An act to amend Sections 656 and 793 of, and to add Sections 656.5, 656.6, and 793.5 to, the Penal Code, relating to former jeopardy.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 656 of the Penal Code is amended to read:

656. Whenever on the trial of an accused person it appears that upon a criminal prosecution under the laws of the United States, or of another state or territory of the United States based upon the act or omission in respect to which he or she is on trial, he or she has been acquitted or convicted, it is a sufficient defense.

SEC. 2. Section 656.5 is added to the Penal Code, to read:

656.5. Any person convicted of a crime based upon an act or omission for which he or she has been acquitted or convicted in another country shall be entitled to credit for any actual time served in custody in a penal institution in that country for the crime, and for any additional time credits that would have actually been awarded had the person been incarcerated in California.

SEC. 3. Section 656.6 is added to the Penal Code, to read:

656.6. No international treaties or laws shall be violated to secure the return of a person who has been convicted in another country of a crime committed in California in order to prosecute the person in California.

SEC. 4. Section 793 of the Penal Code is amended to read:

793. When an act charged as a public offense is within the jurisdiction of the United States, or of another state or territory of the United States, as well as of this state, a conviction or acquittal thereof in that other jurisdiction is a bar to the prosecution or indictment in this state.

SEC. 5. Section 793.5 is added to the Penal Code, to read:

793.5. Any person convicted of a crime based upon an act or omission for which he or she has been acquitted or convicted in another country shall be entitled to credit for any actual time served in custody in a penal institution in that country for the crime.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 512

An act to amend Section 76 of the Penal Code, relating to criminal threats.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 76 of the Penal Code is amended to read:

76. (a) Every person who knowingly and willingly threatens the life of, or threatens serious bodily harm to, any elected public official, county public defender, county clerk, exempt appointee of the Governor, judge, or Deputy Commissioner of the Board of Prison Terms, or the staff, immediate family, or immediate family of the staff of any elected public official, county public defender, county clerk, exempt appointee of the Governor, judge, or Deputy Commissioner of the Board of Prison Terms, with the specific intent that the statement is to be taken as a threat, and the apparent ability to carry out that threat by any means, is guilty of a public offense, punishable as follows:

(1) Upon a first conviction, the offense is punishable by a fine not exceeding five thousand dollars ($5,000), or by imprisonment in the state prison, or in a county jail not exceeding one year, or by both that fine and imprisonment.

(2) If the person has been convicted previously of violating this section, the previous conviction shall be charged in the accusatory pleading, and if the previous conviction is found to be true by the jury upon a jury trial, or by the court upon a court trial, or is admitted by the defendant, the offense is punishable by imprisonment in the state prison.

(b) Any law enforcement agency that has knowledge of a violation of this section involving a constitutional officer of the state, a Member of the Legislature, or a member of the judiciary shall immediately report that information to the Department of the California Highway Patrol.

(c) For purposes of this section, the following definitions shall apply:

(1) ''Apparent ability to carry out that threat'' includes the ability to fulfill the threat at some future date when the person making the threat is an incarcerated prisoner with a stated release date.

(2) ''Serious bodily harm'' includes serious physical injury or serious traumatic condition.

(3) ''Immediate family'' means a spouse, parent, or child, or anyone who has regularly resided in the household for the past six months.

(d) As for threats against staff or immediate family of staff, the threat must relate directly to the official duties of the staff of the elected public official, county public defender, county clerk, exempt appointee of the Governor, judge, or Deputy Commissioner of the Board of Prison Terms in order to constitute a public offense under this section.

(e) A threat must relate directly to the official duties of a Deputy Commissioner of the Board of Prison Terms in order to constitute a public offense under this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 513

An act to add Sections 1798.210, 1798.211, and 1799.112 to the Health and Safety Code, relating to emergency medical services.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1798.210 is added to the Health and Safety Code, to read:

1798.210. (a) The authority may impose an administrative fine of up to two thousand five hundred dollars ($2,500) per violation on any licensed paramedic found to have committed any of the actions described by subdivision (c) of Section 1798.200 that did not result in

actual harm to a patient. Fines may not be imposed if a paramedic has previously been disciplined by the authority for any other act committed within the immediately preceding five-year period.

(b) The authority shall adopt regulations establishing an administrative fine structure, taking into account the nature and gravity of the violation. The administrative fine shall not be imposed in conjunction with a suspension for the same violation, but may be imposed in conjunction with probation for the same violation except when the conditions of the probation require a paramedic's personal time or expense for training, clinical observation, or related corrective instruction.

(c) In assessing the fine, the authority shall give due consideration to the appropriateness of the amount of the fine with respect to factors that include the gravity of the violation, the good faith of the paramedic, the history of previous violations, any discipline imposed by the paramedic's employer for the same occurrence of that conduct, as reported pursuant to Section 1799.112, and the totality of the discipline to be imposed. The imposition of the fine shall be subject to the administrative adjudication provisions set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) If a paramedic does not pay the administrative fine imposed by the authority and chooses not to renew his or her license, the authority may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the authority may have to require a paramedic to pay costs.

(e) In any action for collection of an administrative fine, proof of the authority's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(f) (1) Except as provided in paragraph (2), the authority shall not license or renew the license of any paramedic who has failed to pay an administrative fine ordered under this section.

(2) The authority may, in its discretion, conditionally license or renew for a maximum of one year the license of any paramedic who demonstrates financial hardship and who enters into a formal agreement with the authority to reimburse the authority within that one-year period for the unpaid fine.

(g) All funds recovered under this section shall be deposited into the state General Fund.

(h) Nothing in this section shall preclude the authority from imposing an administrative fine in any stipulated settlement.

(i) For purposes of this section, ''licensed paramedic'' includes a paramedic whose license has lapsed or has been surrendered.

SEC. 2. Section 1798.211 is added to the Health and Safety Code, to read:

1798.211. When making a decision regarding a disciplinary action pursuant to Section 1798.200 or Section 1798.210, the authority, and when applicable the administrative law judge, shall give credit for discipline imposed by the employer and for any immediate suspension imposed by the local EMS agency for the same conduct.

SEC. 3. Section 1799.112 is added to the Health and Safety Code, to read:

1799.112. (a) EMT-P employers shall report in writing to the local EMS agency medical director and the authority and provide all supporting documentation within 30 days of whenever any of the following actions are taken:

(1) An EMT-P is terminated or suspended for disciplinary cause or reason.

(2) An EMT-P resigns following notice of an impending investigation based upon evidence indicating disciplinary cause or reason.

(3) An EMT-P is removed from paramedic duties for disciplinary cause or reason following the completion of an internal investigation.

(b) The reporting requirements of subdivision (a) do not require or authorize the release of information or records of an EMT-P who is also a peace officer protected by Section 832.7 of the Penal Code.

(c) For purposes of this section, ''disciplinary cause or reason'' means only an action that is substantially related to the qualifications, functions, and duties of a paramedic and is considered evidence of a threat to the public health and safety as identified in subdivision (c) of Section 1798.200.

(d) Pursuant to subdivision (i) of Section 1798.24 of the Civil Code, upon notification to the paramedic, the authority may share the results of its investigation into a paramedic's misconduct with the paramedic's employer, prospective employer when requested in writing as part of a preemployment background check, and the local EMS agency.

(e) The information reported or disclosed in this section shall be deemed in the nature of an investigative communication and is exempt from disclosure as a public record by subdivision (f) of Section 6254 of the Government Code.

(f) A paramedic applicant or licensee to whom the information pertains may view the contents, as set forth in subdivision (a) of Section 1798.24 of the Civil Code, of a closed investigation file upon request during the regular business hours of the authority.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 514

An act to amend Section 9250.14 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 9250.14 of the Vehicle Code is amended to read:

9250.14. (a) (1) In addition to any other fees specified in this code and the Revenue and Taxation Code, upon the adoption of a resolution by any county board of supervisors, a fee of one dollar ($1) shall be paid at the time of registration or renewal of registration of every vehicle, except vehicles described in subdivision (a) of Section 5014.1, registered to an address within that county except those expressly exempted from payment of registration fees. The fees, after deduction of the administrative costs incurred by the department in carrying out this section, shall be paid quarterly to the Controller.

(2) In addition to the one dollar ($1) service fee, and upon the implementation of the permanent trailer identification plate program, and as part of the Commercial Vehicle Registration Act of 2001, all commercial motor vehicles subject to Section 9400.1 registered to an owner with an address in the county that established a service authority under this section, shall pay an additional service fee of two dollars ($2).

(b) Notwithstanding Section 13340 of the Government Code, the money paid to the Controller is continuously appropriated, without regard to fiscal years, for the administrative costs of the Controller, and for disbursement by the Controller to each county that has adopted a resolution pursuant to subdivision (a), based upon the number of vehicles registered, or whose registration is renewed, to an address within that county.

(c) Except as otherwise provided in this subdivision, money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local police and prosecutors

to deter, investigate, and prosecute vehicle theft crimes. In any county with a population of 250,000 or less, the money shall be expended exclusively for those vehicle theft crime programs and for the prosecution of crimes involving driving while under the influence of alcohol or drugs, or both, in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 or subdivision (c) of Section 192 of the Penal Code, or any combination of those crimes.

(d) No money collected pursuant to this section shall be expended to offset a reduction in any other source of funds, nor for any purpose not authorized under this section.

(e) Any funds received by a county prior to January 1, 2000, pursuant to this section that are not expended to deter, investigate, or prosecute crimes pursuant to subdivision (c) shall be returned to the Controller, for deposit in the Motor Vehicle Account in the State Transportation Fund. Those funds received by a county shall be expended in accordance with this section.

(f) Each county that adopts a resolution under subdivision (a) shall submit, on or before the 13th day following the end of each quarter, a quarterly expenditure and activity report to the designated statewide Vehicle Theft Investigation and Apprehension Coordinator in the Department of the California Highway Patrol.

(g) A county that imposes a fee under subdivision (a) shall issue a fiscal yearend report to the Controller on or before August 31 of each year summarizing all of the following:

(1) The total revenues received by the county under subdivision (b) for the immediately preceding fiscal year.

(2) The total expenditures by the county under subdivision (c) for the immediately preceding fiscal year.

(3) A summary of vehicle theft abatement activities and other vehicle theft programs funded by the fees collected under this section.

(4) The total number of stolen vehicles recovered and the value of those vehicles during the immediately preceding fiscal year.

(5) The total number of vehicles stolen during the immediately preceding fiscal year as compared to the fiscal year prior to the immediately preceding fiscal year.

(6) Any additional, unexpended fee revenues received under subdivision (b) for the county for the immediately preceding fiscal year.

(h) Each county that fails to submit the report required pursuant to subdivision (g) by November 30 of each year shall have the fee suspended by the Controller for one year, commencing on July 1 following the Controller's determination that a county has failed to submit the report.

(i) (1) On or before January 1, 2006, and on or before January 1 annually thereafter, the Controller shall provide to the Department of the

California Highway Patrol copies of the yearend reports submitted by the counties under subdivision (g), and, in consultation with the Department of the California Highway Patrol, shall review the fiscal yearend reports submitted by each county pursuant to subdivision (g) to determine if fee revenues are being utilized in a manner consistent with this section. If the Controller determines that the use of the fee revenues is not consistent with this section, the Controller shall consult with the participating counties' designated regional coordinators. If the Controller determines that the fee revenues are still not consistent with this section, the authority to collect the fee by that county shall be suspended for one year.

(2) If the Controller determines that a county has not submitted a fiscal yearend report as required in subdivision (g), the authorization to collect the service fee shall be suspended for one year pursuant to subdivision (h).

(3) When the Controller determines that a fee shall be suspended for a county, the Controller shall inform the Department of Motor Vehicles on or before January 1, 2006, and on or before January 1 annually thereafter, that the authority to collect a fee for that county is suspended.

(j) On or before January 1, 2006, and on or before January 1 annually thereafter, the Controller shall prepare and submit to the Legislature a revenue and expenditure summary for each participating county that includes all of the following:

(1) The total revenues received by each county.

(2) The total expenditures by each county.

(3) The unexpended revenues for each county.

(k) The Department of the California Highway Patrol, in consultation with all participating county designated regional coordinators, shall review the effectiveness of reducing vehicle theft crimes that were funded by the fees imposed by this section. The Department of the California Highway Patrol shall provide a report based on that review and, on or before January 1, 2009, shall submit that report to the Legislature.

(*l*) For the purposes of this section, a county designated regional coordinator is that agency designated by the participating county's board of supervisors as the agency in control of its countywide vehicle theft apprehension program.

(m) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute that is enacted on or before January 1, 2010, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

a manufacturer's gross vehicle weight rating of 10,000 pounds or more. The ordinance or resolution relating to parking between the hours of 2 a.m. and 6 a.m. may provide for a system of permits for the purpose of exempting from the prohibition or restriction of the ordinance or resolution, disabled persons, residents, and guests of residents of residential areas, including, but not limited to, high-density and multiple-family dwelling areas, lacking adequate offstreet parking facilities. The ordinance or resolution relating to the parking or standing of commercial vehicles in a residential district, however, shall not be effective with respect to any commercial vehicle, or trailer component thereof, making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted streets or highways or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted streets or highways for which a building permit has previously been obtained.

(b) Subdivision (a) of this section is applicable to vehicles specified in subdivision (a) of Section 31303, except that an ordinance or resolution adopted pursuant to subdivision (a) of this section shall not permit the parking of those vehicles which is otherwise prohibited under this code.

(c) For the purpose of implementing this section, each local authority may, by ordinance, define the term ''residential district'' in accordance with its zoning ordinance. The ordinance is not effective unless the legislative body of the local authority holds a public hearing on the proposed ordinance prior to its adoption, with notice of the public hearing given in accordance with Section 65090 of the Government Code.

SEC. 4. Section 23114 of the Vehicle Code is amended to read:

23114. (a) A vehicle may not be driven or moved on any highway unless the vehicle is so constructed, covered, or loaded as to prevent any of its contents or load other than clear water or feathers from live birds from dropping, sifting, leaking, blowing, spilling, or otherwise escaping from the vehicle.

(b) (1) Aggregate material shall only be carried in the cargo area of a vehicle. The cargo area shall not contain any holes, cracks, or openings through which that material may escape, regardless of the degree to which the vehicle is loaded, except as provided in paragraph (2).

(2) Every vehicle used to transport aggregate materials, regardless of the degree to which the vehicle is loaded, shall be equipped with all of the following:

(A) Properly functioning seals on any openings used to empty the load, including, but not limited to, bottom dump release gates and tailgates.

(B) Splash flaps behind every tire, or set of tires, regardless of position on the truck, truck tractor, or trailer.

(C) Center flaps at a location to the rear of each bottom dump release gate as to trucks or trailers equipped with bottom dump release gates. The center flap may be positioned directly behind the bottom dump release gate and in front of the rear axle of the vehicle, or it may be positioned to the rear of the rear axle in line with the splash flaps required behind the tires. The width of the center flap may extend not more than one inch from one sidewall to the opposite sidewall of the inside tires and shall extend to within five inches of the pavement surface, and may be not less than 24 inches from the bottom edge to the top edge of that center flap.

(D) Fenders starting at the splash flap with the leading edge of the fenders extending forward at least six inches beyond the center of the axle which cover the tops of tires not already covered by the truck, truck tractor, or trailer body.

(E) Complete enclosures on all vertical sides of the cargo area, including, but not limited to, tailgates.

(F) Shed boards designed to prevent aggregate materials from being deposited on the vehicle body during top loading.

(c) Vehicles comprised of full rigid enclosures are exempt only from subparagraphs (C) and (F) of paragraph (2) of subdivision (b).

(d) For purposes of this section, ''aggregate material'' means rock fragments, pebbles, sand, dirt, gravel, cobbles, crushed base, asphalt, and other similar materials.

(e) (1) In addition to subdivisions (a) and (b), a vehicle may not transport any aggregate material upon a highway unless the material is covered.

(2) Vehicles transporting loads composed entirely of asphalt material are exempt only from the provisions of this section requiring that loads be covered.

(3) Vehicles transporting loads composed entirely of petroleum coke material are not required to cover their loads if they are loaded using safety procedures, specialized equipment, and a chemical surfactant designed to prevent materials from blowing, spilling, or otherwise escaping from the vehicle.

(4) Vehicles transporting loads of aggregate materials are not required to cover their loads if the load, where it contacts the sides, front, and back of the cargo container area, remains six inches from the upper edge of the container area, and if the load does not extend, at its peak, above any part of the upper edge of the cargo container area.

(f) Any person who provides a location for vehicles to be loaded with any aggregate material or any other material shall provide a location for vehicle operators to comply with this section before entering a highway.

(1) A person is exempt from the requirements of this subdivision if the location that he or she provides for vehicles to be loaded with the materials described in this subdivision has 100 yards or less between the scale houses where the trucks carrying aggregate material are weighed and the point of egress to a public road.

(2) A driver of a vehicle loaded with aggregate material leaving locations exempted from the requirements of this subdivision is authorized to operate on public roads only until that driver is able to safely cover the load at a site near the location's point of egress to the public road. Except as provided under paragraph (4) of subdivision (e), an uncovered vehicle described in this paragraph may not operate more than 200 yards from the point of egress to the public road.

SEC. 5. Section 34501.12 of the Vehicle Code is amended to read:

34501.12. (a) Notwithstanding Section 408, as used in this section and Sections 34505.5 and 34505.6, ''motor carrier'' means the registered owner of any vehicle described in subdivision (a), (b), (e), (f), or (g) of Section 34500, except in the following circumstances:

(1) The registered owner leases the vehicle to another person for a term of more than four months. If the lease is for more than four months, the lessee is the motor carrier.

(2) The registered owner operates the vehicle exclusively under the authority and direction of another person. If the operation is exclusively under the authority and direction of another person, that other person may assume the responsibilities as the motor carrier. If not so assumed, the registered owner is the motor carrier. A person who assumes the motor carrier responsibilities of another pursuant to subdivision (b) shall provide to that other person whose motor carrier responsibility is so assumed, a completed copy of a departmental form documenting that assumption, stating the period for which responsibility is assumed, and signed by an agent of the assuming person. A legible copy shall be carried in each vehicle or combination of vehicles operated on the highway during the period for which responsibility is assumed. That copy shall be presented upon request by any authorized employee of the department. The original completed departmental form documenting the assumption shall be provided to the department within 30 days of the assumption. If the assumption of responsibility is terminated, the person who had assumed responsibility shall so notify the department in writing within 30 days of the termination.

(b) (1) A motor carrier may combine two or more terminals that are not subject to an unsatisfactory compliance rating within the last 36 months for purposes of the inspection required by subdivision (d) subject to all of the following conditions:

(A) The carrier identifies to the department, in writing, each terminal proposed to be included in the combination of terminals for purposes of

this subdivision prior to an inspection of the designated terminal pursuant to subdivision (d).

(B) The carrier provides the department, prior to the inspection of the designated terminal pursuant to subdivision (d), a written listing of all its vehicles of a type subject to subdivision (a), (b), (e), (f), or (g) of Section 34500 that are based at each of the terminals combined for purposes of this subdivision. The listing shall specify the number of vehicles of each type at each terminal.

(C) The carrier provides to the department at the designated terminal during the inspection all maintenance records and driver records and a representative sample of vehicles based at each of the terminals included within the combination of terminals.

(2) If the carrier fails to provide the maintenance records, driver records, and representative sample of vehicles pursuant to subparagraph (C) of paragraph (1), the department shall assign the carrier an unsatisfactory terminal rating and require a reinspection to be conducted pursuant to subdivision (h).

(3) For purposes of this subdivision, the following terms have the meanings given:

(A) ''Driver records'' includes pull notice system records, driver proficiency records, and driver timekeeping records.

(B) ''Maintenance records'' includes all required maintenance, lubrication, and repair records and drivers' daily vehicle condition reports.

(C) ''Representative sample'' means the following, applied separately to the carrier's fleet of motortrucks and truck tractors and its fleet of trailers:

Fleet Size	Representative Sample
1 or 2	All
3 to 8	3
9 to 15	4
16 to 25	6
26 to 50	9
51 to 90	14
91 or more	20

(c) Each motor carrier who, in this state, directs the operation of, or maintains, any vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where vehicles can be inspected by the department pursuant to paragraph (4) of subdivision (a) of Section 34501 and where vehicle

inspection and maintenance records and driver records will be made available for inspection.

(d) (1) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515, of any motor carrier who, at any time, operates any vehicle described in subdivision (a).

(2) The department shall place an inspection priority on those terminals operating vehicles listed in subdivision (g) of Section 34500.

(3) As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,000 pounds, but does not include a pickup truck, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste transporter registration is required pursuant to Section 25163 of the Health and Safety Code. Historical vehicles, as described in Section 5004, vehicles that display special identification plates in accordance with Section 5011, implements of husbandry and farm vehicles, as defined in Chapter 1 (commencing with Section 36000) of Division 16, and vehicles owned or operated by an agency of the federal government are not subject to this section or to Sections 34505.5 and 34505.6.

(e) (1) It is the responsibility of the motor carrier to schedule with the department the inspection required by subdivision (d). The motor carrier shall submit an application form supplied by the department, accompanied by the required fee. The initial fee, which is nonrefundable, for a carrier that initially enrolls into the program, is six hundred fifty dollars ($650) per terminal. The initial fee is four hundred dollars ($400) for a motor carrier that owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles subject to this section. The renewal fee, which is nonrefundable, is four hundred dollars ($400) per terminal, except in the case of a motor carrier who owns, leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles subject to this section, for which the fee shall be one hundred dollars ($100). Federal, state, and local public entities are exempt from the fee requirements of this section.

(2) Except as provided in paragraph (4), the inspection term for each inspected terminal of a motor carrier shall expire 25 months from the date the terminal receives a satisfactory compliance rating, as specified in subdivision (h). Applications and fees for subsequent inspections shall be submitted not earlier than nine months and not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is

unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(3) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(4) To avoid the scheduling of a renewal terminal inspection pursuant to this section during a carrier's seasonal peak business periods, the current inspection term of a terminal that has paid all required fees and has been rated satisfactory in its last inspection may be reduced by not more than nine months if a written request is submitted by the carrier to the department at least four months prior to the desired inspection month, or at the time of payment of renewal inspection fees in compliance with paragraph (2), whichever date is earlier. A motor carrier may request this adjustment of the inspection term during any inspection cycle. A request made pursuant to this paragraph shall not result in a fee proration and does not relieve the carrier from the requirements of paragraph (2).

(f) It is unlawful for a motor carrier to operate any vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by subdivision (e) or (h).

(g) It is unlawful for any motor carrier to operate any vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (d) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(h) (1) Any inspected terminal that receives an unsatisfactory compliance rating shall be reinspected within 120 days after the issuance of the unsatisfactory compliance rating.

(2) A terminal's first required reinspection under this subdivision shall be without charge unless one or more of the following is established:

(A) The motor carrier's operation presented an imminent danger to public safety.

(B) The motor carrier was not in compliance with the requirement to enroll all drivers in the pull notice program pursuant to Section 1808.1.

(C) The motor carrier failed to provide all required records and vehicles for a consolidated inspection pursuant to subdivision (b).

(3) If the unsatisfactory rating was assigned for any of the reasons set forth in paragraph (2), the carrier shall submit the required fee as provided in paragraph (4).

(4) Applications for reinspection pursuant to paragraph (3) or for second and subsequent consecutive reinspections under this subdivision shall be accompanied by the fee specified in paragraph (1) of subdivision (e) and shall be filed within 60 days of issuance of the unsatisfactory compliance rating. The reinspection fee is nonrefundable.

(5) When a motor carrier's Motor Carrier of Property Permit or Public Utilities Commission operating authority is suspended as a result of an unsatisfactory compliance rating, the department shall conduct no reinspection until requested to do so by the Department of Motor Vehicles or the Public Utilities Commission, as appropriate.

(i) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period, not to exceed six months, the inspection terms beginning prior to July 1, 1990.

(j) To encourage motor carriers to attain continuous satisfactory compliance ratings, the department may establish and implement an incentive program consisting of the following:

(1) After the second consecutive satisfactory compliance rating assigned to a motor carrier terminal as a result of an inspection conducted pursuant to subdivision (d), and after each consecutive satisfactory compliance rating thereafter, an appropriate certificate, denoting the number of consecutive satisfactory ratings, shall be awarded to the terminal, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the consecutive inspections conducted under subdivision (d), or the motor carrier is rated unsatisfactory by the department following a controlled substances and alcohol testing program inspection. The certificate authorized under this paragraph shall not be awarded for performance in the administrative review authorized under paragraph (2). However, the certificate shall include a reference to any administrative reviews conducted during the period of consecutive satisfactory compliance ratings.

(2) Unless the department's evaluation of the motor carrier's safety record indicates a declining level of compliance, a terminal that has attained two consecutive satisfactory compliance ratings assigned following inspections conducted pursuant to subdivision (d) is eligible for an administrative review in lieu of the next required inspection, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the

consecutive inspections conducted under subdivision (d). An administrative review shall consist of all of the following:

(A) A signed request by a terminal management representative requesting the administrative review in lieu of the required inspection containing a promise to continue to maintain a satisfactory level of compliance for the next 25-month inspection term.

(B) A review with a terminal management representative of the carrier's record as contained in the department's files. If a terminal has been authorized a second consecutive administrative review, the review required under this subparagraph is optional, and may be omitted at the carrier's request.

(C) Absent any cogent reasons to the contrary, upon completion of the requirements of subparagraphs (A) and (B), the safety compliance rating assigned during the last required inspection shall be extended for 25 months.

(3) Not more than two administrative reviews may be conducted consecutively. At the completion of the 25-month inspection term following a second administrative review, a terminal inspection shall be conducted pursuant to subdivision (d). If this inspection results in a satisfactory compliance rating, the terminal shall again be eligible for an administrative review in lieu of the next required inspection. If the succession of satisfactory ratings is interrupted by any rating of other than satisfactory, irrespective of the reason for the inspection, the terminal shall again attain two consecutive satisfactory ratings to become eligible for an administrative review.

(4) As a condition for receiving the administrative reviews authorized under this subdivision in lieu of inspections, and in order to ensure that compliance levels remain satisfactory, the motor carrier shall agree to accept random, unannounced inspections by the department.

(k) This section shall be known and may be cited as the Biennial Inspection of Terminals Program or BIT.

CHAPTER 519

An act to amend Section 115825 of, and to add and repeal Section 115843.5 of, the Health and Safety Code, relating to drinking water.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 115825 of the Health and Safety Code is amended to read:

115825. (a) It is hereby declared to be the policy of this state that multiple use should be made of all public water within the state, to the extent that multiple use is consistent with public health and public safety.

(b) Except as provided in this article, recreational uses shall not, with respect to a reservoir in which water is stored for domestic use, include recreation in which there is bodily contact with the water by any participant.

SEC. 2. Section 115843.5 is added to the Health and Safety Code, to read:

115843.5. (a) In the Canyon Lake Reservoir, recreational uses shall not include recreation in which any participant has bodily contact with the water, unless both of the following conditions are satisfied:

(1) The water subsequently receives complete water treatment, in compliance with all applicable department regulations, including coagulation, flocculation, sedimentation, filtration, and disinfection, before being used for domestic purposes. The disinfection shall include, but is not limited to, an advanced technology capable of inactivating organisms, including, but not limited to, viruses, cryptosporidium, and giardia, to levels that comply with department regulations. By January 1, 2006, the disinfection shall include, but not be limited to, ozonation or ultraviolet disinfection in compliance with the federal Environmental Protection Agency Long-Term 2 Enhanced Surface Water Treatment regulations.

(2) The reservoir is operated in compliance with regulations of the department.

(b) The recreational use may be subject to additional conditions and restrictions adopted by the entity operating the water supply reservoir or required by the department, if those conditions and restrictions do not conflict with regulations of the department, and are required to further protect or enhance the public health and safety. The department shall, prior to requiring any additional conditions and restrictions, consult with the entity operating the water supply reservoir regarding the proposed conditions and restrictions at least 60 days prior to the effective date of those conditions or restrictions.

(c) The Elsinore Valley Municipal Water District shall, by January 1, 2007, file a report with the Legislature on the recreational uses at Canyon Lake Reservoir and the water treatment program. The report shall include, but not necessarily be limited to, all of the following information:

(1) Participation in watershedwide activities to improve water quality in the Canyon Lake Reservoir.

(2) Annual results of volatile organic compounds, general minerals, and nutrients testing results provided to the department.

(3) A summary of available monitoring in the Canyon Lake Reservoir provided to the department for giardia and cryptosporidium.

(4) The most current sanitary survey of the watershed and water quality monitoring plan.

(5) A summary of monthly reports provided to the department on intake water bacteria and water quality.

(6) A summary of monthly reports provided to the department on water usage in Canyon Lake Reservoir.

(7) An evaluation of the impact on source water quality due to recreational activities on the Canyon Lake Reservoir, including any microbiological monitoring, and a summary of monthly reports provided to the department on treatment plant performance.

(8) A summary of activities between Elsinore Valley Municipal Water District and the Canyon Lake Property Owners Association for operation of recreational uses and facilities in a manner that optimizes the water quality.

(9) The reservoir management plan and the operations plan.

(10) The annual water quality reports submitted to consumers each year.

(d) If there is a change in operation of the treatment facility or a change in the quantity of water to be treated at the treatment facility, the department may require the Elsinore Valley Municipal Water District to file a report that includes, but is not limited to, the information required pursuant to subdivision (c), and the district shall demonstrate to the satisfaction of the department that water quality will not be adversely affected.

(e) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances in the Elsinore Valley Municipal Water District. The facts constituting the special circumstances are:

Recreational activities have occurred at Canyon Lake Reservoir pursuant to an agreement between the Elsinore Valley Municipal Water District and the Canyon Lake Property Owners Association, the district and association have coordinated activities to ensure that drinking water is not affected by these recreational activities, drinking water has been provided by the district since 1957 when the water treatment plant was

constructed, major upgrades were added to the treatment plant in 1995, the district will continue to increase water treatment through new water treatment projects at the reservoir in order for bodily contact to continue, and the district will provide information to the Legislature regarding certain issues to ensure that any recreational uses at the reservoir do not affect the provision of domestic water to district customers.

CHAPTER 520

An act to amend Sections 706.034 and 1532 of the Code of Civil Procedure, to amend Section 5235 of the Family Code, to amend Sections 12461 and 12464 of, and to add Section 16582 to, the Government Code, and to amend Section 3088 of the Probate Code, relating to the Controller.

[Approved by Governor September 14, 2004. Filed with Secretary of State September 14, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 706.034 of the Code of Civil Procedure is amended to read:

706.034. The employer may deduct from the earnings of the employee the sum of one dollar and fifty cents ($1.50) for each payment made in accordance with an earnings withholding order issued pursuant to this chapter.

SEC. 2. Section 1532 of the Code of Civil Procedure is amended to read:

1532. (a) Every person filing a report as provided by Section 1530 shall pay or deliver to the Controller all escheated property specified in the report at the same time the report is filed. On and after January 1, 1997, a payment of unclaimed cash in an amount of at least twenty thousand dollars ($20,000) shall be made by electronic funds transfer pursuant to regulations adopted by the Controller.

(b) The holder of any interest under subdivision (b) of Section 1516 shall deliver a duplicate certificate to the Controller or shall register the securities in uncertificated form in the name of the Controller. Upon delivering a duplicate certificate or providing evidence of registration of the securities in uncertificated form to the Controller, the holder, any transfer agent, registrar, or other person acting for or on behalf of the holder in executing or delivering the duplicate certificate or registering the uncertificated securities, shall be relieved from all liability of every kind to any person including, but not limited to, any person acquiring the

original certificate or the duplicate of the certificate issued to the Controller for any losses or damages resulting to that person by the issuance and delivery to the Controller of the duplicate certificate or the registration of the uncertificated securities to the Controller.

(c) Payment of any intangible property to the Controller shall be made at the office of the Controller in Sacramento or at another location as the Controller by regulation may designate. Except as otherwise agreed by the Controller and the holder, tangible personal property shall be delivered to the Controller at the place where it is held.

(d) Payment is deemed complete on the date the electronic funds transfer is initiated if the settlement to the state's demand account occurs on or before the banking day following the date the transfer is initiated. If the settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed to occur on the date settlement occurs.

(e) Any person required to pay cash by electronic funds transfer who makes the payment by means other than an authorized electronic funds transfer shall be liable for a civil penalty of 2 percent of the amount of the payment that is due pursuant to this section, in addition to any other penalty provided by law. Penalties are due at the time of payment. If the Controller finds that a holder's failure to make payment by an appropriate electronic funds transfer in accordance with the Controller's procedures is due to reasonable cause and circumstances beyond the holder's control, and occurred notwithstanding the exercise of ordinary care and in the absence of willful neglect, that holder shall be relieved of the penalties.

(f) An electronic funds transfer shall be accomplished by an automated clearinghouse debit, an automated clearinghouse credit, a Federal Reserve Wire Transfer (Fedwire), or by an international funds transfer. Banking costs incurred for the automated clearinghouse debit transaction by the holder shall be paid by the state. Banking costs incurred by the state for the automated clearinghouse credit transaction may be paid by the holder originating the credit. Banking costs incurred for the Fedwire transaction charged to the holder and the state shall be paid by the person originating the transaction. Banking costs charged to the holder and to the state for an international funds transfer may be charged to the holder.

(g) For purposes of this section:

(1) ''Electronic funds transfer'' means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephonic instrument, modem, computer, or magnetic tape, so as to order, instruct, or authorize a financial institution to credit or debit an account.

(2) ''Automated clearinghouse'' means any federal reserve bank, or an organization established by agreement with the National Automated Clearing House Association, that operates as a clearinghouse for transmitting or receiving entries between banks or bank accounts and that authorizes an electronic transfer of funds between those banks or bank accounts.

(3) ''Automated clearinghouse debit'' means a transaction in which the state, through its designated depository bank, originates an automated clearinghouse transaction debiting the holder's bank account and crediting the state's bank account for the amount of payment.

(4) ''Automated clearinghouse credit'' means an automated clearinghouse transaction in which the holder, through its own bank, originates an entry crediting the state's bank account and debiting the holder's bank account.

(5) ''Fedwire'' means any transaction originated by the holder and utilizing the national electronic payment system to transfer funds through federal reserve banks, pursuant to which the holder debits its own bank account and credits the state's bank account.

(6) ''International funds transfer'' means any transaction originated by the holder and utilizing the international electronic payment system to transfer funds, pursuant to which the holder debits its own bank account, and credits the funds to a United States bank that credits the Unclaimed Property Fund.

SEC. 3. Section 5235 of the Family Code is amended to read:

5235. (a) The employer shall continue to withhold and forward support as required by the assignment order until served with notice terminating the assignment order. If an employer withholds support as required by the assignment order, the obligor shall not be held in contempt or subject to criminal prosecution for nonpayment of the support that was withheld by the employer but not received by the obligee. If the employer withheld the support but failed to forward the payments to the obligee, the employer shall be liable for the payments, including interest, as provided in Section 5241.

(b) Within 10 days of service of a substitution of payee on the employer, the employer shall forward all subsequent support to the governmental entity or other payee that sent the substitution.

(c) The employer shall send the amounts withheld to the obligee within the timeframe specified in federal law and shall report to the obligee the date on which the amount was withheld from the obligor's wages.

(d) The employer may deduct from the earnings of the employee the sum of one dollar and fifty cents ($1.50) for each payment made pursuant to the order.

(e) Once the State Disbursement Unit as required by Section 17309 is operational, the employer shall send all earnings withheld pursuant to this chapter to the State Disbursement Unit instead of the obligee.

SEC. 4. Section 12461 of the Government Code is amended to read:

12461. The Controller's annual report shall include:

(a) General Purpose Financial Statements prepared in accordance with Section 12460 and ''Generally Accepted Accounting Principles.''

(b) Tabular statements showing:

(3) The receipts, disbursements, and closing balances of each fund in the State Treasury for the preceding fiscal year.

SEC. 5. Section 12464 of the Government Code is amended to read:

12464. (a) If the county, city, or district reports are not made in the time, form, and manner required or there is reason to believe that a report is false, incomplete, or incorrect, the Controller shall appoint a qualified accountant to make an investigation and to obtain the information required. The accountant appointed shall report to the Controller the results of investigation, and a copy shall be filed with the legislative body of the county, city, or district, the accounts of which were investigated. If a similar investigation has to be made of the accounts of any county, city, or district, for two successive years, a certified copy of the results of the investigation last made shall be transmitted to the grand jury of the county that was investigated or in which the city or district investigated is situated, or, if the district is situated in more than one county, in the county in which any portion of the district is situated.

(b) Any costs incurred by the Controller pursuant to subdivision (a), including contracts with, or employment of, certified public accountants or public accountants, in compiling a financial report pursuant to Section 12463 or 12463.3 shall be borne by the county, city, district, or redevelopment agency, and shall be a charge against any unencumbered funds of the county, city, district, or redevelopment agency. Any forfeiture imposed by Section 53895 or 53895.5 may be offset up to the

total costs incurred by the Controller. Any remaining balance shall be forfeited in accordance with Sections 53895 and 53895.5. Any costs incurred by the Controller in excess of the forfeiture imposed shall be a charge against any unencumbered funds of the county, city, district, or redevelopment agency.

SEC. 6. Section 16582 is added to the Government Code, to read:

16582. Within the uniform state payroll system, the Controller may, for each participant, disregard errors of twenty-five dollars ($25) or less in individual accounts receivable, if he or she has determined that time and expense will be saved in doing so.

SEC. 7. Section 3088 of the Probate Code is amended to read:

3088. (a) The court may order the spouse who has the management or control of community property to apply the income or principal, or both, of the community property to the support and maintenance of the conservatee, including care, treatment, and support of a conservatee who is a patient in a state hospital under the jurisdiction of the State Department of Mental Health or the State Department of Developmental Services, as ordered by the court.

(b) In determining the amount ordered for support and maintenance, the court shall consider the following circumstances of the spouses:

(1) The earning capacity and needs of each spouse.

(2) The obligations and assets, including the separate property, of each spouse.

(3) The duration of the marriage.

(4) The age and health of the spouses.

(5) The standard of living of the spouses.

(6) Any other relevant factors which it considers just and equitable.

(c) At the request of any interested person, the court shall make appropriate findings with respect to the circumstances.

(d) The court may order the spouse who has the management or control of community property to make a specified monthly or other periodic payment to the conservator of the person of the conservatee or to any other person designated in the order. The court may order the spouse required to make the periodic payments to give reasonable security therefor.

(e) (1) The court may order the spouse required to make the periodic payments to assign, to the person designated in the order to receive the payments, that portion of the earnings of the spouse due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support and maintenance of the conservatee. The order operates as an assignment and is binding upon any existing or future employer upon whom a copy of the order is served. The order shall be in the form of an earnings assignment order for support prescribed by the Judicial Council for use in family law proceedings. The employer may deduct the sum of

one dollar and fifty cents ($1.50) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any execution or other assignment unless otherwise ordered by the court or unless the other assignment is made pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code. No employer shall use any assignment authorized by this subdivision as grounds for the dismissal of that employee.

(2) As used in this subdivision, ''employer'' includes the United States government and any public entity as defined in Section 811.2 of the Government Code. This subdivision applies to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that those moneys and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(f) The court retains jurisdiction to modify or to vacate an order made under this section where justice requires, except as to any amount that may have accrued prior to the date of the filing of the petition to modify or revoke the order. At the request of any interested person, the order of modification or revocation shall include findings of fact and may be made retroactive to the date of the filing of the petition to revoke or modify, or to any date subsequent thereto. At least 15 days before the hearing on the petition to modify or vacate the order, the petitioner shall mail a notice of the time and place of the hearing on the petition, accompanied by a copy of the petition, to the spouse who has the management or control of the community property. Notice shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1 to any other persons entitled to notice of the hearing under that chapter.

(g) In a proceeding for dissolution of the marriage or for legal separation, the court has jurisdiction to modify or vacate an order made under this section to the same extent as it may modify or vacate an order made in the proceeding for dissolution of the marriage or for legal separation.

CHAPTER 524

An act to add and repeal Section 76104.1 of the Government Code, to amend, repeal, and add Section 1797.98e of the Health and Safety Code, and to add and repeal Section 42007.5 of the Vehicle Code, relating to emergency medical services.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 76104.1 is added to the Government Code, to read:

76104.1. (a) Except as provided in subdivision (d), and notwithstanding any other provision of law, for purposes of supporting emergency medical services pursuant to Chapter 2.5 (commencing with Section 1797.98a) of Division 2.5 of the Health and Safety Code, in Santa Barbara County, a penalty of five dollars ($5.00) for every ten dollars ($10.00), or fraction thereof, shall be imposed on every fine, penalty, or forfeiture collected for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except parking offenses subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. This penalty assessment shall be collected together with and in the same manner as the amount established by Section 1464 of the Penal Code.

(b) Notwithstanding any other provision of law, for the purposes of supporting emergency medical services pursuant to Chapter 2.5 (commencing with Section 1797.98a) of Division 2.5 of the Health and Safety Code, in Santa Barbara County, for every parking offense, as defined in subdivision (i) of Section 1463 of the Penal Code, where a

parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture, together with and in the same manner as the amount established pursuant to subdivision (b) of Section 76000.

(c) The moneys collected pursuant to this section shall be held by the county treasurer in the same manner, and shall be payable for the same purposes, described in subdivision (e) of Section 76104.

(d) (1) Notwithstanding any provision of law to the contrary, in the County of Santa Barbara, the distribution set forth in subparagraph (B) of paragraph (5) of subdivision (b) of Section 1797.98a shall, instead, be 42 percent of the fund to hospitals providing disproportionate trauma and emergency medical services to uninsured patients who do not make any payment for services.

(2) Notwithstanding any provision of law to the contrary, in the County of Santa Barbara, the 17 percent distribution set forth in subparagraph (C) of paragraph (5) of subdivision (b) of Section 1797.98a shall not apply.

(e) This section shall be implemented only if the Santa Barbara County Board of Supervisors adopts a resolution stating that implementation of this section is necessary to the county for purposes of providing payment for emergency medical services.

(f) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 1797.98e of the Health and Safety Code is amended to read:

1797.98e. (a) It is the intent of the Legislature that a simplified, cost-efficient system of administration of this chapter be developed so that the maximum amount of funds may be utilized to reimburse physicians and surgeons and for other emergency medical services purposes. The administering agency shall select an administering officer and shall establish procedures and time schedules for the submission and processing of proposed reimbursement requests submitted by physicians and surgeons. The schedule shall provide for disbursements of moneys in the Emergency Medical Services Fund on at least a quarterly basis to applicants who have submitted accurate and complete data for payment. When the administering agency determines that claims for payment for physician and surgeon services are of sufficient numbers and amounts that, if paid, the claims would exceed the total amount of funds available for payment, the administering agency shall fairly prorate, without preference, payments to each claimant at a level less than the maximum payment level. Each administering agency may encumber sufficient funds during one fiscal year to reimburse claimants for losses incurred during that fiscal year for which claims will not be

received until after the fiscal year. The administering agency may, as necessary, request records and documentation to support the amounts of reimbursement requested by physicians and surgeons and the administering agency may review and audit the records for accuracy. Reimbursements requested and reimbursements made that are not supported by records may be denied to, and recouped from, physicians and surgeons. Physicians and surgeons found to submit requests for reimbursement that are inaccurate or unsupported by records may be excluded from submitting future requests for reimbursement. The administering officer shall not give preferential treatment to any facility, physician and surgeon, or category of physician and surgeon and shall not engage in practices that constitute a conflict of interest by favoring a facility or physician and surgeon with which the administering officer has an operational or financial relationship. A hospital administrator of a hospital owned or operated by a county of a population of 250,000 or more as of January 1, 1991, or a person under the direct supervision of that person, shall not be the administering officer. The board of supervisors of a county or any other county agency may serve as the administering officer. The administering officer shall solicit input from physicians and surgeons and hospitals to review payment distribution methodologies to ensure fair and timely payments. This requirement may be fulfilled through the establishment of an advisory committee with representatives comprised of local physicians and surgeons and hospital administrators. In order to reduce the county's administrative burden, the administering officer may instead request an existing board, commission, or local medical society, or physicians and surgeons and hospital administrators, representative of the local community, to provide input and make recommendations on payment distribution methodologies.

(b) Each provider of health services that receives payment under this chapter shall keep and maintain records of the services rendered, the person to whom rendered, the date, and any additional information the administering agency may, by regulation, require, for a period of three years from the date the service was provided. The administering agency shall not require any additional information from a physician and surgeon providing emergency medical services that is not available in the patient record maintained by the entity listed in subdivision (f) where the emergency medical services are provided, nor shall the administering agency require a physician and surgeon to make eligibility determinations.

(c) During normal working hours, the administering agency may make any inspection and examination of a hospital's or physician and surgeon's books and records needed to carry out the provisions of this

chapter. A provider who has knowingly submitted a false request for reimbursement shall be guilty of civil fraud.

(d) Nothing in this chapter shall prevent a physician and surgeon from utilizing an agent who furnishes billing and collection services to the physician and surgeon to submit claims or receive payment for claims.

(e) All payments from the fund pursuant to Section 1797.98c to physicians and surgeons shall be limited to physicians and surgeons who, in person, provide onsite services in a clinical setting, including, but not limited to, radiology and pathology settings.

(f) All payments from the fund shall be limited to claims for care rendered by physicians and surgeons to patients who are initially medically screened, evaluated, treated, or stabilized in any of the following:

(1) A basic or comprehensive emergency department of a licensed general acute care hospital.

(2) A site that was approved by a county prior to January 1, 1990, as a paramedic receiving station for the treatment of emergency patients.

(3) A standby emergency department that was in existence on January 1, 1989, in a hospital specified in Section 124840.

(4) For the 1991–92 fiscal year and each fiscal year thereafter, a facility which contracted prior to January 1, 1990, with the National Park Service to provide emergency medical services.

(g) Payments shall be made only for emergency medical services provided on the calendar day on which emergency medical services are first provided and on the immediately following two calendar days.

(h) Notwithstanding subdivision (g), if it is necessary to transfer the patient to a second facility providing a higher level of care for the treatment of the emergency condition, reimbursement shall be available for services provided at the facility to which the patient was transferred on the calendar day of transfer and on the immediately following two calendar days.

(i) Payment shall be made for medical screening examinations required by law to determine whether an emergency condition exists, notwithstanding the determination after the examination that a medical emergency does not exist. Payment shall not be denied solely because a patient was not admitted to an acute care facility. Payment shall be made for services to an inpatient only when the inpatient has been admitted to a hospital from an entity specified in subdivision (f).

(j) The administering agency shall compile a quarterly and yearend summary of reimbursements paid to facilities and physicians and surgeons. The summary shall include, but shall not be limited to, the total number of claims submitted by physicians and surgeons in aggregate from each facility and the amount paid to each physician and surgeon. The administering agency shall provide copies of the summary

and forms and instructions relating to making claims for reimbursement to the public, and may charge a fee not to exceed the reasonable costs of duplication.

(k) Each county shall establish an equitable and efficient mechanism for resolving disputes relating to claims for reimbursements from the fund. The mechanism shall include a requirement that disputes be submitted either to binding arbitration conducted pursuant to arbitration procedures set forth in Chapter 3 (commencing with Section 1282) and Chapter 4 (commencing with Section 1285) of Part 3 of Title 9 of the Code of Civil Procedure, or to a local medical society for resolution by neutral parties.

(*l*) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 3. Section 1797.98e is added to the Health and Safety Code, to read:

1797.98e. (a) It is the intent of the Legislature that a simplified, cost-efficient system of administration of this chapter be developed so that the maximum amount of funds may be utilized to reimburse physicians and surgeons and for other emergency medical services purposes. The administering agency shall select an administering officer and shall establish procedures and time schedules for the submission and processing of proposed reimbursement requests submitted by physicians and surgeons. When the administering agency determines that claims for payment for physician and surgeon services are of sufficient numbers and amounts that, if paid, the claims would exceed the total amount of funds available for payment, the administering agency shall fairly prorate, without preference, payments to each claimant at a level less than the maximum payment level. Each administering agency may encumber sufficient funds during one fiscal year to reimburse claimants for losses incurred during that fiscal year for which claims will not be received until after the fiscal year. The administering agency may, as necessary, request records and documentation to support the amounts of reimbursement requested by physicians and surgeons and the administering agency may review and audit the records for accuracy. Reimbursements requested and reimbursements made that are not supported by records may be denied to, and recouped from, physicians and surgeons. Physicians and surgeons found to submit requests for reimbursement that are inaccurate or unsupported by records may be excluded from submitting future requests for reimbursement. The administering officer shall not give preferential treatment to any facility,

physician and surgeon, or category of physician and surgeon and shall not engage in practices that constitute a conflict of interest by favoring a facility or physician and surgeon with which the administering officer has an operational or financial relationship. A hospital administrator of a hospital owned or operated by a county of a population of 250,000 or more as of January 1, 1991, or a person under the direct supervision of that person, shall not be the administering officer. The board of supervisors of a county or any other county agency may serve as the administering officer. The administering officer shall solicit input from physicians and surgeons and hospitals to review payment distribution methodologies to ensure fair and timely payments. This requirement may be fulfilled through the establishment of an advisory committee with representatives comprised of local physicians and surgeons and hospital administrators. In order to reduce the county's administrative burden, the administering officer may instead request an existing board, commission, or local medical society, or physicians and surgeons and hospital administrators, representative of the local community, to provide input and make recommendations on payment distribution methodologies.

(b) Each provider of health services that receives payment under this chapter shall keep and maintain records of the services rendered, the person to whom rendered, the date, and any additional information the administering agency may, by regulation, require, for a period of three years from the date the service was provided. The administering agency shall not require any additional information from a physician and surgeon providing emergency medical services that is not available in the patient record maintained by the entity listed in subdivision (f) where the medical services are provided, nor shall the administering agency require a physician and surgeon to make eligibility determinations.

(c) During normal working hours, the administering agency may make any inspection and examination of a hospital's or physician and surgeon's books and records needed to carry out the provisions of this chapter. A provider who has knowingly submitted a false request for reimbursement shall be guilty of civil fraud.

(d) Nothing in this chapter shall prevent a physician and surgeon from utilizing an agent who furnishes billing and collection services to the physician and surgeon to submit claims or receive payment for claims.

(e) All payments from the fund pursuant to Section 1797.98c to physicians and surgeons shall be limited to physicians and surgeons who, in person, provide onsite services in a clinical setting, including, but not limited to, radiology and pathology settings.

(f) All payments from the fund shall be limited to claims for care rendered by physicians and surgeons to patients who are initially

medically screened, evaluated, treated, or stabilized in any of the following:

(1) A basic or comprehensive emergency department of a licensed general acute care hospital.

(2) A site that was approved by a county prior to January 1, 1990, as a paramedic receiving station for the treatment of emergency patients.

(3) A standby emergency department that was in existence on January 1, 1989, in a hospital specified in Section 124840.

(4) For the 1991–92 fiscal year and each fiscal year thereafter, a facility which contracted prior to January 1, 1990, with the National Park Service to provide emergency medical services.

(g) Payments shall be made only for emergency services provided on the calendar day on which emergency medical services are first provided and on the immediately following two calendar days, however, payments may not be made for services provided beyond a 48-hour period of continuous service to the patient.

(h) Notwithstanding subdivision (g), if it is necessary to transfer the patient to a second facility providing a higher level of care for the treatment of the emergency condition, reimbursement shall be available for services provided at the facility to which the patient was transferred on the calendar day of transfer and on the immediately following two calendar days, however, payments may not be made for services provided beyond a 48-hour period of continuous service to the patient.

(i) Payment shall be made for medical screening examinations required by law to determine whether an emergency condition exists, notwithstanding the determination after the examination that a medical emergency does not exist. Payment shall not be denied solely because a patient was not admitted to an acute care facility. Payment shall be made for services to an inpatient only when the inpatient has been admitted to a hospital from an entity specified in subdivision (f).

(j) The administering agency shall compile a quarterly and yearend summary of reimbursements paid to facilities and physicians and surgeons. The summary shall include, but shall not be limited to, the total number of claims submitted by physicians and surgeons in aggregate from each facility and the amount paid to each physician and surgeon. The administering agency shall provide copies of the summary and forms and instructions relating to making claims for reimbursement to the public, and may charge a fee not to exceed the reasonable costs of duplication.

(k) Each county shall establish an equitable and efficient mechanism for resolving disputes relating to claims for reimbursements from the fund. The mechanism shall include a requirement that disputes be submitted either to binding arbitration conducted pursuant to arbitration procedures set forth in Chapter 3 (commencing with Section 1282) and

Chapter 4 (commencing with Section 1285) of Part 3 of Title 9 of the Code of Civil Procedure, or to a local medical society for resolution by neutral parties.

(*l*) This section shall become operative January 1, 2007.

SEC. 4. Section 42007.5 is added to the Vehicle Code, to read:

42007.5. (a) Notwithstanding paragraph (2) of subdivision (b) of Section 42007, in Santa Barbara County, upon the establishment of a Maddy Emergency Medical Services Fund pursuant to Section 1797.98a of the Health and Safety Code, the amount that would have been collected pursuant to Section 76104.1 of the Government Code shall be deposited in the Maddy Emergency Medical Services Fund established by the county pursuant to Section 1797.98a of the Health and Safety Code.

(b) The Board of Supervisors of the County of Santa Barbara shall report to the Legislature whether, and to the extent that, any actions are taken by the County of Santa Barbara to implement alternative local sources of funding.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 5. The Legislature finds and declares that due to unique circumstances regarding emergency medical services in Santa Barbara County, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 1 of this act is necessarily applicable only to Santa Barbara County.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 525

An act to amend Sections 21083.8.1, 21108 and 21152 of the Public Resources Code, relating to environmental quality.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 21083.8.1 of the Public Resources Code is amended to read:

21083.8.1. (a) (1) For purposes of this section, ''reuse plan'' for a military base means an initial plan for the reuse of a military base adopted by a local government or a redevelopment agency in the form of a general plan, general plan amendment, specific plan, redevelopment plan, or other planning document, except that the reuse plan shall also consist of a statement of development policies, include a diagram or diagrams illustrating its provisions, and make the designation required in paragraph (2). ''Military base'' or ''base'' means a military base or reservation either closed or realigned by, or scheduled for closure or realignment by, the federal government.

(2) The reuse plan shall designate the proposed general distribution and general location of development intensity for housing, business, industry, open space, recreation, natural resources, public buildings and grounds, roads and other transportation facilities, infrastructure, and other categories of public and private uses of land.

(b) (1) When preparing and certifying an environmental impact report for a reuse plan, including when utilizing an environmental impact statement pursuant to Section 21083.5, the determination of whether the reuse plan may have a significant effect on the environment may be made in the context of the physical conditions that were present at the time that the federal decision became final for the closure or realignment of the base. The no project alternative analyzed in the environmental impact report shall discuss the existing conditions on the base, as they exist at the time that the environmental impact report is prepared, as well as what could be reasonably expected to occur in the foreseeable future if the reuse plan were not approved, based on current plans and consistent with available infrastructure and services.

(2) For purposes of this division, all public and private activities taken pursuant to, or in furtherance of, a reuse plan shall be deemed to be a single project. However, further environmental review of any such public or private activity shall be conducted if any of the events specified in Section 21166 have occurred.

(c) Prior to preparing an environmental impact report for which a lead agency chooses to utilize the provisions of this section, the lead agency shall do all of the following:

(A) Hold a public hearing at which is discussed the federal environmental impact statement prepared for, or in the process of being prepared for, the closure of the military base. The discussion shall include the significant effects on the environment examined in the environmental impact statement, potential methods of mitigating those

effects, including feasible alternatives, and the mitigative effects of federal, state, and local laws applicable to future nonmilitary activities. Prior to the close of the hearing, the lead agency may specify the baseline conditions for the reuse plan environmental impact report prepared, or in the process of being prepared, for the closure of the base. The lead agency may specify particular physical conditions that it will examine in greater detail than were examined in the environmental impact statement. Notice of the hearing shall be given as provided in Section 21092. The hearing may be continued from time to time.

(B) Identify pertinent responsible agencies and trustee agencies and consult with those agencies prior to the public hearing as to the application of their regulatory policies and permitting standards to the proposed baseline for environmental analysis, as well as to the reuse plan and planned future nonmilitary land uses of the base. The affected agencies shall have not less than 30 days prior to the public hearing to review the proposed reuse plan and to submit their comments to the lead agency.

(C) At the close of the hearing, the lead agency shall state in writing how the lead agency intends to integrate the baseline for analysis with the reuse planning and environmental review process, taking into account the adopted environmental standards of the community, including, but not limited to, the applicable general plan, specific plan, and redevelopment plan, and including other applicable provisions of adopted congestion management plans, habitat conservation or natural communities conservation plans, integrated waste management plans, and county hazardous waste management plans.

(D) At the close of the hearing, the lead agency shall state, in writing, the specific economic or social reasons, including, but not limited to, new job creation, opportunities for employment of skilled workers, availability of low- and moderate-income housing, and economic continuity, which support the selection of the baseline.

(d) (1) Nothing in this section shall in any way limit the scope of a review or determination of significance of the presence of hazardous or toxic wastes, substances, or materials including, but not limited to, contaminated soils and groundwater, nor shall the regulation of hazardous or toxic wastes, substances, or materials be constrained by prior levels of activity that existed at the time that the federal agency decision to close the military base became final.

(2) This section does not apply to any project undertaken pursuant to Chapter 6.5 (commencing with Section 25100) of, or Chapter 6.8 (commencing with Section 25300) of, Division 20 of the Health and Safety Code, or pursuant to the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code).

(3) This section may apply to any reuse plan environmental impact report for which a notice of preparation pursuant to subdivision (a) of Section 21092 is issued within one year from the date that the federal record of decision was rendered for the military base closure or realignment and reuse, or prior to January 1, 1997, whichever is later, if the environmental impact report is completed and certified within five years from the date that the federal record of decision was rendered.

(e) All subsequent development at the military base shall be subject to all applicable federal, state, or local laws, including, but not limited to, those relating to air quality, water quality, traffic, threatened and endangered species, noise, and hazardous or toxic wastes, substances, or materials.

SEC. 2. Section 21108 of the Public Resources Code is amended to read:

21108. (a) Whenever a state agency approves or determines to carry out a project that is subject to this division, the state agency shall file notice of that approval or that determination with the Office of Planning and Research. The notice shall indicate the determination of the state agency whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division.

(b) Whenever a state agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or Section 21172, and the state agency approves or determines to carry out the project, the state agency or the person specified in subdivision (b) or (c) of Section 21065 may file notice of the determination with the Office of Planning and Research. Any notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the state agency responsible for making the determination that the project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the state agency.

(c) All notices filed pursuant to this section shall be available for public inspection, and a list of these notices shall be posted on a weekly basis in the Office of Planning and Research. Each list shall remain posted for a period of 30 days. The Office of Planning and Research shall retain each notice for not less than 12 months.

SEC. 3. Section 21152 of the Public Resources Code is amended to read:

21152. (a) Whenever a local agency approves or determines to carry out a project that is subject to this division, the local agency shall file notice of the approval or the determination within five working days after the approval or determination becomes final, with the county clerk

of each county in which the project will be located. The notice shall indicate the determination of the local agency whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division. The notice shall also include certification that the final environmental impact report, if one was prepared, together with comments and responses, is available to the general public.

(b) Whenever a local agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21172, and the local agency approves or determines to carry out the project, the local agency or the person specified in subdivision (b) or (c) of Section 21065 may file a notice of the determination with the county clerk of each county in which the project will be located. A notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the local agency responsible for making the determination that the project is not subject to this division pursuant to subdivision (b) of Section 21080 or Section 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the local agency.

(c) All notices filed pursuant to this section shall be available for public inspection, and shall be posted within 24 hours of receipt in the office of the county clerk. A notice shall remain posted for a period of 30 days. Thereafter, the clerk shall return the notice to the local agency with a notation of the period it was posted. The local agency shall retain the notice for not less than 12 months.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 526

An act to add Part 8 (commencing with Section 36700) to Division 18 of the Streets and Highways Code, relating to multifamily improvement districts.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Part 8 (commencing with Section 36700) is added to Division 18 of the Streets and Highways Code, to read:

PART 8. MULTIFAMILY IMPROVEMENT DISTRICTS

CHAPTER 1. GENERAL PROVISIONS

36700. This part shall be known and may be cited as the ''Multifamily Improvement District Law.''

36701. The Legislature finds and declares all of the following:

(a) Many businesses that operate multifamily residential properties and commercial properties within predominantly multifamily neighborhoods of California's communities are economically disadvantaged, are underutilized, and are unable to attract tenants because of inadequate facilities, services, and activities in those neighborhoods.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of the multifamily residential neighborhoods to create jobs, attract new businesses, and prevent the erosion of the multifamily residential neighborhoods.

(c) It is of particular local benefit to allow cities to fund business related improvements and activities through the levy of assessments upon the businesses or real property that benefit from those improvements.

(d) Assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities that confer special benefits upon the real property or businesses for which the improvements and activities are provided.

36702. The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)) and the Property and Business Improvement District Law of 1994 (Part 7 (commencing with Section 36600)). This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36703. This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the

furnishing of improvements or activities or the raising of revenue for these purposes.

36704. (a) Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part.

(b) A multifamily improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

(c) Any provision in this part that conflicts with any other provision of law shall prevail over the other provision of law.

(d) This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect.

(e) Assessments levied under this part are not special taxes.

(f) Consistent with Article XIII C of the California Constitution, no assessment shall be imposed under this part on any property which exceeds the reasonable cost of the proportional special benefit conferred on that property. Only special benefits are assessable, and a city shall separate the general benefits from the special benefits conferred on any property.

36705. As used in this part:

(a) ''Activities'' means, but is not limited to, all of the following:

(1) Providing security services supplemental to those normally provided by the city.

(2) Maintaining, including irrigating, landscaping.

(3) Providing sanitation, graffiti removal, street and sidewalk cleaning, and other public services supplemental to those normally provided by the city.

(4) Marketing, advertising, and promoting economic development, including the retention and recruitment of businesses and tenants.

(5) Providing managerial services for multifamily residential businesses.

(6) Providing building inspection and code enforcement services for multifamily residential businesses supplemental to those normally provided by the city.

(b) ''Assessment'' means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and promoting activities which will benefit the properties or businesses located within a multifamily improvement district.

(c) ''Business'' means all types of businesses, including, but not limited to, the operation of multifamily residential properties, retail

stores, commercial properties, financial institutions, and professional offices.

(d) ''City'' means a city, county, city and county, or an agency or entity created pursuant to the Joint Exercise of Powers Act, Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county.

(e) ''City council'' means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

(f) ''Improvement'' means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to:

(1) Parking facilities.

(2) Benches, booths, kiosks, display cases, pedestrian shelters, signs, and entry monuments.

(3) Trash receptacles.

(4) Street lighting.

(5) Street decorations.

(6) Parks.

(7) Fountains.

(8) Planting areas.

(9) Closing, opening, widening, or narrowing of existing streets.

(10) Facilities or equipment, or both, to enhance the security of persons and property within the district.

(11) Ramps, sidewalks, plazas, and pedestrian malls.

(12) Rehabilitation or removal of existing structures.

(g) ''Management district plan'' or ''plan'' means a proposal as described in Section 36713.

(h) ''Multifamily improvement district,'' or ''district,'' means a multifamily improvement district established pursuant to this part.

(i) ''Owners' association'' means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose.

(j) ''Property'' means real property situated within a multifamily improvement district.

(k) ''Property owner'' or ''owner'' means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. The city council has no

obligation to obtain other information as to the ownership of land, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this subdivision requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient.

(*l*) ''Tenant'' means an occupant pursuant to a lease or a rental agreement of commercial space or a dwelling unit, other than an owner.

CHAPTER 2. FORMATION

36710. (a) A multifamily improvement district may be established pursuant to this chapter.

(b) A city may not form a multifamily improvement district on or after January 1, 2012, unless a later statute which is enacted on or before January 1, 2012, deletes or extends that date.

36711. A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36712. (a) Upon the submission of a written petition, signed by either more than two-thirds of the property owners or more than two-thirds of the business owners in the proposed district, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district.

(b) The petition of the property owners or the business owners required pursuant to subdivision (a) shall include all of the following:

(1) A map showing the general boundaries of the proposed district.

(2) A general description of the proposed activities and improvements to be carried out by the district.

(3) A general description of how the proposed district will be financed, and whether bonds are proposed to be issued.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or on businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) Order the preparation of a management district plan by a registered professional engineer certified by the state.

36713. The management district plan shall contain all of the following:

(a) A map of the proposed district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district.

(b) The name of the proposed district.

(c) A description of the boundaries of the proposed district, including the boundaries of any benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected lands and businesses included. Under no circumstances shall the boundaries of a proposed district overlap with the boundaries of another existing district created pursuant to this part. Nothing in this part prohibits the boundaries of a district created pursuant to this part to overlap with other assessment districts.

(d) The improvements and activities proposed for each year of operation of the district and the maximum cost thereof.

(e) The total annual amount proposed to be expended for improvements, maintenance and operations, and debt service in each year of operation of the district.

(f) The proposed source or sources of financing including the proposed method and basis of levying the assessment in sufficient detail to allow each property owner or each business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan shall also state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding those time limitations, a district that finances improvements with bonds may levy assessments until the maximum maturity of those bonds, not to exceed 20 years. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) A list of the properties or the businesses to be assessed, including the assessor's parcel numbers for any properties to be assessed, and a statement of the method or upon benefited real property or businesses, in proportion to the benefit received by the property or the business, to defray the cost thereof, including operation and maintenance. The plan

may provide that all or any class or category of real property which is exempt by law from real property taxation may nevertheless be included within the boundaries of the district but shall not be subject to assessment on real property.

(*l*) Any other item or matter required to be incorporated therein by the city council.

36714. (a) Except as provided in this section, the city council shall comply with the notice, protest, and hearing procedures in Section 53753 of the Government Code.

(b) However, notwithstanding the provisions of Section 53753 of the Government Code, if the assessment will be levied on businesses and not on property owners, the required notice shall be provided to the businesses that would be assessed, and only the assessment ballots submitted by the owners of those businesses shall be tabulated in determining whether a majority protest exists.

(c) Notwithstanding subdivision (e) of Section 53753 of the Government Code, the city may not establish the district or levy assessments if the assessment ballots submitted, and not withdrawn, in opposition to the proposed assessment exceed one-third of the total assessment ballots submitted, and not withdrawn, weighting those assessment ballots by the amount of the proposed assessment to be imposed upon the identified parcel for which each assessment ballot was submitted.

36715. At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed district that will exclude territory that will not benefit from the proposed improvements or activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36718.

36716. (a) If the city council, following the public hearing, decides to establish the proposed district, the city council shall adopt a resolution of formation that shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement about whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable

an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if the assessment ballots submitted, and not withdrawn, in opposition to the proposed assessment exceed one-third of the total assessment ballots submitted, and not withdrawn, weighting those assessment ballots by the amount of the proposed assessment to be imposed upon the identified parcel for which each assessment ballot was submitted.

(5) A statement that the properties or businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements and activities to be provided in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district.

(7) A finding that the property or the businesses within the area of the district will be benefited by the improvements and activities funded by the assessments proposed to be levied.

(b) The adoption of the resolution of formation and recordation of the notice and map pursuant to Section 36718 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36717. If the city council, following the public hearing, desires to establish the proposed district, and the city council has not made changes pursuant to Section 36715, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in paragraphs (1) to (8), inclusive, of subdivision (a) of Section 36716, but need not contain information about the preliminary resolution if none has been adopted.

36718. Following the adoption of the resolution establishing the district pursuant to Section 36716 or 36717, the clerk of the city shall record a notice and an assessment diagram pursuant to Section 3114. If the assessment is levied on businesses, the text of the recorded notice shall be modified to reflect that the assessment will be levied on businesses, or specified categories of businesses, within the area of the

district. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36719. The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose different assessments within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose different assessments or rates of assessment on each category of business, or on each category of business within each zone.

36720. The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements and activities.

36721. All provisions of this part applicable to the establishment, modification, or disestablishment of a district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a district.

36722. If a district expires due to the time limit set pursuant to subdivision (h) of Section 36713, a new management district plan may be created and a new district established pursuant to this part.

CHAPTER 3. ASSESSMENTS

36730. The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution establishing the management district plan described in Section 36713. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part shall be charged interest and penalties.

36731. (a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.

(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the

district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties used for single-family residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36732. The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36717. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36733. The city council may execute baseline service contracts that would establish levels of city services that would continue after a has been formed.

36734. The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36735. (a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. Notice of the public hearing and the proposed modifications shall be published as provided in Section 36714. If the modification includes the levy of a new or increased assessment, the city council shall comply with Sections 36714 and 53753 of the Government Code.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36736. Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36718.

36737. (a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36716, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10

(commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36716, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 20 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. GOVERNANCE

36740. Notwithstanding any other provision of this part, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all documents relating to activities of the district.

36741. (a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the district or in any benefit zones or classification of property or businesses within the district.

(2) The improvements and activities to be provided for that fiscal year.

(3) An estimate of the cost of providing the improvements and the activities for that fiscal year.

(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.

(5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.

(6) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36734 and 36735.

(d) The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36742. The management district plan may, but is not required to, state that an owners' association will provide the improvements or activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

36743. (a) Any district previously established whose term has expired, may be renewed by following the procedures for establishment as provided in this chapter.

(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or the businesses in the prior district. If the renewed district does not include parcels or the businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.

(c) Upon renewal, a district shall have a term not to exceed 10 years. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

36744. (a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and

unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been a misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners of real property or of businesses in the area who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall give notice of the public hearing on the proposed disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the district. The notice of the hearing on the proposed disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36745. (a) Upon the disestablishment of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.

(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the

assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

CHAPTER 527

An act to amend Sections 6459, 6480.1, 43152.14, 43201, 43350, 45351, 46156, 46301, 50120.1, 55061, and 55101 of, to amend and renumber Section 6480.3 of, and to repeal Section 6451.5 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6451.5 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 6459 of the Revenue and Taxation Code is amended to read:

6459. (a) The board for good cause may extend for not to exceed one month the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time provided a request therefor is filed with the board within or prior to the period for which the extension may be granted.

Any person to whom an extension is granted shall pay, in addition to the tax, interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date on which the tax would have been due without the extension until the date of payment.

(b) The board may grant an extension for more than one month if both of the following conditions occur:

(1) A budget for the state has not been adopted by July 1.

(2) The person requesting the extension is a creditor of the state who has not been paid because of the state's failure to timely adopt a budget.

Any extension granted under this subdivision shall expire no later than the last day of the month following the month in which the budget is adopted or one month from the due date of the return or payment, whichever comes later.

Any person to whom an extension has been granted under this subdivision shall pay, in addition to the tax, interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date on which the tax would have been due without the extension until the date of payment. However, no interest

shall be due on that portion of the payment equivalent to the amount due to the person from the state on the due date of the payment.

SEC. 3. Section 6480.1 of the Revenue and Taxation Code is amended to read:

6480.1. (a) At any time that motor vehicle fuel tax or diesel fuel tax is imposed or would be imposed, but for the dyed diesel fuel exemption in paragraph (1) of subdivision (a) of Section 60100, or the train operator exemption in paragraph (7) of subdivision (a) of Section 60100 or paragraph (11) of subdivision (a) of Section 7401, or, pursuant to subdivision (f) of Section 6480, would be deemed to be imposed, on any removal, entry, or sale in this state of motor vehicle fuel, aircraft jet fuel, or diesel fuel, the supplier shall collect prepayment of retail sales tax from the person to whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel is sold. However, if no sale occurs at the time of imposition of motor vehicle fuel tax or diesel fuel tax, the supplier shall prepay the retail sales tax on that motor vehicle fuel, aircraft jet fuel, or diesel fuel. The prepayment required to be collected by the supplier constitutes a debt owed by the supplier to this state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a supplier or wholesaler who has consumed the fuel has paid the use tax to the board. Each supplier shall report and pay the prepayment amounts to the board, in a form as prescribed by the board, in the period in which the fuel is sold. On each subsequent sale of that fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of sale. Each supplier shall provide his or her purchaser with an invoice for, or other evidence of, the collection of the prepayment amounts which shall be separately stated thereon.

(b) (1) A wholesaler shall collect prepayment of the retail sales tax from the person to whom the motor vehicle fuel, aircraft jet fuel, or diesel fuel is sold. Each wholesaler shall provide his or her purchaser with an invoice for or other evidence of the collection of the prepayment amounts, which shall be separately stated thereon.

(2) Each wholesaler shall report to the board, in a form as prescribed by the board and for the period in which the motor vehicle fuel, aircraft jet fuel, or diesel fuel was sold, all of the following:

(A) The number of gallons of fuel sold and the amount of sales tax prepayments collected by the wholesaler.

(B) The number of tax-paid gallons purchased and the amount of sales tax prepayments made by the wholesaler.

(C) In the event that the amount of sales tax prepayments collected by the wholesaler is greater than the amount of sales tax prepayments made by the wholesaler, then the excess constitutes a debt owed by the wholesaler to the state until paid to the board, or until satisfactory proof

has been submitted that the retailer of the fuel has paid the tax to the board.

(c) A supplier or wholesaler who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the motor vehicle fuel, aircraft jet fuel, or diesel fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a supplier or wholesaler who has consumed the motor vehicle fuel, aircraft jet fuel, or diesel fuel to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the sale was made. Failure of the supplier or wholesaler to report prepayments or the supplier's or wholesaler's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, supplier, or wholesaler, either on a temporary or permanent basis or otherwise. To be entitled to the credit, the retailer, supplier, or wholesaler shall retain for inspection by the board any receipts, invoices, or other documents showing the amount of sales tax prepaid to his or her supplier, together with the evidence of payment.

(e) The rate of the prepayment required to be collected during the period from July 1, 1986, through March 31, 1987, shall be four cents ($0.04) per gallon of motor vehicle fuel distributed or transferred.

(f) On April 1 of each succeeding year, the prepayment rate per gallon for motor vehicle fuel, rounded to the nearest one-half of one cent ($0.005), of the required prepayment shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 6051.5, 7202, and 7203.1, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales tax) as determined by the State Energy Resources Conservation and Development Commission, in its latest publication of the ''Quarterly Oil Report,'' of all grades of gasoline sold through a self-service gasoline station. In the event the ''Quarterly Oil Report'' is delayed or discontinued, the board may base its determination on other sources of the arithmetic average selling price of gasoline. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of motor vehicle fuel. In the event the price of fuel decreases or increases, and the established rate results in prepayments which consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(g) On April 1 of each succeeding year, the prepayment rate per gallon for aircraft jet fuel, rounded to the nearest one-half of one cent ($0.005), shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 6051.5, 7202, and 7203.1, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales and state excise tax) as determined by the board. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. The rate of the prepayment required to be collected for aircraft jet fuel shall be equal to 80 percent of the arithmetic average selling price of aircraft jet fuel as specified by industry publications. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of aircraft jet fuel. In the event the price of aircraft jet fuel decreases or increases, and the established rate results in prepayments that consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(h) On April 1 of each succeeding year, the prepayment rate per gallon for diesel fuel, rounded to the nearest one-half of one cent ($0.005), shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 6051.5, 7202, and 7203.1, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales and state excise tax) as determined by the board. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. The rate of the prepayment required to be collected for diesel fuel shall be equal to 80 percent of the arithmetic average selling price of diesel fuel as specified by industry publications. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every supplier, wholesaler, and retailer of diesel fuel. In the event the price of diesel fuel decreases or increases, and the established rate results in prepayments that consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(i) (1) Notwithstanding any other provision of this section, motor vehicle fuel sold by a supplier or wholesaler to a qualified purchaser who, pursuant to a contract with the State of California or its instrumentalities, resells that fuel to the State of California or its instrumentalities shall be exempt from the prepayment requirements.

(2) A qualified purchaser who acquires motor vehicle fuel for subsequent resale to the State of California or its instrumentalities pursuant to this subdivision shall furnish to the supplier or wholesaler

from whom the fuel is acquired an exemption certificate, completed in accordance with any instructions or regulations as the board may prescribe. The supplier or wholesaler shall retain the certificate in his or her records in support of the exemption. To qualify for the prepayment exemption, both of the following conditions shall apply:

(A) The qualified purchaser does not take possession of the fuel at any time.

(B) The fuel is delivered into storage tanks owned or leased by the State of California or its instrumentalities via facilities of the supplier or wholesaler, or by common or contract carriers under contract with the supplier or wholesaler.

(3) For purposes of this subdivision, ''qualified purchaser'' means a wholesaler who does not have or maintain a storage facility or facilities for the purpose of selling motor vehicle fuel.

SEC. 4. Section 6480.3 of the Revenue and Taxation Code, as added by Chapter 446 of the Statutes of 2002, is amended and renumbered to read:

6480.9. (a) A person qualified under subdivision (b) may issue a certificate to a seller with respect to the amount of sales tax required to be prepaid pursuant to Section 6480.1 when purchasing diesel fuel from the seller. The certificate shall be completed in accordance with any instructions or regulations as the board may prescribe, and shall clearly specify that the person will purchase the volume of diesel fuel that the person reasonably expects he or she will sell that qualifies for the exemption under Section 6357.1. A seller that receives a properly completed certificate from a person qualified under subdivision (b) shall not be required to collect the prepayment of the retail sales tax otherwise required in Section 6480.1 on that volume of the diesel fuel sold pursuant to the certificate.

(b) A person is qualified for purposes of this section if both of the following conditions are met:

(1) The person sold diesel fuel that was used by the consumer in a manner that qualified, or would have qualified for an exemption under Section 6357.1, and in the prior year, those sales totaled more than 25 percent of the person's total taxable sales.

(2) The person's sales consist primarily of either bulk deliveries of fuel or of fuel sales through a cardlock, keylock, or other unattended mechanism, or both. For purposes of the preceding sentence, ''bulk deliveries'' means transfers of fuel into storage tanks of 500 gallons or more.

(c) A person issuing a certificate pursuant to this section is liable for sales tax that is imposed under the Bradley-Burns Uniform Local Sales and Use Tax Law (Part 1.5 (commencing with Section 7200)) or in accordance with the Transactions and Use Tax Law (Part 1.6

(commencing with Section 7251)) and sales tax that is imposed under Section 6051.2 or 6201.2, or under Section 35 of Article XIII of the California Constitution.

(d) A person issuing a certificate pursuant to this section shall be liable for sales tax on any portion of the gross receipts derived from the sale of fuel that is not sold in a manner that qualifies for an exemption under Section 6357.1.

(e) A person liable for the sales tax under subdivision (c) or (d) of this section shall report and pay that sales tax with the return for the reporting period in which the person sells the fuel.

(f) Any person who gives a certificate pursuant to this section for purchases of diesel fuel that he or she knows at the time of purchase do not qualify for the exemption from the prepayment pursuant to this section for the purpose of evading payment of the prepayment of the retail sales tax is guilty of a misdemeanor punishable as provided in Section 7153. In addition, the person shall be liable to the state for a penalty of one thousand dollars ($1,000) for each certificate issued for personal gain or to evade the payment of taxes.

SEC. 5. Section 43152.14 of the Revenue and Taxation Code is amended to read:

43152.14. The fee imposed pursuant to Section 105310 of the Health and Safety Code, that is collected and administered under Section 43057, is due and payable on or before April 1 of each year for the previous calendar year.

SEC. 6. Section 43201 of the Revenue and Taxation Code is amended to read:

43201. (a) If the board is dissatisfied with the return or report filed or the amount of tax paid to the state by any taxpayer, or if no return or report has been filed or no payment or payments of the taxes have been made to the state by a taxpayer, the board may compute and determine the amount to be paid, based upon any information available to it. In addition, where the board is authorized to collect a tax for another state agency, the board may issue a notice of determination or similar billing document for collection of the tax. One or more additional determinations may be made of the amount of tax due for one, or for more than one, period. The amount of tax so determined shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the amount of the tax, or any portion thereof, became due and payable until the date of payment. In making a determination, the board may offset overpayments for a period or periods against underpayments for another period or periods and against the interest and penalties on the underpayments.

(b) If any part of the deficiency for which a determination of an additional amount due is found to have been occasioned by negligence

or intentional disregard of this part or authorized regulations, a penalty of 10 percent of the amount of the determination shall be added, plus interest as provided above.

(c) If any part of the deficiency for which a determination of an additional amount due is found to be occasioned by fraud or an intent to evade this part or authorized regulations, a penalty of 25 percent of the amount of the determination shall be added, plus interest as provided in subdivision (a).

(d) The board shall give to the taxpayer written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the taxpayer at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in a United States Post Office, or a mailbox, sub-post office, substation or mail chute, or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served, and service shall be deemed complete at the time of delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

SEC. 7. Section 43350 of the Revenue and Taxation Code is amended to read:

43350. If the board believes that the collection of any amount of tax will be jeopardized by delay, it shall thereupon make a determination of the amount of tax due, noting that fact upon the determination, and the amount of tax shall be immediately due and payable. If the amount of the tax, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the taxpayer of notice of the determination, the determination becomes final, and the delinquency penalty and interest provided in Section 43155 shall attach to the amount of tax specified therein.

SEC. 8. Section 45351 of the Revenue and Taxation Code is amended to read:

45351. If the board finds and determines that the collection of any amount of fee will be jeopardized by delay, it shall thereupon make a determination of the amount of fee due, noting that fact upon the determination, and the amount of the fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the taxpayer of notice of the determination, the determination becomes final, and the delinquency

penalty and interest provided in Section 45153 shall attach to the amount of fee specified therein.

SEC. 9. Section 46156 of the Revenue and Taxation Code is amended to read:

46156. (a) If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 46154, 46154.1, 46160, 46251, and 46356.

(b) Except as provided in subdivision (c) any person seeking to be relieved of the penalty shall file with the board a statement, under penalty of perjury, setting forth the facts upon which he or she bases his or her claim for relief.

(c) The board shall establish criteria that provide for efficient resolution of requests for relief pursuant to this section.

SEC. 10. Section 46301 of the Revenue and Taxation Code is amended to read:

46301. If the board believes that the collection of any amount of fee will be jeopardized by delay, it shall thereupon make a determination of the amount of fee due, noting that fact upon the determination, and the amount of fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the taxpayer of notice of the determination, the determination becomes final, and the delinquency penalty and interest provided in Section 46154 shall attach to the amount of fee specified therein.

SEC. 11. Section 50120.1 of the Revenue and Taxation Code is amended to read:

50120.1. If the board determines that the collection of any amount of fee will be jeopardized by delay, it shall thereupon make a determination of the amount of fee due, noting that fact upon the determination, and the amount of the fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the feepayer of a notice of the determination, the determination becomes final, and the delinquency penalty and interest provided in Section 50112 shall attach to the amount of fee specified in the jeopardy determination.

SEC. 12. Section 55061 of the Revenue and Taxation Code is amended to read:

55061. (a) If the board is dissatisfied with the return filed or the amount of the fee paid to the state by any feepayer, or if no return has

been filed or no payment of the fee has been made to the state by a feepayer, the board may compute and determine the amount to be paid, based upon any information available to it. In addition, where the board is authorized to collect a fee for another state agency, or where the board is authorized to collect a fee under circumstances where the feepayer is not required to file a return, the board may issue a notice of determination or similar billing document for collection of the fee. One or more additional determinations may be made of the amount of the fee due for one, or for more than one period. The amount of the fee so determined shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the date the amount of the fee, or any portion thereof, became due and payable until the date of payment. In making a determination, the board may offset overpayments for a period or periods against underpayments for another period or periods and against the interest and penalties on the underpayments.

(b) If any part of the deficiency for which a determination of an additional amount due is found to have been occasioned by negligence or intentional disregard of this part or authorized regulations, a penalty of 10 percent of the amount of the determination shall be added, plus interest as provided in subdivision (a).

(c) If any part of the deficiency for which a determination of an additional amount due is found to be occasioned by fraud or an intent to evade this part or authorized regulations, a penalty of 25 percent of the amount of the determination shall be added, plus interest as provided in subdivision (a).

(d) The board shall give to the feepayer written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the feepayer at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in a United States Post Office, or a mailbox, sub-post office, substation or mail chute, or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

SEC. 13. Section 55101 of the Revenue and Taxation Code is amended to read:

55101. If the board believes that the collection of any amount of the fee will be jeopardized by delay, it shall thereupon make a determination of the amount of the fee due, noting that fact upon the determination, and

the amount of the fee shall be immediately due and payable. If the amount of the fee, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the feepayer of notice of determination, the determination becomes final, and the delinquency penalty and interest provided in Section 55042 shall be attached to the amount of the fee specified therein.

CHAPTER 528

An act to amend Sections 18662 and 18668 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 18662 of the Revenue and Taxation Code is amended to read:

18662. (a) The Franchise Tax Board may, by regulation, require any person, in whatever capacity acting (including lessees or mortgagors of real or personal property, fiduciaries, employers, and any officer or department of the state or any political subdivision or agency of the state, or any city organized under a freeholder's charter, or any political body not a subdivision or agency of the state), having the control, receipt, custody, disposal, or payment of items of income specified in subdivision (b), to withhold an amount, determined by the Franchise Tax Board to reasonably represent the amount of tax due when the items of income are included with other income of the taxpayer, and to transmit the amount withheld to the Franchise Tax Board at the time as it may designate.

(b) The items of income referred to in subdivision (a) are interest, dividends, rents, prizes and winnings, premiums, annuities, emoluments, compensation for services, including bonuses, partnership income or gains, and other fixed or determinable annual or periodical gains, profits, and income.

(c) The Franchise Tax Board may authorize the tax under subdivision (a) to be deducted and withheld from the interest upon any securities the owners of which are not known to the withholding agent.

(d) Any person failing to withhold from any payments any amounts required by subdivision (a) to be withheld is liable for the amount withheld or the amount of taxes due from the person to whom the

payments are made to an extent not in excess of the amounts required to be withheld, whichever is greater, unless it is shown that the failure to withhold is due to reasonable cause.

(e) (1) This subdivision applies to any disposition of a California real property interest by:

(3) Notwithstanding any other provision of this subdivision, all of the following shall apply:

(A) No transferee is required to withhold any amount under this subdivision unless the sales price of the California real property conveyed exceeds one hundred thousand dollars ($100,000).

(B) No transferee (other than an intermediary or an accommodator in a deferred exchange) is required to withhold any amount under this subdivision unless written notification of the withholding requirements of this subdivision has been provided by the real estate escrow person.

(C) (i) No transferee, trustee under a deed of trust, or mortgagee under a mortgage with a power of sale is required to withhold under this subdivision when the transferee has acquired California real property at a sale pursuant to a power of sale under a mortgage or deed of trust or a sale pursuant to a decree of foreclosure or has acquired the property by a deed in lieu of foreclosure.

(ii) No transferee is required to withhold under this subdivision when the transferor is a bank acting as trustee other than a trustee of a deed of trust.

(D) No transferee (including for this purpose any intermediary or accommodator in a deferred exchange) is required to withhold any amount under this subdivision if the transferee, in good faith and based on all the information of which he or she has knowledge, relies on a written certificate executed by the transferor, certifying, under penalty of perjury, one of the following:

(i) (I) The California real property being conveyed is the seller's or decedent's principal residence (within the meaning of Section 121 of the Internal Revenue Code).

(II) The last use of the property being conveyed was use by the transferor as the transferor's principal residence within the meaning of Section 121 of the Internal Revenue Code.

Any person who fails to withhold from any payments any amount required to be withheld under this article is liable for the amount withheld or the amount of taxes due from the taxpayer to whom the payments are made but not in excess of the amount required to be withheld, whichever is more, unless it is shown that the failure to withhold is due to reasonable cause.

(b) If any amount required to be withheld under this article is not paid to the Franchise Tax Board on or before the due date required by regulations, interest shall be assessed at the adjusted annual rate established pursuant to Section 19521, computed from the due date to the date paid.

(c) Whenever any person has withheld any amount pursuant to this article, the amount so withheld shall be held to be a special fund in trust for the State of California.

(d) In lieu of the amount provided for in subdivision (a), unless it is shown that the failure to withhold is due to reasonable cause, whenever any transferee is required to withhold any amount pursuant to subdivision (e) of Section 18662, the transferee is liable for the greater of the following amounts for failure to withhold only after the transferee, as specified, is notified in writing of the requirements under subdivision (e) of Section 18662:

D. The seller is subject to penalty for knowingly filing a fraudulent certificate for the purpose of avoiding the withholding requirement.''

(4) The real estate escrow person or transferee is not liable under paragraph (1) or subdivision (d), if the failure to withhold is the result of his or her reliance, based on good faith and on all the information of which he or she has knowledge, upon a written certificate executed by the transferor under penalty of perjury pursuant to subparagraph (D) of paragraph (3) of subdivision (e) of Section 18662.

(5) Any transferor who for the purpose of avoiding the withholding requirements of subdivision (e) of Section 18662 knowingly executes a false certificate pursuant to that section is liable for twice the amount specified in subdivision (d).

(f) The amount of tax required to be deducted and withheld under this article shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations (including penalties) as are applicable with respect to the taxes imposed by Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

SEC. 11. Section 31494.3 of the Government Code is amended to read:

31494.3. (a) Members who have elected to transfer under Section 31494.1 shall be provided within 90 days of the election date the cost of contributions required for that period of all creditable service with the employer prior to the month for which monthly contributions are to commence, as prescribed in subdivision (f) of Section 31494.1, and shall deposit in the retirement fund, the amount hereinafter provided in this subdivision, by lump sum, or regular monthly installments, or both, over the period of time determined by a resolution adopted by a majority vote of the board of retirement, but in any event prior to the date of application for retirement or, if applicable, the date provided in Section 31485.8, the date of termination, or the date of death. The amount shall equal the sum of the contributions a member would have made to the retirement fund for that length of time as that for which the member shall receive credit as service, computed in accordance with the rate of contribution applicable to the member under the contributory plan, based upon entry age, and in the same manner as prescribed under the plan as if the plan had been in effect during the entire period of all creditable service, together with regular interest thereon.

(b) All contributions paid by the member pursuant to Section 31490.5, if any, shall be credited toward the amount owed under subdivision (a) and all periods of service credited under the plan created by this article shall be transferred to the contributory plan upon completion of payment of that amount.

(c) Any member who applies for service credit under subdivision (e) of Section 31494.1 relating to federal and military service, shall be provided within 90 days of the election date the cost of contribution required for that service, and shall deposit in the retirement fund the amount hereinafter provided in this subdivision by lump sum, or regular monthly installments, or both, over the period of time determined by a resolution adopted by a majority vote of the board of retirement, but in any event prior to the date of application for retirement, date of termination, or death. The amount shall equal the sum of twice the contributions the member would have made to the retirement fund for the length of time as that for which the member has elected to receive credit as service, computed by applying the rate of contribution applicable to the member under the contributory plan, based upon entry age, to the monthly compensation first earnable by the member as of the most recent date of entry into the retirement system, multiplied by the number of months for which the member has elected to receive credit, together with regular interest thereon.

(d) Any member who applies for service credit under subdivision (e) of Section 31494.1, relating to prior service as defined in the bylaws of

the board, other than qualifying service under Section 31490.5, and public service other than military and federal service, shall be provided within 90 days of the election date the cost of contribution required for that service, and shall deposit in the retirement fund the amount hereinafter provided in this subdivision, by lump sum or regular monthly installments, or both, over the period of time determined by a resolution adopted by a majority vote of the board of retirement, but in any event prior to the date of application for retirement or, if applicable, prior to the date provided in Section 31485.8, the date of termination, or the date of death. The amount shall equal that sum of contributions the member would have made to the retirement fund for the length of time as that for which the member has elected to receive credit as service, calculated in the same manner as prescribed in the bylaws of the board relating to credit for prior service, except that such contribution shall be computed by applying the rate of contribution applicable to the member under the contributory plan, based upon entry age.

(e) This section shall be operative in a county at such time or times as may be mutually agreed to in memoranda of understanding executed by the employer and employee representatives if the board of supervisors adopts, by majority vote, a resolution declaring that the section shall be operative in the county.

SEC. 12. Section 31495.5 of the Government Code is amended to read:

31495.5. (a) Notwithstanding any other provision of this article, every retirement allowance or death allowance payable, on or after the operative date of this section, to or on account of any member of Retirement Plan E who retires or dies or who has retired or died shall, as of April 1 each year, be increased or decreased by an amount equal to that member's automatic COLA, as defined in subdivision (f) and as calculated by the board of retirement before April 1 of each year. No decrease in the cost of living shall reduce an allowance below the amount being received by the member or his or her beneficiary on the effective date of the allowance or the operative date of this section, whichever is later.

(b) A Retirement Plan E member may elect to purchase an elective COLA, as defined in subdivision (f), with regard to some portion (designated in whole-month increments) or all of his or her months of Retirement Plan E service earned prior to the operative date of this section. The member may also elect to purchase an elective COLA, as defined in subdivision (f), with regard to some portion (designated in whole-month increments) or all of his or her months of Retirement Plan E service purchased pursuant to Section 31490.5, including service rendered after June 4, 2002, but prior to becoming a member of this system.

(c) The election shall be made upon written application signed by the member and filed with the board pursuant to election procedures and during election periods established by the board. The purchase of the elective COLA shall be effective only when the member has paid contributions necessary to purchase the designated amount of service for which he or she shall receive the elective COLA. The amount of required contributions shall be determined by the board, subject to the following:

(1) The cost of purchasing service for elective COLA purposes shall be determined by the board of retirement such that no elective COLA liability shall be borne by the county and no diminution in the funding ratio of the system shall result.

(2) The cost charged to the member for purchasing the elective COLA service shall be based upon the assumption that the member retires at the age of 65 years.

(3) Members may pay for the elective COLA by lump-sum payment or monthly installments over a period to be determined by a resolution adopted by a majority vote of the board of retirement, or both, but in any event prior to the earlier of his or her death or the date that is 120 days after the effective date of his or her retirement.

(4) If a member fails to timely complete the purchase of his or her elective COLA, he or she shall receive an elective COLA calculated only with regard to that amount of service actually purchased.

(5) If a Retirement Plan E member dies prior to retirement, any contributions made toward the purchase of an elective COLA, and all interest credited thereto, shall be refunded to the deceased member's surviving spouse or, if there is no surviving spouse, to the deceased member's surviving child or children under the age of 18 years, divided among those children in equal amounts, or, if there is no surviving spouse or surviving child or children under the age of 18 years, to the deceased member's estate.

(d) If a Retirement Plan E member elects and purchases an elective COLA, then, notwithstanding any other provision of this article, every Retirement Plan E allowance or postretirement death allowance payable on and after the operative date of this section, to or on account of that member who retires or dies or who has retired or died shall, as of April 1 of each year, be increased or decreased by an amount equal to that member's elective COLA as calculated by the board of retirement before April 1 of each year. No decrease in the cost of living shall reduce an allowance below the amount being received by the member or his or her beneficiary on the effective date of the allowance or this provision, whichever is later.

Notwithstanding any other provisions of this section, if a member retires before attaining the age of 65 years, his or her elective COLA shall be actuarially reduced to reflect that earlier retirement age unless, within

120 days after his or her retirement, he or she contributes by lump-sum the amount necessary to complete the purchase of his or her elective COLA as determined by the board. If, upon a member's retirement, the board of retirement determines that a member has paid more contributions than necessary to purchase his or her elective COLA in accordance with subdivision (b), the member shall receive a refund of those excess contributions and all interest credited thereto. Upon retirement or termination of employment, but before he or she begins receiving his or her elective COLA, a member may revoke his or her election to purchase an elective COLA and receive a refund of any contributions made toward the purchase of the elective COLA and all interest credited thereto.

(e) If a Retirement Plan E member or former member is totally disabled, begins receiving disability benefits, other than state-mandated benefits, under a disability plan provided by the employer on or after the operative date of this section, and, on or after that date, his or her employment terminates, then, for purposes of calculating the member's or former member's final compensation, his or her predisability compensation, as previously adjusted in accordance with this subdivision and paragraph (5) of subdivision (f), shall, as of April 1 of each year after his or her employment terminates and during a period for which he or she both remains totally disabled and earns ''service'' within the meaning of subdivision (g) of Section 31488, be increased or decreased by an amount equal to that member's or former member's predisability compensation adjustment as calculated by the board of retirement before April 1 of each year.

(f) As used in this section:

(1) ''Automatic COLA'' means, with respect to any member of Retirement Plan E, an amount equal to the allowance then being received (including any automatic or elective COLAs previously received), multiplied by a percentage (rounded to the nearest one-tenth of 1 percent) derived by taking the number of months of service the member earned on and after the operative date of this section, dividing by the member's total months of service, and multiplying by a percentage equal to the lesser of 2 percent or the percentage found by the board of retirement to approximate to the nearest one-half of 1 percent the percentage of annual increase or decrease in the cost of living as of January 1 of each year as shown by the then current CPI, as adjusted for the amount applied from a prior year. For purposes of applying this formula, the amount of any annual cost-of-living increase under the CPI in excess of the 2 percent maximum shall be accumulated and applied in future years in which the annual cost-of-living increase under the CPI is less than the 2 percent maximum.

(2) ''CPI'' means the Bureau of Labor Statistics Consumer Price Index for All Urban Consumers for the area in which the county seat is situated.

(3) ''Elective COLA'' means, with respect to any member of Retirement Plan E, an amount equal to the allowance then being received (including any automatic or elective COLAs previously received), multiplied by a percentage (rounded to the nearest one-tenth of 1 percent) derived by taking the number of months of service the member purchased in accordance with subdivision (b), dividing by the member's total months of service, and multiplying by a percentage equal to the lesser of 2 percent or the percentage found by the board of retirement to approximate to the nearest one-half of 1 percent the percentage of annual increase or decrease in the cost of living as of January 1 of each year as shown by the then current CPI, as adjusted for the amount applied from a prior year. For purposes of applying this formula, the amount of any annual cost-of-living increase under the CPI in excess of the 2 percent maximum shall be accumulated and applied in future years in which the annual cost-of-living increase under the CPI is less than the 2 percent maximum.

(4) ''Predisability compensation'' means a member's last 12 months of compensation earnable preceding the date his or her employment terminates while he or she is receiving disability benefits, other than state-mandated benefits, under a disability plan provided by the employer because he or she is totally disabled. The employer shall provide the board of retirement with the information necessary for a member's predisability compensation to be determined.

(5) ''Predisability compensation adjustment'' means, with respect to any member or former member of Retirement Plan E qualifying under subdivision (e), an amount equal to that member's or former member's predisability compensation as previously adjusted under this section, multiplied by a percentage equal to the lesser of 2 percent or the percentage found by the board of retirement to approximate to the nearest one-half of 1 percent the percentage of annual increase or decrease in the cost of living as of January 1, of each year as shown by the then current CPI, as adjusted for the amount applied from a prior year. For the purpose of applying this formula, the amount of any annual cost-of-living increase under the CPI in excess of the 2 percent maximum shall be accumulated and applied in future years in which the annual cost-of-living increase under the CPI is less than the 2 percent maximum.

(g) This section shall only be applicable to Los Angeles County and shall not become operative until the board of supervisors of that county elects, by resolution adopted by a majority vote, to make this section operative in the county.

SEC. 13. Section 31499.2 of the Government Code is amended to read:

31499.2. (a) (1) Except as otherwise provided in Section 31499.3, there shall be no general members' contributions under the plan created by this article.

(2) A member who transfers to the retirement plan created by this article shall have refunded, within a reasonable period of time, not to exceed nine months from the date of receipt of election to transfer by the board, the member's accumulated contributions, together with interest thereon, which are credited to the member's account. Interest shall be credited to the June 30 or December 31 date, whichever is later, immediately preceding the date of the refund warrant. Any refund under this section shall be payable to the member.

(b) (1) Except as provided in Sections 31499.3 and 31499.7 and under reciprocal provisions of this article, a member who was in public service prior to becoming a member may not elect to receive credit in this retirement plan for that public service time, and may not receive credit for that prior public service.

(2) Absence from work or termination of employment while an eligible employee or disability beneficiary, as defined by a disability plan provided by the employer, may not be considered as breaking the continuity of service.

(3) For the purposes of subdivision (b) of Section 31499.4, an unpaid leave of absence of not to exceed one year, or a leave of absence for which an employee receives any benefit which has been approved by the employer, may not be considered an interruption of service. However, the period of time of unpaid leave may not be considered as service in calculating the benefits otherwise provided under this article.

(d) No member may receive any service credit under this section for which he or she has not completed payment pursuant to subdivision (c) before the effective date of his or her retirement or, if applicable, before the date provided in Section 31485.7. Subject to the limitations of federal law, a member who has elected to make payments in installments may complete payment by lump sum at any time prior to the effective date of his or her retirement.

However, the period of time of unpaid leave may not be considered as service in calculating the benefits otherwise provided under this article.

SEC. 17. Section 31499.13 of the Government Code is repealed.

SEC. 18. Section 31499.13 is added to the Government Code, to read:

31499.13. SEC. 20. Section 54956.81 is added to the Government Code, to read:

54956.81. Notwithstanding any other provision of this chapter, a legislative body of a local agency that invests pension funds may hold a closed session to consider the purchase or sale of particular, specific pension fund investments. SEC. 21. Section 54957.1 of the Government Code is amended to read:

54957.1. (a) The legislative body of any local agency shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

(1) Approval of an agreement concluding real estate negotiations pursuant to Section 54956.8 shall be reported after the agreement is final, as specified below:

(A) If its own approval renders the agreement final, the body shall report that approval and the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with the other party to the negotiations, the local agency shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the local agency of its approval.

(2) Approval given to its legal counsel to defend, or seek or refrain from seeking appellate review or relief, or to enter as an amicus curiae in any form of litigation as the result of a consultation under Section 54956.9 shall be reported in open session at the public meeting during which the closed session is held. The report shall identify, if known, the adverse party or parties and the substance of the litigation. In the case of approval given to initiate or intervene in an action, the announcement need not identify the action, the defendants, or other particulars, but shall specify that the direction to initiate or intervene in an action has been given and that the action, the defendants, and the other particulars shall, once formally commenced, be disclosed to any person upon inquiry, unless to do so would jeopardize the agency's ability to effectuate service of process on one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(3) Approval given to its legal counsel of a settlement of pending litigation, as defined in Section 54956.9, at any stage prior to or during

a judicial or quasi-judicial proceeding shall be reported after the settlement is final, as specified below:

(A) If the legislative body accepts a settlement offer signed by the opposing party, the body shall report its acceptance and identify the substance of the agreement in open session at the public meeting during which the closed session is held.

(B) If final approval rests with some other party to the litigation or with the court, then as soon as the settlement becomes final, and upon inquiry by any person, the local agency shall disclose the fact of that approval, and identify the substance of the agreement.

(4) Disposition reached as to claims discussed in closed session pursuant to Section 54956.95 shall be reported as soon as reached in a manner that identifies the name of the claimant, the name of the local agency claimed against, the substance of the claim, and any monetary amount approved for payment and agreed upon by the claimant.

(5) Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee in closed session pursuant to Section 54957 shall be reported at the public meeting during which the closed session is held. Any report required by this paragraph shall identify the title of the position. The general requirement of this paragraph notwithstanding, the report of a dismissal or of the nonrenewal of an employment contract shall be deferred until the first public meeting following the exhaustion of administrative remedies, if any.

(6) Approval of an agreement concluding labor negotiations with represented employees pursuant to Section 54957.6 shall be reported after the agreement is final and has been accepted or ratified by the other party. The report shall identify the item approved and the other party or parties to the negotiation.

(7) Pension fund investment transaction decisions made pursuant to Section 54956.81 shall be disclosed at the first open meeting of the legislative body held after the earlier of the close of the investment transaction or the transfer of pension fund assets for the investment transaction.

(b) Reports that are required to be made pursuant to this section may be made orally or in writing. The legislative body shall provide to any person who has submitted a written request to the legislative body within 24 hours of the posting of the agenda, or to any person who has made a standing request for all documentation as part of a request for notice of meetings pursuant to Section 54954.1 or 54956, if the requester is present at the time the closed session ends, copies of any contracts, settlement agreements, or other documents that were finally approved or adopted in the closed session. If the action taken results in one or more substantive amendments to the related documents requiring retyping,

the documents need not be released until the retyping is completed during normal business hours, provided that the presiding officer of the legislative body or his or her designee orally summarizes the substance of the amendments for the benefit of the document requester or any other person present and requesting the information.

(c) The documentation referred to in paragraph (b) shall be available to any person on the next business day following the meeting in which the action referred to is taken or, in the case of substantial amendments, when any necessary retyping is complete.

(d) Nothing in this section shall be construed to require that the legislative body approve actions not otherwise subject to legislative body approval.

(e) No action for injury to a reputational, liberty, or other personal interest may be commenced by or on behalf of any employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with this section.

CHAPTER 534

An act to amend Sections 71.4, 76.3, and 76.6 of the Harbors and Navigation Code, relating to harbors and ports.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 71.4 of the Harbors and Navigation Code is amended to read:

71.4. (a) The department, subject to the approval of the Legislature in accordance with Section 85.2, may make loans to cities, counties, or districts having power to acquire, construct, and operate small craft harbors, for the planning, acquisition, construction, improvement, maintenance, or operation of small craft harbors and facilities in connection therewith, and connecting waterways, if the department finds that the project is feasible.

(b) The department shall establish, by rules and regulations, policies and standards to be followed in making loans pursuant to this section so as to further the proper development and maintenance of a statewide system of small craft harbors and connecting waterways. To the greatest extent possible, the department shall adhere to customary commercial practices to ensure that loans made pursuant to this section are adequately secured and that the loans are repaid consistent with the terms

of the loan agreement. Any rules and regulations shall include policies and standards for restrooms, vessel pumpout facilities, oil recycling facilities, and receptacles for the purpose of separating, reusing, or recycling all solid waste materials.

(c) The department shall develop weighing and ranking criteria to qualify and prioritize the public loans.

(d) Any loan under this section shall be repaid as provided in Section 70.

(e) Rates to be charged for the use of the boating facilities shall be established by the city, county, or district, subject to the approval of the department, in every loan contract. The department shall concern itself with the rates charged only as prescribed in Section 71.8. The rates set shall be based on a monthly berthing charge, and the department shall monitor these rates to ensure that the berthing charges are sufficient to ensure timely and complete repayment of the loan.

(f) The department shall submit any project for which it recommends any loan be made to the Governor for inclusion in the Budget Bill.

(g) No loans shall be made to cities, counties, or districts pursuant to this article from funds appropriated in the Budget Act of 1999 for the purposes of this section until the practices and criteria described in subdivisions (b) and (c) have been reviewed and approved by the Department of Finance. Any subsequent changes to those practices and criteria shall also be approved by the Department of Finance.

SEC. 2. Section 76.3 of the Harbors and Navigation Code is amended to read:

76.3. (a) The department may make loans to private marina owners for construction costs, not including planning, design, and other similar expenses, to develop a recreational marina. Loan funds from the department may be utilized for berthing facilities, dredging, parking, public access facilities, restrooms, vessel pumpout facilities, oil recycling facilities, utilities, landscaping, receptacles for the purpose of separating, reusing, or recycling all solid waste materials, and other incidental boating-related amenities.

(b) No loan made by the department to a private marina owner shall exceed 75 percent of the funds annually budgeted for purposes of this article.

(c) The department shall not make a loan to a recreational marina that restricts access or bars the public other than what is consistent with general commercial business practices.

(d) Any private marina owner who purchases facilities previously developed with a department loan is eligible to apply for a new construction loan from the department.

(e) (1) The department may also make a loan to a recreational marina for the purpose of refinancing an existing loan, subject to the following conditions:

(A) Not more than 70 percent of the proceeds from the loan shall be used to refinance an existing loan.

(B) Not less than 30 percent of the loan proceeds shall be used for construction activity authorized under this section.

(C) The loan applicant shall provide documentation to the department proving to the satisfaction of the department that the existing loan prohibits the addition of a loan in second position.

(D) The loan applicant shall meet all other requirements under law for loan qualification, and any other applicable term or condition of law.

(2) This subdivision does not prohibit a person from applying for a loan under subdivision (a).

SEC. 3. Section 76.6 of the Harbors and Navigation Code is amended to read:

76.6. Loans made under this article shall include, but are not limited to, the following terms and conditions:

(a) The annual rate of interest charged by the department shall be a rate equal to 1 percent per annum plus the prevailing rate of interest existing in the marketplace for lending institutions' most creditworthy borrowers. For purposes of this article, the prevailing rate of interest existing in the marketplace for lending institutions' most creditworthy borrowers means the prime or base rate of interest.

(b) The department shall require collateral in the amount of 110 percent of the loan.

(c) The repayment period of a loan shall not exceed 20 years, or be longer than the length of the borrower's leasehold estate, including renewal options, if the loan is based upon a leasehold estate of the borrower.

(d) All loans shall amortize the principal over the term of the loan. However, a loan shall become due and payable in full if the borrower sells or otherwise transfers the recreational marina developed with departmental funds, unless the transfer is, by reason of the death of the borrower, to the borrower's heirs, or the transfer is to another business entity controlled by the borrower in a transaction that does not result in a material change in control or ownership of the recreational marina.

(e) The department's loans shall not be subordinated to any future loans obtained by a private marina owner, except in those cases involving loans acquired for refinancing previous senior loans.

CHAPTER 535

An act to amend Section 71631.7 of, and to add Section 5009 to, the Water Code, relating to water.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5009 is added to the Water Code, to read:

5009. (a) (1) Notwithstanding any other provision of this part, on and after January 1, 2005, each person who extracts groundwater in a board-designated local area, and who is otherwise subject to this part, shall file the required notice with the appropriate local agency designated pursuant to subdivision (e), instead of the board, in accordance with this part. The notice shall be on a form provided by the local agency and the content of the form shall be determined by the local agency in accordance with Section 5002. To the extent possible, the form shall consolidate the notice required under this section with other reports required by the local agency relating to the extraction of groundwater.

(2) A person who is subject to this section is subject to this part in the same manner and to the same extent as a person who files his or her notice with the board.

(b) Each notice filed with the local agency may include a filing fee determined by the local agency. If the local agency chooses to impose a filing fee, the local agency shall calculate the amount of the fee to pay for administrative expenses incurred in connection with the processing, compiling, and retaining of the notices, but in no event shall the fee amount exceed that amount charged by the board pursuant to Section 5006.

(c) The local agency shall make available to the public the information collected pursuant to this section.

(d) For the purposes of this section:

(1) ''Board-designated local area'' means the area entirely within the jurisdiction of the local agency that the board has determined shall be subject to this section.

(2) ''Local agency'' means the local public agency or court appointed watermaster that has been designated by the board in accordance with subdivision (e).

(e) The board may designate an entity as a local agency for the purposes of this section if the board determines that all of the following apply:

(1) The entity has volunteered to be designated.

(2) The entity has responsibilities relating to the extraction or use of groundwater.

1936.05. (a) For purposes of this section:

(1) ''Additional charges'' means charges other than a per period base rental rate established by the business program.

(2) ''Business program'' means (A) a contract between a rental company and a business program sponsor that has established the per period base rental rate, and any other material terms relating to additional charges, on which the rental company will rent passenger vehicles to persons authorized by the sponsor, or (B) a plan, program, or other arrangement established by a rental company at the request of, or with the consent of, a business program sponsor under which the rental company offers to rent passenger vehicles to persons authorized by the sponsor at per period base rental rates, and any other material terms relating to additional charges, that are not the same as those generally offered by the rental company to the public.

(3) ''Business program sponsor'' means a legal entity, other than a natural person, that is a corporation, limited liability company, or partnership.

(4) ''Business renter'' means, for any business program sponsor, a person who is authorized by the sponsor, through the use of an identifying number or program name or code, to enter into a rental contract under the sponsor's business program. In no case shall the term ''business renter'' include a person renting as: (A) a nonemployee member of a not-for-profit organization, (B) the purchaser of a voucher or other prepaid rental arrangement from a person, including a tour operator, engaged in the business of reselling those vouchers or prepaid rental arrangements to the general public, (C) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person being insured or provided coverage under a policy of insurance issued by an insurance company, or (D) an individual whose car rental is eligible for reimbursement in whole or in part as a result of the person purchasing passenger vehicle repair services from a person licensed to perform such services.

(5) ''Qualified business rental'' under a business program established for a business program sponsor by a rental company means the rental of a passenger vehicle under the business program if either (A) in the 12-month period ending on the date of the rental or in the calendar year immediately preceding the year in which the rental occurs, the rentals under all business programs established by the rental company for the business program sponsor and its affiliates produced gross rental revenues in excess of twenty-five thousand dollars ($25,000) or (B) the rental company in good faith estimates that rentals under all the business

programs established by the rental company for the business program sponsor and its affiliates will produce gross rental revenues in excess of twenty-five thousand dollars ($25,000) in the 12-month period commencing with the date of the rental or in the calendar year in which the rental occurs. The rental company has the burden of establishing by objectively verifiable evidence that the rental was a qualified business rental.

(6) ''Quote'' means telephonic, in-person, and computer-transmitted quotations.

(b) Notwithstanding any provision to the contrary contained in paragraph (1) of subdivision (n) of Section 1936, a rental car company may, in connection with the qualified business rental of a passenger vehicle to a business renter of a business program sponsor under the sponsor's business program, do both of the following:

(1) Separately quote additional charges for the rental if, at the time the quote is provided, the person receiving the quote is also provided a good faith estimate of the total of all the charges for the entire rental. The estimate may exclude mileage charges and charges for optional items and services that cannot be determined prior to completing the reservation based upon the information provided by the renter.

(2) Separately impose additional charges for the rental, if the rental contract, or another document provided to the business renter at the time and place the rental commences, clearly and conspicuously discloses the total of all the charges for the entire rental, exclusive of charges that cannot be determined at the time the rental commences.

(c) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(d) Any waiver of any of the provisions of this section shall be void and unenforceable as contrary to public policy.

(e) Nothing in this section shall be interpreted to mean that a rental company is not required to comply with the requirements of paragraphs (2) to (6), inclusive, of subdivision (n) of Section 1936.

CHAPTER 537

An act to amend and repeal Section 37252.1, of the Education Code, relating to pupil instruction, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 37252.1 of the Education Code is amended to read:

37252.1. (a) (1) (A) Notwithstanding subdivision (g) of Section 37252, the State Board of Education may grant a request from the Fresno Unified School District that Section 37252 be waived to allow that district to receive and use funds made available pursuant to Section 37252 to offer to pupils enrolled at the Cooper Middle School whose performance on the English language arts and mathematics parts of the California Standards Tests is at the below basic or far below basic levels, as those terms are defined by the State Board of Education, an instructional day that is 60 minutes longer than at other middle schools in the district instead of offering at the Cooper Middle School the supplemental instructional programs required pursuant to Section 37252. If the State Board of Education grants the waiver request, the longer instructional day shall be used to provide more instruction in language arts and mathematics.

(B) The additional 60 minutes of instruction shall supplement and not supplant regularly scheduled courses in reading and mathematics.

(C) The Fresno Unified School District shall separately account for, and maintain separate records of, pupil attendance at the additional 60 minutes of instruction.

(2) The Fresno Unified School District may also offer pupils enrolled at the Cooper Middle School whose performance on the English language arts and mathematics parts of the California Standards Tests is at a level better than the below basic or far below basic levels, as those terms are defined by the State Board of Education, an instructional day that is 60 minutes longer than at other middle schools in the district. The district may not use funds made available pursuant to Section 37252 to offer these pupils a longer instructional day.

(3) Before implementing a longer instructional day pursuant to this section, the Fresno Unified School District shall notify the parents and guardians of pupils enrolled in the Cooper Middle School that they may elect not to include their child in the instructional program offered at the Cooper Middle School and have their child placed in a regular program at another middle school maintained by the district.

(b) The Superintendent of Public Instruction shall conduct an evaluation of this alternative use of supplemental instruction funds and submit an evaluative report to the Legislature by December 31, 2004.

(c) This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The Legislature finds and declares that due to special circumstances surrounding the Fresno Unified School District that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and the enactment of a special statute is therefore necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Cooper Intervention Program to continue to be funded through the 2004–05 and 2005–06 school year without interruption, it is necessary that this act take effect immediately.

CHAPTER 538

An act to amend Section 16461 of the Probate Code, relating to trusts.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 16461 of the Probate Code is amended to read:

16461. (a) Except as provided in subdivision (b), (c), or (d), the trustee can be relieved of liability for breach of trust by provisions in the trust instrument.

(b) A provision in the trust instrument is not effective to relieve the trustee of liability (1) for breach of trust committed intentionally, with gross negligence, in bad faith, or with reckless indifference to the interest of the beneficiary, or (2) for any profit that the trustee derives from a breach of trust.

(c) Subject to subdivision (b), a provision in a trust instrument that releases the trustee from liability if a beneficiary fails to object to an item in an interim or final account or other written report within a specified time period is effective only if all of the following conditions are met:

(1) The account or report sets forth the item.

(2) The period specified in the trust instrument for the beneficiary to object is not less than 180 days, or the trustee elects to follow the procedure provided in subdivision (d).

(3) Written notice in 12-point boldface type is provided to a beneficiary with the account or report in the following form:

NOTICE TO BENEFICIARIES

YOU HAVE [insert ''180 days'' or the period specified in the trust instrument, whichever is longer] FROM YOUR RECEIPT OF THIS ACCOUNT OR REPORT TO MAKE AN OBJECTION TO ANY ITEM SET FORTH IN THIS ACCOUNT OR REPORT. ANY OBJECTION YOU MAKE MUST BE IN WRITING; IT MUST BE DELIVERED TO THE TRUSTEE WITHIN THE PERIOD STATED ABOVE; AND IT MUST STATE YOUR OBJECTION. YOUR FAILURE TO DELIVER A WRITTEN OBJECTION TO THE TRUSTEE WITHIN THE PERIOD STATED ABOVE WILL PERMANENTLY PREVENT YOU FROM LATER ASSERTING THIS OBJECTION AGAINST THE TRUSTEE. IF YOU DO MAKE AN OBJECTION TO THE TRUSTEE, THE THREE-YEAR PERIOD PROVIDED IN SECTION 16460 OF THE PROBATE CODE FOR COMMENCEMENT OF LITIGATION WILL APPLY TO CLAIMS BASED ON YOUR OBJECTION AND WILL BEGIN TO RUN ON THE DATE THAT YOU RECEIVE THIS ACCOUNT OR REPORT.

(d) A provision in a trust instrument that provides for a period less than 180 days to object to an item in an account or report shall be ineffective to release the trustee from liability. A trustee of a trust created by an instrument with an ineffective period may elect to be governed by the provisions of subdivision (c) by complying with the requirements of subdivision (c), except that ''180 days'' shall be substituted in the notice form for the ineffective period.

(e) Subject to subdivision (b), a beneficiary who fails to object in writing to an account or report that complies with the requirements of subdivision (c) within the specified, valid period shall be barred from asserting any claim against the trustee regarding an item that is adequately disclosed in the account or report. An item is adequately disclosed if the disclosure regarding the item meets the requirements of paragraph (1) of subdivision (a) of Section 16460.

(f) Except as provided in subdivision (a) of Section 16460, the trustee may not be released from liability as to any claim based on a written objection made by a beneficiary if the objection is delivered to the trustee within the specified, effective period. If a beneficiary has filed a written objection to an account or report that complies with the requirements of subdivision (c) within the specified, valid period that concerns an item that affects any other beneficiary of the trust, any affected beneficiary may join in the objection anytime within the specified, valid period or while the resolution of the objection is pending, whichever is later. This section is not intended to establish a class of beneficiaries for actions on an account and report or provide that the action of one beneficiary is for

the benefit of all beneficiaries. This section does not create a duty for any trustee to notify beneficiaries of objections or resolution of objections.

(g) Provided that a beneficiary has filed a written objection to an account or report that complies with the requirements of subdivision (c) within the specified, valid period, a supplemental written objection may be delivered in the same manner as the objection not later than 180 days after the receipt of the account or report or no later than the period specified in the trust instrument, whichever is longer.

(h) Compliance with subdivision (c) excuses compliance with paragraph (6) of subdivision (a) of Section 16063 for the account or report to which that notice relates.

(i) Subject to subdivision (b), if proper notice has been given and a beneficiary has not made a timely objection, the trustee is not liable for any other claims adequately disclosed by any item in the account or report.

(j) Subdivisions (c) to (i), inclusive, apply to all accounts and reports submitted after the effective date of the act adding these subdivisions.

CHAPTER 539

Liability measures may include, without limitation, the commission's right to approve the remedial plan, applicable indemnities, or insurance policies.

(p) ''Middle Harbor'' means those lands lying south and west of Middle Harbor Road and consisting of berths 55 through 63, inclusive, as well as those lands encompassed within berths 67 and 68 that are part of what is currently known as the Inner Harbor.

SEC. 3. The Legislature finds and declares all of the following:

(a) The purpose of this act is to authorize reconfiguration of certain public trust lands within one area of the estuary plan, specifically the Oak Street to 9th Avenue district. The authorization will effectuate the principles and objectives contained in regional and local land use plans, especially the estuary plan, the San Francisco Bay Plan and the San Francisco Bay Area Seaport Plan (both adopted by BCDC), and the port improvement plans, to the extent that they are consistent with the public trust. The completion of the reconfiguration of public trust lands will further the purposes of the public trust and the Oak Street to 9th Avenue legislative grants, and, if the trust exchange parcels lie outside of the lands encompassed within the Oak Street to 9th Avenue legislative grants or the area of the estuary plan, the legislative grants. To achieve these purposes, this act approves and authorizes the port to carry out and the commission to approve and to effectuate a sale and an exchange of lands, provided that the commission makes the necessary findings supporting the sale and exchange. Through the sale and exchange, certain lands within the Oak Street to 9th Avenue property presently subject to the public trust and the Oak Street to 9th Avenue legislative grants and no longer useful for public trust purposes will be freed from public trust ownership and use restrictions. Through a sale, significant funds will be generated for the port to apply to public trust purposes. Through an exchange, the trust exchange parcel will be brought into public trust ownership and made subject to the public trust and the Oak Street to 9th Avenue legislative grants or the legislative grants, as applicable, and the title to the final trust lands will be confirmed.

(b) Commencing in 1852, the city received a series of grants of public trust lands from the Legislature.

(c) Certain of the legislative grants, including the Oak Street to 9th Avenue legislative grants, purport to encompass the entirety of the Oak Street to 9th Avenue property. In addition, some or all of the Oak Street to 9th Avenue property was included within the perimeter description of Tideland Survey No. 22, which may have been invalid. Other parts of the property may have been included within Rancho San Antonio, parts of which were confirmed and patented to Antonio Maria Peralta in June 1874, and other parts of which were confirmed and patented to Domingo and Vincente Peralta in February 1877. Because of these and possibly

other factors related to the land title history of portions of the Oak Street to 9th Avenue property, there is uncertainty as to land titles within the property and the actual location of the boundaries of the granted lands and the after-acquired trust lands.

(d) The Oak Street to 9th Avenue property abuts the estuary on either side of the arm of the estuary which continues on to Lake Merritt. It has historically been used for industrial purposes, including shipping. The Oak Street to 9th Avenue property includes both granted lands and after-acquired trust lands. The title to, and boundary between, the granted lands and the after-acquired trust lands are uncertain, and will be settled by the port and the commission in connection with the exchange authorized by this act.

(e) In connection with a highly beneficial program of harbor development, the majority of the Oak Street to 9th Avenue property has been filled and reclaimed. As described below, the Oak Street to 9th Avenue exchange lands are, subject to the findings of the commission required by this act, no longer needed or required for the promotion of the public trust or any of the purposes set forth in the Oak Street to 9th Avenue legislative grants. Other portions of the property, the final trust lands, not now available for certain public trust uses, are or will be made or improved to be useful for other public trust purposes that may include, but are not limited to, open space, public access, water-related recreation, such as a marina and boat launch, commercial services to visitors as necessary, such as food service, plant and animal habitat, such as wetlands, circulation to and along the waterfront, or similar uses. In addition, through the settlement and exchange authorized by this act, any uncertain title within the final trust lands thereof will be settled as sovereign lands subject to the public trust and the Oak Street to 9th Avenue legislative grants.

(f) In 1927, the port was established by amendment to the charter. According to the charter, the purpose of the port is to promote and ensure the comprehensive and adequate development of the Port of Oakland through continuity of control, management, and operation, including the lands held by the city pursuant to the legislative grants. The Board of Port Commissioners, in whom the charter vests control of the port, has the complete and exclusive power, and the duty, on behalf of the city, to manage the port, including the Oak Street to 9th Avenue property. The port controls and manages more than 17,000 acres of land on which it operates, among other public trust functions, marine cargo terminals, and an international airport.

(g) In response to, among other matters, regional and local environmental concerns, the increasing size of container vessels and containers, and need for greater efficiency in moving containers to their destinations with the least relative environmental impact, the port is in

the process of consolidating, reconfiguring, or expanding its existing marine terminals pursuant to port improvement plans. Port improvement plans are intended to result in port maritime terminal facilities that will allow the port to achieve the year 2020 cargo throughput demand forecasts set forth in the BCDC's San Francisco Bay Area Seaport Plan.

(h) BCDC's San Francisco Bay Area Seaport Plan projected cargo handling requirements within the Oak Street to 9th Avenue property are supported by an analysis of cargo needs and facilities throughout the San Francisco Bay area. Prior to 2003, BCDC's San Francisco Bay Area Seaport Plan designated certain areas of the port for port priority use, including a portion of the Oak Street to 9th Avenue property, the 9th Avenue Terminal, which was used to handle break bulk cargo. In 2003, BCDC removed the port priority use designation from the 9th Avenue Terminal, finding that the regional demand for handling break bulk cargo was adequately met by the remaining regionwide capacity. In addition, in recognition of the improved efficiencies and increased maritime cargo capability proposed in port improvement plans and to ensure the availability of adequate land for port ancillary uses, BCDC amended the San Francisco Bay Plan and the San Francisco Bay Area Seaport Plan in 2001 to add certain lands to its designated port priority use area, retain the port priority use designation over other areas of the port, and remove the designation from other port lands.

(i) With respect to the Oak Street to 9th Avenue property, a portion of the property was a break bulk cargo terminal until the terminal ceased operation in about 1998. There are dredging depth limits beginning to the west of the property as a result of the Posey and Webster Tubes which provide vehicular access to the City of Alameda. The dredging depth limits the size of break bulk or container carriers that can access any terminal lying within the property. Further, the break bulk terminal that had existed would have required extensive repairs and remediation of pollution if it were to continue to accept cargo. The port concluded that break bulk cargo deliveries would not generate sufficient revenue to support costs of remediation and renovation of the terminal. Other regional ports with less container capability have absorbed the shipments that previously took place at the terminal on the property.

(j) The only currently operating industrial facility within the Oak Street to 9th Avenue property is a sand and gravel operation, which the port has leased to the sand and gravel operator through 2015. The continued operation of this facility beyond its current lease term is incompatible with contemplated public uses set forth in the estuary plan, including visitor access and shoreline improvement and circulation within the Oak Street to 9th Avenue property.

(k) When the break bulk and other industrial uses were active within the Oak Street to 9th Avenue property, they cut off or prevented public access, closed or narrowed view corridors, and prohibited or made impossible open-space amenities that would draw and permit the public to use and enjoy the estuary. The public, local and regional agencies, and national groups voiced significant concerns about the condition, use of, and access to the estuary and its shoreline. These concerns instigated public examination and reconsideration of land uses and facility operations along the estuary and made concrete the regional desire to revive the estuary waterfront. The estuary plan was the result and sets forth standards regarding protection and promotion of public uses along the estuary within and beyond the Oak Street to 9th Avenue property.

(*l*) The estuary plan recognizes that the estuary is a public resource of city, regional, and statewide significance. The estuary plan is intended to promote and strengthen a sense of community, to bring people to the waterfront to revitalize the estuary shoreline and to make it an inviting and vibrant part of the bay area. That this is a shared regional goal is evidenced by the adoption of City Measure DD, a nearly $200,000,000 bond issue to, among other matters, restore and help provide access to the estuary.

(m) The estuary plan also recognizes that continued siting of new heavy industrial facilities using, handling, storing, or generating pollutants next to a sensitive, publicly visible waterway is no longer appropriate for certain portions of the estuary shoreline, including the shoreline of the Oak Street to 9th Avenue property.

(n) The Oak Street to 9th Avenue property, as currently configured and in its present state, is constrained by conditions that make it difficult for redevelopment and require either a public or private entity to assume the considerable costs necessary to make any redevelopment possible. These present constraints include poor freeway and public transportation access, site contamination, unstable soils, and relatively poor infrastructure.

(o) While significant changes in container vessels, container shipping and processing, and land use plans have made portions of the Oak Street to 9th Avenue property no longer useful for shipping purposes, other portions of the property, the final trust lands, remain valuable to the public trust for, among other matters, open space, public access, water-related recreation, such as a marina and boat launch, commercial services to visitors as necessary, such as food service, plant and animal habitat, such as wetlands, circulation to and along the waterfront, or similar uses. These portions of the property are not now accessible to the public and require improvement and remediation.

(p) There are other public trust uses for which the Oak Street to 9th Avenue property is not currently needed or useful: oil and gas

development; airports; vehicular bridges and other water-dependent or water-related commercial transportation facilities (other than possible ferry service or boat landings); warehousing and storage of commercial goods related to port and airport use (because of the distance from existing large rail and container storage and movement yards at the port and inadequate truck access to I-880); maritime offices (because there is no market for new maritime office space within the property due to the existence of existing or planned maritime office space closer to downtown Oakland and to existing maritime and airport facilities); and hotels (because of the location of the property between other port sites with substantial numbers of hotel rooms and plans for future expansion).

(q) The port has encouraged development of significant public access and open space along the Oak Street to 9th Avenue property shoreline by removing defunct and dilapidated industrial uses, and then soliciting proposals for redevelopment that would include access and open-space opportunities. A mixed-use development has been proposed for the property. That improvement is part of the port's efforts to redevelop and to transform the shoreline in the Oak Street to 9th Avenue property area by converting the property into a vital waterfront district. The redevelopment of the property will revitalize, remediate, renew, and make accessible a now inaccessible and decayed waterfront area. This development will create trails, paths, view corridors, and significant public spaces enhancing public trust lands remaining following a sale and exchange, and will provide new public access and circulation to an area long cut off from the region.

(r) Although a substantial portion of the Oak Street to 9th Avenue property is now no longer needed or required for the promotion of the public trust, other portions of the property, the final trust lands, are of value to the public trust, and are needed and required for public trust uses, such as open space, public access, water-related recreation, such as a marina and boat launch, commercial services to visitors as necessary, such as food service, plant and animal habitat, such as wetlands, circulation to and along the waterfront, or similar uses. Absent a trust exchange and sale, certain interior lands not useful for trust purposes would be restricted to trust-consistent uses and could not be used for residential or other nontrust uses as a part of a mixed-use project that establishes, promotes, and maintains public trust uses on the waterfront and near-shoreline portions of the property and facilitates public trust purposes and goals including those set forth in the estuary plan, other applicable land use plans, to the extent they are consistent with the public trust, and the legislative grants, including the Oak Street to 9th Avenue legislative grants.

(s) A trust exchange of the Oak Street to 9th Avenue exchange lands and sale of after-acquired trust lands resulting in the geographic

configuration and extent of the final trust lands substantially as shown on the diagram contained in Section 12 maximizes the overall benefits to the trust, without interfering with trust uses or purposes. Following an exchange and sale, all lands within the Oak Street to 9th Avenue property adjacent to the waterfront, as well as interior lands determined by the port and the commission to retain public trust value, will remain subject to the public trust. The lands that will be removed from the trust pursuant to the exchange and sale, subject to approval of the commission, are landward of navigable waters and are no longer needed or required for the promotion of the public trust. The Oak Street to 9th Avenue exchange lands to be freed of the public trust constitute a relatively small portion of the lands granted to the city by the legislative grants. This act requires that the commission ensure that the trust exchange parcel added to the trust pursuant to the exchange is of equal or greater value than the Oak Street to 9th Avenue exchange lands taken out of the trust. The trust exchange parcel shall be selected by the port, subject to commission approval. The trust exchange parcel shall be owned as a public trust asset and be subject to the public trust and to either the legislative grants, including the Oak Street to 9th Avenue legislative grants, or to the legislative grants applicable to the remainder of the port, according to the location of the trust exchange parcel.

(t) The completion of the sale and exchange authorized by this act will have numerous benefits to the public trust. These benefits include, but are not limited to, all of the following:

(1) The repair and enhancement of the shoreline within the Oak Street to 9th Avenue property through the creation or improvement of a wide variety of open-space areas, bike trails, walking and jogging paths, marinas, an aquatic/sailing center, a maritime museum, restaurants, and small-scale, visitor-serving retail.

(2) Access to more than a mile of now inaccessible shoreline across the entirety of the waterfront of the property.

(3) In conjunction with the redevelopment of the property, remediation of soil contamination to improve water quality in the estuary.

(4) A significant deposit of money to the port fund, generated from the sale of the after-acquired trust lands, to be used for public trust purposes.

(5) Acquisition of the trust exchange parcel useful to, in support of, and consistent with the public trust and the purposes or objectives of the estuary plan, or the port improvement plans, as applicable, to the extent they are consistent with the public trust.

(6) Settlement of title issues.

(u) The completion of the authorized exchange and acquisition of the trust exchange parcel and the sale of after-acquired trust lands will

produce or support revenue generation by the port for port operations by, among other means, increasing visitor activities within the port and by assisting remediation of the Oak Street to 9th Avenue property.

(v) It is, therefore, the intent of the Legislature, on and subject to the terms and conditions set forth in this act, to authorize, ratify, and confirm any agreement between the commission and the port to enter into and effectuate an exchange of lands within the Oak Street to 9th Avenue property and a sale of after-acquired trust lands, as the port may propose and the commission may approve pursuant to this act and to terminate the public trust and the Oak Street to 9th Avenue legislative grants over the Oak Street to 9th Avenue exchange lands consistent with the findings and declarations stated in this act.

(w) The Legislature reaffirms and adopts those findings contained in Section 8602 of the Public Resources Code.

(x) The findings made in this act are applicable only to the transactions authorized and approved by Section 4.

SEC. 4. The Legislature hereby approves the following transactions within the Oak Street to 9th Avenue property: a land exchange of the Oak Street to 9th Avenue exchange lands and a sale for fair market value of after-acquired trust lands. Through the exchange and sale, certain lands within the property that meet the criteria set forth in this act and therefore are not now useful for public trust purposes will be freed from the public trust and may be conveyed into private ownership, certain other lands that are useful for public trust purposes and are not now subject to the public trust or the legislative grants will be made subject to the public trust and to the Oak Street to 9th Avenue legislative grants or to the legislative grants, as applicable, and the title to the final trust lands will be confirmed as being subject to the public trust and to the Oak Street to 9th Avenue legislative grants provided all of the following conditions are met, including approval by the commission:

(a) The lands or interests in lands to be exchanged or sold by the port and over which the public trust and the Oak Street to 9th Avenue legislative grants are to be terminated have been filled and reclaimed and consist entirely of dry lands lying landward of the present line of mean high water which are no longer needed or required for the purposes of the public trust or the Oak Street to 9th Avenue legislative grants.

(b) The consideration for exchange of the Oak Street to 9th Avenue exchange lands shall be the conveyance into public trust ownership of the trust exchange parcel which shall become public trust land subject to the legislative grants, including the Oak Street to 9th Avenue legislative grants or to the legislative grants, applicable to the remainder of the port, as appropriate, and shall meet all of the following criteria:

(1) The value of the trust exchange parcel shall be equal to or in excess of the value of the Oak Street to 9th Avenue exchange lands in which the

public trust and the Oak Street to 9th Avenue legislative grants are terminated.

(2) The trust exchange parcel shall be selected by the port and approved by the commission according to the following criteria and order of priority:

(A) First priority shall be for land that lies within the area of the estuary plan.

(B) Second priority shall be for land contiguous to the area of the estuary plan.

(C) Third priority shall be for land that lies within or adjacent to the Middle Harbor.

(D) Fourth priority shall be for land that lies within or adjacent to the Outer Harbor provided, however, that any first or second priority land acquired in accordance with this section shall support or relate to the purposes or objectives of the estuary plan to the extent these purposes or objectives are consistent with the public trust. If the only land available within the first priority has been designated in the estuary plan for a use that is not consistent with the public trust, then that land may be acquired by the port, but its acquisition shall support or relate to the purposes or objectives of the public trust and the legislative grants. It is further provided that any third or fourth priority land acquired in accordance with this section shall be for land that supports the purposes or objectives of the port improvement plans to the extent that their purposes and objectives are consistent with the public trust and the legislative grants.

(c) The port shall demonstrate to the commission that the trust exchange parcel selected by the port complies with the criteria of this section. If the commission, when considering an exchange, does not approve the trust exchange parcel and the commission determines that the port has made all reasonable efforts to locate a trust exchange parcel, an exchange agreement entered into consistent with Section 7 may provide that the port may deposit and the commission accept on behalf of the port the funds to be used to acquire a trust exchange parcel and sequester those funds in the Land Bank Fund established pursuant to Section 8610 of the Public Resources Code to be held solely for acquisition of a trust exchange parcel on which the port and the commission both agree according to the priorities in this section.

(d) All moneys resulting from the sale of after-acquired trust lands authorized in this act shall be retained by the port, and shall be used only for purposes consistent with the public trust and the legislative grants and this act, and shall be accounted for in compliance with Section 6306 of the Public Resources Code.

(e) Any sale of after-acquired trust lands shall occur only in conjunction with an exchange of the state's sovereign title in the Oak Street to 9th Avenue exchange lands pursuant to Section 7.

(f) Upon the completion of any sale of after-acquired trust lands authorized in this act by the recording of a deed from the port to a private party for the after-acquired trust lands authorized to be sold, any right, title, or interests sold therein shall be free from the public trust.

(g) Following the exchange and sale, the final trust lands shall be preserved, improved, or enhanced for public trust uses, such as open space, public access, water-related recreation, such as a marina and boat launch, commercial services to visitors as necessary, such as food service, plant and animal habitat, such as wetlands, circulation to and along the waterfront, or similar uses.

(h) The final trust lands will provide vertical access from public streets to the shoreline and continuous lateral public access consistent with policies OAK-9, OAK-10, OAK-11, and OAK-12 of the estuary plan in effect on June 1, 2004, for the Oak Street to 9th Avenue property to the water along the entirety of the Oak Street to 9th Avenue property.

(i) The Oak Street to 9th Avenue exchange lands exchanged into private ownership and over which the public trust and the Oak Street to 9th Avenue legislative grants will be terminated constitute a relatively small parcel of granted tide and submerged lands within the city.

(j) Upon completion of the exchange and sale contemplated by this section, the final trust lands shall meet all of the following criteria:

(1) The geographic configuration and extent of the final trust lands shall substantially conform to the geographic configuration and extent of the trust lands shown in the diagram in Section 12; provided that in no event shall the geographic configuration and extent, including depth as measured perpendicularly from the shoreline, length as measured laterally along the shoreline, and total square footage, of these lands be less than the geographic configuration and extent of these lands shown in the diagram in Section 12. However, the port, subject to the approval of the commission, may make minor changes in the geographic configuration and extent of final trust lands if the port and the commission both find that this change would better further public trust purposes. Any increase in the geographic configuration and extent of the final trust lands shall be as required by the commission, considering needs for public uses in walkways, parks, marinas and boat launch, habitat areas, and visitor-serving commercial facilities including, but not limited to, food service; provided, however, that in determining whether any increase in geographic configuration and extent of the final trust lands is required, the commission shall take into account the determinations of the port and the city to meet reasonable needs for the

above-described public trust uses as reflected in local entitlements for any development on the Oak Street to 9th Avenue property.

(2) No uses shall be allowed on the final trust lands other than open space, public access, water-related recreation, such as a marina and boat launch, commercial services to visitors as necessary, such as food service, plant and animal habitat, such as wetlands, circulation to and along the waterfront, or similar uses, as the port and the commission determine may be required to support the activities and goals of the estuary plan or the Oak Street to 9th Avenue legislative grants.

(3) Streets and other transportation facilities located on public trust lands shall be designed to be compatible with the public trust, and to serve primarily public trust purposes of access to shoreline improvements and shoreline circulation rather than serving nontrust purposes.

(4) Any surveys or legal descriptions required for the parcels in conjunction with the exchange and sale shall be approved by the commission.

SEC. 5. Any exchange or sale made or accomplished pursuant to this act is hereby found to be of statewide significance, and, therefore, any ordinance, charter provision, or other provision of local law inconsistent with this act shall not be applicable to the exchange or sale.

SEC. 6. Any lands or interests in lands exchanged or confirmed in public trust ownership following an exchange and sale, including the trust exchange parcel and the final trust lands, shall be held by the city as sovereign lands of the state and subject to the public trust and to either the Oak Street to 9th Avenue legislative grants, or to the legislative grants applicable to the remainder of the port according to the location of the lands or interests in lands.

SEC. 7. (a) The commission may approve an exchange of public trust lands that meets the requirements of this act and enter into an exchange agreement. Pursuant to this authority, the commission shall establish appropriate procedures for effectuating the exchange including, but not limited to, the following:

(1) Procedures for ensuring that lands or interests in lands are not exchanged or confirmed into the trust until all remedial action necessary to protect human health and the environment with respect to hazardous substances has been completed as determined by the oversight agency. However, the commission may approve an exchange and sale that calls for lands to be exchanged or confirmed into the trust prior to the completion of remedial action if the commission finds that sufficient liability measures and implementation measures will be in place upon the completion of the exchange. With respect to the commission's right to approve the remedial plan, the Legislature recognizes that the remedial plan shall first be approved by the oversight agency and that the

oversight agency has special expertise in evaluating and supervising the investigation and remediation of hazardous materials. Therefore, the commission shall consider and give reasonable weight to the oversight agency's approval of the remedial plan, including any supplements or amendments thereto. The commission may delegate to the executive officer of the commission the authority to approve or disapprove supplements or amendments to the remedial plan, subject to such terms and conditions as the commission may deem appropriate.

(2) Procedures for reviewing the port's selection of the trust exchange parcel and for ensuring that all reasonable efforts have been made to locate a trust exchange parcel.

(b) The commission may not approve the exchange and sale of any trust lands unless it finds all of the following:

(1) The configuration of trust lands within the Oak Street to 9th Avenue property upon completion of the exchange and sale meets the requirements of subdivision (j) of Section 4 and includes all lands within the Oak Street to 9th Avenue property that are presently waterward of the mean high water line.

(2) The final layout of streets in the property will provide access to the public trust lands and be consistent with the beneficial use of the remaining public trust lands.

(3) The trust exchange parcel will promote the purposes or objectives of the estuary plan, legislative grants, or the port improvement plans, as applicable, to the extent these purposes or objectives are consistent with the public trust.

(4) The trust exchange parcel has been selected according to the criteria in paragraph (2) of subdivision (b) of Section 4.

(5) With respect to the exchange as finally configured, the value of the trust exchange parcel to be exchanged into the trust is equal to or greater than the value of the Oak Street to 9th Avenue exchange lands.

(6) The Oak Street to 9th Avenue exchange lands over which the public trust will be terminated have been filled and reclaimed, those parcels consisting entirely of dry land lying landward of the present line of mean high water, and are no longer needed or required for the purposes of the public trust and constitute a relatively small portion of the lands originally granted to the city, and that the exchange will not result in substantial interference with public trust uses and purposes, nor with the Oak Street to 9th Avenue legislative grants.

(7) The proposed exchange is consistent with this act.

(8) Vertical access from public streets to the shoreline and continuous lateral public access to the water along the entirety of the Oak Street to 9th Avenue property consistent with policies OAK-9, OAK-10, OAK-11, and OAK-12 of the estuary plan in effect on June 1, 2004, for the Oak Street to 9th Avenue property will be provided.

(9) The trust exchange parcel and final trust lands shall be held subject to the public trust and the terms of this act.

(10) No substantial interference with public trust uses and purposes shall ensue by virtue of the proposed exchange.

(11) The exchange is in the best interests of the statewide public.

(12) The port has approved the exchange after holding at least one public hearing.

(c) For purposes of effectuating the exchange authorized by this act, the commission may do all of the following:

(1) Receive and accept on behalf of the state the trust exchange parcel to be brought into the public trust as an exchange parcel in exchange for the Oak Street to 9th Avenue exchange lands in which the public trust and the Oak Street to 9th Avenue legislative grants are terminated.

(2) Receive and accept on behalf of the state a conveyance from the port of interests held by virtue of the Oak Street to 9th Avenue legislative grants or as after-acquired trust lands as part of an exchange or sale of public trust lands as approved, including the final trust lands.

(3) Convey to the port or to its designee by patent all of the right, title, and interest of the state in lands that are to be free of the public trust and the Oak Street to 9th Avenue legislative grants upon completion of the exchange of the Oak Street to 9th Avenue exchange lands as authorized by this act and as approved by the commission.

(4) Convey to the city or port by patent all of the right, title, and interest of the state in sovereign lands subject to the public trust and the terms of this act and the Oak Street to 9th Avenue legislative grants or the legislative grants, as applicable, upon completion of the exchange and sale of lands authorized by this act and as approved by the commission, subject to the terms, conditions, and reservations as the commission may determine are necessary to meet the requirements of this act.

(5) Determine or settle through an exchange the title to, or location of, the boundaries of the granted or after-acquired trust lands or any other boundary lines that the commission deems necessary to effectuate the exchange or the purposes of this act.

(d) In any case where the state, pursuant to this act, conveys filled tidelands and submerged lands transferred to the port or the city pursuant to the Oak Street to 9th Avenue legislative grants, the state shall reserve all minerals and all mineral rights in the lands of every kind and character now known to exist or hereafter discovered, including, but not limited to, oil and gas and rights thereto, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the state or to its successors and assignees, except that, notwithstanding the legislative grants, or Section 6401 of the Public Resources Code, any such reservation shall not

include the right of the state or its successors or assignees in connection with any mineral exploration, removal, or disposal activity, to do either of the following:

(1) Enter upon, use, or damage the surface of the lands or interfere with the use of the surface by any grantee or by the grantee's successors or assignees.

(2) Conduct any mining activities of any nature whatsoever above a plane located 500 feet below the surface of the lands without the prior written permission of any grantee of the lands or the grantee's successors or assignees.

(e) The requirement to reserve minerals and mineral rights described in subdivision (d) shall not apply if the state receives and retains minerals and mineral rights in the trust exchange parcel.

SEC. 8. In any case where the state, pursuant to this act, conveys filled tidelands and submerged lands transferred to the city pursuant to the 1911 grant or the 1960 grant, the state shall reserve the right to fish in the waters on which these lands may front with right of convenient access to the waters over these lands for that purpose.

SEC. 9. The commission and the port shall work expeditiously toward completing the exchange authorized by this act.

SEC. 10. Any agreement for the exchange of, or trust termination over, granted tidelands, or to establish boundary lines, entered into pursuant to this act, shall be conclusively presumed to be valid unless held to be invalid in an appropriate proceeding in a court of competent jurisdiction to determine the validity of the agreement commenced within 60 days after the recording of the agreement.

SEC. 11. (a) An action may be brought under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure by the parties to any agreement entered into pursuant to this act to confirm the validity of the agreement. Notwithstanding any provision of Section 764.080 of the Code of Civil Procedure, the statement of decision in the action shall include a recitation of the underlying facts and a determination whether the agreement meets the requirements of this act, Sections 3 and 4 of Article X of the California Constitution, and any other law applicable to the validity of the agreement.

(b) For purposes of Section 764.080 of the Code of Civil Procedure and unless otherwise agreed in writing, any settlement or exchange agreement entered into pursuant to this act shall be deemed to be entered into on the date it is executed by the executive officer of the commission, who shall be the last of the parties to sign prior to the signature of the Governor. The effective date of the agreement shall be deemed to be the date on which it is executed by the Governor pursuant to Section 6107 of the Public Resources Code.

The Legislature finds and declares that, because of the unique circumstances applicable only to the lands within the port described in this act, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 543

An act to amend Section 8 of Chapter 898 of the Statutes of 1997, relating to Treasure Island.

[Approved by Governor September 15, 2004. Filed with Secretary of State September 15, 2004.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Treasure Island Public Trust Exchange Act.

SEC. 2. The following definitions apply for purposes of this act:

(a) ''Authority'' or ''TIDA'' means the Treasure Island Development Authority, a nonprofit public benefit corporation established by the legislative body of the City and County of San Francisco and the conversion act, or, if TIDA is dissolved, the City and County of San Francisco, acting by and through its Port Commission.

(b) ''City'' means the City and County of San Francisco.

(c) ''Commission'' means the State Lands Commission.

(d) ''Conversion act'' means the Treasure Island Conversion Act of 1997 (Chapter 898 of the Statutes of 1997).

(e) ''Public trust'' or ''trust'' means the public trust for commerce, navigation, and fisheries.

(f) ''Statutory trust'' means those requirements for and limitations on the use, management, and disposition of trust lands imposed by Sections 6 through 11, inclusive, of the conversion act.

(g) ''TIDA property'' means that property comprised of portions of the lands commonly known as Treasure Island and Yerba Buena Island lying within the City and County of San Francisco, State of California and more particularly described as follows:

That portion of the lands described in that certain Presidential Reservation of Goat Island (now Yerba Buena Island), dated November 6, 1850, lying northwesterly of Parcel 57935-1 as described in that certain Quitclaim Deed, recorded October 26, 2000, as Document Number 2000G855531, in the office of the Recorder of the said City and

County of San Francisco (hereinafter referred to as Doc. 2000G855531), together with all of the underlying fee to Parcel 57935-5 as described in said Quitclaim Deed (Doc. 2000G855531), and also together with all of the underlying fee to Parcel 57935-6 as described in said Quitclaim Deed (Doc. 2000G855531), and also together with that portion of the tide and submerged lands in San Francisco Bay, relinquished to the United States of America by that certain act of the Legislature of the State of California by Statutes of the State of California of 1897, Chapter 81 (hereinafter referred to as Stat. 1897, Ch. 81), and also together with all of the Tidelands and Submerged Lands in San Francisco Bay known as Treasure Island, together with all improvements thereon and appurtenances thereto, as described in that certain Final Judgment of Condemnation, filed April 3, 1944, in the District Court of the United States in and for the Northern District of California, Southern Division, Case Number 22164-G (hereinafter referred to as Case 22164-G), excepting therefrom, that portion of the said Tidelands and Submerged Lands in San Francisco Bay known as Treasure Island (Case 22164-G), commonly referred to as the Job Corps Center, Treasure Island, which was transferred to the United States Department of Labor by that certain document entitled ''Transfer and Acceptance of Military Real Property'', Dated March 3, 1998, and also excepting therefrom, that portion of the said Tide and Submerged Lands in San Francisco Bay, relinquished to the United States of America (Stat. 1897, Ch. 81), within the ''Army Reservation, Occupied by U.S. Light House Service under Permit from Secretary of War dated May 27, 1872'' as shown and described upon that certain map entitled ''Plat of Army and Navy reservations on Yerba Buena (Goat) Island, San Francisco Bay, California'', and also excepting therefrom, that portion of the Tide and Submerged Lands in San Francisco Bay, relinquished to the United States of America (Stat. 1897, Ch. 81) which were transferred to the United States Coast Guard by that certain document entitled ''Transfer and Acceptance of Military Real Property'', Dated November 26, 2002.

(h) ''Tidelands'' means lands below the mean high tide line and includes submerged lands.

(i) ''Trust exchange'' or ''exchange'' means the exchange of trust lands on Treasure Island for lands on Yerba Buena Island not presently subject to the trust, as authorized by this act.

(j) ''Trust lands'' means all lands, including, but not limited to, tidelands, within the TIDA property that are presently subject to the public trust or will be subject to the trust upon conveyance out of federal ownership or following a trust exchange.

(k) ''Trustee'' means the authority and any successor agency authorized under the conversion act and this act to administer the trust over any or all of the trust lands.

SEC. 3. The Legislature finds and declares all of the following:

(a) The purpose of this act is to facilitate the productive reuse of the TIDA property in a manner that will further the purposes of the public trust and the statutory trust. To effectuate this purpose, this act approves and authorizes the commission to carry out an exchange of lands under which certain nontrust lands on Yerba Buena Island with substantial value for the public trust would become subject to the public trust and statutory trust, and certain trust lands on Treasure Island that are no longer useful for trust purposes would be freed from public trust and statutory trust restrictions.

(b) Treasure Island includes lands that were historically tidelands subject to the public trust. In 1933, the Legislature granted the tidelands that would become Treasure Island to the city for construction of an airport (Chapter 912 of the Statutes of 1933), and amended the grant in 1935 to authorize use of the lands for the Golden Gate International Exposition (Chapter 162 of the Statutes of 1935). The city built Treasure Island between 1936 and 1939 by depositing sand and gravel on shoals north of Yerba Buena Island and surrounding that fill with a rock retaining wall.

(c) Yerba Buena Island was acquired by the United States Navy in 1898. In 1941, the city leased Treasure Island to the United States, and Treasure Island and Yerba Buena Island became a military base known as Naval Station Treasure Island. In 1942, the Navy initiated federal court proceedings to condemn Treasure Island and portions of the surrounding tidelands. In 1944, the Navy took title to Treasure Island and certain adjacent tidelands pursuant to a consent judgment in the condemnation action.

(d) Pursuant to a decision of the federal Base Realignment and Closure Commission in 1993, Naval Station Treasure Island was officially closed on September 30, 1997. That same year, the Legislature enacted the conversion act, empowering the authority to serve as redevelopment authority for the TIDA property upon its conveyance to the city from the Navy. Under the conversion act, the authority is the only entity that may lawfully accept from the federal government title to trust lands on the TIDA property. The Navy is presently in negotiations with the city and the authority for the transfer of the TIDA property, or portions thereof, to the authority.

(e) Redevelopment will require substantial investment in seismic improvements on Treasure Island, including seismic reinforcement of the perimeter of the island, to reduce the risk that buildings and other facilities on the island will experience structural failure caused by liquefaction and lateral spreading during a severe earthquake. Redevelopment will also require replacement or upgrading of all of the infrastructure and utility systems on the islands. In addition, several

historic buildings, including those commonly known as Buildings 1, 2, and 3, the Nimitz Mansion (Quarters 1), and Quarters 2 to 7, inclusive, and 10, will require substantial renovation to preserve their integrity and historic character. Redevelopment must generate sufficient revenue to render the needed seismic and infrastructure improvements and historic renovations financially feasible.

(f) The conversion act grants in trust to the authority the state's sovereign interest in former and existing tidelands within the TIDA property and establishes the authority as the trust administrator for those lands. These lands are subject to the public trust upon their transfer from federal ownership.

(g) The federal government has asserted that the fact and manner of its acquisition and ownership of the TIDA property have created uncertainty as to the nature and extent of the state's sovereign interest in the TIDA property. It is in the best interests of the people of this state to resolve this alleged uncertainty in a manner that furthers trust purposes.

(h) The existing configuration of trust and nontrust lands within the TIDA property is such that the purposes of the public trust cannot be fully realized. Certain uplands on Yerba Buena Island of high value to the public trust due to their existing or potential recreational, scenic, and habitat uses are currently not subject to the public trust. Specifically, upper portions of the island afford dramatic views of the bay and its environs, including Mount Tamalpais and the Marin Headlands, Alcatraz, Angel, and Treasure Islands, downtown San Francisco, the cities of the south bay and east bay, and all five of the bay's bridges. The island provides habitat for a variety of special status bird species, such as the American peregrine falcon, black-crowned night heron, black oystercatcher, Brandt's cormorant, and California brown pelican, and parts of the lower reaches of the island provide haulout sites for the harbor seal. In addition, there are lower areas of Yerba Buena Island developed with structures, including the Nimitz Mansion, that are useful for service to visitors.

(i) A substantial portion of the trust lands on Treasure Island are lands that have been cut off from access to navigable waters and are not useful for public trust purposes. Other lands, due to their location and attributes, remain useful to the trust for future open space and other trust uses, including the following: a wetland restoration site; a major visual and pedestrian corridor that traverses the island, linked with a proposed waterfront park; a proposed ferry terminal and plaza, a marina, and other public waterfront amenities; and other public ways that will provide waterfront access and enhance water views across the island. The remaining lands that are cut off from water access do not have these capabilities and are no longer needed or useful for trust purposes. Development of those lands for nontrust uses that are consistent with the

redevelopment goals of the conversion act and state redevelopment law will not interfere with trust purposes and will provide revenues needed to improve the trust lands in a manner that will maximize their value to the trust.

(j) Absent a trust exchange, the uncertainties alleged by the federal government regarding the sovereign trust title of lands within Treasure Island would remain, and most of the lands on Yerba Buena Island that are of high value to the public trust would remain free of the public trust, and could thereby be cut off from public access and developed for nontrust uses. In addition, the interior lands on Treasure Island not useful for trust purposes could not be used for residential or other nontrust uses essential for the economic redevelopment of the island and for the financial feasibility of needed seismic upgrades, historic preservation, and the development of the Treasure Island waterfront and adjacent open space for public purposes in furtherance of the trust. An exchange will render redevelopment of Treasure Island economically feasible and will allow the trust lands within the TIDA property to be successfully transferred out of federal ownership and to be used to the greatest benefit of the people of the state.

(k) A trust exchange resulting in the configuration of trust lands substantially similar to that depicted on the diagram in Section 12 of this act maximizes the overall benefits to the trust, and does not interfere with trust uses or purposes. Following the exchange, all lands within the TIDA property adjacent to the waterfront, as well as certain lands on Yerba Buena Island that have high trust values, will be subject to the public trust and the statutory trust. The lands that will be removed from the trust and the statutory trust pursuant to the exchange have been filled and cut off from navigable waters and are no longer needed or required for the promotion of the public trust. These lands constitute a relatively small portion of the granted tidelands within the city. This act requires that the commission ensure that the lands added to the trust pursuant to the exchange have a value equal to or greater than the value of the lands taken out of the trust.

(*l*) This act advances the purposes of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code) and the public trust, and is in the best interests of the people of this state.

SEC. 4. The Legislature hereby approves an exchange of trust lands, as approved by the commission under Section 7 of this act, between Treasure Island and Yerba Buena Island, whereby certain Treasure Island trust lands that meet the criteria set forth in this act and therefore are not now useful for public trust purposes will be freed from the public trust and the statutory trust and may be conveyed into private ownership, and certain other lands on Yerba Buena Island that are not now subject to the

public trust and that are useful for public trust purposes will be made subject to the public trust and the statutory trust, provided all of the following conditions are met:

(a) The exchange results in a configuration of trust lands substantially similar to that shown on the diagram in Section 12 of this act, except as provided in paragraph (1) of subdivision (b) of Section 7 of this act.

(b) The lands to be subject to the public trust are configured so as to be accessible from the streets as finally configured within the TIDA property.

(c) The exchange otherwise complies with the requirements of this act.

(d) The exchange is consistent with and furthers the purposes of the public trust.

SEC. 5. All lands exchanged into the trust under this act shall be held by the trustee subject to the public trust and the statutory trust, and all lands exchanged out of the trust under this section shall be free of the public trust and the statutory trust.

SEC. 6. The precise boundaries of the lands to be taken out of the trust and the lands to be put into the trust pursuant to the exchange, including the proper locations and dimensions of streets that should be subject to the trust, shall be determined by the trustee, subject to the approval of the commission. The commission is authorized to settle by agreement with the trustee and the city any disputes as to the location of the mean high tide line in its last natural state, and any other boundary lines which the commission deems necessary to effectuate the exchange.

SEC. 7. (a) The commission is authorized to approve an exchange of trust lands between Treasure Island and Yerba Buena Island that meets the requirements of this act. Pursuant to this authority, the commission shall establish appropriate procedures for effectuating the exchange. The procedures shall include provisions for ensuring that lands are not exchanged into the trust until either of the following have occurred:

(1) All remedial action necessary to protect human health and the environment with respect to hazardous substances on the land has been completed as determined by the United States Environmental Protection Agency, the California Department of Toxics Substances Control, and the Regional Water Quality Control Board, pursuant to the Federal Facilities Agreement for the Naval Station Treasure Island dated September 29, 1992, as amended, and the United States has provided a warranty in accordance with Section 9620(h)(3)(A) of Title 42 of the United States Code.

(2) The United States has obtained a warranty deferral, approved by the Governor in accordance with Section 9620(h)(3)(C) of Title 42 of the United States Code, involving land for which the commission has determined to execute a certificate of acceptance of title. Prior to

approving a warranty deferral, the Governor, the California Department of Toxics Substances Control, and the Regional Water Quality Control Board shall confer and consult with the commission to reasonably ensure that the terms of the warranty deferral and underlying documents and agreements provide sufficient standards and financial assurances to ensure that the remediation of any affected trust lands will be completed in a manner consistent with the intended public trust use of these lands and in a reasonable period of time.

(b) The commission shall not approve an exchange of trust lands pursuant to this act unless it finds all of the following:

(1) The configuration of trust lands upon completion of the exchange will do all of the following:

(A) Not differ significantly from the configuration shown on the diagram in Section 12 of this act, except as provided in this paragraph.

(B) Include all lands within the TIDA property that are presently below the line of mean high tide and subject to tidal action.

(C) Consist of lands suitable to be impressed with the public trust. In order to ensure consistency of the configuration with the final redevelopment plan for the property, the configuration may be revised to include additional land in the trust along the western shore of Treasure Island in exchange for additional land removed from the trust in a location within Treasure Island mutually agreed upon by the trustee and the commission, provided that all of the following occur.

(i) The additional acreage added to the trust configuration is equal to or greater in size and value than the additional acreage removed.

(ii) The commission, at a public hearing, determines that public trust lands as reconfigured are as useful for trust purposes as the configuration shown in the diagram in Section 12.

(iii) The commission, at a public hearing, makes all other necessary findings in relation to the public trust as reconfigured, including the findings in this paragraph.

(2) The final layout of streets within the TIDA property will provide access to the public trust lands and be consistent with the beneficial use of the public trust lands, including, but not limited to, roadway access to serve the public along the western shoreline of Treasure Island.

(3) The value of the lands to be exchanged into the trust is equal to or greater than the value of the lands to be exchanged out of the trust, as the exchange is finally configured and phased. The commission may take into consideration any uncertainties concerning whether the lands to be exchanged are currently subject to the public trust.

(4) The lands to be taken out of the trust have been filled and reclaimed, are cut off from access to navigable waters, are no longer needed or required for the promotion of the public trust, and constitute a relatively small portion of the tidelands granted by the state within the

city, and the exchange will not result in substantial interference with trust uses and purposes.

(5) Sufficient building height limitations are in place to ensure that views from public areas at Yerba Buena Island are not obstructed.

(6) The trustee has approved the exchange.

(c) The commission shall impose additional conditions on its approval of the exchange if the commission determines that these conditions are necessary for the protection of the public trust. These conditions may include a contribution to the Land Bank Fund, established pursuant to Division 7 (commencing with Section 8600) of the Public Resource Code, if the value of the land brought into the public trust does not equal or exceed the value of the land removed from the public trust.

(d) For purposes of effectuating the exchange authorized by this act, the commission is authorized to do all of the following:

(1) Receive and accept on behalf of the state any lands or interest in lands conveyed to the state by the trustee, including lands that are now and that will remain subject to the public trust and the statutory trust.

(2) Convey to the trustee by patent all of the right, title, and interest of the state in lands that are to be free of the public trust and the statutory trust upon completion of the exchange.

(3) Convey to the trustee by patent all of the right, title, and interest of the state in lands that are to be subject to the public trust and the statutory trust and the terms of this act upon completion of the trust exchange, subject to the terms, conditions, and reservations as the commission may determine are necessary to meet the requirements of this act.

(e) The configuration of trust lands within the TIDA property after completion of the trust exchange shall constitute the ''trust property'' for purposes of the conversion act, notwithstanding subdivision (b) of Section 4 of that act.

SEC. 8. This act shall not be construed as limiting the authority of the commission to approve additional land exchanges or to enter into boundary settlements involving the TIDA property pursuant to the conversion act or any other provision of law.

SEC. 9. In any case where the state, pursuant to this act, conveys tidelands and submerged lands, the state shall reserve all minerals and all mineral rights in the lands of every kind and character now known to exist or hereafter discovered, including, but not limited to, oil and gas, and rights thereto, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the state or to its successors and assignees, except that, notwithstanding the conversion act, or Section 6401 of the Public Resources Code, any reservation shall not include the right of the state

or its successors or assignees in connection with any mineral exploration, removal, or disposal activity, to do either of the following:

(1) Enter upon, use, or damage the surface of the lands or interfere with the use of the surface by any grantee or by the grantee's successors or assignees.

(2) Conduct any mining activity of any nature whatsoever above a plane located 500 feet below the surface of the lands without the prior written permission of any grantee of the lands or the grantee's successors or assignees.

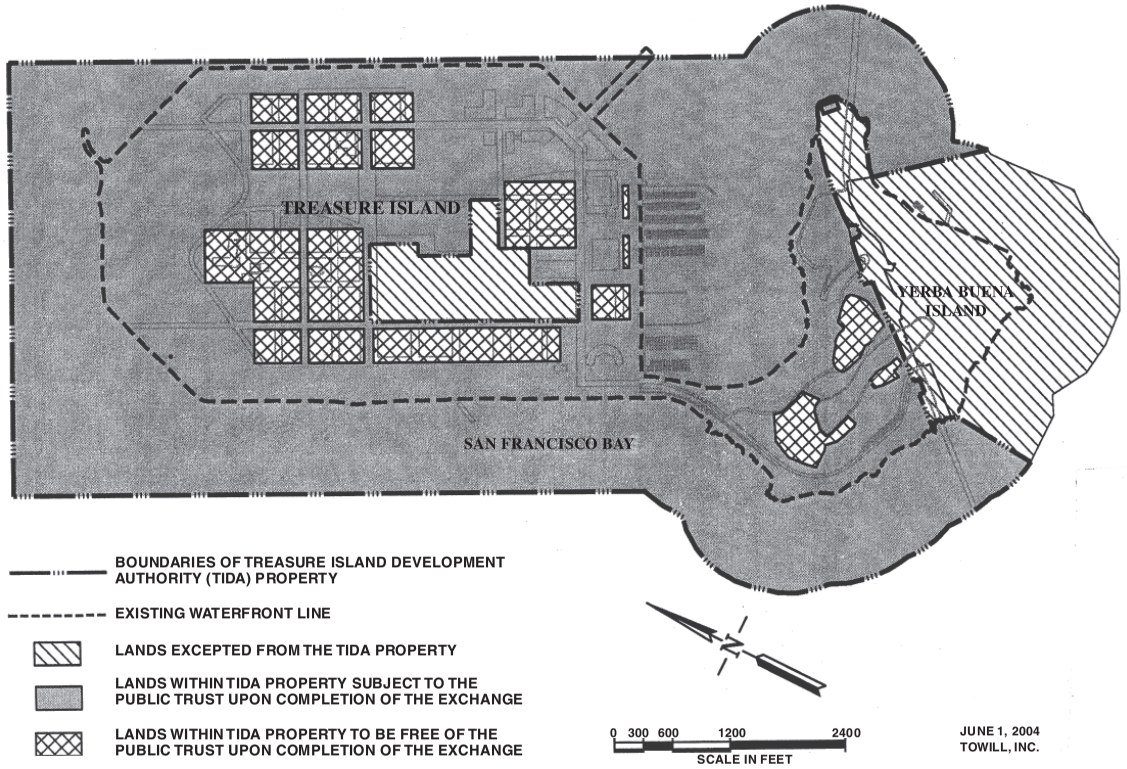
SEC. 10. Any agreement for the exchange of, or termination of the public trust and the statutory trust in, granted tidelands, or to establish boundary lines, entered into pursuant to this act, shall be conclusively presumed to be valid unless held to be invalid in an appropriate proceeding in a court of competent jurisdiction to determine the validity of the agreement commenced within 60 days after the recording of the agreement.

SEC. 11. (a) An action may be brought under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure by the parties to any agreement entered into pursuant to this act to confirm the validity of the agreement. Notwithstanding any provision of Section 764.080 of the Code of Civil Procedure, the statement of decision in the action shall include a recitation of the underlying facts and a determination whether the agreement meets the requirements of this act, Sections 3 and 4 of Article X of the California Constitution, and any other law applicable to the validity of the agreement.

(b) For purposes of Section 764.080 of the Code of Civil Procedure and unless the parties agree otherwise in writing, any settlement and exchange agreement entered into pursuant to this act shall be deemed to be entered into on the date it is executed by the executive officer of the commission, who shall be the last of the parties to sign prior to the signature of the Governor. The effective date of the agreement shall be deemed to be the date on which it is executed by the Governor pursuant to Section 6107 of the Public Resources Code.

SEC. 12. The following diagram is a part of this act:

TREASURE ISLAND
PUBLIC TRUST EXCHANGE ACT



SEC. 13. Nothing in this act may be construed to nullify the trustee's obligations for increasing, improving, and preserving the community's supply of low- and moderate-income housing imposed by the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), including, but not limited to, the requirements of Sections 33334.2 and 33413 of the Health and Safety Code.

SEC. 14. Nothing in this act may be construed to authorize the development of housing on trust lands.

SEC. 15. Notwithstanding any other provision of this act or the conversion act, portions of the interior space of the buildings commonly known as Buildings 1, 2, and 3, the Nimitz Mansion (Quarters 1), and Quarters 2 to 7, inclusive, and 10, may be used for nontrust purposes as may be approved by the commission or its executive officer as part of the rehabilitation of federally listed historic maritime structures, if the use allows for public access to view historic architectural amenities and is part of an overall program that furthers trust purposes. Nothing in this section may be construed as limiting or restricting any uses of these buildings that may be authorized under any other provision of law, including, but not limited to, uses that may be authorized by Section 8 or 9 of the conversion act. Nothing in subdivision (b) of Section 8 of the conversion act, as amended by Section 16 of this act, may be construed as limiting the uses authorized in this section.

SEC. 16. Section 8 of Chapter 898 of the Statutes of 1997 is amended to read:

Sec. 8. (a) The Authority shall not at any time grant, convey, give, or alienate the Trust Property, or any part thereof, to any individual, firm, or corporation, except that the Authority may grant franchises, permits, privileges, licenses, easements, or leasehold interests (collectively referred to as ''leases'' hereinafter) thereon for limited periods, not to exceed 66 years.

(b) Any leases for use of the Trust Property shall be solely for uses that are consistent with or ancillary to the purposes of the public trust for commerce, navigation and fisheries, provided that leases may be granted for other uses where the Authority makes the following determinations:

(1) There is no immediate trust related need for the property proposed to be leased.

(2) The proposed lease is of a duration of no more than five years and can be terminated in favor of trust uses as they arise; except that the existing hangars, or portions thereof, may be leased for up to five years, or for up to 15 years for film, video, or audio production, without a right of termination in favor of trust uses.

(3) The proposed lease prohibits the construction of new structures or improvements on the subject property that could, as a practical matter, prevent or inhibit the property from being converted to any permissible trust use should the property become necessary therefore.

(4) The proposed use of the leased property would not interfere with commerce, navigation, fisheries, or any other existing trust uses or purposes.

SEC. 17. The Legislature finds and declares that, because of the unique circumstances applicable only to the trust lands described in this act and relating to the transfer of the TIDA property out of federal ownership, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 544

An act to amend Section 205.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property that constitutes the principal place of residence of a veteran, that is owned by the veteran, the veteran's spouse, or the veteran and the veteran's spouse jointly, is exempted from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), as adjusted for the relevant assessment year as provided in subdivision (h), if the veteran is blind in both eyes, has lost the use of two or more limbs, or if the veteran is totally disabled as a result of injury or disease incurred in military service. The one hundred thousand dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), as adjusted for the relevant assessment year as provided in subdivision (h), in the case of an eligible veteran whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(b) (1) For purposes of this section, ''veteran'' means either of the following:

(A) A veteran as specified in subdivision (o) of Section 3 of Article XIII of the California Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(B) Any person who would qualify as a veteran pursuant to paragraph (1) except that he or she has, as a result of a service-connected injury or disease, died while on active duty in military service. The United States Department of Veterans Affairs shall determine whether an injury or disease is service connected.

(2) For purposes of this section, property is deemed to be the principal place of residence of a veteran, disabled as described in subdivision (a), who is confined to a hospital or other care facility, if that property would be that veteran's principal place of residence were it not for his or her confinement to a hospital or other care facility, provided that the residence is not rented or leased to a third party. A family member that resides at the residence is not considered to be a third party.

(c) (1) Property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a deceased veteran is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), as adjusted for the relevant assessment year as provided in subdivision (h), in the case of a veteran who was blind in both eyes, had lost the use of two or more limbs, or was totally disabled provided that either of the following conditions is met:

(A) The deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977.

(B) The veteran died from a disease that was service connected as determined by the United States Department of Veterans Affairs.

The one hundred thousand dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), as adjusted for the relevant assessment year as provided in subdivision (h), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(2) Commencing with the 1994–95 fiscal year, property that is owned by, and that constitutes the principal place of residence of, the unmarried surviving spouse of a veteran as described in paragraph (2) of subdivision (b) is exempt from taxation on that part of the full value of the residence that does not exceed one hundred thousand dollars ($100,000), as adjusted for the relevant assessment year as provided in subdivision (h). The one hundred thousand dollar ($100,000) exemption shall be one hundred fifty thousand dollars ($150,000), as adjusted for

the relevant assessment year as provided in subdivision (h), in the case of an eligible unmarried surviving spouse whose household income does not exceed the amount of forty thousand dollars ($40,000), as adjusted for the relevant assessment year as provided in subdivision (g).

(d) As used in this section, ''property that is owned by a veteran'' or ''property that is owned by the veteran's unmarried surviving spouse'' includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common, or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(e) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less, or concentric contraction of the visual field to 5 degrees or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Department of Veterans Affairs or the military service from which the veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(f) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the California Constitution and any other real property tax exemption

to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(g) Commencing on January 1, 2002, and for each assessment year thereafter, the household income limit shall be compounded annually by an inflation factor that is the annual percentage change, measured from February to February of the two previous assessment years, rounded to the nearest one-thousandth of 1 percent, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

(h) Commencing on January 1, 2006, and for each assessment year thereafter, the exemption amounts set forth in subdivisions (a) and (c) shall be compounded annually by an inflation factor that is the annual percentage change, measured from February to February of the two previous assessment years, rounded to the nearest one-thousandth of 1 percent, in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state may not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 545

An act to amend Sections 5093.52, 5093.55, 5093.56, 5093.61, and 5093.68 of the Public Resources Code, relating to wild and scenic rivers.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5093.52 of the Public Resources Code is amended to read:

5093.52. As used in this chapter, the following terms have the following meaning:

(a) ''Secretary'' means the Secretary of the Resources Agency.

(b) ''Resources Agency'' means the Secretary of the Resources Agency and any constituent units of the Resources Agency that the secretary determines to be necessary to accomplish the purposes of this chapter.

(c) ''River'' means the water, bed, and shoreline of rivers, streams, channels, lakes, bays, estuaries, marshes, wetlands, and lagoons, up to the first line of permanently established riparian vegetation.

(d) ''Free-flowing'' means existing or flowing without artificial impoundment, diversion, or other modification of the river. The presence of low dams, diversion works, and other minor structures does not automatically bar a river's inclusion within the system. However, this subdivision does not authorize or encourage future construction of those structures on any component of the system.

(e) ''System'' means the California Wild and Scenic Rivers System.

(f) ''Land use regulation'' means the regulation by any state or local governmental entity, agency, or official of any activities that take place other than directly on the waters of the segments of the rivers designated in Section 5093.54.

(g) ''Director'' means the Director of Fish and Game.

(h) ''Immediate environments'' means the land immediately adjacent to the segments of the rivers designated in Section 5093.54.

(i) ''Special treatment areas'' means, for purposes of this chapter, those areas defined as special treatment areas in Section 895.1 of Title 14 of the California Code of Regulations, as in effect on January 1, 2004, as that definition applies to wild and scenic river segments designated from time to time in Section 5093.54, and also includes areas within 200 feet of the watercourse transition line of a state-designated recreational river segment designated in Section 5093.54 that may be at risk during timber operations.

(j) ''Board'' means the State Board of Forestry and Fire Protection.

SEC. 2. Section 5093.55 of the Public Resources Code is amended to read:

5093.55. Other than temporary flood storage facilities permitted pursuant to Section 5093.57, no dam, reservoir, diversion, or other water impoundment facility may be constructed on any river and segment thereof designated in Section 5093.54; nor may a water diversion facility be constructed on the river and segment unless and until the secretary

determines that the facility is needed to supply domestic water to the residents of the county or counties through which the river and segment flows, and unless and until the secretary determines that the facility will not adversely affect the free-flowing condition and natural character of the river and segment.

SEC. 3. Section 5093.56 of the Public Resources Code is amended to read:

5093.56. No department or agency of the state may assist or cooperate, whether by loan, grant, license, or otherwise, with any department or agency of the federal, state, or local government, in the planning or construction of a dam, reservoir, diversion, or other water impoundment facility that could have an adverse effect on the free-flowing condition and natural character of the river and segments thereof designated in Section 5093.54 as included in the system.

SEC. 4. Section 5093.61 of the Public Resources Code is amended to read:

5093.61. All departments and agencies of the state shall exercise their powers granted under any other provision of law in a manner that protects the free-flowing state of each component of the system and the extraordinary values for which each component was included in the system. All local government agencies shall exercise their powers granted under any other provision of law in a manner consistent with the policy and provisions of this chapter.

SEC. 5. Section 5093.68 of the Public Resources Code is amended to read:

5093.68. (a) Within the boundaries of special treatment areas adjacent to wild, scenic, or recreational river segments, all of the following provisions apply, in addition to any other applicable provision under this chapter or generally, whether by statute or regulation:

(1) A timber operator, whether licensed or not, is responsible for the actions of his or her employees. The registered professional forester who prepares and signs a timber harvesting plan, a timber management plan, or a notice of timber operations is responsible for its contents, but is not responsible for the implementation or execution of the plan or notice unless employed for that purpose.

(2) A registered professional forester preparing a timber harvesting plan shall certify that he or she or a qualified representative has personally inspected the plan area on the ground.

(3) A person operating within the special treatment area who willfully violates any provision of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, or any rule or regulation of the board adopted pursuant thereto, that results in significant environmental damage is guilty of a misdemeanor punishable by a fine of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000), or

by imprisonment for not more than one year in the county jail, or by both that fine and imprisonment. The person is also subject to civil damages to the state not to exceed ten thousand dollars ($10,000) for each misdemeanor violation.

(4) The Director of Forestry and Fire Protection may require a bond or other evidence of financial responsibility from a timber operator whose ability to pay the civil damages provided for in this section is reasonably determined to be uncertain.

(b) In order to temporarily suspend timber operations that are being conducted within special treatment areas adjacent to wild, scenic, or recreational rivers designated pursuant to Section 5093.54, while judicial remedies are pursued pursuant to this section, an inspecting forest officer of the Department of Forestry and Fire Protection may issue a written timber operations stop order if, upon reasonable cause, the officer determines that a timber operation is being conducted, or is about to be conducted, in violation of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, or of rules and regulations adopted pursuant to those provisions, and that the violation or threatened violation would result in imminent and substantial damage to soil, water, or timber resources or to fish and wildlife habitat. A stop order shall apply only to those acts or omissions that are the proximate cause of the violation or that are reasonably foreseen to be the proximate cause of a violation. The stop order shall be effective immediately and throughout the next day.

(c) A supervising forest officer may, after an onsite investigation, extend a stop order issued pursuant to subdivision (b) for up to five days, excluding Saturday and Sunday, if the forest officer finds that the original stop order was issued upon reasonable cause. A stop order may not be issued or extended for the same act or omission more than one time.

(d) Each stop order shall identify the specific act or omission that constitutes a violation or that, if foreseen, would constitute a violation, the specific timber operation that is to be stopped, and any corrective or mitigative actions that may be required.

(e) The Department of Forestry and Fire Protection may terminate the stop order if the timber operator enters into a written agreement with the department assuring that the timber operator will resume operations in compliance with the provisions of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, and with the rules and regulations adopted pursuant to those provisions, and will correct any violation. The department may require a reasonable cash deposit or bond payable to the department as a condition of compliance with the agreement.

(f) Notice of the issuance of a stop order or an extension of a stop order shall be deemed to have been made to all persons working on the timber

operation when a copy of the written order is delivered to the person in charge of operations at the time that the order is issued or, if no persons are present at that time, by posting a copy of the order conspicuously on the yarder or log loading equipment at a currently active landing on the timber operations site. If no person is present at the site when the order is issued, the issuing forest officer shall deliver a copy of the order to the timber operator either in person or to the operator's address of record prior to the commencement of the next working day.

(g) As used in this section, ''forest officer'' means a registered professional forester employed by the Department of Forestry and Fire Protection in a civil service classification of forester II or higher grade.

(h) (1) Failure of the timber operator or an employee of the timber operator, after receiving notice pursuant to this section, to comply with a validly issued stop order is a violation of this section and is punishable as provided in paragraph (3) of subdivision (a). However, in all cases, the timber operator, and not an employee of the operator or any other person, shall be charged with that violation. Each day or portion thereof that the violation continues shall constitute a new and separate offense.

(2) In determining the penalty for a timber operator guilty of violating a validly issued stop order, the court shall take into consideration all relevant circumstances, including, but not limited to, the following:

(A) The extent of harm to soil, water, or timber resources or to fish and wildlife habitat.

(B) Corrective action, if any, taken by the defendant.

(i) Nothing in this section prevents a timber operator from seeking an alternative writ as prescribed in Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure, or as provided by any other provision of law.

(j) (1) If a timber operator believes that a forest officer lacked reasonable cause to issue or extend a stop order pursuant to this section, the timber operator may present a claim to the Victim Compensation and Government Claims Board pursuant to Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code for compensation and damages resulting from the stopping of timber operations.

(2) If the Victim Compensation and Government Claims Board finds that the forest officer lacked reasonable cause to issue or extend the stop order, the board shall award a sum of not less than one hundred dollars ($100), nor more than one thousand dollars ($1,000), per day for each day the order was in effect.

SEC. 5.5. Section 5093.68 of the Public Resources Code is amended to read:

5093.68. (a) Within the boundaries of special treatment areas adjacent to wild, scenic, or recreational river segments, all of the

following provisions apply, in addition to any other applicable provision under this chapter or generally, whether by statute or regulation:

(1) A timber operator, whether licensed or not, is responsible for the actions of his or her employees. The registered professional forester who prepares and signs a timber harvesting plan, a timber management plan, or a notice of timber operations is responsible for its contents, but is not responsible for the implementation or execution of the plan or notice unless employed for that purpose.

(2) A registered professional forester preparing a timber harvesting plan shall certify that he or she or a qualified representative has personally inspected the plan area on the ground.

(b) In order to temporarily suspend timber operations that are being conducted within special treatment areas adjacent to wild, scenic, or recreational rivers designated pursuant to Section 5093.54, while judicial remedies are pursued pursuant to this section, an inspecting forest officer of the Department of Forestry and Fire Protection may issue a written timber operations stop order if, upon reasonable cause, the officer determines that a timber operation is being conducted, or is about to be conducted, in violation of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, or of rules and regulations adopted pursuant to those provisions, and that the violation or threatened violation would result in imminent and substantial damage to soil, water, or timber resources or to fish and wildlife habitat. A stop order shall apply only to those acts or omissions that are the proximate cause of the violation or that are reasonably foreseen would be the proximate cause of a violation. The stop order shall be effective immediately and throughout the next day.

(c) A supervising forest officer may, after an onsite investigation, extend a stop order issued pursuant to subdivision (b) for up to five days, excluding Saturday and Sunday, if the forest officer finds that the original stop order was issued upon reasonable cause. A stop order shall not be issued or extended for the same act or omission more than one time.

(d) Each stop order shall identify the specific act or omission that constitutes a violation or that, if foreseen, would constitute a violation, the specific timber operation that is to be stopped, and any corrective or mitigative actions that may be required.

(e) The Department of Forestry and Fire Protection may terminate the stop order if the timber operator enters into a written agreement with the department assuring that the timber operator will resume operations in compliance with the provisions of Chapter 8 (commencing with Section 4511) of Part 2 of Division 4, and with the rules and regulations adopted pursuant to those provisions, and will correct any violation. The

department may require a reasonable cash deposit or bond payable to the department as a condition of compliance with the agreement.

(f) Notice of the issuance of a stop order or an extension of a stop order shall be deemed to have been made to all persons working on the timber operation when a copy of the written order is delivered to the person in charge of operations at the time that the order is issued or, if no persons are present at that time, by posting a copy of the order conspicuously on the yarder or log loading equipment at a currently active landing on the timber operations site. If no person is present at the site when the order is issued, the issuing forest officer shall deliver a copy of the order to the timber operator either in person or to the operator's address of record prior to the commencement of the next working day.

(g) As used in this section, ''forest officer'' means a registered professional forester employed by the Department of Forestry and Fire Protection in a civil service classification of forester II or higher grade.

(h) (1) Failure of the timber operator or an employee of the timber operator, after receiving notice pursuant to this section, to comply with a validly issued stop order is a violation of this section and a misdemeanor punishable by a fine of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000), or by imprisonment for not more than one year in the county jail, or by both that fine and imprisonment. The person shall also be subject to civil damages to the state not to exceed ten thousand dollars ($10,000) for each misdemeanor violation. However, in all cases, the timber operator, and not an employee of the operator or any other person, shall be charged with that violation. Each day or portion thereof that the violation continues shall constitute a new and separate offense.

(2) In determining the penalty for a timber operator guilty of violating a validly issued stop order, the court shall take into consideration all relevant circumstances, including, but not limited to, the following:

(A) The extent of harm to soil, water, or timber resources or to fish and wildlife habitat.

(B) Corrective action, if any, taken by the defendant.

(i) Nothing in this section prevents a timber operator from seeking an alternative writ as prescribed in Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure, or as provided by any other provision of law.

(j) (1) If a timber operator believes that a forest officer lacked reasonable cause to issue or extend a stop order pursuant to this section, the timber operator may present a claim to the Victim Compensation and Government Claims Board pursuant to Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code for compensation and damages resulting from the stopping of timber operations.

(2) If the Victim Compensation and Government Claims Board finds that the forest officer lacked reasonable cause to issue or extend the stop order, the board shall award a sum of not less than one hundred dollars ($100), nor more than one thousand dollars ($1,000), per day for each day the order was in effect.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 7. Section 5.5 of this bill incorporates amendments to Section 5093.68 of the Public Resources Code proposed by both this bill and SB 1482. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 5093.68 of the Public Resources Code, and (3) this bill is enacted after SB 1482, in which case Section 5 of this bill shall not become operative.

CHAPTER 546

An act to add and repeal Article 1.5 (commencing with Section 18705) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 18705) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 1.5. California Military Family Relief Fund

18705. (a) Any taxpayer may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Military Family Relief Fund, established by Section 18706. That designation is to be used as a voluntary checkoff on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. In the event that no designee is specified, the contribution shall be transferred to the General Fund, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) In the event a taxpayer designates a contribution to more than one account or fund listed on the tax return, and the amount available for designation is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the ''California Military Family Relief Fund'' to allow for the designation permitted.

(1) The forms shall include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to provide financial aid grants to members of the California National Guard who are California residents, who have been called to active duty.

(2) The forms shall also include in the instructions information that additional contributions may be made at any time to the California Military Family Relief Fund, from sources other than the tax form.

(f) Notwithstanding any other provision of law, a voluntary contribution designation for the California Military Family Relief Fund may not be added to the tax return until another voluntary contribution designation is removed.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 for any contribution made pursuant to subdivision (a).

18706. There is in the State Treasury the California Military Family Relief Fund to receive contributions made pursuant to Section 18705. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18705 to be transferred to the California Military Family Relief Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Military Family Relief Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18705 for payment into that fund. The California Military Family Relief Fund

shall also accept contributions from sources other than the tax form, at anytime.

18707. All money transferred to the California Military Family Relief Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) (1) To the Military Department for the establishment of financial aid grants to members of the California National Guard who are California residents, who have been called to active duty. The Military Department shall establish eligibility criteria for the grants.

(2) In addition to criteria established by the Military Department pursuant to paragraph (1), members of the California National Guard who are California residents shall show proof of all of the following to be eligible to receive a grant:

(A) Membership in the California National Guard.

(B) Residency in California.

(C) Deployment to active duty for at least 100 consecutive days.

(D) The military salary of the member has decreased by 30 percent or more from the member's civilian salary.

(3) Grants awarded pursuant to this article may only be used for any of the following: food, housing, child care, utilities, medical services, medical prescriptions, insurance, and vehicle payments.

(4) Members of the California National Guard who are California residents may not be eligible to receive a grant if the member receives a punitive discharge or an administrative discharge with service characterized as under other than honorable conditions.

18708. The Legislature finds and declares all of the following:

(a) Due to the extended war in Iraq, deployment of California's National Guard averages a year or more.

(b) Private companies do not generally offset the difference in their employees' reduced salaries while serving overseas. Military families are losing as much as 70 percent of their household income when a primary income producer serves on active duty.

(c) It is the intent of the Legislature, in enacting this article, to establish a fund for the granting of relief aid to persons who are members of the California National Guard who are California residents, who have been called to active duty.

18709. (a) This article shall, subject to subdivision (b), remain in effect only until January 1 of the fifth taxable year following the first appearance of the California Military Family Relief Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in the second calendar year after the first taxable year the California Military Family Relief Fund appears on the tax return, or in any subsequent calendar year, as applicable, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year that the California Military Family Relief Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 547

An act to add Chapter 3.5 (commencing with Section 850) to Division 4 of the Military and Veterans Code, and to add Section 17132.4 to the Revenue and Taxation Code, relating to veterans.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The California National Guard, the State Military Reserve, and Naval Militia are military organizations in California that serve essential public safety purposes during periods of great danger, routinely support local authorities in protecting the lives and property of the people of the state during periods of natural disaster and civil disturbance, and provide homeland security.

(b) The California National Guard is routinely tasked by the President to perform dangerous duties in armed conflicts, contingency operations, mobilizations, war, and other emergencies of national significance.

(c) The families of the members of the California National Guard, State Military Reserve, and Naval Militia play a primary role in maintaining the morale and welfare of these organizations and are essential in recruitment and retention of personnel to serve and continue serving.

(d) The families of the members of the California National Guard, State Military Reserve, and Naval Militia endure extraordinary hardships when the member is called to duty by the Governor or the President, and also suffer irreparable harm when the member dies or is killed in the performance of duty.

(e) The Legislature finds and declares that providing relief to surviving spouses and orphans of members of the California National Guard, State Military Reserve, and Naval Militia who die or are killed in the performance of duty furthers a necessary public purpose.

SEC. 2. Chapter 3.5 (commencing with Section 850) is added to Division 4 of the Military and Veterans Code, to read:

CHAPTER 3.5. CALIFORNIA NATIONAL GUARD SURVIVING SPOUSES AND CHILDREN RELIEF ACT OF 2004

850. (a) The state shall pay a ten thousand dollar ($10,000) death benefit to the surviving spouse of, or a beneficiary designated by, any member of the California National Guard, State Military Reserve, or Naval Militia who dies or is killed after March 1, 2003, in the performance of duty.

(b) The Military Department shall determine if the death occurred in the performance of the member's duty, and shall issue a certificate of benefit eligibility under this section within 20 days of application by the surviving spouse or a designated beneficiary.

(c) The state shall pay the death benefit within 10 days of the receipt of the certificate of benefit eligibility from the surviving spouse or a beneficiary designated by the service member.

851. This chapter shall become operative upon the operative date of an appropriation by the Legislature for the purpose of funding the payments of military benefits, as required by this chapter.

SEC. 3. Section 17132.4 is added to the Revenue and Taxation Code, to read:

17132.4. (a) For taxable years beginning on or after January 1, 2005, gross income does not include the death benefits received by an eligible individual.

(b) For purposes of this section:

(1) ''Death benefit'' means the entire amount of the death benefit payment made pursuant to Chapter 3.5 (commencing with Section 850) of Division 4 of the Military and Veterans Code.

(2) ''Eligible individual'' means the surviving spouse of, or a beneficiary designated by, any member of the California National Guard, State Military Reserve, or Naval Militia who dies or is killed in the performance of duty, as provided in Section 850 of the Military and Veterans Code.

CHAPTER 548

(c) If a person's privilege to operate a motor vehicle is suspended pursuant to Section 13353.2 and the person is convicted of a violation of Section 23152 or 23153, including, but not limited to, a violation described in Section 23620, arising out of the same occurrence, both the suspension under Section 13353.2 and the suspension or revocation under Section 13352 shall be imposed, except that the periods of suspension or revocation shall run concurrently, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

(d) For the purposes of this section, a conviction of any offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada that, if committed in this state, would be a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, is a conviction of that particular section of the Vehicle Code or Penal Code.

(e) This section shall become operative on September 20, 2005.

SEC. 9. Section 13353.7 of the Vehicle Code is amended to read:

13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion within 10 years of the

occasion in question and, if the person subsequently enrolls in a program described in Section 11837.3 of the Health and Safety Code, pursuant to subdivision (b) of Section 23538, that person, if 21 years of age or older at the time the offense occurred, may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program or to and from and in the course of the person's employment, or both. Notwithstanding any other provision of law, if the person's restricted driver's license permits travel to and from and in the course of his or her employment, the person's privilege to operate a motor vehicle shall be suspended, subject to the restriction, for six months. After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person was 21 years of age or older at the time the offense occurred and gives proof of financial responsibility as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If a person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, that is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the

department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license shall not allow travel to and from or in the course of the person's employment.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense that occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, that violation occurred within 10 years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

SEC. 9.1. Section 13353.7 of the Vehicle Code is amended to read:

13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion within 10 years of the occasion in question and, if the person subsequently enrolls in a program described in Section 11837.3 of the Health and Safety Code, pursuant to subdivision (b) of Section 23538, that person, if 21 years of age or older at the time the offense occurred, may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program or to and from and in the course of the person's employment, or both. Notwithstanding any other provision of law, if the person's restricted driver's license permits travel to and from and in the course of his or her employment, the person's privilege to operate a motor vehicle shall be suspended, subject to the restriction, for six months. After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for

a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person was 21 years of age or older at the time the offense occurred and gives proof of financial responsibility as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If a person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, that is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license shall not allow travel to and from or in the course of the person's employment.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense that occurred on a separate occasion, or as a result of a conviction of a separate violation of Section

23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, that violation occurred within 10 years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

(e) This section shall become inoperative on September 20, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that becomes operative on or before January 1, 2006, deletes the dates in which it becomes inoperative and is repealed.

SEC. 9.2. Section 13353.7 is added to the Vehicle Code, to read:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense that occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, that violation occurred within 10 years of the offense in question. (e) This section shall become operative on September 20, 2005.

SEC. 10. Section 13353.8 of the Vehicle Code is amended to read:

13353.8. (a) After the department has issued an order suspending or delaying driving privileges as a result of a violation of subdivision (a)

of Section 23136, the department, upon the petition of the person affected, may review the order and may impose restrictions on the person's privilege to drive based upon a showing of a critical need to drive, if the department determines that, within 10 years of the current violation of Section 23136, the person has not violated Section 23136 or been convicted of a separate violation of Section 23140, 23152, or 23153, or of Section 23103, with a plea of guilty under Section 23103.5, or of Section 191.5 of, or paragraph (3) of subdivision (c) of Section 192 of, the Penal Code, and that the person's driving privilege has not been suspended or revoked under Section 13353, 13353.1, or 13353.2 within that 10-year period.

(b) For purposes of this section, a conviction of an offense in a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or the Dominion of Canada that, if committed in this state, would be a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, 23153, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, is a conviction of that particular section of the Vehicle Code or Penal Code.

(c) As used in this section, ''critical need to drive'' means the circumstances that are required to be shown for the issuance of a junior permit pursuant to Section 12513.

(d) The restriction shall be imposed not earlier than the 31st day after the date the order of suspension became effective and shall remain in effect for the balance of the period of suspension or restriction in this section.

SEC. 11. Section 23217 of the Vehicle Code is amended to read:

23217. The Legislature finds and declares that some repeat offenders of the prohibition against driving under the influence of alcohol or drugs, when they are addicted or when they have too much alcohol in their systems, may be escaping the intent of the Legislature to punish the offender with progressively greater severity if the offense is repeated one or more times within a 10-year period. This situation may occur when a conviction for a subsequent offense occurs before a conviction is obtained on an earlier offense.

The Legislature further finds and declares that the timing of court proceedings should not permit a person to avoid aggravated mandatory minimum penalties for multiple separate offenses occurring within a 10-year period. It is the intent of the Legislature to provide that a person be subject to enhanced mandatory minimum penalties for multiple offenses within a period of 10 years, regardless of whether the convictions are obtained in the same sequence as the offenses had been committed.

Nothing in this section requires consideration of judgment of conviction in a separate proceeding that is entered after the judgment in the present proceeding, except as it relates to violation of probation.

Nothing in this section or the amendments to Section 23540, 23546, 23550, 23560, 23566, 23622, or 23640 made by Chapter 1205 of the Statutes of 1984 affects the penalty for a violation of Section 23152 or 23153 occurring prior to January 1, 1985.

SEC. 12. Section 23502 of the Vehicle Code is amended to read:

23502. (a) Notwithstanding any other provision of law, if a person who is at least 18 years of age is convicted of a first violation of Section 23140, in addition to any penalties, the court shall order the person to attend a program licensed under Section 11836 of the Health and Safety Code, subject to a fee schedule developed under paragraph (2) of subdivision (b) of Section 11837.4 of the Health and Safety Code.

(b) The attendance in a licensed driving-under-the-influence program required under subdivision (a) shall be as follows:

(1) If, within 10 years of the current violation of Section 23140, the person has not been convicted of a separate violation of Section 23140, 23152, or 23153, or of Section 23103, with a plea of guilty under Section 23103.5, or of Section 655 of the Harbors and Navigation Code, or of Section 191.5 of, or paragraph (3) of subdivision (c) of Section 192 of, the Penal Code, the person shall complete, at a minimum, the education component of that licensed driving-under-the-influence program.

(2) If the person does not meet the requirements of paragraph (1), the person shall complete, at a minimum, the program described in paragraph (1) of subdivision (c) of Section 11837 of the Health and Safety Code.

23575. (a) (1) In addition to any other provisions of law, the court may require that a person convicted of a first offense violation of Section 23152 or 23153 to install a certified ignition interlock device on any vehicle that the person owns or operates and prohibit that person from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device. The court shall give heightened consideration to applying this sanction to first offense violators with 0.20 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or of persons who refused the chemical tests at arrest. If the court orders the ignition interlock device restriction, the term shall be determined by the court for a period not to exceed three years from the date of conviction. (b) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement and term for the use of a certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(c) The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(d) A person whose driving privilege is restricted by the court pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate and monitor the operation of the device. The installer shall notify the court if the device is removed or

indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation for the installer to notify the court if the person has complied with all of the requirements of this article.

The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately terminate the restriction issued pursuant to Section 13352 and shall immediately suspend or revoke the privilege to operate a motor vehicle of a person who attempts to remove, bypass, or tamper with the device, who has the device removed prior to the termination date of the restriction, or who fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352. The privilege shall remain suspended or revoked for the remaining period of the originating suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(g) A person whose driving privilege is restricted by the Department of Motor Vehicles pursuant to Section 13352 shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the Department of Motor Vehicles if the device is removed or indicates that the person has attempted to remove, bypass, or tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this section.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install an ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to this section, an out-of-state resident who otherwise would qualify for an ignition interlock device restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning ignition interlock device. An ignition interlock device is not required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, then that person shall only have the suspension option.

(*l*) This section does not restrict a court from requiring installation of an ignition interlock device and prohibiting operation of a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device for a persons to whom subdivision (a) or (b) does not apply. The term of the restriction shall be determined by the court for a period not to exceed three years from the date of conviction. The court shall notify the Department of Motor Vehicles, as specified in subdivision (a) of Section 1803, of the terms of the restrictions in accordance with subdivision (a) of Section 1804. The Department of Motor Vehicles shall place the restriction in the person's records in the Department of Motor Vehicles.

(m) For the purposes of this section, ''vehicle'' does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. Any person subject to an ignition interlock device restriction shall not operate a motorcycle for the duration of the ignition interlock device restriction period.

23612. (a) (1) (A) A person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or breath for the purpose of determining the alcoholic content of his or her blood, if lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) A person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153.

(C) The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (i) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (ii) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within 10 years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code that resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 for an offense that occurred on a separate occasion, or (iii) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within 10 years of two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, that resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353, 13353.1, or 13353.2 for offenses that occurred on separate occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether

the test shall be of his or her blood or breath and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of a drug or the combined influence of an alcoholic beverage and a drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests that are available at the facility to which that person has been transported. In that case, the officer shall advise the person of those tests that are available at the medical facility and that the person's choice is limited to those tests that are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) A person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or

the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) A person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) A person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for an offense allegedly committed while the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

(e) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of all driver's licenses issued by this state which are held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest.

(g) (1) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report required by Section 13380, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(2) (A) Notwithstanding any other provision of law, a document containing data prepared and maintained in the governmental forensic laboratory computerized database system that is electronically transmitted or retrieved through public or private computer networks to or by the department is the best available evidence of the chemical test results in all administrative proceedings conducted by the department. In addition, any other official record that is maintained in the governmental forensic laboratory, relates to a chemical test analysis prepared and maintained in the governmental forensic laboratory computerized database system, and is electronically transmitted and retrieved through a public or private computer network to or by the department is admissible as evidence in the department's administrative proceedings. In order to be admissible as evidence in administrative proceedings, a document described in this subparagraph shall bear a certification by the employee of the department who retrieved the document certifying that the information was received or retrieved directly from the computerized database system of a governmental forensic laboratory and that the document accurately reflects the data received or retrieved.

(B) Notwithstanding any other provision of law, the failure of an employee of the department to certify under subparagraph (A) is not a public offense.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 is a field sobriety test and may be used by an officer as a further investigative tool.

(i) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol or drugs, or a combination of alcohol and drugs. The person's obligation to submit to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

(ii) Each driver who is at fault in causing a traffic collision that is the proximate cause of a fatality shall submit to testing under this section upon the direction of a peace officer.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (i) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (ii) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within 10 years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code that resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 for an offense that occurred on a separate occasion, or (iii) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within 10 years of two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, that resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353, 13353.1, or 13353.2 for offenses that occurred on separate occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, or if, while driving, is at fault in causing a traffic collision that is the proximate cause of a fatality, the person has the choice of whether the test shall be of his or her blood or breath and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she

is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of a drug or the combined influence of an alcoholic beverage and a drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, or if, while driving, is at fault in causing a traffic collision that is the proximate cause of a fatality. and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests that are available at the facility to which that person has been transported. In that case, the officer shall advise the person of those tests that are available at the medical facility and that the person's choice is limited to those tests that are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) A person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or

revocation of his or her privilege to operate a motor vehicle. A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) A person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) A person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for an offense allegedly committed while the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

(e) (1) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(2) If a driver who is at fault in causing a traffic collision that is the proximate cause of a fatality and refuses or fails to complete a chemical test or tests, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of any driver's license issued by this state that is held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest or accident.

(g) (1) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report

required by Section 13380, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(2) (A) Notwithstanding any other provision of law, a document containing data prepared and maintained in the governmental forensic laboratory computerized database system that is electronically transmitted or retrieved through public or private computer networks to or by the department is the best available evidence of the chemical test results in all administrative proceedings conducted by the department. In addition, any other official record that is maintained in the governmental forensic laboratory, relates to a chemical test analysis prepared and maintained in the governmental forensic laboratory computerized database system, and is electronically transmitted and retrieved through a public or private computer network to or by the department is admissible as evidence in the department's administrative proceedings. In order to be admissible as evidence in administrative proceedings, a document described in this subparagraph shall bear a certification by the employee of the department who retrieved the document certifying that the information was received or retrieved directly from the computerized database system of a governmental forensic laboratory and that the document accurately reflects the data received or retrieved.

(B) Notwithstanding any other provision of law, the failure of an employee of the department to certify under subparagraph (A) is not a public offense.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 is a field sobriety test and may be used by an officer as a further investigative tool.

(i) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol or drugs, or a combination of alcohol and drugs. The person's obligation to submit to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

SEC. 20. Section 23622 of the Vehicle Code is amended to read:

23622. (a) In any case charging a violation of Section 23152 or 23153 and the offense occurred within 10 years of one or more separate violations of Section 23103, as specified in Section 23103.5, that occurred on or after January 1, 1982, 23152, or 23153, or any combination thereof, that resulted in convictions, the court shall not strike any separate conviction of those offenses for purposes of sentencing in order to avoid imposing, as part of the sentence or term of probation, the minimum time of imprisonment and the minimum fine, as provided in this chapter, or for purposes of avoiding revocation, suspension, or restriction of the privilege to operate a motor vehicle, as provided in this code.

(b) In any case charging a violation of Section 23152 or 23153, the court shall obtain a copy of the driving record of the person charged from the Department of Motor Vehicles and may obtain any records from the Department of Justice or any other source to determine if one or more separate violations of Section 23103, as specified in Section 23103.5, that occurred on or after January 1, 1982, 23152, or 23153, or any combination thereof, that resulted in convictions, have occurred within 10 years of the charged offense. The court may obtain, and accept as rebuttable evidence, a printout from the Department of Motor Vehicles of the driving record of the person charged, maintained by electronic and storage media pursuant to Section 1801 for the purpose of proving those separate violations.

(c) If any separate convictions of violations of Section 23152 or 23153 are reported to have occurred within 10 years of the charged offense, the court shall notify each court where any of the separate convictions occurred for the purpose of enforcing terms and conditions of probation pursuant to Section 23602.

SEC. 21. Section 23646 of the Vehicle Code is amended to read:

(b) (1) The court shall order a person to participate in an alcohol and drug problem assessment program pursuant to this section and Sections 23647 to 23649, inclusive, and the related regulations of the State Department of Alcohol and Drug Programs, if the person was convicted of a violation of Section 23152 or 23153 that occurred within 10 years of a separate violation of Section 23152 or 23153 that resulted in a conviction.

(2) A court may order a person convicted of a violation of Section 23152 or 23153 to attend an alcohol and drug problem assessment program pursuant to this article.

(3) (A) The court shall order a person convicted of a violation of Section 23152 or 23153 who has previously been convicted of a violation of Section 23152 or 23153 that occurred more than 10 years ago, or has been previously convicted of a violation of subdivision (f) of Section 647 of the Penal Code, to attend and complete an alcohol and drug problem assessment program under this article. In order to determine whether a previous conviction for a violation occurring more than 10 years ago exists, the court shall rely on state summary criminal history information, local summary history information, or records made available to the judge through the district attorney.

(B) If the program assessment recommends additional treatment, the court may order a person sentenced under either Section 23538 or 23556 to enroll, participate, and complete either of the programs described under paragraph (4) of subdivision (b) of Section 23542.

(c) The State Department of Alcohol and Drug Programs shall establish minimum specifications for alcohol and other drug problem assessments and reports.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and any drug, as set forth in paragraph (3) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the person convicted of that offense participates for at least 18 months in a driving-under-the-influence program that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol and other drug education and counseling services program pursuant to Section 23538 of the Vehicle Code, or, pursuant to Section 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, that is permitted but not required under Section 23655 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter. When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonscheduled nonaddicting

medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the defendant, the defendant who would like the court to consider this option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

(c) (1) The court shall, as a condition of probation pursuant to Section 23538 or 23556 of the Vehicle Code, refer a first offender whose concentration of alcohol in his or her blood was less than 0.20 percent, by weight, to participate for at least three months or longer, as ordered by the court, in a licensed program that consists of at least 30 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(2) Notwithstanding any other provision of law, in granting probation to a first offender described in this subdivision whose concentration of alcohol in the person's blood was 0.20 percent or more, by weight, or the person refused to take a chemical test, the court shall order the person to participate, for at least six months or longer, as ordered by the court, in a licensed program that consists of at least 45 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(d) (1) The State Department of Alcohol and Drug Programs shall specify in regulations the activities required to be provided in the treatment of participants receiving six months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(2) Any program licensed pursuant to this chapter may provide treatment services to participants receiving at least six months of licensed program services under Section 23538 or 23556 of the Vehicle Code.

(e) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23542 or 23562 of the Vehicle Code or a 30-month program described in Section 23548, 23552, or 23568 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

(f) The clerk of the court shall indicate the duration of the program in which the judge has ordered the person to participate in the abstract of the record of the court that is forwarded to the department.

(g) This section shall become operative on September 20, 2005.

SEC. 2. Section 1803 of the Vehicle Code is amended to read:

1803. (a) The clerk of a court in which a person was convicted of any violation of this code, was convicted of any violation of subdivision (a), (b), (c), (d), (e), or (f) of Section 655 of the Harbors and Navigation Code pertaining to a mechanically propelled vessel but not to manipulating any water skis, an aquaplane, or similar device, was convicted of any violation of Section 655.2, 655.6, 658, or 658.5 of the Harbors and Navigation Code, or any violation of Section 191.5 of the Penal Code when the conviction resulted from the operation of a vessel, was convicted of any offense involving use or possession of controlled substances under Division 10 (commencing with Section 11000) of the Health and Safety Code, was convicted of any felony offense when a commercial motor vehicle, as defined in subdivision (b) of Section 15210, was involved in or incidental to the commission of the offense, or was convicted of any violation of any other statute relating to the safe operation of vehicles, shall prepare within 10 days after conviction and immediately forward to the department at its office at Sacramento an abstract of the record of the court covering the case in which the person was so convicted. If sentencing is not pronounced in conjunction with the conviction, the abstract shall be forwarded to the department within 10 days after sentencing and the abstract shall be certified by the person so required to prepare it to be true and correct.

(8) Subdivision (b) of Section 23221, subdivision (b) of Section 23223, subdivision (b) of Section 23225, and subdivision (b) of Section 23226.

(c) If the court impounds a license, or orders a person to limit his or her driving pursuant to subdivision (d) of Section 40508, the court shall

notify the department concerning the impoundment or limitation on an abstract prepared pursuant to subdivision (a) of this section or on a separate abstract, which shall be prepared within 10 days after the impoundment or limitation was ordered and immediately forwarded to the department at its office in Sacramento.

(d) If the court determines that a prior judgment of conviction of a violation of Section 23152 or 23153 is valid or is invalid on constitutional grounds pursuant to Section 41403, the clerk of the court in which the determination is made shall prepare an abstract of that determination and forward it to the department in the same manner as an abstract of record pursuant to subdivision (a).

(e) Within 10 days of an order terminating or revoking probation under Section 23602, the clerk of the court in which the order terminating or revoking probation was entered shall prepare and immediately forward to the department at its office in Sacramento an abstract of the record of the court order terminating or revoking probation and any other order of the court to the department required by law.

After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person was 21 years of age or older at the time the offense occurred and gives proof of financial responsibility as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If a person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, that is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the

department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license shall not allow travel to and from or in the course of the person's employment.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense that occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, that violation occurred within 10 years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

This section shall become inoperative on September 20, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that becomes operative on or before January 1, 2006, deletes the dates in which it becomes inoperative and is repealed.

(b) Notwithstanding subdivision (a) and upon a conviction of Section 23152 or 23153, the department shall suspend or revoke the person's privilege to operate a motor vehicle under Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation that resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license may not allow travel to and from or in the course of the person's employment.

SEC. 10.5. Section 13353.7 is added to the Vehicle Code, to read:

13353.7. (a) Subject to subdivision (c), if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion within 10 years of the occasion in question and, if the person subsequently enrolls in a driving-under-the-influence program licensed under Section 11836 of the Health and Safety Code, as described in subdivision (b) of Section 23538, that person, if 21 years of age or older at the time the offense occurred, may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program and to and from and in the course of the person's employment. (2) The person was 21 years of age or older at the time the offense occurred and gives proof of financial responsibility as defined in Section 16430.

(3) The restriction shall be imposed for a period of five months.

(4) If a person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, that is effective upon receipt by the person.

(b) Notwithstanding subdivision (a), and upon a conviction of Section 23152 or 23153, the department shall suspend or revoke the person's privilege to operate a motor vehicle under Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation that resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license may not allow travel to and from or in the course of the person's employment.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense that occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, that violation occurred within 10 years of the offense in question. This subdivision shall be operative only so long as a one-year suspension of the driving privilege for a second or subsequent occurrence or offense, with no restricted or hardship licenses permitted, is required by Section 408 or 410 of Title 23 of the United States Code.

(e) This section shall become operative on September 20, 2005.

SEC. 11. Section 13354 of the Vehicle Code is amended to read:

13354. (a) Notwithstanding Section 13366, if (1) an abstract of conviction is received by the department for an offense which requires

the department to restrict, suspend, or revoke the privilege to operate a motor vehicle of a person after conviction or finding of a violation pursuant to Section 13352 or 13352.5, (2) there is a suspension of that person's privilege to operate a motor vehicle already in effect for refusal to consent to, or for failure to complete, a chemical test pursuant to Section 13353 or a suspension already in effect for driving with an excessive alcohol content in the person's blood pursuant to Section 13353.2, (3) that suspension is administratively final and resulted from the same arrest, and (4) the sentencing court orders these restrictions, suspensions, revocations, or a combination thereof to run consecutively, then the restriction, suspension, or revocation resulting from the conviction or finding pursuant to Section 13352 or 13352.5 shall commence after the suspension already in effect pursuant to Section 13353 or 13353.2 has terminated, except as provided in subdivision (c) of Section 13353.3.

(b) Notwithstanding Section 13366, if (1) the department is required to suspend a person's privilege to operate a motor vehicle for refusal to consent to, or for failure to complete, a chemical test pursuant to Section 13353 or to suspend a person's privilege to operate a motor vehicle for driving with an excessive alcohol content in the person's blood pursuant to Section 13353.2, (2) there is a restriction, suspension, or revocation of the person's privilege to operate a motor vehicle already in effect for a conviction or finding of a violation pursuant to Section 13352 or 13352.5 which resulted from the same arrest, and (3) the sentencing court orders these restrictions, suspensions, revocations, or a combination thereof to run consecutively, then the suspension for refusal to consent to, or for failure to complete, the chemical test pursuant to Section 13353 or the suspension of that person's privilege to operate a motor vehicle already in effect for driving with an excessive alcohol content in the person's blood pursuant to Section 13353.2 shall commence after the restriction, suspension, or revocation already in effect pursuant to Section 13352 or 13352.5 has terminated, except as provided in subdivision (c) of Section 13353.3.

(c) The purpose of this section is to require that any suspension under Section 13353 or 13353.2 and any restriction, suspension or revocation under Section 13352 or 13352.5 resulting from the same arrest are cumulative and shall be imposed consecutively, if so ordered by the court.

(d) This section shall become inoperative on September 20, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 12. Section 13954 of the Vehicle Code is amended to read:

13954. (a) Notwithstanding any other provision of this code, the department immediately shall suspend or revoke the driving privilege of any person who the department has reasonable cause to believe was in some manner involved in an accident while operating a motor vehicle under the following circumstances at the time of the accident:

(1) The person had 0.08 percent or more, by weight, of alcohol in his or her blood.

(2) He or she proximately caused the accident as a result of any act prohibited, or the neglect of any duty imposed, by law.

(3) The accident occurred within five years of the date of a violation of paragraph (3) of subdivision (c) of Section 192 of the Penal Code that resulted in a conviction.

(b) If an accident described in subdivision (a) does not result in a conviction or finding of violation of Section 23152 or 23153, the department shall suspend the driving privilege under this section for one year from the date of commencement of the original suspension. After the one-year suspension period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist that would authorize the refusal to issue a license and that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways, and if the person gives proof of financial responsibility, as defined in Section 16430.

(c) If an accident described in subdivision (a) does result in a conviction or finding of a violation of Section 23152 or 23153, the department shall revoke the driving privilege under this section for three years from the date of commencement of the original revocation. After the three-year revocation period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist that would authorize the refusal to issue a license and that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways, and if the person gives proof of financial responsibility.

(d) Any revocation action under subdivision (c) shall be imposed as follows:

(1) If the accident results in a first conviction of a violation of Section 23152 or 23153, or if the person was convicted of a separate violation of Section 23152 or 23153 that occurred within five years of the accident, the period of revocation under subdivision (c) shall be concurrent with any period of restriction, suspension, or revocation imposed under Section 13352, 13352.4, or 13352.5.

(2) If the person was convicted of two or more separate violations of Section 23152 or 23153, or both, that occurred within five years of the accident, the period of revocation under subdivision (c) shall be cumulative and shall be imposed consecutively with any period of

restriction, suspension, or revocation imposed under Section 13352 or 13352.5.

(e) The department immediately shall notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the following issues:

(1) Whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153.

(2) Whether the person had been placed under lawful arrest.

(3) Whether a chemical test of the person's blood, breath, or urine indicated that the blood-alcohol level was 0.08 percent or more, by weight, at the time of testing.

If the department determines, upon a hearing of the matter, that the person had not been placed under lawful arrest, or that a chemical test of the person's blood, breath, or urine did not indicate a blood-alcohol level of 0.08 percent or more, by weight, at the time of testing, the suspension or revocation shall be terminated immediately.

(f) This section applies if the accident occurred on or after January 1, 1990, without regard for the dates of the violations referred to in subdivisions (a) and (d).

(g) Notwithstanding subdivision (f), if a person's privilege to operate a motor vehicle is required to be suspended or revoked pursuant to this section as it read before January 1, 1990, as a result of an accident that occurred before January 1, 1990, the privilege shall be suspended or revoked pursuant to this section as it read before January 1, 1990.

(h) This section shall become operative on September 20, 2005.

SEC. 13. Section 14601.2 of the Vehicle Code is amended to read:

14601.2. (a) No person shall drive a motor vehicle at any time when that person's driving privilege is suspended or revoked for a conviction of a violation of Section 23152 or 23153 if the person so driving has knowledge of the suspension or revocation.

(b) Except in full compliance with the restriction, no person shall drive a motor vehicle at any time when that person's driving privilege is restricted, if the person so driving has knowledge of the restriction.

(c) Knowledge of suspension or revocation of the driving privilege shall be conclusively presumed if mailed notice has been given by the department to the person pursuant to Section 13106. Knowledge of restriction of the driving privilege shall be presumed if notice has been given by the court to the person. The presumption established by this subdivision is a presumption affecting the burden of proof.

(d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not less than 10 days or more than six months and by a fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000), unless the person has been designated an habitual traffic offender under subdivision (b) of Section 23546, subdivision (d) of Section 23550, or subdivision (b) of Section 23550.5, in which case the person, in addition, shall be sentenced as provided in paragraph (3) of subdivision (e) of Section 14601.3.

(2) If the offense occurred within five years of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5, by imprisonment in the county jail for not less than 30 days or more than one year and by a fine of not less than five hundred dollars ($500) or more than two thousand dollars ($2,000), unless the person has been designated an habitual traffic offender under subdivision (b) of Section 23546, subdivision (b) of Section 23550, or subdivision (d) of Section 23550.5, in which case the person, in addition, shall be sentenced as provided in paragraph (3) of subdivision (e) of Section 14601.3.

(e) If a person is convicted of a first offense under this section and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(f) If the offense occurred within five years of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 30 days.

(g) If any person is convicted of a second or subsequent offense that results in a conviction of this section within seven years, but over five years, of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(h) Pursuant to Section 23575, the court shall require any person convicted of a violation of this section to install a certified ignition interlock device on any vehicle the person owns or operates.

(i) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (c) of Section 12500.

(j) This section shall become operative on September 20, 2005.

SEC. 13.3. Section 14601.2 of the Vehicle Code is amended to read:

14601.2. (a) No person shall drive a motor vehicle at any time when that person's driving privilege is suspended or revoked for a conviction of a violation of Section 23152 or 23153 if the person so driving has knowledge of the suspension or revocation.

(b) Except in full compliance with the restriction, no person shall drive a motor vehicle at any time when that person's driving privilege is restricted, if the person so driving has knowledge of the restriction.

(c) Knowledge of suspension or revocation of the driving privilege shall be conclusively presumed if mailed notice has been given by the department to the person pursuant to Section 13106. Knowledge of restriction of the driving privilege shall be presumed if notice has been given by the court to the person. The presumption established by this subdivision is a presumption affecting the burden of proof.

(d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not less than 10 days or more than six months and by a fine of not less than three hundred dollars ($300) or more than one thousand dollars ($1,000), unless the person has been designated an habitual traffic offender under subdivision (b) of Section 23546, subdivision (b) of Section 23550, or subdivision (b) of Section 23550.5, in which case the person, in addition, shall be sentenced as provided in paragraph (3) of subdivision (e) of Section 14601.3.

(2) If the offense occurred within five years of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5, by imprisonment in the county jail for not less than 30 days or more than one year and by a fine of not less than five hundred dollars ($500) or more than two thousand dollars ($2,000), unless the person has been designated an habitual traffic offender under subdivision (b) of Section 23546 or subdivision (b) of Section 23550, or subdivision (d) of Section 23550.5, in which case the person, in addition, shall be sentenced as provided in paragraph (3) of subdivision (e) of Section 14601.3.

(e) If any person is convicted of a first offense under this section and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(f) If the offense occurred within five years of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 30 days.

(g) If any person is convicted of a second or subsequent offense that results in a conviction of this section within seven years, but over five

years, of a prior offense that resulted in a conviction of a violation of this section or Section 14601, 14601.1, or 14601.5 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for at least 10 days.

(h) Pursuant to Section 23575, the court shall require any person convicted of a violation of this section to install a certified ignition interlock device on any vehicle the person owns or operates.

(i) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (c) of Section 12500.

In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. The program shall provide for persons who cannot afford the program fee pursuant to paragraph (2) of subdivision (b) of Section 11837.4 of the Health and Safety Code in order to enable those persons to participate. (d) The court shall advise the person at the time of sentencing that the driving privilege may not be restored until the person provides proof satisfactory to the department of successful completion of a driving-under-the-influence program of the length required under this

CHAPTER 553

An act to add and repeal Section 1507 of the Fish and Game Code, relating to wildlife management.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1507 is added to the Fish and Game Code, to read:

1507. (a) (1) It is the intent of the Legislature to control mosquito production on managed wetland habitat that is owned or managed by the department, in a manner that does all of the following:

(A) Maintains or enhances the waterfowl and other wildlife values of that habitat.

(B) Minimizes financial costs to the department and local mosquito abatement districts.

(C) Reduces the need for chemical treatment or other nonecological control of mosquitos.

(D) Increases coordination and communication between the department, local mosquito abatement districts, and the State Department of Health Services.

(E) Maintains and protects humans, domestic animals, and wildlife from vector-borne diseases such as West Nile virus.

(2) The Legislature further finds and declares that the implementation of mosquito prevention best management practices on managed wetland habitat is critical to the department's effort to reduce mosquito production on its wildlife management areas.

(b) For the purposes of this section, the following definitions apply:

(1) ''Managed wetland habitat'' means artificially irrigated and intensively managed wetland habitat administered primarily for the benefit of waterfowl and other wetland-dependent species.

(2) ''Best management practices'' means management strategies jointly developed by the department, the State Department of Health Services, and mosquito abatement districts, in consultation with the Central Valley Habitat Joint Venture, for the ecological control of mosquitoes on managed wetland habitat.

(3) ''Wildlife management area'' has the same meaning as set forth in subdivision (d) of Section 1504.

(4) ''Mosquito abatement district'' has the same meaning as set forth in subdivision (f) of Section 2002 of the Health and Safety Code.

(c) (1) A mosquito abatement district whose district boundaries include one or more wildlife management areas shall periodically, or at least semiannually, notify the department of those areas that exceed locally established mosquito population thresholds and associated mosquito control costs. The district shall provide the basis for the established thresholds to the department. Those thresholds and costs may be reviewed by the State Department of Health Services for conformity to generally acceptable mosquito control standards.

(2) In order to reduce mosquito production at those wildlife management areas described in paragraph (1), the department shall do all of the following:

(A) Identify best management practices for each applicable wildlife management area that, when implemented, would result in the mosquito population being reduced below the locally established threshold value while maintaining and enhancing the waterfowl and other wildlife values of that habitat.

(B) In consultation with the local mosquito abatement district, develop and implement a mosquito control plan that applies the best management practices and any other necessary management practices at each applicable wildlife management area.

(C) If capital improvements or other infrastructure are required to implement selected best management practices at a wildlife management area, the department shall work to secure any necessary funding through the board or other appropriate sources.

(D) In coordination with the local mosquito abatement district, develop each spring an annual work plan for each wildlife management area that specifies the intended management activities for each unit of the wildlife management area and that, to the extent practicable, employs best management practices.

(E) Implement the best management practices referenced in the annual work plan to the greatest extent possible, recognizing that unanticipated modifications to those plans are often necessary due to the uncertainty of water availability, water conveyance problems associated with beaver, muskrat and other animal activity, ditch, levee or pump failures, equipment breakdowns, rainfall or runoff-induced natural flooding, and other factors beyond the control of the department's wetland managers, all of which may require periodic alteration of wetland management plans.

(F) Meet with the local mosquito abatement district each summer to coordinate fall flooding of managed wetland habitat at each applicable wildlife management area and, if chemical treatment or other nonecological control is necessary, conduct post-fall flooding meetings to discuss the refinement of best management practices.

(G) If the wetland occupies land outside the jurisdictional boundaries of a mosquito abatement district, the department may consult with the State Department of Health Services to determine which best management practices can be implemented in the absence of an organized local mosquito control program.

(d) A mosquito abatement district whose boundaries include a wildlife management area described in paragraph (1) of subdivision (c) shall do all of the following:

(1) In consultation with the department, develop standardized monitoring procedures for mosquito surveillance for each managed wetland habitat at each wildlife management area, and, when the monitoring procedures are completed, provide a copy of the procedures to the department. These procedures may be reviewed by the State Department of Health Services for conformity to generally accepted mosquito control standards.

(2) Conduct posttreatment monitoring of wildlife management area lands and develop performance criteria to document mosquito control effectiveness.

(3) Provide an annual report to the department specifying the types and quantities of pesticides used, types of habitat sprayed, and the total number of acres treated in a wildlife management area. The annual report shall also include recommendations for the refinement of best management practices to reduce the need for any chemical treatment or other nonecological control.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 556

An act to add Section 66406 to the Education Code, relating to postsecondary education.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Textbooks are an essential part of a comprehensive and high-quality postsecondary education. The availability and affordability of textbooks directly impact the quality and affordability of postsecondary education. It is in the best interests of the state that high-quality course materials be available and affordable to students.

(b) Textbooks are expensive. Students report that they are required to purchase ''bundled'' materials that often include a textbook, workbook, and CD-ROM, and that they often do not use anything other than the textbook. Students also report that they are required to purchase new editions of textbooks and get very little money back when they sell the used edition back to the bookstore.

(c) To deliver high-quality materials to students that are affordable, all of the following should occur:

(1) Textbook publishers should provide students with the option of buying materials that are ''unbundled,'' disclose to faculty the cost to students of purchasing textbooks, and disclose to faculty how the new edition is different from previous editions.

(2) Faculty should consider the least costly practices in assigning textbooks when these practices are educationally sound, as determined by the appropriate faculty.

(3) College and university bookstores should work with faculty to review timelines and processes involved in ordering and stocking selected textbooks, disclose textbook costs to faculty and students, and actively promote and publicize book buyback programs.

SEC. 2. Section 66406 is added to the Education Code, to read:

66406. (a) The Legislature finds and declares that the production and pricing of college textbooks deserves a high level of attention from

educators and lawmakers because they impact the quality and affordability of higher education.

(b) The State of California urges textbook publishers to do all of the following:

(1) ''Unbundle'' the instruction materials to give students the option of buying textbooks, CD-ROMs, and workbooks ''a la carte'' or without additional materials.

(2) Provide all of the following information to faculty and departments when they are considering what textbooks to order, and post both of the following information on publishers' Web sites where it is easily accessible:

(A) A list of all the different products they sell, including both bundled and unbundled options, and the net price of each product.

(B) An explanation of how the newest edition is different from previous editions.

(3) Give preference to paper or online supplements to current editions rather than producing entirely new editions.

(4) Disclose to faculty the length of time they intend to produce the current edition so that professors know how long they can use the same book.

(5) Provide to faculty a free copy of each textbook selected by faculty for use in the classroom for placement on reserve in the campus library.

(c) The Trustees of the California State University and the Board of Governors of the California Community Colleges shall, and the Regents of the University of California are requested to, accomplish all of the following:

(1) Work with the academic senates of each respective segment to do all of the following:

(A) Encourage faculty to give consideration to the least costly practices in assigning textbooks, varying by discipline, such as adopting the least expensive edition when the educational content is equal, and using a selected textbook as long as it is educationally sound, as determined by the appropriate faculty.

(B) Encourage faculty to disclose both of the following to students:

(i) How new editions of textbooks are different from the previous editions.

(ii) The cost to students for textbooks selected for use in each course.

(C) Review procedures for faculty to inform college and university bookstores of textbook selections.

(D) Encourage faculty to work closely with publishers and college and university bookstores in creating bundles and packages if they are economically sound and deliver cost savings to students, and if bundles and packages have been requested by faculty. Students should have the

option of purchasing textbooks and other instructional materials that are ''unbundled.''

(2) Require college and university bookstores to work with the academic senates of each respective campus to do both of the following:

(A) Review issues relative to timelines and processes involved in ordering and stocking selected textbooks.

(B) Work closely with faculty or publishers, or both, to create bundles and packages that are economically sound and deliver cost savings to students.

(3) Encourage college and university bookstores to disclose retail textbook costs, on a per course basis, to faculty, and make this information otherwise publicly available.

(4) Encourage campuses to provide as many forums for students to have access to as many used books as possible, including, but not necessarily limited to, all of the following:

(A) Implementing campus-sponsored textbook rental programs.

(B) Encouraging students to consider on-campus and online book swaps so that students may buy and sell used books and set their own prices.

(C) Encouraging students to consider student book lending programs.

(D) Encouraging college and university bookstores that offer book buyback programs to actively promote and publicize these programs.

(E) Encouraging the establishment of textbook rental programs and any other appropriate approaches to providing high-quality materials that are affordable to students.

(d) It is the intent of the Legislature to encourage private colleges and universities to work with their respective academic senates and to encourage faculty to consider practices in selecting textbooks that will result in the lowest costs to students.

(a) (1) Prior to engaging in the business or acting in the capacity of an immigration consultant, each person shall file with the Secretary of State a bond of fifty thousand dollars ($50,000) executed by a corporate surety admitted to do business in this state and conditioned upon compliance with this chapter. The total aggregate liability on the bond shall be limited to fifty thousand dollars ($50,000).

(2) The bond may be terminated pursuant to Section 995.440 of, and Article 13 (commencing with Section 996.310) of Chapter 2 of Title 14 of Part 2 of, the Code of Civil Procedure.

(b) The bond required by this section shall be in favor of, and payable to, the people of the State of California and shall be for the benefit of any person damaged by any fraud, misstatement, misrepresentation, unlawful act or omission, or failure to provide the services of the immigration consultant or the agents, representatives, or employees of the immigration consultant while acting within the scope of that employment or agency.

(c) An immigration consultant who is required to file a surety bond with the Secretary of State shall also file a disclosure form with the Secretary of State that contains all of the following information:

(1) The immigration consultant's name, date of birth, residence address, business address, residence telephone number, and business telephone number.

(2) The name and address of the immigration consultant's agent for service of process if one is required to be or has been appointed.

(3) Whether the immigration consultant has ever been convicted of a violation of this chapter or of Section 6126.

(4) If applicable, the name, business address, business telephone number, and agent for service of process of the corporation or partnership employing the immigration consultant.

(d) An immigration consultant shall notify the Secretary of State's office in writing within 30 days when the surety bond required by this section is renewed, and of any change of name, address, telephone number, or agent for service of process.

(e) The Secretary of State shall post information demonstrating that an immigration consultant is in compliance with the bond required by this section on its Web site. The Secretary of State shall ensure that the information is current and shall update the information at least every 30 days.

(f) The Secretary of State shall develop the disclosure form required to file a bond under this section and make it available to any immigration consultant filing a bond pursuant to this section.

(g) An immigration consultant shall submit with the disclosure form a copy of valid and current photo identification to determine the immigration consultant's identity, such as a California driver's license or identification card, passport, or other identification acceptable to the Secretary of State.

(h) The Secretary of State shall charge and collect a filing fee to cover the cost of filing the bond.

(i) The Secretary of State shall enforce the provisions of this chapter that govern the filing and maintenance of bonds.

(j) This section does not apply to employees of nonprofit, tax-exempt corporations who help clients complete application forms in an immigration matter free of charge or for a fee, including reasonable costs, consistent with that authorized by the Board of Immigration Appeals under Section 292.2 of Title 8 of the Code of Federal Regulations.

SEC. 7. Section 22444 of the Business and Professions Code is amended to read:

client. A sign setting forth this prohibition shall be conspicuously displayed in the immigration consultant's office.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 558

An act to amend Section 1064 of the Government Code, relating to military service.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1064 of the Government Code is amended to read:

1064. No member of the governing board of a school district shall be absent from the state for more than 60 days, except in any of the following situations:

(a) Upon business of the school district with the approval of the board.

(c) For federal military deployment, not to exceed an absence of a total of six months, as a member of the Armed Forces of the United States or the California National Guard. If the absence of a member of the governing board of a school district pursuant to this subdivision exceeds six months, the governing board may approve an additional six-month absence upon a showing that there is a reasonable expectation that the member will return within the second six-month period, and the governing board may appoint an interim member to serve in his or her absence. If two or more members of the governing board of a school district are absent by reason of the circumstances described in this subdivision, and those absences result in the inability to establish a quorum at a regular meeting, the governing board may immediately

appoint one or more interim members as necessary to enable the governing board to conduct business and discharge its responsibilities.

In the case of illness or other urgent necessity, and upon a proper showing thereof, the time limited for absence from the state may be extended by the governing board of the school district for an additional period not to exceed 30 days.

(d) The term of an interim member of a school district governing board appointed pursuant to subdivision (c) may not extend beyond the return of the absent member, nor may it extend beyond the next regularly scheduled election for that office.

CHAPTER 559

An act to add Section 13481.5 to the Water Code, relating to water.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 13481.5 is added to the Water Code, to read:

13481.5. The board, for the purposes of administering the fund, shall give favorable consideration to the following types of eligible projects: projects that address public health problems or the pollution of impaired water bodies, projects necessary to comply with regulatory requirements, water recycling projects, projects undertaken to prevent or minimize water quality degradation, and projects undertaken in response to an administrative enforcement order.

CHAPTER 560

An act to amend Section 1150 of the Harbors and Navigation Code, relating to harbors.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1150 of the Harbors and Navigation Code is amended to read:

1150. (a) There is in the state government a Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun, consisting of seven members appointed by the Governor, with the consent of the Senate, as follows:

(1) Two members shall be pilots licensed pursuant to this division.

(2) Two members shall represent the industry and shall be persons currently engaged as owners, officers, directors, employees, or representatives of a firm or association of firms that is a substantial user of pilotage service in the Bay of San Francisco, San Pablo, Suisun, or Monterey, one of whom shall be engaged in the field of tanker company operations, and one of whom shall be engaged in dry cargo operations. The board of directors of a regional maritime trade association controlled by West Coast vessel operators that specifically represents the owners and operators of vessels or barges engaged in transportation by water of cargo or passengers from or to the Pacific area of the United States shall nominate, rank, and submit to the Governor the names of three persons for each category of industry member to be appointed.

(3) Three members shall be public members. Any person may serve as a public member unless otherwise prohibited by law, except that during his or her term of office or within the two years preceding his or her appointment, no public member appointed on or after January 1, 1991, may have (A) any financial or proprietary interest in the ownership, operation, or management of tugs, cargo, or passenger vessels, (B) sailed under the authority of a federal or state pilot license in waters under the jurisdiction of the board, (C) been employed by a company that is a substantial user of pilot services, or (D) been a consultant or other person providing professional services who had received more than 20 percent in the aggregate of his or her income from a company that is a substantial user of pilot services or an association of companies that are substantial users of pilot services. Ownership of less than one-tenth of 1 percent of the stock of a publicly traded corporation is not a financial or proprietary interest in the ownership of tugs, cargo, or passenger vessels.

(4) Notwithstanding any other provision of law, nothing in this chapter prohibits the Governor from notifying the nominating authority identified in paragraph (2) that persons nominated are unacceptable for appointment. Following that notification, the nominating authority shall submit a new list of nominees to the Governor, naming three persons, none of whom were previously nominated, from which the Governor may make the appointment. This process shall be continued until a person nominated by the nominating authority and satisfactory to the Governor has been appointed.

(b) Each of the members appointed pursuant to paragraphs (1) and (2) of subdivision (a) shall be appointed for a four-year term, and may not

be appointed for more than two terms. Members appointed pursuant to paragraph (3) of subdivision (a) shall be appointed with staggered four-year terms with the initial four-year terms expiring on December 31 of the years 1988, 1990, and 1991, respectively, and no person may be appointed for more than two terms. Vacancies on the board for both expired and unexpired terms shall be filled by the appointing power in the manner prescribed by subdivision (a).

(c) A quorum of the board members consists of four members. All actions of the board shall require the vote of four members, a quorum being present.

CHAPTER 561

An act to amend Sections 42301, 42310, 42310.2, 42325, and 42326 of, and to repeal Sections 42310.3 and 42324 of, the Public Resources Code, relating to solid waste.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 42301 of the Public Resources Code is amended to read:

42301. For purposes of this chapter, the following definitions apply:

(a) ''Curbside collection program'' means a recycling program that collects materials set out by homeowners for collection at the curb at intervals not less than every two weeks. ''Curbside collection program'' does not include redemption centers, buyback locations, drop-off programs, material recovery facilities, or plastic recovery facilities.

(b) ''Refillable package'' means a rigid plastic packaging container that the board determines is routinely returned to and refilled by the product manufacturer at least five times with the original product contained by the package.

(c) ''Reusable package'' means a rigid plastic packaging container that the board determines is routinely reused by consumers at least five times to store the original product contained by the package.

(d) ''Manufacturer'' means the producer or generator of a product that is sold or offered for sale in the state and that is stored inside of a rigid plastic packaging container.

(e) ''Rigid plastic packaging container'' means any plastic package having a relatively inflexible finite shape or form, with a minimum capacity of eight fluid ounces or its equivalent volume and a maximum

capacity of five fluid gallons or its equivalent volume, that is capable of maintaining its shape while holding other products, including, but not limited to, bottles, cartons, and other receptacles, for sale or distribution in the state.

(f) ''Postconsumer material'' means a material that would otherwise be destined for solid waste disposal, having completed its intended end use and product lifecycle. Postconsumer material does not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

(g) ''Recycled'' means a product or material that has been reused in the production of another product and has been diverted from disposal in a landfill.

(h) ''Recycling rate'' means either of the following:

(1) The proportion, as measured by weight, volume, or number, that a particular type of rigid plastic packaging container sold or offered for sale in the state, such as a milk jug, soft drink container, or detergent bottle, is being recycled in a given calendar year.

(2) The proportion, as measured by weight, volume, or number, that a product-associated rigid plastic packaging container sold or offered for sale in the state is being recycled in a given calendar year.

(i) (1) ''Source reduced container'' means either of the following:

(A) A rigid plastic packaging container for which the manufacturer seeks compliance as of January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with the packaging used for that product by the manufacturer from January 1, 1990, to December 31, 1994.

(B) A rigid plastic container for which the manufacturer seeks compliance after January 1, 1995, whose package weight per unit or use of product has been reduced by 10 percent when compared with one of the following:

(i) The packaging used for the product by the manufacturer on January 1, 1995.

(ii) The packaging used for that product by the manufacturer over the course of the first full year of commerce in this state.

(iii) The packaging used in commerce that same year for similar products whose containers have not been considered source reduced.

(2) A rigid plastic packaging container is not a source reduced container for the purposes of this chapter if the packaging reduction was achieved by any of the following:

(A) Substituting a different material type for a material that previously constituted the principal material of the container.

(B) Increasing a container's weight per unit or use of product after January 1, 1991.

(C) Packaging changes that adversely affect the potential for the rigid plastic packaging container to be recycled or to be made of postconsumer material.

(j) ''Product-associated rigid plastic packaging container'' means a brand-specific, rigid plastic packaging line that may have one or more sizes, shapes, or designs and that is used in conjunction with a particular generic product line.

(k) ''PETE'' means polyethylene terephthalate as specified in subdivision (a) of Section 18015.

(*l*) ''HDPE'' means high-density polyethylene.

SEC. 2. Section 42310 of the Public Resources Code is amended to read:

42310. Except as otherwise provided in this chapter, every rigid plastic packaging container sold or offered for sale in this state shall, on average, meet one of the following criteria:

(a) Be made from 25 percent postconsumer material.

(b) Have a recycling rate of 45 percent if it is a product-associated rigid plastic packaging container, as demonstrated to the board by the product maker, container manufacturer, or other entity. The board may take appropriate action to verify the demonstration, but the board is not required to expend state funds to conduct a survey or calculate the rate.

(c) Be a reusable package or a refillable package.

(d) Be a source reduced container.

(e) Is a container containing floral preservative that is subsequently reused by the floral industry for at least two years.

SEC. 3. Section 42310.2 of the Public Resources Code is amended to read:

42310.2. (a) On or before July 1, 1994, as part of the regulations required to be adopted pursuant to Section 42325, the board shall adopt regulations to carry out the requirements of paragraph (1) of subdivision (c) of Section 42310.1. In adopting regulations pursuant to this section, the board shall make every effort to limit paperwork and information to only those matters that are needed for the board to determine if manufacturers are taking all feasible actions to ensure the reduction, recycling, or reuse of the rigid plastic packaging containers described in subdivision (a) of Section 42310.1, and the development and expansion of markets for rigid plastic packaging containers.

(b) On or before February 1, 1996, the board shall review, and approve or disapprove, the reports required pursuant to paragraph (1) of subdivision (c) of Section 42310.1. If a report is not submitted pursuant to a schedule established by the board, or, if, based upon the report, the board determines that a manufacturer has not taken all feasible actions to ensure the reduction, recycling, or reuse of the containers and the development and expansion of markets for rigid plastic packaging

containers, the board may take one of the following actions, as selected by the manufacturer:

(1) Require the manufacturer to take additional actions, including, but not limited to, one or more of the measures described in paragraph (1) of subdivision (c) of Section 42310.1, to ensure that the manufacturer is taking, and will continue to take, all feasible actions to ensure the reduction, recycling, or reuse of the containers and the development and expansion of markets for rigid plastic packaging containers.

(2) Impose a civil penalty of up to one hundred thousand dollars ($100,000) pursuant to Section 42322. In imposing monetary penalties pursuant to this paragraph, the board shall take into consideration all of the following factors:

(A) The size and net worth of the manufacturer.

(B) The impact of the violation on the overall objectives of this chapter.

(C) The severity of the violation. A penalty imposed pursuant to this paragraph shall not be required to be paid by a manufacturer before January 1, 1997.

(c) If the board determines that the conditions in paragraphs (1) and (2) are met, the board shall enter into a contract, or other legally binding agreement, with one or more trade associations representing manufacturers of resin, manufacturers of rigid plastic packaging containers, or manufacturers of products packaged in rigid plastic packaging containers subject to this section and Section 42310.1. The agreement shall allow the trade association, in lieu of those individual manufacturers in the trade association who elect to be a party to the contract or agreement, to submit the report required pursuant to paragraph (1) of subdivision (c) of Section 42310.1 and to implement the actions identified in the report. The board shall enter into the agreement only if both of the following conditions exist:

(1) The agreement ensures that the report will contain sufficient information that otherwise would be required to be submitted by individual manufacturers pursuant to Section 42310.1, and any other information that is necessary and directly related to the board's ability to comply with this section.

(2) The agreement ensures that each manufacturer that elects to be a party to the agreement and that is a member of the trade association that submits the report shall be liable for the full amount of any civil penalties that may be imposed or shall comply with any requirement imposed by the board pursuant to paragraph (1) of subdivision (b), as selected by the manufacturer. A manufacturer subject to this paragraph shall not be liable for a civil penalty greater than one hundred thousand dollars ($100,000), regardless of the number of trade associations of which the manufacturer is a member.

(d) Notwithstanding any other provision of this section, a trade association representing resin manufacturers shall be responsible for submitting an additional report as provided pursuant to paragraph (1) of subdivision (c) of Section 42310.1. The resin manufacturer's trade association is subject to the review, penalties, and sanctions specified in paragraphs (1) and (2) of subdivision (b). No member of the resin manufacturer's trade association is liable for penalties and sanctions set forth in paragraph (1) or (2) of subdivision (b) pursuant to this subdivision if that member would not otherwise be subject to those penalties and sanctions.

(e) For the purposes of subdivision (b) and paragraph (1) of subdivision (c) of Section 42310.1, ''feasible'' means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(f) For purposes of Section 42310.1 and this section regarding all reporting, compliance, and penalty obligations, ''manufacturer'' includes all subsidiaries and affiliates.

SEC. 4. Section 42310.3 of the Public Resources Code is repealed.

SEC. 5. Section 42324 of the Public Resources Code is repealed.

SEC. 6. Section 42325 of the Public Resources Code is amended to read:

42325. The board shall adopt regulations to implement this chapter. These regulations shall include, but shall not be limited to, all of the following:

(a) Procedures for certifying compliance with Article 2 (commencing with Section 42310), including a requirement that product manufacturers include in their specifications for rigid plastic packaging containers a requirement that the packaging manufacturer certify that the rigid plastic packaging containers comply with this chapter.

(b) Procedures for considering and granting waivers pursuant to Article 4 (commencing with Section 42330).

SEC. 7. Section 42326 of the Public Resources Code is amended to read:

42326. In developing the regulations required by Section 42325, the board shall consult with representatives of the manufacturers affected by this chapter, with representatives of environmental organizations, and other interested parties.

CHAPTER 562

An act to add and repeal Article 13.5 (commencing with Section 18845) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to public health.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Prostate cancer is the most common nonskin cancer in America, striking 230,000 men each year in the United States, including 27,000 in California.

(b) Over the next decade, as men reach the target zone for prostate cancer, beginning at age 50 years, the number of new cases will increase 50 percent. This will result in prostate cancer being the cancer with the most rapid increase in incidence.

(c) Each year, prostate cancer takes the lives of 30,000 American men, including 3,600 in California.

(d) As the home to many leading cancer research centers, California is also the home of some of the most promising cancer research programs.

SEC. 2. Article 13.5 (commencing with Section 18845) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 13.5. California Prostate Cancer Research Fund

18845. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Prostate Cancer Research Fund established by Section 18845.1. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the ''California Prostate Cancer Research Fund'' to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to further the research of prostate cancer.

(f) Notwithstanding any other provision of law, a voluntary contribution designation for the California Prostate Cancer Research Fund may not be added on the tax return until another voluntary contribution designation is removed.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18845.1. There is in the State Treasury the California Prostate Cancer Research Fund to receive contributions made pursuant to Section 18845. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18845 to be transferred to the California Prostate Cancer Research Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Prostate Cancer Research Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18845 for payment into that fund.

18845.2. All moneys transferred to the California Prostate Cancer Research Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the State Department of Health Services for allocation to the California Coalition to Cure Prostate Cancer for the award of grants to support prostate cancer research. The funds shall not be used for the administrative costs of the State Department of Health Services.

18845.3. (a) Except as otherwise provided in subdivision (b), this article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the California Prostate Cancer Research Fund on the tax return, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in the second calendar year after the first taxable year the California Prostate Cancer Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the third calendar year that the California Prostate Cancer Research Fund appears on the tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 563

An act to amend Sections 8670.25.5 and 51018 of the Government Code, relating to oil and hazardous liquids.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 8670.25.5 of the Government Code is amended to read:

8670.25.5. (a) Without regard to intent or negligence, any party responsible for the discharge or threatened discharge of oil in marine waters shall report the discharge immediately to the Office of EmergencyServices pursuant to Section 25507 of the Health and Safety Code.

(b) Immediately upon receiving notification pursuant to subdivision (a), the Office of Emergency Services shall notify the administrator, the State Lands Commission, the California Coastal Commission, and the California regional water quality control board having jurisdiction over the location of the discharged oil, and take the actions required by subdivision (d) of Section 8589.7. If the spill has occurred within the jurisdiction of the San Francisco Bay Conservation and Development Commission, the Office of Emergency Services shall notify that commission. Each public agency specified in this subdivision shall adopt an internal protocol over communications regarding the discharge of oil and file the internal protocol with the Office of Emergency Services.

(c) The 24-hour emergency telephone number of the Office of Emergency Services shall be posted at every terminal, at the area of control of every marine facility, and on the bridge of every tank ship in marine waters.

(d) This section does not apply to discharges, or potential discharges, of less than one barrel (42 gallons) of oil unless a more restrictive reporting standard is adopted in the California oil spill contingency plan prepared pursuant to Section 8574.1.

(e) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 2. Section 51018 of the Government Code is amended to read:

51018. (a) Every rupture, explosion, or fire involving a pipeline, including a pipeline system otherwise exempted by subdivision (a) of Section 51010.5, and including a pipeline undergoing testing, shall be immediately reported by the pipeline operator to the fire department having fire suppression responsibilities and to the Office of Emergency Services. In addition, the pipeline operator shall, within 30 days of the rupture, explosion, or fire, file a report with the State Fire Marshal containing all the information that the State Fire Marshal may reasonably require to prepare the report required pursuant to subdivision (d).

(b) (1) The Office of Emergency Services shall immediately notify the State Fire Marshal of the incident, who shall immediately dispatch his or her employees to the scene. The State Fire Marshal or his or her employees, upon arrival, shall provide technical expertise and advise the

operator and all public agencies on activities needed to mitigate the hazard.

(2) For purposes of this subdivision, the Legislature does not intend to hinder or disrupt the workings of the ''incident commander system,'' but does intend to establish a recognized element of expertise and direction for the incident command to consult and acknowledge as an authority on the subject of pipeline incident mitigation. Furthermore, it is expected that the State Fire Marshal will recognize the expertise of the pipeline operator and any other emergency agency personnel who may be familiar with the particular location of the incident and respect their knowledgeable input regarding the mitigation of the incident.

(c) For purposes of this section, ''rupture'' includes every unintentional liquid leak, including any leak that occurs during hydrostatic testing, except that a crude oil leak of less than five barrels from a pipeline or flow line in a rural area, or any crude oil or petroleum product leak in any in-plant piping system of less than five barrels, when no fire, explosion, or bodily injury results or no waterway is contaminated thereby, does not constitute a rupture for purposes of the reporting requirements of subdivision (a).

(d) The State Fire Marshal shall, every fifth year commencing in 1999, issue a report identifying pipeline leak incident rate trends, reviewing current regulatory effectiveness with regard to pipeline safety, and recommending any necessary changes to the Legislature. This report shall include an assessment of the condition of each pipeline and shall include all of the following: total length of regulated pipelines, total length of regulated piggable pipeline, total number of line sections, average length of each section, number of leaks during study period, average spill size, average damage per incident, average age of leak pipe, average diameter of leak pipe, injuries during study period, cause of the leak or spill, fatalities during study period, and other information as deemed appropriate by the State Fire Marshal.

(e) This section does not preempt any other applicable federal or state reporting requirement.

(f) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

(g) This section does not apply to pipeline ruptures involving nonreportable crude oil spills under Section 3233 of the Public Resources Code, unless the spill involves a fire or explosion.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates

a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 564

An act relating to mosquito abatement, and making an appropriation therefor.

[Approved by Governor September 16, 2004. Filed with Secretary of State September 16, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of seven hundred fifty thousand dollars ($750,000) is hereby appropriated from the General Fund to the Department of Fish and Game to carry out Section 1507 of the Fish and Game Code.

(b) This section shall become operative only if Assembly Bill 1982 of the 2003–04 Regular Session is chaptered and becomes operative on or before January 1, 2005.

CHAPTER 565

An act to add Article 1.5 (commencing with Section 680) to Chapter 5 of Division 3 of the Harbors and Navigation Code, relating to boating safety.

[Approved by Governor September 17, 2004. Filed with Secretary of State September 17, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Carbon monoxide (CO) is a potentially deadly gas that is odorless, colorless, and tasteless and is found as a byproduct of internal combustion engines. CO enters the bloodstream through the lungs and displaces the oxygen needed by the body with a resulting hypoxia (suffocating) of body tissues. Symptoms of CO poisoning include rapid onset of headache, fatigue, nausea, dizziness, confusion, convulsions, and death.

(b) Marine engines are not subject to the same federal and state-mandated emission controls as automobiles and therefore have been able to emit dangerously high CO concentrations into the atmosphere, increasing the chance of exposure to potentially lethal amounts of CO.

(c) Federal officials have found that CO can gather in deadly concentrations behind ski boats, cabin cruisers, and even personal watercraft due to their propulsion engines.

(d) Dangerous levels of CO are often around swim decks and areas where occupants frequently sit or swim at the stern of the boat because the exhaust ports for both propulsion engines and generators are located nearby.

(e) The new trends of ''teak surfing,'' ''platform dragging,'' or ''bodysurfing'' seem to have increased the number of these poisonings. Victims can be overcome by carbon monoxide in a matter of minutes, even when monitored by other boat occupants.

(f) The National Institute for Occupational Safety and Health (NIOSH) within the Centers for Disease Control and Prevention (CDC), the United States Department of the Interior, and the United States Coast Guard have studied this issue extensively and have reported that these poisonings have reached ''epidemic proportions.''

(g) These agencies have tracked 101 deaths and 402 poisonings through October 2003, with 34 poisonings in California alone. These numbers likely underreport the actual number of incidents because many deaths may be misdiagnosed simply as a drowning.

(h) There is a lack of awareness and knowledge among recreational boaters of the dangers of CO poisoning, which has resulted in many deaths and injuries.

(i) Three California families have recently suffered a devastating loss due to CO poisoning around boats. In May of 2003, 11-year old Anthony Farr of El Dorado Hills died at Folsom Lake after being overcome by carbon monoxide while bodysurfing behind a family friend's boat. In September of 2001, 62-year old Bruce Allen (Skip) Bauer died while swimming near his boat at Lake Shasta. In July of 2000, 15-year old Stacy Beckett of Ontario died while platform dragging behind a boat in Mexico. Many others have lost their lives or have been poisoned in the same way around the country just in the last three years.

SEC. 2. It is the intent of the Legislature to do all of the following:

(a) Educate Californians and raise awareness about the dangers of carbon monoxide poisoning while boating.

(b) Make it a crime to operate a motorized vessel, or have the engine of a motorized vessel run idle, when someone is teak surfing, bodysurfing, or platform dragging behind the motorized vessel, or when

someone is occupying or holding onto the swim platform, swim deck, swim step, or swim ladder.

(c) Urge manufacturers of motorboats to invest in research and development to do both of the following:

(1) Reduce the carbon monoxide emissions from their engines as soon as possible.

(2) Design a motorboat that would better protect boaters from all CO emissions.

SEC. 3. Article 1.5 (commencing with Section 680) is added to Chapter 5 of Division 3 of the Harbors and Navigation Code, to read:

Article 1.5. Anthony Farr and Stacy Beckett Boating Safety Act of 2004

680. This act shall be known as the Anthony Farr and Stacy Beckett Boating Safety Act of 2004, and may be cited as Anthony and Stacy's Law.

681. (a) It is unlawful to operate a motorized vessel or have the engine of a motorized vessel run idle while an individual is teak surfing, platform dragging, or bodysurfing behind the motorized vessel.

(b) It is unlawful to operate a motorized vessel or have the engine of a motorized vessel run idle while an individual is occupying or holding onto the swim platform, swim deck, swim step, or swim ladder of the vessel.

(c) Subdivision (b) does not apply when an individual is occupying the swim platform, swim deck, swim step, or swim ladder for a very brief period of time while assisting with the docking or departure of the vessel, while exiting or entering the vessel, or while the vessel is engaged in law enforcement or emergency rescue activity.

(d) ''Teak surfing'' or ''platform dragging'' means holding onto the swim platform, swim deck, swim step, swim ladder, or any portion of the exterior of the transom of a motorized vessel for any amount of time while the motorized vessel is underway at any speed.

(e) ''Bodysurfing'' means swimming or floating on one's stomach or on one's back on or in the wake directly behind a motorized vessel that is underway.

(f) ''Vessel'' has the same meaning as set forth in subdivision (e) of Section 775.5.

(g) A violation of this section is an infraction punishable by a fine of up to one hundred dollars ($100). Nothing in this subdivision shall be considered in relation to a suspension, restriction, or delay of driving privileges, or in the determination of a violation point count as provided in Section 12810 of the Vehicle Code.

682. All state-sponsored boating safety courses and all boating safety courses that require state approval by the Department of Boating and Waterways shall incorporate information about the dangers of being overcome by carbon monoxide poisoning at the stern of a motorized vessel and how to prevent that poisoning.

683. (a) When a new or used motorized vessel is sold in California, the two carbon monoxide poisoning warning stickers developed by the Department of Boating and Waterways shall be placed on the motorized vessel. The smaller sticker shall be placed in the interior of the motorized vessel where it is immediately visible to the person operating the motorized vessel the larger sticker shall be placed facing out on the exterior of the stern or transom of the motorized vessel, unless the motorized vessel is inflatable and the sticker would not adhere to the surface of the stern.

(b) For a motorized vessel sold by a dealer, the dealer shall ensure that both warning stickers have been affixed prior to the completion of the transaction.

(c) For a motorized vessel sold by an individual, both stickers shall be included by the Department of Motor Vehicles in the new registration material provided to the new owner, and the new owner of the motorized vessel shall be notified that he or she is required to affix the smaller sticker in the interior of the motorized vessel where it is immediately visible to the operator of the motorized vessel and the larger sticker facing out on the exterior of the stern or transom of the motorized vessel, unless the motorized vessel is inflatable and the sticker would not adhere to the surface of the stern.

(d) A warning sticker already developed by the boating manufacturer may satisfy the requirements of this section if it has been approved in advance by the Department of Boating and Waterways.

(e) This section shall become operative on May 1, 2005.

684. (a) The Department of Motor Vehicles shall insert the Department of Boating and Waterways' informational brochure and warning stickers about the dangers of carbon monoxide poisoning and boats into the registration renewal materials mailed by the Department of Motor Vehicles to vessel owners for two consecutive two-year registration cycles and, thereafter, upon the recommendation of the Director of Boating and Waterways. These materials shall instruct vessel owners to place the two stickers in the motorized vessel so that the smaller sticker is visible to the person operating the motorized vessel and the larger sticker is facing out on the exterior of the stern or transom of the motorized vessel, unless the motorized vessel is inflatable and the sticker would not adhere to the surface of the stern.

(b) This section shall become operative on May 1, 2005.

685. The Department of Boating and Waterways pursuant to subdivision (a) of Section 85.2 may use funds in the Harbors and Watercraft Revolving Fund, created pursuant to Section 85, to administer this chapter and to reimburse the Department of Motor Vehicles for its costs to administer this chapter.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(o) A statement with the heading ''Mechanics' Lien Warning'' as follows:

''MECHANICS LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a '20-day Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your

contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe.''

SEC. 8. Section 7159.5 is added to the Business and Professions Code, to read:

7159.5. This section applies to all home improvement contracts, as defined in Section 7151.2, between an owner or tenant and a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction.

(a) Failure by the licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson to comply with the following provisions is cause for discipline:

(1) The contract shall include the agreed contract amount in dollars and cents. The contract amount shall include the entire cost of the contract, including profit, labor, and materials, but excluding finance charges.

(2) If there is a separate finance charge between the contractor and the person contracting for home improvement, the finance charge shall be set out separately from the contract amount.

(3) If a down payment will be charged, the down payment may not exceed one thousand dollars ($1,000) or 10 percent of the contract amount, whichever is less.

(4) If, in addition to a down payment, the contract provides for payments to be made prior to completion of the work, the contract shall include a schedule of payments in dollars and cents specifically referencing the amount of work or services to be performed and any materials and equipment to be supplied.

(5) Except for a down payment, the contractor may neither request nor accept payment that exceeds the value of the work performed or material delivered.

(6) Upon any payment by the person contracting for home improvement, and prior to any further payment being made, the contractor shall, if requested, obtain and furnish to the person a full and unconditional release from any potential lien claimant claim or mechanic's lien pursuant to Section 3114 of the Civil Code for any portion of the work for which payment has been made. The person contracting for home improvement may withhold all further payments until these releases are furnished.

(7) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with paragraph (4).

(8) A contractor furnishing a performance and payment bond, lien and completion bond, or a bond equivalent or joint control approved by the registrar covering full performance and payment is exempt from paragraphs (3), (4), and (5), and need not include, as part of the contract, the Mechanics' Lien Warning found in subdivision (o) of Section 7159.4. A contractor furnishing these bonds, bond equivalents, or a joint control approved by the registrar may accept payment prior to completion. If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

(b) A violation of paragraph (1), (3), or (5) of subdivision (a) by a licensee or a person subject to be licensed under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000), or by imprisonment in a county jail not exceeding one year, or by both fine and imprisonment.

(1) An indictment or information against a person who is not licensed but who is required to be licensed under this chapter shall be brought, or a criminal complaint filed, for a violation of this section within four years from the date the buyer signs the contract.

(2) An indictment or information against a person who is licensed under this chapter shall be brought, or a criminal complaint filed, for a violation of this section within two years from the date the buyer signs the contract.

(3) The limitations on actions in this subdivision shall not apply to any administrative action filed against a licensed contractor.

(c) Any person who violates this section as part of a plan or scheme to defraud an owner or tenant of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision

(e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars ($500) nor more than twenty-five thousand dollars ($25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code, or for which an emergency or major disaster is declared by the President of the United States.

SEC. 9. Section 7159.6 is added to the Business and Professions Code, to read:

7159.6. (a) An extra work or change order is not enforceable against a buyer unless the change order sets forth all of the following:

(1) The scope of work encompassed by the order.

(2) The amount to be added or subtracted from the contract.

(3) The effect the order will make in the progress payments or the completion date.

(b) The buyer may not require a contractor to perform extra or change-order work without providing written authorization.

(c) Failure to comply with the requirements of this section does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment.

SEC. 10. Section 7159.10 is added to the Business and Professions Code, to read:

7159.10. (a) ''Service and repair contract'' means an agreement between a contractor or salesperson for a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction, and a homeowner or a tenant, for the performance of a home improvement as defined in Section 7151, that meets the following requirements:

[Approved by Governor September 17, 2004. Filed with Secretary of State September 17, 2004.]

The people of the State of California do enact as follows:

(b) The management shall prohibit neither the listing nor the sale of a manufactured home or mobilehome within the park by the homeowner,

an heir, joint tenant, or personal representative of the estate who gains ownership of a manufactured home or mobilehome in the mobilehome park through the death of the owner of the manufactured home or mobilehome who was a homeowner at the time of his or her death, or the agent of any such person other than the management.

(c) The management shall not require the selling homeowner, or an heir, joint tenant, or personal representative of the estate who gains ownership of a manufactured home or mobilehome in the mobilehome park through the death of the owner of the manufactured home or mobilehome who was a homeowner at the time of his or her death, to authorize the management or any other specified broker, dealer, or person to act as the agent in the sale of a manufactured home or mobilehome as a condition of resale of the home in the park or of management's approval of the buyer or prospective homeowner for residency in the park.

(d) Nothing in this section shall be construed as affecting the provisions of the Health and Safety Code governing the licensing of manufactured home or mobilehome salespersons or dealers.

SEC. 2. Section 18014.5 is added to the Health and Safety Code, to read:

18014.5. For purposes of this part, a ''net listing agreement'' means any agreement entered into by a seller of a manufactured home or mobilehome that is not a new manufactured home or mobilehome and a licensed dealer in which the seller agrees to accept a specific purchase price and under which the dealer may receive as a commission all proceeds from the sale in excess of that purchase price.

18024. (a) If, upon inspection or investigation, based upon a complaint or otherwise, the department has cause to believe that a person is acting in the capacity, or engaging in the business, of a dealer within this state without having a license in good standing therefor, and the person is not otherwise exempt pursuant to subdivision (b) of Section 18002.6, the department may issue a citation to that person in writing, describing with particularity the basis of the citation. Each citation may contain an order of abatement and assessment of a civil penalty not to exceed two thousand dollars ($2,000). All civil penalties collected under this section shall be deposited in the Mobilehome-Manufactured Home Revolving Fund provided for in Section 18016.5.

(b) The department may adopt regulations prescribing procedures for issuance of citations under this section and covering the assessment of a civil penalty which shall give due consideration to the gravity of the violation, the good faith of the person cited, and any history of previous violations.

(c) The sanctions authorized under this section shall be separate from, and in addition to, all other civil or criminal remedies.

SEC. 4. Section 18060.5 of the Health and Safety Code is amended to read:

18060.5. With respect to business practices, it is unlawful to do any of the following:

(a) Knowingly purchase, sell, or otherwise acquire or dispose of a stolen manufactured home, mobilehome, or commercial modular.

(b) Violate any of the terms or provisions of regulations promulgated under the authority of Section 18015.

(c) Cause the state or any person to suffer any loss or damage by reason of any fraud or deceit practiced on them or fraudulent representations made to any person in the sale or purchase of a manufactured home, mobilehome, or commercial modular or parts or accessories thereof.

(d) Violate any of the terms and conditions of Chapter 3 (commencing with Section 1797) of Title 1.7 of Part 4 of Division 3 of the Civil Code.

(e) Move a manufactured home, mobilehome, or commercial modular subject to registration pursuant to this part from a mobilehome park or other site of installation to another location, without obtaining from the legal owner, written consent for the move as prescribed in Section 18099.5.

(f) Include as an added cost to the selling price of a manufactured home, mobilehome, or commercial modular, an amount for licensing or transfer of title of the manufactured home, mobilehome, or commercial modular, which amount is not due to the state unless, prior to the sale, the amount has been paid by a dealer to the state in order to avoid penalties that would have accrued because of late payment of those fees. However, a dealer may collect from the second purchaser of a manufactured home, mobilehome, or commercial modular, a prorated fee based upon the number of months remaining in the registration year for that manufactured home, mobilehome, or commercial modular, if the manufactured home, mobilehome, or commercial modular was previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid, as required by this part and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the manufactured home, mobilehome, or commercial modular.

(g) Participate in the sale of a manufactured home, mobilehome, or commercial modular reported to the department pursuant to this part without making the return and payment of any sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(h) Fail to exercise reasonable supervision over the activities of employees who negotiate or promote the sale of manufactured homes, mobilehomes, or commercial modulars.

(i) Display for sale, offer for sale, or sell, a manufactured home, mobilehome, or commercial modular, representing that manufactured home, mobilehome, or commercial modular to be of a year model different from the year model designated at the time of manufacture or first assembly as a completed manufactured home, mobilehome, or commercial modular.

(j) Directly or indirectly authorize or advise another licensee to change the year model of a manufactured home, mobilehome, or commercial modular in the inventory of the other licensee.

(k) Fail, at the time that the seller enters into a net listing agreement, to disclose in writing as part of the listing agreement in 12-point boldface type all of the following:

(1) That a buyer's offer may be in excess of the amount that the seller has agreed to accept as a purchase price in the listing agreement.

(2) That the dealer may retain any amount in excess of the amount the seller has agreed to as the purchase price in the listing agreement as the dealer's compensation or commission.

(3) That additional costs or payments involved in the sales transaction may be deducted or made from the amount the seller has agreed to accept as the purchase price in the listing agreement by the close of escrow.

(*l*) Fail, within three days after the date a buyer's written offer to purchase a mobilehome or manufactured home that is not a new mobilehome or manufactured home is accepted, but no less than 48 hours prior to the close of escrow or transfer of title to the mobilehome or manufactured home from the seller to the buyer, to disclose to the seller in a document, signed or initialed by the seller and the dealer, that is an addendum to the disclosure required in subdivision (k), the exact amount of the buyer's offer and the specific amounts of any commission. The dealer shall submit a copy of the disclosure required by subdivision (k) and this subdivision into escrow and maintain, at the dealer's place of business, a copy of that disclosure for three years from the date of sale. The escrow agent shall ensure that the disclosure deposited into escrow is executed and complete. However, nothing in this subdivision shall be construed to require the escrow agent to be responsible for determining the accuracy of any of the statements in that disclosure.

SEC. 5. Section 18061.6 is added to the Health and Safety Code to read:

18061.6. (a) Notwithstanding the prohibition in subdivision (d) of Section 18061 or any regulation to the contrary, a dealer may, alternatively, post in a prominent location immediately outside the

primary entrance to a new manufactured home, mobilehome, or commercial modular a conspicuous notice that the unit was previously installed as a model, display unit, or used for other occupancy. Additionally, a similarly conspicuous and prominent notice, requiring a buyer's separate initials, shall be included in any purchase agreement for that unit.

(b) Notwithstanding Section 5050 of Title 25 of the California Code of Regulations, an advertisement of any new manufactured home, mobilehome, or commercial modular is not required to contain the year of manufacture of the unit provided the new unit is not more than three years old.

(c) Notwithstanding Section 5050 of Title 25 of the California Code of Regulations, an advertisement of any manufactured home, mobilehome, or commercial modular is not required to contain the model name of any unit if the model name is disclosed in a conspicuous and prominent notice, requiring the buyer's separate initials, in any purchase agreement for that unit.

SEC. 6. Section 18062.2 of the Health and Safety Code is amended to read:

18062.2. It is also unlawful for a dealer to do any of the following:

(a) Engage in the business for which the dealer is licensed without at all times maintaining an established place of business.

(b) Employ any person as a salesperson who is not licensed pursuant to this part, or whose license or 90-day certificate is not displayed on the premises of the dealer as provided in Section 18063.

(c) Permit the use of the dealer's license, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of manufactured homes, mobilehomes, or commercial modulars, or to permit the use of the dealer's license, supplies, or books to operate a secondary location to be used by any other person, if the licensee has no financial or equitable interest or investment in the manufactured homes, mobilehomes, or commercial modulars sold by, or the business of, or secondary location used by, the person, or has no such interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the dealer's license, supplies, or books to engage in the sale of manufactured homes, mobilehomes, or commercial modulars.

(d) Advertise any specific manufactured home, mobilehome, or commercial modular for sale without identifying the manufactured home, mobilehome, or commercial modular by its serial number or by the number on its federal label or insignia of approval issued by the department.

(e) Advertise the total price of a manufactured home, mobilehome, or commercial modular without including all costs to the purchaser at the

time of delivery at the dealer's premises, except sales tax, title and registration fees, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed twenty dollars ($20).

(f) Exclude from the advertisement of a manufactured home, mobilehome, or commercial modular for sale information to the effect that there will be added to the advertised total price at the time of sale, charges for sales tax, title and registration fees, escrow fees, and any dealer documentary preparation charge.

(g) Represent the dealer documentary preparation charge as a governmental fee.

(h) Refuse to sell the manufactured home, mobilehome, or commercial modular to any person at the advertised total price for that manufactured home, mobilehome, or commercial modular, exclusive of sales tax, title fee, finance charges, and dealer documentary preparation charge, which charge shall not exceed twenty dollars ($20), while it remains unsold, unless the advertisement states the advertised total price is good only for a specified time and that time has elapsed.

(i) Not post the salesperson's license in a place conspicuous to the public on the premises where they are actually engaged in the selling of manufactured homes, mobilehomes, and commercial modulars for the employing dealer. The license shall be displayed continuously during their employment. If a salesperson's employment is terminated, the dealer shall return the license to the salesperson.

(j) Offer for sale, rent, or lease within this state a new manufactured home, mobilehome, or commercial modular whose manufacturer is not licensed under this part.

(k) To violate Section 798.71 or 798.74 of the Civil Code, or both.

(*l*) When the dealer is an owner or manager, or an agent of the owner or manager, of a mobilehome park and serves as the dealer for a manufactured home or mobilehome to be installed or sold in the park, to knowingly violate Section 798.72, 798.73, 798.73.5, 798.75.5, or 798.83 of the Civil Code.

SEC. 7. Section 18063 of the Health and Safety Code is amended to read:

18063. It is unlawful for a salesperson to do any of the following:

(a) At the time of employment, not deliver to his or her employing dealer his or her salesperson's license or 90-day certificate.

(b) Fail to report in writing to the department every change of residence within five days of the change.

(c) Act or attempt to act as a salesperson while not employed by a dealer. For purposes of this subdivision, ''employment by a dealer'' means employment reported to the department pursuant to subdivision (c) of Section 18060.

(d) To violate Section 798.71 or 798.74 of the Civil Code, or both.

(e) When the salesperson is an owner or manager, or an agent of the owner or manager, of a mobilehome park and serves as the salesperson for a manufactured home or mobilehome to be installed or sold in the park, to knowingly violate Section 798.72, 798.73, 798.73.5, 798.75.5, or 798.83 of the Civil Code.

SEC. 8. Any regulations adopted by the Department of Housing and Community Development in Title 25 of the California Code of Regulations to implement and interpret the amendments in Sections 2 to 6, inclusive, of this act shall be deemed to not materially alter any requirement, right, responsibility, condition, prescription, or other regulatory element as provided in Section 100 of Title 1 of the California Code of Regulations if the regulations consist of amendments, repeals, or adoptions that are substantially the same in content as the provisions of Sections 2 to 6, inclusive, of this act.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 568

An act to amend Sections 1950.5, 1954.52, and 1954.53 of, and to amend and repeal Section 827 of, the Civil Code, to amend Section 1161.2 of the Code of Civil Procedure, and to amend Section 7060.4 of, and to amend and repeal Section 12955 of, the Government Code, relating to tenancy.

[Approved by Governor September 17, 2004. Filed with Secretary of State September 17, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 827 of the Civil Code, as amended by Section 33 of Chapter 664 of the Statutes of 2002, is amended to read:

827. (a) Except as provided in subdivision (b), in all leases of lands or tenements, or of any interest therein, from week to week, month to month, or other period less than a month, the landlord may, upon giving notice in writing to the tenant, in the manner prescribed by Section 1162

of the Code of Civil Procedure, change the terms of the lease to take effect, as to tenancies for less than one month, upon the expiration of a period at least as long as the term of the hiring itself, and, as to tenancies from month to month, to take effect at the expiration of not less than 30 days, but if that change takes effect within a rental term, the rent accruing from the first day of the term to the date of that change shall be computed at the rental rate obtained immediately prior to that change; provided, however, that it shall be competent for the parties to provide by an agreement in writing that a notice changing the terms thereof may be given at any time not less than seven days before the expiration of a term, to be effective upon the expiration of the term.

The notice, when served upon the tenant, shall in and of itself operate and be effectual to create and establish, as a part of the lease, the terms, rents, and conditions specified in the notice, if the tenant shall continue to hold the premises after the notice takes effect.

(b) (1) In all leases of a residential dwelling, or of any interest therein, from week to week, month to month, or other period less than a month, the landlord may increase the rent provided in the lease or rental agreement, upon giving written notice to the tenant, as follows, by either of the following procedures:

(A) By delivering a copy to the tenant personally.

(B) By serving a copy by mail under the procedures prescribed in Section 1013 of the Code of Civil Procedure.

(2) If the proposed rent increase for that tenant is 10 percent or less of the rental amount charged to that tenant at any time during the 12 months prior to the effective date of the increase, either in and of itself or when combined with any other rent increases for the 12 months prior to the effective date of the increase, the notice shall be delivered at least 30 days prior to the effective date of the increase, and subject to Section 1013 of the Code of Civil Procedure if served by mail.

(3) For an increase in rent greater than the amount described in paragraph (2), the minimum notice period required pursuant to that paragraph shall be increased by an additional 30 days, and subject to Section 1013 of the Code of Civil Procedure if served by mail. This paragraph does not apply to an increase in rent caused by a change in a tenant's income or family composition as determined by a recertification required by statute or regulation.

(c) If a state or federal statute, state or federal regulation, recorded regulatory agreement, or contract provides for a longer period of notice regarding a rent increase than that provided in subdivision (a) or (b), the personal service or mailing of the notice shall be in accordance with the longer period.

SEC. 2. Section 827 of the Civil Code, as amended by Section 34 of Chapter 664 of the Statutes of 2002, is repealed.

SEC. 3. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) This section applies to security for a rental agreement for residential property that is used as the dwelling of the tenant.

(b) As used in this section, ''security'' means any payment, fee, deposit or charge, including, but not limited to, any payment, fee, deposit, or charge, except as provided in Section 1950.6, that is imposed at the beginning of the tenancy to be used to reimburse the landlord for costs associated with processing a new tenant or that is imposed as an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises, exclusive of ordinary wear and tear, caused by the tenant or by a guest or licensee of the tenant.

(3) The cleaning of the premises upon termination of the tenancy necessary to return the unit to the same level of cleanliness it was in at the inception of the tenancy. The amendments to this paragraph enacted by the act adding this sentence shall apply only to tenancies for which the tenant's right to occupy begins after January 1, 2003.

(4) To remedy future defaults by the tenant in any obligation under the rental agreement to restore, replace, or return personal property or appurtenances, exclusive of ordinary wear and tear, if the security deposit is authorized to be applied thereto by the rental agreement.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent, in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy.

This subdivision does not prohibit an advance payment of not less than six months' rent if the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, if the alterations are other than cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to the lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary for the purposes specified in subdivision (b). The landlord may not assert a claim against the tenant or the security for damages to the premises or any defective conditions that preexisted the

tenancy, for ordinary wear and tear or the effects thereof, whether the wear and tear preexisted the tenancy or occurred during the tenancy, or for the cumulative effects of ordinary wear and tear occurring during any one or more tenancies.

(f) (1) Within a reasonable time after notification of either party's intention to terminate the tenancy, or before the end of the lease term, the landlord shall notify the tenant in writing of his or her option to request an initial inspection and of his or her right to be present at the inspection. The requirements of this subdivision do not apply when the tenancy is terminated pursuant to subdivision (2), (3), or (4) of Section 1161 of the Code of Civil Procedure. At a reasonable time, but no earlier than two weeks before the termination or the end of lease date, the landlord, or an agent of the landlord, shall, upon the request of the tenant, make an initial inspection of the premises prior to any final inspection the landlord makes after the tenant has vacated the premises. The purpose of the initial inspection shall be to allow the tenant an opportunity to remedy identified deficiencies, in a manner consistent with the rights and obligations of the parties under the rental agreement, in order to avoid deductions from the security. If a tenant chooses not to request an initial inspection, the duties of the landlord under this subdivision are discharged. If an inspection is requested, the parties shall attempt to schedule the inspection at a mutually acceptable date and time. The landlord shall give at least 48 hours' prior written notice of the date and time of the inspection if either a mutual time is agreed upon, or if a mutually agreed time cannot be scheduled but the tenant still wishes an inspection. The tenant and landlord may agree to forgo the 48-hour prior written notice by both signing a written waiver. The landlord shall proceed with the inspection whether the tenant is present or not, unless the tenant previously withdrew his or her request for the inspection.

(2) Based on the inspection, the landlord shall give the tenant an itemized statement specifying repairs or cleaning that are proposed to be the basis of any deductions from the security the landlord intends to make pursuant to paragraphs (1) to (4), inclusive of subdivision (b). This statement shall also include the texts of paragraphs (1) to (4), inclusive, of subdivision (b). The statement shall be given to the tenant, if the tenant is present for the inspection, or shall be left inside the premises.

(3) The tenant shall have the opportunity during the period following the initial inspection until termination of the tenancy to remedy identified deficiencies, in a manner consistent with the rights and obligations of the parties under the rental agreement, in order to avoid deductions from the security.

(4) Nothing in this subdivision shall prevent a landlord from using the security for deductions itemized in the statement provided for in

paragraph (2) that were not cured by the tenant so long as the deductions are for damages authorized by this section.

(5) Nothing in this subdivision shall prevent a landlord from using the security for any purpose specified in paragraphs (1) to (4), inclusive, of subdivision (b) that occurs between completion of the initial inspection and termination of the tenancy or was not identified during the initial inspection due to the presence of a tenant's possessions.

(g) (1) No later than 21 calendar days after the tenant has vacated the premises, but not earlier than the time that either the landlord or the tenant provides a notice to terminate the tenancy under Section 1946 or 1946.1, Section 1161 of the Code of Civil Procedure, or not earlier than 60 calendar days prior to the expiration of a fixed-term lease, the landlord shall furnish the tenant, by personal delivery or by first-class mail, postage prepaid, a copy of an itemized statement indicating the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(2) Along with the itemized statement, the landlord shall also include copies of documents showing charges incurred and deducted by the landlord to repair or clean the premises, as follows:

(A) If the landlord or landlord's employee did the work, the itemized statement shall reasonably describe the work performed. The itemized statement shall include the time spent and the reasonable hourly rate charged.

(B) If the landlord or landlord's employee did not do the work, the landlord shall provide the tenant a copy of the bill, invoice, or receipt supplied by the person or entity performing the work. The itemized statement shall provide the tenant with the name, address, and telephone number of the person or entity, if the bill, invoice, or receipt does not include that information.

(C) If a deduction is made for materials or supplies, the landlord shall provide a copy of the bill, invoice, or receipt. If a particular material or supply item is purchased by the landlord on an ongoing basis, the landlord may document the cost of the item by providing a copy of a bill, invoice, receipt, vendor price list, or other vendor document that reasonably documents the cost of the item used in the repair or cleaning of the unit.

(3) If a repair to be done by the landlord or the landlord's employee cannot reasonably be completed within 21 calendar days after the tenant has vacated the premises, or if the documents from a person or entity providing services, materials, or supplies are not in the landlord's possession within 21 calendar days after the tenant has vacated the premises, the landlord may deduct the amount of a good faith estimate of the charges that will be incurred and provide that estimate with the

itemized statement. If the reason for the estimate is because the documents from a person or entity providing services, materials, or supplies are not in the landlord's possession, the itemized statement shall include the name, address, and telephone number of the person or entity. Within 14 calendar days of completing the repair or receiving the documentation, the landlord shall complete the requirements in paragraphs (1) and (2) in the manner specified.

(4) The landlord need not comply with paragraph (2) or (3) if either of the following apply:

(A) The deductions for repairs and cleaning together do not exceed one hundred twenty-five dollars ($125).

(B) The tenant waived the rights specified in paragraphs (2) and (3). The waiver shall only be effective if it is signed by the tenant at the same time or after a notice to terminate a tenancy under Section 1946 or 1946.1 has been given, a notice under Section 1161 of the Code of Civil Procedure has been given, or no earlier than 60 calendar days prior to the expiration of a fixed-term lease. The waiver shall substantially include the text of paragraph (2).

(5) Notwithstanding paragraph (4), the landlord shall comply with paragraphs (2) and (3) when a tenant makes a request for documentation within 14 calendar days after receiving the itemized statement specified in paragraph (1). The landlord shall comply within 14 calendar days after receiving the request from the tenant.

(6) Any mailings to the tenant pursuant to this subdivision shall be sent to the address provided by the tenant. If the tenant does not provide an address, mailings pursuant to this subdivision shall be sent to the unit that has been vacated.

(h) Upon termination of the landlord's interest in the premises, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest. The landlord shall thereafter notify the tenant by personal delivery or by first-class mail, postage prepaid, of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery, the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (g).

(i) Prior to the voluntary transfer of a landlord's interest in the premises, the landlord shall deliver to the landlord's successor in interest a written statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) An itemization of any lawful deductions from any security received.

(3) His or her election under paragraph (1) or (2) of subdivision (h).

This subdivision does not affect the validity of title to the real property transferred in violation of this subdivision.

(j) In the event of noncompliance with subdivision (h), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (g). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in subdivision (h), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (h) or provides the tenant with an accounting as provided in subdivision (g).

This subdivision does not preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by the tenant to the landlord.

Notwithstanding this subdivision, if, upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (h), he or she is not liable for damages as provided in subdivision (*l*), or any security not transferred pursuant to subdivision (h).

(k) Upon receipt of any portion of the security under paragraph (1) of subdivision (h), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding the security with respect to the security.

(*l*) The bad faith claim or retention by a landlord or the landlord's successors in interest of the security or any portion thereof in violation of this section, or the bad faith demand of replacement security in violation of subdivision (j), may subject the landlord or the landlord's successors in interest to statutory damages of up to twice the amount of the security, in addition to actual damages. The court may award damages for bad faith whenever the facts warrant that award, regardless of whether the injured party has specifically requested relief. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the

amounts claimed or the authority pursuant to this section to demand additional security deposits.

(m) No lease or rental agreement may contain any provision characterizing any security as ''nonrefundable.''

(n) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or statutory or both, are within the jurisdictional amount allowed by Section 116.220 of the Code of Civil Procedure.

(o) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury that satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(p) The amendments to this section made during the 1985 portion of the 1985–86 Regular Session of the Legislature that are set forth in subdivision (e) are declaratory of existing law.

(q) The amendments to this section made during the 2003 portion of the 2003–04 Regular Session of the Legislature that are set forth in paragraph (1) of subdivision (f) are declaratory of existing law.

SEC. 4. Section 1954.52 of the Civil Code is amended to read:

1954.52. (a) Notwithstanding any other provision of law, an owner of residential real property may establish the initial and all subsequent rental rates for a dwelling or a unit about which any of the following is true:

(1) It has a certificate of occupancy issued after February 1, 1995.

(2) It has already been exempt from the residential rent control ordinance of a public entity on or before February 1, 1995, pursuant to a local exemption for newly constructed units.

(3) (A) It is alienable separate from the title to any other dwelling unit or is a subdivided interest in a subdivision, as specified in subdivision (b), (d), or (f) of Section 11004.5 of the Business and Professions Code.

(B) This paragraph does not apply to either of the following:

(i) A dwelling or unit where the preceding tenancy has been terminated by the owner by notice pursuant to Section 1946.1 or has been terminated upon a change in the terms of the tenancy noticed pursuant to Section 827.

(ii) A condominium dwelling or unit that has not been sold separately by the subdivider to a bona fide purchaser for value. The initial rent amount of the unit for purposes of this chapter shall be the lawful rent in effect on May 7, 2001, unless the rent amount is governed by a different provision of this chapter. However, if a condominium dwelling

or unit meets the criteria of paragraph (1) or (2) of subdivision (a), or if all the dwellings or units except one have been sold separately by the subdivider to bona fide purchasers for value, and the subdivider has occupied that remaining unsold condominium dwelling or unit as his or her principal residence for at least one year after the subdivision occurred, then subparagraph (A) of paragraph (3) shall apply to that unsold condominium dwelling or unit.

(C) Where a dwelling or unit in which the initial or subsequent rental rates are controlled by an ordinance or charter provision in effect on January 1, 1995, the following shall apply:

(i) An owner of real property as described in this paragraph may establish the initial and all subsequent rental rates for all existing and new tenancies in effect on or after January 1, 1999, if the tenancy in effect on or after January 1, 1999, was created between January 1, 1996, and December 31, 1998.

(ii) Commencing on January 1, 1999, an owner of real property as described in this paragraph may establish the initial and all subsequent rental rates for all new tenancies if the previous tenancy was in effect on December 31, 1995.

(iii) The initial rental rate for a dwelling or unit as described in this paragraph in which the initial rental rate is controlled by an ordinance or charter provision in effect on January 1, 1995, may not, until January 1, 1999, exceed the amount calculated pursuant to subdivision (c) of Section 1954.53. An owner of residential real property as described in this paragraph may, until January 1, 1999, establish the initial rental rate for a dwelling or unit only where the tenant has voluntarily vacated, abandoned, or been evicted pursuant to paragraph (2) of Section 1161 of the Code of Civil Procedure.

(b) Subdivision (a) does not apply where the owner has otherwise agreed by contract with a public entity in consideration for a direct financial contribution or any other forms of assistance specified in Chapter 4.3 (commencing with Section 65915) of Division 1 of Title 7 of the Government Code.

(c) Nothing in this section shall be construed to affect the authority of a public entity that may otherwise exist to regulate or monitor the basis for eviction.

(d) This section does not apply to any dwelling or unit that contains serious health, safety, fire, or building code violations, excluding those caused by disasters for which a citation has been issued by the appropriate governmental agency and which has remained unabated for six months or longer preceding the vacancy.

SEC. 5. Section 1954.53 of the Civil Code is amended to read:

1954.53. (a) Notwithstanding any other provision of law, an owner of residential real property may establish the initial rental rate for a dwelling or unit, except where any of the following applies:

(1) The previous tenancy has been terminated by the owner by notice pursuant to Section 1946.1 or has been terminated upon a change in the terms of the tenancy noticed pursuant to Section 827, except a change permitted by law in the amount of rent or fees. For the purpose of this paragraph, the owner's termination or nonrenewal of a contract or recorded agreement with a governmental agency that provides for a rent limitation to a qualified tenant, shall be construed as a change in the terms of the tenancy pursuant to Section 827.

(A) In a jurisdiction that controls by ordinance or charter provision the rental rate for a dwelling or unit, an owner who terminates or fails to renew a contract or recorded agreement with a governmental agency that provides for a rent limitation to a qualified tenant may not set an initial rent for three years following the date of the termination or nonrenewal of the contract or agreement. For any new tenancy established during the three-year period, the rental rate for a new tenancy established in that vacated dwelling or unit shall be at the same rate as the rent under the terminated or nonrenewed contract or recorded agreement with a governmental agency that provided for a rent limitation to a qualified tenant, plus any increases authorized after the termination or cancellation of the contract or recorded agreement.

(B) Subparagraph (A) does not apply to any new tenancy of 12 months or more duration established after January 1, 2000, pursuant to the owner's contract or recorded agreement with a governmental agency that provides for a rent limitation to a qualified tenant, unless the prior vacancy in that dwelling or unit was pursuant to a nonrenewed or canceled contract or recorded agreement with a governmental agency that provides for a rent limitation to a qualified tenant as set forth in that subparagraph.

(2) The owner has otherwise agreed by contract with a public entity in consideration for a direct financial contribution or any other forms of assistance specified in Chapter 4.3 (commencing with Section 65915) of Division 1 of Title 7 of the Government Code.

(3) The initial rental rate for a dwelling or unit whose initial rental rate is controlled by an ordinance or charter provision in effect on January 1, 1995, may not until January 1, 1999, exceed the amount calculated pursuant to subdivision (c).

(b) Subdivision (a) applies to, and includes, renewal of the initial hiring by the same tenant, lessee, authorized subtenant, or authorized sublessee for the entire period of his or her occupancy at the rental rate established for the initial hiring.

(c) The rental rate of a dwelling or unit whose initial rental rate is controlled by ordinance or charter provision in effect on January 1, 1995, shall, until January 1, 1999, be established in accordance with this subdivision. Where the previous tenant has voluntarily vacated, abandoned, or been evicted pursuant to paragraph (2) of Section 1161 of Code of Civil Procedure, an owner of residential real property may, no more than twice, establish the initial rental rate for a dwelling or unit in an amount that is no greater than 15 percent more than the rental rate in effect for the immediately preceding tenancy or in an amount that is 70 percent of the prevailing market rent for comparable units, whichever amount is greater.

The initial rental rate established pursuant to this subdivision may not substitute for or replace increases in rental rates otherwise authorized pursuant to law.

(d) (1) Nothing in this section or any other provision of law shall be construed to preclude express establishment in a lease or rental agreement of the rental rates to be applicable in the event the rental unit subject thereto is sublet. Nothing in this section shall be construed to impair the obligations of contracts entered into prior to January 1, 1996.

(2) If the original occupant or occupants who took possession of the dwelling or unit pursuant to the rental agreement with the owner no longer permanently reside there, an owner may increase the rent by any amount allowed by this section to a lawful sublessee or assignee who did not reside at the dwelling or unit prior to January 1, 1996.

(3) This subdivision does not apply to partial changes in occupancy of a dwelling or unit where one or more of the occupants of the premises, pursuant to the agreement with the owner provided for above, remains an occupant in lawful possession of the dwelling or unit, or where a lawful sublessee or assignee who resided at the dwelling or unit prior to January 1, 1996, remains in possession of the dwelling or unit. Nothing contained in this section shall be construed to enlarge or diminish an owner's right to withhold consent to a sublease or assignment.

(4) Acceptance of rent by the owner does not operate as a waiver or otherwise prevent enforcement of a covenant prohibiting sublease or assignment or as a waiver of an owner's rights to establish the initial rental rate, unless the owner has received written notice from the tenant that is party to the agreement and thereafter accepted rent.

(e) Nothing in this section shall be construed to affect any authority of a public entity that may otherwise exist to regulate or monitor the grounds for eviction.

(f) This section does not apply to any dwelling or unit if all the following conditions are met:

(1) The dwelling or unit has been cited in an inspection report by the appropriate governmental agency as containing serious health, safety,

fire, or building code violations, as defined by Section 17920.3 of the Health and Safety Code, excluding any violation caused by a disaster.

(2) The citation was issued at least 60 days prior to the date of the vacancy.

(3) The cited violation had not been abated when the prior tenant vacated and had remained unabated for 60 days or for a longer period of time. However, the 60-day time period may be extended by the appropriate governmental agency that issued the citation.

SEC. 6. Section 1161.2 of the Code of Civil Procedure is amended to read:

1161.2. (a) The clerk may allow access to limited civil case records filed under this chapter, including the court file, index, and register of actions, only as follows:

(1) To a party to the action, including a party's attorney.

(2) To any person who provides the clerk with the names of at least one plaintiff and one defendant and the address of the premises, including the apartment or unit number, if any.

(3) To a resident of the premises who provides the clerk with the name of one of the parties or the case number and shows proof of residency.

(4) To any person by order of the court, which may be granted ex parte, on a showing of good cause.

(5) To any other person 60 days after the complaint has been filed, unless a defendant prevails in the action within 60 days of the filing of the complaint, in which case the clerk may not allow access to any court records in the action, except as provided in paragraphs (1) to (4), inclusive.

(b) For purposes of this section, ''good cause'' includes, but is not limited to, the gathering of newsworthy facts by a person described in Section 1070 of the Evidence Code. It is the intent of the Legislature that a simple procedure be established to request the ex parte order described in subdivision (a).

(c) Upon the filing of any case so restricted, the court clerk shall mail notice to each defendant named in the action. The notice shall be mailed to the address provided in the complaint. The notice shall contain a statement that an unlawful detainer complaint (eviction action) has been filed naming that party as a defendant, and that access to the court file will be delayed for 60 days except to a party, an attorney for one of the parties, or any other person who (1) provides to the clerk the names of at least one plaintiff and one defendant in the action and provides to the clerk the address, including any applicable apartment, unit, or space number, of the subject premises, or (2) provides to the clerk the name of one of the parties in the action or the case number and can establish through proper identification that he or she lives at the subject premises. The notice shall also contain a statement that access to the court index,

register of actions, or other records is not permitted until 60 days after the complaint is filed, except pursuant to an order upon a showing of good cause therefor. The notice shall contain on its face the name and telephone number of the county bar association and the name and telephone number of an office funded by the federal Legal Services Corporation that provides legal services to low-income persons in the county in which the action is filed. The notice shall state that these numbers may be called for legal advice regarding the case. The notice shall be issued between 24 and 48 hours of the filing of the complaint, excluding weekends and holidays. One copy of the notice shall be addressed to ''all occupants'' and mailed separately to the subject premises. The notice shall not constitute service of the summons and complaint.

(d) Notwithstanding any other provision of law, the court shall charge an additional fee of four dollars ($4) for filing a first appearance by the plaintiff. This fee shall be included as part of the total filing fee for actions filed under this chapter.

(e) This section does not apply to a case that seeks to terminate a mobilehome park tenancy if the statement of the character of the proceeding in the caption of the complaint clearly indicates that the complaint seeks termination of a mobilehome park tenancy.

SEC. 7. Section 7060.4 of the Government Code is amended to read:

7060.4. (a) Any public entity which, by a valid exercise of its police power, has in effect any control or system of control on the price at which accommodations are offered for rent or lease, may require by statute or ordinance, or by regulation as specified in Section 7060.5, that the owner notify the entity of an intention to withdraw those accommodations from rent or lease and may require that the notice contain statements, under penalty of perjury, providing information on the number of accommodations, the address or location of those accommodations, the name or names of the tenants or lessees of the accommodations, and the rent applicable to each residential rental unit.

Information respecting the name or names of the tenants, the rent applicable to any residential rental unit, or the total number of accommodations, is confidential information and for purposes of this chapter shall be treated as confidential information by any public entity for purposes of the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code). A public entity shall, to the extent required by the preceding sentence, be considered an ''agency,'' as defined by subdivision (d) of Section 1798.3 of the Civil Code.

(b) The statute, ordinance, or regulation of the public entity may require that the owner record with the county recorder a memorandum summarizing the provisions, other than the confidential provisions, of

the notice in a form which shall be prescribed by the statute, ordinance, or regulation, and require a certification with that notice that actions have been initiated as required by law to terminate any existing tenancies. In that situation, the date on which the accommodations are withdrawn from rent or lease for purposes of this chapter is 120 days from the delivery in person or by first-class mail of that notice to the public entity. However, if the tenant or lessee is at least 62 years of age or disabled, and has lived in his or her accommodations for at least one year prior to the date of delivery to the public entity of the notice of intent to withdraw pursuant to subdivision (a), then the date of withdrawal of the accommodations of that tenant or lessee shall be extended to one year after the date of delivery of that notice to the public entity, provided that the tenant or lessee gives written notice of his or her entitlement to an extension to the owner within 60 days of the date of delivery to the public entity of the notice of intent to withdraw. In that situation, the following provisions shall apply:

(1) The tenancy shall be continued on the same terms and conditions as existed on the date of delivery to the public entity of the notice of intent to withdraw, subject to any adjustments otherwise available under the system of control.

(2) No party shall be relieved of the duty to perform any obligation under the lease or rental agreement.

(3) The owner may elect to extend the date of withdrawal on any other accommodations up to one year after date of delivery to the public entity of the notice of intent to withdraw, subject to paragraphs (1) and (2).

(4) Within 30 days of the notification by the tenant or lessee to the owner of his or her entitlement to an extension, the owner shall give written notice to the public entity of the claim that the tenant or lessee is entitled to stay in their accommodations for one year after date of delivery to the public entity of the notice of intent to withdraw.

(5) Within 90 days of date of delivery to the public entity of the notice of intent to withdraw, the owner shall give written notice to the public entity and the affected tenant or lessee of the owner's election to extend the date of withdrawal and the new date of withdrawal under paragraph (3).

(c) The statute, ordinance, or regulation of the public entity adopted pursuant to subdivision (a) may also require the owner to notify any tenant or lessee displaced pursuant to this chapter of the following:

(1) That the public entity has been notified pursuant to subdivision (a).

(2) That the notice to the public entity specified the name and the amount of rent paid by the tenant or lessee as an occupant of the accommodations.

(3) The amount of rent the owner specified in the notice to the public entity.

(4) Notice to the tenant or lessee of his or her rights under paragraph (3) of subdivision (b) of Section 7060.2.

(5) Notice to the tenant or lessee of the following:

(A) If the tenant or lessee is at least 62 years of age or disabled, and has lived in his or her accommodations for at least one year prior to the date of delivery to the public entity of the notice of intent to withdraw, then tenancy shall be extended to one year after date of delivery to the public entity of the notice of intent to withdraw, provided that the tenant or lessee gives written notice of his or her entitlement to the owner within 60 days of date of delivery to the public entity of the notice of intent to withdraw.

(B) The extended tenancy shall be continued on the same terms and conditions as existed on date of delivery to the public entity of the notice of intent to withdraw, subject to any adjustments otherwise available under the system of control.

(C) No party shall be relieved of the duty to perform any obligation under the lease or rental agreement during the extended tenancy.

(d) The statute, ordinance, or regulation of the public entity adopted pursuant to subdivision (a) may also require the owner to notify the public entity in writing of an intention to again offer the accommodations for rent or lease.

SEC. 8. Section 12955 of the Government Code, as amended by Section 9.7 of Chapter 592 of the Statutes of 1999, is amended to read:

12955. It shall be unlawful:

(a) For the owner of any housing accommodation to discriminate against or harass any person because of the race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, source of income, or disability of that person.

(b) For the owner of any housing accommodation to make or to cause to be made any written or oral inquiry concerning the race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, or disability of any person seeking to purchase, rent or lease any housing accommodation.

(c) For any person to make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a housing accommodation that indicates any preference, limitation, or discrimination based on race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, source of income, or disability or an intention to make that preference, limitation, or discrimination.

(d) For any person subject to the provisions of Section 51 of the Civil Code, as that section applies to housing accommodations, to

discriminate against any person on the basis of sex, sexual orientation, color, race, religion, ancestry, national origin, familial status, marital status, disability, source of income, or on any other basis prohibited by that section.

(e) For any person, bank, mortgage company or other financial institution that provides financial assistance for the purchase, organization, or construction of any housing accommodation to discriminate against any person or group of persons because of the race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, source of income, or disability in the terms, conditions, or privileges relating to the obtaining or use of that financial assistance.

(f) For any owner of housing accommodations to harass, evict, or otherwise discriminate against any person in the sale or rental of housing accommodations when the owner's dominant purpose is retaliation against a person who has opposed practices unlawful under this section, informed law enforcement agencies of practices believed unlawful under this section, has testified or assisted in any proceeding under this part, or has aided or encouraged a person to exercise or enjoy the rights secured by this part. Nothing herein is intended to cause or permit the delay of an unlawful detainer action.

(g) For any person to aid, abet, incite, compel, or coerce the doing of any of the acts or practices declared unlawful in this section, or to attempt to do so.

(h) For any person, for profit, to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of a person or persons of a particular race, color, religion, sex, sexual orientation, marital status, ancestry, disability, source of income, familial status, or national origin.

(i) For any person or other organization or entity whose business involves real estate-related transactions to discriminate against any person in making available a transaction, or in the terms and conditions of a transaction, because of race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, source of income, familial status, or disability.

(j) To deny a person access to, or membership or participation in, a multiple listing service, real estate brokerage organization, or other service because of race, color, religion, sex, sexual orientation, marital status, ancestry, disability, familial status, source of income, or national origin.

(k) To otherwise make unavailable or deny a dwelling based on discrimination because of race, color, religion, sex, sexual orientation, familial status, source of income, disability, or national origin.

(*l*) To discriminate through public or private land use practices, decisions, and authorizations because of race, color, religion, sex, sexual orientation, familial status, marital status, disability, national origin, source of income, or ancestry. Discrimination includes, but is not limited to, restrictive covenants, zoning laws, denials of use permits, and other actions authorized under the Planning and Zoning Law (Title 7 (commencing with Section 65000)), that make housing opportunities unavailable.

Discrimination under this subdivision also includes the existence of a restrictive covenant, regardless of whether accompanied by a statement that the restrictive covenant is repealed or void. This paragraph shall become operative on January 1, 2001.

(m) As used in this section, ''race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, familial status, source of income, or disability'' includes a perception that the person has any of those characteristics or that the person is associated with a person who has, or is perceived to have, any of those characteristics.

(n) To use a financial or income standard in the rental of housing that fails to account for the aggregate income of persons residing together or proposing to reside together on the same basis as the aggregate income of married persons residing together or proposing to reside together.

(o) In instances where there is a government rent subsidy, to use a financial or income standard in assessing eligibility for the rental of housing that is not based on the portion of the rent to be paid by the tenant.

(p) (1) For the purposes of this section, ''source of income'' means lawful, verifiable income paid directly to a tenant or paid to a representative of a tenant. For the purposes of this section, a landlord is not considered a representative of a tenant.

(2) For the purposes of this section, it shall not constitute discrimination based on source of income to make a written or oral inquiry concerning the level or source of income.

SEC. 9. Section 12955 of the Government Code, as added by Section 9.83 of Chapter 592 of the Statutes of 1999, is repealed.

CHAPTER 569

An act to add Section 50662.8 to the Health and Safety Code, relating to housing assistance.

[Approved by Governor September 17, 2004. Filed with Secretary of State September 17, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 50662.8 is added to the Health and Safety Code, to read:

50662.8. (a) Notwithstanding paragraph (1) of subdivision (d) of Section 50662.7, the department may allow the assumption of any loan made pursuant to subdivision (b) of that section for owner-occupied dwellings subject to all of the following conditions:

(1) The original borrower dies.

(2) The assumption is by a member of the original borrower's household and is a spouse, domestic partner, or child of the original borrower.

(3) The person assuming the loan has legal ownership of the home.

(4) The person assuming the loan will continuously reside in the home as his or her principal place of residence and will not transfer the home to any other person or entity. If the person assuming the loan moves to another residence or transfers the home to any other person or entity, the loan shall become immediately due and payable.

(5) The total income of the household assuming the loan is at or below 120 percent of the area median income, adjusted for household size.

(6) The department determines that requiring immediate repayment of the loan upon the borrower's death would be an economic hardship for the person assuming the loan.

(7) The assumption is for a period of time necessary to permit the person assuming the loan to repay the loan without economic hardship.

(b) The department may not permit subordination of a loan made pursuant to subdivision (b) of Section 50662.7 for owner-occupied dwellings except under the following circumstances:

(1) The total household income of the borrower's household is at or below 80 percent of the area median income, or, in the case of extreme hardship, where borrowing becomes necessary to either protect the health and safety of the occupants, or pay health care costs for the borrower's immediate family.

(2) The total principal of the loans senior to the department's loan is unchanged or decreased and the department's security interest is not jeopardized, as determined by the department.

(c) With respect to any loans made pursuant to subdivision (b) of Section 50662.7 for owner-occupied dwellings, the department shall do all of the following:

(1) Annually mail, by the end of January, to any borrower who has an outstanding balance a statement that provides all of the following information:

(A) The principal loan balance.

(B) The interest accrued to the date of the statement.

(C) The interest percentage rate.

(D) Payment instructions with a disclaimer that a payment may not be required until the outstanding loan balance is due and payable.

(E) Contact information, including a telephone number and mailing address for borrower inquiries.

(2) By July 1, 2005, adopt a written application process and evaluation guidelines to authorize the transfer of the borrower's loan obligations described in subdivision (a) or the subordination of the deed of trust. The department shall provide a summary of this process and the guidelines with all statements mailed on or before February 1, 2006.

(3) Mail to the party that applies to the department to subordinate or assume the loan, the department's decision to approve or deny the application within 60 days of receipt, along with a statement of reasons for any denial.

(d) With respect to any loans made pursuant to subdivision (b) of Section 50662.7 for owner-occupied dwellings, the department may delay the foreclosure of the loan if the department determines that its security interest is not jeopardized.

(e) The department may adopt guidelines for implementation of this section. These guidelines shall not be considered to be regulations as defined in Section 11342.600 of the Government Code and therefore shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code).

CHAPTER 570

(10) Any city or county, or city and county, or district, or any officer, or official thereof if access is needed in order to assist that agency, officer, or official in fulfilling employment, certification, or licensing duties, and if the access is specifically authorized by the city council, board of

When a local child support agency closes a support enforcement case containing summary criminal history information, the agency shall delete or purge from the file and destroy any documents or information concerning or arising from offenses for or of which the parent has been arrested, charged, or convicted, other than for offenses related to the parent's having failed to provide support for minor children, consistent with the requirements of Section 17531 of the Family Code.

(17) County child welfare agency personnel who have been delegated the authority of county probation officers to access state summary criminal history information pursuant to Section 272 of the Welfare and Institutions Code for the purposes specified in Section 16504.5 of the Welfare and Institutions Code. Information from criminal history records provided pursuant to this subdivision shall not be used for any purposes other than those specified in this section and Section 16504.5 of the Welfare and Institutions Code. When an agency obtains records

obtained both on the basis of name checks and fingerprint checks, final placement decisions shall be based only on the records obtained pursuant to the fingerprint check.

(c) The Attorney General may furnish state summary criminal history information and, when specifically authorized by this subdivision, federal level criminal history information upon a showing of a compelling need to any of the following, provided that when information is furnished to assist an agency, officer, or official of state or local government, a public utility, or any other entity, in fulfilling employment, certification, or licensing duties, Chapter 1321 of the Statutes of 1974 and Section 432.7 of the Labor Code shall apply:

(6) The courts of the United States, other states, or territories or possessions of the United States.

(7) Peace officers of the United States, other states, or territories or possessions of the United States.

(9) (A) Any public utility as defined in Section 216 of the Public Utilities Code, or any cable corporation as defined in subparagraph (B), if receipt of criminal history information is needed in order to assist in employing current or prospective employees, contract employees, or subcontract employees who, in the course of their employment may be seeking entrance to private residences or adjacent grounds. The information provided shall be limited to the record of convictions and

any arrest for which the person is released on bail or on his or her own recognizance pending trial.

If the Attorney General supplies the data pursuant to this paragraph, the Attorney General shall furnish a copy of the data to the current or prospective employee to whom the data relates.

Any information obtained from the state summary criminal history is confidential and the receiving public utility or cable corporation shall not disclose its contents, other than for the purpose for which it was acquired. The state summary criminal history information in the possession of the public utility or cable corporation and all copies made from it shall be destroyed not more than 30 days after employment or promotion or transfer is denied or granted, except for those cases where a current or prospective employee is out on bail or on his or her own recognizance pending trial, in which case the state summary criminal history information and all copies shall be destroyed not more than 30 days after the case is resolved.

A violation of this paragraph is a misdemeanor, and shall give the current or prospective employee who is injured by the violation a cause of action against the public utility or cable corporation to recover damages proximately caused by the violations. Any public utility's or cable corporation's request for state summary criminal history information for purposes of employing current or prospective employees who may be seeking entrance to private residences or adjacent grounds in the course of their employment shall be deemed a ''compelling need'' as required to be shown in this subdivision.

Nothing in this section shall be construed as imposing any duty upon public utilities or cable corporations to request state summary criminal history information on any current or prospective employees.

(B) For purposes of this paragraph, ''cable corporation'' means any corporation or firm that transmits or provides television, computer, or telephone services by cable, digital, fiber optic, satellite, or comparable technology to subscribers for a fee.

(C) Requests for federal level criminal history information received by the Department of Justice from entities authorized pursuant to subparagraph (A) shall be forwarded to the Federal Bureau of Investigation by the Department of Justice. Federal level criminal history information received or compiled by the Department of Justice may then be disseminated to the entities referenced in subparagraph (A), as authorized by law.

The law enforcement agency obtaining the order shall notify the Department of Justice of this order. Except as provided in subdivisions (c) and (f) of this section, the order shall remain in effect until further order of the court. Any practitioner possessing prescription blanks in violation of the order is guilty of a misdemeanor.

(c) The order provided by subdivision (b) shall be vacated if the court or magistrate finds that the underlying violation or violations are not supported by reasonable cause at a hearing held within two court days after the practitioner files and personally serves upon the prosecuting attorney and the law enforcement agency that obtained the order, a notice of motion to vacate the order with any affidavits on which the practitioner relies. At the hearing, the burden of proof, by a preponderance of the evidence, is on the prosecution. Evidence presented at the hearing shall be limited to the warrant of arrest with supporting affidavits, the motion to require the defendant to surrender all triplicate prescription blanks with supporting affidavits, the sworn complaint together with any documents or reports incorporated by reference thereto which, if based on information and belief, state the basis for the information, or any other documents of similar reliability as well as affidavits and counter affidavits submitted by the prosecution and defense. If the defendant is not held to answer on the underlying charge or charges at the conclusion of the preliminary examination, the order issued under subdivision (b) shall be vacated.

(f) Notwithstanding subdivision (e), any practitioner who is diverted pursuant to Chapter 2.5 (commencing with Section 1000) of Title 7 of Part 2 of the Penal Code may file a motion to vacate the order issued under subdivision (b).

At the hearing, the burden of proof, by a preponderance of the evidence, is on the prosecution. Evidence presented at the hearing shall be limited to the warrant of arrest with supporting affidavits, the motion to require the defendant to surrender all triplicate prescription blanks or controlled substance prescription forms with supporting affidavits, the sworn complaint together with any documents or reports incorporated by reference thereto which, if based on information and belief, state the basis for the information, or any other documents of similar reliability as well as affidavits and counter affidavits submitted by the prosecution and defense. An act to amend Section 3111 of the Family Code, to add Section 1514.5 to the Probate Code, and to amend Section 827 of, and to add Section 204 to, the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 18, 2004. Filed with Secretary of State September 18, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 3111 of the Family Code is amended to read:

3111. (a) In any contested proceeding involving child custody or visitation rights, the court may appoint a child custody evaluator to conduct a child custody evaluation in cases where the court determines it is in the best interests of the child. The child custody evaluation shall be conducted in accordance with the standards adopted by the Judicial Council pursuant to Section 3117, and all other standards adopted by the Judicial Council regarding child custody evaluations. If directed by the court, the court-appointed child custody evaluator shall file a written confidential report on his or her evaluation. At least 10 days before any hearing regarding custody of the child, the report shall be filed with the clerk of the court in which the custody hearing will be conducted and served on the parties or their attorneys, and any other counsel appointed for the child pursuant to Section 3150. The report may be considered by the court.

(b) The report shall not be made available other than as provided in subdivision (a), or as described in Section 204 of the Welfare and

Institutions Code or Section 1514.5 of the Probate Code. Any information obtained from access to a juvenile court case file, as defined in subdivision (e) of Section 827 of the Welfare and Institutions Code, is confidential and shall only be disseminated as provided by paragraph (4) of subdivision (a) Section 827 of the Welfare and Institutions Code.

(c) The report may be received in evidence on stipulation of all interested parties and is competent evidence as to all matters contained in the report.

SEC. 2. Section 1514.5 is added to the Probate Code, to read:

1514.5. Notwithstanding any other provision of law, except provisions of law governing the retention and storage of data, a family law court shall, upon request from the court in any county hearing a probate guardianship matter proceeding before the court pursuant to this part, provide to the court all available information the court deems necessary to make a determination regarding the best interest of a child, as described in Section 3011 of the Family Code, who is the subject of the proceeding. The information shall also be released to a guardianship investigator, as provided in subdivision (a) of Section 1513, acting within the scope of his or her duties in that proceeding. Any information released pursuant to this section that is confidential pursuant to any other provision of law shall remain confidential and may not be released, except to the extent necessary to comply with this section. No records shared pursuant to this section may be disclosed to any party in a case unless the party requests the agency or court that originates the record to release these records and the request is granted. In counties that provide confidential family law mediation, or confidential dependency mediation, those mediations are not covered by this section.

SEC. 3. Section 204 is added to the Welfare and Institutions Code, to read:

204. Notwithstanding any other provision of law, except provisions of law governing the retention and storage of data, a family law court and a court hearing a probate guardianship matter shall, upon request from the juvenile court in any county, provide to the court all available information the court deems necessary to make a determination regarding the best interest of a child, as described in Section 202, who is the subject of a proceeding before the juvenile court pursuant to this division. The information shall also be released to a child protective services worker or juvenile probation officer acting within the scope of his or her duties in that proceeding. Any information released pursuant to this section that is confidential pursuant to any other provision of law shall remain confidential and may not be released, except to the extent necessary to comply with this section. No records shared pursuant to this section may be disclosed to any party in a case unless the party requests the agency or court that originates the record to release these records and

the request is granted. In counties that provide confidential family law mediation, or confidential dependency mediation, those mediations are not covered by this section.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and may not

subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services may not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) A judge, commissioner, or other hearing officer assigned to a family law case with issues concerning custody or visitation, or both, involving the minor, and the following persons, if actively participating in the family law case: a family court mediator assigned to a case involving the minor pursuant to Article 1 (commencing with Section 3160) of Chapter 11 of Part 2 of Division 8 of the Family Code, a court-appointed evaluator or a person conducting a court-connected child custody evaluation, investigation, or assessment pursuant to Section 3111 or 3118 of the Family Code, and counsel appointed for the minor in the family law case pursuant to Section 3150 of the Family Code. Prior to allowing counsel appointed for the minor in the family law case to inspect the file, the court clerk may require counsel to provide a certified copy of the court order appointing him or her as the minor's counsel.

(L) A court-appointed investigator who is actively participating in a guardianship case involving a minor pursuant to Part 2 (commencing with Section 1500) of Division 4 of the Probate Code and acting within the scope of his or her duties in that case.

(M) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

(N) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, that pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided

in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (M), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited

exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault, battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: ''Unlawful Dissemination Of This Information Is A Misdemeanor.'' Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a ''juvenile case file'' means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and may not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services may not contain the name of the minor.

Prior to allowing counsel appointed for the minor in the family law case to inspect the file, the court clerk may require counsel to provide a certified copy of the court order appointing him or her as the minor's counsel.

(L) A court-appointed investigator who is actively participating in a guardianship case involving a minor pursuant to Part 2 (commencing with Section 1500) of Division 4 of the Probate Code and acting within the scope of his or her duties in that case.

(M) A local child support agency for the purpose of establishing paternity and establishing and enforcing child support orders.

(N) Juvenile justice commissions as established under Section 225. The confidentiality provisions of Section 10850 shall apply to a juvenile justice commission and its members.

Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical, or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation,

the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (N), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, may not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent

of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: ''Unlawful Dissemination Of This Information Is A Misdemeanor.'' Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school,

is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a ''juvenile case file'' means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

[Approved by Governor September 18, 2004. Filed with Secretary of State September 18, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 11125.4 of the Government Code is amended to read:

11125.4. (a) A special meeting may be called at any time by the presiding officer of the state body or by a majority of the members of the state body. A special meeting may only be called for one of the following purposes where compliance with the 10-day notice provisions of Section 11125 would impose a substantial hardship on the state body or where immediate action is required to protect the public interest:

(1) To consider ''pending litigation'' as that term is defined in subdivision (e) of Section 11126.

(2) To consider proposed legislation.

(3) To consider issuance of a legal opinion.

(4) To consider disciplinary action involving a state officer or employee.

(5) To consider the purchase, sale, exchange, or lease of real property.

(6) To consider license examinations and applications.

(7) To consider an action on a loan or grant provided pursuant to Division 31 (commencing with Section 50000) of the Health and Safety Code.

(8) To consider its response to a confidential final draft audit report as permitted by Section 11126.2.

(b) When a special meeting is called pursuant to one of the purposes specified in subdivision (a), the state body shall provide notice of the special meeting to each member of the state body and to all parties that have requested notice of its meetings as soon as is practicable after the decision to call a special meeting has been made, but shall deliver the notice in a manner that allows it to be received by the members and by newspapers of general circulation and radio or television stations at least 48 hours before the time of the special meeting specified in the notice. Notice shall be made available to newspapers of general circulation and radio or television stations by providing that notice to all national press wire services. Notice shall also be made available on the Internet within the time periods required by this section. The notice shall specify the time and place of the special meeting and the business to be transacted. The written notice shall additionally specify the address of the Internet Web site where notices required by this article are made available. No other business shall be considered at a special meeting by the state body. The written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the state body a written waiver of notice. The waiver may be given by telegram, facsimile transmission, or similar means. The written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. Notice shall be required pursuant to this section regardless of whether any action is taken at the special meeting.

(c) At the commencement of any special meeting, the state body must make a finding in open session that the delay necessitated by providing notice 10 days prior to a meeting as required by Section 11125 would cause a substantial hardship on the body or that immediate action is required to protect the public interest. The finding shall set forth the specific facts that constitute the hardship to the body or the impending harm to the public interest. The finding shall be adopted by a two-thirds vote of the body, or, if less than two-thirds of the members are present, a unanimous vote of those members present. The finding shall be made available on the Internet. Failure to adopt the finding terminates the meeting.

SEC. 2. Section 11126.2 is added to the Government Code, to read:

11126.2. (a) Nothing in this article shall be construed to prohibit a state body that has received a confidential final draft audit report from the Bureau of State Audits from holding closed sessions to discuss its response to that report.

Article 3.1. Local Educational Agency Intervention

52055.57. (a) (1) Any provisions that are applicable to local educational agencies under this section are for the purpose of implementing federal requirements under the federal No Child Left Behind Act (20 U.S.C. this article shall be a condition of receiving funds pursuant to this section.

(2) The department shall identify local educational agencies that are in danger of being identified within three to four years as program improvement local educational agencies under the federal No Child Left Behind Act of 2001 (20 U.S.C. (3) The self-assessment shall identify deficiencies within the operations of the local educational agency, and the programs and services of the local educational agency.

(4) A local educational agency identified pursuant to paragraph (1) is encouraged to revise its local educational agency plan based on the results of the self-assessment.

(ii) Ensuring that the local educational agency receives intensive support and expertise to implement local educational agency reform initiatives in the revised local educational agency plan as required by the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.).

(3) If a local educational agency does not elect to participate in the Prevention of Local Educational Agency Intervention Program, the governing board of the local educational agency shall hold a public hearing at a regularly scheduled meeting to discuss the reasons and rationale for not participating, and to explain the manner in which the local educational agency intends to address the needs of the district.

The application shall demonstrate the need for additional funding, beyond that currently available to the local educational agency. An act relating to community colleges, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2004. Filed with Secretary of State September 18, 2004.]

SECTION 1. (a) The Board of Governors of the California Community Colleges shall provide recommendations to the Legislature and the Governor regarding the design of a workable structure for the annual evaluation of district-level performance in meeting statewide educational outcome priorities, including priorities consistent with Provision (4) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2004. These recommendations shall be based on information and data provided by a study to be completed by the Chancellor of the California Community Colleges, with the input of institutional representatives of community college districts.

(b) In preparing the study referenced in subdivision (a), the Chancellor of the California Community Colleges may, as he or she judges necessary, consult with individuals with demonstrated expertise in higher education accountability and evaluation. The chancellor also

shall consult with the Department of Finance and the Legislative Analyst's Office on an ongoing basis during the conduct of the study. The study process shall also afford community college organizations, and interested parties and individuals, the opportunity to review and comment on the proposed recommendations before their consideration and adoption by the Board of Governors of the California Community Colleges. The board of governors shall provide copies of the study and recommendations on or before March 25, 2005, to the Governor, the fiscal committees of the Legislature, and the higher education policy committees of the Legislature.

SEC. 2. (a) Notwithstanding any other provision of law, this section shall apply only to a community college district that meets either of the following criteria:

(2) The amount of the reduction in the district's Partnership for Excellence funds during the 2004–05 fiscal year, divided by the sum of funds allocated to that district from Schedule (1) of, pursuant to Provision (6) of, and from Schedule (3) of, pursuant to subdivision (b) of Provision (10) of, Item 6870-101-0001 of Section 2.00 of the Budget Act of 2004, exceeds 50 percent.

(b) A district meeting the criteria in subdivision (a) may use all or a portion of the funds allocated to that district from Schedule (19) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2004 for the purpose of maintaining prior investments made for program enhancements for student success that otherwise would be jeopardized by the reduction in Partnership for Excellence funding, notwithstanding any other restriction upon the use of these funds. In no event may the amount of funds used by an applicable district for maintaining program enhancements exceed the amount of the reduction in Partnership for Excellence allocations realized by the district in the 2004–05 fiscal year.

If a district has achieved parity, its allocation under Schedule (14) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 2004 may be used for any other educational purpose.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement, in a timely fashion, a necessary revision to the community college funding priorities adopted pursuant to the Budget Act of 2004, it is necessary that this act take effect immediately.

You are selling (technically called ''transferring'') your right to receive your payments under a structured settlement. You should get this disclosure notice at least 10 days before you sign any contract.

IMPORTANT TERMS: [14-point boldface type]

Total dollar amount of payments you are selling:	$_____
Present value of amount you are selling:	$_____
Net amount paid to you:	$_____

For comparison purposes:

If you did not sell your right to receive structured settlement payments, but instead borrowed the net amount of $____ and paid that loan back in installments with each of the payments you are now selling, the equivalent interest rate you would be paying for that loan would be ____% per year.

[The text and information set forth above under ''IMPORTANT TERMS'' shall be in 14-point type and circumscribed by a box with a bold border]

To figure the net amount we are paying, we have charged you for the following expenses:

[itemize in a list by type and amount]

You should get independent professional advice about whether selling your structured settlement payments is a good idea for you and for your dependents.

You also should get independent professional advice from an accountant or lawyer experienced in tax matters about any income tax consequences from selling your structured settlement payments. We cannot give you the name of anyone to advise you.

Court approval is needed [14-point boldface type]. A court must approve any agreement you sign to sell your rights under a structured

settlement. You will not receive any money until the court approves the sale. Court approval could take more than 30 days following the day you sign an agreement selling your rights under a structured settlement.

You may cancel the contract before court approval [14-point boldface type]. You may cancel the agreement selling (or transferring) your rights under a structured settlement without any cost or obligation. You may cancel at any time before the court approves the contract. You will get notice of the date of the court hearing.

If you want to cancel, you do not need any special form. But, you must cancel in writing. Send your cancellation to: [insert transferee's name and address].

If you believe that you have been treated unfairly or have been misled, you should contact your local district attorney or the state Attorney General.''

Based on the net amount that you will receive from us and the amounts and timing of the structured settlement payments that you are transferring to us, if the transferred structured settlement payments were installment payments on a loan, with each payment applied first to accrued unpaid interest and then to principal, it would be as if you were paying interest to us of ____% per year, assuming funding on the effective date of transfer.''

This percentage amount shall be disclosed in the form prescribed in subdivision (b) in the space for ''the equivalent interest rate you would be paying for this loan would be ____% per year.''

(9) The quotient (expressed as a percentage) obtained by dividing the net payment amount by the discounted present value of the payments.

The people of the State of California do enact as follows:

SECTION 1. Section 5107 of the Business and Professions Code is amended to read:

5107. (a) The executive officer of the board may request the administrative law judge, as part of the proposed decision in a disciplinary proceeding, to direct any holder of a permit or certificate found to have committed a violation or violations of this chapter to pay to the board all reasonable costs of investigation and prosecution of the

case, including, but not limited to, attorneys' fees. The board shall not recover costs incurred at the administrative hearing.

(b) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the executive officer, shall be prima facie evidence of reasonable costs of investigation and prosecution of the case.

(c) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested to do so by the executive officer pursuant to subdivision (a). Costs are payable 120 days after the board's decision is final, unless otherwise provided for by the administrative law judge or if the time for payment is extended by the board.

(d) The finding of the administrative law judge with regard to cost shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge where the proposed decision fails to make a finding on costs requested by the executive officer pursuant to subdivision (a).

(e) The administrative law judge may make a further finding that the amount of reasonable costs awarded shall be reduced or eliminated upon a finding that respondent has demonstrated that he or she cannot pay all or a portion of the costs or that payment of the costs would cause an unreasonable financial hardship which cannot be remedied through a payment plan.

(f) When an administrative law judge makes a finding that costs be waived or reduced, he or she shall set forth the factual basis for his or her finding in the proposed decision.

(g) Where an order for recovery of costs is made and timely payment is not made as directed by the board's decision, the board may enforce the order for payment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any holder of a permit or certificate directed to pay costs.

(h) In a judicial action for the recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms of payment.

(i) All costs recovered under this section shall be deposited in the Accountancy Fund.

(j) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the permit or certificate of a holder who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the permit or certificate of a holder who demonstrates financial hardship and who

enters into a formal agreement with the board to reimburse the board within that one-year period for those unpaid costs.

(k) Nothing in this section shall preclude the board from seeking recovery of costs in an order or decision made pursuant to an agreement entered into between the board and the holder of a permit or certificate.

(*l*) (1) Costs may not be recovered under this section as a result of a citation issued pursuant to Section 125.9 and its implementing language if the licensee complies with the citation.

(2) The Legislature hereby finds and declares that this subdivision is declaratory of existing law.

[Approved by Governor September 18, 2004. Filed with
Secretary of State September 18, 2004.]

The people of the State of California do enact as follows:

SECTION 1. As used in this act, the following definitions apply:

(a) ''City'' means the City of Vallejo, a municipal corporation of the State of California, in Solano County.

(b) ''Public trust purposes'' means purposes related to commerce, navigation, and fisheries, water-oriented recreation, and preservation of land in a natural state.

(c) ''Granting statutes'' means Chapter 310 of the Statutes of 1913, Chapter 417 of the Statutes of 1925, Chapter 483 of the Statutes of 1947, Chapter 117 of the Statutes of 1957, Chapter 1501 of the Statutes of 1957, Sections 10 and 11 of Chapter 11 of the Statutes of 1962, Chapter 63 of the Statutes of 1962 of the First Extraordinary Session, and Chapter 24 of the Statutes of 1963.

(d) ''Exchange statutes'' means Chapter 895 of the Statutes of 1980 and Chapter 299 of the Statutes of 2003.

SEC. 2. It is the intent of the Legislature, in enacting this act, to do all of the following:

(a) Repeal and supercede prior granting statutes governing the City of Vallejo's administration, as trustee, of all tide and submerged lands and lands underlying inland navigable water within the boundaries of the City of Vallejo that were previously granted to the city by the State of California, into a single grant.

(b) Confirm in the City of Vallejo all of the state's right, title, and interest to tide and submerged lands and lands underlying inland navigable waters within the boundaries of the City of Vallejo that were previously granted by the granting statutes, and to amend the conditions and set forth the uses and purposes established for the city's government, management, and control of those lands.

(c) Convey to the City of Vallejo, and to its successors, all of the state's right, title, and interest to any remaining tide and submerged lands, and lands underlying inland navigable waters within the present boundaries of the City of Vallejo not heretofore conveyed, including that property established as public trust lands by the Mare Island Property Settlement and Exchange Agreement, and to provide for the city's government, management, and control of those lands.

(d) Expressly repeal the granting statutes and supercede those statutes by the enactment of a single statute providing for the grant of lands to the City of Vallejo.

SEC. 3. The Legislature hereby finds and declares all of the following:

(a) Since the admission of the State of California into the United States, certain tide and submerged lands have been, and are now held, in trust by the state for the benefit of all California residents for the purposes of commerce, navigation, fisheries, water-oriented recreation, and preservation of land in a natural state. The state is required to govern, administer, and control those lands for public trust purposes. The state is authorized, when the interests of the public trust require it, to grant and convey to municipalities limited and defined areas of public trust lands along with the power to govern, control, improve, and develop those lands in the interests of all of the inhabitants of the state for public trust purposes.

(b) The State of California, pursuant to the granting statutes, has conveyed certain tide and submerged lands and lands lying under inland navigable waters to the city, in furtherance of public trust purposes, and has provided for the administration, management, and control of those lands by the city. The State of California, pursuant to Chapter 43 of the Statutes of 1854, Chapter 81 of the Statutes of 1897, and Chapter 1452 of the Statutes of 1963, granted to the United States those tide and submerged lands adjacent to lands held by the United States for military purposes, including lands used for the development of the Mare Island Naval Shipyard.

(c) The United States Navy closed the Mare Island Naval Shipyard in 1996, and has conveyed, and will convey, certain lands lying within the boundaries of the former Mare Island Naval Shipyard to the city pursuant to the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. Sec. 2687, and following, as amended). Upon closure of the former Mare Island Naval Shipyard, and by the terms of the state grants, the State of California claimed a right of reversion to all lands lying under the shipyard that were previously conveyed to the United States for military purposes. The State Lands Commission, acting under the auspices of the State of California, and in cooperation with the City Council of the City of Vallejo, approved the Mare Island Property Settlement and Exchange Agreement, which was recorded on March 26, 2002, as Instrument Number 02-37955 in the Recorder's Office, County of Solano, State of California (hereafter the agreement). That agreement settled the state's public trust title claims at the former Mare Island Naval Shipyard, and provided for an exchange of trust lands for nontrust lands of equal or greater value, in accordance with the requirements of Section 6307 of the Public Resources Code. The agreement was confirmed as valid, and title to the former Mare Island Naval Shipyard was quieted in accordance with the terms and conditions of that agreement, when implemented, pursuant to the judgment entered in City of Vallejo v. State of California, Solano County Superior Court Case No. 19710 (January 6, 2003), recorded on April 15, 2003, as Document Number

200300058313 in the Recorder's Office, County of Solano, State of California.

(d) The settlement of title to tide and submerged lands at Mare Island Naval Shipyard, and the conveyance of those lands to the city, as trustee of all of the state's right, title, and interest in, those lands within the boundaries of the city held by the state by virtue of its sovereignty in and to all tide and submerged lands and lands lying under inland navigable waters, together with the right to govern, control, improve, and develop or retain the lands in their natural state, will result in great advantage and benefit to all the inhabitants of the state.

(e) The State of California, pursuant to the exchange statutes, negotiated, and is authorized to negotiate, exchanges with the City of Vallejo for lands of equal or greater value that impose the public trust on certain lands while terminating the public trust with respect to the lands exchanged by the state. Those exchanges remain beneficial and will maximize the benefits to the public trust.

SEC. 4. The State of California hereby grants and conveys to the city, and to its successors, all the right, title, and interest of the state held by virtue of its sovereignty in, and to, all the tide and submerged lands and lands lying under inland navigable waters within the present boundaries of the city for public trust purposes, except for those lands currently leased to the Wildlife Conservation Board, the Department of Fish and Game, and the United States Fish and Wildlife Service; lands transferred to the Department of Education for the California Maritime Academy pursuant to Chapter 840 of the Statutes of 1945 and Chapter 135 of the Statutes of 1947; and lands that are subject to the Mare Island Property Settlement and Exchange Agreement referenced in subdivision (c) of Section 3 of this act until those lands are confirmed as public trust lands through implementation of the agreement described in Section 5.

SEC. 5. As to the lands that are the subject of the Mare Island Property Settlement and Exchange Agreement described in subdivision (c) of Section 3 of this act, the disposition of those lands is to be governed by that agreement. When each public trust parcel that is covered by that agreement is conveyed by deed from the state to the city pursuant to the terms of the agreement, that parcel shall thereafter be held by the city as public trust land pursuant to the terms of this act and the public trust. Once conveyed to the city, the use of those parcels of land shall be limited to those uses contained in Section 3 of the Public Agency Lease, recorded on March 26, 2002, as Instrument Number 02-379555 in the Recorder's Office, County of Solano, State of California.

SEC. 6. The lands hereby granted and conveyed to the city pursuant to this act shall be held by the city, and its successors, in trust for uses consistent with the public trust. Those lands may be used for the construction, reconstruction, repair, and maintenance of any

transportation, utility, or other infrastructure that is incidental, necessary, or convenient for any uses consistent with the public trust. Those lands shall be held by the city, or its successors, subject to the following conditions:

(a) The city, or its successors, shall not grant, convey, or otherwise alienate those lands, or any part thereof, to any individual, firm, or corporation for any purpose, except as provided in this act. However, the city, or its successors, may grant franchises on or lease those lands, or any part thereof, for limited periods not to exceed a maximum period of 66 years, for purposes consistent with the public trust. Those franchises or leases may be subject to any terms or conditions that may be imposed by the city that are deemed by the city to be necessary for municipal purposes. The city shall collect and retain rents from those leases, and any and all rents and revenues received from trust lands and trust assets, hereinafter referred to as ''trust revenues.'' Those trust revenues shall be expended only for those uses and purposes consistent with the public trust. The purpose of this requirement is to provide for the segregation of funds derived from the use of trust lands in order to ensure that they are expended only to enhance the lands in accordance with the trust uses and purposes upon which the trust lands are held.

(b) On or before October 1 of each year, the trustee of those lands described in subdivision (a) shall file with the State Lands Commission a detailed statement of all trust revenues and expenditures relating to its use of trust lands and trust assets, including obligations that have been incurred, but not yet paid, covering the fiscal year preceding submission of the statement. This statement shall be prepared according to generally accepted accounting principles and may take the form of an annual audit prepared by or for the trustee.

(c) There is hereby reserved in the people of the State of California the right to fish in the waters on which trust lands may front with the right of convenient access to those waters for fishing purposes.

(d) The state shall have the right to use without charge, any transportation, landing, or storage improvements, betterments, or structures constructed upon the trust lands for any vessel or other watercraft or railroad owned or operated by, or under contract to, the state. The state's use of those facilities shall be governed by the trustee's rules and regulations.

(e) The lands herein granted and conveyed to the city are subject to the express reservation and condition that the state may at any time in the future use those lands, or any portion thereof, for highway purposes without compensation to the city, or its successors or assignees, or any person, firm, or public or private corporation claiming any right to those lands, except that in the event improvements have been placed with legal authority upon the property taken by the state for highway purposes,

compensation shall be made to the person entitled thereto for the value of the interest in the improvements taken or the damages to that interest.

(f) The State of California shall reserve all rights to any remains or artifacts of archaeological or historical significance and to all minerals and mineral rights in the lands now known to exist or hereafter discovered, including, but not limited to, oil and gas and rights thereto, together with the sole, exclusive, and the perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the State of California or to its successors and assignees. Notwithstanding Section 6401 of the Public Resources Code, any mineral right retained pursuant to this section shall not include the right of the state or its successors or assignees in connection with any mineral reservation, removal, or disposal activity, to do either of the following:

(1) Enter upon, use, or damage the surface of the lands or interfere with the use of the surface by any grantee or by the grantee's successor or assignees.

(2) Conduct any mining activities of any nature whatsoever above a plane located five hundred feet below the surface of the lands without permission of any grantee of the lands or the grantee's successors or assignees.

(g) In the management, conduct, operation, and control of the trust lands or any improvement, or structures on that land, the trustee or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith nor shall the trustee discriminate against or unlawfully segregate any person or group of persons on account of sex, race, color, creed, national origin, ancestry, or physical handicap for any use or service in connection herewith.

(h) Those lands shall be improved by the city without expense to the State of California, except that nothing contained in this act shall preclude the city from accepting and retaining any grant of funds or subvention from the state or other governmental agencies made available for the purpose of aiding in the development of those lands for any public purpose consistent with the promotion and accommodation of commerce, navigation, fisheries, water-oriented recreation, or preservation of land in a natural state.

SEC. 7. (a) Subject to the requirements for approval by the State Lands Commission specified in subdivision (b), whenever it is determined by the city that any portions of the tide or submerged lands granted to the city pursuant to this act have been filled and reclaimed, cut off from access to the waters of San Pablo Bay and Mare Island Strait, constitute a relatively small portion of the tide and submerged lands granted to the city, and are no longer needed or required for the promotion of the public trust purposes and the granted lands trust, and that there will not be a substantial interference with the public trust uses

and purposes, the city may terminate the public trust over those portions of the tidelands and exchange those portions of the tidelands, or any interest in those lands, with any state agency, political subdivision, person, entity, or corporation, or the United States, or any agency thereof, for lands or interests in lands of equal or greater value, if those lands granted are used for public trust purposes.

(b) An exchange and trust termination under subdivision (a) shall not be effective until the State Lands Commission, at a regular open meeting with the proposed exchange and trust termination as a properly scheduled agenda item, does both of the following:

(1) Finds that the lands or interests in lands to be acquired by the city and the value of the public trust interest to be created by agreement of the city are of a value equal to or greater than the value of the tidelands for which they are to be exchanged and the value of the tidelands over which the public trust will be terminated.

(2) Adopts a resolution approving the proposed exchange and trust termination, which finds and declares that the tidelands to be exchanged and over which the public trust will be terminated have been filled and reclaimed, are cut off from access to the waters of San Pablo Bay, Mare Island Strait, and the Straits of Carquinez, constitute a relatively small portion of the tide and submerged lands granted to the city, and are no longer needed or required for the promotion of the public trust; and that there will not be a substantial interference with the public trust uses and purposes that will ensue by virtue of the exchange of the trust lands and the trust termination. As to any such exchange and trust termination, upon the close of escrow, or other event completing the exchange and trust termination, the tidelands to be exchanged and with respect to which the public trust is to be terminated shall thereupon be free from the public trust.

(c) Any lands acquired by the city for public trust purposes shall thereafter be held by the city pursuant to the terms of this act.

(d) The provisions of this act are not exclusive with respect to the settlement or litigation of titles and boundaries of lands within either the present waterway or granted lands. This act does not impair nor alter the existing procedural or substantive rights or disabilities of any person or entity claiming title to, or an interest in, any lands in the present waterway and the granted lands in the defense or prosecution of any proceeding now or hereafter instituted under the laws of this state, nor affect the applicability of those lands with respect to any other provision of law.

SEC. 8. (a) Any party to an exchange agreement entered into pursuant to this act may bring an action under Chapter 4 (commencing with Section 760.010) of Title 10 of Part 2 of the Code of Civil Procedure to quiet title and to confirm the validity of that agreement as if the

agreement had been entered into pursuant to Section 6307 or 6357 of the Public Resources Code. No action shall be brought later than 90 days after the recording of the executed agreement.

(b) Notwithstanding subdivision (b) of Section 764.080 of the Code of Civil Procedure, a person, not a party to an exchange agreement entered into pursuant to this act seeking to bring an action challenging the validity of the agreement, shall file that action no later than 180 days after the recording of the executed agreement.

(c) Any exchange agreement entered into pursuant to this act shall be conclusively presumed to be valid, unless held invalid in an appropriate proceeding in a court of competent jurisdiction commenced within the time limits specified in this section.

The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) (1) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, purchases, receives, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in a county jail not exceeding one year or in the state prison, by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. (1) Allow the seller or transferor of the person loaning the firearm, and the purchaser or transferee or the person being loaned the firearm, to complete a sale, loan, or transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of those records.

(2) Where a personal handgun importer is selling or transferring a pistol, revolver, or other firearm capable of being concealed upon the

person to comply with clause (ii) of subparagraph (A) of paragraph (2) of subdivision (f) of Section 12072, to allow a personal handgun importer's ownership of the pistol, revolver, or other firearm capable of being concealed upon the person being sold or transferred to be recorded in a manner that if the firearm is returned to that personal handgun importer because the sale or transfer cannot be completed, the Department of Justice will have sufficient information about that personal handgun importer so that a record of his or her ownership can be maintained in the registry provided by subdivision (c) of Section 11106.

(3) Ensure that the register or record of electronic transfer shall state the name and address of the seller or transferor of the firearm or the person loaning the firearm and whether or not the person is a personal handgun importer in addition to any other information required by Section 12077.

(c) Notwithstanding any other provision of law, a dealer who does not sell, transfer, or keep an inventory of handguns is not required to process private party transfers of handguns.

(d) A violation of this section by a dealer is a misdemeanor.

SEC. 9. Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Assembly Bill 3082, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. SEC. 2. Section 23109 of the Vehicle Code is amended to read:

23109. (a) A person shall not engage in a motor vehicle speed contest on a highway. As used in this section, a motor vehicle speed contest includes a motor vehicle race against another vehicle, a clock, or other timing device. For purposes of this section, an event in which the time to cover a prescribed route of more than 20 miles is measured, but where the vehicle does not exceed the speed limits, is not a speed contest.

(b) A person shall not aid or abet in any motor vehicle speed contest on any highway.

(c) A person shall not engage in any motor vehicle exhibition of speed on a highway, and no person shall aid or abet in a motor vehicle exhibition of speed on any highway.

(d) A person shall not for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest or exhibition upon a highway in any manner obstruct or place a barricade or obstruction or assist or participate in placing a barricade or obstruction upon any highway.

(e) A person convicted of a violation of subdivision (a) shall be punished by imprisonment in a county jail for not less than 24 hours nor more than 90 days or by a fine of not less than three hundred fifty-five dollars ($355) nor more than one thousand dollars ($1,000), or by both that fine and imprisonment. The person's privilege to operate a motor vehicle may be restricted for 90 days to six months to necessary travel to and from that person's place of

employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(f) A person convicted of a violation of subdivision (a) for an offense that occurred within five years of the date of a prior offense that resulted in a conviction of a violation of subdivision (a) shall be punished by imprisonment in a county jail for not less than four days nor more than six months and by a fine of not less than five hundred dollars ($500) nor more than one thousand dollars ($1,000). The court shall order the privilege to operate a motor vehicle suspended for a period of six months, as provided in paragraph (9) of subdivision (a) of Section 13352. In lieu of the suspension, the person's privilege to operate a motor vehicle may be restricted for six months to necessary travel to and from that person's place of employment and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment. This subdivision does not interfere with the court's power to grant probation in a suitable case.

(g) If the court grants probation to any person punishable under subdivision (f), in addition to the provisions of subdivision (f) and any other terms and conditions imposed by the court, which may include a fine, the court shall impose as a condition of probation that the person be confined in a county jail for not less than 48 hours nor more than six months. (j) If a person's privilege to operate a motor vehicle is restricted by a court pursuant to this section, the court shall clearly mark the restriction and the dates of the restriction on that person's driver's license and promptly notify the Department of Motor Vehicles of the terms of the restriction in a manner prescribed by the department. The Department of Motor Vehicles shall place that restriction in the person's records in the Department of Motor Vehicles and enter the restriction on any license subsequently issued by the Department of Motor Vehicles to that person during the period of the restriction.

(k) The court may order that any person convicted under this section, who is to be punished by imprisonment in a county jail, be imprisoned on days other than days of regular employment of the person, as determined by the court.

(*l*) This section shall be known and may be cited as the Louis Friend Memorial Act.

SEC. 3. (a) Section 1.1 of this bill incorporates amendments to Section 13352 of the Vehicle Code proposed by both this bill and SB 1694. Section 1.1 shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 13352 of the Vehicle Code, (3) SB 1697 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1694, in which case Sections 1, 1.2, 1.3, 1.4, and 1.5 of this bill shall not become operative.

(b) Sections 1.2 and 1.3 of this bill incorporate amendments to Section 13352 of the Vehicle Code proposed by both this bill and SB 1697. Sections 1.2 and 1.3 shall only become operative if (1) both bills are enacted and become operative on or before January 1, 2005, (2) each bill amends Section 13352 of the Vehicle Code, (3) SB 1694 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 1697, in which case Sections 1, 1.1, 1.4, and 1.5 of this bill shall not become operative.

(c) Sections 1.4 and 1.5 of this bill incorporate amendments to Section 13352 of the Vehicle Code proposed by this bill, SB 1694, and SB 1697. Sections 1.4 and 1.5 shall only become operative if (1) all three bills are enacted and become effective January 1, 2005, (2) all three bills amend Section 13352 of the Vehicle Code, and (3) this bill is enacted after SB 1694 and SB 1697, in which case Sections 1, 1.1, 1.2, and 1.3 shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 596

An act to add Section 1875.24 to the Insurance Code, relating to insurance fraud.

[Approved by Governor September 20, 2004. Filed with
Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1875.24 is added to the Insurance Code, to read:

1875.24. (a) If after examination, or upon the basis of other information, the commissioner has good cause to believe that an insurer to whom the provisions of this article apply does not comply with the requirements of this article, or with the regulations set forth in Article 2 (commencing with Section 2698.30) of Subchapter 9 of Chapter 5 of Title 10 of the California Code of Regulations, the commissioner shall notify the insurer of its noncompliance. The notice shall state in what manner and to what extent the noncompliance is alleged to exist, shall specify a reasonable time, not less than 10 days thereafter, in which the noncompliance may be corrected, and shall set forth the amount of any penalty that may be due under subdivision (b).

(b) Any insurer that fails to comply with the provisions of this article or with the regulations described in subdivision (a) shall be liable to the state for a civil penalty not to exceed five thousand dollars ($5,000) for each act, or, if the act was willful, a civil penalty not to exceed ten thousand dollars ($10,000) for each act. The commissioner shall have the discretion to determine what constitutes an act. However, when violations relative to the maintenance and operation of the unit or division are inadvertent, the violations shall be considered a single act for the purpose of this section. Any penalty imposed by the commissioner pursuant to this section shall be determined as provided in subdivision (d) of this section and Article 19 (commencing with Section 2591) of Subchapter 3 of Chapter 5 of Title 10 of the California Code of Regulations. Notwithstanding subdivision (c) of Section 2591.1 of Title 10 of the California Code of Regulations, enforcement of any provision of this section shall be deemed an enforcement action pursuant to Article 19 (commencing with Section 2591) of Subchapter 3 of Chapter 5 of that title.

(c) An insurer served with a notice of noncompliance described herein shall, within the time specified therein, do one or more of the following:

(1) Establish to the satisfaction of the commissioner that the noncompliance does not exist.

(2) Request a hearing, notice of which must be given at least 30 days prior to the date set for a hearing.

(3) Enter into a consent order with the commissioner to correct the specified noncompliance within the time period specified in the consent order.

(d) If, after hearing, the commissioner finds that the facts alleged in the notice of noncompliance are true, he or she shall issue an order requiring compliance with the provisions of this article within a reasonable time. An insurer that fails to comply with an order issued by the commissioner, including a consent order, shall be liable to the state for a civil penalty not to exceed ten thousand dollars ($10,000) for each day the insurer fails to comply with the provisions of the order. Any order, including any consent order, issued pursuant to this section shall specify the amount of the penalty due under subdivision (b), and shall indicate that an additional penalty shall be imposed for each day the insurer fails to comply with the order within the time specified therein. In addition to any other remedy provided by statute, regulation, or otherwise, the commissioner may direct the insurer to take any other corrective action that he or she may deem necessary and proper.

(e) The commissioner shall adopt regulations necessary to implement this section in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

CHAPTER 597

An act to add Section 25150.8 to, and to add and repeal Section 25150.7 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 25150.7 is added to the Health and Safety Code, to read:

25150.7. (a) The Legislature finds and declares that this section is intended to address the unique circumstances associated with the generation and management of treated wood waste. The Legislature further declares that this section shall not be construed as setting a precedent applicable to the management, including disposal, of other hazardous wastes.

(b) For purposes of this section, the following definitions shall apply:

(1) ''Treated wood'' means wood that has been treated with a chemical preservative for purposes of protecting the wood against attacks from insects, microorganisms, fungi, and other environmental conditions that can lead to decay of the wood and the chemical preservative is registered pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136 and following).

(2) ''Wood preserving industry'' means business concerns, other than retailers, that manufacture or sell treated wood products in the state.

(c) This section applies only to treated wood waste that is a hazardous waste, solely due to the presence of a preservative in the wood, and to which both of the following requirements apply:

(1) The treated wood waste is not subject to regulation as a hazardous waste under the federal act.

(2) Section 25143.1.5 does not apply to the treated wood waste.

(d) (1) Notwithstanding Sections 25157.8, 25189.5, and 25201, treated wood waste shall be disposed of in either a class I hazardous waste landfill, or in a composite-lined portion of a solid waste landfill unit that meets all requirements applicable to disposal of municipal solid waste in California after October 9, 1993, and that is regulated by waste discharge requirements issued pursuant to Division 7 (commencing with Section 13000) of the Water Code for discharges of designated waste, as defined in Section 13173 of the Water Code, or treated wood waste.

(2) A solid waste landfill that accepts treated wood waste shall comply with all of the following requirements:

(A) Manage the treated wood waste so as to prevent scavenging.

(B) Ensure that any management of the treated wood waste at the solid waste landfill prior to disposal, or in lieu of disposal, complies with the applicable requirements of this chapter, except as otherwise provided pursuant to subdivision (e) or regulations adopted pursuant to subdivision (g).

(C) If monitoring at the composite-lined portion of a landfill unit at which treated wood waste has been disposed of indicates a verified release, then treated wood waste shall no longer be discharged to that landfill unit until corrective action results in cessation of the release.

(e) (1) Treated wood waste is exempt from the requirements of this chapter if all of the following requirements are met:

(A) The treated wood waste is managed so as to prevent scavenging.

(B) The treated wood waste is not disposed of, except as allowed pursuant to subdivision (d).

(C) The treated wood waste is not burned, recycled, reclaimed, or reused, except in accordance with the applicable requirements of this chapter and the regulations adopted pursuant to this chapter.

(D) On and after July 1, 2005, the treated wood waste is not stored for more than 90 days and, when stored, is protected from run-on and run-off, and placed on a surface sufficiently impervious to prevent, to the extent practical, contact with and any leaching to soil or water.

(E) The treated wood waste is not mixed with other wood waste prior to disposal.

(F) The treated wood waste is handled in a manner consistent with all applicable requirements of the California Occupational Safety and Health Act of 1973 (Chapter 1 (commencing with Section 6300) of Part 1 of Division 5 of the Labor Code), including all rules, regulations, and orders relating to hazardous waste.

(2) The exemption provided by this subdivision shall remain in effect until January 1, 2007, and as of that date is inoperative.

(f) (1) Each wholesaler and retailer of treated wood and treated wood-like products in this state shall conspicuously post information at or near the point of display or customer selection of treated wood and treated wood-like products used for fencing, decking, retaining walls, landscaping, outdoor structures, and similar uses. The information shall be provided to wholesalers and retailers by the wood preserving industry in 22-point font, or larger, and contain the following message:

Warning - Potential Danger

These products are treated with wood preservatives registered with the United States Environmental Protection Agency and the California Department of Pesticide Regulation and should only be used in compliance with the product labels.

This wood may contain chemicals classified by the State of California as hazardous and should be handled and disposed of with care. Check

product label for specific preservative information and Proposition 65 warnings concerning presence of chemicals known to the State of California to cause cancer or birth defects.

Anyone working with treated wood, and anyone removing old treated wood, needs to take precautions to minimize exposure to themselves, children, pets, or wildlife, including:

☐ Avoid contact with skin. Wear gloves and long sleeved shirts when working with treated wood. Wash exposed areas thoroughly with mild soap and water after working with treated wood.

☐ Wear a dust mask when machining any wood to reduce the inhalation of wood dusts. Avoid frequent or prolonged inhalation of sawdust from treated wood. Machining operations should be performed outdoors whenever possible to avoid indoor accumulations of airborne sawdust.

☐ Wear appropriate eye protection to reduce the potential for eye injury from wood particles and flying debris during machining.

☐ If preservative or sawdust accumulates on clothes, launder before reuse. Wash work clothes separately from other household clothing.

☐ Promptly clean up and remove all sawdust and scraps and dispose of appropriately.

☐ Do not use treated wood under circumstances where the preservative may become a component of food or animal feed.

☐ Only use treated wood that's visibly clean and free from surface residue for patios, decks, or walkways.

☐ Do not use treated wood where it may come in direct or indirect contact with public drinking water, except for uses involving incidental contact such as docks and bridges.

☐ Do not use treated wood for mulch.

☐ Do not burn treated wood. Preserved wood should not be burned in open fires, stoves, or fireplaces.

For further information, go to (Web site) or call (toll free number).

In addition to the above listed precautions, treated wood waste shall be managed in compliance with applicable hazardous waste control laws.

(2) On or before July 1, 2005, the wood preserving industry shall, jointly and in consultation with the department, make information available to generators of treated wood waste, including fencing, decking and landscape contractors, solid waste landfills, and transporters, that describes how to best handle, dispose of, and otherwise manage treated wood waste, through the use either of a toll-free telephone number, Internet Web site, information labeled on the treated wood, information accompanying the sale of the treated wood, or by mailing if the department determines that mailing is feasible and other methods of communication would not be as effective. A treated wood

manufacturer or supplier to a wholesaler or retailer shall also provide the information with each shipment of treated wood products to a wholesaler or retailer, and the wood preserving industry shall provide it to fencing, decking, and landscaping contractors, by mail, using the Contractor's State Licensing Board's available listings, and license application packages. The department may provide guidance to the wood preserving industry, to the extent resources permit.

(g) (1) On or before January 1, 2007, the department, in consultation with the California Integrated Waste Management Board, the State Water Resources Control Board, and the Office of Environmental Health Hazard Assessment, and after consideration of any known health hazards associated with treated wood waste, shall adopt and may subsequently revise as necessary, regulations establishing management standards for treated wood waste as an alternative to the requirements specified in this chapter and the regulations adopted pursuant to this chapter.

(2) The regulations adopted pursuant to this subdivision shall, at a minimum, ensure all of the following:

(A) Treated wood waste is properly stored, treated, transported, tracked, disposed of, and otherwise managed so as to prevent, to the extent practical, releases of hazardous constituents to the environment, prevent scavenging, and prevent harmful exposure of people, including workers and children, aquatic life, and animals to hazardous chemical constituents of the treated wood waste.

(B) Treated wood waste is not reused, with or without treatment, except for a purpose that is consistent with the approved use of the preservative with which the wood has been treated. For purposes of this subparagraph, ''approved uses'' means a use approved at the time the treated wood waste is reused.

(C) Treated wood waste is managed in accordance with all applicable laws.

(D) Any size reduction of treated wood waste is conducted in a manner that prevents the uncontrolled release of hazardous constituents to the environment, and that conforms to applicable worker health and safety requirements.

(E) All sawdust and other particles generated during size reduction are captured and managed as treated wood waste.

(F) All employees involved in the acceptance, storage, transport, and other management of treated wood waste are trained in the safe and legal management of treated wood waste, including, but not limited to, procedures for identifying and segregating treated wood waste.

(3) This subdivision does not authorize the department to adopt a regulation that does one or more of the following:

(A) Imposes a requirement as an addition to, rather than as an alternative to, one or more of the requirements of this chapter.

(B) Supersedes subdivision (d) concerning the disposal of treated wood waste.

(C) Supersedes any other provision of this chapter that provides a conditional or unconditional exclusion, exemption, or exception to a requirement of this chapter or the regulations adopted pursuant to this chapter, except the department may adopt a regulation pursuant to this subdivision that provides an alternative condition for a requirement specified in this chapter for an exclusion, exemption, or exception and that allows an affected person to choose between complying with the requirements specified in this chapter or complying with the alternative conditions set forth in the regulation.

(h) (1) A person managing treated wood waste who is subject to a requirement of this chapter, including a regulation adopted pursuant to this chapter, shall comply with either the alternative standard specified in the regulations adopted pursuant to subdivision (g) or with the requirements of this chapter.

(2) A person who is in compliance with the alternative standard specified in the regulations adopted pursuant to subdivision (g) is deemed to be in compliance with the requirement of this chapter for which the regulation is identified as being an alternative, and the department and any other entity authorized to enforce this chapter shall consider that person to be in compliance with that requirement of this chapter.

(i) On January 1, 2005, all variances granted by the department before January 1, 2005, governing the management of treated wood waste are inoperative and have no further effect.

(j) Nothing in this section may be construed to limit the authority or responsibility of the department to adopt regulations under any other provision of law.

(k) On or before June 1, 2011, the department shall prepare and post on its Web site a report that makes a determination regarding the successful compliance with, and implementation of, this section.

(*l*) (1) This section shall become inoperative on June 1, 2012, and, as of January 1, 2013 is repealed, unless a later enacted statute that becomes operative on or before January 1, 2013, deletes or extends the dates on which it becomes inoperative and is repealed.

(2) Notwithstanding paragraph (1), any regulations adopted pursuant to this section on or before June 1, 2012 shall continue in force and effect after that date, until repealed or revised by the department.

SEC. 2. Section 25150.8 is added to the Health and Safety Code, to read:

25150.8. If treated wood waste is accepted by a solid waste landfill that manages and disposes of the treated wood waste in accordance with Section 25143.1.5 or paragraphs (1) and (2) of subdivision (d) of Section 25150.7, the treated wood waste, upon acceptance by the solid waste landfill, shall thereafter be deemed to be a solid waste, and not a hazardous waste, for purposes of this chapter and Section 40191 of the Public Resources Code.

SEC. 3. On or before June 1, 2006, the Senate Office of Research, in consultation with appropriate agencies, shall review and make findings regarding policy options concerning treated wood products.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 598

The people of the State of California do enact as follows:

SECTION 1. Section 19826 of the Business and Professions Code is amended to read:

19826. The division shall have all of the following responsibilities:

(a) To investigate the qualifications of applicants before any license, permit, or other approval is issued, and to investigate any request to the commission for any approval that may be required pursuant to this chapter. The division may recommend the denial or the limitation, conditioning, or restriction of any license, permit, or other approval.

(b) To monitor the conduct of all licensees and other persons having a material involvement, directly or indirectly, with a gambling operation or its holding company, for the purpose of ensuring that licenses are not issued or held by, and that there is no direct or indirect material involvement with, a gambling operation or holding company by ineligible, unqualified, disqualified, or unsuitable persons, or persons

CHAPTER 599

An act to amend Sections 900, 923, 931, 934, 1215.1, 1215.2, and 1872.85 of, and to repeal Section 1861.135 of, the Insurance Code, relating to insurance.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 900 of the Insurance Code is amended to read:

900. (a) On or before the first day of March of each year every insurer doing business in this state shall make and file with the commissioner, in the number, form, and by the methods prescribed by the commissioner, statements exhibiting its condition and affairs as of the previous December 31. If the first day of March falls on a day other than a business day, the filing is due to the commissioner by the first business day preceding the first day of March.

(b) Each year, on or before the following dates, every insurer doing business in this state shall make and file with the commissioner, in the number, form, and methods prescribed by the commissioner, statements exhibiting its condition and affairs for the period beginning on January 1 of the current calendar year through the end of each quarter of the current year as described below. These quarterly filings shall cover the period of time beginning January 1 of the current year through and including the last day of the quarter for which the report is being made. The first quarter filing shall be filed with the commissioner on or before May 15th of every year. The second quarter filing shall be filed with the commissioner on or before August 15th of every year. The third quarter filing shall be filed with the commissioner on or before November 15th of every year. SEC. 2. Section 923 of the Insurance Code is amended to read:

923. The commissioner shall require every insurer which is required to file an annual or quarterly statement to use the statement blanks and instructions thereto for the appropriate year adopted by the National Association of Insurance Commissioners. The statements shall be completed in conformity with the Accounting Practices and Procedures Manual adopted by the National Association of Insurance Commissioners, to the extent that the practices and procedures contained in the manual do not conflict with any other provision of this code. The commissioner may make changes from time to time in the form of the statements and the number and method of filing reports as seem to him or her best adapted to elicit from the insurers a true exhibit of their condition. The commissioner shall notify each insurer of any changes from the National Association of Insurance Commissioners' statement blanks which the commissioner has determined pursuant to this section to be appropriate.

SEC. 3. Section 931 of the Insurance Code is amended to read:

931. (a) Each domestic, foreign, and alien insurer doing business in this state shall annually, on or before the first day of March of each year, file with the National Association of Insurance Commissioners a copy of its annual statement convention blank, along with any additional filings as prescribed by the commissioner for the preceding year. The information filed with the National Association of Insurance Commissioners shall be in the same format and scope as that required by the commissioner and shall include the signed jurat page and the actuarial certification. Any amendments and addendums to the annual statement filing subsequently filed with the commissioner shall also be filed with the National Association of Insurance Commissioners.

(b) Each year, on or before the following dates, every domestic, foreign, and alien insurer doing business in this state shall make and file with the National Association of Insurance Commissioners, in the number, form, and methods prescribed by the commissioner, a copy of the quarterly statements exhibiting its condition and affairs for the period beginning on January 1 of the current calendar year through the end of each quarter of the current year as described below. The first quarter filing shall be filed on or before May 15th of every year. The second quarter filing shall be filed on or before August 15th of every year. The third quarter filing shall be filed on or before November 15th of every year. If any of these dates fall on a day other than a business day, then the filing is due to the National Association of Insurance Commissioners by the first business day preceding that date. The information filed with the National Association of Insurance Commissioners shall include a jurat page. A copy of any amendments and addendums to the quarterly statement filings subsequently filed with the commissioner shall also be filed with the National Association of Insurance Commissioners.

(c) Foreign insurers that are domiciled in a state which has a law substantially similar to subdivision (a) of this section shall be deemed in compliance with this section.

SEC. 4. Section 934 of the Insurance Code is amended to read:

934. The commissioner may suspend, revoke, or refuse to renew the certificate of authority of any insurer failing to file its annual or quarterly statement with the National Association of Insurance Commissioners when due or within any extension of time which the commissioner, for good cause, may grant.

SEC. 5. Section 1215.1 of the Insurance Code is amended to read:

1215.1. (a) Any domestic insurer, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries subject to the limitations of this section.

(b) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under all other sections of this chapter, a domestic insurer may also do one or more of the following:

(1) Invest in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts that do not exceed the lesser of 10 percent of the insurer's assets or 50 percent of the insurer's surplus as regards policyholders. However, after these investments, the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of these investments, there shall be excluded investments in insurance

subsidiaries, and there shall be included (A) total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities, and (B) all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus of a subsidiary subsequent to its acquisition or formation.

''Insurance subsidiary'' is an insurer that is organized within the United States and is controlled, directly or indirectly, by a reporting insurer subject to this article. For purposes of this paragraph, ''investments in insurance subsidiaries'' shall include the following:

(A) Any direct investment in an insurance subsidiary.

(B) The insurer's proportionate share of any investment in an insurance subsidiary held by any subsidiary of the insurer. This shall be calculated by multiplying the amount of the subsidiary's investment in the insurance subsidiary by the insurer's percentage of ownership of the subsidiary.

(2) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided that each subsidiary agrees to limit its investments in any asset so that these investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (1) or in this chapter applicable to the insurer. For the purpose of this paragraph, ''the total investment of the insurer'' shall include (A) any direct investment by the insurer in an asset, and (B) the insurer's proportionate share of any investment of an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of that subsidiary.

(3) With the approval of the commissioner, invest any amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after this investment the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(c) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subdivision (b) shall neither limit nor be subject to any of the otherwise applicable authorizations, restrictions, or prohibitions contained in this part applicable to these investments of insurers.

(d) Whether any investment pursuant to subdivision (b) meets the applicable requirements thereof is to be determined immediately after the investment is made, taking into account the then outstanding

principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the date they were made.

(e) If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within three years from the time of the cessation of control, or within any further time as the commissioner may prescribe, unless at any time after the investment has been made, the investment has met the requirements for investment under any other section of this part.

SEC. 6. Section 1215.2 of the Insurance Code is amended to read:

1215.2. (a) No person shall make a tender offer for, or a request or invitation for tenders of, or enter into an agreement to exchange securities for or acquire in the open market, any voting security, or any security convertible into a voting security, of a domestic insurer or of any other person controlling a domestic insurer, if the other person is not substantially engaged either directly or through its affiliates in any businesses other than that of insurance, if, as a result of the consummation thereof, the person would, directly or indirectly, acquire control of the insurer, and no person shall enter into an agreement to merge with or otherwise to acquire control of a domestic insurer, unless, at the time copies of the offer or purchase or request or invitation are first published or sent or given to security holders or the agreement or transaction is entered into, as the case may be, the person has filed with the commissioner, and has sent to the insurer, a statement containing the following information, and any additional information, as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders:

(1) The background and identity of all persons by whom or on whose behalf the purchases or the exchange, merger, or other acquisition of control are to be effected.

(2) The source and amount of the funds or other consideration used or to be used in making the purchases or in effecting the exchange, merger, or other acquisition of control, and, if any part of the funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the purchases or effecting the exchange, merger, or other acquisition of control, a description of the transaction and the names of the parties thereto. However, where a source of funds is a loan made in the lender's ordinary course of business, if the person filing the statement so requests, the name of the lender shall not be made available to the public.

(3) Any plans or proposals which those persons may have to liquidate the insurer, to sell its assets or merge it with any person, or to make any other major change in its business or corporate structure or management.

(4) The amount of each class of voting securities or securities which may be converted into voting securities of the insurer or the controlling person which are beneficially owned, and the amount of each class of voting securities or securities which may be converted into voting securities of the insurer or the controlling person concerning which there is a right to acquire beneficial ownership, by each person and by each affiliate of each person, together with the name and address of each affiliate.

(5) Information as to any contracts, arrangements, or understandings with any person with respect to any securities of the insurer or the controlling person, including, but not limited to, transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom the contracts, arrangements, or understandings have been entered into, and giving the details thereof.

All requests or invitations for tenders or advertisements making a tender offer or requesting or inviting tenders of the voting securities of the insurer or the controlling person made by or on behalf of the person, and a copy of the agreement to exchange or otherwise acquire securities or to merge with or otherwise to acquire control of the insurer, shall be filed with the commissioner and sent to the insurer as a part of the statement and shall contain the information contained in the statement as the commissioner may by rule or regulation prescribe. Copies of any additional material soliciting or requesting the tender offers subsequent to the initial solicitation or request, and copies of any amendment to the agreement, shall contain the information as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders, and shall be filed with the commissioner and sent to the insurer not later than the time copies of the material are first published or sent or given to security holders or the amendment is entered into.

(b) If the person required to file the statement referred to in subdivision (a) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to: (1) each partner of the partnership or limited partnership, (2) each member of the syndicate or group, and (3) each person who controls the partner or member. If a person referred to in paragraph (1), (2), or (3) of this subdivision is a corporation or the person required to file the statement referred to in subdivision (a) is a corporation, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to the corporation and each officer and director of the

corporation and each person who is directly or indirectly the beneficial owner of more than 10 percent of the outstanding voting securities of the corporation.

(c) If any tender offer, request, or invitation for tenders, or agreement to exchange or otherwise acquire securities or to merge or otherwise acquire control referred to in subdivision (a) of this section, is proposed to be made by means of a registration statement under the federal Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the federal Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subdivision (a) may file that registration statement with the commissioner as full satisfaction of the requirement in subdivision (a).

(d) The purchases, exchanges, mergers, or other acquisitions of control referred to in subdivision (a) of this section may not be made until the commissioner approves the purchases, exchanges, mergers, or other acquisitions of control. The commissioner shall approve or disapprove the transaction within 60 days after the statement required by subdivision (a) has been filed with the commissioner. The commissioner may disapprove the transaction if the commissioner finds any of the following:

(1) After the change of control the domestic insurer referred to in subdivision (a) could not satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed.

(2) The purchases, exchanges, mergers, or other acquisitions of control would substantially lessen competition in insurance in this state or create a monopoly therein.

(3) The financial condition of an acquiring person might jeopardize the financial stability of the insurer, or prejudice the interests of its policyholders.

(4) The plans or proposals which the acquiring person has to liquidate the insurer, to sell its assets, or to merge it with any person, or to make any other major change in its business or corporate structure or management, are not fair and reasonable to policyholders.

(5) The competence, experience, and integrity of those persons who would control the operation of the insurer indicate that it would not be in the interest of policyholders, or the public to permit them to do so.

(e) The commissioner shall require the payment of two thousand three hundred sixty dollars ($2,360) as a fee for filing an application under this section, the amount to accompany the application.

(f) The provisions of this section shall not apply to any offer for or request or invitation for tenders of any voting securities, or any agreement to exchange securities for or otherwise acquire control, if the

insurer whose shares are to be acquired remains a direct or indirect subsidiary of the same ultimate controlling company person within the insurer's insurance holding company system, neither the acquiring person nor any affiliate acquires or incurs any debt, guarantee, or other liability related to the transaction, and no shares are purchased by or sold to a person who is not an affiliated person in that insurance holding company system, or if, and to the extent that, the commissioner, by rule or regulation or by order, exempts the offer, request, invitation, or agreement from the provisions of this section as not comprehended within the purposes thereof.

SEC. 7. Section 1861.135 of the Insurance Code is repealed.

SEC. 8. Section 1872.85 of the Insurance Code is amended to read:

1872.85. (a) Every admitted disability insurer or other entity liable for any loss due to health insurance fraud doing business in this state shall pay an annual fee to be determined by the commissioner, but not to exceed ten cents ($0.10) annually for each insured under an individual or group insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent disability insurance claims. After incidental expenses, 50 percent of those funds received from the assessment fee per insured shall be distributed to the Bureau of Fraudulent Claims of the Department of Insurance for enhanced investigative efforts, and 50 percent of the funds shall be distributed to local district attorneys, pursuant to subdivisions (b) and (c), for investigation and prosecution of disability insurance fraud cases. The funds received under this section shall be deposited into the Disability Insurance Fraud Account, which is hereby created in the Insurance Fund, and shall be expended and distributed, when appropriated by the Legislature, only for enhanced investigation and prosecution of disability insurance fraud.

In the course of its investigation, the Bureau of Fraudulent Claims shall aggressively pursue all reported incidents of probable fraud and, in addition, shall forward to the appropriate disciplinary body the names of any individuals licensed under the Business and Professions Code who are convicted of engaging in fraudulent activity along with all relevant supporting evidence.

(b) The commissioner shall distribute funds pursuant to subdivision (a) to district attorneys who are able to show a likely positive outcome that will enhance the prosecution of disability insurance fraud in their jurisdiction based on specific criteria promulgated by the commissioner. A district attorney desiring funds pursuant to subdivision (a) shall submit to the commissioner an application that includes, but is not limited to, all of the following:

(1) The proposed use of the moneys and the anticipated outcome.

(2) A list of all prior cases or projects in the district attorney's jurisdiction that have been funded under the provisions of this section, and a copy of the final accounting for each case or project. If a case or project is ongoing, the most recent accounting shall be provided.

(3) A detailed budget for the moneys, including salaries and general expenses, that specifically identifies the purchase or rental cost of equipment or supplies.

(c) (1) A district attorney who receives moneys pursuant to this section shall submit a final detailed accounting at the conclusion of each case or project funded. For a case or project that continues for longer than six months, an interim accounting shall be submitted every six months, or as otherwise directed by the commissioner.

(2) A district attorney who receives moneys pursuant to this section shall submit a final report to the commissioner, which may be made public, as to the success of each case or project funded by this section. The report shall provide information and statistics on the number of active investigations, arrests, indictments, and convictions associated with a case or project. The applications for moneys, the distribution of moneys, and the annual report required by Section 1872.9 shall be public documents.

(3) Notwithstanding any other provision of this section, information submitted to the commissioner pursuant to this section concerning criminal investigations, whether active or inactive, shall be confidential.

(4) The commissioner may conduct a fiscal audit of the programs administered under this subdivision. The fiscal audit shall be conducted by an internal audit unit of the department. The cost of fiscal audits shall be paid from the Disability Insurance Fraud Fund, upon appropriation by the Legislature.

(5) If the commissioner determines that a district attorney is unable or unwilling to investigate or prosecute a relevant disability insurance fraud case, the commissioner may discontinue distribution of moneys allocated for that matter pursuant to this section, and may redistribute moneys to other eligible district attorneys.

(d) Activities of the Bureau of Fraudulent Claims with regard to investigating and prosecuting fraudulent disability insurance claims pursuant to this section shall be included in the report required by Section 1872.9.

(e) This section shall not apply to policies issued by a reciprocal or interinsurance exchange, as defined by Sections 1303 and 1350, or coverage provided by or through a motor club, as defined by Section 12142, affiliated with a reciprocal or interinsurance exchange, if the

annual premium charged for the coverage or the annual cost to the insurer for providing that coverage does not exceed one dollar ($1) per insured.

CHAPTER 600

An act to amend Sections 15006 and 15027 of, and to add Section 15027.1 to, of the Insurance Code, relating to public insurance adjusters.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 15006 of the Insurance Code is amended to read:

15006. (a) No person shall engage in a business regulated by this chapter, or act or assume to act as, or represent himself or herself to be, a licensee unless he or she is licensed under this chapter. Any person who violates this subdivision shall, in addition to any other penalties provided by law, be liable to the state for a civil penalty in an amount not exceeding ten thousand dollars ($10,000), or if that violation is willful, in an amount not exceeding twenty-five thousand dollars ($25,000). The penalty shall be assessed and recovered in a civil action brought by the commissioner in a court of competent jurisdiction in the name of the people of the State of California.

(b) Any contract for services regulated by this chapter that is entered into by an insured with any person who is in violation of subdivision (a) may be voided at the option of the insured, and the insured shall not be liable for the payment of any past services rendered, or future services to be rendered, by that person under that contract or otherwise.

(c) Whenever it appears to the commissioner that any person is engaging in acts or practices in violation of subdivision (a), the commissioner may, without any requirement of notice or hearing, issue and cause to be served upon that person an order requiring that person to cease and desist immediately from engaging further in those acts or practices.

(d) Any person who fails to comply fully with an order of the commissioner issued under subdivision (c) shall be liable to the state for a civil penalty in an amount not exceeding one hundred dollars ($100) per day for each and every day that the violation or failure to comply continues, but in no event to exceed a maximum amount of five thousand dollars ($5,000). The commissioner shall collect the amount so payable and may bring an action in a court of competent jurisdiction in the name

of the people of the State of California to enforce collection. This penalty is in addition to any other penalties provided by law.

(e) The powers vested in the commissioner by this section are in addition to any and all other powers and remedies vested in the commissioner by law, and nothing herein shall be construed as requiring the commissioner to employ the powers conferred in this section instead of or as a condition precedent to the exercise of any other power or remedy vested in the commissioner.

SEC. 2. Section 15027 of the Insurance Code is amended to read:

15027. (a) No licensee shall, directly or indirectly, act within this state as a public insurance adjuster without having first entered into a contract, in writing, on a form approved by the insurance commissioner and executed in duplicate by the public adjuster and the insured or a duly authorize representative. One copy of this contract shall be kept on file by the licensee, available at all times for inspection, without notice, by the commissioner or his or her duly authorized representative.

(b) No licensee shall solicit or attempt to solicit a client for employment during the progress of a loss-producing occurrence.

(c) No licensee or any other person or entity offering, for a fee, service regulated by this chapter shall solicit a client for employment or initiate any contract with a policyholder between the hours of 6 p.m. and 8 a.m.

(d) No licensee shall use any form of contract other than that approved by the commissioner and which contains each of the following:

(1) A provision allowing the client to rescind the contract by written notice sent or delivered to the licensee by midnight of the third business day after the day on which the client signs an agreement which complies with this section. Each copy of the contract shall contain a completed form, captioned ''Notice of Cancellation,'' which shall be placed at the end of the contract and be separated from the remainder of the contract by a printed line. (h) Pursuant to subdivisions (a) and (c) of Section 15006, the commissioner shall have the authority to enforce the provisions of this chapter and prosecute violations thereunder committed by unlicensed persons or entities that hold themselves out or act as public insurance adjusters.

(i) For purposes of this section, ''business day'' shall have the same meaning given to that term in subdivision (e) of Section 1689.5 of the Civil Code, as in effect on the operative date of this statute.

(k) Within 10 days after a contract has been canceled, the licensee shall tender to the client any payments made by the client and any note or other evidence of indebtedness. The licensee is not entitled to compensation for services performed prior to cancellation. Any security interest shall be canceled upon cancellation of the contract.

(*l*) Notice of cancellation given by the client need not take the particular form specified in paragraph (1) of subdivision (d). Notice of cancellation, however expressed, is effective if it indicates the intention of the client not to be bound by the contract.

(m) Cancellation occurs when the client gives written notice of cancellation to the licensee at the address specified in the contract.

(n) Notice of cancellation, if given by mail, is effective when deposited in the mail properly addressed with postage prepaid.

(o) Until the licensee has complied with this section, the client may cancel the contract.

(p) The licensee shall provide the client with two completed copies of the contract and notice of cancellation at the time the client signs the contract.

(q) Any confession of judgment or waiver of the provisions of this chapter shall be deemed contrary to public policy and shall be void and unenforceable.

(r) The changes made to this section by the act that added this subdivision shall apply only to contracts entered into on and after January 1, 2005.

SEC. 3. Section 15027.1 is added to the Insurance Code, to read:

15027.1. (a) Notwithstanding subdivision (c) of Section 15027, a licensee shall not solicit a contract of engagement under this chapter until seven days have elapsed since the occurrence of a disaster.

(b) Subdivision (a) shall not apply if the licensee is contacted directly by the insured or the insured's representative.

(c) For the purposes of this section, ''disaster'' means a loss-producing event that damages or destroys more than 25 dwellings, or a ''disaster'' as that term is defined in subdivision (b) of Section 1689.14 of the Civil Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates

a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 601

An act to amend Sections 10163.3, 10172.5, 10174, and 10489.93 of, and to add Sections 10163.35 and 10168.93 to, the Insurance Code, relating to life insurance.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 10163.3 of the Insurance Code is amended to read:

10163.3. In the case of any plan of life insurance that provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance that is of such a nature that minimum values cannot be determined by the methods described in Section 10160, 10161, 10162, 10163, 10163.1, or 10163.2, then:

(a) The commissioner must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by Section 10160, 10161, 10162, 10163, 10163.1, or 10163.2.

(b) The commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds.

(c) The cash surrender values and paid-up nonforfeiture benefits provided by the plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this Standard Nonforfeiture Law for Life Insurance, as determined by regulations promulgated by the commissioner.

SEC. 2. Section 10163.35 is added to the Insurance Code, to read:

10163.35. (a) Notwithstanding any other provision of law, the form of any policy, contract, or certificate providing life insurance that is subject to this article shall be filed by the obligor under the policy, contract, or certificate with the commissioner before it is marketed, issued, delivered, or used in this state.

(b) Nothing contained in this section shall be construed as requiring or providing for the prior approval by the commissioner of forms of individual life insurance policies, contracts, or certificates prior to the time the forms are marketed, issued, delivered, or used in this state.

SEC. 3. Section 10168.93 is added to the Insurance Code, to read:

10168.93. (a) Notwithstanding any other provision of law, the form of any annuity contract that is subject to this article shall be filed by the obligor under the contract with the commissioner before it is marketed, issued, delivered, or used in this state.

(b) Nothing contained in this section shall be construed as requiring or providing for the prior approval by the commissioner of forms of individual annuity contracts prior to the time the forms are marketed, issued, delivered, or used in this state.

SEC. 4. Section 10172.5 of the Insurance Code is amended to read:

10172.5. (a) Notwithstanding any other provision of law, each insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state that fails or refuses to pay the proceeds of, or payments under, any policy of life insurance issued by it within 30 days after the date of death of the insured shall pay interest, at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of the 30-day period. This section shall apply only to deaths of insureds which occur on or after January 1, 1976.

(b) Nothing in this section shall be construed to allow any insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state to withhold payment of money payable under a life insurance policy to any beneficiary for a period longer than reasonably necessary to transmit such payment. Whenever possible payment shall be made within 30 days after the date of death of the insured.

(c) In any case in which interest on the proceeds of, or payments under, any policy of life insurance, credit life insurance, or accidental death insurance becomes payable pursuant to subdivision (a), the insurer shall notify the named beneficiary or beneficiaries at their last known address that interest will be paid on the proceeds of, or payments under, such policy from the date of death of the named insured. Such notice shall specify the rate of interest to be paid.

(d) This section shall not require the payment of interest in any case in which the beneficiary elects in writing delivered to the insurer to receive the proceeds of, or payments under, the policy by any means other than a lump-sum payment thereof.

SEC. 4.5. Section 10172.5 of the Insurance Code is amended to read:

10172.5. (a) Notwithstanding any other provision of law, each insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state that fails or refuses to pay the proceeds of, or payments under, any policy of life insurance issued by it within 30 days after the date of death of the insured shall pay interest, at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of the 30-day period. This section shall apply only to deaths of insureds which occur on or after January 1, 1976.

(b) Nothing in this section shall be construed to allow any insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state to withhold payment of money payable under a life insurance policy to any beneficiary for a period longer than reasonably necessary to transmit that payment. Whenever possible payment shall be made within 30 days after the date of death of the insured.

(c) In any case in which interest on the proceeds of, or payments under, any policy of life insurance, credit life insurance, or accidental death insurance becomes payable pursuant to subdivision (a), the insurer shall notify the named beneficiary or beneficiaries at their last known address that interest will be paid on the proceeds of, or payments under, that policy from the date of death of the named insured. That notice shall specify the rate of interest to be paid. In any case where the notice required by Section 249.5 of the Probate Code has been given to a life insurer, that insurer is not required to provide the notice required by this section until after it has been notified that a child has actually been born within two years of the death of the decedent. The obligation shall be deemed satisfied by giving notice to the person who first provides proof to the insurer that the child has been born alive.

(d) This section shall not require the payment of interest in any case in which the beneficiary elects in writing delivered to the insurer to receive the proceeds of, or payments under, the policy by any means other than a lump-sum payment thereof.

SEC. 5. Section 10174 of the Insurance Code is amended to read:

10489.93. In the case of any plan of life insurance that provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity that is of such a nature that the minimum reserves cannot be determined by the

methods described in Sections 10489.5, 10489.6, and 10489.9, the reserves which are held under any such plan must:

(a) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and

(b) Be computed by a method which is consistent with the principles of this Standard Valuation Law, as determined by regulations promulgated by the commissioner.

SEC. 7. Section 4.5 of this bill incorporates amendments to Section 10172.5 of the Insurance Code proposed by both this bill and AB 1910. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 10172.5 of the Insurance Code, and (3) this bill is enacted after AB 1910, in which case Section 4 of this bill shall not become operative.

CHAPTER 602

An act to amend Sections 12028, 12028.5, 12028.7, 12030, and 12084 of, and to add Section 12021.3 to, the Penal Code, and to repeal Section 8107 of the Welfare and Institutions Code, relating to firearms.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12021.3 is added to the Penal Code, to read:

12021.3. (a) (1) Any person who claims title to any firearm that is in the custody or control of a court or law enforcement agency and who wishes to have the firearm returned to him or her shall make application for a determination by the Department of Justice as to whether he or she is eligible to possess a firearm. The application shall include the following:

(A) The applicant's name, date and place of birth, gender, telephone number, and complete address.

(B) Whether the applicant is a United States citizen. If the applicant is not a United States citizen, he or she shall also provide his or her country of citizenship and his or her alien registration or I-94 number.

(C) If the firearm is a handgun, the firearm's make, model, caliber, barrel length, handgun type, country of origin, and serial number.

(D) For residents of California, the applicant's valid California driver's license number or valid California identification card number issued by the Department of Motor Vehicles. For nonresidents of California, a copy of the applicant's military identification with orders

indicating that the individual is stationed in California, or a copy of the applicant's valid driver's license from the state of residence, or a copy of the applicant's state identification card from the state of residence. Copies of the documents provided by non-California residents shall be notarized.

(E) The name of the court or law enforcement agency holding the firearm.

(F) The signature of the applicant and the date of signature.

(G) Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the application, including any notarized information pursuant to subparagraph (D) of paragraph (1) of subdivision (a) shall be guilty of a misdemeanor.

(2) A person who owns a firearm that is in the custody of a court or law enforcement agency and who does not wish to obtain possession of the firearm, and the firearm is an otherwise legal firearm, and the person otherwise has right to title of the firearm, shall be entitled to sell or transfer title of the firearm to a licensed dealer as defined in Section 12071.

(3) Any person furnishing a fictitious name or address, or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the application, including any notarized information pursuant to subparagraph (D) of paragraph (1) of subdivision (a) is punishable as a misdemeanor.

(b) No law enforcement agency or court that has taken custody of any firearm may return the firearm to any individual unless the following requirements are satisfied:

(1) That individual presents to the agency or court notification of a determination by the department pursuant to subdivision (e) that the person is eligible to possess firearms.

(2) If the agency or court has direct access to the Automated Firearms System, the agency or court has verified that the firearm is not listed as stolen pursuant to Section 11108, and that the firearm has been recorded in the Automated Firearms System in the name of the individual who seeks its return.

(3) If the firearm has been reported lost or stolen pursuant to Section 11108, a law enforcement agency shall notify the owner or person entitled to possession pursuant to Section 11108.5. However, that person shall provide proof of eligibility to possess a firearm pursuant to subdivision (e). Nothing in this subdivision shall prevent the local law enforcement agency from charging the rightful owner or person entitled to possession of the firearm the fees described in subdivision (j). However, individuals who are applying for a background check to retrieve a firearm that comes into the custody or control of the court or

law enforcement agency pursuant to subdivision (a) shall be exempt from the fees in subdivision (c) provided that the court or agency determines the firearm was reported stolen to a law enforcement agency prior to the date the firearm came into custody or control of the court or law enforcement agency or within five business days of the firearm being stolen from its owner. The court or agency shall notify the Department of Justice of this fee exemption in a manner prescribed by the department.

(c) The Department of Justice shall establish a fee of twenty dollars ($20) per request for return of a firearm, plus a three-dollar ($3) charge for each additional handgun being processed as part of the request to return a firearm, to cover its costs for processing firearm clearance determinations submitted pursuant to this section. The fees shall be deposited into the Dealers' Record of Sale Special Account. The department may increase the fee by using the California Consumer Price Index as compiled and reported by the California Department of Industrial Relations to determine an annual rate of increase. Any fee increase shall be rounded to the nearest dollar.

(d) When the Department of Justice receives a completed application pursuant to subdivision (a) accompanied with the fee required pursuant to subdivision (c), it shall conduct an eligibility check of the applicant to determine whether the applicant is eligible to possess firearms.

(e) (1) If the department determines that the applicant is eligible to possess the firearm, the department shall provide the applicant with written notification that includes the following:

(A) The identity of the applicant.

(B) A statement that the applicant is eligible to possess a firearm.

(C) If the firearm is a handgun, a description of the handgun by make, model, and serial number.

(2) If the firearm is a handgun, the department shall enter a record of the handgun into the Automated Firearms System.

(3) The department shall have 30 days from the date of receipt to complete the background check unless delayed by circumstances beyond the control of the department. The applicant may contact the department to inquire about the reason for the delay.

(f) If the department denies the application, and the firearm is an otherwise legal firearm, the department shall notify the applicant of the denial and provide a form for the applicant to use to sell or transfer the firearm to a licensed dealer as defined in Section 12071. The applicant may contact the department to inquire about the reason for the denial.

(g) Notwithstanding any other provision of law, no law enforcement agency or court shall be required to retain a firearm for more than 180 days after the owner of the firearm has been notified by the court or law enforcement agency that the firearm has been made available for return.

An unclaimed firearm may be disposed of after the 180-day period has expired.

(h) Notwithstanding Section 11106, the department may retain personal information about an applicant in connection with a claim for a firearm that is not a handgun to allow for law enforcement confirmation of compliance with this section. The information retained may include personal identifying information regarding the individual applying for the clearance, but may not include information that identifies any particular firearm that is not a handgun.

(i) (1) If a local law enforcement agency determines that the applicant is the legal owner of any firearm deposited with the local law enforcement agency and is prohibited from possessing any firearm and the firearm is an otherwise legal firearm, the applicant shall be entitled to sell or transfer the firearm to a licensed dealer as defined in Section 12071.

(2) If the firearm has been lost or stolen, the firearm shall be restored to the lawful owner pursuant to Section 11108.5 upon his or her identification of the firearm and proof of ownership, and proof of eligibility to possess a firearm pursuant to subdivision (e). Nothing in this subdivision shall prevent the local law enforcement agency from charging the rightful owner of the firearm the fees described in subdivision (j).

(3) Subdivision (a) of Section 12070 shall not apply to deliveries, transfers, or returns of firearms made by a court or a local law enforcement agency pursuant to this section.

(4) Subdivision (d) of Section 12072 shall not apply to deliveries, transfers, or returns of firearms made pursuant to this section.

(j) (1) A city, county, or city and county, or a state agency may adopt a regulation, ordinance, or resolution imposing a charge equal to its administrative costs relating to the seizure, impounding, storage, or release of firearms. The fees shall not exceed the actual costs incurred for the expenses directly related to taking possession of a firearm, storing the firearm, and surrendering possession of the firearm to a licensed firearms dealer or to the owner. Those administrative costs may be waived by the local or state agency upon verifiable proof that the firearm was reported stolen at the time the firearm came into the custody or control of the law enforcement agency.

(2) The following apply to any charges imposed for administrative costs pursuant to this subdivision:

(A) The charges shall only be imposed on the person claiming title to the firearms.

(B) Any charges shall be collected by the local or state authority only from the person claiming title to the firearm.

(C) The charges shall be in addition to any other charges authorized or imposed pursuant to this code.

(D) No charge may be imposed for any hearing or appeal relating to the removal, impound, storage, or release of a firearm unless that hearing or appeal was requested in writing by the legal owner of the firearm. In addition, the charge may be imposed only upon the person requesting that hearing or appeal.

(3) No costs for any hearing or appeal related to the release of a firearm shall be charged to the legal owner who redeems the firearm unless the legal owner voluntarily requests the post storage hearing or appeal. No city, county, city and county, or state agency shall require a legal owner to request a post storage hearing as a requirement for release of the firearm to the legal owner.

SEC. 2. Section 12028 of the Penal Code is amended to read:

12028. (a) The unlawful concealed carrying upon the person of any explosive substance, other than fixed ammunition, dirk, or dagger, as provided in Section 12020, the unlawful carrying of any handguns in violation of Section 12025, and the unlawful possession or carrying of any item in violation of Section 653k is a nuisance.

(b) (1) Except as provided in paragraph (2), a firearm of any nature owned or possessed in violation of Section 12021, 12021.1, or 12101 of this code, or Chapter 3 (commencing with Section 8100) of Division 5 of the Welfare and Institutions Code, or used in the commission of any misdemeanor as provided in this code, any felony, or an attempt to commit any misdemeanor as provided in this code or any felony, is, upon a conviction of the defendant or upon a juvenile court finding that an offense which would be a misdemeanor or felony if committed by an adult was committed or attempted by the juvenile with the use of a firearm, a nuisance. A finding that the defendant was guilty of the offense but was insane at the time the offense was committed is a conviction for the purposes of this section.

(2) A firearm is not a nuisance pursuant to this subdivision if the firearm owner disposes of his or her firearm pursuant to paragraph (2) of subdivision (d) of Section 12021.

(c) Any weapon described in subdivision (a), or, upon conviction of the defendant or upon a juvenile court finding that an offense which would be a misdemeanor or felony if committed by an adult was committed or attempted by the juvenile with the use of a firearm, any weapon described in subdivision (b) shall be surrendered to the sheriff of a county or the chief of police or other head of a municipal police department of any city or city and county or the chief of police of any campus of the University of California or the California State University or the Commissioner of the California Highway Patrol. For purposes of this subdivision, the Commissioner of the California Highway Patrol

shall receive only weapons that were confiscated by a member of the California Highway Patrol. The officers to whom the weapons are surrendered, except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention thereof is necessary or proper to the ends of justice, may annually, between the 1st and 10th days of July, in each year, offer the weapons, which the officers in charge of them consider to have value with respect to sporting, recreational, or collection purposes, for sale at public auction to persons licensed pursuant to Section 12071 to engage in businesses involving any weapon purchased. If any weapon has been stolen and is thereafter recovered from the thief or his or her transferee, or is used in a manner as to constitute a nuisance pursuant to subdivision (a) or (b) without the prior knowledge of its lawful owner that it would be so used, it shall not be so offered for sale but shall be restored to the lawful owner, as soon as its use as evidence has been served, upon his or her identification of the weapon and proof of ownership, and after the law enforcement agency has complied with Section 12021.3.

(d) If, under this section, a weapon is not of the type that can be sold to the public, generally, or is not sold pursuant to subdivision (c), the weapon, in the month of July, next succeeding, or sooner, if necessary to conserve local resources including space and utilization of personnel who maintain files and security of those weapons, shall be destroyed so that it can no longer be used as such a weapon except upon the certificate of a judge of a court of record, or of the district attorney of the county, that the retention of it is necessary or proper to the ends of justice.

(e) This section does not apply to any firearm in the possession of the Department of Fish and Game or which was used in the violation of any provision of the Fish and Game Code or any regulation adopted pursuant thereto, or which is forfeited pursuant to Section 5008.6 of the Public Resources Code.

(f) No stolen weapon shall be sold or destroyed pursuant to subdivision (c) or (d) unless reasonable notice is given to its lawful owner, if his or her identity and address can be reasonably ascertained.

(b) A sheriff, undersheriff, deputy sheriff, marshal, deputy marshal, or police officer of a city, as defined in subdivision (a) of Section 830.1, a peace officer of the Department of the California Highway Patrol, as defined in subdivision (a) of Section 830.2, a member of the University of California Police Department, as defined in subdivision (b) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (c) of Section 830.2, a peace officer of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, a peace officer, as defined in subdivision (d) of Section 830.31, a peace officer, as defined in subdivisions (a) and (b) of Section 830.32, and a peace officer, as defined in Section 830.5, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, shall take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual or other lawful search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered, the time limit for recovery as required by this section, and the date after which the owner or possessor can recover the firearm or other

deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (f), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than five business days after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within five business days following the initial seizure, except as provided in subdivision (d), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any peace officer, as defined in subdivisions (a) and (b) of Section 830.32, who takes custody of a firearm or deadly weapon pursuant to this section shall deliver the firearm within 24 hours to the city police department or county sheriff's office in the jurisdiction where the college or school is located.

(d) Any firearm or other deadly weapon that has been taken into custody that has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership, and after the law enforcement agency has complied with Section 12021.3.

(e) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, by a peace officer of the Department of the California Highway Patrol, as defined in subdivision (a) of Section 830.2, by a peace officer of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, by a peace officer, as defined in subdivision (d) of Section 830.31, or by a peace officer, as defined in Section 830.5, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (j), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(f) In those cases in which a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 60 days of the date of seizure, initiate a petition in superior court to determine if the firearm or other deadly

weapon should be returned. The law enforcement agency may make an ex parte application stating good cause for an order extending the time to file a petition. Including any extension of time granted in response to an ex parte request, a petition must be filed within 90 days of the date of seizure of the firearm or other deadly weapon.

(g) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the family violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(h) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by a preponderance of the evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(i) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(j) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If there is a petition for a second hearing, unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly

weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(k) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 4. Section 12028.7 of the Penal Code is amended to read:

12028.7. (a) When a firearm is taken into custody by a law enforcement officer, the officer shall issue the person who possessed the firearm a receipt describing the firearm, and listing any serial number or other identification on the firearm.

(b) The receipt shall indicate where the firearm may be recovered, any applicable time limit for recovery, and the date after which the owner or possessor may recover the firearm pursuant to Section 12021.3.

(c) Nothing in this section is intended to displace any existing law regarding the seizure or return of firearms.

SEC. 5. Section 12030 of the Penal Code is amended to read:

12030. (a) The officer having custody of any firearms which may be useful to the California National Guard, the Coast Guard Auxiliary, or to any military or naval agency of the federal or state government, including, but not limited to, the California National Guard military museum and resource center, may, upon the authority of the legislative body of the city, city and county, or county by which he or she is employed and the approval of the Adjutant General, deliver the firearms to the commanding officer of a unit of the California National Guard, the Coast Guard Auxiliary, or any other military agency of the state or federal government in lieu of destruction as required by this chapter. The officer delivering the firearms shall take a receipt for them containing a complete description thereof and shall keep the receipt on file in his or her office as a public record.

(b) Any law enforcement agency which has custody of any firearms, or any parts of any firearms, which are subject to destruction as required by this chapter may, in lieu of destroying the weapons, retain and use any of them as may be useful in carrying out the official duties of the agency, or upon approval of a court, may release them to any other law enforcement agency for use in carrying out the official duties of that agency, or may turn over to the criminalistics laboratory of the Department of Justice or the criminalistics laboratory of a police department, sheriff's office, or district attorney's office any weapons which may be useful in carrying out the official duties of their respective agencies.

(c) Any firearm, or part of any firearm, which, rather than being destroyed, is used for official purposes pursuant to this section shall be destroyed by the agency using the weapon when it is no longer needed by the agency for use in carrying out its official duties. In the case of

firearms or weaponry donated to the California National Guard military museum and resource center, they may be disposed of pursuant to Section 179 of the Military and Veterans Code.

(d) Any law enforcement agency which has custody of any firearms, or any parts of any firearms, which are subject to destruction as required by this chapter may, in lieu of destroying the firearms, obtain an order from the superior court directing the release of the firearms to the sheriff. The sheriff shall enter those weapons into the Automated Firearms System (AFS), via the California Law Enforcement Telecommunications System, with a complete description of each weapon, including the make, type, category, caliber, and serial number of the firearms, and the name of the academy receiving the weapon entered into the AFS miscellaneous field. The sheriff shall then release the firearms to the basic training academy certified by the Commission on Peace Officer Standards and Training, so that the firearms may be used for instructional purposes in the certified courses. As used in this section, the term ''firearms'' shall not include destructive devices, as defined in Section 12301. All firearms released to an academy shall be under the care, custody, and control of the particular academy.

Any firearm, or part of any firearm, which is not destroyed, and is used for the purposes authorized by this section, shall be returned to the law enforcement agency which had original custody of the firearm when it is no longer needed by the basic training academy, or when the basic training academy is no longer certified by the commission. When those firearms are returned, the law enforcement agency to whom the firearms are returned, shall on the date of the return, enter into the Automated Firearms System (AFS), via the California Law Enforcement Telecommunications System, a complete description of each weapon, including the make, type, category, caliber, and serial number of the firearms, and the name of the entity returning the firearm.

(e) Any law enforcement agency that retains custody of any firearm pursuant to this section or that destroys a firearm pursuant to Section 12028 shall notify the Department of Justice of the retention or destruction. This notification shall consist of a complete description of each firearm, including the name of the manufacturer or brand name, model, caliber, and serial number.

SEC. 6. Section 12084 of the Penal Code is amended to read:

12084. (a) As used in this section, the following definitions apply:

(1) ''Agency'' means a sheriff's department in a county of less than 200,000 persons, according to the most recent federal decennial census, that elects to process purchases, sales, loans, or transfers of firearms.

(2) ''Seller'' means the seller or transferor of a firearm or the person loaning the firearm.

(3) ''Purchaser'' means the purchaser or transferee of a firearm or the person being loaned a firearm.

(4) ''Purchase'' means the purchase, loan, sale, or transfer of a firearm.

(5) ''Department'' means the Department of Justice.

(6) ''LEFT'' means the Law Enforcement Firearms Transfer Form consisting of the transfer form utilized to purchase a firearm in accordance with this section.

(b) As an alternative to completing the sale, transfer, or loan of a firearm through a licensed dealer pursuant to Section 12082, the parties to the purchase of a firearm may complete the transaction through an agency in accordance with this section in order to comply with subdivision (d) of Section 12072.

(c) (1) LEFTs shall be prepared by the State Printer and shall be furnished to agencies on application at a cost to be determined by the Department of General Services for each 100 leaves in quintuplicate, one original and four duplicates for the making of carbon copies. The original and duplicate copies shall differ in color, and shall be in the form provided by this section. The State Printer, upon issuing the LEFT, shall forward to the department the name and address of the agency together with the series and sheet numbers on the LEFT. The LEFT shall not be transferable.

(2) The department shall prescribe the form of the LEFT. It shall be in the same exact format set forth in Sections 12077 and 12082, with the same distinct formats for firearms that are handguns and for firearms that are not handguns, except that, instead of the listing of information concerning a dealer, the LEFT shall contain the name, telephone number, and address of the law enforcement agency.

(3) The original of each LEFT shall be retained in consecutive order. Each book of 50 originals shall become the permanent record of transactions that shall be retained not less than three years from the date of the last transaction and shall be provided for the inspection of any peace officer, department employee designated by the Attorney General, or agent of the federal Bureau of Alcohol, Tobacco and Firearms upon the presentation of proper identification.

(4) Ink shall be used to complete each LEFT. The agency shall ensure that all information is provided legibly. The purchaser and seller shall be informed that incomplete or illegible information delays purchases.

(5) Each original LEFT shall contain instructions regarding the procedure for completion of the form and the routing of the form. The agency shall comply with these instructions which shall include the information set forth in this subdivision.

(6) One firearm transaction shall be reported on each LEFT. For purposes of this paragraph, a ''transaction'' means a single sale, loan, or

transfer of any number of firearms that are not handguns between the same two persons.

(d) The following procedures shall be followed in processing the purchase:

(1) Without waiting for the conclusion of any waiting period to elapse, the seller shall immediately deliver the firearm to the agency solely to complete the LEFT. Upon completion of the LEFT, the firearm shall be immediately returned by the agency to the seller without waiting for the waiting period to elapse.

(2) The purchaser shall be required to present clear evidence of his or her identity and age, as defined in Section 12071, to the agency. The agency shall require the purchaser to complete the original and one copy of the LEFT. An employee of the agency shall then affix his or her signature as a witness to the signature and identification of the purchaser.

(3) Two copies of the LEFT shall, on that date of purchase, be placed in the mail, postage prepaid to the department at Sacramento. The third copy shall be provided to the purchaser and the fourth copy to the seller.

(4) The department shall examine its records, as well as those records that it is authorized to request from the State Department of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) If the department determines that the copies of the LEFT submitted to it pursuant to paragraph (3) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or the firearm to be purchased, or if any fee required pursuant to paragraph (6) is not submitted by the agency in conjunction with submission of the copies of the LEFT, or if the department determines that the person is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the agency of that fact. Upon notification by the department, the purchaser shall submit any fee required pursuant to paragraph (6), as appropriate, and, if notification by the department is received by the agency at any time prior to delivery of the firearm, the delivery of the firearm shall be withheld until the conclusion of the waiting period described in paragraph (7).

(6) (A) The agency may charge a fee, not to exceed actual cost, sufficient to reimburse the agency for processing the transfer.

(B) The department may charge a fee, not to exceed actual cost, sufficient to reimburse the department for providing the information. The department shall charge the same fee that it would charge a dealer pursuant to Section 12082.

(7) The firearm shall not be delivered to the purchaser as follows:

(A) Within 10 days of the submission to the department of any fees required pursuant to this subdivision, or within 10 days of the submission to the department of any correction to the LEFT, whichever is later. On and after April 1, 1997, within 10 days of the application to purchase, or after notice by the department pursuant to paragraph (5), within 10 days of the submission to the department of any fees required pursuant to this subdivision, or within 10 days of the submission to the department of any correction to the LEFT, whichever is later.

(B) Unless unloaded.

(C) In the case of a handgun, unless securely wrapped or in a locked container.

(D) Unless the purchaser presents clear evidence of his or her identity and age to the agency.

(E) Whenever the agency is notified by the department that the person is in a prohibited class described in Section 12021 or 12021.1, or Section 8100 or 8103 of the Welfare and Institutions Code.

(F) Unless done at the agency's premises.

(G) In the case of a handgun, unless the purchaser presents to the seller a handgun safety certificate.

(H) Unless the purchaser is at least 18 years of age.

(e) The action of a law enforcement agency acting pursuant to Section 12084 shall be deemed to be a discretionary act within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(f) Whenever the Department of Justice acts pursuant to this section as it pertains to firearms other than handguns, its acts or omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(g) Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the LEFT is guilty of a misdemeanor.

(h) All sums received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund.

SEC. 7. Section 8107 of the Welfare and Institutions Code is repealed.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 603

An act to amend Sections 5371.4, 5411.5, 5412.2, and 5413.5 of, and to add Section 5381.5 to, the Public Utilities Code, relating to charter-party carriers.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5371.4 of the Public Utilities Code is amended to read:

5371.4. (a) The governing body of any city, county, or city and county may not impose a fee on charter-party carriers operating limousines. However, the governing body of any city, county, or city and county may impose a business license fee on, and may adopt and enforce any reasonable rules and regulations pertaining to operations within its boundaries for, any charter-party carrier domiciled or maintaining a business office within that city, county, or city and county.

(b) The governing body of any airport may not impose vehicle safety, vehicle licensing, or insurance requirements on charter-party carriers operating limousines that are more burdensome than those imposed by the commission. However, the governing board of any airport may require a charter-party carrier operating limousines to obtain an airport permit for operating authority at the airport.

(c) Notwithstanding subdivisions (a) and (b), the governing body of any airport may adopt and enforce reasonable and nondiscriminatory local airport rules, regulations, and ordinances pertaining to access, use of streets and roads, parking, traffic control, passenger transfers, trip fees, and occupancy, and the use of buildings and facilities, that are applicable to charter-party carriers operating limousines on airport property.

(d) This section does not apply to any agreement entered into pursuant to Sections 21690.5 to 21690.9, inclusive, between the governing body of an airport and charter-party carriers operating limousines.

(e) The commission shall conduct an audit and review of the annual gross revenues earned by charter-party carriers operating limousines for the purpose of ascertaining whether the imposition of additional fees

based on a charter-party carrier's gross annual revenues would place an undue administrative or financial burden on the charter-party carrier industry. The commission shall report its findings to the Legislature on or before June 30, 1992.

(f) The governing body of any airport shall not impose a fee based on gross receipts of charter-party carriers operating limousines.

(g) Notwithstanding subdivisions (a) to (f), inclusive, nothing in this section prohibits a city, county, city and county, or the governing body of any airport, from adopting and enforcing reasonable permit requirements, fees, rules, and regulations applicable to charter-party carriers of passengers other than those operating limousines.

(h) Notwithstanding subdivisions (a) to (f), inclusive, a city, county, or city and county may impose reasonable rules for the inspection of waybills of charter-party carriers of passengers operating within the jurisdiction of the city, county, or city and county, for purposes of verifying valid prearranged travel.

(i) For the purposes of this section, ''limousine'' includes any luxury sedan, of either standard or extended length, with a seating capacity of not more than nine passengers including the driver, used in the transportation of passengers for hire on a prearranged basis within this state.

SEC. 2. Section 5381.5 is added to the Public Utilities Code, to read:

5381.5. The commission shall, by rule or other appropriate procedure, ensure that every charter-party carrier of passengers operates on a prearranged basis within the state, consistent with Section 5360.5. The commission shall require every charter-party carrier of passengers to include on a waybill or trip report at least all of the following:

(a) The name of at least one passenger in the traveling party, or identifying information of the traveling party's affiliation, along with the point of origin and destination of the passenger or traveling party.

(b) Information as to whether the transportation was arranged by telephone or written contract.

SEC. 3. Section 5411.5 of the Public Utilities Code is amended to read:

5411.5. (a) Whenever a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, arrests a person for a violation of Section 5411 involving the operation of a charter-party carrier of passengers without a valid certificate or permit at a public airport, within 100 feet of a public airport, or within two miles of the international border between the United States and Mexico, the peace officer may impound and retain possession of the vehicle used in violation of Section 5411.

(b) Whenever a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, arrests a person

for operating a charter-party carrier of passengers as a taxicab in violation of an ordinance or resolution of a city, county, or city and county, the peace officer may impound and retain possession of the vehicle.

(c) If the vehicle is seized from a person who is not the owner of the vehicle, the impounding authority shall immediately give notice to the owner by first-class mail.

(d) The vehicle shall immediately be returned to the owner without cost to the owner if the infraction or violation is not prosecuted or is dismissed, the owner is found not guilty of the offense, or it is determined that the vehicle was used in violation of Section 5411 without the knowledge and consent of the owner. Otherwise, the vehicle shall be returned to the owner upon payment of any fine ordered by the court. After the expiration of six weeks from the final disposition of the criminal case, unless the owner is in the process of making payments to the court, the impounding authority may deal with the vehicle as lost or abandoned property under Section 1411 of the Penal Code.

675.1. In the case of a total loss to the primary insured structure under a residential policy subject to Section 675, the following provisions apply:

(a) If reconstruction of the primary insured structure has not been completed by the time of policy renewal, the insurer, prior to or at the

time of renewal, and after consultation by the insurer or its representative with the insured as to what limits and coverages might or might not be needed, shall adjust the limits and coverages, write an additional policy, or attach an endorsement to the policy that reflects the change, if any, in the insured's exposure to loss. The insurer shall adjust the premium charged to reflect any change in coverage.

(b) The insurer shall not cancel coverage while the primary insured structure is being rebuilt, except for the reasons specified in subdivisions (a) to (e), inclusive, of Section 676. The insurer shall not use the fact that the primary insured structure is in damaged condition as a result of the total loss as the sole basis for a decision to cancel the policy pursuant to subdivision (e) of that section.

(c) Except for the reasons specified in subdivisions (a) to (e), inclusive, of Section 676, the insurer shall offer to, at least once, renew the policy in accordance with the provisions of subdivision (a) if the total loss to the primary insured structure was caused by a disaster, as defined in subdivision (b) of Section 1689.14 of the Civil Code, and the loss was not also due to the negligence of the insured.

(d) With respect to policies of residential earthquake insurance, the California Earthquake Authority, or any insurer, including a participating insurer, as defined in subdivision (i) of Section 10089.5, may defer its initial implementation of this section until no later than October 1, 2005.

(2) The California Earthquake Authority, in lieu of meeting the requirements of subdivision (a), shall establish procedures and practices that allow it to reasonably accommodate the needs and interests of consumers in maintaining appropriate earthquake insurance coverage, within the statutory and regulatory limitations on the types of insurance coverages and the coverage limits of the policies that the authority may issue.

SEC. 2. Section 2051 of the Insurance Code is amended to read:

2051. (a) Under an open policy, the measure of indemnity in fire insurance is the expense to the insured of replacing the thing lost or injured in its condition at the time of the injury, the expense being computed as of the time of the commencement of the fire.

(b) Under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery, in whole or partial settlement of the claim, shall be determined as follows:

(1) In case of total loss to the structure, the policy limit or the fair market value of the structure, whichever is less.

(2) In case of a partial loss to the structure, or loss to its contents, the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. In case of a partial loss to the structure, a deduction for physical depreciation shall apply only to components of a structure that are normally subject to repair and replacement during the useful life of that structure.

121285. (a) The Disease Prevention Demonstration Project, a collaboration between pharmacies and local and state health officials, is hereby authorized for the purpose of evaluating the long-term desirability of allowing licensed pharmacists to furnish or sell nonprescription hypodermic needles or syringes to prevent the spread of blood-borne pathogens, including HIV and hepatitis C.

(b) The State Department of Health Services shall evaluate the effects of allowing pharmacists to furnish or sell a limited number of hypodermic needles or syringes without prescription, and provide a report to the Governor and the Legislature on or before January 15, 2010. The State Department of Health Services is encouraged to seek funding from private and federal sources to pay for the evaluation. The report shall include, but need not be limited to, the effect of nonprescription hypodermic needle or syringe sale on all of the following:

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 7. This act shall become operative only if Senate Bill 1362 of the 2003–04 Regular Session is enacted and becomes effective on or before January 1, 2005.

CHAPTER 609

An act to amend Section 1107 of the Evidence Code, and to amend Section 1473.5 of the Penal Code, relating to battering.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1107 of the Evidence Code is amended to read:

1107. (a) In a criminal action, expert testimony is admissible by either the prosecution or the defense regarding intimate partner battering and its effects, including the nature and effect of physical, emotional, or mental abuse on the beliefs, perceptions, or behavior of victims of domestic violence, except when offered against a criminal defendant to prove the occurrence of the act or acts of abuse which form the basis of the criminal charge.

(b) The foundation shall be sufficient for admission of this expert testimony if the proponent of the evidence establishes its relevancy and the proper qualifications of the expert witness. Expert opinion testimony on intimate partner battering and its effects shall not be considered a new scientific technique whose reliability is unproven.

(c) For purposes of this section, ''abuse'' is defined in Section 6203 of the Family Code, and ''domestic violence'' is defined in Section 6211 of the Family Code and may include acts defined in Section 242, subdivision (e) of Section 243, Section 262, 273.5, 273.6, 422, or 653m of the Penal Code.

(d) This section is intended as a rule of evidence only and no substantive change affecting the Penal Code is intended.

(e) This section shall be known, and may be cited, as the Expert Witness Testimony on Intimate Partner Battering and Its Effects Section of the Evidence Code.

(f) The changes in this section that become effective on January 1, 2005, are not intended to impact any existing decisional law regarding this section, and that decisional law should apply equally to this section as it refers to ''intimate partner battering and its effects'' in place of ''battered women's syndrome.''

SEC. 2. Section 1473.5 of the Penal Code is amended to read:

1473.5. (a) A writ of habeas corpus also may be prosecuted on the basis that expert testimony relating to intimate partner battering and its effects, within the meaning of Section 1107 of the Evidence Code, was not received in evidence at the trial court proceedings relating to the prisoner's incarceration, and is of such substance that, had it been received in evidence, there is a reasonable probability, sufficient to undermine confidence in the judgment of conviction, that the result of the proceedings would have been different. Sections 1260 to 1262, inclusive, apply to the prosecution of a writ of habeas corpus pursuant to this section. As used in this section, ''trial court proceedings'' means those court proceedings that occur from the time the accusatory pleading is filed until and including judgment and sentence.

(b) This section is limited to violent felonies as specified in subdivision (c) of Section 667.5 that were committed before August 29, 1996, and that resulted in judgments of conviction after a plea or trial as to which expert testimony admissible pursuant to Section 1107 of the Evidence Code may be probative on the issue of culpability.

(c) If a petitioner for habeas corpus under this section previously filed a petition for writ of habeas corpus, it is grounds for denial of the new petition if a court determined on the merits in the prior petition that the omission of expert testimony relating to battered women's syndrome or intimate partner battering and its effects at trial was not prejudicial and did not entitle the petitioner to the writ of habeas corpus.

(d) For purposes of this section, the changes that become effective on January 1, 2005, are not intended to expand the uses or applicability of expert testimony on battering and its effects that were in effect immediately prior to that date in criminal cases.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

CHAPTER 610

An act to amend Sections 6585 and 25350.6 of the Government Code, to amend Sections 33607.5 and 33681.12 of, and to add Section 33681.15 to, the Health and Safety Code, and to amend Sections 97.70, 97.71, 97.72, 97.73, 7203.1, 10754.11, 11001.5, and 11005 of, and to repeal Section 97.74 of, the Revenue and Taxation Code, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 2004. Filed with Secretary of State September 20, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 6585 of the Government Code, as amended by Section 2 of Chapter 211 of the Statutes of 2004, is amended to read:

6585. The definitions in this section shall govern the construction and interpretation of this article.

(a) ''Authority'' means an entity created pursuant to Article 1 (commencing with Section 6500). In the case of an authority issuing bonds pursuant to this chapter in which VLF receivables, as defined in subdivision (i), are pledged to the payment of the bonds, other than VLF receivables so pledged for a county of the first class, an authority shall consist of not less than 100 local agencies.

(d) ''Cost,'' as applied to a public capital improvement or portion thereof financed under this part, means all or any part of the cost of construction, renovation, and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a public capital improvement; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which the buildings or structures may be moved; the cost of all machinery and equipment; finance charges; interest prior to, during, and for a period after, completion of that construction, as determined by the authority; provisions for working capital, reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations, and improvements; the cost of architectural, engineering, financial and legal services, plans, specifications, estimates, administrative expenses, and other expenses necessary or incident to determining the feasibility of constructing any project or incident to the construction or acquisition or financing of any public capital improvement.

(e) ''Legislative body'' means the governing body of a local agency.

(f) ''Local agency'' means a party to the agreement creating the authority, or an agency or subdivision of that party, sponsoring a project of public capital improvements, or any city, county, city and county, authority, district, or public corporation of this state.

(i) ''VLF receivable'' means the right to payment of moneys due or to become due to a local agency out of funds payable in connection with vehicle license fees to a local agency pursuant to Section 10754.11 of the Revenue and Taxation Code.

(j) ''Working capital'' means money to be used by, or on behalf of, a local agency for any purpose for which a local agency may borrow money pursuant to Section 53852, or for any purpose for which a VLF receivable sold to an authority could have been used by the local agency.

SEC. 2. Section 25350.6 of the Government Code is amended to read:

25350.6. (a) Moneys credited to the Motor Vehicle License Fee Account in the Transportation Tax Fund or allocated to the Vehicle

License Fee Property Tax Compensation Fund of the County of Orange pursuant to paragraph (2) of subdivision (a) of Section 97.70 of the Revenue and Taxation Code to which Orange County may at any time be entitled shall be pledged, without any necessity for specific authorization of the pledge by the board of supervisors, to all certificates of participation or lease-revenue bonds executed and delivered or issued, as the case may be, during 1996 or 1997, including obligations executed and delivered or issued before 2010 to refund those certificates of participation or lease-revenue bonds, to finance or refinance the lease or lease-purchase of property of the county and having a stated maturity of 20 years or more. Any refunding obligations shall not have a final maturity later than the final maturity of the refunded obligations. The amount so pledged with respect to any fiscal year of the county shall not exceed the amounts to be paid in that fiscal year on those certificates or lease-revenue bonds.

(b) The state hereby covenants with the holders of any certificates of participation or lease-revenue bonds, including refunding obligations, entitled to the pledge granted by this section that, as long as any of the certificates of participation or lease-revenue bonds entitled to the pledge granted by this section shall remain outstanding, the state shall not alter or amend the deposit of moneys into, or the allocation of moneys credited to, the Motor Vehicle License Fee Account in the Transportation Tax Fund under Chapter 5 (commencing with Section 11001) of Part 5 of Division 2 of the Revenue and Taxation Code or the allocation of moneys to and from the Vehicle License Fee Property Tax Compensation Fund of the County of Orange under Section 97.70 of the Revenue and Taxation Code in any manner that would adversely affect the security of, or the ability of the county to pay the principal of and interest on, the certificates of participation or lease-revenue bonds entitled to the pledge granted by this section. However, nothing precludes any alteration or amendment if and when adequate provision has been made by law for the protection from impairment of the contract represented by the certificates of participation or lease-revenue bonds, and the right to so alter or amend is hereby reserved. The County of Orange may include this covenant of the state in the agreements or other documents underlying the certificates of participation or lease-revenue bonds.

SEC. 3. Section 33607.5 of the Health and Safety Code is amended to read:

33607.5. (a) (1) This section shall apply to each redevelopment project area that, pursuant to a redevelopment plan which contains the provisions required by Section 33670, is either: (A) adopted on or after January 1, 1994, including later amendments to these redevelopment plans; or (B) adopted prior to January 1, 1994, but amended, after January 1, 1994, to include new territory. For plans amended after

January 1, 1994, only the tax increments from territory added by the amendment shall be subject to this section. All the amounts calculated pursuant to this section shall be calculated after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 has been deducted from the total amount of tax increment funds received by the agency in the applicable fiscal year.

(2) The payments made pursuant to this section shall be in addition to any amounts the affected taxing entities receive pursuant to subdivision (a) of Section 33670. The payments made pursuant to this section to the affected taxing entities, including the community, shall be allocated among the affected taxing entities, including the community if the community elects to receive payments, in proportion to the percentage share of property taxes each affected taxing entity, including the community, receives during the fiscal year the funds are allocated, which percentage share shall be determined without regard to any amounts allocated to a city, a city and county, or a county pursuant to Sections 97.68 and 97.70 of the Revenue and Taxation Code, and without regard to any allocation reductions to a city, a city and county, a county, a special district, or a redevelopment agency pursuant to Sections 97.71, 97.72, and 97.73 of the Revenue and Taxation Code and Section 33681.12. The agency shall reduce its payments pursuant to this section to an affected taxing entity by any amount the agency has paid, directly or indirectly, pursuant to Section 33445, 33445.5, 33445.6, 33446, or any other provision of law other than this section for, or in connection with, a public facility owned or leased by that affected taxing agency, except: (A) any amounts the agency has paid directly or indirectly pursuant to an agreement with a taxing entity adopted prior to January 1, 1994; or (B) any amounts that are unrelated to the specific project area or amendment governed by this section. The reduction in a payment by an agency to a school district, community college district, or county office of education, or for special education, shall be subtracted only from the amount that otherwise would be available for use by those entities for educational facilities pursuant to paragraph (4). If the amount of the reduction exceeds the amount that otherwise would have been available for use for educational facilities in any one year, the agency shall reduce its payment in more than one year.

(3) If an agency reduces its payment to a school district, community college district, or county office of education, or for special education, the agency shall do all of the following:

(A) Determine the amount of the total payment that would have been made without the reduction.

(B) Determine the amount of the total payment without the reduction which: (i) would have been considered property taxes; and (ii) would

have been available to be used for educational facilities pursuant to paragraph (4).

(C) Reduce the amount available to be used for educational facilities.

(D) Send the payment to the school district, community college district, or county office of education, or for special education, with a statement that the payment is being reduced and including the calculation required by this subdivision showing the amount to be considered property taxes and the amount, if any, available for educational facilities.

(4) (A) Except as specified in subparagraph (E), of the total amount paid each year pursuant to this section to school districts, 43.3 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 56.7 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(B) Except as specified in subparagraph (E), of the total amount paid each year pursuant to this section to community college districts, 47.5 percent shall be considered to be property taxes for the purposes of Section 84751 of the Education Code, and 52.5 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(C) Except as specified in subparagraph (E), of the total amount paid each year pursuant to this section to county offices of education, 19 percent shall be considered to be property taxes for the purposes of Section 2558 of the Education Code, and 81 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for educational facilities.

(D) Except as specified in subparagraph (E), of the total amount paid each year pursuant to this section for special education, 19 percent shall be considered to be property taxes for the purposes of Section 56712 of the Education Code, and 81 percent shall not be considered to be property taxes for the purposes of that section and shall be available to be used for education facilities.

(E) If, pursuant to paragraphs (2) and (3), an agency reduces its payments to an educational entity, the calculation made by the agency pursuant to paragraph (3) shall determine the amount considered to be property taxes and the amount available to be used for educational facilities in the year the reduction was made.

(5) Local education agencies that use funds received pursuant to this section for school facilities shall spend these funds at schools that are: (A) within the project area, (B) attended by students from the project area, (C) attended by students generated by projects that are assisted directly by the redevelopment agency, or (D) determined by the

governing board of a local education agency to be of benefit to the project area.

(b) Commencing with the first fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, including the community if the community elects to receive a payment, an amount equal to 25 percent of the tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted. In any fiscal year in which the agency receives tax increments, the community that has adopted the redevelopment project area may elect to receive the amount authorized by this paragraph.

(c) Commencing with the 11th fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, other than the community which has adopted the project, in addition to the amounts paid pursuant to subdivision (b) and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 21 percent of the portion of tax increments received by the agency, which shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the first adjusted base year assessed value. The first adjusted base year assessed value is the assessed value of the project area in the 10th fiscal year in which the agency receives tax increment revenues.

(d) Commencing with the 31st fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, other than the community which has adopted the project, in addition to the amounts paid pursuant to subdivisions (b) and (c) and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 14 percent of the portion of tax increments received by the agency, which shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the second adjusted base year assessed value. The second adjusted base year assessed value is the assessed value of the project area in the 30th fiscal year in which the agency receives tax increments.

(e) (1) Prior to incurring any loans, bonds, or other indebtedness, except loans or advances from the community, the agency may subordinate to the loans, bonds or other indebtedness the amount required to be paid to an affected taxing entity by this section, provided that the affected taxing entity has approved these subordinations pursuant to this subdivision.

(2) At the time the agency requests an affected taxing entity to subordinate the amount to be paid to it, the agency shall provide the affected taxing entity with substantial evidence that sufficient funds will be available to pay both the debt service and the payments required by this section, when due.

(3) Within 45 days after receipt of the agency's request, the affected taxing entity shall approve or disapprove the request for subordination. An affected taxing entity may disapprove a request for subordination only if it finds, based upon substantial evidence, that the agency will not be able to pay the debt payments and the amount required to be paid to the affected taxing entity. If the affected taxing entity does not act within 45 days after receipt of the agency's request, the request to subordinate shall be deemed approved and shall be final and conclusive.

(f) (1) The Legislature finds and declares both of the following:

(A) The payments made pursuant to this section are necessary in order to alleviate the financial burden and detriment that affected taxing entities may incur as a result of the adoption of a redevelopment plan, and payments made pursuant to this section will benefit redevelopment project areas.

(B) The payments made pursuant to this section are the exclusive payments that are required to be made by a redevelopment agency to affected taxing entities during the term of a redevelopment plan.

(2) Notwithstanding any other provision of law, a redevelopment agency shall not be required, either directly or indirectly, as a measure to mitigate a significant environmental effect or as part of any settlement agreement or judgment brought in any action to contest the validity of a redevelopment plan pursuant to Section 33501, to make any other payments to affected taxing entities, or to pay for public facilities that will be owned or leased to an affected taxing entity.

(g) As used in this section, a ''local education agency'' is a school district, a community college district, or a county office of education.

SEC. 4. Section 33681.12 of the Health and Safety Code, as added by Section 15 of Chapter 211 of the Statutes of 2004, is amended to read:

33681.12. (a) (1) During the 2004–05 fiscal year, a redevelopment agency shall, prior to May 10, remit an amount equal to the amount determined for that agency pursuant to subparagraph (I) of paragraph (2) to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. During the 2005–06 fiscal year, a redevelopment agency shall, prior to May 10, remit an amount equal to the amount determined for that agency pursuant to subparagraph (I) of paragraph (2) to the county auditor for deposit in the county's Educational Revenue Augmentation Fund created pursuant to Article 3 (commencing with

Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code.

(2) For the 2004–05 and 2005–06 fiscal years, on or before November 15, the Director of Finance shall do all of the following:

(A) Determine the net tax increment apportioned to each agency pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(B) Determine the net tax increment apportioned to all agencies pursuant to Section 33670, excluding any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(C) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (B).

(D) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (A) by the percentage factor determined pursuant to subparagraph (C).

(E) Determine the total amount of property tax revenue apportioned to each agency pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(F) Determine the total amount of property tax revenue apportioned to all agencies pursuant to Section 33670, including any amounts apportioned to affected taxing agencies pursuant to Section 33401, 33607.5, or 33676.

(G) Determine a percentage factor by dividing one hundred twenty-five million dollars ($125,000,000) by the amount determined pursuant to subparagraph (F).

(H) Determine an amount for each agency by multiplying the amount determined pursuant to subparagraph (E) by the percentage factor determined pursuant to subparagraph (G).

(I) Add the amount determined pursuant to subparagraph (D) to the amount determined pursuant to subparagraph (H).

(J) Notify each agency and each legislative body of the amount determined pursuant to subparagraph (I).

(K) Notify each county auditor of the amounts determined pursuant to subparagraph (I) for each agency in his or her county.

(3) The obligation of any agency to make the payments required pursuant to this subdivision shall be subordinate to the lien of any pledge of collateral securing, directly or indirectly, the payment of the principal, or interest on any bonds of the agency including, without limitation, bonds secured by a pledge of taxes allocated to the agency pursuant to Section 33670.

(b) (1) Notwithstanding Sections 33334.2, 33334.3, and 33334.6, and any other provision of law, in order to make the full allocation

required by this section, an agency may borrow up to 50 percent of the amount required to be allocated to the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6 during the 2004–05 fiscal year and, if applicable, the 2005–06 fiscal year, unless executed contracts exist that would be impaired if the agency reduced the amount allocated to the Low and Moderate Income Housing Fund pursuant to the authority of this subdivision.

(2) As a condition of borrowing pursuant to this subdivision, an agency shall make a finding that there are insufficient other moneys to meet the requirements of subdivision (a). Funds borrowed pursuant to this subdivision shall be repaid in full within 10 years following the date on which moneys are remitted to the county auditor for deposit in the county's Educational Revenue Augmentation Fund pursuant to subdivision (a).

(c) In order to make the allocation required by this section, an agency may use any funds that are legally available and not legally obligated for other uses, including, but not limited to, reserve funds, proceeds of land sales, proceeds of bonds or other indebtedness, lease revenues, interest, and other earned income. No moneys held in a low- and moderate-income fund as of July 1 of the applicable fiscal year may be used for this purpose.

(d) The legislative body shall by March 1 report to the county auditor as to how the agency intends to fund the allocation required by this section, or that the legislative body intends to remit the amount in lieu of the agency pursuant to Section 33681.14.

(e) The allocation obligations imposed by this section, including amounts owed, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(f) It is the intent of the Legislature, in enacting this section, that these allocations directly or indirectly assist in the financing or refinancing, in whole or in part, of the community's redevelopment project pursuant to Section 16 of Article XVI of the California Constitution.

(g) In making the determinations required by subdivision (a), the Director of Finance shall use those amounts reported as the ''Tax Increment Retained by Agency'' for all agencies and for each agency in the most recent published edition of the Controller's Community Redevelopment Agencies Annual Report made pursuant to Section 12463.3 of the Government Code.

(h) If revised reports have been accepted by the Controller on or before September 1, 2005, the Director of Finance shall use appropriate

data that has been certified by the Controller for the purpose of making the determinations required by subdivision (a).

(i) (1) Notwithstanding any other provision of law, a county redevelopment agency may enter into a loan agreement with the legislative body to have the agency remit to the county's Educational Revenue Augmentation Fund for each of the 2004–05 and 2005–06 fiscal years an amount greater than that determined pursuant to subparagraph (I) of paragraph (2) of subdivision (a) if all of the following conditions are met:

(A) The agency does not exercise its authority under subdivision (b) to borrow from its Low and Moderate Income Housing Fund to finance its payments to the county's Educational Revenue Augmentation Fund.

(B) The agency does not have any outstanding loans from its Low and Moderate Income Housing Fund that were made under subdivision (b) of Section 33981.5, subdivision (b) of Section 33681.7, or subdivision (b) of Section 33681.9.

(C) The loan agreement requires the county to repay any excess remitted amounts, including interest, to the agency within three fiscal years subsequent to the fiscal year in which the loan is made.

(D) The agency making the loan does not participate in pooled borrowing under Section 33681.15.

(2) A loan agreement described in paragraph (1) shall be transmitted to the county auditor not later than December 1 of the fiscal year in which the loan is made. Any amount remitted by the agency to the county Educational Revenue Augmentation Fund for the 2004–05 or 2005–06 fiscal year in excess of the amount determined pursuant to paragraph (1) of subdivision (a) shall be credited to the amount that would otherwise be subtracted by the county auditor pursuant to subdivision (a) of Section 97.71 of the Revenue and Taxation Code for, as applicable, the 2004–05 and 2005–06 fiscal years.

SEC. 5. Section 33681.15 is added to the Health and Safety Code, to read:

33681.15. (a) For the purposes of this section, an ''authorized issuer'' is limited to a joint powers entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code that consists of no less than 100 local agencies issuing bonds pursuant to the Marks-Roos Local Bond Pooling Act of 1984 (commencing with Section 6584) of the Government Code.

(b) An authorized issuer may issue bonds, notes, or other evidence of indebtedness to provide net proceeds to make one or more loans to one or more redevelopment agencies to be used by the agency to timely make the payment required by Section 33681.12.

(c) With the prior approval of the legislative body by adoption of a resolution by a majority of that body that recites that a first lien on the

property tax revenues allocated to the legislative body will be created in accordance with subdivision (h), an agency may enter into an agreement with an authorized issuer issuing bonds pursuant to subdivision (b) to repay a loan used to make the payment required by Section 33681.12, notwithstanding the expiration of the time limit on establishing loans, advances, advances and indebtedness, and the time limit on repayment of indebtedness. For the purpose of calculating the amount that has been divided and allocated to the redevelopment agency to determine whether the limitation adopted pursuant to Section 33333.2 or 33333.4 or pursuant to an agreement or court order has been reached, any funds used to repay a loan entered into pursuant to this section shall be deducted from the amount of property tax revenue deemed to have been received by the agency.

(d) A loan made pursuant to this section shall be repayable by the agency from any available funds of the agency not otherwise obligated for other uses and shall be repayable by the agency on a basis subordinate to all existing and future obligations of the agency.

(e) Upon making a loan to an agency pursuant to this section, the trustee for the bonds issued to provide the funds to make the loan shall timely pay, on behalf of the agency, to the county auditor of the county in which the agency is located the net proceeds (after payment of costs of issuance, credit enhancement costs, and reserves, if any) of the loan in payment in full or in part, as directed by the agency, of the amount required to be paid by the agency pursuant to Section 33681.12 and shall provide the county auditor with the repayment schedule for the loan, together with the name of the trustee.

(f) In the event the agency shall, at any time and from time to time, fail to repay timely the loan in accordance with the schedule provided to the county auditor, the trustee for the bonds shall promptly notify the county auditor of the amount of the payment on the loan that is past due.

(g) The county auditor shall reallocate from the legislative body and shall pay, on behalf of the agency, the past due amount from the first available proceeds of the property tax allocation that would otherwise be transferred to the legislative body pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. This transfer shall be deemed a reallocation of the property tax revenue from the legislative body to the agency for the purpose of payment of the loan, and not as a payment by the legislative body on the loan.

(h) To secure repayment of a loan to an agency made pursuant to this section, the trustee for the bonds issued to provide the funds to make the loan shall have a lien on the property tax revenues allocated to the legislative body pursuant to Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code. This lien

shall arise by operation of this section automatically upon the making of the loan without the need for any action on the part of any person. This lien shall be valid, binding, perfected, and enforceable against the legislative body, its successors, creditors, purchasers, and all others asserting rights in those property tax revenues, irrespective of whether those persons have notice of the lien, irrespective of the fact that the property tax revenues subject to the lien may be commingled with other property, and without the need for physical delivery, recordation, public notice, or any other act. This lien shall be a first priority lien on these property tax revenues. This lien shall not apply to any portion of the property taxes allocated to the agency pursuant to Section 33670.

SEC. 6. Section 97.70 of the Revenue and Taxation Code, as added by Section 21 of Chapter 211 of the Statutes of 2004, is amended to read:

97.70. Notwithstanding any other provision of law, for the 2004–05 fiscal year and for each fiscal year thereafter, all of the following apply:

(a) (1) (A) The auditor shall reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to a county's Educational Revenue Augmentation Fund by the countywide vehicle license fee adjustment amount.

(B) If, for the fiscal year, after complying with Section 97.68 there is not enough ad valorem property tax revenue that is otherwise required to be allocated to a county Educational Revenue Augmentation Fund for the auditor to complete the allocation reduction required by subparagraph (A), the auditor shall additionally reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in the county for that fiscal year by an amount equal to the difference between the countywide vehicle license fee adjustment amount and the amount of ad valorem property tax revenue that is otherwise required to be allocated to the county Educational Revenue Augmentation Fund for that fiscal year. This reduction for each school district and community college district in the county shall be the percentage share of the total reduction that is equal to the proportion that the total amount of ad valorem property tax revenue that is otherwise required to be allocated to the school district or community college district bears to the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in a county. For purposes of this subparagraph, ''school districts'' and ''community college districts'' do not include any districts that are excess tax school entities, as defined in Section 95.

(2) The countywide vehicle license fee adjustment amount shall be allocated to the Vehicle License Fee Property Tax Compensation Fund that shall be established in the treasury of each county.

(b) (1) The auditor shall allocate moneys in the Vehicle License Fee Property Tax Compensation Fund according to the following:

(A) Each city in the county shall receive its vehicle license fee adjustment amount.

(B) Each county and city and county shall receive its vehicle license fee adjustment amount.

(2) The auditor shall allocate one-half of the amount specified in paragraph (1) on or before January 31 of each fiscal year, and the other one-half on or before May 31 of each fiscal year.

(c) For purposes of this section, all of the following apply:

(1) ''Vehicle license fee adjustment amount'' for a particular city, county, or a city and county means, subject to an adjustment under paragraph (2) and Section 97.71, all of the following:

(A) For the 2004–05 fiscal year, an amount equal to the difference between the following two amounts:

(i) The estimated total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004–05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Pt. 5 (commencing with Section 10701) of Div. 2) was 2 percent of the market value of a vehicle, as specified in Section 10752 and 10752.1 as those sections read on January 1, 2004.

(ii) The estimated total amount of revenue that is required to be distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004–05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this clause.

(B) (i) Subject to an adjustment under clause (ii), for the 2005–06 fiscal year, the sum of the following two amounts:

(I) The difference between the following two amounts:

(Ia) The actual total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004–05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a

vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(Ib) The actual total amount of revenue that was distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004–05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this sub-subclause.

(II) The product of the following two amounts:

(IIa) The amount described in subclause (I).

(IIb) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(II) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is less than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be decreased by an amount equal to this difference.

(C) For the 2006–07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year, if Section 97.71 and clause (ii) of subparagraph (B) did not apply for that fiscal year, for that city, county, and city and county.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed

valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(2) ''Countywide vehicle license fee adjustment amount'' means, for any fiscal year, the total sum of the amounts described in paragraph (1) for a county or city and county, and each city in the county.

(3) On or before June 30 of each fiscal year, the auditor shall report to the Controller the vehicle license fee adjustment amount for the county and each city in the county for that fiscal year.

(d) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

(e) For purposes of Section 15 of Article XI of the California Constitution, the allocations from a Vehicle License Fee Property Tax Compensation Fund constitute successor taxes that are otherwise required to be allocated to counties and cities, and as successor taxes, the obligation to make those transfers as required by this section shall not be extinguished nor disregarded in any manner that adversely affects the security of, or the ability of, a county or city to pay the principal and interest on any debts or obligations that were funded or secured by that city's or county's allocated share of motor vehicle license fee revenues.

(f) This section shall not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to county superintendents of schools, cities, counties, and cities and counties pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Sections 97.2 and 97.3 or Article 4 (commencing with Section 98) had this section not been enacted. The allocations required by this section shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation or increased tax increment allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is otherwise determined or allocated in a county.

(4) Reduce ad valorem property tax revenue allocations required under Article 4 (commencing with Section 98).

(g) Tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between

local agencies and nonlocal agencies are deemed to be modified to account for the reduced vehicle license fee revenues resulting from the act that added this section. These agreements are modified in that these reduced revenues are, in kind and in lieu thereof, replaced with ad valorem property tax revenue from a Vehicle License Fee Property Tax Compensation Fund or an Educational Revenue Augmentation Fund.

SEC. 7. Section 97.71 of the Revenue and Taxation Code, as added by Section 22 of Chapter 211 of the Statutes of 2004, is amended to read:

(2) The total amount of reductions for all counties and cities and counties determined pursuant to this subdivision is three hundred fifty million dollars ($350,000,000) for the 2004–05 fiscal year and that same amount for the 2005–06 fiscal year.

(b) (1) The total amount of revenue required to be allocated to a city and county under Section 97.70 shall be reduced by the product of the following two amounts:

(A) The percentage represented by the following fraction:

(i) The numerator is the total amount of money allocated to the city and county from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year pursuant to subdivision (c) of Section 11005, as reported in the State Controller's Monthly Motor Vehicle License Fee Reports for the 2002–03 fiscal year.

(ii) The denominator is the total amount of money allocated among all cities and cities and counties from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year pursuant to subdivision (c) of Section 11005, as reported in the State Controller's Monthly Motor Vehicle License Fee Reports for the 2002–03 fiscal year.

(B) Three hundred fifty million dollars ($350,000,000).

(2) (A) The total amount of revenue required to be allocated to each city under Section 97.70 shall be reduced by the sum of the following three amounts:

(i) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of money allocated to the city from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year, as reported in the State Controller's Monthly Motor Vehicle License Fee Reports for the 2002–03 fiscal year.

(Ib) The denominator is the total amount of money allocated among all cities from the Motor Vehicle License Fee Account in the Transportation Tax Fund for the 2002–03 fiscal year, as reported in the State Controller's Monthly Motor Vehicle License Fee Reports for the 2002–03 fiscal year.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) The difference between three hundred fifty million dollars ($350,000,000) and the amount described in paragraph (1).

(ii) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of money transmitted to the city under Section 7204 for the 2002–03 fiscal year, as reported in Table 21A of the 2002–03 edition of the State Board of Equalization Annual Report.

(Ib) The denominator is the total amount of money transmitted to all cities under Section 7204 for the 2002–03 fiscal year, as reported in Table 21A of the 2002–03 edition of the State Board of Equalization Annual Report.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) The difference between three hundred fifty million dollars ($350,000,000) and the amount described in paragraph (1).

(iii) The product of the following two amounts:

(I) The percentage represented by the following fraction:

(Ia) The numerator is the total amount of ad valorem property tax revenue allocated to the city for the 2002–03 fiscal year, as reported in the 2001–02 edition of the State Controller's Cities Annual Report.

(Ib) The denominator is the total amount of ad valorem property tax revenue allocated among all cities for the 2002–03 fiscal year, as reported in the 2001–02 edition of the State Controller's Cities Annual Report.

(II) The product of the following two amounts:

(IIa) Thirty-three and one-third percent.

(IIb) The difference between three hundred fifty million dollars ($350,000,000) and the amount described in paragraph (1).

(B) Notwithstanding subparagraph (A), the reduction required by this paragraph for any city shall not be less than 2 percent, nor more than 4 percent, of the general revenues of the city, as reported in the 2001–02 edition of the State Controller's Cities Annual Report. If the amount determined for a city under subparagraph (A) exceeds 4 percent of the general revenues of the city, as reported in the 2001–02 edition of the State Controller's Cities Annual Report, the amount of that excess shall be allocated among the reductions required for all other cities in percentage shares corresponding to those reduction amounts.

(3) On or before September 15, 2004, the Controller shall notify the auditor of each county and city and county of the reductions required by this subdivision.

(4) The total amount of reductions for all cities and cities and counties determined pursuant to this subdivision shall be three hundred fifty million dollars ($350,000,000) for the 2004–05 fiscal year and that same amount for the 2005–06 fiscal year.

(5) (A) In lieu of a reduction under paragraph (2), a city may transmit to the county auditor for deposit in the county Educational Revenue Augmentation Fund an amount equal to that reduction. For the 2004–05 fiscal year, if the county auditor does not receive a payment under this paragraph from a city on or before October 1, 2004, the auditor shall make the reduction required by paragraph (2). For the 2005–06 fiscal year, if the county auditor does not receive a payment under this paragraph from a city on or before October 1, 2005, the auditor shall make the reduction required by paragraph (2).

(B) Notwithstanding any other provision of law, to make the transmittals authorized by this paragraph, a city may use any funds or revenues, the use of which is not restricted by federal law or the California Constitution.

(6) (A) Notwithstanding any other provision of law, a city that has established a reserve for subsidence contingencies may, for the 2004–05 and 2005–06 fiscal years only, retain interest earned on that reserve for the previous calendar year in an amount not to exceed the amount of the reduction for that city required by this subdivision.

(B) The Legislature finds and declares that the amounts retained by a city pursuant to subparagraph (A) are in excess of trust needs and are free from the public trust for navigation, commerce, fisheries, and any other trust uses and restrictions.

(C) A city that has retained an amount under subparagraph (A) shall, beginning with the 2006–07 fiscal year, repay to the reserve for subsidence contingencies that amount so retained. The repayment shall be made in annual increments, which increments shall not be less than five hundred thousand dollars ($500,000), until the amount retained by the city has been repaid. Those amounts repaid to the reserve for subsidence contingencies are subject to the public trust and shall be used only for the purposes prescribed by law for the reserve.

(c) That amount of revenue that is not allocated to a county, city and county, or a city as a result of subdivisions (a) and (b), and that amount that is received by the county auditor under paragraph (5) of subdivision (b), shall be deposited in the county Educational Revenue Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(d) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

SEC. 8. Section 97.72 of the Revenue and Taxation Code, as added by Section 23 of Chapter 211 of the Statutes of 2004, is amended to read:

97.72. Notwithstanding any other provision of law, for each of the 2004–05 and 2005–06 fiscal years, all of the following apply:

(a) (1) (A) (i) Except as otherwise provided in clauses (ii) and (iii), the total amount of ad valorem property tax revenue, other than these revenues that are pledged to debt service, otherwise allocated for each of those fiscal years to each enterprise special district shall be reduced by the lesser of the following:

(I) Forty percent of the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(II) An amount equal to 10 percent of that district's total revenues for the 2001–02 fiscal year, from whatever source, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(ii) The total amount of ad valorem property tax revenue otherwise allocated for each of those fiscal years to each enterprise special district that is a transit district shall be reduced by 3 percent of the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(iii) The total amount of ad valorem property tax revenue otherwise allocated for each of those fiscal years to an enterprise special district that also performs, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report, nonenterprise functions other than fire protection or police protection shall be decreased by both of the following, not to exceed 10 percent of a district's total revenues from whatever source, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report:

(I) Forty percent of the amount of ad valorem property tax revenue of the district's enterprise functions for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(II) Ten percent of the amount of ad valorem property tax revenue of the district's nonenterprise functions for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(B) If an enterprise special district is located in more than one county, the auditor of each county in which that enterprise special district is located shall implement that portion of the total reduction, required by subparagraph (A) with respect to that district, determined by the ratio of the amount of ad valorem property tax revenue allocated to that district from the county to the total amount of ad valorem property tax revenue allocated to that district from all counties.

(2) The Controller shall determine the amount of the ad valorem property tax revenue reduction required by paragraph (1) for each enterprise special district in each county. The Controller shall then determine whether the total amount of ad valorem property tax revenue reductions under paragraph (1) and Section 97.73 is less than three hundred fifty million dollars ($350,000,000). If, for either the 2004–05 or 2005–06 fiscal year, the total of the amount of these reductions is less than three hundred fifty million dollars ($350,000,000), the total amount of ad valorem property tax revenue allocated to each enterprise special district, other than an enterprise special district that is a transit district, shall be reduced by an additional amount equal to that district's proportionate share of the difference, provided that the total reduction under this section for a district shall not exceed 10 percent of that district's revenue from whatever source for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special

Districts Annual Report. If, as a result of this 10-percent limitation, any portion of the difference remains unapplied, that remaining portion shall, as many times as necessary, be applied in proportionate shares among those enterprise special districts, other than transit districts, for which the 10-percent limitation has not been reached, until a three hundred fifty million dollar reduction ($350,000,000) has been applied. The Controller shall, on or before October 25, 2004, notify the Director of Finance of the reduction amounts determined under this subdivision. The Director of Finance shall, on or before November 12, 2004, notify each county auditor of the allocation reductions required by this paragraph and Section 97.73.

(b) That amount of ad valorem property tax revenue that is not allocated to an enterprise special district as a result of subdivision (a) shall instead be deposited in the county Educational Revenue Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(c) For purposes of this section, all of the following apply:

(1) ''Enterprise special district'' means a special district that performs, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report, an enterprise function. ''Enterprise special district'' does not include a fire protection district that was formed under the Shade Tree Law of 1909 set forth in Article 2 (commencing with Section 25620) of Chapter 7 of Division 2 of Title 3 of the Government Code, a local health care district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code, or a qualified special district as defined in Section 97.34.

(2) With respect to an enterprise special district that also performs, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report, a police protection nonenterprise function with certified peace officers, as described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or a fire protection nonenterprise function, ''the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year'' does not include ad valorem property tax revenue of that district for fire protection or police protection nonenterprise functions, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(3) For purposes of this section, ''revenues that are pledged to debt service'' includes only those amounts required as the sole source of repayment to pay debt service costs in the 2002–03 fiscal year on debt instruments issued by an enterprise special district for the acquisition of fixed assets. For purposes of this paragraph, ''fixed assets'' means land, buildings, equipment, and improvements, including improvements to buildings.

(d) For the purposes of this section, if a special district's financial transactions do not appear in the 2001–02 edition of the State Controller's Special Districts Annual Report, the Controller shall use the most recent data available for that district.

(e) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

SEC. 9. Section 97.73 of the Revenue and Taxation Code, as added by Section 24 of Chapter 211 of the Statutes of 2004, is amended to read:

97.73. Notwithstanding any other provision of law, for each of the 2004–05 and 2005–06 fiscal years, all of the following apply:

(a) (1) (A) The total amount of ad valorem property tax revenue, other than those revenues that are pledged to debt service, otherwise allocated for each of those fiscal years to each nonenterprise special district shall be reduced by 10 percent of the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(B) (i) Notwithstanding subparagraph (A), for the Laguna Niguel Community Service District in the County of Orange, the reduction described in subparagraph (A) shall be 4 percent rather than 10 percent.

(ii) If the district described in clause (i) is not dissolved before July 1, 2006, for each of the 2006–07 and 2007–08 fiscal years, the auditor shall reduce the total amount of ad valorem property tax revenue, other than those revenues that are pledged to debt service, otherwise allocated to that district for each of those fiscal years by 6 percent of the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(C) If a nonenterprise special district is located in more than one county, the auditor of each county in which that nonenterprise special district is located shall implement that portion of the total reduction, required by subparagraph (A) with respect to that district, determined by the ratio of the amount of ad valorem property tax revenue allocated to that district from the county to the total amount of ad valorem property tax revenue allocated to that district from all counties.

(2) The Controller shall determine the amount of the ad valorem property tax revenue reduction required by paragraph (1) for each nonenterprise special district in each county and notify the Director of Finance of these amounts on or before October 25, 2004.

(b) That amount of ad valorem property tax revenue that is not allocated to a nonenterprise special district as a result of subdivision (a) shall instead be deposited in the county Educational Revenue

Augmentation Fund and shall be allocated as specified in subdivision (d) of Section 97.3.

(c) For purposes of this section, all of the following apply:

(1) (A) ''Nonenterprise special district'' means a special district that engages solely, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report, in nonenterprise functions, and a qualified special district as defined in Section 97.34.

(B) Notwithstanding any other provision of law, ''nonenterprise special district'' does not include any of the following:

(iv) Any library special district, including, but not limited to, the following:

(3) With respect to a nonenterprise special district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3 of Division 5 of the Public Resources Code that performs, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report, nonenterprise functions and police protection services with certified peace officers, as described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or nonenterprise functions and fire protection services, ''the amount of ad valorem property tax revenue of the district for the 2001–02 fiscal year'' does not include total expenditures net of total revenues by that district for fire protection or police protection nonenterprise functions, as reported in the 2001–02 edition of the State Controller's Special Districts Annual Report.

(4) For purposes of this section, ''revenues that are pledged to debt service'' includes only those amounts required as the sole source of repayment to pay debt service costs in the 2002–03 fiscal year on debt instruments issued by a nonenterprise special district for the acquisition of fixed assets. For purposes of this paragraph, ''fixed assets'' means land, buildings, equipment, and improvements, including improvements to buildings.

(d) For the purposes of this section, if a special district's financial transactions do not appear in the 2001–02 edition of the State Controller's Special Districts Annual Report, the Controller shall use the most recent data available for that district.

(e) For the 2005–06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

SEC. 9.5. Section 97.74 of the Revenue and Taxation Code is repealed.

SEC. 10. Section 7203.1 of the Revenue and Taxation Code, as amended by Section 29.5 of Chapter 211 of the Statutes of 2004, is amended to read:

7203.1. (a) Notwithstanding any other provision of law, during the revenue exchange period only, the authority of a county or a city under this part to impose a tax rate as specified in an ordinance adopted pursuant to Sections 7202 and 7203 is suspended, and the tax rate to be applied instead during that period under any ordinance as so adopted is the applicable of the following:

(1) In the case of a county, 1 percent.

(2) In the case of a city, three-quarters of 1 percent or less.

(b) For purposes of this section, ''revenue exchange period'' means the period on and after July 1, 2004, and before the first day of the first calendar quarter commencing more than 90 days following a notification to the board by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.

(c) Subdivision (a) is a self-executing provision that operates without regard to any decision or act on the part of any local government. A change in a local general tax rate resulting from either the rate limitations applied by subdivision (a) or the end of the revenue exchange period is not subject to voter approval under either statute or Article XIII C of the California Constitution.

(d) Existing tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies shall be deemed to be temporarily modified to account for the reduction in sales and use tax revenues resulting from this section, with those reduced revenues to be replaced as may otherwise be provided by law.

SEC. 11. Section 10754.11 of the Revenue and Taxation Code, as added by Section 35 of Chapter 211 of the Statutes of 2004, is amended to read:

10754.11. (a) (1) On August 15, 2006, the Controller shall transfer from the General Fund to the Gap Repayment Fund, which is hereby created in the State Treasury, an amount equal to the total amount of offsets that were applied to new vehicle registrations before October 1, 2003, and that were applied to vehicle license fees with a due date before October 1, 2003, that were not transferred into the Motor Vehicle License Fee Account in the Transportation Tax Fund and the Local Revenue Fund due to the operation of Item 9100-102-0001 of Section 2.00 of the Budget Act of 2003. The amount of this transfer shall include transfers not made for offsets applied on or after June 20, 2003, transfers required under clause (iii) of subparagraph (B) of paragraph (2) of subdivision (a) of Section 11000 as that section read on June 30, 2004, and the additional amounts required to be transferred to the Local Revenue Fund pursuant to paragraph (2) of subdivision (a) of Section 11001.5 and paragraph (2) of subdivision (d) of that same section, less any amount that was appropriated under clause (iii) of subparagraph (D)

of paragraph (3) of subdivision (a) of Section 10754, as that section read on June 30, 2004.

(2) The Controller may make the transfer required by paragraph (1) prior to August 15, 2006, if that transfer is authorized by the Legislature.

(b) Moneys in the Gap Repayment Fund are hereby appropriated to the Controller for allocation by the Controller to each city, county, and city and county in an amount equal to the amount that was not allocated to each of these entities due to the operation of Item 9100-102-001 of Section 2.00 of the Budget Act of 2003, less any amount that was allocated to each entity under clause (ii) of subparagraph (D) of paragraph (3) of subdivision (a) of Section 10754, as that section read on June 30, 2004.

(c) This section is operative for the period beginning on and after July 1, 2004.

SEC. 12. Section 11001.5 of the Revenue and Taxation Code, as amended by Section 37 of Chapter 211 of the Statutes of 2004, is amended to read:

11001.5. (a) (1) Notwithstanding Section 11001, and except as provided in paragraph (2) and in subdivisions (b) and (d), 24.33 percent, and on and after July 1, 2004, 74.9 percent, of the moneys collected by the department under this part shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and first allocated to the County of Orange as provided in subdivision (a) of Section 11005 and as necessary for the service of indebtedness as pledged by Sections 25350.6 and 53585.1 of the Government Code and in accordance with written instructions provided by the Controller under Sections 25350.7, 25350.9, and 53585.1 of the Government Code, and the balance shall be allocated to each city and city and county as otherwise provided by law.

(2) For the period beginning on and after July 1, 2003, and ending on February 29, 2004, the Controller shall deposit an amount equal to 28.07 percent of the moneys collected by the department under this part in the State Treasury to the credit of the Local Revenue Fund. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(b) Notwithstanding Section 11001, net funds collected as a result of procedures developed for greater compliance with vehicle license fee laws in order to increase the amount of vehicle license fee collections

shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Vehicle License Fee Collection Account of the Local Revenue Fund as established pursuant to Section 17600 of the Welfare and Institutions Code. All revenues in excess of fourteen million dollars ($14,000,000) in any fiscal year shall be allocated to cities and cities and counties as specified in subdivisions (b) and (c) of Section 11005.

(c) Notwithstanding Section 11001, 25.72 percent of the moneys collected by the department on or after August 1, 1991, and before August 1, 1992, under this part shall be reported monthly to the Controller, and at the same time, deposited in the State Treasury to the credit of the Local Revenue Fund, as established pursuant to Section 17600 of the Welfare and Institutions Code. All other moneys collected by the department under this part shall continue to be deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and allocated to each city, county, and city and county as otherwise provided by law.

(d) Notwithstanding any other provision of law, both of the following apply:

(1) This section is operative for the period beginning on and after March 1, 2004.

(2) It is the intent of the Legislature that the total amount deposited by the Controller in the State Treasury to the credit of the Local Revenue Fund for the 2003–04 fiscal year be equal to the total amount that would have been deposited to the credit of the Local Revenue Fund if paragraph (1) of subdivision (a) was applied during that entire fiscal year. The department shall calculate and notify the Controller of the adjustment amounts that are required by this paragraph to be deposited in the State Treasury to the credit of the Local Revenue Fund. The amounts deposited in the State Treasury to the credit of the Local Revenue Fund pursuant to this paragraph shall be deemed to have been deposited during the 2003–04 fiscal year.

(e) This section does not amend nor is it intended to amend or impair Section 25350 and following of, Section 53584 and following of, the Government Code, or any other statute dealing with the interception of funds.

SEC. 13. Section 11005 of the Revenue and Taxation Code, as added by Section 40 of Chapter 211 of the Statutes of 2004, is amended to read:

11005. After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving the amount determined necessary by the Pooled Money Investment Board to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, commencing with the 2004–05 fiscal

year, the balance of all motor vehicle license fees and any other money appropriated by law for expenditure pursuant to this section and deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and remaining unexpended therein at the close of business on the last day of the calendar month, shall be allocated by the Controller by the 10th day of the following month in accordance with the following:

(a) First, to the County of Orange. For the 2004–05 fiscal year, that county shall be allocated fifty-four million dollars ($54,000,000) in monthly installments. For the 2005–06 fiscal year and each fiscal year thereafter, that county shall receive, in monthly installments, an amount equal to the amount allocated under this section for the prior fiscal year, adjusted for the percentage change in the amount of revenues credited to the Motor Vehicle License Fee Account in the Transportation Tax Fund from the revenues credited to that account in the prior fiscal year. Moneys allocated to the County of Orange under this subdivision shall be used first for the service of indebtedness as provided in paragraph (1) of subdivision (a) of Section 11001.5. Any amounts in excess of the amount required for this service of indebtedness may be used by that county for any lawful purpose.

(b) Second, to each city, the population of which is determined under Section 11005.3 on August 5, 2004, in an amount equal to the additional amount of vehicle license fee revenue, including offset transfers, that would be allocated to that city under Sections 11000 and 11005, as those sections read on January 1, 2004, as a result of that city's population being determined under Section 11005.3.

(c) Third, to the cities and cities and counties of this state in the proportion that the population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the population research unit of the Department of Finance. For the purpose of this subdivision, the population of each city or city and county is that determined by the last federal decennial or special census, or a subsequent census validated by the demographic research unit or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code.

SEC. 14. The Legislature finds and declares all of the following:

(a) (1) This act would, by means of provisions relating to the allocation of property tax and vehicle license fee revenues, comprehensively revise and reform local government finance.

(2) The Local Taxpayers and Public Safety Protection Act, which appears as Proposition 65 on the November 2, 2004, general election ballot (hereafter Proposition 65), would suspend the effect and operation of any interim statute, as defined in Proposition 65, pending the approval

of that interim statute in a specified manner by the statewide electorate at the first statewide election occurring after that statute takes effect.

(3) This act comprehensively revises and reforms local government finance by means of various provisions that take effect between November 1, 2003, and November 3, 2004, and that, if proposed on or after November 3, 2004, would be subject to voter approval under Section 1 of Article XIII E of the California Constitution, as added by Proposition 65, should that measure be approved by the voters and take effect.

(4) Therefore, this act is in its entirety an interim statute within the meaning of Proposition 65, the effect and operation of which is suspended pending voter approval as required by that measure, should that measure be approved by the voters and take effect.

(b) (1) Chapter 211 of the Statutes of 2004 added Section 97.70 to, amended Section 10754 of, and repealed Section 11000 of, the Revenue and Taxation Code. The amendments made to Section 10754 of, and the repeal of Section 11000 of, the Revenue and Taxation Code deleted provisions relating to allocations of state General Fund revenues that were previously required to be made to cities, counties, and cities and counties to compensate these entities for revenue losses resulting from offsets to the vehicle license fee. Beginning with the 2004–05 fiscal year, Section 97.70 of the Revenue and Taxation Code provides ad valorem property tax revenues to cities, counties, and cities and counties in lieu of these allocations of state General Fund revenues.

(2) Therefore, it is the intent of the Legislature in enacting this act and Chapter 211 of the Statutes of 2004 to ensure that, for the 2004–05 fiscal year and each fiscal year thereafter, no state General Fund revenues be allocated to cities, counties, and cities and counties to compensate these entities for offsets to the vehicle license fee, except as otherwise provided by Section 10754.11 of the Revenue and Taxation Code.

SEC. 15. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enact the statutory changes needed to implement the Budget Act of 2004 to allow the state and local governments to preserve

the public peace, health, and safety, it is necessary that this act take effect immediately.

CHAPTER 611

An act to amend Section 14528.5 of the Government Code, relating to transportation.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 14528.5 of the Government Code is amended to read:

14528.5. (a) To resolve local transportation problems resulting from the infeasibility of a planned state transportation facility on State Highway Route 238, the city or county in which the planned facility was to be located, acting jointly with the transportation planning agency having jurisdiction over the city or county, may develop and file with the commission a local alternative transportation improvement program that addresses transportation problems and opportunities in the county which was to be served by the planned facility.

(b) The commission shall have the final authority regarding the content and approval of the local alternative transportation improvement program. The commission shall not approve any local alternative transportation improvement program submitted under this section after July 1, 2010.

(c) All proceeds from the sale of the excess properties, less any reimbursements due to the federal government and all costs incurred in the sale of those excess properties, shall be allocated by the commission to fund the approved local alternative transportation improvement program and shall not be subject to Sections 188 and 188.8 of the Streets and Highways Code. The proceeds shall be used only for highway purposes.

(d) This section does not apply to those highways that are in the National System of Interstate and Defense Highways.

(e) This section applies only to State Highway Route 238.

CHAPTER 612

An act to add Section 138.10 to the Water Code, relating to water.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 138.10 is added to the Water Code, to read:

138.10. (a) On or before January 1, 2006, the director, in collaboration with the Secretary of Interior or his or her designee, shall prepare a plan to meet the existing permit and license conditions for which the department has an obligation, as described in the State Water Resources Control Board Decision No. 1641.

(b) The plan shall be designed to achieve compliance with the permit and license conditions described in subdivision (a). The director shall prepare the plan, and submit copies of the plan to the board and the California Bay-Delta Authority, prior to increasing the existing permitted diversion rate at the State Water Project's Harvey O. Banks Pumping Plant.

(c) Nothing in this section limits or restricts the department in its operation of the State Water Project due to failure of other water rights permittees or licensees to meet water quality conditions of their respective permits or licenses.

CHAPTER 613

An act to amend Section 701.8 of the Public Utilities Code, relating to electrical restructuring, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The San Francisco Bay Area Rapid Transit (BART) District provides essential public transit services that are funded by fares and taxes.

(b) The BART District has qualified under the Reclamation Project Act of 1939 as amended and supplemented as a preference entity for

purposes of purchasing electricity from federal power marketing agencies (preference power).

(c) The BART system has been continuously served by preference power, a publicly owned electricity supply, since before electrical restructuring and before the energy crisis of 2000–01, pursuant to the terms and conditions established by the enactment of Senate Bill 184 (Chapter 681 of the Statutes of 1995).

(d) It is the intent of the Legislature in enacting this act, to authorize the BART District to receive electric service from another publicly owned supplier of electricity on the same terms authorized by Chapter 206 of the Statutes of 1998.

SEC. 2. Section 701.8 of the Public Utilities Code is amended to read:

701.8. (a) To ensure that the commission regulated electric utilities do not operate their transmission and distribution monopolies in a manner that impedes the ability of the San Francisco Bay Area Rapid Transit District (BART District) to reduce its electricity cost through the purchase and delivery of preference power, electrical corporations shall meet the requirements of this section.

(b) Any electric utility regulated by the commission that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the BART District's system shall, upon request by the BART District, and without discrimination or delay, use the same facilities to deliver preference power purchased from a federal power marketing agency or its successor, or electricity purchased from a local publicly owned electric utility, as defined in Section 9604.

(c) Where the BART District purchases electric power at more than one location, at any voltage, from an electric utility under tariffs regulated by the commission, the utility shall bill the BART District for usage as though all the electricity purchased at transmission level voltages were metered by a single meter at one location and all the electricity purchased at subtransmission voltages were metered by a single meter at one location, provided that any billing for demand charges would be based on the coincident demand of transmission and distribution metering.

(d) If, on or after January 1, 1996, the BART District leases or has agreed to lease, as special facilities, utility plants for the purpose of receiving power at transmission level voltages, an electric utility regulated by the commission may not terminate the lease without concurrence from the BART District.

(e) When the BART District elects to have electricity delivered pursuant to subdivision (b), neither Sections 365 and 366, and any commission regulations, orders, or tariffs, that implement direct transactions, are applicable, nor is the BART District an electricity

supplier. Neither the commission, nor any electric utility that delivers the federal power or electricity purchased from a local publicly owned electric utility to the BART District, shall require that an electricity supplier be designated as a condition of the delivery of that power.

(f) The BART District may elect to obtain electric power from the following multiple sources at the same time:

(1) Electric power delivered pursuant to subdivision (b).

(2) Electric power supplied by one or more direct transactions.

(3) Electric power from any electric utility regulated by the commission that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the BART District's system.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances applicable only to the San Francisco Bay Area Rapid Transit District, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the continued delivery of electricity to the San Francisco Bay Area Rapid Transit District at an affordable rate, it is necessary for this act to take effect immediately.

CHAPTER 614

An act to amend Sections 2081.7 and 2931 of, and to add Sections 2081.8 and 2932.5 to, the Fish and Game Code, relating to wildlife, and making an appropriation therefor.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 2081.7 of the Fish and Game Code is amended to read:

2081.7. (a) Notwithstanding Sections 3511, 4700, 5050, and 5515, and contingent upon the fulfillment of the conditions listed in subdivisions (b), (c), and (d), the department may authorize, under Chapter 1.5 (commencing with Section 2050) or Chapter 10 (commencing with Section 2800), the take of species resulting from impacts attributable to the implementation of the Quantification Settlement Agreement, as defined in subdivision (a) of Section 1 of Chapter 617 of the Statutes of 2002, on all of the following:

(1) The salinity, elevation, shoreline habitat, or water quality of the Salton Sea.

(2) The quantity and quality of water flowing in the All American Canal, the Coachella Canal, the Imperial Valley and Coachella Valley drains, the New and Alamo Rivers, the Coachella Valley Stormwater Channel, and the habitat sustained by those flows.

(3) Agricultural lands in the Imperial Valley.

(4) The quantity and quality of water flowing in the Colorado River, the habitat sustained by those flows, and the collection of that water for delivery to authorized users.

(b) The Quantification Settlement Agreement is executed by the appropriate parties on or before October 12, 2003.

(c) The department has determined that the appropriate agreements have been executed to address environmental impacts at the Salton Sea that include enforceable commitments requiring all of the following:

(1) Imperial Irrigation District to transfer 800,000 acre-feet of conserved water, by conservation methods selected by the Imperial Irrigation District, to the Department of Water Resources on a mutually agreed-upon schedule in exchange for payment of one hundred seventy-five dollars ($175) per acre-foot. The price shall be adjusted for inflation on an annual basis.

(2) Imperial Irrigation District to transfer up to 800,000 additional acre-feet of conserved water, by conservation methods selected by the Imperial Irrigation District, to the Department of Water Resources during the first 15 years of the Quantification Settlement Agreement on the schedule established for the mitigation water that was previously to be transferred to the San Diego Water Authority, or on a mutually agreed-upon schedule, at no cost for the water in addition to the payment for the water from the mitigation fund described in paragraph (1) of subdivision (b) of Section 3 of Chapter 613 of the Statutes of 2003.

(3) As a condition to acquisition of the water described in paragraph (1), the Department of Water Resources shall be responsible for any

environmental impacts, including Salton Sea salinity, related to use or transfer of that water. As a condition to acquisition of the water described in paragraph (2), the Department of Water Resources shall be responsible for environmental impacts related to Salton Sea salinity that are related to the use or transfer of that water.

(4) The Metropolitan Water District of Southern California (MWD) to purchase up to 1.6 million acre-feet of the water provided in accordance with paragraphs (1) and (2) from the Department of Water Resources at a price of not less than two hundred fifty dollars ($250) per acre-foot on a mutually agreed-upon schedule. The price shall be adjusted for inflation on an annual basis. The Department of Water Resources shall deposit all proceeds from the sale of water pursuant to this paragraph, after deducting costs and reasonable administrative expenses, into the Salton Sea Restoration Fund established in Section 2932.

(5) The Metropolitan Water District of Southern California to pay not less than twenty dollars ($20) per acre-foot for all special surplus water received by MWD as a result of reinstatement of access to that water under the Interim Surplus Guidelines by the United States Department of Interior subtracting any water delivered to Arizona as a result of a shortage. The money shall be paid into the Salton Sea Restoration Fund. The price shall be adjusted for inflation on an annual basis. Metropolitan Water District of Southern California shall receive a credit against future mitigation obligations under the Lower Colorado River Multi-Species Conservation Plan for any funds provided under this paragraph to the extent that those funds are spent on projects that contribute to the conservation or mitigation for species identified in the Lower Colorado River Multi-Species Conservation Plan and that are consistent with the preferred alternative for Salton Sea restoration.

(6) Coachella Valley Water District, Imperial Irrigation District, and San Diego County Water Authority to pay a total of thirty million dollars ($30,000,000) to the Salton Sea Restoration Fund as provided in paragraph (2) of subdivision (b) of Section 3 of Chapter 613 of the Statutes of 2003.

(d) All of the following conditions are met:

(1) The requirements of subdivision (b) and (c) of Section 2081 are satisfied as to the species for which take is authorized.

(2) The take authorization provides for the development and implementation, in cooperation with federal and state agencies, of an adaptive management process for monitoring the effectiveness of, and adjusting as necessary, the measures to minimize and fully mitigate the impacts of the authorized take. The adjusted measures are subject to Section 2052.1.

(3) The take authorization provides for the development and implementation in cooperation with state and federal agencies of an adaptive management process that substantially contributes to the long-term conservation of the species for which take is authorized. Preparation of the adaptive management program and implementation of the program is the responsibility of the department. The department's obligation to prepare and implement the adaptive management program is conditioned upon the availability of funds pursuant to the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002, if it is approved by the voters at the statewide general election to be held November 5, 2002 (Proposition 50), or other funds that may be appropriated by the Legislature or approved by the voters for that purpose. The failure to appropriate funds does not relieve the applicant of the obligations of paragraphs (1) and (2). However, the applicant shall not be required to fund any program pursuant to this paragraph.

(4) The requirements of paragraph (1) may be satisfied if the take is authorized under Chapter 10 (commencing with Section 2800).

(e) (1) The Secretary of the Resources Agency, in consultation with the department, the Department of Water Resources, the Salton Sea Authority, appropriate air quality districts, and the Salton Sea Advisory Committee, shall undertake a restoration study to determine a preferred alternative for the restoration of the Salton Sea ecosystem and the protection of wildlife dependent on that ecosystem. The Secretary of the Resources Agency shall extend an invitation to the United States Geological Survey Salton Sea Science Office to also participate in the restoration study, and the office may participate if it accepts the invitation. The restoration study shall be conducted pursuant to a process with deadlines for release of the report and programmatic environmental documents established by the secretary, in consultation with the department, the Department of Water Resources, the Salton Sea Authority, and the Salton Sea Advisory Committee, and the United States Geological Survey Salton Sea Science Office, if it is a participant. The secretary shall use all available authority to enter into a memorandum of understanding (MOU) with the Secretary of the Interior, as provided in Section 101(b)(1)(B)(i) of the Salton Sea Reclamation Act of 1998 (P.L. 105-372) for the purpose of obtaining federal participation in the restoration of the Salton Sea.

(2) The restoration study shall establish all of the following:

(A) An evaluation of alternatives for the restoration of the Salton Sea that includes consideration of strategies for salinity control, habitation creation and restoration, and different shoreline elevations and surface area configurations. The alternatives shall consider the range of possible inflow conditions. The evaluation established pursuant to this subparagraph shall also include suggested criteria for selecting and

evaluating alternatives consistent with Chapter 13 (commencing with Section 2930), including, but not limited to, at least one most cost-effective, technically feasible, alternative.

(B) An evaluation of the magnitude and practicability of costs of construction, operation, and maintenance of each alternative evaluated.

(C) A recommended plan for the use or transfer of water provided by paragraph (2) of subdivision (c). No water may be transferred pursuant to that subdivision unless the secretary finds that transfer is consistent with the preferred alternative for Salton Sea restoration.

(D) The selection of a preferred alternative consistent with Section 2931, including a proposed funding plan to implement the preferred alternative. The proposed funding plan shall include a determination of the moneys that are, or may be, available to construct and operate the preferred project, including, but not limited to, all of the following moneys:

(i) Moneys in the Salton Sea Restoration Fund established by Section 2932.

(v) Moneys derived from user or other fees.

(3) The study identifying the preferred alternative shall be submitted to the Legislature on or before December 31, 2006.

(4) The Secretary of the Resources Agency shall establish an advisory committee for purposes of this subdivision as follows:

(A) The advisory committee shall be selected to provide balanced representation of the following interests:

(i) Agriculture.

(ii) Local governments.

(iii) Conservation groups.

(iv) Tribal governments.

(v) Recreational users.

(vi) Water agencies.

(vii) Air pollution control districts.

(viii) Geothermal energy development.

(B) Appropriate federal agency representatives may be asked to serve in an ex officio capacity.

(C) The Resources Agency shall consult with the advisory committee throughout all stages of the alternative selection process.

(D) The advisory committee shall meet no fewer than six times annually.

(E) The secretary shall appoint a vice chair of the advisory committee from the committee membership. The vice chair shall work with the secretary to develop advisory committee agendas and to schedule meetings of the committee. The secretary and vice chair shall appoint an agenda subcommittee to assist in the preparation of advisory committee agendas.

(F) The advisory committee shall submit to the Resources Agency recommendations to assist the agency in preparation of its restoration plan. The Resources Agency shall develop a schedule for the completion of these recommendations to ensure that these recommendations will be considered by the agency in a timely and meaningful manner as the restoration plan is developed. These recommendations may include, but are not limited to:

(i) The specific goals and objectives of the restoration plan.

(ii) The range of alternative restoration actions that must be developed and analyzed.

SEC. 2. Section 2081.8 is added to the Fish and Game Code, to read:

2081.8. The Resources Agency shall undertake the necessary activities to assess the protection of recreational opportunities, including, but not limited to, hunting, fishing, boating, and birdwatching, and the creation of opportunities for improved local economic conditions, surrounding the Salton Sea. The Resources Agency shall not undertake any of those activities if the agency determines they would constitute a project purpose for environmental documentation that is prepared pursuant to Section 2081.7.

SEC. 3. Section 2931 of the Fish and Game Code is amended to read:

2931. (a) It is the intent of the Legislature that the State of California undertake the restoration of the Salton Sea ecosystem and the permanent protection of the wildlife dependent on that ecosystem.

(c) The preferred alternative shall provide the maximum feasible attainment of the following objectives:

(1) Restoration of long-term stable aquatic and shoreline habitat for the historic levels and diversity of fish and wildlife that depend on the Salton Sea.

(2) Elimination of air quality impacts from the restoration projects.

(3) Protection of water quality.

SEC. 4. Section 21675 of the Public Utilities Code is amended to read:

21675. (a) Each commission shall formulate an airport land use compatibility plan that will provide for the orderly growth of each public airport and the area surrounding the airport within the jurisdiction of the commission, and will safeguard the general welfare of the inhabitants within the vicinity of the airport and the public in general. The commission's airport land use compatibility plan shall include and shall be based on a long-range master plan or an airport layout plan, as determined by the Division of Aeronautics of the Department of Transportation, that reflects the anticipated growth of the airport during at least the next 20 years. In formulating an airport land use compatibility plan, the commission may develop height restrictions on buildings, specify use of land, and determine building standards, including soundproofing adjacent to airports, within the airport influence area. The airport land use compatibility plan shall be reviewed as often as necessary in order to accomplish its purposes, but shall not be amended more than once in any calendar year.

(b) The commission shall include, within its airport land use compatibility plan formulated pursuant to subdivision (a), the area within the jurisdiction of the commission surrounding any military airport for all of the purposes specified in subdivision (a). The airport land use compatibility plan shall be consistent with the safety and noise standards in the Air Installation Compatible Use Zone prepared for that military airport. This subdivision does not give the commission any jurisdiction or authority over the territory or operations of any military airport.

(c) The airport influence area shall be established by the commission after hearing and consultation with the involved agencies.

(d) The commission shall submit to the Division of Aeronautics of the department one copy of the airport land use compatibility plan and each amendment to the plan.

(e) If an airport land use compatibility plan does not include the matters required to be included pursuant to this article, the Division of Aeronautics of the department shall notify the commission responsible for the plan.

SEC. 5. Section 21675.1 of the Public Utilities Code is amended to read:

21675.1. (b) Until a commission adopts an airport land use compatibility plan, a city or county shall first submit all actions, regulations, and permits within the vicinity of a public airport to the commission for review and approval. Before the commission approves or disapproves any actions, regulations, or permits, the commission shall give public notice in the same manner as the city or county is required to give for those actions, regulations, or permits. As used in this section, ''vicinity'' means land that will be included or reasonably could be included within the airport land use compatibility plan. If the commission has not designated an airport influence area for the airport land use compatibility plan, then ''vicinity'' means land within two miles of the boundary of a public airport.

(c) The commission may approve an action, regulation, or permit if it finds, based on substantial evidence in the record, all of the following:

(1) The commission is making substantial progress toward the completion of the airport land use compatibility plan.

(2) There is a reasonable probability that the action, regulation, or permit will be consistent with the airport land use compatibility plan being prepared by the commission.

(3) There is little or no probability of substantial detriment to or interference with the future adopted airport land use compatibility plan if the action, regulation, or permit is ultimately inconsistent with the airport land use compatibility plan.

(d) If the commission disapproves an action, regulation, or permit, the commission shall notify the city or county. The city or county may overrule the commission, by a two-thirds vote of its governing body, if it makes specific findings that the proposed action, regulation, or permit is consistent with the purposes of this article, as stated in Section 21670.

(e) If a city or county overrules the commission pursuant to subdivision (d), that action shall not relieve the city or county from further compliance with this article after the commission adopts the airport land use compatibility plan.

(f) If a city or county overrules the commission pursuant to subdivision (d) with respect to a publicly owned airport that the city or county does not operate, the operator of the airport is not liable for

damages to property or personal injury resulting from the city's or county's decision to proceed with the action, regulation, or permit.

(g) A commission may adopt rules and regulations that exempt any ministerial permit for single-family dwellings from the requirements of subdivision (b) if it makes the findings required pursuant to subdivision (c) for the proposed rules and regulations, except that the rules and regulations may not exempt either of the following:

(1) More than two single-family dwellings by the same applicant within a subdivision prior to June 30, 1991.

(2) Single-family dwellings in a subdivision where 25 percent or more of the parcels are undeveloped.

The revenue amount for each operator shall be determined from the annual report submitted to the Legislature by the Controller pursuant to Section 99243.5. processing and payment programs for vehicle registration and titling transactions.

(b) (1) The department may enter into contractual agreements with qualified private industry partners. There are the following three types of private industry partnerships authorized under this section:

Any decision to remove a name may be appealed to any court of competent jurisdiction.

(f) In the event that a CAP, acting pursuant to a contract with a court, audits or inspects the records of a traffic violator school, the CAP shall use the same process and procedures used by the department to conduct the audit or inspection.

(g) This section does not preclude a court from entering into a contract with public or private nonprofit agencies to provide services to the court, other than those described in this section.

(a) A vehicle may be equipped with not more than two red fog taillamps mounted on the rear which may be lighted, in addition to the required taillamps, only when atmospheric conditions, such as fog, rain, snow, smoke, or dust, reduce the daytime or nighttime visibility of other vehicles to less than 500 feet.

(b) The lamps authorized under subdivision (a) shall be installed as follows:

(1) When two lamps are installed, one shall be mounted at the left side and one at the right side at the same level and as close as practical to the sides. When one lamp is installed, it shall be mounted as close as practical to the left side or on the center of the vehicle.

(2) The lamps shall be mounted not lower than 15 inches nor higher than 60 inches.

(3) The edge of the lens of the lamp shall be no closer than four inches from the edge of the lens of any stoplamp.

(4) The lamps shall be wired so they can be turned on only when the headlamps are on and shall have a switch that allows them to be turned off when the headlamps are on.

(5) A nonflashing amber pilot light that is lighted when the lamps are turned on shall be mounted in a location readily visible to the driver.

SEC. 31. Section 27602 of the Vehicle Code is amended to read:

27602. (a) A person may not drive a motor vehicle if a television receiver, a video monitor, or a television or video screen, or any other, similar means of visually displaying a television broadcast or video signal that produces entertainment or business applications, is operating and is located in the motor vehicle at any point forward of the back of the driver's seat, or is operating and visible to the driver while driving the motor vehicle.

(b) Subdivision (a) does not apply to the following equipment when installed in a vehicle:

(1) A vehicle information display.

(2) A global positioning display.

(3) A mapping display.

(4) A visual display used to enhance or supplement the driver's view forward, behind, or to the sides of a motor vehicle for the purpose of maneuvering the vehicle.

(5) A television receiver, video monitor, television or video screen, or any other, similar means of visually displaying a television broadcast or video signal, if that equipment has an interlock device that, when the motor vehicle is driven, disables the equipment for all uses except as a visual display as described in paragraphs (1) to (4), inclusive.

(6) A mobile digital terminal installed in a vehicle owned or operated by an electrical corporation, as defined in Section 218 of the Public Utilities Code, a local publicly owned electric utility, as defined in Section 9604 of that code, a gas corporation, as defined in Section 222 of that code, or a telephone corporation, as defined in Section 234 of that code, if the mobile digital terminal is fitted with an opaque covering that does not allow the driver to view any part of the display while driving, even though the terminal may be operating.

(c) Subdivision (a) does not apply to a mobile digital terminal installed in an authorized emergency vehicle or to a motor vehicle providing emergency road service or roadside assistance.

(d) Subdivision (a) does not apply to a mobile digital terminal installed in a vehicle owned or operated by an electrical corporation, as defined in Section 218 of the Public Utilities Code, a local publicly

owned electric utility, as defined in Section 9604 of that code, a gas corporation, as defined in Section 222 of that code, or a telephone corporation, as defined in Section 234 of that code, when the vehicle is deployed in an emergency to respond to an interruption or impending interruption of electrical, natural gas, or telephone service.

SEC. 32. Section 35401 of the Vehicle Code is amended to read:

35401. (a) Except as provided in subdivisions (b), (c), and (d), no combination of vehicles coupled together, including any attachments, may exceed a total length of 65 feet.

(b) (1) A combination of vehicles coupled together, including any attachments, which consists of a truck tractor, a semitrailer, and a semitrailer or trailer, may not exceed a total length of 75 feet, if the length of neither the semitrailers nor the trailer in the combination of vehicles exceeds 28 feet 6 inches.

(2) A B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailers of a truck tractor-semitrailer-semitrailer combination of vehicles. However, if there is no second semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer to which it is attached.

(3) A combination of vehicles coupled together, including any attachments, may have a total length of not more than 75 feet, if all of the following apply:

(A) The combination of vehicles consists of a motortruck and two trailers.

(B) No trailer in the combination exceeds 28 feet 6 inches in length.

(C) The combination is used exclusively to transport agricultural products from the field to the first point of handling and return, and each direction of transport does not exceed 80 miles.

(D) The combination is not operated on a highway designated by the United States Department of Transportation as a national network route.

(E) The Department of the California Highway Patrol, in consultation with the Department of Transportation, shall conduct a study of the effect that the exemption provided in paragraph (3) has on public safety. The Department of the California Highway Patrol shall report the results of the study to the Legislature and the Governor on or before April 1, 2005.

(F) This paragraph shall become inoperative on January 1, 2006, unless a later enacted statute deletes or extends that date.

(c) (1) A tow truck in combination with a single disabled vehicle or a single abandoned vehicle that is authorized to travel on the highways by this chapter is exempt from subdivision (a) when operating under a valid annual transportation permit.

(2) A tow truck, in combination with a disabled or abandoned combination of vehicles that are authorized to travel on the highways by

this chapter, is exempt from subdivision (a) when operating under a valid annual transportation permit and within a 100-mile radius of the location specified in the permit.

(3) A tow truck may exceed the 100-mile radius restriction imposed under paragraph (2) if a single trip permit is obtained from the Department of Transportation.

(d) Any city or county may, by ordinance, prohibit a combination of vehicles of a total length in excess of 60 feet upon highways under its respective jurisdiction. The ordinance may not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

(e) Any city or county, upon a determination that a highway or portion of highway under its jurisdiction cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, may, by ordinance, establish lesser distances consistent with the maximum distances that the highway or highway portion can sustain, except that a city or county may not restrict the kingpin to rearmost axle measurement to less than 38 feet on those highways or highway portions. Any city or county considering the adoption of an ordinance shall consider, but not be limited to, consideration of, all of the following:

(1) A comparison of the operating characteristics of the vehicles to be limited as compared to operating characteristics of other vehicles regulated by this code.

(2) Actual traffic volume.

(3) Frequency of accidents.

(4) Any other relevant data.

In addition, the city or county may appoint an advisory committee consisting of local representatives of those interests which are likely to be affected and shall consider the recommendations of the advisory committee in adopting the ordinance. The ordinance may not be effective until appropriate signs are erected indicating the highways or highway portions affected by the ordinance.

This subdivision shall only become operative upon the adoption of an enabling ordinance by a city or county.

(f) Whenever, in the judgment of the Department of Transportation, any state highway cannot, in consideration of public safety, sustain the operation of trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400, the director, in consultation with the Department of the California Highway Patrol, shall compile data on total traffic volume, frequency of use by vehicles covered by this subdivision, accidents involving these vehicles, and other relevant data to assess whether these vehicles are a threat to public

safety and should be excluded from the highway or highway segment. The study, containing the conclusions and recommendations of the director, shall be submitted to the Secretary of the Business, Transportation and Housing Agency. Unless otherwise notified by the secretary, the director shall hold public hearings in accordance with the procedures set forth in Article 3 (commencing with Section 35650) of Chapter 5 for the purpose of determining the maximum kingpin to rear axle length, which shall be not less than 38 feet, that the highway or highway segment can sustain without unreasonable threat to the safety of the public. Upon the basis of the findings, the Director of Transportation shall declare in writing the maximum kingpin to rear axle lengths which can be maintained with safety upon the highway. Following the declaration of maximum lengths as provided by this subdivision, the Department of Transportation shall erect suitable signs at each end of the affected portion of the highway and at any other points that the Department of Transportation determines to be necessary to give adequate notice of the length limits.

The Department of Transportation, in consultation with the Department of the California Highway Patrol, shall compile traffic volume, geometric, and other relevant data, to assess the maximum kingpin to rearmost axle distance of vehicle combinations appropriate for those state highways or portion of highways, affected by this section, that cannot safely accommodate trailers or semitrailers of the maximum kingpin to rearmost axle distances permitted under Section 35400. On or before January 1, 1989, the department shall erect suitable signs appropriately restricting truck travel on those highways, or portions of highways, and report its findings and recommendations to the Legislature.

SEC. 33. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the recreation and fish and wildlife enhancement features resulting from habitat restoration make the project for flood damage reduction and environmental restoration in the American River watershed in Sacramento County eligible for funding in accordance with Section 12847 of the Water Code.

SEC. 2. Section 12670.11 is added to the Water Code, to read:

12670.11. (b) The Sacramento Area Flood Control Agency shall enter into an agreement with the department pursuant to which the agency agrees to indemnify and hold and save harmless the state, its officers, agents, and employees for any and all liability for damages that may arise out of the planning, design, construction, operation, maintenance, repair, and rehabilitation of the project.

CHAPTER 617

An act to add and repeal Section 653aa of the Penal Code, relating to Internet piracy.

[Approved by Governor September 21, 2004. Filed with Secretary of State September 21, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 653aa is added to the Penal Code, to read:

653aa. (a) Any person, except a minor, who is located in California, who, knowing that a particular recording or audiovisual work is commercial, knowingly electronically disseminates all or substantially all of that commercial recording or audiovisual work to more than 10 other people without disclosing his or her e-mail address, and the title of the recording or audiovisual work is punishable by a fine not exceeding two thousand five hundred dollars ($2,500), imprisonment in

a county jail for a period not exceeding one year, or by both that fine and imprisonment.

(b) Any minor who violates subdivision (a) is punishable by a fine not exceeding two hundred fifty dollars ($250). Any minor who commits a third or subsequent violation of subdivision (a) is punishable by a fine not exceeding one thousand dollars ($1,000), imprisonment in a county jail for a period not to exceed one year, or by both that imprisonment and fine.

(c) Subdivisions (a) and (b) do not apply:

(1) To a person who electronically disseminates a commercial recording or audiovisual work to his or her immediate family, or within his or her personal network, defined as a restricted access network controlled by and accessible to only that person or people in his or her immediate household.

(2) If the copyright owner, or a person acting under the authority of the copyright owner, of a commercial recording or audiovisual work has explicitly given permission for all or substantially all of that recording or audiovisual work to be freely disseminated electronically by or to anyone without limitation.

(3) To a person who has been licensed either by the copyright owner or a person acting under the authority of the copyright owner to disseminate electronically all or substantially all of a commercial audiovisual work or recording.

(4) To the licensed electronic dissemination of a commercial audiovisual work or recording by means of a cable television service offered over a cable system or direct to home satellite service as defined in Title 47 of the United States Code.

(d) Nothing in this section shall restrict the copyright owner from disseminating his or her own copyrighted material.

(e) Upon conviction for a violation of this section, in addition to the penalty prescribed, the court shall order the permanent deletion or destruction of any electronic file containing a commercial recording or audiovisual work, the dissemination of which was the basis of the violation. This subdivision shall not apply to the copyright owner or to a person acting under the authority of the copyright owner.

(f) An Internet service provider does not violate, and does not aid and abet a violation of subdivision (a), and subdivision (a) shall not be enforced against an Internet service provider, to the extent that the Internet service provider enables a user of its service to electronically disseminate an audiovisual work or sound recording, if the Internet service provider maintains its valid e-mail address or other means of electronic notification on its Web site in a location that is accessible to the public.

For the purposes of this section, ''Internet service provider'' means an entity, to the extent that the entity is transmitting, routing, or providing connections for Internet communications initiated by or at the direction of another person, between or among points specified by a user, of material placed online by a user, storing or hosting that material at the direction of a user, or referring or linking users to that material.

(g) For purposes of this section:

(1) ''Recording'' means the electronic or physical embodiment of any recorded images, sounds, or images and sounds, but does not include audiovisual works or sounds accompanying audiovisual works.

(2) ''Audiovisual work'' means the electronic or physical embodiment of motion pictures, television programs, video or computer games, or other audiovisual presentations that consist of related images that are intrinsically intended to be shown by the use of machines or devices such as projectors, viewers, or electronic equipment, or a computer program, software, or system, as defined in Section 502, together with accompanying sounds, if any.

(3) ''Commercial recording or audiovisual work'' means a recording or audiovisual work whose copyright owner, or assignee, authorized agent, or licensee, has made or intends to make available for sale, rental, or for performance or exhibition to the public under license, but does not include an excerpt consisting of less than substantially all of a recording or audiovisual work. A recording or audiovisual work may be commercial regardless of whether the person who electronically disseminates it seeks commercial advantage or private financial gain from that dissemination.

(4) ''Electronic dissemination'' means initiating a transmission of, making available, or otherwise offering, a commercial recording or audiovisual work for distribution on the Internet or other digital network, regardless of whether someone else had previously electronically disseminated the same commercial recording or audiovisual work.

(5) ''E-mail address'' means a valid e-mail address, or the valid e-mail address of the holder of the account from which the dissemination took place.
