REGULAR SESSION

2003 RESOLUTION CHAPTERS

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 2—Relative to the selection of the Legislative Counsel of California.

[Filed with Secretary of State December 4, 2002.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That, pursuant to Section 10201 of the Government Code, Diane F. Boyer-Vine is selected as the Legislative Counsel of California.

RESOLUTION CHAPTER 2

Assembly Concurrent Resolution No. 12—Relative to Dr. Martin Luther King, Jr. Day.

[Filed with Secretary of State January 23, 2003.]

WHEREAS, Renowned civil rights leader Martin Luther King, Jr. was born in Atlanta, Georgia on January 15, 1929; and

WHEREAS, In 1948, Martin Luther King, Jr. received his bachelor of arts degree in sociology from Morehouse College, in 1951, he received his bachelor of divinity degree from Crozer Theological Seminary, as valedictorian and student body president, and in 1955, he was awarded a doctorate in systematic theology from Boston University; and

WHEREAS, King married Coretta Scott on June 18, 1953; and

WHEREAS, King was ordained pastor of Dexter Avenue Baptist Church in Montgomery, Alabama in 1954; and

WHEREAS, Five days after Rosa Parks' arrest for refusing to comply with segregation on buses in Montgomery, on December 5, 1955, King was elected president of the Montgomery Improvement Association and the Montgomery Bus Boycott began; and

WHEREAS, During the boycott, King gained national prominence as an exceptional leader with extraordinary oratorical skills and personal courage; and

WHEREAS, On December 20, 1956, the United States Supreme Court declared Alabama's segregation laws unconstitutional and Montgomery buses were desegregated; and

WHEREAS, In 1957, King and other southern African-American ministers founded the Southern Christian Leadership Conference, and elected King as their president; and

WHEREAS, King led the 1957 Prayer Pilgrimage for Freedom in Washington, DC, and subsequently published his first book, ''Stride Toward Freedom: The Montgomery Story''; and

WHEREAS, In 1959, King toured India, where he learned more about Gandhian strategies of nonviolence and developed his own theories about achieving social change through nonviolent resistance; and

WHEREAS, During mass demonstrations in 1963 organized by Dr. King and his staff in Birmingham, Alabama, images of brutality inflicted on African-American demonstrators by police using police dogs and firehoses shocked the world; and

WHEREAS, King delivered his famous ''I Have a Dream'' speech on August 28, 1963, at the ''March on Washington for Jobs and Freedom''; and

WHEREAS, Rev. King received the Nobel Peace Prize in Oslo, Norway in 1964, and the Civil Rights Act of 1964 was enacted as a direct result of his efforts; and

WHEREAS, In 1965, King led the march from Selma, Alabama to Montgomery, and President Lyndon B. Johnson signed the first Voting Rights Act; and

WHEREAS, On April 4, 1968, while in Memphis, Tennessee assisting striking sanitation workers, Dr. King was assassinated; and

WHEREAS, United States Representative John Conyers introduced legislation in Congress four days later proposing Dr. King's birthday as a holiday; and

WHEREAS, On April 10, 1970, California became the first state to pass legislation making Dr. King's birthday a school holiday; and

WHEREAS, Despite resistance to the creation of a new national holiday, the diligence and perseverance of United States Representative John Conyers and numerous others in pursuing this goal culminated when on November 2, 1983, President Ronald Reagan signed legislation making Dr. King's birthday a national holiday; and

WHEREAS, January 20, 1986, marked the first observance of Dr. Martin Luther King, Jr. Day; and

WHEREAS, The Rev. Dr. Martin Luther King, Jr. devoted his life to fight segregation and injustice by nonviolent means, and is an outstanding example of courageous leadership in the face of unrelenting violence and harassment by individuals and government institutions; and

WHEREAS, The Rev. Dr. Martin Luther King, Jr. is a source of inspiration for all Americans; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Legislature honors the late Rev. Dr.

Martin Luther King, Jr., and commemorates his birthday, January 20, 2003, as Dr. Martin Luther King, Jr. Day.

RESOLUTION CHAPTER 3

Senate Concurrent Resolution No. 9—Relative to the Space Shuttle Columbia.

[Filed with Secretary of State February 21, 2003.]

WHEREAS, The United States leads the world in pursuit of the highly risky, but crucial endeavor of space exploration, and the future benefits of space exploration will likely be vital to the continued existence, health, and prosperity of the human race; and

WHEREAS, The Columbia, the first member of the United States' fleet of space shuttles, all of which were built in California, and her heroic crew of seven astronauts were tragically lost as she reentered Earth's atmosphere on February 1, 2003; and

WHEREAS, Columbia's final launch into space was the shuttle's 28th venture into the hostile environment of space to further the knowledge of mankind and create opportunities for future generations; and

WHEREAS, The brave, brilliant men and women who serve onboard space flight vehicles as pilots and scientists rank among the greatest explorers in history, carrying on the proud tradition of Ferdinand Magellan, Marco Polo, Christopher Columbus, Robert La Salle, and Lewis and Clark; and

WHEREAS, The crew of Columbia's final flight left behind not only a valuable body of scientific work, but spouses, children, parents, siblings, and other relatives, and many close friends; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature expresses its most profound, heartfelt condolences to the families of Mission Commander Rick D. Husband, Pilot William C. McCool, Payload Commander Michael P. Anderson, Mission Specialist David M. Brown, Mission Specialist Kalpana Chawla, Mission Specialist Laurel Blair Salton Clark, and Mission Specialist Ilan Ramon; and be it further

Resolved, That the Legislature formally expresses its gratitude to Columbia's crew and their families, and also all past, current, and future astronauts for their bravery and selfless sacrifice for the benefit of humankind; and be it further

Resolved, That the Legislature affirms its support for our nation's continued aggressive world leadership in space exploration, with full

confidence that the National Aeronautics and Space Administration will discover and remedy the causes of Columbia's loss, without overlooking the need for a new generation of space vehicles that incorporate more modern technologies; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the families of the Columbia's crew, to the President and Congress of the United States, and to the author for appropriate distribution.

RESOLUTION CHAPTER 4

Assembly Concurrent Resolution No. 13—Relative to Girls and Women in Sports Week.

[Filed with Secretary of State March 4, 2003.]

WHEREAS, By an act of the United States Congress, February 4, 1987, was proclaimed as the first national Girls and Women in Sports Day in honor of Flo Hayman, a volleyball legend whose efforts to promote equality in sports were cut short by her untimely and tragic death; and

WHEREAS, Since that time women have made considerable advances in professional, collegiate, club, intramural, masters, high school, junior high school, youth, and recreational sports; and

WHEREAS, Many female athletes have distinguished themselves as representatives of California and the nation in international competition and the Olympic games; and

WHEREAS, Participation in sports is acknowledged as a positive force in developing and promoting physical, mental, moral, social, and emotional well-being; and it is well established that participation in athletics builds self-esteem, communication skills, discipline, and perseverance, all qualities that make a positive and significant difference in the quality of life and in the level of accomplishment; and

WHEREAS, We need to encourage women of all ages to compete and contribute to sports at all levels of competition and recreation in order to help prepare the next generation of female athletes and sports leaders; and

WHEREAS, The combined efforts of many organizations including the Women's Sports Foundation, California Association of Health, Physical Education, Recreation and Dance, Girl Scouts of America, the YWCA, and the California National Organization for Women, Inc., have served to bring needed information and important recognition of this day

as well as furthered the dreams and inspired today's female athletes; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes female athletes, coaches, officials, and sports administrators for their important contribution in promoting the value of sports in the achievement of full human potential and hereby proclaims February 3 to 9, 2003, as California Girls and Women in Sports Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 5

Assembly Concurrent Resolution No. 14—Relative to a Day of Remembrance.

[Filed with Secretary of State March 4, 2003.]

WHEREAS, On February 19, 1942, President Franklin D. Roosevelt signed Executive Order 9066, pursuant to which 120,000 Americans and resident aliens of Japanese ancestry were incarcerated in internment camps during World War II; and

WHEREAS, Executive Order 9066 deferred the American dream for 120,000 Americans and resident aliens of Japanese ancestry by inflicting a great human cost of abandoned homes, businesses, careers, and professional advancements, and disruption to family life; and

WHEREAS, Despite their families being incarcerated behind barbed wire in the United States, approximately 33,000 veterans of Japanese ancestry fought bravely for our country during World War II, serving in the 100th Battalion, the 442nd Regimental Combat Team, and the 522nd Field Artillery Battalion; and

WHEREAS, The 100th Battalion, the 442nd Regimental Combat Team, and the 522nd Field Artillery Battalion heroically suffered nearly 10,000 casualties and are honored as being among World War II's most decorated combat teams, having received seven Presidential Distinguished Unit Citations, 52 Distinguished Service Crosses, 588 Silver Stars, 5,200 Bronze Stars, and 9,486 Purple Hearts; and

WHEREAS, On June 21, 2000, President William Jefferson Clinton elevated 20 Japanese Americans who served in the 100th Battalion and the 442nd Regimental Combat Team and were among 52 individuals who received the nation's second highest award—the Distinguished Service Cross—to receive the nation's highest military honor—the

Medal of Honor—bringing the total number of recipients who so received the Medal of Honor to 21; and

WHEREAS, Nearly 6,000 veterans of Japanese ancestry served with the Military Intelligence Service and have been credited for shortening the war by two years by translating enemy battle plans, defense maps, tactical orders, intercepted messages and diaries, and interrogating enemy prisoners; and

WHEREAS, Nearly 40 years subsequent to the United States Supreme Court decisions upholding the convictions of Fred Korematsu, Min Yasui, and Gordon Hirabayashi for violations of curfew and Executive Order 9066, it was discovered that the United States War Department and Department of Justice officials had altered and destroyed evidence regarding the loyalty of Americans and resident aliens of Japanese ancestry and withheld information from the United States Supreme Court; and

WHEREAS, Dale Minami, Peggy Nagae, Rod Kawakami, and many attorneys and interns contributed innumerable hours to win a reversal in 1983 of the original convictions of Korematsu, Yasui, and Hirabayashi by filing a petition for writ of error coram nobis on the grounds that fundamental errors and injustice occurred; and

WHEREAS, On August 10, 1988, President Ronald Reagan signed into law the Civil Liberties Act of 1988, finding that Executive Order 9066 was not justified by military necessity and, hence, was caused by racial prejudice, war hysteria, and a failure of political leadership; and

WHEREAS, February 19, 2003, marks 61 years since the signing of Executive Order 9066 and a policy of grave injustice against American citizens and resident aliens of Japanese ancestry; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares February 19, 2003, as a Day of Remembrance in this state to increase public awareness of the events surrounding the internment of Americans of Japanese ancestry during World War II; and be it further

Resolved, That the Legislature encourages the annual observance of this day in subsequent years so that California's youth may learn from our history; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor, the Superintendent of Public Instruction, the State Library, and the State Archives.

RESOLUTION CHAPTER 6

Assembly Concurrent Resolution No. 18—Relative to Spay Day USA 2003.

[Filed with Secretary of State March 4, 2003.]

WHEREAS, Between six and 10 million dogs and cats are euthanized in the United States each year; and

WHEREAS, In most instances these dogs and cats are young, attractive, healthy, friendly, and playful animals that are euthanized simply because there are not enough good homes for them; and

WHEREAS, An additional unknown number of animals die each year due to abandonment, neglect, abuse, starvation, or cruelty because they are unwanted; and

WHEREAS, The spaying and neutering of dogs and cats directly addresses these problems by reducing the number of unwanted animals; and

WHEREAS, Californians can contribute to this effort by spaying and neutering their own pets and by supporting programs in their communities that offer spay and neuter services; and

WHEREAS, Veterinarians, humane societies, and national and local animal protection organizations will join together to advocate the spaying and neutering of dogs and cats on ''Spay Day USA 2003,'' now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California declares February 25, 2003, to be Spay Day USA 2003 and that Californians are requested to observe the day by having their dogs or cats spayed or neutered or by contributing to those organizations that provide spay and neuter services, and that California veterinarians are requested to work with animal shelters and rescue groups that provide spay and neuter services; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 7

Assembly Concurrent Resolution No. 23—Relative to Black History Month.

[Filed with Secretary of State March 4, 2003.]

WHEREAS, The history of African-Americans here in the United States, as well as throughout the ages, is indeed unique and vibrant, and it is appropriate to celebrate this history during the month of February 2003, which has been proclaimed as Black History Month; and

WHEREAS, The history of the United States is rich with inspirational stories of great men and noble women whose actions, words, and achievements have united Americans and contributed to the success and prosperity of the United States; and

WHEREAS, Among those Americans who have enriched our society are the members of the African-American community—individuals who have been steadfast in their commitment to promoting brotherhood, equality, and justice for all; and

WHEREAS, From the earliest days of the United States, the course of its history has been greatly influenced by Black heroes and pioneers in many diverse areas, from science, medicine, business, and education to government, industry, and social leadership; and

WHEREAS, An old African proverb states, ''Only when you have crossed the river, can you say the crocodile has a lump on his snout.'' Therefore, as we move forward in the 21st century, we believe it is time we began to cross the river. The river in this case will be historical contributions of Africans and African-Americans to our society. Quickly, we will try to bring to light historical accomplishments and facts of Africans and African-Americans across the globe; and

WHEREAS, Scholars and scientists generally accept that Africa is the continent where humankind first saw the light of day. Scientists believe that humans, therefore, began in Africa and migrated out to populate the other continents; and

WHEREAS, One of the first civilizations in the history of the world was Egypt, an empire that rose about six thousand years ago along the Nile River. The ancient Egyptians had developed a very complex religious system, called Mysteries, which was also the first system of salvation. In addition, it is understood that Egyptians by their study of astronomy discovered the solar year and were the first to divide it into 12 parts and were the architects of the great pyramids of Egypt; and

WHEREAS, During the first millennium, the Catholic Church had three popes who were either from Africa or of African descent: Saint Victor I (189–99), Saint Miltiades (311–14), and Saint Gelasius I (492–96); and

WHEREAS, The slave trade was a tragic episode in African history and began before August 1619 when the first slaves arrived in Jamestown, Virginia. During the course of the slave trade, an estimated 50 million African men, women, and children were lost to their native continent, though only about 15 million arrived safely to a new home. The others lost their lives on African soil or along the Guinea coast, or

finally in holds on the ships during the dreaded Middle Passage across the Atlantic Ocean; and

WHEREAS, In spite of the African slave trade, many Africans and African-Americans continued to move forward in society; during the Reconstruction period, two African-Americans served in the United States Senate and 14 sat in the House of Representatives; and

WHEREAS, The first American to shed blood in the revolution that freed America from British rule was Crispus Attucks (March 5, 1770, Boston Massacre), an African-American seaman and slave. African-Americans also fought in wars including the Battles of Lexington and Concord in April 1775, Ticonderoga, White Plains, Bennington, Brandywine, Saratoga, Savannah, Yorktown, Bunker Hill, the Battle of Rhode Island on August 29, 1775, and other revolutionary war battles, the War of 1812, including, the Battle of New Orleans, the Civil War, the Spanish-American War, World Wars I and II, Korea, and Vietnam; and

WHEREAS, Africans and African-Americans have also been great inventors, inventing such things as the air-conditioning unit, almanac, automatic gear shift, blood plasma bag, clothes dryer, doorknob, doorstop, electric lamp bulb, elevator, fire escape ladder, fountain pen, gas mask, golf tee, horseshoe, lantern, lawnmower, lawn sprinkler, lock, lubricating cup, refrigerating apparatus, spark plug, stethoscope, telephone transmitter, thermostat control, traffic signal, and typewriter; and

WHEREAS, A number of these brave and accomplished individuals, such as Booker T. Washington, George Washington Carver, Matthew Hansen, Daniel Hale Williams, Dr. Charles Drew, Jackie Robinson, Jesse Owens, Curt Flood, Medgar Evers, and, of course, Dr. Martin Luther King, Jr., are noted prominently in the history books of students nationwide, thus enabling them to learn about the important and lasting contributions of these individuals; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature takes great pleasure in recognizing February 2003 as Black History Month, urges all citizens to join in celebrating the accomplishments of African-Americans during Black History Month, and encourages the people of California to recognize the many talents, achievements, and contributions that African-Americans make to their communities; and be it further

Resolved That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 8

Assembly Concurrent Resolution No. 25—Relative to National Engineers Week.

[Filed with Secretary of State March 4, 2003.]

WHEREAS, The week of February 16 to 22 is being observed by state and national engineering organizations as National Engineers Week, during which time a number of observances will be taking place throughout California and the nation; and

WHEREAS, During National Engineers Week, students in elementary and high schools are introduced to many facets of the engineering profession through special educational programs; and

WHEREAS, There are approximately 120,000 registered professional engineers in California; and

WHEREAS, Professional engineers have used their scientific and technical knowledge and skills in creative and innovative ways to fulfill society's needs; and

WHEREAS, Engineers practice in a number of important specialties, including chemical, metallurgical, civil, industrial, geotechnical, structural, mechanical, and electrical; and

WHEREAS, Engineers are on the leading edge of technology and have helped conquer many frontiers in space, in the operating room, in factories, on the ocean floor, and inside the earth; and

WHEREAS, California's ''registered professional engineers'' serve the interests of the state in the areas of investigations and analyses, project planning, facilities design and construction support, and environmental studies, and develop special solutions to technical problems that broadly affect the public interest; and

WHEREAS, Society will begin to look more and more to engineers and their knowledge and skills to meet the challenges of the future; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes the services bestowed upon the citizens of California by engineers; and be it further

Resolved, That the week of February 16 to 22, 2003, is hereby recognized as National Engineers Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author of this resolution for appropriate distribution.

RESOLUTION CHAPTER 9

Assembly Concurrent Resolution No. 15—Relative to Colorectal Cancer Awareness Month.

[Filed with Secretary of State March 11, 2003.]

WHEREAS, Colorectal cancer is the second leading cause of cancer deaths in men and women combined in the United States; and

WHEREAS, The American Cancer Society estimates that, in 2003, in the United States over 147,500 new cases of colorectal cancer will be diagnosed and 57,100 individuals are expected to die from the disease; and

WHEREAS, In the State of California an estimated 5,095 individuals will die from colorectal cancer and 14,330 new cases will be diagnosed; and

WHEREAS, Screening for colorectal cancer is underutilized and less than 50 percent of individuals above 50 years of age receive annual screenings for colorectal cancer; and

WHEREAS, Detected early, colon cancer has a 90-percent chance of a cure; and

WHEREAS, Education can help inform the public of methods of prevention and symptoms that lead to early detection; and

WHEREAS, The State of California should help inform the public about colorectal cancer prevention and screening; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of March 2003 is hereby declared ''Colorectal Cancer Awareness Month'' in California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 10

Assembly Concurrent Resolution No. 24—Relative to Blue Star Families Week.

[Filed with Secretary of State March 11, 2003.]

WHEREAS, During the First and Second World Wars, when a family had a son or daughter in the service, they put a blue star in their front window to tell the community of that fact; and

WHEREAS, The Blue Star Flag is an official banner authorized by the Department of Defense for display by families who have members serving in the Armed Forces during any period of war or hostilities; and

WHEREAS, The blue star represents sacrifice to the cause of liberty and freedom; and

WHEREAS, In 1960, Congress chartered the Blue Star Mothers of America as a Veterans Service Organization; and

WHEREAS, The Blue Star Flag program for those who have family members in the Armed Forces has been revived by certain cities; and

WHEREAS, Other cities are encouraged to participate in the Blue Star Flag program; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the second week of March each year be recognized as Blue Star Families Week during any period of war or hostilities.

RESOLUTION CHAPTER 11

Assembly Concurrent Resolution No. 56—Relative to California Space Day.

[Filed with Secretary of State March 26, 2003.]

WHEREAS, California's legacy includes not only the prosperity of the Gold Rush, the film and entertainment industry, and the innovation of the personal computer and software industries, as well as the Internet, but also a supremacy in the design and engineering of spacecraft, launch vehicles, and the development of satellites and space-based services; and

WHEREAS, California has experienced many space firsts, including having been the site of the world's first polar-orbiting launch at Vandenberg Air Force Base, Chuck Yeager's breaking of the sound barrier at Muroc Army Airfield, later renamed Edwards Air Force Base, and the launch of the first American rocket to probe space with engines built by a California company; and

WHEREAS, California is the world's center for the design and manufacturer of satellites and other space hardware that contribute to scientific exploration, including support of the International Space Station, NASA's Space Shuttle Program, weather prediction, communication, entertainment, and national security by virtue of the fact that the state boasts ''end-to-end'' capabilities including research, design and development, manufacturing, launch, on-orbit operations, and other space-based services; and

WHEREAS, California hosts more NASA centers than any other state, including the Ames Research Center, the Jet Propulsion

Laboratory, and the Dryden Flight Research Center based at Edwards Air Force Base which, when coupled with California's institutes of higher education, have produced astronauts, scientists, engineers, and skilled workers with the intellectual capacity and innovation capable of fostering new and expanded growth areas for California's space legacy and greater economy; and

WHEREAS, California employs approximately 180,000 people in space enterprise activities, much of which is business procured through the Los Angeles Air Force Base in El Segundo, which is responsible for research, development, and purchase of military and national security space systems, and when commercial applications of space technology are added together, these account for 28 percent of the global space market or $24 billion worth of business to space companies throughout California; and

WHEREAS, California's aerospace industry is playing a vital role in developing the technologies that will support our national Homeland Security defense strategy; and

WHEREAS, Space enterprise offers employment opportunities at all levels of skill and education in manufacturing, engineering, and research and development, both for those directly employed in the industry and in the vast network of contractors and subcontractors throughout the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby requests the Governor to proclaim March 18, 2003, as California Space Day, in special recognition of the contributions that space enterprise has made and will continue to make to the state; and be it further

Resolved, That the Legislature recognizes the economic value of space enterprise to the state's economy and pledges to work with academic, local government, and industry leaders to attract, retain, and nurture space enterprise; and be it further

Resolved, That suitable copies of this resolution be provided to the Governor, the Lieutenant Governor, the secretaries of each state agency, the directors of each state department, the director of the Office of Planning and Research, the director of the Office of Military Base Retention, the executive director of the governing board of the Military Base Reuse Authority Act, the director of the Office of Emergency Services, the Adjutant General of the California National Guard, the Governor's advisor on Homeland Security, the administrator of the National Air and Space Administration, the commander of Air Force Space Command, the chief operating officer of the California Space Authority, and to the author for appropriate distribution.

RESOLUTION CHAPTER 12

Assembly Concurrent Resolution No. 57—Relative to Irish-American Heritage Month.

[Filed with Secretary of State March 26, 2003.]

WHEREAS, Millions of Irish people, faced with severe hardship due to famine and poverty in their nation, immigrated to the United States over the last several centuries in search of a more promising future for themselves and their families; and

WHEREAS, Irish-Americans initially suffered prejudice and discrimination upon first arriving in the United States. As the years went on, Irish-Americans became very involved in the community and have made numerous contributions in all aspects of American society and culture, especially in California; and

WHEREAS, Irish-Americans played vital roles in the development of the United States. Nine Irish-Americans were signers of the Declaration of Independence, and 19 Presidents of the United States have been of Irish heritage, including John F. Kennedy, Ronald Reagan, and Bill Clinton; and

WHEREAS, Irish-Americans have also played a major role in California politics. Many governors, legislative leaders, city mayors, and other public officials who have shaped the development of California over the years have been of Irish descent; and

WHEREAS, Irish-Americans have been very influential in the building and architecture of historic buildings, such as James Hoban, the architect who designed the White House and was involved in the design and building of the United States Capitol; and

WHEREAS, Irish-Americans were very involved in the development of infrastructure throughout the United States and especially in California. This included work on railroads and bridges that connected the West to the East. The Irish were also instrumental in the building of dams, roads, canals, and buildings that expanded greatly in the late 1800s; and

WHEREAS, Many Irish-Americans have made their mark in pursuit of public safety and have risked or lost their lives on countless occasions in carrying out their duties; and

WHEREAS, Irish-Americans have served with distinction in every war that this nation has fought. Many of the outstanding soldiers who fought for American freedom in the Revolutionary War were of Irish descent. Since then, Irish-Americans have sacrificed their lives in every other war in which the United States has fought; and

WHEREAS, Many Irish-American entrepreneurs have contributed greatly to the United States economy including Henry Ford, William

Randolph Hearst, and Alexander Stewart, the inventor of the American department store; and

WHEREAS, Irish-Americans have contributed to the American literary tradition through great authors including Flannery O'Connor, Eugene O'Neill, F. Scott Fitzgerald, Mary McCarthy, and Frank McCourt; and

WHEREAS, Irish-Americans have been instrumental in the development of American entertainment with such stars as actor and dancer Gene Kelly, actress Grace Kelly, actor and singer Bing Crosby, and director John Ford being of Irish heritage; and

WHEREAS, Today, over 44 million Americans claim Irish heritage, and they continue to contribute to American and California politics, economy, and culture; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature, in honor of the multitude of contributions that Irish-Americans have made to make this a better country and state for all people, designates March 2003 to be Irish-American Heritage Month in California and calls upon the people of the state to observe this month with appropriate ceremonies, programs, and activities, especially on March 17, since everyone is Irish on St. Patrick's Day; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 13

Assembly Concurrent Resolution No. 32—Relative to California Nonprofits and Philanthropy Week.

[Filed with Secretary of State April 1, 2003.]

WHEREAS, One of the great strengths of California is the presence of vigorous nonprofit and philanthropic organizations that provide a private means to pursue public purposes outside the confines of either the market or the state; and

WHEREAS, Residents of California have joined together to form over 130,000 nonprofits, including more than 87,000 active charitable nonprofits under Section 501(c)(3) of the Internal Revenue Code, 5,200 private foundations, and 26,000 religious groups, that employ over 900,000 people and receive and spend over $80 billion per year; and

WHEREAS, Nonprofit and philanthropic organizations touch the lives of every person in California by serving people from all walks of

life, socioeconomic groups, political orientations, ethnicities, ages, genders, and cultural backgrounds; and

WHEREAS, Embraced within the nonprofit sector are some of our state's premier universities, hospitals, symphonies, museums, theaters, and grassroots groups as well as thousands of community organizations that channel our impulses for charity, justice, and compassion to serve the common good and support and empower those in greatest need; and

WHEREAS, One-half of all hospital care, most human services, a significant share of higher education, most low-cost housing, almost all arts and culture, and most social justice and environmental programs are provided by nonprofits; and

WHEREAS, Over 15 million California residents volunteer three to five hours per week with nonprofit organizations; and

WHEREAS, The 5,200 independent foundations, including seven of the nation's largest independent foundations, 100 corporate foundations, and 25 community foundations, including seven of the nation's largest community foundations, with assets of more than $30 billion, annually give $1 billion in grants to California nonprofits; and

WHEREAS, Nonprofit social service and philanthropic organizations have helped millions of Americans get back on their feet, enabling them to become active, productive citizens; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes the importance and value of nonprofit and philanthropic organizations; and be it further

Resolved, That the Legislature hereby proclaims March 30 to April 5, 2003, inclusive, as California Nonprofits and Philanthropy Week as presented by the California Association of Nonprofits and its Policy Council; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriation distribution.

RESOLUTION CHAPTER 14

Assembly Concurrent Resolution No. 48—Relative to Endometriosis Awareness Month.

[Filed with Secretary of State April 1, 2003.]

WHEREAS, Endometriosis, a condition involving abnormal uterine cell growth, affects nearly 80 million teens and women worldwide; and

WHEREAS, Over 5.5 million women in the United States alone suffer from endometriosis; and

WHEREAS, Endometriosis affects more women than breast cancer does; and

WHEREAS, Endometriosis can have a debilitating impact on a woman's life and her relationships, in some cases rendering her unable to work, to care for herself or her family, or to go about her normal routine; and

WHEREAS, Studies have shown an elevated risk of certain cancers and autoimmune diseases in endometriosis patients; and

WHEREAS, Endometriosis is the leading cause of female infertility and hysterectomy; and

WHEREAS, There is currently no definitive cure for endometriosis; and

WHEREAS, The Endometriosis Research Center (ERC) is a nonprofit organization, that was founded in 1997 to address the needs of the international community of individuals who suffer from endometriosis and to improve the quality of life for those with the disease through education and support programs; and

WHEREAS, The ERC works to raise awareness about endometriosis throughout the medical and lay communities and raises funds to facilitate and promote existing research for effective treatments and, ultimately, a cure for endometriosis; and

WHEREAS, Events and activities, including ''ERC Casual Days,'' are held annually during the month of March in celebration of the ERC's anniversary; and

WHEREAS, The goal of these events is to educate the general public about the significance of endometriosis, to support and assist women living with the disease, and to raise funds for the organization's efforts; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature proclaims the month of March 2003 as Endometriosis Awareness Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 15

Assembly Concurrent Resolution No. 52—Relative to mosquito and vector control.

[Filed with Secretary of State April 1, 2003.]

WHEREAS, The State of California recognizes that West Nile Virus, a virulent and potentially deadly form of encephalitis, poses a grave

threat to the health and safety of all Californians starting this spring and into the foreseeable future; and

WHEREAS, Adequately funded mosquito and vector control, monitoring, and public awareness programs are the best way to prevent outbreaks of West Nile Virus and other diseases borne by mosquitoes and other vectors; and

WHEREAS, Mosquitoes and other vectors, including, but not limited to, ticks, Africanized honey bees, rats, fleas, and flies, continue to be a source of human suffering, illness, death, and a public nuisance in California and around the world; and

WHEREAS, Excess numbers of mosquitoes and other vectors spread diseases of humans, livestock, and wildlife, reduce enjoyment of outdoor living spaces, both public and private, reduce property values, hinder outdoor work, and reduce livestock productivity; and

WHEREAS, Mosquitoes and other vectors can disperse or be transported long distances from their sources and are, therefore, a health risk and a public nuisance; and

WHEREAS, Professional mosquito and vector control based on scientific research has made great advances in reducing mosquito and vector populations and the diseases they transmit; and

WHEREAS, Mosquito and vector borne viruses that cause human illness or death have been routinely found in mosquitoes and other vectors in over one-half of the counties in California; and

WHEREAS, Mosquitoes that are commonly found within California are known vectors of the West Nile Virus which has struck with deadly force throughout the United States in recent years; and

WHEREAS, Established mosquito and vector borne diseases like the plague, Lyme disease, and encephalitis, and new and emerging vector borne diseases like hantavirus, arenavirus, babesiosis, and ehrlichiosis cause illness and death every year in California; and

WHEREAS, Mosquito and vector control districts throughout the state work closely with the United States Environmental Protection Agency and the State Department of Health Services to reduce pesticide risks to humans, animals, and the environment while protecting human health from mosquito and vector borne diseases and nuisance attacks; and

WHEREAS, The public's awareness of the health benefits associated with safe, professionally applied mosquito and vector control methods will aid in the support of these efforts, as well as motivate the public to eliminate mosquito and vector breeding sites on private property; and

WHEREAS, Educational programs are being developed to include schools, civic groups, private industry, and government agencies, in order to meet the public's need for information about West Nile Virus, other diseases, and mosquito and vector biology and control; and

WHEREAS, Many counties are not providing adequate funding for mosquito and vector control and for surveillance of vector borne disease organisms; and

WHEREAS, Public awareness can result in reduced production of mosquitoes and other vectors on private, commercial, and public lands by responsible parties, avoidance of the bites of mosquitoes and other vectors when the risk of West Nile Virus and other disease transmission is high, detection of human cases of mosquito and vector borne diseases that may be otherwise be misdiagnosed for lack of appropriate laboratory testing, and the formation of mosquito or vector control agencies where needed; and

WHEREAS, Public awareness can result in action to provide adequate funding for existing mosquito and vector control agencies or in areas where there are no existing controls; and

WHEREAS, ''Mosquito and Vector Control and West Nile Virus Awareness Week'' will increase the public's awareness of the threat of West Nile Virus and other diseases and the activities of the various mosquito and vector research and control agencies working to minimize the health threat within California, and will highlight the educational programs currently available; and

WHEREAS, The Mosquito and Vector Control Association of California has designated the week of April 28 through May 4, 2003, as ''Mosquito and Vector Control and West Nile Virus Awareness Week'' in the state; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares the week of April 28 through May 4, 2003, be designated as Mosquito and Vector Control and West Nile Virus Awareness Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for distribution and to the Director of Health Services.

RESOLUTION CHAPTER 16

Senate Concurrent Resolution No. 15—Relative to Save Your Vision Month.

[Filed with Secretary of State April 7, 2003.]

WHEREAS, Eye health is intrinsically linked to overall health; and

WHEREAS, Healthy vision is a shared responsibility among the government, health care providers, community leaders, and the public; and

WHEREAS, More Americans than ever are facing the threat of blindness from age-related eye disease, according to a report recently released by the National Eye Institute, in partnership with Prevent Blindness America; and

WHEREAS, The report addresses the leading causes of vision impairment and blindness in the United States, including diabetic retinopathy, age-related macular degeneration, cataract, and glaucoma; and

WHEREAS, Diabetic retinopathy is believed to be a leading cause of blindness in the industrialized world in people between 25 and 74 years of age, affecting more than 5.3 million Americans 18 years of age and older; and

WHEREAS, Age-related macular degeneration (AMD) is the most common cause of blindness and vision impairment in Americans 60 years of age and older, and more than 1.6 million Americans over 60 years of age have advanced AMD; and

WHEREAS, Cataract is the leading cause of blindness in the world, affecting nearly 20.5 million Americans 65 years of age and older; and

WHEREAS, Glaucoma, a chronic disease that often requires life-long treatment to control, affects about 2.2 million Americans, and another 2 million do not know they have it; and

WHEREAS, Over one million Americans 40 years of age and older are currently blind, and an additional 2.4 million are visually impaired. These numbers are expected to double over the next 30 years; and

WHEREAS, Many eye diseases, such as glaucoma, may cause vision damage and eventually blindness without the patient ever experiencing any symptoms; and

WHEREAS, Blindness and visual impairment from most eye diseases and disorders can be reduced with early detection and treatment; and

WHEREAS, Eye health education that encourages those at high risk for eye disease to have regular dilated eye exams is essential in preventing vision loss; and

WHEREAS, Save Your Vision Month raises awareness among the general public and targets at-risk groups to remind them of the need for regular, comprehensive eye examinations to detect eye health problems, general health issues, and vision difficulties; and

WHEREAS, Save Your Vision Month would further the cause of Healthy People 2010, a national disease prevention initiative sponsored by the Unites States Department of Health and Human Services which, for the first time, includes 10 vision objectives to address visual impairment due to eye disease and refractive error; regular eye examinations for children and adults; vision screening for preschool children; injury prevention; and vision rehabilitation; and

WHEREAS, The Legislature seeks to improve the vision of all Californians by educating them about the importance of healthy vision and the prevention of vision loss through regular, comprehensive eye examinations; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the month of March 2003 as Save Your Vision Month and encourages all Californians to save their vision through proper eye care; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 17

Assembly Concurrent Resolution No. 64—Relative to Sexual Assault Awareness Month.

[Filed with Secretary of State April 14, 2003.]

WHEREAS, The American Medical Association has stated that a ''woman is raped every 46 seconds in the United States'' and that sexual assault is a ''silent epidemic''; and

WHEREAS, In California, there were 9,882 forcible rapes reported in 2001; and

WHEREAS, It is estimated by the Bureau of Justice Statistics that over 70 percent of rapes are never reported to police; and

WHEREAS, Women, children, and men are all victims of sexual assault and it is estimated that one in three women, one in four girls, one in six boys, and one in 11 men will be victims at least once in their lifetimes; and

WHEREAS, Rape and sexual assault impacts women, children, and men of all racial, cultural, and economic backgrounds; and

WHEREAS, Women, children, and men suffer multiple types of sexual violence including acquaintance rape, stranger rape, sexual assault by an intimate partner, gang rape, incest, stalking, serial rape, ritual abuse, sexual harassment, child sexual molestation, prostitution, pornography, and stalking; and

WHEREAS, In addition to the immediate physical and emotional costs, sexual assault may also have associated severe and long-lasting consequences of posttraumatic stress disorder, substance abuse, major depression, homelessness, eating disorders, and suicide; and

WHEREAS, The Centers for Disease Control and Prevention have identified sexual assault as a significant, costly, and preventable health issue; and

WHEREAS, Women, children, and men in our state have the right to be safe from sexual violence in their homes, at school, at work, and on the streets; and

WHEREAS, It is our responsibility to support rape survivors by treating them with dignity, compassion, and respect; and

WHEREAS, It is crucially important to hold perpetrators responsible for sexual attacks, and to prevent sexual violence at every opportunity; and

WHEREAS, A coalition of rape crisis centers, known as the California Coalition Against Sexual Assault, has emerged to directly confront this crisis with the cooperation of law enforcement agencies, churches, health care providers, and other helping professionals from California's diverse communities; and

WHEREAS, It is important to recognize the compassion and dedication of the individuals involved in this effort, applaud their commitment, and increase public understanding of this significant problem; and

WHEREAS, It is important to recognize the strength, courage, and challenges of the victims and survivors of sexual assault and their families and friends as they struggle to cope with the reality of sexual assault; and

WHEREAS, It is important to recognize that not all victims of sexual assault survive, either at the time of the assault or later, due to the horrific long-term trauma that sexual assault often inflicts upon victims; and

WHEREAS, There are rape prevention and education efforts underway throughout California to challenge the societal myths and behaviors that perpetuate rape and to engage communities in a common goal of ending sexual assault; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That, henceforth, the month of April shall be designated as Sexual Assault Awareness Month; and be it further

*Resolved,*That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, to the Governor, to the Director of the United States Justice Department's Office for Victims of Crime, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 18

Senate Joint Resolution No. 1—Relative to the Armenian Genocide.

[Filed with Secretary of State April 14, 2003.]

WHEREAS, The Armenian people, living in their 3,000 year historic homeland in eastern Asia Minor and throughout the Ottoman Empire, were subjected to severe persecution and brutal injustice by the rulers of the Ottoman Empire before and after the turn of the twentieth century, including widespread massacres, usurpation of land and property, and acts of wanton destruction during the period from 1894 to 1896, and again in 1909; and

WHEREAS, The horrible experience of the Armenians at the hands of their oppressors culminated in 1915 in what is known by historians as the ''First Genocide of the Twentieth Century,'' and as the prototype of modern-day mass killing; and

WHEREAS, The Armenian Genocide began with the arrest, exile, and murder of hundreds of Armenian intellectuals, and political, religious, and business leaders, starting on April 24, 1915; and

WHEREAS, The regime then in control of the empire, known as the ''Young Turks,'' planned and executed the unspeakable atrocities committed against the Armenian people from 1915 through 1923, which included the torture, starvation, and murder of 1,500,000 Armenians, death marches into the Syrian desert, the forced exile of more than 500,000 innocent people, and the loss of the traditional Armenian homelands; and

WHEREAS, While there were some Turks and others who jeopardized their safety in order to protect Armenians from the crimes being perpetrated by the Young Turk regime, the genocide of the Armenian people constituted one of the most egregious violations of human rights in the history of the world; and

WHEREAS, The United States Ambassador to the Ottoman Empire, Henry Morgenthau, Sr., stated ''Whatever crimes the most perverted instincts of the human mind can devise, and whatever refinements of persecutions and injustice the most debased imagination can conceive, became the daily misfortunes of this devoted people. I am confident that the whole history of the human race contains no such horrible episode as this. The great massacres and persecutions of the past seem almost insignificant when compared to the sufferings of the Armenian race in 1915. The killing of the Armenian people was accompanied by the systematic destruction of churches, schools, libraries, treasures of art, and cultural monuments in an attempt to eliminate all traces of a noble civilization with a history of more than 3,000 years''; and

WHEREAS, Winston Churchill wrote: ''As for Turkish atrocities: ... massacring uncounted thousands of helpless Armenians, men, women, and children together, whole districts blotted out in one administrative holocaust—these were beyond human redress''; and

WHEREAS, Contemporary newspapers like the New York Times commonly carried headlines such as ''Tales of Armenian Horrors

Confirmed,'' ''Million Armenians Killed or in Exile,'' and ''Wholesale Massacre of Armenians by Turks''; and

WHEREAS, Adolph Hitler, in persuading his army commanders on the eve of World War II that the merciless persecution and killing of Poles, Jews, and other peoples would bring no retribution, declared, ''Who, after all, speaks today of the annihilation of the Armenians''; and

WHEREAS, Unlike other peoples and governments that have admitted and denounced the abuses and crimes of predecessor regimes, and despite the overwhelming weight of evidence, the Republic of Turkey has inexplicably and adamantly denied the occurrence of the crimes against humanity committed by the Young Turk rulers, and those denials compound the grief of the few remaining survivors of the atrocities, desecrate the memory of the victims, and cause continuing trauma and pain to the descendants of the victims; and

WHEREAS, Nations that have officially recognized the Armenian Genocide have been subjected to retaliation and condemnation by Turkey; and

WHEREAS, There have been concerted efforts to revise history through the dissemination of propaganda suggesting that Armenians were responsible for their fate in the period from 1915 through 1923 and by the funding of programs at American educational institutions for the purpose of furthering the cause of this revisionism; and

WHEREAS, Leaders of nations with strategic, commercial, and cultural ties to the Republic of Turkey should be reminded of their duty to encourage Turkish officials to desist from efforts to distort facts and deny the history of events surrounding the Armenian Genocide; and

WHEREAS, The accelerated level and scope of denial and revisionism, coupled with the passage of time and the fact that few survivors remain who serve as reminders of indescribable brutality and torment, compel a sense of urgency in efforts to solidify recognition and reaffirmation of historical truth; and

WHEREAS, By honoring the survivors and consistently remembering and forcefully condemning the atrocities committed against the Armenian people as well as the persecution of the Assyrian and Greek populations of the Ottoman Empire, we guard against repetition of the crime of genocide; and

WHEREAS, California has become home to the largest population of Armenians in the United States, and those citizens have enriched our state through leadership in the fields of academia, medicine, business, agriculture, government, and the arts and are proud and patriotic practitioners of American citizenship; and

WHEREAS, The State of California has been at the forefront in encouraging and promoting a curriculum relating to human rights and

genocide in order to empower future generations to prevent recurrence of the crime of genocide; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby designates April 24, 2003, as the ''California Day of Remembrance for the Armenian Genocide of 1915–1923''; and be it further

Resolved, That the State of California commends its conscientious educators who teach about human rights and genocide; and be it further

Resolved, That the State of California respectfully memorializes the Congress of the United States to act likewise to commemorate the Armenian Genocide; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, Members of the United States Congress, and the Governor.

RESOLUTION CHAPTER 19

Senate Joint Resolution No. 13—Relative to immigrant military personnel.

[Filed with Secretary of State April 14, 2003.]

WHEREAS, Immigrants have a long history of service in the United States military, including service in major wars, including, but not limited to, World War I, World War II, the Korean War, the Vietnam War, Operation Desert Storm, and the current war in Iraq; and

WHEREAS, The number of immigrants serving in the United States military has grown from 28,000 in 2000 to more than 37,000 today, and to date, immigrants comprise nearly 5 percent of all enlisted personnel on active duty in the United States Armed Forces and more than 20 percent of Congressional Medal of Honor recipients; and

WHEREAS, At least one-half of the first 10 United States soldiers from California killed in Operation Iraqi Freedom were not United States citizens, and California contributes nearly one of every three immigrant soldiers, more than any other state; and

WHEREAS, Francisco A. Martinez Flores, Jose A. Garibay, Jose Gutierrez, and Joseph Menusa, who were immigrant soldiers serving in the United States Marines, lost their lives in Operation Iraqi Freedom, and service in the United States military, particularly in times of conflict, is the ultimate act of patriotism and duty served to the United States; and

WHEREAS, Many immigrants on active duty are trying to become naturalized citizens and are required by law to be available at all times

for military service but are only allowed to apply for United States citizenship after completing three years of service; and

WHEREAS, President George W. Bush recently issued an Executive order conferring immediate eligibility for citizenship to immigrants serving on active duty in the United States Armed Forces to reward immigrants serving during the post-September 11 war on terrorism; and

WHEREAS, Congress should explore implementing an expedited one-year naturalization process beginning on a soldier's first day of service, and granting immediate citizenship to those participating in a war and those who have been honorably discharged from the military; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California urges the President and the Congress of the United States to amend federal selective service and immigration laws to grant the right of citizenship to any and all immigrants who honorably serve in the military; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 20

Assembly Joint Resolution No. 5—Relative to the Vietnam Veterans Memorial Education Center.

[Filed with Secretary of State April 24, 2003.]

WHEREAS, The Vietnam Veterans Memorial is the most visited memorial in our nation's Capitol; and

WHEREAS, The Vietnam Veterans Memorial Education Act, if enacted, would authorize the establishment of the Vietnam Veterans Memorial Education Center on the three-acre site of the Vietnam Veterans Memorial; and

WHEREAS, Engraved upon the majestic walls of the Vietnam Veterans Memorial are the names of 5,576 Californians in the over 58,000 names of those who gave their lives for our country serving with the United States Armed Forces in the Vietnam War; and

WHEREAS, The Vietnam Veterans Memorial Education Center will be built entirely with funding from private donations and will be operated entirely with funding from private donations; and

WHEREAS, The focus of the Vietnam Veterans Memorial Education Center will be to educate young Americans about the history of the Vietnam War and the sacrifices made there; and

WHEREAS, Young people need a better appreciation of America's history in order to become better citizens and the center will be helpful in teaching young people about the impact of the Vietnam War; and

WHEREAS, The Legislature of the State of California gives its support to the plan by the United States Congress for an education center at the Vietnam Veterans Memorial; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to take appropriate measures to facilitate the design and construction of the Vietnam Veterans Memorial Education Center; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States and to all members of Congress of the United States.

RESOLUTION CHAPTER 21

Senate Concurrent Resolution No. 8—Relative to Child Abuse Prevention Month.

[Filed with Secretary of State April 30, 2003.]

WHEREAS, Child abuse and neglect continue to pose a serious threat to our nation's children; and

WHEREAS, In 1996, more than 3,000,000 children were reported to child protective agencies in the United States as having suffered abuse and neglect; and

WHEREAS, It is estimated that for every three dollars spent on the prevention of child abuse and neglect, at least six dollars are saved that might be spent on child welfare services, special education services, medical care, foster care, counseling, and the housing of juvenile offenders; and

WHEREAS, Child abuse and neglect is a community problem and finding solutions depends on the involvement of people throughout the community; and

WHEREAS, The first organized statewide Blue Ribbon Campaign was originated in Norfolk, Virginia, by the grandmother of Bubba Dickinson, a child who was murdered by his mother's abusive boyfriend; and

WHEREAS, In recent years, the National Committee to Prevent Child Abuse, the California chapter and other local affiliates, United States military bases, and other groups have organized Blue Ribbon Campaigns to increase public awareness of child abuse and to promote ways to prevent child abuse; and

WHEREAS, The National Committee to Prevent Child Abuse, in all its forms, has proclaimed April as National Child Abuse Prevention Month; and

WHEREAS, Blue ribbons are displayed to increase awareness of child abuse and as a strategy for Child Abuse Prevention Month; and

WHEREAS, This year's campaign is entitled ''Gateways to Prevention''; and

WHEREAS, The flexibility of this program offers numerous opportunities to be innovative and to create partnerships within business, professional, and community organizations; and

WHEREAS, The Senate and the Assembly encourage the community to work together for youth-serving prevention programs; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature does hereby acknowledge the month of April 2003, as Child Abuse Prevention Month, and encourage the people of the State of California to support child abuse prevention activities in their communities and schools during that month and throughout the year; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 22

Senate Concurrent Resolution No. 13—Relative to Women's History Month.

[Filed with Secretary of State April 30, 2003.]

WHEREAS, American women of every culture, class, and ethnic background have participated in the founding and building of our nation, have made historic contributions to the growth and strength of our nation, and have played a critical role in shaping the economic, cultural, and social fabric of our society, not in the least of ways through their participation in the labor force, working both inside and outside the home; and

WHEREAS, Women have been leaders in every movement for social change, including their own movement for suffrage and equal rights, the

fight for emancipation, the struggle to organize labor unions, and the civil rights movement, as well as leading the call for peace and organizing to preserve the environment; and

WHEREAS, In light of these efforts and the achievements of all American women, we take this opportunity to honor women and their contribution to the development of our society and our world; and

WHEREAS, The celebration of Women's History Month will provide an opportunity for schools and communities to focus attention on the historical role and accomplishments of the women of California and the United States, and for students, in particular, to benefit from an awareness of these contributions; and

WHEREAS, Women's History Month will include International Women's Day on March 8, which was originally proclaimed in 1910 to recognize and commemorate the valuable contributions women have made to the labor movement in improving working conditions, and thus bettering people's lives; and

WHEREAS, Women's History Month will be not only a call to acknowledge the outstanding American women whose names we know, but also a call to pay homage to the many women who have anonymously shaped our collective past; and

WHEREAS, The observance of Women's History Week was initiated by the Sonoma County Commission on the Status of Women in 1977, a celebration that evolved into Women's History Month, commemorated throughout the nation by schools, historians, and community groups; and

WHEREAS, The achievements of women who have gone before us will enable contemporary women and men to create tomorrow's history by working toward an end to physical and sexual violence against women, discrimination and harassment in employment, and the relegation to poverty status of many women, and by advocating for the full participation of women in the economic and political arena, the provision of adequate child care, respect for those who choose homemaking and motherhood as their career, and equal access to all of the opportunities this great nation has to offer; and

WHEREAS, The story of the women's rights movement deserves telling because of the significance and scope of women's role in making history and shaping the cultural and societal makeup of California and the United States, and because it is a rich part of our common heritage, a story of gallantry and devotion to the belief that the opportunity for complete human dignity should not be denied to one-half of the state and the nation; and

WHEREAS, The National Women's History Project has adopted ''Women Pioneering the Future'' as the 2003 theme for Women's History Month, showcasing both pioneering women from United States

history and innovative women of today. The 2003 theme will help deliver the message of who American women are and what they have accomplished. The theme will also help focus on the rich and complex ways women have led and won struggles for equality and civil rights, created and advanced educational and professional opportunities, and made great contributions to the arts, sciences, and humanistic causes. It will also showcase women of today who further these efforts and continue to expand the frontiers of possibility for generations to come; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California takes pleasure in joining the California Commission on the Status of Women and the National Women's History Project in honoring the contributions of women, and proclaims the month of March 2003 as Women's History Month; and be it further

Resolved, That the Legislature of the State of California urges all Californians to join in the celebration of International Women's Day on March 8, 2003; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Chair of the California Commission on the Status of Women, and to the National Women's History Project, for distribution to appropriate organizations.

RESOLUTION CHAPTER 23

Assembly Concurrent Resolution No. 41—Relative to the California Tow Truck Association.

[Filed with Secretary of State May 1, 2003.]

WHEREAS, The California Tow Truck Association was formed in 1970 by a small group of tow truck owners committed to improving the towing industry; and

WHEREAS, One of the first acts of the California Tow Truck Association was the adoption of a code of ethics for its members that calls for upholding high standards, honor, and integrity; and

WHEREAS, The California Tow Truck Association has grown to more than 700 members, all of whom are committed to upholding the Association's Code of Ethics and who are dedicated to promoting, through organization, volunteer efforts and cooperation with other groups and associations such as the Department of the California Highway Patrol, city police and county sheriffs, the Department of

Transportation, and the California Trucking Association, safety and professionalism in the towing industry; and

WHEREAS, The California Tow Truck Association has developed and maintained, under the guidance of the program's founder and current director, Steve Cardinale, the finest and most respected driver training and education program in the United States. The association's intensive two to three day training program incorporates both rigorous classroom instruction and practical, hands-on instruction on everything from the proper way to tow a passenger vehicle that has become disabled on the highway to the safe and efficient method to remove an overturned, fully loaded tractor trailer. The association's eight instructors average more that 25 years of towing experience; and

WHEREAS, The California Tow Truck Association has worked closely with Senators and Assembly Members and has sponsored and supported legislation over the last 33 years to make the towing industry more professional, safer, and more responsive to the needs of the motoring public; and

WHEREAS, The California Tow Truck Association has worked closely with law enforcement, including providing officers with free access to the association's towing education classes to ensure that tow operators and law enforcement officers work safely and efficiently together; and

WHEREAS, The California Tow Truck Association's well-trained, responsible, and professional tow operators have become an integral part of California's congestion management relief efforts; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby congratulate the California Tow Truck Association on its 33rd anniversary and recognizes the valuable contributions made by the California Tow Truck Association in promoting driver training and education, safety and professionalism in the towing industry, and for becoming an important part of the state's efforts to manage traffic congestion; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 24

Assembly Concurrent Resolution No. 49—Relative to the California Golden Poppy.

[Filed with Secretary of State May 1, 2003.]

WHEREAS, The Golden Poppy became California's official flower on March 2, 1903; and

WHEREAS, The Golden Poppy, Matilija Poppy, and Mariposa Lily were all originally nominated as California's State Flower. The California Golden Poppy won by a landslide; and

WHEREAS, The official name of the California Golden Poppy is Eschscholzia californica; and

WHEREAS, Since the Golden Poppy is the Golden State's official flower, it is protected by state law which prohibits persons from picking or destroying it; and

WHEREAS, The California poppy was most likely first seen in 1542 by European members of the Cabrillo expedition; and

WHEREAS, Adelbert von Chamisso first described the California poppy in 1820; and

WHEREAS, Poppies are generally considered a perennial flower, although they are grown as an annual in colder zones; and

WHEREAS, Early sailors are said to have nicknamed California, La Tierra del Fuego, or ''Land of Fire,'' for the rolling foothills carpeted with poppies; and

WHEREAS, California poppy blossoms are 2- to 3-inch cups of gold, bronze, scarlet, terra cotta, rose, or white; and

WHEREAS, Poppy blossoms close at night and open again in the morning; and

WHEREAS, The Golden Poppy is best planted by seed in well-drained, sandy soil that has been well spaded; and

WHEREAS, California poppies should be planted by direct seed when possible; and

WHEREAS, Poppies transplant best when very young, and grow best in cool, sunny conditions; and

WHEREAS, The Antelope Valley California Poppy State Reserve is located 15 miles west of the City of Lancaster, and its 1,745 acres serve to protect and perpetuate outstanding displays of the Golden Poppy with the reserve's several miles of winding trails that allow expansive views of the poppy and other brilliant wildflowers; and

WHEREAS, In the City of Lancaster, the annual California Poppy Festival attracts about 60,000 visitors each year and is held every April in Lancaster City Park as a two-day event that includes a variety of arts and crafts, environmental displays, a children's carnival, and performances by well-known jazz artists; and

WHEREAS, Many comment on the irony of the Golden Poppy as California's State Flower, given the famous 1849 Gold Rush, which labeled our state the ''land of opportunity''; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California State Legislature hereby commemorates

March 2, 2003, as the 100th anniversary of the California Golden Poppy as the official State Flower of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 25

Assembly Concurrent Resolution No. 77—Relative to National Library Week.

[Filed with Secretary of State May 1, 2003.]

WHEREAS, National Library Week is being celebrated in public libraries throughout California from April 6, 2003, through April 12, 2003; and

WHEREAS, California's public libraries are centers for education, information, and entertainment; and

WHEREAS, Public libraries and librarians advance teaching and learning by helping students, faculty, and researchers obtain the best, most accurate and complete information; and

WHEREAS, Our state's public libraries are changing and dynamic places, offering computers, Internet access, e-mail reference, and other innovative services to connect their users with ideas and information; and

WHEREAS, Public libraries provide technology training for patrons of all ages and help to bridge the ''digital divide,'' for those who do not have access to technology at home or at school; and

WHEREAS, Students are a rapidly growing group of library users, visiting the state's public libraries after school and on weekends for homework assistance and for materials to use in school assignments; and

WHEREAS, Public libraries are important community educational resources, providing innovative programs for youth, including, but not limited to, preschool literacy readiness, Toddler Times, Summer Reading Program, Homework Help Centers, Grandparents and Books, and Reach Out and Read in conjunction with pediatric clinics; and

WHEREAS, Public libraries preserve our cultural heritage, inform, and inspire; and

WHEREAS, More than 19 million people use California's public libraries annually; and

WHEREAS, California public libraries provide equal and economical services and, in many cases, serve as a community's only public point of access to resources for learning; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California acknowledges and participates in the celebration of National Library Week commencing April 6, 2003, applauds the positive and vital impact of public libraries, librarians, and other library workers, and thanks them for enriching the lives of residents and helping to make our state an exceptional place to live, learn, and work; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 26

Assembly Concurrent Resolution No. 1—Relative to California Holocaust Memorial Week.

[Filed with Secretary of State May 5, 2003.]

WHEREAS, The Holocaust was a tragedy of proportions the world had never before witnessed; and

WHEREAS, More than 60 years have passed since the tragic events we now call the Holocaust transpired, in which the dictatorship of Nazi Germany murdered six million Jews as part of a systematic program of genocide known as ''The Final Solution of the Jewish Question''; and

WHEREAS, Jews were the primary victims, but they were not alone. Five million others were murdered in Nazi concentration camps as part of a carefully orchestrated, state-sponsored program of cultural, social, and political annihilation under Nazi tyranny; and

WHEREAS, We must teach our children that the individual and communal acts of heroism during the Holocaust serve as a powerful example of how our nation and its citizens can, and must, respond to acts of hatred and inhumanity; and,

WHEREAS, We must always remind ourselves of the horrible events of the Holocaust and remain vigilant against hatred, persecution, and tyranny lest these atrocities be repeated; and

WHEREAS, We, the people of California, should actively rededicate ourselves to the principles of human rights, individual freedom, and equal protection under the laws of a just and democratic society; and

WHEREAS, Each person in California should set aside moments of his or her time every year to give remembrance to those who lost their lives in the Holocaust; and

WHEREAS, The United States Holocaust Memorial Council has designated the week of April 27 through May 4, 2003, as the Days of

Remembrance of the Victims of the Holocaust, including the International Day of Remembrance known as Yom Hashoah; and

WHEREAS, According to Eli Wiesel, a Holocaust survivor and nationally recognized scholar, "... a memorial unresponsive to the future would violate the memory of the past"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of April 27 through May 4, 2003, be proclaimed "California Holocaust Memorial Week," and that Californians are urged to observe these days of remembrance for victims of the Holocaust in an appropriate manner; and be it further

Resolved, That the Chief Clerk of the Assembly transmit sufficient copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 27

Assembly Concurrent Resolution No. 33—Relative to the Day of the Horse.

[Filed with Secretary of State May 6, 2003.]

WHEREAS, The horse is a living link to the heritage and history of the State of California and the United States of America; and

WHEREAS, Without horses, the economy, history, and character of the State of California and the United States of America would be profoundly different; and

WHEREAS, The presence of the horse continues to permeate our society from movie screens to open land to our own backyards; and

WHEREAS, Horses are a vital part of our collective experience and, as such, deserve our protection and compassion; and

WHEREAS, With increasing pressure from modern society, all horses, wild and domestic, rely on humans for adequate food, water, and shelter; and

WHEREAS, Today, horses play a vital role in the economy of the State of California and the United States of America; and

WHEREAS, The Congressional Horse Caucus estimates the horse industry contributes well over $100 billion to the American economy annually; and

WHEREAS, The University of California, Davis, reports that California equine activities support between 300,000 and 1 million horses; and

WHEREAS, The second Saturday in December should be specially set aside as the Day of the Horse to encourage all citizens to be mindful

of the welfare of the horse and its contribution to our economy, heritage, and history; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby proclaims December 13, 2003, to be the Day of the Horse in the State of California, and calls upon all citizens to be mindful of the welfare of the horse and to recognize and appreciate the role of the horse in our history, heritage, and economy.

RESOLUTION CHAPTER 28

Assembly Concurrent Resolution No. 43—Relative to the Girl Scouts.

[Filed with Secretary of State May 6, 2003.]

WHEREAS, Wednesday, March 12, 2003, marks the 91st anniversary of the Girl Scouts of the United States of America; and

WHEREAS, In 1912, Juliette Gordon Low founded the Girl Scouts with just 18 girls and a dream in which she envisioned ''something for all the girls,'' to enable them to better serve their communities, experience the outdoors, and contribute to national and international social development; and

WHEREAS, 91 years later, her efforts are responsible for creating the largest girl-serving organization in the world with membership surpassing 2.8 million nationally, of which 250,000 are girls in California; and

WHEREAS, Nationwide 233,000 troops provide opportunities for girls between 5 and 17 years of age to discover the fun, friendship, and power of girls together, as Daisy Girl Scouts, Brownie Girl Scouts, Junior Girl Scouts, Cadette Girl Scouts, and Senior Scouts; and

WHEREAS, During the 1960's, the Girl Scouts began programs and projects focused on overcoming prejudice and building relationships with those of all ages, religions, classes, and races; and

WHEREAS, That same social consciousness continues today as the Girl Scouts promote the ideals of acceptance, understanding, cultural awareness, and tolerance; and

WHEREAS, In addition to their focus on the world around them, the Girl Scouts strive to develop each girl's potential through skill building, technological awareness, self-esteem and image promotion, and countless other opportunities which motivate and empower girls to grow; and

WHEREAS, Because of this focus, Girl Scouts will lead businesses and communities and take active roles in mathematics, science, technology, and the arts and are striving to fulfill our country's economic needs; and

WHEREAS, One in four American women has been a Girl Scout and the organization is committed to outreach efforts reflective of their theme ''Girl Scouting: For Every Girl, Everywhere''; and

WHEREAS, Some 50 million women have enjoyed the benefits of the Girl Scout program, as an American tradition, for 91 years; and

WHEREAS, Of the 36 women currently serving in the California Legislature, at least six were members of, or leaders in, the Girl Scouts of the United States of America, including Assembly Members Chu, Lieber, and Pavley, and Senators Bowen, Escutia, and Romero; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Legislature acknowledges with pride the significant role the Girl Scouts has played in mentoring young women throughout California and the nation, as an organization ''where girls grow strong;'' and be it further

Resolved, That the Legislature commends the Girl Scouts of the United States of America for 91 years of service and for inspiring millions of girls with the highest ideals of character, conduct, and patriotism; and be it further

Resolved, That the Legislature encourages the people of California to participate in activities and celebrations appropriate to this occasion; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 29

Assembly Concurrent Resolution No. 47—Relative to Cure Children's Cancer Month.

[Filed with Secretary of State May 6, 2003.]

WHEREAS, One in every 330 children in the United States develops cancer before the age of 19 years, decisively making cancer the leading disease afflicting our youth today; and

WHEREAS, While much progress in the development of effective new treatments and cures for cancer has been made in the past three decades, the number of newly diagnosed children is on the rise; and

WHEREAS, Since its founding in 1982, the Pediatric Cancer Research Foundation has been dedicated to the mission of improving the care, quality of life, and survival rate of children with malignant diseases, and has raised over $12 million for pediatric cancer research; and

WHEREAS, In its 21st year of service as a nonprofit organization, the Pediatric Cancer Research Foundation was founded by parents, doctors, friends, and business and community leaders who recognized the critical need to fund childhood cancer research; and

WHEREAS, The Pediatric Cancer Research Foundation provides over $1.5 million each year for cancer research to the University of California, Irvine, Children's Hospital of Orange County, Childrens Hospital Los Angeles, the University of California, Los Angeles, Children's Hospital of New York, Columbia University, and the National Marrow Donor Program; and

WHEREAS, On April 27, 2003, the Pediatric Cancer Research Foundation's monthlong efforts will culminate with their 5th Annual ''Reaching for the Cure'' walk-a-thon to raise community awareness and encourage participation in the fight against children's cancer; and

WHEREAS, Through these important efforts, advances in research make it possible for many current patients and survivors to lead almost normal lives; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California proclaims the month of April 2003 to be Cure Children's Cancer Month, and urges Californians to participate, on April 27, 2003, in the Pediatric Cancer Research Foundation's ''Reaching for the Cure'' walk-a-thon in order to raise community awareness and encourage participation in the fight against children's cancer; and be it further

Resolved, That the Chief Clerk of the Assembly transmit sufficient copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 30

Assembly Concurrent Resolution No. 60—Relative to Charter School Week.

[Filed with Secretary of State May 6, 2003.]

WHEREAS, Over a decade ago in Minnesota, a handful of educators envisioned a new type of educational institution that would provide an alternative for pupils trapped in underperforming public schools; and

WHEREAS, Charter schools provide greater educational opportunity by using the dynamics of consumer choice and competition to drive the quality of service; and

WHEREAS, Charter schools are distinct from, and provide an alternative to, the traditional school district model because of the three basic principles that charter schools operate on: accountability, autonomy, and choice; and

WHEREAS, Charter school programs foster parental involvement and high parental expectations by providing parents and guardians with a choice between different educational models and reasserting the right of parents and guardians to select the model that best fits the needs of their child; and

WHEREAS, Charter schools infuse accountability and quality into the public education system and provide educational opportunities that did not previously exist; and

WHEREAS, In California charter schools are in demand. As of fall 2002, there were 436 charter schools in California serving over 166,000 pupils in kindergarten and grades 1 to 12, inclusive; and

WHEREAS, Charter schools provide a haven for pupils who have had negative educational experiences and have helped pupils who performed poorly in their previous schools to improve their work at the charter school to ''excellent'' or ''above average''; and

WHEREAS, Charter schools are very popular with pupils, parents, and teachers; and

WHEREAS, Families and teachers are seeking out charter schools and are satisfied with the curriculum, teaching methods, and class sizes offered in charter schools; and

WHEREAS, Charter school teachers come from diverse professional backgrounds and nearly all are finding personal fulfillment and reward in working at a charter school; and

WHEREAS, Both Democrats and Republicans have embraced charter schools as an important option in the pursuit of improving our education system; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares that the week of April 28 to May 2, 2003, inclusive, be designated as Charter School Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 31

Assembly Concurrent Resolution No. 91—Relative to California Earthquake Preparedness Month.

[Filed with Secretary of State May 6, 2003.]

WHEREAS, The Federal Emergency Management Agency estimates that of the nation's $4.4 billion average annual capital losses due to earthquakes, three-fourths of those losses occur in California; and

WHEREAS, Major earthquakes registering magnitudes between 6.3 and 8.3 have occurred in California every 5.4 years, on average, for the past 200 years; and

WHEREAS, These earthquakes have resulted in loss of life, significant property damage, and indirect costs; and

WHEREAS, The United States Geological Survey estimates that there is a 90 percent chance that a major earthquake will strike an urban area in California within the next 30 years; and

WHEREAS, The majority of Californians live within 20 miles of a major earthquake fault; and

WHEREAS, Mitigating measures can save lives, reduce property damage, and alleviate traffic and economic dislocation caused by earthquakes; and

WHEREAS, The Federal Emergency Management Agency estimates that for every dollar spent on earthquake mitigation, $2 to $6 is saved if an earthquake occurs; and

WHEREAS, Education about the danger of earthquakes in California and the value of mitigation is the key to taking action at the city, county, and state levels of government; and

WHEREAS, It is important for these levels of government to work cooperatively with citizens, each other, the federal government, and other nations to mitigate damage caused by earthquakes; and

WHEREAS, It is vital that we examine the lessons learned from recent earthquakes in Seattle, El Salvador, India, and Italy, and that we share our knowledge with other states and nations; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares that the month of April is California Earthquake Preparedness Month and urges all Californians and government agencies to engage in education, evaluation of seismic hazards, mitigation, safety activities, and the exchange of information related to earthquake preparedness with other states and nations during that month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 32

Assembly Concurrent Resolution No. 63—Relative to César Chávez Day.

[Filed with Secretary of State May 7, 2003.]

WHEREAS, On March 31, 1927, a true hero named César Estrada Chávez was born in Yuma, Arizona to Librado and Juana Chávez and became the second oldest in a family of five children. César Chávez lived his life dedicated to improving the plight of farmworkers through struggle, sacrifice, and self-denial. He founded and led the first successful farmworkers' union in United States history. He stood for dignity and justice for farmworkers. Today, he remains a symbol of hope to all Californians who find hope and peace in justice; and

WHEREAS, In the 1930's, during the Great Depression, César Chávez' father lost his small farming business and the family went broke. The family became migrant workers and joined some 30,000 workers who followed the crops from Arizona into southern California, then up the length of the Central Valley and back again picking everything from peas to cotton. They lived in tents and other makeshift housing that often lacked a bathroom, electricity, or running water. Schooling for Chávez was irregular and haphazard. He attended some 30 different schools, often encountered discrimination, and was punished for speaking Spanish; and

WHEREAS, After graduation from the eighth grade, César Chávez was forced to quit school and take to the fields in order to help support his family. In 1944, at the age of 17, César Chávez joined the Navy and served in World War II. After he completed his tour of duty, César Chávez returned to California and married Helen Fabela, a woman who shared his dedication to the cause of the farmworker. They lived in San Jose in a tough Mexican neighborhood called ''Sal Si Puedes'' which translates to "get out if you can," and together raised eight children; and

WHEREAS, As a farmworker, César Chávez experienced firsthand the injustice of working long hours with little pay. Instilled with a sense of justice passed down from his mother, César Chávez made a decision to speak up and fight for change. He took part in his first strike in protest of low wages and poor working conditions for farmworkers. Although initially unsuccessful, his participation in that first strike was to mark the

beginning of a long career in which he fought for improved working and living conditions for farmworkers; and

WHEREAS, In 1952, César Chávez met Fred Ross who was with a group called the Community Services Organization (CSO). Struck by César Chávez' engaging personality and leadership qualities, Ross tapped César Chávez to head voter registration efforts where he successfully registered 4,000 voters. The following year, he led organizational efforts to establish CSO offices in every major barrio. César Chávez eventually spent 10 years with CSO, and became general director in 1958. During this time, services were expanded to include citizenship classes, helping members secure drivers' licenses, assistance in filling out applications for aid, and securing legal counsel; and

WHEREAS, In 1962, César Chávez resigned his position with the CSO to embark on a bold new undertaking to form a farmworkers' union. He was joined by the great Dolores Huerta, and together they became the architects of the National Farm Worker's Union, the forerunner to the present United Farm Workers (UFW); and

WHEREAS, In 1965, César Chávez led a strike of California grapepickers to demand higher wages, and urged all Americans to boycott table grapes as a show of support. The strike included a 340-mile march from Delano to Sacramento in 1966 in which thousands of farmworkers and supporters marched in solidarity. The farmworkers and supporters carried banners with the black eagle with the words ''HUELGA'' (strike) and ''VIVA LA CAUSA'' (long live our cause); and

WHEREAS, César Chávez preached nonviolence to the strikers even as they were physically abused by many of those opposed to the grape boycott. In 1968, he began a Ghandi-like fast to call attention to the migrant workers' cause. Although his dramatic act did little to solve the immediate problem, it increased public awareness of the conditions under which farmworkers labored. In 1973, the UFW organized a strike for higher wages from lettuce growers and growers, and, after many battles, an agreement was finally reached in 1977 that gave the UFW the sole right to organize farmworkers; and

WHEREAS, During the 1980's, César Chávez led the effort to call attention to the health problems of farmworkers caused by the use of certain pesticides on crops; and

WHEREAS, On April 23, 1993, César Estrada Chávez died peacefully in his sleep in San Luis, Arizona. During his funeral, Cardinal Roger M. Mahoney, who celebrated the funeral mass, called César Chávez ''a special prophet for the world's farmworkers''; and

WHEREAS, Many declared that the UFW would die without him, but on César Chávez' birthday, March 31, 1994, under the leadership of his son-in-law, Arturo Rodriquez, the UFW marched 343 miles from

Delano to Sacramento, echoing César Chávez' historic 1966 march, and demonstrated that the UFW still worked for farmworkers; and

WHEREAS, In 1990, Mexican President Salinas de Gortari awarded César Chávez, the ''El Aguila Azteca'' (the Aztec Eagle), Mexico's highest award presented to people of Mexican heritage who have made major contributions outside of Mexico. He also became the second Mexican American to receive the Presidential Medal of Freedom, the highest civilian honor in the United States, which was presented posthumously to his wife, Helen Chávez, and their children on August 8, 1994, by President Clinton; and

WHEREAS, In 1994, César Chávez' family and the officers of the UFW created the César E. Chávez Foundation to inspire current and future generations by promoting the ideals of César Chávez' life, work, and vision. Communities throughout California and the United States have honored the memory of César Chávez by naming schools, parks, children's centers, streets, and other public works after the leader; and

WHEREAS, César Chávez led by example, giving of himself so that he might help others. His relentless pursuit of the belief that the American dream should be available to all Americans, regardless of race or origin of birth, stands as a monument to our free society. His life and work is not only an inspiration to Latinos, but to working Americans of all nationalities. His legacy lives on in the improved working and living conditions of hundreds of thousands of Californians and their families; and

WHEREAS, In the year 2000, the Legislature enacted Senate Bill No. 984 (Chapter 213 of the Statutes of 2000) to create an annual state holiday on César Chávez' birthday, March 31; this holiday provides all Californians the opportunity to learn from César Chávez' life and provides schoolchildren the opportunity to learn through community service; and

WHEREAS, The State Board of Education on Wednesday, February 6, 2002, adopted a model curriculum on the life and work of César Chávez, fulfilling a key provision of Chapter 213 of the Statutes of 2000, that also includes topics on pesticides, immigration, and agriculture's role in the economy; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes March 31 as the anniversary of the birth of César Chávez, and calls upon all Californians to participate in appropriate observances to remember César Chávez as a symbol of hope and justice to all persons; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

———

RESOLUTION CHAPTER 33

Assembly Concurrent Resolution No. 65—Relative to Cinco de Mayo Week.

[Filed with Secretary of State May 7, 2003.]

WHEREAS, Cinco de Mayo, or the fifth of May, is memorialized as a significant date in the history of California and Mexico in recognition of the courage of the Mexican people, who defeated a better trained and equipped army at the ''Battala de Puebla''; and

WHEREAS, Cinco de Mayo serves to remind us that the foundation of any nation and our state is in its people, in their spirit and courage in the face of adversity, in the strength of their drive to achieve self-determination, and in their willingness to sacrifice even life itself in the pursuit of freedom and liberty; and

WHEREAS, Cinco de Mayo offers an opportunity to reflect on the courage and achievements not only of the Mexican forces at Puebla, but also on the courage and achievements of Latinos here in California; and

WHEREAS, Achievements by Latinos in America and California include contributions to all facets of our community; and

WHEREAS, Latino voters continue to go to the polls in record numbers and influence the entrance of newly elected Latino public officials in both the Democratic and Republican parties and issues ranging from affordable housing, investing in our children, ensuring that higher education is affordable and accessible, creating good paying jobs for working families, and improving the overall quality of life for all Californians; and

WHEREAS, California's Latinos have contributed to our culture and society through their many achievements in music, food, dance, poetry, literature, architecture, entertainment, sports, and across a broad spectrum of artistic expression; and

WHEREAS, Latinos in California have challenged the frontiers of social and economic justice, thereby improving the working conditions and lives of countless Californians; and

WHEREAS, Latino entrepreneurs in the United States are the fastest growing group of business owners in our economy; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California urges all Californians to join in celebrating Cinco de Mayo, the historic day to honor the valiant spirit of the brave Mexicanos who defended the town of Puebla against the French invaders, to honor the Mexican Americans of today who have fought, died, and lived to protect the freedom of the United States; and be it further

Resolved, That the California Legislature declares May 4 through May 10, 2003, as Cinco de Mayo Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 34

Assembly Concurrent Resolution No. 22—Relative to California Peace Officers' Memorial Day.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, May 9, 2003, is California Peace Officers' Memorial Day, a day Californians observe in commemoration of those noble officers who have tragically sacrificed their lives in the line of duty; and

WHEREAS, Although California citizens are indebted to our California peace officers each day of the week, we make particular note of their bravery and dedication and we share in their losses on California Peace Officers' Memorial Day; and

WHEREAS, California peace officers have a job second in importance to none, and it is a job that is difficult and hazardous as it is important; and

WHEREAS, The peace officers of California have worked dutifully and selflessly on behalf of the people of this great state, regardless of the peril or hazard to themselves; and

WHEREAS, By the enforcement of our laws, these same officers have safeguarded the lives and property of the citizens of California and have given their full measure to ensure those citizens the right to be free from crime and violence; and

WHEREAS, Special ceremonies and observances on behalf of California peace officers provide all Californians with the opportunity to appreciate the heroic men and women who have dedicated their lives to preserving public safety; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Members designate Friday, May 9, 2003, as California Peace Officers' Memorial Day, and urge all Californians to remember those individuals who gave their lives for our safety and express appreciation to those who continue to dedicate themselves to making California a safer place in which to live and raise our families.

RESOLUTION CHAPTER 35

Assembly Concurrent Resolution No. 26—Relative to National Volunteer Week.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, The Points of Light Foundation is a nonpartisan, nonprofit organization founded in May of 1990; and

WHEREAS, The mission of the foundation is ''to engage more people more effectively in volunteer efforts to help solve serious social problems''; and

WHEREAS, The Board of Directors of the Points of Light Foundation consists of prominent and politically diverse national leaders from the business, education, and nonprofit communities, and includes former President George Bush, who serves as honorary chairman of the board; and

WHEREAS, The foundation sponsors National Volunteer Week, an annual celebration of volunteerism and community service; and

WHEREAS, National Volunteer Week began in 1974 when President Richard M. Nixon signed an executive order establishing the week as a time to annually recognize and honor volunteers for their outstanding contributions to local communities; and

WHEREAS, Every President since has signed a proclamation promoting National Volunteer Week; and

WHEREAS, April 27 to May 3, 2003, will be the 30th annual National Volunteer Week; and

WHEREAS, The theme for Volunteer Week 2003 is ''Celebrate Volunteers-The Spirit of America!'' to recognize and celebrate the efforts of volunteers at the local, state, and national levels; and

WHEREAS, The practice of regularly volunteering time to community services projects should be promoted throughout California, as it enriches the lives of both those who receive services and those who volunteer; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims its support for National Volunteer Week by proclaiming the week of April 27 through May 3, 2003, as National Volunteer Week 2003, and extends its gratitude to the thousands of community volunteers throughout the state for their valuable gifts of service; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

———

RESOLUTION CHAPTER 36

Assembly Concurrent Resolution No. 62—Relative to school health.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, Every child must be ready to learn, having their basic needs first met so that they may achieve optimal physical, emotional, social, and educational development and be prepared for full participation in society; and

WHEREAS, Through public schools, communities can work together in unprecedented ways to eliminate barriers to learning and to provide access to health care for children and families; and

WHEREAS, California's credentialed school nurses are pivotal members of a coordinated school health system, delivering services to children and eliminating health disparities and barriers and supporting academic success for all children; and

WHEREAS, School nurses provide vital links between public and private resources and programs; collaboration between schools and health and human service agencies to bring school and community services to schools; and support efforts to connect families to insurance programs to meet their needs; and

WHEREAS, School nurses create and maintain safe school environments; provide mandatory health education, health screenings, and immunizations; deliver early intervention services; design wellness-driven programs; and assist pupils with chronic and acute illnesses and special needs as they transition from home to school; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Legislature hereby proclaims May 7, 2003, as School Nurse Day to support the learning and health needs of California's children to ensure academic success; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 37

Assembly Concurrent Resolution No. 70—Relative to Children's Fitness and Nutrition Week 2003.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, Recent evidence shows that early childhood is the most important developmental stage for establishing healthy eating and exercise patterns, which can prevent a lifetime of obesity and nutrition-related diseases; and

WHEREAS, The family plays a primary role in fostering eating and exercise habits. A child in a family that practices good nutrition and exercises regularly has a dramatically increased chance of being healthy. Yet, children's physical activity and eating habits have deteriorated over the last three decades; and

WHEREAS, Poor diet and physical inactivity are the leading preventable causes of cancer and the second cause of premature death, after tobacco use. Increased awareness about nutrition and physical fitness is an effective way of developing healthy eating and physical activity patterns among children; and

WHEREAS, The National Health and Nutrition Examination Survey (NHANES) shows that the occurrence of being overweight for 6 to 11 year olds increased fourfold between 1963 and 2000 and the occurrence of being overweight among adolescents from 12 to 19 years old increased more than threefold between 1966 and 2000; and

WHEREAS, The California Center for Public Health Advocacy analyzed data from the California Department of Education's 2001 California Physical Fitness Test and released a report in December 2002. The study shows that in 73 of the 80 Assembly Districts, at least one child out of five is overweight and that in 78 of the 80 Assembly Districts, at least one child out of four is unfit; and

WHEREAS, The University of California, San Diego, Medical School in 2000–2001, found that by the age of 12, 30 to 60 percent of children in the United States show at least one risk factor of cardiovascular disease. Increasingly, overweight and obese children are experiencing health risks previously thought of as adult medical issues, such as Type 2 diabetes, high blood pressure, high cholesterol levels, asthma, and certain types of cancer. The University of California, Berkeley, Department of Nutritional Sciences, in 2000, also found that overweight children are more likely to suffer from negative social and psychological effects, such as discrimination, low self-esteem, and poor body image; and

WHEREAS, The Legislature encourages its members to work with parents, schools, children's programs and organizations, and community groups to support fitness and nutrition events that encourage children to learn about and participate in nutritious eating, physical activity, and self-esteem building during YEAH!: Youth Eating and Acting Healthy!: Children's Fitness and Nutrition Week 2003; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California proclaims the

week of April 28 to May 2, 2003, to be YEAH!: Youth Eating and Acting Healthy!: Children's Fitness and Nutrition Week 2003; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 38

Assembly Concurrent Resolution No. 78—Relative to National Public Works Week.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, Decades ago, California built the world's finest education system and invested in infrastructure related to transportation, parks, water delivery, and water treatment facilities to build and maintain California's high quality of life; and

WHEREAS, California's infrastructure is the foundation upon which the state has built one of the world's largest economies; and

WHEREAS, Today, after decades of neglect, our schools, roads, ports, water and sewage treatment facilities, and other vital infrastructure are aging, overloaded, and unable to meet the growing demands placed on them; and

WHEREAS, California is at a critical juncture in determining the future viability of its physical infrastructure; and

WHEREAS, Only a renewed commitment to reinvest in California's public works will keep our obligation to future generations of Californians; and

WHEREAS, The week of May 18, 2003, to May 24, 2003, is National Public Works Week; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California commits to pursuing flexible and fiscally prudent approaches to rebuild California's infrastructure in support of a vibrant economy and protective of the quality of life of all Californians; and be it further

Resolved, That the Legislature recognizes the work of groups such as the California Rebuild America Coalition (CalRAC) and its member organizations, which include the California Chapters of the American Public Works Association, the California Business Roundtable, the League of California Cities, the California State Association of Counties, the Association of California Water Agencies, the American Society of Civil Engineers, the California Special Districts Association, the California School Boards Association, and Consulting Engineers Land Surveyors of California, as well as a host of California cities,

counties, special districts, and corporations. CalRAC and its members strive to raise awareness of California's infrastructure requirements, and most important, to build support for dedicated and consistent funding for California infrastructure facilities and systems; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 39

Assembly Concurrent Resolution No. 82—Relative to Osteoporosis Awareness Month.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, Three out of four women in the United States aged 65 years or older have osteoporosis or low bone mass; and

WHEREAS, In 2002, the United States Preventive Services Task Force recommended routine osteoporosis screening for all women aged 65 years and older, but fewer than one in 10 received a Medicare reimbursed bone density test in 2001; and

WHEREAS, Women with osteoporosis are at high risk of fracture in the near term, and a recent study projected that 2.4 million fractures would occur during the years 2001 to 2003 among the 5.1 million women in the United States aged 65 years and older with osteoporosis; and

WHEREAS, 3.4 million California residents were estimated to have osteoporosis or low bone mass in 2002, and that number is expected to grow by 26 percent to 4.3 million by 2020; and

WHEREAS, Spine fractures may cause height loss and back pain, and a postmenopausal woman with a spine fracture has a one in five chance of developing another spine fracture within a year; and

WHEREAS, Osteoporosis was estimated to cause over 129,000 fractures in California at a cost of over $1.2 billion; and

WHEREAS, The number of osteoporotic fractures in California is projected to grow by 36 percent to over 220,000 in 2025, at a projected cost of over $3.6 billion; and

WHEREAS, The Foundation for Osteoporosis Research and Education (FORE) and the State of California have been educating women and health professionals that osteoporosis is a preventable and treatable disease, and that fast intervention is needed to prevent fractures in postmenopausal women with osteoporosis; and

WHEREAS, During the month of May, the Alliance for Better Bone Health and FORE will encourage women to learn how they can

maximize osteoporosis management by staying active, knowing their risk, and understanding treatment options that help prevent fractures; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes May 2003 as Osteoporosis Awareness Month and urges all people to honor their mothers by raising awareness of osteoporosis and enabling women to obtain the advantage of fast fracture protection by managing osteoporosis and maintaining bone health; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 40

Assembly Concurrent Resolution No. 88—Relative to Library Media Month.

[Filed with Secretary of State May 13, 2003.]

WHEREAS, School library media programs nurture students to become independent learners and to recognize the importance of information to a democratic society; and

WHEREAS, California youth prepare for a dynamically changing future by learning to become effective users of information and ideas; and

WHEREAS, School library media centers provide access to information and ideas within the school and to resources outside the school; and

WHEREAS, Library media teachers play a vital role in the teaching and learning process; and

WHEREAS, School library media programs promote literacy and the enjoyment of reading, viewing, and listening; and

WHEREAS, Library media programs promote competencies in new and developing technologies; and

WHEREAS, Well-funded school library media programs that are fully staffed with library media teachers and library paraprofessionals are an essential asset in the education of youth; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims the month of April 2003 as Library Media Month; encourages students, teachers, and parents to explore and take advantage of the resources and services offered at their school library media centers; and expresses its appreciation to library workers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the California School Library Association and transmit additional copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 41

Senate Concurrent Resolution No. 25—Relative to ''Hire a Veteran Month.''

[Filed with Secretary of State May 16, 2003.]

WHEREAS, Americans have a special obligation to those who served in the Armed Forces and risked their lives to defend our nation's freedom and honor, and there exist today thousands of local men and women who served in the military to protect and preserve the freedom we all enjoy; and

WHEREAS, Our veterans have developed special knowledge and skills through their military service and clearly possess the drive and discipline that is needed to keep American businesses competitive in the international arena; and

WHEREAS, Veterans are graduates of the world's largest system of specialized professional and technical training schools operated by the Department of Defense; and

WHEREAS, Veterans of active duty military service are one of the nation's most important sources of well-educated, highly trained, and strongly motivated employees; and

WHEREAS, Members of the United States military have experience with a broad range of computer systems, with 92 percent of active duty military using personal computers and 51 percent using LAN systems; and

WHEREAS, Today's Armed Forces are a high-tech military staffed by men and women skilled in state-of-the-art technology, leadership, and teamwork, and all major military operating systems, including control and command, administrative, logistics, intelligence and weapons systems, are highly computerized and require superbly trained and motivated people to operate them; and

WHEREAS, Veterans trained by the military offer employers a more mature and responsible employee compared with employees who have no military experience; and

WHEREAS, Members of the military are given great responsibility and leadership roles early in their careers, and are accustomed to

assuming high levels of responsibility for the property of an employer; and

WHEREAS, Military service is one of the most demanding professions in the world, and military training produces highly motivated individuals who set high goals for themselves; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the month of May be proclaimed ''Hire a Veteran Month,'' calling upon all employers to assist in developing more job opportunities for our veterans and to support this campaign to increase employment for the men and women who have served our nation in the military.

RESOLUTION CHAPTER 42

Senate Concurrent Resolution No. 26—Relative to California Nurses Day and California Nurses Week.

[Filed with Secretary of State May 16, 2003.]

WHEREAS, The 293,537 registered nurses and 94,784 licensed vocational nurses in California compose the state's largest licensed health care profession; and

WHEREAS, Professional nurses provide compassionate, culturally appropriate, and comprehensive health care to a growing, diverse population; and

WHEREAS, The depth and breadth of the nursing profession meets a broad spectrum of the health care needs of Californians in a variety of settings; and

WHEREAS, A renewed emphasis on preventive health care and the early detection of disease requires improved use of the state's nursing resources; and

WHEREAS, Professional nursing is an indispensable component of the safety and quality of patient care in every health care setting for every age group; and

WHEREAS, The need for registered nursing services will be greater than ever due to the use of increasingly complex, life-sustaining technologies, the expanded leadership and practice roles of registered nurses in various places of service, and the critical role of registered nurses in responding to mass casualty management; and

WHEREAS, The provision of cost-effective health care services by registered and licensed vocational nurses will be an important

component of the California health care delivery system in years to come; and

WHEREAS, Recognizing that licensed nurses are the cornerstone of the health care workforce, California is the first state in the nation to propose nurse-to-patient ratios for acute care hospitals; and

WHEREAS, A far greater number of licensed nurses are needed to meet the present and future demand, and Governor Gray Davis has launched a $60 million Nurse Workforce Initiative to address the growing nursing shortage in California; and

WHEREAS, Nurses working in all sectors of health care celebrate May 6 to May 12 as National Nurses Week, a time to recognize that nurses provide high-quality patient care services throughout California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That registered and licensed vocational nurses are hereby recognized and honored for accomplishments and efforts to improve the health care system in California; and be it further

Resolved, That the California Legislature hereby proclaims May 6, 2003, as California Nurses Day; and be it further

Resolved, That the California Legislature designates the second week of May, commencing in the year 2003, and every year thereafter, as California Nurses Week; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 43

Assembly Concurrent Resolution No. 3—Relative to the National Academy of Recording Arts and Sciences.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, The National Academy of Recording Arts and Sciences, more commonly referred to as the Recording Academy, recognizes and celebrates the artistic achievement of not only talented musicians and singers, but also important, behind-the-scenes contributors such as producers and engineers; and

WHEREAS, The recording industry's most prestigious award, the GRAMMY award, is presented each year by the Recording Academy to honor excellence in the recording arts and sciences in such fields as rock, rhythm and blues, jazz, country, gospel, new age, rap, classical, and Latin, among others; and

WHEREAS, The GRAMMYs are the only peer-presented awards to honor artistic achievement, technical proficiency, and overall excellence in the recording industry without regard to album sales or chart position; and

WHEREAS, In addition to the GRAMMY Award, the Recording Academy presents several other awards to honor important music and music professionals, including: the Lifetime Achievement Award; the Trustees Award; the Legend Award; the Tech Award; and the GRAMMY Hall of Fame to commemorate recordings, at least 25 years old, of lasting qualitative or historical significance; and

WHEREAS, In 1997, the Recording Academy launched the Latin Academy of Recording Arts and Sciences, composed of musicians, producers, engineers, and other creative and technical recording professionals who are dedicated to improving the quality of life and the cultural condition of Latin music and its makers and which honors leaders in the industry with the Latin GRAMMY Awards to represent the height of achievement in Latin recording; and

WHEREAS, The Recording Academy has been at the forefront of critical issues affecting both the musical community and the general population, such as labeling legislation, protection of intellectual property rights, home taping, record piracy, archive and preservation issues, artistic exchange programs, and censorship concerns; and

WHEREAS, The Recording Academy was founded at Hollywood's legendary Brown Derby restaurant in 1957; and

WHEREAS, The first Grammy Awards ceremony was held in 1959 in Los Angeles and, over its 45 year history, has been held in Los Angeles 34 times, and the relocation of the GRAMMY Awards and telecast from Los Angeles results in an economic loss to the City of Los Angeles and the State of California; and

WHEREAS, The Recording Academy will celebrate the 45th anniversary of the Grammy Awards on February 23, 2003; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature applauds the Recording Academy on its accomplishments in recognizing and preserving America's great cultural legacy in music; and be it further

Resolved, That the Legislature congratulates the Recording Academy on the 45th anniversary of the GRAMMY Awards; and be it further

Resolved, That the Legislature respectfully requests that the Recording Academy hold subsequent GRAMMY Awards telecasts and ceremonies in Los Angeles; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for distribution.

RESOLUTION CHAPTER 44

Assembly Concurrent Resolution No. 28—Relative to Elder Abuse Prevention Month.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, Older adults who are unable to live independently may be particularly vulnerable to mistreatment; and

WHEREAS, Each year, hundreds of thousands of older persons are abused, neglected, and exploited by family members and others. Many of these victims are frail and vulnerable and cannot help themselves, depending on others to meet their most basic needs; and

WHEREAS, As the number and percentage of individuals 65 years of age and over has increased in this country, so has the incidence of elder abuse. Unfortunately, the prevalence and nature of this growing problem has generally remained hidden from public view; and

WHEREAS, According to the National Center on Elder Abuse, preliminary findings from the 2000 survey of adult protective services (APS) agencies in the country found that APS agencies received 472,813 reports of elder abuse or mistreatment in 2000, the most recent year for which state data are available; and

WHEREAS, The most frequent complaints were self-neglect, comprising 39 percent, and neglect by a caregiver, comprising 19 percent; and

WHEREAS, It is imperative that both professionals and laypersons become more aware of the scope and numerous issues surrounding this sensitive topic; and

WHEREAS, It is essential that the incidence of abuse and awareness of the range and breadth of the various types of abuse be discussed and understood. The various types of abuse include passive and active neglect, physical abuse, financial abuse, psychological abuse, sexual abuse, violation of basic rights, and self-neglect; and

WHEREAS, Elder abuse is an issue that no one should ignore. All older people should be able to live safe, secure lives, without fear, neglect, pain, or exploitation. There are many ways to obtain information about abuse, as well as what can be done to prevent it; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature proclaims the month of May 2003 as Elder Abuse Prevention Month; and be it further

Resolved, That the Legislature urges all Californians to be aware of elder abuse and to educate themselves on ways to prevent the mistreatment of those most vulnerable in our communities; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 45

Assembly Concurrent Resolution No. 83—Relative to skin cancer and melanoma awareness.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, Malignant melanoma, a serious skin cancer, is characterized by the uncontrolled growth of pigment-producing tanning cells; and

WHEREAS, Melanoma has its beginnings in melanocytes, the skin cells that produce the dark protective pigment called melanin. Melanomas may suddenly appear without warning, but may also begin in or near a mole or other dark spot in the skin; and

WHEREAS, Melanoma generally begins as a mottled, light brown to black flat blemish with irregular borders, usually at least one-quarter inch in size. It may turn shades of red, blue, or white, crust on the surface or bleed, and most frequently appears on the upper back torso, lower legs, head and neck; and

WHEREAS, Excessive exposure to the ultraviolet radiation of the sun is the most important preventable cause of melanoma. Other possible causes include genetic factors and immune deficiencies. Malignant melanoma has also been linked to past sunburns and sun exposure at younger ages; and

WHEREAS, Melanoma can affect men, women, and children, but individuals with increased risk include those with fair complexions, prior significant sunburns, a family member with melanoma, or a high number of atypical moles; and

WHEREAS, Atypical moles are unusual moles that are generally larger than normal moles, variable in color, often have irregular borders, and may occur in far greater number than regular moles; and

WHEREAS, The incidence of melanoma has doubled in the last 20 years, and it continues to rise faster than any other cancer in women,

except for lung cancer. Melanoma is the most common form of cancer among people between 25 and 29 years of age, and experts estimate that if the present rate continues, soon melanoma will strike one in 75 Americans; and

WHEREAS, Advanced malignant melanoma spreads to other organs and may result in death. Six out of seven skin cancer deaths are from malignant melanoma. When detected early, surgical removal of thin melanomas can cure the disease in most cases, thus making early detection crucial; and

WHEREAS, Correct aggressive treatment by qualified medical professionals can lead to positive results; and

WHEREAS, Melanoma in its early stages may only be detected by visual inspection. Dermatologists recommend regular self-examination of the skin to detect changes in its appearance, especially changes in existing moles or blemishes. Additionally, patients with risk factors should have a complete skin examination annually; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the month of May 2003 shall be recognized as Skin Cancer Awareness Month in California, and all Californians be encouraged to make themselves and their families aware of the risk of skin cancer and the preventive measures that can be taken; and be it further

Resolved, That the Legislature hereby proclaims May 5, 2003, as Melanoma Awareness Monday in California to increase public awareness of the importance of routine complete skin examination to detect early melanomas; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 46

Assembly Concurrent Resolution No. 93—Relative to American Stroke Month.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, The citizens of the State of California are pleased to join the American Stroke Association, a division of the American Heart Association, in celebrating May 2003 as American Stroke Month; and

WHEREAS, The theme for American Stroke Month is ''Time = Brain,'' and is designed to offer advocates for stroke awareness an

opportunity to educate the public and policymakers about the devastating effects of strokes; and

WHEREAS, Strokes are the third leading cause of death in the United States, striking about 700,000 Americans each year; and

WHEREAS, Strokes are a leading cause of serious long-term disability, with about 4.7 million stroke survivors today; and

WHEREAS, The majority of Americans are not aware of their risk factors for a stroke, or of the signs and symptoms of an impending stroke; and

WHEREAS, Warning signs of a stroke include sudden numbness or weakness of the face, arm, or leg, especially on one side of the body, sudden confusion, sudden trouble speaking or understanding, sudden trouble seeing in one or both eyes, sudden trouble walking, dizziness, loss of balance, loss of coordination, or a sudden and severe headache with no known cause; and

WHEREAS, Strokes lead to the death and disability of more than 500,000 Americans each year; and

WHEREAS, New and effective treatments have been developed to treat and minimize the severity and damaging effects of strokes, but much more research is needed; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California proclaims May 2003 to be American Stroke Month in the State of California, and urges all citizens of our state to familiarize themselves with the warning signs, symptoms, and risk factors associated with strokes, so that we might begin to reduce the devastating effects that strokes have on our population; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 47

Assembly Concurrent Resolution No. 94—Relative to Older Americans Month.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, Older Americans are among our greatest treasures, providing invaluable links to the past, and wise counsel for the future; and

WHEREAS, The gift of longevity will ensure that today's and tomorrow's seniors will continue to make significant contributions to

our families by giving of themselves freely and by sharing their wisdom and experience; and

WHEREAS, It is important to acknowledge the contributions that older individuals have made to our economic well-being, in our communities, and in the workplace, through civic leadership and mentoring; and

WHEREAS, The seniors of tomorrow will be increasingly multicultural and multigenerational as well as more diverse socially, ethnically, and economically than past generations; and

WHEREAS, An expanding elder population will profoundly impact every facet of out lives including redefining our ideas of work, retirement and leisure, altering our housing and living arrangements, challenging our health care systems, reshaping our economy, and altering social and public policy; and

WHEREAS, The opportunities and challenges that await as this new chapter in human history begins requires continued commitment to the goal of ensuring that our senior citizens enjoy active, productive, and healthy lives, and do so independently, safely, and with dignity for as long as they choose; and

WHEREAS, It is appropriate that the State of California join the nation and designate the month of May as a time to celebrate the contributions of older Americans and to rededicate our efforts to better serve American elders; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes May 2003 as Older Americans Month; and be it further

Resolved, That the Legislature encourages all Californians to honor elder adults during this month and this year, and to promote and participate in activities and services that contribute to the health, welfare, and independence of our older citizens; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 48

Assembly Concurrent Resolution No. 100—Relative to California Senior Mobility Awareness Week.

[Filed with Secretary of State May 19, 2003.]

WHEREAS, May is Older Americans Month; and

WHEREAS, Americans are living longer and healthier lives; and

WHEREAS, More that 4 million Californians are aged 65 years or older; and

WHEREAS, The senior population is projected to grow to nearly 9 million by 2025; and

WHEREAS, More than 2.5 million California seniors are licensed drivers; and

WHEREAS, That number is expected to grow to more than 6.5 million by 2025; and

WHEREAS, It is important that California seniors continue to maintain active, independent lifestyles as long as possible; and

WHEREAS, It provides a social and economic benefit to California for seniors to continue driving as long as they can do so safely; and

WHEREAS, Safe mobility, including driving and walking, as well as alternative forms of convenient, safe, and reliable transportation, are essential for a satisfactory quality of life for seniors; and

WHEREAS, It is essential that the public be made aware of these facts; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the week of May 4 through May 10, 2003, is proclaimed as California Senior Mobility Awareness Week; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 49

Senate Concurrent Resolution No. 18—Relative to California Fitness Month.

[Filed with Secretary of State May 20, 2003.]

WHEREAS, Exercise and fitness activities can increase self-esteem, boost energy, strengthen the heart and muscles, burn calories, and improve cholesterol levels; and

WHEREAS, Exercise and fitness activities are excellent ways to relieve stress, lower the risk of heart disease, hypertension, and diabetes, prevent bone loss, and decrease the risk of some cancers; and

WHEREAS, A person's fitness level has a dramatic effect on the body's ability to produce energy and to reduce fat; and

WHEREAS, A fit person burns a higher percentage of fat not only during activity, but also at rest, fit people have a higher proportion of muscle tissue, which burns more calories than fat, and those with more

muscle mass can eat more calories and still maintain a healthy weight; and

WHEREAS, To lose weight and keep it off, one should do an enjoyable, moderate-intensity aerobic activity for 30 to 60 minutes, three to five times a week; and

WHEREAS, A person should also do muscle-strengthening exercises two or three times a week, and should concentrate on maintaining a balanced diet; and

WHEREAS, Most popular diet programs cannot produce long-lasting weight reduction results without exercise; and

WHEREAS, There is no age limit for physical activity. Among the elderly, exercise provides cardiovascular, respiratory, neuromuscular, metabolic, and mental health benefits; and

WHEREAS, Fitness activities have been shown to sharpen mental ability in all people, and to retard the aging process; and

WHEREAS, Maximizing one's energy level, increasing muscle mass, and reducing body fat increases one's chances of living a longer, healthier life; and

WHEREAS, More than 60 percent of American adults do not get the recommended amount of physical activity, and 25 percent of American adults are not active; and

WHEREAS, Nearly all American youths from 12 to 21 years of age are not vigorously active on a regular basis; and

WHEREAS, The rate of Type 2 diabetes has tripled among American children during the last five years; and

WHEREAS, The United States Surgeon General recently spoke about the ''cultural transformation'' necessary to reverse the negative health effects of childhood obesity, and the threat to national security that obesity poses for the country; and

WHEREAS, The State Department of Education reports that a majority of California's children are not physically fit; and

WHEREAS, The Legislature seeks to advance the physical fitness of all Californians by educating them about the benefits of exercise and a balanced diet; and

WHEREAS, The Legislature will increase public awareness about the benefits of exercise and physical fitness by encouraging members to host events in their districts that stimulate physical fitness and increase participation by Californians in activities that promote physical health and benefit both mental and physical well-being; and

WHEREAS, The Legislature encourages its members, as well as organizations, businesses, and individuals, to sponsor and attend physical fitness events that are informative, fun, and result in a number of Californians becoming physically fit; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims the month of May 2003 as California Fitness Month, and encourages all Californians to enrich their lives through proper diet and exercise; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 50

Assembly Concurrent Resolution No. 51—Relative to Postpartum Mood and Anxiety Disorder Awareness Month.

[Filed with Secretary of State May 27, 2003.]

WHEREAS, Maternal health and, more specifically, the mental health of women before, during, and after childbirth is an issue of great concern to women and their families and is, therefore, of interest to the California Legislature; and

WHEREAS, Postpartum depression or other postpartum disorders are serious and debilitating disorders that affect childbearing women and their families; and

WHEREAS, Postpartum disorders can take many forms, including depression, anxiety, panic disorder, obsessive-compulsive disorder, and psychosis, and, therefore, it is appropriate to use the broader, more accurate term of ''postpartum mood and anxiety disorders'' to describe the many levels and degrees of severity of these afflictions; and

WHEREAS, These afflictions can have potentially serious repercussions upon the psychological, social, and physical health of mothers, children, and families; and

WHEREAS, It is critical that all Californians become aware of how common postpartum mood and anxiety disorders are; that they affect all categories of women regardless of their age, race, or income level; that they can have a profound impact on the family; and that they are eminently treatable with medication, therapy, or both medication and therapy; and

WHEREAS, Studies show that up to 80 percent of postpartum women around the world experience the ''baby blues,'' which is expressed as frequent and prolonged crying, anxiety, irritability, poor sleep, quick mood changes, and a sense of vulnerability. The onset of the ''baby blues'' usually occurs within three days of birth, may continue for a few weeks, and does not normally require treatment, but is instead alleviated by emotional support and practical assistance with the baby; and

WHEREAS, Between 10 and 20 percent of new mothers are affected by postpartum depression and may experience symptoms of depressed mood, inability to find pleasure in usually engaging activities, sleep disturbances, diminished concentration, appetite and weight loss, anxiety and panic attacks, feelings of guilt and worthlessness, suicidal thoughts, and fears about hurting the baby; and

WHEREAS, One to two out of every 1,000 new mothers can experience postpartum psychosis, which may begin with manic states, hyperactivity, an inability to sleep, and avoidance of the baby, and may lead to delusions, hallucinations, incoherence, and thoughts of harming the child or themselves; and

WHEREAS, The medical community does not fully understand or recognize all factors contributing to postpartum mood and anxiety disorders, but it is believed that these disorders are caused by physiological factors, such as hormone levels, and can be exacerbated by such external risk factors as marital problems, sleep deprivation, and preexisting mental illnesses; and

WHEREAS, Mental illness related to childbearing is often overlooked and is heavily stigmatized because new mothers are expected to be happy and mothers suffering from a form of these disorders feel confused, ashamed, and isolated; and

WHEREAS, According to Postpartum Support International (PSI), a strong social support network, including hotlines, Web sites, respite care, knowledgeable clergy, and resource and referral lists, can greatly reduce the intensity and duration of symptoms of postpartum depression and can promote healing and recovery. Social support includes empathy, information, and practical help that leads women and their families to obtain effective treatment and creates an environment in which women learn that they are not alone, they are not to blame, and they will get better; and

WHEREAS, The federal Melanie Stokes Postpartum Depression Research and Care Act directs the United States Secretary of Health and Human Services, the National Institutes of Health, including the National Institute of Mental Health to expand and intensify research and related activities with respect to postpartum depression and postpartum psychosis and directs the Secretary of Health and Human Services to make grants to provide for projects for the establishment, operation, and coordination of effective and cost-efficient systems for the delivery of essential services to individuals with postpartum depression or postpartum psychosis and their families; and

WHEREAS, The recent, highly publicized tragic deaths of children at the hands of their mothers who suffered from postpartum psychosis have emphasized the need for more awareness of the illness; improved referral processes; improved access to therapy, medication, and other

services; more research into postpartum mood and anxiety disorders and postpartum psychosis; and a greater understanding of how the justice system interacts with mothers who suffer from postpartum psychosis and are accused of a crime; and

WHEREAS, Many women are not adequately informed about, screened for, and treated for postpartum mood and anxiety disorders because they are uninsured or underinsured and lack access to comprehensive health care and also face cultural and linguistic barriers; and

WHEREAS, Many at-risk women may not get help because they are not informed about postpartum mood and anxiety disorders as part of their health care, because there is a lack of knowledge and nonuse of screening and assessment tools, and because they are unaware of services and treatment for postpartum mood disorder, such as medication, professional therapy and counseling, support groups, or crisis hotlines; and

WHEREAS, Increased education and awareness, improved access to health care, proper use of prenatal screening tools, and the discussion by health care providers of postpartum mood and anxiety disorders with patients are all critical factors in identifying mothers-to-be who are at risk, and prompt diagnosis, treatment, and proper social support can effectively work together to facilitate a mother's recovery; and

WHEREAS, There is ample opportunity for the diverse health care community, including therapists, counselors, psychologists, psychiatrists, nurses, childbirth educators, nurse midwives, nurse practitioners, doulas, social workers, health educators, breastfeeding instructors, and pediatricians, to make women aware of postpartum mood and anxiety disorders and identify at-risk women during prenatal visits, prepared childbirth classes, labor and delivery, breastfeeding classes, postpartum well-baby checkups, and parenting classes; and

WHEREAS, It behooves hospitals, health plans, and insurance companies to establish and encourage these policies of diagnosis and identification; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State of California hereby proclaims the month of May 2003 as Postpartum Mood and Anxiety Disorder Awareness Month in California; and be it further

Resolved, That the State Department of Health Services and the State Department of Mental Health are requested to work together to explore ways to improve women's access to mental health care at the state and local levels, to facilitate increased awareness and education about postpartum mood and anxiety disorders, to explore and encourage the use of prenatal screening tools, and to improve the availability of effective treatment and support services; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 51

Assembly Concurrent Resolution No. 79—Relative to Equal Pay Day.

[Filed with Secretary of State May 27, 2003.]

WHEREAS, Forty years after the passage of the federal Equal Pay Act and Title VII of the federal Civil Rights Act of 1964, women and people of color continue to suffer the consequences of inequitable pay differentials; and

WHEREAS, According to statistics released in September 2002 by the United States Census Bureau, year-round, American women working full time earned on average 76 percent of the earnings of American men working full time, indicating very little progress in pay equity since 1999; and

WHEREAS, California women earn approximately 82.5 percent of the earnings of California men and, at current rates of wage gap closure, California women and their families will have to wait until the year 2044 for pay equity; and

WHEREAS, Women of color suffer greater wage disparities and are further impacted by the compounding effects of racism and sexism; and

WHEREAS, According to a January 2002 report released by the United States General Accounting Office in its capacity as the investigative arm of Congress, women managers in 7 of 10 industries surveyed actually lost ground in closing the wage gap between 1995 and 2000; and

WHEREAS, According to an analysis of data in over 300 classifications provided by the United States Department of Labor Statistics in the year 2001, women earn less in every occupational classification for which enough data is available, including those occupations dominated by women; and

WHEREAS, Higher education is not free from wage discrimination according to a United States Department of Education analysis, which reported that, after controlling for rank, age, credentials, fields of study, and other factors, full-time female faculty members earn nearly 9 percent less than their male counterparts; and

WHEREAS, Over a 40-year career, the average 25-year-old woman working full time will earn approximately $523,000 less than the

average man working full time, impacting family financial security, pensions, and Social Security benefits; and

WHEREAS, Fair pay equity policies can be implemented simply and without undue costs or hardship in both the public and private sectors; and

WHEREAS, Fair pay strengthens the security of families today and eases future retirement costs while enhancing the California economy; and

WHEREAS, Tuesday, April 15, 2003, symbolizes the day on which the wages paid to American women during the previous year become equal to the wages paid to men during the previous year; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares April 15, 2003, to be ''Equal Pay Day'' in California and urges California citizens to recognize the full value of women's skills and significant contributions to the labor force; and be it further

Resolved, That the California State Legislature urges Congress to protect the rights of all American women and provide more effective remedies to victims of discrimination in the payment of wages on the basis of sex and for other purposes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 52

Senate Concurrent Resolution No. 16—Relative to POW Recognition Day.

[Filed with Secretary of State May 29, 2003.]

WHEREAS, Men and women have long answered our nation's call to duty and undertaken their mission as members of the United States Armed Forces; and

WHEREAS, Our military personnel have gone to battle in countries far and near to defend the ramparts of liberty and resist the agents of tyranny; and

WHEREAS, Hostile forces throughout the world continue to subvert the political and economic freedom for which American soldiers have sacrificed their lives; and

WHEREAS, Many members of the National Guard and the United States military reserve have been ordered to active duty in response to

the terrorist attacks on the United States on September 11, 2001, and America's continuing War on Terrorism; and

WHEREAS, Our military personnel are now being called on for further sacrifices in Iraq; and

WHEREAS, Since World War I, there have been some 142,257 Americans captured and interned under deplorable conditions; and

WHEREAS, Most of our military personnel have returned home as heroes and proud veterans, but sadly another 92,457 other Americans were lost in combat, and their remains never recovered; and

WHEREAS, On April 9, 1865, General Robert E. Lee surrendered to General Ulysses S. Grant in Appomattox Court House, Virginia; and

WHEREAS, General King, the American Army General who surrendered the largest number of military fighting personnel ever surrendered at one time to an enemy force, was a student of history who knew that April 9 marked the surrender at Appomattox, and who chose April 9 of 1942, to surrender; and

WHEREAS, The surrender of American and Filipino troops by General King on April 9, 1942, on the Bataan Peninsula led to the infamous Bataan Death March; and

WHEREAS, April 9, 2003, marks the 61th anniversary of the surrender on the Bataan Peninsula; and

WHEREAS, The POW remembrance flag flies over the California Capitol daily; and

WHEREAS, Search teams continually span the globe to locate deceased fighting men so that positive identification can be made and loved ones notified; and

WHEREAS, The National POW Museum located in Andersonville, Georgia, honors all prisoners of war, and is a constant reminder of those who made the ultimate sacrifice for their country; and

WHEREAS, April 9 was chosen by Congress to be the national day for honoring prisoners of war; and

WHEREAS, Each year, citizens throughout America join in observances to honor and recognize former American prisoners of war, and to remember those individuals still unaccounted for, so that we may rededicate ourselves to finding a resolution to their status that will allow their families to have the peace they deserve; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates April 9, 2003, as POW Recognition Day in California; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 53

Senate Concurrent Resolution No. 22—Relative to Asthma Awareness Month.

[Filed with Secretary of State May 29, 2003.]

WHEREAS, Over two million Californians suffer from asthma, and the illness is responsible for approximately 40,000 hospitalizations and 600 deaths annually in California; and

WHEREAS, An estimated 11.9 percent of Californians, or 3.9 million adults and children, have been diagnosed with asthma; and

WHEREAS, Asthma disproportionately affects children and young adults and, in California, its prevalence is highest among children who are 12 to 17 years of age; and

WHEREAS, The self-reported lifetime occurrence of asthma has increased 66 percent in the last 20 years in California; and

WHEREAS, Women are affected with asthma at much higher rates than men, African-Americans in California are three times more likely than Caucasians to be hospitalized due to asthma, and rates of hospitalization due to asthma among Hispanic and Asian children in California have been increasing; and

WHEREAS, The effects of asthma include missed school and work days, disruption of sleep and daily activities, emergency medical visits for asthma exacerbation, and even death; and

WHEREAS, The direct and indirect economic impact of asthma was estimated to cost California $1.27 billion in 1998, hospitalizations represented the largest direct medical expense related to asthma in 2000, and the average cost per hospitalization was $13,000; and

WHEREAS, The majority of hospitalizations from asthma are thought to be preventable and, therefore, the $1.27 billion in costs associated with these hospitalizations are likely to be preventable as well; and

WHEREAS, It is important that every person with asthma be diagnosed, receive appropriate treatment, learn how to manage his or her asthma, and reduce exposure to environmental factors that make his or her asthma worse; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the month of May 2003 as Asthma Awareness Month in order to increase awareness and understanding about asthma and to educate those with the disease on the treatments available and the methods to prevent attacks; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 54

Senate Concurrent Resolution No. 29—Relative to Bob Hope day.

[Filed with Secretary of State May 30, 2003.]

WHEREAS, Bob Hope, a man who played third billing to Siamese twins and trained seals, has become the most recognized profile and talent in the world; and

WHEREAS, In the entire history of show business, no individual has traveled so far, or so often, to entertain so many; and

WHEREAS, Bob Hope's entertainment persona has been evident in every decade of the 20th century in venues including broadway shows in New York, the radio, movies, and television; and

WHEREAS, Since 1941, Bob Hope has traveled the globe to entertain military service men and women of the United States and his unwavering commitment to the morale of the United States' service men and women is entertainment history; and

WHEREAS, Bob Hope has been honored and befriended by Presidents of the United States, including Presidents Franklin D. Roosevelt, Harry Truman, Dwight D. Eisenhower, John F. Kennedy, Lyndon Johnson, Richard Nixon, Gerald Ford, Jimmy Carter, Ronald Reagan, George Bush, and Bill Clinton; and

WHEREAS, Bob Hope, a native of England, by order of Her Majesty Queen Elizabeth II, received an honorary knighthood in recognition of his contribution to film, song, and to the entertainment of troops in the past; and

WHEREAS, One of Bob Hope's greatest achievements is the development and hosting of the Bob Hope/Chryler Classic, a pro-am golf tournament held annually in Palm Springs since 1960 that draws the most famous professional and celebrity amateurs and is a total charity effort that has raised over 35 million dollars for the Eisenhower Medical Center and 70 other deserving desert charities; and

WHEREAS, Bob Hope was born on May 29, 1903, and will celebrate his 100th birthday this year; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby honors and congratulates Bob Hope on his 100th birthday and designates May 29, 2003, as Bob Hope day.

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 55

Assembly Concurrent Resolution No. 27—Relative to Memorial Day.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, The preservation of basic freedoms and world peace has always been a valued objective of this great country; and

WHEREAS, Thousands of American men and women have selflessly given their lives in service as peacemakers and peacekeepers; and

WHEREAS, Greater strides should be made to demonstrate the appreciation and gratitude these loyal Americans deserve and to commemorate the ultimate sacrifice they made; and

WHEREAS, Memorial Day should be a day when we actively remember our ancestors, our family members, our loved ones, our neighbors, and our friends who have given the ultimate sacrifice by visiting cemeteries and placing flags or flowers on the graves of our fallen heroes, by visiting memorials, by flying the United States flag at half-mast until noon, and by renewing a pledge to aid the widows, widowers, and orphans of our fallen dead; and

WHEREAS, Memorial Day is the day of the year for all Californians to appropriately remember American heroes by inviting the citizens of this state to respectfully honor them; and

WHEREAS, Memorial Day needs to be made relevant to both present and further generations of Americans; and

WHEREAS, A National Moment of Remembrance would provide citizens in California an opportunity to participate in a symbolic act of American unity; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That May 26, 2003, shall be recognized as Memorial Day, and that the people of California are urged to honor the men and women of the United States who died in the pursuit of freedom and peace; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author's office for appropriate distribution.

RESOLUTION CHAPTER 56

Assembly Concurrent Resolution No. 76—Relative to California Firefighters' Memorial.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, Never before in the history of the fire service has it been more evident that firefighters are California's first response soldiers. They know there is a chance that when the alarm bell rings, they may not return home; and

WHEREAS, The unveiling of the California Firefighters' Memorial on April 6, 2002, was an historic day that will forever remain in the hearts of those who have lost a loved one in the line of duty; and

WHEREAS, The memorial wall embraces nearly two centuries of contributions made by our state's finest and bravest. It is inscribed with the names of hundreds of firefighters—each one as important as it is unique; and

WHEREAS, The Firefighters' Memorial embodies the commitment and self-sacrifice that is the essence of the fire service profession. Over the last year, it has become a sacred place for reflecting, honoring, and remembering those who paid the ultimate price; and

WHEREAS, On May 22, 2003, Californians will join their firefighter brothers and sisters in Capitol Park for the 1st Annual Ceremony of the California Firefighters' Memorial; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates Thursday, May 22, 2003, as California Firefighters' Memorial Day, and urges all Californians to remember those firefighters who gave their lives for our safety and express appreciation to those men and women who continue to selflessly protect our families, our homes, and our dreams; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 57

Assembly Concurrent Resolution No. 90—Relative to Asian and Pacific Islander Mental Health Awareness Month.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, Asian American women have the highest suicide rate among women over 65 years of age, and the second highest suicide rate among women 15 to 24 years of age, in the United States; and

WHEREAS, Eighty-nine percent of the Asian American women who have committed suicide were immigrants, and Chinese American women have the highest suicide death rate of all racial and ethnic groups, with 20 suicide deaths per 100,000 population; and

WHEREAS, Southeast Asian Americans, including Amerasians, from war-torn countries suffer debilitating posttraumatic stress and severe depression that remain unrecognized and untreated; and

WHEREAS, Suicides among Hmong teens in Fresno account for nearly one-half of the suicides in that area in recent years even though Hmong residents comprise only 3 percent of the region's population; and

WHEREAS, Asian American adolescent girls have the highest rates of depressive symptoms of all racial and gender groups; and

WHEREAS, Mental health issues are not widely understood in the Asian American community, and the interpretation of Western-based diagnoses and symptom labels are not easily translated without negative connotations. Thus, many Asian Americans tend to deny the existence of ''depression'' or ''anxiety,'' although they readily acknowledge ''headaches,'' ''stomach problems,'' ''lack of pleasure,'' and ''sleep problems,'' all of which are key indicators of depression or anxiety disorders; and

WHEREAS, As an example of these translation problems, in Hmong, there are no words for ''I feel'' and ''suicide''; and

WHEREAS, The social stigma of mental illness that exists within the Asian American community, and the model minority myth that is generated by society at large, compound the problems of access to mental health care for Asian Americans, resulting in disproportionately low utilization of mental health services by members of the Asian American community relative to other populations in the United States; and

WHEREAS, Additionally, nearly one out of two Asian Americans will have difficulty accessing mental health treatment because they do not speak English or cannot find services that meet their linguistic needs; and

WHEREAS, Among Asian Americans who actually use mental health services, the severity of mental illness is more likely to be high, due to delay in seeking treatment until symptoms reach crisis proportions; and

WHEREAS, More research is needed to examine the magnitude of mental illnesses and quality of services for Asian Americans and their subethnic groups; and

WHEREAS, The California Legislature has proclaimed the month of May to be both ''Asian Pacific Islander Heritage Month'' and ''Mental

Health Awareness Month'' in recognition of the myriad contributions of Asian Americans in the state and, separately, the tremendous need for mental health awareness in California; and

WHEREAS, Recent data on the alarming suicide rates among Asian Americans and new census data on the exponential growth of the Asian American population in California warrant a more concerted effort to raise awareness of mental illnesses and mental health issues in the Asian American community; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature proclaims the month of May 2003 as Asian and Pacific Islander Mental Health Awareness Month, and urges Californians to join forces with mental health advocates, mental health care workers, and leaders in the Asian American community to raise awareness of mental health concerns in the Asian American community and in the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 58

Assembly Concurrent Resolution No. 98—Relative to Arthritis Awareness Month.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, The success of our nation depends upon a population that is healthy, reasonably free of pain, and functionally independent throughout the lifespan; and

WHEREAS, Arthritis includes more than 100 diseases and conditions affecting joints and connective tissues, such as osteoarthritis, rheumatoid arthritis, fibromyalgia, Lyme disease, and gout; and

WHEREAS, Arthritis is the leading cause of disability in the United States, and is associated with poorer physical health and poorer mental health; and

WHEREAS, An estimated 27 percent of Californians have some form of arthritis; and

WHEREAS, Arthritis costs California nearly $32 billion each year, with an estimated $23.2 billion spent on direct medical care, and $8.3 billion due to lost wages; and

WHEREAS, A disproportionate number of older Californians, or an estimated 44 percent of adults over 65 years of age, are affected by arthritis; and

WHEREAS, Arthritis is not necessarily an inevitable part of the aging process; rather, effective methods exist to prevent, delay the onset of, and manage the symptoms of, arthritis; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California State Legislature proclaims the month of May 2003 as Arthritis Awareness Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 59

Assembly Concurrent Resolution No. 99—Relative to Groundwater Awareness Month.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, Groundwater is one of California's most precious natural resources, representing 40 percent or more of California's water supply in dry years; and

WHEREAS, California withdraws an average of 13 billion gallons of groundwater each day for rural, municipal, industrial, agricultural, and environmental uses; and

WHEREAS, Groundwater is a renewable resource that to some extent, is replenished naturally, but which also requires active management to maximize available supplies; and

WHEREAS, Groundwater is currently being depleted by an average of 425 billion gallons per year in California, causing declining groundwater levels and degrading groundwater quality; and

WHEREAS, California's increasing population will continue to place new demands on our groundwater resources, through groundwater quality impacts, extraction, transfer, consumption, recharge interception, and supply diversions; and

WHEREAS, Many Californians are not aware that groundwater is an important source of water supply for the state; and

WHEREAS, The voters have recently approved three bond measures with substantial funding for groundwater protection and storage, and the Legislature has implemented several programs to encourage and assist local agencies in managing and protecting groundwater resources; and

WHEREAS, Substantial challenges lie ahead in order to sustain, protect, and manage California's groundwater resources; and

WHEREAS, California must act through water conservation, public education, water reuse, artificial recharge, conjunctive management,

improved source water protection, and other means, to address the increasing demands on our groundwater resources; and

WHEREAS, The Assembly has formed a Select Committee on Groundwater Quality and Availability to study California's groundwater successes and challenges, and to evaluate opportunities for assisting local agencies in protecting and improving the management of this precious and limited resource, while preserving existing water rights; and

WHEREAS, Declaring May as Groundwater Awareness Month is an important statewide tool for raising awareness among governmental officials and the public about the nature and scope of the challenges ahead; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes and declares the month of May as Groundwater Awareness Month in California; and be it further

Resolved, That the Legislature of the State of California is committed to supporting efforts to protect and improve the management of this precious and limited resource, while preserving existing water rights; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 60

Assembly Concurrent Resolution No. 101—Relative to recognizing May 2003 as Asian and Pacific Islander American Heritage Month.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, The earliest Asian Americans immigrated to the United States in the 1800s; and

WHEREAS, Asian and Pacific Islander Americans have played a critical role in the social, economic, and political development of California throughout its history; and

WHEREAS, The 4.22 million Asian and Pacific Islander Americans in California are one of the fastest growing ethnic populations in the state; and

WHEREAS, Asian and Pacific Islander Americans represent over 12 percent of California's population and represent ancestries that include Burmese, Cambodian, Chinese, East Indian, Filipino, Guamanian, Hawaiian, Hmong, Indonesian, Iu-Mien, Japanese, Korean, Laotian, Singaporean, Thai, Tongan, and Vietnamese; and

WHEREAS, Asian and Pacific Islander American entrepreneurs have led many of California's businesses to the pinnacle of their respective industries; and

WHEREAS, Asian and Pacific Islander American communities throughout California actively promote their cultural heritage and promote cross-cultural understanding; and

WHEREAS, Asian and Pacific Islander Americans will continue to be an important part of California's diverse tapestry of cultures and ideas; and

WHEREAS, Asian and Pacific Islander American immigrants have contributed greatly to California's economic success, rural growth, and urban development; and

WHEREAS, Asian and Pacific Islander American refugees have revitalized many of California's communities, while bringing in new ideas and economic opportunities; and

WHEREAS, Asian and Pacific Islander American immigrants and refugees had to overcome tremendous odds and cultural barriers to establish a better life for their families; and

WHEREAS, Asian and Pacific Islander Americans have a proud legacy of service and dedication to the state and to the United States; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commends Asian and Pacific Islander Americans for their notable accomplishments and outstanding service to the state, and recognizes the month of May 2003 as Asian and Pacific Islander American Heritage Month; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 61

Assembly Joint Resolution No. 30—Relative to Japanese American World War II Internment.

[Filed with Secretary of State June 3, 2003.]

WHEREAS, President Franklin Roosevelt signed Executive Order 9066, which ordered the incarceration of more than 120,000 American citizens of Japanese ancestry and resident aliens in the internment camps during World War II; and

WHEREAS, The Commission on Wartime Relocation and Internment of Civilians (CWRIC) was established by Congress and

signed into Public Law 96-317 by President Jimmy Carter on July 31, 1980; and

WHEREAS, The CWRIC was established to review and analyze the official government contention, historically accepted, that the exclusion, forced removal, and detention of Americans of Japanese ancestry were justified by military necessity; and

WHEREAS, Between July and December 1981, the CWRIC held 20 days of hearings and took testimony from more than 750 witnesses; and

WHEREAS, The CWRIC declared in its summary that ''Executive Order 9066 was not justified by military necessity, and the decisions that followed from it-exclusion, detention, the ending of detention and the ending of exclusion-were not founded upon military considerations. The broad historical causes that shaped these decisions were race prejudice, war hysteria, and a failure of political leadership''; and

WHEREAS, In response to this finding, Congress adopted the Civil Liberties Act of 1988 (P.L. 100-383), which was signed into law by President Ronald Reagan; and

WHEREAS, The Civil Liberties Act of 1988 states that Congress, on behalf of the nation, apologizes to Americans of Japanese ancestry for their wrongful incarceration; and

WHEREAS, President George Bush wrote in his 1990 letter of apology to each Japanese American, ''A monetary sum and words alone cannot restore lost years or erase painful memories; neither can they fully convey our Nation's resolve to rectify injustice and to uphold the rights of individuals. We can never fully right the wrongs of the past. But we can take a clear stand for justice and recognize that serious injustices were done to Japanese Americans during World War II''; and

WHEREAS, Representative Howard Coble of North Carolina, who chairs the Subcommittee on Crime, Terrorism, and Homeland Security of the Judiciary Committee of the United States House of Representatives, had made comments on a radio call-in program indicating that the internment of Japanese Americans was in their best interests; and

WHEREAS, Congressman Coble, stated, ''We were at war,'' and called Japanese Americans ''an endangered species.'' He added that, ''For many of these Japanese Americans, it wasn't safe for them to be on the street''; and

WHEREAS, Congressman Coble said some Japanese Americans ''probably were intent on doing harm to us ... just as some of these Arab Americans are probably intent on doing harm to us''; and

WHEREAS, Congressman Coble's comments are insulting, inflammatory, and inconsistent with the findings of the CWRIC, inconsistent with the federal Civil Liberties Act of 1988, and

inconsistent with the letter of apology issued by President George Bush; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby condemns the statements made by Congressman Howard Coble as insulting, inflammatory, inaccurate, and inconsistent with the findings of the CWRIC, inconsistent with the letter of apology issued by President George Bush, and inconsistent with the laws passed by Congress; and be it further

Resolved, That the Legislature of the State of California urges Congressman Coble to apologize for his inaccurate statements regarding the incarceration of Japanese Americans during World War II; and be it further

Resolved, That the Legislature of the State of California encourages Congressman Coble to submit his resignation as Chairman of the Subcommittee on Crime, Terrorism, and Homeland Security of the Judiciary Committee of the United States House of Representatives; and be it further

Resolved, That the Chief Clerk of the Assembly provide a copy of this resolution to Congressman Coble and to every other member of the United States Congress and to the President of the United States; and be it further

Resolved, That the Chief Clerk of the Assembly provide a copy of this resolution to each member of the State Legislature of North Carolina and to the Governor of North Carolina to encourage them to take actions similar to those described in this resolution.

RESOLUTION CHAPTER 62

Assembly Concurrent Resolution No. 16—Relative to nutrition.

[Filed with Secretary of State June 19, 2003.]

WHEREAS, The American Academy of Pediatrics, the American Cancer Society, the American Dietetic Association, the American Diabetes Association, the American Heart Association, the United States Department of Agriculture (USDA), and the National Institutes of Health recommend that there be greater emphasis in the American diet on fruits, vegetables, whole grains, and legumes with a reduction in consumption of animal foods, which are generally higher in saturated fat and cholesterol; and

WHEREAS, Recent studies indicate that more than one-quarter of California children are overweight or obese and therefore at higher risk

of developing health problems, including heart disease, diabetes, asthma, and cancer; and

WHEREAS, Fruits, vegetables, whole grains, and legumes are generally lower in fat and calories than meat and dairy products, contain no cholesterol, and promote good health because they contain fiber and essential nutrients, including vitamins and minerals, and they also contain phytochemicals and antioxidants that may provide additional protection to reduce the risk of some forms of cancer, heart disease, obesity, diabetes, high blood pressure, and other degenerative diseases; and

WHEREAS, A significant percentage of children who rely on free or reduced price school lunches are considered ''at risk'' for these diet-related degenerative diseases; and

WHEREAS, Diet-related diseases take a disproportionate toll among ethnic minorities and ethnic minorities also have dramatically higher rates of lactose intolerance than their Caucasian peers; and

WHEREAS, A growing number of California school children either identify themselves as vegetarian or vegan, come from vegetarian or vegan families, or come from families who avoid meat and dairy foods for religious or health reasons; and

WHEREAS, Exposure of plant-centered entrees in the school cafeteria will positively influence children with poor eating habits; and

WHEREAS, Children who are considered ''at risk'' for diet-related diseases, children with poor eating habits, children whose religion avoids animal foods, children who are vegetarian/vegan, and children with dairy allergies are at a disadvantage if no plant-centered school lunch meal is offered daily in their respective schools; and

WHEREAS, The American Dietetic Association has stated that it is their position that appropriately planned vegetarian diets are healthy and nutritionally adequate and that scientific data suggest positive relationships between vegetarian diets and risk reduction for several chronic degenerative diseases and conditions, including obesity, coronary artery disease, hypertension, diabetes mellitus, and some types of cancer; and

WHEREAS, The State Department of Health Services is striving to increase public awareness of the importance of eating five or more servings of fruits and vegetables a day with studies indicating the vast majority of children do not eat the Recommended Daily Allowance for these foods; and

WHEREAS, Increased consumption of locally grown fruits and vegetables promotes a sustainable environment; and

WHEREAS, Fruits, vegetables, whole grains, and legumes are available through the USDA commodities program; and

WHEREAS, The USDA has made available a newer school lunch menu planning option called ''Nutrient Standard Menu Planning,'' which does not require a meat or meat alternate component, and which is based on the recognition that most nutrients may be obtained from a variety of foods and allows for significantly greater flexibility in menu planning; and

WHEREAS, The USDA 1995 School Meals Initiative suggests that school lunch programs, in order to provide variety and encourage consumption and participation, should, whenever possible, offer a selection of menu items and foods from which pupils may make choices; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Departments of Education and Health Services are urged to develop nutritionally sound school lunch menu plans that would provide daily optional plant-centered vegetarian school lunches, prepared without meat or dairy products, in such a way that all pupils are assured nutritionally balanced diets, regardless of their food preferences and avoidances, and the plans be voluntarily phased in over a period of approximately 4 years; and be it further

Resolved, That the optional plant-centered school lunch entrees be developed with a similar standard for variety, cycle of repeat, and availability as meat and dairy options; and be it further

Resolved, That nutrition educational materials and instruction strive to recognize and include information about multicultural eating patterns including vegetarian/vegan eating patterns; and be it further

Resolved, That the State Departments of Education and Health Services are requested to report to the Legislature by January 1, 2008, on efforts and progress made to offer optional vegetarian school lunches; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Health Services, the President of the State Board of Education, and the Superintendent of Public Instruction.

RESOLUTION CHAPTER 63

Assembly Joint Resolution No. 2—Relative to the 30th anniversary of Roe v. Wade.

[Filed with Secretary of State June 19, 2003.]

WHEREAS, January 22, 2003, is the 30th anniversary of the historic United States Supreme Court decision in Roe v. Wade (1973) 410 U.S.

113, guaranteeing women reproductive rights, an occasion deserving of celebration and special public commendations; and

WHEREAS, The 1973 decision in Roe v. Wade established constitutionally based limits on the power of states to restrict the right of a woman to choose to terminate a pregnancy; and

WHEREAS, Roe v. Wade is one of the most significant Supreme Court decisions in the 20th century promoting women's rights; and

WHEREAS, Reproductive rights are central to the ability of women to exercise their full rights under federal and state law; and

WHEREAS, It is the right of every American woman to determine when, if, and with whom to have children, and how many children to have; and

WHEREAS, Women's ability to control their reproductive lives has facilitated their equal participation in the economic and social life of the nation; and

WHEREAS, The state should not interfere with a woman's decision to either bear a child or terminate a pregnancy through a safe and legal abortion; and

WHEREAS, Women should not be forced into illegal and dangerous abortions, as they often were prior to the Roe v. Wade decision; and

WHEREAS, During the first half of the 20th century, illegal abortions accounted for about 50 percent of all maternal deaths; and

WHEREAS, Roe v. Wade has reduced significantly the mortality rate for women terminating their pregnancies; and

WHEREAS, Roe v. Wade continues to protect the health and freedom of women throughout the United States; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the Congress and the President of the United States to do all of the following:

(1) Stand firm in their resolve to uphold the intent and substance of the 1973 United States Supreme Court decision in Roe v. Wade.

(2) Encourage all Americans to participate in the national celebration, ''Celebrating 30 Years of Roe v. Wade,'' in recognition of that decision's historic importance in promoting women's rights; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States and to all Members of the United States Congress.

RESOLUTION CHAPTER 64

Assembly Joint Resolution No. 13—Relative to medical cannabis.

[Filed with Secretary of State June 19, 2003.]

WHEREAS, In 1970, Congress passed the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Chapter 13 (commencing with Section 801) of Title 21 of the United States Code), classifying cannabis as a ''Schedule I'' controlled substance, which means that the drug or other substance has a high potential for abuse, the drug or other substance has no currently accepted medicinal use in treatment in the United States, and there is a lack of accepted safety for use of the drug or other substance under medical supervision; and

WHEREAS, In the intervening 33 years since cannabis was classified as a Schedule I controlled substance, studies have indicated that cannabis is therapeutic in the treatment of a number of serious ailments, and is less toxic and less costly than many conventional medicines for which it may be substituted; and

WHEREAS, A well-established medicinal use of cannabis is as an antinauseant for chemotherapy for cancer treatment for patients who do not respond well to other antinausea medications; and

WHEREAS, A federally commissioned 1999 report by the National Academy of Sciences determined that the active components of cannabis are potentially effective in treating pain, nausea, and AIDS wasting, as well as symptoms associated with other conditions, including multiple sclerosis; and

WHEREAS, The use of cannabis alleviates nausea, vomiting, and loss of appetite experienced by many AIDS patients, without accelerating the rate at which persons who are HIV positive develop clinical AIDS or other illnesses; and

WHEREAS, A 1982 report by the National Academy of Sciences suggested that cannabis reduces interocular pressure in patients suffering from glaucoma, which is the leading cause of blindness in the United States; and

WHEREAS, Clinical evidence also points to the effectiveness of cannabis as a therapeutic agent in the treatment of a variety of spastic conditions, such as multiple sclerosis, paraplegia, epilepsy, and quadriplegia; and

WHEREAS, The 1999 National Academy of Sciences report noted that cannabis seems to alleviate muscle spasms associated with multiple sclerosis; and

WHEREAS, Researchers from the University of San Francisco have found that the use of cannabis modulates pain signals in much the same way as morphine and other opiates, and the report from the Institute of Medicine of the National Academy of Sciences concluded that cannabis use can produce significant analgesic effects; and

WHEREAS, The results of this research have led the Society for Neuroscience to pronounce that cannabis could relieve the pain of tens of millions of Americans each year; and

WHEREAS, Research indicates that cannabis compounds may protect brain cells during a stroke, and researchers at the National Institute of Mental Health have called compounds in cannabis potent antioxidants, which are relied on by doctors to protect stroke victims from toxic levels of a brain chemical called glutamate; and

WHEREAS, Despite the legal prohibition against physicians prescribing cannabis, many medical oncologists accept cannabis's medical use in treatment and therefore recommend it to patients to ease their pain and suffering; and

WHEREAS, The 1999 National Academy of Sciences report concluded that cannabis is ''promising for treating wasting syndrome in AIDS patients,'' and that for patients who are undergoing chemotherapy and who suffer simultaneously from severe pain, nausea, and appetite loss, ''cannabinoid drugs might offer broad-spectrum relief not found in any other single medication,'' and that ''[t]here will likely always be a subpopulation of patients who do not respond well to other medications''; and

WHEREAS, Between 1978 and 1996, legislatures in 34 states and the District of Columbia passed laws recognizing the therapeutic value of cannabis, and 23 of those laws remain in effect today; and

WHEREAS, Since 1996, nine states have accepted the medical use of cannabis in treatment and have passed laws allowing a seriously ill patient with a recommendation from his or her physician to possess and use cannabis for medicinal purposes; and

WHEREAS, The eight states that have adopted compassionate medical cannabis laws by voter initiative include California, Alaska, Arizona, Colorado, Maine, Nevada, Oregon, and Washington; and

WHEREAS, The Legislature of the State of Hawaii passed a similar medical cannabis law; and

WHEREAS, On November 5, 1996, the people of the State of California adopted the Compassionate Use Act of 1996 (Proposition 215), codified in Section 11362.5 of the Health and Safety Code, in order to allow seriously ill residents of the state who have the oral or written recommendation of a physician to use cannabis for medicinal purposes without fear of criminal liability under state law; and

WHEREAS, These laws do not legalize cannabis or alter criminal penalties regarding the possession or cultivation of cannabis for recreational use, they do not establish a legal supply for patients to obtain the drug, and they do not authorize physicians to prescribe cannabis, which remains classified as a Schedule I drug under California law; and

WHEREAS, These laws merely provide a narrow exemption from prosecution for patients who use cannabis for medicinal purposes; and

WHEREAS, Although these laws protect patients and physicians from state criminal penalties, they do not shield patients or their physicians from federal prosecution; and

WHEREAS, Despite the adoption of this initiative in California, a terminally ill patient may be prosecuted under federal law for possessing cannabis for medicinal use; and

WHEREAS, A majority of Americans support legalizing the medicinal use of cannabis for seriously ill patients, and the results of a March 26, 1999, Gallup poll show that 73 percent of Americans support making cannabis available to doctors so they may prescribe it; and

WHEREAS, Compassion demands that we allow seriously ill citizens of the United States to gain access to, possess, and use cannabis to alleviate their pain and suffering; and

WHEREAS, Medical professionals in our society should not be required to subject themselves to the threat of federal criminal prosecution in order to treat patients with a substance that has been widely accepted by their profession as an effective treatment for certain symptoms or conditions; and

WHEREAS, The Los Angeles Cannabis Resource Center (LACRC) operated, pursuant to a resolution of the City Council of West Hollywood and in accordance with California law as a patients' cooperative that provides medical cannabis to bona fide patients, many of whom are too ill to grow cannabis themselves for medical use; and

WHEREAS, The LACRC operated in cooperation and conjunction with the duly elected Mayor and City Council of the City of West Hollywood, and with the Los Angeles County Sheriff's Department and its duly elected sheriff, in order to provide seriously ill, bona fide patients with cannabis to be used for medicinal purposes; and

WHEREAS, The United States Drug Enforcement Administration, in violation of the will of the California voters, entered the LACRC premises on October 25, 2001, closed down the clinic, and seized property and the confidential medical records of registered patients; and

WHEREAS, The United States Attorney subsequently convened a grand jury to indict the patient-operators of the LACRC, to the detriment of several hundred seriously ill Californians who must now rely on unregulated black-market sources if they wish to access cannabis to treat their symptoms; and

WHEREAS, In July of 2002, Bryan Epis, who was associated with the Chico Medical Marijuana Caregivers, was sentenced to 10 years in prison after a trial in which the federal court judge excluded medical evidence, and Mr. Epis was convicted of conspiracy to grow cannabis; and

WHEREAS, On September 5, 2002, armed agents of the United States Drug Enforcement Administration entered onto the private premises and

home of Valerie and Mike Corral, threatening the Corrals and other sleeping patients of the Wo/Men's Alliance for Medical Marijuana in Santa Cruz, California; and

WHEREAS, Federal agents arrested the Alliance directors, handcuffed handicapped patients at gunpoint, and destroyed a cannabis crop intended for the medical treatment of the approximately 250 gravely ill patients of the nonprofit, patient-run cooperative; and

WHEREAS, In February 2003, Edward Rosenthal was convicted in a federal court in California, and thus he could be sentenced to many years in federal prison for growing cannabis starter plants for people who were too ill to start the plants themselves, in violation of federal laws, by a jury whose members have said subsequently that had the federal court allowed discussion of state law and Mr. Rosenthal's deputation by the City of Oakland, they would not have convicted him; and

WHEREAS, There appears to be an ever-quickening pace of arrest, intimidation, and harrassment of bona fide patients, providers, physicians, and caregivers in our state, by the agents of the federal government; and

WHEREAS, Federal authorities have already arrested, detained, or confiscated the property of over 40 California residents, many of whom were working in cooperation with local elected leaders and law enforcement officials under rights given to them under Proposition 215; and

WHEREAS, The federal attorneys and judges responsible for prosecution of California residents and adjudication of medical cannabis cases under federal law have kept from juries evidence that the use of cannabis for medical purposes in certain cases has been in accordance with state statutes and case law; and

WHEREAS, Members of juries comprised of California residents have expressed outrage at the conduct of the federal attorneys and judges, whom the jury members believe actively mislead them, causing them to hand down inappropriate verdicts against defendants who cultivated cannabis in accordance with state laws and local ordinances; and

WHEREAS, This egregious conduct against California residents has led to an undermining of confidence in the courts and the American judicial system; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully urges the President and Congress of the United States to do all of the following:

(a) Enact legislation that secures a state's right to regulate medical cannabis, allows individual patients to possess and consume medical cannabis, and allows individuals deputized by states and localities to cultivate and distribute medical cannabis appropriately.

(b) Amend the Comprehensive Drug Abuse Prevention and Control Act of 1970 to allow for a medical necessity defense, as suggested by the United States Supreme Court in United States v. Oakland Cannabis Buyers' Coop. (2001) 532 U.S. 483.

(c) Review Drug Enforcement Administration policy related to the prosecution and harassment of Californians who are acting in compliance with the provisions of Proposition 215; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the United States House of Representatives, to the United States Senate Majority Leader, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 65

Assembly Joint Resolution No. 29—Relative to Social Security.

[Filed with Secretary of State June 19, 2003.]

WHEREAS, The State Teachers' Retirement System has a higher contribution rate than, and benefits commensurate to, the Social Security system; and

WHEREAS, The State Teachers' Retirement System is not coordinated with the federal Social Security system; and

WHEREAS, The Social Security Act includes two offsets, the Government Pension Offset and the Windfall Elimination Provision, that reduce the Social Security benefits payable to persons who are entitled to benefits under other public retirement systems, under certain conditions; and

WHEREAS, Public employees in California who do not pay into Social Security incur substantial reductions in their federal Social Security benefits even if they otherwise qualify for those benefits through prior employment for which they paid into Social Security, or as surviving spouses through their spouses' Social Security eligibility; and

WHEREAS, These offsets discourage individuals with prior work experience from seeking teaching positions; and

WHEREAS, Every child is entitled to be taught by a fully credentialed teacher, but California has had a significant shortage of teachers credentialed in the subjects they are assigned to teach; and

WHEREAS, The recruitment and retention of teachers from other states who are entitled to Social Security benefits upon retirement is also undermined by these offsets; and

WHEREAS, Legislation to remedy the Government Pension Offset and the Windfall Elimination Provision have been introduced in the 107th Congress by members of the California Congressional delegation and received bipartisan support from a majority of the California delegation in the 106th Congress; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California requests the Congress of the United States to enact legislation to remove the onerous effects of the Government Pension Offset and the Windfall Elimination Provision of the Social Security Act, and further, the Legislature of the State of California requests President George W. Bush to support and sign that legislation; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 66

Senate Concurrent Resolution No. 14—Relative to arthritis awareness.

[Filed with Secretary of State June 19, 2003.]

WHEREAS, Arthritis encompasses more than 100 diseases and conditions that affect joints and connective tissues, such as osteoarthritis, rheumatoid arthritis, fibromyalgia, gout, lupus, and Lyme Disease; and

WHEREAS, According to the federal Centers for Disease Control and Prevention (CDC), arthritis is the leading cause of disability in the United States, significantly affecting the quality of life for more than 70 million Americans who experience its painful symptoms; and

WHEREAS, According to the State Department of Health Services' California Arthritis Atlas, a 2002 report on the impact of arthritis statewide, more than 6.5 million California adults, constituting 27 percent of the population, have arthritis; and

WHEREAS, Arthritis affects people in all age groups, including as many as 285,000 children; and

WHEREAS, A disproportionate number of older Californians, or an estimated 46 percent of those 45 years of age and older, have arthritis or experience chronic joint symptoms, and over one-half of all persons age 65 years or older have arthritis; and

WHEREAS, Arthritis is not necessarily an inevitable part of the aging process. Effective methods exist to prevent, delay the onset of, and manage the symptoms of the disease; and

WHEREAS, The State Department of Health Services concluded in its 2002 California Arthritis Atlas that arthritis costs the California economy an estimated $32 billion annually in medical expenses and lost wages; and

WHEREAS, Reports from the CDC and agencies in California indicate that disability is more severe in underserved populations that lack access to early diagnosis and treatment; and

WHEREAS, Existing public information and programs about arthritis in California remain inadequately disseminated and insufficient in addressing the needs of specific diverse populations and other underserved groups; and

WHEREAS, Educating the public and the health care community throughout the state about this devastating disease is of paramount importance and is in every respect in the public interest and to the benefit of all residents of the State of California; and

WHEREAS, The California Arthritis Foundation chapters, in partnership with other agencies throughout the state, have led the development of a public health strategy, the National Arthritis Action Plan, to respond to this challenge; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby recognizes the need to create and foster a statewide program, in coordination with the California Arthritis Foundation chapters, that emphasizes a multiethnic approach, promotes public awareness, and increases knowledge about the causes of arthritis, the importance of early diagnosis and appropriate management, effective prevention strategies, and pain prevention and management; and be it further

Resolved, That the Legislature recognizes the need to work in 2004 to adequately fund the statewide program, so as to allow for the development and dissemination to patients, health professionals, and the public, of educational materials, information on research results, available services, and strategies for prevention and control, and for the adaptation of this material to the appropriate languages and reading levels of medically underserved, ethnically diverse communities; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 67

Senate Concurrent Resolution No. 27—Relative to physical education.

[Filed with Secretary of State June 20, 2003.]

WHEREAS, Physical education is essential to the development of growing children; and

WHEREAS, Physical education helps improve the overall health of children by improving their cardiovascular endurance, muscular strength and power, and flexibility, and by enhancing weight regulation, bone development, posture, skillful moving, active lifestyle habits, and constructive use of leisure time; and

WHEREAS, Physical education increases children's mental alertness, academic performance, readiness to learn, and enthusiasm for learning; and

WHEREAS, Physical education helps improve the self-esteem, interpersonal relationships, responsible behavior, and independence of children; and

WHEREAS, Children who participate in high-quality daily physical education programs tend to be healthier and more physically fit; and

WHEREAS, Physically fit adults have significantly reduced risk factors for heart attacks and strokes; and

WHEREAS, The Surgeon General, in ''Objectives for the Nation,'' recommends increasing the number of mandated physical education programs that focus on health-related physical fitness; and

WHEREAS, Physical education programs and curricula should provide for the special needs of pupils in poor physical shape or pupils with physical disabilities or learning disabilities; and

WHEREAS, A high-quality daily physical education program for all children in kindergarten and grades 1 to 12, inclusive, is an essential part of a comprehensive education; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby encourages state and local governments and local education agencies to provide high-quality daily physical education programs for all children in kindergarten and grades 1 to 12, inclusive; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 68

Senate Joint Resolution No. 11—Relative to special education funding.

[Filed with Secretary of State June 20, 2003.]

WHEREAS, Congress enacted the Education for All Handicapped Children Act of 1975 (P.L. 94-142), now known as the Individuals with Disabilities Education Act (IDEA), to ensure that all children with disabilities in the United States have available to them a free and appropriate public education that emphasizes special education and related services designed to meet their unique needs, to ensure that the rights of children with disabilities and their parents or guardians are protected, to assist states and localities to provide for the education of all children with disabilities, and to assess and ensure the effectiveness of efforts to educate children with disabilities; and

WHEREAS, California is committed to providing a free and appropriate public education and related services to children and youth with disabilities, in order to meet their unique needs; and

WHEREAS, Since 1975, federal law has authorized appropriation levels for grants to states under the IDEA at 40 percent of the average per-pupil expenditure in public elementary and secondary schools in the United States; and

WHEREAS, Congress continued the 40-percent funding authority in Public Law 105-17, the Individuals with Disabilities Education Act Amendments of 1997; and

WHEREAS, Although Congress has made progress toward this goal, the federal contribution still only amounts to approximately 17 percent of the average per-pupil expenditure; and

WHEREAS, The 40-percent federal funding level would result in California receiving in excess of an additional $1 billion annually; and

WHEREAS, The cost of special education in California requires school agencies to spend over $1 billion annually in local general funds to make up the shortfall between the costs of special education and the level of funding provided by the state and federal governments; and

WHEREAS, Since 1997, the state has used federal special education funding increases to provide equity adjustments to school agencies consistent with the new special education funding model provided in Assembly Bill 602 of the 1997–98 Regular Session (Chapter 854 of the Statutes of 1997) and other special education augmentations; and

WHEREAS, The California Legislature is committed to the continued use of increases in federal funding for special education to recognize special education funding commitments made to local education agencies; and

WHEREAS, The California Legislature is extremely concerned that, since 1978, Congress has not provided states with the full amount of financial assistance necessary to achieve its goal of ensuring children and youth with disabilities equal protection of the laws; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature respectfully memorializes the President and Congress of the United States to provide the full 40-percent federal share of funding for special education programs so that California and other states participating in these critical programs will not be required to take funding from other vital state and local programs in order to fund this underfunded federal mandate; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, to the Chair of the Senate Committee on Budget, to the Chair of the House Committee on the Budget, to the Senate Committee on Appropriations, to the Chair of the House Committee on Appropriations, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Education.

RESOLUTION CHAPTER 69

Assembly Concurrent Resolution No. 34—Relative to individuals with developmental disabilities.

[Filed with Secretary of State June 24, 2003.]

WHEREAS, There are more than 8,000,000 Americans who have mental retardation or other developmental disabilities; and

WHEREAS, There are more than 626,000 Californians who meet the federal definition of having a mental retardation or other developmental disability and approximately 168,123 are served by the State Department of Developmental Services; and

WHEREAS, Individuals with developmental disabilities include those with mental retardation, autism, cerebral palsy, Down syndrome, epilepsy, and other related conditions; and

WHEREAS, Individuals with mental retardation or other developmental disabilities have substantial limitations on their functional capacities, including limitations in two or more of the areas of self-care, receptive and expressive language, learning, mobility, self-direction, independent living, and economic self-sufficiency, as

well as the continuous need for individually planned and coordinated services; and

WHEREAS, For the past two decades individuals with mental retardation or other developmental disabilities and their families have increasingly expressed a desire for these individuals to live and work in their communities, joining the mainstream of American life; and

WHEREAS, There are several types of living arrangements in California for individuals with mental retardation or other developmental disabilities to reside and more than 114,500 individuals live in their own home or with a parent, more than 26,000 Californians live in group home or community care settings, more than 14,500 live in independent living or supportive living settings, more than 8,000 individuals live in skilled nursing or intermediate care facilities for the developmentally disabled, and more than 3,500 individuals live in state developmental centers; and

WHEREAS, The demand for community supports and services is rapidly growing as California continues to move more individuals from institutions into the community; and

WHEREAS, The demand will continue to grow as family caregivers age, individuals with mental retardation or other developmental disabilities live longer, and services expand; and

WHEREAS, Direct care staff provide a wide range of supportive services to individuals with mental retardation or other developmental disabilities on a day-to-day basis, including habilitation, health needs, personal care and hygiene, employment, transportation, recreation, and housekeeping and other home management-related supports and services so that these individuals can live and work in their communities; and

WHEREAS, Direct care staff generally assist individuals with mental retardation or other developmental disabilities to lead a self-directed family, community, and social life; and

WHEREAS, The quality of care made available by providers of supports and services, like intermediate care facilities for the developmental disabled, is dependent upon the competency of the personnel who staff these facilities; and

WHEREAS, Providers of supports and services to individuals with mental retardation or other developmental disabilities typically draw from a labor market that competes with entry-level jobs that provide less physically and emotionally demanding work, and higher pay and other benefits, and, therefore, these direct support jobs are not currently competitive in today's labor market; and

WHEREAS, High rates of employee vacancies and turnover threaten the ability of providers to achieve their core mission, which is the

provision of safe and high-quality supports to individuals with mental retardation or other developmental disabilities; and

WHEREAS, The California Association of Health Facilities is committed to the provision of safe and high-quality supports to the individuals with mental retardation or other developmental disabilities who reside in intermediate care facilities for the developmentally disabled through recognition of the quality of care provided by the direct staff who work in those facilities and in other community-based settings; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature does hereby resolve that California recognizes that building a stable, well-trained direct care workforce to provide supports and services to individuals with mental retardation and other developmental disabilities is important in advancing California's commitment to community integration for those individuals and to personal security for them and their families; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to the author for appropriate distribution throughout the community.

RESOLUTION CHAPTER 70

Assembly Concurrent Resolution No. 75—Relative to Indoor Air Quality Tools for Schools Program.

[Filed with Secretary of State June 24, 2003.]

WHEREAS, In the year 2001, approximately 667,000 children experienced asthma symptoms and approximately 20 percent of those children missed one or more days of school because of those symptoms; and

WHEREAS, Asthma is the most common chronic condition of childhood and is considered to be the leading cause of absenteeism from schools in California; and

WHEREAS, In the year 2000, 27 children under the age of 18 died from asthma in California; and

WHEREAS, Many children without health insurance and adequate health coverage frequently visit emergency rooms and are hospitalized for asthma symptoms, thus imposing a significant burden on hospitals; and

WHEREAS, A parent or guardian of an asthmatic child must take time off from work to care for his or her child when that child experiences an asthma attack; and

WHEREAS, Seven percent of California schools have full-time school nurses and 75 percent have part-time school nurses, causing approximately 50 percent of California schools to be without health care resources at any given time; and

WHEREAS, The school nurse shortage necessitates that other school administrative and teaching staff become knowledgeable about asthma so they can prevent and treat asthma episodes; and

WHEREAS, The National Academy of Sciences Institute of Medicine report, ''Clearing the Air: Asthma and Indoor Air Exposures,'' determined that indoor air pollutants, including many found in schools, play a significant role in promoting asthma attacks; and

WHEREAS, Children with allergic asthma may be particularly susceptible to exposure to indoor air pollution from biological contaminants including dust mites and mold, and all children with asthma may be susceptible to chemical irritants in schools, where ventilation problems are common; and

WHEREAS, School district staff, administrators, teachers, and all school occupants play a part in ensuring good indoor air quality and the reduction of indoor environmental asthma triggers; and

WHEREAS, The United States Environmental Protection Agency has worked with school organizations across the nation to create an easy-to-use, voluntary, and flexible program to help schools and school districts prevent, identify, and remedy indoor air problems, often by using commonsense activities at minimal or no cost; and

WHEREAS, The United States Environmental Protection Agency's experience in California demonstrates that education about the causes of poor indoor air quality helps to achieve dramatic improvements both in urban and suburban schools; and

WHEREAS, The United States Environmental Protection Agency's Indoor Air Quality Tools for Schools Program is being implemented by many California school districts that recognize its benefits to health as well as to staff and community relations; and

WHEREAS, The Indoor Air Quality Tools for Schools Program has been endorsed by leading national health and educational organizations, as well as the State Department of Education, the Association of California School Administrators, California Association of School Business Officials, and the American Lung Association of California; and

WHEREAS, Although schools can implement the Indoor Air Quality Tools for Schools Program without any assistance, startup assistance and continuing assistance is available from the United States Environmental Protection Agency as well from a number of asthma stakeholder organizations including affiliates of the American Lung Association of California and regional and local asthma coalitions; and

WHEREAS, The current fiscal crisis demands that school officials make efficient use of the limited resources available to them; and

WHEREAS, The Indoor Air Quality Tools for Schools Program can help prevent revenue loss caused by workmen's compensation claims, litigation, and lost average daily attendance funding; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California commends each agency, organization, and school district working to implement the Indoor Air Quality Tools for Schools Program in California Schools; and be it further

Resolved, That the Legislature encourages California school districts to implement the Indoor Air Quality Tools for Schools Program for the benefit of asthmatic children and for the health, well-being, learning, and productivity of the entire school population; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 71

Assembly Joint Resolution No. 6—Relative to Korean immigrants.

[Filed with Secretary of State June 24, 2003.]

WHEREAS, An admittedly corrupt Immigration and Naturalization Service (INS) official, Leland Dwayne Sustaire, and rogue immigration consultants fraudulently authorized ''official'' green cards for 275 Korean immigrants over a period of 12 years; and

WHEREAS, in 1998, Leland Sustaire, a former supervisor in the San Jose office of the INS, turned himself in to federal investigators, acknowledging that he had been paid at least $500,000 by immigration brokers to issue green cards to Korean immigrants in California; and

WHEREAS, As a result of this fraudulent scheme, many of these Korean immigrants are facing deportation hearings and undue anxiety after building their lives in California over several years; and

WHEREAS, The INS is seeking to deport these Korean immigrants, seemingly without taking into consideration the role of the INS itself in the fraud; and

WHEREAS, Korean immigrants now threatened with deportation include established professionals, such as, scientists, doctors, Silicon Valley software engineers, and business owners, many of whom have been in the country since the mid-1980s; and

WHEREAS, The San Jose Mercury News, the San Francisco Chronicle, and the Los Angeles Times have recently published a series of articles about one of the largest ''green card'' fraud schemes in California history; and

WHEREAS, INS officials are demanding the Korean immigrants' official documents to prove their innocence, but hundreds of those files were burned by Sustaire, the corrupt former INS official; and

WHEREAS, The INS official who committed the fraud against these immigrants made a plea bargain to avoid prosecution, but only received a sentence of five years probation and a fine of $7,000; and

WHEREAS, The conduct of INS agents must be scrutinized more closely as the INS is transferred to the Department of Homeland Security (DHS) on March 1, 2003; and

WHEREAS, Fraudulent INS agents put into question the integrity of the INS, and consequently that of the DHS which is now responsible for the security of our Nation; and

WHEREAS, on January 22, 2003, United States Representatives Mike Honda (D-San Jose) and Zoe Lofgren (D-San Jose) sent a letter to United States Attorney General John Ashcroft, demanding that the 275 Korean immigrants who may have been victims of a corrupt former INS official be given fair, case-by-case reviews before any deportation proceedings begin; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature urges United States Attorney General John Ashcroft to consider these concerns and to suspend deportation proceedings against the 275 South Korean immigrants until a fair process of review is conducted in each case and until it is proven that there was actual fraud committed on the part of the immigrants. The California Legislature further urges United States Attorney General John Ashcroft and Secretary of the Department of Homeland Security Tom Ridge to implement measures to better police agents within the INS because the INS is now charged to provide security to the American people; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to United States Attorney General John Ashcroft, Secretary of the Department of Homeland Security Tom Ridge, and to United States Representatives Mike Honda and Zoe Lofgren.

RESOLUTION CHAPTER 72

Assembly Joint Resolution No. 12—Relative to the Head Start program.

[Filed with Secretary of State June 24, 2003.]

WHEREAS, Head Start is a 38-year-old federally funded program charged with preparing poverty-level preschoolers for elementary school; and

WHEREAS, Head Start establishes a medical home for children to ensure that they receive services from the dentist, doctor, or mental health professional; and

WHEREAS, Head Start provides case management services as well as quality educational development and parenting classes for families that live well below the federal poverty level; and

WHEREAS, The President of the United States has proposed moving the program to the United States Department of Education from the Department of Health and Human Services, and changing the focus of the program from a comprehensive, family based program, to one with an academic focus, using a narrow view of what ultimately promotes literacy in children; and this proposal fails to recognize that Head Start is not just an early education program but a family focused program; and

WHEREAS, If the proposed changes are implemented, the family development aspect of Head Start will be lost; and

WHEREAS, The President's proposal is designed to eliminate the proven national performance standards and devolve responsibility to each state that may or may not have quality standards in place, and remove parents from their critical role of shared program governance ensuring that services reflect the identified needs of the community ; and

WHEREAS, While we support proposals to allow states to increase full-day Head Start classes, to coordinate state preschool programs and child care programs with Head Start, and to mesh preschool instruction with kindergarten through grade 12 curriculum, inclusive, federal legislation should promote the highest standards to continue collaborative efforts. Head Start has been identified as the model system, which is researched-based and outcome-driven ; and

WHEREAS, If the states are each in charge of funding for Head Start programs, there is the possibility of increased administrative cost, broad interpretations related to funding standards, lack of accountability for federal investment of dollars resulting in disproportionate distribution of services provided, and less resources going toward serving the neediest of the children; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California requests that Congress acknowledge the meritorious aspects and the successes of the Head Start program, maintain funding at the highest possible level, and reject any proposal to move Head Start from the Department of Health and Human Services to the Department of Education, or to devolve the

program or any attempt to limit the scope, or to dismantle the Head Start program; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, to the Secretary of Health and Human Services, to the Secretary of Education, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 73

Assembly Joint Resolution No. 31—Relative to Assyrians in Iraq.

[Filed with Secretary of State June 24, 2003.]

WHEREAS, Assyrians are a Semitic people indigenous to Mesopotamia and are a people distinct from Arabs and Jews; and

WHEREAS, By 2500 B.C., three Assyrian cities were well established and thriving metropoli, including Nineveh, where eminent British archaeologist Sir Max Mallowan in 1932 dug up a pottery sequence showing it to be inhabited by 5000 B.C., Arbel, the oldest extant city, and Ashur; and

WHEREAS, This period around 5000 to 2500 B.C. saw the development of the fundamentals of civilization, including animal domestication, agriculture, pottery, controllable fire in kilns, and smelting. The Assyrian city of Arbel was one of the very earliest permanent agricultural settlements; and

WHEREAS, Between 4500 and 2400 B.C., as complex societies began to appear among Sumerians and in other parts of Mesopotamia, including Assyria, in the form of cities, with craft specialization and writing, Assyrian settlements became large and guarded by fortification walls, which implies the risk of attack and the need for defense and warfare; and

WHEREAS, In 1813 B.C., Assyrian political coherence was clearly in existence. King Shamshi-Adad I established the early Assyrian Empire, and laid the foundation of the Middle Assyrian Empire in 1365 B.C.; and

WHEREAS, The years 745 to 727 B.C. marked the beginning of the greatest expansion of the Assyrian empire with Tiglath-Pileser III. Through a series of able kings, Sargon II, Sennacherib, Esarhaddon, and Ashurbnaipal, Assyria would extend its rule over a vast area, from Egypt up to Cyprus to the west, through Anatolia, to the Caspian region in the east; and

WHEREAS, The Assyrian empires, particularly the Neo-Assyrian (912–612 B.C.), had a profound and lasting impact on the Near East.

Before Assyrian hegemony would come to an end, the Assyrians would bring the highest civilization then known to the world. From the Caspian region to Cyprus, from Anatolia to Egypt, Assyrian imperial expansion would bring into the Assyrian sphere nomadic and barbaric communities and would bestow the gift of civilization upon them; and

WHEREAS, Today we are far removed from that time, yet some of our most basic and fundamental devices of daily survival, to which we have become so accustomed that we cannot conceive of life without them, are believed by many to have originated in Assyria. One cannot imagine leaving his or her home without locking the door; it is in Assyria where locks and keys were first used. One cannot survive in this world without knowing the time; it is in Assyria that the sexagesimal system of keeping time was developed. One cannot imagine driving without paved roads; it is in Assyria where paved roads were first used. Other developments originating in Assyria include the first postal system, the first use of iron, the first magnifying glasses, the first libraries, the first plumbing and flush, the first electric batteries, the first guitars, the first aqueducts, and the first arch; and

WHEREAS, Not only things originated in Assyria, but also ideas that would shape the world to come, including the idea of imperial administration, of dividing the land into territories administered by local governors who report to the central authority, the King of Assyria. This fundamental model of administration has survived to this day, as can be seen in America's federal-state system; and

WHEREAS, It is in Assyria that civilization itself was developed and handed down to future generations. It is here where the first steps in the cultural unification of the Middle East were taken by bringing under Assyrian rule the diverse groups in the area, from Iran to Egypt, breaking down ethnic and national barriers and preparing the way for the cultural unification that facilitated the subsequent spread of Hellenism, Judaism, Christianity, and Islam; and

WHEREAS, In the 20th century, Assyrians have suffered massive genocide, have lost control of their ancestral lands, and are in a struggle for survival. The Assyrian nation today stands at a crossroad. One-third of its population is in a diaspora, while the remaining two-thirds of the population lives perilously in its native lands; and

WHEREAS, In spite of the struggle for survival, the Assyrian Levies have performed heroic acts fighting on the Asian, European, and African fronts from after World War I until 1955, including a victory over the pro-German rebel forces backed by the Iraqi government that prevented the oil fields from falling into the hands of Nazi Germany in the early stages of World War II, thereby guaranteeing the continuous oil supply for the Allies in the Middle East; and

WHEREAS, In 1955, the Assyrian Levy was dismantled and the force was integrated in the Iraqi Army. The Assyrians withdrew in isolation. With the coming of the Arab national parties to power in Iraq since 1963, the oppression of the Assyrians became visible and obvious; and

WHEREAS, In the late 1970s, the Assyrian private schools were closed, and teaching the Syriac language of the Assyrians was prohibited. In the 1977 and 1987 Iraqi general census, the Assyrians were prohibited from registering as Assyrians and were given the option of registering as Arabs or Kurds only; and

WHEREAS, In 1981, as the Iraq-Iran War commenced, many Assyrian families in Iraq were deported to Iran. These families were forced to leave their homes and properties behind. The Iraqi government deported these families despite the fact that members of these families were born in Iraq; and

WHEREAS, Since 1985, many Assyrian villages and ancient churches and monasteries have been destroyed; and

WHEREAS, After the 1991 Gulf War, the Assyrians in northern Iraq began to face acts of aggression, assassination, and intimidation. Other ethnic groups were encouraged to move and live in purely Assyrian villages in order to change the demographic picture of the purely Assyrian regions. Many acts of assassination against Assyrian priests and political leaders took place, rape cases against Assyrian young women increased, and attacks on Assyrian villages were reported. None of the perpetrators were brought to justice even when the criminals were identified; and

WHEREAS, With continued attempts by the Iraqi opposition to marginalize legitimate Assyrian representation in ongoing deliberations about the future of Iraq, three Members of the United States Congress have sent a terse letter to the United States State Department expressing concern about the undemocratic nature of the Iraqi National Assembly meetings. The bipartisan letter was spearheaded by the Honorable Rod Blagojevich (D-Illinois) and cosigned by the Honorable Anna Eshoo, (D-California), an Assyrian, and the Honorable Frank Wolf (R-Virginia); and

WHEREAS, An estimated 350,000 Assyrians have migrated to the United States, many of them concentrated in the Turlock-Modesto-Ceres areas and in Detroit and Chicago. They brought with them farming and business skills, entrepreneurial ideas, capital, and their religious heritage; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That, considering the ancestral history of the Assyrians in Iraq, it is a matter of urgent and enduring importance that Assyrians be given a seat of recognition at the table during negotiations regarding the postconflict restructuring in Iraq; and be it further

Resolved, That California's Senators and Members of the House of Representatives should take all prudent and necessary steps to ensure that this matter is addressed at the highest levels of our federal government; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the United States Secretary of State, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 74

Senate Concurrent Resolution No. 28—Relative to California Indian Heritage Month.

[Filed with Secretary of State June 25, 2003.]

WHEREAS, President George W. Bush proclaimed November 2002 as National American Indian Heritage Month in recognition of American Indians and Alaska Natives; and

WHEREAS, California Indians, through their rich cultural traditions and proud ancestry, have made vital contributions to the strength and diversity of our society; and

WHEREAS, In recognition of the sovereignty of the California Indian nations to be self-governing, self-supporting, and self-reliant, we are working to protect and enhance tribal resources; and

WHEREAS, As of the last census, over 330,000 American Indians were living in California, more than any other state; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature proclaims that the month of November 2003 be recognized as California Indian Heritage Month, encourages the observance of this event with activities that celebrate our uniqueness as Americans, and takes this opportunity to commend California Indian nations for their outstanding contributions to this great state; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 75

Senate Joint Resolution No. 8—Relative to saltcedar (Tamarix) eradication.

[Filed with Secretary of State June 25, 2003.]

WHEREAS, Willliam Byrne, board member of the Desert Water Agency, Palm Springs, has dedicated countless hours of detailed research and determination to bring the excessive water consumption and invasive nature of saltcedar (Tamarix) to the attention of the State of California; and

WHEREAS, There is a considerable body of evidence that suggests that saltcedar, which was planted in the late 1800s throughout the United States in order to stabilize stream banks that were subject to erosion, has rapidly spread throughout the western United States due to its aggressive and invasive nature and ability to adapt to both drought and wet conditions; and

WHEREAS, Some researchers have estimated that a mature saltcedar can use up to 200 gallons of water per tree per day, representing an unacceptable exotic overdraft on limited water resources; and

WHEREAS, Conservative estimates indicate that saltcedar along the Colorado River between Hoover Dam and the United States-Mexico border consume in excess of 600,000 acre-feet of water per year; and

WHEREAS, Saltcedar exudes salt from its leaves that can contaminate soil and water resources in the areas in which it grows; and

WHEREAS, It is in the best interest of all states with Colorado River water allocations to minimize the impact of and eradicate noxious, nonnative, invasive plant species that extract water from the river; and

WHEREAS, Various states are having increasing difficulty in meeting their obligations under interstate compacts to deliver Colorado River water; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the President and the Congress of the United States to take necessary action to immediately implement a project to eradicate saltcedar along the Colorado River within the State of California as well as other states through which the Colorado River and its tributaries pass, in order to protect a crucial water source and supply, inhibit the depletion or contamination of potable water supplies, and increase the yield of the Colorado River and other natural surface water sources; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States and to all Members of the Congress of the United States.

RESOLUTION CHAPTER 76

Assembly Concurrent Resolution No. 2—Relative to the William H. Lancaster Memorial Freeway.

[Filed with Secretary of State June 27, 2003.]

WHEREAS, William H. (''Bill'') Lancaster was born in Bakersfield and attended public schools in Sacramento and Southern California; and

WHEREAS, Bill Lancaster was elected to the Duarte City Council in 1958 and reelected in 1962, and served three terms as the city's mayor; and

WHEREAS, Bill Lancaster was a district representative for Congressman Charles Wiggins from 1967 to 1972; and

WHEREAS, Bill Lancaster was elected to the California Assembly in 1972 where he served on the Assembly Committee on Rules, the Assembly Committee on Transportation, and the Assembly Committee on Local Government; and

WHEREAS, Bill Lancaster was honored as Legislator of the Year by the League of California Cities in 1991 for his efforts to protect city finances; and

WHEREAS, During his tenure on the Assembly Committee on Transportation, Bill Lancaster fought for the extension of State Highway Route 210; and

WHEREAS, Bill Lancaster retired from the Assembly in 1992; and

WHEREAS, It would be a fitting tribute to the memory of Bill Lancaster for a portion of State Highway Route 210 to be named the William H. Lancaster Memorial Highway; now, therefore, be it

Resolved, by the Assembly of the State of California, The Senate thereof concurring, That the Legislature hereby officially designates the portion of State Highway Route 210 from the City of Duarte to the State Highway Route 15 exit the William H. Lancaster Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author of this resolution for appropriate distribution.

RESOLUTION CHAPTER 77

Assembly Concurrent Resolution No. 53—Relative to the Fair Housing Act of 1963.

[Filed with Secretary of State June 27, 2003.]

WHEREAS, The history of the civil rights movement has several landmark setbacks and achievements; and

WHEREAS, The struggle to prohibit discrimination in the sale and rental of housing was an elusive goal for many years; and

WHEREAS, For many years, Assembly Member Augustus Hawkins of Los Angeles introduced unsuccessful legislation to prohibit discrimination in the sale of housing on the basis of race; and

WHEREAS, In 1963, with the support and encouragement of Governor Pat Brown and former Governor Earl Warren, Assembly Member W. Byron Rumford of Oakland introduced Assembly Bill No. 1240 to give all Californians the equal opportunity to purchase or rent housing without regard to their race; and

WHEREAS, The legislation encountered strong opposition from organizations representing business, property owners, and real estate brokers; and

WHEREAS, Assembly Bill No. 1240 received final passage in the Assembly on a vote of 47-24 and in the Senate by a vote of 22-18; and

WHEREAS, Opponents of the legislation sponsored Proposition 14, a ballot measure to amend the California Constitution to make legal discrimination in the sale or rental of housing; and

WHEREAS, Proposition 14 was approved by the electorate by a margin of almost two to one; and

WHEREAS, In 1967 on a vote of 5 to 4, the United States Supreme Court declared the constitutional amendment null and void as violative of the United States Constitution; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature commemorates the 40th anniversary of the passage of the Fair Housing Act of 1963 authored by Assembly Member W. Byron Rumford and the progress that has been made to afford equal housing opportunities to all Californians regardless of race; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 78

Assembly Concurrent Resolution No. 95—Relative to the Year of the Blues.

[Filed with Secretary of State June 27, 2003.]

WHEREAS, Blues music is the most influential form of American roots music, with its impact heard around the world in rock and roll, jazz, rhythm and blues, country, and even classical music; and

WHEREAS, The Blues is a national historic treasure, which needs to be preserved, studied, and documented for future generations; and

WHEREAS, The Blues is an important documentation of African-American culture in the twentieth century; and

WHEREAS, The various forms of the Blues document twentieth-century American history during the Great Depression and in the areas of race relations, pop culture, and the migration of the United States from a rural, agricultural society to an urban, industrialized nation; and

WHEREAS, The Blues is the most celebrated form of American roots music, with hundreds of festivals held and millions of new or reissued Blues albums released each year in the United States; and

WHEREAS, The Blues and Blues musicians from the United States, whether old or new, male or female, are recognized and revered worldwide as unique and important ambassadors of the United States and its music; and

WHEREAS, It is important to educate people of the United States to understand that the music they listen to today has its roots and traditions in the Blues; and

WHEREAS, There are many living legends of the Blues in the United States who need to be recognized and have their story captured and preserved for future generations; and

WHEREAS, The year 2003 is the centennial anniversary of when W.C. Handy, a classically trained musician, heard the Blues for the first time in a train station in Mississippi, thus enabling him to compose the first Blues music to distribute throughout the United States, which led to him being named ''Father of the Blues''; and

WHEREAS, The 107th Congress designated the year beginning February 1, 2003, as the ''Year of the Blues''; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature designate the year beginning February 1, 2003, as the ''Year of the Blues''; and be it further

Resolved, That the Governor is requested to issue a proclamation calling on the people of California to observe the ''Year of the Blues'' with appropriate ceremonies, activities, and educational programs.

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 79

Assembly Joint Resolution No. 10—Relative to the Imperial County Airport.

[Filed with Secretary of State June 27, 2003.]

WHEREAS, The Imperial County Airport is currently the primary airport facility located in Imperial County in terms of commercial and general aviation facilities, runway systems, emergency services, and related facilities for handling inspections and ground service for commercial and general aviation in the county; and

WHEREAS, With the adoption of the North American Free Trade Agreement, there is a need for a larger airport to support present and future trade between Mexico and Imperial County; and

WHEREAS, The Imperial County Airport has two runways providing 100 percent coverage for landing planes in heavy crosswind situations, thus providing a greater safety factor for air travel; and

WHEREAS, Emergency services located at the Imperial County Airport provide faster response time, and ensure a higher safety factor in emergencies; and

WHEREAS, The Imperial County Airport provides conveniences for the public, as well as general aviators, such as: an adjacent hotel with a restaurant, two fixed base operations, an onsite airport mechanic, base facilities for air freight (United Express and Federal Express) operation servicing both Mexico and the Imperial Valley, and base operations for an air ambulance that services Imperial County and Mexico's Mexicali Valley; and

WHEREAS, The Imperial County Airport continues to provide base operations for the United Kingdom's Royal Air Force Brize Norton parachute training detachments, and provides fuel and various amenities to the United States Military; and

WHEREAS, The Imperial County Airport terminal provides car rental agencies, daily commercial flight service, and rental suites which

include space for the area's member in the United States House of Representatives; and

WHEREAS, Calexico international airport is the only designated international airport of entry for the County of Imperial, and is an important part of the Imperial County infrastructure and should continue in that capacity; and

WHEREAS, Designation as an International Port of Entry requires approval of the Congress of the United States; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the Congress of the United States to designate the Imperial County Airport as an additional International Port of Entry for Imperial County; and be it further

Resolved, That the Legislature request that the Board of Supervisors of the County of Imperial direct the County Airport Manager to pursue all appropriate action in furtherance of the United States Congress designating the Imperial County Airport as an International Port of Entry and authorize the Chairman of the Board of Supervisors to execute all necessary documents for the designation; and be it further

Resolved, That any future activities associated with, or resulting from, the passage of this measure should involve the cooperation and participation of local, regional, state, and federal transportation and planning partners; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, the Speaker of the House of Representatives, the President pro Tempore of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 80

Assembly Concurrent Resolution No. 7—Relative to California Highway Patrol Officer Don J. Burt Memorial Highway.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, California Highway Patrol Officer Don J. Burt, a dedicated officer, was killed while in the line of duty on the evening of July 13, 1996, when he was fatally shot by a suspect during a traffic stop on State Highway Route 57; and

WHEREAS, An estimated 4,500 police officers and other mourners, including officers from Maryland and New Jersey, attended his funeral, including then Governor Pete Wilson; and

WHEREAS, Officer Burt is remembered as a dedicated officer with an infectious sense of humor that endeared him to friends, colleagues, and his supervisors; and

WHEREAS, Officer Burt was only 25 years old at the time of his death, and was survived by his wife, Kristin, his son, Cameron, and his parents, Don and Jeannie; and

WHEREAS, Officer Burt's father, father-in-law, and brother-in-law are all peace officers; and

WHEREAS, It is appropriate that the sacrifice of this young man, killed in the line of duty, be remembered on a highway memorializing his dedication to public service; and

WHEREAS, It would be a fitting tribute to Officer Burt to name the portion of State Highway Route 57, between Orangethorpe Avenue and Yorba Linda Boulevard, as the ''CHP Officer Don J. Burt Memorial Highway''; and

WHEREAS, This memorial highway will continue to remind us of the sacrifices California Highway Patrol and other peace officers make on a daily basis; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates that portion of State Highway Route 57 between Orangethorpe Avenue and Yorba Linda Boulevard in Orange County as the ''CHP Officer Don J. Burt Memorial Highway''; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those plaques and markers within the right-of-way of that portion of State Highway Route 57; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 81

Assembly Concurrent Resolution No. 19—Relative to Joash E. Paul Memorial Highway.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, Joash E. Paul, born September 23, 1919, was a lifelong resident of the City of Turlock where he was a rancher, an entrepreneur, and a dedicated servant of the people of Stanislaus County; and

WHEREAS, Joash E. Paul was elected to the Stanislaus County Board of Supervisors in 1968 and served as a board member until 1980; and

WHEREAS, Joash E. Paul was a rancher of 50 years, worked in real estate for 25 years, and until the mid-1970s helped operate a family-owned lodging and dining establishment along State Highway Route 99 where it passed through the City of Turlock; and

WHEREAS, After retiring from the board of supervisors, Joash E. Paul served as president of the fundraising foundation for, and as a board member of, the then county-owned Scenic General Hospital in the City of Modesto; and

WHEREAS, Joash E. Paul was an active member of various community organizations in the City of Turlock, including the Assyrian American Civic Club, the Sacred Heart Catholic Church, and the Portuguese Union of the State of California; and

WHEREAS, Joash E. Paul was involved with important issues affecting residents of the County of Stanislaus and the City of Turlock; and

WHEREAS, Joash E. Paul died in the year 2000 and was described as a good man who was dedicated to his family and community and was a tremendous leader for the Assyrian community and the central valley of California; and

WHEREAS, It is fitting and proper that the portion of State Highway Route 99 between Mitchell Road and the Stanislaus/Merced county line in the County of Stanislaus be designated the Joash E. Paul Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature hereby designates that portion of State Highway Route 99 between Mitchell Road and the Stanislaus/Merced county line in the County of Stanislaus as the Joash E. Paul Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing these special designations, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and the author for appropriate distribution.

RESOLUTION CHAPTER 82

Assembly Concurrent Resolution No. 30—Relative to William ''Bill'' Lehn Memorial Highway.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, Fresno Police Officer William ''Bill'' Lehn, a dedicated officer, was killed while in the line of duty on June 21, 1994, when his Fresno Police Department motorcycle collided with a car while he was attempting to make a traffic stop; and

WHEREAS, Officer Lehn was born in Hanford and raised in Lemoore, graduating in 1974 from Lemoore High School; and

WHEREAS, Officer Lehn began his career in law enforcement in 1979 when he joined the City of San Joaquin Police Department. In 1980, he was hired by the Kings County Sheriff's Department where he was a deputy until he was hired by the Fresno Police Department in 1986; and

WHEREAS, Officer Lehn was a well liked officer who was remembered as a pleasure to know and to work with; and

WHEREAS, Officer Lehn was survived by his wife, Tina, their three daughters, Christina, Valerie, and Melissa, a stepson, Robert Gretsch, and his mother, Evelyn; and

WHEREAS, It is appropriate that the sacrifice of this man killed in the line of duty at 38 years of age be remembered on a highway memorializing his dedication to public service; and

WHEREAS, It would be a fitting tribute to Officer Lehn to name the portion of State Highway Route 99 between the Mountain View Crossing in southern Fresno County to the San Joaquin River on the northern boundary, as the William ''Bill'' Lehn Memorial Highway;'' and

WHEREAS, This memorial highway will continue to remind us of the sacrifices peace officers make on a daily basis; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates that portion of State Highway Route 99 between Mountain View Crossing in southern Fresno County to the San Joaquin River on the northern boundary as the William ''Bill'' Lehn Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements, for the state highway system, showing this special designation, and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 83

Assembly Concurrent Resolution No. 35—Relative to the Steven Lindblom Memorial Freeway.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, Madera County Sheriff's Deputy Steven Lindblom was killed by gunfire in 1975 when a deranged gunman ambushed him from a barricaded residence upon his response to a hostage situation; and

WHEREAS, It is appropriate to recognize the service of the peace officer who gave his life for his community by designating, in his honor, an appropriate portion of State Highway Route 99 in the community in which he served; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby officially designates the portion of State Highway Route 99 from the southern city limits of Madera to the Madera/Merced County line as the Steven Lindblom Memorial Freeway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing these special designations, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author of this resolution for appropriate distribution.

RESOLUTION CHAPTER 84

Assembly Concurrent Resolution No. 38—Relative to Thomas E. Burnett, Jr. Memorial Bridge.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, Thomas E. Burnett, Jr. lived with his wife Deena and daughters Halley, Madison, and Anna Claire in the City of San Ramon; and

WHEREAS, On September 11, 2001, terrorists hijacked four civilian aircraft, crashing two of them into the twin towers of the World Trade Center in New York City, and a third into the Pentagon outside Washington, D.C.; and

WHEREAS, Thomas E. Burnett, Jr. was a passenger on United Airlines Flight 93, the fourth hijacked aircraft, which crashed in southwestern Pennsylvania after passengers tried to take control of the aircraft in order to prevent the hijackers from probably crashing the aircraft in Washington D.C. into an important symbol of democracy and freedom; and

WHEREAS, The heroic actions taken by Thomas E. Burnett, Jr. and his fellow passengers likely prevented the further loss of life; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Fostoria Overcrossing on State Highway Route 680 in the City of San Ramon is hereby officially designated the Thomas E. Burnett, Jr. Memorial Bridge; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation, and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 85

Assembly Concurrent Resolution No. 54—Relative to the Screaming Eagles Highway.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, State Highway Route 101 is a north-south highway, spanning most of California, from the United States-Mexican border up through Oregon; and

WHEREAS, A portion of State Highway Route 101 passes through the County of Ventura; and

WHEREAS, State Highway Route 101 has a strong significance for the military personnel of the 101st Airborne Division, the Screaming

Eagles, who travel on the highway, as the route number reminds the personnel of their experiences during any one of the wars that they participated in; and

WHEREAS, The State of California has the largest United States veteran population in the nation, comprised of some 3.3 million armed services veterans and representing 12.3 percent of the nationwide veteran population of nearly 27 million; and

WHEREAS, The 101st Airborne Division traces its lineage to World War I with the formation of the 101st Division on July 23, 1918, and subsequently has been involved in every major war that the United States has participated in since then; and

WHEREAS, The 101st Airborne Division was instrumental in the success of the D-Day Invasion, in the Operation Market Garden in Holland, in Bastogne for the Battle of the Bulge, in Vietnam for Operation Nevada Eagle, and in many other courageous missions worldwide; and

WHEREAS, It is fitting and proper that State Highway Route 101 in the County of Ventura be designated the Screaming Eagles Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates that portion of State Highway Route 101 located in the County of Ventura as the Screaming Eagles Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing these special designations, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and the author for appropriate distribution.

RESOLUTION CHAPTER 86

Assembly Concurrent Resolution No. 73—Relative to the Danielle van Dam Memorial Overpass.

[Filed with Secretary of State July 2, 2003.]

WHEREAS, On September 22, 1994, in Plano, Texas, Danielle Nicole van Dam was born weighing 10 pounds and 15 ounces and ready to face the world; and

WHEREAS, Danielle had an older brother, Derek, and a younger brother, Dylan; and

WHEREAS, Danielle's favorite colors were pink and purple and she enjoyed writing in her journals, ballet, gymnastics, Girl Scouts, and playing with her brothers and with friends; and

WHEREAS, Danielle was taught to respect others the way that she would want to be respected; and

WHEREAS, Danielle was a very special person who truly cared about the feelings of others; and

WHEREAS, When she was seven, Danielle's family was planning a trip to Italy which was to take place on February 9, 2002; and

WHEREAS, On February 2, 2002, Danielle was abducted from her bedroom; and

WHEREAS, A search center was put together by the Laura Recovery Center and over 2,000 people volunteered to search for Danielle; and

WHEREAS, The picture used on Danielle's missing child posters was her passport photograph, taken on February 1, 2002, in anticipation of the trip to Italy; and

WHEREAS, On February 27, 2002, Danielle's body was found on Dehesa Road in El Cajon, near Interstate Highway Route 8; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the overpass on State Highway Route 8 at 2nd Street in El Cajon be designated the ''Danielle van Dam Memorial Overpass'' in honor of Danielle van Dam; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 87

Senate Concurrent Resolution No. 10—Relative to tribal gaming.

[Filed with Secretary of State July 8, 2003.]

WHEREAS, Existing federal law, the Indian Gaming Regulatory Act, provides for the negotiation and execution of tribal-state gaming compacts for the purpose of authorizing certain gaming activities on Indian lands within a state; and

WHEREAS, California law expressly ratifies specified tribal-state gaming compacts; and

WHEREAS, The Torres Martinez Desert Cahuilla Indians desire to enter into a tribal-state compact with the State of California to allow the tribe to benefit from the Indian Gaming Regulatory Act; and

WHEREAS, The Torres Martinez Desert Cahuilla Indians should be given the same rights as other federally recognized tribes in California who have entered into compacts with the state and have enjoyed the economic boon brought by gaming; and

WHEREAS, The Torres Martinez Tribe, like other tribes in California, is comprised of proud people whose rich cultural heritage has enabled them to endure countless hardships; and

WHEREAS, The Torres Martinez Tribe deserves an opportunity to provide new resources and opportunities for its people; and

WHEREAS, The request of the Torres Martinez Tribe for the same tribal-state compact that has been granted to 61 other California tribes should be honored at this time; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Governor remedy this situation immediately by executing a tribal-state compact with the Torres Martinez Desert Cahuilla Indians; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the Governor.

RESOLUTION CHAPTER 88

Senate Concurrent Resolution No. 37—Relative to Juneteenth.

[Filed with Secretary of State July 8, 2003.]

WHEREAS, Juneteenth commemorates the strong survival instinct of African-Americans who were first brought to this country stacked in the bottom of slave ships in a month-long journey across the Atlantic Ocean known as the ''Middle Passage''; and

WHEREAS, Events in the history of the United States that led to the start of the Civil War in 1861 centered on sectional differences between the North and the South that were based on the economic and social divergence caused by the existence of slavery; and

WHEREAS, In 1862, the first clear signs that the end of slavery was imminent appeared when laws abolishing slavery were adopted in the territories of Oklahoma, Nebraska, Colorado, and New Mexico; and

WHEREAS, In September 1862, President Lincoln issued the celebrated Emancipation Proclamation, warning the rebellious Confederate states that he would declare their slaves ''forever free'' if those states did not return to the Union by January 1, 1863; and

WHEREAS, Enforcement of the Emancipation Proclamation occurred only in Confederate states that were under Union Army control; and

WHEREAS, On January 31, 1865, Congress passed the Thirteenth Amendment to the United States Constitution, abolishing slavery throughout the United States and its territories; and

WHEREAS, Spontaneous celebration erupted throughout the country when African-Americans learned of their freedom; and

WHEREAS, Juneteenth, or June 19, 1865, is considered the date when the last slaves in America were freed when General Gordon Granger rode into Galveston, Texas, and issued General Order No. 3, almost two and one-half years after President Lincoln issued the Emancipation Proclamation; and

WHEREAS, Observance of Juneteenth, a reminder of emancipation, spread from Texas to the neighboring States of Louisiana, Arkansas, and Oklahoma, as well as Alabama, Florida, and California, where many African-American Texans migrated; and

WHEREAS, Juneteenth symbolizes freedom, celebrates the abolishment of slavery, and reminds all Americans of the significant contributions of African-Americans to our society; and

WHEREAS, Juneteenth celebrations are a tribute to those African-Americans who fought so long and worked so hard to make the dream of equality a reality; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California urges the people of California to join in celebrating Juneteenth, or June 19, 2003, as a day to honor and reflect on the significant role that African-Americans have played in the history of the United States and how they have enriched society through their steadfast commitment to promoting brotherhood and equality; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 89

Assembly Concurrent Resolution No. 17—Relative to highways.

[Filed with Secretary of State July 8, 2003.]

WHEREAS, State Highway Route 108 is an east-west highway, spanning central California, from the City of Modesto to the junction of State Highway Route 395 in Mono County; and

WHEREAS, A portion of State Highway Route 108 passes through Tuolumne County; and

WHEREAS, The State of California has the largest United States veteran population in the nation, comprised of some 3.3 million armed services veterans who represent 12.3 percent of the nationwide veteran population of nearly 27 million; and

WHEREAS, More than 350,000 California veterans served in the Vietnam War, which resulted in 40,000 of them being wounded and 5,822 killed or missing in action, representing more than 10 percent of the nation's total casualties; and

WHEREAS, More California residents died in the Vietnam War than residents of any other state, and more Californians received the Medal of Honor, the Bronze Star, and the Purple Heart than veterans of any other state; and

WHEREAS, The residents of Tuolumne County wish to express their gratitude and appreciation for the sacrifices these Vietnam veterans have made for their country; and

WHEREAS, It is fitting and proper that State Highway Route 108 in Tuolumne County be designated as the Tuolumne County Vietnam Veterans Memorial Highway; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby designates that portion of State Highway Route 108 located in Tuolumne County as the Tuolumne County Vietnam Veterans Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

———

RESOLUTION CHAPTER 90

Assembly Concurrent Resolution No. 29—Relative to Daniel J. Muehlhausen Memorial Highway.

[Filed with Secretary of State July 8, 2003.]

WHEREAS, The calling to be a peace officer is one of the highest vocations of public service, and any individual who accepts this calling is worthy of the highest respect and honor the community, state, and nation can provide; and

WHEREAS, California Highway Patrol Officer Daniel J. Muehlhausen, badge number 13933, was killed in the line of duty on June 1, 1997. Daniel J. Muehlhausen was struck by an errant driver while en route to assist a disabled motorist on eastbound State Highway Route 62 east of State Highway Route 177; and

WHEREAS, Daniel J. Muehlhausen succumbed to his injuries as a result of this collision; and

WHEREAS, Daniel J. Muehlhausen was survived at the time of the accident by his father, Ernest, his mother Elaine, his brother David, and many beloved family members and friends; and

WHEREAS, Daniel J. Muehlhausen was born on August 8, 1966, in Hemet, California. He lived in Riverside, California where he attended and graduated from Notre Dame High School; and

WHEREAS, Prior to beginning his career with the California Highway Patrol, Daniel J. Muehlhausen graduated from the University of California, Riverside, with a degree in Philosophy; and

WHEREAS, Daniel J. Muehlhausen joined the California Highway Patrol on October 17, 1994. After successfully completing his academy training on April 20, 1995, he reported to the Indio area; and

WHEREAS, Daniel J. Muehlhausen made significant contributions to traffic safety and to the motoring public while assigned to the Indio office of the California Highway Patrol; and

WHEREAS, Daniel J. Muehlhausen served two years as a sworn peace officer for the California Highway Patrol and was known by his fellow officers for his dedication to the department and to the protection of the citizens of this state; and

WHEREAS, It would be a fitting tribute to the memory of Officer Daniel J. Muehlhausen to name a 10-mile segment of State Highway Route 62, near its intersection with State Highway Route 177, in Riverside County, as the ''CHP Officer Daniel J. Muehlhausen Memorial Highway''; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby officially designates that portion of State Highway Route 62, from 5.4 miles west to 4.6 miles east

of the intersection with State Highway Route 177, in Riverside County, the ''CHP Officer Daniel J. Muehlhausen Memorial Highway''; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author of this resolution for appropriate distribution.

RESOLUTION CHAPTER 91

Assembly Concurrent Resolution No. 110—Relative to Probation, Parole, and Community Supervision Officers' Week.

[Filed with Secretary of State July 8, 2003.]

WHEREAS, Probation and parole officers are an essential part of the criminal justice system; and

WHEREAS, Probation and parole officers uphold the law with dignity, while recognizing the right of the public to be safeguarded from criminal activity; and

WHEREAS, Probation and parole officers are responsible for supervising adult and juvenile offenders in the community; and

WHEREAS, Probation and parole officers are trained professionals who provide services and referrals for offenders; and

WHEREAS, Probation and parole officers work in partnership with community agencies and groups; and

WHEREAS, Probation and parole officers promote prevention, intervention, and advocacy; and

WHEREAS, Probation and parole officers provide services, support, and protection for victims; and

WHEREAS, Probation and parole officers advocate community and restorative justice; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature proclaims July 13 to 19, 2003, as Probation, Parole, and Community Supervision Officers' Week; and be it further

Resolved, That the Legislature encourages all citizens to honor these probation and parole officers, and to recognize their achievements.

RESOLUTION CHAPTER 92

Senate Concurrent Resolution No. 4—Relative to the California Law Revision Commission.

[Filed with Secretary of State July 9, 2003.]

WHEREAS, The California Law Revision Commission is authorized to study topics set forth in the calendar contained in its report to the Governor and the Legislature that are thereafter approved for study by concurrent resolution of the Legislature, and topics that have been referred to the commission for study by concurrent resolution of the Legislature; and

WHEREAS, The commission, in its annual report covering its activities for 2002 and 2003, recommends continued study of 20 topics, all of which the Legislature has previously authorized or directed the commission to study, and further recommends addition of one new topic to its calendar; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature approves for continued study by the California Law Revision Commission the topics listed below, all of which the Legislature has previously authorized or directed the commission to study:

(1) Whether the law should be revised that relates to creditors' remedies, including, but not limited to, attachment, garnishment, execution, repossession of property (including the claim and delivery statute, self-help repossession of property, and the Commercial Code provisions on repossession of property), confession of judgment procedures, default judgment procedures, enforcement of judgments, the right of redemption, procedures under private power of sale in a trust deed or mortgage, possessory and nonpossessory liens, insolvency, and related matters.

(2) Whether the California Probate Code should be revised, including, but not limited to, the issue of whether California should adopt, in whole or in part, the Uniform Probate Code, and related matters.

(3) Whether the law should be revised that relates to real and personal property including, but not limited to, a marketable title act, covenants, servitudes, conditions, and restrictions on land use or relating to land, powers of termination, escheat of property and the disposition of

unclaimed or abandoned property, eminent domain, quiet title actions, abandonment or vacation of public streets and highways, partition, rights and duties attendant upon assignment, subletting, termination, or abandonment of a lease and related matters.

(4) Whether the law should be revised that relates to family law, including, but not limited to, community property, the adjudication of child and family civil proceedings, child custody, adoption, guardianship, freedom from parental custody and control, and related matters, including other subjects covered by the Family Code.

(5) Whether the law relating to offers of compromise should be revised.

(6) Whether the law relating to discovery in civil cases should be revised.

(7) Whether the acts governing special assessments for public improvement should be simplified and unified.

(8) Whether the law relating to the rights and disabilities of minors and incompetent persons should be revised.

(9) Whether the Evidence Code should be revised.

(10) Whether the law relating to arbitration, mediation, and other alternative dispute resolution techniques should be revised.

(11) Whether there should be changes to administrative law.

(12) Whether the law relating to the payment and the shifting of attorney's fees between litigants should be revised.

(13) Whether the Uniform Unincorporated Nonprofit Association Act, or parts of that uniform act, and related provisions should be adopted in California.

(14) Recommendations to be reported pertaining to statutory changes that may be necessitated by court unification.

(15) Whether the law of contracts should be revised, including the law relating to the effect of electronic communications on the law governing contract formation, the statute of frauds, the parol evidence rule, and related matters.

(16) Whether the law governing common interest housing developments should be revised to clarify the law, eliminate unnecessary or obsolete provisions, consolidate existing statutes in one place in the codes, establish a clear, consistent, and unified policy with regard to formation and management of these developments and transaction of real property interests located within them, and to determine to what extent they should be subject to regulation.

(17) Whether the statutes of limitation for legal malpractice actions should be revised to recognize equitable tolling or other adjustment for the circumstances of simultaneous litigation, and related matters.

(18) Whether the law governing disclosure of public records and the law governing protection of privacy in public records should be revised

to better coordinate them, including consolidation and clarification of the scope of required disclosure and creation of a single set of disclosure procedures, to provide appropriate enforcement mechanisms, and to ensure that the law governing disclosure of public records adequately treats electronic information, and related matters.

(19) Whether the law governing criminal sentences for enhancements relating to weapons or injuries should be revised to simplify and clarify the law and eliminate unnecessary or obsolete provisions.

(20) Whether the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7 of the Government Code) and the Mitigation Fee Act (Chapter 5 (commencing with Section 66000), Chapter 6 (commencing with Section 66010), Chapter 7 (commencing with Section 66012), Chapter 8 (commencing with Section 66016), and Chapter 9 (commencing with Section 66020) of Division 1 of Title 7 of the Government Code) should be revised to improve their organization, resolve inconsistencies, clarify and rationalize provisions, and related matters; and be it further

Resolved, That the Legislature approves for study by the California Law Revision Commission the new topic listed below:

(1) Whether the Uniform Statute and Rule Construction Act (1995) should be adopted in California in whole or part, and related matters; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to the California Law Revision Commission.

RESOLUTION CHAPTER 93

Assembly Concurrent Resolution No. 31—Relative to pupil fitness.

[Filed with Secretary of State July 11, 2003.]

WHEREAS, There has been a dramatic increase in overweight and unfit California children during the last 20 years; and

WHEREAS, Overweight children face an increased risk of health problems, including, but not limited to, Type 2 diabetes, high blood pressure, high blood lipids, asthma, sleep apnea, chronic hypoxemia, early maturation, and orthopedic problems; and

WHEREAS, Overweight children are similarly faced with many psychological problems, including, but not limited to, low self-esteem, poor body image, and depression; and

WHEREAS, Overweight children are likely to become overweight adults, and are thus likely to suffer from illness during their adulthood; and

WHEREAS, The problem of overweight children results in an enormous financial burden on California as significant medical and financial resources are expended in treating overweight youth and adults; and

WHEREAS, Physical fitness plays a key role in keeping children healthy by reducing their risk of becoming obese and suffering from related diseases; and

WHEREAS, The Legislature recognizes that California schools play a pivotal role in keeping children fit by complying with physical fitness requirements; and

WHEREAS, Many California schools have failed to comply with existing physical education requirements, thus exacerbating the problem of overweight children; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes the importance of physical education in maintaining healthy children, and urges California schools to fulfill their physical education obligations; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor and to the State Department of Education and that the State Department of Education disseminate this resolution to the governing board of each school district.

RESOLUTION CHAPTER 94

Assembly Concurrent Resolution No. 39—Relative to the San Francisco-Oakland Bay Bridge.

[Filed with Secretary of State July 11, 2003.]

WHEREAS, In 1989, the Loma Prieta earthquake collapsed a section of the east span of the San Francisco-Oakland Bay Bridge; and

WHEREAS, The selection process to determine the design for the reconstruction of the bridge included extensive public involvement; and

WHEREAS, Alexander Zuckermann, a member of the Metropolitan Transportation Commission Advisory Council and a founder of the East Bay Bicycle Coalition and a leader of the Regional Bicycle Advocacy Coalition, was a tireless and articulate advocate in this process to provide for bicycle and pedestrian access to the bridge; and

WHEREAS, The well-organized and persistent efforts of Alexander Zuckermann were key factors in the final decision to include a bicycle-pedestrian path on the southern edge of the proposed new eastbound deck of the San Francisco-Oakland Bay Bridge between Yerba Buena Island and Oakland; and

WHEREAS, It would be a fitting tribute to Alexander Zuckermann to name this proposed path the Alexander Zuckermann Bicycle-Pedestrian Path; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby designates the bicycle-pedestrian path on the southern edge of the proposed new eastbound deck of the San Francisco-Oakland Bay Bridge between Yerba Buena Island and Oakland as the Alexander Zuckermann Bicycle-Pedestrian Path in honor and recognition of Alexander Zuckermann; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing the special designation, and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Director of Transportation.

RESOLUTION CHAPTER 95

Assembly Joint Resolution No. 9—Relative to undocumented students.

[Filed with Secretary of State July 11, 2003.]

WHEREAS, The undeserved plight of certain undocumented alien students of high achievement and moral character, who have spent their formative years in the United States and graduated from high school here, has captured the attention of many Americans; and

WHEREAS, These young people are victims of circumstance whose only crime is that they have lived with their parents; however, under a provision of the current federal Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (8 U.S.C. 1623), any state that provides in-state tuition or other higher education benefits to undocumented immigrants is forced to provide the same level of tuition to out-of-state residents; and

WHEREAS, In the 107th Congress, two bipartisan efforts were launched to amend the Illegal Immigration Reform and Immigrant Responsibility Act of 1996: in the House of Representatives, H.R. 1918 was introduced by Republican Representative Chris Cannon of Utah and cosponsored by Democrats Howard Berman and Lucille Roybal-Allard of California; in the Senate, S. 1291, the Development, Relief, and

Education for Alien Minors (DREAM) Act was cosponsored by Republican Orrin Hatch of Utah and Democrat Richard Durbin of Illinois; and

WHEREAS, Now that the 108th Congress has convened, it is vital to continue the bipartisan effort to amend the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 to allow states to set their own residency requirements for undocumented students ; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature respectfully memorializes the President and Congress of the United States to enact legislation to reform the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 so that California and other states may set appropriate residency requirements and tuition policies for undocumented students who reside in, and contribute to, their communities; and be it further

Resolved, That the Chief Clerk transmit a copy of this resolution to the President and Vice President of the United States, the Speaker of the United States House of Representatives, and each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 96

Senate Joint Resolution No. 10—Relative to Medicare prescription drug coverage.

[Filed with Secretary of State July 11, 2003.]

WHEREAS, The use of prescription drugs improves the quality of care and helps patients live healthier, longer, and more productive lives while keeping them out of more costly acute care settings in the long term; and

WHEREAS, The increased use of new and improved prescription drugs has changed the delivery of health care in the United States since Medicare was enacted, and while two-thirds of the Medicare population has some form of prescription drug coverage, one-third of Medicare beneficiaries have no coverage at all; and

WHEREAS, Because Congress did not enact a drug benefit when it created the Medicare program, the program inadequately provides the elderly and disabled with the most appropriate drug therapies, as well as prevents the delivery of quality health care at an affordable cost; and

WHEREAS, In implementing state programs to assist the Medicare population, state budgetary constraints often result in requirements to

restrict and limit a patient's access to needed prescription drugs; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature requests the United States Congress to enact outpatient prescription drug coverage as part of the federal Medicare program; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 97

Assembly Concurrent Resolution No. 74—Relative to the International Commission on Holocaust Era Insurance Claims.

[Filed with Secretary of State July 15, 2003.]

WHEREAS, The Holocaust was a tragedy of proportions the world had never before witnessed; and

WHEREAS, More than 60 years have passed since the tragic events we now call the Holocaust transpired in which the dictatorship of Nazi Germany murdered six million Jews as part of a systematic program of genocide known as ''The Final Solution of the Jewish Question''; and

WHEREAS, There are an estimated 127,000 to 145,000 Holocaust survivors in the United States, many of whom are elderly and infirm and some of whom are living in abject poverty and lacking basic needs including food, shelter, and medical care; and

WHEREAS, There are an estimated 20,000 Holocaust survivors living in California, with an average of 80 years of age; and

WHEREAS, Forty percent of Holocaust survivors are needy, as defined by federal standards; and

WHEREAS, Too many Holocaust survivors are currently suffering from a lack of resources to provide themselves adequate health care, prescription medication, and a satisfactory quality of life; and

WHEREAS, The International Commission on Holocaust Era Insurance Claims (ICHEIC) was established in 1998 and charged with establishing a just process that will expeditiously address the issue of unpaid insurance policies issued to victims of the Holocaust; and

WHEREAS, The first priorities of the ICHEIC must be to publish all available information relating to victims' insurance policies, to secure

payment of claims expeditiously, and to publicly account for all the actions occurring under its auspices; and

WHEREAS, Claimants who are not satisfied with the ICHEIC retain the right to pursue their claims in a court of law; and

WHEREAS, The California Insurance Commissioner holds a seat on the International Commission on Holocaust Era Insurance Claims; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California State Legislature assert that as long as Holocaust survivors living anywhere in the world are lacking basic needs, including food, shelter, medical care, or any other form of assistance now or hereafter deemed necessary to allow them to live out the remainder of their lives in comfort and dignity, any and all humanitarian and unclaimed Holocaust related funds now or hereafter obtained by the International Commission on Holocaust Era Insurance Claims shall be promptly disbursed to or on behalf of Holocaust survivors in order to meet those needs in fair proportion to their numbers worldwide based on accurate population data, with full and transparent accounting for the use of funds so dispersed; and be it further

Resolved, That the California State Legislature respectfully requests the California Insurance Commissioner to utilize his seat on the International Commission on Holocaust Era Insurance Claims to implement the intent of this resolution; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 98

Senate Concurrent Resolution No. 3—Relative to the Rosa Parks Interchange.

[Filed with Secretary of State July 16, 2003.]

WHEREAS, Rosa Parks was born on February 4, 1913, in Tuskegee, Alabama, the first child of James and Leona (Edwards) McCauley; and

WHEREAS, Rosa Louise McCauley married Raymond Parks on December 18, 1932; and

WHEREAS, Rosa Parks was arrested on December 1, 1955, in Montgomery, Alabama, for refusing to give up her seat on a bus to a white man, and her stand for equal rights became legendary; and

WHEREAS, Rosa Parks' arrest for refusing to comply with Montgomery's segregation law was the impetus for a boycott of

Montgomery buses, led by Dr. Martin Luther King, Jr., by approximately 42,000 African-Americans for 381 days; and

WHEREAS, On November 13, 1956, the United States Supreme Court ruled that Montgomery's segregation law was unconstitutional, and on December 20, 1956, Montgomery officials were ordered to desegregate buses; and

WHEREAS, Rosa Parks is honored as the ''Mother of the Modern Day Civil Rights Movement,'' because her refusal to surrender her seat in compliance with Montgomery's segregation law inspired the civil rights movement, which has resulted in the breakdown of numerous legal barriers and the lessening of profound discrimination against African-Americans in this country; and

WHEREAS, The courage and conviction of Rosa Parks laid the foundation for equal rights for all Americans and for the Civil Rights Act of 1964; and

WHEREAS, Rosa Parks was the first woman to join the Montgomery chapter of the NAACP, and was an active volunteer for the Montgomery Voters League; and

WHEREAS, Rosa Parks cofounded the Rosa and Raymond Parks Institute for Self Development in 1987 with Elaine Easton Steele to motivate and direct youth to achieve their highest potential through the ''Pathways to Freedom'' program; and

WHEREAS, Rosa Parks is the recipient of many awards including the Presidential Medal of Freedom, the nation's highest civilian honor, the Congressional Gold Medal of Honor, the highest honor Congress can bestow upon a civilian, and the first International Freedom Conductor Award from the National Underground Railroad Freedom Center, among many other awards and honors; and

WHEREAS, Rosa Parks has dedicated her life to the cause of human rights and truly embodies the love of humanity and freedom; and

WHEREAS, Rosa Parks' life embodies the spirit of not only the African American experience, but the American civil rights movement; and

WHEREAS, This year marks the occasion of Rosa Parks' 90th birthday; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the intersection of State Highway Route 41 and State Highway Route 99 in downtown Fresno, in Fresno County, as the Rosa Parks Interchange, in tribute to Rosa Parks who helped ignite the civil rights movement; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation, and upon receiving donations from nonstate sources

sufficient to cover that cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Transportation and the author for appropriate distribution.

RESOLUTION CHAPTER 99

Assembly Joint Resolution No. 21—Relative to lifetime medical benefits provided to retired military personnel.

[Filed with Secretary of State July 17, 2003.]

WHEREAS, Military recruiters led individuals who entered the uniformed services prior to June 7, 1956, to believe they would be entitled to fully paid lifetime health care upon retirement; and

WHEREAS, As recently as 1991, military recruiters offered lifetime medical care to enlisted individuals and their families in return for 20 years of service in the military; and

WHEREAS, Statutes enacted in 1956 entitled those who entered service on or after June 7, 1956, and retired after serving a minimum of 20 years or earlier, by reason of a service-connected disability, to medical and dental care in any facility of the uniformed services, subject to the availability of space and facilities and the capabilities of the medical and dental staff; and

WHEREAS, After four rounds of base closures between 1988 and 1995 and further drawdowns of remaining military medical treatment facilities, access to ''space available'' health care in a military medical treatment facility is virtually nonexistent for many military retirees; and

WHEREAS, The United States Court of Appeals ruled in Schism v. United States (Fed.Cir. 2002) 316 F.3d 1259 that the federal government is not bound to honor the commitments made by military recruiters to provide lifetime health care to veterans who served 20 years in the military, unless those commitments were approved by Congress and the President; and

WHEREAS, Since the 1995 creation of TRICARE, a program to provide health care benefits to military retirees, retired service members who qualify for Medicare have been denied free health care benefits beyond Medicare coverage; and

WHEREAS, Recent federal budget plans proposed cutting funding to the Department of Veterans Affairs by $15 billion over the next decade to help make room for proposed tax cuts; and

WHEREAS, California is home to thousands of men and women who have risked and are now risking their lives while serving in the United States Armed Forces and in the California National Guard; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby memorializes Congress to enact and the President of the United States to sign legislation to fulfill the commitment of the federal government to provide free lifetime medical care to those men and women who served 20 years in the military; and be it further

Resolved, That the Legislature memorializes Congress to refrain from enacting and the President to refrain from signing any legislation that will threaten the ability to fund all commitments that the federal government has made to the men and women who have served this country in the United States military; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, to the Speaker of the United States House of Representatives, to the Senate Majority Leader, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 100

Assembly Concurrent Resolution No. 92—Relative to Physical Therapy Month.

[Filed with Secretary of State July 21, 2003.]

WHEREAS, Physical therapists are universally recognized and promoted as the practitioners of choice for persons with conditions that affect movement, function, health, and wellness; and

WHEREAS, The use of certain techniques of physical therapy goes back to ancient times; and

WHEREAS, The modern profession of physical therapy was developed in the 20th century, in the wake of World War I; and

WHEREAS, The very first modern American physical therapists, called ''reconstruction aides,'' were trained to work with soldiers returning from the war; and

WHEREAS, ''Reconstruction aides'' were sent to military hospitals in France to start early rehabilitation with wounded veterans; and

WHEREAS, Physical therapists of today are direct descendants of these brave women and some men; and

WHEREAS, In the midcentury polio epidemics, physical therapists played an important role in helping people with this disease to reduce or overcome its paralyzing effects; and

WHEREAS, Physical therapists practice in a variety of settings, with patients from all age groups; and

WHEREAS, In today's health care system physical therapists are the experts in the examination and treatment of musculoskeletal and neuromuscular problems that affect peoples' abilities to move the way they want and function as well as they want in their daily lives; and

WHEREAS, Physical therapists are experts in movement and function, who do not confine their talents to treating people who are ill; and

WHEREAS, A large part of a physical therapist's program is directed at preventing injury and loss of movement; and

WHEREAS, Physical therapists work as consultants in industrial settings to improve the design of the workplace and reduce the risk of workers overusing certain muscles or developing low back pain; and

WHEREAS, Physical therapists also provide services to athletes at all levels and consult with individuals in fitness clubs to develop workouts that are safe and effective; and

WHEREAS, Physical therapists are required to understand a vast array of problems that can affect movement, function, and health; and

WHEREAS, The cornerstones of physical therapy treatment are therapeutic exercise and functional training; and

WHEREAS, In addition to ''hands-on'' care, physical therapists educate patients to take care of themselves and to perform certain exercises on their own; and

WHEREAS, The mission of the American Physical Therapy Association is to further the profession's role in the prevention, diagnosis, and treatment of movement dysfunctions and the enhancement of the physical health and functional abilities of members of the public; and

WHEREAS, The California Physical Therapy Association is dedicated to the promotion of health maintenance by way of consultation, education, evaluation, treatment, and advocacy; and

WHEREAS, The American Physical Therapy Association, and the California Physical Therapy Association will observe Physical Therapy Month, October 2003; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California proclaims the month of October 2003 as Physical Therapy Month, and be it further

Resolved, That the Chief Clerk of the Assembly transmit sufficient copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 101

Assembly Joint Resolution No. 28—Relative to first responders.

[Filed with Secretary of State July 21, 2003.]

WHEREAS, The terrorist attacks on September 11, 2001, reveal that the threat of catastrophic terrorism across our nation today is a real and complex phenomenon; and

WHEREAS, Threats involving nuclear, biological, and chemical weapons and attacks on critical infrastructures, including water, fuel, communications, and computer systems, can strike at any time; and

WHEREAS, As a result of these threats, strategic intergovernmental preparedness and interagency cooperation at all levels of government are essential ingredients to prevent loss of life and major property damage; and

WHEREAS, These incidents start on the local level, it is imperative that planning and training for state and local response forces be included in any national strategy; and

WHEREAS, In the aftermath of the September 11, 2001, attacks, states have borne unprecedented costs to ensure that the nation's critical infrastructure and the public are protected; and

WHEREAS, California will spend $500 million this year for homeland security costs—including a $1 million price tag every two weeks for California Highway Patrol overtime shifts to patrol major landmarks that are considered potential terrorist targets; and

WHEREAS, Los Angeles has accrued more than $100 million in homeland security costs since the September 11, 2001, terrorist attacks; and

WHEREAS, The unique nature of terrorism coupled with national security implications require the support and expertise of the federal government in working with state and local governments in developing capabilities; and

WHEREAS, The President's 2003 Budget proposed to spend $3.5 billion on enhancing the homeland security response capabilities of America's first responders—a greater that 10-fold increase in federal resources; and

WHEREAS, The United States Senate Environmental and Public Works Committee on July 27, 2002, passed an initiative authorizing $3.5

billion for the President's First Responder Initiative for the 2003–06 fiscal years; and

WHEREAS, The fiscal year 2003 consolidated spending bill provided about $1.7 billion in new funding to enable first responders to prepare for and respond to a terrorist attack—less than $^1/_2$ of what the President had proposed; and

WHEREAS, Tom Ridge, Secretary of the United States Department of Homeland Security, recently announced that $1.3 billion for first responders grants is now ready to distribute, including $566 million for the new Homeland Security Grant Program and $750 million for the existing Assistance to Firefighters Grant Program; and

WHEREAS, California is scheduled to receive $68.16 million from the President's First Responder Initiative for its state and local governments—which is less than one-tenth of the total costs to fund first responders in preventing terrorism; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California urges the Department of Homeland Security to distribute the funds allocated to California for first responders as soon as possible so that local law enforcement will have adequate resources to focus on preventing future terrorist events; and be it further

Resolved, That the California Legislature calls on our United States Senators Diane Feinstein and Barbara Boxer and the California Congressional Delegation to continue in their active pursuit of all federal funds entitled to the State of California relating to the cost of homeland security; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, the Secretary of the United States Department of Homeland Security, the Speaker of the House of Representatives, and to each Senator and Representative from California in the United States Congress.

RESOLUTION CHAPTER 102

Senate Concurrent Resolution No. 31—Relative to California Missions Day.

[Filed with Secretary of State July 22, 2003.]

WHEREAS, The first California mission was founded on July 16, 1769; and

WHEREAS, Eventually a chain of 21 missions and various sub-missions extended along the coast of California on the El Camino Real; and

WHEREAS, As landmarks for more than two centuries, California's missions represent the state's oldest historical treasures; and

WHEREAS, The craftsmanship, knowledge, and cultural influence of the Native American people made a lasting contribution to the early settlement of California and to the development of California's missions; and

WHEREAS, The padres of the California missions first planted the grapes that still influence the wines of California; and

WHEREAS, The mission's orchards included the first orange, olive, and pomegranate trees brought to the fertile soil of our state; and

WHEREAS, California's missions are recognized for the important impact they have had on the development of California, including its art, architecture, agriculture, food, music, language, apparel, and recreation; and

WHEREAS, The presidios have grown into the four major cities of San Diego, Santa Barbara, Monterey, and San Francisco; and

WHEREAS, The pueblos of Los Angeles and San Jose have grown into major business and cultural centers; and

WHEREAS, Some missions have grown into the pleasant towns of San Juan Capistrano, San Luis Obispo, San Juan Bautista, and Sonoma; and

WHEREAS, California's missions have contributed greatly to the rich historical and cultural heritage of California; and

WHEREAS, The missions continue to influence the California lifestyle. Ranches today reflect many of the ranching techniques and traditions, such as barbecues, fiestas, and rodeos, that began during the mission period; and

WHEREAS, California's missions are the most visited historical attractions in the state, drawing more than 5 million visitors per year, including a large number of international visitors, and account for a sizeable contribution to the state economy; and

WHEREAS, California's missions have become synonymous with the state's fourth grade curriculum. Pupils build mission models and write research reports as part of California history lessons, which serves as an important educational function in teaching young people about the role of the missions in the history of our state and nation; and

WHEREAS, From the vineyards of Sonoma to the ranches of Santa Barbara to the adobe arcades and red tile roofs of San Diego, California's missions have left their mark on who we are and what we have become; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California declares July 16, 2003, as California Missions Day to increase public awareness of the California missions and their vital role in California history; and be it further

Resolved, That the Legislature encourages the annual observance of this day so that California's youth may continue to learn from our history; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 103

Senate Joint Resolution No. 7—Relative to highways.

[Filed with Secretary of State July 22, 2003.]

WHEREAS, The State of California is committed to protecting the safety of motorists on its highways and protecting taxpayers' investment in our highway infrastructure; and

WHEREAS, The state supports safe and reliable trucking businesses and drivers; and

WHEREAS, In the 2001–02 fiscal year, the state expended over 800 million dollars to maintain its highways and bridges; and

WHEREAS, The August 2000 United States Department of Transportation Comprehensive Truck Size and Weight study found that double and triple trailer trucks are at least 11 percent more likely to be involved in a fatal accident than a single trailer truck, and nationwide use of these trucks would result in 53 billion dollars in bridge reconstruction costs and an additional 266 billion dollars in congestion costs; and

WHEREAS, A road test conducted by the California Department of Transportation in 1984 found that triple trailer trucks experienced extended periods of sideways ''whip and sway'' and slower speeds on grades adding dangers for all motorists; and

WHEREAS, The Transportation Research Board, a federal government advisory group, has recommended testing longer and heavier trucks, including triple trailer trucks, on public highways under pilot programs; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to maintain the current federal truck size and weight limitations and oppose proposals to experiment with longer and heavier trucks on public

highways in the reauthorization of the federal Transportation Equity Act for the 21st Century (Public Law 105-178); and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 104

Assembly Concurrent Resolution No. 40—Relative to the City of Compton Planning and Transportation Project Task Force.

[Filed with Secretary of State July 24, 2003.]

WHEREAS, The Legislature is concerned about increasing traffic congestion and its impact on economic growth, quality of life and health, and traffic safety in cities and counties in the state; and

WHEREAS, The Legislature is specifically concerned about traffic congestion and its impact on economic growth, quality of life and health, and traffic safety at the intersection of Willowbrook Avenue and Compton Boulevard in the City of Compton; and

WHEREAS, The Legislature is concerned about this intersection because two railroad tracks in this area prevent police, fire, and other law enforcement and emergency vehicles from crossing this intersection during the passage of freight and passenger trains, thus presenting an economic, health, and safety issue by interrupting the emergency missions performed by these public agencies; now, therefore, be it

Resolved by the Assembly of California, the Senate thereof concurring, That the Legislature requests that the Compton Planning and Transportation Project Task Force be established to develop a planning proposal, including engineering and financial costs, regarding traffic congestion in the City of Compton by exploring the development of a railroad grade separation in the vicinity of the corner of Willowbrook Avenue and Compton Boulevard with the project commencing at Rosecrans Avenue and ending past Alondra Boulevard south to Greenleaf Boulevard; and be it further

Resolved, That the task force consist of at least one representative from the Compton City Council, the Department of Transportation, the Metropolitan Transportation Authority, and the Public Utilities Commission. Each agency is requested to choose its specific representative; and be it further

Resolved, That the task force invite a representative from freight rail interests that operate service through the intersection of Willowbrook Avenue and Compton Boulevard to participate in the planning proposal; and be it further

Resolved, That the task force not use public funds but instead use private funds and in-kind donations to pay expenses incurred in conducting its business. These expenses include, but are not limited to, administrative, meeting, and publication expenses; and be it further

Resolved, That the task force is requested to submit a report of its work to the Governor and the Legislature on or before January 1, 2005, and to submit a copy of its report to the Director of the Department of Transportation and the governing board of the task force member agencies; and be it further

Resolved, That this resolution is not intended to convey legislative or departmental support for the selection or funding of any project or proposal developed by the task force; and be it further

Resolved, That any project or proposal developed by the task force shall be subject to the project selection and funding process and competition for the state transportation improvement program and regional transportation improvement program; and be further

Resolved, That the task force shall terminate 30 days after submitting its report to the Governor and the Legislature.

RESOLUTION CHAPTER 105

Assembly Concurrent Resolution No. 10—Relative to pupil health.

[Filed with Secretary of State July 24, 2003.]

WHEREAS, Surveys have found that backpacks can cause pupils problems; and

WHEREAS, A recent survey has found that heavy backpacks can cause pupils back problems; and

WHEREAS, Back to school should not signal the start of aches and pains, but for many pupils who use backpacks it could mean visits to the physician's office; and

WHEREAS, In a survey conducted by the American Academy of Orthopedic Surgeons in October of 1999, 58 percent of the orthopedists reported seeing patients complaining of back and shoulder pain caused by heavy backpacks; and

WHEREAS, ''Overloaded backpacks are contributing to these increased visits to the physician's office,'' reported Charlotte B. Alexander, M.D., practicing orthopedic surgeon, Houston Sports

Medicine Associates, Houston, Texas, at the academy's Orthopedics Update; and

WHEREAS, More than 70 percent of the orthopedists surveyed indicated that backpacks can become a clinical problem in schoolage children if not enough attention is given to keeping the weight of the backpacks within reasonable levels; and

WHEREAS, The survey conducted by the American Academy of Orthopedic Surgeons which included responses from more than 100 physicians at the Children's Memorial Hospital, Chicago, Illinois, and at the Alfred I. duPont Hospital for Children, Wilmington, Delaware, also concluded that a backpack could cause injury to a child when it weighs 20 percent or more of the child's body weight, stating that ''If you have an 90-pound female carrying a 20-pound backpack, then the backpack weight becomes a medical issue,'' and that ''It is at this level when pupils should experience some sort of muscle fatigue or injury to their bodies especially the spine and shoulders''; and

WHEREAS, Fifty percent of the physicians surveyed also indicated that a pupil's backpack becomes a clinical problem if it weighs 20 pounds or more; and

WHEREAS, Most pupils surveyed are carrying backpacks weighing more than 10 percent of their body weight and many pupils are carrying backpacks that exceed 20 percent of their body weight; and

WHEREAS, The survey found one 10-year-old female pupil was carrying a backpack weighing 47 pounds; and

WHEREAS, Overloaded backpacks used by children have received a lot of attention in schools; and

WHEREAS, Parents, school staff, and administrators have started to voice concern about the dangers that use of heavy backpacks pose to pupils; and

WHEREAS, As specialists who treat the musculoskeletal system, orthopedists are concerned about this potential hazard to a child's body; and

WHEREAS, Orthopedic surgeons are starting to notice an increase in children visiting their offices with muscle fatigue problems that in the past were generally seen only in adults; and

WHEREAS, In 1998, the Consumer Product Safety Commission tracked visits to physician offices, clinics, and hospital emergency rooms that were related to backpacks and found children 5 to 14 years of age had 10,062 visits and teens 15 to 18 years of age had 2,719 visits; and

WHEREAS, The survey indicated that excessive weight carried in backpacks can cause some children to develop bad habits, including poor posture or excessive slouching, early in life; and

WHEREAS, The orthopedists in the survey noted that one of the reasons why children's backpacks are now heavier than they were years ago is that pupils carry more books with them because there is less time between classes during which pupils may visit their lockers; and

WHEREAS, Asking pupils to modify the way they currently use their backpacks is one way to combat the problem; and

WHEREAS, Orthopedic surgeons involved in the survey recommended that children and their parents adopt the following guidelines when using backpacks:

(1) A backpack's weight should not exceed 20 percent of the pupil's body weight, and even less for younger children.

(2) A pupil should use a hip strap for heavier backpacks.

(3) A pupil should use a backpack with wide, padded, straps and a padded back; and

WHEREAS, It is, also, recommended that pupils do all of the following:

(1) Use both of the backpack's straps, firmly tightened, to hold the backpack so that the bottom of the backpack remains at least two inches above the waist.

(2) Engage in exercise to condition back muscles and ask an orthopedic surgeon for advice.

(3) Use the correct lifting techniques, remembering to bend with both knees when picking up a heavy backpack.

(4) Place the heaviest items closest to your back.

(5) Neatly pack the backpack and try to keep the contents from shifting.

(6) Try to make frequent trips to the locker, where appropriate, to replace books between classes.

(7) Consider purchasing a backpack with wheels.

(8) Consider obtaining a second set of books for use at home; and

WHEREAS, Across the nation millions of elementary and high school pupils race off to the schoolbus or scurry to their classes with overstuffed backpacks slung over their shoulders; and

WHEREAS, While carrying a backpack to school each morning might seem harmless, it can cause some painful back and neck problems for pupils who overload their backpacks or who do not pack or carry their backpacks properly; and

WHEREAS, The improper use of backpacks can lead to muscle imbalance that could turn into chronic back and neck problems later in life; and

WHEREAS, Back pain is pervasive in our society. Eighty percent of all Americans will suffer from it at some point in their lives, and 50 percent will suffer from lower-back pain this year alone; and

WHEREAS, Lower-back pain is the most common health problem experienced by working Americans today and is a condition that costs our nation's economy at least 50 billion dollars a year in lost wages and productivity; and

WHEREAS, Much of this suffering is brought on by bad habits initiated during younger years, which can be attributed in part to the carrying of overweight backpacks to and from school; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Superintendent of Public Instruction is encouraged to inform every elementary school district, high school district, and unified school district about the passage of this resolution, and that the districts, in turn, are encouraged to inform parents and guardians about the passage of this resolution; and be it further

Resolved, That the Superintendent of Public Instruction, school districts, and parents and guardians are urged to take action necessary to avoid potential injury to pupils caused by heavy backpacks.

RESOLUTION CHAPTER 106

Senate Concurrent Resolution No. 17—Relative to highways.

[Filed with Secretary of State July 24, 2003.]

WHEREAS, Deputy Sheriff Dennis E. Phelps of the Fresno County Sheriff's Department was killed on May 19, 2002, while in the performance of his duty to the citizens he was sworn to protect; and

WHEREAS, Deputy Sheriff Phelps had served with the Fresno County Sheriff's Department in the early 1980's as a sheriff's bailiff assigned to the Fresno County Superior Court, and, after later working as a locomotive engineer with the Burlington Northern Santa Fe Railway, he returned to the Fresno County Sheriff's Department as a Level I Reserve Deputy Sheriff. In order to spend more time with his family and to fulfill a lifelong dream, Deputy Phelps was sworn in as a deputy sheriff on October 30, 2000, and, after completing a tour serving in the courts, Deputy Sheriff Phelps was assigned to the Field Training Program where he successfully completed his training; and

WHEREAS, During his second week of patrol, Deputy Sheriff Phelps stopped a suspicious vehicle and was gunned down by the driver, a 21 year old Clovis man who had been involved in a shooting incident in the City of Clovis a short time before. Deputy Sheriff Phelps was transported to Clovis District Hospital for treatment but his wounds proved fatal. The shooter escaped with Deputy Sheriff Phelps' sidearm

and patrol vehicle. After a six-day search and pursuit involving hundreds of officers from numerous agencies, the gunman was shot and killed; and

WHEREAS, Deputy Sheriff Phelps is survived by his loving wife Dana, his daughter Nicole and son Kenny, and parents, Brice and Mary Phelps of Clovis; and

WHEREAS, It is appropriate to memorialize Deputy Sheriff Phelps' sacrifice by naming a portion of State Highway Route 168 in his honor, and to remember the sacrifices made by California peace officers across the state who risk their lives daily to protect citizens' lives; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby dedicates the portion of State Highway Route 168 from the Temperance Avenue interchange to Shepherd Avenue in and near the City of Clovis in Fresno County to the memory of Deputy Sheriff Phelps; and be it further

Resolved, That the described section of State Highway Route 168 shall be known as the ''Deputy Sheriff Dennis E. Phelps Memorial Highway''; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of erecting the appropriate signs, consistent with the signage requirements for the state highway system, showing these special designations, and, upon receiving donations from nonstate sources covering the cost, to erect those signs; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 107

Assembly Concurrent Resolution No. 122—Relative to the Korean War Veterans Armistice Day.

[Filed with Secretary of State July 28, 2003.]

WHEREAS, Fifty-three years ago, on June 25, 1950, communist armed forces from North Korea violently disrupted the peace in the Land of the Morning Calm as they crossed the 38th parallel and invaded South Korea; and

WHEREAS, The communist forces advanced rapidly and ruthlessly and, at the outset, appeared close to an easy victory. President Truman, recognizing the threat to South Koreans and their democracy, responded swiftly and decisively. On June 27, 1950, President Truman committed the first United States forces to combat in South Korea; and

WHEREAS, On some of the world's harshest terrain, through the scorching heat of summer and numbing cold of winter, soldiers from California fought to push the communist North Koreans back toward the 38th parallel; and

WHEREAS, Through months of attack and counterattack, falling back and regaining ground, United States troops and our allies refused to succumb to the attacks of enemy communist forces. Finally, negotiators signed an armistice agreement at Panmunjom on July 27, 1953. Communist North Korean forces withdrew across the 38th parallel, and the Republic of South Korea regained its status as a free, democratic nation; and

WHEREAS, In later years, while the Korean War would sometimes be called ''The Forgotten War,'' the members of the California State Legislature have not forgotten. We pay honor to the courage of our veterans who fought in Korea and to those who died there or whose fate is still unknown. We recall the grief of their families and the gratitude of the people of South Korea. We remember that, in the Korean War, our soldiers' brave stand against the evil advances of communism laid the foundations of peace and freedom so many nations enjoy today; and

WHEREAS, It is fitting that all Californians should take time and gather to observe the 50th anniversary of the Korean War Armistice Day and honor our veterans who so courageously protect freedom; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That Californians be urged to observe the 50th anniversary of the Korean War Armistice Day and do hereby proclaim July 27, 2003, as Korean War Veterans Armistice Day, calling upon all Californians to observe this day with appropriate ceremonies and activities that honor and give thanks to our distinguished Korean War veterans; and be it further

Resolved, That the Chief Clerk of the Assembly provide a copy of this resolution to the California Department of Veterans Affairs; and be it further

Resolved, That Governor Gray Davis instruct all state departments, agencies, interest groups, organizations, and individuals to fly the flag of the United States at half-mast on July 27, 2003, in memory of the Californians who died as a result of their service in Korea.

RESOLUTION CHAPTER 108

Assembly Concurrent Resolution No. 58—Relative to a Blue Star Memorial Highway.

[Filed with Secretary of State July 29, 2003.]

WHEREAS, The Blue Star Memorial Highway project was adopted by the National Council of State Garden Clubs; and

WHEREAS, The purpose of the Blue Star Memorial Highway project is to erect highway markers at roadside rest stops, vista points, historical sites, and other appropriate areas to pay tribute to all who have served, those who are presently serving, and those who will serve in the nation's armed forces; and

WHEREAS, Several clubs within California Garden Clubs wish to erect markers along State Highway Route 1 from its junction with State Highway Route 5 at Dana Point in Orange County to its junction with State Highway Route 101 at Leggett in Mendocino County that designate it as a Blue Star Memorial Highway; now, therefore, be it

Resolved, by the Assembly of the State of California, the Senate thereof concurring, That State Highway Route 1 from its junction with State Highway Route 5 at Dana Point in Orange County to its junction with State Highway Route 101 at Leggett in Mendocino County is hereby officially designated a Blue Star Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements, for the state highway system, showing this special designation, and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Department of Transportation and to the author for appropriate distribution.

RESOLUTION CHAPTER 109

Assembly Concurrent Resolution No. 85—Relative to the Respect for All Project.

[Filed with Secretary of State July 29, 2003.]

WHEREAS, The Respect for All Project, a program of Women's Educational Media, a nonprofit film production, outreach, and training company, has been at the forefront in producing and distributing documentary films that offer a perspective on paths to economic and social justice, and inspire diverse audiences to put their beliefs into action; and

WHEREAS, "That's a Family!" the first film in the "Respect for All" series, gives schools an engaging way to be inclusive of all kinds of families and allows children to learn from other children about family diversity; and

WHEREAS, "That's a Family!" was awarded first place at the National Council on Family Relations Media Awards competition; and

WHEREAS, The Respect for All Project is committed to providing videos, curriculum guides and training at no cost to public schools in California; and

WHEREAS, Collaboration with the Respect for All Project helps public schools meet their affirmative obligation to prevent bias, meet the state's antidiscrimination goals, and satisfy the state's constitutional guarantee of safe schools for all pupils; and

WHEREAS, One in two children in the United States will live in a single-parent family during childhood; and

WHEREAS, More than one-half of Americans have been or will be a part of a stepfamily; and

WHEREAS, An estimated 2.4 million grandparents are the primary caregivers for grandchildren; and

WHEREAS, There is an estimated 550,000 children in foster care, an increase of 35 percent between 1990 and 2000; and

WHEREAS, One million children in the United States live with adoptive parents; and

WHEREAS, More than 2.8 million children under the age of 18 and nearly 7 million Americans of all ages identify themselves as multiracial; and

WHEREAS, There are between 6 and 10 million children of lesbian, gay, or bisexual parents in the United States; and

WHEREAS, Every parent, educator, and policymaker should be concerned about school violence; and

WHEREAS, In order to achieve a just and fair society, we must teach our children to respect one another, to appreciate our differences, and to recognize the common good in all of us; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature commends the Respect for All Project, a program of Women's Educational Media, for recognizing the critical need for educational tools that reflect the experiences of children and families of diverse backgrounds; for creating the "Respect for All" film series to celebrate family diversity, and address prejudice, name-calling, bullying, and the formation of stereotypes among youth; for producing the first film for schoolage children that explores a wide range of family types; for offering free diversity training to all school districts within the state; and for encouraging all school districts to incorporate the "Respect for All" series into the curriculum as a way to foster schools that are safe,

free of discrimination, and that guarantee an equal educational opportunity for all pupils; and be it further

Resolved, That special public attention be drawn to the Respect for All Project, recognizing its dedication to advancing the cause of equality for all people; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Superintendent of Public Instruction, the Secretary for Education, and to the author for appropriate distribution.

RESOLUTION CHAPTER 110

Assembly Joint Resolution No. 34—Relative to hate crimes.

[Filed with Secretary of State July 29, 2003.]

WHEREAS, The incidence of violence motivated by the actual or perceived race, color, religion, national origin, gender, sexual orientation, or disability of the victim poses a serious problem nationally and in California; and

WHEREAS, This violence disrupts the tranquility and safety of communities and is deeply divisive; and

WHEREAS, State and local authorities are now, and will continue to be, responsible for prosecuting the overwhelming majority of violent crimes in the United States, including violent crimes motivated by bias; and

WHEREAS, The prominent characteristic of a violent crime motivated by bias is that it devastates not only the actual victim and the family and friends of the victim, but frequently savages the community sharing the traits that caused the victim to be selected; and

WHEREAS, On May 1, 2003, Senators Edward Kennedy (D-MA), Gordon Smith (R-OR), and Arlen Specter, (R-PA) introduced S. 966, the Local Law Enforcement Enhancement Act of 2003, to provide federal assistance to states and local jurisdictions to prosecute hate crimes; and

WHEREAS, The Local Law Enforcement Enhancement Act would add real or perceived sexual orientation, gender and disability to federal hate crimes laws, thus allowing the United States government greater leverage in providing assistance for the investigation and prosecution of these types of hate crimes; and

WHEREAS, The Local Law Enforcement Enhancement Act, according to the Human Rights Campaign, would expand federal jurisdiction to reach serious, violent hate crimes and that, unlike current law, would allow federal law enforcement authorities to investigate hate crimes that cause death or bodily injury or that are committed with a

firearm or explosive device, regardless of whether the victim was exercising a federally protected right; and

WHEREAS, The Local Law Enforcement Enhancement Act is intended to give federal authorities jurisdiction to intervene and support local authorities in investigating and prosecuting these cases to the fullest extent of the law; and

WHEREAS, The Local Law Enforcement Enhancement Act has garnered significant bipartisan support since its introduction in the 108th Congress, with 49 original co-sponsors, and is endorsed by more than 175 law enforcement, civil rights, civic and religious organizations including the Human Rights Campaign, the National Sheriffs' Association, the International Association of Chiefs of Police, the United States Conference of Mayors, and the Federal Law Enforcement Officers Association, among others; and

WHEREAS, Since 1991, there have been over 9,500 hate crimes based on sexual orientation reported to the Federal Bureau of Investigation, an increase of 7.2 percent from 2000 to 2001, for a total of 1,393 incidents that year; and

WHEREAS, In a one-month period, there were four separate incidents of hate crimes in the City of West Hollywood alone, based on both the race and religion of the victims; and

WHEREAS, In 1999, the number of hate crime incidents in California increased by 12.1 percent from a year earlier; and

WHEREAS, There were nearly 2,500 victims of hate crime reported in 1999, with over 60 percent of the offenses motivated by race; and

WHEREAS, According to the Los Angeles Gay and Lesbian Center, 63 gay people reported in 2000 that they were the victims of violence simply because of their sexual orientation; and

WHEREAS, In 1998, the California Department of Justice received reports from local law enforcement agencies detailing more than 1,800 hate crime offenses of which 64.8 percent of the offenses were motivated by race or ethnicity, 68.8 percent of the offenses involved a violent crime, and 22.1 percent of the offenses were motivated by the sexual orientation of the victim; and

WHEREAS, After the terrorist attacks of September 11, a shameful increase in hate crimes took place against Arabs and Muslims, with an exceptionally large number of those crimes occurring in Los Angeles; now, therefore, be it

Resolved, That the Legislature of the State of California memorializes the Congress to pass, and the President to sign, the Local Law Enforcement Enhancement Act of 2003, to provide Federal assistance to States and local jurisdictions to prosecute hate crimes; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States and to all members of Congress of the United States.

RESOLUTION CHAPTER 111

Senate Concurrent Resolution No. 11—Relative to HIV and AIDS drug treatment.

[Filed with Secretary of State August 25, 2003.]

WHEREAS, 8,500 people die every day from acquired immune deficiency syndrome (AIDS) despite the existence of pharmaceutical treatments that have drastically reduced deaths in the United States and other developed nations; and

WHEREAS, Human immunodeficiency virus (HIV) and AIDS are the leading killers in sub-Saharan Africa, home to only 10 percent of the world's population, but 70 percent of the world's HIV and AIDS cases; and

WHEREAS, The United Nations reports that in 2001, alone, more than 2,400,000 people in Africa died of HIV and AIDS; and

WHEREAS, A recent study by Doctors Without Borders concluded that in industrialized countries where HIV and AIDS patients receive drug therapy, AIDS-related mortality has decreased by more than 70 percent; and

WHEREAS, Unfortunately, these life-prolonging treatments remain largely out of reach for most of Africa's population due to the high prices of these drugs; and

WHEREAS, Certain pharmaceutical companies' reaction to the HIV and AIDS epidemic in developing countries has been insufficient, and significant restrictions have been imposed on the donation and importation of critical drugs to HIV and AIDS patients in Africa and developing world nations; and

WHEREAS, For example, one pharmaceutical manufacturer attempted to impose time limits on the use of a particular life-extending drug, even though that drug must be used over a patient's entire lifetime; and

WHEREAS, These restrictions were unacceptable to the South African government, and the South African Medicines Control Council has recently given permission for the importation of a generic equivalent of the drug; and

WHEREAS, The public pension and retirement systems of this state have invested billions of dollars in the major manufacturers of HIV and

AIDS drug treatments that can prolong the lives of individuals living with this disease; and

WHEREAS, The public pension and retirement systems of this state have demonstrated that accurate information relating to pharmaceutical manufacturer policies and practices relating to the availability and cost of their HIV and AIDS drug treatments and other products, may be best elicited through establishing and maintaining open lines of communication and dialogue on both informal and formal bases, and that developing partnerships for corporate responsiveness in these matters is similarly achieved; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature and the State of California encourages the governing bodies of the public pension and retirement systems of this state, in their capacities as shareholders of pharmaceutical companies that develop HIV and AIDS drug treatments, to take affirmative action, whenever consistent with their fiduciary responsibilities, to impel pharmaceutical companies to develop and implement a policy, in consultation with the appropriate United Nations agencies and independent nongovernmental organizations, to provide HIV and AIDS drug treatments in a manner that would make those treatments affordable to the majority of those infected with HIV and AIDS in lesser developed countries; and be it further

Resolved, That the Secretary of the Senate transmit a copy of this resolution to each member of a retirement board, as described in Section 17 of Article XVI of the California Constitution.

RESOLUTION CHAPTER 112

Senate Concurrent Resolution No. 38—Relative to Valley Fever Awareness Month.

[Filed with Secretary of State August 25, 2003.]

WHEREAS, Valley fever (coccidioidomycosis), a progressive, multisymptom, respiratory disorder, is a debilitating disease; and

WHEREAS, It is caused by the inhalation of tiny airborne fungi that live in soil, but are released into the air by soil disturbance or wind; and

WHEREAS, Valley fever attacks the respiratory system, causing infection that can lead to symptoms that resemble a cold, influenza, or pneumonia-like symptoms; and

WHEREAS, Left untreated or mistreated, infection can spread from the lungs into the bloodstream, causing inflammation to the skin, permanent damage to lung and bone tissue, and swelling of the

membrane surrounding the brain, leading to meningitis, which can be devastating and even fatal; and

WHEREAS, Once serious symptoms of valley fever appear, including pneumonia and labored breathing, treatment must be prompt with antifungal drugs that are disagreeable and often toxic, especially for patients who have it injected beneath the base of their skulls for meningitis, causing side effects such as nausea, fever, and kidney damage; and

WHEREAS, Within California alone, valley fever is found in portions of the Sacramento Valley, all of the San Joaquin Valley, desert regions, and portions of southern California; and

WHEREAS, Valley fever affects the young, the elderly, and those with lowered immune systems, who number in the tens of thousands; and

WHEREAS, Valley fever has been a disease studied for the past 100 years, but still remains impossible to control and difficult to treat; and

WHEREAS, There is no known cure to date for valley fever; however, researchers are closer than they ever have been in finding a much needed vaccine to cure this devastating disease; and

WHEREAS, The research effort to find a vaccine and the funding partnership, including funding from the State of California, was approved by the Legislature and signed by Governor Wilson in 1997; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature does hereby proclaim August 2003 as Valley Fever Awareness Month; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 113

Senate Concurrent Resolution No. 44—Relative to Truck Driver Appreciation Week.

[Filed with Secretary of State August 25, 2003.]

WHEREAS, Professional truck drivers safely deliver important goods to every home, community, school, and business in the United States, traveling more than 200 billion miles and delivering eight billion tons of freight; and

WHEREAS, Nearly 80 percent of California communities are served exclusively by trucks; and

WHEREAS, Truck drivers keep the shelves of our local supermarkets fully stocked, play a vital role in bringing the newspaper to front doors

every morning, and deliver blood, medicine, and diagnostic equipment to hospitals and clinics; and

WHEREAS, Truck drivers ensure that raw materials and intermediate products for cars, trucks, appliances, and other important consumer goods are delivered to the assembly line safely and on time, and then deliver the finished products to stores; and

WHEREAS, The economic system of this country rides on the wheels of trucks, and it is the hard-working men and women who drive those trucks that keep that system going; and

WHEREAS, The trucking industry is committed to safe travel for all motorists on California's roads and highways; and

WHEREAS, Professional truck drivers have been honored as among the safest drivers on our highways, many receiving awards for extraordinary acts of heroism and bravery for saving fellow motorists from injury and death; and

WHEREAS, Truck drivers are the unsung heroes of the American highway and the United States economy; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims its support for National Truck Driver Appreciation Week by proclaiming the week of August 24 to 30, 2003, as Truck Driver Appreciation Week in California, in honor of those men and women in America who deliver our goods by truck; and be it further

Resolved, That the Legislature encourages businesses, schools, communities, churches, and other organizations to join in this observance by commending professional truck drivers for the vital role they play in the lives of Americans; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 114

Senate Joint Resolution No. 5—Relative to the Giant Sequoia National Monument.

[Filed with Secretary of State August 25, 2003.]

WHEREAS, The Giant Sequoia National Monument was established on April 15, 2000, by a Presidential Proclamation duly executed under the Antiquities Act; and

WHEREAS, The Giant Sequoia National Monument is a diverse landscape containing groves of majestic giant sequoia, the largest trees in the world and the sentinel trees of the Sierra Nevada; and

WHEREAS, The Giant Sequoia National Monument is home to numerous species of wildlife including Pacific fisher, black bear, California spotted owl, mountain lion, peregrine falcon, and great grey owl; and

WHEREAS, Giant sequoias are the only known trees large enough to provide nesting habitat for the endangered California condor and remain available as potential habitat for this species; and

WHEREAS, Giant sequoias are the largest trees ever to have lived, and rank among the world's longest lived trees, reaching ages greater than 3,200 years; and

WHEREAS, Native Americans have lived for more than 8,000 years in the Sierra, with archaeological sites, petroglyphs, and pictographs evident within the monument; and

WHEREAS, The Presidential Proclamation of April 15, 2000, established a monument boundary of 327,769 acres to be managed by the United States Forest Service for the purposes of protecting the whole of the giant sequoia ecosystem; and

WHEREAS, The proclamation prohibited commercial timber harvesting within the monument and, except for personal firewood, limited the removal of trees to ecological restoration and maintenance of public safety; and

WHEREAS, The United States Forest Service has ignored this direction in preparing a management plan for the Giant Sequoia National Monument; and

WHEREAS, Nothing in the proclamation diminishes the jurisdiction of the State of California with respect to fish and wildlife; and

WHEREAS, The adverse environmental consequences of the United States Department of Agriculture Forest Service's proposed draft environmental impact statement, if adopted, far outweigh the protections of the giant sequoia ecosystem provided in the existing Sierra Framework and the Presidential Proclamation; and

WHEREAS, Every effort should be made to protect the giant sequoia ecosystem as required by Presidential Proclamation; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress to take necessary action to protect the Giant Sequoia National Monument by prohibiting the removal of large trees in all parts of the monument and encouraging environmentally appropriate management activities, including the removal of small trees and brush, that reduce the risk of catastrophic fire, protect rural communities, and restore the giant sequoia ecosystem, as set forth in the Presidential Proclamation establishing the monument; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, to all Members of the Congress of the United States, and to the United States Secretary of Agriculture.

RESOLUTION CHAPTER 115

Assembly Concurrent Resolution No. 71—Relative to El Monte Police Officer Donald Ralph Johnston Memorial Highway.

[Filed with Secretary of State August 26, 2003.]

WHEREAS, California Police Officer Donald Ralph Johnston was born in Wichita, Kansas, on November 11, 1954, to parents Loren (Corky) and Rosalyn Johnston; and

WHEREAS, When Don was four years old, his parents moved the family to La Puente, California where his father Corky joined ranks of the El Monte Police Department; and

WHEREAS, Officer Johnston graduated from La Puente High School in 1972, and became the proud father of a son Eric who later continued the Johnston legacy with the El Monte Police Department; and

WHEREAS, In 1985, Officer Johnston became a reserve officer for the City of El Monte until he became a full-time officer in 1988; and

WHEREAS, Officer Johnston was honest, brave, and hardworking, and volunteered in the Adopt-a-Cop program at Wilkerson School; and

WHEREAS, Officer Johnston took his job seriously and was considered a guidance counselor to his peers; and

WHEREAS, Officer Johnston met his wife Ruth at the West Covina Calvary Chapel, and on September 1, 1989, they were married and began a life together; and

WHEREAS, On January 9, 1990, Officer Johnston responded to a call of a person trying to pass a bad check at a bank, and was shot and paralyzed by the suspect after selflessly pushing a bystander out of harm's way; and

WHEREAS, Officer Johnston was awarded the City of El Monte Medals of Valor, Distinguished Service, and Purple Heart, received commendations and awards from the United States Congress, Governor Deukmejian, Governor Wilson, the California State Legislature, the Office of Attorney General, the County of Los Angeles, the American Police Hall of Fame, and numerous other local and national organizations; and

WHEREAS, On January 29, 1991, Officer Johnston returned to work at the El Monte Police Department in a wheelchair, and was assigned to

the Community Relations Unit as a detective handling missing persons investigations, all the while continuing his community involvement by mentoring disabled students; and

WHEREAS, In 1993, Officer Johnston secured a position as the first regular police helicopter observer, and was able to experience the excitement of street patrol once again. Officer Johnston's work was so exceptional that he received many accolades for his service; and

WHEREAS, In 1997, Officer Johnston developed the S.T.R.I.V.E (Success Through Recognizing Individual Volition and Excellence) program, and visited schools to tell his story and inspire students to overcome their own obstacles; and

WHEREAS, After retiring from active duty on September 1, 2001, Officer Johnston refused to quit, and with his letter of retirement, submitted a request to stay with the El Monte Police Department as a reserve officer, despite his declining health and chronic pain; and

WHEREAS, While Officer Johnston expressed gratitude to the City of El Monte for enabling him to remain productive and thanked his El Monte Police Department ''family'' for the support that made such a difference in his life, the EMPD is grateful that Officer Johnston was there to protect, to serve, and to inspire us all; and

WHEREAS, Officer Johnston passed away on November 22, 2002, at his home in Canyon Lake in the presence of his wife Ruth, his son Eric, and mother, Rosalyn; and

WHEREAS, It is fitting that the Legislature of the State of California honor the memory of El Monte Police Officer Officer Donald Ralph Johnston, and convey the Legislature's appreciation of his life of public service as a law enforcement officer on behalf of California; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby dedicates the portion of State Highway Route 10 that is between the intersection with State Highway Route 19 in the City of Rosemead, and the intersection with State Highway Route 605 in the City of Baldwin Park, as the El Monte Police Officer Donald Ralph Johnston Memorial Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements, for the state highway system, showing this special designation, and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those plaques and markers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 116

Assembly Joint Resolution No. 32—Relative to Medicaid.

[Filed with Secretary of State August 26, 2003.]

WHEREAS, Federal Medicaid Assistance Percentages (FMAP) are recalculated annually to determine the federal share of Medicaid costs allocated to each state; and

WHEREAS, The United States Department of Health and Human Services calculates FMAP based on the United States Department of Commerce statistics of the average per capita income in each state and in the nation as a whole; and

WHEREAS, The recalculation of FMAP for 2004 will reduce California's share of federal Medicaid funds by $397,000,000, which is the highest loss in the nation; and

WHEREAS, California's per capita income grew by 1.1 percent from 2000 to 2001, which is the second fastest rate in the nation; and

WHEREAS, As Californians' incomes rise, the state rate for Medicaid matching funds from the federal government declines; and

WHEREAS, Despite the growth in per capita income in California, lower income Californians have often failed to experience the relative wage growth of higher income Californians; and

WHEREAS, Despite per capita income levels above the national average, California has both high levels of wealth and poverty; and

WHEREAS, With 4.9 million people under the federal poverty thresholds, California leads the nation in residents in poverty, having 1.6 million more impoverished residents than the State of Texas and 2.2 million more than New York; and

WHEREAS, FMAP calculations grew out of the federal Kerr-Mills Act of 1960, and predate the official definition of the poverty thresholds adopted in the late 1960s; and

WHEREAS, The Kerr-Mills Act of 1960 incorrectly presumed that states with high per capita incomes would have low poverty, and vice versa; and

WHEREAS, California is already facing daunting budget cuts due to the state's deficit, making it even more difficult for the state to absorb and offset these federal reductions; and

WHEREAS, Medi-Cal faces severe underfunding due to these factors not being taken into account; and

WHEREAS, There is a critical need to protect the health of millions of low-income families and individuals who depend on state and federal health programs like Medicaid and the State Children's Health Insurance Program; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the President and Congress of the United States to enact legislation that would consider the 4.9 million Californians who are living below the poverty thresholds by taking into account the total number of persons living in poverty rather than the per capita income when establishing the formula that will be used in the calculation of the federal share of the FMAP ; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Health and Human Services.

RESOLUTION CHAPTER 117

Senate Concurrent Resolution No. 12—Relative to the Joint Committee to Develop a Master Plan to End Poverty in California.

[Filed with Secretary of State September 2, 2003.]

WHEREAS, Poverty is detrimental to the health, welfare, and safety of Californians; and

WHEREAS, Poverty affects all communities, in particular women, children, seniors, disabled, working families, immigrants, and the homeless; and

WHEREAS, Poverty affects the health and economic well-being of communities; and

WHEREAS, Safety net programs, either private or public, are continually threatened by the scarcity of resources, as well as by the increasing cost of living throughout the state; and

WHEREAS, The 2000 Census reports that 14 percent of Californians live at or below the federal poverty level; and

WHEREAS, The current 2002 federal poverty level is described as a family unit of one with an income of eight thousand eight hundred sixty dollars ($8,860), a family unit of two with an income of eleven thousand nine hundred forty dollars ($11,940), a family unit of three with an income of fifteen thousand twenty dollars ($15,020), and a family unit of four with an income of eighteen thousand one hundred dollars ($18,100); and

WHEREAS, The current formula to determine the federal poverty level underestimates the actual cost of living in poverty because that

formula measures only food consumption and not other basic needs, such as housing, health care, transportation, utilities, and child care; and

WHEREAS, California has the second highest poverty rate when measuring people living at 125 percent of the federal poverty level; and

WHEREAS, California is losing billions of dollars in revenue by not closing the income gap between the haves and have-nots; and

WHEREAS, Reducing poverty, and reducing the income gap, will greatly benefit the economic and social infrastructure of California; and

WHEREAS, Poverty is not inevitable in California if wise economic and social programs are established; and

WHEREAS, Californians challenged the state to end poverty in the 1930's through the EPIC (Ending Poverty In California) movement; and

WHEREAS, The alarming statistics on income levels demonstrate that poverty has not been eradicated in this state, and there is a moral imperative to strive to accomplish that goal; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Joint Committee to Develop a Master Plan to End Poverty in California, composed of 7 Members of the Senate, to be appointed by the Senate Committee on Rules, and 7 Members of the Assembly, to be appointed by the Speaker of the Assembly, is hereby established; and be it further

Resolved, That the Joint Committee shall be under the direction of a Senate chair and an Assembly chair, appointed by the Senate Committee on Rules and the Speaker of the Assembly, respectively; and be it further

Resolved, That the Joint Committee develop a ''Master Plan to End Poverty in California'' to provide solutions to ending poverty; and be it further

Resolved, That the Joint Committee report to the Legislature on the state of poverty in California based upon demographic data from the most recent federal census within four years of the release of that demographic data; and be it further

Resolved, That the Joint Committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members; and be it further

Resolved, That the Senate Committee on Rules may make money available from the Senate Operating Fund, as it deems necessary, to share expenses of the Joint Committee and its members. Any expenditure of money shall be made in compliance with policies set forth by the Senate Committee on Rules and shall be subject to the approval of the Senate Committee on Rules; and be it further

Resolved, That the Assembly Committee on Rules may make money available from the Assembly Operating Fund, as it deems necessary, to share expenses of the Joint Committee and its members. Any expenditure of money shall be made in compliance with policies set forth by the Assembly Committee on Rules and shall be subject to the approval of the Assembly Committee on Rules; and be it further

Resolved, That the Joint Committee continue in existence until December 31, 2005.

RESOLUTION CHAPTER 118

Assembly Concurrent Resolution No. 89—Relative to the Boy Scouts of America.

[Filed with Secretary of State September 3, 2003.]

WHEREAS, Since the founding of the Boy Scouts of America, millions of Boy Scouts have taken the experience of scouting and gone on to contribute great things to society; and

WHEREAS, A Boy Scout can be followed, as he is a leader in his troop and community, regardless of the scout's race, color, religion, ancestry, national origin, political affiliation, sexual orientation, or disability; and

WHEREAS, The list of former Boy Scouts includes diverse role models and leaders; and

WHEREAS, A Boy Scout lives honorably, not only because honor is important to him, but because of the significant example he sets for other scouts; and

WHEREAS, Loyalty to his troop and brother scouts makes him ''pitch-in'' and carry his share of the load, recognizing the devotion to his family and the community in which he lives; and

WHEREAS, A Boy Scout's courage means standing up for what he believes in without compromising his own beliefs; and

WHEREAS, A Boy Scout looks forward to each day, seeking his share of the world's work to do; and

WHEREAS, Honor, loyalty, and courage are hallmarks of scouts who admirably represent the community, council, and troop in their daily lives; and

WHEREAS, A Boy Scout always wears a smile as a constant reminder of cheerfulness; and

WHEREAS, A Boy Scout is helpful in service and will always ''Be Prepared'' to put forth his best; and

WHEREAS, The character traits represented by Boy Scouts are symbols present in the Boy Scout badge, worn proudly on the uniform, by youth in this state and across the country; and

WHEREAS, It is the mission of the Boy Scouts of America to serve others by helping to instill values in young people, and in other ways to prepare them to make ethical choices over their lifetime in achieving their full potential; and

WHEREAS, The values that the Boy Scouts of America strives to instill are found in the Boy Scout Oath and Law; and

WHEREAS, Boy Scouts are required to abide by the Scout Law and Scout Oath which proudly uses such terms as ''honor,'' ''trustworthy,'' and ''loyal;'' and

WHEREAS, Many Boy Scouts have been forced to hide their identity in contradiction to the Scout Mission, Law, and Oath, and Boy Scouts and scout leaders who were open about their sexual orientation have been expelled from scouting; and

WHEREAS, The policy of the Boy Scouts of America to bar from membership or leadership positions otherwise qualified individuals solely on the basis of their sexual orientation or religious belief causes harm to the innumerable boys and men such as James Dale who, regardless of their hard work and merits, are denied the opportunity to hold the rank of Eagle Scout or participate in any way in the Boy Scouts of America; and

WHEREAS, Many former Boy Scouts have left scouting and formed their own inclusive organization, Scouting for All, in an effort to bring the values of scouting to youth without discrimination; and

WHEREAS, The discriminatory policy of the Boy Scouts of America is contrary to the policy of the State of California; and

WHEREAS, Other similar organizations such as the Girl Scouts, Camp Fire Boys and Girls, and the Boys and Girls Club serve as role models for the Boy Scouts of America because they do not discriminate against youth and adults; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes the outstanding efforts of Boy Scouts who, through persistence and hard work, earn the rank of Eagle Scout; and be it further

Resolved, That the Legislature encourages the Boy Scouts of America to accept for membership and leadership positions, including the rank of Eagle Scout, all qualified boys and men, without discriminating on the basis of sexual orientation or religious belief; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 119

Assembly Joint Resolution No. 35—Relative to training for court reporters and realtime writers.

[Filed with Secretary of State September 3, 2003.]

WHEREAS, Pursuant to the Telecommunications Act of 1996 (Public Law 104–404; 110 Stat. 126), the federal Communications Commission adopted rules requiring closed captioning of most television programming, which gradually requires new video programming to be fully captioned beginning 2006; and

WHEREAS, More than 28,000,000 Americans, or 8 percent of the population, are considered deaf or hard of hearing, and many require captioning services to participate in mainstream activities; and

WHEREAS, More than 24,000 children are born in the United States each year with some form of hearing loss; and

WHEREAS, According to the United States Department of Health and Human Services and a study done by the National Council on Aging, 25 percent of Americans over 65 years of age are hearing impaired, 33 percent of Americans over 70 years of age are hearing impaired, and 41 percent of Americans over 75 years of age are hearing impaired; and

WHEREAS, The National Council on Aging study also found that depression in older adults may be directly related to hearing loss and disconnection with the spoken word; and

WHEREAS, Empirical research demonstrates that captions improve the performance of individuals learning to read English and, according to numerous federal agency statistics, could benefit 3,700,000 remedial readers, 12,000,000 young children learning to read, 27,000,000 illiterate adults, and 30,000,000 people for whom English is a second language; and

WHEREAS, Realtime writing is an assistive technology that affords effective communication access to individuals who are hearing or sight impaired, remedial readers, illiterate adults, and ESL students. At the center of realtime writing are judicial court reporters, broadcast captioners, communication access realtime translation (CART) providers, and Internet Webstreamers who are professionally trained in the most state-of-the-art techniques of realtime, stenographic court reporting; and

WHEREAS, Over the past 5 years, student enrollment in programs that train court reporters to become realtime writers has decreased significantly, causing those programs to close on many campuses; and

WHEREAS, In response to these issues the Senate and House of Representatives of the United States of America in Congress have introduced legislation that, if enacted, would be cited as the ''Training

for Realtime Writers Act of 2003'' and would provide grants for training court reporters and realtime writers to meet requirements for closed captioning under the Telecommunications Act of 1996; and

WHEREAS, The Legislature of the State of California supports the enactment of federal legislation relating to training for court reporters and realtime writers; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature urges the Congress of the United States to pass legislation relating to court reporters and realtime writers; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 120

Assembly Concurrent Resolution No. 6—Relative to Domestic Violence Awareness Month.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, Home should be a place of warmth, unconditional love, tranquility, and security; however, for many Americans, home is tainted with violence and fear; and

WHEREAS, Domestic violence is much more than the occasional family dispute; and

WHEREAS, According to the Surgeon General, United States Public Health Service, domestic violence is a societal problem of epidemic proportions; and

WHEREAS, According to experts between 2 and 4 million American women are battered every year, and that between 3.3 and 10 million children witness violence in their homes; and

WHEREAS, According to the United States Department of Labor, 1,000,000 people are assaulted and injured every year as a result of workplace violence, 1,000 people are killed every year due to workplace violence, and 30 percent of battered women lose their jobs due to harassment at work by abusive husbands or boyfriends; and

WHEREAS, Battering affects families across America in all socioeconomic, racial, and ethnic groups; and

WHEREAS, More than one-half of the number of women in need of shelter from an abusive environment may be turned away from a shelter due to lack of space; and

WHEREAS, Women are not the only targets of domestic violence: young children, elderly persons, and men are also victims in their own homes; and

WHEREAS, Emotional, physical, and psychosocial scars are often permanent; and

WHEREAS, A coalition of organizations has emerged to confront this crisis directly. Law enforcement agencies, domestic violence hotlines, battered women and children's shelters, health care providers, faith-based organizations, the courts, the volunteers that serve those entities are helping the effort to end domestic violence; and

WHEREAS, It is important to recognize the compassion and dedication of the individuals involved in that effort, applaud their commitment, and increase public understanding of this significant problem; and

WHEREAS, The first Day of Unity was celebrated in October 1981 and was sponsored by the National Coalition Against Domestic Violence for the purpose of uniting battered women's advocates across the nation in an effort to end domestic violence; and

WHEREAS, That one day has grown into a month of activities at all levels of government, aimed at creating awareness about the problem and presenting solutions; and

WHEREAS, The first Domestic Violence Awareness Month was proclaimed in October 1987; now, therefore, be it

Resolved by the Assembly of the State of California, That the Legislature hereby proclaims the month of October 2003 as Domestic Violence Awareness Month; and be it further

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Secretary of the Assembly transmit a copy of this resolution to the President of the United States, the Governor of the State of California, the Director of the United States Department of Health and Human Services, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 121

Assembly Concurrent Resolution No. 11—Relative to Health Cares About Domestic Violence Day.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, Domestic violence is a serious public health problem in California and nationally. Its victims are overwhelmingly women. Nearly one-third of American women report being physically or

sexually abused by a husband, boyfriend, or partner at some point in their lives. At least three women are killed by intimate partners every day; and

WHEREAS, California has initiated a vigorous response to domestic violence. Laws have been dramatically strengthened in the past decade. When the California Legislature adopted major welfare reform legislation in 1997, the Legislature decided that counties could temporarily suspend certain welfare requirements for battered women and their children who risk further abuse if forced to comply with those requirements. Clinics and hospitals now are required to have protocols in place for addressing domestic violence. The California Medical Training Center, created by the Legislature in 1995, provides free training on identification of, and intervention in, domestic violence to health care providers; and

WHEREAS, Most victims of abuse visit a health care provider for routine or emergency care. In addition to immediate trauma and injury, domestic violence often contributes to chronic health problems including migraines, ulcers, back and pelvic pain, and sexually transmitted diseases. Domestic violence also interferes with the management of other illnesses. Too often the underlying source of these illnesses goes undetected, because currently less than 10 percent of primary care physicians routinely screen for partner abuse during regular office visits; and

WHEREAS, Properly trained physicians and other health care providers are uniquely positioned to assist domestic violence victims. Domestic violence, like other chronic health problems such as tobacco use and high blood pressure, often requires multiple interventions over time before it is resolved. By routinely screening patients for warning signs of domestic violence, and offering safety information, referrals, and followup, health care providers can provide valuable assistance, often before a crisis occurs; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California State Legislature does hereby proclaim October 8, 2003, as Health Cares About Domestic Violence Day. This special day is an opportunity to raise awareness about the importance of health care settings for assessing domestic violence risk, promoting safety planning, and providing information and referrals as part of the routine health care that is provided.

RESOLUTION CHAPTER 122

Assembly Concurrent Resolution No. 107—Relative to Senator Ralph C. Dills Day and Week.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, The passing of Senator Ralph C. Dills, who formerly represented the 28th Senate District, at the age of 92 years on May 16, 2002, signified the end of an exemplary public servant's life as California's longest serving legislator and whose public service is accurately referred to as ''one of the natural wonders of the 21st century''; and

WHEREAS, After several years as a middle school teacher of Latin, Senator Dills won the 1938 election to the California State Assembly, as a Roosevelt New Dealer, launching him into a 60-year public service legacy that included serving 11 years in the California State Assembly, 32 years in the California State Senate, and 17 years as a municipal judge; and

WHEREAS, The ''living legend'' career of Senator Dills spanned the terms of 17 Speakers of the Assembly, 12 Presidents pro Tempore of the State Senate, 8 Governors, and 11 Presidents of the United States, and due to term limits his tenure in the Legislature is unlikely to be equaled; and

WHEREAS, Senator Dills authored legislation that established the California State University at Long Beach, now a world-class institution, and thus allowed generations of veterans, blue-collar workers, low-income, minority students, and many others to earn professional degrees and teaching credentials at a public university; and

WHEREAS, Senator Dills' advocacy for public education also included the establishment of El Camino Community College, vast construction funding for Compton Community College, and the resources necessary to create the UCLA School of Law; and

WHEREAS, Senator Dills risked his political career and faced expulsion from the Assembly for being the sole member of the Assembly to oppose the internment of Japanese Americans during World War II, when he chose to live by principle and had the courage to rise above the xenophobia of the time in support of his constituents and a community that he respected for the assistance that it provided him as a poor college student; and

WHEREAS, Senator Dills courageously refused to vote as an act of conscience in order to undermine the credibility of an Assembly resolution, which would have requested Congress to take the action necessary in order to require Italian Americans and Japanese Americans to relinquish their respective dual citizenship rights, and he later fought for the redress of Japanese American internment camp survivors; and

WHEREAS, The Ralph C. Dills Act established landmark collective bargaining rights for California state employees, and is a living

testament of his commitment to all working men and women and the labor movement; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That on the occasion of the first anniversary of his passing, the Legislature of the State of California recognizes the legacy of Senator Ralph C. Dills' public service and his commitment to principle and work ethic, and joins in the Memorial and Celebration Day for Senator Ralph C. Dills being organized by the Dills Day Labor and Education Committee and hosted by the Chicano and Latino Studies Department, California State University, Long Beach; and be it further

Resolved, That the Legislature of the State of California proclaims May 16, 2003, as Senator Ralph C. Dills Day and October 20 to 24, inclusive, 2003, as Senator Ralph C. Dills Week, to recognize his contributions as the champion of education, labor, and the underprivileged; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 123

Assembly Concurrent Resolution No. 120—Relative to California Chronic Kidney Disease Education Day.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, Chronic kidney disease is estimated to be present in more than 4 percent of adults in California, many of whom are unaware of the problem; and

WHEREAS, Chronic kidney disease can progress to end stage renal disease (ESRD), which requires a continuous course of dialysis therapy or a kidney transplant to maintain life; and

WHEREAS, There are more than 35,000 people with ESRD in the state; and

WHEREAS, There is no cure for chronic kidney disease, but there is abundant medical evidence showing that its recognition and treatment can delay or prevent the onset of ESRD; and

WHEREAS, ESRD is usually the result of years of chronic kidney disease caused by diabetes mellitus, high blood pressure, inherited conditions, or other insult to the kidneys; and

WHEREAS, Diabetes is the number one cause of chronic kidney disease in the United States, accounting for more than 43 percent of new ESRD cases in 1999; and

WHEREAS, Uncontrolled high blood pressure is the second leading cause of chronic kidney disease in the United States, accounting for 26 percent of new ESRD cases in 1999; and

WHEREAS, Severe high blood pressure causes kidney malfunction over a relatively short period of time, but even mild forms of high blood pressure can damage kidneys over several years, with no symptoms evident until there is serious damage; and

WHEREAS, Chronic kidney disease causes high blood pressure or worsens existing high blood pressure and accelerates damage to the kidneys; and

WHEREAS, Cardiovascular disease is the leading cause of death in patients with chronic kidney disease; and

WHEREAS, Public policy initiatives targeted at early identification, controlling cardiovascular risk factors, and early intervention in those with diabetes mellitus and high blood pressure can reduce the serious long-term effects of chronic kidney disease on the population, and the significant economic burden on individuals and society; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes August 15, 2003, as California Chronic Kidney Disease Education Day, and urges all Californians to familiarize themselves with the causes of chronic kidney disease and the importance of intervention to promote sustained health and a better quality of life; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 124

Senate Concurrent Resolution No. 5—Relative to visual and performing arts education.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, The University of California and the California State University realize the demands of a new generation of Californians seeking a quality education and recognize the critical importance of continued access to a broad array of experiences that allow students to obtain the breadth and depth of knowledge necessary for success after college; and

WHEREAS, The University of California and the California State University have instituted a policy that includes visual and performing

arts as a college preparatory subject for all high school pupils wishing to enter the institutions of higher education of the state; and

WHEREAS, By 2006 all students entering the University of California and the California State University are required to satisfy the visual and performing arts admission requirement by completing an appropriate course in dance, music, theatre, or the visual arts; and

WHEREAS, High school courses that meet the visual and performing arts admission requirement should provide pupils with an experience in compliance with the Visual and Performing Arts Content Standards adopted by the State Board of Education; and

WHEREAS, Standards-based instruction is the basis for education reform initiatives in California, as evidenced by the emphasis of the State Department of Education on standards-based instruction in the language arts, mathematics, social studies, science, and visual and performing arts; and

WHEREAS, The Visual and Performing Arts Content Standards describe what each pupil should know and accomplish in the visual and performing arts, prekindergarten to grade 12, inclusive, in artistic perception, creative expression, historical and cultural context, aesthetic valuing, connections, relationships, and applications; and

WHEREAS, The arts are a recognized part of a quality education, as evidenced by the adoption of the Visual and Performing Arts Content Standards, and by their inclusion in the California Master Plan for Education, and should be included as plans are made for the future of California education; and

WHEREAS, Key factors in the success of standards-based education include access to all of the following:

(a) Qualified teachers at all grade levels and disciplines, supported by ongoing professional development.

(b) Clear statement of standards that define what each pupil is expected to know and accomplish at each educational level.

(c) High-quality learning materials and resources, including, but not limited to, textbooks and technologies that support learning.

(d) Adequate funding to ensure the essential preconditions for quality teaching and learning at all schools.

(e) Appropriate facilities that support instructional goals.

(f) Assessment of pupil progress at every educational level; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members acknowledge and support the implementation of standards-based instruction in the visual and performing arts in all California public schools, prekindergarten to grade 12, inclusive; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 125

Senate Concurrent Resolution No. 20—Relative to the Immigrant Workers Freedom Ride.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, California's history is synonymous with immigration of people from the nations around the world; and

WHEREAS, California has, and will continue to have for the foreseeable future, the largest immigrant population in the United States; and

WHEREAS, Immigration is essential to the state's economic growth, its social and cultural diversity, and the vitality of its civic life; and

WHEREAS, The security of our state is best protected when no one is forced to live in fear because of his or her immigration status; and

WHEREAS, The interests of the state are not served by the current immigration law which does the following:

(a) Offers no opportunity for many hard working, taxpaying immigrant residents to become legal residents, and eventually, citizens, of the United States.

(b) Imposes many hardships on immigrant families wishing to reunite in this state.

(c) Fails to protect the workplace rights of immigrants who are investing their labor in the state's economy; and

WHEREAS, A national mobilization of individuals and organizations that already support immigration reform, from the United States Chamber of Commerce to the NAACP and the AFL-CIO, from Democratic and Republican elected officials to the National Immigration Forum and National Council of La Raza, is necessary to restore the momentum for policy change that was swept aside by the tragic events of September 11, 2001; and

WHEREAS, The Immigrant Workers Freedom Ride, which will set out from eight major cities in the United States and cross the country in buses in the fall of 2003, and culminate in delegations meeting Members of Congress in Washington, DC, and a mass show of support for immigrant workers in New York City, will be a powerful vehicle to demonstrate the existence of a broad national constituency for meaningful immigration reform; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby does all of the following:

(a) Endorses the Immigrant Workers Freedom Ride (IWFR) and its goals.

(b) Supports and assists the organization of the Immigrant Workers Freedom Ride in the State of California.

(c) Calls on county and city executive and legislative bodies throughout the state to adopt similar resolutions; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 126

Senate Concurrent Resolution No. 36—Relative to the centennial anniversary of flight.

[Filed with Secretary of State September 5, 2003.]

WHEREAS, The first powered aircraft flight by the Wright brothers took place on December 17, 1903, in Kitty Hawk, North Carolina; and

WHEREAS, The airplane has dramatically changed the course of transportation, commerce, and communication throughout California and the world; and

WHEREAS, More than 150 confirmed ''first flights,'' from America's first jet plane to the modern-day space shuttle, have taken off in California from Edwards Air Force Base, which has served as the United States Air Force Flight Test Center for the aerospace industry for more than 50 years; and

WHEREAS, The recognition of California's contribution to advancements in aviation and aerospace over the past century is essential to promoting interest and motivating young people to pursue education in mathematics, science, engineering and aerospace technology; and

WHEREAS, The aerospace industry is a major economic and social force in the United States, employing almost 1 million people in California; and

WHEREAS, Since 1954, virtually all United States rocket propulsion technology and development was completed at the National Aeronautics and Space Administration's (NASA) Dryden Flight Research Center located at Edwards Air Force Base in California; and

WHEREAS, NASA has created a national network of educator resource centers, including the Dryden Educator Resource Center in California, to distribute information about NASA programs, technologies, and discoveries; and

WHEREAS, NASA educational materials are related to mathematics, energy, physics, space flight, aeronautics, technology and utilization, and art and social science careers, and can be used to supplement regular instructional resources; and

WHEREAS, The Dryden Educator Resource Center contains a wealth of information for educators including publications, reference material, slides, audio and video cassettes, computer programs, CD-ROMs, lesson plans with activities, posters, and publications from government and nongovernment sources; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes the centennial anniversary of flight and encourages cities, counties, and individual citizens to organize activities in celebration of a century of flight; and be it further

Resolved, That the Legislature encourages teachers to utilize the Dryden Educator Resource Center in stimulating young minds and encouraging young people to pursue careers in aviation and aerospace industries; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 127

Senate Concurrent Resolution No. 24—Relative to highway designations.

[Filed with Secretary of State September 12, 2003.]

WHEREAS, The calling to be a peace officer is one of the highest vocations of public service and any individual who accepts this calling is worthy of the highest respect and honor the community, state, and nation can provide; and

WHEREAS, California Highway Patrol Officer Stephen M. Linen, Jr., badge number 13812, was killed in the line of duty during the morning of August 12, 2001. Stephen M. Linen, Jr. was issuing a citation on Interstate 5 near Leucadia Boulevard in the City of Encinitas when a drunk driver collided into his patrol vehicle and struck the officer; and

WHEREAS, Stephen M. Linen, Jr. succumbed to his injuries as a result of the collision; and

WHEREAS, Stephen M. Linen, Jr. is survived by his mother, Mary Monahan, father, Stephen Linen, Sr., brother, Christopher Linen, and many beloved family members and friends; and

WHEREAS, Stephen M. Linen, Jr. was born on July 22, 1970, in San Jose, California. He moved to San Diego in 1985, and lived in the

Rancho Bernardo area. Stephen M. Linen, Jr. attended and graduated from Mount Carmel High School in 1988; and

WHEREAS, Prior to beginning his career with the California Highway Patrol, Stephen M. Linen, Jr. graduated from California State University, San Diego with a degree in Criminal Justice in 1993. Stephen M. Linen, Jr. pursued and achieved his goal of obtaining a private pilot's license; and

WHEREAS, Stephen M. Linen, Jr. joined the California Highway Patrol on July 25, 1994. After successfully completing his academy training, he reported to the Monterey area as an officer on January 26, 1995; and

WHEREAS, Stephen M. Linen, Jr. made significant contributions to traffic safety and assisting the motoring public while assigned to the Monterey, San Diego, and Oceanside area offices; and

WHEREAS, Stephen M. Linen, Jr. was nominated for the Burn Institute's ''Spirit of Courage Award'' for his 1998 act of bravery and heroism when he rescued a man trapped in a burning vehicle on State Highway Route 5 in San Diego; and

WHEREAS, Stephen M. Linen, Jr. served six years, seven months, as a sworn peace officer for the California Highway Patrol and was known by his fellow officers for his dedication to the department and to the protection of the citizens of our state; and

WHEREAS, California Highway Patrol Officer Sean Nava, badge number 12890, was killed in the line of duty during the morning of October 28, 2000. Sean Nava was investigating an earlier traffic collision on Interstate 5 in the City of Carlsbad when a drunk driver collided into him; and

WHEREAS, Sean Nava succumbed to his injuries as a result of the collision; and

WHEREAS, Sean Nava is survived by his wife, Melanie, daughter, Alexandria, son, Patrick, mother, Rose, and many beloved family members, and friends; and

WHEREAS, Sean Nava was born on April 8, 1967, in West Covina, California. His family moved to Oceanside when he was one year old. Sean Nava attended and graduated from Oceanside High School; and

WHEREAS, Prior to beginning his career with the California Highway Patrol, Sean Nava enlisted in the United States Army. He honorably served his country as an Army Military Police Officer in Germany and in Herlong, California. As an Army Military Police Officer, he conducted undercover narcotics investigations with the Army Criminal Investigation Division. Sean Nava was honorably discharged at the rank of sergeant; and

WHEREAS, Sean Nava joined the California Highway Patrol on July 31, 1989. After successfully completing his academy training he reported to the San Jose area on December 21, 1989; and

WHEREAS, Sean Nava made significant contributions to traffic safety and assisting the motoring public while assigned to the San Jose, San Diego, and Oceanside area offices; and

WHEREAS, Sean Nava was posthumously awarded the Medal of Valor for his off-duty act of bravery and heroism when he attempted to rescue the driver of a vehicle that had collided with a residence and propane tank, and subsequently erupted in flames. Without regard to his own personal safety, Sean Nava and a citizen made repeated attempts to rescue the trapped driver; and

WHEREAS, Sean Nava served 11 years, three months, as a sworn peace officer for the California Highway Patrol and was known by his fellow officers for his dedication to the department and to the protection of the citizens of our state; and

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the portion of Interstate 5 from Leucadia Boulevard to La Costa Avenue in the City of Encinitas in the County of San Diego as the C.H.P. Officer Stephen M. Linen, Jr. Memorial Freeway; and be it further

Resolved, That the Legislature hereby designates the portion of Interstate 5 from Tamarack Avenue to State Highway Route 78 in the City of Carlsbad in the County of San Diego as the C.H.P. Officer Sean Nava Memorial Freeway; and be it further

Resolved, That the Department of Transportation is requested to determine the costs of erecting appropriate signs, consistent with the signing requirements for the state highway system, showing these special designations, and, upon receiving donations from nonstate sources covering the cost, to erect those signs; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 128

Senate Concurrent Resolution No. 41—Relative to Baldrige National Quality Program.

[Filed with Secretary of State September 12, 2003.]

WHEREAS, The Malcolm Baldrige National Quality Award was established by Congress in 1988. Under the federal program, the United States Department of Commerce is responsible for administering the

Baldrige National Quality Program and the Malcolm Baldrige National Quality Award; and

WHEREAS, Seven educational criteria for performance excellence under the program were approved by Congress in 1998. Those criteria are leadership, strategic planning, pupil, stakeholder, and market focus, information and analysis, faculty and staff focus, process management, and organizational performance results; and

WHEREAS, The educational criteria provide a framework for continuous improvement for schools, school districts, and educational organizations. The criteria help schools measure and assess their performance on a variety of key performance indicators; and

WHEREAS, The Baldrige National Quality Program and the Malcolm Baldrige National Quality Award have resulted in the highest levels of performance throughout the nation. Participating schools have closed the achievement gap and have raised the performance of all pupils to levels that exceed state and national standards while increasing the efficiency and effectiveness of school operations and decreasing per pupil spending; and

WHEREAS, In the fall of 2001 the California Center for Baldrige in Education was founded as a nonprofit center that uses the national Baldrige Criteria for Performance Excellence as a framework to provide exemplary training, coaching, assessment, networking, and resources to California public schools and school districts; and

WHEREAS, Initial findings in California public schools using the Baldrige criteria indicate increased pupil achievement, including meeting or exceeding academic performance index targets and significant comparative improvement on multiple measures of pupil achievement, increased pupil, parent, and staff satisfaction, increased involvement in education by business, and increased organizational efficiency; and

WHEREAS, Before the formation of the California Center for Baldrige in Education, school districts wishing to utilize this quality approach relied on consultation from external for-profit speakers or organizations with no central, easily accessible means of obtaining information or sharing best practices. As increased responsibility is placed on school districts to provide technical assistance to schools, there is an increased need for school districts to use a common framework and aligned systems and to have immediate access to uniform information, training, and support services that use research-based and successful strategies for instruction and organizational management; and

WHEREAS, The California Baldrige in Education initiative is aligned to the federal No Child Left Behind Act because it holds schools and districts to high academic and organizational standards, focuses on

closing the achievement gap for all pupils, including the Title I, special education, delinquent, and at-risk populations, and aims at meeting or exceeding adequate yearly progress objectives established by the state, state and national benchmarks for stakeholder satisfaction, and organizational effectiveness and efficiency; and

WHEREAS, Schools and school districts in California that have successfully applied the Baldrige criteria and principles include the Santa Cruz County Office of Education, California Center for Baldrige in Education, Long Beach Unified School District, Clovis Unified School District, Orinda Union Elementary School District, San Jose Unified School District, Dos Palos Oro-Loma Joint Unified School District, Pajaro Valley Unified School District, San Lorenzo Valley Unified School District, Soquel Union School District, East Side Union High School District, Victor Elementary School District, and Madera Unified School District; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature encourages school districts to consider using the Baldrige Criteria for Performance Excellence as a means of meeting the requirements of the federal No Child Left Behind Act; and be it further

Resolved, That the Legislature requests the Superintendent of Public Instruction to review the Baldrige National Quality Program for the purpose of recommending how schools and school districts can implement the Baldrige Criteria for Permanence Excellence to increase pupil achievement; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 129

Senate Concurrent Resolution No. 43—Relative to Women Veterans' Highway.

[Filed with Secretary of State September 12, 2003.]

WHEREAS, Throughout our country's history, nearly two million women have attained the esteemed title of veteran because of their service to the United States; and

WHEREAS, In 1999, women comprised 14 percent of all Americans in military uniform and accounted for 20 percent of all new recruits; and

WHEREAS, Though women were not permitted to participate in the United States' Armed Forces in earlier years, historical records verify

that over 60 women were either wounded or killed at various battles during the Civil War; and

WHEREAS, In 1901, the United States' Army recognized women's enthusiasm to serve our country by establishing the first official entity for women named the Army Nurse Corps without providing the benefit of military rank, equal pay, or benefits; and

WHEREAS, Because of their courageous efforts and determined commitment to their country, women were finally granted attendance to the United States Military Academies in 1975 when Congress introduced and passed a law allowing for these highly regarded universities to become coeducational; and

WHEREAS, It was a befitting acknowledgment when the Women in Military Service for America Memorial was dedicated at the entrance of Arlington National Cemetery on October 18, 1997, as a living memorial honoring all military women, past, present, and future; and

WHEREAS, It is appropriate that the section of State Highway Route 99 between Hammer Lane and State Highway Route 4 in Stockton, a portion of the named Purple Heart Veteran's Freeway, be designated as the Women Veterans' Highway as a dedication honoring the many women who have valiantly served our country; and

WHEREAS, This memorial highway will continue to remind us of the sacrifices made by women in defense of our nation that began over 220 years ago with the American Revolution and continues today; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates the portion of State Highway Route 99 between Hammer Lane and State Highway Route 4 in Stockton as the Women Veterans' Highway; and be it further

Resolved, That the Department of Transportation is requested to determine the cost of appropriate plaques and markers, consistent with the signing requirements for the state highway system, showing this special designation and to grant, without charge, the necessary encroachment permits authorizing those plaques and markers to be placed within the right-of-way of State Highway Route 99 between Hammer Lane and State Highway Route 4 in Stockton, and upon receiving donations from nonstate sources sufficient to cover their cost, to erect those plaques and markers; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the Department of Transportation and to the author for distribution.

RESOLUTION CHAPTER 130

Senate Concurrent Resolution No. 47—Relative to eugenics.

[Filed with Secretary of State September 12, 2003.]

WHEREAS, The goal of the eugenics movement of the twentieth century was to achieve racial betterment through the elimination of hereditary disorders or genetic defects by means of sterilization, selective breeding, and social engineering; and

WHEREAS, The eugenics movement gained popularity in the United States around the turn of the century, with Indiana enacting the nation's first eugenics-based sterilization law in 1907; and

WHEREAS, In the United States Supreme Court case of Buck v. Bell (1927) 274 U.S. 200, Carrie Buck sued to overturn a Virginia state law that allowed state-mandated reproductive sterilization of persons whom the state deemed ''imbeciles'' or ''feebleminded''; and

WHEREAS, In a landmark 8-to-1 decision in that case, the United States Supreme Court upheld the sterilization law; and

WHEREAS, More than 30 states enacted similar eugenics laws; and

WHEREAS, In 1909, California passed a eugenics-related law permitting the involuntary sterilization of inmates of state hospitals and prisons; and

WHEREAS, Under California's eugenics law, and subsequent amendments to it, inmates of state hospitals and institutions for the mentally retarded, certain prison inmates who were considered sexual or moral ''degenerates'' or were serving life sentences, and epileptics could be involuntarily sterilized to ensure that they would not produce similarly disabled offspring; and

WHEREAS, In practice, the eugenics laws were used to target virtually any human shortcoming or illness, including alcoholism, drug addiction, pauperism, syphilis, and criminal behavior; and

WHEREAS, Between 1909 and 1964, an estimated 20,000 Californians were sterilized, and some 65,000 men and women were sterilized nationwide; and

WHEREAS, Eugenics laws were frequently used as a respectable, ''scientific'' veneer to cover activities of people who held blatantly racist views; and

WHEREAS, The ''science'' of eugenics has since been discredited; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby expresses its profound regret over the state's past role in the eugenics movement and the injustice done to thousands of California men and women; and be it further

Resolved, That this resolution addresses past bigotry and intolerance against the persons with disabilities and others who were viewed as ''genetically unfit'' by the eugenics movement; and be it further

Resolved, That all individuals must honor human rights and treat others with respect regardless of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, gender, age, sexual orientation, or economic status; and be it further

Resolved, That the Senate and Assembly urge every citizen of the state to become familiar with the history of the eugenics movement, in the hope that a more educated and tolerant populace will reject any similar abhorrent pseudoscientific movement, should one arise in the future; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 131

Senate Concurrent Resolution No. 6—Relative to California Hispanic Heritage Month.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, President Lyndon B. Johnson first proclaimed National Hispanic Heritage Week on September 17, 1968, in recognition of the contributions of Hispanic Americans to American culture and history; and

WHEREAS, The original weeklong commemoration was changed by Public Law No. 100-402 to National Hispanic Heritage Month on January 1, 1989; and

WHEREAS, The objectives of National Hispanic Heritage Month are to create a greater awareness of the contributions of Hispanic Americans to American culture, to illustrate the diversity of the Hispanic American community, and to encourage a greater curiosity within young people about the rich history and cultural heritage of Hispanic Americans; and

WHEREAS, Hispanic influence is evident in American culture in, among other things, music, arts, sciences, food, humanities, and business and trade; and

WHEREAS, Hispanic Americans from the time of the Revolutionary War to the War on Terrorism subsequent to September 11, 2001, have proudly served this country in the Armed Forces, and, during their course of service, 38 Hispanic Americans, including nine from California have been awarded the Congressional Medal of Honor, the

highest honor conferred for military bravery and heroism above and beyond the call of duty; and

WHEREAS, There are nearly 11 million Hispanic Americans in California; and

WHEREAS, Hispanic Americans have contributed to the development and success of California by playing major roles in building this state through agriculture, medicine, science, entertainment, business, education, civil rights, politics, and sports; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby proclaims September 15 to October 15, 2003, inclusive, as California Hispanic Heritage Month, and encourages all Californians to observe this event in communities throughout the state; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 132

Senate Concurrent Resolution No. 7—Relative to Ronald Reagan Day.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, Ronald Wilson Reagan was born in the midwestern farming town, Tampico, Illinois, on February 6, 1911; and

WHEREAS, Ronald Reagan, a man of honorable background, worked throughout his life serving freedom and advancing the public good, having been employed as an entertainer, president of the Screen Actors Guild, corporate spokesman, Governor of California, and President of the United States; and

WHEREAS, Ronald Reagan served with honor and distinction for two terms as the 40th President of the United States of America, upon the second of which he earned the confidence of three-fifths of the electorate and was victorious in 49 of 50 states in the general election, a record unsurpassed in the history of American presidential elections; and

WHEREAS, In 1981, when Ronald Reagan was inaugurated President, he inherited a nation with rampant inflation and high unemployment; and

WHEREAS, Mr. Reagan continued the challenge of past Presidents to work in a bipartisan manner to improve accountability and common sense to government; and

WHEREAS, Mr. Reagan's commitment to the nation's children helped lower crime and drug use in our neighborhoods; and

WHEREAS, President Reagan's commitment to our Armed Forces continued to build the national strength that he saw as necessary for the protection of freedom in this country and throughout the world; and

WHEREAS, President Reagan's vision of ''peace through strength'' helped lead to the end of the Cold War; and

WHEREAS, On February 6, 2003, Ronald Reagan will have reached the age of 92 years; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature recognizes February 6, 2003, and subsequent yearly anniversaries thereafter, as Ronald Reagan Day.

RESOLUTION CHAPTER 133

Senate Concurrent Resolution No. 40—Relative to youth involvement.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, Over the next two to five years, many counties in California will experience a 25 to 40 percent increase in their youth and young adult populations; and

WHEREAS, Professionally evaluated studies of youth development programs have documented direct behavioral changes relating to reductions in problem behaviors in high-risk youth, overall improvements in positive self-esteem and self-confidence, greater senses of competence and control among vulnerable youth, improvements in personal and social skills development, greater success in academic achievement, and documented clarification of academic and career goals; and

WHEREAS, Over 50 California city, county, and school governing and advisory boards and commissions include youth in local policy and budget decisions, thus engaging those youth in local and regional decisionmaking and programs; and

WHEREAS, State budgetary and policy decisions have a significant impact on the type and quality of state programs that serve youth; and

WHEREAS, Many legislators and state departments support programs and services that focus on building and reinforcing personal and community asset development as successful prevention and early intervention strategies; and

WHEREAS, An essential element of creating effective and efficient asset-based prevention and early intervention strategies is to include

youth in the process of creating, implementing, and managing the programs that serve them; and

WHEREAS, Many cities, counties, and school districts are effectively using youth development strategies and should be supported to achieve the full benefits of these efforts; and

WHEREAS, The evidence is overwhelming that programs utilizing youth development strategies and asset-based prevention and early intervention strategies result in improved personal and community change; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the state should support programs and prevention and early intervention services that address problem behaviors in youth before those youth become more difficult and costly; and be it further

Resolved, That the Legislature should solicit advice from youth about budgetary and policy proposals that impact those youth; and be it further

Resolved, That the Legislature should determine youth involvement opportunities and link those opportunities to existing local government, school, and state programs that promote voluntary civic and community service; and be it further

Resolved, That the Legislature encourage individual Members of the Legislature to include local youth in their policymaking efforts; and be it further

Resolved, That the Legislature encourage schools and community programs to take affirmative steps to ensure that real opportunities exist for including youth in their planning and implementation efforts; and be it further

Resolved, That the Legislature establish March 28 as an annual day of recognition to honor and affirm the programs, services, policymakers, and local governmental or educational entities that have successfully developed youth participation and involvement programs, and the youth who contribute to those efforts; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 134

Senate Concurrent Resolution No. 48—Relative to Myositis Awareness Day.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, Myositis is a chronic, autoimmune disease that triggers the degeneration of skeletal muscle tissues, resulting in persistent

inflammation and progressively weakened muscles and that interferes with normal muscle contractions; and

WHEREAS, There are four debilitating forms of myositis that cause different effects to the body, including inflammatory juvenile myositis, which is found in children and causes the immune system to fight its own tissues and cells; polymyositis, which inflames and weakens the trunk muscles; dematomyositis, which damages muscle fibers and results in a distinctive patchy rash on the skin; and inclusion body myositis, which causes the slow weakening of a specific limb and extremity muscles; and

WHEREAS, Many cases of this incurable disease go undiagnosed for years, arise at any age, and have an undetermined cause; and

WHEREAS, Over 30,000 people in the United States suffer from this significant, and sometimes deadly, disease; and

WHEREAS, The pathogenic pathway of two beta-site APP-cleaving enzymes (BACE enzymes) involved in the production of the beta-amyloid protein are increased inside the muscle cells of patients with myositis and these are the same BACE enzymes that create plaques of the brain found in Alzheimer's patients; and

WHEREAS, This fact leads scientists to believe that developing treatments for myositis, which is fairly easy to culture and research, will help Alzheimer's patients as well; and

WHEREAS, Limited public recognition of myositis has resulted in inadequately funded research; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature hereby designates September 21, 2003, as Myositis Awareness Day in California; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 135

Senate Concurrent Resolution No. 49—Relative to prevailing wage rates.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, The Legislature has declared that the payment of prevailing wages on public projects is a matter of statewide concern; and

WHEREAS, Payment of the prevailing rate of per diem wages to workers employed on public projects is necessary to attract the most skilled workers for the project and to ensure that work of the highest quality is performed on these projects; and

WHEREAS, Public works projects should never undermine the wage base in a community and the requirement that workers on public works projects be paid the prevailing rate of per diem wages ensures that the local wage base is not lowered (Sec. 1, Ch. 892, Stats. 2002; Sec. 1, Ch. 868, Stats. 2002); and

WHEREAS, The Court of Appeal held in City of Long Beach v. Department of Industrial Relations (1 Cal.Rptr.3d 837 (2003 Cal.App. Lexis 1050), that the state's prevailing wage law addresses matters of statewide concern and therefore applies to projects subsidized by all public agencies, including chartered cities; and

WHEREAS, The state's system for promoting quality apprenticeship training in the construction trades depends upon the incentives provided by the prevailing wage law; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature reaffirms its intent for the state prevailing wage law to apply broadly to all projects subsidized with public funds, including the projects of chartered cities, as the law addresses important statewide concerns; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 136

Senate Joint Resolution No. 3—Relative to the Temporary Assistance for Needy Families (TANF) program.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, In 1996, the federal government restructured the nation's safety net for poor families, replacing the Aid to Families with Dependent Children (AFDC) program with the Temporary Assistance for Needy Families (TANF) block grant program in an attempt to better transition families toward self-reliance; and

WHEREAS, The new welfare law imposed a 60-month time limit on the receipt of federally funded cash assistance, allowing only 20 percent of a state's cases to be exempted for ''hardship'' reasons; and

WHEREAS, In response to the 1996 federal changes, California enacted the California Work Opportunity and Responsibility to Kids (CalWORKs) program in 1997, which limits adults, but not children, to 60 cumulative months of cash assistance, with designated exceptions for those unable to work; and

WHEREAS, As many as 15,700 recipients were estimated to have reached the CalWORKs five-year limit on January 1, 2003, with more recipients expected to reach the limit throughout 2003 and beyond; and

WHEREAS, Working parents, most in low-paying jobs with few opportunities for self-sufficiency, make up a majority of those who will reach the time limit; and

WHEREAS, In many counties, a majority or near majority of parents reaching the time limit are married as well as working, contradicting the stereotypes of idle single parents that underlay the creation of time limits; and

WHEREAS, The termination of cash assistance will increase hardships for families, including hunger and the inability to meet housing costs; and

WHEREAS, The deepening economic crisis reflected in the decline in the stock market has caused a severe reduction in revenues that threatens vital services for the poor, including subsidized child care; and

WHEREAS, California's unemployment rate is at 6.4 percent, making it even more difficult for workers eligible for TANF benefits to obtain more gainful employment in the near future; and

WHEREAS, Studies of welfare ''leavers'' show that leaving welfare usually does not mean living in self-sufficiency; and

WHEREAS, The TANF block grant, as enacted in 1996, expired on September 30, 2002, but has been temporarily extended by Congress until June 30, 2003; and

WHEREAS, Congress is now considering reauthorization of the TANF block grant as well as the level of, and rules governing, federal funding; and

WHEREAS, The Legislative Analyst has concluded that the reauthorization legislation passed by the United States House of Representatives would result in added costs to CalWORKs of $2.15 billion over five years, mostly for child care and employment services; and

WHEREAS, H.R. 4, the reauthorization legislation passed by the United States House of Representatives, provides no additional TANF block grant funding, and an insufficient amount in child care and development funds to meet anticipated demands; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California recognizes California's pending economic crisis and that reductions in TANF funding will further exacerbate economic hardships to working families; and be it further

Resolved, That the Legislature of the State of California recognizes that retention of time limits on TANF assistance to needy families will

not only worsen California's economy, but the economies of other states as well; and be it further

Resolved, That the Legislature of the State of California urges the Congress of the United States to do all of the following:

(1) Increase TANF block grant funding to states that, like California, are facing severe shortfalls in their ability to adequately fund services and benefits for low-income families.

(2) Allow states to use TANF funds to provide an additional 24 months of TANF eligibility for families who have used 60 months of TANF eligibility.

(3) Consider "stopping the clock" on TANF assistance for recipients who are meeting work participation requirements or who live in counties with high unemployment rates.

(4) Increase funding for the Child Care and Development Block Grant to cover any additional demands for child care created by TANF reauthorization and to expand access to low-income families who are financially eligible for subsidized care but denied assistance due to a shortage of resources.

(5) Give states flexibility to design the most effective strategies, including education and vocational training, to help people secure jobs leading to self-sufficiency; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the Majority Leader of the Senate, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 137

Senate Joint Resolution No. 6—Relative to emergency services.

[Filed with Secretary of State September 18, 2003.]

WHEREAS, The devastating September 11, 2001, attacks in New York and Washington, D.C., changed the way our nation thinks about terrorism. Those attacks, during which hundreds of police officers, firefighters, and other emergency personnel died (along with thousands of civilians), emphasized the need for all levels of government to devote additional resources and devise creative new strategies toward preventing future attacks on United States soil; and

WHEREAS, The task of defending our citizens at home falls to the thousands of men and women who police our streets, guard our buildings, bridges, ports, and other landmarks, respond to emergencies

in our neighborhoods and homes, and administer to the sick and the wounded; and

WHEREAS, The first line of defense in protecting life and property often falls to the states and local communities; and

WHEREAS, Police officers and firefighters are often the first to arrive at the scene of an emergency or disaster; and

WHEREAS, Every day, many of these dedicated ''first responders'' place themselves in harm's way to save the lives of countless others; and

WHEREAS, Hundreds of these first responders died on September 11 so that thousands could live; and

WHEREAS, Because terrorist attacks or natural disasters could strike at any time, having adequate numbers of these first responders available will be critical to forestalling and minimizing the potential loss of life; and

WHEREAS, Many regions of California face an acute shortage of trained paramedics, who are often called upon to administer sophisticated, life-saving medical care to the victims of emergencies or disasters; and

WHEREAS, Experience has shown that by training public safety personnel to perform as paramedics and thus providing them with additional tools to assist in emergencies and disasters, the loss of life can be minimized; and

WHEREAS, In January 2002, President George W. Bush told an audience of mayors and other local government officials gathered at the White House that''It's your police forces, your emergency medical teams, your fire fighters who are responsible for the first response on any terrorist attack, and are responsible for saving lives. . . . [T]he first minutes or hours after an attack, are the most hopeful minutes for saving lives. . . .'' The President told the local officials that he wanted to commit $3.5 billion to first responder preparedness, including $1.1 billion to train firefighters, police, and emergency technicians to cope with future terrorist attacks; and

WHEREAS, It has been the expressed desire of the Legislature and Governor of the State of California to ensure that our state is properly prepared and adequately staffed with trained first responders, including a plan to use some of the promised federal Homeland Security funds allocated to California for paramedic training for public safety personnel; and

WHEREAS, The recent spending package approved by Congress and signed by President Bush in February failed to provide adequate funding for first responder preparedness. Even though he signed the legislation, President Bush said the amount of money devoted to counter-terrorism was a ''disappointment''; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, Jointly, That the Legislature of the State of California reaffirms its commitment to strengthening our cities and counties as the first line of defense of our people, and to giving our public safety personnel the training they need to provide critical care in disasters or emergencies; and be it further

Resolved, That because the severe budget crisis in California and other states limits the states' ability to fund the complete cost associated with homeland security, the Legislature of the State of California calls upon the Congress and the President of the United States to provide badly needed additional funding to the states for first responder training. Fulfilling the President's pledge would be a low-cost way to help make the homeland more secure; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, the Majority Leader of the Senate, and each Senator and Representative from California in Congress.

RESOLUTION CHAPTER 138

Assembly Concurrent Resolution No. 66—Relative to the high school exit examination.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Commencing with the 2005–06 school year, each pupil completing grade 12 will be required under existing law to successfully pass the high school exit examination as a condition of receiving a diploma of graduation or as a condition of graduation from high school; and

WHEREAS, The State Board of Education has acted pursuant to existing law to delay the date upon which each pupil completing grade 12 is required to successfully pass the high school exit examination due to the fact that many pupils have not yet had sufficient opportunity to learn the subject matter tested on the examination; and

WHEREAS, The failure rate of pupils with disabilities in the most recent administration of the high school exit examination was 87 percent; and

WHEREAS, While it is recognized that these pupils will have additional opportunities to pass the examination, the prospect of only 13 percent of pupils with disabilities meeting standards for a high school diploma is unacceptable; and

WHEREAS, Notwithstanding specialized reading instruction and test preparation classes, the vast majority of pupils with learning disabilities will still have their processing problems that originally qualified them for special education; and

WHEREAS, Federal law, the Individuals with Disabilities Education Act (IDEA), generally requires that pupils with disabilities be included in general state and districtwide assessment programs, with appropriate accommodations if necessary; and

WHEREAS, The significant language delays of pupils who are deaf and pupils who are blind cannot be adequately remediated or accommodated in the majority of the cases to allow a passing score; and

WHEREAS, Accommodations or modifications to the examination are not suitable for many pupils with learning disabilities; and

WHEREAS, The IDEA requires the state or local educational agency, as appropriate, to develop guidelines for the participation of pupils with disabilities in alternate assessments for those pupils who cannot participate in the assessment programs and to develop and conduct those alternate assessments beginning not later than July 1, 2000; and

WHEREAS, The State of California does not have an alternate assessment to the high school exit examination; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature hereby urges the State Board of Education to continue to delay the requirement for graduation of passage of the high school exit examination until the above issues are resolved regarding appropriate testing methods for pupils with disabilities; and be it further

Resolved, That the Legislature hereby encourages the State Department of Education to develop, and the State Board of Education to adopt, guidelines regarding the method and content of alternate assessments to the high school exit examination for pupils with disabilities who cannot participate in the examination and for whom accommodations or modifications are not appropriate; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Department of Education, the State Board of Education, and to the author for appropriate distribution.

RESOLUTION CHAPTER 139

Assembly Concurrent Resolution No. 69—Relative to the San Jose State University Processed Food Institute.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The Processed Food Institute has been established at San Jose State University; and

WHEREAS, The mission of the San Jose State University Processed Food Institute is to create a strategic alliance between the university, the food industry, and local, state, and federal governments to enhance the marketability of products produced in California through the national and overseas markets; and

WHEREAS, The San Jose State University Processed Food Institute strives to act as a bridge between the food industry, government, and university researchers by providing trade and technical services to United States food processors, focusing on small and medium sized firms; and

WHEREAS, The San Jose State University Processed Food Institute has focused its activities on fee-based technical assistance, industry, trade, and policy analysis, and education and training; and now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Food and Agriculture and the State Department of Health Services are hereby urged to, whenever possible, support and collaborate with the San Jose State University Processed Food Institute; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 140

Assembly Concurrent Resolution No. 106—Relative to children's vision.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Vision problems are the fourth most common disorder in the United States, and the leading contributor to educational disruptions in children; and

WHEREAS, It is estimated that 10 percent of preschoolers have vision deficiencies and 25 percent of children in kindergarten through sixth grade have vision problems; and

WHEREAS, Millions of children in the United States suffer from undiagnosed and untreated vision problems and the prevalence of vision disorders in at-risk youth is even higher; and

WHEREAS, Children's visual health is important to their overall health and well-being. Untreated eye and vision problems can make it more difficult for children to learn, be associated with developmental

delays, prevent participation in classroom or other childhood activities, contribute to low self-esteem or behavioral problems, allow serious medical conditions to remain undetected, and can even lead to loss of sight or blindness in their adult lives; and

WHEREAS, The earlier these vision problems are diagnosed and treated, the less the negative impact on the child will be and the greater chance that the condition will not lead to a loss of vision or blindness from a correctable condition, such as amblyopia, anterior uveitis, conjunctivitis, diabetic retinopathy, glaucoma, ocular herpes, ocular hypertension, and Stevens-Johnson Syndrome; and

WHEREAS, Healthy vision is crucial to a child's ability to learn and to his or her success in school. Eighty percent of all learning during a child's first 12 years is obtained through vision. One out of every six children is at least two grade levels behind in reading, which can be a major barrier to success in school, and an estimated 80 percent of these children have eye and vision problems. Sixty percent of students identified as problem learners have undetected vision problems; and

WHEREAS, The vision screenings currently administered within California schools are not effective, fail to identify critical vision problems, and do not often lead to treatment. Vision screenings only screen for distance vision, leaving many other eye conditions undetected. A simple screening using a Snellen chart only identifies 5 percent of vision problems in children, and there is little uniformity in how vision screenings are conducted. Most professional eye doctors recommend that children receive a comprehensive eye examination upon entering school in order to prepare them for a lifetime of learning and achievement; and

WHEREAS, Children do not have access to the proper eyewear used to correct vision problems. Children are especially vulnerable to serious eye injury resulting from broken lenses due to their activity level and lack of experience wearing eyeglasses. Polycarbonate lenses greatly reduce this risk of injury and are lighter and scratch-resistant, but polycarbonate lenses are not covered by state health care programs, leaving children without access to lenses that provide obvious safety benefits; and

WHEREAS, Children are also more likely to require replacement lenses due to the loss of the original eyeglasses, damage by circumstances beyond their control, or normal wear and tear. Some state health care programs do not cover replacement lenses for children, leaving low-income children without the eyewear they need to be healthy and productive; and

WHEREAS, Appropriate eye and vision care for children is an investment in the future of California; and

WHEREAS, The early detection and treatment of eye and vision problems in California's children is a vital public health goal; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature recognizes the importance of good visual health for California's children; and be it further

Resolved, That the Legislature encourages the Senate Office of Research to commission a study of the eye and vision needs of children in the State of California, including the need for regular comprehensive eye examinations by trained professionals, the need for an increase in the type and quantity of eye appliances available to children, and the need for access to affordable, quality eye and vision care; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 141

Assembly Concurrent Resolution No. 112—Relative to the California Department of Forestry and Fire Protection firefighters.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The Department of Forestry and Fire Protection (CDF) firefighters perform an essential public service, and CDF is the third largest fire fighting agency in the country and operates 634 fire stations in the state; and

WHEREAS, It is important to recognize the significant duties, responsibilities, hazards, and sacrifices of the approximately 4,500 CDF firefighters, 1,200 of whom work for local governments pursuant to contractual agreements between CDF and local governments for fire fighting services; and

WHEREAS, The men and women of CDF continue to devote themselves to their jobs regardless of the potential hazards and dangers to themselves; and

WHEREAS, They selflessly respond to such emergencies as the Oakland Hills Fire, the Dunsmuir Flood, and assisting in the rescue efforts in Oklahoma City after the 1995 bombing and in New York City after September 11, 2001; and

WHEREAS, CDF firefighters answer over 300,000 calls a year and only 2.5 percent, approximately, of those calls relate to wildland fires; and

WHEREAS, The firefighters of CDF perform the same work as other municipal fire departments, such as responding to structural fires,

automobile accidents, attending to victims of heart attacks, drownings, and rescuing flood and earthquake victims; and

WHEREAS, Because of drought, because of the bark beetle infestation, and because of sudden oak death disease, we are facing historically high levels of fuels; and

WHEREAS, This year threatens to be the most dangerous fire season we have ever seen; last year, the fires in the West stopped at our state's border, but it is only a matter of time before fires either cross the state's border or begin in the state; and

WHEREAS, As we head into the most critical fire season in modern history, it is important to recognize and support the efforts of our CDF firefighters; and

WHEREAS, The California Firefighters' Memorial in Capitol Park bears the names of approximately 913 firefighters who died in the line of duty and approximately 70 of those are the names of CDF firefighters who have lost their lives protecting our residents, their homes, parks, and communities; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California does hereby recognize and commend the bravery and selflessness of the firefighters of the Department of Forestry and Fire Protection, and expresses its appreciation for their continued service and dedication to the residents of this state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Director of Forestry and Fire Protection, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 142

Assembly Concurrent Resolution No. 114—Relative to Invasive Weeds Awareness Week.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The spread of certain harmful, nonnative species of plants causes enormous damage to the environment and economy of both California and the world; and

WHEREAS, These harmful, nonnative weeds spread more rapidly with increasing global travel and commerce, at great cost to human and animal health, as well as economic security; and

WHEREAS, The destructive impact of invasive and often poisonous, noxious weeds is profound, affecting California's cropland, rangeland,

forests, parks, and wildlands, and causing enormous losses of private, state, and federal resources through decreased land productivity, degradation of wildlife habitat, and outright destruction of crops, livestock, wetlands, waterways, watersheds, and recreational areas; and

WHEREAS, The estimated lost crop productivity caused by noxious weeds is $7,400,000,000 nationwide, a large proportion of which is attributable to California ; and

WHEREAS, Nationally, the direct and indirect costs of controlling noxious weeds may be as high as $5,400,000,000 annually; and

WHEREAS, Noxious and invasive weeds have destroyed large portions of riparian habitat along creeks, streams, rivers, lakes, reservoirs, and other bodies of freshwater in California, damaging the integrity of the riparian system by altering erosion, sedimentation, flooding, and fire; and

WHEREAS, Proper noxious and invasive weed management in riparian habitats is critical to sustaining California's freshwater supply in the future; and

WHEREAS, The invasive weed Arundo donax (giant reed) has established large colonies across the state, most notably in southern California, where in one 10,000 acre area of riparian habitat the weed has been estimated to consume more than 30,000 acre-feet of water each year, or enough water to meet the yearly freshwater needs of 150,000 persons; and

WHEREAS, The invasive weed yellow star thistle has infested more than 20,000,000 acres, roughly 22 percent of the state, and is quickly expanding in the Sierras up to 5,000 feet and into the Coast Ranges, making it the most common invasive plant in California, choking out native plants, and killing horses who eat its poisonous early season growth; and

WHEREAS, The invasive weed Eurasian watermilfoil has invaded much of Lake Tahoe and is escaping into the Truckee River, dominating native plants, consuming oxygen needed by aquatic animals, and clogging irrigation ditches, water intakes, and ponds; and

WHEREAS, Pathways for the spread of harmful, nonnative weeds are many and varied, involving both accidental and intentional introductions, and could be reduced by increased awareness of the dangers posed by even seemingly innocuous plants that are transplanted to a different ecosystem; and

WHEREAS, The federal government has recently adopted programs to prevent, control, and manage harmful, nonnative weeds, and California has a noxious weed management program for the purpose of managing and eradicating noxious weeds through specified local weed management areas ; and

WHEREAS, These programs to prevent, control, manage and eradicate nonnative and noxious weeds have emphasized information sharing, education, and public awareness as crucial to the success of prevention, control, and eradication efforts; and

WHEREAS, Local weed management groups have benefited greatly from the commitment of the state to fund weed eradication, and these weed management groups have been successful in identifying and eradicating invasive and noxious weed species in their regions; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California hereby declares the week beginning with the third Monday in July as the annual Invasive Weeds Awareness Week in California; and be it further

Resolved, That on the occasion of Invasive Weeds Awareness Week, the Legislature encourages all Californians to participate in activities that raise awareness of both the scourge of these weeds and methods to prevent their pernicious spread; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 143

Assembly Concurrent Resolution No. 117—Relative to celebrating the 45th anniversary of NASA.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, At a time when Henry Ford produced his one-millionth automobile, Alexander Graham Bell made the first transcontinental telephone call, and Albert Einstein announced the theory of relativity, the United States Congress passed legislation in 1915 that began its study of flight and our dream of space travel with the creation of the National Advisory Committee for Aeronautics (NACA); and

WHEREAS, Between 1945 and 1958, NACA began examining the possibility of space flight, beginning with the concept of jet propulsion and supersonic aircraft, with little knowledge that in 1947, in the high desert of California, Chuck Yeager would become the first man to break the sound barrier in the Bell X-1 rocket plane and reach the threshold of supersonic flight; and

WHEREAS, From 1947 to 1957, NACA and the United States Air Force focused on mastering supersonic flight; and

WHEREAS, NACA was transformed into the National Aeronautical and Space Administration (NASA) on October 1, 1958; and

WHEREAS, Building on its NACA roots, NASA has conducted cutting-edge aeronautical research at the Dryden Flight Research Center in aerodynamics, wind shear, and other important areas using wind tunnels, flight testing, and computer simulations, and developed the watershed F-8 digital fly-by-wire program that laid the groundwork for electronic flight in many other aircraft, including the space shuttle and high performance airplanes, that would have been uncontrollable otherwise; and

WHEREAS, NASA has also done important research on ''lifting bodies,'' wingless airplanes, and supercritical wings to dampen the effect of shock waves on transsonic aircraft, and sponsored the highly successful X-15 rocket-powered airplane that flew above the atmosphere and then glided back to Earth unpowered, providing future space shuttle designers with much useful data; and

WHEREAS, In 1957, the Soviet Union orbited the first manmade spacecraft in Sputnik 1, initiating the start of the Space Race, while NACA answered Sputnik 1 and 2 with Explorer 1, which put the United States on the board with its first satellite in outer space; and

WHEREAS, Since 1958, NASA has been the sole agency responsible for all of the space accomplishments by the United States through the Mercury, Gemini, Apollo, Skylab, and space shuttle programs, including putting the first American astronaut, Alan Shepard, into outer space in May of 1961 and including the historic flight of Astronaut John Glenn, the first American to orbit the Earth, in 1962; and

WHEREAS, Following the seven Mercury successes, came the Gemini program, a two-man operation that would put NASA's lunar aspirations to the test and achieve 12 successful launches and recoveries that proved that a lunar program was possible, and thus brought us closer to President Kennedy's dream of placing a man on the Moon; and

WHEREAS, On July 20, 1969, Apollo 11 answered the wishes of President Kennedy as Astronaut Neil Armstrong uttered the words ''that's one small step for man, one giant leap for mankind,'' and would change forever the manner in which we viewed our small planet; and

WHEREAS, NASA's successes did not end with the historic landing on the Moon, although a valiant accomplishment, and NASA returned to manned space flight in 1981 with the advent of the space shuttle program and launched STS-1, which marked a dramatic change in space flight that did away with capsules and rockets and focused on new technology of a vertical lift-off to an unpowered plane-like landing; and

WHEREAS, NASA started with five orbiters, Columbia, Challenger, Atlantis, Discovery, and Endeavor, but that number has been reduced to three with the tragic catastrophes involving the loss of Columbia and Challenger; and

WHEREAS, NASA has also done pioneering work in space applications satellites bringing about new generations of communications satellites such as the Echo, Telstar, and Syncom satellites, and has continued its exploration of space with the construction of the International Space Station, the Hubble Telescope, and the Landsat, and Earth Observing System spacecraft that have contributed many important scientific findings; and

WHEREAS, NASA has launched a number of significant scientific probes such as the Pioneer and Voyager spacecraft that have explored the Moon, the planets, and other areas of our solar system, and the Mars Pathfinder mission that sought to explore the Martian surface, with future hopes of a manned mission to Mars; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes the monumental achievements of the National Aeronautics and Space Administration (NASA), from placing 12 men onto the Lunar surface to future expeditions to Mars or far beyond our solar system, and congratulates NASA on its 45th anniversary, with hopes for a prosperous future in manned space flight and a continuation of its mission to boldly go where no one has gone before; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative in the California congressional delegation, to the Administrator of NASA, and to the author for appropriate distribution.

RESOLUTION CHAPTER 144

Assembly Concurrent Resolution No. 124—Relative to Educational Opportunity Programs Month.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The Educational Opportunity Program (EOP) was first introduced as a faculty initiative at the University of California, Berkeley, in 1964 to address the issue of low-income students, particularly minority students, entering and graduating from the university in disproportionately small numbers; and

WHEREAS, EOP was established with the purpose of encouraging low-income and minority students to attend, and to graduate from, the University of California; and

WHEREAS, The EOP at UC Berkeley was so successful that other UC campuses began to follow in its footsteps, initiating recruitment and retention programs for minority students; and

WHEREAS, The primary charge of the EOP at the nine University of California campuses was to provide students with personal and academic support services; and

WHEREAS, In 1974, the State Legislature provided the University of California with funds to initiate a series of affirmative action programs that were integrated into the EOP, which for numerous years had achieved success in maintaining a high degree of contact with underrepresented students and offering a strong academic support model; and

WHEREAS, Today, the EOP at the University of California provides special services to students from educationally disadvantaged and low-income backgrounds at all of its campuses; and

WHEREAS, EOP offers thousands of students from low-income or educationally disadvantaged backgrounds services to help them make the transition to university life, including summer bridge programs, orientations, personal counseling, academic advising, and academic skills development programs; and

WHEREAS, The EOP is committed to providing a support and information base that validates each student's experience and nurtures a sense of participation, belonging, and empowerment; and

WHEREAS, EOP strives to maximize students' involvement and success in the campus academic community through mentorship, academic programs, one-on-one counseling, advising, campus support program referrals, and social and cultural services; and

WHEREAS, In the California State University and California Community Colleges systems EOP, along with Extended Opportunity Programs and Services (EOPS), were established in 1969 to initiate access and retention efforts for first-generation, low-income, educationally disadvantaged and historically underrepresented students in those systems; and

WHEREAS, EOP has graduated and served over 275,000 students at 22 California State University campuses, and EOPS has served 1,800,000 students at 108 campuses in the California Community Colleges, and these students have made a positive impact on the business, economic, educational, and cultural fabric of the State of California; and

WHEREAS, EOP provides academic and transitional support services for over 45,000 currently enrolled students, and EOPS provides support services for nearly 110,000 students, and these services ensure educational access and justice, financial and academic support, opportunities to attain a university or college degree, and strategies that

enable community college students to transfer to baccalaureate institutions and that produce scholars for postbaccalaureate study and professionals in many fields; and

WHEREAS, EOP has provided dynamic and innovative services in an early outreach program serving over 47,000 potential EOP applicants, and summer bridge, learning communities, and community building efforts that retain program students who impact the larger campus communities; and

WHEREAS, The Cooperative Agencies Resources for Education (CARE) Program was added in 1982 to expand services for welfare-dependent, single-parent EOPS students, and CARE has provided higher education access and supportive services, such as counseling, book services, tutoring, peer support, child care, transportation, school supplies, classes, and other activities addressing the special needs of 120,000 low-income, single-parent students; and

WHEREAS, EOP and EOPS are successful programs that bring hope, vision, guidance, and activism to underserved communities, that heighten the awareness of educational pathways and sociocultural opportunities, and that invest in developing the leaders of tomorrow; and

WHEREAS, EOP trains, develops, and produces expertise in, faculty and staff, thus enhancing the quality of services, organizational structures, and research on low-income, first-generation, and historically underrepresented students; and

WHEREAS, EOP and EOPS have successfully developed local partnerships among community-based organizations, public agencies, legislative institutions, community colleges, universities, and K-12 public school systems; and

WHEREAS, EOP and EOPS ensure a diverse and representative voice for thousands of community members whose goal is to participate in, and enrich, the public education of Californians; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby expresses its congratulations and appreciation to the Educational Opportunity Program of the University of California and the California State University, and to the California Community Colleges Extended Opportunity Programs and Services, for their historic and continued success in realizing the intent of landmark legislation, and the vision of the California Master Plan for Higher Education, in attaining educational equity goals and objectives; and be it further

Resolved, That the Legislature declares September 2003 as Educational Opportunity Programs Month to honor the mission and purposes of the Educational Opportunity Program and Extended Opportunity Programs and Services through the celebration and

coordination of activities that advance educational equity principles; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the chancellor of each campus in the University of California system, to the president of each campus in the California State University system, and to the governing board of each community college district in the state.

RESOLUTION CHAPTER 145

Assembly Concurrent Resolution No. 125—Relative to Breast Cancer Awareness Month.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Breast cancer is an epidemic that will strike one out of eight women in their lifetime; and

WHEREAS, Breast cancer is the most common form of cancer among women and is second only to lung cancer as the leading cause of cancer deaths among women, both nationally, and in California; and

WHEREAS, In the United States, approximately 40,000 women will die of breast cancer and some 200,000 new cases will be diagnosed in 2003; and

WHEREAS, In the State of California, approximately 4,000 women will die of breast cancer and nearly 21,000 new cases will be diagnosed in 2003; and

WHEREAS, Women of all ages and races are affected by breast cancer; and

WHEREAS, Breast cancer is increasingly being diagnosed among women in their 30s and 40s; and

WHEREAS, More than 70 percent of women with breast cancer exhibit none of the known risk factors; and

WHEREAS, Although evidence is emerging about a link between environmental factors and breast cancer, not enough research is being funded to pursue this link; and

WHEREAS, Despite over 25 years of the ''war on cancer,'' there is still no known cause, cure, or method of preventing breast cancer; and

WHEREAS, Historically, breast cancer research has been grossly underfunded at the federal level, topping a decade of erosion in federal appropriations in the 1980s for all cancer research; and

WHEREAS, According to the National Cancer Institute, the incidence of breast cancer in the United States increased 32 percent between 1982 and 1989; and

WHEREAS, By the following decade, the 105th Congress appropriated almost $530 million for federal breast cancer research. However, much more is needed to fund research directed at finding a cure and means of preventing breast cancer adequately; and

WHEREAS, Californians now have a unique opportunity to support breast cancer research in this state through the California Breast Cancer Research Fund Act, which allows individuals to make a voluntary contribution to support research when filing state income tax returns; and

WHEREAS, Heightened public awareness and education about breast cancer are essential to the national effort to eradicate this epidemic; and

WHEREAS, Prominent organizations like the National Breast Cancer Coalition focus on three important goals to achieve such a worthy purpose; (1) increasing appropriations for high quality, peer-reviewed research, and working within the scientific community to focus research on prevention and finding a cure, (2) increasing access for all women to high quality treatment and care and to breast cancer clinical trials, and (3) increasing the influence of women living with breast cancer and other breast cancer activists in the decisionmaking that impacts all issues surrounding breast cancer; and

WHEREAS, It is in the best interest of all women, men, and families to join together to promote greater awareness about a disease that affects all Californians, the need for true early detection and adequate treatment options, and the urgency of finding a cure; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California, in order to heighten public awareness about breast cancer, including the need to redouble efforts to prevent and cure this disease, declares the month of October as Breast Cancer Awareness Month; and be it further

Resolved, That the Legislature of the State of California, in order to recognize that, to date, breast exam and mammography are still the primary methods of breast cancer detection available to women, and that, therefore, all women should perform monthly breast self-exams, women over 40 years of age should have regularly scheduled mammograms every year, and women 20 to 39 years of age, inclusive, should have a clinical breast examination performed by their health care provider, declares October 17, 2003, as Breast Exam and Mammography Awareness Day; and be it further

Resolved, That the Legislature of the State of California emphasizes that the public education efforts conducted during the month of October should be part of an ongoing, year-round effort to raise public awareness across the state; and be it further

Resolved, That the Legislature of the State of California recognizes that while early detection through routine mammograms, clinical

exams, and breast self-exams are important, the only effective means of protecting women against breast cancer is to make breast cancer research a priority and fund critically needed research into the cause, cure, and prevention of breast cancer; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 146

Assembly Concurrent Resolution No. 127—Relative to foster care.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Each year in California, there are more than 570,000 reports of child abuse and neglect, more than 32,000 children enter foster care, and more than 125,000 children have active child welfare cases; and

WHEREAS, Almost 97,000 children in California are living apart from their families in out-of-home care; and

WHEREAS, Fifteen percent of the children who enter foster care in California remain away from their families in out-of-home care after four years; and

WHEREAS, Half of those children that remain in out-of-home care for four or more years are in long-term foster care and are sometimes erroneously referred to as ''unadoptable''; and

WHEREAS, Only 35 percent of children living in foster care reside with kin; and

WHEREAS, Families provide lifelong connections and a system of support to share in our successes and sustain us in troubled times; and

WHEREAS, All children in California's child welfare system, regardless of their age, benefit from permanency-planning efforts; and

WHEREAS, No child should be emancipated from California's child welfare system without a permanent connection to a loving and caring adult; and

WHEREAS, The Judicial Council has made the improvement of the administration of justice in proceedings involving children and families a high priority; and

WHEREAS, The Judicial Council is committed to working with the Governor, the Legislature, and local courts and communities to bring about permanency for children in the child welfare system; and

WHEREAS, Working together, we have reduced the number of children waiting to be adopted and made great strides toward ensuring that all of California's children live in safe and permanent homes; and

WHEREAS, There are still approximately 8,200 children freed for adoption each year and only 7,700 adopted annually; and

WHEREAS, The Assembly and Senate are committed to working together to improve outcomes for children in the child welfare system; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That November 2003, is hereby proclaimed to be ''Court Adoption and Permanency Month,'' in which the courts and their local communities are encouraged to join together in activities to expedite permanency; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 147

Assembly Concurrent Resolution No. 128—Relative to juvenile courts.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, On February 26, 1903, California took a historic step in the legal treatment of children, with the passage of the juvenile court act; and

WHEREAS, The Judicial Council, from its inception in 1926, has been dedicated to improving the quality of justice and services to meet the diverse needs of children, youth, and families; and

WHEREAS, California's juvenile courts are committed to bettering the lives of children and families involved in the juvenile court by building partnerships with other professions and agencies that work with children and families throughout our state; and

WHEREAS, Juvenile courts give children a better chance in life, either by speeding their reunification with their parents or by getting them into permanent placements if reunification fails; and

WHEREAS, Juvenile courts recognize the need for adults to supervise and rehabilitate troubled youth, while maintaining public safety and holding individual offenders accountable; and

WHEREAS, The new century brings an opportunity for the judicial branch to enhance justice and permanency for children and youth through the juvenile court, the professions and agencies affiliated with the juvenile court, and other branches of government; and

WHEREAS, The juvenile court plays a critical role in the development of children and youth and the rehabilitation of children who are in trouble with the law; and

WHEREAS, We acknowledge the first one hundred years of California's juvenile courts, and look forward to strengthening these courts and their commitment to giving children and youth a chance to make a better choice; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California recognizes the one hundredth anniversary of California's juvenile courts and the significance of this year in the history of the California court system.

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 148

Assembly Concurrent Resolution No. 130—Relative to Railroad Safety Week.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Two main freight train operators, Amtrak, four commuter rail operators, and multiple heavy and light rail systems run through densely populated areas of California on a daily basis; and

WHEREAS, An incident occurs on railroad property in the United States every 120 minutes; and

WHEREAS, There are over 11,000 at-grade public rail grade crossings located within 52 counties and 400 cities in California; and

WHEREAS, The State of California had the highest number of highway-rail grade crossing deaths in the United States in 2001 and has been in the top three states in this category during the last five years; and

WHEREAS, The State of California also had the highest number of pedestrian trespass fatalities at rail grade crossings in the United States in 2001; and

WHEREAS, Trains have the right-of-way 100 percent of the time over vehicles and pedestrians; and

WHEREAS, The Federal Railroad Administration, California Department of Transportation, California Public Utilities Commission, California Operation Lifesaver, freight and passenger rail operators, including the Passenger Rail Improvement and Safety (PRISM) group are working to improve railroad safety and to educate children and adults of the dangers around railroad operations; and

WHEREAS, State and federal safety programs, including the Grade Separation Program, the Automatic Grade Crossing Protection Maintenance Fund, and the Federal Railway-Highway Crossing Improvement Program, all raise rail safety awareness and have contributed to the decline in train accidents this year as compared to the same period last year; and

WHEREAS, With growth in passenger and freight rail traffic expected to double in 15 years and more than 10 million new residents arriving in the state over the same time period, current funding levels are insufficient to keep pace with needed rail safety improvements, including grade separations, overpasses, warning devices, gates, and signals; and

WHEREAS, Railroad operators, motor vehicle operators, and pedestrians must work together to reduce the likelihood of railroad-vehicle and railroad-pedestrian accidents; and

WHEREAS, September is back-to-school month for most children in California and because many of these children must cross railroad tracks to get to school, it is important to reinforce the rail safety message with children and their caretakers; now therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby officially designates the week of September 8 to September 14, 2003, as ''Railroad Safety Week'' in California and commends local, state, and federal government, industry, and citizen efforts to improve railroad crossing safety and support increased funding for rail safety, and strongly urges all Californians to be cautious and safe around all railroad tracks; and be it further

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 149

Assembly Concurrent Resolution No. 132—Relative to Red Ribbon Week.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Californians for Drug-Free Youth, Inc. (CADFY), a statewide parent-community organization, the office of the Governor, the office of the Attorney General, the State Department of Alcohol and Drug Programs, the State Department of Education, the California Parent Teacher Association, and over 100 other statewide agencies,

departments, and organizations are cosponsoring October 25 through October 31, 2003, as Red Ribbon Week; and

WHEREAS, The National Family Partnership, Inc. initiated the Red Ribbon Campaign after Drug Enforcement Administration Agent Enrique ''Kiki'' Camarena was killed in Mexico by drug traffickers in 1985; and

WHEREAS, Parents, youth, schools, businesses, law enforcement, religious institutions, service organizations, senior citizens, medical and military personnel, sports teams, and individuals throughout the State of California will demonstrate their commitment to drug-free, healthy lifestyles by wearing and displaying red ribbons during this weeklong celebration; and

WHEREAS, The theme of this year's effort is ''FREEDOM IS DRUG-FREE, PLANT THE PROMISE''; and

WHEREAS, Drug abuse stands as one of the major challenges our state faces in securing a safe and healthy future for our children; and

WHEREAS, The objective of Red Ribbon Week, 2003, will be to promote this view through drug prevention, education, parental involvement, and communitywide support; and

WHEREAS, The Assembly of the State of California has further committed its resources to ensure the success of the Red Ribbon Week celebration; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby proclaims its support for the Red Ribbon Week celebration by proclaiming October 25 through October 31, 2003, as Red Ribbon Week; and be it further

Resolved, That the Legislature encourages all Californians to help build drug-free communities and to participate in drug prevention activities by making a visible statement that we are firmly committed to healthy, productive, drug-free lifestyles; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Governor of the State of California, and to the author for appropriate distribution throughout the community.

RESOLUTION CHAPTER 150

Assembly Concurrent Resolution No. 134—Relative to California Small and Rural Telecommunications Week.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Small and rural telephone companies will be participating in National Small Telecommunications Week, beginning

Monday, September 15, 2003, and lasting through Sunday, September 21, 2003; and

WHEREAS, This week has been set aside by rural telephone companies all over the nation in acknowledgment and reflection of the great advancements made in the telecommunications industry; and

WHEREAS, Independent rural telephone companies play an important role in the telecommunications industry, having brought voice communications to most of the lesser populated areas of the nation; and

WHEREAS, Independent rural telephone companies serve areas that the larger telephone companies historically chose not to serve due to factors such as topography, population, and profitability; and

WHEREAS, The commitment to quality of independent rural telephone companies is unrivaled, offering state-of-the-art service and leading-edge technology, and thereby delivering the future to rural America; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate concurring, That the Legislature hereby joins small and rural telephone companies in celebrating National Small Telecommunications Week; and be it further

Resolved, That the week of September 15 through 21, 2003, is hereby declared California Small and Rural Telecommunications Week in honor of those independent rural telephone companies that play such a vital role in bringing communications access to the rural areas of the state; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to Sierra Telephone Communications Group and to the author for appropriate distribution.

RESOLUTION CHAPTER 151

Assembly Concurrent Resolution No. 136—Relative to Assisted Living Week.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The number of elderly and disabled Americans is dramatically increasing; and

WHEREAS, The number of people who are 65 years of age and older in California is expected to increase 23 percent to 4.5 million by the year 2010; and

WHEREAS, Assisted living is a long-term care service that fosters choice, dignity, independence, and autonomy in our elderly; and

WHEREAS, The concept of assisted living has evolved to offer a brighter future with greater independence and more choices for Californians who are living longer, healthier lives; and

WHEREAS, The members of the California Assisted Living Association are proud to sponsor Assisted Living Week 2003 and honor the caregivers and residents in assisted living communities throughout the state; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature hereby declares the week of September 7 to 13, 2003, as Assisted Living Week and encourages all citizens to visit friends and loved ones who reside in assisted living communities and to learn more about this valuable service; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 152

Assembly Concurrent Resolution No. 137—Relative to literacy.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, California Literacy, Inc. is a nonprofit educational organization established in 1956 and incorporated as a statewide organization in 1971 with the purpose to improve adult literacy and English language proficiency; and

WHEREAS, California Literacy, Inc. is the only statewide nonprofit organization that focuses on helping volunteer-based adult literacy programs; and

WHEREAS, California Literacy, Inc. serves over 150 local literacy programs associated with churches, YMCAs, libraries, prisons, drug and alcohol rehabilitation centers, homeless shelters, and adult schools by offering startup guidance, resources, tutor training and recruitment, fundraising assistance, and advocacy for the interest of adult learners and literacy providers; and

WHEREAS, Over 14,000 volunteers, through programs affiliated with California Literacy, Inc., dedicate more than 1,000,000 hours a year tutoring 46,000 Californians in literacy and English language skills necessary for them to more fully participate in society; and

WHEREAS, On September 8, 2003, California Literacy, Inc. is launching its Cities That Read awareness campaign with the goal of mobilizing government, communities, businesses, and the media to make adult literacy a priority issue; and

WHEREAS, The Cities That Read program includes assistance in establishing adult literacy programs, support for existing literacy programs, and establishment of a statewide ''Mayors Literacy Network''; and

WHEREAS, The Cities That Read program is being launched on International Literacy Day; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the state recognize California Literacy, Inc. for its contributions in the area of adult literacy, recognize September 8, 2003, as International Literacy Day, and commend California Literacy, Inc. for launching its Cities That Read public awareness campaign on International Literacy Day; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to the authors for appropriate distribution.

RESOLUTION CHAPTER 153

Assembly Concurrent Resolution No. 138—Relative to Prostate Cancer Awareness Month.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Prostate cancer is the second leading cause of death in men; and

WHEREAS, African-Americans have the highest incidence of prostate cancer among men; and

WHEREAS, Prostate cancer is the most common cancer among men in almost all races and ethnic groups in California; and

WHEREAS, Two out of every five Californians will develop cancer at some point in their lives; and

WHEREAS, The American Cancer Society estimates that, in 2003, 220,900 new cases of prostate cancer will be diagnosed in the United States and 28,900 men will die of the disease.

WHEREAS, Very little is known about the causes of prostate cancer, although early diagnosis and treatment of the disease may help men live longer; and

WHEREAS, Greater awareness of the incidence of prostate cancer is necessary to find new treatments and a cure for this disease; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature designates September 2003 as Prostate Cancer Awareness Month and that all Californians are encouraged to

make themselves and their families aware of the risk of prostate cancer and preventative measures; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the author for appropriate distribution.

RESOLUTION CHAPTER 154

Assembly Joint Resolution No. 7—Relative to candidates for elective office.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, The cost of running for elected office in California continues to skyrocket; and

WHEREAS, This cost effectively discourages many talented potential candidates from running for elected office; and

WHEREAS, Serving the public as an elected official is an important civic service that should be encouraged; and

WHEREAS, The public owns the airwaves; and

WHEREAS, In return for free use of the airwaves, broadcasters are required to serve the public interest; and

WHEREAS, Increasing coverage of political issues during the election season serves the public interest; and

WHEREAS, Federal government policies could provide that stations air political stories during the election season; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of California hereby memorializes the federal government to adopt policies that provide for increased coverage of political issues leading up to elections; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States, to the Speaker of the United States House of Representatives, to the Senate Majority Leader, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 155

Assembly Joint Resolution No. 38—Relative to federal formula grants to states.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, There is a large gap between the federal tax dollars California sends to Washington, D.C. and the amount the state receives in return in federal spending; and

WHEREAS, According to the California Institute for Federal Policy Research data, in the 2002 fiscal year, California sent $58 billion more to Washington, D.C. than it received in return in the form of federal payments, contracts, salaries, and formula-based grants; and

WHEREAS, According to a nonpartisan Washington, D.C.-based tax foundation, California ranks 45th among the 50 states in balance of payments related to federal expenditures and receipts; and

WHEREAS, In 2002 California received $48 billion or approximately 11.8 percent of the total $407 billion the federal government distributed to the 50 states through 158 federal formula grant programs; and

WHEREAS, The bulk of the nation's formula grant spending is distributed to states based on formula criteria which often includes, but is not limited to, such factors as population, income, and poverty; and

WHEREAS, According to revenue estimates released on May 14, 2003, in the Governor's May Revision, California has an approximate thirty-eight billion dollar ($38,000,000,000) deficit; and

WHEREAS, At least 10 federal formula grant programs are scheduled to expire on September 30, 2003, and are expected to be reauthorized by Congress prior to that date; and

WHEREAS, Exploring strategies to increase California's share of federal expenditures has potential to bring needed new revenues to California; and

WHEREAS, California's congressional delegation recognizes the inherent disparity between what Californians pay in federal tax dollars and the federal formula grant funds and other federal expenditures that are returned to the state, and has worked to mitigate this disparity; and

WHEREAS, California has an opportunity to strengthen its partnership and dialogue with the California congressional delegation, as well as other appropriate representatives in Washington, D.C., in order to increase California's share of federal expenditures; and

WHEREAS, President Bush has recently discontinued the publishing of the annual report, ''Budget Information for States,'' which is the primary federal source of information reporting allocation of federal formula grants to the states that has permitted states to determine whether they receive their fair share of federal formula funds; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California thanks the California congressional delegation for its past efforts to mitigate the disparity between the amount of taxes California pays to the federal government and the amount returned to California in the form of federal

formula grants and other federal expenditures, and respectfully requests that the California congressional delegation use the opportunities provided by this year's reauthorization of several federal formula grant programs to attempt to relieve this disparity further and to bring needed federal revenue to all residents of California to support the state's pressing infrastructure, housing, education, child nutrition, workforce training, and health care needs; and be it further

Resolved, That the Legislature respectfully requests the President of the United States to immediately resume publishing the recently discontinued annual report, ''Budget Information for States,'' which is relied upon across the nation as a vital source of needed information concerning the allocation of federal formula grant funding; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each member of the California congressional delegation, and all other members of the Congress of the United States.

RESOLUTION CHAPTER 156

Assembly Joint Resolution No. 40—Relative to Chaldeans in Iraq.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Approximately 300,000 Chaldean Catholics live in Iraq, and this is the greatest concentration of Chaldean Catholics in the world; and

WHEREAS, Islam is the predominant religion in Iraq, and Christianity is the second most predominant religion, as Christians comprise 7 percent of the Iraqi population; and

WHEREAS, The Chaldeans are the third largest ethnic group in Iraq after the Arabs and the Kurds; and

WHEREAS, Though a small segment of Iraqi society in number, modern Chaldeans are more than a mere minority group, they represent the historic remnant of ancient Mesopotamia in today's Iraq; and

WHEREAS, The Chaldeans play an important role in history as they were the last to rule in Babylon and are a distinct people that still exist in modern Iraq; and

WHEREAS, Chaldeans are the true descendants of the ancient inhabitants of Mesopotamia, which is modern-day Iraq; and

WHEREAS, There are more than 160,000 Chaldean Americans, the majority of whom are of Iraqi descent, with large populations in San Diego, Turlock, Detroit, Chicago, Washington D.C., and New York; and

WHEREAS, Nearly 50,000 Chaldeans became refugees as a result of the 1991 Persian Gulf war, separating families and scattering much of the Iraqi Chaldean population, and

WHEREAS, The name Chaldean has national significance in Iraq, with linguistic and cultural aspects, as well as religious connotations; and

WHEREAS, On March 16, 2003, the White House issued a ''Statement of the Atlantic Summit: A Vision for Iraq and the Iraqi People'' that stated as follows: ''We envisage a unified Iraq with its territorial integrity respected. All the Iraqi people--its rich mix of Sunni and Shiite Arabs, Kurds, Turkomen, Assyrians, Chaldeans, and all others--should enjoy freedom, prosperity, and equality in a united country. We will support the Iraqi people's aspirations for a representative government that upholds human rights and the rule of law as cornerstones of democracy''; and

WHEREAS, The Chaldeans have a tangible interest in the restoration of order in Iraq and in the creation of a Democratic Iraqi government that will ensure equality and justice, and that will respect the human, civil, and constitutional rights of Iraqis; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That considering the ancestral history of the Chaldeans in Iraq, it is a matter of urgent and enduring importance that Chaldeans be given a seat of recognition at the table during negotiations regarding the postconflict restructuring in Iraq; and be it further

Resolved, That California's Senators and Members of the House of Representatives should take all prudent and necessary steps to ensure that this matter is addressed at the highest levels of our federal government; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President and Vice President of the United States, to the United States Secretary of State, and to each Senator and Representative from California in the Congress of the United States.

RESOLUTION CHAPTER 157

Assembly Joint Resolution No. 46—Relative to congressional displays of child art.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Kids Can Do is a national coalition devoted to encouraging child participation in the government; and

WHEREAS, In the spring of 2003, Kids Can Do helped over 200 children from San Diego create a mural spelling out ''We Believe in You,'' which conveys their faith in, and respect for, the United States Congress; and

WHEREAS, Congress does not currently have a public space to display that mural to members of Congress; and

WHEREAS, The California Legislature has established a simple system for children to display their artwork on bulletin boards located near the Member entrances; and

WHEREAS, The California Legislature's system could be easily adapted to work in the nation's Capitol; and

WHEREAS, Many of the decisions made by Congress have a significant impact on the future of our children; and

WHEREAS, Children should have the opportunity to share their thoughts, concerns, and viewpoints with Congress; and

WHEREAS, Children have unique ideas, fresh perspectives, boundless energy, and a hopeful outlook—all qualities that can invigorate public debate, encourage team effort, and spark imaginative solutions to even the most challenging problems; and

WHEREAS, Children participating in Kids Can Do want to help solve the long-term problems that threaten their futures; and

WHEREAS, Children participating in Kids Can Do want lawmakers to know that kids believe in them; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California urges the Congress of the United States to create a public space where children can share their thoughts, ideas, and artwork with all the members of the Congress; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to each Senator and Representative from California in the Congress of the United States and to the author for appropriate distribution.

RESOLUTION CHAPTER 158

Assembly Joint Resolution No. 48—Relative to Women's Equality Day.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, August 26, 2003, marks the 83rd anniversary of passage of the Nineteenth Amendment to the United States Constitution and is Women's Equality Day, a day deserving of celebration and special public commendation; and

WHEREAS, Elizabeth Cady Stanton and Lucretia Mott organized the first Women's Rights Convention in 1848 where 100 women and men from all walks of life declared that ''all men and women are created equal'' and called for universal women's suffrage; and

WHEREAS, On August 26, 1920, after a 72-year struggle, the Nineteenth Amendment was added to the United States Constitution, securing a woman's right to vote; and

WHEREAS, In 1971, the United States Congress designated August 26 as Women's Equality Day to commemorate the passage of the Nineteenth Amendment to the United States Constitution and as a reminder of women's continuing efforts to achieve full equality; and

WHEREAS, Since 1920, women have made tremendous gains in society, including the right to vote, the right to be free from discrimination in employment, and the right to have guaranteed equal access to education including sports; and

WHEREAS, Despite these gains, women still need to make great strides in order to be full participants in 21st century society; and

WHEREAS, Women still earn only 73 cents to every dollar earned by a man, women disproportionately live in poverty, women are more likely to be victims of domestic violence than men, and for every dollar spent on women's athletics programs, three dollars are spent on men's athletics programs; and

WHEREAS, On August 26, 2003, Women's Equality Day and the anniversary of the passage of the Nineteenth Amendment, the women and men who have worked tirelessly to secure equality for women are to be commended for what they have achieved thus far and supported in their continued efforts to champion the rights of women; now therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California memorializes the United States Congress and the President of the United States to do all of the following:

(1) Stand firm in their resolve to uphold current protections of equality for women.

(2) Continue to pioneer new protections of equality for women until women achieve parity with men.

(3) Encourage all Americans to participate in the national celebration of Women's Equality Day in recognition of the 83rd anniversary of the Nineteenth Amendment to the United States Constitution and its historic importance in promoting women's rights; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the President of the United States and to all Members of the United States Congress.

RESOLUTION CHAPTER 159

Assembly Joint Resolution No. 49—Relative to immigration.

[Filed with Secretary of State September 22, 2003.]

WHEREAS, Hermenegildo Ortega is an illegal immigrant who is the legal guardian of an 11-year old HIV-infected boy and his 8-year old sister; and

WHEREAS, Mr. Ortega has been deported to Mexico thereby leaving the boy and his sister in a foster home; and

WHEREAS, Mexican Consul Luis Miguel Ortiz Haro has requested that Mr. Ortega be readmitted to the United States under a section of the Immigration and Nationality Act that authorizes the United States Attorney General to admit aliens for ''urgent humanitarian reasons''; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully requests United States Attorney General, John Ashcroft, to permit Hermenegildo Ortega to be readmitted to the United States in order to care for these children, including his HIV-infected ward; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Attorney General of the United States, the President and Vice President of the United States, and to each Senator and Representative from California in the Congress of the United States.

2003–04

FIRST EXTRAORDINARY SESSION

EXTRAORDINARY SESSION SPECIAL RULES OF EFFECTIVENESS

Except for a statute calling an election, a statute providing for a tax levy or an appropriation calling for the usual current expenses of the state, and an urgency statute, all of which take effect immediately following enactment, a statute adopted during an extraordinary session takes effect on the 91st day following the adjournment of the special session (see subdivision (c) of Section 8 of Article IV of the California Constitution). The effective date of a joint resolution is the date it is filed with the Secretary of State.

The 2003–04 First Extraordinary Session convened on December 9, 2002, and adjourned *sine die* on July 29, 2003. The 91st day after adjournment is October 28, 2003.

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

PROCLAMATION
by the
Governor of the State of California

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in special session; and

WHEREAS, the national and State economies have recovered very little from the recession of 2001; and

WHEREAS, the State's high tech sector has seen almost no signs of increased demand for its products and services; and

WHEREAS, the economies of the State's major trading partners continue to struggle, and thus demand for California-made goods and services is weak abroad; and

WHEREAS, the continuing decline in the stock market will further reduce personal income tax receipts from capital gains and stock options; and

WHEREAS, the expected economic recovery from the national recession has not materialized as anticipated, thus reducing personal income tax, sales tax, and corporation tax revenues; and

WHEREAS, on January 8, 2002 the Legislature was convened to meet in extraordinary session to make General Fund spending reductions in the 2001-02 fiscal year; and

WHEREAS, the Legislative Analyst's Office and the Department of Finance are now projecting a budget shortfall exceeding $21 billion over the 2002-03 and 2003-04 fiscal years, and

WHEREAS, California's local, public, health care delivery systems face operating deficits now and in the future;

NOW, THEREFORE, I GRAY DAVIS, Governor of the State of California, by virtue of the power and authority vested in me by Section 3(b) Article IV of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in special session at Sacramento, California, on the 9th day of December, 2002, at a time appointed by each house of the Legislature of said day for the following purpose:

1. To consider and act upon legislation to reduce General Fund expenditures and take other actions as necessary to address the budget shortfall.

2. To consider and act upon legislation to reorganize and consolidate state operations.

3. To consider and act upon legislation related to protecting access to services in local, public, health care delivery systems.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 3rd day of December 2002.

Gray Davis
Governor of California

ATTEST:

Bill Jones
Secretary of State

STATUTES OF CALIFORNIA

2003–04

FIRST EXTRAORDINARY SESSION

2003 CHAPTERS

CHAPTER 1

An act to amend Section 39612 of, and to add Section 39613 to, the Health and Safety Code, and to amend Section 13260 of, and to add Sections 13260.2 and 13260.3 to, the Water Code, relating to resources.

[Approved by Governor March 18, 2003. Filed with Secretary of State March 18, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 39612 of the Health and Safety Code is amended to read:

39612. (a) In addition to funds that may be appropriated by the Legislature to the state board to carry out the additional responsibilities and to undertake necessary technical studies required by this chapter, the state board may impose additional permit fees on nonvehicular sources within a district's jurisdiction.

(b) (1) The state board may do any of the following with respect to the collection of fees on nonvehicular sources imposed pursuant to subdivision (a):

(A) Upon obtaining the concurrence of the district, require a district to collect the fees.

(B) Establish a system in which the state board collects the fees directly.

(C) Contract with any other state agency to collect the fees.

(2) If the state board establishes a system to collect fees pursuant to subparagraph (B) of paragraph (1) or contracts with another state agency to collect the fees pursuant to subparagraph (C) of paragraph (1), each district shall provide any information necessary to ensure the accurate and efficient collection of the fees from nonvehicular sources.

(c) The permit fees imposed pursuant to this section shall be expended only for the purposes of recovering costs of additional state programs related to nonvehicular sources. Priority for expenditure of permit fees collected pursuant to this section shall be given to the following activities:

(1) Identifying air quality-related indicators that may be used to measure or estimate progress in the attainment of state ambient air standards pursuant to subdivision (f) of Section 39607.

(2) Establishing a uniform methodology for assessing population exposure to air pollutants pursuant to subdivision (g) of Section 39607.

(3) Updating the emission inventory pursuant to Section 39607.3, including emissions that cause or contribute to the nonattainment of federal ambient air standards.

(4) Identifying, assessing, and establishing the mitigation requirements for the effects of interbasin transport of air pollutants pursuant to Section 39610.

(5) Updating the state board's guidance to districts on ranking control measures for stationary sources based upon the cost-effectiveness of those measures in reducing air pollution.

(d) The permit fees imposed pursuant to this section shall be collected from nonvehicular sources that are authorized by district permits to emit 250 tons or more per year of any nonattainment pollutant or its precursors.

(e) The permit fees collected pursuant to this section and Section 39613, after deducting the administrative costs of collecting the fees, shall be transmitted to the Controller for deposit in the Air Pollution Control Fund.

(f) (1) The total amount of funds collected by fees imposed pursuant to this section, exclusive of district administrative costs, may not exceed thirteen million dollars ($13,000,000) in any fiscal year, unless that limitation is increased pursuant to paragraph (2).

(2) The state board may increase the limitation on the total amount of funds collected as described in paragraph (1) by an amount not to exceed the annual percentage change in the California Consumer Price Index as compiled and reported by the Department of Industrial Relations.

(g) On or before January 1 of each year, the state board shall report to the Governor and the Legislature on the expenditure of permit fees collected pursuant to this section and Section 39613. The report shall include a report on the status of implementation of the programs prioritized for funding pursuant to subdivision (c).

SEC. 2. Section 39613 is added to the Health and Safety Code, to read:

39613. The state board shall impose a fee for any consumer product, as defined in Section 41712, sold in the state and any architectural coating sold in the state if a manufacturer's total sales of consumer products or architectural coatings will result in the emission in the state of 250 tons per year or greater of volatile organic compounds. Revenues collected from the imposition of this fee shall be used to mitigate or reduce air pollution in the state created by consumer products and architectural coatings, as determined by the state board, and shall be expended solely for those programs.

SEC. 3. Section 13260 of the Water Code is amended to read:

13260. (a) All of the following persons shall file with the appropriate regional board a report of the discharge, containing the information which may be required by the regional board:

(1) Any person discharging waste, or proposing to discharge waste, within any region that could affect the quality of the waters of the state, other than into a community sewer system.

(2) Any person who is a citizen, domiciliary, or political agency or entity of this state discharging waste, or proposing to discharge waste, outside the boundaries of the state in a manner that could affect the quality of the waters of the state within any region.

(3) Any person operating, or proposing to construct, an injection well.

(b) No report of waste discharge need be filed pursuant to subdivision (a) if the requirement is waived pursuant to Section 13269.

(c) Every person subject to subdivision (a) shall file with the appropriate regional board a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge.

(d) (1) (A) Each person who is subject to subdivision (a) or (c) shall submit an annual fee according to a fee schedule established by the state board.

(B) The total amount of annual fees collected pursuant to this section shall equal that amount necessary to recover costs incurred in connection with the issuance, administration, reviewing, monitoring, and enforcement of waste discharge requirements and waivers of waste discharge requirements.

(C) Recoverable costs may include, but are not limited to, costs incurred in reviewing waste discharge reports, prescribing terms of waste discharge requirements and monitoring requirements, enforcing and evaluating compliance with waste discharge requirements and waiver requirements, conducting surface water and groundwater monitoring and modeling, analyzing laboratory samples, and reviewing documents prepared for the purpose of regulating the discharge of waste, and administrative costs incurred in connection with carrying out these actions.

(D) In establishing the amount of a fee that may be imposed on any confined animal feeding and holding operation pursuant to this section, including, but not limited to, any dairy farm, the state board shall consider all of the following factors:

(i) The size of the operation.

(ii) Whether the operation has been issued a permit to operate pursuant to Section 1342 of Title 33 of the United States Code.

(iii) Any applicable waste discharge requirement or conditional waiver of a waste discharge requirement.

(iv) The type and amount of discharge from the operation.

(v) The pricing mechanism of the commodity produced.

(vi) Any compliance costs borne by the operation pursuant to state and federal water quality regulations.

(vii) Whether the operation participates in a quality assurance program certified by a regional water quality control board, the state board, or a federal water quality control agency.

(2) (A) Subject to subparagraph (B), any fees collected pursuant to this section shall be deposited in the Waste Discharge Permit Fund, which is hereby created. The money in the fund is available for expenditure by the state board, upon appropriation by the Legislature, solely for the purposes of carrying out this division.

(B) (i) Notwithstanding subparagraph (A), the fees collected pursuant to this section from stormwater dischargers that are subject to a general industrial or construction stormwater permit under the national pollutant discharge elimination system (NPDES) shall be separately accounted for in the Waste Discharge Permit Fund.

(ii) Not less than 50 percent of the money in the Waste Discharge Permit Fund that is separately accounted for pursuant to clause (i) is available, upon appropriation by the Legislature, for expenditure by the regional board with jurisdiction over the permitted industry or construction site that generated the fee to carry out stormwater programs in the region.

(iii) Each regional board that receives money pursuant to clause (ii) shall spend not less than 50 percent of that money solely on stormwater inspection and regulatory compliance issues associated with industrial and construction stormwater programs.

(3) Any person who would be required to pay the annual fee prescribed by paragraph (1) for waste discharge requirements applicable to discharges of solid waste, as defined in Section 40191 of the Public Resources Code, at a waste management unit that is also regulated under Division 30 (commencing with Section 40000) of the Public Resources Code, shall be entitled to a waiver of the annual fee for the discharge of solid waste at the waste management unit imposed by paragraph (1) upon verification by the state board of payment of the fee imposed by Section 48000 of the Public Resources Code, and provided that the fee established pursuant to Section 48000 of the Public Resources Code generates revenues sufficient to fund the programs specified in Section 48004 of the Public Resources Code and the amount appropriated by the Legislature for those purposes is not reduced.

(e) Each person discharges waste in a manner regulated by this section shall pay an annual fee to the state board. The state board shall establish, by regulation, a timetable for the payment of the annual fee. If the state board or a regional board determines that the discharge will not affect, or have the potential to affect, the quality of the waters of the state, all or part of the annual fee shall be refunded.

(f) (1) The state board shall adopt, by emergency regulations, a schedule of fees authorized under subdivision (d). The total revenue collected each year through annual fees shall be set at an amount equal to the revenue levels set forth in the Budget Act for this activity. The state board shall automatically adjust the annual fees each fiscal year to conform with the revenue levels set forth in the Budget Act for this activity. If the state board determines that the revenue collected during the preceding year was greater than, or less than, the revenue levels set forth in the Budget Act, the state board may further adjust the annual fees to compensate for the over and under collection of revenue.

(2) The emergency regulations adopted pursuant to this subdivision, any amendment thereto, or subsequent adjustments to the annual fees, shall be adopted by the state board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state board, or adjustments to the annual fees made by the state board pursuant to this section, shall not be subject to review by the Office of Administrative Law and shall remain in effect until revised by the state board.

(g) The state board shall adopt regulations setting forth reasonable time limits within which the regional board shall determine the adequacy of a report of waste discharge submitted under this section.

(h) Each report submitted under this section shall be sworn to, or submitted under penalty of perjury.

(i) The regulations adopted by the state board pursuant to subdivision (f) shall include a provision that annual fees shall not be imposed on those who pay fees under the national pollutant discharge elimination system until the time when those fees are again due, at which time the fees shall become due on an annual basis.

(j) Any person operating or proposing to construct an oil, gas, or geothermal injection well subject to paragraph (3) of subdivision (a), shall not be required to pay a fee pursuant to subdivision (d), if the injection well is regulated by the Division of Oil and Gas of the Department of Conservation, in lieu of the appropriate California regional water quality control board, pursuant to the memorandum of understanding, entered into between the state board and the Department of Conservation on May 19, 1988. This subdivision shall remain operative until the memorandum of understanding is revoked by the state board or the Department of Conservation.

(k) In addition to the report required by subdivision (a), before any person discharges mining waste, the person shall first submit both of the following to the regional board:

(1) A report on the physical and chemical characteristics of the waste that could affect its potential to cause pollution or contamination. The report shall include the results of all tests required by regulations adopted by the board, any test adopted by the Department of Toxic Substances Control pursuant to Section 25141 of the Health and Safety Code for extractable, persistent, and bioaccumulative toxic substances in a waste or other material, and any other tests that the state board or regional board may require, including, but not limited to, tests needed to determine the acid-generating potential of the mining waste or the extent to which hazardous substances may persist in the waste after disposal.

(2) A report that evaluates the potential of the discharge of the mining waste to produce, over the long term, acid mine drainage, the discharge or leaching of heavy metals, or the release of other hazardous substances.

(*l*) Except upon the written request of the regional board, a report of waste discharge need not be filed pursuant to subdivision (a) or (c) by a user of recycled water that is being supplied by a supplier or distributor of recycled water for whom a master recycling permit has been issued pursuant to Section 13523.1.

SEC. 4. Section 13260.2 is added to the Water Code, to read:

13260.2. (a) The state board shall establish a fee in an amount sufficient to recover its costs in reviewing, processing, and enforcing ''no exposure'' certifications issued to facilities that apply for those certifications in accordance with a general industrial stormwater permit.

(b) Revenue generated pursuant to this section shall be deposited in the Waste Discharge Permit Fund.

SEC. 5. Section 13260.3 is added to the Water Code, to read:

13260.3. On or before January 1 of each year, the state board shall report to the Governor and the Legislature on the expenditure of annual fees collected pursuant to Section 13260.

SEC. 6. (a) The Legislature hereby finds and declares all of the following:

(1) Adjustments made to the Budget Act of 2002 in the 2003–04 First Extraordinary Session reverted fifty-eight million one hundred four thousand dollars ($58,104,000) to the General Fund.

(2) These funds were originally appropriated by Section 8 of Chapter 326 of the Statutes of 1998 to pay for the state's share of the nonfederal costs of flood control projects that have been adopted and authorized in accordance with one or more of the following provisions of law:

(A) State Water Resources Law of 1945 (Ch. 1 (commencing with Sec. 12570) and Ch. 2 (commencing with Sec. 12639), Pt. 6, Div. 6, Wat. C.).

(B) Flood Control Law of 1946 (Ch. 3 (commencing with Sec. 12800), Pt. 6, Div. 6, Wat. C.).

(C) California Watershed Protection and Flood Prevention Law (Ch. 4 (commencing with Sec. 12850), Pt. 6, Div. 6, Wat. C.).

(b) The Legislature, on or before June 30, 2006, shall appropriate fifty-eight million one hundred four thousand dollars ($58,104,000) from the General Fund to the Department of Water Resources for allocation, in accordance with Section 8 of Chapter 326 of the Statutes of 1998, to the local entities with whom the state has agreements to pay the state's share of the nonfederal costs of flood control projects.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 2

An act to amend Section 16320 of the Government Code, and to repeal Section 10903 of the Revenue and Taxation Code, relating to state government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 2003. Filed with Secretary of State March 18, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 16320 of the Government Code is amended to read:

16320. (a) Unless otherwise prohibited by law, moneys in the State Treasury may be loaned from one state fund or account to any other state

fund or account to address the 2001–02, 2002–03, and 2003–04 fiscal year budgetary shortfalls, subject to all of the following conditions:

(1) The loan is authorized in the 2002 Budget Act, legislation enacted in a 2003–04 Extraordinary Session, or the 2003 Budget Act.

(2) The terms and conditions of the loan, including an interest rate, are set forth in the loan authorization.

(3) The loan is considered part of the balance of the fund or account that received the funds for the purpose of accounting and budgeting, including any determination made pursuant to Section 13307.

(4) The loan is not deducted from the balance of the fund or account from which the loan is made for purposes of calculating a fee or assessment.

(5) A fee or assessment is not increased as a result of a loan.

(6) Moneys loaned under this section are not considered a transfer of resources for purposes of determining the legality of the use of those moneys by the fund or account from which the loan is made or the fund or account that received the loan.

(b) (1) The Director of Finance shall order the repayment of all or a portion of any loan made pursuant to subdivision (a) if he or she determines that either of the following circumstances exists:

(A) The fund or account from which the loan was made has a need for the moneys.

(B) There is no longer a need for the moneys in the fund or account that received the loan.

(2) The Director of Finance shall notify, in writing, the Chairperson of the Joint Legislative Budget Committee within 30 days of ordering the repayment of any of these loans.

(c) On August 1 of each year, the Director of Finance shall report in writing to the Chairperson of the Joint Legislative Budget Committee the balances of these loans as of the preceding June 30. On February 1 of each year, the Director of Finance shall provide an updated report to the Chairperson of the Joint Legislative Budget Committee on the balances of these outstanding loans, as reflected in the preceding Governor's Budget.

SEC. 2. Section 10903 of the Revenue and Taxation Code is repealed.

SEC. 3. Notwithstanding Section 13340 of the Government Code or any other provision of law, in order to account for certain budgetary reductions, the amounts necessary to make the following payments on behalf of the state are hereby appropriated without regard to fiscal year from any fund source that is legally available for that purpose, upon certification by the Department of Finance to the State Controller that funds are available from that source to be expended for that purpose:

(a) Periodic payments on long-term rentals (12 months or more), lease purchase financing, long-term leases, lease-to-own programs, vendor financing, or any other financing or lease obligations.

(b) Payments on remaining unavoidable state obligations related to the elimination of programs, such as payroll and certain contractual operating expenses, for those departments whose appropriation authority for the 2002–03 or 2003–04 fiscal year has been reduced or eliminated.

SEC. 4. The appropriation authorized by Section 5 of this act is available for payment of an obligation only if the Department of Finance determines that the appropriation from which that obligation ordinarily would be paid is unavailable or insufficient to make the payments. Within 45 days after the end of each fiscal year quarter in which any payment is made pursuant to this act, the Department of Finance shall report the amounts appropriated pursuant to this act to the Chair of the Joint Legislative Budget Committee, and to the chair and vice chair of the committee in each house that considers the budget.

SEC. 5. (a) Notwithstanding any other provision of law, the Special Reserve Fund for Vehicle License Fee Tax Relief is abolished, and any moneys remaining in the Special Reserve Fund for Vehicle License Fee Tax Relief on the operative date of this section are hereby transferred to the General Fund.

(b) (1) Those moneys that are transferred pursuant to subdivision (a) shall be allocated by the Controller to the extent necessary to pay those as yet unpaid vehicle license fee offsets required by former Section 10754.2 of the Revenue and Taxation Code, as continued in operation on or after July 1, 2001, by Section 5 of Chapter 5 of the Statutes of 2001.

(2) If the moneys transferred pursuant to subdivision (a) are not sufficient to fulfill the purposes described in paragraph (1), those as yet unpaid vehicle license fee offsets required by former Section 10754.2 of the Revenue and Taxation Code, as continued in operation on and after July 1, 2001, by Section 5 of Chapter 5 of the Statutes of 2001, shall be paid from the General Fund.

(c) The Department of Motor Vehicles shall provide both of the following notices to the Controller in connection with each monthly report required pursuant to former Section 10754.2 of the Revenue and Taxation Code for additional vehicle license fee offsets calculated by that department pursuant to that former section, as continued in operation pursuant to Section 5 of Chapter 5 of the Statutes of 2001:

(1) A notice for each month of the total dollar amount of the additional vehicle license fee offsets calculated by the department during that month pursuant to former Section 10754.2 of the Revenue and Taxation Code, as continued in operation pursuant to Section 5 of Chapter 5 of the Statutes of 2001.

(2) A notice of the total dollar amount of the additional vehicle license fee offsets calculated by the department pursuant to former Section 10754.2 of the Revenue and Taxation Code, as continued in operation pursuant to Section 5 of Chapter 5 of the Statutes of 2001, for the calendar year to the date of each monthly report provided pursuant to former Section 10754.2 of the Revenue and Taxation Code.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that changes made to the 2002 Budget Act through extraordinary session legislation may be implemented at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 3

An act to amend Items 0250-001-0001, 0450-101-0932, 1760-001-0001, 1760-001-0666, 1760-011-0001, 2240-001-0001, 2240-011-0530, 2240-116-0929, 2660-011-3007, 2660-015-0042, 2920-101-3005, 2920-111-0001, 2920-115-0440, 2920-115-0521, 3640-302-6029, 3790-001-0392, 3860-001-6031, 3910-001-0001, 3910-001-0387, 3960-001-0014, 3960-001-0557, 4260-101-0001, 4440-102-0001, 5460-011-0001, 8100-001-0597, 8100-012-0001, 8350-011-0222, 8450-001-0001, and 8450-001-0016 of, and to add Items 0450-495, 0530-496, 0540-495, 0550-495, 0552-495, 0553-495, 0555-495, 0559-495, 0650-495, 0690-495, 0840-496, 0860-496, 0950-496, 0954-496, 1100-495, 1111-495, 1140-495, 1700-495, 1705-495, 1730-496, 1760-495, 1880-495, 2240-115-0972, 2240-115-0980, 2240-116-0813, 2240-116-0927, 2240-116-0938, 2240-116-0985, 2240-117-0813, 2240-495, 2310-015-0400, 2400-015-0933, 2660-497, 2920-115-0393, 2920-116-0918, 2920-497, 3340-495, 3360-002-0382, 3360-495, 3460-495, 3480-495, 3540-496, 3540-497, 3560-001-0943, 3560-495, 3600-495, 3640-301-6031, 3640-496, 3640-497, 3720-495, 3790-495, 3790-496, 3820-001-0914, 3820-495, 3860-101-6031, 3860-495, 3860-496, 3900-496, 3930-495, 3940-495, 3960-496, 3980-495, 4120-495, 4130-495, 4170-495, 4200-011-0816, 4200-495, 4220-495, 4260-011-3020, 4260-497, 4280-495, 4300-496, 4440-495, 4700-495, 5160-496, 5175-496, 5180-496, 5240-496, 5430-497, 5440-495, 5450-495, 5460-495, 5480-495, 8100-496, 8140-495, 8260-495, 8300-495, 8320-495, 8350-495, 8380-495, 8460-495, 8570-495, 8620-495, 8885-495, 8910-495, 8955-495, 8960-495, 8965-495, 8966-495, 9860-495, and 9909-495 to, Section 2.00 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002), and to add Sections 4.90, 4.95, and 11.90 to, the Budget Act of 2002, relating to the support of state government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 2003. Filed with Secretary of State March 18, 2003.]

The people of the State of California do enact as follows:

SECTION 1. The reversions and transfers added by this act are in addition to the appropriations made in Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) and are subject to the provisions of that act, as appropriate, including, as applicable, the provisions of that act that apply to the items of appropriation that are amended by this act. Unless otherwise specified, the references in this act to item numbers refer to items of appropriation in Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 2. Item 0250-001-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

0250-001-0001—For support of Judiciary 269,850,000

Schedule:

(1) 10-Supreme Court 37,504,000
(2) 20-Courts of Appeal 168,928,000
(3) 30-Judicial Council 73,930,000
(4) 50-Habeas Corpus Resource Center 10,084,000
(5) 97.20.001-Unallocated Reduction...–15,214,000
(6) Reimbursements ..... –2,755,000
(7) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 0250-001-0044).... –132,000
(8) Amount payable from the Court Interpreters' Fund (Item 0250-001-0327) ..... –84,000
(9) Amount payable from the Federal Trust Fund (Item 0250-001-0890).. –2,411,000

Provisions:

1. Notwithstanding Section 26.00 of this act, the funds appropriated or scheduled in this item may be allocated or reallocated among categories by order of the Judicial Council.
2. Of the funds appropriated in this item, $200,000 is available for reimbursement to the Attorney General, or for hiring outside counsel, for prelitigation and litigation fees and costs, including any judgment, stipulated judgment, offer of judgment or settlement. This amount is for use in connection with 1) matters arising from the actions of appellate courts, appellate court bench officers, or appellate court employees; 2) matters arising from the actions of the Judicial Council, council members or council employees or agents; 3) matters

arising from the actions of the Administrative Office of the Courts or its employees; or 4) employment litigation arising from the actions of trial courts, trial court bench officers, or trial court employees. Either the state or the Judicial Council must be named as a defendant or alleged to be the responsible party. Any funds not used for this purpose shall revert to the General Fund.

3. Notwithstanding any other provision of law, up to $5,000,000 appropriated in this item may be transferred to Item 0250-101-0001 by the Controller at the request of the Administrative Office of the Courts, to cover any short-term cashflow issues that occur. Any funds transferred shall be repaid to this item from Item 0250-101-0001. The Judicial Council shall notify the Department of Finance and the Joint Legislative Budget Committee when any transfer is made pursuant to this provision, and upon repayment of the transfer.
4. The funds appropriated by Schedule (4) shall be available for costs associated directly or indirectly with the California Habeas Corpus Resource Center (CHCRC). The CHCRC shall report to the Legislature and the Department of Finance on September 1, 2002, and April 1, 2003, on expenditures, specifically detailing personal services expenditures, and operating expenses and equipment expenditures.

SEC. 3. Item 0450-101-0932 of Section 2.00 of the Budget Act of 2002 is amended to read:

0450-101-0932—For local assistance, State Trial Court Funding, payable from Trial Court Trust Fund.... 2,032,677,000

Schedule:

(1) 10-Support for operation of the Trial Courts..... 1,871,695,000
(2) 25-Compensation of Superior Court Judges 214,576,000
(3) 35-Assigned Judges..... 19,767,000
(4) 45-Court Interpreters 59,674,000
(5) 97.20.001-Unallocated Reduction ..... −133,035,000

Provisions:

1. Notwithstanding Section 26.00 of this act, the funds appropriated or scheduled in this item may be allocated or reallocated among categories by the Judicial Council.
2. The amount appropriated in Schedule (3) shall be made available for all judicial assignments.

Schedule (3) expenditures for necessary chamber staff may not exceed the staffing level that is necessary to support the equivalent of three judicial officers sitting on assignments at the appellate court level.

3. The funds appropriated in Schedule (2) shall be made available for the payment of workers' compensation claims for trial court judges.
4. The funds appropriated in Schedule (4) shall be for payments for services of contractual court interpreters, and certified and registered court interpreters employed by the courts, and the following court interpreter coordinators: one each in counties of the 1st through the 15th classes, 0.5 each in counties of the 16th through the 31st classes, and 0.25 each in counties of the 32nd through 58th classes. Courts in counties with a population of 500,000 or less are encouraged, but not required, to coordinate interpreter services on a regional basis. For the purposes of this provision, ''court interpreter coordinators'' may be full- or part-time court employees, or those contracted by the court to perform these services.

   The Judicial Council shall set statewide or regional rates and policies for payment of court interpreters, not to exceed the rate paid to certified interpreters in the federal court system. The Judicial Council shall adopt appropriate rules and procedures for the administration of these funds. The Judicial Council shall report to the Legislature and Director of the Department of Finance annually regarding expenditures from this schedule.
5. Of the amount appropriated in this item, $44,000,000 shall not be available for allocation to the trial courts except to the extent that civil fee revenues above the $152,000,000 that is currently projected for 2002–03 are deposited in the Trial Court Trust Fund.
6. Notwithstanding any other provision of law, the distribution of fines, fees, forfeitures, and penalties reported by the County of San Bernardino for the 1993–94, 1994–95, and 1995–96 fiscal years shall be deemed to be correct and no further reductions or increases shall be made to the distribution for those fiscal years, except for those amounts owed to other local agencies.
7. The funds appropriated in Schedule (1) include an augmentation of $1,175,000 for Court Operations

related to Chapter 561 of the Statutes of 1999. It is the intent of the Legislature that these funds only be used for the processing of elder abuse protective orders. Any funds not used for this purpose shall revert to the General Fund.

8. In addition to funding approved and appropriated through the program budget process, on an annual basis, it is the intent of the Legislature that the state shall provide, upon the order of the Director of Finance, to the Judicial Council an amount of discretionary funding that is deemed to be fair, reasonable, and fiscally responsible and meets specific criteria established and agreed upon by the Director of the Department of Personnel Administration, Director of Finance, and the Administration Director of the Courts. The level of funding shall be based on factors such as workload, population growth, agreed-upon policy goals, changes in local geographical circumstances and other agreed-upon criteria, which shall include the average percentage salary and benefit increases provided to state employees.

The Judicial Council shall allocate these funds to meet the various needs of the trial courts. This includes the need to negotiate local memoranda of understanding with recognized bargaining agents and to meet other salary and benefit needs of the trial courts.

SEC. 4. Item 0450-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0450-495—Reversion, State Trial Court Funding. The sum of $36,000,000 of the appropriation provided in Item 0450-111-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 5. Item 0530-496 is added to Section 2.00 of the Budget Act of 2002, to read:

0530-496—Reversion, Secretary for California Health and Human Services Agency. A total of $831,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $8,000 from Program 21-Office of HIPAA Implementation in Item 0530-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001), as allocated from Item 9909-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $823,000 from Schedule (1) 21-Office of HIPAA Implementation appropriated in Item 0530-017-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 6. Item 0540-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0540-495—Reversion, Secretary for Resources. The sum of $65,000 from Schedule (1) Administration of the Resources Agency appropriated in Item 0540-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 7. Item 0550-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0550-495—Reversion, Secretary for Youth and Adult Correctional Agency. The sum of $7,000 from Schedule (1) 10-Secretary for Youth and Adult Correctional Agency appropriated in Item 0550-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 8. Item 0552-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0552-495—Reversion, Office of the Inspector General. The sum of $695,000 from Program 10 appropriated in Item 0552-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 9. Item 0553-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0553-495—Reversion, Office of the Inspector General for Veterans Affairs. The sum of $25,000 from Schedule (1) 10-Inspector General for Veterans Affairs appropriated in Item 0553-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 10. Item 0555-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0555-495—Reversion, Secretary for Environmental Protection. The sum of $88,000 appropriated in Item 0555-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), for Permit Assistance Centers Program ($85,000) and Environmental Protection Program ($3,000), shall revert to the General Fund.

SEC. 11. Item 0559-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0559-495—Reversion, California Labor and Workforce Development Agency. The sum of $244,000 from Schedule (1) 10-Office of the Secretary for Labor and Workforce Development appropriated in Item 0559-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 12. Item 0650-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0650-495—Reversion, Office of Planning and Research. The sum of $9,000 from Schedule (1) 11-State Planning and Policy Development appropriated in Item 0650-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 13. Item 0690-495 is added to Section 2.00 of the Budget Act of 2002, to read:

0690-495—Reversion, Office of Emergency Services. A total of $2,865,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $307,000 from Schedule (1) 15-Mutual Aid Response in Item 0690-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $365,000 from Schedule (2) 35-Plans and Preparedness in Item 0690-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(3) $919,000 from Schedule (3) 45-Disaster Assistance in Item 0690-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(4) $1,274,000 from Item 0690-112-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 14. Item 0840-496 is added to Section 2.00 of the Budget Act of 2002, to read:

0840-496—Reversion, State Controller's Office. The sum of $72,000 from Schedule (2) 300000-Operating Expenses and Equipment appropriated in Item 0840-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 15. Item 0860-496 is added to Section 2.00 of the Budget Act of 2002, to read:

0860-496—Reversion, Board of Equalization. The sum of $51,000 from Schedule (2) 300000-Operating Expenses and Equipment appropriated in Item 0860-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 16. Item 0950-496 is added to Section 2.00 of the Budget Act of 2002, to read:

0950-496—Reversion, State Treasurer's Office. The sum of $171,000 from Schedule (2) 300000-Operating Expenses and Equipment appropriated in Item 0950-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 17. Item 0954-496 is added to Section 2.00 of the Budget Act of 2002, to read:

0954-496—Reversion, Scholarshare Investment Board. The sum of $171,000 from Schedule (1) 20-Governor's Scholarshare Programs appropriated in Item 0954-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 18. Item 1100-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1100-495—Reversion, California Science Center. A total of $114,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $1,000 from Schedule (1) 10-Education in Item 1100-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $113,000 from Schedule (3) 30-California African-American Museum in Item 1100-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 19. Item 1111-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1111-495—Reversion, Department of Consumer Affairs. A total of $565,000 from the appropriations provided in the following citations shall revert to the funds from which the appropriations were made:

0001—General Fund

(1) $353,000 from Item 1111-002-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), for Consumer Relations and Outreach Division.

(2) $212,000 from Schedule (1) 40-Office of Privacy Protection in Item 1111-003-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 20. Item 1140-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1140-495—Reversion, State Athletic Commission. The sum of $1,000 from Schedule (1) 9-State Athletic Commission appropriated in Item 1140-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 21. Item 1700-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1700-495—Reversion, Department of Fair Employment and Housing. A total of $889,000 from the appro-

priations provided in the following citations shall revert to the General Fund:
0001—General Fund
(1) $837,000 from Schedule (1) 50-Administration of Civil Rights Law in Item 1700-001-0001 Budget Act of 2002 (Ch. 379, Stats. 2002).
(2) $52,000 from Schedule (1) 50-Administration of Civil Rights Law in Item 1700-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

SEC. 22. Item 1705-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1705-495—Reversion, Fair Employment and Housing Commission. The sum of $23,000 from Schedule (1) 10-Fair Employment and Housing Commission appropriated in Item 1705-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 23. Item 1730-496 is added to Section 2.00 of the Budget Act of 2002, to read:

1730-496—Reversion, Franchise Tax Board. The sum of $9,122,000 from Schedule (1) 10-Tax Programs appropriated in Item 1730-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 24. Item 1760-001-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

1760-001-0001—For support of Department of General Services, for payment to Item 1760-001-0666 16,486,000
Provisions:
1. In addition to the funds appropriated in this item, any amounts received from the sale of the Governor's Budget and related publications funded from this item are available for expenditure.

SEC. 25. Item 1760-001-0666 of Section 2.00 of the Budget Act of 2002 is amended to read:

1760-001-0666—For support of Department of General Services, payable from the Service Revolving Fund 501,993,000
Schedule:
(1) Program support.....684,111,000

(17) Amount payable from the Service Revolving Fund (Item 1760-002-0666).....−75,453,000
(18) Amount payable from the Service Revolving Fund (Item 1760-003-0666).....−14,728,000

Provisions:

1. Notwithstanding any other provision of law, revenues from the sale of legislative bills and publications received by the Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other provision of law, if the Director of the Department of General Services determines in writing that there is insufficient

cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:

(a) No loan shall be made that would interfere with the carrying out of the object for which the Service Revolving Fund was created.

(b) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2002–03 fiscal year from the recipient fund except as otherwise provided in Provisions 4, 5, and 6 of this item.

(c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

3. It is the intent of the Legislature that the departments that provide e-government services or transactions shall reimburse the Department of General Services (DGS) for the development, implementation, and maintenance of the state's centralized e-government systems. The DGS shall establish rates that departments shall be charged for the ongoing use and maintenance of the systems. Departments shall not develop or implement e-government systems to the extent such systems already exist within the state's centralized e-government systems. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27 of this act, the Director of General Services may augment this item, by up to an aggregate of one and one-half percent in cases where the Legislature has provided funding in departmental budgets for e-government services. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. An augmentation shall be approved by the Department of Finance and shall not be made sooner than 30 days after written notification is provided

to the Chairperson of the Senate Committee on Budget and Fiscal Review, the Chairperson of the Assembly Budget Committee, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee may determine.

4. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, the Director of General Services may augment this item or any of Items 1760-001-0002, 1760-001-0003, 1760-001-0026, and 1760-001-0602, by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of the Department of General Services augments this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Department of Finance.
5. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, if this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602, is augmented pursuant to Provision 4 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the DGS and the corresponding expenditure authority has not been provided in these items, or (b) a local government entity or the federal government has requested services from the

DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

6. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, the Director of General Services may augment this item and Items 1760-001-0026 and 1760-001-0003 to increase authorized expenditures by the Office of State Publishing, the Office of Risk and Insurance Management, the Office of Fleet Administration, the Office of Energy Management, and the Office of Public Safety Radio Services. The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, the Office of Fleet Administration, the Office of Energy Management, and the Office of Public Safety Radio Services to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services augments either of the items in this provision, the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.
7. Any augmentation made pursuant to Provisions 4, 5, and 6 of this item shall be reported in writing to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall identify the amount of, and justification for, the augmentation, and the program that has been augmented. Copies of the notification shall be provided to the Department of Finance.
8. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to carry out the provisions of Section 26.00 of this act as it pertains to category transfers.

9. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to approve Budget Revision, Standard Form 26 subject to a copy being provided to the Department of Finance.
10. Of the funds appropriated in this item, up to $1,000,000 is available, as needed, for dual occupancy rent costs associated with the State Department of Education's move to the East End Complex.

SEC. 26. Item 1760-011-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

1760-011-0001—For support of Department of General Services, for payment to Item 1760-001-0666 581,000

Provisions:

1. The funds appropriated in this item are for the following:
   (a) Asbestos Abatement 402,000
   (b) Underground Storage Tank Program..... 179,000
2. The funds appropriated in this item may also be used for purposes related to the remediation of toxic sites for which the state is responsible, provided that proposals to transfer funds between these programs or for such other purposes shall be submitted in accordance with Section 26.00 of this act. These proposals shall detail the reasons for the transfer and the impact on the programs for which the transfer is proposed.
3. The unencumbered balance of any funds transferred from this item into the Architecture Revolving Fund will be reverted at the close of the fiscal year.

SEC. 27. Item 1760-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1760-495—Reversion, Department of General Services. The sum of $609,000 from Schedule (9) 50.99.081-CRC Norco: Administration building 100-occupant relocation—Working drawings and construction, appropriated in Item 1760-301-0001, Budget Act of 2000 (Ch. 52, Stats. 2000), as reappropriated by Item 1760-490, Budget Act of 2001 (Ch. 106, Stats. 2001), shall revert to the General Fund.

SEC. 28. Item 1880-495 is added to Section 2.00 of the Budget Act of 2002, to read:

1880-495—Reversion, State Personnel Board. A total of $411,000 of the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $40,000 from Schedule (1) 10-Merit System Administration in Item 1880-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $371,000 from Schedule (1) 10-Merit System Administration in Item 1880-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 29. Item 2240-001-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

2240-001-0001—For support of Department of Housing and Community Development 5,697,000

Schedule:

(1) 10-Codes and Standards Program ..	24,080,000
(2) 20-Community Affairs Program.....	13,113,000

(4) 30.02-Distributed Housing Policy Development Program.....	–187,000
(5) 50.01-Administration.....	8,557,000
(6) 50.02-Distributed Administration ...	–8,557,000
(7) Reimbursements.....	–484,000
(8) Amount payable from the Mobilehome Park Revolving Fund (Item 2240-001-0245)	–4,386,000
(9) Amount payable from the Mobilehome Park Purchase Fund (Item 2240-001-0530)	–485,000
(10) Amount payable from the Mobilehome-Manufactured Home Revolving Fund (Item 2240-001-0648).....	–17,394,000
(11) Amount payable from the Self-Help Housing Fund (Item 2240-001-0813).....	–217,000
(12) Amount payable from the Federal Trust Fund (Item 2240-001-0890).	–6,264,000
(13) Amount payable from the Housing Rehabilitation Loan Fund (Item 2240-001-0929)	–2,167,000
(14) Amount payable from the Rental Housing Construction Fund (Item 2240-001-0938)	–652,000

(15) Amount payable from the Predevelopment Loan Fund (Item 2240-001-0980) ..... –239,000
(16) Amount payable from the Emergency Housing and Assistance Fund (Item 2240-001-0985)..... –851,000
Provisions:
1. Of the amount appropriated in this item, $223,000 shall be used to continue oversight by the Department of Housing and Community Development of redevelopment agencies and to provide technical assistance, in accordance with the Department's Housing Preservation Plan.

SEC. 30. Item 2240-011-0530 of Section 2.00 of the Budget Act of 2002 is amended to read:

2240-011-0530—For transfer by the Controller, upon order of the Director of Finance, from the Mobilehome Park Purchase Fund to the General Fund..... (10,100,000)
Provisions:
1. The transfer made by this item is a loan to the General Fund. This loan shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account at the time of the transfer. It is the intent of the Legislature that repayment be made so as to ensure that the programs supported by this fund are not adversely affected by the loan.

SEC. 31. Item 2240-115-0972 is added to Section 2.00 of the Budget Act of 2002, to read:

2240-115-0972—For transfer, upon order of the Director of Finance, from the Manufactured Home Recovery Fund to the General Fund ..... (800,000)
Provisions:
1. The transfer made by this item is a loan to the General Fund. This loan shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account at the time of the transfer. It is the intent of the Legislature that repayment be made so as to ensure that the programs supported by this fund are not adversely affected by the loan.

SEC. 32. Item 2240-115-0980 is added to Section 2.00 of the Budget Act of 2002, to read:

2240-115-0980—For transfer, upon order of the Director of Finance, from the Predevelopment Loan Fund to the General Fund ..... (1,900,000)

SEC. 33. Item 2240-116-0813 is added to Section 2.00 of the Budget Act of 2002, to read:

2240-116-0813—For transfer, upon order of the Director of Finance, from the Self-Help Housing Fund to the General Fund..... (5,500,000)

SEC. 34. Item 2240-116-0927 is added to Section 2.00 of the Budget Act of 2002, to read:

2240-116-0927—For transfer, upon order of the Director of Finance, from the Farmworker Housing Grant Fund to the General Fund..... (1,548,000)

Provisions:

1. The transfer made by this item is a loan to the General Fund. This loan shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account at the time of the transfer. It is the intent of the Legislature that repayment be made so as to ensure that the programs supported by this fund are not adversely affected by the loan.

SEC. 35. Item 2240-116-0929 of Section 2.00 of the Budget Act of 2002 is amended to read:

2240-116-0929—For transfer, upon order of the Director of Finance, from the Housing Rehabilitation Loan Fund to the General Fund..... (27,330,000)

Provisions:

1. The transfer made by this item is a loan to the General Fund. This loan shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account at the time of the transfer. It is the intent of the Legislature that repayment be made so as to ensure that the programs supported by this fund are not adversely affected by the loan.

SEC. 36. Item 2240-116-0938 is added to Section 2.00 of the Budget Act of 2002, to read:

2240-116-0938—For transfer, upon order of the Director of Finance, from the Rental Housing Construction Fund to the General Fund..... (1,834,000)

Provisions:

1. The transfer made by this item is a loan to the General Fund. This loan shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account at the time of the transfer. It is the intent of the Legislature that repayment be made so as to ensure that the programs supported by this fund are not adversely affected by the loan.

SEC. 37. Item 2240-116-0985 is added to Section 2.00 of the Budget Act of 2002, to read:

0001—General Fund
(1) $6,000 from Item 3900-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), for Stationary Source Program.
(2) $2,000,000 from Chapter 1072 of the Statutes of 2000.

SEC. 77. Item 3910-001-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

3910-001-0001—For support of California Integrated Waste Management Board, for payment to Item 3910-001-0387 46,000

SEC. 78. Item 3910-001-0387 of Section 2.00 of the Budget Act of 2002 is amended to read:

3910-001-0387—For support of California Integrated Waste Management Board, payable from the Integrated Waste Management Account, Integrated Waste Management Fund 36,349,000

Schedule:

(1) 11-Waste Reduction and Management	79,576,000
(2) 30.01-Administration	9,030,000
(3) 30.02-Distributed Administration	–9,030,000
(4) Reimbursements	–585,000
(5) Amount payable from General Fund (Item 3910-001-0001)	–46,000
(6) Amount payable from Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund (Item 3910-001-0005)	–147,000
(7) Amount payable from California Used Oil Recycling Fund (Item 3910-001-0100)	–4,433,000
(8) Amount payable from California Used Oil Recycling Fund (paragraph (4) of subdivision (a) of Section 48653 of the Public Resources Code)	–4,000,000
(9) Amount payable from California Used Oil Recycling Fund (paragraph (1) of subdivision (a) of Section 48653 of the Public Resources Code)	–2,336,000
(10) Amount payable from California Tire Recycling Management Fund (Item 3910-001-0226)	–27,089,000
(11) Amount payable from Recycling Market Development Revolving Loan Account, Integrated Waste Management Fund (Item 3910-001-0281)	–1,853,000
(12) Amount payable from Solid Waste Disposal Site Cleanup Trust Fund (Item 3910-001-0386)	–637,000
(13) Amount payable from Farm and Ranch Solid Waste Cleanup and Abatement Account (Item 3910-001-0558)	–1,035,000
(14) Amount payable from Federal Trust Fund (Item 3910-001-0890).	–66,000
(15) Amount payable from Rigid Container Account (Item 3910-001-3024)	–1,000,000

Provisions:

1. Notwithstanding subdivision (h) of Section 42023.1 of the Public Resources Code, the Cali-

fornia Integrated Waste Management Board may offset the costs of administering the revolving loan program for Recycling Market Development Zones with funds appropriated in this item.

2. The amount appropriated in this item includes revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.

SEC. 79. Item 3930-495 is added to Section 2.00 of the Budget Act of 2002, to read:

3930-495—Reversion, Department of Pesticide Regulation. A total of $14,000 from the appropriation provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $9,000 from Schedule (1) 12-Registration and Health Evaluation in Item 3930-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $5,000 from Schedule (2) 17-Pest Management, Environmental Monitoring, Enforcement, and Licensing in Item 3930-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 80. Item 3940-495 is added to Section 2.00 of the Budget Act of 2002, to read:

3940-495—Reversion, State Water Resources Control Board. A total of $2,787,000 from the appropriation provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $2,177,000 from Schedule (1) 10-Water Quality in Item 3940-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $610,000 from Schedule (2) 20-Water Rights in Item 3940-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 81. Item 3960-001-0014 of Section 2.00 of the Budget Act of 2002 is amended to read:

3960-001-0014—For support of Department of Toxic Substances Control, for payment to Item 3960-001-0001, payable from the Hazardous Waste Control Account 43,396,000

Provisions:

1. Notwithstanding any other provision of law, upon approval and order of the Director of Finance, the Department of Toxic Substances Control may borrow sufficient funds from special funds that otherwise provide support for the department for cash purposes. Any such loans are to be repaid

with interest at the rate earned by the Pooled Money Investment Account.

2. Notwithstanding any other provision of law, upon request of the Director of the Department of Toxic Substances Control, and approval of the Department of Finance, the Controller shall increase the appropriation in this item in an amount necessary to pay the Board of Equalization any additional costs the board may incur to make refunds required by Chapter 737 of the Statutes of 1998, provided sufficient funds are available for such purposes and the board provides workload information that justifies the increase.

SEC. 82. Item 3960-001-0557 of Section 2.00 of the Budget Act of 2002 is amended to read:

3960-001-0557—For support of Department of Toxic Substances Control, for payment to Item 3960-001-0001, payable from the Toxic Substances Control Account 41,932,000

Provisions:

1. The amount appropriated in this item includes revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.
2. Of the amount appropriated in this item, $3,370,763 shall be used for state oversight costs, including cost recovery, at open and closing military bases. The expenditure of these funds shall not relieve the federal government of the responsibility to pay for all state oversight costs. The department shall take all steps necessary to recover these costs from the federal government including, but not limited to, filing civil actions authorized by state and federal law.

SEC. 83. Item 3960-496 is added to Section 2.00 of the Budget Act of 2002, to read:

3960-496—Reversion, Department of Toxic Substances Control. A total of $4,067,000 from the appropriation provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $2,480,000 from Schedule (1) 12-Site Mitigation in Item 3960-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $1,587,000 from Schedule (2) 13-Hazardous Waste Management in Item 3960-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 84. Item 3980-495 is added to Section 2.00 of the Budget Act of 2002, to read:

3980-495—Reversion, Office of Environmental Health Hazard Assessment. The sum of $185,000 from Schedule (1) 10-Health Risk Assessment appropriated in Item 3980-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 85. Item 4120-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4120-495—Reversion, Emergency Medical Services Authority. The sum of $77,000 from Schedule (1) 10-Emergency Medical Services Authority appropriated in Item 4120-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 86. Item 4130-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4130-495—Reversion, California Health and Human Services Agency Data Center. The sum of $473,000 from Schedule (1) 25-Operations appropriated in Item 4130-001-0632, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the California Health and Human Services Agency Data Center Revolving Fund.

SEC. 87. Item 4170-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4170-495—Reversion, Department of Aging. The total of $2,122,000 of the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $500,000 from Schedule (c) 30-Supportive Services and Centers in Item 4170-101-0001, Budget Act of 2000 (Ch. 52, Stats. 2000) as reappropriated by Item 4170-490, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $500,000 from Schedule (4) 40-Special Projects in Item 4170-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(3) $366,000 from Schedule (3) 30-Supportive Services and Centers in Item 4170-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(4) $80,000 from Schedule (4) 40-Special Projects in Item 4170-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(5) $656,000 from Schedule (4) 40-Special Projects in Item 4170-101-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(6) $20,000 from Schedule (1) 10-Nutrition in Item 4170-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002)

SEC. 88. Item 4200-011-0816 is added to Section 2.00 of the Budget Act of 2002, to read:

4200-011-0816—For transfer by the Controller from the Audit Repayment Trust Fund to the General Fund.. (273,000)

SEC. 89. Item 4200-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4200-495—Reversion, Department of Alcohol and Drug Programs. The total of $1,656,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $400,000 from Schedule (1) 15-Alcohol and Other Drug Services Program in Item 4200-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $1,000,000 from Schedule (1) 15-Alcohol and Other Drug Services Program, Item 4200-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(3) $3,000 from Schedule (1) 15-Alcohol and Other Drug Services Program in Item 4200-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(4) $253,000 from Schedule (1) 15-Alcohol and Other Drug Services Program in Item 4200-101-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 90. Item 4220-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4220-495—Reversion, Child Development Policy Advisory Committee. The sum of $18,000 from Schedule (1) 10-Child Development Policy Advisory Committee appropriated in Item 4220-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 91. Item 4260-011-3020 is added to Section 2.00 of the Budget Act of 2002, to read:

4260-011-3020—For transfer by the Controller, upon order of the Director of Finance, from the Tobacco Settlement Fund, to the General Fund ..... (10,000,000)

SEC. 92. Item 4260-101-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

4260-101-0001—For local assistance, Department of Health Services, Medical Assistance Program, payable from the Health Care Deposit Fund (912) after transfer from the General Fund 9,749,148,000

Schedule:

(1) 20.10.010-Eligibility (County Administration)..... 1,447,031,000

(2) 20.10.020-Fiscal Intermediary Management 296,296,000
(3) 20.10.030-Benefits (Medical Care and Services)..... 23,170,661,000
(4) Prior Fiscal Year Reconciliation..... 0
(4.5) Reimbursements ..... –3,607,000
(5) Amount payable from the Federal Trust Fund (Item 4260-101-0890) ..... –14,916,033,000
(6) Amount payable from Federal Trust Fund (Item 4260-103-0890)..... –9,994,000
(7) Amount payable from the Tobacco Settlement Fund (Item 4260-101-3020) ..... –235,206,000

Provisions:

1. The aggregate principal amount of disproportionate share hospital general obligation debt that may be issued in the 2002–03 fiscal year pursuant to subparagraph (A) of paragraph (2) of subdivision (f) of Section 14085.5 of the Welfare and Institutions Code shall be $0.
2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
3. Notwithstanding any other provision of law, accounts receivable for recoveries as described in Provision 2 above shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item that is required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the Controller to the General Fund without regard to the appropriation from which it was drawn.
4. Without regard to fiscal year, the General Fund shall make one or more loans available not to exceed a cumulative total of $45,000,000 to be transferred as needed to the Health Care Deposit Fund to meet cash needs. The loans are subject to the repayment provisions of Section 16351 of the Government Code. Any additional loan require-

ment in excess of $45,000,000 shall be processed in the manner prescribed by Section 16351 of the Government Code.

5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation that could result in increased costs in the Medi-Cal program only after approval by the Department of Finance; and any rule or regulation adopted by the Director of Health Services and any communication that revises the Medi-Cal program shall be effective only from and after the date upon which it is approved by the Department of Finance.
6. Of the funds appropriated in this item, up to $50,000 may be allocated for attorneys' fees awarded pursuant to state or federal law without prior notification to the Legislature. Individual settlements authorized under this language shall not exceed $5,000. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid 15 or more days prior to the transmittal of the estimate.
7. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Director of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house and to the Chairperson of the Joint Legislative Budget Committee or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate. If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May may constitute the notification required by this provision.
8. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of

those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.

9. The Department of Finance may transfer funds representing all or any portion of any estimated savings that are a result of improvements in the Medi-Cal claims processing procedures from the Medi-Cal services budget or the support budget of the State Department of Health Services (Item 4260-001-0001) to the fiscal intermediary budget item for purposes of making improvements to the Medi-Cal claims system.
10. Notwithstanding subdivision (a) of Section 2.00 and Section 26.00 of this act, the Department of Finance may authorize transfer of expenditure authority between Schedule (1), (2), (3) and Schedule (4). Schedule (4) may be used for the liquidation of prior years' excess obligations of Item 4260-101-0001.

    The Director of Finance shall notify the Legislature within 10 days of authorizing such a transfer unless prior notification of the transfer has been included in the Medi-Cal estimates submitted pursuant to Section 14100.5 of the Welfare and Institutions Code.
11. Of the amount appropriated in this item, $10,044,000 for the Statewide Automated Welfare System in Los Angeles Eligibility, Automated Determination, Evaluation and Reporting Consortium shall not be encumbered until the Department of Finance reviews and approves a special project report or equivalent document which specifies the application modifications to be completed and includes the vendor's estimate of the funding needed to complete the modifications. At the time that it approves the fund availability, the Department of Finance shall provide written notification to the chairperson of the fiscal committees of each house of the Legislature

and the Chairperson of the Joint Legislative Budget Committee.

13. Of the amount appropriated in this item, $500,000 may be used to fund two pilot projects which allow select adult day health care centers to expand their hours of operation and to serve additional participants in a manner that meets the particular adult day health care needs of the Medi-Cal recipients within the service areas of the adult day health care centers that have been chosen for participation in the pilot program. This pilot program shall be known as the Alternative Scheduling Pilot Program.

14. The Department of Health Services shall conduct a study of the adequacy of Medi-Cal pharmacy reimbursement rates including the cost of providing prescription drugs and services. This study shall be provided to interested parties and the Legislature no later than August 15, 2002.

SEC. 93. Item 4260-497 is added to Section 2.00 of the Budget Act of 2002, to read:

4260-497—Reversion, Department of Health Services. A total of $39,700,000 from the appropriations provided in the following citations shall revert to the balance in the fund from which the appropriation was made:

0001—General Fund

(1) $8,000,000 from Schedule (2) 20-Health Care Services in Item 4260-001-0001, Budget Act of 2000 (Ch. 52, Stats. 2000).

(2) $2,152,000 from Schedule (2) 20-Health Care Services in Item 4260-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(3) $25,799,000 from Program 20.10.030-Benefits (Medical Care and Services) in Item 4260-102-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(4) $412,000 from Schedule (1) 10-Public and Environmental Health in Item 4260-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(5) $260,000 from Schedule (2) 20-Health Care Services in Item 4260-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(6) $1,660,000 from Schedule (9) 20.40-Primary Care and Family Health in Item 4260-111-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(7) $113,000 from Schedule (1) 20.10.010-Eligibility (County Administration) in Item 4260-113-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

0890—Federal Trust Fund

(1) $651,000 from Item 4260-001-0890, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $23,000 from Item 4260-001-0890, Budget Act of 2002 (Ch. 379, Stats. 2002).

(3) $630,000 from Item 4260-111-0890, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 94. Item 4280-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4280-495—Reversion, Managed Risk Medical Insurance Board. The sum of $66,000 from Schedule (3) 40-Healthy Families Program appropriated in Item 4280-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 95. Item 4300-496 is added to Section 2.00 of the Budget Act of 2002, to read:

4300-496—Reversion, Department of Developmental Services. A total of $144,101,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $142,665,000 from Schedule (2) 10.10.020-Purchase of Services in Item 4300-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $55,250 from Schedule (1) 10-Community Services Program in Item 4300-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(3) $44,750 from Schedule (2) 20-Developmental Centers Program in Item 4300-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(4) $1,336,000 from Schedule (1) 20-Developmental Centers Program in Item 4300-003-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 96. Item 4440-102-0001 of Section 2.00 of the Budget Act of 2002 is amended to read:

4440-102-0001—For local assistance, Department of Mental Health (Proposition 98) for early mental health services 14,451,000

SEC. 97. Item 4440-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4440-495—Reversion, Department of Mental Health. A total of $1,169,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $590,000 from Schedule (1) 10-Community Services in Item 4440-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) $309,000 from Schedule (2) 20-Long-Term Care Services in Item 4440-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(3) $270,000 from Schedule (1) 10-Community Services in Item 4440-017-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 98. Item 4700-495 is added to Section 2.00 of the Budget Act of 2002, to read:

4700-495—Reversion, Department of Community Services and Development. A total of $285,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $285,000 from Section 5 of Chapter 7, Statutes of 2001, First Extraordinary Session, as amended by Section 57 of Chapter 111, Statutes of 2001.

SEC. 99. Item 5160-496 is added to Section 2.00 of the Budget Act of 2002, to read:

5160-496—Reversion, Department of Rehabilitation. A total of $21,782,000 from the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $700,000 from Schedule (1) 10-Vocational Rehabilitation Services in Item 5160-001-0001 Budget Act of 2001 (Ch. 106, Stats. 2001).

(2) $186,000 from Schedule (2) 20-Habilitation Services in Item 5160-001-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(3) $12,410,000 from Schedule (2) 20-Habilitation Services in Item 5160-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001).

(4) $2,663,000 from Schedule (1) 10-Vocational Rehabilitation Services in Item 5160-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

(5) $5,823,000 from Schedule (2) 20-Habilitation Services in Item 5160-101-0001, Budget Act of 2002 (Ch. 379, Stats. 2002).

Provisions:

1. Of the funds reverted in Schedules (3) and (5), $4,848,000 and $5,823,000, respectively, shall not revert until approved by the Department of Finance, upon receipt of Federal Medicaid reimbursements pursuant to the Home and Community-Based Waiver.

SEC. 100. Item 5175-496 is added to Section 2.00 of the Budget Act of 2002, to read:

5175-496—Reversion, Department of Child Support Services. A total of $10,520,000 of the appropriations provided in the following citations shall revert to the General Fund:

0001—General Fund

(1) $38,000 from Schedule (a) 10-Child Support Services in Item 5175-001-0001, Budget Act of 2000 (Ch. 52, Stats. 2000).

8965-495—Reversion, Veterans' Home of California—Barstow. The sum of $105,000 from Schedule (1) 30-Care of Sick and Disabled Veterans appropriated in Item 8965-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 129. Item 8966-495 is added to Section 2.00 of the Budget Act of 2002, to read:

8966-495—Reversion, Veterans' Home of California—Chula Vista. The sum of $52,000 from Schedule (1) 30-Care of Sick and Disabled Veterans appropriated in Item 8966-001-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 130. Item 9860-495 is added to Section 2.00 of the Budget Act of 2002, to read:

9860-495—Reversion, For unallocated capital outlay. The sum of $500,000 from Item 9860-301-0001, (10.10.010), Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 131. Item 9909-495 is added to Section 2.00 of the Budget Act of 2002, to read:

9909-495—Reversion, Health Insurance Portability and Accountability Act (HIPAA). The sum of $250,000 from the appropriation provided in Item 9909-017-0001, Budget Act of 2002 (Ch. 379, Stats. 2002), shall revert to the General Fund.

SEC. 132. Section 4.90 is added to the Budget Act of 2002, to read:

Sec. 4.90. Notwithstanding any other provision of law, the Director of Finance may transfer any funds previously transferred from the General Fund to the Architecture Revolving Fund back to the General Fund.

SEC. 133. Section 4.95 is added to the Budget Act of 2002, to read:

Sec. 4.95. Notwithstanding any other provision of law, the Director of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 134. Section 11.90 is added to the Budget Act of 2002, to read:

Sec. 11.90. The sum of seven hundred fifty thousand dollars ($750,000) is hereby appropriated from the General Fund to the Office of Planning and Research for the purpose of contracting for negotiators of tribal-state compacts.

SEC. 135. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that necessary reversions, transfers, and adjustments by this act to the appropriations in the Budget Act of 2002 for support of state government for the 2002–03 fiscal year be made as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 4

An act to amend Sections 69995, 69997, and 69998 of, to amend, repeal, and add Section 41335 of, to add Sections 14041.5, 33128.1, 33128.2, and 41339.1 to, to add and repeal Section 60423 of, and to repeal and add Section 41330 of, the Education Code, to add Items 6110-301-0660 and 6110-497 to Section 2.00 of, and to add Section 12.65 to, Chapter 379 of the Statutes of 2002, relating to education finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 2003. Filed with Secretary of State March 18, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 14041.5 is added to the Education Code, to read:

14041.5. (a) Notwithstanding subdivision (a) of Section 14041, commencing with the 2002–03 fiscal year, warrants for the principal apportionments for the month of June instead shall be drawn in July of the same calendar year pursuant to the certification made pursuant to Section 41335.

(b) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants drawn pursuant to subdivision (a) shall be deemed to be ''General Fund revenues appropriated to school districts,'' as defined in subdivision (c) of Section 41202 for the fiscal year in which the warrants are drawn and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the fiscal year in which the warrants are drawn.

SEC. 2. Section 33128.1 is added to the Education Code, to read:

33128.1. Notwithstanding any other law, a local educational agency may recognize for budgetary and financial reporting purposes any amount of state appropriations deferred from the current fiscal year and appropriated from the subsequent fiscal year for payment of current year costs as a receivable in the current year.

SEC. 3. Section 33128.2 is added to the Education Code, to read:

33128.2. (a) Notwithstanding the standards and criteria adopted pursuant to paragraph (3) of subdivision (a) of Section 33128 or any other law, for the 2002–03 fiscal year only, a local educational agency may use for purposes determined by its governing body up to 50 percent of its reserves for economic uncertainties and up to 50 percent of the

balances, as of July 1, 2002, of restricted accounts in its General Fund, excluding restricted reserves committed for capital outlay, bond funds, sinking funds, and federal funds, in order to provide local budgeting flexibility as a result of midyear budget reductions for the 2002–03 fiscal year that are enacted by the Legislature after January 2003.

(b) A local educational agency may not, pursuant to paragraph (a), use the combined budgetary reserves in excess of its total midyear budget reductions for the 2002–03 fiscal year.

(c) It is the intent of the Legislature that a local educational agency use the flexibility provided in subdivision (a) to the extent midyear budget reductions for the 2002–03 fiscal year occur in the following programs:

(1) The Peer Assistance and Review Program.

(2) Supplemental instruction and remedial programs.

(3) One-time funding for the Instructional Materials Funding Realignment Program.

(d) It is further the intent of the Legislature that a local educational agency make every effort to maintain a prudent expenditure plan that ensures its solvency for the 2002–03 fiscal year and in subsequent fiscal years.

SEC. 4. Section 41330 of the Education Code is repealed.

SEC. 5. Section 41330 is added to the Education Code, to read:

41330. Commencing with the 2003–04 fiscal year, for the purposes of allocating the advance apportionment for the current fiscal year, the Superintendent of Public Instruction shall on or before July 20th of each year certify to the Controller the amounts estimated to be apportioned to each effective school district for the current fiscal year on the basis of the report of the districts for the second principal apportionment of the preceding fiscal year, the amounts estimated to be apportioned to each county school tuition fund and to each county school service fund for schools and classes to be maintained by the county superintendent of schools during the current fiscal year on the basis of reports provided by the county superintendent of schools, and the amounts estimated by the Superintendent of Public Instruction to be apportioned to the county school service fund during the current fiscal year under subdivisions (a) and (b) of Section 14054.

SEC. 6. Section 41335 of the Education Code is amended to read:

41335. (a) The Superintendent of Public Instruction shall on or before June 25th of each year apportion to each elementary school district, high school district, county school service fund, and county school tuition fund the total amounts allowed to each respective district or fund under Sections 14054, 14057, 14058, 41790, 41800, 41810, 41811, 41840, 41841, 41863, 41866, 41882, 41884, 41885, 41886, 41888, 41950, 41970, 41971, 42004, 42005, 42054, 42055, 42056, and

52205, whichever are in effect. This apportionment shall be called the second principal apportionment.

(b) This section shall become inoperative on June 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute that is enacted before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 41335 is added to the Education Code, to read:

41335. (a) The Superintendent of Public Instruction shall on or before July 2 of each year apportion to each elementary school district, high school district, county school service fund, and county school tuition fund the total amounts allowed to each respective district or fund, as would have been apportioned on June 25 of the fiscal year of the apportionment pursuant to Section 41335 as it read on May 30, 2003, under Sections 14054, 14057, 14058, 41790, 41800, 41810, 41811, 41840, 41841, 41863, 41866, 41882, 41884, 41885, 41886, 41888, 41950, 41970, 41971, 42004, 42005, 42054, 42055, 42056, and 52205, whichever are in effect. This apportionment shall be called the second principal apportionment.

(b) This section shall become operative on June 1, 2003.

SEC. 8. Section 41339.1 is added to the Education Code, to read:

41339.1. Notwithstanding subdivision (b) of Section 41339, 10 working days prior to the dates prescribed in Section 41330 and Section 41335, as Section 41335 reads on and after June 1, 2003, the Superintendent of Public Instruction shall notify the Joint Legislative Budget Committee and the Department of Finance of the average daily attendance numbers and the local property tax revenues to be utilized in the respective certification.

SEC. 9. Section 60423 is added to the Education Code, to read:

60423. (a) Notwithstanding Section 60422 or any other law, for the 2002–03 and 2003–04 fiscal years only, a requirement that the governing board of a school district provide a pupil with standards-aligned instructional materials, as adopted by the State Board of Education subsequent to the adoption of content standards pursuant to Section 60605 for kindergarten and grades 1 to 8, inclusive, may be satisfied if the governing board of a school district provides a pupil with standards-aligned instructional materials that were adopted by the State Board of Education pursuant to Chapter 481 of the Statutes of 1998.

(b) This section shall be in effect only until July 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 2004, deletes or extends that date.

SEC. 10. Section 69995 of the Education Code is amended to read:

69995. (a) It is the intent of the Legislature in enacting this article to encourage high school pupils to study hard and master the California

academic content standards adopted by the State Board of Education and to excel in mathematics and the sciences.

(b) The Scholarshare Investment Board, known hereafter as ''the board,'' unless otherwise specified, shall administer the programs authorized by this article, including the adoption of rules and regulations as provided by subdivision (d) of Section 69981, and in so doing shall cooperate with the State Department of Education, the Treasurer's office, the Controller, the college board, private test publishing companies, and other entities necessary to ensure the accurate and timely identification and reporting of award recipients, granting of awards, and administration of these programs. The State Department of Education shall ensure that the contract with the test publisher selected pursuant to Section 60642 reflects the reporting requirements of this article and that the publisher meets those requirements.

(c) The definitions in Section 69980 apply to this article.

(d) To be eligible for an award pursuant to the programs authorized by this article, a pupil shall meet all of the following eligibility criteria:

(1) The pupil took the achievement test authorized by Section 60640 in grade 9, 10, or 11.

(2) The pupil was enrolled at a California public school for at least 12 consecutive months immediately preceding, or was in attendance for at least 110 days of the school year in which the test is administered and at least 110 days of the school year immediately preceding, the administration of the achievement test specified in paragraph (1), as evidenced by his or her school records obtained pursuant to administration of the program authorized by this article.

(3) The pupil took both of the following:

(A) The nationally normed reading and mathematics portions of the achievement test, as specified by the State Board of Education and authorized by Section 60640.

(B) The English/language arts and mathematics portions of the achievement test authorized by Section 60640 that are augmented and aligned, pursuant to Section 60643, with the California academic content standards, unless otherwise exempted by action of the State Board of Education.

(e) Awards made pursuant to this article shall be an entitlement to pupils identified as qualifying for an award pursuant to this article. The State Department of Education shall annually provide the board with an estimate of the number of pupils with qualifying scores by October 15. Within 30 days of receipt of the estimate, the board shall deposit a single amount equal to the sum of the amounts of the awards earned by qualifying pupils, as specified in subdivision (f), into a single account separate and apart from all participant accounts within the Golden State Scholarshare Trust in the names of those pupils.

(f) (1) (A) For the 2003–04 fiscal year, only awards earned by pupils enrolled in the 12th grade during the 2003–04 academic year shall be deposited as described in subdivision (e). This paragraph applies to awards for recipients who qualify for awards pursuant to this article if the awards were not deposited by the board before July 1, 2003.

(B) Notwithstanding subparagraph (A) or any other provision of law, for the 2003–04 fiscal year only, the transfer of funds for the purpose of making deposits as described in subdivision (e) may be delayed for one additional year or until the pupil is enrolled in an institution of higher education if authorized in legislation enacted during the 2003–04 Regular Session.

(2) For the 2004–05 fiscal year, only awards earned by pupils enrolled in the 12th grade during the 2004–05 academic year shall be deposited as described in subdivision (e). If a pupil also earned an award in a prior year, the board shall calculate an amount equal to the award earned, plus an amount equal to the interest that would have been earned had the recipient's award funds been annually deposited on October 15 of the recipient's junior year of high school enrollment. This paragraph applies only to awards earned by recipients who qualify for awards pursuant to this article if the awards were not deposited by the board before July 1, 2003.

(3) For the 2005–06 fiscal year, and each year thereafter, awards earned by pupils enrolled in the 12th grade during the 2005–06 academic year and each respective academic year shall be deposited as described in subdivision (e). If a pupil also earned an award in a prior year, the board shall calculate an amount equal to the award earned, plus an amount equal to the interest that would have been earned had the recipient's award funds been annually deposited on October 15 of the recipient's sophomore or junior years of high school enrollment, or both sophomore and junior years of high school enrollment. This paragraph applies only to recipients who qualify for awards pursuant to this article if the awards were not deposited by the board before July 1, 2003.

(g) Scholarship assets may not be commingled for investment purposes with participant accounts. Notwithstanding Section 69991, all assets of the scholarship account, while part of the Golden State Scholarshare Trust, are owned by the state until used to pay the qualified higher education expenses of the beneficiary.

(h) The entity contracted for the assessment authorized by Section 60640 shall annually, on or before January 15, provide the board a digital report that contains a final list of pupils identified as qualifying for an award pursuant to this article. To ensure that this digital report is accurate and is prepared on a timely basis, all corrections to and revisions of the data that are used to prepare the digital report shall be submitted to the

State Department of Education on or before November 15 of the preceding year.

(i) Deposits made to the scholarship account shall be invested according to the guidelines established by the board pursuant to the requirements of state and federal law. The deposits shall be invested through a guaranteed funding agreement with an interest rate to be declared annually by the investment manager, or through another investment determined by the board to be equally or more secure. For purposes of this section, a guaranteed funding agreement is an approved investment vehicle for state-owned scholarship funds.

(j) This article does not prevent any pupil from seeking private or other funding sources to supplement the amount of any funds awarded pursuant to this article.

(k) Award recipients shall be informed that the programs authorized by this article do not guarantee in any way that higher education expenses will be equal to projections and estimates provided by the board, nor that the claimant will be guaranteed any of the following:

(1) Admission to an institution of higher education.

(2) If admitted, a determination that the award recipient is a resident for tuition purposes by the institution of higher education.

(3) Continued attendance at the institution of higher education following admission.

(4) Graduation from the institution of higher education.

(5) Savings sufficient to fully cover all qualified education expenses of attending an institution of higher education.

(*l*) Notwithstanding any other provision of state law, any funds awarded pursuant to this article shall augment and not supplant student financial aid from other public sources, inclusive of calculating eligibility for student financial aid.

(m) Notwithstanding any other provision of law, the awards and earnings claimed by a recipient pursuant to this article shall be exempt from state income tax liability.

(n) To the extent allowed under federal law, any funds awarded pursuant to this article may not be considered in the federal needs analysis for student financial aid, as they are an asset of the state until used for the payment of qualified higher education expenses.

SEC. 11. Section 69997 of the Education Code is amended to read:

69997. (a) The Governor's Scholars Program is hereby established. This program shall provide a scholarship of one thousand dollars ($1,000) to each public high school pupil who, on or after January 1, 2000, demonstrates high academic achievement on the achievement test authorized by Section 60640. Pupils receiving a scholarship pursuant to this section shall be known as ''Governor's Scholars.''

(b) Until the State Board of Education determines that the English language arts and mathematics portions of the statewide pupil achievement test authorized by Section 60640 are aligned with the California academic content standards, and the standards aligned test is both valid and reliable for high stakes purposes, a pupil shall earn a scholarship pursuant to this section by satisfying either of the following criteria:

(1) Attaining a combined score on the reading and mathematics portions of the nationally normed achievement test adopted by the State Board of Education pursuant to Section 60642 that places him or her in the top 5 percent of test takers in his or her grade level statewide. A pupil attending any California public school, including those specified in subdivision (g) of Section 52052, is eligible to receive an award pursuant to this paragraph.

(2) Attaining a combined score on the nationally normed reading and mathematics portions of the achievement test adopted by the State Board of Education pursuant to Section 60642 that places him or her in the top 10 percent of test takers in his or her grade level in the comprehensive public high school attended by that pupil. When calculating the top 10 percent, the result shall be rounded to the nearest whole integer for the purpose of determining the number of awards in any high school. If this calculation results in a number of pupils less than one in any high school, there shall be one award at that school.

(c) Pupils earning an award pursuant to subdivision (b) may receive only one award in any given year. However, a pupil may earn a lifetime maximum of three awards by meeting the requirements of this section in each of grades 9, 10, and 11.

(d) Once the State Board of Education has determined that the English language arts and mathematics portions of the statewide pupil achievement test authorized by Section 60640 are aligned with the California academic content standards, and the standards aligned test is both valid and reliable for high stakes purposes, that test shall be used as the basis for the award of scholarships pursuant to subdivision (a).

(e) (1) For the purposes of this section, a ''comprehensive high school'' includes both of the following:

(A) The California Schools for the Deaf established pursuant to Chapter 1 (commencing with Section 59000) of Part 32.

(B) The California School for the Blind established pursuant to Chapter 2 (commencing with Section 59100) of Part 32.

(2) A pupil attending the California Schools for the Deaf or the California School for the Blind who met the criteria for an award pursuant to this section for tests taken in year 2000 shall receive an award for that year.

(f) Notwithstanding any other law, commencing with the 2003–04 fiscal year, funding for Governor's Scholar awards shall only be appropriated for qualifying recipients who are enrolled in the 12th grade, unless legislation enacted during the 2003-04 Regular Session specifies otherwise.

SEC. 12. Section 69998 of the Education Code is amended to read:

69998. (a) The Governor's Distinguished Mathematics and Science Scholars Program is hereby established. This program shall provide a scholarship of two thousand five hundred dollars ($2,500) for public high school pupils who demonstrate specified high academic achievement in mathematics and the sciences. Pupils receiving a scholarship pursuant to this section shall be known as ''Governor's Mathematics and Science Scholars.''

(b) In addition to the criteria specified in subdivision (d) of Section 69995, a pupil shall satisfy the following to be eligible to receive a scholarship pursuant to this section:

(1) Earn an award pursuant to the program authorized by Section 69997.

(2) Take an advanced placement calculus examination offered by the college board.

(3) Take any one of the advanced placement biology, chemistry, or physics examinations offered by the college board.

(c) If the provisions of subdivision (d) apply, paragraphs (2) and (3) of subdivision (b) are effective only as specified in subdivision (d).

(d) (1) If the pupil's school offers an advanced placement course in a subject identified in subdivision (b), only the advanced placement examination in that subject is allowed for the purposes of determining eligibility for an award pursuant to this section. If a pupil's school does not offer an advanced placement course in a subject identified in subdivision (b), he or she may take instead the Golden State Examination, as authorized by Article 5 (commencing with Section 60650) of Chapter 5 of Part 33, in that subject in order to be eligible to receive a scholarship pursuant to this section. If there is a conflict between this subdivision and any other subdivision related to this program, this subdivision shall be controlling.

(2) For the science test, the Golden State Examination in second-year coordinated science may be used in place of any other Golden State Examination in science for the purposes of this subdivision.

(3) For the mathematics test, only the High School Mathematics Golden State Examination may be used for the purposes of this subdivision.

(e) Eligible pupils shall earn a scholarship pursuant to this section by satisfying all of the following requirements:

(1) Attaining a score of five, on the advanced placement calculus AB examination, or attaining a score of four or five on the higher-level advanced placement calculus BC examination.

(2) Attaining a score of five on any one of the advanced placement biology, chemistry, or physics B examinations, or attaining a score of four or five on both of the advanced placement physics C (mechanics or electricity and magnetism) examinations.

(3) If a pupil is eligible for an award pursuant to paragraph (4) of subdivision (b), he or she shall attain a score of six on the appropriate Golden State Examination, as described in subdivision (d).

(f) As an alternative to the examination requirements set forth in subdivisions (b), (c), (d), and (e), a pupil may be eligible to receive a scholarship pursuant to this section for performance in science and mathematics examinations that are part of the International Baccalaureate Program. The State Board of Education shall review and designate those International Baccalaureate examinations that are equivalent to the advanced placement tests or Golden State Examinations for which pupils may receive scholarships pursuant to this section. The State Board of Education shall also designate the score on International Baccalaureate examinations that is equivalent to the score required on advanced placement tests or Golden State Examinations in order to receive a scholarship.

(g) The State Board of Education may modify this list of examinations as necessary to reflect additions and deletions to the series of examinations offered by the college board for advanced placement courses. The State Board of Education may also determine the relative rigor of any new examinations added to the list and whether those examinations should require a score of four or five if the added examinations and qualifying scores reflect at least the same level of rigor as the advanced placement examinations specified in this section.

(h) Test scores earned before receiving an award pursuant to the program authorized by Section 69997 may be used to satisfy the requirements of subdivision (d), even if these scores are earned before January 1, 2000. A pupil may not claim an award pursuant to this section until the pupil has earned and successfully claimed an award pursuant to the program authorized by Section 69997.

(i) A pupil may receive a maximum of one award pursuant to the program established by this section.

(j) Notwithstanding any other law, commencing with the 2003–04 fiscal year, funding for the Governor's scholar awards shall only be appropriated for qualifying recipients who are enrolled in the 12th grade, unless legislation enacted during the 2003-04 Regular Session specifies otherwise.

(k) Subdivisions (c) and (d) and paragraph (4) of subdivision (b), subdivision (c), and paragraph (3) of subdivision (e) shall become inoperative, and are repealed as of December 31, 2001.

SEC. 13. Item 6110-301-0660 is added to Section 2.00 of Chapter 379 of the Statutes of 2002, to read:

6110–301–0660—For capital outlay, Department of Education, payable from Public Buildings Construction Fund $2,144,000

Schedule:

(1) 80.75.020–California School for the Deaf, Fremont: Pupil Personnel Services Building—Construction $2,144,000

Provisions:

1. The State Public Works Board may issue lease–revenue bonds, notes, or bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 of Title 2 of the Government Code to finance the acquisition, design, and construction of the projects authorized by this item.
2. The State Public Works Board and the State Department of Education may obtain interim financing for the project costs authorized by this item from any appropriate source, including, but not limited to, the Pooled Money Investment Account pursuant to Sections 16312 and 16313 of the Government Code.
3. The State Public Works Board may authorize the augmentation of the cost of construction of the project scheduled in this item pursuant to the board's authority under Section 13332.11 of the Government Code. In addition, the State Public Works Board may authorize any additional amount necessary to establish a reasonable construction reserve and to pay the cost of financing, including the payment of interest during construction of the project, the costs of financing a debt service fund, and the cost of issuance of permanent financing for the project. This additional amount may include interest payable on any interim financing obtained.
4. This department is authorized and directed to execute and deliver any and all leases, contracts, agreements or other documents necessary or advisable to

consummate the sale of bonds or otherwise effectuate the financing of the scheduled projects.

5. The State Public Works Board shall not be deemed a lead or responsible agency for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for any activities under the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800) of Division 3 of Title 2 of the Government Code). This section does not exempt this department from the requirements of the California Environmental Quality Act. This section is intended to be declarative of existing law.

6. In the event that the bonds authorized for projects in this item are not sold, the participating agency or department that has initiated loans shall commit a sufficient portion of its current support appropriation, as determined by the Department of Finance, to repay any interim financing. It is the intent of the Legislature that this commitment be made until all interim financing is repaid either through the proceeds of the sale of bonds or from an appropriation.

SEC. 14. Item 6110-497 is added to Section 2.00 of Chapter 379 of the Statutes of 2002, to read:

6110–497—Reversion, Department of Education. The sum of $2,124,000 from Schedule (2) 80.75.020—California School for the Deaf, Fremont: Pupil Personnel Services—Construction, appropriated in Item 6110–301–0001, Budget Act of 2001 (Ch. 106, Stats. 2001), shall revert to the General Fund.

SEC. 15. Section 12.65 is added to Chapter 379 of the Statutes of 2002 to read:

Sec. 12.65. Notwithstanding Section 26.00, the Controller, upon request of the Superintendent of Public Instruction and approval of the Director of Finance, shall transfer unencumbered funds remaining from the appropriations made in Item 6110-104-0001 of Section 2.00 between any of the schedules of that item for the purpose of ensuring that supplemental instruction and remedial programs are funded at statutorily authorized levels. The Department of Finance shall notify the Joint Legislative Budget Committee of any transfers made under this section.

SEC. 16. Notwithstanding Section 17584 of the Education Code, for the 2002–03 fiscal year only, the amount required to be contributed by a local educational agency for participation in the State School Deferred Maintenance Program is waived.

SEC. 17. A school district that receives a One-Time Instructional Materials Grant of moneys appropriated in Schedule 2 of Item 6110-189-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) shall give first priority to the purchase of standards-aligned English language arts reading materials for English learners and standards-aligned reading intervention materials for pupils in grades 4 to 8, inclusive. The materials purchased shall be consistent with the January 2002 English language arts textbook adoption by the State Board of Education.

SEC. 18. Notwithstanding any other law, one hundred twenty-two thousand dollars ($122,000) from the amount appropriated to the Office of Planning and Research for support of the Office of the Secretary for Education in Item 0650-011-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) shall revert to the General Fund.

SEC. 19. Notwithstanding any other law, six hundred eighteen thousand dollars ($618,000) is reduced from the amount appropriated to the Office of Planning and Research for the Office of the Secretary for Education for the Academic Volunteer and Mentor Service Program in Item 0650-111-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 20. Notwithstanding any other law, one hundred thousand dollars ($100,000) is reduced from the amount appropriated to the Commission on Teacher Credentialing for the California Mathematics Initiative for Teaching in Schedule 5 of Item 6360-101-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 69. The following amounts shall revert to the Proposition 98 Reversion Account in the General Fund:

(a) The sum of ninety-seven thousand dollars ($97,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-108-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(b) The sum of two hundred ten thousand dollars ($210,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-120-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(c) The sum of one million two hundred nineteen thousand dollars ($1,219,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-127-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(d) The sum of six thousand dollars ($6,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-149-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(e) The sum of two million eight hundred thousand dollars ($2,800,000) or the greater or lesser amount that reflects the unencumbered balance as of the effective date of this section, of the

amount appropriated in Item 6110-158-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(f) The sum of one million dollars ($1,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-166-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(g) The sum of twenty-five million dollars ($25,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule 1 of Item 6110-104-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(h) The sum of twenty-five million dollars ($25,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule 4 of Item 6110-104-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats, 2001).

(i) The sum of twenty-three thousand dollars ($23,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-181-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(j) The sum of three million seven hundred ninety-eight thousand dollars ($3,798,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-486 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(k) The sum of three hundred ninety-two thousand dollars ($392,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-184-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(*l*) The sum of twelve million dollars ($12,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-190-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(m) The sum of six million eight hundred forty-three thousand dollars ($6,843,000) or whatever is the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated for child care and development programs in Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001), after making the reappropriation specified in Provision 6 of Item 6110-494 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(n) Notwithstanding Section 8278 of the Education Code, the sum of eighty-five million dollars ($85,000,000) of the remaining unliquidated General Fund balance, as of the effective date of this section, of the amount appropriated in Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(o) The sum of ten million sixty-eight thousand dollars ($10,068,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-212-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(p) The sum of six million three hundred seventy-seven thousand dollars ($6,377,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-212-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(q) The sum of four million one hundred thousand dollars ($4,100,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-240-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(r) The sum of six million one hundred eighty-seven thousand dollars ($6,187,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-240-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(s) The sum of six hundred three thousand dollars ($603,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-243-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(t) The sum of nineteen million nine hundred seventy-six thousand dollars ($19,976,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-295-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(u) The sum of thirty-one million seven hundred twenty-eight thousand dollars ($31,728,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph 37 of Item 6110-485 of Section 2.00 of the Budget Act of 2001, as amended by Chapter 1 of the Statutes of 2002, Third Extraordinary Session.

(v) The sum of three million one hundred thousand dollars ($3,100,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the

amount appropriated in Schedule 39 of Item 6110-485 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(w) Notwithstanding Section 8278 of the Education Code, the sum of seventeen million six hundred fifty thousand dollars ($17,650,000) of the remaining unliquidated General Fund balance, as of the effective date of this section, of the amount appropriated in Schedules (2)(e) and (2)(f) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(x) The sum of six million two hundred thirty-one thousand dollars ($6,231,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Chapter 795 of the Statutes of 1998.

(y) The sum of twenty-eight million dollars ($28,000,000) of the balance in the Child Care Facilities Revolving Fund established pursuant to Section 8278.3 of the Education Code.

(z) The sum of thirteen million five hundred thousand dollars ($13,500,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule 1 of Item 6360-101-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(aa) The sum of two million nine hundred thousand dollars ($2,900,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule 1 of Item 6360-101-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(bb) The sum of twenty-four million three hundred fifty thousand dollars ($24,350,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule 1 of Item 6360-101-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(cc) The sum of one hundred seventy-eight thousand dollars ($178,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 6 of Chapter 196 of the Statutes of 1996 for reading leadership training.

(dd) The sum of one hundred fifty-four thousand dollars ($154,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 27 of Chapter 204 of the Statutes of 1996 for the Single Gender Academies Pilot Program.

(ee) The sum of five hundred ninety-seven thousand dollars ($597,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the

appropriation in Section 43 of Chapter 330 of the Statutes of 1998 for installation grants for the Digital High School Program.

(ff) The sum of five million four hundred six thousand dollars ($5,406,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-191-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(gg) The sum of one hundred two thousand dollars ($102,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-193-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(hh) The sum of two million one hundred fifty-three thousand dollars ($2,153,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-112-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(ii) The sum of one million five hundred thousand dollars ($1,500,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-203-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(jj) The sum of eighty-three thousand dollars ($83,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 41 of Chapter 299 of the Statutes of 1997, for implementation of the Standardized Accounting Code Structure.

(kk) The sum of one hundred forty-four thousand dollars ($144,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Chapter 312 of the Statutes of 1998 for the purchase off standards-based instructional materials.

(*ll*) One million three hundred seventy thousand dollars ($1,370,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Schedule A of Section 9 of Chapter 2 of the Statutes of 1999, First Extraordinary Session, for the Elementary School Intensive Reading Program.

(mm) The sum of three hundred ninety-seven thousand dollars ($397,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Item 6110-234-0001 of Section 2.00 of the Budget Act of 1998 (Ch. 324, Stats. 1998) for the Class Size Reduction Program, as reappropriated in Item 6110-487 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(nn) The sum of sixty-one thousand dollars ($61,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in subdivision (bb) of Section 65 of Chapter 78 of the Statutes of 1999 for schoolsite playground equipment.

(oo) The sum of two hundred forty-six thousand dollars ($246,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in subdivision (a) of Section 52 of Chapter 330 of the Statutes of 1998 for mathematics staff development.

(pp) The sum of four million one hundred eighteen thousand dollars ($4,118,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, from Item 6110-113-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(qq) The sum of four million eight hundred seventy-eight thousand dollars ($4,878,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, from Item 6110-123-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(rr) The sum of sixty-nine million nine hundred thirteen thousand dollars ($69,913,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 2 of Chapter 942 of the Statutes of 1998 for supplemental instruction.

(ss) The sum of one million two hundred sixty-nine thousand dollars ($1,269,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the reappropriation in paragraph (6) of Item 6110-485 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(tt) The sum of two hundred two thousand dollars ($202,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 4 of Chapter 196 of the Statutes of 1996 for the purchase of core reading program instructional materials.

(uu) The sum of two hundred seventy thousand dollars ($270,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the appropriation in Section 2 of Chapter 3 of the Statutes of 1999, First Extraordinary Session, for the Public Schools Accountability Act.

(vv) One million three hundred seventy-one thousand dollars ($1,371,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the

reappropriation in subdivision (c) of Item 6110-485 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(ww) The sum of one million six hundred thousand dollars ($1,600,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated to the State Department of Education for the English Language Intensive and Literacy Program in Section 37 of Chapter 71 of the Statutes of 2000.

SEC. 70. The amount reverted to the Proposition 98 Reversion Account pursuant to paragraphs (1) to (16), inclusive, of Item 6110-495 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) is the unencumbered balance, as of the effective date of this section, of the appropriations that were reverted in that item.

SEC. 71. Notwithstanding any other law, the funds appropriated pursuant to Items 6110-103-0001, 6110-104-0001, 6110-105-0001, 6110-156-0001, 6110-161-0001, 6110-190-0001, 6110-204-0001, 6110-205-0001, and 6110-211-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000) shall be available for expenditure through July 31, 2003, and after that date, all remaining unencumbered funds in those items shall revert to the Proposition 98 Reversion Account.

SEC. 72. The sum of four hundred ninety-one million nine hundred twenty-six thousand dollars ($491,926,000) is reappropriated from the Proposition 98 Reversion Account to the General Fund according to the following schedule:

(a) Three hundred fifty-six million eight hundred ten thousand dollars ($356,810,000) to the Superintendent of Public Instruction for allocation for the purposes of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code (Regional Occupational Centers and Programs), to be allocated as specified in the provisions contained in Item 6110-105-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(b) One hundred thirty-five million one hundred sixteen thousand dollars ($135,116,000) to the Superintendent of Public Instruction for allocation for the purposes of Article 1 (commencing with Section 52500) of Chapter 10 of Part 28 of the Education Code (Adult Education), to be allocated as specified in the provisions contained in Item 6110-156-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 73. Notwithstanding any other law, the sum of sixty million nine hundred thirty-six thousand dollars ($60,936,000) of the amount appropriated for support of the University of California in Schedule 1 of Item 6440-001-0001 of Section 2.00 of the Budget Act of 2002 shall revert to the General Fund in accordance with the following schedule:

(a) Two million five hundred thousand dollars ($2,500,000) from public service programs.

(b) One million one hundred thousand dollars ($1,100,000) from the K–12 Internet program.

(c) Four million dollars ($4,000,000) from the AP Online program.

(d) Eight million dollars ($8,000,000) from research programs, with savings from prior year savings, including savings from labor institutes, and the Mexico/UC program.

(e) Twenty million dollars ($20,000,000) from academic and institutional support.

(f) Nineteen million dollars ($19,000,000) from instruction.

(g) Six million three hundred thirty-six thousand dollars ($6,336,000) from student services.

SEC. 74. Notwithstanding any other law, one million dollars ($1,000,000) of the amount appropriated for support of the Hastings College of the Law in Item 6600-001-0001 of Section 2.00 of the Budget Act of 2002 shall revert to the General Fund.

SEC. 75. Notwithstanding any other law, fifty-nine million six hundred thirty-four thousand dollars ($59,634,000) from the appropriation provided for support of the California State University in Schedule 1 of Item 6610-001-0001 of Section 2.00 of the Budget Act of 2002 shall revert to the General Fund.

SEC. 76. Notwithstanding any other law, the appropriation made for local assistance to the Board of Governors of the California Community Colleges in Item 6870-101-0001 of Section 2.00 of the Budget Act of 2002 is reduced by the following amounts, except as otherwise provided:

(a) The amount appropriated in Schedule 4 for the Partnership for Excellence is reduced by thirty-nine million eight hundred seventeen thousand dollars ($39,817,000).

(b) The amount appropriated in Schedule 7 for teacher and reading development partnerships is reduced by two million seven hundred thirty-two thousand dollars ($2,732,000).

(c) The amount appropriated in Schedule 18 for telecommunications and technology infrastructure is reduced by fourteen million eight hundred seventeen thousand dollars ($14,817,000). The Chancellor of the California Community Colleges shall reduce allocations to programs and projects funded by Schedule 18 based on his or her determination of the priority of need.

(d) The amount appropriated in Schedule 19 for the California Virtual University is reduced by two million nine hundred thousand dollars ($2,900,000).

(e) The amount appropriated in Schedule 20 for instructional improvement, for transfer to the Community Colleges Fund for Instructional Improvements, is reduced by seven hundred fifty thousand

dollars ($750,000). The Chancellor of the California Community Colleges shall reduce allocations to programs and projects funded by Schedule 20 based on his or her determination of the priority of need.

(f) The amount appropriated in Schedule 22 for economic development is reduced by fourteen million nine hundred forty-five thousand dollars ($14,945,000). Notwithstanding Section 2.00 of the Budget Act of 2002, the Chancellor of the California Community Colleges shall allocate this fourteen million nine hundred forty-five thousand dollars ($14,945,000) reduction in the economic development program proportionately to all programs identified in Provision (23) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2002.

(g) The amount appropriated in Schedule 24 for scheduled maintenance/special repairs is reduced by thirty-one million seven hundred fifty-two thousand dollars ($31,752,000).

(h) The amount appropriated in Schedule 25 for instructional equipment and library materials replacement is reduced by thirty-one million seven hundred fifty-one thousand dollars ($31,751,000).

SEC. 77. The sum of fifty million nine hundred forty-three thousand dollars ($50,943,000) is reappropriated from the Proposition 98 Reversion Account to the General Fund for the following purposes:

(a) Thirty-three million three hundred ten thousand dollars ($33,310,000) to the California Community Colleges for the purpose of funding fiscal year 2002–03 costs for the Partnership for Excellence.

(b) Eight million eight hundred seventeen thousand dollars ($8,817,000) to the California Community Colleges for the purpose of funding fiscal year 2002–03 costs for telecommunications and technology infrastructure.

(c) Eight million eight hundred sixteen thousand dollars ($8,816,000) to the California Community Colleges for the purpose of funding fiscal year 2002–03 costs for the economic development program.

SEC. 78. Notwithstanding any other law, the balance, as of June 30, 2002, specified herein, of the appropriations provided for in the following citations shall revert to the Proposition 98 Reversion Account:

(a) Twenty-one million five hundred twenty-eight thousand dollars ($21,528,000) or whatever lesser or greater amount reflects the surplus in property taxes from the estimate used to calculate apportionments for the Budget Act of 2001, as certified by the Department of Finance, from Schedule (1) 10.10.010-Apportionments of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001).

(b) Four million six hundred thousand dollars ($4,600,000), or whatever greater or lesser amount that reflects the unencumbered balance from Schedule i of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

SEC. 79. Notwithstanding any other law, a total of one million one hundred forty-six thousand dollars ($1,146,000) from the appropriations provided in the following citations shall revert to the balance in the General Fund:

(a) Three hundred ninety-six thousand dollars ($396,000) from Schedule 2 of Item 6870-001-0001 of Section 2.00 of the Budget Act of 2002.

(b) Seven hundred fifty thousand dollars ($750,000) from Schedule 1 of Item 6870-101-0909 of Section 2.00 of the Budget Act of 2002.

SEC. 80. Notwithstanding any other law, the amount appropriated in Schedule 1 of Item 6870-295-0001 of Section 2.00 of the Budget Act of 2002 is reduced by one million six hundred ninety thousand dollars ($1,690,000).

SEC. 81. Notwithstanding any other law:

(a) The amount appropriated for support of the Student Aid Commission in Item 7980-001-0001 of Section 2.00 of the Budget Act of 2002 is reduced by six hundred eighty-two thousand dollars ($682,000), of which the sum of four hundred thirty-two thousand dollars ($432,000) is an adjustment to increase the amount from the Financial Aid Grants Program funded in Schedule 1 and the sum of two hundred fifty thousand dollars ($250,000) is reduced from the reimbursements in Schedule 5. These sums shall revert to the General Fund.

(b) The Student Aid Commission is authorized to increase the amount of individual awards for students receiving Cal Grant A and Cal Grant B awards in the 2002–03 fiscal year to adjust for increases in student fees at the University of California and the California State University.

SEC. 82. (a) Notwithstanding any other law, forty million three hundred seventy-one thousand dollars ($40,371,000) of the unliquidated federal fund balances appropriated in Item 6110-196-0890 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001) and allocated in Schedules (2)(e) and (2)(f) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001) is hereby reappropriated for encumbrance and expenditure until June 30, 2003, only for CalWORKs Stage 3 child care.

(b) Notwithstanding Provision 8(a) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002), sixteen million six thousand dollars ($16,006,000) of the funds made available for purposes described in Provision 8(a) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) shall only be available for CalWORKs Stage 3 child care in the 2002–03 fiscal year.

(c) The sum of twenty-one million eight hundred ninety-two thousand dollars ($21,892,000) is appropriated from the Federal Trust

Fund to the State Department of Education on a one-time basis for the purposes of CalWORKs Stage 3 child care as follows:

(1) The sum of nineteen million four hundred twenty-five thousand dollars ($19,425,000) shall be available from federal Child Care and Development Block Grant funds appropriated prior to the 2002 federal fiscal year.

(2) The sum of two million four hundred sixty-seven thousand dollars ($2,467,000) shall be available from a one-time federal reallocation.

(d) Notwithstanding any other law, eighty-eight million two hundred sixty-nine thousand dollars ($88,269,000) is reduced from the amount appropriated to the State Department of Education for CalWORKs Stage 3 child care in Schedule 2(f) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

SEC. 83. (a) The sum of three hundred seventy million two hundred sixty-three thousand dollars ($370,263,000) is hereby appropriated from the General Fund to the State Department of Education for the 2003–04 fiscal year in accordance with the following schedule:

(1) The sum of five million seven hundred thirty-eight thousand dollars ($5,738,000) for apprentice programs to be expended consistent with the requirements specified in Item 6110-103-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(2) The sum of eighty-three million fifty-six thousand dollars ($83,056,000) for supplemental instruction to be expended consistent with the requirements specified in Item 6110-104-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002). Of the amount appropriated in this paragraph, eighteen million eight hundred ninety-three thousand dollars ($18,893,000) shall be expended consistent with Schedule 1 of Item 6110-104-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002), three million nine hundred twenty-three thousand dollars ($3,923,000) shall be expended consistent with Schedule 3 of that item, and sixty million two hundred forty thousand dollars ($60,240,000) shall be expended consistent with Schedule 4 of that item.

(3) The sum of three million nine hundred fifty-eight thousand dollars ($3,958,000) for the Gifted and Talented Pupil Program to be expended consistent with the requirements specified in Item 6110-124-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(4) The sum of forty million nine hundred twenty-five thousand dollars ($40,925,000) for adult education to be expended consistent with the requirements specified in Schedule 1 of Item 6110-156-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(5) The sum of two hundred fourteen million one hundred three thousand dollars ($214,103,000) for special education to be expended consistent with the requirements specified in Item 6110-161-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002). Of the amount appropriated in this paragraph, two hundred ten million two hundred seventy-one thousand dollars ($210,271,000) shall be expended consistent with Schedule 1 of Item 6110-161-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002) and three million eight hundred thirty-two thousand dollars ($3,832,000) shall be expended consistent with Schedule 2 of that item.

(6) The sum of four million four hundred fifty-one thousand dollars ($4,451,000) for community day schools to be expended consistent with the requirements specified in Item 6110-190-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(7) The sum of three million six hundred twenty-one thousand dollars ($3,621,000) for 7th and 8th Grade Math Academies to be expended consistent with the requirements specified in Item 6110-204-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(8) The sum of nine million seven hundred seventy-six thousand dollars ($9,776,000) for reading programs in kindergarten and grades 1 to 4, inclusive, to be expended consistent with the requirements specified in Item 6110-205-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(9) The sum of four million six hundred thirty-five thousand dollars ($4,635,000) for categorical programs for charter schools to be expended consistent with the requirements specified in Item 6110-211-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379, Stats. 2002).

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriations made by this section shall be deemed to be ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 of the Education Code, for the 2003–04 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code for the 2003–04 fiscal year.

SEC. 84. (a) Not later than May 15, 2003, the Director of Finance, in consultation with the Chancellor of the California Community Colleges, shall determine the amount of the property tax shortfall for the California Community Colleges for the 2002–03 fiscal year. This amount shall be equal to the difference between the amount of the estimate of property tax receipts by community colleges as of January 10, 2003, and the actual property tax receipts of community colleges for

the 2002–03 fiscal year as estimated when the determination required by this subdivision is made.

(b) If the amount of the property tax shortfall, as determined pursuant to subdivision (a), is less than thirty-eight million dollars ($38,000,000), the Director of Finance may reduce the amount appropriated pursuant to schedule (4) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2002 by an amount not to exceed the difference between thirty-eight million dollars ($38,000,000) and the amount of the property tax shortfall determined pursuant to subdivision (a).

SEC. 85. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the public school system is able to provide proper educational services for its pupils at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 5

An act to amend Section 13603 of the Penal Code, relating to corrections.

[Approved by Governor April 7, 2003. Filed with Secretary of State April 8, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 13603 of the Penal Code is amended to read:

13603. (a) The Department of Corrections and the Department of the Youth Authority shall provide 16 weeks of training to each correctional peace officer cadet. Except as provided by subdivision (b), this training shall be completed by the cadet prior to his or her assignment to a post or position as a correctional peace officer.

(b) If an agreement is reached between the Department of Corrections and the bargaining unit for the correctional peace officers that this subdivision shall apply, and with the approval of the Commission on Correctional Peace Officer Standards and Training on how to implement the on-the-job training requirements of the subdivision, the Department of Corrections shall provide a total of 16 weeks of training to each correctional peace officer cadet as follows:

(1) Twelve weeks of the training shall be at the department's training academy. Cadets shall be sworn in as correctional peace officers upon the completion of this initial 12 weeks.

(2) Four weeks shall be at the institution where the cadet is assigned to a post or position.

(c) The Department of Corrections and the Department of the Youth Authority shall provide a minimum of two weeks of training to each newly appointed first line supervisor.

CHAPTER 6

An act to amend Section 22954 of, and to add and repeal Section 22954.1 of, the Education Code, relating to state teachers' retirement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(a) When Chapter 840 of the Statutes of 2001 was enacted, the Legislature intended to provide funding to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund to mitigate the possibility that the purchasing power of retired members of the Defined Benefit Program of the State Teachers' Retirement System would be eroded by inflation to less than 80 percent of each member's purchasing power at the time of retirement.

(b) The Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund currently has sufficient funds to provide, through the year 2035, the purchasing power protection contemplated in Chapter 840 of the Statutes of 2001.

(c) The actuary retained by Teachers' Retirement Board provides the board with periodic actuarial valuations of the funds and accounts of the State Teachers' Retirement System, which provide the Teachers' Retirement Board, the Governor, and the Legislature sufficient time to address erosions in the funding status of the system before those erosions have any negative impacts on the intended benefits of the system's retired members.

(d) It is in the best interest of the people of the State of California, in this time of fiscal crisis, to recognize the state's responsibilities as a sovereign state to revise prior commitments, if that revision does not impair the intent and effect of any contractual obligation.

SEC. 2. Section 22954 of the Education Code, as added by Chapter 1021 of the Statutes of 2000, is amended to read:

22954. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 2003, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund.

(b) The total amount of the appropriation for each year shall be equal to 2.5 percent of the total of the creditable compensation of the fiscal year ending in the immediately preceding calendar year upon which members' contributions are based for purposes of funding the supplemental payments authorized by Section 24415. However, for the 2003–04 fiscal year only, that appropriation is reduced by five hundred million dollars ($500,000,000).

(c) The board may deduct from the annual appropriation made pursuant to this section an amount necessary for the administrative expenses of Section 24415.

(d) It is the intent of the Legislature in enacting this section to establish the supplemental payments pursuant to Section 24415 as vested benefits pursuant to a contractually enforceable promise to make annual contributions from the General Fund to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund in order to provide a continuous annual source of revenue for the purposes of making the supplemental payments under Section 24415.

(e) This section shall become operative on July 1, 2003, if the revenue limit cost-of-living adjustment computed by the Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become operative on July 1, 2004.

SEC. 3. Section 22954.1 is added to the Education Code, to read:

22954.1. (a) Beginning in 2006, and every four years thereafter, the board shall, based on an actuarial valuation approved by the board, report to the Legislature and the Director of Finance regarding the anticipated ability of the system to provide the purchasing power protection contemplated by Chapter 840 of the Statutes of 2001 during each year until June 30, 2036. The actuarial valuation shall take into consideration all expected contributions to the Supplemental Benefit Maintenance Account, expected expenditures from the account, and expected investment returns.

(b) On July 30 of the calendar year following any calendar year in which the board, as a result of the quadrennial valuation required by subdivision (a), reports that the funds in the Supplemental Benefit Maintenance Account will be insufficient in any fiscal year before July 1, 2036, to provide the purchasing power protection contemplated by

Chapter 840 of the Statutes of 2001, there is hereby appropriated from the General Fund to the Controller the amount necessary to provide that purchasing power protection, as determined by the actuary, taking into consideration all expected contributions to the Supplemental Benefit Maintenance Account, expected expenditures from the account, and expected investment returns, and subject to the limitation in subdivision (c). The amount appropriated pursuant to this section shall be transferred by the Controller to the Supplemental Benefit Maintenance Account upon certification of the amount by the Director of Finance.

(c) The aggregate amount of funds appropriated pursuant to subdivision (b) is limited to an amount equal to five hundred million dollars ($500,000,000) adjusted by the actual rate of return on funds in the Supplemental Benefit Maintenance Account from July 1, 2003, after taking into account any amount previously appropriated pursuant to subdivision (b). In calculating this limit, the sum of five hundred million dollars ($500,000,000) shall be treated as an initial principal amount, and this amount shall be adjusted at the end of each fiscal year based on the actual investment return of the Supplemental Benefit Maintenance Account during the preceding fiscal year and shall be reduced by any amounts appropriated pursuant to subdivision (b) as of the date of the transfer.

(d) This section shall become inoperative on July 1, 2036, and, as of January 1, 2037, is repealed, unless a later enacted statute that is enacted before January 1, 2037, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to address the fiscal crisis facing the state in the 2003–04 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Section 17706 of the Family Code, to amend Sections 1570.2, 1570.7, 1572, 1576, and 1585 of, and to repeal Sections 1572.5, 1572.7, 1572.9, 1573, and 1573.5, of, the Health and Safety Code, and to amend Sections 9115, 11462.06, and 14124.93 of, to add Chapter 13 (commencing with Section 4850) to Division 4.5 of, and to repeal Chapter 4.5 (commencing with Section 19350) of Part 2 of Division 10 of, the Welfare and Institutions Code, relating to health and human services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with
Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 17706 of the Family Code is amended to read:

17706. (a) It is the intent of the Legislature to encourage counties to elevate the visibility and significance of the child support enforcement program in the county. To advance this goal, effective July 1, 2000, the counties with the 10 best performance standards pursuant to clause (ii) of subparagraph (B) of paragraph (2) of subdivision (b) of Section 17704 shall receive an additional 5 percent of the state's share of those counties' collections that are used to reduce or repay aid that is paid pursuant to Article 6 (commencing with Section 11450) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code. The counties shall use the increased recoupment for child support-related activities that may not be eligible for federal child support funding under Part D of Title IV of the Social Security Act, including, but not limited to, providing services to parents to help them better support their children financially, medically, and emotionally.

(b) The operation of subdivision (a) shall be suspended for the 2002–03, 2003–04, 2004–05, and 2005–06 fiscal years.

SEC. 2. Section 1570.2 of the Health and Safety Code is amended to read:

1570.2. The Legislature hereby finds and declares that there exists a pattern of overutilization of long-term institutional care for elderly persons, and that there is an urgent need to establish and to continue a community-based system of quality adult day health care which will enable elderly persons to maintain maximum independence. While recognizing that there continues to be a substantial need for facilities providing custodial care, overreliance on this type of care has proven to be a costly panacea in both financial and human terms, often traumatic, and destructive of continuing family relationships and the capacity for independent living.

It is, therefore, the intent of the Legislature in enacting this chapter and related provisions to provide for the development of policies and programs that will accomplish the following:

(a) Assure that elderly persons are not institutionalized inappropriately or prematurely.

(b) Provide a viable alternative to institutionalization for those elderly persons who are capable of living at home with the aid of appropriate health care or rehabilitative and social services.

(c) Establish adult day health centers in the community for this purpose, that will be easily accessible to all participants, including the

economically disadvantaged elderly person, and that will provide outpatient health, rehabilitative, and social services necessary to permit the participants to maintain personal independence and lead meaningful lives.

(d) Include the services of adult day health centers as a benefit under the Medi-Cal Act, that shall be an initial and integral part in the development of an overall plan for a coordinated, comprehensive continuum of optional long-term care services based upon appropriate need.

(e) Establish a rural alternative adult day health care program designed to meet the special needs and requirements of rural areas to enable the implementation of subdivisions (a) through (d), inclusive, for all Californians in need of those services.

(f) Ensure that all laws, regulations, and procedures governing adult day health care be enforced equitably regardless of organizational sponsorship and that all program flexibility provisions be administered equitably.

SEC. 3. Section 1570.7 of the Health and Safety Code is amended to read:

1570.7. As used in this chapter:

(a) ''Adult day health care'' means an organized day program of therapeutic, social, and health activities and services provided pursuant to this chapter to elderly persons with functional impairments, either physical or mental, for the purpose of restoring or maintaining optimal capacity for self-care. Provided on a short-term basis, adult day health care serves as a transition from a health facility or home health program to personal independence. Provided on a long-term basis, it serves as an option to institutionalization in long-term health care facilities, when 24-hour skilled nursing care is not medically necessary or viewed as desirable by the recipient or his or her family.

(b) ''Adult day health center'' or ''adult day health care center'' means a licensed and certified facility that provides adult day health care.

(c) ''Elderly'' or ''older person'' means a person 55 years of age or older, but also includes other adults who are chronically ill or impaired and who would benefit from adult day health care.

(d) ''Individual plan of care'' means a plan designed to provide recipients of adult day health care with appropriate treatment in accordance with the assessed needs of each individual.

(e) ''License'' means a basic permit to operate an adult day health care center. With respect to a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), ''license'' means a special permit, as defined by Section 1251.5, empowering the health facility to provide adult day health care services.

(f) ''Maintenance program'' means procedures and exercises that are provided to a participant, pursuant to Section 1580, in order to generally maintain existing function. These procedures and exercises are planned by a licensed or certified therapist and are provided by a person who has been trained by a licensed or certified therapist and who is directly supervised by a nurse or by a licensed or certified therapist.

(g) ''Restorative therapy'' means physical, occupational, and speech therapy, and psychiatric and psychological services, that are planned and provided by a licensed or certified therapist. The therapy and services may also be provided by an assistant or aide under the appropriate supervision of a licensed therapist, as determined by the licensed therapist. The therapy and services are provided to restore function, when there is an expectation that the condition will improve significantly in a reasonable period of time, as determined by the multidisciplinary assessment team.

(h) ''Committee'' means the Long-Term Care Committee established pursuant to Section 1572.

(i) ''Department'' or ''state department'' means the State Department of Health Services.

SEC. 4. Section 1572 of the Health and Safety Code is amended to read:

1572. (a) The functions and duties of the State Department of Health Services provided for under this chapter shall be performed by the California Department of Aging commencing on the date those functions are transferred from the State Department of Health Services to the California Department of Aging. The authority, functions, and responsibility for the administration of the adult day health care program by the California Department of Aging and the State Department of Health Services shall be defined in an interagency agreement between the two departments that specifies how the departments will work together.

(b) The interagency agreement shall specify that the California Department of Aging is designated by the state department as the agency responsible for community long-term care programs. At a minimum, the interagency agreement shall clarify each department's responsibilities on issues involving licensure and certification of adult day health care providers, payment of adult day health care claims, prior authorization of services, promulgation of regulations, and development of adult day health care Medi-Cal rates. In addition, this agreement shall specify that the California Department of Aging is responsible for making recommendations to the State Department of Health Services regarding licensure as specified in subdivision (g). The interagency agreement shall specify that the State Department of Health Services shall delegate to the California Department of Aging the responsibility of performing

the financial reviews and the resolution of audit appeals which are necessary to ensure program integrity. The agreement shall specify that the financial reviews shall be performed only to the extent that resources are budgeted for this purpose. This agreement shall also include provisions whereby the State Department of Health Services and the California Department of Aging shall collaborate in the development and implementation of health programs and services for older persons and functionally impaired adults.

(c) As used in this chapter, ''director'' means the Director of Health Services.

(d) (1) A Long-Term Care Committee is hereby established in the California Department of Aging. The committee shall include, but not be limited to, a member of the California Commission on Aging, who shall be a member of the Long-Term Care Committee of the commission, a representative of the California Association for Adult Day Services, a representative of the California Association of Area Agencies on Aging, a representative of the California Conference of Local Health Officers, a member of a local adult day health care planning council, nonprofit representatives and professionals with expertise in Alzheimer's disease or a disease of a related disorder, a member of the California Coalition of Independent Living Centers, and representatives from other appropriate state departments, including the State Department of Health Services, the State Department of Social Services, the State Department of Mental Health, the State Department of Developmental Services and the State Department of Rehabilitation, as deemed appropriate by the Director of the California Department of Aging. At least one member shall be a person over 60 years of age.

(2) The committee shall function as an advisory body to the California Department of Aging and advise the Director of the California Department of Aging regarding development of community-based long-term care programs. This function shall also include advice to the Director of the California Department of Aging for recommendations to the department on licensure, Medi-Cal reimbursement, and utilization control issues.

(3) The committee shall be responsible for the reviewing of new programs under the jurisdiction of the California Department of Aging.

(4) The committee shall assist the Director of the California Department of Aging in the development of procedures and guidelines for new contracts or grants, as well as review and make recommendations on applicants. The committee shall take into consideration the desirability of coordinating and utilizing existing resources, avoidance of duplication of services and inefficient operations, and locational preferences with respect to accessibility and availability to the economically disadvantaged older person.

(e) The Director of the California Department of Aging shall make recommendations regarding licensure to the Licensing and Certification Division in the State Department of Health Services. The recommendation shall be based on all of the following criteria:

(1) An evaluation of the ability of the applicant to provide adult day health care in accordance with the requirements of this chapter and regulations adopted hereunder.

(2) Other criteria that the director deems necessary to protect public health and safety.

SEC. 5. Section 1572.5 of the Health and Safety Code is repealed.

SEC. 6. Section 1572.7 of the Health and Safety Code is repealed.

SEC. 7. Section 1572.9 of the Health and Safety Code is repealed.

SEC. 8. Section 1573 of the Health and Safety Code is repealed.

SEC. 9. Section 1573.5 of the Health and Safety Code is repealed.

SEC. 10. Section 1576 of the Health and Safety Code is amended to read:

1576. The director shall approve an application for a new license if no substantial basis for denial of the license exists under Section 1575.7, and the applicant has met all the requirements for licensure set forth in this chapter and regulations adopted hereunder. Otherwise the director shall deny issuance of the license.

SEC. 11. Section 1585 of the Health and Safety Code is amended to read:

1585. No member of the governing board of an adult day health center, nor any member of the immediate family of that board member, may have any direct or indirect interest in any contract for supplying services to the adult day health center.

SEC. 12. Chapter 13 (commencing with Section 4850) is added to Division 4.5 of the Welfare and Institutions Code, to read:

CHAPTER 13. HABILITATION SERVICES FOR THE DEVELOPMENTALLY DISABLED

4850. Commencing July 1, 2004, the State Department of Developmental Services shall succeed to all functions and responsibilities of the Department of Rehabilitation with respect to the administration of the Habilitation Services Program established pursuant to former Chapter 4.5 (commencing with Section 19350) of Part 2 of Division 10.

4850.1. (a) Except as otherwise specifically provided, this chapter shall only apply to those services purchased by the Habilitation Services Program.

(b) Nothing in this section shall be construed to abridge the rights stated in Section 4502.

4851. As used in this chapter, the following definitions apply:

(a) ''Habilitation services'' means those community-based services purchased or provided for adults with developmental disabilities including work activity and supported employment, to prepare and maintain them at their highest level of vocational functioning, or to prepare them for referral to vocational rehabilitation services.

(b) ''Individual program plan'' means the overall plan developed by a regional center pursuant to Section 4646.

(c) ''Individual habilitation component'' means that portion of the individual program plan developed for each eligible individual for whom services are purchased under this chapter.

(d) ''Department'' means the State Department of Developmental Services.

(e) ''Work-activity program'' includes, but is not limited to, sheltered workshops or work-activity centers, or community-based work activity programs accredited under departmental regulations.

(f) ''Work-activity program day'' means the period of time during which a work-activity program provides services to consumers.

(g) ''Full day of service'' means, for purposes of billing, a day in which the consumer attends a minimum of the declared and approved work-activity program day, less 30 minutes, excluding the lunch period.

(h) ''Half day of service'' means, for purposes of billing, (1) all days of attendance in which the consumer's attendance does not meet the criteria for billing for a full day of service as defined in subdivision (g), and (2) the consumer attends the work activity program not less than two hours, excluding the lunch period.

(i) ''Supported employment program'' means a program that meets the requirements of Sections 4861 and 4862.

(j) ''Consumer'' means any adult who receives services purchased under this chapter.

(k) ''Accreditation'' means a determination of compliance with the set of standards appropriate to the delivery of services by a work-activity program or supported employment program, developed by the Commission on Accreditation of Rehabilitation Facilities, and applied by the commission or the department.

(*l*) ''Direct service professional'' means a staff member within a work activity program who deals directly with the consumer, including activities such as supervision, training, counseling, and teaching.

4852. An individual shall be eligible for habilitation services under this chapter when all of the following exist:

(a) The individual is an adult who has been diagnosed as having a developmental disability.

(b) The disability is so severe that the individual does not presently have potential for competitive employment.

(c) The individual's disability is too severe for the individual to benefit from vocational rehabilitation services and it is determined that the individual may be mutually served by the vocational rehabilitation program and it is also determined that the individual needs extended supported employment services following successful rehabilitation by the department's vocational rehabilitation program.

(d) The individual is determined to be in need of habilitation services in an individual program plan developed by a regional center pursuant to Section 4646.

4853. The work-activity program or supported employment program in which the consumer is placed shall evaluate the performance of the consumer in all of the following areas:

(a) Appropriate behavior to safely conduct himself or herself in a work setting.

(b) Adequate attention span to reach a productivity level in paid work.

(c) Ability to understand simple instructions within a reasonable length of time.

(d) Ability to communicate basic needs and understand basic receptive language.

(e) Attendance level.

4854. In developing the individual habilitation component, the individual program plan team shall develop specific and measurable objectives in order to determine whether the consumer demonstrates ability to reach or maintain individual habilitation component goals in at least all of the following areas:

(a) Participation in paid work for a specified period of time.

(b) Obtaining or sustaining a productivity rate.

(c) Obtaining or sustaining a specified attendance level.

(d) Demonstration of appropriate behavior for a work setting.

4855. The regional center shall monitor, evaluate, and audit habilitation services providers for program effectiveness, taking into consideration criteria, including, but not limited to, all of the following:

(a) Service quality.

(b) Protections for individuals receiving services.

(c) Compliance with applicable standards of the Commission on Accreditation of Rehabilitation Facilities.

4856. Regional centers may purchase habilitation services only from providers who are accredited community nonprofit agencies that provide work-activity services or supported employment services, or both, and that have been vendored as described in Section 4648 and regulations adopted pursuant thereto, except that each habilitation services provider who, on July 1, 2004, is providing services to consumers and is not being sanctioned, shall be deemed to be an

approved vendor, as described in Section 4648 and regulations promulgated pursuant thereto.

4857. Each work-activity program facility shall annually review its consumers in order to determine whether these individuals should be referred for vocational rehabilitation services, including supported employment.

4858. Notwithstanding any other provision of law, the hourly rate for supported employment services established pursuant to paragraph (2) of subdivision (b) of Section 4861 shall be reduced by the percentage necessary to ensure that projected total General Fund expenditures and reimbursements for habilitation services, including services pursuant to clauses (i) to (iii), inclusive, of subparagraph (B) of paragraph (2) of subdivision (b) of Section 4861, and, for the habilitation services program only, ancillary services, based on Budget Act caseload projections, do not exceed the General Fund and reimbursement appropriations for these services in the annual Budget Act, exclusive of increases in job coach hours due to unanticipated increases in caseload or the average client workday. This reduction shall not be implemented sooner than 30 days after notification in writing of the necessity for the reduction to the appropriate fiscal committees and policy committees of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not earlier than whatever lesser time the chairperson of the committee, or his or her designee, may in each instance determine.

4859. (a) The department may adopt regulations to establish rates for work-activity program services subject to the approval of the Department of Finance. The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of service. Reasonable costs shall be determined biennially by the department, subject to audit at the discretion of the department.

(b) It is the intent of the Legislature that the department establish rates for both habilitation services and vocational rehabilitation work-activity programs pursuant to subdivision (a). Nothing in this subdivision shall preclude the subsequent amendment or adoption of regulations pursuant to subdivision (a).

4860. Notwithstanding Section 4856, the regional center may purchase services from new work-activity programs or program components, even though the program or program component is not yet accredited by the Commission on Accreditation of Rehabilitation Facilities if the program or program component commits, in writing, to obtain accreditation by the Commission on Accreditation of Rehabilitation Facilities within three years of the onset of purchase of services by the regional center.

4861. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the regional center, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) ''Supported employment'' means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) ''Integrated work'' means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with nondisabled individuals other than those who are providing services to those individuals, to the same extent that nondisabled individuals in comparable positions interact with other persons.

(3) ''Supported employment placement'' means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services including the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving individualized services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) ''Allowable supported employment services'' means the services approved in the individual program plan and provided, to the extent allowed by the regional center for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the regional center.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant others to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development to the extent authorized by the regional center.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(5) "Group services" means job coach-supported employment services in a group supported employment placement at a job coach-to-consumer ratio of not less than one-to-four nor more than one-to-eight where a minimum of four consumers are department-funded.

(6) "Individualized services" means job coach and other supported employment services for department-funded consumers in a supported employment placement at a job coach-to-consumer ratio of one-to-one.

(b) (1) The department shall set rates for supported employment services provided in accordance with this section. The department shall apply rates in accordance with this section to those work-activity programs or program components of work-activity programs approved by the regional center to provide supported employment and to new programs or components approved by the regional center to provide supported employment services.

(2) (A) The hourly rate for supported employment services provided to consumers receiving individualized services shall be twenty-eight dollars and thirty-three cents ($28.33).

(B) The hourly rate for group services shall be twenty-eight dollars and thirty-three cents ($28.33), regardless of the number of consumers served in the group. Consumers in a group shall be scheduled to start and end work at the same time, unless an exception is approved in advance by the regional center. The department shall adopt regulations to define the appropriate grounds for granting these exceptions. Except as provided in paragraph (5) of subdivision (a), where the number of consumers in a group supported employment placement drops to fewer than four supported employment consumers, department funding for the group services in that group shall be terminated unless the program provider, within 90 days from the date of this occurrence does one of the following:

(i) Add one or more supported employment consumers to the group.

(ii) Move the remaining consumers to another existing group.

(iii) Move the remaining consumers, if appropriate, to individualized placement.

(iv) Terminate services.

(C) For consumers receiving group services the department may set a higher hourly rate for supported employment services, based upon the additional cost to provide ancillary services, when there is a documented and demonstrated need for a higher rate because of the nature and severity of the disabilities of the consumer, as determined by the department.

(D) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of a consumer in an integrated job, unless that consumer is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that consumer has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) For consumers receiving individualized services, services may be provided on or off the jobsite.

(4) For consumers receiving group services, ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(c) If, on July 1, 2004, a consumer is on a Department of Rehabilitation waiting list for vocational rehabilitation as a result of the Department of Rehabilitation's order of selection regulations, the regional center may pay for those supported employment services leading to job development set forth in subparagraph (D) of paragraph (2) of subdivision (b).

(d) The regional center shall approve, in advance, any change in the number of consumers served in a group.

4861.1. (a) Proposals for funding of new, and modifications to existing, supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Services Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) If sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation requirements of the Habilitation Services Program. The accreditation standards adopted by the department shall be the standards developed by the Commission on Rehabilitation Facilities and published in the most current edition of the Standards Manual for Organizations Serving

People with Disabilities, as well as any subsequent amendments to the manual.

(4) A profile of an average consumer in the program or component, showing the planned progress toward self-reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated paid work on the average for consumers served.

(c) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

4862. The regional centers may purchase supported employment services at the rates authorized in Section 4861 from supported employment programs or components approved prior to July 1, 2004.

4863. (a) The length of a work-activity program day shall not be less than five hours, in addition to the lunch period.

(b) (1) Except as provided in paragraph (1), the length of a work-activity program day shall not be reduced from the length of the work-activity program day in the historical period that was the basis for the approved habilitation services rate.

(2) (A) A work-activity program may, by prior written approval of the department upon the recommendation of the regional center, change the length of a work-activity program day.

(B) If the department approves a reduction in the work-activity program day pursuant to subparagraph (A), the department may change the habilitation services rate.

(c) (1) A work-activity program may change the length of a work-activity program day on an individual basis in order to meet the needs of the consumer, if the department, upon the recommendation of the regional center, approves the reason or reasons for the change.

(2) The work-activity program shall document the reasons for any change in a work-activity program day on an individual basis.

4864. (a) In accordance with regulations adopted by the department, hourly billing shall be permitted, provided that it is cost-neutral and does not increase the department's costs when used in lieu of full-day or half-day billing, if agreed upon by the work-activity program and the department. A work-activity program shall be required

to submit a request for the hourly billing option to the department not less than 60 days prior to the program's implementation of this billing option.

(b) If a work-activity program and the department elect to utilize hourly billing, the hourly billing process shall be required to be used for a minimum of one year.

(c) When the hourly billing process is being used, the definitions contained in subdivisions (f) and (g) of Section 4851 shall not apply.

4865. (a) The department may allow for payment to work-activity programs based on their average daily consumer attendance during days in which there has been a state of emergency declared in the program's local city or county.

(b) The department may implement this section through the adoption of emergency regulations.

4866. At the request of the department, or the regional center, the work-activity programs shall release accreditation and state licensing reports and consumer incident reports required by law or regulations in instances of suspected abuse.

SEC. 13. Section 9115 of the Welfare and Institutions Code is amended to read:

9115. There is in the California Department of Aging the Senior Housing Information and Support Center, which shall have the following functions:

(a) The center shall serve as a clearinghouse for information for seniors and their families regarding available innovative resources and senior services.

(b) (1) The center shall provide information or contract with another entity to provide information concerning housing options and home modification alternatives, to enable seniors to live independently or with their families as often as possible.

(2) The center shall distribute this information to each area agency on aging and to other appropriate entities throughout the state.

(c) The center shall promote education and training for professionals who work directly with seniors in order to maximize opportunities for independent living.

(d) This section shall be implemented only to the extent that funds for these purposes are appropriated by the Legislature in the annual Budget Act or other statute.

SEC. 14. Section 11462.06 of the Welfare and Institutions Code is amended to read:

11462.06. (a) For purposes of the administration of this article, including the setting of group home rates, the department shall deem the reasonable costs of leases for shelter care for foster children to be allowable costs. Reimbursement of shelter costs shall not exceed 12

percent of the fair market value of owned, leased, or rented buildings, including any structures, improvements, edifices, land, grounds, and other similar property that is owned, leased, or rented by the group home and that is used for group home programs and activities, exclusive of idle capacity and capacity used for nongroup home programs and activities. Shelter costs shall be considered reasonable in relation to the fair market value limit as described in subdivision (b).

(b) For purposes of this section, fair market value of leased property shall be determined by either of the following methods, as chosen by the provider:

(1) The market value shown on the last tax bill for the cost reporting period.

(2) The market value determined by an independent appraisal. The appraisal shall be performed by a qualified, professional appraiser who, at a minimum, meets standards for appraisers as specified in Chapter 6.5 (commencing with Section 3500) of Title 10 of the California Code of Regulations. The appraisal shall not be deemed independent if performed under a less-than-arms-length agreement, or if performed by a person or persons employed by, or under contract with, the group home for purposes other than performing appraisals, or by a person having a material interest in any group home which receives foster care payments. If the department believes an appraisal does not meet these standards, the department shall give its reasons in writing to the provider and provide an opportunity for appeal.

(c) (1) The department may adopt emergency regulations in order to implement this section, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) The adoption of emergency regulations pursuant to this section shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(3) Emergency regulations adopted pursuant to this section shall be exempt from the review and approval of the Office of Administrative Law.

(4) The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations.

(d) (1) Commencing July 1, 2003, any group home provider with an affiliated lease shall not be eligible for an AFDC-FC rate.

(2) Notwithstanding paragraph (1), providers that received an approval letter for a self-dealing lease transaction for shelter costs during the 2002–03 fiscal year from the Charitable Trust Section of the Department of Justice shall be eligible to continue to receive an

AFDC-FC rate until the date that the lease expires, or is modified, extended, or terminated, whichever occurs first. These providers shall be ineligible to receive an AFDC-FC rate after that date if they have entered into any self-dealing lease transactions for group home shelter costs.

SEC. 15. Section 14124.93 of the Welfare and Institutions Code is amended to read:

14124.93. (a) The Department of Child Support Services shall provide payments to the local child support agency of fifty dollars ($50) per case for obtaining third-party health coverage or insurance of beneficiaries, to the extent that funds are appropriated in the annual Budget Act.

(b) A county shall be eligible for a payment if the county obtains third-party health coverage or insurance for applicants or recipients of Title IV-D services not previously covered, or for whom coverage has lapsed, and the county provides all required information on a form approved by both the Department of Child Support Services and the State Department of Health Services.

(c) Payments to the local child support agency under this section shall be suspended for the 2003–04, 2004–05, and 2005–06 fiscal years.

SEC. 16. Chapter 4.5 (commencing with Section 19350) of Part 2 of Division 10 of the Welfare and Institutions Code is repealed.

SEC. 17. Sections 12 and 16 of this act shall become operative on July 1, 2004.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to address the State Budget crisis at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 8

An act to amend Sections 1103 and 1103.2 of the Civil Code, to amend Section 8589.4, and to repeal Section 8589.5, of the Government Code, and to amend Sections 13601 and 13602 of the Penal Code, relating to public safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1103 of the Civil Code is amended to read:

1103. (a) Except as provided in Section 1103.1, this article applies to any transfer by sale, exchange, installment land sale contract, as defined in Section 2985, lease with an option to purchase, any other option to purchase, or ground lease coupled with improvements, of any real property described in subdivision (c), or residential stock cooperative, improved with or consisting of not less than one nor more than four dwelling units.

(b) Except as provided in Section 1103.1, this article shall apply to a resale transaction entered into on or after January 1, 2000, for a manufactured home, as defined in Section 18007 of the Health and Safety Code, that is classified as personal property intended for use as a residence, or a mobilehome, as defined in Section 18008 of the Health and Safety Code, that is classified as personal property intended for use as a residence, if the real property on which the manufactured home or mobilehome is located is real property described in subdivision (c).

(c) This article shall apply to the transactions described in subdivisions (a) and (b) only if the transferor or his or her agent are required by one or more of the following to disclose the property's location within a hazard zone:

(1) A person who is acting as an agent for a transferor of real property that is located within a special flood hazard area (any type Zone ''A'' or ''V'') designated by the Federal Emergency Management Agency, or the transferor if he or she is acting without an agent, shall disclose to any prospective transferee the fact that the property is located within a special flood hazard area if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within a special flood hazard area.

(B) The local jurisdiction has compiled a list, by parcel, of properties that are within the special flood hazard area and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the parcel list.

(2) A person who is acting as an agent for a transferor of real property that is located within an area of potential flooding, or the transferor if he or she is acting without an agent, shall disclose to any prospective transferee the fact that the property is located within an area of potential flooding if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within an inundation area.

(B) The local jurisdiction has compiled a list, by parcel, of properties that are within the inundation area and a notice has been posted at the

offices of the county recorder, county assessor, and county planning agency that identifies the location of the parcel list.

(3) A transferor of real property that is located within a very high fire hazard severity zone, designated pursuant to Section 51178 of the Public Resources Code, shall disclose to any prospective transferee the fact that the property is located within a very high fire hazard severity zone and is subject to the requirements of Section 51182 if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within a very high fire hazard severity zone.

(B) A map that includes the property has been provided to the local agency pursuant to Section 51178 of the Public Resources Code and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the map and any information regarding changes to the map received by the local agency.

(4) A person who is acting as an agent for a transferor of real property that is located within an earthquake fault zone, designated pursuant to Section 2622 of the Public Resources Code, or the transferor if he or she is acting without an agent, shall disclose to any prospective transferee the fact that the property is located within a delineated earthquake fault zone if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within a delineated earthquake fault zone.

(B) A map that includes the property has been provided to the city or county pursuant to Section 2622 of the Public Resources Code and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the map and any information regarding changes to the map received by the county.

(5) A person who is acting as an agent for a transferor of real property that is located within a seismic hazard zone, designated pursuant to Section 2696 of the Public Resources Code, or the transferor if he or she is acting without an agent, shall disclose to any prospective transferee the fact that the property is located within a seismic hazard zone if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within a seismic hazard zone.

(B) A map that includes the property has been provided to the city or county pursuant to Section 2696 of the Public Resources Code and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the map and any information regarding changes to the map received by the county.

(6) A transferor of real property that is located within a state responsibility area determined by the board, pursuant to Section 4125 of

the Public Resources Code, shall disclose to any prospective transferee the fact that the property is located within a wildland area that may contain substantial forest fire risks and hazards and is subject to the requirements of Section 4291 if either:

(A) The transferor, or the transferor's agent, has actual knowledge that the property is within a wildland fire zone.

(B) A map that includes the property has been provided to the city or county pursuant to Section 4125 of the Public Resources Code and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the map and any information regarding changes to the map received by the county.

(d) Any waiver of the requirements of this article is void as against public policy.

SEC. 2. Section 1103.2 of the Civil Code is amended to read:

1103.2. (a) The disclosures required by this article are set forth in, and shall be made on a copy of, the following Natural Hazard Disclosure Statement:

NATURAL HAZARD DISCLOSURE STATEMENT

This statement applies to the following property: _____

The transferor and his or her agent(s) disclose the following information with the knowledge that even though this is not a warranty, prospective transferees may rely on this information in deciding whether and on what terms to purchase the subject property. Transferor hereby authorizes any agent(s) representing any principal(s) in this action to provide a copy of this statement to any person or entity in connection with any actual or anticipated sale of the property.

The following are representations made by the transferor and his or her agent(s) based on their knowledge and maps drawn by the state and federal governments. This information is a disclosure and is not intended to be part of any contract between the transferee and transferor.

THIS REAL PROPERTY LIES WITHIN THE FOLLOWING HAZARDOUS AREA(S):

A SPECIAL FLOOD HAZARD AREA (Any type Zone "A" or "V") designated by the Federal Emergency Management Agency.

Yes ____ No ____ Do not know and information not available from local jurisdiction ____

AN AREA OF POTENTIAL FLOODING shown on a dam failure inundation map.

Yes ____ No ____ Do not know and information not available from local jurisdiction ____

A VERY HIGH FIRE HAZARD SEVERITY ZONE pursuant to Section 51178 or 51179 of the Government Code. The owner of this property is subject to the maintenance requirements of Section 51182 of the Government Code.

Yes ____ No ____

A WILDLAND AREA THAT MAY CONTAIN SUBSTANTIAL FOREST FIRE RISKS AND HAZARDS pursuant to Section 4125 of the Public Resources Code. The owner of this property is subject to the maintenance requirements of Section 4291 of the Public Resources Code. Additionally, it is not the state's responsibility to provide fire protection services to any building or structure located within the wildlands unless the Department of Forestry and Fire Protection has entered into a cooperative agreement with a local agency for those purposes pursuant to Section 4142 of the Public Resources Code.

Yes ____ No ____

AN EARTHQUAKE FAULT ZONE pursuant to Section 2622 of the Public Resources Code.

Yes ____ No ____

A SEISMIC HAZARD ZONE pursuant to Section 2696 of the Public Resources Code.

Yes (Landslide Zone)_____ Yes (Liquefaction Zone) _____
No ____ Map not yet released by state ____

THESE HAZARDS MAY LIMIT YOUR ABILITY TO DEVELOP THE REAL PROPERTY, TO OBTAIN INSURANCE, OR TO RECEIVE ASSISTANCE AFTER A DISASTER.

THE MAPS ON WHICH THESE DISCLOSURES ARE BASED ESTIMATE WHERE NATURAL HAZARDS EXIST. THEY ARE NOT DEFINITIVE INDICATORS OF WHETHER OR NOT A PROPERTY WILL BE AFFECTED BY A NATURAL DISASTER. TRANSFEREE(S) AND TRANSFEROR(S) MAY WISH TO OBTAIN PROFESSIONAL ADVICE REGARDING THOSE HAZARDS AND OTHER HAZARDS THAT MAY AFFECT THE PROPERTY.

Transferor represents that the information herein is true and correct to the best of the transferor's knowledge as of the date signed by the transferor.

Signature of Transferor _____ Date _____

Agent represents that the information herein is true and correct to the best of the agent's knowledge as of the date signed by the agent.

Signature of Agent _____ Date _____
Signature of Agent _____ Date _____

Transferee represents that he or she has read and understands this document.

Signature of Transferee _____ Date _____

(b) If an earthquake fault zone, seismic hazard zone, very high fire hazard severity zone, or wildland fire area map or accompanying information is not of sufficient accuracy or scale that a reasonable person can determine if the subject real property is included in a natural hazard area, the transferor or transferor's agent shall mark ''Yes'' on the Natural Hazard Disclosure Statement. The transferor or transferor's agent may mark ''No'' on the Natural Hazard Disclosure Statement if he or she attaches a report prepared pursuant to subdivision (c) of Section 1103.4 that verifies the property is not in the hazard zone. Nothing in this subdivision is intended to limit or abridge any existing duty of the transferor or the transferor's agents to exercise reasonable care in making a determination under this subdivision.

(c) If the Federal Emergency Management Agency has issued a Letter of Map Revision confirming that a property is no longer within a special flood hazard area, then the transferor or transferor's agent may mark ''No'' on the Natural Hazard Disclosure Statement, even if the map has

not yet been updated. The transferor or transferor's agent shall attach a copy of the Letter of Map Revision to the disclosure statement.

(d) If the Federal Emergency Management Agency has issued a Letter of Map Revision confirming that a property is within a special flood hazard area and the location of the letter has been posted pursuant to subdivision (g) of Section 8589.3 of the Government Code, then the transferor or transferor's agent shall mark ''Yes'' on the Natural Hazard Disclosure Statement, even if the map has not yet been updated. The transferor or transferor's agent shall attach a copy of the Letter of Map Revision to the disclosure statement.

(e) The disclosure required pursuant to this article may be provided by the transferor and the transferor's agent in the Local Option Real Estate Disclosure Statement described in Section 1102.6a, provided that the Local Option Real Estate Disclosure Statement includes substantially the same information and substantially the same warnings that are required by this section.

(f) The disclosure required by this article is only a disclosure between the transferor, the transferor's agents, and the transferee, and shall not be used by any other party, including, but not limited to, insurance companies, lenders, or governmental agencies, for any purpose.

(g) In any transaction in which a transferor has accepted, prior to June 1, 1998, an offer to purchase, the transferor, or his or her agent, shall be deemed to have complied with the requirement of subdivision (a) if the transferor or agent delivers to the prospective transferee a statement that includes substantially the same information and warning as the Natural Hazard Disclosure Statement.

SEC. 3. Section 8589.4 of the Government Code is amended to read:

8589.4. (a) A person who is acting as an agent for a transferor of real property that is located within an area of potential flooding shown on an inundation map, or the transferor if he or she is acting without an agent, shall disclose to any prospective transferee the fact that the property is located within an area of potential flooding.

(b) Disclosure is required pursuant to this section only when one of the following conditions is met:

(1) The transferor, or the transferor's agent, has actual knowledge that the property is within an inundation area.

(2) The local jurisdiction has compiled a list, by parcel, of properties that are within the inundation area and a notice has been posted at the offices of the county recorder, county assessor, and county planning agency that identifies the location of the parcel list.

(c) In all transactions that are subject to Section 1103 of the Civil Code, the disclosure required by subdivision (a) of this section shall be provided by either of the following means:

(1) The Local Option Real Estate Disclosure Statement as provided in Section 1102.6a of the Civil Code.

(2) The Natural Hazard Disclosure Statement as provided in Section 1103.2 of the Civil Code.

(d) For purposes of the disclosure required by this section, the following persons shall not be deemed agents of the transferor:

(1) Persons specified in Section 1103.11 of the Civil Code.

(2) Persons acting under a power of sale regulated by Section 2924 of the Civil Code.

(e) Section 1103.13 of the Civil Code shall apply to this section.

(f) The specification of items for disclosure in this section does not limit or abridge any obligation for disclosure created by any other provision of law or that may exist in order to avoid fraud, misrepresentation, or deceit in the transfer transaction.

SEC. 4. Section 8589.5 of the Government Code is repealed.

SEC. 5. Section 13601 of the Penal Code is amended to read:

13601. (a) The CPOST shall develop, approve, and monitor standards for the selection and training of state correctional peace officer apprentices. Any standard for selection established under this subdivision shall be subject to approval by the State Personnel Board. Using the psychological and screening standards established by the State Personnel Board, the State Personnel Board or the Department of the Youth Authority shall ensure that, prior to training, each applicant who has otherwise qualified in all physical and other testing requirements to be a peace officer in either a youth or adult correctional facility, is determined to be free from emotional or mental conditions that might adversely affect the exercise of his or her duties and powers as a peace officer.

(b) The CPOST may approve standards for a course in the carrying and use of firearms for correctional peace officers that is different from that prescribed pursuant to Section 832. The standards shall take into consideration the different circumstances presented within the institutional setting from that presented to other law enforcement agencies outside the correctional setting.

(c) Notwithstanding Section 3078 of the Labor Code, the length of the probationary period for correctional peace officer apprentices shall be determined by the CPOST subject to approval by the State Personnel Board, pursuant to Section 19170 of the Government Code.

(d) The CPOST shall develop, approve, and monitor standards for advanced rank-and-file and supervisory state correctional peace officer and training programs for the Department of Corrections. When a correctional peace officer is promoted within the Department of Corrections, he or she shall be provided with and be required to complete these secondary training experiences.

(e) The CPOST shall develop, approve, and monitor standards for the training of state correctional peace officers in the Department of Corrections in the handling of stress associated with their duties.

(f) Toward the accomplishment of the objectives of this act, the CPOST may confer with, and may avail itself of the assistance and recommendations of, other state and local agencies, boards, or commissions.

(g) Notwithstanding the authority of the CPOST, the departments shall design and deliver training programs, shall conduct validation studies, and shall provide program support. The CPOST shall monitor program compliance by the departments.

(h) The CPOST may disapprove any training courses created by the departments pursuant to the standards developed by the commission if it determines that the courses do not meet the prescribed standards.

(i) The CPOST shall annually submit an estimate of costs to conduct those inquiries and audits as may be necessary to determine whether the departments and each of their institutions and parole regions are adhering to the standards developed by CPOST, and shall conduct such inquiries and audits consistent with the annual Budget Act.

(j) The CPOST shall establish and implement procedures for reviewing and issuing decisions concerning complaints or recommendations from interested parties regarding CPOST rules, regulations, standards, or decisions.

SEC. 6. Section 13602 of the Penal Code is amended to read:

13602. (a) The Department of Corrections shall use the training academy at Galt. This academy shall be known as the Richard A. McGee Academy. The Department of the Youth Authority shall use the training center at Stockton. The training divisions, in using the funds, shall endeavor to minimize costs of administration so that a maximum amount of the funds will be used for providing training and support to correctional peace officers while being trained by the departments.

(b) Each new cadet who attends an academy shall complete the course of training, pursuant to standards approved by CPOST before he or she may be assigned to a post or job as a peace officer. Every newly appointed first-line or second-line supervisor in the Department of Corrections shall complete the course of training, pursuant to standards approved by CPOST for that position.

(c) The Department of Corrections and the Department of the Youth Authority shall make every effort to provide training prior to commencement of supervisorial duties. If this training is not completed within six months of appointment to that position, any first-line or second-line supervisor shall not perform supervisory duties until the training is completed.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make necessary statutory changes to address funding changes to corrections programs to be made by the Budget Act, it is necessary that this act take effect immediately.

CHAPTER 9

An act to amend Section 104322 of the Health and Safety Code, and to amend Sections 4380, 14005.31, 14005.32, 14011.15, 14067, 14132, 14132.88, 14148.5, and 14154 of, to amend and repeal Section 14110.65 of, and to add Section 14011.16 to, the Welfare and Institutions Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 104322 of the Health and Safety Code is amended to read:

104322. (a) The State Department of Health Services shall develop, expand, and ensure quality prostate cancer treatment to low-income and uninsured men. The department shall award one or more contracts to provide prostate cancer treatment through private or public nonprofit organizations, including, but not limited to, community-based organizations, local health care providers, and the University of California medical centers. The contracts shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

(b) Treatment provided under this chapter shall be provided to uninsured and underinsured men with incomes at or below 200 percent of the federal poverty level.

(c) The department shall contract for prostate cancer treatment services only at the level of funding budgeted from state and other sources during a fiscal year in which the Legislature has appropriated funds to the department for this purpose.

(d) Notwithstanding subdivision (a) of Section 2.00 of the Budget Act of 2003 and any other provision of law, commencing with the 2003–04 fiscal year and for each fiscal year thereafter, any amount

appropriated to the department for the prostate cancer treatment program implemented pursuant to this chapter shall be made available, for purposes of that program, for encumbrance for one fiscal year beyond the year of appropriation and for expenditure for two fiscal years beyond the year of encumbrance.

SEC. 2. Section 4380 of the Welfare and Institutions Code is amended to read:

4380. Subject to the availability of funding each year, the Legislature authorizes the director, in consultation with the Secretary of Child Development and Education and the Superintendent of Public Instruction, to award matching grants to local educational agencies to pay the state share of the costs of providing programs that provide school-based early mental health intervention and prevention services to eligible pupils at schoolsites of eligible pupils, as follows:

(a) The director shall award matching grants pursuant to this chapter to local educational agencies throughout the state.

(b) Matching grants awarded under this part shall be awarded for a period of not more than three years and no single schoolsite shall be awarded more than one grant, except for a schoolsite that received a grant prior to July 1, 1992.

(c) The director shall pay to each local educational agency having an application approved pursuant to requirements in this part the state share of the cost of the activities described in the application.

(d) Commencing July 1, 1993, the state share of matching grants shall be a maximum of 50 percent in each of the three years.

(e) Commencing July 1, 1993, the local share of matching grants shall be at least 50 percent, from a combination of school district and cooperating entity funds.

(f) The local share of the matching grant may be in cash or payment in-kind.

(g) Priority shall be given to those applicants that demonstrate the following:

(1) The local educational agency will serve the greatest number of eligible pupils from low-income families.

(2) The local educational agency will provide a strong parental involvement component.

(3) The local educational agency will provide supportive services with one or more cooperating entities.

(4) The local educational agency will provide services at a low cost per child served in the project.

(5) The local educational agency will provide programs and services that are based on adoption or modification, or both, of existing programs that have been shown to be effective. No more than 20 percent of the grants awarded by the director may be utilized for new models.

(6) The local educational agency will provide services to children who are in out-of-home placement or who are at risk of being in out-of-home placement.

(h) Eligible supportive services may include the following:

(1) Individual and group intervention and prevention services.

(2) Parent involvement through conferences or training, or both.

(3) Teacher and staff conferences and training related to meeting project goals.

(4) Referral to outside resources when eligible pupils require additional services.

(5) Use of paraprofessional staff, who are trained and supervised by credentialed school psychologists, school counselors, or school social workers, to meet with pupils on a short-term weekly basis, in a one-on-one setting as in the Primary Intervention Program established pursuant to Chapter 4 (commencing with Section 4343) of Part 3. A minimum of 80 percent of the grants awarded by the director shall include the basic components of the Primary Intervention Program.

(6) Any other service or activity that will improve the mental health of eligible pupils.

Prior to participation by an eligible pupil in either individual or group services, consent of a parent or guardian shall be obtained.

(i) Each local educational agency seeking a grant under this chapter shall submit an application to the director at the time, in a manner, and accompanied by any information the director may reasonably require.

(j) Each matching grant application submitted shall include all of the following:

(1) Documentation of need for the school-based early mental health intervention and prevention services.

(2) A description of the school-based early mental health intervention and prevention services expected to be provided at the schoolsite.

(3) A statement of program goals.

(4) A list of cooperating entities that will participate in the provision of services. A letter from each cooperating entity confirming its participation in the provision of services shall be included with the list. At least one letter shall be from a cooperating entity confirming that it will agree to screen referrals of low-income children the program has determined may be in need of mental health treatment services and that, if the cooperating entity determines that the child is in need of those services and if the cooperating entity determines that according to its priority process the child is eligible to be served by it, the cooperating entity will agree to provide those mental health treatment services.

(5) A detailed budget and budget narrative.

(6) A description of the proposed plan for parent involvement in the program.

(7) A description of the population anticipated to be served, including number of pupils to be served and socioeconomic indicators of sites to receive funds.

(8) A description of the matching funds from a combination of local education agencies and cooperating entities.

(9) A plan describing how the proposed school-based early mental health intervention and prevention services program will be continued after the matching grant has expired.

(10) Assurance that grants would supplement and not supplant existing local resources provided for early mental health intervention and prevention services.

(11) A description of an evaluation plan that includes quantitative and qualitative measures of school and pupil characteristics, and a comparison of children's adjustment to school.

(k) Matching grants awarded pursuant to this article may be used for salaries of staff responsible for implementing the school-based early mental health intervention and prevention services program, equipment and supplies, training, and insurance.

(*l*) Salaries of administrative staff and other administrative costs associated with providing services shall be limited to 5 percent of the state share of assistance provided under this section.

(m) No more than 10 percent of each matching grant awarded pursuant to this article may be used for matching grant evaluation.

(n) No more than 10 percent of the moneys allocated to the director pursuant to this chapter may be utilized for program administration and evaluation.

Program administration shall include both state staff and field staff who are familiar with and have successfully implemented school-based early mental health intervention and prevention services. Field staff may be contracted with by local school districts or community mental health programs. Field staff shall provide support in the timely and effective implementation of school-based early mental health intervention and prevention services. Reviews of each project shall be conducted at least once during the first year of funding.

(o) Subject to the approval of the director, at the end of the fiscal year, a school district may apply unexpended funds to the budget for the subsequent funding year.

(p) Contracts for the program and administration, or ancillary services in support of the program, shall be exempt from the requirements of the Public Contract Code and the State Administrative Manual, and from approval by the Department of General Services.

SEC. 3. Section 14005.31 of the Welfare and Institutions Code is amended to read:

14005.31. (a) (1) Subject to paragraph (2), for any person whose eligibility for benefits under Section 14005.30 has been determined with a concurrent determination of eligibility for cash aid under Chapter 2 (commencing with Section 11200), loss of eligibility or termination of cash aid under Chapter 2 (commencing with Section 11200) shall not result in a loss of eligibility or termination of benefits under Section 14005.30 absent the existence of a factor that would result in loss of eligibility for benefits under Section 14005.30 for a person whose eligibility under Section 14005.30 was determined without a concurrent determination of eligibility for benefits under Chapter 2 (commencing with Section 11200).

(2) Notwithstanding paragraph (1), a person whose eligibility would otherwise be terminated pursuant to that paragraph shall not have his or her eligibility terminated until the transfer procedures set forth in Section 14005.32 or the redetermination procedures set forth in Section 14005.37 and all due process requirements have been met.

(b) The department, in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers, shall prepare a simple, clear, consumer-friendly notice to be used by the counties, to inform Medi-Cal beneficiaries whose eligibility for cash aid under Chapter 2 (commencing with Section 11200) has ended, but whose eligibility for benefits under Section 14005.30 continues pursuant to subdivision (a), that their benefits will continue. To the extent feasible, the notice shall be sent out at the same time as the notice of discontinuation of cash aid, and shall include all of the following:

(1) A statement that Medi-Cal benefits will continue even though cash aid under the CalWORKs program has been terminated.

(2) A statement that continued receipt of Medi-Cal benefits will not be counted against any time limits in existence for receipt of cash aid under the CalWORKs program.

(3) A statement that the Medi-Cal beneficiary does not need to fill out monthly status reports in order to remain eligible for Medi-Cal, but shall be required to submit a semiannual status report and annual reaffirmation forms. The notice shall remind individuals whose cash aid ended under the CalWORKs program as a result of not submitting a status report that he or she should review his or her circumstances to determine if changes have occurred that should be reported to the Medi-Cal eligibility worker.

(4) A statement describing the responsibility of the Medi-Cal beneficiary to report to the county, within 10 days, significant changes that may affect eligibility.

(5) A telephone number to call for more information.

(6) A statement that the Medi-Cal beneficiary's eligibility worker will not change, or, if the case has been reassigned, the new worker's name, address, and telephone number, and the hours during which the county's eligibility workers can be contacted.

(c) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 4. Section 14005.32 of the Welfare and Institutions Code is amended to read:

14005.32. (a) (1) If the county has evidence clearly demonstrating that a beneficiary is not eligible for benefits under this chapter pursuant to Section 14005.30, but is eligible for benefits under this chapter pursuant to other provisions of law, the county shall transfer the individual to the corresponding Medi-Cal program. Eligibility under Section 14005.30 shall continue until the transfer is complete.

(2) The department, in consultation with the counties and representatives of consumers, managed care plans, and Medi-Cal providers, shall prepare a simple, clear, consumer-friendly notice to be used by the counties, to inform beneficiaries that their Medi-Cal benefits have been transferred pursuant to paragraph (1) and to inform them about the program to which they have been transferred. To the extent feasible, the notice shall be issued with the notice of discontinuance from cash aid, and shall include all of the following:

(A) A statement that Medi-Cal benefits will continue under another program, even though aid under Chapter 2 (commencing with Section 11200) has been terminated.

(B) The name of the program under which benefits will continue, and an explanation of that program.

(C) A statement that continued receipt of Medi-Cal benefits will not be counted against any time limits in existence for receipt of cash aid under the CalWORKs program.

(D) A statement that the Medi-Cal beneficiary does not need to fill out monthly status reports in order to remain eligible for Medi-Cal, but shall be required to submit a semiannual status report and annual reaffirmation forms. In addition, if the person or persons to whom the

notice is directed has been found eligible for transitional Medi-Cal as described in Section 14005.8, 14005.81, or 14005.85, the statement shall explain the reporting requirements and duration of benefits under those programs, and shall further explain that, at the end of the duration of these benefits, a redetermination, as provided for in Section 14005.37 shall be conducted to determine whether benefits are available under any other provision of law.

(E) A statement describing the beneficiary's responsibility to report to the county, within 10 days, significant changes that may affect eligibility or share of cost.

(F) A telephone number to call for more information.

(G) A statement that the beneficiary's eligibility worker will not change, or, if the case has been reassigned, the new worker's name, address, and telephone number, and the hours during which the county's Medi-Cal eligibility workers can be contacted.

(b) No later than September 1, 2001, the department shall submit a federal waiver application seeking authority to eliminate the reporting requirements imposed by transitional medicaid under Section 1925 of the federal Social Security Act (Title 42 U.S.C. Sec. 1396r-6).

(c) This section shall be implemented on or before July 1, 2001, but only to the extent that federal financial participation under Title XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 1396 and following) is available.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall, without taking any regulatory action, implement this section by means of all county letters or similar instructions. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Comprehensive implementing instructions shall be issued to the counties no later than March 1, 2001.

SEC. 5. Section 14011.15 of the Welfare and Institutions Code is amended to read:

14011.15. (a) The department shall, not later than July 1, 2000, create and implement a simplified application package for children, families, and adults applying for Medi-Cal benefits. This simplified application package shall include a simplified supplemental resource form.

(b) In developing the application package described in subdivision (a), the department shall seek input from persons with expertise, including beneficiary representatives, counties, and beneficiaries.

(c) The department shall allow an applicant to apply for benefits by mailing in the simplified application package.

(d) The simplified application package shall utilize at a minimum, all of the following documentation standards:

(1) Proof of income shall be documented by the most recent paystub or a copy of the last year's federal income tax return.

(2) Self-declaration of pregnancy.

(3) A simplified supplemental resource form, if applicable.

(e) The department shall not require an applicant who submits a simplified application pursuant to this section to complete a face-to-face interview, except for good cause, a suspicion of fraud, or in order to complete the application process. A county shall conduct random monitoring of the mail-in application process to ensure appropriate enrollment. Every application package shall contain a notification of the applicant's right to complete a face-to-face interview.

(f) The department shall implement this section only to the extent that its provisions are not in violation of the requirements of federal law, and only to the extent that federal financial participation is available.

(g) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all county letters or similar instructions without taking regulatory action. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 6. Section 14011.16 is added to the Welfare and Institutions Code, to read:

14011.16. (a) Commencing August 1, 2003, the department shall implement a requirement for beneficiaries to file semiannual status reports as part of the department's procedures to ensure that beneficiaries make timely and accurate reports of any change in circumstance that may affect their eligibility. The department shall develop a simplified form to be used for this purpose. The department shall explore the feasibility of using a form that allows a beneficiary who has not had any changes to so indicate by checking a box and signing and returning the form.

(b) Beneficiaries who have been granted continuous eligibility under Section 14005.25 shall not be required to submit semiannual status reports. To the extent federal financial participation is available, all children under 19 years of age shall be exempt from the requirement to submit semiannual status reports.

(c) Beneficiaries whose eligibility is based on a determination of disability or on their status as aged or blind shall be exempt from the semiannual status report requirement described in subdivision (a). The department may exempt other groups from the semiannual status report requirement as necessary for simplicity of administration.

(d) When a beneficiary has completed, signed, and filed a semiannual status report that indicated a change in circumstance, eligibility shall be redetermined.

(e) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all county letters or similar instructions without taking regulatory action. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) This section shall be implemented only if and to the extent federal financial participation is available.

SEC. 7. Section 14067 of the Welfare and Institutions Code is amended to read:

14067. (a) The department, in conjunction with the Managed Risk Medical Insurance Board, may develop and conduct a community outreach and education campaign to help families learn about, and apply for, Medi-Cal and the Healthy Families Program of the Managed Risk Medical Insurance Board, subject to the requirements of federal law. In conducting this campaign, the department may seek input from, and contract with, various entities and programs that serve children, including, but not limited to, the State Department of Education, counties, Women, Infants, and Children program agencies, Head Start and Healthy Start programs, and community-based organizations that deal with potentially eligible families and children to assist in the outreach, education, and application completion process. The department shall implement the campaign if funding is provided for this purpose by an appropriation in the annual Budget Act or other statute.

(b) An annual outreach plan shall be submitted to the Legislature by April 1 for each fiscal year for those years for which there is funding in the annual Budget Act or other statute for the outreach and education campaign. The plan shall address both the Medi-Cal program for children and the Healthy Families Program and, at a minimum, shall include the following:

(1) Specific milestones and objectives to be completed for the upcoming year and their anticipated cost.

(2) A general description of each strategy or method to be used for outreach.

(3) Geographic areas and special populations to be targeted, if any, and why the special targeting is needed.

(4) Coordination with other state or county education and outreach efforts.

(5) The results of previous year outreach efforts.

(c) In implementing this section, the department may amend any existing or future media outreach campaign contract that it has entered into pursuant to Section 14148.5. Notwithstanding any other provision of law, any such contract entered into, or amended, as required to implement this section, shall be exempt from the approval of the Director of General Services and from the provisions of the Public Contract Code.

(d) (1) The department, in conjunction with the Managed Risk Medical Insurance Board, may award contracts to community-based organizations to help families learn about, and enroll in, the Medi-Cal program and Healthy Families Program, and other health care programs for low-income children. The department shall implement this subdivision if funding is provided for this purpose by an appropriation in the annual Budget Act or other statute.

(2) Contracts for these outreach and enrollment projects shall be awarded based on, but not limited to, all of the following criteria:

(A) Capacity to reach populations or geographic areas with disproportionately low enrollment rates. If it is not possible to estimate the number of uninsured children in a geographic area who are eligible for the Medi-Cal program or the Healthy Families Program, proxy measures for rates of eligible children may be used. These measures may include, but are not limited to, the number of children in families with gross annual household incomes at or below the federal poverty levels pertinent to the programs.

(B) Organizational capacity and experience, including, but not limited to, any of the following:

(i) Organizational experience in serving low-income families.

(ii) Ability to work effectively with populations that have disproportionately low enrollment rates.

(iii) Organizational experiences in helping families learn about, and enroll in, the Medi-Cal program and Healthy Families Program. Organizations that do not have experience helping families learn about, and enroll in, the Medi-Cal program and Healthy Families Program shall be eligible only to the extent that they support and collaborate with the outreach and enrollment activities of entities with that experience.

(C) Effectiveness of the outreach and education plan, including, but not limited to, all of the following:

(i) Culturally and linguistically appropriate outreach and education strategies.

(ii) Strategies to identify and address barriers to enrollment, such as transportation limitations and community perceptions regarding the Medi-Cal program and Healthy Families Program.

(iii) Coordination with other outreach efforts in the community, including the statewide Healthy Families Program and Medi-Cal

program outreach campaign, the state and federally funded county Medi-Cal outreach program, and any other Medi-Cal program and Healthy Families Program outreach projects in the target community.

(iv) Collaboration with other local organizations that serve families of eligible children.

(v) Strategies to ensure that children and families retain coverage and are informed of options for health coverage and services when they lose eligibility for a particular program.

(vi) Plans to inform families about all available health care programs and services.

SEC. 8. Section 14110.65 of the Welfare and Institutions Code is amended to read:

14110.65. (a) (1) The department shall, upon federal approval of a federal Medicaid State Plan amendment authorizing federal financial participation, provide a supplemental rate adjustment to the Medi-Cal reimbursement rate for specific nursing facilities, intermediate care facilities/developmentally disabled, intermediate care facilities/developmentally disabled-habilitative, intermediate care facilities/developmentally disabled-nursing, and pediatric subacute units that have a collectively bargained contract or a comparable, legally binding, written commitment to increase salaries, wages, or benefits for nonmanagerial, nonadministrative, noncontract staff. It is the intent of this section to make this supplemental rate adjustment available to both facilities with collective bargaining agreements and facilities without collective bargaining agreements that meet the requirements of this section. The supplemental rate adjustment shall be sufficient to fund the Medi-Cal portion of each facility's commitment that exceeds the labor cost adjustment for the covered employees that is already included in the Medi-Cal base reimbursement rate. Starting on the date of federal approval of the Medicaid State Plan amendment and at the start of each rate year thereafter, the supplemental rate adjustments made pursuant to this section shall occur for the commitments that increase salaries, wages, or benefits during the rate year as compared to the salaries, wages, or benefits paid in the preceding year. These supplemental rate adjustments shall be subject to certification of the availability of funds by the Department of Finance on May 15 of each year for the following fiscal year, and subject to the extent funds are appropriated for this purpose in the annual Budget Act. Authorization for the supplemental rate adjustments shall terminate on the date of implementation by the department of a Medi-Cal reimbursement system that uses facility-specific rates for nonhospital based nursing facilities covered by this section.

(2) For a specific facility to be eligible for the supplemental rate adjustment, the facility shall submit the following to the department:

(A) Proof of a legally binding, written commitment to increase the salaries, wages, or benefits of existing and newly hired employees, excluding managers, administrators, and contract employees, during the rate year.

(B) Proof of the existence of a method of enforcement of the commitment, such as arbitration, that is available to the employees or their representative, and all of the following apply.

(i) It is expeditious.

(ii) It uses a neutral decisionmaker.

(iii) It is economical for the employees.

(C) Proof that the specific facility has provided written notice of the terms of the commitment and the availability of the enforcement mechanism to the relevant employees or their recognized representatives.

(3) For purposes of this section, a supplemental rate adjustment shall equal the Medi-Cal portion of the total amount of any increase in salaries, wages, and benefits provided in the enforceable written agreement minus any increase provided to that facility during that rate year provided in the standardized rate methodology (Medi-Cal base reimbursement rate) for labor related costs attributable to the employees covered by the commitment. Any supplemental rate adjustment made pursuant to this section shall only cover the period of the nonexpired, enforceable, written agreement. The department shall adjust the methodology for determining costs in the future rate determinations.

(4) Any supplemental rate adjustment for any facility under this section shall be no more than the greater of either of the following:

(A) Eight percent of that portion of the facility's per diem labor costs, prior to the rate year, attributable to employees covered by the commitment.

(B) Eight percent of the facility's peer group's per diem labor costs multiplied by the percentage of the facility's per diem labor costs attributable to employees covered by the commitment.

(5) The department shall terminate the adjustment for the specific facility if it finds the binding written commitment has expired and does not otherwise remain enforceable.

(6) The department may inspect relevant payroll and personnel records of facilities receiving funds pursuant to this section in order to ensure that the salary, wage, and benefit increases provided for in this section have been implemented. In addition to the remedies provided in subdivision (b), the department may retroactively recover funds provided to a facility for labor costs incurred after expiration of the commitment or due to the failure of the facility to comply with the commitment.

(7) An employees enforcement or attempted enforcement of the written commitment pursuant to paragraph (2) of subdivision (a) shall not constitute a basis for adverse action against that employee.

(b) The department shall provide instructions on facility requirements by November 1, 2001, or at least 60 days before implementation of this section, whichever is earlier. In developing these instructions, the department shall consult with provider and employee representatives. Audit, exit conference, and other review protocol for determining facility compliance with this section shall be developed by the department after consulting with provider and employee representatives. Any facility that is paid under the supplemental rate adjustment provided for in this section that the director finds has not provided the salary, wage, and benefit increases provided for shall be liable for the amount of funds paid to the facility by this section but not distributed to employees for salary, wage, and benefit increases, plus a penalty equal to 10 percent of the funds not so distributed. Recoupment of funds from any facility that disagrees with the findings of the director specific to this section and has filed a request for hearing pursuant to Section 14171, shall be deferred until the request for hearing is either rejected or the director's final administrative decision is rendered. Interest shall be applied to any recoupment amount at the interest rate and timeframes specified in subdivision (h) of Section 14171. The facility shall be subject to Section 14107.

(c) This section shall become inoperative on the effective date of the act that added this subdivision, and, as of January 1, 2007, is repealed, unless a later enacted statute that is enacted before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 9. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, respiratory care, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy and occupational therapy, are covered subject to utilization controls.

(c) Nursing facility services, subacute care services, and services provided by any category of intermediate care facility for the developmentally disabled, including podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Respiratory care, physical therapy, occupational therapy, speech therapy, and audiology services for patients in nursing facilities and any category of intermediate care facility for the developmentally disabled are covered subject to utilization controls.

(d) Purchase of prescribed drugs is covered subject to the Medi-Cal List of Contract Drugs and utilization controls.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs and equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetist services when rendered in an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and X-ray services are covered, subject to utilization controls. Nothing in this subdivision shall be construed to require prior authorization for anesthesiologist services provided as part of an outpatient medical procedure or for portable X-ray services in a nursing facility or any category of intermediate care facility for the developmentally disabled.

(g) Blood and blood derivatives are covered.

(h) (1) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses which are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions that preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's California Children Services Program.

(2) For persons 21 years of age or older, the services specified in paragraph (1) shall be provided subject to the following conditions:

(A) Periodontal treatment is not a benefit.

(B) Endodontic therapy is not a benefit except for vital pulpotomy.

(C) Laboratory processed crowns are not a benefit.

(D) Removable prosthetics shall be a benefit only for patients as a requirement for employment.

(E) The director may, by regulation, provide for the provision of fixed artificial dentures that are necessary for medical conditions that preclude the use of removable dental prostheses.

(F) Notwithstanding the conditions specified in subparagraphs (A) to (E), inclusive, the department may approve services for persons with special medical disorders subject to utilization review.

(3) Paragraph (2) shall become inoperative July 1, 1995.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated, is covered subject to utilization controls. When there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control. The utilization controls shall allow authorization of durable medical equipment needed to assist a disabled beneficiary in caring for a child for whom the disabled beneficiary is a parent, stepparent, foster parent, or legal guardian, subject to the availability of federal financial participation. The department shall adopt emergency regulations to define and establish criteria for assistive durable medical equipment in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(n) Family planning services are covered, subject to utilization controls.

(o) Inpatient intensive rehabilitation hospital services, including respiratory rehabilitation services, in a general acute care hospital are covered, subject to utilization controls, when either of the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery.

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(p) Adult day health care is covered in accordance with Chapter 8.7 (commencing with Section 14520).

(q) (1) Application of fluoride, or other appropriate fluoride treatment as defined by the department, other prophylaxis treatment for children 17 years of age and under, are covered.

(2) All dental hygiene services provided by a registered dental hygienist in alternative practice pursuant to Sections 1768 and 1770 of the Business and Professions Code may be covered as long as they are within the scope of Denti-Cal benefits and they are necessary services provided by a registered dental hygienist in alternative practice.

(r) (1) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of Section 1482 of the article.

(2) All providers enrolled under this subdivision shall satisfy all applicable statutory and regulatory requirements for becoming a Medi-Cal provider.

(3) This subdivision shall be implemented only to the extent funding is available under Section 14106.6.

(s) In-home medical care services are covered when medically appropriate and subject to utilization controls, for beneficiaries who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to those persons. These services may be provided to patients placed in shared or congregate living arrangements, if a home setting is not

medically appropriate or available to the beneficiary. As used in this section, ''in-home medical care service'' includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

As used in this subdivision, in-home medical care services, include, but are not limited to:

(1) Level of care and cost of care evaluations.

(2) Expenses, directly attributable to home care activities, for materials.

(3) Physician fees for home visits.

(4) Expenses directly attributable to home care activities for shelter and modification to shelter.

(5) Expenses directly attributable to additional costs of special diets, including tube feeding.

(6) Medically related personal services.

(7) Home nursing education.

(8) Emergency maintenance repair.

(9) Home health agency personnel benefits which permit coverage of care during periods when regular personnel are on vacation or using sick leave.

(10) All services needed to maintain antiseptic conditions at stoma or shunt sites on the body.

(11) Emergency and nonemergency medical transportation.

(12) Medical supplies.

(13) Medical equipment, including, but not limited to, scales, gurneys, and equipment racks suitable for paralyzed patients.

(14) Utility use directly attributable to the requirements of home care activities which are in addition to normal utility use.

(15) Special drugs and medications.

(16) Home health agency supervision of visiting staff which is medically necessary, but not included in the home health agency rate.

(17) Therapy services.

(18) Household appliances and household utensil costs directly attributable to home care activities.

(19) Modification of medical equipment for home use.

(20) Training and orientation for use of life-support systems, including, but not limited to, support of respiratory functions.

(21) Respiratory care practitioner services as defined in Sections 3702 and 3703 of the Business and Professions Code, subject to prescription by a physician and surgeon.

Beneficiaries receiving in-home medical care services are entitled to the full range of services within the Medi-Cal scope of benefits as defined by this section, subject to medical necessity and applicable utilization control. Services provided pursuant to this subdivision,

which are not otherwise included in the Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with a home- and community-based services waiver.

(t) Home- and community-based services approved by the United States Department of Health and Human Services may be covered to the extent that federal financial participation is available for those services under waivers granted in accordance with Section 1396n of Title 42 of the United States Code. The director may seek waivers for any or all home- and community-based services approvable under Section 1396n of Title 42 of the United States Code. Coverage for those services shall be limited by the terms, conditions, and duration of the federal waivers.

(u) Comprehensive perinatal services, as provided through an agreement with a health care provider designated in Section 14134.5 and meeting the standards developed by the department pursuant to Section 14134.5, subject to utilization controls.

The department shall seek any federal waivers necessary to implement the provisions of this subdivision. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this subdivision shall be implemented unless matching funds from Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code are available.

(v) Early and periodic screening, diagnosis, and treatment for any individual under 21 years of age is covered, consistent with the requirements of Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(w) Hospice service which is Medicare-certified hospice service is covered, subject to utilization controls. Coverage shall be available only to the extent that no additional net program costs are incurred.

(x) When a claim for treatment provided to a beneficiary includes both services which are authorized and reimbursable under this chapter, and services which are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

(y) Home- and community-based services approved by the United States Department of Health and Human Services for beneficiaries with a diagnosis of AIDS or ARC, who require intermediate care or a higher level of care.

Services provided pursuant to a waiver obtained from the Secretary of the United States Department of Health and Human Services pursuant to this subdivision, and which are not otherwise included in the

Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with the waiver, and subject to the terms, conditions, and duration of the waiver. These services shall be provided to individual beneficiaries in accordance with the client's needs as identified in the plan of care, and subject to medical necessity and applicable utilization control.

The director may under this section contract with organizations qualified to provide, directly or by subcontract, services provided for in this subdivision to eligible beneficiaries. Contracts or agreements entered into pursuant to this division shall not be subject to the Public Contract Code.

(z) Respiratory care when provided in organized health care systems as defined in Section 3701 of the Business and Professions Code, and as an in-home medical service as outlined in subdivision (s).

(aa) (1) There is hereby established in the department, a program to provide comprehensive clinical family planning services to any person who has a family income at or below 200 percent of the federal poverty level, as revised annually, and who is eligible to receive these services pursuant to the waiver identified in paragraph (2). This program shall be known as the Family Planning, Access, Care, and Treatment (Family PACT) Waiver Program.

(2) The department shall seek a waiver for a program to provide comprehensive clinical family planning services as described in paragraph (8). The program shall be operated only in accordance with the waiver and the statutes and regulations in paragraph (4) and subject to the terms, conditions, and duration of the waiver. The services shall be provided under the program only if the waiver is approved by the federal Centers for Medicare and Medicaid Services in accordance with Section 1396n of Title 42 of the United States Code and only to the extent that federal financial participation is available for the services.

(3) Solely for the purposes of the waiver and notwithstanding any other provision of law, the collection and use of an individual's social security number shall be necessary only to the extent required by federal law.

(4) Sections 14105.3 to 14105.39, inclusive, 14107.11, 24005, and 24013, and any regulations adopted under these statutes shall apply to the program provided for under this subdivision. No other provision of law under the Medi-Cal program or the State-Only Family Planning Program shall apply to the program provided for under this subdivision.

(5) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, without taking regulatory action, the provisions of the waiver after its approval by the federal Health Care Financing

Administration and the provisions of this section by means of an all-county letter or similar instruction to providers. Thereafter, the department shall adopt regulations to implement this section and the approved waiver in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Beginning six months after the effective date of the act adding this subdivision, the department shall provide a status report to the Legislature on a semiannual basis until regulations have been adopted.

(6) In the event that the Department of Finance determines that the program operated under the authority of the waiver described in paragraph (2) is no longer cost-effective, this subdivision shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(7) If this subdivision ceases to be operative, all persons who have received or are eligible to receive comprehensive clinical family planning services pursuant to the waiver described in paragraph (2) shall receive family planning services under the Medi-Cal program pursuant to subdivision (n) if they are otherwise eligible for Medi-Cal with no share of cost, or shall receive comprehensive clinical family planning services under the program established in Division 24 (commencing with Section 24000) either if they are eligible for Medi-Cal with a share of cost or if they are otherwise eligible under Section 24003.

(8) For purposes of this subdivision, "comprehensive clinical family planning services" means the process of establishing objectives for the number and spacing of children, and selecting the means by which those objectives may be achieved. These means include a broad range of acceptable and effective methods and services to limit or enhance fertility, including contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, natural family planning, abstinence methods, and basic, limited fertility management. Comprehensive clinical family planning services include, but are not limited to, preconception counseling, maternal and fetal health counseling, general reproductive health care, including diagnosis and treatment of infections and conditions, including cancer, that threaten reproductive capability, medical family planning treatment and procedures, including supplies and followup, and informational, counseling, and educational services. Comprehensive clinical family planning services shall not include abortion, pregnancy testing solely for the purposes of referral for abortion or services ancillary to abortions, or

pregnancy care that is not incident to the diagnosis of pregnancy. Comprehensive clinical family planning services shall be subject to utilization control and include all of the following:

(A) Family planning related services and male and female sterilization. Family planning services for men and women shall include emergency services and services for complications directly related to the contraceptive method, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, and followup, consultation, and referral services, as indicated, which may require treatment authorization requests.

(B) All United States Department of Agriculture, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies that are in keeping with current standards of practice and from which the individual may choose.

(C) Culturally and linguistically appropriate health education and counseling services, including informed consent, that include all of the following:

(i) Psychosocial and medical aspects of contraception.

(ii) Sexuality.

(iii) Fertility.

(iv) Pregnancy.

(v) Parenthood.

(vi) Infertility.

(vii) Reproductive health care.

(viii) Preconception and nutrition counseling.

(ix) Prevention and treatment of sexually transmitted infection.

(x) Use of contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies.

(xi) Possible contraceptive consequences and followup.

(xii) Interpersonal communication and negotiation of relationships to assist individuals and couples in effective contraceptive method use and planning families.

(D) A comprehensive health history, updated at next periodic visit (between 11 and 24 months after initial examination) that includes a complete obstetrical history, gynecological history, contraceptive history, personal medical history, health risk factors, and family health history, including genetic or hereditary conditions.

(E) A complete physical examination on initial and subsequent periodic visits.

(ab) Purchase of prescribed enteral formulae is covered, subject to the Medi-Cal list of enteral formulae and utilization controls.

(ac) Diabetic testing supplies are covered when provided by a pharmacy, subject to utilization controls.

SEC. 10. Section 14132.88 of the Welfare and Institutions Code is amended to read:

14132.88. (a) Notwithstanding subdivision (h) of Section 14132 and to the extent funds are made available in the annual Budget Act for this purpose, the following are covered benefits for beneficiaries 21 years of age or older under this chapter:

(1) One dental prophylaxis cleaning per year.

(2) One initial dental examination by a dentist.

(b) The following are covered benefits for beneficiaries under 21 years of age under this chapter:

(1) Two dental prophylaxis cleanings per year.

(2) Two periodic dental examinations per year.

(c) For persons 21 years of age or older, laboratory-processed crowns on posterior teeth are not a covered benefit except when a posterior tooth is necessary as an abutment for any fixed or removable prosthesis.

(d) Any prefabricated crown made from ADA-approved materials may be used on posterior teeth and may be reimbursed as a stainless steel crown.

(e) The department shall reduce the rate of subgingival curettage and root planing by 41 percent for all beneficiaries except those residing in a skilled nursing facility or an intermediate care facility for the developmentally disabled. Notwithstanding Section 14105 and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

(f) The department shall require documentation on claims to establish the medical necessity for dental restorations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this subdivision by means of a provider bulletin or similar instruction, without taking regulatory action.

SEC. 11. Section 14148.5 of the Welfare and Institutions Code is amended to read:

14148.5. (a) State funded perinatal services shall be provided under the Medi-Cal program to pregnant women and state funded medical services to infants up to one year of age in families with incomes above 185 percent, but not more than 200 percent, of the federal poverty level, in the same manner that these services are being provided to the Medi-Cal population, including eligibility requirements and integration of eligibility determinations and payment of claims, except as follows:

(1) The assets of the family shall not be considered in making the eligibility determination.

(2) The income deduction specified in subdivision (f) of Section 14148 shall not be applied.

(b) Services provided under this section shall not be subject to any share-of-cost requirements.

(c) (1) The department, in implementing the Medi-Cal program and public health programs, in coordination with the Managed Risk Medical Insurance Program's Access for Infants and Mothers component, may provide for outreach activities in order to enhance participation and access to perinatal services. Funding received pursuant to the federal provisions shall be used to expand perinatal outreach activities. These outreach activities shall be implemented if funding is provided for this purpose by an appropriation in the annual Budget Act or other statute.

(2) Those outreach activities authorized by paragraph (1) shall be targeted toward both Medi-Cal and non-Medi-Cal eligible high risk or uninsured pregnant women and infants. Outreach activities may include, but not be limited to, all of the following:

(A) Education of the targeted women on the availability and importance of early prenatal care and referral to Medi-Cal and other programs.

(B) Information provided through toll-free telephone numbers.

(C) Recruitment and retention of perinatal providers.

(d) Notwithstanding any other provision of law, contracts required to implement the provisions of this section shall be exempt from the approval of the Director of General Services and from the provisions of the Public Contract Code.

(e) The programs authorized in this section shall be operative for the entire 1996–97 fiscal year.

SEC. 12. Section 14154 of the Welfare and Institutions Code is amended to read:

14154. (a) The department shall establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under this chapter will be effectively controlled within the amounts annually appropriated for that administration. The plan, to be known as the County Administrative Cost Control Plan, shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere. The plan shall include standards for controlling eligibility determination costs that are incurred by performing eligibility determinations at county hospitals, or that are incurred due to the outstationing of any other eligibility function. Except as provided in Section 14154.15, reimbursement to a county for outstationed eligibility functions shall be based solely on productivity standards applied to that county's welfare department office. The plan shall be part of a single state plan, jointly developed by the department and the State Department

of Social Services, in conjunction with the counties, for administrative cost control for the Aid to Families with Dependent Children (AFDC), Food Stamp, and Medical Assistance (Medi-Cal) programs. Allocations shall be made to each county and shall be limited by and determined based upon the County Administrative Cost Control Plan. In administering the plan to control county administrative costs, the department shall not allocate state funds to cover county cost overruns that result from county failure to meet requirements of the plan. The department and the State Department of Social Services shall budget, administer, and allocate state funds for county administration in a uniform and consistent manner.

(b) Nothing in this section, Section 15204.5, or Section 18906 shall be construed so as to limit the administrative or budgetary responsibilities of the department in a manner that would violate Section 14100.1, and thereby jeopardize federal financial participation under the Medi-Cal program.

(c) The department is responsible for the Medi-Cal program in accordance with state and federal law. A county shall determine Medi-Cal eligibility in accordance with state and federal law. If in the course of its duties the department becomes aware of accuracy problems in any county, the department shall, within available resources, provide training and technical assistance as appropriate. Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.

(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best-practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best-practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(C) Notwithstanding the rulemaking procedures of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of all-county letters or similar instructions, without further regulatory action.

(3) Perform timely annual redeterminations, as follows:

(A) Ninety percent of the annual redeterminations shall be commenced by the anniversary date.

(B) Ninety percent of the annual redeterminations shall be completed within 60 days of the recipient's annual redetermination date for those redeterminations based on forms that are complete and have been returned to the county by the recipient in a timely manner.

(C) Ninety percent of those annual redeterminations where the redetermination form has not been returned to the county by the recipient shall be completed by sending a notice of action to the recipient within 45 days after the date the form was due to the county.

(d) The department shall develop procedures in collaboration with the counties and stakeholder groups for determining county review cycles, sampling methodology and procedures, and data reporting.

(e) On January 1 of each year, each applicable county, as determined by the department, shall report to the department on the county's results in meeting the performance standards specified in this section. The report shall be subject to verification by the department. County reports shall be provided to the public upon written request.

(f) If the department finds that a county is not in compliance with one or more of the standards set forth in this section, the county shall, within 60 days, submit a corrective action plan to the department for approval. The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the standard of standards with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid a sanction.

(g) If a county does not meet the performance standards for completing eligibility determinations and redeterminations as specified in this section, the department may, at its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds were reduced. If the county continues not to meet the performance standards, the department may reduce the allocation by an additional 2 percent for each year thereafter in which sufficient improvement has not been made to meet the performance standards.

SEC. 13. (a) Due to the large State Budget deficit projected for the 2003–04 fiscal year, and in order to implement changes in the level of funding for health care services, it is the intent of the Legislature in repealing Section 14110.65 of the Welfare and Institutions Code in Section 9 of this act that no further supplemental rate adjustments be paid to long-term care facilities pursuant to Section 14110.65 of the Welfare and Institutions Code.

(b) After the effective date of this act, the State Department of Health Services shall not pay any supplemental rate adjustment pursuant to subdivision (a) of Section 14110.65 of the Welfare and Institutions Code, except as provided in subdivision (c).

(c) Solely for the period beginning February 1, 2002, to December 31, 2002, inclusive, the State Department of Health Services shall continue to pay any supplemental rate adjustment pursuant to subdivision (a) of Section 14110.65 of the Welfare and Institutions Code to the extent that the department had, on or before December 31, 2002, approved that supplemental rate adjustment for that period.

SEC. 14. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to address the State Budget crisis at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 10

An act to add Section 69999.5 to, and to repeal Chapter 3.44 (commencing with Section 44751) of Part 25 of, the Education Code, and to amend Sections 52 and 53 of, and to repeal Section 54 of, Chapter 1167 of the Statutes of 2002, relating to education finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with
Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.44 (commencing with Section 44751) of Part 25 of the Education Code is repealed.

SEC. 2. Section 69999.5 is added to the Education Code, to read:

69999.5. This article is inoperative on and after July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 52 of Chapter 1167 of the Statutes of 2002 is amended to read:

Sec. 52. (a) Notwithstanding any other provision of law, the amount that is required to be appropriated for the purpose of satisfying the state's minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution, shall, in addition to all other funds required to be appropriated to school districts, as defined in Section 41302.5 of the Education Code, and community college districts, be increased by twenty million nine hundred thirty thousand dollars ($20,930,000) for the first fiscal year in which the maintenance factor is fully restored.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, including, but not limited to, the purposes of determining the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code, the amount of the state's minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for the 2003–04 fiscal year shall be increased by the amount determined for the 2003–04 fiscal year pursuant to subdivision (a).

(c) If, for any reason for the 2003–04 fiscal year, subparagraph (B) of paragraph (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution is suspended pursuant to subdivision (h) of that section, the amount of the maintenance factor for school districts and community college districts determined pursuant to subdivisions (d) and (e) of that section as a result of that suspension, shall be computed in a manner that includes the increase to the state's minimum funding obligation to school districts and community college districts pursuant to that section that are required under subdivision (a).

SEC. 4. Section 53 of Chapter 1167 of the Statutes of 2002 is amended to read:

Sec. 53. (a) Notwithstanding any other provision of law, in addition to the amount specified in Section 52 of this act, the amount that is required to be appropriated for the purpose of satisfying the state's minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution, shall, in addition to all other funds required to be appropriated to school districts, as defined in Section 41302.5 of the Education Code, and community college districts, be increased by fifty-seven million eight hundred thirty-one thousand dollars ($57,831,000) for the first fiscal year in which the maintenance factor is fully restored.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, including, but not limited to, the purposes of determining the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code, the amount of the state's minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for the 2003–04 fiscal year shall be increased by the amount determined for the 2003–04 fiscal year pursuant to subdivision (a).

(c) If, for any reason for the 2003–04 fiscal year, subparagraph (B) of paragraph (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution is suspended pursuant to subdivision (h) of that section, the amount of the maintenance factor for school districts and community college districts determined pursuant to subdivisions (d) and (e) of that section as a result of that suspension, shall be computed in a manner that includes the increase to the state's minimum funding obligation to school districts and community college districts pursuant to that section that are required under subdivision (a). The Superintendent of Public Instruction shall, by August 1, 2003, allocate the funds appropriated by this act.

SEC. 5. Section 54 of Chapter 1167 of the Statutes of 2002 is repealed.

SEC. 6. The following amounts shall revert to the Proposition 98 Reversion Account in the General Fund:

(a) The sum of eight hundred eighty-five thousand dollars ($885,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-211-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(b) The sum of nine hundred ninety-four thousand four hundred sixty-nine dollars ($994,469) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-127-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(c) The sum of four million eight hundred thousand dollars ($4,800,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-204-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(d) The sum of eight million three hundred fifty-two thousand three hundred ninety-one dollars ($8,352,391) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-161-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(e) The sum of three hundred fifteen thousand dollars ($315,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-191-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(f) The sum of seven hundred eighteen thousand one hundred eighty-nine dollars and nineteen cents ($718,189.19) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-243-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(g) The sum of one million five hundred eighty-five thousand two hundred fifty-three dollars ($1,585,253) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-126-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(h) The sum of five million dollars ($5,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (k) of Item 6110-485 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(i) The sum of two million one hundred thirty-three thousand seven hundred eighty-one dollars ($2,133,781) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-166-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(j) The sum of two hundred seventy-eight thousand forty-eight dollars and seventy-five cents ($278,048.75) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date

of this section, of the amount appropriated in Item 6110-120-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(k) The sum of one million three hundred sixty-four thousand seven hundred sixty-three dollars ($1,364,763) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (1) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(*l*) The sum of five hundred ninety-nine thousand three hundred eighty dollars ($599,380) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (a) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(m) The sum of five hundred forty-two thousand two hundred ninety-five dollars ($542,295) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(n) The sum of one million seventy-two thousand two hundred twenty-eight dollars ($1,072,228) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5.1) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(o) The sum of one million five hundred seventy-nine thousand seven hundred fifty-six dollars ($1,579,756) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5.2) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(p) The sum of eight hundred thirty-nine thousand five hundred twenty-two dollars ($839,522) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50 of the Statutes of 1999).

(q) The sum of one million fifty-five thousand seventy-four dollars ($1,055,074) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (1) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Chapter 324 of the Statutes of 1998).

(r) The sum of one million five hundred eighty-nine thousand four hundred five dollars ($1,589,405) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5.1) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Chapter 324 of the Statutes of 1998) and reappropriated in Item 6110-494 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(s) The sum of one million nine hundred thirty-three thousand three hundred ninety-nine dollars ($1,933,399) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5.2) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Chapter 324 of the Statutes of 1998).

(t) The sum of three million four hundred twenty-seven thousand five hundred twenty-two dollars ($3,427,522) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in paragraph (5.1) of Schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Chapter 324 of the Statutes of 1998).

(u) The sum of one million nine hundred twenty-four thousand three hundred ninety-five dollars ($1,924,395) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (f) of Item 6110-113-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(v) The sum of two million two hundred sixty-eight thousand seven hundred twenty-six dollars ($2,268,726) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (e) of Item 6110-113-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(w) The sum of four million twenty-four thousand eight hundred dollars and sixty-four cents ($4,024,800.64) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (d) of Item 6110-113-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(x) The sum of one million seven hundred eight thousand four hundred ninety dollars ($1,708,490) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (a) of Item 6110-488 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(y) The sum of fifteen million dollars ($15,000,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (13) of Item 6110-485 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(z) The sum of four million seventeen thousand eight hundred dollars ($4,017,800) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-485 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001), as amended by Chapter 1 of the 2001–02 Third Extraordinary Session.

(aa) The sum of one million one hundred ninety-six thousand two hundred seventy-nine dollars ($1,196,279) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-111-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(bb) The sum of five hundred thousand dollars ($500,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-103-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(cc) The sum of six million five hundred thousand dollars ($6,500,000) or the lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-211-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(dd) The sum of ten million three hundred thousand dollars ($10,300,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (3) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(ee) The sum of one million eight hundred thousand dollars ($1,800,000) or the lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-156-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(ff) The sum of one million eight hundred sixty-nine thousand seven hundred fifty dollars ($1,869,750) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-126-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

(gg) The sum of five hundred fifty-four thousand sixty-six dollars ($554,066) or the greater or lesser amount that reflects the

unencumbered balance, as of the effective date of this section, of the appropriation in Section 28 of Chapter 71 of the Statutes of 2000.

(hh) The sum of seven million three hundred fifteen thousand nine hundred thirty-two dollars ($7,315,932) or greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-115-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(ii) The sum of twelve million five hundred thousand dollars ($12,500,000) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Schedule (c) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000).

(jj) The sum of two million six hundred ninety-seven thousand nine hundred seventy-one dollars ($2,697,971) or the greater or lesser amount that reflects the unencumbered balance, as of the effective date of this section, of the amount appropriated in Item 6110-204-0001 of Section 2.00 of the Budget Act of 2001 (Chapter 106 of the Statutes of 2001).

SEC. 7. The sum of one hundred thirteen million two hundred forty-three thousand six hundred eighty-five dollars ($113,243,685) is reappropriated from the Proposition 98 Reversion Account to the Superintendent of Public Instruction for allocation for the purposes of Article 1 (commencing with Section 52500) of Chapter 10 of Part 28 of the Education Code, to be allocated as specified in the provisions contained in Item 6110-156-0001 of Section 2.00 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002).

SEC. 8. The sum of one hundred thirteen million two hundred forty-three thousand six hundred eighty-five dollars ($113,243,685) is reduced from the amount appropriated to the State Department of Education for adult education in Schedule (1) of Item 6110-156-0001 of Section 2.00 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002), as amended by Chapter 4 of the 2003–04 First Extraordinary Session.

SEC. 9. It is the intent of the Legislature that the Budget Act of 2003, when enacted, shall include a General Fund reduction of ten million dollars ($10,000,000) for the Cal Grant Program in order to reflect a baseline adjustment in the anticipated number of new awards and accompanying award levels.

SEC. 10. The sum appropriated in Item 6110-112-0001 of Section 2.00 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002) is hereby reduced by forty-eight million six hundred fifty-six thousand three hundred fourteen dollars ($48,656,314).

SEC. 11. The sum of forty-eight million six hundred fifty-six thousand three hundred fourteen dollars ($48,656,314) is hereby appropriated from the General Fund in the 2003–04 fiscal year to the

State Department of Education for Instructional Time and Staff Development Reform Program pursuant to Article 7.5 (commencing with Section 44579) of Chapter 3 of Part 25 of the Education Code, to be expended consistent with the requirements specified in Item 6110-112-0001 of Section 2.00 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002).

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to implement the Budget Act of 2003 at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 11

An act to add and repeal Chapter 7 (commencing with Section 16910) to Part 3 of Division 4 of Title 2 of the Government Code, relating to public pension obligations, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 2003. Filed with Secretary of State May 5, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 16910) is added to Part 3 of Division 4 of Title 2 of the Government Code, to read:

CHAPTER 7. THE CALIFORNIA PENSION OBLIGATION FINANCING ACT

Article 1. General Provisions

16910. This chapter shall be known and may be cited as the California Pension Obligation Financing Act.

16911. It is the intent of the Legislature, in enacting this chapter, to provide for an efficient, equitable, and economical means of satisfying pension obligations of the state.

16912. The Legislature hereby finds and declares that the state's obligations to make payments to certain public retirement systems are obligations imposed by law not subject to Section 1 of Article XVI of the California Constitution and the bonds authorized to be issued under

this chapter have the same character under the Constitution as the pension obligations funded or refunded.

16913. Unless the context otherwise requires, the following definitions shall govern the construction of this chapter:

(a) ''Ancillary obligation'' means the obligation of the state under any credit enhancement or liquidity agreement, including any obligation (1) in the form of bond insurance, a letter of credit, standby bond purchase agreement, reimbursement agreement, liquidity facility, or other similar arrangement, or (2) under any remarketing agreement, auction agent agreement, broker-dealer agreement, or other agreement relating to the marketing of the bonds, interest rate or other type of swap or hedging contract, or (3) under any investment agreement, forward purchase agreement, or similar structured investment contract, entered into by the committee in connection with any bonds issued under this chapter.

(b) ''Bonds'' means any bonds, notes, bond anticipation notes, interim certificates, debentures, or other obligations or forms of indebtedness issued pursuant to this chapter.

(c) ''Committee'' means the Pension Obligation Bond Committee created pursuant to Section 16920.

(d) ''Pension obligations'' means the obligations of the state or any state agency to the retirement systems imposed by the retirement laws in the amounts determined by the governing boards of the retirement systems.

(e) ''Program'' means the program established by this chapter under which the committee shall issue bonds for the purpose of funding or refunding pension obligations.

(f) ''Retirement laws'' means Section 17 of Article XVI of the California Constitution, the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2), the Teachers' Retirement Law (Part 13 (commencing with Section 22000) and Part 14 (commencing with Section 26000) of Division 1 of Title 1 of the Education Code) and any other laws providing for payment to be made by the state or any state agency to any retirement system to provide retirement benefits to employees of the state or any other individuals for which the state has an obligation to pay all or a portion of the contributions to a retirement system to ensure the payment of retirement benefits to those individuals.

(g) ''Retirement systems'' means the Public Employees' Retirement System established pursuant to the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2) and the State Teachers' Retirement System established pursuant to the Teachers' Retirement Law (Part 13 (commencing with Section 22000) and Part 14 (commencing with Section 26000) of Division 1 of Title 1

of the Education Code) and any other retirement system that provides retirement benefits to employees of the state or any other individuals for which the state has an obligation to pay all or a portion of the contributions to the retirement system to ensure the payment of retirement benefits to those individuals.

Article 2. Issuance of Bonds to Finance the Program

16920. (a) Solely for the purpose of the issuance and sale of the bonds and ancillary obligations authorized by this chapter, the Pension Obligation Bond Committee is hereby created. The committee consists of the Governor or his or her designee, the Director of Finance, the Controller, the Treasurer, the Secretary of the Business, Transportation and Housing Agency, the Director of General Services, and the Director of Transportation. Notwithstanding Section 7.5 or other provisions of law, any member may designate a deputy to act as the member in his or her place and stead for all purposes, as though the member were personally present. The Legislature hereby finds and declares that each member of the committee has previously acted as a member of a similar finance committee, and has duties in relation to the payment of pension obligations relating to employees under supervision of the member.

(b) A majority of the committee shall constitute a quorum of the committee and may act for the committee. The Director of Finance shall serve as chairperson of the committee.

(c) No member, officer, or agent of the committee is subject to personal liability on any bonds or ancillary obligations or other obligations issued or entered into under this chapter or for any acts or omissions of members, officers, or agents in carrying out the powers and duties conferred by this chapter.

16921. The committee is authorized and empowered, for and in the name and on behalf of the state, to do all of the following:

(a) Issue taxable or tax-exempt bonds for the purpose of funding or refunding pension obligations, paying related costs and ancillary obligations, or refunding any bonds previously issued pursuant to this chapter.

(b) Execute debentures or other instruments evidencing the pension obligations.

(c) Enter into ancillary obligations and other contracts deemed necessary by the committee in connection with any bonds issued under this chapter.

(d) Establish the terms and conditions for the program undertaken pursuant to this chapter.

(e) Employ or contract for legal, consulting, underwriting, or other services in connection with the program as may be necessary in the

judgment of the committee, as approved by the Treasurer, as agent for sale of the bonds, for the successful financing of the program and the issuance and sale of bonds.

(f) In addition to the powers specifically granted in this chapter, do all things necessary or convenient, including delegation of necessary duties to the Director of Finance, as chairperson, and to the Treasurer, as agent for sale of the bonds, to carry out the purposes of this chapter.

16922. The committee, at any time or from time to time, upon the request of the Director of Finance, may issue bonds, for and in the name and on behalf of the state, for the purpose of financing or refinancing the program as authorized by this chapter. Bonds for the purpose of financing the program as authorized by this chapter may not be issued after June 30, 2004. However, bonds issued pursuant to this section may be refunded pursuant to Section 16923 whether the date of refunding occurs before, on, or after June 30, 2004. Every issue of bonds, and any ancillary obligation entered into with respect to those bonds, shall be a debt and liability of the state payable from the General Fund of the state or, in the case of bond anticipation notes, payable from the proceeds of bonds to be issued pursuant to this chapter, subject only to the prior application of moneys in the General Fund for (a) support of the public school system and public institutions of higher education, (b) payment of debt service on state general obligation bonds and commercial paper notes, (c) reimbursement of state special funds, to the extent required by law, for internal borrowings, and (d) payment of debt service on state revenue anticipation notes or registered reimbursement warrants.

16923. (a) The resolution, certificate, or other instrument of the committee authorizing the issuance of the bonds may provide, or the committee may delegate to the Treasurer, as agent for sale of the bonds, responsibility to determine, any or all of the following for the bonds:

(1) The form of the bonds, which may be issued as serial bonds, term bonds, or installment bonds, or any combination of those.

(2) The date to be borne by any bonds.

(3) The time of maturity of any bonds, which maturities may be before or after the term of the related pension obligation to be funded or refunded, provided that the time of maturity of any bonds does not exceed five years.

(4) The interest, fixed or variable, to be borne by the bonds.

(5) The time that the bonds shall be payable.

(6) The denominations, form, and registration privileges of the bonds.

(7) The manner of execution of the bonds.

(8) The place the bonds are payable, which may include any paying agent within or outside of the state.

(9) The terms of redemption of the bonds.

(10) The establishment of funds and accounts to be held by a trustee to provide for payment or security for the bonds or ancillary obligations or related costs.

(11) Any other terms and conditions deemed necessary by the committee.

(b) Pursuant to Section 5702, the Treasurer shall serve as agent for the offer and sale of the bonds. The bonds may be sold at either a competitive or negotiated sale, at times and at prices, for consideration, and with all other terms and conditions as the Treasurer, in his or her capacity as agent for sale of the bonds, shall determine.

(c) The Treasurer is authorized to invest or direct the investment of any amounts held in trust for payment of the bonds in any securities or obligations authorized pursuant to Chapter 3 (commencing with Section 16430), as amended from time to time.

16924. The proceeds of the bonds shall be applied to the funding or refunding of pension obligations, or refunding of bonds previously issued under this chapter, together with all costs of issuing the bonds and refunding pension obligations or prior bonds and the costs of any ancillary obligation. Notwithstanding Sections 20822 and 20824 of this code, Section 22955 of the Education Code, or any other provision of law, the proceeds of the bonds may be applied to the prepayment of pension obligations.

16925. If proceeds of bonds issued pursuant to this chapter are used to pay the state's pension obligations to the Public Employees' Retirement System for members whose compensation is paid from a fund other than the General Fund and notwithstanding any other provision of law, the Controller shall transfer quarterly from the special fund or nongovernmental cost fund to the General Fund an amount equal to the quarterly pension obligations paid from bond proceeds with respect to those members, as certified by the Director of Finance and authorized in any appropriation item or in any category thereof.

16926. If proceeds of bonds issued pursuant to this chapter are used to pay the state's pension obligations to the Public Employees' Retirement System for members whose compensation is paid from the General Fund and notwithstanding any other provision of law, the Controller shall abate quarterly to the General Fund an amount equal to the quarterly pension obligations paid from bond proceeds with respect to those members, as certified by the Director of Finance and authorized in any General Fund appropriation item or in any category thereof.

16927. In the discretion of the committee, any bonds issued under this chapter may be secured by a trust agreement, indenture, or resolution between the state and any trustee, which may be the Treasurer or any trust company or bank having the powers of a trust company chartered under the laws of any state or the United States and designated by the Treasurer.

The trust agreement, indenture, or resolution may contain provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and not in violation of law. Any trust agreement, indenture, or resolution may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners. In addition to the foregoing, any trust agreement, indenture, or resolution may contain other provisions as the committee may deem reasonable for the security of the bond owners, including, but not limited to, provisions specifying the date or dates on which debt service payments on the bonds shall be transferred to the trustee. Any trust accounts created by the trust agreement, indenture, or resolution may be held outside the State Treasury.

16928. The committee may provide for the issuance of bonds any portion of which is to be used for the purpose of refunding outstanding bonds issued to fund or refund pension obligations, including the payment of the principal thereof and interest and redemption premiums, if any. The date of maturity of bonds issued to refund any outstanding bonds may not exceed the date of maturity of the outstanding bonds they refund. The proceeds of bonds issued to refund any outstanding bonds may be applied to the retirement of those outstanding bonds at maturity, or the redemption, on any redemption date, or purchase of those outstanding bonds prior to maturity, subject to the terms and conditions as the committee deems advisable.

16929. There is hereby created in the State Treasury the Pension Obligation Bond Fund. The net proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Pension Obligation Bond Fund. Notwithstanding Section 13340, the Pension Obligation Bond Fund is hereby continuously appropriated for the purposes specified in this chapter.

Article 3. Miscellaneous Provisions

16930. This chapter, being necessary for the health, welfare, and safety of the state and its residents, shall be liberally construed to effect its purposes.

16931. This chapter shall be deemed to provide a complete and alternative authorization to take the actions necessary to implement this chapter, and shall be regarded as supplemental and additional to the powers conferred by other laws. The issuance of the bonds and their terms, the application of proceeds to the funding or refunding of pension obligations or prior bonds, and the entering into of any ancillary obligation under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds or ancillary obligations, including, but not limited to, the State General Obligation

Bond Law (Chapter 4 (commencing with Section 16720)). The purposes authorized by this chapter may be effectuated and bonds are authorized to be issued for any purposes under this chapter notwithstanding that any other law may provide for those purposes or for the issuance of bonds for like purposes and without regard to the requirements, restrictions, limitations, or other provisions contained in any other law.

16932. Section 10295 of the Public Contract Code and Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code do not apply to agreements entered into by the committee, or any individual to whom the committee delegates contracting authority, in connection with the sale of bonds or other matters authorized under this chapter.

16933. Bonds issued pursuant to this chapter are a legal investment for any state special fund or trust fund, notwithstanding any provision of law limiting the investments that may be made by the fund. The bonds shall be legal investments in which all public officers and public bodies of the state, its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking institutions, including savings and loan associations, building and loan associations, trust companies, savings banks and savings associations, investment companies, and other persons carrying on banking business, all administrators, guardians, executors, trustees, and other fiduciaries, and all persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds may be used by any private financial institution, person, or association as security for public officers and bodies of the state or any agency or political subdivision of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is authorized by law, including deposits to secure public funds.

16934. The committee may bring an action to determine the validity of any bonds to be issued, or any ancillary obligations and other contracts to be entered into, under this chapter pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. For the purposes of Section 860 of the Code of Civil Procedure, any action initiated pursuant to this section shall be brought in the Superior Court of the County of Sacramento.

16935. This chapter shall become inoperative on June 30, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Notwithstanding Section 13340 of the Government Code, there is hereby continuously appropriated, without regard to fiscal years,

from the General Fund for the purposes of this act, an amount, subject to the limitations of this section, that equals the sum annually that is necessary to pay all obligations, including principal, interest, costs, expenses, rebate, legal, commitment, or other fees, and all other amounts, incurred by the state under or in connection with the bonds and any ancillary obligations entered into by the state pursuant to this act for the purpose of paying or refunding pension obligations payable in the 2003–04 fiscal year. The amount hereby appropriated each fiscal year to pay principal on the bonds and any ancillary obligations may not exceed the outstanding principal amount of the bonds. The amount hereby appropriated each fiscal year to pay interest on the bonds and any ancillary obligations may not exceed 15 percent per annum of the outstanding principal amount of the bonds. The amount hereby appropriated each fiscal year to pay costs, expenses, rebate, legal, commitment, or other fees and other amounts of any ancillary obligations may not exceed 5 percent per annum of the authorized original principal amount of the bonds to which the ancillary obligations relate. Expenditures pursuant to this section shall reflect the best efforts of the state to secure financing that results in the least cost to the state after considering both short-term and long-term financing costs.

SEC. 3. This act shall become operative only if Senate Bill 24, Senate Bill 25, Senate Bill 26, Senate Bill 20, and Senate Bill 28 of the 2003–04 First Extraordinary Session are all chaptered and become effective on or before January 1, 2004.

SEC. 4. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity will not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the state may satisfy pension obligations of the state that might otherwise go unsatisfied due to the lack of state revenues, it is necessary that this act take effect immediately.

CHAPTER 12

An act to amend Section 5924 of, and to add Section 17213 to, the Government Code, relating to state finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 30, 2003. Filed with
Secretary of State June 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 5924 of the Government Code is amended to read:

5924. (a) Notwithstanding Section 13340, there is hereby continuously appropriated without regard to fiscal years, from the General Fund in the State Treasury for the purpose of this chapter, an amount that will equal the sum annually as will be necessary to pay all obligations, including principal, interest, fees, costs, indemnities, and all other amounts incurred by the state under or in connection with any credit enhancement or liquidity agreement (including in the form of a letter of credit, standby purchase agreement, reimbursement agreement, liquidity facility, or other similar arrangement) entered into by the state pursuant to this chapter for bonds payable pursuant to an appropriation from the General Fund.

(b) Fees, costs, and other similar expenses may be incurred by the state under or in connection with any credit enhancement or liquidity agreement entered into by the state pursuant to this chapter if the agent for sale determines that the credit enhancement or liquidity agreement is expected to result in a lower cost of the borrowing for the bonds to which the credit enhancement or liquidity agreement pertains. The amount appropriated pursuant to this section for fees, costs, and other similar expenses incurred in connection with any credit enhancement or liquidity agreement, when expressed as a percentage of the original principal amount of the bonds to which the credit enhancement or liquidity agreement pertains, may not exceed the percentage set forth in paragraph (1) of subsection (g) of Section 147 of Title 26 of the United States Code enacted as of January 1, 2003. The amount appropriated pursuant to this section for interest incurred in connection with any credit enhancement or liquidity agreement, when expressed as a percentage of the outstanding principal amount of the bonds to which the credit enhancement or liquidity agreement pertains, may not exceed the interest rate percentage set forth in subdivision (d) of Section 16731.

SEC. 2. Section 17213 is added to the Government Code, to read:

17213. Notwithstanding any other provision of law, the Controller is the agent for sale for registered warrants, reimbursement warrants, and refunding warrants issued pursuant to this chapter.

SEC. 3. The sum of one million six hundred thousand dollars ($1,600,000) is hereby appropriated from the General Fund to the Controller for administrative, legal, consultant, and rating agency costs related to the issuance of revenue anticipation warrants in the 2002–03

fiscal year and incurred by the Controller, the Treasurer, the Attorney General, and the Department of Finance.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify existing law to facilitate urgently needed state cash-flow borrowing, it is necessary that this act take effect immediately.

CHAPTER 13

An act to amend Section 29530 of, and to add Title 17 (commencing with Section 99000) to, the Government Code, and to amend Sections 7202 and 7203 of, and to add Sections 6051.5, 6051.6, 6201.5, 6201.6, 7101.3, and 7203.1 to, the Revenue and Taxation Code, relating to government finance, and making an appropriation therefor.

[Approved by Governor August 2, 2003. Filed with Secretary of State August 2, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 29530 of the Government Code is amended to read:

29530. (a) If the board of supervisors so agrees by contract with the State Board of Equalization, the board of supervisors shall establish a local transportation fund in the county treasury and shall deposit in the fund all revenues transmitted to the county by the State Board of Equalization under Section 7204 of the Revenue and Taxation Code, which are derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 of the Revenue and Taxation Code cease to apply, at a rate in excess of one-half of 1 percent, pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of that code, less an allocation of the cost of the services of the State Board of Equalization in administering the sales and use tax ordinance related to the rate in excess of 1 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 of the Revenue and Taxation Code cease to apply, to the rate in excess of one-half of 1 percent, and of the Director of Transportation and the Controller in administering the responsibilities assigned to him or her in Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code.

(b) Any interest or other income earned by investment or otherwise of the local transportation fund shall accrue to and be a part of the fund.

SEC. 2. Title 17 (commencing with Section 99000) is added to the Government Code, to read:

TITLE 17. CALIFORNIA FISCAL RECOVERY FINANCING ACT

CHAPTER 1. GENERAL PROVISIONS

99000. This title shall be known and may be cited as the California Fiscal Recovery Financing Act.

99001. It is the intent of the Legislature in enacting this title to provide for an efficient, equitable, and economical means of funding the accumulated budget deficit in order to preserve public education and critical health and safety programs.

99002. The Legislature finds and declares as follows:

(a) The bonds authorized to be issued by the authority under this title, and any ancillary obligations entered into with respect to the bonds, are not a debt or liability of the state subject to Section 1 of Article XVI of the California Constitution. The appropriation, if any, by the Legislature of special sales tax revenues to the California Fiscal Recovery Financing Authority created in Section 99004 is not payment on a debt or liability of the state subject to Section 1 of Article XVI of the California Constitution.

(b) Temporary special sales tax revenues deposited in the Fiscal Recovery Fund created in Section 99008 do not constitute General Fund revenues for the purposes of Section 8 of Article XVI of the California Constitution or any other provision of law.

(c) It is the intent of the Legislature that the moneys deposited in the Fiscal Recovery Fund shall not be available for any purpose other than payment of the principal, interest, premium, if any, and replenishment of reserves of the bonds, payment of ancillary obligations, or payment of administrative expenses of the California Fiscal Recovery Financing Authority.

(d) It is the intent of the Legislature that the proceeds of the bonds issued pursuant to this title shall be used solely to eliminate the accumulated budget deficit identified as of June 30, 2003, or to refund outstanding bonds issued for that purpose. It is further the intent of the Legislature that any bonds issued pursuant to this title, and any ancillary obligations entered into in relation to those bonds, be repaid in the shortest practicable time consistent with favorable bond ratings and marketing considerations. Any legislation that results in an extension of the period during which the additional special sales taxes provided for

in Sections 6051.5 and 6201.5 of the Revenue and Taxation Code are imposed beyond the time necessary to satisfy any obligations incurred to eliminate the accumulated budget deficit identified as of June 30, 2003 shall be deemed to be an increase in taxes requiring a two-thirds vote of each house of the Legislature.

(e) It is the intent of the Legislature that the only appropriation made by this title is set forth in subdivision (d) of Section 99008.

99003. Unless the context requires otherwise, the following definitions shall govern the construction of this title:

(a) ''Accumulated budget deficit'' means the estimated negative balance, excluding any projected deficit financing proceeds, of the Special Fund for Economic Uncertainties as of June 30, 2003, as certified by the Director of Finance prior to the issuance of any bonds pursuant to this title.

(b) ''Ancillary obligation'' means the obligation of the authority under any of the following, entered into by the authority in connection with any bonds issued under this title:

(1) A credit enhancement or liquidity agreement, including any credit enhancement or liquidity agreement in the form of bond insurance, letter of credit, standby bond purchase agreement, reimbursement agreement, liquidity facility, or other similar arrangement.

(2) A remarketing agreement.

(3) An auction agent agreement.

(4) A broker-dealer agreement or other agreement relating to the marketing of the bonds.

(5) An interest rate or other type of swap or hedging contract.

(6) An investment agreement, forward purchase agreement, or similar structured investment contract.

(c) ''Authority'' means the California Fiscal Recovery Financing Authority created by Section 99004.

(d) ''Available revenues'' means the special sales tax revenues appropriated pursuant to this title by the Legislature to pay principal, interest, premium, if any, replenishment of reserves, and any related costs on the bonds issued pursuant to this title or to pay amounts relating to any ancillary obligations, together with any reserves or other amounts that have been deposited with the trustee to pay the bonds or to pay ancillary obligations and any investment earnings on any of those funds. Notwithstanding any other provision of law, the Legislature shall not be obligated to appropriate or otherwise make available any other funds to pay the bonds or to pay ancillary obligations.

(e) ''Board'' means the State Board of Equalization.

(f) ''Bonds'' means any bonds, notes, bond anticipation notes, interim certificates, debentures, or similar instruments issued by the authority pursuant to this title.

(g) ''Fiscal Recovery Fund'' means the special fund created by Section 99008.

(h) ''Indenture'' means any resolution, trust agreement, indenture, certificate, or other instrument authorizing the issuance of bonds by the authority pursuant to this title, and providing for their security and repayment.

(i) ''Special sales tax revenues'' means the proceeds of that portion of the sales and use tax temporarily imposed by the state pursuant to Section 6051.5 or 6201.5 of the Revenue and Taxation Code.

(j) ''Trustee'' means the Treasurer or a bank or trust company within or without the state acting as trustee for any issue of bonds under this title and, if there is more than one issue of bonds, shall refer to the trustee for each issue of bonds respectively. In the event there are cotrustees for an issue of bonds, ''trustee'' shall refer to those cotrustees collectively.

CHAPTER 2. CALIFORNIA FISCAL RECOVERY FINANCING AUTHORITY

99004. (a) The California Fiscal Recovery Financing Authority is hereby created in state government solely for the purpose of the issuance and sale of the bonds and ancillary obligations authorized by this title and the performance of any necessary obligations related thereto. The authority is a public instrumentality of the state, and the exercise by the authority of the powers granted in this title is deemed and held to be the performance of an essential public function.

(b) (1) The authority consists of all of the following members:

(A) The Governor or his or her designee.

(B) The Director of Finance.

(C) The Treasurer.

(D) The Controller.

(E) The Secretary of Business, Transportation and Housing.

(F) The Director of General Services.

(G) The Director of Transportation.

(2) Notwithstanding Section 7.5 or any other provision of law, any member may designate a deputy to act as that member in his or her place and stead for all purposes, as though the member were personally present.

(3) The Legislature finds and declares that each member of the authority has previously acted as a member of a similar state agency or authority that issues revenue bonds and a finance committee that issues general obligation bonds, and has duties in relation to the payment of the accumulated budget deficit.

(c) A majority of the members of the authority shall constitute a quorum of the authority and may act for the authority.

(d) The Director of Finance shall serve as chairperson of the authority.

(e) The Attorney General shall be the legal counsel for the authority. With the approval of the Attorney General, the authority may employ any legal counsel that in its judgment is necessary or advisable to enable it to carry out its duties and functions, including, but not limited to, the employment of any bond counsel deemed advisable in connection with the issuance and sale of bonds.

(f) A member, officer, or agent of the authority shall not be subject to personal liability on any bonds or ancillary obligations or other obligations issued or entered into under this title or for any acts or omissions of members, officers, or agents in carrying out the powers and duties conferred by this title.

(g) The members of the authority shall serve without compensation.

99005. The authority may do all of the following:

(a) Sue and be sued.

(b) Issue taxable or tax-exempt bonds for the purpose of funding the accumulated budget deficit and paying costs related thereto, including, but not limited to, reserves, capitalized interest, costs of obtaining or entering into any ancillary obligations, and costs of issuance, or for the purpose of refunding any bonds previously issued pursuant to this title and paying the costs related thereto.

(c) Enter into ancillary obligations and other contracts deemed necessary or appropriate by the authority in connection with any bonds issued under this title.

(d) Establish the terms and conditions for the financing program undertaken pursuant to this title.

(e) Employ or contract for any services, including, but not limited to, consulting services and legal services authorized pursuant to subdivision (e) of Section 99004, or engage other agents or advisers in connection with the financing program, as deemed necessary by the authority.

(f) In addition to all other powers specifically granted in this title, do all things necessary or convenient, including the delegation of necessary duties to the Director of Finance, as chairperson, and to the Treasurer, as agent for sale of the bonds, to carry out the powers and purposes of this title.

99006. (a) The Director of Finance shall, as chairperson of the authority, take all actions necessary to have included in the annual Governor's Budget for each fiscal year in which the Fiscal Recovery Fund is in existence and any bonds or ancillary obligations remain outstanding, an appropriation of the special sales tax revenues received in that fiscal year to pay those obligations. The director shall further use his or her best efforts to have included in the annual Budget Bill or another bill separate from the annual Budget Bill, for each fiscal year in which the Fiscal Recovery Fund is in existence and any bonds or ancillary obligations remain outstanding, an appropriation of the special

sales tax revenues received in that fiscal year for the purposes of this title. The director shall notify the trustee and, if the trustee is not the Treasurer, notify the Treasurer, in each applicable year of the actions taken pursuant to this subdivision, including providing copies of the Governor's Budget and either the annual Budget Bill or other bill proposing an appropriation of the special sales tax revenue.

(b) The Director of Finance, as chairperson of the authority, shall notify the Treasurer, the trustee, and the board upon the earliest to occur of the following events:

(1) All bonds and ancillary obligations outstanding have been paid or retired.

(2) Payment of the principal of and interest on all bonds has been irrevocably provided for pursuant to the indenture and no bonds are deemed ''outstanding'' pursuant to the indenture.

(3) The Fiscal Recovery Fund holds sufficient funds to pay the principal of, and interest to final maturity on, all bonds outstanding, if those funds were appropriated for that purpose by the Legislature.

(c) Notwithstanding any other provision of law, Section 5924 shall not apply to payment of any fees or costs of any ancillary obligations entered into by the authority or the Treasurer in connection with any bonds issued pursuant to this title.

99007. Section 10295 of, and Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of, the Public Contract Code do not apply to agreements entered into by the authority or any individual to whom the authority delegates contracting authority in connection with the sale of bonds or other matters authorized under this title.

CHAPTER 3. FISCAL RECOVERY FUND

99008. (a) The Fiscal Recovery Fund is hereby created as a special fund in the State Treasury.

(b) Moneys in the Fiscal Recovery Fund shall be invested in the Surplus Money Investment Fund, and any income from that investment shall be credited to the Fiscal Recovery Fund.

(c) Except for funds appropriated pursuant to subdivision (d), amounts in the Fiscal Recovery Fund, together with earnings thereon, shall be available solely for the purposes set forth in subdivision (c) of Section 99002 upon appropriation by the Legislature in each fiscal year. Upon an appropriation, if any, by the Legislature in a fiscal year, for the balance of that fiscal year all appropriated moneys then held or to be received in the Fiscal Recovery Fund shall constitute available revenues and shall be disbursed to the trustee not less frequently than once per month. Available revenues shall belong to the authority, absolutely and

unconditionally, and without any right of setoff, recoupment, or counterclaim.

(d) Notwithstanding Section 13340, an amount not to exceed one million dollars ($1,000,000) per fiscal year is hereby continuously appropriated from the Fiscal Recovery Fund to the authority, without regard to fiscal years, sufficient to pay administrative costs as approved by the Director of Finance.

99009. Moneys held in the Fiscal Recovery Fund may not be borrowed by, or available for transfer to, the General Fund pursuant to Section 16310 or any similar authority, or the General Cash Revolving Fund pursuant to Section 16381 or any similar authority.

99010. The Fiscal Recovery Fund may not be terminated until the Director of Finance provides the notification described in subdivision (b) of Section 99006. Notwithstanding any limitations contained in this title on the use of moneys in the Fiscal Recovery Fund and the interest earnings thereon, after the Director of Finance has provided that notification, and the board has ceased to collect the special sales tax revenues, any amounts remaining in the fund shall be disbursed as provided in an appropriation bill enacted by the Legislature, including, but not limited to, providing for a rebate to taxpayers of the excess special sales tax revenues collected.

CHAPTER 4. BOND PROVISIONS

99011. (a) The authority, at any time or from time to time, upon the request of the Director of Finance, may issue bonds for the purposes set forth in subdivision (b) of Section 99005. Each issue of bonds may be in an amount sufficient to provide for the funding of all or a portion of the accumulated budget deficit, for funding any necessary reserves and capitalized interest, for obtaining or entering into any ancillary obligations deemed necessary or desirable by the authority, for paying costs of issuance of the bonds as approved by the Director of Finance, or for refunding any bonds previously issued by the authority.

(b) Bonds issued pursuant to this title, and any ancillary obligations entered into with respect to those bonds, are not a debt or liability of the state or of any political subdivision thereof or a pledge of the full faith and credit of the state or of any political subdivision thereof, and shall be payable by the authority solely from available revenues. Notwithstanding any other provision of law, the Legislature is not obligated to appropriate special sales tax revenues or any other funds or otherwise make any other funds available to pay debt service on the bonds or to pay ancillary obligations issued or entered into pursuant to this title. All bonds shall contain on the face thereof a statement to the effect that the bonds are a special obligation of the authority payable

solely from available revenues, including moneys deposited in the Fiscal Recovery Fund, if and to the extent appropriated in each fiscal year for that purpose by the Legislature; that the Legislature is not obligated to make such an appropriation or to provide any other funds for the repayment of the bonds; that neither the state nor any political subdivision thereof, except the authority to the extent provided in this subdivision, is obligated to pay the bonds or the interest thereon; that neither the full faith and credit nor the taxing power of the state or any political subdivision thereof is pledged to the payment of the principal of or interest on the bonds; and that the authority has no taxing power.

(c) (1) On request of the Director of Finance, the authority may issue bond anticipation notes, payable within a period not to exceed two years, from the proceeds of the sale of bonds or from available revenues, or both, as provided in the indenture pertaining to the bond anticipation notes.

(2) Notwithstanding paragraph (1), if bonds that are not bond anticipation notes have not been issued at the maturity date of an issue of bond anticipation notes, the authority may renew those notes from time-to-time, provided the final maturity date of any such renewal notes shall not be later than six years from the date of initial issuance of a series of bond anticipation notes. The authority may not renew any bond anticipation notes after issuance of bonds in an amount sufficient to refund those notes.

99012. (a) The indenture may provide any or all of the following for the bonds:

(1) The form of the bonds, which may be issued as serial bonds, term bonds, or installment bonds, or any combination thereof.

(2) The date or dates to be borne by the bonds.

(3) The time or times of maturity of the bonds.

(4) The interest, fixed or variable, to be borne by the bonds.

(5) The time or times that the bonds shall be payable.

(6) The denominations, form, and registration privileges of the bonds.

(7) The manner of execution of the bonds.

(8) The place or places the bonds are payable, which may include one or more paying agents within or outside of the state.

(9) The terms of redemption, tender, or purchase of the bonds.

(10) The establishment of funds and accounts to be held by a trustee to provide for payment or security for the bonds or ancillary obligations or related costs.

(11) Any other terms and conditions deemed necessary by the authority.

(b) Pursuant to Section 5702, the Treasurer shall serve as agent for the offer and sale of the bonds. The bonds may be sold at either a competitive

or negotiated sale, at the time or times, at a premium or a discount, or with neither, and with all other terms and conditions that the Treasurer, in his or her capacity as agent for sale of state bonds, shall determine.

99013. The proceeds of the bonds, exclusive of amounts required to be held by the authority for reserves, capitalized interest, or costs of issuance and ancillary obligations, as authorized by subdivision (a) of Section 99011, shall be deposited in the General Fund to fund all or a portion of the accumulated budget deficit, or shall be used to refund bonds previously issued pursuant to this title.

99014. (a) At the discretion of the authority, any bonds issued pursuant to this title may be secured by an indenture by and between the authority and a trustee. The indenture may contain any provision to protect and enforce the rights and remedies of the bond owners that is reasonable and proper and not in violation of law. The indenture may set forth the rights and remedies of the bond owners and of the trustee or trustees and may restrict the individual right of action by bond owners.

(b) Any trust funds or accounts created by the indenture may be held outside the State Treasury. Available revenues deposited in a trust fund or account held outside the State Treasury are hereby pledged to secure the bonds and ancillary obligations, subject to application for the purposes and pursuant to the terms set forth in the indenture. The available revenues so pledged shall immediately be subject to the lien of the pledge without filing, physical delivery, or other act, and the lien of the pledge shall be superior to all other claims and liens of any kind whatsoever.

(c) In addition to the requirements of subdivisions (a) and (b), any indenture described in this section may contain any other provisions the authority may deem reasonable and proper for the security of the bond owners.

99015. (a) The authority may provide for the issuance of bonds any portion of which is to be used for the purpose of refunding outstanding bonds, including the payment of the principal thereof and interest and redemption premiums, if any, thereon. The proceeds of bonds issued to refund any outstanding bonds may be applied to the retirement of those outstanding bonds at maturity, or the redemption, on any redemption date, or purchase of the outstanding bonds prior to maturity, upon the terms and subject to the conditions the authority shall deem advisable.

(b) Notwithstanding any other provision of this title, the authority may not issue refunding bonds with a final maturity date later than the final maturity date of the series of bonds being refunded, unless the Legislature has adopted legislation by a two-thirds vote of each house, extending the imposition of a special sales tax or taxes to provide for payment of the refunding bonds. This subdivision shall not apply to

bonds issued to refund bond anticipation notes issued pursuant to subdivision (c) of Section 99011.

99016. The exercise of the powers granted by this title shall be in all respects for the benefit of the people of the state. Any and all bonds issued by the authority, their transfer, and the income therefrom, shall at all times be free from taxation of every kind by the state and by all political subdivisions of the state.

CHAPTER 5. MISCELLANEOUS PROVISIONS

99017. This title, being necessary for the health, welfare, and safety of the people of the state, shall be liberally construed to effect its purposes.

99018. This title shall be deemed to provide a complete, additional, and alternative method for doing the things authorized in its provisions, and shall be regarded as supplemental and additional to the powers conferred by other laws. The sale and issuance of bonds, the application of proceeds to the funding of the accumulated budget deficit, and the refunding of prior bonds and the entering into of any ancillary obligation under this title, are not required to comply with the requirements of any other state or local law applicable to the issuance of bonds or ancillary obligations. The purposes authorized in subdivision (c) of Section 99002 may be effectuated and bonds are authorized to be issued for any of those purposes, notwithstanding that any other state or local law may provide for those purposes or for the issuance of bonds for the same or similar purposes, and without regard to the requirements, restrictions, limitations, or other provisions contained in any other state or local law.

99019. Bonds issued pursuant to this title are a legal investment for any state special fund or trust fund, notwithstanding any provision of state or local law limiting the investments that may be made by the fund. The bonds shall be legal investments in which all public officers and public bodies of the state and its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking institutions, including savings and loan associations, building and loan associations, trust companies, savings banks and savings associations, investment companies, and other persons carrying on banking business, all administrators, guardians, executors, trustees, and other fiduciaries, and all persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds may be used by any such private financial institution, person, or association as security for public officers and bodies of the state or any agency or political subdivision of the state and all municipalities and public corporations for

any purpose for which the deposit of bonds or other obligations of the state is authorized by law, including deposits to secure public funds.

99020. (a) The authority may bring an action to determine the validity of any bonds to be issued, or ancillary obligations and other contracts to be entered into, under this title pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. For the purposes of Section 860 of the Code of Civil Procedure, any action initiated pursuant to this section shall be brought in the Superior Court in the County of Sacramento.

(b) Any action brought to enforce any provision of this title shall be brought in the Superior Court in the County of Sacramento and shall have priority over civil matters not themselves having priority.

(c) Notwithstanding any other provision of law, the exclusive means to obtain review of a superior court judgment entered in an action brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any bonds to be issued, or ancillary obligations or other contracts to be entered into, under this title shall be by petition to the Supreme Court for writ of review. Any such petition shall be filed within 15 days following the notice of entry of the superior court judgment, and no extension of that period may be allowed. If no petition is filed within the time allowed therefor, or the petition is denied, with or without opinion, the decision of the superior court shall be final and enforceable as provided in subdivision (a) of Section 870 of the Code of Civil Procedure. In any case in which a petition has been filed within the time allowed therefor, the Supreme Court shall make any orders it deems proper in the circumstances. If no answering party appeared in the superior court action, the only issues that may be raised in the petition are those related to the jurisdiction of the superior court.

SEC. 3. Section 6051.5 is added to the Revenue and Taxation Code, to read:

6051.5. (a) In addition to the taxes imposed by Section 6051 and any other provision of this part, for the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers at the rate of one-half of 1 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this state.

(b) All revenues, net of refunds, received pursuant to this section shall be deposited in the State Treasury to the credit of the Fiscal Recovery Fund, as established pursuant to Section 99008 of the Government Code.

(c) Revenues received pursuant to this section accruing to the Fiscal Recovery Fund shall not be considered to be ''State General Fund proceeds of taxes appropriated pursuant to Article XIII B'' within the

meaning of either Section 8 of Article XVI of the California Constitution or Section 41202 of the Education Code.

(d) This section shall become operative on July 1, 2004, and shall cease to be operative on the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

SEC. 4. Section 6051.6 is added to the Revenue and Taxation Code, to read:

6051.6. There are exempted from the taxes imposed by Section 6051.5 the gross receipts derived from the sale of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of the aircraft as common carriers of persons or property under the authority of the laws of this state, the United States, or any foreign government.

SEC. 5. Section 6201.5 is added to the Revenue and Taxation Code, to read:

6201.5. (a) In addition to the taxes imposed by Section 6201 and any other provision of this part, an excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property purchased from any retailer at the rate of one-half of 1 percent of the sales price of the property.

(b) All revenues, net of refunds, received pursuant to this section shall be deposited in the State Treasury to the credit of the Fiscal Recovery Fund, as established pursuant to Section 99008 of the Government Code.

(c) Revenues received pursuant to this section accruing to the Fiscal Recovery Fund shall not be considered to be ''State General Fund proceeds of taxes appropriated pursuant to Article XIII B'' within the meaning of either Section 8 of Article XVI of the California Constitution or Section 41202 of the Education Code.

(d) This section shall become operative on July 1, 2004, and shall cease to be operative on the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

SEC. 6. Section 6201.6 is added to the Revenue and Taxation Code, to read:

6201.6. There are exempted from the taxes imposed by Section 6201.5 the storage, use, or other consumption in this state of tangible personal property, other than fuel or petroleum products, by operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of the aircraft as

common carriers of persons or property under the authority of the laws of this state, the United States, or any foreign government.

SEC. 7. Section 7101.3 is added to the Revenue and Taxation Code, to read:

7101.3. Notwithstanding Section 7101, all revenues, less refunds, derived from the taxes imposed to Sections 6051.5 and 6201.5 shall be deposited in the State Treasury to the credit of the Fiscal Recovery Fund, as established pursuant to Section 99008 of the Government Code.

SEC. 8. Section 7202 of the Revenue and Taxation Code is amended to read:

7202. The sales tax portion of any sales and use tax ordinance adopted under this part shall be imposed for the privilege of selling tangible personal property at retail, and shall include provisions in substance as follows:

(a) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the county at the rate of $1^1/_4$ percent of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the county.

(b) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales taxes, except that the name of the county as the taxing agency shall be substituted for that of the state and that an additional seller's permit shall not be required if one has been or is issued to the seller under Section 6067.

(c) A provision that all amendments subsequent to the effective date of the enactment of Part 1 (commencing with Section 6001) relating to sales tax and not inconsistent with this part, shall automatically become a part of the sales tax ordinance of the county.

(d) A provision that the county shall contract prior to the effective date of the county sales and use tax ordinances with the State Board of Equalization to perform all functions incident to the administration or operation of the sales and use tax ordinance of the county. Any such contract shall contain a provision that the county agrees to comply with the provisions of Article 11 (commencing with Section 29530) of Chapter 2 of Division 3 of Title 3 of the Government Code.

(e) A provision that the ordinance may be made inoperative not less than 60 days, but not earlier than the first day of the calendar quarter, following the county's lack of compliance with Article 11 (commencing with Section 29530) of Chapter 2 of Division 3 of Title 3 of the Government Code or following an increase by any city within the county of the rate of its sales or use tax above the rate in effect at the time the county ordinance was enacted.

(f) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(g) A provision that there is exempted from the sales tax 80 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 cease to apply, 67 percent, of the gross receipts from the sale of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of the aircraft as common carriers of persons or property under the authority of the laws of this state, the United States, or any foreign government.

(h) A provision that any person subject to a sales and use tax under the county ordinance shall be entitled to credit against the payment of taxes due under that ordinance the amount of sales and use tax due to any city in the county; provided that the city sales and use tax is levied under an ordinance including provisions in substance as follows:

(1) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the city at the rate of 1 percent or less of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the city and a use tax of 1 percent or less of purchase price upon the storage, use or other consumption of tangible personal property purchased from a retailer for storage, use or consumption in the city.

(2) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales and use taxes, except that the name of the city as the taxing agency shall be substituted for that of the state (but the name of the city shall not be substituted for the word ''state'' in the phrase ''retailer engaged in business in this state'' in Section 6203 nor in the definition of that phrase in Section 6203) and that an additional seller's permit shall not be required if one has been or is issued to the seller under Section 6067.

(3) A provision that all amendments subsequent to the effective date of the enactment of Part 1 (commencing with Section 6001) relating to sales and use tax and not inconsistent with this part, shall automatically become a part of the sales and use tax ordinance of the city.

(4) A provision that the city shall contract prior to the effective date of the city sales and use tax ordinance with the State Board of Equalization to perform all functions incident to the administration or operation of the sales and use tax ordinance of the city which shall continue in effect so long as the county within which the city is located has an operative sales and use tax ordinance enacted pursuant to this part.

(5) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with this part by any city and county, county, or city in this state, shall be exempt from the tax due under this ordinance.

(6) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(7) A provision that there are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property to operators of aircraft to be used or consumed principally outside the city in which the sale is made and directly and exclusively in the use of the aircraft as common carriers of persons or property under the authority of the laws of this state, the United States, or any foreign government.

(8) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by the operators directly and exclusively in the use of the aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use tax.

SEC. 9. Section 7203 of the Revenue and Taxation Code is amended to read:

7203. The use tax portion of any sales and use tax ordinance adopted under this part shall impose a complementary tax upon the storage, use or other consumption in the county of tangible personal property purchased from any retailer for storage, use or other consumption in the county. That tax shall be at the rate of $1^1/_4$ percent of the sales price of the property whose storage, use or other consumption is subject to the tax and shall include:

(a) Provisions identical to the provisions contained in Part 1 (commencing with Section 6001), other than Section 6201 insofar as those provisions relate to the use tax, except that the name of the county as the taxing agency enacting the ordinance shall be substituted for that of the state (but the name of the county shall not be substituted for the word ''state'' in the phrase ''retailer engaged in business in this state'' in Section 6203 nor in the definition of that phrase in Section 6203).

(b) A provision that all amendments subsequent to the date of such ordinance to the provisions of the Revenue and Taxation Code relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance.

(c) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with this part by any city and county, county, or city in this state, shall be exempt from the tax due under this ordinance.

(d) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(e) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1, the storage, use, or other consumption of tangible personal property, other than fuel or petroleum products, purchased by operators of aircraft and used or consumed by the operators directly and exclusively in the use of the aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States or any foreign government is exempt from 80 percent of the use tax, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 cease to apply, exempt from 67 percent of the use tax.

SEC. 10. Section 7203.1 is added to the Revenue and Taxation Code, to read:

7203.1. (a) Notwithstanding any other provision of law, during the revenue exchange period only, the authority of a county or a city under this part to impose a tax rate as specified in an ordinance adopted pursuant to Sections 7202 and 7203 is suspended, and the tax rate to be applied instead during that period under any ordinance as so adopted is the applicable of the following:

(1) In the case of a county, three-quarters of 1 percent.

(2) In the case of a city, one-half of 1 percent.

(b) For purposes of this section, ''revenue exchange period'' means the period on and after July 1, 2004, and before the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

(c) Subdivision (a) is a self-executing provision that operates without regard to any decision or act on the part of any local government. A change in a local general tax rate resulting from either the rate limitations applied by subdivision (a) or the end of the revenue exchange period is not subject to voter approval under either statute or Article XIII C of the California Constitution.

SEC. 11. Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this act, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduction in sales and use tax revenues resulting from Section 7203.1 of the Revenue and Taxation Code, with those reduced revenues to be replaced as may otherwise be provided by law.

SEC. 12. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect

other provisions or applications that can be given effect without the invalid provision or application.

CONCURRENT RESOLUTION

2003–04

FIRST EXTRAORDINARY SESSION

2003 RESOLUTION CHAPTER

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 2—Relative to final adjournment of the 2003–04 First Extraordinary Session of the Legislature.

[Filed with Secretary of State July 31, 2003.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the 2003–04 First Extraordinary Session of the Legislature shall stand adjourned sine die at midnight on the date that this measure has been adopted by both houses of the Legislature.

2003–04

SECOND EXTRAORDINARY SESSION

EXTRAORDINARY SESSION SPECIAL RULES OF EFFECTIVENESS

Except for a statute calling an election, a statute providing for a tax levy or an appropriation calling for the usual current expenses of the state, and an urgency statute, all of which take effect immediately following enactment, a statute adopted during an extraordinary session takes effect on the 91st day following the adjournment of the special session (see subdivision (c) of Section 8 of Article IV of the California Constitution). The effective date of a joint resolution is the date it is filed with the Secretary of State.

The 2003–04 Second Extraordinary Session convened on January 23, 2003, and adjourned *sine die* on February 18, 2003. The 91st day after adjournment is May 20, 2003.

EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA

PROCLAMATION
by the
Governor of the State of California

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in special session; and

WHEREAS, on December 30, 2002, the Court of Appeal held in the case of *Marine Forests Society et al. v. California Coastal Commission et al.* that the present statutory scheme of legislative appointment and removal of voting members of the California Coastal Commission violates the separation of powers provisions of the California Constitution; and

WHEREAS, unless the Court's decision is reversed or modified by further judicial review or unless the matter is addressed by legislation, the California Coastal Commission may be unable to grant permits or issue cease and desist orders that are legally binding; and

WHEREAS, inability of the Coastal Commission to grant legally binding permits or take effective enforcement actions could cause irreparable harm to California's economy and environment, affecting thousands of individuals who own homes, businesses or other property within the coastal zone; and

WHEREAS, the Coastal Commission processes almost 2,000 permits per year, including applications for waivers and emergency permits; and

WHEREAS, if the Coastal Commission cannot approve legally binding permits, hundreds of property owners may be unable to build or make emergency repairs in compliance with the Coastal Act; and

WHEREAS, if the Coastal Commission cannot issue legally binding cease and desist orders, its ability to protect California's coastal resources will be severely limited; and

WHEREAS, almost 900 cases are pending before the Coastal Commission involving alleged violations of the Coastal Act, requiring resolution of the Commission's authority as soon as possible to avoid needless litigation, delay and costs to property owners and taxpayers; and

WHEREAS, the potential inability of the Coastal Commission to discharge its duties under the Coastal Act has created an extraordinary occasion requiring that the Legislature be convened in special session;

NOW, THEREFORE, I, GRAY DAVIS, Governor of the State of California, by virtue of the power and authority vested in me by Article IV, Section 3(b) of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in special session at Sacramento, California, on the 23rd day of January, 2003, at a time appointed by each house of the Legislature of said day for consideration and adoption of legislation to amend the provisions of the Public Resources Code which provide for appointment and removal of members of the Coastal Commission.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 22nd day of January 2003.

Gray Davis
Governor of California

SECOND EXTRAORDINARY SESSION

2003 CHAPTER

CHAPTER 1

An act to amend Section 30312 of the Public Resources Code, relating to the California Coastal Commission.

[Approved by Governor February 20, 2003. Filed with Secretary of State February 20, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 30312 of the Public Resources Code is amended to read:

30312. The term of office of commission members shall be as follows:

(a) (1) A person appointed by the Governor and qualified for membership because he or she holds a specified office as a locally elected official shall serve at the pleasure of the Governor. However, the membership shall cease 60 days after his or her term of office as a locally elected official ceases, or when a person has been appointed to fill that position by the Governor, if that occurs sooner.

(2) A person appointed by the Senate Committee on Rules or by the Speaker of the Assembly and qualified for membership because he or she holds a specified office as a locally elected official shall serve a term of four years. However, the membership shall cease 60 days after his or her term of office as a locally elected official ceases, if that occurs sooner.

(b) (1) A member appointed by the Governor shall serve for two years at the pleasure of the Governor, and may be reappointed for succeeding two-year periods, provided that the member may continue to serve beyond the two-year term until the Governor has acted and the appointee is authorized to sit and serve on the commission.

(2) A member appointed by the Senate Committee on Rules or the Speaker of the Assembly shall serve for four years, and may be reappointed for succeeding four-year periods, provided that the member may continue to serve beyond the four-year term until his or her appointing authority has acted and the appointee is authorized to sit and serve on the commission. If the Senate Committee on Rules or the Speaker of the Assembly has not acted within 60 days after the expiration of a member's term, the position shall become vacant until a person is appointed to a four-year term, calculated from the expiration date of the preceding term.

(c) If a vacancy occurs prior to the expiration of the term for the vacated seat, the appointing authority shall appoint a member for the remainder of the unexpired term pursuant to this chapter.

(d) On the effective date of the act adding this subdivision, the Senate Committee on Rules and the Speaker of the Assembly shall each appoint

two members to serve two-year terms and two members to serve four-year terms. All subsequent terms shall be for four years.

2003 RESOLUTION CHAPTER

RESOLUTION CHAPTER 1

Senate Concurrent Resolution No. 2—Relative to final adjournment of the 2003–04 Second Extraordinary Session of the Legislature.

[Filed with Secretary of State February 19, 2003.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the 2003–04 Second Extraordinary Session of the Legislature shall stand adjourned sine die at midnight on the date that this measure has been adopted by both houses of the Legislature.

2003–04

THIRD EXTRAORDINARY SESSION

EXTRAORDINARY SESSION SPECIAL RULES OF EFFECTIVENESS

Except for a statute calling an election, a statute providing for a tax levy or an appropriation calling for the usual current expenses of the state, and an urgency statute, all of which take effect immediately following enactment, a statute adopted during an extraordinary session takes effect on the 91st day following the adjournment of the special session (see subdivision (c) of Section 8 of Article IV of the California Constitution). The effective date of a joint resolution is the date it is filed with the Secretary of State.

The 2003–04 Third Extraordinary Session convened on November 18, 2003. This Extraordinary Session had not been adjourned prior to publication of this Statutes and Amendments to the Codes. Please refer to the succeeding year's Statutes and Amendments to the Codes.

EXECUTIVE DEPARTMENT

STATE OF CALIFORNIA

A PROCLAMATION

BY THE GOVERNOR OF THE STATE OF CALIFORNIA

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now therefore,

I, ARNOLD SCHWARZENEGGER, Governor of the State of California, by virtue of the power and authority vested in me by Section 3(b) Article IV of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet in extraordinary session at Sacramento, California on the 18th day of November, 2003, at a time to be determined, for the following purpose and to legislate upon the following subject:

To repeal Senate Bill 60 (Cedillo), an act to amend Sections 1653.5, 12800, 12801, 12814.5, and 13000 of, and to add Sections 12801.2 and 12801.9 to, the Vehicle Code, relating to vehicles, that was signed into law by the Governor on September 5, 2003, and filed with the Secretary of State on September 8, 2003.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 17th day of November, 2003.

ARNOLD SCHWARZENEGGER
Governor of California

ATTEST:

KEVIN SHELLEY
Secretary of State

STATUTES OF CALIFORNIA

2003–04

THIRD EXTRAORDINARY SESSION

2003 CHAPTER

CHAPTER 1

An act to amend Sections 1653.5, 12800, 12801, and 12801.5 of, and to repeal Sections 12801.2 and 12801.9 of, the Vehicle Code, and to repeal Section 9 of Chapter 326 of the Statutes of 2003, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 3, 2003. Filed with Secretary of State December 4, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 1653.5 of the Vehicle Code, as amended by Chapter 326 of the Statutes of 2003, is amended to read:

1653.5. (a) Every form prescribed by the department for use by an applicant for the issuance or renewal by the department of a driver's license or identification card pursuant to Division 6 (commencing with Section 12500) shall contain a section for the applicant's social security account number.

(b) Every form prescribed by the department for use by an applicant for the issuance, renewal, or transfer of the registration or certificate of title to a vehicle shall contain a section for the applicant's driver's license or identification card number.

(c) A person who submits to the department a form that, pursuant to subdivision (a), contains a section for the applicant's social security account number, or pursuant to subdivision (b), the applicant's driver's license or identification card number, if any, shall furnish the appropriate number in the space provided.

(d) The department shall not complete an application that does not include the applicant's social security account number or driver's license or identification card number as required under subdivision (c).

(e) An applicant's social security account number shall not be included by the department on a driver's license, identification card, registration, certificate of title, or any other document issued by the department.

(f) Notwithstanding any other provision of law, information regarding an applicant's social security account number, obtained by the department pursuant to this section, is not a public record and may not be disclosed by the department except for any of the following purposes:

(1) Responding to a request for information from an agency operating pursuant to, and carrying out the provisions of, Part A (Aid to Families with Dependent Children), or Part D (Child Support and Establishment of Paternity), of Subchapter IV of Chapter 7 of Title 42 of the United States Code.

(2) Implementation of Section 12419.10 of the Government Code.

(3) Responding to information requests from the Franchise Tax Board for the purpose of tax administration.

SEC. 2. Section 12800 of the Vehicle Code, as amended by Chapter 326 of the Statutes of 2003, is amended to read:

12800. Every application for an original or a renewal of a driver's license shall contain all of the following information:

(a) The applicant's true full name, age, sex, mailing address, residence address, and social security account number.

(b) A brief description of the applicant for the purpose of identification.

(c) A legible print of the thumb or finger of the applicant.

(d) The type of motor vehicle or combination of vehicles the applicant desires to operate.

(e) Whether the applicant has ever previously been licensed as a driver and, if so, when and in what state or country and whether or not the license has been suspended or revoked and, if so, the date of and reason for the suspension or revocation.

(f) Whether the applicant has ever previously been refused a driver's license in this state and, if so, the date of and the reason for the refusal.

(g) Whether the applicant, within the last three years, has experienced, on one or more occasions, either a lapse of consciousness or an episode of marked confusion caused by a condition that may bring about recurrent lapses, or whether the applicant has a disease, disorder, or disability that affects his or her ability to exercise reasonable and ordinary control in operating a motor vehicle upon a highway.

(h) Whether the applicant understands traffic signs and signals.

(i) Whether the applicant has ever previously been issued an identification card by the department.

(j) Any other information that is necessary to enable the department to determine whether the applicant is entitled to a license under this code.

SEC. 3. Section 12801 of the Vehicle Code, as amended by Chapter 326 of the Statutes of 2003, is amended to read:

12801. (a) Notwithstanding any other provision of law, the department shall require an application for a driver's license to contain the applicant's social security account number and any other number or identifier determined to be appropriate by the department.

(b) Notwithstanding any other law, the social security account number collected on a driver's license application shall not be displayed on the driver's license including, but not limited to, inclusion on a magnetic tape or strip used to store data on the license.

SEC. 4. Section 12801.2 of the Vehicle Code, as added by Chapter 326 of the Statutes of 2003, is repealed.

SEC. 5. Section 12801.5 of the Vehicle Code, as amended by Chapter 326 of the Statutes of 2003, is amended to read:

12801.5. (a) Notwithstanding any other provision of law, the department shall require an applicant for an original driver's license or identification card to submit satisfactory proof that the applicant's presence in the United States is authorized under federal law.

(b) The department shall not issue an original driver's license or identification card to a person who does not submit satisfactory proof that the applicant's presence in the United States is authorized under federal law.

(c) The department shall adopt regulations to carry out the purposes of this section, including procedures for, but not limited to, (1) verifying that the applicant's presence in the United States is authorized under federal law, (2) issuance of a temporary license pending verification of the applicant's status, and (3) appeal hearings from a denial of a license, temporary license, or identification card.

(d) On January 10 of each year, the department shall submit a supplemental budget report to the Governor and the Legislature detailing the costs of verifying the citizenship or legal residency of applicants for driver's licenses and identification cards, in order for the state to request reimbursement from the federal government.

(e) Notwithstanding Section 40300 or any other provision of law, a peace officer may not detain or arrest a person solely on the belief that the person is an unlicensed driver, unless the officer has reasonable cause to believe the person driving is under the age of 16 years.

(f) The inability to obtain a driver's license pursuant to this section does not abrogate or diminish in any respect the legal requirement of every driver in this state to obey the motor vehicle laws of this state, including laws with respect to licensing, motor vehicle registration, and financial responsibility.

SEC. 6. Section 12801.9 of the Vehicle Code, as added by Chapter 326 of the Statutes of 2003, is repealed.

SEC. 7. Section 9 of Chapter 326 of the Statutes of 2003 is repealed.

SEC. 8. This act shall become operative on January 1, 2004.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to negate the substantive provisions of Chapter 326 of the Statutes of 2003 as soon as possible, it is necessary that this act take effect immediately.

STATUTES OF CALIFORNIA

2003–04

FIFTH EXTRAORDINARY SESSION

2003 CHAPTERS

CHAPTER 1

An act relating to ballot measures, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 12, 2003. Filed with Secretary of State December 12, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the requirements of Sections 9040, 9043, 9044, 9061, and 9082 of the Elections Code or any other provision of law, the Secretary of State shall submit any constitutional amendment adopted by the Legislature at the 2003–04 Fifth Extraordinary Session to the voters at the March 2, 2004, statewide primary election.

SEC. 2. Notwithstanding Section 13115 of the Elections Code, any constitutional amendment adopted by the Legislature at the 2003–04 Fifth Extraordinary Session and any other measure placed on the ballot by the Legislature for the March 2, 2004, statewide primary election after the 131-day deadline set forth in Section 9040 of the Elections Code shall be placed on the ballot, following all other ballot measures, in the order in which they qualified as determined by chapter number.

SEC. 3. The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding any constitutional amendment adopted by the Legislature at the 2003–04 Fifth Extraordinary Session.

If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding this act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 4. Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title for at least one day. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot title, or portion thereof, to be amended or deleted only within that period.

SEC. 5. Notwithstanding any other provision of law, all ballots of the March 2, 2004, primary election shall have printed thereon and in a square thereof, the words: ''The California Balanced Budget Act'' and in the same square under those words, the following in eight-point type:

- Requires enactment of a balanced budget where General Fund expenditures do not exceed estimated General Fund revenues.
- Allows the Governor to proclaim a fiscal emergency in specified circumstances, and submit proposed legislation to address the fiscal emergency.
- Requires the Legislature to stop other action and act on legislation proposed to address the emergency.
- Establishes a budget reserve.
- Provides that the California Economic Recovery Bond Act is for a single object or work.
- Prohibits any future deficit bonds.

Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Notwithstanding Sections 9051, 13247, and 13281 of the Elections Code, the ballot label shall be: "Requires the enactment of a balanced budget, addresses fiscal emergencies, and establishes a budget reserve." This shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 6. Notwithstanding Section 9087 of the Elections Code or any other provision of law, the Legislative Analyst is not required to submit his or her analysis of a ballot measure that must appear in a supplemental ballot pamphlet for the March 2, 2004, primary election to a committee for review.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To ensure that any constitutional amendment adopted by the Legislature at the 2003–04 Fifth Extraordinary Session is submitted to the voters at the March 2, 2004, statewide primary election, it is necessary that this act take immediate effect.

CHAPTER 2

An act to amend Sections 99006 and 99008 of, to add Title 18 (commencing with Section 99050) to, and to repeal and add Section 29530 of, the Government Code, and to repeal and add Sections 97.68, 6051.5, 6201.5, 7202, 7203, and 7203.1 of the Revenue and Taxation Code, relating to fiscal recovery financing, by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor December 12, 2003. Filed with Secretary of State December 12, 2003.]

The people of the State of California do enact as follows:

SECTION 1. Section 29530 of the Government Code is repealed:

SEC. 1.25. Section 29530 is added to the Government Code, to read:

29530. (a) If the board of supervisors so agrees by contract with the State Board of Equalization, the board of supervisors shall establish a local transportation fund in the county treasury and shall deposit in the fund all revenues transmitted to the county by the State Board of Equalization under Section 7204 of the Revenue and Taxation Code, which are derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 of the Revenue and Taxation Code cease to apply, at a rate in excess of three-quarters of 1 percent, pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of that code, less an allocation of the cost of the services of the State Board of Equalization in administering the sales and use tax ordinance related to the rate in excess of 1 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 of the Revenue and Taxation Code cease to apply, to the rate in excess of three-quarters of 1 percent, and of the Director of Transportation and the Controller in administering the responsibilities assigned to him or her in Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code.

(b) Any interest or other income earned by investment or otherwise of the local transportation fund shall accrue to and be a part of the fund.

SEC. 1.5. Section 99006 of the Government Code is amended to read:

99006. (a) The Director of Finance shall, as chairperson of the authority, take all actions necessary to have included in the annual Governor's Budget for each fiscal year in which the Fiscal Recovery Fund is in existence and any bonds or ancillary obligations remain outstanding, an appropriation of the special sales tax revenues received in that fiscal year to pay those obligations. The director shall further use his or her best efforts to have included in the annual Budget Bill or another bill separate from the annual Budget Bill, for each fiscal year in which the Fiscal Recovery Fund is in existence and any bonds or ancillary obligations remain outstanding, an appropriation of the special sales tax revenues received in that fiscal year for the purposes of this title. The director shall notify the trustee and, if the trustee is not the Treasurer, notify the Treasurer, in each applicable year of the actions taken pursuant to this subdivision, including providing copies of the Governor's Budget and either the annual Budget Bill or other bill proposing an appropriation of the special sales tax revenue.

(b) The Director of Finance shall notify the Treasurer, the trustee, and the board when, in each case, (1) and (2) of the following events have occurred:

(1) Any of the following has occurred:

(A) All bonds issued pursuant to this title and all related ancillary obligations have been paid or retired.

(B) Payment of the principal of and interest on all bonds issued pursuant to this title and ancillary obligations have been irrevocably provided for pursuant to the indenture and no bonds are deemed "outstanding" pursuant to the indenture.

(C) The Fiscal Recovery Fund holds sufficient funds to pay the principal of, and interest to final maturity on, all bonds issued pursuant to this title that are outstanding and to pay all ancillary obligations, if those funds were appropriated for that purpose by the Legislature.

(D) No bonds were issued pursuant to this title and the Director of Finance, as chairperson of the authority, announces that no bonds will be issued pursuant to this title.

(2) Any of the following has occurred:

(A) All bonds issued pursuant to Title 18 (commencing with Section 99050) and all ancillary obligations relating thereto have been paid or retired.

(B) Payment of the principal of and interest on all of those bonds and the payment of ancillary obligations identified in subparagraph (A) has been irrevocably provided for pursuant to the related resolution and no

bonds or ancillary obligations are deemed ''outstanding'' pursuant to that resolution.

(C) The Fiscal Recovery Fund holds sufficient funds to pay the principal of, and interest to final maturity on, all of the bonds and to pay ancillary obligations identified in subparagraph (A) that are outstanding.

(D) The Economic Recovery Bond Act was not approved by the voters.

(c) Notwithstanding any other provision of law, Section 5924 shall not apply to payment of any fees or costs of any ancillary obligations entered into by the authority or the Treasurer in connection with any bonds issued pursuant to this title.

(d) For purposes of subdivision (d) of Section 6051.5, and subdivision (d) of Section 6201.5, of the Revenue and Taxation Code, and Section 99010 of this code, notification pursuant to subdivision (b) shall be deemed to be given by the Director of Finance only when the notifications described in both paragraph (1) and paragraph (2) of subdivision (b) have been given.

SEC. 2. Section 99008 of the Government Code is amended to read:

99008. (a) The Fiscal Recovery Fund is hereby created as a special fund in the State Treasury.

(b) Moneys in the Fiscal Recovery Fund shall be invested in the Surplus Money Investment Fund, except as otherwise provided in a resolution adopted pursuant to Title 18 (commencing with Section 99050), and any income from that investment shall be credited to the Fiscal Recovery Fund.

(c) (1) Except for funds appropriated pursuant to subdivision (d), amounts in the Fiscal Recovery Fund, together with earnings thereon, shall be available solely for the purposes set forth in subdivision (c) of Section 99002 upon appropriation by the Legislature in each fiscal year. Upon an appropriation, if any, by the Legislature for the purposes specified in subdivision (c) of Section 99002 in a fiscal year, for the balance of that fiscal year all appropriated moneys then held or to be received in the Fiscal Recovery Fund for that purpose shall constitute available revenues and shall be disbursed to the trustee not less frequently than once per month. Available revenues shall belong to the authority, absolutely and unconditionally, and without any right of setoff, recoupment, or counterclaim.

(2) Paragraph (1) and subdivision (d) shall become inoperative on the date on which all bonds and ancillary obligations issued pursuant to this title are not outstanding, as certified by the Director of Finance pursuant to paragraph (1) of subdivision (b) of Section 99006. On and after the date on which paragraph (1) and subdivision (d) become inoperative, the Fiscal Recovery Fund shall be used solely for the purpose set forth in

Section 99072 and, as provided in Section 99072, shall be continuously appropriated for that purpose.

(d) Notwithstanding Section 13340, an amount not to exceed one million dollars ($1,000,000) per fiscal year is hereby continuously appropriated from the Fiscal Recovery Fund to the authority, without regard to fiscal years, sufficient to pay administrative costs as approved by the Director of Finance.

SEC. 3. Title 18 (commencing with Section 99050) is added to the Government Code, to read:

TITLE 18. THE ECONOMIC RECOVERY BOND ACT

CHAPTER 1. GENERAL PROVISIONS

99050. (a) This title shall be known and may be cited as the Economic Recovery Bond Act.

(b) The Legislature finds and declares that it is essential to the public welfare that an efficient, equitable, and alternative source of funding be established in order to preserve public education and critical health and safety programs that otherwise could not be funded in light of the accumulated state budget deficit, and that securing the availability of the proceeds of the bonds proposed to be issued and sold pursuant to this title is the most efficient, equitable, and economical means available.

99051. As used in this title, the following terms have the following meanings:

(a) (1) ''Accumulated state budget deficit'' has the same meaning as in Section 1.3 of Article XVI of the California Constitution.

(2) The amount referred to in paragraph (1) shall be as certified by the Director of Finance.

(b) ''Ancillary obligation'' means an obligation of the state entered into in connection with any bonds issued under this title, including the following:

(1) A credit enhancement or liquidity agreement, including any credit enhancement or liquidity agreement in the form of bond insurance, letter of credit, standby bond purchase agreement, reimbursement agreement, liquidity facility, or other similar arrangement.

(2) A remarketing agreement.

(3) An auction agent agreement.

(4) A broker-dealer agreement or other agreement relating to the marketing of the bonds.

(5) An interest rate or other type of swap or hedging contract.

(6) An investment agreement, forward purchase agreement, or similar structured investment contract.

(c) ''Committee'' means the Economic Recovery Financing Committee created pursuant to Section 99055.

(d) ''Fund'' means the Economic Recovery Fund created pursuant to Section 99060.

(e) ''Resolution'' means any resolution, trust agreement, indenture, certificate, or other instrument authorizing the issuance of bonds pursuant to this title and providing for their security and repayment.

(f) ''Trustee'' means the Treasurer or a bank or trust company within or without the state acting as trustee for any issue of bonds under this title and, if there is more than one issue of bonds, the term means the trustee for each issue of bonds, respectively. If there are cotrustees for an issue of bonds, ''trustee'' means those cotrustees collectively.

CHAPTER 2. ECONOMIC RECOVERY FINANCING COMMITTEE

99055. (a) Solely for the purpose of authorizing the issuance and sale pursuant to the State General Obligation Bond Law of the bonds authorized by this title and the making of those determinations and the taking of other actions as are authorized by this title, the Economic Recovery Financing Committee is hereby created. For purposes of this title, the Economic Recovery Financing Committee is ''the committee'' as that term is used in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2).

(b) The committee consists of all of the following members:

(1) The Governor or his or her designee.

(2) The Director of Finance.

(3) The Treasurer.

(4) The Controller.

(5) The Secretary of Business, Transportation and Housing.

(6) The Director of General Services.

(7) The Director of Transportation.

(c) Notwithstanding any other provision of law, any member may designate a deputy to act as that member in his or her place and stead for all purposes, as though the member were personally present.

(d) The Legislature finds and declares that each member of the committee has previously acted as a member of a similar finance committee.

(e) A majority of the members of the committee shall constitute a quorum of the committee and may act for the committee.

(f) The Director of Finance shall serve as chairperson of the committee.

CHAPTER 3. ECONOMIC RECOVERY FUND

99060. (a) The proceeds of bonds issued and sold pursuant to this title shall be deposited in the Economic Recovery Fund, which is hereby established in the State Treasury.

(b) Moneys in the fund shall be invested in the Surplus Money Investment Fund, and any income from that investment shall be credited to the fund.

(c) Except for amounts necessary to pay costs of issuance, administrative costs, and any other costs payable in connection with the bonds, and to retire or refund bonds issued and sold pursuant to this title or bonds issued and sold under Title 17 (commencing with Section 99000), the remaining balance of the fund, as determined by the committee, shall be transferred to the General Fund to fund the purposes set forth in this title.

99062. Out of the first money realized from the sale of bonds as provided in this chapter, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5, the amount of all expenditures made for purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.

99064. The proceeds of the bonds issued and sold pursuant to this chapter shall be available for the purpose of providing an efficient, equitable, and economical means of doing both of the following:

(a) Funding the accumulated budget deficit, which may be accomplished in part by refunding or repaying bonds issued pursuant to Title 17 (commencing with Section 99000).

(b) Paying costs relating to the issuance of bonds under this title, including, but not limited to, providing reserves, capitalized interest, and the costs of obtaining or entering into any ancillary obligation, costs associated with the repayment or refunding of the fiscal recovery bonds issued pursuant to Title 17 (commencing with Section 99000), and administrative and other costs associated with implementing the purposes of this title.

CHAPTER 4. BOND PROVISIONS

99065. (a) Subject to subdivision (b), bonds in the total amount of fifteen billion dollars ($15,000,000,000), not including the amount of any refunding bonds issued in accordance with Section 99075, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this title and to reimburse the General Obligation Bond Expense Revolving Fund, pursuant to Section 16724.5. The bonds, when sold, shall be and

constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable. Additionally, the bonds, when sold, shall be secured by a pledge of revenues and any other amounts in the Fiscal Recovery Fund created pursuant to Section 99008. The bonds may be secured by different lien priorities on amounts in the Fiscal Recovery Fund.

(b) The amount of bonds that may be issued and sold pursuant to subdivision (a) shall be reduced by the amount of bonds issued pursuant to Title 17 (commencing with Section 99000), and by the amount of bonds issued pursuant to the California Pension Obligation Financing Act (Chapter 7 (commencing with Section 16910) of Part 3 of Division 4 of Title 2), except to the extent those bonds will be retired, defeased, or redeemed with the proceeds of bonds authorized by this title.

(c) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee. The bonds shall be sold upon the terms and conditions specified in a resolution to be adopted by the committee pursuant to Section 16731 and Section 99070. Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value. Notwithstanding Section 16754.3, the discount with respect to any issue of the bonds shall not exceed 3 percent of the par value thereof, net of any premium.

99066. The bonds authorized by this title shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2), and all of the provisions of that law, except subdivisions (a) and (b) of Section 16727 or any other provision in that law that is inconsistent with the terms of this title, apply to the bonds and to this title and are hereby incorporated in this title as though set forth in full in this title.

99067. For purposes of this title, the Department of Finance is designated the ‘‘board’’ as that term is used in the State General Obligation Bond Law.

99069. Notwithstanding any other provision of this title, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this title that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes subject to designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and for the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the

investment and use of those bond proceeds that is required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

99070. (a) (1) The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this title in order to carry out the purposes of this title and, if so, the amount of bonds to be issued and sold, the times at which the proceeds of the bonds authorized by this title shall be required to be available, and those other terms and conditions for the bonds authorized by this title as it shall determine necessary or desirable.

(2) In addition to all other powers specifically granted in this title and the State General Obligation Bond Law, the committee may do all things necessary or convenient to carry out the powers and purposes of this title, including the approval of any indenture and any ancillary obligation relating to those bonds, and the delegation of necessary duties to the chairperson, and to the Treasurer as agent for sale of the bonds.

(3) The committee shall determine the amount of the bonds to be issued so that the net proceeds of the bonds issued to fund the accumulated budget deficit, when added to the net proceeds of any bonds issued pursuant to Title 17 (commencing with Section 99000) for that purpose, exclusive of bonds issued pursuant to this title for the purpose of refunding bonds issued pursuant to this title or Title 17 (commencing with Section 99000), will not exceed fifteen billion dollars ($15,000,000,000) in the aggregate. Nothing in this section shall be construed to limit the ability of the committee to authorize the issuance of any amount of bonds that it shall determine necessary or appropriate to accomplish the purposes of this title, including the refunding or redemption of the bonds issued pursuant to Title 17 (commencing with Section 99000), subject to the limit on the total amount of bonds set forth in Section 99065.

(b) Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time. In addition to all other powers specifically granted in this title and the State General Obligation Bond Law, the committee may do all things necessary or convenient, including the delegation of necessary duties to the chairperson and to the Treasurer as agent for sale of the bonds, to carry out the powers and purposes of this title.

99071. The principal of and interest on the bonds and the payment of any ancillary obligations shall be payable from and secured by a pledge of all state sales and use tax revenues in the Fiscal Recovery Fund established pursuant to Section 99008 and any earnings thereon. To the extent that moneys in the Fiscal Recovery Fund are deemed insufficient

to make these payments, pursuant to an estimate certified by the Director of Finance and approved by the committee, there shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds and the payment of any ancillary obligations for which payment is authorized by this title and for which the full faith and credit of the state has been pledged. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

99072. (a) Notwithstanding Section 13340, there is hereby continuously appropriated from the Fiscal Recovery Fund established pursuant to Section 99008 an amount that will equal the total of the following:

(1) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold as described in Section 99070, as the principal and interest become due and payable, together with any amount necessary to satisfy any reserve and coverage requirements in the resolution.

(2) The sum necessary to pay any ancillary obligations entered into in connection with the bonds.

(3) Any trustee and other administrative costs incurred in connection with servicing the bonds and ancillary obligations.

(4) Redemption, retirement, defeasance or purchase of any bonds as authorized by the committee prior to their stated maturity dates.

(b) Notwithstanding Section 13340, if the funds appropriated by subdivision (a) are estimated to be insufficient to meet the requirement specified in paragraphs (1) to (4), inclusive, of subdivision (a), as approved pursuant to Section 99071, there is hereby continuously appropriated from the General Fund, for the purposes of this chapter, an amount that will provide sufficient revenues to meet whatever requirements specified in paragraphs (1) to (4), inclusive, of subdivision (a) cannot be met from revenues appropriated from the Fiscal Recovery Fund.

(c) The sales and use tax revenues received pursuant to Sections 6051.5 and 6201.5 of the Revenue and Taxation Code and deposited into the Fiscal Recovery Fund are hereby irrevocably pledged to the payment of principal and interest on the bonds issued pursuant to this title, to payment of any ancillary obligations, and to costs necessary for servicing and administering the bonds and ancillary obligations. The Legislature may elect to deposit additional revenues in the Fiscal Recovery Fund. The pledge of this subdivision shall vest automatically upon execution and delivery of any resolution or agreement relating to

ancillary obligations, without the need for any notice or filing in any office or location.

99074. All money deposited in the Deficit Recovery Fund that is derived from accrued interest on bonds sold shall be reserved in that fund and shall be available for transfer to the Fiscal Recovery Fund as a credit to expenditures for bond interest.

99075. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2, which is a part of the State General Obligation Bond Law. Approval by the electors of the state for the issuance of the bonds described in this title shall include approval of the issuance of any bonds issued to refund any bonds originally issued under this title or any previously issued refunding bonds.

99076. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this title are not ''proceeds of taxes'' as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

99077. The state hereby pledges and agrees with the holders of any bonds issued pursuant to this title that it will not reduce the rate of imposition of either of the taxes imposed pursuant to Sections 6051.5 and 6201.5 of the Revenue and Taxation Code, which generate the revenue deposited in the Fiscal Recovery Fund.

SEC. 4. Section 97.68 of the Revenue and Taxation Code is repealed.

SEC. 4.1. Section 97.68 is added to the Revenue and Taxation Code, to read:

97.68. Notwithstanding any other provision of law, in allocating ad valorem property tax revenue allocations for each fiscal year during the fiscal adjustment period, all of the following apply:

(a) (1) The total amount of ad valorem property tax revenue otherwise required to be allocated to a county's Educational Revenue Augmentation Fund shall be reduced by the countywide adjustment amount.

(2) The countywide adjustment amount shall be deposited in a Sales and Use Tax Compensation Fund that shall be established in the treasury of each county.

(b) For purposes of this section, the following definitions apply:

(1) ''Fiscal adjustment period'' means the period beginning with the 2004–05 fiscal year and continuing through the fiscal year in which the Director of Finance notifies the State Board of Equalization pursuant to subdivision (b) of Section 99006 of the Government Code.

(2) ''Countywide adjustment amount'' means the combined total revenue loss of the county and each city in the county that is annually

estimated by the Director of Finance, based on the taxable sales in that county in the prior fiscal year as determined by the State Board of Equalization and reported to the director on or before August 15 of each fiscal year during the fiscal adjustment period, to result for each of those fiscal years from the 0.25 percent reduction in local sales and use rate tax authority applied by Section 7203.1.

(c) For each fiscal year during the fiscal adjustment period, moneys in the Sales and Use Tax Compensation Fund shall be allocated among the county and the cities in the county, and those allocations shall be subsequently adjusted, as follows:

(1) The Director of Finance shall, on or before September 1 of each fiscal year during the fiscal adjustment period, notify each county auditor of that portion of the countywide adjustment amount for that fiscal year that is attributable to the county and to each city within that county.

(2) The county auditor shall allocate revenues in the Sales and Use Tax Compensation Fund among the county and cities in the county in the amounts described in paragraph (1). The auditor shall allocate one-half of the amount described in paragraph (1) in each January during the fiscal adjustment period and shall allocate the balance of that amount in each May during the fiscal adjustment period.

(3) After the end of each fiscal year during the fiscal adjustment period, other than a fiscal year subject to subdivision (d), the Director of Finance shall, based on the actual taxable sales for the prior fiscal year, recalculate each amount estimated under paragraph (1) and notify the county auditor of the recalculated amount.

(4) If the amount recalculated under paragraph (3) for the county or any city in the county is greater than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, transfer an amount of ad valorem property tax revenue equal to this difference from the Sales and Use Tax Compensation Fund to that local agency.

(5) If the amount recalculated under paragraph (3) for the county or any city in the county is less than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, reduce the total amount of ad valorem property tax revenue otherwise allocated to that city or county from the Sales and Use Tax Compensation Fund by an amount equal to this difference and instead allocate this difference to the county Educational Revenue Augmentation Fund.

(6) If there is an insufficient amount of moneys in a county's Sales and Use Tax Compensation Fund to make the transfers required by paragraph (4), the county auditor shall transfer from the county

Educational Revenue Augmentation Fund an amount sufficient to make the full amount of these transfers.

(d) (1) If Section 7203.1 ceases to be operative during any calendar quarter that is not the calendar quarter in which the fiscal year begins, the excess amount, as defined in paragraph (2), of the county and each city in the county shall be reallocated from each of those local agencies to the Educational Revenue Augmentation Fund.

(2) For purposes of this subdivision, ''excess amount'' means the product of both of the following:

(A) The total amount of ad valorem property tax revenue allocated to that local agency pursuant to paragraph (2) of subdivision (c).

(B) That percentage of the fiscal year in which Section 7203.1 is not operative.

(e) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, may not reflect any portion of any property tax revenue allocation required by this section for a preceding fiscal year.

(f) This section may not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to cities, counties, cities and counties, or special districts pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3, had this section not been enacted. The allocation made pursuant to subdivisions (a) and (c) shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is determined or allocated in a county.

(g) Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduced sales and use tax revenues, resulting from the temporary reduction in the local sales and use tax rate, with those reduced revenues to be replaced in kind by property tax revenue from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund, on a temporary basis, as provided by this section.

SEC. 4.11. Section 6051.5 of the Revenue and Taxation Code is repealed.

SEC. 4.12. Section 6051.5 is added to the Revenue and Taxation Code, to read:

6051.5. (a) In addition to the taxes imposed by Section 6051 and any other provision of this part, for the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers at the rate of one-quarter of 1 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this state.

(b) All revenues, net of refunds, received pursuant to this section shall be deposited in the State Treasury to the credit of the Fiscal Recovery Fund, as established pursuant to Section 99008 of the Government Code.

(c) Revenues received pursuant to this section accruing to the Fiscal Recovery Fund shall not be considered to be ''State General Fund proceeds of taxes appropriated pursuant to Article XIII B'' within the meaning of either Section 8 of Article XVI of the California Constitution or Section 41202 of the Education Code.

(d) This section shall become operative on July 1, 2004, and shall cease to be operative on the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

SEC. 4.13. Section 6201.5 of the Revenue and Taxation Code is repealed.

SEC. 4.14. Section 6201.5 is added to the Revenue and Taxation Code, to read:

6201.5. (a) In addition to the taxes imposed by Section 6201 and any other provision of this part, an excise tax is hereby imposed on the storage, use, or other consumption in this state of tangible personal property purchased from any retailer at the rate of one-quarter of 1 percent of the sales price of the property.

(b) All revenues, net of refunds, received pursuant to this section shall be deposited in the State Treasury to the credit of the Fiscal Recovery Fund, as established pursuant to Section 99008 of the Government Code.

(c) Revenues received pursuant to this section accruing to the Fiscal Recovery Fund shall not be considered to be ''State General Fund proceeds of taxes appropriated pursuant to Article XIII B'' within the meaning of either Section 8 of Article XVI of the California Constitution or Section 41202 of the Education Code.

(d) This section shall become operative on July 1, 2004, and shall cease to be operative on the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

SEC. 4.15. Section 7202 of the Revenue and Taxation Code is repealed.

SEC. 4.16. Section 7202 is added to the Revenue and Taxation Code, to read:

7202. The sales tax portion of any sales and use tax ordinance adopted under this part shall be imposed for the privilege of selling tangible personal property at retail, and shall include provisions in substance as follows:

(a) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the county at the rate of $1^1/_4$ percent of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the county.

(b) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales taxes, except that the name of the county as the taxing agency shall be substituted for that of the state and that an additional seller's permit shall not be required if one has been or is issued to the seller under Section 6067.

(c) A provision that all amendments subsequent to the effective date of the enactment of Part 1 (commencing with Section 6001) relating to sales tax and not inconsistent with this part, shall automatically become a part of the sales tax ordinance of the county.

(d) A provision that the county shall contract prior to the effective date of the county sales and use tax ordinances with the State Board of Equalization to perform all functions incident to the administration or operation of the sales and use tax ordinance of the county. Any such contract shall contain a provision that the county agrees to comply with the provisions of Article 11 (commencing with Section 29530) of Chapter 2 of Division 3 of Title 3 of the Government Code.

(e) A provision that the ordinance may be made inoperative not less than 60 days, but not earlier than the first day of the calendar quarter, following the county's lack of compliance with Article 11 (commencing with Section 29530) of Chapter 2 of Division 3 of Title 3 of the Government Code or following an increase by any city within the county of the rate of its sales or use tax above the rate in effect at the time the county ordinance was enacted.

(f) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(g) A provision that there is exempted from the sales tax 80 percent, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 cease to apply, 75 percent, of the gross receipts from the sale of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the county in which the sale is made and directly and exclusively in the use of the aircraft as common carriers of persons or property under

the authority of the laws of this state, the United States, or any foreign government.

(h) A provision that any person subject to a sales and use tax under the county ordinance shall be entitled to credit against the payment of taxes due under that ordinance the amount of sales and use tax due to any city in the county; provided that the city sales and use tax is levied under an ordinance including provisions in substance as follows:

(1) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the city at the rate of 1 percent or less of the gross receipts of the retailer from the sale of all tangible personal property sold by that person at retail in the city and a use tax of 1 percent or less of purchase price upon the storage, use or other consumption of tangible personal property purchased from a retailer for storage, use or consumption in the city.

(2) Provisions identical to those contained in Part 1 (commencing with Section 6001), insofar as they relate to sales and use taxes, except that the name of the city as the taxing agency shall be substituted for that of the state (but the name of the city shall not be substituted for the word ''state'' in the phrase ''retailer engaged in business in this state'' in Section 6203 nor in the definition of that phrase in Section 6203) and that an additional seller's permit shall not be required if one has been or is issued to the seller under Section 6067.

(3) A provision that all amendments subsequent to the effective date of the enactment of Part 1 (commencing with Section 6001) relating to sales and use tax and not inconsistent with this part, shall automatically become a part of the sales and use tax ordinance of the city.

(4) A provision that the city shall contract prior to the effective date of the city sales and use tax ordinance with the State Board of Equalization to perform all functions incident to the administration or operation of the sales and use tax ordinance of the city which shall continue in effect so long as the county within which the city is located has an operative sales and use tax ordinance enacted pursuant to this part.

(5) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with this part by any city and county, county, or city in this state, shall be exempt from the tax due under this ordinance.

(6) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(7) A provision that there are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property to operators of aircraft to be used or consumed principally outside the city in which the sale is made and directly and

exclusively in the use of the aircraft as common carriers of persons or property under the authority of the laws of this state, the United States, or any foreign government.

(8) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1, the storage, use, or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by the operators directly and exclusively in the use of the aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempt from the use tax.

SEC. 4.17. Section 7203 of the Revenue and Taxation Code is repealed.

SEC. 4.18. Section 7203 is added to the Revenue and Taxation Code, to read:

7203. The use tax portion of any sales and use tax ordinance adopted under this part shall impose a complementary tax upon the storage, use or other consumption in the county of tangible personal property purchased from any retailer for storage, use or other consumption in the county. That tax shall be at the rate of $1\frac{1}{4}$ percent of the sales price of the property whose storage, use or other consumption is subject to the tax and shall include:

(a) Provisions identical to the provisions contained in Part 1 (commencing with Section 6001), other than Section 6201 insofar as those provisions relate to the use tax, except that the name of the county as the taxing agency enacting the ordinance shall be substituted for that of the state (but the name of the county shall not be substituted for the word ''state'' in the phrase ''retailer engaged in business in this state'' in Section 6203 nor in the definition of that phrase in Section 6203).

(b) A provision that all amendments subsequent to the date of such ordinance to the provisions of the Revenue and Taxation Code relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance.

(c) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with this part by any city and county, county, or city in this state, shall be exempt from the tax due under this ordinance.

(d) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California upon a retailer or consumer.

(e) A provision that, in addition to the exemptions provided in Sections 6366 and 6366.1, the storage, use, or other consumption of tangible personal property, other than fuel or petroleum products,

purchased by operators of aircraft and used or consumed by the operators directly and exclusively in the use of the aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States or any foreign government is exempt from 80 percent of the use tax, and on and after July 1, 2004, until the rate modifications in subdivision (a) of Section 7203.1 cease to apply, exempt from 75 percent of the use tax.

SEC. 4.19. Section 7203.1 of the Revenue and Taxation Code is repealed.

SEC. 4.20. Section 7203.1 is added to the Revenue and Taxation Code, to read:

7203.1. (a) Notwithstanding any other provision of law, during the revenue exchange period only, the authority of a county or a city under this part to impose a tax rate as specified in an ordinance adopted pursuant to Sections 7202 and 7203 is suspended, and the tax rate to be applied instead during that period under any ordinance as so adopted is the applicable of the following:

(1) In the case of a county, 1 percent.

(2) In the case of a city, three-quarters of 1 percent.

(b) For purposes of this section, ''revenue exchange period'' means the period on and after July 1, 2004, and before the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

(c) Subdivision (a) is a self-executing provision that operates without regard to any decision or act on the part of any local government. A change in a local general tax rate resulting from either the rate limitations applied by subdivision (a) or the end of the revenue exchange period is not subject to voter approval under either statute or Article XIII C of the California Constitution.

(d) Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduction in sales and use tax revenues resulting from this section, with those reduced revenues to be replaced as may otherwise be provided by law.

SEC. 5. (a) Notwithstanding the requirements of Sections 9040, 9043, 9044, 9061, and 9082 of the Elections Code or any other provision of law, the Secretary of State shall submit Section 3 of this act to the voters at the March 2, 2004, statewide primary election.

(b) Notwithstanding Section 13115 of the Elections Code, Section 3 of this act and any other measure placed on the ballot by the Legislature for the March 2, 2004, statewide primary election after the 131-day

deadline set forth in Section 9040 of the Elections Code shall be placed on the ballot, following all other ballot measures, in the order in which they qualified as determined by chapter number.

(c) Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title for at least one day. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot title, or portion thereof, to be amended or deleted only within that period.

(d) Notwithstanding Section 9087 of the Elections Code or any other provision of law, the Legislative Analyst is not required to submit his or her analysis of a ballot measure that must appear in a supplemental ballot pamphlet for the March 2, 2004, primary election to a committee for review.

(e) The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding the bond act contained in Section 3 of this act. If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding this act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 6. (a) Notwithstanding any other provision of law, all ballots of the March 2, 2004, statewide primary election shall have printed thereon and in a square thereof, the words ''The Economic Recovery Bond Act,'' and in the same square under those words, the following in 8-point type:

> ''A one time Economic Recovery Bond of up to fifteen billion dollars ($15,000,000,000) to pay off the state's accumulated General Fund deficit as of June 30, 2004. The Economic Recovery Bond will only be issued if the California Balanced Budget Act is also approved by the voters. The bonds will be secured by existing tax revenues and by other revenues that could be deposited in a special fund.''

Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) Notwithstanding Sections 9051, 13247, and 13281 of the Elections Code, the ballot label shall be: ''One time bond of up to fifteen billion dollars ($15,000,000,000) to retire deficit.'' This shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may

include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

(c) Where voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 7. If any provision of this act or application thereof is held to be invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

SEC. 8. Sections 1 to 4.20, inclusive, of this act shall become operative only if both of the following occur:

(a) ACA 5 of the 2003–04 Fifth Extraordinary Session is submitted to and approved by the voters at the March 2, 2004, statewide primary election.

(b) The voters adopt the Economic Recovery Bond Act, as set forth in Section 3 of this act.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide funds necessary to reduce the accumulated budget deficit, it is necessary that this act take effect immediately.

CONSTITUTIONAL AMENDMENT

2003–04

FIFTH EXTRAORDINARY SESSION

2003 RESOLUTION CHAPTER

RESOLUTION CHAPTER 1

Assembly Constitutional Amendment No. 5—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by amending Sections 10 and 12 of Article IV thereof, and by adding Sections 1.3 and 20 to Article XVI thereof, relating to state finance.

[Filed with Secretary of State December 12, 2003.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 2003–04 Fifth Extraordinary Session commencing on the eighteenth day of November 2003, two-thirds of the membership of each house concurring, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows:

First—That Section 10 of Article IV is amended to read:

SEC. 10. (a) Each bill passed by the Legislature shall be presented to the Governor. It becomes a statute if it is signed by the Governor. The Governor may veto it by returning it with any objections to the house of origin, which shall enter the objections in the journal and proceed to reconsider it. If each house then passes the bill by rollcall vote entered in the journal, two-thirds of the membership concurring, it becomes a statute.

(b) (1) Any bill, other than a bill which would establish or change boundaries of any legislative, congressional, or other election district, passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, that is not returned within 30 days after that date becomes a statute.

(2) Any bill passed by the Legislature before September 1 of the second calendar year of the biennium of the legislative session and in the possession of the Governor on or after September 1 that is not returned on or before September 30 of that year becomes a statute.

(3) Any other bill presented to the Governor that is not returned within 12 days becomes a statute.

(4) If the Legislature by adjournment of a special session prevents the return of a bill with the veto message, the bill becomes a statute unless the Governor vetoes the bill within 12 days after it is presented by depositing it and the veto message in the office of the Secretary of State.

(5) If the 12th day of the period within which the Governor is required to perform an act pursuant to paragraph (3) or (4) of this subdivision is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday.

(c) Any bill introduced during the first year of the biennium of the legislative session that has not been passed by the house of origin by January 31 of the second calendar year of the biennium may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year except statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes, and bills passed after being vetoed by the Governor.

(d) The Legislature may not present any bill to the Governor after November 15 of the second calendar year of the biennium of the legislative session.

(e) The Governor may reduce or eliminate one or more items of appropriation while approving other portions of a bill. The Governor shall append to the bill a statement of the items reduced or eliminated with the reasons for the action. The Governor shall transmit to the house originating the bill a copy of the statement and reasons. Items reduced or eliminated shall be separately reconsidered and may be passed over the Governor's veto in the same manner as bills.

(f) (1) If, following the enactment of the budget bill for the 2004–05 fiscal year or any subsequent fiscal year, the Governor determines that, for that fiscal year, General Fund revenues will decline substantially below the estimate of General Fund revenues upon which the budget bill for that fiscal year, as enacted, was based, or General Fund expenditures will increase substantially above that estimate of General Fund revenues, or both, the Governor may issue a proclamation declaring a fiscal emergency and shall thereupon cause the Legislature to assemble in special session for this purpose. The proclamation shall identify the nature of the fiscal emergency and shall be submitted by the Governor to the Legislature, accompanied by proposed legislation to address the fiscal emergency.

(2) If the Legislature fails to pass and send to the Governor a bill or bills to address the fiscal emergency by the 45th day following the issuance of the proclamation, the Legislature may not act on any other bill, nor may the Legislature adjourn for a joint recess, until that bill or those bills have been passed and sent to the Governor.

(3) A bill addressing the fiscal emergency declared pursuant to this section shall contain a statement to that effect.

Second—That Section 12 of Article IV is amended to read:

SEC. 12. (a) Within the first 10 days of each calendar year, the Governor shall submit to the Legislature, with an explanatory message, a budget for the ensuing fiscal year containing itemized statements for recommended state expenditures and estimated state revenues. If recommended expenditures exceed estimated revenues, the Governor

shall recommend the sources from which the additional revenues should be provided.

(b) The Governor and the Governor-elect may require a state agency, officer, or employee to furnish whatever information is deemed necessary to prepare the budget.

(c) (1) The budget shall be accompanied by a budget bill itemizing recommended expenditures.

(2) The budget bill shall be introduced immediately in each house by the persons chairing the committees that consider the budget.

(3) The Legislature shall pass the budget bill by midnight on June 15 of each year.

(4) Until the budget bill has been enacted, the Legislature shall not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year for which the budget bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

(d) No bill except the budget bill may contain more than one item of appropriation, and that for one certain, expressed purpose. Appropriations from the General Fund of the State, except appropriations for the public schools, are void unless passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring.

(e) The Legislature may control the submission, approval, and enforcement of budgets and the filing of claims for all state agencies.

(f) For the 2004–05 fiscal year, or any subsequent fiscal year, the Legislature may not send to the Governor for consideration, nor may the Governor sign into law, a budget bill that would appropriate from the General Fund, for that fiscal year, a total amount that, when combined with all appropriations from the General Fund for that fiscal year made as of the date of the budget bill's passage, and the amount of any General Fund moneys transferred to the Budget Stabilization Account for that fiscal year pursuant to Section 20 of Article XVI, exceeds General Fund revenues for that fiscal year estimated as of the date of the budget bill's passage. That estimate of General Fund revenues shall be set forth in the budget bill passed by the Legislature.

Third—That Section 1.3 is added to Article XVI thereof, to read:

SEC. 1.3. (a) For the purposes of Section 1, a ''single object or work,'' for which the Legislature may create a debt or liability in excess of three hundred thousand dollars ($300,000) subject to the requirements set forth in Section 1, includes the funding of an accumulated state budget deficit to the extent, and in the amount, that funding is authorized in a measure submitted to the voters at the March 2, 2004, statewide primary election.

(b) As used in subdivision (a), ''accumulated state budget deficit'' means the aggregate of both of the following, as certified by the Director of Finance:

(1) The estimated negative balance of the Special Fund for Economic Uncertainties arising on or before June 30, 2004, not including the effect of the estimated amount of net proceeds of any bonds issued or to be issued pursuant to the California Fiscal Recovery Financing Act (Title 17 (commencing with Section 99000) of the Government Code) and any bonds issued or to be issued pursuant to the measure submitted to the voters at the March 2, 2004, statewide primary election as described in subdivision (a).

(2) Other General Fund obligations incurred by the State prior to June 30, 2004, to the extent not included in that negative balance.

(c) Subsequent to the issuance of any state bonds described in subdivision (a), the State may not obtain moneys to fund a year-end state budget deficit, as may be defined by statute, pursuant to any of the following: (1) indebtedness incurred pursuant to Section 1 of this article, (2) a debt obligation under which funds to repay that obligation are derived solely from a designated source of revenue, or (3) a bond or similar instrument for the borrowing of moneys for which there is no legal obligation of repayment. This subdivision does not apply to funding obtained through a short-term obligation incurred in anticipation of the receipt of tax proceeds or other revenues that may be applied to the payment of that obligation, for the purposes and not exceeding the amounts of existing appropriations to which the resulting proceeds are to be applied. For purposes of this subdivision, ''year-end state budget deficit'' does not include an obligation within the accumulated state budget deficit as defined by subdivision (b).

Fourth—That Section 20 is added to Article XVI thereof, to read:

SECTION 20. (a) The Budget Stabilization Account is hereby created in the General Fund.

(b) In each fiscal year as specified in paragraphs (1) to (3), inclusive, the Controller shall transfer from the General Fund to the Budget Stabilization Account the following amounts:

(1) No later than September 30, 2006, a sum equal to 1 percent of the estimated amount of General Fund revenues for the 2006–07 fiscal year.

(2) No later than September 30, 2007, a sum equal to 2 percent of the estimated amount of General Fund revenues for the 2007–08 fiscal year.

(3) No later than September 30, 2008, and annually thereafter, a sum equal to 3 percent of the estimated amount of General Fund revenues for the current fiscal year.

(c) The transfer of moneys shall not be required by subdivision (b) in any fiscal year to the extent that the resulting balance in the account would exceed 5 percent of the General Fund revenues estimate set forth

in the budget bill for that fiscal year, as enacted, or eight billion dollars ($8,000,000,000), whichever is greater. The Legislature may, by statute, direct the Controller, for one or more fiscal years, to transfer into the account amounts in excess of the levels prescribed by this subdivision.

(d) Subject to any restriction imposed by this section, funds transferred to the Budget Stabilization Account shall be deemed to be General Fund revenues for all purposes of this Constitution.

(e) The transfer of moneys from the General Fund to the Budget Stabilization Account may be suspended or reduced for a fiscal year as specified by an executive order issued by the Governor no later than June 1 of the preceding fiscal year.

(f) (1) Of the moneys transferred to the account in each fiscal year, 50 percent, up to the aggregate amount of five billion dollars ($5,000,000,000) for all fiscal years, shall be deposited in the Deficit Recovery Bond Retirement Sinking Fund Subaccount, which is hereby created in the account for the purpose of retiring deficit recovery bonds authorized and issued as described in Section 1.3, in addition to any other payments provided for by law for the purpose of retiring those bonds. The moneys in the sinking fund subaccount are continuously appropriated to the Treasurer to be expended for that purpose in the amounts, at the times, and in the manner deemed appropriate by the Treasurer. Any funds remaining in the sinking fund subaccount after all of the deficit recovery bonds are retired shall be transferred to the account, and may be transferred to the General Fund pursuant to paragraph (2).

(2) All other funds transferred to the account in a fiscal year shall not be deposited in the sinking fund subaccount and may, by statute, be transferred to the General Fund.

Fifth—That this measure shall become operative only if the bond measure described in Section 1.3 of Article XVI of the Constitution, as added by this measure, is submitted to and approved by the voters at the March 2, 2004, statewide primary election.

Sixth—That this measure shall be submitted to the voters at the March 2, 2004, statewide primary election.

PREFACE

Digests

The Summary Digest consists of a short summary of each law enacted, and of each constitutional amendment, concurrent or joint resolution adopted by the Legislature in 2003.

The text of the Summary Digest is arranged numerically by chapter number.

Superior numbers following the title refer to a Governor's Message affecting that law. These are printed after the digests in the ''Digest Chapters Superior Numbers'' section.

Cross Reference Tables

Cross reference tables are arranged numerically by bill or resolution number and indicate the chapter number of each.

New General Laws

Lists new general laws passed in the years 1999–2003 which do not specifically amend, add to, or repeal any existing code or general law.

Index

A subject matter index to all measures, including constitutional amendments and resolutions, is included.

Statutory Record

This edition of the Summary Digest includes a statutory record for 1999–2003. Superior numbers following the *Effect* refer to a special condition affecting that section.

Cumulative statutory records for 10-year periods, 1989–1998, 1979–1988, 1969–1978, 1959–1968 and 1949–1958, and for the 16-year period, 1933–1948, are published in separate volumes, which supplement the original statutory record, 1850–1932, published in 1933.

EFFECTIVE DATES

Regular Session

The 2003–04 Regular Session convened on December 2, 2002, and the interim study recess commenced on September 13, 2003. Statutes enacted in 2003, other than those taking immediate effect, will become effective January 1, 2004. In absence of other considerations, the provisions of a statute become operative on the date it takes effect. Digests indicate statutes taking immediate effect.

An urgency statute, and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency, until a specified time, or until a vote of the electors at a statewide election. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

A constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Extraordinary Sessions

An urgency statute enacted at a special session of the Legislature takes effect immediately, as outlined above, and the same rules apply with respect to a delayed *operative date*. A nonurgency statute takes effect on the 91st day after adjournment of the special session at which the bill was passed. The effective date of a concurrent resolution is the date it is filed with the Secretary of State.

The 2003–04 First Extraordinary Session convened on December 9, 2002, and adjourned *sine die* on July 29, 2003. Statutes enacted at an extraordinary session, other than those taking immediate effect, will become effective on the 91st day after adjournment. The 91st day after adjournment is October 28, 2003.

The 2003–04 Second Extraordinary Session convened on January 23, 2003, and adjourned *sine die* on February 18, 2003. Statutes enacted at an extraordinary session, other than those taking immediate effect, will become effective on the 91st day after adjournment. The 91st day after adjournment is May 20, 2003.

EFFECTIVE DATES—Continued

The 2003–04 Third Extraordinary Session, the 2003–04 Fourth Extraordinary Session, and the 2003–04 Fifth Extraordinary Session convened on November 18, 2003. These Extraordinary Sessions had not been adjourned prior to publication of this Summary Digest; please refer to the succeeding year's Summary Digest.

DIGESTS OF STATUTES ENACTED IN 2003

2003–04 REGULAR SESSION

BILL CHAPTERS

Ch. 1 (AB 38) Reyes. West Fresno Elementary School District.

(1) Existing law provides for emergency apportionments to school districts subject to specified conditions including, in certain circumstances, the repayment of an emergency loan over a period of no more than 10 years and the appointment by the Superintendent of Public Instruction of an administrator who would exercise the powers and responsibilities of the governing board of the school district.

This bill would require the Superintendent of Public Instruction to assume all the rights, duties, and powers of the governing board of the school district and to appoint an administrator to act on behalf of the Superintendent of Public Instruction in exercising the superintendent's authority over the school district. The bill would specify that the governing board of the school district is not to receive any compensation during the period of the superintendent's authority over the district. The bill would authorize the administrator to terminate the employment of certain district personnel, as provided.

The bill would continue the authority of the superintendent and the administrator over the school district until certain enumerated conditions are met, including the completion of assessment and improvement plans for the school district.

The bill would require the administrator to consider, on a monthly basis or more frequently if desired, information from one or more specified groups. The bill would require the County Office Fiscal Crisis and Management Assistance Team (FCMAT) to conduct comprehensive assessments and complete, by July 1, 2003, improvement plans regarding instruction, finance, facilities, personnel management, and community relations. The bill would require the FCMAT to determine at least every 6 months whether the school district is making substantial and sustained progress in the implementation of the plans. The bill would authorize the administrator, with the approval of the superintendent, to enter into agreements on behalf of the district and to change any existing district rules, policies, or practices, as provided.

The bill would require the Fresno County Superintendent of Schools to submit quarterly reports to the Superintendent of Public Instruction, the Legislature, and the Office of the Secretary for Education on the implementation by the West Fresno Elementary School District of the fiscal and management recovery plans.

The bill, except as specified, would require the school district to bear 100% of all costs associated with implementing its provisions, thereby imposing a state-mandated local program. The bill would require the administrator to be deemed an employee of the school district for certain purposes.

The bill would appropriate the sum of $2,000,000 from the General Fund for an emergency loan to the West Fresno Elementary School District.

(2) This bill would make a legislative finding and declaration of unique circumstances in this regard.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason and would provide that with regard to any other mandates, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 2 (AB 949) Pavley. Criminal procedure: limitations of time.

Under existing law, there are various specified limitations of time after which complaints or indictments may not be filed against defendants. Existing statutes permit those limitations

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of time to be extended or waived for various specified reasons, sometimes retroactively. In particular, one provision allows a complaint to be filed within a year of the date a person reports to a California law enforcement agency that he or she was a victim prior to 1994 of specified sexual conduct as a minor, if the otherwise applicable limitation of time has expired, the allegation is corroborated, and other conditions are satisfied. A 2nd provision permits the filing of a criminal complaint within one year of the date of a report to a California law enforcement agency by a person under 21 years of age, alleging that he or she was the victim as a minor of one of a specified set of sex crimes, if the otherwise applicable statute of limitations has expired, and the allegation is corroborated.

With regard to these 2 circumstances, this bill would toll the limitation of time for the length of any period of litigation that challenges grand jury subpoenas issued with respect to child sexual abuse allegations, including any associated writ or appellate proceedings, until the end of that litigation or until the disclosure of evidence pursuant to the subpoena after the litigation. This bill would also state that this tolling does not affect the definition or applicability of any evidentiary privilege, and does not apply to a grand jury subpoena found by a court to be issued or caused to be issued in bad faith.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 3 (SB 22) Sher. Surface mining and reclamation.

The existing Surface Mining and Reclamation Act of 1975 prohibits a person from conducting surface mining operations without obtaining a permit from the lead agency for those operations, and submitting and receiving approval for a reclamation plan and financial assurances from the lead agency.

Under existing law, on and after January 1, 2003, certain requirements apply to a lead agency, but these requirements are not operative unless SB 1828 is enacted and becomes effective on or before January 1, 2003. These requirements prohibit a lead agency from approving a reclamation plan and financial assurances for a surface mining operation for gold, silver, copper, or other metallic minerals that is located on, or within one mile of, any Native American sacred site, as defined, and in an area of special concern, as defined, unless the reclamation plan requires that all excavation be backfilled and graded to achieve the approximate original contours of the mined lands prior to mining, and the financial assurances are sufficient in amount to provide for the backfilling and grading.

Any surface mining operation in existence on January 1, 2003, for which the lead agency has issued final approval of a reclamation plan and the financial assurances prior to September 1, 2002, and any amended reclamation plan or financial assurances that are necessary for the continued operation or expansion of a surface mining operation in existence on January 1, 2003, as specified, would be exempt from those requirements. The requirements also would extend the time for the Director of Conservation to remediate or complete reclamation of abandoned mined lands from January 1, 2003, to January 1, 2007, and require the director, not later than January 1 of each year, to report to the Legislature on any abandoned mine remediation projects that are proposed for the following year.

This bill would repeal the provision making the operation of those changes contingent on the enactment of SB 1828 on or before January 1, 2003. By repealing the contingent operation of those provisions, the bill would make operative all of the changes specified above. The bill would provide that those changes are operative on the effective date of this bill. The bill would make a related change.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 4 (SB 459) Burton. Youthful Offender Parole Board.

(1) Existing law sets forth the powers and duties of the Youthful Offender Parole Board, including the power to consider and make decisions regarding eligibility for parole for wards who have been committed to the Department of the Youth Authority.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would abolish the Youthful Offender Parole Board and instead create the Youth Authority Board within the Department of the Youth Authority. The bill would consolidate the duties of the Youthful Offender Parole Board in the Department of the Youth Authority and the Youth Authority Board, as specified, and make related and conforming changes. The bill would set forth the membership of the Youth Authority Board and would require those members to receive specified training. The bill would require the Youth Authority Board to exercise specified powers and duties, including discharges of commitment, orders to parole and conditions thereof, revocation or suspension of parole, and disciplinary appeals. The bill would require the Department of the Youth Authority to exercise specified powers and duties, including determining offense categories, setting parole consideration dates, making decisions regarding disciplinary actions, and returning persons to the court of commitment for redisposition by the court. The bill would also require the department to notify the probation department and the court of the parole consideration dates. The bill would also require the Department of the Youth Authority to provide the court and the probation department with a treatment plan for the ward, and an estimated timeframe within which the treatment recommended by the court will be provided, as specified. The bill would require the department to conduct an annual review of the case of each ward and to provide copies of the review to the court and the probation department. The bill would also provide that a minor may not be held in physical confinement for a period of time in excess of the maximum term of physical confinement set by the court, as specified. These provisions described above would become operative on January 1, 2004.

(2) The bill would express the intent of the Legislature that the Youth Authority Board be housed within the Department of the Youth Authority. The bill would require the Department of General Services to evaluate options regarding current leases and to determine when a move is appropriate.

(3) The bill would appropriate the sum of $1,550,000 from the General Fund to the Youthful Offender Parole Board to supplement funding provided in the Budget Act of 2002.

(4) The bill would declare that it is to take effect immediately as a statute providing an appropriation for the usual and current expenses of the state.

Ch. 5 (SB 104) Machado. State Route 84.

Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted from the state highway system by legislative enactment. Unless otherwise specified, a relinquishment becomes effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment.

This bill would authorize the commission to relinquish to the City of West Sacramento the portion of Route 84 within the city, upon the terms and conditions the commission finds to be in the best interests of the state. The bill would specify that the relinquishment becomes effective on the day immediately following the day on which the relinquishment is recorded by the county recorder.

The bill would declare it is to take effect immediately as an urgency statute.

Ch. 6 (SB 1070) Chesbro. Budget Act of 2002: contingencies or emergencies.

The Budget Act of 2002 appropriated specified amounts from the General Fund, unallocated special funds, and unallocated nongovernmental cost funds for expenditure for contingencies or emergencies upon written authorization from the Director of Finance. The Budget Act of 2002 also appropriated specified amounts for loans to state agencies for contingencies or emergencies.

This bill would appropriate $141,132,000, as scheduled, in augmentation of these Budget Act appropriations. This bill would authorize the Director of Finance to withhold authorization for the expenditure of funds appropriated in the bill until preliminary estimates of potential deficiencies are verified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would declare that it is to take effect immediately as a statute providing an appropriation for the usual current expenses of the state.

Ch. 7 (SB 94) Alpert. Claims against the state: appropriation.

Existing law requires the California Victim Compensation and Government Claims Board to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate $2,364,221.03 from various specified funds to the Executive Officer of the California Victim Compensation and Government Claims Board to pay claims accepted by the board in accordance with a schedule that identifies the funds and accounts from which the payments are made.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 8 (AB 1128) Liu. Horse racing: racing weeks.

Existing law, the Horse Racing Law, provides for the operation of live horse racing in this state, subject to regulation by the California Horse Racing Board. Existing law further provides the board with the exclusive authority to allocate racing weeks, days, and hours for horse racing, with specified maximum numbers of racing weeks permitted in a year for racing associations that are not fairs. In the central zone, one of the 3 zones into which existing law divides the state for purposes of horse racing regulation, existing law permits the board to allocate up to 42 weeks per year of thoroughbred racing, as specified.

This bill would permit the board to authorize a thoroughbred racing association in the central zone to conduct a racing program that includes Breeders' Cup prep races on September 28, 2003, a date when a fair is also conducting live racing in the central zone. This bill would indicate that this Breeders' Cup prep racing program shall not be counted against any otherwise applicable limitation on the number of racing days or racing weeks that may be allocated by the board.

By authorizing additional wagering, this bill would increase the amount of continuously appropriated license fees collected as a percentage of wagering, thereby making an appropriation. The bill would also authorize the imposition of a state tax for the purposes of Article XIII A of the California Constitution, and thus would require for passage the approval of $^2/_3$ of the membership of each house of the Legislature.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 9 (SB 61) Committee on Local Government. Validations.

This bill would enact the First Validating Act of 2003, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 10 (AB 67) Negrete McLeod. Public employees' retirement.

(1) The Legislators' Retirement Law establishes various retirement benefits for members of that system.

This bill would provide that the amount of compensation used to compute benefits for specified members of that system cannot exceed the limitations placed upon retirement systems by certain provisions of the federal Internal Revenue Code.

(2) Under the Public Employees' Retirement Law, the system may dispense with a recalculation of benefit payments under certain circumstances.

This bill would revise and recast those provisions.

(3) The Public Employees' Retirement Law authorizes contracting agencies to provide service credit for their employees' prior service, and authorizes the transfer of assets, as specified, in connection therewith.

This bill would additionally authorize interest to be charged in connection with that transfer and would make related changes to this provision.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) The Public Employees' Retirement Law provides that the state's employer contribution shall be annually adjusted in the Budget Act according to actuarial assessments of the liability for benefits on account of state employees, as specified, and, for certain members, shall be appropriated annually from the General Fund to the retirement fund. State employer contributions from other funds in the State Treasury are appropriated quarterly.

This bill would delete obsolete provisions that prescribe specific state employer contribution rates for certain members of the system and would provide that the General Fund appropriation to the retirement fund shall be made quarterly. The bill would also make related, conforming changes, and would delete other obsolete provisions.

(5) Existing law authorizes a contracting agency of the Public Employees' Retirement System to elect to provide its employees with additional service credit if certain conditions exist and requires that agency to transmit to the retirement fund an amount equal to the actuarial equivalent of the increase in the member's benefit after the receipt of that service credit.

This bill would instead require the contracting agency making that election to agree that the added cost to the retirement fund for those employees receiving the additional service credit shall be included in the contracting agency's employer contribution rate, as specified.

(6) The Public Employees' Retirement Law requires that the basic death benefit, as specified, be increased by a factor that is based on the difference between the actuarial interest rate, as defined, and 6 percent.

This bill would clarify that no increase to that benefit is provided if the actuarial interest rate is less than 6 percent.

(7) The Volunteer Firefighters Length of Service Award Act authorizes cities, counties, cities and counties, or districts, that have fire departments with volunteer firefighting members, to offer members an award as an incentive for service. Under the act, the award system is administered by the Board of Administration of the Public Employees' Retirement System, and assets of this award program are deposited in the Volunteer Firefighters Length of Service Award Fund.

This bill would specify that assets of that fund attributable to the benefits of registered volunteers of a department shall be subject to the claims of creditors of the department in the case of the department's insolvency.

(8) Under the Judges' Retirement Law, certain benefits are provided to the surviving spouse of a judge who dies in office, as specified.

This bill would clarify that those provisions do not prevent a surviving spouse of a judge from also receiving payments to which he or she may be entitled under the Extended Service Incentive Program.

(9) Under the Judges' Retirement System II Law, a judge who is retired for disability may not receive a retirement allowance, except as specified, while he or she is less than 70 years of age and engages in the practice of law or other gainful occupation.

This bill would instead provide that a judge who is retired for disability may not receive a retirement allowance while he or she, prior to his or her normal retirement age, engages in the practice of law or other gainful occupation involving duties substantially similar to those that the judge was found unable to perform due to his or her disability.

(10) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 11 (SB 1069) Chesbro. North Coast Railroad Authority: board of directors.

Existing law creates the North Coast Railroad Authority and prescribes the membership of its board of directors.

This bill would, notwithstanding any other law, including the common law doctrine of incompatible offices, authorize a local government officer to be appointed and serve as a member of the authority's board of directors if the person meets the qualifications specified in the North Coast Railroad Authority Act.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 12 (SB 580) Committee on Insurance. Health care service plans.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and provides for the department to be supported from the Managed Care Fund. Existing law requires health care service plans to pay an amount each fiscal year as a reimbursement of its share of all costs and expenses reasonably incurred in the administration of the act.

Existing law requires a health care service plan to pay $12,500 plus an amount up to an amount computed in accordance with a specified schedule, and requires a specialized health care service plan to pay $7,500 plus an amount up to an amount computed in accordance with a specified schedule as reimbursement for that cost. Existing law authorizes the director to impose an additional assessment on or before September 15 of each year, for the 2000–01, 2001–02, and 2002–03 fiscal years in order to provide the department with sufficient revenues to support costs and expenses, including maintaining a prudent reserve. Existing law permits the director to require a health care service plan to pay an additional assessment to provide the department with sufficient revenue.

This bill would change the maximum rate for reimbursement for the administration expenses to $10,000 per plan. The bill would require nonspecialized health care service plans to pay 65% of the department's costs and expenses for the ensuing fiscal year and specialized plans to pay 35% of the department's costs and expenses for the ensuing fiscal year, calculated on a per enrollee basis. The bill would also require a plan to pay $2,000 plus up to $0.0048 per enrollee for the purpose of reimbursing its share of costs and expenses reasonably anticipated to be incurred by the department in relation to insolvency. The bill would provide that all changes not exceed the cost reasonably incurred in administering the chapter.

This bill would on July 1, 2003, delete the director's authority to require a health care service plan to pay an additional assessment on or before September 15 of each year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 13 (SB 581) Committee on Insurance. Medicare supplement insurance: open enrollment: workers' compensation insurers: loss control consultation services.

(1) Existing law provides for licensing and regulation of health care service plans by the Department of Managed Health Care, and for the licensing and regulation of health insurers by the Department of Insurance. Existing law imposes certain requirements on issuers of Medicare supplement insurance, including provisions relating to open enrollment for that coverage.

This bill would revise and recast these provisions.

(2) Existing law requires an insurer desiring to write workers' compensation insurance to maintain or provide occupational safety and health loss control consultation services, as specified.

This bill would make a clarifying change to this provision.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 14 (SB 39) Perata. Oakland Unified School District: emergency loan.

(1) Existing law provides for emergency apportionments to school districts subject to specified conditions including, in certain circumstances, the repayment of an emergency loan over a period of no more than 10 years and the appointment by the Superintendent of Public Instruction of an administrator who would exercise the powers and responsibilities of the governing board of the school district.

This bill would require the Superintendent of Public Instruction to assume all the rights, duties, and powers of the governing board of the Oakland Unified School District and to appoint an administrator to act on behalf of the Superintendent of Public Instruction in exercising the superintendent's authority over the school district. The bill would authorize the administrator, with the approval of the superintendent, to enter into agreements on behalf

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of the school district and to change any existing district rules, policies, or practices, as provided. The bill would require the administrator to be added by the district as an employee for certain insurance purposes. The bill would, in addition, specify that the administrator is a public school employer within the meaning of the Educational Employment Relations Act.

The bill would specify that the governing board of the school district is not to receive any compensation during the period of the superintendent's authority over the district. The bill would authorize the administrator to terminate the employment of certain district personnel, as provided.

The bill would continue the authority of the superintendent and the administrator over the school district until certain enumerated conditions are met, including the completion of an improvement plan for the school district.

The bill would require the administrator to consider, on a monthly basis, or more frequently if desired, information from one or more specified groups. The bill would require the County Office Fiscal Crisis and Management Assistance Team (FCMAT) to prepare an improvement plan for the school district, as provided, by July 1, 2003, and would require the FCMAT to report on the implementation of the plan, as specified.

This bill would appropriate $100,000,000 from the General Fund to the Superintendent of Public Instruction for the purpose of providing the Oakland Unified School District with an emergency loan. The bill would authorize loan funds to be disbursed from the proceeds of the loan only if the trustee and FCMAT jointly determine that disbursement is necessary. The bill would require the district to repay the loan as a straight line loan amortized over a 20-year term, with interest as provided. The bill would authorize the district from June 1, 2003, to June 30, 2005, inclusive, to sell property of the district and use the proceeds from that transaction to reduce or retire the emergency loan. The bill would, in addition, make the school district ineligible for hardship state funding for the construction of school facilities during that time.

The bill would require the school district, except as specified, to bear 100% of all costs associated with implementing its provisions, thereby imposing a state-mandated local program.

(2) This bill would declare that due to the unique circumstances relating to the Oakland Unified School District's fiscal emergency, a general statute cannot be made applicable.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason and would provide that with regard to any other mandates, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(4) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 15 (AB 582) Cogdill. Vehicle weight limits: local ordinance: Tuolumne County.

(1) Existing law authorizes a county board of supervisors by ordinance to reduce the permissible weight of vehicles and loads upon unimproved county highways or county bridges, and, upon improved highways that are subject to deterioration, for a period of 90 days unless actual repair of the highway is begun within the 90 days and is continuously carried on to completion.

This bill would authorize the County of Tuolumne to prohibit, by ordinance, the use of the Old Priest Grade by a vehicle or combination of vehicles that exceeds a weight limit of 7,500 pounds or more, except as specified. The bill would require the board of supervisors of that county to determine the weight limit and specify that limit in the ordinance.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) This bill would declare that, due to the special circumstances applicable to the Old Priest Grade in the County of Tuolumne, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and the enactment of a special statute is therefore necessary.

Ch. 16 (SB 612) Oller. Vehicles: golf carts and low-speed vehicles: State Highway Route 16: crossing.

Existing law authorizes a local authority to establish crossing zones for use by golf carts and low-speed vehicles at any time other than during darkness, on any street, other than a state highway, that has a posted speed limit of 45 miles per hour or less and that is immediately adjacent to a golf course.

This bill would authorize, until January 1, 2006, a golf cart or a low-speed vehicle to cross State Highway Route 16 at certain intersections, if the crossing is controlled by an official traffic control device and is at an angle of approximately 90 degrees to the direction of the highway.

The bill would authorize the Ranch Murieta Community Services District to take any reasonable measures within its jurisdiction that are necessary to ensure that golf carts and low-speed vehicles may cross safely and that highway traffic is not unreasonably impeded thereby.

Ch. 17 (AB 308) Montanez. Money judgments: writs of execution.

Existing law governs the procedures by which a court clerk, after entry of a money judgment, may issue a writ of execution upon application of the judgment creditor.

This bill would require the court clerk to give priority to the application and issuance of writs of execution for child support and spousal support orders.

Ch. 18 (SB 44) Denham. Central Coast Rural Crime Prevention Program.

Existing law authorizes specified counties to develop Central Valley Rural Crime Prevention Programs, as specified, to address the problems of agricultural and rural crime. Participation in these programs requires that counties create Central Valley Rural Crime Task Forces, and in order to receive funds, to agree to participate in a regional task force. Existing law places specified requirements on the task forces with respect to reporting rural crimes, collecting data, and staffing.

This bill would allow the Counties of Monterey, San Luis Obispo, Santa Barbara, Santa Cruz, and San Benito, until July 1, 2010, to develop Central Coast Rural Crime Prevention Programs modeled on Central Valley Rural Crime Prevention Programs, to be administered by the county sheriff's office in Monterey County and by the district attorney's office in each of the other 4 counties. It would require participating counties to meet certain data collection requirements. The bill would provide that funding sources for the Central Coast Rural Crime Prevention Programs may include local government appropriations and private contributions.

Ch. 19 (SB 169) Karnette. Intercountry adoptions.

Existing law specifies the procedure for intercountry adoptions that will be finalized in this state.

This bill would add a new provision that would authorize a child who was adopted as part of a sibling group and who has been separated from his or her sibling or siblings through readoption by a resident of this state to petition the court to enforce any agreement for visitation to which the separate adoptive families of the siblings subscribed prior to the child's readoption, as defined, or to order visitation if no such agreement exists. The bill would authorize a court to order that the agreement be enforced or grant visitation upon a finding that visitation is in the best interest of the child, as specified.

Ch. 20 (AB 116) Nakano. Marriage and family therapists: telemedicine.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law provides for the licensure and regulation of dentists by the Dental Board of California, podiatrists by the California Board of Podiatric Medicine, psychologists by the Board of Psychology, marriage and family therapists by the Board of Behavioral Sciences, and clinical social workers by the Board of Behavioral Sciences. Under existing law, the Telemedicine Development Act of 1996, a health care practitioner may deliver medical services using interactive audio, video, or data communications without person-to-person contact with the patient.

This bill would state that the provisions of law regulating telemedicine apply to the practice of a dentist, a podiatrist, a psychologist, a marriage and family therapist, and a clinical social worker.

Ch. 21 (AB 1411) Wolk. School safety: hazing.

Existing law defines hazing as any method of initiation or preinitiation into a student organization or any pastime or amusement engaged in with respect to such an organization which causes, or is likely to cause physical or emotional harm to any pupil in any educational institution in the state.

This bill would additionally include within this definition of hazing any method of initiation or preinitiation into a student body.

Existing law authorizes a superintendent or principal of a school to suspend or expel a pupil that commits one or more of enumerated acts including, among others, the use of force or violence upon the person of another, if the act is related to a school activity, occurs on school grounds, or occurs during school hours.

This bill would authorize a superintendent or principal of a school to suspend or expel a pupil that engages in, or attempts to engage in, hazing.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 22 (SB 113) Ackerman. Mechanic's liens.

Existing law provides that any person who records and enforces a mechanic's lien does not waive any right of arbitration if the claimant, in filing an action to enforce the lien, simultaneously presents an application to the court to stay the action pending arbitration, as specified.

This bill would revise that provision to instead apply if the claimant either (1) includes an allegation in the complaint that the claimant does not intend to waive any right of arbitration and intends to move, within 30 days after service of the summons and complaint, for an order to stay further proceedings in the action, or (2) files an application, at the same time the complaint is filed, that the action be stayed pending arbitration. The bill would also require the claimant to file and serve a motion to stay the action pending the arbitration of any issue, question, or dispute that is claimed to be arbitrable under the agreement and that is relevant to the action to enforce the claim of lien within 30 days after service of the summons and complaint. The failure of a claimant to comply with this provision would waive the claimant's right to compel arbitration. The bill would also make technical changes.

Ch. 23 (SB 450) Poochigian. Kidnapping.

Existing law provides that every person who forcibly, or by any other means of instilling fear, steals, takes, holds, detains, or arrests any person in this state, and carries the person into another country, state, or county, or into another part of the same county, is guilty of kidnapping. Existing law also provides for other definitions of kidnapping, some requiring that the victim be taken or carried away by force or forcibly. As regards an unresisting infant or child, the California Supreme Court, in the case of In re Michelle D. (2002) 29 Cal.4th 600, has defined the element of force for purposes of kidnapping as that amount of force required to take and carry the child away a substantial distance for an illegal purpose or with an illegal intent.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would codify that holding, and would state that it does not constitute change in existing law.

Ch. 24 (SB 738) Karnette. Horse racing: California-bred horses.

Existing law provides for special races for California-bred horses, with minimum purse money allocated to those races. Existing law also establishes a California Standardbred Sires Stakes Program to promote the breeding of standardbred horses in the state that includes special stakes races for these horses. Existing law defines a "California-bred standardbred horse" for these purposes as a standardbred foal dropped by a mare in California after being conceived in California and remaining in California until the foal is weaned, or any standardbred foal which is conceived in California on or after January 1, 1984.

This bill would redefine a California-bred standardbred horse as a standardbred foal dropped by a mare in California after being conceived in California by a stallion registered with the California Standardbred Sires Stakes Program.

Ch. 25 (SB 955) Burton. Community colleges: temporary employees.

Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law provides for the employment of faculty as temporary, contract, or regular employees. Existing law requires that a person employed to teach adult or community college classes for not more than 60% of the hours per week of a full-time employee having comparable duties, excluding substitute service, be classified as a temporary employee and not become a contract employee.

This bill would prohibit service in professional ancillary activities by persons employed under this provision, including, but not necessarily limited to, governance, staff development, grant writing, and advising student organizations, from being used for purposes of calculating eligibility for contract or regular status, unless otherwise provided for in a collective bargaining agreement applicable to a person employed under this provision.

Ch. 26 (SB 1040) Committee on Budget and Fiscal Review. Targeted Instructional Improvement Grant Program: appropriation.

Existing law, the Budget Act of 2002, appropriated $737,597,000 to the State Department of Education for local assistance for purposes of the Targeted Instructional Improvement Grant Program.

This bill would reduce that appropriation by $80,000,000 and would appropriate that amount from the General Fund to the department for the 2003–04 fiscal year for the program. The bill would declare that funds appropriated by its provisions would be deemed to be applied toward the minimum funding requirements for the 2003–04 fiscal year for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 27 (SB 903) Chesbro. Statewide Sexual Predator Apprehension Team.

Existing law establishes the Statewide Sexual Habitual Offender Program. Existing law requires the Attorney General to establish and maintain the program, upon appropriation of funds by the Legislature.

This bill would recast those provisions to rename and reorganize the program as the Statewide Sexual Predator Apprehension Team, as specified. This bill would make other technical conforming changes.

Ch. 28 (AB 353) Montanez. Child welfare services: foster siblings.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, whenever a child is removed from a parent or guardian's custody, except in certain circumstances, court-ordered child welfare services must be provided to the child and the child's parents, as specified, as a means of attempting to reunify the family. Those reunification services, however, need not be provided if, among other things, the child has been adjudicated a dependent of the juvenile court as a result of severe sexual abuse or severe physical harm to the child or a sibling of the child.

This bill would clarify generally that a "sibling" is a person related to the child by blood, adoption, or affinity and would additionally, in cases involving severe sexual abuse or severe physical harm, include within the definition of a sibling, a person whose legal, biological, or foster parent is the parent of the child.

Ch. 29 (AB 383) Cohn. Criminal procedure.

Existing law provides that a person charged with a misdemeanor offense may appear by counsel only except that if the accused is charged with an offense involving domestic violence, he or she shall be present for arraignment and sentencing.

This bill would provide that a person accused of a misdemeanor offense involving domestic violence would also be required to be present at any time during the proceeding to be informed by the court of the conditions of a protective order issued as specified.

Ch. 30 (AB 1488) Bates. Domestic violence protective orders.

Existing law provides that before any person who has been arrested for commission of certain specified crimes is released on bail in an amount other than that specified in the schedule of bail for the offense or, is released on his or her own recognizance, a hearing shall be held at which the court shall consider certain enumerated factors including the potential danger the detained person poses to other persons. If the judge or magistrate sets bail in an amount other than that specified in the schedule of bail for the offense, he or she shall state his or her reasons for doing so in the record.

This bill would add violation of a domestic violence protective order if the detained person made threats to kill or harm, engaged in violence against, or visited the residence or workplace of, the protected party to the list of crimes, the commission of which require that a hearing must be held before release on bail in an amount other than that specified in the schedule of bail for the offense or on one's own recognizance.

Ch. 31 (AB 1639) Firebaugh. Appeals: nuisance.

Existing law provides that the perfecting of an appeal stays proceedings, with specified exceptions, including, but not limited to, if a judgment or order adjudges a building or place to be a nuisance, and directs the closing or discontinuance of any specific use of the building or place for any period of time.

This bill would also prohibit a stay of proceedings, if a judgment or order grants relief in specified nuisance abatement actions brought by a governmental agency.

Ch. 32 (AB 167) Harman. Probate.

Existing provisions of the Probate Code set forth the law governing conservatorship, guardianship, estates of decedents, and trusts, as specified.

This bill would amend, and amend and renumber, certain provisions of the Probate Code to correct internal cross-references and cross-references to other codes, and would make related technical, nonsubstantive changes. The bill would also make specified clarifications with regard to transactions involving separate property.

Ch. 33 (AB 326) Dutton. Dog licenses: issuers.

Existing law provides that, unless the county board of supervisors designates the animal control department to issue dog licenses, dog licenses shall be issued by the county clerk to owners of dogs that make application. This provision is also applicable to the governing body of a city that adopts the provision.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that the applicable governmental entity in charge of issuing dog licenses may authorize veterinarians to issue licenses to owners of dogs that make application.

Ch. 34 (AB 341) Aghazarian. Contractors: landscape contractors.

Existing law, the Contractors' State License Law, creates the Contractors' State License Board within the Department of Consumer Affairs and provides for the licensing and regulation of contractors. Existing law authorizes a landscape contractor working within the classification of his or her license to design a system or facility for work which he or she performs or supervises.

This bill would authorize a landscape contractor working within that license classification to enter into a prime contract for the construction of a swimming pool, spa, or hot tub provided the improvements are included within a landscape project the landscape contractor is supervising and are subcontracted to a single licensed swimming pool contractor or are performed by the landscape contractor who is a licensed swimming pool contractor. The bill would authorize the contractor constructing the swimming pool, spa, or hot tub to subcontract with other licensed contractors to complete individual components of the construction.

Ch. 35 (AB 399) Wyland. Education: instruction: World War II.

Existing law provides that instruction in the area of social sciences, as required pursuant to the adopted course of study for grades 7 to 12, inclusive, shall contain instruction on World War II and the American role in that war.

This bill would instead authorize the instruction in the area of social sciences to contain instruction on World War II and the American role in that war.

Ch. 36 (AB 520) Salinas. Local agency reorganization: Santa Cruz County.

(1) The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 requires that after the adoption by the local agency formation commission of a resolution ordering a change of organization or reorganization without an election or confirming an order for a change of organization or reorganization after confirmation by the voters an effective date be fixed. The effective date may be fixed in the terms and conditions of the resolution, but may not be earlier than the date of execution of the certificate of completion nor later than 9 months after the election in which the voters confirmed the change of organization or reorganization.

This bill would provide that, in the case of a reorganization requested by a city in Santa Cruz County that has adopted a voter approved urban limit line, those conditions shall not apply and the effective date of that reorganization shall be fixed in the commission resolution. The bill would also make a conforming change.

(2) The act also requires that if a certificate of completion for a change of organization or reorganization has not been filed within one year after the commission approves a proposal for that proceeding, the proceeding shall be deemed abandoned unless prior to the expiration of that year the commission authorizes an extension of time for that completion. The extension may be for any period deemed reasonable to the commission for completion of necessary prerequisite actions by any party.

This bill would provide that, in the case of a reorganization requested by a city in Santa Cruz County, that has adopted a voter-approved urban limit line, these time limits shall not apply if the commission's resolution making determinations includes terms and conditions that allow for the completion of the reorganization in 2 or more segments.

(3) The bill would prohibit the commission from using the provisions of the bill for any reorganization approved or conditionally approved after January 1, 2009.

Ch. 37 (AB 964) Frommer. Vehicle sale and lease contracts: disclosures.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law requires every conditional sale contract of a motor vehicle to contain specified disclosures.

This bill would require those contracts to include a disclosure of the amount of any optional business partnership automation program fee to register or transfer a vehicle. The bill would also require disclosure of any charge for an optional debt cancellation agreement. The bill would also make related, conforming changes.

(2) Existing law requires every lease contract for a motor vehicle to contain specified disclosures.

This bill would require every lease contract to disclose the amount of any optional business partnership automation program fee to register or transfer a vehicle. The bill would also make technical, nonsubstantive changes to those provisions.

Ch. 38 (AB 1055) Spitzer. District attorney: special appropriation.

Existing law requires at the beginning of each fiscal year in counties having a population of 90,000 or more that the board of supervisors make available to the district attorney's special appropriation the sum of $5,000, and in all other counties, the sum of $2,500. Existing law authorizes the district attorney to use this special appropriation to pay for, among other things, expenses incurred in criminal cases arising in the county, expenses in civil actions, proceedings, or other matters in which the county is interested, and expenses necessarily incurred in the detection of crime, except as specified.

This bill would revise these provisions to require that the district attorney shall only use the special appropriation for expenses that are lawfully incurred, as specified.

Ch. 39 (AB 1172) Berg. Joint powers agreement: public agencies.

Existing law authorizes 2 or more public agencies, by agreement, to jointly exercise common powers. Existing law defines public agencies for this purpose.

This bill would provide that the Elk Valley Rancheria Tribal Council, as the governing body of the Elk Valley Rancheria, a federally recognized Indian tribe, may enter into a joint powers agreement with the County of Del Norte, the City of Crescent City, or both, and is a public agency for purposes of the law relating to joint powers agencies. The bill would prohibit the joint powers authority created pursuant to the bill from authorizing or issuing bonds pursuant to the Marks-Roos Local Bond Pooling Act of 1985 unless the funded public improvements will be owned and maintained by the authority or one or more public agency members and the revenue streams pledged to repay the bonds derive from the authority or one or more of its public agency members.

Ch. 40 (AB 1575) Pavley. Education finance: Oxnard Union High School District.

Existing law provides for apportionments to school districts based on average daily attendance computations.

This bill would require that, notwithstanding any other law, the average daily attendance for the second principal apportionment of the 2001–02 fiscal year for the Oxnard Union High School District be computed as a specified percentage of the October 2001 California Basic Educational Data System enrollment, subject to revision by the State Department of Education, as specified.

This bill would specify, for the purposes of apportionments based upon annual average daily attendance, that the 2001–02 annual units of average daily attendance for the Oxnard Union High School District equals the annual units of average daily attendance for the 2000–01 fiscal year.

This bill would declare that due to the unique circumstances relating to the Oxnard Union High School District, a general statute cannot be made applicable.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 41 (AB 1610) Pavley. Consumer credit reporting agencies: use of reports.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law regulates the activities of users of consumer credit reports. Existing law requires a person who uses a consumer credit report for a credit approval based on an application for credit and who discovers that the address on the credit application does not match, within a reasonable degree of certainty, the address or addresses listed, on the consumer credit report, to take reasonable steps to verify the accuracy of the address provided on the application, as specified. Existing law permits a consumer to bring an action for a violation of these provisions to recover actual damages, attorney's fees, court costs, and punitive damages, as specified.

This bill would require a user of a consumer credit report, as described above, who discovers that the consumer's first and last name, address, or social security number on the application does not match, within a reasonable degree of certainty, the corresponding information in the consumer credit report, to take reasonable steps to verify the accuracy of the information provided on the application, as specified.

Ch. 42 (AB 1702) Committee on Environmental Safety and Toxic Materials. Hazardous substances: underground storage tanks: redevelopment.

(1) Existing law generally regulates the storage of hazardous substances in underground storage tanks and requires underground storage tanks that are used to store hazardous substances to meet certain requirements. These requirements are required to be implemented by the local agency. Under existing law, with specified exceptions, no person may own or operate an underground storage tank containing hazardous substances unless a permit for its operation has been issued. Existing law defines the term "unauthorized release" for purposes of these requirements to exclude a release that is authorized by the State Water Resources Control Board or a California regional board pursuant to the Porter-Cologne Water Quality Control Act. Local agencies are required to take various actions with regard to an unauthorized release.

This bill would revise the definition of unauthorized release to delete the exclusion for releases authorized by the board or a regional board.

The bill would impose a state-mandated local program by imposing new duties upon local agencies with regard to enforcing the provisions regulating underground storage tanks.

(2) Existing law establishes various requirements for an underground storage tank installed on or after July 1, 2003, including requirements that the underground tank system be designed and constructed with a continuous monitoring system capable of detecting the entry of the liquid- or vapor-phase of the stored hazardous substance and that the interstitial space of the underground storage tank be maintained under constant vacuum or pressure. A local agency is required to inspect every underground storage tank annually and determine whether the tank complies with those design and construction standards.

This bill would delay the application of these requirements for an underground storage tank installed after July 1, 2003, to instead apply those requirements to an underground storage tank installed after July 1, 2004. The bill would require that an underground storage tank instead on or after July 1, 2003, and before July 1, 2004, meet all of those requirements, except for the requirements regarding the monitoring system capable of detecting the liquid- or vapor-phase and the maintenance of the interstitial space.

(3) Existing law authorizes the imposition of a civil penalty upon an owner of an underground tank system for, among other things, knowing failure to take reasonable and necessary steps to assure compliance by the operator of an underground tank system.

This bill would delete the authorization to impose that penalty and would provide that both the owner and the operator of an underground tank are responsible for complying with the requirements applicable to an owner or operator of an underground storage tank. The bill would also make conforming changes.

(4) The existing Polanco Redevelopment Act authorizes a redevelopment agency to take any action that the agency determines is necessary, consistent with other state and federal laws, to remedy or remove a release of hazardous substances on, under, or from a project area,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

subject to specified conditions. Existing law immunizes an agency that remedies or removes a hazardous substance release, pursuant to those provisions, from liability under specified state laws, and authorizes the recovery of cleanup and remedial costs from the responsible party. Existing law defines the term "responsible party" as including, among other persons, a person subject to a cleanup or abatement order issued under the specified provisions of the Porter-Cologne Water Quality Control Act, which requires a person who discharges waste into the waters of this state in a specified manner, or who threatens to create a condition of pollution or nuisance, to clean up the waste, abate the effects of the waste, or take other necessary remedial action, upon order of the California regional water quality control board.

This bill would revise the definition of responsible party under the Polanco Redevelopment Act to delete the requirement that the person be subject to such a cleanup or abatement order.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(6) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 43 (AB 1746) Committee on Budget. Budget Act of 2002.

The Budget Act of 2002 appropriated specified amounts for local assistance to the Department of Health Services.

This bill would appropriate $727,225,000, as scheduled, from the General Fund in augmentation of these Budget Act appropriations.

This bill would declare that it is to take effect immediately as a statute providing an appropriation for the usual current expenses of the state.

Ch. 44 (AB 78) Reyes. Education: curriculum.

Under existing law, the adopted course of study for grades 7 to 12, inclusive, is required to include instruction in the social sciences, as prescribed.

This bill would express the encouragement of the Legislature for that instruction to contain instruction on the Vietnam war, including the "Secret War" in Laos, and the role of Southeast Asians in that war. The bill would additionally express the encouragement of the Legislature that the instruction include a component drawn from personal testimony of Southeast Asians who were involved in the Vietnam war and those who contributed to the war effort on the homefront.

The bill would specify that this instruction shall be carried out in a manner that does not result in any new duties or programs being imposed on school districts.

Ch. 45 (AB 36) Wyland. Pupil achievement.

Existing law requires each school district, charter school, and county office of education to administer to each of its pupils in grades 2 to 11, inclusive, designated achievement tests.

Existing law establishes the Public Schools Accountability Act of 1999 and requires the Superintendent of Public Instruction to develop an Academic Performance Index (API), which consists in part of the results of the tests administered pursuant to the Standardized Testing and Reporting (STAR) Program, to measure the performance of schools and to rank schools based on the value of the API. Existing law requires schools to report their ranking, including a description of the components of the API, in their annual school accountability report card and requires the governing board of each school district to discuss the results of the annual ranking at the next regularly scheduled meeting following the annual publication of the API and school rankings by the Superintendent of Public Instruction.

This bill would encourage the governing board of a school district to discuss STAR test scores and to analyze the results of those assessments. The bill would authorize the governing

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

board of a school district with a school not meeting a certain specified standard to conduct an assessment and adopt an improved performance plan.

Ch. 46 (AB 241) Pacheco. Law enforcement: real estate fraud.

Existing law provides that in addition to other recording fees, upon the adoption of a resolution by the county board of supervisors, a fee of up to $2 shall be paid at the time of recording of every real estate instrument, as defined. The fees collected are required to be placed in the Real Estate Fraud Prosecution Trust Fund to be distributed by the county chief administrative officer, as determined by a Real Estate Fraud Prosecution Trust Fund Committee, to district attorneys and local law enforcement agencies for the purpose of deterring, investigating, and prosecuting real estate fraud crimes. The committee is comprised of the district attorney, the county chief administrative officer, and the chief officer responsible for consumer protection within the county.

This bill would require that the committee include the chief law enforcement officer of one law enforcement agency receiving funding from the trust fund as selected by a majority of the other 3 members of the committee. It would require that the chief law enforcement officer be a nonvoting member of the committee and serve a one-year term, which may be renewed.

Ch. 47 (AB 354) Lowenthal. Peace officers: port police officers.

Existing law defines specified powers, rights, duties, and training requirements for peace officers and provides that any harbor or port police regularly employed and paid in that capacity by a county, city, or district is a peace officer, if the primary duty of the peace officer is the enforcement of the law in or about the properties owned, operated, or administered by the harbor or port or when performing necessary duties with respect to patrons, employees, and properties of the harbor or port. Under existing law, these peace officers may carry firearms only if authorized and under terms and conditions specified by their employing agency.

This bill would change the category for the port police officers of the Harbor Department of the City of Los Angeles to a category that specifies that these persons are peace officers whose authority extends to any place in the state, as specified, and that doesn't limit the carrying of firearms. This bill would also remove special officers of the Harbor Department of the City of Los Angeles from this category.

Recent changes in existing law have brought about the consolidation of the superior and municipal courts.

This bill would make a technical change relating to the consolidation of the municipal and superior courts.

This bill would incorporate additional changes in Section 830.1 of the Penal Code proposed by SB 570, AB 1254, or both, depending on the prior enactment of one or both of those bills and the chaptering of this bill last.

Ch. 48 (AB 525) Cohn. Hearing aid dispensing.

Existing law, the Hearing Aid Dispensers Licensing Law, establishes the Hearing Aid Dispensers Bureau in the Department of Consumer Affairs for the licensing and regulation of hearing aid dispensers. Existing law prohibits a hearing aid dispenser from selling a hearing aid to a person 16 years of age or younger, unless that person has obtained a recommendation for a hearing aid within the preceding 6 months from a specified otolaryngologist and a certified audiologist.

This bill would delete the requirement that the audiologist be certified and instead require that the audiologist be licensed by the state.

Ch. 49 (AB 580) Nunez. Firearms.

Existing law provides a procedure for eligible persons to have convictions dismissed, as specified, and be released from all penalties and disabilities resulting from the offense of which they have been convicted, subject to exceptions. Existing law also provides that

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

dismissal pursuant to these provisions does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person.

This bill would provide that dismissal pursuant to these provisions does not permit a person to own, possess, or have in his or her custody or control any firearm.

Ch. 50 (AB 1228) Dutton. Zoning ordinances: radio antennas.

Existing law authorizes the legislative body of any county or city to adopt zoning ordinances for various purposes.

This bill would require that any ordinance adopted by the legislative body of a city or county that regulates amateur radio station antenna structures not preclude amateur radio service communications, reasonably accommodate amateur radio service communications, allow amateur radio station antenna structures to be erected at heights and dimensions sufficient to accommodate amateur radio service communications, and constitute the minimum practicable regulation to accomplish the legitimate purpose of the city or county. It would declare that it is the intent of the Legislature in enacting this bill to codify in state law the provisions of specified federal regulations relating to amateur radio station facilities.

Ch. 51 (AB 1495) Chavez. Parole placement.

Existing law provides that persons released on parole for specified sex offenses involving child victims may not be placed or reside, for the duration of parole, within 1/4 mile of a school including any or all of kindergarten or grades 1 to 6, inclusive.

This bill would specify that the 1/4 mile exclusion applies to public or private schools, and would expand the exclusion to cover schools that include 7th or 8th grade.

Ch. 52 (AB 1516) Bates. Child custody: abduction.

Existing law makes it a crime to take, entice away, keep, withhold, or conceal a child and maliciously deprive a lawful custodian of a right to custody, or a person of a right to visitation. Existing law provides immunity from this crime for certain persons, including, but not limited to, a person with a right to custody of a child who has been a victim of domestic violence and who complies with specified requirements. Existing law, which incorporates the federal Synclair-Cannon Child Abduction Prevention Act of 2002, requires a court, in cases in which the court becomes aware of facts that may indicate a risk of abduction of a child, to consider specified factors in determining the risk of abduction and whether measures are needed to prevent that abduction.

This bill would modify those factors. The bill would also provide that state law incorporating the Synclair-Cannon Child Abduction Prevention Act of 2002 does not affect the applicability of the provision that immunizes persons with a right to custody under certain circumstances from the crime of taking, enticing away, keeping, withholding, or concealing a child and maliciously depriving a lawful custodian of a right to custody, or a person of a right to visitation.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 53 (AB 1573) Corbett. School construction: design-build.

Existing law, until January 1, 2007, authorizes a school district governing board to enter into a design-build contract, as defined, in which factors in addition to price and cost may be considered in awarding a contract for the design and construction of a school facility that exceeds $10,000,000.

Existing law requires the school district governing board to be the employer of the project inspector. Existing law requires the project inspector to be fully independent from any member of the design-build entity and prohibits the inspector from having any affiliation with any member of the design-build entity or any of the project subcontractors.

This bill would require the project inspector to act under the direction of either the Director of the Department of General Services or a competent, qualified agent of the school district.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 54 (SB 134) Figueroa. Private works of improvement: liens.

Existing law governs public and private works of improvement. Among other things, these provisions require that a claimant, as defined, provide to a specified person a preliminary 20-day notice prior to the recording of a claim of lien, the filing of a stop notice, or the recovery of a payment bond, in a required manner. These provisions also require that the owner of a work of improvement sign and verify any notice of completion or notice of cessation and that the notice be recorded in the office of the county recorder of the county in which the site is located.

This bill would require that certain statements be included in a preliminary 20-day notice in boldface type in regard to notices of completion or cessation, as specified.

This bill would also require the owner of a private work of improvement to notify, by registered or certified mail, or by first class mail, evidenced by a certificate of mailing, the original contractor, and any claimant who has provided a preliminary 20-day notice prior to the recording of a mechanic's lien or stop notice, that a notice of completion or notice of cessation has been recorded within 10 days of recordation of that notice of completion or notice of cessation. The bill would provide that failure to give notice shall extend the period of time in which the contractor or claimant may file a mechanic's lien or stop notice to 90 days, as specified, and would provide that this extension would be the sole liability incurred for failure to give notice. The bill would define an owner for these purposes, but would exclude from that definition a person who occupies the real property as a personal residence, as specified, among others.

Ch. 55 (SB 303) Torlakson. Local agency facilities.

(1) Existing law requires the State Allocation Board to adopt regulations for determining the amount of funding and the eligibility and prioritization of funding that school districts with a financial hardship may receive from bond acts for construction, modernization, or relocation assistance. The regulations require consideration of various factors, including whether the school district has current outstanding bonded indebtedness, on which it is paying debt service, of at least 60% of its total bonding capacity.

This bill would revise that factor to specify the purpose of that outstanding indebtedness.

(2) Existing law provides for the establishment of community facilities districts as a means of financing the construction, purchase, or improvement of certain public facilities, including school facilities, and certain public services. Existing law requires the adoption of a resolution of intention to establish the district that specifies, among other things, conditions on the imposition of a special tax to pay for public facilities, including specifying the last tax year in which the special tax may be levied or collected.

This bill would authorize the legislative body of the district to enter into an agreement for the construction of discrete portions or phases of facilities to be constructed and purchased, subject to specified conditions. This bill would provide that a special tax that was lawfully levied in or before the final tax year and remains delinquent may be collected in subsequent years.

(3) Existing law requires that the legislative body of a community facilities district, in order to sell bonds, determine that the value of the real property that would be subject to the special tax to pay debt service on the bonds will be at least 3 times the principal amount of the bonds to be sold and other outstanding bonds secured by a special tax or assessment, with specified exceptions.

This bill would specify the method for estimating the principal amount of the other outstanding bonds and would provide an additional exception to requiring that determination.

Ch. 56 (SB 333) Romero. Automobile insurance: uninsured motorists: cause of action.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires a policy of bodily liability insurance covering liability arising out of the ownership, maintenance, or use of a motor vehicle to include uninsured motorist coverage. Existing law provides that no cause of action shall accrue to an insured under this coverage unless, within one year from the date of the accident, (1) suit for bodily injury has been filed against the uninsured motorist, (2) agreement as to the amount due under the policy has been concluded, or (3) the insured has formally instituted arbitration proceedings.

This bill would increase the time within which one of these actions must have occurred to 2 years from the date of the accident.

Existing law provides that notice in writing of a suit against an uninsured motorist shall be provided the insurer of the insured plaintiff within a reasonable time after the insured knew or should have known of the uninsured status of the motorist, but in no event shall that notice be required before one year from the date of the accrual of the cause of action on which the claim is based.

This bill would provide that notice to the insurer of a suit of this type shall not be required before 2 years from the date of the accrual of the cause of action.

Ch. 57 (SB 341) Committee on Local Government. Public Cemetery District Law.

Existing law contains provisions relating to the establishment of public cemetery districts, including the formation of a district, the selection of a district governing board, and the powers and duties of the board.

This bill would repeal those provisions and would enact the Public Cemetery District Law that would specify the procedures for district formation, procedures for the selection of the district board of trustees and officers, and the powers and duties of the board. The bill would also make conforming changes.

Ch. 58 (SB 491) Ducheny. Local government: housing elements.

Existing law requires each council of governments to determine the existing and projected housing needs for its region, as specified, for purposes related to each local government's determination in its housing element of its share of regional housing needs.

Existing law requires local governments within prescribed regional jurisdictions to revise the housing elements of their general plans by specified dates for the 4th revision. It requires all other local governments to revise the housing element for the 4th revision by June 30, 2008.

This bill would extend the date for that 4th revision by one year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 59 (SB 508) Escutia. Automobile sales financing.

Existing law regulates the terms and conditions of motor vehicle conditional sales contracts, as defined, and the sellers engaged in the business of selling or leasing motor vehicles under those contracts.

This bill would require a seller, as defined, to keep specified documents for 7 years or the length of the conditional sales contract, whichever is longer. Unlawful failure to provide the documents pursuant to a court order would result in a civil penalty of $5,000.

Ch. 60 (SB 567) Torlakson. Local ordinances: penalties for violation.

Existing law provides with respect to city and county ordinances that the violation of an ordinance is a misdemeanor unless the ordinance makes it an infraction. A violation determined to be an infraction is punishable by a fine not exceeding $100, by a fine not exceeding $200 for a 2nd violation of the same ordinance within one year, and by a fine not exceeding $500 for each additional violation of the same ordinance within one year.

This bill would specifically provide that the violations of local building and safety codes determined to be infractions are punishable by a fine not exceeding $100 for a first violation, a fine not exceeding $500 for a second violation of the same ordinance within one year, and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

a fine not exceeding $1,000 for each additional violation of the same ordinance within one year of the first violation.

Ch. 61 (SB 572) Ducheny. Natural community conservation plans.

Existing law, the Natural Community Conservation Planning Act, authorizes the Department of Fish and Game to enter into agreements with any person or public entity for the purpose of preparing a natural community conservation plan, to provide comprehensive management and conservation of multiple wildlife species. Existing law provides that the act does not prohibit the taking or incidental taking of any identified species if the taking is authorized pursuant to any of several specified natural community conservation plans.

This bill would exempt from specified provisions of the act any natural community conservation plan or subarea plan initiated on or before January 1, 2000, or amendments thereto, by Sweetwater Authority, Helix Water District, Padre Dam Municipal Water District, Santa Fe Irrigation District, or the San Diego County Water Authority, which the department determines is consistent with the approved San Diego Multiple Habitat Conservation Program or the San Diego Multiple Species Conservation Program, if the department finds that the plan has been developed and is otherwise in conformance with the act. The bill would require those entities and the department to include certain independent scientific input into the proposed plans.

Ch. 62 (SB 600) Committee on Judiciary. Maintenance of the codes.

Existing law directs the Legislative Counsel to advise the Legislature from time to time as to legislation necessary to maintain the codes.

This bill would make technical, nonsubstantive changes in various provisions of law to effectuate the recommendations made by the Legislative Counsel to the Legislature.

Ch. 63 (SB 671) Florez. Motor vehicle fuel: alcohol content and tax rates.

Existing law requires a manufacturer, blender, agent, jobber, consignment agent, or distributor who distributes motor fuel products that contain at least 1% alcohol by volume to state on the invoice, bill of lading, shipping paper, or other documentation used in normal and customary business practices, the percentage and type of alcohol, except in specified documentation.

This bill would provide that, if applicable, a statement that the product "contains up to 10% ethanol" would meet this requirement.

Existing law requires every service station to display, at a conspicuous place on, at, or near the dispensing apparatus or at or near the point of sale, at least one clearly visible sign showing a list of applicable state and federal fuel taxes per gallon of motor vehicle fuel sold from the dispensing apparatus.

This bill would permit a sign to meet the requirement as to the federal excise tax rate by stating that it is "up to $.184."

Ch. 64 (SB 804) Machado. Homesteads: exemptions.

Existing law provides that a specified portion of equity in a homestead, as defined, is exempt from execution to satisfy a judgment debt. Existing law provides an exemption of $125,000 if the judgment debtor or the spouse of the judgment debtor who resides in the homestead is, at the time of the sale, 65 years of age or older, disabled, or 55 years of age or older with a gross annual income that does not exceed a certain amount, as specified.

This bill would increase the homestead exemption described above to $150,000.

Ch. 65 (SB 932) Bowen. Nonprofit corporations: health facilities.

Existing law requires a nonprofit corporation that operates a health facility to notify and obtain consent from the Attorney General prior to entering into an agreement or transaction to sell or otherwise dispose of its assets or to transfer control of a material amount of its assets to a for-profit corporation, another nonprofit corporation, or various other entities.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would prohibit the Attorney General from consenting to a health facility agreement or transaction under these provisions if the seller restricts the type or level of medical services that may be provided at the health facility.

Ch. 66 (AB 282) Bermudez. Barbering and Cosmetology: threading.

The Barbering and Cosmetology Act regulates barbering, cosmetology, skin care, nail care, and electrolysis, and defines the practices of barbering and cosmetology to include certain hair removal services.

This bill would, until July 1, 2007, exclude threading, a technique for removing unwanted hair, from the practice of barbering and cosmetology.

The bill would require the State Board of Barbering and Cosmetology to report any complaints received regarding the practice of threading to the Department of Consumer Affairs and the Joint Legislative Sunset Review Committee.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 67 (AB 478) Ridley-Thomas. Vehicle: removal: disposal.

(1) Under existing law, after 15 days from the notification date of a notice informing the registered and legal owner, and any other person who has an interest in a vehicle with an estimated value of $300 or less and which has been removed by, or at the direction of, a peace officer or a specified public agency employee, and if certain other conditions exist, the lienholder may request the public agency to provide the authorization to dispose of that vehicle.

This bill would increase the maximum estimated value of the vehicle for which the above disposal provision applies to $500 from $300. The bill would make other technical changes.

(2) Existing law requires that, not less than 72 hours before a vehicle is removed, a distinctive notice is securely attached to the vehicle stating that the vehicle will be removed by the public agency. This notice requirement does not apply to an abandoned vehicle with a determined estimated value of $100 or less.

This bill would, for purposes of exempting the notice requirement, increase the maximum estimated value of the vehicle to $300.

Ch. 68 (AB 605) Yee. San Francisco waterfront: cruise ship terminal development.

Existing law declares specified areas along the San Francisco waterfront to be free from the public trust for commerce, navigation, and fisheries, as provided, and authorizes the San Francisco Port Commission to approve a cruise ship terminal development, other maritime facilities, and commercial and office space on a specified area of the San Francisco waterfront. Existing law authorizes the State Lands Commission to convey to the City and County of San Francisco all of the rights, title, and interest held by the state in trust to specified lands along the waterfront, but prescribes terms and conditions for the use of those lands in connection with the cruise ship terminal development, including a requirement that the trust retail leasable space must be equal to or greater than the nontrust retail leasable space. Existing law defines ''nontrust retail'' as other retail, indoor public assembly, and theatre uses.

This bill would change the definition of ''nontrust retail'' to mean other retail and theatre uses. The bill would also make other technical, nonsubstantive changes to the above described law.

Ch. 69 (AB 769) Maddox. Registered dietitians and dietetic technicians, registered.

Under existing law, in order to use the title registered dietitian or dietetic technician, registered, a person is required to complete a certain number of hours in a supervised practice program.

This bill would authorize a person to perform certain regulated activities as part of his or her supervised practice program for a registered dietitian or dietetic technician, registered,

NOTE: Superior numbers appear as a separate section at the end of the digests.

subject to certain requirements, including enrollment in or completion of a specified course curriculum. The bill would also authorize a person who has applied to take the required examination for a registered dietitian or dietetic technician, registered to perform certain regulated activities under a registered dietitian's direct and immediate supervision for 6 months while waiting for an examination date, subject to specified requirements.

Ch. 70 (AB 1254) La Malfa. Peace officers.

Existing law defines specified powers, rights, duties, and training requirements for peace officers, and provides that any deputy sheriff, employed in that capacity by a county, is a peace officer whose authority extends to any place in the state with regard to offenses committed within his or her home jurisdiction, and any offense committed in his or her presence where there is immediate danger to person or property or the escape of the perpetrator, or where there is probable cause to believe these situations exist. Existing law also provides that any deputy sheriff of the County of Los Angeles, and any deputy sheriff of the Counties of Kern, Humboldt, Imperial, Mendocino, Plumas, Riverside, San Diego, Santa Barbara, Siskiyou, Sonoma, Sutter, or Tehama who is assigned to perform duties exclusively or initially relating to specified custodial assignments is a peace officer whose authority extends to any place in the state only while engaged in the performance of the duties of his or her employment and for the purpose of carrying out the primary function of employment relating to his or her custodial assignments, or when directed to perform other law enforcement duties during a local state of emergency.

This bill would provide that this latter provision is also applicable to deputy sheriffs employed by the County of Shasta who are assigned to perform duties exclusively or initially relating to specified custodial assignments.

Recent changes in existing law have brought about the consolidation of the superior and municipal courts.

This bill would make a technical change relating to the consolidation of the municipal and superior courts.

Existing law requires every peace officer to complete an introductory course of training prescribed by the Commission on Peace Officer Standards and Training. Existing law requires any person who completes that training, but is not employed as a peace officer within 3 years, or who has a 3-year or longer break in service as a peace officer, to pass a specified examination, except for specifically exempted persons.

This bill would add to those exempted from the requirement to take this prescribed test after 3 years without peace officer status a peace officer specified in the above-described provisions who is assigned to perform duties exclusively or initially relating to specified custodial assignments, if the peace officer has previously successfully completed the required training, and since that time has been continually employed as a custodial officer by the agency appointing him or her as a peace officer.

This bill would incorporate additional changes in Section 830.1 of the Penal Code proposed by AB 354, SB 570, or both, depending on the prior enactment of one or both of those bills and the chaptering of this bill last.

Ch. 71 (AB 376) Chu. California Mental Health Planning Council: composition.

The Bronzan-McCorquodale Act establishes provisions to organize and finance community mental health services for persons with mental disorders in every county through locally administered and locally controlled community mental health programs.

Federal law provides for block grants for community mental health services, and requires that states, in exchange for this federal financial assistance, develop and implement comprehensive mental health plans for adults with serious mental illnesses and for children with serious emotional disturbances.

Under existing law the California Mental Health Planning Council is required to fulfill mental health planning requirements mandated by federal law.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require that the council include representatives who are direct service providers from both the public and private sectors.

This bill would also state the intent of the Legislature to require the planning council to complete specified tasks.

Ch. 72 (AB 774) Wiggins. Vocational Education.

Existing law requires the minimum day in specified vocational education programs to consist of 4 periods totaling at least 180 minutes in duration.

This bill would additionally provide that for a pupil who attends a school, as specified, in which the regularly scheduled period is greater than 60 minutes in length, the minimum day is one or more periods totaling at least 180 minutes in duration.

Ch. 73 (AB 1105) Jackson. Identity theft: limitations period.

Under existing law, any person who willfully obtains personal identifying information, as defined, of another person, and uses that information for any unlawful purpose, and any person who, with the intent to defraud, acquires, transfers, or retains possession of the personal identifying information of another person, is guilty of a crime. Existing law also makes it a crime to knowingly procure or offer any false or forged instrument to be filed, registered, or recorded in any public office in this state, as specified. Existing law requires that, except as specified, prosecution for an offense punishable by imprisonment in the state prison be commenced within 3 years of the commission of the offense. Existing law also provides that, with respect to offenses involving fraud or certain other elements, the limitation of time does not begin to run until the discovery of the offense, and specifies crimes that fall into this category.

This bill would provide, in addition, that the limitations period for the crimes involving the unlawful use of personal identifying information and procuring or offering a false or forged instrument for record does not begin to run until discovery of the offense.

Ch. 74 (SB 455) Torlakson. Home equity sales contracts.

Existing law provides for the regulation of a contract that is incident to the sale of a residence in foreclosure, where the contract is between an equity purchaser, a specified person who acquires title to a residence in foreclosure, and an equity seller, the seller of a residence in foreclosure. Existing law provides that the equity seller has, in addition to a right of rescission, the right to cancel any contract with an equity purchaser until midnight of the 5th business day following the day on which the equity seller signs a contract subject to the above-described regulatory provisions or until 8 a.m. on the day scheduled for the sale of the property, as specified. These provisions include notice obligations and other requirements on equity purchasers, most of which are enforceable in a civil action. Existing law provides that, in one of these civil actions, a prevailing equity seller shall recover actual damages, plus reasonable attorneys fees and costs, and may be awarded exemplary damages or equitable relief, in the court's discretion. Certain specified violations require the court to award 3 times actual damages as exemplary damages.

This bill would authorize a court, in every one of these civil suits in which an equity seller prevails, to award a civil penalty of not more than $2,500, if it does not award exemplary damages.

Existing law provides that any equity purchaser who violates one of certain of these provisions that are enforceable in a civil action, or who engages in any practice that would operate as a fraud or deceit upon an equity seller, is punishable for each violation by a fine of not more than $10,000, by imprisonment in a county jail for not more than one year, or in the state prison, or by both that fine and imprisonment.

This bill would increase the maximum fine for one of these violations to $25,000.

Ch. 75 (SB 496) Alpert. Drug endangered children.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law establishes a pilot program of technical and financial assistance for counties, entitled the California Drug Endangered Child Protection Act in the Office of Criminal Justice Planning. Existing law provides that counties implementing a drug endangered children program and receiving funds pursuant to the program shall establish multiagency drug endangered child response teams in cooperation with local, state, and federal law enforcement agencies, and the county departments of health and children's services to perform certain services, as specified, including response to cases involving a drug endangered child. Existing law also provides that district attorneys in counties receiving funds under this chapter shall concentrate enhanced prosecution efforts and resources upon individuals who endanger children through exposure to the clandestine manufacture of controlled substances.

This bill would encourage every law enforcement and social services agency in this state to, by January 1, 2005, develop, adopt, and implement written policies and standards for their response to narcotics crime scenes where a child is either immediately present or where there is evidence that a child lives. This bill would provide that these policies would reflect the fact that exposing a child to the manufacturing, trafficking, and use of narcotics is criminal conduct and that a response coordinated by law enforcement and social services agencies is essential to the child's health and welfare, as specified. This bill would also encourage communities to form multijurisdictional groups to develop standards and protocols that address specified issues with respect to law enforcement response to drug endangered children.

Ch. 76 (SB 745) Ashburn. Environmental subdivision.

(1) Under the Subdivision Map Act, a local agency may, prior to January 1, 2005, approve or approve conditionally an environmental subdivision, which is defined as a subdivision of land for biotic and wildlife purposes, if the local agency finds that specified conditions have been met.

This bill would extend indefinitely the authority of a legislative body to approve or conditionally approve an environmental subdivision and would revise the conditions that are required to be met prior to the local agency approving or conditionally approving the environmental subdivision.

(2) The Subdivision Map Act, until January 1, 2003, excepts, among other things, land being subdivided solely for the creation of an environmental subdivision from the requirement of a tentative and final map when 5 or more parcels are created.

This bill would delete the January 1, 2003, termination date from the exception.

Ch. 77 (AB 88) Corbett. Contracts: telemarketing.

The federal Telemarketing Sales Rule prohibits a seller or telemarketer, as defined, from engaging in deceptive or abusive telemarketing acts or practices, including, but not limited to, (1) causing billing information to be submitted for payment, directly or indirectly, without the express informed consent of the customer or donor, as specified, and (2) keeping, for 24 months, certain authorizations or records.

Existing state law provides that certain contracts are unlawful.

This bill would provide that any contract with a consumer located in California that is made in connection with a telephone solicitation for the purchase of certain goods or services is unlawful if the telemarketer fails to comply with the provisions of the Telemarketing Sales Rule described above, except as specified.

Ch. 78 (AB 138) Lowenthal. Physicians and surgeons: exemption for out-of-state physicians and surgeons traveling with a sports team.

Existing law, the Medical Practice Act, provides for the licensure and regulation of physicians and surgeons by the Medical Board of California in the Department of Consumer

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Affairs. Existing law makes the practice of medicine without a license issued by the board punishable as a misdemeanor offense, subject to specified exemptions.

This bill would exempt a physician and surgeon from the licensure requirements of the act for a specified time period if the physician and surgeon is licensed in another state or country and is traveling with a sports team for a specific sporting event.

Ch. 79 (AB 266) Mullin. County employees' retirement: San Mateo County.

Existing law authorizes the San Mateo County Board of Supervisors, among others, to provide specified benefits to the surviving domestic partner of a member of the county's retirement system.

This bill would authorize that board of supervisors to implement those benefits through collective bargaining and based on actuarial cost estimates.

Ch. 80 (AB 362) Garcia. Health care service plans.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, makes the Department of Managed Health Care responsible for administering the act's provisions and requires it to maintain information regarding the operation of health care service plans.

This bill would require the department to maintain a database indicating for each county, the names of the health care service plans operating in that particular county.

Ch. 81 (AB 416) La Suer. Adoption: legal guardians.

Existing law authorizes a legal guardian who has been a child's legal guardian for more than one year to file a petition to adopt the child.

This bill would additionally authorize a legal guardian of more than 6 months to file that petition if the court has found the child to have been abandoned pursuant to a specified provision.

Ch. 82 (AB 566) Yee. Fish: accounting records.

Existing law requires persons engaged in business for profit involving fish to keep accounting records of all transactions in the English language. Existing law requires those records to include, among other things, the number of pounds purchased, received, or taken of each different species, the name of the person from whom the fish were purchased or received, the name of the recipient, and the date of the receipt. Existing law requires the accounting records to be maintained for a period of 3 years.

This bill would, instead, require those records to include the number of pounds sold, distributed, or taken of each different species, the name of the person to whom the fish were sold or distributed, the name, address, and phone number of the seller or distributor, and the date of the sale. The bill would instead require that the accounting record information required by that provision which is transmitted from any person identified in that provision to any business that deals in fish for profit to be in the English language. The bill would clarify that both buyers and sellers shall maintain those records for 3 years.

Ch. 83 (AB 617) Spitzer. California State Lottery Act.

The California State Lottery Act of 1984 places restrictions on the rulemaking authority of the Lottery Commission with respect to games utilizing computer terminals or other devices. Existing law prohibits, in games utilizing computer terminals or other devices, coins and currency from being dispensed to players from those machines.

This bill would specify that coins or currency may not be dispensed as prizes to players from computer terminals or devices.

The California State Lottery Act provides that none of its provisions may be changed except to further its purpose by a bill passed by a $^{2}/_{3}$ vote of each house of the Legislature and signed by the Governor.

This bill would declare that its provisions further the purpose of the act.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 84 (AB 702) Jackson. State agencies: state and consumer services.

(1) Existing law provides that the State and Consumer Services Agency consists of the Department of General Services, the Department of Consumer Affairs, the Franchise Tax Board, the Public Employees' Retirement System, the State Fire Marshal, the State Teachers' Retirement System, the Department of Fair Employment and Housing, the California Science Center, and the State Building and Standards Commission.

This bill would remove the State Fire Marshal from, and add the Fair Employment and Housing Commission, the California Victim Compensation and Government Claims Board, and the California African-American Museum to, the State and Consumer Services Agency.

(2) Existing law provides that the California Victim Compensation and Government Claims Board consists of the Director of General Services, the Controller, and a 3rd member appointed by the Governor.

This bill would remove the Director of General Services from, and add the Secretary of State and Consumer Services or his or her designee to, the board.

Ch. 85 (AB 805) Diaz. Mobilehomes: termination of tenancies.

Existing law defines and regulates the terms of a rental agreement for a mobilehome park. Existing law permits a mobilehome park tenancy to be terminated only for certain reasons, and specific provisions address the termination of the tenancy of a homeowner in the park for the nonpayment of rent, utility charges, or reasonable incidental expenses. Under these circumstances, the amount in question must be at least 5 days past due, and the homeowner must be provided a specified 3-day written notice.

This bill would require, under the circumstances described above, that the homeowner receive additional information with the 3-day written notice, regarding the implications of failing to pay rent, utility charges, or reasonable incidental expenses when due on 3 or more occasions in a 12-month period.

Ch. 86 (AB 867) Nakano. Controller: penalties.

Existing law requires the county auditor to file a copy of the completed budget of the county and a statement of the rates and amounts of taxes to be levied and allocated pursuant to the Revenue and Taxation Code, as specified, in the office of the Controller on or before November 1 of each year.

Existing law also requires the officer in charge of the financial records of each local agency, as defined, including a community redevelopment agency, to file a report of the financial transactions of the local agency during the next preceding fiscal year with the Controller within 90 days after the close of each fiscal year.

Existing law provides for forfeiture to the state of various monetary penalties for the failure to comply within 20 days with a written notice from the Controller that the report has not been timely filed and authorizes the Attorney General, upon the request of the Controller, to prosecute an action to recover the forfeiture.

This bill would authorize the Controller to waive the penalty for late filing upon a satisfactory showing of good cause.

Ch. 87 (AB 1043) Liu. State Board of Equalization: managed audit program.

The Sales and Use Tax Law authorizes the State Board of Equalization, or its authorized representative, to examine the books, papers, records, and equipment of any person selling tangible personal property at retail and any person liable for the use tax to verify the accuracy of any return made under that law.

This bill would establish, until January 1, 2009, the managed audit program, as specified, and allow a taxpayer to participate in the program if that taxpayer meets certain criteria. This bill would, if the board identifies an underpayment of tax during any audit under the program, require the taxpayer to pay interest on that underpayment at a rate that is $^1/_2$ the rate of interest that would otherwise be charged for the underpayment. This bill would also

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

require the board to report to the Legislature, on or before January 1, 2008, regarding the managed audit program, as specified.

Ch. 88 (AB 1274) Chavez. Motor clubs.

Existing law generally regulates motor clubs, and prohibits a person from rendering motor club service without first obtaining from the Insurance Commissioner a certificate of authority. Existing law defines motor club service as the rendering or procuring of, or reimbursement for, any specified service in connection with the ownership, operation, use, or maintenance of a motor vehicle under certain conditions. Existing law exempts specified persons and entities from the operation of these provisions.

This bill would provide that a person who is engaged in selling or furnishing discount service, map service, or travel service, as defined, or miscellaneous service that is incidental to those services, but who is not engaged in selling or furnishing certain other services, is not a motor club and is exempt from the operation of the regulatory provisions described above. The bill would require the Insurance Commissioner to adopt regulations specifying the types of miscellaneous service permitted under its provisions.

Ch. 89 (AB 1361) McCarthy. Nonresidential tenancies: security deposits.

Existing law regulates the payment or deposit of money to secure a rental agreement for nonresidential property. Existing law requires a landlord to use the payment or deposit only as reasonably necessary to remedy tenant defaults in paying rent, to repair damages caused by the tenant, or to clean the premises, as specified. Existing law requires that when the landlord makes a claim only for defaults in paying rent, any remaining portion of the security is to be returned to the tenant within 2 weeks after the landlord receives possession of the premises. Existing law requires that where the security is used for purposes other than those specified above, the security is to be returned no later than 30 days after the landlord receives possession of the premises, as specified.

This bill would remove the two week period for returning any security held for defaults in paying rent, and instead provide that any remaining portion of security for nonresidential property to be returned to a tenant be returned within the 30-day period described above, except as specified.

Ch. 90 (AB 1772) Committee on Banking and Finance. Identity theft.

Existing law provides that if a person discovers that an unauthorized person has applied for certain services or opened certain accounts, the person is entitled to receive the identifying information that was used by the unauthorized person to apply for or open the account or service and a record of transactions and charges associated with the account or service upon presentation of a copy of a police report and identifying information.

This bill would add applications and accounts regarding mail receiving or forwarding services and office or desk space rental services to the applications and accounts covered by these provisions.

Ch. 91 (AB 96) Bermudez. High-priority schools.

Existing law provides for the development of the Academic Performance Index (API), a statewide ranking system to measure school performance. Existing law requires the Superintendent of Public Instruction, with the approval of the State Board of Education, to rank all public schools in decile categories by grade level of instruction provided, based on their pupils' API results. Various provisions of existing law designate a school as a "low-performing" school, based on its decile rank.

This bill would, instead, designate those schools as "high-priority" schools.

Ch. 92 (AB 142) Kehoe. San Diego River Conservancy: real property.

Existing law establishes the San Diego River Conservancy to acquire and direct the management of specified public lands in the San Diego River Area, as defined, and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

prescribes the management, powers, and duties of the conservancy. Existing law authorizes the San Diego River Conservancy to select and acquire real property or interest in real property in the name of the state.

The existing Property Acquisition Law requires that all real property and interests in real property acquired by or for any state agency, with specified exceptions, be selected and acquired by the State Public Works Board in the name of and on behalf of the state, with the consent of the state agency concerned. That law permits the State Public Works Board to acquire such property by condemnation.

This bill would require that an acquisition of real property or an interest in real property in the name of the state by the San Diego River Conservancy be pursuant to the Property Acquisition Law.

Ch. 93 (AB 223) Diaz. Employment.

Under existing law, if an employee believes an employer has failed to pay wages required by contract or statute, the employee may either file a civil action against the employer or file a wage claim with the Labor Commissioner seeking administrative relief. Where the administrative remedy is pursued, either party may appeal the decision of the Labor Commissioner to the trial court, for a hearing de novo. If an appeal is taken, and the party seeking review is unsuccessful, current statutory law requires the trial court to assess costs and reasonable attorney's fees against the party who filed the appeal. Case law interpreting this law has held that the appealing party is unsuccessful unless the court judgment is more favorable to the appealing party than the Labor Commissioner's award.

This bill instead would provide that an employee is successful so long as the employee recovers a judgment in his or her favor thereby overturning the holding in Smith v. Rae-Venter Law Group (2002) 29 Cal.4th 345 and restoring the prior holdings in Cardenas v. Mission Industries (1991) 226 Cal.App.3d 952 and Triad Data Services, Inc. v. Jackson (1984) 153 Cal.App.3d Supp. 1 on this issue.

Ch. 94 (AB 348) Chu. Mental health: involuntary confinement: psychologists.

Existing law, the Lanterman-Petris-Short Act, provides for the involuntary detention and treatment of any person with a mental disorder who, as a result of the mental disorder, is a danger to others or to himself or herself, or is gravely disabled.

Existing law establishes various requirements with respect to determinations to be made by a psychiatrist directly responsible for a person's treatment for the initial detention for evaluation and treatment under the act, for various subsequent periods of confinement for treatment under the act, and for the release of any person subject to the act.

This bill would provide that a psychologist who has personally evaluated or examined a person and has a collaborative treatment relationship with the psychiatrist may also recommend the person's early release in certain situations. This bill would require the psychologist and psychiatrist to consult with one another before either may recommend the person's release. In the event that either the psychiatrist or psychologist recommends the person's release and the other does not, this bill would provide that the person may not be released unless the medical director of the facility where the person is being treated overrules the decision of the psychiatrist or psychologist opposing the release.

This bill would also provide that its provisions shall not be construed to revise or to expand the scope of practice, as defined, of psychologists.

Ch. 95 (AB 374) Chan. County employees' retirement systems: capital expenditures.

Existing law requires certain counties subject to the County Employees Retirement Law of 1937 to adopt an annual budget covering the entire expense of administration of the retirement system, which expense may not exceed a specified percentage of the total assets of the retirement system.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that, until January 1, 2007, if the net asset value of the system has declined, that limit on the expense of administration of the system may be based on the value of the assets of the retirement system as of a prior valuation date, in a prior fiscal year, as specified.

Ch. 96 (AB 398) Mullin. County employees' retirement: San Mateo County.

The County Employees Retirement Law of 1937 authorizes counties to provide retirement benefits to general members and safety members of a county.

This bill would authorize the Board of Supervisors of San Mateo County, by resolution, ordinance, contract, or contract amendment, to provide retirement benefits for some, but not all, general members or safety members of that county. The bill would specify that the board of supervisors may provide a different formula for calculation of retirement benefits for any subgroup of members within a classification, including bargaining units or unrepresented groups. These provisions would not be operative until adoption by the Board of Supervisors of San Mateo County.

Existing law establishes an alternative retirement plan for San Mateo County known as Retirement Plan 3. Existing law provides that a member who has elected or transferred to Plan 3 and is terminated but is later reemployed will receive credit for service rendered prior to termination, if the reemployment occurs within 2 years of termination.

This bill would eliminate the provision requiring that reemployment occur within 2 years of termination and would also make technical, nonsubstantive changes to that provision.

Ch. 97 (AB 475) Correa. Public employees' retirement: home loan program.

The Public Employees' Retirement Law establishes a home loan program to assist members of the retirement system in the purchase of homes. Under the program, loan terms are established pursuant to regulations set by the board. Among other restrictions, the maximum loan available is limited to 95% of the home's value.

This bill would provide the authority for the board to increase the maximum loan to 100%, subject to certain conditions and limitations.

Ch. 98 (AB 693) Corbett. Mobilehome parks: actions.

Existing law, the Mobilehome Residency Law, regulates the terms and conditions of mobilehome park tenancies. The Mobilehome Residency Law requires that in an action to enforce its provisions, the prevailing party shall be entitled to reasonable attorney's fees and costs and, if a homeowner or former homeowner of a park is the prevailing party, as specified, the homeowner, in addition to damages afforded by law, may be awarded an amount not to exceed $2,000 for each willful violation by park management.

This bill would provide that a prevailing homeowner or former homeowner may be awarded either punitive damages or the statutory penalty described above.

Ch. 99 (AB 812) Yee. Historic places: Transbay Terminal: demolition: housing.

(1) Existing law requires the Legislature to approve by statute a change, as specified, to a building or structure that is listed on the National Register of Historic Places and is transferred from state ownership to another public agency after January 1, 1987.

This bill would provide legislative approval for the demolition of the Transbay Terminal building in the City and County of San Francisco, including its associated vehicle ramps, for construction of a new terminal. The bill would also provide that the Transbay Joint Powers Authority shall have primary jurisdiction with respect to specified matters concerning the new terminal.

(2) The existing Community Redevelopment Law establishes requirements for a redevelopment project implemented through a redevelopment plan, including certain requirements to increase, improve, and preserve the supply of low- and moderate-income housing.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require that any redevelopment plan adopted to finance the demolition of the Transbay Terminal building and construction of a new terminal shall ensure that at least 25% of the dwelling units developed within the project be available at affordable housing cost to, and occupied by, persons and families whose incomes do not exceed 60% of the area median income, and that at least an additional 10% be available at affordable housing cost to, and occupied by, persons and families whose incomes do not exceed 120% of the area median income. The bill would further require the redevelopment agency to ensure that dwelling units made affordable pursuant to these requirements remain available at affordable housing cost to, and occupied by, persons and families of the respective income categories consistent with certain time requirements of the Community Redevelopment Law.

(3) This bill would make legislative findings and declarations regarding the necessity of a special statute.

Ch. 100 (AB 853) Corbett. State funds: deposit of interest earned.

Existing law requires interest earned or other increment derived from investments made, with respect to certain special funds, to be apportioned or transferred by the Controller for specified purposes as of June 30th and December 31st of each year.

This bill would instead require that these amounts be apportioned or transferred at the conclusion of each calendar quarter.

Ch. 101 (AB 924) Maldonado. Trespass.

Existing law provides that, with specified exceptions, any person who, without the written permission of the landowner, owner's agent, or person in lawful possession of the land, willfully enters any lands under cultivation or enclosed by fence, belonging to, or occupied by, another, is for a first offense guilty of an infraction punishable by a fine of $10; and for a 2nd offense guilty of an infraction punishable by a fine of not less than $100 nor more than $250.

This bill would revise the above penalty provisions to instead provide that for a trespass on the same land or any contiguous land of the same landowner, without the permission of the landowner, the landowner's agent, or the person in lawful possession of the land, a first offense is punishable by a fine of $75 and a 2nd offense is punishable by a fine of $250. The bill would exempt licensed land surveyors engaged in specified lawful and authorized work from these provisions and would make clarifying and conforming changes to these and related provisions.

Ch. 102 (AB 1106) Jerome Horton. Peace officers: confidential records.

Existing law provides that peace officer or custodial officer personnel records and records maintained by any state or local agency, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery. Existing law also provides that these provisions do not apply to investigations or proceedings concerning the conduct of police officers or a police agency conducted by a grand jury, a district attorney's office, or the Attorney General's office.

This bill would expand the exception by providing that the provisions insuring confidentiality do not apply to investigations or proceedings concerning the conduct of peace officers or custodial officers, or an agency or department that employs these officers, conducted by a grand jury, a district attorney's office, or the Attorney General's office.

Ch. 103 (SB 158) Alarcon. Displaced public transit employees.

Existing law provides for a system of labor standards enforcement administered by the Labor Commissioner.

This bill would establish a bidding preference for public transit service contractors and subcontractors who agree to retain, for a period of at least 90 days, certain employees who were employed to perform essentially the same services by the previous contractor or subcontractor. Contractors or subcontractors who agree to retain employees under the bill's

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

provisions must offer employment to those employees except for reasonable and substantiated cause, as specified. This bill would provide that if a successor contractor or subcontractor determines that fewer employees are needed than under the prior contract, qualified employees shall be retained by seniority within the job classification. This bill would require the existing contractor, when required by the awarding authority, to provide employment information relating to wage rates, benefits, dates of hire, and job classifications of employees under the existing service contract to the awarding authority or a successor contractor, as specified.

Ch. 104 (AB 359) Koretz. Public safety officers: off-duty employment.

Existing law provides that every executive or ministerial officer, employee, or appointee of the State of California, or any county or city therein, or any political subdivision thereof, who knowingly asks, receives, or agrees to receive any emolument, gratuity, or reward, or any promise thereof excepting such as may be authorized by law for doing an official act, is guilty of a misdemeanor. Existing law exempts from that offense, certain employment by a peace officer as a security guard or patrolman while off duty, as specified.

This bill would additionally exempt from the scope of that offense, other employment by a peace officer while off duty, and would, subject to exceptions, provide that a peace officer may not be prohibited from engaging in other employment while off duty, as specified.

Ch. 105 (AB 464) Levine. Adult day health care centers.

Existing law provides for the implementation of adult day health care center oversight by the State Department of Health Services, and authorizes that department to enter into an interagency agreement with the California Department of Aging for the administration of that program. Existing law establishes standards for the licensure of adult day health care centers.

This bill would prohibit an adult day health care center from requiring family members to attend the center or assist the participant with activities of daily living while at the center. This bill would also prohibit an adult day health care center from discriminating because of race, color, creed, national origin, sex, sexual orientation, or physical or mental disabilities. It would provide that the program may not admit any participants to the program that, in the clinical judgment of those administering the program, cannot be appropriately cared for by the program.

Under existing law, any person who negligently, repeatedly, or willfully violates the provisions of law relating to adult day health care facilities is guilty of a misdemeanor.

Because this bill would change the definition of a crime, this bill would result in a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 106 (AB 504) Yee. Parks and recreation: park and open-space districts: penalties.

Existing law establishes penalties for a violation of an ordinance, rule, or regulation regarding regional park, park and open-space, and open-space districts. Existing law establishes that a violation is a misdemeanor punishable by a fine of up to $500, or by up to 6 months imprisonment, or both. However, the law also provides that if the board of directors of a district determines that the violation is an infraction, the violation is punishable by a fine of up to $50.

This bill would increase the maximum fine for a misdemeanor violation to $1,000 and for an infraction to $100 for a first violation, $200 for a second identical violation within one year, and $500 for each additional identical violation within one year.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would incorporate additional changes in Section 5560 of the Public Resources Code proposed by AB 1712, to be operative only if AB 1712 and this bill are both chaptered and become effective January 1, 2004, and this bill is chaptered last.

Ch. 107 (AB 569) Cohn. Bureau of State Audits.

Existing law establishes the Bureau of State Audits under the direction of the Milton Marks Commission on California State Government Organization and Economy, and generally provides that any reference in state law to the Auditor General or the office of the Auditor General with respect to the performance of audits, shall be construed to refer to the State Auditor or the Bureau of State Audits, respectively.

This bill would delete obsolete references to the office of the Auditor General and the Auditor General and make various other technical, nonsubstantive changes.

This bill would incorporate additional changes to Section 8544.2 of the Government Code proposed by SB 626, to be operative only if this bill and SB 626 are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

This bill would incorporate additional changes to Section 13405 of the Government Code proposed by SB 403, to be operative only if this bill and SB 403 are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

Ch. 108 (AB 583) Leslie. Generation facilities: regulation.

Existing law requires the Public Utilities Commission to regulate facilities for the generation of electricity owned by any public utility prior to January 1, 1997, until the owner of those facilities has applied to the commission to dispose of those facilities and has been authorized by the commission to undertake that disposal. Existing law prohibits any facility for the generation of electricity owned by a public utility from being disposed of prior to January 1, 2006.

This bill would exempt from those provisions the disposition of a facility for the generation of electricity, or the disposition of an interest in a facility for the generation of electricity, that is located outside of this state, is owned by a public utility that serves 60,000 or fewer customer accounts in this state, and is not necessary to serve the public utility's customers in this state, upon the approval of the commission or upon an exemption by the commission pursuant to existing provisions of law.

Ch. 109 (AB 647) Nunez. Tenancy: code violations: penalties.

(1) Existing law provides that a landlord is liable to a tenant for up to $1,000 when the landlord demands or collects rent on a building that is untenantable, has been inspected by a public officer responsible for the enforcement of any housing law who has provided a specified notice to a landlord, and for which the violations have continued to exist for 60 days, as specified.

This bill would provide that a landlord is liable also when the landlord issues a notice of rent increase or issues a 3-day notice pursuant to an unlawful detainer action, as specified. The bill would add certain health and safety violations to the list of characteristics of a dwelling that may result in liability. The bill would reduce the period of time that the violations would need to have continued to exist to 35 days, as specified. The bill would also increase the amount that a tenant or lessee could collect under these provisions to $5,000, and permit the recovery of costs.

(2) Existing law permits a landlord to bring an action for unlawful detainer and permits a tenant to assert an affirmative defense that the landlord has failed in his or her obligation to provide a tenantable dwelling or has breached any other warranty of habitability.

This bill would provide that a landlord who institutes an unlawful detainer proceeding based upon a tenant's nonpayment of rent, and who is in violation of specified provisions, is liable to the tenant or lessee for reasonable attorney's fees and costs of the suit, in an amount to be fixed by the court.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 110 (AB 690) Pacheco. Garnishment: execution and attachment liens.

Existing law provides that, in order to levy an execution lien or attachment lien upon a deposit account, the levying officer shall personally serve a copy of the writ and a notice of levy on the financial institution with which the deposit account is maintained.

This bill would provide for an alternative method of attachment by the levying officer, by personal service of the writ and notice of attachment on a centralized location within the county designated by the financial institution. The bill would also provide that if the writ is received at the designated central location, it shall apply to all deposit accounts held by the financial institution regardless of the location of that property.

Ch. 111 (AB 706) Maldonado. Community services districts.

The Community Services District Law authorizes a district to borrow money and incur or assume indebtedness subject to certain limitations.

This bill would additionally permit the Los Osos Community Services District to borrow money consistent with these provisions for the purpose of making loans to property owners within the district to pay for the costs of decommissioning septic systems and constructing lateral connections on private property to facilitate the connection of those properties to the district's wastewater treatment system. The bill would authorize the district to have debt payments or any delinquency collected with property taxes and to secure the loan by recording a lien, as specified.

Ch. 112 (AB 798) Committee on Aging and Long-Term Care. Medi-Cal: all-inclusive care for the elderly.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons. The Medi-Cal program is, in part, governed and funded by federal medicaid provisions.

Existing federal law establishes the Programs of All-Inclusive Care for the Elderly (PACE), which provides specified services for older individuals so that they may continue living in the community. Federal law permits states to implement the PACE program as a medicaid state option.

Existing state law authorizes the department to establish the California Program of All-Inclusive Care for the Elderly, and to contract with up to 10 demonstration projects to develop risk-based long-term care pilot programs.

This bill would establish PACE program services as a covered benefit of the Medi-Cal program, subject to utilization controls and eligibility criteria, as specified, and subject to approval by the federal Centers for Medicare and Medicaid Services of a medicaid state plan amendment electing the PACE program as a state medicaid option. It would authorize the department to enter into contracts with up to 10 PACE organizations to provide services under the PACE program.

Ch. 113 (AB 965) Kehoe. State emblems: official state tall ship.

Existing law establishes the state flag and the state's emblems, including, among other things, the poppy as the official state flower and the California redwood as the official state tree.

This bill would establish "the Californian" as the official state tall ship.

Ch. 114 (AB 1019) Nakanishi. Parks: property conversion and exchange.

Land in Oak Grove Regional Park in San Joaquin County was acquired with funds from various state bond measures. Those state bond measures require that property acquired or developed with bond act grant funds be used by the grantee only for the purposes for which the funds were requested and that no other use be permitted, except by a specific act of the Legislature.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize San Joaquin County to convert, for the purpose of road usage, specified land acquired with state bond funds within Oak Grove Regional Park in San Joaquin County if the conversion of the land is carried out in accordance with the requirements of the Public Park Preservation Act and if San Joaquin County submits to the Department of Parks and Recreation a copy of the recorded deed and title policy for the replacement land.

The bill would declare that, due to the unique circumstances pertaining to San Joaquin County, a general statute within the meaning of specified provisions of the California Constitution cannot be made applicable and a special statute is necessary.

Ch. 115 (AB 1083) Cogdill. Life insurance: notification.

Existing law provides that a contract of life insurance procured upon another individual is void unless the person applying for the insurance has an insurable interest in the individual insured at the time of the application.

This bill would prohibit an insurer from issuing a policy to an applicant that insures the life of the applicant's spouse unless the applicant's spouse has signed the policy application or has otherwise been notified in advance of the issuance of the policy. The bill would apply to policies with face amounts greater than $50,000 issued on or after July 1, 2004.

Ch. 116 (AB 1092) Harman. Gift certificates: service fees.

Existing law prohibits the sale of any gift certificate that contains an expiration date, except as specified.

This bill would also prohibit the sale of any gift certificate that contains a service fee, except as specified. For the purposes of these provisions, the bill would clarify that "gift certificate" includes gift cards, except for certain cards that may be used with multiple sellers of goods or services, as specified. The bill would also provide that the provision above does not prevent an issuer of a gift certificate from including on any gift certificate that the purchaser is entitled to a full refund of the amount paid under specified circumstances, and would make a conforming change to a related provision.

This bill would declare that its provisions are severable and that specified provisions apply prospectively.

Ch. 117 (AB 1168) Berg. Wild and scenic rivers: Albion and Gualala Rivers.

The Wild and Scenic Rivers Act includes specified rivers and segments thereof within the California Wild and Scenic River system, which are subject to various protections under the act.

This bill would include segments of the Albion River and Gualala River within the system, and would designate those segments as recreational.

Ch. 118 (AB 1538) Berg. Construction contractors.

Existing law, the Contractors' State License Law, creates the Contractors' State License Board within the Department of Consumer Affairs and provides for the licensure and regulation of contractors. Existing law requires a plumbing contractor, electrical sign contractor, and well-drilling contractor to display his or her name, business address, and contractor's license number on each side of each motor vehicle used in his or her business.

This bill would require a contractor, except those specified above, to display his or her contractor's license number and business name in or on each commercially registered motor vehicle used in his or her construction business.

Ch. 119 (AB 1677) Committee on Elections, Redistricting and Constitutional Amendments. Absent voter ballots.

Existing law requires any individual, organization, or group that distributes applications for absent voter ballots to return completed forms to the elections official within 36 hours of receiving them, or before the deadline for application, whichever is sooner.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise this time limit to 72 hours of receiving them, or before the deadline for application, whichever is sooner.

Ch. 120 (SB 10) Poochigian. Irrigation districts: assessment sale.

Existing law, the Irrigation District Law, authorizes the sale of property to an irrigation district to recover delinquent assessments, together with penalties and costs, that are owed to that district. The district law provides for the preparation of a certificate of sale in connection with the sale of delinquent property, and authorizes an irrigation district to assign that certificate of sale for a consideration of not less than the amount of the assessment, penalties, and costs.

This bill would repeal the provision authorizing an irrigation district to assign the certificate of sale.

Ch. 121 (SB 176) Johnson. Workers' compensation insurance: classification: notice.

Existing law authorizes a rating organization, as defined, to inspect risks for classification or rate purposes in connection with workers' compensation insurance, and to furnish to the insurer and, upon request of the employer and after notice to the insurer, to furnish to the employer full information concerning the rates applicable to the employer's insurance.

This bill would require a rating organization to provide written notification to a policyholder at the time it provides that notification to the insurer if it imposes a change in the classification assignment of the policyholder, and would provide that a rating organization may satisfy this requirement by furnishing the policyholder with a copy of the notice that it provides to the insurer regarding the change in classification assignment.

Ch. 122 (SB 316) McPherson. Mandated reporters.

Existing law, the Child Abuse and Neglect Reporting Act (CANRA), requires a mandated reporter, as defined, to report whenever he or she, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. Failure to report an incident is a crime punishable by imprisonment in a county jail for a period of 6 months, a fine of up to $1,000, or by both that imprisonment and fine.

This bill would add custodial officers, as defined, to the list of individuals who are mandated reporters. Because this bill would impose duties on local officers, and because it would change the definition of a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 123 (SB 487) Torlakson. District annexations.

Under the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, when any district to which annexation of territory is proposed has adopted and transmitted to the local agency formation commission a resolution requesting termination of proceedings within a prescribed time period, the commission is required to terminate the proceedings.

This bill instead would require the commission to terminate the proceedings after consideration of the district's resolution, which shall be based upon written findings supported by substantial evidence in the record that the request is justified by financial or

NOTE: Superior numbers appear as a separate section at the end of the digests.

service concerns, as defined. The bill would make the district's resolution subject to judicial review.

Ch. 124 (SB 873) McPherson. Criminal history information.

(1) Existing law provides that agencies responsible for determining the character and fitness of a person applying for employment, a license, or a volunteer position, within a human services field in which he or she would have supervisory or disciplinary power over members of vulnerable populations, including children, the elderly, or the mentally impaired, may request, and the Department of Justice shall provide, the criminal history information of those applicants or volunteers, as specified, with respect to certain enumerated offenses.

This bill would provide that in that connection, requests for federal level criminal record information received by the department would be forwarded to the Federal Bureau of Investigation by the department to be searched for any record of arrests or convictions.

(2) Existing law prohibits the Department of Justice from knowingly transmitting information relating to the arrest or the taking into custody of a minor at the time of the arrest or the taking into custody unless the information also includes the resulting disposition. Existing law also requires the juvenile court to report to the Department of Justice the complete criminal history of any minor found to be a person adjudged a ward of the court because of the commission of a specified felony offense. Existing law requires the Department of Justice to retain this information and make it available pursuant to provisions governing the California Criminal Index and Identification System.

This bill would repeal those provisions.

(3) Existing law provides that any information gathered by a law enforcement agency relating to the taking of a minor into custody may be disclosed to another law enforcement agency or to any person or agency with a legitimate need for the information for purposes of official disposition of a case.

This bill would revise that provision to specifically include information gathered by the Department of Justice.

Ch. 125 (SB 968) Bowen. Organized crime.

Existing law specifies various offenses for purposes of defining criminal profiteering activity, and patterns of criminal profiteering activity. Existing law also provides for the forfeiture of specified assets for persons who engage in a pattern of criminal profiteering activity, upon conviction of an underlying offense, as specified.

This bill would add to those specified offenses, offenses related to fraud or theft against the state's beverage container recycling program, as specified.

By expanding the list of offenses that may subject a person to prosecution for criminal profiteering activity, this bill would impose a state-mandated local program.

Existing law provides for the distribution of proceeds from the sale of assets forfeited for conviction in connection with a pattern of criminal profiteering.

This bill would, in addition, where the crimes involved are against the state's beverage container recycling program, specify distribution of the proceeds of sale of the forfeited assets, including payment to local entities for the costs of prosecution.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 126 (SB 1068) Committee on Local Government. Controller: annual report.

Existing law requires the Controller to annually compile and publish reports of the financial transactions of each county, city, and school district within the state, together with other matters he or she deems of public interest.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would, effective January 1, 2005, require the Controller, on or before August 1, September 1, and October 1 of each year following the end of the annual reporting period to compile and publish reports of the financial transactions of each county, city, school district, and special district, as specified, and to make data collected pursuant to these provisions available upon request to the Legislature and its agents, on or before April 1 of each year.

Ch. 127 (AB 365) Jerome Horton. Department of Motor Vehicle records: access by city attorneys.

Existing law authorizes various governmental entities to have access to the records of the Department of Motor Vehicles.

This bill would authorize city attorneys prosecuting misdemeanor actions to have access to those records.

Ch. 128 (AB 418) Pacheco. Civil actions: service of summons.

Existing law establishes the procedures by which a person or business organization may be served a summons and complaint in a civil action.

This bill would revise and recast those provisions. The bill would, among other things, allow a summons and complaint to be served by leaving a copy of these documents either at the office of, or at the usual mailing address of the person to be served, followed thereafter by a mailed copy. The bill would additionally allow a business organization, form unknown, to be served by leaving a copy of the summons and the complaint with the person who is apparently in charge of the office of that organization and thereafter mailing a copy of the summons and complaint to the person to be served, except as specified. The bill would also make related changes to those provisions.

Ch. 129 (AB 427) Longville. Local transportation sales taxes.

The Local Transportation Authority and Improvement Act generally authorizes a county board of supervisors to create or otherwise designate a transportation authority in the county that may impose a transportation sales tax for not more than 20 years if the tax ordinance is adopted by a $^{2}/_{3}$ vote of the authority and if the ordinance is subsequently approved by a majority of the voters. Existing law also authorizes approval of transportation sales taxes for specific jurisdictions in a similar manner. However, the California Supreme Court has held that a transportation sales tax measure is a special tax that requires approval by a $^{2}/_{3}$ majority of the voters pursuant to Proposition 62 of 1986. Existing law makes the ordinance operative on the first day of the first calendar quarter commencing more than 120 days after the adoption of the ordinance.

This bill would delete the 20-year limit on the duration of a local transportation sales tax under the general provisions described above and would instead provide that the tax shall remain in effect for the period of time specified in the tax ordinance that is adopted by the authority and approved by the voters. The bill would also make the ordinance operative on the first day of the first calendar quarter commencing more than 110 days after the adoption of the ordinance.

Ch. 130 (AB 781) Lieber. World War II internees: high school diplomas.

Existing law sets forth the requirements for the issuance of high school diplomas or equivalency certificates.

This bill would, notwithstanding any other provision of law to the contrary, authorize a high school district, unified school district, or county office of education, to retroactively grant a high school diploma to a former pupil who was interned in the United States by order of the federal government during World War II, as provided.

Ch. 131 (AB 1117) Matthews. Grazing lands: payments.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires specified money, related to grazing lands, received by the state from the United States to be deposited in the United States Grazing Fees Fund in the State Treasury. Existing law requires that money be paid to counties in which specified grazing lands or districts are situated in the proportion to the area of the parcel or district situated in the county bears to the total area of the parcel or district, as specified.

This bill would, instead, require the payments to each county from the receipts of any given parcel of grazing lands or of any grazing district be allocated in accordance with a payment schedule that distributes the payments in the same manner and basis upon which the fees were collected, as officially established by the United States Secretary of the Interior.

Ch. 132 (AB 1173) Haynes. Mobilehomes: rent control: exemptions.

Existing law permits local governments to establish rent control, which may apply to a mobilehome park lease that meets specified criteria. Additionally, existing law exempts a mobilehome space from rent control when that space is not the principal residence of the homeowner and the homeowner has not rented the mobilehome to another party. Existing law presumes a mobilehome to be a principal residence unless a review of state or county records demonstrates that the homeowner is receiving a homeowner's exemption for another property or mobilehome in this state. Existing law exempts from the requirement that a mobilehome be a principal residence those mobilehomes that are being actively held available for sale by their owners, among others.

This bill would revise the presumption that a mobilehome is a principal residence, as described above, by further exempting from rent control the mobilehome of a homeowner whose principal residence is out of state, if reasonably demonstrated by a review of public records.

Ch. 133 (AB 1273) Nakanishi. Criminal procedure.

Under existing law, to continue a hearing in a criminal proceeding specified procedures must be followed. Existing law requires the court in felony cases to set a trial date within 60 days of the defendant's arraignment in superior court except upon a showing of good cause, and prohibits a court from granting a continuance in a criminal proceeding absent a showing of good cause. This law does not provide explicit authority to the court to dismiss a case that is not timely set. However, another provision of existing law requires a court, in the absence of good cause for the delay, to dismiss a criminal action when a defendant is not brought to trial in a superior court within specified periods.

This bill would state that provisions specifying the procedures to continue a hearing in a criminal proceeding are directory only and do not mandate dismissal of an action. This bill would also provide that a court or magistrate shall not dismiss a case if a party fails to comply with these procedures.

Ch. 134 (SB 399) Kuehl. Foreign protection orders.

Existing law, the Uniform Interstate Enforcement of Domestic Violence Protection Orders Act, authorizes the enforcement of a valid foreign protection order in a tribunal of this state under certain conditions. Existing law also requires a law enforcement officer of this state to enforce a foreign protection order upon determining that there is probable cause to believe that a valid foreign protection order exists and has been violated.

This bill would expand the definition of protection order by including orders issued under antistalking laws. This bill would remove provisions prohibiting enforcement of a provision of a foreign protection order respecting support and make a related statement of legislative findings and declarations. This bill would also make other clarifying changes.

By imposing new duties on local law enforcement officers, the bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 135 (SB 637) Knight. Off-highway vehicle: emergency response situation.

Under existing law, generally a motor vehicle may not be driven upon a highway unless it is registered. However, off-highway motor vehicles issued an identification plate or device may cross highways under specified conditions.

This bill would authorize a peace officer to operate or drive an off-highway vehicle upon a highway in an emergency response situation.

Ch. 136 (SB 784) Karnette. Battered women's syndrome: writ of habeas corpus.

Existing law, effective only until January 1, 2005, as specified, provides that a writ of habeas corpus may be prosecuted to inquire into the fact that evidence relating to battered women's syndrome, based on abuse committed on the perpetrator of a homicide by the victim of the homicide, was not introduced at trial, and, had it been introduced, there is a reasonable probability that the result of the proceedings would have been different. Under these circumstances, existing law authorizes a court to take certain actions, including ordering a new trial or reversing a conviction.

This bill would provide that these provisions would instead remain in effect until January 1, 2010.

Ch. 137 (AB 1773) Committee on Banking and Finance. Search warrants: identity theft.

Existing law authorizes a court or magistrate to issue a warrant for the search of a place and the seizure of property or things identified in the warrant where there is probable cause to believe that specified grounds exist. Although statute does not directly address the issue, case law permits a magistrate to issue a warrant for a person or property in another county under certain circumstances.

This bill would provide that, in addition to any other circumstances permitting a magistrate to issue a warrant for a person or property in another county, when the property or things to be seized consist of any item or constitute any evidence that tends to show a violation of specified identity theft crimes, a magistrate may issue a warrant to search a person or property located in another county if the person whose identifying information was taken or used resides in that other county.

Ch. 138 (AB 187) Runner. Crime.

Existing law defines an assault as an unlawful attempt, coupled with a present ability, to commit a violent injury upon the person of another and provides that it is punishable by a fine not exceeding $1,000, or imprisonment in a county jail for a period not exceeding 6 months, or by both that fine and imprisonment.

This bill would provide that any person who commits an assault against a member of the United States Armed Forces, as specified, would be punished by a fine not to exceed $2,000, or imprisonment in a county jail for a period not to exceed one year, or by both that imprisonment and fine.

Existing law defines a battery as any willful and unlawful use of force or violence upon the person of another and provides that it is punishable by a fine not exceeding $2,000, or imprisonment in a county jail for a period not exceeding 6 months, or by both that fine and imprisonment.

This bill would provide that any person who commits a battery against a member of the United States Armed Forces, as specified, would be punished by a fine not to exceed $2,000,

NOTE: Superior numbers appear as a separate section at the end of the digests.

imprisonment in a county jail for a period not to exceed one year, or by both that fine and imprisonment.

Because this bill would create new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 139 (AB 373) Chu. Healthy Families Program.

Existing law establishes the Healthy Families Program, administered by the Managed Risk Medical Insurance Board, to arrange for the provision of health care, dental, or vision coverage to eligible children meeting certain household income requirements. Under existing law, the Healthy Families Program is repealed on January 1, 2004.

This bill would provide, effective July 1, 2004, that a subscriber in the program who selects or is assigned to a federally qualified health center, rural health clinic, or primary care clinic shall be deemed to have been assigned directly to the federally qualified health center, rural health clinic, or primary care clinic, and not to any individual provider performing services on behalf of these entities. The bill would provide that the assignment of a subscriber to a physician employee of these entities constitutes an assignment to the federally qualified health center, rural health clinic, or primary care clinic. The bill would not limit the rights of a subscriber to select an available primary care physician within a health care service plan's service area.

Ch. 140 (AB 429) Dymally. Prostate cancer: treatment services.

Existing law establishes the Prostate Cancer Treatment Program, administered by the State Department of Health Services, under which the department is required to award one or more contracts to provide prostate cancer treatment through private or public nonprofit organizations, including, but not limited to, community-based organizations, local health care providers, and the University of California medical centers.

This bill would expressly include in the list of private or public nonprofit organizations the Charles R. Drew University of Medicine and Science, an affiliate of the David Geffen School of Medicine at the University of California at Los Angeles.

Ch. 141 (AB 467) Dutra. Transit operators: ticket machines: access for visually impaired persons.

Existing law imposes various requirements on transit operators and provides funding for transit services and capital improvements.

This bill, on and after January 1, 2005, would require a transit operator that improves or replaces a ticket vending machine at a public transit station in order to include video instructions to also equip the ticket vending machine with audio instructions that will enable visually impaired persons to follow the visual prompts.

Ch. 142 (AB 709) Correa. Controlled substances: business permittees: citation system.

Existing law requires that any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes specified chemical substances to a person in this state or who obtains from a source outside of the state specified chemical substances submit an application to, and obtain a permit for the conduct of that business from, the Department of Justice. Existing law provides that an application may be denied, or a permit may be revoked or suspended, for specified reasons, and that selling, transferring, or otherwise furnishing or obtaining the specified chemical substances without a permit is a misdemeanor or a felony. Existing law further provides a procedure pursuant to which the Bureau of Narcotic Enforcement may, upon petition, issue an interim order suspending any permittee or

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

imposing permit restrictions if there is evidence that the permittee engaged in acts or omissions constituting a violation of the Health and Safety Code or has been convicted of a crime substantially related to the permitted activity, or that permitting the permittee to operate, or to continue to operate without restrictions, would endanger the public health, safety, or welfare.

This bill would, in addition, authorize the Department of Justice to establish, by regulation, a system for the issuance to a permittee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the department not exceeding $2,500, if the permittee is in violation of any of these provisions or any regulation adopted pursuant to these provisions, as specified. The permittee would have an opportunity to request a hearing or an informal conference to contest any citation, as specified. This bill would also provide that a criminal action may not be initiated for a specific offense for which a citation has been issued and that a citation may not be issued for a specific offense for which a criminal action has been filed.

Ch. 143 (AB 836) La Suer. Wireless telephones: destruction.

Existing law provides that a person who unlawfully and maliciously takes down, removes, injures, or obstructs any telephone line is guilty of a misdemeanor or a felony.

This bill would provide that a person who unlawfully and maliciously removes, injures, destroys, or damages any wireless communication device with the intent to prevent the use of the device to summon assistance or notify law enforcement or any public safety agency of a crime is guilty of a misdemeanor. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 144 (AB 1048) Calderon. Insurance: earthquake policies.

Existing law provides for the creation of the California Earthquake Authority, to be administered under the authority of the Insurance Commissioner. The authority is authorized to sell policies of basic earthquake insurance in conjunction with policies of residential property insurance issued by insurers that have transferred their earthquake risk by participating in the authority. Existing law defines "available capital" for the purposes of the authority and provides that the authority may impose surcharges on policies if the authority's available capital and other resources are exhausted following an earthquake.

This bill would revise the definition of "available capital," as specified. It would exclude the unearned premium reserve, as defined, from the funds comprising available capital. The bill would provide that assets equal to the reserve could not be encumbered by or distributed to claimants against the authority until all policyholder claims and liabilities had been paid.

Ch. 145 (AB 1304) Committee on Agriculture. Cooperative bargaining associations: conciliation.

Existing law creates an advisory committee to study and report on various issues related to collective bargaining associations for farmers. Under existing law, the Department of Food and Agriculture is required to order conciliation between any cooperative bargaining association and specified processors if it determines after receiving a request from these parties that conciliation will materially assist the parties in negotiating an agreement.

This bill would require the advisory committee to recommend to the department a conciliation service to be appointed by the department in the event that the above parties cannot agree on a conciliator.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the department to follow specified procedures upon receipt of a request for conciliation. Among those procedures, the department is required to notify the American Arbitration Association that conciliation may be ordered.

This bill would require that the department notify the conciliation service designated by the department pursuant to the above advisory committee that conciliation may be ordered.

Under existing law, if conciliation is ordered, the department is required to, on the day it determines that conciliation shall be conducted, notify both parties that the conciliation will take place and direct the American Arbitration Association to commence the conciliation process in accordance with its Commercial Mediation Rules for use in California, as specified.

This bill would require that the department notify the conciliator agreed to by the parties to commence the conciliation process in accordance with their applicable mediation rules or, if the parties have not agreed upon a conciliator, the department would be required to notify the conciliation service designated by the department pursuant to the advisory committee and direct the conciliation service to commence the conciliation process. This bill would make other conforming changes.

Ch. 146 (AB 1399) Longville. Investigative consumer reporting agencies.

Existing law regulates the activities of investigative consumer reporting agencies and requires these agencies to establish reasonable procedures to ensure that specified, prohibited items of information concerning consumers are not part of the reports they furnish. Existing law generally provides that an investigative consumer reporting agency or user of information that fails to comply with any requirement under these provisions with respect to an investigative consumer report is liable to the consumer who is the subject of the report for the sum of the greater of actual damages or $10,000, the costs of the action, reasonable attorney's fees, and, in certain cases, punitive damages, as specified.

However, existing law also requires investigative consumer reporting agencies to keep records of the purposes for which information is sought by users and to keep investigative consumer reports for two years after the reports are provided, among other things. Existing law provides that an investigative consumer reporting agency that violates these provisions is liable to the consumer affected for damages in an amount of not less than $25,000, and for the costs of the action and reasonable attorney's fees in a successful action to enforce liability as the court may award.

This bill would delete the latter liability provisions described above. The bill would instead provide that an investigative consumer reporting agency is subject to the general liability provisions governing the activities of these entities.

Ch. 147 (AB 1423) Dutra. Common interest development managers.

Existing law defines a certified common interest development manager and requires a person who provides or contemplates providing the services of a common interest development manager to disclose specified information to the board of directors of the community association.

This bill would revise the disclosure related to the manager's certification and education.

Existing law requires a person, in order to be called a ''certified common interest development manager'' to have either passed an examination or achieved certification designated by a professional association for community association managers within the previous 5 years and to have satisfied other specified educational requirements.

This bill would, for the purpose of permitting a person to be called a certified common interest development manager, instead require that the person within 5 years prior to July 1, 2004, receive instruction in California law and prior to July 1, 2003, have passed an examination or been granted certification or designation by a professional association for common interest development managers. The bill would also revise and recast various provisions regarding common interest development managers.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires a common interest development association to file articles of incorporation with the Secretary of State and requires the articles to contain specified information, including whether the association's managing agent is certified.

This bill would delete the requirement that the articles disclose whether the association's managing agent is certified.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 148 (AB 1727) Committee on Insurance. Insurance: cancellation: notice.

Under existing law, no notice of cancellation of specified property insurance policies is effective unless the insured is given at least 5 days' written notice.

This bill would change the notice requirement for cancellation of specified property insurance policies to at least 20 days, except that at least 10 days' notice must be provided if cancellation is for nonpayment of premiums, or for fraud.

Ch. 149 (SB 79) Committee on Judiciary. Court administration.

(1) The California Constitution provides for the abolition of municipal courts and their unification within the superior courts, as specified.

This bill would conform various statutory provisions of law to the abolition of municipal courts and their unification within the superior courts. The bill would also make related statutory changes to various provisions regarding the Public Employees' Retirement Law, trial court employment and unpaid furlough days, peace officers, and county boards of parole commissioners.

(2) Existing law provides that sessions of the small claims court may be scheduled in public buildings within the county, including places outside the courthouse. Existing law also provides for the traveling expenses of the jury commissioner and his or her assistants to be audited, allowed, and paid out of the general fund of the county.

This bill would delete those provisions. The bill would also repeal various provisions relating to trial court coordination plans, trial court sessions, the employment of judicial secretaries, stenographers, other judicial officers, and juvenile court referees, and enact new provisions governing superior courts in Los Angeles County.

(3) Existing law contains various references to traffic hearing officer and juvenile traffic hearing officer.

This bill would change those terms to juvenile hearing officer. The bill would additionally change the term Building and Loan Commissioner to Commissioner of Financial Institutions in provisions dealing with court matters.

(4) Existing law requires the county clerk to perform specified duties for the selection of grand jurors.

This bill would transfer those duties to the jury commissioner.

(5) This bill would state that, if any of 3 specified bills pass in 2003 in a form that makes changes to a specified Penal Code section also amended by this bill, the applicable section of this bill would not become operative.

Ch. 150 (SB 139) Brulte. Abandoned newborns: safe-surrender.

Existing law provides that a parent or other person having lawful custody of a minor child 72 hours old or younger who surrenders physical custody of the child to a designated employee on duty at a hospital emergency room or other location designated by a county board of supervisors by resolution may not be prosecuted for specified crimes related to child abandonment and neglect.

Existing law requires the person designated pursuant to these provisions to take physical custody of the child in accordance with certain requirements if the parent or other person having lawful custody of the child voluntarily surrenders physical custody to that person.

This bill would revise these provisions to eliminate the requirement that the child be surrendered to a designated employee on duty in the emergency room of a hospital or

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

location designated by the board of supervisors. The bill would instead allow the surrender of the child to a safe-surrender site, as defined, at a hospital or location designated for this purpose by a county board of supervisors. The bill would also provide that certain information pertaining to the individual surrendering the child is confidential and would require safe-surrender sites to post signs, utilizing a statewide logo that has been adopted by the State Department of Social Services.

Ch. 151 (SB 237) Florez. Vehicles: transfer of legal ownership.

(1) Existing law provides that it is unlawful for any person to fail or neglect to properly endorse, date, and deliver the certificate of ownership of a vehicle to a transferee who is lawfully entitled to a transfer of vehicle registration.

This bill would require a legal owner to mail, transmit, or deliver the certificate of ownership, within 15 business days after receipt of payment in full for the satisfaction of a security interest and specified documents, to a transferee who, due to the satisfaction of a security interest, is entitled to a transfer of legal ownership. If a lease provides a lessee with the option to purchase the leased vehicle, the bill would require the lessor, within 15 business days after receiving payment in full for the purchase and all required documents, to mail, transmit, or deliver the certificate to the transferee who, due to purchase of the vehicle, is lawfully entitled to transfer of legal ownership. The bill would require a legal owner or lessor who fails to transfer the certificate of ownership within that 15-day period to pay $25 per day to the transferee for each day following the 10-day period that the mailing, transmittal, or delivery requirements remain unsatisfied, not to exceed $2,500. The bill would treble the amount if the legal owner or lessor fails to pay the required amount within 60 days of written demand and would entitle the transferee to costs and reasonable attorney fees incurred in any court action brought to collect the payment.

By changing the definition of a crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 152 (SB 337) Romero. Limitations of time.

Under existing law, there are various specified limitations of time after which a criminal complaint or indictment may not be filed against a defendant. Existing statutes permit those limitations of time to be extended or waived for various specified reasons. In particular, for specified crimes and categories of crime, certain provisions delay the commencement of the time permitted for filing until the offense has been discovered, or could reasonably have been discovered.

This bill would add violations of provisions relating to unlawful practice of law to those for which the commencement of the applicable limitation of time commences only when the offense has been, or could reasonably have been, discovered.

Ch. 153 (SB 378) Morrow. Vehicles: license plates.

Existing law provides for the assignment of a specific license number to a motor vehicle, which may be changed only upon application to the Department of Motor Vehicles (DMV), and under certain circumstances. Existing law requires the DMV to provide a new set of license plates to a registered owner of a vehicle who appears in person and submits a completed application and also presents to the DMV the previously issued plates, proof of identity and vehicle ownership, and either evidence of victimization by a domestic abuser or evidence of efforts to get assistance in regard to the domestic abuse, as specified. These provisions do not apply to special interest license plates.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would include subjects of stalkings, as specified, within the provisions requiring the DMV to provide a new set of license plates to a registered owner of a vehicle who appears in person and submits an application, as described above. The bill would also require the applicant to provide certain specified fees regarding the issuance of duplicate license plates.

The bill, in addition to special interest license plates, would provide that the bill's provisions and those of existing law would not apply to special license plates or environmental license plates.

Ch. 154 (SB 660) Speier. Court files: confidentiality.

Existing law governs the management and preservation of trial court records and recognizes that court records are generally public records, unless a specific exception applies.

This bill would establish procedures for keeping the social security numbers of persons involved in specified dissolution matters in the confidential portion of court files. The bill would require specified Judicial Council forms to contain a notice informing parties of their right to redact any social security number that was placed in a confidential portion of the court file from other materials filed with the court. The bill would also make related changes.

Ch. 155 (SB 762) Brulte. Nonviolent drug possession offense: personal use.

Existing law categorizes controlled substances into Schedules I to V, inclusive, and places the greatest restrictions and penalties on those contained in Schedule I. Existing law, added by initiative statute, generally provides that, effective July 1, 2001, (a) a person convicted of a nonviolent drug possession offense shall receive probation with completion of a drug treatment program as a condition of that probation, and (b) a person's parole may not be suspended or revoked for committing a nonviolent drug possession offense or for violating a drug-related condition of parole, but an additional condition of parole for those offenses or violations shall be the completion of a drug treatment program. Existing law defines the term ''nonviolent drug possession offense'' to mean the unlawful possession, use, or transportation for personal use of any controlled substance classified in Schedules I to V, inclusive.

This bill would clarify the definition of ''nonviolent drug possession offense'' by providing that the term means the unlawful personal use, possession for personal use, or transportation for personal use of any controlled substance classified in Schedules I to V, inclusive. Because the initiative statute may be amended by the Legislature by a $^2/_3$ vote, the bill would require a $^2/_3$ vote for enactment.

Ch. 156 (SB 812) Vincent. Juneteenth National Freedom Day.

Existing law requires the Governor to proclaim the 3rd Saturday in June as ''Juneteenth National Freedom Day: A day of observance.''

This bill would recast this requirement and require the Governor to proclaim the 3rd Saturday in June each year as ''Juneteenth National Freedom Day: A day of observance,'' and would urge all Californians to join in celebrating this day to honor and reflect on the significant roles that African-Americans have played in the history of the United States and how they have enriched society through their steadfast commitment to promoting freedom, brotherhood, and equality.

Ch. 157 (AB 1765) Committee on Budget. 2003–04 Budget Act. [1]

This bill would make appropriations for support of state government for the 2003–04 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 158 (AB 1758) Committee on Budget. Corrections.

(1) Existing law appropriates annually prescribed amounts from the General Fund to the Controller for allocation to county sheriffs' departments to enhance law enforcement efforts

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

and requires those funds to supplement rather than supplant existing law enforcement resources.

This bill would suspend this appropriation and these allocations for the 2003–04 and 2004–05 fiscal years.

(2) Existing law establishes a state policy that the workweek of state employees is 40 hours, and the workday of state employees is 8 hours, except that workweeks and workdays of a different number of hours may be established to meet the varying needs of different state agencies. Existing law also establishes a state policy of avoiding the necessity for overtime work whenever possible.

This bill would require the Department of Corrections to establish a standardized overtime cap for correctional officers not to exceed 80 hours per month. The bill would not relieve the state of any obligation under a memorandum of understanding for State Bargaining Unit 6 in effect on January 1, 2004, and approved pursuant to the Ralph C. Dills Act, relating to hours of work, overtime, or alternative work schedules. The bill would also prohibit the department from reducing the total number of filled educational positions, as specified, if the director of the department determines that the reduction would result in a loss of day for day credits for eligible inmates.

(3) Existing law establishes in each county treasury a Supplemental Law Enforcement Services Fund that receives from the Controller an annual allocation of state funds. Moneys from this fund are required to be allocated by the county auditor to the county, each city located within that county, and designated districts providing law enforcement in accordance with specified requirements.

Existing law requires that 50% of these allocated funds be used by the county or city and county to implement a comprehensive multiagency juvenile justice plan. Existing law requires the local juvenile justice coordinating council in each county and city and county to develop a comprehensive multiagency juvenile justice plan and to submit the plan or modified plan to the Board of Corrections annually for review and approval.

This bill would authorize the use of up to $275,000 of this allocation, as determined by the Department of Finance, by the Board of Corrections for administrative purposes.

(4) Existing law establishes the Board of Corrections, and provides for the exercise of various powers by the board, including grants of state aid to local law enforcement entities, as specified, in connection with training and standards for specified correctional personnel. Existing law requires local law enforcement entities who receive this aid to adhere to the standards for selection and training established by the board.

This bill would eliminate the authority of the board to make grants of aid to local law enforcement for purposes of training, and would make other conforming changes. This bill would provide that local law enforcement entities may adhere to the standards for selection and training established by the board.

(5) Existing law provides for the independent office of the Inspector General and provides that the Inspector General shall be appointed by the Governor, subject to Senate approval of that appointment. The Inspector General is responsible for reviewing departmental policy and procedures for conducting investigations and audits of investigatory practices and other audits and investigations of the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Youthful Offender Parole Board, or the Board of Corrections, as requested by either the Secretary of the Youth and Adult Correctional Agency or a Member of the Legislature as specified.

Existing law requires the Inspector General to conduct a management review audit of any warden in the Department of Corrections, or superintendent in the Department of the Youth Authority who has held the position for more than 4 years and following confirmation of a new warden or the appointment of a new superintendent, as specified. Existing law provides that any Member of the Legislature may request a copy of the report.

This bill would instead authorize the Inspector General to conduct a management review audit of any warden in the Department of Corrections or superintendent in the Department

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of the Youth Authority. This bill would authorize the public to request a copy of the report, as specified.

Existing law requires the Inspector General to commence an investigation within 30 days of receiving a complaint of retaliation from an employee of the Youth and Adult Correctional Agency, the Department of Corrections, the Department of the Youth Authority, the Board of Corrections, the Board of Prison Terms, the Youthful Offender Parole Board, or the Inspector General.

This bill would authorize the Inspector General to conduct an investigation, as provided. The bill would also specify to whom the report or a summary thereof may be disclosed.

(6) Existing law authorizes the Director of General Services to purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the County of Sacramento or the City of West Sacramento, for use by the Department of Corrections and other state agencies. The Department of General Services is authorized to enter into a lease-purchase, or a lease with an option to purchase the facilities, or to contract for the acquisition, design, design-build, construction, construction management, and other services related to the design and construction of the office and parking facilities.

This bill would repeal those provisions.

(7) Existing law requires counties to pay to the Department of the Youth Authority a monthly fee for each person committed to the department from the county. The amount of the fee is either $150 per month or, if the person committed one of a list of specified offenses, a specified percentage of the per capita institutional cost. Existing law defines ''per capita institutional cost'' as the lesser of that current cost or that cost charged to counties on January 1, 1997.

This bill would, as of July 1, 2003, require those counties to pay either $176 per month or a specified percentage of the per capita institutional cost. The bill would redefine ''per capita institutional cost'' as $36,504, adjusted annually according to increases in a specified consumer price index.

(8) Existing law establishes the Department of the Youth Authority which provides facilities and services for the confinement of wards of the juvenile court.

This bill would require the Department of the Youth Authority to close a facility with a specified design capacity no later than March 1, 2005. The bill would provide that up to 50% of an amount equal to the initial full year of savings accrued in the 2005–06 fiscal year, as calculated by the Department of Finance, resulting from the closure would be available to the department annually, subject to legislative approval and appropriation to implement a specified plan regarding priorities for the department. The bill would require that the plan be submitted to the Legislature, as specified.

(9) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 159 (AB 1759) Committee on Budget. Court fees.

(1) (a) Existing law specifies a fee of $35 for filing each small claims action in excess of 12 claims in 12 months, $5 of which is to be transmitted monthly from the county treasury to the Controller for deposit in the Trial Court Trust Fund.

This bill would, until July 1, 2006, increase that fee to $60, and increase the amount of that fee to be transferred to the Trial Court Trust Fund to $30.

(b) Existing law sets the civil filing fee for a notice of motion, any other paper subsequent to a first paper that requires a hearing, a notice of intent to move for a new trial, and an application to review a judgment, with certain exceptions, at $23, and the fee for a motion for summary judgment or summary adjudication of issues at $100. Out of each of these fees, $14 goes to the county treasury as county general revenue.

This bill would increase those fees from $23 to $33, and, until July 1, 2006, from $100 to $150 respectively; revise the exceptions to the fee; impose, until July 1, 2006, a $100 fee for the granting of a continuance; and specify that the increases be transmitted from the county

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

treasury to the Controller for deposit in the Trial Court Trust Fund. The bill would also specify that each motion or matter to be heard requires a separate fee.

(c) Existing law specifies the total filing fee for first papers in a civil case.

This bill would impose a $20 court security surcharge on total filing fees, to be transferred from the county treasury to the Controller for deposit in the Trial Court Trust Fund.

(d) Existing law sets the total filing fees for first papers in a limited civil case at $90, in a case where the amount demanded exceeds $10,000.

This bill would increase those fees to $185 until July 1, 2006.

(e) Existing law imposes a state penalty assessment on fines and forfeitures for certain criminal offenses.

This bill would impose a $20 court security fee on every conviction, as defined, for such a criminal offense, to be transmitted from the county treasury to the Controller for deposit in the Trial Court Trust Fund; and would require the Judicial Council to administer this provision.

(f) Existing law establishes various fees for filing specified papers with the court in a civil action.

This bill would, until July 1, 2006, establish a $500 fee to be paid by each party for filing specified papers requesting or opposing the designation of a case as a complex case, and would require payment of the same fee by each party whenever a case is otherwise designated as a complex case upon order of the court. The bill would require these fees to be deposited in a special account in the county treasury and transmitted therefrom monthly to the Controller for deposit in the Trial Court Trust Fund. The bill would also specify that these fees are in addition to total filing fees and specified surcharges, and provide for the enforcement of these requirements.

(g) Existing law sets the total filing fee for specified first papers in probate proceedings at $185. Existing law, enacted by initiative, prohibits the state from imposing any inheritance or estate tax, except as specified.

This bill would, for estates valued at $250,000 or more, establish, until July 1, 2006, a progressive total filing fee for certain first papers in probate proceedings, based on the valuation of the estate, of between $250, and $3,500 plus 0.2% of the valuation in excess of $3,500,000. The bill would provide for the administration of these fees, under rules adopted by the Judicial Council, as specified.

(h) The bill would provide that these provisions shall become operative only if specified sums, or more, are appropriated for the support of trial court funding in the Budget Act of 2003; in which event, they shall become operative on the 15th day after the effective date of the bill or on July 1, 2003, whichever is later.

(2) Existing provisions of the Code of Civil Procedure, Government Code, Health and Safety Code, Penal Code, Probate Code, and Vehicle Code set forth various court fees to be collected for services provided in conjunction with the operation of the courts, as specified.

This bill would require certain court fees that are not subject to a local revenue sharing agreement or practice, as specified, except as to costs incurred by and services provided by the superior court which would be transmitted monthly to the Controller for deposit in the Trial Court Trust Fund, to be deposited in a special account in the county treasury; would provide for the distribution of the revenue from these fees; and would impose new administrative and reporting duties on the Administrative Director of the Courts in this regard.

(3) Existing law entitles the Attorney General to recover from defendants named in a charitable trust enforcement action all actual costs incurred in conducting the action, as specified, and sets forth the procedure for recovery of those costs.

This bill would additionally entitle the Attorney General to recover all reasonable attorneys' fees in those actions, and would revise the procedures for the recovery of attorneys' fees and costs, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) Existing law provides that in a civil action to enforce public rights laws, as specified, the court, in its discretion, may allow the prevailing party, other than the state, reasonable attorneys' fees and costs, as specified.

This bill would extend the recovery of reasonable attorneys' fees and costs to the prevailing party in these civil actions, at the discretion of the court, to the state.

The bill would also provide that whenever the Attorney General prevails in a civil action to enforce specified public rights, the court shall award to the Attorney General all costs of investigating and prosecuting the action, including expert fees, reasonable attorneys' fees, and costs, to be paid to the Public Rights Law Enforcement Special Fund, which the bill would establish in the State Treasury. These provisions would apply to any action pending on the effective date of the bill and to any actions filed thereafter.

The fund would be administered by the Attorney General and, upon appropriation, moneys in the fund would be used by the Attorney General to support the investigation and prosecution of any matter within the authority of the Department of Justice's Public Rights Division.

(5) Existing law sets the fees for the services of official court reporters in civil cases, as specified, and provides for the deposit of those fees with the court.

This bill would provide an exception to those fees with regard to proceedings lasting one hour or less; revise the provisions governing the deposit of special court reporter fees with the court and the definition of one-half day for these purposes; require a new, one-time fee of $25 for official court reporter services from each party to a civil action or proceeding unless the amount demanded is $10,000 or less, as specified; and specify that all these official court reporter fees only be used to pay for official court reporter services in civil proceedings. The bill would also require the Judicial Council to report each year to the Joint Legislative Budget Committee on the fees collected and amounts spent for official court reporter services in civil proceedings in the prior fiscal year.

(6) Existing law imposes specified fees upon filing a notice of appeal in a civil case appealed to a court of appeal, a petition for a writ within the original jurisdiction of the Supreme Court or the court of appeal, and a petition for hearing in a civil case in the Supreme Court after decision in a court of appeal.

This bill would increase each of those fees by $220 and would impose an additional $170 fee upon filing a notice of appeal, a petition for a writ, or a petition for a hearing. The bill would also establish the Appellate Court Trust Fund within the State Treasury, into which each of those fees would be deposited and from which, upon appropriation by the Legislature, those fees would be apportioned by the Judicial Council to the courts of appeal and the Supreme Court, as specified.

The bill would provide that these provisions shall become operative only if a specific sum, or more, is appropriated for the support of the judiciary in the Budget Act of 2003; in which event they shall become operative on the 15th day after the effective date of the bill or on July 1, 2003, whichever is later.

(7) The Superior Court Law Enforcement Act of 2002 requires the Judicial Council to adopt a rule establishing a working group on court security.

This bill would require the Judicial Council to establish a working group to promulgate uniform standards and guidelines in regard to court security services, with specified representatives, and to promulgate and implement rules, standards, and policy directions for the trial courts in order to achieve efficiencies to reduce security operating costs.

(8) The bill would impose a state-mandated local program by requiring new duties of county treasurers.

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(10) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 160 (AB 1761) Committee on Budget. Budget Act of 2002: contingencies and emergencies.

The Budget Act of 2002 appropriated specified amounts from the General Fund, unallocated special funds, and unallocated nongovernmental cost funds for expenditure for contingencies or emergencies upon written notification from the Director of Finance. The Budget Act of 2002 also appropriated specified amounts for loans to state agencies for contingencies or emergencies.

This bill would appropriate $502,646,000, as scheduled, in augmentation of these Budget Act appropriations. The bill would further appropriate $70,774,000 in augmentation of appropriations made in prior budget acts for allocation to the Department of Corrections and $48,273,000 in augmentation of an appropriation made in the Budget Act of 2002 for local assistance to the Department of Social Services. This bill would authorize the Director of Finance to withhold authorization for the expenditure of funds appropriated in the bill until preliminary estimates of potential deficiencies are verified.

The bill would declare that it is to take effect immediately as a statute providing for the usual current expenses of the state.

Ch. 161 (AB 1763) Committee on Budget. Healthy Families Program: rural demonstration project funding.

Existing law establishes the Healthy Families Program, administered by the Managed Risk Medical Insurance Board, to arrange for the provision of health care services to eligible children meeting certain household income requirements. Existing law authorizes the State Department of Health Services, in conjunction with the board, the County Medical Services Program board, and the Rural Health Policy Council, to develop and administer demonstration projects to fund rural collaborative health care networks to alleviate unique problems of access to health care in rural areas.

The Tobacco Tax and Health Protection Act of 1988, as added by Proposition 99, establishes the Cigarette and Tobacco Products Surtax Fund and authorizes moneys in the fund to be appropriated for specified purposes. The fund consists of 6 separate accounts, including, among others, the Unallocated Account. The Tobacco Tax and Health Protection Act of 1988 may be amended by a vote of $^4/_5$ of the membership of both houses of the Legislature as long as the amendment is consistent with the purposes of the act.

This bill would authorize funding for rural demonstration projects under the Healthy Families Program to be made available from funds appropriated from the Unallocated Account in the Cigarette and Tobacco Products Surtax Fund and from federal funds. Because the bill would amend Proposition 99, it would require a $^4/_5$ vote.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 162 (AB 1766) Committee on Budget. Local government finance.

Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. Existing property tax law also reduces the amounts of ad valorem property tax revenue that would otherwise be annually allocated to the county, cities, and special districts pursuant to these general allocation requirements by requiring, for purposes of determining property tax revenue allocations in each county for the 1992–93 and 1993–94 fiscal years, that the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. It requires that the revenues not allocated to the county, cities, and special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education.

This bill would, for the fiscal adjustment period, as defined, decrease the amount of ad valorem property tax revenue allocated to a county's Educational Revenue Augmentation Fund by the countywide adjustment amount, as defined, and require this amount to be allocated instead to the Sales and Use Tax Compensation Fund, which this bill would create in each county. This bill would, during this same period, also require the county auditor to allocate moneys from the Sales and Use Tax Compensation Fund to cities and counties to reimburse these entities for local tax revenue losses resulting from a specified statute, as provided.

By imposing new allocation duties upon local tax officials in the annual allocation of ad valorem property tax revenues, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would take effect immediately as an urgency statute.

Ch. 163 (AB 169) Chavez. Finance lending.

Existing law, the California Finance Lenders Law, provides for regulation by the Department of Corporations of finance lenders engaged in the business of making consumer or commercial loans. Existing law exempts certain persons from the provisions regulating finance lenders.

This bill would define a venture capital company, an operating company, and a commercial bridge loan. The bill would exempt from these provisions a commercial bridge loan made by a venture capital company to an operating company.

Ch. 164 (AB 196) Leno. Discrimination.

Existing law prohibits various types of discrimination and harassment based on sex, as defined, in housing and employment.

This bill would expand the prohibition on sexual discrimination and harassment by including gender, as defined, in the definition of sex. The bill would permit employers to require employees to comply with reasonable workplace appearance, grooming, and dress standards consistent with state and federal law, provided that employees are allowed to appear or dress consistently with their gender identity.

Ch. 165 (AB 268) Mullin. State employment: supervisorial training.

Existing law requires each supervisorial employee employed by the state, upon his or her initial appointment to a designated supervisory position, be provided with a minimum of 80 hours of training, with at least 40 hours of that training to be structured and provided by a qualified instructor. Existing law requires the supervisorial training to include various subjects pertaining to the role of the supervisor and employer-employee relations.

This bill would require the supervisorial training to include training on the subject of employment law relating to persons with disabilities.

Ch. 166 (AB 1600) Nakano. Life and disability insurance: records: inspection.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires insurers transacting life or disability insurance to maintain certain records for examination by the Insurance Commissioner. Existing law requires that the records be maintained for a minimum of 2 years following the date the policy or contract was issued, or 2 years following the date of the application, as applicable.

This bill would require that the records be maintained for 5 years following the applicable date.

The bill would, in addition, require specified employees and agents of institutions offering life or disability insurance, annuity contracts, or related contracts, upon request, to exhibit to the commissioner certain materials governing its method of operation, and other information collected or considered by the insurer in the conduct of its operations. It would allow the commissioner to adopt regulations requiring an annual reporting of this information, and to exchange the information collected with law enforcement officials of this and other states for specified purposes. The bill would require the commissioner to ensure, to the furthest extent possible, that a data call issued by him or her not conflict with any other data call.

The bill would set civil penalties in specified amounts for the submission of false information in connection with a request by the commissioner for information, and in connection with a failure, or willful failure, to comply with a request.

Ch. 167 (SB 181) Machado. Drinking water: requirements: notice.

Existing law, commonly referred to as the California Safe Drinking Water Act, prohibits certain water districts, as defined, from being considered to be a public water system if the State Department of Health Services makes a prescribed determination. Existing law requires the department, for purposes of the above provisions under which determinations are made regarding whether a system or water district is a public water system, to place certain requirements on affected water systems, utilize certain criteria in making determinations, and monitor and review certain conditions of a water system or water district periodically. Existing law authorizes the department to prescribe reasonable, feasible, and cost-effective actions to be taken by water systems, water districts, and users subject to these provisions.

This bill would provide that a notice of noncompliance that states the requirements and actions prescribed by the department under the above provisions, describes the real property to which these requirements and actions apply, and names the record owners of that real property, may be recorded by the affected public water system or water district in the county where the real property is located. It would specify that recordation and proper indexing would provide constructive notice of these requirements and actions and would not constitute a title defect, lien, or encumbrance. It would also require the public water system or water district to provide notice of the recordation to the record owners of the real property, as specified, and to record a subsequent notice of compliance when the public water system or water district determines that the prescribed requirements have been met. The bill would also require a water district subject to the above provisions to annually publish a notice in a newspaper of general circulation describing any requirements and actions prescribed by the department to be taken by the water district and any record of compliance by the water district with these requirements and actions.

Ch. 168 (SB 735) Ackerman. Corporations: board meetings.

Under existing law, the members of the board of directors of a for-profit corporation, nonprofit public benefit corporation, nonprofit mutual benefit corporation, and nonprofit religious corporation may participate in a meeting using electronic video screen communication or similar communications equipment, if certain conditions are met, and the participation will constitute presence in person at the meeting. Existing law repeals this provision on January 1, 2004.

This bill would delete the repeal of this provision on January 1, 2004, and would extend indefinitely the provision's application after that date.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 169 (SB 841) Perata. Automobile insurance: rates: persistency.

Existing law, as enacted by Proposition 103, requires rates and premiums for automobile insurance policies to be determined by the application of specified factors in decreasing order of importance, including the insured's driving record, the number of miles driven annually, and the number of years of driving experience, and allows the Insurance Commissioner to adopt additional factors by regulation that have a substantial relationship to the risk of loss. Existing law also provides that the absence of prior automobile insurance coverage, in and of itself, shall not be a criterion for determining eligibility for a Good Driver Discount policy, or generally for automobile rates, premiums, or insurability.

This bill would allow an insurer to use persistency of automobile insurance coverage with that insurer, an affiliate, or another insurer as an optional rating factor. Because the bill would authorize the use of an additional factor in the determination of premiums for automobile insurance policies, it would amend Proposition 103 and would require a $^{2}/_{3}$ vote.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 170 (AB 132) Chavez. Income taxes: designated contributions.

The Personal Income Tax Law authorizes taxpayers to contribute amounts in excess of their tax liability to be deposited into specified funds for the support of various charitable organizations. These contribution designations appear as a line item on the personal income tax form. Existing law authorizes new charitable designations to be placed on the personal income tax form, but only after an existing designation has expired or is removed from the personal income tax form.

This bill would prioritize the addition of authorized charitable designations to the tax form on the basis of the order of chaptering, starting with the earliest chaptered enactment. This bill would also authorize the Franchise Tax Board to add one or more voluntary contribution designations to the tax form, if the board determines that space is available on the tax return to accommodate the additional voluntary contribution designation.

Ch. 171 (AB 144) Correa. County employees' retirement: safety membership.

Under the County Employees Retirement Law of 1937, all welfare fraud investigators and administrators budgeted within the Orange County Human Services Agency's Special Investigation Unit are ineligible for safety membership benefits.

This bill would authorize the county board of supervisors of that county to make all welfare fraud investigators and administrators within the county eligible for those benefits.

Ch. 172 (AB 334) Goldberg. Water softening and conditioning appliances.

Existing law authorizes a residential water softening or conditioning appliance to be installed only if certain conditions are met.

Existing law provides, notwithstanding the above authorization, that a local agency may, by ordinance, limit the availability, or prohibit the installation, of residential water softening or conditioning appliances that discharge to the community sewer system if the local agency makes certain findings and includes them in the ordinance.

This bill would revise the findings that the local agency is required to make and include in the ordinance under this provision.

Ch. 173 (AB 346) Longville. Election contests.

Under existing law, voters may contest elections for various causes, including malconduct by a precinct board or member thereof, an elected officer was not eligible for office, that there had been a bribe, that illegal votes were cast, that there were errors made sufficient to change the result, or that there was an error in vote-counting.

This bill would add that an election may be challenged if eligible voters who attempted to vote in accordance with state law were denied the right to vote.

Existing law permits a candidate at a primary election to contest the nomination of an opposing candidate on specified grounds, including that the defendant candidate would not

NOTE: Superior numbers appear as a separate section at the end of the digests.

have received as many votes as the contestant had a sufficient number of illegal votes not been counted.

This bill would add the ground that the defendant would not have received as many votes as the contestant had eligible voters attempting to vote in accordance with state law been permitted to vote.

This bill would further provide that an election shall not be set aside on account of eligible voters being denied the right to vote, unless a sufficient number of voters were denied the right to vote as to change the result.

Ch. 174 (AB 388) Strickland. Horse racing: deductions.

Existing law specifies the percentages to be deducted by a racing association or fair from the parimutuel pools for horserace wagering, and amount of these deductions varies based on the type of bet and type of racing. Existing law provides for the payment of license fees to the state in amounts that vary depending on the type of racing, the type of bet, whether the racing meeting is a fair meeting, and other considerations. Existing law provides for the distribution of the amount deducted from the parimutuel pool to various entities based on the type of racing, and other factors.

This bill would permit the California Horse Racing Board, notwithstanding these statutory percentages, to set the deduction for any new type of wager introduced after January 1, 2004, in an amount of not less than 10 nor more than 30% at the joint request of the association or fair and the horsemen's organization for the meeting of the association or fair accepting the new wager. It would also set a fixed state license fee of 3% for these new types of wagers, and provide for the distribution of the funds deducted, as specified.

Under existing law, revenues distributed to the state as license fees from horse racing are required to be distributed in the Fair and Exposition Fund and are continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

By providing for state license fees of 3% for some new types of bets that otherwise would be subject to lower state license fees as exotic wagers, this bill would increase the amount of continuously appropriated license fees, thereby making an appropriation.

Ch. 175 (AB 461) Longville. Provisional voting.

Existing law provides that when a voter claiming to be properly registered but whose qualification or entitlement to vote cannot be immediately established by examination of specified records, he or she shall be entitled to vote a provisional ballot, and specifies procedures for provisional voting.

This bill would provide that these provisions shall be liberally construed in favor of the provisional voter.

Ch. 176 (AB 518) Salinas. Local agency formation.

(1) Existing law prescribes certain procedures, applicable until January 1, 2004, to the detachment of territory from the Broadmoor Police Protection District.

This bill would extend the operation of those provisions until January 1, 2005.

(2) Existing law specifies various factors that a local agency formation commission is required to consider in the review of a proposal for a change of organization or reorganization of local agencies. One of those factors is the extent to which the proposal will assist the receiving entity in achieving its fair share of the regional housing needs.

This bill would revise that factor to instead require consideration of the extent to which the proposal will affect a city or cities and the county in achieving their respective fair shares of the regional housing needs.

Ch. 177 (AB 535) Calderon. Highways: Route 19 relinquishment.

Existing law requires the California Transportation Commission to relinquish to any city or county any portion of any state highway within the city or county that has been deleted

NOTE: Superior numbers appear as a separate section at the end of the digests.

from the state highway system by legislative enactment. Existing law authorizes the commission to relinquish to the Cities of Downey and Bellflower specified portions of State Highway Route 19.

This bill would also authorize the commission to relinquish to the City of Pico Rivera specified portions of State Highway Route 19, upon terms and conditions the commission finds to be in the best interests of the state. The bill would also redefine the portion of Route 19 that the commission may relinquish to the City of Downey.

Ch. 178 (AB 716) Chan. Small business financial development corporations.

Existing law establishes small business financial development corporations, a California Small Business Financial Development Corporation Loan Guarantee Fund, and a California Small Business Expansion Fund that includes a California Small Business Financial Development Loan Guarantee Account which is a continuously appropriated account. Existing law requires the expansion fund to be for the sole purpose of receiving state money to make loans, guarantees, and restricted investments. Existing law authorizes the Executive Director of the California Office of Small Business to establish accounts within the expansion fund and to request the Treasurer to invest funds in the expansion fund.

This bill would abolish the California Small Business Financial Development Corporation Loan Guarantee Fund and the California Small Business Financial Development Loan Guarantee Account. The bill would create a trust fund and trust fund accounts. The bill would repeal the provisions limiting the expansion fund to be for the sole purpose of receiving state money and would instead allow the expansion fund and the trust fund to be for the purpose of receiving state, federal, or local government money, and any other public or private money to make loans, guarantees, and restricted investments to small business financial development corporations. The bill would authorize the Executive Director of the California Office of Small Business to request a trustee of a trust fund to invest funds in specified securities. The bill would make related changes.

Ch. 179 (AB 887) Committee on Agriculture. Agriculture: grape rootstock.

Existing law establishes the California Grape Rootstock Improvement Commission. Existing law requires the commission to establish an assessment for the following marketing year not later than April 1 of each year, or as soon thereafter as is possible. The assessment is not permitted to exceed $50 per bearing acreage of grape rootstock and $0.02 per invoicable unit of grape rootstock used or distributed for commercial purposes.

This bill would specify that grafted grape rootstock is subject to the assessment. Additionally, this bill would authorize the commission to establish different invoicable unit assessment rates for rootstock cuttings, rooted rootstock cuttings, and grafted grape rootstocks, provided that the rates do not exceed the maximum authorized assessment.

Ch. 180 (AB 902) Diaz. Public contracts: subcontractor substitution.

The Subletting and Subcontracting Fair Practices Act generally prohibits a prime contractor whose bid is accepted by an awarding authority from substituting a person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority may consent to the substitution of another person as a subcontractor in specified situations, including a situation in which the subcontractor listed in the bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract when presented to the subcontractor by the prime contractor, as provided.

This bill would authorize an awarding authority to consent to substituting a subcontractor when the subcontractor listed in the bid fails or refuses to execute a written contract for the scope of the work specified in the subcontractor's bid and at the price specified in the subcontractor's bid.

Ch. 181 (AB 1070) Laird. Classified school employees: reclassification.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the personnel commission in a school district that has adopted the merit system to classify all employees and positions that do not require certification qualifications or that are otherwise exempted. Other existing law requires the personnel commission of a community college district that has adopted the merit system to classify all employees and positions that are not in academic positions or that are otherwise exempted. All of these classified employees and positions are known as the classified service.

Existing law provides that when all of the positions in a class are reclassified to a higher class, the incumbents of the positions who have been in the class for 3 or more years may be reclassified with their positions, and when a portion of the positions within a class are reclassified to a higher class, an incumbent who has a continuous employment record of 3 or more years in one or more positions being reclassified may be reclassified with the position. Under existing law, an employee who has been reclassified with his or her position is ineligible for subsequent reclassification for a period of at least 3 years from the initial action.

This bill would decrease all of those 3 year time requirements to 2 years.

Ch. 182 (AB 1104) Laird. Highways.

Existing law authorizes the Department of Transportation to remove an encroachment on a state highway if the owner fails to comply with a notice by the department to do so, and authorizes the department to recover in a legal action expenses for removal, costs and expenses of suit, and $10 for each day the encroachment remains after the expiration of 5 days from the service of a notice or demand to remove the encroachment. Existing law also authorizes the department to commence an action to abate an encroachment as a public nuisance if a person refuses to remove or permit the removal of the encroachment and, if a judgment is recovered by the department, to recover $10 for each day the encroachment remains after the department serves a notice to remove the encroachment.

This bill would increase the amount that the department may recover in these actions to $350 each day.

Existing law makes it unlawful for a person to drain water or permit water to be drained from his lands onto a state highway resulting in damage to the highway, or to obstruct any natural watercourse. Existing law requires a person who violates this provision, upon being given notice by the department, to discontinue immediately the drainage or obstruction and to repair the highway. If the person will not make the repairs or perform the necessary work, existing law authorizes the department to do so and to recover in a legal action the amount of the repairs and work and an additional $10 for each day the drainage or obstruction continues after the service of the notice.

This bill would increase the amount that the department may recover in these actions to $350 each day.

Existing law authorizes a county road commissioner to recover $10 for each day certain encroachments or nuisances remain on county highways after notice is provided.

This bill would increase the amount that the county road commissioner may recover in these actions to $350 each day.

Existing law makes a person who obstructs or injures a county highway with ditches or dams, diverts any watercourse onto the highway, or drains water onto the highway liable for a penalty of $10 each day the obstruction or injury remains.

This bill would require the person, upon notice from the county road commissioner, to cease and discontinue the obstruction and repair the highway at his or her own expense. This bill would also increase the amount that the county road commissioner may recover in these actions to $350 each day the obstruction or injury remains.

Existing law requires a person who, in storing or distributing water, permits water to overflow or by seepage to saturate the highway, thus injuring the highway, upon notice, to repair the damage. Existing law requires the county road commissioner, if the repair is not

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

made within a reasonable time, to make the repairs and recover the expense from the person in a legal action.

This bill would require the person, upon notice, to cease the overflow or seepage and would make the person, if he or she failed to comply with the notice, liable for $350 for each day that the overflow continues.

Ch. 183 (AB 1430) Shirley Horton. Unemployment compensation: election workers.

Existing law governing unemployment insurance defines "employment" for those purposes, and with respect to certain public entities and certain nonprofit organizations, exempts from that definition certain services, including services performed by an individual as an election official or worker who reasonably expects to earn less than $200 during the calendar year for those services.

This bill would instead exempt from that definition services performed by an individual as an election official or worker who reasonably expects to earn less than $1,000 during the calendar year for those services.

This bill would also make nonsubstantive, technical changes to those provisions.

Ch. 184 (AB 1509) Benoit. Office of Emergency Services: demonstration project.

The California Emergency Services Act sets forth the duties of the Office of Emergency Services in overseeing and coordinating various emergency response programs in the state.

This bill would require the office to conduct a demonstration project on the use of satellite linked devices that utilize geographic position system and geographic information system technologies in the management and deployment of mobile emergency response equipment and personnel. It would require the office to report, no later than January 1, 2005, to the Governor, the Legislature, and the Department of Justice on the results of the demonstration project, at which time the demonstration project would be terminated. It would also specify that the demonstration project shall not be implemented until the Director of Emergency Services certifies to the Department of Finance that sufficient nonstate funding is available to the office for that purpose.

Ch. 185 (AB 1743) Committee on Revenue and Taxation. Personal income and bank and corporation taxes: technical code maintenance.

The Bank and Corporation Tax Law, in general, imposes upon a corporate taxpayer a franchise tax measured by the net income from California sources of the preceding taxable year. Similarly, the Personal Income Tax Law imposes a tax on the entire taxable income of an individual taxpayer subject to that law. The Personal Income Tax Law and the Bank and Corporation Tax Law allow various deductions in computing the income that is subject to the taxes imposed by those laws.

This bill would make technical, nonsubstantive changes to those provisions. This bill would also correct cross-references, eliminate obsolete provisions, and make conforming changes to related provisions.

Ch. 186 (AB 1745) Committee on Transportation. Public contracts: bonds.

The State Contract Act requires that every contract provide for the filing of separate performance and payment bonds, as provided, and that the performance and payment bonds each equal at least $^1/_2$ of the contract price, subject to certain exceptions.

This bill would give the Department of Transportation discretion to specify that, for projects with a contract price greater than $250,000,000, the payment bond shall be the lesser of $^1/_2$ the contract price or $500,000,000.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 187 (AB 1778) Committee on Higher Education. California State University.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. Under existing law, the trustees are authorized to enter into agreements with any public or private agency, officer, or institution for the performance of acts or for the furnishing of services, facilities, materials, or equipment, as prescribed. Existing law also authorizes the trustees to establish auxiliary organizations for various purposes relating to the operations of the university.

This bill would delete a provision that provides that an obligation of an auxiliary organization that is authorized by the trustees is an obligation of the State of California.

(2) Existing law authorizes the university to operate 25 institutions for higher education, including the California Polytechnic State University, San Luis Obispo, and the California State Polytechnic University, Pomona. A provision of existing law authorizes these campuses to emphasize the applied fields of agriculture, engineering, business, home economics, and other occupational and professional fields.

This bill would revise an obsolete cross-reference in this provision.

(3) Existing law, known as the California State Lottery Act of 1984, establishes a state lottery that, among other things, provides funds to benefit public education. As an initiative measure, the act requires that none of its provisions may be changed except to further its purposes by a $^{2}/_{3}$ vote of both houses of the Legislature.

An existing provision of the act requires the Controller to make quarterly payments from the California State Lottery Education Fund to various public education entities, including the Trustees of the California State University and the California Maritime Academy Board of Governors. Existing law specifies that the California Maritime Academy is a specialized institution that is part of the California State University.

This bill would delete the requirement that a separate payment be made to the California Maritime Academy Board of Governors. The bill would declare that this deletion furthers the purposes of the act. The bill would also make various technical and conforming changes relating to this deletion.

Ch. 188 (SB 127) Chesbro. Vehicles: limitations of access.

Existing law exempts from established limitations of access, licensed carriers of livestock when engaged in travel necessary and incidental to the shipment of livestock on specified portions of State Highway Route 101. This exemption is repealed on January 1, 2004.

This bill would delete certain obsolete language; would require the Department of the California Highway Patrol to undertake a specified study and to report its findings to the Legislature, on or before January 1, 2006; and would extend the January 1, 2004, repeal date to January 1, 2007.

Ch. 189 (SB 180) Burton. Personal Income Tax Law: deductions: California Firefighters' Memorial Fund.

The Personal Income Tax Law allows taxpayers, until January 1, 2006, to contribute amounts in excess of their tax liability for the support of the California Firefighters' Memorial Fund for the construction and maintenance of a memorial to California firefighters on the grounds of the State Capitol.

This bill would provide that money in the fund shall be allocated for maintenance and repair of the constructed memorial and for various other fire-related public benefit purposes, as specified, and would express findings and declarations in that regard.

Ch. 190 (SB 253) Cedillo. Public school employees: confidential employees: employee organizations.

Under existing law, public school employees have the right to form, join, and participate in activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Existing law excludes a confidential employee from the definition of ''public school employee'' or ''employee.''

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law defines the term "confidential employee" to mean any employee who, in the regular course of his or her duties, has access to, or possesses information relating to, his or her employer's employer-employee relations.

This bill would revise the definition of "confidential employee" to mean any employee who is required to develop or present management positions with respect to employer-employee relations or whose duties normally require access to confidential information that is used to contribute significantly to the development of management positions.

Existing law provides that an employee organization may become the exclusive representative for the employees of an appropriate unit for purposes of meeting and negotiating by filing a request with the public school employer and asking the public school employer to recognize it as the exclusive representative. Existing law requires the public school employer to grant the request for recognition, unless, among other things, the public school employer desires that a representation election be conducted.

This bill would delete the authority of a public school employer to withhold recognition of an employee organization by requiring that a representation election be conducted. The bill, in addition, would make conforming and related changes.

Ch. 191 (SB 270) Soto. County employees' retirement systems: proposed changes.

Under the County Employees Retirement Law of 1937, management of a county or district retirement system is vested in the board of retirement.

This bill would require that board to provide organizations that are recognized by the board as representing the retired employees of the county or district with notice and an opportunity to comment on any proposed changes to the system's retirement benefits or the uses of any excess funds of the system.

Ch. 192 (SB 334) Romero. San Gabriel Basin Water Quality Authority.

(1) Existing law, the San Gabriel Basin Water Quality Authority Act, establishes the San Gabriel Basin Water Quality Authority and provides for its powers and duties. Existing law requires the State Water Resources Control Board, on or before January 1, 2004, and in consultation with the Los Angeles Regional Water Quality Control Board, to report to the Legislature on the progress of the authority relating to groundwater management and other actions undertaken by the authority. Existing law, with certain exceptions, repeals the act on July 1, 2005. Existing law authorizes the authority to impose an annual pumping right assessment, not to exceed $13 per acre-foot, to construct facilities and acquire property, and for other purposes.

This bill would delete the consultation requirement relating to the report. The bill would change the repeal date to July 1, 2010, thereby imposing a state-mandated local program by extending the period of time in which the authority and other local public entities are required to carry out various duties under the act. The bill would authorize the authority to impose that annual pumping right assessment in an amount that does not exceed $10 per acre-foot.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 193 (SB 353) Ducheny. California Housing Finance Agency.

(1) The existing Multifamily Rental Housing Program requires any mortgage that encumbers a multifamily rental housing development as security for an obligation to the California Housing Finance Agency to have priority over any covenant, condition, restriction, or other limitation or agreement imposed on the housing development as a

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

condition of qualifying it for any development, construction, or rehabilitation permit or approval or for any financial assistance.

This bill would delete that requirement.

(2) Existing law authorizes the agency to make grants to nonprofit housing sponsors and local public entities to meet expenses incurred in planning, constructing, rehabilitating, or managing housing developments.

This bill would authorize the agency to make unsecured loans or loans secured by assets other than real property to local public entities.

Ch. 194 (SB 392) Committee on Local Government. Local agency assessments.

Existing statutory law provides notice, protest, and hearing procedures for the levying of new or increased assessments by local government agencies pursuant to Articles XIII C and XIII D of the California Constitution. These statutory procedures supersede other statutory provisions applicable to the levying of these assessments.

This bill would conform certain provisions of the Improvement Act of 1911 and the Municipal Improvement Act of 1913 to the statutory procedures for levying assessments pursuant to Articles XIII C and XIII D of the California Constitution.

Ch. 195 (SB 401) Florez. Legislative investigations.

Existing law establishes procedures to be followed by the houses of the Legislature and their respective investigating committees to compel the appearance and testimony of witnesses, and the production of documents, in connection with legislative investigations.

Under existing law, when a witness asserts his or her privilege against self-incrimination of the Fifth Amendment to the United States Constitution before a house of the Legislature or an investigatory committee, the person presiding over the proceeding may instruct the witness to answer. If compelled to answer, notwithstanding an assertion of that privilege, the witness receives immunity from criminal prosecution, other than for perjury or contempt, as to any matter touching upon his or her testimony.

This bill would make various changes to clarify these procedures by which a witness may be compelled to give testimony or produce documents or other materials in a legislative proceeding despite an assertion of the privilege against self-incrimination, and thereby be granted immunity from criminal prosecution.

Ch. 196 (SB 736) Speier. Sellers of travel.

Existing law provides a comprehensive scheme for the regulation of sellers of travel that is to be terminated on January 1, 2006. Under these provisions, sellers of travel are required, unless exempted, to register with the Attorney General and to comply with various requirements. Upon termination of these provisions, certain other provisions governing travel promoters become effective. Existing law also creates the Travel Consumer Restitution Corporation as a nonprofit mutual benefit corporation, which administers funds obtained from assessments on sellers of travel for distribution to aggrieved consumers. Existing law limits the time in which an aggrieved consumer may file a complaint to 6 months after the scheduled date of completion of travel. A violation of the provisions governing sellers of travel is a crime.

This bill would delete the termination on January 1, 2006, of the provisions governing sellers of travel, and would delete the provisions governing travel promoters that are to become effective on that date. This bill would make various revisions to the provisions governing sellers of travel and the Travel Consumer Restitution Corporation, relative to the definition of an air carrier, late payment of fees, disclosure requirements, appeals of decisions of the corporation, and various other matters. The bill would also specify certain nomination procedures for nomination as a participant director of the Travel Consumer Restitution Corporation and require a candidate to submit certain information under penalty of perjury, thereby creating a new crime.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would expand the definition of an aggrieved person, for purposes of filing a claim with the Travel Consumer Restitution Fund, to include a person located in California at the time of the sale who made any payment on behalf of the passenger. The bill would also change the time limit in which an aggrieved person may file a claim to one year after the scheduled date of completion of travel. The bill would expand the purposes for which the moneys in the fund are required to be used to include dissemination of information.

Because the bill would change the definition of a crime and add a new crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 197 (SB 787) Battin. Local agency investments.

Existing law authorizes the legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate needs of the local agency to invest any portion of the money that it deems wise or expedient in specified securities and financial instruments. One of the eligible securities is commercial paper of prime quality of the highest ranking, as provided by one of 3 named services, issued by a corporation meeting specified standards.

This bill would provide that the commercial paper of prime quality be of the highest ranking as provided by a nationally recognized statistical-rating organization and that the entity issuing the commercial paper meet either the existing standards or another set of standards, as specified.

The bill would also make conforming changes.

Ch. 198 (SB 965) Aanestad. Veterans' Home of California.

(1) The Community Redevelopment Law generally requires redevelopment agencies to use not less than 20% of all tax revenue allocated to the agency for low- and moderate-income housing and requires funds to be used for this purpose to be held in the Low and Moderate Income Housing Fund. The law requires all new or substantially rehabilitated housing developed or otherwise assisted with moneys from the fund, pursuant to a specified agreement, to be subject to specified requirements.

This bill would authorize the redevelopment agency for the City of Redding, the County of Shasta, and any other city within the County of Shasta to borrow funds deposited in the agency's Low and Moderate Income Housing Fund to provide financial assistance for the acquisition of property for a veterans' home within the jurisdiction of the agency for the City of Redding.

(2) Existing law provides for the establishment and operation of the Veterans' Home of California at various sites for aged and disabled veterans who meet certain eligibility criteria.

This bill would require, at each home or home site, an administrator recommended by the Secretary of Veterans Affairs and appointed by the Governor, as specified. The bill would also make technical, nonsubstantive changes to that provision.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 199 (SB 1063) Committee on Revenue and Taxation. Property taxation: county equalization: administration.

Existing law requires the county board of equalization to equalize the assessment of property by specified methods.

This bill would also require that equalization by assessing property that has escaped assessment, by making certain corrections, and by canceling assessments of property not subject to taxation.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the clerk of a county board of equalization to record changes to the county property tax roll and to prepare a monthly statement of these changes, as provided. Existing law requires the clerk to deliver this statement to the county auditor once monthly with a sworn affidavit that the changes are complete as of a specified date.

This bill would repeal the requirement that the clerk deliver this statement with a sworn affidavit. This bill would also consolidate the provisions requiring the clerk to record and prepare a statement of monthly changes to the roll.

Existing law authorizes a county board of equalization, 5 days after its clerk sends notice to interested parties that a matter will be investigated, to direct the county assessor to (1) assess any taxable property in the county that has escaped assessment, (2) change the amount, number, quantity, or description of property on the local roll, or (3) make and enter new assessments, at the same time canceling previous entries, when any assessment made by the assessor is deemed by the county board to be so incomplete that it renders doubtful the collection of the tax.

This bill would repeal that authorization.

Existing law requires the tax collector to publish an affidavit regarding real property for which taxes and related amounts are in default and to mail delinquent notices.

This bill would make a technical, nonsubstantive change to those provisions.

Existing law requires the tax collector to attempt to sell tax-defaulted property within 4 years of the time that property becomes subject to sale for nonpayment of taxes, and requires the Notice of Power to Sell Tax-Defaulted Property, Notice of Power and Intent to Sell Tax-Defaulted Property, Notice to the Board of Supervisors, and Notice of Intended Sale of Tax-Defaulted Property to indicate that any parcel remaining unsold may be reoffered within a 90-day period.

This bill would repeal the requirement that the Notice of Power to Sell Tax-Defaulted Property and the Notice of Power and Intent to Sell Tax-Defaulted Property indicate that any parcel remaining unsold may be reoffered within a 90-day period.

Existing law requires the price at which certain tax-defaulted property may be offered for sale to be the total amount necessary to redeem the property, plus costs, and prescribes the manner of distribution of proceeds from the sale of tax-defaulted property.

This bill would include in those costs the actual and reasonable costs incurred by the tax collector in informing the owner-occupant of the property to be sold, in the case of the proposed tax sale of property that is the primary residence of the last known assessee, of his redemption rights and that the property, if not redeemed, will be offered for sale. This bill would also require the distribution of those costs to the tax collector, after distribution of a certain amount into the state General Fund.

Existing property tax law generally authorizes a county tax collector to sell tax-defaulted property 5 years or more after that property has become tax defaulted.

This bill would expressly require the approval of the county board of supervisors for the sale of that tax-defaulted property.

Existing law authorizes any party of interest in the property to file with the county a claim for the excess proceeds from the sale of tax-defaulted property, at any time prior to the expiration of one year following the recordation of the tax collector's deed to the purchaser.

This bill would, in the event that a person with title of record is deceased at the time of distribution of the excess process, authorize that person's heirs to submit an affidavit to support their claim for excess proceeds.

Existing law, under certain conditions, authorizes the payment of a property tax refund, made on the basis of a reduction in the value of taxable property, to the latest recorded owner of that property as shown on the tax roll, rather than to the individual or entity that paid the amount of tax to be refunded.

This bill would authorize the refund of assessments in addition to a refund of taxes, and would additionally allow refunds to be made on the basis of corrections to the roll or cancellations after taxes or assessments were paid.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 200 (AB 9) Dymally. Urban community health institute.

Existing law establishes various programs relating to health care, including programs targeted to specific populations of individuals, including older adults, or to address specific health problems, such as tobacco prevention.

This bill would establish at the Charles R. Drew University of Medicine and Science the Urban Community Health Institute: Centers to Eliminate Health Disparities to address disparities in the delivery of health services to multicultural populations in specified areas of Los Angeles County. This bill would provide that the institute would consist of 3 clinical centers and a shared resource core.

This bill would require the President of the Charles R. Drew University of Medicine and Science to appoint an internal steering committee, as well as an external advisory committee to oversee and evaluate all institute activities. This bill would require the institute to sponsor and conduct an annual communitywide symposium, known as the Urban Community Health Forum, to report on the progress of the institute, offer technical assistance workshops, and provide an overview of local, regional, and national efforts in health disparities.

This bill would provide that these provisions shall be implemented only to the extent that private or federal funding is received for this purpose.

Ch. 201 (AB 60) Dymally. California State University: African American Political and Economic Institute.

Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. Until January 1, 2010, existing law authorizes the trustees to establish an African American Political Institute at California State University, Northridge. Existing law requires the institute to reimburse the California State University for the full amount of any funds of the university, or the value of any resources supported by funds of the university, that are expended to establish the institute.

This bill would change the name of the institute to the African American Political and Economic Institute. The bill would authorize the trustees to establish the institute at the Dominguez Hills campus instead of the Northridge campus. The bill would state the intent of the Legislature that the institute be funded by grants and contributions from private sources. The bill would prohibit funds, or resources supported by funds, available to the California State University for support of its educational mission, from being redirected to support the institute, including General Fund moneys, funds from the California State Lottery Education Fund, student fee revenues, and reimbursements and other income that otherwise would be available for support of the educational mission of the California State University. The bill would require that if any of these funds, or resources supported by these funds, are utilized for the initial startup costs of the institute, those funds are to be fully reimbursed by the institute from funding subsequently received by the institute through grants and contributions from private sources.

Ch. 202 (AB 117) Kehoe. Transportation: transit boards.

Under the Mills-Deddeh Transit Development Act, the San Diego Metropolitan Transit Development Board is created with specified transportation powers, including the power to purchase or acquire real and personal property. Existing law provides that whenever the board acquires ownership of existing facilities from a privately or publicly owned corporation or public utility that has a pension plan in operation, it is required that the members and beneficiaries of the pension plan continue to have the rights, privileges, benefits, obligations, and status under that plan. Existing law authorizes various public agencies to enter into contracts for participation in the Public Employees' Retirement System.

This bill would authorize the board to enroll the members and beneficiaries in, or transfer them to, the Public Employees' Retirement System or another retirement system under

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

specified conditions. The enrollment of additional members in the Public Employees' Retirement System would increase contributions to the Public Employees' Retirement Fund, which is continuously appropriated. The bill would also authorize the board to abolish a nonprofit entity that operates public mass transit services and is solely owned by the board. The bill would provide that the provisions of certain collective bargaining agreements that are intended to prohibit or limit the right of a nonprofit entity to contract out covered bargaining unit services to another common carrier of persons are not binding upon the board with respect to contracts for services entered into, renewed, or extended by the board prior to January 1, 2004. The bill would make related changes.

Ch. 203 (AB 175) Cohn. Health care provider contracts.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Under existing law, a violation of the act's provisions is a crime. Existing law also provides for the regulation of insurers by the Department of Insurance.

Existing law imposes certain requirements on payors, including health care service plans, specialized health care service plans, disability or liability insurers, workers' compensation insurers, employers, or any other 3rd party that is responsible to pay for health care services provided to beneficiaries by health care providers, and a failure to comply with the requirements renders the payor liable to pay the nonpreferred rate.

This bill would require the rights and obligations of a health care provider contract, when a contracting agent sells, leases, or transfers the contract to a payor, to be governed by the underlying contract between the provider and the contracting agent.

Because the bill would add a requirement to the provisions governing a health care service plan, a violation of which is a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 204 (AB 287) Firebaugh. Tourism: marketing plan.

Under the California Tourism Marketing Act, the California Travel and Tourism Commission is required to annually prepare a written marketing plan to promote travel to and within this state, as specified.

This bill would require the commission, no later than July 1, 2005, to make recommendations to the Governor, the Legislature, and the Secretary of Technology, Trade, and Commerce regarding an implementation strategy and timeline for revision of the annual marketing plan to include promotion of the state's artistic, cultural, historical, and ethnic resources.

Ch. 205 (AB 302) Chan. Polybrominated diphenyl ether.

Existing law, the California Hazardous Substances Act, prohibits the manufacture, production, preparation, compounding, packing, selling, offering for sale, or keeping for sale within the State of California, of a package of a misbranded hazardous substance or banned hazardous substance.

This bill would prohibit, on and after January 1, 2008, a person from manufacturing, processing, or distributing in commerce a product, or a flame-retarded part of a product, containing more than 1/10 of 1% pentaBDE or octaBDE, by mass.

This bill would require that, on or before March 1, 2004, the Senate Office of Research submit to the President pro Tempore of the Senate and the Senate Environmental Quality Committee recommendations regarding the regulation of polybrominated diphenyl ether (PBDE), as specified.

Ch. 206 (AB 314) Kehoe. Desalination.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law declares that a substantial portion of the future water requirements of this state may be met economically by saline water conversion facilities and that the development and use of those facilities will contribute to the health and safety of the people of the state.

This bill, instead, would declare that it is the policy of the state that desalination projects developed by or for public water entities be given the same opportunities for state assistance and funding as other water supply and reliability projects, and that desalination be consistent with all applicable environmental protection policies in the state.

Ch. 207 (AB 330) Parra. Working conditions.

Existing law requires employers to provide meal periods to employees during work periods of specified duration.

This bill would exempt employees from the meal period requirement for certain employees in the wholesale baking industry who are covered by a valid collective bargaining agreement that contains specified terms.

Ch. 208 (AB 615) Bates. Advisory Commission on Special Education: charter school member.

Existing law requires the State Board of Education, upon recommendation of the Superintendent of Public Instruction or the members of the State Board of Education, to appoint 5 public members to the Advisory Commission on Special Education.

This bill would require the board to select one of those members from the charter school community.

Ch. 209 (AB 632) Kehoe. In-home supportive services providers: employment benefits.

Existing law provides for the In-Home Supportive Services (IHSS) program, under which, either through employment by the recipient, or by or through contract by the county, qualified, aged, blind, and disabled persons receive services enabling them to remain in their own homes. Counties are responsible for the administration of the IHSS program.

Under existing law, if the state or a county makes or provides for direct payment for the purchase of in-home supportive services, the State Department of Social Services is required to assure the performance on behalf of that IHSS recipient of various rights, duties, and obligations, including to pay contributions for workers' compensation coverage for the recipient's IHSS provider.

This bill, in addition, would require the department to perform or assure the performance of these same rights, duties, and obligations to pay contributions for workers' compensation coverage for IHSS providers that are employed under contracts entered into by a county with a nonprofit agency or proprietary agency. The bill would require a county that has existing contracts with nonprofit agencies or proprietary agencies whose employees would be covered under this provision to reduce the contract hourly rate, as prescribed.

Because the bill would require each county to perform additional responsibilities in administering the IHSS program, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 210 (AB 673) Jerome Horton. Gambling.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law ratifies specified tribal-state gaming compacts. Existing law also establishes in the State Treasury the Indian Gaming Special Distribution Fund for the receipt and deposit by the state of a portion of gaming device revenues from Indian tribes pursuant to the terms of the tribal-state compacts. Money in that fund is available for appropriation by the Legislature for various purposes, including grants to address gambling addiction, grants for the support of agencies impacted by tribal government gaming, and compensation for regulatory costs. Existing law also creates in the State Treasury the Indian Gaming Revenue Sharing Trust Fund for the receipt and deposit of moneys derived from gaming device license fees paid by compact tribes. Money in that fund is available to the California Gambling Control Commission, upon appropriation by the Legislature, for distribution to noncompact tribes, according to the terms of the tribal-state gaming compacts.

This bill would also specify that money in the Indian Gaming Special Distribution Fund may be used to make payment of shortfalls that may occur in the Indian Gaming Revenue Sharing Trust Fund. The bill would specify that payment for those shortfalls in the Indian Gaming Revenue Sharing Trust Fund shall be the priority use of moneys in the Indian Gaming Special Distribution Fund. The bill would also establish a mechanism by which funds may be transferred from the Indian Gaming Distribution Fund to the Indian Gaming Revenue Sharing Fund pursuant to specified provisions of the tribal-state compacts and would appropriate the sum of $50,568,787.99 for the purpose of making payments to eligible Indian tribes for the preceding fiscal year.

(2) Existing law establishes the Office of Compulsive Gambling in the State Department of Mental Health. The office is responsible for developing a compulsive gambling prevention program within the state that consists of designated components.

This bill instead would rename that office as the Office of Problem and Pathological Gambling and would establish the office in the Department of Alcohol and Drug Programs. The bill would revise designated components of the gambling prevention program, would require the office to develop a program to support treatment services for described gamblers, and would require that implementation of these programs be based upon allocation priorities established by the Department of Alcohol and Drug Programs and be subject to funding being appropriated for that purpose.

This bill would modify other provisions relating to the problem gambling prevention program established under these provisions, including revising the definition of various terms and revising the list of state agencies expressly required to coordinate on specified issues under these provisions. This bill would also give the problem gambling prevention program first priority for funding appropriated to the Office of Problem and Pathological Gambling.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 211 (AB 703) Dymally. Racial discrimination: definition.

Section 31 of Article I of the California Constitution prohibits the state from discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting. ''State'' for the purposes of this constitutional provision includes any city, county, city and county, public university system, community college district, school district, special district, or any other political subdivision or governmental instrumentality of or within the state.

This bill would provide that ''racial discrimination'' and ''discrimination on the basis of race'' for the purposes of this constitutional provision have the same meaning as the term ''racial discrimination'' is defined and used in paragraphs 1 and 4 of Article 1 of Part I of the International Convention on the Elimination of All Forms of Racial Discrimination.

The bill would also provide that Section 31 of Article I of the California Constitution shall not be interpreted as (1) granting an individual a private cause of action, except as to its prohibition of granting preferential treatment, to challenge any special measures undertaken

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

for the purpose of securing adequate advancement of those racial groups requiring protection, or (2) requiring the government to prove racial discrimination before undertaking special measures for the purpose of securing adequate advancement of those racial minority groups needing that protection, pursuant to specified provisions of that international convention.

Ch. 212 (AB 792) Yee. Vehicles: removal: storage.

Existing law requires a towing company to remove a vehicle parked on private property to the nearest public garage under specific circumstances if, among other things, the property owner or lessee's prior written authorization is obtained. Existing law requires storage facilities to accept valid bank credit cards or cash for payment of towing and storage services for the removal of the vehicle.

This bill would express the intent of the Legislature regarding the requirement that the storage facilities accept valid bank credit cards, and regarding obtaining the written authorization from the property owner or lessee of the property.

Ch. 213 (AB 908) Chan. California State University: disability retirement: temporary disability allowances for employees.

Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. Existing law generally requires that, when a state employer has determined that an employee is unable to perform the work of his or her present position, or any other position in the agency, the employer remove the employee from the job, place the employee on involuntary leave, and apply, on that employee's behalf, for disability retirement. Existing law also generally requires that, while the application for disability retirement is pending, the state employer permit the employee to use leave credits or, if the leave credits have been exhausted, the state employer pay the employee a sufficient temporary allowance so that the employee receives payment equal to the estimated retirement allowance. This provision is not applicable to employees of the California State University.

This bill would require the trustees to provide disability retirement temporary disability allowances for employees of California State University in a manner similar to what is required in existing law by other state employers.

Ch. 214 (AB 1132) Koretz. Employment.

Under existing law, articles or material unlawfully manufactured at home may be removed by the Division of Labor Standards Enforcement. The division retains the articles or materials for 30 days or until the final determination of any court action, and may then dispose of the articles or material.

This bill would provide that the confiscated articles or material may not be sold. It would further provide that notice shall be given of the confiscation and of the right to appeal, and if a timely notice of appeal is filed, the Labor Commissioner shall hold a hearing, which is required to be recorded. After the hearing, the Labor Commissioner must issue a decision with findings of fact and legal analysis, and may order the return of none, some, or all of the confiscated articles and materials. Finally, it provides that judicial review is available by petition for writ of mandate.

Ch. 215 (AB 1156) Nunez. Meyers-Milias-Brown Act: local public agencies.

The Meyers-Milias-Brown Act authorizes a local public agency to adopt reasonable rules and regulations after consultation in good faith with representatives of an employer-employee organization or organizations for the administration of employer-employee relations under the act.

This bill would revise the definition of "employee organization" for the purposes of the act to include any organization that seeks to represent employees of a public agency in their relations with that public agency. The bill would authorize a public agency to adopt

NOTE: Superior numbers appear as a separate section at the end of the digests.

reasonable rules and regulations after consultation in good faith with representatives of a recognized employer-employee organization or organizations. The bill would specify that employees of a local public agency and employee organizations may challenge a rule or regulation of a public agency as a violation of the act.

The Meyers-Milias-Brown Act delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees, including processing unfair labor charges. The act prohibits the board from finding it an unfair labor practice for an employee organization to violate a rule or regulation adopted by a public agency if that rule or regulation is in violation of the act.

This bill would specify that the powers of the board include the power to order elections, to conduct any election it orders, and to adopt rules to apply in areas where a public agency has no rule. The bill would require that a complaint alleging any violation of any rules and regulations adopted by a public agency regarding the designation of management and confidential employees of a public agency and restricting those employees from representing any employee organization that represents other employees of the public agency be processed as an unfair practice charge.

Ch. 216 (AB 1230) Hancock. Higher education labor relations: presentation of proof of support by employee organizations.

Existing law establishes the University of California, and provides for its administration by the Regents of the University of California. Existing law also establishes the California State University, and provides for its administration by the Trustees of the California State University.

Existing law, known as the Higher Education Employer-Employee Relations Act, contains provisions relating to employer-employee relations between the State of California and the employees of state institutions of higher education, including the various campuses of the University of California and the California State University, as well as the Hastings College of the Law. The act assigns major responsibilities for implementation to the Public Employment Relations Board. A provision of the act provides for, among other things, the determination of bargaining unit designations and the procedures for representation elections.

Existing law provides that, if an employee organization's claim of majority support is evidenced by the support of at least 10% of the members of the proposed unit, the board shall conduct inquiries and investigations, or hold hearings, as it deems necessary to decide the questions raised by the claim. Existing law also authorizes the board to conduct a representation election under these circumstances.

This bill would delete the provision requiring the board to conduct inquiries and investigations, or hold hearings, and authorizing the board to conduct a representation election, under these circumstances.

This bill would require that, if a petitioning employee organization provides proof of support of more than 50% of the members of the appropriate bargaining unit, and no other employee organization has provided proof of support of at least 30% of the members of the appropriate bargaining unit, then the employee organization providing proof of support of more than 50% of the members is to be certified as the exclusive representative. The bill would provide that the existence of a memorandum of understanding, or current certification as the exclusive representative, is the proof of support necessary to trigger a representation election to determine majority support when a request for recognition is made by another employee organization.

Ch. 217 (AB 1252) Jackson. Insurance.

Existing law provides that a fire and casualty broker-agent license may be issued to a nonresident of this state if the nonresident is duly licensed to transact more than one class of

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

insurance, with certain exceptions, under the laws of the state or province of Canada where he or she maintains a resident license to transact insurance.

This bill would, in addition, apply this provision to a nonresident who maintains a resident license to transact insurance in a territory of the United States.

Under existing law, a nonresident applicant for a license to transact insurance is subject to the same qualifying examination as is required of a resident applicant, except in specified circumstances. Existing law exempts from this requirement a nonresident applicant who resides in a jurisdiction that grants reciprocity to California residents, as specified.

This bill would, instead, exempt from this requirement a nonresident applicant who maintains a license in a jurisdiction that grants this reciprocity.

Existing law allows the Insurance Commissioner to issue a license to act as a reinsurance intermediary, as defined, to a person who has complied with the applicable requirements. Existing law imposes on nonresident applicants for reinsurance intermediary licenses additional requirements involving designation of service of process and information and notifications to be provided to the commissioner, as specified.

This bill would eliminate the additional requirements applicable to nonresident applicants for reinsurance intermediary licenses.

Existing law requires an insurer of long-term care in California to provide specified continuing education to agents and insurer representatives authorized to solicit individual consumers for the sale of long-term care insurance.

This bill would rename various continuing education requirements as training.

Ch. 218 (AB 1296) Berg. Fish: krill.

(1) Existing law prohibits the taking or landing of krill of any species of euphausiid for commercial purposes before January 1, 2011, and after that date only pursuant to regulation.

This bill would instead prohibit the taking or landing of krill of any species of euphausiid for any purpose except scientific research pursuant to regulations adopted by the commission, in the waters of this state and up to 200 miles offshore, as long as federal law does not regulate the taking of krill.

Under existing law, a violation of the Fish and Game Code is a crime.

Because the bill would change the definition of a crime, the bill would impose a state-mandated local program.

(2) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the Department of Fish and Game to pay all necessary expenses incurred in carrying out the Fish and Game Code, and to the Fish and Game Commission to pay the compensation and expenses of the commissioners and employees of the commission.

By imposing new duties on the commission, the bill would make an appropriation.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 219 (AB 1472) Goldberg. Public schools and election days.

Under existing law, if local elections officials so request, the governing boards of public schools must allow schools to be used for polling places on election days.

This bill would authorize governing boards to exercise the options, in response to such a request, of: (1) keeping schools used for polling places in session but identifying to the elections official the specific areas of the school buildings not occupied by school activities that will be allowed for use as polling places, (2) designating the election day for staff training and development, or (3) closing the schools to students and nonclassified employees.

This bill would require that elections officials requesting the use of school buildings submit requests sufficiently far in advance to permit the governing board to determine

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

whether or not to keep affected schools in session before school year calendars are prepared and distributed to parents.

Ch. 220 (AB 1478) Frommer. Commercial filming: permits.

Existing law authorizes a city or county to adopt an ordinance or other regulation governing the issuance of permits to engage in the use of property for occasional commercial filming on location. Existing law also provides that these ordinances and regulations are not subject to local zoning ordinances or land use regulations unless the filming ordinance or regulations so provides.

This bill would prohibit a local or state public official involved in the granting of a film permit from requiring directly or indirectly a charitable donation or any other consideration in exchange for granting, or supporting the granting of, a film permit.

The bill would also impose a civil penalty of not less than $1,000 and not to exceed $5,000. The bill would authorize the local district attorney, city attorney, or the Attorney General to bring an action to collect the penalty.

Ch. 221 (AB 1556) Nakano. Estate tax.

Existing law prohibits the imposition of any tax on or by reason of any transfer occurring by reason of death, but imposes a California estate tax equal to a certain portion of the maximum allowable amount of credit for state death taxes allowable under the applicable federal estate tax law. Existing law also specifies the applicable interest payable on delinquent amounts or overpayments of tax.

The bill would provide that every payment of the tax shall first be applied to any interest due, secondly, to penalties, and then to the tax itself, as provided. This bill would also provide that all interest and penalties shall be treated and collected in the same manner as taxes.

Ch. 222 (AB 1662) Plescia. Vehicles: house cars.

(1) Existing law expressly excludes house cars from the definition of a commercial vehicle for purposes of the Vehicle Code.

This bill would instead exclude from the definition only house cars that are not used for the transportation of persons for hire, compensation, or profit.

(2) Existing law establishes maximum width limits for purposes of the Vehicle Code.

This bill would allow a vehicle used for recreational purposes to exceed the width limitations if the excess width is attributable to an appurtenance, as defined.

(3) This bill would make technical and clarifying changes to related provisions.

Ch. 223 (AB 1750) Committee on Budget. Sales taxes on motor vehicle fuels: partial suspension of transfer.

Article XIX B of the California Constitution requires, commencing with the 2003–04 fiscal year, sales taxes on motor vehicle fuel that are deposited in the General Fund to be transferred to the Transportation Investment Fund for allocation to various transportation purposes, including allocations to particular transportation projects included in the Transportation Congestion Relief Program. Article XIX B authorizes the transfer of these revenues to the Transportation Investment Fund to be suspended in whole or in part for a fiscal year during a fiscal emergency pursuant to a proclamation issued by the Governor and the enactment of a statute by a $^2/_3$ vote of both houses of the Legislature if the statute does not contain any unrelated provision.

This bill, pursuant to Article XIX B, would partially suspend the transfer of motor vehicle fuel sales tax revenues from the General Fund to the Transportation Investment Fund for the 2003–04 fiscal year. The amount of the transfer during that year would be limited to $289,000,000.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 224 (AB 1751) Committee on Budget. Transportation finance.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Article XIX B of the California Constitution requires, commencing with the 2003–04 fiscal year, sales taxes on motor vehicle fuel that are deposited in the General Fund to be transferred to the Transportation Investment Fund for allocation to various transportation purposes, including allocations to particular transportation projects included in the Transportation Congestion Relief Program. Article XIX B authorizes the transfer of these revenues to the Transportation Investment Fund to be suspended in whole or in part for a fiscal year during a fiscal emergency pursuant to a proclamation issued by the Governor and the enactment of a statute by a $^{2}/_{3}$ vote of both houses of the Legislature if the statute does not contain any unrelated provision.

This bill would acknowledge that the amount of the transfer during the 2003–04 fiscal year would be limited to $289,000,000 due to partial suspension of the transfer by other legislation, and that those funds would be transferred to the Traffic Congestion Relief Fund. Of the amount transferred, $189,000,000 would be appropriated to the Department of Transportation for allocation to the Traffic Congestion Relief Program, including up to $31,000,000 for capital outlay support for that program. The remaining $100,000,000 would be transferred to the State Highway Account as a partial repayment of previously authorized loans from that account to the Traffic Congestion Relief Fund, and would be used for transportation capital purposes pursuant to the State Transportation Improvement Program. The bill would require the Controller, on or before June 30, 2009, to transfer an amount from the General Fund into a new continuously appropriated Transportation Deferred Investment Fund that is equal to the amount of motor vehicle fuel sales tax revenues that were not transferred to the Transportation Investment Fund for the 2003–04 fiscal year because of the partial transfer suspension, plus specified interest. The bill would require the revenues in the Transportation Deferred Investment Fund to be transferred and apportioned during the 2008–09 fiscal year in the same manner and amounts that would have been made in the 2003–04 fiscal year from the Transportation Investment Fund if the transfer had not been partially suspended, but taking into account the funds that were made available in the 2003–04 fiscal year.

(2) Existing law, pursuant to Proposition 116 of 1990, creates the Public Transportation Account as a trust fund, and provides that funds in the account, derived from certain sales taxes on fuels, are available only for transportation planning and mass transportation purposes. These provisions may be amended by the Legislature only by a $^{2}/_{3}$ vote of both houses if the amending statute is consistent with, and furthers the purposes of, the provisions.

This bill would amend the initiative provisions to provide for the transfer of certain revenues to the General Fund that would otherwise be deposited in the Public Transportation Account.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 225 (AB 1752) Committee on Budget. Human services.

(1) Existing law establishes uniform guidelines for determining child support. In certain cases, the court is required to rule on whether a low-income adjustment shall be made to the amount calculated under these guidelines. If the court allows that adjustment, existing law requires the court to state the reasons supporting the adjustment in writing and on the record.

This bill would provide for a rebuttable presumption that the child support obligor is entitled to a low-income adjustment, as specified. The bill would also delete the requirement that the court state the reasons supporting the adjustment.

(2) Existing law specifies the procedure for independent adoptions, in which neither the State Department of Social Services nor an agency licensed by the department is a party to, or joins in, the adoption petition. Existing law directs delegated county adoption agencies, which are defined to mean licensed county adoption agencies, and the State Department of Social Services to carry out specified duties for purposes of administering independent adoptions. Among other duties, the department or the delegated county adoption agency is required to interview the petitioners and all persons from whom consent is required and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

whose addresses are known as soon as possible, and, in the case of residents of the state, within 45 working days after the filing of the adoption petition.

Existing law requires the petitioner for the adoption to pay a fee to the department or delegated county adoption agency, as specified, in connection with independent adoptions. Existing law provides for fee waivers, deferrals, or reductions when, in the department's judgment, the payment would cause economic hardship to the prospective adoptive parents and would be detrimental to the welfare of an adopted child.

This bill would specify that the fee is nonrefundable, that the fee is for the cost of investigating the adoption petition, and that the fee shall be paid within 40 days of the filing of the petition. It would also increase the fees, as specified. This bill would eliminate provision for deferral of fees, and permit fee waivers or reductions only when the parents are low income, as specified, and the required payment would be detrimental to an adopted child.

(3) Existing law authorizes a local child support agency to establish, modify, and enforce child support obligations and provides for a simplified complaint form. If the support obligor's income or income history is unknown to the agency, the complaint form is required to inform the obligor that income shall be presumed to be in a specified amount.

This bill would instead provide that the income shall be presumed to be the amount of the minimum wage, as specified.

(4) Existing law authorizes a court to set aside a child support order under specified conditions. A motion for relief pursuant to that provision is required to be filed within 90 days of the first collection of money by the local child support agency or the obligee.

This bill would revise the conditions under which the order may be set aside and would extend the time period for filing a motion for relief to one year. The bill would also require the local child support agency to check sources of income and make a determination whether the order qualifies for set aside. By imposing new duties on local agencies, the bill would impose a state-mandated local program.

The bill would also require the Judicial Council to review and modify any relevant forms for purposes of these provisions, as specified.

(5) Existing law authorizes a local child support agency to collect a delinquent child support obligation by issuing a levy, as specified. Existing law also authorizes the agency to transfer child support delinquencies to the Franchise Tax Board for collection. When a child support delinquency is transferred to the Franchise Tax Board, as specified, the amount of the delinquency may be collected by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent income tax liability. Existing law authorizes the Franchise Tax Board to require various persons and depository institutions having in their possession or under their control things of value belonging to a taxpayer to withhold the amount of any tax, interest, or penalties due from the taxpayer and transmit that amount to the Franchise Tax Board.

This bill would require, when a local child support agency issues a levy upon, or when the Franchise Tax Board requires any employer, person, or other specified entity to withhold the amount of, a financial asset, as defined, for the purpose of collecting a delinquent child support obligation, the person, financial institution, or securities intermediary, as defined, in possession or control of the financial asset to liquidate the asset in a commercially reasonable manner within 20 days of the issuance of the levy or the notice to withhold. The bill would also require the person, financial institution, or securities intermediary to transfer the proceeds of the liquidation to the local child support agency or the Franchise Tax Board, as applicable, within 5 days of liquidation.

The bill would also require the Department of Child Support Services to develop a program pursuant to which the department may accept offers in compromise of child support arrears, as specified, until January 1, 2007. The bill would require the department to report to the Legislature on the results of the program by June 30, 2006.

The bill would specifically provide that the assets of an obligor held by a financial institution are subject to levy. However, the bill would create a specified exemption.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(6) The Vehicle License Fee (VLF) Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. The California Constitution requires that revenues generated from the annual vehicle license fee be allocated to cities and counties. Existing law requires the Controller to deposit 24.33% of the revenue collected under the VLF Law in the Treasury to the credit of the Local Revenue Fund.

This bill would, for the 2003–04 fiscal year only, require the Controller to deposit 28.07% of the revenues collected under the VLF Law in the Treasury to the credit of the Local Revenue Fund.

(7) Under existing law, the State Department of Social Services regulates the licensure and operation of community care facilities, including foster family and adoption agencies and foster family homes. The department also regulates the licensure and operation of various other care facilities, including, child day care centers, residential care facilities for the elderly, and residential care facilities for persons with chronic life-threatening illnesses. Existing law establishes for these facilities licensure and renewal fees which are classified according to the facility's capacity. Certified family homes of foster family agencies and foster family homes are exempt from these fees.

This bill would increase the licensure and renewal fees for these facilities. The bill would also revise the facility capacity classifications for child day care centers. It would also impose a separate annual fee of $80 on foster family agencies and their suboffices for each home certified by the agency or suboffice.

(8) Under existing law, the Technical Assistance Fund consists of specified moneys to be expended, upon appropriation by the Legislature, to fund the creation and maintenance of new licensing staff positions to provide technical assistance to specified care facility licensees. Under existing law, in fiscal years when licensure fees collected by the department from the specified facilities exceed $6,000,000, the excess shall be expended by the department to fund these new positions.

This bill would provide that, notwithstanding existing law, when revenues in the fund exceed $3,237,000, any fees over that amount shall remain in the General Fund.

(8.5) Under existing law, states' attorneys general and various tobacco product manufacturers have entered into a Master Settlement Agreement, in settlement of various lawsuits, that provides for the allocation of money to the states and certain territories. The state has entered into a memorandum of understanding providing for the allocation of the state's share of moneys to be received under the Master Settlement Agreement between the state and counties and certain cities in the state.

Existing law sets forth the duties of the California Infrastructure and Economic Development Bank and its board of directors generally in performing various financing transactions, including the issuance of bonds or the authorizing of the issuance of bonds by a trust, partnership, limited partnership, association, corporation, nonprofit corporation, or other entity, known as a special purpose trust. Under existing law, the bank is authorized to sell for, and on behalf of, the state all or any portion of the state's tobacco assets, as defined, to a special purpose trust consisting of a not-for-profit corporation, except that the sale or sales of these assets are limited to an amount necessary to provide the state with up to $4.5 billion exclusive of capitalized interest on the bonds and any costs incurred by the bank or the special purpose trust in implementing these provisions.

This bill would increase from $4.5 billion to $5 billion the limit on the amount of the sale of these tobacco assets.

This bill would also authorize the bank, upon request by the Director of Finance, to include in, or add to, the sales agreement with the special purpose trust a covenant, to the effect that the Governor shall annually request from the Legislature an appropriation line item in the annual Budget Act from the General Fund, for allocation by the Department of Finance to the special purpose trust. It would specify the manner in which the amount of the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

appropriation shall be determined, the provisions of the appropriation, and the manner of disbursement of the appropriated amounts.

Existing law requires that any action or proceeding challenging the validity of any matter authorized under these tobacco asset provisions be brought in accordance with provisions governing validating proceedings contained in the Code of Civil Procedure.

This bill would require that, notwithstanding any other provision of law, the exclusive means to obtain review of a superior court judgment entered in an action brought to determine the validity of any bonds to be issued or any other contracts to be entered into, or any other matters authorized by these tobacco asset provisions shall be by petition to the Supreme Court for writ of review, in accordance with prescribed requirements.

(8.7) The Master Settlement Agreement requires any tobacco product manufacturer selling cigarettes to consumers within the state to either become a participating manufacturer under the terms of the settlement agreement entered into by the states and certain tobacco manufacturers and perform its financial obligations under the settlement, or to place an amount of funds, calculated on the basis of units of tobacco products sold, into an escrow fund, which shall be used to pay a judgment or settlement on any released claim against the tobacco product manufacturer by the state or be released to the tobacco product manufacturer in certain circumstances.

Existing law authorizes the Attorney General to bring a civil action on behalf of the state against any tobacco product manufacturer that fails to place the funds into escrow.

This bill would provide that, in civil litigation under any legal theory involving a signatory, successor of a signatory, or an affiliate of a signatory to the agreement that is pending or filed after the effective date of this bill, the amount of the required undertaking, bond, or equivalent surety to be furnished during specified appellate proceedings shall be set in accordance with applicable rules of the court, except as prescribed. It would, however, authorize certain actions to be taken by a court if it is proved that the appealing party is intentionally dissipating or diverting assets for the purpose of avoiding ultimate payment of the judgment.

(9) Existing law prohibits the Department of Justice and the State Department of Social Services from charging a fee for the fingerprinting of an applicant for a license or special permit to operate or manage a community care facility or child day care facility, or for obtaining a criminal record of these applicants.

This bill would authorize these departments to charge these fees during the 2003–04 fiscal year.

(10) The California Community Care Facilities Act provides for the licensure and regulation of community care facilities by the State Department of Social Services. The department also licenses and regulates residential care facilities for the elderly, child day care centers, and family day care homes.

Existing law, with respect to community care facilities and residential care facilities for the elderly, establishes requirements for periodic inspections and evaluations for quality of care, by the department or a designee of the director.

This bill, instead, would require the department to conduct unannounced visits, as specified, would require annual unannounced visits to a specified percentage of these facilities based on a random sampling methodology developed by the department, and would require the department to visit each of these facilities no less often than once every 5 years.

(11) Existing law, with respect to child day care centers, requires the department to conduct site visitations, as specified.

This bill would require unannounced visits of these facilities, as specified, would require annual unannounced visits to a specified percentage of these facilities based on a random sampling methodology developed by the department, and would require the department to visit each of these facilities no less often than once every 5 years.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(12) Existing law, with respect to family day care homes, specifies requirements for site visits and spot checks by the department, and requires an unannounced site visit for a reissuance or renewal of a license, as prescribed, and unannounced visits on 10% of all family day care homes annually.

This bill would, instead, specify requirements for annual unannounced visits in certain circumstances, would require the department to visit a licensed family day care home no less often than once every 5 years, and would revise requirements for the unannounced visits of 10% of family day care homes.

(12.5) The Comprehensive Drug Court Implementation Act of 1999, until January 1, 2005, provides grants to counties in which the county alcohol and drug program administrator and the presiding judge in the county develop and submit a specified plan for local drug court systems, based on certain criteria.

This bill would provide that any funding for this program in the 2003 Budget Act, and in subsequent fiscal years, shall be allocated to counties that participated in this program during the 2002–03 fiscal year in accordance with specified requirements. The bill would also extend the operation of this program until January 1, 2006.

(13) Existing law requires the Office of Statewide Health Planning and Development to maintain a Health Professions Career Opportunity Program with specified duties.

This bill would provide that these provisions shall be implemented only to the extent that funds are appropriated for these purposes in the annual Budget Act or other statute.

(14) Existing law authorizes the Legislature to appropriate $30,000,000 in the Budget Act of 2002 from the Employment Training Fund to fund the local assistance portion of welfare-to-work activities under the CalWORKs program.

This bill would authorize the Legislature to appropriate $56,432,000 in the Budget Act of 2003 from the Employment Training Fund to fund the local assistance portion of welfare-to-work activities under the CalWORKs program.

(14.5) Existing law establishes the Employment Training Panel, which approves and pays for various job training programs, including the State-Local Cooperative Labor Market Information Program, with moneys from the Employment Training Fund. Existing law requires interest earned on moneys in the Employment Training Fund to be used to fund up to 50% of the costs of the State-Local Cooperative Labor Market Information Program.

This bill would eliminate the requirement to use that interest to fund costs of the State-Local Cooperative Labor Market Information Program.

(15) Existing law requires the Employment Development Department to operate the State-Local Cooperative Labor Market Information Program and, as part of the operation of that program, to provide direction to local entities that conduct local labor market information studies.

This bill would eliminate the requirement for the department to provide direction to local entities that conduct local labor market information studies and would, instead, authorize either the department or a local entity to conduct local labor market information studies. The bill would also remove the requirement that funding for the program be provided annually through Budget Act appropriations to the Employment Development Department, as provided.

(15.5) Under the federal Workforce Investment Act of 1998, the state receives federal funding for, among other things, job training programs. The California Constitution requires the Governor, within the first 10 days of each calendar year, to submit to the Legislature a proposed budget for the ensuing fiscal year and requires the Legislature to pass a Budget Bill by June 15 of each year.

This bill would state the intent of the Legislature that a specified item in the Governor's Budget and the proposed Budget Bill include a schedule that itemizes which programs within that item are proposed to be funded with federal funds received pursuant to a provision of the Workforce Investment Act, as provided. This bill would permit this itemized schedule

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to include provisions that authorize the Director of Finance to modify this schedule if certain conditions are met.

This bill would also require that all grants or contracts awarded under that act, or any other state or federally funded workforce development program comply with state constitutional provisions relating to religious liberty and the prohibited use of public funds to aid religious organizations or purposes, state and federal civil rights laws, and the First Amendment to the United States Constitution relating to pervasively sectarian organizations. This bill would also require that an organization be a separate nonprofit entity or affiliate that is tax exempt under Section 501(c)(3) of the Internal Revenue Code, to be eligible for workforce development funds awarded under the California Community and Faith Based Initiative.

(16) Existing law requires the California Department of Aging, among other things, to administer the Mello-Granlund Older Californians Act, which establishes and provides funding for various programs that serve older individuals. Among the programs provided for under that act are the Foster Grandparent Program, the Respite Program, and the Senior Companion Program.

This bill would provide that these programs shall be implemented only to the extent that funds are appropriated for their purposes in the annual Budget Act or another statute.

(16.5) Existing federal law provides for allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states. Existing law provides for the California Work Opportunity and Responsibility to Kids (CalWORKs) program for the allocation of federal funds received through the TANF program, under which each county provides cash assistance and other benefits to qualified low-income families.

Existing law requires, in order to provide counties with additional incentive to move CalWORKs recipients to employment, that each county receive the state share of savings, including federal funds under the TANF block grant, subject to the amounts appropriated in the annual Budget Act, resulting from specified outcomes.

This bill would provide that the CalWORKs performance incentive funds allocated to counties under specified items of the Budget Act of 2002 shall be available for encumbrance and expenditure by counties until all of these funds are expended, without regard to fiscal years, thereby constituting an appropriation.

(17) Existing law provides for the federal Food Stamp Program, under which each county distributes food stamps provided by the federal government to eligible households.

This bill would require each county welfare department, to the maximum extent allowable under federal law, to provide transitional food stamp benefits to households terminating their participation in the CalWORKs program for a period of 5 months in accordance with specified formula. The imposition of this additional duty on counties would create a state-mandated local program.

(18) Existing law, pursuant to the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program, requires that foster care providers licensed as group homes have rates established by classifying each group home program and applying the standardized schedule of rates. Existing law requires the State Department of Social Services to collect information from group providers in order to classify each group home program. Existing law also requires the department to develop, implement, and maintain a ratesetting system for foster family agencies. Group home and foster family agency ratesetting provisions contain annual cost-of-living adjustment requirements, as prescribed.

This bill would require the department to determine the rate classification level for each group home program and the rates for foster family agency programs on a biennial basis as prescribed. It would require the department to implement these requirements through the adoption of emergency regulations.

(19) Existing law establishes, with respect to group home programs, the standardized schedule of rates for the 2002–03 fiscal year.

This bill would apply this schedule of rates to the 2003–04 fiscal year.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(20) Existing AFDC-FC provisions require the department to perform or have performed group home program and fiscal audits as needed.

This bill would prohibit the department from reducing a group home program's AFDC-FC rate or RCL, or establishing an overpayment based upon a nonprovisional program audit, for a period of less than one year.

(21) Under the Comprehensive Youth Services Act funds are provided to counties for the provision of various services to children who are habitual truants, runaways, at risk of being wards of the court, or under the supervision of the county probation department. Existing law provides that the act will remain operative only until October 31, 2003.

This bill would extend the operative date of the act to October 31, 2004, and would repeal it on January 1, 2005.

(22) Existing law, that will be repealed on July 1, 2004, establishes the Habilitation Service Program, administered by the Department of Rehabilitation, to assist adults with developmental disabilities.

Existing law requires the department to adopt regulations to establish rates for work-activity program services under this program subject to the approval of the Department of Finance. Existing law further requires that for the 2002–03 fiscal year, the department suspend for one year the biennial rate adjustment for work-activity programs.

This bill would require the department to suspend these adjustments for the 2003–04 fiscal year. It would also require, commencing July 1, 2003, that the rates paid to work-activity programs be reduced by 5%.

(23) Existing law establishes the hourly rate for supported employment services provided to clients receiving individualized services and for group services, with certain of these provisions becoming inoperative on September 1, 2003.

This bill would eliminate the inoperative date. The bill also would reduce the hourly rate for supported employment services provided to clients receiving individualized services and group services under the program.

(24) Existing law provides for the licensure of maternity homes that provide services to unmarried pregnant persons under the age of 18 years. Existing law requires the state to reimburse nonprofit licensed maternity homes for the costs of care and services from any funds appropriated for that purpose.

This bill would provide that funds appropriated in Item 5180-151-0001 of the Budget Act of 2003 to the department to compensate licensed maternity homes shall be awarded to programs located in the most populous county and in an area in that county with one of the highest rates of teenage pregnancy in the state.

(24.5) Existing law requires that California's child support automation system meet federal automation requirements and subjects the state to the payment of penalties for any failure to meet these requirements by specified dates pursuant to federal law.

Existing law specifies procedures by which, if the federal government imposes a penalty on the state's child support program for failure to meet federal automation requirements, the penalty is allocated to each local child support agency in proportion to its administrative costs, and under which the state may hold penalties in abeyance and supplant reductions to county administrative funding, subject to the availability of funds in the annual Budget Act, if certain criteria are met.

This bill, until July 1, 2004, would instead permit the Department of Finance to allocate up to 25% of the penalty to the counties, as prescribed. These provisions would revert to existing law on July 1, 2004.

(25) Under existing law, the state and each county receives a portion of child support collections, in accordance with prescribed requirements.

This bill would require the Department of Child Support Services to convene a specified group to evaluate the child support program allocation methodology and report to the budget committees of the Legislature by March 31, 2004. The bill would also require the department to work with interested stakeholders to make changes, as prescribed, to the department's

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

existing budgeting display and the information provided to the Legislature regarding the child support program.

This bill would also require that reductions to local child support agency allocations made in the 2003–04 fiscal year be implemented in a manner that does not negatively impact child support collections, and would require counties that plan to implement any reductions through staff reductions, to develop a plan, as specified, that minimizes any negative effect of these reductions on child support collections and other performance measurements.

(26) Existing law provides for the State Supplementary Program for the Aged, Blind and Disabled (SSP), which requires the State Department of Social Services to contract with the United States Secretary of Health and Human Services to make payments to SSP recipients to supplement supplemental security income (SSI) payments made available pursuant to the federal Social Security Act.

Under existing law, benefit payments under the SSP program are calculated by establishing the maximum level of nonexempt income and federal (SSI) and state (SSP) benefits for each category of eligible recipient. The state SSP payment is the amount, when added to the nonexempt income and SSI benefits available to the recipient, that would be required to provide the maximum benefit payment.

Existing state law provides, except in certain calendar years, for the annual adjustment of the total level of combined state and federal benefits as established by statutory schedule to reflect changes in the cost of living, as defined.

Existing law provides, however, that, commencing with the 2004 calendar year, in any calendar year in which no cost-of-living adjustment is made to the combined SSI/SSP benefit, there shall be a pass-along of any cost-of-living increase in federal SSI payments.

This bill would provide that, for the 2004 calendar year, no cost-of-living adjustment shall be made to the combined SSI/SSP benefit.

(27) Existing law establishes the California Health and Human Services Agency Data Center within the California Health and Human Services Agency, under the supervision of a director appointed by the Secretary of the California Health and Human Services Agency. Existing law establishes the California Health and Human Services Agency Revolving Fund in the State Treasury, continuously appropriates moneys in the fund for the payment of expenses incurred by the data center, and specifies that if the data center is consolidated with other state information technology centers, the fund shall cease to exist and any remaining moneys in the fund shall be distributed in accordance with specified provisions of law.

Existing law establishes the Stephen P. Teale Data Center in the Business, Transportation and Housing Agency, under the supervision of a data center director appointed by the Governor.

This bill would require the Department of Finance to convene a specified working group to develop and submit to the Legislature, on or before December 1, 2003, a plan to consolidate the California Health and Human Services Agency Data Center and the Stephen P. Teale Data Center commencing July 1, 2004.

(28) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(29) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 226 (AB 1753) Committee on Budget. Habilitation services.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law establishes the Habilitation Services Program under the administration of the Department of Rehabilitation, and on July 1, 2004, transfers the administration of this program to the State Department of Developmental Services.

This bill would, commencing July 1, 2004, revise the scope and administration of the program.

Ch. 227 (AB 1754) Committee on Budget. Education finance.

(1) Existing law, the Child Care and Development Services Act, authorizes alternative payment programs to provide payment to child care facilities with at least 75% subsidized children in prescribed circumstances, and authorizes the Superintendent of Public Instruction to adopt related regulations.

This bill would prohibit the superintendent from adopting or implementing regulations for the 2003–04 fiscal year that differentiate provider reimbursement rates based upon the percentage of subsidized children receiving care in a facility.

(2) Existing law requires a revenue limit to be calculated for each school district and each county superintendent of schools and requires the amount of the revenue limit to be adjusted for various factors. Existing law requires the Superintendent of Public Instruction to take into account the revenue limit of a school district and county superintendent of schools when apportioning funding to school districts and county superintendents of schools.

This bill would reduce the revenue limit for the 2003–04 and 2004–05 fiscal years by 1.195% and by an additional 1.826% for county superintendents of schools and by 1.198% and an additional 1.826% for school districts, but would not apply these reductions to specified revenue limit adjustments. The bill would require the revenue limit computation for the 2005–06 fiscal year to be made using the reduced revenue limit amount. The bill would require the Superintendent of Public Instruction to certify to the Controller amounts needed to fund the revenue limits of school districts, the revenue limits of county superintendents of schools, and the revenue limit portion of charter school operational funding that reflect these reductions. The bill would authorize the governing board of a school district or county office of education, for the 2003–04 fiscal year only, to use up to 100% of the balances as of June 30, 2003, of restricted accounts, except as specified, to reduce the impact of the reductions to revenue limits in the 2003–04 fiscal year made pursuant to the bill.

(3) Existing law establishes the California Civil Liberties Public Education Grant Program under the administration of the State Librarian. Existing law also expresses the intent of the Legislature that $1,000,000 be annually appropriated from the General Fund to the State Librarian in the 2000–01, 2001–02, and 2002–03 fiscal years.

This bill would delete the expression of legislative intent that $1,000,000 be appropriated for the California Civil Liberties Public Education Grant Program in each of the 3 specified fiscal years and would make funding for the program subject to an appropriation in the annual Budget Act or other act for this purpose.

(4) Existing law, until January 1, 2004, establishes the Educational Telecommunication Fund in order for the governing board of the County Office Fiscal Crisis and Management Assistance Team to carry out its responsibilities regarding the establishment of telecommunications standards to support the efficient sharing of school business and administrative information.

This bill would make the fund permanent.

(5) Existing law, the Leroy F. Greene School Facilities Act of 1998, requires the State Allocation Board to require a school district that receives funds under the act to agree to establish a restricted account within the school district's general fund for the exclusive purpose of providing moneys for ongoing and major maintenance of school buildings and to agree to deposit into the account, in each fiscal year for 20 years, a minimum amount equal to or greater than 3% of the school district's total general fund expenditures for that fiscal year.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill, instead, would provide that for the 2003–04 fiscal year, the board shall only require a school district to deposit into that account an amount equal to 2% of the total expenditures by the district from its general fund in the 2003–04 fiscal year.

(6) Existing law requires the State Board of Education to adopt standards and criteria to be used by local educational agencies in the development of annual budgets and the management of subsequent expenditures from that budget.

This bill would provide that for the 2003–04 and 2004–05 fiscal years, the requirement for a reserve for economic uncertainties is $^1/_2$ of the percentage for a reserve adopted by the State Board of Education as of May 1, 2003.

(7) Existing law authorizes the governing board of any school district and a charter school to offer supplemental instructional programs in mathematics, science, or other core academic areas, as designated, and provides that the maximum entitlement of a school district or charter school for reimbursement for pupil hours of attendance in the supplemental instructional programs shall be calculated pursuant to a formula that is based on 7% of the total enrollment of the school district or charter school for the prior fiscal year.

This bill would, instead, provide for the formula to be based on 5% of the total enrollment of the school district or charter school for the prior fiscal year.

(8) Existing law requires, for the 1990–91 fiscal year and each fiscal year thereafter, that moneys to be applied by the state for the support of school districts and community college districts be distributed in accordance with certain calculations. This requirement expressly is made inapplicable to the 1992–93 to 2002–03 fiscal years, inclusive.

This bill would, instead, make this requirement inapplicable to the 1992–93 to 2003–04 fiscal years, inclusive.

(9) Existing law sets forth a minimum amount of money that is required to be apportioned or allowed to a school district from Section A of the State School Fund in a fiscal year.

This bill would require that state funds apportioned to a school district for categorical education programs and other state funds apportioned to a school district from the State School Fund be applied to meet the minimum amount of money that is required to be apportioned or allowed to a school district from Section A of the State School Fund in a fiscal year.

(10) Existing law makes school districts eligible for reimbursement for hours of pupil attendance claimed for intensive reading programs and makes school districts and charter schools eligible for reimbursement for hours of pupil attendance claimed for intensive algebra instruction academies.

This bill would make those reimbursements contingent on an appropriation being made for that purpose in the annual Budget Act.

(11) Existing law establishes the National Board for Professional Teaching Standards Certification Incentive Program to award grants to teachers who, among other things, have attained certification from the National Board for Professional Teaching Standards. Under the program, a teacher attaining a national board certification is eligible for a one-time merit award of $10,000, and is eligible for an additional award of up to $20,000 if he or she agrees to teach at a low-performing school for at least 4 years. Existing law authorizes the State Department of Education to provide fee assistance for the program to defray the fees of teachers seeking the certification.

This bill would eliminate the one-time merit award of $10,000, and would eliminate the provisions authorizing the department to provide fee assistance.

(12) Existing law establishes the Kindergarten Readiness Pilot Program, to be implemented in the 2003–04 school year, and requires a participating school district to offer admission to 1st grade at the beginning of the school year, or at a later time in the same school year, only to children who will have their 6th birthday on or before September 1 of that school year. Under existing law, these provisions become inoperative on July 1, 2010, and are repealed as of January 1, 2011.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would delay the implementation of that program until the 2006–07 school year and would make conforming changes. The bill would, in addition, delete the July 1, 2010, inoperative date and the January 1, 2011, repeal date of those provisions and would instead provide that the provisions become inoperative on July 1, 2013, and be repealed as of January 1, 2014.

(13) Existing law establishes the Graduate Assumption Program of Loans for Education, under which an applicant enrolled in a graduate degree program, and who agrees to teach on a full-time basis at an accredited California college or university, is eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to a prescribed procedure upon becoming employed as a teacher at an accredited college or university in California. Under existing law, a program participant becomes eligible for up to $2,000 of loan assumption after each of the first 3 academic years of full-time teaching, for a total loan assumption of up to $6,000.

Existing law requires that, commencing with the 1998–99 fiscal year, the Student Aid Commission issue warrants for the assumption of up to 500 student loans for eligible program participants. Existing law also requires that the issuance of warrants be subject to funding to be provided in the annual Budget Act for each fiscal year.

This bill would prohibit warrants for loan assumptions under this program from being issued in the 2003–04 fiscal year.

(14) Existing law requires the governing board of each community college district to charge each student a fee of $11 per unit per semester.

This bill would raise that fee to $18 per unit per semester effective with the fall term of 2003–04 academic year.

(15) Existing law requires the Board of Governors of the California Community Colleges to adopt regulations for the payment of apportionments to community college districts. Existing law requires the board of governors to certify estimated apportionments to the Controller on or before July 15, and for the first principal apportionment to be certified on or before February 20 and the 2nd principal apportionment to be certified on or before June 25, of each year.

This bill would require that, commencing with the 2003–04 fiscal year, warrants for the 2nd principal apportionment be drawn in July pursuant to the certification made, under existing law, in June of that same calendar year, thereby causing the apportionment to be paid in the fiscal year immediately following the certification of the 2nd principal apportionment. The bill would provide that, for the purposes of the computations required by the constitutional minimum funding requirement for school districts and community college districts, the warrants drawn under the bill would be counted in the fiscal year in which they are drawn.

The bill would authorize a community college district to recognize, for budgetary and financial reporting purposes, any amount of state appropriations deferred from the current fiscal year and appropriated in the subsequent fiscal year for payment of current-year costs as a receivable in the current fiscal year.

(16) Existing law establishes the Mathematics and Reading Professional Development Program under which eligible local educational agencies receive an incentive award in each of the fiscal years between 2002–03 and 2006–07, inclusive, for a specified percentage of their eligible teachers. Existing law also authorizes an eligible local educational agency to receive funding in each of the fiscal years 2004–05 and 2005–06 for a specified percentage of their instructional aides and paraprofessionals.

This bill would instead specify that the amount of the incentive award for teachers and the funding for instructional aides and paraprofessionals would be based on the percentage of eligible teachers and instructional aides and paraprofessionals calculated in accordance with provisional language in the annual Budget Act.

(17) Existing law makes the State Department of Mental Health, or a community mental health service, as defined, that is designated by the State Department of Mental Health,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

responsible for the provision of mental health services, as specified, when required in a pupil's individualized education program.

This bill would require local educational agencies, if funds are appropriated to them to support the costs of providing these mental health services, to transfer those funds to the community mental health services that provide the services. The bill would require the funds to be used exclusively for those mental health programs and would provide that the funds are offsetting revenues in any reimbursable mandate claim relating to special education programs and services.

(18) Existing law authorizes the Superintendent of Public Instruction to apportion a specified sum to each school district and county office of education that operates a community day school and to a school district that operates a program to reduce class size in 2 courses in grade 9. Under existing law, the apportionment is adjusted annually for inflation, commencing with the 1999–2000 fiscal year.

This bill would set the cost-of-living adjustment for community day schools and the program to reduce class size in 2 courses in grade 9 at 2% for the 2002–03 fiscal year and at 0% for the 2003–04 fiscal year. The bill would additionally set the cost-of-living adjustment for certain items contained in the Budget Act of 2003 at 0%.

Existing law provides for an annual adjustment of state funding for certain programs, including, instructional materials, regional occupational programs and centers, school improvement programs, economic impact aid, staff development programs, and gifted and talented programs, pursuant to a specified formula.

This bill would set that adjustment at 0% for the 2003–04 fiscal year.

(19) Existing law requires the governing board of a school district to submit a report to the Legislature in any year in which the school district does not set aside 0.5% of its current year revenue limit for the deferred maintenance of school facilities.

This bill would make those provisions inoperative for the 2003–04 fiscal year.

(20) Existing law appropriated $203,000,000 for purposes of a revenue limit equalization adjustment for the 2003–04 fiscal year.

This bill would repeal that appropriation.

(21) This bill would require the Superintendent of Public Instruction to reduce, by $9,886,000, funding for basic aid districts from categorical education funds that are appropriated in the Budget Act of 2003. The bill would require the Superintendent by June 1, 2004, to report to the Controller and the Director of Finance the amount to be reduced from each categorical education program and identify the corresponding item of appropriation in the Budget Act of 2003. The bill would provide that on June 15, 2004, the amounts appropriated by those items are hereby reduced by the amounts reported by the superintendent. The bill would provide that the reductions shall be reductions in the amounts appropriated for purposes of Section 8 of Article XVI of the California Constitution for the 2003–04 fiscal year.

(22) This bill would appropriate $570,263,000 from the General Fund, of which $370,263,000 would be appropriated to the Department of Education for the 2004–05 fiscal year for purposes of specified education programs and $200,000,000 would be appropriated to the Board of Governors of the California Community Colleges for apportionments to community college districts and for the Partnership for Excellence Program. The bill would provide that for the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation is General Fund revenues appropriated for school districts and community college districts for the 2004–05 fiscal year.

(23) This bill would incorporate changes in Sections 44395 and 99234 of the Education Code that are contained in AB 96, Chapter 91 of the Statutes of 2003.

(24) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 228 (AB 1756) Committee on Budget. State government.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law provides for the licensing and regulation of accountants by the California Board of Accountancy. Existing law specifies certain requirements in order for persons to be admitted to the examination held by the board for a certified public accountant license, and requires the board to charge the applicant an examination fee.

This bill would authorize the board to require an applicant for a certified public accountant license to pass an examination conducted by a public or private organization as an alternative to a board-conducted examination. The bill would authorize the board to charge the applicant an application fee, and in the case of an examination conducted by a public or private organization, would authorize the board to require the applicant to pay the examination fee directly to that organization. The bill would enact other related provisions.

(2) Existing law, the Unclaimed Property Law, governs the disposition of unclaimed property, including the escheat of certain property to the state. These provisions set forth procedures whereby a person may file a claim to the property or to the net proceeds from its sale. These provisions also specify the procedures for transferring the property from the holder of the property to the state and for administering the property. The Controller administers property that has escheated to the state. Property may be transferred to the Controller by Federal Reserve Wire Transfer, as defined, only if prior approval is obtained from the Controller and the holder is unable to make payment by either of 2 specified means. The Controller is required to consider each claim to unclaimed property by any person, excluding another state, within 90 days after it is filed. In addition, a person aggrieved by a decision of the Controller, or as to whose claim the Controller has failed to make a decision within 90 days after the filing of the claim, may commence an action to establish his or her claim within 90 days after the decision or 180 days from the filing of the claim if the Controller failed to make a decision. The Controller is required to consider the claim of another state to recover escheated property, as specified, within 90 days after the claim is presented. In addition, the Controller is generally prohibited from excluding, withholding, or deducting service, handling, maintenance, or other charges or fees from the escheated property if the holder would not have excluded, withheld, or deducted those charges or fees if the property had been claimed by the owner prior to being reported or remitted to the Controller.

The Controller is also required to add interest at the rate of 5% or the bond equivalent rate of 13-week United States treasury bills, as specified, whichever is lower, to the amount of any claim paid the owner for the period the property was on deposit in the Unclaimed Property Fund.

This bill would delete the provision requiring prior approval of the Controller in order to make an electronic funds transfer by Federal Reserve Wire Transfer.

The bill would also require the Controller to consider each claim to unclaimed property by any person, excluding another state, within 180 days, rather than 90 days, after it is filed. The bill would authorize a person aggrieved by a decision of the Controller, or as to whose claim the Controller has failed to make a decision within 180 days, rather than 90 days, after the filing of the claim, to commence an action to establish his or her claim within 90 days after the decision, or within 270 days, rather than 180 days, from the filing of the claim if the Controller failed to make a decision. The bill would require the Controller to consider the claim of another state to recover escheated property, as specified, within 180 days, rather than 90 days, after it is presented. The bill would provide that these changes would apply to any claims for which the Controller has not made a decision by the earliest of July 1, 2003, or the effective date of the bill.

In addition, the bill would eliminate the requirement that the Controller pay interest on unclaimed property when it is returned to owners.

(3) Existing law provides for the indemnification of victims of specified types of crimes by the California Victim Compensation and Government Claims Board. Existing law authorizes the Department of Transportation to adjust and pay any claim arising out of the activities of the department without the prior approval of the board if the amount paid is

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

$5,000 or less and either the Director of Finance or Director of Transportation certifies that a sufficient appropriation for the payment of the claim exists. Existing law requires the board, if the Department of Transportation elects not to pay the claim, to process the claim in the same manner as any other claim filed against the state.

This bill would authorize the department to deny, as well as adjust and pay, any such claim without the prior approval of the board if the amount claimed is $5,000 or less. The bill would require the department to provide written notice of the rejection of the claim pursuant to existing law if the department elects not to pay any claim.

(4) Existing law authorizes the Department of Housing and Community Development to provide comprehensive technical assistance to tribal housing authorities, housing sponsors, and governmental agencies on reservations, rancherias, and on public domain to facilitate the planning and orderly development of suitable, decent, safe, and sanitary housing for American Indians residing in these areas.

This bill would revise this provision to authorize the department to provide specified comprehensive technical assistance to California Indian tribes and Native American groups, tribal housing authorities, housing sponsors, and the above-described governmental agencies to facilitate the orderly development and preservation of decent, safe, and affordable housing and the promotion of strong California Native American communities subject to the availability of funds.

(5) Existing law authorizes the Controller to organize his or her office into divisions and, in conformity with the State Civil Service Act and the California Constitution, appoint deputy controllers, chiefs of divisions, and other subordinate officers and employees as necessary for the proper conduct of the office. The California Constitution provides that the state civil service includes every officer and employee of the state except as otherwise provided in the California Constitution. Among the officers and employees who may be exempted from state civil service in accordance with the California Constitution are officers elected by the people, a deputy and an employee selected by each elected officer, including the Controller, and state officers directly appointed by the Governor, with or without the consent or confirmation of the Senate.

This bill, in addition to a deputy and an employee selected by the Controller, would also exempt from the state civil service 3 deputies of the Controller's office, appointed by the Governor, with the recommendation of the Controller. The bill would provide that the appointments to these exempt positions shall not result in any net increase in the expenditures of the Controller.

(6) Existing law requires any state agency that collects funds from the federal government to include in the collections amounts to offset federally allowed statewide indirect costs, as determined by the Department of Finance, except where prohibited by federal statutes. Existing law requires all funds recovered from the federal government to offset statewide indirect costs to be transferred to the unappropriated surplus of the General Fund in a manner prescribed by the department, unless expenditure of the funds is authorized by the department. To identify costs associated with those requirements, the department administratively annually prepares the Statewide Cost Allocation Plan.

This bill would exempt the California Coastal Commission from that plan.

(7) Existing law authorizes the Department of General Services and the Director of General Services to perform specified activities for the purpose of achieving improved levels of performance. These provisions become inoperative on the effective date of the Budget Act of 2003, or June 30, 2003, whichever occurs later, and are repealed as of January 1, 2004.

This bill would delete the inoperative date and the repeal date of these provisions.

(8) Existing law specifies that no agency is required to use the Office of State Publishing for its printing needs, but that the Office of State Publishing may offer printing services to both state and other public agencies and agencies of the United States government. When soliciting bids for printing services from the private sector, state agencies are required to also solicit a bid from the Office of State Publishing when the project is anticipated to cost more

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

than $5,000. The Office of State Publishing is authorized to accept paid advertisements under specified conditions. These provisions become inoperative on the effective date of the Budget Act of 2003, or June 30, 2003, whichever occurs later, and are repealed as of January 1, 2004.

This bill would eliminate these provisions, but would, except for the authorization for the Office of State Publishing to accept paid advertisements, reenact these provisions. These provisions would become inoperative on the effective date of the Budget Act of 2004, or July 1, 2004, whichever is later, and would be repealed on January 1, 2005.

(9) Existing law requires the Technology, Trade, and Commerce Agency created by the Holmdahl-Rains-Lockyer Economic Development Act of 1977 to coordinate, among other things, federal, state, and local relationships in economic development and to assist state agencies, offices, and departments to implement state economic policy, and to administer various state economic programs.

This bill would provide that the functions and duties of the agency, notwithstanding any other provision of law, may be performed only to the extent that funding is available or is specifically appropriated for purposes of the performance of those duties.

(10) The California Tourism Marketing Act requires the Office of Tourism within the Technology, Trade, and Commerce Agency to establish, upon approval of an initial tourism industry referendum, a nonprofit mutual benefit corporation named the California Travel and Tourism Commission under the direction of a specified board of commissioners.

The act also prescribes certain duties of the commission, including preparing or causing to be prepared an annual marketing plan and providing assessed business with specified information.

The act also prescribes the powers of the Secretary of Technology, Trade, and Commerce relative to tourism, including collecting and depositing assessments, exercising police powers, exercising veto power over actions of the commission in specified circumstances, and calling a referendum every 2 years to, among other things, elect new commissioners.

This bill would provide that these powers of the secretary and any others provided in the act, with the exception of police powers and exercising veto power over actions of the commission, when not exercised by the secretary, may be exercised by the commission.

(11) Existing law authorized the Department of Water Resources, until January 2, 2003, to enter into contracts for the purchase of electricity and to sell that electricity to retail end-use customers and, with specified exceptions, to local publicly owned electric utilities at not more than the department's acquisition costs. The department is authorized, for these purposes, to issue revenue bonds not to exceed a certain amount upon authorization by written determination of the department and with the approval of the Director of Finance and the Treasurer. Existing law establishes in the State Treasury the Department of Water Resources Electric Power Fund, the funds in which are continuously appropriated to the department. Existing law requires all revenues payable to the department under those electricity purchase provisions to be deposited in the department's Electric Power Fund.

Under existing law, there is established in the State Treasury the Litigation Deposits Fund, which is appropriated to, and under the control of, the Department of Justice. Existing law provides that the fund consists of all money received as litigation deposits where the State of California is a party to the litigation and no other state statutes provide for the handling and investing of the money and crediting interest accrued to the deposits.

This bill would establish the Ratepayer Relief Fund in the State Treasury to benefit electricity and natural gas ratepayers and to fund investigation and litigation costs of the state in pursuing allegations of overcharges and unfair business practices against generators, suppliers, or marketers of electricity or natural gas. The bill would require that any energy settlement agreement, as defined, entered into by the Attorney General, after reimbursing the Attorney General's litigation and investigation expenses, direct settlement funds to the following purposes in priority order: (1) to reduce ratepayer costs of those utility ratepayers harmed by the actions of the settling parties; and (2) for deposit in the fund. All funds

NOTE: Superior numbers appear as a separate section at the end of the digests.

recovered on behalf of the Department of Water Resources, after deduction of litigation and investigation expenses, would be required to be deposited in the department's continuously appropriated Electric Power Fund, thereby making an appropriation. The bill would provide that moneys deposited in the Ratepayer Relief Fund may be appropriated for certain purposes for the benefit of ratepayers. The bill would require the Attorney General to promptly notify the Director of Finance, the Senate President pro Tempore and the Speaker of the Assembly upon agreeing on behalf of the state, to an energy settlement agreement, and would require the Attorney General to report semiannually to the appropriate policy and fiscal committees of the Legislature, and to the Director of Finance, on energy settlement agreements, litigation and investigation expenses, and funds expended.

(12) Existing law requires the Commission on State Mandates to meet at least once every month.

This bill would instead require the commission to meet once every 2 months.

(13) Until January 1, 2005, or earlier, as specified, the Rural Health Care Equity Program, as administered by the Department of Personnel Administration, provides subsidies and reimbursements for certain health care premiums and health care costs incurred by state employees and annuitants in rural areas in which there is no board-approved health maintenance organization plan available for enrollment. Existing law specifies that reimbursement to an annuitant may not exceed $500 per year, or $75 per month, if a Medicare participant.

This bill would provide that annuitants who become residents of another state on or after July 1, 2003, are not eligible to receive the specified benefits of this program. The bill would also provide that an annuitant who cannot be located within a specified time and whose disbursement is returned to the Controller as unclaimed is ineligible to participate in the program.

(14) The Vehicle License Fee (VLF) Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified.

Existing law requires the Controller, as specified, to reimburse local governments for losses resulting from the exclusion of specified commercial vehicles from the vehicle license fees imposed under the VLF Law.

This bill would, effective July 1, 2003, repeal the provisions providing reimbursement to local governments for the losses resulting from the exclusion of specified commercial vehicles from the fees imposed under the VLF Law.

(15) The existing Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) prohibits any person, in the course of doing business, from knowingly and intentionally exposing any individual to a chemical known to the state to cause cancer or reproductive toxicity without giving a specified warning, or from discharging or releasing such a chemical into any source of drinking water, except as specified. The act imposes civil penalties upon persons who violate those prohibitions, and provides for the enforcement of those prohibitions by the Attorney General, a district attorney, or specified city attorneys or prosecutors, and by any person in the public interest.

Under the Safe Drinking Water and Toxic Enforcement Act of 1986, 50% of the penalties collected pursuant to that act are required to be deposited in the Hazardous Substance Account, 25% are to be paid to the prosecuting office or the person who brought the action in the public interest, and 25% are required to be used to fund the activities of certain local health officers.

This bill would establish the Safe Drinking Water and Toxic Enforcement Fund in the State Treasury and would authorize the director of the lead agency, who is designated by the Governor to implement the act, to expend the funds in the Safe Drinking Water and Toxic Enforcement Fund upon appropriation by the Legislature, to implement and administer the act.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would require 75% of all civil and criminal penalties collected pursuant to the act be deposited in the fund and would also require any interest earned upon the money deposited into the fund be deposited in the fund. The bill would require 25% of all civil and criminal penalties collected pursuant to the act be paid to the prosecuting office or the person who brought the action in the public interest.

The bill, in conformance with the requirements of Proposition 65, would make a legislative finding and declaration that these changes would further the purposes of the act.

(16) Existing law authorizes the Department of Housing and Community Development to approve rents for specified migrant farm labor centers that are in excess of rents charged in other centers assisted by the Office of Migrant Services.

This bill would prohibit the department from increasing the rent during the 2003–04 fiscal year.

(17) The existing Housing and Emergency Shelter Trust Fund Act of 2002 provides for the allocation of funds from the sale of bonds to, among other programs, the Joe Serna, Jr. Farmworker Housing Grant Program and the CalHome Program.

This bill would require the Department of Housing and Community Development to disencumber funding commitments, and provide replacement funding under that bond act, for projects selected for funding through those programs where funds have not been disbursed, as specified, in order to return those moneys to the General Fund.

(18) Existing law provides that a disaster service worker duly registered by a disaster council while performing services under the general direction of the disaster council or a person impressed into performing service as a disaster service worker is entitled to all the same workers' compensations benefits as any other injured employee. Existing law provides that liability for the payment or furnishing of this compensation is dependent upon and limited to the availability of moneys specifically appropriated for that purpose.

This bill would require the Office of Emergency Services to administer workers' compensation benefits for volunteer disaster service workers.

Existing law requires the California Emergency Council and the State Compensation Insurance Fund to enter into an agreement requiring the state fund to adjust and dispose of claims and furnish compensation to disaster service workers and their dependents. Existing law contains related provisions.

This bill would delete these provisions.

(19) Existing law establishes the Uninsured Employers Fund as a continuously appropriated fund in the State Treasury, from which payments are made to injured workers when their employer is illegally uninsured for workers' compensation purposes. Moneys in the fund are derived from General Fund appropriations and from penalties assessed against uninsured employers by the Director of Industrial Relations.

Existing law requires an employer, whenever any fatal injury is suffered by an employee that entitles the employee to compensation benefits but the employee leaves no surviving dependent or heir, to pay a sum to the department in an amount equal to the amount of the death benefit that would have been payable had the deceased employee had surviving dependents or heirs. These moneys are paid to the General Fund and are contained in the Subsequent Injuries Moneys Account from which payment is continuously appropriated, as specified, for purposes of providing additional benefits to employees who suffer an industrial injury that, in combination with a previously existing disability or impairment, creates a combined permanent disability rating of 70% or more.

This bill would change the name of this fund and account to the Uninsured Employers Benefits Trust Fund and the Subsequent Injuries Benefits Trust Fund, respectively, and would impose a trust on moneys in these funds to be used only to pay the nonadministrative expenses of the workers' compensation program in connection with their respective purposes. The bill would require that the administrative expenses of administering both of these funds be paid by the Workers' Compensation Administration Revolving Fund. It

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

would impose additional assessments on employers to be deposited in these continuously appropriated funds, thereby making an appropriation.

(20) Existing law requires that expenses incident to representation of the Director of Industrial Relations and the state by the Attorney General or attorneys of the Department of Industrial Relations before certain tribunals and administrative costs associated with investigative and claims' adjustment services concerning uninsured employers injury cases be reimbursed from the Uninsured Employers Fund.

This bill instead would make those expenses and costs payable from the Workers' Compensation Administration Revolving Fund. The bill would require the director to assign claims adjustment services and legal representation services respecting matters concerning subsequent injuries in accordance with specified procedures and would also make administrative costs incurred by this requirement payable from the Workers' Compensation Administration Revolving Fund. It would require the State Compensation Insurance Fund and the director, commencing November 1, 2004, to report annually to the fiscal committees of both houses of the Legislature and the Director of Finance regarding specified information relating to uninsured employers and subsequent injuries claims and costs.

(21) Existing law requires the Director of Industrial Relations to report to the Governor and the Legislature, not later than January 1 of each year, the amount necessary to maintain the solvency of the Uninsured Employers Fund.

This bill would delete this requirement.

(22) Existing law establishes the Industrial Medicine Fund, created for the administration of the Industrial Medical Council, from fees imposed on each qualified workers' compensation qualified medical evaluator in connection with the evaluator's appointment or reappointment as a qualified medical evaluator. Existing law prohibits funds provided to the council from the Industrial Medicine Fund from supplanting any funds appropriated to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source.

This bill would delete this prohibition and would make conforming changes.

(23) Existing law provides that a contractor to whom a public works contract is awarded, who, in performing any of the work under the contract employs journeymen or apprentices in any apprenticeable craft or trade, shall contribute to the California Apprenticeship Council the same amount that the Director of Industrial Relations determines is the prevailing amount of apprenticeship training contributions in the area of the public works site. Existing law requires that all contributions received be deposited in the Apprenticeship Training Contribution Fund, a continuously appropriated fund, and requires the council, at the conclusion of the 2003–04 fiscal year and each fiscal year thereafter, to distribute these funds, less administrative expenses, by making grants to approved apprenticeship programs for the purpose of training apprentices. Money in the fund is also available for the expenses of the Division of Apprenticeship Standards.

This bill instead would require the council to commence distribution of the contributions by making grants as described above at the conclusion of the 2002–03 fiscal year. By extending the time period that continuously appropriated funds are available for distribution for this purpose, this bill would make an appropriation.

(24) Existing law provides for the establishment and operation of the various veterans' homes in California for aged and disabled veterans who are eligible for hospitalization or domiciliary care in a veterans' facility in accordance with the rules and regulations of the United States Department of Veterans Affairs, and who are bona fide residents of this state at the time of application. Under existing state and federal law, a veterans' home is entitled to reimbursement for Medi-Cal and Medicare services it provides to its residents.

This bill would, if the amount collected for those reimbursements for services provided in any fiscal year by a veterans' home exceeds the budgeted reimbursements for that home, require that the additional funds collected by the home be used to repay any unpaid General Fund loans provided in prior fiscal years for the operation of that home.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(25) Existing law requires any state agency or department that seeks to execute a contract for professional consulting services from a private architectural, engineering, land surveying, environmental, or construction project management firm to engage in negotiations with the selected firm before executing the contract.

This bill would authorize the Department of General Services to establish a negotiation process that may be used during various stages of the procurement process when the department procures goods, services, construction services, or information technology for itself or on behalf of another state agency. This bill would authorize the use of this negotiation process only when the department makes specified findings regarding the procurement.

(26) Existing law, the California Integrated Waste Management Act of 1989, establishes an integrated solid waste management program that is administered by the California Integrated Waste Management Board. Existing law requires the Governor to appoint one adviser for each member of the board upon the recommendation of the board member.

This bill would provide that the adviser serving the chairperson of the board is to be known as the principal adviser. The bill would prohibit an appointed adviser from selecting an additional deputy or employee. The bill would prohibit the board from expending any funds to pay for the salary of a deputy or employee of an adviser.

(27) The existing California Tire Recycling Act requires the California Integrated Waste Management Board to administer a tire recycling program that promotes and develops alternatives to the landfill disposal of used whole tires. The board is authorized to implement various grant, subsidy, and loan programs to encourage the recycling of waste tires. The board is required to adopt and biennially update a 5-year plan to establish goals and priorities for the waste tire program, including specified program elements. The budget for implementation of the act and the funding of the tire recycling program are based upon the 5-year plan.

This bill would prohibit the board from expending funds for an activity that provides support or research for the incineration of tires, as described, and would provide a similar prohibition as to the inclusion of the incineration of tires in the 5-year plan updates. The bill would delete related obsolete language.

(28) Existing law requires a business or entity to obtain various environmental permits prior to undertaking any project that may have an impact on the environment.

Existing law requires the Secretary for Environmental Protection to establish permit assistance centers throughout the state to provide businesses and other entities with assistance in complying with the laws and regulations implemented by the boards, departments, and offices within the agency. Existing law also requires the secretary to establish an electronic online permit assistance center and to report annually on the number of permits issued or handled by each center.

This bill would delete the requirements that the Secretary for Environmental Protection establish permit assistance centers throughout the state and report annually on the number of permits issued or handled by each center.

(29) Existing law establishes the California Teleconnect Fund Administrative Committee as an advisory board to advise the Public Utilities Commission regarding the development, implementation, and administration of a program to advance universal service by providing discounted rates to qualifying schools, libraries, hospitals, health clinics, and community organizations. Existing law requires all revenues collected by telephone corporations in rates authorized by the commission to fund this universal service program to be submitted to the commission pursuant to a schedule established by the commission and requires the commission to transfer the moneys received to the Controller for deposit in the California Teleconnect Fund Administrative Committee Fund for use by the commission exclusively for this universal service program.

This bill would provide that moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003 are subject to provisions governing the loan and repayment of moneys loaned from one state fund to another to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

address the 2003–04 fiscal year budgetary shortfall. The bill would prohibit the commission from increasing the rates authorized by the commission to fund the universal service program for schools, libraries, hospitals, health clinics, and community organizations while moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003 are outstanding unless certain conditions are satisfied. The bill would make these provisions inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.

(30) Under existing law, the Public Utilities Commission has regulatory authority over public utilities and authorizes the commission to establish rules and to fix just and reasonable rates and charges for public utilities.

This bill would state the intent of the Legislature that the commission assess the economic effects or consequences of its decisions as part of each ratemaking, rulemaking, or other proceeding, and that this assessment is to be accomplished using existing resources and within existing structures. The bill would prohibit the commission from establishing a separate office or department for the purpose of evaluating economic development consequences of commission activities.

(31) Under existing law, California personal income tax returns may be filed electronically.

This bill would require all individual income tax returns prepared by specified income tax preparers that, during the prior calendar year, prepared more than 100 personal income tax forms, to be electronically filed in the subsequent calendar year, and each calendar year thereafter. This bill would impose a penalty on a subject income tax preparer in the amount of $50 for each personal income tax return that is not electronically filed, as provided.

(32) Existing law provides that the Department of Transportation shall have full possession and control of all state highways and all associated property and rights in property acquired for state highway purposes. Existing law authorizes the department to lease certain properties for various community service purposes.

This bill would require the department to extend, until June 30, 2028, at the existing rent, a lease for certain excess property owned by the department in an unincorporated area of Los Angeles County that is to expire on June 30, 2005.

(33) Existing law appropriates $5,000,000 to the California Commission on Improving Life Through Service, on an annual basis, for the purpose of funding grants to local and state operated Americorps and Conservation Corps programs.

This bill would instead specify that this appropriation is to the Governor's Office on Service and Volunteerism, and would suspend the appropriation from July 1, 2003, to June 30, 2006, inclusive.

(34) Existing provisions of the 2000 Budget Act appropriated a specified amount to The Wall—Las Memorias Project.

This bill would reappropriate the balance of that appropriation and make it available for expenditure and encumbrance until June 30, 2004.

(35) Existing law, in the annual state Budget Act and otherwise, provides for appropriations for state agencies.

This bill would authorize the Director of Finance to reduce or reallocate appropriations within a state agency with respect to appropriations for the 2003–04 fiscal year, in certain circumstances, and would require the director to provide the chairs of specified committees of the Legislature with notice 30 days prior to any reduction or reallocation.

(36) The bill would make findings and declarations and state the intent of the Legislature that the Department of Finance, in assisting the Governor in preparing the 2004–05 State Budget, not include funding for specified purposes.

(37) Existing law establishes the California Public Employees' Retirement System and provides for the procedures by which the system is funded.

This bill would provide that the state's July 1, 2003, payment shall be considered an expenditure in the 2002–03 fiscal year.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(38) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 229 (AB 1757) Committee on Budget. State agencies.

(1) Existing law establishes the Technology, Trade, and Commerce Agency and prescribes the duties of the Secretary of Technology, Trade, and Commerce.

This bill would abolish the Technology, Trade, and Commerce Agency, and would transfer specified duties of that agency to other state agencies as follows:

(a) The Business, Transportation and Housing Agency would assume the duties under the Small Business Loan Guarantee Loan Program, the California Tourism Marketing Act, the Manufacturing Technology Program, and the Infrastructure and Economic Development Bank. The Secretary of Business, Transportation and Housing also would be authorized to accept private donations for the purposes of promoting international trade and investment for deposit into the Economic Development and Trade Promotion Account in the Special Deposit Fund and would be charged with contracting for the establishment of an international trade and investment office in Yerevan, in the Republic of Armenia.

(b) The Department of Housing and Community Development would assume the duties under the California Defense Retention and Conversion Act of 1999.

(c) The State Water Resources Control Board would be authorized to expend specified interest earnings that are necessary to support the administrative costs associated with the collection of outstanding loan amounts made to persons to upgrade, replace, or remove petroleum underground storage tanks. The repayment of outstanding loans as of January 1, 2004, would be due and payable to the State Water Resources Control Board.

(2) Existing law establishes the Office of Criminal Justice Planning, vests the office with specified powers and authority, and imposes upon the office various obligations and duties.

This bill would abolish the Office of Criminal Justice Planning, and instead provide that the powers, authority, duties and obligations of that office would be transferred to and assumed by an agency or agencies designated by the Director of Finance, as specified. This bill would make other conforming changes.

Ch. 230 (AB 1762) Committee on Budget. Health.

Existing law establishes a Restitution Fund to assist residents of the state in obtaining compensation for certain injuries suffered by victims of crime and derivative victims, as defined.

Existing law requires that the Governor's Budget specify the estimated amount in the Restitution Fund that is in excess of the amount needed to pay claims against the Restitution Fund and administer the program. It authorizes use of moneys appropriated in the annual Budget Act in accordance with this provision to be used to fund programs and activities operated by the State Department of Mental Health that address the problem of unequal protection for, and unequal services to, crime victims with disabilities, as specified.

This bill would repeal this authorization and the related Governor's Budget requirements.

Existing law creates the continuously appropriated Medical Providers Interim Payment Fund, for the purposes of paying Medi-Cal providers, providers of drug-treatment services for persons infected with HIV, and providers of services for the developmentally disabled, during any portion of a fiscal year, prior to September 1 of that year, in which a budget has not yet been enacted, and would appropriate, for each fiscal year in which these payments were necessary, up to $1,000,000,000 from the General Fund, in the form of loans, and $1,000,000,000 from the Federal Trust Fund to the Medical Providers Interim Payment Fund.

This bill would revise the application of that provision to also permit payments from the fund to the providers described above during the period in which Medi-Cal has a deficiency, thus constituting an appropriation.

Existing law provides for the licensing and regulation of health facilities by the State Department of Health Services. A violation of those provisions is a misdemeanor.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law sets forth the licensing and renewal fee to be charged certain health facilities, as defined. The annual fee is waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, by the Regents of the University of California, or by a local hospital district, city, county, or city and county. Existing law requires that the fees be adjusted annually, as directed by the Legislature in the annual Budget Act. Existing law requires that the methodology and calculations used to determine the fee amounts result in fee levels in an amount sufficient to provide revenues equal to the sum of various expenditures.

This bill would revise these licensing and renewal fee provisions. The bill would require, if the Budget Act provides for expenditures that differ by 5% from the Governor's proposed budget, the Department of Finance to adjust the fees to reflect that difference and to instruct the State Department of Health Services to publish those fees as prescribed. By increasing health facility requirements, this bill would change the definition of a crime, and would result in a state-mandated local program.

This bill would require that, as a condition of participation in the Medi-Cal program, there be imposed a quality assurance fee on certain intermediate care facilities. The bill would require that the fee shall be placed in the General Fund and allocated to intermediate care facilities to support their quality improvement efforts, and distributed to each facility based on the number of Medi-Cal patients at the eligible facility. The bill would require the department to seek federal approval for the implementation of the fee. By increasing health facility requirements, this bill would change the definition of a crime, and would result in a state-mandated local program.

Existing law, until January 1, 2007, requires each health facility owned and operated by the state offering care or services within the scope of practice of a psychologist to establish rules and medical staff bylaws that include provisions for medical staff membership and clinical privileges for clinical psychologists within the scope of their licensure as psychologists, subject to any rules and medical staff bylaws governing medical staff membership or privileges the facility shall establish. Existing law requires, among other things, that the rules and medical staff bylaws of the health facility not discriminate on the basis of whether the staff member holds an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology, within the scope of the member's respective licensure.

Existing law further provides that on January 1, 2007, provisions that relate to staff privileges for clinical psychologists, that do not contain the above requirements, shall become operative.

This bill would delete the January 1, 2007, repeal date for the above requirements, thereby extending the operation of these provisions indefinitely. It would also repeal the new provisions that would take effect on January 1, 2007. Because this bill would extend criminal penalties for violation of these provisions past the January 1, 2007, repeal date, this bill would create a state-mandated local program.

Existing law provides that an appropriation is available for encumbrance during the period specified therein, or, if not otherwise limited by law, for 3 years after the date upon which it first became available for encumbrance. Subdivision (a) of Section 2.00 of the Budget Act of 2002 provides that appropriations in the act, unless otherwise provided, are appropriated for the use and support of the state for the 2002–03 fiscal year.

Existing law provides for a Cancer Research Program administered by the State Department of Health Services. Existing law prohibits the department, in awarding grants under this program, from encumbering money allocated in any fiscal year other than the fiscal year in which the appropriation was made.

This bill would provide that, notwithstanding any other provision of law, commencing with the appropriation for the 2002–03 fiscal year, and for each fiscal year thereafter, the amount appropriated to the department for the Cancer Research Program is available for that program, for encumbrance for one fiscal year beyond the year of appropriation, and for

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

expenditure for 3 fiscal years beyond the year of encumbrance, thereby making an appropriation.

Existing law provides for a tobacco use prevention program under which grants are awarded and administered by the State Department of Health Services and the State Department of Education for projects directed at the prevention of tobacco-related diseases and tobacco use.

Existing law requires the State Department of Health Services to annually set aside a certain amount appropriated for the competitive grants programs established under these provisions to support designated media campaign efforts.

This bill, instead, would authorize the department to make that annual set-aside. The bill would also provide that, commencing with the appropriation for the 2002–03 fiscal year, and for each fiscal year thereafter, any amount appropriated to the department to implement designated tobacco use programs shall be available for encumbrance and expenditure for 3 fiscal years beyond the date of the appropriation, thereby making an appropriation.

Under existing law, states' attorneys general and various tobacco product manufacturers have entered into a Master Settlement Agreement, in settlement of various lawsuits, that provides for the allocation of money to the states and certain territories. The state has entered into a memorandum of understanding providing for the allocation of the state's share of moneys to be received under the Master Settlement Agreement among the state and counties and certain cities in the state.

Existing law establishes the Tobacco Settlement Fund in the State Treasury and requires that designated amounts of the state's share of funds received under the Master Settlement Agreement be deposited in the fund. Existing law authorizes an annual transfer from the General Fund to the Tobacco Settlement Fund of not to exceed $250,000,000, out of funds not otherwise appropriated, as a loan to cover appropriations from the fund when moneys from the agreement have not been received by the state.

This bill would decrease the maximum amount that may be transferred and loaned under this provision from $250,000,000 to $100,000,000.

Existing law provides, to the extent that state and federal funds are appropriated in the annual Budget Act, for the establishment and administration of a program to provide drug treatments to persons infected with human immunodeficiency virus (HIV), the etiologic agent of acquired immunodeficiency syndrome (AIDS).

This bill would provide that if the Director of Health Services makes a formal determination that, in any fiscal year, funds appropriated for the program will be insufficient to provide all of those drug treatments to existing eligible persons for the fiscal year and that a suspension of the implementation of the program is necessary, the director may suspend eligibility determinations and enrollment for the period of time necessary to meet the needs of existing eligible persons in the program.

This bill would also authorize the Director of the Office of AIDS to provide funding for the coverage of therapeutic monitoring assays for HIV disease through the State HIV Therapeutic Monitoring Program.

Existing law authorizes the department, under the Medi-Cal program, to enter into specified contracts for various products and services. Under these provisions, the department is considered the purchaser, but not the dispenser or distributor, of prescribed drugs.

This bill would provide similar authority to the department under the Genetically Handicapped Person's Program and the California Children's Services Program, with respect to factor replacement therapies and various product-type health care services and laboratory services.

Existing law requires the State Department of Health Services to grant funds for up to 3 years per grant, to eligible private, nonprofit, community-based primary care clinics for the purpose of establishing and maintaining a health services program for seasonal agricultural and migratory workers and their families and specified rural health services and development projects.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require that the grants shall be for a minimum of 3 years, and would make the application of the grant extension retroactive to funds appropriated in the 2002 Budget Act.

This bill would authorize the department to pay any grantee whose grant expired on June 30, 2003, until June 30, 2004, as if the grant had been extended, provided that funds are appropriated for this purpose in the Budget Act of 2003 and the grantee agrees in writing to expend the money as if the grant had been extended.

Unless otherwise specified, funds appropriated in the Budget Act are available for expenditure in the year for which the Budget Act is enacted. By extending the period of the grants for which funds have been appropriated, this bill would result in an appropriation.

Existing law requires that all health facilities, except those owned and operated by the state, be charged each year a designated fee established in accordance with certain requirements, by the Office of Statewide Health Planning and Development to pay for certain functions required to be performed by the office. Existing law authorizes the State Department of Health Services to expend $200,000 of the fees collected pursuant to this provision for use in the 2002–03 fiscal year for data collection on, analysis of, and reporting on, maternal and perinatal outcomes, if funds are appropriated in the Budget Act for that purpose.

This bill would delete reference to the 2002–03 fiscal year, thereby extending indefinitely the authority to expend $200,000 of the fees collected as described above.

Existing law establishes the Healthy Families Program, administered by the Managed Risk Medical Insurance Board, to arrange for the provision of health, dental, and vision services to eligible children pursuant to a federal program, entitled the State Children's Health Insurance Program. Eligibility requirements include being a child in a family with a household income equal to or less than 200% of the federal poverty level.

This bill would, as an alternative to this eligibility requirement, provide eligibility, as prescribed, for a child under the age of 2 years delivered by a mother enrolled in the Access for Infants and Mothers Program. The bill would provide that a child eligible under this provision shall be deemed eligible at birth, and would provide that these provisions may only be implemented to the extent funds are appropriated in the annual Budget Act or other statute.

Existing law authorizes the board to, among other things, determine the requirements of health, dental, and vision plans that participate in the Healthy Families Program.

This bill would provide that, notwithstanding any other provision of law, the rates for these plans, in effect on July 1, 2003, shall remain in effect through June 30, 2005.

Existing law, until July 1, 2003, authorizes the department, in conjunction with the Managed Risk Medical Insurance Board, the County Medical Services Program Board, and the Rural Health Policy Council, to develop and administer up to 5 demonstration projects in rural areas that are likely to contain a significant level of uninsured children, including seasonal and migratory worker dependents.

This bill would delete the July 1, 2003, inoperative date, thereby extending the operation of this provision indefinitely.

Existing law establishes the Medi-Cal-to-Healthy Families Bridge Benefits Program to provide any child who meets certain criteria with 2 months of health care benefits in order to provide the child with an opportunity to apply for the Healthy Families Program.

This bill would decrease the health care benefits under this provision from 2 months to one month, and would restore the benefits to a 2-month period commencing on the implementation of the Healthy Families Program waiver required to be sought from the federal government, under existing law.

Existing law specifies that the provisions establishing the Healthy Families Program shall be repealed on January 1, 2004.

This bill would repeal this provision, thereby extending the Healthy Families Program indefinitely.

Existing law creates the Healthy Families Fund, which is continuously appropriated to the board for the purposes of funding the Healthy Families Program. Because this bill would

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

continue expenditures from this continuously appropriated fund by extending the Healthy Families Program indefinitely, this bill would make an appropriation.

Existing law establishes the Access for Infants and Mothers (AIM) Program, administered by the Managed Risk Medical Insurance Board.

Existing law requires the board to contract with a variety of health plans and types of health care service delivery systems in order to offer subscribers a choice of plans, providers, and types of service delivery and to negotiate or arrange for stop-loss insurance coverage.

This bill, instead, would authorize the board to perform these activities.

Existing law provides that participating health plans contracting with the board under the AIM Program are required to provide benefits and coverage only as determined by the board pursuant to its authority and exempts these plans from complying with certain other provisions.

This bill would delete the exemption provided for participating health plans contracting with the board.

Existing law establishes the Major Risk Medical Insurance Board Access for Infants and Mothers Advisory Panel to advise the board on all policies, regulations, operations, and implementation of the AIM Program.

This bill would change the name of the panel to the Managed Risk Medical Insurance Board Access for Infants and Mothers Advisory Panel.

Existing law provides that a person is not eligible to participate in the AIM Program if the person is a Medi-Cal or Medicare beneficiary at the time of application.

This bill would, instead, provide that a person is not eligible to participate in the AIM Program if the person is eligible for Medi-Cal without a share of cost or Medicare at the time of application.

Existing law authorizes coverage under the AIM Program for any of a subscriber's children at a monthly premium sufficient to fully cover the cost of coverage for these children, as determined by the board. Existing law provides a minimum coverage to AIM Program subscribers during one pregnancy, and for 60 days thereafter, and to children less than 2 years of age who were born of a pregnancy covered under the program.

This bill would limit the coverage of the latter category to children less than 2 years of age who were born of a pregnancy covered under the program to a woman enrolled in the program before July 1, 2004. This bill would delete the provision authorizing coverage for any of a subscriber's children, as prescribed.

Existing law creates the Children's Health Initiative Matching Fund in the State Treasury, which is administered by the Managed Risk Medical Insurance Board, in collaboration with the State Department of Health Services, for the purpose of providing matching state funds and local funds received by the fund through intergovernmental transfers to a county agency, a local initiative, or a county organized health system to provide health insurance coverage to certain children in low-income households who do not qualify for health care benefits through the Healthy Families Program or Medi-Cal. Existing law, the California Public Records Act, exempts certain records and information from being disclosed.

This bill would instead create the County Health Initiative Matching Fund in the State Treasury for those purposes. The bill would authorize the board to enter into contracts and to issue rules and regulations on an emergency basis. The bill would require the Governor to apply for waivers or file state plan amendments in order to obtain federal financial participation for specified projects. The bill would exempt records of the board related to the fund from disclosure. The bill would make related changes.

Existing law establishes procedures for making an application for the release of a person who has been committed to a state hospital or other treatment facility upon the ground that sanity has been restored.

This bill would specify that any person to whom those procedures apply and who petitions or is recommended for restoration of sanity may not be placed in a forensic conditional release program for one year, and a finding of restoration of sanity may be made without the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

person being in a forensic conditional release program for one year. The bill would also provide that if a finding of restoration of sanity is made, the person shall be transferred to the custody of the California Department of Corrections to serve the term of imprisonment remaining or shall be transferred to the appropriate court for imposition of the sentence that is pending, whichever is applicable.

Existing law contains provisions relating to the setting of reimbursement rates for community treatment facilities, as defined.

Existing law authorizes up to 400 community treatment facility beds statewide pursuant to the above provisions of law, and anticipates a phased-in implementation of community treatment facilities, with an average monthly community treatment facility caseload, by fiscal year, as specified.

This bill would increase that community treatment facility caseload number to 175 for the 2003–04 fiscal year.

Existing law requires the State Department of Developmental Services to contract, for a maximum contract term of 3 years, with a nonprofit agency or agencies to provide clients' rights advocacy services.

This bill would extend the maximum contract term to 5 years.

Under the Lanterman Developmental Disabilities Services Act, administered by the State Department of Developmental Services, services are provided to persons with developmental disabilities.

This bill would define "substantial disability" for purposes of the act. It would provide that any reassessment of substantial disability, for purposes of continuing eligibility, shall utilize the same criteria under which the individual was originally made eligible.

Existing law requires the State Department of Developmental Services to enter into contracts with nonprofit entities to operate regional centers for the provision of services and supports to persons with developmental disabilities.

This bill would require the department, after consultation with stakeholder groups, to develop a system of enrollment fees, copayments, or both, to be assessed against the parents of each child between the ages of 3 and 17 years, who lives in the parent's home and receives services purchased through a regional center.

The bill would also require the department, after consultation with stakeholder groups to submit a detailed plan that meets certain criteria to the Legislature, on or before April 1, 2004, for implementing a parental copayment system applicable to certain families who have children receiving services purchased through a regional center, and would prohibit the plan from being implemented without subsequent statutory authorization by the Legislature.

Existing law requires, until July 1, 2004, the State Department of Developmental Services to determine the amount of unallocated reduction that each regional center shall make in its purchase-of-service budget, and requires each regional center to take specified actions upon the department's determination.

This bill would extend this provision to July 1, 2005.

Existing law requires that regional centers contracting with the State Department of Developmental Services to provide services for certain adults with developmental disabilities shall be required to establish specified service coordinator-to-consumer ratios. To ensure that caseload ratios are maintained under this provision, each regional center is required to provide services coordinator caseload data that includes certain information to the department in September and March of each fiscal year.

This bill would revise the service coordinator-to-consumer ratios, as prescribed. The bill would also require that the services coordinator caseload data be provided, instead, annually in each fiscal year and would revise the information that the data is required to include.

Existing law provides for initial intake and assessment services by regional centers to determine the level of service for which an applicant is eligible, and requires that, if assessment is needed, it shall be performed within a certain time period. If assessment is

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

needed, prior to July 1, 2003, the assessment is required to be performed within 120 days following initial intake.

This bill would extend that date to July 1, 2004.

Existing law requires the Director of Developmental Services to establish a process for setting rates or establish rates of state payment for various services purchased by regional centers.

The bill would prohibit a regional center, during the 2003–04 fiscal year, from approving any service level for a residential service provider if the approval would result in an increase in the rate to be paid to the provider that is greater than the rate that is in effect on or after June 30, 2003, unless certain conditions are met.

The bill would also prohibit, for the 2003–04 fiscal year, a regional center from paying providers of certain services reimbursement rates that exceed the rates in effect on June 30, 2003, except under specified circumstances.

The bill would also prohibit the department, during the 2003–04 fiscal year, from establishing any permanent payment rate for a community-based day program or in-home respite service agency provider that has a temporary payment rate in effect on June 30, 2003, if the rate would be greater than the rate in effect on June 30, 2003, except under specified circumstances.

Existing law, until January 1, 2004, requires the State Department of Developmental Services to conduct a pilot project under which funds are allocated for local self-determination pilot programs that will enhance the ability of a consumer and his or her family to control the decisions and resources required to meet all or some of the objectives in his or her individual program plan. Under these provisions, the department is required to allocate funds for pilot programs in 3 regional center catchment areas and, to the extent possible, test a variety of mechanisms provided for in existing law.

This bill would delete the January 1, 2004, repeal date, thereby extending the operation of this provision indefinitely. This bill would, instead, require the department to allow the continuation of the existing pilot project in 5 specified regional center catchment areas and to expand the pilot project to other regional center catchment areas when consistent with federal approval of a self-determination waiver.

Existing law also provides that for the 2002–03 fiscal year only, a regional center may not expend any purchase of service funds for the startup of any new program unless the expenditure is necessary to protect the consumer's health or safety or because of other extraordinary circumstances, and the department has granted prior written authorization for the expenditure, with certain exceptions.

This bill would extend that limitation to include the 2003–04 fiscal year.

The federal medicaid program provides for federal financial participation for state medical assistance programs that meet federal standards. This state's version of the medicaid program is known as the California Medical Assistance Program, or the Medi-Cal program.

Federal law permits the payment of federal medicaid funds to participating states for benefits provided to recipients by, among other methods, enrollment in managed care plans, including mental health plans.

Existing law requires the State Department of Mental Health to implement mental health managed care services for Medi-Cal beneficiaries. Existing law requires the department to adopt emergency regulations to implement provisions relating to sanctions that the department may impose under these provisions.

This bill would delete those provisions regarding emergency regulations, and would specify that certain emergency regulations would remain in effect only until July 1, 2004, unless made permanent by the department.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, the state is required to provide an additional 12-month period of transitional Medi-Cal eligibility to persons aged 19 years and older who have received 12 months of transitional Medi-Cal eligibility and who continue to meet specified transitional Medi-Cal eligibility requirements.

This bill would terminate these benefits on October 1, 2003, but would provide that persons receiving these benefits on September 30, 2003, shall be provided with notice of this termination and have their Medi-Cal eligibility redetermined.

By requiring each county to redetermine the Medi-Cal eligibility of certain Medi-Cal recipients, the bill would create a state-mandated local program.

Existing law requires the department to develop an electronic application to serve as the application for preenrollment into the Medi-Cal program or the Healthy Families Program and to also serve as an application for the Child Health and Disability Prevention program.

This bill would authorize the department to also use the electronic application developed pursuant to these provisions as a means to enroll newborns into the Medi-Cal program.

Existing law provides that the beneficiary or any person on behalf of the beneficiary who has paid for health care services otherwise covered by the Medi-Cal program received by the beneficiary shall be entitled to a return from the provider of any part of the payment that is paid to the provider in certain circumstances where the services were rendered prior to the receipt of the beneficiary's Medi-Cal card and was reimbursed to the provider by the Medi-Cal program, as specified.

This bill would limit that requirement to medically necessary health care services. It would apply, instead, to certain circumstances where the services were rendered during the 90-day period prior to the beneficiary's application for his or her Medi-Cal card or after application for, but prior to receipt of the Medi-Cal card. It would require the department to ensure payment to a beneficiary by a provider, and would specify enforcement action the department shall take if the provider fails to or refuses to reimburse the beneficiary.

Existing law authorizes the department, by regulation, to adopt measures to prevent or curtail Medi-Cal fraud and abuse.

This bill would authorize the department to limit, for 18 months or less, the codes for which any provider may bill, or for which reimbursement to any person or entity may be made by, the Medi-Cal program or other health care programs administered by the department if the department determines that excessive services or billings, or abuse, has occurred or a health professional is precluded, by the imposition of certain limitations, from performing services reimbursed by the Medi-Cal program or other health care programs administered by the department.

Existing law authorizes the department to prescribe the policies for the administration of the Medi-Cal program and limit the rates of payment for health care services, consistent with state law.

This bill would require, commencing January 1, 2004, and until January 1, 2007, Medi-Cal payments and payments under other specified programs for certain services to be reduced by 5%.

Existing law requires the department to implement a facility-specific ratesetting system by August 1, 2004, subject to federal approval, that reflects the cost and staffing levels associated with quality of care for residents in nursing facilities.

This bill would, instead, require the department to implement this system by August 1, 2005.

The bill would also specify that, to the extent consistent with federal law, Medi-Cal reimbursement rates in effect on August 1, 2003, for specified nursing facility providers, subacute care programs, and adult day health care centers shall remain in effect through July 31, 2005.

This bill would require the department to establish a list of covered services and maximum allowable reimbursement rates for prosthetic and orthotic appliances and durable medical equipment and publish the list in provider manuals. The bill would require the repeal of

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

related nonconforming regulations. It would also authorize the department to implement utilization controls through the establishment of guidelines, protocols, algorithms, or criteria for medical equipment, and enteral formulas, and to publish this information in the pharmacy and medical provider manuals.

This bill would require the department to establish a list of hearing aids and hearing aid accessories, and determine the maximum allowable product cost for each hearing aid product provided as a benefit under the Medi-Cal program. It would also require the department to establish capped rental reimbursement for specific items of durable medical equipment covered under the Medi-Cal program, in accordance with specified requirements.

This bill would prohibit an assistive device and sickroom supply dealer from billing the Medi-Cal program for prosthetic and orthotic appliances, and would prohibit a pharmacy from doing so unless the pharmacy is certified by the National Community of Pharmacists Association and the appliances have been approved by the department.

This bill would specify the maximum reimbursement for clinical laboratory or laboratory services, durable medical equipment, certain prosthetic and orthotic appliances, and blood factors.

Existing law establishes a schedule of benefits that may be provided under the Medi-Cal program.

This bill would require the department to apply for a waiver of federal law to test the efficacy of providing a disease management benefit to specified beneficiaries under the Medi-Cal program.

Existing law provides for the payment of providers under the Medi-Cal program.

Under existing law, specified dental services are included as covered benefits under the Medi-Cal program, subject to utilization controls.

Existing law provides that the department shall require documentation on claims to establish the necessity for dental restorations.

This bill would, instead, specify that the department shall require, under specified circumstances, pretreatment radiograph documentation on posttreatment claims for dental restorations.

Existing law establishes the Health Care Deposit Fund, as an appropriated fund, from which are made expenditures of state, county, and federal funds for health care and administration under the Medi-Cal program.

This bill would provide that, commencing with the 2004–05 fiscal year, expenditures for Medi-Cal services and for state and county administration costs included in the department's budget shall be charged against the appropriation for the fiscal year in which the billing is paid. The bill would also provide that, commencing July 1, 2004, all 2002–03 fiscal year and prior accrued obligations of the Health Care Deposit Fund shall become obligations of the 2004–05 fiscal year and all moneys available from the 2002–03 fiscal year and prior appropriations shall be reappropriated for the 2004–05 fiscal year for that purpose.

Existing law authorizes the Director of Health Services to enter into contracts with managed care plans to provide services under the Medi-Cal program.

This bill would authorize the State Department of Health Services to impose, annually, a quality improvement fee on the capitation payments paid to a Medi-Cal managed care plan, with the fees to be used to provide capitation rate increases for Medi-Cal managed care plan's quality improvement. This provision would only be implemented if approval for federal financial participation is obtained.

Existing law provides for the development of Medi-Cal mental health plans and requires the State Department of Mental Health to ensure that these plans contain certain processes and components.

This bill would require the department to establish a process for second level treatment authorization request appeals to review and resolve disputes between mental health plans and hospitals.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The Medi-Cal program is partially governed and funded pursuant to the federal medicaid program.

Pursuant to an inoperative provision that is repealed on January 1, 2007, the department is required, upon federal approval of a medicaid state plan amendment, to provide a supplemental rate adjustment to the Medi-Cal reimbursement rate for specific nursing facilities, intermediate care facilities/developmentally disabled, intermediate care facilities/developmentally disabled-habilitative, intermediate care facilities/developmentally disabled-nursing, and pediatric subacute units which have a collectively bargained contract or a comparable legally binding, written commitment to increase salaries, wages, or benefits for nonmanagerial, nonadministrative, and noncontract staff.

This bill would, instead, express the intent of the Legislature that this provision be implemented immediately, and would require the department, for the period commencing February 1, 2002, to July 31, 2004, inclusive, to pay any supplemental rate adjustment permitted under this provision to the extent that a facility submits a rate adjustment request in accordance with specified requirements and the request is approved by the department.

This bill would specify that amounts appropriated in the 2003 Budget Act for purposes of this provision may be expended for supplemental rate adjustments relating to periods in the 2002–03 fiscal year.

This bill would make these provisions inoperative on August 1, 2004.

Existing law requires the department to establish and maintain a plan whereby costs for county administration of the determination of eligibility for benefits under the Medi-Cal program will be effectively controlled within the amounts annually appropriated for that administration.

Existing law requires counties, in administering the Medi-Cal eligibility process, to meet certain performance standards, including the performance of timely annual redeterminations, and requires that 90% of the annual redeterminations be commenced by the anniversary date.

This bill, instead, would require that 90% of the annual redetermination forms be mailed to the beneficiary by the anniversary date.

Existing law provides for the payment of providers under the Medi-Cal program.

Existing law establishes the Health Care Deposit Fund, as an appropriated fund, from which are made expenditures of state, county, and federal funds for health care and administration under the Medi-Cal program.

This bill would provide that, commencing with the 2004–05 fiscal year, expenditures for Medi-Cal services and for state and county administration costs included in the department's budget shall be charged against the appropriation for the fiscal year in which the billing is paid. The bill would also provide that, commencing July 1, 2004, all 2002–03 fiscal year and prior accrued obligations of the Health Care Deposit Fund shall become obligations of the 2004–05 fiscal year and all moneys available from the 2002–03 fiscal year and prior appropriations shall be reappropriated for the 2004–05 fiscal year for that purpose.

Existing law authorizes the Director of Health Services to enter into contracts with managed care plans to provide services under the Medi-Cal program.

This bill would authorize the State Department of Health Services to impose, annually, a quality improvement fee on the capitation payments paid to a Medi-Cal managed care plan, with the fees to be used to provide capitation rate increases for Medi-Cal managed care plan's quality improvement. This provision would only be implemented if approval for federal financial participation is obtained.

Existing law provides for the development of Medi-Cal mental health plans and requires the State Department of Mental Health to ensure that these plans contain certain processes and components.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require the department to establish a process for second level treatment authorization request appeals to review and resolve disputes between mental health plans and hospitals.

Existing law provides that the board of supervisors of a county that contracted with the State Department of Health Services pursuant to a specified provision of law during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program for state administration of health care services to eligible persons in the county.

This bill would revise, for the 2003–04 fiscal year, state and counties financial responsibilities for certain increases in costs in the County Medical Services Program.

This bill would reallocate certain amounts appropriated in the Budget Act of 2003 from the Cigarette and Tobacco Products Surtax Fund.

This bill would authorize the Managed Risk Medical Insurance Board to adopt emergency regulations to implement various provisions of the bill.

This bill would prohibit the State Department of Health Services from implementing limits on laboratory services as prescribed.

This bill would require the State Department of Health Services to require contractors and grantees under the Office of Family Planning, Male Involvement Program, and Information and Education Program, to establish, as prescribed, a clinical service linkage to the Family PACT Waiver Program.

The bill would authorize the State Department of Health Services to adopt emergency regulations to implement applicable provisions of the bill.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 231 (AB 1768) Committee on Budget. Local government: vehicle license fees.

The Vehicle License Fee (VLF) Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. The VLF Law offsets this amount by 67.5% for vehicle license fees with a final due date on or after July 1, 2001. Existing law requires the Controller, upon receipt of monthly notification from the Department of Motor Vehicles, to transfer into specified funds in the General Fund, an amount equal to the moneys received as payment of the vehicle license fees plus those amounts necessary to reimburse local governments for losses resulting from the vehicle license fee offset.

Existing law requires the VLF offsets to be proportionately reduced within 90 days of a finding that there are insufficient moneys available to be transferred from the General Fund to fully fund the vehicle license fee offsets.

This bill would require the Controller, no later than August 15, 2006, to transfer into a specified account, an amount equal to those amounts of moneys that would have been transferred into that account to reimburse local governments for the losses during the 2003–04 fiscal year, but for a finding that insufficient moneys are available to be transferred

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

from the General Fund to fully fund the vehicle license fee offsets. This bill would require the transferred moneys to be allocated from that account in the manner otherwise specified by law.

This bill would also authorize the Controller, with the approval of the Department of Finance, to advance to any county or city that entity's share of the vehicle license fee revenues that the entity would have received, but for the finding that insufficient moneys are available to be transferred from the General Fund, if that entity is able to demonstrate that it will experience a hardship, as defined, if the advance is not made.

This bill would declare that the obligation to make these transfers constitutes an obligation that may not be extinguished or disregarded.

Ch. 232 (SB 95) Alpert. Claims against the state: appropriation.

Existing law requires the California Victim Compensation and Government Claims Board to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate $1,288,372.67, from various specified funds to the Executive Officer of the California Victim Compensation and Government Claims Board to pay claims accepted by the board in accordance with a schedule that identifies the funds and accounts from which the payments are to be made.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 233 (SB 110) Margett. Public contracts: contract specifications.

Existing law provides that a state agency, political subdivision, municipal corporation, district, or public officer responsible for letting public works contracts may not draft bid specifications in a manner that limits the bidding to any one concern or product, except under certain circumstances. Existing law authorizes a bid specification of a certain product if the awarding authority makes a finding that a particular material or service is designated by a brand or trade name, either to make a field test or to match a material or service in use on a particular public improvement.

This bill would also authorize a bid specification of a certain product if the awarding authority makes a finding that a particular material or service is designated by a brand or trade name in order to obtain a necessary item that is only available from one source or to respond to a local or state declared emergency.

This bill would declare that the changes made by this bill codify existing California case law.

Ch. 234 (SB 252) Alpert. Healing arts.

Existing law, the Medical Practice Act, defines the term "medical assistant" and sets forth the scope of services a medical assistant is authorized to perform, including a clinical laboratory test or examination under specified circumstances.

This bill would specify that this provision governing medical assistants does not authorize a medical assistant to perform a clinical laboratory test or examination and does not authorize a nurse practitioner, nurse-midwife, or physician assistant to be a laboratory director of a clinical laboratory.

Ch. 235 (SB 283) Sher. Commercial law: secured transactions.

Existing provisions of the Uniform Commercial Code govern security interests in personal property and fixtures, as well as certain sales of accounts, contract rights, and chattel paper, and specifies when those security interests are perfected.

This bill would revise various definitions relative to secured transactions and would provide that the sale by an individual of an account that is a right to payment of winnings in a lottery or other game of chance is a security interest that is perfected when it attaches. The bill would make other related changes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 236 (SB 565) Florez. Agriculture: San Joaquin Valley cotton district.

Existing law provides that any person who has cottonseed delinted, as defined, for planting purposes under specified provisions relating to the San Joaquin Valley cotton district, shall annually pay to the Secretary of Food and Agriculture an assessment in an amount not to exceed $4 per hundredweight. This assessment is to be used exclusively for enforcement of these specified provisions and for the San Joaquin Valley Cotton Board functions, including cotton variety testing and related administrative expenses.

This bill would increase the assessment to not exceed $6 per hundredweight. These assessments would be deposited into the Department of Food and Agriculture Fund, and are continuously appropriated to the department for the purposes for which they are collected. Therefore, this bill would make an appropriation by increasing the money in a continuously appropriated fund.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 237 (SB 674) Aanestad. Four-day school week.

Existing law authorizes the Pacific Unified School District and the Leggett Valley Unified School District to operate one or more schools in their districts on a 4-day school week, so long as the district complies with specified requirements, including, instructional time requirements.

This bill would authorize the Reeds Creek Elementary School District to operate one or more schools in the district on a 4-day school week.

The bill would, in addition, provide that a school district with an exclusive bargaining representative may only operate a school on a 4-day school week if the district and the representative of each bargaining unit of district employees mutually agree to that operation in a memorandum of understanding.

The bill would declare that, due to the unique circumstances regarding the Reeds Creek Elementary School District, a general statute within the meaning of specified provisions of the California Constitution cannot be made applicable and a special statute is necessary.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 238 (SB 877) Hollingsworth. Criminal procedure: discovery.

Existing law, added by initiative statute, controls discovery obligations in criminal cases. In particular, existing law requires the prosecuting attorney and the attorney for the defendant to disclose to each other specified materials and information in his or her possession, or known to be in the possession of investigators, including, among other things, relevant real evidence seized or obtained as a part of the investigation of the offenses charged. This initiative measure also forbids attorneys, their employees, and others appointed by the court to disclose the addresses or telephone numbers of victims and witnesses in a criminal case to a defendant, the defendant's family, or any other person except as required to assist in the preparation of the defendant's case.

This bill would forbid the disclosure of copies of child pornography evidence by an attorney to a defendant, members of a defendant's family, or anyone else, except for the attorney's employees or court appointees if required for preparation of the case. The attorney would be required to inform persons provided this material that further dissemination of the material would be forbidden.

This bill would declare that it is to take effect immediately as an urgency measure.

Ch. 239 (AB 1284) Leslie. Direct transactions: cost responsibility surcharges.

Under existing law, the Public Utilities Commission regulates electrical corporations. The Public Utilities Act requires the commission to authorize direct transactions between electricity suppliers and retail end-use customers. However, other existing law suspends the right of retail end-use customers to acquire service from certain electricity suppliers after a period of time to be determined by the commission until the Department of Water Resources

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

no longer supplies electricity under that law. Under existing law, the commission has imposed a cost responsibility surcharge on retail end-use customers that continue to receive service in a direct transaction.

This bill, until January 1, 2009, would authorize the commission, if it finds it is in the public interest and there is no feasible alternative, to defer or waive the collection of a portion of the cost responsibility surcharge otherwise applicable to a qualifying direct transaction customer, as defined, to the extent necessary to mitigate certain conditions described in an application and declaration submitted by the customer to the commission. The bill would require the commission to issue a decision on such an application on or before September 4, 2003.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 240 (AB 1747) Committee on Budget. Public resources.

(1) Under existing law, the changes in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services is used as the index to determine an annual rate of increase or decrease in the fees for hunting and fishing licenses, stamps, permits, and tags.

This bill would include other entitlements in that index.

(2) Under existing law, money in the Seismic Hazards Identification Fund, a special fund in the State Treasury, is continuously appropriated to the Division of Mines and Geology for mapping of seismic hazards in the state.

This bill would rename that fund the Strong-Motion Instrumentation and Seismic Hazards Mapping Fund. The bill would require that moneys in the fund, upon appropriation by the Legislature, be expended for seismic hazards mapping and for the strong-motion instrumentation program.

Under existing law, money in the Strong-Motion Instrumentation Special Fund in the State Treasury is continuously appropriated to the Division of Mines and Geology for the strong-motion instrumentation program.

This bill would eliminate the Strong-Motion Instrumentation Special Fund in the State Treasury and transfer money in that fund to the Strong-Motion Instrumentation and Seismic Hazards Mapping Fund.

The bill would make these provisions operative on July 1, 2004.

(3) Existing law requires cities and counties to collect a specified fee from each applicant for a building permit. The funds collected, less a certain portion of the funds that may be retained by cities and counties for specified purposes related to seismic events, are deposited in the Seismic Hazards Identification Fund or the Strong-Motion Instrumentation Special Fund according to a specified formula.

This bill instead would require that those funds, less those funds retained by a city or county, as specified, be deposited in the Strong-Motion Instrumentation and Seismic Hazards Mapping Fund for seismic hazards mapping and for the strong-motion instrumentation program.

The bill would make these provisions operative on July 1, 2004.

(4) Existing law requires that all money paid to the Treasurer pursuant to the provisions regulating the conservation of oil and gas be deposited in the General Fund.

This bill would establish the Oil, Gas, and Geothermal Administrative Fund in the State Treasury and would require that certain revenues collected under those provisions be deposited in the fund.

(5) Existing law requires the Department of Parks and Recreation to hold a public hearing within the county in which a proposed state park project is located, prior to submitting a proposal for an appropriation to acquire real property for the project through a purchase agreement, if the real property is more than $5,000,000 in value. Existing law requires the department to provide written notice of its intent to acquire the real property to the city or county, or both, having jurisdiction over the property, as early as possible in the acquisition

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

process, but not less than 90 days from the date of acquisition. If the acquisition is between $500,000 and $5,000,000, existing law authorizes a member of the city council or board of supervisors to request that the department hold a public hearing regarding the acquisition of the property. Existing law imposes similar requirements for property that is not proposed to be acquired through a purchase agreement.

This bill would require the department to additionally provide written notice of its intent to acquire the real property through a purchase agreement to the chair and vice chair of the joint legislative budget committee, the chairs of the budget subcommittees having jurisdiction over resources, the chairs of the appropriate legislative policy committees, and to the legislators within whose districts the property proposed for acquisition is located, as early as possible in the acquisition process, but not less than 90 days from the date of acquisition. Within 30 days of receiving written notice of the proposed acquisition, the bill would authorize a Member of the Legislature who has been notified, to request that the department hold a public hearing regarding the acquisition of the property.

(6) The existing Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act (urban open-space act) provides for grants to cities, counties, and districts, as defined, for purposes related to parks and recreation. The urban open-space act generally requires cities, counties, and districts receiving grants to provide matching money, as specified.

The California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 authorizes bond funds from that act to be appropriated to the Department of Parks and Recreation for grants in accordance with the urban open-space act.

This bill would provide that notwithstanding the urban open-space act's requirement of matching money, funds from the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 that are or have been appropriated on or before June 30, 2004, for the purposes of the urban open-space act do not require local matching money.

(7) Existing law requires the State Lands Commission to deposit in the General Fund all revenue, money, and remittances received by the commission, except as to revenue from school lands and other specified sources. Existing law requires that money to be used for specified purposes, including refunds, commission expenses, and payments to cities and counties. Under existing law, those provisions become operative on July 1, 2003.

This bill would, instead, make those provisions operative on July 1, 2006.

(8) Existing law, the Surface Mining and Reclamation Act of 1975, governs surface mining operations and reclamation of mined lands, and provides, among other things, for the submission of reclamation plans to, and issuance of permits by, lead agencies to persons engaging in surface mining operations. Existing law authorizes the lead agency to impose a fee upon each mining operation to cover the reasonable costs incurred in implementing certain reporting requirements of that act.

This bill would define the term "lead agency" for purposes of those reporting requirements.

(9) Existing law authorizes the money deposited in the Bosco-Keene Renewable Resources Investment Fund to be encumbered, pursuant to appropriation by the Legislature, for specified purposes relating to natural resources.

This bill would additionally allow those funds to be encumbered to regulate and oversee surface mining activities.

(10) The Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 was an initiative measure approved by the voters at the November 5, 2002, statewide general election as Proposition 50. Proposition 50, among other things, provides bond funds for acquisition of land related to protection of water supplies, coastal watersheds, and beaches.

The bill, with a certain exception, would require state agencies disbursing grants or loans pursuant to Proposition 50 to develop project solicitation and evaluation guidelines for the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

purposes of implementing Proposition 50. The bill would require each state agency, prior to finalizing the guidelines, to conduct 2 public meetings to consider public comments.

The bill would generally authorize state agencies to include in those guidelines a requirement for matching funds, as defined, except that the bill would require certain state agencies to impose matching fund requirements in accordance with certain provisions of Proposition 50, but would otherwise prohibit the imposition of matching fund requirements for the purposes of awarding a grant to assist a disadvantaged community, as defined. The bill would require state agencies that are authorized to award loans or grants financed by Proposition 50 to provide technical assistance with regard to the preparation of the applications for those loans or grants.

The bill would require the State Department of Health Services to award certain grant money available to southern California water agencies on a competitive basis for eligible projects to reduce Colorado River water use, including projects undertaken by one or more southern California water agencies and other entities.

The bill would require funds made available by Proposition 50 for the purposes of a public drinking water system security program to be appropriated to the State Department of Health Services.

The bill would require each state agency expending funds pursuant to Proposition 50 for projects, grants, or loans to report annually to the Legislature on the recipient and amount of each project, grant, or loan awarded during the previous fiscal year and the total amount awarded, categorized by project, grant, or loan, the geographic distribution of projects, grants or loans awarded, and the intended public and environmental benefit that the awards provide.

Proposition 50 also provides bond funds for competitive grants for projects to protect communities from drought, protect and improve water quality, and improve local water security by reducing dependence on imported water. Under the act, those projects may include groundwater recharge and management projects.

This bill would require the Department of Water Resources to allocate, of the funds appropriated to the department for those purposes, the sum of not less than $20,000,000 to competitive grants for groundwater management and recharge projects. The bill would require that not more than 50% of the grants be for projects in northern California. The bill would require the department, for projects in southern California, to give preference to projects outside the service area of the Metropolitan Water District of Southern California that are infill projects within one mile of established residential and commercial development.

The bill would establish various other requirements relating to the implementation of Proposition 50.

(11) Existing law requires state agencies to adopt regulations in accordance with prescribed procedures and requirements and requires the Office of Administrative Law to review adopted regulations and to make certain determinations.

This bill would exempt the adoption or revision of regulations, guidelines, or criteria that implement Proposition 50 and the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (Proposition 40) from those provisions, but would require the adoption or revision of regulations, guidelines, or criteria to be accomplished by means of a public process.

(12) This bill would designate Sugar Pine Point State Park as Ed Z'berg Sugar Pine Point State Park.

(13) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 241 (SB 1) Speier. Financial institutions: nonpublic personal information.

Existing law provides for the regulation of banks, savings associations, credit unions, and industrial loan companies by the Department of Financial Institutions and by certain federal agencies. Existing federal law, the Gramm-Leach-Bliley Act, requires financial institutions

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to provide a notice to consumers relative to the use by the financial institution of nonpublic personal information, and in that regard authorizes consumers to direct that the information not be shared with nonaffiliated third parties.

This bill would enact the California Financial Information Privacy Act, which would require a financial institution, as defined, to provide a specified written form to a consumer relative to the sharing of the consumer's nonpublic personal information, as defined. The bill would generally allow a consumer to direct the financial institution to not share the nonpublic personal information with affiliated companies or with nonaffiliated financial companies with which the financial institution has contracted to provide financial products and services, but would not restrict or prohibit the sharing of nonpublic personal information between a financial institution and its wholly owned financial institution subsidiaries or in certain other cases if both entities are regulated by the same functional regulator and are engaged in the same line of business, among other requirements. The bill would require the permission of the consumer before the financial institution could share the nonpublic personal information with other nonaffiliated companies. The bill would provide that a financial institution is not required to provide this written form to its consumers if the financial institution does not disclose any nonpublic personal information to any nonaffiliated 3rd party or to any affiliate.

This bill would provide that a financial institution shall not discriminate against or deny an otherwise qualified consumer a financial product or service because the consumer has not provided the necessary consent that would authorize the financial institution to disclose or share nonpublic personal information. The bill would require a financial institution to comply with the consumer's request regarding nonpublic personal information within 45 days of receipt of the request.

This bill would provide that a financial institution may disclose nonpublic personal information to an affiliate or a nonaffiliated 3rd party in order for it to perform certain services on behalf of the financial institution if specified requirements are met. The bill would provide other exceptions from its provisions applicable to particular situations.

This bill would provide that nonpublic personal information may be released in order to identify or locate missing children, witnesses, criminals and fugitives, parties to lawsuits, and missing heirs and that it would not change existing law regarding access by law enforcement agencies to information held by financial institutions.

This bill would also provide for disclosure of nonpublic personal information under various other specified circumstances.

This bill would provide that enactment of these provisions preempts all local agency ordinances and regulations relating to this subject.

This bill would enact other related provisions.

This bill would also provide various civil penalties for negligent, or knowing and willful violations of these provisions. The bill would become operative on July 1, 2004.

Ch. 242 (AB 634) Steinberg. Elder abuse actions: confidentiality.

The Elder Abuse and Dependent Adult Civil Protection Act, among other things, authorizes civil actions arising from abuse of elderly or dependent adults.

The Civil Discovery Act of 1986 establishes provisions relating to discovery in civil actions and in special proceedings of a civil nature.

This bill would provide that it is the policy of the state that in any civil action the factual foundation for which establishes a cause of action for a violation of the Elder Abuse and Dependent Adult Civil Protection Act, confidential settlement agreements are disfavored, and would require a showing, as specified, before a confidentiality agreement in this type of proceeding may be recognized or enforced by the court.

The bill would also provide that in any civil action the factual foundation for which establishes a cause of action for a violation of the Elder Abuse and Dependent Adult Civil Protection Act, any information that is acquired through discovery and is protected from

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

disclosure by a stipulated protective order shall remain subject to the protective order, except for information that is evidence of abuse of an elder or dependent adult, as specified.

Ch. 243 (SB 265) Kuehl. Child custody: domestic violence.

Existing law provides that it is the public policy of this state to ensure that children have frequent and continuing contact with both parents after the parents have separated or divorced, or ended their relationship, and to encourage parents to share the rights and responsibilities of child rearing, except where the contact would not be in the best interest of the child. Existing law requires the court to consider specified factors in making a determination of the best interest of the child.

However, existing law provides that, upon a finding by the court that a party seeking custody of a child has perpetrated domestic violence, there is a rebuttable presumption that an award of sole or joint custody of a child to that person is detrimental to the best interest of the child. The presumption may only be rebutted by a preponderance of the evidence. However, the presumption is not applicable in cases in which both parents are perpetrators of domestic violence. Existing law sets forth specified factors that the court is required to consider in determining whether the presumption has been overcome. The court must consider, among other factors, whether the perpetrator of domestic violence has demonstrated that giving sole or joint physical or legal custody of the child to the perpetrator is in the best interest of the child. In addition, if the perpetrator is on probation or parole, the court is required to consider whether the perpetrator is restrained by a protective order and whether he or she has complied with its terms or conditions.

This bill would revise those provisions to provide that, for purposes of determining the best interest of the child, the preference for frequent and continuing contact with both parents may not be used to rebut the presumption against the award of custody to a perpetrator of domestic violence. The bill would additionally require the court to consider, in determining whether the presumption has been overcome, whether the perpetrator is on probation or parole and whether he or she has complied with the terms and conditions of probation or parole. The bill would also require the court to consider whether the perpetrator is restrained by a protective order or restraining order, without regard to whether the perpetrator is on probation or parole, and whether the perpetrator has complied with the terms and conditions of the protective order or restraining order.

The bill would explicitly expand the scope of these provisions to apply when there is evidence that a party has been convicted of any crime against the other party that comes within the definition of domestic violence, as specified. The bill would require the court to provide each of the parties with a written copy of these provisions and to inform them of these provisions in any custody or restraining order proceeding in which a party alleges that the other party has perpetrated domestic violence.

Ch. 244 (SB 633) Ashburn. Pest control: Pierce's disease.

Existing law generally creates programs and the Pierce's Disease and Glassy-winged Sharpshooter Board in order to eradicate Pierce's disease.

This bill would make legislative findings and declarations regarding the production of grapes in California and the dangers of Pierce's disease to the table grape industry. The bill, the Table Grape Pest and Disease Control District Law, would establish a procedure for the organization, operation, and dissolution of districts to respond to, manage, and control the effects of the spread of the glassy-winged sharpshooter and Pierce's disease, and other pests that attack table grapevines, and to collect and disseminate to table grape producers in the district all relevant information and scientific studies concerning the pest or pests, as well as to chart and determine the extent and location of any infestations. The bill would set forth a procedure for the formation, consolidation, reauthorization, and dissolution of the districts, and would provide for their powers and duties, including the power to make assessments for the purposes of the district. The bill would provide for fees to reimburse the county for costs.

NOTE: Superior numbers appear as a separate section at the end of the digests.

By imposing additional duties on county entities, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 245 (AB 1098) Garcia. Sex offenders.

Existing law requires any person released on probation or parole for commission of a sexual offense the commission of which requires him or her to register as a sex offender to read and sign a form stating that the duty to register has been explained to him or her, as specified. Existing law requires every parolee who is required to register as a sex offender to provide proof of registration to his or her parole agent within 6 working days of release on parole and proof of any revision or annual update to his or her registration information to his or her parole agent at their next scheduled supervision appointment.

This bill would require, in addition, that every person released on probation who is required to register as a sex offender provide his or her probation officer proof of their registration within 6 working days of his or her release, as specified. This bill would also require every person who is released on probation or parole and who is required to register as a sex offender to provide proof of any revision or annual update for so long as that person is required to be under the supervision of a parole officer. This bill would also require a probation officer or parole agent who supervises a registered sex offender to inform him or her of their duties under this section, as specified. This bill would also require a law enforcement agency that registers an individual subject to these provisions to provide him or her proof of their registration, as defined.

Because this bill would require employees of local agencies to perform additional duties and would change the definition of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 246 (AB 1455) Negrete McLeod. Imitation firearms.

Under existing law, any person who, except as specified, sells, manufactures, ships, transports, distributes, or receives an imitation firearm, as defined, is liable for a civil fine of not more than $10,000 for each violation. Existing law also describes certain devices, among which is an instrument that expels a metallic projectile, as specified, that are not within the definition of "imitation firearm."

This bill would revise those provisions to exempt instruments that expel a projectile, such as a BB or pellet not exceeding 6mm, as specified, from the definition of "imitation firearm."

Existing law provides that it is a misdemeanor to furnish a minor with a BB device. Existing law defines the term "BB device" for those purposes.

This bill would conform the definition of the term "BB device" to the definition used for purposes of the imitation firearms exclusion.

NOTE: Superior numbers appear as a separate section at the end of the digests.

By changing the definition of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 247 (SB 59) Escutia. Dependent children: placement.

Existing law authorizes the juvenile court to determine the placement of children who are dependent children of the juvenile court.

This bill would provide that after parental rights have been terminated, an order that a dependent child is to reside in, be retained in, or be removed from a specific placement is not appealable, except as specified. The bill would also provide that this provision does not affect the right of a parent, a legal guardian, or the child to appeal any order that is otherwise appealable and that is issued at a hearing to terminate parental rights.

The bill would also require the Judicial Council to adopt a rule of court on or before July 1, 2004, to implement these provisions. The bill would provide that these provisions would become operative after the rule of court is adopted.

Ch. 248 (SB 73) Alpert. National Guard.

Existing law requires the Adjutant General to perform various duties with regard to the National Guard that are consistent with regulations and customs of the federal military organizations, as may be prescribed by the Governor.

This bill would permit the Adjutant General to establish rules and regulations for the provision of morale, welfare, and recreational activities for members of the National Guard, in accordance with federal military regulations.

The bill would also permit the Adjutant General or the National Guard to accept donations for the benefit of the Military Department.

Ch. 249 (SB 116) Dunn. Mobilehome parks.

(1) Existing law regulates mobilehome parks and prohibits a mobilehome park rental agreement, rule, or regulation from denying a homeowner or resident the right to invite candidates for public office to meet and speak with homeowners and residents, as specified, or from canvassing or petitioning homeowners and residents with regard to the initiative, referendum, or recall processes, as specified. Existing law also governs the rights of a resident with an ownership interest in a mobilehome subdivision, cooperative, or condominium, or a resident-owned mobilehome park.

This bill would provide that a homeowner or resident of a mobilehome park, or a resident with an ownership interest in a mobilehome subdivision, cooperative, or condominium, or a resident-owned mobilehome park, may not be prohibited from displaying a political campaign sign, as specified. The bill would establish the maximum size of a political sign and the duration for which a sign may be displayed before and after an election for these purposes. This bill would also make technical changes.

(2) Existing law requires that a transferor make certain real estate transfer disclosures with respect to the resale of a mobilehome or manufactured home, as specified, when the mobilehome or manufactured home is personal property and is intended for use as a residence.

This bill would specify that the transfer or sale of a mobilehome or manufactured home in a mobilehome park is subject to the real estate disclosures described above.

Ch. 250 (SB 175) Kuehl. Veterinary drugs: prescriptions by veterinarians.

(1) Existing law, the Pharmacy Law, defines a dangerous drug but excludes properly labeled veterinary drugs from the definition.

This bill would modify this definition to delete the exception for veterinary drugs.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) Existing law authorizes specified licensed individuals to prescribe dangerous drugs and authorizes each licensing entity to enforce the provisions of the Pharmacy Law regarding the prescription of dangerous drugs.

This bill would authorize a licensed veterinarian to prescribe a dangerous drug and would authorize the Veterinary Medical Board to enforce the provisions of the Pharmacy Law regarding the prescription of dangerous drugs.

(3) Existing law requires the California State Board of Pharmacy to notify the appropriate licensing entity if the board receives a complaint relating to dangerous drugs dispensed by a prescriber.

This bill would require the board to notify the Veterinary Medical Board if it receives a complaint relating to dangerous drugs dispensed by a veterinarian.

(4) Existing law makes it a misdemeanor to knowingly violate the Pharmacy Law.

Because violations of this bill would be a misdemeanor, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 251 (SB 182) Scott. Parent and child relationships: adoption.

(1) Existing law, the Uniform Parentage Act, governs the determination of parent and child relationships. Among other things, the act authorizes proceedings to terminate the parental rights of a father with respect to a child who does not have a presumed father and whose mother has relinquished for adoption, or consented to the adoption of, the child, or with respect to a child who becomes the subject of an adoption proceeding and whose father has not denied paternity, waived his right to notice, or voluntarily relinquished for adoption, or consented to the adoption of, the child.

This bill would provide that specified proceedings affecting a child, including provisions governing child custody and child support, shall be stayed pending final determination of proceedings to terminate the parental rights of a father under the Uniform Parentage Act, as specified.

(2) The act also provides that an action under the act may be brought in the county in which the child resides or is found, as specified.

This bill would require that an action under the act be brought in the county in which the child resides or is found, as specified.

(3) Existing law requires that an action to determine the existence of a father and child relationship with respect to a child who does not have a presumed father be consolidated with an action to terminate the parental rights of a father and be heard in the county in which the termination proceeding is filed.

This bill would instead provide that the action shall be heard in the court, rather than the county, in which the termination proceeding is filed and make a related change.

(4) Existing law provides that an order requiring or dispensing with a father's consent for the adoption of a child is conclusive and binding upon the father. Prior to the enactment of this provision, this order was authorized to be appealed from in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court.

This bill would revise existing law to additionally provide that the order may be appealed from in the same manner as an order of the juvenile court declaring a person to be a ward of the juvenile court. The bill would also provide that after making the order, the court has no power to set aside, change, or modify the order.

(5) Existing law governs adoptions, including both agency and independent adoptions. Existing law permits adopting parents, birth relatives, and an adoptive child to enter into postadoption contact agreements, as specified. This provision is specifically applicable to agency adoptions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would make that provision applicable to adoptions, generally. The bill would also make related, conforming changes.

(6) Existing law authorizes a proceeding to declare a minor child free from the custody and control of one or both parents for purposes of adoption if the child has been in out-of-home placement under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for a one-year period and the court makes a specified finding.

Existing law also provides for the appointment of a guardian of an unmarried minor.

This bill would additionally authorize a proceeding to declare a minor child free from the custody and control of one or both parents for purposes of adoption to be brought in a guardianship proceeding if one or both parents do not have legal custody of the child, if the child has been in the physical custody of a guardian for a period of not less than 2 years, and if the court finds that the child would benefit from being adopted by his or her guardian, as specified. This provision would not apply to a dependent child of the juvenile court.

(7) Existing law provides that, in an independent adoption, after a consent to an adoption is signed by a birth parent, the birth parent signing the consent has 30 days to revoke consent, as specified, or sign a waiver of his or her right to revoke consent. In certain cases, after revoking consent, a written notarized statement reinstating the original consent may be signed and delivered, as specified. In that case, the revocation of consent is void and a new 30-day period to revoke consent commences.

This bill would instead provide that if a written notarized statement reinstating the original consent is signed and delivered, as specified, the revocation of consent is void and the remainder of the original 30-day period to revoke consent, rather than a new 30-day period, commences. The bill would also revise the circumstances under which a revocation of consent is void, and in which a new 30-day period commences, to apply when the birth parent or birth parents request the return of the child, as specified.

Ch. 252 (SB 232) Karnette. All-terrain vehicles.

Under existing law, the definition of an all-terrain vehicle includes among its requirements that the vehicle be designed for operation off of the highway by an operator with no passengers.

This bill would expand the definition to include those motor vehicles designed for operation off of the highway by an operator with no more than one passenger.

Existing law prohibits the operator of an all-terrain vehicle from carrying a passenger when operating on public lands.

This bill would allow the operator of an all-terrain vehicle, that is designed for operation off of the highway by an operator with no more than one passenger, to carry a passenger when operating on public lands.

All-terrain vehicles are subject to certain regulatory requirements, and to the extent this bill would increase the scope of an existing crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 253 (SB 308) Figueroa. Medi-Cal: Native Americans.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which public assistance recipients and other qualified low-income persons are provided with health care services. The Medi-Cal program is, in part, funded pursuant to the federal medicaid program.

Existing law authorizes local governmental agencies and local educational consortiums to participate in the Administrative Claiming process in order to receive federal financial

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

participation for Medi-Cal administrative activities. Under this process, the department may contract with each participating local governmental agency or local educational consortium to assist with the performance of administrative activities related to the Medi-Cal program.

This bill would include within the definition of a local governmental agency, for purposes of these provisions, Native American tribes and tribal organizations, as well as subgroups of these entities.

Ch. 254 (SB 408) Torlakson. Vehicles: driving under the influence: driver's license sanctions.

(1) Existing law authorizes the Department of Motor Vehicles to impose restrictions on a person's privilege to drive, instead of a complete suspension, based upon a showing of a critical need to drive, after the department has issued an order suspending or delaying the driving privilege as a result of a violation of a specified provision prohibiting a person under the age of 21 years from driving with a blood-alcohol concentration of 0.01% or greater, as measured by a preliminary alcohol screening test or other chemical test.

This bill, additionally, would require the department to determine that the person has no prior DUI convictions within 7 years of the current offense, and that the person's driving privilege has not been suspended or revoked under certain DUI provisions, prior to imposing a restriction instead of a suspension on the driving privilege.

(2) Existing law provides that any document containing data prepared and maintained in the governmental forensic laboratory computerized database system that is electronically transmitted or retrieved through public or private computer networks to or by the department is the best available evidence of the chemical test results in all administrative proceedings conducted by the department.

This bill, additionally, would provide that any other official record that is maintained in the governmental forensic laboratory, relates to a chemical test analysis prepared and maintained in the governmental forensic laboratory computerized database system, and is electronically transmitted and retrieved through a public or private computer network to or by the department is admissible as evidence in the department's administrative proceedings.

Ch. 255 (SB 538) Torlakson. Housing: tenants: notices.

Existing law requires, prior to the anticipated date of the termination of a subsidy contract, expiration of rental restrictions, or prepayment on an assisted housing development, that the owner proposing the termination or prepayment of governmental assistance or the owner of an assisted housing development in which there will be the expiration of rental restrictions provide a notice of the proposed change to each affected tenant household residing in the assisted housing development and to the affected public entities.

This bill would additionally require that those notices be given to prospective tenants, as prescribed.

Existing law exempts an owner from the notice requirement if, upon prepayment, prescribed conditions are contained in a regulatory agreement with a governmental agency, as defined.

This bill would include in the definition of a regulatory agreement the requirement that it obligates the owner and any successors to maintain the affordability of the housing for a specified period.

Ch. 256 (SB 732) Soto. Cockfighting.

Existing law makes it a misdemeanor to aid, abet, or be present at a cockfight; to own, possess, keep, or train any cock with intent that it be used for fighting; or to manufacture, buy, sell, or possess cockfighting implements.

This bill would instead provide that these offenses are punishable as a misdemeanor by imprisonment in a county jail for a period not to exceed one year, by a fine not to exceed $5,000, or by both that imprisonment and fine. This bill would also specify that a 2nd or

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

subsequent conviction of specified animal fighting provisions is a misdemeanor punishable by imprisonment in a county jail for a period not to exceed one year, by a fine not to exceed $25,000, or by both that imprisonment and fine, except in unusual circumstances where the interests of justice would be better served by the imposition of a lesser sentence. The bill would also provide that aiding and abetting a cockfight shall consist of something more than merely being present or a spectator at a place where that fighting is occurring. Because this bill would change the definition of various crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 257 (SB 818) Escutia. Trial courts: interpreters.

The Trial Court Interpreter Employment and Labor Relations Act establishes procedures governing the employment and compensation of certified and registered trial court interpreters and court interpreters pro tempore employed by the courts.

This bill would revise a number of the implementation dates set forth in that act. The bill would, among other things, extend the ending date of the regional transition period for the program from January 1, 2005, to July 1, 2005. The bill would prohibit the trial courts from changing existing job classifications of certified or registered interpreters hired by trial courts prior to December 31, 2002, during the regional transition period for the program or during the term of an existing contract. This bill would also make other revisions to the act, including technical nonsubstantive changes.

Ch. 258 (SB 856) Committee on Governmental Organization. State property.

Existing law authorizes the transfer of the control or possession of state-owned real property from one state agency to another state agency with the written approval of the Director of General Services.

This bill instead would authorize the transfer of the jurisdiction of state-owned real property from one state agency to another state agency with the written approval of the director.

Existing law requires the Department of General Services to perform various functions and duties with respect to state property.

This bill would authorize the Director of General Services to sell, exchange, lease, or transfer all or any part of state property known as the San Jose, Calexico, and Quincy Armories. The bill would also authorize the director, with the approval of the Adjutant General, to lease 4 acres of the San Diego Armory and to convey certain real property in the City of Salinas to the City of Salinas, under specified terms and conditions. The bill would exempt the sale, exchange, lease, or transfer of the parcels from specified provisions of the California Environmental Quality Act. The bill would, with a specified exception, require that the net proceeds be deposited in the General Fund, as provided, and would require the reservation of mineral rights, as specified.

Ch. 259 (SB 1022) Perata. Debt collectors.

Existing law prohibits certain actions by debt collectors in connection with the collection of consumer debts.

This bill would, beginning July 1, 2004, require 3rd-party debt collectors to provide notice to debtors, with the first written notice sent to a California address of the debtor in connection with the collection of a debt, that sets forth the debtor's rights, as specified, under the federal Fair Debt Collection Practices Act. A debt collector who fails to provide that notice would be liable for actual damages and a civil penalty under specified provisions of existing law.

Ch. 260 (SB 1045) Committee on Budget and Fiscal Review. Redevelopment.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law requires a redevelopment agency, during the 2002–03 fiscal year, to allocate to the county auditor an amount of revenue, determined in accordance with specified calculations made by the Director of Finance and based on a specified report of the Controller, for deposit in the Educational Revenue Augmentation Fund in each county for allocation to school entities.

This bill would require a redevelopment agency to make a similar allocation in the 2003–04 fiscal year, based on a statewide aggregate allocation of $135,000,000, as provided, and would make conforming changes to related provisions. This bill would authorize a redevelopment agency to defer the payment of a portion of this allocation if that agency finds that it is unable, for either of certain reasons, to pay the full allocation, and if the agency adopts a specified resolution. The bill would also authorize a legislative body, in lieu of making that payment during the 2003–04 fiscal year, to remit, prior to May 10, 2004, a designated amount to the county auditor for deposit in the county's Educational Revenue Augmentation Fund. By imposing additional duties on local tax officials in connection with the allocation of property tax revenues, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(3) The bill would declare that it is to take effect immediately as an urgency measure.

Ch. 261 (AB 55) Correa. County employees' retirement: additional retirement credit.

Under the County Employees Retirement Law of 1937, retirement benefits are calculated, in part, based upon years of service credit. Members of retirement systems subject to that law may receive service credit for employment in public service not otherwise subject to credit, upon payment of specified additional contributions by lump sum or by installment payments over a period of up to 5 years. Those members may be required to complete those payments within 120 days after their effective date of retirement.

This bill would authorize active members of those retirement systems, upon the election of the county board of supervisors, to receive up to 5 years of service credit for additional retirement credit, as defined, upon payment of additional contributions prior to retirement or, in certain circumstances, within 120 days after retirement, by lump sum or by installment payments over a period of up to 10 years and subject to other conditions, as specified.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 262 (AB 134) Cohn. Domestic violence.

Existing law provides that any person who inflicts corporal injury resulting in a traumatic condition upon a person with whom he or she has a specified relationship is guilty of a crime punishable by imprisonment in the state prison for 2, 3, or 4 years, or in a county jail for one year, by a fine of up to $6,000, or by both that fine and imprisonment. Existing law also provides that a person convicted of violating these provisions for acts occurring within 7 years of a previous conviction of specified assault and battery offenses shall be punished by imprisonment in a county jail for not more than one year, or by imprisonment in the state prison for 2, 4, or 5 years, or by both imprisonment and a fine of up to $10,000.

This bill would provide that a person convicted of violating these provisions for acts occurring within 7 years of a previous conviction of willful and unlawful use of force or violence against a person with whom he or she has a specified relationship would be

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

punished by imprisonment in the state prison for 2, 3, or 4 years, or in a county jail for one year, or by a fine of up to $10,000, or by both that imprisonment and fine.

Because this bill would increase the number of persons sentenced to a term of imprisonment in a county jail, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 263 (AB 355) Pacheco. Juveniles: escape from custody.

Existing law makes it a misdemeanor for any person who is under the custody of a probation officer or any peace officer in a county juvenile hall or who is committed to, or being transported to or from, a county juvenile ranch, camp, or forestry camp to escape or attempt to escape from that place or during transportation to or from that place.

This bill would revise and recast that provision. In addition, the bill would make it a misdemeanor for any person who is under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, as defined, to escape or attempt to escape while outside or away from such an institution or facility while under the custody of a probation officer or any peace officer. By creating a new crime, the bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 264 (AB 360) Jerome Horton. Slot machines or devices.

Existing law prohibits the possession and sale of slot machines or devices, except in limited instances.

This bill would create an exception to this prohibition for manufacturers that are licensed pursuant to tribal-state gaming compacts and that satisfy specified conditions. The bill would also make various technical, nonsubstantive changes to that provision.

Ch. 265 (AB 542) Dutra. Military artifacts: loan by California State Military Museum.

(1) Existing law requires all escheated property delivered to the Controller to be sold by the Controller to the highest bidder at public sale, as specified. Existing law excepts from this requirement escheated property consisting of military awards and decorations, which are to be held in trust for the Controller at the California National Guard Museum and Resource Center.

This bill would provide that other items relating to the military history of California and Californians are also to be exempted from the public sale requirement described above, and would provide that the California State Military Museum and Resource Center shall hold these items in trust for the Controller. The bill would require that the escheated property that is held by the California State Military Museum and Resource Center be subject to specified regulations for Army museums and would require that the museum be responsible for the storage and maintenance costs for that property.

(2) Existing law requires the Adjutant General to establish the California State Military Museum as a repository for military artifacts, and permits the Adjutant General and the California State Military Museum to solicit, receive, and administer donations for the support and improvement of the museum. Existing law permits the California State Military Museum to dispose of property determined by it to be in excess of the needs of the museum, as specified, with the benefits from these dispositions to be applied to the museum.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the California State Military Museum to enter into agreements with other military museums to loan property that is under its direct control or property that has escheated to the state and is held in trust for the Controller. This bill would except escheated property that the museum holds in trust for the Controller from the provisions described above permitting the museum to dispose of excess property.

Ch. 266 (AB 722) Matthews. Public contracts: electronic bids: reverse auctions.

Existing California public contract law encourages competition for public contracts and establishes procedures to be followed by public officials in the efficient administration of public contracting. That law authorizes public entities to adopt methods and procedures to receive bids on public works or other contracts over the Internet, as provided.

This bill would authorize the Department of General Services to utilize reverse auctions for the acquisition of goods, services, and information technology. The bill would define "reverse auction" as a competitive online solicitation process for fungible goods, information technology, or services in which vendors compete against each other online in real time in an open and interactive environment. This bill would also disallow the utilization of the "reverse auction" process for bidding on specified construction contracts.

Ch. 267 (AB 790) Frommer. Termination of self-service storage agreement: notification.

Existing law, the California Self-Service Storage Facility Act, specifies procedures for terminating a rental agreement for nonpayment and for imposing a lien on the property remaining in the storage space. Under the act, the owner is required to provide notice of these matters by certified mail, and is authorized to take certain actions regarding the space.

This bill would additionally authorize an owner to provide notification of these matters by regular first-class mail if he or she obtains a certificate of mailing indicating the date of mailing, and would specify actions that an owner may take with regard to the space.

Ch. 268 (AB 967) Chavez. Personal Income and Corporation Taxes: federal conformity: Victims of Terrorist Tax Relief Act of 2001: trusts: Subchapter S.

The Personal Income Tax Law provides for conformity with specified provision of federal income tax laws, including conformity with the federal Victims of Terrorism Tax Relief Act of 2001.

This bill would conform the Personal Income Tax Law with additional provisions of the federal Victims of Terrorism Tax Relief Act of 2001, with respect to terrorism that takes place within the United States, and would provide that the conformed provisions would apply for the same periods as authorized under the federal Victims of Terrorism Tax Relief Act of 2001.

The Personal Income Tax Law authorizes a credit against the taxes imposed under that law in the amount of $10 for an estate, and in the amount of $1 for a trust.

This bill, for taxable years beginning on or after January 1, 2004, would authorize a credit against the taxes imposed on a disability trust, as defined, equal to the personal exemption credit authorized for single individuals.

The Corporation Tax Law, in modified conformity to federal income tax laws, and in conjunction with related administrative provisions, provide for pass-thru treatment of income and other items with respect to subchapter S corporations.

This bill would clarify that corporations with a valid S corporation election for federal income tax purposes are S corporations for state purposes, and correct an omission of alternative minimum tax from the computation of estimated tax payments.

Ch. 269 (AB 1102) Yee. Peace officers: training relating to the mentally ill.

Existing law requires the Commission on Peace Officer Standards and Training, in the Department of Justice, to include in the basic training course for peace officers, adequate instruction in the handling of persons with developmental disabilities or mental illness, or

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

both. Existing law requires the commission to submit a report to the Legislature by October 1, 2003, that contains specified information regarding this training.

This bill would extend the report date to October 1, 2004, and would require that the report include an analysis of the Police Crisis Intervention Training (CIT) Program used by the San Francisco and San Jose Police Departments, to assess the training used in these programs and compare it with existing courses offered by the commission in order to evaluate the adequacy of mental illness and developmental disability training available to local law enforcement officers.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 270 (AB 1505) Wiggins. Alcoholic beverages: winegrower's license: tied-house restrictions.

(1) Under existing law, a winegrower's license authorizes the person to whom issued to conduct winetastings of wine produced or bottled by, or produced and packaged for, the licensee, either on or off the winegrower's premises.

This bill would provide that wine may not be sold or orders solicited, when a winetasting is held off the winegrower's premises at an event sponsored by a private nonprofit organization, as defined, except that the winegrower would be permitted to accept orders for the sale of wine when the sales transaction is completed at the winegrower's premises.

(2) Existing law generally prohibits a manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler, or any officer, director, agent, or representative of that person from, among other things, providing a licensee alcoholic beverages as a free good as a part of any sale or transaction involving alcoholic beverages, or furnishing anything of value to a licensee for specified purposes. However, existing law authorizes any winegrower, California winegrower's agent, importer, or any director, partner, officer, agent, or representative of that person, to conduct or participate in an instructional event for consumers held at a retailer's premises featuring wines produced by or for the winegrower or imported by the importer, subject to certain specified conditions.

This bill would prohibit the sale of alcoholic beverages at the instructional event, but would permit orders for the sale of wine to be accepted by the winegrower if the sales transaction is completed at the winegrower's premises.

Ch. 271 (AB 1606) Shirley Horton. Public employees' health benefits: military duty.

The Public Employees' Medical and Hospital Care Act authorizes specified state employees enrolled in a health benefits plan to continue their enrollment, and the enrollment of their family members, in the plan during an approved leave of absence or for up to one year after being laid off.

This bill would authorize an employee of a contracting agency and his or her family members to continue their enrollment in a health benefits plan for up to one year while the employee is on military duty.

The bill would declare that it would take effect immediately as an urgency statute.

Ch. 272 (SB 196) Kuehl. California regional water quality control boards.

Existing law, the Porter-Cologne Water Quality Control Act, requires each California regional water quality control board to consist of 9 members, including one person who is required to be associated with municipal government and, with a certain exception, another person who is required to be associated with county government.

This bill would require those persons, upon the next vacancy occurring in those respective offices, to be a city council member or mayor, and, subject to that exception, a county supervisor.

Ch. 273 (SB 220) Romero. Business organizations.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law in the Corporations Code sets forth various provisions regulating, among other things, corporations, partnerships, limited liability companies, and unincorporated associations. Existing law defines various terms for the purposes of those provisions, including the term ''signature.''

This bill would provide that the term ''signature'' includes a signature in a facsimile document presented to the Secretary of State. The bill would require the Secretary of State to accept facsimile signatures on documents delivered by hand or mail and would authorize the Secretary of State to adopt procedures permitting the direct electronic or facsimile filing of documents. The bill would also authorize the Commissioner of Corporations to prescribe circumstances under which to accept electronic records or electronic signatures.

Ch. 274 (SB 919) Ortiz. Battery: code enforcement officers.

Under existing law, while assault is punishable by a fine not exceeding $1,000, or by imprisonment in a county jail not exceeding 6 months, or by both the fine and imprisonment, when an assault is committed against specified officers or other persons the offense is a misdemeanor punishable by a fine not exceeding $2,000, or by imprisonment in a county jail not exceeding one year, or by both the fine and imprisonment.

This bill would include a code enforcement officer, as defined, in the list of specified officers or persons to which these provisions apply.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

Under existing law, while battery is generally a misdemeanor punishable by county jail time not exceeding 6 months or a specified fine, or both, the battery of specified officers or other persons is a misdemeanor punishable by county jail time not exceeding one year and by a specified fine or by both.

This bill would include a code enforcement officer, as defined, in the list of specified officers or other persons to which the above provisions apply.

By expanding the scope of existing crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 275 (SB 940) Escutia. Courts: fines and penalties: collection.

(1) Under existing law, the Judicial Council may authorize the direct payment or reimbursement of actual costs to one or more trial courts from the Trial Court Trust Fund in order to promote statewide efficiency, as specified, upon appropriation thereof in the Budget Act.

This bill would expand this authorization to payments or reimbursements, not to exceed a specified limit, from the Trial Court Improvement Fund to fund administrative infrastructure within the Administrative Office of the Courts, as specified.

(2) Under existing law, a court is authorized to order fines, fees, penalties, surcharges, or assessments, under varying circumstances. Existing law provides a procedure for the collection of these fines, fees, penalties, surcharges, and assessments, by the courts and counties.

This bill would require the Judicial Council to establish a specified collaborative court-county working group and adopt guidelines for a comprehensive program for the collection of moneys imposed by court order, as specified. The bill would authorize the Judicial Council to establish standard agreements for the collection thereof. The bill would require each superior court and county to develop a cooperative plan to implement these guidelines, and to jointly and annually report to the Judicial Council in relation. The bill would require the Judicial Council to report to the Legislature, as appropriate, on the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

effectiveness of this program. The bill would also permit the Judicial Council to suspend professional licenses and establish an amnesty program to waive the interest or collections costs on outstanding fines or assessments, upon specified circumstances.

(3) Existing law requires the state to assume the sole responsibility for funding court operations. Existing law requires a county to distribute fee, fine, and forfeiture revenue between the county or city and county and the state, as specified.

This bill would require a specified portion of the revenues distributed to the Trial Court Improvement Fund to be allocated by the Judicial Council, as specified, among the trial courts or to be retained in the Trial Court Improvement Fund, as specified.

(4) By imposing additional duties on local officials, the bill would create a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 276 (AB 109) Dymally. Public school employers: unlawful acts.

Existing law makes certain acts of public school employers, such as school districts, unlawful, including the refusal or failure to meet and negotiate in good faith with an exclusive representative.

This bill would define the prohibition on the refusal or failure to meet and negotiate in good faith to include the knowing provision by a public school employer to an exclusive representative of inaccurate information regarding its financial resources, whether or not it is provided in response to a request for information.

Ch. 277 (AB 277) Dutra. Commercial and political cyberfraud.

Existing law makes it unlawful for a person, with bad faith intent, to register, traffic in, or use a domain name that is identical or confusingly similar to the personal name of another living person or deceased personality, without regard to the goods and services of the parties. It permits a court to consider various factors in determining the existence of bad-faith intent, and permits a complaining party to seek an injunction against the alleged infringement.

This bill would permit a court to consider the intent of a person alleged to be in violation of these provisions to mislead, deceive, or defraud voters. It would, in addition, authorize a court to order the transfer of a domain name as part of the relief awarded.

Former provisions of law in effect until January 1, 2003, made it unlawful for a person, with intent to mislead, deceive, or defraud, to commit an act of political cyberfraud. It defined "political cyberfraud" for this purpose, as an act concerning a political Web site of a statewide ballot measure, as defined, that is committed with intent to deny a person access to a political Web site, deny a person the opportunity to register a domain name for a political Web site, or cause a person reasonably to believe that a political Web site has been posted by a person other than the person who posted the Web site.

These former provisions of law made a violation thereof punishable by a fine not to exceed $1,000 for each day the violation occurred and authorized a court to order the transfer of a domain name as part of the relief awarded.

This bill would reenact these former provisions of law, other than previously applicable fines, and would extend their application to a Web site that a reasonable person would believe represents the views of a proponent or opponent of a ballot measure.

Existing law specifies the information that may be included on a declaration of candidacy, such as the name, address, and telephone number of the candidate, among other things.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise the declaration of candidacy form to permit inclusion of a candidate's Web site address.

The bill would provide that its provisions are severable.

Ch. 278 (AB 322) Parra. Disabled veteran's property tax exemption.

The California Constitution authorizes the exemption from property taxation of the principal residence of a disabled veteran, or a veteran's spouse, in the case in which the veteran has, as a result of a service-connected disease or injury, become disabled or died while on active duty in military service. Existing property tax law specifies an exemption amount of $100,000, but increases that amount to $150,000, if the exemption claimant's income does not exceed $40,000 as adjusted by a specified inflation factor.

This bill would, in conformance with the California Constitution, extend this exemption to property owned, in whole or in part, by the veteran's spouse. This bill would also specify that property is a veteran's principal residence if the veteran would principally reside at that property if not for his or her confinement to a hospital or other care facility.

Existing law provides that a disabled veteran's property tax exemption, once granted, remains in continuous effect unless the title to the property changes, the property is altered so that the property no longer qualifies as a dwelling, the owner is no longer considered disabled, or the owner does not occupy the property as his or her principal place of residence on the property tax lien date.

This bill would, for purposes of the disabled veteran's property tax exemption, specify that property owned by a disabled veteran who is confined to a hospital or other care facility, continues to be the principal residence of the veteran on the property tax lien date if that property was the principal place of residence of the owner immediately prior to that confinement.

Section 2229 of the Revenue and Taxation Code requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would take effect immediately as a tax levy.

Ch. 279 (AB 447) Vargas. Lien claims: release: attorneys' fees.

The California Constitution gives workers the right to a mechanic's lien for the value of labor and materials provided for the improvement of real property.

Existing law provides that where no action has been brought to enforce a claim of lien, as specified, the owner of the property or the owner of interest therein may petition the court for a decree to release the property from the lien. Existing law permits the prevailing party to recover attorneys' fees, not to exceed $1,000.

This bill would increase the amount of attorneys' fees that may be recovered to $2,000.

Ch. 280 (AB 918) Chan. Classified employees.

Under existing law, if it is necessary to assign a classified employee who is not regularly assigned to serve between the end of one academic year and the beginning of another to serve during that period, a school district and a community college district are required to pay the employee on a pro rata basis not less than the compensation and benefits that are applicable to the classification during the regular academic year.

This bill would require a regular classified employee who is assigned to perform an assignment or service in addition to his or her regular assignment to be paid on a pro rata basis for the additional assignment or service, not less than the compensation and benefits that are applicable to that classification during the school year. The bill would require the district to

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

inform the classified employee of the compensation and benefits of the additional assignment or service before the employee begins the additional assignment or service.

Ch. 281 (AB 976) Montanez. Victims of crime: authorized representative.

Existing law provides for the indemnification of victims and derivative victims of specified types of crimes, for certain expenses for which the victim or derivative victim has not been and will not be reimbursed from any other source. Applications for compensation under these provisions are filed with the California Victim Compensation and Government Claims Board in the manner determined by the board.

This bill would authorize the board to recognize an authorized representative of the victim or derivative victim to represent the victim or derivative victim, including, among others, legal guardians, conservators, relative caregivers, immediate family members, parents, and other persons acting pursuant to rules adopted by the board.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 282 (AB 1080) Committee on Agriculture. California Seed Law: violation of federal plant law.

Existing law known as the California Seed Law, among other things, seeks to ensure the quality and variety of seed available to the consumer-buyer, as specified. A violation of any of these provisions is generally a misdemeanor.

This bill would provide, in addition, that a violation of specified provisions of the United States Plant Variety Protection Act is a violation of the California Seed Law. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 283 (AB 1069) Committee on Agriculture. Eggs.

Existing law governing the regulation of eggs and egg products provides that its purposes are to assure that healthful and wholesale eggs of known quality are sold in the state, to facilitate the orderly marketing of eggs, and to prevent the marketing of deceptive or mislabeled containers of eggs. Existing law provides that the Secretary of Food and Agriculture may adopt regulations relating to the preparation for market and marketing of shell eggs, including procedures for the collection of assessments and for the registration of egg handlers. The secretary may prescribe the frequency of payment, procedure for payment, and penalties for late payment of assessments. Existing law requires that the initial purchaser of eggs from out-of-state shall report and pay to the director a maximum assessment fee of five cents ($0.05) for each 30 dozens of eggs, which shall be deposited into the Department of Food and Agriculture Fund and used only for the administration and enforcement of provisions relating to shell eggs.

This bill would provide that an assessment for eggs for which the required payment has not been made by the date established by the department shall be triple the amount otherwise due or $500, whichever is greater.

The bill would require out-of-state egg handlers and producers selling eggs in California to register with the Secretary of Food and Agriculture. This bill would require the fees collected to be paid based upon the number of eggs sold, as specified. This bill would require out-of-state egg handlers to pay the fee on eggs sold in California. This bill would specify procedures by which out-of-state registrants would be inspected by the department. This bill would provide that if the department determines that eggs do not comply with standards, the department would prevent their sale in California, as specified. This bill would require each registrant to submit a report on its operations with respect to eggs sold in California and to remit any fees due on a monthly basis.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Because this bill would impose new enforcement duties upon local agencies thereby requiring them to perform a higher level of service, and would also create new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 284 (AB 1125) Houston. Alameda County Flood Control and Water Conservation District.

Existing law, the Alameda County Flood Control and Water Conservation District Act, establishes the Alameda County Flood Control and Water Conservation District and grants to the district authority relating to, among other things, flood control and stormwater. Under the district law, the Board of Supervisors of Alameda County serves as the Board of the Alameda County Flood Control and Water Conservation District.

The district law authorizes the board of the district to establish zones and provides for the formation of a zone lying, in whole or in part, in Pleasanton or Murray Townships. That zone is required to be governed by a board of 7 directors (zone board) who are required to be elected by the voters residing within that zone.

The district law requires the approval of the zone board before the district may undertake a project or improvement on behalf of that zone, or before the district imposes certain charges or incurs bonded indebtedness for the purposes of that project or improvement.

This bill would delete the provisions that require the approval of the zone board for certain actions and, instead, would require the zone board to govern and control, in accordance with district law and without further action by the district board, all matters relating only to that zone. The bill would require that all matters that relate both to a zone and to another portion of the district be approved by both the zone board and the district board.

Ch. 285 (AB 1212) Pavley. Public resources: coastal development: permits: restrictions.

(1) Existing law requires a person wishing to perform or undertake development in the coastal zone, as defined, to obtain a coastal development permit, except as specified, in addition to obtaining any other permit required by law from a local government or from a state, regional, or local agency.

This bill would require that a coastal development permit for sand replenishment require the project applicant to provide onsite monitoring and supervision during the implementation of the permit.

The bill would prohibit the permit from being issued until the project applicant provides the issuing agency with a plan for onsite monitoring and supervision during the implementation of the permit.

Because these provisions would impose additional duties upon local governmental entities, the bill would establish a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 286 (AB 1247) Aghazarian. Hazardous waste facility: postclosure.

(1) Existing law requires the owner or operator of a hazardous waste facility to submit a hazardous waste facility closure and postclosure plan to the Department of Toxic Substances Control and to the California regional water quality control board for the region in which the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

facility is located. The department is required to review the plan and to approve the plan if the department makes specified findings. A violation of the hazardous waste control law, including any requirements issued or adopted pursuant to the hazardous waste control law, is a crime.

This bill would require the department to impose the requirements of a hazardous waste facility postclosure plan by issuing a postclosure permit, issuing an enforcement order, or entering into an enforceable agreement. The bill would require the postclosure plan imposed or modified pursuant to an enforcement order, a permit, or an agreement to be approved in compliance with the California Environmental Quality Act and would require the department, before approving or modifying a hazardous waste facility postclosure plan, to provide meaningful opportunity for public involvement. The bill would require the owner or operator who submits the plan for approval and who is issued an enforcement order or enforceable agreement, at the time the plan is submitted, to pay specified fees or enter into a specified cost reimbursement agreement to reimburse the department for its costs.

The bill would authorize the department to take specified actions, in addition to other remedies available under state law, to enforce a postclosure plan imposed in the form of an enforcement order or enforceable agreement.

The provisions of the bill would not apply to a postclosure plan for which a final or draft permit has been issued by the department on or before December 31, 2003, except as specified. The bill would provide that the department may only impose postclosure plan requirements through an enforcement order or an enforceable agreement until January 1, 2007, except as specified. If the department determines that a postclosure permit is necessary to enforce a postclosure plan, the bill would authorize the department to rescind and replace an enforcement order or an enforceable agreement by issuing a postclosure permit for the hazardous waste facility, in accordance with specified procedures.

Because a violation of the bill's requirements would be a crime, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 287 (AB 1294) Wiggins. Debt collectors: responsibilities: identity theft.

Existing law regulates the activities of debt collectors, and prohibits a debt collector from asserting that nonpayment of a consumer debt may result in the seizure or sale of any property or the garnishment or attachment of wages of a debtor, unless that action is in fact contemplated by the debt collector and permitted by law.

This bill would require a debt collector to stop collecting a consumer debt when an alleged debtor provides the debt collector certain information, including, but not limited to, information relating to the alleged debtor's status as a victim of identity theft. This information may also include a specified written statement that certifies that the representations are true, correct, and contain no material omissions of fact. A person submitting the certification who declares as true a material matter that the person knows to be false would be guilty of a misdemeanor. The bill would permit the debt collector to recommence collection activities only upon a review of certain information and upon the making of a good faith determination, as specified, that the information provided by the debtor does not establish that the debtor is not responsible for the debt. The bill would also require debt collectors to notify consumer credit reporting agencies and creditors of specified information.

Because this bill would make it a misdemeanor for a debtor to include false material in the certification, the bill would create a new crime, thereby imposing a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 288 (AB 1347) Maze. Development agreements.

Under the Planning Zone Law, a city, county, or city and county may enter into a development agreement with any person having a legal or equitable interest in real property for the development of the property governing the permitted uses of the property. A city, county, or city and county may receive from applicants the direct costs associated with adopting a resolution or ordinance to establish procedures and requirements for the consideration of development agreements. Existing law prescribes procedures to be followed by local agencies regarding the handling of fees imposed for public improvements in connection with development projects.

This bill would require a city, county, or city and county to comply with those procedures with regard to any fee it receives or costs it recovers in connection with a development agreement.

Ch. 289 (AB 1386) Shirley Horton. Contractors.

Existing law, the Contractors' State License Law, creates the Contractors' State License Board within the Department of Consumer Affairs and provides for the licensure and regulation of contractors. Existing law authorizes a person who utilizes an unlicensed contractor to bring an action in any court of competent jurisdiction in this state for recovery of compensation paid to the unlicensed contractor for performance of any act or contract. Existing law authorizes a court to determine that a contractor has substantially complied with licensure requirements if specified conditions are met.

This bill would also require a contractor to demonstrate that he or she acted promptly and in good faith to reinstate his or her license upon learning it was invalid in order to meet substantial compliance of these licensure requirements. The bill would declare the intent of the Legislature that the changes made by the bill are declaratory of existing law.

Ch. 290 (AB 1407) Wolk. Solar energy systems.

Existing law provides that any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting real property, as specified, that prohibits or restricts the installation or use of a solar energy system is void and unenforceable. Existing law requires that solar collectors meet the standards and requirements imposed by state and local permitting authorities, as specified.

This bill would specify that a public entity may not receive funds from a state-sponsored grant or loan program for solar energy if it fails to comply with these requirements and would require a public entity to certify that it is meeting these requirements when applying for these grants or loans. This bill would prohibit a local public entity from excepting residents in its jurisdiction from these requirements. The bill would also establish the particular standards that solar energy systems for heating water and producing electricity must meet, and would make a clarifying change.

Ch. 291 (AB 1420) Laird. Fish and game: elk: fishing licenses.

(1) Existing law defines "disabled veteran," for purposes of issuing a reduced fee hunting license, as a person having a 70% or greater service-connected disability and an honorable discharge from military service.

This bill would instead define "disabled veteran" for that purpose as a person having a 50% or greater service-connected disability and an honorable discharge from military service.

(2) Under existing law, any owner or tenant of land or property that is being damaged or destroyed or is in danger of being damaged or destroyed by elk, bear, beaver, wild pig, or gray

NOTE: Superior numbers appear as a separate section at the end of the digests.

squirrels, may apply to the department for a permit to kill that animal. The Department of Fish and Game, upon satisfactory evidence of the damage or destruction, is required to issue a revocable permit for the taking and disposition of the animal.

This bill would require the department to make certain determinations and specify certain corrective measures, prior to the issuing of a depredation permit for elk. The bill would require the department to develop a statewide elk management plan, consistent with the state's wildlife policy.

Existing law authorizes the Fish and Game Commission to take tule elk under certain conditions. When tule elk cause economic or environmental damage to property, existing law requires emphasis to be placed on managing the elk herd through the use of relocation, sporthunting, or other appropriate means, as determined by the department after consulting with the local landowners.

This bill would instead require that when tule elk cause property or environmental damage, emphasis is placed on managing the herd through the use of relocation, regulated hunting, or other appropriate methods, as determined by the department, in accordance with the statewide elk management plan, after consulting with local landowners.

(3) Existing law provides that any violation of the Fish and Game Code, or any regulation, rule, or order made pursuant to the code, is a misdemeanor.

This bill would instead make certain provisions relating to fishing licenses and stamps an infraction or misdemeanor.

(4) Under existing law, the penalty for not displaying a fishing license while fishing is at least $250 for a first offense, $500 for a subsequent offense, and not more than $1,000 in either case.

This bill would reduce the minimum fine for a first time violation to $100, and $250 for a subsequent violation. The bill would authorize a court to dismiss a charge of failing to display a license under certain conditions.

(5) Existing law provides that any person whose license was revoked pursuant to certain provisions may appeal to the commission for reissuance of the license. Existing law provides for a public hearing prior to the commission terminating the license.

This bill would require the commission to adopt regulations and procedures governing the revocation or suspension of hunting or sport fishing privileges, which procedures shall provide for notice and an opportunity for a hearing. The bill would state that any person whose hunting or sport fishing privileges have been revoked and obtains, or attempts to obtain or possess, a hunting or sport fishing license is guilty of an infraction or a misdemeanor. Because the bill would create a new crime, the bill would impose a state-mandated local program.

(6) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the department and the commission to pay all necessary expenses incurred in carrying out the Fish and Game Code, and to pay the compensation and expenses of the commissioners and employees of the commission.

By imposing new duties on the department and the commission, the bill would make an appropriation.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 292 (AB 1436) Runner. Vehicles: reserve peace officers.

(1) Existing law authorizes the governing board of a school district to establish an unpaid volunteer school police reserve officer corps to supplement its school district police department.

This bill would delete the requirement that the school police reserve officer corps be unpaid and volunteer.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) Existing law authorizes the governing board of a community college district to establish a community college police department under the supervision of a community college chief of police, and employ personnel as necessary to enforce the law on or near the campus of the community college and on or near other grounds or properties owned, operated, controlled, or administered by the community college or by the state acting on behalf of the community college.

This bill would authorize the governing board of a community college district that establishes a community college police department as authorized under existing law to also establish a police reserve officer program to supplement that police department. The bill would make conforming changes in related provisions of existing law.

(3) Existing law imposes various duties and grants various powers to peace officers, as defined, regarding vehicles and certain weapons.

This bill would specify that those peace officer powers and duties extend to reserve peace officers, as specified.

Ch. 293 (AB 1641) Keene. Court emergencies.

Existing law provides that, in times of emergency, as specified, the presiding judge of a superior court may request, and the Judicial Council may authorize, various emergency court procedures, including the extension of certain time periods in criminal and juvenile court cases.

This bill would expand existing provisions for the extension of certain time limits in juvenile court cases during natural and human-made disasters to apply to release and detention hearings for minors and hearings to declare a minor a ward or dependent child of the court. The bill would also provide for the declaration by a superior court, as authorized by the Chair of the Judicial Council, that a certain date or dates on which it was necessary to close a court constitute a judicial holiday for purposes of computing time in civil, criminal, and juvenile court cases, as specified.

The bill would declare that it is an urgency statute, to take effect immediately.

Ch. 294 (SB 62) Committee on Local Government. Validations.

This bill would enact the Second Validating Act of 2003, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 295 (SB 63) Committee on Local Government. Validations.

This bill would enact the Third Validating Act of 2003, which would validate the organization, boundaries, acts, proceedings, and bonds of the state and counties, cities, and specified districts, agencies, and entities.

Ch. 296 (SB 66) Committee on Local Government. Local Government Omnibus Act of 2003.

(1) Existing law specifies the form for a declaration of candidacy for the balance of an unexpired term of a special district office.

This bill would make a technical correction to the form.

(2) Existing law requires that any vacancy created in the membership of a city council as the result of an appointment of a member to the office of mayor be filled in accordance with specified provisions of law.

This bill would amend that requirement to delete references to repealed provisions of law.

(3) Existing statutory and constitutional provisions specify the formula for calculating the appropriations limits for local agencies. Part of that formula defines the term "change in the cost of living."

This bill would revise the statutory language of that term to conform to the constitutional provision.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) Existing law establishes the California Debt and Investment Advisory Commission.

This bill would correct a statutory reference to the name of that commission.

(5) Existing law requires the Controller to publish an annual report of special districts' financial transactions.

This bill would correct a cross reference in that requirement.

(6) Existing law provides that all money in the Local Agency Investment Fund for the investment of certain local agency funds is nonstate money held in a trust account in the custody of the State Treasurer. Existing law also provides that all money in the fund is appropriated without regard to fiscal years for the purposes for which the fund was established.

This bill would expressly state that the fund is in trust in the custody of the Treasurer and would delete the condition that all money in the fund is appropriated without regard to fiscal years for the purposes of the fund.

(7) Existing law provides for the formation and change of organization of local government agencies in the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, formerly the Cortese-Knox Local Government Reorganization Act of 1985.

This bill would amend various provisions of the Government, Health and Safety, Public Resources, and Public Utilities Codes to refer to the current name of that act.

(8) The County Service Area Law authorizes the formation of a county service area to provide specified services and, among other things, authorizes the board of supervisors of any county to contract with any state agency to finance any improvement relating to the provision of water service within a county service area that is established to provide that service.

This bill would expressly provide that the board of supervisors may contract with any state or federal agency to finance any improvements relating to any extended services or miscellaneous extended services that the county service area is authorized to provide.

(9) Existing law requires the county auditor to perform a review at least once in each quarter of the treasurer's statement of assets in the county treasury and at least annually to perform an audit of the assets in the county treasury, express an opinion on the treasurer's statement, and address the audit report to the board of supervisors. Existing law requires one copy of the report to be filed with the clerk of the board of supervisors and posted and maintained in the auditor's office for at least one quarter but does not specify whether this is the quarterly or annual report.

This bill would specifically require both reports to be filed with the clerk and posted and maintained in the auditor's office for at least one quarter.

(10) Existing constitutional and statutory law no longer authorize the operation of city courts.

This bill would repeal an obsolete provision of law granting city courts jurisdiction over city-owned parks outside the city limits.

(11) Existing law requires the mayor or police chief to provide enough policemen to attend and keep order at any public meeting at which a breach of the peace may occur.

This bill would change the word policemen to peace officers in the requirement.

(12) Existing law specifies that city tax liens attach as of 12:01 a.m. on the first day of March of each year.

This bill would change that date to the first day of January of each year.

(13) Existing law specifies procedures for charter cities to assess property, collect property taxes, and allocate property tax revenues. These procedures have been superseded by constitutional provisions giving those powers to counties.

This bill would repeal these obsolete provisions.

(14) Under the California Land Conservation Act of 1965, the Williamson Act, a provision that permitted landowners to cancel their open space or agricultural use contracts under specified conditions was repealed in 1983. A related provision similarly permitted

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

cancellation of contracts with respect to land within cities under certain circumstances when only some of these conditions applied.

This bill would repeal this related provision.

(15) Existing law prescribes the apportionment for the net operating expenses of a local agency formation commission among the county and the cities and special districts within the county. Existing law specifically provides that, for purposes of apportioning those costs to a health care district that operates a hospital, the health care district's share shall be apportioned in proportion to each district's net revenue from operations.

This bill instead would provide that a health care district's share shall be apportioned in proportion to each district's net from operations, as defined.

(16) Existing law requires the Office of Planning and Research to revise and update the State Environmental Goals and Policy Report every four years for transmission by the Governor to the Legislature.

This bill would require the Office of Planning and Research to report to the Governor and the Legislature annually before January 1, regarding the implementation of that report.

(17) Existing law requires the legislative body of a city or county to deny approval of a tentative map or a parcel map for land subject to an open-space easement, agricultural conservation easement, or conservation easement if the resulting parcels would be too small to sustain their restricted agricultural use.

This bill would correct an erroneous statutory cross-reference in that requirement.

(18) Existing law imposes various duties on the county clerk, the clerk of the court, and other county officials.

This bill would amend several provisions of law to clarify that certain of those duties are not assigned to the county clerk.

(19) Existing law provides that the member of the Contractors' State License Board who is a general engineering contractor and who serves as an ex officio voting member of the California Uniform Construction Cost Accounting Commission shall become a member of the commission upon the first vacancy in office of a member of a specified category of the commission.

This bill would delete that provision.

(20) Existing law provides that the California Uniform Construction Cost Accounting Commission is comprised of 14 members with half of the members representing the construction industry and half of the members representing public agencies. Existing law requires at least one member of each group to have previous accounting experience.

This bill would make a technical change to that requirement.

(21) Existing law requires that commission to recommend for adoption by the Controller cost accounting procedures designed especially for implementation by cities with a population of less than 10,000.

This bill instead would require that those procedures be designed for implementation by cities with a population of less than 75,000. The bill would specify that for purposes of these procedures, cities with this population shall use a standard 20% overhead rate and larger cities may use a 30% overhead rate.

(22) The Uniform Public Construction Cost Accounting Act authorizes a public agency to reject all bids and have the work performed by its employees by force account.

This bill would require the public agency, prior to rejecting all bids, to furnish written notice to the apparent low bidder that the agency intends to reject all bids.

(23) Existing law authorizes the creation of the Sacramento Regional County Solid Waste Management District and the Ventura County Waste Management District and makes those authorizations inoperative on July 1, 1994, and January 1, 1995, respectively, if specified conditions were not met.

This bill would repeal those authorizations.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(24) Statutory law provides a procedure for a local agency to hold a maximum property tax rate election. This law has been superseded by subsequent constitutional amendment establishing a uniform 1% tax rate.

This bill would repeal that obsolete procedure.

(25) Existing law provides procedures for filling vacancies on elected governing boards of special districts until the next district general election that is at least 130 days after the effective date of the vacancy. Existing laws governing county water districts, irrigation districts, and water storage districts authorize governing board vacancies to be filled by appointment for the unexpired term of the office in which the vacancy exists.

This bill would repeal that authority to fill vacancies for the unexpired term of the vacant office.

(26) Existing law authorizes the Borrego Water District to, among other things, exercise any of the powers of a mosquito abatement district or vector control district.

This bill would replace the obsolete reference to laws governing mosquito abatement and vector control districts in that authorization and would additionally authorize the Borrego Water District to provide park and recreation facilities and services, landscaping and lighting facilities and services, and garbage collection services.

(27) Existing law establishes the North Delta Water Agency with specified duties and powers.

This bill would authorize the governing board of that agency to raise revenue by levying benefit assessments in the same manner as reclamation districts.

(28) This bill would incorporate additional changes in Section 2854 of the Probate Code proposed by SB 294 that would become operative if both bills are enacted and this bill is enacted last.

Ch. 297 (SB 221) Romero. Peace officers.

Existing law prohibits any person who has been convicted of a felony from holding office as a peace officer or being employed as a peace officer.

The bill would also disqualify any person from holding office as a peace officer or being employed as a peace officer who, after January 1, 2004, has been convicted of a crime based on a verdict or finding of guilt of a felony by the trier of fact, or upon entry of a plea of guilty or nolo contendere to a felony, as specified. The bill would further provide that a plea of guilty to a felony pursuant to a deferred entry of judgment program, as specified, would not alone disqualify a person from being a peace officer unless a judgment of guilty was entered. The bill would provide that a person who pleads guilty or nolo contendere to, or who is found guilty by the trier of fact of, an alternate felony-misdemeanor drug possession offense and successfully completes a program of probation as specified would not be disqualified to be a peace officer solely on the basis of that plea or finding if the court deems the offense to be a misdemeanor, or reduces the offense to a misdemeanor.

Existing law establishes a Commission on Peace Officer Standards and Training that has the power to, among other things, establish a certification program for peace officers and for the California Highway Patrol. Existing law grants the commission power to cancel certificates and provides that the commission must cancel certificates issued to persons convicted of a felony. Pursuant to existing law, the commission has issued regulations providing for the cancellation of certificates in various circumstances.

This bill would eliminate the commission's power to withdraw or revoke certificates. This bill would limit the commission's authority to cancel certificates to those situations in which a certificate was obtained as the result of misrepresentation, fraud, or an administrative error. This bill would also prohibit the commission from following existing regulations for the revocation or withdrawal of certificates and from issuing any new regulations that provide for the revocation or withdrawal of certificates.

This bill would require the commission to enter a notation in the commission's training record whenever a person holding a certificate is determined to be disqualified from holding

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

office or being employed as a peace officer on the ground that the person committed a specified offense. In addition, this bill would require the commission to notify the law enforcement agency that employs a person who is required to possess a basic certificate if the person is ineligible to be a peace officer due to the fact that the person committed a specified offense. The bill also would require that the person's certificate be made null and void for a felony offense and that the commission enter this information in the commission's training record. The bill would require the commission to reinstate a person's basic certificate in the event a conviction of the offense requiring ineligibility is subsequently overturned or reversed by the action of a court of competent jurisdiction.

Ch. 298 (SB 255) Ducheny. Firearms: firearm eligibility checks.

Existing law requires a licensed firearms dealer to submit specified information to the Department of Justice in connection with the purchase of a firearm to enable the department to determine whether the prospective purchaser is prohibited from purchasing or otherwise possessing a firearm.

This bill would provide a procedure to allow individuals to request that determination without the necessity of a firearm purchase. The bill would authorize the department to charge a fee for this service. This bill would also prohibit any person or agency from requiring or requesting another person to obtain a firearms eligibility check or notification of a firearms eligibility check. The bill would further provide that a violation of that prohibition would be a misdemeanor.

By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 299 (SB 296) Chesbro. Public trust lands: Kaiser Steel development area.

Under existing law, the State Lands Commission in the Resources Agency administers all laws and statutes with respect to the transfer or exchange of state lands.

This bill would authorize the State Lands Commission to do all of the following:

(a) Convey to the City of Vallejo or the Vallejo Redevelopment Agency, by patent, any and all of the right, title, and interest held by the state to tidelands and submerged lands within the Kaiser Steel development area, as specified.

(b) Receive and accept on behalf of the state any land or any interest in land, conveyed to the state pursuant to this bill or any settlement and exchange authorized by this bill.

(c) Convey to the City of Vallejo by patent all of the state's right, title, and interest held by virtue of its sovereignty, in and to the tidelands and submerged lands within the Kaiser Steel development area, as described.

This bill would state the intent of the Legislature in enacting these provisions.

Ch. 300 (SB 521) Bowen. Public Utilities Commission: customers.

(1) Existing law creates a division within the Public Utilities Commission to represent the interests of public utility customers and subscribers within the jurisdiction of the commission.

This bill would provide that for revenue allocation and rate design matters, the division would be required to primarily consider the interests of residential and small commercial customers.

(2) Existing law provides compensation for reasonable advocate's fees, reasonable expert witness fees, and other reasonable costs to public utility customers for participation or intervention in any proceeding of the commission. Existing law defines "customer" in part to include any representative of a group or organization authorized pursuant to its articles of

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

incorporation or bylaws to represent the interests of residential electrical, gas, telephone, telegraph, or water corporation customers.

This bill would also include within the definition of ''customer'' any representative of a group or organization authorized pursuant to its articles of incorporation or bylaws to represent the interests of small commercial customers, as defined by a certain peak demand threshold, who receive bundled electric service from an electrical corporation. The bill would prohibit a representative of a group representing the interests of small commercial customers who receive bundled electric service from an electrical corporation from being eligible for an award of compensation if the representative has a conflict arising from prior representation before the commission. The bill would authorize the commission to modify or change the definition of ''small commercial customer,'' to promote participation in commission proceedings by organizations representing small businesses.

Ch. 301 (SB 544) Chesbro. Veterans: recorded documents.

(1) The California Public Records Act provides that the public records, as defined, of every state or local agency are open for inspection at all times during the office hours of the agency, that every person has a right to inspect any public record except as provided in the act, and that every agency, upon request, shall make copies of records available upon payment of fees to cover costs. The act authorizes any agency to withhold disclosure of requested public records pursuant to specific statutory exemptions or by demonstrating that on the facts of the particular case the public interest served by not making the record public clearly outweighs the public interest served by disclosure of the record.

Existing law establishes that the officers of a county include a county recorder, with specified duties, including the recording of various documents according to specified procedures.

This bill would require, if any military veteran requests the recordation of any military discharge document, including a veteran's service form DD214, that the county recorder shall require the veteran to sign a form that acknowledges that the document becomes part of the official record of the county, and subject to inspection, as provided. It would also provide, contingent upon the enactment of AB 1179, that no copy of a recorded military discharge document may be issued except as provided by a specified provision of law proposed by that bill. By creating new duties for local agency officials, this bill would create a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 302 (SB 781) Margett. Parole.

Existing law requires that at least 30 days before the Board of Prison Terms meets to review or consider the parole suitability or the setting of a parole date for any prisoner sentenced to a life sentence, the board send written notice to each of the following persons: the judge of the superior court before whom the prisoner was tried and convicted, the attorney who represented the defendant at trial, the district attorney of the county in which the offense was committed, the law enforcement agency that investigated the case, and if the prisoner was convicted of the murder of a peace officer, the law enforcement agency that employed that peace officer at the time of the murder. Existing law generally provides procedures for these hearings.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize any person listed above who is authorized to forward information for consideration in a parole suitability hearing or the setting of a parole date for any prisoner sentenced to a life sentence under this section, to forward that information either by facsimile or electronic mail. The bill would, in addition, require the Department of Corrections to establish procedures for receiving the information by facsimile or electronic mail.

Ch. 303 (AB 301) Reyes. Vehicles: video displays.

(1) Existing law prohibits any person from driving a motor vehicle that is equipped with a television receiver, screen, or other means of visually receiving a television broadcast, if the device is located in the motor vehicle at any point forward of the back of the driver's seat, or is visible to the driver while operating the motor vehicle. This prohibition does not apply to a mobile digital terminal installed in a law enforcement vehicle.

This bill would recast this prohibition to prohibit a person from driving a motor vehicle if a television receiver, a video monitor, or a television or video screen, or any other similar means of visually displaying a television broadcast or video signal that produces entertainment or business applications, is operating and is located in the motor vehicle at any point forward of the back of the driver's seat, or is operating and visible to the driver while driving the motor vehicle. This prohibition would not apply to specified equipment, to a mobile, digital terminal installed in an authorized emergency vehicle, rather than a law enforcement vehicle, or to a motor vehicle providing emergency road service or roadside assistance. Because a violation of this prohibition would be a crime, the bill would establish a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 304 (AB 378) Steinberg. Escheat: insurance.

(1) Under the Unclaimed Property Law, specified intangible property that is held or owing in the ordinary course of the holder's business, and that has remained unclaimed by the owner for more than 3 years after it became payable or distributable, escheats to the state.

This bill would establish a presumption that unclaimed intangible property payable or distributable in the course of the demutualization of an insurance corporation is abandoned 3 years after either the date of last contact with the policyholder or the date the property became payable or distributable, whichever is earlier.

(2) Under existing law, among other intangible personal property, sums payable directly by a bank or financial institution on a certified check or similar written instrument for more than 5 years, as specified, escheat to the state.

This bill would shorten that time period to 3 years and would specify that any wages or salaries that have remained unclaimed by the owners for more than one year after payable escheat to the state.

(3) Existing law requires every person holding funds or other property escheated to the state to file an annual report, but establishes a separate reporting period for life insurance corporations.

This bill would expand the latter provision to apply to the report of all insurance corporation demutualization or reorganization proceeds subject to specified time periods, and would require the initial report under this provision to be filed on or before May 1, 2004.

(4) Under existing law, persons who fail to report or to pay or deliver unclaimed property to the Controller within the time prescribed are liable for interest at 12% per annum on the value of the property involved.

This bill would exempt these persons from liability for 12% interest if the failure was due to reasonable cause.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 305 (AB 414) Nakano. Residential care facilities for the elderly: administrator certification program: training.

Existing law requires the State Department of Social Services to license and regulate residential care facilities for the elderly.

Existing law requires that an administrator of a residential care facility for the elderly successfully complete a certification program approved by the department prior to employment. Existing law also requires the certificate to be renewed every 2 years and conditions the renewal upon the completion of 40 hours of continuing education approved by the department.

This bill would require that no more than $^1/_2$ of the required 40 hours of continuing education be satisfied through online courses. The bill also would authorize the department to approve online courses as continuing education courses, and to inspect these online courses, at no cost to the department. This bill would provide that the department may conduct its inspections of training programs and continuing education courses at no charge to the department.

Ch. 306 (AB 524) Haynes. Dependent children.

Existing law authorizes the removal of a child from the custody of a parent or guardian under specified conditions, including the neglect or abuse of that child or the finding by the juvenile court that the minor is a dependent child of the court.

This bill would require that if a child is removed from the physical custody of a parent or guardian on specified grounds, the child shall be returned to the physical custody of the parent or guardian immediately after a finding by the juvenile court that the child is not a person who may be adjudged to be a dependent child of the juvenile court, but, in any case, not more than 2 working days after the date of that finding, except as specified.

The bill would also require the Judicial Counsel to adopt a rule of court to ensure proper notice to a parent or guardian regarding these provisions, as specified.

Ch. 307 (AB 540) Bogh. Death certificates: peace officers.

Existing law requires the Director of Health Services, as the State Registrar of Vital Statistics, to administer the registration of births, deaths, fetal deaths, and marriages, and provides that the State Registrar of Vital Statistics has supervisory power over local registrars. Existing law contains procedures for the amendment of death certificates by the State Registrar and local registrars.

This bill would require an amended certificate of death of a peace officer who was killed in the line of duty to be processed immediately upon acceptance for filing and to be issued by the State Registrar or local registrar no later than 10 business days following acceptance for filing.

By requiring a higher level of service of local registrars, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 308 (AB 738) Jackson. Child support enforcement.

Existing law establishes the Department of Child Support Services to administer laws and regulations pertaining to the administration of child support enforcement obligations. Existing law requires each county to maintain a local child support agency.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the department to assess on at least an annual basis, each county's compliance with federal and state child support laws and regulations. Existing law authorizes each county that is determined to be out of compliance to develop and submit a corrective action plan to the department.

Existing law also establishes a state child support incentive funding program. Existing law permits a county that comes within specified standards of performance to receive state child support incentive funds only upon accepting technical assistance from the department.

This bill would create a child support enforcement quality assurance and performance improvement program under the direction and oversight of the Department of Child Support Services. The bill would require the department to assess at least once every 3 years, rather than annually, each county's compliance with federal and state child support laws and regulations, except as to counties found to be out of compliance. If a county is determined not to be in compliance, the county would be required, rather than authorized, to develop a corrective action plan. The bill would also require the department to conduct an annual assessment of the state's compliance in order to meet federal self-assessment requirements. The child support program would require each local child support agency to monitor and measure child support program performance and compliance, and ensure the implementation of actions necessary to meet state and federal requirements and to continuously improve the quality of child support program services, as specified. By imposing additional duties on local child support agencies, the bill would create a state-mandated local program. The bill would also include a statement of legislative findings and declarations and make a technical change.

The bill would also revise existing provisions relating to the department's collection of information from counties participating in a state child support incentive program, and impose a state-mandated local program by increasing the duties of counties to provide information to the department. The bill would also delete the provision authorizing a county to receive state child support incentive funds only upon accepting technical assistance from the department. The bill would additionally revise the definition of "local child support agency" as that term is used in various provisions addressing child support.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 309 (AB 777) Dutton. Anatomical gifts: organs: inquests.

The Uniform Anatomical Gift Act establishes general requirements and procedures for the donation of all or part of a human body.

Existing law authorizes a coroner or medical examiner to, among other things, assist the people of the state in the implementation of the Uniform Anatomical Gift Act, cooperate in the authorized removal and timely disposition of human organs and tissue from the bodies of deceased persons in accordance with law and accepted medical practice, and enter into agreements with one or more procurement organizations to coordinate organ recovery procedures within that coroner's or medical examiner's jurisdiction or in cooperation with other coroners or medical examiners throughout the state.

This bill would authorize the county medical examiner or coroner to permit or deny removal of organs that constitute an anatomical gift from a decedent who died under circumstances requiring an inquest, on request from a qualified procurement organization, if certain conditions are met depending upon whether an autopsy is or is not required.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require, if the medical examiner or coroner is considering withholding organs of a potential donor for any reason, the medical examiner or coroner to be present during the procedure to remove those organs, with certain exceptions. The bill would require, upon the request of the medical examiner or coroner, the qualified procurement organization requesting the removal of the organ to reimburse the medical examiner or coroner for the actual costs incurred in being present during the procedure to remove the organs.

This bill would require the health care professional removing organs from a decedent who died under circumstances requiring an inquest to file a specified report with the county medical examiner or coroner.

This bill would repeal these provisions on January 1, 2006.

The imposition of these new duties on county medical examiners and coroners would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 310 (AB 794) Frommer. Department of Insurance: Web site: disclosure.

Existing law requires that specified documents relating to formal enforcement actions against Department of Insurance licensees be displayed on the department's Internet Web site, unless a document is exempt from disclosure under other provisions of law.

This bill would require that the department remove from the Web site any order or pleading related to a disciplinary proceeding, enforcement action, or restricted license regarding specified licensees 10 years from the date the disciplinary or enforcement action becomes final or the restriction is removed, except as specified. This requirement would not apply to any order or pleading related to an enforcement action resulting in a suspended or revoked license.

Ch. 311 (AB 1141) Diaz. Meyers-Milias-Brown Act: agency shop agreements.

The Meyers-Milias-Brown Act authorizes a local public agency and a recognized employee organization that has been recognized as the exclusive or majority bargaining agent to negotiate an agency shop agreement. Under the act, an agency shop arrangement is required to be placed in effect, without a negotiated agreement, upon a signed petition of 30% of the employees in the applicable bargaining unit requesting an agency shop agreement and an election to implement an agency fee arrangement and the approval of a majority of employees who cast ballots and vote in a secret ballot election in favor of the agency shop agreement. Under the act an agency shop arrangement does not apply to management, confidential, or supervisory employees.

This bill would delete confidential and supervisory employees from the employees to which an agency shop arrangement is inapplicable.

Ch. 312 (AB 1166) Berg. Residential facilities: terminally ill persons.

Existing law provides for the licensure and regulation of community care facilities, including residential facilities for adults, by the State Department of Social Services. Existing law defines a residential facility as, among other things, a facility for nonmedical care of persons.

Existing law authorizes a residential facility that provides care for adults to obtain a waiver from the department to allow a resident who has been diagnosed as terminally ill to remain in the facility when certain conditions are met.

This bill would extend this waiver authority to include a waiver to allow a person who has been diagnosed as terminally ill to become a resident of the facility if that person is already receiving hospice services and would continue to receive hospice services without disruption, when certain conditions are met.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the department. Existing law prohibits any person who requires 24-hour skilled nursing or intermediate care, or who is bedridden, other than for a temporary illness or for recovery from surgery, from being a resident at a residential care facility for the elderly.

Existing law authorizes a residential care facility for the elderly to obtain a waiver from the department to allow a resident who has been diagnosed as terminally ill to remain in the facility, or a person who has been diagnosed as terminally ill to become a resident of the facility if that person is already receiving hospice services and would continue to receive hospice services without disruption, when certain conditions are met.

This bill would provide that a residential care facility for the elderly and a residential facility for adults that has obtained the above described waiver for hospice services need not call emergency response services at the time of a life-threatening emergency if the hospice agency is notified instead and certain conditions are met.

Ch. 313 (AB 1207) Corbett. State teachers' retirement: retirement incentive.

Existing law requires the Controller, in consultation with the Department of Finance and the State Department of Education, to develop a plan to review and report on financial and compliance audits. Existing law requires the Controller, in consultation with the Department of Finance, the State Department of Education, a representative of the county offices of education, and representatives of the California Society of Certified Public Accountants, to recommend the statements and other information to be included in the audit reports filed with the state and to propose the content of an audit guide. Existing law requires the Controller to submit a copy of the audit guide to the Department of Finance for review, or, after July 1, 2003, to the Education Audits Appeal Panel.

This bill would extend the application of these provisions in regard to the audit guide to include information relating to specified provisions of law relating to teachers' retirement.

Existing law authorized a member of the Defined Benefit Program of the State Teachers' Retirement Plan to receive an additional 2 years of service credit if the member's employer took a specified formal action, prior to January 1, 1999, encouraging its employees to retire; the member retired within the period designated in that formal action; and other conditions existed.

This bill would authorize a member of that program to receive credit for an additional 2 years of service if the member's employer takes a specified formal action, or an additional 2 years of service and 2 years of age if, prior to January 1, 2005, a specified determination is made by the employer pursuant to the terms of a memorandum of understanding or a specified formal action; the member retires within the period designated in that formal action or memorandum of understanding; and other conditions exist. The bill would also make technical changes, among others.

Ch. 314 (AB 1211) Nakano. Public safety: communication system.

Existing law gives the Public Safety Radio Strategic Planning Committee primary responsibility in state government for developing and implementing a statewide integrated public safety communication system for state government agencies that facilitates interoperability and other shared uses of public safety spectrum with local and federal agencies. Existing law provides that this committee consists of representatives of specified state agencies. Existing law also requires the committee to develop a standard memorandum of understanding that sets forth general terms for interoperability.

This bill would instead require the committee to develop a model memorandum of understanding for that purpose but would provide that a local agency may not be required to adopt the model memorandum of understanding.

The bill would make other conforming changes in the committee's duties.

Ch. 315 (AB 1413) Wolk. Delayed registration of birth: dependent children.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires the Director of Health Services, as the State Registrar of Vital Statistics, among other duties, to administer the registration of births and to supervise local registrars of births and deaths in this regard.

Existing law authorizes the filing with the State Registrar of a delayed registration of birth of any person born in California whose birth is not registered.

Existing law separately provides that a child who comes within any of a series of specified descriptions is within the jurisdiction of the juvenile court, which may adjudge that person to be a dependent child of the court.

This bill would require the State Registrar to give priority to the processing of an application for delayed registration of birth for a child who has been adjudged a dependent child of, and who is subject to the jurisdiction of, the juvenile court.

Ch. 316 (AB 1744) Committee on Revenue and Taxation. Taxation: administration.

Existing law, with respect to supplemental property tax assessments, specifies various limitation periods for assessments on the supplemental tax roll. Existing law provides for the application of property tax exemptions to those supplemental assessments provided, among other things, that an assessee file an exemption application or an amendment to a current exemption application on or before the 30th day following the date of a supplemental assessment notice in order to receive a full exemption with respect to that assessment. Existing law provides that an exemption claim is not required with respect to a supplemental assessment that results from a change in ownership of property of a purchaser that has been granted the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption on either the current roll or the roll being prepared and is being put to the same use after purchase, so long as a timely application for exemption is filed on or before the next tax lien date.

This bill would make technical amendments to clarify that, in the case of a supplemental assessment due to a change in ownership of property, an application for an exemption claim is not required to be filed until the filing date for the following lien date, if the purchaser of the property currently owns or uses property that has been granted an exemption and if the purchased property will be used for the same exempt purposes.

Existing property tax law allows taxes, penalties, and interest imposed for delinquent filings of property tax exemption applications to be reduced in the case of an exemption of a college, cemetery, church, religious, exhibition, or veterans' organization that acquires new property or is organized after the lien date, if an application for exemption is filed on or before the lien date in the calendar year next succeeding the calendar year in which the property was acquired.

This bill would allow these taxes, penalties, and interest to be reduced pursuant to these provisions only if the entity files an exemption application within 90 days from the first day of the next month following the date on which the property was acquired.

Existing property law requires each person owning taxable personal property with an aggregate cost of $100,000 or more to file a signed property statement with the county assessor. Existing law requires every person, upon request of the county assessor, to make available for examination information or records regarding personal property located on the premises owned or controlled by that person.

This bill would extend the requirement to make available for examination by the county assessor information or records regarding personal property that becomes part of new construction performed by an owner-builder or owner-developer, if that new construction is sold to a 3rd party, is constructed on behalf of a 3rd party, or is constructed for the purpose of selling that property to a 3rd party.

Existing property tax law requires the owners of specified property interests, including property that is the subject of a lease, to file a property statement with the county assessor listing all property interests held by that owner. Existing law does not require property leased

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

under a conditional sales agreement, an agreement that allows the lessee the option to purchase the leased property for a nominal price at the end of the term of the lease, to be included in the lessor's property statement.

This bill would require the lessor of property that is leased under a conditional sales agreement to list that leased property on the lessor's property statement.

The Diesel Fuel Tax Law provides for certain refunds if, among other things, the claimant supports a timely filed claim for a refund with the original invoice showing the purchase.

This bill would authorize the claim to alternatively be supported by an original invoice facsimile retained in an alternative storage media.

Ch. 317 (SB 43) Cedillo. Taxpayer contributions: Emergency Food Assistance Program Fund.

Provisions relating to the administration of personal income taxes allow individual taxpayers to contribute amounts in excess of their tax liability for the support of specified funds or accounts.

Under existing law, taxpayers are allowed, for taxable years beginning on or after January 1, 1999, and before January 1, 2004, to designate on their tax returns that a specified amount in excess of their tax liability be transferred to the Emergency Food Assistance Program Fund. The fund is subject to appropriation by the Legislature, as specified.

This bill would extend the operation of these provisions until January 1, 2009.

Ch. 318 (SB 109) Torlakson. Redevelopment: major audit violations.

The Community Redevelopment Law requires the Controller to send to the Attorney General, for prescribed action, a list of redevelopment agencies that have uncorrected major violations, as defined, of the redevelopment law.

This bill would characterize those major violations, instead, as major audit violations; require the Controller to send relevant documents and affidavits to the Attorney General with that list; require the agency to respond to any action filed by the Attorney General within 15 days of service; require the agency to forfeit a prescribed amount to the state if the court determines after a subsequent hearing that the agency has not corrected a major audit violation; and include additional matters within the definition of a major audit violation.

Ch. 319 (SB 165) Machado. Clinical laboratories.

(1) Existing law makes it unlawful, subject to specific exceptions, for a healing arts practitioner to charge for cytologic services relating to the examination of gynecologic slides that were not performed by that practitioner or under his or her direct supervision.

This bill would add another exception to these provisions, allowing a clinical laboratory to bill for cytologic services relating to the examination of gynecologic slides performed by an affiliated clinical laboratory, as defined.

(2) Existing law provides for the licensure and regulation of clinical laboratory personnel by the State Department of Health Services. Under existing law, an applicant for a clinical bioanalyst license is required to hold a degree in a biological science and successfully pass an examination conducted by the department. Existing law also requires that an applicant for a limited chemical laboratory scientist's license successfully complete an examination.

This bill would authorize the department to issue a temporary limited clinical laboratory scientist's license to an individual who has not taken the licensure examination but who has satisfied other licensing requirements. The bill would also revise the requirement for a clinical bioanalyst licensure to designate particular sciences acceptable in satisfaction of the degree criterion. The bill would authorize the department to waive the examination for an applicant who has successfully completed an examination of a national accrediting board that, in the determination of the department, has requirements equal to or greater than those required under state law. The bill would additionally revise the continuing education requirements that must be completed prior to clinical laboratory personnel licensure renewal.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 320 (SB 212) Machado. Insurance: investments: multiple employer welfare arrangements.

Existing law allows for the creation of multiple employer welfare arrangements (MEWAs), which may provide certain benefits, including health benefits, to the employees of 2 or more employers. Existing law allows MEWAs to invest their assets in securities or loans on securities that meet certain requirements, and to make specified excess funds investments.

This bill would provide that a MEWA may invest a specified portion of its assets in an open-ended diversified management company, as defined, that meets certain requirements. The bill would allow the Insurance Commissioner to require a MEWA to dispose of an investment in certain circumstances.

Ch. 321 (SB 370) Soto. Medi-Cal: dialysis: end stage renal disease.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services under the direction of the Director of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

Existing law includes dialysis treatments as a benefit within the scope of benefits provided under the Medi-Cal program.

Existing law authorizes the Director of Health Services, or a carrier acting under regulations adopted by the director, to require that any individual provider shall receive prior authorization before providing certain benefits under the Medi-Cal program.

This bill would provide that utilization controls adopted by the department shall not include prior authorization for renal dialysis treatment provided to eligible recipients for the treatment of end stage renal disease.

Ch. 322 (SB 540) Soto. Residential care facilities for the elderly: special services.

Existing law provides for the regulation and licensure of residential care facilities for the elderly by the State Department of Social Services. A violation of these provisions is a misdemeanor.

This bill would require a licensee of a residential care facility for the elderly that advertises or promotes special care, programming, or environments for persons with a specific health related condition, except as prescribed, to provide to each prospective resident prior to admission an accurate narrative description of these services and programs, in writing. The bill would require all reasonable efforts to be made to communicate this information to a person who is unable to read it himself or herself. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 323 (SB 984) Scott. Dependent children: Welfare Advance Fund payments: adoptions.

(1) Existing law requires agencies responsible for the placement of foster children, or the placement of foster children for adoption, to take into consideration specified matters in placing those children.

The Indian Child Welfare Act establishes requirements regarding the custody of children covered by that act.

This bill would provide that the above provisions of existing law shall not be construed to affect the application of the Indian Child Welfare Act.

(2) Existing law authorizes an agency placing a child in foster care, or the State Department of Social Services or licensed adoption agency to which a child has been freed

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

for adoption, to consider specified matters relating to the cultural, ethnic, or racial background of the child, and the capacity of the prospective foster parents or adoptive parents, as appropriate, to meet the needs of the child.

This bill would eliminate those provisions.

(3) Existing law establishes various aid and medical assistance programs, also known as public assistance programs.

Existing law establishes in the State Treasury the Welfare Advance Fund, and provides that moneys in this revolving fund are to be appropriated for the purpose of making payments or advances to counties and the Employment Development Department with respect to specified programs.

This bill instead would provide that moneys in the fund are appropriated for the purpose of making payments or advances to counties, Indian tribes, the federal Social Security Administration, or other federal, state, or local governmental entities, of the state and federal shares of local assistance programs, and for the payment of refunds. It would also authorize the use of funds from the Welfare Advance Fund for the purpose of making a consolidated payment, comprised of the state and federal shares of local assistance costs, to any payee associated with programs administered by the State Department of Social Services.

Because this bill would permit moneys in this appropriated fund to be used for a new purpose, it would constitute an appropriation.

(4) The Adoption Assistance Program, administered by the State Department of Social Services and each county, requires the payment of aid to adoptive families, based on the needs of program-eligible children adopted by those families.

Under existing law, one of the bases upon which a child will be eligible for adoption assistance benefits is if the child meets specified criteria, including, among others, a requirement that the child is the subject of an agency adoption, as defined, in specified circumstances.

Under the federal Social Security Act, qualified low-income aged, blind, and disabled persons are eligible to receive cash payments.

This bill, as an alternative to the requirement that the child be the subject of an agency adoption, would establish eligibility for Adoption Assistance Program benefits for a child who is otherwise eligible for program benefits and who, at the time a petition for either an agency adoption, as defined, or an independent adoption, as defined, is filed, has met the requirements for federal SSI benefits, as determined and documented by the federal Social Security Administration.

Because moneys are continuously appropriated from the State Treasury to each county to pay for a share of the cost of adoption assistance payments, the bill would constitute an appropriation.

Because the bill would expand the class of persons eligible for adoption assistance payments, it would impose additional duties upon local agencies, thereby creating a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 324 (SB 1076) Committee on Health and Human Services. Health care consumer assistance programs: continuing care retirement communities: resident satisfaction surveys.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law, until December 31, 2003, provides that all communications between a representative of the Health Rights Hotline and specified individuals, seeking assistance regarding a grievance or complaint, if reasonably related to the requirements of the representative's responsibilities for the program, and made in good faith, shall be confidential.

Existing law prohibits a discriminatory, disciplinary, or retaliatory action to be taken against any health facility, health care service plan, provider, or an employee thereof, or other specified individuals, if the Health Rights Hotline or a program of the Health Consumer Alliance, a partnership of independent, nonprofit legal services agencies, regarding a grievance or complaint and is intended to assist the program in carrying out its duties and responsibilities, unless the action was done maliciously or without good faith.

Existing law also makes certain findings concerning the Health Consumer Alliance as well as the Health Rights Hotline.

This bill would make clarifying and conforming changes to these findings.

This bill would instead provide that these provisions are repealed on January 1, 2011.

(2) Existing law provides for the regulation by the State Department of Social Services of activities relating to continuing care contracts that govern care provided to an elderly resident in a continuing care retirement community for the duration of the residents' life or a term in excess of one year.

Existing law imposes various requirements on continuing care providers including requirements that the provider permit the formation of a resident association by interested residents who may elect a governing body, and that the provider establish policies and procedures that promote the sharing of information, dialogue between residents and management, and access to the provider's governing body. Existing law further requires a continuing care provider to conduct biannually a resident satisfaction survey that would be made available to the resident association, its governing body, or to a committee of residents, and that would be posted in a conspicuous location at each facility.

This bill would instead require a continuing care provider to conduct this survey biennially.

Ch. 325 (SB 1079) Committee on Business and Professions. Department of Consumer Affairs.

(1) Existing law provides for the regulation of landscape architects by the California Architects Board. Existing law requires each licensee to notify the board's executive director of any change of business address. Existing law makes it a misdemeanor for any person to use the title "Landscape Architect" without possessing a valid, unrevoked license from the board.

This bill would require a licensee to file his or her current mailing or business address at the board's Sacramento office and would require the licensee to immediately notify the board if his or her business or mailing address changed. The bill would make it a misdemeanor to use the terms "landscape architecture," "landscape architectural," or any other titles, words, or abbreviations that would imply licensure as a landscape architect. Because the bill makes it a misdemeanor to use additional terms implying licensure as a landscape architect, the bill would impose a state-mandated local program.

(2) Existing law prohibits a private patrol operator from authorizing an employee to carry tear gas or other nonlethal chemical agent unless the employee has a certificate from the Department of Justice or the Commission on Peace Officers Standards and Training showing the employee is proficient in using tear gas or other nonlethal chemical agents.

This bill would instead require that the certificate be from the Department of Consumer Affairs, Bureau of Security and Investigative Services.

(3) Existing law, the Geologist and Geophysicist Act, provides for the registration and discipline of geologists and geophysicists by the Board for Geologists and Geophysicists. Existing law requires an applicant for registration to meet certain educational requirements

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

and have at least 7 years of specified professional geological work. Existing law requires a majority vote of the board to determine the qualifications of an applicant for registration.

This bill would instead require an applicant for registration to have graduated from a college or university with a major in geological sciences and have 5 years of documented professional geological experience. The bill would repeal the requirement that a majority of the board vote on the qualifications of an applicant for registration.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 326 (SB 60) Cedillo. Vehicles: social security account number: driver's licenses: identification cards.

(1) Under existing law, every form prescribed by the Department of Motor Vehicles for use by an applicant for the issuance or renewal by the department of a driver's license or identification card is required to contain a section for the applicant's social security account number. Existing law requires an applicant who submits one of those forms to the department to furnish the appropriate number in the space provided. Existing law prohibits the department from completing an application that does not include the applicant's social security account number. Existing law prohibits the department from including an applicant's social security account number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. Existing law declares that information obtained by the department regarding an applicant's social security account number is not a public record and prohibits the department from disclosing that information except in specified circumstances.

This bill would require those forms to contain a section for the applicant's social security account number, federal individual taxpayer identification number, or other identifier or number that is deemed appropriate by the department. The bill would allow an applicant for a driver's license or identification card who is presently not eligible for a social security account number, but who submits a specified affidavit signed under penalty of perjury, and a federal individual taxpayer identification number or other number or identifier that is deemed appropriate by the department, to submit those documents to the department in lieu of a social security account number, and those documents would be acceptable until the applicant obtains a social security account number. The bill would require that applicant upon obtaining a social security account number to provide that social security account number to the department. The bill would, however, require an application for a commercial driver's license to include the applicant's social security account number. Because the bill would expand the scope of the crime of perjury, the bill would impose a state-mandated local program.

The bill would also prohibit the department from including an applicant's federal individual taxpayer identification number on a driver's license, identification card, registration, certificate of title, or any other document issued by the department. The bill would declare that information obtained by the department regarding an applicant's federal individual taxpayer identification number is not a public record and would prohibit the department from disclosing that information, except in specified circumstances.

(2) Existing law requires the department to require every applicant for an original driver's license or identification card to submit satisfactory proof that the applicant's presence in the United States is authorized under federal law and prohibits the department from issuing a license or card to a person who does not do so. Existing law requires the department to adopt regulations, including procedures for verifying citizenship or legal residency of applicants for driver's licenses and identification cards.

This bill would repeal those requirements.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would, however, require the department to require an applicant for an original driver's license or identification card to present an identification document acceptable to the department, for the purpose of establishing identity prior to completing that application. The bill would require an applicant who furnishes the department with his or her federal individual taxpayer identification number to present to the department a birth certificate or record of birth, determined to be acceptable by the department, issued by a foreign jurisdiction, and, in addition, one other specified document determined acceptable by the department. The bill would permit an applicant who does not possess a birth certificate or record of birth to instead present 2 or more of those specified documents.

The bill would require all applications for an original or renewal driver's license to contain documentation acceptable to the department showing the applicant is presently residing in this state.

(3) Existing law authorizes the department to establish a program to renew driver's licenses by mail, for licensees not holding a probationary license, and whose records meet certain requirements for the 2 years immediately preceding the determination of eligibility for the renewal.

This bill would provide that notwithstanding any other provision of this bill or any other provision of law, an individual eligible to renew a driver's license by mail pursuant to this program is not required to personally appear at a department office for purposes of obtaining that renewal.

(4) The bill would require the Department of Justice, in consultation with the Department of Motor Vehicles and other interested parties, to study the cost, feasibility, technological capacity, and privacy implications for developing a biometrics system that guarantees that applicants for a driver's license or identification card are issued only one driver's license or identification card. The bill would require the Department of Justice on or before January 1, 2005, to report the findings of the study to the Legislature.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 327 (AB 98) Koretz. Employment: meal periods and rest periods.

Existing law authorizes the Industrial Welfare Commission to adopt or amend working condition orders with respect to break periods, meal periods, and days of rest for any workers in this state consistent with the health and welfare of those workers. Existing law prohibits an employer, with certain exceptions, from employing an employee for more than 5 hours per day without a meal period of not less than 30 minutes, or for more than 10 hours per day without a 2nd meal period of not less than 30 minutes.

This bill would provide that if the Industrial Welfare Commission adopts or amends an order that applies to an employee of a public agency who operates a commercial motor vehicle, it may exempt an employee covered by a valid collective bargaining agreement from provisions that relate to meal periods or rest periods.

Ch. 328 (AB 226) Vargas. Life insurance: corporate-owned policies.

Existing law generally regulates the issuance and terms of life insurance policies. Existing law provides that an employer has an insurable interest in the life of an employee.

This bill would prohibit an insurer from issuing or delivering a life insurance policy that is purchased by a California employer, that designates the employer as the beneficiary of the policy, and that insures the life of a California resident who is the employer's current or former nonexempt employee and who meets other specified criteria. The bill would provide that policies prohibited by the bill that are purchased on or after the effective date of the bill are void. It would allow policies purchased prior to the effective date of the bill insuring the lives of nonexempt employees to remain in effect until the next premium payment date on

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

or after the date 5 years from the effective date of the bill, but no later than January 1, 2010, at which time they would become void, unless they fall within a specified exception. The bill would make a related statement of the Legislature's intent.

Ch. 329 (AB 276) Koretz. Penalties for Labor Code violations.

Under existing law, if an employer fails to pay wages or unlawfully withholds wages, the penalty for a first violation is $50, and the penalty for subsequent or willful or intentional violations is $100 and the penalty recovered is placed in the General Fund.

This bill would increase the penalties to $100 for the first violation and $200 for subsequent or willful or intentional violations. This bill would provide that 12.5% of the penalty would be placed in a fund within the Labor and Workforce Development Agency to educate employers about state labor laws, and the remainder would be placed in the General Fund.

Under existing law, a railroad corporation that violates laws regulating employee work hours is subject to a penalty of not more than $200.

This bill would increase the maximum penalty to $500.

Under existing law, the penalty for violating the laws regulating work hours of employees in underground mines, smelters, or plants for the reduction or refining of ores or metals is $50 for the first intentional violation, and $100 for every subsequent violation.

This bill would increase the penalty to $100 for the first intentional violation and $200 for each subsequent violation.

Under existing law, the penalty for any person who does not hold a state contractor's license employing workers to perform services for which a license is required and for any person with a state contractor's license who knowingly enters into a contract with a person to perform services for which a contract is required and that person does not meet the status of independent contractor or does not hold a state license is $100.

This bill would increase the penalty to $200.

Under existing law, any employer who pays less than the minimum wage is subject to a civil penalty of $50 for each underpaid employee for each pay period.

This bill would increase the penalty to $100.

The bill would also make other technical, nonsubstantive changes to existing law.

Ch. 330 (AB 309) Chu. Contracts: foreign languages.

Existing law requires a person in a trade or business who negotiates specified contracts or agreements primarily in the Spanish language to deliver to the other party prior to execution thereof, a Spanish language translation of the contract or agreement, except as specified. Failure to comply entitles the aggrieved party to rescind the contract or agreement.

This bill would, on July 1, 2004, extend these provisions to the foreign languages of Chinese, Tagalog, Vietnamese, and Korean, in addition to the Spanish language. The bill would also set forth the findings and declarations of the Legislature in this regard.

This bill would incorporate additional changes to Section 1632 of the Civil Code proposed by SB 146, to become operative only if SB 146 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

Ch. 331 (AB 458) Chu. Foster care.

Existing law requires the State Department of Social Services to license community care facilities, including facilities that provide foster care services for children. Existing law regulates foster family homes and provides for their licensure by certified foster family agencies, the county, or the State Department of Social Services.

Existing law provides that it is the policy of the state that foster children have specified rights.

Existing law requires an administrator of a group home facility to complete a certification program. Existing law requires licensing personnel at the department to have specified

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

training. Existing law requires every licensed foster parent to complete specified preplacement training and additional annual training. Existing law requires that each community college district with a foster care education program make orientation and training available to a relative caretaker.

This bill would add to the rights contained in the policy referred to above, the rights of a foster child to have fair and equal access to all available services, placement, care, treatment, and benefits, and to not be subjected to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity, mental or physical disability, or HIV status. This bill would require training for administrators, licensing personnel, licensed foster parents, and relative caretakers to include training about these rights.

This bill would also state that it is the policy of this state that all persons engaged in providing care and services to foster children are to have fair and equal access to all available programs, benefits, services, and licensing processes, and shall not be subjected to discrimination or harassment, as specified.

This bill would provide that this policy shall not be interpreted to create or modify existing preferences for foster placements, or to limit the local placement agency's ability to make placement decisions for the child based on the child's best interests.

Ch. 332 (AB 945) Nunez. Detention of minors in adult facilities.

Existing law permits the detention of minors in jails and other secure facilities for the confinement of adults if certain conditions are met, including that the juvenile court or court of criminal jurisdiction makes a finding that the minor's further detention in the juvenile hall would endanger the safety of the public or would be detrimental to the other minors in the juvenile hall.

Existing law also authorizes the juvenile court to order that certain minors who have committed specified serious or violent offenses and who have been declared to be not a fit and proper subject to be dealt with under juvenile law, or whose cases have been filed directly in or transferred to a court of criminal jurisdiction, be delivered to the custody of the sheriff, upon making a specified finding.

This bill would permit a minor to be detained in a jail or other secure facility for the confinement of adults pursuant to those provisions only if the court makes its findings on the record, and, in addition, finds that the minor poses a danger to the staff, other minors in the juvenile facility, or to the public, as specified.

Ch. 333 (AB 1379) Calderon. Telecommunications: mobile telephony service.

Existing law requires a provider of commercial mobile radio service, no later than January 1, 2004, to provide subscribers with a means by which a subscriber can obtain reasonably current and available information on the subscriber's calling plan or plans and service usage.

This bill would require a provider of mobile telephony service to include roaming usage and charges in that information.

Existing law requires each provider of commercial mobile radio service to inform subscribers of the above information at the time service is established.

This bill would instead require each provider of mobile telephony service to so inform subscribers.

Existing law states the Legislature's intent that reasonably available, current usage information be provided to all commercial mobile radio service subscribers, taking into consideration technical limitations that may affect reporting to a consumer, including, but not limited to, limitations on reporting "roaming" minutes incurred when a commercial mobile radio service subscriber is outside his or her plan coverage area.

This bill would delete that provision.

Ch. 334 (AB 1708) Committee on Judiciary. State Bar of California.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law, the State Bar Act, provides for the licensing and regulation of attorneys by the State Bar of California and establishes the Conference of Delegates of the State Bar. Existing law also establishes certain provisions applicable to a nonprofit successor entity of the Conference of Delegates of the State Bar if it is incorporated.

This bill would delete provisions regarding the Conference of Delegates of the State Bar. The bill would specify the Conference of Delegates of California Bar Associations as the successor entity of the Conference of Delegates of the State Bar.

Existing law, until January 1, 2004, gives an unsuccessful applicant for admission to the State Bar of California the right to inspect, within 4 months after the results of the examination have been declared, his or her examination papers that are in the actual, physical possession of the examining committee. Commencing January 1, 2004, existing law gives an unsuccessful applicant the right to inspect any of his or her examination documents within 4 months after the results of the examination have been declared.

This bill would instead make this change on January 1, 2009.

Existing law authorizes the State Bar to issue an order of public reproval against a State Bar member and authorizes an order of public reproval that imposes discipline or accepts resignation with a disciplinary matter pending to include a direction that the member pay costs.

This bill would make an order meeting that criteria enforceable as a money judgment and authorize it to be included in the individual's membership fee. The bill would declare that costs are penalties payable to the State Bar to promote rehabilitation and to protect the public.

Existing law provides for the enforcement of laws regarding unfair competition by authorizing injunctive actions to be prosecuted by the Attorney General, district attorney, county counsel, or city attorney or prosecutor, or any person or entity acting for the interests of itself, its members, or the general public as specified.

This bill would require the State Bar to report to the Assembly and Senate Committees on Judiciary by January 1, 2005, on the status of its regulatory and disciplinary efforts concerning alleged abuses in private actions brought on behalf of the general public.

Existing law authorizes the State Bar of California, until January 1, 2004, to charge an annual membership fee of up to $310 to active members of the State Bar.

This bill would extend the State Bar's authority to charge this membership fee to December 31, 2004.

Existing law provides for certain waivers of the State Bar annual membership fee. An active member with annual income from the practice of law of less than $25,000 is presumptively eligible for a 50% waiver.

This bill would instead provide that an active member with annual individual earned income of less than $30,000 from any source is presumptively eligible for a 50% waiver.

Existing law establishes the Client Security Fund to relieve or mitigate losses caused by the dishonest conduct of members of the State Bar in the practice of law. Existing law requires an attorney to reimburse the fund for money paid as a result of his or her conduct as a condition of continued practice.

This bill would authorize an assessment for reimbursement to be enforced as a money judgment if it is part of an order imposing public reproval or part of an order imposing discipline or accepting resignation with a disciplinary matter pending.

Ch. 335 (SB 90) Torlakson. Tenancy: security deposits.

Existing law permits a landlord to apply security for a rental agreement to reimburse the landlord for certain costs incurred in connection with the tenancy. Existing law requires the landlord, within 3 weeks after the tenant vacates, to furnish the tenant, by personal delivery or by first-class mail, an itemized statement indicating the basis and amount of any security received and the disposition of the security. Existing law requires the landlord to return the remaining portion of the security to the tenant.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise these provisions to require a landlord to include, with certain exceptions, copies of specified documents showing the charges incurred and deducted, and would prohibit this information from being provided to a tenant prior to specified time periods. If the copies lack certain information about the person or entity providing the labor or material, the landlord would be required to provide that information. The bill would establish specific methods by which a landlord may satisfy his or her obligation to provide the above-described information and remaining security, if any.

This bill would incorporate additional changes to Section 1950.5 of the Civil Code proposed by AB 1384, to be operative if AB 1384 and this bill become effective on or before January 1, 2004, and this bill is enacted last.

Ch. 336 (SB 129) Escutia. Trial courts: budget process.

Existing law requires the Judicial Council to adopt policies and procedures governing budgeting in the trial courts, and specifies the duties of the Administrative Director of the Courts in this regard.

This bill would require the Judicial Council to circulate proposed amendments to those policies and procedures, as specified, and provide for the duties of the Administrative Office of the Courts with respect to requests to transfer funds.

Ch. 337 (SB 445) Kuehl. Coastal access: State Coastal Conservancy.

(1) Existing law requires the State Coastal Conservancy to accept any outstanding offer to dedicate a public accessway that has not been accepted by another public agency or nonprofit organization within 90 days of its expiration date.

This bill would make a clarifying change in that provision.

(2) Existing law requires the conservancy to open at least 3 public accessways each year either directly or by awarding grants to public agencies or nonprofit agencies for that purpose.

This bill would condition that requirement on the extent that funds are available for that purpose.

(3) Existing uncodified law authorizes the conservancy to transfer public access easements or other less-than-fee interests in property to a public agency or nonprofit organization for development, management, or public use, and to enter into agreements with those entities for those same purposes.

This bill would codify those provisions and make related changes.

(4) Existing law established the Coastal Access Account in the General Fund and in the State Coastal Conservancy Fund.

This bill would clarify that the Coastal Access Account is only in the State Coastal Conservancy Fund.

Ch. 338 (SB 515) Kuehl. Civil actions.

Existing law provides that a cause of action against a person arising from any act of that person in furtherance of the person's right of petition or free speech under the United States or California Constitution in connection with a public issue, as specified, is subject to a special motion to strike, unless the court, after considering the pleadings and supporting and opposing affidavits, determines that there is a probability that the plaintiff will prevail on the claim.

This bill would provide that certain actions are not subject to a special motion to strike, as specified, including, but not limited to, any action brought solely in the public interest or on behalf of the general public, if specified conditions exist. The bill would further provide that related appeal provisions are not applicable to these actions. The bill would also provide that its provisions are severable, and would make specified findings and declarations.

Ch. 339 (SB 728) Scott. Student financial aid: Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law, known as the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Act, establishes the Cal Grant A and B entitlement programs, the California Community College Transfer Cal Grant Entitlement Program, and the Competitive Cal Grant A and B awards under the administration of the Student Aid Commission, and establishes eligibility requirements for awards under these programs. To be eligible for these awards, applicants must establish that their household income and asset levels do not exceed specified amounts.

This bill would provide that any applicant who qualifies to be considered under the simplified needs test established by federal law for student assistance shall be presumed to meet the asset level requirements established by the act. The bill would require that, prior to disbursing any Cal Grant funds, a qualifying institution participating in the Cal Grant programs resolve any conflicts that may exist in the data the institution possesses relating to that individual.

Ch. 340 (SB 967) Burton. Postsecondary education: Private Postsecondary and Vocational Education Reform Act of 1989: regionally accredited institutions.

Existing law, known as the Private Postsecondary and Vocational Education Reform Act of 1989, generally sets minimum standards of instructional quality, ethical and business practices, health and safety, and fiscal responsibility for private postsecondary and vocational educational institutions, as defined. The act excludes from the definition of private postsecondary educational institutions subject to regulation under its provisions for-profit institutions accredited by the Accrediting Commission for Senior Colleges and Universities or the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (WASC), if the institution exclusively confers degrees upon the completion of a course of study of 2 or more years. The act establishes the Bureau for Private Postsecondary and Vocational Education, which, among other things, is required to review and investigate all institutions, programs, and courses of instruction approved under the act. Numerous terms are defined for the purposes of the act.

This bill would modify that definitional exclusion to exclude all for-profit institutions accredited by WASC.

The bill would define ''non-WASC regional accrediting agency'' and ''non-WASC regionally accredited institution'' for the purposes of the act.

The bill would require a non-WASC regionally accredited institution to include, in its application to operate in this state, a copy of the certificate of accreditation issued by the non-WASC regional accrediting agency. The bill would require the bureau to determine that a non-WASC regionally accredited institution meets prescribed requirements before granting the institution approval to issue degrees. The bill would require the bureau to include, in an annual report to the Legislature and the California Postsecondary Education Commission that is required under existing law, its findings and recommendations relative to institutions that have secured institutional or programmatic approval pursuant to this provision.

The bill would also make related technical changes.

Ch. 341 (SB 1002) Sher. Santa Clara Valley Water District.

(1) Existing law generally regulates the storage of hazardous substances in underground storage tanks and requires underground storage tanks that are used to store hazardous substances and that are installed after January 1, 1984, to meet certain requirements. These requirements are required to be implemented by the local agency. Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund. The money in the fund may be expended by the State Water Resources Control Board, upon appropriation by the Legislature, for various purposes, including paying for an agreement with a local agency for overseeing and abating unauthorized releases. The term

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

local agency is defined for purposes of these provisions as the certified, unified program agency (CUPA), except as specified, which is the only local agency authorized to enforce those provisions. Existing law requires the board to develop and implement a local oversight program for the abatement of, and oversight of the abatement of, unauthorized releases of hazardous substances from underground storage tanks by local agencies. The board is required to enter into an agreement with a local agency to implement the local oversight program. The board is authorized to select only those local agencies that have implemented the provisions regulating underground storage tanks and that collect and transmit to the board a specified surcharge or fees.

This bill would authorize the board to enter into an agreement with a local agency and the Santa Clara Valley Water District to implement the local oversight program in Santa Clara County until June 30, 2004. If that agreement is entered into, the bill would authorize the board to provide funding to the Santa Clara Valley Water District for oversight costs incurred by the district on and after July 1, 2002, until June 30, 2004. If the agreement is entered into, the bill would require the Santa Clara Valley Water District to have the same authority and responsibility as a local agency, for specified purposes related to underground storage tanks.

The bill would ratify certain actions of the Santa Clara Valley Water District relating to underground storage tanks taken by the district on and after January 1, 1988, until January 1, 2004, or until the effective date of an agreement between the board, a local agency, and the Santa Clara Valley Water District, as specified.

(2) The bill would declare that, due to the unique circumstances pertaining to the Santa Clara Valley Water District that the bill is intended to remedy, a general statute within the meaning of specified provisions of the California Constitution cannot be made applicable and a special statute is necessary.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 342 (AB 846) Vargas. Smoking: public buildings.

Existing law prohibits any state employee or member of the public from smoking a tobacco product inside a state-owned or state-occupied building, or a state-leased and state-occupied building, as defined, or within 5 feet of the main exit or entrance of these buildings, or in a passenger vehicle owned by the state.

This bill would instead prohibit smoking inside a public building, as defined, and within 20 feet of a main exit, entrance, or operable window of a public building. It would also provide that these provisions would not preempt the authority of any county, city, city and county, California Community College campus, campus of the California State University, or campus of the University of California to adopt and enforce additional smoking and tobacco control ordinances, regulations, or policies that are more restrictive than the standards required by this bill.

This bill would also make other technical, nonsubstantive, and conforming changes to these provisions.

Ch. 343 (AB 852) Lieber. Prevailing rate of per diem wages: determinations.

Existing law generally requires the payment of the prevailing rate of per diem wages and the prevailing rate for holiday and overtime work to employees employed on public works projects that cost more than $1,000. Existing law requires the Director of Industrial Relations to determine these wage rates and to provide these wage rates to an awarding body, as defined, that requests them.

This bill would require the director, upon a request by the state or a political subdivision of the state, to determine and provide these wage rates to the state or a political subdivision that agrees by contract with a private entity that that private entity's employees, in performing the contract, receive the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work. This bill would require the director to respond to these requests in the order in which the requests were received, as specified. This bill would require

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the director to respond only to the first 20 requests if more than 20 requests are pending in a calendar year. This bill would require the director to respond to additional requests in a calendar year only if the director determines that funding is available to provide these responses.

Ch. 344 (AB 310) Kehoe. Employee bargaining units: salary deductions.

Existing law requires the governing board of a school district and the governing board of a community college district that deduct employee organization membership dues or service fees from the salary payment of an employee of the district to transmit the amount of the deduction to the organization. Existing law requires that classified employee dues be transmitted on the same designated date of each month and that certificated employee dues be transmitted no later than the 15th day of each pay period.

This bill would require the governing board of a school district and the governing board of a community college district that collect or deduct dues, agency fees, fair share fees, or any other fee or amount of money from an employee's salary for the purpose of transmitting the money to an employee organization, to transmit the money to the employee organization within 15 days of issuing the paycheck containing the deduction. The bill would prohibit a school district and a county office of education from requesting, and the State Board of Education from granting, a waiver of compliance with this provision.

Ch. 345 (AB 547) Liu. Postsecondary education: National Guard, State Military Reserve, and Naval Militia.

(1) Existing law prohibits campuses of the University of California, the California State University, or the California Community Colleges from charging any tuition or fees to certain dependents or survivors of veterans, including any child of any veteran of the United States military who has a service-connected disability, has been killed in service, or has died of a service-connected disability, where the annual income of the child, including the value of any support received from a parent, does not exceed the national poverty level, as defined.

This bill would, until January 1, 2007, grant to qualifying members of the National Guard, the State Military Reserve, and the Naval Militia an entitlement to academic leave when active duty, as defined, interrupts college attendance for the purpose of pursuing an undergraduate degree.

(2) Existing law, known as the Ortiz-Pacheco-Poochigian-Vasconcellos Cal Grant Act, establishes the Cal Grant A and B entitlement awards, the California Community College Transfer Entitlement awards, the Competitive Cal Grant A and B awards, the Cal Grant C awards, and the Cal Grant T awards under the administration of the Student Aid Commission, and establishes eligibility requirements for awards under these programs for participating students attending qualifying institutions.

This bill would require, until January 1, 2007, that a recipient of a Cal Grant award who is a member of the National Guard, the State Military Reserve, or the Naval Militia on active duty, as defined, who is obliged to withdraw from his or her studies because of that active duty, and who later resumes those studies no later than one year after completing that active duty, does not forfeit either any of the monetary value of the Cal Grant award or any of his or her period of eligibility for that award.

(3) Existing law establishes an Assumption Program of Loans for Education, under which an applicant enrolled in a participating institution of postsecondary education, or an applicant who agrees to participate in a teacher trainee or teacher internship program, and who further agrees to obtain a teaching credential in a subject area that is designated as a current or projected shortage area or to provide classroom instruction in a school that serves a large population of pupils from low-income families, is eligible to enter into an agreement for loan assumption, to be paid by the Student Aid Commission upon becoming employed as a teacher.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would establish, commencing with the 2004–05 fiscal year, and ending with the 2006–07 fiscal year, a similar loan assumption program, to be known as the National Guard Assumption Program of Loans for Education, for qualifying members of the National Guard, the State Military Reserve, or the Naval Militia as defined, who seek, or who have completed, baccalaureate degrees at institutions of higher education within this state, who receive a loan under a designated loan program, and who complete a certain period of service as a qualifying member.

(4) Existing law establishes the Office of the Adjutant General. Among other things, the office administers the California National Guard.

The bill would, until January 1, 2007, request the Office of the Adjutant General to make copies of the enrollment fee waiver application of the Board of Governors of the California Community Colleges and the Free Application for Federal Student Aid (FAFSA) available to each member of the California National Guard, the State Military Reserve, and the Naval Militia who does not have a baccalaureate degree. The bill would also request the Office of the Adjutant General to assist these persons in completing these forms, as needed.

Ch. 346 (AB 1250) Laird. Teacher development: intolerance and hatred prevention.

Existing law, the Instructional Time and Staff Development Reform Program authorizes the Superintendent of Public Instruction, each fiscal year, to provide each eligible school district, county office of education, and charter school with a staff development allowance for up to 3 days for each certificated classroom teacher, and for up to one day for each classified classroom instructional aide and certificated teaching assistant who participates in staff development instructional methods, including among other things, teaching strategies and other training designed to improve pupil performance.

This bill would additionally authorize the allowance to be used for training designed to improve intolerance and hatred prevention.

Ch. 347 (AB 188) Maze. Absentee voting.

Under existing law special absentee voters, defined as members of the armed forces and their spouses and dependents and overseas citizens of the United States, are permitted to apply for absent voter's ballots.

This bill would provide that when voters who qualify as special absentee voters apply for absent voter's ballots, their applications are deemed to be affidavits of registration and applications for permanent absentee voter status and these voters will have absent voter's ballots sent to them for future elections. The bill would further provide that special absentee voters who receive absent voter's ballots may write in the name of any candidate who has qualified to have his or her name placed on the ballot or qualified as a write-in ballot at the time of the election, and the bill would make other minor changes in the procedures for processing applications for absent voter's ballots by special absentee voters. Because this bill would increase the duties of local elected officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would incorporate additional changes in Section 3206 of the Elections Code proposed by AB 593 that would become operative only if AB 593 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would also incorporate additional changes in Section 3206 of the Elections Code proposed by AB 1681 that would become operative only if AB 1681 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

Ch. 348 (AB 236) Bermudez. Physicians and surgeons.

The Medical Practice Act provides for the licensing and regulation of physicians and surgeons by the Medical Board of California.

This bill would prohibit any person from being licensed under that act who is required to register with the police as a sex offender, subject to an exception. The bill would require the board to promptly revoke the license of any person who is subject to or becomes subject to that registration requirement, subject to the same exception. The bill would authorize the revoked licensee, 5 years after the revocation and 3 years after termination of parole or probation, to petition the superior court for a license reinstatement hearing. The bill would require the petitioner to provide notice to the Attorney General and the board and would allow those parties to present argument at the hearing on the petition. The bill would provide that if the court finds that the individual no longer poses a possible risk to patients, the court shall order the Medical Board of California to reinstate the license, and if the court denies relief, the license revocation would remain in place. The bill would authorize the board to issue a probationary license to a person whose license has been revoked pursuant to these provisions subject to specified terms and conditions.

Ch. 349 (AB 315) Salinas. California Seed Law: funding.

(1) Existing law, the California Seed Law, requires the Secretary of Food and Agriculture to pay specified sums to counties as a subvention for costs incurred in enforcing that law. Under existing law, the secretary is required to pay a total annual subvention to counties of 30% of the total assessment received by the secretary, up to $120,000. Under existing law, the fees collected pursuant to the California Seed Law are continuously appropriated to the Department of Food and Agriculture to carry out these provisions.

This bill would instead require the secretary to pay a total annual subvention to counties of $120,000.

(2) Existing law provides for these provisions to become inoperative on July 1, 2004, and to be repealed as of January 1, 2005.

This bill would extend the inoperative date of those provisions to July 1, 2009, and the repeal date to January 1, 2010. The bill would make an appropriation by increasing the subventions in some circumstances and by continuing in effect the subventions until July 1, 2009.

Ch. 350 (AB 317) Salinas. Food and agriculture: tomatoes.

Existing law defines tomatoes to mean all tomatoes that are produced for commercial purposes and are handled within the state in fresh form, except cherry tomatoes, and tomatoes grown in a greenhouse. Existing law requires every person who handles tomatoes in any quantity to keep specified records and requires that these records be offered and submitted for inspection, as specified. Existing law makes it a misdemeanor to fail to keep and furnish these records as required.

This bill would include cherry tomatoes and tomatoes grown in a greenhouse in the definition of tomato if approved by the producers and handlers of those tomatoes pursuant to a referendum. By expanding the group of people subject to the above reporting requirements, this bill would expand the scope of an existing crime, and, thus, would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 351 (AB 332) Mullin. Airports: land use commissions.

The State Aeronautics Act governs the creation and operation of airports in this state. Under the State Aeronautics Act, each county in which there is an airport served by a scheduled airline and each county with an airport operated for the benefit of the general public, with certain exceptions, is required to establish an airport land use commission, to designate a body to carry out the responsibilities of a commission, or to contract with the Department of Transportation to carry out the responsibilities of a commission. The commission is required to formulate a comprehensive land use compatibility plan to provide for the orderly growth of the airport and the area surrounding the airport within the jurisdiction of the commission, and safeguard the general welfare of the inhabitants within the vicinity of the airport and the public in general. The commission is required to submit a copy of the comprehensive land use compatibility plan to the Division of Aeronautics of the department and the division is required to notify the airport land use commission of any omission in the plan of required matter.

Under the State Aeronautics Act, the general plan or special plans of a local agency, including a city, county, or special district, are required to be consistent with the airport land use compatibility plan and each local agency whose general plan or plans includes areas covered by an airport land use compatibility plan is required to submit a copy of its plan, any amendment, any zoning ordinance, and any building regulation, to the airport land use commission. If the plan, amendment, zoning ordinance, or building regulation is inconsistent with the airport land use compatibility plan, the airport land use commission is required to notify the local agency and the local agency is required to have a hearing to reconsider its plan or action. A public agency owning any airport within the boundaries of an airport land use compatibility plan may overrule an airport land use commission's action or recommendation affecting an airport within the jurisdiction of that public agency, after a hearing, by a $^2/_3$ vote of its governing body, except the County of Marin, which may overrule by a majority vote of its governing body, and the making of specific findings that the proposed action is consistent with the purposes of protecting public health, safety, and welfare, minimizing the public's exposure to excessive noise, and minimizing safety hazards within areas around the public airport.

This bill would declare the intent of the Legislature to discourage incompatible land uses near airports and to clarify that school districts and community college districts are also subject to a comprehensive land use compatibility plan. The bill would provide that a local or public agency may propose to overrule an airport land use commission's action or recommendation affecting an airport within the jurisdiction of that public agency after a hearing, by a $^2/_3$ vote of its governing body, except the County of Marin, which may overrule by a majority vote of its governing body, if it makes specific findings that the proposed action is consistent with the purposes of protecting public health, safety, and welfare, minimizing the public's exposure to excessive noise, and minimizing safety hazards within areas around the public airport. The bill would require the local or public agency governing body to provide the airport land use commission and the division with the proposed decision and findings at least 45 days prior to the decision to overrule the commission and would authorize the commission or the division to make advisory comments within 30 days of receiving the proposed decision and findings. The bill would require that the advisory comments from the commission or division be included in the final record of any final decision to overrule the commission.

By requiring local agency governing boards to provide notice to the division and commission and incorporate department and commission comments in the public record, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 352 (AB 444) Vargas. Life insurers: guarantees.

Existing law allows a life insurer meeting certain criteria to guarantee, pursuant to an approved policy, contract, or agreement, the value of the assets allocated to a separate account, which as provided under the applicable policy, contract, or agreement is not chargeable with liabilities arising out of any other business the company may conduct, or the investment results thereof, or the income thereon, or the benefits payable pursuant to the approved policy, contract, or agreement, and may transfer to the separate account cash to maintain its reserves for those guarantees, as specified. Existing law allows the commissioner to issue a bulletin setting forth reasonable requirements for insurers issuing policies, contracts, or agreements containing these guarantees. Existing law provides that these policies, contracts, and agreements must be filed by the insurer with the commissioner before being marketed or issued in this state.

This bill would specify an alternative to this filing and approval procedure for these policies, contracts, and agreements. It would permit an insurer to file with the commissioner the proposed form of the policy, contract, or agreement, together with an officer's certificate, accompanied by an actuarial certification and demonstration, and other supporting material, all in accordance with procedures set forth in the bulletin. New information would be required to be included in the bulletin, which the bill would permit to be amended by the commissioner, as specified. The bill would permit the insurer to issue and deliver the policy, contract, or agreement the day following approval by the commissioner of this alternative filing. Absent explicit approval, it would permit an insurer to issue and deliver the policy, contract, or agreement 30 working days after a completed alternative filing, unless the commissioner gives a specified written objection or notification to the insurer. The bill would require the bulletin to set forth procedures for an insurer to respond to the objections. It would authorize the commissioner to suspend an insurer's authority to use the policy, contract, or agreement approved under this alternative procedure, and declare the insurer ineligible to utilize the procedure for a period not to exceed 3 years from the date of the filing of the policy, contract, or agreement, if the filing is improper, as specified. It would permit a policy not approved pursuant to these new provisions to be refiled under the original filing procedures.

Existing law allows an insurer to deliver or issue for delivery one or more policies, contracts, or agreements that establish the insurer's obligations under the policies, contracts, or agreements by reference to a portfolio of assets that is not owned by or possessed by the insurer, if certain requirements are met. Existing law requires the commissioner to issue a bulletin setting forth reasonable requirements for insurers that issue these policies, contracts, or agreements.

This bill would specify that these policies, contracts, and agreements that are not otherwise subject to filing under applicable law and regulation, shall be filed by the insurer with the commissioner before being marketed or issued in this state, and would authorize the commissioner to disapprove them as provided. This bill would permit, rather than require, the commissioner to issue the bulletin with regard to this type of policy, contract, or agreement, and would specify the bulletin's contents in a manner making it similar to the bulletin for separate account asset value guarantee policies, contracts, and agreements, as specified above. If the commissioner issued this bulletin regarding these policies, contracts, and agreements establishing insurer obligations by reference to a portfolio not owned or possessed by the insurer, the bill would permit an insurer to use an alternative filing mechanism with regard to these policies based on the bulletin. This alternative filing

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedure would be analogous to the alternative filing procedure permitted for separate account asset value guarantee insurance, as specified above.

Existing law provides that the commissioner may not withdraw approval of a policy except on specified grounds, and must provide a hearing on request to an insurer facing withdrawn approval within 30 days of demand, or the withdrawal is ineffective. Existing law, prior to an amendment leaving an inaccurate cross-reference, exempted certain policies and documents required to be approved by the commissioner and subject to a specified approval withdrawal procedure from this alternative approval withdrawal procedure.

This bill would correct the inaccurate cross-reference, and would additionally exempt policies, contracts, and agreements regarding separate account asset value guarantees and establishing insurer obligations by reference to a portfolio not owned or possessed by the insurer from the application of these approval withdrawal provisions.

Ch. 353 (AB 513) Matthews. Juries: peace officers.

Existing law exempts certain peace officers from jury panels sent to courtrooms for voir dire in civil and criminal matters, and other specified peace officers from jury panels sent to courtrooms for voir dire in criminal matters.

This bill would require the Judicial Council, on or before January 1, 2005, to adopt a rule of court to establish procedures for jury service to give scheduling accommodations to specified peace officers.

Ch. 354 (AB 813) Salinas. Cost recovery and fund allocation.

Existing law authorizes operators to file specified claims for operating costs with a transportation planning agency.

This bill would, exclude from operating costs when calculating fare revenue ratios, additional operating costs, as specified, to provide complementary paratransit service as required by the Americans with Disabilities Act of 1990. The bill would also exclude from those costs until January 1, 2007, additional costs for liability insurance premiums.

Existing law provides that funds in the State Transportation Fund contained in the Transportation Planning and Development Account shall be available, when appropriated by the Legislature, only for specified transportation planning and mass transportation purposes. Under existing law, funds from this account are allocated by the Controller to each transportation planning agency and county transportation commission and the San Diego Metropolitan Transit Development Board. Existing law precludes this allocation for operating costs, however, to an operator that fails to meet specified efficiency standards, which are based on the operating cost per revenue vehicle hour. Under existing law, a transportation planning agency, a county transportation commission, and the San Diego Metropolitan Transit Development Board may adjust the calculation of operating costs and revenue vehicle hours based on the exclusion of cost increases beyond the change in the Consumer Price Index (CPI) for specified items and on the exclusion of startup costs for new services.

This bill would require a transportation planning agency, a county transportation commission, and the San Diego Metropolitan Transit Development Board to adjust the calculation of operating costs and vehicle hours for purposes of the efficiency standards. The bill would also modify the items for which cost increases above CPI are excludable to also exclude those cost increases above CPI for power, settlement payments, and additional operating costs to provide paratransit service required by the Americans with Disabilities Act of 1990.

Ch. 355 (AB 936) Reyes. Trespass: maternity wards.

Existing law makes it unlawful for persons to engage in certain acts of trespass, and punishes most trespasses as misdemeanors.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would make it a trespass to knowingly enter or remain in a neonatal unit, maternity ward, or birthing center located in a hospital or clinic without lawful business to pursue therein, if the area has been posted so as to give reasonable notice, as specified, restricting access to those with lawful business to pursue therein and the surrounding circumstances would indicate to a reasonable person that he or she has no lawful business to pursue therein. Violation of this provision would be punishable as an infraction by a fine of not more than $100, except that an offender refusing to leave when instructed could be punished by imprisonment in a county jail for a period not to exceed one year, a fine not to exceed $1,000, or both. A second or subsequent violation would be punishable by imprisonment in a county jail for a period not to exceed one year, a fine not to exceed $2,000, or both. By creating a new crime, this bill would impose a state-mandated local program.

The bill would require the court, if probation is granted for a person convicted of this crime, to order as a condition of probation that the person participate in counseling, as designated by the court, unless the court finds good cause not to impose the counseling. The bill would require the cost of this counseling to be paid by the defendant, unless a showing of good cause not to pay is made.

This bill would incorporate additional changes in Section 602 of the Penal Code proposed by AB 1263, SB 993, or both, contingent upon the prior enactment of one or both of those bills.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 356 (AB 941) Yee. State hospitals.

(1) Under existing law, a person cannot be tried or adjudged to punishment while that person is mentally incompetent.

Existing law sets forth procedures under which a criminal defendant who was adjudged mentally incompetent and who has regained mental competence, shall be returned to the committing court, and subsequently returned to a hospital or other commitment facility based on a need for continued treatment in order to maintain competence to stand trial. Existing law provides that the state shall only pay for 10 hospital days for patients following the filing of a certificate of restoration of competency. Existing law requires the State Department of Mental Health to report annually in January to specified committees of the Legislature on the number of days that exceed this 10-day limit.

This bill would, instead, require this annual report to be made in February. This bill would also require that report to include a data sheet that itemizes by county the number of days that exceed the 10-day limit.

(2) Existing law prohibits the admission to Napa State Hospital of patients, in excess of a specified number, whose placement has been required pursuant to the Penal Code, until specified conditions are met, except as provided.

This bill would repeal this provision and would revise other requirements concerning the patient population at Napa State Hospital. This bill would also repeal certain obsolete requirements concerning the construction of the Atascadero State Hospital.

(3) Existing law establishes certain state hospitals for the care, treatment, and education of the mentally disordered, and provides that the department has jurisdiction over these entities.

This bill would specify that Coalinga State Hospital is one of these entities.

Ch. 357 (AB 1014) Canciamilla. Vessels: abandonment.

Existing law prohibits any person from abandoning a vessel upon a public waterway or public or private property without the express or implied consent of the owner or person in lawful possession or control of the property, except as specified. The abandonment of any

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

vessel in this manner is prima facie evidence that the last registered owner of record, not having notified the appropriate registration or documenting agency of any relinquishment of title or interest therein, is responsible for the abandonment and is thereby liable for the cost of removal and disposition of the vessel. A violation of this prohibition is an infraction and is punished by a fine of not less than $500 nor more than $1,500.

This bill would require the Department of Boating and Waterways, on or before January 1, 2005, to submit recommendations to the Legislature on strategies to prevent recreational vessels from being abandoned and to facilitate the ability of owners to turn in their recreational vessels to public agencies for disposal in lieu of abandonment. The bill would require the Director of Boating and Waterways to appoint an Abandoned Vessel Advisory Committee to assist the department in preparing these recommendations. The bill would specify the membership of the committee and would require the committee to serve without compensation and without reimbursement by the state for expenses. The bill would require the department to assist the committee in carrying out its duties.

Ch. 358 (AB 1124) Nunez. School facilities maintenance and repair.

(1) Existing law, the Leroy F. Greene School Facilities Act of 1998, requires the State Allocation Board to allocate to applicant school districts, prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding, and supplemental funding for site development and acquisition.

Existing law requires the board to require a participating school to keep state-funded facilities in good repair, to establish a restricted facilities maintenance account within the school district's general fund, and to deposit an amount equal to 3% of the school district's general fund into the fund for maintenance of the facility pursuant to a prescribed priority.

This bill would require that a priority for the use of that maintenance funding be to ensure that facilities, including, but not limited to, restroom facilities for pupils, are functional and that they meet local hygiene standards generally applicable to public facilities.

(2) Existing law authorizes a school district to establish a restricted fund known as the "district deferred maintenance account" for the purpose of major repair or replacement of school facilities systems.

Existing law requires the State Allocation Board to allocate, within prescribed limits, matching state funding from the State School Deferred Maintenance Fund to applicant school districts for this purpose.

This bill would require that a priority for use of the state funds be to ensure that facilities, including, but not limited to, restroom facilities for pupils, are functional and that they meet local hygiene standards generally applicable to public facilities.

Ch. 359 (AB 1180) Harman. Jury duty.

Under existing law, a prospective trial juror who has been summoned for jury service and fails to attend as directed or respond to the court may be compelled to attend, as specified. In addition, after an order to show cause hearing, the court may find the prospective juror in contempt of court, which is punishable by fine, incarceration, or both.

This bill would permit the court, in lieu of imposing penalties for contempt, to impose reasonable monetary sanctions of no more than $250 for a first violation, $750 for a 2nd violation, and $1,500 for the 3rd and any subsequent violation, upon a prospective juror who has failed to respond and who has not been excused, after first providing the prospective juror with notice and an opportunity to be heard, as specified. The bill would express the intent of the Legislature that funds derived from the sanctions be allocated, to the extent feasible, to the family and civil courts. The bill would also require the Judicial Council to provide a procedure for prospective jurors against whom a sanction has been imposed by default to move to set aside the default. The bill would require the Judicial Council to report to the Legislature regarding the effects of implementing these provisions on or before December

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

31, 2005. The bill would also provide that its provisions shall remain effective until January 1, 2007, unless extended by statute. The bill would also make a clarifying change.

Ch. 360 (AB 1181) Ridley-Thomas. Automobile insurance: rating information disclosures.

Existing law requires that an insurance policy shall specify various information.

This bill would require that a policy of automobile insurance contain, at policy issuance and in each renewal notice sent prior to the renewal of the policy, a rating information disclosure regarding the information that was applied in determining the premium that was charged for the policy. The bill would require that the policy specify various information that was used as the basis for rating the coverage, including, among other things, the traffic convictions and the number of at fault property damage and bodily injury accidents for each rated driver or vehicle. It would require compliance with these provisions by March 1, 2004.

Ch. 361 (AB 1263) Benoit. Trespass.

Existing law makes it unlawful for persons to engage in certain acts of trespass. In particular, existing law makes it unlawful for a person to knowingly enter upon any airport operations area, as defined, if the area has been posted with notices restricting access, as provided. Existing law also makes it a crime to possess specified weapons, replica weapons, parts of weapons, and ammunition within a sterile area of an airport, as defined, to which access is controlled by screening of persons and property, except as provided.

This bill would make it a trespass to enter or reenter the sterile area of an airport after intentionally avoiding submission to the screening and inspection of one's person and accessible property in accordance with the procedures being applied to control access to that area. That trespass would be punishable as a misdemeanor with imprisonment of not more than 6 months in a county jail unless a violation is responsible for the evacuation of an airport terminal, is responsible in any part for delays or cancellations of scheduled flights, and the sterile area is posted with reasonable notice that the trespass may be prosecuted, in which case it would be punishable as a misdemeanor with not more than 1 year imprisonment in a county jail.

By creating a new crime, this bill would impose a state-mandated local program.

This bill would incorporate additional changes in Section 602 of the Penal Code proposed by AB 936, SB 993, or both, contingent upon the prior enactment of one or both of those bills.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 362 (AB 1348) Lowenthal. Hazardous waste.

(1) Existing law requires any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, to complete a manifest prior to the time the waste is transported or offered for transportation and to submit the manifest to the Department of Toxic Substances Control. A violation of the hazardous waste control laws is a crime.

This bill would require, on and after January 1, 2005, an offsite hazardous waste facility operator that rejects an entire shipment or partial shipment of hazardous waste, after signing the manifest, to prepare a new manifest pursuant to a specified procedure, subject to more stringent requirements or preemption under the federal Resource Conservation and Recovery Act of 1976 (RCRA).

The bill would require, if a hazardous waste shipment is rejected before the original manifest is signed by the facility operator, that the original manifest is to be used to transport the rejected load. The bill would require a transporter, after a shipment is rejected, to transport

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the hazardous waste to either the generator or a facility designated by the generator, accompanied by the original manifest or a new manifest.

The bill would provide that a facility operator that rejects an entire shipment or partial shipment of hazardous waste is not the generator, arranger for disposal, nor a transporter, as specified, of that hazardous waste. The bill would provide that the facility operator is the offeror, as defined, of the rejected hazardous waste. The bill would specify accumulation time limits on the generator of hazardous waste who receives a rejected shipment. The bill would provide that a transporter of hazardous waste that consolidates shipments of waste, and whose consolidated shipment is rejected by a hazardous waste facility, may hold that shipment, as specified.

The bill would require a generator or transporter to instead comply, as specified, with federal regulations, if the United States Environmental Protection Agency adopts regulations pursuant to RCRA that preempt, or are more stringent than, state regulation.

Since a violation of these requirements would be a crime pursuant to other provisions of law, the bill would impose a state-mandated local program by creating new crimes.

(2) Existing law allows a hazardous waste facility that meets specified conditions to conduct bulk, packaged, or containerized unloading and loading operations, as defined, pursuant to specified criteria, including that the loading or unloading be conducted within secondary containment that meets the requirements of any regulations adopted by the department for bulk transfers.

This bill would require that the loading or unloading of bulk hazardous waste be conducted with a containment device or system capable of collecting and containing leaks and spills until the leaked or spilled material is removed and would authorize the department to establish specific secondary containment standards for bulk transfer areas that allow the practical use of trucks and railcars.

(3) Existing law defines "used oil" for purposes of the provisions regulating the handling of used oil and defines recycled oil as meeting specified purity standards, including total PCBs of 2 mg/kg or less and prohibits any person who generates, stores, or transfers used oil from intentionally contaminating used oil with other hazardous waste, except as specified. Existing law allows a used oil recycling facility to mix used oil with a contaminated petroleum product or with an oily waste, other than wastes listed as hazardous under specified federal law, under certain conditions. A violation of the laws regulating used oil is a crime.

This bill would allow a used oil transfer or recycling facility to mix used oil with a contaminated petroleum product or with an oily waste other than wastes listed as hazardous if the facility is authorized by the Department of Toxic Substances Control pursuant to a hazardous waste facilities permit, standardized permit, or other grant of authorization from the department and would additionally require the mixing of the used oil to be specifically authorized in the permit. The bill also would revise the definition of "used oil" to include material subject to regulation as used oil under federal regulations. The bill would revise the purity standard for recycled oil to be less than 2 mg/kg of PCBs. Since a violation of the bill's requirements would be a crime, the bill would impose a state-mandated local program by creating a new crime.

(4) Existing law requires a hazardous waste transporter who transports used oil to provide a written acknowledgment to each generator of used oil from whom the transporter receives used oil.

This bill would require this notice to be provided at least once each year, except as specified. Since a violation of this new requirement concerning the transportation of used oil would be a crime, the bill would impose a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 363 (AB 1382) Correa. Contractors: arbitration, civil penalties, and licensing.

(1) Existing law, the Contractors' State License Law, provides for licensing and regulation of contractors by the Contractors' State License Board. Existing law establishes an arbitration process administered by the board to resolve disputes between contractors and consumers. The failure of a contractor to comply with an arbitration award results in the automatic suspension of the contractor's license by operation of law within 30 days following notification of the contractor by the board, and results in revocation of the license after one year in the absence of a reinstatement request made by the contractor upon complying with the arbitration award. Existing law provides a similar license suspension and revocation process relative to a contractor who fails to pay a civil penalty or comply with an order of correction or an order to pay a specified sum to an injured party in lieu of correction.

This bill, in both of the situations described above, would instead provide for the revocation of the license within 90 days, but would authorize the registrar of the board, for good cause, to delay the revocation for not more than one year.

(2) Existing law authorizes an arbitrator to grant any remedy or relief deemed just and equitable and within the scope of the board's referral to the arbitrator and the requirements of the board, including specific performance of a contract as well as monetary damages.

This bill would delete the authority of an arbitrator to order specific performance of a contract but would specify that it would not prevent an arbitrator from awarding a complainant all direct costs and expenses for the completion or repair of the project.

(3) Existing law requires the board to pay the expenses of one expert witness in an arbitration proceeding upon the request of either party.

This bill would require the board to pay those expenses only if the case involves workmanship issues.

(4) Existing law provides that a contractor who refuses to pay a final court judgment or final arbitration award relative to failing to pay a contractor, consumer, materials supplier, or employee must file a judgment bond with the board that is sufficient to guarantee payment of the judgment, in order for the contractor to be licensed.

This bill would revise these provisions and make other related changes.

(5) Existing law authorizes the board to assess a civil penalty not exceeding $2,000 upon its licensees for specified violations of the Contractors' State License Law.

This bill would increase the amount of this civil penalty up to $5,000.

(6) Existing law prohibits any person whose license was denied, revoked, or suspended who had knowledge and participated in the acts for which the license was denied, revoked or suspended, from serving as a member, officer, director, or associate of a licensee.

This bill would exempt from this prohibition a person whose license was denied for failure to document sufficient satisfactory experience for a supplemental classification for an existing license.

(7) Existing law prohibits a partner or managing officer or employee from disassociating himself or herself from a license after receiving a citation in order to avoid complying with the citation.

This bill would instead prohibit a partner or managing officer or employee from disassociating himself or herself from a license after an act or omission that resulted in a citation in order to avoid complying with the citation.

(8) Existing law allows a suspended contractor's license to be renewed only as an inactive license and prohibits a contractor from engaging in licensed activity until the license is reinstated.

This bill would instead authorize the renewal of an expired license which has been suspended as an active license but would prohibit a contractor with a suspended license from engaging in any activity relating to the license until the license is reinstated.

Ch. 364 (AB 1689) Levine. Elections: voter registration.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law provides that a voter who has moved within the same county, but has not reregistered to vote at the new address, may vote on the day of the election at the polling place of the current address, upon showing proof of the current address.

This bill would delete the requirement that the voter must show proof of the current address and would delete the corresponding requirement that the Secretary of State adopt regulations regarding that provision.

Ch. 365 (AB 1710) Committee on Judiciary. Courts.

(1) Existing law authorizes a minor to petition the superior court of the county in which he or she resides or is temporarily domiciled for a declaration of emancipation. Existing law requires the clerk of the court to notify the district attorney of the county where the matter is to be heard of the proceeding. If the minor is a ward or dependent child of the court, existing law requires that the notice be given to the probation department.

This bill would require the clerk of the court to notify the local child support agency, rather than the district attorney, and, if the minor is a dependent child of the court, to notify the county welfare department, rather than the probation department.

(2) Existing law establishes the Trial Court Trust Fund.

Existing law also provides, until July 1, 2007, for the imposition of a 10% state surcharge on specified court fees. Existing law requires the clerk to transmit the amount collected to the Trial Court Trust Fund.

This bill would exempt jury fees and fees for court reporter services, as specified, from that surcharge.

(3) Existing law establishes the Trial Court Improvement Fund in the State Treasury, to be administered by the Judicial Council.

This bill would provide that royalties received from the publication of uniform jury instructions be deposited in the Trial Court Improvement Fund.

(4) Existing law imposes, until July 1, 2007, a state surcharge of 20% on a base fine imposed and collected by a court for a criminal offense, as specified.

Existing law also requires the clerk of the court to collect a fee from persons ordered or permitted to attend traffic violator schools or other court-supervised programs of traffic safety instruction, in an amount equal to the total bail, as defined, set forth for the eligible offense.

This bill would revise the provision imposing a 20% state surcharge to provide that the term "total bail" as used in the latter provision does not include that surcharge.

(5) Existing law specifies the persons who may receive summary criminal history information.

This bill would enact a provision operative July 1, 2004, authorizing Court Appointed Special Advocate programs to submit fingerprint images and related information of employment and volunteer candidates to the Department of Justice in order to obtain information regarding convictions and arrests, as specified.

(6) Existing law authorizes the juvenile court to issue ex parte orders, after a petition has been filed to declare a child to be a ward of the juvenile court, enjoining any person from molesting, attacking, threatening, sexually assaulting, stalking, or battering the child.

This bill would additionally authorize the juvenile court to issue an ex parte order enjoining any person from engaging in those acts against any other child in the household.

The bill would provide that if a person who was named in a temporary restraining order or emergency protective order is personally served with the order and a notice of hearing with respect to a subsequent restraining order or protective order based thereon, but that person fails to appear at the hearing either in person or represented by counsel, and if the terms and conditions of the subsequent order are the same as the prior order, except for the duration of the order, the subsequent order may be served on the person by first-class mail. The bill would require that judicial forms for these orders include a specified statement.

The bill would also make various technical changes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 366 (AB 1724) Committee on Agriculture. Pesticides.

(1) Existing law authorizes the Structural Pest Control Board, or county agricultural commissioners when acting as representatives of the Director of Pesticide Regulation to suspend a structural pest control operator's license or impose specified monetary civil penalties for violations of the laws relating to structural pest control.

This bill would include violations of specified provisions relating to structural fumigation in the above provision.

(2) Under existing law, it is unlawful for any person to engage for hire in the business of pest control in any county unless the person has registered for the then current calendar year with the county agricultural commissioner.

This bill would make it unlawful for any person to advertise, solicit, or operate as a pest control business unless the person is registered with the commissioner for the current calendar year. The bill would make other technical, nonsubstantive changes.

(3) Existing law requires that any action brought for various violations of provisions and regulations regarding pesticides be commenced by the director, the commissioner, the Attorney General, the district attorney, the city prosecutor, or the city attorney, as the case may be, within 2 years of the occurrence of the violation, except as specified. However, under existing law, when an investigation is completed and submitted to the director, the action is required to be commenced within one year of that submission.

This bill would require that when a commissioner submits a completed investigation to the director for action by the director or the Attorney General, the action shall be commenced within one year of that submission. The bill would provide that this provision does not preclude the director from returning the investigation to the commissioner for action to be commenced by the commissioner, the district attorney, the city prosecutor, or the city attorney, to be commenced within 2 years of the occurrence of the violation. The bill would also require that an action brought by the director against any person who possesses or uses any pesticide that is not registered pursuant to specified provisions, or for which registration has been suspended, shall commence within 4 years of the occurrence of the violation.

Ch. 367 (SB 144) Escutia. Judicial Council: trial court meetings.

Existing law requires the Judicial Council to undertake studies and adopt rules relating to the administration of the trial courts.

This bill would require the Judicial Council to adopt rules concerning the administrative and financial functions of a trial court and requiring trial courts to give notice to the public of decisions concerning those functions.

Ch. 368 (SB 145) Alpert. Special education: due process rights.

Existing law provides for the various rights that extend to a parent or guardian of a special education pupil, including the right to obtain an independent educational assessment. Existing law requires, as part of the assessment plan given to parents or guardians, the parent or guardian of the pupil to be provided with a written notice that includes certain information, including the right to obtain an independent educational assessment.

This bill would require that if a public education agency observed the pupil in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a pupil, an equivalent opportunity applies to an independent educational assessment of the pupil in the pupil's current educational placement, and to observation of an educational placement and setting, if any, proposed by the public education agency, regardless of whether the assessment is initiated before or after the filing of a due process hearing proceeding. To the extent school districts would be required to allow schoolsite access to independent assessors, this bill would impose a state-mandated local program.

The bill would require the written notice to also include that, if a parent or guardian proposes a publicly financed placement of the pupil in a nonpublic school, the public education agency shall have an opportunity to observe the proposed placement and the pupil

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

in the proposed placement. The bill would prohibit the observation or assessment of any other pupil who is not the subject of the observation without the consent of his or her parent or guardian.

Existing law enumerates the requirements for a state hearing, including the requirement that the state hearing be conducted by a person knowledgeable in the laws of special education and administrative hearings, and sets forth the authority of the hearing officer.

This bill would require the person to have satisfactorily completed training pursuant to this act. The bill would require the Superintendent of Public Instruction to establish standards for the training and degree of specialization of hearing officers and for quality control mechanisms to ensure fair hearings and accurate decisions. The bill would authorize the hearing officer to set a reasonable time limit for the hearing.

This bill would make other technical, nonsubstantive changes.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 369 (SB 276) Vasconcellos. Controlled substances.

(1) Existing law provides that any manufacturer, wholesaler, retailer, or other person in this state who sells, transfers, or otherwise furnishes any of a list of specified chemical substances to any person or business entity in this state or any other state shall, prior to the transaction, require a letter of authorization and "proper identification" from the purchaser, as specified, and submit a report containing specified information to the Department of Justice. Failure to submit a report or to knowingly submit a false report, and a violation of the provisions on proper identification, are crimes. Selling, transferring, or otherwise furnishing or obtaining any of the specified chemical substances without a permit is a misdemeanor or a felony.

This bill would apply these requirements also to any entity in this state that sells, transfers, or otherwise furnishes any of the list of specified chemical substances to any person or entity in this state or any other state. The bill would add red phosphorous, as defined, to the list of chemical substances for which a report is required. The bill would revise the definition of "proper identification." The bill would require the information regarding the letter of authorization and proper identification, as well as the manifest of any common carrier used, to be maintained or retained in a readily available manner for 3 years. By revising existing crimes, this bill would impose a state-mandated local program.

(2) Existing law provides that any person who sells, transfers, or otherwise furnishes the above specified chemical substances to a person under 18 years of age shall be punished by imprisonment in a county jail not exceeding 6 months, by a fine not exceeding $1,000, or by both that fine and imprisonment.

This bill would provide that a second or subsequent conviction for a violation of the above provision shall be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding $10,000, or by both that fine and imprisonment. By revising existing crimes, this bill would impose a state-mandated local program.

(3) Existing law provides that any manufacturer, wholesaler, retailer, or other person in this state who purchases for sale, or who sells to any person in this state or any other state, any laboratory glassware or apparatus, any chemical reagent or solvent, or any combination thereof, where the value of the goods sold in the transaction exceeds $100 and payment for the goods is made by specified means, shall require proper purchaser identification and retain the bill of sale for 3 years, as specified. A violation of these provisions is a misdemeanor punishable by imprisonment in a county jail not exceeding 6 months, by a fine not exceeding $1,000, or by both that fine and imprisonment.

This bill would provide that for sales of these goods that are face-to-face sales or will-call sales a bill of sale containing specified information shall be prepared and retained for 5 years,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

and for all other sales specified sales information shall be maintained for 5 years. This bill would provide that a second or subsequent conviction for a violation of the above provision shall be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding $100,000, or by both that fine and imprisonment. The bill would make conforming changes to a related provision. By revising existing crimes, this bill would impose a state-mandated local program.

(4) This bill would also provide that any manufacturer, wholesaler, retailer, or other person or entity in this state that exports any of the list of specified chemical substances to any person or business entity located in a foreign country shall, on or before the date of exportation, submit to the Department of Justice a notification of that transaction, as specified. The bill would furthermore exempt any analytical research facility that is registered with the federal Drug Enforcement Administration of the United States Department of Justice from the reporting and licensing requirements specified above.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(6) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 370 (SB 285) Speier. Income taxes: innocent spouse.

Existing income tax laws provide that an individual who made a joint return may elect to be relieved from liability for additional taxes and penalties if, among other things, that individual did not know of, and had no reason to know of, an understatement of tax attributable to erroneous items of the other individual filing the joint return.

This bill would, until January 1, 2009, provide that, if an individual has been granted relief from specified joint and several liability provisions of federal income tax laws, that individual is also entitled to relief under California income tax laws, if specified conditions are satisfied.

This bill would also require the Franchise Tax Board to report to the Legislature on or before January 1, 2008, regarding the impact of this bill on requests for innocent spouse relief.

Ch. 371 (SB 625) Committee on Public Employment and Retirement. Public Employees' Retirement: Board of Administration.

Existing law authorizes the Director of the Department of Personnel Administration to designate a deputy director of the department, who is exempt from civil service, to act in the director's place on any state board, commission, or committee of which the director is a member. The director is a member of the Board of Administration of the Public Employees' Retirement System.

This bill would additionally authorize the director to designate a deputy, employed under the director's authority, to act in the director's place on that Board of Administration.

Ch. 372 (SB 690) Ashburn. Horse racing.

Existing law authorizes the Horse Racing Board to permit fairs to operate satellite wagering facilities at their fairgrounds, under certain conditions. In addition, existing law permits any fair in San Joaquin, Humboldt, Fresno, or Shasta County, with the approval of the Department of Food and Agriculture and the authorization of the board, to operate one satellite wagering facility within the boundaries of the fair, as specified. Existing law permits any fair in Kern County to operate a satellite wagering facility at its fairgrounds under specified circumstances.

This bill would permit any fair in Kern County, with the approval of the Department of Food and Agriculture and the authorization of the board, to operate one satellite wagering facility within the boundaries of the fair, on the same conditions as apply in Shasta County.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Under existing law, all revenue distributed to the state as license fees from satellite wagering facilities is required to be deposited in the Fair and Exposition Fund and is continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

By authorizing a satellite wagering facility within the boundaries of any fair in Kern County, this bill would provide for the additional payment of license fees by the satellite wagering facility for deposit in the fund, thereby making an appropriation, and authorizing the imposition of a state tax for purposes of Article XIII A of the California Constitution.

Ch. 373 (SB 739) Ducheny. Children's services: Indian tribes.

Existing law requires each county to provide child welfare services. Existing law also requires each county to provide payments on behalf of eligible children in foster care pursuant to the Aid to Families with Dependent Children-Foster Care (AFDC-FC) program. Both the provision of child welfare services programs and the AFDC-FC program are subject to regulations adopted by the State Department of Social Services.

Existing law authorizes the Director of Social Services, in accordance with federal law, to enter into agreements with Indian tribes to delegate to the Indian tribe county responsibilities for either or both the provision of child welfare services and the provision of payments pursuant to the AFDC-FC program.

This bill would, until January 1, 2007, authorize the director to establish a 3-year pilot project with the Washoe Tribe of California and Nevada to explore the feasibility of permitting Indian tribes to provide child welfare services to a broad population of Indian children and families within Indian reservations or rancherias.

This bill would require that, prior to the implementation of the pilot project, the director establish an implementation workgroup, as specified.

This bill would require child welfare services allocation methodologies for these contracts to be developed by the workgroup, in consultation with, and agreed to by, the department, the affected county, and the participating Indian tribe.

This bill would also provide that implementation of agreements pursuant to its provisions that would delegate county responsibilities for child welfare services or assistance payments shall not be construed to impose liability on, or to require indemnification by, the participating county or the state for any act or omission by an officer, agent, or employee of the participating tribe.

Ch. 374 (SB 795) Karnette. Motorist aid program.

(1) Existing law, the Freeway Service Patrol Act, establishes the freeway service patrol program managed by the Department of the California Highway Patrol, the Department of Transportation, and a regional or local entity to provide emergency roadside assistance on freeways located in an urban area. Under existing law, a county, pursuant to a specified process, may establish a service authority for freeway emergencies.

This bill would authorize a service authority to operate the freeway service patrol in the county or region in which the authority was created, but would require it to obtain approval from any other agency operating a freeway service patrol in the county or region.

(2) Existing law establishes a system of call boxes along the California Freeway and Expressway System for motorists to obtain assistance. Existing law authorizes a service authority for freeway emergencies to contract with the department or a private entity to handle calls originating from the authority's motorist aid call boxes.

This bill would also authorize an authority to contract with a public entity to handle calls originating from the authority's motorist aid call boxes. The bill would specify that funds exceeding the amount required for the system of call boxes may be used to operate the freeway service patrol. The bill would make related changes.

(3) Existing law establishes the Emergency Roadside Assistance Advisory Committee to recommend training standards for designated providers of emergency roadside services.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would abolish that committee.

Ch. 375 (AB 104) Lowenthal. Common interest developments: account books.

The Davis-Stirling Common Interest Development Act defines and regulates common interest developments. The act requires that an association manage the common interest development and that the association make available specified financial documents to the members of the association.

This bill would require an association to make the accounting books and records and the minutes of proceedings of the association available for inspection and copying by a member of the association, or the member's designated representative, as specified. The bill would permit the association, under certain circumstances, to satisfy these requirements by providing copies of the requested records by mail. The bill would permit the association to withhold or redact information from the accounting books and records and the minutes of proceedings when the release of the information is reasonably likely to lead to identity theft, fraud in connection with the association, or is privileged by law, with specified exceptions regarding compensation of employees, vendors, and contractors. The bill would prohibit, among other things, the sale or commercial use of the association's accounting books and records and minutes of proceedings. The bill would permit the member to bring an action to enforce the right to inspect and copy from the accounting books and records and the minutes of proceedings, and would require a court to award the member reasonable costs and expenses, as specified, if it finds that the association unreasonably withheld access to the books and records and the minutes of proceedings. The bill would also permit the court to assess a civil penalty of up to $500 for each violation.

Ch. 376 (AB 137) Correa. Income taxes: designated contributions: senior citizens.

Under the Personal Income Tax Law, taxpayers are allowed, until January 1, 2005, to contribute amounts in excess of their tax liability for the support of the California Fund for Senior Citizens. Existing law provides for the repeal of the contribution provisions for these funds either on the January 1 following the calendar year for which the Franchise Tax Board estimates that the minimum contribution amount will be less than a prescribed amount or on January 1, 2005, whichever occurs first.

This bill would, under this latter limit, extend the operation of those contribution provisions until January 1, 2010.

Ch. 377 (AB 172) Nakanishi. Law enforcement funding.

Existing law requires the board of supervisors, at a public hearing held in September in each year that the Legislature appropriates funds for law enforcement purposes through the Supplemental Law Enforcement Services Fund established in each county treasury, to consider and determine each submitted request within 60 days of receipt.

This bill would delete the requirement that the hearing be held in September and require the hearing to be held at a time determined by the board, or within 30 days after a request by a recipient agency for a hearing if the funds have been received by the county from the state prior to that request.

Ch. 378 (AB 179) Chan. California Children and Families Commission.

(1) The California Children and Families Act of 1998, an initiative measure, requires that the California Children and Families Program, established by the act, be funded by certain surtaxes imposed on the sale and distribution of cigarettes and tobacco products and deposited into the California Children and Families Trust Fund, and that the fund be used for the implementation of comprehensive early childhood development and smoking prevention programs. Existing law establishes a state commission, the California Children and Families Commission, with specified powers and duties relating to the administration of the act on a state level.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that the state commission may also be known as First 5 California, and would delete reference to the name of the state commission used for mass media and other communication purposes.

(2) Existing law also establishes county commissions for purposes of administering the act on a local level. Existing law requires the state commission and each county commission, on or before October 15 of each year, to conduct an audit of, and issue a written report on the implementation and performance of, their respective functions during the preceding fiscal year.

This bill would change the date the state commission is required to annually conduct the audit and prepare this report from October 15 to January 31, and would revise the minimum content of the report.

(3) The California Constitution provides that the Legislature may amend an initiative statute by another statute that becomes effective only when approved by the voters unless the initiative statute permits amendment without voter approval. The act provides that it may be amended by a vote of $^2/_3$ of the membership of both houses of the Legislature and that all amendments pursuant to this provision shall be to further the act and must be consistent with its purposes.

This bill, in conformance with those requirements, would declare that its provisions further the act and are consistent with its purposes.

Ch. 379 (AB 182) Harman. Exempt property: evaluation.

(1) Existing law sets the maximum value of various forms of real and personal property that is exempt from the enforcement of judgments in bankruptcy proceedings, as specified. Existing law further provides that certain, alternative exemptions, available at the debtor's option, shall be increased in accordance with periodic adjustments of similar exemptions provided under federal bankruptcy laws.

This bill would delete the latter provision for periodic adjustments of certain exempt property, and, instead, would require the Judicial Council to determine on or before April 1, 2004, and at each 3-year interval ending on April 1 thereafter to adjust, the amount of the exemptions applicable to that exempt property based on the change in the annual California Consumer Price Index for All Urban Consumers, and to prepare conforming forms for those adjustments. The bill would also make conforming changes, and increase the statutory value of various forms of real and personal property that are exempt under alternative provisions.

(2) Existing law sets the value of various forms of real and personal property exempt from provisions governing transfers and grants, and provisions governing execution on claims, with respect to property acquired by persons for the support of whom public moneys have been expended, as specified.

This bill would increase the statutory value of specified forms of real and personal property that are exempt under the latter provisions and require the Judicial Council to publish the current exemptions.

Ch. 380 (AB 255) Jerome Horton. Elections: local government seals.

Existing law provides that any person who uses or allows to be used any reproduction or facsimile of the seal of a county in campaign literature or a mass mailing with the intent to deceive the voters is guilty of a misdemeanor.

This bill would extend this provision to cover the use of a reproduction or facsimile of the seal of a local government agency, as defined by the bill to include a school district or special district, thereby expanding the scope of a misdemeanor and, thus, creating a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 381 (AB 284) Chavez. Deferred annuities: nonforfeiture.

Existing law provides that, with certain exceptions, no annuity contract shall be delivered in this state unless it provides, among other things, (1) that upon cessation of payments under the contract, the company will grant a paid-up annuity benefit of a specified value and (2) in the case of certain contracts, that the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit in a specified amount. Existing law requires the company to reserve the right to defer the payment of this cash surrender benefit for a period of 6 months after demand therefor.

This bill would require that these annuity contracts also provide that the company shall grant the paid-up annuity benefit upon the written request of the contract owner.

The bill would eliminate the requirement applicable to certain contracts that a company reserve the right to defer the payment of the cash surrender benefit for a period of 6 months, and would instead allow the company to reserve that right after making written request and receiving written approval of the commissioner, as specified. The bill would allow payment of the cash surrender benefit to be deferred for a period not to exceed 6 months.

Existing law provides for different calculations of minimum nonforfeiture amounts for contracts involving flexible considerations and those involving a single consideration, as specified. Existing law sets certain minimums upon the considerations used to determine the minimum nonforfeiture amount of a contract.

This bill would provide for a uniform method of calculating minimum nonforfeiture amounts under these contracts. It would modify the interest rate applicable to accumulations under these contracts, the amounts by which those accumulations may be decreased, and the minimum amount of considerations used to determine the minimum nonforfeiture amount, as specified. The bill would provide that these provisions shall apply to contracts issued on and after January 1, 2006, but that a company may elect to apply them, on a contract-form-by-contract-formbasis, to any contract issued on or after January 1, 2004, and before January 1, 2006.

The bill would allow the Insurance Commissioner to adopt regulations to implement these provisions and to adjust the calculation of minimum nonforfeiture amounts for certain other contracts.

Ch. 382 (AB 479) Maldonado. Escrow agents.

Existing law, the Escrow Law, provides for licensing and regulation by the Commissioner of Corporations of persons engaged in business as escrow agents, unless specifically exempted. Existing law requires persons licensed as escrow agents to be members of the Escrow Agents' Fidelity Corporation, which is established as a nonprofit corporation to indemnify its members against loss, subject in certain cases to a deductible, and which is funded by fees and assessments on its members. Existing law requires employees of escrow agents and various other persons to obtain a certificate from the corporation as a condition of employment or compensation.

This bill, prior to licensure by the commissioner, would require an applicant for an escrow agent license to apply for a certificate from the corporation for each proposed shareholder, officer, director, trustee, manager, or employee who is to be compensated by the licensee, and would authorize the commissioner to refuse to issue a license to an applicant that has failed to comply with the corporation's membership requirements. The bill would revise the application requirements for membership in, and certification by, the corporation. The bill would revise the schedule establishing the coverage the corporation is required to provide its members. The bill would revise the annual assessment the corporation bills and collects from its members. The bill would make other related changes. This bill would incorporate additional changes in Section 17209.3 of the Financial Code, contingent upon the prior enactment of AB 1031.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 383 (AB 528) Mullin. Alzheimer's disease: dementia: residential care facilities for the elderly.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services. Existing law requires the director of the department to adopt regulations for these facilities.

This bill would provide that residential care facilities for the elderly that serve residents with Alzheimer's disease and other forms of dementia should include information on sundowning as part of the training for direct care staff, and should include in the plan of operation a description explaining activities that are available for residents to decrease the effects of sundowning, including, but not limited to, increasing outdoor activities in appropriate weather conditions. This bill would define sundowning to mean a condition in which persons with cognitive impairment experience recurring confusion, disorientation, and increasing levels of agitation that coincide with the onset of late afternoon and early evening.

Ch. 384 (AB 534) Vargas. Immigration consultants: client protection.

Existing law regulates the practice of immigration consultants, defined as persons who provide nonlegal assistance or advice in an immigration matter. Existing law makes a violation of the provisions governing immigration consultants a crime.

Existing law requires an immigration consultant to meet certain requirements, including (1) requiring a consultant to conspicuously display a notice stating, among other things, that he or she is not an attorney, (2) requiring a consultant to provide specified written disclosures, (3) requiring a consultant to provide a client with a written contract containing information that includes the services to be provided and the amount charged, and (4) prohibiting a consultant from retaining original documents of a client.

This bill would require the written disclosure to be in the client's native language and to contain the name of the employee who consulted with the client. The bill would require the contract to state the purpose for which the consultant has been hired, and to list and explain documents to be prepared by the consultant and the actions that the consultant will take. The bill would require a consultant to provide a signed receipt and a statement of accounting meeting certain requirements and to provide a written translation of the statement in the client's native language. The bill would prohibit an immigration consultant from making certain guarantees, promises, or statements orally to a client.

This bill would require the notice posted in the consultant's office to include the services provided, the fees, and the name of the consultants. The bill would also require a consultant to return all original documents that the client has provided and to provide a copy of the client file to law enforcement at the request or with the permission of the client.

Because this bill would create new requirements for an immigration consultant, the violation of which would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 385 (AB 587) Ridley-Thomas. Voter registration.

Existing law requires that an affidavit of registration shall show specified information concerning the affiant including the facts necessary to establish the affiant as an elector.

This bill would require that the affidavit of registration contain a space that would enable the affiant to state his or her ethnicity or race, or both. The bill would provide that an affiant may not be denied the ability to register because he or she declines to state his or her ethnicity or race. The bill would require the Secretary of State to design a model affidavit of registration that allows for the inclusion of information concerning the ethnicity or race, or both, of an affiant.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The bill would allow the Secretary of State and each local election official to exhaust existing supplies of voter registration affidavits prior to printing new or revised forms.

Ch. 386 (AB 648) Dymally. Brown v. Board of Education of Topeka Advisory Commission.

Existing law establishes various state educational commissions.

This bill would establish the Brown v. Board of Education of Topeka Advisory Commission in the State Department of Education and would specify the membership of the commission. The bill would, in addition, require the commission to develop community and educational awareness programs to commemorate the 50th anniversary of the United States Supreme Court decision in Brown v. Board of Education of Topeka only after the Department of Finance determines that private donations sufficient to fund those programs have been deposited with the state.

The bill would repeal these provisions on January 1, 2006.

Ch. 387 (AB 739) Jackson. Child support: State Disbursement Unit.

Existing law obligates a parent to support his or her child. Existing federal law, in connection with child support enforcement, requires that the state implement a state disbursement unit to retain the state's eligibility for certain federal funds. Existing law creates within the Department of Child Support Services, in conjunction with the Franchise Tax Board, the California Child Support Automation System, which operates in all California counties and includes the State Disbursement Unit.

This bill would create the Child Support Payment Trust Fund in the State Treasury, which would be administered by the Department of Child Support Services. The bill would authorize the state to deposit payments received by the State Disbursement Unit, as specified, into the Child Support Payment Trust Fund, for the purpose of processing and providing child support payments. The bill would provide that the fund is continuously appropriated, and that the state share of interest and other earnings accruing on the fund are available to offset certain General Fund costs according to a specified priority.

This bill would also authorize the department to establish and administer a revolving account within the Child Support Payment Trust Fund in an amount not to exceed $600,000,000 to ensure the timely disbursement of child support. The bill would authorize the department to enter into a trust agreement with a trustee or fiscal intermediary to receive or disburse child support collections, and would further provide that any trust accounts created by the trust agreements may be held outside the State Treasury. The bill would require the auditor and controller of each county to perform closeout activities as directed by the Department of Child Support Services. The bill would require those persons and the local child support agency director to transfer undisbursed child support collections and the interest earned on those funds to the Department of Child Support Services for deposit in the Child Support Payment Trust Fund. By imposing additional duties on local officers and employees, the bill would create a state-mandated local program.

The bill would enact other related changes. The bill would also change references to the Child Support Centralized Collection and Distribution Unit to refer to the State Disbursement Unit.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 388 (AB 767) Nakano. Mobilehome parks: termination of tenancy.

Existing law defines and regulates the terms of a rental agreement for a mobilehome park. Existing law permits a mobilehome park tenancy to be terminated only for certain reasons, one of which is the conviction of the homeowner or resident for prostitution or a felony controlled substance offense if the act resulting in the conviction was committed anywhere in the mobilehome park, as specified.

This bill would add certain criminal offenses, including assault with a firearm and battery resulting in serious bodily harm, among others, to the types of crimes a conviction of which can result in the termination of a mobilehome park tenancy, as described above.

This bill would incorporate additional changes in Section 798.56 of the Civil Code proposed by AB 805, to be operative if AB 805 and this bill become effective on or before January 1, 2004, and this bill is enacted last.

Ch. 389 (AB 878) Pavley. Harbor districts.

(1) Existing law contains various provisions relating to the creation of a harbor commission for each harbor district and the election, terms, and powers of harbor commissioners.

This bill would make changes to commissioners' titles, and authority over certain land and funds.

(2) Existing law authorizes a harbor district to order by resolution that all or any of the funds under its control and not necessary for current operating expenses be invested in obligations, bonds, or securities of the United States of America or of any agency or instrumentality thereof.

This bill would instead authorize those funds to be invested as specified.

(3) Existing law authorizes the board of a harbor district to borrow up to $1,000,000 by issuance of a promissory note for the purposes of acquiring land for, and constructing or operating, a work, project, or facility authorized under specified law. Existing law also authorizes a board to execute a conditional sales contract to purchase personal property with a value up to $1,000,000. Existing law prohibits the borrowing term from exceeding 5 years. This provision does not apply to money borrowed from an agency or department of the United States government or the State of California.

Existing law establishes the Humboldt Bay Harbor, Recreation, and Conservation District within Humboldt County. Existing law authorizes the district to incur a general obligation bonded indebtedness and a revenue bonded indebtedness for the acquisition, construction, completion, or repair of improvements, works, property, or facilities for the district, as specified.

This bill would authorize a district to borrow money and incur indebtedness through limited obligation notes for any purpose, after adoption, by $^{4}/_{5}$ vote of the board, of a resolution. The bill would set the maximum interest rate and maturity dates on the notes and would require that the outstanding amount at any one time not exceed $10,000,000. The bill also would authorize the Humboldt Bay Harbor, Recreation, and Conservation District to borrow money and incur indebtedness through this same type of limited obligation note.

Ch. 390 (AB 915) Dutra. Elections: polling places.

Existing law prohibits certain activities within 100 feet of a polling place with the intent of dissuading another person from voting. Violation of this provision is a misdemeanor or felony. Conspiracy to violate this provision is a felony.

This bill would add to those prohibited activities photographing, videotaping, or otherwise recording a voter entering or exiting a polling place. By expanding the definition of an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 391 (AB 928) Pacheco. Theft: vessels.

Existing law provides that any person who shall, without the permission of the owner thereof, take any bicycle or motorboat or vessel, for the purpose of temporarily using or operating the same, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding $400, or by imprisonment not exceeding 3 months, or by both that fine and imprisonment.

This bill would provide that any person who, without the permission of the owner thereof, takes any motorboat or vessel, for the purpose of temporarily using or operating the same, is guilty of a misdemeanor, punishable by a fine not exceeding $1,000, or by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment.

By increasing the term of imprisonment in a county jail for an existing crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 392 (AB 943) Chavez. Mortgage guaranty insurance: contingency reserve.

Existing law requires each mortgage guaranty insurer to establish a contingency reserve, and requires an annual contribution to the reserve in a specified amount. Existing law permits the insurer to make withdrawals in any given year to the extent by which incurred losses exceed 35% of earned premium, or as otherwise permitted by the commissioner.

This bill would require that provisional contributions to the contingency reserve, in specified amounts, be made on a quarterly basis and would change the way the required contributions are calculated, as specified. It would require the commissioner's approval to make withdrawals from the reserve when incurred losses exceed 35% of the total year-to-date net earned premium.

The bill would also allow a mortgage guaranty insurer, with the commissioner's approval, to withdraw from the contingency reserve any amounts in excess of the policyholders surplus, as described. It would authorize the commissioner to consider certain records and conditions in reviewing a request for withdrawal, and would require the commissioner to make a specified finding when approving a withdrawal.

The bill would specify the way in which releases and withdrawals from the contingency reserve are to be accounted for, and the order in which additions, releases, and withdrawals are to be considered in developing the reserve.

Ch. 393 (AB 1086) Laird. Common interest developments: transfer of title.

Existing law requires that an owner of a separate interest in a common interest development provide certain items to a prospective purchaser prior to transfer of title, and prohibits an association from imposing or collecting any assessment, penalty, or fee in connection with a transfer of title or any other interest except the association's actual costs to change its records and a specified charge for providing certain information upon request.

This bill would additionally prohibit a community service organization or similar entity, as defined, from imposing or collecting any assessment, penalty, or fee in connection with a transfer of title as described above, except as specified. The bill would state that a community association manager is an agent, as specified, of the association, and would state that the bill does not expand or diminish the authority of an association or its agent to charge a reasonable fee for services in connection with providing information and documentation, as specified. This bill would also make other technical, nonsubstantive changes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would incorporate additional changes in Section 1368 of the Civil Code, proposed by AB 512, to be operative only if AB 512 and this bill are both chaptered and become effective January 1, 2004, and this bill is chaptered last.

Ch. 394 (AB 1095) Corbett. County law libraries.

Existing law specifies the various duties of the Judicial Council and the Administrative Office of the Courts, and provides for the establishment of county law libraries.

This bill would require the Judicial Council to establish a task force on county law libraries, consisting of 3 representatives from the judicial branch of government selected by the Administrative Director of the Courts, 3 representatives of the counties selected by the California State Association of Counties, and 3 county law library administrators selected by the Council of California County Law Librarians. The bill would require the task force to identify the needs related to county law library operations and facilities, make recommendations for funding county law library operations, facility improvements, and expansion, and submit its report and recommendations to the Judicial Council and the Legislature on or before January 1, 2005. The bill would also provide that the costs of the task force be at Judicial Council, county, and county law librarians' expense, as specified.

Ch. 395 (AB 1220) Berg. Heart disease and stroke prevention.

Existing law requires the State Department of Health Services to administer various programs related to disease prevention and health promotion, including a program for the control of high blood pressure.

This bill would create the Heart Disease and Stroke Prevention and Treatment Task Force within the department. The task force would be composed of 12 members, as specified, and would be required to perform a number of duties, including the creation of a Heart Disease and Stroke Prevention and Treatment State Master Plan. This bill would require the task force, by November 1, 2005, to submit the master plan to the Legislature, the Governor, and the department. This bill would also make implementation of its provisions contingent upon the receipt of private funding in an amount sufficient to fund the entire cost of the operation of the task force and costs associated with completing the requirements imposed by this bill, as determined by the department. These provisions would become inoperative March 1, 2006, and would be repealed January 1, 2007.

Ch. 396 (AB 1241) Parra. Nursing education scholarships.

Existing law establishes the Registered Nurse Education Fund, consisting of specified fees, and administered by the Office of Statewide Health Planning and Development, for purposes of funding the Registered Nurse Education Program within the foundation, which provides scholarships and loans to nursing students meeting specified criteria. Under existing law, the Health Professions Education Foundation is a nonprofit public health benefit organization established to assist the office with various duties relating to the promotion of health professions education throughout the state.

This bill would require the office, until January 1, 2009, to establish, by regulation, the statewide Associate Degree Nursing (A.D.N.) Scholarship Pilot Program and to allocate a portion of the funds contained in the Registered Nurse Education Fund for purposes of providing scholarships to associate degree nursing students in counties determined to have the most need based on designated criteria. Scholarship recipients would, pursuant to these provisions, be required to meet specified requirements. The bill would require the Health Professions Education Foundation to consider specified factors when selecting program recipients, and would authorize the foundation to accept private or federal funds for purposes of the pilot program.

Ch. 397 (AB 1371) Yee. Human experimentation.

Existing law prohibits any person from being subjected to any medical experiment, as defined, until the person, or in some cases, the legal guardian, conservator, or other

NOTE: Superior numbers appear as a separate section at the end of the digests.

representative, has given fully informed consent. Existing law requires, with certain exceptions, any person conducting any medical experiment to make specified disclosures in writing to any human subject or, in some cases, specified other persons, prior to using the human subject in the experiment.

This bill would also require the material financial stake or interest, as defined, if any, that the investigator or research institution has in the outcome of the medical experiment to be disclosed under this provision.

Existing law makes any person who is primarily responsible for the conduct of a medical experiment and who negligently allows the experiment to be conducted without a subject's informed consent liable to the subject and specifies a minimum and maximum amount of liability. Existing law makes such a person who willfully fails to obtain the subject's informed consent liable to the subject and specifies a maximum amount of liability.

This bill would increase the minimum and maximum amounts of liability in the former provision, and in the latter provision, would increase the maximum amount and establish a minimum amount of liability.

Existing law makes any person who is primarily responsible for the conduct of a medical experiment and who willfully fails to obtain the subject's informed consent and any representative or employee of a pharmaceutical company who is directly responsible for contracting with another person for the conduct of a medical experiment who willfully withholds certain information, thereby exposing the subject to a known substantial risk of serious injury, guilty of a misdemeanor, punishable by imprisonment in a county jail, a specified maximum fine, or both.

This bill would increase the amount of the maximum fines under these provisions.

Existing law authorizes certain persons to give surrogate informed consent for a person to be subjected to a medical experiment when conducted within an institution that holds an assurance with the United States Department of Health and Human Services in accordance with specified regulations, if that person is unable to give that consent. This authority applies only to medical experiments that relate to the cognitive impairment, lack of capacity, or serious or life-threatening diseases and conditions of research participants.

This bill would extend this authority to give surrogate informed consent, with certain exceptions, to medical experiments that are related to maintaining or improving the health condition of the research participant or obtaining information about the pathological condition of the participant.

The bill would revise the authority of a surrogate decisionmaker under these provisions and would require the surrogate decisionmaker to make the decision to provide or withhold consent in accordance with the person's wishes, to the extent known, and otherwise in accordance with the person's best interests.

Ch. 398 (AB 1402) Wolk. CalWORKs program: eligibility.

Existing federal law provides for allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states. Existing law provides for the California Work Opportunity and Responsibility to Kids (CalWORKs) program for the allocation of federal funds received through the TANF program, under which each county provides cash assistance and other benefits to qualified low-income families and individuals who meet specified eligibility criteria.

Existing law requires an annual redetermination of eligibility for benefits under the CalWORKs and food stamp programs, and, in addition to the requirement for the annual redetermination of eligibility, requires the State Department of Social Services to establish regulations consistent with federal law to implement a quarterly recipient reporting system for use in determining eligibility and the amount of the grant.

Existing law establishes procedures to determine the eligibility of a CalWORKs or food stamp recipient when a change in the monthly income is reported.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise these procedures. It would authorize the department, until July 1, 2004, to implement these revised procedures through an all-county letter or similar instructions from the Director of Social Services, and to adopt regulations as otherwise necessary to implement these provisions by no later than July 1, 2004. By requiring counties to revise the procedures for making that determination, this bill would create a state-mandated local program.

The bill would also require the department, in consultation with the County Welfare Directors Association, to report to the relevant policy and fiscal committees of the Legislature in April 2005 regarding the effects upon program efficiency and integrity of implementation of certain revised reporting procedures, and to determine the data collection needs required to assess the effects of these procedures.

Existing law continuously appropriates moneys from the General Fund to defray a portion of county costs under the CalWORKs program.

This bill, instead, would provide that the continuous appropriation would not be made for purposes of funding the above revisions to eligibility procedures.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 399 (AB 1409) Wolk. Vehicles: vehicle length limitation.

(1) Under existing law, with specified exceptions, a 40-foot limitation is imposed on the length of vehicles that may be operated on the highways. Under existing law, a bus of a length of up to 45 feet when operating on the National System of Interstate and Defense Highways or specified federal aid primary system highways is also excluded from the 40-foot limitation under specified circumstances.

This bill would authorize a public agency to operate a bus on the described federal highways that exceeds the 45-foot length limitation if the excess length is caused by a folding device attached to the front of the bus that is designed and used exclusively for the transporting of bicycles, and if its operation is on routes approved by a specified route review committee, as provided for in this bill. The bill would describe the manner in which a bicycle may be transported under this exclusion. Because a violation of these restrictions would be a crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 400 (AB 1537) Wyland. Education: curriculum.

Under existing law, the adopted course of study for grades 7 to 12, inclusive, is required to include instruction in the social sciences, as prescribed.

Existing law requires that instruction to contain instruction on World War II and the American role in that war. Existing law expresses the Legislature's encouragement that the instruction include a component drawn from personal testimony of American soldiers who were involved in World War II and those men and women who contributed to the war effort on the homefront. Existing law specifies that the instruction be carried out in a manner that does not result in any new duties or programs imposed on school districts.

This bill would, instead, authorize the inclusion of instruction on World War II and the American role in that war, and would make conforming changes. The bill would make a

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

finding and declaration that the current state-adopted academic content standards already include instruction on the Korean and Vietnam Wars in the appropriate grade level consistent with those standards, and would encourage that the instruction include personal testimony of those involved in the Korean and Vietnam Wars.

Ch. 401 (AB 1544) Simitian. Elections.

Under existing law, local, special, and consolidated elections may be conducted wholly by mail if the local agency's governing board so authorizes, the election is not on the same date as a statewide direct primary or general election, and one of certain other situations is satisfied. One of these situations is that the election be one in which there are no more than 1,000 registered, eligible voters.

This bill would permit a small city with a population of 100,000 or less, and an eligible entity, as defined, to conduct an election therein wholly by all-mail ballot, subject to certain conditions, including that the election is a special election to fill a vacancy in the legislative body of the small city or the governing board of the eligible entity, and that the election is not consolidated with any other election. Because this bill would increase the duties of local elections officials, it would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that the Legislature finds there is no mandate contained in the bill that will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to these constitutional and statutory provisions.

Ch. 402 (AB 1570) Committee on Business and Professions. Public agencies.

(1) Existing law regarding state contracts for the acquisition of goods authorizes the Director of General Services to make the services of the department available, as provided, to any tax-supported public agency in the state for assisting the agency in the acquisition of television communications equipment.

This bill would instead authorize the director to make the services of the department available to any tax-supported public agency in the state for the acquisition of goods generally.

(2) Existing law authorizes the Department of General Services to transfer to another state agency surplus state land on terms and conditions that it may deem to be for the best interests of the state.

This bill would require the Director of General Services, with the concurrence of the Secretary of Veterans Affairs and the Executive Director of the Capitol Area Development Authority and with the approval of the State Public Works Board, to sell, lease, or exchange certain real property on Block 222 in the City of Sacramento to the Regents of the University of California for constructing academic housing and necessary facilities, subject to specified conditions.

Ch. 403 (AB 1683) Pavley. Child day care: licensing report.

Under existing law, the State Department of Social Services licenses and regulates child day care facilities in accordance with specified requirements. Willful or repeated violation of child day care facility requirements is a misdemeanor.

Existing law requires every licensed child day care facility to make accessible to the public a copy of any licensing report pertaining to the facility that documents a facility visit by the department or a substantiated complaint investigation.

Existing law permits a licensed child day care facility to make available to the general public a licensing report or other appropriate document verifying compliance or noncompliance with the department's order to correct a deficiency.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require each licensed child day care facility to post, as specified, a copy of a licensing report pertaining to the facility that documents either a facility visit that results in a citation, as specified, or a substantiated complaint investigation, immediately upon receipt. This bill would also require the facility to post other verifying documents, as specified. It would require the report and verifying documents to remain posted for 30 consecutive days. This bill would provide that failure to comply with these posting requirements will result in an immediate civil penalty of $100.

This bill would also require the department to post, as specified, a notice relating to a site visit conducted by the department that would be required to include specified information. This bill would require the notice concerning the site visit to remain posted for 30 consecutive days, and would impose an immediate civil penalty of $100 on a facility that does not comply with this requirement.

This bill would require family day care homes to comply with the posting provisions contained in the bill only during the hours when clients are present.

Because this bill would impose additional requirements on licensed child day care facilities, thus creating a new crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 404 (AB 1774) Committee on Banking and Finance. Financial institutions.

Existing law provides for regulation and licensure of various financial institutions and providers of financial services by the Commissioner of Financial Institutions, including banks, depository corporations, savings associations, credit unions, business and industrial development corporations, and transmitters of money abroad. Existing law authorizes the commissioner to examine these licensed entities at any time. Existing law authorizes the commissioner to deliver fingerprints taken of an applicant for employment, or a director, officer, or employee of specified financial institutions to state or federal law enforcement agencies to check for a criminal record. Existing law authorizes banks and trust companies to make specified investments.

This bill would revise the provisions authorizing the commissioner to examine banks, depository corporations, savings associations, credit unions, business and industrial development corporations, and transmitters of money abroad. The bill would authorize the commissioner to examine any office of these entities whether the offices are within or outside of this state. The bill would authorize the commissioner to deliver fingerprints taken of an applicant for employment, or a director, officer, or employee of these entities, or a controlling person, as defined, or an affiliate of these entities, including entities that are proposed but not yet in existence, to state or federal law enforcement agencies to check for a criminal record. The bill would revise the provisions authorizing banks and trust companies to make investments.

Ch. 405 (SB 112) Speier. California Organ and Tissue Donor Registry.

Existing law establishes the Organ and Tissue Donor Registry in the California Health and Human Services Agency. Existing law also establishes the Organ and Tissue Donor Registry Fund, to receive voluntary contributions to support the registry and its activities. Under existing law, implementation of provisions relating to the registry and the fund are contingent upon a determination by the Director of Finance that sufficient moneys are available for these purposes.

Existing federal law authorizes the establishment of state organ procurement organizations (OPOs), which may receive specified federal funding, to undertake various activities in connection with organ donation.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would recast and revise existing state law to, among other things, delete the Organ and Tissue Donor Registry Fund and the above provisions relating to contingent implementation, and to authorize the California OPOs to establish a not-for-profit organization to be designated the California Organ and Tissue Donation Registrar, which would establish and maintain the California Organ and Tissue Donor Registry. The bill would require the registrar to submit an annual written report to the Director of Health Services and the Legislature that contains specified information. The bill would transfer certain related duties of the California Health and Human Services Agency to the registrar and would make various conforming changes.

The bill would make legislative findings and declarations concerning the occurrence of certain conditions that repealed specified related Vehicle Code provisions on July 1, 1999.

Ch. 406 (SB 151) Burton. Controlled substances: Schedule II.

Existing law provides that no person shall prescribe a controlled substance, nor shall any person fill, compound, or dispense such a prescription unless it complies with specified requirements, one of which is that prescriptions for Schedule II controlled substances shall be prepared on triplicate prescription blanks issued by the Department of Justice. Existing law also provides for the electronic monitoring of the prescribing and dispensing of Schedule II controlled substances pursuant to the Controlled Substance Utilization Review and Evaluation System (CURES) program, as specified. The CURES program is scheduled to become inoperative on July 1, 2008, and repealed on January 1, 2009. Existing law provides that a violation of any of these provisions is generally a misdemeanor.

This bill would, on and after July 1, 2004, eliminate the triplicate prescription requirement for Schedule II controlled substances and would, on and after January 1, 2005, require prescribers of Schedule II controlled substances to meet the same prescription requirements imposed with respect to other prescribable controlled substances, as specified. The bill would, on and after January 1, 2005, require prescriptions for any controlled substance to be issued on controlled substance prescription forms obtained from a security printer approved by the Board of Pharmacy, as specified. Between July 1, 2004, and January 1, 2005, these prescriptions would be permitted using either the triplicate form or the security forms. The bill would make the CURES program applicable to Schedule III drugs if there is adequate funding and would also provide for the indefinite continuation of the CURES program by deleting its repeal date. The bill would make it a crime to counterfeit a controlled substance prescription; knowingly possess a counterfeited controlled substance prescription; or obtain under false pretenses, or fraudulently produce, a controlled substance prescription, as specified. By creating new crimes, the bill would impose a state-mandated local program.

The bill would also revise provisions relating to electronically transmitted prescriptions and would add provisions authorizing pharmacies to dispense certain prescriptions from out-of-state prescribers, as specified. The bill would make conforming changes to related provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would incorporate additional changes to Section 11165 of the Health and Safety Code proposed by AB 1196, to be operative only if this bill and AB 1196 are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

Ch. 407 (SB 189) Escutia. Environmental health tracking system: chronic disease.

Existing law states the intent of the Legislature to establish the Environmental Health Surveillance System (EHSS) for the purpose of establishing ongoing surveillance of the environmental exposures and diseases affecting Californians, with a focus on prevalence and

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

determinants of chronic diseases. Existing law requires the Division of Environmental and Occupational Disease Control within the State Department of Health Services, in consultation with the Office of Environmental Health Hazard Assessment, to require, on or before July 1, 2002, a working group of technical experts, as specified, to develop possible approaches to establishing the EHSS.

This bill would enact the California Health Tracking Act of 2003, and would require the State Department of Health Services, the California Environmental Protection Agency, and the University of California to jointly develop and sign a memorandum of understanding to assess the feasibility of integrating existing environmental hazard, exposure, and health outcome data, and describing how the data correspond to specified recommendations of the working group, on or before July 1, 2004. This bill would also require the California Environmental Health Tracking Program to obtain specified information. The bill would authorize the California Environmental Health Tracking Program to collect any relevant information from state agencies, boards, departments, and offices.

This bill would make legislative findings that activities requested under the bill are within the scope of existing federal contracts and funding. It would provide that specified provisions of the bill relating to these activities shall be implemented only to the extent that federal funds remain available for the activities specified in those provisions, and that no General Fund moneys shall be used to implement these provisions.

Ch. 408 (SB 200) Murray. Long-term care insurance: genetic testing.

Existing law provides for the regulation of long-term care insurance by the Insurance Commissioner and the assessment of administrative penalties for the violation of these provisions.

This bill would prohibit, until January 1, 2008, a long-term care insurer from requiring testing for the presence of a genetic characteristic for insurability or underwriting purposes.

Ch. 409 (SB 211) Dunn. Residential care facilities for the elderly: admission agreements.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services, including, among other things, regulation of admissions procedures and agreements. A violation of the provisions relating to residential care facilities for the elderly is a misdemeanor.

This bill would specify requirements for the form and content of admission agreements, as defined, for residential care facilities for the elderly, and would require a facility to conspicuously post a copy of its agreement within the facility. The bill would require the admission agreement to include, among other things, a comprehensive description of any items and services provided, an explanation of 3rd-party services, information relating to residents' rights, and information relating to billing and payment, term of contract, refunds, and termination of the agreement.

This bill would prohibit an admission agreement from including grounds for involuntary transfer or eviction that are inconsistent with state law. The bill would require the admission agreement to be signed and dated by the resident or the resident's representative, and would require the original agreement and all subsequent modifications to be placed in the resident's file. The bill would also require a copy of the signed and dated admission agreement to be given to the resident or the resident's representative.

This bill would provide that its requirements are intended to be in addition to, and not exclusive of, any other requirements established by law or regulation with respect to admission agreements for residential care facilities for the elderly.

By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 410 (SB 247) Murray. Vehicles: residence addresses.

(1) Existing law requires the Department of Motor Vehicles, until January 1, 2004, to implement a pilot program to provide residence address information to an accredited degree-granting nonprofit independent institution of higher education incorporated in the state that operates pursuant to a memorandum of understanding that permits a security officer of that institution to have arrest powers, if, under penalty of perjury, the institution requests the address solely for the purposes of enforcing parking restrictions. Under the pilot program, a participating institution is required to enter into a contractual agreement with the department requiring the institution to establish and maintain procedures for persons to contest parking violation notices issued by the institution and to remit fees to cover the department's costs of providing each address to the institution. Existing law requires the department to submit a report to the Legislature containing its evaluation of the pilot program on or before January 1, 2003.

This bill would delete the designation of the program as a pilot program, the specified reporting requirement, and the specified repeal date. The bill would require the memorandum of understanding to include a requirement, that the institution establish and maintain a system that ensures that confidential information obtained from the department is used solely for the purposes of enforcing parking restrictions.

Because perjury is a crime, the bill would impose a state-mandated local program by expanding the scope of that crime.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 411 (SB 376) Chesbro. Healing arts.

Existing law, the Medical Practice Act, restricts the employment of licensed physicians and surgeons and podiatrists by a corporation or other artificial legal entity, subject to specified exemptions.

This bill would establish until January 1, 2011, a pilot project to allow a hospital owned and operated by a health care district, as defined, to employ a physician and surgeon, if the hospital does not interfere with, control, or otherwise direct the professional judgment of the physician and surgeon. The pilot project would authorize the direct employment of a total of 20 physicians and surgeons by qualified district hospitals, as defined. The bill would specify that each qualified district hospital could employ up to 2 physicians and surgeons, subject to specified requirements. The bill would require the board to report to the Legislature not later than October 8, 2008, on the effectiveness of the pilot project.

Ch. 412 (SB 448) Poochigian. Voter registration.

Existing law states the intent of the Legislature that voter registration be maintained at the highest possible level.

This bill would require the Franchise Tax Board to include a voter registration card with the Personal Income Tax return forms mailed annually to California taxpayers.

Ch. 413 (SB 464) Murray. Special education: individualized education program meetings: group home representative.

Existing law requires a school district, special education local plan area, or county office of education to conduct meetings, through an individualized education program team, as specified, for the purposes of developing, reviewing, and revising the individualized education program of an individual with exceptional needs. Existing law also provides for the placement in foster care of minors who are declared dependent children of the court or wards of the court by a juvenile court.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require a school district, special education local plan area, or county office of education to invite to the individualized education program team meetings a representative of the group home in those cases in which a pupil with exceptional needs has been placed in a group home by a juvenile court, as specified. To the extent local educational agencies would be required to perform additional duties, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 414 (SB 642) Hollingsworth. Pest control.

Existing law provides for the control and eradication of pests by the use of various methods, including establishment of a quarantine area, and defines various terms with respect to these provisions. Existing law allows the Secretary of Food and Agriculture to enter into cooperative agreements with private and specified state and federal entities for various purposes that promote and enhance agriculture. Existing law provides that grant awards shall be made by the Department of Food and Agriculture, as specified, and that the procedures, forms, and guidelines for grant programs are exempt from procedural requirements applied to the adoption of rules and regulations.

This bill would require, if the secretary expends funds or awards grants for the study of protocols for crops to meet standards for transport out of a quarantine area, that primary consideration be given to crops that are most at risk from the imposition of a quarantine and for which protocols do not currently exist, as long as the application otherwise meets reasonable scientific standards. The bill would authorize the department to consult with individuals or representatives of the agriculture industry, and academic or scientific individuals, or organizations to establish criteria and assist in the recommendation of any expenditure of funds or the award of grants. This bill would also define the terms "crop" and "forage," as specified.

Ch. 415 (SB 677) Ortiz. The California Childhood Obesity Prevention Act.

Existing law prohibits the sale of certain beverages at elementary schools regardless of the time of day and restricts the sale of certain food items on those campuses during specified times. Existing law further prohibits the sale of carbonated beverages in middle schools from $^{1}/_{2}$ hour before the start of the schoolday until after the end of the last lunch period. Existing law makes those provisions operative on January 1, 2004, if funding is appropriated for specified nutrition purposes on or before that date.

This bill would instead make those restrictions on the sale of food items operative if funding is appropriated for those specified nutritional purposes regardless of the date on which the appropriation is made.

The bill would prohibit the sale of certain beverages to pupils in elementary, middle, or junior high schools commencing July 1, 2004. The bill would, in addition, exempt the sale of certain beverages at specified school events from those prohibitions.

Ch. 416 (SB 712) Alpert. Quality Education Model: school funding.

Existing law establishes the California Quality Education Commission for the purpose of developing, evaluating, validating, and refining a Quality Education Model for prekindergarten through grade 12, inclusive. Under existing law, the commission is required to develop complete descriptions of prototype schools, at least one for each of the 3 levels

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of elementary and secondary education, to form models that fairly capture the diversity of public schools in California.

This bill would additionally require the commission to determine an adequate base funding amount for each of the 3 prototype schools and to recommend funding adjustments to allow schools that meet certain criteria to receive additional funding beyond the base funding amount. The bill would limit the funding adjustments to a district characteristic adjustment and a pupil characteristic adjustment, as specified. The bill would also require the commission to establish a category of grants to be known as initiatives that would be limited in duration and serve one of 2 specified purposes.

Existing law expresses the intent of the Legislature that dedicated state funding for the commission be provided in the annual Budget Act.

This bill would, instead, express the intent of the Legislature that funding for the commission be provided by private sources or through the use of existing state resources, as specified.

Ch. 417 (SB 798) Cedillo. Mexican health plans.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the regulation of health care service plans by the Director of the Department of Managed Health Care. Existing law requires a health care service plan licensed under the laws of Mexico that elects to operate a health care service plan in this state to apply for licensure and comply with the act and applicable rules adopted by the director. A willful violation of the provisions governing health care service plans is a crime.

This bill would require the director to notify immediately a plan that has ceased to operate legally in Mexico that the plan is required to comply with the laws of Mexico or become licensed in California within a specified time period. The bill would require the director to issue an order requiring the plan to cease and desist operations in California if the plan has not complied with either of those requirements. Because the bill would place additional requirements on a health care service plan, the willful violation of which would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 418 (SB 801) Vasconcellos. Instruction: grade point average.

Existing law, commencing in the 2005–06 school year, prohibits a school district, when calculating a pupil's grade point average, from assigning extra grade weighting to a course that covers a subject required for admission to the University of California or the California State University, unless the University of California approves the course for extra grade weighting.

This bill would repeal this provision.

Ch. 419 (SB 1081) Committee on Health and Human Services. Human blood.

(1) Existing law requires any person engaged in the production of human whole blood or human whole blood derivatives to be licensed by the State Department of Health Services. Existing law also contains various provisions relating to consent to, and the disclosure of results of, testing for antibodies to the human immunodeficiency virus (HIV), the probable causative agent of acquired immune deficiency syndrome (AIDS), and the presence of viral hepatitis.

Existing law requires each blood bank or plasma center to notify the department and county health officer, as specified, if the presence of viral hepatitis, or the antigen thereof, is found in the blood tested, and in these cases, to provide additional information, as prescribed. Existing law also requires a physician to report to the department and the county health

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

officer certain information regarding all carriers of viral hepatitis under his or her treatment, and requires a hospital to report to the department and to the county health officer certain information regarding all confirmed cases of AIDS carriers and all carriers of viral hepatitis hospitalized for treatment of viral hepatitis or AIDS.

This bill would instead require a physician, hospital, or other health care provider to report to local health officers all AIDS cases, HIV infections, and viral hepatitis infections, as prescribed.

It would delete the requirement that the report be made to the department. By imposing new duties on local health officers, this bill would create a state-mandated local program.

(2) Existing law requires the county health officer to investigate all transfusion-associated hepatitis cases and transfusion-associated AIDS cases and to trace the sources of human whole blood that was transfused.

This bill would instead require the local health officer, upon receipt of a report concerning any transfusion-associated hepatitis or transfusion-associated HIV or AIDS case, to identify which blood bank or plasma center is the source of the infectious blood or blood components and to report this fact to the blood bank or plasma center that issued the blood or blood components. It would require the blood bank or plasma center to undertake an investigation to determine the donor source of the infectious blood or blood components. By expanding the duties of local health officers, this bill would impose a state-mandated local program.

(3) Existing law requires the department to compile a list of carrier donors, possible carrier donors, and carriers of viral hepatitis and persons who test reactive for HIV and to distribute that list, known as the Donor Deferral Register, to blood banks and plasma centers, as specified. Existing law requires blood banks and plasma centers, after a confirmation test, to report information to the department to be included in the Donor Deferral Register, as specified. Existing law also requires the department, if possible, to contact carrier donors to inform them that they may be carriers of viral hepatitis and should not make blood donations, and to suggest appropriate treatment alternatives.

Existing law prohibits blood banks from receiving human whole blood from a person listed as a carrier donor or carrier of viral hepatitis on a list distributed by the department.

This bill would delete these requirements.

(4) Existing law requires blood banks to require a photographic identification, as specified, from all donors of human whole blood who receive payment, as defined, in return for the donation of that blood.

This bill would also apply these requirements to plasma centers, and would expand the category of donors required to present photographic identification to include donors of blood components.

(5) The bill would also make various technical, nonsubstantive, and conforming changes.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 420 (AB 16) Jackson. Oil and gas development: pipelines.

The California Coastal Act of 1976 permits oil and gas development, if specified conditions relating to safety and environmental mitigation are met.

This bill would include, within those specified conditions that are required to be met where oil and gas development is permitted, a condition requiring that all oil, as defined, produced offshore in new or expanded oil extractions, as defined, be transported onshore by pipeline only, and that all pipelines used to transport this oil onshore utilize the best achievable

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

technology, as defined, to ensure maximum protection of public health and safety and of the integrity and productivity of terrestrial and marine ecosystem.

The bill would also include within those conditions a requirement that oil produced offshore be transported to processing and refining facilities by pipeline when it is onshore. However, for new or expanded oil extraction operations where the crude oil is so highly viscous that pipelining is found to be an infeasible mode of transportation, or there is no feasible access to a pipeline, the bill would permit shipment of crude oil over land by other modes of transportation including trains and trucks that meet all applicable rules and regulations, excluding any waterborne mode of transport.

The bill would also include within the specified conditions a requirement that the best achievable technology be used when an offshore well is abandoned, in addition to all other measures that will maximize the protection of marine habitat and environmental quality.

Ch. 421 (AB 205) Goldberg. Domestic partners.

Existing law provides for the issuance of a marriage license and specifies the rights and obligations of married persons.

Existing law also provides for the establishment and the termination of domestic partnerships. Existing law requires the Secretary of State to prepare and distribute forms for creating and terminating domestic partnerships. Existing law specifies the requirements for completing the form necessary to create a domestic partnership and provides that a violation of this provision is a misdemeanor.

This bill would enact the California Domestic Partner Rights and Responsibilities Act of 2003. The bill would modify the procedure and the accompanying form for terminating domestic partnerships, and require additional duties of the Secretary of State in relation, as specified. The bill would also revise the requirements for entering into a domestic partnership to require each person to consent to the jurisdiction of the superior courts of this state for the purpose of a proceeding to obtain a judgment of dissolution or nullity of the domestic partnership. The bill would revise the provision described above making it a misdemeanor to violate the provision specifying the requirements for completing the form necessary to create a domestic partnership. The bill would instead specifically provide that filing an intentionally and materially false Declaration of Domestic Partnership would be punishable as a misdemeanor, thereby creating a new crime. By creating a new crime, this bill would impose a state-mandated local program.

This bill would extend the rights and duties of marriage to persons registered as domestic partners on and after January 1, 2005. The bill would provide that the superior courts shall have jurisdiction over all proceedings governing the dissolution of domestic partnerships, nullity of domestic partnerships, and legal separation of partners in domestic partnerships. These proceedings would follow the same procedures as the equivalent proceedings with respect to marriage. The bill would provide that a legal union validly formed in another jurisdiction that is substantially equivalent to a domestic partnership would be recognized as a valid domestic partnership in this state. The bill would require the Secretary of State to send a letter on 3 separate, specified occasions to the mailing address of registered domestic partners informing them of these changes, as specified. The bill would also require the Director of General Services, through the forms management center, to provide notice to state agencies, among others, that in reviewing and revising all public-use forms that refer to or use the terms spouse, husband, wife, father, mother, marriage, or marital status, that appropriate references to domestic partner, parent, or domestic partnership be included. The bill would also make related and conforming changes. The bill would further make specified provisions operative on January 1, 2005. The bill would impose a state-mandated local program by adding to the duties of county clerks.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 422 (AB 24) Negrete McLeod. Real property hazards: notice.

Existing law requires an owner of residential real property or of a residential dwelling unit who knows that any release of an illegal controlled substance has come to be located on or beneath that property or that dwelling unit to give written notice to a prospective purchaser or a prospective tenant prior to the sale or the execution of a rental agreement, as applicable. These provisions are in effect only until January 1, 2004.

The bill would extend the operative date of those provisions until January 1, 2006.

The Swimming Pool Safety Act establishes certain safety standards requiring swimming pool enclosures, safety pool covers, or exit alarms, as defined, or certain other means of protection, and requires each swimming pool for which a construction permit is issued on or after January 1, 1998, and that is located at a private, single-family home, to meet at least one of these safety standards.

This bill would encourage a private entity, in consultation with the Epidemiology and Prevention for Injury Control Branch within the State Department of Health Services, to produce an informative brochure or booklet, for consumer use, explaining the child drowning hazards of, possible safety measures for, and appropriate drowning hazard prevention measures for, home swimming pools and spas, and to donate the document to the department.

The bill would require the department to review and approve the document, as specified, and post the document on its Web site in a format that is readily available for downloading and for publication.

Ch. 423 (AB 115) Jerome Horton. School safety.

Existing law makes each school district and county office of education responsible for the overall development of comprehensive school safety plans for schools operating kindergarten and any of grades 1 to 12, inclusive. Existing law requires the Superintendent of Public Instruction, upon determining that there is a willful failure to make any required report relating to a school safety plan, to notify the school district or county office of education in which the willful failure occurred and to make an assessment of $500 against the school district or county office of education.

This bill authorizes the filing with the department of a complaint of noncompliance with the school safety plans under the Uniform Complaint Procedures, and would increase the penalty for a willful failure to make a report to $2,000.

This bill would make other technical changes.

This bill would incorporate additional changes in Section 35294.7 of the Education Code, proposed by SB 719 to be operative only if SB 719 and this bill are both enacted and take effect, and this bill is chaptered last.

Ch. 424 (AB 171) Cohn. Public records and meetings: health-related entities.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons. Existing law provides that in counties selected by the Director of Health Services with the concurrence of the county, a special county health authority may be established in order to meet the problems of delivery of publicly assisted medical care in each county, and to demonstrate ways of promoting

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

quality care and cost efficiency. Existing law also specifically authorizes the County of Alameda and the City and County of San Francisco to establish, by ordinance, a health authority and Tulare County, San Joaquin County, and Los Angeles County to establish, by ordinance, a special county health commission.

Existing law, the Ralph M. Brown Act, requires that the meetings of the legislative body of a local agency be conducted openly, with specified exceptions.

This bill would authorize the governing board of the above health authorities and commissions to meet in closed session for the purpose of discussion of, or taking action on matters involving, trade secrets.

This bill would provide that the provisions that set forth the authority and requirements of a special county health authority established in a county selected by the director with the concurrence of the county shall apply to health authorities and special county health commissions established under the specific authority discussed above, except to the extent that those provisions conflict with that specific authority.

Existing law also authorizes the governing board of a health plan to meet in closed session solely for the purpose of discussion or taking action on health plan trade secrets, as defined.

This bill would revise the definition of health plan trade secret for purposes of the above provision and would authorize the governing board of a health plan to meet in closed session to consider and take action on matters pertaining to contracts and contract negotiations by the health plan with providers of health care services concerning all matters relating to rates of payment.

Existing law, the California Public Records Act, requires certain public records to be made available for public inspection.

This bill would exempt from public disclosure those records of the above health authorities and commissions that reveal the trade secrets of these authorities and commissions. It would also exempt those records from disclosure pursuant to any local law requiring the disclosure of public records.

Existing law requires that the statutory provisions relating to the establishment of a health authority for the City and County of San Francisco, the County of Alameda, and those counties selected by the director with concurrence of the county, be interpreted independently and without reference to one another.

This bill would delete this requirement.

Ch. 425 (AB 177) Oropeza. Elections.

Existing law sets forth requirements and entitlements with respect to the right to vote in California elections. Among the requirements for voters is United States citizenship. Existing law further gives voters specified rights concerning the casting of ballots by voters, the receipt of election materials and other voting information, and the reporting of illegal or fraudulent activity as to the electoral process.

This bill would restate that all voters must be citizens of the United States and the other requirements to be a valid registered voter and would establish a Voter Bill of Rights enumerating the rights of voters as established under existing law and would require voters to be informed of the Voter Bill of Rights.

Existing law requires ballot pamphlets to include specified information and requires local elections officials to provide certain information at all precinct offices, and to post specified information at polling places on election days.

This bill would require ballot pamphlets to also include the Voter Bill of Rights and would require the local elections officials to include the Voter Bill of Rights in information provided to precinct offices and posted at polling places.

Because this bill would increase the duties of local elections officials, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would incorporate additional changes in Section 14105 of the Elections Code proposed by AB 1679 that would become effective only if AB 1679 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

Ch. 426 (AB 186) Correa. Optometrists: dangerous drugs and devices.

Existing law, the Pharmacy Law, authorizes a manufacturer, wholesaler, or pharmacy to furnish a dangerous drug or dangerous device to a physician, dentist, podiatrist, and veterinarian without a prescription when accompanied by sale and purchase records. Existing law also permits these persons to possess a controlled substance when in properly labeled stocked containers, and also authorizes the distribution of a dangerous drug or device as a complimentary sample only upon the written request of these persons. Existing law, the California Uniform Controlled Substances Act, authorizes the sale by designated persons of a controlled substance without a prescription to specified healing arts practitioners.

This bill would include optometrists in these provisions.

Existing law authorizes a pharmacist to furnish topical pharmaceutical agents to an optometrist.

The bill would instead authorize a pharmacist to furnish therapeutic pharmaceutical agents to an optometrist.

Ch. 427 (AB 213) Leslie. Vehicles: manufacturers: disclosure.

Existing law sets forth various provisions governing vehicle manufacturers. Those provisions include the requirement that manufacturers disclose in the owner's manual, or other written material, as specified, of a new motor vehicle sold in this state, the fact that the vehicle, as equipped, may not be operated with tire chains.

This bill would require a manufacturer of a new motor vehicle sold or leased in this state that is equipped with one or more recording devices, commonly referred to as "event data recorders (EDR)" or "sensing and diagnostic modules (SDM)," to disclose that fact in the owner's manual for the vehicle. The bill would prohibit specified data that is recorded on a recording device from being downloaded or otherwise retrieved by a person other than the registered owner of the motor vehicle, except under specified circumstances. The bill would also require a subscription service agreement to disclose that specified information may be recorded or transmitted as part of the subscription service.

The bill would provide that it applies to all motor vehicles manufactured on or after July 1, 2004.

Because a violation of the Vehicle Code is an infraction, the bill would create new infractions, thereby imposing a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 428 (AB 243) Vargas. State chaplains: salary: rental allowance.

The Personal Income Tax Law allows an exemption from taxation for the amount of the rental value of a minister's dwelling in specified conformity with federal income tax laws, including the requirement that the exemption may be allowed only if the amount is designated as rental allowance prior to payment by the employer. Existing law allocates from the state salary or wage paid to a minister of the gospel in an amount up to 25% of the gross

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

salary, either the rental value of a home furnished to the minister or the rental allowance paid to the minister to rent or provide a home.

This bill would increase the percentage of this allocation to 50%, thereby affecting the amount of the tax exemption that may be claimed. It would also delete an obsolete reference and make other conforming changes.

This bill would take effect immediately as a tax levy.

Ch. 429 (AB 294) Daucher. Online classroom programs.

Existing law, to be repealed on January 1, 2006, requires schools that provide an online asynchronous interactive curriculum, as defined, to meet certain requirements including, applying to the State Department of Education for participation in the program and limits total participation in the program to 40 schoolsites. Existing law prohibits a pupil participating in an online classroom program from being credited with more than one day of attendance per calendar day or more than 5 days per calendar week.

This bill would recodify those provisions as the Online Classroom Pilot Program for the purpose of monitoring and evaluating pupil participation in online asynchronous interactive programs and would limit eligibility to high schools, as specified. The bill would require a school district to submit to the State Department of Education information verifying the time a teacher and a pupil spend online and related activities in which a pupil is involved. The bill would require the department to clearly describe in the application form the academic performance information required to be submitted. The bill would require the Superintendent of Public Instruction to convene a working group to assess the online classroom pilot project and the fiscal costs of offering instruction through online classroom programs. The bill would extend the repeal date to January 1, 2007.

Ch. 430 (AB 305) Mullin. Density bonuses: child care facilities.

The Planning and Zoning Law requires, when a developer of housing proposes a housing development within the jurisdiction of the local government, that the city, county, or city and county provide the developer with a density bonus or other incentives or concessions for the production of lower income housing units within the development if the developer meets certain requirements.

This bill would also require an additional density bonus or additional concession or incentive to be granted to a developer of housing that meets those requirements and includes a child care facility, as defined, subject to specified conditions.

Ch. 431 (AB 352) Goldberg. Domestic violence: probation conditions.

Existing law provides, until January 1, 2007, that upon application of the petitioner, there is no fee for the service of process of a protective order, restraining order, or injunction if that order or injunction is based upon specified acts or threats. Existing law provides for specified conditions to be required of persons granted probation on a domestic violence case, including a minimum payment of $200 for specified purposes, which can be waived by a court for inability to pay.

This bill would increase that minimum payment from $200 to $400, until January 1, 2007, subject to the same court waiver provisions.

Existing law provides that $^1/_3$ of this money shall be retained by the county for specified purposes and that the remainder shall be transferred to the Controller for deposit into specified accounts.

This bill would provide instead that, until January 1, 2007, $^2/_3$ of the money should be retained by the county for those purposes and the reduced remainder be transferred to the Controller in an amount not less than $133 for each defendant. However, if the court orders the defendant to pay less than $200 because of his or her inability to pay, the state would receive $^2/_3$ of the payment.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Because this bill would require county treasurers to account for the allocation of this money to specific purposes, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 432 (AB 377) Chan. Vehicles: exhaust systems: whistle-tip.

(1) Existing law prohibits a muffler or exhaust system from being equipped with a cutout, bypass, or similar device.

This bill would prohibit the modification of the exhaust system of a motor vehicle with a whistle-tip, as defined, and would prohibit a person from operating a motor vehicle if that vehicle's exhaust system is in violation of that modification prohibition. The bill would also prohibit a person from engaging in the business of installing a whistle-tip. Because the bill thereby would create new crimes, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 433 (AB 385) Nakano. State employees: salary or wages: itemized statement.

Existing law requires each state agency at the time of each payment of salary or wages, whether by direct deposit by electronic fund transfer or otherwise, to furnish each employee an itemized statement in writing showing all deductions made from his or her salary or wages.

This bill would require each state agency to furnish each employee, at his or her discretion, the itemized statement in writing or electronically.

The bill would specify that the provision of an electronic statement would be contingent upon the funding and implementation of a specified project, and that it would be provided only to the extent that the project enables the Controller to provide this information electronically.

Ch. 434 (AB 728) Leno. Real estate: subdivisions.

(1) Existing law provides for the regulation of real estate transactions, including subdivided lands transactions and defines "subdivided lands" and "subdivision" for these purposes with the exception of undivided interests that meet specified conditions. Existing law also defines "subdivided lands" and "subdivision" to include, among other things, any condominium project containing 5 or more condominiums, as defined, and authorizes the Real Estate Commissioner to issue a conditional public report when "subdivided lands" or a "subdivision" are offered for sale to the public and specified requirements are met.

This bill would make a clarifying change to these provisions and would extend the term of a conditional public report for attached residential condominium units, as defined, to 30 months and a renewal to one additional term of 6 months.

(2) Existing law provides that a provision for the payment of liquidated damages in a contract to purchase and sell residential property is valid if the amount actually paid by a buyer who fails to complete the purchase of the property does not exceed 3% of the contract price unless the buyer establishes that the amount is unreasonable. If the amount actually paid exceeds 3% of the purchase price, the provision is invalid unless the party seeking to uphold the provision establishes that the amount actually paid is reasonable.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that for the initial sale of a newly constructed attached residential condominium, the amount actually paid to the seller in the event of a buyer's default pursuant to a liquidated damages provision that exceeds 3% of the purchase price of the residential unit is subject to specified requirements, including an accounting of its costs and revenues, as specified. If the purchaser is a "new qualified buyer," as defined, the seller shall perform the accounting within 60 days after the new qualified buyer has entered into the contract to purchase the unit.

(3) The Subdivision Map Act provides that a governing body may not, among other things, refuse approval of a parcel, tentative, or final map of a condominium project on account of the design or the location of buildings on the property shown on the map that are not violative of local ordinances.

This bill would in addition provide that a governing body may not refuse approval of a parcel, tentative, or final map of a condominium project on account of the absence of a condominium plan or plans, as defined.

(4) The Subdivision Map Act requires that a tentative map is deemed to be validly approved if no action is taken upon a tentative map by an authorized advisory agency or the legislative body of a city or county to approve, conditionally approve, or disapprove the tentative map within the time limits specified in the act, and the tentative map complies with applicable requirements of the act and local ordinances enacted pursuant to the act.

This bill would require that a subdivider whose subdivision is deemed approved pursuant to these provisions is entitled, upon request of the local agency or the legislative body, to receive a written certification of approval. By increasing the duties of local public officials, the bill would impose a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 435 (AB 768) Leno. Hunters Point Shipyard Public Trust Exchange Act.

The Hunters Point Shipyard Conversion Act of 2002 grants to, and vests in, the San Francisco Redevelopment Agency, all of the state's right, title, and interest in the Hunters Point trust lands, and, upon conveyance by the federal government to the agency, in appurtenances located on Hunters Point submerged lands, subject to the public trust and the terms and conditions of the act. Existing law authorizes the agency to use, conduct, operate, maintain, manage, administer, regulate, improve, lease, and control the Hunters Point trust lands in conformance with the act and the public trust.

This bill would approve an exchange of public trust lands within the Hunters Point Shipyard, whereby certain trust lands that meet specified criteria and are not now useful for public trust purposes will be freed from the public trust and may be conveyed into private ownership, and certain other lands that are not now public trust lands and that are useful for public trust purposes will be made subject to the public trust. The bill would revise the description of the Hunters Point Shipyard and Hunters Point submerged lands in the Hunters Point Shipyard Conversion Act of 2002 and make related changes in that act.

The bill would declare that, due to the unique circumstances pertaining to the trust lands described in the bill, relating to the transfer of the Hunters Point Shipyard out of federal ownership, a general statute within the meaning of specified provisions of the California Constitution cannot be made applicable and a special statute is necessary.

Ch. 436 (AB 786) Daucher. San Mateo County: home care assessment pilot project.

Existing law provides a variety of programs to serve older persons and persons with disabilities that allow these individuals to live in their own homes and still receive necessary services. Under existing law, these programs include the Multipurpose Senior Services

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Program, the In-Home Supportive Services program, AIDS case management services, adult day health care programs, and adult day programs.

This bill would require the County of San Mateo to adopt the Minimum Data Set-Home Care (MDS-HC) assessment instrument, as defined, for use, until December 31, 2008, by home- and community-based programs that serve elderly and disabled persons, thereby imposing a state-mandated local program.

This bill would provide that no provisions of the pilot project shall be interpreted to modify existing program eligibility requirements, reporting timeframes, or other program standards. This bill would exclude certain licensed home health agencies from the requirements of this bill.

This bill would require the county to seek funding for an evaluation of the use of the MDS-HC assessment instrument by an independent research organization, and would require the results of the evaluation to be reported to the Legislature and to the Long-Term Care Council in the California Health and Human Services Agency on or before May 31, 2009. The bill would provide that state funds shall not be appropriated for its purposes, and would require the county to implement the bill only to the extent that the county receives federal or private funds for that purpose. The bill would also provide that its provisions would become inoperative on July 1, 2009.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 437 (AB 938) Yee. Mental health professions: educational loan reimbursement: funding.

Existing law requires the Office of Statewide Health Planning and Development to establish a nonprofit public benefit corporation known as the Health Professions Education Foundation to perform various duties with respect to implementing health professions scholarship and loan programs.

Existing law provides for the Registered Nurse Education Program within the foundation under which persons who agree in writing prior to graduation to serve in an eligible county health facility, an eligible state-operated health facility, or a health manpower shortage area are eligible for scholarship and loan repayment. Existing law establishes in the State Treasury the Registered Nurse Education Fund and provides for the appropriation of money in the fund annually in the Budget Act for purposes of the Registered Nurse Education Program.

This bill would similarly establish the Licensed Mental Health Service Provider Education Program. The bill would require the foundation to develop the program, as prescribed, to provide grants to licensed mental health service providers, as defined, who provide direct patient care in a publicly funded facility or a mental health professional shortage area, as defined.

Existing law provides for the licensure and regulation of psychologists by the Board of Psychology and marriage and family therapists and licensed clinical social workers by the Board of Behavioral Sciences. Existing law requires these regulatory boards to charge license renewal fees.

This bill would require these boards to charge these licensees, at the time of license renewal, an additional specified assessment fee. It would require the boards to transfer the fee amounts to the Controller for deposit in the Mental Health Practitioner Education Fund established under the bill. Moneys in the fund would be available, upon appropriation by the Legislature, for expenditure by the office for the purposes of the Licensed Mental Health Provider Education Program.

Ch. 438 (AB 948) Nunez. Postgraduate study fellowship program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law, the Medical Practice Act, provides for the licensure, regulation, and discipline of physicians and surgeons by the Medical Board of California. Existing law requires the Division of Licensing of the board to approve undergraduate and graduate medical education programs, clinical clerkships, and special programs.

This bill would authorize a physician who is not a United States citizen but who is legally in this country and who is seeking postgraduate study to participate, after approval by the division, in a fellowship program in a specialty or subspecialty field in a clinic or hospital in a medically underserved area, as defined. The bill would require these physicians and surgeons to be supervised by a physician and surgeon who is a specialist in the area in which the fellow is training and who has an appointment with a medical school in the state.

Ch. 439 (AB 984) Vargas. Service contracts: automobile insurance.

(1) Existing law generally regulates automobile insurance and sets forth various circumstances under which a contract covering only defects in material and workmanship in automobiles, and certain related items, may not be deemed insurance.

This bill would eliminate the provisions exempting these contracts from being deemed insurance. It would, instead, define a "vehicle service contract" and would provide that this type of contract does not constitute automobile insurance when it meets specified requirements. The bill would allow a vehicle service contract to be sold only by the seller, as defined, of the motor vehicle or watercraft covered by the contract.

The bill would require an obligor under a vehicle service contract who is not a seller to possess a vehicle service contract provider license, and would subject the obligor, the seller, and the administrator, as defined, under the contract to various regulatory provisions, including requirements relating to licensing, contract forms, notices, cancellations, and insurance. It would require an obligor's insurance policy to be approved by the Insurance Commissioner, and would allow the policy to be issued by a risk retention group, as defined, that meets specified requirements. The bill would distinguish between a refund agreement and a service contract and would provide that a refund agreement meeting certain conditions is not insurance. A violation of certain of these provisions would be a crime. By creating a new crime, this bill would impose a state-mandated local program.

This bill would place specified limitations on the grounds for denying claims under a vehicle service contract and on the bases for determining commissions for selling this type of contract.

The bill would exempt specified vehicle service contracts from certain of these provisions.

The bill would allow the commissioner to adopt regulations implementing these provisions.

The bill would provide that, if these provisions conflict with certain other provisions of law relating to service contracts, only these provisions shall be given effect.

The bill would make other technical, clarifying changes.

(2) Existing law provides that an agreement promising repair or replacement of a motor vehicle or part thereof after a mechanical or electrical breakdown, where the repair or replacement is at either no cost or a reduced cost for the agreementholder, shall not constitute automobile insurance if the obligor is a manufacturer of motor vehicle lubricants, treatments, fluids, or additives, provided that specified conditions are met.

This bill would provide, instead, that an express warranty warranting a motor vehicle lubricant, treatment, fluid, or additive that covers incidental or consequential damage resulting from a failure of that substance, shall constitute automobile insurance, unless (a) the obligor is the primary manufacturer, as defined, of the product, (b) the commissioner has issued a written determination that the obligor is a manufacturer, (c) the agreement covers only damage incurred while the product was in the vehicle, and (d) the agreement is provided automatically with the product at no extra charge.

(3) Existing law prohibits a person from soliciting, negotiating, or effecting contracts of insurance, or acting in other specified capacities, unless the person holds a valid license from

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the commissioner. Existing law exempts from this requirement a person acting in the capacity of an employee, not paid on a commission basis, of a home protection company.

This bill would provide that this exemption applies to an employee of a home protection company, not paid on a commission basis, who engages in soliciting, negotiating, or effecting home protection contracts.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) The bill would declare that it shall become operative on July 1, 2004.

Ch. 440 (AB 1005) Dutra. Title insurance: rates.

Existing law prohibits a title insurer, underwritten title company, or controlled escrow company from using any rate in the business of title insurance before its effective date or before it has been publicly displayed, as specified, for at least 30 days. Existing law provides that no rate increase shall apply to title policies or services that have been contracted for prior to the rate's effective date.

This bill would provide that, notwithstanding the above provisions, a title insurer, underwritten title company, or controlled escrow company may use a new rate prior to 30 days after the filing if the new rate results in a reduction from an existing rate, the earlier effective date is set forth in the filing, and the new rate has been publicly displayed and made readily available to the public prior to its effective date. It would provide that any rate reduction shall be subject to regulation by the Insurance Commissioner, as specified.

The bill would require the Department of Insurance, 5 years from the effective date of these provisions, and within existing resources, to review the reduced rates authorized by these provisions, as specified.

Ch. 441 (AB 1036) Mullin. Veterans: Cal-Vet loans.

The Veterans' Farm and Home Purchase Act of 1974 authorizes the Department of Veterans Affairs to assist veterans in acquiring homes and farms by generally providing that the department may purchase a farm or home which the department then sells to a purchaser, as defined. Existing law limits the amount that the department may expend for these purposes in acquiring different types of homes and farms and provides that the department may not expend more than $70,000 for a mobilehome that is to be sited in a mobilehome park, as defined, nor more than $300,000 for a farm, as defined.

This bill would change these expenditure limits to $125,000 in the case of a mobilehome that is to be sited in a mobilehome park and, in the case of a farm, to 150% of the maximum Fannie Mae loan limit, as provided.

Existing law requires a purchaser to make an initial payment, as defined, to the department of at least 2% of the selling price, as defined, of the property to be acquired, except that the department may waive this initial payment when the value of the property, as determined by the department from an appraisal, equals the amount to be paid by the department for the property plus at least 5%.

This bill would additionally authorize the department to waive the initial payment for a purchase that requires a loan guaranty by the United States Department of Veterans Affairs.

Existing law provides for the Veterans' Farm and Home Building Fund of 1943 and creates within this fund a segregated account to receive gains realized when the department declares a forfeiture of a purchaser's property, as provided. Existing law authorizes the department to expend moneys from that account for, among other purposes, providing assistance to lower income first-time purchasers by postponing loan principal payments or loan payment installments.

This bill would additionally authorize the department to expend moneys from this segregated account in this fund to provide initial payment assistance to lower income

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

first-time purchasers in the form of a deferred-payment 2nd loan, as provided. By authorizing this additional use of moneys from the Veterans' Farm and Home Building Fund of 1943, an appropriated special fund, this bill would make an appropriation.

Existing law also authorizes the department to expend moneys from that fund for advancing to a purchaser sums for the purpose of making alterations, repairs, or improvements on or in connection with the principal place of residence of the purchaser. Existing state regulations allow a purchaser to borrow against that purchaser's equity in a farm or home that the department assisted that purchaser in acquiring only if, among other conditions, the department's interest in the home is prior and senior to any other financing on that farm or home.

This bill would authorize the department to secure the advances described above with a security interest that is subordinate to any existing financing on that residence.

Ch. 442 (AB 1049) Calderon. Insurance: underwriting: information.

Existing law prohibits an insurance institution or agent from reaching specified adverse underwriting decisions, including denial or cancellation of insurance coverage, based on personal information received from an insurance-support organization whose primary source of information is insurance institutions, except that an insurance institution may reach an adverse underwriting decision based on further personal information obtained as the result of information received from an insurance-support organization.

This bill would, in addition, prohibit an insurance institution or agent from basing an adverse underwriting decision on the fact that an individual has previously inquired and received information about the scope or nature of coverage under a residential fire or property insurance policy, if the information is received from an insurance-support organization whose primary source of information is insurance institutions and the inquiry did not result in the filing of a claim.

Ch. 443 (AB 1201) Berg. Medi-Cal: subacute services.

Existing law requires a health facility to take reasonable steps, as prescribed, before a patient is transferred due to any change in the status of the license or operation of the facility, including closure or voluntary or involuntary termination of a facility's Medi-Cal or Medicare certification, to transfer the affected patient safely and minimize possible transfer trauma.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services under the direction of the Director of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

Existing law specifies various benefits that may be provided under the Medi-Cal program, and includes subacute services as a covered benefit, subject to utilization controls. Existing law authorizes the department to negotiate and execute agreements with health facilities that meet certain standards to provide subacute services.

This bill would require a health facility that has a subacute services provider contract with the department to comply with certain patient transfer and discharge requirements. The bill would grant to a patient the right to appeal any proposed transfer or discharge, require the facility to provide notice of this right, and apply to the appeal all rights and procedures that apply to the appeal of the transfer or discharge of a nursing facility patient.

This bill would establish notice and appeal procedures that would apply if the department decides to terminate or not renew a health facility's subacute services provider contract. The bill would require the department, after making the specified notification, to provide guidance to a health facility regarding expectations for the transfer of patients. The bill would specify facility compensation and level of service requirements that would apply prior to any transfer.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 444 (AB 1349) Canciamilla. Wills and trusts: prohibited transferees.

Existing law, with specified exceptions, invalidates a donative transfer to certain classes of people, including a person who drafted the instrument, a person who is related by blood or marriage to, is a cohabitant with, or is an employee of, the person who drafted the instrument, and a care custodian of a dependent adult.

This bill would invalidate a donative transfer to a person who is a domestic partner of the person who drafted the instrument or of a person who has a fiduciary relationship with the transferor, or to a person who is related by blood or marriage to, is a domestic partner of, is a cohabitant with, or is an employee of, a care custodian of a dependent adult. The bill would also make a clarifying change.

Ch. 445 (AB 1355) Wiggins. Financial institutions.

Existing law provides for the regulation of banks, savings associations, credit unions, industrial loan companies, and institution-affiliated parties of savings associations by the Commissioner of Financial Institutions. Existing law authorizes the commissioner to issue an order suspending or removing a subject person of a bank or a subject person of an industrial loan company, or censuring or suspending an officer, director, or employee of a credit union, or to impose a civil penalty on a savings association or institution-affiliated party of a savings association if that person, association, or party has violated the law regulating those financial institutions.

This bill would authorize the commissioner to levy civil penalties against specified licensee financial institutions and subsidiaries of those licensees for violating the laws regulating the particular category of financial institution. The bill would make related changes to the provisions imposing penalties on those licensee financial institutions and their subsidiaries.

Ch. 446 (AB 1389) Ridley-Thomas. Public Utilities Commission: reports: hiring: capital investment.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities.

This bill would require any public utility employing more than 750 total employees to annually report certain information to the commission and would require the commission to annually report that information to the Assembly Committee on Utilities and Commerce and the Senate Committee on Energy, Utilities and Communications, or successor committees, and to make the information available to the public on its Internet Web site.

Ch. 447 (AB 1536) Goldberg. Discrimination.

(1) Under the existing Fair Employment and Housing Act, when a complaint alleging an unlawful practice is filed with the Department of Fair Employment and Housing, the department is required to serve the complaint upon the person, employer, labor organization, or employment agency alleged to have committed the unlawful practice, and service is to be completed within 45 days.

This bill would provide that where a person claiming to be aggrieved by an unlawful practice is represented by private counsel, private counsel, and not the department, would instead serve the complaint, and in either case, service is to be completed within 60 days.

(2) The existing act makes it unlawful to discriminate against any person in any housing accommodation on the basis of race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, or disability. The act requires the department, upon the filing of a complaint, to serve notice upon the complainant of the time limits, rights of the parties, and choice of forums under the law and to provide a written explanation that informs the complainant that, if an accusation alleging an unfair housing practice is issued, the complainant may only be able to recover damages for emotional distress or other intangible injuries through a civil action filed under a specified statute. The act also requires

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

the department to so advise the complainant, in writing, if the department determines, based on its investigation, that an accusation or amended accusation should include a prayer for damages for emotional distress or other intangible injuries.

This bill would delete the requirement that the department provide this written explanation and advice in writing to the complainant regarding damages for emotional distress or other intangible injuries.

(3) The act authorizes the department, or at its election the Attorney General, under specified circumstances, to bring an action to enjoin the owner of property as to which a housing discrimination complaint has been filed from taking further action to rent, lease, or sell the property.

This bill would clarify that the department does not need to seek approval from the Attorney General before bringing such an action.

Ch. 448 (AB 1598) Corbett. Seismic safety: insurance: retrofitting.

Existing law requires the Department of Insurance to establish a program for residential grants and loans to help pay for the retrofitting of high-risk residential dwellings owned or occupied by low- and moderate-income households, in order to minimize the risk of earthquake damage to those dwellings and thereby reduce the costs of residential earthquake insurance. Existing law appropriates a specified amount from the California Residential Earthquake Recovery Fund to the department for the purposes of this program. Existing law limits the department to using no more than $265,000 per fiscal year to administer the program. The funds are available until December 1, 2004. Existing law appropriates the entire amount of funds not previously appropriated from that fund, not to exceed $1,500,000, to the department for purposes of the program.

This bill would limit the department to using no more than $265,000 for the 1998–99 through 2002–03 fiscal years, and to using no more than $290,000 per fiscal year thereafter to administer the program. This bill would make the funds available until July 1, 2007. The bill would also appropriate $2,900,000 to the department from the California Residential Earthquake Recovery Fund for the program.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 449 (AB 1712) Committee on Judiciary. Courts.

The California Constitution provides for the abolition of municipal courts and their unification within superior courts, as specified.

This bill would conform various statutory provisions of law to the abolition of municipal courts and their unification within the superior courts.

This bill would also make other statutory changes with respect to arbitration proceedings, guardian ad litems, jury lists, service of process, small claims court, and witness fees.

This bill would incorporate additional changes to Section 5560 of the Public Resources Code proposed by AB 504, to become operative only if AB 504 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

Ch. 450 (AB 1716) Committee on Human Services. Local Revenue Fund: allocations.

Existing law provides for the allocation of state sales tax revenues and vehicle license fees into the continuously appropriated Local Revenue Fund, for the allocation of money to counties for various stated purposes, from the accounts contained in the fund. Existing law also specifies the allocation of tax revenues into the various accounts and subaccounts of the Local Revenue Fund, including the Sales Tax Growth Account.

Existing law requires counties that receive allocations of money from the fund to establish and maintain a local health and welfare trust fund comprised of several accounts, including the social services account.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law requires, for the 1993–94 fiscal year and fiscal years thereafter, that the Controller shall deposit into the Caseload Subaccount of the Sales Tax Growth Account of the Local Revenue Fund, from revenues deposited into the Sales Tax Growth Account, an amount that is sufficient to fund the net cost for the realigned portion of the county or city and county share of growth in social services caseloads and any share of growth from the previous year or years for which sufficient revenues were not available in the Caseload Subaccount.

This bill would require, for the 2003–04 fiscal year, that no Sales Tax Growth Account funds shall be allocated until the caseload portion of the base of each county's social service account in the county health and welfare trust fund is funded to the level of the 2001–02 fiscal year, and would require that funds to meet that requirement shall be allocated from the Sales Tax Account of the Local Revenue Fund.

This bill would also state the intent of the Legislature that certain committees of the Legislature shall develop recommendations on realignment by April 1, 2004.

Ch. 451 (AB 1718) Committee on Transportation. Vehicles.

(1) Existing law requires the Department of Motor Vehicles to suspend the driving privilege of a judgment debtor for failing to satisfy a judgment if, among other things, the judgment was for property damage in excess of $500. Where the judgment was for $500 or less, existing law authorizes the judgment creditor to file a notice with the department requesting a suspension of the judgment debtor's privilege to operate a motor vehicle.

This bill would require the department to suspend the driving privilege of a judgment debtor for failing to satisfy a judgment if, in addition to other requirements, the judgment was for property damage in excess of $750. The bill would authorize a judgment creditor to file a notice with the department requesting a suspension of the judgment debtor's privilege to operate a motor vehicle if, in addition to other requirements, the judgment was for $750 or less.

(2) Existing law requires the department to determine the facilities and attractions for which generic tourist oriented directional signs will be provided, depending on whether those facilities and attractions meet specified minimum criteria. Existing law establishes that criteria governing the administration, standards, eligibility, and fees concerning the tourist oriented directional sign program remain in effect only until January 1, 2004, and are thereafter repealed.

This bill would delete the specified repeal date.

(3) Existing law defines "total loss salvage vehicle" for purposes of the Vehicle Code.

This bill would make changes to that definition.

(4) Existing law establishes the New Motor Vehicle Board and requires the department to provide the board with the services of a secretary and an assistant secretary to perform certain board functions. Existing law also authorizes a hearing officer to discharge certain acts.

This bill would transfer the duties of a secretary to an executive director and would delete all reference to a secretary or an assistant secretary. The bill would also transfer the authorization granted to a hearing officer to an administrative law judge and would delete references to a hearing officer. The bill would add prehearing conference proceedings to the specified list of proceedings in which an administrative law judge is authorized to act.

(5) Existing law prohibits a person from driving a motor vehicle unless it is registered and appropriate fees have been paid, with certain exceptions. Upon registering a vehicle, existing law requires the department to issue a certificate of ownership and a registration card to the legal owner. Existing law requires a registration card to contain certain information upon its face, including the name and residence or business address of the owner and of the legal owner of the vehicle. Existing law prohibits general delivery or post office box numbers to be used as the address of the registered owner unless there is no other address.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the use of a mailing address on the face of a registration card and would delete the prohibition on the use of general delivery or post office box numbers.

(6) Existing law requires the department to prepare and publish a printed summary to notify a person whose driving privilege is suspended of that person's right to apply for a restricted driving privilege. Existing law specifies the content of that summary.

This bill would make changes to that content.

(7) Existing law authorizes a motor vehicle to be equipped with not more than 2 foglamps that may be used with, but may not be used in substitution of, headlamps. Existing law requires foglamps to be mounted on the front at a height of not less than 12 inches nor more than 30 inches.

For motorcycles with foglamps, this bill would require the mounting height for the foglamps to be not more than 40 inches.

(8) The bill would make technical, nonsubstantive changes in existing law relating to vehicles.

Ch. 452 (AB 1735) Committee on Utilities and Commerce. Public Utilities Commission: ratesetting and quasi-legislative cases.

(1) Under the Public Utilities Act, the Public Utilities Commission has regulatory authority over public utilities and is authorized to conduct investigations and conduct proceedings. Existing law authorizes the commission to determine whether a proceeding requires a hearing, and if so, to determine whether the matter requires a quasi-legislative, an adjudication, or a ratesetting hearing, authorizes the commission to assign one or more commissioners and administrative law judges to oversee cases, and prescribes separate procedures for proceedings that the commission determines are either quasi-legislative, adjudication, or ratesetting cases. The assigned commissioner or administrative law judge is required to schedule a prehearing conference and to issue a scoping memo that describes the issues to be considered and the applicable timetable for resolution. Adjudication matters are required to be resolved within 12 months of initiation unless the commission makes findings why that deadline cannot be met and issues an order extending that deadline. In a ratesetting or quasi-legislative hearing, the commission is required to issue a final decision not later than 60 days after the issuance of a proposed decision, except that under extraordinary circumstances the commission may extend the time for issuance of a final decision for a reasonable period.

This bill would require the commission to resolve the issues in the scoping memo in a ratesetting or quasi-legislative case within 18 months of the date the scoping memo is issued, unless the commission makes a written determination that the deadline cannot be met and issues an order extending that deadline. The bill would prohibit any single order from extending the deadline for more than 60 days. The bill would authorize the commission to specify in the scoping memo a resolution date later than 18 months from the date the scoping memo is issued, if that scoping memo includes specific reasons for the necessity of a later date and the commissioner assigned to the case approves the date.

(2) Existing law requires the commission to develop, publish, and annually update an annual work plan access guide that describes the scheduled ratemaking proceedings and other decisions that may be considered by the commission during the calendar year, as prescribed. Existing law requires the president of the commission to annually appear before the appropriate policy committees of the Legislature to report on that guide. Existing uncodified law requires the commission to annually submit a report to the Legislature on the number of cases where resolution exceeded the time periods prescribed in scoping memos and the days that commissioners presided in hearings.

This bill would require that the president of the commission appear annually before the appropriate policy committees of the Legislature to report on the annual work plan access guide and to report on the number of cases where resolution exceeded the time periods prescribed in scoping memos and the days that commissioners presided in hearings.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 453 (AB 1738) Committee on Health. Retail food facilities: mobile units.

The California Uniform Retail Food Facilities Law (CURFFL), provides for the regulation of health and sanitation standards for retail food facilities, including mobile food facilities and temporary food facilities, as defined, by the State Department of Health Services. Existing law requires all potentially hazardous food, as defined, to be held at a specified temperature. A violation of any of these provisions is punishable as a misdemeanor.

This bill would revise the CURFFL to include a mobile support unit within the definition of a food facility for specified purposes, and would impose specified regulatory requirements for these units. It would define a mobile support unit as a vehicle used in conjunction with a commissary that travels to and from and services mobile food facilities.

This bill would impose specified cleaning and servicing requirements for mobile food facilities, and would also revise the requirements for posting of identifying information by these facilities, and by temporary food facilities.

This bill would revise the temperature control requirements for potentially hazardous food held by a food facility, to specify the conditions under which the food may be held at temperatures other than those specified under existing law.

This bill would authorize customer access to the food preparation area of a food establishment under specified circumstances. The bill would revise the definitions of a commissary and a community event for purposes of the act.

Because violation of the provisions relating to retail food facilities is a misdemeanor, this bill would, by creating new crimes, impose a state-mandated local program.

This bill would incorporate additional changes in Section 114265 of the Health and Safety Code proposed by AB 1045, that would become operative only if AB 1045 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 454 (AB 1045) Leslie. Mobile food facilities.

The California Uniform Retail Food Facilities Law provides for the regulation of health and sanitation standards for retail food facilities by the State Department of Health Services and for local enforcement of these provisions. Violation of any of these provisions is a crime.

Existing law establishes standards for a mobile food facility and prohibits cooking processes, as defined, on a mobile food facility.

This bill would exempt the preparation of churros from the prohibition against cooking processes on a mobile food facility.

Existing law requires mobile food facilities not under a valid public health permit as of January 1, 1997, on which nonpackaged ready-to-eat food is sold, or offered for sale, to be constructed and equipped in compliance with specified requirements.

This bill would, in defining those facilities to which these requirements apply, eliminate the condition that the food be ready-to-eat, would require these facilities to have a hand washing facility, a utensil washing sink, safety equipment, and mechanical exhaust ventilation, as prescribed, and would require that ground or floor surface where cooking processes occur meet specified requirements.

By imposing additional requirements upon certain mobile food facilities, the bill would change the definition of a crime, thus imposing a state-mandated local program.

This bill would incorporate additional changes in Section 114265 of the Health and Safety Code proposed by AB 1738, that would become operative only if AB 1738 and this bill are both chaptered and become effective on or before January 1, 2004, and this bill is chaptered last.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 455 (AB 1742) Committee on Revenue and Taxation. Income and corporation taxes: interest: abatement: administration: minimum franchise tax.

Existing law requires the Franchise Tax Board to temporarily abate the assessment of interest on an erroneous refund for which an action for recovery is provided for under a specified statute, unless the taxpayer or related party has caused the erroneous refund or the erroneous refund exceeds $50,000.

This bill would delete the second of these prohibitions.

Existing income tax laws provide for interest at a specified rate with respect to refunds and credits.

This bill would provide that any abatement of interest shall be made with reference to a specified law.

Existing law requires the Franchise Tax Board to administer collections for various nontax programs, including the child support collections program. Existing law, in conformance with the federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA), requires employers to report the name, address, and social security number of a new hire to the Employment Development Department within 20 days following the date the new employee was hired. One of the purposes of the PRWORA is to locate noncustodial parents for the purpose of enforcing child support orders.

This bill would authorize the Franchise Tax Board to use the information required by PRWORA, among other laws, to be reported to the Employment Development Department for the purpose of enforcing collections under nontax collection programs that the Franchise Tax Board is required to administer.

The Corporation Tax Law imposes a franchise tax on a corporation that incorporates or commences doing business in this state. The franchise tax is measured by the income earned by the corporation during the taxable year, but not less than the minimum franchise tax of $800. Existing law provides that the minimum franchise tax does not apply to the first taxable year of a corporation that incorporates or qualifies to do business on or after January 1, 2000. Existing law exempts a corporation from the franchise tax measured by the income earned by a corporation, if that corporation was inactive and if that corporation's taxable year was 15 days or less.

This bill would provide, for purposes of the minimum franchise tax, that an inactive corporation's first taxable year of 15 days or less will not be considered as that corporation's first taxable year.

The Corporation Tax Law provides that a scholarshare trust is established and maintained as a qualified state tuition program, as provided.

This bill would make a technical change to that provision.

Under existing law, California personal income tax returns may be filed electronically. Existing law requires all individual income tax returns prepared by specified income tax preparers that, during the prior calendar year, prepared more than 100 personal income tax forms, to be electronically filed in the subsequent calendar year, and each calendar year thereafter.

This bill would clarify that these provisions apply to returns to be filed on and after January 1, 2004.

Ch. 456 (AB 1775) Committee on Banking and Finance. Money transmitters.

Existing law provides for the regulation of money transmitters by the Commissioner of Financial Institutions. Existing law requires a licensed money transmitter to maintain

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

tangible shareholders' equity determined to be adequate by the commissioner of at least $250,000. A violation of the provisions regulating money transmitters is a crime.

This bill would increase that amount to $500,000. The bill would authorize the commissioner to extend the time within which a licensee is required to satisfy the tangible shareholders' equity requirement.

Because a violation of this bill's requirements would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 457 (AB 1783) Committee on Higher Education. Public postsecondary education: cross-enrollment.

Existing law, known as the Donahoe Higher Education Act, sets forth, among other things, the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. Provisions of the act apply to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make a provision applicable. Among other things, the act identifies common educational missions shared by educational institutions in California and differentiates more specific missions and functions among the various educational segments.

A provision of the Donahoe Act, which is in effect until January 1, 2004, authorizes any student who is enrolled at any campus of the California Community Colleges, the California State University, or the University of California and who meets certain requirements, to enroll, without formal admission, in a maximum of one course per academic term at a campus of either of the other public segments, on a space available basis at the discretion of the appropriate campus authorities on both campuses. Existing law authorizes a host campus to charge participating students an administration fee, not to exceed $10 per academic term.

This bill would delete the January 1, 2004, repeal date of this provision, and thereby extend this program indefinitely. The bill would also authorize a host campus to charge participating students an administration fee that may not exceed an amount sufficient for the campus to recover the full amount of the administrative costs it incurs under this program, rather than the $10 limit in existing law.

Ch. 458 (SB 65) Torlakson. School district governing boards: contracts.

Existing law prohibits the governing board of a school district from entering into a contract that grants exclusive advertising rights, or grants the right to the exclusive sale of carbonated beverages, throughout the district to a person, business, or corporation, unless the governing board of the school district has adopted a policy after a public hearing to ensure that the district has internal controls in place regarding the expenditure of public funds.

This bill would make those provisions applicable to any contract for the sale of carbonated beverages or nonnutritious beverages or nonnutritious food, as defined, within the school district. The bill would, in addition, prohibit a governing board from entering into or renewing that contract or authorizing a school within the district to enter into or renew that contract, unless the governing board provides to parents, guardians, pupils, and members of the public an opportunity to comment on the contract during a public hearing conducted at a regularly scheduled board meeting. The bill would require the board to clearly identify in the meeting agenda the contract to be discussed. The bill would, in addition, specify certain activities that would meet the public hearing requirements for beverage and food contracts. The bill would prohibit the contract from including a confidentiality clause, and would require the board to make the contract accessible to the public.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 459 (SB 78) Torlakson. Physical education.

(1) Existing law requires the State Department of Education to encourage school districts offering instruction in kindergarten and any of grades 1 to 12, inclusive, among other things, to provide quality physical education that develops the knowledge, attitudes, skills, behavior, and motivation needed to be physically active for life, to provide extracurricular physical activity programs and clubs, and to encourage the use of school facilities for physical activity programs outside of school hours.

This bill would additionally require the department to encourage those schools to provide quality physical education that develops the knowledge, attitudes, skills, behavior, and motivation needed to be physically fit for life. The bill would require the department to encourage those schools to provide extracurricular physical fitness programs and clubs, in addition to physical activity programs and clubs, and to encourage the use of school facilities for physical fitness programs, in addition to physical activity programs, outside of school hours.

(2) Existing law requires the governing board of each school district maintaining any of grades 5, 7, and 9 to administer to each pupil in those grades a physical performance test designated by the State Board of Education. Existing law requires each pupil to be provided with his or her individual results after completing the physical performance testing.

This bill would authorize the test results to be provided orally as the pupil completes the testing.

(3) Existing law authorizes the governing board of a school district or the office of the county superintendent of schools of a county, with the consent of a pupil, to grant the pupil exemption from courses in physical education for 2 years any time during grades 10 to 12, inclusive, if the pupil passes the physical performance test.

This bill would delay until July 1, 2007, the requirement that a pupil pass the physical performance test as a condition of receiving the exemption. The bill would require the exemption to be implemented in a manner that does not create a new program or impose a higher level of service on a local educational agency.

Ch. 460 (SB 92) Speier. Taxpayer contributions: California Missions Foundation Fund.

Provisions relating to the administration of personal income taxes allow individual taxpayers to contribute amounts in excess of their tax liability for the support of specified funds.

This bill would allow taxpayers to designate on their tax returns that a specified amount in excess of their tax liability be transferred to the California Missions Foundation Fund, which would be created by this bill. However, the bill would provide that a voluntary contribution designation for this fund may not be added on the tax return until another voluntary contribution designation is removed from that return.

This bill would require that all moneys contributed to the fund pursuant to these provisions, upon appropriation by the Legislature, be allocated to the Franchise Tax Board and to the State Department of Parks and Recreation for allocation to the California Missions Foundation, a charitable organization, as provided.

This bill would repeal these voluntary contribution provisions on January 1 of the 5th taxable year following the taxable year the fund first appears on the tax return. The bill would also repeal these provisions for taxable years beginning on or after January 1 of the calendar year in which the Franchise Tax Board estimates by September 1 that the contributions made on returns filed in that calendar year will be less than $250,000, or an adjusted amount for subsequent taxable years.

Ch. 461 (SB 187) Karnette. District interns.

Existing law establishes grant funding for alternative certification programs, including district intern and intern programs.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would make teachers who have received their preliminary credentials through a district intern or other specified intern program ineligible to receive grant funding under an alternative certification program.

Existing law establishes the requirements for the issuance of district intern certificates. Existing law provides that upon the completion of successful service as a district intern the Commission on Teacher Credentialing shall award professional credentials to district interns in the same manner as applicants recommended for credentials by institutions that operate approved programs of professional preparation.

This bill would, in contrast, use the term district intern credential rather than district intern certificate to align the district intern program with the university intern program.

Existing law provides for a preservice period for a district intern during which the intern is paired with an already certificated employee and authorizes the governing board of a school district to recommend to the commission that the district intern be credentialed after the district intern has completed a specified number of years of service depending on the type of credential sought.

This bill would, instead, authorize the governing board of a school district to recommend to the commission that the district intern be credentialed after the district intern has completed service sufficient to meet program standards and performance assessments.

Ch. 462 (SB 271) Soto. Public employees' retirement: termination of contracts.

(1) Existing law authorizes the Board of Administration of the Public Employees' Retirement System to terminate contracts with contracting agencies that fail to pay any installment of contributions, as specified, into the Public Employees' Retirement Fund, a continuously appropriated fund.

This bill would provide that if a contracting agency fails to remit contributions when due, the agency may be assessed interest, costs of collection, and in the case of repeated delinquencies, certain penalties, as specified. Because those amounts would be deposited into the Public Employees' Retirement Fund, the bill would make an appropriation.

(2) Existing law provides that the board has a lien on the assets of a terminated contracting agency, as specified, and that all assets and liabilities of a terminated agency are pooled into a single account.

This bill would provide that a terminated agency shall be liable to the system for any deficit in funding for earned benefits, interest, and costs of collection, as specified.

The bill would also authorize the board to merge certain terminated plans into the terminated agency pool, as specified. The bill would make related changes with respect to assets and liabilities of terminated agencies, and with respect to payments owed to the system upon termination.

The bill would further provide that if a contracting agency has not paid the system for any deficit in funding for earned benefits, members shall be entitled to the benefits to which members of the plan were entitled 36 months prior to the date the agency notified the board of its intention to terminate it contract or 36 months prior to the date the board notified the agency of its intent to terminate the contract, whichever is earlier.

Ch. 463 (SB 452) Poochigian. California State University: Kenneth L. Maddy Institute.

Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. Existing law establishes the Kenneth L. Maddy Institute as a part of the public administration program of the College of Social Sciences at California State University, Fresno. Existing law requires that instruction at the institute be provided by the faculty of the public administration or political science programs at that campus, supplemented by discussions with active and retired public officials. Existing law also requires that the institute and its curriculum be directed by the Kenneth L. Maddy Professor of Public Administration at California State University,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Fresno, under the direction of the Dean of the College of Social Sciences at California State University, Fresno.

This bill would require that the institute be administered by the President of California State University, Fresno, and organized as a nonprofit organization governed by a board of trustees. The bill would provide that an executive director would be responsible for implementing the institute's mission and supervising its daily operations. The bill would require that instruction at the institute be provided primarily by the California State University, Fresno. The bill would delete the requirement that the institute and its curriculum be directed by the Kenneth L. Maddy Professor of Public Administration, under the direction of the Dean of the College of Social Sciences.

Ch. 464 (SB 617) Speier. Anatomical gifts: tissue banks: informed consent.

(1) Existing law provides for the licensure and regulation of tissue banks by the State Department of Health Services. Existing law authorizes the department to adopt rules and regulations governing the administration and enforcement of these provisions.

This bill would require the department to report to the Legislature by January 1, 2004, on the status of these regulations. This bill would also require that any person, when submitting an application for a license or renewal of a license to operate a tissue bank, submit, with the application, a copy of the applicant's standard informed consent form required pursuant to paragraph (2).

(2) The Uniform Anatomical Gift Act, which is administered by the State Department of Health Services, establishes general requirements and procedures for the donation of human organs and tissue, and pacemakers, upon or after death.

Existing law also includes related provisions regarding donation information and procedures.

This bill would require specified donees of an anatomical gift to revise existing informed consent forms and procedures under the act to advise a donor or donor's representative of specified information regarding potential uses of donated tissue, including use of tissue by a for-profit tissue processor or distributor, use of skin for purposes of cosmetic or reconstructive surgery, as defined, or use of tissue for transplants outside of the United States. The bill would allow the donor to withhold consent for donated tissue to be used for these purposes.

This bill would require the donee to offer to provide the donor or donor's representative with a copy of the completed consent form, or, if consent is obtained by telephone, to advise the donor or donor's representative that the consent conversation will be tape recorded and to offer to provide the donor or donor's representative with a written copy of the recorded telephonic consent form.

This bill would authorize a donor to bring a civil action for a violation of these provisions. The bill also would deem it unprofessional conduct for a health care provider to violate these provisions.

These provisions would not apply to the removal of sperm or ova pursuant to a specified provision of existing law.

Ch. 465 (SB 624) Committee on Public Employment and Retirement. State personnel administration: reports.

Existing law requires the Department of Personnel Administration to annually prepare and submit various reports to the Governor, his or her representatives, the Legislature, and specified legislative committees on (1) salaries of employees in comparable occupations in private industry, (2) an accident prevention incentive award program covering state employees in a recognized bargaining unit, and (3) reduced worktime for partial service retirement in state service.

This bill would delete the provisions under (2) and (3) and would instead require that the report under (1) be submitted by the department at least 6 months before the end of the term

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of an existing memorandum of understanding (MOU) or immediately upon the reopening of negotiations under an existing MOU.

Ch. 466 (SB 748) McPherson. Veterans' cemeteries.

Existing law provides for the burial of veterans and veterans' spouses and the care of veterans' graves, and requires the Department of Veterans Affairs to develop certain state-owned and state-operated cemeteries, as specified.

This bill would, until January 1, 2006, create the Governor's Commission on State Veterans Cemeteries within the Department of Veterans Affairs, composed as prescribed. It would require the commission to establish the need for state veterans' cemeteries, and locate and prioritize sites for the future construction of those cemeteries.

This bill would prohibit the department from implementing recommendations made by the commission without statutory authorization and specified federal funding.

Ch. 467 (SB 752) Alpert. Identification.

Under existing law, in any case in which a person is arrested for an offense declared to be an infraction or a misdemeanor, including a violation of any city or county ordinance or a violation of the Vehicle Code, the person may be released pursuant to specified procedures that include presenting to a peace officer satisfactory identification or signing a promise or notice to appear. Existing law also authorizes a peace officer to obtain a right thumbprint, or a left thumbprint or fingerprint if the person has a missing or disfigured right thumb, on a promise to appear from the person arrested for an infraction if that person does not provide satisfactory evidence of identity, or when the person is arrested for a misdemeanor and he or she has no satisfactory identification. Existing law provides that this thumbprint or fingerprint shall not be used to create a database.

This bill would add that the print could not be included in a database or otherwise distributed for any except law enforcement purposes relating to the identity of the arrestee.

Existing law provides that a person reasonably believing he or she is a victim of identity theft may petition the court for a factual finding of innocence, which shall be granted if there is no reasonable cause to believe that person committed the associated offense, as specified.

This bill would provide that a person contesting a charge by claiming under penalty of perjury not to be the person issued a notice to appear under the circumstances described above may choose to submit a print to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. This bill would authorize a local law enforcement agency providing this service to charge the requester no more than the actual costs.

By permitting this contest of a charge by a person claiming innocence under penalty of perjury who chooses to submit prints to local law enforcement agencies, this bill would expand the crime of perjury requiring additional prosecution resources, and require print handling and processing duties by local agencies, thereby imposing a state-mandated local program.

The bill would also specify procedures by which the court would determine the result of the contest, including providing for a finding of factual innocence under certain circumstances and for a referral of that finding to the Department of Motor Vehicles for specified purposes.

It would specify that the citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 468 (SB 851) Committee on Public Safety. Public safety.

(1) Existing law contains numerous provisions pertaining to crime and the implementation of the criminal laws of this state.

This would make numerous, nonsubstantive changes to these provisions.

(2) Existing law provides that the Attorney General, district attorney, or other specified law enforcement officers are not prohibited from overhearing or recording any communication that they could lawfully overhear or record, prior to the enactment of specified prohibitions on the eavesdropping or recording of specified communications.

This bill would add to the law enforcement officers listed in this provision police officers of the County of Los Angeles.

(3) Under existing law, except as specified, a prescribed limitation of time for certain offenses is not tolled or extended for any reason. Existing law provides that for specified offenses a prescribed limitation of time does not commence to run until the discovery of that offense. This provision is applicable to those offenses punishable by imprisonment in the state prison, a material element of which is fraud or breach of a fiduciary obligation, the commission of the crimes of theft or embezzlement upon an elder or dependent adult, or the basis of which is misconduct in office by a public officer, employee, or appointee, including, but not limited to, specified offenses.

This bill would revise and recast these provisions regarding elder or dependent adults. The bill would also provide that the limitations period for specified crimes involving the unlawful use of personal identifying information and procuring or offering a false or forged instrument for record does not begin to run until discovery of the offense.

(4) Existing law defines certain persons as peace officers, including safety police officers of the County of Los Angeles, who may carry firearms and whose authority extends to any place in the state for the purpose of performing their duties and making arrests, as specified.

This bill would change the reference to police officers of the County of Los Angeles.

(5) Existing law establishes a 5-year pilot program that authorizes the court to require any adult who has been convicted of a nonviolent or nonserious offense to participate in a program designed to assist the person in obtaining the equivalent of a 12th grade education as a condition of probation. This program is operable only upon approval of a county's board of supervisors. Existing law also authorizes the court to require a probationer to participate in a literacy or General Education Development Program. Existing law repeals this program on January 1, 2004, unless it is extended or made permanent by subsequent legislation.

This bill would extend the repeal date of this program to January 1, 2008.

(6) Existing law generally creates an ignition interlock device program for those people who are convicted of driving under the influence. Under this program, existing law makes it unlawful for any person whose driving privilege is restricted for specified reasons to operate any vehicle not equipped with a functioning ignition interlock device. If a person is convicted of violating this provision, the court is required to notify the Department of Motor Vehicles, which is required to terminate the restriction and suspend or revoke the person's driving privilege, as specified. Existing law also requires the Department of Motor Vehicles to conduct 2 studies to evaluate the effectiveness of ignition interlock in California and requires that the findings be reported to the Legislature, as specified. Existing law repeals these provisions as of January 1, 2005.

This bill would delete this repeal date as it relates to the ignition interlock program, and would make it only apply to the studies of ignition interlock devices.

(7) Existing law requires that each county establish an emergency response adult protective services program. Existing law requires a county to respond immediately to any report of imminent danger to an elder or dependent adult residing in other than a long-term care facility or a residential facility. For reports involving persons residing in a long-term care facility or a residential care facility, the county shall report to the local long-term care ombudsman program, as specified. Except as specified, existing law requires the county to respond to all other reports of danger to an elder or dependent adult in other than a long-term

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

care facility or residential care facility within 10 calendar days or as soon as practicably possible.

This bill would provide that a county shall not be required to report or respond to a report that involves danger to an elder or dependent adult residing in any facility for the incarceration of prisoners that is operated by or under contract to the Federal Bureau of Prisons, the Department of Corrections, the California Department of the Youth Authority, a county sheriff's department, a city police department, or any other law enforcement agency when the abuse reportedly has occurred in that facility.

Ch. 469 (SB 947) Ducheny. Indians: child welfare services: adoptions.

(1) Existing federal law, contained in the Indian Child Welfare Act, specifies that an Indian tribe shall have exclusive jurisdiction, except in certain cases, over any custody proceeding involving an Indian child, as defined, and specifies procedures and rights applicable to state court proceedings involving an Indian child. Among other things, these provisions authorize an Indian child's tribe to intervene in state court proceedings to determine the foster care placement of, or termination of parental rights to, an Indian child.

Existing California law directs the courts to strive to promote the stability and security of Indian tribes and families and to comply with the federal Indian Child Welfare Act in all Indian child custody proceedings, as specified, and requires that the federal act be applied in those proceedings if the tribe determines that an unmarried person, who is under 18 years of age, is a member of the tribe or is eligible for membership and is a biological child of a member of a tribe.

Existing law includes findings and declarations regarding these provisions.

This bill would revise those findings and declarations.

(2) Existing law requires state and local authorities to provide notice of, and to transfer child custody proceedings to, an Indian tribe within a specified period in cases in which an Indian child has been removed from parental custody by those authorities and the tribe has exclusive jurisdiction, as specified.

Existing law also requires that diligent efforts be made to locate an appropriate relative when placing a child in foster care.

This bill would, among other things, require the State Department of Social Services, a licensed adoption agency, or the adoption service provider, as applicable, to ask whether a child is or may be a member of, or eligible for membership in, an Indian tribe, as defined, when a parent seeks to relinquish a child for adoption or to execute an adoption placement agreement, as specified. The bill would require those entities to obtain additional information if there is information indicating that the child is or may be an Indian child, and to send a notice, including that additional information, to any Indian tribe, as defined, of which the child is or may be a member or eligible for membership. The bill would also impose specified civil penalties upon a person, other than a birth parent, who knowingly and willfully makes false claims in the required notice. The bill would require the State Department of Social Services to adopt regulations to ensure that the parent of an Indian child who is being voluntarily relinquished for adoption is advised of his or her right to withdraw his or her consent at any time prior to the entry of a final decree of termination of parental rights or adoption, as specified. The bill would require that a child be placed in the home of a relative for purposes of foster care, except as specified. The bill would specifically authorize an Indian tribe, as defined, to intervene in certain adoption proceedings and proceedings to determine the foster care placement of an Indian child on behalf of a tribal member relative, as specified. The bill would also require that there be a court finding that diligent efforts have been made to locate an appropriate relative before placing a child in foster care including, but not be limited to, requesting information about appropriate Indian tribes, as defined, and evaluation of each relative whose name is submitted. An Indian tribe that has received the required notices would be encouraged to provide notice regarding whether or not it intends to intervene, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(3) Existing law authorizes an agency responsible for the placement of a foster child to take into consideration in placing the child the cultural, ethnic, or racial background of the child and the capacity of the prospective foster parents to meet the needs of a child of this background.

This bill would delete those provisions and, instead, would provide that specified provisions of existing law with respect to the placement of children in foster care shall not be construed to affect the application of the Indian Child Welfare Act.

(4) Existing law requires a court to notify the State Bar when specified sanctions are imposed upon an attorney.

This bill would require a court to notify the State Bar when the civil penalties described in (2) above are imposed upon an attorney.

(5) Existing law provides that the Director of the State Department of Social Services may enter into an agreement with any California Indian tribe for the delegation to the tribe of the responsibility, that would otherwise be that of a county, for the provision of child welfare services or assistance payments.

This bill would also preclude construction of the implementation of the director's agreements with Indian tribes to delegate county child welfare responsibilities as imposing liability upon, or requiring indemnification by, the participating county or the State of California for any act or omission performed by an officer, agent, or employee of the participating tribe.

Ch. 470 (SB 970) Ortiz. Fingerprinting: criminal offender records.

Existing law generally makes the Attorney General responsible for the security of criminal offender record information.

This bill would require the Attorney General to establish an electronic communication network to facilitate the transmission of requests from specified entities in California for criminal offender record information for employment, licensing, certification, custodial child placement, or adoption purposes, as specified. In addition, the bill would require, as of July 1, 2005, that the Department of Justice only accept criminal offender record information requests for employment, licensing, certification, custodial child placement, or adoption purposes if it was transmitted electronically from a department approved entity, except as specified.

Ch. 471 (SB 1062) Committee on Revenue and Taxation. Taxation.

(1) The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, ''full cash value'' is defined as the assessor's valuation of real property as shown on the 1975–76 tax bill under ''full cash value'' or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred.

Existing property tax law permits a taxpayer to transfer the base year value, as provided, of qualified contaminated property, as defined in the California Constitution, to a newly constructed property or a replacement property if certain conditions are met. In the case of a newly constructed replacement structure, these conditions include that the replacement structure must be similar in size, utility, and function to the original structure on the qualified contaminated real property.

This bill would recast and reorganize these provisions, and would, for purposes of these provisions, define the terms ''similar in function'' and ''similar in size and utility.'' This bill would also require a taxpayer that seeks to transfer a base year value pursuant to these provisions to notify the county assessor, as prescribed.

(2) Existing property tax law provides for supplemental and escape assessments to be made on property outside the regular assessment period and requires that certain notices, in a form prescribed by the State Board of Equalization, of those assessments be given to assessees.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require that the form of these notices be approved, rather than prescribed, by the State Board of Equalization.

(3) Existing law requires a county assessor who determines that a change in ownership or the completion of new construction has occurred to place a notice of a pending supplemental billing on the roll being prepared and to notify the county auditor, who is required to place a notation on the current roll, or on a separate document accompanying the current roll, that a supplemental billing may be forthcoming.

This bill would repeal this requirement.

(4) Existing law requires a party that subpoenas an employee of the State Board of Equalization to pay the board $200 for each day the employee is required to attend the proceedings to which the subpoena pertains to offset the travel expenses, salary, and other compensation of the employee during the time he or she is subject to the subpoena.

This bill would make technical, nonsubstantive changes to this provision.

(5) Existing law authorizes a taxpayer in an eligible county, as defined, to defer the payment of property taxes on real property that has sustained ''substantial disaster damage,'' which term is generally defined as real property and any manufactured home that has received or is eligible for the homeowners' exemption, as provided, and that has sustained damage amounting to at least 10% of its fair market value or $5,000, whichever is less.

This bill would change that $5,000 limit to $10,000.

(6) Existing property tax law provides, pursuant to a specified provision of the California Constitution, for a homeowners' property tax exemption in the amount of $7,000 of the full value of a ''dwelling,'' as defined.

This bill would correct an erroneous cross-reference in this provision.

(7) Existing law requires that the assessed value of property that is enforceably restricted, as specified, be determined by using a specified capitalization of income method of valuation, and also requires, as a component of this method of valuation, the State Board of Equalization to announce, by September 1 of each assessment year, the interest rates of specified federal security instruments, as provided. Existing law also requires, before a contract that enforceably restricts specified agricultural property is canceled, the county assessor to determine the fair market value of that property as if it was not enforceably restricted and to notify the applicable county board of supervisors and city council of this value.

This bill would require the board to announce these interest rates by October 1 of each assessment year. This bill would also require the county assessor to additionally notify an assessee of enforceably restricted agricultural property, who intends to cancel that contract, of the fair market value of that property if it was not enforceably restricted and of that assessee's appeal rights, as provided. By imposing an additional notice requirement on county assessors, this bill would impose a state-mandated local program.

(8) Existing law authorizes a refund, with interest, of property taxes paid on the unsecured roll for the 1978–79 fiscal year if a California appellate court makes a specified determination.

This bill would repeal that authorization.

(9) Existing property tax law, in accordance with the California Constitution, provides an exemption, known as the ''welfare exemption,'' for property used exclusively for religious, hospital, or charitable purposes if certain conditions are met. Existing law requires an organization that seeks the welfare exemption to submit to the county assessor, among other items, an affidavit and a letter or ruling from the Franchise Tax Board or the Internal Revenue Service regarding the tax-exempt status of the organization under state or federal income tax laws.

This bill would revise the procedure by which an organization applies for the welfare exemption by requiring the organization to submit a valid organizational certificate from the State Board of Equalization, instead of a letter or ruling from the Franchise Tax Board or the Internal Revenue Service. This bill would establish a procedure by which organizations can

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

apply for these certificates and establish guidelines for the board to issue these certificates. This bill would make conforming changes to provisions of existing law to implement these procedures.

(10) The Sales and Use Tax Law requires each person who desires to engage in business as a seller in this state to file an application for a permit with the State Board of Equalization. Existing law, until January 1, 2004, authorizes cities and counties to collect information from persons seeking to engage in the business of selling tangible personal property and to transmit that information to the board, as provided. Existing law, until January 1, 2004, also authorizes cities and counties to require each person desiring to engage in business in that jurisdiction for the purposes of selling tangible personal property to provide his or her seller's permit account number, if any.

This bill would repeal the provisions eliminating these authorizations as of January 1, 2004, to instead extend these authorizations indefinitely.

(11) The Vehicle License Fee (VLF) Law establishes, in lieu of any ad valorem property tax upon vehicles, an annual license fee for any vehicle subject to registration in this state in the amount of 2% of the market value of that vehicle, as specified. Existing law requires the Controller, in consultation with the Department of Motor Vehicles and the Department of Finance, to make certain calculations regarding the vehicle license fees paid by commercial vehicle operators and to transfer moneys based upon these calculations in a specified order for specified purposes.

This bill would clarify that the Controller is required to make these transfers from the General Fund.

(12) This bill would also make various other technical changes to property tax law to correct various cross-references, to conform various provisions to related existing law, and to repeal obsolete provisions.

(13) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 472 (AB 170) Reyes. Air quality element: San Joaquin Valley.

Existing law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and of any land outside its boundaries that bears relation to its planning. The law requires the plan to include a specified land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, and other categories of public and private uses of land.

This bill would make legislative findings and declarations regarding air pollution problems in the San Joaquin Valley. The bill would require the legislative body of each city and county within the jurisdictional boundaries of the San Joaquin Valley Air Pollution Control District to amend the appropriate elements of its general plan to include data and analysis, comprehensive goals, policies, and feasible implementation strategies to improve air quality no later than one year from the date specified for the next revision of its housing element.

The bill would also require these cities and counties, at least 45 days prior to the adoption of air quality amendments to a general plan, to send a copy of the draft document to the district for review and comment, as specified. By increasing the duties of local public officials, this bill would impose a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 473 (AB 1031) Correa. Financial institutions.

(1) Existing law, the Corporate Securities Law of 1968, provides for the licensing of agents and broker-dealers and the registration of investment advisers and investment adviser representatives by the Department of Corporations, subject to certain exceptions. Existing law authorizes the Commissioner of Corporations to take disciplinary action against the certificate of, or deny a certificate to, a broker-dealer or an investment adviser for specified acts, including a willful violation of certain provisions relating to securities, investments, commodities, and franchises.

This bill would authorize disciplinary action against the certificate of a broker-dealer or investment adviser for the violation of other statutes and rules related to broker-dealers and investment advisers, and the denial of a certificate to an applicant for a violation of similar state or foreign regulatory provisions. The bill would also authorize the commissioner to review the disciplinary history of an investment adviser representative upon the filing of a notice of employment, association, or transfer, an amendment of that notice, or a termination of employment or association.

Existing law requires that, upon the request of the commissioner, a broker-dealer or investment adviser furnish an authorization for disclosure of financial records of the business.

This bill would require a broker-dealer or investment adviser, and an applicant for licensure as a broker-dealer or investment adviser, to provide the authorization for disclosure.

Existing law requires the commissioner to make certain information concerning investment advisers in the possession of the commissioner available to the public on request.

This bill would limit this information to information subject to disclosure under the Information Practices Act of 1977, and would exempt specified criminal history record information.

The bill would make a disciplinary action taken by the State of California, another state, the federal government, or another country for an action substantially related to broker-dealer or investment advisers grounds for disciplinary action by the commissioner. The bill would provide that a certified copy of the record of discipline is conclusive evidence of the events in the record.

(2) Existing law authorizes certain fines and penalties relative to willful violations of the Corporate Securities Act of 1968.

This bill would increase those fines and penalties for issuers of securities who violate certain provisions of that law.

This bill would make it unlawful to intentionally impede, obstruct, or influence the administration or enforcement of the Corporate Securities Act of 1968.

This bill would require the commissioner to use specified forms in regulating broker-dealers and investment advisers.

Existing law authorizes the commissioner to cooperate with other securities agencies, and to take specified acts for this purpose.

This bill would also authorize the department to cooperate in any regulatory activity necessary in the administration of the USA Patriot Act of 2001.

Existing law requires certain securities offered or sold in this state to be qualified or exempted, and provides that an application for qualification, an amendment to an application, or a related securities document or record filed in this state by means of an electronic technology is deemed to be a valid original document upon reproduction to paper form by the Department of Corporations.

This bill would expand this provision to apply to other documents and records.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(3) Existing law, the Check Seller, Bill Payer, and Proraters Law, the violation of which is a misdemeanor, prohibits a person from engaging in the business of check selling, bill paying, or prorating without being licensed by the Commissioner of Financial Institutions.

Existing law authorizes the commissioner to deny a license under certain conditions, including if the applicant or any officer, director, or member of the applicant has violated a provision of the law or rules thereunder, or similar regulatory scheme of a foreign jurisdiction.

This bill would make a violation by a general partner or person owning or controlling, directly or indirectly, 10% or more of the outstanding interests or equity securities subject to the denial of licensure. The bill would also include a violation of a related regulatory scheme of California as a ground for denial of a license.

This bill would make a disciplinary action taken by the State of California, another state, the federal government, or another country for an action substantially related to check sellers and proraters, grounds for a disciplinary action by the commissioner. The bill would provide that a certified copy of the record of discipline is conclusive evidence of the events therein.

(4) Existing law, the Escrow Law, prohibits a person from engaging in business as an escrow agent except as a corporation licensed by the Commissioner of Financial Institutions as an escrow agent. Existing law authorizes the commissioner to deny a license under certain conditions.

This bill would make a violation of the Escrow Law, related rules, or a similar regulatory scheme of a foreign jurisdiction by a general partner or person owning or controlling, directly or indirectly, 10% or more of the outstanding interests or equity securities subject to the denial of licensure. The bill would also make a violation of a related regulatory scheme of California as a ground for denial of a license.

This bill would make a disciplinary action taken by the State of California, another state, the federal government, or another country for an action substantially related to escrow agents, grounds for a disciplinary action by the commissioner. The bill would provide that a certified copy of the record of discipline is conclusive evidence of the events therein.

(5) Existing law, the Finance Lenders Law, prohibits a person from engaging in the business of a finance lender or broker without a license from the Commissioner of Financial Institutions. Existing law provides that the commissioner may deny an application for a license for specified reasons, including that the applicant or any officer, director, general partner, or person owning or controlling, directly or indirectly, 10% or more of the outstanding interests or equity securities of the applicant has violated that law, related rules and regulations, or the similar regulatory scheme of a foreign jurisdiction.

This bill would include a violation of a similar regulatory scheme of the State of California as a ground for denial of a license. The bill would make a disciplinary action taken by the State of California, another state, the federal government, or another country for an action substantially related to the practice of finance lenders or brokers, grounds for a disciplinary action by the commissioner. The bill would provide that a certified copy of the record of discipline is conclusive evidence of the events therein.

(6) Existing law, the California Deferred Deposit Transaction Law, which except for specified provisions becomes operative March 1, 2004, authorizes regulation of persons engaged in the business of making or negotiating deferred deposit transactions and provides for the licensing of those persons by the Commissioner of Corporations. Existing law exempts certain financial entities from the definition of a licensee.

This bill would also exempt credit unions from the definition of a licensee.

(7) Because this bill would create new crimes, it would impose a state-mandated local program.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(9) This bill would incorporate additional changes in Section 17209.3 of the Financial Code, contingent upon the prior enactment of AB 479.

Ch. 474 (AB 1034) Mullin. Housing: building standards.

(1) Existing law authorizes the legislative body of a city, county, or city and county to collect any fee, cost, or charge incurred in the correction of any violation of specified provisions of law or regulations regarding untenantable dwellings, fire safety, and building standards.

This bill would additionally authorize the collection of fees, costs, or charges incurred in the correction of any violation of specified regulations or ordinances.

(2) Local ordinances or regulations governing alterations and repair of existing buildings are required to permit the replacement, retention, and extension of original materials and the use of original methods of construction as long as the hotel, lodginghouse, motel, apartment house, or dwelling, or portions thereof, or building and structure accessory thereto, complies with the California Building Standards Code and other requirements are met.

This bill would require the above described local ordinances or regulations to permit the replacement, retention, and extension of original materials and the use of original methods of construction for any building or accessory structure, including a hotel, lodginghouse, motel, apartment house, or dwelling, as long as the portion of the building or accessory structure that is subject to the replacement, retention, or extension of original materials and the use of original methods of construction comply with the building code provisions governing that portion of the building or accessory structure at the time of its construction and other requirements governing the building or accessory structure at that time are met.

(3) The State Housing Law requires the housing or building department or, if there is no building department, the health department, of every city, county, or city and county, or a specified environmental agency to enforce within its jurisdiction all of the State Housing Law, the building standards published in the State Building Standards Code, and other specified rules and regulations. If there is a violation of these provisions or any order or notice that gives a reasonable time to correct that violation, or if a nuisance exists, an enforcement agency is required, after 30 days' notice to abate the nuisance, to institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or nuisance. A violation of the State Housing Law, related published building standards, or any other rule or regulation adopted pursuant to the law is a misdemeanor.

This bill would authorize a notice to abate with a shorter time if deemed necessary by the enforcement agency to prevent or remedy an immediate threat to the health and safety of the public or occupants. It would also authorize the building department, housing department, or health department enforcing any of the State Housing Law to develop a list of agencies that finance or assist residential rehabilitation or repair activities for property owners or renters. It would also authorize the staff of that department to provide written or oral referrals in conjunction with, or as a result of, any inspection, notice of violation, or other activity.

The bill would revise the provisions requiring an enforcement agency to institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or nuisance, as specified.

(4) Existing law authorizes the execution of an order requiring a building to be retrofitted to local building standards if a building is identified by a city, city and county, or county pursuant to specified provisions of existing law as being potentially hazardous to life in the event of an earthquake or is identified for any other reason to be hazardous to life in the event of an earthquake if specified conditions are satisfied. If the conditions have not been satisfactorily remedied or removed within the time fixed in an abatement order, a court is required to appoint a receiver who is required to post a bond.

This bill would instead authorize the execution of an order requiring a building to be retrofitted to local building standards or repaired so as not to violate any law, regulation, or ordinance applicable to the maintenance and use of the building if a building is identified

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

pursuant to the above described provisions or is identified pursuant to the State Housing Law as being in a condition that substantially endangers the health and safety of the residents.

This bill would deem a receiver acting under the general direction of the enforcement agency a public officer for purposes of exempting that receiver from requirements related to the posting of a bond and would make conforming changes.

(5) Existing law authorizes an enforcement agency, under specified circumstances, to seek an order to prohibit the owner from claiming any deduction with respect to state taxes for interest, taxes, expenses, depreciation, or amortization paid or incurred with respect to a cited structure.

This bill would authorize an enforcement agency to require the private owner of a specified residential structure to provide the enforcement agency with prescribed personal identifying information, including a social security number, if the enforcement agency anticipates that it will pursue specified remedies against the owner.

Ch. 475 (AB 1302) Simitian. Claims against the state: appropriation.

Existing law requires the California Victim Compensation and Government Claims Board to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state allowed by the board.

This bill would appropriate $428,000 from the General Fund to the Executive Officer of the California Victim Compensation and Government Claims Board to pay a specified claim.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 476 (SB 288) Sher. Air quality: Protect California Air Act of 2003: South Coast Air Quality Management District: air pollution control fees.

(1) Existing law, the federal Clean Air Act, requires each major new and modified source of air pollution to undergo ''new source review'' to ensure that facilities install the best available control equipment, obtain offsets for any new emissions, and comply with any other requirement to ensure that the new and modified sources do not adversely affect air quality. On December 31, 2002, the Administrator of the United States Environmental Protection Agency promulgated regulations implementing the new source review program that change that program. Under the federal Clean Air Act, states may adopt air pollution control requirements that are more stringent than federal requirements. Existing law designates the State Air Resources Board as the air pollution control agency responsible for the coordination of the activities of air pollution control districts and air quality management districts for the purposes of the federal Clean Air Act. Subject to the powers of the state board, the districts are required to adopt and enforce rules and regulations to achieve and maintain the state and federal ambient air quality standards in all areas affected by nonvehicular emission sources under their jurisdiction. Each district is authorized to establish a permit system that requires, except as specified, that before any person builds, erects, alters, replaces, operates, or uses any article, machine, equipment, or other contrivance that may cause the issuance of air contaminants, the person obtain a permit from the air pollution control officer of the district.

This bill would establish the Protect California Air Act of 2003. The bill would make legislative findings and declarations regarding those new federal regulations and their effect on the federal Clean Air Act, as implemented in California. It would declare the purposes of the bill to include the need to attain and maintain ambient air quality standards by the earliest practicable date, to protect public health and welfare from the adverse effects of air pollution, and to ensure that economic growth will occur in a manner consistent with the preservation of existing clean air resources.

This bill would prohibit districts from amending or revising their new source review rules or regulations to be less stringent than those rules or regulations that existed on December 30, 2002, except under certain circumstances. It would require the state board to provide on

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

its Web site, and in writing for purchase by the public, a copy of the federal new source review regulations as they read on December 30, 2002, and a related document.

(2) Existing law, until January 1, 2005, authorizes the South Coast Air Quality Management District to impose a $1 fee on the renewal of registration of any motor vehicle in the district, and requires the district to utilize the revenues generated by the imposition of that fee to reduce air pollution from motor vehicles through the implementation of a clean-burning fuel program in that district.

This will would extend that authority until January 1, 2010.

Ch. 477 (SB 523) Escutia. Corporate liability.

Existing law provides for the regulation of corporations and limited liability companies. Existing law requires corporations and limited liability companies to pay specified penalties for neglecting, failing, or refusing to keep, or causing to be kept or maintained, certain records relating to the corporation or limited liability company.

This bill would make a corporation and a limited liability company liable for civil penalties up to $1,000,000 in an action brought by the Attorney General or a district attorney or city attorney if the corporation or limited liability company has knowledge of certain acts and fails to notify the Attorney General or the appropriate government agency and shareholders or investors.

Ch. 478 (SB 607) Aanestad. Beverage container recycling.

The California Beverage Container Recycling and Litter Reduction Act defines ''convenience zone,'' for purposes of providing recycling centers under the act, as an area within a $1/2$ mile radius of a supermarket or, alternatively, as a zone designated by the Department of Conservation in an underserved area with no supermarket.

This bill would revise that definition of ''convenience zone'' to delete the alternative designation of a convenience zone. The bill, instead, would provide that in a rural region, as specified, the Department of Conservation may, upon petition of an interested person, increase a convenience zone that is otherwise not being served by a certified recycling center or location or is exempted by the department, to include the area within a 3-mile radius of a supermarket, if the expanded convenience zone would then be served by a certified recycling center or location.

Ch. 479 (SB 700) Florez. Air quality: emissions: stationary sources: agricultural operations.

(1) Existing law authorizes the board of every air quality management district and air pollution control district to establish a permit system that requires any person that uses certain types of equipment that may cause the emission of air contaminants to obtain a permit. Existing law exempts vehicles and certain types of equipment from those permit requirements.

This bill would eliminate that exemption for any equipment used in agricultural operations in the growing of crops or the raising of fowl or animals. To the extent that the bill would increase the number of permits that a district board, electing to establish a permit system prior to January 1, 2004, would be required to issue, the bill would impose a state-mandated local program.

(2) Existing law defines various terms governing the construction of air pollution control laws in the state, and authorizes the state board to revise those definitions to conform with federal law.

This bill would define the terms ''agricultural source of air pollution'' and ''fugitive emissions,'' and would prohibit, notwithstanding the existing authority, the state board from revising those definitions.

(3) The existing federal Clean Air Act requires districts to adopt local programs for issuing operating permits to major stationary sources of air pollutants. The existing act

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

defines a stationary source as any building, structure, facility, or installation that emits or may emit any air pollutant.

This bill would require each district that is designated a serious federal nonattainment area for an applicable ambient air quality standard for particulate matter as of January 1, 2004, to adopt, implement, and submit for inclusion in the state implementation plan, a rule or regulation requiring best available control measures (BACM) and best available retrofit control technology (BARCT) for agricultural practices to reduce air pollutants from those sources for which that technology is applicable for agricultural practices by the earliest feasible date, but not later than January 1, 2006. The bill would require each district subject to those requirements to comply with a schedule for public hearing, adoption, and implementation of the final rule.

The bill would require each district that is designated a moderate federal nonattainment area or an applicable ambient air quality standard for particulate matter as of January 1, 2004, to adopt and implement control measures necessary to reduce emissions from agricultural practices by the earliest feasible date, but no later than January 1, 2007, unless the district determines that those sources do not significantly cause or contribute to a violation of state or federal standards.

The bill would require, by January 1, 2005, the state board to review all available scientific information and develop a definition of a "large confined animal facility."

The bill would require, by July 1, 2006, each district that is designated as a federal nonattainment area for ozone as of January 1, 2004, to adopt, implement, and submit for inclusion in the state implementation plan, a rule or regulation that requires the owner or operator of a large confined animal facility as that term is defined by the state board to obtain a permit to reduce, to the extent feasible, emissions of air contaminants from the facility. The bill would require the district to perform an assessment of the impacts of the rule or regulation prior to its adoption. The bill would authorize a permitholder to appeal any district determination or decision related to that permit.

The bill would require a district that is designated as being in attainment for the federal ambient air quality standard for ozone as of January 1, 2004, to adopt the same rule or regulation required of nonattainment districts, by July 1, 2006, unless the district board makes a determination that large confined animal facilities will not contribute to a violation of any state or federal ambient air quality standard. The bill would provide the rule or regulation is not required to be submitted for inclusion into the state implementation plan.

The bill would require the California Air Pollution Control Officers Association, in consultation with the state board and other interested parties, by January 1, 2005, to develop a clearinghouse of available control measures and strategies for agricultural sources of air pollution and emissions of air contaminants from agriculture operations.

The additional duties imposed upon districts by the bill would impose a state-mandated local program.

(4) Existing law establishes the Capital Access Loan Program for Small Businesses, administered by the California Pollution Control Financing Authority, which provides loans through participating financial institutions to entities authorized to conduct business in the state and whose primary business location is in the state.

This bill would require the authority to expand the program to include outreach to financial institutions that service agricultural interests in the state for the purposes of funding air pollution control measures.

(5) Under existing law, any person who violates a rule, regulation, permit, or order of a district is guilty of a misdemeanor. Because this bill would increase the number of people who are subject to that provision, it would expand the scope of a crime, thereby imposing a state-mandated local program.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 480 (SB 704) Florez. Air quality: agricultural burning.

(1) Under existing law, each air pollution control district and air quality management district is authorized to establish a permit system that requires, except as specified, that before any person builds, erects, alters, replaces, operates, or uses any article, machine, equipment, or other contrivance that may cause the issuance of air contaminants, the person obtain a permit from the air pollution control officer of the district.

Existing law until January 1, 2004, establishes the Agricultural Biomass-to-Energy Incentive Grant Program, which permits air districts, as defined, to apply to the Technology, Trade, and Commerce Agency to receive grants to provide incentives to facilities that convert qualified agricultural biomass, as defined, to fuel.

Under the Public Utilities Act, the Public Utilities Commission requires electrical corporations to identify a separate rate component to fund in-state operation and development of existing and new and emerging renewable resources technologies. This rate component is a nonbypassable element of local distribution and collected on the basis of usage. Existing law requires specified electrical corporations to collect specific amounts to support in-state operation and development of existing and new and emerging renewable resources technologies. Existing law also requires the State Energy Resources Conservation and Development Commission (Energy Commission) to transfer funds collected for in-state operation and development of existing and new and emerging renewable resources technologies into the Renewable Resource Trust Fund, a continuously appropriated fund, to accomplish these purposes.

This bill would repeal the Agricultural Biomass-to-Energy Incentive Grant Program, and instead, would require the Energy Commission, upon determining the project is eligible for funding, to provide incentives to a facility, as defined.

(2) This bill would require the Energy Commission, pursuant to an item of the Budget Act of 2003, to allocate $6,000,000 from the Renewable Resource Trust Fund for the 2003–04 fiscal year, to provide incentives to a facility, to increase its utilization of qualified agricultural biomass.

(3) The bill would provide that it would become operative only if SB 705 is chaptered and becomes effective.

Ch. 481 (SB 705) Florez. Air quality: agricultural burning: San Joaquin Valley Unified Air Pollution Control District.

(1) Existing law prohibits any person from knowingly setting or permitting agricultural burning unless he or she has a valid permit designated by the State Air Resources Board to issue a permit in the area where the burning is to take place. Existing law requires the state board to designate public fire protection agencies or other equivalent agencies to issue permits, and to adopt rules and regulations to provide a procedure for the issuance of those permits.

This bill would prohibit the issuance of any permit to a person to burn certain categories of agricultural waste, as defined, within the jurisdiction of the San Joaquin Valley Unified Air Pollution Control District, commencing on the date specified for each category, except that the bill would authorize the district to postpone those dates under certain circumstances. The bill also would require the district to develop and adopt, by June 1, 2005, rules establishing the best management practices for certain other weeds and maintenance, as defined, and would require those rules to become operative by June 1, 2006. The bill would require the district to develop and adopt rules to regulate the burning of diseased crops. The bill would prescribe the circumstances under which a conditional crop burning permit would be authorized to be issued.

The additional duties of the bill for the district would impose a state-mandated local program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) Existing law makes a violation of any rule, regulation, or order of the state board or a district a misdemeanor.

By expanding the scope of a crime, this bill would impose a state-mandated local program.

(3) This bill would make findings and declarations regarding the inapplicability of a general statute within the meaning of Section 16 of the California Constitution.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Ch. 482 (SB 708) Florez. Air pollution: motor vehicles.

(1) Existing law establishes a motor vehicle inspection and maintenance program (smog check), administered by the Department of Consumer Affairs and the State Air Resources Board, that provides for the inspection of all motor vehicles, except those specifically exempted from the program, upon registration, biennially upon renewal of registration, upon transfer of ownership, and in certain other circumstances. Existing law provides for a repair assistance program available to an eligible individual whose vehicle has failed a smog check inspection.

This bill would expand the repair assistance program to include the owner of a motor vehicle who was issued a notice to correct for an alleged violation of unlawful motor vehicle exhaust discharge, if the vehicle subject to that notice has failed a smog check inspection subsequent to receiving that notice.

(2) Existing law imposes a fine of not less than $100 nor more than $250 upon the conviction of a second or subsequent violation of unlawful motor vehicle exhaust discharge.

This bill would increase the amount of that fine to not less than $135, rather than $100, nor more than $285, rather than $250, upon the conviction of a second or subsequent violation of the above.

(3) Existing law requires every driver of a passenger vehicle to stop and submit the vehicle to an inspection of the mechanical condition and equipment of the vehicle at any location where members of the California Highway Patrol are conducting tests and inspections of passenger vehicles and when signs are displayed requiring that stop.

This bill would authorize a county board of supervisors, by ordinance, to establish on highways under its jurisdiction a combined vehicle inspection program to check for violations of unlawful motor vehicle discharges and to identify drivers who are in violation of driving under the influence statutes.

(4) Existing law requires all fines and forfeitures imposed and collected for crimes, other than parking offenses, to be distributed in accordance with described schedules.

This bill would require, if a county board of supervisors establishes the combined inspection and checkpoint program described under (3), that $35 of the money deposited in the county treasury from fines imposed under (2) be deposited in a special account to be used exclusively to pay the cost incurred by the county for establishing and conducting that combined program, but would authorize that money to be deposited only after a fine imposed for a conviction of a second or subsequent violation of unlawful motor vehicle exhaust discharge, and any penalty assessment thereon, has been collected.

Ch. 483 (SB 709) Florez. San Joaquin Valley Unified Air Pollution Control District: district board.

(1) Existing law establishes the San Joaquin Valley Unified Air Pollution Control District, formed by the Counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare, and consisting of the Counties of Fresno, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare, and that portion of the County of Kern that is within the San Joaquin Valley Air Basin.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the district board to adopt rules and regulations that require the use of best available control technology for new and modified sources of pollution, promote the use of cleaner burning alternative fuels, and encourage and facilitate ridesharing for commuters. The bill would require the district to expand the office of small business to include agriculture assistance, and to establish expedited permit review and project assistance mechanisms relative to clean fuel technologies. By imposing new duties on the district, the bill would impose a state-mandated local program.

This bill would require the district board to adopt a schedule of fees to be assessed on areawide or indirect sources of emissions that are regulated, but not subject to permit, by the district, to recover the costs of district programs related to those sources. The bill would authorize the district board to monitor emissions from all stationary agricultural pumps in the district.

(2) Existing law authorizes the South Coast Air Quality Management District to impose a $1 fee on the renewal of registration of motor vehicles in the district, to fund its clean-burning fuels program.

This bill would authorize the San Joaquin Valley Unified Air Pollution Control District to also impose a $1 fee on the initial registration and renewal of registration of motor vehicles in the district to be used to reduce air pollution from motor vehicles in the district. The bill would require the Department of Motor Vehicles to collect the local fee on behalf of the district.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 484 (SB 777) Escutia. Whistleblowers.

Existing law prohibits employers from making, adopting, or enforcing a policy that prevents an employee from disclosing violations of a state or federal statute, or a violation or noncompliance with a state or federal regulation to a government or law enforcement agency, or from retaliating against an employee who makes a disclosure. It makes a violation punishable as a misdemeanor.

This bill would extend these protections to employees who report a violation of a state or federal rule, who refuse to participate in an activity that would result in a violation of state or federal statute, or a violation or noncompliance with a state or federal rule or regulation, or who exercised these rights in former employment. This bill would prohibit an employer from retaliating against an employee for exercising any of these rights, including those provided under existing law, would add an additional civil penalty for violations, and would establish the evidentiary burdens of the parties participating in a civil action or administrative hearing involving an alleged violation of the bill's provisions. This bill would establish a "whistleblower hotline" within the office of the Attorney General to receive telephone reports of violations of state or federal statutes, rules, or regulations, or fiduciary responsibilities, by an employer. The bill would require the Attorney General to refer calls received on this hotline to the appropriate government authority, as specified.

This bill would also require an employer to display, as specified, a list of an employee's rights under whistleblower laws, including the telephone number of the hotline created by the bill.

Because a violation of the provisions added by this bill would constitute a misdemeanor, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 485 (SB 907) Burton. Professions and vocations: naturopathic doctors.

(1) Existing law establishes boards and bureaus within the Department of Consumer Affairs that are responsible for licensing and regulating persons practicing various healing arts disciplines.

This bill would establish, until July 1, 2009, the Naturopathic Doctors Act, to be administered by the Bureau of Naturopathic Medicine created within the Department of Consumer Affairs. The bill would specify various standards for the licensure and regulation of naturopathic medicine that the bureau would enforce. The bill would create the Naturopathic Doctor's Fund, and would require fees collected by the bureau to be deposited into the fund. The bill would specify that the moneys in the fund are available to the bureau only upon appropriation by the Legislature, but it would appropriate all money other than specified revenue received and credited to the fund in the 2003–04 fiscal year to the bureau to implement the act's provisions. The bill would make the provisions of the act relating to the fund operative on January 1, 2004, but would make the remainder of the act operative on July 1, 2004. The bill would require the department to certify that sufficient funds are available in the Naturopathic Doctor's Fund prior to implementation. The bill would make additional related changes.

(2) Existing law requires specified regulatory boards within the department to obtain fingerprints from a licensing applicant to conduct a criminal history check.

This bill would extend this requirement to the Bureau of Naturopathic Medicine, the Contractors' State License Board, and the Structural Pest Control Board.

(3) Because the bill would make the violation of certain of its provisions a crime, it would impose a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) This bill would incorporate additional changes in Section 13401.5 of the Corporations Code proposed by AB 123 that would become operative only if AB 123 and this bill are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

Ch. 486 (SB 1065) Committee on Revenue and Taxation. Personal and bank and corporation taxes: elections.

The existing California income tax laws generally conform to the various elections provided under federal law. Except under specified circumstances, a taxpayer that is subject to California income tax laws is deemed to make the same election for California income tax purposes as that taxpayer made for federal income tax purposes. Existing law does not specifically apply this general rule to a taxpayer that made an election for federal income tax purposes prior to the time that taxpayer became subject to California's income tax laws.

This bill would specifically extend the general rule that applies to California taxpayers to a taxpayer that made an election for federal income tax purposes prior to the time that taxpayer became subject to California's income tax laws.

Ch. 487 (SB 186) Murray. Privacy: unsolicited commercial e-mail advertising.

Existing law prohibits a person or entity conducting business in the state from e-mailing or causing to be e-mailed documents consisting of unsolicited advertising material, as specified, unless that person or entity establishes a toll-free telephone number or valid sender operated return e-mail address that a recipient may contact to notify the sender not to e-mail any further unsolicited documents. Existing law requires that notification of the toll-free telephone number, and a valid address that a recipient may write to, be included on these unsolicited e-mailed documents, and prohibits the e-mailing of these unsolicited advertising documents to a person who has requested not to receive them. Existing law requires certain

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

unsolicited e-mail advertisements to contain a heading of ''ADV:'' or ''ADV:ADLT.'' A violation of the provisions governing advertising is a misdemeanor.

This bill would delete these provisions. The bill would instead prohibit a person or entity located in California from initiating or advertising in unsolicited commercial e-mail advertisements. The bill would prohibit a person or entity not located in California from initiating or advertising in unsolicited commercial e-mail advertisements sent to a California e-mail address. The bill would also prohibit a person or entity from collecting e-mail addresses or registering multiple e-mail addresses for the purpose of initiating or advertising in an unsolicited commercial e-mail advertisement from California or to a California e-mail address. The bill would prohibit a person or entity from using a commercial e-mail advertisement containing certain falsified, misrepresented, obscured, or misleading information.

This bill would authorize the recipient of a commercial e-mail advertisement transmitted in violation of these prohibitions, the electronic mail service provider, or the Attorney General to bring an action to recover actual damages and would authorize these parties to recover liquidated damages of $1,000 per transmitted message up to $1,000,000 per incident, as defined, subject to reduction by a court for specified reasons. The bill would provide for an award of reasonable attorney's fees and costs to a prevailing plaintiff. The bill would provide that a cause of action in existence prior to its enactment would be governed by the law in effect at the time it arose. The bill would enact other related provisions.

Existing law prohibits the registered user of an e-mail service provider, or any individual, corporation, or other entity, from using or causing to be used the provider's equipment located in this state in violation of the provider's policies with regard to unsolicited e-mail advertisements. Existing law authorizes an e-mail service provider whose policy is violated to bring a civil action to recover specified damages.

This bill would prohibit an e-mail service provider from bringing an action under both this provision and other provisions being added by the bill for the same unsolicited e-mail advertisement.

This bill would provide that if any part of these provisions or their applications is deemed invalid, the invalidity would not affect other provisions.

Because a violation of the bill would be a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 488 (AB 121) Simitian. Large passenger vessels: water quality.

Under the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board (board) is the principal state agency with primary authority over water quality matters. Under the act, the board prescribes waste discharge requirements for the discharge of waste into the waters of the state.

Federal law prohibits a state from prohibiting vessels from discharging sewage, unless the state applies to, and receives approval from, the United States Environmental Protection Agency. Federal law establishes a system of national marine sanctuaries.

This bill would declare that the protection and enhancement of the quality of the marine waters of the state and national marine sanctuaries in the marine waters of the state requires that the release from large passenger vessels of oily bilgewater and sewage sludge, into those waters, should be prohibited.

This bill would direct the board to determine whether it is required to apply to the federal government for the state to prohibit the release of sewage sludge from large passenger vessels into the marine waters of the state and national marine sanctuaries in the marine waters of the state. If the board determines that application is required, the bill would direct to the board

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to apply to the appropriate federal agencies to authorize the state to prohibit the release of sewage sludge by large passenger vessels into either the marine waters of the state or national marine sanctuaries in the marine waters of the state. The bill would prohibit the release of sewage sludge by large passenger vessels into those waters if the appropriate federal agencies approve the application, or if the board determines that the application is not required, would prohibit the release of oily bilgewater by large passenger vessels into those waters, and would subject a person who violates the prohibitions to a civil penalty, as specified. The bill would require the owner or operator of a large passenger vessel to immediately notify the board of a release of sewage sludge or oily bilgewater, as specified.

The bill would require the board to request the appropriate federal agencies to prohibit, as specified, the release of sewage sludge and oily bilgewater, by large passenger vessels in all of the waters that are in the Channel Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary, and Monterey Bay National Marine Sanctuary, that are not in the state waters. The bill would authorize the board to adopt regulations to carry out the bill's provisions.

The bill would define various related terms and exempt from its provisions vessels that operate in the marine waters of the state solely in innocent passage and discharges made for safety or life saving purposes, as specified.

Ch. 489 (AB 260) Jackson. State highways: litter control.

Existing law provides that the Department of Transportation shall have full possession and control of all state highways and associated property. Existing law authorizes the department to enter into an agreement to accept funds, materials, equipment, or services from any person for maintenance of a section of a state highway, and also requires the department to place signs along state highways indicating the maximum penalty for littering.

This bill would include the cleanup and abatement of litter of a section of a state highway within those purposes. The bill would require the department, within its maintenance programs relating to litter cleanup and abatement and using existing resources, to assign a high priority to litter deposited along state highway segments adjoining storm drains, streams, rivers, waterways, beaches, the ocean, and other environmentally sensitive areas.

Ch. 490 (AB 319) Frommer. Firearms: prohibitions: juvenile offenders.

Existing law prohibits juveniles convicted of specified offenses from owning, possessing, or having under their custody or control, any firearm until the age of 30 years. Violation of these provisions is a crime.

This bill would add to the list of specified offenses resulting in the prohibition, specified offenses involving carrying concealed or loaded firearms, including firearms in vehicles.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

This bill would incorporate additional changes in Section 12021 of the Penal Code, proposed by AB 1290, SB 226 and SB 238, to become operative only if this bill and one or more of the other bills are enacted and become effective on or before January 1, 2004, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 491 (AB 433) Nation. Vessels: release of nonindigenous species.

(1) Existing law generally requires the master, operator, or person in charge of a vessel to employ prescribed ballast water management practices for ballast water carried into the waters of the state from areas outside the exclusive economic zone, as defined, in order to minimize the uptake and release of nonindigenous species. Those persons are also required

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to maintain specified information on board the vessel and provide this information to the State Lands Commission. Existing law imposes civil penalties upon a person who fails to comply with the prescribed ballast water management practices.

Existing law requires the commission to take samples of ballast water and sediment and to take other actions to assess the compliance of any vessel with these requirements. Existing law prohibits any state agency from imposing different requirements prior to January 1, 2004, unless otherwise required by federal law. Existing law requires the commission, the State Water Resources Control Board, and the Department of Fish and Game to conduct prescribed research and make related reports. Existing law requires the commission to establish fees not to exceed $1,000 per vessel and requires that money, and money collected for civil penalties, to be deposited into the Exotic Species Control Fund. Existing law requires the State Board of Equalization to collect the vessel fees, pursuant to the Ballast Water Management Fee Law.

Existing law repeals these provisions as of January 1, 2004.

This bill would revise and recast the state's law pertaining to control of nonindigenous species and ballast water management, including revising and adding definitions. The bill would delete exemptions for specified vessels from compliance with the act and revise the qualification for the vessels subject to the act. The bill would impose additional requirements upon vessel masters, owners, operators, and persons in charge of vessels, to prevent the introduction of nonindigenous species into waters of the state or waters that may impact the waters of the state.

The bill would require the master, owner, operator, or person in charge of specified vessels to retain, and make available to the State Lands Commission, additional information, including a separate ballast water log to outline ballast water management activities for each ballast water tank on board the vessel.

The bill would require the State Lands Commission to take samples from at least 25% of arriving vessels subject to nonindigenous species control requirements.

The bill would prohibit prior to January 1, 2010, other state agencies, boards, commissions, or departments from imposing additional requirements on the discharge or release of ballast water and other vectors of nonindigenous species from vessels subject to the bill's requirements, unless that action is mandated by federal law.

The bill would require the State Lands Commission and the Department of Fish and Game, in consultation with other state and federal agencies and interested persons, to make specified studies and reports and to submit the studies and reports to the Legislature.

The bill would rename the Exotic Species Control Fund the Marine Invasive Species Control Fund, and the Ballast Water Management Fee Law the Marine Invasive Species Fee Collection Law.

The bill would expand the persons to whom civil liability may apply and would make specified violations of the act a misdemeanor, thereby imposing a state-mandated local program by creating a new crime. The bill would provide an administrative procedure for imposing civil liability and appealing from that imposition. In lieu of the administrative procedure the bill would authorize the Attorney General, at the request of the State Lands Commission, to bring an action in superior court for injunctive relief or civil penalties, as specified.

The bill would delete the 2004 repeal date of the provisions, and extend it until January 1, 2010.

The bill would require the State Lands Commission to adopt any regulations necessary to implement the act, and other specified regulations regarding ballast water management.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 492 (AB 847) Pavley. Natural resources: State Coastal Conservancy.

Existing law authorizes the State Coastal Conservancy to undertake watershed restoration projects, or award grants for those projects, in order to improve coastal water quality. Existing law requires those projects to do one or more things, such as provide for the purchase and installation of equipment to monitor and map coastal currents to predict and determine areas of contamination and pollutant transport in coastal waters, or acquire, protect, and restore coastal wetlands, riparian areas, floodplains, and other sensitive watershed lands for coastal rivers.

This bill, instead, would authorize the conservancy to undertake coastal watershed and coastal and marine habitat water quality protection and restoration projects, or award grants for those projects, to improve and protect coastal and marine water quality and habitats. The bill would revise existing project requirements and add additional project requirements.

Ch. 493 (AB 866) Pavley. Water quality.

(1) The Watershed, Clean Beaches, and Water Quality Act provides for a program of grants to public agencies and nonprofit organizations for projects designed to improve water quality at public beaches, improve water quality monitoring and sewer capability, protect water quality by reducing runoff pollution, and control nonpoint source water pollution.

Under the agricultural water quality grant program of the act, the State Water Resources Control Board (board) may award grants to public agencies or nonprofit organizations for the purposes of improving agricultural water quality. The board, in consultation with the Department of Food and Agriculture, is required to develop criteria for evaluating projects considered for grants under that program.

Under the Integrated Watershed Management Program of the act, the board may award grants to public agencies and nonprofit agencies for the implementation of watershed protection and water management projects that include specified elements.

Under the Small Community Groundwater Grant Program of the act, the board is required to give priority to specified projects related to contaminated groundwater.

This bill would require the board in developing criteria for evaluating projects considered for grants under the agricultural water quality grant program to also consult with the program advisory review board established to advise the University of California on pilot demonstration projects to implement biologically integrated farming systems.

This bill would include, as elements of the Integrated Watershed Management Program, water conservation, water use efficiency, and water supply reliability; and, an enforceable waste discharge program, as described.

This bill would include, in the projects to which the board is required to give priority under the Small Community Groundwater Grant Program, projects identified by the board, in consultation with the State Department of Health Services, as having a priority to address the needs of small community water systems.

This bill would repeal an uncodified provision that requires eligible projects funded under the act with proceeds from the sale of bonds to comply with specified restrictions in the State General Obligation Bond Law restricting the purposes for which proceeds from the sale of bonds subject to that law may be used. The bill instead would provide that the board may only expend funds from the proceeds of a bond act for the purposes of the act to the extent that the board determines that the expenditures are consistent with the requirements of the bond act and all the provisions of the State General Obligation Bond Law.

(2) The Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002, an initiative measure approved by the voters at the November 5, 2002, statewide general election (Proposition 50), authorizes, for the purposes of financing acquisition and development projects, the issuance of bonds in the amount of $3,440,000,000. That act further provides that from $100,000,000 of the bond funds, not less than $20,000,000 shall be expended to implement priority actions specified in the Santa Monica Bay Restoration Plan. The act also provides that from $500,000,000 of the bond funds, not less than

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

$250,000,000 shall be appropriated to the State Water Resources Control Board for competitive grants for water management projects, including watershed management planning and implementation.

This bill would specify that any money made available under those provisions for the Santa Monica Bay Restoration Plan shall be allocated as recommended by the Santa Monica Bay Restoration Commission.

The bill would require the State Water Resources Control Board, subject to funds being appropriated from those Proposition 50 bond proceeds, to fund the development of one or more integrated coastal watershed management plans designed to provide for the integration of projects funded within one or more coastal regions, as specified.

Ch. 494 (AB 906) Nakano. Large passenger vessels: water quality.

Under the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board (board) is the principal state agency with primary authority over water quality matters. Under the act, the board prescribes waste discharge requirements for the discharge of waste into the waters of the state.

Federal law establishes a system of national marine sanctuaries.

This bill would declare that it is in the public interest to prohibit large passenger vessels from releasing waste, as defined, into national marine sanctuaries in the marine waters of the state, and that the protection and enhancement of the quality of the marine waters of the state and national marine sanctuaries in the marine waters of the state requires that the release from large passenger vessels of hazardous waste and other waste, as defined, into those waters should be prohibited.

The bill would define the term ''other waste.'' The bill would prohibit the release of hazardous waste and other waste, by large passenger vessels into the marine waters of the state or national marine sanctuaries in the marine waters of the state, and would subject a person who violates the prohibitions to a civil penalty, as specified. The bill would require the owner or operator of a large passenger vessel to immediately notify the board of a release of hazardous waste or other waste, as specified. The bill would require the board to request the appropriate federal agencies to prohibit the release of hazardous waste and other waste, by large passenger vessels in all of the waters in the Channel Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary, and Monterey Bay National Marine Sanctuary; and to request, if necessary, approval of the state's prohibition of the release of hazardous waste and other waste, in the national marine sanctuaries in the marine waters of the state.

The bill would permit the board to adopt regulations to carry out the bill's provisions. The bill would provide that it does not apply to vessels that operate in the marine waters of the state solely in innocent passage.

Ch. 495 (AB 1290) Jackson. Firearms: prohibitions.

Existing law provides for various species of protective or restraining orders.

This bill would include within the provisions of certain of those orders, prohibitions regarding owning, possessing, purchasing, receiving, or attempting to purchase or receive firearms, as specified.

Existing law provides that owning, possessing, purchasing, receiving, or attempting to purchase or receive a firearm in knowing violation of certain restraining or protective orders is a crime.

This bill would expand the scope of restraining or protective orders the knowing violation of which in regard to owning, possessing, purchasing, receiving, or attempting to purchase or receive a firearm would be a crime.

By expanding the scope of existing crimes, this bill would impose a state-mandated local program.

The bill would make other conforming changes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would incorporate additional changes in Section 12021 of the Penal Code, proposed by AB 319, SB 226 and SB 238, to become operative only if this bill and one or more of the other bills are enacted and become effective on or before January 1, 2004, and this bill is enacted last.

This bill would incorporate additional changes in Section 15657.03 of the Welfare and Institutions Code, proposed by SB 226, to become operative only if SB 226 and this bill are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 496 (AB 1555) Nakano. Motorized recreational vessels.

(1) Existing law prohibits the operation of motorized recreational vessels, in or upon the inland waters of this state, that exceed specified noise levels, and requires the exhaust of internal combustion engines used on those vessels to be effectively muffled at all times.

This bill on and after January 1, 2005, would require a motorized recreational vessel that is operated in or upon the inland waters, or in or upon ocean waters that are within one mile of the coastline of the state, to be equipped at all times with a muffler or a muffler system, as defined, that meets certain conditions, except as specified.

The bill would prohibit a person from manufacturing for sale a motorized recreational vessel that is not equipped with a muffler or muffler system that brings the vessel into compliance with certain provisions, unless the vessel is designed, manufactured, and sold for the sole purpose of competing in racing events. The bill would impose certain, related requirements and prohibitions upon buyers, sellers, and operators of exempted vessels.

The bill would revise the specified noise levels, and would make those levels applicable to a motorized recreational vessel that is operated in or upon the inland waters, or in or upon ocean waters that are within one mile of the coastline of the state.

Because the bill thereby would change the definition of, and expand the application of, a crime, and would create new crimes, it would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 497 (SB 68) Alpert. Water quality: San Diego Bay.

(1) Under existing law, the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board and the California regional water quality control boards prescribe waste discharge requirements and exercise other functions relating to water quality.

This bill would establish the San Diego Bay Advisory Committee for Ecological Assessment. The bill would require the committee to prepare a report relating to the water quality and regulation of the San Diego Bay. The bill would require the committee to submit the report on or before December 31, 2005, to the Legislature, the San Diego Regional Water Quality Control Board, the state board, and the California Coastal Commission.

The bill would provide for the composition of the committee. The bill would prohibit the committee members from receiving any compensation or from being reimbursed for expenses incurred in the performance of their duties. The bill would authorize the committee to accept grants to carry out its reporting duties, and would require the San Diego Unified Port District to provide staffing for the committee and to administer those grants. By requiring the San Diego Unified Port District to carry out certain duties relating to the operation of the committee, the bill would impose a state-mandated local program. The bill would repeal these provisions on January 1, 2006.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 498 (SB 226) Cedillo. Firearms: elder and dependent adult abuse restraining orders.

Existing law provides that every person who owns, possesses, purchases, or receives a firearm, or attempts to purchase or receive a firearm, knowing he or she is prohibited from doing so by the provisions of a protective order, as specified, is guilty of an offense.

This bill would add to these provisions, violation of a protective order arising from elder or dependent adult abuse. This bill would provide a procedure for relinquishing firearms prohibited by those protective orders. The bill would make other conforming changes.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

This bill would make a conforming change to other provisions of law.

This bill would incorporate additional changes in Section 12021 of the Penal Code, proposed by AB 319, AB 1290 and SB 238, to become operative only if this bill and one or more of the other bills are enacted and become effective on or before January 1, 2004, and this bill is enacted last.

This bill would incorporate additional changes in Section 15657.03 of the Welfare and Institutions Code, proposed by AB 1290, to become operative only if AB 1290 and this bill are both enacted and become effective on or before January 1, 2004, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 499 (SB 238) Perata. Deadly weapons.

Existing law requires police and sheriff's departments to report specified information about firearms to the federal Bureau of Alcohol, Tobacco, and Firearms, whenever they recover a firearm that is illegally possessed, has been used in a crime, or is suspected of having been used in a crime.

This bill would authorize other law enforcement entities to report that information, and would additionally authorize any law enforcement entity to report the information, as described above, when a firearm is otherwise taken into custody by them, excepting the case where the firearm is voluntarily placed with the agency for safekeeping.

Existing law provides that persons convicted of certain misdemeanors are prohibited from owning or possessing a firearm for a period of 10 years, as specified.

This bill would delete the provisions imposing the 10-year prohibition for conviction of a specified misdemeanor regarding discharge of a firearm at a dwelling, other building, or vehicle, as specified.

Existing law provides that a firearm owned or possessed in violation of certain provisions of law is a nuisance.

This bill would provide that with regard to violations of those specific provisions of law, if the firearm owner disposes of the firearm pursuant to a specified procedure, then the firearm would not be a nuisance.

Existing law requires a firearms dealer to record specified information pertaining to a firearms transaction in a register or record of electronic transfer.

This bill would additionally require the firearms dealer to record on the register or record of electronic transfer the date that the firearm is delivered. This bill would make other technical conforming amendments to these provisions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law generally regulates machineguns, and, in regard to machineguns, authorizes the sale to, purchase by, and manufacture for, various law enforcement agencies, and other specified government entities.

This bill would require that persons selling machineguns to those entities be permitted and licensed as specified.

Existing law, subject to certain exceptions, makes it a crime, punishable either as a felony or a misdemeanor, for any person to possess any assault weapon, as defined. However, if a person charged with a first-time violation of that offense presents proof that he or she lawfully possessed the assault weapon within a specified period, and has since registered the weapon or relinquished it, the offense is punishable as an infraction, if the person has also complied with specified conditions, and the firearm would be returned to the person, subject to exceptions.

This bill would eliminate the provisions authorizing return of the firearm and instead provide for destruction of the assault weapon. This bill would make other nonsubstantive conforming changes to various cross-references necessitated by the bill's provisions.

Existing law authorizes a licensed firearms dealer to sell an assault weapon to a person who has a permit to possess one.

This bill would additionally require the firearms dealer to have a permit authorizing the dealer to sell assault weapons.

Existing codified provisions specify that the law forbidding the possession, transfer, or sale of assault weapons does not apply to possession by a retired peace officer of a weapon sold or transferred to that officer by his or her employing agency upon retirement, or to that sale or transfer. These provisions have been held by the Ninth Circuit Court of Appeals in Silveira v. Lockyer (2002) 312 F.3d 1052 to violate the equal protection clause of the United States Constitution.

This bill would repeal the provisions exempting retired peace officers from the application of the assault weapon ban.

Existing law defines and generally regulates "destructive devices." Existing law also generally provides, subject to certain exceptions, that the possession, transport or sale of destructive devices are crimes subject to various punishments.

This bill would add to the list of destructive devices, any device designed or intended to emit or propel a burning stream of combustible or flammable liquid.

By expanding the scope of existing crimes, this bill would impose a state-mandated local program.

This bill would incorporate additional changes in Section 12021 of the Penal Code, proposed by AB 319, AB 1290, and SB 226, to become operative only if this bill and one or more of the other bills are enacted and become effective on or before January 1, 2004, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 500 (SB 489) Scott. Firearms: chamber load indicators and magazine disconnected mechanisms.

Existing law defines "unsafe handgun" in regard to pistols based on certain criteria.

This bill would, in addition, commencing January 1, 2006, for firearms not already approved, as specified, include within the definition of an unsafe handgun, a center-fire semiautomatic pistol that does not have a chamber load indicator that indicates, as specified, that a cartridge is in the firing chamber or a center-fire or rimfire semiautomatic pistol that does not have a magazine disconnect mechanism that prevents the pistol from operating to strike the primer of ammunition in the firing chamber when a detachable magazine is not inserted in the pistol if the pistol has a detachable magazine. The bill would, in addition,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

commencing January 1, 2007, include within the definition of an unsafe handgun, a center-fire semiautomatic pistol that does not have both of those features.

By expanding the definition of "unsafe handgun," the manufacture, sale, and other specified transfer of which is a crime, this bill would expand the scope of an existing crime, and thereby impose a state-mandated local program.

Existing law requires handguns to be submitted for testing to determine if they are unsafe handguns, as specified.

This bill would provide that commencing January 1, 2006, no center-fire semiautomatic pistol would be allowed to be submitted for that testing if it did have a chamber load indicator, and no center-fire or rimfire semiautomatic pistol that has a detachable magazine would be allowed to be submitted for that testing if the pistol does not have a magazine disconnect mechanism, as specified.

Existing law provides that, subject to exceptions, any person who manufactures, causes to be manufactured, imports into the state for sale, keeps for sale, offers or exposes for sale, gives, or lends any unsafe handgun is punishable by imprisonment in a county jail not exceeding one year.

This bill would add to existing exceptions to those provisions, the sale, loan, or transfer of any semiautomatic pistol that is to be used solely as a prop during the course of a motion picture, television, or video production by an authorized participant, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 501 (SB 639) Torlakson. IRP State Pilot Project.

Existing law establishes the Inter-Regional Partnership (IRP) State Pilot Project to Improve the Balance of Jobs and Housing. Existing law requires the IRP to submit a final report to the Department of Housing and Community Development by July 31, 2004; makes the provisions relating to the pilot project inoperative on July 31, 2004; and repeals those provisions as of January 1, 2005, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

This bill would extend those provisions, making them inoperative on July 31, 2008, and repealing them on January 1, 2009, and would require the IRP to submit an interim report by July 31, 2004, and a final report by July 31, 2008.

Ch. 502 (SB 824) Scott. Firearms.

Existing law generally regulates licensed firearms dealers.

This bill would authorize firearms dealers to require any agent who handles, sells, or delivers firearms to obtain and provide to the dealer a certificate of eligibility from the department.

Existing law requires firearms dealers to record specified information pertaining to firearms transfers in a register or record of electronic transfer.

This bill would additionally require the firearms dealer's salesperson to record the salesperson's certificate of eligibility number in the register or record of electronic transfer. The bill would also require the dealer to record on the register or record of electronic transfer, the date a handgun or other firearm is delivered by the dealer.

Existing law provides for parties to a firearms transaction who are not licensed firearms dealers to conduct the transaction through a licensed firearms dealer.

This bill would make other conforming changes.

Existing law authorizes a firearms dealer to charge a fee not to exceed $10, and a fee due the Department of Justice, for processing a sale, loan, or transfer of a firearm pursuant to provisions authorizing parties who are not firearms dealers to conduct the transaction through a firearms dealer.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would prohibit the dealer from charging any fee in addition to those described in connection with the transaction.

This bill would also provide that if both this bill and AB 161 are enacted and become effective on or before January 1, 2004, and AB 161 repeals Section 12071 of the Penal Code, as amended by Section 1 of Chapter 911 of the Statutes of 2002, and this bill is enacted after AB 161, the amendments to that section proposed by this bill would not become operative, and the repeal of that section proposed by AB 161 would be given effect.

Ch. 503 (AB 13) Harman. Department of Transportation: transfer of property.

Existing law provides that the Department of Transportation (hereafter Caltrans) has full possession and control of all state highways and all property and rights on property acquired for state highway purposes. Various provisions of existing law specifically provide for the acquisition, transfer, and use of Caltrans property.

This bill would authorize Caltrans to transfer specified environmental mitigation property that is located within the city limits of Huntington Beach and is not part of the highway right-of-way to a public agency or to a nonprofit corporation that is organized for open-space or land conservation purposes, subject to specified conditions. The bill would authorize Caltrans to enter into a cooperative agreement with a public agency or nonprofit corporation that is transferred environmental mitigation property in order to provide funding for future maintenance of the property. The bill would require a public agency or nonprofit corporation that is transferred environmental mitigation property to be responsible for the future maintenance of the property and would provide that the property would revert to the department if the property is not maintained.

Ch. 504 (AB 1731) Committee on Housing and Community Development. Buildings and housing.

(1) The State Historical Building Code authorizes repairs, alterations, and additions necessary for the preservation, restoration, rehabilitation, moving, or continued use of an historic building or structure if they conform to this code. The code defines a qualified historical building or structure as any structure, collection of structures, and their associated sites deemed of importance to the history, architecture, or culture of an area by an appropriate local or state governmental jurisdiction. The code also establishes the State Historical Building Safety Board with a specified membership and authorizes the board to charge fees for specified requests.

This bill would revise the definition of qualified historical building or structure to include places, locations, and sites, identified on historical registers or official inventories, as specified, and would revise the membership of the board. It would make other conforming changes.

(2) The Community Redevelopment Law prescribes time limits on the effectiveness of redevelopment plans and the establishment of loans, advances, and indebtedness, and prescribes criteria for the extension of those time limits. SB 1045 would further revise those provisions.

This bill would, contingent on the chaptering of SB 1045, prescribe additional criteria for the amendment of redevelopment plans to extend time limits to fulfill affordable housing obligations, and would provide that the time limits on loans, advances, and indebtedness do not prevent the establishment of more debt to fulfill affordable housing obligations.

Ch. 505 (SB 27) Figueroa. Personal information: disclosure to direct marketers.

Existing law requires a business to ensure the privacy of a customer's personal information, as defined, contained in records by destroying, or arranging for the destruction of, the records, as specified. Any customer injured by a business' violation of these provisions is entitled to recover damages, obtain injunctive relief, or seek other remedies.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would, operative January 1, 2005, and subject to specified exceptions, require a business that discloses a customer's personal information, including information relating to income or purchases, to a 3rd party for direct marketing purposes to provide the customer, within 30 days after the customer's request, as specified, in writing or by e-mail the names and addresses of the recipients of that information and specified details regarding the information disclosed, except as specified. The bill would also require businesses required to comply with the bill to provide information to customers regarding its privacy policy and the designated means of making an inquiry regarding that policy.

In addition to the legal remedies provided under current law, a customer would be entitled to recover a civil penalty, up to $3,000, and attorney's fees and costs for a violation of these provisions as they read both before and after January 1, 2005.

Ch. 506 (SB 322) Ortiz. Stem cell research.

Existing law states the policy of the state that research involving the derivation and use of human embryonic stem cells, human embryonic germ cells, and human adult stem cells from any source, including somatic cell nuclear transplantation, shall be permitted and that full consideration of the ethical and medical implications of this research be given, and that research involving the derivation and use of these cells shall be reviewed by an approved institutional review board.

This bill would require the State Department of Health Services, on or before January 1, 2005, to develop guidelines for research involving the derivation or use of human embryonic stem cells in the state, and would require the Director of Health Services to establish a Human Stem Cell Research Advisory Committee, comprised of specified members, for purposes of developing these guidelines. It would also authorize the department to contract with a public or private organization, to the extent permitted by state law, for assistance in developing the guidelines.

This bill would require all human embryonic stem cell research projects to be reviewed and approved by an institutional review board (IRB) that is established in accordance with federal regulations, as specified.

This bill would require an IRB to conduct continuing review of human stem cell research projects, as specified, and would authorize an IRB to require modifications to the plan or design of a continuing research project before permitting the research to continue. This bill would require IRBs to report to the department, as specified, and would require the department to report to the Legislature on human embryonic stem cell research activity.

This bill would repeal its provisions as of January 1, 2007.

Ch. 507 (SB 771) Ortiz. Human cells: embryo registry: egg cell donation.

Existing law declares the policy of the state that research involving the derivation and use of human embryonic stem cells, human embryonic germ cells, and human adult stem cells from any source, including somatic cell nuclear transplantation, shall be permitted, as specified. Existing law authorizes the donation of a human embryo pursuant to specific requirements and prohibits the purchase or sale of embryonic or cadaveric fetal tissue for research purposes.

This bill would require the State Department of Health Services, to the extent that private or other nonstate funding sources are available, to establish and maintain an anonymous registry of embryos that would provide researchers with access to embryos that are available for research purposes.

Existing law requires a physician and surgeon or other health care provider delivering fertility treatment to provide to his or her patient designated information regarding the disposition of any human embryos remaining after the fertility treatment and requires the individual electing to donate embryos to provide written consent.

This bill would make the failure to provide information pursuant to the above requirement unprofessional conduct. This bill would specify requirements for obtaining informed

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

consent from any individual considering donating embryos for research. This bill would require a physician and surgeon or other health care provider to provide a form that sets forth advanced written directives regarding the disposition of embryos in specified circumstances.

Ch. 508 (AB 361) Kehoe. San Diego Consolidated Transportation Agency.

Existing law establishes the San Diego Consolidated Transportation Agency from specified existing agencies, including the San Diego Association of Governments (SANDAG), the Metropolitan Transit Development Board (MTDB), and the North County Transit Development Board (NCTDB), and authorizes the agency to assume certain responsibilities and functions of those other agencies. Existing law provides that the consolidated agency is governed by a board of 20 members selected from specified areas within the county and provides that the agency assumes the powers of the transportation commission and is designated the transportation planning agency for its area. Existing law provides that the executive director is the administrator of the agency and requires the agency to submit a report to the Governor and the Legislature beginning in 2005 regarding its progress in carrying out its powers and functions.

This bill would declare the intent of the Legislature for the agency to complete the public process of preparing and adopting a regional comprehensive plan, based upon specified criteria, by June 30, 2004. The bill would declare the intent of the Legislature that the agency, if it adopts a regional comprehensive plan, to make the regional comprehensive plan policies and objectives available to all local agencies and to maintain data, maps, and other specified information used in formulating the comprehensive plan in a form suitable for the availability of and use by other government agencies and private organizations and that the regional comprehensive plan be compatible with the regional transportation plan.

Ch. 509 (AB 560) Goldberg. School programs.

Existing law authorizes a school district to operate a program of year-round scheduling for as few as 163 days in each fiscal year if the number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar.

This bill would further condition this authority on the governing board of the school district adopting a resolution at a regularly scheduled board meeting certifying that the number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar and that it is not possible for the school to maintain a multitrack schedule containing the same number of instructional days as are provided in schools of the district utilizing the traditional school calendar given the facilities, program, class sizes, and projected number of pupils enrolled at the schoolsite. The bill would require the State Department of Education, by July 1, 2008, to conduct a survey to determine whether school districts operating under this authority will phase out this scheduling program by the 2009–10 fiscal year and to submit a copy of the results of the survey to the Assembly Committee on Education, the Senate Committee on Education, and the Department of Finance. The bill would require the Legislature to determine based on this survey whether to repeal or continue this authority.

Ch. 510 (AB 801) Diaz. Dentists and physicians and surgeons.

(1) Existing law, the Licensed Physicians and Dentists from Mexico Pilot Program, allows licensed physicians and dentists from Mexico to practice medicine or dentistry in California for a period not to exceed 3 years. The program establishes requirements for the participants in the program.

This bill would revise the requirements applicable to the dentists who participate in the program.

(2) Existing law requires the Division of Licensing of the Medical Board of California to establish continuing medical education requirements for physicians and surgeons and to administer other specified programs.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would enact the Cultural and Linguistic Competency of Physicians Act of 2003 where local medical societies of the California Medical Association, while monitored by the division, would operate a voluntary competency program for physicians. The program would develop educational classes to teach foreign languages to interested physicians and would offer classes designed to teach physician participants about cultural practices and beliefs that impact health care. The bill would require the formation of a workgroup to examine and recommend whether successful participating physicians receive credit for the program and to evaluate the program. The bill would require funding of the program by fees charged to physicians who elect to take the educational classes and by any other funds secured by local medical societies.

Ch. 511 (AB 1022) Oropeza. Vehicles: automated enforcement systems.

(1) Existing law authorizes the limitline, intersection, or other places where a driver is required to stop to be equipped with an automated enforcement system, as defined, if the system meets certain requirements. Existing law limits the authority to operate an automated enforcement system to governmental agencies, in cooperation with law enforcement agencies.

This bill would define the term ''operate'' for purposes of these provisions and would prohibit a contract between a governmental agency and a manufacturer or supplier of automated enforcement equipment from including a provision for the payment or compensation to the manufacturer or supplier based on the number of citations generated, or as a percentage of the revenue generated, as a result of the use of the equipment as authorized under these provisions.

The bill would authorize the governmental agency to contract out the operation, as defined, of the system under certain circumstances, except for certain activities that the bill would prohibit from being contracted out to the manufacturer or supplier of the automated enforcement system.

The bill would specify that the provisions prohibiting the payment or compensation to the manufacturer or supplier based on the number of citations generated or percentage of revenue generated do not apply to a contract that was entered into by a governmental agency and a manufacturer or supplier of automated enforcement equipment before January 1, 2004, unless that contract is renewed, extended, or amended on or after January 1, 2004.

(2) Existing law requires that, at an intersection at which there is an automated enforcement system in operation the minimum yellow light change interval be established in accordance with the Traffic Manual of the Department of Transportation.

This bill would specify that the minimum yellow light change intervals relating to designated approach speeds provided in that manual are mandatory minimum yellow light intervals.

Ch. 512 (AB 1097) Cogdill. County unified school districts: home-to-school transportation: apportionment.

Existing law requires each county unified school district that is governed by the county board of education to meet 3 specified requirements, including a minimum annual mileage requirement for home-to-school transportation that exceeds 500,000 miles, to be eligible to receive an additional annual apportionment of $350,000 for home-to-school transportation costs provided by the school district.

This bill would reduce that annual home-to-school transportation mileage requirement to 350,000 miles. The bill would further restrict eligibility for the additional annual apportionment to county unified school districts that have received additional annual apportionments in the 2000–01 and 2001–02 fiscal years.

Ch. 513 (AB 1210) Nakano. Notaries public: qualifications.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law establishes the qualifications for notaries public and requires, among other things, that the person have satisfactorily completed a written examination prescribed by the Secretary of State to determine the fitness of the person to exercise the functions of the office of notary public.

This bill would also require on or after January 1, 2005, any person, in order to qualify as a notary public, to have satisfactorily completed a 6-hour course of study approved or provided by the Secretary of State concerning the functions and duties of a notary public prior to his or her appointment. The bill would, on or after January 1, 2005, also require a person who applies for reappointment as a notary public to complete a 3-hour refresher course.

The bill would require the Secretary of State, commencing January 1, 2005, to review any course of study proposed by a vendor pursuant to the bill and to approve any course of study that includes all material that a person is expected to know to satisfactorily complete the written examination. The bill would also require the Secretary of State to compile a list of all persons offering approved courses.

The bill would prescribe a specified civil penalty and require restitution where appropriate for violation of any regulation adopted by the Secretary of State pursuant to the provisions of the bill by a person who provides notary public education.

Ch. 514 (AB 1354) Berg. Commercial Fisheries Capacity Reduction Account.

Existing law states the intent of the Legislature to enact legislation establishing a comprehensive program to allow California groundfish fishermen to participate in any federally established buy-back program for the Pacific groundfish fishery.

This bill would establish the Commercial Fisheries Capacity Reduction Account in the Fish and Game Preservation Fund, and would require the Fish and Game Commission to establish a capacity reduction fee on the taking of certain species of fish and shellfish to be used to repay loans made to California fishermen by the federal government under the buy-back program. The bill would authorize the commission to establish, by regulation, additional program elements necessary to conform state law to federal law, in order to allow California groundfish fishermen to participate fully in the buy-back program.

Existing law continuously appropriates money in the Fish and Game Preservation Fund to the commission to pay all necessary expenses incurred in carrying out the Fish and Game Code, and to pay the compensation and expenses of the commissioners and employees of the commission. Existing law provides that all money collected under the code, except as otherwise provided, is deposited in the fund.

By imposing a new duty on the commission, and increasing revenues deposited in the fund, the bill would make an appropriation.

Ch. 515 (AB 1458) Reyes. Boxing contests.

Existing law, the Boxing Act, provides for the regulation of boxing contests by the State Athletic Commission. Existing law requires every person who conducts a contest or wrestling exhibition to furnish to the commission a report showing the number of tickets sold for the contest or wrestling exhibition, subject to certain conditions.

This bill would require the commission, at its regularly scheduled meetings, to invite testimony from boxing stakeholders to identify actions that may lead to greater opportunities for the commission's licensees to participate in major professional championship boxing contests in the State of California. The bill would require the commission, after receiving the testimony, to make recommendations annually to the Governor and the Legislature that it determines may provide greater opportunities for the commission's licensees to participate in major professional championship boxing contests in the State of California. The bill would require costs of the commission incurred by implementing this requirement to be covered by existing resources of the commission. The bill would delete the provision

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

requiring the number of tickets sold for a contest or wrestling exhibition to be reported to the commission.

Ch. 516 (AB 1469) Negrete McLeod. Dependent children: supplemental reports.

Existing law requires a social worker to file a specified supplemental report with the juvenile court at least 10 calendar days prior to a hearing concerning a dependent child who has not been removed from the physical custody of his or her parent or guardian. Existing law also requires that a copy of the report be furnished to all parties at least 10 calendar days prior to the hearing. Existing law further requires a social worker to file a supplemental report at least 10 calendar days prior to a status review hearing concerning a dependent child. In addition, the social worker is required to provide the parent or legal guardian and counsel for the child with a copy of the report at least 10 calendar days prior to the status review hearing.

This bill would, with respect to the provisions requiring a social worker to furnish a copy of the supplemental reports to all parties at least 10 calendar days prior to the hearings described above, provide that, only in Los Angeles County, this may be accomplished by mailing the report at least 15 calendar days, or 20 calendar days, as specified, prior to the hearing. The bill would also require the court, only in Los Angeles County, to grant a continuance not to exceed 10 calendar days upon request by any party or his or her counsel on the ground that the report was not provided at least 10 calendar days prior to the hearing, except as specified.

Ch. 517 (AB 1476) Chavez. State park system: state reserves.

Under existing law, state reserves consist of areas embracing outstanding natural or scenic characteristics of statewide significance.

This bill would also designate, as state reserves, areas containing outstanding cultural resources of statewide significance. The bill would describe these areas as places that contain historic or prehistoric structures, villages, or settlements, archaeological features, ruins, artifacts, inscriptions made by humans, burial grounds, landscapes, hunting or gathering sites, or similar evidence of past human lives or cultures. The bill would require, within state cultural reserves, the highest level of resource protection be sought, and that management actions be consistent with the preservation of cultural resources and federal and state laws.

Ch. 518 (AB 1479) Chu. Vehicles: traffic violator schools.

(1) Under existing law, a court is authorized to take certain actions regarding a traffic violator school's name and the removal of the name from the traffic violator school referral list published by the Department of Motor Vehicles which is transmitted to the courts. Existing law requires the approval of the court in each judicial district in which a proposed traffic school owner or traffic classes are to be conducted prior to the school being included on this referral list.

This bill would additionally require a court to notify a traffic violator school of the court's decision to remove the school's name from the list and the basis for that decision.

(2) Existing law authorizes the courts to utilize the services of a nongovernmental agency for traffic violator school administration and monitoring services and charge traffic violators a fee to defray the costs incurred by the agency for providing those services.

The bill would authorize a court to use the court assistance program, or CAP, as defined, to assist the court in performing services, as defined, relating to the processing of traffic violators.

(3) Existing law authorizes the department to monitor traffic violator schools, as specified.

This bill would repeal this existing authorization, and instead, would authorize the department to audit, inspect, and monitor all licensed traffic violator schools, as described. The bill would require a court assistance program to follow a specific procedure if that program conducts the school monitoring services.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) This bill would provide that its provisions do not restrict the authority of a court to offer court authorized or court approved programs, including, but not limited to, home study programs, to traffic violators.

Ch. 519 (AB 1584) Committee on Public Employees, Retirement and Social Security. Public Employees' Retirement System.

(1) Existing law authorizes the Board of Administration of the Public Employees' Retirement System to enter into an agreement with the governing body of a contracting agency and the governing body of a city or county or, in certain counties, the board of retirement for termination of the contracting agency's participation in the Public Employees' Retirement System and inclusion of the agency's employees in the retirement system of the city or county. Existing law requires the agreement to contain provisions the board finds necessary to protect the interests of the system, as specified.

This bill would authorize the board to include other provisions in that agreement to address issues related to the transfer, as specified.

(2) Existing law prescribes employee contribution rates for members of the Public Employees' Retirement System and provides for temporary reductions of those rates for state members, as specified. Under existing law, members of the system may, in certain circumstances, redeposit previously withdrawn contributions or purchase service credit upon payment of additional contributions.

This bill would specify that the temporarily reduced contribution rates do not apply to the redeposit of contributions or to contributions made to purchase service credit. The bill would also revise provisions dealing with the collection of an underpayment or overpayment of member contributions.

(3) Under the Public Employees' Retirement Law, contracting agencies may request that a portion of the agency's excess employer assets be transferred to member-accumulated contribution accounts to satisfy all member contributions.

This bill would authorize that transfer to be made to satisfy all or a portion of member contributions.

(4) The Public Employees' Retirement Law provides that retirement is effective on the date designated in the member's application, but not earlier than specified dates, or the day following the last day on which salary is payable. However, existing law authorizes the Board of Administration of the Public Employees' Retirement System to fix the effective date of the member's retirement as of an earlier date if the board makes specified findings.

This bill would revise and recast those provisions and would provide that a member's application for retirement, if submitted within 9 months after separation from employment, shall be deemed to have been submitted on the last day for which salary was payable. The bill would also provide that a retired person who has not attained the normal retirement age is required to meet specified requirements of the Internal Revenue Code and corresponding regulations.

(5) The Public Employees' Retirement Law prescribes 5 levels of preretirement survivors' benefits. Existing law provides, with respect to 3 of those levels of benefits, that the assets and liabilities of all contracting agencies subject to the benefits shall be pooled into a single account and a single employer rate shall be established with respect to those benefits, subject to certain adjustments based on the balance in the agency's account, as specified.

This bill would also make those provisions relating to the pooling of assets and the establishment of a single employer rate applicable to contracting agencies subject to the other 2 levels of benefits.

(6) Existing law requires the Board of Administration of the Public Employees' Retirement System to contract with carriers offering long-term care insurance plans and provides that active and retired members and annuitants of specified counties and public agencies are eligible to enroll in those plans.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would revise those provisions to provide that active and retired members, annuitants, and employees of any public agency in the state are eligible to enroll in those plans. The bill would make other technical changes to those provisions.

(7) Existing law defines certain public officers as a "policeman" or "fireman" for purposes of excluding them from coverage under social security.

This bill would include within that definition for those purposes, park rangers employed by a contracting agency who have been classified as local safety members of the Public Employees' Retirement System, and local prosecutors, local public defenders, and local public defender investigators employed by a city, county, or city and county that maintains a retirement system or pension trust and that provides those employees retirement and pension benefits accorded to safety members, as specified.
