized under the name designated in the petition for the formation of the district, subject to a majority vote of table grape growers in the district.

(b) The order shall describe the territory included in the district and, if the board of supervisors does not exclude or include land pursuant to Section 6047.78, it is a sufficient description of the territory to describe the boundaries in substantially the same way as they are described in the petition.

(c) A copy of the order certified by the clerk of the board of supervisors shall be filed with the county clerk and an election shall be held among the table grape growers registered pursuant to Section 6047.68, as being in the district.

6047.77. (a) Within 60 days of the filing of the supervisors' declaration that the district is organized, an election among registered table grape growers shall be conducted.

(b) The county clerk shall report the results of the election to the board of supervisors.

(c) If a majority of the eligible votes supports the decision of the board of supervisors to create a Table Grape Pierce's Disease Pest Abatement District, the county clerk shall file the board of supervisors' order and results of the election for the record in the office of the county recorder.

6047.78. (a) In determining the boundaries of the district, the board of supervisors shall exclude from the district any table grape acreage that it finds will not be benefited by the proposed project, pursuant to the facts in Section 6047.74, and it may include in the district any lands that it finds will be benefited if it also finds it will be in the interest of the district to include these lands. The inclusion may be upon application of the owner or, without the owner's application, upon giving the owner notice of the proposed inclusion and an opportunity for a hearing on the inclusion.

(b) Notice of inclusion shall be mailed, postage prepaid, by the clerk of the board of supervisors, to the address of the owner of the land as shown by the last equalized county assessment roll, and to any person that has filed with the clerk that person's name and address and description of land in which he or she has either a legal or equitable interest. The notice shall describe the land proposed to be included, and shall state the time and place at which objections to the inclusion will be heard.

(c) Any owner of table grape acreage outside of the proposed district may present to the board of supervisors a request in writing for inclusion of the acreage in the proposed district.

6047.79. Upon the filing of the order of organization and results of an election of growers, the board of supervisors shall immediately appoint a board of directors of five members to administer the affairs of the district.

6047.80. To be eligible to be a director of the district, a person shall be an owner of lands included in the district that are devoted, in whole or in part, to the growing of table grapes.

6047.81. Upon his or her appointment, each director shall, in the manner provided by law, subscribe the oath of office and file the oath with the county clerk.

6047.82. (a) From and after the filing for record of the order of the board of supervisors declaring the district organized, and certification from the county clerk that the grower vote upheld the creation of the district, pursuant to Sections 6047.76 and 6047.77, and the appointment and qualification of its first board of directors, the organization of the district is complete. The district shall operate for a period of five years from the date of its organization, and shall cease to exist after five years unless the district is reauthorized the board of supervisors.

(b) The board of directors shall hold a public hearing six months prior to termination of its initial organization or last reauthorization to

determine whether the conditions of the glassy-winged sharpshooter or Pierce's disease warrant the reauthorization of the district for an additional five years.

(c) The notice of hearing shall state the name of the district and that consideration is being given to reauthorizing the district for an additional five years, the boundaries of the district, and the time and place for the hearing. Notice of the hearing shall be given as provided in Sections 6047.71 and 6047.72. The board of directors shall submit the record of the hearing and its recommendation to the board of supervisors within 90 days of the hearing. The board of supervisors shall approve or reject the recommendation. If it rejects the recommendation, the board of supervisors shall return the report accompanied by its reasons for the rejection to the board of directors within 30 days of receipt. The board of directors may thereafter address the reasons for rejection by the board of supervisors and submit an amended report and new recommendations for reauthorization for approval or rejection by the board of supervisors, unless the district has ceased to exist pursuant to subdivision (a).

(d) If the board of supervisors approves the continuation of the district, the board shall, by an order entered in its minutes, declare the district duly extended subject to a majority vote of table grape growers in the district. The grower vote shall be held pursuant to Section 6047.77.

6047.83. (a) Immediately after the organization of the district, the directors shall meet and organize as a board and shall elect a chairperson, vice chairperson, and secretary from among their own number.

(b) The chairperson shall call and preside at all meetings of the board, sign all warrants drawn on the county treasurer, and all contracts and other documents, and the minutes of all meetings at which the chairperson is present. In case of the chairperson's absence from a meeting, the vice chairperson shall act as chairperson pro Tempore. The vice chairperson may sign warrants in place of the chairperson if the chairperson is absent from a meeting or unavailable. The secretary shall give notice of and keep the minutes of all meetings and prepare and have custody of all records and papers, and have custody of the seal of the district. The secretary shall attest all warrants drawn on the county treasury, all contracts and other documents, and shall sign the minutes of all meetings at which he or she is present. The secretary shall prepare the annual reports and any other reports required by the board and shall prepare all notices and all calls for bids.

6047.84. The members of the board shall serve for terms of two years, or for a longer term as determined by the board of supervisors, and until the appointment and qualification of their successors.

6047.85. Upon the expiration of the term of any member of the board, the board of supervisors shall appoint the successor. Vacancies shall be filled by the board of supervisors for the unexpired term.

6047.86. The members of the board shall not receive any compensation for their services, but may be reimbursed for their actual and necessary expenses, when claims for those expenses have been approved by the board.

6047.87. (a) The district may do all of the following:

(1) Sue and be sued in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(2) Adopt a seal and alter it at pleasure.

(3) Accept contributions, and by grant, purchase, gift, devise, lease, or otherwise, and hold, use and enjoy, and lease, or otherwise dispose of, real and personal property of every kind and description within or without the district necessary to the full and convenient exercise of its powers.

(4) Cause assessments to be levied on table grapes being grown in the district to pay obligations of the district incurred to accomplish the purposes of the district as provided in this article, which may involve funding all or a portion of a Pierce's disease or glassy-winged sharpshooter control program.

(5) Make contracts, and employ, except as otherwise provided in this article, all persons, firms, and corporations necessary to carry out the purposes and the powers of the district, and at any salary, wage, or other compensation as the board of directors shall determine.

(6) Respond to the effects of, the spread of glassy-winged sharpshooter and Pierce's disease and collect and disseminate to table grape growers in the district relevant information and scientific studies concerning the pest or disease, as well as to chart and determine the extent and location of any infestations.

(7) Take all actions necessary to control, eradicate, remove, or prevent the spread of the glassy-winged sharpshooter or Pierce's disease, or other pests injurious to table grapes.

(8) With reasonable advance notice in writing to the landowner, as determined by the district, enter into or upon any land included within the boundaries of the district for the purpose of inspecting the grape plants and any other host plants and fruit growing on these lands.

(9) Eradicate, eliminate, remove, or destroy any table grape plants having evidence of Pierce's disease.

(10) Coordinate with the County Agricultural Commissioner as to the commissioner's taking appropriate actions to have any table grape plants growing within the district infested with Pierce's disease adjudged a public nuisance, and decreed that the nuisance be abated.

(11) Coordinate district activities with other Table Grape Pierce's Disease Pest Abatement Districts established pursuant to this article and with the Pierce's Disease and Glassy-winged Sharpshooter Board established pursuant to Section 6047.3.

(12) Perform any and all acts, either within or outside the district, necessary or proper to fully and completely carry out the purposes for which the district is organized.

(b) The district's administrative costs shall be limited to 5 percent of the annual assessment revenue.

6047.88. Every district formed pursuant to this article has all of the powers prescribed by Section 6047.86 and other provisions of this article, regardless of any language in the petition for formation for any district or in any of the proceedings leading to the formation that would otherwise limit the power of the district.

6047.89. The county agricultural commissioner of the county in which the district is located shall, upon request of the board, assist the district to the extent possible in all activities undertaken by the district for the control of glassy-winged sharpshooter and Pierce's disease.

6047.90. The board shall, immediately after its appointment and after public hearing, formulate an effective plan and adopt a budget of expenditures for the forthcoming fiscal year. At a public hearing on the plan and the budget, any owner of table grape acreage included in the district may make written or oral protest against the budget or any item in it. The plan and the budget, as thereafter approved by the board, shall be the plan and the budget of the district for the forthcoming fiscal year.

6047.91. There may be added to the budget for the first fiscal year of the operation of the district an amount not to exceed 20 percent of the total amount of the budget to cover the preliminary expenses of the district, including, but not limited to, the costs of formation, before the beginning of the first fiscal year.

6047.92. For each fiscal year subsequent to the first year of operation of the district, the board shall adopt the final budget in the same manner and at the same time that the budget for the first fiscal year was adopted.

6047.93. The board of supervisors may charge the district for actual expenses incurred by the county in connection with the proceedings for the formation of the district, and the district shall reimburse the county from assessments levied for those expenses.

6047.94. The county assessor, in making the annual assessment of property included in the district each and every year after the organization of the district, shall identify any parcel of real property with one acre or more of table grape plants.

6047.95. Whenever acreage within the district is planted with table grape plants in a fashion so as to qualify as table grape acreage, the acreage is subject to assessment as provided in this article.

6047.96. (a) After the district has been formed, an owner of table grape acreage in the district may present to the board a request in writing for the exclusion of that land or any part of the land from the district upon

a showing that the land or part of the land will not be benefited by the activities of the district. Factors that the board may consider in its determination for exclusion, as set forth in an affidavit from the owner of the land, shall include those specified in Section 6047.74.

(b) After receipt of the request, the board shall cause an investigation of the parcel of land to be made and, if the board determines that the land or part of the land will not be benefited by the activities of the district, the board shall exclude the table grape acreage from the district and immediately certify this fact to the county assessor and the county auditor or tax collector.

(c) Any owner of table grape acreage outside of, or otherwise not included in, the district may present to the board a request in writing for inclusion of the land in the district.

6047.97. (a) The board shall, on or before the first Monday in April of each year, or as soon thereafter as possible, file with the board of supervisors a budget that sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of July. A copy of the budget shall also, at the same time, be filed with the auditor of the county.

(b) The board of supervisors may, by ordinance or by resolution, adopted after notice and a hearing, determine and levy an assessment for table grape pest and disease control activities for any of the following purposes:

(1) Responding to, managing, and controlling the effects of the spread of glassy-winged sharpshooter and other pests that attack table grape plants.

(2) Collecting and disseminating to table grape producers in the district relevant information and scientific studies concerning the pest or pests.

(3) Charting and determining the extent and location of any Pierce's disease infestations.

(4) Reimbursing the county or counties in which the district is located for expenses incurred in connection with providing services under this article that are not otherwise reimbursed.

(c) The annual assessment shall not exceed fifteen dollars ($15) per planted acre.

(d) An annual assessment greater than the amount provided for in this section may not be charged unless a greater assessment is approved by eligible growers pursuant to subdivisions (a) and (b) of Section 6047.64.

(e) The board of supervisors shall cause to be prepared and filed with the clerk of the board of supervisors a written report that contains all of the following information:

(1) A description of each parcel of property proposed to be subject to the assessment.

(2) The amount of the assessment of each parcel for the initial fiscal year.

(3) The maximum amount of the assessment that may be levied for each parcel during any fiscal year.

(4) The duration of the assessment.

(5) The basis of the assessment.

(6) The schedule of the assessment.

(7) A description specifying the requirements for written and oral protests, and the protest threshold necessary for requiring abandonment of the proposed assessment pursuant to subdivision (f).

(f) Unless otherwise excluded, the assessment shall be levied on each parcel within the boundaries of the district, zone, or area of benefit.

(g) (1) The legislative body shall comply with the notice protest, and hearing procedures in Section 53753 of the Government Code.

(2) In addition, the mailed notice shall include the name of the district, the return address of the sender, the amount of the assessment for the initial fiscal year, the maximum amount of the assessment that may be levied during any fiscal year and the name and telephone number of the person designated by the board of supervisors to answer inquiries regarding the protest proceedings.

6047.98. The assessment authorized to be assessed and levied is hereby declared to be in the nature of a special assessment, and the Legislature hereby finds that the owners of all table grape plants will be benefited by the district to the same extent and in the same manner regardless of the age of the plants. The assessments authorized by this article shall be assessed and levied regardless of the age of the table grape plants growing on the land.

6047.99. (a) The assessment levied shall be computed and entered upon the assessment roll by the county auditor, and if the supervisors fail to levy the assessment as required, the auditor shall do so.

(b) The assessment shall be collected at the same time, and in the same manner as, and together with and not separate from, general county taxes, and when collected shall be paid into the county treasury for the use of the district.

6047.100. The general provisions of the laws of this state, prescribing the requirements for and manner of levying and collecting county taxes and the duties of the several county officers with respect to levying and collecting county taxes, are, so far as they are applicable and not in conflict with the specific provisions of this article, hereby adopted and made a part of this article. This article, however, shall operate so as to be compliant with Article XIII (C) and XIII (D) of the California Constitution, as incorporated by Proposition 218 of 1996. The several county officers referred to shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this article.

6047.101. The revenue from the assessments imposed pursuant to this article by the district are trust funds and shall be encumbered only for the purposes for which the district is formed and for the benefit of the property assessed. The district shall expend the minimum amount necessary for overhead and other administrative costs. No district funds shall be donated, loaned, or transferred to any other local agency or to the state for any purpose, except for the implementation of the duties of the district, set forth under this article, as determined to be necessary by the district board.

6047.102. (a) The county treasury shall be the repository of all the moneys of the district. The county treasurer shall receive and receipt for all those moneys, and place them to the credit of the district.

(b) The county treasurer shall be responsible upon his or her official bond for the safekeeping and disbursement, in the manner provided in this article, of all moneys held in the district.

6047.103. If a consolidated district includes parts of two or more counties, the repository of all money of the district shall be the county treasury of the county in which is located the largest area of table grape acreage of the district. Money collected for the use of the district in any other county in which a part of the district is located shall be transferred by the county treasurer upon warrant of the county auditor of the county in which the money was collected to the county treasurer of the county serving as repository for the district, in the same manner as prescribed for the disbursement of money held for a local district. Money derived from any county in which the district is located may be expended in any part of the district for the purposes authorized by this article, notwithstanding any other provision of law limiting the expenditure of any money to a specific area or county.

6047.104. (a) The county treasurer shall pay out money of the district only upon warrants of the county auditor drawn upon the order of the board of directors of the district signed by the chairperson or vice chairperson and attested to by the secretary. The county treasurer, with the approval of the board of supervisors, shall pay out the money of the district upon one master warrant of the county auditor drawn upon the order of the board of directors of the district and signed by the chairperson or vice chairperson and attested to by the secretary, to meet the district's expenses, including salaries, at intervals approved by the board of supervisors.

(b) The county treasurer shall report, in writing, on the first day of July, October, January, and March of each year, to the board of directors, the amount of money the treasurer then holds for the district, the amount of receipts since the last report, and the amounts paid out. Each report shall be verified and filed with the secretary of the district to whom it is addressed.

6047.105. Lands devoted exclusively to the growing of table grapes within a tract of land outside the district, but in the county in which the district is located, may be annexed to the district in the same manner provided in this article for the formation of the district.

6047.106. Any two or more districts organized or existing under this article may be consolidated, whether or not the boundaries are coterminous, and whether or not the districts are located in the same county.

6047.107. The board of directors may adopt a resolution that recites the fact of receipt and the willingness of the district to consolidate, and shall then send copies of the resolution to the board of directors of each of the other districts. The board shall send a certified copy of the resolution to the board of supervisors of the county in which is located the largest area of table grape acreage of the proposed consolidated district, and a copy of the resolution to the board of supervisors of each of the other counties in which is located any part of the proposed consolidated district.

6047.108. The board of supervisors of the county in which is located the largest area of table grape acreage of the proposed consolidated district shall fix a time and place for hearing the proposal. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district pursuant to Sections 6047.70, 6047.71, 6047.72, 6047.73, and 6047.74.

6047.109. If the board of supervisors determines that consolidation is feasible and in the best interests of the table grape growers of the respective districts, it shall, by resolution duly adopted, declare the districts consolidated into one district, giving the consolidated district a name that includes the term ''consolidated.'' Certified copies of the resolution shall be filed with the Secretary of State and with the county recorder of each county in which is located any part of the consolidated district. Upon the filing, the districts are consolidated into a single consolidated district with all the rights, privileges, and powers of a district. The consolidated district shall succeed to all the funds and other property, and is subject to all the indebtedness, bonded and otherwise, of the districts consolidated. Each district that is included in the consolidated district shall continue in existence for the purpose of representation on the board of the consolidated district, and for the purpose of levying, assessing, and collecting assessments for district purposes. The board of the consolidated district is, however, the board of each district that is included in the consolidated district.

6047.110. Upon the adoption of a resolution consolidating two or more districts, the board of supervisors of the county in which is located the largest area of table grape acreage shall immediately appoint a board of directors of at least five members, including at least one member from

each of the districts that are included in the consolidated district, and at least two members from each county, if districts located in more than one county are included in the consolidated district. If any of the districts that are included in the consolidated district includes more than 15,000 acres of table grape acreage, the board of directors shall be increased by one additional director for each 10,000 acres, or fraction of 10,000 acres, in any one district that is included in the consolidated district. If the consolidated districts are located in more than two counties, the board of directors of the consolidated district shall have at least seven members.

6047.111. The board of a consolidated district has all the duties, powers, purposes, responsibilities, and jurisdiction of the board of any other district organized pursuant to this article. The members of the consolidated board shall be appointed in the same manner and serve for the same term as the directors of any other district organized pursuant to this article.

6047.112. Any district that has been included in a consolidated district may withdraw from the consolidated district and be reconstituted as a separate district by filing with the board of directors of the consolidated district a petition for withdrawal that is signed by the owners of not less than a majority, by area, of table grape land in the district. The board of directors of the consolidated district shall send the original petition to the board of supervisors of the county in which the withdrawing district is located, and a copy of the petition to the board of supervisors of each of the other counties in which is located any part of the consolidated district. Upon receipt of a petition for withdrawal, the board of supervisors of the county in which the withdrawing district is located shall fix a time and place for hearing the petition. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district pursuant to Sections 6047.70, 6047.71, 6047.72, 6047.73, and 6047.74. Upon withdrawal of a district, all moneys collected from the district for the use of the consolidated district, and all property purchased with these moneys, shall remain the property of the consolidated district.

6047.113. Upon the filing of a petition with the board of supervisors that is signed by either (1) 50 percent or more of the table grape growers who own 65 percent or more of the affected land or by (2) 65 percent or more of the table grape growers who own 50 percent or more of the affected land requesting the dissolution of the district, the board of supervisors shall set a time and place for hearing on the petition, which shall not be less than 20 days, or more than 40 days, after the filing of the petition.

6047.114. The board of supervisors shall give notice of the time and place fixed for the hearing upon the petition for dissolution.

6047.115. The notice of hearing shall state all of the following:

(a) That a petition has been filed requesting the dissolution of the district.

(b) That the petition is available for inspection at the offices of the board of supervisors.

(c) The time and place for the hearing.

(d) That at the hearing protests against the dissolution of the district shall be considered by the board of supervisors.

6047.116. Notice of the hearing shall be given by publication in a newspaper of general circulation published and circulated in the district.

6047.117. The notice shall be published once a week for two successive weeks prior to the date set for the hearing.

6047.118. If, at the hearing, a majority of the board does not find a compelling reason to override the growers' petition to dissolve the district, the board of supervisors shall by resolution dissolve the district.

6047.119. The board of supervisors shall cause a certified copy of the resolution to be recorded in the office of the county recorder and shall file a certified copy of it with the Secretary of State. Thereupon, the district is dissolved for all purposes.

6047.120. Upon dissolution, the right, title, and interest to property owned or controlled by the district that is situated within the corporate limits of any city shall vest absolutely in the city. If the property is situated outside the corporate limits of a city, it shall vest in the county in which the property is situated.

6047.121. The board of supervisors is ex officio the governing body of the dissolved district. It may levy assessments and perform other acts solely for the purpose and as may be necessary to wind up the affairs of the district and to raise money for the payment of any outstanding indebtedness.

6047.122. All claims and accounts against the district that have not been settled by the board within 90 days after the resolution is recorded pursuant to Section 6047.119 shall be presented to the board of supervisors of the county in which the district was located, or in the case of a consolidated district to the board of supervisors of the county in which is located the largest area of table grape acreage, and shall be passed and approved by the board of supervisors in the same manner as county claims and shall be paid out of the funds of the dissolved district.

6047.123. If there are insufficient funds to discharge all claims and accounts brought pursuant to Section 6047.122, the board of supervisors shall, at the time of levying the next general county taxes, levy a special assessment upon the net acreage devoted to the growing of table grapes that benefited from the dissolved district in an amount sufficient to discharge all outstanding claims and accounts against the district. In the case of a consolidated district, the board of supervisors of each county

in which a portion of the district is located shall levy a special assessment based upon the ratio that the proportion of outstanding claims and accounts bears to the net acreage of the district in each county.

6047.124. Owners of wine grapes and raisin grapes and any other commodities may petition to become subject to any district established pursuant to this article. The petition shall adhere to all the requirements of this article and shall require the approval of the board of directors of the affected district.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The spread of the glassy-winged sharpshooter and Pierce's disease threatens the economic viability of the table grape industry. Because the immediate establishment of a pest control district pursuant to this article is necessary to avoid severe economic loss, it is necessary that this act take effect immediately.

CHAPTER 245

An act to amend Section 290.85 of the Penal Code, relating to sex offenders.

[Approved by Governor September 1, 2003. Filed with Secretary of State September 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 290.85 of the Penal Code is amended to read:

290.85. (a) Every person released on probation or parole who is required to register as a sex offender, pursuant to Section 290, shall provide proof of registration to his or her probation officer or parole agent within six working days of release on probation or parole. The six-day period for providing proof of registration may be extended only upon determination by the probation officer or parole agent that unusual circumstances exist relating to the availability of local law enforcement

registration capabilities that preclude the person's ability to meet the deadline.

(b) Every person released on probation or parole who is required to register as a sex offender pursuant to Section 290 shall provide proof of any change or update to his or her registration information to his or her probation officer or parole agent within five working days for so long as he or she is required to be under the supervision of a probation officer or parole agent.

(c) A probation officer or parole agent who supervises an individual who is required to register as a sex offender pursuant to Section 290 shall inform that individual of his or her duties under this section not fewer than six days prior to the date on which proof of registration or proof of any change or update to registration information is to be provided to the probation officer or parole agent.

(d) For purposes of this section, ''proof of registration'' means a photocopy of the actual registration form. A law enforcement agency that registers an individual as a sex offender pursuant to Section 290 who is released on probation or parole and is therefore subject to this section shall provide that individual with proof of his or her registration free of charge when requested by the registrant to fulfill the requirements of this section or any other provision of law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(d) The Judicial Council shall adopt a rule of court on or before July 1, 2004, to implement this section. This section shall become operative after the rule of court is adopted.

[Approved by Governor September 1, 2003. Filed with Secretary of State September 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 7620 of the Family Code is amended to read:

7620. (a) A person who has sexual intercourse in this state thereby submits to the jurisdiction of the courts of this state as to an action brought under this part with respect to a child who may have been conceived by that act of intercourse.

(b) An action under this part shall be brought in the county in which the child resides or is found or, if the father is deceased, in which proceedings for probate of his estate have been or could be commenced.

SEC. 2. Section 7630 of the Family Code is amended to read:

7630. (a) A child, the child's natural mother, or a man presumed to be the child's father under subdivision (a), (b), or (c) of Section 7611, may bring an action as follows:

(1) At any time for the purpose of declaring the existence of the father and child relationship presumed under subdivision (a), (b), or (c) of Section 7611.

(2) For the purpose of declaring the nonexistence of the father and child relationship presumed under subdivision (a), (b), or (c) of Section 7611 only if the action is brought within a reasonable time after obtaining knowledge of relevant facts. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(b) Any interested party may bring an action at any time for the purpose of determining the existence or nonexistence of the father and child relationship presumed under subdivision (d) of Section 7611.

(c) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under Section 7611 or whose presumed father is deceased may be brought by the child or personal representative of the child, the Department of Child Support Services, the mother or the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

The parental rights of the alleged natural father shall be determined as set forth in Section 7664. The consolidated action shall be heard in the court in which the Section 7662 proceeding is filed, unless the court in which the action under subdivision (c) is filed finds, by clear and convincing evidence, that transferring the action to the other court poses a substantial hardship to the petitioner. Mere inconvenience does not constitute a sufficient basis for a finding of substantial hardship. If the court determines there is a substantial hardship, the consolidated action shall be heard in the court in which the paternity action is filed.

SEC. 3. Section 7662 of the Family Code is amended to read:

7662. (a) If a mother relinquishes for or consents to, or proposes to relinquish for or consent to, the adoption of a child who does not have a presumed father under Section 7611, or if a child otherwise becomes the subject of an adoption proceeding and the alleged father, if any, has not, in writing, denied paternity, waived his right to notice, or voluntarily relinquished for or consented to the adoption, the agency or person to whom the child has been or is to be relinquished, or the mother or the person having physical or legal custody of the child, or the prospective adoptive parent, shall file a petition to terminate the parental rights of the father, unless either of the following occurs:

(1) The father's relationship to the child has been previously terminated or determined not to exist by a court.

(2) The father has been served as prescribed in Section 7666 with a written notice alleging that he is or could be the natural father of the child

to be adopted or placed for adoption and has failed to bring an action for the purpose of declaring the existence of the father and child relationship pursuant to subdivision (c) of Section 7630 within 30 days of service of the notice or the birth of the child, whichever is later.

(b) All proceedings affecting a child under Divisions 8 (commencing with Section 3000) to 11 (commencing with Section 6500), inclusive, and Parts 1 (commencing with Section 7500) to 3 (commencing with Section 7600), inclusive, of this division, other than an action brought pursuant to this section, shall be stayed pending final determination of proceedings to terminate the parental rights of the father pursuant to this section.

(c) Nothing in this section may limit the jurisdiction of the court pursuant to Part 3 (commencing with Section 6240) and Part 4 (commencing with Section 6300) of Division 10 with respect to domestic violence orders.

SEC. 4. Section 7669 of the Family Code is amended to read:

7669. (a) An order requiring or dispensing with a father's consent for the adoption of a child may be appealed from in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court and is conclusive and binding upon the father.

(b) After making the order, the court has no power to set aside, change, or modify that order.

(c) Nothing in this section limits the right to appeal from the order and judgment.

SEC. 5. Section 8614 of the Family Code is amended to read:

8614. Upon the request of the adoptive parents or the adopted child, a clerk of the superior court may issue a certificate of adoption that states the date and place of adoption, the birthday of the child, the names of the adoptive parents, and the name the child has taken. Unless the child has been adopted by a stepparent or by a relative, as defined in subdivision (c) of Section 8616.5, the certificate shall not state the name of the birth parents of the child.

SEC. 6. Section 8714 of the Family Code is amended to read:

8714. (a) A person desiring to adopt a child may for that purpose file a petition in the county in which the petitioner resides or, if the petitioner is not a resident of this state, in the county in which the birth parent or birth parents resided when the relinquishment of parental rights for the purpose of adoption was signed. Where a child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and has thereafter been freed for adoption by the juvenile court, the petition may be filed either in the county where the petitioner resides or in the county where the child was freed for adoption.

(b) The court clerk shall immediately notify the department at Sacramento in writing of the pendency of the proceeding and of any subsequent action taken.

(c) If the petitioner has entered into a postadoption contact agreement with the birth parent as set forth in Section 8616.5, the agreement, signed by the participating parties, shall be attached to and filed with the petition for adoption under subdivision (a).

(e) If the child is the subject of a guardianship petition, the adoption petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The petitioners shall notify the court of any petition for guardianship or temporary guardianship filed after the adoption petition. The guardianship proceeding shall be consolidated with the adoption proceeding.

(f) The order of adoption shall contain the child's adopted name, but not the name the child had before adoption.

SEC. 7. Section 8714.5 of the Family Code is amended to read:

8714.5. (a) The Legislature finds and declares the following:

(1) It is the intent of the Legislature to expedite legal permanency for children who cannot return to their parents and to remove barriers to adoption by relatives of children who are already in the dependency system or who are at risk of entering the dependency system.

(2) This goal will be achieved by empowering families, including extended families, to care for their own children safely and permanently whenever possible, by preserving existing family relationships, thereby causing the least amount of disruption to the child and the family, and by recognizing the importance of sibling and half-sibling relationships.

(b) A relative desiring to adopt a child may for that purpose file a petition in the county in which the petitioner resides. Where a child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and thereafter has been freed for adoption by the juvenile court, the petition may be filed either in the county where the petitioner resides or in the county where the child was freed for adoption.

(c) Upon the filing of a petition for adoption by a relative, the clerk of the court shall immediately notify the State Department of Social Services in Sacramento in writing of the pendency of the proceeding and of any subsequent action taken.

(d) If the adopting relative has entered into a postadoption contact agreement with the birth parent as set forth in Section 8616.5 the

agreement, signed by the participating parties, shall be attached to and filed with the petition for adoption under subdivision (b).

(e) The caption of the adoption petition shall contain the name of the relative petitioner. The petition shall state the child's name, sex, and date of birth.

(f) If the child is the subject of a guardianship petition, the adoption petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The petitioner shall notify the court of any petition for adoption. The guardianship proceeding shall be consolidated with the adoption proceeding.

(g) The order of adoption shall contain the child's adopted name and, if requested by the adopting relative, or if requested by the child who is 12 years of age or older, the name the child had before adoption.

(h) For purposes of this section, ''relative'' means an adult who is related to the child or the child's half-sibling by blood or affinity, including all relatives whose status is preceded by the words ''step,'' ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of these persons, even if the marriage was terminated by death or dissolution.

SEC. 8. Section 8714.7 of the Family Code is amended and renumbered to read:

8616.5. (a) The Legislature finds and declares that some adoptive children may benefit from either direct or indirect contact with birth relatives, including the birth parent or parents, after being adopted. Postadoption contact agreements are intended to ensure children of an achievable level of continuing contact when contact is beneficial to the children and the agreements are voluntarily entered into by birth relatives, including the birth parent or parents, and adoptive parents.

(b) Nothing in the adoption laws of this state shall be construed to prevent the adopting parent or parents, the birth relatives, including the birth parent or parents, and the child from voluntarily entering into a written agreement to permit continuing contact between the birth relatives, including the birth parent or parents, and the child if the agreement is found by the court to have been entered into voluntarily and to be in the best interests of the child at the time the adoption petition is granted.

(1) Except as provided in paragraph (2), the terms of any postadoption contact agreement executed under this section shall be limited to, but need not include, all of the following:

(A) Provisions for visitation between the child and a birth parent or parents and other birth relatives, including siblings.

(B) Provisions for future contact between a birth parent or parents or other birth relatives, including siblings, or both, and the child or an adoptive parent, or both.

(C) Provisions for the sharing of information about the child in the future.

(2) The terms of any postadoption contact agreement entered into pursuant to a petition filed under Section 8714 shall be limited to the sharing of information about the child unless the child has an existing relationship with the birth relative.

(c) At the time an adoption decree is entered pursuant to a petition filed under Section 8714 or 8714.5, the court entering the decree may grant postadoption privileges when an agreement for those privileges has been entered into pursuant to subdivision (a).

(d) The child who is the subject of the adoption petition shall be considered a party to the postadoption contact agreement. The written consent to the terms and conditions of the postadoption contact agreement and any subsequent modifications of the agreement by a child who is 12 years of age and older is a necessary condition to the granting of privileges regarding visitation, contact, or sharing of information about the child, unless the court finds by a preponderance of the evidence that the agreement, as written, is in the best interests of the child. Any child who has been found to come within Section 300 of the Welfare and Institutions Code or who is the subject of a petition for jurisdiction of the juvenile court under Section 300 of the Welfare and Institutions Code shall be represented by an attorney for purposes of consent to the postadoption contact agreement.

(e) A postadoption contact agreement shall contain the following warnings in bold type:

(1) After the adoption petition has been granted by the court, the adoption cannot be set aside due to the failure of an adopting parent, a birth parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement.

(2) A disagreement between the parties or litigation brought to enforce or modify the agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(3) A court will not act on a petition to change or enforce this agreement unless the petitioner has participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings to resolve the dispute.

(f) Upon the granting of the adoption petition and the issuing of the order of adoption of a child who is a dependent of the juvenile court, juvenile court dependency jurisdiction shall be terminated. Enforcement of the postadoption contact agreement shall be under the continuing jurisdiction of the court granting the petition of adoption. The court may not order compliance with the agreement absent a finding that the party seeking the enforcement participated, or attempted to participate, in

good faith in mediation or other appropriate dispute resolution proceedings regarding the conflict, prior to the filing of the enforcement action, and that the enforcement is in the best interests of the child. Documentary evidence or offers of proof may serve as the basis for the court's decision regarding enforcement. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by that inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(g) The court may not award monetary damages as a result of the filing of the civil action pursuant to subdivision (e) of this section.

(h) A postadoption contact agreement may be modified or terminated only if either of the following occurs:

(1) All parties, including the child if the child is 12 years of age or older at the time of the requested termination or modification, have signed a modified postadoption contact agreement and the agreement is filed with the court that granted the petition of adoption.

(2) The court finds all of the following:

(A) The termination or modification is necessary to serve the best interests of the child.

(B) There has been a substantial change of circumstances since the original agreement was executed and approved by the court.

(C) The party seeking the termination or modification has participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings prior to seeking court approval of the proposed termination or modification.

Documentary evidence or offers of proof may serve as the basis for the court's decision. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by that inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(i) All costs and fees of mediation or other appropriate dispute resolution proceedings shall be borne by each party, excluding the child. All costs and fees of litigation shall be borne by the party filing the action to modify or enforce the agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing agreement shall bear all the costs and fees of litigation.

(j) By July 1, 2001, the Judicial Council shall adopt rules of court and forms for motions to enforce, terminate, or modify postadoption contact agreements.

(k) The court may not set aside a decree of adoption, rescind a relinquishment, or modify an order to terminate parental rights or any other prior court order because of the failure of a birth parent, adoptive parent, birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, the postadoption contact agreement.

SEC. 9. Section 8715 of the Family Code is amended to read:

8715. (a) The department or licensed adoption agency, whichever is a party to, or joins in, the petition, shall submit a full report of the facts of the case to the court.

(b) If the child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and has thereafter been freed for adoption by the juvenile court, the report required by this section shall describe whether the requirements of subdivision (e) of Section 16002 of the Welfare and Institutions Code have been completed and what, if any, plan exists for facilitation of postadoptive contact between the child who is the subject of the adoption petition and his or her siblings and half siblings.

(c) If a petition for adoption has been filed with a postadoption contact agreement pursuant to Section 8616.5, the report shall address whether the postadoption contact agreement has been entered into voluntarily, and whether it is in the best interests of the child who is the subject of the petition.

(d) The department may also submit a report in those cases in which a licensed adoption agency is a party or joins in the adoption petition.

(e) If a petitioner is a resident of a state other than California, an updated and current homestudy report, conducted and approved by a licensed adoption agency or other authorized resource in the state in which the petitioner resides, shall be reviewed and endorsed by the department or licensed adoption agency, if the standards and criteria established for a homestudy report in the other state are substantially commensurate with the homestudy standards and criteria established in California adoption regulations.

SEC. 10. Section 8814.5 of the Family Code is amended to read:

8814.5. (a) After a consent to the adoption is signed by the birth parent or parents pursuant to Section 8801.3 or 8814, the birth parent or parents signing the consent shall have 30 days to take one of the following actions:

(1) Sign and deliver to the department or delegated county adoption agency a written statement revoking the consent and requesting the child to be returned to the birth parent or parents. After revoking consent, in

cases where the birth parent or parents have not regained custody, or the birth parent or parents have failed to make efforts to exercise their rights under subdivision (b) of Section 8815, a written notarized statement reinstating the original consent may be signed and delivered to the department or delegated county adoption agency, in which case the revocation of consent shall be void and the remainder of the original 30-day period shall commence. After revoking consent, in cases in which the birth parent or parents have regained custody or made efforts to exercise their rights under subdivision (b) of Section 8815 by requesting the return of the child, upon the delivery of a written notarized statement reinstating the original consent to the department or delegated county adoption agency, the revocation of consent shall be void and a new 30-day period shall commence. The birth mother shall be informed of the operational timelines associated with this section at the time of signing of the statement reinstating the original consent.

(2) (A) Sign a waiver of the right to revoke consent on a form prescribed by the department in the presence of a representative of the department or delegated county adoption agency. If neither a representative of the department nor a representative of a delegated county adoption agency is reasonably available, the waiver of the right to revoke consent may be signed in the presence of a judicial officer of a court of record if the birth parent is represented by independent legal counsel. "Reasonably available" means that a representative from either the department or the delegated county adoption agency is available to accept the signing of the waiver within 10 days and is within 100 miles of the location of the birth mother.

(B) An adoption service provider may assist the birth parent or parents in any activity where the primary purpose of that activity is to facilitate the signing of the waiver with the department, a delegated county agency, or a judicial officer. The adoption service provider or another person designated by the birth parent or parents may also be present at any interview conducted pursuant to this section to provide support to the birth parent or parents.

(C) The waiver of the right to revoke consent may not be signed until an interview has been completed by the department or delegated county adoption agency unless the waiver of the right to revoke consent is signed in the presence of a judicial officer of a court of record as specified in this section, in which case the interview and the witnessing of the signing of the waiver shall be conducted by the judicial officer. Within 10 working days of a request made after the department, the delegated county adoption agency, or the court has received a copy of the petition for the adoption and the names and addresses of the persons to be interviewed, the department, the delegated county adoption agency, or the court shall interview, at the department or agency office or the court,

any birth parent requesting to be interviewed. However, the interview, and the witnessing of the signing of a waiver of the right to revoke consent of a birth parent residing outside of California or located outside of California for an extended period of time unrelated to the adoption may be conducted in the state where the birth parent is located, by any of the following:

(i) A representative of a public adoption agency in that state.

(ii) A judicial officer in that state where the birth parent is represented by independent legal counsel.

(iii) An adoption service provider.

(3) Allow the consent to become a permanent consent on the 31st day after signing.

(b) The consent may not be revoked after a waiver of the right to revoke consent has been signed or after 30 days, beginning on the date the consent was signed or as provided in paragraph (1) of subdivision (a), whichever occurs first.

SEC. 11. Section 1516.5 is added to the Probate Code, to read:

1516.5. (a) A proceeding to have a child declared free from the custody and control of one or both parents may be brought in the guardianship proceeding pursuant to Part 4 (commencing with Section 7800) of Division 12 of the Family Code, if all of the following requirements are satisfied:

(1) One or both parents do not have the legal custody of the child.

(2) The child has been in the physical custody of the guardian for a period of not less than two years.

(3) The court finds that the child would benefit from being adopted by his or her guardian. In making this determination, the court shall consider all factors relating to the best interest of the child, including but not limited to, the nature and extent of the relationship between all of the following:

(A) The child and the birth parent.

(B) The child and the guardian, including family members of the guardian.

(C) The child and any siblings or half-siblings.

(b) The court shall appoint a court investigator or other qualified professional to investigate all factors enumerated in subdivision (a). The findings of the investigator or professional regarding those issues shall be included in the written report required pursuant to Section 7851 of the Family Code.

(c) The rights of the parent, including the rights to notice and counsel provided in Part 4 (commencing with Section 7800) of Division 12 of the Family Code, shall apply to actions brought pursuant to this section.

(d) This section does not apply to any child who is a dependent of the juvenile court.

CHAPTER 253

An act to amend Section 14132.47 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 1, 2003. Filed with Secretary of State September 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132.47 of the Welfare and Institutions Code is amended to read:

14132.47. (a) It is the intent of the Legislature to provide local governmental agencies the choice of participating in either or both of the Targeted Case Management (TCM) and Administrative Claiming process programs at their option, subject to the requirements of this section and Section 14132.44.

(b) The department may contract with each participating local governmental agency or each local educational consortium to assist with the performance of administrative activities necessary for the proper and efficient administration of the Medi-Cal program, pursuant to Section 1396b(a) of Title 42 of the United States Code, Section 1903a of the federal Social Security Act, and this activity shall be known as the Administrative Claiming process.

(c) (1) As a condition for participation in the Administrative Claiming process, each participating local governmental agency or each local educational consortium shall, for the purpose of claiming federal medicaid matching funds, enter into a contract with the department and shall certify to the department the amount of local governmental agency or each local educational consortium general funds or any other funds allowed under federal law and regulation expended on the allowable administrative activities.

(2) The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(d) Each participating local governmental agency or local educational consortium may subcontract with nongovernmental entities to assist with the performance of administrative activities necessary for the proper and efficient administration of the Medi-Cal program under the conditions specified by the department in regulations.

(e) Each Administrative Claiming process contract shall include a requirement that each participating local governmental agency or each local educational consortium submit a claiming plan in a manner that shall be prescribed by the department in regulations, developed in consultation with local governmental agencies.

(f) The department shall require that each participating local governmental agency or each local educational consortium certify to the department both of the following:

(1) The availability and expenditure of 100 percent of the nonfederal share of the cost of performing Administrative Claiming process activities. The funds expended for this purpose shall be from the local governmental agency's general fund or the general funds of local educational agencies or from any other funds allowed under federal law and regulation.

(2) In each fiscal year that its expenditures represent costs that are eligible for federal financial participation for that fiscal year. The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(g) (1) Notwithstanding any other provision of this section, the state shall be held harmless, in accordance with paragraphs (2) and (3), from any federal audit disallowance and interest resulting from payments made to a participating local governmental agency or local educational consortium pursuant to this section, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(2) To the extent that a federal audit disallowance and interest results from a claim or claims for which any participating local governmental agency or local educational consortium has received reimbursement for Administrative Claiming process activities, the department shall recoup from the local governmental agency or local educational consortium that submitted the disallowed claim, through offsets or by a direct billing, amounts equal to the amount of the disallowance and interest, in that fiscal year, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim. All subsequent claims submitted to the department applicable to any previously disallowed administrative activity or claim, may be held in abeyance, with no payment made, until the federal disallowance issue is resolved.

(3) Notwithstanding paragraph (2), to the extent that a federal audit disallowance and interest results from a claim or claims for which the participating local governmental agency or local educational consortium has received reimbursement for Administrative Claiming process activities performed by a nongovernmental entity under contract with, and on behalf of, the participating local governmental agency or local educational consortium, the department shall be held harmless by that particular participating local governmental agency or local educational consortium for 100 percent of the amount of the federal audit disallowance and interest, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(h) The use of local matching funds required by this section shall not create, lead to, or expand the health care funding obligations or service

obligations for current or future years for any participating local governmental agency or local educational consortium, except as required by this section or as may be required by federal law.

(i) The department shall deny any claim from a participating local governmental agency or local educational consortium if the department determines that the claim is not adequately supported in accordance with criteria established pursuant to this subdivision and implementing regulations before it forwards the claim for reimbursement to the federal medicaid program. In consultation with local government agencies and local educational consortia, the department shall adopt regulations that prescribe the requirements for the submission and payment of claims for administrative activities performed by each participating local governmental agency and local educational consortium.

(j) Administrative activities shall be those determined by the department to be necessary for the proper and efficient administration of the state's medicaid plan and shall be defined in regulation.

(k) If the department denies any claim submitted under this section, the affected participating local governmental agency or local educational consortium may, within 30 days after receipt of written notice of the denial, request that the department reconsider its action. The participating local governmental agency or local educational consortium may request a meeting with the director or his or her designee within 30 days to present its concerns to the department after the request is filed. If the director or his or her designee cannot meet, the department shall respond in writing indicating the specific reasons for which the claim is out of compliance to the participating local governmental agency or local educational consortium in response to its appeal. Thereafter, the decision of the director shall be final.

(*l*) Participating local governmental agencies or local educational consortium may claim the actual costs of nonemergency, nonmedical transportation of Medi-Cal eligibles to Medi-Cal covered services, under guidelines established by the department, to the extent that these costs are actually borne by the participating local governmental agency or local educational consortium. A local educational consortium may only claim for nonemergency, nonmedical transportation of Medi-Cal eligibles for Medi-Cal covered services, through the Medi-Cal administrative activities program. Medi-Cal medical transportation services shall be claimed under the local educational agency Medi-Cal billing option, pursuant to Section 14132.06.

(m) (1) Each participating local governmental agency shall contribute to the department a portion of the agency's general fund that has been made available due to the coverage of administrative activities described in this section under the Medi-Cal program. The contributed funds shall be reinvested in health services through the Medi-Cal

program. The total contribution amount shall be equal to $33^1/_3$ percent of amounts made available under this section, but in no case shall the contribution exceed twenty million dollars ($20,000,000) a fiscal year less the amount contributed pursuant to subdivision (m) of Section 14132.44. Beginning with the 1994–95 fiscal year, each local governmental agency's share of the total contribution shall be determined by claims submitted and approved for payment through January 1 of the following calendar year. Claims received and approved for payment after January 1 for dates of service in the previous fiscal year shall be included in the following year's calculation. Each local governmental agency's share of the contribution for the previous fiscal year shall be determined no later than February 15 and shall be remitted to the state no later than April 1 of each year. The contribution amount shall be paid from nonfederal, general fund revenues and shall be deposited in the Administrative Claiming Fund for transfer to the Health Care Deposit Fund.

(2) Moneys received by the department pursuant to this subdivision are hereby continuously appropriated to the department for support of the Medi-Cal program, and the funds shall be administered in accordance with procedures prescribed by the Department of Finance. If not paid as provided in this section, the department may offset payments due to each participating local governmental agency from the state, not related to payments required to be made pursuant to this section in order to recoup these funds for the Administrative Claiming Fund.

(3) This subdivision shall only apply to claims approved for the 1994–95 to 1997–98 fiscal years, inclusive.

(n) As a condition of participation in the Administrative Claiming process and in recognition of revenue generated to each participating local governmental agency and each local educational consortium in the Administrative Claiming process, each participating local governmental agency and each local educational consortium shall pay an annual participation fee through a mechanism agreed to by the state and local governmental agencies and local educational consortia, or, if no agreement is reached by August 1 of each year, directly to the state. The participation fee shall be used to cover the cost of administering the Administrative Claiming process, including, but not limited to, claims processing, technical assistance, and monitoring. The department shall determine and report staffing requirements upon which projected costs will be based. The amount of the participation fee shall be based upon the anticipated salaries, benefits, and operating expenses, to administer the Administrative Claiming process and other costs related to that process.

(o) For the purposes of this section "participating local governmental agency" means a county, chartered city, Native American Indian tribe,

tribal organization, or subgroup of a Native American Indian tribe or tribal organization, under contract with the department pursuant to subdivision (b).

(p) For purposes of this section, ''local educational agency'' means a local educational agency, as defined in subdivision (h) of Section 14132.06, that participates under the Administrative Claiming process as a subcontractor to the local educational consortium in its service region.

(q) (1) For purposes of this section, ''local educational consortium'' means a local agency that is one of the service regions of the California County Superintendent Educational Services Association.

(2) Each local educational consortium shall contract with the department pursuant to paragraph (1) of subdivision (c).

(r) (1) Each participating local educational consortium shall be responsible for the local educational agencies in its service region that participate in the Administrative Claiming process. This responsibility includes, but is not limited to, the preparation and submission of all administrative claiming plans, training of local educational agency staff, overseeing the local educational agency time survey process, and the submission of detailed quarterly invoices on behalf of any participating local educational agency.

(2) Each participating local educational consortium shall ensure local educational agency compliance with all requirements of the Administrative Claiming process established for local governmental agencies.

(3) Ninety days prior to the initial participation in the Administrative Claiming process, each local educational consortium shall notify the department of its intent to participate in the process, and shall identify each local educational agency that will be participating as its subcontractor.

(s) (1) Each local educational agency that elects to participate in the Administrative Claiming process shall submit claims through its local educational consortium or through the local governmental agency, but not both.

(2) Each local educational agency participating as a subcontractor to a local educational consortium shall comply with all requirements of the Administrative Claiming process established for local governmental agencies.

(t) For the purposes of this section, a ''nongovernmental entity'' does not include an entity or person administered by, affiliated with, or employed by a participating local governmental agency or a local educational consortium.

(u) The requirements of subdivision (m) shall not apply to claims for administrative activities, pursuant to the Administrative Claiming process, performed by public health programs administered by the state.

(v) A participating local governmental agency or a local educational consortium may charge an administrative fee to any entity claiming Administrative Claiming through that agency.

(w) The department shall continue to administer the Administrative Claiming process in conformity with federal requirements.

(x) The department shall provide technical assistance to all participating local governmental agencies and local educational consortia in order to maximize federal financial participation in the Administrative Claiming process.

(y) This section shall be applicable to Administrative Claiming process activities performed, and to moneys paid to participating local governmental agencies for those activities in the 1994–95 fiscal year and thereafter, and to local educational consortia in the 1998–99 fiscal year and thereafter.

CHAPTER 254

The people of the State of California do enact as follows:

SECTION 1. Section 13353.8 of the Vehicle Code is amended to read:

13353.8. (a) After the department has issued an order suspending or delaying driving privileges as a result of a violation of subdivision (a) of Section 23136, the department, upon petition of the person affected, may review the order and may impose restrictions on the person's privilege to drive based upon a showing of a critical need to drive, if the department determines that, within seven years of the current violation of Section 23136, the person has not violated Section 23136 or been convicted of a separate violation of Section 23140, 23152, or 23153, or of Section 23103, with a plea of guilty under Section 23103.5, or of Section 191.5 of, or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and that the person's driving privilege has not been suspended or revoked under Section 13353, 13353.1, or 13353.2 within that seven-year period.

(b) For purposes of this section, a conviction of an offense in a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada that, if committed in this state, would be a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, 23153, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, is a conviction of that particular section of the Vehicle Code or Penal Code.

(c) As used in this section, ''critical need to drive'' means the circumstances that are required to be shown for the issuance of a junior permit pursuant to Section 12513.

(d) The restriction shall be imposed not earlier than the 31st day after the date the order of suspension became effective and shall remain in effect for the balance of the period of suspension or restriction in this section.

SEC. 2. Section 23612 of the Vehicle Code is amended to read:

23612. (a) (1) (A) A person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or breath for the purpose of determining the alcoholic content of his or her blood, if lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) A person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153.

(C) The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (i) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (ii) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code that resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 for an offense that occurred on a separate occasion, or (iii) the revocation of the person's

privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, that resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353, 13353.1, or 13353.2 for offenses that occurred on separate occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood or breath and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of a drug or the combined influence of an alcoholic beverage and a drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests that are available at the facility to which that person has been transported. In that case, the officer shall

advise the person of those tests that are available at the medical facility and that the person's choice is limited to those tests that are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) A person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) A person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) A person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for an offense allegedly committed while the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

(e) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace

officer shall take possession of all driver's licenses issued by this state which are held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest.

(g) (1) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report required by Section 13380, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(2) (A) Notwithstanding any other provision of law, a document containing data prepared and maintained in the governmental forensic laboratory computerized database system that is electronically transmitted or retrieved through public or private computer networks to or by the department is the best available evidence of the chemical test results in all administrative proceedings conducted by the department. In addition, any other official record that is maintained in the governmental forensic laboratory, relates to a chemical test analysis prepared and maintained in the governmental forensic laboratory computerized database system, and is electronically transmitted and retrieved through a public or private computer network to or by the department is admissible as evidence in the department's administrative proceedings. In order to be admissible as evidence in administrative proceedings, a document described in this subparagraph shall bear a certification by the employee of the department who retrieved the document certifying that the information was received or retrieved directly from the computerized database system of a governmental forensic laboratory and that the document accurately reflects the data received or retrieved.

(B) Notwithstanding any other provision of law, the failure of an employee of the department to certify under subparagraph (A) is not a public offense.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 is a field sobriety test and may be used by an officer as a further investigative tool.

(i) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol or drugs, or a combination of alcohol and drugs. The person's obligation to submit

to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

(7) ''Termination'' means an owner's decision not to extend or renew its participation in a federal subsidy program for an assisted housing development described in subparagraph (A) of paragraph (3), either at or prior to the scheduled date of the expiration of the contract, that may result in an increase in tenant rents or a change in the form of the subsidy from project-based to tenant-based.

(b) (1) At least 12 months prior to the anticipated date of the termination of a subsidy contract, expiration of rental restrictions, or prepayment on an assisted housing development, the owner proposing the termination or prepayment of governmental assistance or the owner of an assisted housing development in which there will be the expiration of rental restrictions shall provide a notice of the proposed change to each affected tenant household residing in the assisted housing development at the time the notice is provided and to the affected public entities. (f) This section shall not require the owner to obtain or acquire additional information that is not contained in the existing tenant and project records, or to update any information in his or her records. The owner shall not be held liable for any inaccuracies contained in these records or from other sources, nor shall the owner be liable to any party for providing this information.

(g) For purposes of this section, service of the notice to the affected tenants, the city, county, or city and county, the appropriate local public housing authority, if any, and the Department of Housing and Community Development by the owner pursuant to subdivisions (b) to (e), inclusive, shall be made by first-class mail postage prepaid.

SEC. 2. Section 65863.13 of the Government Code is amended to read:

65863.13. (a) An owner shall not be required to provide a notice prior to prepayment as required by Section 65863.10 if, upon prepayment, all of the following conditions are contained in a regulatory agreement that has been recorded against the property:

(1) No tenant who resides in the development on the effective date of prepayment shall be involuntarily displaced on a permanent basis as a result of the prepayment, unless the tenant has breached the terms of the lease.

(2) The owner shall accept and fully utilize all renewals of project-based assistance under Section 8 of the United States Housing Act of 1937, if available, and if that assistance is at a level to maintain the project's fiscal viability. The property shall be deemed fiscally viable if the rents permitted under the terms of the assistance are not less than the regulated rent levels established pursuant to subparagraph (A) of paragraph (6).

(3) The owner shall accept all enhanced Section 8 vouchers, if the tenants receive them, and all other Section 8 vouchers for future vacancies.

(4) The owner shall not terminate a tenancy at the end of a lease term without demonstrating a breach of the lease.

(5) The owner may, in selecting eligible applicants for admission, utilize criteria that permit consideration of the amount of income, as long as the owner adequately considers other factors relevant to an applicant's ability to pay rent.

(6) (A) For units that have project-based Section 8 assistance upon the effective date of prepayment and subsequently become unassisted by any form of Section 8 assistance, rents shall not exceed 30 percent of 60 percent of the area median income. If any form of Section 8 assistance is or becomes available, rent and occupancy levels shall be set in accordance with federal regulations for the Section 8 program.

(B) For unassisted units and units that do not have project-based Section 8 assistance upon the effective date of prepayment and subsequently remain unassisted or become unassisted by any form of Section 8 assistance, rents shall not exceed the greater of (i) 30 percent of 50 percent of the area median income, or (ii) for projects insured under Section 241(f) of the National Housing Act, the regulated rents, expressed as a percentage of area median income. If any form of Section 8 assistance is or becomes available, rent and occupancy levels will be

set in accordance with federal regulations governing the Section 8 program.

(b) As used in this section, ''regulatory agreement'' means an agreement with a governmental agency for the purposes of any governmental program, which agreement applies to the development that would be subject to the notice requirement in Section 65863.10 and which obligates the owner and any successors in interest to maintain the affordability of the assisted housing development for households of very low, low, or moderate income for the greater of the remaining term of the existing federal government assistance specified in subdivision (a) of Section 65863.10 or 30 years.

(c) Section 65863.11 shall not apply to any development for which the owner is exempt from the notice requirements of Section 65863.10 pursuant to this section.

(d) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

(g) ''Recognized employee organization'' means an employee organization that has been formally acknowledged to represent the court interpreters employed by the trial courts in a region, pursuant to this chapter.

(h) ''Regional court interpreter employment relations committee'' means the committee established pursuant to Section 71807.

(i) ''Regional transition period'' means the period from January 1, 2003, to July 1, 2005, inclusive, except that the transition period for the region may be terminated earlier by a memorandum of understanding or agreement between the regional court interpreter employment relations committee and a recognized employee organization.

(j) ''Transfer'' means transfer within the trial court as defined in the trial court's personnel policies, procedures, and plans, subject to meet and confer in good faith.

(k) ''Trial court'' means the superior court in each county.

SEC. 2. Section 71802 of the Government Code is amended to read:

71802. (a) On and after July 1, 2003, trial courts shall appoint trial court employees, rather than independent contractors, to perform spoken language interpretation of trial court proceedings. An interpreter may be an employee of the trial court or an employee of another trial court on cross-assignment.

(b) Notwithstanding subdivision (a), a trial court may appoint an independent contractor to perform spoken language interpretation of trial court proceedings if one or more of the following circumstances exists:

(1) An interpreter who is not registered or certified is appointed on a temporary basis pursuant to Rule 984.2 of the California Rules of Court.

(2) The interpreter is over 60 years of age on January 1, 2003, or the sum of the interpreter's age in years on January 1, 2003, and the number of years the interpreter has provided services to the trial courts as an independent contractor prior to January 1, 2003, is equal to or greater than 70, the interpreter has provided services to the trial courts as an independent contractor prior to January 1, 2003, and the interpreter requests in writing prior to June 1, 2003, the opportunity to perform services for the trial court as an independent contractor rather than as an employee.

(3) The interpreter is paid directly by the parties to the proceeding.

(4) The interpreter has performed services for the trial courts as an independent contractor prior to January 1, 2003, the interpreter notifies the trial court in writing prior to June 1, 2003, that the interpreter is precluded from accepting employment because of the terms of an employment contract with a public agency or the terms of a public employee retirement program, the interpreter provides supporting documentation, and the interpreter requests in writing the opportunity to perform services for the trial court as an independent contractor rather than an employee.

(c) Notwithstanding subdivisions (a) and (b), and unless otherwise provided in a memorandum of understanding or agreement with a recognized employee organization, a trial court may also appoint an independent contractor on a day-to-day basis to perform spoken

language interpretation of trial court proceedings if all of the following circumstances exist:

(1) The trial court has assigned all the available employees and independent contractors appointed pursuant to paragraphs (2) and (4) of subdivision (b) in the same language pair and has need for additional interpreters. Employees and independent contractors who are appointed pursuant to paragraphs (2) and (4) of subdivision (b) shall be given priority for assignments over independent contractors who are appointed pursuant to this subdivision.

(2) The interpreter has not previously been appointed as an independent contractor by the same trial court on more than 100 court days or parts of court days during the same calendar year, except that the trial court may continue to appoint an independent contractor on a day-to-day basis to complete a single court proceeding, if the trial court determines that the use of the same interpreter to complete that proceeding is necessary to provide continuity. An interpreter who has been appointed by a trial court as an independent contractor pursuant to this subdivision on more than 45 court days or parts of court days during the same calendar year shall be entitled to apply for employment by that trial court as a court interpreter pro tempore and the trial court may not refuse to offer employment to the interpreter, except for cause. For purposes of this section, ''for cause'' means a fair and honest cause or reason regulated by good faith on the part of the party exercising the power.

(3) The trial court does not provide independent contractors appointed pursuant to this subdivision with lesser duties or more favorable working conditions than those to which a court interpreter pro tempore employed by that trial court would be subject for the purpose of discouraging interpreters from applying for pro tempore employment with the trial court. The trial court is not required to apply the employee training, disciplinary, supervisory, and evaluation procedures of the trial court to any independent contractor.

(d) Only registered and certified interpreters may be hired by a trial court as employees to perform spoken language interpretation of trial court proceedings. Interpreters who are not certified or registered may be assigned to provide services as independent contractors only when certified and registered interpreters are unavailable and the good cause and qualification procedures and guidelines adopted by the Judicial Council pursuant to subdivision (c) of Section 68561 have been followed.

(e) A trial court that has appointed independent contractors pursuant to paragraph (1) of subdivision (b) or to subdivision (c) for a language pair on more than 60 court days or parts of court days in the prior 180 days shall provide public notice that the court is accepting applications

for the position of court interpreter pro tempore for that language pair and shall offer employment to qualified applicants.

(f) Unless the parties to the dispute agree upon other procedures after the dispute arises, or other procedures are provided in a memorandum of understanding or agreement with a recognized employee organization, disputes concerning a violation of this section shall be submitted for binding arbitration to the California State Mediation and Conciliation Service.

SEC. 3. Section 71804 of the Government Code is amended to read:

71804. (a) Each trial court shall offer to employ as a court interpreter pro tempore each interpreter who meets all of the following criteria:

(1) The interpreter is certified or registered.

(2) The interpreter has provided services to the same trial court as an independent contractor on at least either:

(A) Thirty court days or parts of court days in both calendar year 2001 and calendar year 2002.

(B) Sixty court days or parts of court days in calendar year 2002.

(3) The interpreter has applied for the position of court interpreter pro tempore prior to July 1, 2003, and has complied with reasonable requirements for submitting an application and providing documentation.

(4) The interpreter's application is not rejected by the trial court for cause.

(b) Each trial court shall begin accepting applications for court interpreters pro tempore by no later than May 1, 2003. Court interpreters who qualify for employment pursuant to this section shall receive offers of employment within 30 days after an application is submitted. Applicants shall have at least 15 days to accept or reject an offer of employment. The hiring process for applicants who accept the offer of employment shall be completed within 30 days after acceptance, but the trial court need not set employment to commence prior to July 1, 2003.

(c) For purposes of this section, ''for cause'' means a fair and honest cause or reason regulated by good faith on the part of the party exercising the power.

(d) Unless the parties to a dispute agree upon other procedures after the dispute arises, or other procedures are provided in a memorandum of understanding or agreement with a recognized employee organization, disputes about whether this section has been violated during the regional transition period shall be resolved by binding arbitration through the California State Mediation and Conciliation Service.

SEC. 4. Section 71805 of the Government Code is amended to read:

71805. (a) Until the conclusion of the regional transition period, all interpreters who are employed by a trial court shall be classified as court interpreters pro tempore, except as provided in Section 71828, unless otherwise provided in a memorandum of understanding or agreement with a recognized employee organization.

(b) This chapter does not require trial courts to alter their past practices regarding the assignment of interpreters. If an interpreter had a regular assignment for the trial court as an independent contractor prior to the effective date of this chapter, nothing in this chapter shall prohibit the trial court from continuing to appoint the same interpreter to the same assignment as a court interpreter pro tempore during the regional transition period.

(c) During the regional transition period, the existing statewide per diem pay rate may not be reduced, and the existing statewide compensation policies set by the Judicial Council shall be maintained, unless otherwise provided in a memorandum of understanding or agreement with a recognized employee organization. The per diem pay rate and compensation policies shall apply to court interpreters pro tempore.

(d) Court interpreters pro tempore are not subject to disciplinary action during the regional transition period, except for cause.

(e) For purposes of this section, ''for cause'' means a fair and honest cause or reason regulated by good faith on the part of the party exercising the power.

(f) During the regional transition period, a trial court may not retaliate or threaten to retaliate against a court interpreter or applicant for interpreter employment because of the individual's membership in an interpreter association or employee organization, participation in any grievance, complaint, or meet and confer activities, or exercise of rights under this chapter, including by changing past practices regarding assignments, refusing to offer work to an interpreter, altering working conditions, or otherwise coercing, harassing, or discriminating against an applicant or interpreter.

(g) Unless the parties to a dispute agree upon other procedures after the dispute arises, or other procedures are provided in a memorandum of understanding or agreement with a recognized employee organization, disputes about whether this section has been violated shall be resolved by binding arbitration through the California State Mediation and Conciliation Service.

SEC. 5. Section 71806 of the Government Code is amended to read:

71806. (a) At the conclusion of the regional transition period, trial courts in the region may employ certified and registered interpreters to perform spoken language interpretation for the trial courts in full-time or part-time court interpreter positions created by the trial courts with the

authorization of the regional committee and subject to meet and confer in good faith. The courts may also continue to employ court interpreters pro tempore.

(b) For purposes of hiring interpreters for positions other than court interpreter pro tempore, unless otherwise provided in a memorandum of understanding or agreement with a recognized employee organization, trial courts shall consider applicants in the following order of priority:

(1) Court interpreters pro tempore in the same language who have performed work for that trial court for at least 150 court days or parts of court days during each of the past five years, including time spent performing work for the trial court as an independent contractor.

(2) Court interpreters pro tempore in the same language who have performed work for that trial court for at least 60 court days or parts of court days in each of the past five years, including time spent performing work for the trial court as an independent contractor.

(3) Court interpreters pro tempore in the same language who have performed work for that trial court for at least 60 court days or parts of court days in at least two of the past four years, including time spent as an independent contractor.

(4) Other applicants.

(c) A trial court may not reject an applicant in favor of an applicant with lower priority except for cause.

(d) For purposes of this section, ''for cause'' means a fair and honest cause or reason regulated by good faith on the part of the party exercising the power.

(e) Applicants may be required to provide sufficient documentation to establish that they are entitled to priority in hiring. Trial courts shall make their records of past assignments available to interpreters for purposes of obtaining that documentation.

(f) Unless the parties to a dispute agree upon other procedures after the dispute arises, or other procedures are provided in a memorandum of understanding or agreement with a recognized employee organization, disputes about whether this section has been violated shall be resolved by binding arbitration through the California State Mediation and Conciliation Service.

(g) Subdivision (b) shall become inoperative on January 1, 2007, unless otherwise provided by a memorandum of understanding or agreement with a recognized employee organization, and on and after that time hiring shall be in accordance with the personnel rules of the trial court.

SEC. 6. Section 71828 of the Government Code is amended to read:

71828. (a) This chapter does not apply to trial courts in Solano and Ventura Counties. Labor and employment relations for court interpreters employed by trial courts in Solano and Ventura Counties shall remain

subject to the Trial Court Employment Protection and Governance Act, Chapter 7 (commencing with Section 71600), and nothing in this chapter shall be construed to affect the application of the Trial Court Employment Protection and Governance Act, Chapter 7 (commencing with Section 71600), to court interpreters employed by those counties.

(b) If an interpreter employed by a trial court in a different county accepts a temporary appointment to perform services for a trial court in the Solano or Ventura County, the interpreter shall be treated for purposes of compensation, employee benefits, seniority, and discipline and grievance procedures, as having performed the services in the trial court in which the interpreter is employed.

(c) If an interpreter employed by a trial court in Solano or Ventura County accepts a temporary appointment to perform services for another trial court, the interpreter shall be treated for purposes of compensation, employee benefits, seniority, and discipline and grievance procedures, as having performed the services in the trial court in which the interpreter is employed.

(d) This chapter also does not apply to court interpreters who have been continuously employed by a trial court in any county beginning prior to September 1, 2002, and who are covered by a memorandum of understanding or agreement entered into pursuant to the Trial Court Employment Protection and Governance Act, Chapter 7 (commencing with Section 71600) and to future employees hired in the same positions as replacements for those employees. For any other certified or registered interpreters hired by trial courts as employees prior to December 31, 2002, the trial courts may not change existing job classifications and may not reduce their wages and benefits during the regional transition period or during the term of an existing contract, whichever is longer.

SEC. 7. Section 1 of Chapter 1047 of the Statutes of 2002 is amended to read:

Section 1. The Legislature finds and declares as follows:

(a) Court interpreters provide constitutionally mandated spoken language services to the court, attorneys, defendants, victims, and witnesses in trial court proceedings. These services are vital to ensuring access and fairness in the trial courts. The purpose of this act is to provide for the fair treatment of court interpreters, to enhance access to the court system for persons who depend upon the services of interpreters, and to promote sound court management.

(b) The intent of the Legislature is to provide that the trial courts shall make an orderly transition from relying on independent contractors to using employees for interpretation services. Accordingly, this act provides for a transition period of up to two years during which the trial courts shall hire as employees court interpreters pro tempore who shall

perform work as needed on a per diem basis. After the transition period, the trial courts may continue to employ court interpreters pro tempore as well as create other interpreter classifications.

CHAPTER 258

SEC. 5. (a) A notice of each public auction or bid opening shall be posted on the property to be sold under this act and shall be published in a newspaper of general circulation published in the county in which the real property to be sold is situated.

(b) Any sale, exchange, lease, or transfer of the parcels described in this act is exempt from Chapter 3 (commencing with Section 21100) to Chapter 6 (commencing with Section 21165), inclusive, of Division 13 of the Public Resources Code.

SEC. 6. (a) The Department of General Services shall be reimbursed for any cost or expense incurred in the disposition of any parcels described in this act.

(b) As to property sold pursuant to this act consisting of more than 15 acres, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, together with the right to prospect for, mine, and remove the deposits. The rights to prospect for, mine, and remove the deposits shall be limited to those areas of the property conveyed that the director, after consultation with the State Lands Commission, determines to be reasonably necessary for the removal of the deposits.

CHAPTER 259

An act to add Title 2.97 (commencing with Section 1812.700) to Part 4 of Division 3 of the Civil Code, relating to debt collection.

[Approved by Governor September 1, 2003. Filed with Secretary of State September 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Title 2.97 (commencing with Section 1812.700) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 2.97. CONSUMER COLLECTION NOTICE

1812.700. (a) In addition to the requirements imposed by Article 2 (commencing with Section 1788.10) of Title 1.6C, third-party debt collectors subject to the federal Fair Debt Collection Practices Act (15 U.S.C. Sec. 1692 et seq.) shall provide a notice to debtors that shall include the following description of debtor rights:

''The state Rosenthal Fair Debt Collection Practices Act and the federal Fair Debt Collection Practices Act require that, except under unusual circumstances, collectors may not contact you before 8 a.m. or after 9 p.m. They may not harass you by using threats of violence or arrest or by using obscene language. Collectors may not use false or misleading statements or call you at work if they know or have reason to know that you may not receive personal calls at work. For the most part, collectors may not tell another person, other than your attorney or spouse, about your debt. Collectors may contact another person to confirm your location or enforce a judgment. For more information about debt collection activities, you may contact the Federal Trade Commission at 1-877-FTC-HELP or www.ftc.gov.''

(b) The notice shall be included with the first written notice initially addressed to a California address of a debtor in connection with collecting the debt by the third-party debt collector.

(c) If a language other than English is principally used by the third-party debt collector in the initial oral contact with the debtor, a notice shall be provided to the debtor in that language within five working days.

1812.701. (a) The notice required in this title may be changed only as necessary to reflect changes under the federal Fair Debt Collection Practices Act (15 U.S.C. Sec. 1692 et seq.) that would otherwise make the disclosure inaccurate.

(b) The type-size used in the disclosure shall be in at least the same type-size as that used to inform the debtor of his or her specific debt, but is not required to be larger than 12-point type.

1812.702. Any violation of this act shall be considered a violation of the Rosenthal Fair Debt Collection Practices Act (Title 1.6C (commencing with Section 1788)).

SEC. 2. The provisions of this act shall become operative on July 1, 2004.

CHAPTER 260

An act to amend Sections 33020, 33333.2, 33333.6, and 33683 of, and to add Sections 33681.9, 33681.10, and 33681.11 to, the Health and Safety Code, relating to redevelopment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 1, 2003. Filed with Secretary of State September 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 33020 of the Health and Safety Code is amended to read:

33020. ''Redevelopment'' means the planning, development, replanning, redesign, clearance, reconstruction, or rehabilitation, or any combination of these, of all or part of a survey area, and the provision of those residential, commercial, industrial, public, or other structures or spaces as may be appropriate or necessary in the interest of the general welfare, including recreational and other facilities incidental or appurtenant to them and payments to school and community college districts in the fiscal years specified in Sections 33681, 33681.5, 33681.7, and 33681.9.

SEC. 2. Section 33333.2 of the Health and Safety Code is amended to read:

33333.2. (a) A redevelopment plan containing the provisions set forth in Section 33670 shall contain all of the following limitations. A redevelopment plan that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (4):

(1) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the adoption of the redevelopment plan, except by amendment of the redevelopment plan as authorized by subparagraph (B). This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under subdivision (a) of Section 33333.8. The loans, advances, or indebtedness may be repaid over a period of time longer than this time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation. This limit shall not prevent agencies from refinancing, refunding, or restructuring indebtedness after the time limit if the indebtedness is not increased and the time during which the indebtedness is to be repaid is not extended beyond the time limit to repay indebtedness required by this section.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) significant blight remains within the project area; and (ii) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 30 years from the effective date of the ordinance adopting the redevelopment plan, except as necessary to comply with subdivision (a) of Section 33333.8.

(2) A time limit, not to exceed 30 years from the adoption of the redevelopment plan, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants or contracts, unless the agency has not completed its housing obligations pursuant to subdivision (a) of Section 33333.8, in which case the agency shall retain its authority to implement requirements under subdivision (a) of Section 33333.8, including its ability to incur and pay indebtedness for this purpose, and shall use this authority to complete these housing obligations as soon as is reasonably possible.

(3) A time limit, not to exceed 45 years from the adoption of the redevelopment plan, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670, except as necessary to comply with subdivision (a) of Section 33333.8.

(4) A time limit, not to exceed 12 years from the adoption of the redevelopment plan, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

(b) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by this section.

(c) When an agency is required to make a payment pursuant to Section 33681.9, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to paragraphs (2) and (3) of subdivision (a) by one year by adoption of an ordinance. In adopting this ordinance, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(d) This section shall apply only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1994, and to amendments that add territory and that are adopted on or after January 1, 1994.

SEC. 3. Section 33333.6 of the Health and Safety Code is amended to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date that shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness, to comply with Section 33333.8 and to enforce existing covenants, contracts, or other obligations.

(b) Except as provided in subdivisions (f) and (g), a redevelopment agency may not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(c) (1) If plans that had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date

of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(d) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (b) or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(e) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this section, this section shall not be construed to require an amendment of this limitation.

(2) (A) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended by a legislative body by adoption of an ordinance on or after January 1, 1999, but on or before December 31, 1999, to extend the limitation, provided that the plan as so amended does not exceed the terms provided in this section. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(B) On or after January 1, 2002, a redevelopment plan may be amended by a legislative body by adoption of an ordinance to eliminate the time limit on the establishment of loans, advances, and indebtedness

required by this section prior to January 1, 2002. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans, except that the agency shall make the payment to affected taxing entities required by Section 33607.7.

(C) When an agency is required to make a payment pursuant to Section 33681.9, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to subdivisions (a) and (b) by one year by adoption of an ordinance. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans, including, but not limited to, the requirement to make the payment to affected taxing entities required by Section 33607.7.

(f) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit the allocation of taxes to an agency to the extent required to comply with Section 33333.8. In the event of a conflict between these limitations and the obligations under Section 33333.8, the limitations established in the ordinance shall be suspended pursuant to Section 33333.8.

(g) This section shall not be construed to affect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994. This section shall not be construed to affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the bond, indebtedness, or other obligation.

(h) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (b) or the date identified in the redevelopment plan, whichever is earlier, except as provided in paragraph (2) of subdivision (e), in subdivision (g), or in Section 33333.8.

(i) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

(j) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by Section 33333.2.

SEC. 4. Section 33681.9 is added to the Health and Safety Code, to read:

33681.9. (a) (1) During the 2003–04 fiscal year, a redevelopment agency shall, prior to May 10, remit an amount equal to the amount determined for that agency pursuant to subparagraph (I) of paragraph (2) to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) For the 2003–04 fiscal year, on or before October 1, the Director of Finance shall do all of the following:

(A) Determine the net tax increment apportioned to each agency pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2001–02 fiscal year.

(B) Determine the net tax increment apportioned to all agencies pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2001–02 fiscal year.

(C) Determine a percentage factor by dividing sixty-seven million five hundred thousand dollars ($67,500,000) by the amount determined pursuant to subparagraph (B).

(D) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (A) by the percentage factor determined pursuant to subparagraph (C).

(E) Determine the total amount of property tax revenue apportioned to each agency pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2001–02 fiscal year.

(F) Determine the total amount of property tax revenue apportioned to all agencies pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2001–02 fiscal year.

(G) Determine a percentage factor by dividing sixty-seven million five hundred thousand dollars ($67,500,000) by the amount determined pursuant to subparagraph (F).

(H) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (E) by the percentage factor determined pursuant to subparagraph (G).

(I) Add the amount determined pursuant to subparagraph (D) to the amount determined pursuant to subparagraph (H).

(J) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (I).

(K) Notify each county auditor of the amounts determined pursuant to subparagraph (I) for each agency in his or her county.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 2003–04 fiscal year, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low and Moderate Income Housing Fund pursuant to the authority of this subdivision.

(2) As a condition of borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full within 10 years following the date on which moneys were borrowed.

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and moderate-income fund as of July 1 of that fiscal year may be used for this purpose.

(d) The legislative body shall by March 1 report to the county auditor as to how the agency intends to fund the allocation required by this section, or that the legislative body intends to remit the amount in lieu of the agency pursuant to Section 33681.11.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment projects pursuant to Section 16 of Article XVI of the California Constitution.

(g) In making the determinations required by subdivision (a), the Director of Finance shall use those amounts reported as the ''Tax Increment Retained by Agency'' for all agencies and for each agency in Table 7 of the 2001–02 fiscal year Controller's State of California Community Redevelopment Agencies Annual Report.

(h) If revised reports have been accepted by the Controller on or before January 1, 2004, the Director of Finance shall use appropriate data that has been certified by the Controller for the purpose of making the determinations required by subdivision (a).

SEC. 5. Section 33681.10 is added to the Health and Safety Code, to read:

33681.10. (a) (1) For the purposes of this section, ''existing indebtedness'' means one or more of the following obligations incurred by a redevelopment agency prior to the effective date of this section, the payment of which is to be made in whole or in part, directly or indirectly, out of taxes allocated to the agency pursuant to Section 33670, and that is required by law or provision of the existing indebtedness to be made during the fiscal year of the relevant allocation required by Section 33681.9:

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by the agency, whether funded, refunded, assumed, or otherwise, pursuant to Article 5 (commencing with Section 33640).

(B) Loans or moneys advanced to the agency, including, but not limited to, loans from federal, state, or local agencies, or a private entity.

(C) A contractual obligation that, if breached, could subject the agency to damages or other liabilities or remedies.

(D) An obligation incurred pursuant to Section 33445.

(E) Indebtedness incurred pursuant to Section 33334.2.

(F) An amount, to be expended for the operation and administration of the agency, that may not exceed 90 percent of the amount spent for those purposes in the 2001–02 fiscal year.

(G) Obligations imposed by law with respect to activities that occurred prior to the effective date of the act that adds this section.

(2) Existing indebtedness incurred prior to the effective date of this section may be refinanced, refunded, or restructured after that date, and shall remain existing indebtedness for the purposes of this section, if the annual debt service during that fiscal year does not increase over the prior fiscal year and the refinancing does not reduce the ability of the agency to make the payment required by subdivision (a) of Section 33681.9.

(3) For the purposes of this section, indebtedness shall be deemed to be incurred prior to the effective date of this section if the agency has entered into a binding contract subject to normal marketing conditions, to deliver the indebtedness, or if the redevelopment agency has received bids for the sale of the indebtedness prior to that date and the indebtedness is issued for value and evidence thereof is delivered to the initial purchaser no later than 30 days after the date of the contract or sale.

(b) During the 2003–04 fiscal year, an agency that has adopted a resolution pursuant to subdivision (c) may, pursuant to subdivision (a) of Section 33681.9, allocate to the auditor less than the amount required

by subdivision (a) of Section 33681.9, if the agency finds that either of the following has occurred:

(1) That the difference between the amount allocated to the agency and the amount required by subdivision (a) of Section 33681.9 is necessary to make payments on existing indebtedness that are due or required to be committed, set aside, or reserved by the agency during the applicable fiscal year and that are used by the agency for that purpose, and the agency has no other funds that can be used to pay this existing indebtedness, and no other feasible method to reduce or avoid this indebtedness.

(2) The agency has no other funds to make the allocation required by subdivision (a) of Section 33681.9.

(c) (1) Any agency that, pursuant to subdivision (b), intends to allocate to the auditor less than the amount required by subdivision (a) of Section 33681.9 shall adopt, prior to December 31, 2003, after a noticed public hearing, a resolution that lists all of the following:

(A) Each existing indebtedness incurred prior to the effective date of this section.

(B) Each indebtedness on which a payment is required to be made during the 2003–04 fiscal year.

(C) The amount of each payment, the time when it is required to be paid, and the total of the payments required to be made during the 2003–04 fiscal year. For indebtedness that bears interest at a variable rate, or for short-term indebtedness that is maturing during the fiscal year and that is expected to be refinanced, the amount of payments during the fiscal year shall be estimated by the agency.

(2) The information contained in the resolution required by this subdivision shall be reviewed for accuracy by the chief fiscal officer of the agency.

(3) The legislative body shall additionally adopt the resolution required by this section.

(d) (1) Any agency that, pursuant to subdivision (b), determines that it will be unable in the 2003–04 fiscal year, to allocate the full amount required by subdivision (a) of Section 33681.9 shall, subject to paragraph (3), enter into an agreement with the legislative body by February 15, 2004, to fund the payment of the difference between the full amount required to be paid pursuant to subdivision (a) of Section 33681.9 and the amount available for allocation by the agency.

(2) The obligations imposed by paragraph (1) are hereby declared to be indebtedness incurred by the redevelopment agency to finance a portion of a redevelopment project within the meaning of Section 16 of Article XVI of the California Constitution. This indebtedness shall be payable from tax revenues allocated to the agency pursuant to Section 33670, and any other funds received by the agency. The obligations

imposed by paragraph (1) shall remain an indebtedness of the agency to the legislative body until paid in full, or until the agency and the legislative body otherwise agree.

(3) The agreement described in paragraph (1) shall be subject to these terms and conditions specified in a written agreement between the legislative body and the agency.

(e) If the agency fails, under either Section 33681.9 or subdivision (d), to transmit the full amount of funds required by Section 33681.9, is precluded by court order from transmitting that amount, or is otherwise unable to meet its full obligation pursuant to Section 33681.9, the county auditor, by no later than May 15, 2004, shall transfer any amount necessary to meet the obligation determined for that agency in paragraph (1) of subdivision (c) of Section 33681.9 from the legislative body's property tax allocation pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

SEC. 6. Section 33681.11 is added to the Health and Safety Code, to read:

33681.11. (a) In lieu of the remittance required by Section 33681.9, during the 2003–04 fiscal year, a legislative body may, prior to May 10, 2004, remit an amount equal to the amount determined for the agency pursuant to subparagraph (I) of paragraph (2) of subdivision (a) of Section 33681.9 to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(b) The legislative body may make the remittance authorized by this section from any funds that are legally available for this purpose. No moneys held in an agency's Low and Moderate Income Housing Fund shall be used for this purpose.

(c) If the legislative body, pursuant to subdivision (d) of Section 33681.9, reported to the county auditor that it intended to remit the amount in lieu of the agency and the legislative body fails to transmit the full amount as authorized by this section by May 10, 2004, the county auditor, no later than May 15, 2004, shall transfer an amount necessary to meet the obligation from the legislative body's property tax allocation pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. If the amount of the legislative body's property tax allocation is not sufficient to meet this obligation, the county auditor shall transfer an additional amount necessary to meet this obligation from the property tax increment revenue apportioned to the agency pursuant to Section 33670, provided that no moneys allocated to the agency's Low and Moderate Income Housing Fund shall be used for this purpose.

SEC. 7. Section 33683 of the Health and Safety Code is amended to read:

33683. For the purpose of calculating the amount which has been divided and allocated to the redevelopment agency to determine whether the limitation adopted pursuant to Section 33333.2 or 33333.4 or pursuant to agreement or court order has been reached, any payments made pursuant to subdivision (a) of Sections 33681, 33681.5, 33681.7, and 33681.9 or subdivision (d) of Sections 33682, 33682.5, 33681.8, and 33681.10 with property tax revenues shall be deducted from the amount of property tax dollars deemed to have been received by the agency.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary changes to implement the Budget Act of 2003 at the earliest possible time, it is necessary that this take effect immediately.

CHAPTER 261

An act to amend Sections 31485.7 and 31485.8 of, and to add Section 31658 to, the Government Code, relating to county employees' retirement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 31485.7 of the Government Code is amended to read:

31485.7. Notwithstanding anything to the contrary in this chapter, a member who elects to purchase retirement service credit under Section 31494.3, 31641.1, 31641.5, 31646, 31652, or 31658, or under the

regulations adopted by the board pursuant to Section 31643 or 31644 shall complete that purchase within 120 days after the effective date of his or her retirement.

This section is not operative in any county until the board of supervisors, by resolution, makes this section applicable in the county.

SEC. 2. Section 31485.8 of the Government Code is amended to read:

31485.8. Notwithstanding anything to the contrary in this chapter, a member who elects to purchase retirement service credit under Section 31494.3, 31641.1, 31641.5, 31646, 31652, or 31658, or under the regulations adopted by the board pursuant to Section 31643 or 31644 shall complete that purchase within 120 days after the effective date of his or her retirement.

This section applies only to a county of the first class, as defined by Section 28020, as amended by Chapter 1204 of the Statutes of 1971, and Section 28022, as amended by Chapter 43 of the Statutes of 1961.

SEC. 3. Section 31658 is added to the Government Code, to read:

31658. (a) An active member may elect, by written notice filed with the board, to make contributions pursuant to this section and to receive up to five years of service credit in the retirement system for additional retirement credit, if the member has completed at least five years of credited service with that retirement system.

(b) As used in this section, ''additional retirement credit'' means time that does not otherwise qualify as county service, public service, military service, medical leave of absence, or any other time recognized for service credit by the retirement system.

(c) Notwithstanding any other provision of this chapter, service credit for additional retirement credit may not be counted to meet the minimum qualifications for service or disability retirement or for purposes of establishing eligibility for any benefits based on 30 years of service, additional ad hoc cost-of-living benefits based on service credit, health care benefits, or any other benefits based upon service credit.

(d) Any member who elects to make contributions and receive service credit for additional retirement credit shall contribute to the retirement fund, prior to the effective date of his or her retirement, by lump-sum payment or by installment payments over a period not to exceed 10 years, an amount that, at the time of commencement of purchase, in the opinion of the board and the actuary, is sufficient to not place any additional financial burden upon the retirement system.

(e) No member may receive service credit under this section for any additional retirement credit for which he or she has not completed payment pursuant to subdivision (d) before the effective date of his or her retirement. Subject to the limitations of United States Internal Revenue Service regulations, a member who has elected to make

payment in installments may complete payment by lump sum at any time prior to the effective date of his or her retirement.

(f) Any sums paid by a member pursuant to this section shall be considered to be and administered as contributions by the member.

(g) This section is not operative in any county until the board of supervisors, by resolution adopted by majority vote, makes this section applicable in the county.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the recent declines in the performance of the stock market and the impact of those declines on future retirees, and in order to provide county employees a means to offset those declines, it is necessary that this act take effect immediately.

CHAPTER 262

An act to amend Section 273.5 of the Penal Code, relating to crime.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon a person who is his or her spouse, former spouse, cohabitant, former cohabitant, or the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both that fine and imprisonment.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, ''traumatic condition'' means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is

presumed the natural father under Sections 7611 and 7612 of the Family Code.

(e) (1) Any person convicted of violating this section for acts occurring within seven years of a previous conviction under subdivision (a), or subdivision (d) of Section 243, or Section 243.4, 244, 244.5, or 245, shall be punished by imprisonment in a county jail for not more than one year, or by imprisonment in the state prison for two, four, or five years, or by both imprisonment and a fine of up to ten thousand dollars ($10,000).

(2) Any person convicted of a violation of this section for acts occurring within seven years of a previous conviction under subdivision (e) of Section 243 shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to ten thousand dollars ($10,000), or by both that imprisonment and fine.

(f) If probation is granted to any person convicted under subdivision (a), the court shall impose probation consistent with the provisions of Section 1203.097.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any defendant convicted under subdivision (a) who has been convicted of any prior offense specified in subdivision (e), the court shall impose one of the following conditions of probation:

(1) If the defendant has suffered one prior conviction within the previous seven years for a violation of any offense specified in subdivision (e), it shall be a condition thereof, in addition to the provisions contained in Section 1203.097, that he or she be imprisoned in a county jail for not less than 15 days.

(2) If the defendant has suffered two or more prior convictions within the previous seven years for a violation of any offense specified in subdivision (e), it shall be a condition of probation, in addition to the provisions contained in Section 1203.097, that he or she be imprisoned in a county jail for not less than 60 days.

(3) The court, upon a showing of good cause, may find that the mandatory imprisonment required by this subdivision shall not be imposed and shall state on the record its reasons for finding good cause.

(h) If probation is granted upon conviction of a violation of subdivision (a), the conditions of probation may include, consistent with the terms of probation imposed pursuant to Section 1203.097, in lieu of a fine, one or both of the following requirements:

(1) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000), pursuant to Section 1203.097.

(2) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 263

An act to amend Section 871 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 871 of the Welfare and Institutions Code is amended to read:

871. (a) Any person under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, who escapes or attempts to escape from the institution or facility in which he or she is confined, who escapes or attempts to escape while being conveyed to or from such

an institution or facility, or who escapes or attempts to escape while outside or away from such an institution or facility while under the custody of a probation officer or any peace officer, is guilty of a misdemeanor, punishable by imprisonment in the county jail not exceeding one year.

(b) Any person who commits any of the acts described in subdivision (a) by use of force or violence shall be punished by imprisonment in a county jail for not more than one year or by imprisonment in the state prison.

(c) The willful failure of a person under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile ranch camp, or forestry camp, to return to the county juvenile hall, ranch, camp, or forestry camp at the prescribed time while outside or away from the county facility on furlough or temporary release constitutes an escape punishable as provided in subdivision (a). However, a willful failure to return at the prescribed time shall not be considered an escape if the failure to return was reasonable under the circumstances.

(d) A minor who, while under the supervision of a probation officer, removes his or her electronic monitor without authority and who, for more than 48 hours, violates the terms and conditions of his or her probation relating to the proper use of the electronic monitor shall be guilty of a misdemeanor. If an electronic monitor is damaged or discarded while in the possession of the minor, restitution for the cost of replacing the unit may be ordered as part of the punishment.

(e) The liability established by this section shall be limited by the financial ability of the person or persons ordered to pay restitution under this section, who shall, upon request, be entitled to an evaluation and determination of ability to pay under Section 903.45.

(f) For purposes of this section, ''regional facility'' means any facility used by one or more public entities for the confinement of juveniles for more than 24 hours.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 264

An act to amend Section 330b of the Penal Code, relating to gaming.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 330b of the Penal Code is amended to read:

(1) It is unlawful for any person to manufacture, repair, own, store, possess, sell, rent, lease, let on shares, lend or give away, transport, or expose for sale or lease, or to offer to repair, sell, rent, lease, let on shares, lend or give away, or permit the operation, placement, maintenance, or keeping of, in any place, room, space, or building owned, leased, or occupied, managed, or controlled by that person, any slot machine or device, as defined in this section.

It is unlawful for any person to make or to permit the making of an agreement with another person regarding any slot machine or device, by which the user of the slot machine or device, as a result of the element of hazard or chance or other unpredictable outcome, may become entitled to receive money, credit, allowance, or other thing of value or additional chance or right to use the slot machine or device, or to receive any check, slug, token, or memorandum entitling the holder to receive money, credit, allowance, or other thing of value.

(2) The limitations of paragraph (1), insofar as they relate to owning, storing, possessing, or transporting any slot machine or device, do not apply to any slot machine or device located upon or being transported by any vessel regularly operated and engaged in interstate or foreign commerce, so long as the slot machine or device is located in a locked compartment of the vessel, is not accessible for use, and is not used or operated within the territorial jurisdiction of this state.

(3) The limitations of paragraph (1) do not apply to a manufacturer's business activities that are conducted in accordance with the terms of a license issued by a tribal gaming agency pursuant to the tribal-state gaming compacts entered into in accordance with the Indian Gaming Regulatory Act (18 U.S.C. Sec. 1166 to 1168, inclusive, and 25 U.S.C. Sec. 2701 et seq.).

(4) For purposes of this section, ''slot machine or device'' means a machine, apparatus, or device that is adapted, or may readily be converted, for use in a way that, as a result of the insertion of any piece of money or coin or other object, or by any other means, the machine or device is caused to operate or may be operated, and by reason of any element of hazard or chance or of other outcome of operation

unpredictable by him or her, the user may receive or become entitled to receive any piece of money, credit, allowance or thing of value or additional chance or right to use the slot machine or device, or any check, slug, token or memorandum, whether of value or otherwise, which may be exchanged for any money, credit, allowance or thing of value, or which may be given in trade, irrespective of whether it may, apart from any element of hazard or chance or unpredictable outcome of operation, also sell, deliver or present some merchandise, indication of weight, entertainment, or other thing of value.

(6) Pinball and other amusement machines or devices, which are predominantly games of skill, whether affording the opportunity of additional chances or free plays or not, are not included within the term slot machine or device, as defined in this section.

CHAPTER 269

An act to amend Section 13515.25 of the Penal Code, relating to peace officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Many of the incoming calls received by police and law enforcement departments involve situations with seriously emotionally disturbed and mentally ill persons. Poverty, homelessness, substance addiction, and mental illness are not in themselves police problems. They are health and economic problems that have become law enforcement problems because of inadequate funding and manpower resources, and the stigma the community places upon the mentally ill. Until more resources are allocated to community treatment services, health care providers and law enforcement will share joint responsibility for dealing with severely mentally ill persons. The Police Crisis Intervention Training Program used by the San Francisco and San Jose Police Departments is an example of one joint effort. It is designed to give law enforcement officers additional resources and skills with which to perform their jobs more effectively.

(b) It is critical that law enforcement mental health training be developed for the local community. There are as many differences, if not more, as there are similarities in each community regarding issues involving local police, mental health providers, and mentally ill persons. Local police, local staff from community mental health services and agencies, local mental health advocates, and local mental health consumers must work together to create the training and curriculum that is customized for each particular community.

SEC. 2. Section 13515.25 of the Penal Code is amended to read:

13515.25. (a) The Commission on Peace Officer Standards and Training shall, on or before June 30, 2001, establish and keep updated a continuing education classroom training course relating to law enforcement interaction with developmentally disabled and mentally ill persons. The training course shall be developed by the commission in consultation with appropriate community, local, and state organizations and agencies that have expertise in the area of mental illness and developmental disability, and with appropriate consumer and family advocate groups. In developing the course, the commission shall also examine existing courses certified by the commission that relate to mentally ill and developmentally disabled persons. The commission

shall make the course available to law enforcement agencies in California.

(b) The course described in subdivision (a) shall consist of classroom instruction and shall utilize interactive training methods to ensure that the training is as realistic as possible. The course shall include, at a minimum, core instruction in all of the following:

(1) The cause and nature of mental illnesses and developmental disabilities.

(2) How to identify indicators of mental illness and developmental disability and how to respond appropriately in a variety of common situations.

(3) Conflict resolution and de-escalation techniques for potentially dangerous situations involving mentally ill and developmentally disabled persons.

(4) Appropriate language usage when interacting with mentally ill and developmentally disabled persons.

(5) Alternatives to lethal force when interacting with potentially dangerous mentally ill and developmentally disabled persons.

(6) Community and state resources available to serve mentally ill and developmentally disabled persons and how these resources can be best utilized by law enforcement to benefit the mentally ill and developmentally disabled community.

(c) The commission shall submit a report to the Legislature by October 1, 2004, that shall include all of the following:

(1) A description of the process by which the course was established, including a list of the agencies and groups that were consulted.

(2) Information on the number of law enforcement agencies that utilized, and the number of officers that attended, the course or other courses certified by the commission relating to mentally ill and developmentally disabled persons from July 1, 2001, to July 1, 2003, inclusive.

(3) Information on the number of law enforcement agencies that utilized, and the number of officers that attended, courses certified by the commission relating to mentally ill and developmentally disabled persons from July 1, 2000, to July 1, 2001, inclusive.

(4) An analysis of the Police Crisis Intervention Training (CIT) Program used by the San Francisco and San Jose Police Departments, to assess the training used in these programs and compare it with existing courses offered by the commission in order to evaluate the adequacy of mental illness and developmental disability training available to local law enforcement officers.

(d) The Legislature encourages law enforcement agencies to include the course created in this section, or any other course certified by the

commission relating to mentally ill and developmentally disabled persons, as part of their advanced officer training program.

(e) It is the intent of the Legislature to reevaluate, on the basis of its review of the report required in subdivision (c), the extent to which law enforcement officers are receiving adequate training in how to interact with mentally ill and developmentally disabled persons.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To override current law and extend by one year the date by which the Peace Officers Standards and Training Commission is required to submit to the Legislature a specified report relating to peace officer training regarding persons with developmental disabilities or mental illness, it is necessary that this act go into immediate effect.

CHAPTER 270

produced and packaged for, the licensee, and which was not sold under a brand or trade name owned by the licensee, and who had, prior to July 1, 1970, conducted winetastings of the domestic wine at his or her licensed premises, is authorized to continue to conduct the winetasting and selling activities at the licensed premises.

(c) A winegrower who was licensed as such prior to July 1, 1954, and who prior to July 1, 1970, had, at his or her licensed premises, sold to consumers for consumption off the premises, wine packaged for and imported by him or her, and who conducted winetastings of the wines at his or her licensed premises, may continue to conduct the winetasting and selling activities at the licensed premises.

(2) No alcoholic beverages may be given away in connection with the instructional event except that wine, taken from barrels or from tanks, may be sampled at the instructional event. For the purposes of this section, minimal amounts of the samples provided for tasting at the instructional event in addition to the wines being featured do not constitute a thing of value.

(3) No alcoholic beverages may be sold at the instructional event, except that orders for the sale of wine may be accepted by the winegrower if the sales transaction is completed at the winegrower's premises.

(b) Notwithstanding any other provision of this division, a winegrower, California winegrower's agent, or wine importer, in advance of an instructional event for consumers being held at a retailer's premises, may list in an advertisement the name and address of the retailer, the names of the wines being featured at the instructional event, and the time, date, and location of, and other information about, the instructional event, provided:

(1) The advertisement does not also contain the retail price of the wines.

(2) The listing of the retailer's name and address is the only reference to the retailer in the advertisement and is relatively inconspicuous in relation to the advertisement as a whole. Pictures or illustrations of the retailer's premises and laudatory references to the retailer in such advertisements are not hereby authorized.

(c) Notwithstanding any other provision of this division, the name and address of a winegrower, wine importer, or winegrower's agent licensee, the brand names of wine being featured, and the time, date, location, and other identifying information of a wine promotional lecture at retail premises may be listed in advance of the event in an advertisement of the off-sale or on-sale retail licensee.

(d) Nothing in this section authorizes a winegrower, wine importer, or winegrower's agent licensee to share in the costs, if any, of the retailer licensee's advertisement.

(e) Nothing in this section authorizes any person to consume any alcoholic beverage on any premises licensed with an off-sale retail license.

lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, and an injury is inflicted on that victim, the battery is punishable by a fine of not more than two thousand dollars ($2,000), by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, or by imprisonment in the state prison for 16 months, or two or three years.

(2) When the battery specified in paragraph (1) is committed against a peace officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman and the person committing the offense knows or reasonably should know that the victim is a peace officer engaged in the performance of his or her duties, the battery is punishable by a fine of not more than ten thousand dollars ($10,000), or by imprisonment in a county jail not exceeding one year or in the state prison for 16 months, or two or three years, or by both that fine and imprisonment.

(d) When a battery is committed against any person and serious bodily injury is inflicted on the person, the battery is punishable by imprisonment in a county jail not exceeding one year or imprisonment in the state prison for two, three, or four years.

(e) (1) When a battery is committed against a spouse, a person with whom the defendant is cohabiting, a person who is the parent of the defendant's child, former spouse, fiancé, or fiancée, or a person with whom the defendant currently has, or has previously had, a dating or engagement relationship, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail for a period of not more than one year, or by both that fine and imprisonment. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one year, and successfully complete, a batterer's treatment program, as defined in Section 1203.097, or if none is available, another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

(2) Upon conviction of a violation of this subdivision, if probation is granted, the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

(3) Upon conviction of a violation of this subdivision, if probation is granted or the execution or imposition of the sentence is suspended and the person has been previously convicted of a violation of this subdivision and sentenced under paragraph (1), the person shall be imprisoned for not less than 48 hours in addition to the conditions in paragraph (1). However, the court, upon a showing of good cause, may elect not to impose the mandatory minimum imprisonment as required by this subdivision and may, under these circumstances, grant probation or order the suspension of the execution or imposition of the sentence.

(4) The Legislature finds and declares that these specified crimes merit special consideration when imposing a sentence so as to display society's condemnation for these crimes of violence upon victims with whom a close relationship has been formed.

officers who are employed, on a part-time or casual basis, while wearing a police uniform as private security guards or patrolmen and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 275

An act to amend Sections 68085 and 77205 of the Government Code, and to amend Section 1463.010 of the Penal Code, relating to courts.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 68085 of the Government Code is amended to read:

68085. (a) (1) There is hereby established the Trial Court Trust Fund, the proceeds of which shall be apportioned at least quarterly for the purpose of funding trial court operations, as defined in Section 77003. Apportionment payments may not exceed 30 percent of the total annual apportionment to the Trial Court Trust Fund for state trial court funding in any 90-day period.

(2) The apportionment payments shall be made by the Controller. The final payment from the Trial Court Trust Fund for each fiscal year shall be made on or before August 31 of the subsequent fiscal year.

(3) If apportionment payments are made on a quarterly basis, the payments shall be on July 15, October 15, January 15, and April 15. In addition to quarterly payments, a final payment from the Trial Court Trust Fund for each fiscal year may be made on or before August 31 of the subsequent fiscal year.

(4) Notwithstanding any other provision of law, in order to promote statewide efficiency, the Judicial Council may authorize the direct payment or reimbursement or both of actual costs from the Trial Court Trust Fund or the Trial Court Improvement Fund to fund administrative infrastructure within the Administrative Office of the Courts, such as

legal services, financial services, information systems services, human resource services, and support services, for one or more participating courts upon appropriation of funding for these purposes in the annual Budget Act. The amount of appropriations from the Trial Court Improvement Fund under this subdivision may not exceed 20 percent of the amount deposited in the Trial Court Improvement Fund pursuant to subdivision (a) of Section 77205. Upon prior written approval of the Director of Finance, the Judicial Council may also authorize an increase in any reimbursements or direct payments in excess of the amount appropriated in the annual Budget Act. For any increases in reimbursements or direct payments within the fiscal year that exceed two hundred thousand dollars ($200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the annual Budget Act, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance, determine. The direct payment or reimbursement of costs from the Trial Court Trust Fund may be supported by the reduction of a participating court's allocation from the Trial Court Trust Fund to the extent that the court's expenditures for the program are reduced and the court is supported by the program. The Judicial Council shall provide the affected trial courts with quarterly reports on expenditures from the Trial Court Trust Fund incurred as authorized by this subdivision. The Judicial Council shall establish procedures to provide for the administration of this paragraph in a way that promotes the effective, efficient, reliable, and accountable operation of the trial courts.

(b) Notwithstanding any other provision of law, the fees listed in subdivision (c) shall all be deposited upon collection in a special account in the county treasury, and transmitted monthly to the Controller for deposit in the Trial Court Trust Fund.

(c) (1) Except as specified in subdivision (d), this section applies to all fees collected pursuant to Sections 631.3, 116.230, and 403.060 of the Code of Civil Procedure and Sections 26820.4, 26823, 26826, 26826.01, 26827, 26827.4, 26830, 26832.1, 26833.1, 26835.1, 26836.1, 26837.1, 26838, 26850.1, 26851.1, 26852.1, 26853.1, 26855.4, 26862, 27081.5, 68086, 72055, 72056, 72056.01, and 72060.

(2) If any of the fees provided for in this subdivision are partially waived by court order, and the fee is to be divided between the Trial Court Trust Fund and any other fund, the amount of the partial waiver

shall be deducted from the amount to be distributed to each fund in the same proportion as the amount of each distribution bears to the total amount of the fee.

(3) Any amounts transmitted by a county to the Controller for deposit into the Trial Court Trust Fund from fees collected pursuant to Section 27361 between January 1, 1998, and the effective date of this paragraph shall be credited against the total amount the county is required to pay to the state pursuant to paragraph (2) of subdivision (b) of Section 77201 for the 1997–98 fiscal year.

(d) This section does not apply to that portion of a filing fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056 which is allocated for dispute resolution pursuant to Section 470.3 of the Business and Professions Code, the county law library pursuant to Section 6320 of the Business and Professions Code, the Judges' Retirement Fund pursuant to Section 26822.3, automated recordkeeping or conversion to micrographics pursuant to Sections 26863 and 68090.7, and courthouse financing pursuant to Section 76238. This section also does not apply to fees collected pursuant to subdivisions (a) and (c) of Section 27361.

(e) This section applies to all payments required to be made to the State Treasury by any county or city and county pursuant to Section 77201, 77201.1, or 77205.

(f) Notwithstanding any other provision of law, no agency may take action to change the amounts allocated to any of the funds described in subdivision (a), (b), (c), or (d).

(g) Before making any apportionments under this section, the Controller shall deduct, from the annual appropriation for that purpose, the actual administrative costs that will be incurred under this section. Costs reimbursed under this section shall be determined on an annual basis in consultation with the Judicial Council.

(h) Any amounts required to be transmitted by a county or city and county to the state pursuant to this section shall be remitted to the Controller no later than 45 days after the end of the month in which the fees were collected. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund to which it is to be deposited. Any remittance which is not made by the county or city and county in accordance with this section shall be considered delinquent, and subject to the penalties specified in this section.

(i) Upon receipt of any delinquent payment required pursuant to this section, the Controller shall calculate a penalty on any delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to $1^1/_2$ percent per month for the number of days the payment is delinquent. Notwithstanding Section 77009, any penalty on

a delinquent payment that a court is required to reimburse to a county's general fund pursuant to this section and Section 24353 shall be paid from the Trial Court Operations Fund for that court.

(j) Penalty amounts calculated pursuant to subdivision (i) shall be paid by the county to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

(k) The Trial Court Trust Fund shall be invested in the Surplus Money Investment Fund and all interest earned shall be allocated to the Trial Court Trust Fund semiannually and shall be allocated among the courts in accordance with the requirements of subdivision (a). The specific allocations shall be specified by the Judicial Council, based upon recommendations from the Trial Court Budget Commission.

(*l*) It is the intent of the Legislature that the revenues required to be deposited into the Trial Court Trust Fund be remitted as soon after collection by the courts as possible. Not later than February 1, 2001, the Judicial Council, in consultation with the California State Association of Counties and the California County Auditors Association, shall study and make recommendations to the Legislature on alternative procedures that would improve the collection and remittance of revenues to the Trial Court Trust Fund.

SEC. 2. Section 77205 of the Government Code is amended to read:

77205. (a) Notwithstanding any other provision of law, in any year in which a county collects fee, fine, and forfeiture revenue for deposit into the county general fund pursuant to Sections 1463.001 and 1464 of the Penal Code, Sections 42007, 42007.1, and 42008 of the Vehicle Code, and Sections 27361 and 76000 of, and subdivision (f) of Section 29550 of, the Government Code that would have been deposited into the General Fund pursuant to these sections as they read on December 31, 1997, and pursuant to Section 1463.07 of the Penal Code, and that exceeds the amount specified in paragraph (2) of subdivision (b) of Section 77201 for the 1997–98 fiscal year, and paragraph (2) of subdivision (b) of Section 77201.1 for the 1998–99 fiscal year, and thereafter, the excess amount shall be divided between the county or city and county and the state, with 50 percent of the excess transferred to the state for deposit in the Trial Court Improvement Fund and 50 percent of the excess deposited into the county general fund. The Judicial Council, by court rule, shall allocate 80 percent of the amount deposited in the Trial Court Improvement Fund pursuant to this subdivision each fiscal year that exceeds the amount deposited in the 2002–03 fiscal year among:

(1) The trial court in the county from which the revenue was deposited.

(2) Other trial courts, as provided in paragraph (1) of subdivision (a) of Section 68085.

(3) For retention in the Trial Court Improvement Fund.

For the purpose of this subdivision, fee, fine, and forfeiture revenue shall only include revenue that would otherwise have been deposited in the General Fund prior to January 1, 1998.

(b) Any amounts required to be distributed to the state pursuant to subdivision (a) shall be remitted to the Controller no later than 45 days after the end of the fiscal year in which those fees, fines, and forfeitures were collected. This remittance shall be accompanied by a remittance advice identifying the quarter of collection and stating that the amount should be deposited in the Trial Court Improvement Fund.

(c) Notwithstanding subdivision (a), the following counties whose base-year remittance requirement was reduced pursuant to subdivision (c) of Section 77201.1 shall not be required to split their annual fee, fine, and forfeiture revenues as provided in this section until such revenues exceed the following amounts:

County	Amount
Placer	$ 1,554,677
Riverside	11,028,078
San Joaquin	3,694,810
San Mateo	5,304,995
Ventura	4,637,294

SEC. 3. Section 1463.010 of the Penal Code is amended to read:

1463.010. The enforcement of court orders is recognized as an important element of collections efforts. The prompt, efficient, and effective collection of court-ordered fees, fines, forfeitures, penalties, and assessments ensures the appropriate respect for court orders. To provide for this prompt, efficient, and effective collection:

(a) The Judicial Council shall adopt guidelines for a comprehensive program concerning the collection of moneys owed for fees, fines, forfeitures, penalties, and assessments imposed by court order after considering the recommendations of the collaborative court-county working group established pursuant to subdivision (b). As part of its guidelines, the Judicial Council may establish standard agreements for entities to provide collection services. As part of its guidelines, the Judicial Council shall include provisions that promote competition by and between entities in providing collection services to courts and counties. The Judicial Council may delegate to the Administrative Director of the Courts the implementation of the aspects of this program to be carried out at the state level.

(b) The Judicial Council shall establish a collaborative court-county working group on collections. The California State Association of Counties shall appoint eight members of the working group. The

Judicial Council shall appoint four court executives, two judges, and two employees of the Administrative Office of the Courts as members of the working group, and shall designate a chair of the working group. The working group shall, among other activities, survey courts and counties regarding current collection efforts and evaluate a variety of methods to enhance future collections, including, but not limited to, referring accounts to private agencies for collection, develop a strategy for court and county cooperation in collection plan discussions, consult with groups other than courts and counties that are affected by collection programs, and evaluate and make recommendations to the Judicial Council concerning current and future collection methods.

(c) The courts and counties shall maintain the collection program which was in place on January 1, 1996, unless otherwise agreed to by the court and county. The program may wholly or partially be staffed and operated within the court itself, may be wholly or partially staffed and operated by the county, or may be wholly or partially contracted with a third party. In carrying out this collection program, each superior court and county shall develop a cooperative plan to implement the Judicial Council guidelines. In the event that a court and a county are unwilling or unable to enter into a cooperative plan pursuant to this section, the court or the county may request the continuation of negotiations with mediation assistance as mutually agreed upon and provided by the Administrative Director of the Courts and the California Association of Counties.

(d) Each superior court and county shall jointly report to the Judicial Council, as provided by the Judicial Council and not more than once a year, on the effectiveness of the cooperative superior court and county collection program. The Judicial Council shall report to the Legislature, as appropriate, on the effectiveness of the program.

(e) The Judicial Council may, when the efficiency and effectiveness of the collection process may be improved, facilitate a joint collection program between superior courts, between counties, or between superior court and counties.

(f) The Judicial Council may establish, by court rule, a program providing for the suspension and nonrenewal of a business and professional license if the holder of the license has unpaid fees, fines, forfeitures, penalties, and assessments imposed upon them under a court order. The Judicial Council may provide that some or all of the superior courts or counties participate in the program. Any program established by the Judicial Council shall ensure that the licensee receives adequate and appropriate notice of the proposed suspension or nonrenewal of his or her license and has an opportunity to contest the suspension or nonrenewal. The opportunity to contest may not require a court hearing.

(g) Notwithstanding any other provision of law, the Judicial Council, after consultation with the Franchise Tax Board with respect to collections under Section 19280 of the Revenue and Taxation Code, may provide for an amnesty program involving the collection of outstanding fees, fines, forfeitures, penalties, and assessments, applicable either statewide or within one or more counties. The amnesty program shall provide that some or all of the interest or collections costs imposed on outstanding fees, fines, forfeitures, penalties, and assessments may be waived if the remaining amounts due are paid within the amnesty period.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 276

An act to amend Section 3543.5 of the Government Code, relating to public school employment.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 3543.5 of the Government Code is amended to read:

3543.5. It is unlawful for a public school employer to do any of the following:

(a) Impose or threaten to impose reprisals on employees, to discriminate or threaten to discriminate against employees, or otherwise to interfere with, restrain, or coerce employees because of their exercise of rights guaranteed by this chapter. For purposes of this subdivision, ''employee'' includes an applicant for employment or reemployment.

(b) Deny to employee organizations rights guaranteed to them by this chapter.

(c) Refuse or fail to meet and negotiate in good faith with an exclusive representative. Knowingly providing an exclusive representative with inaccurate information, whether or not in response to a request for information, regarding the financial resources of the public school

employer constitutes a refusal or failure to meet and negotiate in good faith.

(d) Dominate or interfere with the formation or administration of any employee organization, or contribute financial or other support to it, or in any way encourage employees to join any organization in preference to another.

(e) Refuse to participate in good faith in the impasse procedure set forth in Article 9 (commencing with Section 3548).

CHAPTER 277

An act to amend Section 17526 of, and to add Section 17528.5 to, the Business and Professions Code, and to amend Section 8040 of, and to add Article 3 (commencing with Section 18320) to Chapter 4 of Division 18 of, the Elections Code, relating to fraudulent practices.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The World Wide Web is a unique arena for the free and open exchange of ideas.

(b) ''Political cyberfraud'' stifles that open exchange, thus undermining the essential element of our democracy.

(c) Political cyberfraud has the effect of denying, or interfering with access to information that would allow a person to make a knowledgeable electoral decision. It misleads, deceives, or defrauds voters or candidates, or both. It is the equivalent of stealing campaign literature out of a voter's mailbox and it sows confusion in the minds of voters regarding information presented.

(d) Political cyberfraud violates principles of free speech by denying unfettered access to the free and open exchange of ideas. Therefore, it is the intent of the Legislature to protect that free and open exchange of ideas at the heart of our electoral system by prohibiting the act of political cyberfraud.

(e) ''Cyber piracy'' involves, among other things, the misuse of a domain name with a bad-faith intent to profit from a legal name by using a domain name that is identical or confusingly similar to the legal name and selling it to the owner of the legal name. Cyber piracy infringes upon the legal rights of persons protected by law for whom a financial remedy

for that infringement should be provided equivalent to that for political cyberfraud infringement provided by this act.

SEC. 2. Section 17526 of the Business and Professions Code is amended to read:

17526. In determining whether there is a bad faith intent pursuant to Section 17525, a court may consider factors, including, but not limited to, the following:

(a) The trademark or other intellectual property rights of the person alleged to be in violation of this article, if any, in the domain name.

(b) The extent to which the domain name consists of the legal name of the person alleged to be in violation of this article or a name that is otherwise commonly used to identify that person.

(c) The prior use, if any, by the person alleged to be in violation of this article of the domain name in connection with the bona fide offering of any goods or services.

(d) The legitimate noncommercial or fair use of the person's or deceased personality's name in an Internet Web site accessible under the domain name by the person alleged to be in violation of this article.

(e) The intent of a person alleged to be in violation of this article to divert consumers from the person's or deceased personality's name online location to a site accessible under the domain name that could harm the goodwill represented by the person's or deceased personality's name either for commercial gain or with the intent to tarnish or disparage the person's or deceased personality's name by creating a likelihood of confusion as to the source, sponsorship, affiliation, or endorsement of the site.

(f) The offer by a person alleged to be in violation of this article to transfer, sell, or otherwise assign the domain name to the rightful owner or any third party for substantial consideration without having used, or having an intent to use, the domain name in the bona fide offering of any goods or services.

(g) The intentional provision by the person alleged to be in violation of this article of material and misleading false contact information when applying for the registration of the domain name.

(h) The registration or acquisition by the person alleged to be in violation of this article of multiple domain names that are identical or confusingly similar to names of other living persons or deceased personalities.

(i) Whether the person alleged to be in violation of this article sought or obtained consent from the rightful owner to register, traffic in, or use the domain name.

(j) The intent of a person alleged to be in violation of this article to mislead, deceive, or defraud voters.

SEC. 3. Section 17528.5 is added to the Business and Professions Code, to read:

17528.5. In addition to any other remedies available under law, a court may order the transfer of a domain name as part of the relief awarded for a violation of this article.

SEC. 4. Section 8040 of the Elections Code is amended to read:

8040. (a) The declaration of candidacy by a candidate shall be substantially as follows:

I hereby declare myself a ____ Party candidate for nomination to the office of ____ District Number ____ to be voted for at the primary election to be held ____, 20__, and declare the following to be true:

(b) A candidate for a judicial office may not be required to state his or her residential address on the declaration of candidacy. However, in cases where the candidate does not state his or her residential address on the declaration of candidacy, the elections official shall verify whether his or her address is within the appropriate political subdivision and add the notation ''verified'' where appropriate.

SEC. 5. Article 3 (commencing with Section 18320) is added to Chapter 4 of Division 18 of the Elections Code, to read:

Article 3. Deceptive Online Activities

18320. (a) This act shall be known and may be cited as the ''California Political Cyberfraud Abatement Act.''

(b) It is unlawful for a person, with intent to mislead, deceive, or defraud, to commit an act of political cyberfraud.

(c) As used in this section:

(1) ''Political cyberfraud'' means a knowing and willful act concerning a political Web site that is committed with the intent to deny a person access to a political Web site, deny a person the opportunity to register a domain name for a political Web site, or cause a person reasonably to believe that a political Web site has been posted by a person other than the person who posted the Web site, and would cause a reasonable person, after reading the Web site, to believe the site actually represents the views of the proponent or opponent of a ballot measure. Political cyberfraud includes, but is not limited to, any of the following acts:

(A) Intentionally diverting or redirecting access to a political Web site to another person's Web site by the use of a similar domain name, meta-tags, or other electronic measures.

(B) Intentionally preventing or denying exit from a political Web site by the use of frames, hyperlinks, mousetrapping, popup screens, or other electronic measures.

(C) Registering a domain name that is similar to another domain name for a political Web site.

(D) Intentionally preventing the use of a domain name for a political Web site by registering and holding the domain name or by reselling it to another with the intent of preventing its use, or both.

CHAPTER 278

An act to amend Sections 205.5 and 279 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 3, 2003. Filed with Secretary of State September 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature of the State of California finds and declares the following:

(1) The California Constitution allows the Legislature to establish an exemption from property taxes for the home of a disabled veteran or the spouse of a disabled veteran, including the unmarried surviving spouse of a disabled veteran.

(2) A disabled veteran is defined by law as a veteran who, because of an injury incurred in military service is blind in both eyes, has lost the use of two or more limbs, is totally disabled, or who, as a result of service-connected injury, died while in active military service.

(3) The Revenue and Taxation Code authorizes a property tax exemption for property owned by a disabled veteran, if that property constitutes the principal place of residence of the disabled veteran.

(4) The Revenue and Taxation Code also authorizes a property tax exemption for property owned by an unmarried surviving spouse of a

disabled veteran, if that property constitutes the principal place of residence of the unmarried surviving spouse.

(5) There are many disabled veterans who own property that qualifies for the disabled veterans' property tax exemption, but due to the fact that these disabled veterans are confined to hospitals or other medical institutions they are unable to occupy that property as their principal place of residence. In many cases the spouses of these disabled veterans continue to occupy the property as their principle place of residence.

(b) It is the intent of the Legislature in enacting this act to amend the Revenue and Taxation Code to conform with the California Constitution to further extend the disabled veterans' property tax exemption to property owned by the spouse of a living disabled veteran while that disabled veteran is confined to a hospital or other care facility and to extend the veterans' property tax exemption to an otherwise qualifying veteran who is unable to occupy that property as his or her principal place of residence because he or she is confined to a hospital or other care facility, provided that the property is not rented or leased to a third party.

SEC. 2. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property that constitutes the principal place of residence of a veteran, that is owned by the veteran, the veteran's spouse, or the veteran and the veteran's spouse jointly, is exempted from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or if the veteran is totally disabled as a result of injury or disease incurred in military service. The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible veteran whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(b) (1) For purposes of this section, ''veteran'' means either of the following:

(A) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the California Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(B) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or disease died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(2) For purposes of this section, property is deemed to be the principal place of residence of a veteran, disabled as described in subdivision (a),

who is confined to a hospital or other care facility, if that property would be that veteran's principal place of residence were it not for his or her confinement to a hospital or other care facility, provided that the residence is not rented or leased to a third party. A family member that resides at the residence is not considered to be a third party.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a deceased veteran is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), in the case of a veteran who was blind in both eyes, had lost the use of two or more limbs, or was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000). The one-hundred-thousand-dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, ''property that is owned by a veteran'' or ''property that is owned by the veteran's unmarried surviving spouse'' includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the California Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) Commencing on January 1, 2002, and for each assessment year thereafter, the household income limit shall be compounded annually by an inflation factor that is the annual percentage change, measured from February to February of the two previous assessment years, rounded to the nearest one-thousandth of 1 percent, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 3. Section 279 of the Revenue and Taxation Code is amended to read:

279. (a) A claim for the disabled veterans' property tax exemption described in Section 205.5 filed by the owner of a dwelling, once granted, shall remain in continuous effect unless any of the following occurs:

(1) Title to the property changes.

(2) The owner does not occupy the dwelling as his or her principal place of residence on the lien date. For purposes of this paragraph, if a veteran is, on the lien date, confined to a hospital or other care facility but principally resided at a dwelling immediately prior to that confinement, the veteran will be deemed to occupy that same dwelling as his or her principal place of residence on the lien date, provided that the dwelling has not been rented or leased as described in Section 205.5.

(3) The property is altered so that it is no longer a dwelling.

(4) The veteran is no longer disabled as defined in Section 205.5.

(b) The assessor of each county shall verify the continued eligibility of each person receiving a disabled veterans' exemption, and shall provide for a periodic audit of, and establish a control system to monitor, disabled veterans' exemption claims.

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

(b) The petition shall be verified and shall allege all of the following:

(1) The date of recordation of the claim of lien.

(2) The legal description of the property affected by the claim of lien.

(3) That no action to foreclose the lien is pending, or that no extension of credit has been recorded, and that the time period during which suit can be brought to foreclose the lien has expired.

(4) That the lien claimant is unable or unwilling to execute a release of the lien or cannot with reasonable diligence be found.

(5) That the owner of the property or interest in the property has not filed for relief under any law governing bankruptcy, and that there exists no other restraint to prevent the lien claimant from filing to foreclose his or her lien. A certified copy of the claim of lien shall be attached to the petition. The petition shall be deemed controverted by the lien claimant.

(c) Upon the filing of the petition, and before any further proceedings are had, the clerk, or if there is no clerk, the judge shall set a date for the hearing not more than 30 days following the filing of the petition. The court may continue the hearing beyond the 30-day period, but good cause shall be shown for any continuance.

(d) A copy of the petition and the notice setting the date for the hearing shall be served upon the lien claimant at least 10 days prior to the date set for hearing, in the manner in which a summons is required to be served, or by certified or registered mail, postage prepaid, return receipt requested, addressed to the lien claimant at the claimant's address as shown on any of the following:

(g) The prevailing party shall be entitled to attorneys' fees not to exceed two thousand dollars ($2,000).

(h) Nothing in this section shall be construed to bar any other cause of action or claim for relief by the owner of the property or an interest in the property, nor shall a decree canceling a claimant's lien bar the lien claimant from bringing any other cause of action or claim for relief, other than an action foreclosing the lien. However, no other action or claim shall be joined with the claim for relief established by this section.

(i) The provisions of Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure do not apply to causes commenced pursuant to this section.
