For subdivided lands that were subject to the imposition of a condition pursuant to subdivision (b) of Section 66473.7 of the Government Code, the true statement of the provisions made for water shall be satisfied by submitting a copy of the written verification of the available water supply obtained pursuant to Section 66473.7 of the Government Code.

(16) Any other information that the owner, his or her agent, or the subdivider may desire to present.

(c) The commissioner may, by regulation, or on the basis of the particular circumstances of a proposed offering, waive the requirement of the submission of a completed questionnaire if the commissioner determines that prospective purchasers or lessees of the subdivision interests to be offered will be adequately protected through the issuance of a public report based solely upon information contained in the notice of intention.

CHAPTER 621

An act to add Article 6 (commencing with Section 27390) to Chapter 6 of Division 2 of Title 3 of the Government Code, relating to county recorders, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature to enact legislation to develop a system to permit the electronic delivery, recording, and return of instruments affecting right, title, or interest in real property.

(b) (1) Except as set forth in subdivision (c), it is the intent of the Legislature that electronic recording be limited in its initial development to the digitized electronic delivery, recording, and return of instruments submitted by a title insurer, underwritten title company, institutional lender, as defined in paragraph (1), (2), or (4) of subdivision (j) of Section 50003 of the Financial Code, or an entity of local, state, or federal government. This will enable county recorders, county district attorneys, and the Attorney General to develop an electronic recording delivery system that will protect property owners and lenders from fraud and identity theft. It is the intent of the Legislature to consider expanding this system to cover additional submitting entities and digital electronic records based on experience with the system.

(2) It is not the intent of the Legislature in limiting electronic recordation of certain documents to digitized electronic delivery, to suggest, and no inference should be drawn, that digital documents pose a greater risk of fraud or identity theft than digitized documents.

(c) It is further the intent of the Legislature to enact legislation to permit, upon certification, a title insurer, underwritten title company, entity of local, state, or federal government, or institutional lender, as defined in subdivision (j) of Section 50003 of the Financial Code, to submit a digitized or digital electronic record that is an instrument of reconveyance, substitution of trustee, or assignment of deed of trust, without meeting specified requirements of this act because these instruments are less likely to result in consumer fraud.

SEC. 2. Article 6 (commencing with Section 27390) is added to Chapter 6 of Division 2 of Title 3 of the Government Code, to read:

Article 6. Electronic Recording Delivery Act of 2004

27390. (a) This article shall be known and may be cited as the Electronic Recording Delivery Act of 2004.

(b) For the purposes of this article, the following definitions shall apply:

(1) ''Authorized submitter'' means a party that has entered into a contract with a county recorder pursuant to subdivision (b) of Section 27391 and is not disqualified pursuant to Section 27395.

(2) ''Computer security auditor'' means computer security personnel hired to perform an independent audit of the electronic recording

delivery system. The computer security auditor shall be independent of the county recorder and the authorized submitter and shall not be the same contractor hired to establish or participate in a county's electronic recording delivery system or in the authorized submitter's portion of that system.

(3) ''Digital electronic record'' means a record containing information that is created, generated, sent, communicated, received, or stored by electronic means, but not created in original paper form.

(4) ''Digitized electronic record'' means a scanned image of the original paper document.

(5) ''Electronic recording delivery system'' means a system to deliver for recording, and to return to the party requesting recording, digitized or digital electronic records.

(6) ''Security testing'' means an independent security audit by a computer security auditor, including, but not limited to, attempts to penetrate an electronic recording delivery system for the purpose of testing the security of that system.

(7) ''Source code'' means a program or set of programs, readable and maintainable by humans, translated or interpreted into a form that the electronic recording delivery system can execute.

(8) ''System certification'' means the issuance of a confirmation letter regarding a county's electronic recording delivery system by the Attorney General.

27391. (a) Upon approval by resolution of the board of supervisors and system certification by the Attorney General, a county recorder may establish an electronic recording delivery system.

(b) Upon system certification, a county recorder may enter into a contract with a title insurer, as defined in Section 12340.4 of the Insurance Code, underwritten title company, as defined in Section 12340.5 of the Insurance Code, institutional lender, as defined in paragraph (1), (2), or (4) of subdivision (j) of Section 50003 of the Financial Code, or an entity of local, state, or federal government for the delivery for recording, and return to the party requesting recording, of a digitized electronic record that is an instrument affecting a right, title, or interest in real property. The contract may provide for the delivery of documents by an agent. However, the agent shall not be a vendor of electronic recording delivery systems.

(c) A county recorder may refuse to enter into a contract with any party or may terminate or suspend access to a system for any good faith reason, including, but not limited to, a determination by the county recorder that termination or suspension is necessary to protect the public interest, to protect the integrity of public records, or to protect homeowners from financial harm, or if the volume or quality of instruments submitted by the requester is not sufficient to warrant

electronic recordation. A county recorder may also terminate or suspend access to a system if a party commits a substantive breach of the contract, the requirements of this article, or the regulations adopted pursuant to this article.

(d) Notwithstanding Section 27321, a county recorder may require a party electronically submitting records to mail a copy of the recorded electronic document to the address specified in the instructions for mailing upon completion of recording.

(e) When a signature is required to be accompanied by a notary's seal or stamp, that requirement is satisfied if the electronic signature of the notary contains all of the following:

(1) The name of the notary.

(2) The words ''Notary Public.''

(3) The name of the county where the bond and oath of office of the notary are filed.

(4) The sequential identification number assigned to the notary, if any.

(5) The sequential identification number assigned to the manufacturer or vendor of the notary's physical or electronic seal, if any.

27392. (a) No electronic recording delivery system may become operational without system certification by the Attorney General. The certification shall affirm that the proposed county system conforms to this article and any regulations adopted pursuant to this article, that security testing has confirmed that the system is secure and that the proposed operating procedures are sufficient to assure the continuing security and lawful operation of that system. The certification may include any agreements between the county recorder and the Attorney General as to the operation of the system, including, but not limited to, the nature and frequency of computer security audits. Certification may be withdrawn for good cause.

(b) The Attorney General shall approve software and other services for electronic recording delivery systems pursuant to regulations adopted as described in paragraph (7) of subdivision (b) of Section 27393.

27393. (a) The Attorney General shall, in consultation with interested parties, adopt regulations for the review, approval, and oversight of electronic recording delivery systems. Regulations shall be adopted pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3). The regulations shall comply with Section 12168.7.

(b) The regulations adopted pursuant to subdivision (a) may include, but need not be limited to, all of the following:

(1) Establishment of baseline technological and procedural specifications for electronic recording delivery systems.

(2) Requirements for security, capacity, reliability, and uniformity.

(3) Requirements as to the nature and frequency of computer security audits.

(4) A statement of a detailed and uniform definition of the term ''source code'' consistent with paragraph (7) of subdivision (b) of Section 27390, and as used in this article, and applicable to each county's electronic recording delivery system.

(5) Requirements for placement of a copy of the operating system, source code, compilers, and all related software associated with each county's electronic recording delivery system in an approved escrow facility prior to that system's first use.

(6) Requirements to ensure that substantive modifications to an operating system, compilers, related software, or source code are approved by the Attorney General.

(7) Procedures for initial certification of vendors offering software and other services to counties for electronic recording delivery systems.

(8) Requirements for system certification and for oversight of approved systems.

(9) Requirements for fingerprinting and criminal records checks required by Section 27395, including a list of employment positions or classifications subject to criminal records checks under subdivision (f) of that section.

(10) Requirements for uniform index information that shall be included in every digitized or digital electronic record.

(11) Requirements for protecting proprietary information accessed pursuant to subdivision (e) of Section 27394 from public disclosure.

(12) Requirements for certification under Section 27397.5.

(c) The Attorney General may promulgate any other regulations necessary to fulfill his or her obligations under this article.

(c) An electronic recording delivery system shall be subject to local inspection and review by the Attorney General. The Attorney General shall furnish a statement of any relevant findings associated with a local inspection of an electronic recording delivery system, to the county recorder and the district attorney of the affected county, and to all technology vendors associated with that system.

27394. (a) To be eligible to establish an electronic recording delivery system, a county recorder shall contract with, and obtain a report from, a computer security auditor selected from a list of computer security auditors approved by the Attorney General.

(b) The Attorney General shall approve computer security auditors on the basis of significant experience in the evaluation and analysis of Internet security design, the conduct of security testing procedures, and specific experience performing Internet penetration studies. The Attorney General shall complete the approval of security auditors within

90 days of a request from a county recorder. The list shall be a public record.

(c) An electronic recording delivery system shall be audited, at least once during the first year of operation and periodically thereafter, as set forth in regulation and in the system certification, by a computer security auditor. The computer security auditor shall conduct security testing of the electronic recording delivery system. The reports of the computer security auditor shall include, but not be limited to, all of the following considerations:

(1) Safety and security of the system, including the vulnerability of the electronic recording delivery system to fraud or penetration.

(2) Results of testing of the system's protections against fraud or intrusion, including security testing and penetration studies.

(3) Recommendations for any additional precautions needed to ensure that the system is secure.

(d) Upon completion, the reports and any response to any recommendations shall be transmitted to the board of supervisors, the county recorder, the county district attorney, and the Attorney General. These reports shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

(e) A computer security auditor shall have access to any aspect of an electronic recording delivery system, in any form requested. Computer security auditor access shall include, but not be limited to, permission for a thorough examination of source code and the associated approved escrow facility, and necessary authorization and assistance for a penetration study of that system.

(f) If the county recorder, a computer security auditor, a district attorney for a county participating in the electronic recording delivery system, or the Attorney General reasonably believes that an electronic recording delivery system is vulnerable to fraud or intrusion, the county recorder, the board of supervisors, the district attorney, and the Attorney General shall be immediately notified. The county recorder shall immediately take the necessary steps to guard against any compromise of the electronic recording delivery system, including, if necessary, the suspension of an authorized submitter or of the electronic recording delivery system.

27395. (a) No person shall be a computer security auditor or be granted secure access to an electronic recording delivery system if he or she has been convicted of a felony, has been convicted of a misdemeanor related to theft, fraud, or a crime of moral turpitude, or if he or she has pending criminal charges for any of these crimes. A plea of guilty or no contest, a verdict resulting in conviction, or the forfeiture of bail, shall

be a conviction within the meaning of this section, irrespective of a subsequent order under Section 1203.4 of the Penal Code.

(b) All persons entrusted with secure access to an electronic recording delivery system shall submit fingerprints to the Attorney General for a criminal records check according to regulations adopted pursuant to Section 27393.

(c) (1) The Attorney General shall submit to the Department of Justice the fingerprint images and related information of persons with secure access to the electronic recording delivery system and computer security auditors for the purpose of obtaining information as to the existence and nature of a record of state level convictions and arrests for which the Department of Justice establishes that the applicant was released on bail or on his or her own recognizance pending trial.

(2) The Department of Justice shall respond to the Attorney General for criminal offender record information requests submitted pursuant to this section, with information as delineated in subdivision (*l*) of Section 11105 of the Penal Code.

(3) The Attorney General shall request subsequent arrest notification service, pursuant to Section 11105.2 of the Penal Code, for all persons with secure access to the electronic recording delivery system and all computer security auditors.

(d) The Attorney General shall deliver written notification of an individual's ineligibility for access to an electronic recording delivery system to the individual, his or her known employer, the computer security auditor, and the county recorder.

(e) The Department of Justice shall charge a fee sufficient to cover the cost of processing the criminal offender record information request and any other costs incurred pursuant to this section.

(f) The Attorney General shall define ''secure access'' by regulation and by agreement with the county recorder in the system certification.

27396. (a) The Attorney General shall monitor the security of electronic recording delivery systems statewide, in close cooperation with county recorders and public prosecutors. In the event of an emergency involving multiple fraudulent transactions linked to one county's use of an electronic recording delivery system, the Attorney General may order the suspension of electronic recording delivery systems in any county or in multiple counties, if necessary to protect the security of the system, for a period of up to seven court days. The Attorney General may seek an order from the superior court if it is necessary to extend this order.

(b) (1) The Attorney General, a district attorney, or a city prosecutor may bring an action in the name of the people of the state seeking declaratory or injunctive relief, restitution for damages or economic loss, rescission, or other equitable relief pertaining to any alleged

violation of this article or regulations adopted pursuant to this article. Injunctive relief may include, but is not limited to, an order suspending a party from participation in the electronic recording delivery system, on a temporary or permanent basis.

(2) Nothing in this subdivision shall be construed to prevent the Attorney General, a district attorney, or a city prosecutor from seeking legal or equitable relief under any other provision of law.

27397. (a) A county establishing an electronic recording delivery system under this article shall pay for the direct cost of regulation and oversight by the Attorney General.

(b) The Attorney General may charge a fee directly to a vendor seeking approval of software and other services as part of an electronic recording delivery system. The fee shall not exceed the reasonable costs of approving software or other services for vendors.

(c) In order to pay costs under this section, a county may do any of the following:

(1) Impose a fee in an amount up to and including one dollar ($1) for each instrument that is recorded by the county. This fee may, at the county's discretion, be limited to instruments that are recorded pursuant to the electronic recording delivery system.

(2) Impose a fee upon any vendor seeking approval of software and other services as part of an electronic recording delivery system.

(3) Impose a fee upon any person seeking to contract as an authorized submitter.

(d) The total fees assessed by a county recorder pursuant to this section may not exceed the reasonable total costs of the electronic recording delivery system, the review and approval of vendors and potential authorized submitters, security testing as required by this article and the regulations of the Attorney General, and reimbursement to the Attorney General for regulation and oversight of the electronic recording delivery system.

(e) Fees paid to the Attorney General pursuant to subdivisions (a) and (b) shall be deposited in the Electronic Recording Authorization Account, which is hereby created in the Special Deposit Fund, and, notwithstanding Section 13340, is continuously appropriated, without regard to fiscal years, to the Attorney General for the costs described in those subdivisions.

27397.5. (a) A county recorder may include in the county's electronic recording delivery system a secure method for accepting for recording a digital or digitized electronic record that is an instrument of reconveyance, substitution of trustee, or assignment of deed of trust.

(b) A county recorder may contract with a title insurer, as defined in Section 12340.4 of the Insurance Code, underwritten title company, as defined in Section 12340.5 of the Insurance Code, an entity of state,

local, or federal government, or an institutional lender, as defined in Section 50003 of the Financial Code, or their authorized agents, to be an authorized submitter of the documents specified in subdivision (a).

(c) With respect to the electronic submission of the records described in subdivision (a), the requirements that an authorized submitter be subject to a security audit under Section 27394 and a criminal records check under Section 27395 shall not apply where the certification requirements of subdivision (d) have been met.

(d) (1) In order for subdivision (c) to apply, the county recorder and the Attorney General shall certify that the method of submission allowed under the system will not permit an authorized submitter or its employees and agents, or any third party, to modify, manipulate, insert, or delete information in the public record, maintained by the county recorder, or information in electronic records submitted pursuant to subdivision (b) of Section 27391.

(2) Certification under this section may be withdrawn by either the county recorder or the Attorney General at any time either determines that the requirements of this subdivision are not met.

(e) For purposes of this section, an agent of an authorized submitter shall not include a vendor of electronic recording delivery systems.

27398. (a) The Attorney General shall conduct an evaluation of electronic recording delivery systems authorized by this article, and report to both houses of the Legislature on or before June 30, 2009.

(b) It is the intent of the Legislature that the evaluation include an analysis of costs, cost savings, security and real estate fraud prevention, and recommendations as to improvements and possible expansion of the provisions of this article.

(c) The evaluation shall also include a study of the feasibility of expanding the provisions of this article to cover the delivery, recording, and return of other electronic records.

27399. (a) Nothing in this article shall be construed to authorize any state agency to administer any of the processes or procedures relating to the business of the county recorders of the state in any manner not otherwise specifically set forth in this article.

(b) The authority granted in this article is in addition to any other authority or obligation under state or federal law.

(c) Nothing in this article shall be construed to repeal or affect Section 27279, 27279.1, 27279.2, 27297.6, 27387.1, or 27399.7, or the authority of the Counties of Orange and San Bernardino to act under those provisions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that county recorders may alleviate fiscal constraints by implementing electronic recording delivery systems at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 622

An act to amend Section 798.25 of the Civil Code, and to amend Section 18420 of, and to amend, repeal, and add Section 18552 of, the Health and Safety Code, relating to mobilehome parks.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.25 of the Civil Code is amended to read:

798.25. (a) Except as provided in subdivision (d), when the management proposes an amendment to the park's rules and regulations, the management shall meet and consult with the homeowners in the park, their representatives, or both, after written notice has been given to all the homeowners in the park 10 days or more before the meeting. The notice shall set forth the proposed amendment to the park rules and regulations and shall state the date, time, and location of the meeting.

(b) Except as provided in subdivision (d) following the meeting and consultation with the homeowners, the noticed amendment to the park rules and regulations may be implemented, as to any homeowner, with the consent of that homeowner, or without the homeowner's consent upon written notice of not less than six months, except for regulations applicable to recreational facilities, which may be amended without homeowner consent upon written notice of not less than 60 days.

(c) Written notice to a homeowner whose tenancy commences within the required period of notice of a proposed amendment to the park's rules and regulations under subdivision (b) or (d) shall constitute compliance with this section where the written notice is given before the inception of the tenancy.

(d) When the management proposes an amendment to the park's rules and regulations mandated by a change in the law, including, but not limited to, a change in a statute, ordinance, or governmental regulation, the management may implement the amendment to the park rules and regulations, as to any homeowner, with the consent of that homeowner or without the homeowner's consent upon written notice of not less than 60 days. For purposes of this subdivision, the management shall specify in the notice a citation to the statute, ordinance, or regulation, including

the section number, that necessitates the proposed amendment to the park's rules and regulations.

(e) Any amendment to the park's rules and regulations that creates a new fee payable by the homeowner and that has not been expressly agreed upon by the homeowner and management in the written rental agreement or lease, shall be void and unenforceable.

SEC. 2. Section 18420 of the Health and Safety Code is amended to read:

18420. (a) (1) If, upon inspection, the enforcement agency determines that a mobilehome park is in violation of any provision of this part, or any rule or regulation adopted pursuant thereto, the enforcement agency shall promptly, but not later than 10 days, excluding Saturday, Sunday, and holidays, after the enforcement agency completes the inspection and determines that the alleged violation exists, issue a notice to correct the violation to the owner or operator of the mobilehome park and to the responsible person, as defined in Section 18603.

(2) In the event of a violation that constitutes an imminent threat to health and safety, the notice of violation shall be issued immediately and served on the owner or operator of the mobilehome park and to the responsible person, as defined in Section 18603.

(3) The owner or operator of the mobilehome park shall be responsible for the correction of any violations for which a notice of violation has been given pursuant to this subdivision.

(b) (1) If, upon inspection, the enforcement agency determines that a manufactured home, mobilehome, an accessory building or structure, or lot is in violation of any provision of Chapter 4 (commencing with Section 18500), Chapter 5 (commencing with Section 18601), Chapter 6 (commencing with Section 18690), or any rule or regulation adopted pursuant thereto, the enforcement agency shall promptly, but not later than 10 days, excluding Saturday, Sunday, and holidays, after the enforcement agency completes the inspection and determines that the alleged violation exists, issue a notice to correct the violation to the registered owner of the manufactured home or mobilehome, with a copy to the occupant thereof, if different from the registered owner.

(2) In the event a violation is discovered that constitutes an imminent hazard representing an immediate risk to life, health, and safety and requiring immediate correction, the notice of violation shall be issued immediately and served upon the occupant, with a copy mailed to the registered owner of the manufactured home or mobilehome, if different from the occupant, to the owner or operator of the mobilehome park, and to the responsible person, as defined in Section 18603.

(3) The registered owner of the manufactured home or mobilehome shall be responsible for the correction of any violations for which a notice of violation has been given pursuant to this subdivision.

(4) The enforcement agency may issue a notice of violation in accordance with this chapter to the owner of a recreational vehicle, or of factory-built housing, which occupies a lot within a mobilehome park.

(c) (1) Service of the notice of violation shall be effected either personally or by first-class mail. Each notice of violation shall be in writing and shall describe with particularity the nature of the violation in as clear language as the technicality of the violation will allow the average layperson to understand what is being cited, including a reference to the statutory provisions or regulation alleged to have been violated, as well as any penalty provided by law for failure to make timely correction.

(2) The department shall develop a list of local agencies that have home rehabilitation or repair programs for which registered owners or occupants of manufactured homes and mobilehomes residing in mobilehome parks may be eligible. The list shall be provided to registered owners or occupants who receive notices of violation and who reside in those jurisdictions that have rehabilitation or repair programs for which they may be eligible.

(3) For violations other than imminent threats to health and safety as provided in paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b), the notice of violation shall allow 60 days from the postmarked date of the notice or date of personal delivery for the elimination of the condition constituting the alleged violation.

(4) If after the reinspection of a violation described in paragraph (3) of this subdivision, the enforcement agency determines that there is a valid reason why a violation has not been corrected, including, but not limited to, weather conditions, illness, availability of repair persons, or availability of financial resources, the enforcement agency may extend the time for correction, at its discretion, for 30 days or an additional reasonable period of time after the 60-day period.

(5) Upon a reinspection after the 60-day period of a violation described in paragraph (3) of this subdivision, if a second notice to correct a violation that is the responsibility of the registered owner of the manufactured home or mobilehome pursuant to paragraph (1) of subdivision (b) is issued to the registered owner of a manufactured home or mobilehome, with a copy to the occupant thereof, if different from the registered owner, a copy of the notice shall also be provided to the owner or operator of the mobilehome park, and to the responsible person, as defined in Section 18603. Upon a reinspection after the 60-day period of a violation described in paragraph (3) of this subdivision, if a second notice to correct a mobilehome park violation pursuant to paragraph (1) of subdivision (a) is issued to the owner or operator of the mobilehome park and to the responsible person, as defined in Section 18603, the enforcement agency shall post a copy of the violation in a conspicuous

place in the mobilehome park common area, and the posted notice shall only be removed by the enforcement agency when the violation is corrected.

(6) All violations described in paragraph (2) of subdivision (a) and paragraph (2) of subdivision (b) shall be corrected within a reasonable time as determined by the enforcement agency. Notices of those violations shall state the time determined by the enforcement agency within which corrections must be made.

(d) Notwithstanding any other provision of law, the enforcement agency may, at its sole discretion, determine not to issue a notice of violation pursuant to this chapter if the condition which violates this part or the regulations adopted pursuant thereto does not constitute an imminent hazard representing an immediate risk to life, health, and safety and requiring immediate correction. If the enforcement agency determines, pursuant to this subdivision, not to issue a notice of violation, the enforcement agency shall include in its inspection report a description of the condition which violates this part and its determination not to issue a notice of violation.

SEC. 3. Section 18552 of the Health and Safety Code is amended to read:

18552. (a) The department shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5, and the department shall adopt other regulations for manufactured home or mobilehome accessory buildings or structures. The regulations adopted by the department shall provide for the construction, location, and use of manufactured home or mobilehome accessory buildings or structures to protect the health and safety of the occupants and the public, and shall be enforced by the appropriate enforcement agency.

(b) Notwithstanding Sections 1338 and 1433 of Title 25 of the California Code of Regulations, if a mobilehome or cabana that is installed above 5,000 feet in elevation does not have the capacity to resist the minimum snow loads as established for residential buildings by local ordinance, then the home may only be installed in a mobilehome park that has an approved snow load maintenance program, on the condition that the installation complies with all other applicable requirements of these regulations and is approved by the enforcement agency. A conditional permit to operate subject to the snow roof load maintenance program shall be obtained from the enforcement agency.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 4. Section 18552 is added to the Health and Safety Code, to read:

18552. (a) The department shall adopt and submit building standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5, and the department shall adopt other regulations for manufactured home or mobilehome accessory buildings or structures. The regulations adopted by the department shall provide for the construction, location, and use of manufactured home or mobilehome accessory buildings or structures to protect the health and safety of the occupants and the public, and shall be enforced by the appropriate enforcement agency.

(b) This section shall become operative on January 1, 2007.

SEC. 5. It is the intent of the Legislature in enacting Section 3 of this act to invalidate, until January 1, 2007, changes that relate to minimum roof live load requirements for manufactured housing units and cabanas installed at elevations above 5,000 feet in Sections 1338 and 1433 of Title 25 of the California Code of Regulations, and for which a certificate of compliance was filed on July 7, 2004.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 623

(b) Any contribution including a loan that totals in the aggregate one thousand dollars ($1,000) or more that is made to or received by a political party committee, as defined in Section 85205, before the date of any state election, but after the closing date of the last campaign statement required to be filed before the election.

SEC. 3. Section 84200.5 of the Government Code is amended to read:

84200.5. In addition to the campaign statements required by Section 84200, elected officers, candidates, and committees shall file preelection statements as follows:

(9) In the case of a private professional conservator or a private professional guardian, compliance with the educational requirements established by the Judicial Council for private professional conservators and private professional guardians.

(c) The Department of Justice may charge a reasonable fee to persons registering and reregistering with the Statewide Registry for the cost of that registration. The Department of Justice shall issue a certificate of registration to each registrant.

(d) If a court makes a finding that a conservator, guardian, or trustee has not properly performed the duties of a conservator, guardian, or trustee, and that finding results in an order for a surcharge for other than nominal damages or for removal of the conservator, guardian, or trustee, the court clerk shall forward a copy of the court's findings and order to the Statewide Registry, which shall include this information in the file of that conservator, guardian, or trustee.

SEC. 5. Section 4.5 of this bill incorporates amendments to Section 2850 of the Probate Code proposed by both this bill and SB 1248. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 2850 of the Probate Code, and (3) this bill is enacted after SB 1248, in which case Section 4 of this bill shall not become operative.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 626

An act to add Article 10.2.1(commencing with Section 25214.8.1) to Chapter 6.5 of Division 20 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 10.2.1 (commencing with Section 25214.8.1) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 10.2.1. Mercury-Added Thermostats

25214.8.1. (a) The Legislature finds and declares all of the following:

(1) Once mercury is released into the environment it can change to methyl mercury, a highly toxic compound. Methyl mercury is easily taken up in living tissue and bioaccumulates over time, causing serious health effects, including neurological and reproductive disorders in humans and wildlife. Since mercury does not break down in the environment, it has become a significant health threat to humans and wildlife.

(2) Due to the bioaccumulation of mercury and other contaminants in fish, the California Environmental Protection Agency has issued a warning advising that adults and women who are pregnant or who may become pregnant should limit their fish intake from several state waterways.

(3) Increasingly stringent mercury discharge limits for wastewater treatment plants make the identification and elimination of unnecessary sources of mercury a critical task, because the cost of mercury removal at a wastewater treatment plant is far greater than the societal benefits of continuing use of mercury containing products, as currently formulated.

(4) Thermostats are among the largest remaining sources of mercury in consumer products that can be legally sold in California.

(5) Most thermostats contain 3,000 milligrams of mercury and have a 35-year lifespan.

(6) Mercury thermostats are hazardous waste when discarded, and on and after January 1, 2006, all mercury thermostat wastes will be prohibited from disposal in a solid waste landfill under the regulations adopted pursuant to this chapter.

(7) Economical alternatives to mercury thermostats are available for commercial and residential applications.

(b) For purposes of this article ''mercury-added thermostat'' means a product or device that uses a mercury switch to sense and control room temperature through communication with heating, ventilating, or air-conditioning equipment. A mercury-added thermostat includes thermostats used to sense and control room temperature in residential, commercial, industrial, and other buildings but does not include a thermostat used to sense and control temperature as part of a manufacturing process.

25214.8.2. On and after January 1, 2006, a person shall not sell, offer to sell, or distribute for promotional purposes in this state, a mercury-added thermostat, unless the mercury-added thermostat meets either of the following criteria:

(a) The thermostat will be used for manufacturing or industrial purposes.

(b) The thermostat will be used by a blind or visually impaired person.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 627

An act to add Article 13 (commencing with Section 44297) to Chapter 9 of Part 5 of Division 26 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Emissions of particulate matter, including, but not limited to, coarse particulate matter (PM10) and fine particulate matter (PM2.5), lodge deep into the lungs and contribute to a wide range of adverse health impacts, including, but not limited to, increased infant morbidity and

mortality, reduced lung function, increased respiratory symptoms in asthmatics and nonasthmatics, and increased emergency room visits.

(b) Ninety-nine percent of the state's population live in areas that fail to meet the state's ambient air quality standard for PM10.

(c) Particulate matter emissions can have community-level impacts, with the potential for adverse health effects greatest in those communities with the heaviest concentration of PM emission sources.

(d) Diesel particulate matter has been identified by the State Air Resources Board as both a carcinogen and a toxic air contaminant. According to the state board, particulate matter from diesel-fueled engines contributes more than 70 percent of the known risk from toxic air contaminants in the state today.

(e) Diesel engines are durable, and it is not uncommon for a heavy-duty diesel vehicle to stay on the road for 30 years. These oldest diesel engines contribute disproportionately to the state's oxides of nitrogen (NO_x) and PM emission inventories. A diesel truck produced between the years of 1975 and 1983 emits 10 times as much NO_x, and six times as much PM, as a diesel truck that meets current standards.

(f) Owners of the oldest heavy-duty diesel vehicles tend to be relatively low-income independent owner-operators who provide short-haul services, usually within a single air district and concentrated in specified industrial sectors, including, but not limited to, port operations.

(g) The Carl Moyer Memorial Air Quality Standards Attainment Program (Ch. 9 (commencing with Sec. 44275) Pt. 5, Div. 26, H. & S.C.) has successfully encouraged the adoption of cleaner diesel and alternative fueled heavy-duty engines. However, the program is not currently designed to remove oldest, heaviest polluting vehicles or to replace them with newer, lower emission vehicles, in large part because the owners of the oldest trucks cannot afford to buy a vehicle that qualifies for incentives under the program.

(h) It is in the public interest to pursue all cost-effective efforts consistent with the Carl Moyer program, to retire from service the oldest, heaviest polluting heavy-duty diesel trucks and replace them with newer, lower emission vehicles.

SEC. 2. Article 13 (commencing with Section 44297) is added to Chapter 9 of Part 5 of Division 26 of the Health and Safety Code, to read:

Article 13. Heavy-Duty Fleet Modernization Projects

44297. (a) The state board, acting within its existing authority, shall, at its first opportunity following January 1, 2005, revise the grant criteria and guidelines adopted pursuant to Section 44287 to incorporate projects described in subdivision (c).

(b) The guidelines may define eligible costs to include monitoring and verifying compliance with this article.

(c) Notwithstanding any other provision of this chapter, a project that meets either of the following criteria constitutes a heavy-duty fleet modernization project and thus is eligible for funding under the program, if it complies with the guidelines established by the state board pursuant to subdivision (a):

(1) Replaces an old engine or vehicle with a newer engine or vehicle certified to more stringent emissions standards than the engine or vehicle being replaced, pursuant to paragraph (2) of subdivision (a) of Section 44281.

(2) Provides the equivalent emission reductions as would be gained by a project that combines both of the following:

(A) The purchase of a new very low or zero-emission covered vehicle pursuant to paragraph (1) of subdivision (a) of Section 44281.

(B) The replacement of an old engine or vehicle with a newer engine or vehicle certified to more stringent standards than the engine or vehicle being replaced, pursuant to paragraph (2) of subdivision (a) of Section 44281.

(c) In establishing guidelines pursuant to subdivision (a), the state board shall consider any existing heavy-duty fleet modernization program carried out by a district. The state board shall design a program that, to the extent feasible, includes fleet owners, independent truck owners, heavy-duty vehicle dealers, districts, and other participants it determines appropriate from existing local programs.

(d) The grants provided pursuant to this article shall provide moneys to offset the incremental cost of projects that reduce emissions of oxides of nitrogen (NO_X) and particulate matter (PM).

(e) The state board shall determine an appropriate weighted cost-effectiveness standard for projects intended to reduce particulate matter.

CHAPTER 628

An act to amend Section 1603 of the Penal Code, relating to release of committed persons.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1603 of the Penal Code is amended to read:

1603. (a) Any person subject to subdivision (a) of Section 1601 may be placed on outpatient status if all of the following conditions are satisfied:

(1) The director of the state hospital or other treatment facility to which the person has been committed advises the committing court and the prosecutor that the defendant would no longer be a danger to the health and safety of others, including himself or herself, while under supervision and treatment in the community, and will benefit from that status.

(2) The community program director advises the court that the defendant will benefit from that status, and identifies an appropriate program of supervision and treatment.

(3) The prosecutor shall provide notice of the hearing date and pending release to the victim or next of kin of the victim of the offense for which the person was committed where a request for the notice has been filed with the court, and after a hearing in court, the court specifically approves the recommendation and plan for outpatient status pursuant to Section 1604. The burden shall be on the victim or next of kin to the victim to keep the court apprised of the party's current mailing address.

In any case in which the victim or next of kin to the victim has filed a request for notice with the director of the state hospital or other treatment facility, he or she shall be notified by the director at the inception of any program in which the committed person would be allowed any type of day release unattended by the staff of the facility.

(b) The community program director shall prepare and submit the evaluation and the treatment plan specified in paragraph (2) of subdivision (a) to the court within 30 calendar days after notification by the court to do so.

(c) Any evaluations and recommendations pursuant to paragraphs (1) and (2) of subdivision (a) shall include review and consideration of complete, available information regarding the circumstances of the criminal offense and the person's prior criminal history.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 629

An act to amend Section 2105 of the Corporations Code, and to amend Section 7480 of the Government Code, relating to production of records.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 2105 of the Corporations Code is amended to read:

2105. (a) A foreign corporation shall not transact intrastate business without having first obtained from the Secretary of State a certificate of qualification. To obtain that certificate it shall file, on a form prescribed by the Secretary of State, a statement and designation signed by a corporate officer stating:

(1) Its name and the state or place of its incorporation or organization.

(2) The address of its principal executive office.

This subparagraph shall apply to a foreign corporation that is a party or a nonparty to the matter for which the search warrant is sought. For purposes of this subparagraph, ''properly served'' means delivered by hand, or in a manner reasonably allowing for proof of delivery if delivered by United States mail, overnight delivery service, or facsimile to a person or entity listed in Section 2110 of the Corporations Code.

(6) If it is a corporation which will be subject to the Insurance Code as an insurer, it shall so state that fact.

(b) Annexed to that statement and designation shall be a certificate by an authorized public official of the state or place of incorporation of the corporation to the effect that the corporation is an existing corporation in good standing in that state or place or, in the case of an association,

an officers' certificate stating that it is a validly organized and existing business association under the laws of a specified foreign jurisdiction.

(c) Before it may be designated by any foreign corporation as its agent for service of process, any corporate agent must comply with Section 1505.

SEC. 2. Section 7480 of the Government Code is amended to read:

Sixty-day extensions may continue for up to one year or until termination of the investigation of the individual or individuals, whichever is sooner.

(C) The records ordered to be produced shall be returned to the peace officer applicant or his or her designee within a reasonable time period after service of the order upon the financial institution.

(D) Nothing in this subdivision shall preclude the financial institution from notifying a customer of the receipt of the order for production of records unless a court orders the financial institution to withhold notification to the customer upon a finding that the notice would impede the investigation.

(1) The number of items dishonored.

(2) The number of items paid that created overdrafts.

The management review shall be performed by the entity responsible for directing and coordinating the program, as specified in the interagency agreement entered into pursuant to Section 1572 of the Health and Safety Code.

(d) Where the director determines that the public interests would be served thereby, a public hearing may be held on any renewal application subject to this section. The findings of the departmental program and licensing reviews and the provider's annual evaluation report shall be presented at the hearing.

CHAPTER 638

An act to amend Sections 2560.5, 2561.5, 2562.1, 2562.3, and 2565 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 2560.5 of the Streets and Highways Code is amended to read:

2560.5. (a) The purpose of this chapter is to provide for the implementation of a freeway service patrol system using a formula-based allocation, referred to as baseline funding allocation, to all eligible regional and local agencies for traffic-congested urban freeways throughout the state, involving a cooperative effort between state and local agencies. All regional or local agency programs that meet the minimum eligibility requirements set forth in this section and

Section 2562.1 shall receive initial funding from the baseline funding allocation.

(b) In addition to the formula-based allocation program established, subject to funds being appropriated in the annual Budget Act, in subdivision (a), there is hereby established a Competitive Freeway Service Patrol Grant Program to provide funding of a freeway service patrol system to reduce traffic congestion.

SEC. 2. Section 2561.5 of the Streets and Highways Code is amended to read:

2561.5. (a) Funding for the freeway service patrols established pursuant to this chapter shall be provided, upon appropriation in the annual Budget Act, from the State Highway Account in the State Transportation Fund. In addition, the appropriate regional or local entity shall ensure that local resources are expended on freeway service patrols in an amount not less than 25 percent of the amount provided from the State Highway Account.

(b) In locations where a freeway service patrol exists, the department shall coordinate and integrate the funds appropriated pursuant to this section into the existing program. In the allocation of these funds, no local entity may be penalized for having an existing freeway service patrol program.

(c) No state funding may be released prior to the execution of the agreement developed under Section 2561.3.

(d) No program funded under this chapter may supplant emergency response towing services provided by the department as of January 1, 1992.

(e) It is the intent of the Legislature that funding provided under subdivision (a) of Section 2560.5 be consistent from year to year in order to facilitate the awarding of multiyear contracts between participating regional and local entities and providers of freeway patrol services. The department shall only recognize multiyear contract commitments equal to or less than three years. If new freeway service patrol regional or local entity programs are added to the baseline funding allocation, as described in Section 2560.5, those programs shall be phased in so as not to impact the multiyear contract commitments. However, once a new application from an eligible regional or local entity is submitted and approved, the share of the baseline funding allocation to the regional or local agency shall be phased in within three years of the date the application is approved.

SEC. 3. Section 2562.1 of the Streets and Highways Code is amended to read:

2562.1. (a) Funding for the program established in subdivision (a) of Section 2560.5 in a participating area shall be based 25 percent on the number of urban freeway lane miles in the participating area to the total

number of freeway lane miles in all the participating areas, 50 percent on the basis of the ratio of the population of the participating area to the total population of all the participating areas, and 25 percent on the basis of traffic congestion as ascertained by the department pursuant to the most recent Statewide Highway Traffic Congestion Monitoring Program. A regional or local agency submitting an application after July 1, 2003, for funding shall demonstrate in the application an overall benefit-cost ratio of 3 to 1. The department shall determine the benefit-cost ratio methodology.

(b) If a regional or local agency submits an application for funding that is approved by the department before December 31 of any year and additional funding is not provided to the baseline funding allocation, the department shall allocate the funding allocation at a maximum over three years as follows:

(1) Thirty-three and three-tenths percent of the total amount of the allocation during the immediately following fiscal year.

(2) Sixty-six and six-tenths percent of the total amount of the allocation during the fiscal year that immediately follows the fiscal year described in paragraph (1).

(3) One hundred percent of the total amount of the allocation during the fiscal year that immediately follows the fiscal year described in paragraph (2).

SEC. 4. Section 2562.3 of the Streets and Highways Code is amended to read:

2562.3. In determining the baseline annual funding allocation, regional or local entities shall apply to the department in accordance with operational standards as outlined in the program guidelines and in accordance with the eligibility requirements described in Sections 2561.5 and 2562.1. A regional or local entity that meets the eligibility requirements may not be denied its fair share of the baseline annual allocation made by the department.

SEC. 5. Section 2565 of the Streets and Highways Code is amended to read:

2565. The department, the Department of the California Highway Patrol, and participating and eligible regional and local entities shall develop and periodically update guidelines for program operations, as those guidelines and updates may be required. The guidelines shall address operational requirements only and may not prevent a regional or local entity from entering the program.

CHAPTER 639

An act to add Chapter 5.5 (commencing with Section 2780) to Part 2 of Division 1 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

2780. As used in this chapter, the term ''electric microutility'' means any electrical corporation that is regulated by the commission and organized for the purpose of providing sole-source generation, distribution, and sale of electricity exclusively to a customer base of fewer than 2,000 customers.

2780.1. (a) It is the intent of the Legislature that the commission consider the legal, administrative, and operational costs that an electric microutility faces if it is named as a respondent in a hearing generally applicable to electrical corporations. The limited resources of a microutility are disproportionately strained by the cost of response.

(b) Further, it is the intent of the Legislature that the commission consider the costs described in subdivision (a) before naming an electric microutility as a respondent in a hearing generally applicable to electrical corporations.

CHAPTER 640

An act to amend Section 100 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 100 of the Revenue and Taxation Code is amended to read:

100. Notwithstanding any other provision of law, commencing with the 1988–89 fiscal year, property tax assessed value attributable to

unitary and operating nonunitary property, as defined in Sections 723 and 723.1, that is assessed by the State Board of Equalization shall be allocated by county as provided in Section 756, and the assessed value and revenues attributable to that allocation shall be allocated within each county as follows:

(a) Each county shall establish one countywide tax rate area. The assessed value of all unitary and operating nonunitary property shall be assigned to this tax rate area. No other property shall be assigned to this tax rate area.

(b) Property assigned to the tax rate area created by subdivision (a) shall be taxed at a rate equal to the sum of the following two rates:

(1) A rate determined by dividing the county's total ad valorem tax levies for the secured roll, including levies made pursuant to Section 96.8, for the prior year, exclusive of levies for debt service, by the county's total ad valorem secured roll assessed value for the prior year.

(2) A rate determined as follows:

(A) By dividing the county's total ad valorem tax levies for unitary and operating nonunitary property for the prior year debt service only by the county's total unitary and operating nonunitary assessed value for the prior year.

(B) Beginning with the 1989–90 fiscal year, adjusting the rate determined pursuant to subparagraph (A) by the percentage change between the two preceding fiscal years in the county's ad valorem debt service levy for the secured roll, not including unitary and operating nonunitary debt service.

(c) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (1) of subdivision (b) shall be allocated as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, each taxing jurisdiction shall be allocated an amount of property tax revenue equal to 102 percent of the amount of the aggregate property tax revenue it received from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(2) If the amount of property tax revenue available for allocation in the current fiscal year is insufficient to make the allocations required by paragraph (1), the amount of revenue to be allocated to each taxing jurisdiction shall be prorated based on a factor determined by dividing the total amount of property tax revenue available to all taxing jurisdictions from unitary and operating nonunitary property in the current year, exclusive of revenue attributable to levies for debt service, by the total amount of property tax revenue received by all taxing jurisdictions from unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(3) If the amount of property tax revenue available for allocation to all taxing jurisdictions in the current fiscal year from unitary and operating nonunitary property, exclusive of revenue attributable to levies for debt service, exceeds 102 percent of the property tax revenue received by all taxing jurisdictions from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service, the amount of revenue in excess of 102 percent shall be allocated to all taxing jurisdictions in the county by a ratio determined by dividing each taxing jurisdiction's share of the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service, by the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service.

(d) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (2) of subdivision (b) shall be allocated as follows:

(1) An amount shall be computed for each taxing jurisdiction and shall be determined by multiplying the amounts required in the current year pursuant to subdivisions (a) and (c) of Section 93 by that percentage that shall be determined by dividing the amount of property tax revenue the jurisdiction received in the prior year from unitary property and operating nonunitary property by the total amount of property tax revenue the jurisdiction received in the prior year from all property.

(2) The amount of property tax revenue available for allocation pursuant to this subdivision shall be allocated among taxing jurisdictions in the proportion that the amount computed for each taxing jurisdiction pursuant to paragraph (1) bears to the total amount computed pursuant to paragraph (1) for all taxing jurisdictions.

(3) If a taxing jurisdiction is levying a tax rate for debt service for the first time in the current fiscal year, for purposes of determining the percentage specified in paragraph (1), that percentage shall be the percentage determined by dividing the amount of property tax revenue received by that taxing jurisdiction in the prior year pursuant to subdivision (c) from unitary and operating nonunitary property by the total amount of property tax revenue received by that taxing jurisdiction in the prior year from all property within the taxing jurisdiction.

(e) For purposes of this section:

(1) ''The county's total ad valorem tax levies for the secured roll'' means all ad valorem tax levies for the county's secured roll, including the general tax levy, levies for debt service (including land only and land and improvement rates), and levies for redevelopment agencies.

(2) ''The county's total ad valorem secured roll'' means the county's local roll, after all exemptions except the homeowner's exemption, and the county's utility roll.

(3) ''Taxing jurisdiction'' includes a redevelopment agency.

(4) In a county of the second class, for the 1992–93 fiscal year and each fiscal year thereafter, ''taxing jurisdiction'' includes that fund that has been designated by the auditor as the ''Unallocated Residual Public Utility Tax Fund.'' All revenues allocated to that fund pursuant to this section shall be deposited in that fund and shall be distributed as follows:

(A) For the 1992–93 fiscal year to the 1996–97 fiscal year, inclusive, at the discretion of the county board of supervisors.

(B) For the 1997–98 fiscal year, 100 percent to the Orange County Fire Authority.

(C) For the 1998–99 fiscal year and each fiscal year thereafter, in accordance with the following schedule:

(iii) Forty-eight hundredths percent to the Buena Park Library District.

(iv) Fifty-eight hundredths percent to the Placentia Library District.

(g) Each state assessee shall be issued only one tax bill for all unitary and operating nonunitary property within the county.

(h) This section does not apply to unitary property of regulated railway companies.

(i) This section does not apply to property that on July 1, 1987, was undeveloped and owned by a utility and located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement and that this section shall not apply to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county's auditor-controller prior to January 1, 1988.

(j) (1) For property that on July 1, 1990, was undeveloped and owned by a utility and that is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement and that this subdivision applies to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the county auditor prior to August 1, 1991, the allocation of property tax revenues

derived with respect to that property pursuant to Sections 96.1, 96.2, 97.31, 98, 98.01, and 98.04, shall be subject to the allocation required by paragraph (2).

(2) The county auditor shall annually allocate to a city, county, or city and county, that has adopted and transmitted a resolution pursuant to paragraph (1), the amount of property tax revenues derived with respect to the property described in paragraph (1) that would be allocated to that city, county, or city and county if that property were subject to assessment by the county assessor. In order to provide the allocations required by this paragraph, the county auditor shall make any necessary pro rata reductions in allocations to local agencies other than that city, county, or city and county adopting and transmitting a resolution pursuant to paragraph (1), of property tax revenues derived with respect to the property described in paragraph (1).

(k) (1) For property subject to this section that is owned by a utility that serves no more than two counties and is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement for new construction and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county auditor prior to January 1, 2006, the allocation of property tax revenues derived with respect to that property pursuant to Sections 96.1, 97.31, 98, 98.01, and 98.04, shall be subject to the requirements of paragraph (2).

(2) If the city, county, or city and county has adopted and transmitted a resolution pursuant to paragraph (1), the county auditor shall annually allocate the property tax revenue attributable to the new construction described in the development plan or agreement, as if that new construction were subject to assessment by the county assessor, according to the following formula:

(A) An amount of property tax revenue to school entities, as defined in subdivision (f) of Section 95, equivalent to the same percentage the school entities received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located.

(B) An amount of property tax revenue to the county in which the property is located equivalent to the same percentage the county received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located. The county shall distribute those property tax revenues to the county general fund, the county library district, the county flood control district, the county sanitation districts, and the county service areas.

(C) The property tax revenue remaining after the allocations described in subparagraphs (A) and (B) are made shall be distributed to the city in which the property described in paragraph (1) is located.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 643

An act to amend Section 1536 of, and to add Sections 1506.7, 1506.8, and 1506.9 to, the Health and Safety Code, relating to foster care.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Foster family agencies are authorized to certify or to decertify family homes that provide foster care to children who have been declared dependents of the court and removed from their homes.

(2) Foster family agencies are required by regulation to provide to the State Department of Social Services a monthly list of family homes that have been certified or decertified. In some cases, a foster family agency is required by regulation to notify the department within one business day of determining that it is necessary to decertify a certified family home for specified reasons. However, the department does not have a database for this information. Thus, if a family home has lost its certification by a foster family agency or, if the foster family agency has had a problem with the foster family home as a result of a violation of some type, it is difficult for other foster family agencies and counties to access this information. Thus, no one except for the department, the foster family agency that decertified the family home, and the adult who was decertified has a record of the decertification. In addition, statutory provisions establish certain privacy rights for foster families, and many foster family agencies, counties, and the department are therefore reluctant to share information regarding foster families. Thus, a foster family agency that is considering certifying the family home, or a county that is considering licensing the home as a foster home or approving a

home for relative placement cannot access the information of the family home's decertification.

(3) Consequently, adults who lose their certification as family homes can go to another foster family agency and become certified, or become licensed as a foster care provider or approved for a relative placement by the county, despite abuse or neglect of foster children in the care of that family home that was severe enough for that family home to lose its certification.

(4) This lack of coordination and sharing of information has resulted in abuse or neglect of foster children—abuse and neglect from which these children could and should have been protected.

(5) In its August 2003 report, the Bureau of State Audits cited this lack of coordination and sharing of information as a problem that has resulted in abusive or neglectful family homes being able to be certified by another foster family agency that is unaware of the abuse or neglect.

(b) In order to protect foster children from being placed with potentially harmful, unsafe, or neglectful caregivers, and in order to protect foster children who have been placed in the care of the state, it is the intent of the Legislature to enact legislation to ensure that both the counties that license foster homes and approve relative placements and foster family agencies that certify family homes are given access to information of family homes that have been certified or decertified, and information that a foster family agency has determined that it is necessary to decertify a certified family home as a result of specified actions by a certified foster parent. It is the intent of the Legislature to enact provisions that will give foster family agencies, counties, and the department protections from civil liability so that they may share information regarding prospective foster parents.

SEC. 2. Section 1506.7 is added to the Health and Safety Code, to read:

1506.7. (a) A foster family agency shall require the owner or operator of a family home applying for certification to sign an application that shall contain, but shall not be limited to, the following information:

(1) Whether the applicant has been certified, and by which foster family agency.

(2) Whether the applicant has been decertified, and by which foster family agency.

(3) Whether a placement hold has been placed on the applicant by a foster family agency, and by which foster family agency.

(4) Whether the applicant has been a foster home licensed by a county or by the state and, if so, by which county or state, or whether the applicant has been approved for relative placement by a county and, if so, by which county.

(b) (1) The application form signed by the owner or operator of the family home applying for certification shall contain notice to the applicant for certification that the foster family agency is required to check references of all foster family agencies that have previously certified the applicant and of all state or county licensing offices that have licensed the applicant as a foster parent, and that the signing of the application constitutes the authorization of the applicant for the foster family agency to conduct its check of references.

(2) The application form signed by the owner or operator of the family home applying for certification shall be signed with a declaration by the applicant that the information submitted is true, correct, and contains no material omissions of fact to the best knowledge and belief of the applicant. Any person who declares as true any material matter pursuant to this section that he or she knows to be false is guilty of a misdemeanor. The application shall include a statement that submitting false information is a violation of law punishable by incarceration, a fine, or both incarceration and a fine.

SEC. 3. Section 1506.8 is added to the Health and Safety Code, to read:

1506.8. Before certifying a family home, a foster family agency shall contact any foster family agencies by whom an applicant has been previously certified and any state or county licensing offices that have licensed the applicant as a foster parent, and shall conduct a reference check as to the applicant.

SEC. 4. Section 1506.9 is added to the Health and Safety Code, to read:

1506.9. (a) No person shall incur civil liability as a result of providing the department with any of the following:

(1) The foster family agency providing to the department a log of family homes certified and decertified.

(2) The foster family agency notifying the department of its determination to decertify a certified family home due to any of the following actions by the certified family parent:

(A) Violating licensing rules and regulations.

(B) Aiding, abetting, or permitting the violation of licensing rules and regulations.

(C) Conducting oneself in a way that is inimical to the health, morals, welfare, or safety of a child placed in that certified family home.

(D) Being convicted of a crime while a certified family parent.

(E) Knowingly allowing any child to have illegal drugs or alcohol.

(F) Committing an act of child abuse or neglect or an act of violence against another person.

(b) Neither the department, a foster family agency, or a county shall incur civil liability for providing a county or a foster family agency with

information if the communication is for the purpose of aiding in the evaluation of an application for certification of a family home by a foster family agency or for licensure as a foster home or approval of a relative placement by a county or by the department.

SEC. 5. Section 1536 of the Health and Safety Code is amended to read:

1536. (a) At least annually, the director shall publish and make available to interested persons a list or lists covering all licensed community care facilities, other than foster family homes and certified family homes of foster family agencies providing 24-hour care for six or fewer foster children, and the services for which each facility has been licensed or issued a special permit.

(b) Subject to subdivision (c), to encourage the recruitment of foster family homes and certified family homes of foster family agencies, protect their personal privacy, and to preserve the security and confidentiality of the placements in the homes, the names, addresses, and other identifying information of facilities licensed as foster family homes and certified family homes of foster family agencies providing 24-hour care for six or fewer children shall be considered personal information for purposes of the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code). This information shall not be disclosed by any state or local agency pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) except as necessary for administering the licensing program, facilitating the placement of children in these facilities, and providing names and addresses only to bona fide professional foster parent organizations upon request.

(c) Notwithstanding subdivision (b), the department, a county, or a foster family agency may request information from, or divulge information to, the department, a county, or a foster family agency, regarding a prospective certified parent, foster parent, or relative caregiver for the purpose of, and as necessary to, conduct a reference check to determine whether it is safe and appropriate to license, certify, or approve an applicant to be a certified parent, foster parent, or relative caregiver.

(d) The department may issue a citation and, after the issuance of that citation, may assess a civil penalty of fifty dollars ($50) per day for each instance of a foster family agency's failure to provide the department with the information required by subdivision (h) of Section 88061 of Title 22 of the California Code of Regulations.

(e) The Legislature encourages the department, when funds are available for this purpose, to develop a database that would include all of the following information:

(1) Monthly reports by a foster family agency regarding family homes.

(2) A log of family homes certified and decertified, provided by a foster family agency to the department.

(3) Notification by a foster family agency to the department informing the department of a foster family agency's determination to decertify a certified family home due to any of the following actions by the certified family parent:

(A) Violating licensing rules and regulations.

(B) Aiding, abetting, or permitting the violation of licensing rules and regulations.

(C) Conducting oneself in a way that is inimical to the health, morals, welfare, or safety of a child placed in that certified family home.

(D) Being convicted of a crime while a certified family parent.

(E) Knowingly allowing any child to have illegal drugs or alcohol.

(F) Committing an act of child abuse or neglect or an act of violence against another person.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 21, 2004. Filed with
Secretary of State September 21, 2004.]

SEC. 2. Section 13144 of the Food and Agricultural Code is amended to read:

13144. (a) The department shall establish specific numerical values for water solubility, soil adsorption coefficient (Koc), hydrolysis, aerobic and anaerobic soil metabolism, and field dissipation. The values established by the department shall be at least equal to those established by the Environmental Protection Agency. The department shall revise the numerical values when the department finds that the revision is necessary to protect the groundwater of the state. The numerical values established or revised by the department shall always be at least as stringent as the values being used by the Environmental Protection Agency at the time the values are established or revised by the department.

(b) On or before December 31, 2004, and updated at least annually thereafter, the director shall post the following information on the department's Web site for each pesticide registered for agricultural use and during years that specific numerical values are revised:

(1) A list of each active ingredient, other specified ingredient, or degradation product of an active ingredient of a pesticide for which there is a groundwater protection data gap.

(2) A list of each pesticide that contains an active ingredient, other specified ingredients, or degradation product of an active ingredient that is greater than one or more of the numerical values established pursuant to subdivision (a), or is less than the numerical value in the case of soil adsorption coefficient, in both of the following categories:

(A) Water solubility or soil adsorption coefficient (Koc).

(B) Hydrolysis, aerobic soil metabolism, anaerobic soil metabolism, or field dissipation.

(3) For each pesticide listed pursuant to paragraph (2) for which information is available, a list of the amount sold in California during the most recent year for which sales information is available and where and for what purpose the pesticide was used, when this information is available in the pesticide use report.

(b) Any pesticide monitored pursuant to this section that is determined, by review of monitoring data and any other relevant data, to pollute the groundwaters of the state two years after the director takes action pursuant to paragraph (3) of subdivision (d) of Section 13150 shall be canceled unless the director has determined that the adverse health effects of the pesticide are not carcinogenic, mutagenic, teratogenic, or neurotoxic.

(c) The department shall maintain a statewide database of wells sampled for pesticide active ingredients. All agencies shall submit to the department, in a timely manner, the results of any well sampling for pesticide active ingredients and the results of any well sampling that detect any pesticide active ingredients.

(d) Not later than June 30, 1986, the director, the State Department of Health Services, and the board shall jointly establish minimum requirements for well sampling that will ensure precise and accurate results. The requirements shall be distributed to all agencies that conduct well sampling. (e) The department shall post the following information on its Web site, updated no later than December 1 of each year:

(1) The number of wells sampled for pesticide active ingredients, the location of the wells from which the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(2) The number of well samples with detectable levels of pesticide active ingredients, the location of the wells from which the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(3) An analysis of the results of well sampling described in paragraphs (1) and (2), to determine the probable source of the residues. The analysis shall consider factors such as the physical and chemical characteristics of the pesticide, volume of use and method of application of the pesticide, irrigation practices related to use of the pesticide, and types of soil in areas where the pesticide is applied.

(4) Actions taken by the director and the board to prevent pesticides from migrating to groundwaters of the state.

SEC. 4. Section 9795 of the Government Code is amended to read:

9795. Each report shall include a summary of its contents, not to exceed one page in length, a copy of which shall be provided to each member of the appropriate house or houses of the Legislature by the Legislative Counsel within two working days of its receipt. Notice of receipt of the report shall also be recorded in the journal of the appropriate house or houses of the Legislature by the secretary or clerk of that house.

(2) In addition to and as part of the information made available to the public in electronic form pursuant to Section 10248, the Legislative Counsel shall make available a list of the reports submitted by state and local agencies, as specified in paragraph (1). (c) The review required by subdivision (b) shall include a review of existing state and federal cancer risk guidelines, as well as new

information on carcinogenesis, and shall consider the extent to which those guidelines address risks from exposures occurring early in life.

(d) The review required by subdivision (b) shall also include, but not be limited to, all of the following:

(1) The development of criteria for identifying carcinogens likely to have a greater impact if exposures occur early in life.

(2) The assessment of methodologies used in existing guidelines to address early-in-life exposures.

(B) Appropriate available child-specific numerical health effects guidance values, and plans for the development of additional child-specific numerical health effects guidance values.

(C) The identification of uncertainties in the risk assessment guidance, and those actions that should be taken to address those uncertainties.

(2) The office shall consult with the Department of Toxic Substances Control and the State Department of Education in the preparation of the guidance document required by paragraph (1) to ensure that it provides the information necessary for these two agencies to meet the requirements of Sections 17210.1 and 17213.1 of the Education Code.

(g) On or before January 1, 2002, the office, in consultation with the appropriate entities within the California Environmental Protection Agency, shall identify those chemical contaminants commonly found at schoolsites and determined by the office to be of greatest concern based on criteria that identify child-specific exposures and child-specific physiological sensitivities. On or before December 31, 2002, and annually thereafter, the office shall publish and make available to the public and to other state and local environmental and public health agencies and school districts, numerical health guidance values for five of those chemical contaminants identified pursuant to this subdivision until the contaminants identified have been exhausted.

(h) On and after January 1, 2002, and biennially thereafter, the center shall report to the Legislature and the Governor on the implementation of this section as part of the report required by subdivision (d) of Section 900. The report shall include, but not be limited to, information on revisions or modifications made by the office and other entities within the California Environmental Protection Agency to cancer potency values and other numerical health guidance values in order to be protective of children's health. The report shall also describe the use of the revised health guidance values in the programs and activities of the office and the other boards and departments within the California Environmental Protection Agency.

(i) Nothing in this section relieves any entity within the California Environmental Protection Agency of complying with Chapter 3.5 (commencing with Section 11340) of Part 2 of Division 3 of Title 2 of the Government Code, to the extent that chapter is applicable to the entity on or before July 19, 2000, or January 1, 1998.

SEC. 10. Section 25295 of the Health and Safety Code is amended to read:

25295. (a) (1) Any unauthorized release which escapes from the secondary containment, or from the primary containment, if no secondary containment exists, increases the hazard of fire or explosion, or causes any deterioration of the secondary containment of the underground tank system shall be reported by the owner or operator to the local agency designated pursuant to Section 25283 within 24 hours after the release has been detected or should have been detected. A full written report shall be transmitted by the owner or operator of the underground tank system to the local agency within five working days of the occurrence of the release. The report shall describe the nature and volume of the unauthorized release, any corrective or remedial actions undertaken, and any further corrective or remedial actions, including investigative actions, which will be needed to clean up the unauthorized

release and abate the effects of the release and a time schedule for implementing these actions.

(2) The local agency shall review the permit whenever there has been an unauthorized release or when it determines that the underground tank system is unsafe. In determining whether to modify or terminate the permit, the local agency shall consider the age of the tank, the methods of containment, the methods of monitoring, the feasibility of any required repairs, the concentration of the hazardous substances stored in the tank, the severity of potential unauthorized releases, and the suitability of any other long-term preventive measures which would meet the requirements of this chapter.

(b) The board shall continuously post and update on its Web site, but at a minimum, annually on or before December 1, a report of all unauthorized releases, indicating for each unauthorized release the responsible party, the site name, the hazardous substance, the quantity of the unauthorized release if known, and the actions taken to abate the problem.

(10) A summary of significant actions taken by districts to control emissions from nonvehicular sources during the previous two-year period. This summary shall not include a district by district analysis for each district in the state, but shall include an overall analysis.

SEC. 14. Section 39607.5 of the Health and Safety Code is amended to read:

39607.5. (a) The state board shall develop, and adopt in a public hearing a methodology for use by districts to calculate the value of credits issued for emission reductions from stationary, mobile, indirect, and areawide sources, including those issued under market-based incentive programs, when those credits are used interchangeably.

(b) In developing the methodology, the state board shall do all of the following:

(1) Ensure that the methodology results in the maintenance and improvement of air quality consistent with this division.

(2) Allow those credits to be used in a market-based incentive program adopted pursuant to Section 39616 that requires annual reductions in emissions through declining annual allocations, and allow the use of all of those credits, including those from a market-based incentive program, to meet other stationary or mobile source requirements that do not expressly prohibit that use.

(3) Ensure that the methodology does not do any of the following:

(A) Result in the crediting of air emissions that already have been identified as emission reductions necessary to achieve state and federal ambient air quality standards.

(B) Provide for an additional discount of credits solely as a result of emission reduction credits trading if a district already has discounted the credit as part of its process of identifying and granting those credits to sources.

(C) Otherwise provide for double-counting emission reductions.

(4) Consult with, and consider the suggestions of, the public and all interested parties, including, but not limited to, the California Air Pollution Control Officers Association and all affected regulated entities.

(5) Ensure that any credits, whether they are derived from stationary, mobile, indirect, or areawide sources, shall be permanent, enforceable, quantifiable, and surplus.

(6) Ensure that any credits derived from a market-based incentive program adopted pursuant to Section 39616 are permanent, enforceable, quantifiable, and are in addition to any required controls, unless those credits otherwise comply with paragraph (2).

(7) Consider all of the following factors:

(A) How long credits should be valid.

(B) Whether, and which, banking opportunities may exist for credits.

(C) How to provide flexibility to sources seeking to use credits so that they remain interchangeable and negotiable until used.

(D) How to ensure a viable trading process for sources wishing to trade credits consistent with this section.

(E) How to ensure that, if credits may be used within and between adjacent districts or air basins where sources are in proximity to one another, the use occurs while maintaining and improving air quality in both districts or air basins.

(c) If necessary, the state board shall periodically update the methodology as it applies to future transactions.

(d) The state board shall periodically review each district's emission reduction and credit trading programs to ensure that the programs comply with the methodology developed pursuant to this section.

(e) The state board shall post on its Web site, at a minimum by January 1 each year, actions taken by the state board to implement this section.

SEC. 15. Section 39619.5 of the Health and Safety Code is amended to read:

39619.5. The state board shall develop and conduct an expanded and revised program of monitoring of airborne fine particles smaller than 2.5 microns in diameter (PM 2.5). The program shall be designed to accomplish all of the following:

(a) The monitoring method selected shall be capable of accurately representing the spectrum of compounds that comprise PM 2.5 in the atmosphere of regions where monitoring is conducted, including nitrates and other inorganic compounds, as well as carbonaceous materials.

(b) To the extent feasible, the state board shall consider approved federal particulate methods in selecting a monitoring method for the program.

(c) The monitoring network used in the program shall site monitors so as to characterize population exposure, background conditions, and transport influence, and attain any other objective identified by the state board as necessary to understand conditions and to provide information for the development of control strategies.

(d) Portable monitors shall be used in locations not now monitored for PM 10, but where elevated PM 2.5 might be expected.

(e) During the initial two years of expanded monitoring, PM 2.5 monitoring shall be done at one or more of the highest level PM 10 sites in any region that violates the federal ambient air quality standard for PM 10, to enable a determination of the correlation between levels of PM 10 and PM 2.5.

(f) In regions where ambient source characterization studies for PM 2.5 have not been completed, the state board shall work with the district to develop and conduct those studies.

(g) The state board shall place on its Web site, updated at a minimum January 1 of each year, the status and results of the airborne fine particulate air pollution monitoring program.

SEC. 16. Section 39702.5 of the Health and Safety Code is repealed.

SEC. 17. Section 41712 of the Health and Safety Code is amended to read:

41712. (a) For purposes of this section, the following terms have the following meaning:

(1) ''Consumer product'' means a chemically formulated product used by household and institutional consumers, including, but not limited to, detergents; cleaning compounds; polishes; floor finishes; cosmetics; personal care products; home, lawn, and garden products; disinfectants; sanitizers; aerosol paints; and automotive specialty products; but does not include other paint products, furniture coatings, or architectural coatings.

(2) ''Health benefit product'' means an antimicrobial product registered with the Environmental Protection Agency.

(3) ''Maximum feasible reduction in volatile organic compounds emitted'' means at least a 60-percent reduction in the emissions of volatile organic compounds resulting from the use of aerosol paints, calculated with respect to the 1989 baseline year, including acetone in that baseline year.

(4) ''Medical expert'' means a physician, including a pediatrician, a microbiologist, or a scientist involved in research related to infectious disease and infection control.

(b) The state board shall adopt regulations to achieve the maximum feasible reduction in volatile organic compounds emitted by consumer products, if the state board determines that adequate data exists to establish both of the following:

(1) The regulations are necessary to attain state and federal ambient air quality standards.

(2) The regulations are commercially and technologically feasible and necessary.

(c) A regulation shall not be adopted which requires the elimination of a product form.

(d) The state board shall not adopt regulations pursuant to subdivision (b) unless the regulations are technologically and commercially feasible, and necessary to carry out this division. The state board shall consider the effect that the regulations proposed for health benefit products will have on the efficacy of those products in killing or inactivating agents of infectious diseases such as viruses, bacteria, and fungi, and the impact the regulations will have on the availability of health benefit products to California consumers.

(e) Prior to adopting regulations pursuant to this section governing health benefit products, the state board shall consider any recommendations received from federal, state, or local public health agencies and medical experts in the field of public health.

(f) A district shall adopt no regulation pertaining to disinfectants, nor any regulation pertaining to a consumer product that is different than any regulation adopted by the state board for that purpose.

(g) A consumer product manufactured prior to each effective date specified in regulations adopted by the state board pursuant to this section that applies to that consumer product may be sold, supplied, or offered for sale for a period of three years from the specified effective date if the date of manufacture or a representative date code is clearly displayed on the product at the point of sale. An explanation of the date code shall be filed with the state board.

(h) (1) It is the intent of the Legislature that, prior to January 1, 2000, air pollution control standards affecting the formulation of aerosol adhesives and limiting emissions of reactive organic compounds resulting from the use of aerosol adhesives be set solely by the state board to ensure uniform standards applicable on a statewide basis.

(2) The Legislature recognizes that the current state board volatile organic compound (VOC) limit for aerosol adhesives is 75 percent by weight. Effective January 1, 1997, the state board's 75-percent standard shall apply to all uses of aerosol adhesives, including consumer, industrial, and commercial uses, and any district regulations limiting the VOC content of, or emissions from, aerosol adhesives, are null and void. After that date, a district may adopt and enforce the state board's 75-percent standard for aerosol adhesives, or a subsequently adopted state board standard, in the same manner as a district regulation limiting the issuance of air contaminants.

(3) Notwithstanding any other provision of this section, on and after January 1, 2000, a district may adopt and enforce a regulation setting an emission standard or standards for VOC emissions for the use of aerosol adhesives that is more stringent than the standards adopted by the state board.

(i) (1) It is the intent of the Legislature that air pollution control standards affecting the formulation of aerosol paints and limiting the emissions of volatile organic compounds resulting from the use of aerosol paints be set solely by the state board to ensure uniform standards applicable on a statewide basis. A district shall not adopt or enforce any regulation regarding the volatile organic compound content of, or emissions from, aerosol paints until the state board has adopted a regulation regarding those paints, and any district regulation shall not be different than the state board regulation. A district may observe and enforce a state board regulation regarding aerosol paints in the same manner as a district regulation limiting the issuance of air contaminants. This subdivision shall not apply to any district that has adopted a rule or regulation regarding aerosol paints pursuant to an order of a federal court, until the federal court has authorized the district to observe and enforce the state board regulation in lieu of the district regulation.

(2) The state board shall adopt regulations requiring the maximum feasible reduction in volatile organic compounds emitted from the use of aerosol paints. The regulations shall establish final limits and require full compliance, and shall establish interim limits prior to that date resulting in reductions in reactive organic compounds.

(3) The state board shall conduct a public hearing on the technological or commercial feasibility of achieving full compliance with the final limits. If the state board determines that a 60-percent reduction in emissions of reactive organic compounds from the use of aerosol paints is not technologically or commercially feasible, the state board may grant an extension of time not to exceed five years. During any extension of time, the most stringent interim limits shall be applicable. Any regulation adopted by the state board shall include a provision authorizing the time extension and requiring a public hearing on technological or commercial feasibility consistent with this subdivision. The state board shall seek to ensure that the final limits for aerosol paints established pursuant to this subdivision do not become federally enforceable prior to the effective date established by the state board for these limits, including any extension granted under this subdivision.

(4) Reductions required for aerosol paints under this subdivision are not intended to apply to any other consumer product.

(j) The state board shall not adopt a regulation pertaining to disinfectants any sooner than December 1, 2003.

(k) The state board shall comply with its volatile organic compound emission reduction obligations under the 1994 State Implementation Plan, or any amendments thereto, and shall ensure that there is no loss of emission reductions as a result of its compliance with subdivision (j).

SEC. 18. Section 41865 of the Health and Safety Code, as amended by Chapter 225 of the Statutes of 2004, is amended to read:

41865. (a) This section shall be known, and may be cited, as the Connelly-Areias-Chandler Rice Straw Burning Reduction Act of 1991.

(b) As used in this section:

(1) ''Sacramento Valley Air Basin'' means the area designated by the state board pursuant to Section 39606.

(2) ''Air pollution control council'' means the Sacramento Valley Basinwide Air Pollution Control Council authorized pursuant to Section 40900.

(3) ''Conditional rice straw burning permit'' means a permit to burn granted pursuant to subdivisions (f) and (h).

(4) ''Allowable acres to be burned'' means the number of acres that may be burned pursuant to subdivision (c).

(5) ''Department'' means the Department of Food and Agriculture.

(6) ''Maximum fall burn acres'' means the maximum amount of rice acreage that may be burned from September 1 to December 31, inclusive, of each year.

(7) ''Maximum spring burn acres'' means the maximum amount of rice acreage that may be burned from January 1 to May 31 of the following year, inclusive.

(c) Notwithstanding Section 41850, rice straw burning in counties in the Sacramento Valley Air Basin shall be phased down, as follows:

(1) From 1998 to 2000, the maximum spring and fall burn acres shall be the following number of acres planted prior to September 1 of each year:

Year	Maximum Fall Burn Acres	Maximum Spring Burn Acres
1998	90,000	110,000
1999	90,000	110,000
2000	90,000	110,000

(2) Notwithstanding paragraph (1), any of the 90,000 acres allocated in the fall that are not burned may be added to the maximum spring burn acres, provided that the maximum spring burn acres does not exceed 160,000 acres.

(3) Notwithstanding paragraph (1), the maximum acres burned between January 1, 1998, and August 31, 1998, shall be limited so that the total acres burned between September 1, 1997, and August 31, 1998,

do not exceed 38 percent of the total acres planted prior to September 1, 1997.

(4) In 2001 and thereafter, the maximum annual burn acres shall be the number of acres prescribed in subdivision (i), subject to subdivisions (f) and (h).

(d) The number of allowable acres to be burned each day shall be determined by the state board and the air pollution control officers in the Sacramento Valley Air Basin and equitably allocated among rice growers in accordance with the annual agricultural burning plan adopted by the air pollution control council and approved by the state board.

(e) On or before September 1, 2000, the state board, in consultation with the department and the air pollution control council, shall adopt regulations consistent with the criteria provided in subdivisions (f) and (h). On or before September 1, 1996, an advisory group shall be established by the state board and the department to assist in the adoption of those regulations.

(f) Commencing September 1, 2001, the county air pollution control officers in the Sacramento Valley Air Basin may grant conditional rice straw burning permits once the county agricultural commissioner has determined that the applicant has met the conditions specified in subdivision (h). The county agricultural commissioner shall be responsible for all field inspections associated with the issuance of conditional rice straw burning permits. A conditional rice straw burning permit shall be valid for only one burn, per field, per year.

(g) The county agricultural commissioner may charge the applicant a fee not to exceed the costs incurred by the county agricultural commissioner in making the determination specified in subdivision (f). This subdivision shall be operative only until January 1, 2009.

(h) If the terms and conditions for issuing conditional rice straw burning permits specified in paragraphs (1) to (4), inclusive, are met, a conditional rice straw burning permit may be issued unless the state board and the department have jointly determined, based upon an annual review process, that there are other economically and technically feasible alternative means of eliminating the disease that are not substantially more costly to the applicant. The terms and conditions for issuing the conditional rice straw burning permits are:

(1) The fields to be burned are specifically described.

(2) The applicant has not violated any provision of this section within the previous three years.

(3) During the growing season, the county agricultural commissioner has independently determined the significant presence of a pathogen in an amount sufficient to constitute a rice disease such as stem rot.

(4) The county agricultural commissioner makes a finding that the existence of the pathogen as identified in paragraph (3) will likely cause

a significant, quantifiable reduction in yield in the field to be burned during the current or next growing season. The findings of the county agricultural commissioner shall be based on recommendations adopted by the advisory group established pursuant to subdivision (e).

(i) (1) The maximum annual number of acres burned in the Sacramento Valley Air Basin pursuant to paragraph (4) of subdivision (c) shall be the lesser of:

(A) The total of 25 percent of each individual applicant's planted acres that year.

(B) A total of 125,000 acres planted in the Sacramento Valley Air Basin.

(2) Each grower shall be eligible to burn up to 25 percent of the grower's planted acres, as determined by the air pollution control officers in the Sacramento Valley Air Basin and subject to the maximum annual number of acres burned set forth in paragraph (1), if the grower has met the criteria for a conditional rice straw burning permit.

(3) The air pollution control council shall annually determine which is the lesser of subparagraphs (A) and (B) of paragraph (1), and shall determine the maximum percentage applicable to all growers subject to the conditions set forth in subdivisions (f) and (h).

(4) A grower who owns or operates 400 acres or less who has met the criteria for the issuance of a conditional rice straw burning permit may burn his or her entire acreage once every four years, provided that the limit prescribed in paragraph (1) is not exceeded.

(5) Nothing in this subdivision shall permit an applicant to transfer, sell, or trade any permission to burn granted pursuant to this subdivision to another applicant or individual.

(j) The state board and the department shall jointly determine if the allowable acres to be burned, as provided in subdivisions (c), (f), and (h), may be exceeded due to extraordinary circumstances, such as an act of God, that have an impact over a continuing duration and make alternatives other than burning unusable.

(k) ''Administrative burning'' means burning of vegetative materials along roads, in ditches, and on levees adjacent to or within a rice field, or the burning of vegetative materials on rice research facilities authorized by the county agricultural commissioner, not to exceed 2,000 acres. Administrative burning conducted in accordance with Section 41852 is not subject to this section.

(*l*) (1) On or before September 1, 1992, the state board and the department shall jointly establish an advisory committee composed of 10 members to assist with the identification and implementation of alternatives to rice straw burning. Members of the committee shall be from the Sacramento Valley Air Basin, and the committee shall consist of two rice growers, two representatives from the environmental

community, two health officials, two county supervisors or their designees, one member from the air pollution control council, and one member from the business community with expertise in market or product development. The committee shall meet at least annually. General Fund moneys shall not be used to support the committee.

(2) The committee shall develop a list of priority goals for the development of alternative uses of rice straw for the purpose of developing feasible and cost-effective alternatives to rice straw burning. These goals shall include, but not be limited to, research on alternatives, economic incentives to encourage alternative uses, and new product development.

(m) On or before September 1, 1998, the state board, in consultation with the department, and the advisory committee, shall develop an implementation plan and a schedule to achieve diversion of not less than 50 percent of rice straw produced toward off-field uses by 2000. Off-field uses may include, but are not limited to, the production of energy and fuels, construction materials, pulp and paper, and livestock feed.

(n) The Legislature hereby finds and declares as follows:

(1) Because of the requirements imposed by this section, rice straw that was previously burned may present, as solid waste, a new disposal problem.

(2) The state should assist local governments and growers in diverting rice straw from landfills by researching and developing diversion options.

(o) It is the intent of the Legislature that all feasible alternatives to rice straw burning and options for diverting rice straw from landfills be encouraged.

(p) This subdivision confirms that reductions in emissions from rice straw burning qualify for air quality offsets, in accordance with paragraphs (1) and (2).

(1) These credits shall meet the requirements specified in state law and district rules and regulations, and shall comply with applicable district banking rules established pursuant to Sections 40709 to 40713, inclusive. Districts are urged to establish banking systems in accordance with Sections 40709 to 40713, inclusive. The state board may adopt regulations to implement this subdivision, including, but not limited to, consideration of the seasonal and intermittent nature of rice straw burning emissions. In developing the regulations, the state board shall consult with all concerned parties. However, emission reduction credits that would otherwise accrue from reductions in emissions from rice straw burning shall not be affected or negated by the phasedown of burning, as specified in subdivision (c).

(2) Reductions in emissions achieved in compliance with subdivision (c) that are banked or used as credits shall not be credited for purposes of attainment planning and progress towards the attainment of any state or national ambient air quality standard as required by state and federal law.

(q) (1) Any person who negligently or intentionally violates any provision of this article is guilty of a misdemeanor and is subject to a fine of not more than ten thousand dollars ($10,000), imprisonment in the county jail for not more than nine months, or by both that fine and imprisonment. This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(2) Any person who negligently or intentionally violates any provision in this article is liable for a civil penalty of not more than ten thousand dollars ($10,000). This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(r) Districts in the Sacramento Valley Air Basin shall impose fees on growers to cover the cost of implementing this section pursuant to Section 42311.

(s) To the extent that resources are available, the state board and the agencies with jurisdiction over air quality within the Sacramento Valley Air Basin shall do both of the following:

(1) Improve responses to citizen complaints, and, to the extent feasible, immediately investigate and analyze smoke complaints from the public to identify factors that contribute to complaints and to develop better smoke control measures to be included in the agricultural burning plan, keep a record of all complaints, coordinate among other agencies on citizens' complaints, and investigate the source of the pollution causing the complaint.

(2) Respond more quickly to requests for update from county air pollution control officers to help maximize burning days when meteorological conditions are best suited for smoke dispersion.

SEC. 19. Section 43032 of the Health and Safety Code is repealed.

SEC. 20. Section 43101 of the Health and Safety Code is amended to read:

43101. (a) The state board shall adopt and implement emission standards for new motor vehicles for the control of emissions from new motor vehicles that the state board finds to be necessary and technologically feasible to carry out the purposes of this division. Before adopting these standards, the state board shall consider the impact of these standards on the economy of the state, including, but not limited to, their effect on motor vehicle fuel efficiency.

(b) The standards adopted pursuant to this section may be applicable to motor vehicle engines, rather than to motor vehicles.

SEC. 21. Section 44011.6 of the Health and Safety Code is amended to read:

44011.6. (a) The use of a heavy-duty motor vehicle that emits excessive smoke is prohibited.

(b) (1) As expeditiously as possible, the state board shall develop a test procedure for the detection of excessive smoke emissions from heavy-duty diesel motor vehicles that is feasible for use in an intermittent roadside inspection program. During the development of the test procedure, the state board shall cooperate with the Department of the California Highway Patrol in conducting roadside inspections.

(2) The state board may also specify visual or functional inspection procedures to determine the presence of tampering or defective emissions control systems in heavy-duty diesel or heavy-duty gasoline motor vehicles. However, visual or functional inspection procedures for heavy-duty gasoline motor vehicles shall not be more stringent than those prescribed for heavy-duty gasoline motor vehicles subject to biennial inspection pursuant to Section 44013.

(3) The chairperson of the state board shall appoint an ad hoc advisory committee that shall include, but not be limited to, representatives of heavy-duty engine manufacturers, carriers of property for compensation using heavy-duty gasoline or heavy-duty diesel motor vehicles, and the Department of the California Highway Patrol. The advisory committee shall cooperate with the state board to develop a test procedure pursuant to this subdivision and shall advise the state board in developing regulations to implement test procedures and inspection of heavy-duty commercial motor vehicles.

(c) Any smoke testing procedures or smoke measuring equipment, including any meter that measures smoke opacity or density and any recorder that stores or records smoke opacity or density measurements, used to test for compliance with this section and regulations adopted pursuant to this section, shall produce consistent and repeatable results. The requirements of this subdivision shall be satisfied by the adoption of Society of Automotive Engineers recommended practice J 1667, ''Snap-Acceleration Smoke Test Procedures for Heavy-Duty Diesel Powered Vehicles.''

(d) (1) The smoke test standards and procedures adopted and implemented pursuant to this section shall be designed to ensure that no engine will fail the smoke test standards and procedures when the engine is in good operating condition and is adjusted to the manufacturer's specifications.

(2) In implementing this section, the state board shall adopt regulations that ensure that there will be no false failures or that ensure that the state board will remedy any false failures without any penalty to the vehicle owner.

(e) The state board shall enforce the prohibition against the use of heavy-duty motor vehicles that are determined to have excessive smoke emissions and shall enforce any regulation prohibiting the use of a heavy-duty motor vehicle determined to have other emissions-related defects, using the test procedure established pursuant to this section.

(f) The state board may issue a citation to the owner or operator for any vehicle in violation of this section. The regulations may require the operator of a vehicle to submit to a test procedure adopted pursuant to subdivision (b) and this subdivision, and may specify that refusal to so submit is an admission constituting proof of a violation, and shall require that, when a citation has been issued, the owner of a vehicle in violation of the regulations shall, within 45 days, correct every deficiency specified in the citation.

(g) The department may develop criteria for one or more classes of smog check stations capable of determining compliance with regulations adopted pursuant to this section and may authorize those stations to issue certificates of compliance to vehicles in compliance with the regulations. The department may contract for the operation of smog check stations for heavy-duty motor vehicles pursuant to this subdivision, and only heavy-duty motor vehicles may be inspected at those stations.

(h) In addition to the corrective action required by this section, the owner of a motor vehicle in violation of this section is subject to a civil penalty of not more than one thousand five hundred dollars ($1,500) per day for each day that the vehicle is in violation. The state board may adopt a schedule of reduced civil penalties to be applied in cases where violations are corrected in an expeditious manner. However, the schedule of reduced civil penalties shall not apply where there have been repeated incidents of emissions control system tampering. All civil penalties imposed pursuant to this subdivision shall be collected by the state board and deposited in the Vehicle Inspection and Repair Fund. Funds in the Vehicle Inspection and Repair Fund, when appropriated by the Legislature, shall be available to the state board and the Department of the California Highway Patrol for the conduct of intermittent roadside inspections of heavy-duty motor vehicles pursuant to this section.

(i) Following the adoption of regulations pursuant to this section, the state board may commence inspecting heavy-duty motor vehicles. With the concurrence of the Department of the California Highway Patrol, these inspections may be conducted in conjunction with the safety and weight enforcement activities of the Department of the California Highway Patrol, or at other locations selected by the state board or the Department of the California Highway Patrol. Inspection locations may include private facilities where fleet vehicles are serviced or maintained. The state board and the Department of the California Highway Patrol

may conduct these inspections either cooperatively or independently, and the state board may contract for assistance in the conduct of these inspections.

(j) The state board shall inform the Department of the California Highway Patrol whenever a vehicle owner cited pursuant to this section fails to take a required corrective action or to pay a civil penalty levied pursuant to subdivisions (h) and (k) in a timely manner. Following notice and opportunity for an administrative hearing pursuant to subdivision (n), the state board may request the Department of the California Highway Patrol to remove the vehicle from service and order the vehicle to be stored. Upon notification from the state board of payment of any civil penalties imposed under subdivision (h) and storage and related charges, the vehicle shall be released to the owner or designee. Upon release of the vehicle, the owner or designee shall correct every deficiency specified in any citation to that owner with respect to the vehicle.

(k) In addition to the corrective action required by subdivision (f), and in addition to the civil penalty imposed by subdivision (h), the owner of a motor vehicle cited by the state board pursuant to this section shall pay a civil penalty of three hundred dollars ($300) per citation; except that this penalty shall not apply to the first citation for any schoolbus. All civil penalties imposed pursuant to this subdivision shall be collected by the state board and deposited in the Diesel Emission Reduction Fund, which fund is hereby created. Funds in the Diesel Emission Reduction Fund, when appropriated by the Legislature, shall be available to the State Energy Resources Conservation and Development Commission for research, development, and demonstration programs undertaken pursuant to Section 25617 of the Public Resources Code.

(*l*) The state board shall adopt regulations that afford an owner cited under this section an opportunity for an administrative hearing consistent with, but not limited to, all of the following: (1) any owner cited under this section may request an administrative hearing within 45 days following either personal receipt or certified mail receipt of the citation; (2) if the owner fails to request an administrative hearing within 45 days, the citation shall be deemed a final order and not subject to review by any court or agency; (3) if the owner requests an administrative hearing and fails to seek review by administrative mandamus pursuant to Section 1094.5 of the Code of Civil Procedure within 60 days after the mailing of the administrative hearing decision, the decision shall be deemed a final order and not subject to review by any other court or agency; and (4) the 45-day period may be extended by the administrative hearing officer for good cause.

(m) Following exhaustion of the review procedures provided for in subdivision (*l*), the state board may apply to the Superior Court of

Sacramento County for a judgment in the amount of the civil penalty. The application, which shall include a certified copy of the final order of the administrative hearing officer, shall constitute a sufficient showing to warrant the issuance of the judgment.

SEC. 22. Section 44100 of the Health and Safety Code is amended to read:

44100. The Legislature hereby finds and declares as follows:

(a) Emission reduction programs based on market principles have the potential to provide equivalent or superior environmental benefits when compared to existing controls at a lower cost to the citizens of California than traditional emission control requirements.

(b) Several studies have demonstrated that a small percentage of light-duty vehicles contribute disproportionately to the on-road emissions inventory. Programs to reduce or eliminate these excess emissions can significantly contribute to the attainment of the state's air quality goals.

(c) Programs to accelerate fleet turnover can enhance the effectiveness of the state's new motor vehicle standards by bringing more low-emission vehicles into the on-road fleet earlier.

(d) The California State Implementation Plan for Ozone (SIP), adopted November 15, 1994, and submitted to the Environmental Protection Agency, calls for added reductions in reactive organic gases (ROG) and oxides of nitrogen (NO_x) from light-duty vehicles by the year 2010. One of the more market-oriented approaches reflected in the SIP, known as the M-1 strategy, calls for accelerating the retirement of older light-duty vehicles in the South Coast Air Quality Management District to achieve the following emission reductions:

	Emissions, TPD (tons per day)
Year	(ROG + NOx)
1999	9
2002	14
2005	20
2007	22
2010	25

(e) A program for achieving those and more emission reductions should be based on the following principles:

(1) If the program receives adequate funding, the first two years should include a thorough assessment of the costs and short-term and long-term emission reduction benefits of the program, compared with other emission reduction programs for light-duty vehicles, which shall be reflected in a report and recommendations by the state board to the Governor and the Legislature on strategies and funding needs for

meeting the emission reduction requirements of the M-1 strategy of the 1994 SIP for the years 1999 to 2010, inclusive.

(2) The program should first contribute to the achievement of the emission reductions required by the inspection and maintenance program and the M-1 strategy of the 1994 SIP, and should permit the use of mobile source emission reduction credits for other purposes currently authorized by the state board or a district. Remaining credits may be used to achieve other emission reductions, including those required by the 1994 SIP, in a manner consistent with market-based strategies. Emission credits shall not be used to offset emission standards or other requirements for new vehicles, except as authorized by the state board.

(3) Participation by the vehicle owner shall be entirely voluntary and the program design should be sensitive to the concerns of car collectors and to consumers for whom older vehicles provide affordable transportation.

(4) The program design shall provide for real, surplus, and quantifiable emission reductions, based on an evaluation of the purchased vehicles, taking into account factors that include per-mile emissions, annual miles driven, remaining useful life of retired vehicles, and emissions of the typical or average replacement vehicle, as determined by the state board. The program shall ensure that there is no double counting of emission credits among the various vehicle removal programs.

(5) The program should specify the emission reductions required and then utilize the market to ensure that these reductions are obtained at the lowest cost.

(6) The program should be privately operated. It should utilize the experience and expertise gained from past successful programs. Existing entities that are authorized by, contracted with, or otherwise sanctioned by a district and approved by the state board and the United States Environmental Protection Agency shall be fully utilized for purposes of implementing this article. Nothing in this paragraph restricts the Department of Consumer Affairs from selecting qualified contractors to operate or administer any program specified pursuant to this chapter.

(7) The program should be designed insofar as possible to eliminate any benefit to any participants from vehicle tampering and other forms of cheating. To the extent that tampering and other forms of cheating might be advantageous, the program design shall include provisions for monitoring the occurrence of tampering and other forms of cheating.

(8) Emission credits should be expressed in pounds or other units, and their value should be set by the marketplace. Any contract between a public entity and a private party for the purchase of emission credits should be based on a price per pound which reflects the market value of the credit at its time of purchase. Emission reductions required by the

M-1 and other strategies of the 1994 SIP shall be accomplished by competitive bid among private businesses solicited by the oversight agency designated pursuant to Section 44105.

SEC. 23. Section 44104.5 of the Health and Safety Code is amended to read:

44104.5. (a) The regulations adopted pursuant to subdivision (a) of Section 44101 shall include a plan to guide the execution of the first two years of the program, to assess the results, and to formulate recommendations. The plan shall also verify whether the light-duty vehicle scrapping program included in the state implementation plan adopted on November 15, 1994, can reasonably be expected to yield the required emissions reductions at reasonable cost-effectiveness. Scrapping of any vehicles under this program for program development or testing or for generating emission reductions to be credited against the M-1 strategy of the 1994 SIP may proceed before the state board adopts the regulations pursuant to subdivision (a) of Section 44101 or the plan required by this subdivision. The emission credits assigned to these vehicles shall be adjusted as necessary to ensure that those credits are consistent with the credits allowed under the regulations adopted pursuant to Section 44101. The plan shall include a baseline study, for the geographical area or areas representative of those to be targeted by this program and by measure M-1 in the SIP, of the current population of vehicles by model year and market value and the current turnover rate of vehicles, and other factors that may be essential to assessing program effectiveness, cost-effectiveness, and market impacts of the program.

(b) At the end of each of the two calendar years after the adoption of the program plan, if the program receives adequate funding, the state board, in consultation with the department, shall adopt and publish a progress report evaluating each year of the program. These reports shall address the following topics for those vehicles scrapped to achieve both the M-1 SIP objectives and those vehicles scrapped or repaired to generate mobile-source emission reduction credits used for other purposes:

(1) The number of vehicles scrapped or repaired by model year.

(2) The measured emissions of the scrapped or repaired vehicles tested during the report period, using suitable inspection and maintenance test procedures.

(3) Costs of the vehicles in terms of amounts paid to sellers, the costs of repair, and the cost-effectiveness of scrappage and repair expressed in dollars per ton of emissions reduced.

(4) Administrative and testing costs for the program.

(5) Assessments of the replacement vehicles or replacement travel by model year or emission levels, as determined from interviews,

questionnaires, diaries, analyses of vehicle registrations in the study region, or other methods as appropriate.

(6) Assessments of the net emission benefits of scrapping in the year reported, considering the scrapped vehicles, the replacement vehicles, the effectiveness of repair, and other effects of the program on the mix of vehicles and use of vehicles in the geographic area of the program, including in-migration of other vehicles into the area and any tendencies to increased market value of used vehicles and prolonged useful life of existing vehicles, if any.

(7) Assessments of whether the M-1 strategy of the 1994 SIP can reasonably be expected to yield the required emission reductions.

(c) Not later than June 30, 1999, and every three years thereafter, if the programs receive adequate funding, the state board, in consultation with the department, shall evaluate the performance of the programs specified in Article 9 (commencing with Section 44090) and this article and, based on that evaluation, report to the Governor and Legislature. The report shall evaluate the overall performance of the program, including its cost-effectiveness in terms of dollars per ton of credited or reduced emissions, description of the methods and procedures to assure that the emission reductions are real, surplus, and quantifiable, the extent of the market for eligible vehicles, a recommendation for an appropriate allocation of expenditures between removal or repair of vehicles that reflects the relative cost-effectiveness of the options, and any other recommendation for improving the effectiveness of these programs. This report shall also contain all of the following:

(1) Identification of procedures for distinguishing the emission reductions attributed to scrapping for the purpose of generating emission reductions credits and scrapping that occurs or would have occurred as a result of the inspection and maintenance program managed by the Department of Consumer Affairs and other programs.

(2) A projection of the emissions reductions and cost-effectiveness that might be realized by scrapping or repairing light-duty vehicles through the year 2010, considering changes expected in the vehicle fleet and likely impacts of scrapping or repair on the mix and emissions of vehicles.

(3) A comparison of the effectiveness of scrappage, repair, or upgrade to other programs for light-duty vehicles.

(4) A recommended scrapping program, or other more cost-effective means, for continuing to achieve the emissions reductions required by the M-1 strategy of the 1994 State Implementation Plan, considering likely emission reductions in the attainment year costs, cost-effectiveness, issues of monitoring and verification, and status of the Environmental Protection Agency's approval of the state's 1994 SIP.

SEC. 24. Section 57007 of the Health and Safety Code is amended to read:

57007. (a) The agency, and the offices, boards, and departments within the agency, shall institute quality government programs to achieve increased levels of environmental protection and the public's satisfaction through improving the quality, efficiency, and cost-effectiveness of the state programs that implement and enforce state and federal environmental protection statutes. These programs shall be designed to increase the level of environmental protection while expediting decisionmaking and producing cost savings. The secretary shall create an advisory group comprised of state and local government, business, environmental, and consumer representatives experienced in quality management to provide guidance in that effort. The secretary shall develop a model quality management program that local agencies charged with implementing air quality, water quality, toxics, solid waste, and hazardous waste laws and regulations may use at their discretion.

(b) The agency, and each board, department, and office within the agency, shall submit a biennial report to the Governor and Legislature, no later than December 1 with respect to the previous two fiscal years, reporting on the extent to which these state agencies have attained their performance objectives, and on their continuous quality improvement efforts.

(c) Nothing in this section abrogates any collective bargaining agreement or interferes with any established employee rights.

(d) For purposes of this section, ''quality government program'' means all of the following:

(1) A process for obtaining the views of employees, the regulated community, the public, environmental organizations, and governmental officials with regard to the performance, vision, and needs of the agency implementing the quality government program.

(2) A process for developing measurable performance objectiveness using the views of the persons and organizations specified in paragraph (1).

(3) Processes for continually improving quality and for training agency personnel, using the information obtained from implementing paragraphs (1) and (2).

SEC. 25. Section 59019 of the Health and Safety Code is repealed.

SEC. 26. Section 115910 of the Health and Safety Code is amended to read:

115910. (a) On or before the 15th day of each month, each health officer shall submit to the board a survey documenting all beach postings and closures resulting from implementation of Section 115915 that occurred during the preceding month. The survey shall, at a minimum, include the following information:

(1) Identification of the beaches in each county subject to testing conducted pursuant to Section 115885 and the amount and types of monitoring conducted at each beach.

(2) Identification of the geographic location, areal extent, and type of action taken for each incident of posting or closure conducted pursuant to Section 115915. Geographic location and areal extent shall be noted in sufficient detail to determine on a common map, or by latitude and longitude, the approximate boundaries of the affected beaches.

(3) Identification of the standards exceeded and the causes and sources of the pollution, if known. Exceeded standards shall be identified with sufficient particularity to determine which types of tests and biological indicators were used to determine that an exceeded standard exists. Causes of pollution shall be identified with sufficient particularity to determine what substances, in addition to any water carrying the substances, were responsible for the exceeded standard. Sources shall be identified with sufficient particularity to determine the most specific geographical origin of the pollution sources available to the health officer at the time of the posting or closure.

(b) Surveys conducted pursuant to subdivision (a) shall be in a specific format established by the board on or before February 1, 2001. The board shall make the format easily accessible to the health officer through means that will enable the health officer to most effectively carry out the requirements of this section and enable the board to develop consistent, statewide data concerning the effect and status of beach postings and closures in a particular calendar year.

(c) On or before the 30th day of each month, the board shall make available to the public the information provided by the health officers. Based upon the data provided pursuant to subdivision (a), the report shall, at a minimum, include the location and duration of each beach closure and the suspected sources of the contamination that caused the closure, if known.

(d) The board shall continuously post and update on its Web site, but at a minimum, annually on or before July 30, information documenting the beach posting and closure data provided to the board by the health officers including the location and duration of each beach closure and the suspected sources of the contamination that caused the closure, if known.

SEC. 27. Section 14315 of the Penal Code is amended to read:

14315. Not later than 36 months after the date when this title may be implemented, as specified in Section 14314, the secretary shall post on the agency's Web site, updated no later than July 1, annually, a description of the operation and accomplishments of the training programs and the environmental enforcement and prosecution projects funded by this title. The commission shall prepare the section of the

report pertaining to the course of instruction authorized in Section 14304 and submit it to the secretary for inclusion in the report.

SEC. 28. Section 42885.5 of the Public Resources Code is amended to read:

42885.5. (a) The board shall adopt a five-year plan, which shall be updated every two years, to establish goals and priorities for the waste tire program and each program element.

(b) On or before July 1, 2001, and every two years thereafter, the board shall submit the adopted five-year plan to the appropriate policy and fiscal committees of the Legislature. The board shall include, in the plan, programmatic and fiscal issues including, but not limited to, the hierarchy used by the board to maximize productive uses of waste and used tires and the performance objectives and measurement criteria used by the board to evaluate the success of its waste and used tire recycling program. Additionally, the plan shall describe each program element's effectiveness, based upon performance measures developed by the board, including, but not limited to, the following:

(1) Enforcement and regulations relating to the storage of waste and used tires.

(2) Cleanup, abatement, or other remedial action related to waste tire stockpiles throughout the state.

(3) Research directed at promoting and developing alternatives to the landfill disposal of waste tires.

(4) Market development and new technology activities for used tires and waste tires.

(5) The waste and used tire hauler program and manifest system.

(6) A description of the grants, loans, contracts, and other expenditures proposed to be made by the board under the tire recycling program.

(7) Until June 30, 2006, the grant program authorized under Section 42872.5 to encourage the use of rubberized asphalt concrete technology in public works projects.

(c) The board shall base the budget for the California Tire Recycling Act and program funding on the plan.

(d) The plan may not propose financial or other support that promotes, or provides for research for the incineration of tires.

SEC. 29. Section 42889.1 of the Public Resources Code is repealed.

SEC. 30. Section 42889.4 of the Public Resources Code is amended to read:

42889.4. If facilities are permitted to burn tires in the previous calendar year, the State Air Resources Board, in conjunction with air pollution control districts and air quality management districts, shall post on its Web site, updated on or before July 1 of the subsequent year,

information summarizing the types and quantities of air emissions, if any, from those facilities.

SEC. 31. Chapter 4 (commencing with Section 71069) is added to Part 2 of Division 34 of the Public Resources Code, to read:

CHAPTER 4. REPORT AND INFORMATION MANAGEMENT

71069. The Legislature finds and declares the following:

(a) It is the policy of the state to conserve and protect its natural resources.

(b) Over 1,400 reports are submitted annually to the Legislature and the Governor, costing up to ten thousand dollars ($10,000) per report for printing and distribution.

(c) The California Environmental Protection Agency has historically submitted over 60 reports annually to the Legislature and the Governor. The agency's boards, departments, and offices submit over 300 additional reports and studies, not including the hundreds of guidance documents, fact sheets and other printed materials produced.

(d) Submitting reports to the Legislature and Governor electronically, by compact disc, and posting the reports on state agency Web sites would greatly improve economic efficiency and environmental sustainability through minimized consumption of paper and printing materials, while reducing the economic and environmental costs associated with the production, distribution, and storage of printed reports.

(e) Access to the World Wide Web is continually expanding for the private sector and the general public. Providing reports electronically on state agency Web sites would grant greater accessibility to these reports and allow for greater sharing of knowledge and data with Californians and other information seekers. In some instances, a printed copy of a report is necessary. In those instances, economic efficiency and environmental sustainability can still be realized through various resource conservation efforts.

(f) Current law mandates state agencies to purchase recycled content products and materials, including printing and writing paper. There are also proven techniques and materials that are environmentally and economically preferable, and are widely available for use of all document production.

71069.5. For purposes of this chapter "board" means the California Integrated Waste Management Board.

71070. (a) On or before January 1, 2005, the board, in consultation with the state agencies affected by the changes made by the act of the 2003–04 Regular Session of the Legislature adding this chapter, shall develop and implement guidelines, to provide and produce reports and other documentation, including guidance documents, fact sheets, and

other publications and written materials, in the most efficient and environmentally sustainable manner possible.

(b) The guidelines shall include all of the following:

(1) Distribution of reports and other documentation by electronic means and compact discs.

(2) Information on posting reports and other documentation on state agency Web sites.

(3) Techniques for the production of reports and other documentation that will reduce waste and encourage the use of recycled goods, materials, and supplies.

(4) The cost reduction options specified in Section 7550.1 of the Government Code.

(5) Distribution of a reasonable number of printed reports to ensure public access.

(c) On or before February 1, 2005, the board shall distribute the guidelines to each state agency.

71071. (a) On and after February 1, 2005, the California Environmental Protection Agency and its boards, departments, and offices shall provide and produce reports and other documentation pursuant to the guidelines established in Section 71070.

(b) On and after June 1, 2005, all state agencies not otherwise subject to subdivision (a) shall provide and produce reports and other documentation pursuant to the guidelines established in Section 71070.

71073. On or before April 30, 2005, each state agency shall conduct a thorough review of each report that the state agency is required to submit to the Legislature. During this review, the state agency shall identify whether the report is a completed one-time report, an obsolete report, or a duplicative report that can be eliminated or modified.

71074. Any reporting requirements imposed by this chapter do not supersede a reporting requirement in any other provision of law.

SEC. 32. Section 7672 of the Public Utilities Code is amended to read:

7672. For purposes of this article, ''hazardous material'' means either of the following:

(a) A hazardous material, as defined in Section 171.8 of Title 49 of the Code of Federal Regulations.

(b) A hazardous material, as defined in Section 25501 of the Health and Safety Code.

SEC. 33. Section 7711 of the Public Utilities Code is amended to read:

7711. On or before July 1, 1992, and on or before July 1 annually thereafter, the commission shall report to the Legislature on sites on railroad lines in the state it finds to be hazardous. The report shall include, but not be limited to, information on all of the following:

(a) A list of all railroad derailment accident sites in the state on which accidents have occurred within at least the previous five years. The list shall describe the nature and probable causes of the accidents, if known, and shall indicate whether the accidents occurred at or near sites that the commission, pursuant to subdivision (b), has determined pose a local safety hazard.

(b) A list of all railroad sites in the state that the commission, pursuant to Section 20106 of Title 49 of the United States Code, determines pose a local safety hazard. The commission may submit in the annual report the list of railroad sites submitted in the immediate prior year annual report, and may amend or revise that list from the immediate prior year as necessary. Factors that the commission shall consider in determining a local safety hazard may include, but need not be limited to, all of the following:

(1) The severity of grade and curve of track.

(2) The value of special skills of train operators in negotiating the particular segment of railroad line.

(3) The value of special railroad equipment in negotiating the particular segment of railroad line.

(4) The types of commodities transported on or near the particular segment of railroad line.

(5) The hazard posed by the release of the commodity into the environment.

(6) The value of special railroad equipment in the process of safely loading, transporting, storing, or unloading potentially hazardous commodities.

(7) The proximity of railroad activity to human activity or sensitive environmental areas.

(c) In determining which railroad sites pose a local safety hazard pursuant to subdivision (b), the commission shall consider the history of accidents at or near the sites. The commission shall not limit its determination to sites at which accidents have already occurred, but shall identify potentially hazardous sites based on the criteria enumerated in subdivision (b) and all other criteria that the commission determines influence railroad safety. The commission shall also consider whether any local safety hazards at railroad sites have been eliminated or sufficiently remediated to warrant removal of the site from the list required under subdivision (b).

SEC. 34. Section 7712 of the Public Utilities Code is amended to read:

7712. On or before January 1, 1993, the commission shall adopt regulations, based on its findings and not inconsistent with federal law. The commission may amend or revise the regulations as necessary thereafter, to reduce the potential railroad hazards identified in Section

7711. In adopting the regulations, the commission shall consider at least all of the following:

(a) Establishing special railroad equipment standards for trains operated on railroad sites identified as posing a local safety hazard pursuant to subdivision (b) of Section 7711. These standards may include, but need not be limited to, standards for all of the following:

(1) Sizes, numbers, and configurations of locomotives.

(2) Brakes.

(b) Establishing special train operating standards for trains operated over railroad sites identified as posing a local safety hazard pursuant to subdivision (b) of Section 7711. These standards may include, but need not be limited to, standards for all of the following:

(1) Length, weight, and weight distribution of trains.

(2) Speeds and accelerations of trains.

(3) Hours of allowable travel.

(c) Establishing special training, personnel, and performance standards for operators of trains that travel on railroad sites identified as posing a local safety hazard pursuant to subdivision (b) of Section 7711.

(d) Establishing special inspection and reporting standards for trains operated on railroad sites identified as posing a local safety hazard pursuant to subdivision (b) of Section 7711.

SEC. 35. Section 10782 of the Water Code is repealed.

SEC. 36. Section 13191 of the Water Code is amended to read:

13191. The state board shall convene an advisory group or groups to assist in the evaluation of program structure and effectiveness as it relates to the implementation of the requirements of Section 303(d) of the Clean Water Act (33 U.S.C. 1313(d)), and applicable federal regulations and monitoring and assessment programs. The advisory group or groups shall be comprised of persons concerned with the requirements of Section 303(d) of the Clean Water Act. The state board shall provide public notice on its website of any meetings of the advisory group or groups and, upon the request of any party shall mail notice of the time and location of any meeting of the group or groups. The board shall also ensure that the advisory group or groups meet in a manner that facilitates the effective participation of the public and the stakeholder participants.

SEC. 37. Section 13192 of the Water Code is repealed.

SEC. 38. Section 13198 of the Water Code is repealed.

SEC. 39. Section 13292 of the Water Code is amended to read:

13292. (a) It is the responsibility of the state board to provide guidance to the regional boards in matters of procedure, as well as policy and regulation. In order to ensure that regional boards are providing fair, timely, and equal access to all participants in regional board proceedings, the state board shall undertake a review of the regional boards' public

participation procedures. As part of the review process, and upon request by the state board, the regional boards shall solicit comments from participants in their proceedings. Upon completion of the review, the state board shall report to the Legislature regarding its findings and include recommendations to improve regional board public participation processes.

(b) (1) The state board shall provide annual training to regional board members to improve public participation procedures at the regional level.

(2) Paragraph (1) shall be implemented only during fiscal years for which funding is provided for the purposes of that paragraph in the annual Budget Act or in another statute.

SEC. 40. Section 13369 of the Water Code is amended to read:

13369. (a) (1) The state board, in consultation with the regional boards, the California Coastal Commission, and other appropriate state agencies and advisory groups, as necessary, shall prepare a detailed program for the purpose of implementing the state's nonpoint source management plan. The board shall address all applicable provisions of the Clean Water Act, including Section 319 (33 U.S.C. Sec. 1329), as well as Section 6217 of the federal Coastal Zone Act Reauthorization Amendments of 1990 (16 U.S.C. Sec. 1455b), and this division in the preparation of this detailed implementation program.

(2) (A) The program shall include all of the following components:

(i) Nonregulatory implementation of best management practices.

(ii) Regulatory-based incentives for best management practices.

(iii) The adoption and enforcement of waste discharge requirements that will require the implementation of best management practices.

(B) In connection with its duties under this subdivision to prepare and implement the state's nonpoint source management plan, the state board shall develop, on or before February 1, 2001, guidance to be used by the state board and the regional boards for the purpose of describing the process by which the state board and the regional boards will enforce the state's nonpoint source management plan, pursuant to this division.

(C) The adoption of the guidance developed pursuant to this section is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The state board, in consultation with the California Coastal Commission and other appropriate agencies, as necessary, on or before December 31 of each year, shall submit to the Legislature, and make available to the public, both of the following:

(1) Copies of all state and regional board reports that contain information related to nonpoint source pollution and that the state or regional boards were required to prepare in the previous fiscal year pursuant to Sections 303, 305(b), and 319 of the Clean Water Act (33

U.S.C. Secs. 1313, 1315(b), and 1329), Section 6217 of the federal Coastal Zone Act Reauthorization Amendments of 1990 (16 U.S.C. Sec. 1455b), related regulations, and this division.

(2) A summary of information related to nonpoint source pollution that is set forth in the reports described pursuant to paragraph (1) including, but not limited to, summaries of both of the following:

(A) Information that is related to nonpoint source pollution and that is required to be included in reports prepared pursuant to Section 305(b) of the Clean Water Act (33 U.S.C. 1315(b)).

(B) Information that is required to be in reports prepared pursuant to Section 319(h)(11) of the Clean Water Act (33 U.S.C. Sec. 1329(h)(11)).

SEC. 41. Section 13385 of the Water Code is amended to read:

13385. (a) Any person who violates any of the following shall be liable civilly in accordance with this section:

(1) Section 13375 or 13376.

(2) Any waste discharge requirements or dredged or fill material permit issued pursuant to this chapter or any water quality certification issued pursuant to Section 13160.

(3) Any requirements established pursuant to Section 13383.

(4) Any order or prohibition issued pursuant to Section 13243 or Article 1 (commencing with Section 13300) of Chapter 5, if the activity subject to the order or prohibition is subject to regulation under this chapter.

(5) Any requirements of Section 301, 302, 306, 307, 308, 318, 401, or 405 of the Clean Water Act, as amended.

(6) Any requirement imposed in a pretreatment program approved pursuant to waste discharge requirements issued under Section 13377 or approved pursuant to a permit issued by the administrator.

(b) Civil liability may be imposed by the superior court in an amount not to exceed the sum of both of the following:

(1) Twenty-five thousand dollars ($25,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed twenty-five dollars ($25) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

The Attorney General, upon request of a regional board or the state board, shall petition the superior court to impose the liability.

(c) Civil liability may be imposed administratively by the state board or a regional board pursuant to Article 2.5 (commencing with Section 13323) of Chapter 5 in an amount not to exceed the sum of both of the following:

(1) Ten thousand dollars ($10,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed ten dollars ($10) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

(d) For purposes of subdivisions (b) and (c), the term ''discharge'' includes any discharge to navigable waters of the United States, any introduction of pollutants into a publicly owned treatment works, or any use or disposal of sewage sludge.

(e) In determining the amount of any liability imposed under this section, the regional board, the state board, or the superior court, as the case may be, shall take into account the nature, circumstances, extent, and gravity of the violation or violations, whether the discharge is susceptible to cleanup or abatement, the degree of toxicity of the discharge, and, with respect to the violator, the ability to pay, the effect on its ability to continue its business, any voluntary cleanup efforts undertaken, any prior history of violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and other matters that justice may require. At a minimum, liability shall be assessed at a level that recovers the economic benefits, if any, derived from the acts that constitute the violation.

(f) (1) Except as provided in paragraph (2), for the purposes of this section, a single operational upset that leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(2) (A) For the purposes of subdivisions (h) and (i), a single operational upset in a wastewater treatment unit that treats wastewater using a biological treatment process shall be treated as a single violation, even if the operational upset results in violations of more than one effluent limitation and the violations continue for a period of more than one day, if all of the following apply:

(i) The discharger demonstrates all of the following:

(I) The upset was not caused by wastewater treatment operator error and was not due to discharger negligence.

(II) But for the operational upset of the biological treatment process, the violations would not have occurred nor would they have continued for more than one day.

(III) The discharger carried out all reasonable and immediately feasible actions to reduce noncompliance with the applicable effluent limitations.

(ii) The discharger is implementing an approved pretreatment program, if so required by federal or state law.

(B) Subparagraph (A) only applies to violations that occur during a period for which the regional board has determined that violations are unavoidable, but in no case may that period exceed 30 days.

(g) Remedies under this section are in addition to, and do not supersede or limit, any other remedies, civil or criminal, except that no liability shall be recoverable under Section 13261, 13265, 13268, or 13350 for violations for which liability is recovered under this section.

(h) (1) Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (*l*), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.

(2) For the purposes of this section, a ''serious violation'' means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

(i) (1) Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (*l*), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

(A) Violates a waste discharge requirement effluent limitation.

(B) Fails to file a report pursuant to Section 13260.

(C) Files an incomplete report pursuant to Section 13260.

(D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

(2) For the purposes of this section, a ''period of six consecutive months'' means the period commencing on the date that one of the violations described in this subdivision occurs and ending 180 days after that date.

(j) Subdivisions (h) and (i) do not apply to any of the following:

(1) A violation caused by one or any combination of the following:

(A) An act of war.

(B) An unanticipated, grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(C) An intentional act of a third party, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(D) (i) The operation of a new or reconstructed wastewater treatment unit during a defined period of adjusting or testing, not to exceed 90 days for a wastewater treatment unit that relies on a biological treatment process and not to exceed 30 days for any other wastewater treatment unit, if all of the following requirements are met:

(I) The discharger has submitted to the regional board, at least 30 days in advance of the operation, an operations plan that describes the actions the discharger will take during the period of adjusting and testing, including steps to prevent violations and identifies the shortest reasonable time required for the period of adjusting and testing, not to exceed 90 days for a wastewater treatment unit that relies on a biological treatment process and not to exceed 30 days for any other wastewater treatment unit.

(II) The regional board has not objected in writing to the operations plan.

(III) The discharger demonstrates that the violations resulted from the operation of the new or reconstructed wastewater treatment unit and that the violations could not have reasonably been avoided.

(IV) The discharger demonstrates compliance with the operations plan.

(V) In the case of a reconstructed wastewater treatment unit, the unit relies on a biological treatment process that is required to be out of operation for at least 14 days in order to perform the reconstruction, or the unit is required to be out of operation for at least 14 days and, at the time of the reconstruction, the cost of reconstructing the unit exceeds 50 percent of the cost of replacing the wastewater treatment unit.

(ii) For the purposes of this section, ''wastewater treatment unit'' means a component of a wastewater treatment plant that performs a designated treatment function.

(2) (A) Except as provided in subparagraph (B), a violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300, if all of the following requirements are met:

(i) The cease and desist order or time schedule order is issued after January 1, 1995, but not later than July 1, 2000, specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i), and the date by which compliance is required to be achieved and, if the final date by which compliance is required to be achieved is later than one year from the effective date of the cease and desist order or time schedule order, specifies the interim requirements by which progress towards compliance will be measured and the date by which the discharger will be in compliance with each interim requirement.

(ii) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan that meets the requirements of Section 13263.3.

(iii) The discharger demonstrates that it has carried out all reasonable and immediately feasible actions to reduce noncompliance with the waste discharge requirements applicable to the waste discharge and the executive officer of the regional board concurs with the demonstration.

(B) Subdivisions (h) and (i) shall become applicable to a waste discharge on the date the waste discharge requirements applicable to the waste discharge are revised and reissued pursuant to Section 13380, unless the regional board does all of the following on or before that date:

(i) Modifies the requirements of the cease and desist order or time schedule order as may be necessary to make it fully consistent with the reissued waste discharge requirements.

(ii) Establishes in the modified cease and desist order or time schedule order a date by which full compliance with the reissued waste discharge requirements shall be achieved. For the purposes of this subdivision, the regional board may not establish this date later than five years from the date the waste discharge requirements were required to be reviewed pursuant to Section 13380. If the reissued waste discharge requirements do not add new effluent limitations or do not include effluent limitations that are more stringent than those in the original waste discharge requirements, the date shall be the same as the final date for compliance in the original cease and desist order or time schedule order or five years from the date that the waste discharge requirements were required to be reviewed pursuant to Section 13380, whichever is earlier.

(iii) Determines that the pollution prevention plan required by clause (ii) of subparagraph (A) is in compliance with the requirements of Section 13263.3 and that the discharger is implementing the pollution prevention plan in a timely and proper manner.

(3) A violation of an effluent limitation where the waste discharge is in compliance with either a cease and desist order issued pursuant to Section 13301 or a time schedule order issued pursuant to Section 13300 or Section 13308, if all of the following requirements are met:

(A) The cease and desist order or time schedule order is issued on or after July 1, 2000, and specifies the actions that the discharger is required to take in order to correct the violations that would otherwise be subject to subdivisions (h) and (i).

(B) The regional board finds that, for one of the following reasons, the discharger is not able to consistently comply with one or more of the effluent limitations established in the waste discharge requirements applicable to the waste discharge:

(i) The effluent limitation is a new, more stringent, or modified regulatory requirement that has become applicable to the waste discharge after the effective date of the waste discharge requirements and after July 1, 2000, new or modified control measures are necessary in order to comply with the effluent limitation, and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(ii) New methods for detecting or measuring a pollutant in the waste discharge demonstrate that new or modified control measures are necessary in order to comply with the effluent limitation and the new or modified control measures cannot be designed, installed, and put into operation within 30 calendar days.

(iii) Unanticipated changes in the quality of the municipal or industrial water supply available to the discharger are the cause of unavoidable changes in the composition of the waste discharge, the changes in the composition of the waste discharge are the cause of the inability to comply with the effluent limitation, no alternative water supply is reasonably available to the discharger, and new or modified measures to control the composition of the waste discharge cannot be designed, installed, and put into operation within 30 calendar days.

(iv) The discharger is a publicly owned treatment works located in Orange County that is unable to meet effluent limitations for biological oxygen demand, suspended solids, or both, because the publicly owned treatment works meets all of the following criteria:

(I) Was previously operating under modified secondary treatment requirements pursuant to Section 301(h) of the Clean Water Act (33 U.S.C. Sec. 1311(h)).

(II) Did vote on July 17, 2002, not to apply for a renewal of the modified secondary treatment requirements.

(III) Is in the process of upgrading its treatment facilities to meet the secondary treatment standards required by Section 301(b)(1)(B) of the Clean Water Act (33 U.S.C. Sec. 1311(b)(1)(B)).

(C) The regional board establishes a time schedule for bringing the waste discharge into compliance with the effluent limitation that is as short as possible, taking into account the technological, operational, and economic factors that affect the design, development, and implementation of the control measures that are necessary to comply with the effluent limitation. For the purposes of this subdivision, the time schedule may not exceed five years in length, except that the time schedule may not exceed 10 years in length for the upgrade described in subparagraph (B)(iv)(III). If the time schedule exceeds one year from the effective date of the order, the schedule shall include interim requirements and the dates for their achievement. The interim requirements shall include both of the following:

(i) Effluent limitations for the pollutant or pollutants of concern.

(ii) Actions and milestones leading to compliance with the effluent limitation.

(D) The discharger has prepared and is implementing in a timely and proper manner, or is required by the regional board to prepare and implement, a pollution prevention plan pursuant to Section 13263.3.

(k) In lieu of assessing all or a portion of the mandatory minimum penalties pursuant to subdivisions (h) and (i) against a POTW serving a small community, as defined by subdivision (b) of Section 79084, the state board or the regional board may elect to require the POTW to spend an equivalent amount towards the completion of a compliance project proposed by the POTW, if the state or regional board finds all of the following:

(1) The compliance project is designed to correct the violations within five years.

(2) The compliance project is in accordance with the enforcement policy of the state board.

(3) The POTW has demonstrated that it has sufficient funding to complete the compliance project.

(*l*) (1) In lieu of assessing penalties pursuant to subdivision (h) or (i), the state board or regional board, with the concurrence of the discharger, may direct a portion of the penalty amount to be expended on a supplemental environmental project in accordance with the enforcement policy of the state board. If the penalty amount exceeds fifteen thousand dollars ($15,000), the portion of the penalty amount that may be directed to be expended on a supplemental environmental project may not exceed fifteen thousand dollars ($15,000) plus 50 percent of the penalty amount that exceeds fifteen thousand dollars ($15,000).

(2) For the purposes of this section, a ''supplemental environmental project'' means an environmentally beneficial project that a person agrees to undertake, with the approval of the regional board, that would not be undertaken in the absence of an enforcement action under this section.

(3) This subdivision applies to the imposition of penalties pursuant to subdivision (h) or (i) on or after January 1, 2003, without regard to the date on which the violation occurs.

(m) The Attorney General, upon request of a regional board or the state board, shall petition the appropriate court to collect any liability or penalty imposed pursuant to this section. Any person who fails to pay on a timely basis any liability or penalty imposed under this section shall be required to pay, in addition to that liability or penalty, interest, attorneys' fees, costs for collection proceedings, and a quarterly nonpayment penalty for each quarter during which the failure to pay persists. The nonpayment penalty shall be in an amount equal to 20

percent of the aggregate amount of the person's penalty and nonpayment penalties that are unpaid as of the beginning of the quarter.

(n) (1) Subject to paragraph (2), funds collected pursuant to this section shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(2) (A) Notwithstanding any other provision of law, moneys collected for a violation of a water quality certification in accordance with paragraph (2) of subdivision (a) or for a violation of Section 401 of the Clean Water Act (33 U.S.C. Sec. 1341) in accordance with paragraph (5) of subdivision (a) shall be deposited in the Waste Discharge Permit Fund and separately accounted for in that fund.

(B) The funds described in subparagraph (A) shall be expended by the state board, upon appropriation by the Legislature, to assist regional boards, and other public agencies with authority to clean up waste or abate the effects of the waste, in cleaning up or abating the effects of the waste on waters of the state or for the purposes authorized in Section 13443.

(o) The state board shall continuously report and update information on its Web site, but at a minimum, annually on or before January 1, regarding its enforcement activities. The information shall include all of the following:

(1) A compilation of the number of violations of waste discharge requirements in the previous calendar year, including stormwater enforcement violations.

(2) A record of the formal and informal compliance and enforcement actions taken for each violation, including stormwater enforcement actions.

(3) An analysis of the effectiveness of current enforcement policies, including mandatory minimum penalties.

(p) The amendments made to subdivisions (f), (h), (i) and (j) during the second year of the 2001–02 Regular Session apply only to violations that occur on or after January 1, 2003.

SEC. 42. Section 13399.39 of the Water Code is repealed.

SEC. 43. Section 4 of Chapter 435 of the Statutes of 1994 is amended to read:

Sec. 4. The Department of Toxic Substances Control shall provide information on its Web site biennially on its progress in implementing the pilot program established by Chapter 6.85 (commencing with Section 25396) of Division 20 of the Health and Safety Code, as added by Section 2 of this act. The information shall describe the activities which the department has taken during the past two years in implementing the pilot program, list the sites that have been selected for response action and the sites that have been issued a certificate of completion under the program, evaluate its effectiveness in expediting

the cleanup of selected sites, and compare its effectiveness with that of the voluntary cleanup ''walk-in'' program that the department administers pursuant to Chapter 6.5 (commencing with Section 25100) of, and Chapter 6.8 (commencing with Section 25300) of, Division 20 of the Health and Safety Code.

100601. (a) Whenever the board finds that property adjacent to, or in the vicinity of, one or more rail transit stations, or proposed rail transit stations, of the authority receives or will receive special benefit by reason of the location or operation of one or more of those rail transit stations, the board may, by resolution adopted by a two-thirds vote of its members, provide for notice and hearing on its intention to establish one or more special benefit districts and levy a special benefit assessment on real property therein for the purpose of financing, in whole or in part, the acquisition, construction, development, joint development, operation, maintenance, or repair of one or more rail transit stations and rail transit related facilities located within the benefit district.

(b) In connection with the levy of a special benefit assessment, the board shall comply with the notice, protest, and hearing procedures set forth in Section 53753 of the Government Code.

(c) The resolution may provide that the proposed benefit district will contain separate zones, which may consist of either contiguous or noncontiguous areas of land within the district. The proposed benefit district and each proposed zone, if any, therein shall be an area adjacent to, or in the vicinity of, one or more rail transit stations or proposed rail transit stations. The boundaries of the benefit district and of each zone, if any, therein shall be drawn so as to reflect, as accurately as possible, the areas in which special benefits are conferred by reason of the proximity and operation of one or more rail transit stations.

The resolution shall also state that the exterior boundaries of the benefit district are set forth on a map on file with the secretary of the authority, which map shall govern for all purposes as to the extent of the benefit district and zones, if any, therein and that the area set forth on the map shall thereupon constitute and be known as ''Benefit District No. ____ of the Santa Clara Valley Transportation Authority,'' or as "Benefit Zone ____ of the Benefit District No. ____ of the Santa Clara Valley Transportation Authority,'' as designated by the board.

In the absence of a designation, the provisions of paragraph (1) of subdivision (e) of Section 53753 of the Government Code shall apply.

(b) The legal representative of a corporation or an estate owning real property in the benefit district may act on behalf of the corporation or the estate.

(c) (1) For purposes of this chapter, ''legal representative'' means an official of a corporation owning real property in the benefit district.

Upon the hearing on an exclusion or reduction petition by the board, or upon the record of hearing by a hearing officer, the board shall order the petition be denied when the petitioner has not shown by a preponderance of the evidence that in an exclusion petition the real property is not benefited or in a reduction petition that the assessment exceeds the benefit to the property.

SEC. 12. Section 100603 of the Public Utilities Code is amended to read:

100603. (a) Following formation of the benefit district or concurrently therewith, if the board deems it necessary to incur a bonded indebtedness for the acquisition, construction, development, joint development, completion, operation, maintenance, or repair of one or more rail transit stations and related rail transit facilities located within

the benefit district, the board may provide, by resolution, that the bonded indebtedness shall be payable from special benefit assessments levied within the benefit district. The resolution shall be adopted by a two-thirds vote of the members of the board, and shall declare and state all of the following:

(b) The notice stating the time and place of the hearing on the proposed issuance of bonds shall be published prior to the time fixed for the hearing pursuant to Section 6066 of the Government Code.

Other revenues of the authority shall be used for the payment of the principal of, and interest on, the bonds only to the extent set forth in any agreement of the authority for the benefit of bondholders.

Special benefit assessments in the benefit district and zones, if any, therein shall be calculated in accordance with the requirements set forth in Section 4 of Article XIII D of the California Constitution.

SEC. 14. Section 100613 of the Public Utilities Code is amended to read:

100613. (a) The board shall not change the purposes, the estimated cost, the boundaries of the benefit district or zones, if any, therein, or the amount of bonded debt to be incurred until after it gives notice of its intention to do so, stating each proposed change in the purpose and stating, if applicable, that the exterior boundaries proposed to be changed are set forth on a map on file with the secretary of the authority. The notice shall also specify the time and the place set for hearing.

(b) The notice shall be published prior to the time set for the hearing pursuant to Section 6066 of the Government Code.

(c) The notice shall also be mailed at least 30 days prior to the hearing to all owners of real property affected by the proposed change whose names and addresses appear on the last equalized assessment roll or are otherwise known to the board of supervisors of the county in which the benefit district is located or to the authority. Provided, however, that any proposed increases to a special benefit assessment may not be made unless all notice, protest, and hearing procedures set forth in Section 53753 of the Government Code have been followed.

SEC. 15. Section 100614 of the Public Utilities Code is amended to read:

100614. At the time and place fixed for a hearing on changes, or at any time and place to which the hearing is adjourned, the board shall

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 9601 of the Public Utilities Code is amended to read:

9601. (a) Except with respect to supply options of the nature specified in Section 218, with the exception of paragraph (3) of subdivision (b) of that section, as it existed on December 20, 1995, no person, corporation, electrical corporation, or local publicly owned electric utility or other governmental entity other than a retail customer's existing electric service provider as of December 20, 1995, shall provide partial or full electric service to a retail customer of a local publicly owned electric utility unless the customer first confirms in writing an obligation to pay, through tariff or otherwise, to the utility currently providing electric service, a nonbypassable generation-related severance fee or transition charge established by the regulatory body for that utility. The severance fee or transition charge shall be paid directly to the local publicly owned utility providing electricity service in the service area in which the consumer is located.

(b) Except as provided in subdivision (a) of Section 374, no local publicly owned electric utility or other governmental entity shall provide partial or full electric service to a retail customer of an electrical corporation unless the customer of that electrical corporation first confirms in writing an obligation to pay, through tariff or otherwise, to the electrical corporation currently providing electric service, a nonbypassable generation-related transition charge established by the regulatory body for that electrical corporation. The charge shall be paid directly to the electrical corporation providing electricity in the service area in which the consumer is located.

(c) No local publicly owned electric utility or electrical corporation shall sell electric power to the retail customers of another local publicly owned electric utility or electrical corporation unless the first utility has agreed to allow the second utility to make sales of electric power to the retail customers of the first utility.

(d) This section does not apply to an exchange of customers affected by a local publicly owned electric utility completing a mutually agreeable condemnation process to resolve a fringe area agreement in which there exists a balance of benefits between the customers of the local publicly owned electric utility and the electrical corporation.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12903 of the Government Code is amended to read:

12903. There is in the State and Consumer Services Agency the Fair Employment and Housing Commission. The commission shall consist of seven members, to be known as commissioners, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and one of whom shall be designated as chairperson by the Governor. The term of office of each member of the commission shall be for four years.

SEC. 2. Section 12928 of the Government Code is amended to read:

12928. Notwithstanding any other provision of this part, there is a rebuttable presumption that ''employer,'' as defined by subdivision (d) of Section 12926, includes any person or entity identified as the employer on the employee's Federal Form W-2 (Wage and Tax Statement).

SEC. 3. Section 12935 of the Government Code is amended to read:

12935. The commission shall have the following functions, powers, and duties:

(a) To adopt, promulgate, amend, and rescind suitable rules, regulations, and standards (1) to interpret, implement, and apply all provisions of this part, (2) to regulate the conduct of hearings held pursuant to Sections 12967 and 12981, and (3) to carry out all other functions and duties of the commission pursuant to this part.

(b) To conduct hearings pursuant to Sections 12967 and 12981.

(c) To conduct mediations at the request of the department at any time after a complaint is filed pursuant to Section 12960, 12961, or 12980. The department may withdraw a request for mediation at any time to pursue an investigation.

(d) To establish and maintain a principal office within the state and to meet and function at any place within the state.

(e) To appoint an executive secretary, and any attorneys and other employees as it may deem necessary, fix their compensation within the limitations provided by law, and prescribe their duties.

(f) To hold hearings, subpoena witnesses, compel their attendance, administer oaths, examine any person under oath and, in connection therewith, to require the production of any books or papers relating to any matter under investigation or in question before the commission.

(g) To create or provide financial or technical assistance to any advisory agencies and conciliation councils, local or otherwise, as in its judgment will aid in effectuating the purposes of this part, and to empower them to study the problems of discrimination in all or specific fields of human relationships or in particular instances of employment discrimination on the bases enumerated in this part or in specific instances of housing discrimination because of race, religious creed, color, national origin, ancestry, familial status, disability, marital status, sex, or sexual orientation and to foster, through community effort or otherwise, good will, cooperation, and conciliation among the groups and elements of the population of the state and to make recommendations to the commission for the development of policies and procedures in general. These advisory agencies and conciliation councils shall be composed of representative citizens, serving without pay.

(h) With respect to findings and orders made pursuant to this part, to establish a system of published opinions that shall serve as precedent in

interpreting and applying the provisions of this part. Commission findings, orders, and opinions in an adjudicative proceeding are subject to Section 11425.60.

(i) To issue publications and results of inquiries and research that in its judgment will tend to promote good will and minimize or eliminate unlawful discrimination. These publications shall include an annual report to the Governor and the Legislature of its activities and recommendations.

(j) Notwithstanding Sections 11370.3 and 11502, to appoint administrative law judges, as it may deem necessary, to conduct hearings and mediations. Each administrative law judge shall possess the qualifications established by the State Personnel Board for the particular class of position involved. The hearing officers of the commission shall become administrative law judges on the effective date of this subdivision.

SEC. 4. Section 12942 of the Government Code is amended to read:

12942. (a) Every employer in this state shall permit any employee who indicates in writing a desire in a reasonable time and can demonstrate the ability to do so, to continue his or her employment beyond any retirement date contained in any private pension or retirement plan.

This employment shall continue so long as the employee demonstrates his or her ability to perform the functions of the job adequately and the employer is satisfied with the quality of work performed.

(b) Any employee indicating this desire and continuing the employment shall give the employer written notice in reasonable time, of intent to retire or terminate when the retirement or termination occurs after the employee's retirement date.

(c) Nothing in this section or Section 12941 shall be construed to prohibit any of the following:

(1) To prohibit an institution of higher education, as defined by Section 1001 of Title 20 of the United States Code, from imposing a retirement policy for tenured faculty members, provided that the institution has a policy permitting reemployment of these individuals on a year-to-year basis.

(2) To prohibit compulsory retirement of any employee who has attained 70 years of age and is a physician employed by a professional medical corporation, the articles or bylaws of which provide for compulsory retirement.

(3) To prohibit compulsory retirement of any employee who has attained 65 years of age and who for the two-year period immediately before retirement was employed in a bona fide executive or a high policymaking position, if that employee is entitled to an immediate

nonforfeitable annual retirement benefit from a pension, profit-sharing, savings, or deferred compensation plan, or any combination of those plans, of the employer for the employee, which equals in the aggregate at least twenty-seven thousand dollars ($27,000).

SEC. 5. Section 12945 of the Government Code is amended to read:

12945. In addition to the provisions that govern pregnancy, childbirth, or related medical conditions in Sections 12926 and 12940, it shall be an unlawful employment practice, unless based upon a bona fide occupational qualification:

(a) For an employer to refuse to allow a female employee disabled by pregnancy, childbirth, or related medical conditions to take a leave for a reasonable period of time not to exceed four months and thereafter return to work, as set forth in the commission's regulations. The employee shall be entitled to utilize any accrued vacation leave during this period of time. Reasonable period of time means that period during which the female employee is disabled on account of pregnancy, childbirth, or related medical conditions.

An employer may require an employee who plans to take a leave pursuant to this subdivision to give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave.

(b) (1) For an employer to refuse to provide reasonable accommodation for an employee for conditions related to pregnancy, childbirth, or related medical conditions, if she so requests, with the advice of her health care provider.

(2) For an employer who has a policy, practice, or collective bargaining agreement requiring or authorizing the transfer of temporarily disabled employees to less strenuous or hazardous positions for the duration of the disability to refuse to transfer a pregnant female employee who so requests.

(3) For an employer to refuse to temporarily transfer a pregnant female employee to a less strenuous or hazardous position for the duration of her pregnancy if she so requests, with the advice of her physician, where that transfer can be reasonably accommodated. However, no employer shall be required by this section to create additional employment that the employer would not otherwise have created, nor shall the employer be required to discharge any employee, transfer any employee with more seniority, or promote any employee who is not qualified to perform the job.

(c) This section shall not be construed to affect any other provision of law relating to sex discrimination or pregnancy, or in any way to diminish the coverage of pregnancy, childbirth, or medical conditions related to pregnancy or childbirth under any other provisions of this part, including subdivision (a) of Section 12940.

SEC. 6. Section 12963.3 of the Government Code is amended to read:

12963.3. (a) Depositions taken by the department shall be noticed by issuance and service of a subpoena pursuant to Section 12963.1. If, in the course of the investigation of a complaint, a subpoena is issued and served on an individual or organization not alleged in the complaint to have committed an unlawful practice, written notice of the deposition shall also be mailed by the department to each individual or organization alleged in the complaint to have committed an unlawful practice.

(b) A deposition may be taken before any officer of the department who has been authorized by the director to administer oaths and take testimony, or before any other person before whom a deposition may be taken in a civil action pursuant to Section 2025 of the Code of Civil Procedure. The person before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under the person's direction and in the person's presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination shall be noted on the deposition by the person before whom the deposition is taken, and evidence objected to shall be taken subject to the objections.

SEC. 7. Section 12972 of the Government Code is amended to read:

12972. (a) The commission shall conduct all actions and procedures in accordance with its procedural regulations.

(b) (1) If the commission does not have a procedural regulation on a particular issue, the commission shall rely upon pertinent provisions of the Administrative Procedure Act (Chapter 4 (commencing with Section 11370)).

(2) Notwithstanding paragraph (1), the Administrative Adjudication Bill of Rights set forth in Article 6 (commencing with Section 11425.10) of Chapter 4.5 of Part 1, and the rules for judicial review set forth in Section 11523, shall apply to the commission.

(c) In addition to the discovery available to each party pursuant to subdivision (a), the department and the respondent may each cause a single deposition to be taken in the manner prescribed by law for depositions in civil actions in the superior courts of this state under Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure.

SEC. 8. Section 12973 of the Government Code is amended to read:

12973. (a) Within one year of the effective date of every final order or decision issued pursuant to this part, the department shall conduct a compliance review to determine whether the order or decision has been fully obeyed and implemented.

(b) If the time for judicial review of a final commission order or decision has lapsed, or if all means of judicial review have been exhausted, the department may apply to the superior court in any county in which an action could have been brought under subdivision (b) of Section 12965 for the enforcement of the order or decision or order as modified in accordance with a decision on judicial review. If, after a hearing, the court determines that an order or decision has been issued by the commission and that either the time limits for judicial review have lapsed, or the order or decision was upheld in whole or in part on judicial review, the court shall issue a judgment and order enforcing the order or decision or order as modified in accordance with a decision on judicial review. The court shall not review the merits of the order or decision. The court's judgment shall be nonappealable and shall have the same force and effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action.

(c) Notwithstanding subdivisions (a) and (b), where the reviewing court denies a petition for writ of mandate seeking review of a commission order or decision, the court shall enter judgment denying the petition and enforcing the commission's final order or decision.

(d) If the commission has found that a respondent has engaged in an unlawful practice under this part and is liable for actual damages, an administrative fine, or a civil penalty, any amount due to that respondent by a state agency may be offset to satisfy the commission's final order or decision.

(e) Notwithstanding any other provision of law, the commission is not liable for attorney's fees of parties to the administrative adjudication of cases brought before the commission, including proceedings brought pursuant to Section 11523 of this code and Section 1094.5 of the Code of Civil Procedure.

SEC. 9. Section 12987 of the Government Code is amended to read:

12987. (a) If the commission, after hearing, finds that a respondent has engaged in any unlawful practice as defined in this part, the commission shall state its findings of fact and shall issue and cause to be served on the respondent an order requiring the respondent to cease and desist from the practice and to take those actions, as, in the judgment of the commission, will effectuate the purpose of this part, including, but not limited to, any of the following:

(1) The sale or rental of the housing accommodation if it is still available, or the sale or rental of a like housing accommodation, if one is available, or the provision of financial assistance, terms, conditions, or privileges previously denied in violation of subdivision (f) of Section 12955 in the purchase, organization, or construction of the housing accommodation, if available.

(2) Affirmative or prospective relief, including injunctive or other equitable relief.

(3) The payment to the complainant of a civil penalty against any named respondent, not to exceed ten thousand dollars ($10,000), unless, in a separate accusation, the respondent has been adjudged to have, with intent, committed a prior violation of Section 12955. If the respondent has, in a separate accusation, been adjudged to have committed a prior violation of Section 12955 within the five years preceding the filing of the complaint, the amount of the civil penalty may exceed ten thousand dollars ($10,000), but may not exceed twenty-five thousand dollars ($25,000). If the respondent, in separate accusations, has been adjudged to have, with intent, violated Section 12955 two or more times within the seven-year period preceding the filing of the complaint, the civil penalty may exceed twenty-five thousand dollars ($25,000), but may not exceed fifty thousand dollars ($50,000). All civil penalties awarded under this provision shall be collected by the department. The commission may award the prevailing party, other than the state, reasonable attorney's fees and costs against any party other than the state, including expert witness fees.

(4) The payment of actual damages to the complainant.

(b) In determining whether to assess a civil penalty pursuant to this section, the commission shall find that the respondent has been guilty of oppression, fraud, or malice, expressed or implied, as required by Section 3294 of the Civil Code. In determining the amount of a civil penalty, the commission shall consider Section 12955.6 and relevant evidence of, including, but not limited to, the following:

(1) Willful, intentional, or purposeful conduct.

(2) Refusal to prevent or eliminate discrimination.

(3) Conscious disregard for fair housing rights.

(4) Commission of unlawful conduct.

(5) Intimidation or harassment.

(6) Conduct without just cause or excuse.

(7) Multiple violations of the Fair Employment and Housing Act.

(c) If the commission finds that the respondent has engaged in an unlawful practice under this part, and the respondent is licensed or granted a privilege by an agency of the state or the federal government to do business, provide a service, or conduct activities, and the unlawful practice is determined to have occurred in connection with the exercise of that license or privilege, the commission shall provide the licensing or privilege granting agency with a copy of its decision or order.

(d) If the commission finds that the respondent has engaged in an unlawful practice under this part and is liable for actual damages or a civil penalty, any amount due to the respondent by a state agency may be offset to satisfy the commission's final order or decision.

(e) No remedy shall be available to the aggrieved person unless the aggrieved person waives any and all rights or claims under Section 52 of the Civil Code prior to receiving a remedy, and signs a written waiver to that effect.

(f) The commission may require a report of the manner of compliance.

(g) If the commission finds that a respondent has not engaged in any practice which constitutes a violation of this part, the commission shall state its findings of fact and shall issue and cause to be served on the complainant an order dismissing the accusation as to that respondent.

(h) Any order issued by the commission shall have printed on its face references to the provisions of the Administrative Procedure Act which prescribe the rights of appeal of any party to the proceeding to whose position the order is adverse.

SEC. 10. Section 12987.1 of the Government Code is amended to read:

12987.1. (a) Any party aggrieved by the commission's final order for relief may obtain a review of that order in accordance with the provisions of Section 11523 of this code and Section 1094.5 of the Code of Civil Procedure except that the limitations on the court's remedial powers as described in subdivision (f) of Section 1094.5 of the Code of Civil Procedure shall not apply.

(b) The superior court, in reviewing the commission's final order, may award the following relief:

(1) Grant to the petitioner, or any other party, temporary relief, including, but not limited to, a restraining order, or other order as the court deems just and proper.

(2) Affirm, modify, or set aside, in whole or in part, the order, or remand the order for further proceedings, and enforce the order to the extent that it is affirmed or modified.

(c) Any party to the proceeding before the commission or aggrieved person may intervene as a matter of right in the superior court proceeding.

(d) When the time for petitioning a court for review of the commission's order has expired, the department or any party to the commission proceeding may petition a court for a decree enforcing the commission's order. The court may grant any relief necessary to ensure compliance with the commission's order.

(e) Notwithstanding subdivisions (a) to (d), inclusive, where the reviewing court denies a petition for writ of mandate seeking review of a commission order or decision, the court shall enter judgment denying the petition and enforcing the commission's order or decision.

SEC. 11. Section 12989.2 of the Government Code is amended to read:

12989.2. (a) In a civil action brought under Section 12989 or 12989.1, if the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award the plaintiff or complainant actual and punitive damages and may grant other relief, including the issuance of a temporary or permanent injunction, or temporary restraining order, or other order, as it deems appropriate to prevent any defendant from engaging in or continuing to engage in an unlawful practice. The court may, at its discretion, award the prevailing party, other than the state, reasonable attorney's fees and costs, including expert witness fees, against any party other than the state.

(b) Notwithstanding any other provision of law, the commission is not liable for the attorney's fees of parties to the administrative adjudication of cases brought before the commission, including proceedings under Sections 11523 and 12987.1 of this code and Section 1094.5 of the Code of Civil Procedure.

CHAPTER 648

An act relating to desalination facilities.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Public Utilities Commission shall evaluate the interrelationship between the commission's electricity policy and water policy as it relates to saline water conversion through ocean desalination and shall report to the Governor and the Legislature by January 1, 2006, on the balance between the interests of electricity and water ratepayers. The commission shall invite the Department of Water Resources, the State Water Resources Control Board, the Department of Fish and Game, the State Energy Resources Conservation and Development Commission, and the California Coastal Commission, to participate in the evaluation.

CHAPTER 649

An act to amend Sections 25290.1 and 25299.51 of, to add Sections 25290.1.1 and 25290.1.2 to, and to add Chapter 6.77 (commencing with Section 25299.200) to Division 20 of, the Health and Safety Code,

relating to underground storage tanks, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 25290.1 of the Health and Safety Code is amended to read:

25290.1. (a) Notwithstanding subdivision (o) of Section 25281, for purposes of this section, ''product tight'' means impervious to the liquid and vapor of the substance that is contained, or is to be contained, so as to prevent the seepage of the substance from the containment.

(b) Notwithstanding Sections 25290.2 and 25291, every underground storage tank installed on or after July 1, 2004, shall meet the requirements of this section.

(c) The underground storage tank shall be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in it in accordance with the following performance standards:

(1) Primary containment shall be constructed, operated, and maintained product tight and compatible with the stored product.

(2) Secondary containment shall be constructed, operated, and maintained product tight. The secondary containment shall also be constructed, operated, and maintained in a manner to prevent structural weakening as a result of contact with any hazardous substances released from the primary containment, and also shall be capable of storing the hazardous substances for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) Secondary containment shall be constructed, operated, and maintained to prevent any water intrusion into the system by precipitation, infiltration, or surface runoff.

(4) In the case of an installation with one primary tank, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(5) In the case of multiple primary tanks, the secondary containment shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(d) The underground tank system shall be designed and constructed with a continuous monitoring system capable of detecting the entry of the liquid- or vapor-phase of the hazardous substance stored in the primary containment into the secondary containment and capable of detecting water intrusion into the secondary containment.

(e) The interstitial space of the underground storage tank shall be maintained under constant vacuum or pressure such that a breach in the primary or secondary containment is detected before the liquid or vapor phase of the hazardous substance stored in the underground storage tank is released into the environment. The use of interstitial liquid level measurement methods satisfies the requirements of this subdivision.

(f) The underground storage tank shall be provided with equipment to prevent spills and overfills from the primary tank.

(g) If different substances are stored in the same tank and in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, those substances shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(h) Underground pressurized piping that conveys a hazardous substance shall be equipped with an automatic line leak detector.

(i) Before the underground storage tank is covered, enclosed, or placed in use, the standard installation testing requirements for underground storage systems specified in Section 2.4 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association (NFPA 30), as amended and published in the respective edition of the Uniform Fire Code, shall be followed.

(j) Before the underground storage tank is placed in use, the underground storage tank shall be tested after installation using one of the following methods to demonstrate that the tank is product tight:

(1) Enhanced leak detection.

(2) An inert gas pressure test that has been certified by a third party and approved by the board.

(3) A test method deemed equivalent to enhanced leak detection or an inert gas pressure test by the board in regulations adopted pursuant to this chapter. An underground storage tank installed and tested in accordance with this subdivision is exempt from the requirements of Section 25292.5.

(k) Notwithstanding Section 25281.5, for any system installed to meet the requirements of this section, those portions of vent lines, vapor recovery lines, and fill pipes that are beneath the surface of the ground are ''pipe'' as the term is defined in subdivision (m) of Section 25281, and therefore part of the underground storage tank system.

SEC. 2. Section 25290.1.1 is added to the Health and Safety Code, to read:

25290.1.1. (a) (1) On the effective date of the act adding this section and for 179 days thereafter, a local agency shall only issue a notice to comply pursuant to this section to an owner or operator of an underground storage tank subject to Section 25290.1 that does not

maintain the vacuum or pressure that is required by subdivision (e) of Section 25290.1, except as otherwise provided in this section.

(2) If the violation described in paragraph (1) occurs on or after the 180th day from the effective date of the act adding this chapter, the local agency may take any enforcement action authorized by this chapter.

(b) A local agency shall issue the notice to comply alleging a violation described in paragraph (1) of subdivision (a) by presenting a notice to comply to the owner or operator in writing, which meets all of the following requirements:

(1) The notice to comply shall be written in the course of conducting an inspection by an authorized representative of the local agency.

(2) A copy of the notice to comply shall be presented to a person who is an owner, operator, employee, or representative of the facility being inspected at the time that the notice to comply is written.

(3) The notice to comply shall clearly state that a violation described in paragraph (1) of subdivision (a) was discovered, a means by which compliance may be achieved, and a time limit in which to comply, which shall not exceed 60 days. The local agency may provide a one-time extension of the time limit for compliance specified in the notice, not to exceed an additional 60 days, if the local agency determines that an extension is necessary to ensure compliance.

(4) The notice to comply shall contain a statement that the inspected facility may be subject to reinspection at any time.

(c) (1) On or before five working days after the date the violation described in paragraph (1) of subdivision (a) is corrected, the person cited in the notice to comply or an authorized representative of that person shall sign the notice to comply, shall certify that the violation has been corrected, and shall return the notice to the local agency.

(2) A false certification submitted pursuant to paragraph (1) that the violation is corrected is punishable as a misdemeanor.

(3) The effective date of the certification that the violation has been corrected shall be the date that the certification is postmarked.

(d) Notwithstanding subdivision (a), if a person fails to correct the violation within the prescribed period in the notice, the local agency may take any enforcement action authorized by this chapter.

(e) This section does not do any of the following:

(1) Prevent the reinspection of a facility to ensure compliance.

(2) Prevent a local agency, on a case-by-case basis, from requiring a person subject to a notice to comply to submit reasonable and necessary documentation to support a claim of compliance by the person.

(3) Restrict the power of a city attorney, district attorney, county counsel, or the Attorney General to bring, in the name of the people of California, any criminal proceeding otherwise authorized by law.

(4) Prevent the local agency, state board, or regional board, from cooperating with, or participating in, a proceeding specified in paragraph (3).

(f) Notwithstanding subdivision (a), if the violation described in paragraph (1) of subdivision (a) is intentional or occurs as the result of gross negligence, the local agency may take any enforcement action authorized by this chapter.

SEC. 3. Section 25290.1.2 is added to the Health and Safety Code, to read:

25290.1.2. (a) The board and the State Air Resources Board, under the direction of the California Environmental Protection Agency, shall certify to the best of their knowledge, that the equipment that meets the requirements of Section 94011 of Title 17 of the California Code of Regulations for enhanced vapor recovery systems at gasoline dispensing facilities, as implemented by the State Air Resources Board, also meets the requirements of this chapter. The board and the State Air Resources Board shall make this certification collaboratively, using existing resources.

(b) The board and the State Air Resources Board, under the direction of the California Environmental Protection Agency, when making the certification specified in subdivision (a), shall consult with interested parties, including local implementing agencies, underground storage tank system owners and operators, equipment manufacturers, underground storage tank system installers, and environmental organizations.

(c) The board and the State Air Resources Board shall post the certification and any supporting documentation on their Web sites.

(d) This section shall be implemented by the executive directors of the board and of the State Air Resources Board, or by their designees.

SEC. 4. Section 25299.51 of the Health and Safety Code is amended to read:

25299.51. The board may expend the money in the fund for all the following purposes:

(a) In addition to the purposes specified in subdivisions (c), (d), and (e), for the costs of implementing this chapter and for implementing Section 25296.10 for a tank that is subject to this chapter.

(b) To pay for the administrative costs of the State Board of Equalization in collecting the fee imposed by Article 5 (commencing with Section 25299.40).

(c) To pay for the reasonable and necessary costs of corrective action pursuant to Section 25299.36, up to one million five hundred thousand dollars ($1,500,000) per occurrence. The Legislature may appropriate the money in the fund for expenditure by the board, without regard to fiscal year, for prompt action in response to any unauthorized release.

(d) To pay for the costs of an agreement for the abatement of, and oversight of the abatement of, an unauthorized release of hazardous substances from underground storage tanks, by a local agency, as authorized by Section 25297.1 or by any other provision of law, except that, for the purpose of expenditure of these funds, only underground storage tanks, as defined in Section 25299.24, shall be the subject of the agreement.

Goal is to increase the participation rate of employers offering employees a tax-free benefit to commute to work by transit. The project sponsor is the Metropolitan Transportation Commission. Five million dollars ($5,000,000).

(36) Caldecott Tunnel Improvements. Provide funds to plan and construct a fourth bore at the Caldecott Tunnel between Contra Costa and Alameda Counties. The fourth bore will be a two-lane bore with a shoulder or shoulders north of the current three bores. The County Connection shall study all feasible alternatives to increase transit capacity in the westbound corridor of State Highway Route 24 between State Highway Route 680 and the Caldecott Tunnel, including the study of the use of an express lane, high-occupancy vehicle lane, and an auxiliary lane. The cost of the study shall not exceed five hundred thousand dollars ($500,000) and shall be completed not later than January 15, 2006. Fifty million five hundred thousand dollars ($50,500,000). The project sponsor is the Contra Costa Transportation Authority.

(d) Not more than 38 percent of the revenues generated from the toll increase shall be made available annually for the purpose of providing operating assistance for transit services as set forth in the authority's annual budget resolution. The funds shall be made available to the provider of the transit services subject to the performance measures described in Section 30914.5. If the funds cannot be obligated for operating assistance consistent with the performance measures, these funds shall be obligated for other operations consistent with this chapter.

Except for operating programs that do not have planned funding increases and subject to the 38-percent limit on total operating cost funding in any single year, following the first year of scheduled operations, an escalation factor, not to exceed 1.5 percent per year, shall be added to the operating cost funding through fiscal year 2015–16, to partially offset increased operating costs. The escalation factors shall be

contained in the operating agreements described in Section 30914.5. Subject to the limitations of this paragraph, the Metropolitan Transportation Commission may annually fund the following operating programs as another component of the Regional Traffic Relief Plan:

(1) Golden Gate Express Bus Service over the Richmond Bridge (Route 40). Two million one hundred thousand dollars ($2,100,000).

(2) Napa Vine Service terminating at the Vallejo Intermodal Terminal. Three hundred ninety thousand dollars ($390,000).

(3) Regional Express Bus North Pool serving the Carquinez and Benicia Bridge Corridors. Three million four hundred thousand dollars ($3,400,000).

(11) MUNI Metro Third Street Light Rail Line. Two million five hundred thousand dollars ($2,500,000) without escalation.

(12) AC Transit Enhanced Bus Service on Telegraph Avenue, International Boulevard, and East 14th Street in Berkeley-Oakland-San Leandro. Three million dollars ($3,000,000) without escalation.

(13) TransLink, three-year operating program. Twenty million dollars ($20,000,000) without escalation.

(14) Water Transit Authority, regional planning and operations. Three million dollars ($3,000,000) without escalation.

(e) For all projects authorized under subdivision (c), the project sponsor shall submit an initial project report to the Metropolitan Transportation Commission before July 1, 2004. This report shall include all information required to describe the project in detail, including the status of any environmental documents relevant to the project, additional funds required to fully fund the project, the amount,

if any, of funds expended to date, and a summary of any impediments to the completion of the project. This report, or an updated report, shall include a detailed financial plan and shall notify the commission if the project sponsor will request toll revenue within the subsequent 12 months. The project sponsor shall update this report as needed or requested by the commission. No funds shall be allocated by the commission for any project authorized by subdivision (c) until the project sponsor submits the initial project report, and the report is reviewed and approved by the commission.

If multiple project sponsors are listed for projects listed in subdivision (c), the commission shall identify a lead sponsor in coordination with all identified sponsors, for purposes of allocating funds. For any projects authorized under subdivision (c), the commission shall have the option of requiring a memorandum of understanding between itself and the project sponsor or sponsors that shall include any specific requirements that must be met prior to the allocation of funds provided under subdivision (c).

(f) The Metropolitan Transportation Commission shall annually assess the status of programs and projects and shall allocate a portion of funding made available under Section 30921 or 30958 for public information and advertising to support the services and projects identified in subdivisions (c) and (d). If an operating program or project cannot achieve its performance objectives described in subdivision (a) of Section 30914.5 or if a program or project cannot be completed or cannot continue due to delivery or financing obstacles making the completion or continuation of the program or project unrealistic, the commission shall consult with the program or the project sponsor. After consulting with the sponsor, the commission shall hold a public hearing concerning the project. After the hearing, the commission may vote to modify the program or the project's scope, decrease its level of funding, or to reassign all of the funds to another or an additional regional transit program or project within the same corridor. If a program or project does not meet the required performance measures, the commission shall give the sponsor a time certain to achieve the performance measures or have its funding reassigned.

(g) If the voters approve a toll increase pursuant to Section 30921, the authority shall within 24 months of the election date, include the projects in a long-range plan that are consistent with the commission's findings required by this section and Section 30914.5. The authority shall update its long-range plan as required to maintain its viability as a strategic plan for funding projects authorized by this section. The authority shall by January 1, 2007, submit its updated long-range plan to the transportation policy committee of each house of the Legislature for review.

(h) If the voters approve a toll increase pursuant to Section 30921, and if additional funds from this toll increase are available following the funding obligations of subdivisions (c) and (d), the authority may set aside a reserve to fund future rolling stock replacement to enhance the sustainability of the services enumerated in subdivision (d). The authority shall, by January 1, 2020, submit a 20-year toll bridge expenditure plan to the Legislature for adoption. This expenditure plan shall have, as its highest priority, replacement of transit vehicles purchased pursuant to subdivision (c).

SEC. 5. Section 30914.5 of the Streets and Highways Code is amended to read:

30914.5. (a) Prior to the allocation of revenue for transit operating assistance under subdivision (d) of Section 30914, the Metropolitan Transportation Commission shall adopt performance measures related to fare-box recovery, ridership, and other performance measures as needed. The performance measures shall be developed in consultation with the affected transit operators and the commission's advisory council.

(b) The Metropolitan Transportation Commission shall execute an operating agreement with the sponsors of the projects described in subdivision (d) of Section 30914. This agreement shall include, at a minimum, a fully funded operating plan that conforms to and is consistent with the adopted performance measures. The agreement shall also include a schedule of projected fare revenues or other operating revenues to indicate that the service is viable in the near-term and is expected to meet the adopted performance measures in future years. For any individual project sponsor, this operating agreement may include additional requirements, as determined by the commission, to be met prior to the allocation of transit assistance under subdivision (d) of Section 30914.

(c) Prior to the annual allocation of transit operating assistance funds by the Metropolitan Transportation Commission pursuant to subdivision (d) of Section 30914, the Metropolitan Transportation Commission shall conduct, or shall require the sponsoring agency to conduct, an independent audit that contains audited financial information, including an opinion on the status and cost of the project and its compliance with the approved performance measures. Notwithstanding this requirement, each operator shall be given a one-year trial period to operate new service. In the first year of new service, the sponsor shall develop a reporting and accounting structure for the performance measures. Commencing with the third operating year, sponsors shall be subject to the approved performance measures.

(d) The Metropolitan Transportation Commission shall adopt a regional transit connectivity plan by December 1, 2005. The

connectivity plan shall be incorporated into the commission's Transit Coordination Implementation Plan pursuant to Section 66516.5 of the Government Code. The connectivity plan shall require operators to comply with the plan utilizing commission authority pursuant to Section 66516.5 of the Government Code. The commission shall consult with the Partnership Transit Coordination Council in developing a plan that identifies and evaluates opportunities for improving transit connectivity and shall include, but not be limited to, the following components:

(1) A network of key transit hubs connecting regional rapid transit services to one another, and to feeder transit services. ''Regional rapid transit'' means long-haul transit service that crosses county lines, and operates mostly in dedicated rights-of-way, including freeway high-occupancy vehicle lanes, crossing a bridge, or on the bay. The identified transit hubs shall operate either as a timed transfer network or as pulsed hub connections, providing regularly scheduled connections between two or more transit lines.

(2) Physical infrastructure and right-of-way improvements necessary to improve system reliability and connections at transit hubs. Physical infrastructure improvements may include, but are not limited to, improved rail-to-rail transfer facilities, including cross-platform transfers, and intermodal transit improvements that facilitate rail-to-bus, rail-to-ferry, ferry-to-ferry, ferry-to bus, and bus-to-bus transfers. Capital improvements identified in the plan shall be eligible for funding in the commission's regional transportation plan.

(3) Regional standards and procedures to ensure maximum coordination of schedule connections to minimize transfer times between transit lines at key transit hubs, including, but not limited to, the following:

(A) Policies and procedures for improved fare collection.

(B) Enhanced trip-planning services, including Internet-based programs, telephone information systems, and printed schedules.

(C) Enhanced schedule coordination through the implementation of real-time transit-vehicle location systems that facilitate communication between systems and result in improved timed transfers between routes.

(D) Performance measures and data collection to monitor the performance of the connectivity plan.

The connectivity plan shall focus on, but not be limited to, feeder transit lines connecting to regional rapid transit services, and the connection of regional rapid transit services to one another. The connectivity plan shall be adopted following a Metropolitan Transportation Commission public hearing at least 60 days prior to adoption. The commission shall adopt performance measures and collect appropriate data to monitor the performance of the connectivity plan. The plan shall be evaluated every three years by the commission

as part of the update to its regional transportation plan. No agency shall be eligible to receive funds under this section unless the agency is a participant operator in the commission's regional transit connectivity plan.

The provisions of this subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921, and the expenditures incurred by the Metropolitan Transportation Commission up to five hundred thousand dollars ($500,000) that are related to the requirements of this subdivision, including any study, shall be reimbursed from toll revenues identified in paragraph (33) of subdivision (c) of Section 30914.

(e) The TransLink Consortium, per the TransLink Interagency Participation Agreement, shall by July 1, 2007, develop a plan for an integrated fare program covering all regional rapid transit trips funded in full or in part by this section. ''Regional rapid transit'' means long-haul transit services that cross county lines, and operate mostly in dedicated rights-of-way, including freeway high-occupancy vehicle lanes, crossing a bridge, or on the bay. Interregional rail services, originating or terminating from outside the Bay Area, shall not be considered regional rapid transit. The purpose of the integrated fare program is to encourage greater use of the region's transit network by making it easier and less costly for transit riders whose regular commute involves multizonal travel and may involve the transfer between two or more transit agencies, including regional-to-regional and regional-to-local transfers. The integrated fare program shall include a zonal fare system for the sole purpose of creating a monthly zonal pass (monthly pass), allowing for unlimited or discounted fares for transit riders making a minimum number of monthly transit trips between two or more zones. The number of minimum trips shall be established by the plan. The integrated fare program shall not apply to fare structures that are not purchased on a monthly basis. For the purposes of these zonal fares, geographic zones shall be created in the Bay Area. To the extent practical, zone boundaries for overlapping systems shall be in the same places and shall correspond to the boundaries of the local transit service areas. A regional rapid transit zone may cover more than one local service area, or may subdivide an existing local service area. The monthly pass shall be created in at least the following two forms:

(1) For the use of interzonal regional rapid transit trips without local transit discounts.

(2) For the use of interzonal regional rapid transit trips with local transit discounts. The plan may recommend the elimination of existing transit pass arrangements to simplify the marketing of the monthly pass. The integrated fare program shall establish a monitoring program to evaluate the impact of the integrated fare program on the operating

finances of the participating agencies. The integrated fare program shall be adjusted as necessary to ensure that the program does not jeopardize the viability of local or regional rapid transit routes impacted by the program, and to the extent feasible, provide an equitable revenue sharing arrangement among the participating agencies. This subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921, and any expenditures related to the implementation of this subdivision incurred by the TransLink Consortium shall be reimbursed by toll revenues designated in paragraph (34) of subdivision (c) of Section 30914.

(f) The Metropolitan Transportation Commission (MTC) shall, by July 1, 2006, adopt a Bay Area Regional Rail Plan (plan) for the development of passenger rail services in the San Francisco Bay Area over the short, medium, and long term. The plan shall formulate strategies to integrate passenger rail systems, improve interfaces with connecting services, expand the regional rapid transit network, and coordinate investments with transit-supportive land use. The plan shall be governed by a steering committee consisting of appointees from the Department of Transportation (Caltrans), the San Francisco Bay Area Rapid Transit District (BART), Caltrain, the National Railroad Passenger Corporation (Amtrak), the Capitol Corridor Joint Powers Authority, the Altamont Commuter Express, the High-Speed Rail Authority, the Metropolitan Transportation Commission (MTC), the Sonoma-Marin Area Rail Transit District (SMART), the Santa Clara Valley Transportation Authority, the Solano Transportation Authority, and the owners of standard gauge rail. Congestion management agencies and other agencies as determined by the steering committee shall be invited as nonvoting members. Under policy guidance from the steering committee and with input from Bay Area transit agencies, Caltrain, and BART shall provide day-to-day management and technical support for the development of this plan. The plan proposals shall be evaluated using performance criteria, including, but not limited to, transit-supportive land use and access, ridership, cost-effectiveness, regional network connectivity, and capital and operating financial stability. Additional performance criteria shall be developed as necessary. The plan shall include, but not be limited to, all of the following:

(1) Identification of issues in connectivity, access, capacity, operations and cost-effectiveness.

(2) Identification of opportunities to enhance rail connectivity and to maximize passenger convenience when transferring between systems.

(3) Recommendation of improvements to the interface with shuttles, buses, other rail systems, and other feeder modes.

(4) Identification of potential impacts on capacity constraints and operations on existing passenger and freight carriers.

(5) Identification of bottlenecks where added capacity could cost-effectively increase performance.

(6) Recommendation of potential efficiency improvements through economies of scale, such as through joint vehicle procurement and maintenance facilities.

(7) Recommendation of strategies to acquire right-of-way and station property to preserve future service options.

(8) Identification of potential capital and operating funding sources for proposed actions.

(9) Identification of locations where the presence of passenger rail could stimulate redevelopment and thereby direct growth to the urban core.

(10) Recommendation of technology-appropriate service expansion in specific corridors. Technologies to be considered include conventional rail transit modes, bus rapid transit, and emerging rail technologies. Identify phasing strategies for the implementation of rail services where appropriate.

(11) Examination of how recommendations would integrate with proposed high-speed rail to the Central Valley and southern California. Up to two million five hundred thousand dollars ($2,500,000) of the funds described in paragraph (33) of subdivision (c) of Section 30914 may be expended by the Metropolitan Transportation Commission and the High-Speed Rail Authority to study Bay Area access to the high-speed rail system. Up to five hundred thousand dollars ($500,000) of the funds described in paragraph (33) of subdivision (c) of Section 30914 may be expended by the Metropolitan Transportation Commission and the High-Speed Rail Authority to study the feasibility and construction of an intermodal transfer hub at Niles (Shinn Street) Junction. The Metropolitan Transportation Commission and the High-Speed Rail Authority, or its successor, shall collaborate with a steering committee in conducting these studies.

(12) Recommendation of a governance strategy to implement and operate future regional rapid transit services.

This subdivision shall only be effective if the voters approve the toll increase as set forth in Section 30921. Any expenditures incurred by the Metropolitan Transportation Commission or the project sponsors identified in paragraph (33) of subdivision (c) of Section 30914 related to the requirements of this subdivision, including any study and administration, shall be appropriate charges against toll revenue to be reimbursed from toll revenues.

SEC. 6. Section 5201 of the Vehicle Code is amended to read:

5201. License plates shall at all times be securely fastened to the vehicle for which they are issued so as to prevent the plates from swinging, shall be mounted in a position so as to be clearly visible, and

shall be maintained in a condition so as to be clearly legible. The rear license plate shall be mounted not less than 12 inches nor more than 60 inches from the ground, and the front license plate shall be mounted not more than 60 inches from the ground, except as follows:

(a) The rear license plate on a tow truck may be mounted on the left-hand side of the mast assembly at the rear of the cab of the vehicle, not less than 12 inches nor more than 90 inches from the ground.

(b) The rear license plate on a tank vehicle hauling hazardous waste, as defined in Section 25117 of the Health and Safety Code, or asphalt material may be mounted not less than 12 inches nor more than 90 inches from the ground.

(c) The rear license plate on a truck tractor may be mounted at the rear of the cab of the vehicle, but not less than 12 inches nor more than 90 inches from the ground.

(d) The rear license plate of a vehicle designed by the manufacturer for the collection and transportation of garbage, rubbish, or refuse that is used regularly for the collection and transportation of that material by any person or governmental entity employed to collect, transport, and dispose of garbage, rubbish, or refuse may be mounted not less than 12 inches nor more than 90 inches from the ground.

(e) The rear license plate on a two-axle livestock trailer may be mounted 12 inches or more, but not more than 90 inches, from the ground.

(f) No covering may be used on license plates except as follows:

(1) The installation of a cover over a lawfully parked vehicle to protect it from the weather and the elements does not constitute a violation of this subdivision. Any peace officer or other regularly salaried employee of a public agency designated to enforce laws, including local ordinances, relating to the parking of vehicles may temporarily remove so much of the cover as is necessary to inspect any license plate, tab, or indicia of registration on a vehicle.

(2) The installation of a license plate security cover is not a violation of this subdivision if the device does not obstruct or impair the recognition of the license plate information, including, but not limited to, the issuing state, license plate number, and registration tabs, and the cover is limited to the area directly over the top of the registration tabs. No portion of a license plate security cover shall rest over the license plate number.

(g) No casing, shield, frame, border, or other device that obstructs or impairs the reading or recognition of a license plate by a remote emission sensing device, as specified in Sections 44081 and 44081.6 of the Health and Safety Code, shall be installed on, or affixed to, a vehicle.

(h) (1) It is the Legislature's intent that an accommodation be made to persons with disabilities and to those persons who regularly transport

persons with disabilities, to allow the removal and relocation of wheelchair lifts and wheelchair carriers without the necessity of removing and reattaching the vehicle's rear license plate. Therefore, it is not a violation of this section if the reading or recognition of a rear license plate is obstructed or impaired by a wheelchair lift or wheelchair carrier and all of the following requirements are met:

(A) The owner of the vehicle has been issued a special identification license plate pursuant to Section 5007, or the person using the wheelchair that is carried on the vehicle has been issued a distinguishing placard under Section 22511.55.

(B) (i) The operator of the vehicle displays a decal, designed and issued by the department, that contains the license plate number assigned to the vehicle transporting the wheelchair.

(ii) The decal is displayed on the rear window of the vehicle, in a location determined by the department, in consultation with the Department of the California Highway Patrol, so as to be clearly visible to law enforcement.

(2) Notwithstanding any other provision of law, if a decal is displayed pursuant to this subdivision, the requirements of this code that require the illumination of the license plate and the license plate number do not apply.

(3) The department shall adopt regulations governing the procedures for accepting and approving applications for decals, and issuing decals, authorized by this subdivision.

(4) This subdivision does not apply to a front license plate.

SEC. 7. Section 5751.5 of the Vehicle Code is amended to read:

5751.5. (a) Upon transfer of the title or interest of the registered owner of a motor vehicle that is subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, if no certificate of compliance or certificate of noncompliance is submitted to the department pursuant to the exemptions described in paragraph (1) of subdivision (d) of Section 4000.1, the transferor of that vehicle shall sign and deliver to the transferee, upon completion of the transaction, the original copy of a statement, under penalty of perjury, that he or she has not modified the emissions system of the vehicle and does not have any personal knowledge of anyone else modifying the system in a manner that causes the emission system to fail to qualify for the issuance of a certificate of compliance pursuant to Section 44015 of the Health and Safety Code. The transferor shall keep a duplicate copy of the statement delivered to the transferee pursuant to this section. The department shall prescribe and make available to transferors the necessary forms to comply with this subdivision.

(b) Any form prescribed by the department pursuant to subdivision (a) shall contain the following statement and a space for the signatures of the transferor and transferee at the end of the statement:

"WARNING TO THE BUYER

"A valid certificate of compliance was submitted to the Department of Motor Vehicles with an application for the renewal of registration of this vehicle. If an application for transfer is submitted to the department within the 90-day validity period of the smog certification, no new smog certification will be required. However, at present, you may be purchasing a vehicle that may not be in compliance with specified emission standards.

"By signing this statement, you acknowledge that the seller is not required to provide you with an additional certificate of compliance prior to the completion of this transaction.

"You may have this vehicle tested at a licensed smog check station prior to completion of this transaction to verify compliance. If the vehicle passes the test, you shall be responsible for the costs of the test. If the vehicle fails the test, the seller is obligated to reimburse you the cost of having the vehicle tested and, without expense to you, must have the vehicle repaired to comply with specified emission standards prior to completion of this transaction.

(Transferor)	(Date)
(Transferee)	(Date)"

SEC. 8. Section 9250.7 of the Vehicle Code is amended to read:

9250.7. (a) (1) A service authority established under Section 22710 may impose a service fee of one dollar ($1) on all vehicles, except vehicles described in subdivision (a) of Section 5014.1, registered to an owner with an address in the county that established the service authority. The fee shall be paid to the department at the time of registration, or renewal of registration, or when renewal becomes delinquent, except on vehicles that are expressly exempted under this code from the payment of registration fees.

(2) In addition to the one dollar ($1) service fee, and upon the implementation of the permanent trailer identification plate program, and as part of the Commercial Vehicle Registration Act of 2001, all commercial motor vehicles subject to Section 9400.1 registered to an owner with an address in the county that established a service authority under this section shall pay an additional service fee of two dollars ($2).

(b) The department, after deducting its administrative costs, shall transmit, at least quarterly, the net amount collected pursuant to subdivision (a) to the Treasurer for deposit in the Abandoned Vehicle Trust Fund, which is hereby created. All money in the fund is continuously appropriated to the Controller for allocation to a service authority that has an approved abandoned vehicle abatement program pursuant to Section 22710, and for payment of the administrative costs of the Controller. After deduction of its administrative costs, the Controller shall allocate the money in the Abandoned Vehicle Trust Fund to each service authority in proportion to the revenues received from the fee imposed by that authority pursuant to subdivision (a). If any funds received by a service authority pursuant to this section are not expended to abate abandoned vehicles pursuant to an approved abandoned vehicle abatement program that has been in existence for at least two full fiscal years within 90 days of the close of the fiscal year in which the funds were received and the amount of those funds exceeds the amount expended by the service authority for the abatement of abandoned vehicles in the previous fiscal year, the fee imposed pursuant to subdivision (a) shall be suspended for one year, commencing on July 1 following the Controller's determination pursuant to subdivision (e).

(c) Every service authority that imposes a fee authorized by subdivision (a) shall issue a fiscal yearend report to the Controller on or before October 31 of each year summarizing all of the following:

(1) The total revenues received by the service authority during the previous fiscal year.

(2) The total expenditures by the service authority during the previous fiscal year.

(3) The total number of vehicles abated during the previous fiscal year.

(4) The average cost per abatement during the previous fiscal year.

(5) Any additional, unexpended fee revenues for the service authority during the previous fiscal year.

(d) Each service authority that fails to submit the report required pursuant to subdivision (c) by October 31 of each year shall have its fee pursuant to subdivision (a) suspended for one year commencing on July 1 following the Controller's determination pursuant to subdivision (e).

(e) On or before January 1 annually, the Controller shall review the fiscal yearend reports, submitted by each service authority pursuant to subdivision (c) and due no later than October 31, to determine if fee revenues are being utilized in a manner consistent with the service authority's approved program. If the Controller determines that the use of the fee revenues is not consistent with the service authority's program as approved by the California Highway Patrol, or that an excess of fee revenues exists, as specified in subdivision (b), the authority to collect

the fee shall be suspended for one year pursuant to subdivision (b). If the Controller determines that a service authority has not submitted a fiscal yearend report as required in subdivision (c), the authorization to collect the service fee shall be suspended for one year pursuant to subdivisions (b) and (d). The Controller shall inform the Department of Motor Vehicles on or before January 1 annually, that the authority to collect the fee is suspended. A suspension shall only occur if the service authority has been in existence for at least two full fiscal years and the revenue fee surpluses are in excess of those allowed under this section, the use of the fee revenue is not consistent with the service authority's approved program, or the required fiscal yearend report has not been submitted by October 31.

(f) On or before January 1 annually, the Controller shall prepare and submit to the Legislature a revenue and expenditure summary for each service authority established under Section 22710 that includes, but is not limited to, all of the following:

(1) The total revenues received by each service authority.

(2) The total expenditures by each service authority.

(3) The unexpended revenues for each service authority.

(4) The total number of vehicle abatements for each service authority.

(5) The average cost per abatement as provided by each service authority to the Controller pursuant to subdivision (c).

(g) The fee imposed by a service authority shall remain in effect only for a period of 10 years from the date that the actual collection of the fee commenced unless the fee is extended pursuant to this subdivision. The fee may be extended in increments of up to 10 years each if the board of supervisors of the county, by a two-thirds vote, and a majority of the cities having a majority of the incorporated population within the county adopt resolutions providing for the extension of the fee.

SEC. 9. Section 12810 of the Vehicle Code is amended to read:

12810. In determining the violation point count, the following shall apply:

(a) Any conviction of failure to stop in the event of an accident in violation of Section 20001 or 20002 shall be given a value of two points.

(b) Any conviction of a violation of Section 23152 or 23153 shall be given a value of two points.

(c) Any conviction of reckless driving shall be given a value of two points.

(d) (1) Any conviction of a violation of subdivision (c) of Section 192 of the Penal Code, or of Section 2800.2 or 2800.3, subdivision (b) of Section 21651, subdivision (b) of Section 22348, subdivision (a) or (c) of Section 23109, or Section 31602 of this code, shall be given a value of two points.

(2) Any conviction of a violation of subdivision (a) or (b) of Section 23140 shall be given a value of two points.

(e) Any conviction of a violation of Section 14601, 14601.1, 14601.2, 14601.3, or 14601.5 shall be given a value of two points.

(f) Except as provided in subdivision (i), any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point.

(g) Any traffic accident in which the operator is deemed by the department to be responsible shall be given a value of one point.

(h) Any conviction of a violation of Section 27360 or 27360.5 shall be given a value of one point.

(i) (1) A violation of paragraph (1), (2), (3), or (5) of subdivision (b) of Section 40001 shall not result in a violation point count being given to the driver if the driver is not the owner of the vehicle.

(2) Any conviction of a violation of paragraph (1) or (2) of subdivision (b) of Section 12814.6, subdivision (a) of Section 21116, Section 21207.5, 21708, 21710, 21716, 23120, 24800, or 26707 shall not be given a violation point count.

(3) A violation of Section 23136 shall not result in a violation point count.

(j) A conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

SEC. 10. Section 22670 of the Vehicle Code is amended to read:

22670. (a) For lien sale purposes, the public agency causing the removal of the vehicle shall determine if the estimated value of the vehicle that has been ordered removed, towed, or stored is five hundred dollars ($500) or less, over five hundred dollars ($500) but four thousand dollars ($4,000) or less, or over four thousand dollars ($4,000).

(b) If the public agency fails or refuses to put a value on, or to estimate the value of, the vehicle within three days after the date of removal of the vehicle, the garage keeper specified in Section 22851 or the garage keeper's agent shall determine, under penalty of perjury, if the estimated value of the vehicle that has been ordered removed, towed, or stored, is five hundred dollars ($500) or less, over five hundred dollars ($500) but four thousand dollars ($4,000) or less, or over four thousand dollars ($4,000).

SEC. 11. Section 22710 of the Vehicle Code is amended to read:

22710. (a) A service authority for the abatement of abandoned vehicles may be established, and a one dollar ($1) vehicle registration fee imposed, in any county if the board of supervisors of the county, by a two-thirds vote, and a majority of the cities having a majority of the incorporated population within the county have adopted resolutions providing for the establishment of the authority and imposition of the

fee. The membership of the authority shall be determined by concurrence of the board of supervisors and a majority vote of the majority of the cities within the county having a majority of the incorporated population.

(b) The authority may contract and may undertake any act convenient or necessary to carry out any law relating to the authority. The authority shall be staffed by existing personnel of the city, county, or county transportation commission.

(c) (1) Notwithstanding any other provision of law, a service authority may adopt an ordinance establishing procedures for the abatement, removal, and disposal, as a public nuisance, of any abandoned, wrecked, dismantled, or inoperative vehicle or part thereof from private or public property; and for the recovery, pursuant to Section 25845 or 38773.5 of the Government Code, or assumption by the service authority, of costs of administration and that removal and disposal. The actual removal and disposal of a vehicle shall be undertaken by an entity that may be a county or city or the department, pursuant to contract with the service authority as provided in this section.

(2) The money received by an authority pursuant to Section 9250.7 and this section shall be used only for the abatement, removal, and disposal as a public nuisance of any abandoned, wrecked, dismantled, or inoperative vehicle or part thereof from private or public property.

(d) (1) An abandoned vehicle abatement program and plan of a service authority shall be implemented only with the approval of the county and a majority of the cities having a majority of the incorporated population.

(2) The department shall provide guidelines for an abandoned vehicle abatement program. An authority's abandoned vehicle abatement plan and program shall be consistent with those guidelines, and shall provide for, but not be limited to, an estimate of the number of abandoned vehicles, a disposal and enforcement strategy including contractual agreements, and appropriate fiscal controls.

The department's guidelines provided pursuant to this paragraph shall include, but not be limited to, requiring each service authority receiving funds from the Abandoned Vehicle Trust Fund to report to the Controller on an annual basis pursuant to subdivision (c) of Section 9250.7, in a manner prescribed by the department, and pursuant to an approved abandoned vehicle abatement program.

(3) After a plan has been approved pursuant to paragraph (1), the service authority shall, not later than August 1 of the year in which the plan was approved, submit it to the department for review, and the department shall, not later than October 1 of that same year, either approve the plan as submitted or make recommendations for revision. After the plan has received the department's approval as being consistent

with the department's guidelines, the service authority shall submit it to the Controller.

(4) Except as provided in subdivision (e), the Controller shall make no allocations for a fiscal year, commencing on July 1 following the Controller's determination to suspend a service authority when a service authority has failed to comply with the provisions set forth in Section 9250.7.

(5) No governmental agency shall receive any funds from a service authority for the abatement of abandoned vehicles pursuant to an approved abandoned vehicle abatement program unless the governmental agency has submitted an annual report to the service authority stating the manner in which the funds were expended, and the number of vehicles abated. The governmental agency shall receive that percentage of the total funds collected by the service authority that is equal to its share of the formula calculated pursuant to paragraph (6).

(6) Each service authority shall calculate a formula for apportioning funds to each governmental agency that receives funds from the service authority and submit that formula to the Controller with the annual report required pursuant to paragraph (2). The formula shall apportion 50 percent of the funds received by the service authority to a governmental agency based on the percentage of vehicles abated by that governmental agency of the total number of abandoned vehicles abated by all member agencies, and 50 percent based on population and geographic area, as determined by the service authority. When the formula is first submitted to the Controller, and each time the formula is revised thereafter, the service authority shall include a detailed explanation of how the service authority determined the apportionment between per capita abatements and service area.

(7) Notwithstanding any other provision of this subdivision, the Controller may allocate to the service authority in the County of Humboldt the net amount of the abandoned vehicle abatement funds received from the fee imposed by that authority, as described in subdivision (b) of Section 9250.7, for calendar years 2000 and 2001.

(e) Any plan that has been submitted to the Controller pursuant to subdivision (d) may be revised pursuant to the procedure prescribed in that subdivision, including compliance with any dates described therein for submission to the department and the Controller, respectively, in the year in which the revisions are proposed by the service authority. Compliance with that procedure shall only be required if the revisions are substantial.

(f) For purposes of this section, ''abandoned vehicle abatement'' means the removal of a vehicle from public or private property by towing or any other means after the vehicle has been marked as abandoned by

an official of a governmental agency that is a member of the service authority.

(g) A service authority shall cease to exist on the date that all revenues received by the authority pursuant to this section and Section 9250.7 have been expended.

The lienholder shall notify the Department of Motor Vehicles of the inability to effect service on the declarant and shall provide the Department of Motor Vehicles with a copy of the documents with which service on the declarant was attempted. Upon receipt of the notification of unsuccessful service, the Department of Motor Vehicles shall send authorization of the sale to the lienholder and send notification of the authorization to the declarant. If service is effected on the declarant, the proof of service shall be submitted to the Department of Motor Vehicles with the documents specified in Section 22851.10.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 20251 of the Public Contract Code is amended to read:

20251. (a) The purchase of all supplies, equipment, and materials, when the expenditure required exceeds fifty thousand dollars ($50,000), shall be by contract let to the lowest responsible bidder.

(b) The construction of facilities and works, when the expenditure required exceeds three thousand dollars ($3,000), shall be by contract let to the lowest responsible bidder. Notwithstanding the preceding sentence, the district may elect to have this construction be governed by Article 3 (commencing with Section 22030) of Chapter 2.

(c) Notice requesting bids shall be published at least once in a newspaper of general circulation, which publication shall be made at least 10 days before bids are received. The board may reject any and all bids and readvertise in its discretion.

SEC. 2. The Legislature hereby finds and declares that Section 1 of this act as a special statute, is necessary and that a general statute cannot be made applicable, within the meaning of Section 16 of Article IV of the California Constitution, because of unique circumstances and concerns applicable to the San Joaquin Regional Transit District.

CHAPTER 652

An act to add and repeal Article 6 (commencing with Section 35800) of Chapter 4 of Part 21 of the Education Code, relating to school districts.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 35800) is added to Chapter 4 of Part 21 of the Education Code, to read:

Article 6. Program to Facilitate the Unification of School Districts

35800. (a) This article establishes a program to facilitate the unification of school districts and applies only to the unification of school districts in Fresno County, Humboldt County, and Ventura County if the county superintendent in those counties elects to be governed by this article. This article applies only to unification petitions commenced on or after January 1, 2005.

(b) Except as specified in this article, the provisions of Chapter 3 (commencing with Section 35500) and this chapter apply to the program established by this article.

(c) For purposes of this article, the following terms have the following meanings:

(1) ''Petition'' means a petition for the unification of school districts.

(2) ''Unification'' means the combination of one or more elementary school districts with all or a portion of a high school district to form a new unified school district as defined by Section 83.

35801. (a) Whenever the boundaries of an elementary school district and a high school district become coterminous, the districts are merged into a new unified district.

(b) Notwithstanding subdivision (a), an elementary school district that has boundaries that are totally within a high school district may be excluded from an action to unify those districts if the governing board of the elementary school district receives approval for an exclusion from

the county committee. Any elementary school district authorized by the county committee to be excluded from an action to unify, may continue to send pupils to attend a school of the coterminous high school district under the same terms that existed before any action to unify pursuant to subdivision (a).

(c) A component district excluded from an action to unify pursuant to subdivision (b) is deemed to be part of the territory proposed for reorganization for the purpose of holding the unification election and the election of the governing board of the new district.

35802. (a) (1) The county committee may add to a petition any of the appropriate provisions specified in Article 3 (commencing with Section 35730) that are not included in the petition as filed and may amend any such provision that was included in that petition.

(2) The county committee shall add to the petition those provisions as agreed to by the affected school districts and the chief petitioners and as specified in Article 3 (commencing with Section 35730).

(b) At least 10 days before the public hearing, or hearings, on the petition, the county committee shall make available to the public and to the governing boards affected by the petition a description of the petition, including all of the following:

(1) The right of the employees in the affected districts to continued employment.

(2) The revenue limit per unit of average daily attendance for each affected district and the effect of the petition, if approved, on that revenue limit.

(3) Whether the districts involved will be governed, in part, by provisions of a city charter and, if so, in what way.

(4) Whether the governing board of any proposed new district will have five or seven members.

(5) A description of the territory or districts in which the election, if any, will be held.

(6) Where the proposal is to create two or more districts, whether the proposal will be voted on as a single proposition.

(7) Whether the governing board of any new district will have trustee areas and, if so, whether the trustees will be elected only by the voters of that trustee area or by the voters of the entire district.

(8) A description of the manner in which the property, obligations, and bonded indebtedness of the existing districts will be divided.

(9) A description of when the first governing board of the new district will be elected and the manner in which the terms of office for each new trustee will be determined.

35803. Within 120 days of the commencement of the first public hearing on the petition, the county committee shall approve or disapprove a petition, as the petition may be augmented.

35804. The county committee shall determine whether any of the following, in the opinion of the committee, would be true regarding the proposed unification as described in the petition:

(a) It would adversely affect the school district organization of the county.

(b) It would comply with the provisions of Section 35812.

35805. If the county committee finds that the conditions enumerated in paragraphs (1) to (10), inclusive, of subdivision (a) of Section 35812 are substantially met or that the petition presents exceptional circumstances sufficient to otherwise justify approval of the petition, the county committee may approve the petition and shall so notify the county superintendent of schools.

35806. (a) If the county committee finds that the petition meets the conditions of Section 35805 and approves the petition, the county committee shall so notify the county superintendent of schools who shall call an election in the territory of the districts as determined by the county committee and in the manner described in Part 4 (commencing with Section 5000) to be conducted at the next election pursuant to Section 1000 of the Elections Code. The county superintendent of schools shall not issue an order of election until after the time period for an appeal pursuant to subdivision (b) of Section 35807 has elapsed. The opportunity for appeal shall commence on the date the county committee gives notice to the county superintendent of schools.

(b) A county committee considering the approval of a petition, or reconsidering its recommendation on a petition not yet approved or disapproved by the State Board of Education, that finds that a condition of Section 35812 is not substantially met, shall determine whether the petition presents exceptional circumstances sufficient to justify approval of the petition and shall add to the petition the provisions specified in Article 3 (commencing with Section 35730) that the affected school districts and the chief petitioners agree upon or that the county committee deems appropriate.

(c) If a dispute arises, the county committee may require arbitration pursuant to Section 35565.

35806.5. For a petition considered or reconsidered by a county committee pursuant to Sections 35805 and 35806, the county committee shall be designated the lead agency for the California Environmental Quality Act as defined in Section 21067 of the Public Resources Code.

35807. (a) An action by the county committee approving or disapproving a petition pursuant to Sections 35805 and 35806 may be appealed to the State Board of Education by the chief petitioners or one or more affected school districts. The appeal shall be limited to issues of noncompliance with the provisions of Section 35705, 35802, 35803, 35805, or 35806. If an appeal is made as to the territory for the election

specified by the county committee or as to the issue of whether the proposed unification substantially meets paragraph (4) of subdivision (a) of Section 35812 or violates Section 35734, it shall be made pursuant to Section 35711.

(b) Within five days after the county committee notifies the county superintendent of schools of its final action, the appellant shall file with the county committee a notice of appeal and shall provide a copy to the county superintendent of schools, except that if the appellant is one of the affected school districts it shall have 30 days to file the notice of appeal with the county committee and provide a copy to the county superintendent. Upon the filing of the notice of appeal, the action of the county committee shall be stayed, pending the outcome of the appeal. Within 15 days after the filing of the notice of appeal, the appellant shall file with the county committee a statement of reasons and factual evidence. The county committee shall, within 15 days of receipt of the statement, send to the State Board of Education the statement and the complete administrative record of the county committee proceedings, including minutes of the oral proceedings.

(c) Upon receipt of the appeal, the State Board of Education may elect either to review the appeal, or to ratify the county committee's decision by summarily denying review of the appeal. The state board may review the appeal either solely on the administrative record or in conjunction with a public hearing. The state board may, in its discretion, limit review only to the issues raised in the notice of appeal or may review other determinations by the county committee as it deems appropriate. If the state board elects to review the appeal pursuant to this section or Section 35711, the board shall issue a decision as expeditiously as possible after receipt of the appeal. Following the review, the state board shall affirm or reverse the action of the county committee and shall determine the territory within which the election is to be held. The state board may reverse or modify the action of the county committee in any manner consistent with law.

(d) If the State Board of Education approves an appeal pursuant to this section or Section 35711, the secretary of the state board shall give notice of the approval to the county committee which shall notify the county superintendent of schools pursuant to Section 35806.

35808. The county superintendent of schools, within 35 days after receiving the notification provided by Section 35806 or 35807, shall call an election, in the manner prescribed in Part 4 (commencing with Section 5000), to be conducted at the next election pursuant to Section 1000 of the Elections Code, in the territory of districts as determined by the county committee on school district organization, or, in the case of unifications appealed to the State Board of Education pursuant to subdivision (c) of Section 35807, as determined by the State Board of

Education. The county superintendent shall not issue an order of election until after the time for an appeal pursuant to subdivision (b) of Section 35807 or Section 35711 has elapsed.

35809. Following the public hearing, or last public hearing, required by Section 35720.5 or subdivision (c) of Section 35721, the county committee shall approve the petition, transmit it to the State Board of Education, and order that an election be held if the requirements of Sections 35805 and 35806 are satisfied.

35810. The State Board of Education shall establish minimum standards that it or a county committee shall apply in approving or disapproving petitions and that the state board shall apply to hearing appeals heard pursuant to Section 35807.

35811. If the State Board of Education hears an appeal pursuant to Section 35807, each county superintendent of schools and every other county officer in the counties affected, and the district superintendent of the school districts affected shall provide the statistical information required by the department to prepare the appeal.

35812. (a) The county committee, or the State Board of Education for petitions on appeal, may approve a petition if the county committee or board determines with respect to the petition and the resulting district, that all of the following conditions are substantially met:

(1) The new district will be adequate in terms of number of pupils enrolled.

(2) The district is organized on the basis of a substantial community identity.

(3) The proposal will result in an equitable division of property and facilities of the original district or districts.

(4) The unification of the districts will not promote racial or ethnic discrimination or segregation.

(5) The proposed unification will not result in any substantial increase in costs to the state.

(6) The proposed unification will not significantly disrupt the educational programs in the proposed district and the districts affected by the proposed unification and will continue to promote sound education performance in those districts.

(7) The proposed unification will not result in a significant increase in school housing costs.

(8) The proposed unification is not primarily designed to result in a significant increase in property values causing financial advantage to property owners.

(9) The proposed unification will not cause a substantial negative effect on the fiscal management or fiscal status of the proposed district or any existing district affected by the proposed unification.

(10) Any other criteria as the state board may, by regulation, prescribe.

(b) The county committee, or the State Board of Education for petitions on appeal, may approve a petition if the county committee or board determines that it is not practical or possible to apply the criteria of this section literally, and that the circumstances with respect to the petition provide an exceptional situation sufficient to justify approval of the proposals.

35813. After affording interested persons an opportunity to present their views on the appeal and after considering any findings and recommendations of the State Superintendent of Public Instruction, the State Board of Education shall approve or disapprove the formation of the proposed new district. If the board approves the formation, it may amend or include in the proposal any of the appropriate provisions of Article 3 (commencing with Section 35730).

35814. After the State Board of Education approves a petition on appeal, the Secretary of the State Board of Education shall give notice of the approval to the county superintendent of schools having jurisdiction over any of the districts whose boundaries or status would be affected by the unification as proposed.

35815. The county superintendent of schools, within 35 days after receiving the notification provided by Section 35814, shall call an election, in the manner prescribed in Part 4 (commencing with Section 5000), to be conducted at the next available election date pursuant to Section 1000 of the Elections Code.

35816. This article shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 2. The Legislature hereby finds and declares that a special statute is necessary and that a general statute cannot be made applicable, within the meaning of Section 16 of Article IV of the California Constitution, because of unique circumstances and concerns applicable to the Counties of Fresno, Humboldt, and Ventura.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 653

An act to amend Sections 1522, 1568.09, 1569.17, and 1596.871 of the Health and Safety Code, relating to care facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code, as amended by Chapter 229 of the Statutes of 2004, is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04 and 2004–05 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special

permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensee who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, foster parent, or both are also present.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations

as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the State Department of Social Services, as required by that section, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the

conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster family home licensee or foster

family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence. A foster family agency's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprints to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be

denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other

provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department delegated licensing authority:

(A) A county office with department delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department delegated licensing authority.

(C) A county office with department delegated licensing authority may accept a clearance or exemption from any other county office with department delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the State Department of Social Services and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (1).

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal

Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 2. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature, in enacting this section, to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit to the Department of Justice a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by this subdivision. If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to subdivision (a) of Section 1568.082. The department may also suspend the license pending an administrative hearing pursuant to subdivision (b) of Section1568.082.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for persons with chronic, life-threatening illness. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for persons with chronic, life-threatening illness pursuant to Section 1568.092.

(4) (A) Any staff person, volunteer, or employee who has contact with the residents.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer does not provide direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, close friend, or family member and provides direct care and supervision to that resident only at the request of the resident. The department may define in regulations persons similar to those described in this subparagraph who may be exempt from the requirements of this subdivision.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints, for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (g), prior to the person's employment, residence, or initial presence in the residential care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The State Department of Social Services

may assess civil penalties for continued violations as allowed in Section 1568.0822. The fingerprints shall then be submitted to the State Department of Social Services for processing. The licensee shall maintain and make available for inspection documentation of the individual's clearance or exemption.

(2) A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The department may assess civil penalties for continued violations as permitted by Section 1568.0822.

(3) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and shall notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history record.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the person's employment,

remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding

any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professional Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the

criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) The Department of Justice shall charge a fee sufficient to cover its cost in providing services to comply with the 14-day requirement contained in subdivision (c) for provision to the department of criminal record information.

(2) Paragraph (1) shall cease to be implemented when the department adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when permanent regulations are adopted under that section.

(j) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 3. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data

by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) (1) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue

a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall apply to criminal convictions of the following persons:

(1) (A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility. Residents of unlicensed independent senior housing facilities that are located in contiguous buildings on the same property as a residential care facility for the elderly shall be exempt from these requirements.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for the elderly. The facility shall maintain the copy of the certification on file as long as the care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for the elderly pursuant to Section 1569.58.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in a similar capacity.

(F) Additional officers of the governing body of the applicant or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from requirements applicable under paragraph (1):

(A) A spouse, relative, significant other, or close friend of a client shall be exempt if this person is visiting the client or provides direct care and supervision to that client only.

(B) A volunteer to whom all of the following apply:

(i) The volunteer is at the facility during normal waking hours.

(ii) The volunteer is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(iii) The volunteer spends no more than 16 hours per week at the facility.

(iv) The volunteer does not provide clients with assistance in dressing, grooming, bathing, or personal hygiene.

(v) The volunteer is not left alone with clients in care.

(C) A third-party contractor retained by the facility if the contractor is not left alone with clients in care.

(D) A third-party contractor or other business professional retained by a client and at the facility at the request or by permission of that client. These individuals may not be left alone with other clients.

(E) Licensed or certified medical professionals are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(F) Employees of licensed home health agencies and members of licensed hospice interdisciplinary teams who have contact with a resident of a residential care facility at the request of the resident or resident's legal decisionmaker are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(G) Clergy and other spiritual caregivers who are performing services in common areas of the residential care facility, or who are advising an individual resident at the request of, or with permission of, the resident, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(H) Any person similar to those described in this subdivision, as defined by the department in regulations.

(I) Nothing in this paragraph shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(c) (1) (A) Subsequent to initial licensure, any person required to be fingerprinted pursuant to subdivision (b) shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, to the Department of Justice, or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprints shall be on a fingerprint card provided by the State Department of Social Services, or sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice and submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The licensee shall then submit these fingerprints to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The department may assess civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social

Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If the State Department of Social Services determines, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in

consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(3) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be submitted in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an

employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing on January 1, 1999.

SEC. 4. Section 1596.871 of the Health and Safety Code, as amended by Chapter 229 of the Statutes of 2004, is amended to read:

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as defined in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) (1) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04 fiscal and 2004–05 fiscal years, neither the Department of Justice nor the department may charge a fee

for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a

State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The State Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing. Within 14 calendar days of the receipt of the fingerprints, the

Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a

decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal

record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department delegated licensing authority:

(A) A county office with department delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department delegated licensing authority.

(C) A county office with department delegated licensing authority may accept a clearance or exemption from any other county office with department delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department delegated licensing authority to receive the notice, only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) Amendments to this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

California's most vulnerable populations in community care and child day care facilities are exposed to persons who may pose an immediate risk to their health and safety because licensees currently face only minimal civil penalties for violations and are therefore undeterred from permitting persons who do not have criminal record clearances or exemptions from being present in their facilities. Thus, to reduce these risks as soon as possible by enhancing civil penalties, it is necessary that this act take effect immediately.

CHAPTER 654

An act to amend Sections 3526, 3533, 21354.3, and 21354.5 of the Government Code, relating to public employees.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 3526 of the Government Code is amended to read:

3526. The purpose of this chapter is to inform state supervisory, managerial, confidential, and employees otherwise excepted from coverage under the Ralph C. Dills Act by subdivision (c) of Section 3513 of their rights and terms and conditions of employment, and to inspire

dedicated service, to recognize their important and fundamental roles in the management of state government, and to promote harmonious personnel relations among those representing state management in the conduct of state affairs.

SEC. 2. Section 3533 of the Government Code is amended to read:

3533. Upon request, the state shall meet and confer with verified supervisory organizations representing supervisory employees on matters within the scope of representation. Prior to arriving at a determination of policy or course of action directly impacting supervisory employees, the state employer shall provide reasonable advance notice and provide the verified supervisory employee organizations an opportunity to meet and confer with the state employer to discuss alternative means of achieving objectives. Advance notice may be written, oral, or electronic. ''Meet and confer'' shall mean that the state employer shall consider as fully as it deems reasonable, such presentations as are made by the verified supervisory employee organization on behalf of its supervisory members prior to arriving at a determination of policy or course of action. The final determination of policy or course of action shall be the sole responsibility of the state employer.

When the state employer determines that, due to an emergency or other immediate operational necessity, a law, rule, resolution, or regulation must be adopted immediately without prior notice or meeting and conferring with excluded employee organizations, the state employer shall provide notice and opportunity to meet and confer at the earliest practical time following the adoption of the law, rule, resolution, or regulation.

SEC. 3. Section 21354.3 of the Government Code is amended to read:

(13) Medically indigent program services.

(d) (1) Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code shall apply to the programs or services providing integrated services.

(2) Before a program obtains an individual's medical information, including mental health and drug treatment records, his or her informed authorization shall be obtained, or the informed authorization of his or her custodial parent, or his or her guardian shall be obtained if the individual is a minor, unless the minor is authorized to give consent.

(3) Medical information shall not be disclosed to any individual who is not authorized to have that information pursuant to the authorization provided in paragraph (2).

(4) Medical information shall not be disclosed for any purpose that is not authorized by the authorization in paragraph (2).

(5) The sharing of information permitted under paragraphs (2), (3), and (4) shall be governed by memoranda of understanding among the agencies represented on the team. These memoranda shall specify the types of information that may be shared without a signed release form, and the process to be used to ensure that current confidentiality requirements, as described in subdivision (d), are met.

(6) Any client shall have access to his or her medical information and shall have the right to correct any inaccurate information contained in the medical information.

(e) Programs or services shall be included in the program only to the extent that federal funding to either the state or the county will not be reduced as a result of the inclusion of the services in the project. This program shall not generate any increased expenditures from the General Fund.

(f) Each participating county and the appropriate state departments shall jointly seek federal approval of the program, as may be needed to ensure its funding and allow for the integrated provision of services.

(g) This chapter shall not authorize each participating county to discontinue meeting its obligations under current law to provide services or to reduce its accountability for the provision of these services.

(h) This chapter shall not authorize a participating county to reduce the county's eligibility under current law for state funding for the services included in the program.

(i) A participating county shall utilize any and all state general and county funds that it is legally allocated or entitled to receive. Through the creation of integrated health and social services structures, the county shall maximize federal matching funds.

(j) The Secretary of Health and Human Services shall designate a lead department to coordinate the state's participation in the county's program.

(k) The appropriate state departments, as designated by the Secretary of Health and Human Services, that are assisting, participating, and cooperating in the implementation of the program authorized by this chapter shall have the authority to waive regulations regarding the method of providing services and the method of reporting and accountability, as may be required to meet the goals set forth in subdivision (b). However, the departments shall not waive regulations pertaining to privacy and confidentiality of records, civil service merit systems, or collective bargaining. The departments shall not waive regulations if the waiver results in a diminished amount or level of services or benefits to eligible recipients as compared to the benefits and services that would have been provided to recipients absent the waiver.

SEC. 2. Section 18986.87 of the Welfare and Institutions Code is amended to read:

18986.87. (a) A participating county shall, in consultation with the appropriate state departments, as designated by the Secretary of Health and Human Services, develop outcomes and performance measures specific to the project prior to the implementation of the pilot program. Implementation of a pilot program pursuant to this chapter shall occur no later than January 1, 2009.

(b) A participating county shall evaluate its program with the participation of the appropriate state departments, as designated by the Secretary of Health and Human Services, and prepare interim and final evaluations and submit them to the Governor or the Governor's designee and the appropriate policy committees of the Legislature. The interim report shall be submitted not later than six months following the third year of the implementation of the program. The final report shall be submitted not later than July 1, 2008.

(c) Each participating county shall provide for the evaluation of the program.

SEC. 3. Section 18986.88 of the Welfare and Institutions Code is amended to read:

18986.88. This chapter shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

CHAPTER 656

An act to amend Section 11462 of the Welfare and Institutions Code, relating to community care facilities.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, ''The Classification of Group Home Programs under the Standardized Schedule of Rates System,'' prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, ''standardized schedule of rates'' means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the

RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03 and 2003–04 fiscal years is:

Rate Classification Level	Point Ranges	FY 2002–03 and 2003–04 Standard Rate
1	Under 60	$1,454

14	420 & Up	6,371

(2) (A) For group home programs that receive AFDC-FC payments for services performed during the 2002–03 and 2003–04 fiscal years, the adjusted RCL point ranges below shall be used for establishing the biennial rates for existing programs, pursuant to paragraph (3) of subdivision (a) and in performing program audits and in determining any resulting rate reduction, overpayment assessment, or other actions pursuant to paragraph (2) of subdivision (e):

Rate Classification Level	Adjusted Point Ranges for the 2002–03 and 2003–04 Fiscal Years
1	Under 54
2	54– 81
3	82–110
4	111–138

8	225–253
9	254–281
10	282–310
11	311–338
12	339–367
13	368–395
14	396 & Up

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03 and 2003–04 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each RCL for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, ''program change'' means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 1.5. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) (A) The department shall determine, consistent with the requirements of this chapter and other relevant requirements under law, the rate classification level (RCL) for each group home program on a biennial basis. Submission of the biennial rate application shall be made according to a schedule determined by the department.

(B) The department shall adopt regulations to implement this paragraph. The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement to describe specific facts showing the need for immediate action.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, ''The Classification of Group Home Programs under the Standardized Schedule of Rates System,'' prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each RCL has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, ''standardized schedule of rates'' means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that

shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider, for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the fieldwork portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level

proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) (1) The standardized schedule of rates for the 2002–03, 2003–04, and 2004–05 fiscal years is:

(B) Notwithstanding subparagraph (A), foster care providers operating group homes during the 2002–03, 2003–04, and 2004–05 fiscal years shall remain responsible for ensuring the health and safety of the children placed in their programs in accordance with existing applicable provisions of the Health and Safety Code and community care licensing regulations, as contained in Title 22 of the Code of California Regulations.

(C) Subparagraph (A) shall not apply to program audits of group home programs with provisional rates established pursuant to paragraph (1) of subdivision (e). For those program audits, the RCL point ranges in paragraph (1) shall be used.

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level (RCL) for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program that received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program that received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider, or for an existing program at a new location of an existing provider, unless the provider submits a letter of recommendation from the host county, the primary placing county, or a regional consortium of counties that includes all of the following:

(A) That the program is needed by that county.

(B) That the provider is capable of effectively and efficiently operating the program.

(C) That the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(D) That, if the letter of recommendation is not being issued by the host county, the primary placing county has notified the host county of its intention to issue the letter and the host county was given the opportunity 30 days to respond to this notification and to discuss options with the primary placing county.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, ''program change'' means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000,

and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if both of the following conditions are met:

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The department determines that the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 of each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care that may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

CHAPTER 664

An act to amend, repeal, and add Section 1596.792 of, and to add and repeal Sections 1516 and 1526.8 of, the Health and Safety Code, and to amend, repeal, and add Sections 11400 and 11402 of, and to add and repeal Section 11462.7 of, the Welfare and Institutions Code, relating to care facilities.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds that there exists a class of residential care facilities outside of the traditional spectrum of community care facilities, that provide short-term nonmedical care and supervision for children of families in crisis, help parents address issues that lead them to seek assistance, and dedicate themselves to preventing the occurrence of child abuse in these families. By providing an option for direct voluntary placement by parents and legal guardians, these crisis nurseries serve to prevent the need for more serious intervention for families in need. Crisis nurseries further serve a need by providing county child welfare service agencies with temporary emergency shelter care for children in need of care and supervision.

(b) The Legislature further finds that crisis nurseries provide a service currently inadequately defined by existing law, and that it is the intent of the Legislature in enacting this act to develop policies to ensure that these facilities may successfully carry out their mission of child abuse prevention, while ensuring the quality care and safety of the children under their responsibility.

SEC. 2. Section 1516 is added to the Health and Safety Code, to read:

1516. (a) For purposes of this chapter, ''crisis nursery'' means a facility licensed by the department pursuant to subdivision (j) to provide short-term, 24-hour nonmedical residential care and supervision for children under six years of age, who are either voluntarily placed for temporary care by a parent or legal guardian due to a family crisis or a stressful situation, for no more than 30 days or, except as provided in subdivision (e), who are temporarily placed by a county child welfare service agency for no more than 14 days.

(b) Crisis nurseries shall be organized and operated on a nonprofit basis by private nonprofit corporations or nonprofit public benefit corporations.

(c) ''Voluntary placement,'' for purposes of this section, means a child, who is not receiving Aid to Families with Dependent

Children-Foster Care, placed by a parent or legal guardian who retains physical custody of, and remains responsible for, the care of his or her children who are placed for temporary emergency care, as described in subdivision (a).

(d) A crisis nursery may also provide temporary emergency care to children under six years of age who have been taken into the protective custody of, or are placed directly by, the county child welfare services system that has assumed responsibility for the care of the children.

(e) County placements, as described in subdivision (d), shall be limited to no more than one-third of a crisis nursery's licensed capacity. The length of stay for a county-placed child shall not exceed 14 days unless the State Department of Social Services issues an exception.

(f) (1) Except as provided in paragraph (2), the maximum licensed capacity for crisis nursery programs shall be 14.

(2) Any facility licensed on or before January 1, 2004, as a group home for children under the age of six years with a licensed capacity greater than 14, but less than 21, that provides crisis nursery services shall be allowed to retain its capacity if issued a crisis nursery license until the time there is a change in the licensee's program, location, or client population.

(g) Facilities licensed as crisis nurseries shall be required to submit, in a format specified by the department, a monthly report indicating the total number of children placed in the program, designating whether each child is voluntarily placed by the parents or legal guardians or placed directly by county child welfare services and the length of stay for each child.

(h) Notwithstanding Section 1596.80, a crisis nursery may provide child day care services for children under the age of six years at the same site as the crisis nursery. A child may not receive child day care services at a crisis nursery for more than 30 calendar days in a six-month period unless the department issues an exception. A child who is receiving child day care services shall be counted in the licensed capacity. A child who is receiving child day care services, and who is a county placement, as described in subdivision (d), shall be counted in the limitation on county placements specified in subdivision (e).

(i) Exceptions to group home licensing regulations pursuant to subdivision (c) of Section 84200 of Title 22 of the California Code of Regulations, in effect on August 1, 2004, for county-operated or county-contracted emergency shelter care facilities that care for children under the age of six years for no more than 30 days, shall be contained in regulations for crisis nurseries.

(j) The department may issue a license pursuant to this section only to a facility that meets one of the following conditions:

(1) The facility is operating, or has an application on file with the department to operate as of September 1, 2004, as a group home for children under six years of age in any of the following counties:

(A) Contra Costa.

(B) Nevada.

(C) Placer.

(D) Sacramento.

(E) San Joaquin.

(F) Stanislaus.

(G) Yolo.

(2) The facility, pursuant to standards developed by the department by regulation, meets an urgent, significant, and unmet need for temporary respite care of children under the age of six years.

(3) The facility offers temporary emergency shelter and services only to children under the age of six years who are voluntarily placed by a parent or guardian, as set forth in subdivision (c), and the facility does not accept county placements, as set forth in subdivision (d).

(k) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Section 1526.8 is added to the Health and Safety Code, to read:

However, these volunteers shall not be left alone with children, shall always be under the direct supervision and observation of a fully trained and qualified staff person, and shall not be counted in meeting the minimum staff-to-child ratio requirements.

(c) The department shall allow the use of fully trained and qualified volunteers to be counted in the staff-to-child ratio in a crisis nursery subject to the following conditions:

(1) The volunteers have fulfilled the requirements in paragraphs (1) to (4), inclusive, of subdivision (b).

(2) There shall be at least one fully qualified and employed staff person on site at all times.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, in addition to the agreement, is done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, ''prostitution'' includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances would indicate to a reasonable person that the public safety demands this identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(g) When a person has violated subdivision (f), a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. The person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to this placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f).

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(h) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant. As used in this subdivision, ''loiter'' means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(i) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure, without visible or lawful business with the owner or occupant.

(j) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it.

(k) (1) Any person who looks through a hole or opening, into, or otherwise views, by means of any instrumentality, including, but not limited to, a periscope, telescope, binoculars, camera, motion picture camera, or camcorder, the interior of a bedroom, bathroom, changing room, fitting room, dressing room, or tanning booth, or the interior of any other area in which the occupant has a reasonable expectation of privacy, with the intent to invade the privacy of a person or persons inside. This subdivision shall not apply to those areas of a private business used to count currency or other negotiable instruments.

(2) Any person who uses a concealed camcorder, motion picture camera, or photographic camera of any type, to secretly videotape, film, photograph, or record by electronic means, another, identifiable person under or through the clothing being worn by that other person, for the purpose of viewing the body of, or the undergarments worn by, that other person, without the consent or knowledge of that other person, with the intent to arouse, appeal to, or gratify the lust, passions, or sexual desires of that person and invade the privacy of that other person, under circumstances in which the other person has a reasonable expectation of privacy.

(3) (A) Any person who uses a concealed camcorder, motion picture camera, or photographic camera of any type, to secretly videotape, film, photograph, or record by electronic means, another, identifiable person who may be in a state of full or partial undress, for the purpose of viewing the body of, or the undergarments worn by, that other person, without the consent or knowledge of that other person, in the interior of a bedroom, bathroom, changing room, fitting room, dressing room, or tanning booth, or the interior of any other area in which that other person has a reasonable expectation of privacy, with the intent to invade the privacy of that other person.

(B) Neither of the following is a defense to the crime specified in this paragraph:

(i) The defendant was a cohabitant, landlord, tenant, cotenant, employer, employee, or business partner or associate of the victim, or an agent of any of these.

(ii) The victim was not in a state of full or partial undress.

(*l*) In any accusatory pleading charging a violation of subdivision (b), if the defendant has been once previously convicted of a violation of that

subdivision, the previous conviction shall be charged in the accusatory pleading. If the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in a county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each of these previous convictions shall be charged in the accusatory pleading. If two or more of these previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in a county jail.

In addition to any punishment prescribed by this section, a court may suspend, for not more than 30 days, the privilege of the person to operate a motor vehicle pursuant to Section 13201.5 of the Vehicle Code for any violation of subdivision (b) that was committed within 1,000 feet of a private residence and with the use of a vehicle. In lieu of the suspension, the court may order a person's privilege to operate a motor vehicle restricted, for not more than six months, to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

SEC. 2. Section 647.7 of the Penal Code is amended to read:

647.7. (a) In any case in which a person is convicted of violating subdivision (i) or (k) of Section 647, the court may require counseling as a condition of probation. Any defendant so ordered to be placed in a counseling program shall be responsible for paying the expense of his

or her participation in the counseling program as determined by the court. The court shall take into consideration the ability of the defendant to pay, and no defendant shall be denied probation because of his or her inability to pay.

(b) Every person who, having been convicted of violating subdivision (i) or (k) of Section 647, commits a second or subsequent violation of subdivision (i) or (k) of Section 647, shall be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that fine and imprisonment, except as provided in subdivision (c).

(c) Every person who, having been previously convicted of violating subdivision (i) or (k) of Section 647, commits a violation of paragraph (3) of subdivision (k) of Section 647 regardless of whether it is a first, second, or subsequent violation of that paragraph, shall be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding five thousand dollars ($5,000), or by both that fine and imprisonment.

The court shall take into consideration the ability of the defendant to pay, and no defendant shall be denied probation because of his or her inability to pay.

(b) Every person who, having been convicted of violating subdivision (i) or (k) of Section 647, commits a second or subsequent violation of subdivision (i) or (k) of Section 647, shall be punished by imprisonment in a county jail not exceeding one year, by a fine not exceeding one thousand dollars ($1,000), or by both that fine and imprisonment, except as provided in subdivision (c).

SEC. 3. The dental board shall consult with dental schools in California that have applied for funding to implement and evaluate this program and executive and dental directors of nonprofit community health centers wanting to employ program participants, as it conducts its oversight responsibilities of this program and evaluation. Implementation of this program may not proceed unless appropriate funding is secured from nonprofit philanthropic entities. The Dental Board of California shall report to the Legislature every January during which the program is operational regarding the status of the program and the ability of the program to secure the funding necessary to carry out its required provisions. Notwithstanding Section 11005 of the Government Code, the board may accept funds from nonprofit philanthropic entities.

(e) Nonprofit community health centers that employ participants shall be responsible for ensuring that participants are enrolled in local English-language instruction programs and that the participants attain English-language fluency at a level that would allow the participants to serve the English-speaking patient population when necessary and have the literacy level to communicate with appropriate hospital staff when necessary.

(f) Physicians and dentists from Mexico having met the applicable requirements set forth in subdivisions (c) and (d) shall be placed in a pool of candidates who are eligible to be recruited for employment by nonprofit community health centers in California, including, but not limited to, those located in the Counties of Ventura, Los Angeles, San Bernardino, Imperial, Monterey, San Benito, Sacramento, San Joaquin, Santa Cruz, Yuba, Orange, Colusa, Glenn, Sutter, Kern, Tulare, Fresno, Stanislaus, San Luis Obispo, and San Diego. (g) Nonprofit community health centers in the counties listed in subdivision (f) shall apply to the Medical Board of California and the Dental Board of California to hire eligible applicants who shall then be required to complete a six-month externship that includes working in the nonprofit community health center and a corresponding hospital. Once enrolled in this externship, and upon payment of the required fees, the Medical Board of California shall issue a three-year nonrenewable license to practice medicine and the Dental Board of California shall issue a three-year nonrenewable dental special permit to practice dentistry. For purposes of this program, the fee for a three-year nonrenewable license to practice medicine shall be nine hundred dollars ($900) and the fee for a three-year nonrenewable dental permit shall be five hundred forty-eight dollars ($548). A licensee or permitholder shall practice only in the nonprofit community health center that offered him or her employment and the corresponding hospital. This three-year nonrenewable license or permit shall be deemed to be a license or permit in good standing pursuant to the provisions of this chapter for the purpose of participation and reimbursement in all federal, state, and local health programs, including managed care organizations and health maintenance organizations.

(h) The three-year nonrenewable license or permit shall terminate upon notice by certified mail, return receipt requested, to the licensee's or permitholder's address of record, if, in the Medical Board of California or Dental Board of California's sole discretion, it has determined that either:

(1) The license or permit was issued by mistake.

(2) A complaint has been received by either board against the licensee or permitholder that warrants terminating the license or permit pending an investigation and resolution of the complaint.

(i) All applicable employment benefits, salary, and policies provided by nonprofit community health centers to their current employees shall be provided to medical and dental practitioners from Mexico participating in this pilot program. This shall include nonprofit community health centers providing malpractice insurance coverage.

(j) Beginning 12 months after this pilot program has commenced, an evaluation of the program shall be undertaken with funds provided from philanthropic foundations. The evaluation shall be conducted jointly by one medical school and one dental school in California and either the National Autonomous University of Mexico or a foreign dental school approved by the board, in consultation with the Medical Board of California and the Dental Board of California. If the evaluation required pursuant to this section does not begin within 15 months after the pilot project has commenced, the evaluation may be performed by an independent consultant selected by the Director of the Department of Consumer Affairs. This evaluation shall include, but not be limited to, the following issues and concerns:

(1) Quality of care provided by doctors and dentists licensed under this pilot program.

(2) Adaptability of these licensed practitioners to California medical and dental standards.

(3) Impact on working and administrative environment in nonprofit community health centers and impact on interpersonal relations with medical licensed counterparts in health centers.

(4) Response and approval by patients.

(5) Impact on cultural and linguistic services.

(6) Increases in medical encounters provided by participating practitioners to limited-English-speaking patient populations and increases in the number of limited-English-speaking patients seeking health care services from nonprofit community health centers.

(7) Recommendations on whether the program should be continued, expanded, altered, or terminated.

(8) Progress reports on available data listed shall be provided to the Legislature on achievable time intervals beginning the second year of implementation of this pilot program. An interim final report shall be issued three months before termination of this pilot program. A final report shall be submitted to the Legislature at the time of termination of this pilot program on all of the above data. The final report shall reflect and include how other initiatives concerning the development of culturally and linguistically competent medical and dental providers

within California and the United States are impacting communities in need of these health care providers.

(k) Costs for administering this pilot program shall be secured from philanthropic entities.

(*l*) Program applicants shall be responsible for working with the governments of Mexico and the United States in order to obtain the necessary three-year visa required for program participation.

CHAPTER 668

An act to amend Sections 79202 and 79203 of, and to add Section 66019.3 to, the Education Code, and to amend Section 16001.9 of the Welfare and Institutions Code, relating to CalWORKs.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Education breaks the cycle of poverty. Individuals who receive a bachelor's degree reduce their chances of living in poverty by 80 percent. Further, research indicates that postsecondary education and training, including career technical, Vocational ESL (VESL), and adult basic education, are the most reliable routes to self-sufficiency for underserved populations, in particular low-income parents and foster youth.

(2) Postsecondary education and job training lead to higher earnings in the long run and greater success in the labor market, particularly for low-income adults with children. Studies show that low-income adults with children and without a high school diploma can increase their future earnings by 94 percent if they enroll in a California community college and complete an associate degree.

(3) High-quality, language-accessible training and education increase employment rates and earnings for low-income, immigrant parents. Studies show that immigrant parents who are English proficient are employed at three times the rate of parents who do not speak English well, with earnings that are 46 percent higher than that of parents with limited English proficiency.

(4) Children whose parents have completed postsecondary education and training are more likely to succeed in school and to attend college themselves. Supporting parents' access to postsecondary education and training, including VESL programs and associate degrees, promotes intergenerational achievement, and enables poor families to break the cycle of poverty.

(5) Low-income parents and foster youth face numerous barriers in accessing quality education and training opportunities, including lack of

information about postsecondary education preparation and lack of access to adequate student financial aid information. In the absence of quality postsecondary education and training opportunities, many parents are relegated to unskilled, low-wage jobs that offer little hope for advancement and little chance for economic stability. Sixty-eight percent of adults in California who are working poor have a high school diploma or less.

(6) Likewise, while more than half of high school graduates go on to college, less than 25 percent of foster youth in California enroll in college. Consequently, a disproportionate number of foster youth are homeless, dependent on public assistance, unemployed and living in poverty.

(b) It is, therefore, the intent of the Legislature to accomplish all of the following:

(1) Enable residents to reach self-sufficiency and to develop a state Student Parent Scholar grant program to provide support to low-income parents who are engaged in postsecondary education and training programs.

(2) Increase access to higher education and training for foster care students by reducing informational barriers.

(3) Ensure that programs operated with federal Temporary Aid to Needy Families (TANF) block grant funds promote education and training for jobs that offer self-sufficient wages, integrate English as a Second Language (ESL) and VESL into job training programs, and provide opportunities for intensive English language immersion courses.

SEC. 2. Section 66019.3 is added to the Education Code, to read:

66019.3. (a) It is the intent of the Legislature to encourage the California Community Colleges, the California State University, and the University of California to disseminate information to foster care agencies regarding admissions requirements and financial aid.

(b) The Legislature requests the Regents of the University of California and the Trustees of the California State University to explore methods of using the admissions-by-exemption category to assist the transition of students in foster care into four-year public institutions of higher education.

SEC. 3. Section 79202 of the Education Code is amended to read:

79202. To the extent that funding is provided in the annual Budget Act, a community college shall receive funding for educational services provided to CalWORKs recipients based on the number of CalWORKs recipients that are enrolled at the community college and the scope and number of programs that the college plans to offer to assist CalWORKs recipients obtain employment. Prior to receiving funding, a community college shall submit to the chancellor a Request for Application which

contains a plan for curriculum development or redesign. The plan shall include all of the following:

(a) Evidence that the curriculum will prepare students for an occupation that is in demand in the local labor market or that is in an emerging field that has documented employment potential.

(b) Participation by the county welfare department to establish that the programs being developed or redesigned will provide CalWORKs recipients with the training and experience necessary to secure employment, including intensive English language proficiency.

(c) Evidence of collaboration with local partners, such as employers, private industry councils, regional occupational programs, adult education providers, and affected counties in the development and design of the curriculum.

(d) Procedures to monitor CalWORKs recipients who complete the new curricula and transition into employment.

(e) A description of new courses for CalWORKs recipients that are designed to aid recipients with job-related advancement.

SEC. 4. Section 79203 of the Education Code is amended to read:

79203. To the extent that funding is provided in the annual Budget Act, funds received by a community college for curriculum development or redesign for CalWORKs recipients may be expended for all of the following purposes:

(a) To develop or redesign vocational curricula for CalWORKs recipients so that courses may be offered as part of a short-term intensive program, including Open Entry and Open Exit programs, and including intensive English language immersion.

(b) To link CalWORKs courses to job placement through work experience and internships.

(c) To redesign basic education and ESL classes so that they may be integrated with vocational training programs.

(d) To expand the use of telecommunications in providing the new curricula to CalWORKs recipients.

SEC. 5. Section 16001.9 of the Welfare and Institutions Code is amended to read:

16001.9. (a) It is the policy of the state that all children in foster care shall have the following rights:

(1) To live in a safe, healthy, and comfortable home where he or she is treated with respect.

(2) To be free from physical, sexual, emotional, or other abuse, or corporal punishment.

(3) To receive adequate and healthy food, adequate clothing, and, for youth in group homes, an allowance.

(4) To receive medical, dental, vision, and mental health services.

(5) To be free of the administration of medication or chemical substances, unless authorized by a physician.

(6) To contact family members, unless prohibited by court order, and social workers, attorneys, foster youth advocates and supporters, Court Appointed Special Advocates (CASA), and probation officers.

(7) To visit and contact brothers and sisters, unless prohibited by court order.

(8) To contact the Community Care Licensing Division of the State Department of Social Services or the State Foster Care Ombudsperson regarding violations of rights, to speak to representatives of these offices confidentially, and to be free from threats or punishment for making complaints.

(9) To make and receive confidential telephone calls and send and receive unopened mail, unless prohibited by court order.

(10) To attend religious services and activities of his or her choice.

(11) To maintain an emancipation bank account and manage personal income, consistent with the child's age and developmental level, unless prohibited by the case plan.

(12) To not be locked in any room, building, or facility premises, unless placed in a community treatment facility.

(13) To attend school and participate in extracurricular, cultural, and personal enrichment activities, consistent with the child's age and developmental level.

(14) To work and develop job skills at an age-appropriate level that is consistent with state law.

(15) To have social contacts with people outside of the foster care system, such as teachers, church members, mentors, and friends.

(16) To attend Independent Living Program classes and activities if he or she meets age requirements.

(17) To attend court hearings and speak to the judge.

(18) To have storage space for private use.

(19) To review his or her own case plan if he or she is over 12 years of age and to receive information about his or her out-of-home placement and case plan, including being told of changes to the plan.

(20) To be free from unreasonable searches of personal belongings.

(21) To confidentiality of all juvenile court records consistent with existing law.

(22) To have fair and equal access to all available services, placement, care, treatment, and benefits, and to not be subjected to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity, mental or physical disability, or HIV status.

(23) At 16 years of age or older, to have access to existing information regarding the educational options available, including, but not limited

to, the coursework necessary for vocational and postsecondary educational programs, and information regarding financial aid for postsecondary education.

(b) Nothing in this section shall be interpreted to require a foster care provider to take any action that would impair the health and safety of children in out-of-home placement.

(c) The State Department of Social Services and each county welfare department are encouraged to work with the Student Aid Commission, the University of California, the California State University, and the California Community Colleges to receive information pursuant to paragraph (23) of subdivision (a).

That mailing address shall be the sole address that the board is required to use to communicate with the applicant.

(iii) An applicant who believes he or she has good cause for failing to appear at a scheduled examination shall state the grounds supporting the good cause in a letter to the board. If the board accepts those grounds as good cause, the applicant may reapply for a future examination in the usual manner used by the board for scheduling applicants for an examination, and the examination for which the applicant failed to appear shall not count against the maximum four attempts permitted by clause (i). If the board does not accept those grounds as good cause, the examination for which the applicant failed to appear shall be counted as one of those four attempts.

(iv) If the applicant fails to comply with the requirements of clause (ii), he or she shall no longer qualify to take any future examination required by this paragraph, and shall be subject to the requirements of subdivision (e) of Section 1628.

(E) If all qualified applicants have exhausted the four examination attempts permitted by subparagraph (D), or become ineligible to take the examination, the board may, prior to January 1, 2009, cease to offer administration of that examination at any time thereafter.

the specified time period, shall make an applicant ineligible for the exemption from the requirements of subdivision (e) of Section 1628 provided by this section.

(b) It is the intent of the Legislature that the restorative technique examination provided for by this section, including the eligibility provisions, be a continuation of the restorative technique examination provided for in Section 1636, as repealed on January 1, 2004, and that an applicant for the examination have no more than a total of four attempts to take the restorative technique examination.

(c) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2009, deletes or extends that date.

SEC. 3. Section 1631 of the Business and Professions Code is amended to read:

However, the subjects of examination shall be selected in accordance with the trend of dental education in California as that trend is determined, from time to time by the curricula of the dental colleges in California approved by the Dental Board of California, and no examination shall be given on any subject which is not then, at the time of the determination, being currently taught in those approved dental colleges. In the event of any changes in the list of examination subjects, all approved dental schools in the United States shall be notified, by the executive officer of the board, at least two years in advance of the effective date of any change or changes in subjects. Each applicant, at the time of filing an application to take any examination hereunder, shall be given a list of the subjects of the examination for which he or she is making application.

In either case, the board shall require the dean of that school or his or her delegate to furnish satisfactory proof that the applicant will graduate within one year of the date the examination was administered.

SEC. 5. Section 1632.5 of the Business and Professions Code is amended and renumbered to read:

1633. (a) When an applicant for a license has received a grading of 85 percent or above in any given subject, he or she shall be exempt from reexamination on that subject in subsequent examinations before the board within two years after the examination on which the applicant received the exemption.

(b) Notwithstanding Section 135, an applicant who fails to pass the examination required by Section 1632 after three attempts shall not be eligible for further reexamination until the applicant has successfully completed a minimum of 50 hours of education for each subject which the applicant failed in the applicant's last unsuccessful examination. The coursework shall be taken at a dental school approved by either the Commission on Dental Accreditation or a comparable organization approved by the board, and shall be completed within a period of one year from the date of notification of the applicant's third failure.

(c) The coursework described in subdivision (b) shall be required once for every three unsuccessful examination attempts. (b) For the 2005–06 fiscal year, the sum of fifty thousand dollars ($50,000).

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make necessary changes to the examination requirements for an applicant for licensure as a dentist and to make funding available

for that purpose at the earliest possible opportunity, it is necessary that this act take effect immediately.

CHAPTER 671

An act to amend Sections 50710.1 and 50712.5 of the Health and Safety Code, relating to migrant farm labor centers.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to do all of the following:

(a) Provide a method of improving, upgrading, and increasing the seasonal utilization of migrant farm labor centers while recognizing the variety of different conditions that prevail at the centers and the fiscal constraints currently on the state.

(b) Give greater flexibility to the local entities that operate the migrant farm labor centers to increase seasonal utilization as appropriate.

(c) Increase the ability to access funding for improvements.

(d) Improve the housing conditions for farmworkers in the area served by the migrant farm labor centers.

SEC. 2. Section 50710.1 of the Health and Safety Code is amended to read:

50710.1. (a) If all the development costs of any migrant farm labor center assisted pursuant to this chapter are provided by federal, state, or local grants, and if inadequate funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center that are in excess of rents charged in other centers assisted by the Office of Migrant Services. However, prior to approving these rents, the department shall consider the adequacy of evidence presented by the entity operating the center that the rents reimburse actual, reasonable, and necessary costs of operation. The department may not increase any rent charged at a migrant farm labor center during the 2003–04 fiscal year.

(b) At the end of each fiscal year, any entity operating a migrant farm labor center pursuant to this chapter may establish a reserve account comprised of the excess funds provided through the annual operating contract received from the department, if the department certifies there is no need to address reasonable general maintenance requirements or

repairs, rehabilitation, and replacement needs of the requesting migrant farm labor center which affect the immediate health and safety of residents. The cumulative balance of the reserve account shall not exceed 10 percent of the annual operating funds annually committed to the entity by the department. Funds in the reserve account shall be used only for capital improvements such as replacing or repairing structural elements, furniture, fixtures, or equipment of the migrant farm labor center, the replacement or repair of which are reasonably required to preserve the migrant farm labor center. Withdrawals from the reserve account shall be made only upon the written approval of the department of the amount and nature of expenditures.

(c) A migrant farm labor center governed by this chapter may be operated for an extended period prior to or beyond the standard 180-day period after approval by the department, provided that all of the following conditions are satisfied:

(1) No additional subsidies provided by the department are used for the operation or administration of the migrant farm center during the extended occupancy period except to the extent that state funds are appropriated or authorized for the purpose of funding all or part of the cost of subsidizing extended occupancy periods during the first 14 days only.

(2) Rents are not to be increased above the rents charged during the standard 180-day occupancy period unless the department finds that an increase is necessary to cover the difference between reasonable operating costs necessary to keep the center open during the extended occupancy period and the amount of state funds available pursuant to paragraph (1) and any contributions from agricultural employers or other federal, local, or private sources. These contributions shall not be used to reduce the amount of state funds that otherwise would be made available to the center to subsidize rents during an extended occupancy period.

(3) In no event shall the rent during the extended occupancy period exceed the average daily operating cost of the center, less any subsidy funds available pursuant to paragraph (1) or (2). With respect to an extended occupancy beyond the standard 180-day period, households representing at least 25 percent of the units in the center shall have indicated their desire and intention to remain in residency by signing a petition to the local entity to keep the center open for an extended period at rents that are the same or higher than rents during the regular period of occupancy. Each household shall receive a clear bilingual notice describing the extended occupancy options attached to the lease.

The Legislature finds and declares that because the number of residents may be substantially reduced during the extended occupancy period, a rent increase may be necessary to cover operating costs. It is

the intent of the Legislature that the public sector, private sector, and farmworkers should each play an important role in ensuring the financial viability of this important source of needed housing.

(4) An extended occupancy period is requested by an entity operating the migrant farm labor center and received by the department no earlier than 30 days and no later than 15 days prior to the center's scheduled opening or closing date. The department shall notify the entity and petitioning residents of the final decision no later than seven days prior to the center's scheduled opening or closing date. During the extended occupancy period, occupancy shall be limited to migrant farmworkers and their families who resided or intended to reside at a migrant center during the regular period of occupancy.

(5) Before approving or denying an early opening or an extension and establishing the rents for the extended occupancy period, both of which shall be within the sole discretion of the department, the department shall take into consideration all of the following factors:

(A) The structural and physical condition of the center, including water and sewer pond capacity and the capacity and willingness of the local entity to operate the center during the extended occupancy period.

(B) Whether local approvals are required, and whether there are competing demands for the use of the center's facilities.

(C) Whether there is adequate documentation that there is a need for residents of the migrant center to continue work in the area, as confirmed by the local entity.

(D) The climate during the extended occupancy period.

(E) The amount of subsidy funds available that can be allocated to each center to subsidize rents below the operating costs and the cost of operating each center during the extended occupancy period.

(F) The extended occupancy period is deemed necessary for the health and safety of the migrant farmworkers and their families.

(G) Other relevant factors affecting the migrant farmworkers and their families and the operation of the centers.

(6) The rents collected during the extended occupancy period shall be remitted to the department. However, based on financial records to the satisfaction of the department, the department may reduce the amount to be remitted by an amount it determines the local entity has expended during the extended occupancy period that is not being reimbursed by department funds.

(7) The occupancy during the extended occupancy period represents a new tenancy and is not subject to existing and statutory and regulatory limitations governing rents. Prior to the beginning of the extended occupancy period, residents shall be provided at least two days' advance written notice of any rent increase and of the expected length of the extended occupancy period, including the scheduled date of the

beginning of the extended occupancy period and closure of the center. Prior to being eligible for residency during the extended occupancy period, residents shall sign rental documents deemed necessary by the department.

(d) The Legislature finds and declares that variable annual climates and changing agricultural techniques create an inability to accurately predict the end of a harvest season for the purposes of housing migrant farmworkers and their families. Because of these factors, in any part of this state, and in any specific year, one or more migrant farmworker housing centers governed by this chapter need to open early or remain open for up to two additional weeks to allow the residents to provide critical assistance to growers in harvesting crops while also fulfilling work expectations that encouraged them to migrate to the areas of the centers. In addition, if the centers close prematurely or open late, the migrant farmworkers often must remain or reside in the areas to work for up to two weeks. During this time they will not be able to obtain decent, safe, and affordable housing and the health and safety of their families and the surrounding community will be threatened.

The Legislature therefore finds and declares that, for the purposes of any public or private right, obligation, or authorization related to the use of property and improvements thereon as a 180-day migrant center, an extended use of any housing center governed by this chapter pursuant to this section is deemed to be the same as the 180-day use generally authorized by this chapter.

(e) Because of the presumed income levels of the occupants of migrant farm labor centers, an entity operating a migrant farm labor center shall be deemed eligible for the California Alternative Rates for Energy program established pursuant to Sections 382 and 739.1 of the Public Utilities Code. Any savings from a reduction in energy rates shall be passed on to the occupants of the migrant farm labor center.

SEC. 3. Section 50712.5 of the Health and Safety Code is amended to read:

50712.5. (a) The Department of Housing and Community Development, through its Office of Migrant Services, pursuant to the authority granted in subdivision (n) of Section 50406 and this chapter shall assist in the development, construction, reconstruction, rehabilitation, or operation of migrant farm labor centers. The department shall encourage and assist in the development of family units, or dormitory-style units, as may be appropriate, in migrant farm labor centers in any county or counties where there is a substantial unmet need for migrant farmworker housing. It is the intent of the Legislature in permitting the development of dormitory-style housing that family households not be mixed with single person households unless the contractor or sponsor can make reasonable accommodations to provide

separate living and sleeping areas in the dormitory to those family households.

(b) The department may use funds appropriated for the purposes of the Office of Migrant Services to maximize the utility of any other local, federal, state, or private funds or other assistance made available for the purposes of this section. These appropriated funds may be used for costs including, but not limited to, the following items:

(1) Predevelopment costs incurred in the process of securing construction or long-term financing site acquisition development, architectural, engineering, or legal expenses, or construction costs, including construction interest, or both. These costs shall not be subject to reimbursement from construction or permanent financing, as the case may be, if the reimbursement would contribute to, or result in, rents substantially in excess of those in other migrant farm labor centers assisted by the Office of Migrant Services, as determined by the department.

(2) A grant or deferred payment loan for acquisition, development, and related infrastructure costs, including construction, reconstruction, rehabilitation, or operation, which may be forgiven, matching or supplementing the permanent financing or grant made available by a federal, state, or local housing assistance program.

(3) Operating cost reductions to the extent necessary to ensure that the rents in the migrant farm center are not substantially in excess of those in other migrant farm labor centers operated by the Office of Migrant Services.

(c) The department shall seek the maximum possible contribution of funds, land, and other incentives from local, federal, state, and private sources for all the purposes described in subdivision (b). Funds transferred pursuant to Part 8 (commencing with Section 53130) shall not be used in a manner inconsistent with this part. Migrant farm labor centers shall be eligible for energy conservation assistance, including the assistance provided in programs established pursuant to Section 381 of the Public Utilities Code and administered either by a utility or a local or other entity. In the funding and evaluation of energy conservation assistance pursuant to this section, the California Public Utilities Commission shall consider improvements in habitability and the need to bring migrant housing up to adequate standards of comfort through energy efficient mechanical and lighting systems.

(d) To the extent that any migrant farm labor center assisted pursuant to this section is financed or otherwise assisted by the United States Farmers Home Administration, and to the extent the Farmers Home Administration requires compliance with construction, operating, term of use, or residency standards which differ from those required by the department pursuant to regulations adopted to implement and interpret

this chapter, those Farmers Home Administration standards shall supersede the department's regulations.

(e) The Office of Migrant Services may authorize the use of dormitory-style housing in a migrant farm labor center.

CHAPTER 672

An act to amend Sections 50517.5 and 50650.3 of the Health and Safety Code, relating to housing.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 50517.5 of the Health and Safety Code is amended to read:

50517.5. (a) (1) The department shall establish the Joe Serna, Jr. Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants or loans, or both, shall be made to local public entities, nonprofit corporations, and limited partnerships, for the construction or rehabilitation of housing for agricultural employees and their families or for the acquisition of manufactured housing as part of a program to address and remedy the impacts of current and potential displacement of farmworker families from existing labor camps, mobilehome parks, or other housing. Under this program, grants or loans, or both, may also be made for the cost of acquiring the land and any building thereon in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to the housing. In its administration of this program, the department shall disburse grants or loans, or both, to the local public entities, nonprofit corporations, or limited partnerships or may, at the request of the local public entity, nonprofit corporation, or limited partnership that sponsors and supervises the rehabilitation or construction program, disburse grant funds to agricultural employees who are participants in a rehabilitation or construction program sponsored and supervised by the local public entity, nonprofit corporation, or limited partnership. No part of a grant or loan made pursuant to this section may be used for project organization or planning.

(2) Notwithstanding any other provision of this chapter, upon the request of a grantee the program also may loan funds to a grantee at no more than 3 percent simple interest. Principal and accumulated interest

is due and payable upon completion of the term of the loan. For any loan made pursuant to this subdivision, the performance requirements of the lien shall remain in effect for a period of no less than the original term of the loan.

(3) The program shall be administered by the Director of Housing and Community Development and officers and employees of the department as he or she may designate.

(b) (1) The Joe Serna, Jr. Farmworker Housing Grant Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department for making grants or loans, or both, pursuant to this section and Section 50517.10, for purposes of Chapter 8.5 (commencing with Section 50710), and for costs incurred by the department in administering these programs.

(2) There shall be paid into the fund the following:

(A) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(B) Any moneys that the department receives in repayment or return of grants or loans from the fund, including any interest therefrom.

(C) Any other moneys that may be made available to the department for the purposes of this chapter from any other source or sources.

(D) All moneys appropriated to the department for the purposes of Chapter 8.5 (commencing with Section 50710) and any moneys received by the department from the occupants of housing or shelter provided pursuant to Chapter 8.5 (commencing with Section 50710). These moneys shall be separately accounted for from the other moneys deposited in the fund.

(c) (1) Grants and loans made pursuant to this section shall be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions.

(2) For grant or loan requests of not more than five hundred thousand dollars ($500,000), the department may waive a part of the matching fund requirement in this subdivision if the grantee demonstrates an inability, as may be established by the department in ''Notices of Funding Availability,'' to secure adequate financing from other sources. Not more than 5 percent of the total amount appropriated to the department for the purposes of this section may be used to meet grant or loan requests in which a part of the matching fund requirement has been waived pursuant to this paragraph.

(d) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents that may be necessary to provide residents of housing assisted pursuant to this

section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds provided pursuant to this section without the prior permission of the department, which shall be given only if the grantee affirmatively demonstrates that the increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds provided pursuant to this section.

(4) (A) Require as a condition precedent to a grant or loan, or both, of funds that the applicant have site control that is satisfactory to the department; that the grantee be record owner in fee of the assisted real property or provide other security including a lien on the manufactured home that is satisfactory to the department to ensure compliance with the construction, financial, and program obligations; and that the grantee shall have entered into a written agreement with the department binding upon the grantee and successors in interest to the grantee. The agreement shall include the conditions under which the funds advanced may be repaid. The agreement shall include provisions for a lien on the assisted real property or manufactured home in favor of the State of California for the purpose of securing performance of the agreement. The agreement shall also provide that the lien shall endure until released by the Director of Housing and Community Development.

(B) In the event that funds granted or loaned pursuant to this section constitute less than 25 percent of the total development cost or value, whichever is applicable, of a project assisted under this section, the department may adopt, by regulation, criteria for determining the number of units in a project to which the restrictions on occupancy contained in the agreement apply. In no event may these regulations provide for the application of the agreement to a percentage of units in a project that is less than the percentage of total development costs that funds granted or loaned pursuant to this section represent.

(C) Contemporaneously with the disbursement of the initial funds to a grantee, the department shall cause to be recorded, in the office of the county recorder of the county in which the assisted real property is located, a notice of lien executed by the Director of Housing and Community Development. The notice of lien shall refer to the agreement required by this paragraph for which it secures and it shall include a legal description of the assisted real property that is subject to the lien. The notice of lien shall be indexed by the recorder in the Grantor Index to the name of the grantee and in the Grantee Index to the name of the State of

California, Department of Housing and Community Development. For manufactured housing, the liens shall be recorded by the department in the same manner as other manufactured housing liens are recorded. The department shall adopt by regulation criteria for the determination of the lien period. This regulation shall take into account whether the property is held by multifamily rental, single-family ownership, or cooperative ownership and whether it is new construction or rehabilitative construction. The lien period for manufactured housing liens for manufactured homes shall not exceed 10 years.

(D) Pursuant to regulations adopted by the department, the department may execute and cause to be recorded in the office of the recorder of the county in which a notice of lien has been recorded, or the department, as appropriate, a subordination of the lien. The regulations adopted by the department shall provide that any subordination of the lien shall not jeopardize the security interest of the state and shall further the interest of farmworker housing. The recitals contained in the subordination shall be conclusive in favor of any bona fide purchaser or lender relying thereon.

(E) Prior to funds granted pursuant to this section being used to finance the acquisition of a manufactured home, the grantee shall ensure that the home either is already installed in a location where it will be occupied by the eligible household or that a location has been leased or otherwise made available for the manufactured home to be occupied by the eligible household.

(5) Regulate the terms of occupancy agreements or resale controls, to be used in housing assisted pursuant to this section.

(6) Provide linguistically appropriate services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(7) The agreement between the department and the grantee shall provide, among other things, that both of the following occur:

(A) Upon the sale or conveyance of the real property, or any part thereof, for use other than for agricultural employee occupancy, the grantee or its successors shall, as a condition for the release of the lien provided pursuant to paragraph (4), repay to the fund the department's grant and loan funds.

(B) Upon the sale or conveyance of the real property or any part thereof for continued agricultural employee occupancy, the transferee shall assume the obligation of the transferor and the real property shall be transferred to the new owner; provided that the transferee agrees to abide by the agreement entered into between the transferor and the department and that the new owner takes the property subject to the lien provided pursuant to paragraph (4), except that this lien shall, at the time of the transfer of the property to the new owner, be extended for an

additional lien period determined by the department pursuant to paragraph (4), and the new owner shall not be credited with the lien period that had run from the time the transferor had acquired the property to the time of transfer to the new owner, unless the department determines that it is in the best interest of the state and consistent with the intent of this section to so credit the lien period to the new owner. However, the lien shall have priority as of the recording date of the lien for the original grantee, pursuant to paragraph (4).

(e) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit that is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(f) The department shall include in its annual report required by Section 50408, a current report of the Joe Serna, Jr. Farmworker Housing Grant Program. The report shall include, but need not be limited to, (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants or loans, or both, made to each grantee in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant or loan, or both, under this section, and an identification of each source, (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance, and (7) the number of manufactured housing units assisted under this section.

(g) As used in this section:

(1) ''Agricultural employee'' has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code, but also includes any person who works at a packing shed for a labor contractor or other entity that contracts with an agricultural employer in order to perform services in connection with handling, drying, packing, or storing any agricultural commodity in its raw or natural state, whether or not this person is encompassed within the definition specified in subdivision (b) of Section 1140.4 of the Labor Code.

(2) ''Grantee'' means the local public entity, nonprofit corporation, or limited partnership that is awarded the grant or loan, or both, under this section, and, at the request thereof, may include an agricultural employee receiving direct payment of a grant for rehabilitation under this section who occupies the assisted housing both before and after the rehabilitation and may include an agricultural employee receiving direct payment of a grant for construction under this section who will occupy the assisted housing and who is a participant in a rehabilitation or construction program sponsored and supervised by a local public entity, nonprofit corporation, or limited partnership.

(3) ''Housing'' may include, but is not necessarily limited to, conventionally constructed units and manufactured housing installed pursuant to either Section 18551 or 18613.

(4) ''Limited partnership'' means a limited partnership where all of the general partners are nonprofit mutual or public benefit corporations.

(h) The department may provide the assistance offered pursuant to this chapter in any area where there is a substantial unmet need for farmworker housing.

SEC. 2. Section 50650.3 of the Health and Safety Code is amended to read:

50650.3. (a) Funds appropriated for purposes of this chapter shall be used to enable low- and very low income households to become or remain homeowners. Funds shall be provided by the department to local public agencies or nonprofit corporations as either of the following:

(1) Grants for programs that assist individual households.

(2) Loans that assist development projects involving multiple homeownership units, including single-family subdivisions.

(b) Grant funds may be used for first-time homebuyer downpayment assistance, home rehabilitation, homebuyer counseling, home acquisition and rehabilitation, or self-help mortgage assistance programs, or for technical assistance for self-help and shared housing homeownership. Loan funds may be used for purchase of real property, site development, predevelopment, and construction period expenses incurred on homeownership development projects, and permanent financing for mutual housing or cooperative developments. Upon completion of construction, the department may convert project loans into grants for programs of assistance to individual homeowners. Financial assistance provided to individual households shall be in the form of deferred payment loans, repayable upon sale or transfer of the homes, when they cease to be owner-occupied, or upon the loan maturity date. Financial assistance may be provided in the form of a secured forgivable loan to an individual household to rehabilitate, repair, or replace manufactured housing located in a mobilehome park and not permanently affixed to a foundation. The loan shall be due and payable

in 20 years, with 10 percent of the original principle to be forgiven annually for each additional year beyond the 10th year that the home is owned and continuously occupied by the borrower. Not more than 10 percent of the funds available for the purposes of this chapter in a fiscal year shall be used for financial assistance in the form of secured forgivable loans.

(c) All loan repayments shall be used for activities allowed under this section, and shall be governed by a reuse plan approved by the department. Those reuse plans may provide for loan servicing by the grant recipient or a third-party local government agency or nonprofit corporation.

CHAPTER 673

An act to amend Section 44512 of the Education Code, relating to teachers.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 44512 of the Education Code is amended to read:

44512. (a) To receive incentive funding for the purpose of this article, a local education agency, individually or in partnership with one or more institutions of higher education or other education entities, shall submit a program proposal to the State Board of Education. The program proposal shall contain an expenditure plan and shall specify how the training program for which funding is being requested addresses the program goals specified in paragraphs (1) to (6), inclusive, of subdivision (a) of Section 44511 and how the local education agency plans to continue ongoing schoolsite administrator professional development.

(b) The State Board of Education shall approve or disapprove a local education agency's plan.

(c) Training programs offered pursuant to this article shall have a duration of no fewer than 80 hours and shall involve a minimum of 80 hours of intensive individualized support and professional development in the areas specified in subdivision (a) of Section 44511. The additional 80 hours of intensive individualized support and professional development may be completed over a period of up to two years once the initial 80 hours of training commences.

(d) For high schools, training plans may include professional development activities that include coaching, mentorship, assistance, and intensive support customized to meet the individual needs of high school administrators. This subdivision does not preclude elementary or middle schools from including these types of activities in their training plans.

CHAPTER 674

An act to amend Section 51504 of the Health and Safety Code, relating to affordable housing, and making an appropriation therefor.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 51504 of the Health and Safety Code is amended to read:

51504. The agency shall administer a downpayment assistance program that includes, but is not limited to, all of the following:

(a) Downpayment assistance shall include, but not be limited to, a deferred-payment, low-interest, junior mortgage loan to reduce the principal and interest payments and make financing affordable to first-time low- and moderate-income homebuyers.

(b) (1) Except as provided in paragraph (2), the amount of downpayment assistance shall not exceed 3 percent of the home sales price.

(2) The amount of downpayment assistance for a new home within an infill opportunity zone, as defined in Section 65088.1 of the Government Code, a transit village development district, as defined in Section 65460.4 of the Government Code, or a transit-oriented development specific plan area shall not exceed 5 percent of the purchase price or the appraised value, whichever amount is less, of the new home. The borrower of the downpayment assistance shall provide the lender originating the loan with a certification from the local government agency administering the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area that states that the property involved in the loan transaction is within the boundaries of either the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area.

(c) The amount of the downpayment assistance shall be secured by a deed of trust in a junior position to the primary financing provided. The term of the loan for the downpayment assistance shall not exceed the term of the primary loan.

(d) The amount of the downpayment assistance shall be due and payable at the end of the term or upon sale of or refinancing of the home. The borrower may refinance the mortgages on the home provided that the principal and accrued interest on the junior mortgage loan securing the downpayment assistance are repaid in full. All repayments shall be made to the agency to be reallocated for the purposes of this chapter.

(e) The agency may use up to 5 percent of the funds appropriated by the Legislature for purposes of this chapter to administer this program.

(f) For the purposes of this section, ''transit-oriented development specific plan area'' means a specific plan that meets the criteria set forth in Section 65451 of the Government Code, is centered around a rail or light-rail station, ferry terminal, bus hub, or bus transfer station, and is intended to achieve a higher-density use of land that facilitates use of the transit station.

SEC. 2. Section 51504 of the Health and Safety Code is amended to read:

51504. The agency shall administer a downpayment assistance program that includes, but is not limited to, all of the following:

(a) Downpayment assistance shall include, but not be limited to, a deferred-payment, low-interest, junior mortgage loan to reduce the principal and interest payments and make financing affordable to first-time low- and moderate-income homebuyers.

(b) (1) Except as provided in paragraph (2) or (3), the amount of downpayment assistance shall not exceed 3 percent of the home sales price.

(2) The amount of downpayment assistance for a new home within an infill opportunity zone, as defined in Section 65088.1 of the Government Code, a transit village development district, as defined in Section 65460.4 of the Government Code, or a transit-oriented development specific plan area shall not exceed 5 percent of the purchase price or the appraised value, whichever amount is less, of the new home. The borrower of the downpayment assistance shall provide the lender originating the loan with a certification from the local government agency administering the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area that states that the property involved in the loan transaction is within the boundaries of either the infill opportunity zone, the transit village development district, or the transit-oriented development specific plan area.

(3) Notwithstanding paragraph (1), the agency may, but is not required to, provide downpayment assistance that does not exceed 6 percent of the home sales price to first-time low-income homebuyers who, as documented to the agency by a nonprofit organization that is certified and funded to provide homeownership counseling by a federally funded national nonprofit corporation, are purchasing a residence in a community revitalization area targeted by the nonprofit organization as a neighborhood in need of economic stimulation, renovation, and rehabilitation through efforts that include increased homeownership opportunities for low-income families. The agency shall not use more than six million dollars ($6,000,000) in funds made available pursuant to Section 53533 for the purposes of this paragraph.

(c) The amount of the downpayment assistance shall be secured by a deed of trust in a junior position to the primary financing provided. The term of the loan for the downpayment assistance shall not exceed the term of the primary loan.

(d) The amount of the downpayment assistance shall be due and payable at the end of the term or upon sale of or refinancing of the home. The borrower may refinance the mortgages on the home provided that the principal and accrued interest on the junior mortgage loan securing the downpayment assistance are repaid in full. All repayments shall be made to the agency to be reallocated for the purposes of this chapter.

(e) The agency may use up to 5 percent of the funds appropriated by the Legislature for purposes of this chapter to administer this program.

(f) For the purposes of this section, ''transit-oriented development specific plan area'' means a specific plan that meets the criteria set forth in Section 65451 of the Government Code, is centered around a rail or light-rail station, ferry terminal, bus hub, or bus transfer station, and is intended to achieve a higher-density use of land that facilitates use of the transit station.

SEC. 3. Section 2 of this bill incorporates amendments to Section 51504 of the Health and Safety Code proposed by both this bill and Assembly Bill 2838. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 51504 of the Health and Safety Code, and (3) this bill is enacted after Assembly Bill 2838 in which case Section 1 of this bill shall not become operative.

CHAPTER 675

An act to amend Section 379.6 of the Public Utilities Code, relating to energy resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 379.6 of the Public Utilities Code is amended to read:

379.6. (a) The commission, in consultation with the State Energy Resources Conservation and Development Commission, shall administer, until January 1, 2008, the self-generation incentive program for distributed generation resources originally established pursuant to Chapter 329 of the Statutes of 2000. Except as provided in subdivision (b), the program shall be administered in the same form as it existed on January 1, 2004.

(b) Eligibility for the self-generation incentive program's level 3 incentive category shall be subject to the following conditions:

(1) Commencing January 1, 2005, all combustion-operated distributed generation projects using fossil fuel shall meet an oxides of nitrogen (NO_x) emissions rate standard of 0.14 pounds per megawatthour.

(2) Commencing January 1, 2007, all combustion-operated distributed generation projects using fossil fuel shall meet a NO_x emissions rate standard of 0.07 pounds per megawatthour and a minimum efficiency of 60 percent. A minimum efficiency of 60 percent shall be measured as useful energy output divided by fuel input. The efficiency determination shall be based on 100 percent load.

(3) Combined heat and power units that meet the 60 percent efficiency standard may take a credit to meet the applicable NO_x emissions standard of 0.14 pounds per megawatthour or 0.07 pounds per megawatthour. Credit shall be at the rate of one megawatthour for each 3.4 million British thermal units (Btus) of heat recovered.

(4) Notwithstanding paragraphs (1) and (2), a project that does not meet the applicable NO_x emission standard is eligible if it meets both of the following requirements:

(A) The project operates solely on waste gas. The commission shall require a customer that applies for an incentive pursuant to this paragraph to provide an affidavit or other form of proof, that specifies that the project shall be operated solely on waste gas. Incentives awarded pursuant to this paragraph shall be subject to refund and shall be

refunded by the recipient to the extent the project does not operate on waste gas. As used in this paragraph, ''waste gas'' means natural gas that is generated as a byproduct of petroleum production operations and is not eligible for delivery to the utility pipeline system.

(B) The air quality management district or air pollution control district, in issuing a permit to operate the project, determines that operation of the project will produce an onsite net air emissions benefit, compared to permitted onsite emissions if the project does not operate. The commission shall require the customer to secure the permit prior to receiving incentives.

(c) In administering the self-generation incentive program, the commission may adjust the amount of rebates, include other ultraclean and low-emission distributed generation technologies, as defined in Section 353.2, and evaluate other public policy interests, including, but not limited to, ratepayers, and energy efficiency and environmental interests.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 894 of the Statutes of 2003, through an inadvertent omission, rendered waste gas electric generation units ineligible for participation in the Public Utility Commission's self-generation incentive program. As a result, solid waste gas is currently being burned into the atmosphere instead of producing much needed electric power. In order to increase the state's electric energy supply and reduce emissions from flared waste gas without delay, it is necessary that this act go into immediate effect.

CHAPTER 676

(b) An applicant for an original real estate salesperson license, including an applicant who has filed a salesperson license application contemporaneously with an application to take an examination for a real estate salesperson license, shall, prior to the issuance of the license, submit evidence satisfactory to the commissioner of successful completion, at an accredited institution, of a three-semester unit course, or the quarter equivalent thereof, in real estate principles.

(c) The commissioner shall waive the requirements of this section for an applicant who is a member of the State Bar of California, or who has completed an equivalent course of study, as determined under Section 10153.5, or who has qualified to take the examination for an original real estate broker license by satisfying the requirements of Section 10153.2.

salesperson license application, his or her salesperson license application shall lapse and no further proceedings thereon shall be taken.

(c) This section shall remain in effect unless it is superseded pursuant to Section 10226 or subdivision (a) of Section 10226.5, whichever is applicable.

(a) The commissioner may periodically by regulation prescribe fees lower than the maximum fees provided in Sections 10209.5, 10210, 10214.5, 10215, and 10250.3 whenever he or she determines those lower fees are sufficient to offset the costs and expenses incurred in the administration of Part 1 (commencing with Section 10000) of this division. The commissioner shall hold at least one regulation hearing each calendar year, to determine if lower fees should be prescribed.

(b) If, as of June 30 of any fiscal year, the balance of funds in the Real Estate Fund exceeds an amount equal to 150 percent of the department's authorized budget for the following year, then within 30 days thereafter the commissioner shall, notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), issue regulations reducing real estate license and subdivision fees so that as of June 30 of the next fiscal year the balance of funds in the Real Estate Fund shall not exceed an amount equal to 150 percent of the department's authorized budget for that year.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 678

An act to add Section 116365.2 to the Health and Safety Code, relating to drinking water.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 116365.2 is added to the Health and Safety Code, to read:

116365.2. (a) In conducting the periodic review and revision of public health goals pursuant to paragraph (1) of subdivision (e) of Section 116365, the Office of Environmental Health Hazard Assessment may give special consideration to those contaminants that, on the basis of currently available data or scientific evidence, cause or contribute to adverse health effects in members of subgroups that comprise a meaningful portion of the general population, including, but not limited to, infants, children, pregnant women, the elderly, individuals with a history of serious illness, or other subgroups that are identifiable as being at greater risk of adverse health effects than the general population when exposed to the contaminant in drinking water.

(b) In preparing and publishing risk assessments pursuant to subparagraph (C) of paragraph (1) of subdivision (c) of Section 116365

that involve infants and children, the office shall assess all of the following, to the extent information is available:

(1) Exposure patterns, including, but not limited to, patterns determined by relevant data, among bottle-fed infants and children that are likely to result in disproportionately high exposure to contaminants in comparison to the general population.

(2) Special susceptibility of infants and children to contaminants in comparison to the general population.

(3) The effects on infants and children of exposure to contaminants and other substances that have a common mechanism of toxicity.

(4) The interaction of multiple contaminants on infants and children.

CHAPTER 679

An act to repeal and add Section 116455 of the Health and Safety Code, relating to public water systems.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 116455 of the Health and Safety Code is repealed.

SEC. 2. Section 116455 is added to the Health and Safety Code, to read:

116455. (a) A public water system shall comply with the requirements of this section within 30 days after it is first informed of a confirmed detection of a contaminant found in drinking water delivered by the public water system for human consumption that is in excess of a maximum contaminant level, a notification level, or a response level established by the department.

(1) If the public water system is a wholesale water system, then the person operating the wholesale water system shall notify the wholesale water system's governing body and the water systems that are directly supplied with that drinking water. If the wholesale water system is a water company regulated by the California Public Utilities Commission, then the wholesale water system shall also notify the commission. The commission in the exercise of its general and specific powers to ensure the health, safety, and availability of drinking water served by the utilities subject to its jurisdiction, may order further action that is not inconsistent with the standards and regulations of the department to ensure a potable water supply.

(2) If the public water system is a retail water system, then the person operating the retail water system shall notify the retail water system's governing body and the governing body of any local agency whose jurisdiction includes areas supplied with drinking water by the retail water system. If the retail water system is a water company regulated by the California Public Utilities Commission, then the retail water system shall also notify the commission. The commission, in the exercise of its general and specific powers to ensure the health, safety, and availability of drinking water served by the utilities subject to its jurisdiction, may order further action that is not inconsistent with the standards and regulations of the department to ensure a potable water supply.

(b) The notification required by subdivision (a) shall identify the drinking water source, the origin of the contaminant, if known, the maximum contaminant level, response level, or notification level, as appropriate, the concentration of the detected contaminant, and the operational status of the drinking water source, and shall provide a brief and plainly worded statement of health concerns.

(c) For purposes of this section, the following terms have the following meanings:

(1) ''Drinking water source'' means an individual groundwater well, an individual surface water intake, or in the case of water purchased from another water system, the water at the service connection.

(2) ''Local agency'' means a city or county, or a city and county.

(3) ''Notification level'' means the concentration level of a contaminant in drinking water delivered for human consumption that the department has determined, based on available scientific information, does not pose a significant health risk but warrants notification pursuant to this section. Notification levels are nonregulatory, health-based advisory levels established by the department for contaminants in drinking water for which maximum contaminant levels have not been established. Notification levels are established as precautionary measures for contaminants that may be considered candidates for establishment of maximum contaminant levels, but have not yet undergone or completed the regulatory standard setting process prescribed for the development of maximum contaminant levels and are not drinking water standards.

(4) ''Response level'' means the concentration of a contaminant in drinking water delivered for human consumption at which the department recommends that additional steps, beyond notification pursuant to this section, be taken to reduce public exposure to the contaminant. Response levels are established in conjunction with notification levels for contaminants that may be considered candidates for establishment of maximum contaminant levels, but have not yet undergone or completed the regulatory standard setting process

prescribed for the development of maximum contaminant levels and are not drinking water standards.

(5) ''Retail water system'' means a public water system that supplies water directly to the end user.

(6) ''Wholesale water system'' means a public water system that supplies water to other public water systems for resale.

CHAPTER 680

An act to amend Section 65863.7 of the Government Code, relating to mobilehome parks.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65863.7 of the Government Code is amended to read:

65863.7. (a) Prior to the conversion of a mobilehome park to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a mobilehome park or cessation of use of the land as a mobilehome park, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the mobilehome park to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced mobilehome park residents, the report shall address the availability of adequate replacement housing in mobilehome parks and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the closure or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at the same time as the notice of the change is provided to the residents pursuant to paragraph (2) of subdivision (f) of Section 798.56 of the Civil Code.

(d) When the impact report is filed prior to the closure or cessation of use, the person or entity filing the report or park resident may request,

and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced mobilehome park residents to find adequate housing in a mobilehome park. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation.

(f) If the closure or cessation of use of a mobilehome park results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Section 66016 to cover any costs incurred by the local agency in implementing this section and Section 65863.8. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning variance under which the mobilehome park has operated, or as a result of any other zoning or planning decision, action, or inaction. In this case, the local governmental agency is the person proposing the change in use for the purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

(j) This section is applicable when the closure, cessation, or change of use is the result of a decision by an enforcement agency, as defined in Section 18207 of the Health and Safety Code, to suspend the permit to operate the mobilehome park. In this case, the mobilehome park owner is the person proposing the change in use for purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 681

An act to amend Sections 51870, 51871.5, 52295.20, 52295.25, and 52295.30 of, to add Section 52295.36 to, to amend, repeal, and add Section 52295.35 of, to repeal Sections 51871.3 and 51871.4 of, the Education Code, relating to education technology.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 51870 of the Education Code is amended to read:

51870. For the purposes of this article, ''technology'' means technology-based materials, equipment, systems, and networks.

SEC. 2. Section 51871.3 of the Education Code is repealed.

SEC. 3. Section 51871.4 of the Education Code is repealed.

SEC. 4. Section 51871.5 of the Education Code is amended to read:

51871.5. (a) It is the intent of the Legislature that education technology planning be accomplished in the most comprehensive manner possible. To that end, the current practice of developing education technology plans for each funding program should be replaced with a comprehensive local planning process that will enable school districts to apply for grants on an ongoing basis and assist in utilizing available education technology programs.

(b) On or after January 1, 2005, as a precondition to receiving a technology grant administered by the State Department of Education, a school district shall have a current three to five year education technology plan. The State Board of Education may waive this requirement if it determines that the applicant school district made a good faith effort to develop a plan, but for reasons beyond its control, the district cannot develop the plan before receipt of the technology grant.

(c) On or after January 1, 2005, the Superintendent of Public Instruction shall ensure that each school district has access to technical assistance and an approved online technology plan builder that the department determines is in compliance with state and federal requirements.

(d) The State Department of Education shall maintain a record of school districts that have a three to five year education technology plan and shall make that information available to interested public agencies.

SEC. 5. Section 52295.20 of the Education Code is amended to read:

52295.20. (a) The Education Technology Grant Program of 2002 is hereby established to provide grants to eligible school districts, county

offices of education, or charter schools for purposes of implementing and supporting a comprehensive system that effectively uses technology to improve pupil academic achievement.

(b) As used in this chapter, ''using technology to improve pupil academic achievement'' means using technology and technology-based resources that are aligned with state adopted instructional materials, curriculum frameworks, and academic content standards adopted by the State Board of Education as a fundamental tool for both teaching and learning throughout the curriculum to help pupils meet or exceed the state academic content standards adopted by the State Board of Education.

(c) For purposes of Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110), a formula grant of insufficient size is a formula grant of six thousand dollars ($6,000) or less in any fiscal year.

SEC. 6. Section 52295.25 of the Education Code is amended to read:

52295.25. (a) Eligibility for a grant pursuant to this chapter shall be limited to a school district or a consortium of school districts that meets all of the following criteria:

(1) The school district, or the school districts in the consortium, are among the school districts in the state with the highest number or percentage of children from families with an income below the poverty line established by the federal Director of the Office of Management and Budget, as annually revised by the Secretary of Health and Human Services. The Superintendent of Public Instruction shall seek a waiver to allow eligibility for small and rural school districts to be based on income information used for free and reduced cost meals and not on federal census data.

(2) The school district, consortium of school districts, county office of education, or direct-funded charter school meets either of the following criteria:

(A) The school district or consortium of school districts operates one or more schools identified under Section 1116 of the federal No Child Left Behind Act of 2001 (Public Law 107-110).

(B) The school district or consortium of school districts have a substantial need for assistance in acquiring and using technology.

(b) The grant awarded may only be used to serve pupils in grades 4 to 8, inclusive.

(c) For purposes of paragraph (2) of subdivision (a), ''direct-funded charter school'' means a charter school for which a state warrant is drawn in favor of the county superintendent of schools who has jurisdiction over the local educational agency that granted the school's charter and deposited in the appropriate fund or account of the charter school.

SEC. 7. Section 52295.30 of the Education Code is amended to read:

52295.30. (a) The Superintendent of Public Instruction shall administer this program and the application process for the award of grants. All grants funded pursuant to this chapter shall comply with the requirements of Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110). The amount of each grant shall be calculated as described in Section 52295.35.

(b) The department shall develop a process to provide priority scoring to small school districts in reviewing grant applications. This process shall address unique issues related to small school districts including, but not limited to, the size of the school district, its current access to technology, and the pupil population served by the district.

(c) The Superintendent of Public Instruction may adopt emergency regulations in order to administer the Education Technology Grant Program of 2002 and allocate program funds.

(d) This chapter shall be implemented only to the extent of the amount of moneys from federal funds appropriated for the purposes of this chapter in the annual Budget Act or other legislation.

SEC. 8. Section 52295.35 of the Education Code is amended to read:

52295.35. (a) Applicants within each of the 11 California Technology Assistance Project regions shall compete against other applicants from that region. The amount of funding for grants available to each region shall be determined based upon the proportionate enrollment of pupils in grades 4 to 8, inclusive, in eligible schools from that region.

(b) Grants shall be awarded to a school district for a school or schools specified in the program application. All grant funds shall be spent in a manner consistent with the local educational agency technology plan, pursuant to subdivision (a) of Section 51871.5 and subdivision (a) of Section 2414 of Part D of Title II of the No Child Left Behind Act of 2001 (Public Law 107-110), and program application and shall be used for the specific school or schools included in the approved application.

Upon recommendation from the department, the State Board

of Education may adopt criteria that establish fixed minimum grant levels for a small school.

The purpose of this funding shall be to continue implementation of the grant recipients' approved technology plan in a manner consistent with the requirements of Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110), including plans to sustain the use of technology as a tool in improving teaching and pupil academic achievement once the grant period ends.

(e) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 9. Section 52295.35 is added to the Education Code, to read:

52295.35. (a) Applicants within each of the 11 California Technology Assistance Project regions shall compete against other applicants from that region. (b) If a region is allocated more funding than is needed for its eligible applicants, the Superintendent of Public Instruction may develop a policy to ensure that all funding is distributed to other regions for their eligible but unfunded applicants.

(c) Grants shall be awarded to an eligible school district for the eligible school or schools specified in the program application. All grant funds shall be spent in a manner consistent with the local educational agency technology plan, pursuant to subdivision (a) of Section 51871.5 and subdivision (a) of Section 2414 of Part D of Title II of the No Child Left Behind Act of 2001 (Public Law 107-110), and the program application and shall be used for the eligible school or schools specified in the approved application.

adopt criteria that establish fixed minimum grant levels for a small school.

(e) Subject to availability of federal funding appropriated for competitive grants under Part D of Title II of the federal No Child Left Behind Act of 2001 (Public Law 107-110), any grant recipient that successfully completes the initial grant shall receive an additional one-time grant of forty-five dollars ($45) per pupil in grades 4 to 8, inclusive, at the school or schools selected for funding. SEC. 4. Section 3 of this bill incorporates amendments to Section 51504 of the Health and Safety Code proposed by both this bill and Assembly Bill 672. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 51504 of the Health and Safety Code, and (3) this bill is enacted after Assembly Bill 672 in which case Section 2 of this bill shall not become operative.

(2) The filing of an application for the subsequent project occurs following the certification of the master environmental impact report, and the approval of a project that was not described in the master environmental impact report, may affect the adequacy of the environmental review in the master environmental impact report for any subsequent project.

(b) A master environmental impact report that was certified more than five years prior to the filing of an application for the subsequent project may be used for purposes of this chapter to review a subsequent project that was described in the master environmental impact report if the lead agency reviews the adequacy of the master environmental impact report and does either of the following:

(1) Finds that no substantial changes have occurred with respect to the circumstances under which the master environmental impact report was certified or that no new information, which was not known and could not have been known at the time that the master environmental impact report was certified as complete, has become available.

(2) Prepares an initial study and, pursuant to the findings of the initial study, does either of the following:

(2) The project is located within an urbanized area.

(3) The project satisfies the criteria of Section 21159.21.

Appeals of all citations or penalty assessment orders shall follow the procedures prescribed in Section 226.5, 1023, or 3725, whichever is applicable.

SEC. 2. Section 1742 of the Labor Code, as added by Section 10 of Chapter 954 of the Statutes of 2000, is amended to read:

1742. (a) An affected contractor or subcontractor may obtain review of a civil wage and penalty assessment under this chapter by transmitting a written request to the office of the Labor Commissioner that appears on the assessment within 60 days after service of the assessment. If no hearing is requested within 60 days after service of the assessment, the assessment shall become final.

(b) Upon receipt of a timely request, a hearing shall be commenced within 90 days before the director, who shall appoint an impartial hearing officer possessing the qualifications of an administrative law judge pursuant to subdivision (b) of Section 11502 of the Government Code. The appointed hearing officer shall be an employee of the department, but shall not be an employee of the Division of Labor Standards Enforcement. (d) A certified copy of a final order may be filed by the Labor Commissioner in the office of the clerk of the superior court in any

county in which the affected contractor or subcontractor has property or has or had a place of business. The clerk, immediately upon the filing, shall enter judgment for the state against the person assessed in the amount shown on the certified order.

(e) A judgment entered pursuant to this section shall bear the same rate of interest and shall have the same effect as other judgments and shall be given the same preference allowed by law on other judgments rendered for claims for taxes. The clerk shall not charge for the service performed by him or her pursuant to this section.

(f) An awarding body that has withheld funds in response to a civil wage and penalty assessment under this chapter shall, upon receipt of a certified copy of a final order that is no longer subject to judicial review, promptly transmit the withheld funds, up to the amount of the certified order, to the Labor Commissioner.

The program shall provide genetic screening and followup services for persons who have the screening.

(b) The department shall expand statewide screening of newborns to include tandem mass spectrometry screening for fatty acid oxidation, amino acid, and organic acid disorders and congenital adrenal hyperplasia as soon as possible. The department shall provide information with respect to these disorders and testing resources available, to all women receiving prenatal care and to all women admitted to a hospital for delivery. If the department is unable to provide this statewide screening by August 1, 2005, the department shall temporarily obtain these testing services through a competitive bid process from one or more public or private laboratories that meet the department's requirements for testing, quality assurance, and reporting. If the department determines that contracting for these services is more cost-effective, and meets the other requirements of this chapter, than purchasing the tandem mass spectrometry equipment themselves, the department shall contract with one or more public or private laboratories.

(c) The department shall report to the Legislature regarding the progress of the program on or before July 1, 2006. The report shall include the costs for screening, followup, and treatment as compared to costs and morbidity averted for each condition tested for in the program.

alternative sources or water demand management measures, to the extent practicable.

(d) Describe the opportunities for exchanges or transfers of water on a short-term or long-term basis.

(e) (1) Quantify, to the extent records are available, past and current water use, over the same five-year increments described in subdivision (a), and projected water use, identifying the uses among water use sectors including, but not necessarily limited to, all of the following uses:

(g) An evaluation of each water demand management measure listed in paragraph (1) of subdivision (f) that is not currently being implemented or scheduled for implementation. In the course of the evaluation, first consideration shall be given to water demand management measures, or combination of measures, that offer lower incremental costs than expanded or additional water supplies. This evaluation shall do all of the following:

(1) Take into account economic and noneconomic factors, including environmental, social, health, customer impact, and technological factors.

The people of the State of California do enact as follows:

SECTION 1. Section 21083 of the Public Resources Code is amended to read:

21083. (a) The Office of Planning and Research shall prepare and develop proposed guidelines for the implementation of this division by public agencies. The guidelines shall include objectives and criteria for the orderly evaluation of projects and the preparation of environmental impact reports and negative declarations in a manner consistent with this division.

(b) The guidelines shall specifically include criteria for public agencies to follow in determining whether or not a proposed project may have a ''significant effect on the environment.'' The criteria shall require

a finding that a project may have a ''significant effect on the environment'' if one or more of the following conditions exist:

(1) A proposed project has the potential to degrade the quality of the environment, curtail the range of the environment, or to achieve short-term, to the disadvantage of long-term, environmental goals.

(2) The possible effects of a project are individually limited but cumulatively considerable. As used in this paragraph, ''cumulatively considerable'' means that the incremental effects of an individual project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.

(3) The environmental effects of a project will cause substantial adverse effects on human beings, either directly or indirectly.

(c) The guidelines shall include procedures for determining the lead agency pursuant to Section 21165.

(d) The guidelines shall include criteria for public agencies to use in determining when a proposed project is of sufficient statewide, regional, or areawide environmental significance that a draft environmental impact report, a proposed negative declaration, or a proposed mitigated negative declaration shall be submitted to appropriate state agencies, through the State Clearinghouse, for review and comment prior to completion of the environmental impact report, negative declaration, or mitigated negative declaration.

(e) The Office of Planning and Research shall develop and prepare the proposed guidelines as soon as possible and shall transmit them immediately to the Secretary of the Resources Agency. The Secretary of the Resources Agency shall certify and adopt the guidelines pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, which shall become effective upon the filing thereof. However, the guidelines shall not be adopted without compliance with Sections 11346.4, 11346.5, and 11346.8 of the Government Code.

(f) The Office of Planning and Research shall, at least once every two years, review the guidelines adopted pursuant to this section and shall recommend proposed changes or amendments to the Secretary of the Resources Agency. The Secretary of the Resources Agency shall certify and adopt guidelines, and any amendments thereto, at least once every two years, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, which shall become effective upon the filing thereof. However, guidelines may not be adopted or amended without compliance with Sections 11346.4, 11346.5, and 11346.8 of the Government Code.

SEC. 2. Section 21086 of the Public Resources Code is amended to read:

21086. (a) A public agency may, at any time, request the addition or deletion of a class of projects, to the list designated pursuant to Section 21084. That request shall be made in writing to the Office of Planning and Research and shall include information supporting the public agency's position that the class of projects does, or does not, have a significant effect on the environment.

(b) The Office of Planning and Research shall review each request and, as soon as possible, shall submit its recommendation to the Secretary of the Resources Agency. Following the receipt of that recommendation, the Secretary of the Resources Agency may add or delete the class of projects to the list of classes of projects designated pursuant to Section 21084 that are exempt from the requirements of this division.

(c) The addition or deletion of a class of projects, as provided in this section, to the list specified in Section 21084 shall constitute an amendment to the guidelines adopted pursuant to Section 21083 and shall be adopted in the manner prescribed in Sections 21083 and 21084.

SEC. 3. Section 21087 of the Public Resources Code is repealed.

SEC. 5. Section 21151.4 of the Public Resources Code is amended to read:

21151.4. An environmental impact report shall not be certified and a negative declaration shall not be approved for any project involving the construction or alteration of a facility within $^1/_4$ of a mile of a school that might reasonably be anticipated to emit hazardous air emissions, or that would handle an extremely hazardous substance or a mixture containing extremely hazardous substances in a quantity equal to or greater than the state threshold quantity specified pursuant to subdivision (j) of Section 25532 of the Health and Safety Code, that may pose a health or safety hazard to persons who would attend or would be employed at the school, unless both of the following occur:

(a) The lead agency preparing the environmental impact report or negative declaration has consulted with the school district having jurisdiction regarding the potential impact of the project on the school.

(b) The school district has been given written notification of the project not less than 30 days prior to the proposed certification of the environmental impact report or approval of the negative declaration.

SEC. 6. If AB 3090 is enacted on or before January 1, 2005, and amends Section 21087 of the Public Resources Code, then Section 4 of this bill, which would repeal Section 21087 of the Public Resources Code, shall not become operative; and, notwithstanding Section 9605 of the Government Code, this bill shall not chapter out the amendments to Section 21087 of the Public Resources Code made by AB 3090.

6770.5. The board may adopt regulations to further define the reporting requirements of Sections 6770, 6770.1, and 6770.2.

6770.6. This article shall become operative on July 1, 2006, only if an appropriation is made from the Professional Engineer's and Land Surveyor's Fund for the 2006–07 fiscal year in the annual Budget Act to fund the activities of this article, and sufficient hiring authority is granted to the board pursuant to a budget change proposal to provide sufficient staffing to implement this article.

SEC. 19.7. Section 6780 is added to the Business and Professions Code, to read:

6780. A petitioner may petition the board for reinstatement or modification of penalty, including reduction, modification, or termination of probation, after the following minimum periods have elapsed from the effective date of the decision ordering the disciplinary action, or if the order of the board or any portion of it is stayed by a court of law, from the date the disciplinary action is actually implemented in its entirety:

(2) At least two years for early termination of a probation period of three years or more.

(3) At least one year for early termination of a probation period of less than three years.

(4) At least one year for reduction or modification of a condition of probation.

(c) The board itself or an administrative law judge, if one is designated by the board, shall hear the petition and shall prepare a written decision setting forth the reasons supporting the decision.

(d) The board may grant or deny the petition or may impose any terms and conditions that it reasonably deems appropriate as a condition of reinstatement or reduction or modification of the penalty.

(c) Refunds and unexpended funds that are anticipated to remain in the Transcript Reimbursement Fund at the end of the fiscal year shall be considered by the board in establishing the fee assessment pursuant to Section 8031 so that the assessment shall maintain the Transcript Reimbursement Fund at the appropriate level in the following fiscal year.

(d) The Transcript Reimbursement Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, moneys in the Transcript Reimbursement Fund are continuously appropriated for the purposes of this chapter.

(e) Applicants who have been reimbursed pursuant to this chapter for services provided to litigants and who are awarded court costs or attorneys' fees by judgment or by settlement agreement shall refund the full amount of that reimbursement to the fund within 90 days of receipt of the award or settlement.

(f) Subject to the limitations of this chapter, the board shall maintain the fund at a level that is sufficient to pay all qualified claims. To accomplish this objective, the board shall utilize all refunds, unexpended funds, fees, and any other moneys received by the board.

(g) Notwithstanding Section 16346 of the Government Code, all unencumbered funds remaining in the Transcript Reimbursement Fund as of June 29, 2006, shall be transferred to the Court Reporters' Fund.

This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 21. Section 8030.4 of the Business and Professions Code is amended to read:

8030.4. As used in this chapter:

(a) ''Qualified legal services project'' means a nonprofit project incorporated and operated exclusively in California that provides as its primary purpose and function legal services without charge to indigent persons, has a board of directors or advisory board composed of both attorneys and consumers of legal services, and provides for community participation in legal services programming. Legal services projects funded either in whole or in part by the Legal Services Corporation or

with Older Americans Act funds are presumed to be qualified legal services projects for the purposes of this chapter.

(b) ''Qualified support center'' means an incorporated nonprofit legal services center, having an office or offices in California, which office or offices provide legal services or technical assistance without charge to qualified legal services projects and their clients on a multicounty basis in California. (e) ''Applicant'' means a qualified legal services project, qualified support center, other qualified project, or pro bono attorney applying to receive funds from the Transcript Reimbursement Fund established by this chapter. A reasonable expectation as to payment of a legal fee exists wherever a client enters into a contingent fee agreement with his or her lawyer. If there is no contingent fee agreement, a case is not considered fee generating if adequate representation is deemed to be unavailable because of the occurrence of any of the following circumstances:

(1) Where the applicant has determined that referral is not possible because of any of the following:

(A) The case has been rejected by the local lawyer referral service, or if there is no such service, by two private attorneys who have experience in the subject matter of the case.

(C) The case is of the type that private attorneys in the area ordinarily do not accept, or do not accept without prepayment of a fee.

(D) Emergency circumstances compel immediate action before referral can be made, but the client is advised that, if appropriate and consistent with professional responsibility, referral will be attempted at a later time.

(2) Where recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief; or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims.

(3) Where a court appoints an applicant or an employee of an applicant pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction.

(4) In any case involving the rights of a claimant under a public supported benefit program for which entitlement to benefit is based on need.

This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 22. Section 8030.6 of the Business and Professions Code is amended to read:

8030.6. The board shall disburse funds from the Transcript Reimbursement Fund for the costs, exclusive of per diem charges, of preparing either an original transcript and one copy thereof, or where appropriate, a copy of the transcript, of court or deposition proceedings, or both, incurred as a contractual obligation between the shorthand reporter and the applicant, for litigation conducted in California. If no deposition transcript is ordered, the board may reimburse the applicant or the certified shorthand reporter designated in the application for per diem costs. The rate of per diem for depositions shall not exceed seventy-five dollars ($75) for a half day, or one hundred twenty-five dollars ($125) for a full day. In the event that a transcript is ordered within one year of the date of the deposition, but subsequent to the per diem having been reimbursed by the Transcript Reimbursement Fund, the amount of the per diem shall be deducted from the amount of transcript. Reimbursement may be obtained through the following procedures:

(a) The applicant or certified shorthand reporter shall promptly submit to the board the certified shorthand reporter's invoice for transcripts together with the appropriate documentation as is required by this chapter.

(b) Except as provided in subdivision (c), the board shall promptly determine if the applicant or the certified shorthand reporter is entitled to reimbursement under this chapter and shall make payment as follows:

(c) The maximum amount reimbursable by the fund under subdivision (b) may not exceed twenty thousand dollars ($20,000) per case per year.

(d) If entitled, and funds are available, the board shall forthwith disburse the appropriate sum to the applicant or the certified shorthand reporter when documentation as provided in subdivision (d) of Section 8030.8 accompanies the application. A notice shall be sent to the recipient requiring the recipient to file a notice with the court in which the action is pending stating the sum of reimbursement paid pursuant to this section. The notice filed with the court shall also state that if the sum is subsequently included in any award of costs made in the action, that the sum is to be ordered refunded by the applicant to the Transcript Reimbursement Fund whenever the sum is actually recovered as costs. The court may not consider whether payment has been made from the Transcript Reimbursement Fund in determining the appropriateness of any award of costs to the parties. The board shall also forthwith notify the applicant that the reimbursed sum has been paid to the certified shorthand reporter and shall likewise notify the applicant of the duty to refund any of the sum actually recovered as costs in the action.

(e) If not entitled, the board shall forthwith return a copy of the invoice to the applicant and the designated certified shorthand reporter together with a notice stating the grounds for denial.

(f) The board shall complete its actions under this subdivision within 30 days of receipt of the invoice and all required documentation, including a completed application.

(g) Applications for reimbursements from the fund shall be filled on a first-come basis.

(h) Applications for reimbursement that cannot be paid from the fund due to insufficiency of the fund for that fiscal year shall be held over until the next fiscal year to be paid out of the renewed fund.

This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

(1) The case name and number and that the litigant or litigants requesting the reimbursement are indigent persons.

(2) The applicant is qualified under the provisions of this chapter.

(3) The case is not a fee-generating case, as defined in Section 8030.4.

(6) The applicant has acknowledged, in writing, that as a condition of entitlement for reimbursement that the applicant agrees to refund the entire amount disbursed from the Transcript Reimbursement Fund from any costs or attorneys' fees awarded to the applicant by the court or provided for in any settlement agreement in the case.

(A) Total charges and rates for customary services in preparation of an original transcript and one copy or a copy of the transcript of depositions.

(B) Total charges and rates for expedited deposition transcripts.

(C) Total charges and rates in connection with transcription of court proceedings.

(b) For an applicant claiming to be eligible pursuant to subdivision (a), (b), or (c) of Section 8030.4, a letter from the director of the project or center, certifying that the project or center meets the standards set forth in one of those subdivisions and that the litigant or litigants are indigent persons, is sufficient documentation to establish eligibility.

(c) For an applicant claiming to be eligible pursuant to subdivision (d) of Section 8030.4, a letter certifying that the applicant meets the requirements of that subdivision, that the case is not a fee-generating case, as defined in subdivision (g) of Section 8030.4, and that the litigant or litigants are indigent persons, together with a letter from the director of a project or center defined in subdivision (a), (b), or (c) of Section 8030.4 certifying that the litigant or litigants had been referred by that project or center to the applicant, is sufficient documentation to establish eligibility.

(d) The applicant may receive reimbursement directly from the board when the applicant has previously paid the certified shorthand reporter for transcripts as provided in Section 8030.6. To receive payment directly, the applicant shall submit, in addition to all other required documentation, an itemized statement signed by the certified shorthand reporter performing the services that describes payment for transcripts in accordance with the requirements of Section 8030.6.

(e) The board may prescribe appropriate forms to be used by applicants and certified shorthand reporters to facilitate these requirements.

(f) This chapter does not restrict the contractual obligation or payment for services, including, but not limited to, billing the applicant directly, during the pendency of the claim.

No person shall engage in the promotion of, or participate in, a boxing or martial arts contest, match, or exhibition without a license, and except in accordance with this chapter and the rules adopted hereunder.

SEC. 31. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 32. Section 4.5 of this bill incorporates amendments to Section 2472 of the Business and Professions Code proposed by both this bill and Assembly Bill 932. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 2472 of the Business and Professions Code, and (3) this bill is enacted after Assembly Bill 932, in which case Section 4 of this bill shall not become operative.

CHAPTER 692

An act to add Section 25324 to the Public Resources Code, relating to energy conservation and development.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

(a) ''Wildland'' means any land that is classified as a state responsibility area pursuant to Article 3 (commencing with Section 4125) of Chapter 1 and includes any land having a plant cover consisting principally of grasses, forbs, or shrubs that are valuable for forage. ''Wildland'' also means any lands that are contiguous to lands classified as a state responsibility area if wildland fuel accumulation is such that a wildland fire occurring on these lands would pose a threat to the adjacent state responsibility area.

(b) ''Wildland fuel'' means any timber, brush, grass, or other flammable vegetation, living or dead, standing or down.

(c) ''Wildland fire'' means any uncontrolled fire burning on wildland.

(d) ''Prescribed burning'' or ''prescribed burning operation'' means the planned application and confinement of fire to wildland fuels on lands selected in advance of that application to achieve any of the following objectives:

(e) Forest improvement.
(f) Wildlife habitat improvement.
(g) Air quality maintenance.

No contract may be entered into pursuant to this section unless the director determines that the public benefits estimated to be derived from the prescribed burning pursuant to the contract will be equal to or greater than the foreseeable damage that could result from the prescribed burning.

CHAPTER 694

An act to amend Section 25747 of the Public Resources Code, and to amend Sections 399.11, 399.12, 399.13, 399.14, 399.15, 399.16, and

780.5 of, to amend and renumber Section 454.1 of, and to repeal Sections 383.5 and 445 of, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 25747 of the Public Resources Code is amended to read:

25747. (a) The commission shall adopt guidelines governing the funding programs authorized under this chapter, at a publicly noticed meeting offering all interested parties an opportunity to comment. Substantive changes to the guidelines may not be adopted without at least 10 days' written notice to the public. The public notice of meetings required by this subdivision may not be less than 30 days. Notwithstanding any other provision of law, any guidelines adopted pursuant to this chapter or Section 399.13 of the Public Utilities Code, shall be exempt from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The Legislature declares that the changes made to this subdivision by the act amending this section during the 2002 portion of the 2001–02 Regular Session are declaratory of, and not a change in existing law.

(b) Funds to further the purposes of this chapter may be committed for multiple years.

(c) Awards made pursuant to this chapter are grants, subject to appeal to the commission upon a showing that factors other than those described in the guidelines adopted by the commission were applied in making the awards and payments. Any actions taken by an applicant to apply for, or become or remain eligible and registered to receive, payments or awards, including satisfying conditions specified by the commission, shall not constitute the rendering of goods, services, or a direct benefit to the commission.

SEC. 2. Section 383.5 of the Public Utilities Code is repealed.

SEC. 3. Section 399.11 of the Public Utilities Code is amended to read:

399.11. The Legislature finds and declares all of the following:

(a) In order to attain a target of 20 percent renewable energy for the State of California and for the purposes of increasing the diversity, reliability, public health and environmental benefits of the energy mix, it is the intent of the Legislature that the California Public Utilities Commission and the State Energy Resources Conservation and Development Commission implement the California Renewables Portfolio Standard Program described in this article.

(b) Increasing California's reliance on renewable energy resources may promote stable electricity prices, protect public health, improve environmental quality, stimulate sustainable economic development, create new employment opportunities, and reduce reliance on imported fuels.

(c) The development of renewable energy resources may ameliorate air quality problems throughout the state and improve public health by reducing the burning of fossil fuels and the associated environmental impacts.

(d) The California Renewables Portfolio Standard Program is intended to complement the Renewable Energy Program administered by the State Energy Resources Conservation and Development Commission and established pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code.

SEC. 4. Section 399.12 of the Public Utilities Code is amended to read:

399.12. For purposes of this article, the following terms have the following meanings:

(a) ''Eligible renewable energy resource'' means an electric generating facility that is one of the following:

(1) The facility meets the definition of ''in-state renewable electricity generation facility'' in Section 25741 of the Public Resources Code.

(2) A geothermal generation facility originally commencing operation prior to September 26, 1996, shall be eligible for purposes of adjusting a retail seller's baseline quantity of eligible renewable energy resources except for output certified as incremental geothermal production by the Energy Commission, provided that the incremental output was not sold to an electrical corporation under contract entered into prior to September 26, 1996. For each facility seeking certification, the Energy Commission shall determine historical production trends and establish criteria for measuring incremental geothermal production that recognizes the declining output of existing steamfields and the contribution of capital investments in the facility or wellfield.

(3) The output of a small hydroelectric generation facility of 30 megawatts or less procured or owned by an electrical corporation as of the date of enactment of this article shall be eligible only for purposes of establishing the baseline of an electrical corporation pursuant to paragraph (3) of subdivision (a) of Section 399.15. A new hydroelectric facility is not an eligible renewable energy resource if it will require a new or increased appropriation or diversion of water under Part 2 (commencing with Section 1200) of Division 2 of the Water Code.

(4) A facility engaged in the combustion of municipal solid waste shall not be considered an eligible renewable resource unless it is located in Stanislaus County and was operational prior to September 26, 1996.

Output from such facilities shall be eligible only for the purpose of adjusting a retail seller's baseline quantity of eligible renewable energy resources.

(b) ''Energy Commission'' means the State Energy Resources Conservation and Development Commission.

(c) ''Retail seller'' means an entity engaged in the retail sale of electricity to end-use customers, including any of the following:

(1) An electrical corporation, as defined in Section 218.

(2) A community choice aggregator. The commission shall institute a rulemaking to determine the manner in which a community choice aggregator will participate in the renewables portfolio standard subject to the same terms and conditions applicable to an electrical corporation.

(3) An electric service provider, as defined in Section 218.3 subject to the following conditions:

(A) An electric service provider shall be considered a retail seller under this article for sales to any customer acquiring service after January 1, 2003.

(B) An electric service provider shall be considered a retail seller under this article for sales to all its customers beginning on the earlier of January 1, 2006, or the date on which a contract between an electric service provider and a retail customer expires. Nothing in this subdivision may require an electric service provider to disclose the terms of the contract to the commission.

(C) The commission shall institute a rulemaking to determine the manner in which electric service providers will participate in the renewables portfolio standard. The electric service provider shall be subject to the same terms and conditions applicable to an electrical corporation pursuant to this article. Nothing in this paragraph shall impair a contract entered into between an electric service provider and a retail customer prior to the suspension of direct access by the commission pursuant to Section 80110 of the Water Code.

(4) ''Retail seller'' does not include any of the following:

(A) A corporation or person employing cogeneration technology or producing power consistent with subdivision (b) of Section 218.

(B) The Department of Water Resources acting in its capacity pursuant to Division 27 (commencing with Section 80000) of the Water Code.

(C) A local publicly owned electrical utility as defined in subdivision (d) of Section 9604.

(d) ''Renewables portfolio standard'' means the specified percentage of electricity generated by eligible renewable energy resources that a retail seller is required to procure pursuant to Sections 399.13 and 399.15.

SEC. 5. Section 399.13 of the Public Utilities Code is amended to read:

399.13. The Energy Commission shall do all of the following:

(a) Certify eligible renewable energy resources that it determines meet the criteria described in subdivision (a) of Section 399.12.

(b) Design and implement an accounting system to verify compliance with the renewables portfolio standard by retail sellers, to ensure that renewable energy output is counted only once for the purpose of meeting the renewables portfolio standard of this state or any other state, and for verifying retail product claims in this state or any other state. In establishing the guidelines governing this system, the Energy Commission shall collect data from electricity market participants that it deems necessary to verify compliance of retail sellers, in accordance with the requirements of this article and the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). In seeking data from electrical corporations, the Energy Commission shall request data from the commission. The commission shall collect data from electrical corporations and remit the data to the Energy Commission within 90 days of the request.

(c) Allocate and award supplemental energy payments pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, to eligible renewable energy resources to cover above-market costs of renewable energy.

SEC. 6. Section 399.14 of the Public Utilities Code is amended to read:

399.14. (a) The commission shall direct each electrical corporation to prepare renewable energy procurement plans as described in paragraph (3) to satisfy its obligations under the renewables portfolio standard. To the extent feasible, this procurement plan shall be proposed, reviewed, and adopted by the commission as part of, and pursuant to, a general procurement plan process. The commission shall require each electrical corporation to review and update its renewable energy procurement plan as it determines to be necessary.

(1) (A) The commission shall not require an electrical corporation to conduct procurement to fulfill the renewables portfolio standard until the commission determines either of the following:

(i) The electrical corporation has attained an investment grade credit rating as determined by at least two major rating agencies.

(ii) The electrical corporation is able to procure eligible renewable energy resources on reasonable terms, those resources can be financed if necessary, and the procurement will not impair the restoration of an electrical corporation's creditworthiness. This provision shall not apply before April 1, 2004, for any electrical corporation that on June 30, 2003, is in federal court under Chapter 11 of the federal bankruptcy law.

(B) Within 90 days of the commission's determination as provided in subparagraph (A), an electrical corporation shall conduct solicitations to implement a renewable energy procurement plan. The determination required by this paragraph shall apply only to the requirements established pursuant to this article. The requirements established for an electrical corporation pursuant to Section 454.5 shall be governed by that section.

(2) Not later than six months after the effective date of this section, the commission shall adopt, by rule, for all electrical corporations, all of the following:

(A) A process for determining market prices pursuant to subdivision (c) of Section 399.15. The commission shall make specific determinations of market prices after the closing date of a competitive solicitation conducted by an electrical corporation for eligible renewable energy resources. In order to ensure that the market price established by the commission pursuant to subdivision (c) of Section 399.15 does not influence the amount of a bid submitted through the competitive solicitation in a manner that would increase the amount ratepayers are obligated to pay for renewable energy, and in order to ensure that the bid price does not influence the establishment of the market price, the electrical corporation shall not transmit or share the results of any competitive solicitation for eligible renewable energy resources until the commission has established market prices pursuant to subdivision (c) of Section 399.15.

(B) A process that provides criteria for the rank ordering and selection of least-cost and best-fit renewable resources to comply with the annual California Renewables Portfolio Standard Program obligations on a total cost basis. This process shall consider estimates of indirect costs associated with needed transmission investments and ongoing utility expenses resulting from integrating and operating eligible renewable energy resources.

(C) Flexible rules for compliance including, but not limited to, permitting electrical corporations to apply excess procurement in one year to subsequent years or inadequate procurement in one year to no more than the following three years.

(D) Standard terms and conditions to be used by all electrical corporations in contracting for eligible renewable energy resources, including performance requirements for renewable generators.

(3) Consistent with the goal of procuring the least-cost and best-fit eligible renewable energy resources, the renewable energy procurement plan submitted by an electrical corporation shall include, but is not limited to, all of the following:

(A) An assessment of annual or multiyear portfolio supplies and demand to determine the optimal mix of renewable generation resources

with deliverability characteristics that may include peaking, dispatchable, baseload, firm, and as-available capacity.

(B) Provisions for employing available compliance flexibility mechanisms established by the commission.

(C) A bid solicitation setting forth the need for renewable generation of each deliverability characteristic, required online dates, and locational preferences, if any.

(4) In soliciting and procuring eligible renewable energy resources, each electrical corporation shall offer contracts of no less than 10 years in duration, unless the commission approves of a contract of shorter duration.

(5) In soliciting and procuring eligible renewable energy resources, each electrical corporation may give preference to projects that provide tangible demonstrable benefits to communities with a plurality of minority or low-income populations.

(b) The commission shall review and accept, modify, or reject each electrical corporation's renewable procurement plan 90 days prior to the commencement of renewable procurement pursuant to this article by the electrical corporation.

(c) The commission shall review the results of a renewable energy resources solicitation submitted for approval by an electrical corporation and accept or reject proposed contracts with eligible renewable energy resources based on consistency with the approved renewable procurement plan. If the commission determines that the bid prices are elevated due to a lack of effective competition amongst the bidders, the commission shall direct the electrical corporation to renegotiate such contracts or conduct a new solicitation.

(d) If an electrical corporation fails to comply with a commission order adopting a renewable procurement plan, the commission shall exercise its authority pursuant to Section 2113 to require compliance.

(e) Upon application by an electrical corporation, the commission may authorize another entity to enter into contracts on behalf of customers of the electrical corporation for deliveries of eligible renewable energy resources to satisfy the annual portfolio standard obligations, subject to similar terms and conditions applicable to an electrical corporation. The commission shall allow the procurement entity to recover reasonable costs through retail rates subject to review and approval.

(f) Procurement and administrative costs associated with long-term contracts entered into by an electrical corporation for eligible renewable energy resources pursuant to this article, at or below the market price determined by the commission pursuant to subdivision (c) of Section 399.15, shall be deemed reasonable per se, and shall be recoverable in rates.

(g) For purposes of this article, ''procure'' means that a utility may acquire the renewable output of electric generation facilities that it owns or for which it has contracted. Nothing in this article is intended to imply that the purchase of electricity from third parties in a wholesale transaction is the preferred method of fulfilling a retail seller's obligation to comply with this article.

(h) Construction, alteration, demolition, installation, and repair work on an eligible renewable energy resource that receives production incentives or supplemental energy payments pursuant to Sections 25742 and 25743 of the Public Resources Code, including, but not limited to, work performed to qualify, receive, or maintain production incentives or supplemental energy payments is ''public works'' for the purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

SEC. 7. Section 399.15 of the Public Utilities Code is amended to read:

399.15. (a) In order to fulfill unmet long-term resource needs, the commission shall establish a renewables portfolio standard requiring all electrical corporations to procure a minimum quantity of output from eligible renewable energy resources as a specified percentage of total kilowatthours sold to their retail end-use customers each calendar year, if sufficient funds are made available pursuant to paragraph (2), and Section 399.6 and Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, to cover the above-market costs of eligible renewables, and subject to all of the following:

(1) An electric corporation shall not be required to enter into long-term contracts with eligible renewable energy resources that exceed the market prices established pursuant to subdivision (c) of this section.

(2) The Energy Commission shall provide supplemental energy payments from funds in the New Renewable Resources Account in the Renewable Resource Trust Fund to eligible renewable energy resources pursuant to Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, consistent with this article, for above-market costs. Indirect costs associated with the purchase of eligible renewable energy resources, such as imbalance energy charges, sale of excess energy, decreased generation from existing resources, or transmission upgrades shall not be eligible for supplemental energy payments, but shall be recoverable by an electrical corporation in rates, as authorized by the commission.

(3) For purposes of setting annual procurement targets, the commission shall establish an initial baseline for each electrical corporation based on the actual percentage of retail sales procured from eligible renewable energy resources in 2001, and, to the extent

applicable, adjusted going forward pursuant to subdivision (a) of Section 399.12.

(b) The commission shall implement annual procurement targets for each electrical corporation as follows:

(1) Beginning on January 1, 2003, each electrical corporation shall, pursuant to subdivision (a), increase its total procurement of eligible renewable energy resources by at least an additional 1 percent of retail sales per year so that 20 percent of its retail sales are procured from eligible renewable energy resources no later than December 31, 2017. An electrical corporation with 20 percent of retail sales procured from eligible renewable energy resources in any year shall not be required to increase its procurement of such resources in the following year.

(2) Only for purposes of establishing these targets, the commission shall include all power sold to retail customers by the Department of Water Resources pursuant to Section 80100 of the Water Code in the calculation of retail sales by an electrical corporation.

(3) In the event that an electrical corporation fails to procure sufficient eligible renewable energy resources in a given year to meet any annual target established pursuant to this subdivision, the electrical corporation shall procure additional eligible renewable energy resources in subsequent years to compensate for the shortfall if sufficient funds are made available pursuant to paragraph (2), and Section 399.6 and Chapter 8.6 (commencing with Section 25740) of Division 15 of the Public Resources Code, to cover the above-market costs of eligible renewables.

(4) If supplemental energy payments from the Energy Commission, in combination with the market prices approved by the commission, are insufficient to cover the above-market costs of eligible renewable energy resources, the commission shall allow an electrical corporation to limit its annual procurement obligation to the quantity of eligible renewable energy resources that can be procured with available supplemental energy payments.

(c) The commission shall establish a methodology to determine the market price of electricity for terms corresponding to the length of contracts with renewable generators, in consideration of the following:

(1) The long-term market price of electricity for fixed price contracts, determined pursuant to the electrical corporation's general procurement activities as authorized by the commission.

(2) The long-term ownership, operating, and fixed-price fuel costs associated with fixed-price electricity from new generating facilities.

(3) The value of different products including baseload, peaking, and as-available output.

(d) The establishment of a renewables portfolio standard shall not constitute implementation by the commission of the federal Public Utility Regulatory Policies Act of 1978 (Public Law 95-617).

(e) The commission shall consult with the Energy Commission in calculating market prices under subdivision (c) and establishing other renewables portfolio standard policies.

SEC. 8. Section 399.16 of the Public Utilities Code is amended to read:

399.16. The Energy Commission may consider an electric generating facility that is located outside the state to be an eligible renewable energy resource if it meets the criteria described in Section 399.12 and all of the following requirements:

(a) It is located so that it is, or will be, connected to the Western Electricity Coordinating Council (WECC) transmission system.

(b) It is developed with guaranteed contracts to sell its generation, and demonstrates delivery of energy, to a retail seller or the Independent System Operator.

(c) It participates in the accounting system to verify compliance with the renewables portfolio standard by retail sellers, once established by the Energy Commission pursuant to subdivision (b) of Section 399.13.

SEC. 9. Section 445 of the Public Utilities Code is repealed.

SEC. 10. Section 454.1 of the Public Utilities Code, as added by Chapter 1040 of the Statutes of 2000, is amended and renumbered to read:

464. (a) Reasonable expenditures by transmission owners that are electrical corporations to plan, design, and engineer reconfiguration, replacement, or expansion of transmission facilities are in the public interest and are deemed prudent if made for the purpose of facilitating competition in electric generation markets, ensuring open access and comparable service, or maintaining or enhancing reliability, whether or not these expenditures are for transmission facilities that become operational.

(b) The commission and the Electricity Oversight Board shall jointly facilitate the efforts of the state's transmission owning electrical corporations to obtain authorization from the Federal Energy Regulatory Commission to recover reasonable expenditures made for the purposes stated in subdivision (a).

(c) Nothing in this section alters or affects the recovery of the reasonable costs of other electric facilities in rates pursuant to the commission's existing ratemaking authority under this code or pursuant to the Federal Power Act (41 Stat. 1063; 16 U.S.C. Secs. 791a, et seq.). The commission may periodically review and adjust depreciation schedules and rates authorized for an electric plant that is under the jurisdiction of the commission and owned by an electrical corporation and periodically review and adjust depreciation schedules and rates authorized for a gas plant that is under the jurisdiction of the commission and owned by a gas corporation, consistent with this code.

SEC. 11. Section 780.5 of the Public Utilities Code is amended to read:

780.5. The people of the State of California do enact as follows:

SECTION 1. Section 28 of the Business and Professions Code is amended to read:

28. The Legislature finds that there is a need to ensure that professionals of the healing arts who have demonstrable contact with child abuse victims, potential child abuse victims, and child abusers and potential child abusers are provided with adequate and appropriate training regarding the assessment and reporting of child abuse which will ameliorate, reduce, and eliminate the trauma of child abuse and

neglect and ensure the reporting of child abuse in a timely manner to prevent additional occurrences.

The Board of Psychology and the Board of Behavioral Sciences shall establish required training in the area of child abuse assessment and reporting for all persons applying for initial licensure and renewal of a license as a psychologist, clinical social worker, or marriage and family therapist on or after January 1, 1987. This training shall be required one time only for all persons applying for initial licensure or for licensure renewal on or after January 1, 1987.

All persons applying for initial licensure and renewal of a license as a psychologist, clinical social worker, or marriage and family therapist on or after January 1, 1987, shall, in addition to all other requirements for licensure or renewal, have completed coursework or training in child abuse assessment and reporting which meets the requirements of this section, including detailed knowledge of Section 11165 of the Penal Code. The training shall meet all of the following requirements:

(a) Be completed after January 1, 1983.

(b) Be obtained from one of the following sources:

On and after January 1, 1993, an applicant who possesses a master's degree from a school or department of social work that is a candidate for accreditation by the Commission on Accreditation of the Council on Social Work Education shall be eligible, and shall be required, to register as an associate clinical social worker in order to gain experience toward licensure if the applicant has not committed any crimes or acts that constitute grounds for denial of licensure under Section 480. That applicant shall not, however, be eligible for examination until the school or department of social work has received accreditation by the Commission on Accreditation of the Council on Social Work Education.

(b) Registration as an associate clinical social worker shall expire one year from the last day of the month during which it was issued. A registration may be renewed annually after initial registration by filing

on or before the date on which the registration expires, an application for renewal, paying a renewal fee of seventy-five dollars ($75), and notifying the board whether he or she has been convicted, as defined in Section 490, of a misdemeanor or felony, and whether any disciplinary action has been taken by any regulatory or licensing board in this or any other state, subsequent to the issuance of the initial registration or registrant's last renewal. Each person who registers or has registered as an associate clinical social worker, may retain that status for a total of six years.

(c) Notwithstanding the limitations on the length of an associate registration in subdivision (b), an associate may apply for, and the board shall grant, one-year extensions beyond the six-year period when no grounds exist for denial, suspension, or revocation of the registration pursuant to Section 480. An associate shall be eligible to receive a maximum of three one-year extensions. An associate who practices pursuant to an extension shall not practice independently and shall comply with all requirements of this chapter governing experience, including supervision, even if the associate has completed the hours of experience required for licensure. Each extension shall commence on the date when the last associate renewal or extension expires. An application for extension shall be made on a form prescribed by the board and shall be accompanied by a renewal fee of fifty dollars ($50). An associate who is granted this extension may work in all work settings authorized pursuant to this chapter.

(d) A registrant shall not provide clinical social work services to the public for a fee, monetary or otherwise, except as an employee.

(e) A registrant shall inform each client or patient prior to performing any professional services that he or she is unlicensed and is under the supervision of a licensed professional.

(f) Any experience obtained under the supervision of a spouse or relative by blood or marriage shall not be credited toward the required hours of supervised experience. Any experience obtained under the supervision of a supervisor with whom the applicant has a personal relationship that undermines the authority or effectiveness of the supervision shall not be credited toward the required hours of supervised experience.

(g) An applicant who possesses a master's degree from an accredited school or department of social work shall be able to apply experience the applicant obtained during the time the accredited school or department was in candidacy status by the Commission on Accreditation of the Council on Social Work Education toward the licensure requirements, if the experience meets the requirements of Section 4996.20, 4996.21, or 4996.23. This subdivision shall apply retroactively to persons who possess a master's degree from an accredited school or department of

social work and who obtained experience during the time the accredited school or department was in candidacy status by the Commission on Accreditation of the Council on Social Work Education.

(h) An applicant for registration or licensure trained in an educational institution outside the United States shall demonstrate to the satisfaction of the board that he or she possesses a master's of social work degree that is equivalent to a master's degree issued from a school or department of social work that is accredited by the Commission on Accreditation of the Council on Social Work Education. These applicants shall provide the board with a comprehensive evaluation of the degree and shall provide any other documentation the board deems necessary. The board has the authority to make the final determination as to whether a degree meets all requirements, including, but not limited to, course requirements regardless of evaluation or accreditation.

SEC. 47. Section 4996.20 of the Business and Professions Code is amended to read:

4996.20. The experience required by subdivision (c) of Section 4996.2 shall meet the following criteria:

(a) An applicant shall have at least 3,200 hours of post-master's experience, supervised by a licensed clinical social worker, in providing clinical social work services consisting of psychosocial diagnosis; assessment; treatment, including psychotherapy and counseling; client-centered advocacy; consultation; and evaluation as permitted by Section 4996.9. For persons applying for licensure on or after January 1, 1992, this experience shall have been gained in not less than two nor more than six years and shall have been gained within the six years immediately preceding the date on which the application for licensure was filed.

(b) Notwithstanding the requirements of subdivision (a) that 3,200 hours of experience shall be gained under the supervision of a licensed clinical social worker, up to 1,000 hours of the required experience may be gained under the supervision of a licensed mental health professional acceptable to the board.

For purposes of this section, ''supervision'' means responsibility for and control of the quality of social work services being provided. Consultation shall not be considered to be supervision. The remaining hours may be group supervision. ''Individual supervision'' means one supervisor meets with one supervisee at a time. ''Group supervision'' means a supervisor meets with a group of no more than eight supervisees at a time.

(c) For purposes of this section, a ''private practice setting'' is any setting other than a governmental entity, a school, college or university, a nonprofit and charitable corporation or a licensed health facility. Employment in a private practice setting shall not commence until the applicant has been registered as an associate clinical social worker. A registrant employed in a private practice setting shall not:

(1) Pay his or her employer for supervision, and shall receive fair remuneration from his or her employer.

(2) Receive any remuneration from patients or clients and shall only be paid by his or her employer.

(3) Perform services at any place except where the registrant's employer regularly conducts business.

(4) Have any proprietary interest in the employer's business.

(d) A person employed in a setting other than a private practice setting may obtain supervision from a person not employed by the registrant's employer if that person has signed a written contract with the employer to take supervisory responsibility for the registrant's social work services.

(e) This section shall apply only to persons who apply for registration on or before December 31, 1998.

(b) The course shall include, but is not limited to, the biological, social, and psychological aspects of aging.

(c) Any person seeking to meet the requirements of subdivision (a) of this section may submit to the board a certificate evidencing completion of equivalent courses in aging and long-term care taken prior to the operative date of this section, or proof of equivalent teaching or practice experience. The board, in its discretion, may accept that certification as meeting the requirements of this section.

(d) The board may not renew an applicant's license until the applicant has met the requirements of this section.

(e) Continuing education courses taken pursuant to this section shall be applied to the 36 hours of approved continuing education required in Section 4996.22.

(f) This section shall become operative on January 1, 2005.

CHAPTER 696

An act to amend Section 65582 of, to add Sections 65584.01, 65584.02, 65584.03, 65584.04, 65584.05, 65584.06, and 65584.07 to, and to repeal and add Section 65584 of, the Government Code, relating to general plans.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65582 of the Government Code is amended to read:

65582. As used in this article:

(a) ''Community,'' ''locality,'' ''local government,'' or ''jurisdiction'' means a city, city and county, or county.

(b) ''Council of governments'' means a single or multicounty council created by a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 1 of Title 1.

(c) ''Department'' means the Department of Housing and Community Development.

(d) ''Housing element'' or ''element'' means the housing element of the community's general plan, as required pursuant to this article and subdivision (c) of Section 65302.

SEC. 2. Section 65584 of the Government Code is repealed.

SEC. 3. Section 65584 is added to the Government Code, to read:

65584. (a) (1) For the fourth and subsequent revisions of the housing element pursuant to Section 65588, the department shall determine the existing and projected need for housing for each region pursuant to this article. For purposes of subdivision (a) of Section 65583, the share of a city or county of the regional housing need shall include that share of the housing need of persons at all income levels within the area significantly affected by the general plan of the city or county.

(2) While it is the intent of the Legislature that cities, counties, and cities and counties should undertake all necessary actions to encourage, promote, and facilitate the development of housing to accommodate the entire regional housing need, it is recognized, however, that future housing production may not equal the regional housing need established for planning purposes.

(b) The department, in consultation with each council of governments, shall determine each region's existing and projected housing need pursuant to Section 65584.01 at least two years prior to the scheduled revision required pursuant to Section 65588. The appropriate council of governments, or for cities and counties without a council of governments, the department, shall adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county at least one year prior to the scheduled revision for the region required by Section 65588. The allocation plan prepared by a council of governments shall be prepared pursuant to Sections 65584.04 and 65584.05 with the advice of the department.

(c) Notwithstanding any other provision of law, the due dates for the determinations of the department or for the councils of governments, respectively, regarding the regional housing need may be extended by the department by not more than 60 days if the extension will enable access to more recent critical population or housing data from a pending or recent release of the United States Census Bureau or the Department of Finance. If the due date for the determination of the department or the council of governments is extended for this reason, the department shall extend the corresponding housing element revision deadline pursuant to Section 65588 by not more than 60 days.

(d) The regional housing needs allocation plan shall be consistent with all of the following objectives:

(1) Increasing the housing supply and the mix of housing types, tenure, and affordability in all cities and counties within the region in an equitable manner, which shall result in each jurisdiction receiving an allocation of units for low and very low income households.

(2) Promoting infill development and socioeconomic equity, the protection of environmental and agricultural resources, and the encouragement of efficient development patterns.

(3) Promoting an improved intraregional relationship between jobs and housing.

(4) Allocating a lower proportion of housing need to an income category when a jurisdiction already has a disproportionately high share of households in that income category, as compared to the countywide distribution of households in that category from the most recent decennial United States census.

(e) For purposes of this section, ''household income levels'' are as determined by the department as of the most recent decennial census pursuant to the following code sections:

(1) Very low incomes as defined by Section 50105 of the Health and Safety Code.

(2) Lower incomes, as defined by Section 50079.5 of the Health and Safety Code.

(3) Moderate incomes, as defined by Section 50093 of the Health and Safety Code.

(4) Above moderate incomes are those exceeding the moderate income level of Section 50093 of the Health and Safety Code.

(f) Notwithstanding any other provision of law, determinations made by the department, a council of governments, or a city or county pursuant to this section or Section 65584.01, 65584.02, 65584.03, 65584.04, 65584.05, 65584.06, or 65584.07 are exempt from the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

SEC. 4. Section 65584.01 is added to the Government Code, to read:

65584.01. (a) For the fourth and subsequent revision of the housing element pursuant to Section 65588, the department, in consultation with each council of governments, where applicable, shall determine the existing and projected need for housing for each region in the following manner:

(b) The department's determination shall be based upon population projections produced by the Department of Finance and regional population forecasts used in preparing regional transportation plans, in consultation with each council of governments. If the total regional population forecast for the planning period, developed by the council of governments and used for the preparation of the regional transportation plan, is within a range of 3 percent of the total regional population forecast for the planning period over the same time period by the Department of Finance, then the population forecast developed by the council of governments shall be the basis from which the department determines the existing and projected need for housing in the region. If the difference between the total population growth projected by the council of governments and the total population growth projected for the region by the Department of Finance is greater than 3 percent, then the

department and the council of governments shall meet to discuss variances in methodology used for population projections and seek agreement on a population projection for the region to be used as a basis for determining the existing and projected housing need for the region. If no agreement is reached, then the population projection for the region shall be the population projection for the region prepared by the Department of Finance as may be modified by the department as a result of discussions with the council of governments.

(c) (1) At least 26 months prior to the scheduled revision pursuant to Section 65588 and prior to developing the existing and projected housing need for a region, the department shall meet and consult with the council of governments regarding the assumptions and methodology to be used by the department to determine the region's housing needs. The council of governments shall provide data assumptions from the council's projections, including, if available, the following data for the region:

(A) Anticipated household growth associated with projected population increases.

(B) Household size data and trends in household size.

(C) The rate of household formation, or headship rates, based on age, gender, ethnicity, or other established demographic measures.

(D) The vacancy rates in existing housing stock, and the vacancy rates for healthy housing market functioning and regional mobility, as well as housing replacement needs.

(E) Other characteristics of the composition of the projected population.

(2) The department may accept or reject the information provided by the council of governments or modify its own assumptions or methodology based on this information. After consultation with the council of governments, the department shall make determinations in writing on the assumptions for each of the factors listed in subparagraphs (A) to (E), inclusive, of paragraph (1) and the methodology it shall use and shall provide these determinations to the council of governments.

(d) (1) After consultation with the council of governments, the department shall make a determination of the region's existing and projected housing need based upon the assumptions and methodology determined pursuant to subdivision (c). Within 30 days following notice of the determination from the department, the council of governments may file an objection to the department's determination of the region's existing and projected housing need with the department.

(2) The objection shall be based on and substantiate either of the following:

(A) The department failed to base its determination on the population projection for the region established pursuant to subdivision (b), and

shall identify the population projection which the council of governments believes should instead be used for the determination and explain the basis for its rationale.

(B) The regional housing need determined by the department is not a reasonable application of the methodology and assumptions determined pursuant to subdivision (c). The objection shall include a proposed alternative determination of its regional housing need based upon the determinations made in subdivision (c), including analysis of why the proposed alternative would be a more reasonable application of the methodology and assumptions determined pursuant to subdivision (c).

(3) If a council of governments files an objection pursuant to this subdivision and includes with the objection a proposed alternative determination of its regional housing need, it shall also include documentation of its basis for the alternative determination. Within 45 days of receiving an objection filed pursuant to this section, the department shall consider the objection and make a final written determination of the region's existing and projected housing need that includes an explanation of the information upon which the determination was made.

SEC. 5. Section 65584.02 is added to the Government Code, to read:

65584.02. (a) For the fourth and subsequent revisions of the housing element pursuant to Section 65588, the existing and projected need for housing may be determined for each region by the department as follows, as an alternative to the process pursuant to Section 65584.01:

(1) In a region in which at least one subregion has accepted delegated authority pursuant to Section 65584.03, the region's housing need shall be determined at least 26 months prior to the housing element update deadline pursuant to Section 65588. In a region in which no subregion has accepted delegation pursuant to Section 65584.03, the region's housing need shall be determined at least 24 months prior to the housing element deadline.

(2) At least six months prior to the department's determination of regional housing need pursuant to paragraph (1), a council of governments may request the use of population and household forecast assumptions used in the regional transportation plan. For a housing element update due date pursuant to Section 65588 that is prior to January 2007, the department may approve a request that is submitted prior to December 31, 2004, notwithstanding the deadline in this paragraph. This request shall include all of the following:

(A) Proposed data and assumptions for factors contributing to housing need beyond household growth identified in the forecast. These factors shall include allowance for vacant or replacement units, and may include other adjustment factors.

(B) A proposed planning period that is not longer than the period of time covered by the regional transportation improvement plan or plans of the region pursuant to Section 14527, but a period not less than five years, and not longer than six years.

(C) A comparison between the population and household assumptions used for the Regional Transportation Plan with population and household estimates and projections of the Department of Finance.

The council of governments may include a request to extend the housing element deadline pursuant to Section 65588 to a date not to exceed two years, for the purpose of coordination with the scheduled update of a regional transportation plan pursuant to federal law.

(b) The department shall consult with the council of governments regarding requests submitted pursuant to paragraph (2) of subdivision (a). The department may seek advice and consult with the Demographic Research Unit of the Department of Finance, the State Department of Transportation, a representative of a contiguous council of governments, and any other party as deemed necessary. The department may request that the council of governments revise data, assumptions, or methodology to be used for the determination of regional housing need, or may reject the request submitted pursuant to paragraph (2) of subdivision (a). Subsequent to consultation with the council of governments, the department will respond in writing to requests submitted pursuant to paragraph (1) of subdivision (a).

(c) If the council of governments does not submit a request pursuant to subdivision (a), or if the department rejects the request of the council of governments, the determination for the region shall be made pursuant to Sections 65584 and 65584.01.

SEC. 6. Section 65584.03 is added to the Government Code, to read:

65584.03. (a) At least 28 months prior to the scheduled housing element update required by Section 65588, at least two or more cities and a county, or counties, may form a subregional entity for the purpose of allocation of the subregion's existing and projected need for housing among its members in accordance with the allocation methodology established pursuant to Section 65584.04. The purpose of establishing a subregion shall be to recognize the community of interest and mutual challenges and opportunities for providing housing within a subregion. A subregion formed pursuant to this section may include a single county and each of the cities in that county or any other combination of geographically contiguous local governments and shall be approved by the adoption of a resolution by each of the local governments in the subregion as well as by the council of governments. All decisions of the subregion shall be approved by vote as provided for in rules adopted by the local governments comprising the subregion or shall be approved by

vote of the county or counties, if any, and the majority of the cities with the majority of population within a county or counties.

(b) Upon formation of the subregional entity, the entity shall notify the council of governments of this formation. If the council of governments has not received notification from an eligible subregional entity at least 28 months prior to the scheduled housing element update required by Section 65588, the council of governments shall implement the provisions of Sections 65584 and 65584.04. The delegate subregion and the council of governments shall enter into an agreement that sets forth the process, timing, and other terms and conditions of the delegation of responsibility by the council of governments to the subregion.

(c) At least 25 months prior to the scheduled revision, the council of governments shall determine the share of regional housing need assigned to each delegate subregion. The share or shares allocated to the delegate subregion or subregions by a council of governments shall be in a proportion consistent with the distribution of households assumed for the comparable time period of the applicable regional transportation plan. Prior to allocating the regional housing needs to any delegate subregion or subregions, the council of governments shall hold at least one public hearing, and may consider requests for revision of the proposed allocation to a subregion. If a proposed revision is rejected, the council of governments shall respond with a written explanation of why the proposed revised share has not been accepted.

(d) Each delegate subregion shall fully allocate its share of the regional housing need to local governments within its subregion. If a delegate subregion fails to complete the regional housing need allocation process among its member jurisdictions in a manner consistent with this article and with the delegation agreement between the subregion and the council of governments, the allocations to member jurisdictions shall be made by the council of governments.

SEC. 7. Section 65584.04 is added to the Government Code, to read:

65584.04. (a) At least two years prior to a scheduled revision required by Section 65588, each council of governments, or delegate subregion as applicable, shall develop a proposed methodology for distributing the existing and projected regional housing need to cities, counties, and cities and counties within the region or within the subregion, where applicable pursuant to this section. The methodology shall be consistent with the objectives listed in subdivision (d) of Section 65584.

(b) (1) No more than six months prior to the development of a proposed methodology for distributing the existing and projected housing need, each council of governments shall survey each of its member jurisdictions to request, at a minimum, information regarding

the factors listed in subdivision (d) that will allow the development of a methodology based upon the factors established in subdivision (d).

(2) The council of governments shall seek to obtain the information in a manner and format that is comparable throughout the region and utilize readily available data to the extent possible.

(3) The information provided by a local government pursuant to this section shall be used, to the extent possible, by the council of governments, or delegate subregion as applicable, as source information for the methodology developed pursuant to this section. The survey shall state that none of the information received may be used as a basis for reducing the total housing need established for the region pursuant to Section 65584.01.

(4) If the council of governments fails to conduct a survey pursuant to this subdivision, a city, county, or city and county may submit information related to the items listed in subdivision (d) prior to the public comment period provided for in subdivision (c).

(c) Public participation and access shall be required in the development of the methodology and in the process of drafting and adoption of the allocation of the regional housing needs. Participation by organizations other than local jurisdictions and councils of governments shall be solicited in a diligent effort to achieve public participation of all economic segments of the community. The proposed methodology, along with any relevant underlying data and assumptions, and an explanation of how information about local government conditions gathered pursuant to subdivision (b) has been used to develop the proposed methodology, and how each of the factors listed in subdivision (d) is incorporated into the methodology, shall be distributed to all cities, counties, any subregions, and members of the public who have made a written request for the proposed methodology. The council of governments, or delegate subregion, as applicable, shall conduct at least one public hearing to receive oral and written comments on the proposed methodology.

(d) To the extent that sufficient data is available from local governments pursuant to subdivision (b) or other sources, each council of governments, or delegate subregion as applicable, shall include the following factors to develop the methodology that allocates regional housing needs:

(1) Each member jurisdiction's existing and projected jobs and housing relationship.

(2) The opportunities and constraints to development of additional housing in each member jurisdiction, including all of the following:

(A) Lack of capacity for sewer or water service due to federal or state laws, regulations or regulatory actions, or supply and distribution decisions made by a sewer or water service provider other than the local

jurisdiction that preclude the jurisdiction from providing necessary infrastructure for additional development during the planning period.

(B) The availability of land suitable for urban development or for conversion to residential use, the availability of underutilized land, and opportunities for infill development and increased residential densities. The council of governments may not limit its consideration of suitable housing sites or land suitable for urban development to existing zoning ordinances and land use restrictions of a locality, but shall consider the potential for increased residential development under alternative zoning ordinances and land use restrictions.

(C) Lands preserved or protected from urban development under existing federal or state programs, or both, designed to protect open space, farmland, environmental habitats, and natural resources on a long-term basis.

(D) County policies to preserve prime agricultural land, as defined pursuant to Section 56064, within an unincorporated area.

(3) The distribution of household growth assumed for purposes of a comparable period of regional transportation plans and opportunities to maximize the use of public transportation and existing transportation infrastructure.

(4) The market demand for housing.

(5) Agreements between a county and cities in a county to direct growth toward incorporated areas of the county.

(6) The loss of units contained in assisted housing developments, as defined in paragraph (8) of subdivision (a) of Section 65583, that changed to non-low-income use through mortgage prepayment, subsidy contract expirations, or termination of use restrictions.

(7) High housing costs burdens.

(8) The housing needs of farmworkers.

(9) Any other factors adopted by the council of governments.

(e) The council of governments, or delegate subregion, as applicable, shall explain in writing how each of the factors described in subdivision (d) was incorporated into the methodology and how the methodology is consistent with subdivision (d) of Section 65584. The methodology may include numerical weighting.

(f) Any ordinance, policy, voter-approved measure, or standard of a city or county that directly or indirectly limits the number of residential building permits issued by a city or county shall not be a justification for a determination or a reduction in the share of a city or county of the regional housing need.

(g) In addition to the factors identified pursuant to subdivision (d), the council of governments, or delegate subregion, as applicable, shall identify any existing local, regional, or state incentives, such as a priority for funding or other incentives available to those local governments that

are willing to accept a higher share than proposed in the draft allocation to those local governments by the council of governments or delegate subregion pursuant to Section 65584.05.

(h) Following the conclusion of the 60-day public comment period described in subdivision (c) on the proposed allocation methodology, and after making any revisions deemed appropriate by the council of governments, or delegate subregion, as applicable, as a result of comments received during the public comment period, each council of governments, or delegate subregion, as applicable, shall adopt a final regional, or subregional, housing need allocation methodology and provide notice of the adoption of the methodology to the jurisdictions within the region, or delegate subregion as applicable, and to the department.

SEC. 8. Section 65584.05 is added to the Government Code, to read:

65584.05. (a) At least one and one-half years prior to the scheduled revision required by Section 65588, each council of governments and delegate subregion, as applicable, shall distribute a draft allocation of regional housing needs to each local government in the region or subregion, where applicable, based on the methodology adopted pursuant to Section 65584.04. The draft allocation shall include the underlying data and methodology on which the allocation is based. It is the intent of the Legislature that the draft allocation should be distributed prior to the completion of the update of the applicable regional transportation plan. The draft allocation shall distribute to localities and subregions, if any, within the region the entire regional housing need determined pursuant to Section 65584.01 or within subregions, as applicable, the subregion's entire share of the regional housing need determined pursuant to Section 65584.03.

(b) Within 60 days following receipt of the draft allocation, a local government may request from the council of governments or the delegate subregion, as applicable, a revision of its share of the regional housing need in accordance with the factors described in paragraphs (1) to (9), inclusive, of subdivision (d) of Section 65584.04, including any information submitted by the local government to the council of governments pursuant to subdivision (b) of that section. The request for a revised share shall be based upon comparable data available for all affected jurisdictions and accepted planning methodology, and supported by adequate documentation.

(c) Within 60 days after the request submitted pursuant to subdivision (b), the council of governments or delegate subregion, as applicable, shall accept the proposed revision, modify its earlier determination, or indicate, based upon the information and methodology described in Section 65584.04, why the proposed revision is inconsistent with the regional housing need.

(d) If the council of governments or delegate subregion, as applicable, does not accept the proposed revised share or modify the revised share to the satisfaction of the requesting party, the local government, may appeal its draft allocation based upon either or both of the following criteria:

(1) The council of governments or delegate subregion, as applicable, failed to adequately consider the information submitted pursuant to subdivision (b) of Section 65584.04, or a significant and unforeseen change in circumstances has occurred in the local jurisdiction that merits a revision of the information submitted pursuant to that subdivision.

(2) The council of governments or delegate subregion, as applicable, failed to determine its share of the regional housing need in accordance with the information described in, and the methodology established pursuant to Section 65584.04.

(e) The council of governments or delegate subregion, as applicable, shall conduct public hearings to hear all appeals within 60 days of the date established to file appeals. The local government shall be notified within 10 days by certified mail, return receipt requested, of at least one public hearing on its appeal. The date of the hearing shall be at least 30 days and not more than 35 days from the date of the notification. Before taking action on an appeal, the council of governments or delegate subregion, as applicable, shall consider all comments, recommendations, and available data based on accepted planning methodologies submitted by the appellant. The final action of the council of governments or delegate subregion, as applicable, on an appeal shall be in writing and shall include information and other evidence explaining how its action is consistent with this article. The final action on an appeal may require the council of governments or delegate subregion, as applicable, to adjust the allocation of a local government that is not the subject of an appeal.

(f) The council of governments or delegate subregion, as applicable, shall issue a proposed final allocation within 45 days of the completion of the 60-day period for hearing appeals. The proposed final allocation plan shall include responses to all comments received on the proposed draft allocation and reasons for any significant revisions included in the final allocation.

(g) In the proposed final allocation plan, the council of governments or delegate subregion, as applicable, shall adjust allocations to local governments based upon the results of the appeals process specified in this section. If the adjustments total 7 percent or less of the regional housing need determined pursuant to Section 65584.01, or, as applicable, total 7 percent or less of the subregion's share of the regional housing need as determined pursuant to Section 65584.03, then the council of governments or delegate subregion, as applicable, shall

distribute the adjustments proportionally to all local governments. If the adjustments total more than 7 percent of the regional housing need, then the council of governments or delegate subregion, as applicable, shall develop a methodology to distribute the amount greater than the 7 percent to local governments. In no event shall the total distribution of housing need equal less than the regional housing need, as determined pursuant to Section 65584.01, nor shall the subregional distribution of housing need equal less than its share of the regional housing need as determined pursuant to Section 65584.03. Two or more local governments may agree to an alternate distribution of appealed housing allocations between the affected local governments. If two or more local governments agree to an alternative distribution of appealed housing allocations that maintains the total housing need originally assigned to these communities, then the council of governments shall include the alternative distribution in the final allocation plan.

(h) Within 45 days of the issuance of the proposed final allocation plan by the council of governments and each delegate subregion, as applicable, the council of governments shall hold a public hearing to adopt a final allocation plan. To the extent that the final allocation plan fully allocates the regional share of statewide housing need, as determined pursuant to Section 65584.01, the council of governments shall have final authority to determine the distribution of the region's existing and projected housing need as determined pursuant to Section 65584.01. Within 60 days of adoption by the council of governments, the department shall determine whether or not the final allocation plan is consistent with the existing and projected housing need for the region, as determined pursuant to Section 65584.01. The department may revise the determination of the council of governments if necessary to obtain this consistency.

(i) Any authority of the council of governments to review and revise the share of a city or county of the regional housing need under this section shall not constitute authority to revise, approve, or disapprove the manner in which the share of the city or county of the regional housing need is implemented through its housing program.

SEC. 9. Section 65584.06 is added to the Government Code, to read:

65584.06. (a) For cities and counties without a council of governments, the department shall determine and distribute the existing and projected housing need, in accordance with Section 65584 and this section. If the department determines that a county or counties, supported by a resolution adopted by the board or boards of supervisors, and a majority of cities within the county or counties representing a majority of the population of the county or counties, possess the capability and resources and has agreed to accept the responsibility, with respect to its jurisdiction, for the distribution of the regional housing

need, the department shall delegate this responsibility to the cities and county or counties.

(b) The distribution of regional housing need shall, based upon available data and in consultation with the cities and counties, take into consideration market demand for housing, the distribution of household growth within the county assumed in the regional transportation plan where applicable, employment opportunities and commuting patterns, the availability of suitable sites and public facilities, agreements between a county and cities in a county to direct growth toward incorporated areas of the county, or other considerations as may be requested by the affected cities or counties and agreed to by the department. As part of the allocation of the regional housing need, the department shall provide each city and county with data describing the assumptions and methodology used in calculating its share of the regional housing need. Consideration of suitable housing sites or land suitable for urban development is not limited to existing zoning ordinances and land use restrictions of a locality, but shall include consideration of the potential for increased residential development under alternative zoning ordinances and land use restrictions.

(c) Within 90 days following the department's determination of a draft distribution of the regional housing need to the cities and the county, a city or county may propose to revise the determination of its share of the regional housing need in accordance with criteria set forth in the draft distribution. The proposed revised share shall be based upon comparable data available for all affected jurisdictions, and accepted planning methodology, and shall be supported by adequate documentation.

(d) (1) Within 60 days after the end of the 90-day time period for the revision by the cities or county, the department shall accept the proposed revision, modify its earlier determination, or indicate why the proposed revision is inconsistent with the regional housing need.

(2) If the department does not accept the proposed revision, then, within 30 days, the city or county may request a public hearing to review the determination.

(3) The city or county shall be notified within 30 days by certified mail, return receipt requested, of at least one public hearing regarding the determination.

(4) The date of the hearing shall be at least 10 but not more than 15 days from the date of the notification.

(5) Before making its final determination, the department shall consider all comments received and shall include a written response to each request for revision received from a city or county.

(e) If the department accepts the proposed revision or modifies its earlier determination, the city or county shall use that share. If the

department grants a revised allocation pursuant to subdivision (d), the department shall ensure that the total regional housing need is maintained. The department's final determination shall be in writing and shall include information explaining how its action is consistent with this section. If the department indicates that the proposed revision is inconsistent with the regional housing need, the city or county shall use the share that was originally determined by the department. The department, within its final determination, may adjust the allocation of a city or county that was not the subject of a request for revision of the draft distribution.

(f) The department shall issue a final regional housing need allocation for all cities and counties within 45 days of the completion of the local review period.

SEC. 10. Section 65584.07 is added to the Government Code, to read:

65584.07. (a) During the period between adoption of a final regional housing needs allocation until the due date of the housing element update pursuant to Section 65588, the council of governments, or the department, whichever assigned the county's share, shall reduce the share of regional housing needs of a county if all of the following conditions are met:

(1) One or more cities within the county agree to increase its share or their shares in an amount equivalent to the reduction.

(2) The transfer of shares shall only occur between a county and cities within that county.

(3) The county's share of low-income and very low income housing shall be reduced only in proportion to the amount by which the county's share of moderate- and above moderate-income housing is reduced.

(4) The council of governments or the department, whichever assigned the county's share, shall approve the proposed reduction, if it determines that the conditions set forth in paragraphs (1), (2), and (3) above have been satisfied. The county and city or cities proposing the transfer shall submit an analysis of the factors and circumstances, with all supporting data, justifying the revision to the council of governments or the department. The council of governments shall submit a copy of its decision regarding the proposed reduction to the department.

(b) The county and cities which have executed transfers of regional housing need pursuant to this section shall amend their housing elements and submit them to the department for review pursuant to Section 65585.

All materials and data used to justify any revision shall be made available upon request to any interested party within seven days upon payment of reasonable costs of reproduction unless the costs are waived due to economic hardship. A fee may be charged to interested parties for any additional costs caused by the amendments made to former

subdivision (c) of Section 65584 that reduced from 45 to 7 days the time within which materials and data were required to be made available to interested parties.

(c) In the event an incorporation of a new city occurs after the council of governments, or the department for areas with no council of governments, has made its final allocation under this section, the city and county may reach a mutually acceptable agreement on a revised determination and report the revision to the council of governments and the department, or to the department for areas with no council of governments. If the affected parties cannot reach a mutually acceptable agreement, then either party may request the council of governments, or the department for areas with no council of governments, to consider the facts, data, and methodology presented by both parties and make the revised determination.

The revised determination shall be made within one year of the incorporation of the new city based upon the methodology described in subdivision (a) and shall reallocate a portion of the affected county's share of regional housing needs to the new city. The revised determination shall neither reduce the total regional housing needs nor change the previous allocation of the regional housing needs assigned by the council of governments or the department, where there is no council of governments, to other cities within the affected county.

SEC. 11. This act shall only become operative if Assembly Bill 2348 of the 2003–04 Regular Session is enacted and becomes operative on or before January 1, 2005.

SEC. 12. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 10250) of Chapter 3 of Part 1 of Division 4 of the Business and Professions Code is repealed.

SEC. 2. Section 11000 of the Business and Professions Code is amended to read:

11000. (a) ''Subdivided lands'' and ''subdivision'' refer to improved or unimproved land or lands, wherever situated within California, divided or proposed to be divided for the purpose of sale or lease or financing, whether immediate or future, into five or more lots or parcels. However, land or lands sold by lots or parcels of not less than 160 acres which are designated by lot or parcel description by government surveys and appear as such on the current assessment roll of the county in which the land or lands are situated shall not be deemed to be ''subdivided lands'' or ''a subdivision'' within the meaning of this section, unless the land or lands are divided or proposed to be divided for the purpose of sale for oil and gas purposes, in which case the land or lands shall be deemed to be ''subdivided lands'' or ''a subdivision'' within the meaning of this section. This chapter also does not apply to the leasing of apartments, offices, stores, or similar space within an apartment building, industrial building, commercial building, or mobilehome park, as defined under Section 18214 of the Health and Safety Code, except that the offering of leases for a term in excess of five years to tenants within a mobilehome park as a mandatory requirement and prerequisite to tenancy within the mobilehome park shall be subject to the provisions of this chapter. The leasing of apartments in a community apartment project, as defined in Section 11004 in an apartment or similar space within a commercial building or complex, shall be subject to the provisions of this chapter.

(b) Nothing in this section shall in any way modify or affect any of the provisions of Section 66424 of the Government Code.

(c) Subdivisions, as defined in Section 10249.1, which are located entirely outside California shall be exempt from the provisions of this part.

SEC. 3. Section 11000.1 of the Business and Professions Code is amended to read:

11000.1. (a) ''Subdivided lands'' and ''subdivision,'' as defined by Sections 11000 and 11004.5, also include improved or unimproved land or lands, a lot or lots, or a parcel or parcels, of any size, in which, for the purpose of sale or lease or financing, whether immediate or future, five or more undivided interests are created or are proposed to be created.

(b) This section does not apply to the creation or proposed creation of undivided interests in land if any one of the following conditions exists:

(1) The undivided interests are held or to be held by persons related one to the other by blood or marriage.

(2) The undivided interests are to be purchased and owned solely by persons who present evidence satisfactory to the Real Estate Commissioner that they are knowledgeable and experienced investors who comprehend the nature and extent of the risks involved in the ownership of these interests. The Real Estate Commissioner shall grant an exemption from this part if the undivided interests are to be purchased by no more than 10 persons, each of whom furnishes a signed statement to the commissioner that he or she (A) is fully informed concerning the real property to be acquired and his or her interest in that property including the risks involved in ownership of undivided interests, (B) is purchasing the interest or interests for his or her own account and with no present intention to resell or otherwise dispose of the interest for value, and (C) expressly waives protections afforded to a purchaser by this part.

(3) The undivided interests are created as the result of a foreclosure sale.

(4) The undivided interests are created by a valid order or decree of a court.

(5) The offering and sale of the undivided interests have been expressly qualified by the issuance of a permit from the Commissioner of Corporations pursuant to the Corporate Securities Law of 1968 (Division 1 (commencing with Section 25000) of Title 4 of the Corporations Code).

SEC. 4. Section 11003.5 of the Business and Professions Code is repealed.

SEC. 5. Section 11004.5 of the Business and Professions Code is amended to read:

11004.5. In addition to any provisions of Section 11000 of this code the reference therein to ''subdivided lands'' and ''subdivision'' shall include all of the following:

(1) Any accompanying memberships or other rights or privileges created in, or in connection with, any of the forms of development referred to in subdivision (a), (b), (c), (d), (e), or (f) above by any deeds, conveyances, leases, subleases, assignments, declarations of restrictions, articles of incorporation, bylaws or contracts applicable thereto.

(2) Any interests or memberships in any owners' association as described in Section 11003.1 created in connection with any of the forms of the development referred to in subdivision (a), (b), (c), (d), (e), or (f) above.

(g) Notwithstanding this section, time-share plans, exchange programs, incidental benefits, and short term product subject to Chapter 2 (commencing with Section 11210) of Part 2 of Division 4 of the Business and Professions Code are not ''subdivisions'' or ''subdivided lands'' subject to this chapter.

SEC. 6. Section 11004.6 of the Business and Professions Code is repealed.

SEC. 7. Section 11018.1 of the Business and Professions Code is amended to read:

11018.1. (a) A copy of the public report of the commissioner, when issued, shall be given to the prospective purchaser by the owner, subdivider or agent prior to the execution of a binding contract or agreement for the sale or lease of any lot or parcel in a subdivision. The requirement of this section extends to lots or parcels offered by the subdivider after repossession. A receipt shall be taken from the prospective purchaser in a form and manner as set forth in regulations of the Real Estate Commissioner.

(b) A copy of the public report shall be given by the owner, subdivider or agent at any time, upon oral or written request, to any member of the public. A copy of the public report and a statement advising that a copy of the public report may be obtained from the owner, subdivider or agent at any time, upon oral or written request, shall be posted in a conspicuous place at any office where sales or leases or offers to sell or lease lots within the subdivision are regularly made.

(c) At the same time that a public report is required to be given by the owner, subdivider, or agent pursuant to subdivision (a) with respect to a common interest development, as defined, in subdivision (c) of Section 1351 of the Civil Code, the owner, subdivider, or agent shall give the prospective purchaser a copy of the following statement:

''COMMON INTEREST DEVELOPMENT GENERAL INFORMATION

The project described in the attached Subdivision Public Report is known as a common-interest development. Read the public report carefully for more information about the type of development. The development includes common areas and facilities which will be owned or operated by an owners' association. Purchase of a lot or unit automatically entitles and obligates you as a member of the association and, in most cases, includes a beneficial interest in the areas and facilities. Since membership in the association is mandatory, you should be aware of the following information before you purchase:

Your ownership in this development and your rights and remedies as a member of its association will be controlled by governing instruments which generally include a Declaration of Restrictions (also known as CC&R's), Articles of Incorporation (or association) and bylaws. The provisions of these documents are intended to be, and in most cases are, enforceable in a court of law. Study these documents carefully before entering into a contract to purchase a subdivision interest.

In order to provide funds for operation and maintenance of the common facilities, the association will levy assessments against your lot or unit. If you are delinquent in the payment of assessments, the association may enforce payment through court proceedings or your lot or unit may be liened and sold through the exercise of a power of sale. The anticipated income and expenses of the association, including the amount that you may expect to pay through assessments, are outlined in the proposed budget. Ask to see a copy of the budget if the subdivider has not already made it available for your examination.

A homeowner association provides a vehicle for the ownership and use of recreational and other common facilities which were designed to attract you to buy in this development. The association also provides a means to accomplish architectural control and to provide a base for homeowner interaction on a variety of issues. The purchaser of an interest in a common-interest development should contemplate active participation in the affairs of the association. He or she should be willing to serve on the board of directors or on committees created by the board. In short, ''they'' in a common interest development is ''you.'' Unless you serve as a member of the governing board or on a committee appointed by the board, your control of the operation of the common

areas and facilities is limited to your vote as a member of the association. There are actions that can be taken by the governing body without a vote of the members of the association which can have a significant impact upon the quality of life for association members.

Until there is a sufficient number of purchasers of lots or units in a common interest development to elect a majority of the governing body, it is likely that the subdivider will effectively control the affairs of the association. It is frequently necessary and equitable that the subdivider do so during the early stages of development. It is vitally important to the owners of individual subdivision interests that the transition from subdivider to resident-owner control be accomplished in an orderly manner and in a spirit of cooperation.

When contemplating the purchase of a dwelling in a common interest development, you should consider factors beyond the attractiveness of the dwelling units themselves. Study the governing instruments and give careful thought to whether you will be able to exist happily in an atmosphere of cooperative living where the interests of the group must be taken into account as well as the interests of the individual. Remember that managing a common interest development is very much like governing a small community ... the management can serve you well, but you will have to work for its success.''

Failure to provide the statement in accordance with this subdivision shall not be deemed a violation subject to Section 10185.

SEC. 8. Section 11018.5 of the Business and Professions Code is amended to read:

11018.5. With respect to the subdivisions and interests of the type described in Section 11004.5, and in addition to the other grounds for denial of a public report as set forth in this code, the commissioner shall issue a public report if the commissioner finds the following with respect to any such subdivision or interest:

(a) (1) Reasonable arrangements have been made to assure completion of the subdivision and all offsite improvements included in the offering.

(2) If the condominium or community apartment project, stock cooperative or planned development, or premises or facilities within the common area are not completed prior to the issuance of a final subdivision public report on the project, the subdivider shall specify a reasonable date for completion and shall comply with one of the following conditions:

(A) Arranges for lien and completion bond or bonds in an amount and subject to such terms, conditions and coverage as the commissioner may approve to assure completion of the improvements lien free.

(B) All funds from the sale of lots or parcels or such portions thereof as the commissioner shall determine are sufficient to assure construction of the improvement or improvements, shall be impounded in a neutral escrow depository acceptable to the commissioner until the improvements have been completed and all applicable lien periods have expired; provided, however, the commissioner determines the time for the completion is reasonable.

(C) An amount sufficient to cover the costs of construction shall be deposited in a neutral escrow depository acceptable to the commissioner under a written agreement providing for disbursements from that escrow as work is completed.

(D) If the project is a condominium situated on a single parcel as shown on an approved final subdivision map, arrange for (i) lien and completion bond or bonds in an amount sufficient to assure lien-free completion of all common area improvements not located in a residential structure, and (ii) placement of all funds, or such portions thereof as the commissioner shall determine are sufficient, from the sales of condominium interests in a neutral escrow depository acceptable to the commissioner. The funds for purchase or lease of the condominium interest shall remain in the escrow account until the residential structure in which the purchaser's separate unit is located has been completed, and all lien periods applicable to the purchaser's separate and undivided interests in the entire project arising out of the work of improvement performed by either the subdivider or any successor in interest to the subdivider have expired or have been insured against in a manner satisfactory to the commissioner.

(E) Such other alternative plan as may be approved by the commissioner.

(b) The deeds, conveyances, leases, subleases, or instruments or assignment to be used are adequate to transfer to the purchasers the legal interests and uses which the owner or subdivider represents the purchasers will receive.

(c) After transfer of title to the first lot, apartment, or condominium in the subdivision to any purchaser, the provisions of the declaration of restrictions, articles of incorporation, bylaws, management contracts (and the provisions of any and all other documents establishing, in whole or in part, the plan for use, enjoyment, maintenance, and preservation of the subdivision) as last submitted to the commissioner prior to issuance of the final public report, shall be binding upon the purchaser and occupant of every other lot, apartment, or condominium in the subdivision, including, except with regard to a limited-equity housing cooperative, purchasers acquiring title by foreclosure, whether judicial or nonjudicial, or by deed in lieu thereof, under any mortgage or deed of trust, whether or not the mortgage or deed of trust was recorded prior

to recordation of the covenants, conditions and restrictions applicable to the first lot, apartment, or condominium.

(d) Reasonable arrangements have been made for delivery of control over the subdivision and all offsite land and improvements included in the offering, to the purchasers of lots, apartments, or condominiums in the subdivision.

(e) Reasonable arrangements have been or will be made as to the interest of each of the purchasers of lots, apartments, or condominiums in the subdivision with respect to the management, maintenance, preservation, operation, use, right of resale, and control of their lots, apartments, or condominiums, and such other areas or interests, whether or not within, or pertaining to, areas within the boundaries of the subdivision, as have been or will be made subject to the plan of control proposed by the owner and subdivider, and which are included in the offering.

''Purchaser,'' as used in this section, shall include within its meaning a lessee of the legal interests described in Section 11003 of this code.

SEC. 9. Section 11018.8 of the Business and Professions Code is repealed.

SEC. 10. Section 11018.9 of the Business and Professions Code is repealed.

SEC. 11. Section 11018.10 of the Business and Professions Code is repealed.

SEC. 12. Section 11018.11 of the Business and Professions Code is repealed.

SEC. 13. Section 11024 of the Business and Professions Code is repealed.

SEC. 14. Chapter 2 (commencing with Section 11210) is added to Part 2 of Division 4 of the Business and Professions Code, to read:

CHAPTER 2. THE VACATION OWNERSHIP AND TIME-SHARE ACT OF 2004

Article 1. General Provisions

11210. This chapter may be cited as the Vacation Ownership and Time-share Act of 2004.

11211. The purposes of this chapter are to do all of the following:

(a) Provide full and fair disclosure to the purchasers and prospective purchasers of time-share plans.

(b) Require certain time-share plans offered for sale or created and existing in this state to be subject to the provisions of this chapter.

(c) Recognize that the tourism industry in this state is a vital part of the state's economy; that the sale, promotion, and use of time-share plans

is an emerging, distinct segment of the tourism industry; that this segment of the tourism industry continues to grow, both in volume of sales and in complexity and variety of product structures; and that a uniform and consistent method of regulation is necessary in order to safeguard California's tourism industry and the state's economic well-being.

(d) In order to protect the quality of California time-share plans and the consumers who purchase them, it is the intent of the Legislature that this chapter be interpreted broadly in order to encompass all forms of time-share plans with a duration of at least three years that are created with respect to accommodations that are located in the state or that are offered for sale in the state, including, but not limited to, condominiums, cooperatives, vacation clubs, and multisite vacation plans.

(e) It is the intent of the Legislature that this chapter not be interpreted to preempt the application of, the enforcement of, or alter the standards of, the general consumer protection laws of this state set forth in Sections 17200 to 17209, inclusive, and Sections 17500 to 17539.1, inclusive, of the Business and Professions Code.

11211.5. (a) This chapter applies to all of the following:

(1) Time-share plans with an accommodation or component site in this state.

(2) Time-share plans without an accommodation or component site in this state, if those time-share plans are sold or offered to be sold to any individual located within this state.

(3) Exchange programs as defined in this chapter.

(4) Short-term products as defined in this chapter.

(b) This chapter does not apply to any of the following:

(1) Time-share plans, whether or not an accommodation is located in this state, consisting of 10 or fewer time-share interests. Use of an exchange program by owners of time-share interests to secure access to other accommodations shall not affect this exemption.

(2) Time-share plans, whether or not an accommodation is located in this state, the use of which extends over any period of three years or less.

(3) Time-share plans, whether or not an accommodation is located in this state, under which the prospective purchaser's total financial obligation will be equal to or less than three thousand dollars ($3,000) during the entire term of the time-share plan.

(c) For purposes of determining the term of a time-share plan, the period of any renewal or renewal option shall be included.

(d) Single site time-share plans located outside the state and component sites of multisite time-share plans located outside the state, that are offered for sale or sold in this state are subject only to Sections 11210 to 11219, inclusive, Sections 11225 to 11245, inclusive, Sections 11250 to 11256, inclusive, paragraphs (1), (2), (3), and (4) of subdivision

11211.7. (a) Any time-share plan registered pursuant to this chapter to which the Davis-Stirling Common Interest Development Act (Chapter 1 (commencing with Section 1350) of Part 4 of Division 2 of the Civil Code) might otherwise apply is exempt from that act, except for Sections 1354, 1355, 1355.5, 1356, 1357, 1358, 1361, 1361.5, 1362, 1363.05, 1364, 1365.5, 1370, and 1371 of the Civil Code.

(b) (1) To the extent that a single site time-share plan or component site of a multisite time-share plan located in the state is structured as a condominium or other common interest development, and there is any inconsistency between the applicable provisions of this chapter and the Davis-Stirling Common Interest Development Act, the applicable provisions of this chapter shall control.

(2) To the extent that a time-share plan is part of a mixed use project where the time-share plan comprises a portion of a condominium or other common interest development, the applicable provisions of this chapter shall apply to that portion of the project uniquely comprising the time-share plan, and the Davis-Stirling Common Interest Development Act shall apply to the project as a whole.

(c) (1) The offering of any time-share plan, exchange program, incidental benefit, or short term product in this state that is subject to the provisions of this chapter shall be exempt from Sections 1689.5 to 1689.14, inclusive, of the Civil Code (Home Solicitation Sales), Sections 1689.20 to 1689.24, inclusive, of the Civil Code (Seminar Sales), and Sections 1812.100 to 1812.129, inclusive, of the Civil Code (Contracts for Discount Buying Services).

(2) A developer or exchange company that, in connection with a time-share sales presentation or offer to arrange an exchange, offers a purchaser the opportunity to utilize the services of an affiliate, subsidiary, or third-party entity in connection with wholesale or retail air or sea transportation, shall not, in and of itself, cause the developer or exchange company to be considered a seller of travel subject to Sections 17550 to 17550.34, inclusive, of the Business and Professions Code, so long as the entity that actually provides or arranges the air or sea transportation is registered as a seller of travel with the California Attorney General's office or is otherwise exempt under those sections.

(d) To the extent certain sections in this chapter require information and disclosure that by their terms only apply to real property time-share plans, those requirements shall not apply to personal property time-share plans.

11212. As used in this chapter, the following definitions apply:

(a) ''Accommodation'' means any apartment, condominium or cooperative unit, cabin, lodge, hotel or motel room, or other private or commercial structure containing toilet facilities therein that is designed and available, pursuant to applicable law, for use and occupancy as a residence by one or more individuals, or any unit or berth on a commercial passenger ship, which is included in the offering of a time-share plan.

(b) ''Advertisement'' means any written, oral, or electronic communication that is directed to or targeted to persons within the state or such a communication made from this state or relating to a time-share plan located in this state and contains a promotion, inducement, or offer to sell a time-share plan, including, but not limited to, brochures, pamphlets, radio and television scripts, electronic media, telephone and direct mail solicitations, and other means of promotion.

(c) ''Association'' means the organized body consisting of the purchasers of time-share interests in a time-share plan.

(d) ''Assessment'' means the share of funds required for the payment of common expenses which is assessed from time to time against each purchaser by the managing entity.

(e) ''Commissioner'' means the Real Estate Commissioner.

(f) ''Component site'' means a specific geographic location where accommodations that are part of a multisite time-share plan are located. Separate phases of a time-share property in a specific geographic location and under common management shall not be deemed a component site.

(g) ''Conspicuous type'' means either of the following:

(1) Type in upper and lower case letters two point sizes larger than the nearest nonconspicuous type, exclusive of headings, on the page on which it appears but in at least 10-point type.

(2) Conspicuous type may be utilized in contracts for purchase or public permits only where required by law or as authorized by the commissioner.

(h) ''Department'' means the Department of Real Estate.

(i) ''Developer'' means and includes any person who creates a time-share plan or is in the business of selling time-share interests, other than those employees or agents of the developer who sell time-share interests on the developer's behalf, or employs agents to do the same, or any person who succeeds to the interest of a developer by sale, lease, assignment, mortgage, or other transfer, but the term includes only those persons who offer time-share interests for disposition in the ordinary course of business.

(j) ''Dispose'' or ''disposition'' means a voluntary transfer or assignment of any legal or equitable interest in a time-share plan, other than the transfer, assignment, or release of a security interest.

(k) ''Exchange company'' means any person owning or operating, or both owning and operating, an exchange program.

(*l*) ''Exchange program'' means any method, arrangement, or procedure for the voluntary exchange of time-share interests or other property interests. The term does not include the assignment of the right to use and occupy accommodations to owners of time-share interests within a single site time-share plan. Any method, arrangement, or procedure that otherwise meets this definition in which the purchaser's total contractual financial obligation exceeds three thousand dollars ($3,000) per any individual, recurring time-share period, shall be regulated as a time-share plan in accordance with this chapter. For purposes of determining the purchaser's total contractual financial obligation, amounts to be paid as a result of renewals and options to renew shall be included in the term except for the following: (1) amounts to be paid as a result of any optional renewal that a purchaser, in his or her sole discretion may elect to exercise, (2) amounts to be paid as a result of any automatic renewal in which the purchaser has a right to terminate during the renewal period at any time and receive a pro rata refund for the remaining unexpired renewal term, or (3) amounts to be paid as a result of an automatic renewal in which the purchaser receives a written notice no less than 30 nor more than 90 days prior to the date of renewal informing the purchaser of the right to terminate prior to the date of renewal. Notwithstanding these exceptions, if the contractual financial obligation exceeds three thousand dollars ($3,000) for any three-year period of any renewal term, amounts to be paid as a result of that renewal shall be included in determining the purchaser's total contractual financial obligation.

(m) ''Incidental benefit'' is an accommodation, product, service, discount, or other benefit, other than an exchange program, that is offered to a prospective purchaser of a time-share interest prior to the end of the rescission period set forth in Section 11238, the continuing availability of which for the use and enjoyment of owners of time-share interests in the time-share plan is limited to a term of not more than three years, subject to renewal or extension. The term shall not include an offer of the use of the accommodation, product, service, discount, or other benefit on a free or discounted one-time basis.

(n) ''Managing entity'' means the person who undertakes the duties, responsibilities, and obligations of the management of a time-share plan.

(o) ''Offer'' means any inducement, solicitation, or other attempt, whether by marketing, advertisement, oral or written presentation, or any other means, to encourage a person to acquire a time-share interest in a time-share plan, other than as security for an obligation.

(p) ''Person'' means a natural person, corporation, limited liability company, partnership, joint venture, association, estate, trust,

government, governmental subdivision or agency, or other legal entity, or any combination thereof.

(q) ''Promotion'' means a plan or device, including one involving the possibility of a prospective purchaser receiving a vacation, discount vacation, gift, or prize, used by a developer, or an agent, independent contractor, or employee of any of the same on behalf of the developer, in connection with the offering and sale of time-share interests in a time-share plan.

(s) ''Purchaser'' means any person, other than a developer, who by means of a voluntary transfer for consideration acquires a legal or equitable interest in a time-share plan other than as security for an obligation.

(t) ''Purchase contract'' means a document pursuant to which a developer becomes legally obligated to sell, and a purchaser becomes legally obligated to buy, a time-share interest.

(u) ''Reservation system'' means the method, arrangement, or procedure by which a purchaser, in order to reserve the use or occupancy of any accommodation of a multisite time-share plan for one or more time-share periods, is required to compete with other purchasers in the same multisite time-share plan, regardless of whether the reservation system is operated and maintained by the multisite time-share plan managing entity, an exchange company, or any other person. If a purchaser is required to use an exchange program as the purchaser's principal means of obtaining the right to use and occupy accommodations in a multisite time-share plan, that arrangement shall be deemed a reservation system. When an exchange company utilizes a mechanism for the exchange of use of time-share periods among members of an exchange program, that utilization is not a reservation system of a multisite time-share plan.

(v) ''Short-term product'' means the right to use accommodations on a one-time or recurring basis for a period or periods not to exceed 30 days per stay and for a term of three years or less, and that includes an agreement that all or a portion of the consideration paid by a person for the short-term product will be applied to or credited against the price of a future purchase of a time-share interest or that the cost of a future purchase of a time-share interest will be fixed or locked-in at a specified price.

(w) ''Time-share instrument'' means one or more documents, by whatever name denominated, creating or governing the operation of a

time-share plan and includes the declaration dedicating accommodations to the time-share plan.

(x) ''Time-share interest'' means and includes either of the following:

(1) A ''time-share estate,'' which is the right to occupy a time-share property, coupled with a freehold estate or an estate for years with a future interest in a time-share property or a specified portion thereof.

(2) A ''time-share use,'' which is the right to occupy a time-share property, which right is neither coupled with a freehold interest, nor coupled with an estate for years with a future interest, in a time-share property.

(y) ''Time-share period'' means the period or periods of time when the purchaser of a time-share plan is afforded the opportunity to use the accommodations of a time-share plan.

(z) ''Time-share plan'' means any arrangement, plan, scheme, or similar device, other than an exchange program, whether by membership agreement, sale, lease, deed, license, right to use agreement, or by any other means, whereby a purchaser, in exchange for consideration, receives ownership rights in or the right to use accommodations for a period of time less than a full year during any given year, on a recurring basis for more than one year, but not necessarily for consecutive years. A time-share plan may be either of the following:

(1) A ''single site time-share plan,'' which is the right to use accommodations at a single time-share property.

(2) A ''multisite time-share plan,'' which includes either of the following:

(A) A ''specific time-share interest,'' which is the right to use accommodations at a specific time-share property, together with use rights in accommodations at one or more other component sites created by or acquired through the time-share plan's reservation system.

(B) A ''nonspecific time-share interest,'' which is the right to use accommodations at more than one component site created by or acquired through the time-share plan's reservation system, but including no specific right to use any particular accommodations.

(aa) ''Time-share property'' means one or more accommodations subject to the same time-share instrument, together with any other property or rights to property appurtenant to those accommodations.

11213. Each time-share estate, as specified in paragraph (1) of subdivision (x) of Section 11212, constitutes, for purposes of title, a separate estate or interest in real property including ownership in real property for tax purposes.

11214. (a) The developer shall supervise, manage, and control all aspects of the offering of the time-share plan by or on behalf of the developer, including, but not limited to, promotion, advertising, contracting, and closing. The developer is responsible for each

time-share plan registered with the commissioner and for the actions of any sales or marketing entity utilized by the developer in the offering or selling of any registered time-share plan.

(b) Any violation of this chapter that occurs during the offering activities shall be deemed to be a violation by the developer as well as by the person who actually committed the violation.

11215. (a) The time-share instrument shall prohibit a person from seeking or obtaining, through any legal procedures, judicial partition of the time-share interest or sale of the time-share interest, in lieu of partition and shall subordinate all rights that a time-share interest owner might otherwise have as a tenant-in-common in real property to the terms of the time-share instrument.

(b) Subdivision (a) shall not be deemed to prohibit a sale of an accommodation upon termination of the time-share plan or the removal of an accommodation from the time-share plan in accordance with applicable provisions of the time-share instrument.

11216. (a) An exchange program is not a part of a time-share plan offering and, except as provided in this section and Section 11238, shall not be subject to either this chapter or the regulations of the commissioner adopted pursuant to this chapter.

(b) If a developer offers a purchaser the opportunity to subscribe to or to become a member of an exchange program, the developer shall provide to the purchaser in writing all of the information set forth in paragraphs (1) to (17), inclusive. If the exchange company is offering directly to the purchaser the opportunity to subscribe to or become a member of an exchange company, the exchange company shall provide to the purchaser in writing all of the information set forth in paragraphs (1) to (17), inclusive. In either case, the written information shall be provided prior to or concurrently with the execution of any contract or subscription for membership in the exchange program.

(1) The name and address of the exchange company.

(2) The names of all officers, directors, and shareholders of the exchange company.

(3) Whether the exchange company or any of its officers or directors have any legal or beneficial interest in any developer or managing entity for any time-share plan participating in the exchange program and, if so, the identity of the time-share plan and the nature of the interest.

(4) A copy of the form of the contract between the purchaser and the exchange company, along with a statement that the purchaser's contract with the exchange company is a contract separate and distinct from the purchaser's contract with the seller of time-share interests.

(5) Whether the purchaser's participation in the exchange program is dependent upon the continued affiliation of the applicable time-share plan with the exchange program.

(6) Whether the purchaser's participation in the exchange program is voluntary.

(7) A fair and accurate description of the terms and conditions of the purchaser's contractual relationship with the exchange program and the procedure by which changes thereto may be made.

(8) A fair and accurate description of the procedures necessary to qualify for and effectuate exchanges.

(9) A fair and accurate description of all limitations, restrictions, and priorities employed in the operation of the exchange program, including, but not limited to, limitations on exchanges based on seasonality, accommodation size, or levels of occupancy, expressed in conspicuous type. If those limitations, restrictions, or priorities are not uniformly applied by the exchange company, the information shall include a clear description of the manner in which they are applied.

(10) Whether exchanges are arranged on a space available basis and whether any guarantees of fulfillment of specific requests for exchanges are made by the exchange company.

(11) Whether and under what circumstances an owner, in dealing with the exchange program, may lose the right to use and occupy an accommodation of the time-share plan during a reserved use period with respect to any properly applied for exchange without being provided with substitute accommodations by the exchange program.

(12) The fees or range of fees for participation by owners in the exchange program, a statement of whether any such fees may be altered by the exchange company and the circumstances under which alterations may be made.

(15) The number of currently enrolled owners for each time-share plan participating in the exchange program, expressed within the following numerical groups: 1–100; 101–249; 250–499; 500–999; and 1,000 and over; and a statement of the criteria used to determine those owners who are currently enrolled with the exchange program.

(16) The disposition made by the exchange company of use periods deposited with the exchange program by owners enrolled in the exchange program and not used by the exchange company in effecting exchanges.

(17) The following information for the preceding calendar year, which shall be independently audited by a certified public accountant in accordance with the standards of the Accounting Standards Board of the

American Institute of Certified Public Accountants and reported annually no later than August 1 of each year:

(A) The number of owners currently enrolled in the exchange program.

(B) The number of time-share plans that have current affiliation agreements with the exchange program.

(C) The percentage of confirmed exchanges, which is the number of exchanges confirmed by the exchange program divided by the number of exchanges properly applied for, together with a complete and accurate statement of the criteria used to determine whether an exchange request was properly applied for.

(D) The number of use periods for which the exchange program has an outstanding obligation to provide an exchange to an owner who relinquished a use period during a particular year in exchange for a use period in any future year.

(E) The number of exchanges confirmed by the exchange program during the year.

(F) A statement in conspicuous type to the effect that the percentage described in subparagraph (C) is a summary of the exchange requests entered with the exchange program in the period reported and that the percentage does not indicate the probabilities of an owner's being confirmed to any specific choice or range of choices.

(c) All written, visual, and electronic communications relating to an exchange company or an exchange program shall be filed with the commissioner upon its request.

(d) The failure of an exchange company to observe the requirements of this section, and the use of any unfair or deceptive act or practice in connection with the operation of an exchange program, is a violation of this chapter.

(e) An exchange company may elect to deny exchange privileges to any owner whose use of the accommodations of the owner's time-share plan is denied, and no exchange program or exchange company shall be liable to any of its members or any third parties on account of any such denial of exchange privileges.

11217. (a) The following communications shall not be deemed an advertisement or promotion and are exempt from this chapter so long as the communications are in compliance with Section 11245:

(1) Any stockholder communication, such as an annual report or interim financial report, proxy material, a registration statement, a securities prospectus, a registration, a property report, or other material required to be delivered to a prospective purchaser by an agency of any state or the federal government.

(2) Any oral or written statement disseminated by a developer to broadcast or print media, other than paid advertising or promotional

material, regarding plans for the acquisition or development of time-share property. However, any rebroadcast or any other dissemination of the oral statements to a prospective purchaser by a developer or any person in any manner, or any distribution of copies of newspaper magazine articles or press releases, or any other dissemination of the written statements to a prospective purchaser by a developer or any person in any manner, shall constitute an advertisement.

(3) Any advertisement or promotion in any medium to the general public if the advertisement or promotion clearly states that it is not an offer in any jurisdiction in which any applicable registration requirements have not been fully satisfied.

(4) Any audio, written, or visual publication or material relating to the availability of any accommodations for transient rental, so long as a sales presentation is not a term or condition of the availability of the accommodations and so long as the failure of any transient renter to take a tour of a time-share property or attend a sales presentation does not result in any reduction in the level of services that would otherwise be available to the transient renter.

(b) Any communication regarding a time-share interest that is addressed to any person who has previously executed a contract for the sale or purchase of that time-share interest and that does not constitute a solicitation of a time-share interest, shall be exempt from this chapter.

11218. A time-share interest in a time-share plan shall be deemed an interest in subdivided lands or a subdivision for purposes of subdivision (f) of Section 25100 of the Corporations Code.

11219. (a) Time-share plans registered as Qualified Resort Vacation Club Projects under prior law shall continue to operate under that prior law notwithstanding anything in this chapter to the contrary.

(b) (1) All registrations of time-share plans in effect on the effective date of this chapter shall remain in full force and effect and shall be considered registered pursuant to this chapter.

When an amendment or renewal of a time-share plan is filed with the commissioner, the existing registration continues in full force and effect while the amendment or renewal is pending before the commissioner.

(c) Any existing injunction or temporary restraining order validly obtained that prohibits unregistered practice of time-share developers, time-share plans, or their agents shall not be invalidated by the

enactment of this chapter and shall continue to have full force and effect on and after the effective date of this chapter.

Article 2. Registration, Sale Requirements, and Fees

11225. A person shall not be required to register a time-share plan with the commissioner pursuant to this chapter if any of the following applies:

(a) The person is an owner of a time-share interest who has acquired the time-share interest for the person's own use and occupancy and who later offers it for resale.

(b) The person is a managing entity or an association that is not otherwise a developer of a time-share plan in its own right, solely while acting as an association or under a contract with an association to offer or sell a time-share interest transferred to the association through foreclosure, deed in lieu of foreclosure, or gratuitous transfer, if these acts are performed in the regular course of, or as an incident to, the management of the association for its own account in the time-share plan. Notwithstanding the exemption from registration, the association or managing entity shall provide each purchaser of a time-share interest covered by this subdivision a copy of the time-share instruments, a copy of the then-current budget, a written statement of the then-current assessment amounts, and shall provide the purchaser the opportunity to rescind the purchase within seven days after receipt of these documents. Immediately prior to the space reserved in the contract for the signature of the purchaser, the association or managing entity shall disclose, in conspicuous type, substantially the following notice of cancellation:

YOU MAY CANCEL THIS CONTRACT WITHOUT ANY PENALTY OR OBLIGATION WITHIN SEVEN CALENDAR DAYS OF RECEIPT OF THE PUBLIC REPORT OR AFTER THE DATE YOU SIGN THIS CONTRACT, WHICHEVER DATE IS LATER. IF YOU DECIDE TO CANCEL THIS CONTRACT, YOU MUST NOTIFY THE ASSOCIATION (OR MANAGING ENTITY) IN WRITING OF YOUR INTENT TO CANCEL. YOUR NOTICE OF CANCELLATION SHALL BE EFFECTIVE UPON THE DATE SENT AND SHALL BE SENT TO (NAME OF ASSOCIATION OR MANAGING ENTITY) AT (ADDRESS OF ASSOCIATION OR MANAGING ENTITY). YOUR NOTICE OF CANCELLATION MAY ALSO BE SENT BY FACSIMILE TO (FACSIMILE NUMBER OF THE ASSOCIATION OR MANAGING ENTITY) OR BY HAND-DELIVERY. ANY ATTEMPT TO OBTAIN A WAIVER OF YOUR CANCELLATION RIGHT IS VOID AND OF NO EFFECT.

(c) The person is conveyed, assigned, or transferred more than seven time-share interests from a developer in a single voluntary or involuntary transaction and subsequently conveys, assigns, or transfers all of the time-share interests received from the developer to a single purchaser in a single transaction.

(d) (1) The developer is offering or disposing of a time-share interest to a purchaser who has previously acquired a time-share interest from the same developer if the developer has a time-share plan registered under this chapter, which was originally approved by the commissioner within the preceding seven years, and the developer complies in all respects with the provisions of Section 11245, and, further, provides the purchaser with (A) a cancellation period of at least seven days, (B) all the time-share disclosure documents that are required to be provided to purchasers as if the sale occurred in the state or jurisdiction where the time-share property is located, and (C) the following disclaimer in conspicuous type:

WARNING: THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT EXAMINED THIS OFFERING, INCLUDING, BUT NOT LIMITED TO, THE CONDITION OF TITLE, THE STATUS OF BLANKET LIENS ON THE PROJECT (IF ANY), ARRANGEMENTS TO ASSURE PROJECT COMPLETION, ESCROW PRACTICES, CONTROL OVER PROJECT MANAGEMENT, RACIALLY DISCRIMINATORY PRACTICES (IF ANY), TERMS, CONDITIONS, AND PRICE OF THE OFFER, CONTROL OVER ANNUAL ASSESSMENTS (IF ANY), OR THE AVAILABILITY OF WATER, SERVICES, UTILITIES, OR IMPROVEMENTS. IT MAY BE ADVISABLE FOR YOU TO CONSULT AN ATTORNEY OR OTHER KNOWLEDGEABLE PROFESSIONAL WHO IS FAMILIAR WITH REAL ESTATE AND DEVELOPMENT LAW IN THE STATE WHERE THIS TIME-SHARE PROPERTY IS SITUATED.

(2) By making such an offering or disposition, the person is deemed to consent to the jurisdiction of the commissioner in the event of a dispute with the purchaser in connection with the offering or disposition.

However, it is unlawful and a violation of this chapter for a person, in this state, to sell or lease or offer for sale or lease a time-share interest in such a time-share plan, located outside

the United States, unless the printed material, literature, advertising, or invitation in this state relating to that sale, lease, or offer clearly and conspicuously contains the following disclaimer in capital letters of at least 10-point type:

> WARNING: THE CALIFORNIA DEPARTMENT OF REAL ESTATE HAS NOT EXAMINED THIS OFFERING, INCLUDING, BUT NOT LIMITED TO, THE CONDITION OF TITLE, THE STATUS OF BLANKET LIENS ON THE PROJECT (IF ANY), ARRANGEMENTS TO ASSURE PROJECT COMPLETION, ESCROW PRACTICES, CONTROL OVER PROJECT MANAGEMENT, RACIALLY DISCRIMINATORY PRACTICES (IF ANY), TERMS, CONDITIONS, AND PRICE OF THE OFFER, CONTROL OVER ANNUAL ASSESSMENTS (IF ANY), OR THE AVAILABILITY OF WATER, SERVICES, UTILITIES, OR IMPROVEMENTS. IT MAY BE ADVISABLE FOR YOU TO CONSULT AN ATTORNEY OR OTHER KNOWLEDGEABLE PROFESSIONAL WHO IS FAMILIAR WITH REAL ESTATE AND DEVELOPMENT LAW IN THE COUNTRY WHERE THIS TIME-SHARE PROPERTY IS SITUATED.

(1) If an offer of time-share interest in a time-share plan described in subdivision (e) is not initially made in writing, the foregoing disclaimer shall be received by the offeree in writing prior to a visit to a location, sales presentation, or contact with a person representing the offeror, when the visit or contact was scheduled or arranged by the offeror or its representative. The deposit of the disclaimer in the United States mail, addressed to the offeree and with first-class postage prepaid, at least five days prior to the scheduled or arranged visit or contact, shall be deemed to constitute delivery for purposes of this section.

(2) If any California resident is presented with an agreement or purchase contract to lease or purchase a time-share interest as described in subdivision (e), where an offer to lease or purchase that time-share interest was made to that resident in California, a copy of the disclaimer set forth in subdivision (e) shall be inserted in at least 10-point type at the top of the first page of that agreement or purchase contract and shall be initialed by that California resident.

(3) Nothing contained in this subdivision shall be deemed to exempt from registration in this state a nonspecific time-share interest multisite time-share plan in which any component site in the time-share plan is located in the United States.

11226. (a) Any person who, to any individual located in the state, sells, offers to sell, or attempts to solicit prospective purchasers to

purchase a time-share interest, or any person who creates a time-share plan with an accommodation in the state, shall register the time-share plan with the commissioner, unless the time-share plan is otherwise exempt under this chapter.

(b) A developer, or any of its agents, shall not sell, offer, or dispose of a time-share interest in the state unless all necessary registration requirements are provided and approved by the commissioner, or the sale, offer, or disposition is otherwise permitted by this chapter, or while an order revoking or suspending a registration is in effect.

(c) In registering a time-share plan, the developer shall provide all of the following information:

(1) The developer's legal name, any assumed names used by the developer, principal office street address, mailing address, primary contact person, and telephone number.

(6) A description of the inventory control system that will ensure compliance with Section 11250.

(7) Any other information regarding the developer, time-share plan, or managing entities as established by regulation.

(d) An applicant for a public report for a time-share plan shall present evidence of the following for each accommodation of the time-share plan:

(1) That the accommodation is presently suitable for human occupancy or that financial arrangements have been made to complete construction or renovation of the accommodation to make it suitable for human occupancy on or before the first date for occupancy by a time-share interest owner.

(2) That the accommodation is owned or leased by the developer of the time-share plan or is the subject of an enforceable option or contract under which the developer will build, purchase, or lease the accommodation. Notwithstanding this subdivision, the developer shall present evidence prior to the receipt of a final public report that the

accommodation to be sold is owned or leased by the developer and that the accommodation is free and clear of encumbrances in accordance with Sections 11244 and 11255.

(e) If an accommodation in a time-share plan is located within a local governmental jurisdiction or subdivision of real property in which the dedication of accommodations to time-sharing is expressly prohibited by ordinance or recorded restriction, either absolutely or without a permit or other entitlement from the governing body, the applicant for a public report shall present evidence of a permit or other entitlement by the appropriate authority for the local government or the subdivision.

(f) (1) The developer shall amend or supplement its disclosure documents and registration information, to reflect any material change in any information required by this chapter or the regulations implementing this chapter. The developer shall notify the commissioner of the material change prior to implementation of the change, unless the change is beyond the control of the developer; in which event, the developer shall provide written notice to the commissioner as soon as reasonably practicable after the occurrence of the event necessitating the change. All amendments, supplements, and facts relevant to the material change shall be filed with the commissioner within 20-calendar days of the material change.

(2) The developer may continue to sell time-share interests in the time-share plan so long as, prior to closing, the developer provides a notice to each purchaser that describes the material change and provides to each purchaser the previously approved public report.

(A) If the change is material and adverse to the purchaser, all purchaser funds shall be held in escrow, or pursuant to alternative assurances permitted by subdivision (c) of Section 11243, and no closing shall occur until the amendment relating to the material and adverse change has been approved by the commissioner. After the amendment relating to the material and adverse change has been approved and the amended public report has been issued, the amended public report shall be sent to the purchaser, and an additional seven-day rescission period shall commence. The developer shall be required to maintain evidence of the receipt by each such purchaser of the amended public report.

(B) If the commissioner refuses to approve the amendment relating to the material and adverse change, all sales made using the notice shall be subject to rescission and all funds returned.

(3) The developer shall update the public report to reflect any changes to the time-share plan that are not material and adverse, including the addition of any component sites, within a reasonable time, and may continue to sell and close time-share interests prior to the date that the amended public report is approved.

11227. (a) Subject to subdivision (h), the commissioner shall issue a final public report if all registration requirements have been met as set forth in this chapter and if all deficiencies and substantive inadequacies in the substantially complete application for a final public report for the time-share plan have been corrected.

(b) The commissioner may issue a conditional public report prior to issuing a final public report for a time-share plan if the requirements of subdivision (c) are met, all deficiencies and substantive inadequacies in the substantially complete application for a final public report for the time-share plan have been corrected, the material elements of the offering to be made under the authority of the conditional public report have been established, and all requirements for the issuance of the conditional public report have been met, except for one or more of the following requirements, as may be applicable:

(1) A final map has not been recorded.

(2) A condominium plan has not been recorded.

(3) A declaration of covenants, conditions, and restrictions has not been recorded.

(B) The contract may be rescinded, in which event the entire sum of money paid or advanced by the purchaser shall be returned if (i) a final public report has not been issued within six months after the date of issuance of the conditional public report if the conditional public report is not renewed, (ii) the final public report is not issued within 12 months after the initial conditional public report is received if the conditional

public report has been renewed for an additional six-month period, or (iii) the purchaser or lessee is dissatisfied with the final public report because of a material and adverse change.

(3) Escrow instructions to be used in any transaction conducted under authority of the conditional public report that includes at least the following information:

The renewal of a conditional public report shall not act to afford a purchaser who received the initial conditional public report any additional rescission rights other than those provided to a purchaser when a final public report is issued and a material and adverse change has been made.

(i) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, a disclosure document that has been authorized for use by the state regulatory agency in the state in which the time-share plan or component site is located that contains the disclosures as determined by the commissioner upon review to be substantially equivalent to or greater than the information required to be disclosed pursuant to Section 11234, shall be accepted in lieu of a public report required pursuant to this section. The disclosure document shall contain a cover page issued by the commissioner certifying the approval of its use in lieu of the public report required herein.

(j) Notwithstanding anything in this section to the contrary, the commissioner may grant a 12-month preliminary public report allowing the developer to begin offering and selling time-share interests, in a time-share plan regardless of whether the accommodations of the time-share plan are located within or outside of the state, while the registration is pending with the commissioner. The commissioner may grant one additional 12-month period if the developer is actively and diligently pursuing registration under this chapter. potential purchaser, and place any deposit taken from the potential purchaser into a neutral escrow depository acceptable to the commissioner.

11228. The term of a final public report shall be limited to five years. A renewal shall be issued if the developer, owner, or agent makes application for renewal of any report and has submitted the additional information that the commissioner may require.

11229. (a) In connection with its review of the registration application of a time-share plan, the commissioner may make an examination of any time-share property submitted for registration pursuant to this chapter, and shall, unless there are grounds for denial, issue to the developer a public report authorizing the sale or lease in this state of the time-share interests within the time-share plan submitted pursuant to this chapter. The report shall contain the data obtained in accordance with Section 11234.

The commissioner shall hold the hearing within 20 days thereafter unless the party requesting the hearing requests a postponement. If the hearing is not held within 20 days after request for a hearing is received plus the period of the postponement or if a proposed decision is not rendered within 45 days after submission and an order adopting or rejecting the proposed decision is not issued within 15 days thereafter, the order of denial shall be rescinded and a public report issued.

11230. An effective date for an amendment to a public report should occur no more than 45 calendar days after actual receipt by the commissioner of the amendment. The commissioner shall provide a list of deficiencies regarding the amendments, if any, within 45 calendar days of receipt.

11232. (a) The commissioner may by regulation prescribe filing fees in connection with applications to the Department of Real Estate for a public report pursuant to the provisions of this chapter that are lower than the maximum fees specified in subdivision (b) if the commissioner determines that the lower fees are sufficient to offset the costs and expenses incurred in the administration of this chapter. The commissioner shall hold at least one hearing each calendar year to determine if lower fees than those specified in subdivision (b) should be prescribed.

(b) The filing fees for an application for a public report to be issued under authority of this chapter shall not exceed the following for each time-share plan, location, or phase of the time-share plan in which interests are to be offered for sale or lease:

This section shall remain in effect unless it is superseded pursuant to Section 10266 or subdivision (a) of Section 10266.5, whichever is applicable.

(2) Post a bond to secure the return of a purchaser's purchase money funds in a form and in an amount prescribed by the commissioner.

(3) Make alternative arrangements satisfactory to the commissioner to secure the owner's obligation to return the purchase money funds.

(g) If applicable, the developer shall disclose to the purchaser the type of alternative arrangement to be used and, in the event of a claim, to whom the purchaser should apply for payment under the alternative arrangement.

(h) The developer shall compensate the association for any services acquired from the association or for any of the association's property used when fulfilling a short-term product in excess of services or use of property provided to other owners.

(i) If the contract for a short-term product is negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean, orally or in writing, the developer shall provide to the prospective purchaser prior to the commencement of the rescission period an unexecuted translation of the

contract in the language in which the contract was negotiated. The terms of the short-term contract that is executed in the English language shall determine the rights and obligations of the parties.

11236. (a) A receipt on the form specified herein shall be taken by or on behalf of the developer from each person executing a reservation agreement under authority of a preliminary public report and each person who has made a written offer to purchase or lease a time-share interest under authority of a preliminary, conditional, or final public report.

(b) The developer or his or her agent shall retain each receipt for a final public report for a period of three years from the date of the receipt and shall make the receipts available for inspection by the commissioner or his or her designated representative during regular business hours.

(c) The form approved by the commissioner for the acknowledgment of receipt of a preliminary, conditional, or final public report shall be as follows:

"RECEIPT FOR PUBLIC REPORT

The Law and Regulations of the commissioner require that you as a prospective purchaser or lessee be afforded an opportunity to read the public report for this time-share before you execute a contract to purchase or lease a time-share interest or before any money or other consideration toward purchase or lease of a time-share interest is accepted from you.

You must be afforded an opportunity to read the report before a written reservation or any deposit in connection therewith is accepted from you.

DO NOT SIGN THIS RECEIPT UNTIL YOU HAVE RECEIVED A COPY OF THE REPORT AND HAVE READ IT.

I have read the commissioner's public report on ____ (File No., Tract No., or Name). I understand the report is not a recommendation or endorsement of the time-share, but is for information only. The date of the public report which I received and read is ____.

Developer Is Required to Retain This Receipt for Three Years.

11237. (a) If a purchaser of a time-share interest in a time-share plan is offered the opportunity to acquire an incidental benefit in connection with the sale of a time-share interest, the developer shall provide the

purchaser with a disclosure statement containing all of the following information:

(1) A general description of the incidental benefit, including the terms and conditions governing the use of the incidental benefit.

(2) A statement that the continued availability of the incidental benefit is not necessary for the use and enjoyment of the purchaser's use of any accommodation of the time-share plan.

(3) A statement that the purchaser's use of or participation in the incidental benefit is completely voluntary, and payment of any fee or other cost associated with the incidental benefit is required only upon that use or participation.

(4) A listing of the fees, if any, that the purchaser will be required to pay to use the incidental benefit.

(5) A statement that no costs of acquisition, operation, maintenance, or repair of the incidental benefit shall be passed on to purchasers of time-share interests in the time-share plan as a common expense of the time-share plan.

(b) A developer shall include in its initial application for registration, a description of any incidental benefits which may be used by the developer. The developer may, but shall not be required to describe the incidental benefits in the public report for the time-share plan.

(c) The incidental benefit disclosure is not required to be filed with the commissioner prior to the use of the disclosure. However, the commissioner may request and review the records of the developer to ensure that the incidental benefit disclosure required by this section has been given to purchasers and to ensure that the statements required to be made in the disclosure are accurate as to the operation of each incidental benefit offered by the developer. The developer shall deliver the records to the commissioner within 10 business days of the commissioner's request.

11238. (a) The purchase contract entered into by any person who has made an offer to purchase a time-share interest or interests, any incidental benefit, made on the same day or within seven calendar days after the person attended a sales presentation for a time-share interest, or any right under an exchange program, made on the same day or within seven calendar days after the person attended a sales presentation for a time-share interest, shall be voidable by the purchaser, without penalty, within seven calendar days, or a longer period as provided in the contract, after the receipt of the public report or the execution of the purchase contract, whichever is later.

(1) The purchase contract shall provide notice of the seven-day cancellation period, together with the name and mailing address to which any notice of cancellation shall be delivered.

(2) Notice of cancellation shall be deemed timely if given not later than midnight of the seventh calendar day.

(c) If the notice of cancellation is by United States mail, a rebuttable presumption shall exist that notice was given on the date that it is postmarked. If the notice is sent by facsimile, it shall be considered given on the date of a confirmed transmission. If the notice is by means of a writing sent other than by United States mail or telegraph, it shall be considered as given at the time of delivery at the place of business designated by the developer. Exercising the rescission rights of the time-share interest shall also automatically rescind any agreement for the purchase of an incidental benefit or an enrollment into an exchange program where the agreements were entered into in conjunction with the purchase of the time-share interest.

(d) Each developer shall utilize and furnish each purchaser with a fully completed and executed copy of a contract pertaining to the sale of a time-share interest, which contract shall include the following information:

(1) The actual date the contract is executed by each party.

(2) The names and addresses of the developer and time-share plan.

(3) The initial purchase price and any additional charges to which the purchaser may be subject to in connection with the purchase of the time-share interest, including, but not limited to, financing, or other amounts that will be collected from the purchaser on or before closing, such as the current year's annual assessment for common expenses.

(4) The estimated date of completion of construction of each accommodation promised to be completed which is not completed at the time the contract is executed.

(5) A brief description of the nature and duration of the time-share interest being sold, including whether any interest in real property is being conveyed.

(7) Immediately prior to the space reserved in the contract for the signature of the purchaser, the developer shall disclose, in conspicuous type, substantially the following notice of cancellation:

> You may cancel this contract without any penalty or obligation within seven calendar days of receipt of the public report or after the date you sign this contract, whichever date is later. If you decide to cancel this contract, you must notify the developer in writing of

your intent to cancel. Your notice of cancellation shall be effective upon the date sent and shall be sent to (name of developer) at (address of developer). Your notice of cancellation may also be sent by facsimile to (facsimile number of the developer) or by hand-delivery. Any attempt to obtain a waiver of your cancellation right is void and of no effect.

(8) The purchase contract for an interest in a single site or specific time-share interest multisite time-share plan without an accommodation in this state shall include the following additional disclosure in conspicuous type:

The accommodations of this time-share plan are located outside of California. As such, the management (including all matters relating to the association, the association budget, and any management contract) of this time-share plan is not governed by California law, but by the applicable law, if any, of the jurisdiction in which the accommodations are located as stated in the public report. You should review the governing documents related to the association, the association's budget, and the management of the time-share plan.

(e) If rescission is sought and granted for a violation of this section, the court may also award reasonable attorneys' fees and costs to the prevailing purchaser.

11239. (a) To inform a purchaser of his or her right of cancellation under Section 11238, the developer shall attach to the face page of every copy of a public report given to a prospective purchaser, the cancellation notice set forth in subdivision (b) thereof printed in conspicuous type.

(b) The form and content of the notice shall be as follows:

Your notice of cancellation shall be effective upon the date sent and shall be sent to the developer at the address or facsimile number provided in your purchase contract. Any attempt to obtain a waiver of your cancellation right is void and of

no effect.

(c) Each notice shall also contain the following form. The form shall have all developer-related information completed by the developer and may be used by a purchaser to cancel the sale of the time-share interest:

11240. An estimated operating budget for the time-share plan shall be filed with the commissioner along with the other information required to be registered pursuant to this chapter, and shall contain the following information:

(a) The estimated annual expenses of the time-share plan along with the estimated revenue of the association from all sources, including the amounts collectible from purchasers as assessments. The estimated payments by the purchaser for assessments shall also be stated in the estimated amounts for the times when they will be due. Expenses shall be shown in a manner that enables the purchaser to calculate the annual expenses associated with the time-share interest being purchased. Expenses that are personal to purchasers that are not uniformly incurred by all purchasers or that are not provided for or contemplated by the time-share plan documents may be excluded from this estimate.

(b) (1) The estimated items of expenses of the time-share plan and the association, except as excluded under subdivision (a), including, but not limited to, if applicable, the following items, that shall be stated either as association expenses collectible by assessments or as expenses of the purchaser payable to persons other than the association:

(2) Expenses for the association:

(A) Administration of the association.

(B) Management fees.
(C) Maintenance.
(D) Rent for accommodations.
(E) Taxes upon time-share property.
(F) Taxes upon leased areas.
(G) Insurance.
(H) Security provisions.
(I) Other expenses.
(J) Operating capital.
(K) Equitable apportionment of expenses between time-share and non-time-share uses of the common area, if applicable.

(L) Reserves for deferred maintenance and reserves for capital expenditures. All reserves for any accommodations and common areas of a time-share plan located in this state shall be based upon the estimated life and replacement cost of accommodations and common elements of the time-share plan. For any accommodations and common elements of a time-share plan located outside of this state, the developer shall disclose the amount of reserves for deferred maintenance and capital expenditures required by the law of the situs state, if applicable, and maintained for those accommodations and common elements, which amount of reserves shall be based on the estimated life and replacement cost of each reserve item. The developer or the association shall include in the budget a reasonable reserve accumulation plan. A plan that (i) provides for reserves to be funded within five years at a level of 50 percent of the amount specified in the reserve study as fully funded, and (ii) requires those reserves collected in any given year to equal or exceed the amount of reserve expenditures estimated for that year shall be deemed to be a reasonable reserve accumulation plan. The funding of reserves may be based on collection of reserve amounts in conjunction with annual assessments, or on some alternative mechanism, including, but not limited to, a bond, letter of credit, or similar mechanism. Collection of required reserve amounts solely by one or more special assessments is not reasonable. If control of the association is in owners other than the developer, and such owners vote not to maintain reserves or to maintain reserves at less than 50 percent, the failure to maintain the required level of reserves shall not be cause for denying the developer a public report.

(c) The estimated amounts shall be stated for a period of at least 12 months and may distinguish between the period prior to the time that purchasers elect a majority of the board of administration and the period after that date.

(d) The budget of a phase time-share plan shall contain a note identifying the number of time-share interests covered by the budget, indicating the number of time-share interests, if any, estimated to be

declared as part of the time-share plan during that calendar year, and projecting the common expenses for the time-share plan based upon the number of time-share interests estimated to be declared as part of the time-share plan during that calendar year.

(e) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the budget shall include the subject matter set forth in subdivisions (a) to (d), inclusive. The budget shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if there is a conflict between the affirmative standards set forth in the laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the budget provides for the matters contained in subdivisions (a) to (d), inclusive, the budget shall be deemed to be in compliance with the requirements of this section, and the developer shall not be required to make revisions in order to comply with this section.

(f) The budget shall include a certification subscribed and sworn by an expert in the preparation of time-share plan budgets, who may be (1) an independent public accountant, (2) a certified public accountant, who is an employee of the developer, or (3) at the discretion of the commissioner, another qualified individual or entity. If the budget certification is prepared by a certified public accountant who is an employee of the developer who is not the chief financial officer, the certification shall also be signed on behalf of the developer by an appropriate officer, if the developer is a corporation, or the managing member, if the developer is a limited liability company. The certification concerning the adequacy of the budget shall be in the following form:

> On behalf of the developer of the captioned time-share plan, I/my firm has reviewed or prepared the budget containing projections of income and expenses for time-share operation. My/our experience in this field includes:
>
> I/we have reviewed the budget and investigated the facts set forth in the budget and the facts underlying it with due diligence in order to form a basis for this certification.
>
> I/we certify that the projections in the budget appear reasonable and adequate based on present prices (adjusted to reflect continued inflation and present levels of consumption for comparable units similarly situated) or, for an existing project, based on historical data for the project.

I/we certify that the budget:

(1) Sets forth in detail the terms of the transaction as it relates to the budget and is complete, current, and accurate.
(2) Affords potential investors, purchasers, and participants an adequate basis upon which to found their judgment.
(3) Does not omit any material fact.
(4) Does not contain any untrue statement of a material fact.
(5) Does not contain any fraud, deception, concealment, or suppression.
(6) Does not contain any promise or representation as to the future which is beyond reasonable expectation or unwarranted by existing circumstances.
(7) Does not contain any representation or statement which is false, where I/we:

(A) Knew the truth.
(B) With reasonable effort could have known the truth.
(C) Made no reasonable effort to ascertain the truth.
(D) Did not have knowledge concerning the representation or statement made.

I/we understand that a copy of this certification is intended to be incorporated into the public report so that prospective purchasers may rely on it.

This certification is made under the penalty of perjury for the benefit of all persons to whom this offer is made. We understand that violations are subject to the civil and criminal penalties of the laws of California.

The certification shall be dated within 90 days prior to the date of the submission of the budget to the commissioner. The expert's certification shall be based on experience in the management of hotel, resort, or time-share properties and disclose the approximate number of properties managed and length of time managed, together with other relevant real estate experience, qualifications, and licenses.

(g) Any budget that is not certified by an independent certified public accountant or an employee of the developer who is licensed as a certified public accountant may be reviewed by the commissioner to confirm the accuracy of the certification.

(h) The certified budget for the time-share plan shall be prepared and submitted by the developer to the commissioner annually for as long as the registration is in effect. If the budget is increased more than 20 percent in any year, the developer shall submit to the commissioner, along with the increased budget, evidence that the requirements of paragraph (5) of subdivision (a) of Section 11265 have been met. The budget shall be submitted at least 15 days prior to the first day of the period that it covers. Upon the submission of each annual budget, the exhibit to the public report specified in paragraph (8) of subdivision (a) of, and paragraph (16) of subdivision (c) of, Section 11234 shall be updated. The updating of the exhibit shall not be considered to constitute an amendment of the public report.

(i) The audited financial statements of the association prepared pursuant to paragraph (2) of subdivision (b) of Section 11272 shall be delivered to the commissioner upon request.

(j) At the time an application is submitted for renewal of the public report or any amendment of the public report that affects the budget for the time-share plan, the developer shall submit with the application a copy of the most recent audited financial statement for the time-share plan, along with a certified copy of the budget reflecting the amendment or renewal. If the commissioner, upon reasonable comparison of the budget and the prior year's audited financial statements, determines that the budget is deficient, the commissioner may subject the budget to a substantive review.

11241. (a) The developer is obligated for the expenses associated with unsold inventory held by the developer. The obligation can be fulfilled in either of the following ways:

(1) The developer shall pay the full maintenance fee for each of the interests owned by the developer.

(2) The developer shall enter into a subsidy agreement with the association to subsidize the association budget by covering any shortfall from expenses incurred and assessments collected from other owners.

(b) To assure the fulfillment of the obligations of the developer of a time-share plan to either pay assessments as an owner of time-share interests in the time-share plan or to pay a subsidy, the commissioner shall require that the developer furnish a surety bond, cash deposit, letter of credit, or other alternate assurance enforceable by the association and acceptable to the commissioner and that assurance shall be in the amount required by subdivision (c) and shall be in compliance with either paragraph (1) or (2) of subdivision (c).

(c) The amount of the assurance shall be equal to the lesser of 50 percent of the anticipated cost of operation and maintenance of the time-share plan, including the establishment of reserves for replacement and major repair, for an operational period of one year or 100 percent of

the assessments attributed to the total amount of the total unsold time-share interests owned by the developer and registered pursuant to this chapter. The security shall be delivered to a neutral escrow depository, or to the trustee if title to the time-share property has been delivered to the trustee, along with instructions signed by the developer for the benefit of the association which shall provide as follows:

(1) Where the developer pays full maintenance fees on unsold inventory the security shall remain available to pay any assessments for which the developer is liable and delinquent until the depository or trustee has received both of the following:

(A) Written notice, from the developer that sales of 80 percent of the time-share interest in the time-share plan have been closed.

(B) Written notice from the association that the developer is not delinquent in the payment of assessments for which it is obligated.

(2) Where the developer subsidizes the association in lieu of paying full maintenance fees, the developer shall enter into a subsidy agreement in accordance with the provisions of Section 11242.

(d) If there is a dispute between the developer and the association with respect to the question of satisfaction of the conditions for exoneration or release of the security, the issue shall, at the request of either party, be submitted to arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. The fee payable to the American Arbitration Association to initiate the arbitration shall be remitted by the developer. The cost of arbitration shall ultimately be borne as determined by the arbitrator under these rules.

11242. (a) In any time-share plan in which the developer undertakes to subsidize the cost of operating and maintaining the time-share plan, the developer shall do all of the following:

(1) Enter into a contract with the association that specifies in detail the obligations of the developer and the methods to be used in valuing the goods and services furnished under the time-share plan. The department will not approve a subsidization program unless provisions are made for the accumulation of reserves for replacement and major maintenance of the time-share property in accordance with accepted property management practices and the transfer of the reserve fund to the association on termination of the program.

(2) Furnish the association with an executed copy of the subsidization contract within 10 days after closing of escrow of the first sale or lease of a time-share interest.

(3) Furnish the assurance required by Section 11241.

(b) The assurance specified in paragraph (3) of subdivision (a) shall be delivered to the trustee or an escrow depository acceptable to the department along with an executed copy of the subsidization contract

and instructions to the escrow signed by the developer and on behalf of the association. The instructions shall provide for both of the following:

(1) The escrow agent shall not release or exonerate the security device until it has received written notice, from the association that the developer has faithfully performed all of his or her obligations under the subsidization contract.

(2) If there is a dispute between the developer and the association with respect to the questions of satisfaction of the conditions for exoneration or release of the security, the issue or issues shall, at the request of either party, be submitted to arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association.

(c) The fee payable to the American Arbitration Association to initiate arbitration shall be submitted by the developer. The costs of arbitration shall be borne by the party as determined by the arbitrator pursuant to the rules specified in paragraph (2) of subdivision (b).

11243. The developer shall comply with the following escrow requirements:

(a) A developer of a time-share plan shall deposit into an escrow account in an acceptable escrow depository 100 percent of all funds that are received during the purchaser's rescission period. An acceptable escrow depository includes, when qualified to do business in this state, escrow agents licensed by the Commissioner of Corporations, banks, trust companies, savings and loan associations, title insurers, and underwritten title companies. The deposit of these funds shall be evidenced by an executed escrow agreement between the escrow agent and the developer, that shall include provisions that state the following:

(1) Funds may be disbursed to the developer by the escrow agent from the escrow account only after expiration of the purchaser's rescission period and in accordance with the purchase contract, subject to subdivision (b).

(2) If a prospective purchaser properly cancels the purchase contract pursuant to its terms, the funds shall be paid to the prospective purchaser or paid to the developer if the prospective purchaser's funds have been previously refunded by the developer.

(b) If a developer contracts to sell a time-share interest and the construction of any property in which the time-share interest is located has not been completed, the developer, upon expiration of the rescission period, shall continue to maintain in an escrow account all funds received by or on behalf of the developer from the prospective purchaser under his or her purchase contract. The commissioner shall establish, by regulation, the types of documentation which shall be required for evidence of completion, including, but not limited to, a certificate of occupancy, a certificate of substantial completion, or an inspection by the State Fire Marshal designee or an equivalent public safety inspection

agency in the applicable jurisdiction. Unless the developer submits financial assurances, in accordance with subdivision (c), funds shall not be released from escrow until a certificate of occupancy, or its equivalent, has been obtained and the rescission period has passed, and the time-share interest can be transferred free and clear of blanket encumbrances, including mechanics' liens. Funds to be released from escrow shall be released as follows:

(1) If a prospective purchaser properly cancels the purchase contract pursuant to its terms, the funds shall be paid to the prospective purchaser or paid to the developer if the prospective purchaser's funds have been previously refunded by the developer.

(2) If a prospective purchaser defaults in the performance of the prospective purchaser's obligations under the purchase contract, the funds shall be paid to the developer.

(3) If the funds of a prospective purchaser have not been previously disbursed in accordance with the provisions of this subdivision, they may be disbursed to the developer by the escrow agent upon the issuance of acceptable evidence of completion of construction.

(c) In lieu of the provisions in subdivisions (a) and (b), the commissioner may accept from the developer a surety bond, escrow bond, irrevocable letter of credit, or other financial assurance or arrangement acceptable to the commissioner. Any acceptable financial assurance shall be in an amount equal to or in excess of the lesser of (1) the funds that would otherwise be placed in escrow, or (2) in an amount equal to the cost to complete the incomplete property in which the time-share interest is located. However, in no event shall the amount be less than the amount of funds that would otherwise be placed in escrow pursuant to paragraph (1) of subdivision (a).

(d) The developer shall provide escrow account information to the commissioner and shall execute in writing an authorization consenting to an audit or examination of the account by the commissioner on forms provided by the commissioner. The developer shall comply with the reconciliation and records requirements established by regulation by the commissioner. The developer shall make documents related to the escrow account or escrow obligation available to the commissioner upon the department's request. The escrow agent shall maintain any disputed funds in the escrow account until either of the following occurs:

(1) Receipt of written direction agreed to by signature of all parties.

(2) Deposit of the funds with a court of competent jurisdiction in which a civil action regarding the funds has been filed.

11244. (a) Excluding any encumbrance placed against the purchaser's time-share interest securing the purchaser's payment of purchase money financing for the purchase, the developer shall not be entitled to the release of any funds escrowed under Section 11243 with

respect to each time-share interest and any other property or rights to property appurtenant to the time-share interest, including any amenities represented to the purchaser as being part of the time-share plan, until the developer has provided satisfactory evidence to the commissioner of one of the following:

(1) The time-share interest, including, but not limited to, a time-share interest in any component sites of a nonspecific time-share interest multisite time-share plan, together with any other property or rights to property appurtenant to the time-share interest, including any amenities represented to the purchaser as being part of the time-share plan, are free and clear of any of the claims of the developer, any owner of the underlying fee, a mortgagee, judgment creditor, or other lienor, or any other person having an interest in or lien or encumbrance against the time-share interest or appurtenant property or property rights.

(2) The developer, any owner of the underlying fee, a mortgagee, judgment creditor, or other lienor, or any other person having an interest in or lien or encumbrance against the time-share interest or appurtenant property or property rights, including any amenities represented to the purchaser as being part of the time-share plan, has recorded a subordination and notice to creditors document in the appropriate public records of the jurisdiction in which the time-share interest is located. The subordination document shall expressly and effectively provide that the interest holder's right, lien, or encumbrance shall not adversely affect, and shall be subordinate to, the rights of the owners of the time-share interests in the time-share plan regardless of the date of purchase, from and after the effective date of the subordination document.

(3) The developer, any owner of the underlying fee, a mortgagee, judgment creditor, or other lienor, or any other person having an interest in or lien or encumbrance against the time-share interest or appurtenant property or property rights, including any amenities represented to the purchaser as being part of the time-share plan, has transferred the subject accommodations, amenities, or all use rights in the amenities to a nonprofit organization or owners' association to be held for the use and benefit of the owners of the time-share plan, which shall act as a fiduciary to the purchasers, the developer has transferred control of the entity to the owners or does not exercise its voting rights in the entity with respect to the subject accommodations or amenities. Prior to the transfer, any lien or other encumbrance against the accommodation or facility shall be made subject to a subordination and notice to creditors' instrument pursuant to paragraph (2).

(4) Alternative arrangements have been made which are adequate to protect the rights of the purchasers of the time-share interests and approved by the commissioner.

(b) Nothing in this section shall prevent a developer from accessing any escrow funds if the developer has complied with subdivision (c) of Section 11243.

(c) The developer shall notify the commissioner of the extent to which an accommodation may become subject to a tax or other lien arising out of claims against other purchasers in the same time-share plan. The commissioner may require the developer to notify a prospective purchaser of any such potential tax or lien that would materially and adversely affect the prospective purchaser.

11245. (a) No person subject to this chapter shall do any of the following:

(1) Make any material misrepresentation that is false or misleading in connection with any advertisement or promotion of a time-share plan.

(2) Make a prediction of any increases in the resale price or resale value of the time-share interest.

(3) Materially misrepresent the size, nature, extent, qualities, or characteristics of the offered time-share plan.

(4) Materially misrepresent the conditions under which a purchaser may exchange the right to use accommodations in one location for the right to use accommodations in another location.

(5) Materially misrepresent the current or future availability of a resale or rental program offered by or on behalf of the developer.

(6) Materially misrepresent the nature or extent of any incidental benefit.

(7) Fail to deliver any item offered in connection with a promotion to a prospective purchaser upon the conclusion of the sales presentation, or fail to deliver any item offered in connection with a promotion to a prospective purchaser, upon request, reasonably approximate to the conclusion of the length of time for the sales presentation that was previously represented to the prospective purchaser.

(8) Fail to disclose, in a manner that meets the requirements of Section 17537.1 or 17537.2 of the Business and Professions Code, that a certificate, coupon, or raincheck redeemable for fulfillment for goods or services will be provided in connection with a promotion for the purchase of a time-share interest, if that is the case.

(9) State that the purchase of a time-share interest constitutes a financial investment.

(10) Fail to clearly and conspicuously disclose, prior to the execution of any purchase contract, the annual maintenance and association dues or any separately billed taxes, when applicable.

(11) Fail to clearly disclose in writing any automatic charging or billing procedure, and fail thereafter to obtain the express written authorization from the prospective purchaser for any purchase,

subscription, or enrollment that results in that automatic charging or billing of initial or periodic amounts to the prospective purchaser.

(12) If the contract for a time-share interest is negotiated primarily in Spanish, Chinese, Tagalog, Vietnamese, or Korean, orally or in writing, and the developer fails to provide to the prospective purchaser prior to the commencement of the rescission period an unexecuted translation of the contract in the language in which the contract was negotiated.

(13) Fail to inform, verbally or in writing, any prospective purchaser that he or she can take as much time as he or she requires in order to read the public report, and any and all other documents necessary to consummate a sale before leaving the premises or signing a contract, and not allowing, upon request, the prospective purchaser the time and opportunity to do so. If the prospective purchaser requests that he or she be able to return the next calendar day to complete the review of the documents before signing, the developer shall accommodate such a request, and the return visit shall not disqualify the prospective purchaser from receiving any price reduction or other incentive for purchasing on the day of the scheduled sales presentation. Further, it shall not be fraudulent or misleading for a developer to honor the request even if presented as an incentive only available on the day of the offer.

(14) Inform prospective purchasers that they are finalists in winning an item offered in connection with a promotion or have already won a specific prize, unless it is true.

(15) Offer as a promotional incentive any travel certificate or coupon redeemable for transportation, accommodations, or other travel-related service that does not allow the recipient to activate or redeem the incentive without incurring any additional telephone expenses charged by or on behalf of the developer other than the usual toll costs imposed by the prospective purchaser's telephone service.

(16) Offer as a promotional incentive any travel certificate or coupon redeemable for fixed air transportation or hotel accommodations or other travel-related service that entitles the prospective purchaser to a trip of a specified duration unless the offeror states at the time of the offer that there are terms or conditions that must be followed in order to utilize the incentive and that the details of the terms will be sent to the consumer in writing in time to be received by the consumer prior to leaving his or her house to attend the scheduled sales presentation. The writing shall include the approximate times of the air or sea transportation's departure and return, if applicable, and all other material conditions, including any limitations as to the dates or times available for use of the incentive.

(17) Misrepresent or fail to disclose that a prospective purchaser is required to attend a sales presentation to obtain a prize or promotional item, if attendance is a requirement of the promotion.

(18) Fail to inform any prospective purchaser who contacts the developer with a request to cancel a purchase within the rescission period provided by this chapter all of the procedures necessary to effectively cancel the purchase.

(19) Fail to cancel a purchase upon the receipt of a valid timely written notice of rescission. No person may obtain from the person a waiver or cancellation of the rescission.

(20) Fail to provide any refund of moneys, within the required timeframe, due to the prospective purchaser upon receipt of a valid timely written notice of rescission.

(21) Fail to provide a mechanism for an equitable apportionment of expenses between the time-share owner's association and any commercial operation on the property not operated by the time-share owner's association.

(b) For any time-share plan in which the managing entity is an affiliate of the developer, neither the developer nor the managing entity shall, during any applicable priority reservation period, hold out for rental to the public on a given day, developer owned or controlled time-share periods in a number greater than the total number of time-share periods owned or controlled by the developer in a particular season, multiplied by a fraction wherein the numerator is the number of time-share periods owned or controlled by the developer in that particular season, and the denominator is the total number or time-share periods in that particular season. For example, if the developer owns or controls 1,000 time-share periods in a particular season, out of a total of 4,000 time-share periods available during that season, then the developer may not hold out for rental to the public during any applicable priority reservation period, more than 250 time-share periods on a given day during that season (1,000 × 1,000/4,000=250). The number of time-share interests permitted to be rented under this subdivision shall be in addition to any time-share interests that the developer may have the right to rent or use by virtue of having acquired those rights from another owner. The developer or managing entity may, at any time, rent any inventory transferred to the developer or managing entity by another owner in exchange for hotel accommodations, future use rights, or other considerations. For any use or rental by a developer of time-share interests owned or controlled by the developer, the developer shall reimburse the association for any increased expenses for housekeeping services that exceed the amount allocated in the assessment for maintenance for the use or rental.

11246. With each application for an amendment or renewal of a public report, and with the initial submittal of an application for a time-share plan in which sales have occurred prior to obtaining a California public report, the developer shall submit to the commissioner

a certification by an independent third party acceptable to the commissioner and dated not more than three months prior to the submittal of the application, stating that the inventory control system, described in paragraph (6) of subdivision (c) of Section 11226 functions in accordance with the description set forth in that section. The certification shall be based on a random sampling of transactions performed within the six months preceding the date of the application. Inventory control systems that cover time-share estates for which the developer offers, and the title insurance company agrees to provide title insurance, shall not require certification. Independent title insurance companies licensed to do business as such in this state and independent certified public accountants shall be deemed acceptable third parties in accordance with this section.

Article 3. Time-Share Plan Requirements

11250. A time-share plan may be created in any accommodation unless otherwise prohibited. All time-share plans shall maintain a one-to-one purchaser to accommodation ratio, which means the ratio of the number of purchasers eligible to use the accommodations of a time-share plan on a given night to the number of accommodations available for use within the plan on that night, such that the total number of purchasers eligible to use the accommodations of the time-share plan during a given calendar year never exceeds the total number of accommodations available for use in the time-share plan during that year. For purposes of the calculation under this section, each purchaser must be counted at least once, and no individual accommodation may be counted more than 365 times per calendar year or more than 366 times per leap year. A purchaser who is delinquent in the payment of time-share plan assessments shall continue to be considered eligible to use the accommodations of the time-share plan for purposes of calculating the one-to-one purchaser to accommodation ratio.

(b) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the developer shall cause to be recorded a declaration dedicating the accommodations to the time-share plan and incorporating all covenants of the grantor or lessor of the time-share interests. The declaration shall include the subject matter set forth in paragraphs (1) to (14), inclusive, of subdivision (a).

If there is no provision for the recording of a declaration in the state or jurisdiction in which the time-share property or component site is located, alternatively, the developer shall establish that the declaration is otherwise enforceable in the state or jurisdiction in which the time-share property or component site is located. The declaration shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if a conflict exists between laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the declaration provides for the matters contained in paragraphs (1) to (14), inclusive, of subdivision (a), the declaration shall be deemed to be in compliance with the requirements of subdivision (a) and this subdivision and the developer shall not be required to make revisions in order to comply with subdivision (a) and this subdivision.

where applicable, representation of time-share accommodations in an association for the time-share in which the accommodations are located.

(d) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the developer shall cause to be included in the time-share instrument the subject matter set forth in subdivision (c). The time-share instruments shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if there is a conflict between laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the time-share instruments provide for the matters contained in subdivision (c), the time-share instruments shall be deemed to be in compliance with the requirements of subdivision (c) and this subdivision and the developer shall not be required to make revisions in order to comply with subdivision (c) and this subdivision.

This section shall not prevent the developer from encumbering the purchaser's use rights so long as the developer has sufficient protection as permitted by Section 11244.

11253. For single site time-share plans and component sites of multisite time-share plans located in this state, the time-share instrument shall require that the following insurance be at all times maintained in force to protect time-share interest owners in the time-share plan:

(a) Insurance against property damage as a result of fire and other hazards commonly insured against, covering all real and personal property comprising the time-share plan in an amount not less than 80 percent of the full replacement value of the time-share property.

(2) In a time-share estate offering, the association shall be named as a coinsured if it has title to the property or as a coinsured as agent for each of the time-share interests owners if title is held by the owners as tenants in common.

(3) If, after control of the governing body of the association has passed to the owners other than the developer, and the association amends the time-share instrument to reduce the percentage below 80 percent, the failure of the association to maintain coverage at 80 percent of replacement value shall not be grounds for denial of a public report.

(b) Liability insurance against death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the accommodations of the time-share plan.

(1) The amounts of the insurance shall be determined by the association, but shall not be less than five hundred thousand dollars ($500,000) to one million dollars ($1,000,000) for personal injury and one hundred thousand dollars ($100,000) for property damage.

11254. (a) In a time-share plan in which the fee or a long-term leasehold interest in all or some of the accommodations and in appurtenant real and personal property is to be transferred to the association or to a corporate trustee under a trust agreement, the conveyance shall be made prior to the closing of the escrow for the first sale of a time-share interest in the accommodation.

(b) The developer may reserve easements in the real property conveyed for purposes reasonably related to the conduct of commercial activities in the time-share property, if the developer covenants to use the easements in a manner that will minimize any adverse impact on the use and enjoyment of the accommodation by any time-share interest owner occupying it.

11255. (a) The department shall require that each of the accommodations in a time-share plan offering time-share use interests be conveyed to a trustee or an association acceptable to the commissioner prior to the closing of the escrow for the first sale of a time-share use interest that entitles the purchaser to occupy the accommodation in question.

(b) If the accommodation in a time-share plan offering time-share use interests that is free and clear of blanket encumbrances, other than a lien of current real property taxes, is conveyed to a trustee or an association, the trust or association instruments shall include, but not be limited to, all of the following:

(c) The department may require that each of the accommodations in a time-share plan offering time-share estate interests that is subject to a blanket encumbrance be conveyed to a trustee acceptable to the department prior to the closing of the escrow for the first sale of a time-share estate which entitles the purchaser to occupy the accommodation in question.

(d) If an accommodation in the time-share plan is conveyed to a trustee pursuant to subdivision (c), the trust instrument shall include all of the following provisions in addition to those set forth in subdivision (b):

(1) The deposit into trust, and the retention for the duration of the trust, of nondelinquent installment sales contracts or promissory notes of time-share interests purchases having an aggregate principal balance owing not ordinarily less than 150 percent of the difference between the aggregate principal balance owing under blanket encumbrances against the accommodation and the amount of money, or its equivalent, in the trust and available at any time to be applied to the reduction of the principal balance of the blanket encumbrances.

(A) The trust instrument shall further provide that if the 150 percent requirement has not been met within six months after execution of the trust instrument by the developer, the trustee shall thereafter retain in the trust, or apply to debt service on the blanket encumbrance, the entire amount of all installment payments received on contracts or promissory notes until the 150 percent requirement has been met.

(B) For purposes of this regulation, a contract or promissory note is deemed delinquent when an installment payment is more than 60 days past due.

(C) If the developer for purposes of satisfying the requirements of this subdivision proposes to deposit installment sales contracts or promissory notes of obligor other than purchasers of interests in the time-share plan into the trust, the developer shall have the burden of

establishing the liquidated value of the notes and contracts to the satisfaction of the department.

(2) The deposit into trust, and the retention for the duration of the trust, of funds in an amount at all times sufficient to pay the total of three successive monthly installments of debt service on the blanket encumbrance.

(B) If a blanket encumbrance against the trust property is an interest-only loan, contains a balloon payment provision, or is otherwise not fully amortized under the terms for repayment, the trust instrument shall require that the developer make monthly payments into the trust sufficient to pay debt service installments as they become due and to create a sinking fund to extinguish the debt at its maturity.

(3) Payment by the trustee of debt service on the blanket encumbrance, property taxes, or assessments on insurance premiums, either as the entity having primary responsibilities for the payments or the entity secondarily responsible if the person with primary responsibility fails to make the payments in a timely manner.

(4) The deposit or investment by the trustee of funds constituting a part of the trust corpus in interest bearing accounts, treasury bills, certificates of deposit, or similar investments.

(e) In the case of a time-share plan offering time-share use interests that have been conveyed to a trustee, the trust for the accommodation shall be irrevocable during the time that any time-share interest owner has a right to the occupancy of an accommodation.

(f) In the case of a time-share plan offering time-share use interests that have been conveyed to an association, the association shall not be dissolved or terminated during the time that any time-share interest owner has the right to occupancy of an accommodation.

(g) In a time-share plan offering time-share estate interests, the trust for an accommodation shall be irrevocable until the extinguishment of all blanket monetary encumbrances against the accommodation.

11256. (a) The contract proposed to be used by a developer applying for a public report for the sale or lease of time-share interests shall provide that if the escrow for sale or lease of a time-share interest does not close on or before the date set forth in the contract, or a later closing date mutually agreed to by the developer and the prospective purchaser or lessee, within 15 days after the closing date set forth in the contract or an extended closing date mutually agreed to by the developer and the prospective purchaser or lessee, the developer shall, except as

provided in subdivisions (c) to (h), inclusive, order all of the money remitted by the prospective purchaser or lessee under the terms of the contract for acquisition of the time-share interest (purchase money) to be refunded to the prospective purchaser or lessee. Any extension of the closing of escrow shall be in writing and shall clearly and conspicuously disclose that the purchaser is not obligated to extend the closing of escrow.

(b) The contract may provide for disbursements or charges to be made against purchase money for payments to third parties for credit reports, escrow services, preliminary title reports, appraisals, and loan processing services by the parties if the contract includes the following:

(1) Specific enumeration of all of the disbursements or charges that may be made against purchase money.

(2) The developer's estimate of the total amount of the disbursements and charges.

(c) Any contractual provision that calls for disbursement or a charge against purchase money based upon the prospective purchaser's or lessee's alleged failure to complete the purchase of the time-share interest shall conform with Sections 1675, 1676, 1677, and 1678 of the Civil Code.

(d) Except for a disbursement made following substantial compliance with the procedures set forth in subdivision (f) or pursuant to a written agreement of the parties that either cancels the contract or is executed after the final closing date specified by the parties, a disbursement or charge against purchase money as liquidated damages may be done only pursuant to a determination by a court of law, or by an arbitrator if the parties have so provided by contract, that the developer is entitled to a disbursement or charge against purchase money as liquidated damages.

(e) A contractual provision for a determination by arbitration that the developer is entitled to a disbursement or charge against purchase money as liquidated damages shall require that the arbitration be conducted in accordance with procedures that are equivalent in substance to the Commercial Arbitration Rules of the American Arbitration Association, that any arbitration include every cause of action that has arisen between the prospective purchaser or lessee and the developer under the contract, and that the developer remit the fee to initiate arbitration with the costs of the arbitration ultimately to be borne as determined by the arbitrator.

(f) The contract of sale may include a procedure under which purchase money may be disbursed by the escrowholder to the developer as liquidated damages upon the prospective purchaser's or lessee's failure to timely give the escrowholder the prospective purchaser's or lessee's written objection to disbursement of purchase money as

liquidated damages. This procedure shall contain at least the following elements:

(1) The developer shall give written notice, in the manner prescribed by Section 116.340 of the Code of Civil Procedure for service in a small claims action, to the escrowholder and to the prospective purchaser or lessee that the prospective purchaser or lessee is in default under the contract that the developer is demanding that the escrowholder remit _____ dollars ($____) from the purchase money to the developer as liquidated damages unless, within 20 days, the prospective purchaser or lessee gives the escrowholder the prospective purchaser's or lessee's written objection to the disbursement of purchase money as liquidated damages.

(2) The prospective purchaser or lessee shall have a period of 20 days from the date of receipt of the developer's 20-day notice and demand in which to give the escrowholder the prospective purchaser or lessee written objection to the disbursement of purchase money as liquidated damages.

(g) The contract may not make the prospective purchaser's or lessee's failure to timely give the escrowholder the aforesaid written objection a waiver of any cause of action the prospective purchaser or lessee may have against the developer under the contract unless the waiver is conditioned upon service of the developer's 20-day notice and demand in a manner prescribed by Section 116.340 of the Code of Civil Procedure for service in a small claims action.

(h) If the developer has had the use of purchase money pending consummation of the sale or lease transaction under authorization by the department pursuant to Section 11243, the developer shall immediately upon alleging the default of the prospective purchaser or lessee, transmit to the escrowholder, funds equal to all of the purchase money paid by the prospective purchaser or lessee.

Article 4. Management and Governance

11265. (a) For single site time-share plans and component sites of a specific time-share interest multisite time-share plan, the following requirements apply:

(1) Except as provided in paragraph (2), regular assessments to defray the expenses of maintaining the time-share property and operating the time-share plan shall be levied against each time-share interest owner according to the ratio that the number of time-share interests owned by a time-share interest owner assessed bears to the total number of time-share interests subject to assessments. Regular assessments levied by the association shall not exceed the amount necessary to defray the estimated expenses for which the assessments are levied.

(2) The assessment against each owner in the time-share plan may be determined according to a formula or schedule under which assessments against each time-share interest owner are equitably apportioned in accordance with operational and maintenance costs attributable to each time-share interest owner.

(3) A special assessment shall be levied upon the same basis as that prescribed for the levying of regular assessments except in the case where the special assessment is levied against a time-share interest owner for the purpose of reimbursing the association for costs incurred in bringing the time-share interest owner into compliance with provisions of the governing instruments for the time-share plan.

(4) All time-share interests in the time-share plan for which a public report has been issued including those time-share interests held by the developer of the time-share plan are interests subject to the payment of regular and special assessments.

(5) The governing body of the association may be authorized by the governing instruments to impose, without the vote or written assent of the association, a regular annual assessment per time-share interest that is as much as 20 percent greater than the regular annual assessment for the immediately preceding fiscal year. An annual assessment for each time-share interest that is more than 20 percent greater than the regular assessment per time-share interest for the immediately preceding fiscal year may not be levied without the vote or written assent of a majority of the voting power of the association residing in members other than the developer. An increase in the annual assessment attributable to an increase in real property taxes against accommodations of the time-share property shall be excluded in determining whether the annual assessment is more than 20 percent greater than the regular assessment per interest for the preceding fiscal year.

(6) Except as provided in this section, special assessments against time-share interest owners in a time-share plan may not be imposed without the vote or written assent of a majority of the voting power of the association residing in members other than the developer. The governing body of the association may be authorized by the governing instruments to impose special assessments without the vote or written assent of the association as follows:

(A) Special assessments against all time-share interest owners in the time-share plan, other than a special assessment to restore or rebuild because of damage or destruction to an accommodation, which in the aggregate in any fiscal year do not exceed 5 percent of the budgeted gross expenses of the association for that fiscal year.

(B) A special assessment for the repair or rebuilding of an accommodation that does not exceed 10 percent of the budgeted gross

expenses of the association for the fiscal year in which the assessment is levied.

(C) Special assessments against a time-share interest owner or owners for the purpose of reimbursing the association for costs incurred in bringing the time-share interest owner into compliance with provisions of the governing instruments for the time-share plan.

(7) Regular assessments against all of the time-share interests in an accommodation of the time-share plan shall commence on the same date. Regular assessments shall commence on the first day of the month following the closing of the escrow of the first sale of a time-share interest in the time-share plan, but may be delayed to the date of commencement of time-share interest owners' occupancy rights in the accommodation or to a date that is not more than six months later than the date of closing of the first sale involving a right to use the accommodation, whichever occurs earlier in time.

(b) For single site time-share plans and component sites of a multisite time-share plan located outside of the state the time-share instruments shall include the subject matter set forth in paragraphs (1) to (4), inclusive, of subdivision (a). The time-share instruments shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if a conflict exists between the affirmative standards of the laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the time-share instruments provide for the matters contained in paragraphs (1) to (4), inclusive, of subdivision (a), the time-share instruments shall be deemed to be in compliance with the requirements of paragraphs (1) to (4), inclusive, of subdivision (a) and this subdivision and the developer shall not be required to make revisions in order to comply with paragraphs (1) to (4), inclusive, of subdivision (a) and this subdivision. If the maximum increase in annual assessments for a time-share plan located outside of this state is greater than the 20 percent set forth in paragraph (5) of subdivision (a), the public report shall include the following disclosure in conspicuous 14-point type:

YOUR ANNUAL ASSESSMENTS ARE NOT SUBJECT TO THE CALIFORNIA LIMITATION OF A 20% ANNUAL INCREASE WITHOUT THE VOTE OF THE OWNERS OTHER THAN THE DEVELOPER. YOUR ASSESSMENT MAY BE INCREASED BY AS MUCH AS ____% PER YEAR.

(c) For nonspecific time-share interest multisite time-share plans the following requirements apply:

(1) Except as provided in paragraph (2), regular assessments to defray the expenses of maintaining and operating the multisite time-share plan

shall be levied against each time-share interest owner according to the ratio that the number of time-share interests owned by a time-share interest owner assessed bears to the total number of time-share interests subject to assessments.

(2) The assessment against each time-share interest owner in the multisite time-share plan may be determined according to a formula or schedule under which assessments against each time-share interest owner are equitably apportioned in accordance with operational and maintenance costs attributable to each time-share interest owner.

(3) A special assessment shall be levied upon the same basis as that prescribed for the levying of regular assessments except in the case where the special assessment is levied against a time-share interest owner for the purpose of reimbursing the association for costs incurred in bringing the time-share interest owner into compliance with provisions of the governing instruments for the time-share plan.

(4) All time-share interests in the multisite time-share plan for which a public report has been issued including those time-share interests held by the developer of the multisite time-share plan are interests subject to the payment of regular and special assessments.

11266. (a) An amendment of a provision of the declaration or other document establishing the time-share plan may not be adopted without the vote or written assent of at least 25 percent of the voting power of the association residing in members other than the developer.

(b) An amendment of the articles of incorporation or association may not be enacted without the vote or written assent of at least 25 percent of the governing body and 25 percent of the voting power of the association residing in members other than the developer.

(c) An amendment of the bylaws of the association may not be enacted without the vote or written assent of at least 10 percent of the voting power of the association residing in members other than the developer.

(d) An amendment to the rules and regulations of the association may not be enacted without the vote or written assent of at least a majority of the governing body of the association.

(e) The percentage of the voting power necessary to amend a specific clause or provision in the time-share instrument, articles, or bylaws shall not be less than the prescribed percentage of affirmative votes or written assents required for action to be taken under that clause.

(f) In addition to the restrictions upon the enactment of amendments of the governing instruments set forth in this section, the governing instruments may include provisions consistent with subdivision (c) of Section 11269 whereby the vote of the developer must be given effect in the amendatory process.

(g) For a single site time-share plan or a component site of a specific time-share interest time-share plan or a nonspecific time-share interest multisite time-share plan located outside this state, that is being offered in this state, the public report shall include the following disclosure in conspicuous 14-point type:

THE DECLARATION OR OTHER DOCUMENT ESTABLISHING THIS TIME-SHARE PLAN MAY BE AMENDED BY A VOTE OF ____% OF THE MEMBERS OF THE ASSOCIATION. THE BYLAWS OF THE ASSOCIATION MAY BE AMENDED BY A VOTE OF ____% OF THE MEMBERS.

11267. (a) The time-share instruments shall require the employment of a managing entity for the time-share plan or component site pursuant to a written management agreement that shall include all of the following provisions:

(1) Delegation of authority to the managing entity to carry out the duties and obligations of the association or the developer to the time-share interest owners.

(2) Authority of the managing entity to employ subagents, if applicable.

(3) A term of not more than five years with automatic renewals for successive three-year periods after expiration of the first term unless the association by the vote or written assent of a majority of the voting power residing in members other than the developer determines not to renew the contract and gives appropriate notice of that determination. However, in those time-share plans where the association is controlled by owners other than the developer, the management agreement shall not be subject to the term limitations set forth in this section, and any longer term shall not be grounds for denial of a public report, unless the longer term of the management contract is the result of the developer exercising control.

(4) Termination for cause at any time by the governing body of the association. If the single site time-share plan or the component site of a multisite time-share plan is located within the state, then that termination provision shall include a provision for arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association if requested by or on behalf of the managing entity.

(5) Not less than 90 days' written notice to the association of the intention of the managing entity to resign.

(6) Enumeration of the powers and duties of the managing entity in the operation of time-share plan and the maintenance of the accommodations comprising the time-share plan.

(7) Compensation to be paid to the managing entity.

(8) Records to be maintained by the managing entity.

(9) A requirement that the managing entity provide a policy for fidelity insurance or bond for the activities of the managing entity, payable to the association, in the sum of the largest amount of funds expected to be held or controlled by the managing entity at any time during the year, pursuant to the budget.

(10) Errors and omissions insurance coverage for the managing entity, if available.

(11) Delineation of the authority of the managing entity and persons authorized by the managing entity to enter into accommodations of the time-share plan for the purpose of cleaning, maid service, maintenance and repair including emergency repairs, and for the purpose of abating a nuisance or dangerous, unlawful, or prohibited activity being conducted in the accommodation.

(A) Collection of all assessments as provided in the time-share instruments.

(B) Maintenance of all books and records concerning the time-share plan.

(D) Providing for the annual meeting of the association of owners.

(E) Performing any other functions and duties related to the maintenance of the accommodations or that are required by the time-share instrument.

(b) Any written management agreement in existence as of the effective date of this chapter shall not be subject to the term limitations set forth above.

(c) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the time-share instruments shall include the subject matter set forth in subdivision (a). The time-share instruments shall be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if a conflict exists between laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the time-share instruments provide for the matters contained in subdivision (a), the time-share instruments shall be deemed to be in compliance with the requirements of subdivision (a) and the developer shall not be required to make revisions in order to comply with subdivision (a) and this subdivision.

11268. (a) Unless impracticable because of the number of members of the association, their places of residence in relation to each other, the international nature of the offering, or other factors, provision shall be made for regular meetings of members of the association of time-share interest owners. Ordinarily regular meetings of members shall be scheduled not less frequently than once each calendar year at a time and place to be fixed by the bylaws or by resolution of the governing body. The first meeting of the association shall be scheduled not later than one year after the closing of the escrow for the first sale of a time-share interest in the time-share plan or completion of construction, whichever shall first occur.

(b) Provision shall be made for special meetings of the association to be promptly called by the governing body upon either of the following:

(1) The vote of a majority of the governing body.

(2) Receipt of a written request signed by members representing at least 5 percent of the voting power of the association residing in members other than the developer.

(c) Meetings of the association shall be held at a suitable location that is readily accessible at reasonable cost to the largest possible number of members.

(d) Written notice of regular and special meetings shall be given to members by first-class mail. This notice shall be given not less than 14 days and not more than 90 days before the scheduled date of the meeting. The notice, whether for a regular or special meeting shall specify the place, day, and hour of the meeting and a brief statement of the matters which the governing body intends to present, or believes that others will present, for action by the members.

(e) (1) The bylaws of the association shall establish the quorum for a meeting of members at not less than 5 percent nor more than $33\frac{1}{3}$ percent, of the voting power of the association residing in members other than the developer, represented in person or by proxy.

(2) In the absence of a quorum as prescribed by the bylaws, no business shall be conducted and the presiding officer shall adjourn the meeting sine die.

(3) If less than one-third of the total voting power of the association is in attendance, in person or by proxy, at a regular or special meeting of the association, only those matters of business, the general nature of which was given in the notice of the meeting may be voted upon by the members.

(f) Any action that may be taken at any regular or special meeting of members may be taken without a meeting if the following requirements are met:

(1) A written ballot is distributed to every member entitled to vote setting forth the proposed action, providing an opportunity to signify

approval or disapproval of the proposal, and providing a reasonable time for the members to return the ballot to the association.

(2) The number of votes cast by ballot within the specified time period equals or exceeds the quorum required to be present at a meeting authorizing the action.

(3) The number of approvals of the action equals or exceeds the number of votes required to approve the action at a meeting at which the total number of votes cast was the same as the number of votes cast by written ballot.

(4) The written ballot distributed to members of the association affords an opportunity for the member to specify a choice between approval and disapproval of each order of business proposed to be acted upon by the association and further provides that the vote of the members shall be cast in accordance with the choice specified.

(g) The bylaws of the association may provide that governing body members may be elected by written ballot.

(h) A form of proxy may be distributed to each member to afford him or her the opportunity to vote in absentia at a meeting of members of the association provided that it meets the requirements for a written ballot set forth in paragraph (4) of subdivision (f) and includes the name or names of members who expect to be in attendance in person at the meeting to whom the proxy is to be given for the purpose of casting the vote to reflect the absent member's vote as specified in the form of proxy.

11269. (a) A member of an association including associations that provide for unequal assessments against members, shall be entitled to one vote for each time-share interest owned.

(b) An association may have two classes of members for voting purposes according to the following provisions:

(1) Each time-share interest owner other than the developer of the time-share plan shall be a class A member. If a time-share interest is owned by more than one person, each time-share interest owner shall be a class A member, but only one vote may be cast for each interest.

(2) The developer shall be the class B member and shall have one vote for each time-share interest owned by him or her which has been authorized to be offered for sale by the issuance of a public report.

(3) Class B membership shall be automatically converted to class A membership, and class B membership shall thereafter cease to exist, when the total outstanding votes held by the class B member falls below 20 percent of the total voting power of the association.

(c) Except as otherwise expressly provided, no regulation which requires the approval of a prescribed percentage of the voting power residing in members other than the developer or a prescribed percentage of the voting power of class A members, for action to be taken by the association, is intended to preclude the developers from casting votes

attributable to the time-share interests which he or she owns. Governing instruments may specify the following with respect to approval of action by the membership of the association other than an action to enforce an obligation of the developer:

(1) In those associations in which class A and class B memberships exist, the vote or written assent of a prescribed percentage of the class A voting power and the vote or written assent of the class B member.

(2) In those associations in which a single class of voting membership exists, either as originally established or after the conversion of the class B membership to class A memberships, the vote or written assent of a prescribed percentage of the total voting power of the association and the vote or written assent of a prescribed percentage of the voting power of members other than the developer.

11270. (a) The governing body shall consist of three directors for an association that does not contemplate more than 100 members and either five or seven directors for an association that contemplates more than 100 members.

(b) (1) The first governing body shall consist of directors appointed by the developer. These directors shall serve until the first meeting of the association at which time an election of all of the directors for the association shall be conducted.

(2) A special procedure shall be established by the governing instruments to assure that at the first election of the governing body, and at all times thereafter, at least one of the incumbent directors has been elected solely by the votes of members other than the developer.

(3) A director who has been elected to office solely by the votes of the members of the association other than the developer may be removed from the governing body prior to the expiration of his or her term of office only by a vote of a prescribed percentage of the voting power residing in members other than the developer.

(c) The terms of office of governing body members may be staggered provided that no person may serve a term of more than three years without standing for reelection.

(d) For board of director members serving at the appointment of the developer, the developer may change the designated board member without the need of any further consent by the association. However, the term of the applicable director's seat on the governing body shall not be affected by that change.

11271. (a) Regular meetings of the governing body of the association shall be held as prescribed in the bylaws, but not less frequently than annually.

(b) (1) Regular and special meetings of the governing body shall be held in or near the location of the time-share plan unless a meeting at

another location would significantly reduce the cost to the association or the inconvenience to directors.

(2) If the time and place of the regular meeting of the governing body is not fixed by the governing instruments, notice of the time and place of meeting shall be communicated in writing, including by facsimile, electronic mail, or other form of written or electronic communication, to directors not less than 14 days prior to the meeting. However, that notice of a meeting is not required to be given to any governing body member who has signed a waiver of notice or a written consent to the holding of the meeting.

(c) (1) A special meeting of the governing body may be called by written notice signed by any two members of the governing body.

(2) The notice of a special meeting shall specify the time and place of the meeting and the nature of any special business to be considered.

(3) Notice of a special meeting shall be communicated in writing, including by facsimile, electronic mail, or other form of written or electronic communication, to directors not less than 14 days prior to the meeting. However, notice of the meeting is not required to be given to any governing body member who signed a waiver of notice or a written consent to the holding of the meeting.

(d) (1) Regular and special meetings of the governing body shall be open to all members of the association provided that members who are not on the governing body may not participate in any deliberations or discussions unless expressly so authorized by the governing body.

(2) The governing body may, with the approval of a majority of a quorum of its members, adjourn a meeting and reconvene in executive session to discuss and vote upon personnel matters, litigation in which the association is or may become involved, and orders of business of a similar nature. The nature of any and all business to be considered in executive session shall first be announced in open session.

(e) A bare majority of the total members of authorized members of the governing body shall constitute a quorum for the conduct of business.

(f) The governing instruments for the time-share plan shall provide for reimbursement by the association for transportation expenses incurred and reasonable per diem payments to governing body members for attendance at regular and special meetings of the governing body.

11272. (a) The following information concerning the time-share plan shall be made available to all time-share interest owners in the time-share plan:

(1) A proposed budget for each fiscal year consisting of the information required by Section 11240 shall be distributed not less than 15 days prior to the beginning of the fiscal year to which the budget applies.

(E) A list of the names and methods of contacting the members of the governing body of the association.

(3) A list of the orders of business to be considered at the annual meeting of members of the association shall be distributed not less than 14 days prior to the meeting date. This list shall include the name, address, and a brief biographical sketch if available of each member of the association who is a candidate for election to the governing body.

(b) In lieu of the distribution of the budget and report required by subdivision (a), the governing body may elect to distribute a summary of the budget and report to all time-share interest owners along with a written notice that the budget and report is available at the business office of the association or at another suitable location within the boundaries of the development, and that copies will be provided upon request and at the expense of the association. If any time-share interest owner requests that a copy of the budget and report required by subdivision (a) be provided to the time-share interest owner, the association shall provide the copy to the time-share interest owner by facsimile, electronic mail, or first-class United States mail at the expense of the association and delivered within 10 days. The written notice that is distributed to each of the time-share interest owners shall be in conspicuous 14-point type on the front page of the summary of the budget and report.

(c) Delivery of the information specified in subdivision (a) may be combined where appropriate.

(d) For single site time-share plans and component sites of a multisite time-share plan located outside of the state, the association shall be subject to the provisions set forth in this section. The association must be in compliance with the applicable laws of the state or jurisdiction in which the time-share property or component site is located, and if a conflict exists between laws of the situs state and the requirements set forth in this section, the law of the situs state shall control. If the association provides for the dissemination of information provided for

in this section, the association shall be deemed to be in compliance with the requirements of this section and neither the developer nor the association shall be required to make revisions to the time-share instruments or budget in order to comply with this section.

11273. (a) The books of account, minutes of members and governing body meetings, and all other records of the time-share plan maintained by the association or the managing entity shall be made available for inspection and copying by any member, or by his or her duly appointed representative, at any reasonable time for a purpose reasonably related to membership in the association.

(b) The records shall be made available for inspection at the office where the records are maintained. Upon receipt of an authenticated written request from a member along with the fee prescribed by the governing body to defray the costs of reproduction, the managing entity or other custodian of records of the association or the time-share plan shall prepare and transmit to the member a copy of any and all records requested.

(c) The governing body shall establish reasonable rules with respect to all of the following:

(1) Notice to be given to the managing entity or other custodian of the records by the member desiring to make the inspection or to obtain copies.

(2) Hours and days of the week when a personal inspection of the records may be made.

(3) Payment of the cost of reproducing copies of records requested by a member.

(d) Every governing body member shall have the absolute right at any time to inspect all books, records, and documents of the association and all real and personal properties owned and controlled by the association.

(e) The association shall maintain among its records a complete list of the names and addresses of all owners of time-share interests in the time-share plan. The association shall update this list no less frequently than every six months. Unless otherwise provided in the time-share instruments, the association may not publish this owner's list or provide a copy of it to any time-share interest owner or to any third party or use or sell the list for commercial purposes.

contained in this section, the association shall be deemed to be in compliance with the requirements of this section and neither the developer nor the association shall be required to make revisions to the time-share instruments in order to comply with the section.

11274. (a) The association shall not be authorized to cause the absolute forfeiture of a time-share interest owner's right, title, or interest in the time-share plan on account of the time-share interest owner's failure to comply with provisions of the time-share instrument or the rules and regulations for the time-share plan except pursuant to either of the following:

(1) The judgment of a court or the decision of an arbitrator as provided in the time-share instrument.

(2) A foreclosure or sale under a power of sale for the failure of a time-share interest owner to pay assessments duly levied by the association.

(b) The time-share instrument may authorize the governing body of the association, or the managing entity acting on behalf of the governing body, to suspend a time-share interest owner's right to the occupancy of an accommodation, and all related rights and privileges as a time-share interest owner of a time-share interest in the time-share plan, during the period of time that the time-share interest owner is delinquent in the payment of regular or special assessments or other charges duly levied by the association. The time-share interest owner shall be given written notice of the suspension of his or her rights and privileges immediately after the decision to suspend has been made.

(c) The time-share instrument may authorize the association to impose a monetary penalty to suspend a time-share interest owner's right to use an accommodation or other facility that is part of the time-share plan or to take other disciplinary action that is appropriate, short of the forfeiture of the time-share interest owner's right, title, and interest in the time-share plan, for violations of the provisions of the time-share instrument and of the rules and regulations for operation of the time-share plan by the time-share interest owner, his or her guests or persons under his or her control, including, but not limited to, all of the following:

(1) Failure to vacate an accommodation upon expiration of the time-share interest owner's use period.

(2) Damage to an accommodation or any other real or personal property that is part of the time-share plan.

(4) Creating a disturbance that interferes with the use and enjoyment of facilities of the time-share plan by other time-share interest owners.

(d) Before disciplinary action authorized under subdivision (c) can be imposed by the association, the time-share interest owner against whom the action is proposed to be taken shall be given 30-days prior written notice and the opportunity to present a written or oral defense to the charges.

(1) The governing body of the association shall decide whether the time-share interest owner's defense shall be oral or written.

(2) The time-share interest owner shall be notified of the decision of the governing body of the association before disciplinary action is taken.

(e) The association may delegate to the managing entity, the power and authority to carry out disciplinary actions duly imposed by the governing body.

11275. (a) Any contractual provision or other provision in the time-share instruments setting forth terms, conditions, and procedures for resolution of a dispute or claim between a time-share interest owner and a developer, or any provision in the time-share instruments setting forth terms, conditions, and procedures for resolution of a dispute of a claim between an association and the developer, shall, at a minimum, provide that the dispute or claim resolution process, proceeding, hearing, or trial be conducted in accordance with the following rules:

(1) For the developer to advance the fees necessary to initiate the dispute or claim resolution process, with the costs and fees, including ongoing costs and fees, if any, to be paid as agreed by the parties and if they cannot agree then the costs and fees are to be paid as determined by the person or persons presiding at the dispute or claim resolution proceeding or hearing.

(3) For the appointment or selection, as designation, or assignment of the person to administer and preside over the claim or dispute resolution process within a specific period of time, which in no event shall be more than 60 days from initiation of the claim or dispute resolution process or hearing. The person appointed, selected, designated, or assigned to preside may be challenged for bias.

(4) For the venue of the claim or dispute resolution process to be in the county where the time-share is located unless the parties agree to some other location.

(5) For the prompt and timely commencement of the claim or dispute resolution process. When the contract provisions provide for a specific type of claim or dispute resolution process, the process shall be deemed to be promptly and timely commenced if it is to be commenced in accordance with the rules applicable to that process. If the rules do not specify a date by which the proceeding or hearing is required to commence, then commencement shall be by a date agreed upon by the parties, and if they cannot agree, a date shall be determined by the person presiding over the dispute resolution process.

(6) For the claim or dispute resolution process to be conducted in accordance with rules and procedures that are reasonable and fair to the parties.

(7) For the prompt and timely conclusion of the claim or dispute resolution process, including the issuance of any decision or ruling following the proceeding or hearing.

(8) For the person presiding at the claim or dispute resolution process to be authorized to provide all recognized remedies available in law or equity for any cause of action that is the basis of the proceeding or hearing. The parties may authorize the limitation or prohibition of punitive damages.

(b) A copy of the rules applicable to the claim or dispute resolution process shall be submitted as part of the application for a public report.

(c) If the claim or dispute resolution process provides or allows for a judicial remedy in accordance with the laws of this state, it shall be presumed that the proceeding or hearing satisfies the provisions of subdivision (a).

Article 5. Powers, Investigation, and Enforcement

11280. (a) Except as specifically provided in this section, the regulation of time-share plans and exchange programs is an exclusive power and function of the state. A unit of local government may not regulate time-share plans or exchange programs.

11282. The commissioner may investigate the actions or qualifications of any person or persons holding or claiming to hold a public report under this chapter.

11283. (4) The person has failed to inform the department of material changes that have occurred in the time-share or time-share offering that have caused the public report to be misleading or inaccurate or which would have caused the department to deny a public report if the conditions had existed at the time of issuance.

(b) Upon receipt of such an order, the person or persons to whom the order is directed shall immediately discontinue activities in accordance with the terms of the order.

(c) Any person to whom the order is directed may, within 30 days after service thereof upon him or her, file with the commissioner a written request for hearing to contest the order. The commissioner shall, after receipt of a request for hearing, assign the matter to the Office of Administrative Hearings to conduct a hearing for findings of fact and determinations of the issues set forth in the order. The consent order may provide for any form of discipline provided for in this chapter. The consent order shall provide that it is not entered into as a result of any coercion by the commissioner. The consent order shall be accepted by signature or rejected by the commissioner in a timely manner.

11285. An action for damages or for injunctive or declaratory relief for a violation of this chapter may be brought by any time-share interest owner or association against the developer, seller, or marketer of time-share interests, an escrow agent, or the managing entity. Relief under this section does not exclude other remedies provided by law.

11286. SEC. 15. Section 1365.1 of the Civil Code is amended to read:

1365.1. (a) The association shall distribute the written notice described in subdivision (b) to each member of the association during the 60-day period immediately preceding the beginning of the

association's fiscal year. The notice shall be printed in at least 12-point type. An association distributing the notice to an owner of an interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may delete from the notice described in subdivision (b) the portion regarding meetings and payment plans.

(b) The notice required by this section shall read as follows:

"NOTICE

ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND NONJUDICIAL FORECLOSURE

The failure to pay association assessments may result in the loss of an owner's property without court action, often referred to as nonjudicial foreclosure. When using nonjudicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the lien is not paid. Assessments become delinquent 15 days after they are due, unless the governing documents of the association provide for a longer time. (Sections 1366 and 1367.1 of the Civil Code)

In a nonjudicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common areas damaged by a member or a member's guests, if the governing documents provide for this. (Sections 1366 and 1367.1 of the Civil Code)

The association must comply with the requirements of Section 1367.1 of the Civil Code when collecting delinquent assessments. If the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 1367.1 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail. Among these documents, the association

must send a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 1367.1 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an owner certain documents in this regard. (Section 1367.1 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

When an owner makes a payment, he or she may request a receipt, and the association is required to provide it. On the receipt, the association must indicate the date of payment and the person who received it. The association must inform owners of a mailing address for overnight payments. (Section 1367.1 of the Civil Code)

An owner may dispute an assessment debt by giving the board of the association a written explanation, and the board must respond within 15 days if certain conditions are met. An owner may pay assessments that are in dispute in full under protest, and then request alternative dispute resolution. (Sections 1366.3 and 1367.1 of the Civil Code)

An owner is not liable for charges, interest, and costs of collection, if it is established that the assessment was paid properly on time. (Section 1367.1 of the Civil Code)

MEETINGS AND PAYMENT PLANS

An owner of a separate interest that is not a time-share may request the association to consider a payment plan to satisfy a delinquent assessment. The association must inform owners of the standards for payment plans, if any exist. (Section 1367.1 of the Civil Code)

The board of directors must meet with an owner who makes a proper written request for a meeting to discuss a payment plan when the owner has received a notice of a delinquent assessment. These payment plans must conform with the payment plan standards of the association, if they exist. (Section 1367.1 of the Civil Code)''

SEC. 15.5. Section 1365.1 of the Civil Code is amended to read:

1365.1. (a) The association shall distribute the written notice described in subdivision (b) to each member of the association during

the 60-day period immediately preceding the beginning of the association's fiscal year. The notice shall be printed in at least 12-point type. An association distributing the notice to an owner of an interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may delete from the notice described in subdivision (b) the portion regarding meetings and payment plans.

(b) The notice required by this section shall read as follows:

"NOTICE

ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND FORECLOSURE

Assessments become delinquent 15 days after they are due, unless the governing documents provide for a longer time. The failure to pay association assessments may result in the loss of an owner's property through foreclosure. Foreclosure may occur either as a result of a court action, known as judicial foreclosure, or without court action, often referred to as nonjudicial foreclosure. For liens recorded on and after January 1, 2005, an association may not use judicial or nonjudicial foreclosure to enforce that lien if the amount of the delinquent assessments exclusive of any late charges, fees, interest, and costs of collection, is less than two thousand five hundred dollars ($2,500). For delinquent assessments of two thousand five hundred dollars ($2,500) or more, an association may use nonjudicial or judicial foreclosure subject to the conditions set forth in Section 1367.4 of the Civil Code. When using nonjudicial or judicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the amount secured by the lien is not paid. (Sections 1366, 1367.1, and 1367.4 of the Civil Code)

In a nonjudicial or judicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common areas damaged by a member or a member's guests, if the

governing documents provide for this. (Sections 1366 and 1367.1 of the Civil Code)

The association must comply with the requirements of Section 1367.1 of the Civil Code when collecting delinquent assessments. If the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 1367.1 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail. Among these documents, the association must send a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 1367.1 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an owner certain documents in this regard. (Section 1367.1 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

When an owner makes a payment, he or she may request a receipt, and the association is required to provide it. On the receipt, the association must indicate the date of payment and the person who received it. The association must inform owners of a mailing address for overnight payments. (Section 1367.1 of the Civil Code)

An owner is not liable for charges, interest, and costs of collection, if it is established that the assessment was paid properly on time. (Section 1367.1 of the Civil Code)

MEETINGS AND PAYMENT PLANS

An owner of a separate interest that is not a time-share may request the association to consider a payment plan to satisfy a delinquent assessment. The association must inform owners of the standards for payment plans, if any exist. (Section 1367.1 of the Civil Code)

The board of the directors must meet with an owner who makes a proper written request for a meeting to discuss a payment plan when the owner has received a notice of a delinquent assessment. These payment

plans must conform with the payment plan standards of the association, if they exist. (Section 1367.1 of the Civil Code)''

SEC. 15.7. Section 1365.1 of the Civil Code is amended to read:

1365.1. (a) The association shall distribute the written notice described in subdivision (b) to each member of the association during the 60-day period immediately preceding the beginning of the association's fiscal year. The notice shall be printed in at least 12-point type. An association distributing the notice to an owner of an interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may delete from the notice described in subdivision (b) the portion regarding meetings and payment plans.

(b) The notice required by this section shall read as follows:

SEC. 16. Section 1367.1 of the Civil Code is amended to read:

1367.1. (a) A regular or special assessment and any late charges, reasonable fees and costs of collection, reasonable attorney's fees, if any, and interest, if any, as determined in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied. At least 30 days prior to recording a lien upon the separate interest of the owner of record to collect a debt that is past due under this subdivision, the association shall notify the owner of record in writing by certified mail of the following:

(1) A general description of the collection and lien enforcement procedures of the association and the method of calculation of the amount, a statement that the owner of the separate interest has the right to inspect the association records, pursuant to Section 8333 of the Corporations Code, and the following statement in 14-point boldface type, if printed, or in capital letters, if typed: ''IMPORTANT NOTICE: IF YOUR SEPARATE INTEREST IS PLACED IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR ASSESSMENTS, IT MAY BE SOLD WITHOUT COURT ACTION.''

(2) An itemized statement of the charges owed by the owner, including items on the statement which indicate the amount of any delinquent assessments, the fees and reasonable costs of collection, reasonable attorney's fees, any late charges, and interest, if any.

(3) A statement that the owner shall not be liable to pay the charges, interest, and costs of collection, if it is determined the assessment was paid on time to the association.

(4) The right to request a meeting with the board as provided by subdivision (c).

(b) Any payments made by the owner of a separate interest toward the debt set forth, as required in subdivision (a), shall first be applied to the

assessments owed, and, only after the assessments owed are paid in full shall the payments be applied to the fees and costs of collection, attorney's fees, late charges, or interest. When an owner makes a payment, the owner may request a receipt and the association shall provide it. The receipt shall indicate the date of payment and the person who received it. The association shall provide a mailing address for overnight payment of assessments.

(c) (1) An owner may dispute the debt noticed pursuant to subdivision (a) by submitting to the board a written explanation of the reasons for his or her dispute. The board shall respond in writing to the owner within 15 days of the date of the postmark of the explanation, if the explanation is mailed within 15 days of the postmark of the notice.

(2) An owner, other than an owner of any interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may submit a written request to meet with the board to discuss a payment plan for the debt noticed pursuant to subdivision (a). The association shall provide the owners the standards for payment plans, if any exist. The board shall meet with the owner in executive session within 45 days of the postmark of the request, if the request is mailed within 15 days of the date of the postmark of the notice, unless there is no regularly scheduled board meeting within that period, in which case the board may designate a committee of one or more members to meet with the owner.

(d) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a legal description of the owner's interest in the common interest development against which the assessment and other sums are levied, the name of the record owner of the owner's interest in the common interest development against which the lien is imposed. In order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (g), the notice of delinquent assessment shall state the name and address of the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association, and mailed in the manner set forth in Section 2924b, to all record owners of the owner's interest in the common interest development no later than 10 calendar days after recordation. Within 21 days of the payment of the sums specified in the

notice of delinquent assessment, the association shall record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest a copy of the lien release or notice that the delinquent assessment has been satisfied. A monetary charge imposed by the association as a means of reimbursing the association for costs incurred by the association in the repair of damage to common areas and facilities for which the member or the member's guests or tenants were responsible may become a lien against the member's separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c, provided the authority to impose a lien is set forth in the governing documents. It is the intent of the Legislature not to contravene Section 2792.26 of Title 10 of the California Code of Regulations, as that section appeared on January 1, 1996, for associations of subdivisions that are being sold under authority of a subdivision public report, pursuant to Part 2 (commencing with Section 11000) of Division 4 of the Business and Professions Code.

(e) Except as indicated in subdivision (d), a monetary penalty imposed by the association as a disciplinary measure for failure of a member to comply with the governing instruments, except for the late payments, may not be characterized nor treated in the governing instruments as an assessment that may become a lien against the member's subdivision separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c.

(f) A lien created pursuant to subdivision (d) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(g) An association may not voluntarily assign or pledge the association's right to collect payments or assessments, or to enforce or foreclose a lien to a third party, except when the assignment or pledge is made to a financial institution or lender chartered or licensed under federal or state law, when acting within the scope of that charter or license, as security for a loan obtained by the association; however, the foregoing provision may not restrict the right or ability of an association to assign any unpaid obligations of a former member to a third party for purposes of collection. Subject to the limitations of this subdivision, after the expiration of 30 days following the recording of a lien created pursuant to subdivision (d), the lien may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of

trust. The fees of a trustee may not exceed the amounts prescribed in Sections 2924c and 2924d.

(h) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

(i) If it is determined that a lien previously recorded against the separate interest was recorded in error, the party who recorded the lien shall, within 21 calendar days, record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest with a declaration that the lien filing or recording was in error and a copy of the lien release or notice of rescission.

(j) (1) An association that fails to comply with the procedures set forth in this section shall, prior to recording a lien, recommence the required notice process.

(2) Any costs associated with recommencing the notice process shall be borne by the association and not by the owner of a separate interest.

(k) This section only applies to liens recorded on or after January 1, 2003.

SEC. 16.5. Section 1367.1 of the Civil Code is amended to read:

1367.1. (a) A regular or special assessment and any late charges, reasonable fees and costs of collection, reasonable attorney's fees, if any, and interest, if any, as determined in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied. At least 30 days prior to recording a lien upon the separate interest of the owner of record to collect a debt that is past due under this subdivision, the association shall notify the owner of record in writing by certified mail of the following:

(1) A general description of the collection and lien enforcement procedures of the association and the method of calculation of the amount, a statement that the owner of the separate interest has the right to inspect the association records, pursuant to Section 8333 of the Corporations Code, and the following statement in 14-point boldface type, if printed, or in capital letters, if typed: ''IMPORTANT NOTICE: IF YOUR SEPARATE INTEREST IS PLACED IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR ASSESSMENTS, IT MAY BE SOLD WITHOUT COURT ACTION.''

(2) An itemized statement of the charges owed by the owner, including items on the statement which indicate the amount of any delinquent assessments, the fees and reasonable costs of collection, reasonable attorney's fees, any late charges, and interest, if any.

(3) A statement that the owner shall not be liable to pay the charges, interest, and costs of collection, if it is determined the assessment was paid on time to the association.

(4) The right to request a meeting with the board as provided by subdivision (c).

(b) Any payments made by the owner of a separate interest toward the debt set forth, as required in subdivision (a), shall first be applied to the assessments owed, and, only after the assessments owed are paid in full shall the payments be applied to the fees and costs of collection, attorney's fees, late charges, or interest. When an owner makes a payment, the owner may request a receipt and the association shall provide it. The receipt shall indicate the date of payment and the person who received it. The association shall provide a mailing address for overnight payment of assessments.

(c) (1) An owner, other than an owner of any interest that is described in Section 11212 of the Business and Professions Code that is not otherwise exempt from this section pursuant to subdivision (a) of Section 11211.7, may submit a written request to meet with the board to discuss a payment plan for the debt noticed pursuant to subdivision (a). The association shall provide the owners the standards for payment plans, if any exist. The board shall meet with the owner in executive session within 45 days of the postmark of the request, if the request is mailed within 15 days of the date of the postmark of the notice, unless there is no regularly scheduled board meeting within that period, in which case the board may designate a committee of one or more members to meet with the owner.

(2) The decision to record a lien for delinquent assessments shall be made only by the board of directors of the association and may not be delegated to an agent of the association. The board shall approve the decision by a majority vote of the board members in an open meeting. The board shall record the vote in the minutes of that meeting.

(d) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a legal description of the owner's interest in the common interest development against which the assessment and other sums are levied, the name of the record owner of the owner's interest in the common interest development against which the lien is imposed. In order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (g), the notice of delinquent assessment shall state the name and address of

the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association, and mailed in the manner set forth in Section 2924b, to all record owners of the owner's interest in the common interest development no later than 10 calendar days after recordation. Within 21 days of the payment of the sums specified in the notice of delinquent assessment, the association shall record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest a copy of the lien release or notice that the delinquent assessment has been satisfied. A monetary charge imposed by the association as a means of reimbursing the association for costs incurred by the association in the repair of damage to common areas and facilities for which the member or the member's guests or tenants were responsible may become a lien against the member's separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c, provided the authority to impose a lien is set forth in the governing documents. It is the intent of the Legislature not to contravene Section 2792.26 of Title 10 of the California Code of Regulations, as that section appeared on January 1, 1996, for associations of subdivisions that are being sold under authority of a subdivision public report, pursuant to Part 2 (commencing with Section 11000) of Division 4 of the Business and Professions Code.

(e) Except as indicated in subdivision (d), a monetary penalty imposed by the association as a disciplinary measure for failure of a member to comply with the governing instruments, except for the late payments, may not be characterized nor treated in the governing instruments as an assessment that may become a lien against the member's subdivision separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c.

(f) A lien created pursuant to subdivision (d) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(g) An association may not voluntarily assign or pledge the association's right to collect payments or assessments, or to enforce or foreclose a lien to a third party, except when the assignment or pledge is made to a financial institution or lender chartered or licensed under federal or state law, when acting within the scope of that charter or license, as security for a loan obtained by the association; however, the foregoing provision may not restrict the right or ability of an association to assign any unpaid obligations of a former member to a third party for purposes of collection. Subject to the limitations of this subdivision and

Section 1367.4, after the expiration of 30 days following the recording of a lien created pursuant to subdivision (d), the lien may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of trusts. The fees of a trustee may not exceed the amounts prescribed in Sections 2924c and 2924d.

(h) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

(i) If it is determined that a lien previously recorded against the separate interest was recorded in error, the party who recorded the lien shall, within 21 calendar days, record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest with a declaration that the lien filing or recording was in error and a copy of the lien release or notice of rescission.

(j) (1) An association that fails to comply with the procedures set forth in this section shall, prior to recording a lien, recommence the required notice process.

(2) Any costs associated with recommencing the notice process shall be borne by the association and not by the owner of a separate interest.

(k) This section only applies to liens recorded on or after January 1, 2003.

(*l*) This section is subordinate to, and shall be interpreted in conformity with, Section 1367.4.

SEC. 16.7. Section 1367.1 of the Civil Code is amended to read:

1367.1. (a) A regular or special assessment and any late charges, reasonable fees and costs of collection, reasonable attorney's fees, if any, and interest, if any, as determined in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied. At least 30 days prior to recording a lien upon the separate interest of the owner of record to collect a debt that is past due under this subdivision, the association shall notify the owner of record in writing by certified mail of the following:

(1) A general description of the collection and lien enforcement procedures of the association and the method of calculation of the amount, a statement that the owner of the separate interest has the right to inspect the association records, pursuant to Section 8333 of the Corporations Code, and the following statement in 14-point boldface

type, if printed, or in capital letters, if typed: ''IMPORTANT NOTICE: IF YOUR SEPARATE INTEREST IS PLACED IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR ASSESSMENTS, IT MAY BE SOLD WITHOUT COURT ACTION.''

(2) An itemized statement of the charges owed by the owner, including items on the statement which indicate the amount of any delinquent assessments, the fees and reasonable costs of collection, reasonable attorney's fees, any late charges, and interest, if any.

(3) A statement that the owner shall not be liable to pay the charges, interest, and costs of collection, if it is determined the assessment was paid on time to the association.

(4) The right to request a meeting with the board as provided by subdivision (c).

(5) The right to dispute the assessment debt by submitting a written request for dispute resolution to the association pursuant to Article 5 (commencing with Section 1363.810) of Chapter 4 of Title 6 of Part 4 of Division 2.

(6) The right to request alternative dispute resolution with a neutral third party pursuant to Article 2 (commencing with Section 1369.510) of Chapter 7 of Part 4 of Division 2 before the association may initiate foreclosure against the owner's separate interest.

(b) Any payments made by the owner of a separate interest toward the debt set forth, as required in subdivision (a), shall first be applied to the assessments owed, and, only after the assessments owed are paid in full shall the payments be applied to the fees and costs of collection, attorney's fees, late charges, or interest. When an owner makes a payment, the owner may request a receipt and the association shall provide it. The receipt shall indicate the date of payment and the person who received it. The association shall provide a mailing address for overnight payment of assessments.

(c) (1) (A) Prior to recording a lien for delinquent assessments, an association shall offer the owner, and if so requested by the owner, participate in dispute resolution pursuant to Article 5 (commencing with Section 1363.810) of Chapter 4 of Title 6 of Part 4 of Division 2.

(B) Prior to initiating a foreclosure for delinquent assessments, an association shall offer the owner and, if so requested by the owner, shall participate in dispute resolution pursuant to Article 5 (commencing with Section 1363.810) of Chapter 4 of Title 6 of Part 4 of Division 2 or alternative dispute resolution with a neutral third party pursuant to Article 2 (commencing with Section 1369.510) of Chapter 7 of Title 6 of Part 4 of Division 2. The decision to pursue dispute resolution or a particular type of alternative dispute resolution shall be the choice of the owner, except that binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

(2) The decision to record a lien for delinquent assessments shall be made only by the board of directors of the association and may not be delegated to an agent of the association. The board shall approve the decision by a majority vote of the board members in an open meeting. The board shall record the vote in the minutes of that meeting.

(3) An owner, other than an owner of any interest that is described in Section 11212 of the Business and Professions Code that is not exempt from this section pursuant to subdivision (a) of Section 11211.7, may submit a written request to meet with the board to discuss a payment plan for the debt noticed pursuant to subdivision (a). The association shall provide the owners the standards for payment plans, if any exist. The board shall meet with the owner in executive session within 45 days of the postmark of the request, if the request is mailed within 15 days of the date of the postmark of the notice, unless there is no regularly scheduled board meeting within that period, in which case the board may designate a committee of one or more members to meet with the owner.

(d) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a legal description of the owner's interest in the common interest development against which the assessment and other sums are levied, the name of the record owner of the owner's interest in the common interest development against which the lien is imposed. In order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (g), the notice of delinquent assessment shall state the name and address of the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association, and mailed in the manner set forth in Section 2924b, to all record owners of the owner's interest in the common interest development no later than 10 calendar days after recordation. Within 21 days of the payment of the sums specified in the notice of delinquent assessment, the association shall record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest a copy of the lien release or notice that the delinquent assessment has been satisfied. A monetary charge imposed by the association as a means of reimbursing the association for costs incurred by the association in the repair of damage to common areas and facilities for which the member or the member's

guests or tenants were responsible may become a lien against the member's separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c, provided the authority to impose a lien is set forth in the governing documents. It is the intent of the Legislature not to contravene Section 2792.26 of Title 10 of the California Code of Regulations, as that section appeared on January 1, 1996, for associations of subdivisions that are being sold under authority of a subdivision public report, pursuant to Part 2 (commencing with Section 11000) of Division 4 of the Business and Professions Code.

(e) Except as indicated in subdivision (d), a monetary penalty imposed by the association as a disciplinary measure for failure of a member to comply with the governing instruments, except for the late payments, may not be characterized nor treated in the governing instruments as an assessment that may become a lien against the member's subdivision separate interest enforceable by the sale of the interest under Sections 2924, 2924b, and 2924c.

(f) A lien created pursuant to subdivision (d) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(g) An association may not voluntarily assign or pledge the association's right to collect payments or assessments, or to enforce or foreclose a lien to a third party, except when the assignment or pledge is made to a financial institution or lender chartered or licensed under federal or state law, when acting within the scope of that charter or license, as security for a loan obtained by the association; however, the foregoing provision may not restrict the right or ability of an association to assign any unpaid obligations of a former member to a third party for purposes of collection. Subject to the limitations of this subdivision and Section 1367.4, after the expiration of 30 days following the recording of a lien created pursuant to subdivision (d), the lien may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of trust. The fees of a trustee may not exceed the amounts prescribed in Sections 2924c and 2924d.

(h) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

(i) If it is determined that a lien previously recorded against the separate interest was recorded in error, the party who recorded the lien shall, within 21 calendar days, record or cause to be recorded in the office of the county recorder in which the notice of delinquent assessment is recorded a lien release or notice of rescission and provide the owner of the separate interest with a declaration that the lien filing or recording was in error and a copy of the lien release or notice of rescission.

(j) (1) An association that fails to comply with the procedures set forth in this section shall, prior to recording a lien, recommence the required notice process.

(2) Any costs associated with recommencing the notice process shall be borne by the association and not by the owner of a separate interest.

(k) This section only applies to liens recorded on or after January 1, 2003.

(*l*) This section is subordinate to, and shall be interpreted in conformity with, Section 1367.4.

SEC. 17. Section 25021 of the Corporations Code is amended to read:

25021. ''Subdivided lands'' and ''subdivision'' have the meanings prescribed in Sections 11000, 11004.5, and 11218 of the Business and Professions Code.

SEC. 18. Section 30610 of the Public Resources Code is amended to read:

30610. Notwithstanding any other provision of this division, no coastal development permit shall be required pursuant to this chapter for the following types of development and in the following areas:

(a) Improvements to existing single-family residences; provided, however, that the commission shall specify, by regulation, those classes of development which involve a risk of adverse environmental effect and shall require that a coastal development permit be obtained pursuant to this chapter.

(b) Improvements to any structure other than a single-family residence or a public works facility; provided, however, that the commission shall specify, by regulation, those types of improvements which (1) involve a risk of adverse environmental effect, (2) adversely affect public access, or (3) involve a change in use contrary to any policy of this division. Any improvement so specified by the commission shall require a coastal development permit.

(c) Maintenance dredging of existing navigation channels or moving dredged material from those channels to a disposal area outside the coastal zone, pursuant to a permit from the United States Army Corps of Engineers.

(d) Repair or maintenance activities that do not result in an addition to, or enlargement or expansion of, the object of those repair or

maintenance activities; provided, however, that if the commission determines that certain extraordinary methods of repair and maintenance involve a risk of substantial adverse environmental impact, it shall, by regulation, require that a permit be obtained pursuant to this chapter.

(e) Any category of development, or any category of development within a specifically defined geographic area, that the commission, after public hearing, and by two-thirds vote of its appointed members, has described or identified and with respect to which the commission has found that there is no potential for any significant adverse effect, either individually or cumulatively, on coastal resources or on public access to, or along, the coast and, where the exclusion precedes certification of the applicable local coastal program, that the exclusion will not impair the ability of local government to prepare a local coastal program.

(f) The installation, testing, and placement in service or the replacement of any necessary utility connection between an existing service facility and any development approved pursuant to this division; provided, however, that the commission may, where necessary, require reasonable conditions to mitigate any adverse impacts on coastal resources, including scenic resources.

(g) (1) The replacement of any structure, other than a public works facility, destroyed by a disaster. The replacement structure shall conform to applicable existing zoning requirements, shall be for the same use as the destroyed structure, shall not exceed either the floor area, height, or bulk of the destroyed structure by more than 10 percent, and shall be sited in the same location on the affected property as the destroyed structure.

(2) As used in this subdivision:

(A) ''Disaster'' means any situation in which the force or forces which destroyed the structure to be replaced were beyond the control of its owner.

(B) ''Bulk'' means total interior cubic volume as measured from the exterior surface of the structure.

(C) ''Structure'' includes landscaping and any erosion control structure or device which is similar to that which existed prior to the occurrence of the disaster.

(h) Any activity anywhere in the coastal zone that involves the conversion of any existing multiple-unit residential structure to a time-share project, estate, or use, as defined in Section 11212 of the Business and Professions Code. If any improvement to an existing structure is otherwise exempt from the permit requirements of this division, no coastal development permit shall be required for that improvement on the basis that it is to be made in connection with any conversion exempt pursuant to this subdivision. The division of a multiple-unit residential structure into condominiums, as defined in

Section 783 of the Civil Code, shall not be considered a time-share project, estate, or use for purposes of this subdivision.

(i) (1) Any proposed development which the executive director finds to be a temporary event which does not have any significant adverse impact upon coastal resources within the meaning of guidelines adopted pursuant to this subdivision by the commission. The commission shall, after public hearing, adopt guidelines to implement this subdivision to assist local governments and persons planning temporary events in complying with this division by specifying the standards which the executive director shall use in determining whether a temporary event is excluded from permit requirements pursuant to this subdivision. The guidelines adopted pursuant to this subdivision shall be exempt from the review of the Office of Administrative Law and from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) Exclusion or waiver from the coastal development permit requirements of this division pursuant to this subdivision does not diminish, waive, or otherwise prevent the commission from asserting and exercising its coastal development permit jurisdiction over any temporary event at any time if the commission determines that the exercise of its jurisdiction is necessary to implement the coastal resource protection policies of Chapter 3 (commencing with Section 30200).

SEC. 19. Section 998 of the Revenue and Taxation Code is amended to read:

998. (a) The full value of a time-share estate or a time-share use subject to tax under this division shall be determined by finding the real property value of the interest involved and shall not include the value of any nonreal property items, including, but not limited to, vacation exchange rights, vacation conveniences and services, and club memberships. Accordingly, the full value of a time-share estate or time-share use may be determined by reference to resort properties, condominiums, cooperatives, or other properties which are similar in size, type, and location to the property subject to time-share ownership and are not owned on a time-share basis. The aggregate assessed value of all the time-share estates or uses relating to a single lot, parcel, unit, or other segment of real property shall be determined by adding (1) the fair market value of the similar lot, parcel, unit, or other segment not owned on a time-share basis, and (2) an amount necessary to reflect any increase or decrease to the market value attributable to the fact that the property is marketed in increments of time, or by any alternate method which will determine the real property value without regard to any nonreal property items which may be included.

(b) Nothing in this section shall authorize a reassessment of real property as a result of the creation or transfer of a time-share interest in

the property unless the creation or transfer of the time-share interest constitutes a change in ownership under Chapter 2 (commencing with Section 60) of Part 2 and Section 2 of Article XIII A of the California Constitution.

(c) For purposes of this section, ''time-share estate'' and ''time-share use'' shall have the meanings set forth in paragraph (x) of Section 11212 of the Business and Professions Code, and ''time-share interest'' shall refer to both time-share estates and time-share uses.

(d) Nothing in this section may be construed as requiring the assessment of any property at less than fair market value as required by Section 401.

SEC. 20. Section 2188.8 of the Revenue and Taxation Code is amended to read:

2188.8. (a) Whenever the assessor receives a written request for separate assessment of time-share estates in a time-share project, as defined in Section 11212 of the Business and Professions Code and as specified in subdivision (h) of this section, the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, separately assess each time-share estate in the project if the assessor determines that the conditions specified in subdivision (c) have been met. Whenever estates in a time-share project are separately assessed, they shall continue to be separately assessed in subsequent fiscal years and, once a request for separate assessment is made with respect to a project, it is binding on all future time-share estate owners.

(b) The interest that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a specific period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) The separate assessment of a time-share estate may not be made by the assessor unless both of the following occur:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally.

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each time-share estate owner, and a list of every time-share estate owner, with a date notation thereon showing when, according to the organization's records, each time-share estate was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each

succeeding assessment year, on or before April 1, with the assessor setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Notwithstanding subdivision (c), this section shall not be construed to require any person making a request for separate assessment to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment.

(e) The tax on a time-share estate that is separately assessed pursuant to this section shall be a lien solely on the time-share estate and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll, provided:

(1) If the taxes on any time-share estate that is separately assessed remain unpaid at the time set for declaration of default for delinquent taxes, the taxes on the time-share estate, together with any penalties and costs that may have accrued thereon while on the secured roll, may be transferred to the unsecured roll.

(2) Defaulted time-share estate taxes remaining unpaid on any prior year secured tax roll may be transferred to the unsecured roll and collected like any other tax on the unsecured roll.

(f) The assessor shall provide to the principal office of each time-share project within the taxing jurisdiction, at the time and in the manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The county may charge a fee for processing an application for separate assessment and for the initial and the ongoing costs, not to exceed the actual cost, of the separate assessment and billing, and mailings, with respect to a time-share project. This fee is subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and shall be proportionately allocated to each of the time-share estate owners. This fee may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and deposited in the county's general fund.

(h) For purposes of this section, ''time-share estate'' applies to time-share estates, as defined in Section 11212 of the Business and Professions Code, that include a fee simple interest in the underlying property involved. However, ''time-share estate'' does not include time-share estates that are coupled with a leasehold interest or an estate for years.

(i) Notwithstanding subdivision (a), when the assessor receives a written request to terminate the separate assessment of time-share estates

in a time-share project under subdivision (a), the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, prepare a single assessment for all time-share estates in the project. In order to obtain a single assessment, the person making the request shall provide certification that the request for a single consolidated assessment has been approved in the manner provided in the organization's documents. The person making the request shall also state the name and address of that organization as the organization to receive the single consolidated assessment. On the first lien date, and continuing thereafter, the county shall assess the time-share project. Any lien for taxes shall attach as if the election previously made under subdivision (a) had not been made, and the county shall no longer charge the fees described in subdivision (g).

SEC. 21. Section 2188.9 of the Revenue and Taxation Code is amended to read:

2188.9. (a) Whenever the assessor receives a written request for separate assessment of a time-share project, as defined in Section 11212 of the Business and Professions Code, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess the individual interests in the project described in subdivision (b) if the conditions specified in subdivision (c) have been met. Whenever a time-share project becomes subject to separate assessment, it shall continue to be so subject in subsequent fiscal years and once a request for separate assessment is made, it is binding on all future owners and occupants of the project.

(b) The interest in a time-share project that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) A separate assessment may not be made by the assessor under this section unless:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each time-share interest owner, and a list of every time-share interest owner, with a date notation thereon showing when, according to the organization's records, each interest was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each

succeeding assessment year, on or before April 1, with the assessor, setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408 of the Revenue and Taxation Code.

(d) Notwithstanding the provisions of subdivision (c), this section shall not be construed to require applicants for separate assessments to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment except for the assessor's approval.

(e) The assessor shall cumulate all the separate assessments in a time-share project and enter the total assessment on the secured roll in the name of the organization or time-share owners' association. The assessor shall notify each owner of a time-share interest subject to separate assessment under this section of the amount of an increased assessment pursuant to Section 619.

(f) The tax on the total assessment with respect to a time-share project shall be a lien on the entire time-share project and shall be subject to all provisions of law applicable to taxes on the secured roll.

(g) The tax collector shall send a single tax bill, with an itemized breakdown detailing the taxes applicable to each separate assessment, to the time-share project organization or owners' association.

(h) The assessor shall provide to the principal office of each time-share project within the taxing jurisdiction, at that time and in that manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(i) The county may charge a fee for processing the application for separate assessment and for the initial and ongoing costs of separate assessment and implementing subdivision (g), not to exceed the actual costs. Fees shall be subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and shall be deposited in the county's general fund.

(j) This section shall not apply to time-share estates or to time-share projects that are subject to the provisions of Section 2188.8.

(k) Notwithstanding subdivision (a), when the assessor receives a written request to terminate the separate assessment of a time-share project under subdivision (a), the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, prepare a single assessment for the time-share project without an itemized breakdown detailing the taxes applicable to each separate assessment in the time-share project. In order to obtain a single

assessment, the person making the request shall provide certification that the request for a single consolidated assessment has been approved in the manner provided in the organization's documents. The person making the request shall also state the name and address of that organization as the organization to receive the single consolidated assessment. On the first lien date, and continuing thereafter, the county shall assess the time-share project. Any lien for taxes shall attach as if the election previously made under subdivision (a) had not been made, and the county shall no longer charge the fees described in subdivision (i).

SEC. 22. Section 7280 of the Revenue and Taxation Code is amended to read:

7280. CHAPTER 698

An act to add Chapter 12.5 (commencing with Section 20020) to Part 11 of the Education Code, relating to financing a public library construction and renovation program by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California, and by providing for the handling and disposition of those funds.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.5 (commencing with Section 20020) is added to Part 11 of the Education Code, to read:

CHAPTER 12.5. CALIFORNIA READING AND LITERACY IMPROVEMENT AND PUBLIC LIBRARY CONSTRUCTION AND RENOVATION BOND ACT OF 2006

Article 1. General Provisions

20020. This chapter shall be known and may be cited as the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006.

20021. The Legislature finds and declares the following:

(a) Reading and literacy skills are fundamental to success in our economy and our society.

(b) Public libraries are a vital part of the educational system. They provide resources and services for all residents of California, including preschoolers, out-of-school adults, senior citizens, and those attending schools at all levels.

(c) In many cases, libraries serve as a community's only public point of access to resources for learning and by extension, self-sufficiency.

(d) The construction and renovation of public library facilities is necessary to expand access to reading and literacy programs in California's public education system and to expand access to public library services for all residents of California.

(e) The need for library facilities continues to grow. A 2003 needs assessment compiled by the State Library found that there is a need for over two billion dollars ($2,000,000,000) in public library funding.

(f) In March 2000, California voters approved a bond measure of three hundred fifty million dollars ($350,000,000) for library construction and renovation.

(g) Due to the overwhelming response by applicants, the California Public Library Construction and Renovation Board will ultimately be forced to deny approximately 75 percent of all applications due to lack of additional bond funding.

20022. As used in this chapter, the following terms have the following meanings:

(a) ''Committee'' means the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 and continued in existence pursuant to Section 20040 for the purposes of this chapter.

(b) ''Fund'' means the California Public Library Construction and Renovation Fund of 2006 established pursuant to Section 20024.

(c) ''Board'' means the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023.

20023. (a) The California Public Library Construction and Renovation Board of 2006 is hereby established.

(b) The board is comprised of the State Librarian, the Treasurer, the Director of Finance, an Assembly Member appointed by the Speaker of the Assembly, a Senator appointed by the Senate Committee on Rules, and two members appointed by the Governor.

(c) Legislative members of the board shall meet with, and participate in, the work of the board to the extent that their participation is not incompatible with their duties as Members of the Legislature. For the purpose of this chapter, Members of the Legislature who are members of the board constitute a joint legislative committee on the subject matter of this chapter.

Article 2. Program Provisions

20024. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the California Public Library Construction and Renovation Fund of 2006, which is hereby established.

20025. All moneys deposited in the fund, except as provided in Section 20049.5, are continuously appropriated to the State Librarian, notwithstanding Section 13340 of the Government Code, and are available for grants to any city, county, city and county, or library district that is authorized at the time of the project application to own and maintain a public library facility for the purposes set forth in Section 20026.

20026. The grant funds authorized pursuant to Section 20025, and the matching funds provided pursuant to Section 20033, shall be used by the recipient for any of the following purposes:

(a) Acquisition or construction of new facilities or additions to existing public library facilities.

(b) Acquisition of land necessary for the purposes of subdivision (a).

(c) Remodeling or rehabilitation of existing public library facilities or of other facilities for the purpose of their conversion to public library facilities. All remodeling and rehabilitation projects funded with grants authorized pursuant to this chapter shall include any necessary upgrading of electrical and telecommunications systems to accommodate Internet and similar computer technology.

(d) Procurement or installation, or both, of furnishings and equipment required to make a facility fully operable, if the procurement or installation is part of a construction or remodeling project funded pursuant to this section.

(e) Payment of fees charged by architects, engineers, and other professionals, whose services are required to plan or execute a project authorized pursuant to this chapter.

(f) Service charges where the services in question are required by the applicant jurisdiction to be provided by a public works or similar

department, or by other departments providing professional services where the costs are directly billed to the project pursuant to this chapter.

20027. (a) An applicant for a grant for the acquisition, construction, remodeling, or rehabilitation of public library facilities under this chapter on land not currently possessed by that applicant, for a project that does not include an application for a grant to acquire that land pursuant to subdivision (b) of Section 20026, shall be deemed to comply with any administrative condition adopted pursuant to this chapter that the applicant own the land if the application is accompanied by a copy of a court order issued in an eminent domain action pursuant to Section 1255.410 of the Code of Civil Procedure that entitles the applicant to possession of the land.

(b) The terms ''purchase of land'' and ''acquisition of land'' as used in this chapter, or in any rule, regulation or policy adopted by the board pursuant to Section 20030, include, but are not limited to, the acquisition of land by eminent domain. For that purpose, the eligible cost of acquisition shall be the fair market value of the property as defined by Article 4 (commencing with Section 1263.310) of Chapter 9 of Title 7 of Part 3 of the Code of Civil Procedure, except that, if title to the land will not be transferred until after the application is submitted for a grant for the acquisition of the land, the eligible cost of acquisition may not exceed the appraised value of the land.

20028. Any grant funds authorized pursuant to Section 20025, or matching funds provided pursuant to Section 20033, may not be used by a recipient for any of the following purposes:

(a) Books and other library materials.

(b) Administrative costs of the project, including, but not limited to, the costs of any of the following:

(1) Preparation of the grant application.

(2) Procurement of matching funds.

(3) Conduct of an election for obtaining voter approval of the project.

(c) Except as set forth in this chapter, including, but not limited to, Section 20048, interest or other carrying charges for financing the project, including, but not limited to, costs of loans or lease-purchase agreements in excess of the direct costs of any of the authorized purposes specified in Section 20026.

(d) Any ongoing operating expenses for the facility, its personnel, supplies or any other library operations.

20029. All construction contracts for projects funded in part through grants awarded pursuant to this chapter shall be awarded through competitive bidding pursuant to Part 3 (commencing with Section 20100) of Division 2 of the Public Contract Code.

20030. This chapter shall be administered by the State Librarian. The board shall adopt rules, regulations, and policies for the implementation of this chapter.

20031. A city, county, city and county, or library district may apply to the State Librarian for a grant pursuant to this chapter as follows:

(a) Each application shall be for a project for a purpose authorized by Section 20026.

(b) An application may not be submitted for a project for which construction bids already have been advertised.

(c) The applicant shall request not less than fifty thousand dollars ($50,000) per project.

20032. In making the awards, the board shall consider applications for construction or rehabilitation of public library facilities submitted pursuant to Section 20031 and the funding shall be allocated in the following manner:

(a) First priority shall be given to applications deemed eligible by the State Librarian, that were submitted but not funded in the third application cycle of the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000. Amounts awarded by the board for these applications may not exceed 50 percent of the total amount authorized pursuant to Section 20038.

(b) Until regulations are adopted pursuant to Section 20030, regulations adopted pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 (Chapter 12 (commencing with Section 19985)) govern the administration of this chapter.

(c) Funds not awarded for the third application cycle pursuant to the California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2000 shall be awarded on a competitive basis pursuant to this chapter.

(d) (1) Except as set forth in paragraph (2), an amount of at least twenty-five million dollars ($25,000,000) shall be made available for joint-use projects that meet all of the following requirements:

(A) The joint-use project is with one or more public education institutions. For the purpose of this section, ''public education institution'' means any of the following:

(i) A school district maintaining any combination of educational settings from kindergarten to grade 12, inclusive.

(ii) A county office of education.

(iii) A community college district.

(iv) A campus of the California State University.

(v) A campus of the University of California.

(B) The public education institution or institutions participating as a joint-use partner or partners provide at least 50 percent of the 35 percent

local matching funds required pursuant to subdivision (a) of Section 20033.

(C) Consideration may be given to a proposed joint-use project to be located in a low-income area.

(D) Consideration may be given to a proposed joint-use project to be located in an area in which public schools have low scores on the Academic Performance Index.

(2) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section exceeds the total dollar amount made available for joint-use projects pursuant to paragraph (1), joint-use projects may also be funded from any other funds available to the board under this chapter.

(3) If, by March 2, 2010, the total dollar amount of all approved applications for joint-use projects pursuant to this section is less than the total dollar amount made available for joint-use projects pursuant to paragraph (1), any remaining funds under paragraph (1) shall be made available for any other grants under this chapter awarded on a competitive basis in the same manner as set forth in subdivision (d).

20033. (a) Each grant recipient shall provide matching funds from any available source in an amount equal to 35 percent of the costs of the project. The remaining 65 percent of the costs of the project, up to a maximum of twenty million dollars ($20,000,000) per project, shall be provided through allocations from the fund.

(b) Qualifying matching funds shall be cash expenditures in the categories specified in Section 20026 which are made not earlier than five years prior to the submission of the application to the State Librarian. Except as otherwise provided in subdivision (c), in-kind expenditures do not qualify as matching funds.

(c) Land donated or otherwise acquired for use as a site for the facility, including, but not limited to, land purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local fund contribution at its appraised value as of the date of the application. This subdivision does not apply to land acquired with funds authorized pursuant to Part 68 (commencing with Section 100400), Part 68.1 (commencing with Section 100600), or Part 68.2 (commencing with Section 100800) if approved by the voters.

(d) Expenditures for payment of architect fees for plans and drawings for library renovation and new construction, including, but not limited to, plans and drawings purchased more than five years prior to the submission of the application to the State Librarian, may count towards the required 35 percent local funds contribution.

20034. (a) The estimated costs of a project for which an application is submitted shall be consistent with normal public construction costs in the geographic area of the applicant.

(b) An applicant wishing to construct a project having costs that exceed normal public construction costs in the area may apply for a grant in an amount not to exceed 65 percent of the normal costs up to a maximum of twenty million dollars ($20,000,000) per project if the applicant certifies that it is capable of financing the remainder of the project costs from other sources.

20035. After an application has been approved by the board and included in the request of the State Librarian to the committee, the amount of the funding to be provided to the applicant may not be increased. Any actual changes in project costs are the responsibility of the applicant. If the amount of funding that is provided is greater than the cost of the project, the applicant shall return that amount of funding that exceeds the cost of the project to the fund. If an applicant has been awarded funding by the board, but decides not to proceed with the project, the applicant shall return all of the funding to the fund.

20036. (a) In reviewing applications, as part of establishing the priorities set forth in Section 20032, the board shall consider all of the following factors:

(1) The needs of urban, suburban, and rural areas.

(2) The age and condition of existing library facilities within an area.

(3) The degree to which existing library facilities are inadequate in meeting the needs of the residents in the library service area.

(4) The degree to which the proposed project responds to the needs of the residents in the library service area.

(5) The degree to which the library integrates appropriate electronic technologies into the proposed project.

(6) The degree to which the proposed site is appropriate for the proposed project and its intended use.

(7) The financial commitment of the local agency submitting the application to open, operate, and maintain the proposed library project upon its completion.

(b) If, after an application has been submitted, material changes occur that would alter the evaluation of an application, the State Librarian may accept an additional written statement from the applicant for consideration by the board.

20037. (a) A facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter shall be dedicated to public library direct service use for a period of at least 20 years following completion of the project.

(b) Any financial interest that the state may have in the land or facility, or both, resulting from the funding of a project under this chapter, as described in subdivision (a), may be transferred by the State Librarian through an exchange for a replacement site and facility acquired or constructed for the purpose of providing public library direct service.

(c) If the facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter ceases to be used for public library direct service prior to the expiration of the period specified in subdivision (a), the board shall be entitled to recover from the grant recipient, or the successor of the recipient, an amount that bears the same ratio to the value of the facility, or appropriate part thereof, at the time it ceased to be used for public library direct service, as the amount of the original grant bore to the original cost of the facility, or appropriate part thereof. For purposes of this subdivision, the value of the facility, or appropriate part thereof, shall be determined by the mutual agreement of the board and the grant recipient or successor, or through an action brought for that purpose in the superior court.

(d) Notwithstanding subdivision (f) of Section 16724 of the Government Code, any money recovered pursuant to subdivision (c) shall be deposited in the fund, and shall be available for the purpose of awarding grants for other projects.

Article 3. Fiscal Provisions

20038. Bonds in the total amount not to exceed a total of six hundred million dollars ($600,000,000), exclusive of refunding bonds issued in accordance with Section 20046, or so much thereof as is necessary, may be issued and sold for deposit in the fund to be used in accordance with, and for carrying out the purposes expressed in, this chapter, including all acts amendatory thereof and supplementary thereto, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest on bonds as the principal and interest become due and payable.

20039. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter, except Section 16727 of the Government Code to the extent that it may be inconsistent with this chapter.

20040. (a) For purposes of this chapter, the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 is continued in existence and is the ‘‘committee’’ as

that term is used in the State General Obligation Bond Law for the purpose of this chapter.

(b) For purposes of the State General Obligation Bond Law, the California Public Library Construction and Renovation Board of 2006 established pursuant to Section 20023 is designated the board.

20041. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter, including all acts amendatory thereof and supplementary thereto, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

20042. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

20043. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 20044, appropriated without regard to fiscal years.

20044. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money Investment Account during the time the money was withdrawn from the General Fund pursuant to this section, from money received from the sale of bonds for the purpose of carrying out this chapter.

20045. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request may not exceed the amount of the unsold

bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

20046. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. Approval by the electors of the state for the issuance of bonds under this chapter shall include the approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

20047. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

20048. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

20049. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not ''proceeds of taxes'' as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

20049.5. Amounts deposited in the fund pursuant to this chapter may be appropriated in the annual Budget Act to the State Librarian for the actual amount of office, personnel, and other customary and usual expenses incurred in the direct administration of grant projects pursuant to this chapter, including, but not limited to, expenses incurred by the State Librarian in providing technical assistance to an applicant for a grant under this chapter.

SEC. 2. (a) Section 1 of this act shall take effect upon the adoption by the voters of the California Reading and Literacy Improvement and

Public Library Construction and Renovation Bond Act of 2006, as set forth in Section 1 of this act.

(b) Section 1 of this act shall be submitted to the voters at the 2006 statewide primary election in accordance with provisions of the Elections Code and the Government Code governing submission of statewide measures to voters.

SEC. 3. (a) Notwithstanding any other law, all ballots of the election shall have printed thereon and in a square thereof, the words: ''California Reading and Literacy Improvement and Public Library Construction and Renovation Bond Act of 2006'' and in the same square under those words, the following in 8-point type: ''This act provides for a bond issue in an amount not to exceed a total of six hundred million dollars ($600,000,000) to provide funds for the construction and renovation of public library facilities in order to expand access to reading and literacy programs in California's public education system and to expand access to public library services for all residents of California.'' Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) If the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

CHAPTER 699

An act to add Section 2282.5 to the Business and Professions Code, relating to medicine.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that providing quality medical care in hospitals depends on the mutual accountability, interdependence, and responsibility of the medical staff and the hospital governing board for the proper performance of their respective obligations.

(b) The Legislature further finds and declares that the governing board of a hospital must act to protect the quality of medical care provided and the competency of its medical staff, and to ensure the responsible governance of the hospital in the event that the medical staff

fails in any of its substantive duties or responsibilities. Nothing in this act shall be construed to undermine this authority. The final authority of the hospital governing board may be exercised for the responsible governance of the hospital or for the conduct of the business affairs of the hospital; however, that final authority may only be exercised with a reasonable and good faith belief that the medical staff has failed to fulfill a substantive duty or responsibility in matters pertaining to the quality of patient care. It would be a violation of the medical staff's self-governance and independent rights for the hospital governing board to assume a duty or responsibility of the medical staff precipitously, unreasonably, or in bad faith.

(c) Finally, the Legislature finds and declares that the specific actions that would constitute bad faith or unreasonable action on the part of either the medical staff or hospital governing board will always be fact-specific and cannot be precisely described in statute. The provisions set forth in this act do nothing more than provide for the basic independent rights and responsibilities of a self-governing medical staff. Ultimately, a successful relationship between a hospital's medical staff and governing board depends on the mutual respect of each for the rights and responsibilities of the other.

SEC. 2. Section 2282.5 is added to the Business and Professions Code, to read:

2282.5. (a) The medical staff's right of self-governance shall include, but not be limited to, all of the following:

(1) Establishing, in medical staff bylaws, rules, or regulations, criteria and standards, consistent with Article 11 (commencing with Section 800) of Chapter 1 of Division 2, for medical staff membership and privileges, and enforcing those criteria and standards.

(2) Establishing, in medical staff bylaws, rules, or regulations, clinical criteria and standards to oversee and manage quality assurance, utilization review, and other medical staff activities including, but not limited to, periodic meetings of the medical staff and its committees and departments and review and analysis of patient medical records.

(3) Selecting and removing medical staff officers.

(4) Assessing medical staff dues and utilizing the medical staff dues as appropriate for the purposes of the medical staff.

(5) The ability to retain and be represented by independent legal counsel at the expense of the medical staff.

(6) Initiating, developing, and adopting medical staff bylaws, rules, and regulations, and amendments thereto, subject to the approval of the hospital governing board, which approval shall not be unreasonably withheld.

(b) The medical staff bylaws shall not interfere with the independent rights of the medical staff to do any of the following, but shall set forth the procedures for:

(1) Selecting and removing medical staff officers.

(2) Assessing medical staff dues and utilizing the medical staff dues as appropriate for the purposes of the medical staff.

(3) The ability to retain and be represented by independent legal counsel at the expense of the medical staff.

(c) With respect to any dispute arising under this section, the medical staff and the hospital governing board shall meet and confer in good faith to resolve the dispute. Whenever any person or entity has engaged in or is about to engage in any acts or practices that hinder, restrict, or otherwise obstruct the ability of the medical staff to exercise its rights, obligations, or responsibilities under this section, the superior court of any county, on application of the medical staff, and after determining that reasonable efforts, including reasonable administrative remedies provided in the medical staff bylaws, rules, or regulations, have failed to resolve the dispute, may issue an injunction, writ of mandate, or other appropriate order. Proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 700

An act to amend Section 52.1 of the Civil Code, to amend Sections 200 and 220 of the Education Code, to amend Section 12926 of the Government Code, and to amend Sections 190.03, 422.6, 422.7, 422.75, 594.3, 11410, 11413, 13023, 13515.25, and 13519.4 of, to amend and renumber Sections 422.95, 1170.75, and 13873 of, to add Sections 422.77, 422.78, 422.86, 422.89, 422.91, 422.93, 13519.64, and 13519.65 to, to add Chapter 1 (commencing with Section 422.55) to Title 11.6 of Part 1 of, to add a chapter heading to Chapter 2 immediately preceding Section 422.6 of Title 11.6 of Part 1 of, to add Chapter 3 (commencing with Section 422.88) to Title 11.6 of Part 1 of, to repeal

Sections 422.76, 13870, and 13871 of, and to repeal and add Section 422.9 of, the Penal Code, relating to crimes.

[Approved by Governor September 22, 2004. Filed with Secretary of State September 22, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 52.1 of the Civil Code is amended to read:

52.1. (a) If a person or persons, whether or not acting under color of law, interferes by threats, intimidation, or coercion, or attempts to interfere by threats, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney may bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the peaceable exercise or enjoyment of the right or rights secured. An action brought by the Attorney General, any district attorney, or any city attorney may also seek a civil penalty of twenty-five thousand dollars ($25,000). If this civil penalty is requested, it shall be assessed individually against each person who is determined to have violated this section and the penalty shall be awarded to each individual whose rights under this section are determined to have been violated.

(b) Any individual whose exercise or enjoyment of rights secured by the Constitution or laws of the United States, or of rights secured by the Constitution or laws of this state, has been interfered with, or attempted to be interfered with, as described in subdivision (a), may institute and prosecute in his or her own name and on his or her own behalf a civil action for damages, including, but not limited to, damages under Section 52, injunctive relief, and other appropriate equitable relief to protect the peaceable exercise or enjoyment of the right or rights secured.

(c) An action brought pursuant to subdivision (a) or (b) may be filed either in the superior court for the county in which the conduct complained of occurred or in the superior court for the county in which a person whose conduct complained of resides or has his or her place of business. An action brought by the Attorney General pursuant to subdivision (a) also may be filed in the superior court for any county wherein the Attorney General has an office, and in that case, the jurisdiction of the court shall extend throughout the state.

(d) If a court issues a temporary restraining order or a preliminary or permanent injunction in an action brought pursuant to subdivision (a) or (b), ordering a defendant to refrain from conduct or activities, the order issued shall include the following statement: VIOLATION OF THIS

ORDER IS A CRIME PUNISHABLE UNDER SECTION 422.77 OF THE PENAL CODE.

(e) The court shall order the plaintiff or the attorney for the plaintiff to deliver, or the clerk of the court to mail, two copies of any order, extension, modification, or termination thereof granted pursuant to this section, by the close of the business day on which the order, extension, modification, or termination was granted, to each local law enforcement agency having jurisdiction over the residence of the plaintiff and any other locations where the court determines that acts of violence against the plaintiff are likely to occur. Those local law enforcement agencies shall be designated by the plaintiff or the attorney for the plaintiff. Each appropriate law enforcement agency receiving any order, extension, or modification of any order issued pursuant to this section shall serve forthwith one copy thereof upon the defendant. Each appropriate law enforcement agency shall provide to any law enforcement officer responding to the scene of reported violence, information as to the existence of, terms, and current status of, any order issued pursuant to this section.

(f) A court shall not have jurisdiction to issue an order or injunction under this section, if that order or injunction would be prohibited under Section 527.3 of the Code of Civil Procedure.

(g) An action brought pursuant to this section is independent of any other action, remedy, or procedure that may be available to an aggrieved individual under any other provision of law, including, but not limited to, an action, remedy, or procedure brought pursuant to Section 51.7.

(h) In addition to any damages, injunction, or other equitable relief awarded in an action brought pursuant to subdivision (b), the court may award the petitioner or plaintiff reasonable attorney's fees.

(i) A violation of an order described in subdivision (d) may be punished either by prosecution under Section 422.77 of the Penal Code, or by a proceeding for contempt brought pursuant to Title 5 (commencing with Section 1209) of Part 3 of the Code of Civil Procedure. However, in any proceeding pursuant to the Code of Civil Procedure, if it is determined that the person proceeded against is guilty of the contempt charged, in addition to any other relief, a fine may be imposed not exceeding one thousand dollars ($1,000), or the person may be ordered imprisoned in a county jail not exceeding six months, or the court may order both the imprisonment and fine.

(j) Speech alone is not sufficient to support an action brought pursuant to subdivision (a) or (b), except upon a showing that the speech itself threatens violence against a specific person or group of persons; and the person or group of persons against whom the threat is directed reasonably fears that, because of the speech, violence will be committed

against them or their property and that the person threatening violence had the apparent ability to carry out the threat.

(k) No order issued in any proceeding brought pursuant to subdivision (a) or (b) shall restrict the content of any person's speech. An order restricting the time, place, or manner of any person's speech shall do so only to the extent reasonably necessary to protect the peaceable exercise or enjoyment of constitutional or statutory rights, consistent with the constitutional rights of the person sought to be enjoined.

This subdivision does not constitute a change in, but is declaratory of, existing law under In re M.S.(1995) 10 Cal. 4th 698 and People v. Superior Court (Aishman)(1995) 10 Cal. 4th 735.

(b) No person, whether or not acting under color of law, shall knowingly deface, damage, or destroy the real or personal property of any other person for the purpose of intimidating or interfering with the free exercise or enjoyment of any right or privilege secured to the other person by the Constitution or laws of this state or by the Constitution or laws of the United States, in whole or in part because of one or more of the actual or perceived characteristics of the victim listed in subdivision (a) of Section 422.55.

SEC. 9. Section 422.7 of the Penal Code is amended to read:

422.7. Except in the case of a person punished under Section 422.6, any hate crime that is not made punishable by imprisonment in the state prison shall be punishable by imprisonment in the state prison or in a county jail not to exceed one year, by a fine not to exceed ten thousand dollars ($10,000), or by both that imprisonment and fine, if the crime is committed against the person or property of another for the purpose of intimidating or interfering with that other person's free exercise or enjoyment of any right secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States, under any of the following circumstances, which shall be charged in the accusatory pleading:

(c) For the purpose of imposing an additional term under subdivision (a) or (b), it shall be a factor in aggravation that the defendant personally used a firearm in the commission of the offense. Nothing in this subdivision shall preclude a court from also imposing a sentence enhancement pursuant to Section 12022.5, 12022.53, or 12022.55, or any other law.

(d) A person who is punished pursuant to this section also shall receive an additional term of one year in the state prison for each prior felony conviction on charges brought and tried separately in which it was found by the trier of fact or admitted by the defendant that the crime was a hate crime. This additional term shall only apply where a sentence enhancement is not imposed pursuant to Section 667 or 667.5.

(e) Any additional term authorized by this section shall not be imposed unless the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

(f) Any additional term imposed pursuant to this section shall be in addition to any other punishment provided by law.

(g) Notwithstanding any other provision of law, the court may strike any additional term imposed by this section if the court determines that there are mitigating circumstances and states on the record the reasons for striking the additional punishment.

(b) The course of basic training for law enforcement officers shall include adequate instruction on racial and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial and cultural groups. (3) It is the intent of the Legislature in enacting the changes to Section 13519.4 of the Penal Code made by the act that added this subdivision that more than additional training is required to address the pernicious practice of racial profiling and that enactment of this bill is in no way dispositive of the issue of how the state should deal with racial profiling.

(4) The working men and women in California law enforcement risk their lives every day. (h) The curriculum shall utilize the Tools for Tolerance for Law Enforcement Professionals framework and shall include and examine the patterns, practices, and protocols that make up racial profiling. This training shall prescribe patterns, practices, and protocols that prevent

(i) Once the initial basic training is completed, each law enforcement officer in California as described in subdivision (a) of Section 13510 who adheres to the standards approved by the commission shall be required to complete a refresher course every five years thereafter, or on a more frequent basis if deemed necessary, in order to keep current with changing racial and cultural trends.

(j) The Legislative Analyst shall conduct a study of the data being voluntarily collected by those jurisdictions that have instituted a program of data collection with regard to racial profiling, including, but not limited to, the California Highway Patrol, the City of San Jose, and the City of San Diego, both to ascertain the incidence of racial profiling and whether data collection serves to address and prevent such practices, as well as to assess the value and efficacy of the training herein prescribed with respect to preventing local profiling. The Legislative Analyst may prescribe the manner in which the data is to be submitted and may request that police agencies collecting such data submit it in the requested manner. The Legislative Analyst shall provide to the Legislature a report and recommendations with regard to racial profiling by July 1, 2002.

(b) The course shall make maximum use of audio and video communication and other simulation methods and shall include instruction in each of the following:

(2) The impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.

(3) Knowledge of the laws dealing with hate crimes and the legal rights of, and the remedies available to, victims of hate crimes.

(4) Law enforcement procedures, reporting, and documentation of hate crimes.

(5) Techniques and methods to handle incidents of hate crimes in a noncombative manner.

(6) Multimission criminal extremism, which means the nexus of certain hate crimes, antigovernment extremist crimes, anti-reproductive-rights crimes, and crimes committed in whole or in part because of the victims' actual or perceived homelessness.

(7) The special problems inherent in some categories of hate crimes, including gender-bias crimes, disability-bias crimes, including those committed against homeless persons with disabilities, anti-immigrant crimes, and anti-Arab and anti-Islamic crimes, and techniques and methods to handle these special problems.

(8) Preparation for, and response to, possible future anti-Arab/Middle Eastern and anti-Islamic hate crimewaves, and any other future hate crime waves that the Attorney General determines are likely.

(c) The guidelines developed by the commission shall incorporate the procedures and techniques specified in subdivision (b), and shall include a framework and possible content of a general order or other formal policy on hate crimes that all state law enforcement agencies shall adopt and the commission shall encourage all local law enforcement agencies to adopt. (B) Responding to reports of hate crimes, including reports of hate crimes committed under the color of authority.

(C) Accessing assistance, by, among other things, activating the Department of Justice hate crime rapid response protocol when necessary.

(D) Providing victim assistance and followup, including community followup.

(E) Reporting.

(d) (1) The course of training leading to the basic certificate issued by the commission shall include the course of instruction described in subdivision (a).

(2) Every state law enforcement and correctional agency, and every local law enforcement and correctional agency to the extent that this requirement does not create a state-mandated local program cost, shall provide its peace officers with the basic course of instruction as revised pursuant to the act that amends this section in the 2003–04 session of the Legislature, beginning with officers who have not previously received the training. Correctional agencies shall adapt the course as necessary.

(e) As used in this section, ''peace officer'' means any person designated as a peace officer by Section 830.1 or 830.2.

(f) The additional training requirements imposed under this section by legislation adopted in 2004 shall be implemented by July 1, 2007.

(b) (1) By July 1, 2005, the Commission on Peace Officer Standards and Training, using available funding, shall develop a two-hour telecourse to be made available to all law enforcement agencies in California on crimes against homeless persons and on how to deal effectively and humanely with homeless persons, including homeless persons with disabilities. The telecourse shall include information on multimission criminal extremism, as defined in Section 13519.6. In developing the telecourse, the commission shall consult subject-matter experts including, but not limited to, homeless and formerly homeless persons in California, service providers and advocates for homeless persons in California, experts on the disabilities that homeless persons commonly suffer, the California Council of Churches, the National

Coalition for the Homeless, the Senate Office of Research, and the Criminal Justice Statistics Center of the Department of Justice.

(2) Every state law enforcement agency, and every local law enforcement agency, to the extent that this requirement does not create a state-mandated local program cost, shall provide the telecourse to its peace officers.

The expansion fund and the trust fund shall be used to pay for defaulted loan guarantees issued pursuant to Article 9 (commencing with Section 14070), administrative costs of corporations, and those costs necessary to protect a real property interest in a defaulted loan or guarantee. The amount of guarantee liability outstanding at any one time shall not exceed four times the amount of funds on deposit in the expansion fund plus any receivables due from funds loaned from the expansion fund to another fund in state government as directed by the Department of Finance pursuant to a statute enacted by the Legislature, including each of the trust fund accounts within the trust fund, unless the director has permitted a higher leverage ratio for an individual corporation pursuant to subdivision (b) of Section 14037.

SEC. 3. Section 14070 of the Corporations Code is amended to read:

The amount of funds available for direct farm lending shall be determined by the director. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. The agency shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the trust funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the director may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan authorized by the director to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the agency loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the agency and the corporation shall be evidenced by a credit agreement. In the event that any loan between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the agency. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower, which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the agency is limited to the repayment received by the corporation from the borrower except in a case where the United States Department of Agriculture requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the agency if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the agency from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the director, a corporation shall be authorized to borrow trust funds from the agency for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund account shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the agency that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the director pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

SEC. 5. Section 12715 of the Government Code is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county's Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) The Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each individual tribal casino account shall be available for nexus grants on a yearly basis to cities and counties

impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local government jurisdiction to an individual Indian land upon which a tribal casino is located shall be used by each county's Indian Gaming Local Community Benefit Committee to determine relative priority for grants, using the following criteria:

(A) Whether the local government jurisdiction borders the Indian lands on all sides.

(B) Whether the local government jurisdiction partially borders Indian lands.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by

tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and of these multiyear grants shall be accounted for in the grant process for each year.

(A) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(B) Grants shall be subject to the sole sponsorship of the tribe that pays into the Indian Gaming Special Distribution Fund and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(2) If an eligible county does not have a tribal casino operated by a tribe that does not pay into the Indian Gaming Special Distribution Fund, the money available for discretionary grants under this subdivision shall be available for distribution pursuant to subdivision (d).

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g).

(2) Funds not allocated from a county tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

(g) The following uses shall be the priorities for the receipt of grant money from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) All grants from Individual Tribal Casino Accounts shall be made only upon the affirmative sponsorship of the tribe paying into the Indian Gaming Special Distribution Fund from whose individual tribal casino account the grant moneys are available for distribution. Tribal sponsorship shall confirm that the grant application has a reasonable relationship to a casino impact and satisfies at least one of the priorities listed in subdivision (g). A grant may not be made for any purpose that would support or fund, directly or indirectly, any effort related to opposition or challenge to Indian gaming in the state, and, to the extent any awarded grant is utilized for any prohibited purpose by any local government, upon notice given to the county by any tribe from whose Individual Tribal Casino Account the awarded grant went toward that prohibited use, the grant shall terminate immediately and any moneys not yet used shall again be made available for qualified nexus grants.

(i) A local government jurisdiction that is a recipient of a grant from an Individual County Tribal Casino Account or a County Tribal Casino Account shall provide notice to the public, either through a slogan, signage, or other mechanism, which states that the local government project has received funding from the Indian Gaming Special Distribution Fund and which further identifies the particular Individual Tribal Casino Account from which the grant derives.

(j) (1) Each county's Indian Gaming Local Benefit Committee shall submit to the Controller a list of approved projects for funding from Individual Tribal Casino Accounts. Upon receipt of this list, the Controller shall release the funds directly to the local government entities for which a grant has been approved by the committee.

(2) Funds not allocated from an individual tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

SEC. 6. Section 63048.63 is added to the Government Code, to read:

63048.63. (a) The Legislature hereby finds and declares:

(1) The financial and legal records of California Indian tribes and tribal business enterprises are records of a sovereign nation and are not subject to disclosure by private citizens or the state. This is explicitly recognized in amendments to tribal-state gaming compacts ratified by the Legislature, which provide for the securitization of annual payments

to be received from the tribes by the state or by an agency, trust, fund, or entity specified by the state.

(2) In order to review the records of any Indian tribe relative to this securitization, the compacts require the execution of nondisclosure agreements.

(3) State entities statutorily charged with participating in the bond sale cannot perform those duties in the absence of that agreement, and the Legislature hereby acknowledges and agrees that documents containing tribal information are not public records, shall not be discussed in an open meeting, and that state officials privy to that information may execute nondisclosure agreements.

(b) Nothing in Chapter 3.5 of Division 7 of Title 1 (commencing with Section 6250) or any other provision of law shall permit the disclosure of any records of an Indian tribe received by the state, or by an agency, trust fund, or entity specified by the state, in connection with the sale of any portions of the designated tribal-state gaming compact assets or the issuance of bonds, or any summaries or analyses thereof. The transmission of the records, or the information contained in those records in an alternative form, to the state or the special purpose trust shall not constitute a waiver of exemption from disclosure, and the records and information once transmitted to the state or special purpose trust shall be subject to this same exemption from disclosure.

(c) The state and the special purpose trust are authorized to enter into nondisclosure agreements with Indian tribes agreeing not to disclose the materials described in subdivision (b).

(d) The nondisclosure agreements may include provisions limiting the representatives of the state and the special purpose trust authorized to review or receive records of the Indian tribe to those individuals directly working on the sale of portions of the designated compact assets or the issuance of the bonds.

(e) Nothing in Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code shall be construed to prevent the bank from conducting a closed session to consider any records or information of an Indian tribe or any summaries or analyses thereof received by the state in connection with the sale of any portion of the compact assets or the issuance of bonds.

Sec. 7401 et seq.) or the state's commitments with respect to the state implementation plan required by the Clean Air Act.

(C) Any motor vehicle excepted by this paragraph shall be subject to testing and to certification requirements as determined by the department, if any of the following apply:

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(iv) The vehicle has been selected for testing pursuant to Section 44014.7 or any other provision of this chapter authorizing out-of-cycle testing.

CHAPTER 705

An act to add Chapter 6.83 (commencing with Section 25395.110) to, and to add and repeal Chapter 6.82 (commencing with Section 25395.60) of, Division 20 of, the Health and Safety Code, relating to hazardous materials.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.82 (commencing with Section 25395.60) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.82. CALIFORNIA LAND REUSE AND REVITALIZATION ACT OF 2004

Article 1. Legislative Findings and Intent

25395.60. The Legislature finds and declares all of the following:

(a) There are thousands of properties in the state where redevelopment has been hindered due to real or perceived hazardous materials contamination. Cleaning up these sites and returning them to productive use will benefit the communities in which they are located and the state as a whole.

(b) Contamination of property in the state has hampered redevelopment, which in turn has limited job creation, economic revitalization, and the full and productive use of the land.

(c) Private developers, local governments, and schools are reluctant to acquire or redevelop these properties due, at least in part, to concerns regarding liability associated with historic contamination. Instead, they focus new development on clean areas that present fewer complications and lower risk of liability.

(d) This has resulted in a multitude of problems, including urban sprawl, decaying inner-city neighborhoods and schools, public health and environmental risks stemming from contaminated properties, lack of development at former manufacturing sites and rural areas in need of economic investment, and reduced tax bases.

25395.61. It is the intent of the Legislature, in enacting this chapter, to do all of the following:

(a) Establish the cleanup and reuse of these sites in a manner protective of public health and safety and the environment as a priority of the state.

(b) Relieve innocent owners, bona fide prospective purchasers, and owners of property adjacent to contaminated sites of liabilities and responsibilities that should be borne by those who caused or contributed to the contamination.

(c) Encourage process efficiencies that continue to ensure that cleanups are protective of public health and safety and the environment.

(d) Encourage the development and redevelopment of unused or underused properties in urban areas.

(e) Establish a voluntary process for bona fide purchasers, innocent landowners, and contiguous property owners to make certain the extent of their liability, if any, under state law for hazardous materials contamination caused by other persons, without otherwise altering existing state law regarding liability for hazardous materials releases.

25395.62. This chapter shall be known, and may be cited, as the ''California Land Reuse and Revitalization Act of 2004.''

Article 2. Definitions

25395.63. The definitions set forth in this article and in Article 6 (commencing with Section 25395.90) shall govern the interpretation of this chapter. payment for the unrecovered response costs, subject to all of the following requirements:

(1) A response action for which there are unrecovered costs of the agency is carried out at the site.

(2) The response action increased the fair market value of the site above the fair market value of the site that existed before the response action was initiated.

(b) The lien may include costs that are first incurred by the agency with respect to a response action at the site.

(c) The lien amount shall not exceed the increase in fair market value of the property attributable to the response action at the time of a sale or other disposition of the property, and shall not exceed the unrecovered response costs actually incurred by the agency.

(d) The lien shall continue until the earlier of satisfaction of the lien by sale or other means, or recovery of all response costs incurred by the agency at the site. Once the amount of the lien is satisfied in full, the agency shall record satisfaction on lien on the real property.

(e) The notice of the lien shall be recorded in the official records of the county recorder's office for the county in which the real property is located.

(f) A lien imposed under this section shall have the force and effect of, and the priority of, a judgment lien upon its recordation in the county in which the property subject to the lien is located.

25395.84. (a) A court of competent jurisdiction may award reasonable attorneys' fees and experts' fees to a person who initiates a claim under an applicable statute for contribution for, or recovery of, response costs incurred for a response action, or for any other response costs incurred at a site, if the person meets all of the following criteria:

The amount of written demand shall include all response costs sought from the defendant at issue, including all interest, but shall not include litigation expenses, attorneys' fees, and experts'

fees. The amount of the demand may include any alleged consequential damages.

(b) ln determining whether to award reasonable attorneys' fees and experts' fees pursuant to this section, a court shall consider the relationship of the amount of the written demand described in subparagraph (B) of paragraph (3) of subdivision (a) to the total sum of the response costs and, if appropriate and included in the demand, the consequential damages in the written demand, to the final determination of the costs and damages by the trier of fact.

(c) A court may award reasonable attorneys' fees and experts' fees to an agency that is the prevailing party in an action arising out of this chapter.

25395.85. An innocent landowner, bona fide purchaser, or contiguous landowner may seek contribution from any person who is responsible for a discharge or release of hazardous materials for which the innocent landowner, bona fide purchaser, or contiguous landowner incurs agency oversight costs for the review of a response plan or oversight of the implementation of a response plan subject to this chapter.

(6) New releases of hazardous materials that are caused or contributed to by an innocent landowner, bona fide purchaser, or contiguous property owner.

(b) This chapter shall not apply as a defense or immunity to any action taken by a redevelopment agency pursuant to Article 12.5 (commencing with Section 33459) of Chapter 4 of Part 1 of Division 24.

(c) This chapter does not limit the authority of an agency to conduct a response action it determines is necessary to protect public health and safety or the environment pursuant to an applicable statute.

(d) This chapter does not preclude a state or local agency that is taking property by eminent domain, negotiating to acquire property in lieu of taking it by eminent domain, or considering the taking of property through the exercise of eminent domain authority, from evaluating the impact on the value of the property resulting from a release or threatened release of any hazardous material, from incorporating that evaluation

into any offer of compensation for that property, or from presenting that evaluation at a trial or other proceeding to establish the value of the property.

(e) This chapter does not do either of the following:

(1) Limit a defense to liability that may be available to a person under any other provision of law.

(2) Impose any new obligation on an owner of real property other than those specifically assumed by the owner under an agreement entered into pursuant to Article 6 (commencing with Section 25395.90).

Article 5. Information and Reports

25395.87. (a) On or before March 31, 2005, the California Environmental Protection Agency shall develop a form that, upon approval of a response plan, shall be completed and submitted to the agency by a bona fide purchaser or innocent landowner who qualifies for immunity pursuant to this chapter. The form shall include, but is not required to be limited to, all of the following information:

(1) A description of the site, including its address and location.

(2) A description of the type and extent of hazardous materials releases and threatened releases identified for response at the site pursuant to a response plan.

(3) An estimate of the cost of the response action to be undertaken pursuant to a response plan.

(4) A description of the present and proposed use of the site, including current and potential future zoning and land use designations.

(5) A description of any land use restrictions, covenants, deed restrictions or other conditions imposed on the site owned by a party who qualifies for immunity pursuant to this chapter.

(6) A description and the concentrations of the release and threatened releases specified in paragraph (2) that will not be remediated pursuant to the response plan.

(b) On or before January 1, 2006, and annually thereafter, the California Environmental Protection Agency shall, to the extent that resources are available, compile the information submitted pursuant to this section and post a report of its findings on its Web site. The posted report shall compare the data collected pursuant to this section with information collected prior to January 1, 2005, to the extent that this information is available.

(c) The report posted pursuant to subdivision (b) shall, to the extent practicable, compare the number and quality of response actions completed pursuant to this chapter with similar response actions completed prior to its enactment, and shall evaluate the impact of the

benefit of this chapter's immunities on the acquisition and development of properties.

Article 6. Streamlined Site Investigation And Response Plan Agreements

25395.90. (a) Except as otherwise expressly provided in this article, the definitions in Article 2 (commencing with Section 25395.63) apply to the terms used in this article.

(b) ''Action level'' has the same meaning as defined in paragraph (1) of subdivision (c) of Section 116455.

(c) ''Host jurisdiction'' means the city or county in which the site is located and which has the authority to take action regarding the site pursuant to Title 7 (commencing with Section 65000) of the Government Code.

(d) ''Unreasonable risk'' at a site means that a condition at a site requires a response action pursuant to Chapter 6.8 (commencing with Section 25300) of this code or Division 7 (commencing with Section 13000) of the Water Code.

25395.91. (a) Only a bona fide purchaser, innocent landowner, or contiguous property owner who meets the requirements specified in Section 25395.80 is eligible to enter into an agreement pursuant to this article.

(b) An agreement entered under this article is not subject to Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code, including, but not limited to, Section 10295 of the Public Contract Code.

25395.92. (a) A bona fide purchaser, innocent landowner, or contiguous property owner who seeks to qualify for the immunity provided by this chapter shall enter into an agreement with an agency pursuant to this article that includes the performance of a site assessment, and, if the agency determines that a response plan is necessary pursuant to Section 25395.96, the preparation and implementation of a response plan.

(b) Before finalizing the agreement, the requested agency shall notify other appropriate agencies, including the host jurisdiction.

(c) A person who enters into an agreement with an agency pursuant to this section shall submit sufficient information to the agency for the agency to determine whether the site is an eligible site, whether the person meets the conditions to qualify as a bona fide purchaser, innocent landowner, or contiguous property owner pursuant to this chapter, and to prepare an agreement pursuant to this section.

(d) (1) A person who enters into an agreement pursuant to this section shall agree to take all actions required for a response action

pursuant to Chapter 6.8 (commencing with Section 25300) and Division 7 (commencing with Section 13000) of the Water Code. These actions may include actions necessary to prevent an unreasonable risk before the approval of a response plan.

(2) In determining whether there is unreasonable risk at a site for purposes of this subdivision, the agency shall take into account the intended use of the property, in accordance with any changed use of the property, as specified in subdivision (d) of Section 25395.96.

25395.93. (a) A person may withdraw from an agreement entered into pursuant to this article by providing a 30-day written notice to the agency and doing both of the following:

(1) Reimbursing the agency for all costs incurred by the agency pursuant to the agreement.

(2) Demonstrating to the satisfaction of the agency, that conditions at the site to which the agreement applies do not pose an endangerment to public health and safety or the environment. If the agency determines that conditions at the site pose an endangerment to public health, safety, or the environment, this article does not prevent the agency from exercising its authority to take appropriate response actions or to cause the person or persons responsible for the endangerment to take appropriate response actions.

(b) A person who enters into an agreement with an agency pursuant to this article shall reimburse the agency for all agency costs, including, but not limited to, costs incurred while reviewing a site assessment plan or a response plan or overseeing the implementation of a site assessment or response plan by the person pursuant to this article, except that the department's costs shall be reimbursed pursuant to Chapter 6.66 (commencing with Section 25269) and shall be recoverable pursuant to Section 25360.

(c) The entry into an agreement pursuant to this article shall not constitute an admission of fact or liability or conclusion of law for any purpose or proceeding and no person who enters into an agreement under this article shall not be deemed liable under any other provision of law solely by reason of entering into that agreement.

(d) If the conditions described in paragraph (1) of subdivision (c) of Section 25395.81 or in subdivision (d) of Section 25395.81 occur, an agency may withdraw from an agreement entered into pursuant to this chapter by providing a 30-day written notice to the other party.

25395.94. (a) (1) A person who enters into an agreement pursuant to this article with an agency for the oversight of a site assessment shall submit a site assessment plan to the agency to conduct a site assessment of the site in accordance with the requirements of this section.

(2) If the agency requires a health risk assessment as part of that agreement, the health assessment shall be prepared in accordance with subdivisions (b), (c), and (d) of Section 25356.1.5.

(b) The site assessment plan shall provide for the evaluation of all of the following:

(1) Whether a release of hazardous materials has occurred at the site, a threat of a release of hazardous materials exists at the site, or there is a threat of a release of hazardous materials from the site.

(2) If a release or threatened release of hazardous materials exists at the site or there is a release or a threatened release from the site, whether the release or threatened release poses an unreasonable risk to public health and safety or the environment.

(c) The site assessment plan shall also include all of the following:

(1) Adequate characterization of the hazardous materials released or threatened to be released at, or from, the site and documentation of the findings.

(2) Reasonably available information about the site, including, where appropriate, a risk assessment that evaluates the risk posed by any hazardous materials released or threatened to be released at, or from, the site, and information regarding reasonably anticipated foreseeable uses of the site based on current and projected land use and zoning designations.

(3) If the release has impacted groundwater, reasonable characterization of underlying groundwater, including present and anticipated beneficial uses of that water.

(d) A person shall submit the site assessment plan to the agency for review and approval.

(e) The agency shall evaluate the adequacy of the site assessment plan to ensure that it contains all necessary information.

(f) After evaluating the site assessment plan, if the agency finds that the site assessment plan is adequate, the agency shall approve the site assessment plan and provide notification to appropriate persons, including notification of any public water system that relies on impacted groundwater for public drinking water purposes.

25395.95. (a) After implementation of the site assessment plan, the person shall submit a report of the findings made pursuant to the plan to the agency. Based upon a review of this information, the agency shall determine whether a response action is necessary to address any unreasonable risk from hazardous materials at the site.

(b) If the agency determines, that there is no unreasonable risk at the site and that there are no hazardous materials at the site at levels that are not suitable for unrestricted use of the site, the agency shall make a finding that no further action is necessary at the site.

(c) If the agency determines that there are hazardous materials at the site at levels that are not suitable for unrestricted use, but that are suitable for the reasonably anticipated foreseeable use of the site based on current and projected land use and zoning designations, the agency shall find that no further action is necessary at the site except that a land use control that imposes appropriate restrictions pursuant to Section 25395.99 shall be executed and recorded and the public comment and participation requirements of Section 25395.96 shall be met before the execution and recording of any land use control. On or before 15 days after the date when the land use control is recorded pursuant to Section 25395.99, the agency shall state in writing that this act constitutes ''appropriate care'' for the purposes of Section 25395.67.

25395.96. (a) If, upon review of the site assessment prepared pursuant to this article, the agency determines that a response action is necessary to prevent or eliminate an unreasonable risk, the bona fide purchaser, innocent landowner, or contiguous property owner shall submit a response plan to the agency to conduct a response action at the site, in conformance with the agreement entered into pursuant to Section 25395.92. The response plan shall include all of the following:

(1) (A) An opportunity for the public, other agencies, and the host jurisdiction to participate in decisions regarding the response action, taking into consideration of the nature of the community interest.

(B) If a regional board is the agency, the regional board shall provide access to the proposed response plan and site assessment at the regional board for public review, conduct a public hearing with 30 days prior notice, provide notice on the agenda of the public hearing, and take action on the response plan in a regularly scheduled regional board meeting.

(C) If the department is the agency, the methods for public participation proposed in the response plan shall include reasonable public notice in English and other languages commonly spoken in the area, access to the proposed response plan and site assessment at the agency and local repositories and reasonable opportunity to comment. The department shall hold a public meeting in the area to receive comments if a public meeting is requested. The department shall consider any comments received prior to acting on the response plan. Methods for public participation may also include, but are not limited to, the use of factsheets, public notices, direct notification of interested parties, public meetings, and an opportunity to comment on the proposed response plan prior to approval.

(D) To the extent possible, the agency shall coordinate its public participation activities with those undertaken by the host jurisdiction and other agencies associated with the development of the property, to avoid duplication to the extent feasible.

(E) It is the intent of the Legislature that the public participation process established pursuant to this subdivision ensures full and robust participation of a community affected by this chapter.

(2) Identification of the release or threatened release that is the subject of the response plan and documentation that the plan is based on an adequate characterization of the site.

(3) An identification of the response plan objectives and the proposed remedy, and an identification of the reasonably anticipated future land uses of the site and of the current and projected land use and zoning designations. This identification shall include confirmation by the host jurisdiction that the anticipated future land uses and current and projected land uses and zoning designations are accurate.

(4) A description of activities that will be implemented to control any endangerment that may occur during the response action at the site.

(5) A description of any land use control that is part of the response action.

(6) A description of wastes other than hazardous materials at the site and how they will be managed in conjunction with the response action.

(7) Provisions for the removal of containment or storage vessels and other sources of contamination, including soils and free product, that cause an unreasonable risk.

(8) Provisions for the agency to require further response actions based on the discovery of hazardous materials that pose an unreasonable risk to human health and safety or the environment that are discovered during the course of the response action or subsequent development of the site.

(9) Any other information that the agency determines is necessary.

(b) The agency shall evaluate the adequacy of the plan submitted pursuant to subdivision (a) and shall approve the plan if the agency makes all of the following findings:

(1) The plan contains the information required by subdivision (a).

(2) When implemented, the plan will place the site in condition that allows it to be used for its reasonably anticipated future land use without unreasonable risk to human health and safety and the environment.

(3) The plan addresses any public comments.

(4) If applicable, the plan provides for long-term operation and maintenance, including land use and engineering controls, that are part of the remedy contained in the response plan.

(c) (1) On or before 60 days after the date an agency receives a response plan, the agency shall make a written determination that proper completion of the response plan constitutes ''appropriate care'' for purposes of subdivision (a) of Section 25395.67.

(2) Upon approval of the response plan by the agency, the agency shall notify all appropriate persons, including the host jurisdiction.

(d) If the use of the property changes, after a response plan is approved, to a use that requires a higher level of protection, the agency may require the preparation and implementation of a new response plan pursuant to this article.

(e) The owner of a site shall not make any change in use of a site inconsistent with any land use control recorded for the site, unless the change is approved by the agency in accordance with subdivision (f) of Section 25395.99.

25395.97. (a) Except as provided in Section 25395.99, the agency shall issue a certificate of completion upon determining that all response actions have been satisfactorily completed in accordance with an approved response plan.

(b) Notwithstanding subdivision (a), the agency shall issue a certificate of completion when a response action plan includes long-term obligations that have not been completed, including operation and maintenance requirements or monitoring, only if the agency makes all of the following determinations:

(1) All response actions, other than long-term operation and maintenance at the site, have been completed.

(2) The person has submitted an adequate long-term operation and maintenance plan and has demonstrated initial compliance.

(c) If the agency determines that long-term operation and maintenance is required at a site, the agency may, as a condition of issuing a certificate of completion, enter into an operation and maintenance agreement with the person that governs the long-term operation and maintenance activities and that provides for adequate financial assurance.

25395.98. A person who acquires a property from an innocent landowner, bona fide purchaser, or contiguous property owner, and the property was previously issued a certificate of completion or no further action determination, may qualify as a bona fide prospective purchaser or contiguous property owner by demonstrating to the agency that the person meets all of the qualifying conditions of Section 25395.80 and either Section 25395.69 or 25395.70, as applicable.

25395.99. (a) A response plan may require the use of a land use control that imposes appropriate conditions, restrictions, and obligations on land use or activities, if, after completion of the removal and remedial actions specified in the response plan, hazardous materials remain at the site at a level that is not suitable for the unrestricted use of the site.

(b) Except as provided in subdivision (c), if the agency approves a response plan that requires the use of a land use control, the land use control shall be executed by the landowner and recorded by the landowner in the office of the county recorder in each county in which

all, or a portion of, the land is located within 10 days of the date of execution.

(c) An agency shall not issue a certificate of completion to a person who submits a response plan that is approved by the agency and that requires the use of a land use control, until the agency receives a certified copy of the recorded land use control. If the site that requires the land use control does not have an owner, or the agency determines the owner is incapable of executing a land use control in accordance with this section, the agency may record in the county records a ''Notice of Land Use Restriction'' that has the same effect as any other land use control executed pursuant to this section, and that is subject to the variance and termination procedures specified in subdivision (f).

(d) Notwithstanding any other provision of law, a land use control that is executed pursuant to this section and that is recorded so as to provide constructive notice shall run with the land from the date of recordation, is binding upon all of the owners of the land, and their heirs, successors and assignees, and the agents, employees, or lessees of the owners, heirs, successors and assignees, and is enforceable pursuant to Article 8 (commencing with Section 25180) of Chapter 6.5.

(e) Notwithstanding any other provision of law, a land use control executed pursuant to this section is subject to Section 57012.

(f) A land use control imposed pursuant to this section is subject to the variance and removal procedures specified in Sections 25233 and 25234.

25395.100. To the extent consistent with the Resource Conservation and Recovery Act of 1976, as amended, (42 U.S.C. Sec. 6901 et seq.), the department may exclude any portion of a response action conducted entirely onsite from the hazardous waste facilities permit requirements of Sections 25200.3, 25201, and 25201.6, if both of the following apply:

(a) The response action is carried out pursuant to an approved response plan.

(b) The response plan specifies that the response action will be conducted in compliance with the standards, requirements, criteria, or limitations applicable to the construction, operation, and closure of the type of facility at the site, as necessary to prevent an unreasonable risk to public health and safety or the environment and any other condition imposed by the agency.

25395.101. (a) Except as expressly provided in this article, this article does not affect the authority of an agency to issue an order or take any other action under any provision of law to protect public health and safety or the environment.

(b) Except as otherwise expressly provided in this article, this article does not affect the authority of the agency or any other public agency to

pursue any existing legal, equitable, or administrative remedies pursuant to state or federal law.

(c) Except as otherwise expressly provided in this article, Chapter 6.8 (commencing with Section 25300) does not apply to this article.

(d) If a local agency determines that, due to an emergency, it is necessary to gain access to a site that is the subject of a finding of no further action or a certificate of completion, the person who has obtained immunity pursuant to this chapter with regard to that site shall allow the local agency access to the site to take any action necessary to mitigate that emergency, or take any other necessary response action. However, that person shall not be required to pay for, or undertake, any of those actions taken by or required by the local agency, unless the person caused or contributed to the release at the site that constituted the emergency.

Article 7. Repeal

25395.105. This chapter shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Chapter 6.83 (commencing with Section 25395.110) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.83. LAND USE AND REVITALIZATION

Article 1. Immunity Continuation

25395.110. (a) A person who, before January 1, 2010, qualifies for immunity pursuant to Chapter 6.82 (commencing with Section 25395.60), as that chapter read on December 31, 2009, shall continue to have that immunity on and after January 1, 2010, if the person continues to be in compliance with the requirements of former Chapter 6.82 (commencing with Section 25395.60) including, but not limited to, compliance with all response plans approved pursuant to Article 6 (commencing with Section 25395.90 of Chapter 6.82), and compliance with all other applicable laws.

(b) This article shall become operative January 1, 2010.

(c) (1) ''Bona fide purchaser'' means a person, or a tenant of a person, who acquires ownership of a site on or after January 1, 2005, and who establishes all of the following by a preponderance of the evidence:

(A) All releases of the hazardous materials at issue at the site occurred before the person acquired the site, except as described in subparagraph (B).

(B) All of the conditions of Section 25395.80 to qualify as a bona fide purchaser have been met.

(C) The person is not potentially liable, or affiliated with any other person who is potentially liable, for the release or threatened release at the site through any of the following circumstances:

(i) Any direct or indirect familial relationship.

(ii) Any contractual, corporate, or financial relationship, unless the contractual, corporate, or financial relationship is created by the instrument by which title or possession to the site is conveyed or financed or a contract for the sale of goods or services.

(iii) The result of a reorganization of a business entity that was potentially liable for the release or threatened release of hazardous materials at the site.

(2) For purposes of this section, ''release'' does not include passive migration.

(d) ''Department'' means the Department of Toxic Substances Control.

(e) ''Regional board'' means a California regional water quality control board.

25395.116. (a) To facilitate the decision of a bona fide purchaser to apply for a bona fide purchaser agreement, the bona fide purchaser may first enter into a consultative services agreement with the department pursuant to Section 25201.9 or with an agency.

(b) Under the terms of a consultative services agreement entered into in accordance with this section, an agency may review any environmental data and development plans that may be submitted by a bona fide purchaser.

(c) The consultative services agreement shall include all of the following:

(1) Require the bona fide purchaser to pay for the agency's services.

(d) Upon review of the data and plans specified in paragraph (3) of subdivision (c), the agency shall provide comments to the bona fide purchaser of what further information might be needed to ascertain what response action, if any, will be necessary. The agency shall also provide

comments to the bona fide purchaser on any proposed response actions that may be necessary and an estimate of the time it may take to negotiate and approve a bona fide purchaser agreement.

(e) An agency shall enter into a consultative services agreement, in accordance with this section, subject to available staff and resources, as determined by the agency. If the agency declines to enter into a consultative services agreement, the agency shall provide specific reasons for its decision to the bona fide purchaser requesting the agreement.

25395.117. (a) On or before January 1, 2006, the agency and the California Environmental Protection Agency shall implement the requirements imposed by this section.

(b) The department shall revise and upgrade the department's database systems, including the list of hazardous substances release sites adopted pursuant to Section 25356 and the information sent to the agency pursuant to Section 65962.5 of the Government Code, to enable compatibility with existing databases of the board, including the GIS mapping system established pursuant to Section 25299.97. The department shall also install improvements to the database systems to maintain and display information that includes the number of brownfield sites, each brownfield site's location, acreage, response action, site assessments, and the number of orphan sites where the department is overseeing the response action.

(c) The California Environmental Protection Agency, the department, the regional boards, and the board shall expand their respective Web sites to allow access to information about brownfield sites and other response action sites through a single Web site portal.

25395.118. The department may expend any grant received pursuant to Section 128 of the Small Business Liability Relief and Brownfield Revitalization Act (42 U.S.C. Sec. 9628), for state response programs, to implement Section 25395.117 to the extent the activities are in accordance with the terms and conditions of the grant.

(6) Assisting the California Environmental Protection Agency in implementing the guidelines established under Section 25401.2.

(b) The brownfield ombudsperson is not authorized to make or reverse a decision of an office, board, or department within the California Environmental Protection Agency.

CHAPTER 706

An act to add Chapter 3.3 (commencing with Section 39630) to Part 2 of Division 26 of the Health and Safety Code, relating to air emissions.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.3 (commencing with Section 39630) is added to Part 2 of Division 26 of the Health and Safety Code, to read:

CHAPTER 3.3. CRUISE SHIPS

39630. The Legislature finds and declares that it is in the interests of all Californians to protect the air quality from increasing volumes of cruise ship engine emissions.

39631. (a) The state board shall enforce this chapter, and may adopt standards, rules, and regulations for that purpose pursuant to Section 39601.

(b) As used in this division, ''cruise ship'' means a commercial vessel that has the capacity to carry 250 or more passengers for hire. ''Cruise ship'' does not include the following:

(1) Vessels without berths or overnight accommodations for passengers.

(2) Noncommercial vessels, warships, vessels operated by nonprofit entities as determined by the Internal Revenue Service, and vessels operated by the state, United States, or a federal government.

39632. Commencing on January 1, 2005, a cruise ship shall not conduct onboard incineration while operating within three miles of the California coast, to the extent allowed by federal law.

CHAPTER 707

An act to amend, repeal and add Sections 41081, 44225, 44229, 44275, 44280, 44281, 44282, 44283, 44287, and 44299.1 of, and to add and repeal Section 44299.2 of, the Health and Safety Code, to amend, add, and repeal Sections 42885 and 42889 of the Public Resources Code, and to amend, repeal, and add Section 9250.2 of the Vehicle Code, relating to air pollution.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) California's urban and rural areas suffer from severe air pollution problems caused in significant part by the operation of motor vehicles, emissions from heavy-duty commercial vehicles moving goods, and the operation of off road engines and diesel-powered farm equipment. The continuation and expansion of incentive programs to reduce emissions from these sources is crucial to protecting public health and achieving health- based air quality standards in the most heavily polluted parts of California.

(b) The State Air Resources Board and the local air quality management districts and air pollution control districts should adopt and implement programs to achieve the maximum feasible and cost effective emission reductions from vehicular sources and off road engines, in order to meet health- based air quality standards by the earliest practicable date, and to reduce the risk to public health from toxic air contaminants that are produced by these sources.

(c) Predictable, sustained, and long-term funding, is necessary to provide incentives to achieve further reductions of emissions from mobile source pollution that go beyond what can be achieved with

traditional ''command-and-control'' regulations on motor vehicles and stationary sources.

(d) Internal combustion engines are the single largest source of air pollution threatening the public health and environment of all Californians. The combustion of petroleum fuels produces smog-forming pollutants such as NO_x and hydrocarbons, as well as particulate matter, the inhalation of which can cause lung damage, cancer, and respiratory illness.

(e) Much of California, including all of its urban areas, fails to meet state and federal ambient air quality standards for ozone, a main component of smog. Children are especially susceptible to developing lung damage and chronic respiratory illness associated with living near ports, industrial sites, freeways, and other areas with high concentrations of diesel particulate matter. Asthma is one of the leading causes of hospital visits and admissions for children in California. Asthma prevalence has increased by 75 percent in California since 1980. For children, in particular, this translates to increased vulnerability to poor air quality days and corresponding school absences.

(f) Motor vehicle owners, along with the producers of gasoline and diesel fuels, and owners of other sources of emissions, should all contribute to a fair and balanced funding program that will achieve critically important reductions in emissions that otherwise cannot be obtained, and that are needed to protect the public health and environment of California.

(g) Existing stationary sources and new motor vehicle emissions have been reduced significantly and greater focus is now required to reduce emissions from those sources that have not been subject to similar controls with specific emphasis on in-use higher emitting vehicles.

SEC. 2. Section 41081 of the Health and Safety Code is amended to read:

41081. (a) Subject to Article 3.7 (commencing with Section 53720) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, or with the approval of the board of supervisors of each county included, in whole or in part, within the Sacramento district, the Sacramento district board may adopt a surcharge on the motor vehicle registration fees applicable to all motor vehicles registered in those counties within the Sacramento district whose boards of supervisors have adopted a resolution approving the surcharge. The surcharge shall be collected by the Department of Motor Vehicles and, after deducting the department's administrative costs, the remaining funds shall be transferred to the Sacramento district. Prior to the adoption of any surcharge pursuant to this subdivision, the district board shall make a finding that any funds allocated to the district as a result of the adoption

of a county transportation sales and use tax are insufficient to carry out the purposes of this chapter.

(b) The surcharge shall not exceed six dollars ($6).

(c) After consulting with the Department of Motor Vehicles on the feasibility thereof, the Sacramento district board may provide, in the surcharge adopted pursuant to subdivision (a), to exempt from all or part of the surcharge any category of low-emission motor vehicle.

(d) Funds received by the Sacramento district pursuant to this section shall be used by that district as follows:

(1) The revenues resulting from the first four dollars ($4) of each surcharge shall be used to implement reductions in emissions from vehicular sources, including, but not limited to, a clean fuels program and motor vehicle use reduction measures.

(2) The revenues resulting from the next two dollars ($2) of each surcharge shall be used to implement the following programs that achieve emission reductions from vehicular sources and off-road engines, to the extent that the district determines the program remediates air pollution harms created by motor vehicles on which the surcharge is imposed:

(i) Projects eligible for grants under the Carl Moyer Memorial Air Quality Standards Attainment Program (Chapter 9 (commencing with Section 44275) of Part 5).

(ii) The new purchase, retrofit, repower, or add-on of equipment for previously unregulated agricultural sources of air pollution, as defined in Section 39011.5, within the Sacramento district, for a minimum of three years from the date of adoption of an applicable rule or standard, or until the compliance date of that rule or standard, whichever is later, if the state board has determined that the rule or standard complies with Sections 40913, 40914, and 41503.1, after which period of time, a new purchase, retrofit, repower, or add-on of equipment shall not be funded pursuant to this chapter. The district shall follow any guidelines developed under subdivision (a) of Section 44287 for awarding grants under this program.

(iii) The new purchase of schoolbuses pursuant to the Lower-Emission School Bus Program adopted by the state board.

(iv) An accelerated vehicle retirement or repair program that is adopted by the state board pursuant to authority granted hereafter by the Legislature by statute.

(e) Not more than 5 percent of the funds collected pursuant to this section shall be used by the district for administrative expenses.

(f) No project funded by the program shall be used for credit under any state or federal emissions averaging, banking, or trading program. No emission reduction generated by the program shall be used as marketable emission reduction credits or to offset any emission

reduction obligation of any person or entity. Projects involving new engines that would otherwise generate marketable credits under state or federal averaging, banking, and trading programs shall include transfer of credits to the engine end user and retirement of those credits toward reducing air emissions in order to qualify for funding under the program. A purchase of a low-emission vehicle or of equipment pursuant to a corporate or a controlling board's policy, but not otherwise required by law, shall generate surplus emissions reductions and may be funded by the program.

(g) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 2.5. Section 41081 is added to the Health and Safety Code, to read:

41081. (a) Subject to Article 3.7 (commencing with Section 53720) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code, or with the approval of the board of supervisors of each county included, in whole or in part, within the Sacramento district, the Sacramento district board may adopt a surcharge on the motor vehicle registration fees applicable to all motor vehicles registered in those counties within the Sacramento district whose boards of supervisors have adopted a resolution approving the surcharge. The surcharge shall be collected by the Department of Motor Vehicles and, after deducting the department's administrative costs, the remaining funds shall be transferred to the Sacramento district. Prior to the adoption of any surcharge pursuant to this subdivision, the district board shall make a finding that any funds allocated to the district as a result of the adoption of a county transportation sales and use tax are insufficient to carry out the purposes of this chapter.

(b) The surcharge shall not exceed two dollars ($2) for each motor vehicle whose registration expires on or after December 31, 1989, and prior to December 31, 1990. For each motor vehicle whose registration expires on or after December 31, 1990, the surcharge shall not exceed four dollars ($4).

(c) After consulting with the Department of Motor Vehicles on the feasibility thereof, the Sacramento district board may provide, in the surcharge adopted pursuant to subdivision (a), to exempt from all or part of the surcharge any category of low-emission motor vehicle.

(d) Funds received by the Sacramento district pursuant to this section shall be used to implement the strategy with respect to the reduction in emissions from vehicular sources, including, but not limited to, a clean fuels program and motor vehicle use reduction measures. Not more than 5 percent of the funds collected pursuant to this section shall be used by the district for administrative expenses.

(e) This section shall become operative on January 1, 2015.

SEC. 3. Section 44225 of the Health and Safety Code is amended to read:

44225. A district may increase the fee established under Section 44223 to up to six dollars ($6). A district may increase the fee only if the following conditions are met:

(a) A resolution providing for both the fee increase and a corresponding program for expenditure of the increased fees for the reduction of air pollution from motor vehicles pursuant to, and for related planning, monitoring, enforcement, and technical studies necessary for the implementation of, the California Clean Air Act of 1988 is adopted and approved by the governing board of the district.

(b) In districts with nonelected officials on their governing boards, the resolution shall be adopted and approved by both a majority of the governing board and a majority of the board members who are elected officials.

(c) An increase in fees established pursuant to this section shall become effective on either April 1 or October 1, as provided in the resolution adopted by the board pursuant to subdivision (a).

(d) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 4. Section 44229 of the Health and Safety Code is amended to read:

44229. (a) After deducting all administrative costs it incurs through collection of fees pursuant to Section 44227, the Department of Motor Vehicles shall distribute the revenues to districts, which shall use the revenues resulting from the first four dollars ($4) of each fee imposed to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies necessary for implementation of the California Clean Air Act of 1988. Fees collected by the Department of Motor Vehicles pursuant to this chapter shall be distributed to districts based upon the amount of fees collected from motor vehicles registered within each district.

(b) Notwithstanding the provisions of Section 44241 and Section 44243, a district shall use the revenues resulting from the next two dollars ($2) of each fee imposed pursuant to Section 44227 to implement the following programs that the district determines remediate air pollution harms created by motor vehicles on which the surcharge is imposed:

(c) The Department of Motor Vehicles may annually expend not more than the following percentages of the fees collected pursuant to Section 44227 on administrative costs:

(1) During the first year after the operative date of this chapter, not more than 5 percent of the fees collected may be used for administrative costs.

(2) During the second year after the operative date of this chapter, not more than 3 percent of the fees collected may be used for administrative costs.

(3) During any year subsequent to the second year after the operative date of this chapter, not more than 1 percent of the fees collected may be used for administrative costs.

(d) No project funded by the program shall be used for credit under any state or federal emissions averaging, banking, or trading program. No emission reduction generated by the program shall be used as marketable emission reduction credits or to offset any emission reduction obligation of any person or entity. Projects involving new engines that would otherwise generate marketable credits under state or federal averaging, banking, and trading programs shall include transfer of credits to the engine end user and retirement of those credits toward reducing air emissions in order to quality for funding under the program. A purchase of a low-emision vehicle or of equipment pursuant to a corporate or a controlling board's policy, but not otherwise required by law, shall generate surplus emissions reductions and may be funded by the program.

(e) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 4.5. Section 44229 is added to the Health and Safety Code, to read:

44229. (a) After deducting all administrative costs it incurs through collection of fees pursuant to Section 44227, the Department of Motor Vehicles shall distribute the revenues to districts which shall use the fees to reduce air pollution from motor vehicles and to carry out related planning, monitoring, enforcement, and technical studies necessary for implementation of the California Clean Air Act of 1988. Fees collected by the Department of Motor Vehicles pursuant to this chapter shall be distributed to districts based upon the amount of fees collected from motor vehicles registered within each district.

(b) The Department of Motor Vehicles may annually expend not more than the following percentages of the fees collected pursuant to Section 44227 on administrative costs:

(1) During the first year after the operative date of this chapter, not more than 5 percent of the fees collected may be used for administrative costs.

(2) During the second year after the operative date of this chapter, not more than 3 percent of the fees collected may be used for administrative costs.

(3) During any year subsequent to the second year after the operative date of this chapter, not more than 1 percent of the fees collected may be used for administrative costs.

The infrastructure demonstration and technology development portions of the program shall be managed by the commission, in consultation with the state board.

(d) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

(4) Development and demonstration of practical, low-emission retrofit technologies, repower options, and advanced technologies for covered engines and vehicles with very low emissions of oxides of nitrogen.

(b) No new purchase, retrofit, repower, or add-on equipment shall be funded under this chapter if it is required by any local, state, or federal statute, rule, regulation, memoranda of agreement or understanding, or other legally binding document, except that an otherwise qualified project may be funded even if the State Implementation Plan assumes that the change in equipment, vehicles, or operations will occur, if the change is not required by a statute, regulation, or other legally binding document in effect as of the date the grant is awarded. No project funded by the program shall be used for credit under any state or federal emissions averaging, banking, or trading program. No emission reduction generated by the program shall be used as marketable emission reduction credits or to offset any emission reduction obligation of any entity. Projects involving new engines that would otherwise generate marketable credits under state or federal averaging, banking, and trading programs shall include transfer of credits to the engine end user and retirement of those credits toward reducing air emissions in order to qualify for funding under the program. A purchase of a low-emission vehicle or of equipment pursuant to a corporate or a controlling board's policy, but not otherwise required by law, shall generate surplus emissions reductions and may be funded by the program.

(c) The program may also provide funding toward installation of fueling or electrification infrastructure as provided in Section 44284.

(d) Eligible applicants may be any individual, company, or public agency that owns one or more covered vehicles that operate primarily within California or otherwise contribute substantially to the NO_x emissions inventory in California.

(f) This section shall become operative on January 1, 2015.

SEC. 8. Section 44282 of the Health and Safety Code is amended to read:

44282. The following criteria apply to all projects to be funded through the program except for projects funded through the Advanced Technology Account and the Infrastructure Demonstration Program:

(a) The state board may establish project criteria, including minimum project life for source categories, in the guidelines described in Section 44287. For previously unregulated source categories, project criteria shall consider the timing of newly established regulatory requirements.

(b) To be eligible, projects shall meet the cost-effectiveness per ton of covered emissions reduced requirements of Section 44283.

(c) To be eligible, retrofits, repowers, and installation of add-on equipment for covered vehicles shall be performed, or new covered vehicles delivered to the end user, or covered vehicles scrapped on or after the date the program is implemented.

(d) Retrofit technologies, new engines, and new vehicles shall be certified for sale or under experimental permit for operation in California.

(e) Repower projects that replace older, uncontrolled engines with new, emissions-certified engines or that replace emissions-certified engines with new engines certified to a more stringent NO_x emissions standard are approvable subject to the other applicable selection criteria. The state board shall determine appropriate baseline emission levels for the uncontrolled engines being replaced.

(f) For heavy-duty-vehicle projects, retrofit and add-on equipment projects shall document a NO_x or PM emission reduction of at least 25 percent and no increase in other covered emissions compared to the applicable baseline emissions accepted by the state board for that engine year and application. The state board shall determine appropriate baseline emission levels. Acceptable documentation shall be defined by the state board. After study of available emission reduction technologies and after public notice and comment, the state board may revise the minimum percentage emission reduction criterion for retrofits and

add-on equipment provided for in this section to improve the ability of the program to achieve its goals.

(g) (1) For heavy-duty-vehicle projects involving the purchase of new very low or zero-emission vehicles, engines shall be certified to an optional low NO_x emissions standard established by the state board, except as provided for in paragraph (2).

(2) For heavy-duty-vehicle projects involving the purchase of new very low or zero-emission covered vehicles for which no optional low NO_x emission standards are available, documentation shall be provided showing that the low or zero-emission engine emits not more than 70 percent of the NO_x or NO_x plus hydrocarbon emissions of a new engine certified to the applicable baseline NO_x or NO_x plus hydrocarbon emission standard for that engine and meets applicable particulate standards. The state board shall specify the documentation required. If no baseline emission standard exists for new vehicles in a particular category, the state board shall determine an appropriate baseline emission level for comparison.

(h) For projects other than heavy-duty-vehicle projects, the state board shall determine appropriate criteria under the provisions of Section 44287.

(i) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 8.5. Section 44282 is added to the Health and Safety Code, to read:

44282. The following criteria apply to all projects to be funded through the program except for projects funded through the Advanced Technology Account and the Infrastructure Demonstration Program:

(a) Except for projects involving marine vessels, 75 percent or more of vehicle miles traveled or hours of operation shall be projected to be in California for at least five years following the grant award. Projects involving marine vessels and engines shall be limited to those that spend enough time operating in California air basins over the lifetime of the project to meet the cost-effectiveness criteria based on NO_x reductions in California, as provided in Section 44283.

(b) To be eligible, projects shall meet cost-effectiveness per ton of NO_x reduced requirements of Section 44283.

(c) To be eligible, retrofits, repowers, and installation of add-on equipment for covered vehicles shall be performed, or new covered vehicles delivered to the end user, on or after the date the program is implemented.

(d) Retrofit technologies, new engines, and new vehicles shall be certified for sale or under experimental permit for operation in California.

(e) Repower projects that replace older, uncontrolled engines with new, emissions-certified engines or that replace emissions-certified engines with new engines certified to a more stringent NO_x emissions standard are approvable subject to the other applicable selection criteria. The state board shall determine appropriate baseline emission levels for the uncontrolled engines being replaced.

(f) Retrofit and add-on equipment projects shall document a NO_x emission reduction of at least 25 percent and no increase in particulate emissions compared to the applicable baseline emissions accepted by the state board for that engine year and application. The state board shall determine appropriate baseline emission levels. Acceptable documentation shall be defined by the state board. After study of available emission reduction technologies and after public notice and comment, the state board may revise the minimum percentage NO_x reduction criterion for retrofits and add-on equipment provided for in this section to improve the ability of the program to achieve its goals.

(g) (1) For projects involving the purchase of new very low or zero-emission vehicles, engines shall be certified to an optional low NO_x emissions standard established by the state board, except as provided for in paragraph (2).

(2) For projects involving the purchase of new very low or zero-emission covered vehicles for which no optional low NO_x emission standards are available, documentation shall be provided showing that the low or zero-emission engine emits not more than 70 percent of the NO_x or NO_x plus hydrocarbon emissions of a new engine certified to the applicable baseline NO_x or NO_x plus hydrocarbon emission standard for that engine and meets applicable particulate standards. The state board shall specify the documentation required. If no baseline emission standard exists for new vehicles in a particular category, the state board shall determine an appropriate baseline emission level for comparison.

(h) This section shall become operative on January 1, 2015.

SEC. 9. Section 44283 of the Health and Safety Code is amended to read:

44283. (a) Grants shall not be made for projects with a cost-effectiveness, calculated in accordance with this section, of more than thirteen thousand six hundred dollars ($13,600) per ton of NO_x reduced in California. For projects obtaining reactive organic gas and particulate matter reductions, the state board shall determine appropriate adjustment factors to calculate a weighted cost-effectiveness.

(b) Only covered emission reductions occurring in this state shall be included in the cost-effectiveness determination. The extent to which emissions generated at sea contribute to air quality in California nonattainment areas shall be incorporated into these methodologies

based on a reasonable assessment of currently available information and modeling assumptions.

(c) The state board shall develop protocols for calculating the surplus covered emission reductions in California from representative project types over the life of the project.

(d) The cost of the covered emission reduction is the amount of the grant from the program, including matching funds provided pursuant to subdivision (e) of Section 44287, plus any other state funds, or funds under the district's budget authority or fiduciary control, provided toward the project. The state board shall establish reasonable methodologies for evaluating project cost-effectiveness, consistent with the definition contained in paragraph (4) of subdivision (a) of Section 44275, and with accepted methods, taking into account a fair and reasonable discount rate or time value of public funds.

(e) A grant shall not be made that, net of taxes, provides the applicant with funds in excess of the incremental cost of the project. Incremental lease costs may be capitalized according to guidelines adopted by the state board so that these incremental costs may be offset by a one-time grant award.

(f) Funds under a district's budget authority or fiduciary control may be used to pay for the incremental cost of liquid or gaseous fuel, other than standard gasoline or diesel, which is integral to a covered emission reducing technology that is part of a project receiving grant funding under the program. The fuel shall be approved for sale by the state board. The incremental fuel cost over the expected lifetime of the vehicle may be offset by the district if the project as a whole, including the incremental fuel cost, meets all of the requirements of this chapter, including the maximum allowed cost-effectiveness. The state board shall develop an appropriate methodology for converting incremental fuel costs over the vehicle lifetime into an initial cost for the purposes of determining project cost-effectiveness. Incremental fuel costs may not be included in project costs for fuels dispensed from any facility that was funded, in whole or in part, from the fund.

(g) For purposes of determining any grant amount pursuant to this chapter, the incremental cost of any new purchase, retrofit, repower, or add-on equipment shall be reduced by the value of any current financial incentive that directly reduces the project price, including any tax credits or deductions, grants, or other public financial assistance. Project proponents applying for funding shall be required to state in their application any other public financial assistance to the project.

(h) For projects that would repower offroad equipment by replacing uncontrolled diesel engines with new, certified diesel engines, the state board may establish maximum grant award amounts per repower. A

repower project shall also be subject to the incremental cost maximum pursuant to subdivision (e).

(i) After study of available emission reduction technologies and costs and after public notice and comment, the state board may reduce the values of the maximum grant award criteria stated in this section to improve the ability of the program to achieve its goals. Every year the state board shall adjust the maximum cost-effectiveness amount established in subdivision (a) and any per-project maximum set by the state board pursuant to subdivision (h) to account for inflation.

(j) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 9.5. Section 44283 is added to the Health and Safety Code, to read:

44283. (a) Grants shall not be made for projects with a cost-effectiveness, calculated in accordance with this section, of more than twelve thousand dollars ($12,000) per ton of NO_X reduced in California.

(b) Only NO_X reductions occurring in this state shall be included in the cost-effectiveness determination. The extent to which emissions generated at sea contribute to air quality in California nonattainment areas shall be incorporated into these methodologies based on a reasonable assessment of currently available information and modeling assumptions.

(c) The state board shall develop protocols for calculating the surplus NO_X reductions in California from representative project types over the life of the project.

(d) The cost of the NO_X reduction is the amount of the grant from the program, including matching funds provided pursuant to subdivision (e) of Section 44287, plus any other state funds, or funds under the district's budget authority or fiduciary control, provided toward the project. The state board shall establish reasonable methodologies for evaluating project cost-effectiveness, consistent with the definition contained in subdivision (c) of Section 44275, and with accepted methods, taking into account a fair and reasonable discount rate or time value of public funds.

(e) A grant shall not be made that, net of taxes, provides the applicant with funds in excess of the incremental cost of the project. Incremental lease costs may be capitalized according to guidelines adopted by the state board so that these incremental costs may be offset by a one-time grant award.

(f) Funds under a district's budget authority or fiduciary control may be used to pay for the incremental cost of liquid or gaseous fuel, other than standard gasoline or diesel, which is integral to a NO_X reducing

technology that is part of a project receiving grant funding under the program. The fuel shall be approved for sale by the state board. The incremental fuel cost over the expected lifetime of the vehicle may be offset by the district if the project as a whole, including the incremental fuel cost, meets all of the requirements of this chapter, including the maximum allowed cost-effectiveness. The state board shall develop an appropriate methodology for converting incremental fuel costs over the vehicle lifetime into an initial cost for the purposes of determining project cost-effectiveness. Incremental fuel costs may not be included in project costs for fuels dispensed from any facility that was funded, in whole or in part, from the fund.

(g) For purposes of determining any grant amount pursuant to this chapter, the incremental cost of any new purchase, retrofit, repower, or add-on equipment shall be reduced by the value of any current financial incentive that directly reduces the project price, including any tax credits or deductions, grants, or other public financial assistance. Project proponents applying for funding shall be required to state in their application any other public financial assistance to the project.

(h) For projects that would repower offroad equipment by replacing uncontrolled diesel engines with new, certified diesel engines, the state board may establish maximum grant award amounts per repower. A repower project shall also be subject to the incremental cost maximum pursuant to subdivision (e).

(i) After study of available emission reduction technologies and costs and after public notice and comment, the state board may reduce the values of the maximum grant award criteria stated in this section to improve the ability of the program to achieve its goals. Every year the state board shall adjust the maximum cost-effectiveness amount established in subdivision (a) and any per-project maximum set by the state board pursuant to subdivision (h) to account for inflation.

(j) This section shall become operative on January 1, 2015.

SEC. 10. Section 44287 of the Health and Safety Code is amended to read:

44287. (a) The state board shall establish or update grant criteria and guidelines consistent with this chapter for covered vehicle projects as soon as practicable, but not later than January 1, 2006. The adoption of guidelines is exempt from the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The state board shall solicit input and comment from the districts during the development of the criteria and guidelines and shall make every effort to develop criteria and guidelines that are compatible with existing district programs that are also consistent with this chapter. Guidelines shall include protocols to calculate project cost-effectiveness. The grant

criteria and guidelines shall include safeguards to ensure that the project generates surplus emissions reductions. Guidelines shall enable and encourage districts to cofund projects that provide emissions reductions in more than one district. The state board shall make draft criteria and guidelines available to the public 45 days before final adoption, and shall hold at least one public meeting to consider public comments before final adoption. The state board may develop separate guidelines and criteria for the different types of eligible projects described in subdivision (a) of Section 44281.

(b) The state board, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (a) as necessary to improve the ability of the program to achieve its goals. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the state board shall hold at least one public meeting to consider public comments before final adoption of the revision.

(c) The state board shall reserve funds for, and disburse funds to, districts from the fund for administration pursuant to this section and Section 44299.1.

(d) The state board shall develop guidelines for a district to follow in applying for the reservation of funds, in accordance with this chapter. It is the intent of the Legislature that district administration of any reserved funds be in accordance with the project selection criteria specified in Sections 44281, 44282, and 44283 and all other provisions of this chapter. The guidelines shall be established and published by the state board as soon as practicable, but not later than January 1, 2006.

(e) Funds shall be reserved by the state board for administration by a district that adopts an eligible program pursuant to this chapter and offers matching funds at a ratio of one dollar ($1) of matching funds committed by the district or the Mobile Source Air Pollution Reduction Review Committee for every two dollars ($2) committed from the fund. Funds available to the Mobile Source Air Pollution Reduction Review Committee may be counted as matching funds for projects in the South Coast Air Basin only if the committee approves the use of these funds for matching purposes. Matching funds may be any funds under the district's budget authority that are committed to be expended in accordance with the program. Funds committed by a port authority or a local government, in cooperation with a district, to be expended in accordance with the program may also be counted as district matching funds. Matching funds provided by a port authority or a local government may not exceed 30 percent of the total required matching funds in any district that applies for more than three hundred thousand dollars ($300,000) of the state board funds. Only a district, or a port

authority or a local government teamed with a district, may provide matching funds.

(f) The state board may adjust the ratio of matching funds described in subdivision (e), if it determines that an adjustment is necessary in order to maximize the use of, or the air quality benefits provided by, the program, based on a consideration of the financial resources of the district.

(g) Notwithstanding subdivision (e), a district need not provide matching funds for state board funds allocated to the district for program outreach activities pursuant to paragraph (4) of subdivision (a) of Section 44299.1.

(h) A district may include within its matching funds a reasonable estimate of direct or in-kind costs for assistance in providing program outreach and application evaluation. In-kind and direct matching funds shall not exceed 15 percent of the total matching funds offered by a district. A district may also include within its matching funds any money spent on or after February 25, 1999, that would have qualified as matching funds but were not previously claimed as matching funds.

(i) A district desiring a reservation of funds shall apply to the state board following the application guidelines established pursuant to this section. The state board shall approve or disapprove a district application not later than 60 days after receipt. Upon approval of any district application, the state board shall simultaneously approve a reservation of funding for that district to administer. Reserved funds shall be disbursed to the district so that funding of a district-approved project is not impeded.

(j) Notwithstanding any other provision of this chapter, districts and the Mobile Source Air Pollution Reduction Review Committee shall not use funds collected pursuant to Section 41081 or Chapter 7 (commencing with Section 44220), or pursuant to Section 9250.11 of the Vehicle Code, as matching funds to fund a project with stationary or portable engines, locomotives, or marine vessels.

(k) Any funds reserved for a district pursuant to this section are available to the district for a period of not more than two years from the time of reservation. Funds not expended by June 30 of the second calendar year following the date of the reservation shall revert back to the state board as of that June 30, and shall be deposited in the Covered Vehicle Account established pursuant to Section 44299. The funds may then be redirected based on applications to the fund. Regardless of any reversion of funds back to the state board, the district may continue to request other reservations of funds for local administration. Each reservation of funds shall be accounted for separately, and unused funds from each application shall revert back to the state board as specified in this subdivision.

(*l*) The state board shall specify a date each year when district applications are due. If the eligible applications received in any year oversubscribe the available funds, the state board shall reserve funds on an allocation basis, pursuant to Section 44299.2. The state board may accept a district application after the due date for a period of months specified by the state board. Funds may be reserved in response to those applications, in accordance with this chapter, out of funds remaining after the original reservation of funds for the year.

(m) Guidelines for a district application shall require information from an applicant district to the extent necessary to meet the requirements of this chapter, but shall otherwise minimize the information required of a district.

(n) A district application shall be reviewed by the state board immediately upon receipt. If the state board determines that an application is incomplete, the applicant shall be notified within 10 working days with an explanation of what is missing from the application. A completed application fulfilling the criteria shall be approved as soon as practicable, but not later than 60 working days after receipt.

(o) The commission, in consultation with the districts, shall establish project approval criteria and guidelines for infrastructure projects consistent with Section 44284 as soon as practicable, but not later than February 15, 2000. The commission shall make draft criteria and guidelines available to the public 45 days before final adoption, and shall hold at least one public meeting to consider public comments before final adoption.

(p) The commission, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (o) as necessary to improve the ability of the program to achieve its goals. A revision may be proposed at any time, or may be proposed in response to a finding made in the annual report on the program published by the state board pursuant to Section 44295. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the commission shall hold at least one public meeting to consider public comments before final adoption of the revision.

(q) Unclaimed funds will be allocated by the state board in accordance with Section 44299.2.

(r) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 10.5. Section 44287 is added to the Health and Safety Code, to read:

44287. (a) The state board shall establish grant criteria and guidelines consistent with this chapter for covered vehicle projects as soon as practicable, but not later than January 1, 2000. The adoption of guidelines is exempt from the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The state board shall solicit input and comment from the districts during the development of the criteria and guidelines and shall make every effort to develop criteria and guidelines that are compatible with existing district programs that are also consistent with this chapter. (b) The state board, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (a) as necessary to improve the ability of the program to achieve its goals. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the state board shall hold at least one public meeting to consider public comments before final adoption of the revision.

(c) The state board shall reserve funds for, and disburse funds to, districts from the fund for administration pursuant to this section and Section 44299.1.

(d) The state board shall develop guidelines for a district to follow in applying for the reservation of funds, in accordance with this chapter. It is the intent of the Legislature that district administration of any reserved funds be in accordance with the project selection criteria specified in Sections 44281, 44282, and 44283 and all other provisions of this chapter. The guidelines shall be established and published by the state board as soon as practicable, but not later than January 1, 2000.

(e) Funds shall be reserved by the state board for administration by a district that adopts an eligible program pursuant to this chapter and offers matching funds at a ratio of one dollar ($1) of matching funds committed by the district or the Mobile Source Air Pollution Reduction Review Committee for every two dollars ($2) committed from the fund. Funds available to the Mobile Source Air Pollution Reduction Review Committee may be counted as matching funds for projects in the South Coast Air Basin only if the committee approves the use of these funds for matching purposes. Matching funds may be any funds under the

district's budget authority that are committed to be expended in accordance with the program. Funds committed by a port authority or a local government, in cooperation with a district, to be expended in accordance with the program may also be counted as district matching funds. Matching funds provided by a port authority or a local government may not exceed 30 percent of the total required matching funds in any district that applies for more than three hundred thousand dollars ($300,000) of the state board funds. Only a district, or a port authority or a local government teamed with a district, may provide matching funds.

(f) The state board may adjust the ratio of matching funds described in subdivision (e), if it determines that an adjustment is necessary in order to maximize the use of, or the air quality benefits provided by, the program, based on a consideration of the financial resources of the district.

(g) Notwithstanding subdivision (e), a district need not provide matching funds for state board funds allocated to the district for program outreach activities pursuant to paragraph (4) of subdivision (a) of Section 44299.1.

(h) A district may include within its matching funds a reasonable estimate of direct or in-kind costs for assistance in providing program outreach and application evaluation. In-kind and direct matching funds shall not exceed 15 percent of the total matching funds offered by a district. A district may also include within its matching funds any money spent on or after February 25, 1999, that would have qualified as matching funds but were not previously claimed as matching funds.

(i) A district desiring a reservation of funds shall apply to the state board following the application guidelines established pursuant to this section. The state board shall approve or disapprove a district application not later than 60 days after receipt. Upon approval of any district application, the state board shall simultaneously approve a reservation of funding for that district to administer. Reserved funds shall be disbursed to the district so that funding of a district-approved project is not impeded.

(j) Notwithstanding any other provision of this chapter, districts and the Mobile Source Air Pollution Reduction Review Committee shall not use funds collected pursuant to Section 41081 or Chapter 7 (commencing with Section 44220), or pursuant to Section 9250.11 of the Vehicle Code, as matching funds to fund a project with stationary or portable engines, locomotives, or marine vessels.

(k) Any funds reserved for a district pursuant to this section are available to the district for a period of not more than two years from the time of reservation. Funds not expended by June 30 of the second calendar year following the date of the reservation shall revert back to

the state board as of that June 30, and shall be deposited in the Covered Vehicle Account established pursuant to Section 44299. The funds may then be redirected based on applications to the fund. Regardless of any reversion of funds back to the state board, the district may continue to request other reservations of funds for local administration. Each reservation of funds shall be accounted for separately, and unused funds from each application shall revert back to the state board as specified in this subdivision.

(*l*) The state board shall specify a date each year when district applications are due. If the eligible applications received in any year oversubscribe the available funds, the state board shall reserve funds on an allocation basis, pursuant to subdivision (b) of Section 44299.1. The state board may accept a district application after the due date for a period of months specified by the state board. Funds may be reserved in response to those applications, in accordance with this chapter, out of funds remaining after the original reservation of funds for the year.

(m) Guidelines for a district application shall require information from an applicant district to the extent necessary to meet the requirements of this chapter, but shall otherwise minimize the information required of a district.

(n) A district application shall be reviewed by the state board immediately upon receipt. If the state board determines that an application is incomplete, the applicant shall be notified within 10 working days with an explanation of what is missing from the application. A completed application fulfilling the criteria shall be approved as soon as practicable, but not later than 60 working days after receipt.

(o) The state board, in consultation with the districts, shall establish project approval criteria and guidelines for infrastructure projects consistent with Section 44284 as soon as practicable, but not later than February 15, 2000. The commission shall make draft criteria and guidelines available to the public 45 days before final adoption, and shall hold at least one public meeting to consider public comments before final adoption.

(p) The state board, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (o) as necessary to improve the ability of the program to achieve its goals. A revision may be proposed at any time, or may be proposed in response to a finding made in the annual report on the program published by the state board pursuant to Section 44295. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the commission shall hold at least one public meeting to consider public comments before final adoption of the revision.

(q) This section shall become operative on January 1, 2015.

SEC. 11. Section 44299.1 of the Health and Safety Code is amended to read:

44299.1. (a) To ensure that emission reductions are obtained as needed from pollution sources, any money deposited in or appropriated to the fund shall be segregated and administered as follows:

(1) Not more than 2 percent of the moneys in the fund shall be allocated to program support and outreach costs incurred by the state board and the commission directly associated with implementing the program pursuant to this chapter. These funds shall be allocated to the state board and the commission in proportion to total program funds administered by the state board and the commission.

(2) Not more than 2 percent of the moneys in the fund shall be allocated to direct program outreach activities. The state board may use these funds for program outreach contracts or may allocate outreach funds to participating air districts in proportion to each district's allocation from the Covered Vehicle Account. The state board shall report on the use of outreach funds in their reports to the Legislature pursuant to Section 44295.

(3) The balance shall be deposited in the Covered Vehicle Account to be expended to offset added costs of new very low or zero-emission vehicle technologies, and emission reducing repowers, retrofits, and add-on equipment for covered vehicles and engines, and other projects specified in Section 44281.

(b) Funds in the Covered Vehicle Account shall be allocated to a district that submits an eligible application to the state board pursuant to Section 44287. The state board shall determine the maximum amount of annual funding from the Covered Vehicle Account that each district may receive. This determination shall be based on the population in each district as well as the relative importance of obtaining covered emission reductions in each district, specifically through the program.

(c) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 11.5. Section 44299.1 is added to the Health and Safety Code, to read:

44299.1. (a) To ensure that emission reductions are obtained as needed from pollution sources, any money deposited in or appropriated to the fund shall be segregated and administered as follows:

(1) Ten percent, not to exceed two million dollars ($2,000,000), shall be allocated to the Infrastructure Demonstration Project to be used pursuant to Section 44284.

(2) Ten percent shall be deposited in the Advanced Technology Account to be used to support research, development, demonstration,

and commercialization of advanced low-emission technologies for covered sources that show promise of contributing to the goals of the program.

(3) Not more than 2 percent of the moneys in the fund shall be allocated to program support and outreach costs incurred by the state board and the commission directly associated with implementing the program pursuant to this chapter. These funds shall be allocated to the state board and the commission in proportion to total program funds administered by the state board and the commission.

(4) Not more than 2 percent of the moneys in the fund shall be allocated to direct program outreach activities. The state board may use these funds for program outreach contracts or may allocate outreach funds to participating air districts in proportion to each district's allocation from the Covered Vehicle Account. The state board shall report on the use of outreach funds in their reports to the Legislature pursuant to Section 44295.

(5) The balance shall be deposited in the Covered Vehicle Account to be expended to offset added costs of new very low or zero-emission vehicle technologies, and emission reducing repowers, retrofits, and add-on equipment for covered vehicles and engines.

(b) Funds in the Covered Vehicle Account shall be allocated to a district that submits an eligible application to the state board pursuant to Section 44287. The state board shall determine the maximum amount of annual funding from the Covered Vehicle Account that each district may receive. This determination shall be based on the population in each district as well as the relative importance of obtaining NO_x reductions in each district, specifically through the program.

(c) This section shall become operative on January 1, 2015.

SEC. 12. Section 44299.2 is added to the Health and Safety Code, to read:

44299.2. Funds shall be allocated to local air pollution control and air quality management districts, and shall be subject to administrative terms and conditions as follows:

(a) Available funds shall be distributed to districts taking into consideration the population of the area, the severity of the air quality problems experienced by the population, and the historical allocation of the Carl Moyer Memorial Air Quality Standards Attainment Trust Fund, except that the South Coast Air Quality Management District shall be allocated a percentage of the total funds available to districts that is proportional to the percentage of the total state population residing within the jurisdictional boundaries of that district. For the purposes of this subdivision, population shall be determined by the state board based on the most recent data provided by the Department of Finance. The allocation to the South Coast Air Quality Management District shall be

subtracted from the total funds available to districts. Each district, except the South Coast Air Quality Management District, shall be awarded a minimum allocation of two hundred thousand dollars ($200,000), and the remainder, which shall be known as the ''allocation amount,'' shall be allocated to all districts as follows:

(1) The state board shall distribute 30 percent of the allocation amount to the districts in proportion to the percentage of the total residual state population that resides within each district's boundaries. For purposes of this paragraph, ''total residual state population'' means the total state population, less the total population that resides within the South Coast Air Quality Management District.

(2) The state board shall distribute 30 percent of the allocation amount to the districts in proportion to the severity of the air quality problems to which each district's population is exposed. The severity of the exposure shall be calculated as follows:

(A) Each district shall be awarded severity points based on the district's attainment designation and classification, as most recently promulgated by the federal Environmental Protection Agency for the National Ambient Air Quality Standard for ozone averaged over eight hours, as follows:

(i) A district that is designated attainment for the federal eight-hour ozone standard shall be awarded one point.

(ii) A district that is designated nonattainment for the federal eight hour ozone standard shall be awarded severity points based on classification. Two points shall be awarded for transitional, basic, or marginal classifications, three points for moderate classification, four points for serious classification, five points for severe classification, six points for severe-17 classification, and seven points for extreme classification.

(B) Each district shall be awarded severity points based on the district's attainment designation and classification for the National Ambient Air Quality Standard for particulate matter, averaged annually, as follows:

(i) A district that is designated attainment for the federal annual particulate-matter-standard shall be awarded one point.

(ii) A district that is designated nonattainment for the federal annual particulate-matter-standard shall be awarded severity points based on classification. Two points shall be awarded for moderate classification, three points awarded for serious classification where one-third or less of the contributing emissions is secondary particulate formed from non-dust precursors, and four points for serious classification where more than one-third of the contributing emissions is secondary particulate formed from non-dust precursors.

(C) The points awarded under subparagraphs (A) and (B), shall be added together for each district, and the total shall be multiplied by the population residing within the district boundaries, to yield the local air quality exposure index.

(D) The local air quality exposure index for each district shall be summed together to yield a total state exposure index. Funds shall be allocated under this paragraph to each district in proportion to its local air quality exposure index divided by the total state exposure index.

(3) The state board shall distribute 40 percent of the allocation amount to the districts in proportion to the allocation of funds from the Carl Moyer Memorial Air Quality Standards Attainment Trust Fund, as follows:

(A) Because each district is awarded a minimum allocation pursuant to subdivision (a), there shall be no additional minimum allocation from the Carl Moyer historical allocation funds. The total amount allocated in this way shall be subtracted from total funding previously awarded to the district under the Carl Moyer Memorial Air Quality Standards Attainment Program, and the remainder, which shall be known as directed funds, shall be allocated pursuant to subparagraph (B).

(B) Each district with a population that is greater than or equal to 1 percent of the state's population shall receive an additional allocation based on the population of the district and the district's relative share of emission reduction commitments in the State Implementation Plan to attain the National Ambient Air Quality Standard for ozone averaged over one hour. This additional allocation shall be calculated as a percentage share of the directed funds for each district, derived using a ratio of each district's share amount to the base amount, which shall be calculated as follows:

(i) The base amount shall be the total Carl Moyer program funds allocated by the state board to the districts in the 2002–03 fiscal year, less the total of the funds allocated through the minimum allocation to each district in the 2002–03 fiscal year.

(ii) The share amount shall be the allocation that each district received in the 2002–03 fiscal year, not including the minimum allocation. There shall be one share amount for each district.

(iii) The percentage share shall be calculated for each district by dividing the district's share amount by the base amount, and multiplying the result by the total directed funds available under this subparagraph.

(b) Funds shall be distributed as expeditiously as reasonably practicable, and a report of the distribution shall be made available to the public.

(c) All funds allocated pursuant to this section shall be expended as provided in the guidelines adopted pursuant to Section 44287 within two years from the date of allocation. Funds not expended within the two

years shall be returned to the Covered Vehicle Account within 60 days and shall be subject to further allocation as follows:

(1) Within 30 days of the deadline to return funds, the state board shall notify the districts of the total amount of returned funds available for reallocation, and shall list those districts that request supplemental funds from the reallocation and that are able to expend those funds within one year.

(2) Within 90 days of the deadline to return funds, the state board shall allocate the returned funds to the districts listed pursuant to paragraph (1).

(3) All supplemental funds distributed under this subdivision shall be expended consistent with the Carl Moyer Air Quality Standards Attainment Program within one year of the date of supplemental allocation. Funds not expended within one year shall be returned to the Covered Vehicle Account and shall be distributed at the discretion of the state board to districts, taking into consideration of each district's ability to expeditiously utilize the remaining funds consistent with the Carl Moyer Air Quality Standards Attainment Program.

(d) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 13. Section 42885 of the Public Resources Code is amended to read:

42885. (a) For purposes of this section, ''California tire fee'' means the fee imposed pursuant to this section.

(b) (1) (A) Every person who purchases a new tire, as defined in subdivision (g), shall pay a California tire fee of one dollar ($1.00) per tire.

(B) On or after January 1, 2005, every person who purchases a new tire, as defined in subdivision (g), shall pay a California tire fee of one dollar and seventy-five cents ($1.75) per tire.

(C) On and after January 1, 2007, every person who purchases a new tire, as defined in subdivision (g), shall pay a California tire fee of one dollar and fifty cents ($1.50) per tire.

(2) The retail seller shall charge the retail purchaser the amount of the California tire fee as a charge that is separate from, and not included in, any other fee, charge, or other amount paid by the retail purchaser.

(3) The retail seller shall collect the California tire fee from the retail purchaser at the time of sale and may retain $1\frac{1}{2}$ percent of the fee as reimbursement for any costs associated with the collection of the fee. The retail seller shall remit the remainder to the state on a quarterly schedule for deposit in the California Tire Recycling Management Fund, which is hereby created in the State Treasury.

(c) The board, or its agent authorized pursuant to Section 42882, shall be reimbursed for its costs of collection, auditing, and making refunds associated with the California Tire Recycling Management Fund, but not to exceed 3 percent of the total annual revenue deposited in the fund.

42889. (a) (1) Commencing January 1, 2005, and until December 31, 2006, of the moneys collected pursuant to Section 42885, an amount equal to seventy-five cents ($0.75) per tire on which the fee is imposed shall be transferred by the State Board of Equalization to the Air Pollution Control Fund. The state board shall expend those moneys, or allocate those moneys to the districts for expenditure, to fund programs and projects that mitigate or remediate air pollution caused by tires in the state, to the extent that the state board or the applicable district determines that the program or project remediates air pollution harms created by tires upon which the fee described in Section 42885 is imposed.

(2) Commencing January 1, 2007, of the moneys collected pursuant to Section 42885, an amount equal to fifty cents ($0.50) per tire on which the fee is imposed shall be transferred by the State Board of Equalization to the Air Pollution Control Fund for expenditure by the state board as described in paragraph (1).

The board may consider and create, as appropriate, financial incentives for citizens who report the illegal hauling or disposal of waste tires as a means of enhancing local and statewide waste tire and used tire enforcement programs.

(5) To pay the costs of cleanup, abatement, removal, or other remedial action related to waste tire stockpiles throughout the state, including all approved costs incurred by other public agencies involved in these activities by contract with the board. (c) This section shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 14.5. Section 42889 is added to the Public Resources Code, to read:

42889. Funding for the waste tire program shall be appropriated to the board in the annual Budget Act. The moneys in the fund shall be expended for the payment of refunds under this chapter and for the following purposes:

If the board designates a local entity for that purpose, the board shall provide sufficient, stable, and noncompetitive funding to that entity for that purpose, based on available resources, as provided in the five-year plan adopted and updated as provided in subdivision (a) of Section 42855.5. The board may consider and create, as appropriate, financial incentives for citizens who report the illegal hauling or disposal of waste tires as a means of enhancing local and statewide waste tire and used tire enforcement programs.

(e) To pay the costs of cleanup, abatement, removal, or other remedial action related to waste tire stockpiles throughout the state, including all approved costs incurred by other public agencies involved in these activities by contract with the board. (f) This section shall become operative on January 1, 2015.

SEC. 15. Section 9250.2 of the Vehicle Code is amended to read:

9250.2. (a) The department, if requested by the Sacramento Metropolitan Air Quality Management District pursuant to Section 41081 of the Health and Safety Code, shall impose and collect a surcharge on the registration fees for every motor vehicle registered in that district, not to exceed the amount of six dollars ($6), as specified by the governing body of that district.

(b) It is important to ensure that an acquisition agency act expeditiously to purchase critically needed conservation lands for their preservation and protection.

(c) The purpose of this chapter is to ensure that information on the acquisition of conservation lands by state agencies is made available to the public, while ensuring that these lands continue to be acquired in an efficient and expeditious manner.

5096.501. For purposes of this chapter, the following terms have the following meanings:

(a) ''Acquisition agency'' means the Wildlife Conservation Board or the State Coastal Conservancy.

Article 2. Conservation Lands Acquisition Procedures

5096.511. Prior to any action by an acquisition agency to approve a major acquisition of conservation lands, the acquisition agency shall contract for at least one independent appraisal of the fair market value of the land. (1) The review appraiser did not conduct the appraisal pursuant to Section 5096.511 and has no financial interest in the major acquisition.

(2) The review appraiser is licensed pursuant to Part 3 (commencing with Section 11300) of Division 4 of the Business and Professions Code.

5096.515. CHAPTER 709

An act to amend Sections 115875 and 115880 of the Health and Safety Code, relating to public beaches.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) More than 50 public beaches and recreation areas along the San Francisco Bay shoreline provide year-round water recreation opportunities for more than 7 million bay area residents.

(b) Rains and storms carry bacteria and contaminants into San Francisco Bay, sometimes posing a serious public health threat to swimmers, windsurfers, and other bay area residents who recreate at these beaches.

(c) A significant number of warnings have been posted at public beaches along the bay shoreline in recent years, demonstrating that there is a polluted runoff problem in the bay that can be harmful to people.

(d) Protecting public health requires year-round, uniform, and consistent monitoring of bay beaches' water quality, and posting of easy-to-understand, multilingual health advisories when contaminants exceed safe levels.

(e) Prior to enactment of this act, state law did not mandate regular water quality monitoring at beaches along San Francisco Bay as it did for coastal beaches in California.

(f) It is imperative that counties along the San Francisco Bay monitor the water quality at their beaches effectively and consistently to protect the health of bay area residents who recreate on and in the bay.

SEC. 2. Section 115875 of the Health and Safety Code is amended to read:

115875. ''Public beach,'' as used in this article, means any beach area used by the public for recreational purposes that is owned, operated, or controlled by the state, any state agency, any local agency, or any private person in this state, and is located in the coastal zone, as defined in Section 30103 of the Public Resources Code, or within the jurisdiction of the San Francisco Bay Conservation and Development Commission, as set forth in Section 66610 of the Government Code.

SEC. 3. Section 115880 of the Health and Safety Code is amended to read:

115880. (a) The department shall by regulation, in consultation with local health officers and the public, establish minimum standards for the sanitation of public beaches, including, but not limited to, the removal of refuse, as it determines are reasonably necessary for the protection of the public health and safety.

(b) Prior to final adoption by the department, the regulations and standards required by this section shall undergo an external comprehensive review process similar to the process set forth in Section 57004 of the Health and Safety Code.

(c) The regulations shall, at a minimum, do all of the following, by December 31, 1998:

(1) Require the testing of the waters adjacent to all public beaches for microbiological contaminants, including, but not limited to, total coliform, fecal coliform, and enterococci bacteria. The department may require the testing of waters adjacent to all public beaches for microbiological indicators other than those set forth in this paragraph, or a subset of those set forth in this paragraph, if the department affirmatively establishes, based on the best available scientific studies and the weight of the evidence, that the alternative indicators are as protective of the public health.

(2) Establish protective minimum standards for total coliform, fecal coliform, and enterococci bacteria, or for other microbiological indicators that the department determines are appropriate for testing pursuant to paragraph (1).

(3) Establish protocols for all of the following:

(A) Determining monitoring site locations and monitoring frequency based on risks to public health.

(B) Making decisions regarding public notification of health hazards, including, but not limited to the posting, closing, and reopening of public beaches.

(4) Require that the waters adjacent to public beaches be tested for total coliform, fecal coliform, and enterococci bacteria, or for other microbiological indicators that the department determines are appropriate for testing pursuant to paragraph (1). Except as set forth in paragraph (5), testing shall be conducted on at least a weekly basis, from April 1 to October 31, inclusive, of each year, beginning in 1999, if all of the following apply:

(A) The beach is visited by more than 50,000 people annually.

(B) The beach is located on an area adjacent to a storm drain that flows in the summer.

(5) The monitoring frequency and locations established pursuant to this subdivision and related regulations may only be reduced or altered after the testing required pursuant to paragraph (4) reveals levels of microbiological contaminants that do not exceed for a period of two years the minimum protective standards established pursuant to paragraph (2).

(d) The local health officer shall be responsible for testing the waters adjacent to, and coordinating the testing of, all public beaches within his or her jurisdiction.

(e) The local health officer may meet the testing requirements of this section by utilizing test results from other agencies conducting microbiological contamination testing of the waters under his or her jurisdiction.

(f) Any city or county may adopt standards for the sanitation of public beaches within its jurisdiction that are stricter than the standards adopted by the state department pursuant to this section.

(g) Any duty imposed upon a local public officer or agency pursuant to this section shall be mandatory only during a fiscal year in which the Legislature has appropriated sufficient funds, as determined by the State Director of Health Services, in the annual Budget Act or otherwise for local agencies to cover the costs to those agencies associated with the performance of these duties. The State Director of Health Services shall annually, within 15 days after enactment of the Budget Act, file a written statement with the Secretary of the Senate and with the Chief Clerk of the Assembly memorializing whether sufficient funds have been appropriated.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

(2) Notwithstanding Section 13223 of the Water Code, a regional water quality control board may delegate to its executive officer authority to request the Attorney General for judicial enforcement under this section.

(3) If a district attorney or city attorney brings an action under this section, the action shall be in the name of the people of the State of California.

(4) An action relating to the same violation may be joined or consolidated.

CHAPTER 711

An act to add Section 1367.06 to the Health and Safety Code, relating to health care coverage.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.06 is added to the Health and Safety Code, to read:

1367.06. (a) A health care service plan contract, except a specialized health care service plan contract, that is issued, amended, delivered, or renewed on or after January 1, 2005, that covers outpatient prescription drug benefits shall include coverage for inhaler spacers when medically necessary for the management and treatment of pediatric asthma.

(b) If a subscriber has coverage for outpatient prescription drugs, a health care service plan contract, except a specialized health care service plan contract, that is issued, amended, delivered, or renewed on or after January 1, 2005, shall include coverage for the following equipment and supplies when medically necessary for the management and treatment of pediatric asthma:

(1) Nebulizers, including face masks and tubing.

(2) Peak flow meters.

(c) The quantity of the equipment and supplies required to be covered pursuant to subdivisions (a) and (b) may be limited by the health care service plan if the limitations do not inhibit appropriate compliance with treatment as prescribed by the enrollee's physician and surgeon. A health care service plan shall provide for an expeditious process for approving

additional or replacement inhaler spacers, nebulizers, and peak flow meters when medically necessary for an enrollee to maintain compliance with his or her treatment regimen. The process required by Section 1367.24 may be used to satisfy the requirements of this section for an inhaler spacer.

(d) Education for pediatric asthma, including education to enable an enrollee to properly use the device identified in subdivisions (a) and (b), shall be consistent with current professional medical practice.

(e) The coverage required by this section shall be provided under the same general terms and conditions, including copayments and deductibles, applicable to all other benefits provided by the plan.

(f) A health care service plan shall disclose the benefits under this section in its evidence of coverage and disclosure forms.

(g) A health care service plan may not reduce or eliminate coverage as a result of the requirements of this section.

(h) Nothing in this section shall be construed to deny or restrict in any way the department's authority to ensure plan compliance with this chapter, if a plan provides coverage for prescription drugs.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 712

An act to amend Section 4584 of the Public Resources Code, relating to forest resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Past disruptions of natural fire cycles and other activities have resulted in wildfires of increasing intensity and severity that are a threat to the forest ecosystem, air quality, fresh water supplies, private citizens,

emergency services personnel, and the overall public health and safety of California.

(b) Healthy forests are a common goal for Californians, but overstocked forests cause increased tree mortality resulting in the build up of flammable fuels. The treatment of these hazardous fuels will reduce the impact of wildfires on communities and natural and cultural resources, and will restore health to fire-adapted ecosystems.

(c) Under the National Fire Plan, promulgated by the western Governors, the hazardous fuel treatment program has expanded significantly, with a greater focus on treatments intended to protect communities in the wildland urban interface.

(d) Opportunities to capture the federal funding available for the reduction of hazardous fuels from unhealthy forests near communities determined to be at risk, by the Department of Forestry and Fire Protection, from catastrophic wildfires are currently available pursuant to the bipartisan passage of Public Law 108-148.

(e) To better coordinate with and garner federal funding, California needs to expedite projects to increase safety for the forest ecosystem, air quality, fresh water supplies, private citizens, emergency services personnel, and the overall public health and safety of California, by reducing fire risks where ecosystem and public safety risks are excessive.

SEC. 2. Section 4584 of the Public Resources Code is amended to read:

4584. Upon determining that the exemption is consistent with the purposes of this chapter, the board may exempt from this chapter or portions thereof, a person engaged in forest management whose activities are limited to any of the following:

(a) The cutting or removal of trees for the purpose of constructing or maintaining a right-of-way for utility lines.

(b) The planting, growing, nurturing, shaping, shearing, removal, or harvest of immature trees for Christmas trees or other ornamental purposes or minor forest products, including fuelwood.

(c) The cutting or removal of dead, dying, or diseased trees of any size.

(d) Site preparation.

(e) Maintenance of drainage facilities and soil stabilization treatments.

(f) Timber operations on land managed by the Department of Parks and Recreation.

(g) (1) The one-time conversion of less than three acres to a nontimber use. No person, whether acting as an individual or as a member of a partnership, or as an officer or employee of a corporation or other legal entity, may obtain more than one exemption pursuant to

this subdivision in a five-year period. If a partnership has as a member, or if a corporation or any other legal entity has as an officer or employee, a person who has received this exemption within the past five years, whether as an individual or as a member of a partnership, or as an officer or employee of a corporation or other legal entity, then that partnership, corporation, or other legal entity is not eligible for this exemption. ''Person,'' for purposes of this subdivision, means an individual, partnership, corporation, or any other legal entity.

(2) (A) Notwithstanding Section 4554.5, the board shall adopt regulations that become effective and operative on or before July 1, 2002, and do all of the following:

(i) Identify the required documentation of a bona fide intent to complete the conversion that an applicant will need to submit in order to be eligible for the exemption in paragraph (1).

(ii) Authorize the department to inspect the sites approved in conversion applications that have been approved on or after January 1, 2002, in order to determine that the conversion was completed within the two-year period described in subparagraph (B) of paragraph (2) of subdivision (a) of Section 1104.1 of Title 14 of the California Code of Regulations.

(iii) Require the exemption under this subdivision to expire if there is a change in timberland ownership. The person who originally submitted an application for an exemption under this subdivision shall notify the department of a change in timberland ownership on or before five calendar days after a change in ownership.

(iv) The board may adopt regulations allowing a waiver of the five-year limitation described in paragraph (1) upon finding that the imposition of the five-year limitation would impose an undue hardship on the applicant for the exemption. The board may adopt a process for an appeal of a denial of a waiver.

(B) The application form for the exemption pursuant to paragraph (1) shall prominently advise the public that violations of the conversion exemption, including conversions applied for in the name of someone other than the person or entity implementing the conversion in bona fide good faith, is a violation of this chapter and penalties may accrue up to ten thousand dollars ($10,000) for each violation pursuant to Article 8 (commencing with Section 4601).

(h) Easements granted by a right-of-way construction agreement administered by the federal government if any timber sales and operations within or affecting these areas are reviewed and conducted pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.).

(i) The cutting, removal, or sale of timber or other solid wood forest products from the species Taxus brevifolia (Pacific yew), if the known

locations of any stands of this species three inches and larger in diameter at breast height are identified in the exemption notice submitted to the department. Nothing in this subdivision is intended to authorize the peeling of bark from, or the cutting or removal of, Taxus brevifolia within a watercourse and lake protection zone, special treatment area, buffer zone, or other area where timber harvesting is prohibited or otherwise restricted pursuant to board rules.

(j) (1) The cutting or removal of trees in compliance with Sections 4290 and 4291, that eliminates the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns for the purpose of reducing flammable materials and maintaining a fuel break for a distance of not more than 150 feet on each side from an approved and legally permitted structure that complies with the California Building Code, when that cutting or removal is conducted in compliance with this subdivision. For purposes of this subdivision, an ''approved and legally permitted structure'' includes only structures that are designed for human occupancy and garages, barns, stables, and structures used to enclose fuel tanks.

(2) (A) The cutting or removal of trees pursuant to this subdivision is limited to cutting or removal that will result in a reduction in the rate of fire spread, fire duration and intensity, fuel ignitability, or ignition of the tree crowns and shall be in accordance with any regulations adopted by the board pursuant to this section.

(B) Trees may not be cut or removed pursuant to this subdivision by the clearcutting regeneration method, by the seed tree removal step of the seed tree regeneration method, or by the shelterwood removal step of the shelterwood regeneration method.

(3) (A) Surface fuels, including logging slash and debris, low brush, and deadwood, that could promote the spread of wildfire shall be chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations pursuant to this subdivision.

(B) (i) All surface fuels that are not chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations may be determined to be a nuisance and subject to abatement by the department or the city or county having jurisdiction.

(ii) The costs incurred by the department, city, or county, as the case may be, to abate the nuisance upon any parcel of land subject to the timber operations, including, but not limited to, investigation, boundary determination, measurement, and other related costs, may be recovered by special assessment and lien against the parcel of land by the department, city, or county. The assessment may be collected at the same time and in the same manner as ordinary ad valorem taxes, and shall be

subject to the same penalties and the same procedure and sale in case of delinquency as is provided for ad valorem taxes.

(4) All timber operations conducted pursuant to this subdivision shall conform to applicable city or county general plans, city or county implementing ordinances, and city or county zoning ordinances. Nothing in this paragraph is intended to authorize the cutting, removal, or sale of timber or other solid wood forest products within an area where timber harvesting is prohibited or otherwise restricted pursuant to the rules or regulations adopted by the board.

(5) (A) The board shall adopt regulations, initially as emergency regulations in accordance with subparagraph (B), that the board considers necessary to implement and to obtain compliance with this subdivision.

(B) The emergency regulations adopted pursuant to subparagraph (A) shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

(k) (1) Until January 1, 2008, the harvesting of trees, limited to those trees that eliminate the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns, for the purpose of reducing the rate of fire spread, duration and intensity, fuel ignitability, or ignition of tree crowns.

(2) The board may authorize an exemption pursuant to paragraph (1) only if the tree harvesting will decrease fuel continuity and increase the quadratic mean diameter of the stand, and the tree harvesting area will not exceed 300 acres.

(3) The notice of exemption, which shall be known as the Forest Fire Prevention Exemption, may be authorized only if all of the conditions specified in paragraphs (4) to (10), inclusive, are met.

(4) A registered professional forester shall prepare the notice of exemption and submit it to the director, and include a map of the area of timber operations that complies with the requirements of paragraphs (1), (3), (4), and (7) to (12), inclusive, of subdivision (x) of Section 1034 of Title 14 of the California Code of Regulations.

(5) (A) The registered professional forester who submits the notice of exemption shall include a description of the preharvest stand structure and a statement of the postharvest stand stocking levels.

(B) The level of residual stocking shall be consistent with maximum sustained production of high quality timber products. The residual stand shall consist primarily of healthy and vigorous dominant and codominant trees from the preharvest stand. Stocking shall not be

reduced below the standards required by any of the following provisions that apply to the exemption at issue:

(i) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 913.3 of Title 14 of the California Code of Regulations.

(ii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 933.3 of Title 14 of the California Code of Regulations.

(iii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 953.3 of Title 14 of the California Code of Regulations.

(C) If the preharvest dominant and codominant crown canopy is occupied by trees less than 14 inches diameter at breast height, a minimum of 100 trees over four inches diameter at breast height shall be retained per acre for Site I, II, and III lands, and a minimum of 75 trees over four inches diameter at breast height shall be retained per acre for Site IV and V lands.

(6) (A) The registered professional forester who submits the notice shall include selection criteria for the trees to be harvested or the trees to be retained.

(B) All trees that are harvested or all trees that are retained shall be marked by or under the supervision of a registered professional forester before felling operations begin.

(7) (A) The registered professional forester submitting the notice, upon submission of the notice, shall provide a confidential archaeology letter that includes all of the information required by any of the following provisions that apply to the exemption at issue:

(i) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 929.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 929.5 of Title 14 of the California Code of Regulations.

(ii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 949.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 949.5 of Title 14 of the California Code of Regulations.

(iii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 969.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 969.5 of Title 14 of the California Code of Regulations.

(B) The director shall submit a complete copy of the confidential archaeological letter and two copies of all required archaeological or

historical site records, to the appropriate Information Center of the California Historical Resource Information System within 30 days from the date of notice submittal to the director. Before submitting the notice to the director, the registered professional forester shall send a copy of the notice to Native Americans, as defined in Section 895.1 of Title 14 of the California Code of Regulations.

(8) Only trees less than 18 inches stump diameter, measured at eight inches above ground level, may be removed. However, within 500 feet of a legally permitted structure, or in an area prioritized as a shaded fuel break in a community wildfire protection plan approved by a public fire agency, if the goal of fuel reduction cannot be achieved by removing trees less than 18 inches stump diameter, trees less than 24 inches stump diameter may be removed if that removal complies with this section and is necessary to achieve the goal of fuel reduction. A fuel reduction effort shall not violate the canopy closure regulations adopted by the board on June 10, 2004, and as those regulations may be amended.

(9) Ladder and surface fuels shall be removed to achieve a minimum clearance distance of eight feet, measured from the base of the live crown of the postharvest dominant and codominant trees to the top of the surface fuels. Surface fuels in the harvest area, including logging slash and debris, low brush, and deadwood, that could promote the spread of wildfire, shall be treated to achieve the goal of an average of four foot maximum flame height under average severe fire weather conditions. This goal shall be achieved on approximately 80 percent of the treated area. The treatment shall include chipping, removing, or other methods necessary to achieve the goal, and shall be done within 120 days from the start of timber operations or by April 1 of the year following surface fuel creation if the surface fuels are piled and burned.

(10) Timber operations shall comply with the requirements of paragraphs (1) to (10), inclusive of subdivision (b) of Section 1038 of Title 14 of the California Code of Regulations.

(11) After the timber operations are complete, the department shall conduct an on-site inspection to determine compliance with this subdivision and whether appropriate enforcement action should be initiated.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to apply during the fire season beginning in 2004, it is necessary that this act take effect immediately.

(h) The board, in consultation with the California Coastal Commission, shall appoint a marine managed areas water quality task force comprised of individuals representing the breadth and diversity of coastal communities, interested nonprofit groups, and marine resource users. All proposals for grant funding to carry out this chapter shall be reviewed by the task force. The task force may recommend projects to the board for funding consideration.

(12) Other bond funds, if the bond act specifies that its funds may be used for the purposes of this division.

37034. (a) (1) If a department determines that property is available for acquisition by donation, and that the acquisition of the property would comply with the requirements of an applicable bond provision specified in subdivision (c) of Section 37032 and any applicable guidelines developed for that bond provision by the administering agency, and the department believes the acquisition of the property would comply with the requirements of this division, the department may request the prospective donor of the property to submit an application pursuant to Section 37010. If the prospective donor agrees to submit that application, the department may apply for approval of the donation pursuant to the requirements of this division.

(2) If a local government determines that property is available for acquisition by donation, and that the acquisition of the property would comply with the requirements of an applicable bond provision specified in subdivision (c) of Section 37032 and any applicable guidelines developed for that bond provision by the administering agency, and the local government believes that the acquisition of the property would comply with the requirements of this division, the local government may request the department that allocated to it the relevant bond funds to determine whether it agrees with the local government's determinations and beliefs made pursuant to this paragraph. If the department agrees

with the local government and gives its approval for the acquisition with bond funds that it has allocated to the local government, the local government may request the prospective donor of the property to submit an application pursuant to Section 37010. If the prospective donor agrees to submit the application, the local government may apply for approval of the donation pursuant to the requirements of this division.

(3) In addition to the requirements of Section 37011, the application shall include, and shall not be accepted if it does not include, a signed authorization by the donor, in a form and manner mutually agreeable to the board and the Franchise Tax Board, for the disclosure of the information necessary to make the payment as required by subdivision (b). For purposes of subdivision (b) of Section 1798.24 of the Civil Code, the signed authorization shall be the donor's voluntary consent to the disclosure of the information.

(b) (1) If the board gives approval, the department or local government may acquire the property pursuant to this division. Through the process outlined in this section, the department shall reimburse the General Fund for the tax credit claimed pursuant to this chapter under Section 17053.30 or 23630 of the Revenue and Taxation Code by transferring bond funds identified under subdivision (c) of Section 37032 to the Natural Heritage Preservation Tax Credit Reimbursement Account, on the basis of information provided to the department under Section 37040 regarding credit claimed for a qualified contribution under Section 17053.30 or 23630 of the Revenue and Taxation Code in that tax year.

(2) (A) Upon approval by the board, and prior to the time the department, local government, or designated nonprofit organization receives the property, the department shall encumber bond funds identified under subdivision (c) of Section 37032 in an amount necessary to pay for the tax credit as provided in Section 17053.30 or 23630, as applicable, of the Revenue and Taxation Code.

(B) The acquisition agreement or any other document that clearly delineates the commitment pursuant to this division shall be the only documentation required for the department to encumber the bond funds as required by this paragraph.

(C) Except as prohibited by the relevant bond act, notwithstanding Section 13340 of the Government Code or any other provision of law, the encumbrance shall be available without regard to fiscal years to allow payments to the Natural Heritage Preservation Tax Credit Reimbursement Account for the tax credit due the donor of the property under Section 17053.30 or 23630, as applicable, of the Revenue and Taxation Code.

(3) The Franchise Tax Board shall provide the board information pursuant to subdivision (a) of Section 19560 of the Revenue and

Taxation Code on tax credits claimed. The board shall provide the information required by Section 37040 to the relevant department. Upon notification that a qualified tax credit has been claimed, the department, pursuant to paragraph (1), shall transfer bond funds in the amount of the tax credit for that tax year to the Natural Heritage Preservation Tax Credit Reimbursement Account within 60 days of receipt of the notification.

37035. (a) (1) If a department determines that a designated nonprofit organization, in lieu of the department, should accept property that the department applies to acquire pursuant to paragraph (1) of subdivision (a) of Section 37034, and determines that the acceptance by the designated nonprofit organization would comply with the purpose of the applicable bond provision specified in subdivision (c) of Section 37032, the department may, upon that determination and upon making the determinations and having the belief required by paragraph (1) of subdivision (a) of Section 37034, apply to acquire the property for that designated nonprofit organization pursuant to this division. The department shall not make that application until the prospective donor agrees to submit an application pursuant to Section 37010 and paragraph (3) of subdivision (a) of Section 37034 and the designated nonprofit organization agrees to accept the property if it is acquired pursuant to this division.

(2) If a local government determines that a designated nonprofit organization, in lieu of the local government, should accept property that the local government applies to acquire pursuant to paragraph (2) of subdivision (a) of Section 37034, and determines that the acceptance by the designated nonprofit organization would comply with the purpose of the applicable bond provision specified in subdivision (c) of Section 37032, the local government may, upon that determination and making the determinations and having the belief required by paragraph (2) of subdivision (a) of Section 37034, request the department that allocated to it the relevant bond funds to determine whether it agrees with the local government's determinations made pursuant to this paragraph. If the department agrees with the local government, gives its approval for the designated nonprofit organization's acceptance of the property, and gives its approval pursuant to paragraph (2) of subdivision (a) of Section 37034, the local government may apply to acquire the property for that designated nonprofit organization pursuant to this division. The local government shall not make that application until the prospective donor agrees to submit an application pursuant to Section 37010 and paragraph (3) of subdivision (a) of Section 37034 and the designated nonprofit organization agrees to accept the property if it is acquired pursuant to this division.

(b) If a department or local government applies for a designated nonprofit organization to acquire property, pursuant to subdivision (a),

the department and donor, and the local government, if applicable, shall comply with all requirements of this division that apply to the department and donor, and to the local government, if applicable, when the department or local government otherwise applies to acquire property pursuant to this division.

37036. (a) The Natural Heritage Preservation Tax Credit Reimbursement Account is established in the General Fund to receive moneys paid pursuant to this chapter.

(b) Upon appropriation by the Legislature, moneys in the Natural Heritage Preservation Tax Credit Reimbursement Account shall be used only to reimburse the General Fund as determined by the departments pursuant to paragraph (1) of subdivision (b) of Section 37034.

(c) The moneys in the Natural Heritage Preservation Tax Credit Reimbursement Account may not be loaned to another fund and may not accrue interest.

37038. If the board is the department that receives moneys pursuant to any of the bond provisions listed in subdivision (c) of Section 37032 and the board wishes to use those bond funds to acquire property pursuant to this division using those bond funds, the board shall make separate determinations regarding whether the acquisition of that property would comply with the purpose of the applicable bond provision and any applicable guidelines developed for that bond provision by the administering agency, and whether the acquisition would comply with the requirements of this division.

37040. (a) The board shall notify the Controller, the Treasurer, and the relevant department of the information listed in subdivision (b) after the board receives notification from the Franchise Tax Board pursuant to Section 19560 of the Revenue and Taxation Code that a person is claiming a tax credit under this chapter.

(b) The board shall provide all of the following information:

(1) The bond fund and specific provision of the bond act under which the credit is being claimed.

(2) The project name, appropriation under which the credit was encumbered, and, if applicable, the related local government.

(3) The department that will transfer the appropriate bond funds to the Natural Heritage Preservation Tax Credit Reimbursement Account.

(4) The amount of the tax credit for that tax year.

37042. The Legislature finds and declares that the expenditure of bond funds pursuant to this chapter does not constitute the use of bond proceeds or other indebtedness to pay a year-end state budget deficit, as prohibited by subdivision (c) of Section 1.3 of Article XVI of the California Constitution.

SEC. 3. Section 19560 is added to the Revenue and Taxation Code, to read:

19560. (a) The Franchise Tax Board shall provide the Wildlife Conservation Board, within a reasonable time, information on the amount of the tax credit claimed under Chapter 7 (commencing with Section 37030) of Division 28 of the Public Resources Code, with respect to each qualified contribution, as described in Section 17053.30 or 23630, that is claimed during that year, and any other information the Wildlife Conservation Board requires to correctly allocate the credit to the appropriate bond fund section, appropriation, department, and, if applicable, the related local government.

(b) The Franchise Tax Board shall not provide the Wildlife Conservation Board information pursuant to subdivision (a) if providing that information would disclose tax return information of a taxpayer, unless the taxpayer has consented to that disclosure pursuant to paragraph (3) of subdivision (a) of Section 37034 of the Public Resources Code.

CHAPTER 716

An act to amend Section 77 of Chapter 741 of the Statutes of 2003, relating to water.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 77 of Chapter 741 of the Statutes of 2003 is amended to read:

SEC. 77. The Legislature finds and declares all of the following:

(a) The current fiscal crisis requires that the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Proposition 50) be administered in the most cost-efficient manner consistent with ensuring public participation in the development of program guidelines and outreach and technical assistance to communities throughout the state.

(b) Notwithstanding paragraphs (1) and (2) of subdivision (a) of Section 79505.6 or Section 79575 of the Water Code, agencies responsible for the development of guidelines and reports pursuant to those sections shall use electronic communication, including publication of information on the Internet, shall determine the timing of the development of guidelines, and shall use any and all other efficiencies necessary to provide a public process reasonably calculated to provide access and relevant grant application and award information

to interested persons within the budgetary and personnel constraints imposed by the state budget. To the maximum extent feasible, each state agency shall provide outreach to disadvantaged communities to promote access to relevant grant application and award information.

(c) It is the intent of the Legislature that, through the annual budget process, there be a review of progress undertaken by state agencies to develop guidelines to implement this act.

CHAPTER 717

An act to amend Section 25401.1 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Existing law, the California Land Environmental Restoration and Reuse Act (Chapter 6.10 (commencing with Section 25401.1) of Division 20 of the Health and Safety Code), which is also known as CLERRA, gives cities and counties the authority to either order or directly undertake the investigation and cleanup of abandoned and underutilized parcels of contaminated properties, commonly called ''brownfields.''

(b) CLERRA provides local governments, owners, occupants, and lenders, with immunity from being required by state or local environmental agencies to do further investigation or cleanup work on properties that have already been cleaned up pursuant to the CLERRA environmental oversight process.

(c) Furthermore, under CLERRA, the California Environmental Protection Agency (CalEPA) is required to develop pilot screening numbers for 54 hazardous substances that are typically found at brownfield sites.

(d) These advisory screening numbers will serve as reference numbers to help developers and local governments estimate the costs and extent of cleanup of contaminated sites, providing valuable information in their development decisions.

(e) CLERRA also requires CalEPA to publish a list of screening numbers for specified contaminants to protect human health and safety.

(f) After public workshops in northern and southern California in late February 2004, CalEPA plans to publish final screening numbers and a guidance manual by June 2004.

SEC. 2. Section 25401.1 of the Health and Safety Code is amended to read:

CHAPTER 718

An act to add and repeal Article 8 (commencing with Section 89270) of Chapter 2 of Part 55 of the Education Code, relating to the California State University.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 8 (commencing with Section 89270) is added to Chapter 2 of Part 55 of the Education Code, to read:

Article 8. Entry-Level Master's Nursing Programs

89270. This article shall be known, and may be cited, as the Entry-Level Master's Nursing Programs Act.

89270.5. The Legislature finds and declares all of the following:

(a) In order to meet a growing demand for registered nurses and nurses with master's of science in nursing degrees in this state, the number of positions in professional nursing programs must be increased.

(b) The shortage of faculty for schools of nursing is a recognized problem not only in California, but nationally.

(c) Nurses with master's of science in nursing degrees are an important academic resource in nursing and are needed to fill new positions in professional nursing programs as well as to replace retiring faculty.

(d) Qualified applicants with baccalaureate degrees in nonnursing fields who are seeking a master's of science in nursing degree must first complete a registered nurse prelicensure program. These students compete for limited positions in these undergraduate prelicensure programs and are placed on the same lists for admission as students who have not earned baccalaureate degrees.

(e) Most registered nurse prelicensure programs are oversubscribed. Applicants with baccalaureate degrees have a proven academic capability and are more academically advanced than are students who have not earned baccalaureate degrees and with whom they compete for admission to nursing programs.

(f) Currently, one campus within the California State University system offers an innovative graduate level program for students with nonnursing baccalaureate degrees. This program creates a registered nurse prelicensure program approved by the Board of Registered Nursing that qualifies the student for licensure as a registered nurse and

also awards a master's of science in nursing degree upon completion of the school's master's degree program.

(g) This entry-level master's program graduates new licensees, offers greater flexibility for prospective nursing students, and adds to the pool of nurses with a master's of science in nursing degree.

89272. As used in this article, the following terms have the following meanings:

(a) ''Entry-level master's program'' means a program of study in nursing that provides qualified applicants who have a baccalaureate degree in a nonnursing field with the didactic knowledge and clinical skills in the prelicensure sequence of the program to meet the qualifications for licensure as a registered nurse, followed by a second sequence leading to a master's degree in nursing.

(b) ''Entry-level master's program prelicensure sequence'' means that portion of the entry-level master's program that qualifies the student for licensure as a registered nurse.

(c) ''Prelicensure program'' means the courses of instruction prescribed by the Board of Registered Nursing for licensure, in a program in this state accredited by the board for training registered nurses, or in a school of nursing outside of this state that, in the opinion of the board at the time the application is filed with the board, are equivalent to the minimum requirements of the board for licensure established for an accredited program in this state.

(d) ''Newly established programs'' means any California State University entry-level master's program established or supported with supplemental funds provided under this article.

(e) ''Private partners'' means any organization or foundation that helps fund a California State University entry-level master's program for the purpose of establishing or expanding access to the California State University entry-level master's program.

(f) ''Supplemental funds'' means all sums appropriated to the California State University through the annual Budget Act for the purpose of establishing or expanding access to the California State University entry-level master's program in accordance with this article.

89274. (a) The Chancellor of the California State University, in consultation with the Board of Registered Nursing, shall determine which campuses are eligible for supplemental funds for establishing entry-level master's programs in nursing at campuses of the California State University according to this section and according to all of the following criteria:

(1) The campus has a nursing program that is approved by the Board of Registered Nursing.

(2) In order to be eligible for funds, a program shall include an 18-month entry-level master's program prelicensure sequence that is followed by an 18-month entry-level master's program sequence.

(3) In order to be eligible for funds, a California State University program shall plan for, and ultimately enroll, at least 10 students with bachelor's degrees in the entry-level master's program prelicensure sequence, but no campus may receive funds for more than 20 new prelicensure students per academic year.

(4) Appropriated funds may not supplant funds that would otherwise be budgeted for graduate or undergraduate nursing education.

(b) This section does not limit or restrict the maximum number of students that can be enrolled in the entry-level master's prelicensure sequence or the entry-level master's program.

89276. (a) The chancellor shall annually establish the total amount of funding necessary to support four entry-level master's degree programs in nursing at the California State University.

(b) Funding provided under this article may not exceed one-half the annual actual cost of the entry-level master's program.

(c) The California State University may enroll students in both oncampus credit courses and self-supporting Extended Education courses in order to recoup the remaining annual actual program costs in excess of any supplemental funding that is allocated pursuant to this article.

(d) The chancellor shall allocate supplemental funds pursuant to subdivision (a), granting first priority to campuses that fulfill one or both of the following criteria:

(1) Primarily serve, or train nurses to serve, those counties with the lowest ratio of registered nurses per 100,000 residents.

(2) Offer programs that are established in collaboration with private industry partners, if the private industry partner provides financial assistance in the form of one or more of the following:

(A) Direct financial support.

(B) Tuition or student fee assistance.

(C) In-kind nursing faculty, staff, or mentor assistance.

(e) If no funding is provided in the annual Budget Act to fulfill the obligations of this article, the California State University is encouraged to make entry-level master's program courses available to students through self-supporting Extended Education programs, whereby students pay the full cost of instruction, as determined by the individual campus.

(f) On or before January 1 of each year, the chancellor shall prepare and submit to the Legislature a report regarding the status of the California State University entry-level master's programs, including, but not necessarily limited to, the number of programs created, the

number of licensed registered nurses resulting from the entry-level master's prelicensure program component, and the number of nurses with a master's degree in nursing that have graduated from California State University entry-level master's programs.

89278. This article shall remain in effect only until January 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2014, deletes or extends that date.

CHAPTER 719

An act to add Division 26.5 (commencing with Section 35500) to the Public Resources Code, relating to natural resources.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Division 26.5 (commencing with Section 35500) is added to the Public Resources Code, to read:

DIVISION 26.5. CALIFORNIA OCEAN PROTECTION ACT

CHAPTER 1. GENERAL PROVISIONS

35500. This division shall be known, and may be cited, as the California Ocean Protection Act.

35505. The Legislature finds and declares all of the following:

(a) California's coastal and ocean resources are critical to the state's environmental and economic security, and integral to the state's high quality of life and culture. A healthy ocean is part of the state's legacy, and is necessary to support the state's human and wildlife populations. Each generation of Californians has an obligation to be good stewards of the ocean, to pass the legacy on to their children.

(b) The ocean and coastal waters offshore of the state are unique and valuable natural resources that the state holds in trust for the people of California. The state of our ocean's health is well documented. Reports such as the 1997 Resources Agency report, ''California's Ocean Resources: An Agenda for the Future,'' the 2003 Pew Oceans Commission report, ''America's Living Oceans: Charting a Course for Sea Change,'' and the United States Commission on Oceans Policy's 2004 preliminary report, document degraded ocean values, due to coastal and ocean development, onshore and offshore pollution, certain

fishing and aquaculture practices, and invasive species, among other things.

(c) The preservation of the state's ocean resources depends on healthy, productive, and resilient ocean ecosystems. The governance of ocean resources should be guided by principles of sustainability, ecosystem health, precaution, recognition of the interconnectedness between land and ocean, decisions informed by good science and improved understanding of coastal and ocean ecosystems, and public participation in decisionmaking.

(d) Good governance and stewardship of ocean resources necessitate more efficient and effective use of public funds.

(e) The state needs to coordinate governance and stewardship of the state's ocean, to identify priorities, bridge existing gaps, and ensure effective and scientifically sound approaches to protecting and conserving the most important ocean resources.

(f) The California Ocean Resources Management Act of 1990 (Division 27 (commencing with Section 36000)) establishes the California Ocean Resources Management Program. The mission of the program is to ensure comprehensive and coordinated management, conservation, and enhancement of the state's ocean resources, for their intrinsic value and the benefit of current and future generations.

(g) Terrestrial sources of ocean pollution in the state contribute to significant water quality degradation, causing deleterious impacts to public health and marine ecosystems, as well as coastal and recreational economics that are essential to the state's future.

35510. The Legislature finds and declares all of the following:

(a) The coastal waters offshore of the state and the ocean ecosystems associated with those waters are natural resources that the state holds in trust for the people of the state.

(b) It is the state's policy that all public agencies shall consider the following principles in administering the laws established for the protection and conservation of coastal waters:

(1) State decisions affecting coastal waters and the ocean environment should be designed and implemented to conserve the health and diversity of ocean life and ecosystems, allow and encourage those activities and uses that are sustainable, and recognize the importance of aesthetic, educational, and recreational uses.

(2) The ocean ecosystem is inextricably linked to activities on land and all public agencies should consider the impact of activities on land that may adversely affect the health of the coastal and ocean environment.

(3) It is the state's policy to incorporate ecosystem perspectives into the management of coastal and ocean resources, using sound science, with a priority of protecting, conserving, and restoring coastal and ocean

ecosystems, rather than managing on a single species or single resource basis.

(4) A goal of all state actions shall be to improve monitoring and data gathering, and advance scientific understanding, to continually improve efforts to protect, conserve, restore, and manage coastal waters and ocean ecosystems.

(5) State and local actions that affect ocean waters or coastal or ocean resources should be conducted in a manner consistent with protection, conservation, and maintenance of healthy coastal and ocean ecosystems and restoration of degraded ocean ecosystems.

(6) Improving the quality of coastal waters and the health of fish in coastal waters should be a priority for the state.

35515. The Legislature finds and declares that the purpose of this division is to integrate and coordinate the state's laws and institutions responsible for protecting and conserving ocean resources, including coastal waters and ocean ecosystems, to accomplish all of the following objectives:

(a) Provide a set of guiding principles for all state agencies to follow, consistent with existing law, in protecting the state's coastal and ocean resources.

(b) Encourage cooperative management with federal agencies, to protect and conserve representative coastal and ocean habitats and the ecological processes that support those habitats.

(c) Improve coordination and management of state efforts to protect and conserve the ocean by establishing a cabinet level oversight body responsible for identifying more efficient methods of protecting the ocean at less cost to taxpayers.

(d) Use California's private and charitable resources more effectively in developing ocean protection and conservation strategies.

(e) Provide for public access to the ocean and ocean resources, including to marine protected areas, for recreational use, and aesthetic, educational, and scientific purposes, consistent with the sustainable long-term conservation of those resources.

CHAPTER 2. DEFINITIONS

35550. Unless the context requires otherwise, the following definitions govern this division:

CHAPTER 720

An act to amend Section 51182 of the Government Code, and to amend Section 4291 of the Public Resources Code, relating to fire protection.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 51182 of the Government Code is amended to read:

51182. (a) Any person who owns, leases, controls, operates, or maintains any occupied dwelling or occupied structure in, upon, or adjoining any mountainous area, forest-covered land, brush-covered land, grass-covered land, or any land that is covered with flammable material, which area or land is within a very high fire hazard severity zone designated by the local agency pursuant to Section 51179, shall at all times do all of the following:

(1) Maintain around and adjacent to the occupied dwelling or occupied structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side thereof or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This paragraph does not apply to single specimens of trees, ornamental shrubbery, or similar plants that are used as ground cover, if they do not form a means of rapidly transmitting fire from the native growth to any dwelling or structure.

(2) Maintain around and adjacent to the occupied dwelling or occupied structure additional fire protection or firebreaks made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the occupied dwelling or occupied structure or to the property line, or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures an occupied dwelling or occupied structure from requiring the owner of the dwelling or structure to maintain a firebreak of more than 100 feet around the dwelling or structure if a hazardous condition warrants such a firebreak of a greater distance. Grass and other vegetation located more than 30 feet from the dwelling or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion.

(3) Remove that portion of any tree that extends within 10 feet of the outlet of any chimney or stovepipe.

(4) Maintain any tree adjacent to or overhanging any building free of dead or dying wood.

(5) Maintain the roof of any structure free of leaves, needles, or other dead vegetative growth.

(6) Provide and maintain at all times a screen over the outlet of every chimney or stovepipe that is attached to any fireplace, stove, or other device that burns any solid or liquid fuel. The screen shall be constructed and installed in accordance with the California Building Standards Code.

(7) Prior to constructing a new dwelling or structure that will be occupied or rebuilding an occupied dwelling or occupied structure damaged by a fire in such zone, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(b) A person is not required under this section to maintain any clearing on any land if that person does not have the legal right to maintain the clearing, nor is any person required to enter upon or to

damage property that is owned by any other person without the consent of the owner of the property.

SEC. 2. Section 4291 of the Public Resources Code is amended to read:

4291. A person that owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining any mountainous area, forest-covered lands, brush-covered lands, grass-covered lands, or any land that is covered with flammable material, shall at all times do all of the following:

(a) Maintain around and adjacent to the building or structure a firebreak made by removing and clearing away, for a distance of not less than 30 feet on each side of the building or structure or to the property line, whichever is nearer, all flammable vegetation or other combustible growth. This subdivision does not apply to single specimens of trees, ornamental shrubbery, or similar plants that are used as ground cover, if they do not form a means of rapidly transmitting fire from the native growth to any building or structure.

(b) Maintain around and adjacent to the building or structure additional fire protection or firebreak made by removing all brush, flammable vegetation, or combustible growth that is located within 100 feet from the building or structure or to the property line or at a greater distance if required by state law, or local ordinance, rule, or regulation. This section does not prevent an insurance company that insures a building or structure from requiring the owner of the building or structure to maintain a firebreak of more than 100 feet around the building or structure. Grass and other vegetation located more than 30 feet from the building or structure and less than 18 inches in height above the ground may be maintained where necessary to stabilize the soil and prevent erosion.

(c) Remove that portion of any tree that extends within 10 feet of the outlet of a chimney or stovepipe.

(d) Maintain any tree adjacent to or overhanging a building free of dead or dying wood.

(e) Maintain the roof of a structure free of leaves, needles, or other dead vegetative growth.

(f) Provide and maintain at all times a screen over the outlet of every chimney or stovepipe that is attached to a fireplace, stove, or other device that burns any solid or liquid fuel. The screen shall be constructed of nonflammable material with openings of not more than one-half inch in size.

(g) Prior to constructing a new building or structure or rebuilding a building or structure damaged by a fire in such an area, the construction or rebuilding of which requires a building permit, the owner shall obtain a certification from the local building official that the dwelling or

structure, as proposed to be built, complies with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the certification, upon request, to the insurer providing course of construction insurance coverage for the building or structure. Upon completion of the construction or rebuilding, the owner shall obtain from the local building official, a copy of the final inspection report that demonstrates that the dwelling or structure was constructed in compliance with all applicable state and local building standards, including those described in subdivision (b) of Section 51189 of the Government Code, and shall provide a copy of the report, upon request, to the property insurance carrier that insures the dwelling or structure.

(h) Except as provided in Section 18930 of the Health and Safety Code, the director may adopt regulations exempting structures with exteriors constructed entirely of nonflammable materials, or conditioned upon the contents and composition of same, he or she may vary the requirements respecting the removing or clearing away of flammable vegetation or other combustible growth with respect to the area surrounding those structures.

No exemption or variance shall apply unless and until the occupant thereof, or if there is not an occupant, the owner thereof, files with the department, in a form as the director shall prescribe, a written consent to the inspection of the interior and contents of the structure to ascertain whether this section and the regulations adopted under this section are complied with at all times.

(i) The director may authorize the removal of vegetation that is not consistent with the standards of this section. The director may prescribe a procedure for the removal of that vegetation and make the expense a lien upon the building, structure, or grounds, in the same manner that is applicable to a legislative body under Section 51186 of the Government Code.

(j) As used in this section, ''person'' means a private individual, organization, partnership, limited liability company, or corporation.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 721

An act to amend Sections 8495 and 8842 of, to add Sections 8841 and 8494 to, and to repeal Section 8836.5 of, the Fish and Game Code, relating to fishing.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 8841 is added to the Fish and Game Code, to read:

8841. (a) The commission is hereby granted authority over all state-managed bottom trawl fisheries not managed under a federal fishery management plan pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. Sec. 1801 et seq.) or a state fishery management plan pursuant to the Marine Life Management Act (Chapter 1052 of the Statutes of 1998), to ensure that resources are sustainably managed, to protect the health of ecosystems, and to provide for an orderly transition to sustainable gear types in situations where bottom trawling may not be compatible with these goals.

(b) The commission is hereby granted authority to manage all of the fisheries described in subdivision (a) in a manner that is consistent with the requirements of this section and in accordance with the requirements of Part 1.7 (commencing with Section 7050), including, but not limited to, the following:

(1) California halibut.

(2) Sea cucumber.

(3) Ridge-back, spot, and golden prawn.

(4) Pink shrimp.

(c) The commission is also granted authority over other types of gear targeting the same species as the bottom trawl fisheries referenced in subdivision (a) to manage in a manner that is consistent with the requirements of Part 1.7 (commencing with Section 7050).

(d) Every commercial bottom trawl vessel issued a state permit is subject to the requirements and policies of the federal groundfish observer program (50 C.F.R. 660.360).

(e) The commission may not authorize additional fishing areas for bottom trawls, unless the commission determines that adequate evidence establishes that additional fishing areas are sustainable, do not harm bottom habitat, and do not reasonably conflict with other users.

(f) It is unlawful to use roller gear more than eight inches in diameter.

(g) Commencing April 1, 2006, it is unlawful to fish commercially for prawns or pink shrimp, unless an approved bycatch reduction device

is used with each net. For the purposes of this subdivision, a rigid grate fish excluder device is the approved type of bycatch reduction device, unless the commission, the Pacific Fishery Management Council, or the National Marine Fisheries Service determines that a different type of fish excluder device has an equal or greater effectiveness at reducing bycatch.

(h) Except as provided in Section 8495 or 8842, it is unlawful to engage in bottom trawling in ocean waters of the state.

(i) This section does not apply to the use of trawl nets pursuant to a scientific research permit.

(j) The commission shall facilitate the conversion of bottom trawlers to gear that is more sustainable if the commission determines that conversion will not contribute to overcapacity or overfishing. The commission may participate in, and encourage programs that support, conversion to low-impact gear or capacity reduction by trawl fleets. The department may not issue new permits to bottom trawlers to replace those retired through a conversion program.

(k) As soon as practicable, but not later than May 1, 2005, the commission and the department shall submit to the Pacific Fishery Management Council and the National Marine Fisheries Service a request for federal management measures for the pink shrimp fishery that the commission and the department determine are needed to reduce bycatch or protect habitat, to account for uncertainty, or to otherwise ensure consistency with federal groundfish management.

(*l*) No vessel may utilize bottom trawling gear without a state or federal permit.

SEC. 2. Section 8494 is added to the Fish and Game Code, to read:

8494. (a) Commencing April 1, 2006, any vessel using bottom trawl gear in state-managed halibut fisheries, as described in subdivision (a) of Section 8841, shall possess a halibut bottom trawl permit issued by the department that authorizes the use of trawl gear by that vessel for the take of California halibut. An application for a California halibut bottom trawl vessel permit for the 2006–07 season shall be received by the department not later than January 1, 2006.

(b) A halibut bottom trawl vessel permit shall be issued annually, commencing with the 2006 permit year. Commencing with the 2007-08 season, in order to be eligible for that permit, an applicant shall have previously held a valid California halibut bottom trawl vessel permit.

(c) The department shall not issue a bottom trawl vessel permit pursuant to this section for use in the halibut fishery unless that vessel has landed a minimum of 200 pounds of California halibut and reported that landing on fish tickets as being caught with bottom trawl gear in at least one of the following:

(1) At least two of the calendar years 1995 to 2003, inclusive.

(2) At least one of the calendar years 1995 to 2003, inclusive, and from January 1, 2004, to February 19, 2004, inclusive.

(d) Permits issued pursuant this section may be transferred only if at least one of the following occur:

(1) The commission adopts a restricted access program for the fishery, including, but not limited to, if necessary, a plan for reducing capacity in this fishery in a manner that is consistent with the commission's policies regarding restricted access to commercial fisheries.

(2) Prior to the implementation of a restricted access program, the permit is transferred to another vessel owned by the same permitholder of equal or less capacity, as determined by the department based on the United States Coast Guard documentation papers, and if the originally permitted vessel was lost, stolen, destroyed, or suffered a major irreparable mechanical breakdown. The department may not issue a permit for a replacement vessel if the department determines that the originally permitted vessel was fraudulently reported as lost, stolen, destroyed, or damaged. Only the permitholder at the time of the loss, theft, destruction, or irreparable mechanical breakdown of a vessel may apply to transfer the vessel permit. Evidence that a vessel is lost, stolen, or destroyed shall be in the form of a copy of the report filed with the United States Coast Guard, or any other law enforcement agency or fire department that conducted an investigation of the loss.

(3) Prior to the implementation of a halibut trawl restricted access program, a vessel permitholder, or his or her heirs or assigns, requests to transfer the permit because of the death or permanent disability of the permitholder or the decision by the permitholder to retire from fishing upon reaching or exceeding age 65, and halibut landings contributed significantly to the catch record and economic income derived from the vessel, and the permit is authorized by the department to be transferred with the vessel. The department may request information that it determines is reasonably necessary from the permitholder or his or her heirs and assigns for the purpose of verifying statements in the request prior to authorizing the transfer of the permit.

(e) The commission shall establish California halibut bottom trawl vessel permit fees based on the recommendations of the department and utilizing the guidelines outlined in subdivision (b) of Section 711 to cover the costs of administering this section. Prior to the adoption of a restricted access program pursuant to subdivision (d), fees may not exceed one thousand dollars ($1,000) per permit.

(f) Individuals holding a federal groundfish trawl permit may retain and land up to 150 pounds of California halibut per trip without a California halibut trawl permit in accordance with federal and state

regulations, including, but not limited to, regulations developed under a halibut fishery management plan.

(g) This section shall become inoperative upon the adoption by the commission of a halibut fishery management plan in accordance with the requirements of Part 1.7 (commencing with Section 7050).

SEC. 3. Section 8495 of the Fish and Game Code is amended to read:

8495. (a) The following area is designated as the California halibut trawl grounds:

The ocean waters lying between one and three nautical miles from the mainland shore lying south and east of a line running due west (270° true) from Point Arguello and north and west of a line running due south (180° true) from Point Mugu.

(b) Notwithstanding the provisions of subdivision (a), the use of trawl gear for the take of fish is prohibited in the following areas of the California halibut trawl grounds:

(1) Around Point Arguello. The area from a line extending from Point Arguello true west (270°) and out three miles, to a line extending from Rocky Point true south (180°) and out three miles.

(2) Around Point Conception. From a point on land approximately one-half mile north of Point Conception at latitude 34° 27.5′ extending seaward true west (270°) from one to three miles, to a point on land approximately $^1/_2$ mile east of Point Conception at longitude 120° 27.5′ extending seaward true south (180°) from one to three miles.

(3) In the Hueneme Canyon in that portion demarked by the IMO Vessel Traffic safety zone on NOAA/NOS Chart 18725 and from one mile to the three mile limit of state waters.

(4) In Mugu Canyon, from Laguna point, a line extending true south (180°) and out three miles, to Point Mugu, a line extending true south (180°) and from one to three miles.

(c) (1) Notwithstanding the provisions of subdivision (a), commencing April 1, 2008, the following areas in the California halibut trawl grounds shall be closed to trawling, unless the commission finds that a bottom trawl fishery for halibut minimizes bycatch, is likely not damaging seafloor habitat, is not adversely affecting ecosystem health, and is not impeding reasonable restoration of kelp, coral, or other biogenic habitats:

(A) The ocean waters lying between one and three nautical miles from the mainland shore from a point east of a line extending seaward true south (180°) from a point on land approximately $^1/_2$ mile east of Point Conception at longitude 120° 27.5′ to a line extending due south from Gaviota.

(B) The ocean waters lying between one and two nautical miles from the mainland shore lying east of a line extending due south from Santa

Barbara Point (180°) and west of a line extending due south from Pitas Point (180°).

(C) Except as provided in subdivision (b), the ocean waters lying between one and three nautical miles from the mainland shore lying south and east of a line running due west (270° true) from Point Arguello to a line extending seaward true south (180°) from a point on land approximately $^1/_2$ mile east of Point Conception at longitude 120° 27.5′, and from the western border of the IMO Vessel Traffic safety zone on NOAA/NOS Chart 18725 in Hueneme Canyon running south and east to a line running due south (180° true) from Point Mugu.

(2) In making the finding described in paragraph (1), the commission shall pay special attention to areas where kelp and other biogenic habitats existed and where restoring such habitats is reasonably feasible, and to hard bottom areas and other substrate that may be particularly sensitive to bottom trawl impacts.

(d) Commencing January 1, 2008, the commission shall review information every three years from the federal groundfish observer program and other available research and monitoring information it determines relevant, and shall close any areas in the California halibut trawl grounds where it finds that the use of trawl gear does not minimize bycatch, is likely damaging seafloor habitat, is adversely affecting ecosystem health, or impedes reasonable restoration of kelp, coral, or other biogenic habitats. The commission shall pay special attention to areas where kelp and other biogenic habitats existed and where restoring those habitats is reasonably feasible, and to hard bottom areas and other substrate that may be particularly sensitive to bottom trawl impacts in making that finding.

(e) Notwithstanding any other provision of law, no trawl net shall be used in the California halibut trawl grounds with an entrance greater than 60 feet across and 6 feet in height, with wing panels that exceed 100 feet in length, that utilize less than 5 inch mesh in the body of the net and less than $7^1/_2$ inch mesh in the cod end of the net, or that uses any trawl doors on the net that exceed 500 pounds in weight. The commission may order modifications in net and mesh size as it determines necessary to assure trawl gear is used in a sustainable manner within the California halibut trawl grounds.

SEC. 4. Section 8836.5 of the Fish and Game Code is repealed.

SEC. 5. Section 8842 of the Fish and Game Code is amended to read:

8842. (a) Trawl nets of a design prescribed by the commission may be used or possessed to take shrimps or prawns under a permit issued by the department under regulations adopted by the commission.

Sections 8831, 8833, 8835, and 8836 do not apply to trawl nets used or possessed under a permit issued pursuant to this section.

(b) Trawling for shrimps or prawns shall be authorized only in those waters of Districts 6, 7, 10, 17, 18, and 19 that lie not less than three nautical miles from the nearest point of land on the mainland shore, and all offshore islands and the boundary line of District 19A, except that in waters lying between a line extending due west from False Cape and a line extending due west from Point Reyes, trawling is allowed not less than two nautical miles from the nearest point of land on the mainland shore until January 1, 2008.

(c) When fishing for pink shrimp (Pandalus jordani) under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,500 pounds of incidentally taken fish per calendar day of a fishing trip, except Pacific whiting, shortbelly rockfish, and arrowtooth flounder, which may be taken in any amount not in excess of federal regulations. No Pacific halibut and not more than 150 pounds of California halibut shall be possessed or landed when fishing under a permit issued pursuant to this section. When fishing for ridgeback prawn and spotted prawn under a permit issued pursuant to this section, it is unlawful to possess in excess of 1,000 pounds of incidentally taken fish per trip.

(d) Commencing January 1, 2008, the commission shall permit the taking of pink shrimp not less than two nautical miles from shore in waters that lie between a line extending due west from False Cape and a line extending due west from Point Reyes from the nearest point of land on the mainland shore, if the commission finds that, upon review of information from the federal groundfish observer program and other available research and monitoring information that it determines relevant, the use of trawl gear minimizes bycatch, will not damage seafloor habitat, will not adversely affect ecosystem health, and will not impede reasonable restoration of kelp, coral, or other biogenic habitats. The commission shall pay special attention to areas where kelp and other biogenic habitats existed and where restoring those habitats is feasible, and to hard bottom areas and other substrate that may be particularly sensitive to bottom trawl impacts in making that finding.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 722

An act to amend Section 5093.68 of the Public Resources Code, relating to wild and scenic rivers.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5093.68 of the Public Resources Code is amended to read:

5093.68. (a) Within the boundaries of special treatment areas adjacent to wild, scenic, or recreational river segments, all of the following provisions shall apply, in addition to any other applicable provision under this chapter or generally, whether by statute or regulation:

(1) A timber operator, whether licensed or not, is responsible for the actions of his or her employees. The registered professional forester who prepares and signs a timber harvesting plan, a timber management plan, or a notice of timber operations is responsible for its contents, but is not responsible for the implementation or execution of the plan or notice unless employed for that purpose.

(2) A registered professional forester preparing a timber harvesting plan shall certify that he or she or a qualified representative has personally inspected the plan area on the ground.

(b) In order to temporarily suspend timber operations that are being conducted within special treatment areas adjacent to wild, scenic, or recreational rivers designated pursuant to Section 5093.54, while judicial remedies are pursued pursuant to this section, an inspecting forest officer of the Department of Forestry and Fire Protection may issue a written timber operations stop order if, upon reasonable cause, the officer determines that a timber operation is being conducted, or is about to be conducted, in violation of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, or of rules and regulations adopted pursuant to those provisions, and that the violation or threatened violation would result in imminent and substantial damage to soil, water, or timber resources or to fish and wildlife habitat. A stop order shall apply only to those acts or omissions that are the proximate cause of the violation or that are reasonably foreseen would be the proximate cause of a violation. The stop order shall be effective immediately and throughout the next day.

(c) A supervising forest officer may, after an onsite investigation, extend a stop order issued pursuant to subdivision (b) for up to five days, excluding Saturday and Sunday, if the forest officer finds that the

original stop order was issued upon reasonable cause. A stop order shall not be issued or extended for the same act or omission more than one time.

(d) Each stop order shall identify the specific act or omission that constitutes a violation or that, if foreseen, would constitute a violation, the specific timber operation that is to be stopped, and any corrective or mitigative actions that may be required.

(e) The Department of Forestry and Fire Protection may terminate the stop order if the timber operator enters into a written agreement with the department assuring that the timber operator will resume operations in compliance with the provisions of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, and with the rules and regulations adopted pursuant to those provisions, and will correct any violation. The department may require a reasonable cash deposit or bond payable to the department as a condition of compliance with the agreement.

(f) Notice of the issuance of a stop order or an extension of a stop order shall be deemed to have been made to all persons working on the timber operation when a copy of the written order is delivered to the person in charge of operations at the time that the order is issued or, if no persons are present at that time, by posting a copy of the order conspicuously on the yarder or log loading equipment at a currently active landing on the timber operations site. If no person is present at the site when the order is issued, the issuing forest officer shall deliver a copy of the order to the timber operator either in person or to the operator's address of record prior to the commencement of the next working day.

(g) As used in this section, ''forest officer'' means a registered professional forester employed by the Department of Forestry and Fire Protection in a civil service classification of forester II or higher grade.

(h) (1) Failure of the timber operator or an employee of the timber operator, after receiving notice pursuant to this section, to comply with a validly issued stop order is a violation of this section and a misdemeanor punishable by a fine of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000), or by imprisonment for not more than one year in the county jail, or both. The person shall also be subject to civil damages to the state not to exceed ten thousand dollars ($10,000) for each misdemeanor violation. However, in all cases, the timber operator, and not an employee of the operator or any other person, shall be charged with that violation. Each day or portion thereof that the violation continues shall constitute a new and separate offense.

(2) In determining the penalty for any timber operator guilty of violating a validly issued stop order, the court shall take into consideration all relevant circumstances, including, but not limited to, the following:

(A) The extent of harm to soil, water, or timber resources or to fish and wildlife habitat.

(B) Corrective action, if any, taken by the defendant.

(i) Nothing in this section prevents a timber operator from seeking an alternative writ as prescribed in Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure, or as provided by any other provision of law.

(j) (1) If a timber operator believes that a forest officer lacked reasonable cause to issue or extend a stop order pursuant to this section, the timber operator may present a claim to the State Board of Control pursuant to Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code for compensation and damages resulting from the stopping of timber operations.

(2) If the State Board of Control finds that the forest officer lacked reasonable cause to issue or extend the stop order, the board shall award a sum of not less than one hundred dollars ($100), nor more than one thousand dollars ($1,000), per day for each day the order was in effect.

SEC. 2. Section 5093.68 of the Public Resources Code is amended to read:

5093.68. (a) Within the boundaries of special treatment areas adjacent to wild, scenic, or recreational river segments, all of the following provisions shall apply, in addition to any other applicable provision under this chapter or generally, whether by statute or regulation:

(1) A timber operator, whether licensed or not, is responsible for the actions of his or her employees. The registered professional forester who prepares and signs a timber harvesting plan, a timber management plan, or a notice of timber operations is responsible for its contents, but is not responsible for the implementation or execution of the plan or notice unless employed for that purpose.

(2) A registered professional forester preparing a timber harvesting plan shall certify that he or she or a qualified representative has personally inspected the plan area on the ground.

(b) In order to temporarily suspend timber operations that are being conducted within special treatment areas adjacent to wild, scenic, or recreational rivers designated pursuant to Section 5093.54, while judicial remedies are pursued pursuant to this section, an inspecting forest officer of the Department of Forestry and Fire Protection may issue a written timber operations stop order if, upon reasonable cause, the officer determines that a timber operation is being conducted, or is about to be conducted, in violation of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, or of rules and regulations adopted pursuant to those provisions, and that the violation or threatened violation would result in imminent and substantial damage to soil, water,

or timber resources or to fish and wildlife habitat. A stop order shall apply only to those acts or omissions that are the proximate cause of the violation or that are reasonably foreseen would be the proximate cause of a violation. The stop order shall be effective immediately and throughout the next day.

(c) A supervising forest officer may, after an onsite investigation, extend a stop order issued pursuant to subdivision (b) for up to five days, excluding Saturday and Sunday, if the forest officer finds that the original stop order was issued upon reasonable cause. A stop order shall not be issued or extended for the same act or omission more than one time.

(d) Each stop order shall identify the specific act or omission that constitutes a violation or that, if foreseen, would constitute a violation, the specific timber operation that is to be stopped, and any corrective or mitigative actions that may be required.

(e) The Department of Forestry and Fire Protection may terminate the stop order if the timber operator enters into a written agreement with the department assuring that the timber operator will resume operations in compliance with the provisions of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, and with the rules and regulations adopted pursuant to those provisions, and will correct any violation. The department may require a reasonable cash deposit or bond payable to the department as a condition of compliance with the agreement.

(f) Notice of the issuance of a stop order or an extension of a stop order shall be deemed to have been made to all persons working on the timber operation when a copy of the written order is delivered to the person in charge of operations at the time that the order is issued or, if no persons are present at that time, by posting a copy of the order conspicuously on the yarder or log loading equipment at a currently active landing on the timber operations site. If no person is present at the site when the order is issued, the issuing forest officer shall deliver a copy of the order to the timber operator either in person or to the operator's address of record prior to the commencement of the next working day.

(g) As used in this section, ''forest officer'' means a registered professional forester employed by the Department of Forestry and Fire Protection in a civil service classification of forester II or higher grade.

(h) (1) Failure of the timber operator or an employee of the timber operator, after receiving notice pursuant to this section, to comply with a validly issued stop order is a violation of this section and is a misdemeanor punishable by a fine of not less than five hundred dollars ($500), or by imprisonment for not more than one year in the county jail, or both. The person shall also be subject to civil damages to the state not to exceed ten thousand dollars ($10,000) for each misdemeanor violation. However, in all cases, the timber operator, and not an

employee of the operator or any other person, shall be charged with that violation. Each day or portion thereof that the violation continues shall constitute a new and separate offense.

(2) In determining the penalty for a timber operator guilty of violating a validly issued stop order, the court shall take into consideration all relevant circumstances, including, but not limited to, the following:

(A) The extent of harm to soil, water, or timber resources or to fish and wildlife habitat.

(B) Corrective action, if any, taken by the defendant.

(i) Nothing in this section prevents a timber operator from seeking an alternative writ as prescribed in Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure, or as provided by any other provision of law.

(j) (1) If a timber operator believes that a forest officer lacked reasonable cause to issue or extend a stop order pursuant to this section, the timber operator may present a claim to the Victim Compensation and Government Claims Board pursuant to Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code for compensation and damages resulting from the stopping of timber operations.

(2) If the Victim Compensation and Government Claims Board finds that the forest officer lacked reasonable cause to issue or extend the stop order, the board shall award a sum of not less than one hundred dollars ($100), nor more than one thousand dollars ($1,000), per day for each day the order was in effect.

SEC. 3. Section 2 of this bill incorporates amendments to Section 5093.68 of the Public Resources Code proposed by both this bill and Senate Bill 904. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 5093.68 of the Public Resources Code, and (3) this bill is enacted after Senate Bill 904, in which case Section 1 of this bill shall not become operative.

CHAPTER 723

An act to add Section 715 to the Public Resources Code, relating to forest resources.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Active military personnel and equipment are located in areas that can provide immediate fire response to assist local efforts during equipment shortages or widespread disasters.

(b) The Department of Forestry and Fire Protection provides valuable assistance in coordinating emergency air response efforts.

(c) It is necessary to ensure that all available personnel and equipment in this state are immediately available to protect the life and property of the residents of this state.

(d) It is the intent of the Legislature that the Department of Forestry and Fire Protection, in cooperation with the Office of Emergency Services, work with the active military to certify pilots and equipment for firefighting efforts in this state.

SEC. 2. Section 715 is added to the Public Resources Code, to read:

715. The Department of Forestry and Fire Protection, in cooperation with the Office of Emergency Services, shall develop a program to certify active duty military pilots to engage in firefighting in the state.

CHAPTER 724

An act to amend Sections 65583, 65583.1, 65589.5, and 65915 of, and to add Section 65583.2 to, the Government Code, relating to housing.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include all of the following:

(1) An analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels and for persons with disabilities as identified in the analysis pursuant to paragraph (6), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584 and from meeting the need for housing for persons with disabilities identified pursuant to paragraph (6).

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) An analysis of any special housing needs, such as those of the elderly, persons with disabilities, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) An analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. ''Assisted housing developments,'' for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community

Development Block Grant Program, or local in-lieu fees. ''Assisted housing developments'' shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category that

can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify actions that will be taken to make sites available during the planning period of the general plan with appropriate zoning and development standards and with services and facilities to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory completed pursuant to paragraph (3) of subdivision (a) without rezoning. Sites shall be identified as needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, emergency shelters, and transitional housing.

(A) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584, the program shall identify sites that can be developed for housing within the planning period pursuant to subdivision (h) of Section 65583.2.

(B) Where the inventory of sites pursuant to paragraph (3) of subdivision (a) does not identify adequate sites to accommodate the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and

housing for persons with disabilities. The program shall remove constraints to, or provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability.

(6) (A) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(B) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) The analysis and program for preserving assisted housing developments required by the amendments to this section enacted by the Statutes of 1989 shall be adopted as an amendment to the housing element by July 1, 1992.

(e) Failure of the department to review and report its findings pursuant to Section 65585 to the local government between July 1, 1992, and the next periodic review and revision required by Section 65588, concerning the housing element amendment required by the amendments to this section by the Statutes of 1989, shall not be used as a basis for allocation or denial of any housing assistance administered pursuant to Part 2 (commencing with Section 50400) of Division 31 of the Health and Safety Code.

SEC. 2. Section 65583.1 of the Government Code is amended to read:

65583.1. (a) The Department of Housing and Community Development, in evaluating a proposed or adopted housing element for substantial compliance with this article, may allow a city or county to identify adequate sites, as required pursuant to Section 65583, by a variety of methods, including, but not limited to, redesignation of

property to a more intense land use category and increasing the density allowed within one or more categories. The department may also allow a city or county to identify sites for second units based on the number of second units developed in the prior housing element planning period whether or not the units are permitted by right, the need for these units in the community, the resources or incentives available for their development, and any other relevant factors, as determined by the department. Nothing in this section reduces the responsibility of a city or county to identify, by income category, the total number of sites for residential development as required by this article.

(b) Sites that contain permanent housing units located on a military base undergoing closure or conversion as a result of action pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (Public Law 100-526), the Defense Base Closure and Realignment Act of 1990 (Public Law 101-510), or any subsequent act requiring the closure or conversion of a military base may be identified as an adequate site if the housing element demonstrates that the housing units will be available for occupancy by households within the planning period of the element. No sites containing housing units scheduled or planned for demolition or conversion to nonresidential uses shall qualify as an adequate site.

Any city, city and county, or county using this subdivision shall address the progress in meeting this section in the reports provided pursuant to paragraph (1) of subdivision (b) of Section 65400.

(c) (1) The Department of Housing and Community Development may allow a city or county to substitute the provision of units for up to 25 percent of the community's obligation to identify adequate sites for any income category in its housing element pursuant to paragraph (1) of subdivision (c) of Section 65583 where the community includes in its housing element a program committing the local government to provide units in that income category within the city or county that will be made available through the provision of committed assistance during the planning period covered by the element to low- and very low income households at affordable housing costs or affordable rents, as defined in Sections 50052.5 and 50053 of the Health and Safety Code, and which meet the requirements of paragraph (2). Except as otherwise provided in this subdivision, the community may substitute one dwelling unit for one dwelling unit site in the applicable income category. The program shall do all of the following:

(A) Identify the specific, existing sources of committed assistance and dedicate a specific portion of the funds from those sources to the provision of housing pursuant to this subdivision.

(B) Indicate the number of units that will be provided to both low- and very low income households and demonstrate that the amount of

dedicated funds is sufficient to develop the units at affordable housing costs or affordable rents.

(C) Demonstrate that the units meet the requirements of paragraph (2).

(2) Only units that comply with subparagraph (A), (B), or (C) qualify for inclusion in the housing element program described in paragraph (1), as follows:

(A) Units that are to be substantially rehabilitated with committed assistance from the city or county and constitute a net increase in the community's stock of housing affordable to low- and very low income households. For purposes of this subparagraph, a unit is not eligible to be "substantially rehabilitated" unless all of the following requirements are met:

(i) At the time the unit is identified for substantial rehabilitation, (I) the local government has determined that the unit is at imminent risk of loss to the housing stock, (II) the local government has committed to provide relocation assistance pursuant to Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 to any occupants temporarily or permanently displaced by the rehabilitation or code enforcement activity, or the relocation is otherwise provided prior to displacement either as a condition of receivership, or provided by the property owner or the local government pursuant to Article 2.5 (commencing with Section 17975) of Chapter 5 of Part 1.5 of Division 13 of the Health and Safety Code, or as otherwise provided by local ordinance; provided the assistance includes not less than the equivalent of four months' rent and moving expenses and comparable replacement housing consistent with the moving expenses and comparable replacement housing required pursuant to Section 7260, (III) the local government requires that any displaced occupants will have the right to reoccupy the rehabilitated units, and (IV) the unit has been found by the local government or a court to be unfit for human habitation due to the existence of at least four violations of the conditions listed in subdivisions (a) to (g), inclusive, of Section 17995.3 of the Health and Safety Code.

(ii) The rehabilitated unit will have long-term affordability covenants and restrictions that require the unit to be available to, and occupied by, persons or families of low- or very low income at affordable housing costs for at least 20 years or the time period required by any applicable federal or state law or regulation.

(iii) Prior to initial occupancy after rehabilitation, the local code enforcement agency shall issue a certificate of occupancy indicating compliance with all applicable state and local building code and health and safety code requirements.

(B) Units that are located in a multifamily rental housing complex of four or more units, are converted with committed assistance from the

city or county from nonaffordable to affordable by acquisition of the unit or the purchase of affordability covenants and restrictions for the unit, are not acquired by eminent domain, and constitute a net increase in the community's stock of housing affordable to low- and very low income households. For purposes of this subparagraph, a unit is not converted by acquisition or the purchase of affordability covenants unless all of the following occur:

(i) The unit is made available at a cost affordable to low- or very low income households.

(ii) At the time the unit is identified for acquisition, the unit is not available at an affordable housing cost to either of the following:

(I) Low-income households, if the unit will be made affordable to low-income households.

(II) Very low income households, if the unit will be made affordable to very low income households.

(iii) At the time the unit is identified for acquisition the unit is not occupied by low- or very low income households or if the acquired unit is occupied, the local government has committed to provide relocation assistance prior to displacement, if any, pursuant to Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 to any occupants displaced by the conversion, or the relocation is otherwise provided prior to displacement; provided the assistance includes not less than the equivalent of four months rent and moving expenses and comparable replacement housing consistent with the moving expenses and comparable replacement housing required pursuant to Section 7260.

(iv) The unit is in decent, safe, and sanitary condition at the time of occupancy.

(v) The unit has long-term affordability covenants and restrictions that require the unit to be affordable to persons of low- or very low income for not less than 55 years.

(C) Units that will be preserved at affordable housing costs to persons or families of low- or very low incomes with committed assistance from the city or county by acquisition of the unit or the purchase of affordability covenants for the unit. For purposes of this subparagraph, a unit shall not be deemed preserved unless all of the following occur:

(i) The unit has long-term affordability covenants and restrictions that require the unit to be affordable to and reserved for occupancy by persons of the same or lower income group as the current occupants for a period of at least 40 years.

(ii) The unit is multifamily rental housing that receives governmental assistance under any of the following state and federal programs: Section 221(d)(3) of the National Housing Act (12 U.S.C. Sec. 1715*l*(d)(3) and (5)); Section 236 of the National Housing Act (12 U.S.C. Sec. 1715z-1); Section 202 of the Housing Act of 1959 (12 U.S.C. Sec. 1701q); for rent

supplement assistance under Section 101 of the Housing and Urban Development Act of 1965, as amended (12 U.S.C. Sec. 1701s); under Section 515 of the Housing Act of 1949, as amended (42 U.S.C. Sec. 1485); and any new construction, substantial rehabilitation, moderate rehabilitation, property disposition, and loan management set-aside programs, or any other program providing project-based assistance, under Section 8 of the United States Housing Act of 1937, as amended (42 U.S.C. Sec. 1437f); any state and local multifamily revenue bond programs; local redevelopment programs; the federal Community Development Block Grant Program; and other local housing assistance programs or units that were used to qualify for a density bonus pursuant to Section 65916.

(iii) The city or county finds, after a public hearing, that the unit is eligible, and is reasonably expected, to change from housing affordable to low- and very low income households to any other use during the next five years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use.

(iv) The unit is in decent, safe, and sanitary condition at the time of occupancy.

(v) At the time the unit is identified for preservation it is available at affordable cost to persons or families of low- or very low income.

(3) This subdivision does not apply to any city or county that, during the current or immediately prior planning period, as defined by Section 65588, has not met any of its share of the regional need for affordable housing, as defined in Section 65584, for low- and very low income households. A city or county shall document for any such housing unit that a building permit has been issued and all development and permit fees have been paid or the unit is eligible to be lawfully occupied.

(4) For purposes of this subdivision, ''committed assistance'' means that the city or county enters into a legally enforceable agreement during the first two years of the housing element planning period that obligates sufficient available funds to provide the assistance necessary to make the identified units affordable and that requires that the units be made available for occupancy within two years of the execution of the agreement. ''Committed assistance'' does not include tenant-based rental assistance.

(5) For purposes of this subdivision, ''net increase'' includes only housing units provided committed assistance pursuant to subparagraph (A) or (B) of paragraph (2) in the current planning period, as defined in Section 65588, that were not provided committed assistance in the immediately prior planning period.

(6) For purposes of this subdivision, ''the time the unit is identified'' means the earliest time when any city or county agent, acting on behalf of a public entity, has proposed in writing or has proposed orally or in

writing to the property owner, that the unit be considered for substantial rehabilitation, acquisition, or preservation.

(7) On July 1 of the third year of the planning period, as defined by Section 65588, in the report required pursuant to Section 65400, each city or county that has included in its housing element a program to provide units pursuant to subparagraph (A), (B), or (C) of paragraph (2) shall report in writing to the legislative body, and to the department within 30 days of making its report to the legislative body, on its progress in providing units pursuant to this subdivision. The report shall identify the specific units for which committed assistance has been provided or which have been made available to low- and very low income households, and it shall adequately document how each unit complies with this subdivision. If, by July 1 of the third year of the planning period, the city or county has not entered into an enforceable agreement of committed assistance for all units specified in the programs adopted pursuant to subparagraph (A), (B), or (C) of paragraph (2), the city or county shall, not later than July 1 of the fourth year of the planning period, adopt an amended housing element in accordance with Section 65585, identifying additional adequate sites pursuant to paragraph (1) of subdivision (c) of Section 65583 sufficient to accommodate the number of units for which committed assistance was not provided. If a city or county does not amend its housing element to identify adequate sites to address any shortfall, or fails to complete the rehabilitation, acquisition, purchase of affordability covenants, or the preservation of any housing unit within two years after committed assistance was provided to that unit, it shall be prohibited from identifying units pursuant to subparagraph (A), (B), or (C) of paragraph (2) in the housing element that it adopts for the next planning period, as defined in Section 65588, above the number of units actually provided or preserved due to committed assistance.

SEC. 3. Section 65583.2 is added to the Government Code, to read:

65583.2. (a) A city's or county's inventory of land suitable for residential development pursuant to paragraph (3) of subdivision (a) of Section 65583 shall be used to identify sites that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction's share of the regional housing need for all income levels pursuant to Section 65584. As used in this section, ''land suitable for residential development'' includes all of the following:

(1) Vacant sites zoned for residential use.

(2) Vacant sites zoned for nonresidential use that allows residential development.

(3) Residentially zoned sites that are capable of being developed at a higher density.

(4) Sites zoned for nonresidential use that can be redeveloped for, and as necessary, rezoned for, residential use.

(b) The inventory of land shall include all of the following:

(1) A listing of properties by parcel number or other unique reference.

(2) The size of each property listed pursuant to paragraph (1), and the general plan designation and zoning of each property.

(3) For nonvacant sites, a description of the existing use of each property.

(4) A general description of any environmental constraints to the development of housing within the jurisdiction, the documentation for which has been made available to the jurisdiction. This information need not be identified on a site-specific basis.

(5) A general description of existing or planned water, sewer, and other dry utilities supply, including the availability and access to distribution facilities. This information need not be identified on a site-specific basis.

(6) Sites identified as available for housing for above-moderate income households in areas not served by public sewer systems. This information need not be identified on a site-specific basis.

(7) A map that shows the location of the sites included in the inventory, such as the land use map from the jurisdiction's general plan for reference purposes only.

(c) Based on the information provided in subdivision (b), a city or county shall determine whether each site in the inventory can accommodate some portion of its share of the regional housing need by income level during the planning period, as determined pursuant to Section 65584. The analysis shall determine whether the inventory can provide for a variety of types of housing, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, emergency shelters, and transitional housing. The city or county shall determine the number of housing units that can be accommodated on each site as follows:

(1) If local law or regulations require the development of a site at a minimum density, the department shall accept the planning agency's calculation of the total housing unit capacity on that site based on the established minimum density. If the city or county does not adopt a law or regulations requiring the development of a site at a minimum density, then it shall demonstrate how the number of units determined for that site pursuant to this subdivision will be accommodated.

(2) The number of units calculated pursuant to paragraph (1) shall be adjusted as necessary, based on the land use controls and site improvements requirement identified in paragraph (4) of subdivision (a) of Section 65583.

(3) For the number of units calculated to accommodate its share of the regional housing need for lower income households pursuant to paragraph (2), a city or county shall do either of the following:

(A) Provide an analysis demonstrating how the adopted densities accommodate this need. The analysis shall include, but is not limited to, factors such as market demand, financial feasibility, or information based on development project experience within a zone or zones that provide housing for lower income households.

(B) The following densities shall be deemed appropriate to accommodate housing for lower income households:

(i) For incorporated cities within nonmetropolitan counties and for nonmetropolitan counties that have micropolitan areas: sites allowing at least 15 units per acre.

(ii) For unincorporated areas in all nonmetropolitan counties not included in clause (i): sites allowing at least 10 units per acre.

(iii) For suburban jurisdictions: sites allowing at least 20 units per acre.

(iv) For jurisdictions in metropolitan counties: sites allowing at least 30 units per acre.

(d) For purposes of this section, metropolitan counties, nonmetropolitan counties, and nonmetropolitan counties with micropolitan areas are as determined by the United States Census Bureau. Nonmetropolitan counties with micropolitan areas include the following counties: Del Norte, Humboldt, Lake Mendocino, Nevada, Tehama, and Tuolumne and such other counties as may be determined by the United States Census Bureau to be nonmetropolitan counties with micropolitan areas in the future.

(e) A jurisdiction is considered suburban if the jurisdiction does not meet the requirements of clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (c) and is located in a Metropolitan Statistical Area (MSA) of less than 2,000,000 in population, unless that jurisdiction's population is greater than 100,000, in which case it is considered metropolitan. Counties, not including the City and County of San Francisco, will be considered suburban unless they are in a MSA of 2,000,000 or greater in population in which case they are considered metropolitan.

(f) A jurisdiction is considered metropolitan if the jurisdiction does not meet the requirements for ''suburban area'' above and is located in a MSA of 2,000,000 or greater in population, unless that jurisdiction's population is less than 25,000 in which case it is considered suburban.

(g) For sites described in paragraph (3) of subdivision (b) the city or county shall specify the additional development potential for each site within the planning period and shall provide an explanation of the methodology used to determine the development potential. The

methodology shall consider factors including the extent to which existing uses may constitute an impediment to additional residential development, development trends, market conditions, and regulatory or other incentives or standards to encourage additional residential development on these sites.

(h) The program required by subparagraph (A) of paragraph (1) of subdivision (c) of Section 65583 shall accommodate 100 percent of the need for housing for very low and low-income households allocated pursuant to Section 65584 for which site capacity has not been identified in the inventory of sites pursuant to paragraph (3) of subdivision (a) on sites that shall be zoned to permit owner-occupied and rental multifamily residential use by right during the planning period. These sites shall be zoned with minimum density and development standards that permit at least 16 units per site at a density of at least 16 units per acre in jurisdictions described in clause (i) of subparagraph (B) of paragraph (3) of subdivision (c) and at least 20 units per acre in jurisdictions described in clauses (iii) and (iv) of subparagraph (B) of paragraph (3) of subdivision (c). At least 50 percent of the very low and low-income housing need shall be accommodated on sites designated for residential use and for which nonresidential uses or mixed-uses are not permitted.

(i) For purposes of this section and Section 65583, the phrase ''use by right'' shall mean that the local government's review of the owner-occupied or multifamily residential use may not require a conditional use permit, planned unit development permit, or other discretionary local government review or approval that would constitute a ''project'' for purposes of Division 13 (commencing with Section 21100) of the Public Resources Code. Any subdivision of the sites shall be subject to all laws, including, but not limited to, the local government ordinance implementing the Subdivision Map Act. A local ordinance may provide that ''use by right'' does not exempt the use from design review. However, that design review shall not constitute a ''project'' for purposes of Division 13 (commencing with Section 21100) of the Public Resources Code. Use by right for all rental multifamily residential housing shall be provided in accordance with subdivision (f) of Section 65589.5.

SEC. 4. Section 65589.5 of the Government Code is amended to read:

65589.5. (a) The Legislature finds and declares all of the following:

(1) The lack of housing is a critical problem that threatens the economic, environmental, and social quality of life in California.

(2) California housing has become the most expensive in the nation. The excessive cost of the state's housing supply is partially caused by activities and policies of many local governments that limit the approval

of housing, increase the cost of land for housing, and require that high fees and exactions be paid by producers of housing.

(3) Among the consequences of those actions are discrimination against low-income and minority households, lack of housing to support employment growth, imbalance in jobs and housing, reduced mobility, urban sprawl, excessive commuting, and air quality deterioration.

(4) Many local governments do not give adequate attention to the economic, environmental, and social costs of decisions that result in disapproval of housing projects, reduction in density of housing projects, and excessive standards for housing projects.

(b) It is the policy of the state that a local government not reject or make infeasible housing developments that contribute to meeting the housing need determined pursuant to this article without a thorough analysis of the economic, social, and environmental effects of the action and without complying with subdivision (d).

(c) The Legislature also recognizes that premature and unnecessary development of agricultural lands for urban uses continues to have adverse effects on the availability of those lands for food and fiber production and on the economy of the state. Furthermore, it is the policy of the state that development should be guided away from prime agricultural lands; therefore, in implementing this section, local jurisdictions should encourage, to the maximum extent practicable, in filling existing urban areas.

(d) A local agency shall not disapprove a housing development project, including farmworker housing as defined in subdivision (d) of Section 50199.50 of the Health and Safety Code, for very low, low- or moderate-income households or condition approval, including through the use of design review standards, in a manner that renders the project infeasible for development for the use of very low, low- or moderate-income households unless it makes written findings, based upon substantial evidence in the record, as to one of the following:

(1) The jurisdiction has adopted a housing element pursuant to this article that has been revised in accordance with Section 65588 and that is in substantial compliance with this article, and the development project is not needed for the jurisdiction to meet its share of the regional housing need for very low, low-, or moderate-income housing.

(2) The development project as proposed would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households. As used in this paragraph, a ''specific, adverse impact'' means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health

or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(3) The denial of the project or imposition of conditions is required in order to comply with specific state or federal law, and there is no feasible method to comply without rendering the development unaffordable to low- and moderate-income households.

(4) The development project is proposed on land zoned for agriculture or resource preservation that is surrounded on at least two sides by land being used for agricultural or resource preservation purposes, or which does not have adequate water or wastewater facilities to serve the project.

(5) The development project is inconsistent with both the jurisdiction's zoning ordinance and general plan land use designation as specified in any element of the general plan as it existed on the date the application was deemed complete, and the jurisdiction has adopted a housing element in substantial compliance with this article. This subdivision cannot be utilized to disapprove a housing development project defined in subdivision (a) if the development project is proposed on a site that is identified for very low, low-, or moderate-income households in the jurisdiction's housing element, and consistent with the density specified in the housing element, even though it is inconsistent with both the jurisdiction's zoning ordinance and general plan land use designation.

(e) Nothing in this section shall be construed to relieve the local agency from complying with the Congestion Management Program required by Chapter 2.6 (commencing with Section 65088) of Division 1 of Title 7 or the California Coastal Act (Division 20 (commencing with Section 30000) of the Public Resources Code). Neither shall anything in this section be construed to relieve the local agency from making one or more of the findings required pursuant to Section 21081 of the Public Resources Code or otherwise complying with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(f) Nothing in this section shall be construed to prohibit a local agency from requiring the development project to comply with objective, quantifiable, written development standards, conditions, and policies appropriate to, and consistent with, meeting the jurisdiction's share of the regional housing need pursuant to Section 65584. However, the development standards, conditions, and policies shall be applied to facilitate and accommodate development at the density permitted on the site and proposed by the development project. Nothing in this section shall be construed to prohibit a local agency from imposing fees and other exactions otherwise authorized by law that are essential to provide necessary public services and facilities to the development project.

(g) This section shall be applicable to charter cities because the Legislature finds that the lack of housing is a critical statewide problem.

(h) The following definitions apply for the purposes of this section:

(1) ''Feasible'' means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(2) ''Housing development project'' means a use consisting of either of the following:

(A) Residential units only.

(B) Mixed-use developments consisting of residential and nonresidential uses in which nonresidential uses are limited to neighborhood commercial uses and to the first floor of buildings that are two or more stories. As used in this paragraph, ''neighborhood commercial'' means small-scale general or specialty stores that furnish goods and services primarily to residents of the neighborhood.

(3) ''Housing for very low, low-, or moderate-income households'' means that either (A) at least 20 percent of the total units shall be sold or rented to lower income households, as defined in Section 50079.5 of the Health and Safety Code, or (B) 100 percent of the units shall be sold or rented to moderate-income households as defined in Section 50093 of the Health and Safety Code, or middle-income households, as defined in Section 65008 of this code. Housing units targeted for lower income households shall be made available at a monthly housing cost that does not exceed 30 percent of 60 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the lower income eligibility limits are based. Housing units targeted for persons and families of moderate income shall be made available at a monthly housing cost that does not exceed 30 percent of 100 percent of area median income with adjustments for household size made in accordance with the adjustment factors on which the moderate income eligibility limits are based.

(4) ''Area median income'' means area median income as periodically established by the Department of Housing and Community Development pursuant to Section 50093 of the Health and Safety Code. The developer shall provide sufficient legal commitments to ensure continued availability of units for very low or low-income households in accordance with the provisions of this subdivision for 30 years.

(5) ''Neighborhood'' means a planning area commonly identified as such in a community's planning documents, and identified as a neighborhood by the individuals residing and working within the neighborhood. Documentation demonstrating that the area meets the definition of neighborhood may include a map prepared for planning purposes which lists the name and boundaries of the neighborhood.

(6) ''Disapprove the development project'' includes any instance in which a local agency does either of the following:

(A) Votes on a proposed housing development project application and the application is disapproved.

(B) Fails to comply with the time periods specified in subparagraph (B) of paragraph (1) of subdivision (a) of Section 65950. An extension of time pursuant to Article 5 (commencing with Section 65950) shall be deemed to be an extension of time pursuant to this paragraph.

(i) If any city, county, or city and county denies approval or imposes restrictions, including design changes, a reduction of allowable densities or the percentage of a lot that may be occupied by a building or structure under the applicable planning and zoning in force at the time the application is deemed complete pursuant to Section 65943, that have a substantial adverse effect on the viability or affordability of a housing development for very low, low-, or moderate-income households, and the denial of the development or the imposition of restrictions on the development is the subject of a court action which challenges the denial, then the burden of proof shall be on the local legislative body to show that its decision is consistent with the findings as described in subdivision (d) and that the findings are supported by substantial evidence in the record.

(j) When a proposed housing development project complies with applicable, objective general plan and zoning standards and criteria, including design review standards, in effect at the time that the housing development project's application is determined to be complete, but the local agency proposes to disapprove the project or to approve it upon the condition that the project be developed at a lower density, the local agency shall base its decision regarding the proposed housing development project upon written findings supported by substantial evidence on the record that both of the following conditions exist:

(1) The housing development project would have a specific, adverse impact upon the public health or safety unless the project is disapproved or approved upon the condition that the project be developed at a lower density. As used in this paragraph, a ''specific, adverse impact'' means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

(2) There is no feasible method to satisfactorily mitigate or avoid the adverse impact identified pursuant to paragraph (1), other than the disapproval of the housing development project or the approval of the project upon the condition that it be developed at a lower density.

(k) If in any action brought to enforce the provisions of this section, a court finds that the local agency disapproved a project or conditioned

its approval in a manner rendering it infeasible for the development of housing for very low, low-, or moderate-income households, including farmworker housing, without making the findings required by this section or without making sufficient findings supported by substantial evidence, the court shall issue an order or judgment compelling compliance with this section within 60 days, including, but not limited to, an order that the local agency take action on the development project. The court shall retain jurisdiction to ensure that its order or judgment is carried out and shall award reasonable attorney's fees and costs of suit to the plaintiff or petitioner who proposed the housing development, except under extraordinary circumstances in which the court finds that awarding fees would not further the purposes of this section. If the court determines that its order or judgment has not been carried out within 60 days, the court may issue further orders as provided by law to ensure that the purposes and policies of this section are fulfilled.

(*l*) In any action, the record of the proceedings before the local agency shall be filed as expeditiously as possible and, notwithstanding Section 1094.6 of the Code of Civil Procedure, all or part of the record may be filed (1) by the petitioner with the petition or petitioner's points and authorities, (2) by the respondent with respondent's points and authorities, (3) after payment of costs by the petitioner, or (4) as otherwise directed by the court. If the expense of preparing the record has been borne by the petitioner and the petitioner is the prevailing party, the expense shall be taxable as costs.

SEC. 5. Section 65915 of the Government Code is amended to read:

65915. (a) When an applicant proposes a housing development within the jurisdiction of a city, county, or city and county, that local government shall provide the applicant incentives or concessions for the production of housing units and child care facilities as prescribed in this chapter. All cities, counties, or cities and counties shall adopt an ordinance that specifies how compliance with this section will be implemented.

(b) A city, county, or city and county shall either grant a density bonus and at least one of the concessions or incentives identified in subdivision (k), or provide other incentives or concessions of equivalent financial value based upon the land cost per dwelling unit, when the applicant for the housing development agrees or proposes to construct at least any one of the following:

(1) Twenty percent of the total units of a housing development for lower income households, as defined in Section 50079.5 of the Health and Safety Code.

(2) Ten percent of the total units of a housing development for very low income households, as defined in Section 50105 of the Health and Safety Code.

(3) Fifty percent of the total dwelling units of a housing development for qualifying residents, as defined in Section 51.3 of the Civil Code.

(4) Twenty percent of the total dwelling units in a condominium project as defined in subdivision (f) of Section 1351 of the Civil Code, for persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code.

The city, county, or city and county shall grant the additional concession or incentive required by this subdivision unless the city, county, or city and county makes a written finding, based upon substantial evidence, that the additional concession or incentive is not required in order to provide for affordable housing costs, as defined in Section 50052.5 of the Health and Safety Code, or for rents for the targeted units to be set as specified in subdivision (c).

(c) (1) An applicant shall agree to, and the city, county, or city and county shall ensure, continued affordability of all lower income density bonus units for 30 years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program. Those units targeted for lower income households, as defined in Section 50079.5 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 60 percent of area median income. Those units targeted for very low income households, as defined in Section 50105 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 50 percent of area median income.

(2) An applicant shall agree to, and the city, county, or city and county shall ensure, continued affordability of the moderate-income units that are directly related to the receipt of the density bonus for 10 years if the housing is in a condominium project as defined in subdivision (f) of Section 1351 of the Civil Code.

(d) An applicant may submit to a city, county, or city and county a proposal for the specific incentives or concessions that the applicant requests pursuant to this section, and may request a meeting with the city, county, or city and county. The city, county, or city and county shall grant the concession or incentive requested by the applicant unless the city, county, or city and county makes a written finding, based upon substantial evidence, of either of the following:

(1) The concession or incentive is not required in order to provide for affordable housing costs, as defined in Section 50052.5 of the Health and Safety Code, or for rents for the targeted units to be set as specified in subdivision (c).

(2) The concession or incentive would have a specific adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment or on any real property that is listed in the California Register of Historical

Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households.

The applicant may initiate judicial proceedings if the city, county, or city and county refuses to grant a requested density bonus, incentive, or concession. If a court finds that the refusal to grant a requested density bonus, incentive, or concession is in violation of this section, the court shall award the plaintiff reasonable attorney's fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that has a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that would have an adverse impact on any real property that is listed in the California Register of Historical Resources. The city, county, or city and county shall establish procedures for carrying out this section, that shall include legislative body approval of the means of compliance with this section. The city, county, or city and county shall also establish procedures for waiving or modifying development and zoning standards that would otherwise inhibit the utilization of the density bonus on specific sites. These procedures shall include, but not be limited to, such items as minimum lot size, side yard setbacks, and placement of public works improvements.

(e) In no case may a city, county, or city and county apply any development standard that will have the effect of precluding the construction of a development meeting the criteria of subdivision (b) at the densities or with the concessions or incentives permitted by this section. An applicant may submit to a city, county, or city and county a proposal for the waiver or reduction of development standards and may request a meeting with the city, county, or city and county. If a court finds that the refusal to grant a waiver or reduction of development standards is in violation of this section, the court shall award the plaintiff reasonable attorney's fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards if the waiver or reduction would have a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards that would have an adverse impact on any real property that is listed in the California Register of Historical Resources.

(f) The applicant shall show that the waiver or modification is necessary to make the housing units economically feasible.

(g) (1) For the purposes of this chapter, except as provided in paragraph (2), ''density bonus'' means a density increase of at least 25 percent, unless a lesser percentage is elected by the applicant, over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the applicant to the city, county, or city and county. All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. The density bonus shall not be included when determining the number of housing units which is equal to 10, 20, or 50 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(2) For the purposes of this chapter, if a development does not meet the requirements of paragraph (1), (2), or (3) of subdivision (b), but the applicant agrees or proposes to construct a condominium project as defined in subdivision (f) of Section 1351 of the Civil Code, in which at least 20 percent of the total dwelling units are reserved for persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code, a ''density bonus'' of at least 10 percent shall be granted, unless a lesser percentage is elected by the applicant, over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the applicant to the city, county, or city and county. All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. The density bonus shall not be included when determining the number of housing units which is equal to 20 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(h) (1) When an applicant proposes to construct a housing development that conforms to the requirements of subdivision (b) and includes a child care facility that will be located on the premises of, as part of, or adjacent to, the project, the city, county, or city and county shall grant either of the following:

(A) An additional density bonus that is an amount of square feet of residential space that is equal to or greater than the amount of square feet in the child care facility.

(B) An additional concession or incentive that contributes significantly to the economic feasibility of the construction of the child care facility.

(2) The city, county, or city and county shall require, as a condition of approving the housing development, that the following occur:

(A) The child care facility shall remain in operation for a period of time that is as long as or longer than the period of time during which the density bonus units are required to remain affordable pursuant to subdivision (c).

(B) Of the children who attend the child care facility, the children of very low income households, lower income households, or families of moderate income shall equal a percentage that is equal to or greater than the percentage of dwelling units that are required for very low income households, lower income households, or families of moderate income pursuant to subdivision (b).

(3) Notwithstanding any requirement of this subdivision, a city, county, or a city and county shall not be required to provide a density bonus or concession for a child care facility if it finds, based upon substantial evidence, that the community has adequate child care facilities.

(4) ''Child care facility,'' as used in this section, means a child day care facility other than a family day care home, including, but not limited to, infant centers, preschools, extended day care facilities, and schoolage child care centers.

(i) ''Housing development,'' as used in this section, means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For the purposes of this section, ''housing development'' also includes either (1) a project to substantially rehabilitate and convert an existing commercial building to residential use, or (2) the substantial rehabilitation of an existing multifamily dwelling, as defined in subdivision (d) of Section 65863.4, where the result of the rehabilitation would be a net increase in available residential units. For the purpose of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(j) The granting of a concession or incentive shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. This provision is declaratory of existing law.

(k) For the purposes of this chapter, concession or incentive means any of the following:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards approved by the California Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required.

(2) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(3) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county that result in identifiable and actual cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county, or the waiver of fees or dedication requirements.

(*l*) If an applicant agrees to construct both 20 percent of the total units for lower income households and 10 percent of the total units for very low income households, the developer is entitled to only one density bonus and at least one additional concession or incentive identified in Section 65913.4 under this section although the city, county, or city and county may, at its discretion, grant more than one density bonus.

(m) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act (Division 20 (commencing with Section 30000) of the Public Resources Code).

(n) A local agency may charge a fee to reimburse it for costs it incurs as a result of amendments to this section enacted during the 2001–02 Regular Session of the Legislature.

(o) For purposes of this section, the following definitions shall apply:

(1) ''Development standard'' means any ordinance, general plan element, specific plan, charter amendment, or other local condition, law, policy, resolution, or regulation.

(2) ''Maximum allowable residential density'' means the density allowed under the zoning ordinance, or if a range of density is permitted, means the maximum allowable density for the specific zoning range applicable to the project.

(p) (1) Upon the request of the developer, no city, county, or city and county shall require a vehicular parking ratio, inclusive of handicapped

and guest parking, of a development meeting the criteria of subdivision (b), that exceeds the following ratios:

(A) Zero to one bedrooms: one onsite parking space.

(B) Two to three bedrooms: two onsite parking spaces.

(C) Four and more bedrooms: two and one-half parking spaces.

(2) If the total number of parking spaces required for a development is other than a whole number, the number shall be rounded up to the next whole number. CHAPTER 725

An act to amend Sections 5205.5 and 21655.9 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 23, 2004. Filed with Secretary of State September 23, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5205.5 of the Vehicle Code is amended to read:

5205.5. (a) For the purposes of implementing Section 21655.9, the department shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for the actual costs incurred pursuant to this section, distinctive decals, labels, and other identifiers that clearly distinguish the following vehicles from other vehicles:

(1) A vehicle that meets California's super ultra-low emission vehicle (SULEV) standard for exhaust emissions and the federal inherently low-emission vehicle (ILEV) evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations.

(2) A vehicle that was produced during the 2004 model year or earlier and meets California ultra-low emission vehicle (ULEV) standard for exhaust emissions and the federal ILEV standard.

(3) A hybrid vehicle or an alternative fuel vehicle that meets California's advanced technology partial zero-emission vehicle (AT PZEV) standard for criteria pollutant emissions and has a 45 miles per gallon or greater fuel economy highway rating.

(4) A hybrid vehicle that was produced during the 2004 model year or earlier and has a 45 miles per gallon or greater fuel economy highway rating, and meets California's ultra-low emission vehicle (ULEV), super ultra-low emission vehicle (SULEV), or partial zero-emission vehicle (PZEV) standards.

(b) Neither an owner of a hybrid vehicle that meets the AT PZEV standard, with the exception of a vehicle that meets the federal ILEV standard, nor an owner of a hybrid vehicle described in paragraph (4) of subdivision (a), is entitled to a decal, label, or other identifier pursuant to this section unless, and until, the federal government acts to approve the use of high-occupancy vehicle lanes by vehicles of the types identified in paragraph (3) or (4) of subdivision (a), regardless of the number of occupants.

(c) The department shall include a summary of the provisions of this section on each motor vehicle registration renewal notice, or on a separate insert, if space is available and the summary can be included without incurring additional printing or postage costs.

(d) The Department of Transportation shall remove individual high-occupancy vehicle (HOV) lanes, or portions of those lanes, during periods of peak congestion from the access provisions provided in subdivision (a), following a finding by the Department of Transportation as follows:

(1) The lane, or portion thereof, exceeds a level of service C, as discussed in subdivision (b) of Section 65089 of the Government Code.

(2) The operation or projected operation of the vehicles described in subdivision (a) in these lanes, or portions thereof, will significantly increase congestion.

The finding also shall demonstrate the infeasibility of alleviating the congestion by other means, including, but not limited to, reducing the use of the lane by noneligible vehicles, or further increasing vehicle occupancy.

(e) The State Air Resources Board shall publish and maintain a listing of all vehicles eligible for participation in the programs described in this section. The board shall provide that listing to the department.

(f) For purposes of subdivision (a), the Department of the California Highway Patrol and the department, in consultation with the Department of Transportation, shall design and specify the placement of the decal, label, or other identifier on the vehicle. Each decal, label, or other identifier issued for a vehicle shall display a unique number, which number shall be printed on, or affixed to, the vehicle registration.

(g) (1) For purposes of subdivision (a), the department shall issue no more than 75,000 distinctive decals, labels, or other identifiers that clearly distinguish the vehicles specified in paragraphs (3) and (4) of subdivision (a).

(2) The department shall notify the Department of Transportation immediately after the date on which the department has issued 50,000 decals, labels, and other identifiers under this section for the vehicles described in paragraphs (3) and (4) of subdivision (a).

(3) The Department of Transportation shall determine whether significant high-occupancy vehicle lane breakdown has occurred throughout the state, in accordance with the following timeline:

(A) For lanes that are nearing capacity, the Department of Transportation shall make the determination not later than 90 days after the date provided by the department under paragraph (2).

(B) For lanes that are not nearing capacity, the Department of Transportation shall make the determination not later than 180 days after the date provided by the department under paragraph (2).

(4) In making the determination that significant high-occupancy vehicle lane breakdown has occurred, the Department of Transportation shall consider the following factors in the HOV lane:

(A) Reduction in level of service.

(B) Sustained stop-and-go conditions.

(C) Slower than average speed than the adjacent mixed flow lanes.

(D) Consistent increase in travel time.

(5) After making the determinations pursuant to subparagraphs (A) and (B) of paragraph (3), if the Department of Transportation determines that significant high-occupancy vehicle lane breakdown has occurred throughout the state, the Department of Transportation shall immediately notify the department of that determination, and the department, on the date of receiving that notification, shall discontinue issuing the decals, labels, or other identifiers for the vehicles described in paragraphs (3) and (4) of subdivision (a).

(h) If the Metropolitan Transportation Commission, serving as the Bay Area Toll Authority, grants toll-free and reduced-rate passage on toll bridges under its jurisdiction to any vehicle pursuant to Section 30102.5

of the Streets and Highways Code, it shall also grant the same toll-free and reduced-rate passage to a vehicle displaying an identifier issued by the department pursuant to paragraph (1) or (2) of subdivision (a) and to a vehicle displaying a valid identifier issued by the department pursuant to paragraph (3) or (4) of subdivision (a) if either of the following apply:

(1) The vehicle is registered to an address outside of the region identified in Section 66502 of the Government Code.

(2) If the vehicle is registered to an address inside the region, the owner of the vehicle complies with subdivision (i) unless subdivision (j) is applicable..

(i) An owner of a vehicle specified in paragraph (3) or (4) of subdivision (a) whose vehicle is registered to an address in the region identified in Section 66502 of the Government Code and who seeks a vehicle identifier under subdivision (a) shall obtain an account to operate within the automatic vehicle identification system described in Section 27565 of the Streets and Highways Code and shall submit to the department a form, approved by the department and issued by the Bay Area Toll Authority, that contains the vehicle owner's name, the license plate number and vehicle identification number of the vehicle, the vehicle make and year model, and the automatic vehicle identification system account number, as a condition to obtaining a vehicle identifier pursuant to subdivision (a) that allows for the use of that vehicle in high-occupancy vehicle lanes regardless of the number of occupants.

(j) If the automatic vehicle identification system readers on all high-occupancy vehicle lanes on all of the toll bridges identified in subdivision (a) of Section 30910 of the Streets and Highways Code are not fully operational and fully funded with bridge tolls controlled by the Bay Area Toll Authority within 90 days of the federal government approval described in subdivision (b), then subdivision (i) shall not be applicable and both of the following shall apply:

(1) The Metropolitan Transportation Commission, acting as the Bay Area Toll Authority, shall grant toll-free and reduced-rate passage to all vehicles displaying an identifier issued by the department pursuant to subdivision (a).

(2) The department shall not require documentation that the owner of a vehicle registered to an address in the region identified in Section 66502 of the Government Code has obtained an automatic vehicle identification system account as a condition to the issuance of an identifier under subdivision (a).

(k) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 2. Section 21655.9 of the Vehicle Code is amended to read:

21655.9. (a) Whenever the Department of Transportation authorizes or permits exclusive or preferential use of highway lanes or highway access ramps for high-occupancy vehicles pursuant to Section 21655.5, the use of those lanes or ramps shall also be extended to vehicles that are issued distinctive decals, labels, or other identifiers pursuant to Section 5205.5 regardless of vehicle occupancy or ownership.

(b) No person shall drive a vehicle described in subdivision (a) of Section 5205.5 with a single occupant upon a high-occupancy vehicle lane pursuant to this section unless the decal, label, or other identifier issued pursuant to Section 5205.5 is properly displayed on the vehicle, and the vehicle registration described in Section 5205.5 is with the vehicle.

(c) No person shall operate or own a vehicle displaying a decal, label, or other identifier, as described in Section 5205.5, if that decal, label, or identifier was not issued for that vehicle pursuant to Section 5205.5. A violation of this subdivision is a misdemeanor.

(d) If the provisions in Section 5205.5 authorizing the department to issue decals, labels, or other identifiers to hybrid and alternative fuel vehicles are repealed, vehicles displaying those decals, labels, or other identifiers shall not access high-occupancy vehicle lanes without meeting the occupancy requirements otherwise applicable to those lanes.

(e) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

The board shall make every effort to ensure that, over time, conservancy funding and other efforts are spread equitably across each of the various subregions and among the stated goal areas, with adequate allowance for the variability of costs associated with individual regions and types of projects.

33342. In carrying out this division, the conservancy shall cooperate with and consult with the city or county where a grant is proposed or an interest in real property is proposed to be acquired; and shall, as necessary or appropriate, coordinate its efforts with other state agencies, in cooperation with the Secretary of the Resources Agency. (e) A deed or instrument by which the nonprofit organization acquires an interest in real property under the grant shall include a power of termination on the part of the state, subject to the requirements of Chapter 5 (commencing with Section 885.010) of Title 5 of Part 2 of Division 2 of the Civil Code. The deed or instrument shall provide that the state may exercise the power of termination by notice in the event of

the nonprofit organization's violation of the purpose of the grant through breach of a material term or condition thereof, and that, upon recordation of the notice, full title to the interest in real property identified in the notice shall immediately vest in the state, or in another public agency or a nonprofit organization designated by the conservancy to which the state conveys or has conveyed its interest.

(f) A deed or instrument by which the nonprofit organization acquires an interest in real property under the grant shall provide that the conveyance is subject to a remainder interest vested in the state. If the existence of the nonprofit organization is terminated for any reason, the conservancy may require that the remainder shall become a present interest and that full title to the real property shall vest in the state, or in another public agency or a nonprofit organization designated by the conservancy to which the state conveys or has conveyed its interest.

33345. The conservancy shall adopt guidelines setting priorities and criteria for projects and programs, based upon its assessment of program requirements, institutional capabilities, and funding needs throughout the region, and federal, state, and local plans, including general plans, recreation plans, urban water management plans, and groundwater management plans. As part of the process of developing guidelines for projects and programs, the conservancy shall undertake and facilitate a strategic program planning process involving meetings and workshops within each of the subregions, with the purpose of formulating strategic program objectives and priorities within that subregion. (b) The acquisition of an interest in real property under this section is not subject to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code), unless the value of the interest exceeds two hundred fifty thousand dollars ($250,000), as adjusted for annual changes to the Consumer Price Index for the State of California, as calculated by the Department of Finance, per lot or parcel. However, the conservancy may request the Public Works Board to review and approve specific acquisitions.

(c) The conservancy shall not exercise the power of eminent domain.

33348. Notwithstanding Section 11005.2 of the Government Code or any other provision of law, the conservancy may lease, rent, sell, exchange, or otherwise transfer, an interest, option, or contractual right in real property, as well as a vested right severable therefrom, that has been acquired under this division, to a person or entity, subject to terms and conditions in furtherance of the conservancy's purposes.

33350. The conservancy shall make an annual report to the Legislature and to the Secretary of the Resources Agency regarding expenditures, land management costs, and administrative costs.

33351. The conservancy may expend funds under this division to conduct research and monitoring in connection with development and implementation of the program administered under this division.

33352. The conservancy may receive gifts, donations, an interest in real property, including an in-fee interest, subventions, grants, rents, royalties, and other assistance and funds from public and private sources. All funds or income received by the conservancy shall be deposited in the fund for expenditure for the purposes of this division.

33353. The conservancy may fix and collect a fee for a direct service it renders, provided the service is rendered at the request of the individual or entity receiving the service. The amount of a fee shall not exceed the conservancy's reasonable costs and expenses of providing the service

rendered. All fees received by the conservancy shall be deposited in the fund for expenditure for the purposes of this division.

33354. Proceeds from a lease, rental, sale, exchange, or transfer of an interest or option in real property, and all other income, shall be deposited in the fund for expenditure for the purposes of this division.

33355. The Sierra Nevada Conservancy Fund is hereby created in the State Treasury. Moneys in the fund shall be available, upon appropriation by the Legislature, only for the purposes of this division.

33356. Nothing in this division grants to the conservancy:

(a) Any of the powers of a city or county to regulate land use.

(b) Any powers to regulate any activities on land, except as the owner of an interest in the land, or pursuant to an agreement with, or a license or grant of management authority from, the owner of an interest in the land.

(c) Any powers over water rights held by others.

CHAPTER 727

An act to amend Sections 116410 and 116415 of, to add Section 116409 to, and to add a heading as Article 3.5 (commencing with Section 116409) to Chapter 4 of Part 12 of Division 104 of, the Health and Safety Code, relating to drinking water.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. A heading is added as Article 3.5 (commencing with Section 116409) to Chapter 4 of Part 12 of Division 104 of the Health and Safety Code, to read:

Article 3.5. Fluoridation of Drinking Water

SEC. 2. Section 116409 is added to the Health and Safety Code, to read:

116409. The Legislature finds and declares all of the following:

(a) Promotion of the public health of Californians of all ages by protection and maintenance of dental health through the fluoridation of drinking water is a paramount issue of statewide concern.

(b) It is the intent of the Legislature in enacting this article to preempt local government regulations, ordinances, and initiatives that prohibit or restrict the fluoridation of drinking water by public water systems with

10,000 or more service connections, without regard to whether the public water system might otherwise be exempt from Section 116410 or the requirements of this section, pursuant to Section 116415.

(c) It is further the intent of the Legislature in establishing this article to decrease the burden the Medi-Cal and the Denti-Cal programs place upon the state's limited funds.

SEC. 3. Section 116410 of the Health and Safety Code is amended to read:

116410. (a) Each public water system with at least 10,000 service connections and with a natural level of fluorides that is less than the minimum established in the regulations adopted pursuant to this section shall be fluoridated in order to promote the public health of Californians of all ages through the protection and maintenance of dental health, a paramount issue of statewide concern. The department shall adopt regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, requiring the fluoridation of public water systems. By July 1, 1996, and at 10-year intervals thereafter, each public water system with at least 10,000 service connections shall provide to the department an estimate of the total capital costs to install fluoridation treatment. The regulations adopted by the department shall take effect on January 1, 1997. Capital costs estimates are no longer required after installation of the fluoridation treatment equipment.

(b) The regulations shall include, but not be limited to, the following:

(1) Minimum and maximum permissible concentrations of fluoride to be maintained by fluoridation of public water systems.

(2) The requirements and procedures for maintaining proper concentrations of fluoride, including equipment, testing, recordkeeping, and reporting.

(3) Requirements for the addition of fluorides to public water systems in which the natural level of fluorides is less than the minimum level established in the regulations.

(4) A schedule for the fluoridation of public water systems with at least 10,000 service connections, based on the lowest capital cost per connection for each system.

(c) The purpose of the schedule established pursuant to paragraph (4) of subdivision (b) is not to mandate the order in which public water systems receiving funding from private sources must fluoridate their water. Available funds may be offered to any system on the schedule.

(d) The estimates provided to the department pursuant to subdivision (a) of this section and subdivision (g) of Section 116415 of the total capital and associated costs and noncapital operation and maintenance costs related to fluoridation treatments and the similar estimates provided to those sources offering to provide the funds set forth in

paragraph (1) of subdivision (a) of Section 116415 shall be reasonable, as determined by the department. A registered civil engineer recognized or employed by the department who is familiar with the design, construction, operation, and maintenance of fluoridations systems shall determine for the department whether the costs are reasonable.

(e) As used in this section and Section 116415, ''costs'' means only those costs that require an actual expenditure of funds or resources, and do not include costs that are intangible or speculative, including, but not limited to, opportunity or indemnification costs.

(f) Any public water system with multiple water sources, when funding is not received to fluoridate all sources, is exempt from maintaining otherwise required fluoridations levels in areas receiving any nonfluoridated water. The exemption shall be in effect only until the public water system receives funding to fluoridate the entire water system and the treatment facilities are installed and operational.

SEC. 4. Section 116415 of the Health and Safety Code is amended to read:

116415. (a) (1) A public water system is not required to fluoridate pursuant to Section 116410, or the regulations adopted thereunder by the department, in any of the following situations:

(A) If the public water system is listed on the schedule to implement a fluoridation program pursuant to paragraph (4) of subdivision (b) of Section 116410 and funds are not offered pursuant to a binding contractual offer to the public water system sufficient to pay the capital and associated costs from any outside source. As used in this section, ''outside source'' means a source other than the system's ratepayers, shareholders, local taxpayers, bondholders, or any fees or charges levied by the water system.

(B) If the public water system has been offered pursuant to a binding contractual offer the capital and associated funds necessary for fluoridation as set forth in subparagraph (A) and has completed the installation of a fluoridation system, however, in any given fiscal year (July 1-June 30, inclusive) funding is not available to the public water system sufficient to pay the noncapital operation and maintenance costs described in subdivision (g) from any outside source other than the system's ratepayers, shareholders, local taxpayers, bondholders, or any fees or charges levied by the water system. A binding contractual offer to provide funds for 12 months, without regard to fiscal year, of noncapital operation and maintenance costs shall render a water system unqualified for an exemption under this subparagraph for that year.

(C) If the funding provided by an outside source for capital and associated costs is depleted prior to completion of the installation of a fluoridation system and funds sufficient to complete the installation have not been offered pursuant to a binding contractual offer to the public

water system by an outside source. In the event of a disagreement between the public water system and an outside funding source about the reasonableness of additional capital and associated costs, in order to qualify for an exemption under this subparagraph the costs overruns must be found to be reasonable by a registered civil engineer recognized or employed by the department who is familiar with the design, construction, operation, and maintenance of fluoridation systems.

(2) Each year the department shall prepare and distribute a list of those water systems that do not qualify for exemption under this section from the fluoridation requirements of Section 116410. This list shall include water systems that have been offered, have received, or are expected to receive, sufficient funding for capital and associated costs so as to not qualify for exemption under subparagraph (A) of paragraph (1), and have either (A) been offered or have received, or anticipate receiving, sufficient noncapital maintenance and operation funding pursuant to subdivision (g), or (B) have not yet completed the installation of a fluoridation system, so that they do not qualify for exemption under subparagraph (B) of paragraph (1).

(3) Any water system that has been offered pursuant to a binding contractual offer the funds necessary for fluoridation as set forth in subparagraph (A) of paragraph (1), and is not included in the list pursuant to paragraph (2), may elect to exercise the option not to fluoridate during the following fiscal year pursuant to subparagraph (B) of paragraph (1) by so notifying the department by certified mail on or before June 1.

(4) The permit issued by the department for a public water system that is scheduled to implement fluoridation pursuant to paragraph (4) of subdivision (b) of Section 116410 shall specify whether it is required to fluoridate pursuant to Section 116410, or whether it has been granted an exemption pursuant to either subparagraph (A) or subparagraph (B) of paragraph (1).

(b) The department shall enforce Section 116410 and this section, and all regulations adopted pursuant to these sections, unless delegated pursuant to a local primary agreement.

(c) If the owner or operator of any public water system subject to Section 116410 fails, or refuses, to comply with any regulations adopted pursuant to Section 116410, or any order of the department implementing these regulations, the Attorney General shall, upon the request of the department, institute mandamus proceedings, or other appropriate proceedings, in order to compel compliance with the order, rule, or regulation. This remedy shall be in addition to all other authorized remedies or sanctions.

(d) Neither this section nor Section 116410 shall supersede subdivision (b) of Section 116410.

(e) The department shall seek all sources of funding for enforcement of the standards and capital cost requirements established pursuant to this section and Section 116410, including, but not limited to, all of the following:

(1) Federal block grants.

(2) Donations from private foundations.

Expenditures from governmental sources shall be subject to specific appropriation by the Legislature for these purposes.

(f) A public water system with less than 10,000 service connections may elect to comply with the standards, compliance requirements, and regulations for fluoridation established pursuant to this section and Section 116410.

(g) Costs, other than capital costs, incurred in complying with this section and Section 116410, including regulations adopted pursuant to those sections, may be paid from federal grants, or donations from private foundations, for these purposes. Each public water system that will incur costs, other than capitalization costs, as a result of compliance with this section and Section 116410, shall provide an estimate to the department of the anticipated total annual operations and maintenance costs related to fluoridation treatment by January 1 of each year.

(h) A public water system subject to the jurisdiction of the Public Utilities Commission shall be entitled to recover from its customers all of its capital and associated costs, and all of its operation and maintenance expenses associated with compliance with this section and Section 116410. The Public Utilities Commission shall approve rate increases for an owner or operator of a public water system that is subject to its jurisdiction within 45 days of the filing of an application or an advice letter, in accordance with the commission's requirements, showing in reasonable detail the amount of additional revenue required to recover the foregoing capital and associated costs, and operation and maintenance expenses.

CHAPTER 728

An act to amend Section 798.38 of the Civil Code and Section 739.5 of the Public Utilities Code, relating to utilities.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.38 of the Civil Code is amended to read:

798.38. (a) Where the management provides both master-meter and submeter service of utilities to a homeowner, for each billing period the cost of the charges for the period shall be separately stated along with the opening and closing readings for his or her meter. The management shall post in a conspicuous place, the prevailing residential utilities rate schedule as published by the serving utility.

(b) If a third-party billing agent or company prepares utility billing for the park, the management shall disclose on each resident's billing, the name, address, and telephone number of the billing agent or company.

SEC. 2. Section 739.5 of the Public Utilities Code is amended to read:

739.5. (a) The commission shall require that, whenever gas or electric service, or both, is provided by a master-meter customer to users who are tenants of a mobilehome park, apartment building, or similar residential complex, the master-meter customer shall charge each user of the service at the same rate which would be applicable if the user were receiving gas or electricity, or both, directly from the gas or electrical corporation. The commission shall require the corporation furnishing service to the master-meter customer to establish uniform rates for master-meter service at a level which will provide a sufficient differential to cover the reasonable average costs to master-meter customers of providing submeter service, except that these costs shall not exceed the average cost that the corporation would have incurred in providing comparable services directly to the users of the service.

(b) Every master-meter customer of a gas or electrical corporation subject to subdivision (a) who, on or after January 1, 1978, receives any rebate from the corporation shall distribute to, or credit to the account of, each current user served by the master-meter customer that portion of the rebate which the amount of gas or electricity, or both, consumed by the user during the last billing period bears to the total amount furnished by the corporation to the master-meter customer during that period.

(c) An electrical or gas corporation furnishing service to a master-meter customer shall furnish to each user of the service within a submetered system every public safety customer service which it provides beyond the meter to its other residential customers. The corporation shall furnish a list of those services to the master-meter customer who shall post the list in a conspicuous place accessible to all users. Every corporation shall provide these public safety customer services to each user of electrical or gas service under a submetered system without additional charge unless the corporation has included the average cost of these services in the rate differential provided to the master-meter customer on January 1, 1984, in which case the

commission shall deduct the average cost of providing these public safety customer services when approving rate differentials for master-meter customers.

(d) Every master-meter customer is responsible for maintenance and repair of its submeter facilities beyond the master-meter, and nothing in this section requires an electrical or gas corporation to make repairs to or perform maintenance on the submeter system.

(e) Every master-meter customer shall provide an itemized billing of charges for electricity or gas, or both, to each individual user generally in accordance with the form and content of bills of the corporation to its residential customers, including, but not limited to, the opening and closing readings for the meter, and the identification of all rates and quantities attributable to each block in the applicable rate structure. The master-meter customer shall also post, in a conspicuous place, the applicable prevailing residential gas or electrical rate schedule, as published by the corporation.

(f) The commission shall require that every electrical and gas corporation shall notify each master-meter customer of its responsibilities to its users under this section.

(g) The commission shall accept and respond to complaints concerning the requirements of this section through the consumer affairs branch, in addition to any other staff that the commission deems necessary to assist the complainant. In responding to the complaint, the commission shall consider the role that the office of the county sealer in the complainant's county of residence may have in helping to resolve the complaint and, where appropriate, coordinate with that office.

CHAPTER 729

An act to amend Section 49557.2 of the Education Code, to amend Section 12693.75 of the Insurance Code, and to amend Section 14005.41 of the Welfare and Institutions Code, relating to health care coverage.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 49557.2 of the Education Code is amended to read:

49557.2. (a) (1) At the option of the school district or county superintendent, and to the extent necessary to implement Section 14005.41 of the Welfare and Institutions Code, the following

information may be incorporated into the School Lunch Program application packet or notification of eligibility for the School Lunch Program using simple and culturally appropriate language:

(A) A notification that if a child qualifies for free school lunches, then the child may qualify for free or reduced-cost health coverage.

(B) A request for the applicant's consent for the child to participate in the Medi-Cal program, if eligible for free school lunches, and to have the information on the school lunch application shared with the entity designated by the State Department of Health Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program.

(C) A notification that the school district will not forward the school lunch application to the entity designated by the State Department of Health Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program, without the consent of the child's parent or guardian.

(D) A notification that the school lunch application is confidential and, with the exception of forwarding the information for use in health program enrollment upon the consent of the child's parent or guardian, the school district will not share the information with any other governmental agency, including the federal Department of Homeland Security and the Social Security Administration.

(E) A notification that the school lunch application information will only be used by the entity designated by the State Department of Health Services to make an accelerated determination and the state and local agencies that administer the Medi-Cal program for purposes directly related to the administration of the program and will not be shared with other government agencies, including the Department of Homeland Security and the Social Security Administration for any purpose other than the administration of the Medi-Cal program.

(F) Information regarding the Medi-Cal program, including available services, program requirements, rights and responsibilities, and privacy and confidentiality requirements.

(2) The State Department of Education, in consultation with school districts, county superintendents of schools, consumer advocates, counties, the State Department of Health Services, and other stakeholders, shall make recommendations regarding the School Lunch Program application, on or before February 1, 2003. The recommendations shall include specific changes to the School Lunch Program application materials as necessary to implement Section 14005.41 of the Welfare and Institutions Code, information for staff as to how to implement the changes, and a description of the process by which information on the School Lunch Program application will be

shared with the county, as the local agency that determines eligibility under the Medi-Cal program.

(3) At the option of the school, the request for consent in subparagraph (B) of paragraph (1) may be modified so that the parent or guardian can also consent to allowing Medi-Cal to inform the school as provided in subdivision (n) of Section 14005.41 of the Welfare and Institutions Code when followup is needed in order to complete the Medi-Cal application process.

(b) (1) School districts and county superintendents of schools may implement a process to share information provided on the School Lunch Program application with the entity designated by the State Department of Health Services to make an accelerated determination and with the local agency that determines eligibility under the Medi-Cal program, and shall share this information with those entities, if the applicant consents to that sharing of information. Schools may designate, only as necessary to implement this section, non-food service staff to assist in the administration of free, reduced price, or paid school lunch applications that have applicant consent, but only if that designation does not displace or have an adverse effect on food service staff. This information may be shared electronically, physically, or through whatever method is determined appropriate.

(2) If a school is aware that a child, who has been found eligible for free school lunches under the National School Lunch Program, and for whom the parent or guardian has consented to share the information provided on the application, already has an active Medi-Cal or Healthy Families case, the application shall not be processed for an accelerated determination but shall be forwarded to the local agency that determines eligibility under the Medi-Cal program pursuant to Section 14005.41 of the Welfare and Institutions Code. The school shall notify the parent or guardian of the child's ineligibility for accelerated Medi-Cal due to the current eligibility status and that the child's application will be forwarded to the county pursuant to this section. The notice shall include a statement, with contact information, advising the parent or guardian to contact the Medi-Cal or Healthy Families programs regarding the child's eligibility status.

(3) Each school district or county superintendent that chooses to share information pursuant to this subdivision shall enter into a memorandum of understanding with the local agency that determines eligibility under the Medi-Cal program, that sets forth the roles and responsibilities of each agency and the process to be used in sharing the information.

(4) The local agency that determines eligibility under the Medi-Cal program shall only use information provided by applicants on the school

lunch application for purposes directly related to the administration of the Medi-Cal program.

(5) After school districts share information regarding the school lunch application with the entity designated by the State Department of Health Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program, for the purpose of determining Medi-Cal program eligibility, the local agency and the school district shall not share information about school lunch participation or the Medi-Cal program eligibility information with each other except as specifically authorized under subdivision (n) of Section 14005.41 of the Welfare and Institutions Code and other provisions of law.

(c) Effective July 1, 2005, the notifications and consent referenced in subdivision (a) and the procedures set out in subdivision (b) shall include the Healthy Families Program and any relevant county- and local-sponsored health insurance programs as necessary to implement Section 14005.41 of the Welfare and Institutions Code.

(d) If a school district finds that the child is eligible for reduced price or paid meals under the National School Lunch Program and consent was provided as described in subdivision (b), the entity designated by the State Department of Health Services to make an accelerated determination shall notify the parent or guardian of the child's ineligibility for an accelerated Medi-Cal determination pursuant to Section 14005.41 of the Welfare and Institutions Code. The notification shall include information on other available health programs for which the child may be eligible.

SEC. 2. Section 12693.75 of the Insurance Code is amended to read:

12693.75. (a) The program shall make use of a simple and easy to understand mail-in application process.

(b) For children referred pursuant to Section 14005.41 of the Welfare and Institutions Code, the program shall utilize the school lunch application and any supplemental forms received pursuant to Section 14005.41 of the Welfare and Institutions Code to make an eligibility determination and shall request additional information only as needed to complete the eligibility process.

(c) The Managed Risk Medical Insurance Board may adopt emergency regulations to implement subdivision (b) and coordinate with all other state and local government entities in the implementation of Section 49557.2 of the Education Code and Section 14005.41 of the Welfare and Institutions Code. Any rules and regulations issued by the board pertaining to the implementation of this section may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption and

one readoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall be exempt from review by the Office of Administrative Law. Any emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations, and shall remain in effect for not more than 180 days unless the department readopts those regulations. The regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 3. Section 14005.41 of the Welfare and Institutions Code is amended to read:

14005.41. (a) Notwithstanding any other provision of law, the department shall deem to have met the income documentation requirements for participation in the Medi-Cal program, without a share of cost, any child who is less than six years of age and who has been determined to be eligible for free meals through a federally funded program using the National School Lunch Program application provided for pursuant to Chapter 13 (commencing with Section 1751) of Title 42 of the United States Code.

(b) Notwithstanding any other provision of law, with regard to any child who is enrolled in and attending public school in the State of California, the department shall accept documentation of enrollment for free meals under the National School Lunch Program as sufficient documentation of California residency for that child for the purposes of the Medi-Cal program.

(c) (1) (A) Notwithstanding any other provision of law, each county shall participate in a statewide pilot project to determine Medi-Cal program eligibility for any child under six years of age and currently enrolled in school in the State of California who is eligible for free meals under the National School Lunch Program upon receipt of proof of participation in the National School Lunch Program and a signed Medi-Cal application, which may be the supplemented application, described in subdivision (i). Counties shall notify the parent or guardian of the results of the eligibility determination.

(B) Notwithstanding any other provision of law, each county shall participate in a statewide pilot project to use the procedure described in this subdivision to determine Medi-Cal eligibility without a share of cost, and, if eligible, shall enroll in the Medi-Cal program, any child six years of age or older currently enrolled in school in the State of California who is eligible for free meals under the National School Lunch Program, upon receipt of proof of participation in the National School Lunch Program and a signed Medi-Cal application, which may be the supplemented application, described in subdivision (i). If the county determines from the supplemented application described in

subdivision (i) that the child meets the eligibility requirements for participation in the Medi-Cal program, the county shall notify the parent or guardian that the child has been found eligible for the Medi-Cal program. If the county is unable to determine from the information on the application as described in subdivision (i) whether the child is eligible, the county shall contact the family to seek any additional information regarding income, household composition, or deductions that the department, in consultation with the county welfare departments, may determine to be necessary to complete the Medi-Cal application. If the county determines that the child does not meet the income eligibility requirements for participation in the full-scope no-cost Medi-Cal program, the county shall notify the parent or guardian of the determination and shall forward the school lunch application and any supplemental forms as described in subdivision (i) to the Healthy Families Program. If an applicant is determined to be ineligible for the full-scope no-cost Medi-Cal program and for the Healthy Families Program, the school lunch application and any supplemental forms as described in subdivision (i) shall be forwarded to a county- or local-sponsored health insurance program, as applicable, if the parent or guardian has provided consent. For purposes of this section, a county- or local-sponsored health insurance program includes a county agency, a local initiative, a county-organized health system, or other local entity that provides health care coverage to children who do not qualify for the full-scope no-cost Medi-Cal program or for the Healthy Families Program.

(2) Each county shall ask the parent or guardian of each child identified in subparagraph (A) of paragraph (1) and the parent or guardian of each child whom the county determines to meet the income eligibility requirements for participation in the Medi-Cal program under subparagraph (B) of paragraph (1) to provide additional documentation as required by current law necessary for retention of eligibility in the Medi-Cal program. If a parent or guardian does not provide the documentation required for retention of full-scope Medi-Cal program eligibility, the county shall continue the child's enrollment in the Medi-Cal program, but only for the limited scope of Medi-Cal program benefits as described in Section 14007.5. If applicable, the county shall also forward the school lunch application and any supplemental forms as described in subdivision (i), for applicants who are determined to be ineligible for the full-scope no-cost Medi-Cal program and for the Healthy Families Program, to a county- or local-sponsored health insurance program if the parent or guardian has provided consent.

(d) Nothing in this section shall be construed as preventing the department from verifying eligibility through the Income Eligibility Verification System match mandated by Section 1137 of the federal

Social Security Act (42 U.S.C. Sec. 1320b-7) or from requesting additional information or documentation required by federal law.

(e) Each county shall include its cost of implementing this section in its annual Medi-Cal administrative budget requests submitted to the department.

(f) For purposes of this section, the Medi-Cal program application date shall be the date on which the school lunch application information is received by the local agency determining eligibility under the Medi-Cal program.

(g) (1) This section shall be implemented only if, and to the extent that, federal financial participation is available for the services provided and only for the period of time the free National School Lunch Program utilizes a gross income standard at or below 133 percent of the federal poverty level. This section shall be implemented in a manner consistent with any federal approval.

(2) Notwithstanding paragraph (1), if the department determines that one or more state plan amendments are necessary to ensure full federal financial participation in the provisions of this section, the department shall prepare and submit requests for the state plan amendments to the federal government, after which this section shall not be implemented until the department receives approval of all necessary state plan amendments.

(h) (1) Notwithstanding subdivision (g), not later than March 1, 2003, the department, in consultation with the State Department of Education and representatives of the school districts, county superintendents of schools, local agencies that administer the Medi-Cal program, consumer advocates, and other stakeholders, shall develop and distribute the policies and procedures, including any all-county letters, necessary to implement Section 49557.2 of the Education Code and this section.

(2) The policies and procedures required to be developed and distributed pursuant to subdivision (a) shall include, at a minimum, both of the following:

(A) Processes for the school districts, county superintendents of schools, and local agencies that administer the Medi-Cal program to use in forwarding and processing free school lunch application information pursuant to Section 49557.2 of the Education Code, and in following up with the applicants to obtain any necessary documentation required by federal law.

(B) Instructions for implementing the eligibility provisions of this chapter.

(3) The policies and procedures required to be developed pursuant to subdivision (a) shall specify all of the following:

(A) The information on the school lunch application may be used to initiate a Medi-Cal program application only when the applicant has provided his or her consent pursuant to Section 49557.2 of the Education Code.

(B) The date of the Medi-Cal program application shall be the date on which the school lunch application was received by the local agency that determines eligibility under the Medi-Cal program.

(C) The county, in determining eligibility for the Medi-Cal program, shall request additional documentation only as required by federal law, and shall enroll any child whose parent or guardian does not provide the necessary documentation for full-scope benefits under the Medi-Cal program in the Medi-Cal program with limited scope benefits, as described in Section 14007.5.

(i) To the extent federal financial participation is available, and to the extent administratively feasible, the department shall utilize the free National School Lunch Program application developed under Section 49557.2 of the Education Code, if supplemented as needed by simplified forms and disclosures, including Medi-Cal rights and responsibility notices and privacy notices, as a Medi-Cal application for children described in this section.

(j) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions without taking regulatory action. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(k) The department shall review the effectiveness of the statewide pilot project and make recommendations regarding appropriate ways to expand the use of the approaches contained in this section.

(*l*) In order to expedite health coverage for children who have been determined eligible for free meals under the National School Lunch Program, the department, at its discretion, may choose to implement this section in whole or in part by exercising the option described in Section 1396r-1a of Title 42 of the United States Code to allow information provided on the National School Lunch Program application referred to, and supplemented as described, in paragraph (1) of subdivision (a) of Section 49557.2 of the Education Code to serve as a basis for a preliminary eligibility determination by a qualified entity designated by the department.

(m) County- and local-sponsored health program agencies are authorized to use the supplemental application described in subdivision (i) and received pursuant to subdivision (c) to make an eligibility determination for those respective programs, and shall request

additional information only as needed to complete the eligibility process.

(n) A county may, at its option, and with the consent of the parent or guardian as provided in paragraph (3) of subdivision (a) of Section 49557.2 of the Education Code, notify the school of the names and contact information of children who are in jeopardy of losing accelerated Medi-Cal coverage because a child's parent or guardian has not provided required followup information to the county. This notice shall be limited to the names and contact information, and shall not specify what information is missing. This shall be done for the sole purpose of enabling the school, at its option, to conduct outreach activities to encourage or assist those parents or guardians to complete and submit the required followup information.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 730

An act to amend Sections 780, 781, and 782 of the Insurance Code, relating to insurance.

(B) If the person who is registering has more than one residence address or location at which he or she regularly resides or is located, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides or is located, regardless of the number of days or nights spent there. If all of the addresses or locations are within the same jurisdiction, the person shall provide the registering authority with all of the addresses or locations where he or she regularly resides or is located.

(C) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 60 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A). (F) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section. The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed, or carrying on a vocation in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000. The terms ''employed or carries on a vocation'' include employment whether or not financially compensated, volunteered, or performed for government or educational benefit.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, Section 311.1, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any statutory predecessor that includes all elements of one of the above-mentioned offenses; or any person who since that date has been or is hereafter

convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, that demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for

consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall

require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under

this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(B) Any offense defined in paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, Section 264.1, 266c, or 267, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 286, Section 288 or 288.5, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 288a, subdivision (a) of Section 289, or Section 647.6.

(C) A violation of Section 207 or 209 committed with the intent to violate Section 261, 286, 288, 288a, or 289.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is

required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of all of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, commitment, or release on probation pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official

stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. If the person does not know the new residence address or location, the registrant shall inform the last registering agency or agencies that he or she is moving within five working days of the move, and shall later notify the agency or agencies of the new address or location within five working days of moving into the new residence address or location, whether temporary or permanent. The law enforcement agency or agencies shall, within three working days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 60 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 60 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense as to each requirement he or she violated.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in Sections 290.01, 290.4, and 290.45, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, ''mentally disordered sex offender'' includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) The registration provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the

person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice.

If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. (E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, that demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register

pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as

one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of all of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and a current photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon

release from incarceration, placement, commitment, or release on probation pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(B) The fingerprints and a current photograph of the person taken by the registering official.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. If the person does not know the new residence address or location, the registrant shall inform the last registering agency or agencies that he or she is moving within five working days of the move, and shall later notify the agency or agencies of the new address or location within five working days of moving into the new residence address or location,

whether temporary or permanent. The law enforcement agency or agencies shall, within three working days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three working days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction or juvenile adjudication who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 60 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 60 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense as to each requirement he or she violated.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in Sections 290.01, 290.4, and 290.45, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, ''mentally disordered sex offender'' includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to 5 working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) The registration provisions of this section are applicable to every person described in this section, without regard to when his or her crimes

were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

SEC. 1.3. Section 290 of the Penal Code is amended to read:

290. (a) (1) (A) Every person described in paragraph (2), for the rest of his or her life while residing in California, or while attending school or working in California, as described in subparagraph (G), shall be required to register with the chief of police of the city in which he or she is residing, or the sheriff of the county if he or she is residing in an unincorporated area or city that has no police department, and, additionally, with the chief of police of a campus of the University of California, the California State University, or community college if he or she is residing upon the campus or in any of its facilities, within five working days of coming into, or changing his or her residence within, any city, county, or city and county, or campus in which he or she temporarily resides.

(B) If the person who is registering has more than one residence address at which he or she regularly resides, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides, regardless of the number of days or nights spent there. If all of the addresses are within the same jurisdiction, the person shall provide the registering authority with all of the addresses where he or she regularly resides.

(C) Every person described in paragraph (2), for the rest of his or her life while living as a transient in California shall be required to register, as follows:

(i) A transient must register, or reregister if the person has previously registered, within five working days from release from incarceration, placement or commitment, or release on probation, pursuant to paragraph (1) of subdivision (a), except that if the person previously registered as a transient less than 30 days from the date of his or her release from incarceration, he or she does not need to reregister as a transient until his or her next required 30-day update of registration. If a transient is not physically present in any one jurisdiction for five consecutive working days, he or she must register in the jurisdiction in which he or she is physically present on the fifth working day following release, pursuant to paragraph (1) of subdivision (a). Beginning on or before the 30th day following initial registration upon release, a transient must reregister no less than once every 30 days thereafter. A transient shall register with the chief of police of the city in which he or she is physically present within that 30-day period, or the sheriff of the county if he or she is physically present in an unincorporated area or city that has no police department, and additionally, with the chief of police of a campus of the University of California, the California State University,

or community college if he or she is physically present upon the campus or in any of its facilities. A transient must reregister no less than once every 30 days regardless of the length of time he or she has been physically present in the particular jurisdiction in which he or she reregisters. If a transient fails to reregister within any 30-day period, he or she may be prosecuted in any jurisdiction in which he or she is physically present.

(ii) A transient who moves to a residence shall have five working days within which to register at that address, in accordance with subparagraph (A) of paragraph (1) of subdivision (a). A person registered at a residence address in accordance with subparagraph (A) of paragraph (1) of subdivision (a), who becomes transient shall have five working days within which to reregister as a transient in accordance with clause (i).

(iii) Beginning on his or her first birthday following registration, a transient shall register annually, within five working days of his or her birthday, to update his or her registration with the entities described in clause (i). A transient shall register in whichever jurisdiction he or she is physically present on that date. At the 30-day updates and the annual update, a transient shall provide current information as required on the Department of Justice annual update form, including the information described in subparagraphs (A) to (C), inclusive, of paragraph (2) of subdivision (e), and the information specified in clause (iv).

(iv) A transient shall, upon registration and reregistration, provide current information as required on the Department of Justice registration forms, and shall also list the places where he or she sleeps, eats, works, frequents, and engages in leisure activities. If a transient changes or adds to the places listed on the form during the 30-day period, he or she does not need to report the new place or places until the next required reregistration.

(v) Failure to comply with the requirement of reregistering every 30 days following initial registration pursuant to clause (i) of this subparagraph shall be punished in accordance with paragraph (6) of subdivision (g). Failure to comply with any other requirement of this section, shall be punished in accordance with either paragraph (1) or (2) of subdivision (g).

(vi) A transient who moves out of state shall inform, in person or in writing, the chief of police in the city in which he or she is physically present, or the sheriff of the county, if he or she is physically present in an unincorporated area or city that has no police department, within five working days of his or her move out of state. The transient shall inform that registering agency of his or her planned destination, residence, or transient location out of state, and any plans he or she has to return to California, if known. The law enforcement agency shall, within three days after receipt of this information, forward a copy of the change of

location information to the Department of Justice. The department shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence or location.

(vii) For purposes of this section, ''transient'' means a person who has no residence. ''Residence'' means a place where a person is living or temporarily staying for more than five days, such as a shelter or structure that can be located by a street address, including, but not limited to, houses, apartment buildings, motels, hotels, homeless shelters, and recreational and other vehicles.

(viii) The transient registrant's duty to update his or her registration no less than every 30 days shall begin with his or her second transient update following the date this subdivision became effective.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A). At the annual update, the person shall provide current information as required on the Department of Justice annual update form, including the information described in subparagraphs (A) to (C), inclusive, of paragraph (2) of subdivision (e).

(E) In addition, every person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, shall, after his or her release from custody, verify his or her address no less than once every 90 days and place of employment, including the name and address of the employer, in a manner established by the Department of Justice.

(F) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section. The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed, or carrying on a vocation in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The place where the out-of-state resident is located, for purposes of registration, shall be the place where the person is employed, carrying on a vocation, or attending school. The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering

authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000. The terms ''employed or carries on a vocation'' include employment whether or not financially compensated, volunteered, or performed for government or educational benefit.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, or 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, Section 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, Section 311.1, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any statutory predecessor that includes all elements of one of the above-mentioned offenses; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any

offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, that demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to

register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. (e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the date he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section and who has a residence address changes his or her residence address, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or transient location and any plans he or she has to return to California, if known. If the person does not know the new residence address or location, the registrant shall inform the last registering agency

The law enforcement agency or agencies shall, within three working days after receipt of this information, forward a copy of the change of address information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

A person who willfully fails to comply with the requirement that he or she reregister no less than every 30 days shall not be charged with this violation more often than once for a failure to register in any period of 90 days. Any person who willfully commits a third or subsequent violation of the requirements of subparagraph (C) of paragraph (1) of subdivision (a) that he or she reregister no less than every 30 days shall be punished in accordance with either paragraph (1) or (2) of this subdivision.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. (*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to 5 working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. If all of the addresses or locations are within the same jurisdiction, the person shall provide the registering authority with all of the addresses or locations where he or she regularly resides or is located.

(C) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 60 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A). The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed, or carrying on a vocation in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The place where the out-of-state resident is located, for purposes of registration, shall be the place where the person is employed, carrying on a vocation, or attending school. (D) (i) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A).

(ii) Any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(iii) Except as provided in clause (iv), any person who would be required to register while residing in the state of conviction for a sex offense committed in that state.

(iv) Clause (iii) shall not apply to a person required to register in the state of conviction if the conviction was for the equivalent of one of the following offenses, and the person is not subject to clause (i):

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. (F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, that demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the

person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. (4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their

registration every 60 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense as to each requirement he or she violated.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. (*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to 5 working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify

his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(B) If the person who is registering has more than one residence address at which he or she regularly resides, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides, regardless of the number of days or nights spent there. If all of the addresses are within the same jurisdiction, the person shall provide the registering authority with all of the addresses where he or she regularly resides.

(C) Every person described in paragraph (2), for the rest of his or her life while living as a transient in California shall be required to register, as follows:

(i) A transient must register, or reregister if the person has previously registered, within five working days from release from incarceration, placement or commitment, or release on probation, pursuant to paragraph (1) of subdivision (a), except that if the person previously registered as a transient less than 30 days from the date of his or her release from incarceration, he or she does not need to reregister as a transient until his or her next required 30-day update of registration. If a transient is not physically present in any one jurisdiction for five consecutive working days, he or she must register in the jurisdiction in which he or she is physically present on the fifth working day following release, pursuant to paragraph (1) of subdivision (a). Beginning on or

A transient must reregister no less than once every 30 days regardless of the length of time he or she has been physically present in the particular jurisdiction in which he or she reregisters. If a transient fails to reregister within any 30-day period, he or she may be prosecuted in any jurisdiction in which he or she is physically present.

(ii) A transient who moves to a residence shall have five working days within which to register at that address, in accordance with subparagraph (A) of paragraph (1) of subdivision (a). (iii) Beginning on his or her first birthday following registration, a transient shall register annually, within five working days of his or her birthday, to update his or her registration with the entities described in clause (i). A transient shall register in whichever jurisdiction he or she is physically present on that date. At the 30-day updates and the annual update, a transient shall provide current information as required on the Department of Justice annual update form, including the information described in subparagraphs (A) to (C), inclusive, of paragraph (2) of subdivision (e), and the information specified in clause (iv).

(iv) A transient shall, upon registration and reregistration, provide current information as required on the Department of Justice registration forms, and shall also list the places where he or she sleeps, eats, works, frequents, and engages in leisure activities. If a transient changes or adds to the places listed on the form during the 30-day period, he or she does not need to report the new place or places until the next required reregistration.

(v) Failure to comply with the requirement of reregistering every 30 days following initial registration pursuant to clause (i) of this subparagraph shall be punished in accordance with paragraph (6) of subdivision (g). Failure to comply with any other requirement of this section, shall be punished in accordance with either paragraph (1) or (2) of subdivision (g).

(vi) A transient who moves out of state shall inform, in person or in writing, the chief of police in the city in which he or she is physically

present, or the sheriff of the county, if he or she is physically present in an unincorporated area or city that has no police department, within five working days of his or her move out of state. The transient shall inform that registering agency of his or her planned destination, residence, or transient location out of state, and any plans he or she has to return to California, if known. The law enforcement agency shall, within three days after receipt of this information, forward a copy of the change of location information to the Department of Justice. The department shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence or location.

(viii) The transient registrant's duty to update his or her registration no less than every 30 days shall begin with his or her second transient update following the date this subdivision became effective.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A). required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) (i) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A).

(ii) Any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(iii) Except as provided in clause (iv), any person who would be required to register while residing in the state of conviction for a sex offense committed in that state.

(iv) Clause (iii) shall not apply to a person required to register in the state of conviction if the conviction was for the equivalent of one of the following offenses, and the person is not subject to clause (i):

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. (F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. (2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. If a transient is not physically present in any one jurisdiction for five consecutive working days, he or she must register in the jurisdiction in which he or she is physically present on the fifth working day following release, pursuant to paragraph (1) of subdivision (a). The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. If all of the addresses are within the same jurisdiction, the person shall provide the registering authority with all of the addresses where he or she regularly resides.

(C) Every person described in paragraph (2), for the rest of his or her life while living as a transient in California shall be required to register, as follows:

If a transient is not physically present in any one jurisdiction for five consecutive working days, he or she must register in the jurisdiction in which he or she is physically present on the fifth working day following release, pursuant to paragraph (1) of subdivision (a). If a transient changes or adds to the places listed on the form during the 30-day period, he or she does not need to report the new place or places until the next required reregistration.

(v) Failure to comply with the requirement of reregistering every 30 days following initial registration pursuant to clause (i) of this subparagraph shall be punished in accordance with paragraph (6) of subdivision (g). The transient shall inform that registering agency of his or her planned destination, residence, or transient location out of state, and any plans he or she has to return to

California, if known. The law enforcement agency shall, within three days after receipt of this information, forward a copy of the change of location information to the Department of Justice. (D) (i) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense that, if committed or attempted in this state, would

have been punishable as one or more of the offenses described in subparagraph (A).

(ii) Any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 2005, (2) this bill and AB 2527 amend Section 290 of the Penal Code, (3) AB 488 adds Section 290.46 to the Penal Code, (4) AB 2395 is not enacted or as enacted does not amend Section 290 of the Penal Code, and (5) this bill is enacted after AB 2527, in which case Sections 1, 1.1, 1.2, 1.3, 1.4, 1.5, and 1.7 of this bill shall not become operative.

(g) Section 1.7 of this bill incorporated amendments to Section 290 of the Penal Code proposed by this bill, AB 2395, and AB 2527, and required by the enactment of AB 488. It shall only become operative if (1) all four bills are enacted and become effective on or before January 1, 2005, (2) this bill, AB 2395, and AB 2527 amend Section 290 of the Penal Code, (3) AB 488 adds Section 290.46 to the Penal Code, and (4) this bill is enacted after AB 2395 and AB 2527, in which case Sections 1, 1.1, 1.2, 1.3, 1.4, 1.5, and 1.6 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because

in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 732

An act to add Section 21083.4 to the Public Resources Code, relating to oak woodlands conservation.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 21083.4 is added to the Public Resources Code, to read:

21083.4. (a) For purposes of this section, ''oak'' means a native tree species in the genus Quercus, not designated as Group A or Group B commercial species pursuant to regulations adopted by the State Board of Forestry and Fire Protection pursuant to Section 4526, and that is 5 inches or more in diameter at breast height.

(b) As part of the determination made pursuant to Section 21080.1, a county shall determine whether a project within its jurisdiction may result in a conversion of oak woodlands that will have a significant effect on the environment. If a county determines that there may be a significant effect to oak woodlands, the county shall require one or more of the following oak woodlands mitigation alternatives to mitigate the significant effect of the conversion of oak woodlands:

(1) Conserve oak woodlands, through the use of conservation easements.

(2) (A) Plant an appropriate number of trees, including maintaining plantings and replacing dead or diseased trees.

(B) The requirement to maintain trees pursuant to this paragraph terminates seven years after the trees are planted.

(C) Mitigation pursuant to this paragraph shall not fulfill more than one-half of the mitigation requirement for the project.

(D) The requirements imposed pursuant to this paragraph also may be used to restore former oak woodlands.

(3) Contribute funds to the Oak Woodlands Conservation Fund, as established under subdivision (a) of Section 1363 of the Fish and Game Code, for the purpose of purchasing oak woodlands conservation easements, as specified under paragraph (1) of subdivision (d) of that section and the guidelines and criteria of the Wildlife Conservation Board. A project applicant that contributes funds under this paragraph shall not receive a grant from the Oak Woodlands Conservation Fund as part of the mitigation for the project.

(4) Other mitigation measures developed by the county.

(c) Notwithstanding subdivision (d) of Section 1363 of the Fish and Game Code, a county may use a grant awarded pursuant to the Oak Woodlands Conservation Act (Article 3.5 (commencing with Section 1360) of Chapter 4 of Division 2 of the Fish and Game Code) to prepare an oak conservation element for a general plan, an oak protection ordinance, or an oak woodlands management plan, or amendments thereto, that meets the requirements of this section.

(d) The following are exempt from this section:

(1) Projects undertaken pursuant to an approved Natural Community Conservation Plan or approved subarea plan within an approved Natural Community Conservation Plan that includes oaks as a covered species or that conserves oak habitat through natural community conservation preserve designation and implementation and mitigation measures that are consistent with this section.

(2) Affordable housing projects for lower income households, as defined pursuant to Section 50079.5 of the Health and Safety Code, that are located within an urbanized area, or within a sphere of influence as defined pursuant to Section 56076 of the Government Code.

(3) Conversion of oak woodlands on agricultural land that includes land that is used to produce or process plant and animal products for commercial purposes.

(4) Projects undertaken pursuant to Section 21080.5 of the Public Resources Code.

(e) (1) A lead agency that adopts, and a project that incorporates, one or more of the measures specified in this section to mitigate the significant effects to oaks and oak woodlands shall be deemed to be in compliance with this division only as it applies to effects on oaks and oak woodlands.

(2) The Legislature does not intend this section to modify requirements of this division, other than with regard to effects on oaks and oak woodlands.

(f) This section does not preclude the application of Section 21081 to a project.

(g) This section, and the regulations adopted pursuant to this section, shall not be construed as a limitation on the power of a public agency to comply with this division or any other provision of law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 733

An act to amend Sections 6125, 6126, 6128, and 6129 of the Penal Code, relating to the Inspector General.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6125 of the Penal Code is amended to read:

6125. There is hereby created the independent office of the Inspector General which shall not be a subdivision of any other governmental entity. The Governor shall appoint, subject to confirmation by the Senate, the Inspector General to a six-year term. The Inspector General may not be removed from office during that term, except for good cause.

SEC. 2. Section 6126 of the Penal Code is amended to read:

6126. (a) The Inspector General shall be responsible for reviewing departmental policy and procedures for conducting audits of investigatory practices and other audits, as well as conducting investigations of the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Youthful Offender Parole Board, the Board of Corrections, the Narcotic Addict Evaluation Authority, the Prison Industry Authority, and the Youth and Adult Correctional Agency, as requested by either the Secretary of the Youth and Adult Correctional Agency or a Member of the Legislature, pursuant to the approval of the Inspector General under policies to be developed by the Inspector General. The Inspector General may, under policies

developed by the Inspector General, initiate an investigation or an audit on his or her own accord.

(b) Upon completion of an investigation or audit, the Inspector General shall provide a response to the requester.

(c) The Inspector General shall, during the course of an investigatory audit, identify areas of full and partial compliance, or noncompliance, with departmental investigatory policies and procedures, specify deficiencies in the completion and documentation of investigatory processes, and recommend corrective actions, including, but not limited to, additional training with respect to investigative policies, additional policies, or changes in policy, as well as any other findings or recommendations that the Inspector General deems appropriate.

(d) The Inspector General shall, in consultation with the Department of Finance, develop a methodology for producing a workload budget to be used for annually adjusting the budget of the office of the Inspector General, beginning with the budget for the 2005–06 fiscal year.

SEC. 3. Section 6128 of the Penal Code is amended to read:

6128. (a) The office of the Inspector General may receive communications from any individual, including those employed by any department, board, or authority who believes he or she may have information that may describe an improper governmental activity, as that term is defined in subdivision (b) of Section 8547.2 of the Government Code. It is not the purpose of these communications to redress any single disciplinary action or grievance that may routinely occur.

(b) In order to properly respond to any allegation of improper governmental activity, the Inspector General shall establish a toll-free public telephone number for the purpose of identifying any alleged wrongdoing by an employee of the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Board of Corrections, the Narcotic Addict Evaluation Authority, the Prison Industry Authority, or the Youth and Adult Correctional Agency. This telephone number shall be posted by the above-named departments, and their respective subdivisions, in clear view of all employees and the public. When appropriate, the Inspector General shall initiate an investigation or audit of any alleged improper governmental activity. However, any request to conduct an investigation shall be in writing.

(c) All identifying information, and any personal papers or correspondence from any person who initiated the investigation shall not be disclosed, except in those cases where the Inspector General determines that disclosure of the information is necessary in the interests of justice.

SEC. 4. Section 6129 of the Penal Code is amended to read:

6129. (a) (1) For purposes of this section, ‘‘employee’’ means any person employed by the Youth and Adult Correctional Agency, the

Department of Corrections, the Department of the Youth Authority, the Board of Corrections, the Board of Prison Terms, the Youth Authority Board or the Inspector General.

(2) For purposes of this section, ''retaliation'' means intentionally engaging in acts of reprisal, retaliation, threats, coercion, or similar acts against another employee who has done either of the following:

(A) Has disclosed or is disclosing to any employee at a supervisory or managerial level, what the employee, in good faith, believes to be improper governmental activities.

(B) Has cooperated or is cooperating with any investigation of improper governmental activities.

(C) Has refused to obey an illegal order or directive.

(b) (1) Upon receiving a complaint of retaliation from an employee against a member of management, the Inspector General shall commence an inquiry into the complaint and conduct a formal investigation where a legally cognizable cause of action is presented. All investigations conducted pursuant to this section shall be performed in accordance with Sections 6126.5 and 6127.3. The Inspector General may refer all other matters for investigation by the appropriate employing entity, subject to investigative oversight by the Inspector General. In a case in which the employing entity declines to investigate the complaint, it shall, within 30 days of receipt of the referral by the Inspector General, notify the Inspector General of its decision. The Inspector General shall thereafter, conduct his or her own inquiry into the complaint. If, after reviewing the complaint, the Inspector General determines that a legally cognizable cause of action has not been presented by the complaint, the Inspector General shall thereafter notify the complaining employee and the State Personnel Board that a formal investigation is not warranted.

(2) When investigating a complaint, in determining whether retaliation has occurred, the Inspector General or the employing entity shall consider, among other things, whether any of the following either actually occurred or were threatened:

(A) Unwarranted or unjustified staff changes.

(B) Unwarranted or unjustified letters of reprimand or other disciplinary actions, or unsatisfactory evaluations.

(C) Unwarranted or unjustified formal or informal investigations.

(D) Engaging in acts, or encouraging or permitting other employees to engage in acts, that are unprofessional, or foster a hostile work environment.

(E) Engaging in acts, or encouraging or permitting other employees to engage in acts, that are contrary to the rules, regulations, or policies of the workplace.

(3) In a case in which the complaining employee has also filed a retaliation complaint with the State Personnel Board pursuant to Sections 8547.8 and 19683 of the Government Code, the State Personnel Board shall have the discretion to toll any investigation, hearing, or other proceeding that would otherwise be conducted by the State Personnel Board in response to that complaint, pending either the completion of the Inspector General's or the employing entity's investigation, or until the complaint is rejected or otherwise dismissed by the Inspector General or the employing entity. An employee, however, may not be required to first file a retaliation complaint with the Inspector General prior to filing a complaint with the State Personnel Board.

(A) In a case in which the complaining employee has filed a retaliation complaint with the Inspector General but not with the State Personnel Board, the limitation period for filing a retaliation complaint with the State Personnel Board shall be tolled until the time the Inspector General or the employing entity either issues its investigative report to the State Personnel Board, or until the complaint is rejected or otherwise dismissed by the Inspector General or the employing entity.

(B) In order to facilitate coordination of efforts between the Inspector General and the State Personnel Board, the Inspector General shall notify the State Personnel Board of the identity of any employee who has filed a retaliation complaint with the Inspector General, and the State Personnel Board shall notify the Inspector General of the identity of any employee who has filed a retaliation complaint with the State Personnel Board.

(c) (1) In a case in which the Inspector General determines, as a result of his or her own investigation, that an employee has been subjected to acts of reprisal, retaliation, threats, or similar acts in violation of this section, the Inspector General shall provide a copy of the investigative report, together with all other underlying investigative materials the Inspector General determines to be relevant, to the appropriate director or chair who shall take appropriate corrective action. In a case in which the Inspector General determines, based on an independent review of the investigation conducted by the employing entity, that an employee has been subjected to acts of reprisal, retaliation, threats, or similar acts in violation of this section, the Inspector General shall submit a written recommendation to the appropriate director or chair who shall take appropriate corrective action. If the hiring authority initiates disciplinary action as defined in Section 19570 of the Government Code, it shall provide the subject with all materials required by law.

(2) The Inspector General shall publish a quarterly summary of investigations, with personal identifying information removed, including, but not limited to, the conduct investigated, any recommended discipline, and any discipline actually imposed.

(3) Any employee at any rank and file, supervisory, or managerial level, who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against another employee, pursuant to paragraph (2) of subdivision (a), shall be disciplined by the employing entity by adverse action as provided in Section 19572 of the Government Code. The disciplinary action shall require, at a minimum, a suspension for not less than 30 days without pay, except in a case in which the employing entity determines that a lesser penalty is warranted. In that case, the employing entity shall, within 30 days of receipt of the investigative report, provide written justification for that decision to the Inspector General. The employing entity shall also, within 30 days of receipt of the written report, notify the Inspector General in writing as to what steps, if any, it has taken to remedy the retaliatory conduct found to have been committed by any of its employees.

(d) (1) In an instance in which the appropriate director or chair declines to take adverse action against any employee found by the Inspector General to have engaged in acts of reprisal, retaliation, threats, or similar acts in violation of this section, the director or chair shall notify the Inspector General of that fact in writing within 30 days of receipt of the investigative report from the Inspector General, and shall notify the Inspector General of the specific reasons why the director or chair declined to invoke adverse action proceedings against the employee.

(2) The Inspector General shall, thereafter, with the written consent of the complaining employee, forward an unredacted copy of the investigative report, together with all other underlying investigative materials the Inspector General deems to be relevant, to the State Personnel Board so that the complaining employee can request leave to file charges against the employee found to have engaged in acts of reprisal, retaliation, threats, or similar acts, in accordance with the provisions of Section 19583.5 of the Government Code. If the State Personnel Board accepts the complaint, the board shall provide the charged and complaining parties with a copy of all relevant materials.

(3) In addition to all other penalties provided by law, including Section 8547.8 of the Government Code or any other penalties that the sanctioning authority may determine to be appropriate, any state employee at any rank and file, supervisory, or managerial level found by the State Personnel Board to have intentionally engaged in acts of reprisal, retaliation, threats, or coercion shall be suspended for not less than 30 days without pay, and shall be liable in an action for damages brought against him or her by the injured party. If the State Personnel Board determines that a lesser period of suspension is warranted, the reasons for that determination must be justified in writing in the decision.

(e) Nothing in this section shall prohibit the employing entity from exercising its authority to terminate, suspend, or discipline an employee who engages in conduct prohibited by this section.

CHAPTER 734

An act to amend Sections 6126.3 and 6126.5 of, and to add Sections 6131 and 6132 to, and to repeal Section 6126.6 of, the Penal Code, relating to the Inspector General.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6126.3 of the Penal Code is amended to read:

6126.3. (a) The Inspector General shall not destroy any papers or memoranda used to support a completed audit within three years after a report is released.

(b) Except as provided in subdivision (c), all books, papers, records, and correspondence of the office pertaining to its work are public records subject to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code and shall be filed at any of the regularly maintained offices of the Inspector General.

(c) The following books, papers, records, and correspondence of the office of the Inspector General pertaining to its work are not public records subject to Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, nor shall they be subject to discovery pursuant to any provision of Title 3 (commencing with Section 1985) of Part 4 of the Code of Civil Procedure in any manner:

(1) All reports, papers, correspondence, memoranda, electronic communications, or other documents that are otherwise exempt from disclosure pursuant to the provisions of subdivision (d) of Section 6126.5, subdivision (c) of Section 6128, subdivision (a) or (b) of Section 6131, or all other applicable laws regarding confidentiality, including, but not limited to, the California Public Records Act, the Public Safety Officers' Procedural Bill of Rights, the Information Practices Act of 1977, the Confidentiality of Medical Information Act of 1977, and the provisions of Section 832.7, relating to the disposition notification for complaints against peace officers.

(2) Any papers, correspondence, memoranda, electronic communications, or other documents pertaining to any audit or investigation that has not been completed.

(3) Any papers, correspondence, memoranda, electronic communications, or other documents pertaining to internal discussions between the Inspector General and his or her staff, or between staff members of the Inspector General, or any personal notes of the Inspector General or his or her staff.

(4) All identifying information, and any personal papers or correspondence from any person requesting assistance from the Inspector General, except in those cases where the Inspector General determines that disclosure of the information is necessary in the interests of justice.

SEC. 2. Section 6126.5 of the Penal Code is amended to read:

6126.5. (a) Notwithstanding any other provision of law, the Inspector General during regular business hours or at any other time determined necessary by the Inspector General, shall have access to and authority to examine and reproduce, any and all books, accounts, reports, vouchers, correspondence files, documents, and other records, and to examine the bank accounts, money, or other property, of any entity defined in Section 6126 for any audit or investigation. Any officer or employee of any agency or entity having these records or property in his or her possession or under his or her control shall permit access to, and examination and reproduction thereof consistent with the provisions of this section, upon the request of the Inspector General or his or her authorized representative.

(b) For the purpose of conducting any audit or investigation, the Inspector General or his or her authorized representative shall have access to the records and property of any public or private entity or person subject to review or regulation by the public agency or public entity being audited or investigated to the same extent that employees or officers of that agency or public entity have access. No provision of law or any memorandum of understanding or any other agreement entered into between the employing entity and the employee or the employee's representative providing for the confidentiality or privilege of any records or property shall prevent disclosure pursuant to subdivision (a).

(c) Any officer or person who fails or refuses to permit access, examination, or reproduction, as required by this section, is guilty of a misdemeanor.

(d) The Inspector General may require any employee of those entities specified in Section 6126 to be interviewed on a confidential basis. Any employee requested to be interviewed shall comply and shall have time afforded by the appointing authority for the purpose of an interview with the Inspector General or his or her designee. The Inspector General shall have the discretion to redact the name or other identifying information of any person interviewed from any public report issued by the Inspector

General, where required by law or where the failure to redact the information may hinder prosecution or an action in a criminal, civil, or administrative proceeding, or where the Inspector General determines that disclosure of the information is not in the interests of justice. It is not the purpose of these communications to address disciplinary action or grievance procedures that may routinely occur. If it appears that the facts of the case could lead to punitive action, the Inspector General shall be subject to Sections 3303, 3307, 3307.5, 3308, and 3309 of the Government Code as if the Inspector General were the employer, except that the Inspector General shall not be subject to the provisions of any memorandum of understanding or other agreement entered into between the employing entity and the employee or the employee's representative that is in conflict with, or adds to the requirements of, Sections 3303, 3307, 3307.5, 3308, and 3309 of the Government Code.

SEC. 3. Section 6126.6 of the Penal Code is repealed.

SEC. 4. Section 6131 is added to the Penal Code, to read:

6131. (a) Upon the completion of any audit conducted by the Inspector General, he or she shall prepare a written report, which shall be disclosed, along with all underlying materials the Inspector General deems appropriate, to the Governor, the Secretary of the Youth and Adult Correctional Agency, the appropriate director, chair, or law enforcement agency, and the Legislature. Copies of all those written reports shall be posted on the Inspector General's Web site within 10 days of being disclosed to the above-listed entities or persons.

(b) Upon the completion of any investigation conducted by the Inspector General, he or she shall prepare a complete written report, which shall be held as confidential and disclosed in confidence, along with all underlying investigative materials the Inspector General deems appropriate, to the Governor, the Secretary of the Youth and Adult Correctional Agency, and the appropriate director, chair, or law enforcement agency.

(c) Upon the completion of any investigation conducted by the Inspector General, he or she shall also prepare and issue on a quarterly basis, a public investigative report that includes all investigations completed in the previous quarter. The public investigative report shall differ from the complete investigative report in the respect that the Inspector General shall have the discretion to redact or otherwise protect the names of individuals, specific locations, or other facts that, if not redacted, might hinder prosecution related to the investigation, or where disclosure of the information is otherwise prohibited by law, and to decline to produce any of the underlying investigative materials. In a case where allegations were deemed to be unfounded, all applicable identifying information shall be redacted. The public investigative

report shall be made available to the public upon request and on a quarterly basis as follows:

(1) In those cases where an investigation is referred only for disciplinary action before the State Personnel Board or for other administrative proceedings, the employing entity shall, within 10 days of receipt of the State Personnel Board's order rendered in other administrative proceedings, provide the Inspector General with a copy of the order. The Inspector General shall attach the order to the public investigative report on its Web site and provide copies of the report and order to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

(2) In those cases where the employing entity and the employee against whom disciplinary action has been taken enter into a settlement agreement concerning the disciplinary action, the employing entity shall, within 10 days of the settlement agreement becoming final, notify the Inspector General in writing of that fact and shall describe what disciplinary action, if any, was ultimately imposed on the employee. The Inspector General shall include the settlement information in the public investigative report on its Web site and provide copies of the report to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

(3) In those cases where the employing entity declines to pursue disciplinary action against an employee, the employing entity shall, within 10 days of its decision, notify the Inspector General in writing of its decision not to pursue disciplinary action, setting forth the reasons for its decision. The Inspector General shall include the decision and rationale in the public investigative report on its Web site and provide copies of the report to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

(4) In those cases where an investigation has been referred for possible criminal prosecution, and the applicable local law enforcement agency or the Attorney General has decided to commence criminal proceedings against an employee, the report shall be made public at a time deemed appropriate by the Inspector General after consultation with the local law enforcement agency or the Attorney General, but in all cases no later than when discovery has been provided to the defendant in the criminal proceedings. The Inspector General shall thereafter post the public investigative report on its Web site and provide copies of the report to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

(5) In those cases where the local law enforcement agency or the Attorney General declines to commence criminal proceedings against an employee, the local law enforcement agency or the Attorney General shall, within 30 days of reaching that decision, notify the Inspector

General of that fact. The Inspector General shall include the decision in the public investigative report on its Web site and provide copies of the report to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

(6) In those cases where an investigation has been referred for neither disciplinary action or other administrative proceedings, nor for criminal prosecution, the Inspector General shall include the decision not to refer the matter in the public investigative report on its Web site and provide copies of the report to the Legislature, as well as to any complaining employee and any employee who was the subject of the investigation.

SEC. 5. Section 6132 is added to the Penal Code, to read:

6132. (a) The Inspector General shall report annually to the Governor and the Legislature a summary of his or her investigations and audits. The summary shall be posted on the Inspector General's Web site and otherwise made available to the public upon its release to the Governor and the Legislature. The summary shall include, but not be limited to, significant problems discovered by the Inspector General, and whether recommendations the Inspector General has made through audits and investigations have been implemented by the subject agency, department, or board.

(b) The Inspector General shall issue regular, and in no case less than twice per year, reports to the Governor and the Legislature summarizing its findings concerning its oversight of Youth and Adult Correctional Agency disciplinary cases and shall thereafter post the reports summarizing disciplinary cases on its Web site.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 735

An act to amend, repeal, and add Section 1271 of the Business and Professions Code, relating to cytotechnologists.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1271 of the Business and Professions Code is amended to read:

1271. (a) A cytotechnologist shall not examine more than 80 gynecologic slides in a 24-hour period when performing a manual review of slides.

(b) The maximum workload limit in subdivision (a) is the maximum number of gynecologic slides that a cytotechnologist shall examine in a 24-hour period without regard to the number of clinical laboratories or other persons for which the work is performed. Cytotechnologists, who examine both gynecologic and nongynecologic slides, shall do so on a pro rata basis so that the maximum workload limit in subdivision (a) is not exceeded, and so that the number of gynecologic slides examined is reduced proportionally if both gynecologic and nongynecologic slides are examined in a 24-hour period.

(c) The maximum workload limit in subdivision (a) is for a cytotechnologist who has no duties other than the evaluation of gynecological slides. Cytotechnologists who have other duties, including, but not limited to, the preparation and staining of cytologic slides, shall decrease on a pro rata basis the number of slides examined.

(d) All cytologic slides shall be examined in a clinical laboratory that has been licensed by the department, or in a municipal or county laboratory established under Section 101150 of the Health and Safety Code. All slides examined under the name of a clinical laboratory shall be examined on the premises of that laboratory.

(e) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic samples examined on a monthly and annual basis.

(f) Each cytotechnologist shall maintain current records in a form prescribed by the department of hours worked and the names and addresses of the clinical laboratories or other persons for whom slides are examined.

(g) Each clinical laboratory shall retain all cytology slides and cell blocks examined for a minimum of five years and all cytology reports for a minimum of 10 years.

(h) The presence of any factor that would prohibit the proper examination of a cytologic slide, including, but not limited to, damaged slides or inadequate specimens, as determined by the director of the laboratory, shall result in the issuance of a statement of inadequacy to the referring physician and no report of cytologic findings shall be issued on that slide.

(i) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic slides each

cytotechnologist in the laboratory reads each 24-hour period, the number of hours devoted during each 24-hour period to screening cytology slides by each individual, and shall determine weekly and cumulatively the frequency of abnormal slides found by each cytotechnologist employed.

(j) Ten percent of the negative or normal slides examined by each cytotechnologist employed by a clinical laboratory shall be rescreened at least weekly by a cytopathologist or supervising cytotechnologist other than the original examiner.

(k) When reviewing gynecologic slides using automated or semiautomated screening devices approved by the federal Food and Drug Administration, a laboratory shall follow the workload requirements established by Section 493.1274 of Title 42 of the Code of Federal Regulations.

(1) Any slide reviewed using automated or semiautomated screening devices approved by the federal Food and Drug Administration that requires full manual review shall be counted against the applicable limits established in subdivision (a) and this subdivision.

(2) On or before June 30, 2007, the State Department of Health Services shall review published evidence-based peer review journal articles that review the performance of both automated and semiautomated screening devices, subsequent to the approval of the device by the federal Food and Drug Administration, and shall determine whether increasing the number of slides reviewed on a daily basis increases the rate of error. If the department determines that the volume of screening on these devices increases the rate of error, the department may issue new regulations in that regard that are consistent with Section 493.1274 of Title 42 of the Code of Federal Regulations.

(*l*) The technical supervisor of an individual who performs primary screening shall establish the maximum workload limit for the individual, based on the individual's performance, in accordance with the criteria set forth in Section 493.1274(d)(1) of Title 42 of the Code of Federal Regulations.

(m) Where cytotechnologists are represented by a labor organization, the maximum workload limitations otherwise established pursuant to this section shall be contained in a collective bargaining agreement or memorandum of understanding negotiated between the employer and the labor organization.

(n) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 2. Section 1271 is added to the Business and Professions Code, to read:

1271. (a) A cytotechnologist shall not examine more than 80 gynecologic slides in a 24-hour period.

(b) The maximum workload limit in subdivision (a) is the maximum number of gynecologic slides that a cytotechnologist shall examine in a 24-hour period without regard to the number of clinical laboratories or other persons for which the work is performed. Cytotechnologists who examine both gynecologic and nongynecologic slides shall do so on a pro rata basis so that the maximum workload limit in subdivision (a) is not exceeded, and so that the number of gynecologic slides examined is reduced proportionally if both gynecologic and nongynecologic slides are examined in a 24-hour period.

(c) The maximum workload limit in subdivision (a) is for a cytotechnologist who has no duties other than the evaluation of gynecological slides. Cytotechnologists who have other duties, including, but not limited to, the preparation and staining of cytologic slides, shall decrease on a pro rata basis the number of slides examined.

(d) All cytologic slides shall be examined in a clinical laboratory that has been licensed by the department, or in a municipal or county laboratory established under Section 101150 of the Health and Safety Code. All slides examined under the name of a clinical laboratory shall be examined on the premises of that laboratory.

(e) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic samples examined on a monthly and annual basis.

(f) Each cytotechnologist shall maintain current records in a form prescribed by the department of hours worked and the names and addresses of the clinical laboratories or other persons for whom slides are examined.

(g) Each clinical laboratory shall retain all cytology slides and cell blocks examined for a minimum of five years and all cytology reports for a minimum of 10 years.

(h) The presence of any factor that would prohibit the proper examination of a cytologic slide, including, but not limited to, damaged slides or inadequate specimens, as determined by the director of the laboratory, shall result in the issuance of a statement of inadequacy to the referring physician and no report of cytologic findings shall be issued on that slide.

(i) Each clinical laboratory shall maintain records of the number of cases and slides for gynecologic and nongynecologic slides each cytotechnologist in the laboratory reads each 24-hour period, the number of hours devoted during each 24-hour period to screening cytology slides by each individual, and shall determine weekly and cumulatively the frequency of abnormal slides found by each cytotechnologist employed.

(j) Ten percent of the negative or normal slides examined by each cytotechnologist employed by a clinical laboratory shall be rescreened

at least weekly by a cytopathologist or supervising cytotechnologist other than the original examiner.

(k) This section shall become operative on January 1, 2008.

CHAPTER 736

An act to add Section 6133 to the Penal Code, relating to corrections.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6133 is added to the Penal Code, to read:

6133. (a) There is created within the office of the Inspector General a Bureau of Independent Review (BIR), which shall be subject to the direction of the Inspector General.

(b) The BIR shall be responsible for contemporaneous public oversight of the Youth and Adult Correctional Agency investigations conducted by the Department of Corrections' Office of Investigative Services and by Internal Affairs for the Department of the Youth Authority. The BIR shall also be responsible for advising the public regarding the adequacy of each investigation, and whether discipline of the subject of the investigation is warranted. The BIR shall have discretion to provide public oversight of other Youth and Adult Correctional Agency personnel investigations as needed.

(c) (1) The BIR shall issue regular reports, no less than annually, to the Governor and the Legislature summarizing its recommendations concerning its oversight of Youth and Adult Correctional Agency allegations of internal misconduct and use of force. The BIR shall also issue regular reports, no less than semiannually, summarizing its oversight of Office of Investigative Services and Internal Affairs investigations pursuant to subdivision (b). The reports shall include, but not be limited to, the following:

(A) Data on the number, type, and disposition of complaints made against correctional officers and staff.

(B) A synopsis of each matter reviewed by the BIR.

(C) An assessment of the quality of the investigation, the appropriateness of any disciplinary charges, the BIR's recommendations regarding the disposition in the case and when founded, the level of discipline afforded, and the degree to which the agency's authorities agreed with the BIR recommendations regarding disposition and level of discipline.

(D) The report of any settlement and whether the BIR concurred with the settlement.

(E) The extent to which any discipline was modified after imposition.

(2) The reports shall be in a form which does not identify the agency employees involved in the alleged misconduct.

(3) The reports shall be posted on the Inspector General's Web site and otherwise made available to the public upon their release to the Governor and the Legislature.

CHAPTER 737

An act to add Article 1.5 (commencing with Section 66725) to Chapter 9.2 of Part 40 of the Education Code, relating to postsecondary education.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 66725) is added to Chapter 9.2 of Part 40 of the Education Code, to read:

Article 1.5. Common Course Numbering System

66725. (a) It is the intent of the Legislature to facilitate articulation and seamless integration of California's postsecondary institutions by facilitating the adoption and integration of a common course numbering system among the public and private postsecondary institutions. The purpose of building and implementing a common course numbering system is to provide for the effective and efficient progression of students within and among the higher education segments and to minimize duplication of coursework.

(b) The Legislature finds and declares both of the following:

(1) Effective transfer programs provide a clear path for obtaining the preparation necessary for upper-division major coursework and graduation at a four-year college or university. The segments have made significant progress in developing articulation agreements that specify required coursework and other academic preparation necessary for transfer students to succeed at a four-year institution. These articulation agreements are essential to provide the basis for a common course numbering system that facilitates transfer student success.

(2) In implementing this article, the public postsecondary educational institutions and other parties involved should assess programs and build upon those proving to be the most effective in communicating articulation, such as the California Articulation Number (CAN) system, the Intersegmental Major Preparation Articulated Curriculum (IMPAC) project, the Intersegmental General Education Transfer Curriculum (IGETC), and the Articulation System Stimulating Interinstitutional Student Transfer (ASSIST).

66725.3. (a) Not later than June 1, 2006, the California Community Colleges and the California State University shall adopt, and the University of California and private postsecondary institutions may adopt, a common course numbering system for the 20 highest-demand majors in the respective segments.

(b) Not later than June 30, 2006, the Board of Governors of the California Community Colleges and the Trustees of the California State University shall, and the Regents of the University of California are requested to, report to the Legislature on the status of the activities of their respective segments as they relate to subdivision (a) and on the plans of their respective segments to implement a common course numbering system for the majors that are not covered by subdivision (a).

(c) Each campus of a public postsecondary educational institution shall incorporate the common course numbering system in its catalogue. This incorporation into a campus catalogue shall occur at the next adoption of a campus catalogue after June 1, 2006.

CHAPTER 738

An act to add Section 5058.4 to the Penal Code, and to add Section 1752.05 to the Welfare and Institutions Code, relating to corrections.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Investigations of the state's correctional facilities conducted by authorities and by the Legislature have revealed the existence of a ''code of silence'' that has threatened inmates, the integrity of correctional officers, security within the institutions, and public safety.

(b) Findings made by the federal court special master in the investigation of the Pelican Bay State Prison confirm that newly hired correctional officers who work for the Department of Corrections are

often confronted by this code of silence, which forces good officers to commit crimes or lie or cover up the abuses of their coworkers, and that the department has failed to address the situation in an effective manner.

(c) The whistleblower laws applicable to all employees of the state are insufficient to protect those workers at the Department of Corrections and the Department of the Youth Authority who choose to expose the wrongdoing of coworkers or their superiors, and therefore these employees must be provided additional protections to ensure their safety as well as their cooperation in the investigation of wrongdoing within the departments.

(d) In order to break the code of silence, the Department of Corrections and the Department of the Youth Authority must adopt a code of conduct that would provide uniform guidance to all workers at these departments, including their duty to report wrongdoing at their workplace, and the protection that may be provided to those who discharge this duty in good faith.

SEC. 2. Section 5058.4 is added to the Penal Code, to read:

5058.4. (a) The director shall provide for the development and implementation of a disciplinary matrix with offenses and associated punishments applicable to all department employees, in order to ensure notice and consistency statewide. The disciplinary matrix shall take into account aggravating and mitigating factors for establishing a just and proper penalty for the charged misconduct, as required by the California Supreme Court in Skelly v. State Personnel Board (1975) 15 Cal.3d 194. The presence of aggravating or mitigating factors may result in the imposition of a greater or a lesser penalty than might otherwise be mandated by the disciplinary matrix.

(b) The director shall adopt a code of conduct for all employees of the department.

(c) The director shall ensure that employees who have reported improper governmental activities and who request services from the department are informed of the services available to them.

(d) The department shall post the code of conduct in locations where employee notices are maintained. On July 1, 2005, and annually thereafter, the department shall send by electronic mail to its employees who have authorized access to electronic mail, the following:

(1) Information regarding the code of conduct.

(2) The duty to report misconduct.

(3) How to report misconduct.

(4) The duty to fully cooperate during investigations.

(5) Assurances against retaliation.

SEC. 3. Section 1752.05 is added to the Welfare and Institutions Code, to read:

1752.05. (a) The director shall provide for the development and implementation of a disciplinary matrix with offenses and associated punishments applicable to all department employees, in order to ensure notice and consistency statewide. The disciplinary matrix shall take into account aggravating and mitigating factors for establishing a just and proper penalty for the charged misconduct, as required by the California Supreme Court in Skelly v. State Personnel Board (1975) 15 Cal.3d 194. The presence of aggravating or mitigating factors may result in the imposition of a greater or a lesser penalty than might otherwise be mandated by the disciplinary matrix.

(b) The director shall adopt a code of conduct for all employees of the department.

(c) The director shall ensure that employees who have reported improper governmental activities and who request services from the department are informed of the services available to them.

(d) The department shall post the code of conduct in locations where employee notices are maintained. On July 1, 2005, and annually thereafter, the department shall send by electronic mail to its employees who have authorized access to electronic mail, the following:

(1) Information regarding the code of conduct.
(2) The duty to report misconduct.
(3) How to report misconduct.
(4) The duty to fully cooperate during investigations.
(5) Assurances against retaliation.

CHAPTER 739

An act to amend Section 20112 of the Public Contract Code, relating to public contracting.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 20112 of the Public Contract Code is amended to read:

20112. For the purpose of securing bids the governing board of a school district shall publish at least once a week for two weeks in some newspaper of general circulation published in the district, or if there is no such paper, then in some newspaper of general circulation, circulated in the county, and may post on the district's Web site or through an electronic portal, a notice calling for bids, stating the work to be done or

materials or supplies to be furnished and the time when and the place and the Web site where bids will be opened. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid shall not be received after that time. The governing board of the district may accept a bid that was submitted either electronically or on paper.

No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 741

An act to add Section 340.35 to the Code of Civil Procedure, relating to statutes of limitation.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.35 is added to the Code of Civil Procedure, to read:

340.35. (a) This section shall apply if both of the following conditions are met:

(1) A complaint, information, or indictment was filed in a criminal case initiated pursuant to subdivision (f), (g), or (h) of Section 803 of the Penal Code.

(2) The case was dismissed or overturned pursuant to the United States Supreme Court's decision in Stogner v. California (2003) 156 L.Ed.2d 544.

(b) Unless a longer period is prescribed for a specific action, any action for damages against an individual for committing an act of childhood sexual abuse shall be commenced before January 1, 2006.

(c) This section shall apply to any action commenced before, on, or after the effective date of this section, including any action otherwise barred by a limitation of time in effect prior to the effective date of this section, thereby reviving those causes of action that had lapsed or expired under the law in effect prior to the effective date of this section.

(d) This section shall not apply to any of the following:

(1) Any claim against a person or entity other than the individual against whom a complaint, information, or indictment was filed as described in paragraph (1) of subdivision (a).

(2) Any claim that has been litigated to finality on the merits in any court of competent jurisdiction prior to the effective date of this section. For purposes of this section, termination of a prior action on the basis of the statute of limitations does not constitute a claim that has been ''litigated to finality on the merits.''

(3) Any written, compromised settlement agreement that has been entered into between a plaintiff and a defendant, if the plaintiff was represented by an attorney who was admitted to practice law in this state at the time of the settlement, and the plaintiff signed the agreement.

(e) Any restitution paid by the defendant to the victim shall be credited against any judgment, award, or settlement obtained pursuant to this section. Any judgment, award, or settlement obtained pursuant to an action under this section shall be subject to Section 13966.01 of the Government Code.

CHAPTER 742

An act to add Section 2234.1 to the Business and Professions Code, relating to healing arts.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 2234.1 is added to the Business and Professions Code, to read:

2234.1. (a) A physician and surgeon shall not be subject to discipline pursuant to subdivision (b), (c), or (d) of Section 2234 solely on the basis that the treatment or advice he or she rendered to a patient is alternative or complementary medicine if that treatment or advice meets all of the following requirements:

(1) It is provided after informed consent and a good-faith prior examination of the patient, and medical indication exists for the treatment or advice, or it is provided for health or well-being.

(2) It is provided after the physician and surgeon has given the patient information concerning conventional treatment and describing the education, experience, and credentials of the physician and surgeon related to the alternative or complementary medicine he or she practices.

(3) It does not cause a delay in, or discourage traditional diagnosis of, a condition of the patient.

(4) It does not cause death or serious bodily injury to the patient.

(b) For purposes of this section, ''alternative or complementary medicine'' means those health care methods of diagnosis, treatment, or healing that are not generally used but that provide a reasonable potential for therapeutic gain in a patient's medical condition that is not outweighed by the risk of the health care method.

CHAPTER 743

An act to add Section 66739.5 to the Education Code, relating to public postsecondary education.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 66739.5 is added to the Education Code, to read:

66739.5. (a) The Legislature finds and declares all of the following:

(1) The California Master Plan and supporting statutes place utmost importance on the effective transfer of community college students to the University of California (UC) and the California State University (CSU) as a means of providing access to the baccalaureate degree.

(2) In 2002, CSU enrolled 55,000 transfer students from community colleges.

(3) Two out of three students who earn CSU baccalaureate degrees begin in a community college.

(4) Effective use of state and student time and resources would be maximized by students accruing fewer unrequired units in earning their degrees.

(5) Additional access to community colleges and CSU will be created by higher graduation rates and fewer nonessential units taken.

(6) The state budget situation makes it urgent to streamline the path of the transfer student to the baccalaureate degree.

(b) It is, therefore, the intent of the Legislature to ensure that community college students who wish to earn the baccalaureate degree at CSU are provided with a clear and effective path to this degree.

(c) This section shall not be construed to limit in any way the ability of students to gain admission through alternative paths to transfer, such as the Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.

(d) On or before February 1, 2005, the Chancellor of CSU shall establish transfer student admissions requirements that give highest priority to transfer students who are qualified in accordance with subdivision (f) and paragraph (3) of subdivision (g).

(e) (1) CSU campuses admitting students qualified in accordance with subdivision (f) and paragraph (3) of subdivision (g) will make it possible for these students to complete their baccalaureate degree in the minimum number of remaining units required for that degree major.

(2) For purposes of this subdivision, the ''minimum number of remaining units'' is the minimum number of units required for a degree major after subtracting the number of fully degree-transferable units earned at the community college.

(f) The Chancellor of CSU, in consultation with the Academic Senate of CSU, shall establish the following components necessary for a clear degree path for transfer students:

(1) On or before June 1, 2005, the Chancellor of CSU, in consultation with the Academic Senate of CSU and with the faculty responsible for each high-demand baccalaureate degree major program, shall specify for each high-demand baccalaureate program major a systemwide lower division transfer curriculum composed of at least 45 semester course units, or the quarter-units equivalent, that will be common across all CSU campuses offering specific major programs.

(2) (A) The systemwide lower division transfer curriculum for each high-demand baccalaureate major degree program shall be composed of at least 45 semester units, or the quarter-unit equivalent, and shall include all of the following:

(i) General education courses.

(ii) Any other lower division courses required for graduation.

(iii) Lower division components of the student's declared major.

(iv) Elective units, as appropriate.

(B) The coursework described in subparagraph in subparagraph (A) shall be designated by the CSU faculty responsible for the student's major degree program.

(3) The systemwide lower division transfer curriculum shall be specified in sufficient manner and detail so that existing and future community college lower division courses may be articulated, according to the usual procedures, to the corresponding CSU courses or course descriptions.

(g) (1) On or before June 1, 2006, the Chancellor of CSU and the Chancellor of the California Community Colleges, in consultation with the Academic Senate of the California Community Colleges, shall articulate those lower division, baccalaureate-level courses at each campus of the California Community Colleges that meet for each degree major the systemwide lower division transfer curriculum requirements specified in paragraph (1) of subdivision (f).

(2) To the extent that the goals of efficiency and urgency are advanced, existing articulation procedures such as the California Articulation Number (CAN) program shall be employed.

(3) On or before June 1, 2006, each CSU campus shall have identified any additional specific, nonelective course requirements beyond the systemwide lower division transfer curriculum requirements for each major, up to a maximum of 60 semester units or the quarter-unit equivalent, for the systemwide and campus-specific requirements combined. To the extent these additional course requirements are identified, each CSU campus shall provide that information to all community colleges.

(4) The Chancellor of CSU shall amend CSU's transfer admissions procedures to encourage prospective community college transfer students to identify and, to the extent possible, commit to, a specific CSU transfer destination campus before earning no more than 45 semester units, or the quarter-unit equivalent, of lower division, baccalaureate-level courses, as described in subdivision (f).

(h) As allowed by enrollment demand and available space, each CSU campus shall develop a transfer admission agreement with each student who intends to meet the requirements of this section, including the declaration of a major and identification of a choice of a destination campus, before earning no more than 45 systemwide semester units, or the quarter-unit equivalent. The transfer admission agreement shall guarantee admission to the campus and major identified in that agreement and transfer of all 60 semester units, or the quarter-unit equivalent, as creditable to the baccalaureate degree subject to the student's meeting the following conditions:

(1) Completion of the 60 semester units of college-level coursework, or the quarter-unit equivalent, specified for the student's major degree program.

(2) Declaration of a major.

(3) Satisfactory completion of the systemwide lower division transfer curriculum requirements for the student's declared major.

(4) Satisfactory completion of any requirements beyond the systemwide lower division transfer curriculum that are specified by the CSU destination campus.

(5) Any impaction criteria for that campus or major.

(i) A CSU campus shall guarantee that the transfer students admitted under this section will be able to complete the baccalaureate degree in the minimum number of course units required for that degree.

CHAPTER 744

An act to amend Sections 21080.3, 21104, 21153, 21159.24, 21159.25, and 21167 of, and to add Section 21070 to, the Public Resources Code, relating to environmental protection.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

SEC. 2. Section 21080.3 of the Public Resources Code is amended to read:

21080.3. (a) Prior to determining whether a negative declaration or environmental impact report is required for a project, the lead agency shall consult with all responsible agencies and trustee agencies. Prior to that required consultation, the lead agency may informally contact any of those agencies.

(b) In order to expedite the requirements of subdivision (a), the Office of Planning and Research, upon request of a lead agency, shall assist the lead agency in determining the various responsible agencies and trustee agencies, for a proposed project. In the case of a project described in subdivision (c) of Section 21065, the request may also be made by the project applicant.

SEC. 3. Section 21104 of the Public Resources Code is amended to read:

21104. (a) Prior to completing an environmental impact report, the state lead agency shall consult with, and obtain comments from, each

responsible agency, trustee agency, any public agency that has jurisdiction by law with respect to the project, and any city or county that borders on a city or county within which the project is located unless otherwise designated annually by agreement between the state lead agency and the city or county, and may consult with any person who has special expertise with respect to any environmental impact involved. In the case of a project described in subdivision (c) of Section 21065, the state lead agency shall, upon the request of the applicant, provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. The state lead agency may consult with persons identified by the applicant who the applicant believes will be concerned with the environmental effects of the project and may consult with members of the public who have made a written request to be consulted on the project. A request by the applicant for early consultation shall be made not later than 30 days after the determination required by Section 21080.1 with respect to the project.

(b) The state lead agency shall consult with, and obtain comments from, the State Air Resources Board in preparing an environmental impact report on a highway or freeway project, as to the air pollution impact of the potential vehicular use of the highway or freeway.

(c) A responsible agency or other public agency shall only make substantive comments regarding those activities involved in a project that are within an area of expertise of the agency or that are required to be carried out or approved by the agency. Those comments shall be supported by specific documentation.

SEC. 4. Section 21153 of the Public Resources Code is amended to read:

21153. (a) Prior to completing an environmental impact report, every local lead agency shall consult with, and obtain comments from, each responsible agency, trustee agency, any public agency that has jurisdiction by law with respect to the project, and any city or county that borders on a city or county within which the project is located unless otherwise designated annually by agreement between the local lead agency and the city or county, and may consult with any person who has special expertise with respect to any environmental impact involved. In the case of a project described in subdivision (c) of Section 21065, the local lead agency shall, upon the request of the project applicant, provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. The local lead agency may consult with persons identified by the project applicant who the applicant believes will be concerned with the environmental effects of the project and may consult with members of the public who have made written request to

be consulted on the project. A request by the project applicant for early consultation shall be made not later than 30 days after the date that the determination required by Section 21080.1 was made with respect to the project. The local lead agency may charge and collect a fee from the project applicant in an amount that does not exceed the actual costs of the consultations.

(b) In the case of a project described in subdivision (a) of Section 21065, the lead agency may provide for early consultation to identify the range of actions, alternatives, mitigation measures, and significant effects to be analyzed in depth in the environmental impact report. At the request of the lead agency, the Office of Planning and Research shall ensure that each responsible agency, and any public agency that has jurisdiction by law with respect to the project, is notified regarding any early consultation.

(c) A responsible agency or other public agency shall only make substantive comments regarding those activities involved in a project that are within an area of expertise of the agency or that are required to be carried out or approved by the agency. Those comments shall be supported by specific documentation.

SEC. 5. Section 21159.24 of the Public Resources Code is amended to read:

21159.24. (a) Except as provided in subdivision (b), this division does not apply to a project if all of the following criteria are met:

(1) The project is a residential project on an infill site.

(2) The project is located within an urbanized area.

(3) The project satisfies the criteria of Section 21159.21.

(4) Within five years of the date that the application for the project is deemed complete pursuant to Section 65943 of the Government Code, community-level environmental review was certified or adopted.

(6) The project does not contain more than 100 residential units.

(7) Either of the following criteria are met:

(A) (i) At least 10 percent of the housing is sold to families of moderate income, or not less than 10 percent of the housing is rented to families of low income, or not less than 5 percent of the housing is rented to families of very low income.

(ii) The project developer provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for very low, low-, and moderate-income households at monthly housing costs determined pursuant to paragraph (3) of subdivision (h) of Section 65589.5 of the Government Code.

(B) The project developer has paid or will pay in-lieu fees pursuant to a local ordinance in an amount sufficient to result in the development

of an equivalent number of units that would otherwise be required pursuant to subparagraph (A).

(8) The project is within one-half mile of a major transit stop.

(9) The project does not include any single level building that exceeds 100,000 square feet.

A project with a density of at least 10 units per acre and a density greater than the average density of the residential properties within 1,500 feet shall be presumed to promote higher density housing unless the preponderance of the evidence demonstrates otherwise.

(b) Notwithstanding subdivision (a), this division shall apply to a development project that meets the criteria described in subdivision (a), if any of the following occur:

(1) There is a reasonable possibility that the project will have a project-specific, significant effect on the environment due to unusual circumstances.

(3) New information becomes available regarding the circumstances under which the project is being undertaken and that is related to the project, that was not known, and could not have been known, at the time that community-level environmental review was certified or adopted.

(c) If a project satisfies the criteria described in subdivision (a), but is not exempt from this division as result of satisfying the criteria described in subdivision (b), the analysis of the environmental effects of the project in the environmental impact report or the negative declaration shall be limited to an analysis of the project-specific effect of the projects and any effects identified pursuant to paragraph (2) or (3) of subdivision (b).

(1) No later than 60 days after a land use plan has been submitted to it, the commission shall, after public hearing and by majority vote of those members present, determine whether the land use plan, or a portion thereof applicable to an identifiable geographic area, raises no substantial issue as to conformity with the policies of Chapter 3 (commencing with Section 30200).

If the commission determines that no substantial issue is raised, the land use plan, or portion thereof applicable to an identifiable area, which raises no substantial issue, shall be deemed certified as submitted. The commission shall adopt findings to support its action.

(2) Where the commission determines pursuant to paragraph (1) that one or more portions of a land use plan applicable to one or more identifiable geographic areas raise no substantial issue as to conformity with the policies of Chapter 3 (commencing with Section 30200), the remainder of that land use plan applicable to other identifiable geographic areas shall be deemed to raise one or more substantial issues as to conformity with the policies of Chapter 3 (commencing with Section 30200). The commission shall identify each substantial issue for each geographic area.

(3) The commission shall hold at least one public hearing on the matter or matters that have been identified as substantial issues pursuant to paragraph (2). If a local government requests that the commission not recommend or suggest modifications which, if made, will result in certification, the commission shall refuse certification with the required findings.

(c) The commission shall certify a land use plan, or any amendments thereto, if it finds that a land use plan meets the requirements of, and is in conformity with, the policies of Chapter 3 (commencing with Section 30200). Except as provided in paragraph (1) of subdivision (a), a decision to certify shall require a majority vote of the appointed membership of the commission.

CHAPTER 747

An act to amend Section 1170 of the Penal Code, relating to crime.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare

nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are

circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds both of the following:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) The prisoner or his or her family member or designee may request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, if the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director may make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(5) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(6) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 2. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs

designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report,

other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is medically incapacitated by a medical condition that renders him or her permanently unable to move without assistance, permanently unable to perform activities of daily living such as dressing, eating, ambulating, or maintaining personal hygiene without assistance, or permanently ventilator-dependent.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner meets the criteria of subparagraph (A) or (C) of paragraph (2) shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedure described in paragraph (4). If the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director shall make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one

or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The director shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who meets the criteria of subparagraph (A) or (C) of paragraph (2) is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 3. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders, particularly those who are sole custodial parents of minor dependent children. In implementing this section, the Department of Corrections is encouraged to give priority enrollment in programs to promote

successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is

deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds both of the following:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) The prisoner or his or her family member or designee may request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the

request, if the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director may make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(5) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(6) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 4. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

In implementing this section, the Department of Corrections is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining

term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing.

The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is medically incapacitated by a medical condition that renders him or her permanently unable to move without assistance, permanently unable to perform activities of daily living such as dressing, eating, ambulating, or maintaining personal hygiene without assistance, or permanently ventilator-dependent.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) Any physician employed by the department who determines that a prisoner meets the criteria of subparagraph (A) or (C) of paragraph (2) shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedure described in paragraph (4). If the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director shall make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The director shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that any prisoner who meets the criteria of subparagraph (A) or (C) of paragraph (2) is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

CHAPTER 748

An act to add Section 5781 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that allowing hospitals to contract on behalf of health professionals providing mental health services to Medi-Cal beneficiaries helps increase access to an already strained Medi-Cal program and assists those health professionals in obtaining timely reimbursement for services provided to Medi-Cal beneficiaries. It is the intent of the Legislature, in enacting this act, to reaffirm the importance of Section 2400 of the Business and Professions Code.

SEC. 2. Section 5781 is added to the Welfare and Institutions Code, to read:

5781. (a) Notwithstanding any other provision of law, a mental health plan may enter into a contract for the provision of mental health services for Medi-Cal beneficiaries with a hospital that provides for a per diem reimbursement rate for services that include room and board, routine hospital services, and all hospital-based ancillary services and that provides separately for the attending mental health professional's daily visit fee. The payment of these negotiated reimbursement rates to the hospital by the mental health plan shall be considered payment in full for each day of inpatient psychiatric and hospital care rendered to a Medi-Cal beneficiary, subject to third-party liability and patient share of costs, if any.

(b) This section shall not be construed to allow a hospital to interfere with, control, or otherwise direct the professional judgment of a physician and surgeon in a manner prohibited by Section 2400 of the Business and Professions Code or any other provision of law.

(c) For purposes of this section, ''hospital'' means a hospital that submits reimbursement claims for Medi-Cal psychiatric inpatient hospital services through the Medi-Cal fiscal intermediary as permitted by subdivision (g) of Section 5778.
