CHAPTER 209

An act relating to ballot measures and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 2004. Filed with Secretary of State July 31, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The proponents of Proposition 65, which is on the November 2, 2004, statewide general election ballot, filed arguments in support of the measure in compliance with Section 9041 of the Elections Code. No opposing arguments were filed to Proposition 65 in a timely manner.

(b) The Legislature placed an alternative measure on the November 2, 2004, ballot, Senate Constitutional Amendment 4, which concerns the same subject matter as Proposition 65, namely reform of the local government and state government fiscal relationship. Senate Constitutional Amendment 4 was passed by the Legislature after the time had expired for filing ballot arguments for the November 2, 2004, election.

(c) Because the Legislature did not pass Senate Constitutional Amendment 4 until Proposition 65 had qualified for the November 2, 2004, ballot, and after the time had passed for filing ballot arguments, the proponents of Proposition 65 were unable to inform the public of their decision to support Senate Constitutional Amendment 4 instead of Proposition 65.

(f) Under these unique circumstances, the Legislature finds that it is in the public interest to permit the proponents of Proposition 65 to withdraw their arguments in support of Proposition 65 and inform voters of their support for Senate Constitutional Amendment 4.

(e) If the proponents of Proposition 65 choose not to withdraw their arguments in support of the measure, the Legislature finds that it is in the public interest to require the Secretary of State to inform the public about the lack of opposition arguments and to permit the filing of such arguments if done in a manner that does not disrupt the November 2, 2004, election proceedings.

SEC. 2. Notwithstanding the requirements of Sections 9040, 9043, 9044, 9061, and 9082 of the Elections Code or any other provision of law, the Secretary of State shall submit Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, to the voters at the November 2, 2004, statewide general election.

SEC. 3. Notwithstanding Sections 13115 and 13117 of the Elections Code or any other provision of law, Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, shall be placed first on the ballot, and shall be designated as Proposition 1A.

SEC. 4. The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session.

If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding this act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 5. Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title for at least eight days. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot title, or portion thereof, to be amended or deleted only within that period.

SEC. 6. Notwithstanding any other provision of law, including Sections 9050 and 9051 of the Elections Code or any other provision of law, all state ballot pamphlets of the November 2, 2004, general election shall contain the following title and summary for Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session:

''Protection of Local Government Revenues''

''Protects local funding for public safety, health, libraries, parks, and other locally delivered services. Prohibits the State from reducing local governments' property tax proceeds. Allows the provisions to be suspended only if the Governor declares a fiscal necessity and two-thirds of the Legislature approve the suspension. Suspended funds must be repaid within three years. Also requires local sales tax revenues to remain with local government and be spent for local purposes. Requires the State to fund legislative mandates on local governments or suspend their operation.''

This shall be the only language included in the title and summary for Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, and the Attorney General shall not supplement, subtract from, or revise that language.

Notwithstanding any other provision of law, including Sections 9050, 9051, 13247, and 13281 of the Elections Code, the ballot label for the November 2, 2004, statewide general election for Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, shall be:

''Protection of Local Government Revenues''

''Ensures local property tax and sales tax revenues remain with local government thereby safeguarding funding for public safety, health, libraries, parks, and other local services. Provisions can only be suspended if the Governor declares a fiscal necessity and two-thirds of the Legislature concur.''

This shall be the only language included in the ballot label for Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, for the condensed statement of the ballot title. The Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 7. Notwithstanding the requirements of Sections 9041 and 9042 of the Elections Code or any other provision of law, both the argument for adoption and the argument against adoption of Senate Constitutional Amendment 4, and the rebuttals to both of these arguments may make reference to and discuss any other measure on the November 2, 2004, statewide general election ballot the subject of which is local funding of public services.

SEC. 8. (a) Notwithstanding any other provision of law, if a measure placed on the November 2, 2004, statewide general election ballot does not have an opposing argument submitted by the deadline set forth by the Secretary of State for inclusion in the principal ballot pamphlet, the original text of that measure, along with the original Title and Summary prepared by the Attorney General and all fiscal summaries prepared by the Legislative Analyst, as well as the original text of the argument and any other material relating to that measure that is currently on public display pursuant to Section 9092 of the Elections Code and Section 88006 of the Government Code, shall be placed in a

supplemental ballot pamphlet instead of the principal ballot pamphlet, published by the Secretary of State pursuant to Section 4 of this measure. The proponents of that ballot measure may withdraw their supporting argument, no later than 5:00 p.m. on the second day following the date that this act is chaptered, and the Secretary of State shall be available for receipt of the argument on that day. No substitution supporting argument shall be made. The proponents of that ballot measure may then submit an opposing argument if it informs the voters that Senate Constitutional Amendment 4 has been adopted by the Legislature at a later date than that ballot measure and should be supported rather than that ballot measure. No rebuttal arguments shall thereafter be submitted. Notwithstanding any provision of law, the opposition argument submitted by the proponents of the measure may refer not only to the measure and why it should be opposed but also to Senate Constitutional Amendment 4 and why it should be supported. If the proponents of that ballot measure do not withdraw their supporting argument, then the Secretary of State shall, by general press release, solicit opposing arguments and among any submitted, shall select one in the manner specified in Section 9067 of the Elections Code. The selected opposing argument shall be included in the principal ballot pamphlet or the supplemental ballot pamphlet, along with the other materials specified in this section. An argument submitted pursuant to this section shall be submitted to the Secretary of State no later than 5:00 p.m. on the fourth day following the date that this act is chaptered, and the Secretary of State shall be available for receipt of the arguments on that day.

(b) If the proponents of that ballot measure do not withdraw their supporting argument, then the Secretary of State shall also include in the supplemental ballot pamphlet, any rebuttal arguments submitted pursuant to Section 9069 of the Elections Code pursuant to the deadline for the supplemental ballot pamphlet established by the Secretary of State, regarding a measure with respect to which no opposing argument was submitted by the deadline set forth by the Secretary of State for inclusion in the principal ballot pamphlet.

(c) Notwithstanding any other provision of law, pursuant to subdivision (e) of Section 9084 and Section 9093 of the Elections Code and subdivision (e) of Section 88001 and Section 88007 of the Government Code, the Secretary of State may include information in the principal ballot pamphlet regarding the location of materials that are included in a supplemental ballot pamphlet instead of the principal ballot pamphlet.

(d) This section shall not take effect if this measure is chaptered later than August 7, 2004.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To ensure that Senate Constitutional Amendment 4, adopted by the Legislature at the 2003–04 Regular Session, is submitted to the voters at the November 2, 2004, statewide general election, and to ensure that voters are given the opportunity to submit arguments for or against any measure on the November 2, 2004, statewide general election ballot for which an argument for or against it has not previously been submitted, it is necessary that this act take immediate effect.

CHAPTER 210

[Approved by Governor August 5, 2004. Filed with Secretary of State August 5, 2004.]

The people of the State of California do enact as follows:

(b) Pursuant to paragraph (2) of subdivision (d) of Section 1 of Article XIX B, the transfer of revenues from the General Fund to the Transportation Investment Fund that would otherwise be required under subdivision (a) of Section 1 of Article XIX B is hereby suspended for the 2004–05 fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to suspend the transfer of funds from the General Fund to the Transportation Investment Fund for the 2004–05 fiscal year pursuant to

Section 1 of Article XIX B of the California Constitution as quickly as possible, it is necessary that this act take effect immediately.

[Approved by Governor August 5, 2004. Filed with Secretary of State August 5, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 41204.1 of the Education Code is amended to read:

41204.1. (a) (1) Pursuant to paragraph (2) of subdivision (b) of Section 41204, the Director of Finance shall annually adjust ''the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in the 1986–87 fiscal year'' for purposes of applying paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, to reflect those property tax revenue allocation modifications required by the qualifying provisions in a manner that ensures that those modifications will have no net fiscal impact upon the amounts that are otherwise required to be applied by the state for the support of school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution.

(2) For purposes of this section, ''qualifying provisions,'' means the amendments made to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code and Article 7

(commencing with Section 33680) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code during the 1991–92 Regular Session to the 2003–04 Regular Session, inclusive, and during any Extraordinary Session concurrently held during those session years, inclusive.

(b) Notwithstanding any other provision of law, for the 2004–05 fiscal year and each fiscal year thereafter, ''the percentage of General Fund revenues appropriated for school districts and community colleges districts, respectively, in fiscal year 1986–87,'' for purposes of paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution, shall be deemed to be the percentage of General Fund revenues that would have been appropriated for those entities if the qualifying provisions had been operative for the 1986–87 fiscal year.

(c) It is the intent of the Legislature in enacting the act adding this section to ensure both of the following:

(1) That the changes required by the qualifying provisions in the allocations of ad valorem property tax revenues do not have a net fiscal impact upon school districts, as defined in Section 41302.5, or community college districts.

(2) That the changes required by the qualifying provisions in the allocations of ad valorem property tax revenues do not have a net fiscal impact upon the amounts of revenue otherwise required to be applied by the state for the support of school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution.

SEC. 2. Section 6585 of the Government Code is amended to read:

SEC. 3. Section 6588 of the Government Code is amended to read:

6588. In addition to other powers specified in an agreement pursuant to Article 1 (commencing with Section 6500) and Article 2 (commencing with Section 6540), the authority may do any or all of the following:

(i) Receive and accept from any source, loans, contributions, or grants, in either money, property, labor, or other things of value, for, or in aid of, the construction financing, or refinancing of public capital improvement, or any portion thereof or for the financing of working capital or insurance programs, or for the payment of the principal of and interest on bonds if the proceeds of those bonds are used for one or more of the purposes specified in this section.

(j) Make secured or unsecured loans to any local agency in connection with the financing of capital improvement projects, working capital or insurance programs in accordance with an agreement between the authority and the local agency. However, no loan shall exceed the total cost of the public capital improvements, working capital or insurance

(m) Assign or pledge all or any portion of its interests in mortgages, deeds of trust, indentures of mortgage or trust, or similar instruments, notes, and security interests in property, tangible or intangible, of a local agency to which the authority has made loans, and the revenues therefrom, including payment or income from any interest owned or held by the authority, for the benefit of the holders of bonds issued to finance public capital improvements. The pledge of moneys, revenues, accounts, contract rights, or rights to payment of any kind made by or to the authority pursuant to the authority granted in this part shall be valid and binding from the time the pledge is made for the benefit of the pledgees and successors thereto, against all parties irrespective of whether the parties have notice of the claim.

These fees shall be set at a rate sufficient to recover, but not exceed, the authority's costs of issuance and administration. The level of these fees shall be disclosed to the California Debt and Investment Advisory Commission pursuant to Section 6599.1.

(p) Issue, obtain, or aid in obtaining, from any department or agency of the United States or of the state, or any private company, any insurance

or guarantee to, or for, the payment or repayment of interest or principal, or both, or any part thereof, on any loan, lease, or obligation or any instrument evidencing or securing the same, made or entered into pursuant to this article.

(q) Notwithstanding any other provision of this article, enter into any agreement, contract, or any other instrument with respect to any insurance or guarantee; accept payment in the manner and form as provided therein in the event of default by a local agency; and assign any insurance or guarantee that acts as security for the authority's bonds.

(r) Enter into any agreement or contract, execute any instrument, and perform any act or thing necessary, convenient, or desirable to carry out any power authorized by this article.

(v) Purchase, with the proceeds of its bonds or its revenue, bonds issued by any local agency at public or negotiated sale. Bonds purchased pursuant to this subdivision may be held by the authority or sold to public or private purchasers at public or negotiated sale, in whole or in part, separately or together with other bonds issued by the authority.

(w) Purchase, with the proceeds of its bonds or its revenue, VLF receivables sold to the authority pursuant to Section 6588.5. VLF receivables so purchased may be pledged to the payment of bonds issued by the authority or may be resold to public or private purchasers at public or negotiated sale, in whole or in part, separately or together with other VLF receivables purchased by the authority.

(x) Set any other terms and conditions on any purchase or sale pursuant to this section as it deems by resolution to be necessary, appropriate, and in the public interest, in furtherance of the purposes of this article.

SEC. 4. Section 6588.5 is added to the Government Code, to read:

6588.5. (a) An authority that was in existence at the time of the enactment of this section may purchase, with the proceeds of its bonds or its revenue, VLF receivables from one or more local agencies. The authority may pledge, assign, resell or otherwise transfer or hypothecate any VLF receivables for the purpose of securing bonds issued to finance the purchase price of the VLF receivables.

(b) Notwithstanding any other provision of law, local agencies may sell VLF receivables to the authority, at one time or from time to time, and to enter into one or more sales agreements with an authority as and on the terms the local agency deems appropriate. The sales agreement may include covenants of, and binding on, the local agency necessary to establish and maintain the security of bonds issued by the authority for the purpose of purchasing the VLF receivables and, if applicable, the exclusion from gross income of interest on the bonds for federal income tax purposes. Any transfer of some or all of a VLF receivable by a local agency to the authority under this article that the governing documents state is a sale shall be treated as an absolute sale and transfer of the property so transferred to the authority and not as a pledge or grant of a security interest by the local agency to secure a borrowing. The characterization of the transfer of any VLF receivable as an absolute sale by the local agency shall not be negated or adversely affected by any of the following:

(1) The fact that only a portion of the VLF receivable is transferred.

(2) By the local agency's acquisition of an ownership interest in any residual interest or a subordinate interest in the VLF receivable.

(3) By any characterization of the authority or its bonds for purposes of accounting, taxation, or securities regulation.

(4) By any other factor.

(c) On and after the effective date of each transfer of a VLF receivable under this article that the governing documents state is a sale, the local agency shall have no right, title, or interest in or to the VLF receivable transferred, and the VLF receivable so transferred shall be the property of the authority and not of the local agency, and shall be owned, received, held, and disbursed only by the authority or any trustee or agent of the authority appointed by the authority. Any sale of some or all of any VLF receivable shall automatically be perfected without the need for physical delivery, recordation, filing, or further act, and the provisions of Division 9 (commencing with Section 9101) of the Commercial Code and Sections 954.5 to 955.1, inclusive, of the Civil Code shall not apply to the sale. None of the VLF receivables sold by the local agency pursuant to this article shall be subject to garnishment, levy, execution, attachment, or other process, writ, including, but not limited to, a writ of mandate, or remedy in connection with the assertion or enforcement of any debt, claim, settlement, or judgment against the local agency. On or before the effective date of any sale of a VLF receivable, the local agency shall notify the Controller that the VLF receivable has been sold to the authority and irrevocably instruct the payor that, as of the effective date, payments on the VLF receivable so sold are to be made directly to the authority or any trustee or agent appointed by the authority.

(d) The state hereby covenants, for the benefit of the holders of any bonds issued by the authority pursuant to this article payable from VLF receivables purchased by the authority, that it will not take any action that would materially adversely affect the interest of the holders of these bonds or otherwise impair the security of these bonds, so long as any of these bonds remain outstanding.

SEC. 5. Section 6590 of the Government Code is amended to read:

6590. The authority may, from time to time, issue its bonds in the principal amount as the authority determines necessary to provide sufficient funds for its purposes, which may include, but shall not be limited to, providing funds for bond purchase agreements, payment of the purchase price of VLF receivables, payment of interest on bonds of the authority, establishment of reserves to secure the bonds, and other expenditures of the authority incident to issuance of the bonds. The authority may also issue bonds for the purpose of making loans to local agencies, to the extent those local agencies are authorized by law to borrow moneys, or to purchase VLF receivables from local agencies as provided in Section 6588.5, and the loan or sale proceeds shall be used by the local agencies to pay for public capital improvements, working capital, or insurance programs.

In the case of any authority in existence on January 1, 1988, no loans shall be made to local agencies for working capital or insurance, unless that purpose is first approved by resolution of the governing body of the authority by unanimous vote of all members of the governing body.

SEC. 6. Section 6591 of the Government Code is amended to read:

6591. (a) The authority is authorized from time to time to issue bonds to provide funds to achieve its purposes.

(b) Bonds may be authorized to finance a single public capital improvement, working capital, purchase of VLF receivables, or insurance program for a single local agency; a series of public capital improvements, working capital, purchases of VLF receivables, or insurance program for a single local agency; a single public capital improvement, working capital, or purchases of VLF receivables, insurance program for two or more local agencies; or a series of public capital improvements, working capital, purchases of VLF receivables, insurance programs for two or more local agencies.

(c) Bonds issued for the purpose of financing working capital shall be used to make loans to local agencies for any of the purposes for which a local agency may borrow money pursuant to Section 53852. The loans shall be repaid in accordance with the terms of Section 53854.

(d) Except as otherwise expressly provided by the authority, every issue of its bonds shall be general obligations of the authority payable from any revenues or moneys of the authority available therefor and not otherwise pledged. These revenues or moneys may include the proceeds

of additional bonds, subject only to any agreements with the holders of particular bonds pledging any particular revenues or moneys. Notwithstanding that the bonds may be payable from a special fund, these bonds shall be deemed to be negotiable instruments for all purposes, subject only to the bond registration provisions.

(e) The bonds may be issued as serial bonds or as term bonds, or the authority may issue bonds of both types. The bonds shall be authorized by resolution of the authority and shall, as provided by the resolution or indenture pursuant to which the bonds are issued, bear the date of issuance; the time of maturity, not exceeding 50 years from their date of issuance; bear the rate of interest, either fixed or variable, and, if variable, not in excess of the maximum rate of interest specified therein; be payable as to principal and interest at the time or times provided; be in the denominations provided; be in the form provided; carry the registration privileges provided; be executed in the manner provided; be payable in lawful money of the United States at the place or places provided within or without the state; and be subject to the terms of redemption provided.

(f) The bonds shall be sold by the authority at the time and in the manner set out in the authority's resolution. The sale may be a public or private sale, and for price or prices, and on terms and conditions as the authority determines proper, after giving due consideration to the recommendations of any local agency to be assisted from the proceeds of the bonds. Pending preparation of the definitive bonds, the authority may issue interim receipts, certificates, or temporary bonds which shall be exchanged for definitive bonds.

(g) In the case of bonds issued by an authority, on or after January 1, 1995, for the purpose of purchasing bonds of a local agency, all of the bonds of the local agency shall be purchased by the authority from the proceeds of the authority bonds within 90 days of the date of issuance of the authority bonds. Nothing in this subdivision shall be construed to preclude an authority from issuing parity bonds at any time.

SEC. 7. Section 6592 of the Government Code is amended to read:

(b) Provisions setting out the rentals, fees, purchase payments, loan repayments, and other charges, and the amounts to be raised in each year thereby, and the use and disposition of the revenues.

(c) Provisions setting aside reserves or sinking funds, and the regulation and disposition thereof.

(d) Limitations on the right of the authority or its agent to restrict and regulate the use of the public capital improvements to be financed out of the proceeds of the bonds or any particular issue of bonds.

(e) Limitations on the purpose to which the proceeds of sale of any issue of bonds may be applied, and pledging the proceeds to secure the payment of the bonds or any issue of the bonds.

(f) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding bonds.

(g) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds and the holders thereof that are required to give consent thereto, and the manner in which the consent may be given.

(h) Limitations on expenditures for operating, administrative, or other expenses of the authority.

(i) Definitions of acts or omissions to act which constitute a default in the duties of the authority to holders of its obligations, and providing the rights and remedies of the holders in the event of a default.

(j) The mortgaging of any public capital improvements and the site thereof for the purpose of securing the bondholders.

(k) The mortgaging of land, improvements, or other assets owned by a local agency for the purpose of securing the bondholders.

(*l*) Procedures for the selection of public capital improvements to be financed with the proceeds of the bonds authorized by the resolution, if the bonds are to be sold in advance of designating the public capital improvements and the local agency to receive the financing.

SEC. 8. Section 6599.3 is added to the Government Code, to read:

6599.3. Notwithstanding any other provision of law, an action may be brought under Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure, to determine the validity of any bonds issued under this article to finance the purchase of bonds for local agencies, the financing of public capital improvements, or the purchase of VLF receivables pursuant to Section 6588.5 and any contracts of sale of VLF receivables entered into by any local agency, and any related documents. If an action is commenced, the action shall be brought in the jurisdiction in which the authority maintains its principal office and is not required to be brought in the jurisdiction or jurisdictions of any of the local agencies. However, publication of summons, as provided in Section 861 of the Code of Civil Procedure, shall be made in the county

in which the authority maintains its principal office and in each county in which any local agency that has sold bonds to the authority, for which a public capital improvement is being financed or that has entered into a sales agreement for a VLF receivable where the authority is located.

SEC. 8.5. Section 17617 is added to the Government Code, to read:

17617. The total amount due to each city, county, city and county, and special district, for which the state has determined, as of June 30, 2005, that reimbursement is required under Section 6 of Article XIII B of the California Constitution, shall be appropriated for payment to these entities over a period of not more than five years, commencing with the Budget Act for the 2006–07 fiscal year and concluding with the Budget Act for the 2011–12 fiscal year.

SEC. 9. Section 25350.55 of the Government Code is amended to read:

25350.55. (a) Prior to entering into an agreement to finance the lease or lease-purchase of property through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds, the board may elect, by resolution, to guarantee payment under that financing agreement in accordance with the following:

(1) A county that elects to participate under this section shall provide notice to the Controller of that election, which shall include a schedule for the payments to be made by the county under that financing agreement, and identify a trustee appointed by the county for the purposes of this section.

(2) In the event that, for any reason, the funds otherwise available to the county will not be sufficient to make any payment under the financing agreement at the time that payment is required, the county shall so notify the trustee. The trustee shall immediately communicate that information to the affected holders of certificates of participation or bondholders, and to the Controller.

(3) When the Controller receives notice from the trustee as described in paragraph (2), or the county fails to make any payment under the financing agreement at the time that payment is required, the Controller shall make an apportionment to the trustee in the amount of that required payment for the purpose of making that payment. The Controller shall make that payment only from funds received from the county auditor pursuant to paragraph (4).

(4) If either of the circumstances set forth in paragraphs (2) and (3) occur, the county shall immediately notify the county auditor and deliver to the county auditor a duly certified copy of the resolution of the board of supervisors adopted pursuant to Section 29530.5. The county auditor shall reduce the vehicle license fee adjustment amount set forth in Section 97.70 of the Revenue and Taxation Code and transmit those

funds to the Controller to the extent necessary to make the payments required by paragraphs (2) and (3).

(5) As an alternate to the procedure set forth in paragraphs (2) and (3), the board of supervisors may provide a transfer schedule in a notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee and the date or dates for the transfers and the Controller shall, subject to the limitation in the second sentence of paragraph (3), make apportionments to the trustee in those amounts on the specified date or dates for the purpose of making those transfers.

(6) In the event that for any reason, the county is no longer obligated for any period to make all or a portion of the payments with respect to the lease or lease-purchase financed through the execution and delivery, or issuance, as the case may be, of certificates of participation or lease revenue bonds, the trustee shall notify the affected holders of certificates of participation or bondholders. The trustee shall also notify the Controller. Upon receipt of the notification, the Controller shall cease making the transfers. If after giving notice, the obligation of the county to make payments with respect to a lease or lease-purchase financed through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds is restored, the trustee shall so notify the affected holders of certificates of participation or bondholders and the Controller. Upon receipt of the notification, the Controller shall resume making the transfers.

(b) This section shall not be construed to obligate the State of California to make any payment to a county from the Motor Vehicle License Fee Account in the Transportation Tax Fund in any amount or pursuant to any particular allocation formula, or to make any other payment to a county, including, but not limited to, any payment in satisfaction of any debt or liability incurred or guaranteed by a county in accordance with this section.

SEC. 10. Section 18115 of the Health and Safety Code is amended to read:

18115. Commencing July 1, 1981, the vehicle license fee levied pursuant to Section 10751 of the Revenue and Taxation Code on manufactured homes and mobilehomes not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code, or commercial coaches, shall be paid to the department. The annual amount of the fee shall be a sum equal to 2 percent, and on and after January 1, 2005, 0.65 percent, of the market value of the manufactured home, mobilehome, or commercial coach. The market value shall be determined by the department upon the basis of the original sales price of the manufactured home, mobilehome, or commercial coach when first sold to a consumer

as a new manufactured home, mobilehome, or commercial coach. The annual amount of the fee charged to the owner of a manufactured home or mobilehome subject to a license fee which replaces a manufactured home or mobilehome destroyed, on or after January 1, 1982, as the result of a disaster declared by the Governor, and which meets the requirements of Chapter 2.6 (commencing with Section 172) of Part 1 of Division 1 of the Revenue and Taxation Code, shall be determined in accordance with Section 172.1 of the Revenue and Taxation Code. In the event any manufactured home, mobilehome, or commercial coach subject to this article is modified or added to at a cost of two hundred dollars ($200), or more, a copy of the building permit required for these modifications shall be entered in the permanent record of the manufactured home, mobilehome, or commercial coach and the department shall classify or reclassify the manufactured home, mobilehome, or commercial coach in its proper class as provided in Section 18115.5. These provisions shall not apply in the event that the modifications are necessary to enable a handicapped person to enter and use the manufactured home, mobilehome, or commercial coach.

SEC. 11. Section 33020 of the Health and Safety Code is amended to read:

33020. ''Redevelopment'' means the planning, development, replanning, redesign, clearance, reconstruction, or rehabilitation, or any combination of these, of all or part of a survey area, and the provision of those residential, commercial, industrial, public, or other structures or spaces as may be appropriate or necessary in the interest of the general welfare, including recreational and other facilities incidental or appurtenant to them and payments to school and community college districts in the fiscal years specified in Sections 33681, 33681.5, 33681.7, 33681.9, and 33681.12.

SEC. 12. Section 33333.2 of the Health and Safety Code is amended to read:

33333.2. (a) A redevelopment plan containing the provisions set forth in Section 33670 shall contain all of the following limitations. A redevelopment plan that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (4):

(1) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the adoption of the redevelopment plan, except by amendment of the redevelopment plan as authorized by subparagraph (B). This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under subdivision (a)

of Section 33333.8. The loans, advances, or indebtedness may be repaid over a period of time longer than this time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation. This limit shall not prevent agencies from refinancing, refunding, or restructuring indebtedness after the time limit if the indebtedness is not increased and the time during which the indebtedness is to be repaid is not extended beyond the time limit to repay indebtedness required by this section.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) significant blight remains within the project area; and (ii) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 30 years from the effective date of the ordinance adopting the redevelopment plan, except as necessary to comply with subdivision (a) of Section 33333.8.

(2) A time limit, not to exceed 30 years from the adoption of the redevelopment plan, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants or contracts, unless the agency has not completed its housing obligations pursuant to subdivision (a) of Section 33333.8, in which case the agency shall retain its authority to implement requirements under subdivision (a) of Section 33333.8, including its ability to incur and pay indebtedness for this purpose, and shall use this authority to complete these housing obligations as soon as is reasonably possible.

(3) A time limit, not to exceed 45 years from the adoption of the redevelopment plan, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670, except as necessary to comply with subdivision (a) of Section 33333.8.

(4) A time limit, not to exceed 12 years from the adoption of the redevelopment plan, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

(b) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by this section.

(c) When an agency is required to make a payment pursuant to Section 33681.9, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to paragraphs (2) and (3)

of subdivision (a) by one year by adoption of an ordinance. In adopting this ordinance, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(d) When an agency is required pursuant to Section 33681.12 to make a payment to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to paragraphs (2) and (3) of subdivision (a) by the following:

(1) One year for each year in which a payment is made, if the time limit for the effectiveness of the redevelopment plan established pursuant to paragraph (2) of subdivision (a) is 10 years or less from the last day of the fiscal year in which such a payment is made.

(2) One year for each year in which a payment is made, if both of the following apply:

(A) The time limit for the effectiveness of the redevelopment plan established pursuant to paragraph (2) of subdivision (a) is more than 10 years but less than 20 years from the last day of the fiscal year in which a payment is made.

(B) The legislative body determines in the ordinance adopting the amendment that, with respect to the project, all of the following apply:

(i) The agency is in compliance with the requirements of Section 33334.2 or 33334.6, as applicable.

(ii) The agency has adopted an implementation plan in accordance with the requirements of Section 33490.

(iii) The agency is in compliance with subdivisions (a) and (b) of Section 33413, to the extent applicable.

(iv) The agency is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend, encumber, or disburse an excess surplus.

(3) This subdivision shall not apply to any redevelopment plan if the time limits for the effectiveness of the redevelopment plan established pursuant to paragraph (2) of subdivision (a) is more than 20 years after the last day of the fiscal year in which a payment is made.

(4) The legislative body by ordinance may adopt the amendments provided for under this subdivision following a public hearing. Notice of the public hearing shall be mailed to the governing body of each of the affected taxing entities at least 30 days prior to the hearing. Notice shall also be published in a newspaper of general circulation in the community at least once, not less than 10 days prior to the date of the public hearing. The ordinance shall contain a finding of the legislative

body that funds used to make a payment to the county's Educational Revenue Augmentation Fund pursuant to Section 33681.12 would otherwise have been used to pay the costs of projects and activities necessary to carry out the goals and objectives of the redevelopment plan. In adopting an ordinance pursuant to this subdivision, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part.

(e) This section shall apply only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1994, and to amendments that add territory and that are adopted on or after January 1, 1994.

SEC. 13. Section 33333.6 of the Health and Safety Code is amended to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date that shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness, to comply with Section 33333.8 and to enforce existing covenants, contracts, or other obligations.

(b) Except as provided in subdivisions (f) and (g), a redevelopment agency may not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(c) (1) If plans that had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(d) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established

by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (b) or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(e) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this section, this section shall not be construed to require an amendment of this limitation.

(2) (A) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended by a legislative body by adoption of an ordinance on or after January 1, 1999, but on or before December 31, 1999, to extend the limitation, provided that the plan as so amended does not exceed the terms provided in this section. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(B) On or after January 1, 2002, a redevelopment plan may be amended by a legislative body by adoption of an ordinance to eliminate the time limit on the establishment of loans, advances, and indebtedness required by this section prior to January 1, 2002. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans, except that the agency shall make the payment to affected taxing entities required by Section 33607.7.

(C) When an agency is required to make a payment pursuant to Section 33681.9, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to subdivisions (a) and (b) by one year by adoption of an ordinance. In adopting an ordinance pursuant to this subparagraph, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12

(commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans, including, but not limited to, the requirement to make the payment to affected taxing entities required by Section 33607.7.

(D) When an agency is required pursuant to Section 33681.12 to make a payment to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, the legislative body may amend the redevelopment plan to extend the time limits required pursuant to subdivisions (a) and (b) by the following:

(i) One year for each year in which a payment is made, if the time limit for the effectiveness of the redevelopment plan established pursuant to subdivision (a) is 10 years or less from the last day of the fiscal year in which a payment is made.

(ii) One year for each year in which such a payment is made, if both of the following apply:

(I) The time limit for the effectiveness of the redevelopment plan established pursuant to subdivision (a) is more than 10 years but less than 20 years from the last day of the fiscal year in which a payment is made.

(II) The legislative body determines in the ordinance adopting the amendment that, with respect to the project, the following:

(IIa) The agency is in compliance with the requirements of Section 33334.2 or 33334.6, as applicable.

(IIb) The agency has adopted an implementation plan in accordance with the requirements of Section 33490.

(IIc) The agency is in compliance with subdivisions (a) and (b) of Section 33413, to the extent applicable.

(IId) The agency is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend, encumber, or disburse an excess surplus.

(iii) This subparagraph shall not apply to any redevelopment plan if the time limit for the effectiveness of the redevelopment plan established pursuant to subdivision (a) is more than 20 years after the last day of the fiscal year in which such a payment is made.

(3) (A) The legislative body by ordinance may adopt the amendments provided for under this paragraph following a public hearing. Notice of the public hearing shall be mailed to the governing body of each affected taxing entity at least 30 days prior to the public hearing and published in a newspaper of general circulation in the community at least once, not less than 10 days prior to the date of the public hearing. The ordinance shall contain a finding of the legislative body that funds used to make a payment to the county's Educational Revenue Augmentation Fund pursuant to Section 33681.12 would

otherwise have been used to pay the costs of projects and activities necessary to carry out the goals and objectives of the redevelopment plan. In adopting an ordinance pursuant to this paragraph, neither the legislative body nor the agency is required to comply with Section 33354.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment plans.

(B) The time limit on the establishment of loans, advances, and indebtedness shall be deemed suspended and of no force or effect but only for the purpose of issuing bonds or other indebtedness the proceeds of which are used to make the payments required by Section 33681.12 if the following apply:

(i) The time limit on the establishment of loans, advances, and indebtedness required by this section prior to January 1, 2002, has expired and has not been eliminated pursuant to subparagraph (B).

(ii) The agency is required to make a payment pursuant to Section 33681.12.

(iii) The agency determines that in order to make the payment required by Section 33681.12, it is necessary to issue bonds or incur other indebtedness.

(iv) The proceeds of the bonds issued or indebtedness incurred are used solely for the purpose of making the payments required by Section 33681.12 and related costs.

The suspension of the time limit on the establishment of loans, advances, and indebtedness pursuant to this subparagraph shall not require the agency to make the payment to affected taxing entities required by Section 33607.7.

(4) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project shall not prevent an agency from incurring debt to be paid from the agency's Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's affordable housing obligations, as defined in paragraph (1) of subdivision (a) of Section 33333.8.

(B) A redevelopment plan may be amended by a legislative body to provide that there shall be no time limit on the establishment of loans, advances, and indebtedness paid from the agency's Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's affordable housing obligations, as defined in paragraph (1) of subdivision (a) of Section 33333.8. In adopting such an ordinance, neither the legislative body nor the agency is required to comply with Section 33345.6, Article 12 (commencing with Section 33450), or any other provision of this part relating to the amendment of redevelopment

plans, and the agency shall not make the payment to affected taxing entities required by Section 33607.7.

(f) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit the allocation of taxes to an agency to the extent required to comply with Section 33333.8. In the event of a conflict between these limitations and the obligations under Section 33333.8, the limitations established in the ordinance shall be suspended pursuant to Section 33333.8.

(g) This section shall not be construed to affect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994. This section shall not be construed to affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the bond, indebtedness, or other obligation.

(h) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (b) or the date identified in the redevelopment plan, whichever is earlier, except as provided in paragraph (2) of subdivision (e), in subdivision (g), or in Section 33333.8.

(i) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

(j) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by Section 33333.2.

SEC. 14. Section 33672 of the Health and Safety Code is amended to read:

33672. As used in this article the word ''taxes'' shall include, but without limitation, all levies on an ad valorem basis upon land or real property. (B) Determine the net tax increment apportioned to all agencies pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2002–03 fiscal year.

(C) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (B).

(E) Determine the total amount of property tax revenue apportioned to each agency pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2002–03 fiscal year.

(F) Determine the total amount of property tax revenue apportioned to all agencies pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676, in the 2002–03 fiscal year.

(G) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (F).

(H) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (E) by the percentage factor determined pursuant to subparagraph (G).

(I) Add the amount determined pursuant to subparagraph (D) to the amount determined pursuant to subparagraph (H).

(J) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (I).

(K) Notify each county auditor of the amounts determined pursuant to subparagraph (I) for each agency in his or her county.

(3) The obligation of any agency to make the payments required pursuant to this subdivision shall be subordinate to the lien of any pledge of collateral securing, directly or indirectly, the payment of the principal, or interest on any bonds of the agency including, without limitation, bonds secured by a pledge of taxes allocated to the agency pursuant to Section 33670.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 2004–05 fiscal year and, if applicable, the 2005–06 fiscal year, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low and Moderate Income Housing Fund pursuant to the authority of this subdivision.

(2) As a condition of borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full within 10 years following the date on which moneys are remitted to the county auditor for deposit in the county's Educational Revenue Augmentation Fund pursuant to subdivision (a).

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and moderate-income fund as of July 1 of the applicable fiscal year may be used for this purpose.

(d) The legislative body shall by March 1 report to the county auditor as to how the agency intends to fund the allocation required by this section, or that the legislative body intends to remit the amount in lieu of the agency pursuant to Section 33681.14.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment project pursuant to Section 16 of Article XVI of the California Constitution.

(g) In making the determinations required by subdivision (a), the Director of Finance shall use those amounts reported as the ''Tax Increment Retained by Agency'' for all agencies and for each agency in the report of the Controller pursuant to Section 12463.3 of the Government Code for the 2002–03 fiscal year.

(h) If revised reports have been accepted by the Controller on or before September 1, 2005, the Director of Finance shall use appropriate data that has been certified by the Controller for the purpose of making the determinations required by subdivision (a).

SEC. 16. Section 33681.13 is added to the Health and Safety Code, to read:

33681.13. (a) (1) For the purpose of this section, ''existing indebtedness'' means one or more of the following obligations incurred by a redevelopment agency prior to the effective date of this section, the payment of which is to be made in whole or in part, directly or indirectly, out of taxes allocated to the agency pursuant to Section 33670, and that is required by law or provision of the existing indebtedness to be made during the fiscal year of the relevant allocation required by Section 33681.12.

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by the agency whether funded, refunded, assumed, or otherwise pursuant to Article 5 (commencing with Section 33640).

(B) Loans or moneys advanced to the agency, including, but not limited to, loans from federal, state, or local agencies, or a private entity.

(C) A contractual obligation that, if breached, could subject the agency to damages or other liabilities or remedies.

(D) An obligation incurred pursuant to Section 33445.

(E) Indebtedness incurred pursuant to Section 33334.2.

(F) An amount, to be expended for the operation and administration of the agency, that may not exceed 90 percent of the amount spent for those purposes in the 2002–03 fiscal year.

(G) Obligations imposed by law with respect to activities that occurred prior to the effective date of the act that adds this section.

(2) Existing indebtedness incurred prior to the effective date of this section may be refinanced, refunded, or restructured after that date, and shall remain existing indebtedness for the purposes of this section, if the annual debt service during that fiscal year does not increase over the prior fiscal year and the refinancing does not reduce the ability of the agency to make the payment required by subdivision (a) of Section 33681.12.

(3) For the purposes of this section, indebtedness shall be deemed to be incurred prior to the effective date of this section if the agency has entered into a binding contract subject to normal marketing conditions, to deliver the indebtedness, or if the redevelopment agency has received bids for the sale of the indebtedness prior to that date and the indebtedness is issued for value and evidence thereof is delivered to the initial purchaser no later than 30 days after the date of the contract or sale.

(b) During the 2004–05 and 2005–06 fiscal years, an agency that has adopted a resolution pursuant to subdivision (c) may, pursuant to subdivision (a) of Section 33681.12, allocate to the auditor less than the amount required by subdivision (a) of Section 33681.12, if the agency finds that either of the following has occurred:

(1) That the difference between the amount allocated to the agency and the amount required by subdivision (a) of Section 33681.12 is necessary to make payments on existing indebtedness that are due or required to be committed, set aside, or reserved by the agency during the applicable fiscal year and that are used by the agency for that purpose, and the agency has no other funds that can be used to pay this existing indebtedness, and no other feasible method to reduce or avoid this indebtedness.

(2) The agency has no other funds to make the allocation required by subdivision (a) of Section 33681.12.

(c) (1) Any agency that, pursuant to subdivision (b), intends to allocate to the auditor less than the amount required by subdivision (a) of Section 33681.12 shall adopt, prior to December 31 of the applicable fiscal year, after a noticed public hearing, a resolution that lists all of the following:

(A) Each existing indebtedness incurred prior to the effective date of this section.

(B) Each indebtedness on which a payment is required to be made during the applicable fiscal year.

(C) The amount of each payment, the time when it is required to be paid, and the total of the payments required to be made during the applicable fiscal year. For indebtedness that bears interest at a variable rate, or for short-term indebtedness that is maturing during the fiscal year and that is expected to be refinanced, the amount of payments during the fiscal year shall be estimated by the agency.

(2) The information contained in the resolution required by this subdivision shall be reviewed for accuracy by the chief fiscal officer of the agency.

(3) The legislative body shall additionally adopt the resolution required by this section.

(d) (1) Any agency that, pursuant to subdivision (b), determines that it will be unable either in the 2004–05 or the 2005–06 fiscal year, to

allocate the full amount required by subdivision (a) of Section 33681.12 shall, subject to paragraph (3), enter into an agreement with the legislative body by February 15 of the applicable fiscal year, to fund the payment of the difference between the full amount required to be paid pursuant to subdivision (a) of Section 33681.12 and the amount available for allocation by the agency.

(2) The obligations imposed by paragraph (1) are hereby declared to be indebtedness incurred by the redevelopment agency to finance a portion of a redevelopment project within the meaning of Section 16 of Article XVI of the California Constitution. This indebtedness shall be payable from tax revenues allocated to the agency pursuant to Section 33670, and any other funds received by the agency. The obligations imposed by paragraph (1) shall remain an indebtedness of the agency to the legislative body until paid in full, or until the agency and the legislative body otherwise agree.

(3) The agreement described in paragraph (1) shall be subject to these terms and conditions specified in a written agreement between the legislative body and the agency.

(e) If the agency fails, under either Section 33681.12 or subdivision (d), to transmit the full amount of funds required by Section 33681.12, is precluded by court order from transmitting that amount, or is otherwise unable to meet its full obligation pursuant to Section 33681.12, the county auditor, by no later than May 15 of the applicable fiscal year, shall transfer any amount necessary to meet the obligation determined for that agency in paragraph (1) of subdivision (c) of Section 33681.12 from the legislative body's allocations pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code.

SEC. 17. Section 33681.14 is added to the Health and Safety Code, to read:

33681.14. (a) In lieu of the remittance required by Section 33681.12, during either the 2004–05 or 2005–06 fiscal year, a legislative body may, prior to May 10 of the applicable fiscal year, remit an amount equal to the amount determined for the agency pursuant to subparagraph (I) of paragraph (2) of subdivision (a) of Section 33681.12 to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(b) The legislative body may make the remittance authorized by this section from any funds that are legally available for this purpose. No moneys held in an agency's Low and Moderate Income Housing Fund shall be used for this purpose.

(c) If the legislative body, pursuant to subdivision (d) of Section 33681.12, reported to the county auditor that it intended to remit the

amount in lieu of the agency and the legislative body fails to transmit the full amount as authorized by this section by May 10 of the applicable fiscal year, the county auditor, no later than May 15 of the applicable fiscal year, shall transfer an amount necessary to meet the obligation from the legislative body's allocations pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. If the amount of the legislative body's allocations are not sufficient to meet this obligation, the county auditor shall transfer an additional amount necessary to meet this obligation from the property tax increment revenue apportioned to the agency pursuant to Section 33670, provided that no moneys allocated to the agency's Low and Moderate Income Housing Fund shall be used for this purpose.

SEC. 18. Section 33683 of the Health and Safety Code is amended to read:

33683. For the purpose of calculating the amount that has been divided and allocated to the redevelopment agency to determine whether the limitation adopted pursuant to Section 33333.2 or 33333.4 or pursuant to agreement or court order has been reached, any payments made pursuant to subdivision (a) of Sections 33681, 33681.5, 33681.7, 33681.9, and 33681.12 or subdivision (d) of Sections 33681.8, 33681.10, 33682, and 33682.5 with property tax revenues shall be deducted from the amount of property tax dollars deemed to have been received by the agency.

SEC. 19. Section 96.81 is added to the Revenue and Taxation Code, to read:

96.81. Notwithstanding any other provision of law, the property tax apportionment factors applied in allocating property tax revenues in a county for which a Controller's audit conducted under Section 12468 of the Government Code between July 1, 1993, and June 30, 2001, determined that an allocation method was required to be adjusted and a reallocation was required for prior fiscal years, are deemed to be correct. However, for the 2001-02 fiscal year and each fiscal year thereafter, property tax apportionment factors applied in allocating property tax revenues in a county described in the preceding sentence shall be determined on the basis of property tax apportionment factors for prior fiscal years that have been fully corrected and adjusted, pursuant to the review and recommendation of the Controller, as would be required in the absence of the preceding sentence.

SEC. 20. Section 97.31 of the Revenue and Taxation Code is amended to read:

97.31. (a) (1) The Director of Finance shall direct the county auditor to reduce, in the 1993–94 fiscal year, the amount of the transfer to the Educational Revenue Augmentation Fund determined pursuant to subdivision (a) of Section 97.3 for any eligible county in accordance

with subdivision (b) of this section, and also shall direct the county auditor to reduce, in the 1993–94 fiscal year, the amount of that transfer for certain counties in accordance with subdivision (c). The total amount of the reductions for all counties made for the 1993–94 fiscal year pursuant to subdivision (b) shall not exceed two million dollars ($2,000,000). For the 1994–95 fiscal year and each fiscal year thereafter, ad valorem property tax revenue allocations made pursuant to subdivision (a) of Section 96.1 shall fully incorporate the adjustments required by this section.

(2) For purposes of this section, an ''eligible county'' is a county with a population of less than 350,000, as reported in the 1990 federal census that had a fire element of the tax bill in 1977–78, that continues to fund some portion of those costs from the county general fund in 1993–94, and that provides these services in the same manner as a special district less than countywide and has so indicated in the Controller's Report on Financial Transactions Concerning Counties.

(b) (1) For each eligible county, the county auditor may submit the following information to the Director of Finance not later than November 1, 1993:

(A) The amount of property tax allocated to the county fire district in the 1977–78 fiscal year.

(B) The amount allocated from the county budget to the county fire district in the 1978–79 fiscal year.

(C) The amount of property tax reduction for the county fire district attributable to the passage of Article XIII A of the California Constitution by the voters in the primary election in June 1978.

(D) The amount of money allocated from the county budget to the county fire district in the 1993–94 fiscal year.

(E) The amount allocated to the county fire district from the Special District Augmentation Fund in the 1992–93 fiscal year.

(2) For each eligible county that submits to the Director of Finance by November 1, 1993, the information described in paragraph (1), the Director of Finance shall make the following calculations:

(A) Multiply the amount of property tax allocated to the county fire district in the 1977–78 fiscal year by the change in the value of the property tax base for the county from the 1977–78 fiscal year to the 1978–79 fiscal year.

(B) Subtract the amount reported pursuant to subparagraph (C) of paragraph (1) from the amount determined pursuant to subparagraph (A).

(C) Multiply the amount determined pursuant to subparagraph (B) by an amount determined by the Director of Finance to be the change in assessed value for the county from the 1978–79 fiscal year to the 1993–94 fiscal year.

(D) Multiply the amount reported pursuant to subparagraph (E) of paragraph (1) by 1.038.

(E) Add the amount determined pursuant to subparagraph (C) to the amount determined pursuant to subparagraph (D).

(F) Subtract the amount determined pursuant to subparagraph (E) from the amount reported pursuant to subparagraph (D) of paragraph (1).

(3) The Director of Finance shall determine the sum of all the amounts determined pursuant to subparagraph (F) of paragraph (2).

(4) If the sum determined pursuant to paragraph (3) is greater than two million dollars ($2,000,000), then the Director of Finance shall proportionately reduce the amount for each county so that the total of the amounts for all counties does not exceed two million dollars ($2,000,000). If the sum determined pursuant to subdivision (e) does not exceed two million dollars ($2,000,000), then the Director of Finance shall not reduce the amount determined for each county.

(5) The Director of Finance shall by January 15, 1994, notify each county of its reduction in the amount to be transferred to the Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.3. The maximum amount of the reduction that may be authorized pursuant to this subdivision is one-half the amount determined pursuant to subparagraph (F) of paragraph (2).

(c) The amount to be transferred from a county to an Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.3 shall be reduced by one hundred thousand dollars ($100,000) for the County of Madera and by two hundred thousand dollars ($200,000) for the County of Tulare.

SEC. 20.5. Section 97.68 of the Revenue and Taxation Code is amended to read:

97.68. Notwithstanding any other provision of law, in allocating ad valorem property tax revenue allocations for each fiscal year during the fiscal adjustment period, all of the following apply:

(a) (1) The total amount of ad valorem property tax revenue otherwise required to be allocated to a county's Educational Revenue Augmentation Fund shall be reduced by the countywide adjustment amount.

(2) The countywide adjustment amount shall be deposited in a Sales and Use Tax Compensation Fund that shall be established in the treasury of each county.

(b) For purposes of this section, the following definitions apply:

(1) ''Fiscal adjustment period'' means the period beginning with the 2004–05 fiscal year and continuing through the fiscal year in which the Director of Finance notifies the State Board of Equalization pursuant to subdivision (b) of Section 99006 of the Government Code.

(2) Except as otherwise provided in subdivision (d), the ''countywide adjustment amount'' means the combined total revenue loss of the county and each city in the county that is annually estimated by the Director of Finance, based upon the actual amount of sales and use tax revenues transmitted under Section 7204 in that county in the prior fiscal year and any projected growth on that amount for the current fiscal year as determined by the State Board of Equalization and reported to the director on or before August 15 of each fiscal year during the fiscal adjustment period, to result for each of those fiscal years from the 0.25 percent reduction in local sales and use rate tax authority applied by Section 7203.1. The director shall adjust the estimates described in this paragraph if the board reports to him or her any changes in the projected growth in local sales and use tax revenues for the current fiscal year.

(3) ''In lieu local sales and use tax revenues'' means those revenues that are transferred under this section to a county or a city from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund.

(c) Except as otherwise provided in subdivision (d), for each fiscal year during the fiscal adjustment period, in lieu sales and use tax revenues in the Sales and Use Tax Compensation Fund shall be allocated among the county and the cities in the county, and those allocations shall be subsequently adjusted, as follows:

(1) The Director of Finance shall, on or before September 1 of each fiscal year during the fiscal adjustment period, notify each county auditor of that portion of the countywide adjustment amount for that fiscal year that is attributable to the county and to each city within that county.

(2) The county auditor shall allocate revenues in the Sales and Use Tax Compensation Fund among the county and cities in the county in the amounts described in paragraph (1). The auditor shall allocate one-half of the amount described in paragraph (1) in each January during the fiscal adjustment period and shall allocate the balance of that amount in each May during the fiscal adjustment period.

(3) After the end of each fiscal year during the fiscal adjustment period, other than a fiscal year subject to subdivision (d), the Director of Finance shall, based on the actual amount of sales and use tax revenues that were not transmitted for the prior fiscal year, recalculate each amount estimated under paragraph (1) and notify the county auditor of the recalculated amount.

(4) If the amount recalculated under paragraph (3) for the county or any city in the county is greater than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, transfer

an amount of ad valorem property tax revenue equal to this difference from the Sales and Use Tax Compensation Fund to that local agency.

(5) If the amount recalculated under paragraph (3) for the county or any city in the county is less than the amount allocated to that local agency under paragraph (2), the county auditor shall, in the fiscal year next following the fiscal year for which the allocation was made, reduce the total amount of ad valorem property tax revenue otherwise allocated to that city or county from the Sales and Use Tax Compensation Fund by an amount equal to this difference and instead allocate this difference to the county Educational Revenue Augmentation Fund.

(6) If there is an insufficient amount of moneys in a county's Sales and Use Tax Compensation Fund to make the transfers required by paragraph (4), the county auditor shall transfer from the county Educational Revenue Augmentation Fund an amount sufficient to make the full amount of these transfers.

(d) Notwithstanding any other provision of this section, when Section 7203.1 ceases to be operative , all of the following apply:

(1) If Section 7203.1 ceases to be operative on an October 1 of a fiscal year during the fiscal adjustment period, all of the following apply:

(A) The "countywide adjustment amount" for that fiscal year means an amount equal to sum of the following two amounts:

(i) The combined total revenue loss of the county and each city in the county that is estimated by the director, based upon actual sales and use tax revenues transmitted under Section 7204 for the first quarter of the prior fiscal year as determined by the State Board of Equalization and reported to the director on or before that August 15, to result for the first quarter of the current fiscal year from the 0.25 percent reduction in local sales and use tax rate authority applied by Section 7203.1.

(ii) The difference between the following two amounts:

(I) The total amount that was allocated to the county and each city in the county under subdivision (c) for the prior fiscal year.

(II) The actual total amount of local sales and use tax revenue that was not transmitted the county or city and county and each city in the county for the prior fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(B) On or before January 31 of that fiscal year, the auditor shall allocate to the county and each city in the county that portion of the countywide adjustment amount for that fiscal year that is attributable to the county and each city in the county.

(C) On or before May 1 of that fiscal year, the State Board of Equalization shall report to the director the actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county in that fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section

7203.1. On or before May 1 of that fiscal year, the director shall do both of the following:

(i) Determine the difference between the following two amounts:

(I) The amount specified in clause (i) of subparagraph (A) that was allocated to the county and each city in the county for that fiscal year under subparagraph (B).

(II) The actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county for that fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(ii) Notify the auditor of each county of the amounts determined under clause (i) for his or her county and all of the cities in that county.

(D) (i) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is greater than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before May 31 of that fiscal year, reallocate from the entity to the county Educational Revenue Augmentation Fund the difference between those amounts.

(ii) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is less than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before May 31 of that fiscal year, reallocate from the county Educational Revenue Augmentation Fund to that entity the difference between those amounts.

(2) If Section 7203.1 ceases to be operative on a January 1 of a fiscal year during the fiscal adjustment period, all of the following apply:

(A) The ''countywide adjustment amount'' for that fiscal year means an amount equal to the sum of the following two amounts:

(i) The combined total revenue loss of the county and each city in the county that is estimated by the director, based upon actual sales and use tax revenues transmitted under Section 7204 for the first and second quarters of the prior fiscal year as determined by the State Board of Equalization and reported to the director on or before that August 15, to result for the first and second quarters of that fiscal year from the 0.25 percent reduction in local sales and use tax rate authority applied by Section 7203.1.

(ii) The difference between the following two amounts:

(I) The total amount that was allocated to the county and each city in the county under subdivision (c) for the prior fiscal year.

(II) The actual total amount of local sales and use tax revenue that was not transmitted the county or city and county and each city in the county for the prior fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(B) The auditor shall allocate to the county and each city in the county that portion of the countywide adjustment amount for that fiscal year that is attributable to the county and each city in the county. One-half of this amount shall be allocated on or before January 31 of that fiscal year and the other one-half of that amount shall be allocated on or before May 31 of that fiscal year.

(C) On or before June 30 of that fiscal year, the State Board of Equalization shall report to the director the actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county for that fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1. On or before June 30 of that fiscal year, the director shall do both of the following:

(i) Determine the difference between the following two amounts:

(I) The amount specified in clause (i) of subparagraph (A) that was allocated to the county and each city in the county for that fiscal year under subparagraph (B).

(II) The actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county for that fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(ii) Notify the auditor of each county of the amounts determined under clause (i) for his or her county and all of the cities in that county.

(D) (i) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is greater than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before January 31 of the following fiscal year, reallocate from the entity to the county Educational Revenue Augmentation Fund the difference between those amounts.

(ii) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is less than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before January 31 of the following fiscal year, reallocate from the county Educational Revenue Augmentation Fund to that entity the difference between those amounts.

(3) If Section 7203.1 ceases to be operative on an April 1 of a fiscal year during the fiscal adjustment period, all of the following apply:

(A) On or before May 1 of that fiscal year, the director shall determine and report to the auditor of each county that portion of the countywide adjustment amount that is attributable to the estimated sales and use tax revenue losses, resulting from the rate suspension applied by Section 7203.1, for the fourth quarter of that fiscal year for the county and each city in the county.

(B) The auditor shall reduce the total amount that is otherwise required to be allocated in May of that fiscal year from the county Sales and Use Tax Compensation Fund to the county and each city in the county by the amount reported by the director with respect to that entity under subparagraph (A). After the May allocations have been made, the auditor shall transfer any moneys remaining in the county Sales and Use Tax Compensation Fund to the county Educational Revenue Augmentation Fund.

(C) On or before January 1 of the next fiscal year, the State Board of Equalization shall report to the director the actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county for the prior fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1. On or before January 1 of that fiscal year, the director shall do both of the following:

(i) Determine the difference between the following two amounts:

(I) The total amount that was allocated to the county and each city in the county for the prior fiscal year under subdivision (c), as adjusted under subparagraph (B).

(II) The actual total amount of local sales and use tax revenue that was not transmitted to the county and each city in the county for the prior fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(ii) Notify the auditor of each county of the amounts determined under clause (i) for his or her county and all of the cities in that county.

(D) (i) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is greater than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before January 31 of that fiscal year, reallocate from the entity to the county Educational Revenue Augmentation Fund the difference between those amounts.

(ii) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (C) is less than the amount described in subclause (II) of clause (i) of subparagraph (C), the county auditor shall, on or before January 31 of the following fiscal year, reallocate from the county Educational Revenue Augmentation Fund to that entity the difference between those amounts.

(4) If Section 7203.1 ceases to be operative on a July 1, all of the following apply:

(A) On or before January 1 of that fiscal year, the State Board of Equalization shall notify the Director of Finance of the actual total amount of local sales and use tax revenue that was not transmitted to each county and city for the prior fiscal year as a result of the 0.25 percent

suspension of local sales and use tax authority applied by Section 7203.1.

(B) On or before January 31 of that fiscal year, the director shall do both of the following:

(i) Determine for each city, county, and city and county, the difference between the following two amounts:

(I) The total amount that was allocated to that entity under subdivision (c) for the prior fiscal year.

(II) The actual total amount of local sales and use tax revenue that was not transmitted to the entity for the prior fiscal year as a result of the 0.25 percent suspension of local sales and use tax authority applied by Section 7203.1.

(ii) Notify the auditor of each county of the amounts determined under clause (i) for his or her county and all of the cities in that county.

(C) (i) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (B) is greater than the amount described in subclause (II) of clause (i) of subparagraph (B), the county auditor shall, on or before January 31 of that fiscal year, reallocate from the entity to the county Educational Revenue Augmentation Fund the difference between those amounts.

(ii) If, for any county or city, the amount described in subclause (I) of clause (i) of subparagraph (B) is less than the amount described in subclause (II) of clause (i) of subparagraph (B), the county auditor shall, on or before January 31 of the following fiscal year, reallocate from the county Educational Revenue Augmentation Fund to that entity the difference between those amounts.

(e) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, may not reflect any portion of any property tax revenue allocation required by this section for a preceding fiscal year.

(f) This section may not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to cities, counties, cities and counties, or special districts pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2, clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3, or Article 4 (commencing with Section 98), had this section not been enacted. The allocation made pursuant to subdivisions (a) and (c) shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is determined or allocated in a county.

(g) Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduced sales and use tax revenues, resulting from the temporary reduction in the local sales and use tax rate, with those reduced revenues to be replaced in kind by property tax revenue from a Sales and Use Tax Compensation Fund or an Educational Revenue Augmentation Fund, on a temporary basis, as provided by this section.

SEC. 21. Section 97.70 is added to the Revenue and Taxation Code, to read:

97.70. Notwithstanding any other provision of law, for the 2004–05 fiscal year and for each fiscal year thereafter, all of the following apply:

(a) (1) (A) The auditor shall reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to a county's Educational Revenue Augmentation Fund by the countywide vehicle license fee adjustment amount.

(B) If, for the fiscal year, after complying with Section 97.68 there is not enough ad valorem property tax revenue that is otherwise required to be allocated to a county Educational Revenue Augmentation Fund for the auditor to complete the allocation reduction required by subparagraph (A), the auditor shall additionally reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in the county for that fiscal year by an amount equal to the difference between the countywide vehicle license fee adjustment amount and the amount of ad valorem property tax revenue that is otherwise required to be allocated to the county Educational Revenue Augmentation Fund for that fiscal year. This reduction for each school district and community college district in the county shall be the percentage share of the total reduction that is equal to the proportion that the total amount of ad valorem property tax revenue that is otherwise required to be allocated to the school district or community college district bears to the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in a county. For purposes of this subparagraph, ''school districts'' and ''community college districts'' do not include any districts that are excess tax school entities, as defined in Section 95.

(2) The countywide vehicle license fee adjustment amount shall be allocated to the Vehicle License Fee Property Tax Compensation Fund that shall be established in the treasury of each county.

(b) (1) The auditor shall allocate moneys in the Vehicle License Fee Property Tax Compensation Fund according to the following:

(A) Each city in the county shall receive its vehicle license fee adjustment amount.

(B) Each county and city and county shall receive its vehicle license fee adjustment amount.

(2) The auditor shall allocate one-half of the amount specified in paragraph (1) on or before January 31 of each fiscal year, and the other one-half on or before May 31 of each fiscal year.

(c) For purposes of this section, all of the following apply:

(1) ''Vehicle license fee adjustment amount'' for a particular city, county, or a city and county means, subject to an adjustment under paragraph (2) and Section 97.71, all of the following:

(A) For the 2004–05 fiscal year, an amount equal to the difference between the following two amounts:

(i) The estimated total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law in effect on January 1, 2004, to the county, city and county, or city for the 2004–05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Pt. 5 (commencing with Section 10701) of Div. 2) was 2 percent of the market value of a vehicle, as specified in Section 10752 and 10752.1 as those Sections read on January 1, 2004.

(ii) The estimated total amount of revenue that is required to be distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004–05 fiscal year under Section 11005, as that section read on the operative date of this section.

(B) (i) Subject to an adjustment under clause (ii), for the 2005–06 fiscal year, the sum of the following two amounts:

(I) The difference between the following two amounts:

(Ia) The actual total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law in effect on January 1, 2004, to the county, city and county, or city for the 2004–05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(Ib) The actual total amount of revenue that was distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004–05 fiscal year under Section 11005, as that section read on the operative date of this section.

(II) The product of the following two amounts:

(IIa) The amount described in clause (i).

(IIb) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(II) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is less than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be decreased by an amount equal to this difference.

(C) For the 2006–07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year, if Section 97.71 and clause (ii) of subparagraph (B) did not apply for that fiscal year, for that city, county, and city and county.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional

boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(2) The amount determined under paragraph (1) for the County of Orange for a particular fiscal year shall be reduced by the amount that was allocated, if any, to that county under Sections 11001.5 and 11005 for the service of indebtedness for that fiscal year.

(3) ''Countywide vehicle license fee adjustment amount'' means, for any fiscal year, the total sum of the amounts described in paragraph (1) for a county or city and county, and each city in the county.

(4) On or before June 30 of each fiscal year, the auditor shall report to the Controller the vehicle license fee adjustment amount for the county and each city in the county for that fiscal year.

(d) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

(e) For purposes of Section 15 of Article XI of the California Constitution, the allocations from a Vehicle License Fee Property Tax Compensation Fund constitute successor taxes that are otherwise required to be allocated to counties and cities, and as successor taxes, the obligation to make those transfers as required by this section shall not be extinguished nor disregarded in any manner that adversely affects the security of, or the ability of, a county or city to pay the principal and interest on any debts or obligations that were funded or secured by that city's or county's allocated share of motor vehicle license fee revenues.

(f) This section shall not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to county superintendents of schools, cities, counties, and cities and counties pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Sections 97.2 and 97.3 or Article 4 (commencing with Section 98) had this section not been enacted. The allocations required by this section shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation or increased tax increment allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is otherwise determined or allocated in a county.

(4) Reduce ad valorem property tax revenue allocations required under Article 4 (commencing with Section 98).

(g) Tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies are deemed to be modified to account for the reduced vehicle license fee revenues resulting from the act that added this section. These agreements are modified in that these reduced revenues are, in kind and in lieu thereof, replaced with ad valorem property tax revenue from a Vehicle License Fee Property Tax Compensation Fund or an Educational Revenue Augmentation Fund.

SEC. 22. Section 97.71 is added to the Revenue and Taxation Code, to read:

97.71. Notwithstanding any other provision of law, for each of the 2004–05 and 2005–06 fiscal years, all of the following apply:

(2) The total amount of reductions for all counties and cities and counties determined pursuant to this subdivision is three hundred fifty million dollars ($350,000,000) for the 2004–05 fiscal year and that same amount for the 2005–06 fiscal year.

(b) (1) (A) The total amount of revenue required to be allocated to each city and each city and county under Section 97.70 shall be reduced by the sum of the following three amounts:

(i) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of money allocated to the city or city and county from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year, as reported in the 2002-03 edition of the State Controller's Cities Annual Report.

(Ib) The denominator is the total amount of money allocated among all cities and cities and counties from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year, as reported in the 2002–03 edition of the State Controller's Cities Annual Report.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) Three hundred fifty million dollars ($350,000,000).

(ii) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of money transmitted to the city or city and county under Section 7204 for the 2002–03 fiscal year, as reported in the 2002–03 edition of the State Controller's Cities Annual Report.

(Ib) The denominator is the total amount of money transmitted to all cities and cities and counties under Section 7204 for the 2002–03 fiscal year, as reported in the 2002–03 edition of the State Controller's Cities Annual Report.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) Three hundred fifty million dollars ($350,000,000).

(iii) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of ad valorem property tax revenue allocated to the city or city and county for the 2001–02 fiscal year, as reported in the 2002–03 edition of the State Controller's Cities Annual Report.

(Ib) The denominator is the total amount of ad valorem property tax revenue allocated among all cities and cities and counties for the 2002–03 fiscal year, as reported in the 2002–03 edition of the State Controller's Cities Annual Report.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) Three hundred fifty million dollars ($350,000,000).

(B) Notwithstanding subparagraph (A), the reduction required by this paragraph for any city or city and county shall not be less than 2 percent, nor more than 4 percent, of the general revenues of the city or city and county, as reported in the 2001–02 edition of the State Controller's Cities Annual Report. If the amount determined for a city or city and county under subparagraph (A) exceeds 4 percent of the general revenues of the city or city and county, as reported in the 2001–02 edition of the State Controller's Cities Annual Report, the amount of that excess shall be allocated among the reductions required for all other cities and cities and counties in percentage shares corresponding to those reduction amounts.

(C) On or before September 15, 2004, the Controller shall notify the auditor of each county and city and county of the reductions required by this subdivision.

(2) The total amount of reductions for all cities and cities and counties determined pursuant to this subdivision shall be three hundred fifty million dollars ($350,000,000) for the 2004–05 fiscal year and that same amount for the 2005–06 fiscal year.

(3) (A) In lieu of a reduction under paragraph (1), a city may transmit to the county auditor for deposit in the county Educational Revenue Augmentation Fund an amount equal to that reduction. For the 2004–05 fiscal year, if the county auditor does not receive a payment under this paragraph from a city on or before October 1, 2004, the auditor shall make the reduction required by paragraph (1). For the 2005–06 fiscal year, if the county auditor does not receive a payment under this paragraph from a city on or before October 1, 2005, the auditor shall make the reduction required by paragraph (1).

(B) Notwithstanding any other provision of law, to make the transmittals authorized by this paragraph, a city may use any funds or revenues, the use of which is not restricted by federal law or the California Constitution.

(4) (A) Notwithstanding any other provision of law, a city that has established a reserve for subsidence contingencies may, for the 2004–05 and 2005–06 fiscal years only, retain interest earned on that reserve for the previous calendar year in an amount not to exceed the amount of the reduction for that city required by this subdivision.

(B) The Legislature finds and declares that the amounts retained by a city pursuant to subparagraph (A) are in excess of trust needs and are free from the public trust for navigation, commerce, fisheries, and any other trust uses and restrictions.

(C) A city that has retained an amount under subparagraph (A) shall, beginning with the 2006–07 fiscal year, repay to the reserve for subsidence contingencies that amount so retained. The repayment shall be made in annual increments, which increments shall not be less than five hundred thousand dollars ($500,000), until the amount retained by

the city has been repaid. Those amounts repaid to the reserve for subsidence contingencies are subject to the public trust and shall be used only for the purposes prescribed by law for the reserve.

(c) That amount of revenue that is not allocated to a county, city and county, or a city as a result of subdivisions (a) and (b), and that amount that is received by the county auditor under paragraph (3) of subdivision (b), shall be deposited in the county Educational Revenue Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(d) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

SEC. 23. Section 97.72 is added to the Revenue and Taxation Code, to read:

97.72. Notwithstanding any other provision of law, for each of the 2004–05 and 2005–06 fiscal years, all of the following apply:

(a) (1) (A) (i) Except as otherwise provided in clauses (ii) and (iii), the total amount of ad valorem property tax revenue, other than these revenues that are pledged to debt service, deemed allocated for the prior fiscal year to each enterprise special district shall be reduced by the lesser of the following:

(I) Forty percent.

(II) An amount equal to 10 percent of that district's total revenues, from whatever source.

(ii) The total amount of ad valorem property tax revenue deemed allocated for the prior fiscal year to each enterprise special district that is a transit district shall be reduced by 3 percent.

(iii) The total amount of ad valorem property tax revenue deemed allocated for the prior fiscal year to an enterprise special district that also performs, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, nonenterprise functions other than fire protection or police protection shall be reduced as follows:

(I) That amount allocated to the district's enterprise functions, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, shall be reduced by 40 percent.

(II) That amount allocated to the district's nonenterprise functions, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, shall be reduced by 10 percent.

(B) If an enterprise special district is located in more than one county, the auditor of each county in which that enterprise special district is located shall implement that portion of the total reduction, required by subparagraph (A) with respect to that district, determined by the ratio of the amount of ad valorem property tax revenue allocated to that district

from the county to the total amount of ad valorem property tax revenue allocated to that district from all counties.

(2) (A) The Controller shall, on or before November 12, 2004, and on or before November 12, 2005, notify the auditor of each county and city and county of the amount of the ad valorem property tax revenue reduction required by paragraph (1) for each enterprise special district in the county. The Controller shall certify that the calculation of the ad valorem property tax revenue reduction for each enterprise special district within each county is accurate and correct, and submit this information to the Director of Finance.

(B) The Director of Finance shall determine whether the amount of ad valorem property tax revenue reductions under this section and Section 97.73, as certified by the Controller, is equal to the amount that would be required to be allocated to the Educational Revenue Augmentation Fund as a result of a three hundred fifty million dollar ($350,000,000) shift of ad valorem property tax revenues under those sections for each of the 2004–05 and 2005–06 fiscal years. If, for either fiscal year, the total of the amount of these reductions is less than the amount described in the preceding sentence, the total amount of ad valorem property tax revenue allocated to each enterprise special district, other than an enterprise special district that is a transit district, shall be reduced by that district's proportionate share of the difference, but not to exceed an amount equal to 10 percent of that district's revenue from whatever source. The Director of Finance shall notify each county auditor of any allocation reduction required by this subparagraph.

(b) That amount of ad valorem property tax revenue that is not allocated to an enterprise special district as a result of subdivision (a) shall instead be deposited in the county Educational Revenue Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(c) For purposes of this section, all of the following apply:

(1) ''Enterprise special district'' means a special district that performs, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, an enterprise function. ''Enterprise special district'' does not include a fire protection district that was formed under the Shade Tree Law of 1909 set forth in Article 2 (commencing with Section 25620) of Chapter 7 of Division 2 of Title 3 of the Government Code, a local health care district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code, or a qualified special district as defined in Section 97.34.

(2) With respect to an enterprise special district that also performs, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, a police protection nonenterprise function with certified peace officers, as described in Chapter 4.5 (commencing with

Section 830) of Title 3 of Part 2 of the Penal Code, or a fire protection nonenterprise function, ''the total amount of ad valorem property tax revenue allocated in the prior fiscal year'' does not include any ad valorem property tax revenue that was allocated to that district for fire protection or police protection nonenterprise functions, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report.

(3) For purposes of this section, ''revenues that are pledged to debt service'' includes only those amounts required as the sole source of repayment to pay debt service costs in the 2002–03 fiscal year on debt instruments issued by an enterprise special district for the acquisition of fixed assets. For purposes of this paragraph, ''fixed assets'' means land, buildings, equipment, and improvements, including improvements to buildings.

SEC. 24. Section 97.73 is added to the Revenue and Taxation Code, to read:

97.73. Notwithstanding any other provision of law, for each of the 2004–05 and 2005–06 fiscal years, all of the following apply:

(a) (1) (A) The total amount of ad valorem property tax revenue, other than those revenues that are pledged to debt service, deemed allocated for the prior fiscal year to each nonenterprise special district shall be reduced by 10 percent.

(B) If a nonenterprise special district is located in more than one county, the auditor of each county in which that nonenterprise special district is located shall implement that portion of the total reduction, required by subparagraph (A) with respect to that district, determined by the ratio of the amount of ad valorem property tax revenue allocated to that district from the county to the total amount of ad valorem property tax revenue allocated to that district from all counties.

(2) The Controller shall, on or before November 12, 2004, and on or before November 12, 2005, notify the auditor of each county and city and county of the amount of the ad valorem property tax revenue reduction required by paragraph (1) for each nonenterprise special district in the county. The Controller shall certify that the calculation of the ad valorem property tax revenue reduction for each nonenterprise special district within each county is accurate and correct, and submit this information to the Director of Finance.

(b) That amount of ad valorem property tax revenue that is not allocated to a nonenterprise special district as a result of subdivision (a) shall instead be deposited in the county Educational Revenue Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(c) For purposes of this section, all of the following apply:

(1) (A) ''Nonenterprise special district'' means a special district that engages solely, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, in nonenterprise functions, and a qualified special district as defined in Section 97.34.

(B) Notwithstanding any other provision of law, ''nonenterprise special district'' does not include any of the following:

(iv) Any library special district, including, but not limited to, the following:

(II) A unified school district and union school district public library district established pursuant to Chapter 3 (commencing with Section 18300) of Part 11 of Division 1 of Title 1 of the Education Code.

(III) A library district established pursuant to Chapter 8 (commencing with Section 19400) of Part 11 of Division 1 of Title 1 of the Education Code.

(IV) A library district in unincorporated towns and villages established pursuant to Chapter 9 (commencing with Section 19600) of Part 11 of Division 1 of Title 1 of the Education Code.

(v) A memorial district formed pursuant to Article 1 (commencing with Section 1170) of Chapter 1 of Part 2 of Division 6 of the Military and Veterans Code.

(vi) A mosquito abatement district or a vector control district formed pursuant to Chapter 1 (commencing with Section 2000) of Division 3 of the Health and Safety Code, or any predecessor to that law.

(2) With respect to a nonenterprise special district that performs, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, nonenterprise functions and police protection services with certified peace officers, as described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or nonenterprise functions and fire protection services, ''the total amount of ad valorem property tax revenue allocated in the prior fiscal

year'' does not include any ad valorem property tax revenue that was allocated by that district for fire protection or police protection nonenterprise functions, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report.

(3) With respect to a nonenterprise special district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3 of Division 5 of the Public Resources Code that performs, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report, nonenterprise functions and police protection services with certified peace officers, as described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or nonenterprise functions and fire protection services, ''the total amount of ad valorem property tax allocated in the prior fiscal year'' does not include net expenditures by that district for fire protection or police protection nonenterprise functions, as reported in the 2000–01 edition of the State Controller's Special Districts Annual Report.

(4) For purposes of this section, ''revenues that are pledged to debt service'' includes only those amounts required as the sole source of repayment to pay debt service costs in the 2002–03 fiscal year on debt instruments issued by a nonenterprise special district for the acquisition of fixed assets. For purposes of this paragraph, ''fixed assets'' means land, buildings, equipment, and improvements, including improvements to buildings.

SEC. 25. Section 97.74 is added to the Revenue and Taxation Code, to read:

97.74. Notwithstanding any other provision of law, for purposes of ad valorem property tax revenue allocations for the 2006–07 fiscal year, the total amount of ad valorem property tax revenue deemed allocated to each enterprise special district and each nonenterprise special district for the 2005–06 fiscal year shall be increased by an amount equal to the total amount of the reductions in the amount of ad valorem property tax revenue allocated to the entity as a result of Sections 97.72 and 97.73, including any portion of the annual tax increment that was not allocated to that entity for the 2004–05 and 2005–06 fiscal years as a result of the reductions required by those sections.

SEC. 26. Section 97.75 is added to the Revenue and Taxation Code, to read:

97.75. Notwithstanding any other provision of law, for the 2004–05 and 2005–06 fiscal years, a county shall not impose a fee, charge, or other levy on a city, nor reduce a city's allocation of ad valorem property tax revenue, in reimbursement for the services performed by the county under Sections 97.68 and 97.70. For the 2006–07 fiscal year and each fiscal year thereafter, a county may impose a fee, charge, or other levy

on a city for these services, but the fee, charge, or other levy shall not exceed the actual cost of providing these services.

SEC. 27. Section 97.76 is added to the Revenue and Taxation Code, to read:

97.76. (a) On or before September 1, 2004, the Controller shall determine the countywide vehicle license fee adjustment amount, as defined in Section 97.70, for the 2004–05 fiscal year and the vehicle license fee adjustment amount, as defined in Section 97.70, for each city, county, and city and county for the 2004–05 fiscal year, and notify the county auditor of these amounts.

(b) On or before September 1, 2005, the Controller shall determine the amount specified in clause (i) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 97.70 for each city, county, and city and county and notify the county auditor of these amounts.

SEC. 28. Section 97.77 is added to the Revenue and Taxation Code, to read:

97.77. An enterprise special district and a nonenterprise special district shall not pledge, on or after July 1, 2004, and before June 30, 2006, through a bond covenant to pay debt service costs on debt instruments issued by the district, any ad valorem property tax revenue that would otherwise be dedicated to the reduction required by Sections 97.72 and 97.73.

SEC. 29. Section 98.02 of the Revenue and Taxation Code is amended to read:

98.02. (a) In the County of Ventura, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas, except excluded tax rate areas, within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of ''property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year,'' an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, distribute the amount determined pursuant to the TEA formula to all tax rate areas, except excluded tax rate areas, within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of the property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas, except excluded tax rate areas, in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area, except an excluded tax rate area, using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to all tax rate areas, except excluded tax rate areas, of qualifying cities pursuant to this subdivision shall be deemed to be the ''amount of property tax revenue allocated to those tax rate areas in the prior fiscal year.''

(c) ''TEA formula'' means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas, except excluded tax rate areas, within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the amount of funds allocated in each fiscal year to those tax rate areas, except excluded tax rate areas, within a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) (A) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(B) Of the total amount determined in subparagraph (A), the auditor shall compute a proportionate amount to be attributed to all tax rate

areas, except excluded tax rate areas, within the community redevelopment agency. That proportionate amount shall be equal to that proportion which the amount determined in paragraph (2) in each fiscal year bears to the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in subparagraph (B) of paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year and each fiscal year thereafter in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(d) For purposes of this section, ''excluded tax rate area'' means either of the following:

(1) Any tax rate area included in territory annexed by the qualifying city and allocated a prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(2) Any tax rate area described in paragraph (1) that was detached from the county library district and that is also allocated an additional prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(e) (1) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas described in subdivision (d) shall remain in force.

(2) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas that were detached from the county library district but are not included in territory that was annexed by the qualifying city shall remain in force.

(3) All allocations to those tax rate areas described in subdivision (d), including allocations of annual tax increments, made pursuant to the

existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5.

(4) All allocations to those tax rate areas described in paragraph (2), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5. However, the tax rate areas referred to in this paragraph shall also be distributed an amount of property tax revenue determined pursuant to the TEA formula that is over and above the amount allocated as provided in the preceding sentence.

(f) ''Qualifying city'' means any city that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 4 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to all tax rate areas, except excluded tax rate areas, in the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.04, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.04, the city is not a qualifying city.

(g) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(h) (1) Notwithstanding subdivision (b), except as otherwise provided in paragraph (2), in any fiscal year in which a qualifying city receives a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax

base of any locally imposed general or special tax. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(2) No reduction shall be made pursuant to paragraph (1) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (g) and (h), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(k) (1) Notwithstanding any other provision of this section, commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(2) Notwithstanding any other provision of this section, in no event may the auditor reduce the amount of ad valorem property tax revenue otherwise allocated to a qualifying city pursuant to this section on the basis of any additional ad valorem property tax revenues received by that city pursuant to a services for revenue agreement. For purposes of this subdivision, a ''services for revenue agreement'' means any agreement between a qualifying city and the county in which it is located, entered into by joint resolution of that city and that county, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

(*l*) The amount not distributed as a result of this section to the tax rate areas, except excluded tax rate areas, in each qualifying city shall be allocated by the auditor to the county.

SEC. 29.5. Section 7203.1 of the Revenue and Taxation Code is amended to read:

7203.1. (a) Notwithstanding any other provision of law, during the revenue exchange period only, the authority of a county or a city under this part to impose a tax rate as specified in an ordinance adopted

pursuant to Sections 7202 and 7203 is suspended, and the tax rate to be applied instead during that period under any ordinance as so adopted is the rate specified in that ordinance on January 1, 2004, reduced by one-quarter of 1 percent.

(b) For purposes of this section, ''revenue exchange period'' means the period on and after July 1, 2004, and before the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

(c) Subdivision (a) is a self-executing provision that operates without regard to any decision or act on the part of any local government. A change in a local general tax rate resulting from either the rate limitations applied by subdivision (a) or the end of the revenue exchange period is not subject to voter approval under either statute or Article XIII C of the California Constitution.

(d) Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduction in sales and use tax revenues resulting from this section, with those reduced revenues to be replaced as may otherwise be provided by law.

(a) After determining the cost price to the purchaser, as provided in this article, the department shall classify or reclassify every vehicle, other than a trailer or semitrailer, as described in subdivision (a) of Section 5014.1 of the Vehicle Code, in its proper class according to the classification plan set forth in this section.

(b) For the purpose of this part, a classification plan is established consisting of the following classes: a class from zero dollars ($0) to and including forty-nine dollars and ninety-nine cents ($49.99); a class from fifty dollars ($50) to and including one hundred ninety-nine dollars and ninety-nine cents ($199.99); and thereafter a series of classes successively set up in brackets having a spread of two hundred dollars ($200), consisting of a number of classes that will permit classification of all vehicles.

Notwithstanding this subdivision, the market value of a trailer coach first sold on and after January 1, 1966, that is required to be moved under permit as authorized in Section 35790 of the Vehicle Code, shall be determined by the schedule in Section 10753.3.

(C) During any period in which insufficient moneys are available to be transferred from the General Fund to fully fund the offsets required by subparagraph (A), within 90 days of a reduction of funding, the department shall reduce the amount of each offset computed pursuant to that subparagraph by multiplying that amount by the ratio of the amount of moneys actually available to be transferred from the General Fund to pay for those offsets to the amount of moneys that is necessary to fully fund those offsets.

(2) (A) For any initial or original registration of any vehicle, never before registered in this state, for which the final due date for the license fee is on or after January 1 of any calendar year for which this paragraph is operative, and for any renewal of registration with an expiration date on or after January 1 of any calendar year for which this paragraph is operative, the department shall offset the total amount of fees otherwise due at the time of registration of that vehicle by an amount equal to 35 percent of the amount computed pursuant to Section 10752 or 10752.1, or Section 18115 of the Health and Safety Code.

(3) For any initial or original registration of any vehicle, never before registered in this state, for which the final due date for the license fee is on or after January 1 of any calendar year for which this paragraph is operative, and for any renewal of registration with an expiration date on or after January 1 of any calendar year for which this paragraph is

(a) (1) Notwithstanding Section 11001, and except as provided in paragraph (2) and in subdivisions (b) and (d), 24.33 percent, and on and after July 1, 2004, 74.9 percent, of the moneys collected by the department under this part shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and first allocated to the County of Orange as necessary for the service of indebtedness as pledged by Sections 25350.6 and 53585.1 of the Government Code and in accordance with written instructions provided by the Controller under Sections 25350.7, 25350.9, and 53585.1 of the Government Code, and the balance shall be allocated to each city and city and county as otherwise provided by law.

(2) For the period beginning on and after July 1, 2003, and ending on February 29, 2004, the Controller shall deposit an amount equal to 28.07 percent of the moneys collected by the department under this part in the State Treasury to the credit of the Local Revenue Fund. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(b) Notwithstanding Section 11001, net funds collected as a result of procedures developed for greater compliance with vehicle license fee laws in order to increase the amount of vehicle license fee collections shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Vehicle License Fee Collection Account of the Local Revenue Fund as established pursuant to Section 17600 of the Welfare and Institutions Code. (2) It is the intent of the Legislature that the total amount deposited by the Controller in the State Treasury to the credit of the Local Revenue Fund for the 2003–04 fiscal year be equal to the total amount that would have been deposited to the credit of the Local Revenue Fund if paragraph (1) of subdivision (a) was applied during that entire fiscal year. The department shall calculate and notify the Controller of the adjustment amounts that are required by this paragraph to be deposited in the State Treasury to the credit of the Local Revenue Fund. The amounts deposited in the State Treasury to the credit of the Local Revenue Fund pursuant to this paragraph shall be deemed to have been deposited during the 2003–04 fiscal year.

11003. The amount appropriated by the Legislature for the use of the Department of Motor Vehicles and the Franchise Tax Board for the enforcement of this part shall be transferred from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the Motor Vehicle Account in the State Transportation Fund. That amount shall be determined so that the appropriate costs for registration and motor vehicle license fee activities are apportioned between the recipients of revenues in proportion to the revenues that would have been received by those recipients if the total fee imposed under this part was 2 percent of the market value of a vehicle.

SEC. 39. Section 11005 of the Revenue and Taxation Code is repealed.

SEC. 40. Section 11005 is added to the Revenue and Taxation Code, to read:

11005. After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving the amount determined necessary by the Pooled Money Investment Board to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, commencing with the 2004–05 fiscal year, the balance of all motor vehicle license fees, net of those amounts required to be allocated to the County of Orange for service of indebtedness, and any other money appropriated by law for expenditure pursuant to this section and deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and remaining unexpended therein at the close of business on the last day of the calendar month, shall be allocated by the Controller by the 10th day of the following month in accordance with the following:

(a) First, to each city, the population of which is determined under Section 11005.3 on the operative date of this section, in an amount equal to the additional amount of vehicle license fee revenue that would be allocated to that city under Section 11005, as it read on January 1, 2004, as a result of that city's population being determined under Section 11005.3.

(b) Second, to the cities and cities and counties of this state in the proportion that the population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For the purpose of this subdivision, the population of each city or city and county is that determined by the last federal decennial or special census, or a subsequent census validated by the demographic research unit or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code.

SEC. 41. Section 11005.7 of the Revenue and Taxation Code is repealed.

SEC. 42. Section 42205 of the Vehicle Code is amended to read:

42205. (a) Notwithstanding Chapter 3 (commencing with Section 42270), the department shall file, at least monthly with the Controller, a report of money received by the department pursuant to Section 9400 for the previous month and shall, at the same time, remit all money so reported to the Treasurer. On order of the Controller, the Treasurer shall deposit all money so remitted into the State Highway Account in the State Transportation Fund.

(b) The Legislature shall appropriate from the State Highway Account in the State Transportation Fund to the department and the

Franchise Tax Board amounts equal to the costs incurred by each in performing their duties pursuant to Article 3 (commencing with Section 9400) of Chapter 6 of Division 3. The applicable amounts shall be determined so that the appropriate costs for registration and weight fee collection activities are appropriated between the recipients of revenues in proportion to the revenues that would have been received individually by those recipients if the total fee imposed under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code) was 2 percent of the market value of a vehicle. The remainder of the funds collected under Section 9400 and deposited in the account may be appropriated to the Department of Transportation, the Department of the California Highway Patrol, and the Department of Motor Vehicles for the purposes authorized under Section 2 of Article XIX of the California Constitution.

SEC. 43. Section 210 of Chapter 89 of the Statutes of 1991 is repealed.

SEC. 44. Section 40 of Chapter 91 of the Statutes of 1991 is amended to read:

Sec. 40. In the event of a final judicial determination by a California court of appellate jurisdiction that the revenues collected pursuant to Sections 6051.2 and 6201.2 of the Revenue and Taxation Code are General Fund proceeds of taxes that may be appropriated pursuant to Article XIII B of the California Constitution or allocated local proceeds of taxes as used in paragraph (2) of subdivision (b) of Article XVI of the California Constitution, then Sections 6051.2 and 6201.2 of the Revenue and Taxation Code shall cease to be operative on the first day of the first month of the calendar quarter following notification to the State Board of Equalization by the Department of Finance of the determination.

SEC. 45. Section 29 of Chapter 100 of the Statutes of 1993 is repealed.

SEC. 46. This measure provides ad valorem property tax revenues in lieu of moneys that were required to be allocated to cities, counties, and cities and counties for the 2004–05 fiscal year and each fiscal year thereafter under the Vehicle License Fee Law, as that law read before the effective date of this act. Because this act will take effect after the beginning of the 2004–05 fiscal year, these entities will continue to receive certain moneys under the Vehicle License Fee Law for a portion of the 2004–05 fiscal year.

Therefore, it is the intent of the Legislature to enact legislation to ensure that cities, counties, and cities and counties receive an amount of money equal to the moneys that these entities would have received under the Vehicle License Fee Law for the 2004–05 fiscal year, as that law read before the effective date of this act.

SEC. 47. The Legislature finds and declares all of the following:

(a) This act would, by means of provisions relating to the allocation of property tax and vehicle license fee revenues, and the rate of the vehicle license fee, comprehensively revise and reform local government finance.

(b) The Local Taxpayers and Public Safety Protection Act, which appears as Proposition 65 on the November 2, 2004, general election ballot (hereafter Proposition 65), would suspend the effect and operation of any interim statute, as defined in Proposition 65, pending the approval of that interim statute in a specified manner by the statewide electorate at the first statewide election occurring after that statute takes effect.

(c) This act comprehensively revises and reforms local government finance by means of various provisions that take effect between November 1, 2003, and November 3, 2004, and that, if proposed on or after November 3, 2004, would be subject to voter approval under Section 1 of Article XIII E of the California Constitution, as added by Proposition 65, should that measure be approved by the voters and take effect.

(d) Therefore, this act is in its entirety an interim statute within the meaning of Proposition 65, the effect and operation of which is suspended pending voter approval as required by that measure, should that measure be approved by the voters and take effect.

SEC. 48. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 49. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact the statutory changes needed to implement the Budget Act of 2004 to allow the state and local governments to preserve the public peace, health, and safety, it is necessary that this act take effect immediately.

CHAPTER 212

An act to add Section 14553.10 to the Government Code, to amend Sections 7102 and 7105 of, and to add Section 7106 to, the Revenue and Taxation Code, to amend Sections 163 and 164.6 of the Streets and Highways Code, and to amend Section 14902 of the Vehicle Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 2004. Filed with Secretary of State August 11, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 14553.10 is added to the Government Code, to read:

14553.10. On or before October 1 of each year, the commission shall report to the Governor, the Department of Finance, the Legislative Analyst, and the Chairs of the transportation committees in the Assembly and Senate on the amount of notes that the commission intends to issue for the subsequent fiscal year.

SEC. 2. Section 7102 of the Revenue and Taxation Code is amended to read:

7102. The money in the fund shall, upon order of the Controller, be drawn therefrom for refunds under this part, credits or refunds pursuant to Section 60202, and refunds pursuant to Section 1793.25 of the Civil Code, or be transferred in the following manner:

(a) (1) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel which would not have been received if the sales and use tax rate had been 5 percent and if motor vehicle fuel, as defined for purposes of the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301)), had been exempt from sales and use taxes, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(A) For the 2001–02 fiscal year, those transfers may not be more than eighty-one million dollars ($81,000,000) plus one-half of the amount computed pursuant to this paragraph that exceeds eighty-one million dollars ($81,000,000).

(B) For the 2002–03 fiscal year, those transfers may not be more than thirty-seven million dollars ($37,000,000) plus one-half of the amount computed pursuant to this paragraph that exceeds thirty-seven million dollars ($37,000,000).

(C) For the 2003–04 fiscal year, no transfers shall be made pursuant to this paragraph, except that if the amount to be otherwise transferred pursuant to this paragraph is in excess of eighty-seven million four hundred fifty thousand dollars ($87,450,000), then the amount of that excess shall be transferred.

(D) For the 2004–05 fiscal year, no transfers shall be made pursuant to this paragraph, and of the amount that would otherwise have been transferred, one hundred forty million dollars ($140,000,000) shall instead be transferred to the Traffic Congestion Relief Fund as partial repayment of amounts owed by the General Fund pursuant to Item 2600-011-3007 of the Budget Act of 2002 (Chapter 379 of the Statutes of 2002).

(2) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate, resulting from increasing, after December 31, 1989, the rate of tax imposed pursuant to the Motor Vehicle Fuel License Tax Law on motor vehicle fuel, as defined for purposes of that law, shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(3) All revenues, less refunds, derived under this part at the $4^3/_4$-percent rate from the imposition of sales and use taxes on fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)) and the Diesel Fuel Tax Law (Part 31 (commencing with Section 60001)), shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Public Transportation Account, a trust fund in the State Transportation Fund.

(4) All revenues, less refunds, derived under this part from the taxes imposed pursuant to Sections 6051.2 and 6201.2 shall be transferred to the Sales Tax Account of the Local Revenue Fund for allocation to cities and counties as prescribed by statute.

(5) All revenues, less refunds, derived from the taxes imposed pursuant to Section 35 of Article XIII of the California Constitution shall be transferred to the Public Safety Account in the Local Public Safety Fund created in Section 30051 of the Government Code for allocation to counties as prescribed by statute.

(b) The balance shall be transferred to the General Fund.

(c) The estimates required by subdivision (a) shall be based on taxable transactions occurring during a calendar year, and the transfers required by subdivision (a) shall be made during the fiscal year that commences during that same calendar year. Transfers required by paragraphs (1), (2), and (3) of subdivision (a) shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be made quarterly.

(d) Notwithstanding the designation of the Public Transportation Account as a trust fund pursuant to subdivision (a), the Controller may use the Public Transportation Account for loans to the General Fund as provided in Sections 16310 and 16381 of the Government Code. The loans shall be repaid with interest from the General Fund at the Pooled Money Investment Account rate.

(e) The Legislature may amend this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is consistent with, and furthers the purposes of this section.

SEC. 3. Section 7105 of the Revenue and Taxation Code is amended to read:

7105. (a) The Transportation Deferred Investment Fund is hereby created in the State Treasury.

(b) On or before June 30, 2009, the Controller shall transfer an amount from the General Fund to the Transportation Deferred Investment Fund that is equal to the amount that was not transferred from the General Fund to the Transportation Investment Fund for the 2003–04 fiscal year because of the partial suspension of the transfer pursuant to Section 14557 of the Government Code, plus interest calculated at the Pooled Money Investment Account rate relative to the amounts that would otherwise have been available for the transportation programs described in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104. The amount to be transferred from the General Fund to the Transportation Deferred Investment Fund shall be reduced by the amount of any payment made to the Transportation Deferred Investment Fund from any funding source, excluding subdivision (d). The money deposited in the Transportation Deferred Investment Fund pursuant to this subdivision is continuously appropriated without regard to fiscal years for disbursement in the manner and for the purposes set forth in this section.

(c) The Controller, from the money deposited in the Transportation Deferred Investment Fund pursuant to subdivision (b), shall make transfers and apportionments of those funds in the same manner and amounts that would have been made in the 2003–04 fiscal year from the Transportation Investment Fund pursuant to Section 7104, as that section read on January 1, 2003, if the transfer of funds from the General Fund to the Transportation Investment Fund had not been partially suspended for the 2003–04 fiscal year pursuant to Section 14557 of the Government Code. However, in making those transfers and apportionments, the Controller shall take into account and deduct therefrom any transfers and apportionments that were made from the Transportation Investment Fund in the 2003–04 fiscal year from funds made available pursuant to subdivision (b) of Section 14557 of the

Government Code. It is the intent of the Legislature that upon completion of the transfer of funds pursuant to subdivision (b) from the General Fund to the Transportation Deferred Investment Fund that each of the transportation programs that was to have been funded during the 2003–04 fiscal year from the Transportation Investment Fund pursuant to Section 7104 of the Revenue and Taxation Code shall have received the amount of funding that the program would have received in the absence of the suspension of the transfer pursuant to Section 14557 of the Government Code.

(d) To the extent that funds are provided under clauses (iii) and (v) of subparagraph (A) of subdivision (c) of Section 63048.65 of the Government Code to the Traffic Congestion Relief Fund for apportionment pursuant to subparagraphs (B) and (C) of paragraph (2) of subdivision (c) of Section 7104, paragraph (4) of subdivision (c) of Section 7104, and paragraph (5) of subdivision (c) of Section 7104, the Controller shall deduct an equal amount from any transfer of funds from the Transportation Deferred Investment Fund made for those apportionments and transfer that amount instead to the Traffic Congestion Relief Fund.

(e) The interest that is to be deposited in the Transportation Deferred Investment Fund pursuant to subdivision (b) shall be allocated proportionately to each program element in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104, based on the amount that each program did not receive in the 2003–04 fiscal year due to suspension of the transfer pursuant to Section 14557 of the Government Code.

(f) The Legislature finds and declares that continued investment in transportation is essential for the California economy. That investment reduces traffic congestion, assists in economic development, improves the condition of local streets and roads, and provides high-quality public transportation.

SEC. 4. Section 7106 is added to the Revenue and Taxation Code, to read:

7106. (a) On or before June 30, 2008, the Controller shall transfer an amount from the General Fund to the Transportation Deferred Investment Fund that is equal to the amount that was not transferred from the General Fund to the Transportation Investment Fund for the 2004–05 fiscal year because of the suspension of the transfer pursuant to Section 14558 of the Government Code, plus interest calculated at the Pooled Money Investment Account rate relative to the amounts that would otherwise have been available for the transportation programs described in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104. The amount to be transferred from the General Fund to the Transportation Deferred Investment Fund shall be reduced by the

amount of any payment made to the Transportation Deferred Investment Fund from any funding source.

(b) The money deposited in the Transportation Deferred Investment Fund pursuant to this subdivision is continuously appropriated without regard to fiscal years for disbursement in the manner and for the purposes set forth in this section.

(c) The Controller, from the money deposited in the Transportation Deferred Investment Fund pursuant to subdivision (a), shall make transfers and apportionments of those funds in the same manner and amounts that would have been made in the 2004–05 fiscal year from the Transportation Investment Fund pursuant to Section 7104, as that section read on January 1, 2003, if the transfer of funds from the General Fund to the Transportation Investment Fund had not been suspended for the 2004–05 fiscal year pursuant to Section 14558 of the Government Code. It is the intent of the Legislature that upon completion of the transfer of funds pursuant to subdivision (a) from the General Fund to the Transportation Deferred Investment Fund that each of the transportation programs that was to have been funded during the 2004–05 fiscal year from the Transportation Investment Fund pursuant to Section 7104 of the Revenue and Taxation Code shall have received the amount of funding that the program would have received in the absence of the suspension of the transfer pursuant to Section 14558 of the Government Code.

(d) The interest that is to be deposited in the Transportation Deferred Investment Fund pursuant to subdivision (a) shall be allocated proportionately to each program element in paragraphs (2) to (5), inclusive, of subdivision (c) of Section 7104, based on the amount that each program did not receive in the 2004–05 fiscal year due to suspension of the transfer pursuant to Section 14558 of the Government Code.

SEC. 5. Section 163 of the Streets and Highways Code is amended to read:

163. The Legislature, through the enactment of this section, intends to establish a policy for the use of all transportation funds that are available to the state, including the State Highway Account, the Public Transportation Account, and federal funds. For the purposes of this section, ''federal funds'' means any obligational authority to be provided under annual federal transportation appropriations acts. The department and the commission shall prepare fund estimates pursuant to Sections 14524 and 14525 of the Government Code based on the following:

(a) Annual expenditures for the administration of the department shall be the same as the most recent Budget Act, adjusted for inflation.

(b) Annual expenditures for the maintenance and operation of the state highway system shall be the same as the most recent Budget Act, adjusted for inflation and inventory, or, when a maintenance plan has been enacted pursuant to Section 164.6, maintenance expenditures shall be based on planned expenditures in that plan.

(c) Annual expenditure for the rehabilitation of the state highway system shall be the same as the most recent Budget Act, or, when a long-range rehabilitation plan has been enacted pursuant to Section 164.6, shall be based on planned expenditures in that long-range plan.

(d) Annual expenditures for local assistance shall be the amount required to fund local assistance programs required by state or federal law or regulations, including, but not limited to, railroad grade crossing maintenance, bicycle transportation account, congestion mitigation and air quality, regional surface transportation programs, local highway bridge replacement and rehabilitation, local seismic retrofit, local hazard elimination and safety, and local emergency relief.

(e) After deducting expenditures for administration, operation, maintenance, local assistance, safety, and rehabilitation pursuant to subdivisions (a), (b), (c), and (d), and for expenditures pursuant to Section 164.56, the remaining funds shall be available for capital improvement projects to be programmed in the state transportation improvement program.

SEC. 6. Section 164.6 of the Streets and Highways Code is amended to read:

164.6. (a) The department shall prepare a 10-year state rehabilitation plan for the rehabilitation and reconstruction, or the combination thereof, by the State Highway Operation and Protection Program, of all state highways and bridges owned by the state. The plan shall identify all rehabilitation needs for the 10-year period beginning on July 1, 1998, and ending on June 30, 2008, and shall include a schedule of improvements to complete all needed rehabilitation during the life of the plan not later than June 30, 2008. The plan shall be updated every two years beginning in 2000. The plan shall include specific milestones and quantifiable accomplishments, such as miles of highways to be repaved and number of bridges to be retrofitted. The plan shall contain strategies to control cost and improve the efficiency of the program, and include a cost estimate for at least the first five years of the program.

(b) The department shall prepare a five-year maintenance plan that addresses the maintenance needs of the state highway system. The plan shall be updated every two years, concurrent with the rehabilitation plan described in subdivision (a). The maintenance plan shall include only maintenance activities that, if the activities were not performed, could result in increased State Highway Operation and Protection Program costs in the future. These activities may include roadway, structural, and

drainage maintenance. The maintenance plan shall identify any existing backlog in these maintenance activities and shall recommend a strategy, specific activities, and an associated funding level to reduce or prevent any backlog during the plan's five-year period. The maintenance plan shall include specific goals and quantifiable accomplishments, such as lane-miles of highway to be repaved and the number of bridge decks to be sealed. The maintenance plan shall contain strategies to control cost and improve the efficiency of these maintenance activities, and include a cost estimate for the five years of the plan.

(c) The rehabilitation plan and the maintenance plan shall attempt to balance resources between State Highway Operation and Protection Program activities and maintenance activities in order to achieve identified milestones and goals at the lowest possible long-term total cost. If the maintenance plan recommends increases in maintenance spending, it shall identify projected future State Highway Operation and Protection Program costs that would be avoided by increasing maintenance spending. The department's maintenance division shall develop a budget model that allows it to achieve the requirements of this subdivision.

(d) The rehabilitation plan shall be submitted to the commission for review and comments not later than January 31 of each odd-numbered year, and shall be transmitted to the Governor and the Legislature not later than May 1 of each odd-numbered year. The maintenance plan shall be transmitted to the Governor, the Legislature, and the commission not later than January 31 of each odd-numbered year.

(e) The rehabilitation plan and the maintenance plan shall be the basis for the department's budget request and for the adoption of fund estimates pursuant to Section 163.

SEC. 7. Section 14902 of the Vehicle Code is amended to read:

14902. (a) Except as otherwise provided in subdivisions (b) and (c) of this section, subdivision (c) of Section 13002, and subdivision (c) of Section 14900, upon an application for an identification card there shall be paid to the department a fee of twenty dollars ($20).

(b) An original or replacement senior citizen identification card issued pursuant to subdivision (b) of Section 13000 shall be issued free of charge.

(c) The fee for an original or replacement identification card issued to a person who has been determined to have a current income level that meets the eligibility requirements for assistance programs under Chapter 2 (commencing with Section 11200) or Chapter 3 (commencing with Section 12000) of Part 3 of, or Part 5 (commencing with Section 17000) of, or Article 9 (commencing with Section 18900) of Chapter 10 of Part 6 of, or Chapter 10.1 (commencing with Section 18930) or Chapter 10.3 (commencing with Section 18937) of Part 6 of, Division 9 of the Welfare

and Institutions Code shall be six dollars ($6). The determination of eligibility under this subdivision shall be made by a governmental or nonprofit entity, which shall be subject to regulations adopted by the department.

(d) All fees received pursuant to this section shall be deposited in the Motor Vehicle Account.

(b) (1) For the purpose of this section only, persons who are receiving pensions, retirement allowances, or other payments, from any source whatever, on account of service rendered to an employer other than the state and while they were not in state service, are not, because of that receipt, members of any other retirement or pension system.

(2) For the purposes of this section only, persons who participate in a deferred compensation plan established pursuant to Chapter 4 (commencing with Section 19993) or Chapter 8.6 (commencing with

Section 19999.3) of Part 2.6 or pursuant to Article 1.1 (commencing with Section 53212) of Chapter 2 of Part 1 of Division 2 of Title 5, are not, because of that participation, members of any other retirement or pension system.

(3) For the purposes of this section only, persons who participate in a money purchase pension plan and trust that meets the requirements of Section 401(a) of Title 26 of the United States Code are not, because of that participation, members of any other retirement or pension system, so long as the contracting agency has received a ruling from the Internal Revenue Service stating that the money purchase pension plan and trust qualifies under Section 401(a) and furnishes proof thereof upon request by the board.

(4) For the purposes of this section only, persons who participate in a supplemental defined benefit plan maintained by their employer that meets the requirements of Section 401(a) of Title 26 of the United States Code are not, because of that participation, members of another retirement or pension system, provided that all of the following conditions exist:

(c) If the member has less than five years of service credit and no accumulated contributions in the retirement fund at the time of termination of service, unless the member establishes membership in the Judges' Retirement System, the Judges' Retirement System II, the Legislators' Retirement System, the State Teachers' Retirement System, or the University of California Retirement System, or establishes reciprocity with a reciprocal retirement system.

The board shall notify the eligible survivor, as defined in Section 21546, of this alternate death benefit. The board shall calculate the monthly allowance that shall be payable as follows:

(2) If the member made a specific beneficiary designation under Section 21490, the monthly allowance shall be based only on that portion of the amount the member would have received described in paragraph (1) that would have been derived from the nonmember spouse's community property interest in the member's contributions and service credit.

SECTION 15. Section 22877 of the Government Code, as added by Section 22 of Chapter 69 of the Statutes of 2004, is amended to read:

22877. (a) As used in this section, the following definitions shall apply:

(1) ''Coinsurance'' means the provision of a health benefit plan design that requires the health benefit plan and state employee or annuitant to share the cost of hospital or medical expenses at a specified ratio.

(2) ''Deductible'' means the annual amount of out-of-pocket medical expenses that a state employee or annuitant must pay before the health benefit plan begins paying for expenses.

(3) ''Program'' means the Rural Health Care Equity Program.

(4) ''Rural area'' means an area in which there is no board-approved health maintenance organization plan available for enrollment by state employees or annuitants residing in the area.

(b) (1) The Rural Health Care Equity Program is hereby established for the purpose of funding the subsidization and reimbursement of premium costs, deductibles, coinsurance, and other out-of-pocket health care expenses paid by employees and annuitants living in rural areas that would otherwise be covered if the state employee or annuitant was enrolled in a board-approved health maintenance organization plan. The program shall be administered by the Department of Personnel Administration or by a third-party administrator approved by the Department of Personnel Administration in a manner consistent with all applicable state and federal laws. The board shall determine the rural area for each subsequent fiscal year, at the same time that premiums for health maintenance organization plans are approved.

(2) Separate accounts shall be maintained within the program for all of the following:

(A) Employees, as defined in subdivision (c) of Section 3513.

(B) Excluded employees, as defined in subdivision (b) of Section 3527.

(C) State annuitants.

(c) Moneys in the program shall be allocated to the respective accounts as follows:

(1) The contribution provided by the state with respect to each employee, as defined in subdivision (c) of Section 3513, who lives in a rural area and is otherwise eligible, shall be an amount determined through the collective bargaining process.

(2) The contribution provided by the state with respect to each excluded employee, as defined in subdivision (b) of Section 3527, who lives in a rural area and is otherwise eligible, shall be an amount equal to, but not to exceed, the amount contributed pursuant to paragraph (1).

(3) The contribution provided by the state with respect to each state annuitant who lives in a rural area, is not a Medicare participant, resides in California, and is otherwise eligible, shall be an amount not to exceed five hundred dollars ($500) per year.

(4) The contribution provided by the state with respect to each state annuitant who lives in a rural area, resides in California, participates in a supplement Medicare health benefit plan, and is otherwise eligible, shall be an amount equal to the Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month. The program may not reimburse for penalty amounts.

(5) If an employee enters or leaves service with the state during a fiscal year, contributions for the employee shall be made on a pro rata basis. A similar computation shall be used for anyone entering or leaving the bargaining unit, including a person who enters the bargaining unit by promotion during a fiscal year.

(d) Each fund of the State Treasury, other than the General Fund, shall reimburse the General Fund for any sums allocated pursuant to subdivision (c) for employees whose compensation is paid from that fund. That reimbursement shall be accomplished using the following methodology:

(1) On or before December 1 of each year, the Department of Personnel Administration shall provide a list of active state employees who participated in the program during the previous fiscal year to each employing department.

(2) On or before January 15 of each year, each department that employed an active state employee identified by the Department of Personnel Administration as a participant in the program shall provide the Department of Personnel Administration with a list of the funds used to pay each employee's salary, along with the proportion of each employee's salary attributable to each fund.

(3) Using the information provided by the employing departments, the Department of Personnel Administration shall compile a list of program payments attributable to each fund. On or before February 15 of each year, the Department of Personnel Administration shall transmit this list to the Department of Finance.

(4) The Department of Finance shall certify to the Controller the amount to be transferred from the unencumbered balance of each fund to the General Fund.

(5) The Controller shall transfer to the General Fund from the unencumbered balance of each impacted fund the amount specified by the Department of Finance.

(6) To ensure the equitable allocation of costs, the Director of the Department of Personnel Administration or the Director of Finance may require an audit of departmental reports.

(e) For any sums allocated pursuant to subdivision (c) for annuitants, funds, other than the General Fund, shall be charged a fair share of the contribution provided by the state in accordance with the provisions of Article 2 (commencing with Section 11270) of Chapter 3 of Part 1 of Division 3. On or before July 31 of each year, the Department of Personnel Administration shall provide the Department of Finance with the total costs allocated for annuitants in the previous fiscal year. The reported costs may not include expenses that have been incurred but not claimed as of July 31.

(f) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the program shall be disbursed for the benefit of eligible employees. The disbursements shall subsidize the preferred provider plan premiums for the employee by an amount equal to the difference between the weighted average of board-approved health maintenance organization premiums and the lowest board-approved preferred provider plan premium available under this part, and reimburse the employee for a portion or all of his or her incurred deductible, coinsurance, and other out-of-pocket health-related expenses that would otherwise be covered if the employee and his or her family members were enrolled in a board-approved health maintenance organization plan. These subsidies and reimbursements shall be provided as determined by the Department of Personnel Administration, which may include, but is not limited to, a supplemental insurance plan, a medical reimbursement account, or a medical spending account plan.

(g) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the program shall be disbursed for the benefit of eligible annuitants. The disbursements shall either reimburse the annuitant, if not a Medicare participant, for some or all of the deductible incurred by the annuitant or a family member, not to exceed five hundred dollars ($500) per fiscal year, or reimburse the

annuitant, if a Medicare participant, for Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month. The program may not reimburse for penalty amounts. These reimbursements shall be provided by the Department of Personnel Administration. Notwithstanding any other provision of law, any annuitant who cannot be located within a period of three months and whose disbursement is returned to the Controller as unclaimed is ineligible to participate in the program.

(h) Moneys remaining in an account of the program at the end of any fiscal year shall remain in the account for use in subsequent fiscal years, until the account is terminated. Moneys remaining in a program account upon termination, after payment of all expenses and claims incurred prior to the date of termination, shall be deposited in the General Fund.

(i) The Legislature finds and declares that the program is established for the exclusive benefit of employees, annuitants, and family members.

(j) This section shall cease to be operative on January 1, 2008, or on an earlier date if the board makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact the statutory changes necessary to implement the Budget Act of 2004, it is necessary that this act take effect immediately.

[Approved by Governor August 11, 2004. Filed with Secretary of State August 11, 2004.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature and the Governor that a purpose of selling pension obligation bonds pursuant to this act is to avoid tax increases and further reductions in critical state programs for the 2004–05 fiscal year.

SEC. 2. Section 16920 of the Government Code is amended to read:

16920. (a) Solely for the purpose of the issuance and sale of the bonds and ancillary obligations authorized by this chapter and by Chapter 8 (commencing with Section 16940), the Pension Obligation Bond Committee is hereby created. The committee consists of the Governor or his or her designee, the Director of Finance, the Controller, the Treasurer, the Secretary of Business, Transportation and Housing, the Director of General Services, and the Director of Transportation. Notwithstanding Section 7.5 or other provisions of law, any member may designate a deputy to act as the member in his or her place and stead for all purposes, as though the member were personally present. The Legislature hereby finds and declares that each member of the committee has previously acted as a member of a similar finance committee, and has duties in relation to the payment of pension obligations relating to employees under supervision of the member.

(b) A majority of the committee shall constitute a quorum of the committee and may act for the committee. The Director of Finance shall serve as chairperson of the committee.

(c) No member, officer, or agent of the committee is subject to personal liability on any bonds or ancillary obligations or other obligations issued or entered into under this chapter or Chapter 8 (commencing with Section 16940) or for any acts or omissions of members, officers, or agents in carrying out the powers and duties conferred by this chapter or Chapter 8 (commencing with Section 16940).

Notwithstanding Section 13340, the Pension Obligation Bond Fund is hereby continuously appropriated for the purposes specified in this chapter and Chapter 8 (commencing with Section 16940).

SEC. 4. Chapter 8 (commencing with Section 16940) is added to Part 3 of Division 4 of Title 2 of the Government Code, to read:

CHAPTER 8. THE CALIFORNIA PENSION RESTRUCTURING BOND ACT OF 2004

Article 1. General Provisions

16940. This chapter shall be known and may be cited as the California Pension Restructuring Bond Act of 2004.

16941. It is the intent of the Legislature, in enacting this chapter, to provide for an efficient, equitable, and economical means of satisfying certain pension obligations of the state. Bonds shall be issued pursuant to this chapter only when the Director of Finance determines that the state's pension obligations are anticipated to be reduced as a result of changes in the Public Employees' Retirement Law that reduce contributions to the Public Employees' Retirement System, and it is in the best interest of the state to issue bonds pursuant to this chapter to accelerate a portion of the state's anticipated lower pension obligations.

16942. The Legislature hereby finds and declares that the state's obligation to pay its pension obligations to the Public Employees' Retirement System in the amounts established by the Board of Administration of the Public Employees' Retirement System, cannot be deferred by the state; that the state's pension obligations are due and payable at predetermined times; and that the Controller is required to pay those pension obligations when they are due. The Legislature further finds that the state's pension obligations cannot be included in an accumulated state budget deficit, as defined in Section 1.3 of Article XVI of the California Constitution. Further, the Legislature finds that its pension obligations are imposed by law, and not subject to Section 1 of Article XVI of the California Constitution and that the bonds authorized to be issued under this chapter have the same character under the Constitution as the pension obligations funded or refunded.

16943. Unless the context otherwise requires, the following definitions shall govern the construction of this chapter:

(a) ''Ancillary obligation'' means the obligation of the state under any credit enhancement or liquidity agreement, including any of the following:

(1) An obligation in the form of bond insurance, a letter of credit, standby bond purchase agreement, reimbursement agreement, liquidity facility, or other similar arrangement.

(2) An obligation under any remarketing agreement, auction agent agreement, broker-dealer agreement, or other agreement relating to the marketing of the bonds, interest rate or other type of swap or hedging contract.

(3) An obligation under any investment agreement, forward purchase agreement, or similar structured investment contract, entered into by the committee in connection with any bonds issued under this chapter.

(b) ''Bonds'' means any bonds, notes, bond anticipation notes, interim certificates, debentures, or other obligations or forms of indebtedness issued pursuant to this chapter.

(c) ''Committee'' means the Pension Obligation Bond Committee established pursuant to Section 16920.

(d) ''Pension obligations'' means the obligations of the state or any state agency to the retirement system imposed by the retirement laws in the amounts determined by the board of administration of the retirement system.

(e) ''Program'' means the program established by this chapter under which the committee shall issue bonds for the purpose of funding or refunding pension obligations.

(f) ''Retirement laws'' means Section 17 of Article XVI of the California Constitution and the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5) and any other laws providing for payment to be made by the state or any state agency to the retirement system to provide retirement benefits to employees of the state or any other individuals for which the state has an obligation to pay all or a portion of the contributions to the retirement system to ensure the payment of retirement benefits to those individuals.

(g) ''Retirement system'' means the Public Employees' Retirement System established pursuant to the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5).

Article 2. Issuance of Bonds to Finance the Program

16945. The committee is authorized and empowered, for and in the name and on behalf of the state, to do all of the following:

(a) Upon the request of the Director of Finance, and following receipt of the determination of the Director of Finance pursuant to Section 16941, issue taxable or tax-exempt bonds for the purpose of funding or refunding pension obligations, paying related costs and ancillary obligations, or refunding any bonds previously issued pursuant to this chapter.

(b) Execute debentures or other instruments evidencing the pension obligations.

(c) Enter into ancillary obligations and other contracts deemed necessary by the committee in connection with any bonds issued under this chapter.

(d) Establish the terms and conditions for the program undertaken pursuant to this chapter.

(e) Employ or contract for legal, consulting, underwriting, or other services in connection with the program as may be necessary in the judgment of the committee, as approved by the Treasurer, as agent for sale of the bonds, for the successful financing of the program and the issuance and sale of bonds.

(f) In addition to the powers specifically granted in this chapter, do all things necessary or convenient, including delegation of necessary

duties to the Director of Finance, as chairperson, and to the Treasurer, as agent for sale of the bonds, to carry out the purposes of this chapter.

16946. Every issue of bonds, and any ancillary obligation entered into with respect to those bonds, shall be a debt and liability of the state payable from the General Fund of the state or, in the case of bond anticipation notes, payable from the proceeds of bonds to be issued pursuant to this chapter.

16947. (a) The cumulative amount of outstanding bonds issued pursuant to this chapter may not exceed the lesser of (1) the sum of two billion dollars ($2,000,000,000); or (2) the amount which, when added to all anticipated interest and related costs of the bonds, does not exceed the anticipated reduction of the state's pension obligations as a result of changes in the retirement law that reduce contributions to the retirement system, as determined by the Director of Finance.

(b) Notwithstanding subdivision (a), the cumulative amount of bonds issued pursuant to this chapter in any one fiscal year may not exceed the total unpaid amount of the state's pension obligations for that fiscal year.

(c) Bonds may be issued pursuant to this chapter in any two fiscal years after June 30, 2004, but may not be issued in any more than two fiscal years.

16948. (a) The resolution, certificate, or other instrument of the committee authorizing the issuance of the bonds may provide, or the committee may delegate to the Treasurer, as agent for sale of the bonds, responsibility to determine, any or all of the following for the bonds:

(1) The form of the bonds, which may be issued as serial bonds, term bonds, or installment bonds, or any combination of those.

(2) The date to be borne by any bonds.

(3) The time of maturity of any bonds, which maturities may be before or after the term of the related pension obligation to be funded or refunded.

(4) The interest, fixed or variable, to be borne by the bonds.

(5) The time that the bonds shall be payable.

(9) The terms of redemption of the bonds.

(10) The establishment of funds and accounts to be held by a trustee to provide for payment or security for the bonds or ancillary obligations or related costs.

(11) Any other terms and conditions deemed necessary by the committee.

(b) Pursuant to Section 5702, the Treasurer shall serve as agent for the offer and sale of the bonds. The bonds may be sold at either a competitive or negotiated sale, at times and at prices, for consideration, and with all other terms and conditions as the Treasurer, in his or her capacity as agent for sale of the bonds, shall determine.

(c) The Treasurer is authorized to invest or direct the investment of any amounts held in trust for payment of the bonds in any securities or obligations authorized pursuant to Chapter 3 (commencing with Section 16430) of Part 2, as amended from time to time.

16949. The proceeds of the bonds shall be applied to the funding or refunding of pension obligations, or refunding of bonds previously issued under this chapter, together with all costs of issuing the bonds and refunding pension obligations or prior bonds and the costs of any ancillary obligation. Notwithstanding Sections 20822 and 20824, or any other provision of law, the proceeds of the bonds may be applied to the prepayment of pension obligations.

16950. When proceeds of bonds issued pursuant to this chapter are used to pay the state's pension obligations to the retirement system for members whose compensation is paid from a fund other than the General Fund, the Controller shall, notwithstanding any other provision of law, transfer quarterly from the special fund or nongovernmental cost fund to the General Fund an amount equal to the quarterly pension obligations paid from bond proceeds with respect to those members, as certified by the Director of Finance and authorized in any appropriation item or in any category thereof.

16951. When proceeds of bonds issued pursuant to this chapter are used to pay the state's pension obligations to the retirement system for members whose compensation is paid from the General Fund, the Controller shall, notwithstanding any other provision of law, abate quarterly to the General Fund an amount equal to the quarterly pension obligations paid from bond proceeds with respect to those members, as certified by the Director of Finance and authorized in any General Fund appropriation item or in any category thereof.

The trust agreement, indenture, or resolution may contain provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and not in violation of law. Any trust agreement, indenture, or resolution may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners. In addition to the foregoing, any trust agreement,

indenture, or resolution may contain other provisions as the committee may deem reasonable for the security of the bond owners, including, but not limited to, provisions specifying the date or dates on which debt service payments on the bonds shall be transferred to the trustee. Any trust accounts created by the trust agreement, indenture, or resolution may be held outside the State Treasury.

16953. The committee may provide for the issuance of bonds any portion of which is to be used for the purpose of refunding outstanding bonds issued to fund or refund pension obligations, including the payment of the principal thereof and interest and redemption premiums, if any. The proceeds of bonds issued to refund any outstanding bonds may be applied to the retirement of those outstanding bonds at maturity, or the redemption, on any redemption date, or purchase of those outstanding bonds prior to maturity, subject to the terms and conditions as the committee deems advisable.

16954. The net proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Pension Obligation Bond Fund established pursuant to Section 16929.

Article 3. Miscellaneous Provisions

16955. This chapter, being necessary for the health, welfare, and safety of the state and its residents, shall be liberally construed to effect its purposes.

16956. This chapter shall be deemed to provide a complete and alternative authorization to take the actions necessary to implement this chapter, and shall be regarded as supplemental and additional to the powers conferred by other laws. The issuance of the bonds and their terms, the application of proceeds to the funding or refunding of pension obligations or prior bonds, and the entering into of any ancillary obligation under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds or ancillary obligations, including, but not limited to, the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720)). The purposes authorized by this chapter may be effectuated and bonds are authorized to be issued for any purposes under this chapter notwithstanding that any other law may provide for those purposes or for the issuance of bonds for like purposes and without regard to the requirements, restrictions, limitations, or other provisions contained in any other law.

16957. Section 10295 of the Public Contract Code and Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code do not apply to agreements entered into by the committee, or any individual to whom the committee delegates

contracting authority, in connection with the sale of bonds or other matters authorized under this chapter.

16958. Bonds issued pursuant to this chapter are a legal investment for any state special fund or trust fund, notwithstanding any provision of law limiting the investments that may be made by the fund. The bonds shall be legal investments in which all public officers and public bodies of the state, its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking institutions, including savings and loan associations, building and loan associations, trust companies, savings banks and savings associations, investment companies, and other persons carrying on banking business, all administrators, guardians, executors, trustees, and other fiduciaries, and all persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds may be used by any private financial institution, person, or association as security for public officers and bodies of the state or any agency or political subdivision of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is authorized by law, including deposits to secure public funds.

16959. The committee may bring an action to determine the validity of any bonds to be issued, or any ancillary obligations and other contracts to be entered into, under this chapter pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. For the purposes of Section 860 of the Code of Civil Procedure, any action initiated pursuant to this section shall be brought in the Superior Court of the County of Sacramento.

16960. Notwithstanding Section 13340, there is hereby continuously appropriated, without regard to fiscal year, from the General Fund for the purposes of this chapter, an amount, subject to the limitations of this chapter, that equals the sum annually that is necessary to pay all obligations, including principal, interest, costs, expenses, rebate, legal, commitment, or other fees, and all other amounts incurred by the state under or in connection with bonds and any ancillary obligations payable entered into by the state. The amount hereby appropriated each fiscal year to pay principal on any bonds issued pursuant to this chapter and any ancillary obligations associated therewith may not exceed the outstanding principal amount of all bonds issued pursuant to this chapter. The amount appropriated each fiscal year to pay interest on any bonds issued pursuant to this chapter and any ancillary obligations associated therewith may not exceed 15 percent per annum of the outstanding amount of all bonds issued pursuant to this chapter. The amount hereby appropriated each year to pay costs,

expenses, rebate, legal, commitment, or other fees and other amounts of any ancillary obligations may not exceed 5 percent per annum of the outstanding amount of all bonds issued pursuant to this chapter. Expenditures pursuant to this section shall reflect the efforts of the state to secure financing that results in the least cost to the state after considering both short-term and long-term financing costs.

SEC. 5. The Department of Finance, on behalf of the Pension Obligation Bond Committee, may pay, from the items of appropriation in the Budget Act of 2003 that support the operations of the department, attorneys' fees and costs included in the agreement to dismiss the appeal in the matter of Pension Obligation Bond Committee, etc. v. Howard Jarvis Taxpayers Assn. (Case No. C045240).

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact the statutory changes necessary to implement the Budget Act of 2004, it is necessary that this act take effect immediately.

CHAPTER 216

An act to amend Sections 2558.46, 14041.5, 19325.1, 41203.1, 42238, 42238.44, 42238.146, 42238.23, 69522, 69525, 69529.5, 69766, 69768, 76300, and 84321 of, to amend and repeal Sections 56156.6, 56836.16, and 56836.17 of, to add Sections 56836.165, 56836.173, 66744, 84321.5, and 84760 to, and to repeal and add Section 41207 of, the Education Code, to amend Sections 17581.5 and 68926.3 of the Government Code, to amend Section 270 of the Public Utilities Code, and to repeal Item 6870-101-0959 of Section 2.00 of Chapter 157 of the Statutes of 2003, relating to education finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 11, 2004. Filed with Secretary of State August 11, 2004.]

Senate Bill 1108 contains numerous changes to the law regarding schools consistent with the Budget that I have approved. Foremost among those provisions that I am approving are $110 million for K-12 school district revenue limit equalization and statutory provisions allocating $80 million in equalization funding for community colleges. Included in this bill, of great importance to school districts is the $270 million in funding to reduce cuts made to revenue limits in the 2003–04 Budget, and a new mechanism to ensure that old Proposition 98 debts will be paid off beginning in 2006–07 at a pace the State can afford--$150 million per year. Also included in this bill is $138

million in one-time funds for instructional materials to schools in deciles 1 and 2 of the Academic Performance Index, and $58.4 million to retire old debts for State mandates on schools.

However, I am eliminating three appropriations in his bill totaling over $11 million that we were not part of the agreements I made with legislative leaders on education spending. With these deletions, I am setting aside the funds to focus on the education priorities agreed to with education leaders to provide more flexible funding so local schools can fund their most important needs.

I am deleting a change to law in Section 10 of the bill that adjusts state funding for revenue limits by the savings schools receive from lower Public Employees Retirement System rates. The change in Education Code Section 42238.23 exempts funds provided to regional occupational centers that are joint powers organizations from these reductions that apply to all other educational agencies. This is not equitable and is unwarranted. By deleting this amendment, existing law will be restored, which under the current interpretation of the Department of Education, will reduce the statutory appropriation for school revenue limits equitably to all educational agencies.

I am deleting the $6,000,000 legislative augmentation in subparagraph (A) of paragraph (3) of subdivision (a) of Section 36 to provide Arts Works grants. While I am supportive of arts programs, this small, competitive grant program serves relatively few schools. These funds, which count towards Proposition 98 2003–04 obligations, will be appropriated to schools at a future date. During this time of fiscal difficulties, these funds should be spent for educational priorities agreed to with education leaders to provide more flexible funding so local schools can fund their most important needs.

I am deleting the $5,000,000 legislative augmentation in subparagraph (D) of paragraph (3) of subdivision (a) of Section 36 to start a new cohort for the Academic Improvement & Achievement Act. This small, competitive grant program helps only 12 districts out of the over 1,000 school districts in the state. The program has sufficient funding to complete the existing cohorts, and is set to sunset on July 1, 2005. These funds, which count towards the Proposition 98 obligation for 2003–04, will be appropriated at a future date. During this time of fiscal difficulties, these funds should be spent for educational priorities agreed to with education leaders to provide more flexible funding so local schools can fund their most important needs.

I am signing this bill with the following reductions:

I am deleting Section 10.

I am revising Section 36 as follows:

I reduce the total of the appropriations in subdivision (a) of Section 36 of this bill from $926,527,000 to $915,441,000 by deleting subparagraph (A) of paragraph (3) of subdivision (a), which contains an appropriation for $6,000,000, and by deleting subparagraph (D) of paragraph (3) of subdivision (a), which contains an appropriation for $5,000,000. I am also correcting the total of the appropriation to reflect the sum of the parts.

ARNOLD SCHWARZENEGGER, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 2558.46 of the Education Code is amended to read:

2558.46. (a) (1) For the 2003–04 fiscal year, the revenue limit for each county superintendent of schools determined pursuant to this article shall be reduced by a 1.195 percent deficit factor.

(2) For the 2004–05 and 2005–06 fiscal years, the revenue limit for each county superintendent of schools determined pursuant to this article shall be reduced by a 0.323 percent deficit factor.

(3) For the 2003–04, 2004–05, and 2005–06 fiscal years, the revenue limit for each county superintendent of schools determined pursuant to this article shall be further reduced by a 1.826 percent deficit factor.

(b) In computing the revenue limit for each county superintendent of schools for the 2006–07 fiscal year pursuant to this article, the revenue limit shall be determined as if the revenue limit for that county superintendent of schools had been determined for the 2003–04, 2004–05, and 2005–06 fiscal years without being reduced by the deficit factors specified in this section.

SEC. 2. Section 14041.5 of the Education Code is amended to read:

(b) Except as provided in subdivisions (c) and (d), for purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants drawn pursuant to subdivision (a) shall be deemed to be ''General Fund revenues appropriated to school districts,'' as defined in subdivision (c) of Section 41202 for the fiscal year in which the warrants are drawn and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the fiscal year in which the warrants are drawn.

(c) For the 2003–04 school year, the amount of apportionments for revenue limits computed pursuant to Section 42238 from any of the apportionments made pursuant to Section 14041 that are deemed ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 for the following fiscal year and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the 2004-05 fiscal year shall be seven hundred twenty-six million two hundred seventy thousand dollars ($726,270,000). appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the 2003–04 fiscal year.

(d) For the 2004–05 school year, and each school year thereafter, the amount of apportionments for revenue limits computed pursuant to Section 42238 from any of the apportionments made pursuant to Section 14041 that are deemed ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 for the following fiscal year and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the following fiscal year shall be seven hundred fifteen million one hundred eighteen thousand dollars ($715,118,000). Any amount in excess of seven hundred fifteen million one hundred eighteen thousand dollars ($715,118,000) that is apportioned in July of any year is deemed ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 for the prior fiscal year and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B'' as defined in subdivision (e) of Section 41202, for the prior fiscal year.

SEC. 3. Section 19325.1 of the Education Code is amended to read:

(b) Pursuant to an appropriation in the annual Budget Act and in accordance with Section 270 of the Public Utilities Code, the telephonic reading system is to be funded from the Deaf and Disabled Telecommunications Program Administrative Committee Fund.

(c) As used in this section, the following terms have the following meanings, unless otherwise indicated:

(1) ''Telephonic reading system'' means a system operated by the State Librarian or a qualifying entity, whereby a caller can hear the reading of material such as newspapers, magazines, newsletters, broadcast media schedules, transit route and schedule information, and other reference or time-sensitive materials, as determined by the operator of the system.

(2) ''Qualifying entity'' means any agency, instrumentality, or political subdivision of the state or any nonprofit organization whose primary mission is to provide services to people who are blind or visually impaired.

(d) Qualifying entities that were eligible, as of January 1, 2001, to receive funds from the State Librarian relating to the operation of a telephonic reading system may continue to receive funding from the State Librarian.

(e) The State Librarian, in cooperation with qualifying entities, may expand the type and scope of materials available on telephonic reading systems in order to meet the local, regional, or foreign language needs of print-disabled residents of this state. The State Librarian may also expand the scope of services and availability of telephonic reading services by current methods and technologies or by methods and technologies that may be developed. SEC. 4. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other law, this section does not apply to the 1992–93 to 2004–05 fiscal years, inclusive.

SEC. 5. Section 41207 of the Education Code is repealed.

SEC. 6. Section 41207 is added to the Education Code, to read:

41207. (a) Notwithstanding Section 41206, by January 1, 2006, the Superintendent of Public Instruction and the Director of Finance shall

jointly determine the outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for the 1995–96 to 2003–04 fiscal years, inclusive. The Director of Finance shall notify the Governor and Legislature of the amount of the outstanding balance for each fiscal year between the 1995–96 and 2003–04 fiscal years, inclusive, and the total amount of the outstanding balance for those years. This notification does not constitute a certification for purposes of Section 41206.

(b) If the joint determination required pursuant to subdivision (a) is not made for any fiscal year by January 1, 2006, the Controller shall make the determination for that fiscal year or years and shall notify the Governor and Legislature of that determination on or before March 1, 2006. This notification does not constitute a certification for purposes of Section 41206.

(c) For purposes of this section, the outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for a fiscal year is the amount, if any, by which the amount required to be applied by the state for the support of school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution, including any maintenance factor that should have been allocated in that fiscal year pursuant to subdivision (e) of Section 8 of Article XVI, exceeds the amount applied by the state for the support of school districts and community college districts for that fiscal year.

(d) Commencing with the 2006–07 fiscal year, the sum of one hundred fifty million dollars ($150,000,000) is hereby annually appropriated from the General Fund to the Controller for allocation to school districts and community college districts for the purpose of discharging in full the outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution identified in subdivision (a) or (b) of this section. This annual appropriation shall continue until the Director of Finance reports to the Legislature that the sum of appropriations made and allocated pursuant to this subdivision equals the total outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution determined pursuant to subdivision (a) or (b), as applicable.

(1) The amount annually appropriated pursuant to this subdivision shall be allocated to school districts and community college districts in a manner that reflects the proportion of regular average daily attendance in school districts, as defined in subdivision (a) of Section 41209, to

funded full-time equivalent students in community college districts, as those numbers are reported at the time of the second principal apportionment for the fiscal year prior to the fiscal year in which funds are to be received.

(2) The Controller shall allocate funds annually appropriated pursuant to this subdivision to school districts and community college districts based on attendance information provided by the department and Chancellor of the California Community Colleges on August 15 of each year commencing with the 2006–07 fiscal year, unless otherwise provided by the Legislature pursuant to subdivision (g). For purposes of this subdivision a school district includes a county office of education and a charter school.

(e) For purposes of Section 8 of Article XVI of the California Constitution, the amounts appropriated and allocated pursuant to this section shall be applied to the outstanding balance of the minimum funding obligation to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for the 1995–96 to 2003–04 fiscal years, inclusive, in chronological order beginning with the 1995–96 fiscal year and shall be deemed to be appropriations made and allocated in the fiscal year in which the deficiencies resulting in the outstanding balance were incurred. When the amount determined to be owed for each fiscal year pursuant to subdivision (a) or (b) is fully appropriated and allocated pursuant to subdivision (d), the data used in the computations made under subdivision (a) or (b) and the total amount owed by the state for the support of school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution for that fiscal year, including as much of the maintenance factor for that fiscal year determined pursuant to subdivision (d) of Section 8 of Article XVI as has been allocated as required by subdivision (e) of Section 8 of Article XVI by virtue of the payments made under this section, shall be deemed certified for purposes of Section 41206.

(f) Funding received by school districts and community college districts pursuant to this section shall first be deemed to be paid in satisfaction of any outstanding claims pursuant to Section 6 of Article XIII B of the California Constitution for reimbursement of state-mandated local costs for any fiscal year. Notwithstanding any amounts that are deemed, pursuant to this subdivision, to be paid in satisfaction of outstanding claims for reimbursement of state-mandated local costs, the Controller may audit any claim as allowed by law and may reduce any amount owed by a local educational agency pursuant to an audit by reducing amounts owed for any other mandate claims. The Controller shall apply amounts received by each school district or community college district against any balances of unpaid claims for

reimbursement of state-mandated local costs and interest in chronological order beginning with the earliest claim. The Controller shall report to each local educational agency the amounts of any claims and interest that are offset from funds provided pursuant to this section and shall report a summary of the amounts offset for each mandate for each fiscal year to the Department of Finance and the fiscal committees of the Legislature. The governing board of a school district or community college district may expend funds received pursuant to this section in excess of amounts offsetting mandate claims for any other one-time purposes, as determined by the governing board.

(g) The Legislature may specify in the annual Budget Act or other statute other one-time purposes for which the funds appropriated pursuant to this section shall be used so long as those appropriations are made for allocation to school districts or community college districts.

SEC. 7. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for a fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1995–96 fiscal year, the equalization adjustment specified in Section 42238.4.

(3) For the 1996–97 fiscal year, the equalization adjustments specified in Sections 42238.41, 42238.42, and 42238.43.

(4) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(5) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(6) For the 2004–05 fiscal year, the equalization adjustment specified in Section 42238.44.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) (1) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(A) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(B) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(C) Add the amounts in subparagraphs (A) and (B).

(2) This subdivision shall become inoperative on July 1, 1998.

(e) For districts electing to compute units of average daily attendance pursuant to paragraph (2) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(f) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

(g) The reduction required by subdivision (f) shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 was in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for either of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

SEC. 23. Section 84321 of the Education Code is amended to read:

84321. (a) Notwithstanding any other law, for the 2003–04 fiscal year, warrants for the principal apportionments for the month of June, for general apportionments in the amount of one hundred fifty million dollars ($150,000,000) and for the Partnership for Excellence in the amount of fifty million dollars ($50,000,000), shall instead be drawn in July of the same calendar year pursuant to the certification made under Section 84320.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants drawn pursuant to subdivision (a) shall be deemed to be ''General Fund revenues appropriated for community college districts,'' as defined in subdivision (d) of Section 41202, for the fiscal year in which the warrants are drawn, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202, for the fiscal year in which the warrants are drawn.

SEC. 24. Section 84321.5 is added to the Education Code, to read:

84321.5. (a) Notwithstanding any other provision of law, commencing with the 2004–05 fiscal year, warrants for the principal apportionments for the month of June, for general apportionments in the amount of two hundred million dollars ($200,000,000), shall instead be drawn in July of the same calendar year pursuant to the certification made under Section 84320.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants drawn pursuant to subdivision (a) shall be deemed to be ''General Fund revenues appropriated for community college districts,'' as defined in subdivision (d) of Section 41202, for the fiscal year in which the warrants are drawn, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202, for the fiscal year in which the warrants are drawn.

SEC. 25. Section 84760 is added to the Education Code, to read:

84760. Notwithstanding any other law:

(a) (1) Equalization funds appropriated in the annual Budget Act shall be allocated to districts in accordance with this section. These funds shall not be allocated to any district whose total local property taxes and student fee revenues exceed the revenue limit for that district under program-based funding, unless the district's funded per-credit full-time equivalent students (FTES) revenue derived from these revenue sources falls below the 90th percentile in funding per-credit FTES for comparably sized districts, as defined in subdivision (b).

(2) Funds shall be allocated by the chancellor within 30 days of enactment of the annual Budget Act.

(b) For purposes of distributing funds, the chancellor shall define districts as either large, medium, or small, in accordance with all of the following:

(1) A district is large if its total of funded credit FTES exceeds 6,250, based on the 2003–04 second principal apportionment, as modified for any subsequent growth adjustments.

(2) A district is medium if its total of funded credit FTES exceeds 4,000 but does not exceed 6,250, based on the 2003–04 second principal apportionment, as modified for any subsequent growth adjustments.

(3) A district is small if its total of funded credit FTES does not exceed 4,000 FTES, based on the 2003–04 second principal apportionment, as modified for any subsequent growth adjustments.

(c) (1) The chancellor shall compute an equalization adjustment for each applicable large community college district, so that no district's 2003–04 fiscal year base funding per credit FTES is less than the 2003–04 fiscal year base funding per credit FTES above which fall not less than 10 percent of the total statewide funded credit FTES for large districts.

(2) The chancellor shall compute an equalization adjustment for each applicable medium district, so that base funding per credit FTES is not less than the base funding per credit FTES equalization target determined for large districts under paragraph (1), multiplied by 1.03.

This 3 percent adjustment for the medium district equalization target is intended to reasonably recognize diseconomies of scale for these districts.

(3) The chancellor shall compute an equalization adjustment for each applicable small community college district, so that base funding per credit FTES is not less than the base funding per credit FTES equalization target determined for large districts in paragraph (1), multiplied by 1.10. This 10 percent adjustment for the small district equalization target is intended to reasonably recognize diseconomies of scale for small districts, and approximates the difference in targets utilized by the state for elementary and secondary unified school district equalization allocations.

(d) The chancellor shall calculate the total equalization funding necessary to bring all districts up to the target funding per FTES levels determined pursuant to subdivision (c), and shall prepare a simulation of the allocations to each eligible district in this situation.

(e) If the amount appropriated for equalization in the annual Budget Act is less than the amount identified pursuant to subdivision (d), the chancellor shall prorate available equalization funding for each eligible district in proportion to the amount of funds necessary to fully fund those districts.

(f) The chancellor may promulgate regulations on an emergency basis to the extent necessary to complete the adoption of regulations to implement this section within the 2004–05 fiscal year.

(g) The chancellor shall provide a report by October 1, 2004, to the Joint Legislative Budget Committee, the appropriate policy and fiscal committees in each house of the Legislature, the Department of Finance, and the Legislative Analyst specifying the total calculated equalization cost for each eligible district as well as the prorated allocation provided to each eligible district in the 2004–05 fiscal year. The report shall include an evaluation of options and recommendations for revising allocation practices for funds available in subsequent years through restorations in workload, growth funding, and cost-of-living adjustments that further the objective of equalizing funding, consistent with the methodology in this section. The report shall also specify any regulatory and statutory changes necessary to effect the recommendations in future fiscal years.

SEC. 26. Section 17581.5 of the Government Code is amended to read:

17581.5. (1) The statute, or portion thereof, is determined by the Legislature, the commission, or any court to mandate a new program or higher level of service requiring reimbursement of local agencies pursuant to Section 6 of Article XIII B of the California Constitution.

(2) The statute, or portion thereof, is specifically identified by the Legislature in the Budget Act for the fiscal year as being one for which reimbursement is not provided for that fiscal year. For purposes of this paragraph, a mandate shall be considered to have been specifically identified by the Legislature only if it has been included within the schedule of reimbursable mandates shown in the Budget Act and it is specifically identified in the language of a provision of the item providing the appropriation for mandate reimbursements.

(b) Moneys deposited in the California State Law Library Special Account shall be available for the support of the California State Law Library upon appropriation thereto by the Legislature in the annual Budget Act.

The Superintendent of Public Instruction shall reduce funding for basic aid districts from the categorical education funds appropriated in Section 2.00 of the Budget Act of 2004 by a total of two million six hundred sixty-six thousand dollars ($2,666,000). The reduction shall be allocated as follows:

(a) The Superintendent of Public Instruction shall calculate a reduction for each district that was a basic aid district in the 2003–04 fiscal year that is proportionate to its revenue limit as determined at the second principal apportionment of the 2004–05 fiscal year that will achieve the amount of savings specified in this section.

(b) (1) On or before October 26, 2004, the Superintendent of Public Instruction shall notify each district of the reduction amount calculated for that district pursuant to subdivision (a).

(2) On or before February 1, 2005, each district shall notify the Superintendent of Public Instruction of the specific categorical education programs in which the reductions for that district shall be applied and the amount of the reduction for each program, provided that no reduction may be made to a program identified as requiring a maintenance of effort. The Superintendent of Public Instruction shall withhold or recover the identified amount of funds as necessary.

(3) This section does not obligate the state to refund or repay reductions made pursuant to this section. A decision by a school district to reduce funding pursuant to this section for a state-mandated local program shall constitute a waiver of the subvention of funds that the school district is otherwise entitled to pursuant to Section 6 of Article XIII B of the California Constitution in the amount so reduced and that decision shall be made only after the school district first considers reductions to voluntary categorical education programs.

(c) If a district does not receive property tax revenue sufficient to fully fund its revenue limit during the 2004–05 fiscal year, any reductions to that district's categorical education funding by this section shall be restored.

(d) No later than June 1, 2005, the Superintendent of Public Instruction shall report to the Controller and the Director of Finance the amount to be reduced from each categorical education program and identify the corresponding item of appropriation in the Budget Act of 2004 to be reduced. The reductions shall equal the total amount to be reduced pursuant to this section. On June 15, 2005, the amounts appropriated by the Budget Act of 2004 in the items identified by the Superintendent of Public Instruction are hereby reduced by the amounts reported by the Superintendent of Public Instruction. The amounts so reduced shall revert to the unexpended balance of the General Fund. The reductions pursuant to this subdivision shall be reductions in the amount appropriated for purposes of Section 8 of Article XVI of the California Constitution for the 2004–05 fiscal year.

(e) For purposes of this section, ''basic aid school district'' means a school district that does not receive from the state, for any fiscal year in which the section is applied, an apportionment of state funds pursuant to subdivision (h) of Section 42238 of the Education Code.

SEC. 32. (a) Notwithstanding any other law, for the purpose of computing the amount of funds continuously appropriated from the General Fund to Section A of the State School Fund pursuant to subdivision (f) of Section 48664 of the Education Code for community day school programs operated in the 2002–03 and 2003–04 fiscal years, the Superintendent of Public Instruction may adjust the hours of attendance in community day school programs reported by local educational agencies, for the purposes of calculating the additional funding pursuant to subdivision (a) of Section 48664 of the Education Code, as follows:

(1) The Superintendent of Public Instruction may deem a portion of the hours of attendance for pupils in attendance in community day school programs during the 2002–03 fiscal year who were not expelled pursuant to subdivision (d) of Section 48915 of the Education Code, as reported to the State Department of Education by local educational agencies on or before June 30, 2004, to have been expelled pursuant to subdivision (d) of Section 48915 of the Education Code. Any employer who willfully refuses to hire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for such rehiring or promotion by a grievance procedure, arbitration, or hearing authorized by law, is guilty of a misdemeanor.

(c) (1) Any applicant for employment who is refused employment, who is not selected for a training program leading to employment, or who in any other manner is discriminated against in the terms and conditions of any offer of employment because the applicant engaged in any conduct delineated in this chapter, including the conduct described in subdivision (k) of Section 96, and Chapter 5 (commencing with Section 1101) of Part 3 of Division 2, or because the applicant has made a bona fide complaint or claim to the division pursuant to this part, or because the employee has initiated any action or notice pursuant to Section 2699 shall be entitled to employment and reimbursement for lost wages and work benefits caused by the acts of the prospective employer.

(2) This subdivision shall not be construed to invalidate any collective bargaining agreement that requires an applicant for a position that is subject to the collective bargaining agreement to sign a contract that protects either or both of the following as specified in paragraphs (A) and (B), nor shall this subdivision be construed to invalidate any employer requirement of an applicant for a position that is not subject to a collective bargaining agreement to sign an employment contract that protects either or both of the following:

(A) An employer against any conduct that is actually in direct conflict with the essential enterprise-related interests of the employer and where breach of that contract would actually constitute a material and substantial disruption of the employer's operation.

(B) A firefighter against any disease that is presumed to arise in the course and scope of employment, by limiting his or her consumption of tobacco products on and off the job.

(d) The provisions of this section creating new actions or remedies that are effective on January 1, 2002, to employees or applicants for employment do not apply to any state or local law enforcement agency, any religious association or corporation specified in subdivision (d) of Section 12926 of the Government Code, except as provided in Section 12926.2 of the Government Code, or any person described in Section 1070 of the Evidence Code.

SEC. 2. Section 431 of the Labor Code is repealed.

SEC. 3. Section 2699 of the Labor Code is amended to read:

2699. (a) Notwithstanding any other provision of law, any provision of this code that provides for a civil penalty to be assessed and collected by the Labor and Workforce Development Agency or any of its departments, divisions, commissions, boards, agencies, or employees, for a violation of this code, may, as an alternative, be recovered through a civil action brought by an aggrieved employee on behalf of himself or herself and other current or former employees pursuant to the procedures specified in Section 2699.3.

(b) For purposes of this part, ''person'' has the same meaning as defined in Section 18.

(c) For purposes of this part, ''aggrieved employee'' means any person who was employed by the alleged violator and against whom one or more of the alleged violations was committed.

(d) For purposes of this part, ''cure'' means that the employer abates each violation alleged by any aggrieved employee, the employer is in compliance with the underlying statutes as specified in the notice required by this part, and any aggrieved employee is made whole.

(e) (1) For purposes of this part, whenever the Labor and Workforce Development Agency, or any of its departments, divisions, commissions, boards, agencies, or employees, has discretion to assess a civil penalty, a court is authorized to exercise the same discretion, subject to the same limitations and conditions, to assess a civil penalty.

(2) In any action by an aggrieved employee seeking recovery of a civil penalty available under subdivision (a) or (f), a court may award a lesser amount than the maximum civil penalty amount specified by this part if, based on the facts and circumstances of the particular case, to do otherwise would result in an award that is unjust, arbitrary and oppressive, or confiscatory.

(f) For all provisions of this code except those for which a civil penalty is specifically provided, there is established a civil penalty for a violation of these provisions, as follows:

(1) If, at the time of the alleged violation, the person does not employ one or more employees, the civil penalty is five hundred dollars ($500).

(2) If, at the time of the alleged violation, the person employs one or more employees, the civil penalty is one hundred dollars ($100) for each

aggrieved employee per pay period for the initial violation and two hundred dollars ($200) for each aggrieved employee per pay period for each subsequent violation.

(3) If the alleged violation is a failure to act by the Labor and Workplace Development Agency, or any of its departments, divisions, commissions, boards, agencies, or employees, there shall be no civil penalty.

(g) (1) Except as provided in paragraph (2), an aggrieved employee may recover the civil penalty described in subdivision (f) in a civil action pursuant to the procedures specified in Section 2699.3 filed on behalf of himself or herself and other current or former employees against whom one or more of the alleged violations was committed. Any employee who prevails in any action shall be entitled to an award of reasonable attorney's fees and costs. Nothing in this part shall operate to limit an employee's right to pursue or recover other remedies available under state or federal law, either separately or concurrently with an action taken under this part.

(2) No action shall be brought under this part for any violation of a posting, notice, agency reporting, or filing requirement of this code, except where the filing or reporting requirement involves mandatory payroll or workplace injury reporting.

(h) No action may be brought under this section by an aggrieved employee if the agency or any of its departments, divisions, commissions, boards, agencies, or employees, on the same facts and theories, cites a person within the timeframes set forth in Section 2699.3 for a violation of the same section or sections of the Labor Code under which the aggrieved employee is attempting to recover a civil penalty on behalf of himself or herself or others or initiates a proceeding pursuant to Section 98.3.

(i) Except as provided in subdivision (j), civil penalties recovered by aggrieved employees shall be distributed as follows: 75 percent to the Labor and Workforce Development Agency for enforcement of labor laws and education of employers and employees about their rights and responsibilities under this code, to be continuously appropriated to supplement and not supplant the funding to the agency for those purposes; and 25 percent to the aggrieved employees.

(j) Civil penalties recovered under paragraph (1) of subdivision (f) shall be distributed to the Labor and Workforce Development Agency for enforcement of labor laws and education of employers and employees about their rights and responsibilities under this code, to be continuously appropriated to supplement and not supplant the funding to the agency for those purposes.

(k) Nothing contained in this part is intended to alter or otherwise affect the exclusive remedy provided by the workers' compensation

provisions of this code for liability against an employer for the compensation for any injury to or death of an employee arising out of and in the course of employment.

(*l*) The superior court shall review and approve any penalties sought as part of a proposed settlement agreement pursuant to this part.

(m) This section shall not apply to the recovery of administrative and civil penalties in connection with the workers' compensation law as contained in Division 1 (commencing with Section 50) and Division 4 (commencing with Section 3200), including, but not limited to, Sections 129.5 and 132a.

(n) The agency or any of its departments, divisions, commissions, boards, or agencies may promulgate regulations to implement the provisions of this part.

SEC. 4. Section 2699.3 is added to the Labor Code, to read:

2699.3. (a) A civil action by an aggrieved employee pursuant to subdivision (a) or (f) of Section 2699 alleging a violation of any provision listed in Section 2699.5 shall commence only after the following requirements have been met:

(1) The aggrieved employee or representative shall give written notice by certified mail to the Labor and Workforce Development Agency and the employer of the specific provisions of this code alleged to have been violated, including the facts and theories to support the alleged violation.

(2) (A) The agency shall notify the employer and the aggrieved employee or representative by certified mail that it does not intend to investigate the alleged violation within 30 calendar days of the postmark date of the notice received pursuant to paragraph (1). Upon receipt of that notice or if no notice is provided within 33 calendar days of the postmark date of the notice given pursuant to paragraph (1), the aggrieved employee may commence a civil action pursuant to Section 2699.

(B) If the agency intends to investigate the alleged violation, it shall notify the employer and the aggrieved employee or representative by certified mail of its decision within 33 calendar days of the postmark date of the notice received pursuant to paragraph (1). Within 120 calendar days of that decision, the agency may investigate the alleged violation and issue any appropriate citation. If the agency determines that no citation will be issued, it shall notify the employer and aggrieved employee of that decision within five business days thereof by certified mail. Upon receipt of that notice or if no citation is issued by the agency within the 158-day period prescribed by subparagraph (A) and this subparagraph or if the agency fails to provide timely or any notification, the aggrieved employee may commence a civil action pursuant to Section 2699.

(C) Notwithstanding any other provision of law, a plaintiff may as a matter of right amend an existing complaint to add a cause of action arising under this part at any time within 60 days of the time periods specified in this part.

(b) A civil action by an aggrieved employee pursuant to subdivision (a) or (f) of Section 2699 alleging a violation of any provision of Division 5 (commencing with Section 6300) other than those listed in Section 2699.5 shall commence only after the following requirements have been met:

(1) The aggrieved employee or representative shall give notice by certified mail to the Division of Occupational Safety and Health and the employer, with a copy to the Labor and Workforce Development Agency, of the specific provisions of Division 5 (commencing with Section 6300) alleged to have been violated, including the facts and theories to support the alleged violation.

(2) (A) The division shall inspect or investigate the alleged violation pursuant to the procedures specified in Division 5 (commencing with Section 6300).

(i) If the division issues a citation, the employee may not commence an action pursuant to Section 2699. The division shall notify the aggrieved employee and employer in writing within 14 calendar days of certifying that the employer has corrected the violation.

(ii) If by the end of the period for inspection or investigation provided for in Section 6317, the division fails to issue a citation and the aggrieved employee disputes that decision, the employee may challenge that decision in the superior court. In such an action, the superior court shall follow precedents of the Occupational Safety and Health Appeals Board. If the court finds that the division should have issued a citation and orders the division to issue a citation, then the aggrieved employee may not commence a civil action pursuant to Section 2699.

(iii) A complaint in superior court alleging a violation of Division 5 (commencing with Section 6300) other than those listed in Section 2699.5 shall include therewith a copy of the notice of violation provided to the division and employer pursuant to paragraph (1).

(iv) The superior court shall not dismiss the action for nonmaterial differences in facts or theories between those contained in the notice of violation provided to the division and employer pursuant to paragraph (1) and the complaint filed with the court.

(B) If the division fails to inspect or investigate the alleged violation as provided by Section 6309, the provisions of subdivision (c) shall apply to the determination of the alleged violation.

(3) (A) Nothing in this subdivision shall be construed to alter the authority of the division to permit long-term abatement periods or to

enter into memoranda of understanding or joint agreements with employers in the case of long-term abatement issues.

(B) Nothing in this subdivision shall be construed to authorize an employee to file a notice or to commence a civil action pursuant to Section 2699 during the period that an employer has voluntarily entered into consultation with the division to ameliorate a condition in that particular worksite.

(C) An employer who has been provided notice pursuant to this section may not then enter into consultation with the division in order to avoid an action under this section.

(4) The superior court shall review and approve any proposed settlement of alleged violations of the provisions of Division 5 (commencing with Section 6300) to ensure that the settlement provisions are at least as effective as the protections or remedies provided by state and federal law or regulation for the alleged violation. The provisions of the settlement relating to health and safety laws shall be submitted to the division at the same time that they are submitted to the court. This requirement shall be construed to authorize and permit the division to comment on those settlement provisions, and the court shall grant the division's commentary the appropriate weight.

(c) A civil action by an aggrieved employee pursuant to subdivision (a) or (f) of Section 2699 alleging a violation of any provision other than those listed in Section 2699.5 or Division 5 (commencing with Section 6300) shall commence only after the following requirements have been met:

(1) The aggrieved employee or representative shall give written notice by certified mail to the Labor and Workforce Development Agency and the employer of the specific provisions of this code alleged to have been violated, including the facts and theories to support the alleged violation.

(2) (A) The employer may cure the alleged violation within 33 calendar days of the postmark date of the notice. The employer shall give written notice by certified mail within that period of time to the aggrieved employee or representative and the agency if the alleged violation is cured, including a description of actions taken, and no civil action pursuant to Section 2699 may commence. If the alleged violation is not cured within the 33-day period, the employee may commence a civil action pursuant to Section 2699.

(B) No employer may avail himself or herself of the notice and cure provisions of this subdivision more than three times in a 12-month period for the same violation or violations contained in the notice, regardless of the location of the worksite.

(3) If the aggrieved employee disputes that the alleged violation has been cured, the aggrieved employee or representative shall provide

written notice by certified mail, including specified grounds to support that dispute, to the employer and the agency. Within 17 calendar days of the postmark date of that notice, the agency shall review the actions taken by the employer to cure the alleged violation, and provide written notice of its decision by certified mail to the aggrieved employee and the employer. The agency may grant the employer three additional business days to cure the alleged violation. If the agency determines that the alleged violation has not been cured or if the agency fails to provide timely or any notification, the employee may proceed with the civil action pursuant to Section 2699. If the agency determines that the alleged violation has been cured, but the employee still disagrees, the employee may appeal that determination to the superior court.

(d) The periods specified in this section are not counted as part of the time limited for the commencement of the civil action to recover penalties under this part.

SEC. 5. Section 2699.5 is added to the Labor Code, to read:

2699.5. The provisions of subdivision (a) of Section 2699.3 shall apply to any alleged violation of the following provisions: subdivision (k) of Section 96, Section 98.6, 201, 201.5, 201.7, 202, 203, 203.1, 203.5, 204, 204a, 204b, 204.1, 204.2, 205, 205.5, 206, 206.5, 208, 209, 212, subdivision (d) of Section 213, 221, 222, 222.5, 223, 224, subdivision (a) of Section 226, 226.7, 227, 227.3, 230, 230.1, 230.2, 230.3, 230.4, 230.7, 230.8, 231, subdivision (c) of Section 232, subdivision (c) of Section 232.5, 233, 234, 351, 353, 403, subdivision (b) of Section 404, 432.2, 432.5, 432.7, 435, 450, 510, 511, 512, 513, 551, 552, 601, 602, 603, 604, 750, 751.8, 800, 850, 851, 851.5, 852, 921, 922, 923, 970, 973, 976, 1021, 1021.5, 1025, 1026, 1101, 1102, 1102.5, 1153, subdivision (c) or (d) of Section 1174, 1194, 1197, 1197.1, 1197.5, 1198, subdivision (b) of Section 1198.3, 1199, 1199.5, 1290, 1292, 1293, 1293.1, 1294, 1294.1, 1294.5, 1296, 1297, 1298, 1301, 1308, 1308.1, 1308.7, 1309, 1309.5, 1391, 1391.1, 1391.2, 1392, 1683, 1695, subdivision (a) of Section 1695.5, 1695.55, 1695.6, 1695.7, 1695.8, 1695.9, 1696, 1696.5, 1696.6, 1697.1, 1700.25, 1700.26, 1700.31, 1700.32, 1700.40, 1700.47, paragraph (1), (2), or (3) of subdivision (a) of or subdivision (e) of Section 1701.4, subdivision (a) of Section 1701.5, 1701.8, 1701.10, 1701.12, 1735, 1771, 1774, 1776, 1777.5, 1811, 1815, 2651, 2673, subdivision (a) of Section 2673.1, 2695.2, 2800, 2801, 2802, 2806, 2810, subdivision (b) of Section 2929, 3095, 6310, 6311, or 6399.7.

SEC. 6. (a) The Legislature finds and declares that, as enunciated in long-standing judicial precedent, its inherent authority to create causes of action or remedies necessarily includes the authority to abolish them. Therefore, a plaintiff seeking recovery upon a legislatively created cause of action runs the risk that the Legislature may repeal or alter that

cause during the pendency of the claim. Thus, the Legislature further finds and declares that the alteration of the right to recover civil penalties for violations of the Labor Code made by this act may be applied retroactively to any applicable pending proceeding without depriving any person of a substantive right without due process of law.

(b) (1) The provisions of paragraph (2) of subdivision (g) of Section 2699 of the Labor Code shall apply retroactively to January 1, 2004, the effective date of Chapter 906 of the Statutes of 2003, and shall affect all applicable pending proceedings.

(2) The provisions of subdivision (*l*) of Section 2699 of the Labor Code shall apply retroactively to January 1, 2004, the effective date of Chapter 906 of the Statutes of 2003, and shall affect all applicable pending proceedings.

SEC. 7. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 8. Notwithstanding any other provision of law, the provisions of Section 5 of this act relating to the duties and functions of the Division of Occupational Safety and Health shall be subject to review by the Joint Committee on Boards, Commissions, and Consumer Protection pursuant to Chapter 2 (commencing with Section 474) of Division 1.2 of the Business and Professions Code in consultation with the Senate Committee on Labor and Industrial Relations and the Assembly Committee on Labor and Employment. The first review shall be completed no later than three years from the effective date of this act.

SEC. 9. There is appropriated from the General Fund one hundred fifty thousand dollars ($150,000) to the Labor and Workforce Development Agency for the purposes of implementing the purposes of this act.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To provide relief to some employers who may be adversely affected by frivolous lawsuits brought pursuant to the Labor Code Private Attorneys General Act of 2004 and to provide meaningful remedies to employees suffering from egregious violations of the Labor Code at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 222

An act to add Section 6608.5 to the Welfare and Institutions Code, relating to sexually violent predators, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 12, 2004. Filed with Secretary of State August 12, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6608.5 is added to the Welfare and Institutions Code, to read as follows:

6608.5. (a) A person who is conditionally released pursuant to this article shall be placed in the county of the domicile of the person prior to the person's incarceration, unless the court finds that extraordinary circumstances require placement outside the county of domicile.

(b) (1) For the purposes of this section, ''county of domicile'' means the county where the person has his or her true, fixed, and permanent home and principal residence and to which he or she has manifested the intention of returning whenever he or she is absent. For the purposes of determining the county of domicile, the court may consider information found on a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or information contained in an arrest record, probation officer's report, trial transcript, or other court document. If no information can be identified or verified, the county of domicile of the individual shall be considered to be the county in which the person was arrested for the crime for which he or she was last incarcerated in the state prison or from which he or she was last returned from parole.

(2) In a case where the person committed a crime while being held for treatment in a state hospital, or while being confined in a state prison or local jail facility, the county wherein that facility was located shall not be considered the county of domicile unless the person resided in that county prior to being housed in the hospital, prison, or jail.

(c) For the purposes of this section, ''extraordinary circumstances'' means circumstances that would inordinately limit the department's ability to effect conditional release of the person in the county of domicile in accordance with Section 6608 or any other provision of this article, and the procedures described in Sections 1605 to 1610, inclusive, of the Penal Code.

(d) The county of domicile shall designate a county agency or program that will provide assistance and consultation in the process of locating and securing housing within the county for persons committed

as sexually violent predators who are about to be conditionally released under Section 6608. Upon notification by the department of a person's potential or expected conditional release under Section 6608, the county of domicile shall notify the department of the name of the designated agency or program, at least 60 days before the date of the potential or expected release.

(e) The department shall take into consideration victim or victim next of kin concerns and proximity when recommending specific placement for community outpatient treatment.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide state and local authorities with urgently needed clarification with respect to procedures involved with the conditional release of sexually violent predators, it is necessary that this act take effect immediately.

CHAPTER 223

An act to amend Section 13903 of the Government Code, and to amend Sections 1202.4, 1202.45, 1214, and 2085.5 of, and to add Section 1202.44 to, the Penal Code, relating to restitution, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 13903 of the Government Code is amended to read:

13903. The Secretary of the State and Consumer Services Agency shall serve as chair of the board.

SEC. 2. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include

pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's

criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the California Victim Compensation and Government Claims Board reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the board and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the board, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the board to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. The financial disclosure statements shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The

disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds or controls or has held or controlled a present or future interest

during the defendant's period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant's scheduled release from probation or completion of the defendant's conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, ''victim'' shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) At the time of the crime was a person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including, but not limited to, the victim's fiance or fiancee, and who witnessed the crime.

(E) Is the primary caretaker of a minor victim.

(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.

SEC. 3. Section 1202.44 is added to the Penal Code, to read:

1202.44. In every case in which a person is convicted of a crime and a conditional sentence or a sentence that includes a period of probation is imposed, the court shall, at the time of imposing the restitution fine pursuant to subdivision (b) of Section 1202.4, assess an additional

probation revocation restitution fine in the same amount as that imposed pursuant to subdivision (b) of Section 1202.4. This additional probation revocation restitution fine shall become effective upon the revocation of probation or of a conditional sentence, and shall not be waived or reduced by the court, absent compelling and extraordinary reasons stated on record. Probation revocation restitution fines shall be deposited in the Restitution Fund in the State Treasury.

SEC. 4. Section 1202.45 of the Penal Code is amended to read:

1202.45. In every case where a person is convicted of a crime and whose sentence includes a period of parole, the court shall at the time of imposing the restitution fine pursuant to subdivision (b) of Section 1202.4, assess an additional parole revocation restitution fine in the same amount as that imposed pursuant to subdivision (b) of Section 1202.4. This additional parole revocation restitution fine shall be suspended unless the person's parole is revoked. Parole revocation restitution fine moneys shall be deposited in the Restitution Fund in the State Treasury.

SEC. 5. Section 1214 of the Penal Code is amended to read:

1214. (a) If the judgment is for a fine, including a restitution fine ordered pursuant to Section 1202.4, 1202.44, or 1202.45, or Section 1203.04 as operative on or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994, with or without imprisonment, or a diversion restitution fee ordered pursuant to Section 1001.90, the judgment may be enforced in the manner provided for the enforcement of money judgments generally. Any portion of a restitution fine or restitution fee that remains unsatisfied after a defendant is no longer on probation or parole or has completed diversion is enforceable by the California Victim Compensation and Government Claims Board pursuant to this section. Notwithstanding any other provision of law prohibiting disclosure, the state, as defined in Section 900.6 of the Government Code, a local public entity, as defined in Section 900.4 of the Government Code, or any other entity, may provide the California Victim Compensation and Government Claims Board any and all information to assist in the collection of unpaid portions of a restitution fine for terminated probation or parole cases, or of a restitution fee for completed diversion cases. For purposes of the preceding sentence, ''state, as defined in Section 900.6 of the Government Code,'' and ''any other entity'' shall not include the Franchise Tax Board.

(b) In any case in which a defendant is ordered to pay restitution, the order to pay restitution (1) is deemed a money judgment if the defendant was informed of his or her right to have a judicial determination of the amount and was provided with a hearing, waived a hearing, or stipulated to the amount of the restitution ordered, and (2) shall be fully enforceable

by a victim as if the restitution order were a civil judgment, and enforceable in the same manner as is provided for the enforcement of any other money judgment. Upon the victim's request, the court shall provide the victim in whose favor the order of restitution is entered with a certified copy of that order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. The court also shall provide this information to the district attorney upon request in connection with an investigation or prosecution involving perjury or the veracity of the information contained within the defendant's financial disclosure. In addition, upon request, the court shall provide the California Victim Compensation and Government Claims Board with a certified copy of any order imposing a restitution fine or order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. A victim shall have access to all resources available under the law to enforce the restitution order, including, but not limited to, access to the defendant's financial records, use of wage garnishment and lien procedures, information regarding the defendant's assets, and the ability to apply for restitution from any fund established for the purpose of compensating victims in civil cases. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation or parole is enforceable by the victim pursuant to this section. Victims and the California Victim Compensation and Government Claims Board shall inform the court whenever an order to pay restitution is satisfied.

(c) Except as provided in subdivision (d), and notwithstanding the amount in controversy limitation of Section 85 of the Code of Civil Procedure, a restitution order or restitution fine that was imposed pursuant to Section 1202.4 in any of the following cases may be enforced in the same manner as a money judgment in a limited civil case:

(1) In a misdemeanor case.

(2) In a case involving violation of a city or town ordinance.

(3) In a noncapital criminal case where the court has received a plea of guilty or nolo contendere.

(d) Chapter 3 (commencing with Section 683.010) of Division 1 of Title 9 of Part 2 of the Code of Civil Procedure shall not apply to a judgment for any fine or restitution ordered pursuant to Section 1202.4 or Section 1203.04 as operative on or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994, or to a diversion restitution fee ordered pursuant to Section 1001.90.

Any amount so deducted shall be credited against the amount owing on the fine. The sentencing court shall be provided a record of the payments.

(b) In any case in which a prisoner owes a restitution order imposed pursuant to subdivision (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, subdivision (h) of Section 730.6 of the Welfare and Institutions Code, or subdivision (f) of Section 1202.4, the Director of Corrections shall deduct a minimum of 20 percent or the balance owing on the order amount, whichever is less, up to a maximum of 50 percent from the wages and trust account deposits of a prisoner, unless prohibited by federal law. If the restitution is owed to a person who has filed an application with the Victim Compensation Program, the director shall transfer that amount to the California Victim Compensation and Government Claims Board for direct payment to the victim, or payment shall be made to the Restitution Fund to the extent that the victim has received assistance pursuant to that program. No deductions shall be made on behalf of victims who have not filed an application with the Victim Compensation Program. The sentencing court shall be provided a record of the payments made to victims and of the payments deposited to the Restitution Fund pursuant to this subdivision.

(c) The director shall deduct and retain from the wages and trust account deposits of a prisoner, unless prohibited by federal law, an administrative fee that totals 10 percent of any amount transferred to the California Victim Compensation and Government Claims Board pursuant to subdivision (a) or (b). The director shall deduct and retain from any prisoner settlement or trial award, an administrative fee that totals 5 percent of any amount paid from the settlement or award to satisfy an outstanding restitution order or fine pursuant to subdivision (j), unless prohibited by federal law. The director shall deposit the administrative fee moneys in a special deposit account for reimbursing administrative and support costs of the restitution program of the Department of Corrections. The director, at his or her discretion, may retain any excess funds in the special deposit account for future

reimbursement of the department's administrative and support costs for the restitution program or may transfer all or part of the excess funds for deposit in the Restitution Fund.

(d) In any case in which a parolee owes a restitution fine imposed pursuant to subdivision (a) of Section 13967 of the Government Code, as operative prior to September 28, 1994, subdivision (b) of Section 730.6 of the Welfare and Institutions Code, or subdivision (b) of Section 1202.4, the Director of Corrections may collect from the parolee any moneys owing on the restitution fine amount, unless prohibited by federal law. The director shall transfer that amount to the California Victim Compensation and Government Claims Board for deposit in the Restitution Fund in the State Treasury. Any amount so deducted shall be credited against the amount owing on the fine. The sentencing court shall be provided a record of the payments.

(e) In any case in which a parolee owes a direct order of restitution, imposed pursuant to subdivision (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, subdivision (h) of Section 730.6 of the Welfare and Institutions Code, or paragraph (3) of subdivision (a) of Section 1202.4, the Director of Corrections may collect from the parolee any moneys owing, unless prohibited by federal law. If the restitution is owed to a person who has filed an application with the Victim Compensation Program, the director shall transfer that amount to the California Victim Compensation and Government Claims Board for direct payment to the victim, or payment shall be made to the Restitution Fund to the extent that the victim has received assistance pursuant to that program. No deductions shall be made on behalf of victims who have not filed an application with the Victim Compensation Program. The sentencing court shall be provided a record of the payments made by the offender pursuant to this subdivision.

(f) The director may deduct and retain from any moneys collected from parolees an administrative fee that totals 10 percent of any amount transferred to the California Victim Compensation and Government Claims Board pursuant to subdivision (d) or (e), unless prohibited by federal law. The director shall deduct and retain from any settlement or trial award of a parolee an administrative fee that totals 5 percent of any amount paid from the settlement or award to satisfy an outstanding restitution order or fine pursuant to subdivision (j), unless prohibited by federal law. The director shall deposit the administrative fee moneys in a special deposit account for reimbursing administrative and support costs of the restitution program of the Department of Corrections. The director, at his or her discretion, may retain any excess funds in the special deposit account for future reimbursement of the department's administrative and support costs for the restitution program or may transfer all or part of the excess funds for deposit in the Restitution Fund.

(g) When a prisoner has both a restitution fine and a restitution order from the sentencing court, the Department of Corrections shall collect the restitution order first pursuant to subdivision (b).

(h) When a parolee has both a restitution fine and order from the sentencing court, the Department of Corrections may collect the restitution order first, pursuant to subdivision (e).

(i) If an inmate is housed at an institution that requires food to be purchased from the institution canteen for unsupervised overnight visits, and if the money for the purchase of this food is received from funds other than the inmate's wages, that money shall be exempt from restitution deductions. This exemption shall apply to the actual amount spent on food for the visit up to a maximum of fifty dollars ($50) for visits that include the inmate and one visitor, seventy dollars ($70) for visits that include the inmate and two or three visitors, and eighty dollars ($80) for visits that include the inmate and four or more visitors.

(j) Any compensatory or punitive damages awarded by trial or settlement to any inmate or parolee in connection with a civil action brought against any federal, state, or local jail, prison, or correctional facility, or any official or agent thereof, shall be paid directly, after payment of reasonable attorney's fees and litigation costs approved by the court, to satisfy any outstanding restitution orders or restitution fines against that person. The balance of any award shall be forwarded to the payee after full payment of all outstanding restitution orders and restitution fines, subject to subdivisions (c) and (f). The Department of Corrections shall make all reasonable efforts to notify the victims of the crime for which that person was convicted concerning the pending payment of any compensatory or punitive damages.

(k) (1) Amounts transferred to the California Victim Compensation and Government Claims Board for payment of direct orders of restitution shall be paid to the victim within 60 days from the date the restitution revenues are received by the California Victim Compensation and Government Claims Board. If the restitution payment to a victim is less than fifty dollars ($50), then payment need not be forwarded to that victim until the payment reaches fifty dollars ($50) or until 180 days from the date the first payment is received, whichever occurs sooner.

(2) In any case in which a victim cannot be located, the restitution revenues received by the California Victim Compensation and Government Claims Board on behalf of the victim shall be held in trust in the Restitution Fund until the end of the state fiscal year subsequent to the state fiscal year in which the funds were deposited or until the time that the victim has provided current address information, whichever occurs sooner. Amounts remaining in trust at the end of the specified period of time shall revert to the Restitution Fund.

(3) Any victim failing to provide a current address within the period of time specified in paragraph (2) may provide documentation to the Department of Corrections, which in turn shall verify that moneys were in fact collected on behalf of the victim. Upon receipt of that verified information from the Department of Corrections, the California Victim Compensation and Government Claims Board shall transmit the restitution revenues to the victim in accordance with the provisions of subdivision (b).

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

but are not limited to, funds that are paid to the conservancy in trust for purposes of mitigation, for settlement of litigation, instead of other conditions of coastal development permits or other regulatory entitlements, or for other trust purposes consistent with this division and specified by the terms of a gift or contract. Funds in the Coastal Program Account shall be separately accounted for according to their source and trust purpose. Funds may not be deposited in the Coastal Program Account without the Department of Finance's approval.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 14030 of the Corporations Code is amended to read:

14030. There is hereby created in the State Treasury the California Small Business Expansion Fund. All or a portion of the funds in the expansion fund may be paid out, with the approval of the Department of Finance, to a lending institution or financial company that will act as trustee of the funds. The expansion fund and the trust fund shall be used to pay for defaulted loan guarantees issued pursuant to Article 9 (commencing with Section 14070), administrative costs of corporations, and those costs necessary to protect a real property interest in a defaulted loan or guarantee. The amount of guarantee liability outstanding at any one time shall not exceed four times the amount of funds on deposit in the expansion fund plus any receivables due from funds loaned from the expansion fund to another fund in state government as directed by the Legislature and the Department of Finance, including each of the trust fund accounts within the trust fund, unless the office has permitted a higher leverage ratio for an individual corporation pursuant to subdivision (c) of Section 14037.

SEC. 2. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's corporate fund account, or by receivables due from funds loaned from the corporation's trust fund account to another fund in state government as directed by the Legislature and the Department of Finance.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the director, unless the office authorizes a higher leverage ratio for an individual corporation pursuant to subdivision (c) of Section 14037.

(c) The expansion fund and corporate accounts shall be used exclusively to guarantee obligations and pay the administrative costs of the corporations. A corporation located in a rural area may utilize the funds for direct lending to farmers as long as at least 90 percent of the corporate fund farm loans, calculated by dollar amount, and all expansion fund farm loans are guaranteed by the United States Farmers Home Administration. The amount of funds available for direct farm lending shall be determined by the executive director. In its capacity as a direct lender, the corporation may sell in the secondary market the

guaranteed portion of each loan so as to raise additional funds for direct lending. The agency shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the office may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan by the office to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the office loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the office and the corporation shall be evidenced by a credit agreement. In the event that any loan between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the office. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower, which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the office is limited to the repayment received by the corporation from the borrower except in a case where the Farmers Home Administration requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the office if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the office from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the director, a corporation shall be authorized to borrow trust funds from the office for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars

($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the office that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the office pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

SEC. 3. Section 14202 of the Corporations Code is repealed.

SEC. 4. Section 28506 of the Corporations Code is repealed.

SEC. 5. Section 8277.6 of the Education Code is amended to read:

8277.6. (a) For purposes of this section ''department'' means the Department of Housing and Community Development.

(b) The department shall administer the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund. The department may administer the funds directly, through interagency agreements with other state agencies, through contracts with public or private entities, or through any combination thereof. If the department determines that a public or private entity is capable of making child care and development facilities loans or loan guarantees, the department may delegate the authority to review and approve those loans or guarantees to the public or private entity. The department is authorized to enter into interagency agreements to carry out the purposes of this section and Section 8277.5 by utilizing the services of small business financial development corporations established pursuant to Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of the Corporations Code. Toward this end, the department is authorized to transfer funds from the Child Care and Development Facilities Direct Loan Fund to the California Economic Development Grant and Loan Fund established by Section 15327 of the Government Code and to transfer funds from the Child Care and Development Facilities Loan Guaranty Fund to the Small Business Expansion Fund established by Section 14030 of the Corporations Code. Those funds shall be deposited into a Child Care Direct Loan Fund Account and a Child Care Loan Guaranty Fund Account hereby established in the respective funds. Notwithstanding anything to the contrary in Chapter 1 (commencing with Section 15310) of Part 6.7 of Division 3 of Title 2 of the Government Code and Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of the Corporations Code, the funds in these accounts shall be administered in compliance with the requirements of this section and Section 8277.5.

(c) Eligible applicants for the loan guaranty program and the direct loan program shall include, but not be limited to, sole proprietorships, partnerships, proprietary and nonprofit corporations, and local public

agencies that are responsible for contracting with or providing licensed child care and development services. Eligible facilities shall include licensed full-day and part-day child care and development facilities and licensed large family day care homes as described in Section 1597.465 of the Health and Safety Code, and licensed small family day care homes as described in Section 1597.44 of the Health and Safety Code.

(d) Loan guarantees and direct loans for family child care homes shall not be made for the purpose of purchasing a home or any real property.

(e) The State Department of Education shall provide input regarding program priorities that shall be considered in the funding of applications by the department. These priorities shall include, but are not limited to, the following:

(1) Geographic priorities based on the extent of need for child care and development supply-building efforts in different parts of the state.

(A) Not less than 30 percent of the loan guarantee and direct loan obligations shall benefit providers located in rural areas, as defined in subparagraph (B). If the amount of qualified applications from rural providers is insufficient to satisfy this requirement, the excess capacity reserved for rural providers may be made available to other qualified applications according to the policies and procedures of the department. The remaining 70 percent of funds shall be available to rural or urban areas and other priorities in accordance with this subdivision.

(B) For purposes of subdivision (a), rural communities are defined by any county with fewer than 400 residents per square mile.

(2) Age priorities based on the extent of need for child care and development supply-building efforts for children of different age groups.

(3) Income priorities shall include families transitioning to work or other lower income families. For purposes of this section, ''lower income'' shall have the same meaning as ''income eligible'' as set forth in Section 8263.1.

(4) Program priorities based on the extent of facilities needs among specific kinds of providers, including those that contract to administer state and federally funded child care and development programs administered by the State Department of Education, providers who have lost classrooms due to class size reduction or other state or local initiatives, or providers that need to expand to meet the needs of a child care initiative for recipients of aid under Chapter 3 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, or any successor program.

(f) The program priorities shall reflect input from representatives of diverse sectors of the child care and development field, financial institutions, local planning councils, the Child Development Programs Advisory Committee, and the State Department of Social Services for

purposes of identifying communities with high percentages of recipients of aid under Chapter 3 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, or any successor program, who need child care to meet work requirements. As part of its annual report to the Legislature, required pursuant to Section 50408 of the Health and Safety Code, the department shall assess and report, after consultation with the State Department of Education, on the performance, effectiveness, and fiscal standing of the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund. The report shall include information on the number of defaults, the types of facilities in default, and a review of the adequacy of the set-aside for rural areas specified in paragraph (1) of subdivision (e).

(g) The department shall adopt regulations and establish priorities, forms, policies and procedures for implementing and managing the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund and making the loan guarantees and direct loans authorized hereunder consistent with priorities provided by the State Department of Education. To the extent feasible, the department shall use applicant fees and points to cover its administrative costs. The department may utilize an amount of money from the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund, as appropriate, for reasonable administrative costs in any given fiscal year. Unless an appropriation for administrative costs is made in the annual Budget Act that exceeds the following limits, administrative expenditures shall not exceed 3 percent of the amount appropriated to each fund in the Budget Act of 1997.

(h) (1) The department shall adopt regulations to efficiently and effectively implement the microenterprise loan program described in this subdivision, including, but not limited to, the following:

(A) Making loans available from the Child Care and Development Facilities Direct Loan Fund to local microenterprise loan funds and other lenders who may relend the funds in appropriate amounts to eligible small family day care home providers described in Section 1597.44 of the Health and Safety Code, large family day care home providers described in Section 1597.465 of the Health and Safety Code, and licensed child care and development facilities that serve up to 35 children.

(B) Authorizing a specified amount of guarantees of small loans by local microenterprise loan funds and other lenders serving eligible small family day care home providers described in Section 1597.44 of the Health and Safety Code, large family day care home providers described

in Section 1597.465 of the Health and Safety Code, and licensed child care and development facilities that serve up to 35 children.

(2) Notwithstanding anything to the contrary in this section or Section 8277.5, a loan made pursuant to this subdivision shall not be made for less than five thousand dollars ($5,000) or for more than fifty thousand dollars ($50,000) and shall not be subject to the 75-percent investment restriction contained in paragraph (2) of subdivision (e) of Section 8277.5.

(i) The department may adopt regulations for the purposes of this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, including Section 11349.6 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1, any regulation adopted pursuant to this section shall not remain in effect more than 180 days unless the department complies with all provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 9. Section 89440 of the Education Code is amended to read:

89440. (a) The Legislature hereby finds and declares all of the following:

(1) The biotechnology industry in California is a rapidly growing industry that will be a critical factor in the state's economic success in the new millennium.

(2) The California State University plays a significant role in the production and maintenance of the workforce for this rapidly growing industry.

(3) The California State University Program for Education and Research in Biotechnology was created in 1987 to provide a coordinated and amplified development of biotechnology research and education within the California State University, to foster competitiveness in the industry on both the state and national levels, to facilitate training of a sufficient number of biotechnology technicians and scientists, to catalyze technology transfer and enhance intellectual property protection, and to facilitate the acquisition and long-term maintenance of state-of-the-art biotechnology resource facilities.

(4) The program facilitates interdisciplinary cooperative activities between the biology and chemistry departments on all California State University campuses and between faculty and a number of allied academic and research units, including bioengineering, agricultural biotechnology, environmental and natural resources, molecular ecology, and marine biotechnology.

(5) The program conducts a number of activities, including a competitive applied research and education grants program, the upgrade of biotechnology instructional and research equipment, the development

of specialized training facilities, and involvement in secondary educator inservice and preservice biotechnological training.

(6) The California State University conducted a Bioscience Innovation and Training Center Feasibility Study to assess the feasibility of creating a multiuse technology innovation and training center in Pasadena that can serve as an anchor and catalyst for biotechnology enterprise growth in the Los Angeles region.

(7) The study was completed in December 2000, and concluded that there is strong demand for biotechnology workforce training, research, manufacturing, and incubation services that warrant the development of a bioscience in Pasadena. When Pasadena was evaluated against critical success factors for biotechnology community development, it scored highly on many factors, including a critical mass of cutting-edge research, accessibility to transportation, quality of life, experienced entrepreneurs, access to capital, and availability of a skilled workforce. The steering committee identified four main components for the proposed facility:

(A) Workforce training offering practical, hands-on learning experiences involving multidisciplinary, multilevel teams of researchers, technicians, production specialists, apprentices, and students.

(B) Core research laboratories and instrument beta testing coupled with process manufacturing.

(C) New business incubator space, including wet labs and shared entrepreneurial services and support.

(D) Bioinformatics (convergence of biology, mathematics, and computing) as a common theme running throughout the center.

(8) The Bioscience Innovation and Training Center Feasibility Study, conducted by the California State University, found that the development of a bioscience center in Pasadena is warranted.

(9) A successful biotechnology resource facility requires a partnership of the city, industry, and education partners, as well as public and private collaboration, in order to develop projects that leverage economic opportunities in the Los Angeles basin and support business throughout California.

(10) It is critical that, for a successful resource facility, the public and private sectors work together to achieve the following components: workforce training, research in core research laboratories, new business incubator space, and manufacturing.

(b) It is the intent of the Legislature to accomplish both of the following:

(1) To provide additional state funding, if state revenues allow, to the California State University to maintain the California State University Program for Education and Research in Biotechnology at a level that will

maintain and enhance its role in the preparation of the workforce in this critical industry.

(2) To provide additional state funding to the California State University for development of a bioscience center in Pasadena, subject to appropriation in the annual Budget Act, that would integrate research and innovation, applied workforce training, and incubation of new bioscience enterprise. The development of the bioscience center would include a partnership among local educational institutions, the local bioscience industry, and government. These funds shall be used for the development of a pilot bioinnovation workforce training program that bridges the gap between classroom instruction and workforce practice, using state-of-the-art instrumentation and real-world development projects, and for final site assessment to ensure due diligence prior to the selection of a final site.

SEC. 10. Section 22056 of the Financial Code is amended to read:

22056. This division does not apply to the California Infrastructure and Economic Development Bank, any program authorized pursuant to Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of Title 1 of the Corporations Code, or to the California Integrated Waste Management Board.

492. (a) The Legislature hereby creates the Food Biotechnology Task Force. The task force shall be cochaired by the Secretary of California Health and Human Services, and the Secretary of the California Department of Food and Agriculture. The task force shall consult with appropriate state agencies and the University of California. The Department of Food and Agriculture shall be the lead agency.

(b) An advisory committee shall be appointed by the task force to provide input on issues reviewed by the task force. The advisory committee shall consist of representatives from consumer groups, environmental organizations, farmers, ranchers, representatives from the biotechnology industry, researchers, organic farmers, food processors, retailers, and others with interests in the issues surrounding biotechnology.

(c) The Department of Food and Agriculture shall make funds available to other agencies to accomplish the purposes of this article and shall contract, where appropriate, with the California Council on Science and Technology, the University of California, or other entities to review issues evaluated by the task force or support activities of the advisory committee.

(d) The task force may request particular agencies to lead the effort to evaluate various factors related to food biotechnology. As funding

becomes available, the task force shall evaluate factors including all of the following:

(1) Definition and categorization of food biotechnology and production processes.

(2) Scientific literature on the subject, and a characterization of information resources readily available to consumers.

(3) Issues related to domestic and international marketing of biotechnology foods such as the handling, processing, manufacturing, distribution, labeling, and marketing of these products.

(4) Potential benefits and impacts to human health, the state's economy, and the environment accruing from food biotechnology.

(5) Existing federal and state evaluation and oversight procedures.

(e) The task force shall report issues studied, findings, basis for their findings, and recommendations to the Governor and the Legislature by January 1, 2003.

(f) An initial sum of one hundred twenty-five thousand dollars ($125,000) is hereby appropriated from the General Fund for disbursement to the Department of Food and Agriculture. It is the intent of the Legislature to make further funds available to accomplish the purposes contained in this article.

SEC. 12. Section 705 of the Food and Agricultural Code is amended to read:

705. All state agencies, including, but not limited to, the Department of Finance and the Employment Development Department shall cooperate with the director in the compilation of pertinent statistical data and shall respond to requests by the director for information in a timely manner.

(A) Furnish limited onsite assistance to the enterprise zones when appropriate.

(B) Ensure that the locality has developed a method to make residents, businesses, and neighborhood organizations aware of the opportunities to participate in the program.

(C) Help the locality develop a marketing program for the enterprise zone.

(D) Coordinate activities of other state agencies regarding the enterprise zones.

(E) Monitor the progress of the program.

(F) Help businesses to participate in the program.

(2) Notwithstanding existing law, the provision of services in subparagraphs (A) to (F), inclusive, shall be a high priority of the department.

(b) Defense spending in California peaked at sixty billion dollars ($60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projected a further 22 percent reduction to thirty-seven billion dollars ($37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(h) California has over 36 major and 25 minor active military installations.

(i) The Department of Defense pays ten million dollars ($10,000,000) annually in fees, permits, and licenses within the state.

(j) Having been the leader in the nation's defense effort, the state must now also assume the role as leader in defending existing military installations within its borders. That role will require a coordinated effort to ensure that California promotes the necessity of existing defense facilities, assist local governments and organizations in planning

retention efforts, and design and implement a single unified plan for active defense retention efforts on the federal level.

(k) It is the intent of the Legislature that the state's role in defense retention, conversion, and military base reuse be consolidated in the Business, Transportation and Housing Agency.

(b) It is in the public interest that a portion of the funds collected by the south coast district from violators of air pollution regulations be allocated for the purpose of guaranteeing or otherwise reducing the financial risks of providing financial assistance to small businesses which face increased borrowing requirements in order to comply with air pollution control requirements.

(c) Public agencies and private lenders have a variety of methods available for providing financing assistance to small businesses and other employers, including taxable bonds, composite or pooled financing instruments, loan guarantees, and credit insurance, which could be utilized in combination with the penalties collected by the south coast district to expand the availability and reduce the cost of financing assistance.

(4) In 2001 and thereafter, the maximum annual burn acres shall be the number of acres prescribed in subdivision (i), subject to subdivisions (f) and (h).

(d) The number of allowable acres to be burned each day shall be determined by the state board and the air pollution control officers in the Sacramento Valley Air Basin and equitably allocated among rice growers in accordance with the annual agricultural burning plan adopted by the air pollution control council and approved by the state board.

(e) On or before September 1, 2000, the state board, in consultation with the department and the air pollution control council, shall adopt regulations consistent with the criteria provided in subdivisions (f) and (h). The county agricultural commissioner shall be responsible for all field inspections associated with the issuance of conditional rice straw burning permits. A conditional rice straw burning permit shall be valid for only one burn, per field, per year.

(g) The county agricultural commissioner may charge the applicant a fee not to exceed the costs incurred by the county agricultural commissioner in making the determination specified in subdivision (f). This subdivision shall be operative only until January 1, 2009.

(h) If the terms and conditions for issuing conditional rice straw burning permits specified in paragraphs (1) to (4), inclusive, are met, a conditional rice straw burning permit may be issued unless the state board and the department have jointly determined, based upon an annual review process, that there are other economically and technically feasible alternative means of eliminating the disease that are not substantially more costly to the applicant. The terms and conditions for issuing the conditional rice straw burning permits are:

(1) The fields to be burned are specifically described.

(2) The applicant has not violated any provision of this section within the previous three years.

(3) During the growing season, the county agricultural commissioner has independently determined the significant presence of a pathogen in an amount sufficient to constitute a rice disease such as stem rot.

(4) The county agricultural commissioner makes a finding that the existence of the pathogen as identified in paragraph (3) will likely cause a significant, quantifiable reduction in yield in the field to be burned during the current or next growing season. The findings of the county agricultural commissioner shall be based on recommendations adopted by the advisory group established pursuant to subdivision (e).

(i) (1) The maximum annual number of acres burned in the Sacramento Valley Air Basin pursuant to paragraph (4) of subdivision (c) shall be the lesser of:

(A) The total of 25 percent of each individual applicant's planted acres that year.

(B) A total of 125,000 acres planted in the Sacramento Valley Air Basin.

(2) Each grower shall be eligible to burn up to 25 percent of the grower's planted acres, as determined by the air pollution control officers in the Sacramento Valley Air Basin and subject to the maximum annual number of acres burned set forth in paragraph (1), if the grower has met the criteria for a conditional rice straw burning permit.

(3) The air pollution control council shall annually determine which is the lesser of subparagraphs (A) and (B) of paragraph (1), and shall determine the maximum percentage applicable to all growers subject to the conditions set forth in subdivisions (f) and (h).

(4) A grower who owns or operates 400 acres or less who has met the criteria for the issuance of a conditional rice straw burning permit may burn his or her entire acreage once every four years, provided that the limit prescribed in paragraph (1) is not exceeded.

(5) Nothing in this subdivision shall permit an applicant to transfer, sell, or trade any permission to burn granted pursuant to this subdivision to another applicant or individual.

(j) The state board and the department shall jointly determine if the allowable acres to be burned, as provided in subdivisions (c), (f), and (h), may be exceeded due to extraordinary circumstances, such as an act of God, that have an impact over a continuing duration and make alternatives other than burning unusable.

(k) ''Administrative burning'' means burning of vegetative materials along roads, in ditches, and on levees adjacent to or within a rice field, or the burning of vegetative materials on rice research facilities authorized by the county agricultural commissioner, not to exceed 2,000 acres. Members of the committee shall be from the Sacramento Valley Air Basin, and the committee shall consist of two rice growers, two representatives from the environmental community, two health officials, two county supervisors or their designees, one member from the air pollution control council, and one member from the business community with expertise in market or product development. The committee shall meet at least annually. General Fund moneys shall not be used to support the committee.

(2) The committee shall develop a list of priority goals for the development of alternative uses of rice straw for the purpose of developing feasible and cost-effective alternatives to rice straw burning. These goals shall include, but not be limited to, research on alternatives, economic incentives to encourage alternative uses, and new product development.

(m) On or before September 1, 1998, the state board, in consultation with the department, and the advisory committee, shall develop an implementation plan and a schedule to achieve diversion of not less than 50 percent of rice straw produced toward off-field uses by 2000. Off-field uses may include, but are not limited to, the production of energy and fuels, construction materials, pulp and paper, and livestock feed.

(n) On or before September 1, 1999, the state board and the department shall jointly report to the Legislature on the progress of the phasedown of, and the identification and implementation of alternatives to, rice straw burning. This report shall include an economic and environmental assessment, the status of feasible and cost-effective alternatives to rice straw burning, recommendations from the advisory committee on the development of alternatives to rice straw burning, the status of the implementation plan and the schedule required by subdivision (m), progress toward achieving the 50 percent diversion

goal, any recommended changes to this section, and other issues related to this section. The report shall be updated biennially and transmitted to the Legislature not later than September 1 of each odd-numbered year. The state board may adjust the district burn permit fees specified in subdivision (s) to pay for the preparation of the report and its updates. The districts shall collect and remit the adjustment to the state board, which shall deposit the fees in the Motor Vehicle Account in the State Transportation Fund. It shall be the goal of the state board and the department that the cost of the report and its updates shall not exceed fifty thousand dollars ($50,000).

(o) The state board and the Department of Food and Agriculture shall jointly collect and analyze all available data relevant to the air quality and public health impacts and, to the extent feasible, the economic impacts, that may be associated with the burning of rice straw pursuant to the schedule provided in paragraph (1) of subdivision (c). On or before July 1, 2001, the state board shall submit a report to the Legislature presenting its findings regarding the air quality, public health, and economic impacts associated with the burning of rice straw pursuant to the schedule provided in paragraph (1) of subdivision (c).

(p) The Legislature hereby finds and declares as follows:

(1) Because of the requirements imposed by this section, rice straw that was previously burned may present, as solid waste, a new disposal problem.

(2) The state should assist local governments and growers in diverting rice straw from landfills by researching and developing diversion options.

(q) It is the intent of the Legislature that all feasible alternatives to rice straw burning and options for diverting rice straw from landfills be encouraged.

(r) This subdivision confirms that reductions in emissions from rice straw burning qualify for air quality offsets, in accordance with paragraphs (1) and (2).

(1) These credits shall meet the requirements specified in state law and district rules and regulations, and shall comply with applicable district banking rules established pursuant to Sections 40709 to 40713, inclusive. Districts are urged to establish banking systems in accordance with Sections 40709 to 40713, inclusive. The state board may adopt regulations to implement this subdivision, including, but not limited to, consideration of the seasonal and intermittent nature of rice straw burning emissions. In developing the regulations, the state board shall consult with all concerned parties. However, emission reduction credits that would otherwise accrue from reductions in emissions from rice straw burning shall not be affected or negated by the phasedown of burning, as specified in subdivision (c).

(2) Reductions in emissions achieved in compliance with subdivision (c) that are banked or used as credits shall not be credited for purposes of attainment planning and progress towards the attainment of any state or national ambient air quality standard as required by state and federal law.

(s) (1) Any person who negligently or intentionally violates any provision of this article is guilty of a misdemeanor and is subject to a fine of not more than ten thousand dollars ($10,000), imprisonment in the county jail for not more than nine months, or by both that fine and imprisonment. This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(2) Any person who negligently or intentionally violates any provision in this article is liable for a civil penalty of not more than ten thousand dollars ($10,000). This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(t) Districts in the Sacramento Valley Air Basin shall impose fees on growers to cover the cost of implementing this section pursuant to Section 42311.

(u) To the extent that resources are available, the state board and the agencies with jurisdiction over air quality within the Sacramento Valley Air Basin shall do both of the following:

(1) Improve responses to citizen complaints, and, to the extent feasible, immediately investigate and analyze smoke complaints from the public to identify factors that contribute to complaints and to develop better smoke control measures to be included in the agricultural burning plan, keep a record of all complaints, coordinate among other agencies on citizens' complaints, and investigate the source of the pollution causing the complaint.

(2) Respond more quickly to requests for update from county air pollution control officers to help maximize burning days when meteorological conditions are best suited for smoke dispersion.

10200. The Legislature finds and declares the following:

(a) California's economy is being challenged by competition from other states and overseas. In order to meet this challenge, California's employers, workers, labor organizations, and government need to invest in a skilled and productive workforce, and in developing the skills of frontline workers. For purposes of this section, ''frontline worker'' means a worker who directly produces or delivers goods or services.

The purpose of this chapter is to establish a strategically designed employment training program to promote a healthy labor market in a growing, competitive economy that shall fund only projects that meet the following criteria:

(1) Foster creation of high-wage, high-skilled jobs, or foster retention of high-wage, high-skilled jobs in manufacturing and other industries that are threatened by out-of-state and global competition, including, but not limited to, those industries in which targeted training resources for California's small and medium-sized business suppliers will increase the state's competitiveness to secure federal, private sector, and other nonstate funds. Provide for retraining contracts in companies that make a monetary or in-kind contribution to the funded training enhancements.

(2) Encourage industry-based investment in human resources development that promotes the competitiveness of California industry through productivity and product quality enhancements.

(3) Result in secure jobs for those who successfully complete training. All training shall be customized to the specific requirements of one or more employers or a discrete industry and shall include general skills that trainees can use in the future.

(4) Supplement, rather than displace, funds available through existing programs conducted by employers and government-funded training programs, such as the Workforce Investment Act of 1998, the Carl D. Perkins Vocational Education Act, CalWORKs, the Enterprise Zone Act, and the Stewart B. McKinney Homeless Assistance Act, the California Community Colleges Economic Development Program, or apportionment funds allocated to the community colleges, regional occupational centers and programs, or other local educational agencies. In addition, it is further the intention of the Legislature that programs developed pursuant to this chapter shall not replace, parallel, supplant, compete with, or duplicate in any way already existing approved apprenticeship programs.

(b) The Employment Training Panel, in funding projects that meet the requirements of subdivision (a), shall give funding priority to those projects that best meet the following goals:

(1) Result in the growth of the California economy by stimulating exports from the state, and the production of goods and services that would otherwise be imported from outside the state.

(2) Train new employees of firms locating or expanding in the state that provide high-skilled, high-wage jobs and are committed to an ongoing investment in the training of frontline workers.

(3) Develop workers with skills that prepare them for the challenges of a high performance workplace of the future.

(4) Train workers who have been displaced, have received notification of impending layoff, or are subject to displacement, because of a plant closure, workforce reduction, changes in technology, or significantly increasing levels of international and out-of-state competition.

(5) Are jointly developed by business management and worker representatives.

(6) Develop career ladders for workers.

(7) Promote the retention and expansion of the state's manufacturing workforce.

(c) The program established through this chapter is to be coordinated with all existing employment training programs and economic development programs, including, but not limited to, programs such as the Workforce Investment Act of 1998, the California Community Colleges, the regional occupational programs, vocational education programs, joint labor-management training programs, and related

programs under the Employment Development Department and the Business, Transportation and Housing Agency.

The initial update of the plan shall be submitted not later than July 1, 1994, and annual updates of the plan thereafter shall be submitted not later than July 1 of each year. (3) A system for expedited review of proposals that are substantially similar with respect to employer needs, training curriculum, duration of training, and costs of training, in order to encourage the development of proposals that meet the needs identified in paragraph (2).

(e) Establish minimum standards for the consideration of proposals, which shall include, but not be limited to, the identification of employers who have been contacted by the contractor and who have provided reasonable assurance that they will employ successful trainees, the number of jobs available, the skill requirements for the identified jobs, the projected cost per person trained, hired, and retained in employment, the wages paid successful trainees upon placement, and the curriculum for the training. No proposal shall be considered or approved that proposes training for employment covered by a collective bargaining agreement unless the signatory labor organization agrees in writing.

(D) A contractor is prohibited from utilizing any funds earned or paid as advances or progress payments for the purpose of making payments to any other individual or entity, either directly or indirectly, for costs incurred as a finder's fee or for other compensation related to the predevelopment or development phase of a training program, which is based on a percentage of the preliminary or final panel award to the contractor for the training project.

(2) (A) Costs of program administration incurred under this chapter. These costs shall be reviewed annually by the Department of Finance and the Legislature and determined through the normal budgetary process.

(B) The panel's administrative costs, exclusive of the cost of administering Section 976.6, shall not exceed 15 percent of the total amount annually appropriated for expenditure by the panel. Expenditures for marketing, research, and evaluations provided under the contract to the panel that otherwise would have been provided directly by the panel shall not be included in this limitation.

Article 2. Tax Amnesty Program

7070. The board shall develop and administer a tax amnesty program for taxpayers subject to Part 1 (commencing with Section 6001), as provided in this article.

7071. The tax amnesty program shall be conducted for a two month period beginning February 1, 2005 through March 31, 2005, inclusive, or during a timeframe ending no later than June 30, 2005. The program shall apply to tax liabilities due and payable for tax reporting periods beginning before January 1, 2003.

7072. (a) For any taxpayer who meets the requirements of Section 7073:

(1) The board shall waive all penalties imposed by this part, for the tax reporting periods for which tax amnesty is allowed for the nonreporting or underreporting of tax liabilities or the nonpayment of any taxes previously determined or proposed to be determined.

(2) Except as provided in subdivision (b), no criminal action shall be brought against the taxpayer, for the tax reporting periods for which tax amnesty is requested, for the nonreporting or underreporting of tax liabilities.

(b) This section does not apply to violations of this part for which, as of the first day of the amnesty period specified in Section 7071, (1) the taxpayer is on notice of a criminal investigation by a complaint having been filed against him or her or by written notice having been mailed to him or her that he or she is under criminal investigation, or (2) a court proceeding has already been initiated.

(c) No refund or credit shall be granted of any penalty paid prior to the time the taxpayer makes a request for tax amnesty pursuant to Section 7073.

7073. (a) This article shall apply to any taxpayer who, during the amnesty period specified in Section 7071, meets all of the following:

(1) Is eligible to participate in the tax amnesty program.

(2) Files a completed amnesty application with the board, signed under penalty of perjury, to participate in the tax amnesty program.

(3) Within 60 days after the conclusion of the tax amnesty period, does all of the following:

(A) Files completed tax returns for all tax reporting periods for which he or she has not previously filed a tax return and files completed amended returns for all tax reporting periods for which he or she underreported his or her tax liability.

(B) Pays in full the taxes and interest due for all periods for which amnesty is requested, or applies for an installment agreement under subdivision (b).

(C) For taxpayers who have not paid in full any tax liabilities due and payable for tax reporting periods beginning before January 1, 2003, pays in full the taxes and interest due for each period for that portion of the proposed determination for each period for which amnesty is requested or applies for an installment payment agreement under subdivision (b).

(4) In the case of any taxpayer that has filed for bankruptcy protection under Title 11 of the United States Code, submits an order from a Federal Bankruptcy Court allowing the taxpayer to participate in the amnesty program.

(b) The board may enter into an installment payment agreement in lieu of the complete payment required under subparagraph (B) of paragraph (3) of subdivision (a), but only if final payment under the terms of that installment payment agreement is due and is paid no later than June 30, 2006. The installment payment agreement shall include interest on the outstanding amount due at the rate prescribed by law. Failure by the taxpayer to fully comply with the terms of the installment payment agreement shall render the waiver of penalties null and void, unless the board determines that the failure was due to reasonable causes, and the total amount of tax, interest, and all penalties shall be immediately due and payable.

(c) If, subsequent to the amnesty period specified in Section 7071, the board issues a deficiency determination upon a return filed pursuant to subdivision (a), or upon any other nonreporting or underreporting of tax liability by any person who could have otherwise been eligible for amnesty, the board shall impose penalties at a rate that is double the rate of penalties described in law and criminal action may be brought under this part only with respect to the difference between the amount shown on that return and the correct amount of tax, or the amount of unreported or underreported tax, whichever the case may be. This action may not invalidate any waivers granted under Section 7072.

(d) If the board issues a deficiency determination under conditions described in subdivision (c), the board may issue that deficiency determination within 10 years from the last day of the calendar month following the quarterly period for which the amount is proposed to be determined.

(e) The application required under paragraph (2) of subdivision (a) shall be in the form and manner specified by the board, but in no case shall a mere payment of any taxes and interest due, in whole or in part, for any period otherwise eligible for amnesty under this part, be deemed to constitute an acceptable amnesty application under this part. For purposes of the preceding sentence, the application of a refund from one period to offset a tax liability for another period otherwise eligible for amnesty shall not be allowed without the filing of an amnesty application under this part.

7074. (a) Except for taxpayers who have entered into an installment payment agreement pursuant to subdivision (b) of Section 7073, there shall be added to the tax for each period for which amnesty could have been requested:

(1) For amounts that are due and payable on the last date of the amnesty period, an amount equal to 50 percent of the accrued interest payable under Section 6591 for the period beginning on the date in which the tax was due and ending on the last day of the amnesty period specified in Section 7071.

(2) An amount equal to 50 percent of the interest computed under Section 6591 on any final amount, including final deficiencies and self-assessed amounts, for the period beginning on the date in which the tax was due and ending on the last day of the amnesty period specified in Section 7071.

(b) The penalty imposed by this section is in addition to any other penalty imposed under this part.

(c) Article 2 (commencing with Section 6481) does not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

(d) Notwithstanding Chapter 7 (commencing with Section 6901), a taxpayer may not file a claim for refund for any amounts paid in connection with the penalty imposed in subdivision (a).

7075. Any taxpayer who has an existing installment payment agreement under Section 6832 as of the start of the amnesty program, and who does not participate in the amnesty program, may not be subject to the penalty imposed under Section 7074.

7076. The board shall issue forms and instructions and take other actions needed to implement this article. The provisions contained in subdivision (c) of Section 19735, to the extent feasible and practical, shall also apply to the board.

7077. The board shall adequately publicize the tax penalty amnesty program so as to maximize public awareness of the participation in the program. The board shall coordinate to the highest degree possible its publicity efforts and other actions taken in implementing this article with similar programs administered by the Franchise Tax Board.

7078. Subdivision (b) of Section 19736, to the extent feasible and practical, shall also apply to the board.

(IV) As determined under regulations prescribed by either the Secretary of the Treasury for federal income tax purposes or the Franchise Tax Board, has a continuing financial interest with respect to the transaction.

(iii) For purposes of clause (i), an opinion is disqualified if the opinion meets any of the following conditions:

(I) Is based on unreasonable, factual, or legal assumptions (including assumptions as to future events).

(II) Unreasonably relies on representations, statements, findings, or agreements of the taxpayer or any other person.

(III) Does not identify and consider all relevant facts.

(IV) Fails to meet any other requirement as either the Secretary of the Treasury for federal income tax purposes or the Franchise Tax Board may by forms and instructions prescribe.

(e) Section 6665 of the Internal Revenue Code, relating to applicable rules, shall apply, except as otherwise provided.

(f) For taxpayers that have been contacted by the Franchise Tax Board regarding the use of a potentially abusive tax shelter (within the meaning of Section 19777), Section 461(i)(3)(C) of the Internal Revenue Code is modified by substituting a reference to ''Section 1274(b)(3)(B) of the Internal Revenue Code, as modified by subdivision (g) of Section 19164'' instead of the reference to ''Section 6662(d)(2)(C)(iii)'' contained therein.

(g) For taxpayers that have been contacted by the Franchise Tax Board regarding the use of a potentially abusive tax shelter (within the meaning of Section 19777), Section 1274(b)(3)(B)(i) of the Internal Revenue Code is modified to provide that for purposes of Section 1274(b)(3)(B) of the Internal Revenue Code, the term ''tax shelter'' means (1) a partnership or other entity, (2) any investment plan or arrangement, or (3) any other plan or arrangement, if a significant purpose of the partnership, entity, plan, or arrangement is the avoidance or evasion of federal income tax or the tax imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

SEC. 10. Article 4 (commencing with Section 19590) is added to Chapter 7 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 4. Tax Service Fees

19590. The Legislature finds and declares all of the following:

(a) In addition to standard services that the Franchise Tax Board provides to all taxpayers and the public, the board also, upon request, provides specialized taxpayer services to individuals and entities.

(b) The provision of specialized taxpayer services imposes additional costs on the agency which are borne by all taxpayers.

(c) The full cost of administering specialized taxpayer services should be paid by the individual or entity that requests and receives the specialized taxpayer services, rather than by all taxpayers.

(d) Establishing a specialized service fee is the most efficient and convenient way to recover the full costs of administering and providing specialized taxpayer services.

(e) The amount of the specialized service fee imposed on an individual or an entity pursuant to this article shall be reasonably related to the actual costs incurred by the board to provide the specialized taxpayer service.

(f) The revenues derived from the fees imposed pursuant to this article are not the proceeds of taxes within the meaning Section 3 of Article XIII A of the California Constitution.

19591. (a) Specialized tax services fees shall be imposed upon the following services provided by the board:

(1) Installment payment programs.

(2) Expedited services for:

(A) Corporation revivor requests.

(B) Tax clearance certificate requests.

(C) Tax-exempt status requests.

(b) (1) For periods on or after the effective date of this section and prior to January 1, 2006, the Franchise Tax Board shall publish by notice a schedule of specialized tax services fees to be imposed, which notice shall be exempt from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The amounts of these fees under this paragraph shall be calculated in the same general manner as required under paragraph (2).

(2) Commencing on January 1, 2006, the amount of the specialized tax services fees shall be established by the board through regulations adopted pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be established in the manner and in the amounts necessary to reimburse the board for the costs of administering the specialized services, including the board's direct and indirect costs for providing specialized tax services.

19592. All fees received by the Franchise Tax Board under this article shall be treated as reimbursement for the board's costs.

SEC. 11. Chapter 9.1 (commencing with Section 19730) is added to Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 9.1. TAX AMNESTY

19730. The Franchise Tax Board shall administer a tax amnesty program for taxpayers subject to Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001), as provided in this chapter.

19731. The tax amnesty program shall be conducted during a two-month period beginning February 1, 2005, and ending March 31, 2005, inclusive, or during a timeframe ending no later than June 30, 2005, pursuant to Section 19733. The program shall apply to tax liabilities for taxable years beginning before January 1, 2003.

19732. (a) For any taxpayer who meets each of the requirements of Section 19733, subject to the conditions set forth in Section 19737:

(1) The Franchise Tax Board shall waive all unpaid penalties and fees imposed by this part for each taxable year for which tax amnesty is allowed, but only to the extent of the amount of any penalty or fee that is owed as a result of previous nonreporting or underreporting of tax liabilities or prior nonpayment of any taxes previously assessed or proposed to be assessed for that taxable year.

(2) Except as provided in subdivision (b), no criminal action shall be brought against the taxpayer for the taxable years for which tax amnesty is allowed for the nonreporting or underreporting of tax liabilities or the nonpayment of any taxes previously assessed or proposed to be assessed.

(b) This chapter shall not apply to violations of this part, for which, as of February 1, 2005, any of the following applies:

(1) The taxpayer is on notice of a criminal investigation by a complaint having been filed against the taxpayer.

(2) The taxpayer is under criminal investigation.

(3) A court proceeding has already been initiated.

(c) This section shall not apply to any nonreported or underreported tax liability amounts attributable to tax shelter items that could have been reported under either the voluntary compliance initiative under Chapter 9.5 (commencing with Section 19751) or the Internal Revenue Service's Offshore Voluntary Compliance Initiative described in Revenue Procedure 2003–11.

(d) No refund or credit shall be granted with respect to any penalty or fee paid with respect to a taxable year prior to the time the taxpayer makes a request for tax amnesty for that taxable year pursuant to Section 19733.

(e) Notwithstanding Chapter 6 (commencing with Section 19301), a taxpayer may not file a claim for refund or credit for any amounts paid in connection with the tax amnesty program under this chapter.

19733. (a) This chapter shall apply to any taxpayer who, during the tax amnesty program period specified in Section 19731:

(1) Is eligible to participate in the tax amnesty program.

(2) Files a completed amnesty application with the Franchise Tax Board, signed under penalty of perjury, electing to participate in the tax amnesty program.

(3) Within 60 days after the conclusion of the tax amnesty period, does the following:

(A) (i) For any taxable year eligible for the tax amnesty program where the taxpayer has not filed any required return, files a completed original tax return for that year, or

(ii) For any taxable year eligible for the tax amnesty program where the taxpayer filed a return but underreported tax liability on that return, files an amended return for that year.

(B) Pays in full any taxes and interest due for each taxable year described in clauses (i) and (ii) of subparagraph (A), as applicable, for which amnesty is requested, or applies for an installment payment agreement under subdivision (b). For taxpayers who have not paid in full any taxes previously proposed to be assessed, pays in full the taxes and interest due for that portion of the proposed assessment for each taxable year for which amnesty is requested or applies for an installment payment agreement under subdivision (b).

(4) For purposes of complying with the full payment provisions of paragraph (3) of subdivision (a), if the full amount due is paid within the period set forth in paragraph (3) of subdivision (c) of Section 19101 after the date the Franchise Tax Board mails a notice resulting from the filing of an amnesty application or the full amount is paid within 60 days after the conclusion of the tax amnesty period, the full amount due shall be treated as paid during the amnesty period.

(5) In the case of any taxpayer that has filed for bankruptcy protection under Title 11 of the United States Code, submits an order from a Federal Bankruptcy Court allowing the taxpayer to participate in the amnesty program.

(b) (1) For purposes of complying with the full payment provisions of subparagraph (B) of paragraph (3) of subdivision (a), the Franchise Tax Board may enter into an installment payment agreement, but only if final payment under the terms of that installment payment agreement is due and is paid no later than June 30, 2006.

(2) Any installment payment agreement authorized by this subdivision shall include interest on the outstanding amount due at the rate prescribed in Section 19521.

(3) Failure by the taxpayer to fully comply with the terms of an installment payment agreement under this subdivision shall render the waiver of penalties and fees under Section 19732 null and void, unless the Franchise Tax Board determines that the failure was due to reasonable cause and not due to willful neglect.

(4) In the case of any failure described under paragraph (3), the total amount of tax, interest, fees, and all penalties shall become immediately due and payable.

(c) (1) The application required under paragraph (2) of subdivision (a) shall be in the form and manner specified by the Franchise Tax Board, but in no case shall a mere payment of any taxes and interest due, in whole or in part, for any taxable year otherwise eligible for amnesty under this part, be deemed to constitute an acceptable amnesty application under this part. For purposes of the prior sentence, the application of a refund from one taxable year to offset a tax liability from another taxable year otherwise eligible for amnesty shall not, without the filing of an amnesty application, be deemed to constitute an acceptable amnesty application under this part.

(2) The Legislature specifically intends that the Franchise Tax Board, in administering the amnesty application requirement under this part, make the amnesty application process as streamlined as possible to ensure participation in the amnesty program will be available to as many taxpayers as possible without otherwise compromising the Franchise Tax Board's ability to enforce and collect the taxes imposed under Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001).

(d) Upon the conclusion of the tax amnesty program period, the Franchise Tax Board may propose a deficiency upon any return filed pursuant to subparagraph (A) of paragraph (3) of subdivision (a), impose penalties and fees, or initiate criminal action under this part with respect to the difference between the amount shown on that return and the correct amount of tax. This action shall not invalidate any waivers previously granted under Section 19732.

(e) All revenues derived pursuant to subdivision (c) shall be subject to Sections 19602 and 19604.

19734. Notwithstanding any other provision of this chapter, if any overpayment of tax shown on an original or amended return filed under this article is refunded or credited within 180 days after the return is filed, no interest shall be allowed under Section 19340 on that overpayment.

19735. (a) The Franchise Tax Board may issue forms, instructions, notices, rules, or guidelines, and take any other necessary actions, needed to implement this chapter, specifically including any forms, instructions, notices, rules, or guidelines that specify the form and

manner of any acceptable form of amnesty application described in Section 19733.

(b) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code does not apply to any standard, criterion, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board pursuant to this chapter.

19736. (a) The Franchise Tax Board shall conduct a public outreach program and adequately publicize the tax amnesty program so as to maximize public awareness and to make taxpayers aware of the program. In addition, the Franchise Tax Board shall make taxpayers aware of the new and increased penalties associated with taxpayer failure to participate in the tax amnesty program.

(b) The Franchise Tax Board shall make reasonable efforts to identify taxpayer liabilities and, to the extent practicable, will send written notice to taxpayers of their eligibility for the tax amnesty program. However, failure of the Franchise Tax Board to notify a taxpayer of the existence or correct amount of a tax liability eligible for amnesty shall not preclude the taxpayer from participating in the tax amnesty program, nor shall such failure be grounds for abating the penalty imposed under Section 19777.5.

19737. (a) In the case of any taxpayer who participates in the tax amnesty program under this chapter, receives a waiver of all penalties and fees, and subsequently fails to pay any amount of tax (including penalties, fees and other amounts) for the 2005 or 2006 taxable year, which failure results in the imposition of a collection cost recovery fee under Section 19254, then the previous waiver of the penalties and fees under the tax amnesty program shall be rendered null and void, and all penalties, fees, and associated interest shall be immediately due and payable.

(b) Article 3 (commencing with Section 19031), relating to deficiency assessments, shall not apply with respect to the assessment or collection of any penalty, fee, or interest imposed pursuant to subdivision (a).

(c) Notwithstanding Chapter 6 (commencing with Section 19301), a taxpayer may not file a claim for refund or credit for any amounts paid in connection with any penalty, fee, or interest imposed pursuant to subdivision (a).

19738. Any taxpayer who has an existing installment payment agreement under Section 19008 as of the start of the amnesty program, and who does not participate in the amnesty program, may not be subject to the penalty imposed under Section 19777.5.

SEC. 12. Section 19777.5 is added to the Revenue and Taxation Code, to read:

19777.5. (a) There shall be added to the tax for each taxable year for which amnesty could have been requested:

(1) For amounts that are due and payable on the last day of the amnesty period, an amount equal to 50 percent of the accrued interest payable under Section 19101 for the period beginning on the last date prescribed by law for the payment of that tax (determined without regard to extensions) and ending on the last day of the amnesty period specified in Section 19731.

(2) For amounts that become due and payable after the last date of the amnesty period, an amount equal to 50 percent of the interest computed under Section 19101 on any final amount, including final deficiencies and self-assessed amounts, for the period beginning on the last date prescribed by law for the payment of the tax for the year of the deficiency (determined without regard to extensions) and ending on the last day of the amnesty period specified in Section 19731.

(b) The penalty imposed by this section is in addition to any other penalty imposed under Part 10 (commencing with Section 17001), Part 11 (commencing with Section 23001), or this part.

(c) This section does not apply to any amounts that are treated as paid during the amnesty program period under paragraph (4) of subdivision (a) of Section 19733 or paragraph (1) of subdivision (b) of Section 19733.

(d) Article 3 (commencing with Section 19031), (relating to deficiency assessments) shall not apply with respect to the assessment or collection of any penalty imposed by subdivision (a).

(e) Notwithstanding Chapter 6 (commencing with Section 19301), a taxpayer may not file a claim for refund or credit for any amounts paid in connection with the penalty imposed in subdivision (a).

SEC. 13. Section 23630 of the Revenue and Taxation Code is amended to read:

23630. (a) There shall be allowed as a credit against the ''tax,'' as defined in Section 23036, an amount equal to 55 percent of the fair market value of any qualified contribution made on or after January 1, 2000, and not later than June 30, 2008, by the taxpayer during the taxable year to the state, any local government, or any designated nonprofit organization, pursuant to Division 28 (commencing with Section 37000) of the Public Resources Code.

(b) For purposes of this section, ''qualified contribution'' means a contribution of property, as defined in Section 37002 of the Public Resources Code, that has been approved for acceptance by the Wildlife Conservation Board pursuant to Division 28 (commencing with Section 37000) of the Public Resources Code.

(c) In the case of any passthrough entity, the fair market value of any qualified contribution approved for acceptance under Division 28

(commencing with Section 37000) of the Public Resources Code shall be passed through to the partners or shareholders of the passthrough entity in accordance with their interest in the passthrough entity as of the date of the qualified contribution. For purposes of this subdivision, the term ''passthrough entity'' means any partnership or ''S'' corporation.

(d) If the credit allowed by this section exceeds the ''tax,'' the excess may be carried over to reduce the ''tax'' in the following year, and the succeeding seven years if necessary, until the credit is exhausted.

(e) This credit shall be in lieu of any other credit or deduction that the taxpayer may otherwise claim pursuant to this part with respect to the property or any interest therein that is contributed.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the current fiscal crisis, it is necessary that this act go into immediate effect.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 352 of the Business and Professions Code is amended to read:

352. (a) Subject to subdivision (b), the department shall commence activities under this article no later than January 1, 2002.

(b) The provisions of this article shall only be operative for those years in which there is an appropriation from the General Fund in the Budget Act to fund the activities required by this article.

(c) Funding sources other than the General Fund may be used to support this activity.

SEC. 3. Section 18800 of the Business and Professions Code is amended to read:

18800. As of July 1, 2004, all moneys received by the commission under this chapter shall be accounted for and reported by detailed statements furnished by the commission to the Controller at least once a month. At the same time, these moneys, other than those that have been received by the commission pursuant to Section 18882, shall be remitted to the Treasurer and shall be deposited in the Athletic Commission Fund, which is hereby created.

SEC. 7. Section 23095 of the Business and Professions Code is amended to read:

23095. (a) Whenever a decision of the department suspending a license becomes final, whether by failure of the licensee to appeal the decision or by exhaustion of all appeals and judicial review, the licensee may, before the operative date of the suspension, petition the department for permission to make an offer in compromise, to be paid into the Alcohol Beverage Control Fund, consisting of a sum of money in lieu of serving the suspension.

(b) No licensee may petition the department for an offer in compromise in any case in which the proposed suspension is for a period in excess of 15 days.

(c) Upon the receipt of the petition, the department may stay the proposed suspension and cause any investigation to be made which it deems desirable and may grant the petition if it is satisfied that the following conditions are met:

(1) The public welfare and morals would not be impaired by permitting the licensee to operate during the period set for suspension and the payment of the sum of money will achieve the desired disciplinary purposes.

(2) The books and records of the licensee are kept in such a manner that the loss of sales of alcoholic beverages that the licensee would have suffered had the suspension gone into effect can be determined with reasonable accuracy therefrom.

(d) The offer in compromise for retail licensees shall be the equivalent of 50 percent of the estimated gross sales of alcoholic beverages for each day of a proposed suspension, subject to the following limits:

(1) The offer in compromise may not be less than seven hundred fifty dollars ($750) nor more than three thousand dollars ($3,000).

(2) If the petitioning retailer has had any other accusation filed against him or her by the department during the three years prior to the date of the petition that has resulted in a final decision to suspend or revoke the retail license concerned, the offer in compromise may be not less than one thousand five hundred dollars ($1,500) nor more than six thousand dollars ($6,000).

(e) Notwithstanding subdivision (b), a licensee may petition the department for an offer in compromise for a second violation of Section 25658 that occurs within 36 months of the initial violation without regard to the period of suspension. In these cases, the offer in compromise shall be the equivalent of 50 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise may be not less than two thousand five hundred dollars ($2,500) nor more than twenty thousand dollars ($20,000).

(f) (1) The offer in compromise for nonretail licensees shall be the equivalent of 50 percent of the estimated gross sales of alcoholic beverages for each day of the proposed suspension, and the offer in compromise may not be less than seven hundred fifty dollars ($750) and may not exceed ten thousand dollars ($10,000) unless the nonretail licensee has violated Section 25500, 25502, 25503, or 25600 by giving to any licensee illegal inducements, secret rebates, or free goods amounting to more than ten thousand dollars ($10,000) in value, in which case the offer in compromise shall be equal to the value of the illegal inducements, secret rebates, or free goods given.

(2) Notwithstanding paragraph (1), any nonretail licensee who pays an offer in compromise based upon a violation in the exercise of any

retail privileges of that license shall have the offer in compromise computed on estimated retail gross sales only pursuant to subdivision (d).

(3) All moneys collected as a result of penalties imposed under this subdivision shall be deposited directly in the General Fund in the State Treasury, rather than the Alcohol Beverage Control Fund as provided for in Section 25761.

SEC. 8. Section 25658.1 of the Business and Professions Code is amended to read:

25658.1. (a) Notwithstanding any other provision of this division, no licensee may petition the department for an offer in compromise pursuant to Section 23095 for a third or any subsequent violation of Section 25658 that occurs within 36 months of the initial violation.

(b) Notwithstanding Section 24200, the department may revoke a license for a third violation of Section 25658 that occurs within any 36-month period. This provision shall not be construed to limit the department's authority and discretion to revoke a license prior to a third violation when the circumstances warrant that penalty.

(c) For purposes of this section, no violation may be considered for purposes of determination of the penalty until it has become final.

SEC. 8.5. Section 3294.5 is added to the Civil Code, to read:

3294.5. (a) The Legislature finds and declares that extraordinary and dire budgetary needs have forced the enactment of this extraordinary measure to allocate temporarily for the state's Public Benefit Trust Fund a substantial portion of any punitive damages paid from a judgment during the limited time period specified in the statute. The Legislature further finds and declares that this uniquely extraordinary legislative action shall not be construed or interpreted in any way to establish any policy, precedent, presumption, or inference in any case or in any other setting, including future legislatures, regarding the award of punitive damages, its allocation, or the payment of attorney's fees arising in connection therewith.

(b) Punitive damages awarded pursuant to a final judgment shall be paid, as follows:

(1) Seventy-five percent shall be paid to the Public Benefit Trust Fund, which is hereby created in the State Treasury, to be administered by the Department of Finance. Amounts deposited into the Public Benefit Trust Fund shall be available for annual appropriation in the Budget Act and shall be used for purposes consisted with the nature of the award, but in no case shall be used to fund the courts or judicial programs. Amounts deposited in the Public Benefit Trust Fund shall also be available for the purposes specified in subdivision (d).

(2) Twenty-five percent to the plaintiff or plaintiffs.

(c) Upon a final judgment that includes punitive damages, after payment of costs if any, to the plaintiff, the judgment debtor shall do all of the following:

(1) Pay the Public Benefit Trust Fund's proportional share of the punitive damages to the Director of the Department of Finance for deposit in the Public Benefit Trust Fund.

(2) Pay to the plaintiff's attorney, the plaintiff's proportional share of punitive damages.

(3) Notify the plaintiff's attorney of the amount of punitive damages paid to the Public Benefit Trust Fund.

(d) Upon deposit in the Public Benefit Trust Fund of proceeds from a final judgment punitive damages award, the plaintiff's attorney in the action giving rise to those proceeds shall be entitled to 25 percent of the proceeds received by the fund from the punitive damages award in that action. Notwithstanding Section 13340 of the Government Code, the plaintiff's attorney's share of the proceeds shall be continuously appropriated to pay those attorney's fees, provided that any claim for payment by the plaintiff's attorney shall be paid by the fund on July 1 of the next fiscal year.

(e) The state shall not be a party in interest to, and shall not intervene in, any action in which its sole interest is the potential recovery of a portion of a punitive damages award under this section. The state shall not file any amicus curiae brief regarding the propriety of, or the amount of, any punitive damages award in any action in which its sole interest is the potential recovery of a portion of a punitive damages award under this section. The state's sole right to the proceeds of a punitive damages award is as provided in this section.

(f) Notwithstanding any other provision of law, any attorney's fees paid to an attorney from the plaintiff's share of the award shall be deemed to be the income of the attorney and not income to the plaintiff for state and local taxation purposes.

(g) A jury shall not be informed that any portion of a punitive damages award will be paid to a government fund, and no argument or inference shall be made to a jury that a punitive damages award would result in a windfall to the plaintiff or plaintiffs. However, nothing in this section shall be construed to affect a punitive damages award if a juror or jurors had independent knowledge that a portion of a punitive damages award will be paid to a government fund.

(h) This section shall only apply to actions filed after the effective date of this section and finally adjudicated, including the resolution of all mandatory or discretionary appeals, the resolution of any motion for attorney's fees on appeal and any appeals therefrom, and the issue of final remittitur, prior to the date this section ceases to be operative.

(i) This section shall remain in effect until July 1, 2006, and as of that date is repealed, unless a later enacted statute extends or deletes that date.

SEC. 9. Section 215 of the Code of Civil Procedure is amended to read:

215. (a) Except as provided in subdivision (b), on and after July 1, 2000, the fee for jurors in the superior court, in civil and criminal cases, is fifteen dollars ($15) a day for each day's attendance as a juror after the first day.

(b) A juror who is employed by a federal, state, or local government entity, or by any other public entity as defined in Section 481.200, and who receives regular compensation and benefits while performing jury service, may not be paid the fee described in subdivision (a).

(c) All jurors in the superior court, in civil and criminal cases, shall be reimbursed for mileage at the rate of thirty-four cents ($0.34) per mile for each mile actually traveled in attending court as a juror after the first day, in going only.

SEC. 10. Section 405.20 of the Code of Civil Procedure is amended to read:

405.20. A party to an action who asserts a real property claim may record a notice of pendency of action in which that real property claim is alleged. The notice may be recorded in the office of the recorder of each county in which all or part of the real property is situated. The notice shall contain the names of all parties to the action and a description of the property affected by the action.

11011.1. (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies. Except as authorized in subdivisions (b), (c), (d), (e), and (k), or any combination thereof, transfers of surplus land to local governmental agencies pursuant to this section shall be at fair market value. No surplus land shall be sold for less than fair market value, however, to any person or agency, whether public or private, unless the contract for sale provides for the reversion of the land to the state if the stated purpose for which the property is sold is not achieved.

(b) Where the land is to be used for park and recreation purposes and operated for those purposes by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at less than the fair market value of the land, if the transfer is in the public interest, under the following conditions:

(1) The local public agency has submitted a general development plan for the property that conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation.

(2) The land shall be developed according to plan within a time period determined by the state but not to exceed 10 years. The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state.

(3) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

(c) Where the land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under any of the following conditions:

(1) The local public agency has submitted a plan for the use of the property that conforms to the agency's general plan pursuant to Article

5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation.

(2) The land shall be used according to plan within a time period determined by the state but not to exceed 10 years.

(3) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with open-space purposes during the period of 25 years following the sale.

(4) For the purpose of this subdivision, ''open-space purpose'' means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

(d) Where the land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the Director of General Services, with the approval of the State Public Works Board, may offer the land to local agencies within whose jurisdiction the land is located. Provided, however, if the state has held title to the land for seven years or less and the land is not used for the purposes for which it was acquired, and the land is declared surplus land and is not needed by any other state agency pursuant to the provisions of Section 11011, the state, prior to offering the land to local agencies, shall extend to the individual from whom the land was acquired an offer to purchase the land at current fair market value. The offer shall extend for 60 days and if not exercised within that period shall be irrevocably terminated. The land may be transferred to local agencies at a reasonable cost that will enable the provision of housing for persons and families of low or moderate income. The cost may be less than fair market value. The Department of Housing and Community Development shall recommend to the Department of General Services a cost that will enable the provision of housing for persons and families of low or moderate income. All transfers of land pursuant to this subdivision shall be subject to the following conditions:

(1) The local agency has made all of the following findings:

(A) There is a need for the housing in the community.

(B) The land is suitable for development of the housing.

(2) The local agency develops a plan for the housing in accordance with criteria established by the Department of Housing and Community Development, which shall include, but not be limited to, criteria respecting the financial condition of the developer, if the housing is to be developed by a private sponsor, and the cost of the project. The plan shall be approved by the Department of Housing and Community Development.

(3) After transfer of the property from the state to the local agency, the property shall be developed as housing for persons and families of low or moderate income. The local agency may lease or sell the property to

any nonprofit corporation, housing corporation, limited dividend housing corporation, or private developer if the local agency determines a private entity is best suited to develop housing for persons and families of low or moderate income. In authorizing the private development, the local agency shall impose reasonable terms and conditions as will further the purposes of this subdivision, which shall include, but not be limited to, continued use of the property for housing for persons and families of low or moderate income for not less than 40 nor more than 55 years. A lessee or purchaser of land pursuant to this subdivision shall agree to limitations on profit in the operation of the property that will benefit the public and assure that the housing provided thereon is within the means of persons and families of low or moderate income. The agreement shall be binding upon successors in interest of the original lessee or purchaser and shall inure to the benefit of, and be enforceable by, the state.

(4) The local agency shall assure that the land will be used for the purpose of providing low- or moderate-income housing and shall not permit the use of the dwelling accommodations of the project for any other purpose for not less than 40 nor more than 55 years, except as provided in this section.

In the event a local agency does not comply with the land use requirements prescribed in this section, as determined by the Department of General Services, the Department of General Services may require that the local agency pay the state the difference between the actual price paid by the local agency for the property and the fair market value of the property, at the time of the department's determination of noncompliance, plus 6 percent interest on that amount for the period of time the land has been held by the local agency.

If the local agency, with the approval of the Department of General Services, and in consultation with the Department of Housing and Community Development, determines that there is no longer a need for low- or moderate-income housing within the jurisdiction of the local agency and another valid public purpose could be achieved by utilizing the land in an alternative manner, the local agency shall not be required to make any payment to the state for the difference between purchase price and fair market value or interest charges for the period of time the land has been held by the local agency.

(5) Failure to comply with the provisions of this section shall not invalidate the transfer, sale, or conveyance of the real property to a bona fide purchaser or encumbrancer for value.

(6) The project shall be commenced within 24 months of the original transfer to the local agency. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may for justifiable cause extend the time for commencement of development for an additional 36 months. The

aggregate time for commencing development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that, if development has not commenced within that time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(7) As used in this subdivision, ''local agency'' means and includes any county, city, city and county, redevelopment agency organized pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, or housing authority organized pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, public district or other political subdivision of the state and any instrumentality thereof, which is authorized to engage in or assist in the development or operation of housing for persons and families of low or moderate income and also includes two or more of those agencies acting jointly pursuant to Part 1 (commencing with Section 6500) of Division 7 of this code.

(8) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing that is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of that housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce prices or rents on other housing units that are made available exclusively to persons and families of low and moderate income.

(e) Where the land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, and provided no local agency has acquired or is in the process of acquiring the land pursuant to subdivision (d), the Director of General Services, with the approval of the State Public Works Board, may lease or sell the land to a housing sponsor. The land may be sold or leased at a reasonable cost that may be less than fair market value. The Department of Housing and Community Development shall recommend to the Director of General Services a cost that will enable the provision of housing for persons and families of low or moderate income. All transfers of land pursuant to this subdivision shall be subject to all of the following conditions:

(1) The housing sponsor has submitted a plan for the development of that housing pursuant to criteria established by the Department of Housing and Community Development. The criteria shall include, but need not be limited to, standards with respect to the cost of the housing development and the proportion of the housing development to be occupied by persons and families of low and moderate income. Insofar as is practical, the plan shall provide for a mix of housing for all income groups.

(2) The housing development shall normally be developed or be under development within 24 months from the time of transfer or lease of the land to the housing sponsor. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may, upon finding justifiable cause, extend the time for commencement of development for an additional period of 36 months. The aggregate of all extensions for commencement of development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that if development has not commenced within that time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(3) Transfer of title to the land or lease of the land to a housing sponsor shall be conditioned upon continued use of the property as housing for persons and families of low and moderate income for not less than 40 nor more than 55 years. In accordance with regulations that shall be adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act, the Director of General Services shall require that any housing sponsor purchasing or leasing land pursuant to this subdivision enter into an agreement that (A) provides for limitations on profit in the operation of that property that benefit the public and which assure that the housing is affordable to persons and families of low and moderate income, and (B) does not permit the use of the property for purposes other than the provision of housing for persons and families of low and moderate income except as provided in this subdivision. Upon recordation of the agreement in the office of county recorder in the county in which the real property subject to the agreement is located, the agreement shall be binding for a period of not less than 40 nor more than 55 years upon successors in interest to the original housing sponsor and shall inure to the benefit of, and be enforceable by, the state.

For the purposes of this subdivision, ''housing sponsor'' means a nonprofit corporation incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code; a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code; a limited-dividend housing corporation; or a private housing developer who agrees to the conditions set forth in this subdivision.

(4) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of that housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce

prices or rents on other housing units which are made available exclusively to persons and families of low and moderate income.

(f) The Department of Housing and Community Development, in consultation with the Department of General Services and the Office of Planning and Research, shall make a report to the Legislature on or before January 1, 1981, with respect to effectiveness of the program and shall recommend any necessary legislative changes to the provisions of subdivision (d).

(g) Where the land is to be used for public purposes other than specifically set forth in this section, is to be operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public Works Board, may transfer the land to local governmental agencies at a sales price not less than 50 percent of fair market value. The transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions which he or she determines to be in the best interest of the state.

(h) If there is more than one appropriate use and more than one offer for the use of a parcel of surplus land, the Department of General Services, in consultation with the Department of Housing and Community Development, the Department of Parks and Recreation, and the Office of Planning and Research, shall determine the most appropriate use for the parcel and the Department of General Services shall offer the land accordingly.

(i) Land that has been declared surplus by the Legislature, pursuant to Section 11011, is not needed by any state agency, is suitable for development for housing purposes, and is not in the process of being acquired pursuant to other provisions of this section, may upon the request of the Department of Housing and Community Development be retained by the Director of General Services for a period not exceeding five years, during which the Director of General Services shall continue to offer the lands for housing pursuant to subdivision (d).

(j) Transfer of state surplus lands under subdivision (d) shall be at a cost which will enable provision of economically feasible housing for persons and families of low or moderate income.

(k) Where the land is to be used for school purposes, the Director of General Services with the approval of the State Public Works Board and the State Allocation Board may, notwithstanding any provision in Section 11011, transfer the land to a local school district at less than fair

market value of the land, if the transfer is in the public interest, under the following conditions:

(1) The land is suitable for use by a school district as a school site, school administration building site, school warehouse site, or other school use approved by the State Department of Education.

(2) The land is used by the school district for those purposes before a nonuse fee is required by Section 39015 of the Education Code or a later time approved by the State Department of Education, with a reversion to the state if not so used within the time prescribed.

(3) The deed or other instrument of transfer shall provide that the land shall revert to the state if the use is changed to a use not consistent with school purposes during the period of 25 years following the sale.

(*l*) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 27. Section 11011.2 of the Government Code is amended to read:

11011.2. (a) Any state agency that owns real property requiring annual maintenance costing in excess of fifty thousand dollars ($50,000), and that declares that property to be surplus, shall provide for its maintenance for a period of one year from the date notification is made to the Department of General Services to request the Legislature to declare the property surplus, or until the property is sold. An agency may notify the Department of General Services to request the Legislature to declare property surplus while the property is still in use.

(b) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 28. Section 11011.3 of the Government Code is amended to read:

11011.3. (a) Any public agency desiring to purchase surplus state real property, as set forth in Section 11011.1, shall give written notice to the Department of General Services of its intent to purchase the real property within 60 days after receipt of the Department of General Services' written notification of intent to sell the property.

(b) If the public agency desiring to purchase the property and the Department of General Services are unable to arrive at a mutually acceptable sales price for the property within 180 days from the date of receipt of notice from the public agency, upon request of the public agency the Director of the Department of General Services shall hire an independent third party appraiser mutually acceptable to the agency and the department to appraise the property. If within 10 days after receipt of the appraisal the public agency and the department are unable to arrive at a mutually acceptable sales price, upon request of the agency final

determination of the sales price shall be made by the State Public Works Board. The public agency shall bear all costs of the independent third party appraisal whether or not the agency elects to purchase the property. If the agency does purchase the property, the appraisal costs shall be added to the purchase price of the property. If the public agency does not purchase the property, it shall pay the appraisal costs, and the surplus real property may be disposed of in the normal manner.

(c) After arriving at a mutually agreeable sales price, the Department of General Services and the public agency will be allowed an additional 90 days to execute a sales or exchange agreement to purchase the property. In the event an agreement is not executed by the public agency within the 90-day period, the Department of General Services may offer the property for sale in the normal manner. Should 90 days prove insufficient for the public agency to finance purchase of the property, the Public Works Board for good cause may grant an extension of time to complete the purchase. The 90-day limitation shall be suspended when a bond election is to be held for the purpose of financing the purchase of the property. However, the bond election shall be called and held on the next eligible date and this suspension of the 90-day limitation shall only be extended to the 10th day following the date of the next bond election.

(d) For purposes of this section, written notice shall be deemed given upon proper posting and deposit in the United States mail.

(e) Nothing in this section shall prohibit the state from continuing to negotiate with a public agency for the sale of surplus property pursuant to other provisions of this article.

(f) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 29. Section 11011.4 of the Government Code is amended to read:

11011.4. (a) Notwithstanding any provision to the contrary in Section 54222 or elsewhere, land may be transferred pursuant to subdivision (d) of Section 11011.1 to a local agency at the cost specified in subdivision (d) of Section 11011.1.

(b) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 30. Section 11011.5 of the Government Code is amended to read:

11011.5. (a) When no state or other public entity seeks to obtain title to specific surplus state-owned real property, a state agency authorized to sell that property, except property acquired for state highway purposes, may, with the approval of the Department of General

Services, employ a licensed real estate broker for a negotiated commission not to exceed reasonable and customary brokerage commissions applicable to similar privately owned properties in the area in connection with that sale and pay the amount of commission earned by the broker. The commission shall be paid only out of the proceeds of the sale before the proceeds are remitted to the State Treasury. The Director of General Services shall only employ the services of a broker when the director determines that the employment of a broker to sell the property would result in a cost savings to the state. Any state properties sold through the services of a broker shall be reported, along with a comparison of the estimated cost savings obtained through the use of a broker, in the annual surplus property report to the Legislature required pursuant to Section 11011.

(b) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 31. Section 11011.6 of the Government Code is amended to read:

11011.6. (a) Notwithstanding any other provision of law, land held by the state and not needed by any state agency, acquired at little or no cost from a local governmental agency or private party, and where no significant amount of state funds have been expended to preserve, improve, restore, or reclaim such lands, and if it will be used by a governmental agency for a public purpose of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the agency, the Director of General Services, with the approval of the State Public Works Board, upon application by the agency or private party, may transfer the land to the governmental agencies at no cost.

(b) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

(a) Whenever any person, as defined in Section 17, or public agency receives any state surplus real property at less than current market value, it shall pay all interim management and administrative costs incurred by the state between the time the person or public agency expressed interest in obtaining the property and the completion of the transfer and all costs incurred by the state in transferring title to the property.

(b) This section does not apply to any transfer of surplus state property that was authorized on or before January 1, 1989.

(c) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

SEC. 33. Section 11011.9 of the Government Code is amended to read:

(1) Disposition of surplus property owned by public agencies should be utilized to further state policies.

(2) There exists within the urban and rural areas of the state a serious shortage of decent, safe, and sanitary housing which persons and families of low or moderate income can afford, and consequently there is a pressing and urgent need for the preservation and expansion of the supply of housing for such persons.

(3) The provision of decent housing for all Californians is a state goal of the highest priority. The disposal of surplus land is a direct and substantial public purpose of statewide concern and will serve an important public purpose, including mitigating the environmental effects of state activities. Therefore, it is the intent of the Legislature that priority be given in the disposal of surplus state land to housing for persons and families of low or moderate income, where such land is suitable for housing and there is a need for such housing in the community.

(4) There is an identifiable deficiency in the amount of recreational land available to the public for park, recreational, school, and open-space purposes, as well as for housing and general community development purposes in accord with state policies.

(b) It is the intent of the Legislature that surplus state property be disposed of in a manner which furthers state policies in the areas of parks, recreation, schools, open space, and housing and community development, or any combination thereof.

(c) This section shall be inoperative for the period commencing with the effective date of the act that added this subdivision, until July 1, 2005.

(b) Notwithstanding any other provision of law, all state agencies, departments, boards, and commissions, who have not already done so pursuant to Executive Order S-10-04, shall review the current and anticipated future programmatic need for the state-owned and leased property that they occupy or have under their stewardship, and identify

and report any property surplus to their current or future needs to the Department of General Services. The department may provide instructions to facilitate the reporting and determination of surplus properties.

(c) (1) The department shall review the properties identified pursuant to Executive order S-10-04 and subdivision (b) to determine whether those properties are surplus to the needs of the state, report the surplus properties to the Legislature, and request authorization from the Legislature to dispose of the properties by sale or otherwise.

(2) Any state agency with property under its jurisdiction that is determined to be surplus and authorized for disposition pursuant to this subdivision or by previous legislative action, shall provide for the maintenance of the property until it is disposed of by the department under this section.

(3) Jurisdiction of property determined to be surplus shall be transferred to the department, when requested by the Director of General Services, for sale or disposition under this section.

(d) (1) Subject to paragraphs (2) to (4), inclusive, the department may sell or otherwise dispose of property as authorized by the Legislature pursuant to subdivision (c), upon any terms and conditions and subject to any reservations and exceptions the department deems to be in the best interests of the state.

(2) (A) Notwithstanding any other provision of law, property that has been declared surplus and whose disposition has been authorized by the Legislature pursuant to subdivision (c) or by previous legislative action, and has been determined by the department not to be needed by any state agency, shall be offered to local governmental agencies prior to being offered for sale to private entities or individuals.

(B) In order to be considered as a potential buyer of the surplus property, local governmental agencies shall notify the department of their interest in the surplus state property within 60 days of receiving notice of the availability of the property. The sale of the property to a local governmental agency pursuant to this section shall be completed, and title transferred, within 90 days of the date the local governmental agency was notified of the availability of the property.

(3) If the sale of a surplus state property to a local governmental agency is not completed within the timeframe specified in subparagraph (B) of paragraph (2), the department shall offer the property for sale to private entities or individuals.

(4) Transfers of surplus property to local governmental agencies or private entities or individuals pursuant to this subdivision shall be at fair market value.

(e) Except as otherwise required by the California Constitution or federal law, the net proceeds of any property disposition, including the

sale, lease, exchange, or other means, that is received pursuant to this section shall be paid into the General Fund. For purposes of this section, ''net proceeds'' means gross proceeds less all costs directly related to the completion of the transaction including, but not limited to, selling costs, transfer fees, commissions, and costs incurred by the department.

(f) Except as otherwise required by the California Constitution or federal law, any rental moneys or other revenues received by the department from real properties, the jurisdiction of which has been transferred to the department under this section, shall be deposited in the General Fund in the account established by Section 15863. Any expenditure required to maintain, repair, care for, and sell the real property shall be paid from the appropriation made by Section 15863.

(g) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

11794. (a) (1) The Stephen P. Teale Data Center may establish rates and collect payments from state agencies for providing services to those agencies. The methodology for computing costs and billing rates shall be subject to the approval of the Director of Finance.

(2) Commencing no later than August 1, 2005, and no later than August 1 annually thereafter, the Stephen P. Teale Data Center, or its successor entity, shall submit to the Department of Finance a proposal that reconciles the current fiscal year rates and details any adjustments proposed for budget fiscal year rates to be included in the Governor's Budget.

(b) (1) All money received by the data center pursuant to this section shall be deposited in the Stephen P. Teale Data Center Revolving Fund.

(2) In order to ensure that there is adequate cash in the fund, the data center may require monthly payments in advance by client agencies, based on estimated billings. By mutual agreement between the data center and the applicable state agency, a state agency may make monthly, quarterly, or annual payments in advance or arrears.

(c) Consistent with subdivision (b), and pursuant to Section 11255, the Controller shall transfer any amounts so authorized by the data center. The data center shall notify each affected state agency upon requesting the Controller to make the transfer.

SEC. 36. Section 12012.90 of the Government Code is amended to read:

(c) An eligible recipient Indian tribe may not receive an amount from the backfill appropriated following the estimate made pursuant to subdivision (b) that would give the eligible recipient Indian tribe an aggregate amount in excess of two hundred seventy-five thousand dollars ($275,000) per eligible quarter. Any funds transferred from the Indian Gaming Special Distribution Fund to the Indian Gaming Revenue Sharing Trust Fund that result in a surplus shall revert back to the Indian Gaming Special Distribution Fund following the authorization of the final payment of the fiscal year.

(d) Upon a transfer of moneys from the Indian Gaming Special Distribution Fund to the Indian Gaming Revenue Sharing Trust Fund and appropriation from the trust fund, the California Gambling Control Commission shall distribute the moneys without delay to eligible recipient Indian tribes for each quarter that a tribe was eligible to receive a distribution during the fiscal year immediately preceding.

12432. (a) The Legislature hereby finds and declares that it is essential for the state to replace the current automated human resource/payroll systems operated by the Controller to ensure that state employees continue to be paid accurately and on time and that the state may take advantage of new capabilities and improved business practices. To achieve this replacement of the current systems, the Controller is authorized to procure, modify, and implement a new human resource management system that meets the needs of a modern state government. This replacement effort is known as the 21st Century Project.

(b) Notwithstanding any other provision of law, beginning with the 2004–05 fiscal year, the Controller may assess the special and nongovernmental cost funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to those funds. Assessments in support of the expenditures for the 21st Century Project shall be made quarterly, and the total amount assessed from these funds annually may not exceed the total expenditures incurred by the Controller for the 21st Century Project that are attributable to those funds in that fiscal year. Appropriations for this purpose shall be made in the annual Budget Act.

(c) To the extent permitted by law, beginning with the 2004–05 fiscal year, the Controller shall establish agreements with various agencies and departments for the collection from federal funds of costs that are attributable to federal funds. (b) The Director of Finance may authorize the reestablishment of any positions abolished pursuant to this section if one or more of the following conditions existed during part or all of the six consecutive monthly pay periods:

(5) Late enactment of the budget causes the department to delay filling the position.

leaves for industrial disability, nonindustrial disability, military service, pregnancy, childbirth, or care of a newborn infant.

(5) The position is being held vacant because the department has granted the previous incumbent a permissive leave of absence as may be authorized by any provision of law including, but not limited to, leaves for adoption of a child, education, civilian military work, or to assume a temporary assignment in another agency.

(7) The position is funded entirely from moneys appropriated pursuant to Section 221 of the Food and Agricultural Code, was established with the Controller pursuant to Section 221.1 of the Food and Agricultural Code, and directly responds to unforeseen agricultural circumstances requiring the relative expertise that the position provides.

(d) Each department shall maintain for future independent audit all records on which the department relied in determining that any position or positions satisfied one or more of the criteria specified in paragraphs (1) to (6), inclusive, of subdivision (c).

SEC. 40. Section 12715 of the Government Code is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county's Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) The Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no

tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each individual tribal casino account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local government jurisdiction to an individual Indian land upon which a tribal casino is located shall be used by each county's Indian Gaming Local Community Benefit Committee to determine relative priority for grants, using the following criteria:

(A) Whether the local government jurisdiction borders the Indian lands on all sides.

(B) Whether the local government jurisdiction partially borders Indian lands.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local

government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and of these multiyear grants shall be accounted for in the grant process for each year.

(A) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(B) Grants shall be subject to the sole sponsorship of the tribe that pays into the Indian Gaming Special Distribution Fund and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(2) If an eligible county does not have a tribal casino operated by a tribe that does not pay into the Indian Gaming Special Distribution Fund, the money available for discretionary grants under this subdivision shall be available for distribution pursuant to subdivision (d).

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g).

(2) Funds not allocated from an individual tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

(g) The following uses shall be the priorities for the receipt of grant money from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) All grants from Individual Tribal Casino Accounts shall be made only upon the affirmative sponsorship of the tribe paying into the Indian Gaming Special Distribution Fund from whose individual tribal casino account the grant moneys are available for distribution. Tribal sponsorship shall confirm that the grant application has a reasonable relationship to a casino impact and satisfies at least one of the priorities listed in subdivision (g). A grant may not be made for any purpose that would support or fund, directly or indirectly, any effort related to opposition or challenge to Indian gaming in the state, and, to the extent any awarded grant is utilized for any prohibited purpose by any local government, upon notice given to the county by any tribe from whose Individual Tribal Casino Account the awarded grant went toward that prohibited use, the grant shall terminate immediately and any moneys not yet used shall again be made available for qualified nexus grants.

(i) A local government jurisdiction that is a recipient of a grant from an Individual County Tribal Casino Account or a County Tribal Casino Account shall provide notice to the public, either through a slogan, signage, or other mechanism, which states that the local government project has received funding from the Indian Gaming Special Distribution Fund and which further identifies the particular Individual Tribal Casino Account from which the grant derives.

(j) (1) Each county's Indian Gaming Local Benefit Committee shall submit to the Controller a list of approved projects for funding from Individual Tribal Casino Accounts. Upon receipt of this list, the

Controller shall release the funds directly to the local government entities for which a grant has been approved by the committee.

(2) Funds not allocated from an individual tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

SEC. 41. Section 13332.04 of the Government Code is repealed.

SEC. 42. Section 13332.11 of the Government Code is amended to read:

13332.11. (a) (1) Except as otherwise specified in paragraph (2), no funds appropriated for capital outlay may be expended by any state agency, including the University of California, the California State University, and the community colleges, until the Department of Finance and the State Public Works Board have approved preliminary plans for the project to be funded from a capital outlay appropriation.

(2) Paragraph (1) shall not apply to any of the following:

(A) Amounts for acquisition of real property in fee, or any other lesser interest.

(B) Amounts for equipment or minor capital outlay projects.

(C) Amounts appropriated for preliminary plans, surveys, and studies.

(b) Notwithstanding subdivision (a), approvals by the State Public Works Board and the Department of Finance for the University of California and the community colleges shall apply only to the allocation of state capital outlay funds appropriated by the Legislature, including land acquisition and equipment funds.

(c) Any appropriated amounts for working drawings or construction where the working drawings or construction have been started by any state agency prior to approval of the preliminary plans by the State Public Works Board, and all amounts not approved by the board under this section shall be reverted to the fund from which the appropriation was made. No major project for which a capital outlay appropriation is made shall be put out to bid until the working drawings have been approved by the Department of Finance. No substantial change shall be made to the approved preliminary plans or approved working drawings without written approval by the Department of Finance. Any proposed construction bid alternates shall be approved by the Department of Finance.

(d) The Department of Finance shall approve the use of funds from a capital outlay appropriation for the purchase of any significant unit of equipment.

(e) The State Public Works Board may augment a major project in an amount of up to 20 percent of the total of the capital outlay appropriations for the project, irrespective of whether any such

appropriation has reverted. The State Public Works Board shall defer all augmentations in excess of 20 percent of the amount appropriated for each capital outlay project until the Legislature makes additional funds available for the specific project.

(f) In addition to the powers provided by Section 15849.6, the State Public Works Board may further increase the additional amount in Section 15849.6 to include a reasonable construction reserve within the construction fund for any capital outlay project without augmenting the project. The amount of the construction reserve shall be within the 20 percent augmentation limitation. The State Public Works Board may use this amount to augment the project, when and if necessary, after the lease revenue bonds are sold to assure completion of the project. Upon completion of the project, any amount remaining in the construction reserve funds shall be used to offset rental payments.

(g) Augmentations in excess of 10 percent of the amount appropriated for each capital outlay project shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, 20 days prior to board approval, or not sooner than whatever lesser time the chairperson, or his or her designee, may in each instance determine.

(h) Prior to State Public Works Board action on any capital outlay appropriation, the Department of Finance shall certify, in writing, to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the respective fiscal committees, and the legislative advisors of the board that the requested action is in accordance with the legislatively approved scope and cost. If, pursuant to the other provisions of this section, the Department of Finance approves changes to the approved scope or cost, or both, the department shall report the changes and associated cost implications.

(i) The State Public Works Board shall defer action with respect to approval of an acquisition project, when it is determined that the estimated cost of the total acquisition project, as approved by the Legislature is in excess of 20 percent of the amount appropriated, unless it is determined that a lesser portion of the property is sufficient to meet the objectives of the project approved by the Legislature, and the Chairperson of the Joint Legislative Budget Committee, or his or her designee, is provided a 20-day prior notification of the proposed reductions in the acquisition project, or whatever lesser period the chairperson, or his or her designee, may in each instance determine.

(j) The State Public Works Board shall defer action with respect to the approval of preliminary plans when it is determined that the estimated cost of the total capital outlay construction project, as approved by the Legislature, is in excess of 20 percent of the amount appropriated.

(k) Nothing in this section shall be construed to limit or control the Department of Transportation or the California Exposition and State Fair in the expenditure of all funds appropriated to the department for capital outlay purposes.

(e) In addition to the powers provided by Section 15849.6, the State Public Works Board may further increase the additional amount in Section 15849.6 to include a reasonable construction reserve within the construction fund for any capital outlay project without augmenting the project. The amount of the construction reserve shall be within the 20 percent augmentation limitation. The State Public Works Board may use this amount to augment the project, when and if necessary, after the lease revenue bonds are sold to assure completion of the project. Upon completion of the project, any amount remaining in the construction reserve fund shall be used to offset rental payments.

(f) Any augmentation in excess of 10 percent of the amounts appropriated for each design-build project shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, 20 days prior to board approval, or not sooner than whatever lesser time the chairperson, or his or her designee, may in each instance determine.

(g) Prior to State Public Works Board action on any capital outlay appropriation for a design-build project, the Department of Finance shall certify, in writing, to the Chairperson of the Joint Legislative Budget

Committee, the chairpersons of the respective fiscal committees, and the legislative members of the board that the requested action is in accordance with the legislatively approved scope and cost. If, pursuant to other provisions of this section, the Department of Finance approves changes to the approved scope or cost, or both, the department shall report the changes and associated cost implications.

(h) The State Public Works Board shall defer action with respect to approval of performance criteria or performance criteria and concept drawings, when it is determined that the estimated cost of the total design-build project approved by the Legislature is in excess of 20 percent of the amount appropriated.

SEC. 44. Section 13923 of the Government Code is amended to read:

13923. The board may approve plans for payroll deduction from the salaries or wages of state officers and employees under subdivision (f) of Section 1151 for charitable contributions to the agency handling the principal combined fund drive in any area. The board shall establish necessary rules and regulations, including the following:

(a) Standards for establishing what constitutes the principal combined fund drive in an area.

(b) A requirement that the agency to receive these contributions shall pay, for deposit in the General Fund, the additional cost to the state of making these deductions and remitting the proceeds, as determined by the Controller.

(c) A requirement that the agency to receive these contributions shall pay, for deposit in the General Fund, the board's cost to administer the annual charitable campaign fund drive. This amount shall be determined by the board and may be appropriated in support of the board as reimbursements to Item 8700-001-0001 of the annual Budget Act.

(d) Provisions for standard amounts of deductions from which each state officer or employee may select the contribution that he or she desires to make, if any.

(e) A prohibition upon state officers or employees authorizing more than one payroll deduction for charitable purposes to be in effect at the same time.

(f) A provision authorizing the Controller to combine in his or her records deductions for employee association dues, if authorized, and charitable deductions, if authorized.

The board, in addition, may approve requests of any charitable organization qualified as an exempt organization under Section 23701d of the Revenue and Taxation Code, and paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954, which is not an affiliated member beneficiary of the principal combined fund drive to receive designated deductions from the principal fund drive.

The principal combined fund drive agency, any charitable organization which is an affiliated member beneficiary of the principal combined fund drive, and any charitable organization approved by the board to receive designated deductions on the payroll authorization form of the principal fund drive, shall certify under penalty of perjury to the board that it is in compliance with the Fair Employment and Housing Act, Part 2.8 (commencing with Section 12900), as a condition of receiving these designated deductions.

The principal combined fund drive shall obtain from the board the list of approved nonaffiliated beneficiaries, eligible for designated deductions in its approved drive area, and shall provide this information to each employee at the time of the principal fund drive. The principal combined drive agency shall provide a designation form for the employee to indicate those amounts to be contributed to affiliated and nonaffiliated beneficiaries. The designation form shall consist of a copy for each of the following: (1) the employee, (2) the employee's designated beneficiary agency, and (3) the principal combined fund drive agency. The principal combined fund drive agency shall pay the amount collected for the employee designated beneficiary agency less the amount necessary to reimburse the principal combined fund drive agency for fundraising and administrative expenses. The fee charged for fundraising and administrative cost reimbursement shall be determined by the board, published in campaign literature and made available to the employee during the solicitation process.

Nothing contained in this section shall preclude a principal fund drive agency from giving a percentage of the undesignated funds to charities which are not members of the agency handling the principal drive, or honoring an employee's designated deduction to any charitable organization.

SEC. 45. Section 14604 is added to the Government Code, to read:

14604. Commencing no later than August 1, 2005, and no later than August 1 annually thereafter, the Department of General Services shall submit to the Department of Finance a proposal that reconciles the current fiscal year rates for service fees charged by the Department of General Services to state agencies, and details any adjustments proposed for budget fiscal year rates to be included in the Governor's Budget.

SEC. 46. Section 14612.2 of the Government Code is amended to read:

14612.2. (a) Notwithstanding Chapter 7 (commencing with Section 14850) of Part 5.5 of Division 3 of Title 2 of, or Section 14901 of, the Government Code, no agency is required to use the Office of State Publishing for its printing needs and the Office of State Publishing may offer printing services to both state and other public agencies, including cities, counties, special districts, community college districts, the

California State University, the University of California, and agencies of the United States government. When soliciting bids for printing services from the private sector, all state agencies shall also solicit a bid from the Office of State Publishing when the project is anticipated to cost more than five thousand dollars ($5,000).

(b) This section shall remain operative only until the effective date of the Budget Act of 2005 or July 1, 2005, whichever is later, and as of January 1, 2006, is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 47. Section 14661 of the Government Code is amended to read:

14661. (a) For the purposes of this section, the definitions in subdivision (a) of Section 13332.19 shall apply.

(b) Notwithstanding any provision of the Public Contract Code or any other provision of law, when the Legislature authorizes the use of the design-build construction procurement process for a specific project, the Director of General Services may contract and procure state office facilities and other buildings, structures, and related facilities pursuant to this section.

(c) Prior to contracting with a design-build entity for the procurement of state office facilities and other state buildings and structures, the director shall:

(1) Prepare a program setting forth the performance criteria for the design-build project. The performance criteria shall be prepared by a design professional duly licensed and registered in the State of California.

(2) (A) Establish a competitive prequalification and selection process for design-build entities, including any subcontractors listed at the time of bid, that clearly specifies the prequalification criteria, and states the manner in which the winning design-build entity will be selected.

(B) Prequalification shall be limited to consideration of all of the following criteria:

(i) Possession of all required licenses, registration, and credentials in good standing that are required to design and construct the project.

(ii) Submission of evidence that establishes that the design-build entity members have completed, or demonstrated the capability to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(iii) Submission of a proposed project management plan that establishes that the design-build entity has the experience, competence, and capacity needed to effectively complete the project.

(iv) Submission of evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the department that the design-build entity has the capacity to complete the project.

(v) Provision of a declaration certifying that applying members of the design-build entity have not had a surety company finish work on any project within the last five years.

(vi) Provision of information and a declaration providing detail concerning all of the following:

(I) Any construction or design claim or litigation totaling more than five hundred thousand dollars ($500,000) or 5 percent of the annual value of work performed, whichever is less, settled against any member of the design-build entity over the last five years.

(II) Serious violations of the Occupational Safety and Health Act, as provided in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, settled against any member of the design-build entity.

(III) Violations of federal or state law, including, but not limited to, those laws governing the payment of wages, benefits, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA) withholding requirements, state disability insurance withholding, or unemployment insurance payment requirements, settled against any member of the design-build entity over the last five years. For the purposes of this subclause, only violations by a design-build member as an employer shall be deemed applicable, unless it is shown that the design-build entity member, in his or her capacity as an employer, had knowledge of his or her subcontractor's violations or failed to comply with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code.

(IV) Information required by Section 10162 of the Public Contract Code.

(V) Violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations or complaints.

(VI) Any conviction of any member of the design-build entity of submitting a false or fraudulent claim to a public agency over the last five years.

(vii) Provision of a declaration that the design-build entity will comply with all other provisions of law applicable to the project, including, but not limited to, the requirements of Chapter 1

(commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(C) The director, when requested by the design-build entity, shall hold in confidence any information required by clauses (i) to (vi), inclusive.

(D) Any declaration required under subparagraph (B) shall state that reasonable diligence has been used in its preparation and that it is true and complete to the best of the signer's knowledge. A person who certifies as true any material matter that he or she knows to be false is guilty of a misdemeanor and shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both the fine and imprisonment.

(3) (A) Determine, as he or she deems in the best interests of the state, which of the following methods listed in subparagraph (B) will be used as the process for the winning design-build entity. The director shall provide a notification to the State Public Works Board, regarding the method selected for determining the winning design-build entity, at least 30 days prior to publicizing the design-build solicitation package.

(B) The director shall make his or her determination by choosing one of the following methods:

(i) A design-build competition based upon performance, price, and other criteria set forth by the department in the design-build solicitation package. The department shall establish technical criteria and methodology, including price, to evaluate proposals and shall describe the criteria and methodology in the design-build solicitation package. Award shall be made to the design-build entity whose proposal is judged as providing the best value in meeting the interest of the department and meeting the objectives of the project. A project with an approved budget of ten million dollars ($10,000,000) or more may be awarded pursuant to this clause.

(ii) A design-build competition based upon performance and other criteria set forth by the department in the design-build solicitation package. Criteria used in this evaluation of proposals may include, but need not be limited to, items such as proposed design approach, life-cycle costs, project features, and functions. However, any criteria and methods used to evaluate proposals shall be limited to those contained in the design-build solicitation package. Award shall be made to the design-build entity whose proposal is judged as providing the best value, for the lowest price, meeting the interests of the department and meeting the objectives of the project. A project with an approved budget of ten million dollars ($10,000,000) or more may be awarded pursuant to this clause.

(iii) A design-build competition based upon program requirements and a detailed scope of work, including any performance criteria and

concept drawings set forth by the department in the design-build solicitation package. Award shall be made on the basis of the lowest responsible bid. A project with an approved budget of two hundred fifty thousand dollars ($250,000) or more may be awarded pursuant to this clause.

(4) For the purposes of this subdivision, the following definitions shall apply:

(A) ''Best interest of the state'' means a design-build process that is projected by the director to reduce the project delivery schedule and total cost of a project while maintaining a high level of quality workmanship and materials, when compared to the traditional design-bid-build process.

(B) ''Best value'' means a value determined by objective criteria that may include, but is not limited to, price, features, functions, life cycle costs, experience, and other criteria deemed appropriate by the department.

(d) The Legislature recognizes that the design-build entity is charged with performing both design and construction. Because a design-build contract may be awarded prior to the completion of the design, it is often impracticable for the design-build entity to list all subcontractors at the time of the award. As a result, the subcontractor listing requirements contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code can create a conflict with the implementation of the design-build process by requiring all subcontractors to be listed at a time when a sufficient set of plans may not be available. It is the intent of the Legislature to establish a clear process for the selection and award of subcontracts entered into pursuant to this section in a manner that retains protection for subcontractors while enabling design-build projects to be administered in an efficient fashion. Therefore, all of the following requirements shall apply to subcontractors, licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, that are employed on design-build projects undertaken pursuant to this section:

(1) The department, in each design-build solicitation package, may identify types of subcontractors, by subcontractor license classification, that will be listed by the design-build entity at the time of the bid. In selecting the subcontractors that will be listed by the design-build entity, the department shall limit the identification to only those license classifications deemed essential for proper completion of the project. In no event, however, may the department specify more than five licensed subcontractor classifications. In addition, at its discretion, the design-build entity may list an additional two subcontractors, identified by subcontractor license classification, that will perform design or

construction work, or both, on the project. In no event shall the design-build entity list at the time of bid a total amount of subcontractors that will perform design or construction work, or both, in a total of more than seven subcontractor license classifications on a project. All subcontractors that are listed at the time of bid shall be afforded all of the protection contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code. All subcontracts that were not listed by the design-build entity at the time of bid shall be awarded in accordance with paragraph (2).

(2) All subcontracts that were not to be performed by the design-build entity in accordance with paragraph (1) shall be competitively bid and awarded by the design-build entity, in accordance with the design-build process set forth by the department in the design-build solicitation package. The design-build entity shall do all of the following:

(A) Provide public notice of the availability of work to be subcontracted in accordance with Section 10140 of the Public Contract Code.

(B) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with Section 10141 of the Public Contract Code.

(C) As authorized by the department, establish reasonable prequalification criteria and standards, limited in scope to those detailed in paragraph (2) of subdivision (c).

(D) Provide that the subcontracted work shall be awarded to the lowest responsible bidder.

(e) This section shall not be construed and is not intended to extend or limit the authority specified in Section 19130.

(f) Any design-build entity that is selected to design and construct a project pursuant to this section shall possess or obtain sufficient bonding consistent with applicable provisions of the Public Contract Code. Nothing in this section shall prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(g) Any payment or performance bond written for the purposes of this section shall use a bond form developed by the department. In developing the bond form, the department shall consult with the surety industry to achieve a bond form that is consistent with surety industry standards, while protecting the interests of the state.

SEC. 48. Section 15201 of the Government Code is amended to read:

15201. As used in this chapter, ''costs incurred by the county'' means all costs, except normal salaries and expenses, incurred by the county in bringing to trial or trials, including the trial or trials of, a person

or persons for the offense of homicide, including costs, except normal salaries and expenses, incurred by the district attorney in investigation and prosecution, by the sheriff in investigation, by the public defender or court-appointed attorney or attorneys in investigation and defense, and all other costs, except normal salaries and expenses, incurred by the county in connection with bringing the person or persons to trial including the trial itself, which includes extraordinary expenses for such services as witness fees and expenses, court-appointed expert witnesses, reporter fees, and costs in preparing transcripts. Trial costs shall also include all pretrials, hearings, and postconviction proceedings, if any. ''Costs incurred by the county'' do not include any costs paid by the superior court or for which the superior court is responsible.

SEC. 49. Section 16182 of the Government Code is amended to read:

16182. (a) All sums paid by the Controller under the provisions of this chapter, together with interest thereon, shall be secured by a lien in favor of the State of California upon the real property or a mobilehome for which property taxes have been postponed, or both. In the case of a residential dwelling which is part of a larger parcel taxed as a unit, such as a duplex, farm, or multipurpose or multidwelling building, the lien shall be against the entire tax parcel.

(b) In the case of real property:

A county may submit an invoice to a city, special district, school district, community college district, college, or university for these expenses incurred by the county on and after July 1, 1990. Counties shall fully disclose the costs allocated as federal Circular A-87 overhead.

(2) Any increase in a fee charged pursuant to this section shall be adopted by a county prior to the beginning of its fiscal year and may be adopted only after the county has provided each city, special district, school district, community college district, college, or university 45 days written notice of a public meeting held pursuant to Section 54952.2 on the fee increase and the county has conducted the public meeting.

(3) Any county that imposes a fee pursuant to this section shall negotiate a reduced fee with any city, special district, school district, community college district, college, or university within the county for any services that are performed by the arresting agency in the processing of arrestees that do not have to be duplicated by the county.

(4) This subdivision shall not apply to counties that are under a contractual agreement with a city, special district, school district, community college district, college, or university within the county that is subject to the fee.

(b) The exemption of a local agency from the payment of a fee pursuant to this subdivision does not exempt the person arrested from the payment of fees for booking or other processing.

(1) Notwithstanding subdivision (a), a city, special district, school district, community college district, college, or university shall not be charged fees for arrests on any bench warrant for failure to appear in court, nor on any arrest warrant issued in connection with a crime not committed within the entity's jurisdiction.

(2) Notwithstanding subdivision (a), a city, special district, school district, community college district, college, or university shall not be charged fees for a person who is ordered by a court to be remanded to the county jail except that a county may charge a fee to recover those direct costs for those functions required to book a person pursuant to subdivision (g) of Section 853.6 of the Penal Code.

(5) An agency making a mutual aid request shall pay fees in accordance with subdivision (a) that result from arrests made in response to the mutual aid request except that in the event the Governor declares a state of emergency, no agency shall be charged fees for any arrest made during any riot, disturbance, or event that is subject to the declaration.

(8) Notwithstanding subdivision (a), no fees shall be charged to a city, special district, school district, community college district, college, or university as the result of an arrest made by its officer assigned to a formal multiagency task force in which the county is a participant. For the purposes of this section, ''formal task force'' means a task force that has been established by written agreement of the participating agencies.

(9) In those counties where the cities and the county participate in a consolidated booking program and where prior to arraignment an arrestee is transferred from a city detention facility to a county detention facility, the city shall not be charged for those tasks listed in subdivision (d) that are a part of the consolidated booking program which were completed by the city prior to delivering the arrestee to the county detention facility. However, the county may charge the actual administrative costs for those additional tasks listed in subdivision (d) that are performed in order to receive the arrestee into the county detention facility. For the 2005-06 fiscal year and each fiscal year thereafter, the county may charge up to one-half of the actual administrative costs for those additional tasks listed in subdivision (d) that are performed in order to receive the arrestee into the county detention facility.

(c) Any county whose officer or agent arrests a person is entitled to recover from the arrested person a criminal justice administration fee for administrative costs it incurs in conjunction with the arrest if the person is convicted of any criminal offense related to the arrest, whether or not it is the offense for which the person was originally booked. The fee which the county is entitled to recover pursuant to this subdivision shall not exceed the actual administrative costs, including applicable overhead costs incurred in booking or otherwise processing arrested persons.

(d) When the court has been notified in a manner specified by the court that a criminal justice administration fee is due the agency:

(1) A judgment of conviction may impose an order for payment of the amount of the criminal justice administration fee by the convicted person, and execution may be issued on the order in the same manner as a judgment in a civil action, but shall not be enforceable by contempt.

(2) The court shall, as a condition of probation, order the convicted person, based on his or her ability to pay, to reimburse the county for the criminal justice administration fee, including applicable overhead costs.

(e) As used in this section, ''actual administrative costs'' include only those costs for functions that are performed in order to receive an arrestee into a county detention facility. Operating expenses of the county jail facility including capital costs and those costs involved in the housing, feeding, and care of inmates shall not be included in calculating ''actual administrative costs.'' ''Actual administrative costs'' may include the cost of notifying any local agency, special district, school district, community college district, college or university of any change in the fee charged by a county pursuant to this section. ''Actual administrative costs'' may include any one or more of the following as related to receiving an arrestee into the county detention facility:

All fees collected pursuant to this subdivision shall be transmitted by the county auditor monthly

to the Controller for deposit in the General Fund. This subdivision applies only to convictions occurring on or after the effective date of the act adding this subdivision and prior to June 30, 1996.

(c) Notwithstanding any other provision of this article, any city that pays booking and processing fees to another city is eligible for reimbursement pursuant to this section on the same basis as a city that pays booking and processing fees to a county. The amount of reimbursement for a city shall be based on the processing fees charged by the county in which that city is located. This subdivision shall apply to reimbursements beginning in the 2000–01 fiscal year based on costs incurred in the 1997–98 fiscal year.

income levels and for persons with disabilities as identified in the analysis pursuant to paragraph (6), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584 and from meeting the need for housing for persons with disabilities identified pursuant to paragraph (6).

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

The department shall adopt regulations to implement this paragraph, including parts of this paragraph determined by the department or any other state agency or a court to be a reimbursable state mandate. For any revision of a housing element required pursuant to Section 65588 that occurs subsequent to the adoption of those regulations, any actions undertaken by the locality beyond those specified in the regulations are at that locality's option and are not required by this section.

(7) At the option of local government, an analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. ''Assisted housing developments,'' for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. ''Assisted housing developments'' shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis

required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division

24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) (A) Identify adequate sites which will be made available through appropriate zoning and development standards and with services and facilities, including sewage collection and treatment, domestic water supply, and septic tanks and wells, needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, emergency shelters, and transitional housing in order to meet the community's housing goals as identified in subdivision (b).

(i) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall provide for sufficient sites with zoning that permits owner-occupied and rental multifamily residential use by right, including density and development standards that could accommodate and facilitate the feasibility of housing for very low and low-income households.

(ii) Where the inventory of sites pursuant to paragraph (3) of subdivision (a) does not identify adequate sites to accommodate the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.

(B) For purposes of this paragraph, the phrase ''use by right'' shall mean the use does not require a conditional use permit, except when the proposed project is a mixed-use project involving both commercial or industrial uses and residential uses. Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.

(C) The requirements of this subdivision regarding identification of sites for farmworker housing shall apply commencing with the next revision of housing elements required by Section 65588 following the enactment of this subparagraph.

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove

constraints to, or provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability.

(6) (A) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(B) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) The analysis and program for preserving assisted housing developments required by the amendments to this section enacted by the Statutes of 1989 shall be adopted as an amendment to the housing element by July 1, 1992.

(e) Failure of the department to review and report its findings pursuant to Section 65585 to the local government between July 1, 1992, and the next periodic review and revision required by Section 65588, concerning the housing element amendment required by the amendments to this section by the Statutes of 1989, shall not be used as a basis for allocation or denial of any housing assistance administered pursuant to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code.

It is also the purpose of this article to extend to trial court employees the right, and to require trial courts, to meet and confer in good faith over matters within the scope of representation, consistent with the procedures set forth in this article. This article is not intended to require changes in existing representation units, memoranda of agreement or understanding, or court rules, except as provided in this article.

(c) A complaint alleging any violation of this article or of any rules and regulations adopted by a trial court pursuant to Section 71636 shall be processed as an unfair practice charge by the board. The initial determination as to whether the charge of unfair practice is justified and, if so, the appropriate remedy necessary to effectuate the purposes of this article, shall be a matter within the exclusive jurisdiction of the board. The board shall apply and interpret unfair labor practices consistent with existing judicial interpretations of this article and Section 71639.3. The board shall not issue a complaint in respect of any charge based upon an alleged unfair practice occurring more than six months prior to the filing of the charge, except that if the rules and regulations adopted by a trial court require exhaustion of a remedy prior to filing an unfair practice charge or the charging party chooses to exhaust a trial court's remedy prior to filing an unfair practice charge, the six-month limitation set forth in this subsection shall be tolled during such reasonable amount of time it takes the charging party to exhaust the remedy, but nothing herein shall require a charging party to exhaust a remedy when that remedy would be futile.

(d) The board shall enforce and apply rules adopted by a trial court concerning unit determinations, representation, recognition, and elections.

(e) This section does not apply to employees designated as management employees under Section 71637.1.

(f) The board shall not find it an unfair practice for an employee organization to violate a rule or regulation adopted by a trial court if that rule or regulation is itself in violation of this article.

Trial courts and trial court employees are not covered by Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, or any subsequent changes to these sections except as provided in this article. However, where the language of this article is the same or substantially the same as that contained in Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, it shall be interpreted and applied in accordance with the judicial interpretations of the same language.

SEC. 70. Section 71639.4 is added to the Government Code, to read:

71639.4. (a) Any charging party, respondent, or intervenor aggrieved by a final decision or order of the board in an unfair practice case, except a decision of the board not to issue a complaint in such a case, and any party to a final decision or order of the board in a unit determination, representation, recognition, or election matter that is not

brought as an unfair practice case, may petition for a writ of extraordinary relief from that decision or order. A board order directing an election may not be stayed pending judicial review.

(b) A petition for a writ of extraordinary relief shall be filed in the district court of appeal having jurisdiction over the county where the events giving rise to the decision or order occurred. The petition shall be filed within 30 days from the date of the issuance of the board's final decision or order, or order denying reconsideration, as applicable. Upon the filing of the petition, the court shall cause notice to be served upon the board and thereafter shall have jurisdiction of the proceeding. The board shall file in the court the record of the proceeding, certified by the board, within 10 days after the clerk's notice unless that time is extended by the court for good cause shown. The court shall have jurisdiction to grant any temporary relief or restraining order it deems just and proper, and in like manner to make and enter a decree enforcing, modifying, and enforcing as modified, or setting aside in whole or in part the decision or order of the board. The findings of the board with respect to questions of fact, including ultimate facts, if supported by substantial evidence on the record considered as a whole, shall be conclusive. Title 1 (commencing with Section 1067) of Part 3 of the Code of Civil Procedure relating to writs shall, except where specifically superseded by this section, apply to proceedings pursuant to this section.

(c) If the time to petition for extraordinary relief from a board decision or order has expired, the board may seek enforcement of any final decision or order in a district court of appeal or superior court having jurisdiction over the county where the events giving rise to the decision or order occurred. The board shall respond within 10 days to any inquiry from a party to the action as to why the board has not sought court enforcement of the final decision or order. If the response does not indicate that there has been compliance with the board's final decision or order, the board shall seek enforcement of the final decision or order upon the request of the party. The board shall file in the court the record of the proceeding, certified by the board, and appropriate evidence disclosing the failure to comply with the decision or order. If, after hearing, the court determines that the order was issued pursuant to the procedures established by the board and that the person or entity refuses to comply with the order, the court shall enforce the order by writ of mandamus or other proper process. The court may not review the merits of the order.

The rules of court shall provide that these matters shall be heard in the superior court, and to the extent permitted by law, shall provide that any justice assigned to hear the matter in the superior court shall not be from the court of appeal district in which the action is filed, and shall further provide that appeals in such matters shall be heard in the court of appeal district where the matter was filed.

(8) Use of official bulletin boards and other means of communication by employee organizations.

(9) Furnishing nonconfidential information pertaining to employment relations to an employee organization.

(10) Revocation of recognition of an employee organization formally recognized as majority representative pursuant to a vote of the employees by a majority vote of the employees only after a period of not less than 12 months following the date of recognition. A vote shall be requested by a petition or cards signed by at least 30 percent of the employees within the bargaining unit, with those signatures having been obtained within one year prior to presentation of the petition or cards.

(11) Any other matters that are necessary to carry out the purposes of this chapter.

(b) If there is a recognized employee organization in the region, the regional court interpreter employment relations committee may amend the reasonable rules and regulations adopted pursuant to subdivision (a) by adopting reasonable rules and regulations, after meeting and conferring in good faith, for the administration of employer-employee relations under this chapter, which shall be binding on the trial courts within the region.

(c) Interpreters and recognized employee organizations shall be able to challenge a rule or regulation of the regional court interpreter employment relations committee or a trial court as a violation of this chapter.

SEC. 73. Section 71825 of the Government Code is repealed.

SEC. 74. Section 71825 is added to the Government Code, to read:

71825. (a) As used in this section, ''board'' means the Public Employment Relations Board established pursuant to Section 3541.

(b) The powers and duties of the board described in Section 3541.3 shall also apply, as appropriate, to this chapter and shall include the authority as set forth in subdivisions (c) and (d). Included among the appropriate powers of the board are the power to order elections, to conduct any election the board orders, and to adopt rules to apply in areas where a regional court interpreter employment relations committee has no rule.

(c) A complaint alleging any violation of this chapter or of any rules and regulations adopted by a regional court interpreter employment relations committee pursuant to Section 71823 shall be processed as an unfair practice charge by the board. The initial determination as to whether the charge of unfair practice is justified and, if so, the appropriate remedy necessary to effectuate the purposes of this chapter, shall be a matter within the exclusive jurisdiction of the board. The board shall apply and interpret unfair labor practices consistent with existing judicial interpretations of this chapter and Section 71826(b). The board shall not issue a complaint in respect of any charge based upon an alleged unfair practice occurring more than six months prior to the filing of the charge, except that if the rules and regulations adopted by a regional court interpreter employment relations committee require exhaustion of

a remedy prior to filing an unfair practice charge or the charging party chooses to exhaust a regional court interpreter employment relations committee's remedy prior to filing an unfair practice charge, the six-month limitation set forth in this subsection shall be tolled during such reasonable amount of time it takes the charging party to exhaust the remedy, but nothing herein shall require a charging party to exhaust a remedy when that remedy would be futile.

(d) The board shall enforce and apply rules adopted by a regional court interpreter employment relations committee concerning unit determinations, representation, recognition, and elections.

(e) This section does not apply to employees designated as management employees.

(f) The board shall not find it an unfair practice for an employee organization to violate a rule or regulation adopted by a regional court interpreter employment relations committee if that rule or regulation is itself in violation of this chapter.

SEC. 75. Section 71825.1 is added to the Government Code, to read:

71825.1. (a) Any charging party, respondent, or intervenor aggrieved by a final decision or order of the board in an unfair practice case, except a decision of the board not to issue a complaint in such a case, and any party to a final decision or order of the board in a unit determination, representation, recognition, or election matter that is not brought as an unfair practice case, may petition for a writ of extraordinary relief from that decision or order. A board order directing an election may not be stayed pending judicial review.

(b) A petition for a writ of extraordinary relief shall be filed in the district court of appeal having jurisdiction over the county where the events giving rise to the decision or order occurred. The petition shall be filed within 30 days from the date of the issuance of the board's final decision or order, or order denying reconsideration, as applicable. Upon the filing of the petition, the court shall cause notice to be served upon the board and thereafter shall have jurisdiction of the proceeding. The board shall file in the court the record of the proceeding, certified by the board, within 10 days after the clerk's notice unless that time is extended by the court for good cause shown. The court shall have jurisdiction to grant any temporary relief or restraining order it deems just and proper, and in like manner to make and enter a decree enforcing, modifying, and enforcing as modified, or setting aside in whole or in part the decision or order of the board. The findings of the board with respect to questions of fact, including ultimate facts, if supported by substantial evidence on the record considered as a whole, shall be conclusive. Title 1 (commencing with Section 1067) of Part 3 of the Code of Civil Procedure relating to writs shall, except where specifically superseded by this section, apply to proceedings pursuant to this section.

(c) If the time to petition for extraordinary relief from a board decision or order has expired, the board may seek enforcement of any final decision or order in a district court of appeal or superior court having jurisdiction over the county where the events giving rise to the decision or order occurred. The board shall respond within 10 days to any inquiry from a party to the action as to why the board has not sought court enforcement of the final decision or order. If the response does not indicate that there has been compliance with the board's final decision or order, the board shall seek enforcement of the final decision or order upon the request of the party. The board shall file in the court the record of the proceeding, certified by the board, and appropriate evidence disclosing the failure to comply with the decision or order. If, after hearing, the court determines that the order was issued pursuant to the procedures established by the board and that the person or entity refuses to comply with the order, the court shall enforce the order by writ of mandamus or other proper process. The court may not review the merits of the order.

SEC. 76. Section 71825.2 is added to the Government Code, to read:

71825.2. (a) Any written agreements reached through negotiations held pursuant to this article are binding upon the parties, upon adoption under Section 71819, and, notwithstanding Sections 1085 and 1103 of the Code of Civil Procedure requiring the issuance of a writ to an inferior tribunal, any of those agreements may be enforced by petitioning the superior court for relief pursuant to Section 1085 or 1103 of the Code of Civil Procedure.

(b) Written agreements reached through negotiations held pursuant to this article that contain provisions requiring the arbitration of controversies arising out of the agreement, shall be subject to enforcement under Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

(c) The Judicial Council shall adopt rules of court that shall provide a mechanism for the establishment of a panel of court of appeal justices who shall be qualified to hear petitions under Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure, and writ applications under Sections 1085 and 1103 of the Code of Civil Procedure, and as specified in those rules, from which a single justice shall be assigned to hear the matter in the superior court. The rules of court shall provide that these matters shall be heard in the superior court and, to the extent permitted by law, shall provide that any justice assigned to hear the matter in the superior court shall not be from the court of appeal district in which the action is filed, and shall further provide that appeals in those matters shall be heard in the court of appeal district where the matter was filed.

SEC. 77. Section 77202 of the Government Code is amended to read:

77202. (a) The Legislature shall make an annual appropriation to the Judicial Council for the general operations of the trial courts based on the request of the Judicial Council. The Judicial Council's trial court budget request, which shall be submitted to the Governor and the Legislature, shall meet the needs of all trial courts in a manner that ensures a predictable fiscal environment for labor negotiations in accordance with the Trial Court Employment Protection and Governance Act, that promotes equal access to the courts statewide, and that promotes court financial accountability. The annual budget request shall include the following components:

(1) In order to ensure that trial court funding is not eroded and that sufficient funding is provided to trial courts to be able to accommodate increased costs without degrading the quantity or quality of court services, a base funding adjustment for operating costs shall be included that is computed based upon the year-to-year percentage change in the annual state appropriations limit. For purposes of this adjustment, operating costs include, but are not limited to, all expenses for court operations and court employee salaries and salary-driven benefits, but do not include the costs of compensation for judicial officers, subordinate judicial officers, or funding for the assigned judges program.

(2) Nondiscretionary costs necessitated by law or county government that exceed the annual state appropriations limit and other adjustments required to accommodate other operational and programmatic changes shall be separately identified and justified through the annual budget process.

(b) The Judicial Council shall allocate the appropriation to the trial courts in a manner that best ensures the ability of the courts to carry out their functions, promotes implementation of statewide policies, and promotes the immediate implementation of efficiencies and cost-saving measures in court operations, in order to guarantee access to justice to citizens of the state.

The Judicial Council shall ensure that its trial court budget request and the allocations made by it reward each trial court's implementation of efficiencies and cost-saving measures.

These efficiencies and cost-saving measures shall include, but not be limited to, the following:

(1) The sharing or merger of court support staff among trial courts across counties.

(2) The assignment of any type of case to a judge for all purposes commencing with the filing of the case and regardless of jurisdictional boundaries.

(3) The establishment of a separate calendar or division to hear a particular type of case.

(4) In rural counties, the use of all court facilities for hearings and trials of all types of cases and the acceptance of filing documents in any case.

(5) The use of alternative dispute resolution programs, such as arbitration.

(6) The development and use of automated accounting and case-processing systems.

(c) (1) The Judicial Council shall adopt policies and procedures governing practices and procedures for budgeting in the trial courts in a manner that best ensures the ability of the courts to carry out their functions and may delegate the adoption to the Administrative Director of the Courts. The Administrative Director of the Courts shall establish budget procedures and an annual schedule of budget development and management consistent with these rules.

(2) The Trial Court Policies and Procedures shall specify the process for a court to transfer existing funds between or among the budgeted program components to reflect changes in the court's planned operation or to correct technical errors. If the process requires a trial court to request approval of a specific transfer of existing funds, the Administrative Office of the Courts shall review the request to transfer funds and respond within 30 days of receipt of the request. The Administrative Office of the Courts shall respond to the request for approval or denial to the affected court, in writing, with copies provided to the Department of Finance, the Legislative Analyst Office, the Legislature's budget committees, and the court's affected labor organizations.

(3) The Judicial Council shall circulate for comment to all affected entities any amendments proposed to the Trial Court Policies and Procedures as they relate to budget monitoring and reporting. Final changes shall be adopted at a meeting of the Judicial Council.

SEC. 78. Section 13138 is added to the Health and Safety Code, to read:

13138. (a) For state agencies, departments, or programs that are charged for the costs of fire and life safety building code inspections rendered by the State Fire Marshal, the State Fire Marshal shall charge an amount sufficient to recover the costs incurred for the fire and life safety building code inspections.

(b) Upon the request of the State Fire Marshal, in the form prescribed by the Controller, the Controller shall transfer the amount of the charges for services rendered from the agency's appropriation to the appropriation for the support of the State Fire Marshal's office.

(c) A state agency that has a dispute regarding charges for fire and life safety building code inspections provided by the State Fire Marshal shall notify the State Fire Marshal, in writing, of the dispute and the basis therefor. The State Fire Marshal shall immediately provide a credit to the state agency in the subsequent billing or billings for the amount of the charges in dispute. No further transfer of funds shall occur with respect to the services for which charges are disputed until the dispute is resolved by the State Fire Marshal, subject to the approval of the Department of Finance.

SEC. 79. Section 50710.1 of the Health and Safety Code is amended to read:

50710.1. (a) If all the development costs of any migrant farm labor center assisted pursuant to this chapter are provided by federal, state, or local grants, and if inadequate funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center in excess of rents charged in other centers assisted by the Office of Migrant Services. However, notwithstanding any other provision of law, commencing with the 2005 growing season, the department shall not increase rents for residents of any Office of Migrant Services facility to a level that exceeds 30 percent of the average annualized household incomes of residents of the facility without specific legislative authorization. Prior to approving these rents, the department shall consider the adequacy of evidence presented by the entity operating the center that the rents reimburse actual, reasonable, and necessary costs of operation.

(b) At the end of each fiscal year, any entity operating a migrant farm labor center pursuant to this chapter may establish a reserve account comprised of the excess funds provided through the annual operating contract received from the department, if the department certifies there is no need to address reasonable general maintenance requirements or repairs, rehabilitation, and replacement needs of the requesting migrant farm labor center which affect the immediate health and safety of residents. The cumulative balance of the reserve account shall not exceed 10 percent of the annual operating funds annually committed to the entity by the department. Funds in the reserve account shall be used only for capital improvements such as replacing or repairing structural elements, furniture, fixtures, or equipment of the migrant farm labor center, the replacement or repair of which are reasonably required to preserve the migrant farm labor center. Withdrawals from the reserve account shall be made only upon the written approval of the department of the amount and nature of expenditures.

(c) A migrant farm labor center governed by this chapter may be operated for an extended period beyond 180 days after approval by the department, provided that all of the following conditions are satisfied:

(1) No additional subsidies provided by the department are used for the operation or administration of the migrant farm center during the extended occupancy period except to the extent that state funds are appropriated or authorized for the purpose of funding all or part of the cost of subsidizing extended occupancy periods during the first 14 days only.

(2) Rents are not to be increased above the rents charged during the period immediately prior to the extended occupancy period unless the department finds that an increase is necessary to cover the difference between reasonable operating costs necessary to keep the center open during the extended occupancy period and the amount of state funds available pursuant to paragraph (1) and any contributions from agricultural employers or other federal, local, or private sources. These contributions shall not be used to reduce the amount of state funds that otherwise would be made available to the center to subsidize rents during an extended occupancy period.

(3) In no event shall the rent during the extended occupancy period exceed the average daily operating cost of the center, less any subsidy funds available pursuant to paragraph (1) or (2). Households representing at least 25 percent of the units in the center shall have indicated their desire and intention to remain in residency during an extended occupancy period by signing a petition to the local entity to keep the center open for an extended period at rents that are the same or higher than rents during the regular period of occupancy. Each household shall receive a clear bilingual notice describing the extended occupancy options attached to the lease.

The Legislature finds and declares that because the number of residents may be substantially reduced during the extended occupancy period, a rent increase may be necessary to cover operating costs. It is the intent of the Legislature that the public sector, private sector, and farmworkers should each play an important role in ensuring the financial viability of this important source of needed housing.

(4) An extended occupancy period is requested by an entity operating the migrant farm labor center and received by the department no earlier than 30 days and no later than 15 days prior to the center's scheduled closing date. The department shall notify the entity and petitioning residents of the final decision no later than seven days prior to the center's scheduled closing date. During the extended occupancy period, occupancy shall be limited to migrant farmworkers and their families who resided at a migrant center during the regular period of occupancy.

(5) Before approving or denying an extension and establishing the rents for the extended occupancy period, both of which shall be within the sole discretion of the department, the department shall take into consideration all of the following factors:

(A) The structural and physical condition of the center, including water and sewer pond capacity and the capacity and willingness of the local entity to operate the center during the extended occupancy period.

(B) Whether local approvals are required, and whether there are competing demands for the use of the center's facilities.

(C) Whether there is adequate documentation that there is a need for residents of the migrant center to continue work in the area, as confirmed by the local entity.

(D) The climate during the extended occupancy period.

(E) The amount of subsidy funds available that can be allocated to each center to subsidize rents below the operating costs and the cost of operating each center during the extended occupancy period.

(F) The extended occupancy period is deemed necessary for the health and safety of the migrant farmworkers and their families.

(G) Other relevant factors affecting the migrant farmworkers and their families and the operation of the centers.

(6) The rents collected during the extended occupancy period shall be remitted to the department. However, based on financial records to the satisfaction of the department, the department may reduce the amount to be remitted by an amount it determines the local entity has expended during the extended occupancy period that is not being reimbursed by department funds.

(7) The occupancy during the extended occupancy period represents a new tenancy and is not subject to existing and statutory and regulatory limitations governing rents. Prior to the beginning of the extended occupancy period, residents shall be provided at least two days' advance written notice of any rent increase and of the expected length of the extended occupancy period, including the scheduled date of closure of the center, and prior to being eligible for residency during the extended occupancy period, residents shall sign rental documents deemed necessary by the department.

(d) The Legislature finds and declares that variable annual climates and changing agricultural techniques create an inability to accurately predict the end of a harvest season for the purposes of housing migrant farmworkers and their families. Because of these factors, in any part of this state, and in any specific year, one or more migrant farmworker housing centers governed by this chapter need to remain open for up to two additional weeks to allow the residents to provide critical assistance to growers in harvesting crops while also fulfilling work expectations that encouraged them to migrate to the areas of the centers. In addition, if the centers close prematurely, the migrant farmworkers often must remain in the areas to work for up to two weeks. During this time they will not be able to obtain decent, safe, and affordable housing and the

health and safety of their families and the surrounding community will be threatened.

The Legislature therefore finds and declares that, for the purposes of any public or private right, obligation, or authorization related to the use of property and improvements thereon as a 180-day migrant center, an extended use of any housing center governed by this chapter pursuant to this section is deemed to be the same as the 180-day use generally authorized by this chapter.

SEC. 80. Section 53533 of the Health and Safety Code is amended to read:

53533. (a) Money deposited in the fund from the sale of bonds pursuant to this part shall be allocated for expenditure in accordance with the following schedule:

(D) Fifteen million dollars ($15,000,000) shall be used for student housing through the Multifamily Housing Program, subject to the following provisions:

Second priority shall be given to projects located within one mile of a University of California or California State University campus that is suffering from a severe shortage of housing and limited availability of developable land as determined by the department. Those determinations shall be set forth in the Notice of Funding Availability and shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

(ii) All funds shall be matched on a one-to-one basis from private sources or by the University of California or California State University. For the purposes of this subparagraph, ''University of California'' includes the Hastings College of the Law.

(A) Twenty-five million dollars ($25,000,000) shall be used for projects that serve migratory agricultural workers as defined in subdivision (i) of Section 7602 of Title 25 of the California Code of Regulations. If, after July 1, 2003, funds remain after the approval of all feasible applications, the department shall be deemed an eligible recipient for the purposes of reconstructing migrant centers operated through the Office of Migrant Services pursuant to Chapter 8.5 (commencing with Section 50710) that would otherwise be scheduled for closure due to health or safety considerations or are in need of significant repairs to ensure the health and safety of the residents. Of the dollars allocated by this section, the department shall receive five million five hundred thousand dollars ($5,500,000) for these purposes.

(B) Twenty million dollars ($20,000,000) shall be used for developments that also provide health services to the residents. Recipients of these funds shall be required to provide ongoing monitoring of funded developments to ensure compliance with the requirements of the Joe Serna, Jr. Farmworker Housing Grant Program. Projects receiving funds through this allocation shall be ineligible for funding through the Joe Serna, Jr. Farmworker Housing Grant Program.

(C) Any funds not encumbered for the purposes set forth in this paragraph within 30 months of availability shall revert for general use in the Joe Serna, Jr. Farmworker Housing Grant Program.

department may, in its discretion, transfer the moneys to the Housing Rehabilitation Loan Fund to be expended for the Multifamily Housing Program.

(7) Two hundred ninety million dollars ($290,000,000) shall be transferred to the Self-Help Housing Fund. Notwithstanding Section 50697.1, these funds are hereby continuously appropriated to the agency to be expended for the purposes of the California Homebuyer's Downpayment Assistance Program authorized by Chapter 11 (commencing with Section 51500) of Part 3, except for the following:

(A) Fifty million dollars ($50,000,000) shall be transferred to the School Facilities Fee Assistance Fund as provided by subdivision (a) of Section 51453 to be used for the Homebuyer Down Payment Assistance Program of 2002 established by Section 51451.5.

(C) (i) Twelve million five hundred thousand dollars ($12,500,000) shall be reserved for downpayment assistance to low-income first-time home buyers who, as documented to the agency by a nonprofit organization certified and funded to provide home ownership counseling by a federally funded national nonprofit corporation, are purchasing a residence in a community revitalization area targeted by the nonprofit organization and who has received home ownership counseling from the nonprofit organization. Community revitalization areas shall be limited to targeted neighborhoods identified by qualified nonprofit organizations as those neighborhoods in need of economic stimulation, renovation, and rehabilitation through efforts that include increased home ownership opportunities for low-income families.

(iii) After 12 months of availability, if more than 50 percent of the funds set aside pursuant to clause (ii) have been encumbered, the agency shall discontinue that program and make all remaining funds available for downpayment assistance pursuant to clause (i). If, however, less than 50 percent of the funds allocated pursuant to clause (ii) are encumbered after that 12-month period, the agency may, at its sole discretion, either

make all remaining funds provided pursuant to clause (i) available for the purpose of clause (ii), or may continue to implement clause (ii) until all of the funds allocated for that purpose as of January 1, 2004, have been encumbered.

(D) Twenty-five million dollars ($25,000,000) shall be used for downpayment assistance pursuant to Section 51505. After 18 months of availability, if the agency determines that the funds set aside pursuant to this section will not be utilized for purposes of Section 51505, these funds shall be available for the general use of the agency for the purposes of the California Homebuyer's Downpayment Assistance Program, but may also continue to be available for the purposes of Section 51505.

(E) Funds not utilized for the purposes set forth in subparagraphs (B) and (C) within 30 months shall revert for general use in the California Homebuyer's Downpayment Assistance Program.

(8) One hundred million dollars ($100,000,000) shall be transferred to the Jobs Housing Improvement Account to be expended as capital grants to local governments for increasing housing pursuant to enabling legislation. (b) No portion of the money allocated pursuant to this section may be expended for project operating costs, except that this section does not preclude expenditures for operating costs from reserves required to be maintained by or on behalf of the project sponsor.

(c) The Legislature may, from time to time, amend the provisions of law related to programs to which funds are, or have been, allocated pursuant to this section for the purpose of improving the efficiency and effectiveness of the program, or for the purpose of furthering the goals of the program.

(d) The Bureau of State Audits shall conduct periodic audits to ensure that bond proceeds are awarded in a timely fashion and in a manner consistent with the requirements of this part, and that awardees of bond proceeds are using funds in compliance with applicable provisions of this part.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one million dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate, signed and made under penalty of perjury that the transferee is a grandparent, parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. (C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(c) A local health jurisdiction shall be ineligible to receive funding from appropriations made for purposes of this article when that local health jurisdiction receives directly or through another local jurisdiction federal funding for the same purposes. Moneys appropriated for purposes of this article that would have been allocated to a local health jurisdiction that is ineligible, pursuant to this subdivision, to receive funding shall be allocated, as provided in Section 101317, among the remaining local health jurisdictions that are eligible.

(d) Funds appropriated for the purposes of this article shall not be used to supplant funding for existing levels of service and shall only be used for purposes specified in Section 101317.

(e) This article shall apply only when local health jurisdictions, hospitals, clinics, emergency medical systems, and poison control centers are designated by a federal or state agency to manage the funds for public health preparedness and response to bioterrorist attacks and other public health emergencies, pursuant to the federally approved collaborative state-local plan.

SEC. 3.6. Section 101319 of the Health and Safety Code is amended to read:

101319. Due to the need to rapidly implement, and to provide local health jurisdictions, hospitals, clinics, emergency medical systems, and poison control centers with timely funding for the purposes of, this article, funds appropriated in the annual Budget Act or some other act for purposes of this article for the 2002–03 fiscal year and subsequent fiscal years shall be allocated through the use of agreements, which shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

SEC. 3.7. Section 101320 is added to the Health and Safety Code, to read:

101320. This article shall become inoperative on September 1, 2007, and, as of January 1, 2008, is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3.8. Section 101750 of the Health and Safety Code is amended to read:

101750. The authority is hereby declared to be a body corporate and politic and it shall have power:

(a) To have perpetual succession.

(b) To sue and be sued in the name of the authority in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(c) To adopt a seal and alter it at pleasure.

(d) To take by grant, purchase, gift, devise, or lease, to hold, use and enjoy, and to lease, convey or dispose of, real and personal property of every kind, within or without the boundaries of the authority, necessary or convenient to the full exercise of its powers. The board may lease, mortgage, sell, or otherwise dispose of any real or personal property within or without the boundaries of the authority necessary to the full or convenient exercise of its powers.

(e) To make and enter into contracts with any public agency or person for the purposes of this chapter, including, but not limited to, agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Members of the board shall be disqualified from voting on contracts in which they have a financial interest. Notwithstanding any other provision of law, members shall not be disqualified from continuing to serve as a member of the board and a contract may not be avoided solely because of a member's financial interest.

(f) To appoint and employ an executive director and other employees as may be necessary, including legal counsel, fix their compensation and define their powers and duties. The board shall prescribe the amounts and forms of fidelity bond of its officers and employees. The cost of these bonds shall be borne by the authority. The authority may also contract for the services of an independent contractor.

(g) To incur indebtedness not exceeding revenue in any year.

(h) To purchase supplies, equipment, materials, property, or services.

(i) To establish policies relating to its purposes.

(j) To acquire or contract to acquire, rights-of-way, easements, privileges, or property of every kind within or without the boundaries of the authority, and construct, equip, maintain, and operate any and all works or improvements within or without the boundaries of the authority necessary, convenient, or proper to carry out any of the provisions,

objects or purposes of this chapter, and to complete, extend, add to, repair, or otherwise improve any works or improvements acquired by it.

(k) To make contracts and enter into stipulations of any nature upon the terms and conditions that the board finds are for the best interest of the authority for the full exercise of the powers granted in this chapter.

(*l*) To accept gifts, contributions, grants or loans from any public agency or person for the purposes of this chapter. The authority may do any and all things necessary in order to avail itself of the gifts, contributions, grants or loans, and cooperate under any federal or state legislation in effect on March 25, 1982 or enacted after that date.

(m) To manage its moneys and to provide depository and auditing services pursuant to either of the methods applicable to special districts as set forth in the Government Code.

(n) To negotiate with service providers rates, charges, fees and rents, and to establish classifications of health care systems operated by the authority. Members of the board who are county officers and employees may vote to approve arrangements and agreements between the authority and the county as a service provider and these directors shall not thus be disqualified solely for the reason that they are employed by the county.

(o) To develop and implement health care delivery systems to promote quality care and cost efficiency and to provide appeal and grievance procedures available to both providers and consumers.

(p) To provide health care delivery systems for any or all of the following:

(1) For all persons who are eligible to receive medical benefits under the Medi-Cal Act, as set forth in Sections 14000 and following, of the Welfare and Institutions Code in the county through waiver, pilot project, or otherwise.

(2) For all persons in the county who are eligible to receive medical benefits under both Titles XVIII and XIX of the federal Social Security Act.

(3) For all persons in the county who are eligible to receive medical benefits under Title XVIII of the federal Social Security Act.

(4) For all persons in the county who are eligible to receive medical benefits under publicly supported programs if the authority, and participating providers acting pursuant to subcontracts with the authority, agree to hold harmless the beneficiaries of the publicly supported programs if the contract between the sponsoring government agency and the authority does not ensure sufficient funding to cover program benefits.

(q) To insure against any accident or destruction of its health care system or any part thereof. It may insure against loss of revenues from any cause. The authority may also provide insurance as provided in Part

6 (commencing with Section 989) of Division 3.6 of Title 1 of the Government Code.

(r) To exercise powers that are expressly granted and powers that are reasonably implied from express powers and necessary to carry out the purposes of this chapter.

(s) To do any and all things necessary to carry out the purposes of this chapter.

SEC. 3.9. Section 101750.5 is added to the Health and Safety Code, to read:

101750.5. Notwithstanding subdivision (f) of Section 14499.5 of the Welfare and Institutions Code, for the purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, the authority shall be considered a public entity separate from the county or counties and shall file the statement required by Section 53051 of the Government Code.

SEC. 4. Section 120956 is added to the Health and Safety Code, to read:

120956. (a) The AIDS Drug Assistance Program Rebate Fund is hereby created as a special fund in the State Treasury.

(b) All rebates collected from drug manufacturers on drugs purchased through the AIDS Drugs Assistance Program (ADAP) implemented pursuant to this chapter and, notwithstanding Section 16305.7 of the Government Code, interest earned on these moneys shall be deposited in the fund exclusively to cover costs related to the purchase of drugs and services provided through ADAP.

(c) Notwithstanding Section 13340 of the Government Code, moneys in the fund shall be continuously appropriated without regard to fiscal year to State Department of Health Services and available for expenditure for those purposes specified under this section.

SEC. 5. Chapter 5 (commencing with Section 123223) is added to Part 1 of Division 106 of the Health and Safety Code, to read:

CHAPTER 5. CHILDREN'S MEDICAL SERVICES REBATE FUND

123223. (a) The Children's Medical Services Rebate Fund is hereby created as a special fund in the State Treasury.

(b) All rebates for the delivery of health care, medical supplies, pharmaceuticals, including blood replacement products, and equipment for clients enrolled in the state funded Genetically Handicapped Person's Program, Chapter 2 (commencing with Section 125125) of Part 5, and the California Children's Services Program, Article 5 (commencing with Section 123800) of Chapter 3 of Part 2, and, notwithstanding Section 16305.7 of the Government Code, interest earned on these moneys, shall be deposited in the Children's Medical Services Rebate

Fund exclusively to cover costs related to services, and the administration of services, provided through the Genetically Handicapped Person's Program and California Children's Services Program.

(c) Notwithstanding Section 13340 of the Government Code, moneys in the Children's Medical Services Rebate Fund shall be continuously appropriated without regard to fiscal year to the State Department of Health Services and available for expenditure for those purposes specified under this section.

SEC. 6. Section 123707 of the Health and Safety Code is amended to read:

123707. (a) The State Department of Health Services may manufacture, test, distribute, and maintain licensure of the product Botulism Immune Globulin Intravenous (Human) if all necessary federal licenses are obtained. The department was issued United States License No. 1622 on October 23, 2003, by the United States Food and Drug Administration under the authority of Section 351(a) of the Public Health Service Act controlling the manufacture and sale of biological products. The product may be labeled with the proprietary name BabyBIG®.

(b) The United States Food and Drug Administration license agreement stipulated the contracts and commodity purchases required to manufacture, test, distribute, and maintain licensure of Botulism Immune Globulin Intravenous (Human). Therefore, contracts and commodity purchases for any manufacture, testing, distribution, packaging, development, and licensure of Botulism Immune Globulin Intravenous (Human) by the department shall be exempt from competitive bidding and shall be exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

(c) Since the incidence of infant botulism in California can vary by as much as 60 percent from year to year, and since continuity of program operations is critical to the health and well-being of these infants, any funds not expended at the end of the fiscal year shall be carried forward into the next fiscal year, notwithstanding any other provision of law.

(d) In carrying out this article, the Infant Botulism Treatment and Prevention Unit may adopt regulations, make and receive grants, and enter into contracts and interagency agreements.

SEC. 6.1. The Legislature finds and declares all of the following:

(a) Birth defects are the leading cause of infant death in California and the United States.

(b) In California, more than 530,000 babies are born each year. According to the California Birth Defects Monitoring Program, one in 33 will be born with a debilitating condition. Of these, one in 11 will die.

(c) Each year, newborn screen programs in all states test four million newborns to identify those who may have specific genetic and metabolic disorders that could threaten their life or long-term health and development. An estimated one in 3,000 newborn children carries a metabolic disorder that interferes with the growing child's development. California conducts newborn screening for the following disorders: phenylketonuria, galactosemia, sickle cell disease, and congenital hypothyroidism. Since 1980, more than 5,500 cases of these disorders have been detected from a small blood sample collected from each newborn shortly after birth. Without early detection and dietary treatment, children affected with these genetic conditions may suffer serious illness, severe physical or developmental disability, and death. The state's newborn screening program has proven effective in reducing the incidence of morbidity and mortality resulting from these four disorders.

(d) Recent technological advances make it possible and affordable to screen for larger numbers of treatable metabolic disorders, more than 20 from a single sample. At least 26 states have implemented this new technology, tandem mass spectrometry. In order to keep pace with the rest of the nation, California needs to expand its newborn screening program.

(e) In 2002–03, the Genetic Disease Branch (GDB) of the State Department of Health Services conducted a pilot project to expand newborn screening to 30 disorders.

(f) According to the Centers for Disease Control and Prevention, the average lifetime cost of providing services to a person with moderate mental retardation is $1,014,000. For every 20 additional cases identified through expanded screening, average lifetime cost savings could exceed $20,000,000. Approximately 38 percent of infants born in California are eligible for Medi-Cal. Thus, significant costs are incurred by the state for providing medical care, special education, developmental services, and physical and speech, or occupational therapies to children with untreated disorders. Health plans, insurance companies, and individual families also incur major costs.

(g) Cost-benefit analyses have repeatedly found that expanded newborn screening produces significant net benefits. The GDB estimates that for every dollar spent on expanded screening, $2.59 is saved in average lifetime costs. Moreover, expanded screening will save lives.

SEC. 6.2. Section 124977 of the Health and Safety Code is amended to read:

124977. (a) It is the intent of the Legislature that, unless otherwise specified, the program carried out pursuant to this chapter be fully supported from fees collected for services provided by the program.

(b) (1) The department shall charge a fee to all payers for any tests or activities performed pursuant to this chapter. The amount of the fee shall be established by regulation and periodically adjusted by the director in order to meet the costs of this chapter. Notwithstanding any other provision of law, any fees charged for prenatal screening and followup services provided to persons enrolled in the Medi-Cal program, health care service plan enrollees, or persons covered by health insurance policies, shall be paid in full directly to the Genetic Disease Testing Fund, subject to all terms and conditions of each enrollee's or insured's health care service plan or insurance coverage, whichever is applicable, including, but not limited to, copayments and deductibles applicable to these services, and only if these copayments, deductibles, or limitations are disclosed to the subscriber or enrollee pursuant to the disclosure provisions of Section 1363.

(2) The department shall expeditiously undertake all steps necessary to implement the fee collection process, including personnel, contracts, and data processing, so as to initiate the fee collection process at the earliest opportunity.

(3) The director shall convene, in the most cost-efficient manner and using existing resources, a working group comprised of health insurance, health care service plan, hospital, consumer, and department representatives to evaluate newborn and prenatal screening fee billing procedures, and recommend to the department ways to improve these procedures in order to improve efficiencies and enhance revenue collections for the department and hospitals. In performing its duties, the working group may consider models in other states. The working group shall make its recommendations by March 1, 2005.

(4) Effective for services provided on and after July 1, 2002, the department shall charge a fee to the hospital of birth, or, for births not occurring in a hospital, to families of the newborn, for newborn screening and followup services. The hospital of birth and families of newborns born outside the hospital shall make payment in full to the Genetic Disease Testing Fund. The department shall not charge or bill Medi-Cal beneficiaries for services provided under this chapter.

(c) (1) The Legislature finds that timely implementation of changes in genetic screening programs and continuous maintenance of quality statewide services requires expeditious regulatory and administrative procedures to obtain the most cost-effective electronic data processing, hardware, software services, testing equipment, and testing and followup services.

(2) The expenditure of funds from the Genetic Disease Testing Fund for these purposes shall not be subject to Section 12102 of, and Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of, the Public Contract Code, or to Division 25.2 (commencing with Section 38070).

The department shall provide the Department of Finance with documentation that equipment and services have been obtained at the lowest cost consistent with technical requirements for a comprehensive high-quality program.

(3) The expenditure of funds from the Genetic Disease Testing Fund for implementation of the Tandem Mass Spectrometry screening for fatty acid oxidation, amino acid, and organic acid disorders, and screening for congenital adrenal hyperplasia may be implemented through the amendment of the Genetic Disease Branch Screening Information System contracts and shall not be subject to Chapter 3 (commencing with Section 12100) of Part 2 of Division 2 of the Public Contract Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, and any policies, procedures, regulations or manuals authorized by those laws.

(d) (1) The department may adopt emergency regulations to implement and make specific this chapter in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law. Notwithstanding Section 11346.1 and Section 11349.6 of the Government Code, the department shall submit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State. Regulations shall be subject to public hearing within 120 days of filing with the Secretary of State and shall comply with Sections 11346.8 and 11346.9 of the Government Code or shall be repealed.

(2) The Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the regulations adopted pursuant to this chapter shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

(3) The Legislature finds and declares that the health and safety of California newborns is in part dependent on an effective and adequately staffed genetic disease program, the cost of which shall be supported by the fees generated by the program.

SEC. 6.3. Section 124980 of the Health and Safety Code is amended to read:

124980. The director shall establish any regulations and standards for hereditary disorders programs as the director deems necessary to promote and protect the public health and safety. Standards shall include licensure of master level genetic counselors and doctoral level geneticists. Regulations adopted shall implement the principles established in this section. These principles shall include, but not be limited to, the following:

(a) The public, especially communities and groups particularly affected by programs on hereditary disorders, should be consulted before any regulations and standards are adopted by the department.

(b) The incidence, severity, and treatment costs of each hereditary disorder and its perceived burden by the affected community should be considered and, where appropriate, state and national experts in the medical, psychological, ethical, social, and economic effects or programs for the detection and management of hereditary disorders shall be consulted by the department.

(c) Information on the operation of all programs on hereditary disorders within the state, except for confidential information obtained from participants in the programs, shall be open and freely available to the public.

(d) Clinical testing procedures established for use in programs, facilities, and projects shall be accurate, provide maximum information, and the testing procedures selected shall produce results that are subject to minimum misinterpretation.

(e) No test or tests may be performed on any minor over the objection of the minor's parents or guardian, nor may any tests be performed unless the parent or guardian is fully informed of the purposes of testing for hereditary disorders and is given reasonable opportunity to object to the testing.

(f) No testing, except initial screening for phenylketonuria (PKU) and other diseases that may be added to the newborn screening program, shall require mandatory participation, and no testing programs shall require restriction of childbearing, and participation in a testing program shall not be a prerequisite to eligibility for, or receipt of, any other service or assistance from, or to participate in, any other program, except where necessary to determine eligibility for further programs of diagnoses of or therapy for hereditary conditions.

(g) Pretest and posttest counseling services for hereditary disorders shall be available through the program or a referral source for all persons determined to be or who believe themselves to be at risk for a hereditary disorder. Genetic counseling shall be provided by a physician, a certified advanced practice nurse with a genetics specialty, or other appropriately trained licensed health care professional and shall be nondirective, shall

emphasize informing the client, and shall not require restriction of childbearing.

(h) All participants in programs on hereditary disorders shall be protected from undue physical and mental harm, and except for initial screening for phenylketonuria (PKU) and other diseases that may be added to newborn screening programs, shall be informed of the nature of risks involved in participation in the programs, and those determined to be affected with genetic disease shall be informed of the nature, and where possible the cost, of available therapies or maintenance programs, and shall be informed of the possible benefits and risks associated with these therapies and programs.

(i) All testing results and personal information generated from hereditary disorders programs shall be made available to an individual over 18 years of age, or to the individual's parent or guardian. If the individual is a minor or incompetent, all testing results that have positively determined the individual to either have, or be a carrier of, a hereditary disorder shall be given through a physician or other source of health care.

(j) All testing results and personal information from hereditary disorders programs obtained from any individual, or from specimens from any individual, shall be held confidential and be considered a confidential medical record except for information that the individual, parent, or guardian consents to be released, provided that the individual is first fully informed of the scope of the information requested to be released, of all of the risks, benefits, and purposes for the release, and of the identity of those to whom the information will be released or made available, except for data compiled without reference to the identity of any individual, and except for research purposes, provided that pursuant to Subpart A (commencing with Section 46.101) of Part 46 of Title 45 of the Code of Federal Regulations entitled ''Basic HHS Policy for Protection of Human Subjects,'' the research has first been reviewed and approved by an institutional review board that certifies the approval to the custodian of the information and further certifies that in its judgment the information is of such potentially substantial public health value that modification of the requirement for legally effective prior informed consent of the individual is ethically justifiable.

(k) A physician providing information to patients on expanded newborn screening shall disclose to the parent the physician's financial interest, if any, in the laboratory to which the patient is being referred.

(*l*) An individual whose confidentiality has been breached as a result of any violation of the provisions of the Hereditary Disorders Act, as defined in subdivision (b) of Section 27, may recover compensatory and civil damages. Any person who negligently breaches the confidentiality of an individual tested under this article shall be subject to civil damages

of not more than ten thousand dollars ($10,000), reasonable attorney's fees, and the costs of litigation. Any person who knowingly breaches the confidentiality of an individual tested under this article shall be subject to payment of compensatory damages, and in addition, may be subject to civil damages of fifty thousand dollars ($50,000), reasonable attorney's fees, and the costs of litigation, or imprisonment in the county jail of not more than one year. If the offense is committed under false pretenses, the person may be subject to a fine of not more than one hundred thousand dollars ($100,000), imprisonment in the county jail of not more than one year, or both. If the offense is committed with the intent to sell, transfer, or use individually identifiable health information for commercial advantage, personal gain, or malicious harm, the person may be subject to a fine of not more than two hundred fifty thousand dollars ($250,000), imprisonment in the county jail of not more than one year, or both.

(m) ''Genetic counseling'' as used in this section shall not include communications that occur between patients and appropriately trained and competent licensed health care professionals, such as physicians, registered nurses, and physicians assistants who are operating within the scope of their license and qualifications as defined by their licensing authority.

SEC. 6.4. Section 125000 of the Health and Safety Code is amended to read:

125000. (a) It is the policy of the State of California to make every effort to detect, as early as possible, phenylketonuria and other preventable heritable or congenital disorders leading to mental retardation or physical defects.

The department shall establish a genetic disease unit, that shall coordinate all programs of the department in the area of genetic disease. The unit shall promote a statewide program of information, testing, and counseling services and shall have the responsibility of designating tests and regulations to be used in executing this program.

The information, tests, and counseling for children shall be in accordance with accepted medical practices and shall be administered to each child born in California once the department has established appropriate regulations and testing methods. The information, tests, and counseling for pregnant women shall be in accordance with accepted medical practices and shall be offered to each pregnant woman in California once the department has established appropriate regulations and testing methods. These regulations shall follow the standards and principles specified in Section 124980. The department may provide laboratory testing facilities or contract with any laboratory that it deems qualified to conduct tests required under this section. However, notwithstanding Section 125005, provision of laboratory testing

facilities by the department shall be contingent upon the provision of funding therefor by specific appropriation to the Genetic Disease Testing Fund enacted by the Legislature. If moneys appropriated for purposes of this section are not authorized for expenditure to provide laboratory facilities, the department may nevertheless contract to provide laboratory testing services pursuant to this section and shall perform laboratory services, including, but not limited to, quality control, confirmatory, and emergency testing, necessary to ensure the objectives of this program.

(b) The department shall charge a fee for any tests performed pursuant to this section. The amount of the fee shall be established and periodically adjusted by the director in order to meet the costs of this section.

(c) The department shall inform all hospitals or physicians and surgeons, or both, of required regulations and tests and may alter or withdraw any of these requirements whenever sound medical practice so indicates. To the extent practicable, the department shall provide notice to hospitals and other payers in advance of any increase in the fees charged for the program.

(d) This section shall not apply if a parent or guardian of the newborn child objects to a test on the ground that the test conflicts with his or her religious beliefs or practices.

(e) The genetic disease unit is authorized to make grants or contracts or payments to vendors approved by the department for all of the following:

(1) Testing and counseling services.

(2) Demonstration projects to determine the desirability and feasibility of additional tests or new genetic services.

(3) To initiate the development of genetic services in areas of need.

(4) To purchase or provide genetic services from any sums as are appropriated for this purpose.

(f) The genetic disease unit shall evaluate and prepare recommendations on the implementation of tests for the detection of hereditary and congenital diseases, including, but not limited to, biotinidase deficiency and cystic fibrosis. The genetic disease unit shall also evaluate and prepare recommendations on the availability and effectiveness of preventative followup interventions, including the use of specialized medically necessary dietary products.

It is the intent of the Legislature that funds for the support of the evaluations and recommendations required pursuant to this subdivision, and for the activities authorized pursuant to subdivision (e), shall be provided in the annual Budget Act appropriation from the Genetic Disease Testing Fund.

(g) Health care providers that contract with a prepaid group practice health care service plan that annually has at least 20,000 births among its membership, may provide, without contracting with the department, any or all of the testing and counseling services required to be provided under this section or the regulations adopted pursuant thereto, if the services meet the quality standards and adhere to the regulations established by the department and the plan pays that portion of a fee established under this section that is directly attributable to the department's cost of administering the testing or counseling service and to any required testing or counseling services provided by the state for plan members. The payment by the plan, as provided in this subdivision, shall be deemed to fulfill any obligation the provider or the provider's patient may have to the department to pay a fee in connection with the testing or counseling service.

(h) The department may appoint experts in the area of genetic screening, including, but not limited to, cytogenetics, molecular biology, prenatal, specimen collection, and ultrasound to provide expert advice and opinion on the interpretation and enforcement of regulations adopted pursuant to this section. These experts shall be designated agents of the state with respect to their assignments. These experts shall receive no salary, but shall be reimbursed for expenses associated with the purposes of this section. All expenses of the experts for the purposes of this section shall be paid from the Genetic Disease Testing Fund.

SEC. 6.5. Section 125001 of the Health and Safety Code is amended to read:

125001. (a) The department shall establish a program for the development, provision, and evaluation of genetic disease testing, and may provide laboratory testing facilities or make grants to, contract with, or make payments to, any laboratory that it deems qualified and cost-effective to conduct testing or with any metabolic specialty clinic to provide necessary treatment with qualified specialists. The program shall provide genetic screening and followup services for persons who have the screening.

(b) The department shall expand statewide screening of newborns to include tandem mass spectrometry screening for fatty acid oxidation, amino acid, and organic acid disorders and congenital adrenal hyperplasia as soon as possible. The department shall provide information with respect to these disorders and testing resources available, to all women receiving prenatal care and to all women admitted to a hospital for delivery. If the department is unable to provide this statewide screening by July 1, 2005, the department shall temporarily obtain these testing services through a competitive bid process from one or more public or private laboratories that meet the department's requirements for testing, quality assurance, and reporting.

If the department determines that contracting for these services is more cost-effective, and meets the other requirements of this chapter, than purchasing the tandem mass spectrometry equipment themselves, the department shall contract with one or more public or private laboratories.

(c) The department shall report to the Legislature regarding the progress of the program on or before July 1, 2006. The report shall include the costs for screening, followup, and treatment as compared to costs and morbidity averted for each condition tested for in the program.

SEC. 7. Section 127671 of the Health and Safety Code is amended to read:

127671. (a) The Governor shall convene the California Health Care Quality Improvement and Cost Containment Commission, hereinafter referred to as ''the commission,'' to research and recommend appropriate and timely strategies for promoting high quality care and containing health care costs.

(b) The commission shall be composed of 27 members who are knowledgeable about the health care system and health care spending.

(c) The Governor shall appoint 17 members of the commission, as follows:

(1) Three representatives of California's business community, including at least one representative from a small business.

(2) Two representatives from organized labor, one of whom represents health care workers.

(3) Two representatives of consumers.

(4) Two health care practitioners, including at least one physician.

(5) One representative of the disabilities community.

(6) One hospital industry representative.

(7) One pharmaceutical industry representative.

(8) Two representatives of the health insurance industry, one with expertise in managed health care delivery systems and one with expertise in health insurance underwriting and rating.

(9) One representative of academic or health care policy research institutions.

(10) One health care economist.

(11) One expert in disease management techniques and wellness programs.

(d) The Senate Committee on Rules shall appoint four members, with two members from the majority party and two from the minority party.

(e) The Speaker of the Assembly shall appoint four members, of which two members shall be the Chair and Vice Chair of the Assembly Committee on Health.

(f) The Secretary of the Health and Human Services Agency and the Director of the Department of Managed Health Care shall serve as members of the commission.

(g) The Governor shall appoint the chairperson of the commission.

(h) The commission shall, on or before January 1, 2006, issue a report to the Legislature and the Governor making recommendations for health care quality improvement and cost containment. The commission shall, at a minimum, examine and address the following issues:

(1) Assessing California health care needs and available resources.

(2) Lowering the cost of health care coverage.

(3) Increasing patient choices of health coverage options and providers.

(4) Improving the quality of health care.

(5) Increasing the transparency of health care costs and the relative efficiency with which care is delivered.

(6) Potential for integration with workers' compensation insurance.

(7) Use of disease management, wellness, prevention, and other innovative programs to keep people healthy while reducing costs and improving health outcomes.

(8) Consolidation of existing state programs to achieve efficiencies where possible.

(9) Efficient utilization of prescription drugs and technology.

(i) Notwithstanding any other provision of law, the members of the task force shall receive no per diem or travel expense reimbursement, or any other expense reimbursement.

SEC. 7.3. Section 12693.43 of the Insurance Code is amended to read:

12693.43. (a) Applicants applying to the purchasing pool shall agree to pay family contributions, unless the applicant has a family contribution sponsor. Family contribution amounts consist of the following two components:

(1) The flat fees described in subdivision (b) or (d).

(2) Any amounts that are charged to the program by participating health, dental, and vision plans selected by the applicant that exceed the cost to the program of the highest cost Family Value Package in a given geographic area.

(b) In each geographic area, the board shall designate one or more Family Value Packages for which the required total family contribution is:

(1) Seven dollars ($7) per child with a maximum required contribution of fourteen dollars ($14) per month per family for applicants with annual household incomes up to and including 150 percent of the federal poverty level.

(2) Nine dollars ($9) per child with a maximum required contribution of twenty-seven dollars ($27) per month per family for applicants with annual household incomes greater than 150 percent and up to and including 200 percent of the federal poverty level and for applicants on behalf of children described in clause (ii) of subparagraph (A) of paragraph (6) of subdivision (a) of Section 12693.70.

(3) On and after July 1, 2005, fifteen dollars ($15) per child with a maximum required contribution of forty-five dollars ($45) per month per family for applicants with annual household income to which subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is applicable. Notwithstanding any other provision of law, if an application with an effective date prior to July 1, 2005, was based on annual household income to which subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is applicable, then this subparagraph shall be applicable to the applicant on July 1, 2005, unless subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is no longer applicable to the relevant family income. The program shall provide prior notice to any applicant for currently enrolled subscribers whose premium will increase on July 1, 2005, pursuant to this subparagraph and, prior to the date the premium increase takes effect, shall provide that applicant with an opportunity to demonstrate that subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is no longer applicable to the relevant family income.

(c) Combinations of health, dental, and vision plans that are more expensive to the program than the highest cost Family Value Package may be offered to and selected by applicants. However, the cost to the program of those combinations that exceeds the price to the program of the highest cost Family Value Package shall be paid by the applicant as part of the family contribution.

(d) The board shall provide a family contribution discount to those applicants who select the health plan in a geographic area that has been designated as the Community Provider Plan. The discount shall reduce the portion of the family contribution described in subdivision (b) to the following:

(1) A family contribution of four dollars ($4) per child with a maximum required contribution of eight dollars ($8) per month per family for applicants with annual household incomes up to and including 150 percent of the federal poverty level.

(2) Six dollars ($6) per child with a maximum required contribution of eighteen dollars ($18) per month per family for applicants with annual household incomes greater than 150 percent and up to and including 200 percent of the federal poverty level and for applicants on behalf of children described in clause (ii) of subparagraph (A) of paragraph (6) of subdivision (a) of Section 12693.70.

(3) On and after July 1, 2005, twelve dollars ($12) per child with a maximum required contribution of thirty-six dollars ($36) per month per family for applicants with annual household income to which subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is applicable. Notwithstanding any other provision of law, if an application with an effective date prior to July 1, 2005, was based on annual household income to which subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is applicable, then this subparagraph shall be applicable to the applicant on July 1, 2005, unless subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is no longer applicable to the relevant family income. The program shall provide prior notice to any applicant for currently enrolled subscribers whose premium will increase on July 1, 2005, pursuant to this subparagraph and, prior to the date the premium increase takes effect, shall provide that applicant with an opportunity to demonstrate that subparagraph (B) of paragraph (6) of subdivision (a) of Section 12693.70 is no longer applicable to the relevant family income.

(e) Applicants, but not family contribution sponsors, who pay three months of required family contributions in advance shall receive the fourth consecutive month of coverage with no family contribution required.

(f) Applicants, but not family contribution sponsors, who pay the required family contributions by an approved means of electronic fund transfer shall receive a 25-percent discount from the required family contributions.

(g) It is the intent of the Legislature that the family contribution amounts described in this section comply with the premium cost sharing limits contained in Section 2103 of Title XXI of the Social Security Act. If the amounts described in subdivision (a) are not approved by the federal government, the board may adjust these amounts to the extent required to achieve approval of the state plan.

(h) The adoption and one readoption of regulations to implement paragraph (3) of subdivision (b) and paragraph (3) of subdivision (d) shall be deemed to be an emergency and necessary for the immediate preservation of public peace, health, and safety, or general welfare for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the board is hereby exempted from the requirement that it describe specific facts showing the need for immediate action and from review by the Office of Administrative Law. For purpose of subdivision (e) of Section 11346.1 of the Government code, the 120-day period, as applicable to the effective period of an emergency regulatory action and submission of specified materials to the Office of Administrative law, is hereby extended to 180 days.

SEC. 7.5. Section 12699.10 of the Insurance Code is repealed.

SEC. 8. Section 4094.2 of the Welfare and Institutions Code is amended to read:

4094.2. (a) For the purpose of establishing payment rates for community treatment facility programs, the private nonprofit agencies selected to operate these programs shall prepare a budget that covers the total costs of providing residential care and supervision and mental health services for their proposed programs. These costs shall include categories that are allowable under California's Foster Care program and existing programs for mental health services. They shall not include educational, nonmental health medical, and dental costs.

(b) Each agency operating a community treatment facility program shall negotiate a final budget with the local mental health department in the county in which its facility is located (the host county) and other local agencies, as appropriate. This budget agreement shall specify the types and level of care and services to be provided by the community treatment facility program and a payment rate that fully covers the costs included in the negotiated budget. All counties that place children in a community treatment facility program shall make payments using the budget agreement negotiated by the community treatment facility provider and the host county.

(c) A foster care rate shall be established for each community treatment facility program by the State Department of Social Services. These rates shall be established using the existing foster care ratesetting system for group homes, with modifications designed as necessary. It is anticipated that all community treatment facility programs will offer the level of care and services required to receive the highest foster care rate provided for under the current group home ratesetting system.

(d) For the 2001–02 fiscal year, the 2002–03 fiscal year, the 2003–04 fiscal year, and the 2004–05 fiscal year, community treatment facility programs shall also be paid a community treatment facility supplemental rate of up to two thousand five hundred dollars ($2,500) per child per month on behalf of children eligible under the foster care program and children placed out of home pursuant to an individualized education program developed under Section 7572.5 of the Government Code. Subject to the availability of funds, the supplemental rate shall be shared by the state and the counties. Counties shall be responsible for paying a county share of cost equal to 60 percent of the community treatment rate for children placed by counties in community treatment facilities and the state shall be responsible for 40 percent of the community treatment facility supplemental rate. The community treatment facility supplemental rate is intended to supplement, and not to supplant, the payments for which children placed in community treatment facilities are eligible to receive under the foster care program and the existing programs for mental health services.

(e) For initial ratesetting purposes for community treatment facility funding, the cost of mental health services shall be determined by deducting the foster care rate and the community treatment facility supplemental rate from the total allowable cost of the community treatment facility program. Payments to certified providers for mental health services shall be based on eligible services provided to children who are Medi-Cal beneficiaries, up to the statewide maximum allowances for these services.

(f) The department shall provide the community treatment facility supplemental rates to the counties for advanced payment to the community treatment facility providers in the same manner as the regular foster care payment and within the same required payment time limits.

(g) In order to facilitate the study of the costs of community treatment facilities, licensed community treatment facilities shall provide all documents regarding facility operations, treatment, and placements requested by the department.

(h) It is the intent of the Legislature that the department and the State Department of Social Services work to maximize federal financial participation in funding for children placed in community treatment facilities through funds available pursuant to Titles IV-E and XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 670 and following and Sec. 1396 and following) and other appropriate federal programs.

(i) The department and the State Department of Social Services may adopt emergency regulations necessary to implement joint protocols for the oversight of community treatment facilities, to modify existing licensing regulations governing reporting requirements and other procedural and administrative mandates to take into account the seriousness and frequency of behaviors that are likely to be exhibited by the seriously emotionally disturbed children placed in community treatment facility programs, to modify the existing foster care ratesetting regulations, and to pay the community treatment facility supplemental rate. The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 180 days unless the adopting agency complies with all the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 8.1. Section 4631.5 of the Welfare and Institutions Code is amended to read:

4631.5. (a) The Legislature finds and declares both of the following:

(1) The state is facing a fiscal crisis that will require an unallocated reduction in the 2004–05 fiscal year for regional centers' purchase of service budgets of seven million dollars ($7,000,000).

(2) Even when the state faces an unprecedented fiscal crisis, the services and supports set forth in the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)) shall continue to be provided to individuals with developmental disabilities in accordance with state and federal statutes, regulations, and case law, including Association for Retarded Citizens v. Department of Developmental Services (1985) 38 Cal.3d 384.

(b) It is the intent of the Legislature that actions taken pursuant to this section shall not eliminate an individual's eligibility, adversely affect an individual's health and safety, or interfere with an individual's rights as described in Section 4502.

(c) In order to ensure that services to eligible consumers are available throughout the fiscal year, regional centers shall administer their contracts within the level of funding appropriated by the annual Budget Act.

(d) Within 30 days of the enactment of the annual Budget Act, and after consultation with stakeholder organizations, the department shall determine the amount of unallocated reduction that each regional center shall make in its purchase-of-service budget and shall provide each regional center with guidelines, technical assistance, and a variety of options for reducing operations and purchase of service costs.

(e) Within 60 days of the enactment of the annual Budget Act, each regional center shall develop and submit a plan to the department describing in detail how it intends to absorb the unallocated reduction and achieve savings necessary to provide services to eligible consumers throughout the fiscal year within the limitations of the funds allocated. Prior to adopting the plan, each regional center shall hold a public hearing in order to receive comment on the plan. The regional center shall provide notice to the community at least 10 days in advance of the public hearing. The regional center shall summarize and respond to the public testimony in its plan.

(f) A regional center shall implement components of its plans upon approval of the department. Within 30 days of receipt of the plan, the department shall review and approve, or require modification of, portions of the regional center's plan.

(g) This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 8.2. Section 4643 of the Welfare and Institutions Code is amended to read:

4643. (a) If assessment is needed, prior to July 1, 2005, the assessment shall be performed within 120 days following initial intake. Assessment shall be performed as soon as possible and in no event more than 60 days following initial intake where any delay would expose the client to unnecessary risk to his or her health and safety or to significant further delay in mental or physical development, or the client would be at imminent risk of placement in a more restrictive environment. Assessment may include collection and review of available historical diagnostic data, provision or procurement of necessary tests and evaluations, and summarization of developmental levels and service needs and is conditional upon receipt of the release of information specified in subdivision (b). On and after July 1, 2005, the assessment shall be performed within 60 days following intake and if unusual circumstances prevent the completion of assessment within 60 days following intake, this assessment period may be extended by one 30-day period with the advance written approval of the department.

(b) In determining if an individual meets the definition of developmental disability contained in subdivision (a) of Section 4512, the regional center may consider evaluations and tests, including, but not limited to, intelligence tests, adaptive functioning tests, neurological and neuropsychological tests, diagnostic tests performed by a physician, psychiatric tests, and other tests or evaluations that have been performed by, and are available from, other sources.

SEC. 8.3. Section 4648.4 of the Welfare and Institutions Code is amended to read:

4648.4. Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, no regional center may pay any provider of the following services or supports a rate that is greater than the rate that is in effect on or after June 30, 2004, unless the increase is required by a contract between the regional center and the vendor that is in effect on June 30, 2004, or the regional center demonstrates that the approval is necessary to protect the consumer's health or safety and the department has granted prior written authorization:

(a) Supported living services.
(b) Transportation, including travel reimbursement.
(c) Socialization training programs.
(d) Behavior intervention training.
(e) Community integration training programs.
(f) Community activities support services.

(k) Independent living specialists.

SEC. 8.4. Section 4681.5 of the Welfare and Institutions Code is amended to read:

4681.5. Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, no regional center may approve any service level for a residential service provider, as defined in Section 56005 of Title 17 of the California Code of Regulations, if the approval would result in an increase in the rate to be paid to the provider that is greater than the rate that is in effect on or after June 30, 2004, unless the regional center demonstrates to the department that the approval is necessary to protect the consumer's health or safety and the department has granted prior written authorization.

SEC. 8.5. Section 4691.6 of the Welfare and Institutions Code is amended to read:

4691.6. (a) Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, the department may not establish any permanent payment rate for a community-based day program or in-home respite service agency provider that has a temporary payment rate in effect on June 30, 2004, if the permanent payment rate would be greater than the temporary payment rate in effect on or after June 30, 2004, unless the regional center demonstrates to the department that the permanent payment rate is necessary to protect the consumers' health or safety.

(b) Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, neither the department nor any regional center may approve any program design modification or revendorization for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2004, unless the regional center demonstrates that the program design modification or revendorization is necessary to protect the consumers' health or safety and the department has granted prior written authorization.

(c) Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, the department may not approve an anticipated rate adjusted for a community-based day program or in-home respite service agency provider that would result in an increase in the rate to be paid to the vendor from the rate that is in effect on or after June 30, 2004, unless the regional center demonstrates that the anticipated rate adjustment is necessary to protect the consumers' health or safety.

(d) Notwithstanding any other provision of law or regulation, during the 2004–05 fiscal year, the department may not approve any rate adjustment for a habilitation services program that would result in an increase in the rate to be paid to the vendor from the rate that is in effect

on or after June 30, 2004, unless the regional center demonstrates that the rate adjustment is necessary to protect the consumers' health and safety and the department has granted prior written authorization.

SEC. 8.6. Section 4781.5 of the Welfare and Institutions Code is amended to read:

4781.5. For the 2004–05 and 2005–06 fiscal years only, a regional center may not expend any purchase of service funds for the startup of any new program unless the expenditure is necessary to protect the consumer's health or safety or because of other extraordinary circumstances, and the department has granted prior written authorization for the expenditure. This provision shall not apply to any of the following:

(a) The purchase of services funds allocated as part of the department's community placement plan process.

(b) Expenditures for the startup of new programs made pursuant to a contract entered into before July 1, 2002.

SEC. 9. Section 4783 is added to the Welfare and Institutions Code, to read:

4783. (a) (1) The Family Cost Participation Program is hereby created in the State Department of Developmental Services for the purpose of assessing a cost participation to parents, as defined in Section 50215 of Title 17 of the California Code of Regulations, who have a child to whom all of the following applies:

(A) The child has a developmental disability.

(B) The child is three years of age through 17 years of age.

(C) The child lives in the parents' home.

(D) The child receives services and supports purchased through the regional center.

(E) The child is not eligible for Medi-Cal.

(2) Notwithstanding any other provision of law, a parent described in subdivision (a) shall participate in the Family Cost Participation Program established pursuant to this section.

(b) (1) The department shall develop and establish a Family Cost Participation Schedule that shall be used by regional centers to assess the parents' cost participation. The schedule shall consist of a sliding scale for families with an annual gross income not less than 400 percent of the federal poverty guideline, and be adjusted for the level of annual gross income and the number of persons living in the family home.

(2) The schedule established pursuant to this section shall be exempt from the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Family cost participation assessments shall only be applied to respite, day care, and camping services that are included in the child's individual program plan.

(d) If there is more than one minor child living in the parents' home and receiving services or supports paid for by the regional center, or living in a 24-hour out-of-home facility, including a developmental center, the assessed amount shall be adjusted as follows:

(1) A parent that meets the criteria specified in subdivision (b) with two children shall be assessed at 75 percent of the respite, day care, and camping services in each child's individual program plan for each child living at home.

(2) A parent that meets the criteria specified in subdivision (b) with three children shall be assessed at 50 percent of the respite, day care, and camping services included in each child's individual program plan for each child living at home.

(3) A parent that meets the criteria specified in subdivision (b) with four children shall be assessed 25 percent of the respite, day care, and camping services included in each child's individual program plan for each child living at home.

(4) A parent that meets the criteria specified in subdivision (b) with more than four children shall be exempt from participation in the Family Cost Participation Program.

(e) For each child, the amount of cost participation shall be less than the amount of the parental fee that the parent would pay if the child lived in a 24-hour, out-of-home facility.

(f) Commencing January 1, 2005, each regional center shall be responsible for administering the Family Cost Participation Program.

(g) Family cost participation assessments or reassessments shall be conducted as follows:

(1) (A) By December 31, 2005, a regional center shall assess the cost participation for all parents of current consumers who meet the criteria specified in this section. A regional center shall use the most recent individual program plan for this purpose.

(B) A regional center shall assess the cost participation for parents of newly identified consumers at the time of the initial individual program plan.

(C) Reassessments for cost participation shall be conducted as part of the individual program plan review pursuant to subdivision (b) of Section 4646.

(D) The parents are responsible for notifying the regional center when a change in family income occurs that would result in a change in the assessed amount of cost participation.

(2) Parents shall self-certify their gross annual income to the regional center by providing copies of W-2 Wage Earners Statements, payroll stubs, a copy of the prior year's state income tax return, or other documents and proof of other income.

(3) A regional center shall notify parents of the parents' assessed cost participation within 10 working days of receipt of the parents' complete income documentation.

(4) Parents who have not provided copies of income documentation pursuant to paragraph (2) shall be assessed the maximum cost participation based on the highest income level adjusted for family size until such time as the appropriate income documentation is provided. Parents who subsequently provide income documentation that results in a reduction in their cost participation shall be reimbursed for the actual cost difference incurred for services identified in the individual program plan for respite, day care, and camping services, for 90 calendar days preceding the reassessment. The actual cost difference is the difference between the maximum cost participation originally assessed and the reassessed amount using the parents' complete income documentation, that is substantiated with receipts showing that the services have been purchased by the parents.

(5) The executive director of the regional center may grant a cost participation adjustment for parents who incur an unavoidable and uninsured catastrophic loss with direct economic impact on the family or who substantiate, with receipts, significant unreimbursed medical costs associated with care for a child who is a regional center consumer. A redetermination of the cost participation adjustment shall be made at least annually.

(h) A provider of respite, day care, or camping services shall not charge a rate for the parents' share of cost that is higher than the rate paid by the regional center for its share of cost.

(i) The department shall develop, and regional centers shall use, all forms and documents necessary to administer the program established pursuant to this section. The forms and documents shall be posted on the department's Web site. A regional center shall provide appropriate materials to parents at the initial individual program plan meeting and subsequent individual program plan review meetings. These materials shall include a description of the Family Cost Participation Program.

(j) The department shall include an audit of the Family Cost Participation Program during its audit of a regional center.

(k) (1) Parents may appeal an error in the amount of the parents' cost participation to the executive director of the regional center within 30 days of notification of the amount of the assessed cost participation. The parents may appeal to the Director of Developmental Services, or his or her designee, any decision by the executive director made pursuant to this subdivision within 15 days of receipt of the written decision of the executive director.

(2) Parents who dispute the decision of the executive director pursuant to paragraph (5) of subdivision (g) shall have a right to a fair

hearing as described in, and the regional center shall provide notice pursuant to, Chapter 7 (commencing with Section 4700). This paragraph shall become inoperative on July 1, 2006.

(3) On and after July 1, 2006, a parent described in paragraph (2) shall have the right to appeal the decision of the executive director to the Director of Developmental Services, or his or her designee, within 15 days of receipt of the written decision of the executive director.

(*l*) The department may adopt emergency regulations to implement this section. The adoption, amendment, repeal, or readoption of a regulation authorized by this section is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement that it describe specific facts showing the need for immediate action. A certificate of compliance for these implementing regulations shall be filed within 24 months following the adoption of the first emergency regulations filed pursuant to this subdivision.

(m) By April 1, 2005, and annually thereafter, the department shall report to the appropriate fiscal and policy committees of the Legislature on the status of the implementation of the Family Cost Participation Program established under this section. On and after April 1, 2006, the report shall contain all of the following:

(1) The annual total purchase of services savings attributable to the program per regional center.

(2) The annual costs to the department and each regional center to administer the program.

(3) The number of families assessed a cost participation per regional center.

(4) The number of cost participation adjustments granted pursuant to paragraph (5) of subdivision (g) per regional center.

(5) The number of appeals filed pursuant to subdivision (k) and the number of those appeals granted, modified, or denied.

(n) This section shall become inoperative on July 1, 2009, and, as of January 1, 2010, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2010, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 9.4. Section 4865.1 is added to the Welfare and Institutions Code, to read:

4865.1. (a) A regional center shall continue to pay the rate in effect as of June 30, 2004, for a supported employment placement group composed of a coach-to-client ratio of 1:3 when the provider submits to the State Department of Developmental Services and the regional center, by July 30, 2004, documentation that all of the following conditions apply:

(1) The group was established prior to July 1, 2002.

(2) The group was at the 1:3 ratio on May 1, 2004.

(3) The employer will only accommodate a group of three.

(b) In consultation with the regional center, the State Department of Developmental Services shall determine whether the requirements of this section have been met. The department's decision shall be final.

(c) Groups paid under this section shall meet the requirements of subdivision (r) of Section 4851 by July 1, 2005, or be subject to termination of funding pursuant to subdivision (b) of Section 4860.

SEC. 9.5. Section 5775 of the Welfare and Institutions Code is amended to read:

5775. (a) Notwithstanding any other provision of state law, the State Department of Mental Health shall implement managed mental health care for Medi-Cal beneficiaries through fee-for-service or capitated rate contracts with mental health plans, including individual counties, counties acting jointly, any qualified individual or organization, or a nongovernmental entity. A contract may be exclusive and may be awarded on a geographic basis.

(b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of mental health services. The agreement may encompass all or any portion of the mental health services provided pursuant to this part. This agreement shall not relieve the individual counties of financial responsibility for providing these services. Any agreement between counties shall delineate each county's responsibilities and fiscal liability.

(c) The department shall offer to contract with each county for the delivery of mental health services to that county's Medi-Cal beneficiary population prior to offering to contract with any other entity, upon terms at least as favorable as any offered to a noncounty contract provider. If a county elects not to contract with the department, does not renew its contract, or does not meet the minimum standards set by the department, the department may elect to contract with any other governmental or nongovernmental entity for the delivery of mental health services in that county and may administer the delivery of mental health services until a contract for a mental health plan is implemented. The county may not subsequently contract to provide mental health services under this part unless the department elects to contract with the county.

(d) If a county does not contract with the department to provide mental health services, the county shall transfer the responsibility for community Medi-Cal reimbursable mental health services and the anticipated county matching funds needed for community Medi-Cal mental health services in that county to the department. The amount of the anticipated county matching funds shall be determined by the department in consultation with the county, and shall be adjusted

annually. The amount transferred shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors. The anticipated county matching funds shall be used by the department to contract with another entity for mental health services, and shall not be expended for any other purpose but the provision of those services and related administrative costs. The county shall continue to deliver non-Medi-Cal reimbursable mental health services in accordance with this division, and subject to subdivision (i) of Section 5777.

(e) Whenever the department determines that a mental health plan has failed to comply with this part or any regulations adopted pursuant to this part that implement this part, the department may impose sanctions, including, but not limited to, fines, penalties, the withholding of payments, special requirements, probationary or corrective actions, or any other actions deemed necessary to prompt and ensure contract and performance compliance. If fines are imposed by the department, they may be withheld from the state matching funds provided to a mental health plan for Medi-Cal mental health services.

(f) Notwithstanding any other provision of law, emergency regulations adopted pursuant to Section 14680 to implement the second phase of mental health managed care as provided in this part shall remain in effect until January 1, 2006.

(g) The department shall convene at least two public hearings to clarify new federal regulations recently enacted by the federal Centers for Medicare and Medicaid Services that affect the state's second phase of mental health managed care and shall report to the Legislature on the results of these hearings through the 2005–06 budget deliberations.

(h) The department may adopt emergency regulations necessary to implement Part 438 (commencing with Section 438.1) of Subpart A of Subchapter C of Chapter IV of Title 42 of the Code of Federal Regulations, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of emergency regulations to implement this part, that are filed with the Office of Administrative Law within one year of the date on which the act that amended this subdivision in 2003 took effect, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall remain in effect for no more than 180 days.

SEC. 10. Section 14007.9 of the Welfare and Institutions Code is amended to read:

14007.9. (a) The department shall adopt the option made available under Section 1902(a)(10)(A)(ii)(XIII) of the federal Social Security Act (42 U.S.C. Sec. 1396a(a)(10)(A)(ii)(XIII). In order to be eligible for

benefits under this section, an individual shall be required to meet all of the following requirements:

(1) His or her net countable income is less than 250 percent of the federal poverty level for one person or, if the deeming of spousal income applies to the individual, his or her net countable income is less than 250 percent of the federal poverty level for two persons.

(2) He or she is disabled under Title II of the Social Security Act (Subch. 2 (commencing with Sec. 401), Ch. 7, Title 42 U.S.C.), Title XVI of the Social Security Act (Subch. 16 (commencing with Sec. 1381), Ch. 7, Title 42, U.S.C.), or Section 1902(v) of the Social Security Act (42 U.S.C. Sec. 1396a(v)). An individual shall be determined to be eligible under this section without regard to his or her ability to engage in, or actual engagement in, substantial gainful activity, as defined in Section 223(d)(4) of the Social Security Act (42 U.S.C. (f) In order to implement the collection of premiums under this section, the department may develop and execute a contract with a public or private entity to collect premiums, or may amend any existing or future premium-collection contract that it has executed. Notwithstanding any other provision of law, any contract developed and executed or amended pursuant to this subdivision is exempt from the approval of the Director of General Services and from the Public Contract Code.

(g) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement, without taking any regulatory action, this section by means of an all-county letter or similar instruction. (h) Notwithstanding any other provision of law, this section shall be implemented only if, and to the extent that, the department determines that federal financial participation is available pursuant to Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.).

(i) Subject to subdivision (h), this section shall be implemented commencing April 1, 2000.

(j) This section shall become inoperative on September 1, 2008, and as of January 1, 2009, is repealed, unless a later enacted statute that is enacted on or before January 1, 2009, extends or deletes the dates on which it becomes inoperative and is repealed.

(5) The individual discloses the interest to the governing body and the advisory panel, if applicable, and abstains from voting on the contract.

14043.46. (a) Notwithstanding any other provision of law, on the effective date of the act adding this section, the department may implement a one-year moratorium on the certification and enrollment into the Medi-Cal program of new adult day health care centers on a statewide basis or within a geographic area.

(b) The moratorium shall not apply to the following:

(1) Programs of All-Inclusive Care for the Elderly (PACE) established pursuant to Chapter 8.75 (commencing with Section 14590).

(2) An organization that currently holds a designation as a federally qualified health center as defined in Section 1396d(*l*)(2) of Title 42 of the United States Code.

(3) An organization that currently holds a designation as a federally qualified rural health clinic as defined in Section 1396d(*l*)(1) of Title 42 of the United States Code.

(4) An applicant with the physical location of the center in an unserved area, which is defined as a county having no licensed and certified adult day health care center within its geographic boundary.

(c) The moratorium shall not prohibit the department from approving a change of ownership, relocation, or increase in capacity for an adult day health care center if the following conditions are met:

(1) For an application to change ownership, the adult day health care center meets all of the following conditions:

(A) Has been licensed and certified prior to the effective date of this section.

(B) Has a license in good standing.

(C) Has a record of substantial compliance with certification laws and regulations.

(D) Has met all requirements for the change application.

(2) For an application to relocate an existing facility, the relocation center must meet all of the conditions of paragraph (1) and both of the following conditions:

(A) Must be located in the same county as the existing licensed center.

(B) Must be licensed for the same capacity as the existing licensed center, unless the relocation center is located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(3) For an application to increase the capacity of an existing facility, the center must meet all of the conditions of paragraph (1) and must be located in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(d) Following the first 180 days of the moratorium period, the department may make exceptions to the moratorium for new adult day health care centers that are located in underserved areas if the center's application was on file with the department on or before the effective date of the act adding this section. In order to apply for this exemption, an applicant or licensee must meet all of the following criteria:

(1) The applicant has control of a facility, either by ownership or lease agreement, that will house the adult day health care center, has provided to the department all necessary documents and fees, and has completed and submitted all required fingerprinting forms to the department.

(2) The physical location of the applicant's or licensee's adult day health care center is in an underserved area, which is defined as a county having 2 percent or fewer Medi-Cal beneficiaries over the age of 65 years using adult day health care services, based on 2002 calendar year Medi-Cal utilization data.

(e) During the period of the moratorium, a licensee or applicant that meets the criteria for an exemption as defined in subdivision (d) may submit a written request for an exemption to the director.

(f) If the director determines that a new adult day health care licensee or applicant meets the exemption criteria, the director may certify the

licensee or applicant, once licensed, for participation in the Medi-Cal program.

(g) The director may extend this moratorium, if necessary, to coincide with the implementation date of the adult day health care waiver.

(h) The authority granted in this section shall not be interpreted as a limitation on the authority granted to the department in any other section.

SEC. 10.7. Section 14044 of the Welfare and Institutions Code is amended to read:

14044. (a) The department may limit, for 18 months or less, the American Medical Association's Current Procedural Terminology Fourth Edition (CPT-4) codes, the National Drug Codes (NDC), the Healthcare Common Procedure Coding System (HCPCS) codes, or codes established under Title II of the Health Insurance Portability & Accountability Act of 1996 (42 U.S.C. Sec. 1320d et seq.) for which any provider may bill, or for which reimbursement to any person or entity may be made by, the Medi-Cal program or other health care programs administered by the department if either of the following conditions exist:

(1) The department determines, by audit or other investigation, that excessive services or billings, or abuse, has occurred, which may include the department's discovery or determination that a claim was submitted for reimbursement under the Medi-Cal program for a nerve conduction test, electromyography, or procedures, tests, examinations, or other medical services that the department has specified requires a certain residency or board certification, but the records did not contain, or the person or entity submitting the claim for reimbursement did not have, the certificate or diploma required by Section 14170.11.

(2) The Medical Board of California or other licensing authority or a court of competent jurisdiction limits a licensee's practice of medicine or the rendering of health care, and the limitation precludes the licensee from performing services that could otherwise be reimbursed by the Medi-Cal program or other health care programs administered by the department.

(b) The department may impose a limitation pursuant to subdivision (a) for one or more codes or any combination of codes after giving the provider notice of the proposed limitation and, if applicable, the opportunity to appeal pursuant to subdivision (c).

(c) (1) A provider who receives notice of a proposed limitation based on paragraph (1) of subdivision (a) shall have 45 days from the date of notice to appeal the limitation by providing to the department reliable evidence that excessive services or billings, or abuse, did not occur.

(2) The department shall review the evidence and issue a decision within 45 days of receipt of the evidence.

(d) If a limitation is imposed pursuant to paragraph (1) of subdivision (a), it shall take effect on the 46th day after notice of the proposed limitation was given or, if the limitation is timely appealed, 15 days after the department gives the provider notice of its decision to impose the limitation. If a limitation is imposed pursuant to paragraph (2) of subdivision (a), it shall take effect 15 days after notice of the proposed limitation was given.

(e) If the department's limitation could interfere with the provider's or other prescriber's ability to provide health care services to a beneficiary, the burden to transfer a patient's care to another qualified person shall remain the responsibility of the licensee.

(f) For purposes of this section, the following definitions apply:

(1) ''Abuse'' has the same meaning as defined in Section 14043.1.

(2) ''Administered by the department'' means administered by the department or its agents or contractors.

(3) ''Excessive services or billings'' means an amount that is substantially in excess of what the department reasonably expects from the provider, based on data regarding the provider or other providers in the health care community who provide substantially similar services to a substantially similar patient population, that is available to the department from any source, including the department.

(4) ''Licensee'' means a person licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.

(5) ''Other prescriber'' means that person who is not the primary or attending physician for a patient who is a beneficiary of the Medi-Cal program or other health care program administered by the department, and that person causes the department, or its agents or contractors, to provide reimbursement for a drug, device, medical service, or supply to the beneficiary.

(6) ''Provider'' has the same meaning as defined in Section 14043.1.

SEC. 11. Section 14085.7 of the Welfare and Institutions Code is amended to read:

14085.7. (a) The Medi-Cal Medical Education Supplemental Payment Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in this section. Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) All public moneys transferred by public agencies to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws.

(2) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Any interest that accrues on amounts in the fund.

(b) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(c) The department shall have the discretion to accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal matching funds to the full extent permitted by law. The department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable, and may return any funds transferred or donated in error.

(d) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (e). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(e) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, payments from this fund shall be negotiated between the California Medical Assistance Commission and hospitals contracting under this article that meet the definition of university teaching hospitals or major (nonuniversity) teaching hospitals as set forth on page 51 and as listed on page 57 of the department's report dated May 1991, entitled ''Hospital Peer Grouping.'' Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(f) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

SEC. 12. Section 14085.8 of the Welfare and Institutions Code is amended to read:

14085.8. (a) The Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund is hereby created in the State Treasury.

(c) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) All public moneys transferred by public agencies to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws.

(2) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Any interest that accrues on amounts in the fund.

(d) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(e) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal matching funds to the full extent permitted by law. The department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable, and may return any funds transferred or donated in error.

(f) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (g). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(g) (1) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, contracts for payments

from the fund may, at the discretion of the California Medical Assistance Commission, be negotiated between the commission and hospitals contracting under this article that are defined as either of the following:

(A) A large teaching emphasis hospital, as set forth on page 51 and listed on page 57 of the department's report dated May 1991, entitled ''Hospital Peer Grouping,'' and meets the definition of eligible hospital as defined in paragraph (3) of subdivision (a) of Section 14105.98.

(h) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

SEC. 12.1. Section 14087.31 of the Welfare and Institutions Code is amended to read:

14087.31. (a) It is necessary that a special commission be established in the Counties of Tulare and San Joaquin in order to meet the problems of delivery of publicly assisted medical care in the county and to demonstrate ways of promoting quality care and cost efficiency. Because there is no general law under which such a commission could be formed, the adoption of a special act and the formation of a special commission is required.

(b) (1) The Board of Supervisors of the County of Tulare and the County of San Joaquin may, for each respective county, by ordinance, establish a commission to negotiate and enter into contracts authorized by Section 14087.3, and to arrange for the provision of health care services provided pursuant to this chapter. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county contracting with the department under this article shall be vested in the county commission.

(2) Health plans operated by the commission may also include, but are not limited to, individuals covered under Title XVIII of the Social Security Act (Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code), individuals and groups entitled to coverage under other publicly supported programs, individuals and groups employed by public agencies or private businesses, and uninsured or indigent persons.

(c) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the

manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. Members of the commission shall be appointed by the county board of supervisors to represent the interests of the public, county, beneficiaries, physicians, hospitals, other health care providers, or other health care organizations. The commission so established shall be considered an entity separate from the county and shall file a statement required by Section 53051 of the Government Code. The commission shall have the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, to sue or be sued, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a commission, statutory, contractual or otherwise, shall be obligations solely of the commission and shall not be the obligations of the county or of the state.

(d) Upon creation, the commission may borrow from the county, and the county may lend the commission, funds or issue revenue anticipation notes to obtain those funds necessary to commence operations. Prior to commencement of operations, the commission shall be licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(e) In the event a commission may no longer function for the purposes for which it is established, at the time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board of supervisors may, by ordinance, terminate the commission.

(f) Prior to the termination of the commission, the board of supervisors shall notify the department of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of the notification to determine the liabilities and assets of the commission. The department shall report its findings to the board within 10 days of completion of the audit. The board shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(g) Any assets of the commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to Section 14087.

(h) (1) It is the intent of the Legislature that if a commission is formed pursuant to this section, the county shall, with respect to its

medical facilities and programs, occupy no greater or lesser status than any other health care provider with similar cost structure and patient population including, but not limited to, considerations of indigent care burden, capital requirements, graduate medical education, and disproportionate share status, in negotiating with the commission for contracts to provide health care services.

(2) Contracts between the department and the commission shall be on a nonbid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(3) Nothing in this subdivision shall be construed to interfere with or limit the commission from giving preference in negotiating to disproportionate share hospitals or other providers of health care to medically indigent or uninsured persons.

(i) Upon termination of the commission by the board, the county shall manage any remaining assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(j) (1) The commission shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(2) The commission, its members, and employees, are protected by the immunities applicable to public entities and public employees governed by Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, except as provided by other statutes or regulations that apply expressly to the commission.

(k) Notwithstanding any other provision of law, a member of the commission shall not be deemed to be interested in a contract entered into by the commission within the meaning of Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code if all of the following apply:

(1) The member was appointed to represent the interest of physicians, health care practitioners, hospitals, pharmacies, or other health care organizations.

(2) The contract authorizes the member or the organization the member represents to provide services to Medi-Cal beneficiaries under the commission's programs.

(3) The contract contains substantially the same terms and conditions as contracts entered into with other individuals or organizations that the member was appointed to represent.

(4) The member does not influence or attempt to influence the commission or another member of the commission to enter into the contract in which the member is interested.

(5) The member discloses the interest to the commission and abstains from voting on the contract.

(6) The commission notes the member's disclosure and abstention in its official records and authorized the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote of the interested member.

(*l*) All claims for money or damages against the commission shall be governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code, except as provided by other statutes or regulations that expressly apply to the commission.

(m) Notwithstanding any other provision of law, except as otherwise provided in this section, a county shall not be liable for any act or omission of the commission.

(n) For the purposes of this section, ''commission'' means an entity separate from the county that meets the requirements of state and federal law and the quality, cost, and access criteria established by the department.

(o) The transfer of responsibility for health care services shall not relieve the county of its responsibility for indigent care pursuant to Section 17000.

(p) Notwithstanding any other provision of law, the commission may meet in closed session to consider and take action on matters pertaining to contracts and contract negotiations by commission staff with providers of health care services concerning all matters related to rates of payment.

(q) Notwithstanding Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code and Article 2 (commencing with Section 54340) of Chapter 6 of Division 2 of Title 5 of the Government Code, or any other provision of law, any ''peer review body,'' as defined in paragraph (1) of subdivision (a) of Section 805 of the Business and Professions Code, formed pursuant to the powers granted to the commission authorized by this section, may, at its discretion and without notice to the public, meet in closed session, so long as the purpose of the meeting is the peer review body's discharge of its responsibility to evaluate and improve the quality of care rendered by health facilities of health practitioners, pursuant to the powers granted the commission. The peer review body and its members shall receive to the fullest extent all immunities, privileges, and protections available to these peer review bodies, their individual members, and persons or entities assisting in the peer review process, including, but not limited to, those afforded by Section 1370 of the Health and Safety Code.

(r) Notwithstanding any other provision of law, both the county and the commission shall be eligible to receive funding under subdivision (p)

of Section 14163, and the commission shall be considered for all purposes to satisfy the requirements of subdivision (p) of Section 14163.

(s) The commission shall be deemed to be a public agency that is a unit of local government for purposes of all grant programs and other funding and loan guarantee programs.

(t) Notwithstanding any other provision of law, those records of the commission and of the county that reveal the rates of payment for health care services or the commission's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services for rates of payment, shall not be disclosed pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring disclosure of public records. However, three years after a contract or amendment to a contract is fully executed, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

(u) Notwithstanding the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), Article 3 (commencing with Section 11200) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code, Chapter 9 (commencing with Section 54960) of Part 1 of Division 2 of Title 5 of the Government Code, or any other provision of state or local law requiring disclosure of public records, those records of the commission and the county that reveal the proceedings of a peer review body, as defined in paragraph (1) of subdivision (a) of Section 805 of the Business and Professions Code, formed pursuant to the powers granted to the commission authorized by this section, shall not be required to be disclosed. The records and proceedings of the peer review body and its members shall receive to the fullest extent, all immunities, privileges, and protections available to these records and proceedings, including, but not limited to, those afforded by Section 1157 of the Evidence Code.

(v) (1) Provisions of the Evidence Code, the Government Code, including the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), the Civil Code, the Business and Professions Code, and other applicable law pertaining to the confidentiality of peer review activities of peer review bodies shall apply to the peer review activities of the commission. Peer review proceedings shall constitute an official proceeding authorized by law within the meaning of Section 47 of the Civil Code, and those privileges set forth in that section with respect to official proceedings shall apply to peer review proceedings of the commission. If the commission is required by law or contractual obligation to submit to the state or federal government peer review information or information relevant to the credentialing of a

participating provider, that submission shall not constitute a waiver of confidentiality. All laws pertaining to the confidentiality of peer review activities shall be construed together as extending, to the extent permitted by law, the maximum degree of protection of confidentiality.

(2) Notwithstanding any other provision of law, Section 1461 of the Health and Safety Code shall apply to hearings on the reports of hospital medical audit or quality assurance committees as they relate to network providers or applicants.

(w) Except as expressly provided by other provisions of this section, all exemptions and exclusions from disclosure as public records pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), including, but not limited to, those pertaining to trade secrets and information withheld in the public interest, shall be fully applicable for all state agencies and local agencies with respect to all writings that the commission is required to prepare, produce, or submit pursuant to this section.

(x) (1) The commission may use a computerized management information system in connection with the administration of its health delivery system, including the administration of the state-mandated two-plan Medi-Cal managed care model.

(2) Information maintained in the management information system that pertains to persons who are Medi-Cal applicants or recipients shall be confidential pursuant to Section 14100.2, and shall not be open to examination other than for purposes directly connected with the administration of the Medi-Cal program, including, but not limited to, those set forth in subdivision (c) of Section 14100.2. This safeguarded information includes, but is not limited to, the names and addresses of recipients, the medical services provided, the social and economic conditions or circumstances of the recipients, an evaluation by the commission of personal information, and medical data, including the diagnosis and past history of disease or disability.

(3) Information maintained in the management information system that pertains to peer review-related activities shall be confidential and subject to the full protections of the law with respect to the confidentiality of activities related to peer review generally.

(y) (1) The records of the commission, whether paper records, records maintained in the management information system, or records in any other form, that relate to rates of payment, including records relating to rates of payment determination, allocation or distribution methodologies, formulas or calculations, and records of the health authority that relate to contract negotiations with providers of health care for alternative rates, shall not be subject to disclosure pursuant to the

California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(2) The transmission of the records of the commission, or the information contained therein in an alternative form, to the board of supervisors shall not constitute a waiver of exemption from disclosure, and the records and information, once transmitted to the county board of supervisors, shall be subject to this same exemption. The information, if compelled pursuant to an order of a court of competent jurisdiction or administrative body in a manner permitted by law, shall be limited to in camera review, and shall not be shared with the parties to the proceeding.

(3) The submission, to the Department of Managed Health Care, of information described in this section for the purpose of obtaining licensure under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code, or to the State Department of Health Services, shall not constitute a waiver of exemption from disclosure.

(z) (1) (A) Notwithstanding the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the commission may meet in closed session for the purpose of discussion of, or taking action on matters involving, commission trade secrets.

(B) The requirement that the commission make a public report of actions taken in closed session and the vote or abstention of every member present may be limited to a brief general description of the action taken and the vote so as to prevent the disclosure of a trade secret.

(C) For purposes of this subdivision, ''commission trade secret'' means a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, that also meets both of the following criteria:

(i) The secrecy of the information is necessary for the commission to initiate a new service, program, marketing strategy, business plan, or technology, or to add a benefit or product.

(ii) Premature disclosure of the trade secret would create a substantial probability of depriving the commission of a substantial economic benefit or opportunity.

(2) Those records of the commission that reveal the commission's trade secrets are exempt from disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. This exemption shall apply for a period of two years after the service, program, marketing strategy, business plan, technology, benefit, or product that is the subject of the trade secret is formally adopted by the governing body of the commission, provided that the service, program, marketing strategy, business plan, technology, benefit, or product continues to be a trade

secret. The commission may delete the portion or portions containing trade secrets from any documents that were finally approved in the closed session held pursuant to paragraph (1) that are provided to persons who have made the timely or standing request.

(3) Nothing in this section shall be construed as preventing the commission from meeting in closed session as otherwise provided by law.

SEC. 12.2. Section 14087.35 of the Welfare and Institutions Code is amended to read:

14087.35. (a) Because of the unique circumstances that exist in the County of Alameda, it is necessary that the Board of Supervisors of the County of Alameda be given authority to create a health authority separate and apart from the County of Alameda as a means of establishing the local initiative component of the state-mandated two-plan managed care model for the delivery of medical care and services to the Medi-Cal populations. It is further necessary to enable the board of supervisors to expand publicly assisted medical and health care delivery by the newly created health authority to other populations should the board of supervisors elect to do so. Thus, the adoption of a special act is required.

(b) The Board of Supervisors of the County of Alameda may, by ordinance, establish a health authority separate and apart from the County of Alameda, whose governing board shall reflect the diversity of local stakeholders such as provider groups, beneficiary groups, and officials of government, and that is appointed by the board of supervisors. Notwithstanding any other provision of this chapter, the governing board may include, but need not be limited to, the following: a member of the board of supervisors, individuals that represent and further the interests of the perspectives of Medi-Cal beneficiaries, and individuals that represent and further the interests of the perspectives of Medi-Cal provider physicians and other health practitioners, hospitals, and nonprofit community health centers. Other perspectives may be represented at the discretion of the board of supervisors. The enabling ordinance shall more specifically set forth the membership of the health authority governing board, the qualifications for individual members, the manner of appointment, selection, or removal of governing board members, their terms of office, and all other matters that the board of supervisors deems necessary or convenient for the conduct of the health authority's activities.

(c) The governing board of the health authority and the appropriate state departments, to the extent permitted by federal law, may negotiate and enter into contracts to provide or arrange for health care services for any or all persons who are eligible to receive benefits under the Medi-Cal program and for other targeted populations. The contracts may be on an

exclusive or nonexclusive basis, and shall include payment provisions on any basis negotiated between the state and health authority. Prior to the commencement of operations, the health authority shall be licensed as a health care service plan pursuant to the Knox-Keene Health Care Services Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code).

(d) The board of supervisors may transfer responsibility for administration of county-provided health care services to the health authority for the purpose of service of populations including uninsured and indigent persons subject to the provisions of any ordinances or resolutions passed by the board of supervisors. The transfer of administrative responsibility for those health care services shall not relieve the county of its responsibility for indigent care pursuant to Section 17000. In addition, the services and programs of the health authority may include, but are not limited to, individuals covered under Title XVIII of the Social Security Act, contained in Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, and individuals and groups employed by public agencies and private businesses.

(e) As a legal entity separate and apart from the County of Alameda, the health authority shall file the statement required by Section 53051 of the Government Code. The health authority shall have the power to acquire, possess, and dispose of real or personal property as may be necessary for the performance of its functions, to sue or be sued, to employ personnel and contract for services required to meet its obligations, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(f) (1) The health authority shall be deemed to be a legal entity separate and apart from the County of Alameda, and shall not be considered to be an agency, division, department, or instrumentality of the County of Alameda.

(2) The health authority shall not be governed by, nor be subject to, the Charter of the County of Alameda and shall not be subject to county policies or operational rules, including, but not limited to, those relating to personnel and procurement.

(g) The health authority shall be considered a public entity, and employees of the health authority shall be considered public employees, for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, relating to claims and actions against public entities and public employees. Members of the governing board of the health authority shall not be vicariously liable for injuries caused by the act or omission of the health authority or advisory body to the extent that protection applies to members of governing boards of local public entities generally under Section 820.9 of the Government Code.

(h) Upon the enactment of the ordinance, all rights, powers, duties, privileges, and immunities vested in the County of Alameda with respect to the subject matter of this section shall be vested in the health authority. Any obligation of the health authority, statutory, contractual, or otherwise, shall be the obligation solely of the health authority and shall not be the obligation of the County of Alameda or the state.

(i) The health authority shall not be a ''person'' subject to suit under the Cartwright Act, Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(j) The health authority created pursuant to this section may borrow from the county and the county may lend the health authority funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(k) The health authority or the county, or both, may engage in marketing, advertising, and promotion of the medical and health care services made available to the target populations by the health authority.

(*l*) Provisions for the termination of the health authority's activities with respect to the delivery of services to Medi-Cal populations shall be contained in the appropriate contracts executed by and between the health authority and the appropriate state departments.

(m) If the board of supervisors expands publicly assisted medical and health care delivery by the health authority to other populations, and the board of supervisors subsequently determines that the health authority may no longer function for the purpose of the expanded delivery, at the time as the health authority's existing obligations with respect thereto have been satisfied, the board of supervisors may, by ordinance, terminate the expanded delivery activities of the health authority.

(n) All assets of the health authority that are related to Medi-Cal services shall be disposed of pursuant to the Medi-Cal related contract entered into between the state and the health authority.

(o) All liabilities or obligations of the health authority with respect to its activities pursuant to the state-mandated two-plan managed care model for the delivery of medical care and services to the Medi-Cal population shall be the liabilities or obligations of the health authority, and shall not become the liabilities or obligations of the county upon the termination of the health authority or at any other time. Any liabilities or obligations of the health authority with respect to the liquidation or disposition of the health authority's assets upon termination of the health authority shall not become the liabilities or obligations of the county, except that the county shall manage any remaining Medi-Cal related assets of the health authority until superseded by a plan approved by the department.

(p) The Legislature finds and declares that Section 14105 provides that the Director of Health Services prescribe the policies for the

administration of Medi-Cal managed care contracts. The state-mandated two-plan managed care model distributed by the director sets forth that policy, expressly providing that local stakeholders, including government officials, providers, and community-based organizations, are afforded maximum flexibility and control in designing a delivery system that reflects the needs and priorities of the community that it serves. The mandated model requires that the governing board of the local initiative reflect an effort to include representation of the perspectives of provider and beneficiary groups. To effectuate this policy, all of the following shall apply:

(1) Notwithstanding any provision of law to the contrary, a member of the governing board of the health authority shall be deemed not to be interested in a contract entered into by the health authority within the meaning of Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code if all the following apply:

(A) The member was appointed to represent the interests of physicians, health care practitioners, hospitals, pharmacies, or other health care organizations.

(B) The contract authorizes the member or the organization the member represents to provide services to beneficiaries or administrative services under the health authority's programs.

(C) The contract contains substantially the same terms and conditions as contracts entered into with other individuals or organizations that the member was appointed to represent.

(D) The member does not influence or attempt to influence the health authority or another member of the health authority to enter into the contract in which the member is interested.

(E) The member discloses the interest to the health authority and abstains from voting on the contract.

(F) The health authority notes the member's disclosure and abstention in its official records and authorizes the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote of the interested member.

(2) Notwithstanding Article 4.7 (commencing with Section 1125) of Chapter 1 of Division 4 of Title 1 of the Government Code related to incompatible activities, no member of the governing board, no officer, and no member of the alliance staff shall be considered to be engaged in activities inconsistent and incompatible with his or her duties as a governing board member, officer, or staff person solely as a result of employment or affiliation with the county, private hospital, clinic, pharmacy, other provider group, employee organization, or citizen's group.

(q) (1) The health authority may use a computerized management information system in connection with the administration of its health

delivery system, including the administration of the state-mandated two-plan Medi-Cal managed care model.

(2) Information maintained in the management information system that pertains to persons who are Medi-Cal applicants or recipients shall be confidential pursuant to Section 14100.2, and shall not be open to examination other than for purposes directly connected with the administration of the Medi-Cal program, including, but not limited to, those set forth in subdivision (c) of Section 14100.2. This safeguarded information includes, but is not limited to, names and addresses, medical services provided, social and economic conditions or circumstances, health authority evaluation of personal information, and medical data, including diagnosis and past history of disease or disability.

(3) Information maintained in the management information system that pertains to peer review-related activities shall be confidential and subject to the full protections of the law with respect to the confidentiality of activities related to peer review generally.

(r) The records of the health authority, whether paper records, records maintained in the management information system, or records in any other form, that relate to rates of payment, including records relating to rates of payment determination, allocation or distribution methodologies, formulas or calculations, and records of the health authority that relate to contract negotiations with providers of health care for alternative rates, shall not be subject to disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). The transmission of the records, or the information contained therein in an alternative form, to the board of supervisors shall not constitute a waiver of exemption from disclosure, and the records and information once transmitted to the board of supervisors shall be subject to this same exemption.

(s) (1) (A) Notwithstanding the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the governing board of the health authority may meet in closed session for the purpose of discussion of, or taking action on matters involving, health authority trade secrets.

(B) The requirement that the authority make a public report of actions taken in closed session and the vote or abstention of every member present may be limited to a brief general description of the action taken and the vote so as to prevent the disclosure of a trade secret.

(C) For purposes of this subdivision, ''health authority trade secret'' means a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, that also meets both of the following criteria:

(i) The secrecy of the information is necessary for the health authority to initiate a new service, program, marketing strategy, business plan, or technology, or to add a benefit or product.

(ii) Premature disclosure of the trade secret would create a substantial probability of depriving the health authority of a substantial economic benefit or opportunity.

(2) Those records of the health authority that reveal the health authority's trade secrets are exempt from disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. This exemption shall apply for a period of two years after the service, program, marketing strategy, business plan, technology, benefit, or product that is the subject of the trade secret is formally adopted by the governing body of the health authority, provided that the service, program, marketing strategy, business plan, technology, benefit, or product continues to be a trade secret. The governing board may delete the portion or portions containing trade secrets from any documents that were finally approved in the closed session held pursuant to paragraph (1) that are provided to persons who have made the timely or standing request.

(3) Nothing in this section shall be construed as preventing the governing board from meeting in closed session as otherwise provided by law.

(t) Open sessions of the health authority shall constitute official proceedings authorized by law within the meaning of Section 47 of the Civil Code, and those privileges set forth in that section with respect to official proceedings shall apply to open sessions of the health authority.

(u) The health authority shall be considered a public agency for purposes of eligibility with respect to grants and other funding and loan guarantee programs. Contributions to the health authority shall be tax deductible to the extent permitted by state and federal law.

(v) Contracts by and between the health authority and the state, and contracts by and between the health authority and providers of health care, goods, or services may be let on a nonbid basis, and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(w) (1) Provisions of the Evidence Code, the Government Code, including the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), the Civil Code, the Business and Professions Code, and other applicable law pertaining to the confidentiality of peer review activities of peer review bodies shall apply to the peer review activities of the health authority. Peer review proceedings shall constitute an official proceeding authorized by law within the meaning of Section 47 of the

Civil Code, and those privileges set forth in that section with respect to official proceedings shall apply to peer review proceedings of the health authority. If the health authority is required by law or contractual obligation to submit to the state or federal government peer review information or information relevant to the credentialing of a participating provider, that submission shall not constitute a waiver of confidentiality. The laws pertaining to the confidentiality of peer review activities shall be together construed as extending, to the extent permitted by law, the maximum degree of protection of confidentiality.

(2) Notwithstanding any other provision of law, Section 1461 of the Health and Safety Code shall apply to hearings on the reports of hospital medical audit or quality assurance committees as they relate to network providers or applicants.

(x) The health authority shall carry general liability insurance to the extent sufficient to cover its activities.

(y) The establishment of a health authority under Article 2.8 (commencing with Section 14087.5) shall be valid as if established pursuant to this section and this section shall apply to that health authority.

SEC. 12.3. Section 14087.36 of the Welfare and Institutions Code is amended to read:

14087.36. (a) The following definitions shall apply for purposes of this section:

(1) ''County'' means the City and County of San Francisco.

(2) ''Board'' means the Board of Supervisors of the City and County of San Francisco.

(3) ''Department'' means the State Department of Health Services.

(4) ''Governing body'' means the governing body of the health authority.

(5) ''Health authority'' means the separate public agency established by the board of supervisors to operate a health care system in the county and to engage in the other activities authorized by this section.

(b) The Legislature finds and declares that it is necessary that a health authority be established in the county to arrange for the provision of health care services in order to meet the problems of the delivery of publicly assisted medical care in the county, to enter into a contract with the department under Article 2.97 (commencing with Section 14093), or to contract with a health care service plan on terms and conditions acceptable to the department, and to demonstrate ways of promoting quality care and cost efficiency.

(c) The county may, by resolution or ordinance, establish a health authority to act as and be the local initiative component of the Medi-Cal state plan pursuant to regulations adopted by the department. If the board elects to establish a health authority, all rights, powers, duties,

privileges, and immunities vested in a county under Article 2.8 (commencing with Section 14087.5) and Article 2.97 (commencing with Section 14093) shall be vested in the health authority. The health authority shall have all power necessary and appropriate to operate programs involving health care services, including, but not limited to, the power to acquire, possess, and dispose of real or personal property, to employ personnel and contract for services required to meet its obligations, to sue or be sued, to take all actions and engage in all public and private business activities, subject to any applicable licensure, as permitted a health care service plan pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(d) (1) (A) The health authority shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, separate and distinct from the county, and shall file the statement required by Section 53051 of the Government Code. The health authority shall have primary responsibility to provide the defense and indemnification required under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code for employees of the health authority who are employees of the county. The health authority shall provide insurance under terms and conditions required by the county in order to satisfy its obligations under this section.

(B) For purposes of this paragraph, ''employee'' shall have the same meaning as set forth in Section 810.2 of the Government Code.

(2) The health authority shall not be considered to be an agency, division, department, or instrumentality of the county and shall not be subject to the personnel, procurement, or other operational rules of the county.

(3) Notwithstanding any other provision of law, any obligations of the health authority, statutory, contractual, or otherwise, shall be the obligations solely of the health authority and shall not be the obligations of the county, unless expressly provided for in a contract between the authority and the county, nor of the state.

(4) Except as agreed to by contract with the county, no liability of the health authority shall become an obligation of the county upon either termination of the health authority or the liquidation or disposition of the health authority's remaining assets.

(e) (1) To the full extent permitted by federal law, the department and the health authority may enter into contracts to provide or arrange for health care services for any or all persons who are eligible to receive benefits under the Medi-Cal program. The contracts may be on an exclusive or nonexclusive basis, and shall include payment provisions on any basis negotiated between the department and the health authority.

The health authority may also enter into contracts for the provision of health care services to individuals including, but not limited to, those covered under Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, individuals employed by public agencies and private businesses, and uninsured or indigent individuals.

(2) Notwithstanding paragraph (1), or subdivision (f), the health authority may not operate health plans or programs for individuals covered under Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, or for private businesses, until the health authority is in full compliance with all of the requirements of the Knox-Keene Health Care Service Plan Act of 1975 under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code, including tangible net equity requirements applicable to a licensed health care service plan. This limitation shall not preclude the health authority from enrolling persons pursuant to the county's obligations under Section 17000, or from enrolling county employees.

(f) The board of supervisors may transfer responsibility for administration of county-provided health care services to the health authority for the purpose of service of populations including uninsured and indigent persons, subject to the provisions of any ordinances or resolutions passed by the county board of supervisors. The transfer of administrative responsibility for those health care services shall not relieve the county of its responsibility for indigent care pursuant to Section 17000. The health authority may also enter into contracts for the provision of health care services to individuals including, but not limited to, those covered under Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, and individuals employed by public agencies and private businesses.

(g) Upon creation, the health authority may borrow from the county and the county may lend the authority funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations or perform the activities of the health authority. Notwithstanding any other provision of law, both the county and the health authority shall be eligible to receive funding under subdivision (p) of Section 14163.

(h) The county may terminate the health authority, but only by an ordinance approved by a two-thirds affirmative vote of the full board.

(i) Prior to the termination of the health authority, the county shall notify the department of its intent to terminate the health authority. The department shall conduct an audit of the health authority's records within 30 days of notification to determine the liabilities and assets of the health authority. The department shall report its findings to the county and to

the Department of Managed Health Care within 10 days of completion of the audit. The county shall prepare a plan to liquidate or otherwise dispose of the assets of the health authority and to pay the liabilities of the health authority to the extent of the health authority's assets, and present the plan to the department and the Department of Managed Health Care within 30 days upon receipt of these findings.

(j) Any assets of the health authority derived from the contract entered into between the state and the authority pursuant to Article 2.97 (commencing with Section 14093), after payment of the liabilities of the health authority, shall be disposed of pursuant to the contract.

(k) (1) The governing body shall consist of 18 voting members, 14 of whom shall be appointed by resolution or ordinance of the board as follows:

(A) One member shall be a member of the board or any other person designated by the board.

(B) One member shall be a person who is employed in the senior management of a hospital not operated by the county or the University of California and who is nominated by the San Francisco Section of the Westbay Hospital Conference or any successor organization, or if there is no successor organization, a person who shall be nominated by the Hospital Council of Northern and Central California.

(C) Two members, one of whom shall be a person employed in the senior management of San Francisco General Hospital and one of whom shall be a person employed in the senior management of St. Luke's Hospital (San Francisco). If San Francisco General Hospital or St. Luke's Hospital, at the end of the term of the person appointed from its senior management, is not designated as a disproportionate share hospital, and if the governing body, after providing an opportunity for comment by the Westbay Hospital Conference, or any successor organization, determines that the hospital no longer serves an equivalent patient population, the governing body may, by a two-thirds vote of the full governing body, select an alternative hospital to nominate a person employed in its senior management to serve on the governing body. Alternatively, the governing body may approve a reduction in the number of positions on the governing body as set forth in subdivision (p).

(D) Two members shall be employees in the senior management of either private nonprofit community clinics or a community clinic consortium, nominated by the San Francisco Community Clinic Consortium, or any successor organization.

(E) Two members shall be physicians, nominated by the San Francisco Medical Society, or any successor organization.

(F) One member shall be nominated by the San Francisco Labor Council, or any successor organization.

(G) Two members shall be persons nominated by the beneficiary committee of the health authority, at least one of whom shall, at the time of appointment and during the person's term, be a Medi-Cal beneficiary.

(H) Two members shall be persons knowledgeable in matters relating to either traditional safety net providers, health care organizations, the Medi-Cal program, or the activities of the health authority, nominated by the program committee of the health authority.

(I) One member shall be a person nominated by the San Francisco Pharmacy Leadership Group, or any successor organization.

(2) One member, selected to fulfill the appointments specified in subparagraph (A), (G), or (H) shall, in addition to representing his or her specified organization or employer, represent the discipline of nursing, and shall possess or be qualified to possess a registered nursing license.

(3) The initial members appointed by the board under the subdivision shall be, to the extent those individuals meet the qualifications set forth in this subdivision and are willing to serve, those persons who are members of the steering committee created by the county to develop the local initiative component of the Medi-Cal state plan in San Francisco. Following the initial staggering of terms, each of those members shall be appointed to a term of three years, except the member appointed pursuant to subparagraph (A) of paragraph (1), who shall serve at the pleasure of the board. At the first meeting of the governing body, the members appointed pursuant to this subdivision shall draw lots to determine seven members whose initial terms shall be for two years. Each member shall remain in office at the conclusion of that member's term until a successor member has been nominated and appointed.

(*l*) In addition to the requirements of subdivision (k), one member of the governing body shall be appointed by the Mayor of the City of San Francisco to serve at the pleasure of the mayor, one member shall be the county's director of public health or designee, who shall serve at the pleasure of that director, one member shall be the Chancellor of the University of California at San Francisco or his or her designee, who shall serve at the pleasure of the chancellor, and one member shall be the county director of mental health or his or her designee, who shall serve at the pleasure of that director.

(m) There shall be one nonvoting member of the governing body who shall be appointed by, and serve at the pleasure of, the health commission of the county.

(n) Each person appointed to the governing body shall, throughout the member's term, either be a resident of the county or be employed within the geographic boundaries of the county.

(o) (1) The composition of the governing body and nomination process for appointment of its members shall be subject to alteration upon a two-thirds vote of the full membership of the governing body.

This action shall be concurred in by a resolution or ordinance of the county.

(2) Notwithstanding paragraph (1), no alteration described in that paragraph shall cause the removal of a member prior to the expiration of that member's term.

(p) A majority of the members of the governing body shall constitute a quorum for the transaction of business, and all official acts of the governing body shall require the affirmative vote of a majority of the members present and voting. However, no official shall be approved with less than the affirmative vote of six members of the governing body, unless the number of members prohibited from voting because of conflicts of interest precludes adequate participation in the vote. The governing body may, by a two-thirds vote adopt, amend, or repeal rules and procedures for the governing body. Those rules and procedures may require that certain decisions be made by a vote that is greater than a majority vote.

(q) For purposes of Section 87103 of the Government Code, members appointed pursuant to subparagraphs (B) to (E), inclusive, of paragraph (1) of subdivision (k) represent, and are appointed to represent, respectively, the hospitals, private nonprofit community clinics, and physicians that contract with the health authority, or the health care service plan with which the health authority contracts, to provide health care services to the enrollees of the health authority or the health care service plan. Members appointed pursuant to subparagraphs (F) and (G) of paragraph (1) of subdivision (k) represent, and are appointed to represent, respectively, the health care workers and enrollees served by the health authority or its contracted health care service plan, and traditional safety net and ancillary providers and other organizations concerned with the activities of the health authority.

(r) A member of the governing body may be removed from office by the board by resolution or ordinance, only upon the recommendation of the health authority, and for any of the following reasons:

(1) Failure to retain the qualifications for appointment specified in subdivisions (k) and (n).

(2) Death or a disability that substantially interferes with the member's ability to carry out the duties of office.

(3) Conviction of any felony or a crime involving corruption.

(4) Failure of the member to discharge legal obligations as a member of a public agency.

(5) Substantial failure to perform the duties of office, including, but not limited to, unreasonable absence from meetings. The failure to attend three meetings in a row of the governing body, or a majority of the meetings in the most recent calendar year, may be deemed to be unreasonable absence.

(s) Any vacancy on the governing body, however created, shall be filled for the unexpired term by the board by resolution or ordinance. Each vacancy shall be filled by an individual having the qualifications of his or her predecessor, nominated as set forth in subdivision (k).

(t) The chair of the authority shall be selected by, and serve at the pleasure of, the governing body.

(u) The health authority shall establish all of the following:

(1) A beneficiary committee to advise the health authority on issues of concern to the recipients of services.

(2) A program committee to advise the health authority on matters relating to traditional safety net providers, ancillary providers, and other organizations concerned with the activities of the health authority.

(3) Any other committees determined to be advisable by the health authority.

(v) (1) Notwithstanding any provision of state or local law, including, but not limited to, the county charter, a member of the health authority shall not be deemed to be interested in a contract entered into by the authority within the meaning of Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code, or within the meaning of conflict-of-interest restrictions in the county charter, if all of the following apply:

(A) The member does not influence or attempt to influence the health authority or another member of the health authority to enter into the contract in which the member is interested.

(B) The member discloses the interest to the health authority and abstains from voting on the contract.

(C) The health authority notes the member's disclosure and abstention in its official records and authorizes the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote of the interested member.

(D) The member has an interest in or was appointed to represent the interests of physicians, health care practitioners, hospitals, pharmacies, or other health care organizations.

(E) The contract authorizes the member or the organization the member has an interest in or represents to provide services to beneficiaries under the authority's program or administrative services to the authority.

(2) In addition, no person serving as a member of the governing body shall, by virtue of that membership, be deemed to be engaged in activities that are inconsistent, incompatible, or in conflict with their duties as an officer or employee of the county or the University of California, or as an officer or an employee of any private hospital, clinic, or other health care organization. The membership shall not be deemed to be in violation of Section 1126 of the Government Code.

(w) Notwithstanding any other provision of law, those records of the health authority and of the county that reveal the authority's rates of payment for health care services or the health authority's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services for rates of payment, or the health authority's peer review proceedings shall not be required to be disclosed pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. However, three years after a contract or amendment to a contract is fully executed, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

(x) Notwithstanding any other provision of law, the health authority may meet in closed session to consider and take action on peer review proceedings and on matters pertaining to contracts and contract negotiations by the health authority's staff with providers of health care services concerning all matters relating to rates of payment. However, a decision as to whether to enter into, amend the services provisions of, or terminate, other than for reasons based upon peer review, a contract with a provider of health care services, shall be made in open session.

(y) (1) (A) Notwithstanding the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the governing board of the health authority may meet in closed session for the purpose of discussion of, or taking action on matters involving, health authority trade secrets.

(B) The requirement that the authority make a public report of actions taken in closed session and the vote or abstention of every member present may be limited to a brief general description of the action taken and the vote so as to prevent the disclosure of a trade secret.

(C) For purposes of this subdivision, ''health authority trade secret'' means a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, that also meets both of the following criteria:

(i) The secrecy of the information is necessary for the health authority to initiate a new service, program, marketing strategy, business plan, or technology, or to add a benefit or product.

(ii) Premature disclosure of the trade secret would create a substantial probability of depriving the health authority of a substantial economic benefit or opportunity.

(2) Those records of the health authority that reveal the health authority's trade secrets are exempt from disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. This exemption shall apply for a period of two years after the service, program, marketing

strategy, business plan, technology, benefit, or product that is the subject of the trade secret is formally adopted by the governing body of the health authority, provided that the service, program, marketing strategy, business plan, technology, benefit, or product continues to be a trade secret. The governing board may delete the portion or portions containing trade secrets from any documents that were finally approved in the closed session held pursuant to this subdivision that are provided to persons who have made the timely or standing request.

(z) The health authority shall be deemed to be a public agency for purposes of all grant programs and other funding and loan guarantee programs.

(aa) Contracts under this article between the State Department of Health Services and the health authority shall be on a nonbid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(ab) (1) The county controller or his or her designee, at intervals the county controller deems appropriate, shall conduct a review of the fiscal condition of the health authority, shall report the findings to the health authority and the board, and shall provide a copy of the findings to any public agency upon request.

(2) Upon the written request of the county controller, the health authority shall provide full access to the county controller all health authority records and documents as necessary to allow the county controller or designee to perform the activities authorized by this subdivision.

(ac) A Medi-Cal recipient receiving services through the health authority shall be deemed to be a subscriber or enrollee for purposes of Section 1379 of the Health and Safety Code.

SEC. 12.4. Section 14087.38 of the Welfare and Institutions Code is amended to read:

14087.38. (a) (1) In counties selected by the director with the concurrence of the county, a special county health authority may be established in order to meet the problems of delivery of publicly assisted medical care in each county, and to demonstrate ways of promoting quality care and cost efficiency. Nothing in this section shall be construed to preclude the department from expanding Medi-Cal managed care in ways other than those provided for in this section, including, but not limited to, the establishment of a public benefit corporation as set forth in Section 5110 of the Corporations Code.

(2) For purposes of this section, ''health authority'' means an entity separate from the county that meets the requirements of state and federal law and the quality, cost, and access criteria established by the department.

(b) The board of supervisors of a county described in subdivision (a) may, by ordinance, establish a health authority to negotiate and enter into contracts authorized by Section 14087.3, and to arrange for the provision of health care services provided pursuant to this chapter. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county contracting with the department under this article shall be vested in the health authority. The health authority may also enter into contracts for the provision of health care services to individuals including, but not limited to, those covered under Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, those entitled to coverage under other publicly supported programs, those employed by public agencies or private businesses, and uninsured or indigent individuals.

(c) The enabling ordinance shall specify the membership of the governing board of the health authority, the qualifications for individual members, the manner of appointment, selection, or removal of board members, and how long they shall serve, and any other matters the board of supervisors deems necessary or convenient for the conduct of the health authority's activities. Members of the governing board shall be appointed by the board of supervisors to represent the interests of the county, the general public, beneficiaries, physicians, hospitals, clinics, and other nonphysician health care providers. The health authority so established shall be considered an entity separate from the county and shall file a statement required by Section 53051 of the Government Code. The health authority shall have the power to acquire, possess, and dispose of real or personal property, as necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, to sue or be sued, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a health authority, statutory, contractual, or otherwise, shall be obligations solely of the health authority and shall not be the obligations of the county or of the state.

(d) Upon creation, the health authority may borrow from the county, and the county may lend the health authority funds or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(e) Notwithstanding any other provision of law, both the county and the health authority shall be eligible to receive funding under subdivision (p) of Section 14163, and the health authority shall be considered to have satisfied the requirements of that subdivision.

(f) The health authority shall be deemed to be a public agency that is a unit of local government for purposes of all grant programs and other funding and loan guarantee programs.

(g) It is the intent of the Legislature that if a health authority is formed pursuant to this section, the county shall, with respect to its medical facilities and programs, occupy no greater or lesser status than any other health care provider in negotiating with the health authority for contracts to provide health care services. Nothing in this subdivision shall be construed to interfere with or limit the health authority in giving preference in negotiating to disproportionate share hospitals or other providers of health care to medically indigent or uninsured individuals.

(h) Notwithstanding any other provision of law, a member of the governing board of the health authority shall not be deemed to be interested in a contract entered into by the health authority within the meaning of Article 4 (commencing with Section 1090) of Chapter 1 of Division 4 of Title 1 of the Government Code if all the following apply:

(1) The member was appointed to represent the interests of physicians, health care practitioners, hospitals, pharmacies, or other health care organizations, or beneficiaries.

(2) The contract authorizes the member or the organization the member represents to provide services to beneficiaries under the health authority's programs.

(3) The contract contains substantially the same terms and conditions as contracts entered into with other individuals or organizations that the member was appointed to represent.

(4) The member does not influence or attempt to influence the health authority or another member of the health authority to enter into the contract in which the member is interested.

(5) The member discloses the interest to the health authority and abstains from voting on the contract.

(6) The governing board notes the member's disclosure and abstention in its official records and authorizes the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote of the interested member.

(i) All claims for money or damages against the health authority shall be governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code, except as provided by other statutes or regulations that expressly apply to the health authority.

(j) (1) The health authority shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(2) The health authority, members of its governing board, and its employees, are protected by the immunities applicable to public entities and public employees governed by Part 1 (commencing with Section 810) and Part 2 (commencing with Section 814) of Division 3.6 of Title

1 of the Government Code, except as provided by other statutes or regulations that apply expressly to the health authority.

(k) Notwithstanding any other provision of law, except as otherwise provided in this section, a county shall not be liable for any act or omission of the health authority.

(*l*) The transfer of responsibility for health care services to the health authority shall not relieve the county of its responsibility for indigent care pursuant to Section 17000.

(m) Notwithstanding any other provision of law, the governing board of the health authority may meet in closed session to consider and take action on matters pertaining to contracts, and to contract negotiations by health authority staff with providers of health care services concerning all matters related to rates of payment.

(n) (1) (A) Notwithstanding the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), the governing board of the health authority may meet in closed session for the purpose of discussion of, or taking action on matters involving, health authority trade secrets.

(B) The requirement that the authority make a public report of actions taken in closed session and the vote or abstention of every member present may be limited to a brief general description of the action taken and the vote so as to prevent the disclosure of a trade secret.

(C) For purposes of this section, ''health authority trade secret'' means a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, that also meets both of the following criteria:

(i) The secrecy of the information is necessary for the health authority to initiate a new service, program, marketing strategy, business plan, or technology, or to add a benefit or product.

(ii) Premature disclosure of the trade secret would create a substantial probability of depriving the health authority of a substantial economic benefit or opportunity.

(2) Those records of the health authority that reveal the health authority's trade secrets are exempt from disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. This exemption shall apply for a period of two years after the service, program, marketing strategy, business plan, technology, benefit, or product that is the subject of the trade secret is formally adopted by the governing body of the health authority, provided that the service, program, marketing strategy, business plan, technology, benefit, or product continues to be a trade secret. The governing board may delete the portion or portions containing trade secrets from any documents that were finally approved

in closed session held pursuant to this subdivision that are provided to persons who have made the timely or standing request.

(o) Notwithstanding Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, and Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of, the Government Code, or any other provision of law, any peer review body, as defined in paragraph (1) of subdivision (a) of Section 805 of the Business and Professions Code, formed pursuant to the powers granted to the health authority authorized by this section, may, at its discretion and without notice to the public, meet in closed session, so long as the purpose of the meeting is the peer review body's discharge of its responsibility to evaluate and improve the quality of care rendered by health facilities and health practitioners, pursuant to the powers granted to the health authority. The peer review body and its members shall receive, to the fullest extent, all immunities, privileges, and protections available to those peer review bodies, their individual members, and persons or entities assisting in the peer review process, including those afforded by Section 1157 of the Evidence Code and Section 1370 of the Health and Safety Code.

(p) Notwithstanding any other provision of law, those records of the health authority and of the county that reveal the health authority's rates of payment for health care services or the health authority's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services for rates of payment, shall not be required to be disclosed pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or any similar local law requiring the disclosure of public records. However, three years after a contract or amendment to a contract is fully executed, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

(q) Notwithstanding the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), or Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, and Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of, the Government Code, or any other provision of state or local law requiring disclosure of public records, those records of a peer review body, as defined in paragraph (1) of subdivision (a) of Section 805 of the Business and Professions Code, formed pursuant to the powers granted to the health authority authorized by this section, shall not be required to be disclosed. The records and proceedings of the peer review body and its individual members shall receive, to the fullest extent, all immunities, privileges, and protections available to those records and proceedings,

including those afforded by Section 1157 of the Evidence Code and Section 1370 of the Health and Safety Code.

(r) Except as expressly provided by other provisions of this section, all exemptions and exclusions from disclosure as public records pursuant to the California Public Records Act, including, but not limited to, those pertaining to trade secrets and information withheld in the public interest, shall be fully applicable for all state agencies and local agencies with respect to all writings that the health authority is required to prepare, produce, or submit pursuant to this section.

(s) (1) Any health authority formed pursuant to this section shall obtain licensure as a health care service plan under the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 3 of the Health and Safety Code).

(2) Notwithstanding subdivisions (b) and (t), a health authority may not operate health plans or programs for individuals covered under Subchapter XVIII (commencing with Section 1395) of Chapter 7 of Title 42 of the United States Code, or for private businesses, until the health authority is in full compliance with all of the requirements of the Knox-Keene Health Care Service Plan Act of 1975, including tangible net equity requirements applicable to a licensed health care service plan.

(t) Commencing on the date that the health authority first receives Medi-Cal capitated payments for the provision of health care services to Medi-Cal beneficiaries and until the time that the health authority is in compliance with all the requirements regarding tangible net equity applicable to a health care service plan licensed under the Knox-Keene Health Care Service Plan Act of 1975, the following provisions shall apply:

(1) The health authority may select and design its automated management information system, but the department, in cooperation with the health authority, prior to making capitated payments, shall test the system to ensure that the system is capable of producing detailed, accurate, and timely financial information on the financial condition of the health authority and any other information generally required by the department in its contracts with health care service plans.

(2) In addition to the reports required by the Department of Managed Health Care under the Knox-Keene Health Care Service Plan Act of 1975, and the rules of the Director of the Department of Managed Health Care promulgated thereunder, the health authority shall provide on a monthly basis to the department, the Department of Managed Health Care, and the members of the health authority, a copy of the automated report described in paragraph (1) and a projection of assets and liabilities, including those that have been incurred but not reported, with an explanation of material increases or decreases in current or projected assets or liabilities. The explanation of increases and decreases in assets

or liabilities shall be provided, upon request, to a hospital, independent physicians' practice association, or community clinic, that has contracted with the health authority to provide health care services.

(3) In addition to the reporting and notification obligations the health authority has under the Knox-Keene Health Care Service Plan Act of 1975, the chief executive officer or director of the health authority shall immediately notify the department, the Department of Managed Health Care, and the members of the governing board of the health authority in writing of any fact or facts that, in the chief executive officer's or director's reasonable and prudent judgment, is likely to result in the health authority being unable to meet its financial obligations to health care providers or to other parties. Written notice shall describe the fact or facts, the anticipated fiscal consequences, and the actions that will be taken to address the anticipated consequences.

(4) The Department of Managed Health Care shall not waive or vary, nor shall the department request the Department of Managed Health Care to waive or vary, the tangible net equity requirements for a health authority under the Knox-Keene Health Care Service Plan Act of 1975 after three years from the date of commencement of capitated payments to the health authority. Until the time the health authority is in compliance with all of the tangible net equity requirements under the Knox-Keene Health Care Service Plan Act of 1975, and the rules of the Director of the Department of Managed Health Care promulgated thereunder, the health authority shall develop a stop-loss program appropriate to the risks of the health authority. The program shall be satisfactory to both the department and the Department of Managed Health Care.

(5) In the event that the health authority votes to file a petition of bankruptcy, or the board of supervisors notifies the department of its intent to terminate the health authority, the department shall immediately convert the authority's Medi-Cal beneficiaries to either of the following:

(A) To other managed care contractors when available, provided those contractors are able to demonstrate that they can absorb the increased enrollment without detriment to the provision of health care services to their existing enrollees.

(B) To the extent that other managed care contractors are unavailable or the department determines that the action is otherwise in the best interest of any particular beneficiary, to a fee-for-service reimbursement system pending the availability of managed care contractors, provided those contractors are able to demonstrate that they can absorb the increased enrollment without detriment to the provision of health care services to their existing enrollees, or if the department determines that providing care to any particular beneficiary pursuant to a fee-for-service

reimbursement system is no longer necessary to protect the continuity of care or other interests of the beneficiary. Beneficiary eligibility for Medi-Cal shall not be affected by this action. Beneficiaries who have been or who are scheduled to be converted to a fee-for-service reimbursement system or managed care contractor may make a choice to be enrolled in another managed care system, if one is available, in full compliance with the federal freedom-of-choice requirements.

(6) The health authority shall submit to a review of financial records when the department determines, based on data reported by the health authority or otherwise, that the health authority will not be able to meet its financial obligations to health care providers contracting with the health authority. Where the review of financial records determines that the health authority will not be able to meet its financial obligations to contracting health care providers for the provision of health care services, the director shall immediately terminate the contract between the health authority and the state, and immediately convert the health authority Medi-Cal beneficiaries in accordance with paragraph (5) in order to ensure uninterrupted provision of health care services to the beneficiaries and to minimize financial disruption to providers. The action of the director shall be the final administrative determination. Beneficiary eligibility for Medi-Cal shall not be affected by this action. Beneficiaries who have been or who are scheduled to be converted under paragraph (5) may make a choice to be enrolled in another managed care plan, if one is available, in full compliance with federal freedom-of-choice requirements.

(7) It is the intent of the Legislature that the department shall implement Medi-Cal capitated enrollments in a manner that ensures that appropriate levels of health care services will be provided to Medi-Cal beneficiaries and that appropriate levels of administrative services will be furnished to health care providers. The contract between the department and the health authority shall authorize and permit the department to administer the number of covered Medi-Cal enrollments in such a manner that the health authority's provider network and administrative structure are able to provide appropriate and timely services to beneficiaries and to participating providers.

(8) In the event a health authority is terminated, files for bankruptcy, or otherwise no longer functions for the purpose for which it was established, the county shall, with respect to compensation for provision of health care services to beneficiaries, occupy no greater or lesser status than any other health care provider in the disbursement of assets of the health authority.

(9) Nothing in this subdivision shall be construed to impair or diminish the authority of the Director of the Department of Managed Health Care under the Knox-Keene Health Care Service Plan Act of

1975, nor shall anything in this section be construed to reduce or otherwise limit the obligation of a health authority licensed as a health care service plan to comply with the requirements of the Knox-Keene Health Care Service Plan Act of 1975, and the rules of the Director of the Department of Managed Health Care promulgated thereunder.

(u) In the event a health authority may no longer function for the purposes for which it is established, at the time the health authority's then-existing obligations have been satisfied or the health authority's assets have been exhausted, the board of supervisors may, by ordinance, terminate the health authority.

(v) (1) Prior to the termination of the health authority, the board of supervisors shall notify the department of its intent to terminate the health authority. The department shall conduct an audit of the health authority's records within 30 days of the notification to determine the liabilities and assets of the health authority.

(2) The department shall report its findings to the board within 10 days of completion of the audit. The board shall prepare a plan to liquidate or otherwise dispose of the assets of the health authority and to pay the liabilities of the health authority to the extent of the health authority's assets, and present the plan to the department within 30 days upon receipt of these findings.

(w) Any assets of the health authority shall be disposed of pursuant to provisions contained in the contract entered into between the state and the health authority pursuant to this section.

(x) Upon termination of a health authority by the board, the county shall manage any remaining assets of the health authority until superseded by a department-approved plan. Any liabilities of the health authority shall not become obligations of the county upon either the termination of the health authority or the liquidation or disposition of the health authority's remaining assets.

(y) This section shall apply to any county health authority or any county special commission operating under this article or Article 2.81 (commencing with Section 14087.96), except to the extent that this section conflicts with Sections 14087.31, 14087.35, and 14087.36 or Article 2.81 (commencing with Section 14087.96).

SEC. 12.5. Section 14087.51 of the Welfare and Institutions Code is amended to read:

14087.51. (a) It is necessary that a special commission be established in San Mateo County and in any other county designated by the California Medical Assistance Commission in order to meet the problems of the delivery of publicly assisted medical care in the counties and to demonstrate ways of promoting quality care and cost efficiency.

(b) The Board of Supervisors of San Mateo County and of the designated counties may, by ordinance, establish commissions to do any or all of the following:

(1) Negotiate the exclusive contracts specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter.

(2) Enter into contracts for the provision of health care services to subscribers in the Healthy Families Program.

(3) Enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(c) In addition to the authority specified in subdivision (b), the Board of Supervisors of San Mateo County may, by ordinance, authorize the commission established pursuant to this section to provide health care delivery systems for any or all of the following persons:

(1) Persons who are eligible to receive medical benefits under this chapter in the county, including, but not limited to, persons who are eligible through federal waiver or a pilot project.

(2) Persons who are eligible to receive medical benefits under both Title 18 and Title 19 of the federal Social Security Act.

(3) Persons who are eligible to receive medical benefits under Title 18 of the federal Social Security Act.

(4) Persons who are eligible to receive medical benefits under publicly supported programs if the commission and participating providers acting pursuant to subcontracts with the commission agree to hold harmless the beneficiaries of the publicly supported programs if the contract between the sponsoring government agency and the commission does not ensure sufficient funding to cover program costs.

(d) If the board of supervisors elects to enact an ordinance pursuant to this section, all rights, powers, duties, privileges, and immunities vested in a county by an article shall be vested in the county commission. Any reference in this article to ''county'' shall mean a commission established pursuant to this section.

(e) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, and any other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. A commission so established shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code. All commissioners shall be appointed by majority vote of the board of supervisors and shall serve at the pleasure thereof. The board of supervisors may appoint no more than two of its own members to serve on the commission.

(f) As an alternative to establishing a separate commission, the enabling ordinance may designate the board of supervisors itself as the commission authorized by this article.

SEC. 12.6. Section 14087.54 of the Welfare and Institutions Code is amended to read:

14087.54. (a) Any county or counties may establish a special commission in order to meet the problems of the delivery of publicly assisted medical care in the county or counties and to demonstrate ways of promoting quality care and cost efficiency.

(b) A county board of supervisors may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter. The boards of supervisors of more than one county may also establish a single commission with the authority to negotiate an exclusive contract and to arrange for the provision of services in those counties. If a board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to ''county'' shall mean a commission established pursuant to this section.

(c) It is the intent of the Legislature that if a county forms a commission pursuant to this section, the county shall, with respect to its medical facilities and programs occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(d) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as a board of supervisors deems necessary or convenient for the conduct of the county commission's activities. A commission so established shall be considered an entity separate from the county or counties, shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, and shall file the statement required by Section 53051 of the Government Code. The commission shall have in addition to the rights, powers, duties, privileges, and immunities previously conferred, the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, to sue or be sued, and to enter into agreements under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code. Any obligations of a commission, statutory, contractual, or otherwise, shall be the obligations

solely of the commission and shall not be the obligations of the county or of the state.

(e) Upon creation, a commission may borrow from the county or counties, and the county or counties may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(f) In the event a commission may no longer function for the purposes for which it was established, at such time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board or boards of supervisors may by ordinance terminate the commission.

(g) Prior to the termination of a commission, the board or boards of supervisors shall notify the State Department of Health Services of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of the notification to determine the liabilities and assets of the commission. The department shall report its findings to the board or boards within 10 days of completion of the audit. The board or boards shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(h) Upon termination of a commission by the board or boards, the county or counties shall manage any remaining assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county or counties upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(i) Any assets of a commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to this article.

SEC. 12.7. Section 14087.9605 of the Welfare and Institutions Code is amended to read:

14087.9605. (a) The board of supervisors may, by ordinance, resolution, or other action, establish a commission in order to meet the problems of delivery of publicly assisted medical care in the county and demonstrate ways of promoting quality care and cost efficiency. The health care services provided by the commission shall include, but are not limited to, services covered under this chapter provided on a coordinated managed care basis. The commission shall operate the local initiative that provides or arranges for the delivery of health care services in all or part of the geographic area of the county, in a manner that is consistent with managed care principles, techniques, and practices directed at ensuring cost-effective and adequate access to quality care,

without discrimination on the basis of medical condition, diagnosis, or illness, in an amount, duration, and scope that is sufficient to reasonably achieve its purpose for enrollees in the local initiative. If the board of supervisors establishes a commission, all rights, powers, duties, privileges, and immunities vested in the county pursuant to the contract with the department under this article shall be vested in the commission.

(b) (1) The commission shall be considered a public entity that is a local unit of government and that is separate from the county, shall file the statement required by Section 53051 of the Government Code, and shall be considered a public entity for purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code. The commission, members of the commission, and employees of the commission shall be protected by the immunities applicable to public entities and public employees governed by Part 2 (commencing with Section 814) of Division 3.6 of Title 1 of the Government Code, except as provided by other statutes or regulations that apply expressly to the commission.

(2) The commission shall have all power necessary and appropriate to do all of the following:

(A) Operate programs involving health care services, including, but not limited to, the power to own and operate one or more health plans.

(B) To enter into agreements with any public or private entity or entities to provide or arrange for health care services on a capitated or noncapitated basis.

(C) To acquire, possess, and dispose of real or personal property.

(D) To employ personnel and contract for services required to meet its obligations.

(3) The commission may enter into contracts with public and private health care providers to provide health care and related services to individuals enrolled in any health plan or health program operated as part of the local initiative.

(c) Nothing in this section shall be construed to authorize the commission to operate any health care program other than the local initiative described in the strategic plan as it currently exists or as it may be amended by the department.

SEC. 13. Section 14094.3 of the Welfare and Institutions Code is amended to read:

14094.3. (a) Notwithstanding this article or Section 14093.05 or 14094.1, CCS covered services shall not be incorporated into any Medi-Cal managed care contract entered into after August 1, 1994, pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.8

(commencing with Section 14087.5), Article 2.9 (commencing with Section 14088), Article 2.91 (commencing with Section 14089), Article 2.95 (commencing with Section 14092); or either Article 2 (commencing with Section 14200), or Article 7 (commencing with Section 14490) of Chapter 8, until September 1, 2008, except for contracts entered into for county organized health systems or Regional Health Authority in the Counties of San Mateo, Santa Barbara, Solano, Yolo, Marin, and Napa.

(b) Notwithstanding any other provision of this chapter, providers serving children under the CCS program who are enrolled with a Medi-Cal managed care contractor but who are not enrolled in a pilot project pursuant to subdivision (c) shall continue to submit billing for CCS covered services on a fee-for-service basis until CCS covered services are incorporated into the Medi-Cal managed care contracts described in subdivision (a).

(c) (1) The department may authorize a pilot project in Solano County in which reimbursement for conditions eligible under the CCS program may be reimbursed on a capitated basis pursuant to Section 14093.05, and provided all CCS program's guidelines, standards, and regulations are adhered to, and CCS program's case management is utilized.

(2) During the time period described in subdivision (a), the department may approve, implement, and evaluate limited pilot projects under the CCS program to test alternative managed care models tailored to the special health care needs of children under the CCS program. The pilot projects may include, but need not be limited to, coverage of different geographic areas, focusing on certain subpopulations, and the employment of different payment and incentive models. Pilot project proposals from CCS program-approved providers shall be given preference. All pilot projects shall utilize CCS program-approved standards and providers pursuant to Section 14094.1.

(d) (1) The department shall submit to the appropriate committees of the Legislature an evaluation of pilot projects established pursuant to subdivision (c) based on at least one full year of operation.

(2) The evaluation required by paragraph (1) shall address the impact of the pilot projects on outcomes as set forth in paragraph (4) and, in addition, shall do both of the following:

(A) Examine the barriers, if any, to incorporating CCS covered services into the Medi-Cal managed care contracts described in subdivision (a).

(B) Compare different pilot project models with the fee-for-service system. The evaluation shall identify, to the extent possible, those factors that make pilot projects most effective in meeting the special needs of children with CCS eligible conditions.

(3) CCS covered services shall not be incorporated into the Medi-Cal managed care contracts described in subdivision (a) before the evaluation process has been completed.

(4) The pilot projects shall be evaluated to determine if:

(A) All children enrolled with a Medi-Cal managed care contractor described in subdivision (a) identified as having a CCS eligible condition are referred in a timely fashion for appropriate health care.

(B) All children in the CCS program have access to coordinated care that includes primary care services in their own community.

(C) CCS program standards are adhered to.

(e) For purposes of this section, CCS covered services include all program benefits administered by the program specified in Section 123840 of the Health and Safety Code regardless of the funding source.

(f) Nothing in this section shall be construed to exclude or restrict CCS eligible children from enrollment with a managed care contractor, or from receiving from the managed care contractor with which they are enrolled primary and other health care unrelated to the treatment of the CCS eligible condition.

(e) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section by means of provider bulletin, or similar instruction, without taking regulatory action.

(f) The department shall promptly seek all necessary federal approvals in order to implement this section, including necessary amendments to the state plan.

(g) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 14. Section 14105.336 of the Welfare and Institutions Code is amended to read:

14105.336. (a) The department shall reduce reimbursements to pharmacists by fifty cents ($0.50) per prescription, effective January 1, 1995, for all drug prescription claims reimbursed through the Medi-Cal program.

(b) This section shall become inoperative on September 1, 2004.

(c) (1) The department shall reduce reimbursement to pharmacists in the amount reimbursement was increased pursuant to subdivisions (a) and (b) with respect to pharmacy services rendered on and after the date that this subdivision is enacted. Claims submitted by pharmacists for beneficiaries residing in a nursing facility shall be exempt from this subdivision.

(2) This subdivision shall become inoperative on July 1, 2004.

(d) This section shall become inoperative on September 1, 2004.

SEC. 16. Section 14105.45 of the Welfare and Institutions Code is repealed.

SEC. 17. Section 14105.45 is added to the Welfare and Institutions Code, to read:

14105.45. (a) For purposes of this section, the following definitions shall apply:

(1) ''Average sales price'' means, of a drug or biological, the sales price for a National Drug Code for a calendar quarter for a manufacturer for a unit, calculated as follows:

(A) The manufacturer's sales to all purchasers, excluding sales exempt under subparagraph (B), of a drug or biological in the United States in the calendar quarter, divided by the total number of the units of that drug or biological sold by the manufacturer in that calendar quarter.

(B) In calculating the manufacturer's average sales price, the following sales shall be excluded:

(i) Sales exempt from inclusion in the determination of ''best price'' under Section 1927(c)(1)(C)(i) of the Social Security Act (42 U.S.C. Sec. 1396r-8(c)(1)(C)(i)).

(ii) Any other sales as the Secretary of the United States Department of Health and Human Services identifies as sales to an entity that are merely nominal in amount, as applied for purposes of Section 1927(c)(1)(C)(ii)(III) of the Social Security Act (42 U.S.C. Sec. 1396r-8(c)(1)(C)(ii)(III)), except as the secretary may otherwise provide.

(C) In calculating the manufacturer's average sales price, the price shall include volume discounts, prompt pay discounts, cash discounts, free goods that are contingent on any purchase requirement, chargebacks, and rebates, other than rebates under Section 1927 of the Social Security Act (42 U.S.C. Sec. 1396r-8). After 2004, the secretary may include in the manufacturer's average sales price other price concessions, which may be based on recommendations of the Inspector General of the United States Department of Health and Human Services, that would result in a reduction of the cost to the purchaser.

(D) In the case of a drug or biological during an initial period, not to exceed a full calendar quarter, in which data on the prices for sales for the drug or biological are not sufficiently available from the manufacturer to compute an average sales price for the drug or biological, the department may determine the amount payable under this section for the drug or biological based on the wholesale selling price.

(2) ''Average wholesale price'' means the price for a drug product listed in the department's primary price reference source.

(3) ''Direct price'' means the price for a drug product purchased by a pharmacy directly from a drug manufacturer listed in the department's primary reference source.

(4) ''Estimated acquisition cost'' means the department's best estimate of the price generally and currently paid by providers for a drug product sold by a particular manufacturer or principal labeler in a standard package.

(5) ''Federal upper limit'' means the maximum per unit reimbursement when established by the Centers for Medicare and Medicaid Services and published by the department in Medi-Cal pharmacy provider bulletins and manuals.

(6) ''Generically equivalent drugs'' means drug products with the same active chemical ingredients of the same strength, quantity, and dosage form, and of the same generic drug name, as determined by the United States Adopted Names (USAN) and accepted by the federal Food and Drug Administration (FDA), as those drug products having the same chemical ingredients.

(7) ''Legend drug'' means any drug whose labeling states ''Caution: Federal law prohibits dispensing without prescription,'' ''Rx only,'' or words of similar import.

(8) ''Maximum allowable ingredient cost'' (MAIC) means the maximum amount the department will reimburse Medi-Cal pharmacy providers for generically equivalent drugs.

(9) ''Innovator multiple source drug,'' ''noninnovator multiple source drug,'' and ''single source drug'' have the same meaning as those terms are defined in Section 1396r-8(k)(7) of Title 42 of the United States Code.

(10) ''Nonlegend drug'' means any drug whose labeling does not contain the statement referenced in paragraph (7).

(11) ''Wholesale selling price'' means the weighted (by unit volume) mean price, including discounts and rebates, paid by a pharmacy to a wholesale drug distributor.

(12) ''Selling price'' means the price used in the establishment of the estimated acquisition cost. The department shall base the selling price on the average sales price reported by manufacturers pursuant to subdivision (c). The selling price shall not be considered confidential and shall be subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(b) (1) Reimbursement to Medi-Cal pharmacy providers for legend and nonlegend drugs shall consist of the estimated acquisition cost of the drug plus a professional fee for dispensing. The professional fee shall be seven dollars and twenty-five cents ($7.25) per dispensed prescription. The professional fee for legend drugs dispensed to a beneficiary residing in a skilled nursing facility or intermediate care facility shall be eight dollars ($8) per dispensed prescription. For purposes of this paragraph ''skilled nursing facility'' and ''intermediate care facility'' shall have the same meaning as defined in Division 5 (commencing with Section 70001) of Title 22 of the California Code of Regulations.

(2) The department shall establish the estimated acquisition cost of legend and nonlegend drugs as follows:

(A) For single source and innovator multiple source drugs, the estimated acquisition cost shall be equal to the lowest of the average wholesale price minus 17 percent, the selling price, the federal upper limit, or the MAIC.

(B) For noninnovator multiple source drugs, the estimated acquisition cost shall be equal to the lowest of the average wholesale price minus 17 percent, the selling price, the federal upper limit, or the MAIC.

(C) The department shall not use the direct price paid by pharmacies to drug manufacturers to establish estimated acquisition cost.

(3) For purposes of paragraph (2), the department shall establish a list of MAICs for generically equivalent drugs, which shall be published in pharmacy provider bulletins and manuals. The department shall update

the list of MAICs and establish additional MAICs in accordance with all of the following:

(A) The department shall base the MAIC on the mean of the wholesale selling prices of drugs generically equivalent to the particular innovator drug that are available in California from wholesale drug distributors selected by the department.

(B) The department shall notify each selected wholesale drug distributor, in writing, that the wholesale drug distributor has been identified as a source of wholesale selling price information.

(C) Wholesale drug distributors notified pursuant to subparagraph (B) shall, no later than 30 days after the end of each month, and in a format determined by the department, provide to the department the wholesale selling price of all legend and nonlegend drugs sold to pharmacies.

(D) The department shall update MAICs at least every three months and notify Medi-Cal providers at least 30 days prior to the effective date of a MAIC.

(E) The failure of a wholesaler to report wholesale selling prices pursuant to subparagraph (C) of paragraph (3) of subdivision (b) shall result in the director denying payment for all drugs supplied by that wholesaler to Medi-Cal program beneficiaries. The denial of payment shall be effective no sooner than 30 days after notifying pharmacy providers of the change through a provider bulletin.

(F) All pricing information reported by a wholesale distributor to the department pursuant to this section shall be considered confidential and corporate proprietary information and shall not be subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(c) (1) Manufacturers and principal labelers of legend and nonlegend drugs shall, no later than 30 days after the end of each calendar quarter, and in a format determined by the department, provide to the department the average sales price of each of the manufacturer's legend and nonlegend drugs.

(2) The department shall update the Medi-Cal claims processing system to reflect the selling price of drugs not later than 62 calendar days after the end of each calendar quarter.

(3) For manufacturers that fail to provide average selling price information pursuant to this section, the department may subject their drugs' availability to prior authorization. The provisions of this subdivision shall be included in contracts or contract amendments entered into by the department pursuant to Section 14105.3, 14105.33, 14105.37, or 14105.39, and manufacturers shall continue rebate payments according to the rebate provisions in the contracts. Nothing in this paragraph shall affect a Medi-Cal beneficiary's ability to receive

continuity of care for 60 days as contained in subdivision (i) of Section 14105.33.

(4) All pricing information reported by manufacturers and principal labelers of legend and nonlegend drugs to the department pursuant to this section shall be considered confidential and corporate proprietary information and shall not be subject to disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may take the actions specified in this section by means of a provider bulletin or notice, policy letter, or other similar instructions, without taking regulatory action.

SEC. 18. Section 14105.46 of the Welfare and Institutions Code is repealed.

SEC. 18.5. Section 14110.65 of the Welfare and Institutions Code is repealed.

SEC. 19. Section 14132.100 of the Welfare and Institutions Code is amended to read:

14132.100. (a) The federally qualified health center services described in Section 1396d(a)(2)(C) of Title 42 of the United States Code are covered benefits.

(b) The rural health clinic services described in Section 1396d (a)(2)(B) of Title 42 of the United States Code are covered benefits.

(c) Federally qualified health center services and rural health clinic services shall be reimbursed on a per-visit basis in accord with the definition of ''visit'' set forth in subdivision (g).

(d) Effective October 1, 2004, and on each October 1, thereafter, until no longer required by federal law, federally qualified health center (FQHC) and rural health clinic (RHC) per-visit rates shall be increased by the Medicare Economic Index applicable to primary care services in the manner provided for in Section 1396a(bb)(3)(A) of Title 42 of the United States Code. Prior to January 1, 2004, FQHC and RHC per-visit rates shall be adjusted by the Medicare Economic Index in accord with the methodology set forth in the state plan in effect on October 1, 2001.

(e) (1) An FQHC or RHC may apply for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC. Rate changes based on a change in the scope of services provided by an FQHC or RHC shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(2) Subject to the conditions set forth in subparagraphs (A) to (D), inclusive, of paragraph (3), a change in scope of service means any of the following:

(A) The addition of a new FQHC or RHC service that is not incorporated in the baseline prospective payment system (PPS) rate, or a deletion of an FQHC or RHC service that is incorporated in the baseline PPS rate.

(B) A change in service due to amended regulatory requirements or rules.

(C) A change in service resulting from relocating or remodeling an FQHC or RHC.

(D) A change in types of services due to a change in applicable technology and medical practice utilized by the center or clinic.

(E) An increase in service intensity attributable to changes in the types of patients served, including, but not limited to, populations with HIV or AIDS, or other chronic diseases, or homeless, elderly, migrant, or other special populations.

(F) Any changes in any of the services described in subdivision (a) or (b), or in the provider mix of an FQHC or RHC or one of its sites.

(G) Changes in operating costs attributable to capital expenditures associated with a modification of the scope of any of the services described in subdivisions (a) or (b), including new or expanded service facilities, regulatory compliance, or changes in technology or medical practices at the center or clinic.

(H) Indirect medical education adjustments and a direct graduate medical education payment that reflects the costs of providing teaching services to interns and residents.

(I) Any changes in the scope of a project approved by the federal Health Resources and Service Administration (HRSA).

(3) No change in costs shall, in and of itself, be considered a scope-of-service change unless all of the following apply:

(A) The increase or decrease in cost is attributable to an increase or decrease in the scope of services defined in subdivisions (a) and (b), as applicable.

(B) The cost is allowable under Medicare reasonable cost principles set forth in Part 413 (commencing with Section 413) of Subchapter B of Chapter 4 of Title 42 of the Code of Federal Regulations, or its successor.

(C) The change in the scope of services is a change in the type, intensity, duration, or amount of services, or any combination thereof.

(D) The net change in the FQHC's or RHC's rate equals or exceeds 1.75 percent for the affected FQHC or RHC site. For FQHCs and RHCs that filed consolidated cost reports for multiple sites to establish the initial prospective payment reimbursement rate, the 1.75 percent threshold shall be applied to the average per-visit rate of all sites for the

purposes of calculating the cost associated with a scope-of-service change. "Net change" means the per-visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

(4) An FQHC or RHC may submit requests for scope-of-service changes once per fiscal year, only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(5) An FQHC or RHC shall submit a scope-of-service rate change request within 90 days of the beginning of any FQHC or RHC fiscal year occurring after the effective date of this section, if, during the FQHC's or RHC's prior fiscal year, the FQHC or RHC experienced a decrease in the scope of services provided that the FQHC or RHC either knew or should have known would have resulted in a significantly lower per-visit rate. If an FQHC or RHC discontinues providing onsite pharmacy or dental services, it shall submit a scope-of-service rate change request within 90 days of the beginning of the following fiscal year. The rate change shall be effective as provided for in paragraph (4). As used in this paragraph, "significantly lower" means an average per-visit rate decrease in excess of 2.5 percent.

(6) Notwithstanding paragraph (4), if the approved scope-of-service change or changes were initially implemented on or after the first day of an FQHC's or RHC's fiscal year ending in calendar year 2001, but before the adoption and issuance of written instructions for applying for a scope-of-service change, the adjusted reimbursement rate for that scope-of-service change shall be made retroactive to the date the scope-of-service change was initially implemented. Scope-of-service changes under this paragraph shall be required to be submitted within the later of 150 days after the adoption and issuance of the written instructions by the department, or 150 days after the end of the FQHC's or RHC's fiscal year ending in 2003.

(7) All references in this subdivision to "fiscal year" shall be construed to be references to the fiscal year of the individual FQHC or RHC, as the case may be.

(f) (1) An FQHC or RHC may request a supplemental payment if extraordinary circumstances beyond the control of the FQHC or RHC occur after December 31, 2001, and PPS payments are insufficient due to these extraordinary circumstances. Supplemental payments arising from extraordinary circumstances under this subdivision shall be solely and exclusively within the discretion of the department and shall not be subject to subdivision (*l*). These supplemental payments shall be determined separately from the scope-of-service adjustments described in subdivision (e). Extraordinary circumstances include, but are not

limited to, acts of nature, changes in applicable requirements in the Health and Safety Code, changes in applicable licensure requirements, and changes in applicable rules or regulations. Mere inflation of costs alone, absent extraordinary circumstances, shall not be grounds for supplemental payment. If an FQHC's or RHC's PPS rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, then a supplemental payment is not warranted.

(2) The department shall accept requests for supplemental payment at any time throughout the prospective payment rate year.

(3) Requests for supplemental payments shall be submitted in writing to the department and shall set forth the reasons for the request. Each request shall be accompanied by sufficient documentation to enable the department to act upon the request. Documentation shall include the data necessary to demonstrate that the circumstances for which supplemental payment is requested meet the requirements set forth in this section. Documentation shall include all of the following:

(A) A presentation of data to demonstrate reasons for the FQHC's or RHC's request for a supplemental payment.

(B) Documentation showing the cost implications. The cost impact shall be material and significant (two hundred thousand dollars ($200,000) or 1 percent of a facility's total costs, whichever is less).

(4) A request shall be submitted for each affected year.

(5) Amounts granted for supplemental payment requests shall be paid as lump-sum amounts for those years and not as revised PPS rates, and shall be repaid by the FQHC or RHC to the extent that it is not expended for the specified purposes.

(6) The department shall notify the provider of the department's discretionary decision in writing.

(g) An FQHC or RHC ''visit'' means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse midwife, clinical psychologist, licensed clinical social worker, or a visiting nurse. For purposes of this section, ''physician'' shall be interpreted in a manner consistent with the Centers for Medicare and Medicaid Services' Medicare Rural Health Clinic and Federally Qualified Health Center Manual (Publication 27), or its successor, only to the extent that it defines the professionals whose services are reimbursable on a per-visit basis and not as to the types of services that these professionals may render during these visits and shall include a medical doctor, osteopath, podiatrist, dentist, optometrist, and chiropractor. A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a comprehensive perinatal services practitioner, as defined in Section 51179.1 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services, a four-hour day of attendance at an adult day health care center, and any

other provider identified in the state plan's definition of an FQHC or RHC visit.

(h) If FQHC or RHC services are partially reimbursed by a third-party payer, such as a managed care entity (as defined in Section 1396u-2(a)(1)(B) of Title 42 of the United States Code), the Medicare program, or the Child Health and Disability Prevention (CHDP) program, the department shall reimburse an FQHC or RHC for the difference between its per-visit PPS rate and receipts from other plans or programs on a contract-by-contract basis and not in the aggregate, and may not include managed care financial incentive payments that are required by federal law to be excluded from the calculation.

(i) (1) An entity that first qualifies as an FQHC or RHC in the year 2001 or later, a newly licensed facility at a new location added to an existing FQHC or RHC, and any entity that is an existing FQHC or RHC that is relocated to a new site shall each have its reimbursement rate established in accordance with one of the following methods, as selected by the FQHC or RHC:

(A) The rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

(B) In the absence of three comparable FQHCs or RHCs with a similar caseload, the rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or an adjacent service area, or in a reasonably similar geographic area with respect to relevant social, health care, and economic characteristics.

(C) At a new entity's one-time election, the department shall establish a reimbursement rate, calculated on a per-visit basis, that is equal to 100 percent of the projected allowable costs to the FQHC or RHC of furnishing FQHC or RHC services during the first 12 months of operation as an FQHC or RHC. After the first 12-month period, the projected per-visit rate shall be increased by the Medicare Economic Index then in effect. The projected allowable costs for the first 12 months shall be cost settled and the prospective payment reimbursement rate shall be adjusted based on actual and allowable cost per visit.

(D) The department may adopt any further and additional methods of setting reimbursement rates for newly qualified FQHCs or RHCs as are consistent with Section 1396a(bb)(4) of Title 42 of the United States Code.

(2) In order for an FQHC or RHC to establish the comparability of its caseload for purposes of subparagraph (A) or (B) of paragraph (1), the department shall require that the FQHC or RHC submit its most recent annual utilization report as submitted to the Office of Statewide Health Planning and Development, unless the FQHC or RHC was not required

to file an annual utilization report. FQHCs or RHCs that have experienced changes in their services or caseload subsequent to the filing of the annual utilization report may submit to the department a completed report in the format applicable to the prior calendar year. FQHCs or RHCs that have not previously submitted an annual utilization report shall submit to the department a completed report in the format applicable to the prior calendar year. The FQHC or RHC shall not be required to submit the annual utilization report for the comparable FQHCs or RHCs to the department, but shall be required to identify the comparable FQHCs or RHCs.

(3) The rate for any newly qualified entity set forth under this subdivision shall be effective retroactively to the later of the date that the entity was first qualified by the applicable federal agency as an FQHC or RHC, the date a new facility at a new location was added to an existing FQHC or RHC, or the date on which an existing FQHC or RHC was relocated to a new site. The FQHC or RHC shall be permitted to continue billing for Medi-Cal covered benefits on a fee-for-service basis under its existing provider number until it is informed of its new FQHC or RHC provider number, and the department shall reconcile the difference between the fee-for-service payments and the FQHC's or RHC's prospective payment rate at that time.

(j) Visits occurring at an intermittent clinic site, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, of an existing FQHC or RHC, or in a mobile unit as defined by paragraph (2) of subdivision (b) of Section 1765.105 of the Health and Safety Code, shall be billed by and reimbursed at the same rate as the FQHC or RHC establishing the intermittent clinic site or the mobile unit, subject to the right of the FQHC or RHC to request a scope-of-service adjustment to the rate.

(k) An FQHC or RHC may elect to have pharmacy or dental services reimbursed on a fee-for-service basis, utilizing the current fee schedules established for those services. These costs shall be adjusted out of the FQHC's or RHC's clinic base rate as scope-of-service changes. An FQHC or RHC that reverses its election under this subdivision shall revert to its prior rate, subject to an increase to account for all MEI increases occurring during the intervening time period, and subject to any increase or decrease associated with applicable scope-of-services adjustments as provided in subdivision (e).

(*l*) FQHCs and RHCs may appeal a grievance or complaint concerning ratesetting, scope-of-service changes, and settlement of cost report audits, in the manner prescribed by Section 14171. The rights and remedies provided under this subdivision are cumulative to the rights and remedies available under all other provisions of law of this state.

(m) The department shall, by no later than March 30, 2004, promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

(n) The department shall implement this section only to the extent that federal financial participation is obtained.

SEC. 20. Section 14132.105 is added to the Welfare and Institutions Code, to read:

14132.105. (a) The department may adopt emergency regulations to implement Section 14132.100 in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(b) The adoption of emergency regulations described in subdivision (a) shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and Publication in the California Code of Regulations.

(c) Notwithstanding subdivisions (a) and (b), the director may issue any instructions and forms that are consistent with and necessary to implement subdivisions (e), (f), (h), and (i) of Section 14132.100, and Section (A), and Sections (D) through (L), at pages 6 through 6R, of Attachment 4.19-B to the California Medicaid State Plan in effect on January 1, 2003, relating to the reimbursement rate methodologies for federally qualified health center services and rural health clinic services. The adoption of these instructions and forms shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Actions pursuant to this subdivision must be taken within 30 days following the effective date of the act adding this section.

(d) This section shall remain in effect only until July 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2006, deletes or extends that date.

SEC. 21. Section 14132.107 is added to the Welfare and Institutions Code, to read:

14132.107. Claims for reimbursement under subdivision (e) of Section 14132.100 shall be finalized by the department within 150 days of receipt of the claims for reimbursement. These claims for reimbursement shall be paid within 30 days of being finalized by the department. However, the payment of those amounts that are disputed shall be subject to the requirements, timeframes, and procedures

specified in Section 14171. Scope changes going forward shall be finalized within 90 days of receipt and paid within 30 days of being finalized by the department.

SEC. 22. Section 14132.108 is added to the Welfare and Institutions Code, to read:

14132.108. Notwithstanding any other provision of law, requests for rate adjustments for scope-of-service rate changes under paragraph (4) of subdivision (e) of Section 14132.100 for an FQHC's or RHC's fiscal year ending in 2004 shall be deemed to have been filed in a timely manner so long as it is filed within 90 days following the end of the 150-day timeframe applicable to scope-of-service changes occurring from January 1, 2001, to the end of an FQHC's or RHC's 2003 fiscal year, as specified in paragraph (6) of subdivision (e) of Section 14132.100.

SEC. 23. Section 14133.01 is added to the Welfare and Institutions Code, to read:

14133.01. (a) Notwithstanding any other provision of law, the director or his or her designee may apply prior authorization by designing a sampling methodology that will result in a generally acceptable audit standard for approval of a treatment authorization request (TAR), or a class of TARs. The director or his or her designee shall determine the applicable sampling methodology based upon health care industry standards and discussions with applicable Medi-Cal providers or their representatives. This sampling methodology shall be implemented by no later than July 1, 2005, and an outline of it shall be provided to the fiscal and policy committees of both houses of the Legislature. It is the intent of the Legislature for the department to review the sampling methodology on an ongoing basis and update it as applicable on a periodic basis in order to keep abreast of health care industry trends and the need to manage an efficient and effective Medi-Cal program.

(b) The department shall pursue additional means to improve and streamline the treatment authorization request process including, where applicable, those identified by independent analyses such as the July 2003 report by the California Healthcare Foundation entitled Medi-Cal Treatment Authorizations and Claims Processing: Improving Efficiency and Access to Care, and those identified by Medi-Cal providers. It is the Legislature's intent that any identified improvements be cost-beneficial to the state and to the Medi-Cal program as a whole.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific, this section by means of all-county letters, provider bulletins, or similar instructions. Thereafter, the department may adopt regulations in accordance with the

requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 24. Section 14154.5 is added to the Welfare and Institutions Code, to read:

14154.5. (a) Each county shall work, on a routine basis, any error alert from the department's Medi-Cal Eligibility Data System (MEDS). Any alert that affects eligibility or the share of cost that is received by the 10th working day of the month shall be processed in time for the change to be effective the beginning of the following month. Any alert that affects eligibility or the share of cost that is received after the 10th working day of the month shall be processed in time for the change to be effective the beginning of the month after the following month. The department shall consult with the County Welfare Directors Association to define those alerts that affect eligibility or the share of cost.

(b) The county shall submit reconciliation files of its Medi-Cal eligible population to the department every three months, based upon a schedule determined by the department and in a format prescribed by the department, to identify any discrepancies between eligibility files in the county records and eligibility as reflected in MEDS. Counties shall be notified of any changes to the standard format for submitting reconciliation files sufficiently in advance to allow for budgeting, scheduling, development, testing, and implementation of any required change in county automated eligibility systems.

(c) For those records that are on the county's files, but not on MEDS, the county shall receive worker alerts from the department that identify these cases, and the county shall fix any data discrepancies. Any worker alert received by the 10th working day of the month shall be processed in time for the change to be effective the beginning of the following month. Any worker alert received after the 10th working day of the month shall be processed in time for the change to be effective the beginning of the month after the following month.

(d) In regard to any record that is on MEDS but not on the county's file, the county shall either correct the county record or MEDS, whichever is appropriate, within the same timeframes specified in subdivision (c).

(e) The department shall terminate a MEDS eligible record if the person is not eligible on the county's file when there has been no eligibility update on the MEDS record for six months.

(f) (1) If the department finds that a county is not performing all of the following activities, the county shall, within 60 days, submit a corrective action plan to the department for approval.

(A) Conducting reconciliations as required in subdivision (b).

(B) Processing 95 percent of worker alerts referred to in subdivisions (c) and (d), within the timeframes specified.

(C) Processing 90 percent of the error alerts referred to in subdivision (a) that affect eligibility or the share of cost, within the timeframes specified.

(2) The corrective action plan shall, at a minimum, include steps that the county shall take to improve its performance on the requirements with which the county is out of compliance. The plan shall establish interim benchmarks for improvement that shall be expected to be met by the county in order to avoid sanctions.

(g) If the county does not meet the interim benchmarks for improvement standards, the department may, in its sole discretion, reduce the allocation of funds to that county in the following year by 2 percent. Any funds so reduced may be restored by the department if, in the determination of the department, sufficient improvement has been made by the county in meeting the performance standards during the year for which the funds were reduced.

(h) The department, in consultation with the County Welfare Directors Association, shall investigate features that could be installed in MEDS to reduce the number of alerts and streamline the reconciliation process.

(i) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section by means of all county letters, provider bulletins, or similar instructions. Thereafter, the department may adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 25. Section 14170.11 is added to the Welfare and Institutions Code, to read:

14170.11. (a) No person or entity shall submit a claim to the department or its fiscal intermediaries for reimbursement under the Medi-Cal program for a nerve conduction test or for electromyography unless the person or entity's records contains a copy, for each person performing each test or electromyography, for which a claim is submitted, a certificate or diploma of satisfactory completion of a neurology or physical medicine and rehabilitation residency program accredited by the Accreditation Council of Graduate Medical Education (ACGME).

(b) The department may identify by publication, in provider bulletins or similar instructions, requirements that reimbursement from the Medi-Cal program shall only be made for the provision of certain procedures, tests, examinations, or other medical services provided by persons who possess a particular level of education, experience, and training as evidenced by satisfactory completion of medical residency

programs or board certification in a particular field and that those submitting claims shall maintain a copy of this certificate or diploma.

(c) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific, this section by means of all county letters, provider bulletins, or similar instructions. Thereafter, the department may adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 26. Section 14464.5 of the Welfare and Institutions Code is amended to read:

14464.5. (a) For purposes of this article, the following definitions apply:

(1) ''Capitation payment'' means the monthly amount paid by the state to a designated Medi-Cal managed care plan in exchange for contracted health care services procured by means of the Medi-Cal managed care contracts described in paragraph (3).

(2) ''Capitation rate'' means the per member per month rate used to calculate the capitation payments.

(3) ''Medi-Cal managed care plan'' means any Medi-Cal managed care plan contracting with the department to provide services to enrolled Medi-Cal beneficiaries pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.9 (commencing with Section 14088), Article 2.91 (commencing with Section 14089), and Section 14087.51 of Chapter 7, or pursuant to this chapter, and that is also an organization that meets the criteria in Section 1396b(w)(7)(A)(viii) of Title 42 of the United States Code.

(4) ''Total operating revenue'' means non-Medicare amounts received by a managed care plan for the coverage or providing of all health care services, including amounts received in exchange for health care procured by means of a Medi-Cal managed care contract as described in paragraph (3). Total operating revenue does not include amounts received by a managed care plan pursuant to a subcontract with a Medi-Cal managed care plan to provide health care services to Medi-Cal beneficiaries.

(b) The department shall impose, on an annual basis, a quality improvement fee no earlier than January 1, 2005. The quality improvement fee shall be paid to the state monthly and shall be 6 percent of each Medi-Cal managed care plan's total operating revenue. The quality improvement fee shall be subject to all of the following provisions:

(1) The quality improvement fee shall be paid monthly to the state and is due within 15 calendar days following the close of each month and

shall be calculated on the prior month's total operating revenue as defined in paragraph (4) of subdivision (a).

(2) The quality improvement fee shall be deposited in the General Fund.

(3) If the Medi-Cal managed care plan does not timely pay the quality improvement fee, or any part thereof, the department may offset the amount of the fee that is unpaid against any amounts due from the state to the Medi-Cal managed care plan. Notwithstanding any such offset, the methodology for determining the fee as set forth in this subdivision shall be followed.

(4) The department shall make retrospective adjustments as necessary to the amounts calculated pursuant to this subdivision in order to assure that the Medi-Cal managed care plan's aggregate quality improvement fee for any particular state fiscal year does not exceed 6 percent of the total operating revenue for the Medi-Cal managed care plan for that year.

(5) If, on account of delay in the adoption of the annual Budget Act, or for any other reason, a Medi-Cal managed care plan is not paid by the department for a period in excess of 30 days, the payment date for the fee specified in paragraph (1) shall be extended until 45 days following the date that regular payments are resumed to the plans.

(6) On or before August 31 of each year, each Medi-Cal managed care plan subject to the quality improvement fee shall report to the department, in a prescribed form, the plan's total operating revenue as defined in paragraph (4) of subdivision (a) for the preceding state fiscal year.

(7) Any fee imposed pursuant to this section shall not be considered to be an administrative cost for purposes of Section 1378 of the Health and Safety Code, Section 14087.101, 14087.103, or 14087.105, or any regulation adopted pursuant to those sections.

(c) (1) The department shall implement this section in a manner that complies with federal requirements. If the department is unable to comply with the federal requirements for federal matching funds under this section, the quality improvement fee shall not be assessed or collected.

(2) The director may alter the methodology specified in this section for calculating the quality improvement fee to the extent necessary to meet the requirement of federal law or regulations.

(3) If, after implementation of this section, federal disapproval of the quality improvement fee program as described in this section occurs, any fees paid by the plans to the department in any period for which such disapproval is effective shall be refunded to the plans.

(d) In addition to the Medi-Cal capitation rates that a Medi-Cal managed care plan would otherwise receive for providing services to

Medi-cal beneficiaries, the capitation rates shall be increased in an amount determined by the department, subject to the following requirements:

(1) The additional Medi-Cal reimbursement provided by this section shall be distributed under a capitation payment methodology or on any other federally permissible basis.

(2) The additional Medi-Cal reimbursement provided by this section shall not supplant the payments otherwise due to any Medi-Cal managed care plan in the absence of such an additional reimbursement.

(3) Additional reimbursement provided by this section to any particular Medi-Cal managed care plan shall not cause the total reimbursement paid to that plan to exceed any applicable limit on payments as established pursuant to federal law and regulations.

(e) The director, or his or her designee, shall administer this section.

(f) The director may adopt regulations as are necessary to implement this section. These regulations shall be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this section, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. The regulations shall include, but not be limited to, any regulations necessary for either of the following purposes:

(1) The administration of this section, including the proper imposition and collection of the quality improvement fees.

(2) The development of any forms necessary to calculate, notify, collect, and distribute the quality improvement fees.

(g) As an alternative to subdivision (f), and notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this section by means of a provider bulletin, contract amendment, policy letter, or other similar instructions, without taking regulatory action.

(h) To the extent permitted by federal law, any limitation on rates to the Medi-Cal managed care plan based on Medi-Cal fee-for-service costs shall be increased to include any capitation rate increase related to the quality improvement fee in subdivision (b).

(i) This section shall become inoperative on January 1, 2009, and, as of July 1, 2009, is repealed, unless a later enacted statute, that becomes effective on or before July 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 26.1. Section 14552.5 is added to the Welfare and Institutions Code, to read:

14552.5. Pursuant to Section 14043.46, the department may implement a one-year moratorium on the certification and enrollment into the Medi-Cal program of new adult day health care centers.

SEC. 26.2. Section 14574 of the Welfare and Institutions Code is amended to read:

14574. (a) The director shall terminate the Medi-Cal certification of any adult day health care provider at any time if he or she finds the provider is not in compliance with standards prescribed by this chapter or Chapter 7 (commencing with Section 14000) or regulations adopted pursuant to these chapters. The director shall give reasonable notice of his or her intention to terminate the certification to the provider and participants in the center. The notice shall state the effective date of, and the reason for, the termination.

(b) The denial, suspension, or termination of certification shall be considered grounds for denial, suspension, or revocation of the license.

(c) The California Department of Aging and the department shall coordinate proceedings to deny an application for certification, to terminate or suspend certification, or to revoke or suspend licensure to the extent appropriate to ensure consistency and uniformity.

(d) The provider shall have the right to appeal the department's decision made pursuant to Section 14123.

(e) This section is not applicable to denials of initial certification made pursuant to a moratorium imposed in accordance with Section 14043.46 of the Welfare and Institutions Code.

SEC. 27. Section 16809 of the Welfare and Institutions Code, as amended by Section 75 of Chapter 230 of the Statutes of 2003, is amended to read:

16809. (a) (1) The board of supervisors of a county that contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program. The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(A) Provisions for the payment to participating counties for making eligibility determinations based on the formula used by the County Medical Services Program for the 1993–94 fiscal year.

(B) Provisions for payment of expenses of the County Medical Services Program Governing Board.

(C) Provisions relating to the flow of funds from counties' vehicle license fees, sales taxes, and participation fees and the procedures to be followed if a county does not pay those funds to the program.

(D) Those provisions, as applicable, contained in the 1993–94 fiscal year contract with counties under the County Medical Services Program.

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the County Medical Services Program Governing Board shall reimburse three million five hundred thousand dollars ($3,500,000) for the state costs of providing administrative support to the County Medical Services Program. The department may decline to implement decisions made by the governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The contract between the department and the County Medical Services Program Governing Board may include provisions for the administration of a pharmacy benefit program and, pursuant to these provisions, the department may negotiate, on behalf of the County Medical Services Program, rebates from manufacturers that agree to participate. The governing board shall reimburse the department for staff costs associated with this paragraph.

(5) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(6) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(c) A county participating in the County Medical Services Program pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) (1) The County Medical Services Program Account is established in the County Health Services Fund. The County Medical Services Program Account is continuously appropriated,

notwithstanding Section 13340 of the Government Code, without regard to fiscal years. The following amounts may be deposited in the account:

(A) Any interest earned upon money deposited in the account.

(B) Moneys provided by participating counties or appropriated by the Legislature to the account.

(C) Moneys loaned pursuant to subdivision (q).

(2) The methods and procedures used to deposit funds into the account shall be consistent with the methods used by the program during the 1993–94 fiscal year.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department. In addition, moneys in this account may be used to reimburse the department for state costs pursuant to paragraph (3) of subdivision (a).

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) All interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, County Medical Services Program Governing Board expenses, or for expenditures to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) A separate County Medical Services Program Reserve Account is established in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits,

or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (q) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) (1) Counties shall pay participation fees as established by the County Medical Services Program Governing Board and their jurisdictional risk amount in a method that is consistent with that established in the 1993–94 fiscal year.

(2) A county may request, due to financial hardship, the payments under paragraph (1) be delayed. The request shall be subject to approval by the CMSP Governing Board.

(3) Payments made pursuant to this subdivision shall be deposited in the program account.

(4) Payments may be made as part of the deposits authorized by the county pursuant to Sections 17603.05 and 17604.05.

(j) (1) (A) For the 1991–92 fiscal year and all preceding fiscal years, the state shall be at risk for any costs in excess of the amounts deposited in the reserve fund.

(B) (i) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties and the state shall share the risk for cost increases of the County Medical Services Program not funded through other sources. The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, and 2004–05 fiscal years. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus the additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, and 2004–05 fiscal years. thousand four hundred sixty dollars ($20,237,460) per fiscal year, in addition to the cost of administrative support pursuant to paragraph (3) of subdivision (a).

(ii) For the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, and 2004–05 fiscal years, the state shall not be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus any additional cost increases for the 1999–2000, 2000–01, 2001–02, 2002–03, 2003–04, and 2004–05 fiscal years.

(C) The CMSP Governing Board, after consultation with the department, shall establish uniform eligibility criteria and benefits for the County Medical Services Program.

(2) For the 1991–92 fiscal year, jurisdictional risk limitations shall be as follows:

(2) A family needs the child care service because (A) the child is identified by a legal, medical, social service agency, or emergency shelter as (i) a recipient of protective services or (ii) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (B) because the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated.

(b) Except as provided in Article 15.5 (commencing with Section 8350), priority for state and federally subsidized child development services is as follows:

(1) (A) First priority shall be given to neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. If an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(B) A family who is receiving child care on the basis of a child being at risk of abuse, neglect, or exploitation, as defined in subdivision (k) of Section 8208, is eligible to receive services pursuant to subparagraph (A) for up to three months, unless the family becomes eligible pursuant to subparagraph (C).

(C) A family may receive child care services for up to 12 months on the basis of a certification by the county child welfare agency that child care services continue to be necessary or, if the child is receiving child protection services during that period of time, and the family requires child care and remains otherwise eligible. This time limit does not apply if the family's child care referral is recertified by the county child welfare agency.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the Superintendent, shall be admitted first. If two or more families are in the

same priority in relation to income, the family that has a child with exceptional needs shall be admitted first. If there is no family of the same priority with a child with exceptional needs, the same priority family that has been on the waiting list for the longest time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The Superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies that wish to serve specific populations, including children with exceptional needs or children of prisoners. These new waivers may not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able to transfer the family's enrollment to another program for which the family is eligible prior to the date of termination of services or to exchange the family's existing enrollment with the enrollment of a family in another program, provided that both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. A standard, rule, or regulation shall not require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, if there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that the child is not suffering from that contagious or infectious disease.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health

Services relative to health care screening and the provision of health care services. The Superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill children or children with exceptional needs.

(f) (1) The Superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, including families receiving services under paragraph (1) of subdivision (b). Families receiving services under subparagraph (B) of paragraph (1) of subdivision (b) may be exempt from these fees for up to three months. Families receiving services under subparagraph (C) of paragraph (1) of subdivision (b) may be exempt from these fees for up to 12 months. The cumulative period of time of exemption from these fees for families receiving services under paragraph (1) of subdivision (b) shall not exceed 12 months.

(2) The income of a recipient of federal supplemental security income benefits pursuant to Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and state supplemental program benefits pursuant to Title XVI of the federal Social Security Act and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code may not be included as income for the purposes of determining the amount of the family fee.

(g) The family fee schedule shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. Federal or state money may not be used to reimburse parents for the costs of field trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars ($25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. Adverse action may not be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(h) The Superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(i) The Superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(j) Public funds may not be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

SEC. 1.2. Section 8263.4 is added to the Education Code, to read:

8263.4. (a) The preferred placement for children who are 11 or 12 years of age and who are otherwise eligible for subsidized child care services shall be in an after school program.

(b) Children who are 11 or 12 years of age and who are enrolled in an after school program are not eligible for other subsidized child care services if, and to the extent that, the after school program meets the child care needs of the family. The child care needs of the family shall be considered to be met when a parent certifies in writing that the after school program meets the child care needs of the family.

(c) Unless the conditions in subdivision (b) are met, children who are eligible for and who are receiving subsidized child care services shall continue to receive subsidized child care services.

(d) If a child who becomes ineligible for subsidized child care under subdivision (b) is disenrolled from an after school program, or if the after school program no longer meets the child care needs of the family, the child shall be able to receive subsidized child care.

(e) This section does not apply to a child with exceptional needs who has an individual education plan as required by the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), or Part 30

(commencing with Section 56000), and who has a demonstrated need for child care.

(f) For purposes of this section, ''after school program'' means a program provided pursuant to Article 22.5 (commencing with Section 8482) and Article 22.6 (commencing with Section 8484.7) of Chapter 2 of Part 6.

SEC. 1.3. Article 16.5 (commencing with Section 8385) is added to Chapter 2 of Part 6 of the Education Code, to read:

Article 16.5. Fraud And Overpayments

8385. (a) (1) The department, in consultation with the State Department of Social Services, county fraud investigators, and other fraud investigation experts, shall perform an error rate study to estimate the percentage of errors, including, but not limited to, overpayments and fraud, in determinations of eligibility, the need for child care pursuant to paragraph (2) of subdivision (a) of Section 8263, family fees, and reimbursement payments to child care providers, including, but not limited to, authorized hours of care and the use of adjustment factors, in programs operated pursuant to Article 3 (commencing with Section 8220) and Article 15.5 (commencing with Section 8350). The study shall include, but not be limited to, an analysis of a statistically valid, random, sample of family files and reimbursement payments that have been processed over a specified time. Each payment from the sample shall be audited to determine whether it was correctly paid or paid in error. Those payments identified as being paid in error shall be classified based on the type of the error that occurred, including, but not limited to, administrative errors, overpayment caused by providers, overpayments caused by parents, provider fraud, and beneficiary fraud.

(2) In conducting the compliance reviews required by regulations of the Superintendent pursuant to Section 8261 for programs operated pursuant to Article 8 (commencing with Section 8240), the department shall survey a statistically valid sample of files for the program and identify and report the errors, by category, resulting from that survey.

(3) The department shall report in writing to the Governor, the Chair of the Joint Legislative Budget Committee, the chairs of the fiscal committees for both houses of the Legislature, and the Department of Finance, information regarding the error rate study by April 1, 2005. The report shall include, but not be limited to, all of the following:

(A) The results of the error rate study.

(B) Fraud and overpayment reduction targets that have been established based on the data from the error rate study.

(C) The timeframe for achieving the targets.

(D) Recommendations developed pursuant to subdivision (b).

(b) The department shall develop recommendations for the prevention and elimination of child care fraud and programmatic errors and the identification and collection of child care overpayments. The recommendations shall include, but not be limited to:

(1) Precise definitions of what constitutes child care fraud and overpayments.

(2) A consistent statewide system to identify fraud and overpayments.

(3) A consistent statewide system of standards for fraud prevention, intervention, and overpayment collection that is applied to all child care program provider categories.

(4) Statewide fraud and overpayment measures that will be reported annually by the department.

(5) Standards for independent financial compliance audits, including provisions to ensure that small programs are not unduly burdened.

(6) Consistent statewide mechanisms for due process for parents.

(7) Consistent statewide mechanisms for dispute resolution for child care programs and providers.

(8) Assessment of the cost-effectiveness of prevention and intervention activities.

(9) Equitable treatment of all consumers of subsidized child care.

(10) Consideration of the need to minimize new barriers to family access to child care.

(11) A survey of best practices from both California agencies and providers and from other states.

(c) In developing its recommendations, the department shall place priority on prevention of fraud and overpayments, and shall consider existing best practices for doing so. The department shall make any identified best practices available on its Web site by March 1, 2005.

(d) The department shall consult with representatives of the State Department of Social Services, the Legislative Analyst's Office, the Department of Finance, staff from the appropriate policy and fiscal committees of each house of the Legislature, and other interested parties including, but not limited to, child care consumers and providers, representatives from county welfare departments, district attorneys, county special investigative units, and legal advocacy organizations representing consumers in developing these recommendations.

(e) The department shall report its recommendations directly to the respective policy and fiscal committees of the Legislature by April 1, 2005.

(f) On or after July 1, 2005, all child care contracts entered into by the State Department of Education for means-tested child care programs, including, but not limited to, the programs described in Article 3 (commencing with Section 8220), Article 8 (commencing with Section

8240), and Article 15.5 (commencing with Section 8350), shall require implementation of best practices identified pursuant to subdivision (c).

SEC. 1.5. Section 11796 of the Government Code is amended to read:

11796. (a) There is in the California Health and Human Services Agency the California Health and Human Services Agency Data Center.

(b) The data center shall be under the supervision of a data center director who shall be appointed by the Secretary of the California Health and Human Services Agency pursuant to civil service. The data center director shall be responsible for the efficient and effective management and operation of the data center.

(c) (1) The Legislature finds and declares that the name of the Health and Welfare Agency Data Center was changed to the California Health and Human Services Agency Data Center by Chapter 873 of the Statutes of 1999, effective January 1, 2000. The Legislature further finds and declares that this change of name was and is not intended to alter or modify any power, right, obligation, or duty of the data center that is found in statute, regulation, or contract.

(2) Any reference in statute, regulation, or contract to the Health and Welfare Agency Data Center shall be deemed to refer to the California Health and Human Services Agency Data Center.

(d) Beginning with the 2005–06 fiscal year, and each fiscal year thereafter, by August 1, the data center shall submit a proposal to the Department of Finance that reconciles the current year's rates, and details any adjustments proposed for budget year rates to be included in the Governor's Budget.

SEC. 2. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State

Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04 and 2004–05 fiscal years, no fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for

the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1).

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing

California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption shall not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption shall not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensee who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, foster parent, or both are also present.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in

the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the State Department of Social Services, as required by that section, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State

Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for

a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster family home licensee or foster family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence. A licensee's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license,

employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this

subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the State Department of Social Services and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (1).

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department

may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's

capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State

Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing. Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply

with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish

conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a

California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred.

(i) Amendments to this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

(d) The department shall implement this section during periods that Section 1596.872b is not being implemented in accordance with Section 18285.5 of the Welfare and Institutions Code.

SEC. 11. Section 1596.872b of the Health and Safety Code is amended to read:

1596.872b. (a) The department may establish a child care advocate program. (b) The child care advocate shall have access to child day care facilities and shall have the authority to speak with children and staff.

(c) The department may implement this section only to the extent funds are available in accordance with Section 18285.5 of the Welfare and Institutions Code.

SEC. 12. Section 11970.2 of the Health and Safety Code is amended to read:

11970.2. (a) A county alcohol and drug program administrator and the presiding judge in the county shall develop and submit a comprehensive multiagency drug court plan for implementing

cost-effective local drug court systems for adults, juveniles, and parents of children who are detained by, or are dependents of, the juvenile court to be eligible for funding under this chapter. The plan shall do all of the following:

(1) Describe existing programs that serve substance abusing adults, juveniles, and parents of children who are detained by, or are dependents of, the juvenile court.

(D) Drug courts for parents of children in family law cases involving custody and visitation issues.

(4) Identify outcome measures that will determine the cost effectiveness of the local action plan.

(b) (1) Except as provided in paragraph (4), the department, in collaboration with the Judicial Council, shall distribute funds to eligible counties using the two thousand five hundred dollars ($2,500) per million/remainder per capita methodology, subject to appropriation in the Budget Act. Funding shall be used to supplement, rather than supplant, existing programs. Funding for counties that opt not to participate in the program shall be distributed on a per capita basis to participating counties.

(2) Funds distributed to counties shall be used for programs that are identified in the local plan. Acceptable uses may include, but are not limited to, any of the following: drug court coordinators, case management, training, drug testing, treatment, transportation, and other costs related to the implementation of the plan.

(3) No funds shall be distributed unless the applicant makes available resources in an amount equal to at least 10 percent of the amount of the funds distributed in years one and two, and 20 percent of the amount of the funds distributed in years three, four, and five.

(4) Subject to an appropriation by the Budget Act for this purpose in the 2004–05 fiscal year, and for any subsequent fiscal year for which an appropriation has been provided, the department shall provide a supplemental allocation of funding for the planning or expansion of new

or existing dependency drug court programs in selected counties. The department, in collaboration with the Judicial Council and with input from the State Department of Social Services, shall select counties for this supplemental allocation of funds for dependency drug courts on the basis of a determination, in its discretion, that a selected county is prepared to implement or expand a dependency drug court or to engage in planning for the development of court systems and has a good record of complying with program rules in the past. The department may prioritize funding allocations for a county that has included a dependency drug court proposal in its system improvement plan for child welfare services. Any county that is selected for and accepts a supplemental allocation of dependency court funds shall, pursuant to this paragraph, agree not to use state funds to supplant any existing resources now used by that county for a dependency drug court. The department, in collaboration with the Judicial Council and with input from the State Department of Social Services, shall adopt appropriate data collection and reporting requirements to measure program outcomes and cost-effectiveness, including the amount of foster care savings realized.

(c) The department, with concurrence from the Judicial Council, shall establish minimum standards, funding schedules, and procedures for funding programs.

(d) The department, in collaboration with the Judicial Council, shall create an evaluation design for the Comprehensive Drug Court Implementation Act of 1999, that will assess the effectiveness of the program. SEC. 14. Section 273d of the Penal Code is amended to read:

273d. (a) Any person who willfully inflicts upon a child any cruel or inhuman corporal punishment or an injury resulting in a traumatic condition is guilty of a felony and shall be punished by imprisonment in the state prison for two, four, or six years, or in a county jail for not more than one year, by a fine of up to six thousand dollars ($6,000), or by both that imprisonment and fine.

(b) Any person who is found guilty of violating subdivision (a) shall receive a four-year enhancement for a prior conviction of that offense provided that no additional term shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the defendant remained free of both prison custody and the commission of an offense that results in a felony conviction.

(c) If a person is convicted of violating this section and probation is granted, the court shall require the following minimum conditions of probation:

(1) A mandatory minimum period of probation of 36 months.

(2) A criminal court protective order protecting the victim from further acts of violence or threats, and, if appropriate, residence exclusion or stay-away conditions.

(3) (A) Successful completion of no less than one year of a child abuser's treatment counseling program. The defendant shall be ordered to begin participation in the program immediately upon the grant of probation. The counseling program shall meet the criteria specified in Section 273.1. The defendant shall produce documentation of program enrollment to the court within 30 days of enrollment, along with quarterly progress reports.

(B) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(4) If the offense was committed while the defendant was under the influence of drugs or alcohol, the defendant shall abstain from the use of drugs or alcohol during the period of probation and shall be subject to random drug testing by his or her probation officer.

(5) The court may waive any of the above minimum conditions of probation upon a finding that the condition would not be in the best interests of justice. The court shall state on the record its reasons for any waiver.

SEC. 18. Section 10532 of the Welfare and Institutions Code is amended to read:

10532. The department and the counties shall implement the provisions of the CalWORKs program in the following manner:

(a) The department shall issue a planning allocation letter and county plan instructions to the counties within 30 days of the enactment of the CalWORKs program.

(b) (1) Each county shall submit a plan for implementation of the CalWORKs program within four months of the issuance of the planning allocation letter by the department. A county may begin implementation of its plan upon submission of the plan to the department or the effective date of the CalWORKs program, whichever is later.

(2) Within 30 days of receipt of a county plan, the department shall either certify that the plan includes the description of the elements required by Section 10531 and that the descriptions are consistent with the requirements of state law and, to the extent applicable, federal law or notify the county that the plan is not complete or consistent stating the reasons therefor.

(c) The department shall submit requests on behalf of tribes, for all applicable federal waivers and exemptions for all eligible federally recognized American Indian tribes located on reservations and rancherias, or for consortia of tribes, for the administration of the CalWORKs program, whether or not tribes administer an approved Temporary Assistance for Needy Families (TANF) plan, independent of any county participation, demographics, or circumstances.

(d) Each county, in the administration of the CalWORKs program, shall consult with all eligible federally recognized tribes within any portion of the county, for the purpose of providing American Indian recipients with equitable access to assistance under the state program or an approved tribal TANF program if implemented in the county, and for the consideration of transfers of administration responsibilities to those entities.

(e) For the 2004–05 fiscal year, the annual allocation of funds made pursuant to subdivision (a) shall be reduced by thirty million five hundred thirty-two thousand dollars ($30,532,000).

(f) (1) For the 2004–05 fiscal year, fifteen million five hundred thousand dollars ($15,500,000) in unspent funds originally allocated to the Torres-Martinez Tribal TANF program in 2003–04 shall be used, to partially offset the reduction for tribal TANF programs specified in subdivision (e).

(2) The fifteen million five hundred thousand dollars ($15,500,000) shall be made available contingent upon the approval from the Torres-Martinez Tribal TANF program, if the department deems that approval is necessary.

However, no tribal TANF grant for the 2004–05 fiscal year shall be reduced by more than 20 percent.

(g) Beginning July 1, 2005, state funding for existing tribal TANF programs provided pursuant to this section shall be based on actual program caseloads, including both assistance and service only cases. The definition of ''assistance cases'' and ''service only cases'' shall be consistent with federal TANF requirements contained in Part 260.31 of Title 45 of the Code of Federal Regulations. Tribal TANF programs shall do both of the following:

(1) Report to the department on a quarterly basis the number of cases served by designated category, assistance cases, or service only cases.

(2) Provide the department, on an annual basis, an audited certification that the number of cases designated in each category have been sampled and verified.

(h) In no case shall the state match under subdivision (g) exceed the original state share designated for the tribal TANF program in the original negotiation of 1994 caseload counts.

(i) Subdivisions (g) and (h) shall apply only to tribal TANF programs that have received state funding for at least three years prior to the beginning of the fiscal year. Those programs that have received funding for less than three years shall not have their state match adjusted.

(j) The department shall amend the state TANF plan to reflect that the state adopts by reference the federally approved financial eligibility criteria established by each tribal TANF program as the state's financial eligibility criteria when determining eligibility for state funded services provided by tribal TANF programs.

(k) Beginning July 1, 2005, the department shall not reduce county single allocations to offset funding provided for tribal TANF programs. The department may adjust county single allocations to reflect the actual caseload declines associated with the number of Native American cases transferring from the counties to the tribal TANF programs.

SEC. 20. Section 11320.1 of the Welfare and Institutions Code is amended to read:

11320.1. Subsequent to the commencement of the receipt of aid under this chapter, the sequence of employment related activities required of participants under this article, unless exempted under Section 11320.3, shall be as follows:

(a) Job search. Recipients shall, and applicants may, at the option of a county and with the consent of the applicant, receive orientation to the welfare-to-work program provided under this article, receive

appraisal pursuant to Section 11325.2, and participate in job search and job club activities provided pursuant to Section 11325.22.

(b) Assessment. If employment is not found during the period provided for pursuant to subdivision (a), or at any time the county determines that participation in job search for the period specified in subdivision (a) of Section 11325.22 is not likely to lead to employment, the participant shall be referred to assessment, as provided for in Section 11325.4. Following assessment, the county and the participant shall develop a welfare-to-work plan, as specified in Section 11325.21. The plan shall specify the activities provided for in Section 11322.6 to which the participant shall be assigned, and the supportive services, as provided for pursuant to Section 11323.2, with which the recipient will be provided.

(c) Work activities. A participant who has signed a welfare-to-work plan pursuant to Section 11325.21 shall participate in work activities. Except as provided in Section 11325.23, at least 20 hours per week shall be spent in core activities, as specified in subdivision (c) of Section 11322.8.

SEC. 21. Section 11322.8 of the Welfare and Institutions Code is amended to read:

11322.8. (a) Unless otherwise exempt, an adult recipient in a one-parent assistance unit shall participate in welfare-to-work activities for 32 hours each week.

(b) Unless otherwise exempt, an adult recipient who is an unemployed parent, as defined in Section 11201, shall participate in at least 35 hours of welfare-to-work activities each week. However, both parents in a two-parent assistance unit may contribute to the 35 hours if at least one parent meets the federal one-parent work requirement applicable on January 1, 1998.

(c) An adult recipient required to participate under subdivision (a) or (b) shall participate for at least 20 hours each week in core welfare-to-work activities. The welfare-to-work activities listed in subdivisions (a) to (j), inclusive, and (m) and (n) of Section 11322.6, are core activities for the purposes of this section. Participation in core activities under subdivision (m) of Section 11322.6 shall be limited to a total of 12 months. Additional hours that the applicant or recipient is required to participate under subdivisions (a) or (b) of this section may be satisfied by any of the welfare-to-work activities described in Section 11322.6 that are consistent with the assessment performed in accordance with Section 11325.4, and included in the individual's welfare-to-work plan, described in Section 11325.21.

(d) Hours spent in activities listed under subdivision (q) of Section 11322.6 shall count toward the core activity requirement in subdivision (c) to the extent that these activities are necessary to enable the individual

to participate in core activities and to the extent these activities cannot be accomplished within the additional noncore hours of participation required by subdivision (c).

(e) Hours spent in classroom, laboratory, or internship activities pursuant to subdivisions (k), (*l*), and (o) of Section 11322.6 shall count toward the core activity requirement in subdivision (c) to the extent these activities cannot be accomplished within the additional noncore hours of participation, the county determines the program is likely to lead to self-supporting employment, and the recipient makes satisfactory progress. The provisions in paragraph (2), and subparagraphs (A) and (B) of paragraph (3), of subdivision (a) of Section 11325.23 shall apply to participants in these activities.

SEC. 22. Section 11322.9 of the Welfare and Institutions Code is amended to read:

11322.9. (a) Community service activities shall meet all of the following criteria:

(1) Be performed in the public and private nonprofit sector.

(2) Provide participants with job skills that can lead to unsubsidized employment.

(3) Comply with the antidisplacement provisions contained in Section 11324.6.

(b) Participants in community service activities shall do all of the following:

(1) Participate in a community service activity for the number of hours required by Section 11322.8, unless fewer hours of community service participation are required by federal law.

(2) Participate in other work activities for the number of hours equal to the difference between the hours of participation in community service and the number of hours of participation required under Section 11322.8.

(c) The county plan pursuant to Section 10531 shall include a component, developed by the county in collaboration with local private sector employers, local education agencies, county welfare departments, organized labor, recipients of aid under this chapter, and government and community-based organizations providing job training and economic development, in order to identify all of the following:

(1) Unmet community needs that could be met through community service activities.

(2) The target population to be served.

(3) Entities responsible for project development, fiscal administration, and case management services.

(4) The terms of community service activities, that, to the extent feasible, shall be temporary and transitional, and not permanent.

(5) Supportive efforts, including job search, education, and training, which shall be provided to participants in community service activities.

(6) If the county intends to include grant-based on-the-job training in its community service plan, the process by which the county will comply with the voluntary consent form requirement established in subdivision (f) of Section 11322.6, including a list of the languages in which the consent form will be available.

(d) Aid under this chapter for any participant who fails to comply with the requirements of this section without good cause shall be reduced in accordance with Section 11327.5.

SEC. 23. Section 11325.21 of the Welfare and Institutions Code is amended to read:

11325.21. (a) Any individual who is required to participate in welfare-to-work activities pursuant to this article shall enter into a written welfare-to-work plan with the county welfare department after assessment as required by subdivision (b) of Section 11320.1, but no more than 90 days after the date that a recipient's eligibility for aid is determined or the date the recipient is required to participate in welfare-to-work activities pursuant to Section 11320.3. The recipient and the county may enter into a welfare-to-work plan as late as 90 days after the completion of the job search activity, as defined in subdivision (a) of Section 11320.1, if the job search activity is initiated within 30 days after the recipient's eligibility for aid is determined. The plan shall include the activities and services that will move the individual into employment.

(b) The county shall allow the participant three working days after completion of the plan or subsequent amendments to the plan in which to evaluate and request changes to the terms of the plan.

(c) The plan shall be written in clear and understandable language, and have a simple and easy-to-read format.

(d) The plan shall contain at least all of the following general information:

(1) A general description of the program provided for in this article, including available program components and supportive services.

(2) A general description of the rights, duties, and responsibilities of program participants, including a list of the exemptions from the required participation under this article, the consequences of a refusal to participate in program components, and criteria for successful completion of the program.

(3) A description of the grace period required in paragraph (5) of subdivision (b) of Section 11325.22.

(e) The plan shall specify, and shall be amended to reflect changes in, the participant's welfare-to-work activity, a description of services to be provided in accordance with Sections 11322.6, and 11322.8 as needed,

and specific requirements for successful completion of assigned activities including required hours of participation.

The plan shall also include a general description of supportive services pursuant to Section 11323.2 that are to be provided as necessary for the participant to complete assigned program activities.

(f) Any assignment to a program component shall be reflected in the plan or an amendment to the plan. The participant shall maintain satisfactory progress toward employment through the methods set forth in the plan, and the county shall provide the services pursuant to Section 11323.2.

(g) This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during the time that article is operative.

SEC. 24. Section 11325.22 of the Welfare and Institutions Code is amended to read:

11325.22. (a) (1) Following the appraisal required by Section 11325.2, all participants except those described in paragraph (4) of this subdivision, shall be assigned to participate for a period of up to four consecutive weeks in job search activities. These activities may include the use of job clubs to identify the participant's qualifications. The county shall consider the skills and interests of the participants in developing a job search strategy. The period of job search activities may be shortened if the participant and the county agree that further activities would not be beneficial. Job search activities may be shortened for a recipient if the county determines that the recipient will not benefit because he or she may suffer from an emotional or mental disability that will limit or preclude the recipient's participation under this article.

(2) Nothing in this section shall require participation in job search activities, the schedule for which interferes with unsubsidized employment or participation pursuant to Section 11325.23.

(3) Job search activities may be required in excess of the limits specified in paragraph (1) on the basis of a review by the county of the recipient's performance during job search to determine whether extending the job search period would result in unsubsidized employment.

(4) A person subject to Article 3.5 (commencing with Section 11331) or subdivision (d) of Section 11320.3 shall not be required, but may be permitted, to participate in job search activities as his or her first program assignment following appraisal upon earning a high school diploma or its equivalent, if she or he has not already taken the option to complete these activities as the first program assignment following appraisal.

(b) (1) Upon the completion of job search activities, or a determination that those activities are not required in accordance with paragraph (3) of subdivision (a), the participant shall be assigned to one

or more of the activities described in Section 11322.6 as needed to attain employment.

(2) (A) The assignment to one or more of the program activities as required in paragraph (1) of this subdivision shall be based on the welfare-to-work plan developed pursuant to an assessment as described in Section 11325.4. The plan shall be based, at a minimum, on consideration of the individual's existing education level, employment experience and relevant employment skills, available program resources, and local labor market opportunities.

(B) An assessment pursuant to Section 11325.4 shall be performed upon completion of job search activities or at such time as it is determined that job search will not be beneficial.

(C) Notwithstanding subparagraphs (A) and (B), an assessment shall not be required to develop a welfare-to-work plan for a person who is participating in an approved self-initiated program pursuant to Section 11325.23 unless the county determines that an assessment is necessary to meet the hours specified in Section 11325.23.

(3) A participant who lacks basic literacy or mathematics skills, a high school diploma or general educational development certificate, or English language skills, shall be assigned to participate in adult basic education as described in subdivision (k) of Section 11322.6, as appropriate and necessary for removal of the individual's barriers to employment.

(4) Participation in activities assigned pursuant to this section may be sequential or concurrent. The county may require concurrent participation in the assigned activities if it is appropriate to the participant's abilities, consistent with the participant's welfare-to-work plan, and the activities can be concurrently scheduled.

(5) The participant has 30 days from the beginning of the initial training or education assignment in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment if another assignment is available that is consistent with the participant's welfare-to-work plan and the county determines the other assignment will readily lead to employment. This grace period shall be available only once to each participant.

(c) Any assignment or change in assignment to a program activity pursuant to this section shall be included in the welfare-to-work plan, or an amendment to the plan, as required in Section 11325.21.

(d) A participant who has not obtained unsubsidized employment upon completion of the activities in a welfare-to-work plan developed pursuant to the job search activities required by subdivision (a) and an assessment required by subdivision (b) shall be referred to reappraisal as described in Section 11326.

(e) The criteria for successful completion of an assigned education or training activity shall include regular attendance, satisfactory progress, and completion of the assignment. A person who fails or refuses to comply with program requirements for participation in the activities assigned pursuant to this section shall be subject to Sections 11327.4 and 11327.5.

(f) Except as provided in paragraph (4) of subdivision (a), this section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during the time that article is operative.

SEC. 25. Section 11325.23 of the Welfare and Institutions Code is amended to read:

11325.23. (a) (1) Except as provided in paragraph (2), any student who, at the time he or she is required to participate under this article pursuant to Section 11320.3, is enrolled in any undergraduate degree or certificate program that leads to employment may continue in that program if he or she is making satisfactory progress in that program, the county determines that continuing in the program is likely to lead to self-supporting employment for that recipient, and the welfare-to-work plan reflects that determination.

(2) Any individual who possesses a baccalaureate degree shall not be eligible to participate under this section unless the individual is pursuing a California regular classroom teaching credential in a college or university with an approved teacher credential preparation program.

(3) (A) Subject to the limitation provided in subdivision (f), a program shall be determined to lead to employment if it is on a list of programs that the county welfare department and local education agencies or providers agree lead to employment. The list shall be agreed to annually, with the first list completed no later than January 31, 1998. By January 1, 2000, all educational providers shall report data regarding programs on the list for the purposes of the report card established under Section 15037.1 of the Unemployment Insurance Code for the programs to remain on the list.

(B) For students not in a program on the list prepared under subparagraph (A), the county shall determine if the program leads to employment. The recipient shall be allowed to continue in the program if the recipient demonstrates to the county that the program will lead to self-supporting employment for that recipient and the documentation is included in the welfare-to-work plan.

(C) If participation in educational or vocational training, as determined by the number of hours required for classroom, laboratory, or internship activities, is not at least 32 hours, the county shall require concurrent participation in work activities pursuant to subdivisions (a) to (j), inclusive, of Section 11322.6 and Section 11325.22.

(b) Participation in the self-initiated education or vocational training program shall be reflected in the welfare-to-work plan required by Section 11325.21. The welfare-to-work plan shall provide that whenever an individual ceases to participate in, refuses to attend regularly, or does not maintain satisfactory progress in the self-initiated program, the individual shall participate under this article in accordance with Section 11325.22.

(c) Any person whose previously approved self-initiated education or training program is interrupted for reasons that meet the good cause criteria specified in subdivision (f) of Section 11320.3 may resume participation in the same program if the participant maintained good standing in the program while participating and the self-initiated program continues to meet the approval criteria.

(d) Supportive services reimbursement shall be provided for any participant in a self-initiated training or education program approved under this subdivision. This reimbursement shall be provided if no other source of funding for those costs is available. Any offset to supportive services payments shall be made in accordance with subdivision (e) of Section 11323.4.

(e) Any student who, at the time he or she is required to participate under this article pursuant to Section 11320.3, has been enrolled and is making satisfactory progress in a degree or certificate program, but does not meet the criteria set forth in subdivision (a), shall have until the beginning of the next educational semester or quarter break to continue his or her educational program if he or she continues to make satisfactory progress. At the time the educational break occurs, the individual is required to participate pursuant to Section 11320.1. A recipient not expected to complete the program by the next break may continue his or her education, provided he or she transfers at the end of the current quarter or semester to a program that qualifies under that subdivision, the county determines that participation is likely to lead to self-supporting employment of the recipient, and the welfare-to-work plan reflects that determination.

(f) Any degree, certificate, or vocational program offered by a private postsecondary training provider shall not be approved under this section unless the program is either approved or exempted by the appropriate state regulatory agency and the program is in compliance with all other provisions of law.

SEC. 26. Section 11325.7 of the Welfare and Institutions Code is amended to read:

11325.7. (a) It is the intent of the Legislature in enacting this section to create a funding stream and program that assists certain recipients of aid under this chapter to receive necessary mental health services, including case management and treatment, thereby enabling

them to make the transition from welfare to work. This funding stream shall be used specifically to serve recipients in need of mental health services, and shall be accounted for and expended by each county in a manner that ensures that recipients in need of mental health services are receiving appropriate services.

(b) The county plan required by Section 10531 shall include a plan for the development of mental health employment assistance services, developed jointly by the county welfare department and the county department of mental health. The plan shall have as its goal the treatment of mental or emotional disabilities that may limit or impair the ability of a recipient to make the transition from welfare-to-work, or that may limit or impair the ability to retain employment over a long-term period. The plan shall be developed in a manner consistent with both the county's welfare-to-work program and the county's consolidated mental health Medi-Cal services plan. The county may use community based providers, as necessary, that have experience in addressing the needs of the CalWORKs population. The county, whenever possible, shall ensure that the services provided qualify for federal reimbursement of the nonstate share of Medi-Cal costs.

(c) Subject to specific expenditure authority, mental health services available under this section shall include all of the following elements:

(1) Assessment for the purpose of identifying the level of the participant's mental health needs and the appropriate level of treatment and rehabilitation for the participant.

(2) Case management, as appropriate, as determined by the county.

(3) Treatment and rehabilitation services, that shall include counseling, as necessary to overcome mental health barriers to employment and mental health barriers to retaining employment, in coordination with an individual's welfare-to-work plan.

(4) In cases where a secondary diagnosis of substance abuse is made in a person referred for mental or emotional disorders, the welfare-to-work plan shall also address the substance abuse treatment needs of the participant.

(5) A process by which the county can identify those with severe mental disabilities that may qualify them for aid under Chapter 3 (commencing with Section 12000).

(d) Any funds appropriated by the Legislature to cover the nonfederal costs of the mental health employment assistance services required by this section shall be allocated consistent with the formula used to distribute each county's CalWORKs program allocation. Each county shall report annually to the state the number of CalWORKs program recipients who received mental health services and the extent to which the allocation is sufficient to meet the need for these services as determined by the county. The State Department of Mental Health shall

develop a uniform methodology for ensuring that this allocation supplements and does not supplant current expenditure levels for mental health services for this population.

SEC. 27. Section 11326 of the Welfare and Institutions Code is amended to read:

11326. (a) The county shall conduct a reappraisal of any participant who does not obtain unsubsidized employment upon completion of all activities included in the welfare-to-work plan developed pursuant to Section 11325.4. The reappraisal shall evaluate whether there are extenuating circumstances as defined by the county that prevent the participant from obtaining employment within the local labor market area.

(b) Upon a determination that extenuating circumstances exist, the participant shall be assigned to additional activities in accordance with subdivision (b) of Section 11325.22 as the county determines to be appropriate and necessary.

(c) Upon a determination that no extenuating circumstances exist, and until this determination is reversed, the participant shall be limited to the activities in subdivisions (a), (d), (i), (*l*), and (q) of Section 11322.6. Participation in those activities shall be subject to the requirements of Section 11322.8.

SEC. 28. Section 11401.5 is added to the Welfare and Institutions Code, to read:

11401.5. (a) The county shall redetermine AFDC-FC eligibility annually and no less than required under federal law. This shall include an examination of any circumstances of a foster child that are subject to change and could effect the child's potential eligibility, including, but not limited to, deprivation, financial need, authority for placement, eligible facility, and age.

(b) At the time of the redetermination, the parent or legal guardian from whom the child was removed shall complete a statement of facts supporting continued eligibility. If the parent or legal guardian is unavailable or uncooperative, the county shall complete the statement of facts on the child's behalf.

SEC. 29. Section 11403.1 of the Welfare and Institutions Code is amended to read:

11403.1. (a) (1) The Legislature finds and declares that former foster youth are a vulnerable population at risk of homelessness, unemployment, welfare dependency, incarceration, and other adverse outcomes if they exit the foster care system unprepared to become self-sufficient. Unlike many young individuals 18 years of age who can depend on family for ongoing support while they complete postsecondary education or develop career opportunities, emancipating foster youth have their primary source of support, AFDC-Foster Care

payments, terminated at 18 years of age and are then dependent on their own resources for self-support. Some foster youth are not able to complete high school or other education or training programs due to ongoing trauma from the parental abuse or neglect and gaps in their educational attainment stemming from the original removal and subsequent changes in placement.

(2) Completion of an educational or training program is an essential, minimum skill needed by foster youth in order to be competitive in today's economy.

(3) It is therefore the intent of the Legislature to create, for counties that opt to participate, the Supportive Transitional Emancipation Program (STEP) in which emancipated foster youth shall be eligible to receive support while participating in an educational or training program, or any activity consistent with their transitional independent living plan up to 21 years of age.

(b) A person who meets all of the following conditions shall be eligible to receive aid under this section:

(1) The person either was in foster care and emancipated upon reaching the age limitations specified in Section 11401 or received aid pursuant to Kin-GAP under Article 4.5 (commencing with Section 11360) and emancipated upon reaching the age limitations specified in Section 11363.

(2) The person is participating in an educational or training program, or any activity consistent with his or her transitional independent living plan.

(3) The person is under 21 years of age.

(4) The person has emancipated from a county that is participating in the STEP program.

(c) Aid under this section shall be provided pursuant to a transitional independent living plan mutually agreed upon by the emancipated foster youth and the county welfare or probation department or independent living program coordinator, which shall be reviewed annually. The youth participating in STEP has the responsibility to inform the county of changes to the conditions in the agreed-upon plan that affect payment of aid, including changes in address, living circumstances, and the educational or training program.

(d) For purposes of this section, ''emancipated foster youth'' means a person who meets the eligibility criteria in subdivision (b).

(e) (1) In determining the amount of aid under this section, the rate provided to the youth shall be equivalent to the basic rate provided to a foster family home provider pursuant to Section 11461.

(2) If the emancipated youth remains in placement, payment shall be made to the care provider, including a transitional housing placement

program, at a rate equivalent to the basic rate provided to a foster family home provider pursuant to Section 11461.

(f) Unless otherwise provided by federal law, receipt of aid under this section shall not be considered income either for purposes of eligibility for services provided in other federal or state programs, or for grants that may be provided by an institution of higher education, including, but not limited to, Cal Grants or other grants or fee waivers.

(g) (1) Aid under this section shall be provided to eligible youth who have emancipated from a county that elects to participate under this section.

(2) Each participating county welfare department shall notify all foster youth in that county, including those receiving Kin-GAP, ages 16 to 19 years, inclusive, of the existence of the program prescribed by this section.

(h) The department shall seek any federal funds available for implementation of this section, including, but not limited to, funds available under Title IV of the Social Security Act (42 U.S.C. Sec. 601 et seq.). Implementation of this section shall not, however, be contingent upon receipt of any federal funding. The department shall seek any waiver from the Secretary of the United States Department of Health and Human Services that is necessary to implement this section.

(i) Funding shall be subject to the sharing ratios specified in subdivision (c) of Section 15200.

(j) This section shall be implemented only to the extent funds are appropriated for that purpose in the annual Budget Act.

(k) This section shall be operative on January 1, 2002.

SEC. 30. Section 11403.3 of the Welfare and Institutions Code is amended to read:

11403.3. (a) (1) Subject to subdivision (b), a transitional housing placement program, as defined in Section 11400, that provides transitional housing services to an eligible youth in a facility licensed pursuant to subdivision (a) of Section 1559.110 of the Health and Safety Code, shall be paid a monthly rate that is 75 percent of the average foster care expenditures for foster youth 16 to 18 years of age, inclusive, in group home care in the county in which the program operates.

(2) Subject to subdivision (c), a transitional housing placement program, as defined in Section 11400, that provides transitional housing services to an eligible youth in a facility certified pursuant to subdivision (e) of Section 1559.110 of the Health and Safety Code, shall be paid a monthly rate that is 70 percent of the average foster care expenditures for foster youth 16 to 18 years of age, inclusive, in group home care in the county in which the program operates.

(b) Payment to a transitional housing placement program for transitional housing services provided to a person described in paragraph

(1) of subdivision (a) of Section 11403.2 shall be subject to the following conditions:

(1) An amount equal to the base rate, as defined in subdivision (d), shall be paid for transitional housing services provided.

(2) Any additional amount payable pursuant to subdivision (a) shall be contingent on both of the following:

(A) The availability of moneys in the Transitional Housing for Foster Youth Fund established in Section 11403.4, or in the annual Budget Act, to pay the state share of cost of the additional amount.

(B) Election by the county placing the youth in the transitional housing placement program to participate in the costs of the additional amount, pursuant to subdivision (g).

(c) (1) Payment to a transitional housing placement program for transitional housing services provided pursuant to paragraph (2) of subdivision (a) of Section 11403.2 shall be subject to the following conditions:

(A) Any Supportive Transitional Emancipation Program (STEP) payment payable pursuant to Section 11403.1 shall be paid for transitional housing services provided.

(B) Any amount payable pursuant to subdivision (a) to a transitional housing placement program for services provided to a person described in paragraph (2) of subdivision (a) of Section 11403.2 shall be paid contingent on both of the following:

(i) The availability of moneys in the Transitional Housing for Foster Youth Fund established in Section 11403.4, or in the annual Budget Act, to pay the state share of cost of the payment.

(ii) Election by the county from which the person has emancipated to participate in the costs of the payment, pursuant to subdivision (g).

(2) The department may limit new participants into transitional housing placement programs if costs for this subdivision are projected to exceed moneys available in the Transitional Housing for Foster Youth Fund established in Section 11403.4, or the moneys appropriated for this purpose in the annual Budget Act.

(d) (1) As used in this section, ''base rate'' means the rate a transitional housing placement program was approved to receive on June 30, 2001. If a program commences operation after this date, the base rate shall be the rate the program would have received if it had been operational on June 30, 2001.

(2) Notwithstanding subdivision (a), no transitional housing placement program with an approved rate on July 1, 2001, shall receive a lower rate than its base rate.

(e) Any reductions in payments to a transitional housing placement program pursuant to the implementation of paragraph (2) of subdivision (b) or subparagraph (B) of paragraph (1) of subdivision (c) shall not

preclude the program from acquiring from other sources, additional funding necessary to provide program services.

(f) The department shall develop, implement, and maintain a ratesetting system schedule for transitional housing placement programs pursuant to subdivisions (a) to (d), inclusive.

(g) Funding for the rates payable under this section shall be subject to the sharing ratios specified in subdivision (c) of Section 15200.

SEC. 31. Section 11453 of the Welfare and Institutions Code is amended to read:

11453. (a) Except as provided in subdivision (c), the amounts set forth in Section 11452 and subdivision (a) of Section 11450 shall be adjusted annually by the department to reflect any increases or decreases in the cost of living. These adjustments shall become effective July 1 of each year, unless otherwise specified by the Legislature. For the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, these adjustments shall become effective October 1 of each year. The cost-of-living adjustment shall be calculated by the Department of Finance based on the changes in the California Necessities Index, which as used in this section means the weighted average changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period ending with the December preceding the year for which the cost-of-living adjustment will take effect, for each expenditure category specified in subdivision (a) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional

geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in subdivision (a) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in subdivision (d) for the prior year.

(b) The overall adjustment factor determined by the preceding computation steps shall be multiplied by the schedules established pursuant to Section 11452 and subdivision (a) of Section 11450 as are in effect during the month of June preceding the fiscal year in which the adjustments are to occur and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules which shall be filed with the Secretary of State.

(c) (1) No adjustment to the maximum aid payment set forth in subdivision (a) of Section 11450 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, to reflect any change in the cost of living. For the 1998–99 fiscal year, the cost-of-living adjustment that would have been provided on July 1, 1998, pursuant to subdivision (a) shall be made on November 1, 1998. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(2) No adjustment to the minimum basic standard of adequate care set forth in Section 11452 shall be made under this section for the purpose of increasing the benefits under this chapter for the 1990–91 and 1991–92 fiscal years to reflect any change in the cost of living.

(3) In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is any increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then the increase pursuant to

subdivision (a) of this section shall occur. In any fiscal year commencing with the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, when there is no increase in tax relief pursuant to the applicable paragraph of subdivision (a) of Section 10754 of the Revenue and Taxation Code, then any increase pursuant to subdivision (a) of this section shall be suspended.

(4) Notwithstanding paragraph (3), an adjustment to the maximum aid payments set forth in subdivision (a) of Section 11450 shall be made under this section for the 2002–03 fiscal year, but the adjustment shall become effective June 1, 2003.

(d) For the 2004–05 fiscal year, the adjustment to the maximum aid payment set forth in subdivision (a) shall be suspended for three months commencing on the first day of the first month following the effective date of the act adding this subdivision.

(e) Adjustments for subsequent fiscal years pursuant to this section shall not include any adjustments for any fiscal year in which the cost of living was suspended pursuant to subdivision (c).

SEC. 32. Section 11454 of the Welfare and Institutions Code is amended to read:

11454. (a) A parent or caretaker relative shall not be eligible for aid under this chapter when he or she has received aid under this chapter or from any state under the Temporary Assistance for Needy Families program (Part A (commencing with Section 401) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 601 et seq.) for a cumulative total of 60 months.

(b) No month in which aid has been received prior to January 1, 1998, shall be taken into consideration in computing the 60-month limitation provided for in subdivision (a).

(c) Subdivision (a) shall not be applicable when all parent or caretaker relatives of the aided child who are living in the home of the child meet any of the following requirements:

(1) They are 60 years of age or older.

(2) They meet one of the conditions specified in paragraph (4) or (5) of subdivision (b) of Section 11320.3.

(3) They are not included in the assistance unit.

(4) They are receiving benefits under Section 12200 or Section 12300, State Disability Insurance benefits or Workers' Compensation Temporary Disability Insurance, if the disability significantly impairs the recipient's ability to be regularly employed or participate in welfare-to-work activities.

(5) They are incapable of maintaining employment or participating in welfare-to-work activities, as determined by the county, based on the assessment of the individual and the individual has a history of participation and full cooperation in welfare-to-work activities.

SEC. 33. Section 11454.5 of the Welfare and Institutions Code is amended to read:

11454.5. (a) Any month in which the following conditions exist shall not be counted as a month of receipt of aid for the purposes of subdivision (a) of Section 11454:

(1) The recipient is exempt from participation under Article 3.2 (commencing with Section 11320) due to disability, or advanced age in accordance with paragraph (3) of subdivision (b) of Section 11320.3, or due to caretaking responsibilities that impair the recipient's ability to be regularly employed, in accordance with paragraph (4) or (5) of subdivision (b) of Section 11320.3.

(2) The recipient is eligible for, participating in, or exempt from, the Cal-Learn Program provided for pursuant to Article 3.5 (commencing with Section 11331) or is participating in another teen parent program approved by the department.

(3) The cost of the cash aid provided to the recipient for the month is fully reimbursed by child support, whether collected in that month or any subsequent month.

(4) The family is a former recipient of cash aid under this chapter and currently receives only child care, case management, or supportive services pursuant to Section 11323.2 or Article 15.5 (commencing with Section 8350) of Chapter 2 of Part 6 of the Education Code.

(5) To the extent provided by federal law, the recipient lived in Indian country, as defined by federal law, or an Alaskan native village in which at least 50 percent of the adults living in the Indian country or in the village are not employed.

(b) In cases where a lump-sum diversion payment is provided in lieu of cash aid under Section 11266.5, the month in which the payment is made or the months calculated pursuant to subdivision (f) of Section 11266.5 shall count against the limits specified in Section 11454.

SEC. 34. Section 11454.6 of the Welfare and Institutions Code is amended to read:

11454.6. (a) Notwithstanding Section 15200, to the extent that the exemptions from the time limits on aid specified in paragraphs (1), (2), (4), and (5) of subdivision (c) of Section 11454 and subdivision (a) of Section 11454.5 exceed 20 percent of the number of families aided in a county, for a period as determined by the United States Department of Health and Human Services, for purposes of measuring the hardship exemption for time limits, the county shall be responsible for the amount of aid that would otherwise have been paid through federal Temporary Assistance for Needy Families block grant funds pursuant to Section 11450, with respect to those persons exempt under either paragraphs (1), (2), (4), and (5) of subdivision (c) of Section 11454 or subdivision (a) of Section 11454.5 that exceed the 20 percent hardship exemption during

the period determined by the United States Department of Health and Human Services and provided for in federal law.

(b) Subdivision (a) shall not apply if the statewide percentage of families aided during that period is 20 percent or less.

(c) The department may determine that a county has good cause for exceeding the 20-percent limitation provided for in subdivision (a). Under this determination, the county share may be reduced or waived by the department.

(d) It is the intent of the Legislature that the steering committee as specified in Section 10544.317 review this provision to ensure that:

(1) The state does not exceed the limit on hardship exemptions as provided in federal law.

(2) Counties are not penalized for circumstances beyond their control and that statewide flexibility for allocation of the percentages is assured.

(3) Recipients will have access to the hardship exemption, regardless of their county of origin.

SEC. 35. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the

requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, ''The Classification of Group Home Programs under the Standardized Schedule of Rates System,'' prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, ''standardized schedule of rates'' means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the

group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this

subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03, 2003–04, and 2004–05 fiscal years is:

Rate Classification Level	Point Ranges	FY 2002–03, 2003–04, and 2004–05 Standard Rate

(2) (A) For group home programs that receive AFDC-FC payments for services performed during the 2002–03, 2003–04, and 2004–05 fiscal years, the adjusted RCL point ranges below shall be used for establishing the biennial rates for existing programs, pursuant to paragraph (3) of subdivision (a) and in performing program audits and in determining any resulting rate reduction, overpayment assessment, or other actions pursuant to paragraph (2) of subdivision (e):

Rate Classification Level	Adjusted Point Ranges for the 2002–03, 2003–04, and 2004–05 Fiscal Years

13	368–395
14	396 & Up

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03, 2003–04, and 2004–05 fiscal years shall remain responsible for ensuring the health and safety

of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a

recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, ''program change'' means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 36. Section 11462.06 of the Welfare and Institutions Code is amended to read:

11462.06. (a) For purposes of the administration of this article, including the setting of group home rates, the department shall deem the reasonable costs of leases for shelter care for foster children to be allowable costs. Reimbursement of shelter costs shall not exceed 12 percent of the fair market value of owned, leased, or rented buildings, including any structures, improvements, edifices, land, grounds, and other similar property that is owned, leased, or rented by the group home and that is used for group home programs and activities, exclusive of idle capacity and capacity used for nongroup home programs and activities. Shelter costs shall be considered reasonable in relation to the fair market value limit as described in subdivision (b).

(b) For purposes of this section, fair market value of leased property shall be determined by either of the following methods, as chosen by the provider:

(1) The market value shown on the last tax bill for the cost reporting period.

(2) The market value determined by an independent appraisal. The appraisal shall be performed by a qualified, professional appraiser who, at a minimum, meets standards for appraisers as specified in Chapter 6.5

(commencing with Section 3500) of Title 10 of the California Code of Regulations. The appraisal shall not be deemed independent if performed under a less-than-arms-length agreement, or if performed by a person or persons employed by, or under contract with, the group home for purposes other than performing appraisals, or by a person having a material interest in any group home which receives foster care payments. If the department believes an appraisal does not meet these standards, the department shall give its reasons in writing to the provider and provide an opportunity for appeal.

(c) (1) The department may adopt emergency regulations in order to implement this section, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) The adoption of emergency regulations pursuant to this section shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(3) Emergency regulations adopted pursuant to this section shall be exempt from the review and approval of the Office of Administrative Law.

(4) The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations.

(d) (1) Commencing July 1, 2003, any group home provider with a self-dealing lease transaction for shelter costs, as defined in Section 5233 of the Corporations Code, shall not be eligible for an AFDC-FC rate.

(2) Notwithstanding paragraph (1), providers that received an approval letter for a self-dealing lease transaction for shelter costs during the 2002–03 fiscal year from the Charitable Trust Section of the Department of Justice shall be eligible to continue to receive an AFDC-FC rate until the date that the lease expires, or is modified, extended, or terminated, whichever occurs first. These providers shall be ineligible to receive an AFDC-FC rate after that date if they have entered into any self-dealing lease transactions for group home shelter costs.

SEC. 37. Section 11466.21 of the Welfare and Institutions Code is amended to read:

11466.21. (a) In accordance with subdivision (b), as a condition to receive an AFDC-FC rate for a group home program or a foster family agency program that provides treatment services, the following shall apply:

(1) Any provider who receives three hundred thousand dollars ($300,000) or more in combined federal funds shall arrange to have a financial audit conducted on an annual basis, and shall submit the annual

financial audit to the department in accordance with regulations adopted by the department.

(2) Any provider who receives less than three hundred thousand dollars ($300,000) in combined federal funds shall submit to the department a financial audit on its most recent fiscal period at least once every three years. The department shall provide timely notice to the providers of the date that submission of the financial audit is required. That date of submission of the financial audit shall be no later than six months from the close of the provider's most recent fiscal period.

(3) The scope of the financial audit shall include all of the programs and activities operated by the provider and shall not be limited to those funded in whole or in part by the AFDC-FC program. The financial audits shall include, but not be limited to, an evaluation of the accounting and control systems of the provider.

(4) The provider shall have its financial audit conducted by certified public accountants or by state-licensed public accountants who have no direct or indirect relationship with the functions or activities being audited, or with the provider, its board of directors, officers, or staff.

(5) The provider shall have its financial audits conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States and in compliance with generally accepted accounting principles applicable to private entities organized and operated on a nonprofit basis.

(6) (A) Each provider shall have the flexibility to define the calendar months included in its fiscal year.

(B) A provider may change the definition of its fiscal year. However, the financial audit conducted following the change shall cover all of the months since the last audit, even though this may cover a period that exceeds 12 months.

(b) (1) In accordance with subdivision (a), as a condition to receive an AFDC-FC rate that becomes effective on or after July 1, 2000, a provider shall submit a copy of its most recent financial audit report, except as provided in paragraph (3).

(2) The department shall terminate the rate of a provider who fails to submit a copy of its most recent financial audit pursuant to subdivision (a). A terminated rate shall only be reinstated upon the provider's submission of an acceptable financial audit.

(3) Effective July 1, 2000, a new provider that has been incorporated for fewer than 12 calendar months shall not be required to submit a copy of a financial audit to receive an AFDC-FC rate for a new program. The financial audit shall be conducted on the provider's next full fiscal year of operation. The provider shall submit the financial audit to the department in accordance with subdivision (a).

(c) The department shall implement this section through the adoption of emergency regulations.

SEC. 39. Section 12201 of the Welfare and Institutions Code is amended to read:

12201. (a) Except as provided in subdivision (d), the payment schedules set forth in Section 12200 shall be adjusted annually to reflect any increases or decreases in the cost of living. Except as provided in subdivision (e), these adjustments shall become effective January 1 of each year. The cost-of-living adjustment shall be based on the changes in the California Necessities Index, which as used in this section shall be the weighted average of changes for food, clothing, fuel, utilities, rent, and transportation for low-income consumers. The computation of annual adjustments in the California Necessities Index shall be made in accordance with the following steps:

(1) The base period expenditure amounts for each expenditure category within the California Necessities Index used to compute the annual grant adjustment are:

Food	$ 3,027
Clothing (apparel and upkeep)	406
Fuel and other utilities	529
Rent, residential	4,883
Transportation	1,757
Total	$10,602

(2) Based on the appropriate components of the Consumer Price Index for All Urban Consumers, as published by the United States Department of Labor, Bureau of Labor Statistics, the percentage change shall be determined for the 12-month period which ends 12 months prior to the January in which the cost-of-living adjustment will take effect, for each expenditure category specified in paragraph (1) within the following geographical areas: Los Angeles-Long Beach-Anaheim, San Francisco-Oakland, San Diego, and, to the extent statistically valid information is available from the Bureau of Labor Statistics, additional geographical areas within the state which include not less than 80 percent of recipients of aid under this chapter.

(3) Calculate a weighted percentage change for each of the expenditure categories specified in subdivision (a) using the applicable weighting factors for each area used by the State Department of Industrial Relations to calculate the California Consumer Price Index (CCPI).

(4) Calculate a category adjustment factor for each expenditure category in paragraph (1) by (1) adding 100 to the applicable weighted percentage change as determined in paragraph (2) and (2) dividing the sum by 100.

(5) Determine the expenditure amounts for the current year by multiplying each expenditure amount determined for the prior year by the applicable category adjustment factor determined in paragraph (4).

(6) Determine the overall adjustment factor by dividing (1) the sum of the expenditure amounts as determined in paragraph (4) for the current year by (2) the sum of the expenditure amounts as determined in paragraph (4) for the prior year.

(b) The overall adjustment factor determined by the preceding computational steps shall be multiplied by the payment schedules established pursuant to Section 12200 as are in effect during the month of December preceding the calendar year in which the adjustments are to occur, and the product rounded to the nearest dollar. The resultant amounts shall constitute the new schedules for the categories given under subdivisions (a), (b), (c), (d), (e), (f), and (g) of Section 12200, and shall be filed with the Secretary of State. The amount as set forth in

subdivision (h) of Section 12200 shall be adjusted annually pursuant to this section in the event that the secretary agrees to administer payment under that subdivision. The payment schedule for subdivision (i) of Section 12200 shall be computed as specified, based on the new payment schedules for subdivisions (a), (b), (c), and (d) of Section 12200.

(c) The department shall adjust any amounts of aid under this chapter to insure that the minimum level required by the Social Security Act in order to maintain eligibility for funds under Title XIX of that act is met.

(d) (1) No adjustment shall be made under this section for the 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, and 2004 calendar years to reflect any change in the cost of living. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 12201.05, and no further reduction shall be made pursuant to that section.

(2) Any cost-of-living adjustment granted under this section for any calendar year shall not include adjustments for any calendar year in which the cost of living was suspended pursuant to paragraph (1).

(e) For the 2003 calendar year, the adjustment required by this section shall become effective June 1, 2003.

(f) For the 2005 calendar year, the adjustment required by this section shall become effective April 1, 2005.

SEC. 40. Section 12300 of the Welfare and Institutions Code is amended to read:

(b) Supportive services shall include domestic services and services related to domestic services, heavy cleaning, personal care services, accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites, yard hazard abatement, protective supervision, teaching and demonstration directed at reducing the need for other supportive services, and paramedical services which make it possible for the recipient to establish and maintain an independent living arrangement.

(c) Personal care services shall mean all of the following:

(1) Assistance with ambulation.

(2) Bathing, oral hygiene, and grooming.

(3) Dressing.

(4) Care and assistance with prosthetic devices.

(1) The personal care services are limited to those that are currently authorized for a recipient in the recipient's home and those services are to be utilized by the recipient at the recipient's place of employment to enable the recipient to obtain, retain, or return to work. Authorized services utilized by the recipient at the recipient's place of employment shall be services that are relevant and necessary in supporting and maintaining employment. However, workplace services shall not be used to supplant any reasonable accommodations required of an employer by the Americans with Disabilities Act (42 U.S.C. Sec. 12101 et seq.; ADA) or other legal entitlements or third-party obligations.

(2) The provision of personal care services at the recipient's place of employment shall be authorized only to the extent that the total hours utilized at the workplace are within the total personal care services hours authorized for the recipient in the home. Additional personal care services hours may not be authorized in connection with a recipient's employment.

(e) Where supportive services are provided by a person having the legal duty pursuant to the Family Code to provide for the care of his or her child who is the recipient, the provider of supportive services shall receive remuneration for the services only when the provider leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of the provider to provide supportive services may result in inappropriate placement or inadequate care.

These providers shall be paid only for the following:

(1) Services related to domestic services.

(2) Personal care services.

(3) Accompaniment by a provider when needed during necessary travel to health-related appointments or to alternative resource sites.

(4) Protective supervision only as needed because of the functional limitations of the child.

(f) To encourage maximum voluntary services, so as to reduce governmental costs, respite care shall also be provided. Respite care is temporary or periodic service for eligible recipients to relieve persons who are providing care without compensation.

(g) A person who is eligible to receive a service or services under an approved federal waiver authorized pursuant to Section 14132.951, or a person who is eligible to receive a service or services authorized pursuant to Section 14132.95, shall not be eligible to receive the same service or services pursuant to this article. In the event that the waiver authorized pursuant to Section 14132.951, as approved by the federal government, does not extend eligibility to all persons otherwise eligible for services under this article, or does not cover a service or particular services, or does not cover the scope of a service that a person would otherwise be eligible to receive under this article, those persons who are not eligible for services, or for a particular service under the waiver or Section 14132.95 shall be eligible for services under this article.

(h) (1) All services provided pursuant to this article shall be equal in amount, scope, and duration to the same services provided pursuant to Section 14132.95, including any adjustments that may be made to those services pursuant to subdivision (e) of Section 14132.95.

(2) Notwithstanding any other provision of this article, the rate of reimbursement for in-home supportive services provided through any mode of service shall not exceed the rate of reimbursement established under subdivision (j) of Section 14132.95 for the same mode of service unless otherwise provided in the annual Budget Act.

(3) The maximum number of hours available under Section 14132.95, Section 14132.951, and this section, combined, shall be 283 hours per month. Any recipient of services under this article shall receive no more than the applicable maximum specified in Section 12303.4.

SEC. 41. Section 12301.1 of the Welfare and Institutions Code is amended to read:

12301.1. (a) The department shall adopt regulations establishing a uniform range of services available to all eligible recipients based upon individual needs. The availability of services under these regulations is subject to the provisions of Section 12301 and county plans developed pursuant to Section 12302.

(b) The county welfare department shall assess each recipient's continuing need for supportive services at varying intervals as necessary, but at least once every 12 months.

(c) (1) Notwithstanding subdivision (b), at the county's option, assessments may be extended, on a case-by-case basis, for up to six months beyond the regular 12-month period, provided that the county documents that all of the following conditions exist:

(A) The recipient has had at least one reassessment since the initial program intake assessment.

(B) The recipient's living arrangement has not changed since the last annual reassessment and the recipient lives with others, or has regular meaningful contact with persons other than his or her service provider.

(C) The recipient or, if the recipient is a minor, his or her parent or legal guardian, or if incompetent, his or her conservator, is able to satisfactorily direct the recipient's care.

(D) There has been no known change in the recipient's supportive service needs within the previous 24 months.

(E) No reports have been made to, and there has been no involvement of, an adult protective services agency or agencies since the county last assessed the recipient.

(F) The recipient has not had a change in provider or providers for at least six months.

(G) The recipient has not reported a change in his or her need for supportive services that requires a reassessment.

(H) The recipient has not been hospitalized within the last three months.

(2) If some, but not all, of the conditions specified in paragraph (1) of subdivision (c) are met, the county may consider other factors in determining whether an extended assessment interval is appropriate, including, but not limited to, involvement in the recipient's care of a social worker, case manager, or other similar representative from another human services agency, such as a regional center or county mental health program, or communications, or other instructions from a physician or other licensed health care professional that the recipient's medical condition is unlikely to change.

(3) A county may reassess a recipient's need for services at a time interval of less than 12 months from a recipient's initial intake or last assessment if the county social worker has information indicating that the recipient's need for services is expected to decrease in less than 12 months.

(d) A county shall assess a recipient's need for supportive services any time that the recipient notifies the county of a need to adjust the supportive services hours authorized, or when there are other indications or expectations of a change in circumstances affecting the recipient's need for supportive services.

(e) (1) Notwithstanding the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, until emergency regulations are filed with the Secretary of State, the department may implement this section through all-county letters or similar instructions from the director. The department shall adopt emergency regulations implementing this section no later than September 30, 2005, unless notification of a delay is made to the Chair of the Joint Legislative Budget Committee prior to that date. The notification shall include the reason for the delay, the current status of the emergency regulations, a date by which the emergency regulations

shall be adopted, and a statement of need to continue use of all-county letters or similar instructions. Under no circumstances shall the adoption of emergency regulations be delayed, or the use of all-county letters or similar instructions be extended, beyond June 30, 2006.

(2) The adoption of regulations implementing this section shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days by which time final regulations shall be adopted. The department shall seek input from the entities listed in Section 12305.72 when developing all-county letters or similar instructions and the regulations.

SEC. 42. Section 12301.2 of the Welfare and Institutions Code is repealed.

SEC. 43. Section 12301.2 is added to the Welfare and Institutions Code, to read:

12301.2. (a) (1) The department, in consultation and coordination with county welfare departments and in accordance with Section 12305.72, shall establish and implement statewide hourly task guidelines and instructions to provide counties with a standard tool for consistently and accurately assessing service needs and authorizing service hours to meet those needs.

(2) The guidelines shall specify a range of time normally required for each supportive service task necessary to ensure the health, safety, and independence of the recipient. The guidelines shall also provide criteria to assist county workers to determine when an individual's service need falls outside the range of time provided in the guidelines.

(3) In establishing the guidelines the department shall consider, among other factors, adherence to universal precautions, existing utilization patterns and outcomes associated with different levels of utilization, and the need to avoid cost shifting to other government program services. During the development of the guidelines the department may seek advice from health professionals such as public health nurses or physical or occupational therapists.

(b) A county shall use the statewide hourly task guidelines when conducting an individual assessment or reassessment of an individual's need for supportive services.

(c) Subject to the limits imposed by Section 12303.4, counties shall approve an amount of time different from the guideline amount whenever the individual assessment indicates that the recipient's needs require an amount of time that is outside the range provided for in the

guidelines. Whenever task times outside the range provided in the guidelines are authorized the county shall document the need for the authorized service level.

(d) The department shall adopt regulations to implement this section by June 30, 2006. The department shall seek input from the entities listed in Section 12305.72 when developing the regulations.

(b) At the time of an initial assessment at which a recipient's potential need for protective supervision has been identified, the county shall request that a person requesting protective supervision submit the certification to the county. The county shall use the certification in conjunction with other pertinent information to assess the person's need for protective supervision. The certification submitted by the person shall be considered as one indicator of the need for protective supervision, but shall not be determinative. In the event that the person fails to submit the certification, the county shall make its determination of need based upon other available evidence.

(c) At the time of reassessment of a person receiving authorized protective supervision, the county shall determine the need to obtain a new certification. The county may request another certification from a recipient if determined necessary. The county shall document the basis for its determination in the recipient's case file.

(d) (1) Notwithstanding the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, until emergency regulations are filed with the Secretary of State, the department may implement this section through all-county letters or similar instructions from the director. The department shall adopt emergency regulations implementing this chapter no later than September 30, 2005, unless notification of a delay is made to the Chair of the Joint Legislative Budget Committee prior to that date. The notification shall include the reason for the delay, the current status of the emergency regulations, a date by which the emergency regulations shall be adopted, and a statement of need to continue use of all-county letters or similar instructions. Under no circumstances shall the adoption of emergency regulations be delayed, or the use of all-county letters or similar instructions be extended, beyond June 30, 2006.

(2) The adoption of regulations implementing this section shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days by which time final regulations shall be promulgated. The department shall seek input from the entities listed in Section 12305.72 when developing all-county letters or similar instructions and the regulations.

The error rate study findings shall be used to prioritize and direct state and county fraud detection and quality improvement efforts. The State Department of Health Services shall provide technical assistance and guidance for the error rate studies as requested by the department.

(b) (1) The department and the State Department of Health Services shall conduct automated data matches to compare Medi-Cal paid claims and third-party liability data with supportive services paid service hours data to identify potential overpayments, duplicate payments, alternative payment sources for supportive services, and other potential supportive services delivery discrepancies, including but not limited to, receipt of supportive services by a recipient on the same day that other potentially duplicative Medi-Cal services are received. Relevant data match findings shall be transmitted to the counties, or to the appropriate state entity, for action.

Training shall be scheduled and provided at sites throughout the state. The department may obtain a qualified vendor to assist in the development of the training and to conduct the training program. The design of the training program shall provide reasonable flexibility to allow counties to use their preferred training modalities to educate their supportive services staff in this subject matter.

(f) The department shall, in conjunction with the counties, develop protocols and procedures for monitoring county quality assurance programs. The monitoring may include onsite reviews of county quality assurance activities. The focus of the established monitoring protocols and procedures shall include determining the extent to which counties are fulfilling their quality assurance responsibilities and county quality assurance staff are correctly applying the uniformity system in reviewing supportive services cases for consistent, appropriate, and accurate service need assessments. The department and the county welfare departments shall also develop the protocols and procedures under which the department will report its monitoring findings to a county, disagreements over the findings are resolved, to the extent possible, and the county, the State Department of Health Services, and the department will follow up on the findings.

(g) The department shall conduct a review of program regulations in effect on the date of enactment of this section and shall revise the regulations as necessary to conform to the statutory changes that have occurred since the regulations were initially promulgated and to conform to federally authorized program changes.

(A) The extent to which the particular personal care services are essential or nonessential.

(B) Standards establishing the medical necessity of the services to be provided.

(C) Utilization controls.

(D) A minimum number of hours of personal care services that must first be assessed as needed as a condition of receiving personal care services pursuant to this section.

(ii) Provide for consideration of county input concerning the rate necessary to ensure access to services in that county.

(D) If an increase in individual practitioner rates is included in the annual Budget Act, the state-county sharing ratio shall be as established in Section 12306. If the annual Budget Act does not include an increase

in individual practitioner rates, a county may use county-only funds to meet federal financial participation requirements consistent with federal law.

(3) (A) By November 1, 1993, the department shall submit a state plan amendment to the federal Health Care Financing Administration to implement this subdivision. To the extent that any element or requirement of this subdivision is not approved, the department shall submit a request to the federal Health Care Financing Administration for any waivers as would be necessary to implement this subdivision.

(B) The provider reimbursement ratesetting methodology authorized by the amendments to this subdivision in the 1993–94 Regular Session of the Legislature shall not be operative until all necessary federal approvals have been obtained.

(m) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

subdivision (a) of Section 14050.1, and to the extent that federal financial participation is available.

(2) The department shall seek federal approval of a state plan amendment necessary to include personal care services described in paragraph (1) as a Medicaid service pursuant to subdivision (f) of Section 440.170 of Title 42 of the Code of Federal Regulations.

(3) In the event that the Department of Finance determines that expenditures of both General Fund moneys for personal care services provided under this subdivision to medically needy aged, blind, or disabled persons together with expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for all aged, blind, and disabled persons receiving in-home supportive services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, in the 2000–01 fiscal year or in any subsequent fiscal year, are expected to exceed the General Fund appropriation and the federal appropriation received under Title XX of the federal Social Security Act for expenditures for all aged, blind, and disabled persons receiving in-home supportive services provided in the 1999–2000 fiscal year pursuant to Article 7 (commencing with Section 12300) of Chapter 3, as it read on June 30, 1998, as adjusted for caseload growth or as changed in the Budget Act or by statute or regulation, then this subdivision shall cease to be operative on the first day of the month that begins after the expiration of a period of 30 days subsequent to a notification in writing by the Director of the Department of Finance to the chairperson of the committee in each house that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(C) Any increase in program cost that is required by an increase in hourly costs pursuant to the Budget Act or statute.

(5) In the event of a final judicial determination by any court of appellate jurisdiction or a final determination by the Administrator of the federal Centers for Medicare and Medicaid Services that personal care services must be provided to any medically needy person who is not aged, blind, or disabled, then this subdivision shall cease to be operative

(6) If this subdivision ceases to be operative, all aged, blind, and disabled persons who would have been eligible to receive services under this section shall be immediately eligible for services under the IHSS Plus waiver authorized pursuant to Section 14132.951, if otherwise eligible, upon this section becoming inoperative. If this section becomes inoperative and a person is ineligible for the IHSS Plus waiver, then eligibility shall be determined under the In-Home Supportive Services program pursuant to Article 7 (commencing with Section 12300) of Chapter 3.

SEC. 56. Section 14132.951 is added to the Welfare and Institutions Code, to read:

14132.951. (a) It is the intent of the Legislature that the State Department of Health Services seek approval of a Medicaid waiver under the federal Social Security Act in order that the services available under Article 7 (commencing with Section 12300) of Chapter 3, known as the In-Home Supportive Services program, may be provided as a Medi-Cal benefit under this chapter, to the extent federal financial participation is available. The waiver shall be known as the ''IHSS Plus waiver.''

Any emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 18 months by which time final regulations shall be adopted. The department shall seek input from the entities listed in Section 12305.72 when developing the regulations, all county welfare director letters, or similar publications.

(i) In the event of a conflict between the terms of the IHSS Plus waiver and any provision of this part or any regulation, all-county welfare directors letters or similar publications adopted for the purpose of implementing this part, the terms of the waiver shall control to the extent that the services are covered by the waiver. If the department determines that a conflict exists, the department shall issue updated instructions to

counties for the purposes of implementing necessary program changes. The department shall post a copy of, or a link to, the instructions on its Web site.

(j) (1) Notwithstanding subdivision (b) or any other provision of this section, the department shall not waive or modify the provisions of Section 12301.2, 12301.6, 12302.25, 12306.1, or 12309.

(2) Upon receipt of the IHSS Plus waiver, the director shall report to the Legislature on any modifications in benefits or eligibility and operational requirements of the In-Home Supportive Services program required for receipt of the waiver.

(c) State funds described in subdivision (b) may be replaced by reimbursements under the Supplemental Security Disability Insurance and the Supplemental Security Income programs provided for under Titles II and XVII of the Federal Social Security Act, Subchapter II (commencing with Section 401) and Subchapter XVII (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code to the extent appropriated by the Legislature and allocated by the department to independent living centers under this chapter. Beginning with the 1998–99 fiscal year, and each year thereafter, to the extent these

(3) For the purpose of determining eligibility for state incentive funds, any independent living center that uses a fiscal year other than the state fiscal year may elect to use a different fiscal year so long as the closing date of the fiscal year so elected does not precede the closing date of the equivalent state fiscal year by more than 11 months.

(4) The amount of private contributions claimed by an independent living center for each fiscal year shall be verified by the department by utilizing appropriate financial records including, but not limited to, independent audits. Audits may be performed by the department up to three years from the close of the fiscal year during which state incentive funds were received by the independent living center being audited.

(5) State incentive funds that are not distributed to independent living centers shall not be allocated or retained by the department for distribution as state incentive funds in later fiscal years.

(e) For purposes of this section:

(1) ''Private funds'' does not include any funds originating from any entity of the federal, state, city, or county government or any political subdivision thereof. Notwithstanding the provisions of this section, fees from any source for services provided may be included as private

contributions by an independent living center for purposes of determining its allocation of incentive funds.

(2) ''State incentive funds'' means state funds appropriated by the Legislature for purposes of this chapter, except those funds allocated by the department pursuant to subdivisions (b) and (g) of this section.

(f) Any funds allocated under this chapter to any independent living center, other than as part of the initial allocation for each fiscal year, shall be made by contract amendment. Any contract amendment shall require the provision of services in addition to those required by the contract being amended. All those services required by contract amendment shall not be performed prior to the date the contract amendment is approved by the state.

(g) To the extent funds are appropriated by the Legislature for the purpose of providing assistive technology services described in subdivision (d) of Section 19801, two hundred ten thousand dollars ($210,000) of those funds shall be allocated to the nonprofit contractor selected by the Department of Rehabilitation to coordinate delivery of assistive technology services and the remainder shall be allocated equally among independent living centers. The nonprofit contractor shall provide statewide assistive technology information and referral and serve as a resource to the independent living centers' assistive technology service programs.

(h) To the extent funds are appropriated by the Legislature, after allocation of base grant and incentive funds and assistive technology funds, remaining funds shall be allocated by the department among independent living centers on the basis of the ratio of the total of the general population in an independent living center's geographic service areas as compared to the total of the general population in all independent living centers geographic services area statewide. The department shall adopt regulations for the distribution of population funds by June 30, 1999.

SEC. 62. (a) To the extent feasible, the California Health and Human Services Agency shall examine the criminal background check requirements for all programs within its purview and the processes to administer and enforce these requirements, and shall report its findings to the Legislature at budget hearings. The agency's report shall include all of the following:

(1) The health and human services programs that require the state to conduct criminal background checks.

(2) The standards, including evidentiary standards, that govern the background checks.

(3) The major activities necessary to complete investigations.

(4) The departments or contracting agencies that perform these activities.

(5) The costs associated with providing criminal background checks.

(b) The agency shall report on strategies to streamline and standardize criminal background check requirements and their processing, to create administrative efficiency. The agency's analysis shall include a review of programmatic and safety issues associated with streamlining the background check process.

SEC. 63. To the extent feasible, the California Health and Human Services Agency, in consultation with the California Department of Aging, the State Department of Social Services, and appropriate stakeholders, shall consider strategies to coordinate state and federally funded services, including In-Home Supportive Services, programs under the federal Older Americans Act, and the California Department of Aging's Community-based Services programs, in order to maximize cost-effectiveness and programmatic efficiency in the delivery of services to program consumers. The agency shall report during budget hearings for the 2005–06 fiscal year, regarding these strategies and the resulting programmatic effect.

SEC. 64. It is the intent of the Legislature to address the issue of child care in and out of market rate differentiation in the statutory process. Therefore, Sections 18074.3 and 18074.4 of Title 5 of the California Code of Regulations, as filed with the Office of Administrative Law by the State Department of Education, shall not become effective until July 1, 2005.

SEC. 64.6. (a) Notwithstanding the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, until emergency regulations are filed with the Secretary of State, the department may implement those sections of this act specified in subdivision (d) through all-county letters or similar instructions from the director. The department shall adopt emergency regulations, as necessary to implement the specified provisions of this act, no later than July 1, 2005, unless notification of a delay is made to the Chair of the Joint Legislative Budget Committee prior to that date. Under no circumstances shall the adoption of emergency regulations be delayed, or the use of all-county letters or similar instructions be extended, beyond July 1, 2006.

(b) The adoption of regulations implementing the applicable provisions of this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State

and shall remain in effect for no more than 180 days, by which time the final regulations shall be adopted.

(c) The department shall seek input from county welfare departments and other system stakeholders when developing all-county letters or similar instructions and regulations for purposes of this section.

(d) Subdivisions (a), (b), and (c) shall apply to Sections 17, 18, 20, 21, 22, 23, 24, 25, 27, 32, 33, 34, and 59 of this act.

SEC. 65. Sections 17, 18, 20, 21, 22, 23, 24, 25, 27, 32, 33, 34, and 59 of this act shall become operative October 1, 2004, or the first of the month following 90 days after the effective date of this act, whichever is later.

SEC. 66. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 67. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make the necessary statutory changes to implement budget reductions relating to public social services during the 2003–04 and 2004–05 fiscal years, it is necessary for this act to take effect immediately.

CHAPTER 230

An act to amend Section 13220 of the Fish and Game Code, to amend Section 12841 of, and to repeal Section 12112 of, the Food and Agricultural Code, to amend Section 51283 of, and to add Section 12812.6 to, the Government Code, to amend Sections 42821, 44011,

44060, 44091, and 44091.1 of the Health and Safety Code, to amend Sections 5045, 5046, and 30940 of, and to add Article 8 (commencing with Section 5079.70) to Chapter 1.1.5 of Division 5 of, Chapter 3.8 (commencing with Section 5750) to Division 5 of, Chapter 7.5 (commencing with Section 5819) to Division 5 of, and Part 3.5 (commencing with Section 71120) to Division 34 of, the Public Resources Code, to amend Sections 4000.1, 5067, and 24007 of the Vehicle Code, and to amend Sections 4201, 4227, 4251, 4252, 4327, 4357, 12878, 12878.1, 12878.33, and 12878.44 of, to add Sections 12639.1 and 79509.6 to, and to repeal Sections 4250 and 4405 of, the Water Code, relating to resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

I am signing Senate Bill 1107 with the following reductions:

The Sierra Nevada's are a valuable natural asset for all Californians. There is a bipartisan proposal pending in the Legislature to create a Sierra Nevada Conservancy that balances statewide values and local interests. I am deleting $5 million of the $9.15 million appropriation for the Sierra Nevada Cascade and sustaining $4.15 million to assure that there are adequate resources to make the Sierra Nevada Conservancy a success when it is created. The remaining funding level more accurately reflects the actual amount that the Secretary will be able to expend in the 2004–05 fiscal year until the conservancy is fully implemented.

Additionally, I am deleting $28.35 million of the $38.35 million appropriations for the purpose of awarding grants related to River Parkways conservation programs. These reductions better reflect the actual amount that the Secretary will be able to expend in the 2004–05 fiscal year because the bill requires new program activities which will take time to implement.

ARNOLD SCHWARZENEGGER, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 13220 of the Fish and Game Code is amended to read:

13220. Except as provided in Section 13230, the money in the Fish and Game Preservation Fund is available for expenditure, upon appropriation by the Legislature, for all of the following purposes:

(a) To the department for payment of refunds of sums determined by it to have been erroneously deposited in the fund, including, but not limited to, money received or collected in payment of fees, licenses, permits, taxes, fines, forfeitures, or services.

(b) To the department for expenditure in accordance with law for the payment of all necessary expenses incurred in carrying out this code and any other laws for the protection and preservation of birds, mammals, reptiles, and fish.

(c) To the commission for expenditure in accordance with law for the payment of the compensation and expenses of the commissioners and employees of the commission.

SEC. 2. Section 12112 of the Food and Agricultural Code is repealed.

SEC. 3. Section 12841 of the Food and Agricultural Code is amended to read:

12841. (a) It is unlawful for a person to sell for use in this state any pesticide products that have been registered by the director for which the mill assessment established by this article, and the regulations adopted pursuant to it, is not paid at the times specified in Section 12843.

(b) Except as provided in subdivision (d), every person who sells for use in this state a pesticide product that has been registered by the director shall pay to the director the applicable assessment. Those sales expressly include all sales made electronically, telephonically, or by any other means that result in a pesticide product being shipped to or used in this state. There is a rebuttable presumption that pesticide products that are sold or distributed into or within this state by any person are sold or distributed for use in this state.

(c) (1) Upon application of a registrant, the director shall determine whether a fertilizer or paper product is used as a carrier for a pesticide, and is sold in combination, and whether the mill assessment under this article shall be on the pesticide value only, when the product is designed, developed, and manufactured, and sold primarily for other than a pesticide use. If the director finds that the combination product has such a major component and is designed, developed, manufactured, and sold primarily for other than a pesticide use, the assessment provided by this article shall be paid on the equivalent percentage of the sales price of the active ingredients of the pesticide product. The director shall establish this percentage of the sales price. The percentage shall be the ratio of that portion of the sales price attributable to the pesticide portion to the total sales price of the combination product.

(2) For purposes of this section, ''active ingredient'' means any active ingredient that is required to be stated on the label on any registered pesticide under Section 12883.

(d) Assessments provided for in this article for sales of registered pesticides that are sold for use in this state shall be paid by the registrant except as follows:

(1) In those cases where the registrant did not first sell the pesticide into or within this state or have actual knowledge, at the time of its sale, that the pesticide would be sold for use in this state, the assessment shall be paid by the licensed pesticide broker, licensed pest control dealer, or other person who first sold the pesticide for use in this state.

(2) A person is not required to pay an assessment on registered products that are labeled only for use in further manufacturing or formulating of pesticides.

(e) It has been and continues to be the intent of the Legislature that this division requires the department to register all pesticides prior to their sale for use in this state and, except as otherwise provided by law, requires the department to regulate and control the use of pesticides in accordance with this division. Except as provided in Section 12841.1, the department shall continue to collect the assessment as provided in this article at the same rate on all registered agricultural and registered nonagricultural pesticides.

(f) (1) The mill assessment shall be paid at the following rates per dollar of sales for all sales of pesticides for use in this state:

(A) From January 1, 1998, to March 31, 1999, inclusive, the rate shall be 15.15 mills ($0.01515) plus any additional assessment authorized by Section 12841.1.

(B) From April 1, 1999, to December 31, 2002, inclusive, the rate shall be 17.5 mills ($0.0175) plus any additional assessment authorized by Section 12841.1.

(C) From January 1, 2003, to December 31, 2003, inclusive, the rate shall be 17.5 mills ($0.0175).

(D) For all transactions on or after January 1, 2004, the actual rate shall be that set by regulations adopted by the director at a rate adequate to support the department's annual expenditures authorized in the annual Budget Act and provide a prudent reserve. The rate set by the director shall be no greater than 21 mills ($0.021). However, if regulations are not adopted before a payment is due, payment shall be made at the rate of 17.5 mills ($0.0175), and, upon adoption of regulations, payment of any additional amount due shall be made.

(2) The regulations adopted pursuant to this section, or any amendment thereto, shall be adopted by the director in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. However, the adoption, amendment, readoption, or repeal of these regulations shall be considered by the Office of Administrative Law as an emergency, and necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding any other provision of law, the regulations shall remain in effect until amended by the director. The director shall make available to the public, upon the adoption of an emergency regulation establishing a new rate, the information upon which the director has calculated, based, or determined the new rate.

(g) The revenue collected pursuant to this section shall be deposited in the Department of Pesticide Regulation Fund and distributed as follows:

(1) Notwithstanding Sections 2282 and 12784, the director shall pay, in accordance with the criteria set forth in Section 12844, the following amounts to the counties as reimbursement for costs incurred by the counties in the administration and enforcement of Division 6 (commencing with Section 11401), this chapter, Chapter 3 (commencing with Section 14001), Chapter 3.4 (commencing with Section 14090), and Chapter 3.5 (commencing with Section 14101):

(A) From January 1, 1998, to March 31, 1998, inclusive, five-eighths of the money received during that period pursuant to this section.

(B) From April 1, 1998 to June 30, 2004, an amount equal to the revenue derived from 6 mills ($0.006) per dollar of sales for all pesticide sales for use in this state.

(C) Beginning July 1, 2004, an amount equal to the revenue derived from 7.6 mills ($0.0076) per dollar of sales for all pesticide sales for use in this state.

(2) All funds not otherwise distributed pursuant to this subdivision shall remain in the Department of Pesticide Regulation Fund and shall be available for expenditure, upon appropriation, to support the department's operations.

SEC. 4. Section 12812.6 is added to the Government Code, to read:

12812.6. The Secretary for Environmental Protection shall coordinate greenhouse gas emission reductions and climate-change activities in state government.

SEC. 5. Section 51283 of the Government Code is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee. At the same time, the assessor shall send a notice to the assessee indicating the current fair market value of the land as though it were free of the contractual restriction. The notice shall advise the assessee of the right to appeal the fair market value of the land under Section 1605 of the Revenue and Taxation Code and that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmark date therefor, whichever is later.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner shall pay the county treasurer upon cancellation. That fee shall be an amount equal to $12^1/_2$ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the

landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first two million thirty-six thousand dollars ($2,036,000) of revenue paid to the Controller pursuant to subdivision (e) in the 2004–05 fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of all of the following:

(1) The cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(3) Program support costs of this chapter as administered by the Department of Conservation.

(4) Program support costs incurred by the Department of Conservation in administering the open-space subvention program (Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2).

(e) When cancellation fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (d). The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30

days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) It is the intent of the Legislature that fees paid to cancel a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

SEC. 6. Section 42821 of the Health and Safety Code is amended to read:

42821. (a) The registry shall be governed by a nine-member board of directors, to be composed of all of the following members:

(1) The Secretary of the Resources Agency, or his or her designee.

(2) The Secretary for Environmental Protection, or his or her designee.

(3) One member appointed by the Senate Committee on Rules.

(4) One member appointed by the Speaker of the Assembly.

(5) Five public members representing business, local government, and public interest environmental organizations, to be appointed by the Governor for two-year terms, staggered so that, initially, three public members serve one-year terms and two members serve two-year terms. In the event of a vacancy, the Governor shall appoint a replacement public board member.

(b) The board of directors of the registry is responsible for ensuring that the registry fulfills the purposes established by this chapter and meets the financial, reporting, and operating requirements of its articles of incorporation. The board of directors shall appoint and supervise an executive director, who shall hire and direct staff.

(c) The board of directors shall adopt bylaws that ensure that, at each regularly scheduled meeting of the registry, there will be an opportunity for members of the public to comment on matters being considered by the registry, as specified on the registry meeting agenda.

SEC. 7. Section 44011 of the Health and Safety Code is amended to read:

44011. (a) All motor vehicles powered by internal combustion engines that are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle that has been issued a certificate of compliance or noncompliance or a repair cost waiver upon a change of ownership or initial registration in this state during the preceding six months.

(3) (A) Prior to January 1, 2003, any motor vehicle manufactured prior to the 1974 model-year.

(B) Beginning January 1, 2003, any motor vehicle that is 30 or more model-years old.

(4) (A) Beginning January 1, 2005, any motor vehicle up to six model-years old.

(B) Any motor vehicle excepted by this paragraph shall be subject to testing and to certification requirements as determined by the department, if any of the following apply:

(i) The department determines through remote sensing activities or other means that there is a substantial probability that the vehicle has a tampered emission control system or would fail for other cause a smog check test as specified in Section 44012.

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(iv) The vehicle has been selected for testing pursuant to Section 44014.7 or any other provision of this chapter authorizing out-of-cycle testing.

(5) In addition to the vehicles exempted pursuant to paragraph (4), any motor vehicle or class of motor vehicles exempted pursuant to subdivision (b) of Section 44024.5. It is the intent of the Legislature that the department, pursuant to the authority granted by this paragraph, exempt at least 15 percent of the lowest emitting motor vehicles from the biennial smog check inspection.

(6) Any motor vehicle that the department determines would present prohibitive inspection or repair problems.

(7) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

SEC. 8. Section 44060 of the Health and Safety Code is amended to read:

44060. (a) The department shall prescribe the form of the certificate of compliance or noncompliance, repair cost waivers, and economic hardship extensions.

(b) The certificates, repair cost waivers, and economic hardship extensions shall be in the form of an electronic entry filed with the department, the Department of Motor Vehicles, and any other person designated by the department. The department shall ensure that the motor vehicle owner or operator is provided with a written report, signed by the licensed technician who performed the inspection, of any test

performed by a smog check station, including a pass or fail indication, and written confirmation of the issuance of the certificate.

(c) (1) The department shall charge a fee to a smog check station, including a test-only station, and a station providing referee functions, for a motor vehicle inspected at that station that meets the requirements of this chapter and is issued a certificate of compliance, a certificate of noncompliance, repair cost waiver, or economic hardship extension.

(2) The fee charged pursuant to paragraph (1) shall be calculated to recover the costs of the department and any other state agency directly involved in the implementation, administration, or enforcement of the motor vehicle inspection and maintenance program, and shall not exceed the amount reasonably necessary to fund the operation of the program, including all responsibilities, requirements, and obligations imposed upon the department or any of those state agencies by this chapter, that are not otherwise recoverable by fees received pursuant to Section 44034.

(3) Except for adjustments to reflect changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics, the fee for each certificate, waiver, or extension shall not exceed seven dollars ($7).

(4) Fees collected by the department pursuant to this subdivision shall be deposited in the Vehicle Inspection and Repair Fund. It is the intent of the Legislature that a prudent surplus be maintained in the Vehicle Inspection and Repair Fund.

(d) (1) Motor vehicles exempted under paragraph (4) of subdivision (a) of Section 44011 shall be subject to an annual smog abatement fee of twelve dollars ($12). The department may also, by regulation, subject motor vehicles that are exempted under paragraph (5) of subdivision (a) of Section 44011 to the twelve dollar ($12) annual smog abatement fee. Payment of the annual smog abatement fee shall be made to the Department of Motor Vehicles at the time of registration of the motor vehicle.

(2) Except as provided in subdivision (a) of Section 44091.1, fees collected pursuant to this subdivision shall be deposited on a daily basis into the Vehicle Inspection and Repair Fund.

(e) The sale or transfer of the certificate, waiver, or extension by a licensed smog check station or test-only station to any other licensed smog check station or to any other person, and the purchase or acquisition of the certificate, waiver, or extension, by any person, other than from the department, the department's designee, or pursuant to a vehicle's inspection or repair conducted pursuant to this chapter, is prohibited.

(f) Following implementation of the electronic entry certificate under subdivision (b), the department may require the modification of the

analyzers and other equipment required at smog check stations to prevent the entry of a certificate that has not been issued or validated through prepayment of the fee authorized by subdivision (c).

(g) The fee charged by licensed smog check stations to consumers for a certificate, waiver, or extension shall be the same amount that is charged by the department.

SEC. 9. Section 44091 of the Health and Safety Code is amended to read:

44091. (a) The High Polluter Repair or Removal Account is hereby created in the Vehicle Inspection and Repair Fund. All money deposited in the account pursuant to this article shall be available, upon appropriation by the Legislature, to the department and the state board to establish and implement a program for the repair or replacement of high polluters pursuant to Section 44062.1 and Article 10 (commencing with Section 44100).

(b) The department may accept donations or grants of funds from any person for purposes of the program and shall deposit that money in the account. Donations, grants, or other commitments of money to the account may be dedicated for specific purposes consistent with the uses of the account, including, but not limited to, purchasing higher emitting vehicles for the purpose of achieving the emission reductions required by the M-1 strategy of the 1994 State Implementation Plan (SIP).

(c) The funds which are available in the account in any fiscal year for a particular area that is subject to an inspection and maintenance program shall be distributed to reflect the number of vehicles registered in that area to the total number of vehicles registered in areas that are subject to inspection and maintenance programs. That percentage shall be the percentage of the total funds allocated to the program in that fiscal year which are available for that particular area.

(d) It is the intent of the Legislature that a prudent amount be determined to retain as a reserve in the Vehicle Inspection and Repair Fund, and that any moneys in the fund above that amount be transferred to the High Polluter Repair or Removal Account. It is also the intent of the Legislature that those transferred moneys be available, upon appropriation by the Legislature, for expenditure by the department to support the programs described in this section.

(e) During any fiscal year, the money in the account shall be available, upon appropriation by the Legislature, for the following purposes:

(1) Assistance in the repair of high polluters pursuant to the program established pursuant to Section 44062.1.

(2) Voluntary accelerated retirement of high polluters.

(3) Rulemaking, vehicle testing, and other technical work required to implement and administer the repair assistance program established

pursuant to Section 44062.1 and the program described in Article 10 (commencing with Section 44100).

(f) An amount of one million dollars ($1,000,000) annually for the 1997–98 fiscal year and the 1998–99 fiscal year shall be made available from the account for a program to evaluate the emission reduction effectiveness of the M-1 strategy of the 1994 SIP.

(g) All remaining amounts in the account shall be available to the program of repair assistance established pursuant to Section 44062.1.

(h) In no case shall the funding available in any subsequent fiscal year to the department for repairing or removing high-emitting vehicles under the inspection and maintenance program be less than the amount made available from the Vehicle Inspection and Repair Fund for that purpose in the 1995–96 fiscal year.

SEC. 10. Section 44091.1 of the Health and Safety Code is amended to read:

44091.1. The fee specified in paragraph (1) of subdivision (d) of Section 44060 shall be twelve dollars ($12). The revenues from that fee shall be allocated as follows:

(a) The revenues generated by six dollars ($6) of the fee shall be deposited in the Air Pollution Control Fund, and shall be available for expenditure, upon appropriation by the Legislature, to fund the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275)) to the extent that the state board or a participating district determines the moneys are expended to mitigate or remediate the harm caused by the type of motor vehicle on which the fee is imposed.

(b) (1) Except as provided for in paragraph (2), of the revenue generated by the remaining six dollars ($6) of the fee, two dollars ($2) shall be deposited in the account created by Section 44091, while the revenue generated by the remaining four dollars ($4) shall be deposited in the Vehicle Inspection and Repair Fund.

(2) All revenue generated by the remaining six dollars ($6) of the fee described in this subdivision that is imposed at first registration of a motor vehicle and that is exempted under paragraph (4) of subdivision (a) of Section 44011 shall be deposited in the account created by Section 44091.

SEC. 11. Section 5045 of the Public Resources Code is amended to read:

5045. (a) The tufa and associated sand structures at Mono Lake are a valuable geologic and scientific natural resource and are unique in North America for their beauty, abundance, diversity, and public accessibility. Their extreme fragility requires special measures for their protection and preservation for the enjoyment and education of the public.

(d) River parkways provide accessible open space that helps remedy the severe shortage of park and open-space areas that plague many urban and suburban communities, small towns, and rural areas.

(e) River parkways provide flood protection benefits for communities by providing wider corridors along our waterways that help store, and provide safe corridors for the passage of, storm waters.

(f) River parkways protect and restore riparian and riverine habitat.

(g) River parkways improve or protect the water quality in our rivers and streams.

(h) River parkways provide the recreational and ecosystem components of integrated regional water management and watershed plans.

(a) Whenever the department finds that a unit of a project is not being operated or maintained in accordance with the standards established by federal regulations or whenever the governing body of a local agency obligated to operate and maintain that unit by resolution duly adopted and filed with the department declares that it no longer desires to operate and maintain the unit, the department shall prepare a statement to that effect specifying in detail the particular items of work necessary to be done in order to comply with the standards of the federal government together with an estimate of the cost thereof for the current fiscal year and for the ensuing fiscal year.

(b) Notwithstanding any other provision of law, the board or the department is not required to proceed in accordance with subdivision (a) or with the formation of a maintenance area under this chapter if neither the board nor the department has given the nonfederal assurances to the United States required for the project. If neither the board nor the department has given the nonfederal assurances to the United States required for the project, the board or department may elect to proceed with the formation if it determines that the formation of a maintenance area is in the best interest of the state.

SEC. 35. Section 12878.33 of the Water Code is amended to read:

12878.33. If any area or zone lies within more than one county, the department shall divide the amount of the estimate in the proportion of the acreage in each county, as modified to reflect any zones of benefit, as described in Section 12878.9.

SEC. 36. Section 12878.44 of the Water Code is amended to read:

12878.44. Money expended upon any unit during any fiscal year shall not exceed by more than 20 percent the amount of the estimate for that unit for that fiscal year, unless the department determines that expenditures that exceed that amount are necessary for emergency repairs or flood fighting. If in any fiscal year more money will be expended upon a unit than is, or will be, available from assessments or collections thereon derived from the maintenance area, the estimated

amount of the deficit shall be added to the estimate for that unit for the following fiscal years, and if less money will be expended than collected, the estimated amount of that excess shall be deducted from the estimate.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 20035.5 of the Government Code, as added by Section 6 of Chapter 615 of the Statutes of 2003, is amended and renumbered to read:

20035.6. Notwithstanding Sections 20035 and 20037, ''final compensation,'' for the purpose of determining any pension or benefit with respect to a member who retires or dies on or after July 1, 2003, who was a member of State Bargaining Unit 19, and whose monthly salary range that was to be effective July 1, 2003, was reduced by 5 percent pursuant to a memorandum of understanding entered during the 2003–04 fiscal year, means the highest annual compensation the member would have earned as of July 1, 2003, if that 5 percent reduction had not occurred. This section shall only apply if the period during which the member's salary was reduced would have otherwise been included in determining his or her final compensation. The increased costs, if any, that may result from the application of the definition of ''final compensation'' provided in this section shall be paid by the employer in the same manner as other retirement benefits are funded.

SEC. 2. Section 20610 of the Government Code is amended to read:

20610. (a) Every county superintendent of schools shall enter into a contract with the board for the inclusion in this system of (a) all of the employees of the office of county superintendent whose compensation is paid from the county school service fund other than employees

electing pursuant to Section 1313 of the Education Code to continue in membership in a county system; and (b) all of the employees of school districts and community college districts existing on July 1, 1949, or thereafter formed, within his or her jurisdiction, other than school districts that are contracting agencies or that maintain a district, joint district, or other local retirement system, in respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement Plan. The effective date of each contract shall be not later than July 1, 1949. For the purposes of this part those school district employees shall be considered to be employees of the county superintendent of schools having jurisdiction over the school district by which they are employed and service to the district shall be considered as service to the county superintendent of schools.

(b) If a charter school chooses to participate in the system, all employees of the charter school who qualify for membership in the system shall be covered under the system and all provisions of this part shall apply in the same manner as if the charter school were a public school in the school district that granted the charter.

SEC. 3. Section 21251.15 of the Government Code is amended to read:

21251.15. (a) Notwithstanding any other provision of this part, when a member's account has been divided pursuant to Section 21290, and the nonmember has not effected a refund of accumulated contributions pursuant to Section 21292 prior to the member's effective date of retirement, and the nonmember has sufficient credited service to retire for service, the retirement allowance payable to a member who retires on or after January 1, 2004, shall be equal to the difference between (1) the allowance that would have been payable to the member had the division of the account not occurred and (2) the allowance payable to the nonmember on either (A) the effective date of the nonmember's retirement, or (B) if the nonmember has not retired on or before the member's effective date of retirement, the date the nonmember would have attained the age of 50 years, for service subject to Sections 21362.2, 21363.3, 21363.4, and 21363.8, and the date the nonmember would have attained the age of 55 years, or the nonmember's actual age if older than the age of 55 years on the effective date of the member's retirement, for all other service.

(b) If the nonmember retires prior to the effective date of the member's retirement, an actuarial adjustment shall also be made to the member's allowance to account for the benefits received by the nonmember spouse prior to the member's effective date of retirement.

(c) In no event may the member's retirement allowance payable under this section be less than the allowance that would otherwise be payable under this part.

SEC. 4. Section 21408 of the Government Code is amended to read:

21408. Upon the industrial disability retirement of a state miscellaneous member subject to Section 21151, the disability allowance shall be 50 percent of his or her final compensation plus an annuity purchased with his or her accumulated additional contributions, if any, or, if qualified for service retirement, he or she shall receive his or her service retirement allowance, if the allowance, after deducting the annuity, is greater.

SEC. 5. Section 21409 of the Government Code is amended to read:

21409. Upon the industrial disability retirement of a state miscellaneous member within Section 21151, or a state industrial member whose service is subject to Section 21076, the disability allowance shall be 50 percent of his or her final compensation plus an annuity purchased with his or her accumulated additional contribution, if any, or if qualified for service retirement, he or she shall receive his or her service retirement allowance, if the allowance, after deducting the annuity, is greater.

SEC. 6. Section 21410 of the Government Code is amended to read:

21410. Notwithstanding Sections 21406, 21407, 21408, 21409, and 21411, any state member who becomes subject to Section 21159 on or after January 1, 1993, and retires for industrial disability because of incapacity for the performance of duties in any employment with the state employer, as determined by the Department of Personnel Administration, shall receive a disability retirement allowance of 60 percent of the member's final compensation plus an annuity purchased with the member's accumulated additional contributions, if any, or, if qualified for service retirement, the member shall receive the service retirement allowance if the allowance, after deducting the annuity, is greater.

Benefits payable under this section are payable solely to state members employed in state bargaining units subject to Section 21159.

(a) Ninety percent of the factor applicable at the age of 65 years as set forth in Section 21076 multiplied by final compensation, multiplied by the number of years of service credited to him or her.

(b) If the nonindustrial disability retirement allowance computed under subdivision (a) does not exceed one-third of his or her final compensation, 90 percent of the benefit that would be payable to the member had the member continued in employment until the age of 65 years, but in that case the retirement allowance may not exceed one-third

of the final compensation. This subdivision is not applicable to members who have not been credited, at the time of retirement, with at least 10 years of state service.

(c) If the nonindustrial disability retirement allowance is derived from this section and Section 21423, and would otherwise exceed the maximums provided by these sections, the pension payable with respect to each section shall be reduced in the same proportion as the allowance bears to the total allowance computed as if there were no limit, so that the total of the pensions shall equal the maximum allowed.

(d) If qualified for service retirement, the member shall receive his or her service retirement allowance if that allowance is greater than the nonindustrial disability retirement allowance provided by this section.

SEC. 9. Section 21543 of the Government Code is amended to read:

21543. If payment of the special death benefit is stopped because of death of the surviving spouse or death, marriage, or attainment of the age of 22 years by a child before the sum of the monthly payment made, exclusive of the annuity derived from the accumulated additional contribution of the deceased, equals the basic death benefit, a lump sum equal to the difference shall be paid to the surviving children of the deceased member, share and share alike, or if there are no children, to the estate of the person last entitled to the allowance. In that event, the accumulated additional contributions of the deceased, as they were at his or her death, less the annuity paid as derived from those contributions, and plus interest credited to the accumulated additional contributions, shall be paid in the manner provided in this article for the payments of amounts due in the absence of a designated beneficiary.

SEC. 10. Section 22013.7 of the Government Code is amended to read:

22013.7. ''Policeman'' or ''fireman,'' as used in this part, also includes persons employed in positions set forth in Sections 20414, 20423.5, and 20441 for the purposes of Section 218(d)(5)(A) of the Social Security Act (42 U.S.C. Sec. 418(d)(5)(A)).

SEC. 11. Section 75031.5 is added to the Government Code, to read:

75031.5. (a) A judge may elect, in writing filed with the Judges' Retirement System, to make contributions and receive service credit in this system for active service, performed prior to entering the system, of not less than one year in the Armed Forces of the United States or not less than one year in the Merchant Marine of the United States prior to January 1, 1950, excluding any period of that active service for which the judge is receiving, or is entitled to receive, a retirement allowance from any other retirement system supported wholly or in part by public funds. The service credit for that service may be granted on the basis of one year of credit for each year of credited service in this system, but may not exceed a total of four years of service credit regardless of the number

of years of either that service or subsequent judicial service. A judge electing to receive credit for that service shall have at least one year of judicial service credited on the date of election or the date of retirement. If the service described in this subdivision terminated with a dishonorable discharge, service credit in the system may not be granted under this section.

(e) An election by a judge to receive credit for service under this section shall be effective only if accompanied by a lump-sum payment or an authorization for payment, other than a lump-sum payment, in accordance with regulations adopted by the board.

SEC. 12. Section 75034.1 of the Government Code is repealed.

SEC. 13. Section 75077 of the Government Code is amended to read:

75077. The surviving spouse of a judge who qualifies, as prescribed in Section 75075, to receive the benefits accorded by this article and who dies during retirement shall receive, until death, an allowance equal to one-half of the retirement allowance that would be payable to the judge if he or she were living and receiving the benefits accorded by this article.

SEC. 14. Section 75079 of the Government Code is amended to read:

75079. (a) When a judge elects and becomes entitled to receive the benefits accorded by this article, he or she does not have the right to select an optional settlement under the provisions of Article 3.5 (commencing with Section 75070) of this chapter.

(b) When a judge becomes entitled on and after January 1, 1987, to receive the benefits accorded by this article, the judge may instead elect an actuarially reduced retirement allowance payable for life and if the judge dies before he or she receives the amount of his or her accumulated contributions at retirement, the remaining unpaid amount of his or her accumulated contributions shall be paid to his or her designated beneficiary, if he or she has so designated, and if none, to his or her estate.

The election shall be made in writing and filed with the Judges' Retirement System prior to the making of the first payment on account of any retirement allowance.

(c) The surviving spouse of a judge who qualifies, as prescribed in Section 75075, to receive the benefits accorded by Section 75076 but who elected to receive the actuarially reduced retirement allowance as provided in subdivision (b) and who dies during retirement shall receive, until death, an allowance equal to one-half of the retirement allowance that would have been payable to the judge if he or she were living and had elected to receive the benefits accorded by Section 75076.

SEC. 15. Section 75091 of the Government Code is amended to read:

75091. (a) If a judge who is credited with at least 10 years of service but less than 20 years of service under this chapter dies prior to retiring under this chapter, and while serving as a judge, his or her surviving spouse shall receive a monthly allowance, payable from the Judges' Retirement Fund, equal to 1.625 percent of the monthly salary payable, at the time payment of the allowance falls due, to the judge holding the judicial office to which the deceased judge was last elected or appointed multiplied by the number of years of service of the deceased judge.

(b) If a judge who is credited with 20 years or more of service under this chapter dies prior to retiring under this chapter, and while serving as a judge, his or her surviving spouse shall receive a monthly allowance, payable from the Judges' Retirement Fund, equal to $37^1/_2$ percent of the monthly salary payable, at the time the payment of the allowance falls due, to the judge holding the judicial office to which the deceased judge was last elected or appointed.

(c) For the purposes of this section any fraction of a year equals one year. The allowance is payable commencing upon the death of the judge and continuing until the death of the surviving spouse.

(d) If the surviving spouse is eligible for an allowance under Section 75104.4, the allowance provided for by Section 75104.4 shall be paid and no allowance shall be made under this article. If an allowance is paid under this section, no payment shall be made pursuant to Section 75104 or 75104.5.

SEC. 16. Section 75094 of the Government Code is repealed.

SEC. 17. Section 75104.4 of the Government Code is amended to read:

(a) The surviving spouse of any judge who dies on or after January 1, 1954, but before retirement and after becoming eligible for retirement pursuant to Section 75025 or 75033 or who dies on or after January 1, 1954, while serving as judge and has served as a judge for 30 years, shall receive an allowance equal to one-half of the amount of the unmodified retirement allowance that would be payable to the judge were he or she living and retired under this chapter. The allowance is payable commencing upon the day following the date of the death of the judge and continuing until the death of the surviving spouse. If, pursuant

to this section, an allowance is paid to the surviving spouse of a judge, no payment shall be made pursuant to Section 75104 or 75104.5.

(b) The Legislature hereby finds and declares that the payment of allowances to the surviving spouse of a judge pursuant to this section, as amended at the 1959 Regular Session of the Legislature, serves a public purpose in that it promotes the public welfare by encouraging experienced jurists to continue their service in the expectation that the Legislature will fairly provide for their surviving spouses under changing circumstances, as the Legislature is now doing for spouses of judges who have heretofore died. Continued service by, and increased efficiency of, judges secure in this knowledge will more than compensate the state for any increased expense for allowances to surviving spouses provided by the amendment enacted at the 1959 session of the Legislature.

SEC. 18. Section 75109.1 is added to the Government Code, to read:

75109.1. (a) When there has been a payment of death benefits, a return of accumulated contributions, a contribution adjustment, or a deposit of contributions, this system may refrain from collecting an underpayment of accumulated contributions if the amount to be collected is two hundred fifty dollars ($250) or less.

(b) Notwithstanding Section 75109, when there has been a payment of death benefits, a return of accumulated contributions, a contribution adjustment, or a deposit of contributions, and there is a balance of fifty dollars ($50) or less remaining posted to a member's individual account, or an overpayment of fifty dollars ($50) or less was received, this system may dispense with a return of accumulated contributions.

(c) When there is a positive or negative balance of two hundred fifty dollars ($250) or less remaining posted to a member's individual account, or the balance exceeds two hundred fifty dollars ($250) but the difference to the monthly allowance unmodified by any optional settlement is less than five dollars ($5), this system may dispense with any recalculation of, or other adjustment to, benefit payments.

(d) The dollar amounts specified in subdivisions (a) and (c) shall be adjusted in accordance with any changes in the dollar amounts specified in Section 13943.2.

SEC. 19. Section 75506.6 is added to the Government Code, to read:

75506.6. (a) A judge may elect, in writing filed with the Judges' Retirement System II, to make contributions and receive service credit in this system for active service, performed prior to entering this system, of not less than one year in the Armed Forces of the United States or not less than one year in the Merchant Marine of the United States prior to January 1, 1950, excluding any period of that active service for which the judge is receiving, or is entitled to receive, a retirement allowance from any other retirement system supported wholly or in part by public

funds. The service credit for that service shall be granted on the basis of one year of credit for each year of credited service in this system, but may not exceed a total of four years of service credit regardless of the number of years of either that service or subsequent judicial service. A judge electing to receive credit for that service shall have at least one year of judicial service credited on the date of the election or the date of retirement. If the service described in this subdivision terminated with a dishonorable discharge, service credit in the system may not be granted under this section.

(b) For purposes of this section, a judge means a judge as defined under Section 75502 or a judge who has retired under Section 75521 or 75522.

(e) An election by a judge to receive credit for service under this section shall be effective only if accompanied by a lump-sum payment or an authorization for payment, other than a lump-sum payment, in accordance with regulations adopted by the board.

SEC. 20. Section 75611.5 is added to the Government Code, to read:

75611.5. (a) When there has been a payment of death benefits, a return of accumulated contributions, a contribution adjustment, or a deposit of contributions, this system may refrain from collecting an underpayment of accumulated contributions if the amount to be collected is two hundred fifty dollars ($250) or less.

(b) Notwithstanding Section 75611, when there has been a payment of death benefits, a return of accumulated contributions, a contribution adjustment, or a deposit of contributions, and there is a balance of fifty dollars ($50) or less remaining posted to a member's individual account, or an overpayment of fifty dollars ($50) or less was received, this system may dispense with a return of accumulated contributions.

(c) When there is a positive or negative balance of two hundred fifty dollars ($250) or less remaining posted to a member's individual account, or the balance exceeds two hundred fifty dollars ($250) but the difference to the monthly allowance unmodified by any optional settlement is less than five dollars ($5), this system may dispense with any recalculation of, or other adjustment to, benefit payments.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 60601 of the Education Code is amended to read:

60601. This chapter shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 60602 of the Education Code is amended to read:

60602. (a) It is the intent of the Legislature in enacting this chapter to provide a system of individual assessment of pupils that has the primary purpose of assisting teachers, administrators, pupils, and their parents, to improve teaching and learning. In order to accomplish these goals, the Legislature finds and declares that California should adopt a coordinated and consolidated testing program to do all of the following:

(1) First and foremost, provide information on the academic status and progress of individual pupils to those pupils, their parents, and their teachers. This information should be designed to assist in the improvement of teaching and learning in California public classrooms. The Legislature recognizes that, in addition to statewide assessments that will occur as specified in this chapter, school districts will conduct additional ongoing pupil diagnostic assessment and provide information regarding pupil performance based on those assessments on a regular basis to parents or guardians and schools. The Legislature further recognizes that local diagnostic assessment is a primary mechanism through which academic strengths and weaknesses are identified.

(2) Develop and adopt a set of statewide academically rigorous content standards and performance standards in all major subject areas to serve as the basis for assessing the academic achievement of individual pupils, as well as for schools, school districts, and for the California education system as a whole. The performance standards shall be designed to lead to specific grade level benchmarks of academic achievement for each subject area tested within each grade level and shall be based on the knowledge and skills that pupils will need in order to succeed in the information-based, global economy of the 21st century.

(3) Ensure that all assessment procedures, items, instruments, and scoring systems are independently reviewed to ensure that they meet high standards of statistical reliability and validity and that they do not use procedures, items, instruments, or scoring practices that are racially, culturally, or gender biased.

(4) Provide information to pupils, parents or guardians, teachers, schools, and school districts on a timely basis so that the information can be used to further the development of the pupil and to improve the educational program.

(5) Develop assessments that are comparable to the National Assessment of Educational Progress and other national and international assessment efforts, so that California's local and state test results are reported in a manner that corresponds to the national test results. Test results should be reported in terms describing a pupil's academic performance in relation to the statewide academically rigorous content and performance standards adopted by the State Board of Education and in terms of employment skills possessed by the pupil, in addition to being reported as numerical or percentile scores.

(6) Assess pupils for a broad range of academic skills and knowledge including both basic academic skills and the ability of pupils to apply those skills.

(7) Include an appropriate balance of types of assessment instruments, including, but not limited to, multiple choice questions, short answer questions, and assessments of applied academic skills.

(8) Minimize the amount of instructional time devoted to assessments administered pursuant to this chapter.

(b) It is the intent of the Legislature, pursuant to this article, to begin a planning and implementation process to enable the Superintendent of Public Instruction to accomplish the goals set forth in this section as soon as feasible.

(c) It is the intent of the Legislature that parents, classroom teachers, other educators, governing board members of school districts, and the public be involved, in an active and ongoing basis, in the design and implementation of the statewide pupil assessment program and the development of assessment instruments.

(d) It is the intent of the Legislature, insofar as is practically feasible and following the completion of annual testing, that the content, test structure, and test items in the assessments that are part of the Standardized Testing and Reporting Program become open and transparent to teachers, parents, and pupils, to assist all the stakeholders in working together to demonstrate improvement in pupil academic achievement. A planned change in annual test content, format, or design, should be made available to educators and the public well before the beginning of the school year in which the change will be implemented.

(e) It is the intent of the Legislature that the results of the California Standards Tests be available for use, after appropriate validation, academic credit, or placement and admissions processes, or both, at postsecondary educational institutions.

SEC. 15. Section 60640 of the Education Code, as added by Chapter 773 of the Statutes of 2003, is amended to read:

60640. (a) There is hereby established the Standardized Testing and Reporting Program, to be known as the STAR Program.

(b) Commencing in the 2004–05 fiscal year and each fiscal year thereafter, and from the funds available for that purpose, each school district, charter school, and county office of education shall administer to each of its pupils in grades 3 and 7 the achievement test designated by the State Board of Education pursuant to Section 60642 and shall administer to each of its pupils in grades 2 to 11, inclusive, the standards-based achievement test provided for in Section 60642.5. The state board shall establish a testing period to provide that all schools administer these tests to pupils at approximately the same time during the instructional year, except as necessary to ensure test security and to meet the final filing date.

(c) The publisher and the school district shall provide two makeup days for the testing of previously absent pupils within the testing period established by the state board in subdivision (b).

(d) The governing board of the school district may administer achievement tests in grades other than those required by subdivision (b) as it deems appropriate.

(e) Pursuant to paragraph (17) of subsection (a) of Section 1412 of Title 20 of the United States Code, individuals with exceptional needs, as defined in Section 56026, shall be included in the testing requirement of subdivision (b) with appropriate accommodations in administration, where necessary, and those individuals with exceptional needs who are unable to participate in the testing, even with accommodations, shall be given an alternate assessment.

(f) (1) At the option of the school district, pupils with limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, may take a second achievement test in their primary language. Primary language tests administered pursuant to this subdivision and subdivision (g) shall be subject to the requirements of subdivision (a) of Section 60641. These primary language tests shall produce individual pupil scores that are valid and reliable.

(2) Notwithstanding any other law, the state board shall designate for use, as part of this program, a single primary language test in each language for which a test is available for grades 2 to 11, inclusive, pursuant to the process used for designation of the assessment chosen in the 1997–98 fiscal year, as specified in Sections 60642 and 60643, as applicable.

(3) (A) The department shall use funds made available pursuant to Title VI of the federal No Child Left Behind Act of 2001 and appropriated by the annual Budget Act for the purpose of developing and

adopting primary language assessments that are aligned to the state academic content standards. Subject to the availability of funds, primary language assessments shall be developed and adopted for reading/language arts and mathematics in the dominant primary language of limited-English-proficient pupils. The dominant primary language shall be determined by the count in the annual language census of the primary language of each limited-English-proficient pupil enrolled in the California public schools.

(B) Once a dominant primary language assessment is available for use for a specific grade level, it shall be administered in place of the assessment designated pursuant to paragraph (1) for that grade level.

(C) In choosing a contractor to develop a primary language assessment the State Board of Education shall consider the criteria for choosing a contractor or test publisher as specified by Sections 60642 and 60643, and as specified by Section 60642.5, as applicable.

(D) Subject to the availability of funds, the assessments shall be developed in grade order starting with the lowest grade subject to the STAR Program.

(E) If the state board contracts for the development of primary language assessments or test items to augment an existing assessment, the state shall retain ownership rights to the assessment and the test items. With the approval of the state board, the department may license the test for use in other states subject to a compensation agreement approved by the Department of Finance.

(F) On or before January 1, 2006, the department shall submit to the Legislature a report on the development and implementation of the initial primary language assessments and recommendations on the development and implementation of future assessments and funding requirements.

(g) A pupil of limited English proficiency who is enrolled in any of grades 2 to 11, inclusive, shall be required to take a test in his or her primary language if a test is available, and if fewer than 12 months have elapsed after his or her initial enrollment in any public or nonpublic school in the state.

(h) (1) The Superintendent of Public Instruction shall apportion funds to school districts to enable school districts to meet the requirements of subdivisions (b), (f), and (g).

(2) The state board shall annually establish the amount of funding to be apportioned to school districts for each test administered and shall annually establish the amount that each publisher shall be paid for each test administered under the agreements required pursuant to Section 60643. The amounts to be paid to the publishers shall be determined by considering the cost estimates submitted by each publisher each September and the amount included in the annual Budget Act, and by

making allowance for the estimated costs to school districts for compliance with the requirements of subdivisions (b), (f), and (g).

(3) An adjustment to the amount of funding to be apportioned per test may not be valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(i) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation for the apportionments made pursuant to paragraph (1) of subdivision (h), and the payments made to the publishers under the contracts required pursuant to Section 60643 or subparagraph (C) of paragraph (1) of subdivision (a) of Section 60605 between the department and the contractor, are ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202, for the applicable fiscal year, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202, for that fiscal year.

(j) As a condition to receiving an apportionment pursuant to subdivision (h), a school district shall report to the superintendent all of the following:

(1) The number of pupils enrolled in the school district in grades 2 to 11, inclusive.

(2) The number of pupils to whom an achievement test was administered in grades 2 to 11, inclusive, in the school district.

(3) The number of pupils in paragraph (1) who were exempted from the test at the request of their parents or guardians.

(k) This section shall become inoperative on July 1, 2007, and as of January 1, 2008, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 16. Section 60640 is added to the Education Code, to read:

60640. (a) There is hereby established the Standardized Testing and Reporting Program, to be known as the STAR Program.

(b) Commencing in the 2007–08 fiscal year and each fiscal year thereafter, and from the funds available for that purpose, each school district, charter school, and county office of education shall administer

to each of its pupils in grades 3 and 7 the achievement test designated by the State Board of Education pursuant to Section 60642 and shall administer to each of its pupils in grades 3 to 11, inclusive, the standards-based achievement test provided for in Section 60642.5. The state board shall establish a testing period to provide that all schools administer these tests to pupils at approximately the same time during the instructional year, except as necessary to ensure test security and to meet the final filing date.

(c) The publisher and the school district shall provide two makeup days for the testing of previously absent pupils within the testing period established by the state board in subdivision (b).

(d) The governing board of the school district may administer achievement tests in grades other than those required by subdivision (b) as it deems appropriate.

(e) Pursuant to paragraph (17) of subsection (a) of Section 1412 of Title 20 of the United States Code, individuals with exceptional needs, as defined in Section 56026, shall be included in the testing requirement of subdivision (b) with appropriate accommodations in administration, where necessary, and those individuals with exceptional needs who are unable to participate in the testing, even with accommodations, shall be given an alternate assessment.

(f) At the option of the school district, a pupil with limited English proficiency who is enrolled in any of grades 3 to 11, inclusive, may take a second achievement test in his or her primary language. Primary language tests administered pursuant to this subdivision and subdivision (g) shall be subject to the requirements of subdivision (a) of Section 60641. These primary language tests shall produce individual pupil scores that are valid and reliable. Notwithstanding any other law, the state board shall designate for use, as part of this program, a single primary language test in each language for which a test is available for grades 3 to 11, inclusive, pursuant to the process used for designation of the assessment chosen in the 1997–98 fiscal year, as specified by Sections 60642 and 60643, and as specified by Section 60642.5, as applicable.

(g) A pupil identified as limited English proficient pursuant to the administration of a test provided by Section 60810, who is enrolled in any of grades 3 to 11, inclusive, and has not been reclassified as proficient in English pursuant to reclassification procedures required to be developed by Section 313, shall be required to take a test in his or her primary language if a test is available and if fewer than 12 months have elapsed after his or her initial enrollment in any public school in the state.

(h) (1) The Superintendent of Public Instruction shall apportion funds to school districts to enable school districts to meet the

requirements of subdivision (b), the alternative assessment required by subdivision (e), and subdivisions (f) and (g).

(2) The state board shall annually establish the amount of funding to be apportioned to school districts for each test administered and shall annually establish the amount that each publisher shall be paid for each test administered under the agreements required pursuant to Section 60643. The amounts to be paid to the publishers shall be determined by considering the cost estimates submitted by each publisher each September and the amount included in the annual Budget Act, and by making allowance for the estimated costs to school districts for compliance with the requirements of subdivision (b), the alternative assessment required by subdivision (e), and subdivisions (f) and (g).

(3) An adjustment to the amount of funding to be apportioned per test may not be valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(i) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation for the apportionments made pursuant to paragraph (1) of subdivision (h), and the payments made to the publishers under the contracts required pursuant to Section 60643 or subparagraph (C) of paragraph (1) of subdivision (a) of Section 60605 between the department and the contractor, are ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202, for the applicable fiscal year, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202, for that fiscal year.

(1) The number of pupils enrolled in the school district in grades 2 to 11, inclusive.

(2) The number of pupils to whom an achievement test was administered in grades 2 to 11, inclusive, in the school district.

(3) The number of pupils in paragraph (1) who were exempted from the test at the request of their parents or guardians.

(k) The superintendent and the state board are authorized and encouraged to assist postsecondary educational institutions to use the California Standards Tests for academic credit, or placement, and admissions processes, or both purposes.

(*l*) The superintendent shall, with the approval of the state board, annually release to the public at least 25 percent of test items from the standards-based achievement test provided for in Section 60642.5 from the test administered in the previous year.

(m) This section shall become operative July 1, 2007.

SEC. 17. Section 60641 of the Education Code is amended to read:

60641. (a) The department shall ensure that school districts comply with each of the following requirements:

(1) The achievement test designated pursuant to Section 60642 and the standards-based achievement test provided for in Section 60642.5 are scheduled to be administered to all pupils during the period prescribed in subdivision (b) of Section 60640.

(2) The individual results of each pupil test administered pursuant to Section 60640 shall be reported, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. This subdivision does not require teachers or other school district personnel to prepare individualized explanations of each pupil's test score.

(3) (A) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. However, except as provided in this section, individual pupil test results may only be released with the permission of either the pupil's parent or guardian if the pupil is a minor, or the pupil if the pupil has reached the age of majority or is emancipated.

(B) Notwithstanding subparagraph (A), a pupil or his or her parent or guardian may authorize the release of individual pupil results to a postsecondary educational institution for the purpose of credit, placement, or admission.

(4) The districtwide, school-level, and grade-level results of the STAR Program in each of the grades designated pursuant to Section 60640, but not the score or relative position of any individually ascertainable pupil, shall be reported to the governing board of the school district at a regularly scheduled meeting, and the countywide, school-level, and grade-level results for classes and programs under the jurisdiction of the county office of education shall be similarly reported to the county board of education at a regularly scheduled meeting.

(b) The publisher designated pursuant to Section 60642 and the publisher of the standards-based achievement tests provided for in

Section 60642.5 shall make the individual pupil, grade, school, school district, and state results available to the department pursuant to paragraph (9) of subdivision (a) of Section 60643 by August 8 of each year in which the achievement test is administered for those schools for which the last day of test administration, including makeup days, is on or before June 25. The department shall make the grade, school, school district, and state results available on the Internet by August 15 of each year in which the achievement test is administered for those schools for which the last day of test administration, including makeup days, is on or before June 25.

(c) The department shall take all reasonable steps to ensure that the results of the test for all pupils who take the test by June 25 are made available on the Internet by August 15, as set forth in subdivision (b).

(d) The department shall ensure that a California Standards Test that is augmented for the purpose of determining credit, placement, or admission of a pupil in a postsecondary educational institution inform a pupil in grade 11 that he or she may request that the results from that assessment be released to a postsecondary educational institution.

SEC. 18. Section 60642 of the Education Code, as added by Chapter 773 of the Statutes of 2003, is amended to read:

60642. (a) The Superintendent of Public Instruction and the State Board of Education may consider any evaluations of independent experts who have not been employed by a test publisher in the preceding 12 months regarding the suitability of the achievement tests submitted by publishers as required by subdivision (b) of Section 60605 for use as part of the STAR Program established by this article.

(b) Based upon a review of the achievement tests submitted and the recommendation made by the superintendent pursuant to subdivision (b) of Section 60605, the state board, in its sole discretion, based on the considerations set forth in Section 60644, shall designate for use as part of the STAR Program a single test in grades 3 and 7.

(c) The state board shall ensure that the achievement test designated pursuant to subdivision (b) contains the subject areas specified in subdivision (c) of Section 60603 for grades 3 and 7.

(d) The state board is hereby authorized to designate the achievement test to be administered pursuant to this article for more than one academic year subject to the availability of funds.

(e) The state board shall minimize, to the extent it deems feasible, the amount of testing time required by the assessment in subdivision (b) for those content areas for which there also exists a standards-based examination as provided for pursuant to Section 60642.5.

(f) This section shall become inoperative on July 1, 2007, and, as of January 1, 2008, is repealed, unless a later enacted statute, that becomes

operative on or before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 19. Section 60643 of the Education Code is amended to read:

60643. (a) To be eligible for consideration under Section 60642 or 60642.5 by the State Board of Education, test publishers shall agree in writing each year to meet the following requirements, as applicable, if selected:

(3) Comply with subdivisions (c) and (d) of Section 60645.

(4) Provide valid and reliable individual pupil scores only in the content areas specified in subdivision (c) of Section 60642 to parents or guardians, teachers, and school administrators.

(C) District level.

(D) Countywide.

(E) Statewide.

(F) Comparison of statewide scores relative to other states.

(6) Provide disaggregated scores, based on limited-English-proficient status and nonlimited-English-proficient status. For purposes of this section, pupils with ''nonlimited-English-proficient status'' shall include the total of those pupils who are English-only pupils, fluent-English-proficient pupils, and redesignated fluent-English-proficient pupils. These scores shall be provided to school districts and county boards of education in the same forms and formats listed in paragraph (5).

(7) Provide disaggregated scores by pupil gender and ethnicity and provide disaggregated scores based on whether pupils are economically disadvantaged or not. These disaggregated scores shall be in the same forms and formats as listed in paragraph (5). In any one year, the disaggregation shall entail information already being collected by school districts, county offices of education, or charter schools.

(8) Provide disaggregated scores for pupils who have individualized education programs and have enrolled in special education, to the extent required by federal law. These scores shall be provided in the same forms and formats listed in paragraph (5). This section may not be construed

to exclude the scores of special education pupils from any state or federal accountability system.

(9) Provide information listed in paragraphs (5), (6), (7), and (8) to the department and the state board in the medium requested by each entity, respectively.

(b) It is the intent of the Legislature that the publisher work with the Superintendent of Public Instruction and the state board in developing a methodology to disaggregate statewide scores as required in paragraphs (6) and (7) of subdivision (a), and in determining which variable indicated on the STAR testing document shall serve as a proxy for ''economically disadvantaged'' status pursuant to paragraph (7).

(c) Access to any information about individual pupils or their families shall be granted to the publisher only for purposes of correctly associating test results with the pupils who produced those results or for reporting and disaggregating test results as required by this section. School districts are prohibited from excluding a pupil from the test if a parent or parents decline to disclose income. This chapter does not abridge or deny rights to confidentiality contained in the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g) or other applicable provisions of state and federal law that protect the confidentiality of information collected by educational institutions.

(d) Notwithstanding any other provision of law, the publisher of the achievement test designated pursuant to Section 60642, the publisher of the standards-based achievement test provided for in Section 60642.5, or any contractor under subdivision (f) shall comply with all of the conditions and requirements enumerated in subdivision (a), as applicable, to the satisfaction of the state board.

(e) (1) A publisher may not provide a test described in Section 60642, 60642.5, or 60650 or in subdivision (f) of Section 60640 for use in California public schools, unless the publisher enters into a written contract with the department as set forth in this subdivision.

(2) The department shall develop, and the state board shall approve, a contract to be entered into with any publisher pursuant to paragraph (1). The department may develop the contract through negotiations with the publisher.

(3) For purposes of the contracts authorized pursuant to this subdivision, the department is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(4) The contracts shall include provisions for progress payments to the publisher for work performed or costs incurred in the performance of the contract. Not less than 10 percent of the amount budgeted for each separate and distinct component task provided for in each contract shall

be withheld pending final completion of all component tasks by that publisher. The total amount withheld pending final completion shall not exceed 10 percent of the total contract price.

(5) The contracts shall require liquidated damages to be paid by the publisher in the amount of up to 10 percent of the total cost of the contract for any component task that the publisher through its own fault or that of its subcontractors fails to substantially perform by the date specified in the agreement.

(6) The contracts shall establish the process and criteria by which the successful completion of each component task shall be recommended by the department and approved by the state board.

(7) The publishers shall submit, as part of the contract negotiation process, a proposed budget and invoice schedule, that includes a detailed listing of the costs for each component task and the expected date of the invoice for each completed component task.

(8) The contracts shall specify the following component tasks, as applicable, that are separate and distinct:

(A) Development of new tests or test items as required by paragraph (2) of subdivision (a).

(10) The contracts shall specify the means by which any delivery date for materials to each school district shall be verified by the publisher and the school district.

(11) School districts may negotiate a separate agreement with the publisher for any additional materials or services not within the contracts specified in this subdivision, including, but not limited to, the administration of the tests to pupils in grade levels other than grades 2 to 11, inclusive. Any separate agreement is not within the scope of the contract specified in this subdivision.

(f) The department, with approval of the state board, may enter into a separate contract for the development or administration of any test authorized pursuant to this part, including, but not limited to, item

development, coordination of tests, assemblage of tests or test items, scoring, or reporting. The liquidated damages provision set forth in paragraph (5) of subdivision (e) shall apply to any contract entered into pursuant to this subdivision.

(g) This section shall become inoperative on July 1, 2007, and, as of January 1, 2008, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

(a) (1) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher designated by the State Board of Education pursuant to Section 60642 shall make available a reading list on the Internet by June 1 of that school year. The reading list shall include an index that correlates ranges of pupil reading scores on the English language arts portion of the achievement test designated pursuant to Section 60642 to titles of materials that would be suitable for pupils in each of grades 2 to 11, inclusive, to read in order to improve their reading skills. This reading list shall include titles of books that allow a pupil to practice reading at his or her current reading level and that will assist the pupil in achieving a higher level of proficiency. To the extent possible, the index shall also include information related to the subject matter of each title. At a minimum, the reading list shall also categorize titles by subject matter and identify age-appropriate distinctions in the list.

(2) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, a report that provides a numerical distribution of the reading scores of all pupils in California who took the achievement test designated pursuant to Section 60642.

(3) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, reading lists that can be distributed to pupils based on a pupil's age and the ranges of scores on the English language arts portion of the achievement test designated pursuant to Section 60642.

(4) The requirements of this subdivision shall only become operative upon a determination by the Director of Finance that funds are available to make an adjustment pursuant to subdivision (h) of Section 60640.

(b) The state board and the Superintendent of Public Instruction shall jointly certify that the process used by the publisher to determine the

reading levels of the corresponding reading list pursuant to paragraph (1) of subdivision (a) meets the following criteria:

(1) The process is educationally valid.

(2) The process results in a reading list for each reading span that provides titles at the pupil's current reading level and the next higher level for challenging practice.

(3) The process results in a selection from the universe of titles from the list developed pursuant to subdivision (d) that matches each reading level.

(4) The process is unbiased in the selection of publishers' titles from the legal compliance list.

(c) The titles listed at each reading level range posted on the Internet and the reading lists made available to school districts pursuant to subdivision (a) shall, at a minimum, include all relevant literature materials approved as of September 1, 1999, as being legally compliant pursuant to Article 3 (commencing with Section 60040) of Chapter 1, and the titles listed in all of the content area reading and literature lists that are developed and published by the department and that have been determined by the department to meet the relevant reading level as certified pursuant to subdivision (b).

(d) By imposing the requirements of this section on publishers, it is not the intent of the Legislature to unfairly disadvantage any publisher who has otherwise met the requirements of this section or of Article 3 (commencing with Section 60040) of Chapter 1 of Part 33.

(e) This section shall become inoperative on July 1, 2007, and, as of January 1, 2008, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2008, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 234

An act to amend Sections 12693.32, 12693.325, and 12693.326 of the Insurance Code, relating to health care coverage, and making an appropriation therefor.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12693.32 of the Insurance Code is amended to read:

12693.32. (a) The board may pay designated individuals or organizations an application assistance fee, if the individual or

organization assists an applicant to complete the program application, and the applicant is enrolled in the program as a result of the application.

(b) The board may establish the list of eligible individuals, or categories of individuals and organizations, the amount of the application assistance payment, and rules necessary to assure the integrity of the payment process.

(c) The board, as part of its community outreach and education campaign, may include community-based face-to-face initiatives to educate potentially eligible applicants about the program and to assist potential applicants in the application process. Those entities undertaking outreach efforts shall not include as part of their responsibilities the selection of a health plan and provider for the applicant. Participating plans shall be prohibited from directly, indirectly, or through their agents conducting in-person, door-to-door, mail, or telephone solicitation of applicants for enrollment except through employers with employees eligible to participate in the purchasing credit mechanism. However, information approved by the board on the providers and plans available to prospective subscribers in their geographic areas shall be distributed through any door-to-door activities for potentially eligible applicants and their children.

(d) (1) All assistance offered to an individual applying to the program shall be free of charge. Except as provided in subdivision (a) or by a regulation adopted by the board, no individual or organization offering or providing assistance to an applicant to complete the program application shall solicit or receive any fee or remuneration from the applicant or subscriber for offering or providing that service.

(2) A person who violates this subdivision or a regulation adopted by the board pursuant to this subdivision, shall be assessed a civil penalty of five hundred dollars ($500) for each violation. For this purpose, a violation occurs each day a solicitation is published on an Internet Web site or is otherwise circulated to the public. This penalty is in addition to any other remedy or penalty provided by law. All penalties collected under this paragraph shall be deposited in the State Treasury to the credit of the Healthy Families Fund.

(3) A civil or administrative action brought under this article at the request of the board may be brought by the Attorney General in the name of the people of the State of California in a court of competent jurisdiction, or in a hearing through the Office of Administrative Hearings conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except that when a civil action is to be filed in small claims court, the board may bring the action. The action shall be filed within three years of the date the board discovered the facts indicating a violation of this subdivision.

SEC. 2. Section 12693.325 of the Insurance Code is amended to read:

12693.325. (a) (1) Notwithstanding any provision of this chapter, a participating health, dental, or vision plan that is licensed and in good standing as required by subdivision (b) of Section 12693.36 may provide application assistance directly to an applicant acting on behalf of an eligible person who telephones, writes, or contacts the plan in person at the plan's place of business, or at a community public awareness event that is open to all participating plans in the county, or at any other site approved by the board, and who requests application assistance.

(2) Until January 1, 2006, a participating health, dental, or vision plan may also provide application assistance directly to an applicant only under the following conditions:

(A) The assistance is provided upon referral from a government agency, school, or school district.

(B) The applicant has authorized the government agency, school, or school district to allow a health, dental, or vision plan to contact the applicant with additional information on enrolling in free or low-cost health care.

(C) The State Department of Health Services approves the applicant authorization form in consultation with the board.

(D) The plan may not actively solicit referrals and may not provide compensation for the referrals.

(E) If a family is already enrolled in a health plan, the plan that contacts the family cannot encourage the family to change health plans.

(F) The board amends its marketing guidelines to require that when a government agency, school, or school district requests assistance from a participating health, dental, or vision plan to provide application assistance, that all plans in the area shall be invited to participate.

(G) The plan abides by the board's marketing guidelines.

(b) A participating health, dental, or vision plan may provide application assistance to an applicant who is acting on behalf of an eligible or potentially eligible child in any of the following situations:

(1) The child is enrolled in a Medi-Cal managed care plan and the participating plan becomes aware that the child's eligibility status has or will change and that the child will no longer be eligible for Medi-Cal. In those instances, the plan shall inform the applicant of the differences in benefits and requirements between the Healthy Families Program and the Medi-Cal program.

(2) The child is enrolled in a Healthy Families Program managed care plan and the participating plan becomes aware that the child's eligibility status has changed or will change and that the child will no longer be eligible for the Healthy Families Program. When it appears a child may be eligible for Medi-Cal benefits, the plan shall inform the applicant of

the differences in benefits and requirements between the Medi-Cal program and the Healthy Families Program.

(3) The participating plan provides employer-sponsored coverage through an employer and an employee of that employer who is the parent or legal guardian of the eligible or potentially eligible child.

(4) The child and his or her family are participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(5) The child's family, but not the child, is participating through the participating plan in COBRA continuation coverage or other group continuation coverage required by either state or federal law, and the group continuation coverage will expire within 60 days, or has expired within the past 60 days.

(c) A participating health, dental, or vision plan employee or other representative that provides application assistance shall complete a certified application assistant training class approved by the State Department of Health Services in consultation with the board. The employee or other representative shall in all cases inform an applicant verbally of his or her relationship with the participating health plan. In the case of an in-person contact, the employee or other representative shall provide in writing to the applicant the nature of his or her relationship with the participating health plan and obtain written acknowledgment from the applicant that the information was provided.

(d) A participating health, dental, or vision plan that provides application assistance may not do any of the following:

(1) Directly, indirectly, or through its agents, conduct door-to-door marketing or telephone solicitation.

(2) Directly, indirectly, or through its agents, select a health plan or provider for a potential applicant. Instead, the plan shall inform a potential applicant of the choice of plans available within the applicant's county of residence and specifically name those plans and provide the most recent version of the program handbook.

(3) Directly, indirectly, or through its agents, conduct mail or in-person solicitation of applicants for enrollment, except as specified in subdivision (b), using materials approved by the board.

(e) A participating health, dental, or vision plan that provides application assistance pursuant to this section is not eligible for an application assistance fee otherwise available pursuant to Section 12693.32, and may not sponsor a person eligible for the program by paying his or her family contribution amounts or copayments, and may not offer applicants any inducements to enroll, including, but not limited to, gifts or monetary payments.

(f) A participating health, dental, or vision plan may assist applicants acting on behalf of subscribers who are enrolled with the participating plan in completing the program's annual eligibility review package in order to allow those applicants to retain health care coverage.

(g) Each participating health, dental, or vision plan shall submit to the board a plan for application assistance. All scripts and materials to be used during application assistance sessions shall be approved by the board and the State Department of Health Services.

(h) Each participating health, dental, or vision plan shall provide each applicant with the toll-free telephone number for the Healthy Families Program.

(i) When deemed appropriate by the board, the board may refer a participating health, dental, or vision plan to the Department of Managed Health Care or the State Department of Health Services, as applicable, for the review or investigation of its application assistance practices.

(j) The board shall evaluate the impact of the changes required by this section and shall provide a biennial report to the Legislature on or before March 1 of every other year. To prepare these reports, the State Department of Health Services, in cooperation with the board, shall code all the application packets used by a managed care plan to record the number of applications received that originated from managed care plans. The number of applications received that originated from managed care plans shall also be reported on the board's Web site. In addition, the board shall periodically survey those families assisted by plans to determine if the plans are meeting the requirements of this section, and if families are being given ample information about the choice of health, dental, or vision plans available to them.

(k) Nothing in this section shall be seen as mitigating a participating health, dental, or vision plan's responsibility to comply with all federal and state laws, including, but not limited to, Section 1320a-7b of Title 42 of the United States Code.

(*l*) Paragraph (2) of subdivision (a) shall become inoperative on January 1, 2006.

SEC. 3. Section 12693.326 of the Insurance Code is amended to read:

12693.326. Notwithstanding any other provision of this part, a new subscriber in the program shall be allowed to switch his or her choice of plans once within the first three months of coverage for any reason.

CHAPTER 235

An act to amend Sections 19596.1 and 19596.2 of, and to add Section 19596.3 to, the Business and Professions Code, relating to horse racing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 19596.1 of the Business and Professions Code is amended to read:

19596.1. (a) Notwithstanding any other provision of law, the board may authorize a harness or quarter horse association conducting a race meeting to accept wagers on the results of out-of-state or out-of-country harness or quarter horse races and, with the board's approval and with the concurrence of the horsemen's organization contracting with the association, other designated harness or quarter horse races during the period it is conducting the racing meeting, if all of the following conditions are met:

(1) The authorization complies with federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(2) Wagering is offered only within the racing inclosure and only within 36 hours of the running of the out-of-state feature race.

(3) The association conducts at least seven live races, and imports not more than six races on those days during a racing meeting when live races are being run, except as provided in subdivision (b).

(4) If only one breed of horse specified in this section is being raced on a given day, then the association conducting the live racing may import those races which would otherwise be simulcast by the association which is not racing, provided that the total number of harness or quarter horse races imported in a calendar year does not exceed the number of night races imported in 1998 after 5:30 p.m. After the usual deductions, including the portion for the racing association, the portion remaining for purses from these races shall be distributed equally for purses for harness horsemen and quarter horse horsemen.

(5) No quarter horse or harness racing association shall accept wagers on out-of-state or out-of-country quarter horse or harness races commencing before 5:30 p.m., Pacific standard time, without the consent of any thoroughbred association or fair that is then conducting a live racing meeting in this state.

(b) An association that is authorized to import races pursuant to subdivision (a) may, at its sole discretion, import fewer than the maximum number of harness or quarter horse races authorized in paragraph (3) of subdivision (a). For up to two races per night, for each race that is not imported under the maximum authorized by paragraph (3) of subdivision (a) on a particular night of racing, the association may add a race to the number of races allowable under the maximum authorization on another night of racing. However, no more than two races may be added under this subdivision to the number allowable on a single night, and the total number of imported races over a calendar year may not exceed the total number of imported races authorized pursuant to paragraphs (3) and (4) of subdivision (a).

SEC. 2. Section 19596.2 of the Business and Professions Code is amended to read:

19596.2. (a) Notwithstanding any other provision of law and except as provided in Section 19596.4, a thoroughbred racing association or fair may distribute the audiovisual signal and accept wagers on the results of out-of-state thoroughbred races conducted in the United States during the calendar period the association or fair is conducting a race meeting, including days on which there is no live racing being conducted by the association or fair, without the consent of the organization that represents horsemen participating in the race meeting and without regard to the amount of purses, provided that the total number of thoroughbred races on which wagers are accepted statewide in any given year does not exceed the total number of thoroughbred races on which wagers were accepted in 1998. Further, the total number of thoroughbred races imported by associations or fairs on a statewide basis under this section shall not exceed 23 per day on days when live thoroughbred or fair racing is being conducted in the state. The limitation of 23 imported races per day does not apply to any of the following:

(1) Races imported for wagering purposes pursuant to subdivision (c).

(2) Races imported that are part of the race card of the Kentucky Derby, the Kentucky Oaks, the Preakness Stakes, the Belmont Stakes, the Jockey Club Gold Cup, the Breeders' Cup, or the Haskell Invitational.

(3) Races imported into the northern zone when there is no live thoroughbred or fair racing being conducted in the northern zone.

(4) Races imported into the combined central and southern zones when there is no live thoroughbred or fair racing being conducted in the combined central and southern zones.

(b) Any thoroughbred association or fair accepting wagers pursuant to subdivision (a) shall conduct the wagering in accordance with the applicable provisions of Sections 19601, 19616, 19616.1, and 19616.2.

(c) No thoroughbred association or fair may accept wagers pursuant to this section on out-of-state races commencing after 7 p.m., Pacific standard time, without the consent of the harness or quarter horse racing association that is then conducting a live racing meeting in Orange or Sacramento Counties.

SEC. 3. Section 19596.3 is added to the Business and Professions Code, to read:

19596.3. Notwithstanding any other provision of law, a thoroughbred racing association or fair may distribute the audiovisual signal and accept wagers on the results of out-of-country thoroughbred races during the calendar period the association or fair is conducting a race meeting, without the consent of the organization that represents horsemen participating in the race meeting. Out-of-country races shall be imported under the following conditions:

(a) A thoroughbred association or fair shall conduct the wagering in accordance with the applicable provisions of Sections 19601, 19616, 19616.1, and 19616.2.

(b) The total number of out-of-country thoroughbred races on which wagers are allowed to be accepted statewide in any given year shall not exceed the total number of out-of-country thoroughbred races on which wagers were accepted in 1998.

(c) No thoroughbred association or fair may accept wagers pursuant to this section on out-of-country races commencing after 5:30 p.m., Pacific standard time, without the consent of the harness or quarter horse racing association that is then conducting a live racing meeting.

(d) A thoroughbred racing association or fair distributing the audiovisual signal and accepting wagers on the results of out-of-country races pursuant to this section may execute an agreement with an association that conducts thoroughbred races in the southern zone to allow that association to distribute the signal and accept wagers on the results of out-of-country thoroughbred races, except that the license fees paid to the state shall be double the amount paid by a quarter horse racing association specified in subdivision (b) of Section 19605.7.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To protect the California horse racing industry from losing customers to out-of-state and out-of-country wagering hubs, it is necessary that this bill take immediate effect.

CHAPTER 236

An act to amend Sections 18070, 18070.2, 18070.3, and 18070.5 of, and to add Sections 18070.6 and 18070.7 to, the Health and Safety Code, relating to manufactured housing, and making an appropriation therefor.

[Approved by Governor August 16, 2004. Filed with Secretary of State August 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 18070 of the Health and Safety Code is amended to read:

18070. (a) The Legislature finds and declares all of the following:

(1) The financial hardship endured by someone who is buying or selling a manufactured home for the purpose of using it for a primary residence is more profound than the hardship of someone who is selling or purchasing a manufactured home for investment purposes.

(2) It is, therefore, the intent of the Legislature in enacting this chapter that any claims for primary residences submitted, pursuant to this chapter, by a claimant for payment from the fund shall be given priority over claims submitted for investment purposes.

(3) The distinctions made in this chapter between claims made for personal residential purposes and claims made for investment purposes shall reflect the priorities set forth in this paragraph.

(4) The costs of seeking and obtaining civil judgments and related collection efforts to support claims for compensation often exceed the ability of claimants and the amounts received.

(5) The costs and efforts of public entities obtaining criminal or administrative restitution orders could provide further benefits if these orders could be used as the basis for compensation claims.

(b) The following definitions shall apply for the purposes of this chapter:

(1) ''Actual and direct loss'' includes the following:

(A) The amount of the actual and direct loss, interest at the statutory rate from the date of loss, plus court costs and reasonable attorney fees incurred in pursuit of the judgment, not to exceed 25 percent of the amount of the judgment, if the claim is based on a judgment obtained by a private attorney or an attorney employed by a nonprofit corporation,

and not to exceed 35 percent of the amount of the judgment if the claim is based on a judgment obtained by an attorney employed by a public agency.

(B) The amount of the actual and direct loss, if the claim is not based on a judgment. However, the claimant may collect actual and reasonable costs incurred in pursuit of compensation including attorneys fees not exceeding 15 percent of the amount of the claim and court costs, if any.

''Actual and direct loss'' does not include any punitive damages or damages awarded for negligent or intentional infliction of emotional distress.

(2) ''Claimant'' does not include a person holding a lien on, or a person possessing a secondary interest in, a manufactured home.

(3) ''Conversion'' means the unlawful appropriation of the property of another.

(4) ''Judgment'' means any of the following:

(A) A final judgment in a court of competent jurisdiction, other than a court in another state, including, but not limited to, a criminal restitution order issued pursuant to subdivision (f) of Section 1202.4 of the Penal Code or Section 3663 of Title 18 of the United States Code.

(B) An order of the director, including an order for restitution, based on an accusation filed pursuant to Article 3 (commencing with Section 18058) of Chapter 7, after an opportunity for a hearing.

(5) ''Complaint'' means the facts of the underlying transaction upon which the criminal restitution order or administrative order is based.

(6) ''Judgment debtor'' means any defendant who is the subject of the criminal restitution order or civil judgment, any respondent who is the subject of an administrative accusation and order, or any person responsible for any violation upon which payment is made, as determined by the department.

(c) There is hereby created in the State Treasury the Manufactured Home Recovery Fund. The money in the fund shall be used only for the purposes of this chapter, including payment of the department's administrative costs incurred pursuant to this chapter. The department's costs may include any investigative costs incurred under this chapter, costs incurred to render a decision pursuant to Section 18070.3, and costs incurred in defending a decision on appeal.

(d) The money in the fund may be invested pursuant to Chapter 3 (commencing with Section 16430) of Part 2 of Division 4 of Title 2 of the Government Code. All income derived from investments of the fund shall be returned to the fund by the Treasurer as the income is earned.

(e) Notwithstanding Section 13340 of the Government Code, the money in the fund is hereby continuously appropriated to make the payments and distributions required by this chapter.

SEC. 2. Section 18070.2 of the Health and Safety Code is amended to read:

18070.2. (a) Fees for the establishment and operation of the Manufactured Home Recovery Fund shall be collected on or after January 1, 1985. Claims against the fund arising from sales which occur after January 1, 1985, may not be submitted to the department before January 1, 1986. For purposes of this section, the date of sale shall be either of the following:

(1) The date escrow closes for sales by dealers that are subject to Section 18035 or 18035.2.

(2) For all other sales, including sales by dealers in which escrow does not close, the date when the purchaser has paid the purchase price or, in lieu thereof, has signed a security agreement, option to purchase, or purchase contract and has taken physical possession or delivery of the manufactured home.

(b) Notwithstanding any other provision of law, whenever the balance in the Manufactured Home Recovery Fund exceeds one million dollars ($1,000,000) on January 1 of any year, the department may reduce the fee provided for in subdivision (c) of Section 18070.1. The department may again increase the fee up to a maximum of ten dollars ($10) whenever the balance in the fund falls below one million dollars ($1,000,000).

SEC. 3. Section 18070.3 of the Health and Safety Code is amended to read:

18070.3. (a) When any person (1) who has purchased a manufactured home for a personal or family residential or investment purpose or (2) who has sold a manufactured home for a personal or family residential or investment purpose, obtains a final judgment against any manufactured home manufacturer, manufactured home dealer or salesperson, or other seller or purchaser, and the judgment is based on the grounds of (1) failure to honor warranties or guarantees, (2) fraud or willful misrepresentation related to any financial provision, (3) fraud or willful misrepresentation of the kind or quality of the product sold or purchased, (4) conversion, (5) any willful violation of any other provision of this part, including the provisions regulating escrow accounts, or regulations adopted pursuant to this part, or (6) violation of Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code, resulting in an actual and direct loss directly arising out of any transaction that occurs on or after January 1, 1985, the person, upon termination of all proceedings, including appeals, may file a claim with the department for an order directing payment out of the fund for the amount of actual and direct loss in the transaction.

(b) If any person either purchases a manufactured home used for a personal or family residential or investment purpose from, or sells a manufactured home used for a personal or family residential or investment purpose to, a person or entity who is or has been the subject of a bankruptcy proceeding, the person may file a claim with the department for an order directing payment out of the fund for the actual and direct loss in the transaction based on (1) the failure to honor warranties or guarantees, (2) fraud or willful misrepresentation related to any financial provision, (3) fraud or willful misrepresentation of the kind or quality of product purchased or sold, (4) conversion, (5) willful violation of any other provision in this part, including the provisions regulating escrow accounts, or (6) violation of Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code, resulting in an actual and direct loss directly arising out of any transaction that occurs on or after January 1, 1985.

(B) That the claimant's claim is consistent with this chapter and the claimant had presented evidence satisfactory to the department that the debtor is judgment proof, or demonstrated evidence satisfactory to the department that the costs of collection are likely to be in excess of the amounts that could be collected. This evidence may include, but not be limited to, a description of searches and inquiries conducted by or on behalf of the claimant with respect to the judgment debtor's assets eligible to be sold or applied to the satisfaction of the judgment, an itemized valuation of the assets discovered, and the results of actions by the claimant to have the assets applied to satisfaction of the judgment.

(4) That, if the claimant is a seller of a manufactured home used by the seller for personal, family, or household purposes, the claimant made a good faith effort to adequately secure the debt resulting from the sale of the manufactured home and with respect to which the claim is made. For purposes of this paragraph, a good faith effort to secure the debt may be demonstrated by, but shall not be limited to, providing the department with a promissory note signed by the debtor and which, pursuant to the terms thereof, is secured by collateral with a reasonable value at least equal to the debt evidenced by the promissory note.

[Approved by Governor August 23, 2004. Filed with Secretary of State August 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Nassella pulchra, or purple needlegrass as it is commonly known, is the most extensive and widespread native perennial bunchgrass found in the state, with a range extending from the Oregon border into northern Baja California.

(b) The seed of this grass species was one of several used by many California Native American communities as a food source. It remains an important food source for wildlife.

(c) During the period of Mexican control of California, Nassella pulchra was used for cattle grazing to support the huge cowhide and tallow industry. Today, Nassella pulchra continues to provide forage for California's important cattle industry.

(d) The deep root systems of this grass support the survival of young oak trees by promoting mycorrihizal fungi, which are important to their health.With a lifespan of up to 100 years, Nassella pulchra provides food for more than 330 terrestrial species of life.

(e) Once established, Nassella pulchra helps repel the invasion of weeds and has been used for numerous restoration projects such as establishing a specific habitat for fauna, erosion control, and stormwater containment levees. It is hardy, drought resistant, desirable forage to livestock, and easily recognizable.

(f) Nassella pulchra burns more slowly than flash-burning annual stubble and speeds postfire recovery of burned habitat.

(g) Because Nassella pulchra is native to California, many who work with native plants and habitat restoration have already informally named this species as the State Grass.

(h) With new species of exotic grasses and weeds emerging everyday, it is important to recognize Nassella pulchra as a symbol of the heritage, splendor, and natural diversity found in the early days of California.

(i) Nassella pulchra is used as a teaching tool as a symbol of the natural environment of early California, and protecting the history of Nassella pulchra is essential to safeguarding this precious resource and enhancing grassland heritage throughout the state.

SEC. 2. Section 425.10 is added to the Government Code, to read:

425.10. Purple needlegrass, or Nassella pulchra, is the official State Grass.

SECTION 1. Section $13^3/_4$ of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915) is amended to read:

Sec. $13^3/_4$. 25550. (a) Notwithstanding subdivision (a) of Section 25522 and Section 25540.6, the commission shall establish a process to issue its final certification for any thermal powerplant and related facilities within six months after the filing of the application for certification that, on the basis of an initial review, shows that there is substantial evidence that the project will not cause a significant adverse impact on the environment or electrical system and will comply with all applicable standards, ordinances, or laws. For purposes of this section, filing has the same meaning as in Section 25522.

(b) Thermal powerplants and related facilities reviewed under this process shall satisfy the requirements of Section 25520 and other necessary information required by the commission, by regulation, including the information required for permitting by each local, state, and regional agency that would have jurisdiction over the proposed thermal powerplant and related facilities, but for the exclusive jurisdiction of the commission, and the information required for permitting by each federal agency that has jurisdiction over the proposed thermal powerplant and related facilities.

(c) After acceptance of an application under this section, the commission shall not be required to issue a six-month final decision on the application if it determines there is substantial evidence in the record that the thermal powerplant and related facilities may result in a significant adverse impact on the environment or electrical system or does not comply with an applicable standard, ordinance, or law. Under this circumstance, the commission shall make its decision in accordance with subdivision (a) of Section 25522 and Section 25540.6, and a new application shall not be required.

(d) For an application that the commission accepts under this section, all local, regional, and state agencies that would have had jurisdiction over the proposed thermal powerplant and related facilities, but for the exclusive jurisdiction of the commission, shall provide their final comments, determinations, or opinions within 100 days after the filing of the application. The regional water quality control boards, as established pursuant to Chapter 4 (commencing with Section 13200) of Division 7 of the Water Code, shall retain jurisdiction over any applicable water quality standard that is incorporated into any final certification issued pursuant to this chapter.

(e) Thermal powerplants and related facilities that demonstrate superior environmental or efficiency performance shall receive priority in review.

(f) With respect to a thermal powerplant and related facilities reviewed under the process established by this chapter, it shall be shown that the applicant has a contract with a general contractor and has contracted for an adequate supply of skilled labor to construct, operate, and maintain the plant.

(g) With respect to a thermal powerplant and related facilities reviewed under the process established by this chapter, it shall be shown that the thermal powerplant and related facilities complies with all regulations adopted by the commission that ensure that an application addresses disproportionate impacts in a manner consistent with Section 65040.12 of the Government Code.

(h) To implement this section, the commission may adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section

11340) of Part 2 of Division 3 of Title 2 of the Government Code. For purposes of that chapter, including without limitation, Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare.

For purposes of this section, filing has the same meaning as in Section 25522.

(b) The repowering of a thermal powerplant and related facilities reviewed under this process shall satisfy the requirements of Section 25520 and other necessary information required by the commission by regulation, including the information required for permitting by each local, state, and regional agency that would have jurisdiction over the proposed repowering of a thermal powerplant and related facilities, but for the exclusive jurisdiction of the commission, and the information required for permitting by each federal agency that has jurisdiction over the proposed repowering of a thermal powerplant and related facilities.

Under this circumstance, the commission shall make its decision in accordance with subdivision (a) of Section 25522 and Section 25540.6, and a new application shall not be required.

(d) For an application that the commission accepts under this section, any local, regional, or state agency that would have had jurisdiction over the proposed thermal powerplant and related facilities, but for the exclusive jurisdiction of the commission, shall provide its final comments, determinations, or opinions within 100 days after the filing

of the application. The regional water quality control board, as established pursuant to Chapter 4 (commencing with Section 13200) of Division 7 of the Water Code, shall retain jurisdiction over any applicable water quality standard that is incorporated into any final certification issued pursuant to this chapter.

(h) To implement this section, the commission may adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For purposes of that chapter, including, without limitation, Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare.
