123853. (a) The department may enter into contracts with one or more manufacturers on a negotiated or bid basis as the purchaser, but not the dispenser or distributor, of factor replacement therapies under the California Children's Services Program for the purpose of enabling the department to obtain the full range of available therapies and services required for clients with hematological disorders at the most favorable price and to enable the department, notwithstanding any other provision of state law, to obtain discounts, rebates, or refunds from the manufacturers based upon the large quantities purchased under the program. Nothing in this subdivision shall interfere with the usual and customary distribution practices of factor replacement therapies. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this section is necessary. Therefore, a contract under this subdivision may be on a negotiated basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of the Government Code. Contracts entered pursuant to this subdivision shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(b) (1) Factor replacement therapy manufacturers shall calculate and pay interest on late or unpaid rebates. The interest shall not apply to any prior period adjustments of unit rebate amounts or department utilization adjustments. Manufacturers shall calculate and pay interest on late or unpaid rebates for quarters that begin on or after the effective date of the act that added this subdivision.

(2) Following the final resolution of any dispute regarding the amount of a rebate, any underpayment by a manufacturer shall be paid with interest calculated pursuant to paragraph (4), and any overpayment, together with interest at the rate calculated pursuant to paragraph (4), shall be credited by the department against future rebates due.

(3) Interest pursuant to paragraphs (1) and (2) shall begin accruing 38 calendar days from the date of mailing the invoice, including supporting

utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(4) Interest rates and calculations pursuant to paragraphs (1) and (2) shall be identical to interest rates and calculations set forth in the federal Centers for Medicare and Medicaid Services' Medicaid Drug Rebate Program Releases or regulations.

(b) If the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, a factor replacement therapy manufacturer's contract with the department shall be deemed to be in default and the contract may be terminated in accordance with the terms of the contract. This subdivision does not limit the department's right to otherwise terminate a contract in accordance with the terms of that contract.

(c) The department may enter into contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of pharmaceuticals, appliances, durable medical equipment, medical supplies, and other product-type health care services and laboratories for the purpose of obtaining the most favorable prices to the state and to assure adequate access and quality of the product or service. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this subdivision is necessary. Therefore, contracts under this subdivision may be on a negotiated basis and shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825), Part 5.5, Division 3 of the Government Code. This subdivision shall not apply to pharmacies or suppliers that provide blood, blood derivatives, or blood factor products, or any product or service provided by those pharmacies or suppliers.

(d) The department may contract with one or more manufacturers of each multisource prescribed product or supplier of outpatient clinical laboratory services on a bid or negotiated basis. Contracts for outpatient clinical laboratory services shall require that the contractor be a clinical laboratory licensed or certified by the State of California or certified under Section 263a of Title 42 of the United States Code. Nothing in this subdivision shall be construed as prohibiting the department from contracting with less than all manufacturers or clinical laboratories, including just one manufacturer or clinical laboratory, on a bid or negotiated basis.

SEC. 4. Section 125191 of the Health and Safety Code is amended to read:

125191. (a) The department may enter into contracts with one or more manufacturers on a negotiated or bid basis as the purchaser, but not the dispenser or distributor, of factor replacement therapies under the Genetically Handicapped Person's Program for the purpose of enabling

the department to obtain the full range of available therapies and services required for clients with hematological disorders at the most favorable price and to enable the department, notwithstanding any other provision of state law, to obtain discounts, rebates, or refunds from the manufacturers based upon the large quantities purchased under the program. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process under this section is necessary. Therefore, a contract under this subdivision may be entered into on a negotiated basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code and Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of the Government Code. Contracts entered pursuant to this subdivision shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

This subdivision does not limit the department's right to otherwise terminate a contract in accordance with the terms of that contract.

(c) The department may enter into contracts on a bid or negotiated basis with manufacturers, distributors, dispensers, or suppliers of pharmaceuticals, appliances, durable medical equipment, medical supplies, and other product-type health care services and laboratories for the purpose of obtaining the most favorable prices to the state and to assure adequate access and quality of the product or service. Contracts for outpatient clinical laboratory services shall require that the contractor be a clinical laboratory licensed or certified by the State of California or certified under Section 263a of Title 42 of the United States Code. Nothing in this subdivision shall be construed as prohibiting the department from contracting with less than all manufacturers or clinical laboratories, including just one manufacturer or clinical laboratory, on a bid or negotiated basis.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

Forfeiture shall not be available for any property used solely in the commission of an infraction. If the defendant is a minor, it also includes property of the parent or guardian of the defendant.

(2) ''Sentencing court'' means the court sentencing a person found guilty of violating or conspiring to commit a violation of Section 288, 288.2, 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 422, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, or, in the case of a minor, found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of those provisions, the juvenile court.

(B) When counterfeited but unassembled components of computer software packages are recovered, including, but not limited to, counterfeited computer diskettes, instruction manuals, or licensing envelopes, the ''value'' of those components of computer software packages shall be equivalent to the retail price or fair market price of the

number of completed computer software packages that could have been made from those components.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties, at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and shall send a copy of the motion to the prosecuting agency and to the probation department.

If a motion to redeem an interest has been filed, the sentencing court shall hold a hearing to identify all persons who possess valid interests in the property. No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of, or conspiracy to commit a violation of, Section 288, 288.2, 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

(1) The court shall determine the value of the property.

(2) The court shall determine the value of each valid interest in the property.

(3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property

upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer or telecommunications device shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer or telecommunications device owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted of a violation of Section 288, 288.2, 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, within two years after the date on which the minor is sentenced, and the violation involves a computer or telecommunications device owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(4) Notwithstanding paragraph (1), (2), or (3), or any other provision of this chapter, if a minor's parent or guardian makes full restitution to the victim of a crime enumerated in this chapter in an amount or manner determined by the court, the forfeiture provisions of this chapter do not apply to the property of that parent or guardian if the property was located in the family's primary residence during the commission of the crime.

(f) Notwithstanding any other provision of this chapter, the court may exercise its discretion to deny forfeiture where the court finds that the convicted defendant, or minor adjudicated to come within the

jurisdiction of the juvenile court, is not likely to use the property otherwise subject to forfeiture for future illegal acts.

(g) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(h) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (g).

The people of the State of California do enact as follows:

12024.2. (a) It is unlawful for any person, at the time of sale of a commodity, to do any of the following:

(1) Charge an amount greater than the price, or to compute an amount greater than a true extension of a price per unit, that is then advertised, posted, marked, displayed, or quoted for that commodity.

(2) Charge an amount greater than the lowest price posted on the commodity itself or on a shelf tag that corresponds to the commodity, notwithstanding any limitation of the time period for which the posted price is in effect.

(b) A violation of this section is a misdemeanor punishable by a fine of not less than twenty-five dollars ($25) nor more than one thousand dollars ($1,000), by imprisonment in the county jail for a period not exceeding one year, or by both, if the violation is willful or grossly negligent, or when the overcharge is more than one dollar ($1).

(c) A violation of this section is an infraction punishable by a fine of not more than one hundred dollars ($100) when the overcharge is one dollar ($1) or less.

(d) As used in subdivisions (b) and (c), ''overcharge'' means the amount by which the charge for a commodity exceeds a price that is advertised, posted, marked, displayed, or quoted to that consumer for that commodity at the time of sale.

(e) Except as provided in subdivision (f), for purposes of this section, when more than one price for the same commodity is advertised, posted, marked, displayed, or quoted, the person offering the commodity for sale shall charge the lowest of those prices.

Article 1. Miscellaneous Provisions

1368.3. An association established to manage a common interest development has standing to institute, defend, settle, or intervene in litigation, arbitration, mediation, or administrative proceedings in its own name as the real party in interest and without joining with it the individual owners of the common interest development, in matters pertaining to the following:

(a) Enforcement of the governing documents.

(b) Damage to the common area.

(c) Damage to a separate interest that the association is obligated to maintain or repair.

(d) Damage to a separate interest that arises out of, or is integrally related to, damage to the common area or a separate interest that the association is obligated to maintain or repair.

The comparative fault of the association or its managing agents may be raised by way of defense, but shall not be the basis for a cross-action or separate action against the association or its managing agents for contribution or implied indemnity, where the only damage was sustained by the association or its members. It is the intent of the Legislature in enacting this subdivision to require that comparative fault be pleaded as an affirmative defense, rather than a separate cause of action, where the only damage was sustained by the association or its members.

(b) In an action involving damages described in subdivision (b), (c), or (d) of Section 1368.3, the defendant or cross-defendant may allege and prove the comparative fault of the association or its managing agents as a setoff to the liability of the defendant or cross-defendant even if the association is not a party to the litigation or is no longer a party whether by reason of settlement, dismissal, or otherwise.

(c) Subdivisions (a) and (b) apply to actions commenced on or after January 1, 1993.

(d) Nothing in this section affects a person's liability under Section 1431, or the liability of the association or its managing agent for an act or omission which causes damages to another.

1368.5. (a) Not later than 30 days prior to the filing of any civil action by the association against the declarant or other developer of a common interest development for alleged damage to the common areas, alleged damage to the separate interests that the association is obligated to maintain or repair, or alleged damage to the separate interests that arises out of, or is integrally related to, damage to the common areas or separate interests that the association is obligated to maintain or repair, the board of directors of the association shall provide a written notice to each member of the association who appears on the records of the association when the notice is provided. This notice shall specify all of the following:

(3) The time and place of this meeting.

(b) Notwithstanding subdivision (a), if the association has reason to believe that the applicable statute of limitations will expire before the association files the civil action, the association may give the notice, as described above, within 30 days after the filing of the action.

SEC. 6. Article 2 (commencing with Section 1369.510) is added to Chapter 7 of Title 6 of Part 4 of Division 2 of the Civil Code, to read:

Article 2. Alternative Dispute Resolution

1369.510. As used in this article:

(b) This section applies only to an enforcement action that is solely for declaratory, injunctive, or writ relief, or for that relief in conjunction with a claim for monetary damages not in excess of five thousand dollars ($5,000).

(c) This section does not apply to a small claims action.

(d) Except as otherwise provided by law, this section does not apply to an assessment dispute.

1369.530. (a) Any party to a dispute may initiate the process required by Section 1369.520 by serving on all other parties to the dispute a Request for Resolution. The Request for Resolution shall include all of the following:

(1) A brief description of the dispute between the parties.

(2) A request for alternative dispute resolution.

(3) A notice that the party receiving the Request for Resolution is required to respond within 30 days of receipt or the request will be deemed rejected.

(4) If the party on whom the request is served is the owner of a separate interest, a copy of this article.

(b) Service of the Request for Resolution shall be by personal delivery, first-class mail, express mail, facsimile transmission, or other means reasonably calculated to provide the party on whom the request is served actual notice of the request.

(c) A party on whom a Request for Resolution is served has 30 days following service to accept or reject the request. If a party does not accept the request within that period, the request is deemed rejected by the party.

1369.540. (a) If the party on whom a Request for Resolution is served accepts the request, the parties shall complete the alternative dispute resolution within 90 days after the party initiating the request receives the acceptance, unless this period is extended by written stipulation signed by both parties.

(b) Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code applies to any form of alternative dispute resolution initiated by a Request for Resolution under this article, other than arbitration.

(c) The costs of the alternative dispute resolution shall be borne by the parties.

1369.550. If a Request for Resolution is served before the end of the applicable time limitation for commencing an enforcement action, the time limitation is tolled during the following periods:

(a) The period provided in Section 1369.530 for response to a Request for Resolution.

(b) If the Request for Resolution is accepted, the period provided by Section 1369.540 for completion of alternative dispute resolution,

including any extension of time stipulated to by the parties pursuant to Section 1369.540.

1369.560. (a) At the time of commencement of an enforcement action, the party commencing the action shall file with the initial pleading a certificate stating that one or more of the following conditions is satisfied:

(1) Alternative dispute resolution has been completed in compliance with this article.

(2) One of the other parties to the dispute did not accept the terms offered for alternative dispute resolution.

(3) Preliminary or temporary injunctive relief is necessary.

(b) Failure to file a certificate pursuant to subdivision (a) is grounds for a demurrer or a motion to strike unless the court finds that dismissal of the action for failure to comply with this article would result in substantial prejudice to one of the parties.

1369.570. (a) After an enforcement action is commenced, on written stipulation of the parties, the matter may be referred to alternative dispute resolution. The referred action is stayed. During the stay, the action is not subject to the rules implementing subdivision (c) of Section 68603 of the Government Code.

(b) The costs of the alternative dispute resolution shall be borne by the parties.

1369.580. In an enforcement action in which fees and costs may be awarded pursuant to subdivision (c) of Section 1354, the court, in determining the amount of the award, may consider whether a party's refusal to participate in alternative dispute resolution before commencement of the action was reasonable.

1369.590. (a) An association shall annually provide its members a summary of the provisions of this article that specifically references this article. The summary shall include the following language:

''Failure of a member of the association to comply with the alternative dispute resolution requirements of Section 1369.520 of the Civil Code may result in the loss of your right to sue the association or another member of the association regarding enforcement of the governing documents or the applicable law.''

(b) The summary shall be provided either at the time the pro forma budget required by Section 1365 is distributed or in the manner prescribed in Section 5016 of the Corporations Code. The summary shall include a description of the association's internal dispute resolution process, as required by Section 1363.850.

SEC. 7. Section 383 of the Code of Civil Procedure is repealed.

SEC. 8. Section 2.5 of this bill incorporates amendments to Section 1357.120 of the Civil Code proposed by both this bill and AB 2376. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 1357.120 of the Civil Code, and (3) this bill is enacted after AB 2376, in which case Section 2 of this bill shall not become operative.

The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(h) Notwithstanding subdivision (b), a person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this subdivision, ''short-term'' means 48 hours or less.

(i) A person under the age of 21 years may not be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(j) A driver of a vanpool vehicle may operate with class C licenses but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been convicted of reckless driving, drunk driving, or a hit-and-run offense in the last five years.

(k) A class M license issued between January 1, 1989, and December 31, 1992, shall permit the holder to operate any motorcycle, motor-driven cycle, or motorized bicycle until the expiration of the license.

(*l*) This section shall become operative on September 20, 2005.

SEC. 6. Section 21225 of the Vehicle Code is amended to read:

21225. This article does not prevent a local authority, by ordinance, from regulating the registration of motorized scooters and the parking and operation of motorized scooters on pedestrian or bicycle facilities and local streets and highways, if that regulation is not in conflict with this code.

SEC. 7. Section 21226 is added to the Vehicle Code, to read:

21226. (a) A person shall not sell or offer for sale a motorized scooter that produces a maximum noise level exceeding 80 dbA at a distance of 50 feet from the centerline of travel when tested in accordance with Society of Automotive Engineers (SAE) Recommended Practice J331 JAN00.

(b) A motorized scooter, as defined in subdivision (b) of Section 407.5, shall at all times be equipped with a muffler meeting the requirements of this section, in constant operation and properly maintained to prevent any excessive or unusual noise, and a muffler or exhaust system shall not be equipped with a cutout, bypass, or similar device.

(c) A motorized scooter, as defined in subdivision (b) of Section 407.5, operated off the highways shall at all times be equipped with a muffler meeting the requirements of this section, in constant operation and properly maintained to prevent any excessive or unusual noise, and a muffler or exhaust system shall not be equipped with a cutout, bypass, or similar device.

(d) A person shall not modify the exhaust system of a motorized scooter in a manner that will amplify or increase the noise level emitted by the motor of the scooter so that it is not in compliance with this section or exceeds the noise level limit established by subdivision (a). A person shall not operate a motorized scooter with an exhaust system so modified.

SEC. 8. Section 21235 of the Vehicle Code is amended to read:

21235. The operator of a motorized scooter shall not do any of the following:

(a) Operate a motorized scooter unless it is equipped with a brake that will enable the operator to make a braked wheel skid on dry, level, clean pavement.

(b) Operate a motorized scooter on a highway with a speed limit in excess of 25 miles per hour unless the motorized scooter is operated within a class II bicycle lane.

(c) Operate a motorized scooter without wearing a properly fitted and fastened bicycle helmet that meets the standards described in Section 21212.

(d) Operate a motorized scooter without a valid driver's license or instruction permit.

(e) Operate a motorized scooter with any passengers in addition to the operator.

(f) Operate a motorized scooter carrying any package, bundle, or article that prevents the operator from keeping at least one hand upon the handlebars.

(g) Operate a motorized scooter upon a sidewalk, except as may be necessary to enter or leave adjacent property.

(h) Operate a motorized scooter on the highway with the handlebars raised so that the operator must elevate his or her hands above the level of his or her shoulders in order to grasp the normal steering grip area.

(i) Leave a motorized scooter lying on its side on any sidewalk, or park a motorized scooter on a sidewalk in any other position, so that there is not an adequate path for pedestrian traffic.

(j) Attach the motorized scooter or himself or herself while on the roadway, by any means, to any other vehicle on the roadway.

SEC. 9. Sections 5.1 and 5.2 of this bill incorporate amendments to Section 12804.9 of the Vehicle Code proposed by both this bill and AB 3049. Sections 5.1 and 5.2 shall become operative only if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 12804.9 of the Vehicle Code, and (3) this bill is enacted after AB 3049, in which case Section 5 of this bill shall not become operative.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 756

An act to amend Section 2232 of the Business and Professions Code, relating to medicine.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) According to the Center for Sex Offender Management, a project of the United States Department of Justice:

(1) Sex offender registration was first used in the United States in the 1930s.

(2) Current sex offender registration statutes make sex offenders, because of the nature of their offenses, more visible to law enforcement and the public, with the intent of increasing public safety.

(3) Sex offender registration statutes are promoted as a means of all of the following:

(A) Deterring offenders from committing future crimes.

(B) Providing law enforcement with an additional investigative tool.

(C) Increasing public protection.

(b) The first of the current sex offender registration statutes was enacted in California in 1947 as Section 290 of the Penal Code.

(c) In California, the Medical Practice Act provides for licensing of physicians and surgeons by the Medical Board of California.

(d) Existing law requires the Medical Board of California to promptly revoke the license of any person who is subject to or becomes subject to a requirement to register as a sex offender.

SEC. 2. It is the intent of the Legislature, in order to protect and safeguard all persons seeking medical care and treatment from potential harm, to construe and clarify the meaning and effect of existing law and to thereby provide that the provisions of Section 3 of this act shall apply retrospectively as well as prospectively.

SEC. 3. Section 2232 of the Business and Professions Code is amended to read:

2232. (a) Except as provided in subdivisions (b), (c), and (d), the board shall promptly revoke the license of any person who, at any time after January 1, 1947, has been required to register as a sex offender pursuant to the provisions of Section 290 of the Penal Code.

(b) This section shall not apply to a person who is required to register as a sex offender pursuant to Section 290 of the Penal Code solely because of a misdemeanor conviction under Section 314 of the Penal Code.

(c) (1) Five years after the effective date of the revocation and three years after successful discharge from parole, probation, or both parole and probation if under simultaneous supervision, an individual who after January 1, 1947, and prior to January 1, 2005, was subject to subdivision (a), may petition the superior court, in the county in which the individual has resided for, at minimum, five years prior to filing the petition, to hold a hearing within one year of the date of the petition, in order for the court to determine whether the individual no longer poses a possible risk to patients. The individual shall provide notice of the petition to the Attorney General and to the board at the time of its filing. The Attorney

General and the board may present written and oral argument to the court on the merits of the petition.

(2) If the court finds that the individual no longer poses a possible risk to patients, and there are no other underlying reasons for which the board pursued disciplinary action, the court shall order, in writing, the board to reinstate the individual's license within 180 days of the date of the order. The board may issue a probationary license to a person subject to this paragraph subject to terms and conditions, including, but not limited to, any of the conditions of probation specified in Section 2221.

(3) If the court finds that the individual continues to pose a possible risk to patients, the court shall deny relief. The court's decision shall be binding on the individual and the board, and the individual shall be prohibited from filing a subsequent petition under this section based on the same conviction.

(d) This section shall not apply to a person who has been relieved under Section 290.5 of the Penal Code of his or her duty to register as a sex offender, or whose duty to register has otherwise been formally terminated under California law.

CHAPTER 757

An act to amend Section 52055.650 of the Education Code, relating to pupils.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 52055.650 of the Education Code is amended to read:

52055.650. (a) Section 52055.5 does not apply to a school participating in the High Priority Schools Grant Program.

(b) Twenty-four months after receipt of funding for implementation of the action plan pursuant to Sections 52054.5 and 52055.600 or no sooner than July 1, 2004, a school that has not met its growth targets each year shall be subject to review by the State Board of Education. This review shall include an examination of the school's progress relative to the components and reports made pursuant to Section 52055.640. The Superintendent of Public Instruction, with the approval of the State Board of Education, may direct that the governing board of a school take appropriate action and adopt appropriate strategies to provide corrective

assistance to the school in order to achieve the components and benchmarks established in the school's action plan.

(c) Thirty-six months after receipt of funding to implement a school action plan or no sooner than July 1, 2005, a school that has met or exceeded its growth target each year shall receive a monetary or nonmonetary award, under the Governor's Performance Award Program, as set forth in Section 52057. Funds received pursuant to that section may be used at the school's discretion.

(d) Thirty-six months after receipt of funding to implement a school action plan or no sooner than July 1, 2005, a school that has not met its growth targets each year, but demonstrates significant growth, as determined by the State Board of Education, shall continue to participate in the program and receive funding as specified in Sections 52054.5 and 52055.600.

(e) Notwithstanding any other law, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall follow the course of action prescribed by paragraph (1) or (2) with respect to a school that does not meet its growth targets within the periods described in either subdivision (c) or (d), as applicable, or no later than July 1, 2005, and has failed to show significant growth, as determined by the State Board of Education.

(1) Require the district to enter into a contract with a school assistance and intervention team.

(A) Team members should possess a high degree of knowledge and skills in the areas of school leadership, curriculum, and instruction aligned to state academic content and performance standards, classroom management and discipline, academic assessment, parent-school relations, and evaluation and research-based reform strategies and have proven successful expertise specific to the challenges inherent in high-priority schools.

(B) The team shall provide intensive support and expertise to implement the school reform initiatives in the plan. Decisions about interventions shall be data driven. A school assistance and intervention team shall work with school staff, site planning teams, administrators, and district staff to improve pupil literacy and achievement by assessing the degree of implementation of the current action plan, refining and revising the action plan, and making recommendations to maximize the use of fiscal resources and personnel in achieving the goals of the plan. The district shall provide support and assistance to enhance the work of the team at the targeted schoolsites.

(C) Not later than 60 days after the school's API becomes public, the team shall complete an initial report. The report shall include recommendations for corrective actions chosen from a range of interventions, including the reallocation of district fiscal resources to

ensure that appropriate resources are targeted to those specific interventions identified in the recommendations of the team for the targeted schools and other changes deemed appropriate to make progress toward meeting the school's growth target. Not later than 90 days after the API is made public, the governing board of the school district shall adopt the team's recommendations at a regularly scheduled meeting of the governing board. The governing board may not place the adoption on the consent calendar. The report shall be submitted to the Superintendent of Public Instruction and State Board of Education.

(D) No less than three times during the year, the school district and schoolsite shall present the team with data regarding progress toward the goals established by the team's initial assessment. The data shall be presented to the governing board of the school district at a regularly scheduled meeting. The team shall, to the extent possible, utilize existing site data. The data shall also be provided to the Superintendent of Public Instruction and State Board of Education. Every effort shall be made to report this data in a manner that minimizes the length and complexity of the reporting requirement in order to maximize the focus on improving pupil literacy and achievement.

(E) An action taken pursuant to this paragraph shall not increase local costs or require reimbursement by the Commission on State Mandates.

(2) The Superintendent of Public Instruction shall assume all the legal rights, duties, and powers of the governing board with respect to the school. The Superintendent of Public Instruction, in consultation with the State Board of Education and the governing board of the school district, shall reassign the principal of that school subject to the findings in subdivision (i). In addition to reassigning the principal, the Superintendent of Public Instruction, in consultation with the State Board of Education, shall, notwithstanding any other provision of law, do at least one of the following:

(A) Revise attendance options for pupils to allow them to attend any public school in which space is available. If an additional attendance option is made available, this option may not require either the sending or receiving school district to incur additional transportation costs.

(B) Allow parents or guardians to apply directly to the State Board of Education for the establishment of a charter school and allow parents or guardians to establish the charter school at the existing schoolsite.

(C) Under the supervision of the Superintendent of Public Instruction, assign the management of the school to a college, university, county office of education, or other appropriate educational institution. However, the Superintendent of Public Instruction may not assume the management of the school.

(D) Reassign other certificated employees of the school.

(E) Renegotiate a new collective bargaining agreement at the expiration of the existing collective bargaining agreement.

(F) Reorganize the school.

(G) Close the school.

(f) In addition to the actions listed in subdivision (e), the Superintendent of Public Instruction, in consultation with the State Board of Education, may take any other action considered necessary or desirable against the school district or the school district governing board, including appointment of a new superintendent or suspension of the authority of the governing board with respect to a school that does not meet its growth targets within the periods described in either subdivision (b) or (c), as applicable, and has failed to show significant growth, as determined by the State Board of Education.

(g) Before the Superintendent of Public Instruction may take any action against a principal pursuant to subdivision (e), the Superintendent of Public Instruction or a designee of the superintendent shall hold a public hearing on the matter in the school district and make both of the following findings:

(1) A finding that the principal had the authority to take specific enumerated actions that would have helped the school meet its performance goals.

(2) A finding that the principal failed to take specific enumerated actions pursuant to paragraph (1).

(h) An action taken pursuant to subdivision (e), (f), or (g) shall not increase local costs or require reimbursement by the Commission on State Mandates.

(i) An action taken pursuant to subdivision (e), (f), or (g) shall be accompanied by specific findings by the Superintendent of Public Instruction and the State Board of Education that the action is directly related to the identified causes for continued failure by a school to meet its performance goals.

(j) (1) Notwithstanding subdivision (a), a school participating in the High Priority Schools Grant Program that received a planning grant pursuant to subdivision (f) of Section 52053 in the 1999–2000 fiscal year is eligible to receive funding pursuant to Section 52055.600 in the 2002–03 fiscal year only.

(2) Notwithstanding subdivision (a), a school participating in the High Priority Schools Grant Program that received a planning grant pursuant to subdivision (*l*) of Section 52053 in the 2000–01 fiscal year is eligible to receive funding pursuant to Section 52055.600 in the 2002–03 and 2003–04 fiscal years only.

(3) Notwithstanding subdivision (a), a school participating in the High Priority Schools Grant Program that received a planning grant pursuant to subdivision (*l*) of Section 52053 in the 2001–02 fiscal year

is eligible to receive funding pursuant to Section 52055.600 in only the 2002–03, 2003–04, and 2004–05 fiscal years.

(k) Notwithstanding the growth target timelines set forth in subdivisions (b), (c), (d), and (e), for a school that receives funds pursuant to Section 52055.600 during the 2002–03 or 2003–04 fiscal year, the growth target deadline for subdivision (b) is December 31, 2004, and the growth target deadline for subdivisions (c), (d), and (e) is December 31, 2005.

CHAPTER 758

An act to amend Sections 22706 and 22708 of the Business and Professions Code, relating to tanning facilities.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The United States Food and Drug Administration (FDA) and numerous leading United States health care organizations estimate that approximately one million Americans each year will be stricken with skin cancer, a potentially deadly disease, and the most common of all types of cancers.

(b) Melanoma is more common than any nonskin cancer among women between 25 and 29 years old, and as of 2003, one in 70 Californians has a lifetime risk of developing melanoma. Nationally, one person dies of melanoma every hour.

(c) The FDA, joined by the National Institutes of Health (NIH), the United States Centers for Disease Control and Prevention (CDC), and numerous leading United States and international health care organizations, discourages the use of tanning beds and sunlamps, and has concluded that indoor tanning can be as harmful as outdoor tanning, and that perhaps more than one million people in the United States alone visit tanning salons each day on the average.

(d) The FDA and numerous leading United States and international health care organizations have expressed concerns that the consuming public generally does not know that indoor tanning devices, such as tanning beds and sunlamps, emit ultraviolet radiation, UVA and UVB, that is similar to and sometimes more powerful than the UV radiation emitted by the sun.

(e) The leading cause of skin cancers in California, including basal cell and squamous cell carcinomas and melanoma, is excessive exposure to UVA and UVB rays from both natural and artificial sources. The FDA has concluded that there are no ''safe rays'' insofar as both types of ultraviolet light cause skin cancer, damage to the eyes and the immune system, as well as wrinkling and other signs of premature skin aging.

(f) Tanning devices in salons, tanning parlors, spas, and similar settings that emit mostly UVA light are in no way less harmful alternatives to the sun's rays, insofar as UVA rays penetrate deeper than UVB rays, causing damage to the underlying connective tissue as well as to the skin's surface.

(g) Since there is currently no repair treatment available for reversing the brutal effects of UVA and UVB rays on the skin, effecting basic, minimally intrusive, public education to prevent such damage before it occurs is the best approach to maintaining the public health of the citizens of this state.

(h) It is in the public interest to exercise the state's public education capabilities to warn the public of the risks of UVA radiation exposure by skin tanning units or devices, to endorse the findings released by the FDA warning Americans that the use of UVA tanning booths and sun beds pose potentially significant health risks to users, and to adopt legislation regarding UVA exposure to ensure the posting of warnings of these risks in commercial tanning salons, parlors, and spas.

SEC. 2. Section 22706 of the Business and Professions Code is amended to read:

22706. (a) A tanning facility shall:

(1) Have an operator present during operating hours who is sufficiently knowledgeable in the correct operation of the tanning devices used at the facility so that he or she is able to inform and assist each customer in the proper use of the tanning devices.

(2) Before each use of a tanning device, provide each customer with properly sanitized protective eyewear that protects the eye from ultraviolet radiation and allows adequate vision to maintain balance; and not allow a person to use a tanning device if that person does not use the protective eyewear.

(3) Show each customer how to use suitable physical aids, such as handrails and markings on the floor, to maintain proper exposure distance as recommended by the manufacturer.

(4) Use a timer that has an accuracy of plus or minus 10 percent of any selected timer interval.

(5) Limit each customer to the maximum exposure time as recommended by the manufacturer.

(6) Control the interior temperature of a tanning facility so that it does not exceed 100 degrees Fahrenheit.

(b) (1) Every person who uses a tanning facility shall sign a written statement acknowledging that he or she has read and understood the warnings before using the device; and agrees to use the protective eyewear that the tanning facility provides. The statement of acknowledgment shall be retained by the tanning facility until the end of the calendar year at which time each person who is a current customer of the facility shall be required to renew that acknowledgment.

(2) Whenever using a tanning device a person shall use the protective eyewear that the tanning facility provides.

(3) Before any person between 14 and 18 years of age uses a tanning device, he or she shall give the tanning facility a statement signed by his or her parent or legal guardian stating that the parent or legal guardian has read and understood the warnings given by the tanning facility, consents to the minor's use of a tanning device, and agrees that the minor will use the protective eyewear that the tanning facility provides.

(4) Persons under 14 years of age are prohibited from using a tanning device.

SEC. 3. Section 22708 of the Business and Professions Code is amended to read:

22708. (a) A first violation of this chapter is an infraction. Each day a first violation continues constitutes a separate infraction.

(b) Any violation of this chapter subsequent to a first violation is a misdemeanor. Each day a subsequent violation continues constitutes a separate misdemeanor.

(c) A tanning facility that has violated this chapter shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) per day in addition to any other penalty established by law.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 759

An act to add Section 451.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 451.5 is added to the Public Utilities Code, to read:

451.5. (a) Any expense resulting from a bonus paid to an executive officer of a public utility that has ceased to pay its debts in the ordinary course of business shall not be recoverable either directly or indirectly in rates and shall be borne exclusively by the shareholders of the public utility. This prohibition shall be operative for a period of no less than two years after the public utility resumes paying its debts in the ordinary course of business, and shall be operative for any additional time period as determined by the commission.

(b) The requirements of subdivision (a) do not apply to a bonus that is specifically defined in a standard employee compensation contract.

(c) For purposes of this section, ''executive officer'' means any person who performs policy making functions and is employed by the public utility subject to the approval of the board of directors, and includes the president, secretary, treasurer, and any vice president in charge of a principal business unit, division, or function of the public utility.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 760

An act to add Section 13082 to the Financial Code, relating to point-of-sale devices.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to stop the expansion of point-of-sale devices that do not allow a blind or visually impaired person to enter his or her own personal identification number or any

other personal information necessary to process a transaction with the same degree of privacy given to all other individuals.

SEC. 2. Section 13082 is added to the Financial Code, to read:

13082. (a) Whenever a point-of-sale system is changed or modified to include a video touch screen or any other nontactile keypad, the point-of-sale device that would include the video touch screen or nontactile keypad shall also be equipped with a tactually discernible numerical keypad similar to a telephone keypad containing a raised dot with a dot base diameter between 1.5 millimeters and 1.6 millimeters and a height between 0.6 millimeters and 0.9 millimeters on the number 5 key that enables a visually impaired person to enter his or her own personal identification number or any other personal information necessary to process the transaction in a manner which provides the opportunity for the same degree of privacy input and output available to all individuals.

(b) (1) On or before January 1, 2010, any existing point-of-sale system, except as provided in paragraph (2), that includes a video touch screen or any other nontactile keypad shall also be equipped with a tactually discernable keypad as described in subdivision (a).

(2) At locations equipped with two or less point-of-sale machines, only one point-of-sale machine shall be required to be equipped with a tactually discernible keypad on or before January 1, 2010, as described in subdivision (a).

(c) On and after January 1, 2006, a manufacturer or distributor shall be required to offer for availability touch screen or other nontactile point-of-sale devices to be used and sold in this state that are equipped with tactually discernible keypads as described in subdivision (a) that enable a visually impaired person to enter his or her own personal identification number or any other personal information necessary to process a transaction in a manner that ensures personal privacy of the information being entered.

(d) As used in this section, ''point-of-sale device'' includes any device used by a customer for the purchase of a good or service where a personal identification number (PIN) is required, but does not include the following:

(1) An automated teller machine as defined in subdivision (c) of Section 13020.

(2) A point-of-sale device that is equipped to, or exclusively services, motor fuel dispensers.

(e) This section shall not be construed to preclude or limit any other existing right or remedy as it pertains to point-of-sale devices and accessibility.

CHAPTER 761

An act to amend Section 290 of the Penal Code, relating to sex offenders.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 290 of the Penal Code is amended to read:

(b) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) In lieu of the distribution of the pro forma operating budget required by subdivision (a), the board of directors may elect to distribute a summary of the pro forma operating budget to all of its members with a written notice that the pro forma operating budget is available at the business office of the association or at another suitable location within the boundaries of the development, and that copies will be provided upon request and at the expense of the association. If any member requests that a copy of the pro forma operating budget required by subdivision (a) be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be in at least 10-point boldface type on the front page of the summary of the budget.

(d) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members not less than 30 days nor more than 90 days immediately preceding the beginning of the association's fiscal year.

(e) (1) A summary of the association's property, general liability, earthquake, flood, and fidelity insurance policies, which shall be distributed not less than 30 days nor more than 90 days preceding the beginning of the association's fiscal year, that includes all of the following information about each policy:

(A) The name of the insurer.

(B) The type of insurance.

(C) The policy limits of the insurance.

(D) The amount of deductibles, if any.

(2) The association shall, as soon as reasonably practicable, notify its members by first-class mail if any of the policies described in paragraph (1) have lapsed, been canceled, and are not immediately renewed, restored, or replaced, or if there is a significant change, such as a reduction in coverage or limits or an increase in the deductible, as to any of those policies. If the association receives any notice of nonrenewal of a policy described in paragraph (1), the association shall immediately notify its members if replacement coverage will not be in effect by the date the existing coverage will lapse.

(3) To the extent that any of the information required to be disclosed pursuant to paragraph (1) is specified in the insurance policy declaration page, the association may meet its obligation to disclose that information by making copies of that page and distributing it to all of its members.

(4) The summary distributed pursuant to paragraph (1) shall contain, in at least 10-point boldface type, the following statement: ''This summary of the association's policies of insurance provides only certain information, as required by subdivision (e) of Section 1365 of the Civil

Code, and should not be considered a substitute for the complete policy terms and conditions contained in the actual policies of insurance. Any association member may, upon request and provision of reasonable notice, review the association's insurance policies and, upon request and payment of reasonable duplication charges, obtain copies of those policies. Although the association maintains the policies of insurance specified in this summary, the association's policies of insurance may not cover your property, including personal property or, real property improvements to or around your dwelling, or personal injuries or other losses that occur within or around your dwelling. Even if a loss is covered, you may nevertheless be responsible for paying all or a portion of any deductible that applies. Association members should consult with their individual insurance broker or agent for appropriate additional coverage."

SEC. 2. Section 1365.2.5 is added to the Civil Code, to read:

Approximate date assessment will be due:	Amount per unit per month:
	Total:

(5) The following major components, which are included in the reserve study, are NOT included in the existing reserve funding:

Major component:	Useful remaining life in years:	Reason this major component was not included:

(6) As of the last reserve study or update, the current balance in the reserve fund is $_____. Based on the method of calculation in paragraph (4) of subdivision (b) of Section 1365.2.5, the required amount in the reserve fund is $_____, and if an alternate, but generally accepted, method of calculation is also used, the required amount is $____. (b) For the purposes of preparing a summary pursuant to this section:

(1) ''Estimated remaining useful life'' means the time reasonably calculated to remain before a major component will require replacement.

(2) ''Major component'' has the meaning used in Section 1365.5. Components with an estimated remaining useful life of more than 30

years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.

(3) The form set out in subdivision (a) shall accompany each pro forma operating budget or summary thereof that is delivered pursuant to this article. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.

(4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

SEC. 3. Section 1365.3 is added to the Civil Code, to read:

1365.3. Unless the governing documents impose more stringent standards, any community service organization as defined in paragraph (3) of subdivision (c) of Section 1368 whose funding from the association or its members exceeds 10 percent of the organization's annual budget shall prepare and distribute to the association a report that meets the requirements of Section 5012 of the Corporations Code, and that describes in detail administrative costs and identifies the payees of those costs in a manner consistent with the provisions of Section 1365.2. If the community service organization does not comply with the standards, the report shall disclose the noncompliance in detail. If a community service organization is responsible for the maintenance of major components for which an association would otherwise be responsible, the community service organization shall supply to the association the information regarding those components that the association would use to complete disclosures and reserve reports required under this article. An association may rely upon information received from a community service organization, and shall provide access to the information pursuant to the provisions of Section 1365.2.

SEC. 4. Section 1365.5 of the Civil Code is amended to read:

1365.5. (a) Unless the governing documents impose more stringent standards, the board of directors of the association shall do all of the following:

(1) Review a current reconciliation of the association's operating accounts on at least a quarterly basis.

(2) Review a current reconciliation of the association's reserve accounts on at least a quarterly basis.

(3) Review, on at least a quarterly basis, the current year's actual reserve revenues and expenses compared to the current year's budget.

(4) Review the latest account statements prepared by the financial institutions where the association has its operating and reserve accounts.

(5) Review an income and expense statement for the association's operating and reserve accounts on at least a quarterly basis.

(b) The signatures of at least two persons, who shall be members of the association's board of directors, or one officer who is not a member of the board of directors and a member of the board of directors, shall be required for the withdrawal of moneys from the association's reserve accounts.

(c) (1) The board of directors shall not expend funds designated as reserve funds for any purpose other than the repair, restoration, replacement, or maintenance of, or litigation involving the repair, restoration, replacement, or maintenance of, major components which the association is obligated to repair, restore, replace, or maintain and for which the reserve fund was established.

(2) However, the board may authorize the temporary transfer of moneys from a reserve fund to the association's general operating fund to meet short-term cashflow requirements or other expenses, if the board has provided notice of the intent to consider the transfer in a notice of meeting, which shall be provided as specified in Section 1363.05. The notice shall include the reasons the transfer is needed, some of the options for repayment,and whether a special assessment may be considered. If the board authorizes the transfer, the board shall issue a written finding, recorded in the board's minutes, explaining the reasons that the transfer is needed, and describing when and how the moneys will be repaid to the reserve fund. The transferred funds shall be restored to the reserve fund within one year of the date of the initial transfer, except that the board may, after giving the same notice required for considering a transfer, and, upon making a finding supported by documentation that a temporary delay would be in the best interests of the common interest development, temporarily delay the restoration. The board shall exercise prudent fiscal management in maintaining the integrity of the reserve account, and shall, if necessary, levy a special assessment to recover the full amount of the expended funds within the time limits required by this section. This special assessment is subject to the limitation imposed by Section 1366. The board may, at its discretion, extend the date the payment on the special assessment is due. Any extension shall not prevent the board from pursuing any legal remedy to enforce the collection of an unpaid special assessment.

(d) When the decision is made to use reserve funds or to temporarily transfer moneys from the reserve fund to pay for litigation, the association shall notify the members of the association of that decision in the next available mailing to all members pursuant to Section 5016 of the Corporations Code, and of the availability of an accounting of those

expenses. Unless the governing documents impose more stringent standards, the association shall make an accounting of expenses related to the litigation on at least a quarterly basis. The accounting shall be made available for inspection by members of the association at the association's office.

(e) At least once every three years, the board of directors shall cause to be conducted a reasonably competent and diligent visual inspection of the accessible areas of the major components which the association is obligated to repair, replace, restore, or maintain as part of a study of the reserve account requirements of the common interest development, if the current replacement value of the major components is equal to or greater than one-half of the gross budget of the association which excludes the association's reserve account for that period. The board shall review this study, or cause it to be reviewed, annually and shall consider and implement necessary adjustments to the board's analysis of the reserve account requirements as a result of that review.

The study required by this subdivision shall at a minimum include:

(1) Identification of the major components which the association is obligated to repair, replace, restore, or maintain which, as of the date of the study, have a remaining useful life of less than 30 years.

(2) Identification of the probable remaining useful life of the components identified in paragraph (1) as of the date of the study.

(3) An estimate of the cost of repair, replacement, restoration, or maintenance of the components identified in paragraph (1).

(4) An estimate of the total annual contribution necessary to defray the cost to repair, replace, restore, or maintain the components identified in paragraph (1) during and at the end of their useful life, after subtracting total reserve funds as of the date of the study.

(f) As used in this section, ''reserve accounts'' means both of the following:

(1) Moneys that the association's board of directors has identified for use to defray the future repair or replacement of, or additions to, those major components which the association is obligated to maintain.

(2) The funds received and not yet expended or disposed from either a compensatory damage award or settlement to an association from any person or entity for injuries to property, real or personal, arising from any construction or design defects. These funds shall be separately itemized from funds described in paragraph (1).

(g) As used in this section, ''reserve account requirements'' means the estimated funds which the association's board of directors has determined are required to be available at a specified point in time to repair, replace, or restore those major components which the association is obligated to maintain.

(h) This section does not apply to an association that does not have a ''common area'' as defined in Section 1351.

SEC. 5. Section 1368 of the Civil Code is amended to read:

1368. (a) The owner of a separate interest, other than an owner subject to the requirements of Section 11018.6 of the Business and Professions Code, shall, as soon as practicable before transfer of title to the separate interest or execution of a real property sales contract therefor, as defined in Section 2985, provide the following to the prospective purchaser:

(1) A copy of the governing documents of the common interest development, including any operating rules, and including a copy of the association's articles of incorporation, or, if not incorporated, a statement in writing from an authorized representative of the association that the association is not incorporated.

(2) If there is a restriction in the governing documents limiting the occupancy, residency, or use of a separate interest on the basis of age in a manner different from that provided in Section 51.3, a statement that the restriction is only enforceable to the extent permitted by Section 51.3 and a statement specifying the applicable provisions of Section 51.3.

(3) A copy of the most recent documents distributed pursuant to Section 1365.

(4) A true statement in writing obtained from an authorized representative of the association as to the amount of the association's current regular and special assessments and fees, any assessments levied upon the owner's interest in the common interest development that are unpaid on the date of the statement, and any monetary fines or penalties levied upon the owner's interest and unpaid on the date of the statement. The statement obtained from an authorized representative shall also include true information on late charges, interest, and costs of collection which, as of the date of the statement, are or may be made a lien upon the owner's interest in a common interest development pursuant to Section 1367 or 1367.1.

(5) A copy or a summary of any notice previously sent to the owner pursuant to subdivision (h) of Section 1363 that sets forth any alleged violation of the governing documents that remains unresolved at the time of the request. The notice shall not be deemed a waiver of the association's right to enforce the governing documents against the owner or the prospective purchaser of the separate interest with respect to any violation. This paragraph shall not be construed to require an association to inspect an owner's separate interest.

(6) A copy of the preliminary list of defects provided to each member of the association pursuant to Section 1375, unless the association and the builder subsequently enter into a settlement agreement or otherwise resolve the matter and the association complies with Section 1375.1.

Disclosure of the preliminary list of defects pursuant to this paragraph does not waive any privilege attached to the document. The preliminary list of defects shall also include a statement that a final determination as to whether the list of defects is accurate and complete has not been made.

(7) A copy of the latest information provided for in Section 1375.1.

(8) Any change in the association's current regular and special assessments and fees which have been approved by the association's board of directors, but have not become due and payable as of the date disclosure is provided pursuant to this subdivision.

(b) Upon written request, an association shall, within 10 days of the mailing or delivery of the request, provide the owner of a separate interest with a copy of the requested items specified in paragraphs (1) to (8), inclusive, of subdivision (a). The items required to be made available pursuant to this section may be maintained in electronic form and requesting parties shall have the option of receiving them by electronic transmission or machine readable storage media if the association maintains these items in electronic form. The association may charge a reasonable fee for this service based upon the association's actual cost to procure, prepare, and reproduce the requested items.

(c) (1) Subject to the provisions of paragraph (2), neither an association nor a community service organization or similar entity may impose or collect any assessment, penalty, or fee in connection with a transfer of title or any other interest except for the following:

(A) An amount not to exceed the association's actual costs to change its records.

(B) An amount authorized by subdivision (b).

(2) The amendments made to this subdivision by the act adding this paragraph do not apply to a community service organization or similar entity that is described in subparagraph (A) or (B):

(A) The community service organization or similar entity satisfies both of the following requirements:

(i) The community service organization or similar entity was established prior to February 20, 2003.

(ii) The community service organization or similar entity exists and operates, in whole or in part, to fund or perform environmental mitigation or to restore or maintain wetlands or native habitat, as required by the state or local government as an express written condition of development.

(B) The community service organization or similar entity satisfies all of the following requirements:

(i) The community service organization or similar entity is not an organization or entity described in subparagraph (A).

(ii) The community service organization or similar entity was established and received a transfer fee prior to January 1, 2004.

(iii) On and after January 1, 2006, the community service organization or similar entity offers a purchaser the following payment options for the fee or charge it collects at time of transfer:

(I) Paying the fee or charge at the time of transfer.

(II) Paying the fee or charge pursuant to an installment payment plan for a period of not less than seven years. If the purchaser elects to pay the fee or charge in installment payments, the community service organization or similar entity may also collect additional amounts that do not exceed the actual costs for billing and financing on the amount owed. If the purchaser sells the separate interest before the end of the installment payment plan period, he or she shall pay the remaining balance prior to transfer.

(3) For the purposes of this subdivision, a ''community service organization or similar entity'' means a nonprofit entity, other than an association, that is organized to provide services to residents of the common interest development or to the public in addition to the residents, to the extent community common areas or facilities are available to the public. A ''community service organization or similar entity'' does not include an entity that has been organized solely to raise moneys and contribute to other nonprofit organizations that are qualified as tax exempt under Section 501(c)(3) of the Internal Revenue Code and that provide housing or housing assistance.

(d) Any person or entity who willfully violates this section is liable to the purchaser of a separate interest that is subject to this section for actual damages occasioned thereby and, in addition, shall pay a civil penalty in an amount not to exceed five hundred dollars ($500). In an action to enforce this liability, the prevailing party shall be awarded reasonable attorneys' fees.

(e) Nothing in this section affects the validity of title to real property transferred in violation of this section.

(f) In addition to the requirements of this section, an owner transferring title to a separate interest shall comply with applicable requirements of Sections 1133 and 1134.

(g) For the purposes of this section, a person who acts as a community association manager is an agent, as defined in Section 2297, of the association.

SEC. 6. The provisions of this act shall apply to reports and disclosures made after July 1, 2005.

(b) All revenues collected by telephone corporations in rates authorized by the commission to fund the program specified in subdivision (a) shall be submitted to the commission pursuant to a schedule established by the commission. The commission shall transfer the moneys received to the Controller for deposit in the California High-Cost Fund-A Administrative Committee Fund. All interest earned by moneys in the fund shall be deposited in the fund. Any unexpended revenues collected prior to the operative date of this section shall be submitted to the commission, and the commission shall transfer those moneys to the Controller for deposit in the California High-Cost Fund-A Administrative Committee Fund.

(c) Moneys appropriated from the California High-Cost Fund-A Administrative Committee Fund to the commission shall be utilized exclusively by the commission for the program specified in subdivision (a), including all costs of the board and the commission associated with the administration and oversight of the program and the fund.

(d) This section shall become operative on January 1, 2006.

SEC. 2. Section 276 of the Public Utilities Code, as added by Section 6 of Chapter 903 of the Statutes of 2001, is amended to read:

276. (a) There is hereby created the California High-Cost Fund-B Administrative Committee, which is an advisory board to advise the commission regarding the development, implementation, and

administration of a program to provide for transfer payments to telephone corporations providing local exchange services in high-cost areas in the state to create fair and equitable local rate structures, as provided for in Section 739.3, the development of a grant program for the construction of telecommunications infrastructure as set forth in Section 276.5, and to carry out the program pursuant to the commission's direction, control, and approval.

The commission shall transfer the moneys received to the Controller for deposit in the California High-Cost Fund-B Administrative Committee Fund. All interest earned by moneys in the fund shall be deposited in the fund. Any unexpended revenues collected prior to the operative date of this section shall be submitted to the commission, and the commission shall transfer those moneys to the Controller for deposit in the California High-Cost Fund-B Administrative Committee Fund.

(c) Moneys appropriated from the California High-Cost Fund-B Administrative Committee Fund to the commission shall be utilized exclusively by the commission for the program specified in subdivision (a), including all costs of the board and the commission associated with the administration and oversight of the program and the fund.

(d) This section shall become operative on January 1, 2006.

SEC. 3. Section 276.5 of the Public Utilities Code is amended to read:

276.5. (a) The commission shall establish a grant program to aid in the establishment of telecommunications service in areas not currently served by existing local exchange carriers. The program shall be funded out of either the California High-Cost Administrative Committee Fund-A or the California High-Cost Administrative Committee Fund-B, or both, as determined by the commission, and the funding level may not exceed ten million dollars ($10,000,000) per year.

(b) On or after July 1, 2002, any community-based group representing a qualifying community may apply for and receive grants to build an original telecommunications infrastructure that can provide basic telecommunications service that will serve an area that meets the grant program's population criteria with consideration given to communities with schools, hospitals, and health clinics, as set forth in Decision 96-10-066, and that currently lacks basic telecommunications services, as described in Decision 96-10-066 of the commission. A community-based group representing a qualifying community may alternatively apply for and receive a grant to subsidize the cost of the telecommunications service itself, if the group determines that this

would be more cost-effective than subsidizing the building of an original telecommunications infrastructure. On or before June 30, 2002, the commission, shall establish eligibility criteria for community-based groups to qualify to apply for telecommunications infrastructure grants. The criteria shall include a requirement that a local agency, as defined by Section 50001 of the Government Code, or a town, as defined by Section 21 of the Government Code, shall act as the community-based group's fiscal agent for the receipt and distribution of funds. Qualifying communities shall have a median household income no greater than the income level used in the Universal Lifeline Telephone Service index for a family of four. The commission shall require that the telecommunications carrier that provides the service has the obligation to serve the community.

(c) Grant proposals shall be submitted in accordance with procedures prescribed by the commission and evaluated and awarded by the commission using technology criteria developed by the government-industry working group established by subdivision (h). Grant proposals shall contain all of the following:

(A) Topographical maps indicating the location of all existing residences.

(B) Schematic maps of the proposed network facilities.

(C) Recommendations and justifications for the preferred technologies.

(D) Network compatibility statements from one or more interconnecting carriers.

(E) Cost projections for the infrastructure facilities.

(F) Cost projections for the interconnection and recurring service provisions.

(G) Projected budget for engineering feasibility studies.

(3) Recommendations and letters of support from all of the following:

(A) The county board of supervisors.

(B) Other affected local governments.

(C) Affected school districts.

(E) Affected law enforcement agencies.

(4) Letters of commitment from 75 percent of the unserved population.

(5) A project schedule, including timeline and budget.

(6) A management plan that assures the proper utilization of grant funds.

(7) Evidence that competing providers and competing technologies have been considered and evaluated.

(d) Grant applicants that are rejected by the commission may be reimbursed for the cost of their preliminary engineering feasibility studies, including, but not limited to, any approved cost of a local telecommunications carrier that contributes to the studies, from the grant program.

(e) The procedures developed for awarding grants shall ensure that the grants awarded do not exceed annual moneys available to support the program, that not more than one grant is awarded to a qualifying community, and that no one applicant receive more than 25 percent of the designated program funds in a single fiscal year.

(f) In evaluating grant applications, the commission shall consider the cost effectiveness of the application, the number of people served, the level of local support, the ability of the community served to pay for the services delivered, and the effect on public health and safety.

(g) The commission shall establish a government-industry working group to develop the technical criteria to be used in evaluating grant awards. The working group shall be composed of, but not limited to, the following:

SEC. 4. This act shall not become operative unless Senate Bill 1276 of the 2003–04 Regular Session is enacted, amends Section 739.3 of the Public Utilities Code, and becomes effective on or before January 1, 2005.

CHAPTER 768

An act to amend Section 1604 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 24, 2004. Filed with
Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1604 of the Revenue and Taxation Code is amended to read:

1604. (a) (1) In counties of the first class, annually, on the fourth Monday in September, the county board shall meet to equalize the assessment of property on the local roll. The board shall continue to meet for that purpose, from time to time, until the business of equalization is disposed of.

(2) In all other counties, annually, on the third Monday in July, the county board shall meet to equalize the assessment of property on the local roll. It shall continue to meet for that purpose, from time to time, until the business of equalization is disposed of.

(b) (1) Any taxpayer may petition the board for a reduction in an assessment by filing an application pursuant to Section 1603. An application for a reduction in an assessment shall also constitute a sufficient claim for refund, if the applicant states in the application that the application is also intended to constitute a claim for refund pursuant to the provisions of Section 5097.

(2) The county board shall have no power to receive or hear any petition for a reduction in an escaped assessment made pursuant to Section 531.1 nor a penal assessment levied in respect thereto, nor to reduce those assessments.

(c) If the county assessment appeals board fails to hear evidence and fails to make a final determination on the application for reduction in assessment of property within two years of the timely filing of the application, the taxpayer's opinion of market value as reflected on the application for reduction in assessment shall be the value upon which taxes are to be levied for the tax year covered by the application, unless either of the following occurs:

(1) The taxpayer and the county assessment appeals board mutually agree in writing, or on the record, to an extension of time for the hearing.

(2) The application for reduction is consolidated for hearing with another application by the same taxpayer with respect to which an extension of time for the hearing has been granted pursuant to paragraph (1). In no case shall the application be consolidated without the taxpayer's written agreement after the two-year time period has passed or after an extension of the two-year time period previously agreed to by the taxpayer has expired.

The reduction in assessment reflecting the taxpayer's opinion of market value shall not be made, however, until two years after the close

of the filing period during which the timely application was filed. Further, this subdivision shall not apply to applications for reductions in assessments of property where the taxpayer has failed to provide full and complete information as required by law or where litigation is pending directly relating to the issues involved in the application. This subdivision is only applicable to applications filed on or after January 1, 1983.

(d) (1) When the applicant's opinion of value, as stated on the application, has been placed on the assessment roll pursuant to subdivision (c), and the application requested a reduction in the base year value of an assessment pursuant to subdivision (a) of Section 80, the applicant's opinion of value shall remain on the roll until the county board makes a final determination on the application. The value so determined by the county board, plus appropriate adjustments for the inflation factor, shall be entered on the assessment roll for the fiscal year in which the value is determined. No increased or escape taxes other than those required by a purchase, change in ownership, or new construction, or resulting from application of the inflation factor to the applicant's opinion of value shall be levied for the tax years during which the county board failed to act.

(2) When the applicant's opinion of value has been placed on the assessment roll pursuant to subdivision (c) for any application other than an application filed pursuant to subdivision (a) of Section 80, the applicant's opinion of value shall be enrolled on the assessment roll for the tax year or tax years covered by that application.

(e) The county board shall notify the applicant in writing of any decision by that board not to hold a hearing on his or her application for reduction in assessment within the two-year period specified in subdivision (c). This notice shall also inform the applicant that the taxpayer's opinion of value as reflected on the application for reduction in assessment shall, as a result of the county board's failure to hold a hearing within the prescribed time period, be the value upon which taxes are to be levied in the absence of the application of either paragraph (1) or (2) of subdivision (c).

CHAPTER 769

An act to add Section 675 to the Penal Code, relating to sentencing.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 675 is added to the Penal Code, to read:

675. CHAPTER 770

An act to add Section 1264 to the Health and Safety Code, relating to prenatal testing.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 24, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The evaluation of the fetal heart is one of the more difficult tasks for persons who perform prenatal, or fetal, ultrasounds.

(b) Congenital heart defects are one of the most common birth defects and associated with one of the highest mortality rates following birth.

(c) One out of every 125 to 150 babies is born with a congenital heart defect each year.

(d) If all sonographers in health facilities in the state who perform prenatal ultrasounds to screen for congenital heart defects were required to be nationally certified in obstetrical ultrasound, it could significantly increase prenatal detection rates of congenital heart disease and other

fetal defects, and could result in improved outcomes for neonates and decreased costs to providers.

SEC. 2. Section 1264 is added to the Health and Safety Code, to read:

1264. (a) Any health facility licensed under Section 1250 that provides prenatal screening ultrasound to detect congenital heart defects shall require that the ultrasound be performed by a sonographer who is nationally certified in obstetrical ultrasound by the American Registry for Diagnostic Medical Sonography (ARDMS), nationally certified in cardiac sonography by Cardiovascular Credentialing International (CCI), or credentialed in sonography by the American Registry of Radiologic Technologists (ARRT).

(b) For purposes of this section, the following shall apply:

(1) A sonographer is also known as an ''ultrasound technologist'' or ''sonologist.''

(2) ''Sonographer'' means any nonphysician who is qualified by national certification or academic or clinical experience to perform diagnostic medical ultrasound, with a subspecialty in obstetrical ultrasound.

(c) (1) Any sonographer who is certified as required in subdivision (a) or otherwise meets the requirements of this section, shall, in performing a prenatal ultrasound to detect congenital heart defects, perform the work under the supervision of a licensed physician and surgeon.

(2) For purposes of this section, licensed physician and surgeon means any physician and surgeon, licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

(d) Any person with a minimum of two years of full-time work experience in this state as a sonographer in prenatal ultrasound and has obtained, or is in the process of obtaining, 30 continuing medical education credits over a three-year period in ultrasound shall be deemed to be in compliance with the requirements of this section.

(e) A health facility shall develop policies and procedures to implement the requirements of this section.

(f) This section and policies and procedures adopted pursuant to this section shall not prohibit any physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code from performing a prenatal ultrasound nor in any other way limit the ability of a licensed physician and surgeon to practice medicine in a manner consistent with that license.

(g) This section and policies and procedures adopted pursuant to this section shall not apply to any physician and surgeon, sonologist, certified nurse-midwife, or nurse practitioner who performs limited

prenatal ultrasounds for the purpose of obtaining an amniotic fluid index, fetal position, a biophysical profile or dating a pregnancy prior to 20 weeks gestation.

(h) Article 4 (commencing with Section 1235) and any other provision relating to criminal sanctions for violations of this chapter shall not apply to any person who violates this section or any regulation adopted pursuant to this section.

(i) This section shall become operative on July 1, 2006.

CHAPTER 771

An act relating to property insurance.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

Sec. 1437f).

(b) The Insurance Commissioner shall conduct a study of the market for property and liability insurance for corporations that provide subsidized low- and moderate-income rental housing. The results of this study shall be presented to the chairs of the Assembly and Senate Committees on Insurance on or before July 1, 2005. The study shall involve insurers licensed in California, shall be limited to the sale of

property and liability insurance for commercial residential property, and shall evaluate, at a minimum, the following matters to the extent this information is tracked and maintained by insurers:

(1) Whether the availability of property and liability insurance for nonprofit corporations that provide subsidized low- and moderate-income rental housing is decreasing or is insufficient.

(2) Whether changes in the market availability of property and liability insurance for nonprofit corporations providing subsidized low- and moderate-income rental housing is consistent with changes in the availability of property and liability insurance for for-profit entities that provide subsidized low- and moderate-income rental housing.

(3) Whether changes in the market availability of property and liability insurance for nonprofit corporations providing subsidized low- and moderate-income rental housing is consistent with changes in the availability of property and liability insurance for for-profit entities that provide commercial residential housing that is not subsidized.

(4) How the loss experience of nonprofit corporations providing subsidized low- and moderate-income rental housing compares with each of the following:

(A) The loss experience of for-profit corporations providing subsidized low- and moderate-income rental housing.

(B) The loss experience of entities that provide commercial residential housing that is not subsidized.

(c) Before beginning the study, the commissioner shall seek input from insurers and corporations providing subsidized low- and moderate-income rental housing to determine the type of information that will be gathered to evaluate the matters outlined in subdivision (b).

(d) Nothing in this act shall limit or expand the authority of the commissioner to request data from insurers as provided in subdivision (c) of Section 700 and subdivision (b) of Section 1857.9 of the Insurance Code.

CHAPTER 772

An act to amend Section 8686 of the Government Code, and to amend Sections 17207 and 24347.5 of, and to add Sections 195.89, 195.90, and 195.91 to, the Revenue and Taxation Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 8686 of the Government Code is amended to read:

8686. (a) For any eligible project, the state share shall amount to no more than 75 percent of total state eligible costs.

(b) Notwithstanding subdivision (a), the state share shall be up to 100 percent of total state eligible costs connected with the following events:

(1) The October 17, 1989, Loma Prieta earthquake.

(8) The wildfires that occurred in southern California commencing October 21, 2003, as specified in agreements between this state and the United States for federal financial assistance.

(9) The December 22, 2003, San Simeon earthquake, as specified in agreements between this state and the United States for federal financial assistance.

(c) For any federally declared disaster subsequent to January 1, 1995, that the Legislature has designated in subdivision (b), the state shall assume the increased share specified in subdivision (b) in those cases where the Federal Emergency Management Agency or another applicable federal agency has approved the federal share of costs.

(d) The state shall make no allocation for any project application resulting in a state share of less than two thousand five hundred dollars ($2,500) under this section.

SEC. 2. Section 195.89 is added to the Revenue and Taxation Code, to read:

195.89. By September 30, 2004, the auditors of the Counties of Los Angeles, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura, which were the subject of the Governor's Proclamation of a state of emergency for the fires occurring in October and November 2003, for the mudslides occurring in San Bernardino

County as a result of those fires, and for the earthquake that occurred in December 2003 in San Luis Obispo County and Santa Barbara County, shall certify to the Director of Finance an estimate of the total amount of the reduction in property tax revenues on both the regular secured roll and the supplemental roll for the 2003–04 fiscal year resulting from the reassessment by the county assessor pursuant to paragraph (1) of subdivision (a) of Section 170 of those properties that are eligible properties as a result of that disaster, except that the amount certified shall not include any estimated property tax revenue reductions to school districts (other than basic state aid school districts) and county offices of education. For purposes of this section, ''basic state aid school district'' means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 3. Section 195.90 is added to the Revenue and Taxation Code, to read:

195.90. After the county auditor of an eligible county, as described in Section 195.89, has made the applicable certification to the Director of Finance pursuant to that section, the director shall, within 30 days after verification of the county auditor's estimate, certify this amount to the Controller for allocation to the county. Upon receipt of certification from the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days.

SEC. 4. Section 195.91 is added to the Revenue and Taxation Code, to read:

195.91. On or before June 30, 2005, each eligible county, as described in Section 195.89, shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 195.90, less the actual amount of its property tax revenue lost on the regular secured and supplemental rolls with respect to those eligible properties described in Section 195.89 as a result of the reassessment of those properties pursuant to paragraph (1) of subdivision (a) of Section 170, excluding any property tax revenue lost by school districts (other than basic state aid school districts) and county offices of education. If the actual amount of property tax revenue lost by an eligible county in the immediately preceding fiscal year, as described and limited in the preceding sentence, exceeds the amount allocated by the Controller to that county pursuant to Section 195.90, the Controller shall allocate the amount of that excess to that eligible county. For purposes of this section, ''basic state aid school district'' means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives

from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 5. The Legislature finds and declares that this act fulfills a statewide public purpose because of both of the following:

(a) The Governor of California has officially proclaimed a state of emergency that declared that the fires that occurred in southern California during October and November 2003, and the earthquake that occurred in San Luis Obispo and Santa Barbara in December 2003, were natural disasters, thus qualifying affected persons for various forms of governmental assistance and relief.

(b) This act is consistent with, and supplements, the proclaimed disaster assistance and relief by providing necessary fiscal assistance and tax relief to affected jurisdictions and persons to allow them to maintain essential basic services and repair damage to, and restore, their homes and businesses.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The petroleum underground storage tank cleanup fees authorized under Article 5 (commencing with Section 25299.40) of Chapter 6.75 of Division 20 of the Health and Safety Code were last increased on January 1, 1997.

(e) The modest fee increases authorized under this act are intended to ensure that all claimants under the cleanup program will have a reasonable opportunity to have approved claims paid before the expiration of the cleanup program, as was envisioned when the program was initially established.

SEC. 2. Section 25299.43 of the Health and Safety Code is amended to read:

25299.43. (a) To implement the changes to this chapter made by the act adding this section, and consistent with Section 25299.40, effective January 1, 1995, every owner subject to Section 25299.41 shall pay a storage fee of one mill ($0.001) for each gallon of petroleum placed in an underground storage tank which the person owns, in addition to the fee required by Section 25299.41.

(b) On and after January 1, 1996, the storage fee imposed under subdivision (a) shall be increased by two mills ($0.002) for each gallon of petroleum placed in an underground storage tank.

(c) On and after January 1, 1997, the storage fee increased under subdivision (b) shall be increased by an additional three mills ($0.003) for each gallon of petroleum placed in an underground storage tank.

(d) On and after January 1, 2005, the storage fee increased under subdivision (c) shall be increased by an additional one mill ($0.001) for each gallon of petroleum placed in an underground storage tank.

(e) On and after January 1, 2006, the storage fee increased under subdivision (d) shall be increased by an additional one mill ($0.001) for each gallon of petroleum placed in an underground storage tank.

(f) The fee imposed under this section shall be paid to the State Board of Equalization under Part 26 (commencing with Section 50101) of Division 2 of the Revenue and Taxation Code in the same manner as, and consistent with, the fees imposed under Section 24299.41.

(g) The State Board of Equalization shall amend the regulations adopted under Section 25299.41 to carry out this section.

SEC. 3. Section 25299.50.2 is added to the Health and Safety Code, to read:

25299.50.2. (a) The Underground Storage Tank Petroleum Contamination Orphan Site Cleanup Subaccount is hereby established in the Underground Storage Tank Cleanup Fund.

CHAPTER 775

An act to amend Sections 7611, 7630, and 7650 of the Family Code, to add Chapter 4.4 (commencing with Section 1644.7) to Division 2 of the Health and Safety Code, to amend Sections 10172 and 10172.5 of the Insurance Code, and to amend Section 6453 of, and to add Sections 249.5, 249.6, 249.7, and 249.8 to, the Probate Code, relating to probate.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 7611 of the Family Code is amended to read:

7611. A man is presumed to be the natural father of a child if he meets the conditions provided in Chapter 1 (commencing with Section 7540) or Chapter 3 (commencing with Section 7570) of Part 2 or in any of the following subdivisions:

(a) He and the child's natural mother are or have been married to each other and the child is born during the marriage, or within 300 days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a judgment of separation is entered by a court.

(b) Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(1) If the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

(2) If the attempted marriage is invalid without a court order, the child is born within 300 days after the termination of cohabitation.

(c) After the child's birth, he and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(1) With his consent, he is named as the child's father on the child's birth certificate.

(2) He is obligated to support the child under a written voluntary promise or by court order.

(d) He receives the child into his home and openly holds out the child as his natural child.

(e) If the child was born and resides in a nation with which the United States engages in an Orderly Departure Program or successor program, he acknowledges that he is the child's father in a declaration under penalty of perjury, as specified in Section 2015.5 of the Code of Civil Procedure. This subdivision shall remain in effect only until January 1, 1997, and on that date shall become inoperative.

(f) The child is in utero after the death of the decedent and the conditions set forth in Section 249.5 of the Probate Code are satisfied.

SEC. 2. Section 7630 of the Family Code is amended to read:

7630. (a) A child, the child's natural mother, or a man presumed to be the child's father under subdivision (a), (b), or (c) of Section 7611, may bring an action as follows:

(1) At any time for the purpose of declaring the existence of the father and child relationship presumed under subdivision (a), (b), or (c) of Section 7611.

(2) For the purpose of declaring the nonexistence of the father and child relationship presumed under subdivision (a), (b), or (c) of Section 7611 only if the action is brought within a reasonable time after obtaining knowledge of relevant facts. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(b) Any interested party may bring an action at any time for the purpose of determining the existence or nonexistence of the father and child relationship presumed under subdivision (d) or (f) of Section 7611.

(c) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under Section 7611 or whose presumed father is deceased may be brought by the child or personal representative of the child, the Department of Child Support Services, the mother or the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

(d) An action under subdivision (c) shall be consolidated with a proceeding pursuant to Section 7662 if a proceeding has been filed under

Chapter 5 (commencing with Section 7660). The parental rights of the alleged natural father shall be determined as set forth in Section 7664. The consolidated action shall be heard in the court in which the Section 7662 proceeding is filed, unless the court in which the action under subdivision (c) is filed finds, by clear and convincing evidence, that transferring the action to the other court poses a substantial hardship to the petitioner. Mere inconvenience does not constitute a sufficient basis for a finding of substantial hardship. If the court determines there is a substantial hardship, the consolidated action shall be heard in the court in which the paternity action is filed.

SEC. 2.3. Section 7650 of the Family Code is amended to read:

7650. (a) Any interested person may bring an action to determine the existence or nonexistence of a mother and child relationship. Insofar as practicable, the provisions of this part applicable to the father and child relationship apply.

(b) A woman is presumed to be the natural mother of a child if the child is in utero after the death of the decedent and the conditions set forth in Section 249.5 of the Probate Code are satisfied.

SEC. 2.5. Chapter 4.4 (commencing with Section 1644.7) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 4.4. GENETIC DEPOSITORIES

1644.7. Any entity that receives genetic material of a human being that may be used for conception shall provide to the person depositing his or her genetic material a form for use by the depositor that, if signed by the depositor, would satisfy the conditions set forth in Section 249.5 of the Probate Code, regarding the decedent's intent for the use of that material. The use of the form is not mandatory, and the form is not the exclusive means of expressing a depositor's intent. The form shall include advisements in substantially the following form:

''The use of this form for designating whether a child conceived after your death will be your heir is not mandatory. However, if you wish to allow a child conceived after your death to be considered as your heir (or beneficiary of other benefits such as life insurance or retirement) you must specify that in writing and you must sign that written expression of intent.

This specification can be revoked or amended only in writing signed by you (and not by spoken words).

You should consider how having a child conceived after your death affects your estate planning (including your will, trust, and other beneficiary designations for retirement benefits, life insurance, financial accounts, etc.) These issues can be complex, and you should discuss them with your attorney.''

1644.8. Any entity that receives genetic material of a human being that may be used for conception shall make available to the person depositing his or her genetic material a form that, if signed by the depositor, would revoke any previous expression of intent regarding the use of his or her genetic material necessary to satisfy the conditions set forth in Section 249.5 of the Probate Code. The use of the form is not mandatory, and the form is not the exclusive means of expressing a depositor's intent with respect to revocation or amendment of a prior expression of intent. The form shall include advisements in substantially the following form:

''The use of this form to revoke or amend a previous form for designating whether a child conceived after your death will be your heir is not mandatory. This specification can be revoked or amended only in a writing signed by you (and not by spoken words).

These issues can be complex, and you should discuss them with your attorney.''

1644.9. This chapter does not apply to the application of somatic nuclear transfer technology to the creation of a human being that shares all of its nuclear genes with the person donating the implanted nucleus, commonly known as human cloning. For purposes of this section, the phrase ''somatic cell nuclear transfer'' means the process in which the nucleus of a somatic cell of an organism is transferred into an enucleated oocyte.

SEC. 3. Section 10172 of the Insurance Code is amended to read:

10172. Notwithstanding Sections 751 and 1100 of the Family Code and Section 249.5 of the Probate Code, when the proceeds of, or payments under, a life insurance policy become payable and the insurer makes payment thereof in accordance with the terms of the policy, or in accordance with the terms of any written assignment thereof if the policy has been assigned, that payment shall fully discharge the insurer from all claims under the policy unless, before that payment is made, the insurer has received, at its home office, written notice by or on behalf of some other person that the other person claims to be entitled to that payment or some interest in the policy.

SEC. 4. Section 10172.5 of the Insurance Code is amended to read:

10172.5. (a) Notwithstanding any other provision of law, each insurer admitted to transact life insurance in this state that fails or refuses to pay the proceeds of, or payments under, any policy of life insurance issued by it within 30 days after the date of death of the insured shall pay interest, at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of that 30-day period. This section shall apply only to deaths of insureds which occur on or after January 1, 1976.

(b) Nothing in this section shall be construed to allow any insurer admitted to transact life insurance in this state to withhold payment of money payable under a life insurance policy to any beneficiary for a period longer than reasonably necessary to transmit that payment. Whenever possible payment shall be made within 30 days after the date of death of the insured.

(c) In any case in which interest on the proceeds of, or payments under, any policy of life insurance becomes payable pursuant to subdivision (a), the insurer shall notify the named beneficiary or beneficiaries at their last known address that interest will be paid on the proceeds of, or payments under, that policy from the date of death of the named insured. That notice shall specify the rate of interest to be paid. In any case where the notice required by Section 249.5 of the Probate Code has been given to a life insurer, that insurer is not required to provide the notice required by this section until after it has been notified that a child has actually been born within two years of the death of the decedent. The obligation shall be deemed satisfied by giving notice to the person who first provides proof to the insurer that the child has been born alive.

(d) This section shall not require the payment of interest in any case in which the beneficiary elects in writing delivered to the insurer to receive the proceeds of, or payments under, the policy by any means other than a lump-sum payment thereof.

SEC. 4.5. Section 10172.5 of the Insurance Code is amended to read:

10172.5. (a) Notwithstanding any other provision of law, each insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state that fails or refuses to pay the proceeds of, or payments under, any policy of life insurance issued by it within 30 days after the date of death of the insured shall pay interest, at a rate not less than the then current rate of interest on death proceeds left on deposit with the insurer computed from the date of the insured's death, on any moneys payable and unpaid after the expiration of the 30-day period. This section shall apply only to deaths of insureds which occur on or after January 1, 1976.

(b) Nothing in this section shall be construed to allow any insurer admitted to transact life insurance, credit life insurance, or accidental death insurance in this state to withhold payment of money payable under a life insurance policy to any beneficiary for a period longer than reasonably necessary to transmit that payment. Whenever possible payment shall be made within 30 days after the date of death of the insured.

(c) In any case in which interest on the proceeds of, or payments under, any policy of life insurance, credit life insurance, or accidental

death insurance becomes payable pursuant to subdivision (a), the insurer shall notify the named beneficiary or beneficiaries at their last known address that interest will be paid on the proceeds of, or payments under, that policy from the date of death of the named insured. That notice shall specify the rate of interest to be paid. In any case where the notice required by Section 249.5 of the Probate Code has been given to a life insurer, that insurer is not required to provide the notice required by this section until after it has been notified that a child has actually been born within two years of the death of the decedent. The obligation shall be deemed satisfied by giving notice to the person who first provides proof to the insurer that the child has been born alive.

(d) This section shall not require the payment of interest in any case in which the beneficiary elects in writing delivered to the insurer to receive the proceeds of, or payments under, the policy by any means other than a lump-sum payment thereof.

SEC. 5. Section 249.5 is added to the Probate Code, to read:

249.5. For purposes of determining rights to property to be distributed upon the death of a decedent, a child of the decedent conceived after the death of the decedent shall be deemed to have been born in the lifetime of the decedent, and after the execution of all of the decedent's testamentary instruments, if the child or his or her representative proves by clear and convincing evidence that all of the following conditions are satisfied:

(a) The decedent, in writing, specifies that his or her genetic material shall be used for the posthumous conception of a child of the decedent, subject to the following:

(1) The specification shall be signed by the decedent and at least one competent witness.

(2) The specification may be revoked or amended only by a writing, signed by the decedent and at least one competent witness.

(3) The person designated by the decedent to use the genetic material shall be either of the following:

(A) The spouse or registered domestic partner of the decedent, as of the decedent's date of death.

(B) Some other person named in the specification as approved by the decedent to be the person designated by the decedent to use the genetic material for posthumous conception.

(b) The child or the child's representative has given written notice by certified mail, return receipt requested, that the decedent's genetic material was available for the purpose of posthumous conception. The notice shall have been given to a person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, within four months of the date of issuance of a certificate of the decedent's death or entry of a judgment

determining the fact of the decedent's death, whichever event occurs first.

(c) The child was in utero using the decedent's genetic material and was in utero within two years of the date of issuance of a certificate of the decedent's death or entry of a judgment determining the fact of the decedent's death, whichever event occurs first. This subdivision does not apply to a child who shares all of his or her nuclear genes with the person donating the implanted nucleus as a result of the application of somatic nuclear transfer technology commonly known as human cloning.

SEC. 6. Section 249.6 is added to the Probate Code, to read:

249.6. (a) Upon timely receipt of the notice required by Section 249.5 or actual knowledge by a person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, that person may not make a distribution of property or pay death benefits payable by reason of the decedent's death before two years following the date of issuance of a certificate of the decedent's death or entry of a judgment determining the fact of decedent's death, whichever event occurs first.

(b) Subdivision (a) does not apply to, and the distribution of property or the payment of benefits may proceed in a timely manner as provided by law with respect to, any property if the birth of a child of the decedent conceived after the death of the decedent will not have an effect on any of the following:

(1) The proposed distribution of the decedent's property.

(2) The payment of death benefits payable by reason of the decedent's death.

(3) The determination of rights to property to be distributed upon the death of the decedent.

(4) The right of any person to claim a probate homestead or probate family allowance.

(c) Subdivision (a) does not apply to, and the distribution of property or the payment of benefits may proceed in a timely manner as provided by law with respect to, any property if the person named in subparagraph (A) or (B) of paragraph (3) of subdivision (a) of Section 249.5 sends written notice by certified mail, return receipt requested, that the person does not intend to use the genetic material for the posthumous conception of a child of a decedent. This notice shall be signed by the person named in subparagraph (A) or (B) of paragraph (3) of subdivision (a) of Section 249.5 and at least one competent witness.

(d) A person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, shall incur no liability for making a distribution of property or paying death benefits if that person made a distribution of

property or paid death benefits prior to receiving notice or acquiring actual knowledge of the existence of genetic material available for posthumous conception purposes or the written notice required by subdivision (b) of Section 249.5.

SEC. 7. Section 249.7 is added to the Probate Code, to read:

249.7. If the written notice required pursuant to Section 249.5 is not given in a timely manner to any person who has the power to control the distribution of either the decedent's property or death benefits payable by reason of the decedent's death, that person may make the distribution in the manner provided by law as if any child of the decedent conceived after the death of the decedent had predeceased the decedent without heirs. Any child of a decedent conceived after the death of the decedent, or that child's representative, shall be barred from making a claim against either the person making the distribution or the recipient of the distribution when the claim is based on wrongful distribution and written notice has not been given in a timely manner pursuant to Section 249.5 to the person making that distribution.

SEC. 8. Section 249.8 is added to the Probate Code, to read:

249.8. Notwithstanding Section 249.6, any interested person may file a petition in the manner prescribed under Section 248 requesting a distribution of property of the decedent or death benefits payable by reason of decedent's death that are subject to the delayed distribution provisions of Section 249.6. The court may order distribution of all, or a portion of, the property or death benefits, if at the hearing it appears that distribution can be made without any loss to any interested person, including any loss, either actual or contingent, to a decedent's child who is conceived after the death of the decedent. The order for distribution shall be stayed until any bond required by the court is filed.

SEC. 9. Section 6453 of the Probate Code is amended to read:

6453. For the purpose of determining whether a person is a ''natural parent'' as that term is used in this chapter:

(a) A natural parent and child relationship is established where that relationship is presumed and not rebutted pursuant to the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code).

(b) A natural parent and child relationship may be established pursuant to any other provisions of the Uniform Parentage Act, except that the relationship may not be established by an action under subdivision (c) of Section 7630 of the Family Code unless any of the following conditions exist:

(1) A court order was entered during the father's lifetime declaring paternity.

(2) Paternity is established by clear and convincing evidence that the father has openly held out the child as his own.

(3) It was impossible for the father to hold out the child as his own and paternity is established by clear and convincing evidence.

(c) A natural parent and child relationship may be established pursuant to Section 249.5.

SEC. 10. Section 4.5 of this bill incorporates amendments to Section 10172.5 of the Insurance Code proposed by both this bill and AB 2384. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 10172.5 of the Insurance Code, and (3) this bill is enacted after AB 2384, in which case Section 4 of this bill shall not become operative.

25123.3. (a) For purposes of this section, the following terms have the following meaning:

(1) ''Liquid hazardous waste'' means a hazardous waste that meets the definition of free liquids, as specified in Section 66260.10 of Title 22 of the California Code of Regulations, as that section read on January 1, 1994.

(2) ''Remediation waste staging'' means the temporary accumulation of non-RCRA contaminated soil that is generated and held onsite, and that is accumulated for the purpose of onsite treatment pursuant to a certified, authorized or permitted treatment method, such as a transportable treatment unit, if all of the following requirements are met:

(A) The hazardous waste being accumulated does not contain free liquids.

(B) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(C) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(D) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(E) The staging area is certified by a registered engineer for compliance with the standards specified in subparagraphs (A) to (D), inclusive.

(3) ''Transfer facility'' means any offsite facility that is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(b) ''Storage facility'' means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is held for greater than 90 days at an onsite facility. The department may establish criteria and procedures to extend that 90-day period, consistent with the federal act, and to prescribe the manner in which the hazardous waste may be held if not otherwise prescribed by statute.

(2) The hazardous waste is held for any period of time at an offsite facility which is not a transfer facility.

(3) (A) Except as provided in subparagraph (B), the waste is held at a transfer facility and any one of the following apply:

(i) The transfer facility is located in an area zoned residential by the local planning authority.

(ii) The transfer facility commences initial operations on or after January 1, 2005, at a site located within 500 feet of a structure identified in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (b) of Section 25232.

(iii) The hazardous waste is held for a period greater than six days at a transfer facility located in an area that is not zoned industrial or agricultural by the local planning authority.

(iv) The hazardous waste is held for a period greater than 10 days at a transfer facility located in an area zoned industrial or agricultural by the local planning authority.

(v) The hazardous waste is held for a period greater than six days at a transfer facility that commenced initial operations before January 1, 2005, is located in an area zoned agricultural by the local planning authority, and is located within 500 feet of a structure identified in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (b) of Section 25232.

(B) (i) Notwithstanding subparagraph (A), a transfer facility located in an area that is not zoned residential by the local planning authority is not a storage facility, if the only hazardous waste held at the transfer facility is hazardous waste that is generated as a result of an emergency release and that hazardous waste is collected and temporarily stored by emergency rescue personnel, as defined in Section 25501, or by a response action contractor upon the request of emergency rescue

personnel or the response action contractor, and the holding of that hazardous waste is approved by the department.

(ii) For purposes of this subparagraph, ''response action contractor'' means any person who enters into a contract with the department to take removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300) in response to a release or threatened release, including any subcontractors of the response action contractor.

(4) (A) Except as provided in subparagraph (B), the hazardous waste is held onsite for any period of time, unless the hazardous waste is held in a container, tank, drip pad, or containment building pursuant to regulations adopted by the department.

(B) Notwithstanding subparagraph (A), a generator that accumulates hazardous waste generated and held onsite for 90 days or less for offsite transportation is not a storage facility if all of the following requirements are met:

(i) The waste is non-RCRA contaminated soil.

(ii) The hazardous waste being accumulated does not contain free liquids.

(iii) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(iv) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(v) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(vi) The generator, after final offsite transportation, inspects the accumulation site for contamination and remediates as necessary.

(vii) The site is certified by a registered engineer for compliance with the standards specified in clauses (i) to (vi), inclusive.

(5) The hazardous waste is held at a transfer facility at any location for any period of time in a manner other than in a container.

(6) The hazardous waste is held at a transfer facility at any location for any period of time and handling occurs. For purposes of this paragraph, ''handling'' does not include the transfer of packaged or containerized hazardous waste from one vehicle to another.

(c) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (b), or the 180-day or 270-day period for purposes of subdivision (h), begins when the facility has accumulated 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste. However, if the facility generates more than 100 kilograms of hazardous waste or one kilogram

of extremely hazardous waste or acutely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate in that month.

(d) Notwithstanding paragraph (1) of subdivision (b), a generator of hazardous waste that accumulates waste onsite is not a storage facility if all of the following requirements are met:

(1) The generator accumulates a maximum of 55 gallons of hazardous waste, one quart of acutely hazardous waste, or one quart of extremely hazardous waste at an initial accumulation point that is at or near the area where the waste is generated and that is under the control of the operator of the process generating the waste.

(2) The generator accumulates the waste in containers other than tanks.

(3) The generator does not hold the hazardous waste onsite without a hazardous waste facilities permit or other grant of authorization for a period of time longer than the shorter of the following time periods:

(A) One year from the initial date of accumulation.

(B) Ninety days, or if subdivision (h) is applicable, 180 or 270 days, from the date that the quantity limitation specified in paragraph (1) is reached.

(4) The generator labels any container used for the accumulation of hazardous waste with the initial date of accumulation and with the words ''hazardous waste'' or other words that identify the contents of the container.

(5) Within three days of reaching any applicable quantity limitation specified in paragraph (1), the generator labels the container holding the accumulated hazardous waste with the date the quantity limitation was reached and either transports the waste offsite or holds the waste onsite and complies with either the regulations adopted by the department establishing requirements for generators subject to the time limit specified in paragraph (1) of subdivision (b) or the requirements specified in paragraph (1) of subdivision (h), whichever requirements are applicable.

(6) The generator complies with regulations adopted by the department pertaining to the use and management of containers and any other regulations adopted by the department to implement this subdivision.

(e) (1) Notwithstanding paragraphs (1) and (4) of subdivision (b), hazardous waste held for remediation waste staging shall not be considered to be held at a hazardous waste storage facility if the total accumulation period is one year or less from the date of the initial placing of hazardous waste by the generator at the staging site for onsite remediation, except that the department may grant one six-month extension, upon a showing of reasonable cause by the generator.

(2) (A) The generator shall submit a notification of plans to store and treat hazardous waste onsite pursuant to paragraph (2) of subdivision (a), in person or by certified mail, with return receipt requested, to the department and to one of the following:

(i) The CUPA, if the generator is under the jurisdiction of a CUPA.

(ii) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(B) If, after the notification pursuant to subparagraph (A), or during the initial year or the six-month extension granted by the department, the generator determines that treatment cannot be accomplished for all, or part of, the hazardous waste accumulated in a remediation waste staging area, the generator shall immediately notify the department and the appropriate local agency, pursuant to subparagraph (A), that the treatment has been discontinued. The generator shall then handle and dispose of the hazardous waste in accordance with paragraph (4) of subdivision (b).

(C) A generator shall not hold hazardous waste for remediation waste staging unless the generator can show, through laboratory testing, bench scale testing, or other documentation, that soil held for remediation waste staging is potentially treatable. Any fines and penalties imposed for a violation of this subparagraph may be imposed beginning with the 91st day that the hazardous waste was initially accumulated.

(3) Once an onsite treatment operation is completed on hazardous waste held pursuant to paragraph (1), the generator shall inspect the staging area for contamination and remediate as necessary.

(f) Notwithstanding any other provision of this chapter, remediation waste staging and the holding of non-RCRA contaminated soil for offsite transportation in accordance with paragraph (4) of subdivision (b) shall not be considered to be disposal or land disposal of hazardous waste.

(g) A generator who holds hazardous waste for remediation waste staging pursuant to paragraph (2) of subdivision (a) or who holds hazardous waste onsite for offsite transportation pursuant to paragraph (4) of subdivision (b) shall maintain records onsite that demonstrate compliance with this section related to storing hazardous waste for remediation waste staging or related to holding hazardous waste onsite for offsite transportation, as applicable. The records maintained pursuant to this subdivision shall be available for review by any public agency authorized pursuant to Section 25180 or 25185.

(h) (1) Notwithstanding paragraph (1) of subdivision (b), a generator of less than 1,000 kilograms of hazardous waste in any calendar month

who accumulates hazardous waste onsite for 180 days or less, or 270 days or less if the generator transports the generator's own waste, or offers the generator's waste for transportation, over a distance of 200 miles or more, for offsite treatment, storage, or disposal, is not a storage facility if all of the following apply:

(A) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms.

(B) The generator complies with the requirements of subdivisions (d), (e), and (f) of Section 262.34 of Title 40 of the Code of Federal Regulations.

(C) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for a time period longer than that specified in paragraph (1) of subdivision (b).

(2) A generator meeting the requirements of paragraph (1) who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the facility to which the generator's waste is submitted, within 60 days from the date that the hazardous waste was accepted by the initial transporter, shall submit to the department a legible copy of the manifest, with some indication that the generator has not received confirmation of delivery.

(i) The department may adopt regulations that set forth additional restrictions and enforceable management standards that protect human health and the environment and that apply to persons holding hazardous waste at a transfer facility. A regulation adopted pursuant to this subdivision shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare, and may be adopted as an emergency regulation in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 25200 of the Health and Safety Code is amended to read:

25200. (a) The department shall issue hazardous waste facilities permits to use and operate one or more hazardous waste management units at a facility that in the judgment of the department meet the building standards published in the State Building Standards Code relating to hazardous waste facilities and the other standards and requirements adopted pursuant to this chapter. The department shall impose conditions on each hazardous waste facilities permit specifying the types of hazardous wastes that may be accepted for transfer, storage, treatment, or disposal. The department may impose any other conditions on a hazardous waste facilities permit that are consistent with the intent of this chapter.

(b) The department may impose, as a condition of a hazardous waste facilities permit, a requirement that the owner or operator of a hazardous waste facility that receives hazardous waste from more than one producer comply with any order of the director that prohibits the facility operator from refusing to accept a hazardous waste based on geographical origin that is authorized to be accepted and may be accepted by the facility without extraordinary hazard.

(c) (1) (A) Any hazardous waste facilities permit issued by the department shall be for a fixed term, which shall not exceed 10 years for any land disposal facility, storage facility, incinerator, or other treatment facility.

(B) Before the fixed term of a permit expires, the owner or operator of a facility intending to extend the term of the facility's permit shall submit a complete Part A application for a permit renewal. At any time following the submittal of the Part A application, the owner or operator of a facility shall submit a complete Part B application, or any portion thereof, as well as any other relevant information, as and when requested by the department. To the extent not inconsistent with the federal act, when a complete Part A renewal application, and any other requested information, has been submitted before the end of the permit's fixed term, the permit is deemed extended until the renewal application is approved or denied and the owner or operator has exhausted all applicable rights of appeal.

(C) This section does not limit or restrict the department's authority to impose any additional or different conditions on an extended permit that are necessary to protect human health and the environment.

(D) In adopting new conditions for an extended permit, the department shall follow the applicable permit modification procedures specified in this chapter and the regulations adopted pursuant to this chapter.

(E) When prioritizing pending renewal applications for processing and in determining the need for any new conditions on an extended permit, the department shall consider any input received from the public.

(2) The department shall review each hazardous waste facilities permit for a land disposal facility five years after the date of issuance or reissuance, and shall modify the permit, as necessary, to assure that the facility continues to comply with the currently applicable requirements of this chapter and the regulations adopted pursuant to this chapter.

(3) This subdivision does not prohibit the department from reviewing, modifying, or revoking a permit at any time during its term.

(d) (1) When reviewing any application for a permit renewal, the department shall consider improvements in the state of control and measurement technology as well as changes in applicable regulations.

(2) Each permit issued or renewed under this section shall contain the terms and conditions that the department determines necessary to protect human health and the environment.

(e) A permit issued pursuant to the federal act by the Environmental Protection Agency in the state for which no state hazardous waste facilities permit has been issued shall be deemed to be a state permit enforceable by the department until a state permit is issued. In addition to complying with the terms and conditions specified in a federal permit deemed to be a state permit pursuant to this section, an owner or operator who holds that permit shall comply with the requirements of this chapter and the regulations adopted by the department to implement this chapter.

SEC. 3. Section 25200.15 of the Health and Safety Code is amended to read:

25200.15. (a) The owner or operator of a facility that has a hazardous waste facilities permit issued pursuant to Section 25200 may change facility structures or equipment without modifying the facility's hazardous waste facilities permit, if either of the following apply:

(1) The change to structures or equipment is not within a permitted unit.

(2) Both of the following apply to the change to the structures or equipment:

(A) The change to structures or equipment is within the boundary of a permitted unit, and the structure or equipment is certified by the owner or operator not to be actively related to the treatment, storage, or disposal of hazardous waste, or the secondary containment of those hazardous wastes.

(B) The department, within 30 days from the date of receipt of notice from the owner or operator, does not determine any of the following:

(i) The change is related to the treatment, storage, or disposal of hazardous waste or the secondary containment of those hazardous wastes.

(ii) The change may otherwise significantly increase risks to human health and safety or the environment related to the management of the hazardous wastes.

(iii) The regulations adopted pursuant to the federal act require a permit modification for the change.

(b) (1) To the extent consistent with the federal act, and the regulations adopted pursuant to the federal act, the owner or operator of a facility that has a hazardous waste facilities permit issued pursuant to Section 25200 or 25201.6 may change the facility structure or equipment utilizing the Class 1* permit modification, specified in Chapter 20 (commencing with Section 66270.10) of Division 4.5 of Title 22 of the California Code of Regulations, as adopted by the department, if the department determines that all of the following apply:

(A) The change to the structure or equipment is necessary to comply with requirements or the request of a state or federal agency or an air quality management district or air pollution control district.

(B) The change to the structure or equipment will decrease one or more risks, and will not result in any increased risks to human health and safety or the environment related to the management of the hazardous wastes in the structure or equipment.

(C) The owner or operator has submitted sufficient information for the department to make the determinations required by subparagraphs (A) and (B) to comply with the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code, the California Environmental Quality Act.

(2) A change to a facility structure or equipment that is authorized by this subdivision may not result in an increase in the permitted capacity of a hazardous waste management unit affected by the change.

(3) This subdivision does not apply to changes for which no permit modification is required pursuant to subdivision (a) and the regulations adopted to implement that subdivision.

(4) This subdivision does not apply to changes classified as Class 1 or Class 1* under the department's regulations pursuant to Chapter 20 (commencing with Section 66270.10) of Division 4.5 of Title 22 of the California Code of Regulations.

(5) The owner or operator of a facility applying for a ''Class 1* permit modification'' pursuant to this subdivision shall enter into a written agreement with the department pursuant to which that person shall reimburse the department, pursuant to Article 9.2 (commencing with Section 25206.1), for the costs incurred by the department in processing the application.

(c) Any determination made pursuant to this section, including, but not limited to, any determination by the department regarding the classification of a permit modification, may be appealed by the owner or operator in the manner provided for appeal of a permit determination pursuant to the regulations adopted by the department.

SEC. 4. Section 25245 of the Health and Safety Code is amended to read:

25245. (a) The department shall adopt, and revise when appropriate, standards and regulations which shall do both of the following:

(1) Specify the financial assurances to be provided by the owner or operator of a hazardous waste facility that are necessary to respond adequately to damage claims arising out of the operation of that type of facility and to provide for the cost of closure and subsequent maintenance of the facility, including, but not limited to, the monitoring of groundwater and other aspects of the environment after closure. If the

facility is required to obtain a permit under the federal act, the financial assurance shall be a trust fund, surety bond, letter of credit, insurance, or any other mechanism authorized under the federal act and the regulations adopted pursuant to the federal act. If the facility is not required to obtain a permit under the federal act, the financial assurance may include any other equivalent financial arrangement acceptable to the department.

(2) Provide that every hazardous waste facility can be closed and maintained for at least 30 years subsequent to its closure in a manner that protects human health and the environment and minimizes or eliminates the escape of hazardous waste constituents, leachate, contaminated rainfall, and waste decomposition products to ground and surface waters and to the atmosphere.

(b) In adopting regulations pursuant to subdivision (a), to carry out the purposes of this chapter, the department may specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing evidence of financial responsibility.

(1) If an owner or operator is in bankruptcy, reorganization, or other arrangement pursuant to Title 11 of the United States Code, or where, with reasonable diligence, jurisdiction in any state or federal court cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which this section requires evidence of financial responsibility may be asserted directly against the guarantor who provided the evidence of financial responsibility.

(2) The total liability of any guarantor is limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this chapter.

(3) This subdivision does not limit any other state or federal statutory, contractual, or common law liability of a guarantor to the owner or operator, including, but not limited to, the liability of the guarantor for bad faith in either negotiating or in failing to negotiate the settlement of any claim.

(4) This subdivision does not diminish the liability of any person under Section 107 or 111 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Secs. 9607 and 9611).

(5) For purposes of this subdivision, ''guarantor'' means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

SEC. 5. Section 25250.1 of the Health and Safety Code is amended to read:

25250.1. (a) As used in this article, the following terms have the following meaning:

(1) (A) ''Used oil'' means all of the following:

(i) Oil that has been refined from crude oil, or any synthetic oil, that has been used, and, as a result of use or as a consequence of extended storage, or spillage, has been contaminated with physical or chemical impurities.

(ii) Material that is subject to regulation as used oil under Part 279 (commencing with Section 279.1) of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(B) Examples of used oil are spent lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine; industrial oils, including compressor, turbine, and bearing oil; hydraulic oil; metalworking oil; refrigeration oil; and railroad drainings.

(C) ''Used oil'' does not include any of the following:

(i) Oil that has a flashpoint below 100 degrees Fahrenheit or that has been mixed with hazardous waste, other than minimal amounts of vehicle fuel.

(ii) (I) Wastewater, the discharge of which is subject to regulation under either Section 307(b) (33 U.S.C. Sec. 1317(b)) or Section 402 (33 U.S.C. Sec. 1342) of the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), including wastewaters at facilities that have eliminated the discharge of wastewater, contaminated with de minimis quantities of used oil.

(II) For purposes of this clause, ''de minimis quantities of used oil'' are small spills, leaks, or drippings from pumps, machinery, pipes, and other similar equipment during normal operations, or small amounts of oil lost to the wastewater treatment system during washing or draining operations.

(III) This exception does not apply if the used oil is discarded as a result of abnormal manufacturing operations resulting in substantial leaks, spills, or other releases or to used oil recovered from wastewaters.

(iii) Used oil re-refining distillation bottoms that are used as feedstock to manufacture asphalt products.

(iv) Oil that contains polychlorinated biphenyls (PCBs) at a concentration of 5 ppm or greater.

(v) (I) Oil containing more than 1000 ppm total halogens, which shall be presumed to be a hazardous waste because it has been mixed with halogenated hazardous waste listed in Subpart D (commencing with Section 261.30) of Part 261 of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(II) A person may rebut the presumption specified in subclause (I) by demonstrating that the used oil does not contain hazardous waste, including, but not limited to, in the manner specified in subclause (III).

(III) The presumption specified in subclause (I) is rebutted if it is demonstrated that the used oil that is the source of total halogens at a concentration of more than 1000 ppm is solely either household waste, as defined in Section 261.4(b)(1) of Title 40 of the Code of Federal Regulations, or is collected from conditionally exempt small quantity generators, as defined in Section 261.5 of Title 40 of the Code of Federal Regulations. Nothing in this subclause authorizes any person to violate the prohibition specified in Section 25250.7.

(2) ''Board'' means the California Integrated Waste Management Board.

(3) (A) ''Recycled oil'' means any oil that meets all of the following requirements specified in clauses (i) to (iii), inclusive:

(i) Is produced either solely from used oil, or is produced solely from used oil that has been mixed with one or more contaminated petroleum products or oily wastes, other than wastes listed as hazardous under the federal act, provided that if the resultant mixture is subject to regulation as a hazardous waste under Section 279.10(b)(2) of Title 40 of the Code of Federal Regulations, the mixture is managed as a hazardous waste in accordance with all applicable hazardous waste regulations, and the recycled oil produced from the mixture is not subject to regulation as a hazardous waste under Section 279.10(b)(2) of Title 40 of the Code of Federal Regulations. If the oily wastes with which the used oil is mixed were recovered from a unit treating hazardous wastes that are not oily wastes, these recovered oily wastes are not excluded from being considered as oily wastes for purposes of this section or Section 25250.7.

(ii) The recycled oil meets one of the following requirements:

(I) The recycled oil is produced by a generator lawfully recycling its oil.

(II) The recycled oil is produced at a used oil recycling facility that is authorized to operate pursuant to Section 25200 or 25200.5 solely by means of one or more processes specifically authorized by the department. The department may not authorize a used oil recycling facility to use a process in which used oil is mixed with one or more contaminated petroleum products or oily wastes unless the department determines that the process to be authorized for mixing used oil with those products or wastes will not substantially contribute to the achievement of compliance with the specifications of subparagraph (B).

(III) The recycled oil is produced in another state, and the used oil recycling facility where the recycled oil is produced, and the process by which the recycled oil is produced, are authorized by the agency authorized to implement the federal act in that state.

(iii) Has been prepared for reuse and meets all of the following standards:

(I) The oil meets the standards of purity set forth in subparagraph (B).

(II) If the oil was produced by a generator lawfully recycling its oil or the oil is lawfully produced in another state, the oil is not hazardous pursuant to the criteria adopted by the department pursuant to Section 25141 for any characteristic or constituent other than those listed in subparagraph (B).

(III) The oil is not mixed with any waste listed as a hazardous waste in Part 261 (commencing with Section 261.1) of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(IV) The oil is not subject to regulation as a hazardous waste under the federal act.

(V) If the oil was produced lawfully at a used oil recycling facility in this state, the oil is not hazardous pursuant to any characteristic or constituent for which the department has made the finding required by subparagraph (B) of paragraph (2) of subdivision (a) of Section 25250.19, except for one of the characteristics or constituents identified in the standards of purity set forth in subparagraph (B).

(B) The following standards of purity are in effect for recycled oil, in liquid form, unless the department, by regulation, establishes more stringent standards:

(i) Flashpoint: minimum standards set by the American Society for Testing and Materials for the recycled products. However, recycled oil to be burned for energy recovery shall have a minimum flashpoint of 100 degrees Fahrenheit.

(ii) Total lead: 50 mg/kg or less.

(iii) Total arsenic: 5 mg/kg or less.

(iv) Total chromium: 10 mg/kg or less.

(v) Total cadmium: 2 mg/kg or less.

(vi) Total halogens: 3000 mg/kg or less. However, recycled oil shall be demonstrated by testing to contain not more than 1000 mg/kg total halogens listed in Appendix VIII of Part 261 (commencing with Section 261.1) of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(vii) Total polychlorinated biphenyls (PCBs): less than 2 mg/kg.

(C) Compliance with the specifications of subparagraph (B) or with the requirements of clauses (iv) and (v) of subparagraph (B) of paragraph (1) shall not be met by blending or diluting used oil with crude or virgin oil, or with a contaminated petroleum product or oily waste, except as provided in subclause (II) of clause (ii) of subparagraph (A), and shall be determined in accordance with the procedures for identification and listing of hazardous waste adopted in regulations by the department. Persons authorized by the department to recycle oil shall maintain records of volumes and characteristics of incoming used oil and outgoing recycled oil and documentation concerning the recycling technology utilized to demonstrate to the satisfaction of the department

or other enforcement agencies that the recycling has been achieved in compliance with this subdivision.

(D) This paragraph does not apply to oil that is to be disposed of or used in a manner constituting disposal.

(4) ''Used oil recycling facility'' means a facility that reprocesses or re-refines used oil.

(5) ''Used oil storage facility'' means a storage facility, as defined in subdivision (b) of Section 25123.3, that stores used oil.

(6) ''Used oil transfer facility'' means a transfer facility, as defined in subdivision (a) of Section 25123.3, that meets the qualifications to be a storage facility, for purposes of Section 25123.3.

(7) (A) For purposes of this section and Section 25250.7 only, ''contaminated petroleum product'' means a product that meets all of the following conditions:

(i) It is a hydrocarbon product whose original intended purpose was to be used as a fuel, lubricant, or solvent.

(ii) It has not been used for its original intended purpose.

(iii) It is not listed in Subpart D (commencing with Section 251.30) of Part 261 of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(iv) It has not been mixed with a hazardous waste other than another contaminated petroleum product.

(B) Nothing in this section or Section 25250.7 shall be construed to affect the exemptions in Section 25250.3, or to subject contaminated petroleum products that are not hazardous waste to any requirements of this chapter.

(b) Unless otherwise specified, used oil that meets either of the following conditions is not subject to regulation by the department:

(1) The used oil has not been treated by the generator of the used oil, the generator claims the used oil is exempt from regulation by the department, and the used oil meets all of the following conditions:

(A) The used oil meets the standards set forth in subparagraph (B) of paragraph (3) of subdivision (a).

(B) The used oil is not hazardous pursuant to the criteria adopted by the department pursuant to Section 25141 for any characteristic or constituent other than those listed in subparagraph (B) of paragraph (3) of subdivision (a).

(C) The used oil is not mixed with any waste listed as a hazardous waste in Part 261 (commencing with Section 261.1) of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

(D) The used oil is not subject to regulation as either hazardous waste or used oil under the federal act.

(E) The generator of the used oil has complied with the notification requirements of subdivision (c) and the testing and recordkeeping requirements of Section 25250.19.

(F) The used oil is not disposed of or used in a manner constituting disposal.

(2) The used oil meets all the requirements for recycled oil specified in paragraph (3) of subdivision (a), the requirements of subdivision (c), and the requirements of Section 25250.19.

(c) Used oil recycling facilities and generators lawfully recycling their own used oil that are the first to claim that recycled oil meets the requirements specified in paragraph (2) of subdivision (b) shall maintain an operating log and copies of certification forms, as specified in Section 25250.19. Any person who generates used oil, and who claims that the used oil is exempt from regulation pursuant to paragraph (1) of subdivision (b), shall notify the department, in writing, of that claim and shall comply with the testing and recordkeeping requirements of Section 25250.19 prior to its reuse. In any action to enforce this article, the burden is on the generator or recycling facility, whichever first claimed that the used oil or recycled oil meets the standards and criteria, and on the transporter or the user of the used oil or recycled oil, whichever has possession, to prove that the oil meets those standards and criteria.

(d) Used oil shall be managed in accordance with the requirements of this chapter and any additional applicable requirements of Part 279 (commencing with Section 279.1) of Subchapter I of Chapter 1 of Title 40 of the Code of Federal Regulations.

SEC. 6. Section 25250.13 of the Health and Safety Code is amended to read:

25250.13. Notwithstanding any provision of this chapter, a transfer facility, as defined in paragraph (3) of subdivision (a) of Section 25123.3, that accepts used oil and holds the oil for more than 24 hours, but is not otherwise a storage facility, as defined in subdivision (b) of Section 25123.3, shall comply with the requirements for used oil transfer facilities that are specified in Subpart E (commencing with Section 279.40) of Part 279 of Title 40 of the Code of Federal Regulations.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 780

An act to amend Section 422.7 of the Penal Code, relating to crimes.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 422.7 of the Penal Code is amended to read:

422.7. Except in the case of a person punished under Section 422.6, any crime that is not made punishable by imprisonment in the state prison shall be punishable by imprisonment in the state prison or in a county jail not to exceed one year, by a fine not to exceed ten thousand dollars ($10,000), or by both that imprisonment and fine, if the crime is committed against the person or property of another for the purpose of intimidating or interfering with that other person's free exercise or enjoyment of any right secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States and because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, or because the defendant perceives that the other person has one or more of those characteristics, under any of the following circumstances, which shall be charged in the accusatory pleading:

(a) The crime against the person of another either includes the present ability to commit a violent injury or causes actual physical injury.

(b) The crime against property causes damage in excess of four hundred dollars ($400).

(c) The person charged with a crime under this section has been convicted previously of a violation of subdivision (a) or (b) of Section 422.6, or has been convicted previously of a conspiracy to commit a crime described in subdivision (a) or (b) of Section 422.6.

SEC. 1.1. Section 422.7 of the Penal Code is amended to read:

Except in the case of a person punished under Section 422.6, any hate crime that is not made punishable by imprisonment in the state prison shall be punishable by imprisonment in the state prison or in a county jail not to exceed one year, by a fine not to exceed ten thousand dollars ($10,000), or by both that imprisonment and fine, if the crime is committed against the person or property of another for the purpose of intimidating or interfering with that other person's free exercise or enjoyment of any right secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States under any of the following circumstances, which shall be charged in the accusatory pleading:

(a) The crime against the person of another either includes the present ability to commit a violent injury or causes actual physical injury.

(c) The person charged with a crime under this section has been convicted previously of a violation of subdivision (a) or (b) of Section 422.6, or has been convicted previously of a conspiracy to commit a crime described in subdivision (a) or (b) of Section 422.6.

SEC. 2. Section 1.1 of this bill incorporates amendments to Section 422.7 of the Penal Code proposed by both this bill and SB 1234. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 422.7 of the Penal Code, and (3) this bill is enacted after SB 1234, in which case Section 1 of this bill shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 781

An act to repeal Section 43024 of the Health and Safety Code, and to amend Sections 25748 and 25751 of, and to repeal Chapter 7.2 (commencing with Section 25625) of Division 15 of, the Public Resources Code, relating to energy resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

Upon the completion of the canvass and before installing the new officers, the governing body shall adopt a resolution reciting the fact of the election and the other matters that are enumerated in Section 10264. The governing body shall declare elected the persons for whom the highest number of votes were cast for each office.

(a) Except as provided in subdivision (b), the governing body shall meet at its usual place of meeting no later than the fourth Friday after the election to declare the results and to install the newly elected officers.

(b) For a consolidated election, the governing body shall meet at its usual place of meeting no later than the next regularly scheduled city council meeting following presentation of the 28-day canvass of the returns, or at a special meeting called for this purpose, to declare the results and to install the newly elected officers.

SEC. 9. Section 10403.5 of the Elections Code is amended to read:

10403.5. (a) (1) Any city ordinance requiring its general municipal election to be held on a day specified in subdivision (b) of Section 1301 shall be approved by the board of supervisors unless the ballot style, voting equipment, or computer capability is such that additional elections or materials cannot be handled. Prior to adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the elections official a report on the cost-effectiveness of the proposed action.

(2) A city, by itself or in concert with other cities, may purchase or otherwise contribute to the purchase of elections equipment, including, but not limited to, a computer for the purposes of conducting a consolidated election when the equipment shall be owned by the county.

(b) As a result of the adoption of an ordinance pursuant to this section, no term of office shall be increased or decreased by more than 12 months. As used in this subdivision, ''12 months'' means the period between the day upon which the term of office would otherwise have commenced and the first Tuesday after the second Monday in the 12th month before or after that day, inclusive.

(c) If an election is held on a day specified in subdivision (b) of Section 1301, and the election is consolidated with another election this part, except Section 10403, shall govern the consolidation and, if the county elections official is requested to conduct the municipal election, Section 10002 shall be applicable to that election.

(d) If a general municipal election is held on the same day as a statewide election, those city officers whose terms of office would have, prior to the adoption of the ordinance, expired no later than the next regularly scheduled city council meeting after receipt of the certification

of the results from the elections official shall, instead, continue in their offices until not later than that meeting.

(e) Within 30 days after the ordinance becomes operative, the city elections official shall cause a notice to be mailed to all registered voters informing the voters of the change in the election date. The notice shall also inform the voters that as a result in the change in the election date, the terms of office of the elected city officeholders will be changed.

SEC. 10. Section 12111 of the Elections Code is amended to read:

12111. (a) In case of a municipal election on any measure, the city elections official shall publish a synopsis of the measure at least one time not later than one week before the election in a newspaper of general circulation in the city. If there is no newspaper of general circulation published and circulated in the city, the notice shall be typewritten and copies shall be posted conspicuously within the time prescribed in at least three public places in the city.

The notice shall be headed ''Measure To Be Voted On'' in conspicuous type and shall be substantially in the following form:

MEASURE TO BE VOTED ON

(Synopsis of measure or measures)

Dated ____

_____

City Elections Official

City of _____

(b) The city elections official shall consolidate the notice of election and the notice of measure to be voted on into one notice if the measure was placed on the ballot before the notice of election is published pursuant to Section 12101.

SEC. 11. Section 13113 of the Elections Code is amended to read:

13113. (a) In the case of an election of candidates in a special district, school district, charter city (whose charter does not provide to the contrary), or other local government body, occurring on other than one of the election dates specified in subdivision (b) of Section 13112, the official responsible for conducting the election shall, at the same time that the election is called, notify the Secretary of State by registered mail of the date of the election, the date of the close of filing, and the last

possible date for filing in the event there is an extension of filing due to an incumbent failing to file. The Secretary of State shall conduct a randomized alphabet drawing on the first weekday following the last possible day of filing for the election according to subdivision (a) of Section 13112.

(b) Except as provided for runoff elections in subdivision (d), if two or more drawings for local government elections would occur on the same date, the Secretary of State may use a single randomized alphabet drawing for all of these elections. The Secretary of State shall communicate the results of the drawing by registered mail to each respective official responsible for conducting the election who shall use it to determine the order on the ballot of all candidates' names.

(c) All drawings held pursuant to this section shall be open to the public.

(d) If a charter city conducts a runoff election it shall use the results of a randomized alphabet drawing separate from the results of the randomized alphabet drawing used for the initial election for that runoff election. The city shall, within three days following the initial election, notify the Secretary of State by registered mail of the date of the election and request that he or she conduct a randomized alphabet drawing for the runoff election. The Secretary of State shall immediately conduct a randomized alphabet drawing for the runoff election and communicate the results of the drawing to the elections official responsible for conducting the runoff election who shall use the results to determine the order of all the candidates' names on the ballot. The results of the randomized alphabet drawing shall be clearly labeled ''FOR USE IN A RUNOFF ELECTION ONLY.''

SEC. 12. Section 17100 of the Elections Code is amended to read:

17100. (a) All nomination documents and signatures in lieu of filing fee petitions filed in accordance with this code shall be held by the officer with whom they are filed during the term of office for which they are filed and for four years after the expiration of the term.

(b) Thereafter, the documents and petitions shall be destroyed as soon as practicable unless they either are in evidence in some action or proceeding then pending or unless the elections official has received a written request from the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, a grand jury, or the governing body of a county, city and county, or district, including a school district, that the documents and petitions be preserved for use in a pending or ongoing investigation into election irregularities, the subject of which relates to the placement of a candidate's name on the ballot, or in a pending or ongoing investigation into a violation of the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

(c) Public access to the documents described in subdivision (a) shall be limited to viewing the documents only. The public may not copy or distribute copies of the documents described in subdivision (a) that contain signatures of voters.

SEC. 13. Section 17304 of the Elections Code is amended to read:

17304. (a) The following provisions shall apply to all state or local elections not provided for in subdivision (a) of Section 17303. An election is not deemed a state or local election if votes for candidates for federal office may be cast on the same ballot as votes for candidates for state or local office.

(b) The elections official shall preserve the package or packages containing the following items for a period of six months:

(1) Two tally sheets.

(2) The copy of the index used as the voting record.

(3) The challenge lists.

(4) The assisted voters list.

(c) All voters may inspect the contents of the package or packages at all times following commencement of the official canvass of the votes, except that items that contain signatures of voters may not be copied or distributed.

(d) If a contest is not commenced within the six-month period, or if a criminal prosecution involving fraudulent use, marking or falsification of ballots, or forgery of absent voters' signatures is not commenced within the six-month period, either of which may involve the vote of the precinct from which voted ballots were received, the election official may have the packages destroyed or recycled.

SEC. 14. Section 36801 of the Government Code is amended to read:

36801. The city council shall meet at the meeting at which the declaration of the election results is made pursuant to Sections 10262 and 10263 of the Elections Code and, following the declaration of the election results and the installation of elected officials, choose one of its number as mayor, and one of its number as mayor pro tempore.

SEC. 15. It is the intent of the Legislature that any modification to state law governing municipal election procedures required by this bill shall not result in additional costs to local election officials or result in the Commission on State Mandates making a finding or determination that these modifications establish a reimbursable state mandate.

SEC. 16. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

CHAPTER 786

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 402.95 is added to the Revenue and Taxation Code, to read:

402.95. In valuing property under the income method of appraisal, the assessor shall exclude from income the benefit from federal and state low-income housing tax credits allocated by the California Tax Credit Allocation Committee pursuant to Section 42 of the Internal Revenue Code and Sections 12206, 17058, and 23610.5.

CHAPTER 787

An act to amend Section 1861.16 of the Insurance Code, relating to automobile insurance.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1861.16 of the Insurance Code is amended to read:

1861.16. (a) An insurer issuing a policy described in subdivision (a) of Section 660 by or through an insurance agent where a commission is paid, directly or indirectly, to that agent shall, when issuing a policy in the minimum financial responsibility coverage amount as required by Section 1861.15, pay a commission on the same terms and on the same percentage basis to that agent as for any higher amount of policy coverage sold by that agent. In no case shall the percentage amount of commission paid to that agent for a policy of minimum financial

responsibility coverage be less than the percentage commission paid to that agent on any higher level of policy coverage issued by that insurer.

(b) An agent or representative representing one or more insurers having common ownership or operating in California under common management or control shall offer, and the insurer shall sell, a good driver discount policy to a good driver from an insurer within that common ownership, management, or control group, which offers the lowest rates for that coverage. This requirement applies notwithstanding the underwriting guidelines of any of those insurers or the underwriting guidelines of the common ownership, management, or control group. Nothing in this subdivision shall require an insurer to offer and sell a good driver discount policy that the insurer would otherwise not be required to offer and sell in accordance with paragraph (3) of subdivision (b) of Section 1861.02. As used in this subdivision, ''representative'' means any person who offers or prepares premium quotations on behalf of either an insurer or any entity acting directly or indirectly on behalf of an insurer. This subdivision shall not be construed to either permit a representative to transact insurance, or to exempt a representative who does transact insurance from the licensing provisions of this code.

(c) (1) Notwithstanding subdivision (b), insurers having common ownership and operating in California under common control are not required to sell good driver discount policies issued by other insurers within the common ownership group if the commissioner determines that the insurers satisfy each of the following conditions:

(A) The business operations of the insurers are independently managed and directed.

(B) The insurers do not jointly develop loss or expense statistics or other data used in ratemaking, or in the preparation of rating systems or rate filings.

(C) The insurers do not jointly maintain or share loss or expense statistics, or other data used in ratemaking or in the preparation of rating systems or rate filings. This condition shall not apply if the data is generally available to the industry through a nonaffiliated third party and is obtained from that third party.

(D) The insurers do not utilize each others' marketing, sales, or underwriting data.

(E) The insurers act independently of each other in determining, filing, and applying base rates, factors, class plans, and underwriting rules, and in the making of insurance policy forms.

(F) The insurers' sales operations are separate.

(G) The insurers' marketing operations are separate.

(H) The insurers' policy service operations are separate.

(2) Notwithstanding Senate Bill 1 of the 2003–04 Regular Session (Chapter 241 of the Statutes of 2003), the federal Gramm-Leach-Bliley

Act (Public Law 106-102), and the federal Fair Credit Reporting Act (15 U.S.C. Sec. 1681 and following), the sharing of information between insurers as described in subparagraphs (A) to (H), inclusive, of paragraph (1) shall be more restrictive than may otherwise be permissible pursuant to those acts.

(d) Except to the extent restricted by subdivision (c) or any regulation adopted to implement subdivision (c), this section shall not be interpreted to restrict the right of an insurer or holding company to use aggregate data of its affiliated insurers having common ownership or operating in California under common control.

(e) Nothing in subdivision (c) is intended to amend, alter, or supersede other sections of this code, or other laws of this state, regarding any right of an insurer or holding company to use aggregate data of its affiliated insurers having common ownership or operating in California under common control.

(f) The commissioner may adopt regulations to implement this section.

(g) An insurer that is required by this section or Section 1861.02 to offer and sell good driver discount policies to good drivers to whom it did not sell those policies prior to November 8, 1988, due to driving safety record or vehicle type may file and, upon the approval of the commissioner, implement an interim rating plan for those applicants until the rating plan required by subdivision (a) of Section 1861.02 is adopted, provided that the insurer has timely filed an automobile insurance rating plan in compliance with subdivision (a) of Section 1861.02, and that plan has not been approved. An insurer may file an interim plan prior to the operative date of subdivision (b).

The commissioner shall notify the public of any application by an insurer for an interim rating plan. The public notice shall meet the requirements of Section 1861.06. The application shall be deemed approved 60 days after public notice unless (1) a consumer or his or her representative requests a hearing within 45 days of public notice and the commissioner grants the hearing, or determines not to grant the hearing and issues written findings in support of that decision, or (2) the commissioner on his or her own motion determines to hold a hearing. If the commissioner grants a request for a hearing or determines on his or her own motion to hold a hearing on the application for an interim rating plan, but does not approve or disapprove the proposed interim rating plan within the later of 30 days from the date the commissioner grants a request or determines to hold the hearing or January 1, 1991, the interim rating plan may be used until the time that the commissioner issues a decision.

If an interim rate or proposed interim rate is greater than the rate ultimately approved, the insurer shall refund to its applicable

policyholders, in proportion to the amount of premium paid by each, the difference between the total amount earned and the amount to which the insurer is entitled under the rate ultimately approved, together with interest at the rate of 10 percent per year. In lieu of a refund, the insurer may provide a credit to the policyholder if the amount due is less than three dollars ($3).

(h) Nothing contained in subdivision (b) or (c) shall be construed to expand, limit, or modify the requirements of subdivision (b) of Section 1861.02.

(i) A violation of this section by any insurer shall subject it to the penalties provided by Section 1861.14.

CHAPTER 788

An act to amend Sections 44100, 44101, 44858, 45293, 69958, 87100, and 88112 of the Education Code, to amend Sections 19572, 19572.1, 19702, 19704, and 19793 of the Government Code, to amend Sections 1156.3, 1735, 1777.6, and 3095 of the Labor Code, to amend Section 130 of the Military and Veterans Code, to amend Sections 25051, 28850, 30750, 50120, 70121, 90300, 95650, 98161, 100303, 101343, 102402, 103403, 120504, and 125523 of the Public Utilities Code, to amend Section 1256.2 of the Unemployment Insurance Code, and to amend Sections 11320.31, 11322.62, and 14087.28 of the Welfare and Institutions Code, relating to employment discrimination.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 44100 of the Education Code is amended to read:

44100. (a) The Legislature finds and declares the following:

(1) Generally, California school districts employ a disproportionately low number of racial and ethnic minority classified and certificated employees and a disproportionately low number of women and members of racial and ethnic minorities in administrative positions.

(2) It is educationally sound for the minority student attending a racially impacted school to have available to him or her the positive image provided by minority classified and certificated employees. It is likewise educationally sound for the child from the majority group to have positive experiences with minority people, that can be provided, in part, by having minority classified and certificated employees at schools

where the enrollment is largely made up of majority group students. It is also educationally important for students to observe that women as well as men can assume responsible and diverse roles in society.

(3) Past employment practices created artificial barriers and past efforts to promote additional action in the recruitment, employment, and promotion of women and minorities did not result in a substantial increase in employment opportunities for these persons.

(4) Lessons concerning democratic principles and the richness that racial diversity brings to our national heritage can be best taught by staffs composed of mixed races and ethnic groups working toward a common goal.

(b) It is the intent of the Legislature to do all of the following:

(1) Establish and maintain a policy of equal opportunity in employment for all persons.

(2) Prohibit discrimination on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code, in every aspect of personnel policy and practice in the employment, development, advancement, and treatment of persons employed in the public school system.

(3) Promote the total realization of equal employment opportunity through a continuing affirmative action employment program.

(c) The Legislature recognizes that it is not enough to proclaim that public employers do not discriminate in employment, but that effort must also be made to build a community in which opportunity is equalized. It is the intent of the Legislature to require educational agencies to adopt and implement plans for increasing the numbers of women and minority persons at all levels of responsibility.

SEC. 2. Section 44101 of the Education Code is amended to read:

44101. For the purposes of this article the following definitions apply:

(a) (1) ''Affirmative action employment program'' means planned activities designed to seek, hire, and promote persons who are underrepresented in the work force compared to their numbers in the population, including individuals with disabilities, women, and persons of minority racial and ethnic backgrounds. It is a conscious, deliberate step taken by a hiring authority to assure equal employment opportunity for all staff, both certificated and classified. These programs require the employer to make additional efforts to recruit, employ, and promote members of groups formerly excluded at the various levels of responsibility who are qualified or may become qualified through appropriate training or experience within a reasonable length of time.

These programs should be designed to remedy the exclusion, whatever its cause.

(2) Affirmative action requires imaginative, energetic, and sustained action by each employer to devise recruiting, training, and career advancement opportunities that will result in an equitable representation of women and minorities in relation to all employees of the employer.

(b) ''Goals and timetables'' means projected new levels of employment of women and minority racial and ethnic groups to be attained on an annual schedule, given the expected turnover in the work force and the availability of persons who are qualified or may become qualified through appropriate training or experience within a reasonable length of time. Goals are not quotas or rigid proportions. They should relate both to the qualitative and quantitative needs of the employer.

(c) ''Public education agency'' means the Department of Education, each office of the county superintendent of schools, and the governing board of each school district in California.

SEC. 3. Section 44858 of the Education Code is amended to read:

44858. The Legislature hereby declares that it is contrary to the interest of this state and of the people of the state for any governing board or any person charged by the governing board of any school district with the responsibility of interviewing and recommending persons for employment in positions requiring certification, to fail or refuse to interview or recommend a person applying for employment in a position requiring certification on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in this code and in Section 12940 of the Government Code.

SEC. 4. Section 45293 of the Education Code is amended to read:

45293. No questions relating to political or religious opinions or affiliations, or relating to any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, shall be asked of any applicant, or any candidate whose name has been certified for appointment, nor shall any discrimination be exercised therefor, except as otherwise provided in Section 12940 of the Government Code.

SEC. 5. Section 69958 of the Education Code is amended to read:

69958. (a) Potential work-study positions may be located by the institution or by eligible students in cooperation with the institution. Each position located shall be critically reviewed by the appropriate student financial aid and experiential education personnel to determine whether it satisfies all the conditions specified in Section 69960. To assist the institution in assessing the position, the employer shall submit a written statement to the institution that provides all of the following information:

(1) The total number of positions available.

(2) A job description of each available position, including the suggested rate of pay.

(3) The skills required of the prospective work-study employee.

(4) The educational benefits provided by the position.

(b) Once the institution has approved the work-study position, the employer and the institution, acting as the authorized agent of the Student Aid Commission, shall execute a written agreement that confirms the employer's eligibility to participate in the program and its willingness to comply with all program requirements, and specifies the responsibilities of each of the parties. The agreement shall be subject to annual renewal by mutual agreement of the institution and the employer.

(c) Following execution of the agreement pursuant to subdivision (b), the employer may interview prospective work-study employees. The institution shall provide the employer and each applicant for the work-study position with adequate information to facilitate a proper placement. Provided that the priorities specified in Section 69959 have been met, the employer may indicate his or her hiring preferences. An employer shall not discriminate between applicants on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code, or subject any applicant to any other discriminatory practices prohibited by state or federal law.

SEC. 6. Section 87100 of the Education Code is amended to read:

87100. (a) The Legislature finds and declares all of the following:

(1) In fulfilling its mission within California's system of public higher education, the California Community Colleges are committed to academic excellence and to providing all students with the opportunity to succeed in their chosen educational pursuits.

(2) Academic excellence can best be sustained in a climate of acceptance and with the inclusion of persons from a wide variety of backgrounds and preparations to provide service to an increasingly diverse student population.

(3) A work force that is continually responsive to the needs of a diverse student population may be achieved by ensuring that all persons receive an equal opportunity to compete for employment and promotion within the community college districts and by eliminating barriers to equal employment opportunity.

(b) It is the intent of the Legislature to establish and maintain within the California Community College districts a policy of equal opportunity in employment for all persons, and to prohibit discrimination or preferential treatment based on ethnic group identification, or on any basis listed in subdivision (a) of Section 12940

of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code. Every aspect of personnel policy and practice in the community college districts should advance the realization of inclusion through a continuing program of equal employment opportunity.

(c) The Legislature recognizes that it is not enough to proclaim that community college districts must not discriminate and must not grant preferential treatment on impermissible bases. The Legislature declares that efforts must also be made to build a community in which nondiscrimination and equal opportunity are realized. It is the intent of the Legislature to require community college districts to adopt and implement programs and plans for ensuring equal employment opportunity in their employment practices.

SEC. 7. Section 88112 of the Education Code is amended to read:

88112. No questions relating to political or religious opinions or affiliations, or any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, shall be asked of any applicant, or any candidate whose name has been certified for appointment, nor shall any discrimination be exercised therefor, except as otherwise provided in Section 12940 of the Government Code.

SEC. 8. Section 19572 of the Government Code is amended to read:

SEC. 10. Section 19702 of the Government Code is amended to read:

19702. (a) A person shall not be discriminated against under this part on any basis listed in subdivision (a) of Section 12940, as those bases are defined in Sections 12926 and 12926.1, except as otherwise provided in Section 12940. A person shall not be retaliated against

because he or she has opposed any practice made an unlawful employment practice, or made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. This subdivision is declaratory of existing law.

(b) For purposes of this article, ''discrimination'' includes harassment.

(c) If the board finds that a person has engaged in discrimination under this part, and it appears that this practice consisted of acts described in Section 243.4, 261, 262, 286, 288, 288a, or 289 of the Penal Code, the board, with the consent of the complainant, shall provide the local district attorney's office with a copy of the board's decision and order.

(d) (1) Except as otherwise provided in paragraph (2), if the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take any action, including, but not limited to, hiring, reinstatement, or upgrading of employees, with or without backpay, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(2) Notwithstanding paragraph (1), this paragraph applies to state employees in State Bargaining Unit 6 or 8. If the board finds that discrimination has occurred in violation of this part, the board shall issue and cause to be served on the appointing authority an order requiring the appointing authority to cause the discrimination to cease and desist and to take any action, including, but not limited to, hiring, reinstatement, or upgrading of employees, with or without backpay, adding additional seniority, and compensatory damages, which, in the judgment of the board, will effectuate the purposes of this part. Consistent with this authority, the board may establish rules governing the award of compensatory damages. The order shall include a requirement of reporting the manner of compliance.

(e) Any person claiming discrimination within the state civil service may submit a written complaint that states the particulars of the alleged discrimination, the name of the appointing authority, the persons alleged to have committed the unlawful discrimination, and any other information that the board may require. The complaint shall be filed with the appointing authority or, in accordance with board rules, with the board itself.

(f) (1) Complaints shall be filed within one year of the alleged unlawful discrimination or the refusal to act in accordance with this

section, except that this period may be extended for not greater than 90 days following the expiration of that year, if a person allegedly aggrieved by unlawful discrimination first obtained knowledge of the facts of the alleged unlawful discrimination after the expiration of one year from the date of its occurrence. Complaints of discrimination in adverse actions or rejections on probation shall be filed in accordance with Sections 19175 and 19575.

(2) Notwithstanding paragraph (1), this paragraph shall apply only to state employees in State Bargaining Unit 8. Complaints shall be filed within one year of the alleged unlawful discrimination or the refusal to act in accordance with this section, except that this period may be extended for not greater than 90 days following the expiration of that year, if a person allegedly aggrieved by unlawful discrimination first obtained knowledge of the facts of the alleged unlawful discrimination after the expiration of one year from the date of its occurrence. Complaints of discrimination in disciplinary actions defined in Section 19576.5 shall be filed in accordance with that section. Complaints of discrimination in all other disciplinary actions shall be filed in accordance with Section 19575. Complaints of discrimination in rejections on probation shall be filed in accordance with Section 19175.3.

(g) If an employee of the appointing authority refuses, or threatens to refuse, to cooperate in the investigation of a complaint of discrimination, the appointing authority may seek assistance from the board. The board may provide for direct investigation or hearing of the complaint, the use of subpoenas, or any other action that will effectuate the purposes of this section.

(h) If a person demonstrates by a preponderance of evidence that the person's opposition to any practice made an unlawful employment practice under this part, or the person's charging, testifying, assisting, or participation in any manner in an investigation, proceeding, or hearing under this part, was a contributing factor in any adverse employment action taken against him or her, the burden of proof shall be on the supervisor, manager, employee, or appointing power to demonstrate by clear and convincing evidence that the alleged adverse employment action would have occurred for legitimate, independent reasons even if the person had not engaged in activities protected under this part. If the supervisor, manager, employee, or appointing power fails to meet this burden of proof in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the person shall have a complete affirmative defense to the adverse employment action.

(i) As used in this part, ''adverse employment action'' includes promising to confer, or conferring, any benefit, effecting, or threatening

to effect, any reprisal, or taking, or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

(b) Notwithstanding subdivision (a), subsequent to employment, ethnic, marital status, and gender data may be obtained and maintained for research and statistical purposes when safeguards preventing misuse of the information exist as approved by the Fair Employment and Housing Commission, except that in no event shall any notation, entry, or record of that data be made on papers or records relating to the examination, appointment, or promotion of an individual.

SEC. 12. Section 19793 of the Government Code is amended to read:

19793. By November 15 of each year, beginning in 1978, the State Personnel Board shall report to the Governor, the Legislature, and the Department of Finance on a census of the state workforce and any underutilization problems in a state agency or department that may indicate failure to provide equal employment opportunity to minorities, women, and persons with disabilities during the past fiscal year. The report also shall include information on laws that discriminate or have the effect of discrimination on the basis of political affiliation or any basis listed in subdivision (a) of Section 12940, as those bases are defined in Sections 12926 and 12926.1. The Legislature shall evaluate the equal employment opportunity efforts of state agencies during its evaluation of the Budget Bill.

SEC. 13. Section 1156.3 of the Labor Code is amended to read:

1156.3. (a) A petition that is either signed by, or accompanied by authorization cards signed by, a majority of the currently employed employees in the bargaining unit, may be filed by an agricultural employee or group of agricultural employees, or any individual or labor organization acting on behalf of those agricultural employees, in accordance with any rules and regulations prescribed by the board. The petition shall allege all of the following:

(1) That the number of agricultural employees currently employed by the employer named in the petition, as determined from the employer's

payroll immediately preceding the filing of the petition, is not less than 50 percent of the employer's peak agricultural employment for the current calendar year.

(2) That no valid election pursuant to this section has been conducted among the agricultural employees of the employer named in the petition within the 12 months immediately preceding the filing of the petition.

(3) That no labor organization is currently certified as the exclusive collective-bargaining representative of the agricultural employees of the employer named in the petition.

(4) That the petition is not barred by an existing collective-bargaining agreement.

(b) Upon receipt of a signed petition, as described in subdivision (a), the board shall immediately investigate the petition. If the board has reasonable cause to believe that a bona fide question of representation exists, it shall direct a representation election by secret ballot to be held, upon due notice to all interested parties and within a maximum of seven days of the filing of the petition. If, at the time the election petition is filed, a majority of the employees in a bargaining unit are engaged in a strike, the board shall, with all due diligence, attempt to hold a secret ballot election within 48 hours of the filing of the petition. The holding of elections under strike circumstances shall take precedence over the holding of other secret ballot elections.

(c) The board shall make available at any election held under this chapter ballots printed in English and Spanish. The board may also make available at the election ballots printed in any other language as may be requested by an agricultural labor organization or any agricultural employee eligible to vote under this part. (d) Any other labor organization shall be qualified to appear on the ballot if it presents authorization cards signed by at least 20 percent of the employees in the bargaining unit at least 24 hours prior to the election.

(e) (1) Within five days after an election, any person may file with the board a signed petition asserting that allegations made in the petition filed pursuant to subdivision (a) were incorrect, asserting that the board improperly determined the geographical scope of the bargaining unit, or objecting to the conduct of the election or conduct affecting the results of the election.

(2) Upon receipt of a petition under this subdivision, the board, upon due notice, shall conduct a hearing to determine whether the election shall be certified. This hearing may be conducted by an officer or

employee of a regional office of the board. The officer may not make any recommendations with respect to the certification of the election. The board may refuse to certify the election if it finds, on the record of the hearing, that any of the assertions made in the petition filed pursuant to this subdivision are correct, that the election was not conducted properly, or that misconduct affecting the results of the election occurred. The board shall certify the election unless it determines that there are sufficient grounds to refuse to do so.

(f) If no petition is filed pursuant to subdivision (e) within five days of the election, the board shall certify the election.

(g) The board shall decertify a labor organization if either of the following occur:

(1) The Department of Fair Employment and Housing finds that the labor organization engaged in discrimination on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

Any certification of a labor organization previously made by the California State Mediation and Conciliation Service under the provisions of the Los Angeles Metropolitan Transit Authority Act of 1957 to represent or act for the employees in any collective bargaining unit shall remain in full force and effect and shall be binding upon the district. Those certifications and any certifications made under this subdivision shall not be subject to challenge on the grounds that a new substantial question of representation within the collective bargaining unit exists until the lapse of one year from the date of certification or the expiration of any collective bargaining agreement, whichever is later; provided, that no collective bargaining agreement shall be construed to be a bar to representation proceedings for a period of more than two years.

(c) The obligation of the district to bargain in good faith with a duly designated or certified labor organization and to execute a written collective bargaining agreement with that labor organization covering the wages, hours, and working conditions of the employees represented by that labor organization in an appropriate unit, and to comply with the terms of that collective bargaining agreement, shall not be limited or restricted by any other provision of law. The obligation of the district to bargain collectively shall extend to all subjects of collective bargaining, including, but not limited to, retroactive pay increases. Notwithstanding any other provision of law, the district shall make deductions from the wages and salaries of its employees, upon receipt of authorization to make those deductions, for the payment of union dues, fees, or assessments, for the payment of contributions pursuant to any health and welfare plan or pension plan, or for any other purpose for which deductions may be authorized by employees where the deductions are pursuant to a collective bargaining agreement with a duly designated or certified labor organization.

(d) (1) If a dispute arises over wages, hours, or working conditions that is not resolved by negotiations conducted in good faith between the board and the representatives of the employees, then upon the agreement of both parties, the board and the representative of the employees may submit the dispute to an arbitration board. The decision of a majority of the arbitration board shall be final and binding.

(2) (A) The arbitration board shall be composed of two representatives of the district, two representatives of the labor organization, and a fifth member to be agreed upon by the representatives of the district and labor organization.

(B) If the representatives of the district and labor organization are unable to agree on the fifth member, then the names of five persons experienced in labor arbitration shall be obtained from the California

State Mediation and Conciliation Service within the Department of Industrial Relations. The labor organization and the district shall, alternately, strike a name from the list supplied by the California State Mediation and Conciliation Service. The labor organization and the district shall determine by lot who shall first strike a name from the list. The decision of a majority of the arbitration board shall be final and binding upon the parties.

90300. (a) Employees have the right to self-organize, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection. It is declared to be in the public interest that the district not express any preference for one union over another.

(1) (A) Notwithstanding any other provision of this act, if a majority of the employees employed by a district in a unit appropriate for collective bargaining indicate a desire to be represented by a labor organization, then the district, after determining pursuant to subdivision (f) that the labor organization represents the employees in the appropriate unit, shall enter into a written contract with the accredited representative of those employees governing wages, salaries, hours, and working conditions.

(B) (i) If a dispute arises over wages, salaries, hours, or working conditions that is not resolved by negotiations conducted in good faith between the district and the labor organization, then upon the request of either party, the district and the labor organization may submit the dispute to an arbitration board. The decision of a majority of the arbitration board shall be final.

(ii) The arbitration board shall be composed of two representatives of the district, two representatives of the labor organization, and a fifth member to be agreed upon by the representatives of the district and labor organization.

(iii) If the representatives of the district and labor organization are unable to agree on the fifth member, then the names of five persons experienced in labor arbitration shall be obtained from the California State Mediation and Conciliation Service within the Department of Industrial Relations. The labor organization and the district shall, alternately, strike a name from the list supplied by the California State Mediation and Conciliation Service. The labor organization and the district shall determine by lot who shall first strike a name from the list. After the labor organization and the district have stricken four names, the name remaining shall be designated as the arbitrator. The decision of a majority of the arbitration board shall be final and binding upon the parties.

(iv) The expenses of arbitration shall be borne equally by the parties. Each party shall bear the party's own costs.

(b) If the board and the representatives of the employees do not agree to submit the dispute to an arbitration board as provided in subdivision (a), either party may notify the California State Mediation and Conciliation Service that a dispute exists and that there is no agreement to arbitrate. The California State Mediation and Conciliation Service shall determine whether or not the dispute can be resolved by the parties

and, if not, the issues that are the subject of the dispute. After making its determination, the service shall certify its findings to the Governor who shall, within 10 days of receipt of certification, appoint a factfinding commission consisting of three persons. The factfinding commission shall immediately convene and investigate the issues involved in the dispute. The commission shall report to the Governor within 30 days of the date of its creation.

Service to the public shall be provided during that time.

(d) A contract or agreement shall not be made, or assumed, with any labor organization, association, group, or individual that denies membership to, or in any manner discriminates against, any employee on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code. However, the organization may preclude from membership any individual who advocates the overthrow of the government by force or violence.

(f) (1) Any questions regarding whether a labor organization represents a majority of employees or whether the proposed unit is or is not appropriate, shall be submitted to the California State Mediation and Conciliation Service for disposition. The California State Mediation and Conciliation Service shall promptly hold a public hearing after due notice to all interested parties to determine the unit appropriate for the purposes of collective bargaining. In making that determination and in establishing rules and regulations governing petitions and the conduct of hearings and elections, the California State Mediation and Conciliation Service shall be guided by relevant federal law and administrative practice, developed under the Labor-Management Relations Act of 1947 (29 U.S.C. Sec. 141 et seq.).

(2) The California State Mediation and Conciliation Service shall provide for an election to determine the question of representation and shall certify the results to the parties. A certification of a labor organization to represent or act for the employees in any collective bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within the collective bargaining unit exists until the lapse of one year from the date of

certification or the expiration of any collective bargaining agreement, whichever is later. However, no collective bargaining agreement shall be construed to be a bar to representation proceedings for a period of more than two years.

(g) If the district acquires existing facilities from a publicly or privately owned public utility, either in proceedings by eminent domain or otherwise, the district shall assume and observe all existing labor contracts.

(1) To the extent necessary for operation of facilities, all of the employees of the acquired public utility whose duties pertain to the facilities acquired shall be appointed to comparable positions in the district without examination, subject to all the rights and benefits of this act. Those employees shall be given sick leave, seniority, vacation, and pension credits in accordance with the records and labor agreements of the acquired public utility.

(2) Members and beneficiaries of any pension or retirement system, or other benefits established by the public utility, shall continue to have the rights, privileges, benefits, obligations, and status with respect to the established system. No employee of any acquired public utility may be subject to a reduction in wages, seniority, pension, vacation, or other benefits as a result of the acquisition.

(3) The district may extend the benefits of this section to officers or supervisory employees of the acquired utility.

(h) The district shall not do any of the following:

(1) Acquire any existing system or part of an existing system, whether by purchase, lease, condemnation, or otherwise.

(2) Dispose of or lease any transit system or part of the transit system.

(3) Merge, consolidate, or coordinate any transit system or part of the transit system.

(4) Reduce or limit the lines or service of any existing system or of the district's system unless the district has first made adequate provision for any employees who are or may be displaced. The terms and conditions of that provision shall be a proper subject of collective bargaining.

(i) Notwithstanding any provision of the Government Code, the district may make deductions from the wages and salaries of its employees who authorize the deductions for the following purposes:

(1) Pursuant to a collective bargaining agreement with a duly designated or certified labor organization, for the payment of union dues, fees, or assessments.

(2) For the payment of contributions pursuant to any health and welfare plan, or pension or retirement plan.

(3) For any purpose for which employees of any private employer may authorize deductions.

(j) (1) The obligation of the district to bargain in good faith with a duly designated or certified labor organization and to execute a written collective bargaining agreement with that labor organization covering the wages, hours, and working conditions of the employees represented by that labor organization in an appropriate unit, and to comply with the terms of the collective bargaining agreement, shall not be limited or restricted by any provision of law. The obligation of the district to bargain collectively shall extend to all subjects of collective bargaining that are or may be proper subjects of collective bargaining with a private employer, including retroactive provisions.

(2) Notwithstanding any other provision of law, the district shall make deductions from the wages and salaries of its employees, upon receipt of authorization to make those deductions, for the payment of union dues, fees, or assessments, for the payment of contributions pursuant to any health and welfare plan or pension plan, or for any other purpose for which employees of any private employer may authorize deductions, where those deductions are pursuant to a collective bargaining agreement with a duly designated or certified labor organization.

(k) The district may provide for a retirement system, provided that the adoption, terms, and conditions of any retirement system covering employees of the district represented by a labor organization in accordance with this section shall be pursuant to a collective bargaining agreement between the or organization and the district.

(*l*) The district shall take any steps that may be necessary to obtain coverage for the district and its employees under Title II of the Federal Social Security Act (42 U.S.C. Sec. 401 et seq.), and the related provisions of the Federal Insurance Contributions Act (26 U.S.C. Sec. 3101 et seq.).

(m) The district shall take any steps that may be necessary to obtain coverage for the district and its employees under the workers' compensation (Division 4 (commencing with Section 3200) and Division 4.5 (commencing with Section 6100) of the Labor Code), unemployment compensation disability (Part 2 (commencing with Section 2691) of Division 1 of the Unemployment Insurance Code), and unemployment insurance (Part 1 (commencing with Section 100) of Division 1 of the Unemployment Insurance Code) laws of the State of California.

SEC. 24. Section 95650 of the Public Utilities Code is amended to read:

95650. (a) If a majority of the employees employed by a transit district in a unit appropriate for collective bargaining indicate a desire to be represented by a labor organization, then the board after determining pursuant to Section 95651 that the labor organization

represents the employees in the appropriate unit, shall bargain with the accredited representative of those employees. Both parties shall bargain in good faith and make all reasonable efforts to reach agreement on the terms of a written contract governing wages, salaries, hours, working conditions, and grievance procedures.

(1) If a dispute arises over the terms of a written contract governing wages, salaries, hours, or working conditions that is not resolved by negotiations conducted in good faith between the board and the representatives of the employees, then the board and the representatives of the employees shall submit the dispute to an arbitration board. The decision of a majority of the arbitration board shall be final.

(2) (A) The arbitration board shall be composed of two representatives of the transit board, two representatives of the labor organization, and a fifth member to be agreed upon by the representatives of the transit board and labor organization. If the representatives of the transit board and labor organization are unable to agree on the fifth member, then the names of five persons experienced in labor arbitration shall be obtained from the California State Mediation and Conciliation Service within the Department of Industrial Relations.

(B) The labor organization and the district shall, alternately, strike a name from the list supplied by the California State Mediation and Conciliation Service. The labor organization and the district shall determine by lot who shall first strike a name from the list. After the labor organization and the district have stricken four names, the name remaining shall be designated as the arbitrator.

(C) The transit board and labor organization shall each pay half of the cost of the impartial arbitrator.

(c) A contract or agreement shall not be made with any labor organization, association, group, or individual that denies membership on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code. However, the organization may preclude from membership any individual who advocates the overthrow of the government by force or violence.

(d) The district shall not discriminate with regard to employment against any person on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

SEC. 25. Section 98161 of the Public Utilities Code is amended to read:

98161. All citizens shall have equal opportunity to obtain and hold employment, and to advance in that employment, without discrimination on any basis listed in subdivision (a) of Section 12940 of

the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

(b) Subdivision (a) does not apply to the following:

(1) A deprivation of equal employment opportunities that is based upon a bona fide occupational qualification or applicable security regulations established by the United States or this state, specifically, as provided in Section 12940 of the Government Code.

(2) An individual who fails to make reasonable efforts to provide the employer with an opportunity to remove any unintentional deprivation of the individual's equal employment opportunities.

SEC. 33. Section 11320.31 of the Welfare and Institutions Code is amended to read:

11320.31. Sanctions shall not be applied for a failure or refusal to comply with program requirements for reasons related to employment, an offer of employment, an activity, or other training for employment including, but not limited to, the following reasons:

(a) The employment, offer of employment, activity, or other training for employment discriminates on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

(e) The employment, offer of employment, or work activity does not provide for workers' compensation insurance.

(f) Accepting the employment or work activity would cause an interruption in an approved education or job training program in progress that would otherwise lead to employment and sufficient income to be self-supporting, excluding work experience or community service employment as described in subdivisions (d) and (j) of Section 11322.6 and Section 11322.9 or other community work experience assignments, except that a recipient may be required to engage in welfare-to-work activities to the extent necessary to meet the hours of participation required by Section 11322.8.

(g) Accepting the employment, offer of employment, or work activity would cause the individual to violate the terms of his or her union membership.

11322.62. Employers, sponsors of training activities, and contractors shall not discriminate against participants on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

14087.28. (a) A hospital contracting with the Medi-Cal program pursuant to this chapter shall not deny medical staff membership or clinical privileges for reasons other than a physician's individual qualifications as determined by professional and ethical criteria, uniformly applied to all medical staff applicants and members. Determination of medical staff membership or clinical privileges shall not be made upon the basis of any of the following:

(1) The existence of a contract with the hospital or with others.

(2) Membership in, or affiliation with, any society, medical group, or teaching facility, or upon the basis of any criteria lacking professional justification, such as any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as otherwise provided in Section 12940 of the Government Code.

(b) The special negotiator may authorize a contracting hospital to impose reasonable limitations on the granting of medical staff membership or clinical privileges to permit an exclusive contract for the provision of pathology, radiology, and anesthesiology services, except for consulting services requested by the admitting physician.

SEC. 36. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 789

An act to amend Section 714 of the Civil Code, to repeal and add Section 65850.5 of the Government Code, and to repeal and add Section 17959.1 of the Health and Safety Code, relating to solar energy.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) According to the State Energy Resources Conservation and Development Commission, California could face a shortage of reliable electricity and natural gas supplies within the next few years.

(2) The State of California has a longstanding policy of encouraging the construction of clean, renewable, and distributed energy systems, as evidenced by its investment of $135 million in renewable electrical generation resources through the Reliable Electric Service Investments Act (Article 15 (commencing with Section 399) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code), and enactment into law of Section 25619 of the Public Resources Code, which authorized funds for a solar water heating grant program in the 1999–2000 Regular Session. The state has set a statewide goal of increasing renewable generation sources so that 17 percent of total electricity generation originates from renewable energy (Section 383.5 of the Public Utilities Code).

(3) The 2003 Energy Action Plan jointly prepared and adopted by the State Energy Resources Conservation and Development Commission and the California Public Utilities Commission strongly promotes customer owned electricity generation and renewable resources. Solar thermal energy technologies that reduce the consumption of natural gas or electricity will play an increasingly prominent role in California's energy portfolio future.

(4) The Legislature, the State Energy Resources Conservation and Development Commission, and the California Public Utilities Commission recognize solar energy technologies as abundant, renewable, and nonpolluting energy resources that reduce California's dependence on nonrenewable energy while reducing air and water pollution resulting from fossil fuel-based sources. Solar energy systems enhance the reliability and power quality of the electrical grid, reduce peak power demands, increase in-state electricity generation, liberate natural gas supplies for electricity generation purposes, diversify the state's energy supply portfolio, and make the electricity supply market more competitive by promoting consumer choice.

(5) The installation and operation of solar energy systems do not create adverse impacts on health, safety, or noise in areas where those systems are installed. In some jurisdictions, however, overly onerous and burdensome rules, regulations, or ordinances make the approval and installation of solar energy systems uneconomic because of time-consuming processes that frequently result in the denial of project approval due solely to aesthetic concerns.

(6) In light of existing state policies that promote the utilization of renewable energy resources in order to prevent future electricity and natural gas shortages, which have been enacted in order to protect the environment by encouraging the increased use of nonpolluting energy resources, it is the intent of the Legislature that local agencies do not adopt ordinances that create unreasonable barriers to the installation of solar energy systems, including, but not limited to, design review for aesthetic purposes, and do not unreasonably restrict the ability of homeowners, agricultural concerns, and business concerns to install solar energy systems. It is the policy of the state to promote and encourage the use of solar energy systems and to limit obstacles to their use.

(b) The implementation of consistent statewide standards to achieve the timely and cost effective installation of solar energy systems is not a municipal affair, as that term is used in Section 5 of Article XI of the California Constitution, but is instead a matter of statewide concern. It is the intent of the Legislature that local governments comply not only with the language of this act, but also the legislative intent to encourage the installation of solar energy systems by removing obstacles to, and minimizing costs of, permitting for such systems.

SEC. 2. Section 714 of the Civil Code is amended to read:

714. (a) Any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of, or any interest in, real property that effectively prohibits or restricts the installation or use of a solar energy system is void and unenforceable.

(b) This section does not apply to provisions that impose reasonable restrictions on solar energy systems. However, it is the policy of the state to promote and encourage the use of solar energy systems and to remove obstacles thereto. Accordingly, reasonable restrictions on a solar energy system are those restrictions that do not significantly increase the cost of the system or significantly decrease its efficiency or specified performance, or that allow for an alternative system of comparable cost, efficiency, and energy conservation benefits.

(c) (1) A solar energy system shall meet applicable health and safety standards and requirements imposed by state and local permitting authorities.

(2) A solar energy system for heating water shall be certified by the Solar Rating Certification Corporation (SRCC) or other nationally recognized certification agencies. SRCC is a nonprofit third party supported by the United States Department of Energy. The certification shall be for the entire solar energy system and installation.

(3) A solar energy system for producing electricity shall also meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability.

(d) For the purposes of this section:

(1) (A) For solar domestic water heating systems or solar swimming pool heating systems that comply with state and federal law, ''significantly'' means an amount exceeding 20 percent of the cost of the system or decreasing the efficiency of the solar energy system by an amount exceeding 20 percent, as originally specified and proposed.

(B) For photovoltaic systems that comply with state and federal law, ''significantly'' means an amount not to exceed two thousand dollars ($2,000) over the system cost as originally specified and proposed, or a decrease in system efficiency of an amount exceeding 20 percent as originally specified and proposed.

(2) ''Solar energy system'' has the same meaning as defined in paragraphs (1) and (2) of subdivision (a) of Section 801.5.

(e) Whenever approval is required for the installation or use of a solar energy system, the application for approval shall be processed and approved by the appropriate approving entity in the same manner as an application for approval of an architectural modification to the property, and shall not be willfully avoided or delayed.

(f) Any entity, other than a public entity, that willfully violates this section shall be liable to the applicant or other party for actual damages occasioned thereby, and shall pay a civil penalty to the applicant or other party in an amount not to exceed one thousand dollars ($1,000).

(g) In any action to enforce compliance with this section, the prevailing party shall be awarded reasonable attorney's fees.

(h) (1) A public entity that fails to comply with this section may not receive funds from a state-sponsored grant or loan program for solar energy. A public entity shall certify its compliance with the requirements of this section when applying for funds from a state-sponsored grant or loan program.

(2) A local public entity may not exempt residents in its jurisdiction from the requirements of this section.

SEC. 3. Section 65850.5 of the Government Code is repealed.

SEC. 4. Section 65850.5 is added to the Government Code, to read:

65850.5. (a) The implementation of consistent statewide standards to achieve the timely and cost-effective installation of solar energy systems is not a municipal affair, as that term is used in Section 5 of Article XI of the California Constitution, but is instead a matter of statewide concern. It is the intent of the Legislature that local agencies not adopt ordinances that create unreasonable barriers to the installation of solar energy systems, including, but not limited to, design review for aesthetic purposes, and not unreasonably restrict the ability of homeowners and agricultural and business concerns to install solar energy systems. It is the policy of the state to promote and encourage the use of solar energy systems and to limit obstacles to their use. It is the intent of the Legislature that local agencies comply not only with the language of this section, but also the legislative intent to encourage the installation of solar energy systems by removing obstacles to, and minimizing costs of, permitting for such systems.

(b) A city or county shall administratively approve applications to install solar energy systems through the issuance of a building permit or similar nondiscretionary permit. Review of the application to install a solar energy system shall be limited to the building official's review of whether it meets all health and safety requirements of local, state, and federal law. The requirements of local law shall be limited to those standards and regulations necessary to ensure that the solar energy system will not have a specific, adverse impact upon the public health or safety. However, if the building official of the city or county has a good faith belief that the solar energy system could have a specific, adverse impact upon the public health and safety, the city or county may require the applicant to apply for a use permit.

(c) A city or county may not deny an application for a use permit to install a solar energy system unless it makes written findings based upon substantial evidence in the record that the proposed installation would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific,

adverse impact. The findings shall include the basis for the rejection of potential feasible alternatives of preventing the adverse impact.

(d) The decision of the building official pursuant to subdivisions (b) and (c) may be appealed to the planning commission of the city or county.

(e) Any conditions imposed on an application to install a solar energy system shall be designed to mitigate the specific, adverse impact upon the public health and safety at the lowest cost possible.

(f) (1) A solar energy system shall meet applicable health and safety standards and requirements imposed by state and local permitting authorities.

(2) A solar energy system for heating water shall be certified by the Solar Rating Certification Corporation (SRCC) or other nationally recognized certification agency. SRCC is a nonprofit third party supported by the United States Department of Energy. The certification shall be for the entire solar energy system and installation.

(3) A solar energy system for producing electricity shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability.

(g) The following definitions apply to this section:

(1) ''A feasible method to satisfactorily mitigate or avoid the specific, adverse impact'' includes, but is not limited to, any cost-effective method, condition, or mitigation imposed by a city or county on another similarly situated application in a prior successful application for a permit. A city or county shall use its best efforts to ensure that the selected method, condition, or mitigation meets the conditions of subparagraphs (A) and (B) of paragraph (1) of subdivision (d) of Section 714 of the Civil Code.

(2) ''Solar energy system'' has the same meaning set forth in paragraphs (1) and (2) of subdivision (a) of Section 801.5 of the Civil Code.

(3) A ''specific, adverse impact'' means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified, and written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

SEC. 5. Section 17959.1 of the Health and Safety Code is repealed.

SEC. 6. Section 17959.1 is added to the Health and Safety Code, to read:

17959.1. (a) A city or county shall administratively approve applications to install solar energy systems though the issuance of a building permit or similar nondiscretionary permit. However, if the

building official of the city or county has a good faith belief that the solar energy system could have a specific, adverse impact upon the public health and safety, the city or county may require the applicant to apply for a use permit.

(b) A city or county may not deny an application for a use permit to install a solar energy system unless it makes written findings based upon substantial evidence in the record that the proposed installation would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact. This finding shall include the basis for the rejection of potential feasible alternatives of preventing the adverse impact.

(c) Any conditions imposed on an application to install a solar energy system must be designed to mitigate the specific, adverse impact upon the public health and safety at the lowest cost possible.

(d) (1) A solar energy system shall meet applicable health and safety standards and requirements imposed by state and local permitting authorities.

(2) A solar energy system for heating water shall be certified by the Solar Rating Certification Corporation (SRCC) or other nationally recognized certification agency. SRCC is a nonprofit third party supported by the United States Department of Energy. The certification shall be for the entire solar energy system and installation.

(3) A solar energy system for producing electricity shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability.

(e) The following definitions apply to this section:

(1) ''A feasible method to satisfactorily mitigate or avoid the specific, adverse impact'' includes, but is not limited to, any cost effective method, condition, or mitigation imposed by a city or county on another similarly situated application in a prior successful application for a permit. A city or county shall use its best efforts to ensure that the selected method, condition, or mitigation meets the conditions of subparagraphs (A) and (B) of paragraph (1) of subdivision (d) of Section 714 of the Civil Code.

(2) ''Solar energy system'' has the meaning set forth in paragraphs (1) and (2) of subdivision (a) of Section 801.5 of the Civil Code.

(3) A ''specific, adverse impact'' means a significant, quantifiable, direct, and unavoidable impact, based on objective, identified, and written public health or safety standards, policies, or conditions as they existed on the date the application was deemed complete.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 790

An act to add Section 2828 to the Public Utilities Code, relating to private energy producers.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares each of the following:

(a) Increasing California's use of solar generated electricity can promote stable electricity prices, protect public health, improve environmental quality, create new employment opportunities, and reduce reliance on fossil fuels.

(b) Electricity for municipal facilities of the City and County of San Francisco is provided by Hetch Hetchy Water and Power through electric transmission and distribution lines owned by Pacific Gas and Electric Company. This situation is unique to the City and County of San Francisco.

(c) The City and County of San Francisco has declared its intention to become a community choice aggregator, but until the City and County of San Francisco begins to procure electricity pursuant to implementation of community choice aggregation, the City and County of San Francisco has no acceptable mechanism to market the temporarily existing excess generation of proposed photovoltaic projects to be located at San Francisco municipal sites and which may on occasion exceed the load at the site.

(d) San Francisco is located in a transmission constrained area that currently requires local generation. Development of solar electric facilities in San Francisco can improve electric service reliability and lessen air pollution from fossil fuel powerplants located in the city and county.

(e) Compensation for the electricity produced from Hetch Hetchy Water and Power solar generation facilities are in the public interest.

SEC. 2. Section 2828 is added to the Public Utilities Code, to read:

2828. (a) As used in this section, the following terms have the following meanings:

(1) ''Environmental attributes'' associated with the Hetch Hetchy Water and Power solar generation include, but are not limited to, the credits, benefits, emissions reductions, environmental air quality credits, and emissions reduction credits, offsets, and allowances, however entitled, resulting from the avoidance of the emission of any gas, chemical, or other substance attributable to the Hetch Hetchy Water and Power photovoltaic electricity generation facility owned by the City and County of San Francisco.

(2) ''HHWP solar generation'' means the electricity generated by Hetch Hetchy Water and Power photovoltaic electricity generation facilities owned by the City and County of San Francisco, designated by the City and County of San Francisco pursuant to subdivision (b) and not to exceed five megawatts of peak generation capacity in total.

(3) ''Interconnection Agreement'' means the 1987 agreement between Pacific Gas and Electric Company and the City and County of San Francisco, as filed with and accepted by the Federal Energy Regulatory Commission (FERC), and as amended from time to time with FERC approval, which provides for rates for transmission, distribution, and sales of supplemental electricity to the City and County of San Francisco. Nothing in this section shall waive or modify the rights of parties under the Interconnection Agreement or the jurisdiction of the FERC over rates set forth in the Interconnection Agreement.

(4) ''Appropriate TOU tariff'' means the Time-of-Use tariff that would be applicable to the City and County of San Francisco account at the photovoltaic project site if the facility at the site were a Pacific Gas and Electric Company bundled customer, as determined by Pacific Gas and Electric Company.

(b) The City and County of San Francisco may elect to designate specific photovoltaic electricity generation facilities as HHWP solar generation, if all of the following conditions are met:

(1) No single photovoltaic generation project exceeds one megawatt of peak generation capacity.

(2) The photovoltaic project utilizes a meter, or multiple meters, capable of separately measuring electricity flow in both directions. All meters shall provide ''time-of-use'' measurement information. If the existing meter at the site of the photovoltaic project is not capable of providing time-of-use information or is not capable of separately measuring total flow of energy in both directions, the City and County of San Francisco is responsible for all expenses involved in purchasing and installing a meter or meters that are both capable of providing

time-of-use information and able to separately measure total electricity flow in both directions.

(3) The amount of all electricity delivered to the electric grid by the designated HHWP solar generation is the property of Pacific Gas and Electric Company.

(4) The City and County of San Francisco does not sell electricity delivered to the electric grid from the designated HHWP solar generation to a third party.

(5) Ownership and use of the environmental attributes associated with the electricity delivered to the electric grid by HHWP solar generation shall be determined by the commission in accordance with Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1.

(c) For each site of a photovoltaic project that comprises the HHWP solar generation, Pacific Gas and Electric Company shall identify the appropriate TOU tariff for that site. Any electricity exported to the Pacific Gas and Electric Company grid at that site shall, for each time-of-use period, result in a monetary credit to be applied monthly as a credit or offset against the invoice created pursuant to the Interconnection Agreement and shall be valued at the generation component of the appropriate TOU tariff. The commission shall determine if it is appropriate to increase the credit to reflect any additional value derived from the location or the environmental attributes of, the designated HHWP solar generation.

(d) Monthly charges and credit amounts are interim and subject to an accounting true-up, consistent with commission policies and practices. The true-up shall be performed annually or upon the termination, for any reason, of the Interconnection Agreement. The true-up shall accomplish the following:

(1) If the total electricity delivered to the site by Pacific Gas and Electric Company since the previous true-up equals or exceeds the total electricity exported to the grid by the Hetch Hetchy photovoltaic electricity generation facility at the site, the City and County of San Francisco is a net electricity consumer at that site. For any site where the City and County of San Francisco is a net electricity consumer, a credit or offset shall be applied to reduce the obligations of the City and County of San Francisco to an invoice prepared pursuant to the Interconnection Agreement. If there is no invoiced obligation to be reduced, there is no applicable credit.

(2) If the total electricity delivered to the site by Pacific Gas and Electric Company since the previous true-up is less than the total electricity exported to the grid by the Hetch Hetchy photovoltaic electricity generation facility at the site, the City and County of San Francisco is a net electricity producer at that site. For any site where the City and County of San Francisco is a net electricity producer, the City

and County of San Francisco shall receive no credit or offset for the electricity exported to the grid in excess of the electricity delivered to the site from the grid. For any site where the City and County of San Francisco is a net electricity producer, the City and County of San Francisco shall receive a credit or offset up to the amount of electricity delivered to the site from the grid. The credit or offset shall be applied to reduce the obligations of the City and County of San Francisco to an invoice prepared pursuant to the Interconnection Agreement. If there is no invoiced obligation to be reduced, there is no applicable credit or offset. Pacific Gas and Electric Company shall use the last-in, first-out method to determine what electricity delivered to the grid from the site will not earn a credit or offset.

(e) Notwithstanding any other provision of this section, if the City and County of San Francisco engages in retail sales to customers within the service territory of Pacific Gas and Electric Company, as a result of becoming a community choice aggregator, as a result of municipalization, or otherwise, all other provisions of this section become inoperative.

(f) Pursuant to this section, the offset to charges under the Interconnection Agreement is the medium to convey credits earned under this section. Nothing in this section shall be construed to affect in any way the rights and obligations of the City and County of San Francisco and Pacific Gas and Electric Company under the Interconnection Agreement.

(g) Pacific Gas and Electric Company shall file an advice letter with the commission, that complies with this section, not later than 10 days after the City and County of San Francisco first designates the specific generation facilities that will comprise HHWP solar generation. The commission, within 30 days of the date of filing of the advice letter, shall approve the advice letter or specify conforming changes to be made by Pacific Gas and Electric Company to be filed in an amended advice letter within 30 days.

(h) The City and County of San Francisco may terminate its election pursuant to subdivisions (b), (c), and (d), upon providing Pacific Gas and Electric Company with a minimum of 60 days' written notice.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances applicable only to Hetch Hetchy Water and Power solar generation of electricity, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 791

An act to add Sections 66536 and 66536.1 to the Government Code, relating to regional planning.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 66536 is added to the Government Code, to read:

66536. The Legislature finds and declares the following:

(a) The Association of Bay Area Governments, known as ABAG for the purposes of this section and Section 66536.1, and the Metropolitan Transportation Commission have collaborated on regional coordination.

(b) ABAG and MTC formed the ''ABAG-MTC Task Force'' in 2003 to review methods to improve comprehensive regional planning, including possible organizational and structural changes to ABAG and MTC.

(c) The ABAG-MTC Task Force agreed to set aside the issue of a merger between the ABAG and MTC and to develop a better structure for coordinated regional planning.

(d) The ABAG-MTC Task Force agreed to create a joint policy committee to develop staff support for that committee and to work on short- and long-term goals. Formation of the joint policy committee can result in substantial real progress in resolving regional transportation problems.

(e) The ABAG-MTC Task Force members agreed that structural changes were required in the working relationship between ABAG and MTC, and that the joint policy committee should have a substantial role in facilitating progress on regional transportation matters.

(f) There is a history of cooperation and coordination among the Bay Area Air Quality Management District, ABAG, and MTC.

(g) The three agencies are collectively responsible for developing and adopting air quality plans for national ambient air quality standards.

(h) Based on this history and collective involvement, and the interrelation between land use, transportation, and air quality, the Bay Area Air Quality Management District should be included as a represented agency on the joint policy committee by June 30, 2005. If the Bay Area Air Quality Management District has not been included by June 3, 2005, the Bay Area Air Quality Management District shall be included as a represented agency with an equal number of committee members.

SEC. 2. Section 66536.1 is added to the Government Code, to read:

66536.1. (a) The joint policy committee shall prepare a report analyzing the feasibility of consolidating functions separately performed by ABAG and MTC. The report shall be reviewed and approved by MTC and the ABAG executive board and submitted to the Legislature by January 1, 2006.

(b) The combined membership of the joint policy committee shall include at least one representative from each of the nine regional counties: Alameda, Contra Costa, Marin, Napa, Sonoma, San Mateo, San Francisco, Santa Clara, and Solano.

(c) The joint policy committee shall coordinate the development and drafting of major planning documents prepared by ABAG, MTC, and the Bay Area Air Quality Management District, including reviewing and commenting on major interim work products and the final draft comments prior to action by ABAG, MTC, and the Bay Area Air Quality Management District. These documents include, but are not limited to, the following:

(1) Beginning with the next plan update scheduled to be adopted in 2008, the regional transportation plan prepared by MTC and described in Section 66508 of the Government Code.

(2) The ABAG Housing Element planning process for regional housing needs pursuant to Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7.

(3) The Bay Area Air Quality Management District's Ozone Attainment Plan and Clean Air Plan.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 792

An act to amend Section 218 of the Revenue and Taxation Code, relating to disaster relief, to take effect immediately, tax levy.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 218 of the Revenue and Taxation Code is amended to read:

218. (a) The homeowners' property tax exemption is in the amount of the assessed value of the dwelling specified in this section, as authorized by subdivision (k) of Section 3 of Article XIII of the Constitution. That exemption shall be in the amount of seven thousand dollars ($7,000) of the full value of the dwelling.

(b) The exemption does not extend to property that is rented, vacant, under construction on the lien date, or that is a vacation or secondary home of the owner or owners, nor does it apply to property on which an owner receives the veteran's exemption.

(c) For purposes of this section, all of the following apply:

(1) ''Owner'' includes a person purchasing the dwelling under a contract of sale or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy of a dwelling.

(2) (A) ''Dwelling'' means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. A two-dwelling unit shall be considered as two separate single-family dwellings.

(B) ''Dwelling'' includes the following:

(i) A single-family dwelling occupied by an owner thereof as his or her principal place of residence on the lien date.

(ii) A multiple-dwelling unit occupied by an owner thereof on the lien date as his or her principal place of residence.

(iii) A condominium occupied by an owner thereof as his or her principal place of residence on the lien date.

(iv) Premises occupied by the owner of shares or a membership interest in a cooperative housing corporation, as defined in subdivision (i) of Section 61, as his or her principal place of residence on the lien date. Each exemption allowed pursuant to this subdivision shall be deducted from the total assessed valuation of the cooperative housing corporation. The exemption shall be taken into account in apportioning property taxes among owners of share or membership interests in the cooperative

housing corporations so as to benefit those owners who qualify for the exemption.

(d) Any dwelling that qualified for an exemption under this section prior to October 20, 1991, that was damaged or destroyed by fire in a disaster, as declared by the Governor, occurring on or after October 20, 1991, and before November 1, 1991, and that has not changed ownership since October 20, 1991, shall not be disqualified as a ''dwelling'' or be denied an exemption under this section solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner.

(e) Any dwelling that qualified for an exemption under this section prior to October 15, 2003, that was damaged or destroyed by fire or earthquake in a disaster, as declared by the Governor, during October, November, or December 2003, and that has not changed ownership since October 15, 2003, shall not be disqualified as a ''dwelling'' or be denied an exemption under this section solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner.

(f) Any dwelling that qualified for an exemption under this section prior to June 3, 2004, that was damaged or destroyed by flood in a disaster, as declared by the Governor, during June 2004, and that has not changed ownership since June 3, 2004, shall not be disqualified as a ''dwelling'' or be denied an exemption under this section solely on the basis that the dwelling was temporarily damaged or destroyed or was being reconstructed by the owner.

(g) The exemption provided for in subdivision (k) of Section 3 of Article XIII of the Constitution shall first be applied to the building, structure or other shelter and the excess, if any, shall be applied to any land on which it may be located.

SEC. 2. It is the intent of the Legislature to provide in the annual Budget Act those additional reimbursements to local governments that, as a result of this act, are required by Section 25 of Article XIII of the California Constitution.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 793

An act to amend Sections 14552.2, 14553.4, and 14554.8 of the Government Code, relating to transportation.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 14552.2 of the Government Code is amended to read:

14552.2. (a) ''Eligible project'' means the federally funded portion of any highway or other transportation project that has been designated for accelerated construction by the commission, and increases the capacity, reduces the travel time, or provides long-life rehabilitation of the key bridges and roadways of a corridor or gateway for interregional travel and movement of goods.

(b) An eligible project that meets the conditions of subdivision (a) may include, but is not limited to, any of the following projects:

(1) Toll bridge seismic retrofit projects.

(2) Projects approved for funding under the Traffic Congestion Relief Act of 2000 (Chapter 4.5 (commencing with Section 14556)).

(3) Projects programmed under the current adopted State Transportation Improvement Program or the current State Highway Operation and Protection Program.

SEC. 2. Section 14553.4 of the Government Code is amended to read:

14553.4. The Treasurer may not authorize the issuance of notes if the annual repayment obligations of all outstanding notes in any fiscal year would exceed 15 percent of the total amount of federal transportation funds deposited in the State Highway Account in the State Transportation Fund for any consecutive 12-month period within the preceding 24 months.

SEC. 3. Section 14554.8 of the Government Code is amended to read:

14554.8. (a) Notwithstanding Section 13340 of the Government Code or any other provision of law, the amounts deposited in the State Highway Account in the State Transportation Fund from federal transportation funds, and pledged by the commission under this chapter,

are hereby continuously appropriated, without regard to fiscal years, to the Treasurer for the purposes of, and in accordance with, this chapter.

(b) Funds that are subject to Section 1 or 2 of Article XIX of the California Constitution may be used as the state or local principal match for any project that is eligible for federal matching funds and is funded pursuant to this chapter.

CHAPTER 794

An act to amend Sections 51283, 51283.4, and 51284.1 of, to add Section 51283.5 to, and to repeal and add Section 51203 of, the Government Code, relating to land conservation.

[Approved by Governor September 24, 2004. Filed with Secretary of State September 25, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 51203 of the Government Code is repealed.

SEC. 2. Section 51203 is added to the Government Code, to read:

51203. (a) The assessor shall determine the current fair market value of the land as if it were free of the contractual restriction pursuant to Section 51283. The Department of Conservation or the landowner, also referred to in this section as ''parties,'' may provide information to assist the assessor to determine the value. Any information provided to the assessor shall be served on the other party, unless the information was provided at the request of the assessor, and would be confidential under law if required of an assessee.

(b) Within 45 days of receiving the assessor's notice pursuant to subdivision (a) of Section 51283 or 51283.4, if the Department of Conservation or the landowner believes that the current fair market valuation certified pursuant to subdivision (b) of Section 51283 or Section 51283.4 is not accurate, the department or the landowner may request formal review from the county assessor in the county considering the petition to cancel the contract. The department or the landowner shall submit to the assessor and the other party the reasons for believing the valuation is not accurate. The assessor may recover his or her reasonable costs of the formal review from the party requesting the review, and may provide an estimate of those costs to the requesting party. The recovery of these costs from the department may be deducted by the city or county from the cancellation fees received pursuant to this chapter prior to transmittal to the Controller for deposit in the Soil Conservation Fund.

(1) If no request is made within 45 days of receiving notice of the valuation, the assessor's valuation shall be used to calculate the fee.

(2) Upon receiving a request for formal review, the assessor may formally review his or her valuation. The assessor shall notify the parties that the formal review is being undertaken and that information to aid the assessor's review shall be submitted within 30 days of the date of the notice to the parties. Any information submitted to the assessor shall be served on the other party who shall have 30 days to respond to that information to the assessor. If the response to the assessor contains new information, the party receiving that response shall have 20 days to respond to the assessor as to the new information. All submittals and responses to the assessor shall be served on the other party by personal service or an affidavit of mailing. The assessor shall avoid ex parte contacts during the formal review and shall report any such contacts to the department and the landowner at the same time the review is complete. The assessor shall complete the review no later than 120 days of receiving the request.

(3) At the conclusion of the formal review, the assessor shall either revise the cancellation valuation or determine that the original cancellation valuation is accurate. The assessor shall send the revised valuation or notice of the determination that the valuation is accurate to the department, the landowner, and the board or council considering the petition to cancel the contract. The assessor shall include a brief narrative of what consideration was given to the items of information and responses directly relating to the cancellation value submitted by the parties. The assessor shall give no consideration to a party's information or response that was not served on the other party.

(c) For purposes of this section, the valuation date of any revised valuation pursuant to formal review or following judicial challenge shall remain the date of the assessor's initial valuation, or his or her initial recomputation pursuant to Section 51283.4. For purposes of cancellation fee calculation in a tentative cancellation as provided in Section 51283, or in a recomputation for final cancellation as provided in Section 51283.4, a cancellation value shall be considered current for one year after its determination and certification by the assessor.

(d) Notwithstanding any other provision of this section, the department and the landowner may agree on a cancellation valuation of the land. The agreed valuation shall serve as the cancellation valuation pursuant to Section 51283. The agreement shall be transmitted to the board or council considering the petition to cancel the contract.

(e) This section represents the exclusive administrative procedure for appealing a cancellation valuation calculated pursuant to this section. The Department of Conservation shall represent the interests of the state

in the administrative and judicial remedies for challenging the determination of a cancellation valuation or cancellation fee.

SEC. 3. Section 51283 of the Government Code is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the current fair market value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee. At the same time, the assessor shall send a notice to the landowner and the Department of Conservation indicating the current fair market value of the land as though it were free of the contractual restriction. The notice shall advise the landowner and the department of the opportunity to request formal review from the assessor.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee that the landowner shall pay the county treasurer upon cancellation. That fee shall be an amount equal to $12^1/_2$ percent of the cancellation valuation of the property.

(c) If it finds that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been canceled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined that it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or is not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the board or council is consistent with the policies of this chapter and that the board or council complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the board or council, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) The first two million thirty-six thousand dollars ($2,036,000) of revenue paid to the Controller pursuant to subdivision (e) in the 2004–05

fiscal year, and any other amount as approved in the final Budget Act for each fiscal year thereafter, shall be deposited in the Soil Conservation Fund, which is continued in existence. The money in the fund is available, when appropriated by the Legislature, for the support of all of the following:

(1) The cost of the farmlands mapping and monitoring program of the Department of Conservation pursuant to Section 65570.

(2) The soil conservation program identified in Section 614 of the Public Resources Code.

(3) Program support costs of this chapter as administered by the Department of Conservation.

(4) Program support costs incurred by the Department of Conservation in administering the open-space subvention program (Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2).

(e) When cancellation fees required by this section are collected, they shall be transmitted by the county treasurer to the Controller and deposited in the General Fund, except as provided in subdivision (d). The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the execution of a certificate of cancellation of contract by the board or council, as specified in subdivision (b) of Section 51283.4.

(f) It is the intent of the Legislature that fees paid to cancel a contract do not constitute taxes but are payments that, when made, provide a private benefit that tends to increase the value of the property.

SEC. 4. Section 51283.4 of the Government Code is amended to read:

51283.4. (a) Upon tentative approval of a petition accompanied by a proposal for a specified alternative use of the land, the clerk of the board or council shall record in the office of the county recorder of the county in which is located the land as to which the contract is applicable a certificate of tentative cancellation, which shall set forth the name of the landowner requesting the cancellation, the fact that a certificate of cancellation of contract will be issued and recorded at the time that specified conditions and contingencies are satisfied, a description of the conditions and contingencies which must be satisfied, and a legal description of the property. Conditions to be satisfied shall include payment in full of the amount of the fee computed under the provisions of Section 51283, together with a statement that unless the fee is paid, or a certificate of cancellation of contract is issued within one year from the date of the recording of the certificate of tentative cancellation, the fee shall be recomputed as of the date the landowner requests a recomputation. A landowner may request a recomputation when he or she believes that he or she will be able to satisfy the conditions and

contingencies of the certificate of cancellation within 180 days. The board or council shall request the assessor to recompute the cancellation valuation. The assessor shall recompute the valuation, certify it to the board or council, and provide notice to the Department of Conservation and landowner as provided in subdivision (a) of Section 51283, and the board or council shall certify the fee to the county auditor. Any provisions related to the waiver of the fee or portion thereof shall be treated in the manner provided for in the certificate of tentative cancellation. Contingencies to be satisfied shall include a requirement that the landowner obtain all permits necessary to commence the project. The board or council may, at the request of the landowner, amend a tentatively approved specified alternative use if it finds that the amendment is consistent with the findings made pursuant to subdivision (a) of Section 51282.

(b) The landowner shall notify the board or council when he or she has satisfied the conditions and contingencies enumerated in the certificate of tentative cancellation. Within 30 days of receipt of the notice, and upon a determination that the conditions and contingencies have been satisfied, the board or council shall execute a certificate of cancellation of contract, cause the the certificate to be recorded, and send a copy to the Director of Conservation.

(c) If the landowner has been unable to satisfy the conditions and contingencies enumerated in the certificate of tentative cancellation, the landowner shall notify the board or council of the particular conditions or contingencies he or she is unable to satisfy. Within 30 days of receipt of the notice, and upon a determination that the landowner is unable to satisfy the conditions and contingencies listed, the board or council shall execute a certificate of withdrawal of tentative approval of a cancellation of contract and cause the same to be recorded. However, the landowner shall not be entitled to the refund of any cancellation fee paid.

SEC. 5. Section 51283.5 is added to the Government Code, to read:

51283.5. (a) The Legislature finds and declares that cancellation fees should be calculated in a timely manner and disputes over cancellation fees should be resolved before a city or county approves a tentative cancellation. However, the city or county may approve a tentative cancellation notwithstanding an assessor's formal review or judicial challenge to the cancellation value or fee.

(b) If the valuation changes after the approval or a tentative cancellation, the certificate of tentative cancellation shall be amended to reflect the correct valuation and cancellation fee.

(c) If the landowner wishes to pay a cancellation fee when a formal review or an independent appraisal has been requested, he or she may pay the fee required in the current certificate of cancellation and provide security determined to be adequate by the Department of Conservation

for 20 percent of the cancellation fee based on the assessor's valuation. The board or council shall hold the security and release it immediately upon full payment of the cancellation fee determined pursuant to Section 51203.

(d) The city or county may approve a final cancellation notwithstanding a pending formal review or judicial challenge to the cancellation valuation or fee. The certificate of final cancellation shall include the following statements:

(1) That formal review or judicial challenge of the cancellation valuation or fee is pending.

(2) That the fee may be adjusted, based upon the outcome of the review or challenge.

(3) The identity of the party who will be responsible for paying any additional fee or will receive any refund.

(4) The form and amount of security provided by the landowner or other responsible party and approved by the Department of Conservation.

(e) Upon resolution, the landowner or the party identified in the certificate shall either pay the balance owed to the county treasurer, or receive from the county treasurer or the controller any amount of overpayment, and shall also be entitled to the immediate release of any security.

(f) (1) If a party does not receive the notice required pursuant to Section 51203, 51283, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed within three years of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283, or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51203.

(C) The service of notice to the Director of Conservation of the board or council's recorded certificate of final cancellation.

(2) If a party did receive the required notice pursuant to Section 51203, 51283, 51283.4, or 51284, a judicial challenge to the cancellation valuation may be filed only after the party has exhausted his or her administrative remedies through the formal review process specified in Section 51203, and only within 180 days of the latest of the applicable following events:

(A) The board or council certification of the fee pursuant to subdivision (b) of Section 51283 or for fees recomputed pursuant to Section 51283.4, the execution of a certificate of cancellation under that section.

(B) The date of the assessor's determination pursuant to paragraph (3) of subdivision (b) of Section 51203.

(C) The service of notice to the Director of Conservation or the board or council's recorded certificate of final cancellation.

SEC. 6. Section 51284.1 of the Government Code is amended to read:

51284.1. (a) When a landowner petitions a board or council for the tentative cancellation of a contract and when the board or council accepts the application as complete pursuant to Section 65943, the board or council shall immediately mail a notice to the Director of Conservation. The notice shall include all of the following:

(1) A copy of the petition.

(2) A copy of the contract.

(3) A general description, in text or by diagram, of the land that is the subject of the proposed cancellation.

(4) The deadline for submitting comments regarding the proposed cancellation. That deadline shall be consistent with the Permit Streamlining Act (Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7), but in no case less than 30 days prior to the scheduled action by the board or council.

(b) The board or council shall send that information to the assessor that is necessary to describe the land subject to the proposed cancellation. The information shall include the name and address of the landowner petitioning the cancellation.

(c) The Director of Conservation shall review the proposed cancellation and submit comments to the board or council by the deadline specified in paragraph (4) of subdivision (a). Any comments submitted shall advise the board or council on the findings required by Section 51282 with respect to the proposed cancellation.

(d) Prior to acting on the proposed cancellation, the board or council shall consider the comments by the Director of Conservation, if submitted.

(e) The board or council may include the cancellation valuation, if available, of the land as part of the completed petition sent to the director.

CHAPTER 795

An act to amend Section 217 of, and to add and repeal Sections 217.7, 217.8, and 217.9 of, the Streets and Highways Code, relating to highways.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 217 of the Streets and Highways Code is amended to read:

217. The following definitions apply for the purposes of this article:

(a) ''Design'' is a plan completed to a level of 30 percent.

(b) ''Design-sequencing'' is a method of contracting that enables the sequencing of design activities to permit each construction phase to commence when design for that phase is complete, instead of requiring design for the entire project to be completed before commencing construction.

(c) A ''design-sequencing contract'' is a contract between the department and a contractor that requires the department to prepare a design and permits construction of a project to commence upon completion of design for a construction phase.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 217.7 is added to the Streets and Highways Code, to read:

217.7. (a) Notwithstanding Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except Section 10128 of that code, and Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, the department may conduct a phase two pilot program to let design-sequencing contracts for the design and construction of not more than 12 transportation projects, to be selected based on criteria established by the director. For the purpose of this article, these projects shall be deemed public works.

(b) In selecting projects for the pilot program authorized under subdivision (a), the director shall attempt to balance geographical areas among test projects as well as pursue diversity in the types of projects undertaken. In this process, the director shall consider selecting projects that improve interregional and intercounty routes.

(c) To the extent available, the department shall seek to incorporate existing knowledge and experience on design-sequencing contracts in carrying out its responsibilities under subdivision (a).

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 3. Section 217.8 is added to the Streets and Highways Code, to read:

217.8. (a) Not later than July 1, 2006, and July 1 of each subsequent year during which a contract under the phase two pilot program, as

described in Section 217.7, is in effect, the department shall prepare a status report on its contracting methods, procedures, costs, and delivery schedules. Upon completion of all design-sequencing contracts, but in no event later than January 1, 2010, the department shall establish a peer review committee or continue in existence the peer review committee created pursuant to former Section 217.4, which was added by Chapter 378 of the Statutes of 1999, and direct that committee to prepare a report for submittal to the Legislature that describes and evaluates the outcome of the contracts provided for in Section 217.7, stating the positive and negative aspects of using design-sequencing as a contracting method.

(b) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 4. Section 217.9 is added to the Streets and Highways Code, to read:

217.9. Design-sequencing contracts under the phase two pilot program, as described in Section 217.7, shall be awarded in accordance with all of the following:

(a) The department shall advertise design-sequencing projects by special public notice to contractors.

(b) Contractors shall be required to provide prequalification information establishing appropriate licensure and successful past experience with the proposed work.

(c) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 8574.1 of the Government Code is amended to read:

8574.1. In addition to any other authority conferred upon the Governor by this chapter, the Governor shall establish a California oil spill contingency plan pursuant to this article.

SEC. 2. Section 8574.7 of the Government Code is amended to read:

8574.7. The Governor shall require the administrator, in consultation with the State Interagency Oil Spill Committee and not in conflict with the National Contingency Plan, to amend the California oil spill contingency plan by adding a marine oil spill contingency planning section which provides for the best achievable protection of the coast and marine waters. The marine oil spill contingency planning section shall consist of all of the following elements:

(a) A state marine response element that specifies the hierarchy for state and local agency response to an oil spill. The element shall define the necessary tasks for oversight and control of cleanup and removal activities associated with a marine oil spill and shall specify each agency's particular responsibility in carrying out these tasks. The element shall also include an organizational chart of the state marine oil spill response organization and a definition of the resources, capabilities, and response assignments of each agency involved in cleanup and removal actions in a marine oil spill.

(b) A regional and local planning element which shall provide the framework for the involvement of regional and local agencies in the state effort to respond to a marine oil spill, and shall ensure the effective and efficient use of regional and local resources in all of the following:

(1) Traffic and crowd control.

(2) Firefighting.

(3) Boating traffic control.

(4) Radio and communications control and provision of access to equipment.

(5) Identification and use of available local and regional equipment or other resources suitable for use in cleanup and removal actions.

(6) Identification of private and volunteer resources or personnel with special or unique capabilities relating to marine oil spill cleanup and removal actions.

(7) Provision of medical emergency services.

(c) A coastal protection element which establishes the state standards for coastline protection. The administrator, in consultation with the State Interagency Oil Spill Committee, the Coast Guard and Navy, and the shipping industry, shall develop criteria for coastline protection. If appropriate, the administrator shall consult with representatives from

the States of Alaska, Washington, and Oregon, the Province of British Columbia in Canada, and the Republic of Mexico. The criteria shall designate at least all of the following:

(1) Appropriate shipping lanes and navigational aids for tankers, barges, and other commercial vessels to reduce the likelihood of collisions between tankers, barges, and other commercial vessels. Designated shipping lanes shall be located off the coastline at a distance sufficient to significantly reduce the likelihood that disabled vessels will run aground along the coast of the state.

(2) Ship position reporting and communications requirements.

(3) Required predeployment of protective equipment for sensitive environmental areas along the coastline.

(4) Required emergency response vessels which are capable of preventing disabled tankers from running aground.

(5) Required emergency response vessels which are capable of commencing oil cleanup operations before spilled oil can reach the shoreline.

(6) An expedited decisionmaking process for dispersant use in coastal waters. Prior to adoption of the process, the administrator shall ensure that a comprehensive testing program is carried out for any dispersant proposed for use in California marine waters. The testing program shall evaluate toxicity and effectiveness of the dispersants.

(7) Required rehabilitation facilities for wildlife injured by spilled oil.

(8) An assessment of how activities that usually require a permit from a state or local agency may be expedited or issued by the administrator in the event of an oil spill.

(d) An environmentally and ecologically sensitive areas element which shall require the administrator, in conjunction with appropriate local agencies, to prepare and distribute to facilities and local and state agencies, regional maps depicting environmentally and ecologically sensitive areas in marine waters or along the coast. The maps shall designate those areas which have particularly high priority for protection against oil spills. The administrator shall specify protective requirements to be taken in the event of an oil spill for each environmentally and ecologically sensitive area.

(e) The administrator shall complete the marine oil spill contingency planning section by January 1, 1993. Any recommendations for action that cannot be financed or implemented pursuant to the existing authority of the administrator shall be reported to the Legislature along with recommendations for financing those actions.

(f) ''Administrator,'' for purposes of this section, means the administrator appointed by the Governor pursuant to Section 8670.4.

SEC. 3. Section 8574.8 of the Government Code is amended to read:

8574.8. The administrator shall submit to the Governor and the Legislature the amended California oil spill contingency plan required, pursuant to Section 8574.7, by January 1, 1993. The administrator shall thereafter submit revised plans every three years.

SEC. 4. Section 8574.10 of the Government Code is amended to read:

8574.10. (a) The Review Subcommittee of the State Interagency Oil Spill Committee is hereby established. As used in this chapter, ''review subcommittee'' means the Review Subcommittee of the State Interagency Oil Spill Committee. The Director of Fish and Game, who shall serve as chair of the review subcommittee, the Executive Officer of the State Lands Commission, the Executive Director of the California Coastal Commission, the State Fire Marshal, the State Oil and Gas Supervisor, the Executive Director of the State Water Resources Control Board, and the Executive Director of the San Francisco Bay Conservation and Development Commission, or their designees, shall constitute the members of the review subcommittee. The representative of the San Francisco Bay Conservation and Development Commission only shall have voting and decisionmaking authority regarding matters under the jurisdiction of the commission. The administrator may serve as the designee of the Director of Fish and Game.

(b) All regulations and guidelines adopted pursuant to Chapter 7.4 (commencing with Section 8670.1) and Division 7.8 (commencing with Section 8750) of the Public Resources Code, and amendments to the California oil spill contingency plan, shall, prior to adoption, be submitted to the review subcommittee for review and comment.

(c) Within 60 days from the date of receipt of regulations, guidelines, or amendments pursuant to subdivision (a), the review subcommittee shall review and submit comments to the submitting agency. Any recommendation of the review subcommittee shall be based on the standards of the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, consisting of the provisions specified in Section 8670.1. This comment period may overlap any other comment periods required by law or allowed by the administrator.

(d) The comments and recommendations of the review subcommittee shall not be binding on the submitting agency. Prior to adoption, and within 30 days from the date of receipt of a response from the review subcommittee, the submitting agency shall respond in writing to the review subcommittee concerning all of the findings and recommendations of the review subcommittee. The submitting agency may reject the recommendations of the review subcommittee only if the submitting agency determines that the action it chooses more effectively furthers the purposes of, and more effectively complies with, the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act.

Whenever the submitting agency departs from a finding or recommendation of the review subcommittee, the written response of the submitting agency shall state its rationale for concluding that its action more effectively furthers the purposes of, and more effectively complies with, that act. Any public hearing that is required by this chapter or any other statute shall be held after the submitting agency has filed a response to the review subcommittee.

If practical, the administrator shall coordinate drills with drills carried out by the State Lands Commission and the California Coastal Commission to test prevention operations, equipment, and procedures. In carrying out announced drills, the administrator shall coordinate with the private entities involved in the drill. Each state and local entity, each rated OSRO, and each operator shall cooperate with the administrator in carrying out these drills.

(b) The administrator shall establish performance standards that each operator and rated OSRO shall meet during the drills carried out pursuant to subdivision (a). The standards shall include, but are not limited to, a standard for the time allowable for adequate response, and shall also specify conditions for canceling a drill because of hazardous or other operational circumstances that may exist. The standards shall specify the protections that the administrator determines are necessary for any environmentally sensitive area, as defined by the administrator.

8670.13. The administrator shall periodically evaluate the feasibility of requiring new technologies to aid prevention, response, containment, cleanup and wildlife rehabilitation.

SEC. 13. Section 8670.13.2 of the Government Code is amended to read:

8670.13.2. The administrator shall prepare and periodically revise regulations regarding licensing of oil spill cleanup agents. The authority of the administrator shall be substituted for the authority of the State Water Resources Control Board and cross references shall be corrected. The administrator shall submit these regulations to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations. These regulations are exempt from the Administrative Procedure Act. The regulations shall become effective upon filing.

SEC. 14. Section 8670.14 of the Government Code is amended to read:

8670.14. The administrator shall coordinate the oil spill prevention and response programs and marine facility, tank vessel, and nontank

vessel safety standards of the state with federal programs to the maximum extent possible.

SEC. 15. Section 8670.18 of the Government Code is amended to read:

8670.18. (a) The administrator may inspect or cause to be inspected on a regular basis all vessels.

(b) The administrator shall evaluate and periodically review the adequacy of the vessel inspection programs conducted by the Coast Guard and any other federal, state, or local agency. The evaluation shall consider all of the following:

(1) The frequency and scope of inspections.

(2) The continuing commitment of the Coast Guard to conduct frequent vessel inspections.

(3) Any new or pending federal legislation that is likely to change the Coast Guard's inspection programs.

(4) Whether it is desirable for the state to contract with the Coast Guard for more frequent or expanded vessel inspections.

(5) Whether it is desirable and practical for the state to develop and implement a state vessel inspection program.

(c) If the administrator determines in the report that the Coast Guard inspection program is inadequate, the administrator shall attempt to enter into an agreement with the Coast Guard to remedy the deficiencies.

(d) If, within a reasonable time, the administrator cannot remedy deficiencies in the Coast Guard inspection programs, the administrator shall report to the Legislature concerning the steps the administrator is taking to ensure that an adequate vessel inspection program is in place. The administrator shall adopt regulations for any vessel inspection program established pursuant to this section. Vessel inspections authorized pursuant to this section shall be conducted only for the purposes of determining compliance with relevant federal law and the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act, as defined in Section 8670.1. The administrator shall consult with the Coast Guard regarding state-mandated requirements for vessel inspections.

(e) Any state vessel inspection program established pursuant to this section shall not duplicate the activities of the Coast Guard or other authorized federal agencies. The administrator shall maintain a record of these activities for each vessel inspected. Any violation of Coast Guard regulations shall immediately be reported to the Coast Guard.

SEC. 16. Section 8670.19 of the Government Code is amended to read:

8670.19. (a) The administrator shall periodically conduct a comprehensive review of all oil spill contingency plans. The administrator shall do both of the following:

(1) Segment the coast into appropriate areas as necessary.

(2) Evaluate the oil spill contingency plans for each area to determine if deficiencies exist in equipment, personnel, training, and any other area determined to be necessary, including those response resources properly authorized for cascading into the area, to ensure the best achievable protection of the coastline, set forth in the California oil spill contingency plan, including the marine oil spill contingency planning section.

(b) If the administrator finds that deficiencies exist, the administrator shall, by the process set forth in Section 8670.31, remand any oil spill contingency plans to the originating party with recommendations for amendments necessary to ensure that the coastline is protected.

SEC. 17. Section 8670.21 of the Government Code is amended to read:

8670.21. (a) As used in this section, the following terms have the following meanings:

(1) ''Vessels'' means vessels as defined in Section 21 of the Harbors and Navigation Code.

(2) ''VTS system'' means a vessel traffic service system.

(b) The administrator shall negotiate an agreement with the Coast Guard, appropriate port agencies, or appropriate organizations, for a VTS system to protect the harbors of this state. The administrator may include in the agreement provisions for vessel traffic monitoring and communications systems for areas of the coast outside of harbors, or negotiate a separate agreement for that purpose. The purpose of a VTS system and a vessel traffic monitoring and communications system shall be to aid navigation by providing satellite tracking, radar, or other information regarding ship locations and traffic, to prevent collisions and groundings.

(c) A plan developed by the administrator, in consultation with the Coast Guard, shall provide for implementing and maintaining VTS systems pursuant to subdivision (b) for the Ports of Los Angeles and Long Beach, the Harbors of San Francisco, the Santa Barbara Channel, and any other area where establishing a VTS system or a vessel monitoring and communications system is recommended by the Coast Guard. The plan shall provide for the areas described in this subdivision, and for any other system and areas that are recommended by the Coast Guard, or recommended by the administrator and approved by the Coast Guard. Only systems that will be operated by the Coast Guard, or that will have direct communication with a Coast Guard officer who has Captain of the Port enforcement authority, shall be included in the plan. The plan shall be amended periodically to reflect any changes in Coast Guard recommendations or operations, and any changes in the agreements entered into pursuant to subdivision (b). The plan shall, to

the extent allowable given federal requirements, provide for the best achievable protection.

(d) (1) The administrator shall attempt to provide funding for VTS systems and vessel monitoring and communications systems through voluntary funding, or services in kind, provided by the maritime industry. If agreement on voluntary funding or services in kind cannot be reached, the administrator may establish a fee system that reflects the commercial maritime activity of each of the respective harbors or areas for which a VTS system or a vessel monitoring and communications system is established. Using that fee system, the administrator shall fund VTS systems and vessel monitoring and communications systems.

(2) The money collected pursuant to this subdivision shall be deposited in the Vessel Safety Account, which is hereby created in the Oil Spill Prevention and Administration Fund. The money in the Vessel Safety Account is hereby continuously appropriated for the sole purpose of funding VTS systems and vessel monitoring and communications systems. Other than the fees imposed pursuant to this subdivision that are deposited in the Vessel Safety Account, no funds from the Oil Spill Prevention and Administration Fund may be used to pay for VTS systems or vessel traffic monitoring and communications systems.

(3) The administrator shall adopt regulations to implement this subdivision. The administrator may adopt regulations prohibiting tank barges and tank ships from accepting or unloading oil at marine terminals if a tank barge or tank ship is not in compliance with required VTS system or vessel traffic monitoring and communications system equipment.

(e) If a VTS system covers waters outside the jurisdiction of a local port authority, the administrator may grant the money that is determined to be necessary for the purchase and installation of equipment required for the establishment or expansion of the VTS system. Those grants may be made from the Oil Spill Response Trust Fund in accordance with Section 8670.49, as individual and nonrecurring appropriations through the budget process, but shall not exceed the amount of interest earned from money in that fund.

(f) (1) The Marine Exchange of Los Angeles-Long Beach Harbor, Inc., a corporation organized under the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code), may operate a VTS system in the VTS area described in Section 445 of the Harbors and Navigation Code if the VTS system is approved by the Coast Guard and certified by the administrator as meeting the requirements of this chapter. The marine exchange shall cooperate fully with the administrator in the development, implementation, and operation of that VTS system. Upon certification by the administrator that the Coast Guard has commenced

operation of a fully federally funded VTS system for the VTS area, the authorization for the marine exchange to operate a VTS system shall terminate.

(2) The Port of Los Angeles and the Port of Long Beach may impose fees upon all covered vessels, as defined in Section 445.5 of the Harbors and Navigation Code, for the funding of the VTS system operated by the marine exchange.

(3) No vessel that is required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall assert any claim against the marine exchange or any officer, director, employee, or representative of the marine exchange for any damage, loss, or expense, including any rights of indemnity or other rights of any kind, sustained by that vessel or its owners, agents, charterers, operators, crew, or third parties arising out of, or connected with, directly or indirectly, the marine exchange's operation of the vessel traffic service, even though resulting in whole or in part from the negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(4) Each vessel required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall defend, indemnify, and hold harmless the marine exchange and its officers, directors, employees, and representatives from any and all claims, suits, or actions of any nature by whomsoever asserted, even though resulting or alleged to have resulted from negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(5) Nothing in this subdivision affects any liability or rights that may arise by reason of the gross negligence or intentional or willful misconduct of the marine exchange or of an officer, director, employee, or representative of the marine exchange in the operation of the VTS system, including any liability pursuant to subdivision (c) of Section 449.5 of the Harbors and Navigation Code.

(6) The marine exchange and its officers and directors are subject to Section 5047.5 of the Corporations Code to the extent that the marine exchange meets the criteria specified in that section.

(7) Nothing in this section shall be deemed to include the marine exchange or its officers, directors, employees, or representatives within the definition of ''responsible party'' pursuant to Section 8670.3 for purposes of this chapter.

(8) Upon request by the administrator, the marine exchange shall submit a report containing a complete description of the VTS system operated by the marine exchange. Upon receiving the report, the administrator shall determine, after a public hearing, whether the elements and operation of the VTS system are consistent with the Harbor

Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 and the standards for the statewide vessel traffic service systems plan. If the administrator determines that the VTS system is inconsistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 or with the statewide vessel traffic service systems plan, the administrator shall issue an order to the marine exchange specifying modifications to the VTS system to eliminate the inconsistencies. If the marine exchange has not complied with that order within six months of issuance, the administrator may, in addition to, or in lieu of, any other enforcement action authorized by this chapter or Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code, and after a public hearing, administratively revoke the authorization for the marine exchange to operate a VTS system. If authorization for the marine exchange to operate a VTS system is revoked, the administrator shall take any action necessary to expeditiously establish a VTS system for the VTS area described in Section 445 of the Harbors and Navigation Code. The action may include the assessment of fees on vessels, port users, and ports, and needed expenditures, as provided in subdivision (d).

(g) It is the intent of the Legislature that VTS systems and vessel traffic monitoring and communications systems be completed and operated by the Coast Guard, except that, with respect to the VTS area described in Section 445 of the Harbors and Navigation Code, a VTS system may be operated by the Marine Exchange of Los Angeles-Long Beach, Inc., pursuant to subdivision (f).

SEC. 18. Section 8670.23 of the Government Code is amended to read:

8670.23. (a) The administrator shall establish Harbor Safety Committees for harbors and adjacent regions of San Diego; Los Angeles/Long Beach; Port Hueneme; San Francisco; and Humboldt Bay.

(b) The administrator shall determine the geographic area for each harbor safety committee.

(10) A representative of tug or tank barge operators, who is not also engaged in the business of operating either tank ships or dry cargo vessels.

(11) A representative of pleasure boat operators.

(12) A harbor safety committee may petition the administrator with a request for a new or additional membership position needed to conduct the harbor safety committee business and that reflects the makeup of the local maritime community. The approval of this petition shall be at the sole discretion of the administrator.

(13) A harbor safety committee may petition the administrator for the elimination of a new or additional membership position requested and approved pursuant to paragraph (12). The approval of this petition shall be at the sole discretion of the administrator.

(d) The members appointed from the categories listed in paragraphs (2), (3), (4), and (10) of subdivision (c) shall have navigational expertise. An individual is considered to have navigational expertise if the individual meets any of the following conditions:

(1) Has held or is presently holding a Coast Guard Merchant Marine Deck Officer's license.

(2) Has held or is presently holding a position on a commercial vessel that includes navigational responsibilities.

(3) Has held or is presently holding a shoreside position with direct operational control of vessels.

(4) Has held or is currently holding a position having responsibilities for permitting or approving the docking of vessels in and around harbor facilities relating to the safe navigation of vessels.

(e) The administrator shall appoint a chairperson and vice chairperson for each harbor safety committee from the membership specified in subdivision (c). The administrator may withdraw such appointments at his or her sole discretion.

(f) Upon request of the harbor safety committee, the administrator may remove a member.

(g) Each member of a harbor safety committee may be reimbursed for actual and necessary expenses incurred in the performance of committee duties.

SEC. 19. Section 8670.23.1 of the Government Code is amended to read:

8670.23.1. (a) Each harbor safety committee established pursuant to Section 8670.23 shall be responsible for planning for the safe navigation and operation of tank ships, tank barges, and other vessels within each harbor. Each committee shall prepare a harbor safety plan, encompassing all vessel traffic within the harbor.

(b) The administrator shall adopt regulations for harbor safety committee membership positions required in addition to those specified in Section 8670.23 and for harbor safety plans in consultation with the committees of those harbors listed in Section 8670.23, and other affected parties. The regulations shall require that the plan contain a discussion of the competitive aspects of the recommendations of the harbor safety committee.

(c) The regulations shall ensure that each harbor safety plan includes all of the following elements:

(1) A recommendation determining when tank vessels are required to be accompanied by a tugboat or tugboats, of sufficient size, horsepower, and pull capability while entering, leaving, or navigating in the harbor. The Harbor Safety Committee for San Francisco shall give the highest priority to the continual review and evaluation of tugboat escort regulations. The administrator shall be guided by the recommendations of the harbor safety committee when adopting regulations pursuant to Section 8670.17.2.

(2) A review and evaluation of the adequacy of, and any changes needed in, all of the following:

(A) Anchorage designations and sounding checks.

(D) Placement and effectiveness of navigational aids, channel design plans, and the traffic and routings from port construction and dredging projects.

(3) Procedures for routing vessels during emergencies that impact navigation.

(4) Bridge management requirements.

(5) Suggested mechanisms to ensure that the provisions of the plan are fully and regularly enforced.

(d) Each harbor safety plan shall be submitted to the administrator. The administrator shall review and provide comment on the plan for consistency with the regulations.

(e) The administrator shall, in consultation with the harbor safety committees listed in Section 8670.23, implement the plans. The administrator shall adopt regulations necessary to implement the plans. When federal authority or action is required to implement a plan, the administrator shall petition the appropriate federal agency or the United States Congress, as may be necessary.

(f) On or before July 1 of each year, each harbor safety committee shall revise its respective harbor safety plan and report its findings and recommendations to the administrator.

(g) The administrator may direct a harbor safety committee to address any issue affecting maritime safety or security, as appropriate, and to report findings and recommendations on those issues. The administrator shall forward those findings and recommendations to the appropriate authority.

(b) Immediately upon receiving notification pursuant to subdivision (a), the Office of Emergency Services shall notify the administrator, the State Lands Commission, the California Coastal Commission, the California regional water quality control board having jurisdiction over the location of the discharged oil, and take the actions required by subdivision (d) of Section 8589.7. If the spill has occurred within the jurisdiction of the San Francisco Bay Conservation and Development Commission, the Office of Emergency Services shall notify that commission. Each public agency specified in this subdivision shall adopt an internal protocol over communications regarding the discharge

of oil and file the internal protocol with the Office of Emergency Services.

(c) The 24-hour emergency telephone number of the Office of Emergency Services shall be posted at every terminal, at the area of control of every marine facility, and on the bridge of every tank ship in marine waters.

(d) This section does not apply to discharges, or potential discharges, of less than one barrel (42 gallons) of oil unless a more restrictive reporting standard is adopted in the California oil spill contingency plan prepared pursuant to Section 8574.1.

(e) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 21.5. Section 8670.25.5 of the Government Code is amended to read:

8670.25.5. (a) Without regard to intent or negligence, any party responsible for the discharge or threatened discharge of oil in marine waters shall report the discharge immediately to the Office of Emergency Services pursuant to Section 25507 of the Health and Safety Code.

(b) If a responsible party or potentially responsible party reasonably, and in good faith, believes that the directions or orders given by the administrator pursuant to subdivision (a) will substantially endanger the public safety or the environment, the party may refuse to act in compliance with the orders or directions of the administrator. The responsible party or potentially responsible party shall state, at the time of the refusal, the reasons why the party refuses to follow the orders or directions of the administrator. The responsible party or potentially responsible party shall give the administrator written notice of the reasons for the refusal within 48 hours of refusing to follow the orders or directions of the administrator. In any civil or criminal proceeding commenced pursuant to this section, the burden of proof shall be on the responsible party or potentially responsible party to demonstrate, by clear and convincing evidence, why the refusal to follow the orders or directions of the administrator was justified under the circumstances.

SEC. 24. Section 8670.28 of the Government Code is amended to read:

8670.28. (a) The administrator, taking into consideration the marine facility or vessel contingency plan requirements of the national and California contingency plans, the State Lands Commission, the State Fire Marshal, and the California Coastal Commission shall adopt and implement regulations governing the adequacy of oil spill

contingency plans to be prepared and implemented under this article. All regulations shall be developed in consultation with the State Interagency Oil Spill Committee, and the Oil Spill Technical Advisory Committee, and shall be consistent with the California oil spill contingency plan and not in conflict with the National Contingency Plan. The regulations shall provide for the best achievable protection of coastal and marine resources. The regulations shall permit the development, application, and use of an oil spill contingency plan for similar vessels, pipelines, terminals, and facilities within a single company or organization, and across companies and organizations. The regulations shall, at a minimum, ensure all of the following:

(1) All areas of the marine waters of the state are at all times protected by prevention, response, containment, and cleanup equipment and operations. For the purposes of this section, ''marine waters'' includes the waterways used for waterborne commercial vessel traffic to the Port of Stockton and the Port of Sacramento.

(2) Standards set for response, containment, and cleanup equipment and operations are maintained and regularly improved to protect the resources of the state.

(3) All appropriate personnel employed by operators required to have a contingency plan receive training in oil spill response and cleanup equipment usage and operations.

(4) Each oil spill contingency plan provides for appropriate financial or contractual arrangements for all necessary equipment and services, for the response, containment, and cleanup of a reasonable worst case oil spill scenario for each part of the coast the plan addresses.

(5) Each oil spill contingency plan demonstrates that all protection measures are being taken to reduce the possibility of an oil spill occurring as a result of the operation of the marine facility or vessel. The protection measures shall include, but not be limited to, response to disabled vessels and an identification of those measures taken to comply with requirements of Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(6) Each oil spill contingency plan identifies the types of equipment that can be used, the location of the equipment, and the time taken to deliver the equipment.

(7) Each marine facility conducts a hazard and operability study to identify the hazards associated with the operation of the facility, including the use of the facility by vessels, due to operating error, equipment failure, and external events. For the hazards identified in the hazard and operability studies, the facility shall conduct an offsite consequence analysis which, for the most likely hazards, assumes pessimistic water and air dispersion and other adverse environmental conditions.

(8) Each oil spill contingency plan contains a list of contacts to call in the event of a drill, threatened discharge of oil, or discharge of oil.

(9) Each oil spill contingency plan identifies the measures to be taken to protect the recreational and environmentally sensitive areas that would be threatened by a reasonable worst case oil spill scenario.

(10) Standards for determining a reasonable worst case oil spill.

(11) Each oil spill contingency plan includes a timetable for implementing the plan.

(12) Each oil spill contingency plan specifies an agent for service of process. The agent shall be located in this state.

(b) The regulations and guidelines adopted pursuant to this section shall also include provisions to provide public review and comment on submitted oil spill contingency plans prior to approval.

(c) The regulations adopted pursuant to this section shall specifically address the types of equipment that will be necessary, the maximum time that will be allowed for deployment, the maximum distance to cooperating response entities, the amounts of dispersant, and the maximum time required for application, should the use of dispersants be approved. Upon a determination by the administrator that booming is appropriate at the site and necessary to provide best achievable protection, the regulations shall require that vessels engaged in lightering operations be boomed prior to the commencement of operations.

(d) The administrator shall adopt regulations and guidelines for oil spill contingency plans with regard to mobile transfer units, small marine fueling facilities, and vessels carrying oil as secondary cargo that acknowledge the reduced risk of damage from oil spills from those units, facilities, and vessels while maintaining the best achievable protection for the public health and safety and the environment.

(e) The regulations adopted pursuant to subdivision (d) shall be exempt from review by the Office of Administrative Law. Subsequent amendments and changes to the regulations shall not be exempt from Office of Administrative Law review.

SEC. 25. Section 8670.29 of the Government Code is amended to read:

8670.29. (a) In accordance with the rules, regulations, and policies established by the administrator pursuant to Section 8670.28, every owner or operator of a marine facility, small marine fueling facility or mobile transfer unit, prior to operating in the marine waters of the state or where an oil spill could impact marine waters; and every owner or operator of a tank vessel, nontank vessel or vessel carrying oil as secondary cargo before operating in the marine waters of the state, shall prepare and implement an oil spill contingency plan that has been submitted to, and approved by, the administrator pursuant to Section

8670.31. Each oil spill contingency plan shall ensure the undertaking of prompt and adequate response and removal action in case of an oil spill, shall be consistent with the California oil spill contingency plan, and shall not conflict with the National Contingency Plan.

(b) Each oil spill contingency plan shall, at a minimum, meet all of the following requirements:

(1) Be a written document, reviewed for feasibility and executability, and signed by the owner or operator, or their designee.

(4) Describe the communication plans to be used during a spill.

(5) Describe the strategies for the protection of environmentally sensitive areas.

(6) Identify at least one rated OSRO for each rating level established pursuant to Section 8670.30. Each identified rated OSRO shall be directly responsible by contract, agreement, or other approved means to provide oil spill response activities pursuant to the oil spill contingency plan. A rated OSRO may provide oil spill response activities individually, or in combination with another rated OSRO, for a particular owner or operator.

(7) Identify a qualified individual.

(8) Provide the name, address, telephone, and facsimile numbers for an agent for service of process, located within the state and designated to receive legal documents on behalf of the owner or operator.

(c) An oil spill contingency plan for a vessel shall also include, but is not limited to, all of the following requirements:

(1) Each plan shall be submitted to the administrator at least seven days prior to the vessel entering waters of the state.

(2) Each plan shall provide evidence of compliance with the International Safety Management Code, established by the International Maritime Organization, as applicable.

(3) If the oil spill contingency plan is for a tank vessel, the plan shall include both of the following:

(A) The plan shall specify oil and petroleum cargo capacity.

(B) The plan shall specify the types of oil and petroleum cargo carried.

(4) If the oil spill contingency plan is for a nontank vessel, the plan shall include both of the following:

(A) The plan shall specify the type and total amount of fuel carried.

(B) The plan shall specify the capacity of the largest fuel tank.

(d) An oil spill contingency plan for a marine facility shall also include, but is not limited to, all of the following provisions:

(5) Provisions for vessels that are in the operational control of the facility for loading and unloading.

(6) Provide training and drills at least annually on all of the elements of the plan.

(e) The oil spill contingency plan shall be available to response personnel and to relevant state and federal agencies for inspection and review.

(f) The oil spill contingency plan shall be reviewed periodically and updated as necessary. All updates shall be submitted to the administrator pursuant to this article.

(g) In addition to the regulations adopted pursuant to Section 8670.28, the administrator shall adopt regulations and guidelines to implement this section. The regulations and guidelines shall provide for the best achievable protection of coastal and marine resources. The administrator may establish additional oil spill contingency plan requirements, including, but not limited to, requirements based on the different geographic regions of the state. All regulations and guidelines shall be developed in consultation with the State Interagency Oil Spill Committee and the Oil Spill Technical Advisory Committee.

SEC. 26. Section 8670.31 of the Government Code is amended to read:

8670.31. (a) Each oil spill contingency plan required under this article shall be submitted to the administrator before a tank vessel, nontank vessel, or vessel carrying oil as secondary cargo operates in the marine waters of the state, or before a marine facility, small marine fueling facility, or mobile transfer unit, operates in the marine waters of the state or where an oil spill therefrom could impact marine waters.

(b) The administrator shall review each submitted contingency plan to determine whether it complies with the administrator's rules, policies, and regulations adopted pursuant to Section 8670.28 and 8670.29.

(c) Each contingency plan submitted shall be approved or disapproved within 180 days after receipt by the administrator. The administrator may approve or disapprove portions of a plan. A plan is not deemed approved until all portions are approved pursuant to this section. The disapproved portion shall be subject to the procedures contained in subdivision (d).

(d) If the administrator finds the submitted contingency plan is inadequate under the rules, policies, and regulations of the administrator, the plan shall be returned to the submitter with written reasons why the plan was found inadequate and, if practicable, suggested modifications or alternatives, if appropriate. The submitter shall submit a new or modified plan within 90 days after the earlier plan was returned, responding to the findings and incorporating any suggested modifications. The resubmittal shall be treated as a new submittal and processed according to the provisions of this section, except that the resubmitted plan shall be deemed approved unless the administrator acts pursuant to subdivision (c). Failure to gain approval after the second submission may be determined by the administrator to be a violation of this chapter.

(e) The administrator may make inspections and require drills of any oil spill contingency plan that is submitted.

(f) After the plan has been approved, it shall be resubmitted every five years thereafter. The administrator may require earlier or more frequent resubmission, if warranted. Circumstances that would require an earlier resubmission include, but are not limited to, changes in regulations, new oil spill response technologies, deficiencies identified in the evaluation conducted pursuant to Section 8670.19, or a need for a different oil spill response because of increased need to protect endangered species habitat. The administrator may deny approval of the resubmitted plan if it is no longer considered adequate according to the adopted rules, regulations, and policies of the administrator at the time of resubmission.

(g) (1) Each operator of a tank vessel, vessel carrying oil as a secondary cargo, or marine facility who is required to file an oil spill response plan or update pursuant to provisions of federal law regulating marine oil spill response plans shall, for informational purposes only, submit a copy of that plan or update to the administrator at the time that it is approved by the relevant federal agency.

(2) A tank vessel, vessel carrying oil as a secondary cargo, or marine facility operator is not required to submit a copy of the response plan or update specified in paragraph (1) to the administrator if either the vessel or facility is exempt from having to file a response plan with the state, or if the content of the plan submitted by the operator pursuant to Section 8670.29 is substantially the same as the federal response plan or update.

SEC. 27. Section 8670.35 of the Government Code is amended to read:

8670.35. (a) The administrator, taking into consideration the California oil spill contingency plan, shall promulgate regulations regarding the adequacy of oil spill contingency plan elements of business and hazardous materials area plans required pursuant to Section

25503 of the Health and Safety Code. In developing the guidelines, the administrator shall consult with the State Interagency Oil Spill Committee and the Oil Spill Technical Advisory Committee.

(b) Any local government with jurisdiction over or directly adjacent to marine waters may apply for a grant to complete, update, or revise an oil spill contingency plan element.

(c) Each contingency plan element established under this section shall include provisions for training fire and police personnel in oil spill response and cleanup equipment use and operations.

(d) Each contingency plan element prepared under this section shall be consistent with the local government's local coastal program as certified under Section 30500 of the Public Resources Code, the California oil spill contingency plan, and the National Contingency Plan.

(e) The administrator shall review and approve each contingency plan element established pursuant to this section. If, upon review, the administrator determines that the contingency plan element is inadequate, the administrator shall return it to the agency that prepared it, specifying the nature and extent of the inadequacies, and, if practicable, suggesting modifications. The local government agency shall submit a new or modified plan within 90 days after the plan was returned, responding to the findings and incorporating any suggested modifications.

(f) The administrator shall review the preparedness of local governments to determine whether a program of grants for completing oil spill contingency plan elements is desirable and should be continued. If the administrator determines that local government preparedness should be improved, the administrator shall request the Legislature to appropriate funds from the Oil Spill Prevention and Administration Fund for the purposes of this section.

SEC. 28. Section 8670.36.1 of the Government Code is amended to read:

8670.36.1. (a) To reduce the damages and costs from spills, the administrator shall develop an outreach program to provide assistance to the operators of small craft refueling docks.

(b) The program shall include both of the following:

(1) Voluntary inspections by the administrator. The administrator shall prepare, and maintain on file, a written report recommending how any risk of a spill identified in those inspections may be reduced and how those recommendations could be implemented.

(2) An education and outreach program to inform small craft refueling dock operators and the operators of the vessels they serve of the obligations and potential liabilities from a spill. For the purpose of

this section, ''vessel'' has the same meaning as in Section 21 of the Harbors and Navigation Code.

(c) To ensure effective implementation of the program, each small craft refueling dock shall register with the administrator prior to operating.

(d) The administrator may require information needed to evaluate whether a facility is a small craft refueling dock as defined in Section 8670.3. The administrator may also require any pertinent information regarding the oil spill risk of a small craft refueling dock. This information may include, but shall not be limited to, the following:

(1) The type of oil handled.

(2) The size of storage tanks.

(3) The name and telephone number of the small craft refueling dock operator.

(4) The location and size of the small craft refueling dock.

(e) The administrator may develop regulations to implement this section.

SEC. 29. Section 8670.36.5 of the Government Code is repealed.

SEC. 30. Section 8670.37.5 of the Government Code is amended to read:

8670.37.5. (a) The administrator shall establish a network of rescue and rehabilitation stations for sea birds, sea otters, and other marine mammals. These facilities shall be established and maintained in a state of preparedness to provide the best achievable treatment for marine mammals and birds affected by an oil spill in marine waters. The administrator shall consider all feasible management alternatives for operation of the network.

(b) The first rescue and rehabilitation station established pursuant to this section shall be located within the sea otter range on the central coast. The administrator shall establish regional oiled wildlife rescue and rehabilitation facilities in the Los Angeles Harbor area, the San Francisco Bay area, the San Diego area, the Monterey Bay area, the Humboldt County area, and the Santa Barbara area, and may establish those facilities in other coastal areas of the state as the administrator determines to be necessary. One or more of the oiled wildlife rescue and rehabilitation stations shall be open to the public for educational purposes and shall be available for marine wildlife health research. Wherever possible in the establishment of these facilities, the administrator shall improve existing authorized marine mammal rehabilitation facilities and may expand or take advantage of existing educational or scientific programs and institutions for oiled wildlife rehabilitation purposes. Expenditures shall be reviewed by the agencies and organizations specified in subdivision (c).

(c) The administrator shall consult with the United States Fish and Wildlife Service, the National Marine Fisheries Service, the California Coastal Commission, the Executive Director of the San Francisco Bay Conservation and Development Commission, the Marine Mammal Center, and the International Bird Rescue Center in the design, planning, construction, and operation of the rescue and rehabilitation stations. All proposals for the rescue and rehabilitation stations shall be presented before a public hearing prior to the construction and operation of any rehabilitation station, and, upon completion of the coastal protection element of the California oil spill contingency plan, shall be consistent with the coastal protection element.

(d) The administrator may enter into agreements with nonprofit organizations to establish and equip wildlife rescue and rehabilitation stations and to ensure that they are operated in a professional manner in keeping with the pertinent guidance documents issued by the Office of Oil Spill Prevention and Response in the Department of Fish and Game. The implementation of the agreement shall not constitute a California public works project. The agreement shall be deemed a contract for wildlife rehabilitation as authorized by Section 8670.61.5.

(e) In the event of a spill, the responsible party may request that the administrator perform the rescue and rehabilitation of oiled wildlife required of the responsible party pursuant to this chapter if the responsible party and the administrator enter into an agreement for the reimbursement of the administrator's costs incurred in taking the requested action. If the administrator performs the rescue and rehabilitation of oiled wildlife, the administrator shall primarily utilize the network of rescue and rehabilitation stations established pursuant to subdivision (a), unless more immediate care is required. Any of those activities conducted pursuant to this section or Section 8670.56.5 or 8670.61.5 shall be performed under the direction of the administrator. Nothing in this subdivision shall be construed as removing the responsible party from liability for the costs of, nor the responsibility for, the rescue and rehabilitation of oiled wildlife, as established by this chapter. Nothing in this subdivision shall be construed as prohibiting an owner or operator from retaining, in a contingency plan prepared pursuant to this article, wildlife rescue and rehabilitation services different from the rescue and rehabilitation stations established pursuant to this section.

(f) (1) The administrator shall appoint a rescue and rehabilitation advisory board to advise the administrator regarding operation of the network of rescue and rehabilitation stations established pursuant to subdivision (a), including the economic operation and maintenance of the network. For the purpose of assisting the administrator in determining what constitutes the best achievable treatment for oiled

wildlife, the advisory board shall provide recommendations to the administrator on the care achieved by current standard treatment methods, new or alternative treatment methods, the costs of treatment methods, and any other information which the advisory board believes that the administrator might find useful in making that determination. The administrator shall consult the advisory board in preparing the administrator's submission to the Legislature pursuant to subparagraph (A) of paragraph (2) of subdivision (*l*) of Section 8670.48. The administrator shall present the recommendations of the advisory board to the Oil Spill Technical Advisory Committee created pursuant to Article 8 (commencing with Section 8670.54), upon the request of the committee.

(2) The advisory board shall consist of a balance between representatives of the oil industry, wildlife rehabilitation organizations, and academia. One academic representative shall be from a veterinary school within this state. The United States Fish and Wildlife Service and the National Marine Fisheries Service shall be requested to participate as ex-officio members.

(3) (A) The Legislature hereby finds and declares that since the administrator may rely on the expertise provided by the volunteer members of the advisory board and may be guided by their recommendations in making decisions that relate to operation of the network of rescue and rehabilitation stations, those members should be entitled to the same immunity from liability that is provided other public employees.

(B) Members of the advisory board, while performing functions within the scope of advisory board duties, shall be entitled to the same rights and immunities granted public employees by Article 3 (commencing with Section 820) of Chapter 1 of Part 2 of Division 3.6 of Title 1. Those rights and immunities are deemed to have attached, and shall attach, as of the date of appointment of the member to the advisory board.

SEC. 31. Section 8670.41 of the Government Code is amended to read:

8670.41. (a) The administrator shall charge a nontank vessel owner or operator a reasonable fee, to be collected with each application to obtain a certificate of financial responsibility, in an amount that is based upon the administrator's costs in implementing this chapter relating to nontank vessels. Before January 1, 2005, the fee shall be two thousand five hundred dollars ($2,500), or less per vessel.

(b) The administrator may charge a reduced fee under this section for nontank vessels determined by the administrator to pose a reduced risk of pollution, including, but not limited to, vessels used for research or training and vessels that are moored permanently or rarely move.

(c) The administrator shall deposit all revenue derived from the fees imposed under this section in the Oil Spill Prevention and Administration Fund established in the State Treasury under Section 8670.38.

(d) Revenue derived from the fees imposed under this section may be spent for the purposes listed in subdivision (e) of Section 8670.40, and may not be used for responding to an oil spill.

SEC. 32. Section 8670.48 of the Government Code is amended to read:

8670.48. (a) (1) A uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), shall be imposed upon every person owning petroleum products at the time the petroleum products are received at a marine terminal within this state by means of a vessel from a point of origin outside this state. The fee shall be remitted to the State Board of Equalization by the terminal operator on the 25th day of each month based upon the number of barrels of petroleum products received during the preceding month.

(2) Every owner of petroleum products is liable for the fee until it has been paid to the state, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(b) Every operator of a pipeline shall also pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), transported into the state by means of a pipeline operating across, under, or through the marine waters of the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of petroleum products so transported into the state during the preceding month.

(c) (1) Every operator of a refinery shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), received at a refinery within the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of crude oil so received during the preceding month.

(2) The fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer as defined in paragraph (3). The board shall not identify a company as exempt from the fee requirements of this section if that company was reorganized, sold, or otherwise modified with the intent of circumventing the requirements of this section.

(3) For purposes of this chapter, ‘‘independent crude oil producer’’ means any person or entity producing crude oil within this state who

performs no refining of crude oil into product, and who possesses or owns no retail gasoline marketing facilities.

(d) Every marine terminal operator shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), that is transported from within this state by means of marine vessel to a destination outside this state.

(e) Every operator of a pipeline shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), transported out of the state by pipeline.

(f) (1) The fees required pursuant to this section shall be collected during any period that the administrator determines that either the amount in the fund is less than or equal to 95 percent of the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, or that additional money is required to pay for the purposes specified in subdivision (k).

(2) Whenever the administrator, in consultation with the State Board of Equalization, estimates that the amount in the fund will reach the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, and the money in the fund is not required for the purposes specified in subdivision (k), the administrator shall direct the State Board of Equalization to cease collecting the fee. In no event shall the fee cease to be imposed if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid, unless the Treasurer has certified to the administrator that the continued imposition of the fee is not required for the purposes specified in paragraph (7) of subdivision (k).

(3) The administrator, in consultation with the State Board of Equalization, shall set the amount of the oil spill response fees. The oil spill response fees shall be imposed on all feepayers in the same amount. The administrator shall not set the amount of the fee at less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil, unless the administrator finds that the assessment of a lesser fee will cause the fund to reach the designated amount within four months. The fee shall not be less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid,

unless the Treasurer has certified to the administrator that the money in the fund is not required for the purposes specified in paragraph (7) of subdivision (k).

(g) The fees imposed by subdivisions (d) and (e) shall be imposed in any calendar year beginning the month following the month when the total cumulative year-to-date barrels of crude oil transported outside the state by all feepayers by means of vessel or pipeline exceeds 6 percent by volume of the total barrels of crude oil and petroleum products subject to oil spill response fees under subdivisions (a), (b), and (c) for the prior calendar year.

(h) For purposes of this chapter, ''designated amount'' means the amounts specified in Section 46012 of the Revenue and Taxation Code.

(i) The administrator shall authorize refunds of any money collected in excess of the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, any amounts determined by the administrator to be necessary to provide for any of the purposes specified in paragraphs (1) to (6), inclusive, of subdivision (k), and, if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid, any amounts that the Treasurer has certified to the administrator as being required for the purposes specified in paragraph (7) of subdivision (k). The State Board of Equalization, as directed by the administrator, and in accordance with Section 46653 of the Revenue and Taxation Code, shall refund the excess amount of fees collected to each feepayer who paid the fee to the state, in proportion to the amount that each feepayer paid into the fund during the preceding 12 monthly reporting periods in which there was a fee due, including the month in which the fund exceeded the specified amount. If the total amount of money in the fund exceeds the amount specified in this subdivision by 10 percent or less, refunds need not be ordered by the administrator. Nothing in this section shall require the refund of excess fees as provided in this subdivision more frequently than once each year.

(j) The State Board of Equalization shall collect the fee and adopt regulations implementing the fee collection program. All fees collected pursuant to this section shall be deposited in the Oil Spill Response Trust Fund.

(k) The fee described in this section shall be collected solely for any of the following purposes:

(1) To provide funds to cover promptly the costs of response, containment, and cleanup of oil spills into marine waters, including damage assessment costs, and wildlife rehabilitation as provided in Section 8670.61.5.

(2) To cover response and cleanup costs and other damages suffered by the state or other persons or entities from oil spills into marine waters, which cannot otherwise be compensated by responsible parties or the federal government.

(3) To pay claims for damages pursuant to Section 8670.51.

(4) To pay claims for damages, except for damages described in paragraph (7) of subdivision (h) of Section 8670.56.5, pursuant to Section 8670.51.1.

(5) To pay for the arrangement of financial security in the amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, as authorized by subdivision (p).

(6) To pay indemnity and related costs and expenses as authorized by Section 8670.56.6.

(7) To pay principal, interest, premium, if any, and fees, charges, and costs of any kind imposed in connection with funds borrowed pursuant to Article 7.5 (commencing with Section 8670.53.1).

(8) To pay for the costs of rescue, medical treatment, rehabilitation, and disposition of oiled wildlife, as incurred by the network of oiled wildlife rescue and rehabilitation stations created pursuant to Section 8670.37.5.

(*l*) (1) The interest that the state earns on the funds deposited into the Oil Spill Response Trust Fund shall be deposited in the fund and shall be used to maintain the fund at the designated amount. Interest earned until July 1, 1998, on funds deposited pursuant to subdivision (a) of Section 46012 of the Revenue and Taxation Code, as determined jointly by the Controller and the Director of Finance, shall be available upon appropriation by the Legislature in the Budget Act to establish, equip, operate, and maintain the network of rescue and rehabilitation stations for oiled wildlife as described in Section 8670.37.5 and to support technology development and research related to oiled wildlife care. Interest earned on the financial security portion of the fund, required to be accessible pursuant to subdivision (b) of Section 46012 of the Revenue and Taxation Code shall not be available for that purpose. If the fund exceeds that designated amount, the interest not needed to equip, operate, and maintain the network of rescue and rehabilitation stations, or for appropriate technology development and research regarding oiled wildlife care, shall be deposited into the Oil Spill Prevention and Administration Fund, and shall be available for the purposes authorized by Article 6 (commencing with Section 8670.38).

(2) (A) For each fiscal year, consistent with this article, the administrator shall submit for appropriation through the Governor's Budget, an amount up to one million three hundred thousand dollars ($1,300,000), of the interest earned on the funds deposited into the Oil Spill Response Trust Fund, for the purpose of equipping, operating, and

maintaining the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section 8670.37.5 and for support of technology development and research related to oiled wildlife care. Through the budget process, the Legislature shall review and approve the appropriation. The remaining interest shall be deposited into the Oil Spill Prevention and Administration Fund pursuant to paragraph (1).

(B) The administrator shall report to the Legislature not later than June 30, 2002, on the progress and effectiveness of the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section 8670.37.5, and the adequacy of the Oil Spill Response Trust Fund to meet the purposes for which it was established.

(C) At the administrator's request, the funds made available pursuant to this paragraph may be directly appropriated to a suitable program for wildlife health and rehabilitation within a school of veterinary medicine within this state, provided that an agreement exists, consistent with this chapter, between the administrator and an appropriate representative of the program for carrying out that purpose. The administrator shall attempt to have an agreement in place at all times. The agreement shall ensure that the training of, and the care provided by, the program staff are at levels that are consistent with those standards generally accepted within the veterinary profession.

(D) The funds made available pursuant to this paragraph shall not be considered an offset to any other state funds appropriated to the program, the program's associated school of veterinary medicine, or the program's associated college or university, and the funds shall not be used for any other purpose. If an offset does occur or the funds are used for an unintended purpose, expenditure of any appropriation of funds pursuant to this paragraph may be terminated by the administrator and the administrator may request a reappropriation to accomplish the intended purpose. The administrator shall annually review and approve the proposed uses of any funds made available pursuant to this paragraph.

(m) The Legislature finds and declares that effective response to oil spills requires that the state have available sufficient funds in a response fund. The Legislature further finds and declares that maintenance of that fund is of utmost importance to the state and that the money in the fund shall be used solely for the purposes specified in subdivision (k).

(n) It is the intent of the Legislature, in enacting this section, that the fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer.

(o) The Treasurer shall purchase financial security, in the designated amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, which may be drawn upon immediately by the administrator upon making the determinations required by Section

8670.49. The financial security shall be in the form described in subdivision (a) of Section 8670.53.3.

(p) Nothing in this section limits the authority of the administrator to raise oil spill response fees pursuant to Section 8670.48.5.

SEC. 33. Section 8670.50 of the Government Code is amended to read:

8670.50. (a) Money from the fund may only be expended to cover the costs incurred by the state and local governments and agencies for all of the following:

(1) Respond promptly to, contain, and clean up the discharge, provided those efforts are pursuant to the state and local oil spill contingency plans established under this chapter, the marine response element of the California oil spill contingency plan established under Article 3.5 (commencing with Section 8574.1) of Chapter 7, or those efforts are undertaken at the direction of the administrator.

(2) Meet the requirements of Section 8670.61.5, relating to wildlife rehabilitation.

(3) Make the payments contemplated by subdivision (k) of Section 8670.48.

(b) In the event of an oil spill, the administrator shall make whatever expenditures are necessary and appropriate from the fund to cover the costs described in subdivision (a).

SEC. 34. Section 8670.52 of the Government Code is repealed.

SEC. 35. Section 8670.56.5 of the Government Code is amended to read:

8670.56.5. (a) Any responsible party, as defined in Section 8670.3, shall be absolutely liable without regard to fault for any damages incurred by any injured party which arise out of, or are caused by, the discharge or leaking of oil into or onto marine waters.

(b) A responsible person is not liable to an injured party under this section for any of the following:

(1) Damages, other than costs of removal incurred by the state or a local government, caused solely by any act of war, hostilities, civil war, or insurrection or by an unanticipated grave natural disaster or other act of God of an exceptional, inevitable, and irresistible character, which could not have been prevented or avoided by the exercise of due care or foresight.

(2) Damages caused solely by the negligence or intentional malfeasance of that injured party.

(3) Damages caused solely by the criminal act of a third party other than the defendant or an agent or employee of the defendant.

(4) Natural seepage not caused by a responsible party.

(5) Discharge or leaking of oil or natural gas from a private pleasure boat or vessel.

(6) Damages that arise out of, or are caused by, a discharge that is authorized by a state or federal permit.

(c) The defenses provided in subdivision (b) shall not be available to a responsible person who fails to comply with Sections 8670.25, 8670.25.5, 8670.27, and 8670.62.

(d) Upon motion and sufficient showing by a party deemed to be responsible under this section, the court shall join to the action any other party who may be responsible under this section.

(e) In determining whether a party is a responsible party under this section, the court shall consider the results of any chemical or other scientific tests conducted to determine whether oil or other substances produced, discharged, or controlled by the defendant matches the oil or other substance which caused the damage to the injured party. The defendant shall have the burden of producing the results of tests of samples of the substance which caused the injury and of substances for which the defendant is responsible, unless it is not possible to conduct the tests because of unavailability of samples to test or because the substance is not one for which reliable tests have been developed. At the request of any party, any other party shall provide samples of oil or other substances within its possession or control for testing.

(f) The court may award reasonable costs of the suit, attorneys' fees, and the costs of any necessary expert witnesses to any prevailing plaintiff. The court may award reasonable costs of the suit and attorneys' fees to any prevailing defendant if the court finds that the plaintiff commenced or prosecuted the suit under this section in bad faith or solely for purposes of harassing the defendant.

(g) This section does not prohibit any person from bringing an action for damages caused by oil or by exploration, under any other provision or principle of law, including, but not limited to, common law. However, damages shall not be awarded pursuant to this section to an injured party for any loss or injury for which the party is or has been awarded damages under any other provision or principle of law. Subdivision (b) does not create any defense not otherwise available regarding any action brought under any other provision or principle of law, including, but not limited to, common law.

(h) Damages for which responsible parties are liable under this section include the following:

(1) All costs of response, containment, cleanup, removal, and treatment, including, but not limited to, monitoring and administration costs incurred pursuant to the California oil spill contingency plan or actions taken pursuant to directions by the administrator.

(2) Injury to, or economic losses resulting from destruction of or injury to, real or personal property, which shall be recoverable by any claimant who has an ownership or leasehold interest in property.

(3) Injury to, destruction of or loss of, natural resources, including, but not limited to, the reasonable costs of rehabilitating wildlife, habitat, and other resources and the reasonable costs of assessing that injury, destruction, or loss, in any action brought by the state, a county, city, or district. Damages for the loss of natural resources may be determined by any reasonable method, including, but not limited to, determination according to the costs of restoring the lost resource.

(4) Loss of subsistence use of natural resources, which shall be recoverable by any claimant who so uses natural resources that have been injured, destroyed, or lost.

(5) Loss of taxes, royalties, rents, or net profit shares caused by the injury, destruction, loss, or impairment of use of real property, personal property, or natural resources.

(6) Loss of profits or impairment of earning capacity due to the injury, destruction, or loss of real property, personal property, or natural resources, which shall be recoverable by any claimant who derives at least 25 percent of his or her earnings from the activities which utilize the property or natural resources, or, if those activities are seasonal in nature, 25 percent of his or her earnings during the applicable season.

(7) Loss of use and enjoyment of natural resources, public beaches, and other public resources or facilities, in any action brought by the state, a county, city, or district.

(i) Except as provided in Section 1431.2 of the Civil Code, liability under this section shall be joint and several. However, this section does not bar a cause of action that a responsible party has or would have, by reason of subrogation or otherwise, against any person.

(j) This section does not apply to claims for damages for personal injury or wrongful death, and does not limit the right of any person to bring an action for personal injury or wrongful death under any provision or principle of law.

(k) Any payments made by a responsible party to cover liabilities arising from a discharge of oil, whether under this division or any other provision of federal, state, or local law, shall not be charged against any royalties, rents, or net profits owed to the United States, the state, or any other public entity.

(*l*) Any action which a private or public individual or entity may have against a responsible party under this section may be brought directly by the individual or entity or by the state on behalf of the individual or entity. However, the state shall not pursue any action on behalf of a private individual or entity which requests the state not to pursue that action.

(m) For the purposes of this section, ''vessels'' means vessels as defined in Section 21 of the Harbors and Navigation Code.

SEC. 36. Section 8670.56.6 of the Government Code is amended to read:

8670.56.6. (a) (1) Except as provided in subdivisions (b) and (d), and subject to subdivision (c), no person, including, but not limited to, an oil spill cooperative, its agents, subcontractors, or employees, shall be liable under this chapter or the laws of the state to any person for costs, damages, or other claims or expenses as a result of actions taken or omitted in good faith in the course of rendering care, assistance, or advice in accordance with the National Contingency Plan, the California oil spill contingency plan, or at the direction of the administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill of oil.

(2) The qualified immunity under this section shall not apply to any oil spill response action that is inconsistent with the following:

(A) The directions of the unified command, consisting of at least the Coast Guard and the administrator.

(B) In the absence of a unified command, the directions of the administrator pursuant to Section 8670.27.

(C) In the absence of directions pursuant to subparagraph (A) or (B), applicable oil spill contingency plans implemented under this division.

(3) Nothing in this section shall, in any manner or respect, affect or impair any cause of action against or any liability of any person or persons responsible for the spill, for the discharged oil, or for the vessel, terminal, pipeline, or facility from which the oil was discharged. The responsible person or persons shall remain liable for any and all damages arising from the discharge, including damages arising from improperly carried out response efforts, as otherwise provided by law.

(b) Nothing in this section shall, in any manner or respect, affect or impair any cause of action against or any liability of any party or parties responsible for the spill, or the responsible party's agents, employees, or subcontractors, except persons immunized under subdivision (a) for response efforts, for the discharged oil, or for the vessel, terminal, pipeline, or marine facility from which the oil was discharged.

(c) The responsible party or parties shall be subject to both of the following:

(1) Notwithstanding subdivision (b) or (i) of Section 8670.56.5, or any other provision of law, be strictly and jointly and severally liable for all damages arising pursuant to subdivision (h) of Section 8670.56.5 from the response efforts of its agents, employees, subcontractors, or an oil spill cooperative of which it is a member or with which it has a contract or other arrangement for cleanup of its oil spills, unless it would have a defense to the original spill.

(2) Remain strictly liable for any and all damages arising from the response efforts of a person other than a person specified in paragraph (1).

(d) Nothing in this section shall immunize a cooperative or any other person from liability for acts of gross negligence or willful misconduct in connection with the cleanup of a spill.

(e) This section does not apply to any action for personal injury or wrongful death.

(f) As used in this section, a ''cooperative'' means an organization of private persons which is established for the primary purpose and activity of preventing or rendering care, assistance, or advice in response to a spill or threatened spill.

(g) Except for the responsible party, membership in a cooperative shall not, in and of itself, be grounds for liability resulting from cleanup activities of the cooperative.

(h) For purposes of this section, there shall be a rebuttable presumption that an act or omission described in subdivision (a) was taken in good faith.

(i) In any situation in which immunity is granted pursuant to subdivision (a) and a responsible party is not liable, is not liable for noneconomic damages caused by another, or is partially or totally insolvent, the fund provided for in Article 7 (commencing with Section 8670.46) shall, in accordance with its terms, reimburse claims of any injured party for which a person who is granted immunity pursuant to this section would otherwise be liable.

(j) (1) The immunity granted by this section shall only apply to response efforts that are undertaken after the administrator certifies that contracts with qualified and responsible persons are in place to ensure an adequate and expeditious response to any foreseeable oil spill that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and clean up the oil spill in an adequate and timely manner. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or lesser, immunity than that conferred by this section, but, in no event, a greater immunity. The administrator shall make the certification required by this subdivision on an annual basis. Upon certification, the immunity conferred by this section shall apply to all response efforts undertaken during the calendar year to which the certification applies. In the absence of the certification required by this subdivision, the immunity conferred by this section shall not attach to any response efforts undertaken by any person in marine waters.

(2) In addition to the authority to negotiate contracts described in paragraph (1), the administrator may also negotiate and enter into

indemnification agreements with qualified and financially responsible persons to respond to oil spills that may occur in marine waters for which the responsible party (A) cannot be identified or (B) is unable or unwilling to respond, contain, and clean up the oil spill in an adequate and timely manner.

(3) The administrator may indemnify response contractors for (A) all damages payable by means of settlement or judgment that arise from response efforts to which the immunity conferred by this section would otherwise apply, and (B) reasonably related legal costs and expenses incurred by the responder, provided that indemnification shall only apply to response efforts undertaken after the expiration of any immunity that may exist as the result of the contract negotiations authorized in this subdivision. In negotiating these contracts, the administrator shall, to the maximum extent practicable, procure the services of persons who are willing to respond to oil spills with no, or as little, right to indemnification as possible. All indemnification shall be paid by the administrator from the Oil Spill Response Trust Fund.

(4) (A) The contracts required by this section, and any other contracts entered into by the administrator for response, containment, or cleanup of an existing spill, the payment of which is to be made from the Oil Spill Response Trust Fund created pursuant to Section 8670.46, or for response to an imminent threat of a spill, the payment of which is to be made out of the Oil Spill Prevention and Administration Fund created pursuant to Section 8670.38, shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(B) The exemption specified in subparagraph (A) applies only to contracts for which the services are used for a period of less than 90 days, cumulatively, per year.

(C) This paragraph shall not be construed as limiting the administrator's authority to exercise the emergency powers granted pursuant to subdivision (c) of Section 8670.62, including the authority to enter into emergency contracts that are exempt from approval by the Department of General Services.

(k) (1) With regard to a person who is regularly engaged in the business of responding to oil spills, the immunity conferred by this section shall not apply to any response efforts by that person that occur later than 60 days after the first day the person's response efforts commence.

(2) Notwithstanding the limitation contained in paragraph (1), the administrator may, upon making all the following findings, extend the period of time, not to exceed 30 days, during which the immunity conferred by this section applies to response efforts:

(A) Due to inadequate or incomplete containment and stabilization, there exists a substantial probability that the size of the spill will significantly expand and (i) threaten previously uncontaminated marine or land resources, (ii) threaten already contaminated marine or land resources with substantial additional contamination, or (iii) otherwise endanger the public health and safety or harm the environment.

(B) The remaining work is of a difficult or perilous nature that extension of the immunity is clearly in the public interest.

(C) No other qualified and financially responsible contractor is prepared and willing to complete the response effort in the absence of the immunity, or a lesser immunity, as negotiated by contract.

(3) The administrator shall provide five days' notice of his or her proposed decision to either extend, or not extend, the immunity conferred by this section. Interested parties shall be given an opportunity to present oral and written evidence at an informal hearing. In making his or her proposed decision, the administrator shall specifically seek and consider the advice of the relevant Coast Guard representative. The administrator's decision to not extend the immunity shall be announced at least 10 working days before the expiration of the immunity to provide persons an opportunity to terminate their response efforts as contemplated by paragraph (4).

(4) No person or their agents, subcontractors, or employees shall incur any liability under this chapter or any other provision of law solely as a result of that person's decision to terminate their response efforts because of the expiration of the immunity conferred by this section. A person's decision to terminate response efforts because of the expiration of the immunity conferred by this section shall not in any manner impair, curtail, limit, or otherwise affect the immunity conferred on the person with regard to the person's response efforts undertaken during the period of time the immunity applied to those response efforts.

(5) The immunity granted under this section shall attach, without the limitation contained in this subdivision, to the response efforts of any person who is not regularly engaged in the business of responding to oil spills. A person who is not regularly engaged in the business of responding to oil spills includes, but is not limited to, (A) a person who is primarily dedicated to the preservation and rehabilitation of wildlife and (B) a person who derives his or her livelihood primarily from fishing.

(*l*) As used in this section, ''response efforts'' means rendering care, assistance, or advice in accordance with the National Contingency Plan, the California oil spill contingency plan, or at the direction of the administrator, onsite coordinator, or the Coast Guard in response to a spill or threatened spill into marine waters.

SEC. 37. Section 8670.61.5 of the Government Code is amended to read:

8670.61.5. (a) For purposes of this chapter, ''wildlife rehabilitation'' means those actions that are necessary to fully mitigate for the damage caused to wildlife, fisheries, wildlife habitat, and fisheries habitat, including beaches, from the spill of oil into marine waters.

(b) Responsible parties shall fully mitigate adverse impacts to wildlife, fisheries, wildlife habitat, and fisheries habitat. Full mitigation shall be provided by successfully carrying out environmental projects or funding restoration activities required by the administrator in carrying out projects complying with the requirements of this section. Responsible parties are also liable for the costs incurred by the administrator or other government agencies in carrying out this section.

(c) If any significant wildlife rehabilitation is necessary, the administrator may require the responsible party to prepare and submit a wildlife rehabilitation plan to the administrator. The plan shall describe the actions that will be implemented to fully meet the requirements of subdivision (b), describe contingency measures which will be carried out in the event that any of the plan actions are not fully successful, provide a reasonable implementation schedule, describe the monitoring and compliance program, and provide a financing plan. The administrator shall review and determine whether to approve the plan within 60 days of submittal. Before approving a plan, the administrator shall first find that the implementation of the plan will fully mitigate the adverse impacts to wildlife, fisheries, wildlife habitat, and fisheries habitat. If the habitat contains beaches that are or were used for recreational purposes, the Department of Parks and Recreation shall review the plan and provide comments to the administrator.

(d) The plan shall place first priority on avoiding and minimizing any adverse impacts. For impacts that do occur, the plan shall provide for full onsite restoration of the damaged resource to the extent feasible. To the extent that full onsite restoration is not feasible, the plan shall provide for offsite in-kind mitigation to the extent feasible. To the extent that adverse impacts still have not been fully mitigated, the plan shall provide for the enhancement of other similar resources to the extent necessary to meet the requirements of subdivision (b). In evaluating whether a wildlife rehabilitation plan is adequate, the administrator may use the habitat evaluation procedures established by the United States Fish and Wildlife Service or any other reasonable methods as determined by the Director of Fish and Game.

(e) The administrator shall prepare regulations to implement this section. The regulations shall include deadlines for the submittal of plans. In establishing the deadlines, the administrator shall consider

circumstances such as the size of the spill and the time needed to assess damage and mitigation.

SEC. 38. Section 8670.71 of the Government Code is amended to read:

8670.71. (a) The administrator shall fund only those projects approved by the Environmental Enhancement Committee.

(b) For the purposes of this article, an enhancement project is a project that acquires habitat for preservation, or improves habitat quality and ecosystem function above baseline conditions, and that meets all of the following requirements:

(1) Is located within or immediately adjacent to California marine waters, as defined in subdivision (i) of Section 8670.3.

(2) Has measurable outcomes within a predetermined timeframe.

(3) Is designed to acquire, restore, or improve habitat or restore ecosystem function, or both, to benefit fish and wildlife.

SEC. 39. Section 8670.72 of the Government Code is amended to read:

8670.72. (a) The Environmental Enhancement Committee is hereby created. The committee shall consist of the following members:

(1) The administrator.

(2) A public member, to be appointed by the administrator, who shall be an officer or elected leader of a statewide nonprofit organization whose primary purpose is the protection and/or enhancement of natural resources.

(3) The executive officer of the State Coastal Conservancy, or his or her designee.

(b) The Environmental Enhancement Committee shall establish a process for the solicitation, submittal, review, and selection of environmental enhancement projects. Selection criteria shall be developed to ensure that projects meet the intent of this article.

SEC. 39.5. Section 8670.73 is added to the Government Code, to read:

8670.73. (a) The Environmental Enhancement Grant Program is hereby established. Project proposals shall be solicited when adequate funds have accumulated in the Environmental Enhancement Fund to cover the cost of an appropriate project or projects.

(b) Grants shall be awarded to nonprofit organizations, cities, counties, cities and counties, districts, state agencies, and departments; and, to the extent permitted by federal law, to federal agencies on a competitive basis using the selection process established by the Environmental Enhancement Committee. The selection criteria will be enumerated in all requests for proposals distributed to potential applicants. The administrator may grant funds for those projects that are selected by the Environmental Enhancement Committee and that meet

the requirements of this article. State departments and agencies receiving grants under this section for environmental enhancement projects, shall, to the maximum extent feasible, utilize the services of the California Conservation Corps in accordance with Section 14315 of the Public Resources Code.

(c) Grant recipients shall use the grant award to fund only the project described in the recipient's application.

(d) Grant recipients shall not use the grant funds to shift money to or otherwise cover costs of an existing or proposed project or activity not included in the application.

(e) Any grant funds allocated to a project that exceed the actual cost of completing the project as outlined in the recipient's application shall be returned to the Environmental Enhancement Fund, and shall not be used by the grant recipient for any other purpose.

(f) If a member of the Environmental Enhancement Committee, or a member of his or her immediate family, is employed by a grant applicant, the employer of a grant applicant, or a consultant or independent contractor employed by the grant applicant, the committee member shall make that disclosure to the other members of the committee and shall not participate or make recommendations on the grant proposal of that applicant.

(g) For habitat acquisition, the Environmental Enhancement Committee shall be subject to the same provisions as prescribed in Section 31116 of the Public Resources Code.

SEC. 40. Section 449.3 of the Harbors and Navigation Code is amended to read:

449.3. The marine exchange shall cooperate fully with the administrator appointed pursuant to Section 8670.4 of the Government Code in the development and implementation of the vessel traffic service system required by Section 8670.21 of the Government Code. Upon certification by the administrator that, pursuant to Section 8670.21, the Coast Guard has commenced operation of a fully federally funded vessel traffic service system for the Los Angeles/Long Beach harbor, the authorization contained in Section 445 for the marine exchange to operate a vessel traffic service is revoked.

SEC. 41. Section 449.5 of the Harbors and Navigation Code is amended to read:

449.5. (a) Upon request by the administrator, the marine exchange shall submit a complete description and operational status report of the vessel traffic service. After a public hearing, the administrator shall, in accordance with paragraph (8) of subdivision (f) of Section 8670.21 of the Government Code, determine whether the elements and operation of the vessel traffic service are consistent with the harbor safety plan for the Los Angeles and Long Beach harbors developed pursuant to Section

8670.23.1 of the Government Code and the standards of a statewide vessel traffic service plan or system developed pursuant to Section 8670.21 of the Government Code.

(b) If, pursuant to subdivision (a), the administrator determines that the vessel traffic service is inconsistent with the harbor safety plan for the Los Angeles and Long Beach harbors developed pursuant to Section 8670.23.1 of the Government Code and the standards of a statewide vessel traffic service plan or vessel traffic monitoring and communications system developed pursuant to Section 8670.21 of the Government Code, the administrator shall issue an order to the marine exchange which specifies modifications to the vessel traffic service to eliminate the inconsistencies.

(c) If the marine exchange has not complied with an order within six months of issuance, then the administrator, after a public hearing, may take any or all of the following actions:

(1) Impose on the marine exchange an administrative fine of not more than five thousand dollars ($5,000) for each day the marine exchange does not comply with the administrator's order.

(2) Administratively revoke the authorization provided to the marine exchange by Section 445 to operate the vessel traffic service.

(d) If authorization for the marine exchange to operate the vessel traffic service is revoked pursuant to this section, the administrator shall take any action that is necessary to expeditiously establish a vessel traffic service for the Los Angeles and Long Beach harbors. The action may include the assessment of fees on vessels, port users, and ports, and the making of needed expenditures, as provided in subdivision (d) of Section 8670.21.

SEC. 42. Section 8750 of the Public Resources Code is amended to read:

8750. Unless the context requires otherwise, the following definitions govern the construction of this division:

(c) (1) ''Best achievable protection'' means the highest level of protection which can be achieved through both the use of the best achievable technology and those manpower levels, training procedures, and operational methods which provide the greatest degree of protection achievable. The administrator's determination of best achievable protection shall be guided by the critical need to protect valuable coastal resources and marine waters, while also considering (A) the protection

provided by the measures, (B) the technological achievability of the measures, and (C) the cost of the measures.

(2) It is not the intent of the Legislature that the administrator use a cost-benefit or cost-effectiveness analysis or any particular method of analysis in determining which measures to require. Instead, it is the intent of the Legislature that the administrator give reasonable consideration to the protection provided by the measures, the technological achievability of the measures, and the cost of the measures when establishing the requirements to provide the best achievable protection for coastal and marine resources.

(d) ''Best achievable technology'' means that technology which provides the greatest degree of protection taking into consideration (1) processes which are being developed, or could feasibly be developed anywhere in the world, given overall reasonable expenditures on research and development, and (2) processes which are currently in use anywhere in the world. In determining what is best achievable technology, the administrator shall consider the effectiveness and engineering feasibility of the technology.

(f) ''Local government'' means any chartered or general law city, chartered or general law county or any city and county.

(g) ''Marine facility'' means any facility of any kind, other than a vessel, which is or was used for the purposes of exploring for, drilling for, producing, storing, handling, transferring, processing, refining, or transporting oil and is located in marine waters, or is located where a discharge could impact marine waters unless the facility (1) is subject to Chapter 6.67 (commencing with Section 25270) or Chapter 6.75 (commencing with Section 25299.10) of Division 20 of the Health and Safety Code or (2) is placed on a farm, nursery, logging site, or construction site and does not exceed 20,000 gallons in a single storage tank. For the purposes of this division, a drill ship, semisubmersible drilling platform, jack-up type drilling rig, or any other floating or temporary drilling platform is a ''marine facility.'' For the purposes of this division, a small craft refueling dock is not a ''marine facility.''

(h) ''Marine terminal'' means any marine facility used for transferring oil to or from tankers or barges. For the purposes of this section, a marine terminal includes all piping not integrally connected to a tank facility as defined in subdivision (k) of Section 25270.2 of the Health and Safety Code.

(i) ''Marine waters'' means those waters subject to tidal influence, except for waters in the Sacramento-San Joaquin Rivers and Delta upstream from a line running north and south through the point where Contra Costa, Sacramento, and Solano Counties meet.

(j) ''Nonpersistent oil'' means a petroleum-based oil, such as gasoline, diesel, or jet fuel, which evaporates relatively quickly. Specifically, it is an oil with hydrocarbon fractions, at least 50 percent of which, by volume, distills at a temperature of 645 degrees Fahrenheit, and at least 95 percent of which, by volume, distills at a temperature of 700 degrees Fahrenheit.

(k) ''Oil'' means any kind of petroleum, liquid hydrocarbons, or petroleum products or any fraction or residues therefrom, including, but not limited to, crude oil, bunker fuel, gasoline, diesel fuel, aviation fuel, oil sludge, oil refuse, oil mixed with waste, and liquid distillates from unprocessed natural gas.

(m) ''Operator'' when used in connection with vessels, marine terminals, pipelines, or facilities, means any person or entity which owns, has an ownership interest in, charters, leases, rents, operates, participates in the operation of or uses that vessel, terminal, pipeline, or facility. ''Operator'' does not include any entity which owns the land underlying the facility or the facility itself, where the entity is not involved in the operations of the facility.

(n) ''Person'' means an individual, trust, firm, joint stock company, or corporation, including, but not limited to, a government corporation, partnership, limited liability company, and association. ''Person'' also includes any city, county, city and county, district, and the state or any department or agency thereof, and the federal government, or any department or agency thereof, to the extent permitted by law.

(o) ''Pipeline'' means any pipeline used at any time to transport oil.

46016. ''Marine facility'' means any facility of any kind, other than a vessel, which is or was used for the purposes of exploring for, drilling for, producing, storing, handling, transferring, processing, refining, or transporting crude oil or petroleum products and is located in marine waters, or is located where a discharge could impact marine waters unless the facility, (1) is subject to Chapter 6.67 (commencing with Section 25270) or Chapter 6.75 (commencing with Section 25299.10) of Division 20 of the Health and Safety Code or, (2) is placed on a farm, nursery, logging site, small craft refueling dock as defined in Section 8670.3 of the Government Code, or construction site and does not exceed 20,000 gallons in a single storage tank. This section shall not apply to spills of

oil into marine waters as defined in subdivision (f) of Section 8670.3 of the Government Code.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not less than five hundred dollars ($500) or more than five thousand dollars ($5,000) per day for each day of failure to notify, or imprisonment of not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state. This subdivision shall not apply to any person who is fined by the federal government for a failure to report a discharge of oil.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) Immediate notification to the appropriate regional board of the discharge, in accordance with reporting requirements set under Section 13267 or 13383, shall constitute compliance with the requirements of subdivision (a).

(f) The reportable quantity for oil or petroleum products shall be one barrel (42 gallons) or more, by direct discharge to the receiving waters, unless a more restrictive reporting standard for a particular body of water is adopted.

SEC. 47. Section 21.5 of this bill incorporates amendments to Section 8670.25.5 of the Government Code proposed by both this bill and AB 1408. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 8670.25.5 of the Government Code, and (3) this bill is enacted after AB 1408, in which case Section 21 of this bill shall not become operative.

CHAPTER 797

An act to amend Sections 14526, 14552, 14573, and 14574.1 of, and to add Section 14552.2 to, the Welfare and Institutions Code, relating to adult day health care.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 14526 of the Welfare and Institutions Code is amended to read:

14526. Participation in an adult day health care program shall require prior authorization by the department. The authorization request shall be initiated by the provider and shall include the results of the assessment screening conducted by the provider's multidisciplinary team and the resulting individualized plan of care. Participation shall begin upon application by the prospective participant or upon referral from community or health agencies, or the physician, hospital, family, or friends of a potential participant.

SEC. 2. Section 14552 of the Welfare and Institutions Code is amended to read:

14552. In order to obtain certification as a provider of adult day health care under this chapter and Chapter 7 (commencing with Section 14000), the following standards shall be met:

(a) The provider shall have met all other requirements of licensure as an adult day health care center pursuant to Chapter 3.3 (commencing with Section 1570) of Division 2 of the Health and Safety Code.

(b) The provider shall comply with requirements of this chapter regarding program and scope of services.

(c) The provider shall have appropriate licensed personnel.

(d) The provider shall employ required personnel for furnishing of required services pursuant to Section 14550 consistent with commonly accepted professional standards.

(e) The provider shall afford to each participant all rights, including the right to be free from harm and abuse, identified in the rules and regulations adopted pursuant to Section 1580 of the Health and Safety Code.

(f) A provider serving a substantial number of participants of a particular racial or ethnic group, or participants whose primary language is not English, shall employ staff who can meet the cultural and linguistic needs of the participant population.

(g) A provider shall have organizational and administrative capacity to provide services under the provisions of this chapter.

SEC. 3. Section 14552.2 is added to the Welfare and Institutions Code, to read:

14552.2. (a) ''Program plan'' means a written description of the adult day health care center's philosophy, objectives, and processes for providing required services to the participant populations.

(b) The program plan shall include any of the following elements, as requested by the California Department of Aging, and shall be submitted as required in Section 14574.1:

(1) The total number of participants the center proposes to serve, or currently serves, daily.

(2) A profile of the participant population the center proposes to serve, or currently serves, that includes a description of the specific medical, social, and other needs of each population.

(3) A description of the specific program elements and services that addresses the medical, social, and other needs of each participant population that the center proposes to serve, or currently serves, as specified in paragraph (2). ''Program elements'' means the components of an adult day health care program, as specified in Section 14550.

(4) A description of the specialized professional and program staff that will provide, or currently provide, the adult day health care center's program services, as specified in paragraph (3), and that staff's responsibilities. The plan shall demonstrate that the adult day health care center is organized and staffed to carry out the requirements as specified in the regulations adopted pursuant to Section 1580 of the Health and Safety Code.

(5) An in-service training plan for each center staff member to commence within the first six months of employment. The training plan shall address, at a minimum, the specific medical, social, and other needs of each participant population the center proposes to serve, as specified in paragraph (2).

(6) A sample individual plan of care for each specialty population the adult day health care center proposes to serve, or currently serves, and a sample of a one-week schedule of daily program services for each sample individual plan of care. The individual plan of care shall demonstrate the specific medical, social, and other needs of each participant population the adult day health center proposes to serve.

(7) A plan for a behavior modification program if such a program will be used as a basic intervention for meeting the needs of a special population, such as persons with developmental disabilities or persons with mental disabilities.

(c) This section shall be implemented only to the extent funds are made available for the purposes of this section in the annual Budget Act or another statute.

(d) The implementation of the program plan requirements does not require adoption of regulations pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 4. Section 14573 of the Welfare and Institutions Code is amended to read:

14573. (a) Initial Medi-Cal certification for adult day health care providers shall expire 12 months from the date of issuance. The director shall specify any date he or she determines is reasonably necessary

because of the record of the applicant and to carry out the purposes of this chapter, but not more than 24 months from the date of issuance, when renewal of the certification shall expire. The certification may be extended for periods of not more than 60 days if the department determines it to be necessary.

(b) Before certification renewal the provider shall submit with the application for renewal a report according to department specifications that includes an analysis of income and expenditures, continued demonstrated community need, services, participant statistics and outcome, and adherence to policies and procedures.

(c) Prior to approving renewal of Medi-Cal certification, the California Department of Aging shall conduct a financial review and onsite medical and management reviews. The reviews shall be conducted by a team of persons with appropriate technical skills. The management review shall be performed by the entity responsible for directing and coordinating the program, as specified in the interagency agreement entered into pursuant to Section 1572 of the Health and Safety Code.

(d) Where the director determines that the public interests would be served thereby, a public hearing may be held on any renewal application subject to this section. The findings of the departmental program and licensing reviews and the provider's annual evaluation report shall be presented at the hearing.

SEC. 5. Section 14574.1 of the Welfare and Institutions Code is amended to read:

14574.1. (a) Every adult day health care center shall be periodically inspected and evaluated for quality of care by a representative or representatives designated by the director, unless otherwise specified in the interagency agreement entered into pursuant to Section 1572 of the Health and Safety Code. Inspections shall be conducted prior to the expiration of certification, but at least every two years, and as often as necessary to ensure the quality of care being provided. As resources permit, an inspection may be conducted prior to, as well as within, the first 90 days of operation.

(b) If, as a result of the inspection, the department or the California Department of Aging, as specified in the interagency agreement, determines that the adult day health care center has serious deficiencies that pose a risk to the health and safety of the participants, the department or the California Department of Aging, as specified in the interagency agreement, may immediately take any of the following actions, including, but not limited to:

(1) Require a plan of correction, including as requested, a program plan pursuant to Section 14552.2.

(2) Limit participant enrollment.

(3) Prohibit new participant enrollment.

(c) The provider shall have the right to dispute an action taken under paragraphs (2) and (3) of subdivision (b). The department or the California Department of Aging, as specified in the interagency agreement, shall accept, consider, and resolve disputes filed pursuant to this subdivision in a timely manner. The dispute resolution process shall be determined by the California Department of Aging in consultation with the department.

Such account shall be debited monthly with the convict's proportionate share of expenses of camp maintenance, including the expenses for food, medicine, medical attendance, clerical and accounting personnel, and the expenses necessary to maintain care and welfare facilities such as camp hospital for first aid, barbershop and cobbler shop, and the convict's personal expenses covering his drawings from the commissary for clothing, toilet articles, candy, and other personal items. The charge for camp maintenance may be made at a standard rate determined by the department maintaining the camps to be adequate to cover expenses and shall be adjusted periodically at the discretion of the department as needs of the camp require. No charge shall be made against such account for the costs of transporting prisoners to and from prison and camp or for the expense of guarding prisoners, which items shall be paid by the Department of Corrections from appropriations made for the support of the department. The canteen operations at any prison or institution referred to in this section shall be audited biennially by the Department of Finance, and at the end of each intervening fiscal year, each prison or institution shall prepare a statement of operations. Any moneys contained in such fund shall be used for the benefit of the wards resident at the institution or camp.

SEC. 9. This act shall become operative on July 1, 2005.

(2) The third party has an agreement with the department including, but not limited to, the following provisions:

(A) Authorization for the United States Secretary of Transportation, or his or her representative, and the department, or its representative, to conduct random examinations, inspections, and audits without prior notice.

(B) Permission for the department, or its representative, to conduct onsite inspections at least annually.

(D) The department may cancel, suspend, or revoke the agreement with a third-party tester if the third-party tester fails to comply with the standards for the commercial driver's license testing program, or with any other term of the third-party agreement, upon 15 days prior written notice of the action to cancel, suspend, or revoke the agreement by the department to the third party. Any action to appeal or review any order of the department canceling, suspending, or revoking a third-party testing agreement shall be brought in a court of competent jurisdiction under Section 1085 of the Code of Civil Procedure, or as otherwise permitted by the laws of this state. The action shall be commenced within 90 days from the effective date of the order.

(E) Any third-party tester whose agreement has been canceled pursuant to subparagraph (D) may immediately apply for a third-party testing agreement.

(F) A suspension of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of less than 12 months as determined by the department. After the period of suspension, the agreement shall be reinstated upon request of the third-party tester.

(G) A revocation of a third-party testing agreement pursuant to subparagraph (D) shall be for a term of not less than one year. A third-party tester may apply for a new third-party testing agreement after the period of revocation and upon submission of proof of correction of the circumstances causing the revocation.

(H) Authorization for the department to charge the third-party tester a fee, as determined by the department, which is sufficient to defray the actual costs incurred by the department for administering and evaluating the third-party testing program, and for carrying out any other activities deemed necessary by the department to ensure sufficient training for the drivers participating in the program.

(3) Except as provided in Section 15250.3, the tests given by the third party shall not be accepted in lieu of tests prescribed and conducted by the department for applicants for a passenger vehicle endorsement specified in paragraph (2) of subdivision (a) of Section 15278, if the applicant operates or will operate a tour bus.

(d) Commercial driver's license applicants who take and pass driving tests administered by a third party shall provide the department with certificates of driving skill satisfactory to the department that the applicant has successfully passed the driving tests administered by the third party.

(e) Implementation dates for the issuance of a commercial driver's license pursuant to this chapter may be established by the department as it determines is necessary to accomplish an orderly commercial driver's license program.

SEC. 3. Section 15275 of the Vehicle Code is amended to read:

15275. (a) A person may not operate a commercial motor vehicle described in this chapter unless that person has in his or her possession a valid commercial driver's license for the appropriate class, and an endorsement issued by the department to permit the operation of the vehicle unless exempt from the requirement to obtain an endorsement pursuant to subdivision (b) of Section 15278.

(b) (1) An endorsement to drive vehicles specified in this article shall be issued only to applicants qualified by examinations prescribed by the department and who meet the minimum standards established in Part 383 of Title 49 of the Code of Federal Regulations.

(2) A hazardous materials endorsement shall be issued only to applicants who comply with paragraph (1) and the requirements set forth in Part 1572 of Title 49 of the Code of Federal Regulations.

(c) The department may deny, suspend, revoke, or cancel an endorsement to drive vehicles specified in this article when the applicant does not meet the qualifications for the issuance or retention of the endorsement.

(d) If the department denies, suspends, revokes, or cancels a hazardous materials endorsement because the department received notification that the applicant poses a security threat pursuant to Part 1572 of Title 49 of the Code of Federal Regulations and, upon appeal by the United States Transportation Security Administration, that endorsement is ordered reinstated, the department shall issue or restore the hazardous materials endorsement to the applicant within the period specified under those federal regulations.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 13369 of the Vehicle Code proposed by both this bill and AB 3049. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 13369 of the Vehicle Code, and (3) this bill is enacted after AB 3049, in which case Section 13369 of the Vehicle Code, as amended by Section 1 of this bill, shall be operative only until September 20, 2005, at which time Section 1.5 of this bill shall become operative.

CHAPTER 802

An act to amend Section 12101.5 of the Public Contract Code, relating to state contracts.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12101.5 of the Public Contract Code is amended to read:

12101.5. (a) It is the intent of the Legislature that agencies of the state use an acquisition method that is compatible with their short- and long-term fiscal needs in contracts relating to commodities and information technology goods and services. State agencies should be able to specify their anticipated life cycle requirements that would become one of the criteria for contractor selection. These agencies should be given the choice of suppliers to meet statewide standardization needs, unique service requirements, application requirements, and long-term satisfaction criteria. There is a need for the state to enter into long-term contracts with annual cancellation and fund-out clauses, as

required, to protect the state's interests as well as provide the option for multiyear renewals to encourage suppliers to develop higher levels of service and support throughout the contracts.

(b) The state may utilize multiple awards, including federal General Service Administration Multiple Awards Schedules and master agreements or contracts for goods, information technology, services, or consulting services. For purposes of this subdivision, a multiple award is an award of an indefinite quantity contract for one or more similar goods, information technology, or services to more than one supplier. Except for possible multiple awards as permitted by this subdivision, and except as described in subdivision (d), all the requirements of this chapter pertaining to other types of information technology acquisitions shall be followed. The department shall ensure that multiple award schedules are in compliance with all other applicable statutes.

(c) Notwithstanding any other provision of law, state agencies, in exercising their contracting authority delegated by the department, may contract with suppliers who have multiple award schedules with the General Services Administration of the United States on the same terms, conditions, and prices if the supplier is willing to do so. The department may also develop multiple award schedules or agreements for use by state agencies in the same manner. The department shall determine the delegation contracting authority for agencies wishing to use multiple award schedules.

(d) For contracts related to information technology integration or development projects that generate revenues or achieve savings over a quantifiable baseline of existing costs, state agencies shall consider and may incorporate performance-based or share-in-savings contract terms to manage risks and create incentives for successful contract performance. Performance-based or share-in-savings contracts may have the following characteristics, among others:

(1) Contract terms that specify business outcomes to be achieved, not the solution to be provided.

(2) Contract terms that structure the contract to maintain maximum vendor commitment to project success and minimize risk to the state by sharing risk with the private sector.

(3) Utilization of ''best value'' evaluation methods, which means to select the solution that will achieve the best result based on business performance measures, not necessarily the lowest price.

(4) Contract terms that base payments to the vendor primarily on achieving predefined performance measures.

CHAPTER 803

An act to amend Section 10127.10 of the Insurance Code, relating to life insurance.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 10127.10 of the Insurance Code is amended to read:

10127.10. (a) Every policy of individual life insurance and every individual annuity contract that is initially delivered or issued for delivery to a senior citizen in this state on and after July 1, 2004, shall have printed thereon or attached thereto a notice stating that, after receipt of the policy by the owner, the policy may be returned by the owner for cancellation by delivering it or mailing it to the insurer or agent from whom it was purchased. The period of time set forth by the insurer for return of the policy by the owner shall be clearly stated on the notice and this period shall be not less than 30 days. The owner may return the policy to the insurer by mail or otherwise at any time during the period specified in the notice. During the 30-day cancellation period, the premium for a variable annuity may be invested only in fixed-income investments and money-market funds, unless the investor specifically directs that the premium be invested in the mutual funds underlying the variable annuity contract. Return of the policy within the 30-day cancellation period shall have one of the following effects:

(1) In the case of individual life insurance policies and variable annuity contracts for which the owner has not directed that the premium be invested in the mutual funds underlying the contract during the cancellation period, return of the policy during the cancellation period shall have the effect of voiding the policy from the beginning, and the parties shall be in the same position as if no policy had been issued. All premiums paid and any policy fee paid for the policy shall be refunded by the insurer to the owner within 30 days from the date that the insurer is notified that the owner has canceled the policy. The premium and policy fee shall be refunded by the insurer to the owner within 30 days from the date that the insurer is notified that the owner has canceled the policy.

(2) In the case of a variable annuity for which the owner has directed that the premium be invested in the mutual funds underlying the contract during the 30-day cancellation period, cancellation shall entitle the owner to a refund of the account value. The account value shall be

refunded by the insurer to the owner within 30 days from the date that the insurer is notified that the owner has canceled the contract.

(b) This section applies to all individual policies issued or delivered to senior citizens in this state on or after January 1, 2004. All policies subject to this section which are in effect on January 1, 2003, shall be construed to be in compliance with this section, and any provision in any policy which is in conflict with this section shall be of no force or effect.

(c) Every individual life insurance policy and every individual annuity contract, other than variable contracts and modified guaranteed contracts, subject to this section, that is delivered or issued for delivery in this state shall have the following notice either printed on the cover page or policy jacket in 12-point bold print with one inch of space on all sides or printed on a sticker that is affixed to the cover page or policy jacket:

''IMPORTANT

YOU HAVE PURCHASED A LIFE INSURANCE POLICY OR ANNUITY CONTRACT. CAREFULLY REVIEW IT FOR LIMITATIONS.

THIS POLICY MAY BE RETURNED WITHIN 30 DAYS FROM THE DATE YOU RECEIVED IT FOR A FULL REFUND BY RETURNING IT TO THE INSURANCE COMPANY OR AGENT WHO SOLD YOU THIS POLICY. AFTER 30 DAYS, CANCELLATION MAY RESULT IN A SUBSTANTIAL PENALTY, KNOWN AS A SURRENDER CHARGE.''

The phrase ''after 30 days, cancellation may result in a substantial penalty, known as a surrender charge'' may be deleted if the policy does not contain those charges or penalties.

(d) Every individual variable annuity contract, variable life insurance contract, or modified guaranteed contract subject to this section, that is delivered or issued for delivery in this state, shall have the following notice either printed on the cover page or policy jacket in 12-point bold print with one inch of space on all sides or printed on a sticker that is affixed to the cover page or policy jacket:

''IMPORTANT

YOU HAVE PURCHASED A VARIABLE ANNUITY CONTRACT (VARIABLE LIFE INSURANCE CONTRACT, OR MODIFIED GUARANTEED CONTRACT). CAREFULLY REVIEW IT FOR

LIMITATIONS.

THIS POLICY MAY BE RETURNED WITHIN 30 DAYS FROM THE DATE YOU RECEIVED IT. DURING THAT 30-DAY PERIOD, YOUR MONEY WILL BE PLACED IN A FIXED ACCOUNT OR MONEY-MARKET FUND, UNLESS YOU DIRECT THAT THE PREMIUM BE INVESTED IN A STOCK OR BOND PORTFOLIO UNDERLYING THE CONTRACT DURING THE 30-DAY PERIOD. IF YOU DO NOT DIRECT THAT THE PREMIUM BE INVESTED IN A STOCK OR BOND PORTFOLIO, AND IF YOU RETURN THE POLICY WITHIN THE 30-DAY PERIOD, YOU WILL BE ENTITLED TO A REFUND OF THE PREMIUM AND POLICY FEES. IF YOU DIRECT THAT THE PREMIUM BE INVESTED IN A STOCK OR BOND PORTFOLIO DURING THE 30-DAY PERIOD, AND IF YOU RETURN THE POLICY DURING THAT PERIOD, YOU WILL BE ENTITLED TO A REFUND OF THE POLICY'S ACCOUNT VALUE ON THE DAY THE POLICY IS RECEIVED BY THE INSURANCE COMPANY OR AGENT WHO SOLD YOU THIS POLICY, WHICH COULD BE LESS THAN THE PREMIUM YOU PAID FOR THE POLICY. A RETURN OF THE POLICY AFTER 30 DAYS MAY RESULT IN A SUBSTANTIAL PENALTY, KNOWN AS A SURRENDER CHARGE.''

The words ''known as a surrender charge'' may be deleted if the contract does not contain those charges.

(e) This section does not apply to life insurance policies issued in connection with a credit transaction or issued under a contractual policy-change or conversion privilege provision contained in a policy. Additionally, this section shall not apply to contributory and noncontributory employer group life insurance, contributory and noncontributory employer group annuity contracts, and group term life insurance, with the exception of subdivision (f).

(f) When an insurer, its agent, group master policyowner, or association collects more than one month's premium from a senior citizen at the time of application or at the time of delivery of a group term life insurance policy or certificate, the insurer must provide the senior citizen a prorated refund of the premium if the senior citizen delivers a cancellation request to the insurer during the first 30 days of the policy period.

(g) For purposes of this chapter, a senior citizen means an individual who is 60 years of age or older on the date of purchase of the policy.

CHAPTER 804

An act to amend Section 699.5 of, and to add Section 699.1 to, the Military and Veterans Code, relating to veterans.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 699.1 is added to the Military and Veterans Code, to read:

699.1. (a) The processing of claims for veterans and their dependents and survivors shall include the filing of the initial claim, the representation of the claimant before boards and offices of the United States Department of Veterans Affairs, and the filing of appeals related to the claims.

(b) The claims may include the following types of benefits and services:

(1) Disability compensation benefits.
(2) Disability pension benefits.
(3) Dependents' indemnity compensation.
(4) Widow's death pension.
(5) Burial benefits.
(6) Confirmed and continued claims.
(7) Vocational rehabilitation and education.
(8) Waivers of indebtedness.
(9) Other benefits that result in monetary awards to the claimant.

SEC. 2. Section 699.5 of the Military and Veterans Code is amended to read:

699.5. (a) The department may assist every veteran of the United States and the dependent or survivor of every veteran of the United States in presenting and pursuing the claim as the veteran, dependent, or survivor may have against the United States arising out of war service and in establishing the veteran's, dependent's, or survivor's right to any privilege, preference, care, or compensation provided for by the laws of the United States or of this state. The department may cooperate and, with the approval of the Department of Finance, contract with any veterans service organization, and pursuant to the contract may compensate the organization for services within the scope of this section rendered by it to any veteran or dependent or survivor of a veteran. The contract shall not be made unless the department determines that, owing to the confidential relationships involved and the necessity of operating through agencies that the veterans, dependents, or survivors involved will fail to be sympathetic towards their problems, the services cannot

satisfactorily be rendered otherwise than through the agency of the veterans organization and that the best interests of the veterans, dependents, or survivors involved will be served if the contract is made.

(b) (1) The Legislature finds and declares that services provided by veteran service organizations play an important role in the department's responsibilities to assist veterans and their dependents and survivors in presenting and pursuing claims against the United States, and that it is an efficient and reasonable use of state funds to provide compensation to veterans service organizations for these services.

(2) The Legislature further finds and declares that paragraph (1) of this subdivision shall not be implemented by using the General Fund until an increase in the annual budget for county veteran services officers, described in paragraph (2) of subdivision (d) of Section 972.1, has been achieved. This subdivision may not be construed to preclude the use of federal funding in implementing these provisions.

(c) Veterans service organizations, that elect to contract with the department in accordance with this section, shall document the claims processed each year by the veterans service officers employed by the veterans service organization at offices located in California. The documentation shall be in accordance with procedures established by the department.

(d) The department shall determine annually the amount of monetary benefits paid to eligible veterans and their dependents and survivors in the state as a result of the work of the veterans service officers of the contracting organizations. Beginning on January 1, 2006, the department shall, on or before January 1 of each year, prepare and transmit its determination for the preceding fiscal year to the Department of Finance and the Legislature. The department shall also identify federal sources to support the efforts of veterans service organizations pursuant to this section. The Department of Finance shall review the department's determination in time to use the information in the annual Budget Act for the budget of the department for the next fiscal year.

(e) For the purposes of this section:

(1) ''Survivor'' means any relation of a deceased veteran who may be entitled to make a claim for any privilege, preference, care, or compensation under the laws of the United States or this state based upon the veteran's war service.

(2) ''Veterans service officer'' means an individual employed by a veterans service organization and accredited by the United States Department of Veterans Affairs to process and adjudicate claims and other benefits for veterans and their dependents and survivors.

(3) ''Veterans service organization'' means an organization that meets all of the following criteria:

(A) Is formed by and for United States military veterans.

(B) Is chartered by the United States Congress.

(C) Has regularly maintained an established committee or agency in a regional office of the United States Department of Veterans Affairs in California rendering services to veterans and their dependents and survivors.

CHAPTER 805

An act relating to local agency reorganization.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, on or before December 31, 2007, the local agency formation commission in the County of Ventura shall not impose a condition that requires the City of Simi Valley to initiate proceedings on a proposal for a change of organization or reorganization pursuant to paragraph (3) of subdivision (a) of Section 56375 of the Government Code or pursuant to Section 56375.3 of the Government Code unless the territory that would be affected is contiguous and physically related to the affected territory.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City of Simi Valley. The facts constituting the special circumstances are:

There are seven areas of unincorporated territory that are surrounded or substantially surrounded by the City of Simi Valley. The city intends to explore the possibility of annexing those unincorporated territories over the next two years. The Legislature wants to allow city officials, property owners, and residents to discuss those possible annexations without undue influence.

CHAPTER 806

An act to amend Sections 5237, 17306, 17500, 17502, 17506, and 17522.5 of, and to add Section 17309.5 to, and Article 1.5 (commencing with Section 17450) to Chapter 2 of Division 17 of, the Family Code, to add Section 24351.5 to the Government Code, and to add Sections

19270 and 19276 to, and to repeal Article 5 (commencing with Section 19271) of Chapter 5 of Part 10.2 of Division 2 of, the Revenue and Taxation Code, relating to child support.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5237 of the Family Code is amended to read:

5237. (a) Except as provided in subdivisions (b) and (c), the obligee shall notify the employer of the obligor, by first-class mail, postage prepaid, of any change of address within a reasonable period of time after the change.

(b) Where payments have been ordered to be made to a county officer designated by the court, the obligee who is the parent, guardian, or other person entitled to receive payment through the designated county officer shall notify the designated county officer by first-class mail, postage prepaid, of any address change within a reasonable period of time after the change.

(c) If the obligee is receiving support payments from the State Disbursement Unit as required by Section 17309, the obligee shall notify the State Disbursement Unit instead of the employer of the obligor as provided in subdivision (a).

(d) (1) Except as set forth in paragraph (2), if the employer, designated county officer, or the State Disbursement Unit is unable to deliver payments under the assignment order for a period of six months due to the failure of the obligee to notify the employer, designated county officer, or State Disbursement Unit, of a change of address, the employer, designated county officer, or State Disbursement Unit shall not make any further payments under the assignment order and shall return all undeliverable payments to the obligor.

(2) If payments are being directed to the State Disbursement Unit pursuant to subdivision (e) of Section 5235, but the case is not otherwise receiving services from the Title IV-D agency, and the State Disbursement Unit is unable to deliver payments under the assignment order for a period of 45 days due to the failure of the obligee to notify the employer, designated county officer, or State Disbursement Unit of a change of address, the Title IV-D agency shall take the following actions:

(A) Immediately return the undeliverable payments to the obligor if the obligee cannot be located.

(B) Notify the employer to suspend withholding pursuant to the wage assignment until the employer or Title IV-D agency is notified of the obligee's whereabouts.

SEC. 2. Section 17306 of the Family Code is amended to read:

17306. (a) The Legislature finds and declares all of the following:

(1) While the State Department of Social Services has had statutory authority over the child support system, the locally elected district attorneys have operated their county programs with a great deal of autonomy.

(2) District attorneys have operated the child support programs with different forms, procedures and priorities, making it difficult to adequately evaluate and modify performance statewide.

(3) Problems collecting child support reflect a fundamental lack of leadership and accountability in the collection program. These management problems have cost California taxpayers and families billions of dollars.

(b) The director shall develop uniform forms, policies and procedures to be employed statewide by all local child support agencies. Pursuant to this subdivision, the director shall:

(1) Adopt uniform procedures and forms.

(2) Establish standard caseworker to case staffing ratios, adjusted as appropriate to meet the varying needs of local programs.

(3) Establish standard attorney to caseworker ratios, adjusted as appropriate to meet the varying needs of local programs.

(4) Institute a consistent statewide policy on the appropriateness of closing cases to ensure that, without relying solely on federal minimum requirements, all cases are fully and pragmatically pursued for collections prior to closing.

(5) Evaluate the best practices for the establishment, enforcement, and collection of child support, for the purpose of determining which practices should be implemented statewide in an effort to improve performance by local child support agencies. In evaluating the best practices, the director shall review existing practices in better performing counties within California, as well as practices implemented by other state Title IV-D programs nationwide.

(6) Evaluate the best practices for the management of effective child support enforcement operations for the purpose of determining what management structure should be implemented statewide in an effort to improve the establishment, enforcement, and collection of child support by local child support agencies, including an examination of the need for attorneys in management level positions. In evaluating the best practices, the director shall review existing practices in better performing counties within California, as well as practices implemented by other state Title IV-D programs nationwide.

(7) Set priorities for the use of specific enforcement mechanisms for use by both the local child support agency and the Franchise Tax Board. As part of establishing these priorities, the director shall set forth

caseload processing priorities to target enforcement efforts and services in a way that will maximize collections and avoid welfare dependency.

(8) Develop uniform training protocols, require periodic training of all child support staff, and conduct training sessions as appropriate.

(9) Review and approve annual budgets submitted by the local child support agencies to ensure each local child support agency operates an effective and efficient program that complies with all federal and state laws, regulations, and directives, including the directive to hire sufficient staff.

(c) The director shall submit any forms intended for use in court proceedings to the Judicial Council for approval at least six months prior to the implementation of the use of the forms.

(d) In adopting the forms, policies, and procedures, the director shall consult with the California Family Support Council, the California State Association of Counties, labor organizations, custodial and noncustodial parent advocates, child support commissioners, family law facilitators, and the appropriate committees of the Legislature.

(e) (1) Notwithstanding the provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, through December 31, 2007, the department may implement the applicable provisions of this division through child support services letters or similar instructions from the director.

The department shall adopt regulations implementing the forms, policies, and procedures established pursuant to this section. The director may delay implementation of any of these regulations in any county for any time as the director deems necessary for the smooth transition and efficient operation of a local child support agency, but implementation shall not be delayed beyond the time at which the transition to the new county department of child support services is completed. The department may adopt regulations to implement this division in accordance with the Administrative Procedure Act. The adoption of any emergency regulation filed with the Office of Administrative Law on or before December 31, 2007, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare. These emergency regulations shall remain in effect for no more than 180 days.

(2) It is the intent of the Legislature that the amendments to paragraph (1) of this subdivision made by Assembly Bill 3032 of the 2001–02 Regular Session shall be retroactive to June 30, 2002.

SEC. 3. Section 17309.5 is added to the Family Code, to read:

17309.5. (a) An employer who is required to withhold and, by electronic fund transfer, pay tax pursuant to Section 19011 of the Revenue and Taxation Code or Section 13021 of the Unemployment

Insurance Code, shall make child support payments to the State Disbursement Unit by electronic fund transfer. All child support payments required to be made to the State Disbursement Unit shall be remitted to the State Disbursement Unit by electronic fund transfer pursuant to Division 11 (commencing with Section 11101) of the Commercial Code.

(b) An employer not required to make payment to the State Disbursement Unit pursuant to paragraph (a), may elect to make payment by electronic fund transfer under the following conditions:

(1) The election shall be made in a form, and shall contain information, as prescribed by the Director of the Department of Child Support Services, and shall be subject to approval of the department.

(2) The election may be terminated upon written request to the Department of Child Support Services.

(c) For the purposes of this section:

(1) ''Electronic fund transfer'' means any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, that is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape, so as to order, instruct, or authorize a financial institution to debit or credit an account. Electronic fund transfers shall be accomplished by an automated clearinghouse debit, an automated clearinghouse credit, or by Federal Reserve Wire Transfer (Fedwire).

(2) ''Automated clearinghouse'' means any federal reserve bank, or an organization established in agreement with the National Automated Clearinghouse Association, that operates as a clearinghouse for transmitting or receiving entries between banks or bank accounts and which authorizes an electronic transfer of funds between these banks or bank accounts.

(3) ''Automated clearinghouse debit'' means a transaction in which the state, through its designated depository bank, originates an automated clearinghouse transaction debiting the person's bank account and crediting the state's bank account for the amount of tax. Banking costs incurred for the automated clearinghouse debit transaction shall be paid by the state.

(4) ''Automated clearinghouse credit'' means an automated clearinghouse transaction in which the person through his or her own bank, originates an entry crediting the state's bank account and debiting his or her own bank account. Banking costs incurred for the automated clearinghouse credit transaction charged to the state shall be paid by the person originating the credit.

(5) ''Fedwire transfer'' means any transaction originated by a person and utilizing the national electronic payment system to transfer funds through the federal reserve banks, when that person debits his or her own

bank account and credits the state's bank account. Electronic fund transfers pursuant to this section may be made by Fedwire only if payment cannot, for good cause, be made according to subdivision (a), and the use of Fedwire is preapproved by the department. Banking costs incurred for the Fedwire transaction charged to the person and to the state shall be paid by the person originating the transaction.

SEC. 4. Section 17500 of the Family Code is amended to read:

17500. (a) In carrying out its obligations under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the department and the local child support agency shall have the responsibility for promptly and effectively collecting and enforcing child support obligations.

(b) The department and the local child support agency are the public agencies responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.).

(c) Except as provided in Section 17450, the local child support agency shall submit child support delinquencies to the department for purposes of supplementing the collection efforts of the local child support agencies. Submissions shall be in the form and manner and at the time prescribed by the department. Collection shall be made by the department in accordance with Section 17450. For purposes of this subdivision, ''child support delinquency'' means an arrearage or otherwise past due amount that accrues when an obligor fails to make any court-ordered support payment when due, which is more than 60 days past due, and the aggregate amount of which exceeds one hundred dollars ($100).

(d) If a child support delinquency exists at the time a case is opened by the local child support agency, the responsibility for the collection of the child support delinquency shall be submitted to the department no later than 30 days after receipt of the case by the local child support agency.

SEC. 5. Section 17502 of the Family Code is amended to read:

17502. A local child support agency that is collecting child support payments on behalf of a child and who is unable to deliver the payments to the obligee because the local child support agency is unable to locate the obligee shall make all reasonable efforts to locate the obligee for a period of six months. If the local child support agency is unable to locate the obligee within the six-month period, it shall return the undeliverable payments to the obligor, with written notice advising the obligor that (a) the return of the funds does not relieve the obligor of the support order, and (b) the obligor should consider placing the funds aside for purposes of child support in case the obligee appears and seeks collection of the undistributed amounts. No interest shall accrue on any past-due child support amount for which the obligor made payment to the local child

support agency for six consecutive months, or on any amounts due thereafter until the obligee is located, provided that the local child support agency returned the funds to the obligor because the local child support agency was unable to locate the obligee and, when the obligee was located, the obligor made full payment for all past-due child support amounts.

SEC. 6. Article 1.5 (commencing with Section 17450) is added to Chapter 2 of Division 17 of the Family Code, to read:

Article 1.5. Delinquent Child Support Obligations and Financial Institution Data Match

17450. (a) For purposes of this article:

(1) ''Child support delinquency'' means a delinquency defined in subdivision (c) of Section 17500.

(2) ''Earnings'' shall include the items described in Section 5206.

(b) (1) When a delinquency is submitted to the department pursuant to subdivision (c) of Section 17500, the amount of the child support delinquency shall be collected by the department in any manner authorized under state or federal law.

(2) Any compensation, fee, commission, expense, or any other fee for service incurred by the department in the collection of a child support delinquency authorized under this article shall not be an obligation of, or collected from, the obligated parent.

(c) (1) The department may return or allow a local child support agency to retain a child support delinquency for a specified purpose for collection where the department determines that the return or retention of the delinquency for the purpose so specified will enhance the collectibility of the delinquency. The department shall establish a process whereby a local child support agency may request and shall be allowed to withdraw, rescind, or otherwise recall the submittal of an account that has been submitted.

(2) If an obligor is disabled, meets the federal Supplemental Security Income resource test, and is receiving Supplemental Security Income/State Supplementary Payments (SSI/SSP), or, but for excess income as described in Section 416.1100 and following of Part 416 of Title 20 of the Code of Federal Regulations, would be eligible to receive as SSI/SSP, pursuant to Section 12200 of the Welfare and Institutions Code, and the obligor has supplied the local child support agency with proof of his or her eligibility for, and, if applicable, receipt of, SSI/SSP or Social Security Disability Insurance benefits, then the child support delinquency shall not be referred to the department for collection, and, if referred, shall be withdrawn, rescinded, or otherwise recalled from the department by the local child support agency. The department shall not

take any collection action, or if the local child support agency has already taken collection action, shall cease collection actions in the case of a disabled obligor when the delinquency is withdrawn, rescinded, or otherwise recalled by the local child support agency in accordance with the process established as described in paragraph (1).

(d) It is the intent of the Legislature that when the California Child Support Automation System (CCSAS) is fully operational, any statutes that should be modified based upon the status of the system shall be revised. During the development and implementation of CCSAS, the department, as the Title IV-D agency, may, through appropriate interagency agreement, delegate any and all of the functions or procedures specified in this article to the Franchise Tax Board. The Franchise Tax Board shall perform those functions or procedures as specified in Sections 19271 to 19275, inclusive, of the Revenue and Taxation Code until such time as the director, by letter to the executive officer of the Franchise Tax Board, revokes such delegation of Title IV-D functions. Sections 19271 to 19275, inclusive, of the Revenue and Taxation Code shall be effective for these purposes until the revocation of delegation to the Franchise Tax Board.

(e) Consistent with the development and implementation of the California Child Support Automation System (CCSAS), the Franchise Tax Board and the department shall enter into a letter of agreement and an interagency agreement whereby the department shall assume responsibility for collection of child support delinquencies and the Financial Institution Data Match System as set forth in this article. The letter of agreement and interagency agreement shall, at a minimum, set forth all of the following:

(1) Contingent upon the enactment of the Budget Act, and staffing authorization from the Department of Finance and the Department of Personnel Administration, the department shall assume responsibility for leadership and staffing of the collection of child support delinquencies and the Financial Institution Data Match System.

(2) All employees and other personnel who staff or provide support for the collection of child support delinquencies and the Financial Institution Data Match System at the Franchise Tax Board shall become the employees of the department at their existing or equivalent classification, salaries, and benefits.

(3) Any other provisions necessary to ensure continuity of function and meet or exceed existing levels of service, including, but not limited to, agreements for continued use of automated systems used by the Franchise Tax Board to locate child support obligors and their assets.

17452. (a) Subject to state and federal privacy and information security laws, the Franchise Tax Board shall make tax return information

available to the department, upon request, for the purpose of collecting child support delinquencies referred to the department.

(b) For purposes of this article, the Franchise Tax Board shall incur no obligation or liability to any person arising from any of the following:

(1) Furnishing information to the department as required by this section.

(2) Failing to disclose to a taxpayer or accountholder that the name, address, social security number, or other taxpayer identification number or other identifying information of that person was included in the data exchange with the department required by this section.

(3) Any other action taken in good faith to comply with the requirements of this section.

(c) It is the intent of the Legislature that any provision of income tax return information by the Franchise Tax Board to the department pursuant to this article shall be done in accordance with the privacy and confidential information laws of this state and of the United States, and to the satisfaction of the Franchise Tax Board.

17453. (a) The department, in coordination with financial institutions doing business in this state, shall operate a Financial Institution Data Match System utilizing automated data exchanges to the maximum extent feasible. The Financial Institution Data Match System shall be implemented and maintained pursuant to guidelines prescribed by the department. These guidelines shall include a structure by which financial institutions, or their designated data-processing agents, shall receive from the department the file or files of past-due support obligors compiled in accordance with subdivision (c), so that the institution shall match with its own list of accountholders to identify past-due support obligor accountholders at the institution. To the extent allowed by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), the guidelines shall include an option by which financial institutions without the technical ability to process the data exchange, or without the ability to employ a third-party data processor to process the data exchange, may forward to the department a list of all accountholders and their social security numbers, so that the department shall match that list with the file or files of past-due support obligors compiled in accordance with subdivision (c).

(b) The Financial Institution Data Match System shall not be subject to any limitation set forth in Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. However, any use of the information provided pursuant to this section for any purpose other than the enforcement and collection of a child support delinquency, as set forth in Section 17450, shall be a violation of Section 17212.

(c) (1) Until implementation of the California Child Support Automation System, each county shall compile a file of support obligors

with judgments and orders that are being enforced by local child support agencies pursuant to Section 17400, and who are past due in the payment of their support obligations. The file shall be compiled, updated, and forwarded to the department, in accordance with the guidelines prescribed by the department.

(2) The department shall compile a file of obligors with support arrearages from requests made by other states for administrative enforcement in interstate cases, in accordance with federal requirements pursuant to paragraph 14 of subsection (a) of Section 666 of Title 42 of the United States Code. The file shall include, to the extent possible, the obligor's address.

(d) To effectuate the Financial Institution Data Match System, financial institutions subject to this section shall do all of the following:

(1) Provide to the department on a quarterly basis, the name, record address and other addresses, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at the institution and who owes past-due support, as identified by the department by name and social security number or other taxpayer identification number.

(2) Except as provided in subdivision (j), in response to a notice or order to withhold issued by the department, withhold from any accounts of the obligor the amount of any past-due support stated on the notice or order and transmit the amount to the department in accordance with Section 17454.

(e) Unless otherwise required by applicable law, a financial institution furnishing a report or providing information to the department pursuant to this section shall not disclose to a depositor, accountholder, codepositor, or coaccountholder, that the name, address, social security number, or other taxpayer identification number or other identifying information of that person has been received from, or furnished to, the department.

(f) A financial institution shall incur no obligation or liability to any person arising from any of the following:

(1) Furnishing information to the department as required by this section.

(2) Failing to disclose to a depositor, accountholder, codepositor, or coaccountholder, that the name, address, social security number, or other taxpayer identification number or other identifying information of that person was included in the data exchange with the department required by this section.

(3) Withholding or transmitting any assets in response to a notice or order to withhold issued by the department as a result of the data exchange. This paragraph shall not preclude any liability that may result

if the financial institution does not comply with subdivision (b) of Section 17456.

(4) Any other action taken in good faith to comply with the requirements of this section.

(g) (1) With respect to files compiled under paragraph (1) of subdivision (c), the department shall forward to the counties, in accordance with guidelines prescribed by the department, information obtained from the financial institutions pursuant to this section. No county shall use this information for directly levying on any account. Each county shall keep the information confidential as provided by Section 17212.

(2) With respect to files compiled under paragraph (2) of subdivision (c), the amount collected by the department shall be deposited and distributed to the referring state in accordance with Section 17458.

(h) For those noncustodial parents owing past-due support for which there is a match under paragraph (1) of subdivision (d), the amount past due as indicated on the file or files compiled pursuant to subdivision (c) at the time of the match shall be a delinquency under this article for the purposes of the department taking any collection action pursuant to Section 17454.

(i) A child support delinquency need not be referred to the department for collection if a jurisdiction outside this state is enforcing the support order.

(j) (1) Each county shall notify the department upon the occurrence of the circumstances described in the following subparagraphs with respect to an obligor of past-due support:

(A) A court has ordered an obligor to make scheduled payments on a child support arrearages obligation and the obligor is in compliance with that order.

(B) An earnings assignment order or an order/notice to withhold income that includes an amount for past-due support has been served on the obligated parent's employer and earnings are being withheld pursuant to the earnings assignment order or an order/notice to withhold income.

(C) At least 50 percent of the obligated parent's earnings are being withheld for support.

(2) Notwithstanding Section 704.070 of the Code of Civil Procedure, if any of the conditions set forth in paragraph (1) exist, the assets of an obligor held by a financial institution are subject to levy as provided by paragraph (2) of subdivision (d). However, the first three thousand five hundred dollars ($3,500) of an obligor's assets are exempt from collection under this subdivision without the obligor having to file a claim of exemption.

(3) If any of the conditions set forth in paragraph (1) exist, an obligor may apply for a claim of exemption pursuant to Article 2 (commencing with Section 703.510) of Chapter 4 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure for an amount that is less than or equal to the total amount levied. The sole basis for a claim of exemption under this subdivision shall be the financial hardship for the obligor and the obligor's dependents.

(4) For the purposes of a claim of exemption made pursuant to paragraph (3), Section 688.030 of the Code of Civil Procedure shall not apply.

(5) For claims of exemption made pursuant to paragraph (3), the local child support agency responsible for enforcement of the obligor's child support order shall be the levying officer for the purpose of compliance with the provisions set forth in Article 2 (commencing with Section 703.510) of Chapter 4 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure except for the release of property required by subdivision (e) of Section 703.580 of the Code of Civil Procedure.

(6) The local child support agency shall notify the department within two business days of the receipt of a claim of exemption from an obligor. The department shall direct the financial institution subject to the order to withhold to hold any funds subject to the order pending notification by the department to remit or release the amounts held.

(7) The superior court in the county in which the local child support agency enforcing the support obligation is located shall have jurisdiction to determine the amount of exemption to be allowed. The court shall consider the needs of the obligor, the obligee, and all persons the obligor is required to support, and all other relevant circumstances in determining whether to allow any exemption pursuant to this subdivision. The court shall give effect to its determination by an order specifying the extent to which the amount levied is exempt.

(8) Within two business days of receipt of an endorsed copy of a court order issued pursuant to subdivision (e) of Section 703.580 of the Code of Civil Procedure, the local child support agency shall provide the department with a copy of the order. The department shall instruct the financial institution to remit or release the obligor's funds in accordance with the court's order.

(k) Out of any money received from the federal government for the purpose of reimbursing financial institutions for their actual and reasonable costs incurred in complying with this section, the state shall reimburse those institutions. To the extent that money is not provided by the federal government for that purpose, the state shall not reimburse financial institutions for their costs in complying with this section.

(*l*) For purposes of this section:

(1) ''Account'' means any demand deposit account, share or share draft account, checking or negotiable withdrawal order account, savings account, time deposit account, or a money market mutual fund account, whether or not the account bears interest.

(2) ''Financial institution'' has the same meaning as defined in paragraph (1) of subsection (d) of Section 669A of Title 42 of the United States Code.

17454. (a) At least 45 days before sending a notice to withhold, the department shall request that a depository institution provide the department with a designated address for receiving notices to withhold.

(b) Once the depository institution has specified a designated address pursuant to subdivision (a), the department shall send all notices to that address unless the depository institution provides notification of another address. The department shall send all notices to withhold to a new designated address 30 days after notification.

(c) If a notice to withhold is mailed to the branch where the account is located or principal banking office, the depository institution shall be liable for a failure to withhold only to the extent that the accounts can be identified in information normally maintained at that location in the ordinary course of business.

(d) The department may by notice, served by magnetic media, electronic transmission, or other electronic technology, require any depository institution, as defined in the Federal Reserve Act (12 U.S.C.A. Sec. 461 (b)(1)(A)), that the department, in its sole discretion, has reason to believe may have in its possession, or under its control, any credits or other personal property or other things of value, belonging to a child support obligor, to withhold, from the credits or other personal property or other things of value, the amount of any child support delinquency, and interest, due from an obligor and transmit that amount withheld to the department at the times that it may designate, but not less than 10 business days from receipt of the notice. The notice shall state the amount due from the obligor and shall be delivered or transmitted to the branch or office reported pursuant to subdivision (a), or other address designated by that depository institution for purposes of the department serving notice by magnetic media, electronic transmission, or other electronic technology.

(e) For purposes of this section, the term ''address'' shall include telephone or modem number, facsimile number, or any other number designated by the depository institution to receive data by electronic means.

17456. (a) Any person required to withhold and transmit any amount pursuant to this article shall comply with the requirement without resort to any legal or equitable action in a court of law or equity. Any person paying to the department any amount required by it to be

withheld is not liable therefore to the person from whom withheld unless the amount withheld is refunded to the withholding agent. However, if a depository institution, as defined in the Federal Reserve Act (12 U.S.C.A. Sec. 461(b)(1)(A)) withholds and pays to the department pursuant to this article any moneys held in a deposit account in which the delinquent obligor and another person or persons have an interest, or in an account held in the name of a third party or parties in which the delinquent obligor is ultimately determined to have no interest, the depository institution paying those moneys to the department is not liable therefore to any of the persons who have an interest in the account, unless the amount withheld is refunded to the withholding agent.

(b) In the case of a deposit account or accounts for which this notice to withhold applies, the depository institution shall send a notice by first-class mail to each person named on the account or accounts included in the notice from the department, provided that a current address for each person is available to the institution. This notice shall inform each person as to the reason for the hold placed on the account or accounts, the amount subject to being withheld, and the date by which this amount is to be remitted to the department. An institution may assess the account or accounts of each person receiving this notice a reasonable service charge not to exceed three dollars ($3).

17458. Any child support delinquency collected by the department, including those amounts that result in overpayment of a child support delinquency, shall be deposited in the State Treasury, after clearance of the remittance, to the credit of the Special Deposit Fund and distributed as specified by interagency agreement executed by the Franchise Tax Board and the department, with the concurrence of the Controller. Notwithstanding Section 13340 of the Government Code, all moneys deposited in the Special Deposit Fund pursuant to this article are hereby continuously appropriated, without regard to fiscal years, for purposes of making distributions. Upon availability of the State Disbursement Unit, any child support delinquency collected shall be deposited in a manner such that the deposit and subsequent disbursement is consistent with federal law.

17460. (a) As necessary, the department shall seek reciprocal agreements with other states to improve its ability to collect child support payments from out-of-state obligated parents on behalf of custodial parents residing in California. The department may pursue agreements with the Internal Revenue Service, as permitted by federal law, to improve collections of child support delinquencies from out-of-state obligated parents through cooperative agreements with the service.

(b) The California Child Support Automation System, established pursuant to Chapter 4 (commencing with Section 10080) of Part 1 of

Division 9 of the Welfare and Institutions Code, shall, for purposes of this article, include the capacity to interface and exchange information, if feasible, with the Internal Revenue Service, to enable the immediate reporting and tracking of obligated parent information.

(c) The department shall enter into any interagency agreements that are necessary for the implementation of this article. State departments and boards shall cooperate with the department to the extent necessary for the implementation of this article. Out of any money received from the federal government for the purpose of reimbursing state departments and boards for their actual and reasonable costs incurred in complying with this section, the department shall reimburse those departments and boards. To the extent that money is not provided by the federal government for that purpose, and subject to the annual Budget Act, the state shall fund departments and boards for their costs in complying with this section.

(1) Complete a class or program on racial or ethnic sensitivity, or other similar training in the area of civil rights, or a one-year counseling program intended to reduce the tendency toward violent and antisocial behavior if that class, program, or training is available and was developed or authorized by the court or local agencies in cooperation with organizations serving the affected community.

(2) Make payments or other compensation to a community-based program or local agency that provides services to victims of hate violence.

(3) Reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's acts.

(b) Any payments or other compensation ordered under this section shall be in addition to restitution payments required under Section 1203.04, and shall be made only after that restitution is paid in full.

(c) It is the intent of the Legislature to encourage counties, cities, and school districts to establish education and training programs to prevent violations of civil rights and hate crimes.

SEC. 2.1. Section 422.95 of the Penal Code is amended and renumbered to read:

422.85. (a) In the case of any person who is convicted of any offense against the person or property of another individual, private institution, or public agency, committed because of the victim's actual or perceived race, color, ethnicity, religion, nationality, country of origin, ancestry, disability, gender, or sexual orientation, including, but not limited to offenses defined in Section 302, 423.2, 594.3, 11411, 11412, or 11413, or for any hate crime, the court, absent compelling circumstances stated on the record, shall make an order protecting the victim, or known immediate family or domestic partner of the victim, from further acts of violence, threats, stalking, or harassment by the defendant, including any stay-away conditions the court deems appropriate, and shall make obedience of that order a condition of the defendant's probation. In these cases the court may also order that the defendant be required to do one or more of the following as a condition of probation:

(1) Complete a class or program on racial or ethnic sensitivity, or other similar training in the area of civil rights, or a one-year counseling program intended to reduce the tendency toward violent and antisocial behavior if that class, program, or training is available and was developed or authorized by the court or local agencies in cooperation with organizations serving the affected community.

(2) Make payments or other compensation to a community-based program or local agency that provides services to victims of hate violence.

(3) Reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's acts.

(b) Any payments or other compensation ordered under this section shall be in addition to restitution payments required under Section 1203.04, and shall be made only after that restitution is paid in full.

SEC. 3. Section 422.96 is added to the Penal Code, to read:

422.96. (a) In the case of any person who is committed to a state hospital or other treatment facility under the provisions of Section 1026 for any offense against the person or property of another individual, private institution, or public agency because of the victim's actual or perceived race, color, ethnicity, religion, nationality, country of origin, ancestry, disability, gender, or sexual orientation, including, but not limited to, offenses defined in Section 422.6, 422.7, 422.75, 594.3, or 11411, and then is either placed on outpatient status or conditional release from the state hospital or other treatment facility, the court or community program director may order that the defendant be required as a condition of outpatient status or conditional release to complete a class or program on racial or ethnic sensitivity, or other similar training in the area of civil rights, or a one-year counseling program intended to reduce the tendency toward violent and antisocial behavior if that class, program, or training is available and was developed or authorized by the court or local agencies in cooperation with organizations serving the affected community.

(b) In the case of any person who is committed to a state hospital or other treatment facility under the provisions of Section 1026 for any offense against the person or property of another individual, private institution, or public agency committed because of the victim's actual or perceived race, color, ethnicity, religion, nationality, country of origin, ancestry, disability, gender, or sexual orientation, including, but not limited to, offenses defined in Section 422.6, 422.7, 422.75, 594.3, or 11411, and then is either placed on outpatient status or conditional release from the state hospital or other treatment facility, the court, absent compelling circumstances stated on the record, shall make an order protecting the victim, or known immediate family or domestic partner of the victim, from further acts of violence, threats, stalking, or harassment by the defendant, including any stay-away conditions as the court deems appropriate, and shall make obedience of that order a condition of the defendant's outpatient status or conditional release.

(c) It is the intent of the Legislature to encourage state agencies and treatment facilities to establish education and training programs to prevent violations of civil rights and hate crimes.

SEC. 4. Section 3053.4 is added to the Penal Code, to read:

3053.4. In the case of any person who is released from prison on parole or after serving a term of imprisonment for any felony offense committed against the person or property of another individual, private institution, or public agency because of the victim's actual or perceived race, color, ethnicity, religion, nationality, country of origin, ancestry, disability, gender, or sexual orientation, including, but not limited to, offenses defined in Section 422.6, 422.7, 422.75, 594.3, or 11411, the

parole authority, absent compelling circumstances, shall order the defendant as a condition of parole to refrain from further acts of violence, threats, stalking, or harassment of the victim, or known immediate family or domestic partner of the victim, including stay-away conditions when appropriate. In these cases, the parole authority may also order that the defendant be required as a condition of parole to complete a class or program on racial or ethnic sensitivity, or other similar training in the area of civil rights, or a one-year counseling program intended to reduce the tendency toward violent and antisocial behavior if that class, program, or training is available and was developed or authorized by the court or local agencies in cooperation with organizations serving the affected community.

SEC. 5. (a) Section 1 of this bill shall only become operative if (1) both this bill and SB 1234 are enacted and become effective on or before January 1, 2005, (2) this bill adds Section 422.96 to, and SB 1234 amends and renumbers Section 422.95 of the Penal Code, and (3) this bill is enacted after SB 1234, in which case Section 3 of this bill shall not become operative.

(b) Section 2.1 of this bill incorporates amendments to Section 422.95 of the Penal Code proposed by both this bill and SB 1234. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) this bill amends, and SB 1234 amends and renumbers Section 422.95 of the Penal Code, and (3) this bill is enacted after SB 1234, in which case Section 2 of this bill shall not become operative.

CHAPTER 810

An act to amend Sections 366, 366.1, 366.21, 366.22, 366.26, 366.3, 391, 10609.4, and 16501.1 of, and to add Section 16131.5 to, the Welfare and Institutions Code, relating to children.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 366 of the Welfare and Institutions Code is amended to read:

366. (a) (1) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months, as calculated from the date of the original dispositional hearing, until the hearing described in Section

366.26 is completed. The court shall consider the safety of the child and shall determine all of the following:

(A) The continuing necessity for and appropriateness of the placement.

(B) The extent of the agency's compliance with the case plan in making reasonable efforts to return the child to a safe home and to complete any steps necessary to finalize the permanent placement of the child, including efforts to maintain relationships between a child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care, and individuals other than the child's siblings who are important to the child, consistent with the child's best interests.

(C) Whether there should be any limitation on the right of the parent or guardian to make educational decisions for the child. That limitation shall be specifically addressed in the court order and may not exceed those necessary to protect the child. Whenever the court specifically limits the right of the parent or guardian to make educational decisions for the child, the court shall at the same time appoint a responsible adult to make educational decisions for the child pursuant to Section 361.

(D) (i) Whether the child has other siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(I) The nature of the relationship between the child and his or her siblings.

(II) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(III) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(IV) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(V) The impact of the sibling relationships on the child's placement and planning for legal permanence.

(VI) The continuing need to suspend sibling interaction, if applicable, pursuant to subdivision (c) of Section 16002.

(ii) The factors the court may consider in making a determination regarding the nature of the child's sibling relationships may include, but are not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(E) The extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care.

(2) The court shall project a likely date by which the child may be returned to and safely maintained in the home or placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(b) Subsequent to the hearing, periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.3 and 16503.

(c) If the child has been placed out of state, each review described in subdivision (a) and any reviews conducted pursuant to Sections 366.3 and 16503 shall also address whether the out-of-state placement continues to be the most appropriate placement selection and in the best interests of the child.

(d) A child may not be placed in an out-of-state group home, or remain in an out-of-state group home, unless the group home is in compliance with Section 7911.1 of the Family Code.

SEC. 2. Section 366.1 of the Welfare and Institutions Code is amended to read:

366.1. Each supplemental report required to be filed pursuant to Section 366 shall include, but not be limited to, a factual discussion of each of the following subjects:

(a) Whether the county welfare department social worker has considered child protective services, as defined in Chapter 5 (commencing with Section 16500) of Part 4 of Division 9, as a possible solution to the problems at hand, and has offered those services to qualified parents, if appropriate under the circumstances.

(b) What plan, if any, for the return and maintenance of the child in a safe home is recommended to the court by the county welfare department social worker.

(c) Whether the subject child appears to be a person who is eligible to be considered for further court action to free the child from parental custody and control.

(d) What actions, if any, have been taken by the parent to correct the problems that caused the child to be made a dependent child of the court.

(e) If the parent or guardian is unwilling or unable to participate in making an educational decision for his or her child, or if other circumstances exist that compromise the ability of the parent or guardian to make educational decisions for the child, the county welfare department or social worker shall consider whether the right of the parent or guardian to make educational decisions for the child should be limited. If the supplemental report makes that recommendation, the report shall identify whether there is a responsible adult available to make educational decisions for the child pursuant to Section 361.

(f) (1) Whether the child has any siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(A) The nature of the relationship between the child and his or her siblings.

(B) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(C) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(D) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(E) The impact of the sibling relationships on the child's placement and planning for legal permanence.

(2) The factual discussion shall include a discussion of indicators of the nature of the child's sibling relationships, including, but not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(g) Whether a child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care has relationships with individuals other than the child's siblings that are important to the child, consistent with the child's best interests, and actions taken to maintain those relationships. The social worker shall ask every child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care to identify any individuals other than the child's siblings who are important to the child, consistent with the child's best interest. The social worker may ask any other child to provide that information, as appropriate.

SEC. 3. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older

and has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian and counsel for the child with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any court-appointed child advocate, and any foster parents, relative caregivers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court

finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall

consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody

of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within

the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home for six months or longer from the date the child entered foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances shall not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 3.5. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services

provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall

consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it

finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that

are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home for six months or longer from the date the child entered foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial

rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 4. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian.

The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home for six months or longer from the date the child entered foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal

guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or

other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, ''relative'' means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 5. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing, that shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed

with the adoption after the appellate rights of the natural parents have been exhausted.

(2) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(3) Appoint a legal guardian for the child and order that letters of guardianship issue.

(4) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights unless the court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(B) A child 12 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The child is living with a relative or foster parent who is unable or unwilling to adopt the child because of exceptional circumstances, that do not include an unwillingness to accept legal or financial

responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the child. This subparagraph does not apply to any child who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently placed together.

(E) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

If the court finds that termination of parental rights would be detrimental to the child pursuant to subparagraph (A), (B), (C), (D), or (E), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, ask each child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care, to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential adoptive parents. The public agency may ask any other child to provide that information, as appropriate. During the 180-day period, the public agency shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1) or (3)

of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) (A) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in subparagraph (A), (B), (C), (D), or (E) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. A child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care, shall be asked to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential guardians. The agency may ask any other child to provide that information, as appropriate.

(B) If the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents.

(C) The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home that has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and providing appropriate services to the child, including those services ordered by the court.

Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a child who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) In accordance with subdivision (c) of Section 317, if a child before the court is without counsel, the court shall appoint counsel unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) (1) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

(2) In accordance with Section 349, the child shall be present in court if the child or the child's counsel so requests or the court so orders. If the child is 10 years of age or older and is not present at a hearing held pursuant to this section, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire as to the reason why the child is not present.

(3) (A) The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents, if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(i) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(ii) The child is likely to be intimidated by a formal courtroom setting.

(iii) The child is afraid to testify in front of his or her parent or parents.

(B) After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

(C) The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making the order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(j) If the court, by order or judgment, declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption

agency for adoptive placement by the agency. However, a petition for adoption may not be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted. With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, ''preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following applies:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if the party is present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

SEC. 5.5. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing that shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption

in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(3) Appoint a legal guardian for the child and order that letters of guardianship issue.

(4) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights unless the court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(B) A child 12 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The child is living with a relative or foster parent who is unable or unwilling to adopt the child because of exceptional circumstances,

that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the child. This subparagraph does not apply to any child who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently placed together.

(E) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

If the court finds that termination of parental rights would be detrimental to the child pursuant to subparagraph (A), (B), (C), (D), or (E), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, ask each child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care, to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential adoptive parents. The public agency may ask any other child to provide that information, as appropriate. During the 180-day period, the public agency shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing

shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) (A) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in subparagraph (A), (B), (C), (D), or (E) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. A child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care, shall be asked to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential guardians. The agency may ask any other child to provide that information, as appropriate.

(B) If the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents.

(C) The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home that has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and providing appropriate services

to the child, including those services ordered by the court. Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a child who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, including, in the case of any child who is not a legal permanent resident or citizen of the United States, counsel appointed pursuant to subdivision (i) of Section 317, the court shall proceed as follows:

(1) In accordance with subdivision (c) of Section 317, if a child before the court is without counsel, the court shall appoint counsel unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) (1) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

(2) In accordance with Section 349, the child shall be present in court if the child or the child's counsel so requests or the court so orders. If the child is 10 years of age or older and is not present at a hearing held pursuant to this section, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire as to the reason why the child is not present.

(3) (A) The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(i) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(ii) The child is likely to be intimidated by a formal courtroom setting.

(iii) The child is afraid to testify in front of his or her parent or parents.

(B) After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

(C) The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making the order, the court shall have no power to set aside,

change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(j) If the court, by order or judgment declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, a petition for adoption may not be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted. With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, ''preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following applies:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement

of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if the party is present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

SEC. 6. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 360 or 366.26, the court shall retain jurisdiction over the child until the child is adopted or the legal guardianship is established, except as provided for in Section 366.29. The status of the child shall be reviewed every six months to ensure that the adoption or legal guardianship is completed as expeditiously as possible. When the adoption of the child has been granted, the court shall terminate its jurisdiction over the child. Following establishment of a legal guardianship, the court may continue jurisdiction over the child as a dependent child of the juvenile court or may terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the legal guardianship, as authorized by Section 366.4. If, however, a relative of the child is appointed the legal guardian of the child and the child has been placed with the relative for at least 12 months, the court shall, except if the relative guardian objects, or upon a finding of exceptional circumstances, terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, as authorized by Section 366.4. Following a termination of parental rights the parent

or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the child.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship, or no dependency jurisdiction attached because of the granting of a legal guardianship pursuant to Section 360, and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the child.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a legal guardianship that has been granted pursuant to Section 360 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the child. Prior to the hearing on a petition to terminate legal guardianship pursuant to this paragraph, the court shall order the county department of social services or welfare department to prepare a report, for the court's consideration, that shall include an evaluation of whether the child could safely remain in the legal guardian's home, without terminating the legal guardianship, if services were provided to the child or legal guardian. If applicable, the report shall also identify recommended services to maintain the legal guardianship and set forth a plan for providing those services. If the petition to terminate legal guardianship is granted, the juvenile court may resume dependency jurisdiction over the child, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination. If no dependency jurisdiction has attached, the social worker shall make any investigation he or she deems necessary to determine whether the child may be within the jurisdiction of the juvenile court, as provided in Section 328.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the legal guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the child in another permanent placement. At the hearing, the parents may be considered as custodians but the child shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the child. The court may, if it is in the best interests of the child, order that reunification services again be provided to the parent or parents.

(c) If, following the establishment of a legal guardianship, the county welfare department becomes aware of changed circumstances that indicate adoption may be an appropriate plan for the child, the department shall so notify the court. The court may vacate its previous

order dismissing dependency jurisdiction over the child and order that a hearing be held pursuant to Section 366.26 to determine whether adoption or continued legal guardianship is the most appropriate plan for the child. The hearing shall be held no later than 120 days from the date of the order. If the court orders that a hearing shall be held pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services if it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment under subdivision (b) of Section 366.22.

(d) If the child is in a placement other than the home of a legal guardian and jurisdiction has not been dismissed, the status of the child shall be reviewed at least every six months. The review of the status of a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption shall be conducted by the court. The review of the status of a child for whom the court has not ordered parental rights terminated and who has not been ordered placed for adoption may be conducted by the court or an appropriate local agency. The court shall conduct the review under the following circumstances:

(1) Upon the request of the child's parents or legal guardians.

(2) Upon the request of the child.

(3) It has been 12 months since a hearing held pursuant to Section 366.26 or an order that the child remain in long-term foster care pursuant to Section 366.21, 366.22, 366.26, or subdivision (g).

(4) It has been 12 months since a review was conducted by the court.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

(e) Except as provided in subdivision (f), at the review held every six months pursuant to subdivision (d), the reviewing body shall inquire about the progress being made to provide a permanent home for the child, shall consider the safety of the child, and shall determine all of the following:

(1) The continuing necessity for and appropriateness of the placement.

(2) Identification of individuals other than the child's siblings who are important to a child who is 10 years of age or older who is in out-of-home placement in a group home for six months or longer from the date the child entered foster care, and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The social worker shall ask every child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care to identify individuals other than the child's siblings who are important

to the child, and may ask any other child to provide that information, as appropriate. The social worker shall make efforts to identify other individuals who are important to the child, consistent with the child's best interests.

(3) The continuing appropriateness and extent of compliance with the permanent plan for the child, including efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care and individuals who are important to the child and efforts to identify a prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment efforts and listing on an adoption exchange.

(4) The extent of the agency's compliance with the child welfare services case plan in making reasonable efforts to return the child to a safe home and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) Whether there should be any limitation on the right of the parent or guardian to make educational decisions for the child. That limitation shall be specifically addressed in the court order and may not exceed what is necessary to protect the child. If the court specifically limits the right of the parent or guardian to make educational decisions for the child, the court shall at the same time appoint a responsible adult to make educational decisions for the child pursuant to Section 361.

(6) The adequacy of services provided to the child. The court shall consider the progress in providing the information and documents to the child, as described in Section 391. The court shall also consider the need for, and progress in providing, the assistance and services described in paragraphs (3) and (4) of subdivision (b) of Section 391.

(7) The extent of progress the parents or legal guardians have made toward alleviating or mitigating the causes necessitating placement in foster care.

(8) The likely date by which the child may be returned to and safely maintained in the home, placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(9) Whether the child has any siblings under the court's jurisdiction, and, if any siblings exist, all of the following:

(A) The nature of the relationship between the child and his or her siblings.

(B) The appropriateness of developing or maintaining the sibling relationships pursuant to Section 16002.

(C) If the siblings are not placed together in the same home, why the siblings are not placed together and what efforts are being made to place the siblings together, or why those efforts are not appropriate.

(D) If the siblings are not placed together, the frequency and nature of the visits between siblings.

(E) The impact of the sibling relationships on the child's placement and planning for legal permanence.

The factors the court may consider as indicators of the nature of the child's sibling relationships include, but are not limited to, whether the siblings were raised together in the same home, whether the siblings have shared significant common experiences or have existing close and strong bonds, whether either sibling expresses a desire to visit or live with his or her sibling, as applicable, and whether ongoing contact is in the child's best emotional interests.

(10) For a child who is 16 years of age or older, the services needed to assist the child to make the transition from foster care to independent living.

The reviewing body shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

Each licensed foster family agency shall submit reports for each child in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the child's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the child.

Unless their parental rights have been permanently terminated, the parent or parents of the child are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the best interests of the child, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the child. In those cases, the court may order that further reunification services to return the child to a safe home environment be provided to the parent or parents for a period not to exceed six months.

(f) At the review conducted by the court and held at least every six months, regarding a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption, the county welfare department shall prepare and present to the court a report describing the following:

(1) The child's present placement.

(2) The child's current physical, mental, emotional, and educational status.

(3) If the child has not been placed with a prospective adoptive parent or guardian, identification of individuals, other than the child's siblings, who are important to the child and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The agency shall ask

every child who is 10 years of age or older to identify any individuals who are important to him or her, consistent with the child's best interest, and may ask any child who is younger than 10 years of age to provide that information as appropriate. The agency shall make efforts to identify other individuals who are important to the child.

(4) Whether the child has been placed with a prospective adoptive parent or parents.

(5) Whether an adoptive placement agreement has been signed and filed.

(6) If the child has not been placed with a prospective adoptive parent or parents, the efforts made to identify an appropriate prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment efforts and listing on an adoption exchange.

(7) Whether the final adoption order should include provisions for postadoptive sibling contact pursuant to Section 366.29.

(8) The progress of the search for an adoptive placement if one has not been identified.

(9) Any impediments to the adoption or the adoptive placement.

(10) The anticipated date by which the child will be adopted, or placed in an adoptive home.

(11) The anticipated date by which an adoptive placement agreement will be signed.

(12) Recommendations for court orders that will assist in the placement of the child for adoption or in the finalization of the adoption.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

The court shall make appropriate orders to protect the stability of the child and to facilitate and expedite the permanent placement and adoption of the child.

(g) At the review held pursuant to subdivision (d) for a child in long-term foster care, the court shall consider all permanency planning options for the child including whether the child should be returned to the home of the parent, placed for adoption, or appointed a legal guardian, or, if compelling reasons exist for finding that none of the foregoing options are in the best interest of the child, whether the child should be placed in another planned permanent living arrangement. The court shall order that a hearing be held pursuant to Section 366.26 unless it determines by clear and convincing evidence, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is being returned to the home of the parent, the child is not a proper subject for adoption, or no one is willing to accept legal guardianship. If the licensed county adoption agency, or the department when it is acting as an adoption agency in counties that are not served by a county

adoption agency, has determined it is unlikely that the child will be adopted or one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, that fact shall constitute a compelling reason for purposes of this subdivision. Only upon that determination may the court order that the child remain in foster care, without holding a hearing pursuant to Section 366.26.

(h) If, as authorized by subdivision (g), the court orders a hearing pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment as provided for in subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. A hearing held pursuant to Section 366.26 shall be held no later than 120 days from the date of the 12-month review at which it is ordered, and at that hearing the court shall determine whether adoption, legal guardianship, or long-term foster care is the most appropriate plan for the child.

SEC. 7. Section 391 of the Welfare and Institutions Code is amended to read:

391. At any hearing to terminate jurisdiction over a dependent child who has reached the age of majority the county welfare department shall do both of the following:

(a) Ensure that the child is present in court, unless the child does not wish to appear in court, or document efforts by the county welfare department to locate the child when the child is not available.

(b) Submit a report verifying that the following information, documents, and services have been provided to the child:

(1) Written information concerning the child's dependency case, including his or her family history and placement history, the whereabouts of any siblings under the jurisdiction of the juvenile court, unless the court determines that sibling contact would jeopardize the safety or welfare of the sibling, directions on how to access the documents the child is entitled to inspect under Section 827, and the date on which the jurisdiction of the juvenile court would be terminated.

(2) The following documents, where applicable: social security card, certified birth certificate, identification card, as described in Section 13000 of the Vehicle Code, death certificate of parent or parents, and proof of citizenship or residence.

(3) Assistance in completing an application for Medi-Cal or assistance in obtaining other health insurance; referral to transitional housing, if available, or assistance in securing other housing; and assistance in obtaining employment or other financial support.

(4) Assistance in applying for admission to college or to a vocational training program or other educational institution and in obtaining financial aid, where appropriate.

(5) Assistance in maintaining relationships with individuals who are important to a child who has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care, based on the child's best interests.

(c) The court may continue jurisdiction if it finds that the county welfare department has not met the requirements of subdivision (b) and that termination of jurisdiction would be harmful to the best interests of the child. If the court determines that continued jurisdiction is warranted pursuant to this section, the continuation shall only be ordered for that period of time necessary for the county welfare department to meet the requirements of subdivision (b). This section shall not be construed to limit the discretion of the juvenile court to continue jurisdiction for other reasons. The court may terminate jurisdiction if the county welfare department has offered the required services, and the child either has refused the services or, after reasonable efforts by the county welfare department, cannot be located.

(d) The Judicial Council shall develop and implement standards, and develop and adopt appropriate forms, necessary to implement this section.

SEC. 8. Section 10609.4 of the Welfare and Institutions Code is amended to read:

10609.4. (a) On or before July 1, 2000, the State Department of Social Services, in consultation with county and state representatives, foster youth, and advocates, shall do both of the following:

(1) Develop statewide standards for the implementation and administration of the Independent Living Program established pursuant to the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99-272).

(2) Define the outcomes for the Independent Living Program and the characteristics of foster youth enrolled in the program for data collection purposes.

(b) Each county department of social services shall include in its annual Independent Living Program report both of the following:

(1) An accounting of federal and state funds allocated for implementation of the program. Expenditures shall be related to the specific purposes of the program. Program purposes may include, but are not limited to, all of the following:

(A) Enabling participants to seek a high school diploma or its equivalent or to take part in appropriate vocational training, and providing job readiness training and placement services, or building work experience and marketable skills, or both.

(B) Providing training in daily living skills, budgeting, locating and maintaining housing, and career planning.

(C) Providing for individual and group counseling.

(D) Integrating and coordinating services otherwise available to participants.

(E) Providing each participant with a written transitional independent living plan that will be based on an assessment of his or her needs, that includes information provided by persons who have been identified by the participant as important to the participant in cases in which the participant has been in out-of-home placement in a group home for six months or longer from the date the participant entered foster care, consistent with the participant's best interests, and that will be incorporated into his or her case plan.

(F) Providing participants with other services and assistance designed to improve independent living.

(G) Convening persons who have been identified by the participant as important to him or her for the purpose of providing information to be included in his or her written transitional independent living plan.

(2) A detail of the characteristics of foster youth enrolled in their independent living programs and the outcomes achieved based on the information developed by the department pursuant to subdivision (a).

(c) In consultation with the department, a county may use different methods and strategies to achieve the standards and outcomes of the Independent Living Program developed pursuant to subdivision (a).

(d) In consultation with the County Welfare Directors Association, the California Youth Connection, and other stakeholders, the department shall develop and adopt emergency regulations in accordance with Section 11346.1 of the Government Code that counties shall be required to meet when administering the Independent Living Program and that are achievable within existing program resources. The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The initial emergency regulations and the first readoption of those regulations authorized by this subdivision shall be submitted to the Office of Administrative Law for filing with the Secretary of State and each shall remain in effect for no more than 180 days.

SEC. 9. Section 16131.5 is added to the Welfare and Institutions Code, to read:

16131.5. The state shall reinvest any incentive payments received through the implementation of the federal Adoption Promotion Act of 2003 (Public Law 108-145) for placement of older children, as defined

in that act, into the child welfare system, in order to provide adoption services for older children. Nothing in this section shall be construed to supplant funds currently being spent on programs to provide adoption services.

SEC. 10. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) (1) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(2) The Legislature further finds and declares that a case plan ensures that the child receives protection and safe and proper care and case management, and that services are provided to the child and parents or other caretakers, as appropriate, in order to improve conditions in the parent's home, to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care.

(b) (1) A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(2) In determining the reasonable services to be offered or provided, the child's health and safety shall be the paramount concerns.

(3) Reasonable services shall be offered or provided to make it possible for a child to return to a safe home environment, unless, pursuant to subdivisions (b) and (e) of Section 361.5, the court determines that reunification services shall not be provided.

(4) If reasonable services are not ordered, or are terminated, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanent plan and to complete all steps necessary to finalize the permanent placement of the child.

(c) (1) If out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of a safe setting that is the least restrictive or most familylike and the most appropriate setting that is available and in close proximity to the parent's home, proximity to the child's school, consistent with the selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(2) In addition to the requirements of paragraph (1), and taking into account other statutory considerations regarding placement, the selection of the most appropriate home that will meet the child's special

needs and best interests shall also promote educational stability by taking into consideration proximity to the child's school attendance area.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501, if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months. Each updated case plan shall include a description of the services that have been provided to the child under the plan and an evaluation of the appropriateness and effectiveness of those services.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out of state, the county social worker or a social worker on the staff of the social services agency in the state in which the child has been placed shall visit the child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5. At least once every six months, at the time of a regularly scheduled social worker contact with the foster child, the child's social worker shall inform the child of his or her rights as a foster child, as specified in Section 16001.9. The social worker shall provide the information to the

child in a manner appropriate to the age or developmental level of the child.

(5) (A) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(B) Information regarding any court-ordered visitation between the child and the natural parents or legal guardians, and the terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(6) When out-of-home placement is made, the case plan shall include provisions for the development and maintenance of sibling relationships as specified in subdivisions (b), (c), and (d) of Section 16002. If appropriate, when siblings who are dependents of the juvenile court are not placed together, the social worker for each child, if different, shall communicate with each of the other social workers and ensure that the child's siblings are informed of significant life events that occur within their extended family. Unless it has been determined that it is inappropriate in a particular case to keep siblings informed of significant life events that occur within the extended family, the social worker shall determine the appropriate means and setting for disclosure of this information to the child commensurate with the child's age and emotional well-being. These significant life events shall include, but shall not be limited to, the following:

(A) The death of an immediate relative.

(B) The birth of a sibling.

(C) Significant changes regarding a dependent child, unless the child objects to the sharing of the information with his or her siblings, including changes in placement, major medical or mental health diagnoses, treatments, or hospitalizations, arrests, and changes in the permanent plan.

(7) If out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out of state, the case plan shall specify the reasons why that placement is in the best interest of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) (A) If out-of-home services are used, or if parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and

the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(B) Information regarding the schedule and frequency of the visits between the child and siblings, as well as any court-ordered terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(9) If out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail. The plan shall also consider the importance of developing and maintaining sibling relationships pursuant to Section 16002, and the desire and willingness of the caregiver to provide legal permanency for the child if reunification is unsuccessful.

(10) If out-of-home services are used, the child has been in care for at least 12 months, and the goal is not adoptive placement, the case plan shall include documentation of the compelling reason or reasons why termination of parental rights is not in the child's best interest. A determination completed or updated within the past 12 months by the department when it is acting as an adoption agency or by a licensed adoption agency that it is unlikely that the child will be adopted, or that one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, shall be deemed a compelling reason.

(11) (A) Parents and legal guardians shall have an opportunity to review the case plan, and to sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(12) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing.

Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan. If out-of-home services are used with the goal of family reunification, the case plan shall consider and describe the application of subdivision (b) of Section 11203.

(13) If the case plan has as its goal for the child a permanent plan of adoption or placement in another permanent home, it shall include documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, a legal guardian, or in another planned permanent living arrangement; and to finalize the adoption or legal guardianship. At a minimum, the documentation shall include child specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, when the child has been freed for adoption.

(14) When appropriate, for a child who is 16 years of age or older, the case plan shall include a written description of the programs and services that will help the child prepare for the transition from foster care to independent living. The case plan shall be developed with the child and individuals identified as important to the child, consistent with the child's best interests, and shall include steps the agency is taking to ensure that the child has a connection to a caring adult.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, the child's current caregiver, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. This section does not require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) When a child who is 10 years of age or older has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care, the case plan shall include an identification of individuals, other than the child's siblings, who are important to the child and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The social worker shall ask every child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care to identify

individuals other than the child's siblings who are important to the child, and may ask any other child to provide that information, as appropriate. The social worker shall make efforts to identify other individuals who are important to the child, consistent with the child's best interests.

(j) The child's caregiver shall be provided a copy of a plan outlining the child's needs and services.

(k) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by March 1, 1999.

SEC. 10.5. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) (1) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(2) The Legislature further finds and declares that a case plan ensures that the child receives protection and safe and proper care and case management, and that services are provided to the child and parents or other caretakers, as appropriate, in order to improve conditions in the parent's home, to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care.

(b) (1) A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(2) In determining the reasonable services to be offered or provided, the child's health and safety shall be the paramount concerns.

(3) Reasonable services shall be offered or provided to make it possible for a child to return to a safe home environment, unless, pursuant to subdivisions (b) and (e) of Section 361.5, the court determines that reunification services shall not be provided.

(4) If reasonable services are not ordered, or are terminated, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanent plan and to complete all steps necessary to finalize the permanent placement of the child.

(c) (1) If out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of a safe setting that is the least restrictive or most familylike and the most appropriate setting that is available and in close proximity to the parent's home, proximity to the child's school, consistent with the selection of

the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(2) In addition to the requirements of paragraph (1), and taking into account other statutory considerations regarding placement, the selection of the most appropriate home that will meet the child's special needs and best interests shall also promote educational stability by taking into consideration proximity to the child's school attendance area.

(d) A written case plan shall be completed within a maximum of 60 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months. Each updated case plan shall include a description of the services that have been provided to the child under the plan and an evaluation of the appropriateness and effectiveness of those services.

(1) It is the intent of the Legislature that extending the maximum time available for preparing a written case plan from 30 to 60 days will afford caseworkers time to actively engage families, and to solicit and integrate into the case plan the input of the child and the child's family, as well as the input of relatives and other interested parties.

(2) The extension of the maximum time available for preparing a written case plan from the 30 to 60 days shall be effective 90 days after the date that the department gives counties written notice that necessary changes have been made to the Child Welfare Services Case Management System to account for the 60-day timeframe for preparing a written case plan.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited

as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out of state, the county social worker or a social worker on the staff of the social services agency in the state in which the child has been placed shall visit the child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5. At least once every six months, at the time of a regularly scheduled social worker contact with the foster child, the child's social worker shall inform the child of his or her rights as a foster child, as specified in Section 16001.9. The social worker shall provide the information to the child in a manner appropriate to the age or developmental level of the child.

(5) (A) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(B) Information regarding any court-ordered visitation between the child and the natural parents or legal guardians, and the terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(6) When out-of-home placement is made, the case plan shall include provisions for the development and maintenance of sibling relationships as specified in subdivisions (b), (c), and (d) of Section 16002. If appropriate, when siblings who are dependents of the juvenile court are not placed together, the social worker for each child, if different, shall communicate with each of the other social workers and ensure that the child's siblings are informed of significant life events that occur within their extended family. Unless it has been determined that it is inappropriate in a particular case to keep siblings informed of significant life events that occur within the extended family, the social worker shall determine the appropriate means and setting for disclosure of this information to the child commensurate with the child's age and emotional well-being. These significant life events shall include, but shall not be limited to, the following:

(A) The death of an immediate relative.

(B) The birth of a sibling.

(C) Significant changes regarding a dependent child, unless the child objects to the sharing of the information with his or her siblings, including changes in placement, major medical or mental health diagnoses, treatments, or hospitalizations, arrests, and changes in the permanent plan.

(7) If out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out of state, the case plan shall specify the reasons why that placement is in the best interest of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) (A) If out-of-home services are used, or if parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(B) Information regarding the schedule and frequency of the visits between the child and siblings, as well as any court-ordered terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(9) If out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail. The plan shall also consider the importance of developing and maintaining sibling relationships pursuant to Section 16002, and the desire and willingness of the caregiver to provide legal permanency for the child if reunification is unsuccessful.

(10) If out-of-home services are used, the child has been in care for at least 12 months, and the goal is not adoptive placement, the case plan shall include documentation of the compelling reason or reasons why termination of parental rights is not in the child's best interest. A determination completed or updated within the past 12 months by the department when it is acting as an adoption agency or by a licensed adoption agency that it is unlikely that the child will be adopted, or that one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, shall be deemed a compelling reason.

(11) (A) Parents and legal guardians shall have an opportunity to review the case plan, and to sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(12) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan. If out-of-home services are used with the goal of family reunification, the case plan shall consider and describe the application of subdivision (b) of Section 11203.

(13) If the case plan has as its goal for the child a permanent plan of adoption or placement in another permanent home, it shall include documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, a legal guardian, or in another planned permanent living arrangement; and to finalize the adoption or legal guardianship. At a minimum, the documentation shall include child specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, when the child has been freed for adoption.

(14) When appropriate, for a child who is 16 years of age or older, the case plan shall include a written description of the programs and services that will help the child, consistent with the child's best interests, prepare for the transition from foster care to independent living. The case plan shall be developed with the child and individuals identified as important to the child, and shall include steps the agency is taking to ensure that the child has a connection to a caring adult.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, the child's current caregiver, and the child's prospective adoptive parents, if

applicable, be provided with information necessary to accomplish this visitation. This section does not require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) When a child who is 10 years of age or older has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care, the case plan shall include an identification of individuals, other than the child's siblings, who are important to the child and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The social worker shall ask every child who is 10 years of age or older who is placed in a group home for six months or longer from the date the child entered foster care to identify individuals other than the child's siblings who are important to the child, and may ask any other child to provide that information, as appropriate. The social worker shall make efforts to identify other individuals who are important to the child, consistent with the child's best interests.

(j) The child's caregiver shall be provided a copy of a plan outlining the child's needs and services.

(k) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by March 1, 1999.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 3110.5 of the Family Code is amended to read:

3110.5. (a) No person may be a court-connected or private child custody evaluator under this chapter unless the person has completed the domestic violence and child abuse training program described in Section 1816 and has complied with Rules 5.220 and 5.230 of the California Rules of Court.

(b) (1) On or before January 1, 2002, the Judicial Council shall formulate a statewide rule of court that establishes education, experience, and training requirements for all child custody evaluators appointed pursuant to this chapter, Section 730 of the Evidence Code, or Section 2032 of the Code of Civil Procedure.

(A) The rule shall require a child custody evaluator to declare under penalty of perjury that he or she meets all of the education, experience, and training requirements specified in the rule and, if applicable, possesses a license in good standing. The Judicial Council shall establish forms to implement this section. The rule shall permit court-connected evaluators to conduct evaluations if they meet all of the qualifications established by the Judicial Council. The education, experience, and training requirements to be specified for court-connected evaluators shall include, but not be limited to, knowledge of the psychological and developmental needs of children and parent-child relationships.

(B) The rule shall require all evaluators to utilize comparable interview, assessment, and testing procedures for all parties that are consistent with generally accepted clinical, forensic, scientific, diagnostic, or medical standards. The rule shall also require evaluators to inform each adult party of the purpose, nature, and method of the evaluation.

(C) The rule may allow courts to permit the parties to stipulate to an evaluator of their choosing with the approval of the court under the circumstances set forth in subdivision (d). The rule may require courts to provide general information about how parties can contact qualified child custody evaluators in their county.

(2) On or before January 1, 2004, the Judicial Council shall include in the statewide rule of court created pursuant to this section a requirement that all court-connected and private child custody evaluators receive training in the nature of child sexual abuse. The Judicial Council shall develop standards for this training that shall include, but not be limited to, the following:

(A) Children's patterns of hiding and disclosing sexual abuse occurring in a family setting.

(B) The effects of sexual abuse on children.

(C) The nature and extent of child sexual abuse.

(D) The social and family dynamics of child sexual abuse.

(E) Techniques for identifying and assisting families affected by child sexual abuse.

(F) Legal rights, protections, and remedies available to victims of child sexual abuse.

(5) He or she is a court-connected evaluator who has been certified by the court as meeting all of the qualifications for court-connected evaluators as specified by the Judicial Council pursuant to subdivision (b).

(d) Subdivision (c) does not apply in any case where the court determines that there are no evaluators who meet the criteria of subdivision (c) who are willing and available, within a reasonable period of time, to perform child custody evaluations. In those cases, the parties may stipulate to an individual who does not meet the criteria of subdivision (c), subject to approval by the court.

(e) A child custody evaluator who is licensed by the Medical Board of California, the Board of Psychology, or the Board of Behavioral Sciences shall be subject to disciplinary action by that board for unprofessional conduct, as defined in the licensing law applicable to that licensee.

(f) On or after January 1, 2005, a court-connected or private child custody evaluator may not evaluate, investigate, or mediate an issue of child custody in a proceeding pursuant to this division unless that person has completed child sexual abuse training as required by this section.

SEC. 1.5. Section 3110.5 of the Family Code is amended to read:

3110.5. (a) No person may be a court-connected or private child custody evaluator under this chapter unless the person has completed the domestic violence and child abuse training program described in Section 1816 and has complied with Rules 5.220 and 5.230 of the California Rules of Court.

(2) On or before January 1, 2004, the Judicial Council shall include in the statewide rule of court created pursuant to this section a requirement that all court-connected and private child custody evaluators receive training in the nature of child sexual abuse. (1) He or she is licensed as a physician under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code and either is a board certified psychiatrist or has completed a residency in psychiatry.

(2) He or she is licensed as a psychologist under Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code.

(3) He or she is licensed as a marriage and family therapist under Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code.

(4) He or she is licensed as a clinical social worker under Article 4 (commencing with Section 4996) of Chapter 14 of Division 2 of the Business and Professions Code.

(5) He or she is a court-connected evaluator who has been certified by the court as meeting all of the qualifications for court-connected evaluators as specified by the Judicial Council pursuant to subdivision (b).

(d) Subdivision (c) does not apply in any case where the court determines that there are no evaluators who meet the criteria of subdivision (c) who are willing and available, within a reasonable period of time, to perform child custody evaluations. In those cases, the parties may stipulate to an individual who does not meet the criteria of subdivision (c), subject to approval by the court.

(e) A child custody evaluator who is licensed by the Medical Board of California, the Board of Psychology, or the Board of Behavioral Sciences shall be subject to disciplinary action by that board for unprofessional conduct, as defined in the licensing law applicable to that licensee.

(f) On or after January 1, 2005, a court-connected or private child custody evaluator may not evaluate, investigate, or mediate an issue of child custody in a proceeding pursuant to this division unless that person has completed child sexual abuse training as required by this section.

SEC. 2. Section 6222 of the Family Code, as amended by Section 3 of Chapter 1009 of the Statutes of 2002, is amended to read:

6222. (a) There is no filing fee for an application, a responsive pleading, or an order to show cause that seeks to obtain, modify, or enforce a protective order or other order authorized by this division if the request for the other order is necessary to obtain or give effect to a protective order. There is no fee for a subpoena filed in connection with that application, responsive pleading, or order to show cause.

(b) Fees otherwise payable by a petitioner to a law enforcement agency for serving an order issued under this division may be waived in any case in which the petitioner has requested a fee waiver on the initiating petition and has filed a declaration that demonstrates, to the satisfaction of the court, the financial need of the petitioner for the fee waiver. If the petitioner is not eligible for the fee waiver pursuant to this subdivision, he or she may be eligible pursuant to paragraph (1) of subdivision (q) of Section 527.6 of the Code of Civil Procedure.

(c) The declaration required by subdivision (b) shall be on one of the following forms:

(1) The form formulated and adopted by the Judicial Council for litigants proceeding in forma pauperis pursuant to Section 68511.3 of the Government Code, but the petitioner is not subject to any other requirements of litigants proceeding in forma pauperis.

(2) Any other form that the Judicial Council may adopt for this purpose pursuant to Section 6226.

(d) In conjunction with a hearing pursuant to this division, the court may make an order for the waiver of fees otherwise payable by the petitioner to a law enforcement agency for serving an order issued under this division.

(e) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 3. Section 7120 of the Family Code is amended to read:

7120. (a) A minor may petition the superior court of the county in which the minor resides or is temporarily domiciled for a declaration of emancipation.

(b) The petition shall set forth with specificity all of the following facts:

(1) The minor is at least 14 years of age.

(2) The minor willingly lives separate and apart from the minor's parents or guardian with the consent or acquiescence of the minor's parents or guardian.

(3) The minor is managing his or her own financial affairs. As evidence of this, the minor shall complete and attach a declaration of income and expenses as provided in Judicial Council form FL-150.

(4) The source of the minor's income is not derived from any activity declared to be a crime by the laws of this state or the laws of the United States.

SEC. 4. Section 6103.2 of the Government Code, as amended by Section 5 of Chapter 1009 of the Statutes of 2002, is amended to read:

6103.2. (a) Section 6103 does not apply to any fee or charge or expense for official services rendered by a sheriff or marshal in connection with the levy of writs of attachment, execution, possession, or sale. The fee, charge, or expense may be advanced to the sheriff or marshal, as otherwise required by law.

(b) (1) Notwithstanding Section 6103, the sheriff or marshal, in connection with the service of process or notices, may require that all fees that a public agency, or any person or entity, is required to pay under provisions of law other than this section, be prepaid by a public agency named in Section 6103, or by any person or entity, prior to the performance of any official act. This authority to require prepayment shall include fees governed by Section 6103.5.

(2) This subdivision does not apply to the service of process or notices in any action by the district attorney's office for the establishment or enforcement of a child support obligation.

(3) This subdivision does not apply to a particular jurisdiction unless the sheriff or marshal, as the case may be, imposes the requirement of

prepayment upon public agencies and upon all persons or entities within the private sector.

(4) The requirement for prepayment of a fee deposit does not apply to the orders or injunctions described in paragraph (1) of subdivision (q) of Section 527.6 of the Code of Civil Procedure. However, a sheriff, marshal, or constable may submit a billing to the superior court for payment of fees in the manner prescribed by the Judicial Council. The fees for service, cancellation of service, and making a not found return may not exceed the amounts provided in Sections 26721, 26736, and 26738, respectively, and are subject to the provisions of Section 26731.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 5. Section 68085 of the Government Code is amended to read:

68085. (a) (1) There is hereby established the Trial Court Trust Fund, the proceeds of which shall be apportioned at least quarterly for the purpose of funding trial court operations, as defined in Section 77003. Apportionment payments may not exceed 30 percent of the total annual apportionment to the Trial Court Trust Fund for state trial court funding in any 90-day period.

(2) The apportionment payments shall be made by the Controller. The final payment from the Trial Court Trust Fund for each fiscal year shall be made on or before August 31 of the subsequent fiscal year.

(3) If apportionment payments are made on a quarterly basis, the payments shall be on July 15, October 15, January 15, and April 15. In addition to quarterly payments, a final payment from the Trial Court Trust Fund for each fiscal year may be made on or before August 31 of the subsequent fiscal year.

(4) Notwithstanding any other provision of law, in order to promote statewide efficiency, the Judicial Council may authorize the direct payment or reimbursement or both of actual costs from the Trial Court Trust Fund or the Trial Court Improvement Fund to fund administrative infrastructure within the Administrative Office of the Courts, such as legal services, financial services, information systems services, human resource services, and support services, for one or more participating courts upon appropriation of funding for these purposes in the annual Budget Act. The amount of appropriations from the Trial Court Improvement Fund under this subdivision may not exceed 20 percent of the amount deposited in the Trial Court Improvement Fund pursuant to subdivision (a) of Section 77205. Upon prior written approval of the Director of Finance, the Judicial Council may also authorize an increase in any reimbursements or direct payments in excess of the amount appropriated in the annual Budget Act. For any increases in reimbursements or direct payments within the fiscal year that exceed two

hundred thousand dollars ($200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the annual Budget Act, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance, determine. The direct payment or reimbursement of costs from the Trial Court Trust Fund may be supported by the reduction of a participating court's allocation from the Trial Court Trust Fund to the extent that the court's expenditures for the program are reduced and the court is supported by the program. The Judicial Council shall provide the affected trial courts with quarterly reports on expenditures from the Trial Court Trust Fund incurred as authorized by this subdivision. The Judicial Council shall establish procedures to provide for the administration of this paragraph in a way that promotes the effective, efficient, reliable, and accountable operation of the trial courts.

(b) Notwithstanding any other provision of law, the fees listed in subdivision (c) shall all be deposited upon collection in a special account in the county treasury, and transmitted monthly to the Controller for deposit in the Trial Court Trust Fund.

(c) (1) Except as specified in subdivision (d), this section applies to all fees collected pursuant to Sections 631.3, 116.230, and 403.060 of the Code of Civil Procedure and Sections 26820.4, 26823, 26826, 26826.01, 26827, 26827.4, 26830, 26832.1, 26833.1, 26835.1, 26836.1, 26837.1, 26838, 26850.1, 26851.1, 26852.1, 26853.1, 26855.4, 26862, 27081.5, 68086, 72055, 72056, 72056.01, and 72060.

(2) If any of the fees provided for in this subdivision are partially waived by court order, and the fee is to be divided between the Trial Court Trust Fund and any other fund, the amount of the partial waiver shall be deducted from the amount to be distributed to each fund in the same proportion as the amount of each distribution bears to the total amount of the fee.

(3) Any amounts transmitted by a county to the Controller for deposit into the Trial Court Trust Fund from fees collected pursuant to Section 27361 between January 1, 1998, and the effective date of this paragraph shall be credited against the total amount the county is required to pay to the state pursuant to paragraph (2) of subdivision (b) of Section 77201 for the 1997–98 fiscal year.

(d) This section does not apply to that portion of a filing fee collected pursuant to Section 26820.4, 26826, 26827, 72055, or 72056 which is

allocated for dispute resolution pursuant to Section 470.3 of the Business and Professions Code, the county law library pursuant to Section 6320 of the Business and Professions Code, the Judges' Retirement Fund pursuant to Section 26822.3, automated recordkeeping or conversion to micrographics pursuant to Sections 26863 and 68090.7, and courthouse financing pursuant to Section 76238. This section also does not apply to fees collected pursuant to subdivisions (a) and (c) of Section 27361.

(e) This section applies to all payments required to be made to the State Treasury by any county or city and county pursuant to Section 77201, 77201.1, or 77205.

(f) Notwithstanding any other provision of law, no agency may take action to change the amounts allocated to any of the funds described in subdivision (a), (b), (c), or (d).

(g) Before making any apportionments under this section, the Controller shall deduct, from the annual appropriation for that purpose, the actual administrative costs that will be incurred under this section. Costs reimbursed under this section shall be determined on an annual basis in consultation with the Judicial Council.

(h) Any amounts required to be transmitted by a county or city and county to the state pursuant to this section shall be remitted to the Controller no later than 45 days after the end of the month in which the fees were collected. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund to which it is to be deposited. Any remittance that is not made by the county or city and county in accordance with this section shall be considered delinquent, and subject to the penalties specified in this section.

(i) Upon receipt of any delinquent payment required pursuant to this section, the Controller shall calculate a penalty on any delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to $1^1/_2$ percent per month for the number of days the payment is delinquent. Notwithstanding Section 77009, any penalty on a delinquent payment that a court is required to reimburse to a county's general fund pursuant to this section and Section 24353 shall be paid from the Trial Court Operations Fund for that court.

(j) Penalty amounts calculated pursuant to subdivision (i) shall be paid by the county to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

(k) The Trial Court Trust Fund shall be invested in the Surplus Money Investment Fund and all interest earned shall be allocated to the Trial Court Trust Fund semiannually and shall be allocated among the courts in accordance with the requirements of subdivision (a). The specific allocations shall be specified by the Judicial Council.

(*l*) It is the intent of the Legislature that the revenues required to be deposited into the Trial Court Trust Fund be remitted as soon after collection by the courts as possible.

SEC. 6. Section 68115 of the Government Code is amended to read:

68115. When war, insurrection, pestilence, or other public calamity, or the danger thereof, or the destruction of or danger to the building appointed for holding the court, renders it necessary, or when a large influx of criminal cases resulting from a large number of arrests within a short period of time threatens the orderly operation of a superior court location or locations within a county, the presiding judge may request and the Chair of the Judicial Council may, notwithstanding any other provision of law, by order authorize the court to do one or more of the following:

(a) Hold sessions anywhere within the county.

(b) Transfer civil cases pending trial in the court to a superior court in an adjacent county. No transfer may be made pursuant to this subdivision except with the consent of all parties to the case or upon a showing by a party that extreme or undue hardship would result unless the case is transferred for trial. Any civil case so transferred shall be integrated into the existing caseload of the court to which it is transferred pursuant to rules to be provided by the Judicial Council.

(c) Declare that a date or dates on which an emergency condition, as described in this section, substantially interfered with the public's ability to file papers in a court facility or facilities be deemed a holiday for purposes of computing the time for filing papers with the court under Sections 12 and 12a of the Code of Civil Procedure. This subdivision shall apply to the fewest days necessary under the circumstances of the emergency, as determined by the Chair of the Judicial Council.

(d) Declare that a date on which an emergency condition, as described in this section, prevented the court from conducting proceedings governed by Section 825 of the Penal Code, or Section 313, 315, 631, 632, 637, or 657 of the Welfare and Institutions Code, be deemed a holiday for purposes of computing time under those statutes. This subdivision shall apply to the fewest days necessary under the circumstances of the emergency, as determined by the Chair of the Judicial Council.

(e) Extend the duration of any temporary restraining order that would otherwise expire because an emergency condition, as described in this section, prevented the court from conducting proceedings to determine whether a permanent order should be entered. The extension shall be for the fewest days necessary under the circumstances of the emergency, as determined by the Chair of the Judicial Council.

(f) Within the affected county during a state of emergency resulting from a natural or human-made disaster proclaimed by the President of

the United States or by the Governor pursuant to Section 8625 of the Government Code, extend the time period provided in Section 825 of the Penal Code within which a defendant charged with a felony offense shall be taken before a magistrate from 48 hours to not more than seven days, with the number of days to be designated by the Chair of the Judicial Council. This authorization shall be effective for 30 days unless it is extended by a new request and a new order.

(g) Extend the time period provided in Section 859b of the Penal Code for the holding of a preliminary examination from 10 court days to not more than 15 days.

(h) Extend the time period provided in Section 1382 of the Penal Code within which the trial must be held by not more than 30 days, but the trial of a defendant in custody whose time is so extended shall be given precedence over all other cases.

(i) Within the affected area of a county during a state of emergency resulting from a natural or human-made disaster proclaimed by the President of the United States or by the Governor pursuant to Section 8625 of the Government Code, extend the time period provided in Sections 313, 315, 632, and 637 of the Welfare and Institutions Code within which a minor shall be given a detention hearing, with the number of days to be designated by the Chair of the Judicial Council. The extension of time shall be for the shortest period of time necessary under the circumstances of the emergency, but in no event shall the time period within which a detention hearing must be given be extended to more than seven days. This authorization shall be effective for 30 days unless it is extended by a new request and a new order. This subdivision shall apply only where the minor has been charged with a felony.

(j) Within the affected county during a state of emergency resulting from a natural or human-made disaster proclaimed by the President of the United States or by the Governor pursuant to Section 8625 of the Government Code, extend the time period provided in Sections 334 and 657 of the Welfare and Institutions Code within which an adjudication on a juvenile court petition shall be held by not more than 15 days, with the number of days to be designated by the Chair of the Judicial Council. This authorization shall be effective for 30 days unless it is extended by a new request and a new order. This subdivision shall apply only where the minor has been charged with a felony.

68502.7. Nothing in this chapter shall be construed to require the state in any fiscal year to provide money for trial court costs from any state fund that is in excess of the total amount available for disbursement from that fund during the fiscal year. The Judicial Council may reallocate moneys pursuant to Section 68502.5 if at any time during the fiscal year

it determines that the amount available for disbursement from any state fund will be less than or greater than the amount already allocated from that fund for that fiscal year.

SEC. 10. Section 71622 of the Government Code is amended to read:

71622. (a) Each trial court may establish and may appoint any subordinate judicial officers that are deemed necessary for the performance of subordinate judicial duties, as authorized by law to be performed by subordinate judicial officers. However, the number and type of subordinate judicial officers in a trial court shall be subject to approval by the Judicial Council. Subordinate judicial officers shall serve at the pleasure of the trial court.

(b) The appointment or termination of a subordinate judicial officer shall be made by order of the presiding judge or another judge or a committee to whom appointment or termination authority is delegated by the court, entered in the minutes of the court.

(c) The Judicial Council shall promulgate rules establishing the minimum qualifications and training requirements for subordinate judicial officers.

(d) The presiding judge of a superior court may cross-assign one type of subordinate judicial officer to exercise all the powers and perform all the duties authorized by law to be performed by another type of subordinate judicial officer, but only if the person cross-assigned satisfies the minimum qualifications and training requirements for the new assignment established by the Judicial Council pursuant to subdivision (c).

(e) The superior courts of two or more counties may appoint the same person as court commissioner.

The retired subordinate judicial officer shall be subject to the limits, if any, on postretirement service prescribed by the Public Employees' Retirement System, the county defined-benefit retirement system, as defined in subdivision (f) of Section 71624, or any other defined-benefit retirement plan from which the retired officer is receiving benefits. SEC. 13. Section 77006.5 of the Government Code is amended to read:

77006.5. As used in this chapter, ''trial court funding'' means the amount of state funds provided for the operation of the trial courts, as defined in Section 77003, appropriated in the Budget Act, and allocated or reallocated by the Judicial Council.

SEC. 14. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the

appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between the child and individuals who are important to the child, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian, and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the

State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal

guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been

provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the

date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For

purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with other individuals who are important to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial

rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 14.5. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the

hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement in a group home for six months or longer from the date the child entered foster care and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or

the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision

(a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to

the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the

best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care at a group home, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly

the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child specific recruitment and listing on an adoption exchange.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

SEC. 15. Section 16010.6 of the Welfare and Institutions Code is amended to read:

16010.6. (a) As soon as possible after a placing agency makes a decision with respect to a placement or a change in placement of a dependent child, the placing agency shall notify the child's attorney and provide to the child's attorney information regarding the child's address, telephone number, and caregiver. This requirement is declaratory of existing law.

(b) The Judicial Council shall adopt a rule of court directing the attorney for a child for whom a dependency petition has been filed, upon receipt from the agency responsible for placing the child of the name, address, and telephone number of the child's caregiver, to timely provide the attorney's contact information to the caregiver and, if the child is 10 years of age or older, to the child. This rule does not preclude an attorney from giving contact information to a child who is younger than 10 years of age.

SEC. 16. Section 1.5 of this bill incorporates amendments to Section 3110.5 of the Family Code proposed by both this bill and AB 3081. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, but this bill becomes operative first, (2) each bill amends Section 3110.5 of the Family Code, and (3) this bill is enacted after AB 3081, in which case Section 3110.5 of the Family Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 3081, at which time Section 1.5 of this bill shall become operative.

SEC. 17. Section 14.5 of this bill incorporates amendments to Section 366.21 of the Welfare and Institutions Code proposed by both this bill and AB 2807. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 366.21 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 2807, in which case Section 14 of this bill shall not become operative.

SEC. 18. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 814

An act to add Article 4 (commencing with Section 19250) to Chapter 3 of Division 19 of the Elections Code, relating to elections.

[Approved by Governor September 27, 2004. Filed with
Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 19250) is added to Chapter 3 of Division 19 of the Elections Code, to read:

Article 4. Direct Recording Electronic Voting Systems

19250. (a) On and after January 1, 2005, the Secretary of State may not approve a direct recording electronic voting system unless the system has received federal qualification and includes an accessible voter verified paper audit trail.

(b) On and after January 1, 2006, a city or county may not contract for or purchase a direct recording electronic voting system unless the system has received federal qualification and includes an accessible voter verified paper audit trail.

(c) As of January 1, 2006, all direct recording electronic voting systems in use on that date, regardless of when contracted for or purchased, shall have received federal qualification and include an accessible voter verified paper audit trail. If the direct recording electronic voting system does not already include an accessible voter verified paper audit trail, the system shall be replaced or modified to include an accessible voter verified paper audit trail.

19251. For purposes of this article, the following terms shall have the following meanings:

(a) ''Accessible'' means that the information provided on the paper record copy from the voter verified paper audit trail mechanism is provided or conveyed to voters via both a visual and a nonvisual method, such as through an audio component.

(b) ''Direct recording electronic voting system'' means a voting system that records a vote electronically and does not require or permit the voter to record his or her vote directly onto a tangible ballot.

(c) ''Voter verified paper audit trail'' means a component of a direct recording electronic voting system that prints a contemporaneous paper record copy of each electronic ballot and allows each voter to confirm his or her selections before the voter casts his or her ballot.

(d) ''Federal qualification'' means the system has been certified, if applicable, by means of qualification testing by a Nationally Recognized Test Laboratory and has met or exceeded the minimum requirements set forth in the Performance and Text Standards for Punch Card, Mark Sense, and Direct Recording Electronic Voting Systems, or in any successor voluntary standard document, developed and promulgated by

the Federal Election Commission, the Election Assistance Commission, or the National Institute of Standards and Technology.

(e) ''Paper record copy'' means an auditable document printed by a voter verified paper audit trail component that corresponds to the voter's electronic vote and lists the contests on the ballot and the voter's selections for those contests. A paper record copy is not a ballot.

19252. To the extent that they are available for expenditure for the purposes of this article, federal funds or moneys from the Voting Modernization Fund, created pursuant to subdivision (b) of Section 19234, shall be used. No moneys from the General Fund shall be expended for the purposes of this article.

SEC. 2. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act that will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 815

An act to amend Section 85307 of the Government Code, relating to the Political Reform Act of 1974, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 85307 of the Government Code is amended to read:

85307. (a) The provisions of this article regarding loans apply to extensions of credit, but do not apply to loans made to a candidate by a commercial lending institution in the lender's regular course of business on terms available to members of the general public for which the candidate is personally liable.

(b) Notwithstanding subdivision (a), a candidate for elective state office may not personally loan to his or her campaign, including the proceeds of a loan obtained by the candidate from a commercial lending institution, an amount, the outstanding balance of which exceeds one hundred thousand dollars ($100,000). A candidate may not charge interest on any loan he or she made to his or her campaign.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. The Legislature finds and declares that this bill furthers the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the November 2, 2004, statewide general election is conducted in a fair and impartial manner, and to clarify the law regarding candidate loans to the candidate's committee in light of the ruling in Camp v. Schwarzenegger (Superior Court Sacramento County, 2004, No. 03AS05478), it is necessary that this bill go into immediate effect.

CHAPTER 816

An act to amend Section 84602 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 84602 of the Government Code is amended to read:

84602. To implement the Legislature's intent, the Secretary of State, in consultation with the commission, notwithstanding any other provision of the Government Code, shall do all of the following:

(a) Develop online and electronic filing processes for use by persons and entities specified in Sections 84604 and 84605 that are required to file statements and reports with the Secretary of State's office pursuant to Chapter 4 (commencing with Section 84100) and Chapter 6 (commencing with Section 86100). Those processes shall each enable

a user to comply with all the disclosure requirements of this title and shall include, at a minimum, the following:

(1) A means or method whereby filers subject to this chapter may submit required filings free of charge. Any means or method developed pursuant to this provision shall not provide any additional or enhanced functions or services that exceed the minimum requirements necessary to fulfill the disclosure provisions of this title. At least one means or method shall be made available no later than December 31, 2002.

(2) The definition of a nonproprietary standardized record format or formats using industry standards for the transmission of the data that is required of those persons and entities specified in subdivision (a) of Section 84604 and Section 84605 and that conforms with the disclosure requirements of this title. The Secretary of State shall hold public hearings prior to development of the record format or formats as a means to ensure that affected entities have an opportunity to provide input into the development process. The format or formats shall be made public no later than July 1, 1999, to ensure sufficient time to comply with the requirements of this chapter.

(b) Accept test files, from software vendors and others wishing to file reports electronically, for the purpose of determining whether the file format is in compliance with the standardized record format developed pursuant to subdivision (a) and is compatible with the Secretary of State's system for receiving the data. A list of software and service providers who have submitted acceptable test files shall be published by the Secretary of State and made available to the public. Acceptably formatted files shall be submitted by a filer in order to meet the requirements of this chapter.

(c) Develop a system that provides for the online or electronic transfer of the data specified in this section utilizing telecommunications technology that assures the integrity of the data transmitted and that creates safeguards against efforts to tamper with or subvert the data.

(d) Make all the data filed available on the Internet in an easily understood format that provides the greatest public access. The data shall be made available free of charge and as soon as possible after receipt. All late contribution and late independent expenditure reports, as defined by Sections 84203 and 84204, respectively, shall be made available on the Internet within 24 hours of receipt. The data made available on the Internet shall not contain the street name and building number of the persons or entity representatives listed on the electronically filed forms or any bank account number required to be disclosed pursuant to this title.

(e) Develop a procedure for filers to comply with the requirement that they sign under penalty of perjury pursuant to Section 81004.

(f) Maintain all filed data online for 10 years after the date it is filed, and then archive the information in a secure format.

(g) Provide assistance to those seeking public access to the information.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65584.1 of the Government Code is amended to read:

65584.1. Councils of government may charge a fee to local governments to cover the projected reasonable, actual costs of the council in distributing regional housing needs pursuant to this article. Any fee shall not exceed the estimated amount required to implement its obligations pursuant to Section 65584. A city, county, or city and county may charge a fee, not to exceed the amount charged in the aggregate to the city, county, or city and county by the council of governments, to reimburse it for the cost of the fee charged by the council of government to cover the council's actual costs in distributing regional housing needs. The legislative body of the city, county, or city and county shall impose the fee pursuant to Section 66016, except that if the fee creates revenue

in excess of actual costs, those revenues shall be refunded to the payers of the fee.

SEC. 2. Section 17021.6 of the Health and Safety Code is amended to read:

17021.6. (a) The owner of any employee housing who has qualified or intends to qualify for a permit to operate pursuant to this part may invoke this section.

(b) Any employee housing consisting of no more than 12 beds in a group quarters or 12 units or spaces designed for use by a singe family or household shall be deemed an agricultural land use designation for the purposes of this section. For the purpose of all local ordinances, employee housing shall not be deemed a use that implies that the employee housing is an activity that differs in any other way from an agricultural use. No conditional use permit, zoning variance, or other zoning clearance shall be required of this employee housing that is not required of any other agricultural activity in the same zone. The permitted occupancy in employee housing in an agricultural zone shall include agricultural employees who do not work on the property where the employee housing is located.

(c) Except as otherwise provided in this part, employee housing consisting of no more than 12 beds in a group quarters or 12 units or spaces designed for use by a single family or household shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other agricultural activities in the same zone are not likewise subject. Nothing in this subdivision shall be construed to forbid the imposition of local property taxes, fees for water services and garbage collection, fees for normal inspections, local bond assessments, and other fees, charges, and assessments to which other agricultural activities in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee to the owner, operator, or any resident for enforcing fire inspection regulation pursuant to state law or regulation or local ordinance, with respect to employee housing that serves 12 or fewer persons.

For purposes of this section, ''employee housing'' includes employee housing defined in subdivision (b) of Section 17008, even if the housing accommodations or property are not located in a rural area, as defined by Section 50101.

(e) The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development and use of sufficient numbers and types of employee housing facilities

as are commensurate with local need. This section shall apply equally to any charter city, general law city, county, city and county, district, and any other local public entity.

(f) If any owner who invokes the provisions of this section fails to maintain a permit to operate pursuant to this part throughout the first 10 consecutive years following the issuance of the original certificate of occupancy, both of the following shall occur:

(1) The enforcement agency shall notify the appropriate local government entity.

(2) The public agency that has waived any taxes, fees, assessments, or charges for employee housing pursuant to this section may recover the amount of those taxes, fees, assessments, or charges from the landowner, less 10 percent of that amount for each year that a valid permit has been maintained.

(g) Subdivision (f) shall not apply to an owner of any prospective, planned, or unfinished employee housing facility who has applied to the appropriate state and local public entities for a permit to construct or operate pursuant to this part prior to January 1, 1996.

(2) A violation of subdivision (d) of Section 18060.5 is also cause for citation if both the dealer and the manufacturer receive written notice of a warranty complaint from the complainant, from the department, or another source of information, and, at a minimum, the 90-day period provided for correction of substantial defects pursuant to Section 1797.7 of the Civil Code has expired.

(3) Each citation and related civil penalty assessment shall be issued no later than one year after discovery of the violation.

(b) The amount of any civil penalty assessed pursuant to subdivision (a) shall be one hundred dollars ($100) for each violation, but shall be increased to two hundred fifty dollars ($250) for each subsequent violation of the same prohibition for which a citation for the subsequent

violation is issued within one year of the citation for the previous violation. The violation or violations giving cause for the citation shall be corrected if applicable, and payment of the civil penalty shall be remitted to the department within 45 days of the date of issuance of the citation. (c) Any person or entity served a citation pursuant to this section may petition for, and shall be granted, an informal hearing before the director or his or her designee. The petition shall be a written request briefly stating the grounds for the request. Any petition to be considered shall be received by the department within 30 days of the date of issuance of the citation.

(d) Upon receipt of a timely and complying petition, the department shall suspend enforcement of the citation and set a time and place for the informal hearing and shall give the licensee written notice thereof. The hearing shall commence no later than 30 days following receipt of the petition or at another time scheduled by the department pursuant to a request by the licensee or department if good and sufficient cause exists. If the licensee fails to appear at the time and place scheduled for the hearing, the department may notify the licensee in writing that the petition is dismissed and that compliance with terms of the citation shall occur within 10 days after receipt of the notification.

(e) The department shall notify the petitioner in writing of its decision and the reasons therefor within 30 days following conclusion of the informal hearing held pursuant to this section. If the decision upholds the citation, in whole or in part, the licensee shall comply with the citation in accordance with the decision within 30 days after the decision is mailed by the department.

(f) Nothing in this section shall be construed to preclude remedies available under other provisions of law.

SEC. 4. Section 50451 of the Health and Safety Code is amended to read:

50451. The California Statewide Housing Plan shall incorporate a statement of housing goals, policies, and objectives, as well as all of the following segments:

(a) An evaluation and summary of housing conditions throughout the state, with particular emphasis upon the availability of housing for all economic segments of the state. The evaluation shall include summary statistics for all counties, all multicounty metropolitan areas, and rural areas, as defined and designated by the Bureau of the Census of the United States Department of Commerce, rather than as defined in Section 50101. The goals shall be established as the minimum number of households to be assisted that will result in achieving, by the fourth subsequent year, a substantial reduction in the number of very low income households and other persons and families of low or moderate income constrained to pay more than 30 percent of their gross income for housing. Income groups to be considered in establishing the goals shall be designated by the department and shall include households a significant number of which are required to pay more than 30 percent of their gross income for housing in the fiscal year the plan is revised, as determined by the department.

(d) An identification of governmental and nongovernmental constraints and obstacles and specific recommendations for their removal.

(e) An analysis of state and local housing and building codes and their enforcement. The analysis shall include consideration of whether those codes contain sufficient flexibility to respond to new methods of construction and new materials.

(f) Recommendations for actions by federal, state, and local governments and the private sector that will contribute to the attainment of the housing goals established for California.

(g) A housing strategy that coordinates the housing assistance and activities of state and local agencies, including the provision of housing assistance for various population groups including, but not limited to, elderly persons, persons with disabilities, large families, families where a female is the head of the household, farmworker households, and other specific population groups as deemed appropriate by the department. (b) A revision of the determination of the statewide need for housing development specified in subdivision (b) of Section 50451 for the current year and projected four additional years ahead.

(c) A revision of the housing assistance goals specified in subdivision (c) of Section 50451 for the current year and projected four additional years ahead.

CHAPTER 819

An act to amend Sections 1502 and 2117 of, and to add Sections 1502.1 and 2117.1 to, the Corporations Code, and to amend Section 12186 of the Government Code, relating to corporations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 2004. Filed with Secretary of State September 27, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature to provide for the timely and accurate disclosure of information to the public regarding key relationships and activities of public corporations doing business in California.

(b) It is the intent of the Legislature that the California Corporate Disclosure Act serve to provide critical items of information about a corporation in one centralized location where consumers, investors, and taxpayers can locate the information quickly and efficiently. While much of the information required under the act is provided to the federal government through regular filings to the Securities and Exchange Commission, the reports filed with the Securities and Exchange Commission are not readily searchable or understood by the average consumer or investor.

(c) It is further the intent of the Legislature that any inconsistencies or asymmetries between disclosures made pursuant to Sections 1502, 1502.1, 2117, 2117.1, 6210, and 8210 of the Corporations Code and disclosures or filings made pursuant to federal securities law shall not be construed to infer anything beyond the information disclosed.

SEC. 2. Section 1502 of the Corporations Code is amended to read:

1502. (a) Every corporation shall file, within 90 days after the filing of its original articles and annually thereafter during the applicable filing period, on a form prescribed by the Secretary of State, a statement containing all of the following:

(1) The names and complete business or residence addresses of its incumbent directors.

(2) The number of vacancies on the board, if any.

(3) The names and complete business or residence addresses of its chief executive officer, secretary, and chief financial officer.

(4) The street address of its principal executive office.

(5) If the address of its principal executive office is not in this state, the street address of its principal business office in this state, if any.

(6) A statement of the general type of business that constitutes the principal business activity of the corporation (for example, manufacturer of aircraft; wholesale liquor distributor; or retail department store).

(b) The statement required by subdivision (a) shall also designate, as the agent of the corporation for the purpose of service of process, a natural person residing in this state or a corporation that has complied with Section 1505 and whose capacity to act as an agent has not terminated. If a natural person is designated, the statement shall set forth that person's complete business or residence address. If a corporate agent is designated, no address for it shall be set forth.

(c) If there has been no change in the information in the last filed statement of the corporation on file in the Secretary of State's office, the corporation may, in lieu of filing the statement required by subdivisions (a) and (b), advise the Secretary of State, on a form prescribed by the Secretary of State, that no changes in the required information have occurred during the applicable filing period.

(d) For the purposes of this section, the applicable filing period for a corporation shall be the calendar month during which its original articles were filed and the immediately preceding five calendar months. The Secretary of State shall mail a form for compliance with this section to each corporation approximately three months prior to the close of the applicable filing period. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. The failure of the corporation to receive the form is not an excuse for failure to comply with this section.

(e) Whenever any of the information required by subdivision (a) is changed, the corporation may file a current statement containing all the information required by subdivisions (a) and (b). In order to change its agent for service of process or the address of the agent, the corporation must file a current statement containing all the information required by subdivisions (a) and (b). Whenever any statement is filed pursuant to this section, it supersedes any previously filed statement and the statement in the articles as to the agent for service of process and the address of the agent.

(f) The Secretary of State may destroy or otherwise dispose of any statement filed pursuant to this section after it has been superseded by the filing of a new statement.

(g) This section shall not be construed to place any person dealing with the corporation on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

(h) The statement required by subdivision (a) shall be available and open to the public for inspection. The Secretary of State, not later than December 31, 2004, shall provide access to all information contained in this statement by means of an online database.

(i) In addition to any other fees required, a corporation shall pay a five-dollar ($5) disclosure fee when filing the statement required by subdivision (a). One-half of the fee shall be utilized to further the provisions of this section, including the development and maintenance of the online database required by subdivision (h), and one-half shall be deposited into the Victims of Corporate Fraud Compensation Fund established in Section 1502.5.

(j) A corporation shall certify that the information it provides pursuant to subdivisions (a) and (b) is true and correct. No claim may be made against the state for inaccurate information contained in the statements.

If the chief executive officer is not among the five most highly compensated executive officers of the corporation, the compensation paid to the chief executive officer shall also be included.

(5) A description of any loan, including the amount and terms of the loan, made to any member of the board of directors by the corporation during the corporation's two most recent fiscal years at an interest rate lower than the interest rate available from unaffiliated commercial lenders generally to a similarly-situated borrower.

[Approved by Governor September 28, 2004. Filed with
Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to enact legislation protecting the rights of developmentally disabled persons and other dependent persons who are witnesses in criminal cases and ensuring that they are given equal access to the criminal justice system.

SEC. 2. Section 177 is added to the Evidence Code, to read:

177. ''Dependent person'' means any person who has a physical or mental impairment that substantially restricts his or her ability to carry out normal activities or to protect his or her rights, including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have significantly diminished because of age. ''Dependent person'' includes any person who is admitted as an inpatient to a 24-hour health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

SEC. 3. Section 710 of the Evidence Code is amended to read:

710. Every witness before testifying shall take an oath or make an affirmation or declaration in the form provided by law, except that a child under the age of 10 or a dependent person with a substantial cognitive impairment, in the court's discretion, may be required only to promise to tell the truth.

SEC. 4. Section 765 of the Evidence Code is amended to read:

765. (a) The court shall exercise reasonable control over the mode of interrogation of a witness so as to make interrogation as rapid, as distinct, and as effective for the ascertainment of the truth, as may be, and to protect the witness from undue harassment or embarrassment.

(b) With a witness under the age of 14 or a dependent person with a substantial cognitive impairment, the court shall take special care to protect him or her from undue harassment or embarrassment, and to restrict the unnecessary repetition of questions. The court shall also take special care to ensure that questions are stated in a form which is appropriate to the age or cognitive level of the witness. The court may, in the interests of justice, on objection by a party, forbid the asking of a question which is in a form that is not reasonably likely to be understood by a person of the age or cognitive level of the witness.

SEC. 5. Section 767 of the Evidence Code is amended to read:

767. (a) Except under special circumstances where the interests of justice otherwise require:

(1) A leading question may not be asked of a witness on direct or redirect examination.

(2) A leading question may be asked of a witness on cross-examination or recross-examination.

(b) The court may, in the interests of justice permit a leading question to be asked of a child under 10 years of age or a dependent person with a substantial cognitive impairment in a case involving a prosecution under Section 273a, 273d, 288.5, 368, or any of the acts described in Section 11165.1 or 11165.2 of the Penal Code.

SEC. 6. Section 1109 of the Evidence Code is amended to read:

1109. (a) (1) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving domestic violence, evidence of the defendant's commission of other domestic violence is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(2) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving abuse of an elder or dependent person, evidence of the defendant's commission of other abuse of an elder or dependent person is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(b) In an action in which evidence is to be offered under this section, the people shall disclose the evidence to the defendant, including statements of witnesses or a summary of the substance of any testimony that is expected to be offered, in compliance with the provisions of Section 1054.7 of the Penal Code.

(c) This section shall not be construed to limit or preclude the admission or consideration of evidence under any other statute or case law.

(d) As used in this section, ''domestic violence'' has the meaning set forth in Section 13700 of the Penal Code. ''Abuse of an elder or a dependent person'' means physical or sexual abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment that results in physical harm, pain, or mental suffering, the deprivation of care by a caregiver, or other deprivation by a custodian or provider of goods or services that are necessary to avoid physical harm or mental suffering.

(e) Evidence of acts occurring more than 10 years before the charged offense is inadmissible under this section, unless the court determines that the admission of this evidence is in the interest of justice.

(f) Evidence of the findings and determinations of administrative agencies regulating the conduct of health facilities licensed under Section 1250 of the Health and Safety Code is inadmissible under this section.

SEC. 6.5. Section 1109 of the Evidence Code is amended to read:

1109. (a) (1) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving domestic violence, evidence of the defendant's commission of other

domestic violence is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(2) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving abuse of an elder or dependent person, evidence of the defendant's commission of other abuse of an elder or dependent person is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(b) In an action in which evidence is to be offered under this section, the people shall disclose the evidence to the defendant, including statements of witnesses or a summary of the substance of any testimony that is expected to be offered, in compliance with the provisions of Section 1054.7 of the Penal Code.

(c) This section shall not be construed to limit or preclude the admission or consideration of evidence under any other statute or case law.

(d) As used in this section, ''domestic violence'' has the meaning set forth in Section 13700 of the Penal Code. ''Abuse of an elder or a dependent person'' means physical or sexual abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment that results in physical harm, pain, or mental suffering, the deprivation of care by a caregiver, or other deprivation by a custodian or provider of goods or services that are necessary to avoid physical harm or mental suffering. Subject to a hearing conducted pursuant to Section 352, which shall include consideration of any corroboration and remoteness in time, ''domestic violence'' has the further meaning as set forth in Section 6211 of the Family Code if the act occurred no more than five years before the charged offense.

(e) Evidence of acts occurring more than 10 years before the charged offense is inadmissible under this section, unless the court determines that the admission of this evidence is in the interest of justice.

(f) Evidence of the findings and determinations of administrative agencies regulating the conduct of health facilities licensed under Section 1250 of the Health and Safety Code is inadmissible under this section.

SEC. 7. Section 288 of the Penal Code is amended to read:

288. (a) Any person who willfully and lewdly commits any lewd or lascivious act, including any of the acts constituting other crimes provided for in Part 1, upon or with the body, or any part or member thereof, of a child who is under the age of 14 years, with the intent of arousing, appealing to, or gratifying the lust, passions, or sexual desires of that person or the child, is guilty of a felony and shall be punished by imprisonment in the state prison for three, six, or eight years.

(b) (1) Any person who commits an act described in subdivision (a) by use of force, violence, duress, menace, or fear of immediate and

unlawful bodily injury on the victim or another person, is guilty of a felony and shall be punished by imprisonment in the state prison for three, six, or eight years.

(2) Any person who is a caretaker and commits an act described in subdivision (a) upon a dependent person by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, with the intent described in subdivision (a), is guilty of a felony and shall be punished by imprisonment in the state prison for three, six, or eight years.

(c) (1) Any person who commits an act described in subdivision (a) with the intent described in that subdivision, and the victim is a child of 14 or 15 years, and that person is at least 10 years older than the child, is guilty of a public offense and shall be punished by imprisonment in the state prison for one, two, or three years, or by imprisonment in a county jail for not more than one year. In determining whether the person is at least 10 years older than the child, the difference in age shall be measured from the birth date of the person to the birth date of the child.

(2) Any person who is a caretaker and commits an act described in subdivision (a) upon a dependent person, with the intent described in subdivision (a), is guilty of a public offense and shall be punished by imprisonment in the state prison for one, two, or three years, or by imprisonment in a county jail for not more than one year.

(d) In any arrest or prosecution under this section or Section 288.5, the peace officer, district attorney, and the court shall consider the needs of the child victim or dependent person and shall do whatever is necessary, within existing budgetary resources, and constitutionally permissible to prevent psychological harm to the child victim or to prevent psychological harm to the dependent person victim resulting from participation in the court process.

(e) Upon the conviction of any person for a violation of subdivision (a) or (b), the court may, in addition to any other penalty or fine imposed, order the defendant to pay an additional fine not to exceed ten thousand dollars ($10,000). In setting the amount of the fine, the court shall consider any relevant factors, including, but not limited to, the seriousness and gravity of the offense, the circumstances of its commission, whether the defendant derived any economic gain as a result of the crime, and the extent to which the victim suffered economic losses as a result of the crime. Every fine imposed and collected under this section shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs pursuant to Section 13837.

If the court orders a fine imposed pursuant to this subdivision, the actual administrative cost of collecting that fine, not to exceed 2 percent

of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

(b) In making this determination, the court shall consider all of the following:

(1) The nature and seriousness of the offense.

(2) The age of the minor, or the level of cognitive development of the dependent person.

The magistrate shall admonish both the prosecution and defense against coaching the witness prior to the witness' next appearance in the preliminary examination.

SEC. 13. Section 868.7 of the Penal Code is amended to read:

868.7. (a) Notwithstanding any other provision of law, the magistrate may, upon motion of the prosecutor, close the examination in the manner described in Section 868 during the testimony of a witness:

(1) Who is a minor or a dependent person with a substantial cognitive impairment, as defined in paragraph (3) of subdivision (f) of Section 288, and is the complaining victim of a sex offense, where testimony before the general public would be likely to cause serious psychological harm to the witness and where no alternative procedures, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the courtroom by means of closed-circuit television, are available to avoid the perceived harm.

(2) Whose life would be subject to a substantial risk in appearing before the general public, and where no alternative security measures, including, but not limited to, efforts to conceal his or her features or physical description, searches of members of the public attending the

examination, or the temporary exclusion of other actual or potential witnesses, would be adequate to minimize the perceived threat.

(b) In any case where public access to the courtroom is restricted during the examination of a witness pursuant to this section, a transcript of the testimony of the witness shall be made available to the public as soon as is practicable.

This section shall become operative on January 1, 1987.

SEC. 14. Section 939.21 of the Penal Code is amended to read:

939.21. (a) Any prosecution witness before the grand jury in a proceeding involving a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, 288.5, or 289, subdivision (1) of Section 314, Section 368, 647.6, or former Section 647a, who is a minor or a dependent person, may, at the discretion of the prosecution, select a person of his or her own choice to attend the testimony of the prosecution witness for the purpose of providing support. The person chosen shall not be a witness in the same proceeding, or a person described in Section 1070 of the Evidence Code.

(b) The grand jury foreperson shall inform any person permitted to attend the grand jury proceedings pursuant to this section that grand jury proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. The foreperson also shall admonish that person not to prompt, sway, or influence the witness in any way. Nothing in this section shall preclude the presiding judge from exercising his or her discretion to remove a person from the grand jury proceeding whom the judge believes is prompting, swaying, or influencing the witness.

SEC. 15. Section 1127g is added to the Penal Code, to read:

1127g. In any criminal trial or proceeding in which a person with a developmental disability, or cognitive, mental, or communication impairment testifies as a witness, upon the request of a party, the court shall instruct the jury, as follows:

In evaluating the testimony of a person with a developmental disability, or cognitive, mental, or communication impairment, you should consider all of the factors surrounding the person's testimony, including their level of cognitive development. Although, because of his or her level of cognitive development, a person with a developmental disability, or cognitive, mental, or communication impairment may perform differently as a witness, that does not mean that a person with a developmental disability, or cognitive, mental, or communication impairment is any more or less credible a witness than another witness. You should not discount or distrust the testimony of a person with a developmental disability, or cognitive, mental, or communication impairment solely because he or she is a person with a developmental disability, or cognitive, mental, or communication impairment.

SEC. 16. Section 1347.5 of the Penal Code is amended to read:

1347.5. (a) It is the intent of the Legislature, in enacting this section, to provide the court with discretion to modify court procedures, as a reasonable accommodation, to assure that adults and children with disabilities who have been victims of an alleged sexual or otherwise specified offense are able to participate effectively in criminal proceedings. In exercising its discretion, the court shall balance the rights of the defendant against the right of the victim who has a disability to full access and participation in the proceedings, while preserving the integrity of the court's truthfinding function.

(1) For purposes of this section, the term ''disability'' is defined in paragraphs (1) and (2) of subdivision (c) of Section 11135 of the Government Code.

(2) The right of the victim is not to confront the perpetrator, but derives under both Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794) and the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 and following) as a right to participate in or benefit from the same services or services that are equal or as effective as those enjoyed by persons without disabilities.

(b) Notwithstanding any other law, in any criminal proceeding in which the defendant is charged with a violation of Section 220, 243.4, 261, 261.5, 264.1, 273a, 273d, 285, 286, 288, 288a, 288.5, or 289, subdivision (1) of Section 314, Section 368, 647.6, or with any attempt to commit a crime listed in this subdivision, committed with or upon a person with a disability, the court in its discretion may make accommodations to support the person with a disability, including, but not limited to, any of the following:

(1) Allow the person with a disability reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom. The judge may also allow other witnesses in the proceeding to be examined when the person with a disability retires from the courtroom.

(2) Allow the person with a disability to utilize a support person pursuant to Section 868.5 or a regional center representative providing services to a developmentally disabled individual pursuant to Article 1 (commencing with Section 4620) or Article 2 (commencing with Section 4640) of Chapter 5 of Division 4.5 of the Welfare and Institutions Code. In addition to, or instead of, allowing the person with a disability to utilize a support person or regional center representative pursuant to this paragraph, the court may allow the person with a disability to utilize a person necessary to facilitate the communication or physical needs of the person with a disability.

(3) Notwithstanding Section 68119 of the Government Code, the judge may remove his or her robe if the judge believes that this formal

attire prevents full participation of the person with a disability because it is intimidating to him or her.

(4) The judge, parties, witnesses, support persons, and court personnel may be relocated within the courtroom to facilitate a more comfortable and personal environment for the person with a disability as well as accommodating any specific requirements for communication by that person.

(c) The prosecutor may apply for an order that the testimony of the person with a disability at the preliminary hearing, in addition to being stenographically recorded, be recorded and preserved on videotape.

(1) The application for the order shall be in writing and made three days prior to the preliminary hearing.

(2) Upon timely receipt of the application, the judge shall order that the testimony of the person with a disability given at the preliminary hearing be taken and preserved on videotape. The videotape shall be transmitted to the clerk of the court in which the action is pending.

(3) If at the time of trial the court finds that further testimony would cause the person with a disability emotional trauma so that he or she is medically unavailable or otherwise unavailable within the meaning of Section 240 of the Evidence Code, the court may admit the videotape of his or her testimony at the preliminary hearing as former testimony under Section 1291 of the Evidence Code.

(4) Any videotape that is taken pursuant to this subdivision is subject to a protective order of the court for the purpose of protecting the privacy of the person with a disability. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(d) Notwithstanding any other law, the court in any criminal proceeding, upon written notice of the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the person with a disability is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of the person with a disability be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, and defendant, and communicated to the courtroom by means of two-way closed-circuit television, if the court makes all of the following findings:

(1) The person with a disability will be called on to testify concerning facts of an alleged sexual offense, or other crime as specified in subdivision (b), committed on or with that person.

(2) The impact on the person with a disability of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the person with a disability unavailable as a witness unless closed-circuit television is used. The refusal of the person with a disability to testify shall not

alone constitute sufficient evidence that the special procedure described in this subdivision is necessary in order to accommodate the disability. The court may take into consideration the relationship between the person with a disability and the defendant or defendants.

(A) Threats of serious bodily injury to be inflicted on the person with a disability or a family member, of incarceration, institutionalization, or deportation of the person with a disability or a family member, or of removal of the person with a disability from his or her residence by withholding needed services when the threats come from a service provider, in order to prevent or dissuade the person with a disability from attending or giving testimony at any trial or court proceeding or to prevent that person from reporting the alleged offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the person with a disability during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial that causes the person with a disability to be unable to continue his or her testimony.

(e) (1) The hearing on the motion brought pursuant to this subdivision shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the person with a disability to testify at the hearing; nor shall the court deny the motion on the ground that the person with a disability has not testified.

(3) In determining whether the impact on an individual person with a disability of one or more of the factors enumerated under paragraph (2) of subdivision (d) is so substantial that the person is unavailable as a witness unless the closed-circuit television procedure is employed, the court may question the person with a disability in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person described under paragraph (2) of subdivision (b), the prosecutor, and defense counsel present. At this time the court shall explain the process to the person with a disability. The defendant or defendants shall not be present; however, the defendant or defendants shall have the opportunity to contemporaneously observe the proceedings by closed-circuit television. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(f) When the court orders the testimony of a victim who is a person with a disability to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of closed-circuit television as a means of assuring the full participation of the victim who is a person with a disability by accommodating that individual's disability.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of closed-circuit television procedures.

(4) Instruct the support person, if the person is part of the court's accommodation of the disability, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the person with a disability.

(5) Order that a complete record of the examination of the person with a disability, including the images and voices of all persons who in any way participate in the examination, be made and preserved on videotape in addition to being stenographically recorded. The videotape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant, and his or her attorney, during ordinary business hours. The videotape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any videotape that is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the person with a disability. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(g) When the court orders the testimony of a victim who is a person with a disability to be taken in another place outside the courtroom, nothing in this section shall prohibit the court from ordering the victim to appear in the courtroom for a limited purpose, including the identification of the defendant or defendants as the court deems necessary.

(h) The examination shall be under oath, and the defendant shall be able to see and hear the person with a disability. If two-way closed-circuit television is used, the defendant's image shall be transmitted live to the person with a disability.

(i) Nothing in this section shall affect the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(j) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

(k) This section shall not be construed to obviate the need to provide other accommodations necessary to ensure accessibility of courtrooms to persons with disabilities nor prescribe a lesser standard of accessibility or usability for persons with disabilities than that provided by Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 and following) and federal regulations adopted pursuant to that act.

(*l*) The Judicial Council shall report to the Legislature, no later than two years after the enactment of this subdivision, on the frequency of the use and effectiveness of admitting the videotape of testimony by means of closed-circuit television.

SEC. 17. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make a report to the agency immediately or as soon as is practicably possible by telephone, and the mandated reporter shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, ''reasonable suspicion'' means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section

is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that fine and punishment. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(c) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, ''penitential communication'' means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately,

or as soon as practicably possible, by telephone, and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, ''sexual conduct'' means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(f) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(g) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(h) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child

abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(i) A law enforcement agency shall immediately, or as soon as practicably possible, report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

SEC. 17.5. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make a report to the agency immediately or as soon as is practicably possible by telephone, and the mandated reporter shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, ''reasonable suspicion'' means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position,

drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A mandated reporter shall not make a report if the mandated reporter has knowledge or suspects that an adult was a victim of abuse or neglect as a child, unless the mandated reporter knows or reasonably suspects that a child who is currently under 18 years of age is being, or has been, abused or neglected by the same individual that victimized the adult when the adult was a child, or unless the known or suspected child abuse or neglect took place in a facility licensed by the Community Care Licensing Division of the State Department of Social Services, in which case the incident shall be reported by the mandated reporter.

(4) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(c) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, ''penitential communication'' means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency

specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practicably possible, by telephone, and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, ''sexual conduct'' means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(f) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(g) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(h) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(i) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(j) A law enforcement agency shall immediately, or as soon as practicably possible, report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation

department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

SEC. 19. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) Any person who has assumed full or intermittent responsibility for care or custody of an elder or dependent adult, whether or not he or she receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that

provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, clergy member, or employee of a county adult protective services agency or a local law enforcement agency, is a mandated reporter.

(b) (1) Any mandated reporter who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior, including an act or omission, constituting physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect, or reasonably suspects that abuse, shall report the known or suspected instance of abuse by telephone immediately or as soon as practicably possible, and by written report sent within two working days, as follows:

(A) If the abuse has occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the report shall be made to the local ombudsperson or the local law enforcement agency.

Except in an emergency, the local ombudsperson and the local law enforcement agency shall, as soon as practicable, do all of the following:

(i) Report to the State Department of Health Services any case of known or suspected abuse occurring in a long-term health care facility, as defined in subdivision (a) of Section 1418 of the Health and Safety Code.

(ii) Report to the State Department of Social Services any case of known or suspected abuse occurring in a residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, or in an adult day care facility, as defined in paragraph (2) of subdivision (a) of Section 1502.

(iii) Report to the State Department of Health Services and the California Department of Aging any case of known or suspected abuse occurring in an adult day health care center, as defined in subdivision (b) of Section 1570.7 of the Health and Safety Code.

(iv) Report to the Bureau of Medi-Cal Fraud and Elder Abuse any case of known or suspected criminal activity.

(B) If the suspected or alleged abuse occurred in a state mental hospital or a state developmental center, the report shall be made to designated investigators of the State Department of Mental Health or the State Department of Developmental Services, or to the local law enforcement agency.

Except in an emergency, the local law enforcement agency shall, as soon as practicable, report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse.

(C) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a clergy member who acquires knowledge or reasonable suspicion of elder or dependent adult abuse during a penitential communication is not subject to paragraph (1). For purposes of this subdivision, ''penitential communication'' means a communication that is intended to be in confidence, including, but not limited to, a sacramental confession made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization is authorized or accustomed to hear those communications and under the discipline tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(B) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected elder and dependent adult abuse when he or she is acting in the capacity of a care custodian, health practitioner, or employee of an adult protective agency.

(C) Notwithstanding any other provision in this section, a clergy member who is not regularly employed on either a full-time or part-time basis in a long-term care facility or does not have care or custody of an elder or dependent adult shall not be responsible for reporting abuse or neglect that is not reasonably observable or discernible to a reasonably prudent person having no specialized training or experience in elder or dependent care.

(3) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident where all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse

and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(4) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Health Services determines, upon approval by the Bureau of Medi-Cal Fraud and Elder Abuse and the state long-term care ombudsperson, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge, or reasonably suspects, that types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder or dependent adult, or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsperson program. Except in an emergency, the local ombudsperson shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of Mental Health or the State Department of Developmental Services or to a local law enforcement agency or to the local ombudsperson. Except in an emergency, the local ombudsperson and the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud and Elder Abuse, as soon as is practicable.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report of a known or suspected instance of elder or dependent adult abuse shall include, if known, the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other adult responsible for the elder or dependent adult's care, the nature and extent of the elder or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, as requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide to that law enforcement agency a copy of its investigative report concerning the reported matter.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction,

isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more than six months in the county jail, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report physical abuse, as defined in Section 15610.63 of the Welfare and Institutions Code, abandonment, abduction, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, where that abuse results in death or great bodily injury, shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until a law enforcement agency specified in paragraph (1) of subdivision (b) of Section 15630 of the Welfare and Institutions Code discovers the offense.

(i) For purposes of this section, ''dependent adult'' shall have the same meaning as in Section 15610.23.

SEC. 20. Section 6.5 of this bill incorporates amendments to Section 1109 of the Evidence Code proposed by both this bill and AB 141. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 1109 of the Evidence Code, and (3) this bill is enacted after AB 141, in which case Section 6 of this bill shall not become operative.

SEC. 21. Section 17.5 of this bill incorporates amendments to Section 11166 of the Penal Code proposed by both this bill and SB 1313. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 11166 of the Penal Code, and (3) this bill is enacted after SB 1313, in which case Section 17 of this bill shall not become operative.

SEC. 22. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(b) ''Hospice'' means a specialized form of interdisciplinary health care that is designed to provide palliative care, alleviate the physical, emotional, social, and spiritual discomforts of an individual who is experiencing the last phases of life due to the existence of a terminal disease, and provide supportive care to the primary caregiver and the family of the hospice patient, and that meets all of the following criteria:

(1) Considers the patient and the patient's family, in addition to the patient, as the unit of care.

(2) Utilizes an interdisciplinary team to assess the physical, medical, psychological, social, and spiritual needs of the patient and the patient's family.

(3) Requires the interdisciplinary team to develop an overall plan of care and to provide coordinated care that emphasizes supportive

services, including, but not limited to, home care, pain control, and limited inpatient services. Limited inpatient services are intended to ensure both continuity of care and appropriateness of services for those patients who cannot be managed at home because of acute complications or the temporary absence of a capable primary caregiver.

(4) Provides for the palliative medical treatment of pain and other symptoms associated with a terminal disease, but does not provide for efforts to cure the disease.

(5) Provides for bereavement services following death to assist the family in coping with social and emotional needs associated with the death of the patient.

The team shall be coordinated by a registered nurse and shall be under medical direction. The team shall meet regularly to develop and maintain an appropriate plan of care.

(f) ''Plan of care'' means a written plan developed by the attending physician and surgeon, the medical director or physician and surgeon designee, and the interdisciplinary team that addresses the needs of a patient and family admitted to the hospice program. The hospice shall retain overall responsibility for the development and maintenance of the plan of care and quality of services delivered.

(g) ''Skilled nursing services'' means nursing services provided by or under the supervision of a registered nurse under a plan of care developed by the interdisciplinary team and the patient's physician and surgeon to a patient and his or her family that pertain to the palliative, supportive services required by patients with a terminal illness. Skilled nursing services include, but are not limited to, patient assessment, evaluation

(k) ''Multiple location'' means a location or site from which a hospice makes available basic hospice services within the service area of the parent agency. A multiple location shares administration, supervision, policies and procedures, and services with the parent agency in a manner that renders it unnecessary for the site to independently meet the licensing requirements.

(*l*) ''Home health aide'' has the same meaning as set forth in subdivision (c) of Section 1727.

(m) ''Home health aide services'' means those services described in subdivision (d) of Section 1727 that provide for the personal care of the terminally ill patient and the performance of related tasks in the patient's home in accordance with the plan of care in order to increase the level of comfort and to maintain personal hygiene and a safe, healthy environment for the patient.

(e) The contribution rate of an employer, for any period prior to January 1, 1988, shall not be changed, other than by the provisions of Sections 977 and 977.5, when the director makes a determination, pursuant to Section 135.1 or 135.2, because of arrangements entered into or business activities conducted between January 1, 1984, and January 1, 1986.

(f) This section does not apply to an employer assigned the maximum rate pursuant to subdivision (c) of Section 977.

SEC. 6. Section 1036 of the Unemployment Insurance Code is amended to read:

1036. (a) The director shall give notice, pursuant to Section 1206, to the employer of the correction of any error which the director finds in any statement of account or statement of charges. Except in the case where fraud, intent to evade, misrepresentation, or willful nondisclosure is found, the notice of correction shall be issued prior to the expiration of the rating period to which a statement relates.

(b) Any additional amount of contributions resulting from an increased contribution rate caused by the correction of any error that the director finds in any statement of reserve account or statement of charges shall be assessed within 180 days from the postmarked date of the notice of correction. Such separate account shall be transferred by the director to the successor employer and, as of the date of the acquisition, shall become the separate account or part of the separate account, as the case may be, of the successor employer, and the benefits thereafter chargeable to the predecessor employer on account of employment relating to the transferred organization, trade, or business or transferred portion thereof prior to the date of the acquisition shall be charged to the separate account. This section shall not apply to any acquisition which is determined by the director to have been made for the purpose of obtaining a more favorable rate of contributions under Section 977.

SEC. 8. Section 1061 is added to the Unemployment Insurance Code, to read:

1061. (a) For purposes of this article, the reserve account attributable to a transferred business shall also be transferred to, and combined with, the reserve account attributable to the employer to whom that business is transferred, if both of the following are satisfied:

(2) At the time of transfer, both employers are under common ownership, management, or control.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 828

An act to amend Section 1231 of the Unemployment Insurance Code, relating to employment.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) A vibrant and growing small business sector is critical to creating jobs in a dynamic economy.

(2) The complexity and lack of clarity of many regulations put small businesses, which do not have the resources to hire experts to assist them, at a distinct disadvantage.

(3) The failure to recognize differences in the scale and resources of regulated businesses can adversely affect competition in the marketplace, discourage innovation, and restrict improvements in productivity.

(4) The practice of treating all regulated businesses as equivalent may lead to inefficient use of regulatory agency resources, enforcement problems, and, in some cases, to actions inconsistent with the legislative intent of health, safety, environmental, and economic welfare legislation.

(5) Alternative regulatory approaches that do not conflict with the stated objective of applicable statutes may be available to minimize the significant economic impact of rules on small business.

(6) It is the intent of the Legislature to study data collected by the Employment Development Department in order to assess the impact existing regulations have on the ability of small businesses and microbusinesses to effectively conduct business in California and protect workers in California.

(7) It is further the intent of the Legislature to benefit small business by clarifying the Employment Development Department's development and implementation of taxpayer education programs that provide taxpayers with a better understanding of complicated procedures and regulations.

(b) For the period from January 1, 2005, to December 1, 2005, the Employment Development Department shall collect data on the following, taken from a random sampling of 20 percent of the total amount of claims for unemployment insurance or disability insurance benefits submitted by owners of small businesses, as defined in paragraph (1) of subdivision (d) of Section 14837 of the Government Code:

(1) The total number of times, in the course of processing a claim for unemployment insurance or disability insurance benefits, that an owner of a small business objected to the department's determination that a worker was an employee.

(2) The total number of times, in the course of processing a claim for unemployment insurance or disability insurance benefits, that an owner of a small business was determined by the department not to be the employer of a worker.

(3) The length of time that the department took to make a final determination in each case described in paragraph (1) or (2).

(c) The department shall report its findings and any recommendations to the Legislature no later than July 1, 2006.

(d) The department shall conduct the study and report required by this act with existing resources of the department.

SEC. 2. Section 1231 of the Unemployment Insurance Code is amended to read:

1231. (a) The department shall develop and implement a taxpayer education and information program directed at, but not limited to, the following:

(1) Taxpayer or industry groups.

(2) Department audit and compliance staff.

(3) (A) Identifying forms, procedures, regulations, or laws that are confusing and lead to taxpayer errors.

(B) Taking appropriate action, including recommending remedial legislation to change those items identified pursuant to subparagraph (A).

(b) The education and information program described in subdivision (a) shall include all of the following:

(1) Communication with the taxpayer or industry groups which explains in simplified terms the most common errors made by taxpayers and how those errors may be avoided or corrected.

(2) Participation in small business seminars and similar programs organized by state and local agencies and may include participation in seminars organized by private organizations.

(3) In cooperation with the small business community, development of small business educational events and materials that explain, in simplified terms, the process of the department's determination of whether an individual is an employee or an independent contractor. These events and materials shall be designed to address potential tax and labor law issues that may arise when small businesses contract with microbusinesses in the production and delivery of products and services.

(4) Revision of taxpayer educational materials currently produced by the department to explain in simplified terms the most common errors made by taxpayers and how those errors may be avoided or corrected.

(5) Implementation of a continuing education program for audit personnel to include the application of new legislation to taxpayer activities and to minimize recurrent taxpayer noncompliance or inconsistency of administration.

CHAPTER 829

An act to amend Sections 20584 and 20602 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 20584 of the Revenue and Taxation Code is amended to read:

20584. (a) ''Property taxes'' means all ad valorem property taxes, special assessments, and other charges or user fees which are attributable to the residential dwelling on the county tax bill and the ad valorem property taxes, special assessments, or other charges or user fees appearing on the tax bill of any chartered city which levies and collects its own property taxes.

(b) Whenever a residential dwelling is an integral part of a larger tax unit, such as a duplex, farm or a multipurpose building, ''property taxes'' shall be the percentage of the total property taxes as the value of the residential dwelling is of the value of the total tax unit.

(c) ''Property taxes'' includes any property taxes that become delinquent after the claimant was 62 years of age or after the claimant became blind or disabled as defined in Section 12050 of the Welfare and Institutions Code.

SEC. 2. Section 20602 of the Revenue and Taxation Code is amended to read:

20602. (a) Upon approval of a claim described in Section 20601, the Controller may do either of the following:

(1) Make payments directly to a lender, mortgage company, escrow company, or county tax collector for the property taxes owed on behalf of a qualified claimant. Payments may, upon appropriation by the Legislature, be made out of the amounts otherwise appropriated pursuant to Section 16100 of the Government Code that are secured by a lien and obligation as specified by Article 1 (commencing with Section 16180) of Chapter 5 of Division 4 of the Government Code.

(2) Issue to the claimant a certificate of eligibility, which shall consist of two parts, both of which shall contain the name of the claimant, the address of the residential dwelling on which the claimant has applied for property tax postponement, and that other information and in that form as the Controller shall prescribe. In the event that that residential dwelling is located in a chartered city which levies and collects its own taxes, the Controller shall issue a duplicate certificate of eligibility to pay all or any part of the property taxes appearing on that city's tax bill. Each

part of a certificate of eligibility shall be payable in an unspecified amount and shall contain statements to identify the property tax installment to which it may be applied.

(b) The Controller shall prescribe the form of the certificates of eligibility to pay all delinquent taxes and assessments authorized by this chapter.

Upon or accompanying each certificate shall be a brief statement explaining that (1) those taxpayers whose property taxes are paid by a lender via an impound, trust or other similar account should enter the total amount of each installment on their respective certificates and mail both certificates to the tax collector at the same time, and (2) those taxpayers will receive a refund check from the county or city in the amount they entered on each certificate, within 30 days following the date on which the installment is paid by the lender or the certificate of eligibility is received by the tax collector, whichever is later, and (3) the intent of this procedure is to make sure the taxes on the claimant's dwelling are not paid twice.

(c) When a certificate of eligibility has been signed by the claimant, his or her spouse, or authorized agent and countersigned by the person authorized to collect property taxes or assessments for the local agency, such certificate shall constitute a written promise on the part of the State of California to pay the sum of money specified therein and such signed and countersigned certificate shall be deemed a negotiable instrument for the sole purpose of the payment of property taxes owing in the name of the claimant or his or her spouse for purposes of all laws of this state.

(d) A certificate of eligibility shall be valid for the duration prescribed thereon by the Controller.

(e) The Controller shall issue certificates of eligibility claims approved on or before September 30 between October 15 and November 1 of the fiscal year for which postponement is claimed. Certificates for claims approved after September 30 shall be issued at such times as the Controller determines will best implement the purpose of this chapter.

(f) The Controller shall prescribe the manner in which a claimant eligible under this chapter, who has been issued a certificate of eligibility which is lost or destroyed prior to being filed with the local agency pursuant to subdivision (b) may obtain a duplicate copy of said certificate as a replacement. (Under such conditions as may be prescribed by the Controller, a duplicate copy shall be deemed as having been filed with the local agency as of the date a claimant requests issuance of such duplicate copy.)

CHAPTER 830

An act to add and repeal Sections 26840.10 and 26840.11 of the Government Code, to add and repeal Sections 103627 and 103628 of the Health and Safety Code, and to add and repeal Sections 18309 and 18309.5 of the Welfare and Institutions Code, relating to domestic violence.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Since 1996, over 150 individuals have died due to domestic violence in Alameda County.

(b) In 2000 alone, a total of 6,283 domestic violence-related calls were reported by law enforcement entities within Alameda County, with 2,259 adult cases filed and prosecuted for domestic violence. In calendar year 2000, 2,730 domestic violence-related calls were made to law enforcement officials in Solano County.

(c) More than 9,000 crisis calls are made to the four domestic violence shelter programs in Alameda County every year. From December 2003 through May 2004, the Family Violence Intervention Team has investigated 78 cases just for the unincorporated area of Solano County. Additionally, Solano County has one domestic violence shelter agency that runs two shelters. These beds stay full and the shelter agency maintains a waiting list.

(d) Domestic violence is ubiquitous. It cuts across all economic and education levels, all age groups, ethnicities, and other social and community characteristics.

(e) Domestic violence is insidious. It is characterized by a predictable, escalating cycle that can result in injury or death of victims, including children.

(f) Domestic violence puts children at risk. Children in homes where domestic violence occurs are physically abused or seriously neglected at a rate significantly higher than the national average in the general population, according to the National Woman Abuse Prevention Project in Washington, D.C.

(g) Domestic violence is learned and generational. Studies show that boys who witness family violence are more likely to batter their female partners as adults than boys raised in nonviolent homes. Girls who witness their mothers' abuse have higher rates of being battered as adults.

(h) Substance abuse is a significant factor contributing to, although not necessarily a cause of, domestic violence. Many domestic violence offenders have documented histories of substance abuse or were under the influence of drugs or alcohol at the time the felony crime was committed.

(i) Domestic violence is costly, both in human and organizational terms. The results of domestic violence have many ''hidden'' costs, such as job turnover, loss of productivity, school absenteeism, and low school performance, in addition to the high cost of law enforcement, civil and criminal justice, health services, mental health services, substance abuse treatment, human services, and community-based services.

(j) Alameda County, in recognizing that the domestic violence prevention, intervention, and prosecution system is complex and multifaceted, spanning civil, criminal, health, and social service sectors and that, to be effective, there must be alignment in the objectives, protocols, policies, and activities of each sector, has established the Alameda County Domestic Violence Collaborative. A May 2003 report of the collaborative, entitled ''A Profile of Family Violence in Alameda County—A Call for Action'' cited the need for oversight and coordination of domestic violence prevention, intervention, and prosecution efforts within the county, to ensure the efficient delivery of services, and to identify gaps in existing services. Solano County has declared ''a right to be safe and free of family violence'' through a policy that promotes a multidisciplinary approach to preventing family violence, and has created the Office of Family Violence Prevention to facilitate the implementation by the county departments and community-based organizations of the county's family violence prevention and intervention plan and strategies.

(k) Alameda and Solano Counties have determined that achievement of this alignment requires governmental oversight and coordination of the multiple agencies involved in the domestic violence system. This oversight and coordination is an essential link in a comprehensive effort to eliminate domestic violence.

(*l*) The Alameda County Domestic Violence Collaborative and Solano County's policies ''for a right to be safe and free of family violence'' address the full spectrum of prevention, early intervention, response, and remediation, as well as holding participating agencies accountable through specified performance measures and enhancing the automated systems that collect and report data. In order to provide a more accurate picture of family and domestic violence, Solano County has promoted the continued development of a data and information system to ensure accountability, identify measurable results, track the incidence of family violence, and identify any gaps in county-related services.

(m) Alameda and Solano Counties have also determined that the fees authorized by this legislation shall not exceed the cost of governmental oversight and coordination of the domestic violence system.

(n) Alameda and Solano Counties have further determined that the fees authorized by Section 26840.7 of the Government Code are not sufficient or allowable for this purpose, as these funds are to be used only for domestic violence centers offering direct services, and are currently fully utilized for this purpose.

SEC. 2. Section 26840.10 is added to the Government Code, to read:

26840.10. (a) The Alameda County Board of Supervisors, upon making findings and declarations for the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for marriage licenses and confidential marriage licenses, up to a maximum increase of two dollars ($2).

(b) Effective July 1 of each year, the Alameda County Board of Supervisors may authorize an increase in these fees by an amount equal to the increase in the Consumer Price Index for the San Francisco metropolitan area for the preceding calendar year, rounded to the nearest half-dollar ($0.50). The fees shall be allocated pursuant to Section 18309 of the Welfare and Institutions Code.

(c) In addition to the fee prescribed by Section 26840.1, in Alameda County, the person issuing authorization for the performance of a marriage or confidential marriage, or the county clerk upon providing a blank authorization form pursuant to Part 4 (commencing with Section 500) of Division 3 of the Family Code, shall collect the fees specified in subdivisions (a) and (b), at the time of providing the authorization.

(d) The Alameda County Board of Supervisors shall submit to the Assembly Judiciary Committee and the Senate Judiciary Committee, no later than July 1, 2009, a report containing the following information:

(1) The annual amounts of funds received and expended from fee increases for the purpose of governmental oversight and coordination of domestic violence prevention, intervention, and prosecution efforts in the county.

(2) Outcomes achieved as a result of the activities associated with the implementation of this section.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 3. Section 26840.11 is added to the Government Code, to read:

26840.11. (a) The Solano County Board of Supervisors, upon making findings and declarations for the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for marriage

licenses and confidential marriage licenses, up to a maximum increase of two dollars ($2).

(b) Effective July 1 of each year, the Solano County Board of Supervisors may authorize an increase in these fees by an amount equal to the increase in the Consumer Price Index for the San Francisco metropolitan area for the preceding calendar year, rounded to the nearest one-half dollar ($0.50). The fees shall be allocated pursuant to Section 18309.5 of the Welfare and Institutions Code.

(c) In addition to the fee prescribed by Section 26840.1, in Solano County, the person issuing authorization for the performance of a marriage or confidential marriage, or the county clerk upon providing a blank authorization form pursuant to Part 4 (commencing with Section 500) of Division 3 of the Family Code, shall collect the fees specified in subdivisions (a) and (b), at the time of providing the authorization.

(d) The Solano County Board of Supervisors shall submit to the Assembly and Senate Committees on Judiciary, no later than July 1, 2009, a report containing the following information:

(1) The annual amounts of funds received and expended from fee increases for the purpose of governmental oversight and coordination of domestic violence prevention, intervention, and prosecution efforts in the county.

(2) Outcomes achieved as a result of the activities associated with the implementation of this section.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 4. Section 103627 is added to the Health and Safety Code, to read:

103627. (a) The Alameda County Board of Supervisors, upon making findings and declarations supporting the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for certified copies of marriage certificates, birth certificates, fetal death records, and death records, up to a maximum increase of two dollars ($2).

(b) Effective July 1 of each year, the Alameda County Board of Supervisors may authorize an increase in these fees by an amount equal to the increase in the Consumer Price Index for the San Francisco metropolitan area for the preceding calendar year, rounded to the nearest half-dollar ($0.50). The fees shall be disposed of pursuant to the provisions of Section 18309 of the Welfare and Institutions Code.

(c) In addition to the fees prescribed by subdivisions (a) and (b), any applicant for a certified copy of a birth certificate, a fetal death record, or death record in Alameda County shall pay an additional fee to the local

registrar, county recorder, or county clerk as established by the Alameda County Board of Supervisors.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 5. Section 103628 is added to the Health and Safety Code, to read:

103628. (a) The Solano County Board of Supervisors, upon making findings and declarations for the need for governmental oversight and coordination of the multiple agencies dealing with domestic violence, may authorize an increase in the fees for certified copies of marriage certificates, birth certificates, fetal death records, and death records, up to a maximum increase of two dollars ($2).

(b) Effective July 1 of each year, the Solano County Board of Supervisors may authorize an increase in these fees by an amount equal to the increase in the Consumer Price Index for the San Francisco metropolitan area for the preceding calendar year, rounded to the nearest one-half dollar ($0.50). The fees shall be allocated pursuant to Section 18309.5 of the Welfare and Institutions Code.

(c) In addition to the fees prescribed by subdivisions (a) and (b), any applicant for a certified copy of a birth certificate, a fetal death record, or death record in Solano County shall pay an additional fee to the local registrar, county recorder, or county clerk as established by the Solano County Board of Supervisors.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 6. Section 18309 is added to the Welfare and Institutions Code, to read:

18309. (a) The Alameda County Board of Supervisors shall direct the local registrar, county recorder, and county clerk to deposit fees collected pursuant to Section 26840.10 of the Government Code and Section 103627 of the Health and Safety Code into a special fund. The county may retain up to 4 percent of the fund for administrative costs associated with the collection and segregation of the additional fees and the deposit of these fees into the special fund. Proceeds from the fund shall be used for governmental oversight and coordination of domestic violence and family violence prevention, intervention, and prosecution efforts among the court system, the district attorney's office, the public defender's office, law enforcement, the probation department, mental health, substance abuse, child welfare services, adult protective services, and community-based organizations and other agencies working in Alameda County in order to increase the effectiveness of prevention, early intervention, and prosecution of domestic and family violence.

(b) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 7. Section 18309.5 is added to the Welfare and Institutions Code, to read:

18309.5. (a) The Solano County Board of Supervisors shall direct the local registrar, county recorder, and county clerk to deposit fees collected pursuant to Section 26840.11 of the Government Code and Section 103628 of the Health and Safety Code into a special fund. The county may retain up to 4 percent of the fund for administrative costs associated with the collection and segregation of the additional fees and the deposit of these fees into the special fund. Proceeds from the fund shall be used for governmental oversight and coordination of domestic violence and family violence prevention, intervention, and prosecution efforts among the court system, the district attorney's office, the public defender's office, law enforcement, the probation department, mental health, substance abuse, child welfare services, adult protective services, and community-based organizations and other agencies working in Solano County in order to increase the effectiveness of prevention, early intervention, and prosecution of domestic and family violence.

(b) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 8. Due to the unique circumstances of the Counties of Alameda and Solano with respect to domestic violence, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Sections 2 to 7, inclusive, of this act is necessarily applicable only in the Counties of Alameda and Solano.

(d) A cooperative approach between group home providers and counties encourages group home providers to be good neighbors, allowing them to perform their critical functions within the community.

Prior to transmitting copies of incident reports to the county, the group home facility shall redact the name of any child referenced in the incident reports, and any other identifying information regarding any child referenced in the reports, and the identity and location of the placement agency of any child referenced in the reports. SEC. 6. Section 1538.6 is added to the Health and Safety Code, to read:

1538.6. (a) When the department periodically reviews the record of substantiated complaints against each group home facility, pursuant to its oversight role as prescribed by Section 1534, to determine whether the nature, number, and severity of incidents upon which complaints were based constitute a basis for concern as to whether the provider is capable of effectively and efficiently operating the program, and if the department determines that there is cause for concern, it may contact the county in which a group home facility is located and placement agencies in other counties using the group home facility, and request their recommendations as to what action, if any, the department should take with regard to the provider's status as a licensed group home provider.

(b) It is the intent of the Legislature that the department make every effort to communicate with the county in which a group home facility is located when the department has concerns about group home facilities within that county.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The exemption shall meet all of the following conditions:

(1) It shall not be issued for more than 12 months.

(2) At the end of the effective period of the exemption, the secretary may issue another exemption for up to 12 months for the same incident or public health emergency, if the secretary makes a determination that the exemption is necessary as set forth in this subdivision, the Governor concurs with the exemption, and the secretary notifies the Legislature and interested parties pursuant to paragraphs (3), (4), and (5).

secretary in writing, about the exemption and about the secretary's findings justifying the exemption's approval.

(2) Grants for shelters that were not funded in the previous cycle shall be awarded as a result of a competitive request for proposal (RFP) process. The RFP process shall comply with all applicable state and federal statutes for domestic violence shelter funding, and to the extent possible, the response to the RFP shall not exceed 25 narrative pages, excluding attachments.

(3) Grants shall be awarded to DVSSPs that propose to maintain shelters or services previously granted funding pursuant to this section, to expand existing services or create new services, or to establish new domestic violence shelters in underserved or unserved areas. Each grant shall be awarded for a three-year term.

(4) DVSSPs reapplying for grants shall not be subject to a competitive grant process, but shall be subject to a request for application (RFA) process. The RFA process shall consist in part of an assessment of the past performance history of the DVSSP in relation to the standards established pursuant to paragraph (1). The RFA process shall comply with all applicable state and federal statutes for domestic violence center funding, and to the extent possible, the response to the RFA shall not exceed 10 narrative pages, excluding attachments.

(5) Any DVSSP funded through this program in the previous grant cycle, including any DVSSP funded by Chapter 707 of the Statutes of 2001, shall be funded upon reapplication, unless, pursuant to the assessment required under the RFA process, its past performance history fails to meet the standards established by the OES pursuant to paragraph (1).

(6) The OES shall conduct a minimum of one site visit every three years for each DVSSP funded pursuant to this subdivision. The purpose of the site visit shall be to conduct a performance assessment of, and provide subsequent technical assistance for, each shelter visited. The performance assessment shall include, but need not be limited to, a review of all of the following:

(A) Progress in meeting program goals and objectives.

(B) Agency organization and facilities.

(C) Personnel policies, files, and training.

(D) Recordkeeping, budgeting, and expenditures.

(E) Documentation, data collection, and client confidentiality.

(7) After each site visit conducted pursuant to paragraph (6), the OES shall provide a written report to the DVSSP summarizing the performance of the DVSSP, any deficiencies noted, any corrective action needed, and a deadline for corrective action to be completed. The OES shall also develop a corrective action plan for verifying the completion of any corrective action required. The OES shall submit its written report to the DVSSP no more than 60 days after the site visit. No grant under the RFA process shall be denied if the DVSSP has not received a site visit during the previous three years, unless the OES is aware of criminal violations relative to the administration of grant funding.

(8) DVSSPs receiving written reports of deficiencies or orders for corrective action after a site visit shall be given no less than six months' time to take corrective action before the deficiencies or failure to correct may be considered in the next RFA process. However, the OES shall

have the discretion to reduce the time to take corrective action in cases where the deficiencies present a significant health or safety risk or when other severe circumstances are found to exist. If corrective action is deemed necessary, and a DVSSP fails to comply, or if other deficiencies exist that, in the judgment of the OES, cannot be corrected, the OES shall determine, using its grading system, whether continued funding for the DVSSP should be reduced or denied altogether. If a DVSSP has been determined to be deficient, the OES may, at any point during the DVSSP's funding cycle following the expiration of the period for corrective action, deny or reduce any further funding.

(9) If a DVSSP applies or reapplies for funding pursuant to this section and that funding is denied or reduced, the decision to deny or reduce funding shall be provided in writing to the DVSSP, along with a written explanation of the reasons for the reduction or denial made in accordance with the grading system for the RFP or RFA process. Except as otherwise provided, any appeal of the decision to deny or reduce funding shall be made in accordance with the appeal process established by the OES. The appeal process shall allow a DVSSP a minimum of 30 days to appeal after a decision to deny or reduce funding. All pending appeals shall be resolved before final funding decisions are reached.

(10) It is the intent of the Legislature that priority for additional funds that become available shall be given to currently funded, new, or previously unfunded DVSSPs for expansion of services. However, the OES may determine when expansion is needed to accommodate underserved or unserved areas. If supplemental funding is unavailable, the OES shall have the authority to lower the base level of grants to all currently funded DVSSPs in order to provide funding for currently funded, new, or previously unfunded DVSSPs that will provide services in underserved or unserved areas. However, to the extent reasonable, funding reductions shall be reduced proportionately among all currently funded DVSSPs. After the amount of funding reductions has been determined, DVSSPs that are currently funded and those applying for funding shall be notified of changes in the available level of funding prior to the next application process. Funding reductions made under this paragraph shall not be subject to appeal.

(11) Notwithstanding any other provision of this section, OES may reduce funding to a DVSSP funded pursuant to this section if federal funding support is reduced. Funding reductions as a result of a reduction in federal funding shall not be subject to appeal.

(12) Nothing in this section shall be construed to supersede any function or duty required by federal acts, rules, regulations, or guidelines for the distribution of federal grants.

(13) As a condition of receiving funding pursuant to this section, DVSSPs shall do all of the following:

(A) Provide matching funds or in-kind contributions equivalent to not less than 10 percent of the grant they would receive. The matching funds or in-kind contributions may come from other governmental or private sources.

(B) Ensure that appropriate staff and volunteers having client contact meet the definition of ''domestic violence counselor'' as specified in subdivision (a) of Section 1037.1 of the Evidence Code. The minimum training specified in paragraph (2) of subdivision (a) of Section 1037.1 of the Evidence Code shall be provided to those staff and volunteers who do not meet the requirements of paragraph (1) of subdivision (a) of Section 1037.1 of the Evidence Code.

(14) The following definitions shall apply for purposes of this subdivision:

(A) ''Domestic violence'' means the infliction or threat of physical harm against past or present adult or adolescent female intimate partners, including physical, sexual, and psychological abuse against the woman, and is a part of a pattern of assaultive, coercive, and controlling behaviors directed at achieving compliance from or control over that woman.

(B) ''Domestic violence shelter service provider'' or ''DVSSP'' means a victim services provider that operates an established system of services providing safe and confidential emergency housing on a 24-hour basis for victims of domestic violence and their children, including, but not limited to, hotel or motel arrangements, haven, and safe houses.

(C) ''Emergency shelter'' means a confidential or safe location that provides emergency housing on a 24-hour basis for victims of domestic violence and their children.

(g) The OES may hire the support staff and utilize all resources necessary to carry out the purposes of this section. The OES shall not utilize more than 10 percent of any funds appropriated for the purpose of the program established by this section for the administration of that program.

SEC. 3. Section 13823.16 of the Penal Code is amended to read:

At least one-half of the council membership shall consist of domestic violence victims' advocates or battered women service providers from organizations such as the California Alliance Against Domestic Violence. It is the intent of the Legislature that the council membership reflect the ethnic, racial, cultural, and geographic diversity of the state. The council shall be composed of no more than 13 voting members and two nonvoting members who shall be appointed, as follows:

(1) Seven voting members shall be appointed by the Governor.

(2) Three voting members shall be appointed by the Speaker of the Assembly.

(3) Three voting members shall be appointed by the Senate Committee on Rules.

(4) Two nonvoting members shall be Members of the Legislature, one appointed by the Speaker of the Assembly and one appointed by the Senate Committee on Rules. (c) The OES shall collaborate closely with the council in developing funding priorities, framing the request for proposals, and soliciting proposals.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 4. Section 13837 of the Penal Code is amended to read:

13837. (a) The OES shall provide grants to proposed and existing child sexual exploitation and child sexual abuse victim counseling centers and prevention programs. Grant recipients shall provide appropriate in-person counseling and referral services during normal business hours, and maintain other standards or services which shall be determined to be appropriate by the advisory committee established pursuant to Section 13836 as grant conditions. The advisory committee shall identify the criteria to be utilized in awarding the grants provided by this chapter before any funds are allocated.

In order to be eligible for funding pursuant to this chapter, the centers shall demonstrate an ability to receive and make use of any funds available from governmental, voluntary, philanthropic, or other sources which may be used to augment any state funds appropriated for purposes of this chapter. Each center receiving funds pursuant to this chapter shall make every attempt to qualify for any available federal funding.

State funds provided to establish centers shall be utilized when possible, as determined by the advisory committee, to expand the

program and shall not be expended to reduce fiscal support from other public or private sources. The centers shall maintain quarterly and final fiscal reports in a form to be prescribed by the administering agency. In granting funds, the advisory committee shall give priority to centers which are operated in close proximity to medical treatment facilities.

(b) (1) It is the intent of the Legislature that a goal or purpose of the OES shall be to ensure that all victims of sexual assault and rape receive comprehensive, quality services, and to decrease the incidence of sexual assault through school and community education and prevention programs.

(2) The OES and the advisory committee established pursuant to Section 13836 shall collaboratively administer sexual assault/rape crisis center victim services programs and provide grants to proposed and existing sexual assault services programs (SASPs) operating local rape victim centers and prevention programs. All SASPs shall provide the services in subparagraphs (A) to (G), inclusive, and to the extent federal funding is made available, shall also provide the service described in subparagraph (H). The OES shall provide financial and technical assistance to SASPs in implementing the following services:

(A) Crisis intervention, 24 hours per day, seven days per week.

(B) Followup counseling services.

(C) In-person counseling, including group counseling.

(ii) For SASPs applying for grants under the RFP process described in subparagraph (B), a system for grading grant applications in relation to the standards established pursuant to clause (i), and an appeal process for applications that are denied. A description of this grading system and appeal process shall be provided to all SASPs as part of the application required under the RFP process.

(iii) For SASPs reapplying for funding under the RFA process described in subparagraph (D), a system for grading the performance of SASPs in relation to the standards established pursuant to clause (i), and an appeal process for decisions to deny or reduce funding. A description

of this grading system and appeal process shall be provided to all SASPs receiving grants under this program.

(B) Grants for centers that have previously not been funded or were not funded in the previous cycle shall be awarded as a result of a competitive request for proposal (RFP) process. The RFP process shall comply with all applicable state and federal statutes for sexual assault/rape crisis center funding, and to the extent possible, the response to the RFP shall not exceed 25 narrative pages, excluding attachments.

(C) Grants shall be awarded to SASPs that propose to maintain services previously granted funding pursuant to this section, to expand existing services or create new services, or to establish new sexual assault/rape crisis centers in underserved or unserved areas. Each grant shall be awarded for a three-year term.

(D) SASPs reapplying for grants shall not be subject to a competitive bidding grant process, but shall be subject to a request for application (RFA) process. The RFA process for a SASP reapplying for grant funds shall consist in part of an assessment of the past performance history of the SASP in relation to the standards established pursuant to subparagraph (A). The RFA process shall comply with all applicable state and federal statutes for sexual assault/rape crisis center funding, and to the extent possible, the response to the RFA shall not exceed 10 narrative pages, excluding attachments.

(E) Any SASP funded through this program in the previous grant cycle shall be funded upon reapplication, unless its past performance history fails to meet the standards established pursuant to clause (i) of subparagraph (A).

(F) The OES shall conduct a minimum of one site visit every three years for each agency funded to provide sexual assault/rape crisis centers. The purpose of the site visit shall be to conduct a performance assessment of, and provide subsequent technical assistance for, each center visited. The performance assessment shall include, but need not be limited to, a review of all of the following:

(i) Progress in meeting program goals and objectives.

(ii) Agency organization and facilities.

(iii) Personnel policies, files, and training.

(iv) Recordkeeping, budgeting, and expenditures.

(v) Documentation, data collection, and client confidentiality.

(G) After each site visit conducted pursuant to subparagraph (F), the OES shall provide a written report to the SASP summarizing the performance of the SASP, any deficiencies noted, any corrective action needed, and a deadline for corrective action to be completed. The OES shall also develop a corrective action plan for verifying the completion of any corrective action required. The OES shall submit its written report

to the SASP no more than 60 days after the site visit. No grant under the RFA process shall be denied if the SASP did not receive a site visit during the previous three years, unless the OES is aware of criminal violations relative to the administration of grant funding.

(H) SASPs receiving written reports of deficiencies or orders for corrective action after a site visit shall be given no less than six months' time to take corrective action before the deficiencies or failure to correct may be considered in the next RFA process. However, the OES shall have the discretion to reduce the time to take corrective action in cases where the deficiencies present a significant health or safety risk or when other severe circumstances are found to exist. If corrective action is deemed necessary, and a SASP fails to comply, or if other deficiencies exist that, in the judgment of the OES, cannot be corrected, the OES shall determine, using its grading system, whether continued funding for the SASP should be reduced or denied altogether. If a SASP has been determined to be deficient, the OES may, at any point during the SASP's funding cycle following the expiration of the period for corrective action, deny or reduce any further funding.

(I) If a SASP applies or reapplies for funding pursuant to this section and that funding is denied or reduced, the decision to deny or reduce funding shall be provided in writing to the SASP, along with a written explanation of the reasons for the reduction or denial made in accordance with the grading system for the RFP or RFA process. Except as otherwise provided, any appeal of the decision to deny or reduce funding shall be made in accordance with the appeal process established by the OES. The appeal process shall allow a SASP a minimum of 30 days to appeal after a decision to deny or reduce funding. All pending appeals shall be resolved before final funding decisions are reached.

(J) It is the intent of the Legislature that priority for additional funds that become available shall be given to currently funded, new, or previously unfunded SASPs for expansion of services. However, the OES may determine when expansion is needed to accommodate underserved or unserved areas. If supplemental funding is unavailable, the OES shall have the authority to lower the base level of grants to all currently funded SASPs in order to provide funding for currently funded, new, or previously unfunded SASPs that will provide services in underserved or unserved areas. However, to the extent reasonable, funding reductions shall be reduced proportionately among all currently funded SASPs. After the amount of funding reductions has been determined, SASPs that are currently funded and those applying for funding shall be notified of changes in the available level of funding prior to the next application process. Funding reductions made under this paragraph shall not be subject to appeal.

(K) Notwithstanding any other provision of this section, the OES may reduce funding to a SASP funded pursuant to this section if federal funding support is reduced. Funding reductions as a result of a reduction in federal funding shall not be subject to appeal.

(L) Nothing in this section shall be construed to supersede any function or duty required by federal acts, rules, regulations, or guidelines for the distribution of federal grants.

(M) As a condition of receiving funding pursuant to this section, a SASP shall do each of the following:

(i) Demonstrate an ability to receive and make use of any funds available from governmental, voluntary, philanthropic, or other sources that may be used to augment any state funds appropriated for purposes of this chapter.

(ii) Make every attempt to qualify for any available federal funding.

(O) For the purposes of this paragraph, ''sexual assault service program'' or ''SASP'' means an agency operating a sexual assault/rape crisis center.

SEC. 5. The changes made to existing law in Sections 2 to 4, inclusive, of this act shall not apply to grants approved by the Office of Emergency Services in the 2004–05 funding cycle.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the efficient and orderly administration of grant programs to assist victims of domestic violence and sex offenses, it is necessary that this act take effect immediately.

CHAPTER 841

An act to add Sections 16002.5 and 16004.5 to the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Teen Parents in Foster Care Act.

SEC. 2. The Legislature finds and declares all of the following:

(a) It is in the best interest of children whenever possible to be raised in safe and secure birth families. Dependent teen parents, their children, and society at large all benefit when these young families are given a reasonable opportunity and assistance to form and remain a family.

(b) Babies born to dependent teen parents are more likely to be separated from their birth families than babies born to teen parents who are not in the dependency system.

(c) Teen parents in the foster care system have less access to traditional support systems typically available to minor and first time parents. Additionally, expectations placed on dependent teen parents are frequently unrealistic and inconsistent with their age and developmental level. However, dependent minor parents, given opportunities, adequate resources, support, and guidance, are able to successfully parent their children.

(d) The current infant supplemental payment rate paid to a foster parent who provides care for both a minor dependent parent and infant, which is designed to provide for the costs of infant care, such as transportation, food, shelter, clothing, and equipment, including diapers and car seats, as well as the costs of mentoring the foster child who is the infant's parent and assisting them to develop parenting skills, is less than the basic AFDC-FC rate for an infant placed into foster care and is not commensurate with the rising costs of infant care. Further, the low rate serves as a disincentive in recruiting and retaining trained foster care providers who are willing to care for both a dependent minor parent and infant, and who are skilled in providing the mentoring services and role modeling that these dependent minor parents need in order to become successful parents. Finally, the resulting shortage in qualified foster care providers can cause teen parents and their babies to be separated, disrupting the parent-child bond and potentially severing family ties.

(e) It is the intent of the Legislature in enacting this act to preserve the continuity of the family unit and ensure the maintenance and strengthening of family relationships between a dependent minor parent and his or her child by ensuring that the courts and responsible agencies shall, whenever possible, protect the best interests of a dependent minor parent and his or her child as a unit, and shall make diligent and active efforts to maintain relationships between minor parents and their children, including, but not limited to, placement of the minor parent and the child together in as family-like a setting as possible.

SEC. 3. Section 16002.5 is added to the Welfare and Institutions Code, to read:

16002.5. It is the intent of the Legislature to maintain the continuity of the family unit and to support and preserve families headed by minor parents who are themselves dependents of the juvenile court by ensuring

that minor parents and their children are placed together in as family-like a setting as possible, unless it has been determined that placement together poses a risk to the child.

(a) To the greatest extent possible, dependent minor parents and their children living in foster care shall be provided with access to existing services for which they may be eligible, that are specifically targeted at supporting, maintaining, and developing both the parent-child bond and the minor parent's ability to provide a permanent and safe home for the child. Examples of these services may include, but shall not be limited to, child care, parenting classes, child development classes, and frequent visitation.

(b) The minor parent shall be given the ability to attend school, complete homework, and participate in age and developmentally appropriate activities unrelated to and separate from parenting.

(c) Foster care placements for minor parents and their children shall demonstrate a willingness and ability to provide support and assistance to dependent minor parents and their children.

(d) Contact between the child, the custodial parent, and the noncustodial parent shall be facilitated when that contact is found to be in the best interest of the child.

(e) For the purpose of this section, ''child'' refers to the child born to the minor parent.

(f) For the purpose of this section, ''minor parent'' refers to a dependent child who is also a parent.

SEC. 4. Section 16004.5 is added to the Welfare and Institutions Code, to read:

16004.5. (a) The Legislature finds and declares that there is an urgent need to develop placement resources to permit minor parents and their children to remain together in out-of-home care when the minor parent is removed from the custody of his or her parents due to abuse or neglect.

(b) To the greatest extent possible, child welfare agencies, in conjunction with providers and the state, and in conjunction with ongoing development of placements and the allocation of existing placement resources, shall identify and utilize whole family placements and other placement models that provide supportive family focused care for dependent teens and their children. In identifying these placements, child welfare agencies shall work with providers and stakeholders to identify and develop programs and program models designed to meet these goals.

(c) In order to effectively plan, identify, and develop needed resources, and effectively address the needs of this population, the department and local child welfare agencies are encouraged to collect data on the number of minors in foster care who give birth and the

number of minor parents who remain in placement with their minor children. The department shall aggregate the data annually.

(d) In order to recruit, train, and retain qualified and supportive foster care providers for this population, the department and local child welfare agencies, in consultation with other interested stakeholders, are encouraged to collect information to be used to develop a more cost-effective infant supplemental payment rate structure that more adequately reimburses caregivers for the costs of infant care and teen parent mentoring.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(b) ''Substantiated report'' means a report that is determined by the investigator who conducted the investigation to constitute child abuse or neglect, as defined in Section 11165.6, based upon evidence that makes it more likely than not that child abuse or neglect, as defined, occurred.

(c) ''Inconclusive report'' means a report that is determined by the investigator who conducted the investigation not to be unfounded, but the findings are inconclusive and there is insufficient evidence to determine whether child abuse or neglect, as defined in Section 11165.6, has occurred.

SEC. 7. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make a report to the agency immediately or as soon as is practicably possible by telephone, and the mandated reporter shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, ''reasonable suspicion'' means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that imprisonment and fine.

(c) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, ''penitential communication'' means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional

capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practically possible, by telephone, and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, ''sexual conduct'' means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(f) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(g) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(h) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(i) A county probation or welfare department shall immediately, or as soon as practically possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(j) A law enforcement agency shall immediately, or as soon as practically possible, report by telephone to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

SEC. 7.5. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (c), a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has

been the victim of child abuse or neglect. The mandated reporter shall make a report to the agency immediately or as soon as is practicably possible by telephone, and the mandated reporter shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, ''reasonable suspicion'' means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) A report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(c) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, ''penitential communication'' means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(d) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practicably possible, by telephone, and shall prepare and send a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, ''sexual conduct'' means any of the following:

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(e) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(f) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse

or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9.

(g) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(h) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. Moneys in the fund shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred to process trustline automated child abuse or neglect system checks pursuant to this section.

(C) All moneys, other than that described in subparagraph (B), received by the department pursuant to this paragraph shall be deposited in a special account in the General Fund which is hereby created and named the Department of Justice Sexual Habitual Offender Fund. The funds shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to Chapter 9.5 (commencing with Section 13885) and Chapter 10 (commencing with Section 13890) of Title 6 of Part 4, and the DNA and Forensic Identification Data Base and Data Bank Act of 1998 (Chapter 6 (commencing with Section 295) of Title 9 of Part 1), and for maintenance and improvements to the statewide Sexual Habitual Offender Program and the DNA offender identification file (CAL-DNA) authorized by Chapter 9.5 (commencing with Section 13885) of Title 6 of Part 4 and the DNA and Forensic Identification Data Base and Data Bank Act of 1998 (Chapter 6 (commencing with Section 295) of Title 9 of Part 1).

(c) The Department of Justice shall make available to any agency responsible for placing children pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, upon request, relevant information concerning child abuse or neglect reports contained in the index, when making a placement with a responsible relative pursuant to Sections 281.5, 305, and 361.3 of the Welfare and Institutions Code. Upon receipt of relevant information concerning child abuse or neglect reports contained in the index from the Department of Justice pursuant to this subdivision, the agency shall also notify in writing the person listed in the Child Abuse Central Index that he or she is in the index. The notification shall include the location of the original investigative report and the submitting agency. The notification shall be submitted to the person listed at the same time that all other parties are notified of the information, and no later than the actual judicial proceeding that determines placement.

If Child Abuse Central Index information is requested by an agency for the placement of a child with a responsible relative in an emergency

situation pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, the department is exempt from the requirements of Section 1798.18 of the Civil Code if compliance would cause a delay in providing an expedited response to the child protective agency's inquiry and if further delay in placement may be detrimental to the child.

(d) The department shall make available any information maintained pursuant to subdivision (a) to out-of-state law enforcement agencies conducting investigations of known or suspected child abuse or neglect only when an agency makes the request for information in writing and on official letterhead, identifying the suspected abuser or victim by name. The request shall be signed by the department supervisor of the requesting law enforcement agency. The written requests shall cite the out-of-state statute or interstate compact provision that requires that the information contained within these reports shall be disclosed only to law enforcement, prosecutorial entities, or multidisciplinary investigative teams, and shall cite the criminal penalties for unlawful disclosure of any confidential information provided by the requesting state or the applicable interstate compact provision. In the absence of a specified out-of-state statute or interstate compact provision that requires that the information contained within these reports shall be disclosed only to law enforcement, prosecutorial entities, or multidisciplinary investigative teams, and criminal penalties equivalent to the penalties in California for unlawful disclosure, access shall be denied.

(e) (1) Any person may determine if he or she is listed in the Child Abuse Central Index by making a request in writing to the Department of Justice. The request shall be notarized and include the person's name, address, date of birth, and either a social security number or a California identification number. Upon receipt of a notarized request, the Department of Justice shall make available to the requesting person information identifying the date of the report and the submitting agency. The requesting person is responsible for obtaining the investigative report from the submitting agency pursuant to paragraph (11) of subdivision (b) of Section 11167.5.

(2) No person or agency shall require or request another person to furnish a copy of a record concerning himself or herself, or notification that a record concerning himself or herself exists or does not exist, pursuant to paragraph (1) of this subdivision.

(f) If a person is listed in the Child Abuse Central Index only as a victim of child abuse or neglect, and that person is 18 years of age or older, that person may have his or her name removed from the index by making a written request to the Department of Justice. The request shall be notarized and include the person's name, address, social security number, and date of birth.

SEC. 19. Section 11170.5 of the Penal Code is amended to read:

11170.5. (a) Notwithstanding paragraph (4) of subdivision (b) of Section 11170, the Department of Justice shall make available to a licensed adoption agency, as defined in Section 8530 of the Family Code, information regarding a known or suspected child abuser maintained in the Child Abuse Central Index, pursuant to subdivision (a) of Section 11170, concerning any person who has submitted to the agency an application for adoption.

(b) A licensed adoption agency, to which disclosure of any information pursuant to subdivision (a) is authorized, is responsible for obtaining the original investigative report from the reporting agency, and for drawing independent conclusions regarding the quality of the evidence disclosed and the sufficiency of the evidence for making decisions when evaluating an application for adoption.

(c) Whenever information contained in the Department of Justice files is furnished as the result of an application for adoption pursuant to subdivision (a), the Department of Justice may charge the agency making the request a fee. The fee shall not exceed the reasonable costs to the department of providing the information. The only increase shall be at a rate not to exceed the legislatively approved cost-of-living adjustment for the department. In no case shall the fee exceed fifteen dollars ($15).

All moneys received by the department pursuant to this subdivision shall be deposited in the Department of Justice Sexual Habitual Offender Fund pursuant to subparagraph (C) of paragraph (9) of subdivision (b) of Section 11170.

SEC. 20. Section 11170.6 of the Penal Code is repealed.

SEC. 21. Section 11172 of the Penal Code is amended to read:

11172. (a) No mandated reporter shall be civilly or criminally liable for any report required or authorized by this article, and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his or her professional capacity or outside the scope of his or her employment. Any other person reporting a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false or was made with reckless disregard of the truth or falsity of the report, and any person who makes a report of child abuse or neglect known to be false or with reckless disregard of the truth or falsity of the report is liable for any damages caused. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse or neglect, or causing photographs to be taken of

a suspected victim of child abuse or neglect, without parental consent, or for disseminating the photographs with the reports required by this article. However, this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any person, who, pursuant to a request from a government agency investigating a report of suspected child abuse or neglect, provides the requesting agency with access to the victim of a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that even though it has provided immunity from liability to persons required or authorized to make reports pursuant to this article, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required or authorized reports. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a mandated reporter may present a claim to the State Board of Control for reasonable attorney's fees and costs incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorney's fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) A court may award attorney's fees and costs to a commercial film and photographic print processor when a suit is brought against the processor because of a disclosure mandated by this article and the court finds this suit to be frivolous.

SEC. 22. An article heading is added immediately preceding Section 11174.32 of Chapter 2 of Title 1 of Part 4 of the Penal Code, to read:

(b) For purposes of this section, ''total income'' means taxable wages, dividends, interest, and pension income.

(c) The Legislative Analyst, in consultation with the Franchise Tax Board, shall conduct a study on the impact of the revised Form 540 2EZ and shall report to the Legislature, no later than January 1, 2008, on the following:

It is the intent of the Legislature that Form 540 2EZ, or its successor form, should only be revised to allow those persons, who, but for the existing income restrictions on the amount of, and the nature of, the income received, would otherwise be eligible to use Form 540 2EZ.

CHAPTER 845

An act to amend Section 15200.5 of, and to add Section 11410 to, the Welfare and Institutions Code, relating to child welfare, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 11410 is added to the Welfare and Institutions Code, to read:

11410. (a) The department shall amend the foster care state plan required under Subtitle IV-E (commencing with Section 470) of the federal Social Security Act (42 U.S.C. Sec. 670 et seq.), to authorize counties that elect to subsidize child care for foster parents to use federal matching funds under Subtitle IV-E for that purpose.

(b) When approved by the federal government, counties electing to administer the Foster Parent Child Care Program shall follow the guidelines developed by the State Department of Social Services.

(c) Federal funds used by a county pursuant to this section shall be matched only by county funds pursuant to Section 15200.5.

However, no county shall receive less than $100,000. These funds shall be expressly targeted for emergency response, family reunification, family maintenance, and permanent placement services, and shall be used to supplement, not to supplant, child welfare services funds. A county is not required to provide a match of the funds received pursuant to this provision if the county appropriates the required full match for the county's child welfare services program exclusive of the funds received pursuant to this provision. These funds are available only to counties that have certified that they are fully utilizing the Child Welfare Services/Case Management System (CWS/CMS) or have entered into an agreed-upon plan with the State Department of Social Services outlining the steps that will be taken to achieve full utilization. The department shall reallocate any funds that counties choose not to accept under this provision to other counties based on the allocation formula specified in this provision. The department, in collaboration with the County Welfare Directors Association and representatives from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the

SEC. 6. The Department of Finance may reduce the amount of the reappropriation in Section 5 of this act by a corresponding amount of 2004–05 fiscal year savings if the savings are redirected to child welfare services basic county allocation for the 2004–05 fiscal year from either the Child Welfare Services/Case Management System or the Child Welfare Services Redesign activities. The Department of Finance shall notify the fiscal and budget committees of both houses of the Legislature 30 days prior to reducing the appropriation.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that sufficient funding exists during the entire 2004–05 fiscal year in order to provide important child welfare services, it is necessary that this act take effect immediately.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 270 of the Public Utilities Code, as amended by Section 1 of Chapter 903 of the Statutes of 2001, is amended to read:

(4) The Deaf and Disabled Telecommunications Program Administrative Committee Fund.

(5) The Payphone Service Providers Committee Fund.

Any appropriation from the California High-Cost Administrative Committee Fund-B for the purposes of the grant program established in Section 276.5 of the Public Utilities Code regarding rural telecommunications infrastructure, may not be made until all of the following events have occurred:

(1) The United States Supreme Court has decided Iowa Utilities Board v. Federal Communications Commission (219 F.3d 744 (8th Cir.); certiorari granted January 22, 2001).

(2) The commission recalculates the statewide average cost to serve a residential line stated in Decision 96-10-066, as it determines to be appropriate.

(3) The commission is current on all claims made by carriers for service provided in high-cost areas, except for those claims that the commission is in the process of investigating, contesting, or disallowing.

(c) Moneys in each fund may not be appropriated, or in any other manner transferred or otherwise diverted, to any other fund or entity, except as provided for in Sections 276 and 276.5.

(d) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Section 270 of the Public Utilities Code, as added by Section 2 of Chapter 903 of the Statutes of 2001, is amended to read:

270. (a) The following funds are hereby created in the State Treasury:

(1) The California High-Cost Fund-A Administrative Committee Fund.

(2) The California High-Cost Fund-B Administrative Committee Fund.

(3) The Universal Lifeline Telephone Service Trust Administrative Committee Fund.

(4) The Deaf and Disabled Telecommunications Program Administrative Committee Fund.

(5) The Payphone Service Providers Committee Fund.

(6) The California Teleconnect Fund Administrative Committee Fund.

(b) Moneys in the funds are the proceeds of rates and are held in trust for the benefit of ratepayers and to compensate telephone corporations for their costs of providing universal service. Moneys in the funds may only be expended pursuant to this chapter and upon appropriation in the annual Budget Act or upon supplemental appropriation.

(c) Moneys in each fund may not be appropriated, or in any other manner transferred or otherwise diverted, to any other fund or entity.

(d) This section shall become operative on January 1, 2006.

SEC. 3. Section 739.3 of the Public Utilities Code is amended to read:

739.3. (a) The commission shall develop, implement, and maintain a suitable program to establish a fair and equitable local rate structure aided by universal service rate support to small independent telephone

corporations serving rural and small metropolitan areas. The purpose of the program shall be to promote the goals of universal telephone service and to reduce any disparity in the rates charged by those companies.

(b) For purposes of this section, small independent telephone corporations means those independent telephone corporations serving rural areas, as determined by the commission.

(c) The commission shall develop, implement, and maintain a suitable, competitively neutral, and broadbased program to establish a fair and equitable local rate support structure aided by universal service rate support to telephone corporations serving areas where the cost of providing services exceeds rates charged by providers, as determined by the commission. The commission shall develop and implement the program on or before October 1, 1996. The purpose of the program shall be to promote the goals of universal telephone service and to reduce any disparity in the rates charged by those companies. Except as otherwise explicitly provided, this subdivision does not limit the manner in which the commission collects and disburses funds, and does not limit the manner in which it may include or exclude the revenue of contributing entities in structuring the program.

(d) The commission shall structure the programs required by this section so that any charge imposed to promote the goals of universal service reasonably equals the value of the benefits of universal service to contributing entities and their subscribers.

(e) The commission shall investigate reducing the level of universal service rate support, or elimination of universal service rate support in service areas with demonstrated competition.

(f) This section shall remain in effect until January 1, 2009, and as of that date is repealed, unless a later enacted statute that becomes effective on or before January 1, 2009, deletes or extends that date.

SEC. 4. The Public Utilities Commission shall, by January 1, 2006, conduct a review of the program established pursuant to subdivision (c) of Section 739.3 of the Public Utilities Code and of the California High-Cost Fund-B Administrative Committee Fund, to accomplish both of the following:

(a) Adjust universal service rate support payments to reflect updated operating costs.

(b) Evaluate whether universal service rate support levels can be reduced while still meeting the goals of this program.

SEC. 5. There is hereby appropriated from the California Teleconnect Fund Administrative Committee Fund to the Public Utilities Commission, seventeen million nine hundred seventy-four thousand dollars ($17,974,000) for the purpose of transferring funds to telephone corporations providing discounted rates to qualifying schools, libraries, hospitals, health clinics, and community organizations and

authorized to receive these funds pursuant to Chapter 1.5 (commencing with Section 270) of Part 1 of Division 1.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The authority to expend money from the California Teleconnect Fund Administrative Committee Fund was deleted from the Budget Act for fiscal year 2004–05. The California Teleconnect Fund Administrative Committee Fund provides funding to compensate telephone corporations for providing service at discounted rates to qualifying schools, libraries, hospitals, health clinics, and community organizations. In order to provide sufficient revenues for the telephone corporations authorized to receive these funds pursuant to Chapter 1.5 (commencing with Section 270) of Part 1 of Division 1 of the Public Utilities Code, so that those telephone corporations may continue to provide teleconnect services, it is necessary that this act take effect immediately.

CHAPTER 848

An act to add Section 2282.5 to the Business and Professions Code, relating to medicine.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that providing quality medical care in hospitals depends on the mutual accountability, interdependence, and responsibility of the medical staff and the hospital governing board for the proper performance of their respective obligations.

(b) The Legislature further finds and declares that the governing board of a hospital must act to protect the quality of medical care provided and the competency of its medical staff, and to ensure the responsible governance of the hospital in the event that the medical staff fails in any of its substantive duties or responsibilities. Nothing in this act shall be construed to undermine this authority. The final authority of the hospital governing board may be exercised for the responsible governance of the hospital or for the conduct of the business affairs of the hospital; however, that final authority may only be exercised with a

reasonable and good faith belief that the medical staff has failed to fulfill a substantive duty or responsibility in matters pertaining to the quality of patient care. It would be a violation of the medical staff's self-governance and independent rights for the hospital governing board to assume a duty or responsibility of the medical staff precipitously, unreasonably, or in bad faith.

(c) Finally, the Legislature finds and declares that the specific actions that would constitute bad faith or unreasonable action on the part of either the medical staff or hospital governing board will always be fact-specific and cannot be precisely described in statute. The provisions set forth in this act do nothing more than provide for the basic independent rights and responsibilities of a self-governing medical staff. Ultimately, a successful relationship between a hospital's medical staff and governing board depends on the mutual respect of each for the rights and responsibilities of the other.

SEC. 2. Section 2282.5 is added to the Business and Professions Code, to read:

2282.5. (a) The medical staff's right of self-governance shall include, but not be limited to, all of the following:

(1) Establishing, in medical staff bylaws, rules, or regulations, criteria and standards, consistent with Article 11 (commencing with Section 800) of Chapter 1 of Division 2, for medical staff membership and privileges, and enforcing those criteria and standards.

(2) Establishing, in medical staff bylaws, rules, or regulations, clinical criteria and standards to oversee and manage quality assurance, utilization review, and other medical staff activities including, but not limited to, periodic meetings of the medical staff and its committees and departments and review and analysis of patient medical records.

(3) Selecting and removing medical staff officers.

(4) Assessing medical staff dues and utilizing the medical staff dues as appropriate for the purposes of the medical staff.

(5) The ability to retain and be represented by independent legal counsel at the expense of the medical staff, provided that medical staff at the University of California have the right to retain and be represented by independent legal counsel at the expense of the medical staff upon approval by the Regents of the University of California or their designee in accordance with the bylaws of the Regents, which approval shall not be unreasonably denied.

(6) Initiating, developing, and adopting medical staff bylaws, rules, and regulations, and amendments thereto, subject to the approval of the hospital governing board, which approval shall not be unreasonably withheld.

(b) The medical staff bylaws shall not interfere with the independent rights of the medical staff to do any of the following, but shall set forth the procedures for:

(1) Selecting and removing medical staff officers.

(2) Assessing medical staff dues and utilizing the medical staff dues as appropriate for the purposes of the medical staff.

(3) The ability to retain and be represented by independent legal counsel at the expense of the medical staff.

(c) With respect to any dispute arising under this section, the medical staff and the hospital governing board shall meet and confer in good faith to resolve the dispute. Whenever any person or entity has engaged in or is about to engage in any acts or practices that hinder, restrict, or otherwise obstruct the ability of the medical staff to exercise its rights, obligations, or responsibilities under this section, the superior court of any county, on application of the medical staff, and after determining that reasonable efforts, including reasonable administrative remedies provided in the medical staff bylaws, rules, or regulations, have failed to resolve the dispute, may issue an injunction, writ of mandate, or other appropriate order. Proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act shall become operative only if SB 1325 of the 2003–04 Regular Session is enacted and becomes effective on or before January 1, 2005.

CHAPTER 849

An act to amend Sections 7575 and 7634 of, to add Section 7635.5 to, and to add Article 1.5 (commencing with Section 7645) to Chapter 4 of Part 3 of Division 12 of, the Family Code, relating to paternity.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 7575 of the Family Code is amended to read:

7575. (a) Either parent may rescind the voluntary declaration of paternity by filing a rescission form with the Department of Child Support Services within 60 days of the date of execution of the declaration by the attesting father or attesting mother, whichever signature is later, unless a court order for custody, visitation, or child support has been entered in an action in which the signatory seeking to rescind was a party. The Department of Child Support Services shall develop a form to be used by parents to rescind the declaration of paternity and instruction on how to complete and file the rescission with the Department of Child Support Services. The form shall include a declaration under penalty of perjury completed by the person filing the rescission form that certifies that a copy of the rescission form was sent by any form of mail requiring a return receipt to the other person who signed the voluntary declaration of paternity. A copy of the return receipt shall be attached to the rescission form when filed with the Department of Child Support Services. The form and instructions shall be written in simple, easy to understand language and shall be made available at the local family support office and the office of local registrar of births and deaths. The department shall, upon written request, provide to a court or commissioner a copy of any rescission form filed with the department that is relevant to proceedings before the court or commissioner.

(b) (1) Notwithstanding Section 7573, if the court finds that the conclusions of all of the experts based upon the results of the genetic tests performed pursuant to Chapter 2 (commencing with Section 7550) are that the man who signed the voluntary declaration is not the father of the child, the court may set aside the voluntary declaration of paternity unless the court determines that denial of the action to set aside the voluntary declaration of paternity is in the best interest of the child, after consideration of all of the following factors:

(A) The age of the child.

(B) The length of time since the execution of the voluntary declaration of paternity by the man who signed the voluntary declaration.

(C) The nature, duration, and quality of any relationship between the man who signed the voluntary declaration and the child, including the duration and frequency of any time periods during which the child and the man who signed the voluntary declaration resided in the same household or enjoyed a parent-child relationship.

(D) The request of the man who signed the voluntary declaration that the parent-child relationship continue.

(E) Notice by the biological father of the child that he does not oppose preservation of the relationship between the man who signed the voluntary declaration and the child.

(F) The benefit or detriment to the child in establishing the biological parentage of the child.

(G) Whether the conduct of the man who signed the voluntary declaration has impaired the ability to ascertain the identity of, or get support from, the biological father.

(H) Additional factors deemed by the court to be relevant to its determination of the best interest of the child.

(2) If the court denies the action, the court shall state on the record the basis for the denial of the action and any supporting facts.

(3) (A) The notice of motion for genetic tests under this section may be filed not later than two years from the date of the child's birth by a local child support agency, the mother, the man who signed the voluntary declaration as the child's father, or in an action to determine the existence or nonexistence of the father and child relationship pursuant to Section 7630 or in any action to establish an order for child custody, visitation, or child support based upon the voluntary declaration of paternity.

(B) The local child support agency's authority under this subdivision is limited to those circumstances where there is a conflict between a voluntary acknowledgment of paternity and a judgment of paternity or a conflict between two or more voluntary acknowledgments of paternity.

(4) The notice of motion for genetic tests pursuant to this section shall be supported by a declaration under oath submitted by the moving party stating the factual basis for putting the issue of paternity before the court.

(c) (1) Nothing in this chapter shall be construed to prejudice or bar the rights of either parent to file an action or motion to set aside the voluntary declaration of paternity on any of the grounds described in, and within the time limits specified in, Section 473 of the Code of Civil Procedure. If the action or motion to set aside a judgment is required to be filed within a specified time period under Section 473 of the Code of Civil Procedure, the period within which the action or motion to set aside the voluntary declaration of paternity must be filed shall commence on the date that the court makes an initial order for custody, visitation, or child support based upon a voluntary declaration of paternity.

(2) The parent or local child support agency seeking to set aside the voluntary declaration of paternity shall have the burden of proof.

(3) Any order for custody, visitation, or child support shall remain in effect until the court determines that the voluntary declaration of paternity should be set aside, subject to the court's power to modify the orders as otherwise provided by law.

(4) Nothing in this section is intended to restrict a court from acting as a court of equity.

(5) If the voluntary declaration of paternity is set aside pursuant to paragraph (1), the court shall order that the mother, child, and alleged father submit to genetic tests pursuant to Chapter 2 (commencing with Section 7550). If the court finds that the conclusions of all the experts, as disclosed by the evidence based upon the genetic tests, are that the person who executed the voluntary declaration of paternity is not the father of the child, the question of paternity shall be resolved accordingly. If the person who executed the declaration as the father of the child is not excluded as a possible father, the question of paternity shall be resolved as otherwise provided by law. If the person who executed the declaration of paternity is ultimately determined to be the father of the child, any child support that accrued under an order based upon the voluntary declaration of paternity shall remain due and owing.

(6) The Judicial Council shall develop the forms and procedures necessary to effectuate this subdivision.

SEC. 2. Section 7634 of the Family Code is amended to read:

7634. (a) The local child support agency may, in the local child support agency's discretion, bring an action under this chapter in any case in which the local child support agency believes it to be appropriate.

(b) The Department of Child Support Services may review the current practices of service of process used by the local child support agencies pursuant to subdivision (a), and may develop methods to increase the number of persons served using personal delivery.

SEC. 3. Section 7635.5 is added to the Family Code, to read:

7635.5. In any action brought pursuant to this article, if the alleged father is present in court for the action, the court shall inform the alleged father of his right to have genetic testing performed to determine if he is the biological father of the child. The court shall further inform the alleged father of his right to move to set aside or vacate a judgment of paternity pursuant to Section 7646 within two years of the date he received notice of the action to establish paternity, and that after that time has expired he may not move to set aside or vacate the judgment of paternity, regardless of whether genetic testing shows him not to be the biological father of the child.

SEC. 4. Article 1.5 (commencing with Section 7645) is added to Chapter 4 of Part 3 of Division 12 of the Family Code, to read:

Article 1.5. Setting Aside or Vacating Judgment of Paternity

7645. For purposes of this article, the following definitions shall apply:

(a) ''Child'' means the child of a previously established father, as determined by the superior court in a judgment that is the subject of a motion brought pursuant to this article, or as a matter of law.

(b) ''Judgment'' means a judgment, order, or decree entered in a court of this state that establishes paternity, including a determination of paternity made pursuant to a petition filed under Section 300, 601, or 602 of the Welfare and Institutions Code, or a voluntary declaration of paternity. For purposes of this article, ''judgment'' does not include a judgment in any action for marital dissolution, legal separation, or nullity.

(c) ''Previously established father'' means a person identified as the father of a child in a judgment that is the subject of a motion brought pursuant to this article.

(d) ''Previously established mother'' means a person identified as the mother of a child in a judgment that is the subject of a motion brought pursuant to this article.

7646. (a) Notwithstanding any other provision of law, a judgment establishing paternity may be set aside or vacated upon a motion by the previously established mother of a child, the previously established father of a child, the child, or the legal representative of any of these persons if genetic testing indicates that the previously established father of a child is not the biological father of the child. The motion shall be brought within one of the following time periods:

(1) Within a two-year period commencing with the date on which the previously established father knew or should have known of a judgment that established him as the father of the child or commencing with the date the previously established father knew or should have known of the existence of an action to adjudicate the issue of paternity, whichever is first, except as provided in paragraph (2) or (3) of this subdivision.

(2) Within a two-year period commencing with the date of the child's birth if paternity was established by a voluntary declaration of paternity. Nothing in this paragraph shall bar any rights under subdivision (c) of Section 7575.

(3) In the case of any previously established father who is the legal father as a result of a default judgment as of the effective date of this section, within a two-year period commencing with the enactment of this section.

(b) Subdivision (a) does not apply if the child is presumed to be a child of a marriage pursuant to Section 7540.

7647. (a) A court may grant a motion to set aside or vacate a judgment establishing paternity only if all of the following conditions are met:

(1) The motion is filed in a court of proper venue.

(2) The motion contains, at a minimum, all of the following information, if known:

(A) The legal name, age, county of residence, and residence address of the child.

(B) The names, mailing addresses, and counties of residence, or, if deceased, the date and place of death, of the following persons:

(i) The previously established father and the previously established mother, and the biological mother and father of the child.

(ii) The guardian of the child, if any.

(iii) Any person who has physical custody of the child.

(iv) The guardian ad litem of the child, if any, as appointed pursuant to Section 7647.5.

(C) A declaration that the person filing the motion believes that the previously established father is not the biological father of the child, the specific reasons for this belief, and a declaration that the person desires that the motion be granted. The moving party is not required to present evidence of a paternity test indicating that the previously established father is not the biological father of the child in order to bring this motion pursuant to Section 7646.

(D) A declaration that the marital presumption set forth in Section 7540 does not apply.

(3) The court finds that the conclusions of the expert, as described in Section 7552, and as supported by the evidence, are that the previously established father is not the biological father of the child.

(b) The motion shall include a proof of service upon the following persons, excluding the person bringing the motion:

(1) The previously established mother.

(2) The previously established father.

(3) The local child support agency, if services are being provided to the child pursuant to Title IV-D or IV-E of the Social Security Act (42 U.S.C. Sec. 651 et seq. and 42 U.S.C. Sec. 670 et seq.).

(4) The child's guardian ad litem, if any.

7647.5. A guardian ad litem may be appointed for the child to represent the best interests of the child in an action brought pursuant to this article.

7647.7. Any genetic testing used to support the motion to set aside or vacate shall be conducted in accordance with Section 7552. The court shall, at the request of any person authorized to make a motion pursuant to this article, or may upon its own motion, order genetic testing to assist the court in making a determination whether the previously established father is the biological father of the child.

7648. If the court finds that the conclusions of all of the experts, based upon the results of genetic tests performed pursuant to Chapter 2 (commencing with Section 7550) of Part 2, indicate that the previously established father is not the biological father of the child, the court may, nevertheless, deny the motion if it determines that denial of the motion is in the best interest of the child, after consideration of the following factors:

(a) The age of the child.

(b) The length of time since the entry of the judgment establishing paternity.

(c) The nature, duration, and quality of any relationship between the previously established father and the child, including the duration and frequency of any time periods during which the child and the previously established father resided in the same household or enjoyed a parent-child relationship.

(d) The request of the previously established father that the parent-child relationship continue.

(e) Notice by the biological father of the child that he does not oppose preservation of the relationship between the previously established father and the child.

(f) The benefit or detriment to the child in establishing the biological parentage of the child.

(g) Whether the conduct of the previously established father has impaired the ability to ascertain the identity of, or get support from, the biological father.

(h) Additional factors deemed by the court to be relevant to its determination of the best interest of the child.

7648.1. If the court denies a motion pursuant to Section 7648, the court shall state on the record the basis for the denial of that motion and any supporting facts.

7648.2. (a) This section applies only to cases where support enforcement services are being provided by a local child support agency pursuant to Section 17400.

(b) Upon receipt of any motion brought pursuant to Section 7646, the local child support agency may issue an administrative order requiring the mother, child, and the previously established father to submit to genetic testing if all of the conditions of paragraphs (1) and (2) of subdivision (a) of Section 7647 are satisfied.

(c) The local child support agency shall pay the costs of any genetic tests that are ordered under subdivision (b) or are ordered by a court for cases in which the local child support agency is providing services under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.).

(d) Nothing in this section prohibits any person who has been ordered by a local child support agency to submit to genetic tests pursuant to this section from filing a notice of motion with the court seeking relief from the local child support agency's order to submit to genetic tests. In that event, the court shall resolve the issue of whether genetic tests should be ordered as provided in Section 7647.7. If any person refuses to submit to the tests after receipt of the administrative order pursuant to this section and fails to seek relief from the court from the administrative order either prior to the scheduled tests or within 10 days after the tests

are scheduled, the court may resolve the question of paternity against that person or enforce the administrative order if the rights of others or the interest of justice so require.

7648.3. A court may not issue an order setting aside or vacating a judgment establishing paternity pursuant to this article under any of the following circumstances:

(a) The judgment was made or entered by a tribunal of another state, even if the enforcement of that judgment is sought in this state.

(b) The judgment was made or entered in this state and genetic tests were conducted prior to the entry of the judgment which did not exclude the previously established father as the biological father of the child.

7648.4. Notwithstanding any other provision of law, if the court grants a motion to set aside or vacate a paternity judgment pursuant to this article, the court shall vacate any order for child support and arrearages issued on the basis of that previous judgment of paternity. The previously established father has no right of reimbursement for any amount of support paid prior to the granting of the motion.

7648.8. This article does not establish a basis for termination of any adoption, and does not affect any obligation of an adoptive parent to an adoptive child.

7648.9. This article does not establish a basis for setting aside or vacating a judgment establishing paternity with regard to a child conceived by artificial insemination pursuant to Section 7613 or a child conceived pursuant to a surrogacy agreement.

7649. Nothing in this article shall limit the rights and remedies available under any other provision of law with regard to setting aside or vacating a judgment of paternity or a voluntary declaration of paternity.

7649.5. Notwithstanding any other provision of this article, a distribution from the estate of a decedent or payment made by a trustee, insurance company, pension fund, or any other person or entity that was made in good faith reliance on a judgment establishing paternity that is final for purposes of direct appeal, may not be set aside or subject to direct or collateral attack because of the entry of an order setting aside or vacating a judgment under this article. An estate, trust, personal representative, trustee, or any other person or entity that made that distribution or payment may not incur any liability to any person because of the distribution or payment or because of the entry of an order under this article.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 850

An act to add and repeal Article 6.6 (commencing with Section 14199) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 6.6 (commencing with Section 14199) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 6.6. HIV/AIDS Pharmacy Pilot Program

14199. The department shall establish a pilot program to evaluate the provision of medication therapy management services for people with HIV/AIDS to be effective January 1, 2005, for services rendered on or after September 1, 2004.

14199.1. For purposes of this article, ''medication therapy management'' means a distinct service or group of services that optimize therapeutic outcomes for individual patients. Medication therapy management services are independent of, but can occur in conjunction with, the provision of a medication product.

14199.2. (a) The pilot program provided for under this article shall provide the necessary information to assess the effectiveness of pharmacist care in improving health outcomes for HIV/AIDS patients.

(b) The department shall implement an HIV/AIDS-related medication therapy management service pilot project in no more than 10 pharmacies.

(c) The selection of the pharmacy providers shall be based on all of the following:

(1) Percentage of HIV/AIDS patients serviced by the pharmacy. More than 90 percent of the total patients serviced by the pharmacy in the months of May, June, and July 2004, must have been HIV/AIDS patients.

(2) Ability of the pharmacy to immediately provide specialized services. The provider shall be required to establish specialized services with capability to implement all statutorily mandated services on the implementation date of the project. The pharmacy shall provide all the services listed in subdivision (e).

(3) All specialized services shall be rendered by a qualified pharmacist or other health care provider operating within his or her scope of practice. The department shall develop, in consultation with pharmacy providers, the appropriate professional qualifications needed by the pharmacists rendering services, including any continuing education requirements.

(d) The department shall select the first pharmacies that apply and meet the criteria specified in subdivision (c) for the pilot program.

(e) Pharmacies that participate in this pilot program shall provide the following services:

(1) Patient-specific and individualized services provided directly by a pharmacist to the patient, or in limited circumstances, the patient's caregiver. These services are distinct from generalized patient education and information activities already required by law and provided for in the professional fee for dispensing.

(2) Face-to-face interaction between the patient or caregiver and the pharmacist during delivery of medication therapy management services. When barriers to face-to-face communication exist, patients shall have equitable access to appropriate alternative delivery methods.

(3) Pharmacists and other qualified health care providers to identify patients who should receive medication therapy management services.

(f) The department shall consult with the pilot program pharmacies to establish appropriate outcome measures and the required timeframes for reporting those measures, which in no case shall be less than annually. The department shall retain the ability to require additional outcome measures during the course of the project.

(g) The medication therapy management services shall be based on the individual patient's needs and may include, but are not limited to, the following:

(1) Performing or obtaining necessary assessments of the patient's health status.

(2) Formulating a medication treatment plan.

(3) Selecting, initiating, modifying, or administering medication therapy.

(4) Monitoring and evaluating the patient's response to therapy, including safety and effectiveness.

(5) Performing a comprehensive medication review to identify, resolve, and prevent medication-related problems, including adverse drug events.

(6) Documenting the care delivered and communicating essential information to the patient's other primary care providers.

(7) Providing verbal education and training, beyond what is already required by law, that is designed to enhance patient understanding and appropriate use of the patient's medications.

(8) Providing information, support services, and resources, such as compliance packaging, designed to enhance patient adherence to his or her therapeutic regimens.

(9) Coordinating and integrating medication therapy management services within the broader health care management services being provided to the patient.

(10) Home delivery of medications.

(h) Participants in this pilot program shall be paid an additional dispensing fee of nine dollars and fifty cents ($9.50) per prescription for services rendered after September 1, 2004.

(i) Notwithstanding any other provision of law, the department shall not make any payments for services listed in subdivision (g) that were rendered during any time period in which subdivision (b) of Section 14105.45 has been enjoined by a court order or is otherwise not in effect.

(j) Pilot project contracts under this section may be executed on a noncompetitive bid basis and shall be exempt from the requirements of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(k) Pharmacies shall maintain a sufficient quantity of HIV/AIDS medication in their inventories.

(*l*) Pharmacies shall purchase HIV medications from state licensed wholesalers.

14199.3. This article shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that becomes effective on or before January 1, 2008, deletes or extends that date.

CHAPTER 851

An act to add Section 14132.01 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act that its provisions only apply to the amount of money that a community clinic or free clinic licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code, or an intermittent clinic operating pursuant to subdivision (h) of Section 1206 of the Health and Safety Code, that has a valid license pursuant to Article 13 (commencing with Section 4180) of Chapter 9 of Division 2 of the Business and Professions Code may charge the Medi-Cal program and the Family Planning, Access, Care, and Treatment (Family PACT) Waiver Program and that this act shall not impact the rate paid by either the Medi-Cal program or the Family PACT Waiver Program.

SEC. 2. Section 14132.01 is added to the Welfare and Institutions Code, to read:

14132.01. Notwithstanding any other provision of law, a community clinic or free clinic licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code or an intermittent clinic operating pursuant to subdivision (h) of Section 1206 of the Health and Safety Code, that has a valid license pursuant to Article 13 (commencing with Section 4180) of Chapter 9 of Division 2 of the Business and Professions Code, and is a covered entity, as defined in Section 256b(a)(4) of Title 42 of the United States Code, shall bill the Medi-Cal program and the Family PACT Waiver Program for any take-home drugs, eligible for reimbursement pursuant to Section 340B of the federal Public Health Service Act (42 U.S.C. Sec. 256b), provided to beneficiaries, an amount equal to the lesser of the clinic's average annual actual acquisition cost for that drug plus a per cycle, per month, per unit, or per prescription clinic dispensing fee up to twelve dollars ($12), or its usual charge made to the general public. Take-home drugs that are dispensed for use by the patient within a specific timeframe of five or less days from the date medically indicated shall be billed at the actual acquisition cost for that drug plus a clinic dispensing fee, not to exceed seventeen dollars ($17) per prescription, or its usual charge made to the general public. Take-home supplies may be billed at the usual charge made to the general public. Reimbursement shall be at the lesser of the amount billed or the Medi-Cal reimbursement rate and shall not exceed the net cost of these drugs or products as provided to retail pharmacies under the Medi-Cal program. Federally qualified health centers and rural health clinics that have elected to be reimbursed for pharmacy costs based on the rate as provided pursuant to subdivision (k) of Section 141532.100, are exempt from this paragraph.

CHAPTER 852

An act to add Section 53080 to the Government Code, relating to discrimination.

[Approved by Governor September 28, 2004. Filed with Secretary of State September 28, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) On June 23, 1972, President Richard Nixon signed into law Title IX of the Education Amendments of 1972 to the 1964 Civil Rights Act. This landmark legislation provides that: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance,... ."

(b) In 2003, the California Legislature, recognizing the importance of female participation in athletics, passed Assembly Bill 833, which became effective January 1, 2004, to prohibit discrimination on the basis of sex in California state secondary and postsecondary educational institutions.

(c) Title IX has expanded athletic opportunities for girls and young women in educational institutions. The dramatic increases in participation rates at both the high school and college levels since Title IX was passed show that when doors are opened to women and girls, they will rush through.

(d) Athletic opportunities provide innumerable benefits to girls and young women, including greater academic success, better physical and psychological health, responsible social behaviors, and enhanced interpersonal skills. Athletic scholarships make it possible for some girls and young women to attend college.

(e) Despite advances in educational settings and efforts by some local agencies to expand opportunities for girls and young women in community youth athletics programs, discrimination against girls and young women in local communities still exists that limits these opportunities. The Legislature declares that there is a need to expand athletic opportunities for girls in the context of community parks and recreation.

(f) California community youth athletics have historically been enjoyed disproportionately by male youth. It is the intent of the Legislature to expand and support equal female participation in youth athletics programs, to provide female youth sports programs equal access to facilities administered by cities, counties, cities and counties, and special districts, and to ensure compliance with the Unruh Civil

Rights Act (Section 51 of the Civil Code), and Section 11135 of the Government Code.

SEC. 2. Section 53080 is added to the Government Code, to read:

53080. (a) No city, county, city and county, or special district, including, but not limited to, a community services district, recreation and park district, regional park district, regional park and open-space district, regional open-space park district, or resort improvement district shall discriminate against any person on the basis of sex or gender in the operation, conduct, or administration of community youth athletics programs or in the allocation of parks and recreation facilities and resources that support or enable these programs.

(b) The Unruh Civil Rights Act (Section 51 of the Civil Code) has been held to prohibit local governmental agencies from discriminating on the bases proscribed by the act, and Section 11135 also prohibits local governmental agencies that receive financial assistance from the state from discriminating on the basis of gender, among other bases.

(c) As used in this section, ''community youth athletics program'' means any athletic program in which youth solely or predominantly participate and that is organized for the purposes of training for and engaging in athletic activity and competition and that is in any way operated, conducted, administered, supported, or enabled by a city, county, city and county, or special district.

(d) As used in this section, ''parks and recreation facilities and resources'' include, but are not limited to, park facilities, including, but not limited to, athletic fields, athletic courts, gymnasiums, recreational rooms, restrooms, concession stands and storage spaces; lands and areas accessed through permitting, leasing, or other land use arrangements, or otherwise accessed through cities, counties, cities and counties, or special districts; sports and recreation equipment; devices used to promote athletics such as scoreboards, banners, and advertising; and all moneys used in conjunction with youth athletics.

(e) It is the intent of the Legislature in enacting this section that girls shall be accorded opportunities for participation in community youth athletics programs on an equal basis, both in quality and scope, to those accorded to boys.

(f) In civil actions brought under this section or under other applicable antidiscrimination laws alleging discrimination in community youth athletics programs, courts shall consider the following factors, among others, in determining whether discrimination exists:

(l) Whether the selection of community youth athletics programs offered effectively accommodate the athletic interests and abilities of members of both genders.

(2) The provision of moneys, equipment, and supplies.

(3) Scheduling of games and practice times.

(4) Opportunity to receive coaching.

(5) Assignment and compensation of coaches.

(6) Access to lands and areas accessed through permitting, leasing, or other land use arrangements, or otherwise accessed through a city, a county, a city and county, or a special district.

(7) Selection of the season for a sport.

(8) Location of the games and practices.

(9) Locker rooms.

(10) Practice and competitive facilities.

(11) Publicity.

(12) Officiation by umpires, referees, or judges who have met training and certification standards.

(g) In making the determination under paragraph (1) of subdivision (f), a court shall assess whether the city, county, city and county, or special district has effectively accommodated the athletic interests and abilities of both genders in any one of the following ways:

(1) The community youth athletics program opportunities for boys and girls are provided in numbers substantially proportionate to their respective numbers in the community.

(2) Where the members of one gender have been, and continue to be, underrepresented in community youth athletics programs, the city, county, city and county, or special district can show a history and continuing practice of program expansion and allocation of resources that are demonstrably responsive to the developing interests and abilities of the members of that gender.

(3) Where the members of one gender are underrepresented in community youth athletics programs, the city, county, city and county, or special district can demonstrate that the interests and abilities of the members of that gender have been fully and effectively accommodated by the present program and allocation of resources.

(h) Effective January 1, 2015, a city, county, city and county, and special district may no longer rely on paragraph (2) of subdivision (g) to show that they have accommodated the athletic interests and abilities of both genders.

(i) Nothing in this section shall be construed to invalidate any existing consent decree or any other settlement agreement entered into by a city, county, city and county, or special district to address gender equity in athletic programs.

(j) This section and any ordinances, regulations, or resolutions adopted pursuant to this section by a city, county, city and county, or special district may be enforced against a city, county, city and county,

or special district by a civil action for injunctive relief or damages or both, which shall be independent of any other rights and remedies.

CHAPTER 853

An act to add Section 107.4 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The provision of military family housing is a mission of the military, as stated by the United States Department of Defense.

(b) Under the Military Housing Privatization Initiative (MHPI) (10 U.S.C. Sec. 2871 and following), Congress has entrusted private contractors to construct, renovate, replace, or manage military family housing pursuant to extensive guidelines and restrictions imposed by the military.

(c) The military family housing constructed and managed by private contractors pursuant to the MHPI is situated on a military facility under the control of the military.

(d) A private contractor who constructs, renovates, replaces, or manages military family housing pursuant to the MHPI has neither the right nor the ability to exercise independent authority and control over the day-to-day management or operation of the military family housing, as demonstrated by all of the following:

(1) The number of units, the number of bedrooms per unit, and the unit mix are set by the military, and may not be changed by the contractor without prior approval by the military.

(2) Tenants are designated by a military housing agency.

(3) Rents charged to military personnel or their dependents for the housing units are set by the military.

(4) Financing for the project is subject to the approval of the military. The military has sole discretion over the approval of this financing.

(5) Evictions from the housing units are subject to military justice procedures.

(6) Services for the project normally supplied by a municipality are required to be purchased from the military facility or from a provider designated by the military facility.

(7) The military prescribes rules and regulations governing the use and occupancy of the property.

(8) The military has the authority to remove or bar persons from the property.

(9) The military has the authority to impose access restrictions on the contractor and its tenants.

SEC. 2. Section 107.4 is added to the Revenue and Taxation Code, to read:

107.4. For purposes of paragraph (1) of subdivision (a) of Section 107, there is no independent possession or use of land or improvements if that possession or use is pursuant to a contract that includes, but is not limited to, a long-term lease, for the private construction, renovation, rehabilitation, replacement, management, or maintenance of housing for active duty military personnel and their dependents, if all of the following criteria are met:

(a) The military family housing constructed and managed by private contractor is situated on a military facility under military control, and the construction of that housing is performed under military guidelines in the same manner as construction that is performed by the military.

(b) All services normally provided by a municipality are required to be purchased from the military facility or a provider designated by the military.

(c) The private contractor is not given the right and ability to exercise any significant authority and control over the management or operation of the military family housing, separate and apart from the rules and regulations of the military.

(d) The number of units, the number of bedrooms per unit, and the unit mix are set by the military, and may not be changed by the contractor without prior approval by the military.

(e) Tenants are designated by a military housing agency.

(f) Financing for the project is subject to the approval of the military in its sole discretion.

(g) Rents charged to military personnel or their dependents are set by the military.

(h) The military controls the distribution of revenues from the project to the private contractor, and the private contractor is allowed only a predetermined profit or fee for constructing the military family housing.

(i) Evictions from the housing units are subject to the military justice system.

(j) The military prescribes rules and regulations governing the use and occupancy of the property.

(k) The military has the authority to remove or bar persons from the property.

(*l*) The military may impose access restrictions on the contractor and its tenants.

(m) Any reduction or, if that amount is unknown, the private contractor's reasonable estimate of savings, in property taxes on leased property used for military housing under the Military Housing Privatization Initiative (10 U.S.C. Sec. 2871 and following) shall inure solely to the benefit of the residents of the military housing through improvements, such as a child care center provided by the private contractor.

(n) The military family housing is constructed, renovated, rehabilitated, remodeled, replaced, or managed under the Military Housing Privatization Initiative, or any successor to that law.

SEC. 3. (a) It is the intent of the Legislature in enacting this act to provide legislative direction to county assessors, the State Board of Equalization, the courts, and other involved parties regarding the intended interpretation of the term ''independent'' as it relates to military family housing units that are constructed, renovated, rehabilitated, remodeled, replaced, or managed under the Military Housing Privatization Initiative, or any successor to that law.

(b) Section 107.4 of the Revenue and Taxation Code, as added by this act, does not constitute a change in, but rather, is declaratory of, existing law. Therefore, because this act is declaratory of existing law, no provision of state law, including, but not limited to, Section 8 of Article XVI of the California Constitution, requires reimbursement to any entity for any ad valorem property tax revenue losses that may result from this act.

CHAPTER 854

An act to amend Section 7655 of the Fish and Game Code, and to amend Sections 36700 and 36710 of the Public Resources Code, relating to marine resources.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 7655 of the Fish and Game Code is amended to read:

7655. (a) It is the policy of the State of California that the state be represented on the Pacific Fishery Management Council by people who are knowledgeable about fisheries directly subject to the fishery

management plans of the council. Nominations and appointments to the Pacific Fishery Management Council shall be a balanced representation of interested parties, including, but not limited to, representatives from the commercial salmon troll fishery, the groundfish fishery, the coastal pelagic species fishery, the seafood processing industry, the commercial passenger carrying fishing industry, nongovernmental environmental organizations, and marine scientists.

(b) When the Governor nominates persons for any seat on the Pacific Fishery Management Council, those individuals shall be knowledgeable of California's fishery resources and its fishing industry. Further, the nominations may be made after consultation with fishery organizations and other interested parties, including parties representing the public's interest in the fishery resources and marine environment.

SEC. 2. Section 36700 of the Public Resources Code is amended to read:

36700. Six classifications for designating managed areas in the marine and estuarine environments are hereby established as described in this section, to become effective January 1, 2002. Where the term ''marine'' is used, it refers to both marine and estuarine areas. A geographic area may be designated under more than one classification.

(a) A ''state marine reserve'' is a nonterrestrial marine or estuarine area that is designated so the managing agency may achieve one or more of the following:

(1) Protect or restore rare, threatened, or endangered native plants, animals, or habitats in marine areas.

(2) Protect or restore outstanding, representative, or imperiled marine species, communities, habitats, and ecosystems.

(3) Protect or restore diverse marine gene pools.

(4) Contribute to the understanding and management of marine resources and ecosystems by providing the opportunity for scientific research in outstanding, representative, or imperiled marine habitats or ecosystems.

(b) A ''state marine park'' is a nonterrestrial marine or estuarine area that is designated so the managing agency may provide opportunities for spiritual, scientific, educational, and recreational opportunities, as well as one or more of the following:

(1) Protect or restore outstanding, representative, or imperiled marine species, communities, habitats, and ecosystems.

(2) Contribute to the understanding and management of marine resources and ecosystems by providing the opportunity for scientific research in outstanding representative or imperiled marine habitats or ecosystems.

(3) Preserve cultural objects of historical, archaeological, and scientific interest in marine areas.

(4) Preserve outstanding or unique geological features.

(c) A ''state marine conservation area'' is a nonterrestrial marine or estuarine area that is designated so the managing agency may achieve one or more of the following:

(1) Protect or restore rare, threatened, or endangered native plants, animals, or habitats in marine areas.

(2) Protect or restore outstanding, representative, or imperiled marine species, communities, habitats, and ecosystems.

(3) Protect or restore diverse marine gene pools.

(4) Contribute to the understanding and management of marine resources and ecosystems by providing the opportunity for scientific research in outstanding, representative, or imperiled marine habitats or ecosystems.

(5) Preserve outstanding or unique geological features.

(6) Provide for sustainable living marine resource harvest.

(d) A ''state marine cultural preservation area'' is a nonterrestrial marine or estuarine area designated so the managing agency may preserve cultural objects or sites of historical, archaeological, or scientific interest in marine areas.

(e) A ''state marine recreational management area'' is a nonterrestrial marine or estuarine area designated so the managing agency may provide, limit, or restrict recreational opportunities to meet other than exclusively local needs while preserving basic resource values for present and future generations.

(f) A ''state water quality protection area'' is a nonterrestrial marine or estuarine area designated to protect marine species or biological communities from an undesirable alteration in natural water quality, including, but not limited to, areas of special biological significance that have been designated by the State Water Resources Control Board through its water quality control planning process. ''Areas of special biological significance'' are a subset of state water quality protection areas, and require special protection as determined by the State Water Resources Control Board pursuant to the California Ocean Plan adopted and reviewed pursuant to Article 4 (commencing with Section 13160) of Chapter 3 of Division 7 of the Water Code and pursuant to the Water Quality Control Plan for Control of Temperature in the Coastal and Interstate Waters and Enclosed Bays and Estuaries of California (California Thermal Plan) adopted by the state board.

SEC. 3. Section 36710 of the Public Resources Code is amended to read:

36710. (a) In a state marine reserve, it is unlawful to injure, damage, take, or possess any living geological, or cultural marine resource, except under a permit or specific authorization from the managing agency for research, restoration, or monitoring purposes.

While, to the extent feasible, the area shall be open to the public for managed enjoyment and study, the area shall be maintained to the extent practicable in an undisturbed and unpolluted state. Access and use for activities including, but not limited to, walking, swimming, boating, and diving may be restricted to protect marine resources. Research, restoration, and monitoring may be permitted by the managing agency. Educational activities and other forms of nonconsumptive human use may be permitted by the designating entity or managing agency in a manner consistent with the protection of all marine resources.

(b) In a state marine park, it is unlawful to injure, damage, take, or possess any living or nonliving marine resource for commercial exploitation purposes. Any human use that would compromise protection of the species of interest, natural community or habitat, or geological, cultural, or recreational features may be restricted by the designating entity or managing agency. All other uses are allowed, including scientific collection with a permit, research, monitoring, and public recreation, including recreational harvest, unless otherwise restricted. Public use, enjoyment, and education are encouraged, in a manner consistent with protecting resource values.

(c) In a state marine conservation area, it is unlawful to injure, damage, take, or possess any living, geological, or cultural marine resource for commercial or recreational purposes, or a combination of commercial and recreational purposes, that the designating entity or managing agency determines would compromise protection of the species of interest, natural community, habitat, or geological features. The designating entity or managing agency may permit research, education, and recreational activities, and certain commercial and recreational harvest of marine resources.

(d) In a state marine cultural preservation area, it is unlawful to damage, take, or possess any cultural marine resource. Complete integrity of the cultural resources shall be sought, and no structure or improvements that conflict with that integrity shall be permitted. No other use is restricted.

(e) In a state marine recreational management area, it is unlawful to perform any activity that, as determined by the designating entity or managing agency, would compromise the recreational values for which the area may be designated. Recreational opportunities may be protected, enhanced, or restricted, while preserving basic resource values of the area. No other use is restricted.

(f) In a state water quality protection area, waste discharges shall be prohibited or limited by the imposition of special conditions in accordance with the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code) and implementing regulations, including, but not limited to, the California

Ocean Plan adopted and reviewed pursuant to Article 4 (commencing with Section 13160) of Chapter 3 of Division 7 of the Water Code and the Water Quality Control Plan for Control of Temperature in the Coastal and Interstate Waters and Enclosed Bays and Estuaries of California (California Thermal Plan) adopted by the state board. No other use is restricted.

CHAPTER 855

An act to amend Sections 1731 and 1768 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session authorized the Department of Water Resources to purchase electric power for sale to customers of certain financially distressed electrical corporations, to issue bonds to fund a portion of the costs of those purchases, and to establish revenue requirements to recover its costs of operations and debt service from those customers. Chapter 4 contained additional provisions with respect to the rates and terms and conditions of service offered by electrical corporations.

(b) Chapter 9 of the Statutes of the 2001–02 First Extraordinary Session, enacted various amendments to the provisions described in subdivision (a), and also added expedited rehearing and judicial review provisions to the Public Utilities Code that apply to all orders and decisions of the Public Utilities Commission arising under Chapter 4.

(c) While the expedited rehearing and judicial review provisions may still be necessary with respect to orders and decisions of the commission that relate to the determination or implementation of the department's revenue requirements or the establishment or implementation of bond or power charges necessary to recover those revenue requirements, the expedited rehearing and judicial review provisions are not necessary or appropriate and should be repealed with respect to the other issues addressed by Chapter 4, so that rehearing and judicial review of orders and decisions of the commission that address those issues can be conducted under the statutory procedures that govern most other orders and decisions of the commission.

SEC. 2. Section 1731 of the Public Utilities Code is amended to read:

1731. (a) The commission shall set an effective date when issuing an order or decision. The commission may set the effective date of an order or decision prior to the date of issuance of the order or decision.

(b) After any order or decision has been made by the commission, any party to the action or proceeding, or any stockholder or bondholder or other party pecuniarily interested in the public utility affected, may apply for a rehearing in respect to any matters determined in the action or proceeding and specified in the application for rehearing. The commission may grant and hold a rehearing on those matters, if in its judgment sufficient reason is made to appear. No cause of action arising out of any order or decision of the commission shall accrue in any court to any corporation or person unless the corporation or person has filed an application to the commission for a rehearing within 30 days after the date of issuance or within 10 days after the date of issuance in the case of an order issued pursuant to either Article 5 (commencing with Section 816) or Article 6 (commencing with Section 851) of Chapter 4 relating to security transactions and the transfer or encumbrance of utility property. For purposes of this article, ''date of issuance'' means the date when the commission mails the order or decision to the parties to the action or proceeding.

(c) No cause of action arising out of any order or decision of the commission construing, applying, or implementing the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session that (1) relates to the determination or implementation of the department's revenue requirements, or the establishment or implementation of bond or power charges necessary to recover those revenue requirements, or (2) in the sole determination of the Department of Water Resources, the expedited review of order or decision of the commission is necessary or desirable, for the maintenance of any credit ratings on any bonds or notes of the department issued pursuant to Division 27 (commencing with Section 80000) of the Water Code or for the department to meet its obligations with respect to any bonds or notes pursuant to that division, shall accrue in any court to any corporation or person unless the corporation or person has filed an application with the commission for a rehearing within 10 days after the date of issuance of the order or decision. The Department of Water Resources shall notify the commission of any determination pursuant to paragraph (2) of this subdivision prior to the issuance by the commission of any order or decision construing, applying, or implementing the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session. The commission shall issue its decision and order on rehearing within 20 days after the filing of the application.

SEC. 3. Section 1768 of the Public Utilities Code is amended to read:

1768. The following procedures shall apply to judicial review of an order or decision of the commission interpreting, implementing, or applying the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session that (1) relates to the determination or implementation of the revenue requirements of the Department of Water Resources or the establishment or implementation of bond or power charges necessary to recover those revenue requirements, or (2) in the sole determination of the department, the expedited review of an order or decision of the commission is necessary or desirable, for the maintenance of any credit ratings on any bonds or notes of the department issued pursuant to Division 27 (commencing with Section 80000) of the Water Code or for the department to meet its obligations with respect to any bonds or notes pursuant to that division:

(a) Within 30 days after the commission issues its order or decision denying the application for a rehearing, or, if the application is granted, then within 30 days after the commission issues its decision on rehearing, any aggrieved party may petition for a writ of review in the California Supreme Court for the purpose of determining the lawfulness of the original order or decision or of the order or decision on rehearing. If the writ issues, it shall be made returnable at a time and place specified by court order and shall direct the commission to certify its record in the case to the court within the time specified. No order of the commission interpreting, implementing, or applying the provisions of Chapter 4 of the Statutes of the 2001–02 First Extraordinary Session shall be subject to review in the courts of appeal.

(b) The petition for review shall be served upon the executive director of the commission either personally or by service at the office of the commission.

(c) For purposes of this section, the issuance of a decision or the granting of an application shall be construed to have occurred on the date when the commission mails the decision or grant to the parties to the action or proceeding.

(d) All actions and proceedings under this section and all actions or proceedings to which the commission or the people of the State of California are parties in which any question arises under this section, or under or concerning any order or decision of the commission under this section, shall be preferred over, and shall be heard and determined in preference to, all other civil business except election causes, irrespective of position on the calendar.

(e) The provisions of this article apply to actions under this section to the extent that those provisions are not in conflict with this section.

The department shall review the qualifications of each individual to determine if he or she has performed

professional adoption casework services for five years as required by this section while employed by a licensed California adoption agency or the department.

(b) If, in the case of a birth parent located in California, at least three adoption service providers are not reasonably available, or, in the case of a birth parent located outside of California or outside of the United States who has contacted at least three potential adoption service providers and been unsuccessful in obtaining the services of an adoption service provider who is reasonably available and willing to provide services, independent legal counsel for the birth parent may serve as an adoption service provider pursuant to subdivision (e) of Section 8801.5. SEC. 4. Section 8616.5 of the Family Code is amended to read:

8616.5. (a) The Legislature finds and declares that some adoptive children may benefit from either direct or indirect contact with birth relatives, including the birth parent or parents, after being adopted. Postadoption contact agreements are intended to ensure children of an achievable level of continuing contact when contact is beneficial to the children and the agreements are voluntarily entered into by birth relatives, including the birth parent or parents, and adoptive parents.

(b) (1) Nothing in the adoption laws of this state shall be construed to prevent the adopting parent or parents, the birth relatives, including the birth parent or parents, and the child from voluntarily entering into a written agreement to permit continuing contact between the birth relatives, including the birth parent or parents, and the child if the agreement is found by the court to have been entered into voluntarily and to be in the best interests of the child at the time the adoption petition is granted.

(2) Except as provided in paragraph (3), the terms of any postadoption contact agreement executed under this section shall be limited to, but need not include, all of the following:

(A) Provisions for visitation between the child and a birth parent or parents and other birth relatives, including siblings, and the child's Indian tribe if the case is governed by the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.).

(B) Provisions for future contact between a birth parent or parents or other birth relatives, including siblings, or both, and the child or an adoptive parent, or both, and in cases governed by the Indian Child Welfare Act, the child's Indian tribe.

(C) Provisions for the sharing of information about the child in the future.

(3) The terms of any postadoption contact agreement shall be limited to the sharing of information about the child, unless the child has an existing relationship with the birth relative.

(c) At the time an adoption decree is entered pursuant to a petition filed pursuant to Section 8714, 8714.5, 8802, 8912, or 9000, the court entering the decree may grant postadoption privileges if an agreement for those privileges has been entered into, including agreements entered into pursuant to subdivision (f) of Section 8620.

(d) The child who is the subject of the adoption petition shall be considered a party to the postadoption contact agreement. The written consent to the terms and conditions of the postadoption contact agreement and any subsequent modifications of the agreement by a child who is 12 years of age or older is a necessary condition to the granting of privileges regarding visitation, contact, or sharing of information about the child, unless the court finds by a preponderance of the evidence that the agreement, as written, is in the best interests of the child. Any child who has been found to come within Section 300 of the Welfare and Institutions Code or who is the subject of a petition for jurisdiction of the juvenile court under Section 300 of the Welfare and Institutions Code shall be represented by an attorney for purposes of consent to the postadoption contact agreement.

(e) A postadoption contact agreement shall contain the following warnings in bold type:

(1) After the adoption petition has been granted by the court, the adoption cannot be set aside due to the failure of an adopting parent, a birth parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement.

(2) A disagreement between the parties or litigation brought to enforce or modify the agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(3) A court will not act on a petition to change or enforce this agreement unless the petitioner has participated, or attempted to

participate, in good faith in mediation or other appropriate dispute resolution proceedings to resolve the dispute.

(f) Upon the granting of the adoption petition and the issuing of the order of adoption of a child who is a dependent of the juvenile court, juvenile court dependency jurisdiction shall be terminated. Enforcement of the postadoption contact agreement shall be under the continuing jurisdiction of the court granting the petition of adoption. The court may not order compliance with the agreement absent a finding that the party seeking the enforcement participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings regarding the conflict, prior to the filing of the enforcement action, and that the enforcement is in the best interests of the child. Documentary evidence or offers of proof may serve as the basis for the court's decision regarding enforcement. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by that inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(g) The court may not award monetary damages as a result of the filing of the civil action pursuant to subdivision (e) of this section.

(h) A postadoption contact agreement may be modified or terminated only if either of the following occurs:

(1) All parties, including the child if the child is 12 years of age or older at the time of the requested termination or modification, have signed a modified postadoption contact agreement and the agreement is filed with the court that granted the petition of adoption.

(2) The court finds all of the following:

(A) The termination or modification is necessary to serve the best interests of the child.

(B) There has been a substantial change of circumstances since the original agreement was executed and approved by the court.

(C) The party seeking the termination or modification has participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings prior to seeking court approval of the proposed termination or modification.

Documentary evidence or offers of proof may serve as the basis for the court's decision. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by that inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(i) All costs and fees of mediation or other appropriate dispute resolution proceedings shall be borne by each party, excluding the child. All costs and fees of litigation shall be borne by the party filing the action to modify or enforce the agreement when no party has been found by the court as failing to comply with an existing postadoption contact agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing agreement shall bear all the costs and fees of litigation.

(j) The Judicial Council shall adopt rules of court and forms for motions to enforce, terminate, or modify postadoption contact agreements.

(k) The court may not set aside a decree of adoption, rescind a relinquishment, or modify an order to terminate parental rights or any other prior court order because of the failure of a birth parent, adoptive parent, birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, the postadoption contact agreement.

SEC. 12. Section 11757.51 of the Health and Safety Code is amended to read:

11757.51. The Legislature finds and declares the following:

(a) Many infants affected by alcohol or other drugs require neonatal intensive care because of low birth weight, prematurity, withdrawal symptoms, serious birth defects, and other medical problems. Alcohol or other drug affected infants are increasingly being placed in neonatal intensive care units and this care is very expensive.

(b) Alcohol and other drug affected infants place an expensive burden on the foster care system, regional centers, the public and private health care systems, and the public school system.

(c) The appropriate response to this crisis is prevention, through expanded resources for recovery from alcohol and other drug dependency. The only sure effective means of protecting the health of these infants is to provide the services needed by mothers to address a problem that is addictive, not chosen.

(d) California has women of childbearing age who abuse alcohol or other drugs. Current resources are not adequate to meet the treatment needs of these women. California cannot delay addressing the serious need in this area. California taxpayers and health care consumers

currently bear the enormous financial burden of alcohol and other drug affected infants and those costs can only be contained through expansion of treatment services for women who have an alcohol or other drug dependency and prevention services for women at risk of developing an alcohol or other drug dependency.

(e) Comprehensive prevention and treatment services for both mothers and infants need to be provided in a multidisciplinary, multispecialist, and multiagency fashion, necessitating coordination by both state and local governments.

(f) Intervention strategies for women at risk of developing an alcohol or other drug dependency have proven effective and there are currently in operation programs that can be expanded and modified to meet the critical need in this area.

SEC. 13. Section 11757.55 of the Health and Safety Code is repealed.

SEC. 14. Section 11757.57 of the Health and Safety Code is amended to read:

(b) The purpose of any training provided pursuant to subdivision (a) may be to facilitate the taking of appropriate and thorough medical and social histories of women of childbearing age in order to identify those in special need of alcohol or other drug treatment services and to identify skills for providing case management services to alcohol and other drug using women and their infants. Additional training topics may be covered, including, but not limited to, how to develop procedures for referring those in need of alcohol and other drug treatment services and how to provide appropriate social and emotional support to, as well as developmental monitoring of, drug affected infants and children and their families.

SEC. 15. Section 11757.59 of the Health and Safety Code is amended to read:

11757.59. (b) In carrying out its responsibilities under this chapter, the office may include in its guidelines the special needs of pregnant women and postpartum women who are chemically dependent and who are in need of treatment services. These special needs include, but are not limited to, the following:

(G) Encouragement of active participation and support by spouses, domestic partners, family members, and friends.

(H) Opportunities for a women-only treatment environment.

(6) The communication with policymakers at both the state and federal level about prevention and treatment needs for pregnant women, postpartum women, and their children for alcohol and other drug abuse that need to be addressed.

(7) The utilization of services that emphasize coordination of treatment services with other health, child welfare, child development, and education services.

(2) Within 60 days after notification of the final allocation of each fiscal year pursuant to Section 11814, the board of supervisors of each county requesting to participate shall submit to the department, in accordance with Section 11798, a negotiated net amount contract for alcohol and other drug abuse services.

(b) The approved county plan, or executed negotiated net amount contract, as amended, shall remain in effect to provide the basis for advance payment until the next year's plan is approved or contract amendment is executed. (c) The department, after consultation with county alcohol and drug program administrators, shall develop standardized forms to be used by the counties in the submission of the county plan and negotiated net amount contract. The forms shall include terms and conditions relative to county compliance with applicable laws, regulations, guidelines, and Budget Act requirements.

SEC. 24. Section 11758.12 of the Health and Safety Code is amended to read:

11758.12. (a) A negotiated net amount, for the purposes of this chapter, shall be determined by calculating the total budget for services less the amount of projected revenue. These net amounts for alcohol or other drug services, or both, shall be negotiated for each year of the contract between the participating county and the department and shall be disbursed to participating counties monthly in arrears, upon enactment of the Budget Act. Monthly disbursements to the participating county at the beginning of each fiscal year shall be based on the preliminary allocation of funds issued by the department. The payments shall be based on appropriations made by the Legislature and

monthly payments shall be adjusted to reflect reductions and deletions made by the Legislature. The department shall have the option to either terminate this agreement or amend the contract to reflect the reduced funding. The payments shall continue at the adjusted level until the negotiated contract is amended to reflect the final State Budget for the fiscal year and the final allocation to the counties.

(b) Where the State Department of Health Services adopts regulations for determining reimbursement of county alcohol and other drug program plan services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of these services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries.

(c) Participating counties shall report to the department any information required by the department in accordance with, but shall not exceed, any statutory restrictions, limitations, or conditions enacted by the Legislature, including the applicable Budget Act, or federal law and regulations.

(d) Absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in an executed negotiated net amount contract, a Drug Medi-Cal contract, and an approved county plan, whichever is applicable, shall be placed upon a county's expenditure or retention of state General Fund funds received pursuant to this chapter, with the exception of state General Fund funds used as a match for Drug Medi-Cal federal financial participation.

SEC. 25. Section 11758.13 of the Health and Safety Code is amended to read:

11758.13. The terms of a negotiated net amount contract shall contain a provision defining and expanding upon dedicated capacity. At a minimum ''dedicated capacity'' shall be defined as a historically calculated service modality and service capacity that is adjusted for the projected expansion or reduction in services that the counties agree to make available to provide alcohol and other drug services to persons otherwise eligible for county services. The department shall base its contract negotiations on the availability of a mutually agreeable dedicated capacity.

(a) The department and counties shall calculate the negotiated net amount, for the purposes of Section 11758.20, by calculating the total budget for services less the amount of projected revenue. These net amounts for alcohol and other drug services shall be negotiated each fiscal year between the participating counties and the department and shall be disbursed to participating counties on a monthly basis.

(b) No contract shall become final until executed by both the participating county and the department. A contract shall be executed by September 30, and shall cover the fiscal year period from July 1 to June 30, inclusive. In the event the participating county or the department does not execute the contract by September 30, or in the event a contract is timely executed, but the county does not meet the performance requirements of the contract, the county shall be compensated for work performed upon submission by the county of a county plan in accordance with Section 11798.

(c) When a negotiated net amount contract is executed by the department, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code) and federal funds, shall be bound to that amount as the cost of providing alcohol or other drug services, subject to meeting the performance requirements in the contract.

(a) Substantial fatalities, permanent disability, and property damage resulting from driving under the influence. Crimes involving alcohol and other drug use are a drain on law enforcement, the courts, and the penal system.

(b) Alcoholism in the individual, which is an addiction to the drug alcohol, with its attendant deterioration of physical and emotional health and social well-being.

(c) Alcoholism and other drug use in the family with its attendant deterioration of all relationships and the well-being of family members.

(d) A risk of increased susceptibility to serious illnesses and other major health problems that ultimately create a burden on both public and private health facilities and resources.

(e) A risk of fetal alcohol syndrome.

(f) Losses in production and tax revenues due to absenteeism, unemployment, and industrial accidents.

SEC. 46. Section 11760.1 of the Health and Safety Code is amended to read:

11760.1. The Legislature recognizes that any efforts to address the problems related to inappropriate alcohol use and other drug use are greatly hindered by:

(a) The stigmatization of persons who have alcohol and other drug problems.

(b) Denial by the individual and the community, especially among members of the professional community, sometimes referred to as gatekeepers, regarding the nature and scope of alcohol and other drug problems.

(c) Services that, if uncoordinated, often are conflicting, inappropriate, ineffective, duplicative, and wasteful of limited public and private resources.

(d) Actions and attitudes that encourage consumption of alcoholic beverages in California, which consumption leads to alcohol problems.

(e) Actions and attitudes that encourage illicit drug use.

SEC. 47. Section 11760.2 of the Health and Safety Code is amended to read:

11760.2. The Legislature finds that state government has an affirmative role in alleviating problems related to the inappropriate use of alcoholic beverages and other drug use and that its major objective is protection of the public health and safety, particularly where problems related to inappropriate alcohol use and other drug use are likely to cause harm to individuals, families, and the community.

SEC. 48. Section 11760.3 of the Health and Safety Code is amended to read:

11760.3. The Legislature recognizes that state government's role should be limited for several reasons including, but not restricted to:

(a) State government should intervene in the activities of individuals only where those individuals' inappropriate use of alcoholic beverages and other drug use is likely to cause significant harm to other persons, families, or the community.

(b) The resources available to alleviate problems related to inappropriate alcohol use and other drug use are limited.

(c) Significant private resources, economic incentives, and voluntary actions of individuals and groups in the community are available and should be utilized and encouraged to preclude the necessity for governmental involvement.

SEC. 49. Section 11760.4 of the Health and Safety Code is amended to read:

11760.4. (a) The Legislature finds that, in order to utilize effectively the limited state funds available for programs whose purpose is to alleviate the problems related to inappropriate alcohol use and other drug use and to overcome the barriers to their solution as described in Section 11760.1, the responsibility and authority for the encouragement of the planning for, and the establishment of, county-based programs and statewide alcohol and other drug projects be concentrated primarily in one state department.

(b) The Legislature further recognizes the department's limited role in state government in trying to alleviate the problems related to inappropriate alcohol use and other drug use because of both of the following:

(1) The department's limited budget and staff.

(2) The important role played by other state agencies in trying to alleviate the problems related to inappropriate alcohol use and other drug use.

SEC. 50. Article 2 (commencing with Section 11760.5) is added to Chapter 1 of Part 2 of Division 10.5 of the Health and Safety Code, to read:

Article 2. Coordination of Services

11760.5. (a) The Legislature recognizes that alcohol and other drug abuse should be viewed and treated as a health problem, as well as a law enforcement problem. The alcohol and other drug abuse problem has significant public impact and must, in addition to law enforcement, be given community, education, social, and health attention if prevention and amelioration is to be achieved. These approaches should be coordinated into a multiagency and multifaceted program for alcohol and other drug abuse control in the counties of the state.

(b) It is the intent of the Legislature that community alcohol and other drug abuse services shall be organized in the counties for alcohol and other drug abusers through locally administered and locally controlled community alcohol and other drug abuse programs. The community alcohol and other drug abuse programs shall operate under the principle that services are designed to be equally accessible to all persons, including persons who because of differences in language, cultural differences in language, cultural traditions, or physical disabilities, confront barriers to knowing about or to using the alcohol and other drug abuse services that are offered.

11760.6. It is the intent of the Legislature that the department encourage the development of high quality, cost-effective services. It is further the intent of the Legislature that poor quality, underutilized, duplicative, or marginal services be disapproved by the county.

SEC. 51. Section 11765 of the Health and Safety Code is repealed.

SEC. 52. Section 11772 of the Health and Safety Code is amended to read:

11772. (a) (1) The department may enter into agreements and contracts with any person or public or private agency, corporation, or other legal entity, including contracts to pay these entities in advance or reimburse them for alcohol and other drug services provided to alcohol and other drug abusers and their families and communities.

(2) The department may make grants to public and private entities that are necessary or incidental to the performance of its duties and the execution of its powers. The department may pay these entities in advance or reimburse them for services provided.

(3) The Legislature directs the department to contract with any person or public or private agency, corporation, or other legal entity to perform its duties whenever that expertise is available and appropriate to utilize.

(b) Notwithstanding any other provision of this part, the department may not contract directly for the provision of alcohol and other drug services except as follows:

(1) To provide referral and monitoring services for recipients of Supplemental Security Income in those counties that choose not to provide these services.

(2) For demonstration programs of limited duration and scope, which programs, wherever possible, shall be administered through the counties, and which shall be specifically authorized and funded by the Budget Act or other statutes.

(3) To provide supportive services, such as technical assistance, on a statewide basis, or management and evaluation studies to help assure more effective implementation of this part.

(c) The Legislature strongly encourages all counties to apply for funds under this part because of the seriousness of alcohol and other drug

problems in California and the necessity for affirmative governmental involvement to help alleviate alcohol and other drug problems. However, the Legislature has chosen not to mandate that counties provide those services and programs. In the absence of local community control of the services and programs, the state shall not intervene to operate, directly or through contract, services and programs that the elected county board of supervisors has chosen not to provide to its constituents.

SEC. 54. Section 11776 of the Health and Safety Code is amended to read:

11776. The department shall confer and cooperate with other state agencies whose responsibilities include alleviating the problems related to inappropriate alcohol use and other drug use in order to maximize the state's effectiveness and limited resources in these efforts. These agencies shall include, but are not limited to, the Departments of Alcoholic Beverage Control, Corrections, Industrial Relations, Motor Vehicles, Rehabilitation, and the Youth Authority, the State Departments of Developmental Services, Education, Health Services, Mental Health, and Social Services, the Employment Development Department, and the Office of Traffic Safety.

SEC. 55. Section 11778.9 of the Health and Safety Code is amended to read:

11778.9. It is the intent of the Legislature that the department cooperate closely with individuals and organizations concerned with alleviating problems related to inappropriate alcohol use and other drug use. The Legislature recognizes the wealth of experience and commitment that many individuals and organizations in the community have to offer and that can enhance the effectiveness of the programs funded by the department through counties.

SEC. 56. Section 11781 of the Health and Safety Code is amended to read:

11781. The Legislature finds and declares all of the following:

(a) Federal, state, and local governments have the responsibility and the expressed intent to provide and ensure the accessibility of alcohol and other drug treatment, recovery, intervention, and prevention services to all individuals, with specific emphasis on women, ethnic minorities, and other disenfranchised segments of the population.

(b) The effects of inappropriate alcohol use by ethnic populations in California are increasing. Concurrently, the use of available recovery services by these populations is not in keeping with the increase of problems experienced by these populations.

(c) There is a great shortage of treatment programs available to pregnant women and their offspring. Blacks have an infant mortality rate

twice that of the general population, and substance abuse only exacerbates the problem.

(d) Barriers to accessing the services available specifically include, but are not limited to, the following:

(1) Lack of educational materials appropriate to the community.

(2) Geographic isolation or remoteness.

(3) Institutional and cultural barriers.

(4) Language differences.

(5) Lack of representation by affected groups employed by public and private service providers and policymakers.

(6) Insufficient research information regarding problems and appropriate strategies to resolve the problems of access to services.

(e) While current law requires the department to develop and implement a statewide plan to alleviate problems related to inappropriate alcohol use and other drug use and to overcome the barriers to their solution, these attempts have been ineffective due to the magnitude of the task.

SEC. 57. Section 11781.5 of the Health and Safety Code is amended to read:

11781.5. The department shall provide direction to counties and to public and private organizations serving the target populations to increase access to alcohol and other drug abuse prevention and recovery programs in all of the following ways:

(a) Assume responsibility to increase the knowledge within state agencies and the Legislature of problems affecting the target populations.

(b) Determine, compile, and disseminate information and resource needs of the counties and constituent service providers to better serve the target populations.

(c) Ensure that established state and county standards, policies, and procedures are not discriminatory and do not contribute to service accessibility barriers.

(d) Promote an understanding of ethnic and gender differences, approaches to problems, and strategies for increasing voluntary access to services by the target populations.

(e) Affirmatively coordinate with the counties for the provision of services to the target populations and to assure accountability that necessary services are actually provided.

SEC. 58. Section 11782 of the Health and Safety Code is repealed.

SEC. 59. Section 11785 of the Health and Safety Code is amended to read:

11785. The Legislature recognizes the importance of encouraging research to study the biological aspects of, and the social factors

contributing to, problems related to the inappropriate use of alcoholic beverages and other drug use.

The Legislature further recognizes the value of interpreting and applying research results through changes in public policy.

SEC. 60. Section 11786 of the Health and Safety Code is amended to read:

11786. The department may enter into contracts for special studies and research to develop the information needed for formulating policies that will reduce the incidence of alcohol and other drug use problems through promising and innovative approaches in prevention, intervention, and treatment.

SEC. 61. Chapter 3.5 (commencing with Section 11788) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 3.5. RESOURCES AND INFORMATION

11788. The department, with the approval of the Secretary of the Health and Human Services Agency, may contract with any public or private agency for the performance of any of the functions vested in the department by this chapter. Any department of the state is authorized to enter into such a contract.

11789. (a) The department shall be a central information resource on alcohol and other drug abuse prevention and treatment programs and on research projects with respect to alcohol and other drug abuse.

(b) The department shall collect, and act as an information exchange for, information on research and service projects completed or in progress relating to alcohol and other drug abuse, provide, to any person, institution, or public agency proposing any research or service project on that subject, information with respect to the areas in which research is needed, and evaluate programs of research, treatment, and education with respect to alcohol and other drug abuse.

(c) No state agency shall conduct any research or service project on alcohol and other drug abuse until it has provided the department with a description of its proposed project and until the department has responded with a written description of how the research or service project relates with other completed, concurrently operating, or pending research or service projects. If the department fails to provide the agency with the written description within 60 days from the date of receipt of the proposed project, the state agency may proceed to conduct the research or service project as described in the agency's proposal.

11790. The department, at the request of the county alcohol and drug program administrator, may assist local community organizations in initiating effective programs to prevent and treat alcohol and other drug abuse. The department may charge a fee for this assistance.

11791. The department may develop and implement a mass media alcohol and other drug education program involving newspapers, radio, and television in order to provide community education, develop public awareness, and motivate community action in alcohol and other drug abuse prevention, treatment, and rehabilitation.

11792. (a) The department, in consultation with the State Department of Health Services, shall use existing materials to distribute a brochure on the care and treatment of infants under the age of six months who have been exposed to alcohol and other drugs. The brochure shall include, but not be limited to, the following:

(2) The health problems of infants who have been exposed to alcohol and other drugs.

(3) The special feeding needs of infants who have been exposed to alcohol and other drugs.

(4) The special care needs of infants who have been exposed to alcohol and other drugs, such as not overstimulating those infants who are addicted to cocaine.

(b) The brochure developed pursuant to subdivision (a) may be distributed through hospitals, public health nurses, child protective services, alcohol and other drug facilities, educational networks, foster parent groups, medical professional offices, Medi-Cal programs, and county interagency task force groups, as well as any other agency that the department selects.

11793. The department may develop an objective program evaluation device or methodology and evaluate state-supported alcohol and other drug abuse prevention and treatment programs.

11794. The department shall, in consultation with the State Department of Education, screen and evaluate alcohol and other drug abuse books, pamphlets, literature, movies, and other audiovisual aids and may prepare and disseminate lists of recommended materials to schools, public libraries, alcohol and other drug information centers, and other public and private agencies. The department may charge a fee, not exceeding actual costs, for providing the materials.

11794.1. It is the intent of the Legislature that the department, in collaboration with the State Department of Health Services and stakeholders in the medical and treatment provider communities, work to identify methods for better informing medical doctors of the benefits of diagnosing and treating substance abuse among their patient population, including, but not limited to, improved outreach efforts at the state and local levels and the use of information dissemination strategies, where appropriate.

SEC. 62. Section 11795 of the Health and Safety Code is amended to read:

11795. (a) The board of supervisors of each county may apply to the department for funds for the purpose of alleviating problems in its county related to alcohol abuse and other drug use. This part applies only to counties receiving state or federal funds allocated by the department under this part.

(b) The department shall coordinate state and local alcohol and other drug abuse prevention, care, treatment, and rehabilitation programs. It is the intent of the Legislature that the department and the counties maintain a cooperative partnership to assure effective implementation of this chapter.

(c) The Legislature grants responsibility to the county to administer and coordinate all county alcohol and other drug programs funded under this part. County alcohol and other drug programs shall account to the board of supervisors and to the state for their effective implementation. The county shall establish its own priorities for alcohol and other drug programs funded under this part, except with respect to funds that are allocated to the county for federally required programs and services.

(2) Subject to the department's approval, any county may, by contract, furnish alcohol and other drug services to another county.

(b) Unless otherwise expressly provided for or required by the context, this part relating to county alcohol and other drug programs shall apply to alcohol and other drug programs operated jointly by two or more counties.

SEC. 64. Section 11796.1 of the Health and Safety Code is amended to read:

11796.1. Except as provided in subdivision (b) of Section 11812, nothing in this part shall prevent any city or combination of cities from financing and administering directly an alcohol or other drug program or providing service by contracting with the county to provide and be reimbursed for services provided pursuant to the county alcohol and other drug program under Article 4 (commencing with Section 11810). In addition, where appropriate, any county may contract with a city, or combination of cities, to administer contracts with privately operated agencies to alleviate problems related to inappropriate alcohol use and other drug use.

SEC. 65. Section 11797 of the Health and Safety Code is amended to read:

11797. SEC. 66. Section 11798 of the Health and Safety Code is amended to read:

11798. Counties that receive funds shall prepare and submit a county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, that shall include a budget of all funds allocated to the county by the department pursuant to this part, and shall report utilization of those funds in an annual cost report pursuant to subdivision (q) of Section 11755.

SEC. 67. Section 11798.1 of the Health and Safety Code is amended to read:

11798.1. (a) Counties shall each develop and operate their alcohol and other drug abuse programs that would otherwise be required under this division, as one coordinated program in each county. Counties may combine their alcohol and drug advisory boards, their alcohol and other drug plans, their alcohol and drug budgets, and the submission deadlines for alcohol and other drug budgets and cost reports, and the administration of programs at both the county and provider levels.

(b) A county may, by resolution of its board of supervisors, develop and operate alcohol and other drug abuse programs as one coordinated system. In establishing coordinated systems with combined alcohol and other drug services counties shall do all of the following:

(5) Ensure that combined programs comply with statewide program standards developed pursuant to regulations adopted by the department in consultation with the alcohol and drug administrators.

(c) A county operating a coordinated system under this section shall assess or categorize a program participant at the time of admission and discharge as having problems primarily with abuse of either alcohol or of other drugs for purposes of federal reimbursement as required by federal law and report information to the department in a form consistent with existing data collection systems.

SEC. 68. Section 11800 of the Health and Safety Code is amended to read:

11800. (a) The board of supervisors shall designate a health-related county agency or department that shall administer the county alcohol and other drug program. (b) The Legislature recognizes that the effective provision of the activities specified in subdivision (a) will result in an increased demand upon, and utilization of, existing services to alcohol and other drug abusers and their families. However, the Legislature believes that provision of effective prevention and early intervention activities over the next decade will result in saving taxpayers funds that might otherwise have to be expended for higher health and safety costs.

SEC. 76. Section 11811.3 of the Health and Safety Code is amended to read:

11812. The following conditions apply to county expenditures of state funds pursuant to this part:

(a) Where the services specified in the approved county plan are provided pursuant to other general health or social programs, only that

portion of the services dealing with alcohol and other drug problems may be financed under this part.

(b) (1) Each county shall utilize available privately operated alcohol and other drug programs and services in the county prior to utilizing new county-operated programs and services, or city-operated programs and services pursuant to Section 11796.1, when the available privately operated programs and services are as favorable in quality and cost as are those operated by the county or city. When these privately operated programs and services are not available, the county shall make a reasonable effort to encourage the development of privately operated programs and services prior to developing county-operated or city-operated programs and services.

(2) The county alcohol and drug program administrator shall demonstrate to the board of supervisors, and to the department, prior to development of any new program or service, that reasonable efforts have been made to comply with paragraph (1). All available local public or private programs and services, as described in paragraph (1), that are appropriate shall be utilized prior to using services provided by hospitals.

(c) All personal information and records obtained by the county, any program that has a contract with the county, or the department pursuant to this section are confidential and may be disclosed only in those instances designated in Section 5328 of the Welfare and Institutions Code.

(1) Any person may bring an action against an individual who has willingly and knowingly released confidential information or records concerning that person in violation of this section, for the greater of the following amounts:

(A) Five hundred dollars ($500).

(B) Three times the amount of actual damages, if any, sustained by the plaintiff.

(2) (A) Any person may, in accordance with Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, bring an action to enjoin the release of confidential information or records in violation of this chapter, and may in the same action seek damages as provided in this section.

(B) It is not a prerequisite to an action under this section that the plaintiff suffer or be threatened with actual damages.

(d) The department may require that each county and any public or private provider of alcohol and other drug services that receives any state funds under this part provide any information requested by the department relating to any application for or receipt of federal or other nonstate funds, including fees, donations, grants, and other revenues, for alcohol and other drug abuse services provided by these agencies.

SEC. 81. Section 11812.6 of the Health and Safety Code is amended to read:

11812.6. (a) In addition to any other services authorized under this chapter, the department shall urge the county, in the county plan, to develop within existing resources specific policies and procedures to address the unique treatment problems presented by persons who are both mentally disordered and chemically dependent. If contained in the county plan, priority shall be given to developing policies and procedures that relate to the diagnosis and treatment of homeless persons who are mentally disordered and chemically dependent.

(b) The director shall consult with the Director of Mental Health in developing guidelines for county mental health and alcohol and drug treatment programs in order to comply with this section.

SEC. 82. Section 11813 of the Health and Safety Code is amended to read:

11813. Nothing in this part shall prohibit a county from appropriating funds for alcohol and other drug programs and services in addition to the funds allocated by the department.

SEC. 83. Section 11814 of the Health and Safety Code is amended to read:

11814. (a) The department shall issue allocations to counties for alcohol and other drug programs.

(b) In issuing allocations to counties, it is the intent of the Legislature that counties shall allocate all funds received pursuant to state and federal laws and regulations.

(c) The department shall estimate an allocation of state and federal funds available for each county to implement the approved county plan, executed negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable. In making allocations, the department shall base its allocations on the population of each county. However, the department shall assure that each small population county receives a minimum amount of funds to provide adequate alcohol and other drug services. The department may take into account other factors in making the allocations if the department finds that the factors relate to the level of alcohol and other drug problems in the county. No later than 45 days after introduction of the Budget Bill, the department shall notify each county regarding its preliminary allocation under this division, pending enactment of the Budget Bill. The 1984–85 fiscal year shall establish the base funding for the county alcohol and drug allocation for local programs. Beginning with the 1985–86 fiscal year, cost-of-living adjustments, if granted, shall be considered as tied to the base allocation established in the 1984–85 fiscal year, plus any subsequent cost-of-living adjustments. The department shall notify each county regarding its final allocation after enactment of the Budget Bill.

(d) Notwithstanding any other provision in this section, the director may reduce funding below the base year amounts of counties that underspend their allocation for two consecutive years by more than 5 percent. Any reduction shall be limited to the difference between 5 percent of the allocation and the total amount unspent. The amounts underspent shall be determined based on the most recent cost reports.

SEC. 84. Section 11814.5 of the Health and Safety Code is repealed.

SEC. 85. Section 11817.1 of the Health and Safety Code is amended to read:

11817.1. The department may reallocate among counties any savings that occur during the fiscal year in programs or services or any allocations either not applied for by a county or not in compliance with this part. Reallocations may be made to counties by amendment to their county plans or negotiated net amount contracts.

SEC. 86. Section 11817.3 of the Health and Safety Code is amended to read:

11817.3. (a) There shall be an appropriation from the Budget Act to the department to fund programs and services to alleviate problems related to inappropriate alcohol use or other drug use as provided for in this part. However, if the state receives additional funds from the federal government after the enactment of the Budget Act, which funds may be augmented by the Director of Finance to the appropriation described in this section in accordance with the Budget Act, then the department shall determine the amount of those funds to be used for allocation to counties, and shall allocate that amount to counties with approved amended county plans, executed negotiated net amount contracts, and amended Drug Medi-Cal contracts, whichever is applicable, within 90 days of receipt of the additional funds to support programs and services to alleviate alcohol-related and other drug-related problems as described in this subdivision. The allocation of all funds pursuant to this subdivision shall comply with federal requirements and with any requirements pursuant to Section 28.00 of the Budget Act.

(b) The requirement set forth in subdivision (a) that the department determine the amount of additional funds to be used for allocation to counties and allocate that amount to counties within 90 days, shall be waived when the 90-day period does not allow sufficient time for completion of the notification period pursuant to Section 28.00 of the Budget Act.

(c) As used in this section, ''approved amended county plan'' means a county plan amended by a county to describe the county's proposed use of the additional or reduced funds available pursuant to this section, which plan is approved by the department.

(d) As used in this section, ''executed negotiated net amount contract'' or ''amended Drug Medi-Cal contract'' refers to a contract that

is amended by a county to describe the county's proposed use of the additional or reduced funds available pursuant to this section, which contract is approved by the department.

11817.4. Alcohol and other drug service expenditures made by counties pursuant to this part shall be paid by the state pursuant to this part.

SEC. 88. Section 11817.8 of the Health and Safety Code is repealed.

SEC. 89. Section 11817.8 is added to the Health and Safety Code, to read:

11817.8. (a) It is the intent of the Legislature that the state and the counties work together to minimize audit exceptions. Audit findings as contained in the department audit reports may be appealed by counties directly to the department. Counties may retain disputed audit amounts of state and federal funds unless an audit appeal is filed, and then until the audit appeal is resolved, in whole or in part, against the county.

(b) The department shall audit the expenditures of counties, direct contractors, and subcontractors. The department shall develop an annual audit plan that will identify the counties, direct contractors, and subcontractors funded in whole or in part with the funds administered by the department. The annual audit plan shall consist of a sufficient number of audits and financial reviews to provide reasonable assurance that federal and state funds have been used for their intended purpose in accordance with applicable funding requirements and restrictions contained in statutes, regulations, and contracts.

(c) The department may conduct audits and financial related reviews on other than a routine basis of any county, direct contractor, or county subcontractor funded in whole or in part with funds administered by the department, as the department deems necessary and appropriate.

(d) Counties may audit the expenditures of organizations funded in whole or in part with funds administered by the department.

(e) Notwithstanding subdivision (e) of Section 11758.12, counties shall repay to the department amounts of state and federal funds found, as a result of an audit, not to have been expended in accordance with the requirements set forth in this part, federal block grant law, federal or state regulations pertaining to alcohol or other drug abuse services, and the conditions set forth in any contract or interagency agreement. For organizations or services and the conditions set forth in any combination of state, federal, or other public funds, where a clear audit trail shows that the source and application of these funds is not maintained, repayment shall be determined by prorating audit findings between each funding source.

(f) For those audits conducted by the department, the director shall administratively establish policies and procedures for the resolution of disputed audit findings. The department shall consult with county administrators when proposing changes in the procedures for the resolution of disputed audit findings.

(g) There is established in the State Treasury an Audit Repayment Trust Fund. All undisputed repayments of state funds made pursuant to subdivision (e) and all repayments of state funds resulting from an audit resolution procedure established pursuant to subdivision (f) shall be deposited in this fund. The money in the fund shall be available upon appropriation by the Legislature.

(h) The department may deny or withhold payments or advances of funds to a county if the department finds, by audit or otherwise, that a program is not in compliance with this part, the net amount contract, and Drug Medi-Cal contract, whichever is applicable.

(i) Notwithstanding subdivision (a) of Section 53134 of the Government Code, audits performed pursuant to this section shall be conducted by qualified state or local government auditors or independent public accountants in accordance with generally accepted governing auditing standards, as prescribed by Government Auditing Standards, issued by the Comptroller General of the United States. These audits shall be completed no later than six months after the completion of the audit fieldwork.

SEC. 90. Section 11818 of the Health and Safety Code is amended to read:

11818. (a) (1) Expenditures made by counties and contract providers that may be paid using appropriated funds subject to payment include salaries of personnel, approved facilities and services provided through contract, operation, maintenance, and service costs, depreciation of county facilities as established in the State of California's Auditing Standards and Procedures for Counties, disregarding depreciation on the county facility to the extent it was financed by state funds under this part, lease of facilities where there is no intention to, nor option to, purchase, and other expenditures that may be approved by the director.

(2) Expenditures made by counties and contract providers that may not be paid using appropriated funds subject to payment include expenditures for initial capital improvement, the purchase or construction of buildings, except for equipment items and remodeling expenses as may be provided in regulations of the department, compensation to members of a local advisory board on drug programs, except actual and necessary expenses incurred in the performance of official duties, and expenditures for a purpose for which state reimbursement is claimed under any other law.

(b) (1) Except as provided in Chapter 3 (commencing with Section 11758.10), the cost of services specified in the county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, shall be based upon reimbursement of actual costs as determined with standard accounting practices. The county may enter into contracts with providers at actual cost or a negotiated rate. Negotiated rate is a specific and fixed dollar rate for a specified unit of service provided. Negotiated rates may be used as the cost of services only between the county and private providers. The negotiated rate shall be approved by the county prior to commencing services for reimbursement and the rate shall be based upon the projected cost of providing the services and projected revenues realized as a result of providing the services. The provider shall make available to the county information on prior years' actual cost of providing the services and actual revenues.

(2) (A) Providers that receive a combination of Medi-Cal funding and other federal or state funding for the same service element and location shall be reimbursed for actual costs as limited by Medi-Cal reimbursement requirements, as specified in Title XIX of the federal Social Security Act (42 U.S.C. 1396 et seq.), the medicaid state plan, subdivisions (c) and (d) of Section 51516 of Title 22 of the California Code of Regulations, except that reimbursement for non-Medi-Cal services shall not be limited by Medi-Cal rate requirements or customary charges to privately paying clients.

(B) For those providers who operate under a negotiated rate for non-Medi-Cal services, the rates shall be treated as provisional rates, subject to yearend settlement of actual costs.

(3) Notwithstanding any other provision of law, during yearend settlements, the department may pay, from both state and federal funds, prior fiscal year allowable Medi-Cal costs incurred by June 30 of the prior fiscal year that exceed the amount timely encumbered in the prior fiscal year contract.

SEC. 91. Section 11818.5 of the Health and Safety Code is amended to read:

11818.5. (a) Counties shall submit a cost report reflecting the expenditure of funds allocated by the department. An annual cost report for the fiscal year ending June 30 shall be submitted to the department by November 1.

(b) Each county shall be responsible for reviewing its contracts with providers of services and the department may audit these contracts. The cost reports shall be reviewed by the department and interim settlements of claims shall be made expeditiously with each county. Final settlement shall be made at the time of audit, which shall be completed within three years of the date the cost report was accepted for interim settlement by

the department. If the audit is not completed within three years, the interim settlement shall be considered as the final settlement.

(c) Counties shall report estimated numbers and characteristics of clients-participants by type of service in the county plan and shall report actual numbers and characteristics of clients-participants served by type of service with the annual cost report. The department shall specify forms and procedures to be followed in reporting this information. The fiscal reporting system established pursuant to this section shall supersede the requirements of paragraph (2) of subdivision (b) of Section 16366.7 of the Government Code for a quarterly fiscal reporting system.

SEC. 92. Section 11820 of the Health and Safety Code is amended to read:

11820. The Legislature recognizes the potential positive impact that federal, state, and local health planning agencies can have on the alleviation of alcohol and other drug problems through better coordinated planning and utilization of limited health resources. The Legislature encourages persons concerned with alcohol and other drug problems to become involved as much as possible as representatives on health planning agencies, and committees thereof, and in providing advice and comments on health plans of those agencies.

SEC. 93. Section 11820.1 of the Health and Safety Code is amended to read:

11820.1. The department shall work together with the Office of Statewide Health Planning and Development and any other statewide health planning agencies created pursuant to Public Law 93-641 in the preparation and implementation of the state health plan required under that act. The department shall seek the advice and comments of public and private agencies and individuals concerned with alcohol and other drug problems prior to submission by the department of any draft plans to the office.

SEC. 94. Section 11825 of the Health and Safety Code is amended to read:

11825. The department may establish reasonable criteria to evaluate the performance of programs and services that are described in the county plan.

SEC. 95. Section 11826 of the Health and Safety Code is amended to read:

11826. The department may do all of the following:

(a) Review and conduct evaluation studies of service delivery to clients in programs receiving state allocated funds.

(b) Conduct investigative reporting.

(c) Disseminate evaluation studies, reports, articles, and other reference documents.

(d) Evaluate the administration of county alcohol and other drug programs to determine whether the county provides for adequate administration of the county alcohol and other drug program.

SEC. 96. Section 11827 of the Health and Safety Code is amended to read:

11827. The Legislature recognizes that local program effectiveness may be evaluated in a variety of ways, but should reflect the needs and priorities of the local community and attempt to measure the achievement of objectives determined through the planning process described in this part. The Legislature further recognizes that the conducting of these evaluations is essential to holding county alcohol and other drug programs accountable for their use of state funds and increasing program effectiveness. The Legislature recognizes the beneficial results of the local evaluation process to those participating in this process, as described in the county plan.

The Legislature desires to encourage experimentation and diversity in the methods utilized by counties to evaluate the county alcohol and other drug programs' achievement of their objectives, including, but not limited to, evaluations of individuals' progress, changes in utilization rates, changes in community attitudes, and measurement of specific programmatic goals in order to advance our knowledge about the effectiveness of programs in alleviating alcohol and other drug problems.

SEC. 97. Section 11828 of the Health and Safety Code is amended to read:

11828. Each county shall assure the evaluation of all state-funded programs to determine whether they have achieved their objectives as determined in the planning process. In addition, recognizing the difficulty and expense of conducting effective county alcohol and other drug program evaluation, the department may assist counties in developing evaluation designs for implementation by counties to measure progress of alcohol or other drug users, changes in community attitudes toward inappropriate alcohol use and other drug problems, changes in the incidence and prevalence of alcohol and other drug problems within the county, or other objectives identified in the planning process. The department, in cooperation with counties that choose to participate, may assist and fund counties to implement the evaluation designs developed. Counties may contract with public or private agencies and utilize funds allocated under this part for purposes of conducting the evaluations.

SEC. 98. Section 11830 of the Health and Safety Code, as amended by Section 2 of Chapter 919 of the Statutes of 1989, is amended to read:

11830. The department shall take the following goals and objectives into consideration in the implementation of this chapter:

(a) The significance of community-based programs to alcohol and other drug abuse recovery shall not be diminished.

(b) Opportunities for low-income and special needs populations to receive alcohol and other drug abuse recovery or treatment services shall be encouraged.

SEC. 99. Section 11830 of the Health and Safety Code, as amended by Section 64 of Chapter 938 of the Statutes of 1995, is amended and renumbered to read:

11830.1. In order to ensure quality assurance of alcohol and other drug programs and expand the availability of funding resources, the department shall implement a program certification procedure for alcohol and other drug treatment recovery services funded under this part. The department, after consultation with the County Alcohol and Drug Program Administrators Association of California, and other interested organizations and individuals, shall develop standards and regulations for the alcohol and other drug treatment recovery services describing the minimal level of service quality required of the service providers to qualify for and obtain state certification. The standards shall be excluded from the rulemaking requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Compliance with these standards shall be voluntary on the part of programs. For the purposes of Section 2626.2 of the Unemployment Insurance Code, certification shall be equivalent to program review.

SEC. 100. Section 11830.5 of the Health and Safety Code is amended to read:

11830.5. (a) The department, in consultation with the county alcohol and drug program administrators and other interested organizations and individuals, shall develop program standards specific to each type of residential and nonresidential program, to be used during its certification process. These standards shall be advisory only and are excluded from the provisions of Section 11340.5 of the Government Code and other rulemaking requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), and Chapter 8 (commencing with Section 11835).

(b) The program standards shall include, but not be limited to, both of the following:

(1) Recognition and characterization of different approaches and solutions to the alcohol and drug problems that the department determines have sufficient merit for a separate standard.

(2) Reference to the needs of youth, the elderly, women, pregnant women, mothers and their children, gays, lesbians, the disabled, and

special populations, with recognition of innovative solutions to the problems of those special populations.

(c) The program standards shall serve as educational documents to inform the public of the current state-of-the-art in effective and cost-efficient alcohol and drug problem programming.

SEC. 101. Section 11831 of the Health and Safety Code, as added by Section 64 of Chapter 1328 of the Statutes of 1984, is amended and renumbered to read:

11831.2. The department may charge a reasonable fee as the department deems necessary for the certification or renewal certification of a program that voluntarily requests the certification. The fee shall be set at a level sufficient to cover administrative costs of the program certification process incurred by the department. In calculating the administrative costs, the department shall include staff salaries and benefits, related travel costs, and state operational and administrative costs.

SEC. 102. Section 11831.5 of the Health and Safety Code is amended to read:

11831.5. (a) Certification shall be granted by the department pursuant to this section to any alcoholism or drug abuse recovery or treatment program wishing to receive, and requesting, the certification regardless of the source of the program's funding.

(b) The purposes of certification under this section shall be all of the following:

(1) To identify programs that exceed minimal levels of service quality, are in substantial compliance with the department's standards, and merit the confidence of the public, third-party payers, and county alcohol and drug programs.

(2) To encourage programs to meet their stated goals and objectives.

(3) To encourage programs to strive for increased quality of service through recognition by the state and by peer programs in the alcoholism and drug field.

(4) To assist programs to identify their needs for technical assistance, training, and program improvements.

(c) Certification may be granted under this section on the basis of evidence satisfactory to the department that the requesting alcoholism or drug abuse recovery or treatment program has an accreditation by a statewide or national alcohol or drug program accrediting body. The accrediting body shall provide accreditation that meets or exceeds the department's standards and is recognized by the department.

(d) No fee shall be levied by the department for certification of nonprofit organizations or local governmental entities under this section.

(e) Certification, or the lack thereof, shall not convey any approval or disapproval by the department, but shall be for information purposes only.

(f) The standards developed pursuant to Section 11830 and the certification under this section shall satisfy the requirements of Section 1463.16 of the Penal Code.

(g) The department and the State Department of Social Services shall enter into a memorandum of understanding to establish a process by which the Department of Alcohol and Drug Programs can certify residential facilities or programs serving primarily adolescents, as defined in paragraph (1) of subdivision (a) of Section 1502, that have programs that primarily serve adolescents and provide alcohol and other drug recovery or treatment services.

SEC. 103. Section 11835 of the Health and Safety Code is amended to read:

11835. (a) The purposes of any regulations adopted by the department shall be to implement, interpret, or make specific the provisions of this part and shall not exceed the authority granted to the department pursuant to this part. To the extent possible, the regulations shall be written in clear and concise language and adopted only when necessary to further the purposes of this part.

(b) Except as provided in this section, the department may adopt regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the Title 2 of the Government Code) necessary for the proper execution of the powers and duties granted to and imposed upon the department by this part. However, these regulations may be adopted only upon the following conditions:

(1) Prior to adoption of regulations, the department shall consult with county alcohol and drug program administrators and may consult with any other appropriate persons relating to the proposed regulations.

(2) If an absolute majority of the designated county alcohol and drug program administrators who represent counties that have submitted county plans, negotiated net amount contracts, or Drug Medi-Cal contracts, vote at a public meeting called by the department, for which 45 days' advance notice shall be given by the department, to reject the proposed regulations, the department shall refer the matter for a decision to a committee, consisting of a representative of the county alcohol and drug program administrators, the director, the secretary, and one designee of the secretary. The decision shall be made by a majority vote of this committee at a public meeting convened by the department. Upon a majority vote of the committee recommending adoption of the proposed regulations, the department may then adopt them. Upon a majority vote recommending that the department not adopt the proposed

regulations, the department shall then consult again with the county alcohol and drug program administrators and resubmit the proposed regulations to the administrators for a vote pursuant to this subdivision.

(3) In the voting process described in paragraph (2), no proxies shall be allowed nor may anyone other than the designated county alcohol and drug program administrator, director, secretary, and secretary's designee vote at the meetings.

SEC. 104. The heading of Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code is amended to read:

CHAPTER 9. SERVICES TO PERSONS CONVICTED FOR DRIVING WHILE UNDER THE INFLUENCE OF ALCOHOL AND OTHER DRUGS

SEC. 105. Section 11836 of the Health and Safety Code is amended to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter, ''program'' means any firm, partnership, association, corporation, local governmental entity, agency, or place that has been initially recommended by the county board of supervisors, subject to any limitation imposed pursuant to subdivisions (c) and (d), and that is subsequently licensed by the department to provide alcohol or drug recovery services in that county to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) of Section 23103.5 of the Vehicle Code.

(4) A person whose license has been suspended, revoked, or delayed due to a violation of Section 23140, and who has been admitted to a program under Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(c) For purposes of providing recommendations to the department pursuant to subdivision (a), a county board of supervisors may limit its recommendations to those programs that provide services for persons convicted of a first driving-under-the-influence offense, or services to those persons convicted of a second or subsequent driving-under-the-influence offense, or both services. If a county board of supervisors fails to provide recommendations, the department shall determine the program or programs to be licensed in that county.

(d) After determining a need, a county board of supervisors may also place one or more limitations on the services to be provided by a driving-under-the-influence program or the area the program may operate within the county, when it initially recommends a program to the department pursuant to subdivision (a).

(1) For purposes of this subdivision, a board of supervisors may restrict a program for those convicted of a first driving-under-the-influence offense to providing only a three-month program, or may restrict a program to those convicted of a second or subsequent driving-under-the-influence offense to providing only an 18-month program, as a condition of its recommendation.

(2) A board of supervisors may not place any restrictions on a program that would violate any statute or regulation.

(3) When recommending a program, if a board of supervisors fails to place any limitation on a program pursuant to this subdivision, the department may license that program to provide any driving-under-the-influence program services that are allowed by law within that county.

(4) This subdivision is intended to apply only to the initial recommendation to the department for licensure of a program by the county. It is not intended to affect any license that has been previously issued by the department or the renewal of any license for a driving-under-the-influence program. In counties where a contract or other written agreement is currently in effect between the county and a licensed driving-under-the-influence program operating in that county, this subdivision is not intended to alter the terms of that relationship or the renewal of that relationship.

SEC. 106. Section 11837.2 of the Health and Safety Code is amended to read:

11837.2. (a) (1) The court may refer persons only to licensed programs. Subject to these provisions, a person is eligible to participate in the program if the program is operating in any of the following:

(A) The county where the person is convicted.

(B) The county where the person resides.

(C) A county that has an agreement with the person's county of residence pursuant to Section 11838.

(D) A county to which a person may request transfer pursuant to subdivision (d).

(2) If a person granted probation under Section 23542 or 23562 of the Vehicle Code cannot be referred to a licensed 18-month program pursuant to this section, Section 13352.5 of the Vehicle Code does not apply.

(b) If a person has consented to participate in a licensed program and the county where the person is convicted is the same county in which the person resides, the court may order the person to participate in a licensed program within that county, or, if that county does not have a licensed program, the court may order that person to participate in a licensed program within another county, pursuant to Section 11838.

(c) If a person has consented to participate in a licensed program in the county in which that person resides or in a county in which the person's county of residence has an agreement pursuant to Section 11838, and the county where the person is convicted is not the county where the person resides, and if the court grants the person summary probation, the court may order the person to participate in a licensed program in that county. In lieu of summary probation, the court may utilize the probation officer to implement the orders of the court. If the county in which the person resides does not have a licensed program or an agreement with another county pursuant to Section 11838 and the person consents, the court may order the person to participate in a licensed program within the county where that person is convicted or in a county with which the county has an agreement pursuant to Section 11838.

(d) Except as otherwise provided in subdivision (e), subsequent to a person's commencement of participation in a program, the person may request transfer to another licensed program (1) in the same county in which the person has commenced participation in the program, upon approval of that county's alcohol and drug program administrator, or (2) in a county other than the county in which the person has commenced participation in the program, upon approval of the alcohol and drug program administrator of the county in which the person is participating and the county to which the person is requesting transfer.

(e) Subdivision (d) does not apply (1) if the court has ordered the person to participate in a specific licensed program, unless the court

orders the transfer or, (2) if the person is under formal probation, unless the probation officer consents to the transfer. The department shall establish reporting forms and procedures to ensure that the court receives notice of any program transfer pursuant to this subdivision or subdivision (d).

(f) Jurisdiction of all postconviction matters arising pursuant to this section may be retained by the court of conviction.

(g) The department, in cooperation with the Department of Motor Vehicles and the county alcohol and drug program administrators, shall establish procedures to ensure the effective implementation of this section.

SEC. 107. Section 11837.3 of the Health and Safety Code is amended to read:

11837.3. (a) (1) Each county, through the county alcohol and drug program administrator, shall determine its ability to establish, through public or private resources, a program of alcohol and other drug education and counseling services for a person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a first violation of Section 23152 or 23153 of the Vehicle Code, or who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of, or Section 655.4 of, the Harbors and Navigation Code, pursuant to subdivisions (e) and (f) of Section 668 of the Harbors and Navigation Code. The program shall be self-supporting through fees collected from program participants. The program shall be of at least three months' duration and consist of at least 30 hours of direct education and counseling services. The program shall be authorized by each county and licensed by, and operated under general regulations established by, the department.

(2) (A) A county that shows the department that it has insufficient resources, insufficient potential program participants, or other material disadvantages is not required to establish a program.

(B) The department may license an alcohol and other drug education program that is less than 30 hours in length in any county where the board of supervisors has provided the showing pursuant to subparagraph (A), and the department has upheld that showing. The shorter program is subject to all other applicable regulations developed by the department pursuant to paragraph (3) of subdivision (b) of Section 11837.4.

(b) Each county that has approved an alcohol and other drug education program or programs and that is licensed by the department shall make provision for persons who can document current inability to pay the program fee, in order to enable those persons to participate. The county shall require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(c) In order to assure effectiveness of the alcohol and other drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(d) (1) Any person required to successfully complete an alcohol and other drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person also shall participate in and successfully complete the program, and shall furnish proof of successful completion within the period of time and in the manner specified by the court.

(2) An alcohol and other drug education and counseling program shall report to the court, within the period of time and in the manner specified by the court, the name of any person who fails to successfully complete the program.

SEC. 108. Section 11837.4 of the Health and Safety Code is amended to read:

11837.4. (a) No program, regardless of how it is funded, may be licensed unless all of the requirements of this chapter and of the regulations adopted pursuant to this chapter have been met.

(b) Each licensed program shall include, but not be limited to, the following:

(1) For the alcohol or drug education and counseling services programs specified in subdivision (b) of Section 11837, each program shall provide for close and regular face-to-face interviews. For the 18-month programs specified in subdivision (a) of Section 11837, each program shall provide for close and regular supervision of the person, including face-to-face interviews at least once every other calendar week, regarding the person's progress in the program for the first 12 months of the program and shall provide only community reentry supervision during the final six months of the program. In the last six months of the 18-month program, the provider shall monitor the participant's community reentry activity with self-help groups, employment, family, and other areas of self-improvement. Unless otherwise ordered by the court, the provider's monitoring services are limited to not more than six hours. For the 30-month programs specified in subdivision (b) of Section 23548, subdivision (b) of Section 23552, and subdivision (b) of Section 23568 of the Vehicle Code, each program shall provide for close and regular supervision of the person, including regular, scheduled face-to-face interviews over the course of 30 months regarding the person's progress in the program and recovery from problem drinking, alcoholism, chemical dependency, or polydrug abuse,

as prescribed by regulations of the department. The interviews in any of those programs shall be conducted individually with each person being supervised and shall occur at times other than when the person is participating in any group or other activities of the program. No program activity in which the person is participating shall be interrupted in order to conduct the individual interviews.

(2) (A) The department shall approve all fee schedules for the programs and shall require that each program be self-supporting from the participants' fees and that each program provide for the payment of the costs of the program by participants at times and in amounts commensurate with their ability to pay in order to enable these persons to participate. Each program shall make provisions for persons who can successfully document current inability to pay the fees. Only the department may establish the criteria and procedures for determining a participant's ability to pay. The department shall ensure that the fees are set at amounts that will enable programs to provide adequately for the immediate and long-term continuation of services required pursuant to this chapter. The fees shall be used only for the purposes set forth in this chapter, except that any profit or surplus that does not exceed the maximum level established by the department may be utilized for any purposes allowable under any other provisions of law. In its regulations, the department shall define, for the purposes of this paragraph, taking into account prudent accounting, management, and business practices and procedures, the terms ''profits'' and ''surplus.'' The department shall fairly construe these provisions so as not to jeopardize fiscal integrity of the programs. The department may not license any program if the department finds that any element of the administration of the program does not assure the fiscal integrity of the program.

(B) Each program licensed by the department under this section may request an increase in the fees. The request for an increase shall initially be sent to the county alcohol and drug program administrator. The county alcohol and drug program administrator shall, within 30 days of receiving the request, forward it to the department with the administrator's recommendation that the fee increase be approved or disapproved.

(C) The administrator's recommendation shall, among other things, take into account the rationale that the program has provided to the administrator for the increase and whether that increase would exceed the profit or surplus limit established by the department.

(D) If the county alcohol and drug program administrator fails to forward the request to the department within the 30 days, the program may send the request directly to the department. In this instance, the department may act without the administrator's recommendation.

(E) The department shall, within 30 days of receiving the request pursuant to subparagraph (B) or (D) approve or disapprove the request. In making its decision, the department shall consider the matters described in subparagraph (C).

(3) The licensed programs described in paragraph (1) shall include a variety of treatment services for problem drinkers, alcoholics, chemical dependents, and polydrug abusers or shall have the capability of referring the persons to, and regularly and closely supervising the persons while in, any appropriate medical, hospital, or licensed residential treatment services or self-help groups for their problem drinking, alcoholism, chemical dependency, or polydrug abuse problem. In addition to the requirements of paragraph (1), the department shall prescribe in its regulations what other services the program shall provide, at a minimum, in the treatment of participants, which services may include lectures, classes, group discussions, group counseling, or individual counseling in addition to the interviews required by paragraph (1), or any combination thereof. However, any group discussion or counseling activity, other than classes or lectures, shall be regularly scheduled to consist of not more than 15 persons, except that they may, on an emergency basis, exceed 15, but not more than 17, persons, at any one meeting. At no time shall there be more than 17 persons in attendance at any one meeting. For the 30-month programs specified in subdivision (b) of Section 23548, subdivision (b) of Section 23552, and subdivision (b) of Section 23568 of the Vehicle Code, each licensed program shall include a method by which each participant shall maintain a compendium of probative evidence, as prescribed in the regulations of the department, on a trimonthly basis demonstrating a performance of voluntary community service by the participant, including, but not limited to, the prevention of drinking and driving, the promotion of safe driving, and responsible attitudes toward the use of chemicals of any kind, for not less than 120 hours and not more than 300 hours, as determined by the court, with one-half of that time to be served during the initial 18 months of program participation and one-half of that time to be served in the final 12 months. In determining whether or not the participant has met the objectives of the program, the compendium of evidence shall also include, and the court shall consider, the participant's demonstration of significant improvement in any of the following areas of personal achievement:

(A) Significant improvement in occupational performance, including efforts to obtain gainful employment.

(B) Significant improvement in physical and mental health.

(C) Significant improvement in family relations, including financial obligations.

(D) Significant improvement in financial affairs and economic stability.

The compendium of evidence shall be maintained by the participant for review by the program, court, probation officer, or other appropriate governmental agency. The program officials, unless prohibited by the referring court, shall make provisions for a participant to voluntarily enter, using the participant's own resources, a licensed chemical dependency recovery hospital or residential treatment program which has a valid license issued by the State of California to provide alcohol or drug services, and to receive three weeks of program participation credit for each week of that treatment, not to exceed 12 weeks of program participation credit, but only if the treatment is at least two weeks in duration. The program shall document probative evidence of this hospital or residential care treatment in the participant's program file.

(4) In order to assure program effectiveness, the department shall require, whenever appropriate, that the licensed program provides services to ethnic minorities, women, youth, or any other group that has particular needs relating to the program.

(5) The goal of each program shall be to assist persons participating in the program to recognize their chemical dependency and to assist them in their recovery.

(6) Each program shall establish a method by which the court, the Department of Motor Vehicles, and the person are notified in a timely manner of the person's failure to comply with the program's rules and regulations.

(c) No program may be licensed unless the county complies with the requirements of subdivision (b) of Section 11812. The provider of a program that offers an alcohol or drug education and counseling services program, an 18-month program, or a 30-month program or any or all of those programs described in this section shall be required to obtain only one license. The department's regulations shall specify the requirements for the establishment of each program. The license issued by the department shall identify the program or programs licensed to operate.

(d) (1) Departmental approval for the establishment of a 30-month program by a licensed 18-month program is contingent upon approval by the county alcohol and drug program administrator, based upon confirmation that the program applicant is capable of providing the service and that the fiscal integrity of the program applicant will not be jeopardized by the operation of the program.

(2) The court shall refer a person to a 30-month treatment program only if a 30-month program exists or is provided for in the jurisdiction of the court.

(e) A county or program shall not prescribe additional program requirements unless the requirements are specifically approved by the department.

(f) The department may license a program on a provisional basis.

SEC. 109. Section 11837.6 of the Health and Safety Code is amended to read:

11837.6. (a) The major responsibility for assuring programmatic and fiscal integrity of each program rests with the county alcohol and drug program administrator of each county utilizing a program pursuant to this chapter.

(b) The county alcohol and drug program administrator shall assure, through monitoring at least once every six months, compliance with the applicable statutes and regulations by any licensed program within the county's jurisdiction. Whenever possible, the county monitoring shall coincide with the state licensing reviews. The county alcohol and drug program administrator shall prepare and submit, to the department and the program provider, an annual written report of findings regarding the program's compliance with applicable statutes and regulations.

(c) The county alcohol and drug program administrator shall submit a description of each licensed program as part of the county plan.

(d) The county alcohol and drug program administrator shall notify the department, within 30 days of the date that a program's license is denied, suspended or revoked, of the individuals who failed to commence participation in another licensed program within 21 days of the license denial, suspension or revocation.

SEC. 110. Section 11837.7 of the Health and Safety Code is amended to read:

11837.7. (a) The county alcohol and drug program administrator, or the advisory board acting through the county alcohol and drug program administrator, shall inform the board of supervisors immediately if it is determined that any program is not meeting the regulations adopted by the department. The department shall be notified in writing by the county alcohol and drug program administrator of any program that is not in compliance with applicable statutes and regulations.

(b) The department, the county alcohol and drug program administrator, the chief probation officer, or their authorized representatives may enter, in a nondisruptive manner, any class, lecture, group discussion, or any other program element to observe these activities.

(c) Notwithstanding subdivision (a) of Section 11837.6, the department may audit, or contract for the auditing of, any licensed program.

SEC. 111. Section 11837.8 of the Health and Safety Code is amended to read:

11837.8. (a) The department shall authorize each county alcohol and drug program administrator to retain, in an amount not in excess of that specified by the department, a portion of the fees charged for participation in the program that is sufficient to reimburse the county for the costs and expenses that the administrator reasonably incurs in discharging his or her duties pursuant to this chapter.

(b) A county may not use for any purpose set forth in this chapter any funds allocated to it by the department pursuant to Division 10.5 (commencing with Section 11750). The board of supervisors may authorize the use of any other funds for any purpose set forth in this chapter.

(c) Notwithstanding subdivision (b), a county with a population of 20,000 or less may utilize funds allocated by the department to establish and administer a program if the department finds that the county cannot establish a self-supporting program at reasonable cost or is unable to establish jointly a program with another county. If an exception is granted, reasonable effort shall be made by the county to observe the intent of subdivision (b) that programs be self-supporting.

SEC. 112. Section 11837.9 of the Health and Safety Code is amended to read:

11837.9. The participation of the probation department in a program established pursuant to this chapter shall be described in the amendment to the county plan.

SEC. 113. Section 11838.1 of the Health and Safety Code is amended to read:

11838.1. The department, in cooperation with the county and the Department of Motor Vehicles, shall establish uniform statewide reporting procedures and forms for the submission of any appropriate documents or information from boards of supervisors, administrators of programs, county alcohol and drug program administrators, and program participants to assure effective implementation of this chapter.

SEC. 114. Chapter 10 (commencing with Section 11839) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 10. NARCOTIC TREATMENT PROGRAMS

Article 1. Narcotic Treatment Programs

11839. The department, with the approval of the Secretary of the Health and Human Services Agency, may contract with any public or private agency for the performance of any of the functions vested in the

department by this chapter. Any department of the state is authorized to enter into such a contract.

11839.1. The Legislature finds and declares that it is in the best interests of the health and welfare of the people of this state to coordinate narcotic treatment programs to use replacement narcotic therapy in the treatment of addicted persons whose addiction was acquired or supported by the use of a narcotic drug or drugs, not in compliance with a physician and surgeon's legal prescription, and to establish and enforce minimum requirements for the operation of all narcotic treatment programs in this state.

11839.2. The following controlled substances are authorized for use in replacement narcotic therapy by licensed narcotic treatment programs:

(a) Methadone.

(b) Levoalphacetylmethadol (LAAM) as specified in paragraph (10) of subdivision (c) of Section 11055.

11839.3. (a) In addition to the duties authorized by other statutes, the department shall perform all of the following:

(1) License the establishment of narcotic treatment programs in this state to use replacement narcotic therapy in the treatment of addicted persons whose addiction was acquired or supported by the use of a narcotic drug or drugs, not in compliance with a physician and surgeon's legal prescription, except that the Research Advisory Panel shall have authority to approve methadone or LAAM research programs. The department shall establish and enforce the criteria for the eligibility of patients to be included in the programs, program operation guidelines, such as dosage levels, recordkeeping and reporting, urinalysis requirements, take-home doses of methadone, security against redistribution of the replacement narcotic drugs, and any other regulations that are necessary to protect the safety and well-being of the patient, the local community, and the public, and to carry out this chapter. A program may admit a patient to narcotic maintenance or narcotic detoxification treatment seven days after completion of a prior withdrawal treatment episode. The arrest and conviction records and the records of pending charges against any person seeking admission to a narcotic treatment program shall be furnished to narcotic treatment program directors upon written request of the narcotic treatment program director provided the request is accompanied by a signed release from the person whose records are being requested.

(2) Inspect narcotic treatment programs in this state and ensure that programs are operating in accordance with the law and regulations. The department shall have sole responsibility for compliance inspections of all programs in each county. Annual compliance inspections shall consist of an evaluation by onsite review of the operations and records

of licensed narcotic treatment programs' compliance with applicable state and federal laws and regulations and the evaluation of input from local law enforcement and local governments, regarding concerns about the narcotic treatment program. At the conclusion of each inspection visit, the department shall conduct an exit conference to explain the cited deficiencies to the program staff and to provide recommendations to ensure compliance with applicable laws and regulations. The department shall provide an inspection report to the licensee within 30 days of the completed onsite review describing the program deficiencies. A corrective action plan shall be required from the program within 30 days of receipt of the inspection report. All corrective actions contained in the plan shall be implemented within 30 days of receipt of approval by the department of the corrective action plan submitted by the narcotic treatment program. For programs found not to be in compliance, a subsequent inspection of the program shall be conducted within 30 days after the receipt of the corrective action plan in order to ensure that corrective action has been implemented satisfactorily. Subsequent inspections of the program shall be conducted to determine and ensure that the corrective action has been implemented satisfactorily. For purposes of this requirement, ''compliance'' shall mean to have not committed any of the grounds for suspension or revocation of a license provided for under subdivision (a) of Section 11839.9 or paragraph (2) of subdivision (b) of Section 11839.9. Inspection of narcotic treatment programs shall be based on objective criteria including, but not limited to, an evaluation of the programs' adherence to all applicable laws and regulations and input from local law enforcement and local governments. Nothing in this section shall preclude counties from monitoring their contract providers for compliance with contract requirements.

(3) Charge and collect licensure fees. In calculating the licensure fees, the department shall include staff salaries and benefits, related travel costs, and state operational and administrative costs. Fees shall be used to offset licensure and inspection costs not to exceed actual costs.

(4) Study and evaluate, on an ongoing basis, narcotic treatment programs including, but not limited to, the adherence of the programs to all applicable laws and regulations and the impact of the programs on the communities in which they are located.

(5) Provide advice, consultation, and technical assistance to narcotic treatment programs to ensure that the programs comply with all applicable laws and regulations and to minimize any negative impact that the programs may have on the communities in which they are located.

(6) In its discretion, to approve local agencies or bodies to assist it in carrying out this chapter provided that the department may not delegate

responsibility for inspection or any other licensure activity without prior and specific statutory approval. However, the department shall evaluate recommendations made by county alcohol and drug program administrators regarding licensing activity in their respective counties.

(7) The director may grant exceptions to the regulations adopted under this chapter if he or she determines that this action would improve treatment services or achieve greater protection to the health and safety of patients, the local community, or the general public. No exception may be granted if it is contrary to, or less stringent than, the federal laws and regulations which govern narcotic treatment programs.

(b) It is the intent of the Legislature in enacting this section in order to protect the general public and local communities, that self-administered dosage shall only be provided when the patient is clearly adhering to the requirements of the program, and where daily attendance at a clinic would be incompatible with gainful employment, education, and responsible homemaking. The department shall define ''satisfactory adherence'' and shall ensure that patients not satisfactorily adhering to their programs shall not be provided take-home dosage.

(c) There is established in the State Treasury the Narcotic Treatment Program Licensing Trust Fund. All licensure fees collected from the providers of narcotic treatment service shall be deposited in this fund. Except as otherwise provided in this section, if funds remain in this fund after appropriation by the Legislature and allocation for the costs associated with narcotic treatment licensure actions and inspection of narcotic treatment programs, a percentage of the excess funds shall be annually rebated to the licensees based on the percentage their licensing fee is of the total amount of fees collected by the department. A reserve equal to 10 percent of the total licensure fees collected during the preceding fiscal year may be held in each trust account to reimburse the department if the actual cost for the licensure and inspection exceed fees collected during a fiscal year.

(d) Notwithstanding any provision of this code or regulations to the contrary, the department shall have sole responsibility and authority for determining if a state narcotic treatment program license shall be granted and for administratively establishing the maximum treatment capacity of any license. However, the department shall not increase the capacity of a program unless it determines that the licensee is operating in full compliance with applicable laws and regulations.

11839.4. The department shall impose a civil penalty of one hundred dollars ($100) per day for a program that fails to timely submit a corrective action plan, or to timely implement any corrective action when it has been found to not be in compliance with applicable laws and regulations as required in Section 11839.3.

11839.5. In addition to the duties authorized by other provisions, the department shall be responsible for licensing narcotic treatment programs to use replacement narcotic therapy in the treatment of addicted persons whose addiction was acquired or supported by the use of a narcotic drug or drugs, not in compliance with a physician and surgeon's legal prescription. No narcotic treatment program shall be authorized to use replacement narcotic therapy without first obtaining a license therefor as provided in this chapter. The department may license narcotic treatment programs on an inpatient or outpatient basis, or both. The department may also grant a state narcotic treatment license.

11839.6. (a) The department shall establish a program for the operation and regulation of office-based narcotic treatment programs. An office-based narcotic treatment program established pursuant to this section shall meet either of the following conditions:

(1) Hold a primary narcotic treatment program license.

(2) Be affiliated and associated with a primary licensed narcotic treatment program. An office-based narcotic treatment program meeting the requirement of this paragraph shall not be required to have a license separate from the primary licensed narcotic treatment program with which it is affiliated and associated.

(b) For purposes of this section, ''office-based narcotic treatment program'' means a program in which interested and knowledgeable physicians and surgeons provide addiction treatment services, and in which community pharmacies supply necessary medication both to these physicians and surgeons for distribution to patients and through direct administration and specified dispensing services.

(c) Notwithstanding any other provision of law or regulation, including Section 10020 of Title 9 of the California Code of Regulations, an office-based narcotic treatment program in a remote site that is affiliated and associated with a licensed narcotic treatment program may be approved by the department, if all of the following conditions are met:

(1) A physician may provide office-based addiction services only if each office-based patient is registered as a patient in the licensed narcotic treatment program and both the licensed narcotic treatment program and the office-based narcotic treatment program ensure that all services required under Chapter 4 (commencing with Section 10000) of Division 4 of Title 9 of the California Code of Regulations for the management of narcotic addiction are provided to all patients treated in the remote site.

(2) A physician in an office-based narcotic treatment program may provide treatment for a maximum of 20 patients under the appropriate United States Drug Enforcement Administration registration. The primary licensed narcotic treatment program shall be limited to its total

licensed capacity as established by the department, including the patients of physicians in the office-based narcotic treatment program.

(3) The physicians in the office-based narcotic treatment program shall dispense or administer pharmacologic treatment for narcotic addiction that has been approved by the federal Food and Drug Administration such as levoalphacetylmethadol (LAAM) or methadone.

(4) Office-based narcotic treatment programs, in conjunction with primary licensed narcotic treatment programs, shall develop protocols to prevent the diversion of methadone. The department may develop regulations to prevent the diversion of methadone.

(d) For purposes of this section, ''remote site'' means a site that is geographically or physically isolated from any licensed narcotic treatment program. Therefore, the requirements in this subdivision regarding a remote site do not apply to an office-based narcotic treatment program that holds a primary narcotic treatment program license.

(e) In considering an office-based narcotic treatment program application, the department shall independently weigh the treatment needs and concerns of the county, city, or areas to be served by the program.

(f) Nothing in this section is intended to expand the scope of the practice of pharmacy.

11839.7. (a) (1) Each narcotic treatment program authorized to use replacement narcotic therapy in this state, except narcotic treatment research programs approved by the Research Advisory Panel, shall be licensed by the department.

(2) Each narcotic treatment program, other than a program owned and operated by the state, county, city, or city and county, shall, upon application for licensure and for renewal of a license, pay an annual license fee to the department. July 1 shall be the annual license renewal date.

(3) The department shall set the licensing fee at a level sufficient to cover all departmental costs associated with licensing incurred by the department, but the fee shall not, except as specified in this section, increase at a rate greater than the Consumer Price Index plus 5 percent. The fees shall include the department's share of pro rata charges for the expenses of state government. The fee may be paid quarterly in arrears as determined by the department. Fees paid quarterly in arrears shall be due and payable on the last day of each quarter except for the fourth quarter for which payment shall be due and payable no later than May 31. A failure of a program to pay renewal license fees by the due date shall give rise to a civil penalty of one hundred dollars ($100) a day for each day after the due date. Second and subsequent inspection visits to narcotic treatment programs that are operating in noncompliance with

the applicable laws and regulations shall be charged a rate of one-half the program's annual license fee or one thousand dollars ($1,000), whichever is less, for each visit.

(4) Licensing shall be contingent upon determination by the department that the program is in compliance with applicable laws and regulations and upon payment of the licensing fee. A license shall not be transferable.

(5) (A) As used in this chapter, ''quarter'' means July, August, and September; October, November, and December; January, February, and March; and April, May, and June.

(B) As used in this chapter, ''license'' means a basic permit to operate a narcotic treatment program. The license shall be issued exclusively by the department and operated in accordance with a patient capacity that shall be specified, approved, and monitored solely by the department.

(b) Each narcotic treatment program, other than a program owned and operated by the state, county, city, or city and county, shall be charged an application fee that shall be at a level sufficient to cover all departmental costs incurred by the department in processing either an application for a new program license, or an application for an existing program that has moved to a new location.

(c) Any licensee that increases fees to the patient, in response to increases in licensure fees required by the department, shall first provide written disclosure to the patient of that amount of the patient fee increase that is attributable to the increase in the licensure fee. This provision shall not be construed to limit patient fee increases imposed by the licensee upon any other basis.

11839.8. The director may deny the application for initial issuance of a license if the applicant or any partner, officer, director, 10 percent or greater shareholder, or person proposed to be employed by the applicant under the authority of subdivision (c) of Section 2401 of the Business and Professions Code:

(a) Fails to meet the qualifications for licensure established by the department pursuant to this article. However, the director may waive any established qualification for licensure of a narcotic treatment program if he or she determines that it is reasonably necessary in the interests of the public health and welfare.

(b) Was previously the holder of a license issued under this article, and the license was revoked and never reissued or was suspended and not reinstated, or the holder failed to adhere to applicable laws and regulations regarding narcotic treatment programs while the license was in effect.

(c) Misrepresented any material fact in the application.

(d) Committed any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another or

substantially injure another, and the act is substantially related to the qualification, functions, or duties of, or relating to, a narcotic treatment program license.

(e) Was convicted of any crime substantially related to the qualifications, functions, or duties of, or relating to, a narcotic treatment program license.

(f) The director, in considering whether to deny licensure under subdivision (d) or (e), shall determine whether the applicant is rehabilitated after considering all of the following criteria:

(1) The nature and severity of the act or crime.

(2) The time that has elapsed since the commission of the act or crime.

(3) The commission by the applicant of other acts or crimes constituting grounds for denial of the license under this section.

(4) The extent to which the applicant has complied with terms of restitution, probation, parole, or any other sanction or order lawfully imposed against the applicant.

(5) Other evidence of rehabilitation submitted by the applicant.

(g) With respect to any other license issued to an applicant to provide narcotic treatment services, violated any provision of this article or regulations adopted under this article that relate to the health and safety of patients, the local community, or the general public. Violations include, but are not limited to, violations of laws and regulations applicable to take-home doses of methadone, urinalysis requirements, and security against redistribution of replacement narcotic drugs. In these cases, the department shall deny the application for an initial license unless the department determines that all other licensed narcotic treatment programs maintained by the applicant have corrected all deficiencies and maintained compliance for a minimum of six months.

11839.9. (a) The director shall suspend or revoke any license issued under this article, or deny an application to renew a license or to modify the terms and conditions of a license, upon any violation by the licensee of this article or regulations adopted under this article that presents an imminent danger of death or severe harm to any participant of the program or a member of the general public.

(b) The director may suspend or revoke any license issued under this article, or deny an application to renew a license or to modify the terms and conditions of a license, upon any of the following grounds and in the manner provided in this article:

(1) Violation by the licensee of any laws or regulations of the Substance Abuse and Mental Health Services Administration or the United States Department of Justice, Drug Enforcement Administration, that are applicable to narcotic treatment programs.

(2) Any violation that relates to the operation or maintenance of the program that has an immediate relationship to the physical health, mental health, or safety of the program participants or general public.

(3) Aiding, abetting, or permitting the violation of, or any repeated violation of, any of the provisions set forth in subdivision (a) or in paragraph (1) or (2).

(4) Conduct in the operation of a narcotic treatment program that is inimical to the health, welfare, or safety of an individual in, or receiving services from, the program, the local community, or the people of the State of California.

(5) The conviction of the licensee or any partner, officer, director, 10 percent or greater shareholder, or person employed under the authority of subdivision (c) of Section 2401 of the Business and Professions Code at any time during licensure, of a crime substantially related to the qualifications, functions, or duties of, or relating to, a narcotic treatment program licensee.

(6) The commission by the licensee or any partner, officer, director, 10 percent or greater shareholder, or person employed under the authority of subdivision (c) of Section 2401 of the Business and Professions Code at any time during licensure, of any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another, or substantially to injure another, and that act is substantially related to the qualifications, functions, or duties of, or relating to, a narcotic treatment program licensee.

(7) Diversion of narcotic drugs. A program's failure to maintain a narcotic drug reconciliation system that accounts for all incoming and outgoing narcotic drugs, as required by departmental or federal regulations, shall create a rebuttable presumption that narcotic drugs are being diverted.

(8) Misrepresentation of any material fact in obtaining the narcotic treatment program license.

(9) Failure to comply with a department order to cease admitting patients or to cease providing patients with take-home dosages of replacement narcotic drugs.

(10) Failure to pay any civil penalty assessed pursuant to paragraph (3) of subdivision (a) of Section 11839.16 where the penalty has become final, unless payment arrangements acceptable to the department have been made.

(11) The suspension or exclusion of the licensee or any partner, officer, director, 10 percent or greater shareholder, or person employed under the authority of subdivision (c) of Section 2401 of the Business and Professions Code from the Medicare, medicaid, or Medi-Cal programs.

(c) Prior to issuing an order pursuant to this section, the director shall ensure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license or amend any other license in an effort to ensure that patient care is not impacted adversely by an order issued pursuant to this section.

11839.10. (a) The department shall cease review of an application for a license if either of the following occur:

(1) An application for a license indicates, or the department determines during the application inspection process, that the applicant was issued a license under this article and the prior license was revoked within the preceding two years. The department shall cease any further review of the application until two years have elapsed from the date of the revocation.

(2) An application for a license indicates, or the department determines during the application inspection process, that the applicant was denied a license or had a license suspended under this article within the preceding year. The department shall cease any further review of the application until one year has elapsed from the date of the denial or suspension.

(b) The department may cease review of an application for license renewal if either of the following occur:

(1) The applicant has not paid the required license fee.

(2) The county in which the licensee is located certifies to the department's satisfaction that there is no need for the narcotic treatment program because of a substantial decline in medically qualified narcotic treatment patients in the licensee's catchment area, or clearly demonstrates that other applicants for licensure can provide more efficient, cost-effective, and sufficient narcotic treatment services in the catchment area, or that the license should not be renewed due to one of the grounds that are enumerated in Section 11839.9.

(c) Upon cessation of review, the license shall be permitted to expire by its own terms. However, if the licensee subsequently submits the items, the absence of which led to the cessation of review, the department may reinstate the license.

(d) Cessation of review shall not constitute a denial of the application for purposes of Sections 11839.8 and 11839.9.

11839.11. A narcotic treatment program license shall automatically terminate if the Substance Abuse and Mental Health Services Administration withdraws or revokes its approval of the program, or if the United States Department of Justice, Drug Enforcement Administration, revokes the program's registration.

11839.12. Except as provided in Section 11839.16, proceedings for the suspension, revocation, or denial of a license or cessation of review

of a renewal license under this article, except where there has been a failure to pay required fees, under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the department shall have all the powers granted thereby. In the event of conflict between this article and the Administrative Procedure Act, the Administrative Procedure Act shall prevail.

11839.13. (a) The withdrawal of an application for a license after it has been filed with the department shall not, unless the department consents in writing to the withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any ground provided by law.

(b) The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee upon any ground provided by law.

11839.14. For purposes of this article, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Section 1203.4 or 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this article, the record of conviction, or a certified copy thereof, shall be conclusive evidence of the conviction.

11839.15. The director may bring an action to enjoin the violation of Section 11839.7, or the violation of a departmental order issued pursuant to Section 11839.16, in the superior court in and for the county in which the violation occurred. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure. The rebuttable presumption set forth in paragraph (7) of subdivision (b) of Section 11839.9 shall be applicable. If the court finds the allegations to be true, it shall issue its order enjoining the narcotic treatment program from continuance of the violation.

11839.16. (a) (1) The director shall, in addition to any other remedy, issue an order that prohibits a narcotic treatment program from admitting new patients or from providing patients with take-home dosages of a narcotic drug if the director determines, pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11839.3, that a program has done any of the following:

(A) Failed to provide adequate security measures over its narcotic drug supply as agreed in the program's approved protocol.

(B) Failed to maintain a narcotic drug reconciliation system that accounts for all incoming and outgoing narcotic drugs.

(C) Diverted narcotic drugs.

(D) Repeatedly violated one or more departmental or federal regulations governing narcotic treatment programs, which violations may subject, or may have subjected, a patient to a health or life-endangering situation.

(E) Repeatedly violated one or more departmental or federal regulations governing the provisions of take-home medication.

(F) Operated above combined licensed capacity for maintenance and detoxification programs at a single location.

(2) (A) The order becomes effective when the department serves the program with a copy of the order. The order shall state the deficiencies forming the basis for the order and shall state the corrective action required for the department to vacate the order. The order, as it pertains to subparagraph (F) only, shall automatically be vacated when the department receives the program's written notification that licensed capacity has been achieved. If the order is issued pursuant to subparagraph (A), (B), (C), (D), or (E), the department shall vacate the order when the program submits a corrective action plan that reasonably addresses the deficiency or substantially conforms to the required action set out in the order.

(B) The department shall notify the program that the corrective action plan is accepted or rejected within 10 working days after receipt of the plan. If the department rejects the corrective action plan, it shall detail its reason in writing. The department order is vacated when the department either accepts a corrective action plan and ensures substantial conformity with the required action set out in the order or fails to reject a plan within 10 working days after receipt of the plan.

(3) In addition to any other remedies, a failure of the program to comply with the order of the department under this subdivision shall give rise to a civil penalty of five hundred dollars ($500) a day for each day that the order is violated.

(4) All civil penalties collected by the department under paragraph (3) shall be deposited in the Narcotic Treatment Program Licensing Trust Fund, and shall be used to offset the department's costs associated with

collecting the civil penalties, or associated with any civil, administrative, or criminal action against the program when appropriated for this purpose.

(b) (1) The director may, in addition to any other remedy, issue an order temporarily suspending a narcotic treatment program license prior to any administrative hearing for the reasons stated in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) when the department determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11839.3, that the action is necessary to protect patients of the program from any substantial threat to their health or safety, or to protect the health or safety of the local community or the people of the State of California. Prior to issuing the order, the director shall ensure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license or amend any other license in his or her effort to assure that patient care is not impacted adversely by the suspension order.

(2) The director shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve the licensee with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 20 days, exclusive of weekends, after receipt of the notice. The temporary suspension shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 20 days after the original hearing has been completed. Failure to cease operating after the department issues an order temporarily suspending the license shall constitute an additional ground for license revocation and shall constitute a violation of Section 11839.8. The department shall suspend the program's license if the hearing outcome is adverse to the license. The department shall notify the program of the license suspension within five days of the director's final decision.

(c) A program may, at any time after it is served with an order, petition the superior court to review the department's issuance of an order or rejection of a corrective action plan.

11839.17. (a) In cases where a program is closing and the licensed entity that has agreed to assume temporary operation of the closing program is unable to do so, the department may assume temporary operation of the closing program or designate another licensed entity willing to do so. In cases where the licensed entity that has agreed to assume temporary operation is the subject of a pending licensing action or order issued pursuant to Section 11839.16, the department may issue

an order prohibiting the entity from assuming temporary operation and may assume temporary operation of the closing program or designate another licensed entity willing to do so. This section shall not be construed to require the department or any other licensed entity to assume any of the closing programs' financial obligations.

(b) For purposes of this section, ''temporary'' means no more than 90 days.

11839.18. Any licensee may petition the director for waiver of licensure fees or late payment penalties for the current fiscal year based upon financial hardship. Prior to the granting of relief, the licensee shall demonstrate hardship by production of appropriate financial records. The director may, in his or her discretion, grant all or part of the relief sought, but shall consider the reasonableness of the relief in light of the other expenditures undertaken by the licensee, giving particular scrutiny to the licensee's own profits, earnings, or other compensation, and expenses such as interest, mortgage, or loan payments, as well as noncash expenses such as accruals and depreciation.

11839.19. (a) The department shall not license the establishment of a narcotic treatment program without a written application by the treatment facility that meets evaluative criteria required by the department.

(b) The department shall not require disclosure of the identity of patients or former patients or of any records containing identifying information except as provided in Section 11845.5.

11839.20. (a) It is the intent of the Legislature in licensing narcotic treatment programs to provide a means whereby the patient may be rehabilitated and will no longer need to support a dependency on narcotics. It is, therefore, the intent of the Legislature that each narcotic treatment program shall have a strong rehabilitative element, including, but not limited to, individual and group therapy, counseling, vocational guidance, and job and education counseling. The Legislature declares the ultimate goal of all narcotic treatment programs shall be to aid the patient in altering his or her lifestyle and eventually to eliminate all dependency on drugs.

(b) The department shall adopt any regulations necessary to ensure that every program is making a sustained effort to end the drug dependency of the patients.

11839.21. The State Department of Health Services shall establish criteria for acceptable performance from those laboratories performing urinalysis or other body fluid analysis and shall not permit utilization of laboratories unable to meet an acceptable level of performance. The results of any performance evaluation of any laboratory shall immediately be made available to the local programs upon request. Nothing in this section shall prohibit body fluid analysis to be performed

by a licensed narcotic treatment program upon approval of the State Department of Health Services.

11839.22. The state department shall require a system to detect multiple registration by narcotic clients.

Article 2. Narcotic Treatment Program Body Fluids Testing

11839.23. The State Department of Health Services shall adopt and publish rules and regulations to be used in approving and governing the operation of laboratories engaging in the performance of tests referred to in Section 11839.24, including, but not limited to, the qualifications of the laboratory employees who perform the tests, which qualifications the department determines are reasonably necessary to ensure the competence of the laboratories and employees to prepare, analyze, and report the results of the tests.

11839.24. Substance abuse testing for narcotic treatment programs operating in the state shall be performed only by a laboratory approved and licensed by the State Department of Health Services for the performance of those tests.

11839.25. Each laboratory in this state that performs the test referred to in Section 11839.24 shall be licensed by the State Director of Health Services. The laboratory, other than a laboratory operated by the state, county, city, city and county, or other public agency, or a clinical laboratory licensed pursuant to subdivision (f) of Section 1300 of the Business and Professions Code, shall, upon application for licensing, pay a fee to the State Department of Health Services in an amount to be determined by that department, which fee will reimburse the department for the costs incurred by the department in the issuance and renewal of the licenses. On or before July 1 of each year thereafter, the laboratory shall pay to the State Department of Health Services a fee, determined by the department, for the renewal of its license.

11839.26. The State Department of Health Services shall enforce this article and the rules and regulations adopted pursuant to this article by the department.

11839.27. The State Department of Health Services shall annually publish a list of approved and licensed laboratories engaging in the performance of tests referred to in Section 11839.24.

11839.28. Every laboratory that has been approved and for which a license has been issued shall be periodically inspected by a duly authorized representative of the State Department of Health Services. Reports of this inspection shall be prepared by the representative conducting it upon forms prepared and furnished by the State Department of Health Services and shall be filed with that department.

11839.29. Any license issued pursuant to Section 11839.25 may be suspended or revoked by the State Director of Health Services. The State Director of Health Services may refuse to issue a license to any applicant. Any proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the State Director of Health Services shall have the powers and duties granted therein.

11839.30. The State Director of Health Services may deny a license if any of the following apply to the applicant, or any partner, officer, or director thereof:

(a) The person fails to meet the qualifications established by the State Department of Health Services pursuant to this chapter for the issuance of the license applied for.

(b) The person was previously the holder of a license issued under this chapter, which license has been revoked and never reissued or was suspended and the terms of the suspension have not been fulfilled.

(c) The person has committed any act involving dishonesty, fraud, or deceit, whereby another was injured or whereby the applicant has benefited.

11839.31. The State Director of Health Services may suspend, revoke, or take other disciplinary action against a licensee as provided in this chapter, if the licensee or any partner, officer, or director thereof does any of the following:

(a) Violates any of the regulations promulgated by the State Department of Health Services pursuant to this article.

(b) Commits any act of dishonesty, fraud or deceit, whereby another is injured or whereby the licensee benefited.

(c) Misrepresents any material fact in obtaining a license.

11839.32. The State Director of Health Services may take disciplinary action against any licensee after a hearing as provided in this article by any of the following:

(a) Imposing probation upon terms and conditions to be set forth by the State Director of Health Services.

(b) Suspending the license.

(c) Revoking the license.

11839.33. All accusations against licensees shall be filed within three years after the act or omission alleged as the ground for disciplinary action, except that with respect to an accusation alleging a violation of subdivision (c) of Section 11839.31, the accusation shall be filed within two years after the discovery by the State Department of Health Services of the alleged facts constituting the fraud or misrepresentation prohibited by that section.

11839.34. After suspension or revocation of the license upon any of the grounds set forth in this article, the license shall not be reinstated or

reissued within a period of one year after the effective date of suspension or revocation. After one year after the effective date of the suspension or revocation, the State Department of Health Services may reinstate the license upon proof of compliance by the applicant with all provisions of the decision as to reinstatement.

SEC. 114.5. Section 11839.20 is added to the Health and Safety Code, to read:

11839.20. (a) It is the intent of the Legislature in licensing narcotic treatment programs that use prescription medications to provide a means whereby the patient may be rehabilitated and will no longer need to support a dependency on narcotics.

(b) It is further the intent of the Legislature that each narcotic treatment program shall have a strong rehabilitative element, including, but not limited to, individual and group therapy, counseling, vocational guidance, and job and education counseling.

(c) The Legislature finds and declares that the ultimate goal of all narcotic treatment programs shall be to aid the patient in altering his or her lifestyle and eventually to eliminate dependency on all the improper use of legal drugs or the abuse of illicit drugs.

(d) The department shall adopt any regulations necessary to ensure that every program is making a sustained effort to end the illicit drug dependency of the patients' improper use of legal drugs or the abuse of illicit drugs.

SEC. 115. The heading of Chapter 10 (commencing with Section 11840) of Part 2 of Division 10.5 of the Health and Safety Code is amended and renumbered to read:

CHAPTER 11. GENERAL FINANCIAL PROVISIONS

SEC. 116. Section 11840 of the Health and Safety Code is amended to read:

11840. Each county shall provide matching funds for programs and services provided by the county under this part, except as follows:

(a) State hospital alcohol and other drug programs shall be funded on the basis of 85 percent state funds and 15 percent county funds.

(b) The cost of state hospital services in counties with a population of 100,000 or less shall be financed on the basis of 90 percent state funds and 10 percent county funds.

SEC. 117. Section 11840.1 of the Health and Safety Code is amended to read:

11840.1. (a) Every fiscal year, 10 percent county matching funds shall be required for support of programs and services provided under this part by a county of more than 100,000 population.

(b) Notwithstanding any other provision of law, no county matching funds shall be required pursuant to this section for funding received for the purposes of funding existing residential perinatal treatment programs that were begun through federal Center for Substance Abuse Treatment grants but whose grants expired on or before October 1, 2000. For counties in which there is such a provider, the department shall include language in those counties' allocation letters that indicates the amount of the allocation designated for the provider during the fiscal year. This exemption shall only apply to the state funding provided to replace the expiring federal grants, and shall not apply to any subsequent program expansions.

(c) The department may reallocate any funds that are not matched by counties within 30 days after notification of the Joint Legislative Budget Committee using a letter as prescribed in Section 28.00 of the Budget Act. However, the reallocated funds shall not be counted into the base allocation.

SEC. 118. Section 11841 of the Health and Safety Code is amended to read:

11841. (a) It is the intent of the Legislature that all programs funded under this part shall be partially self-supporting by raising revenues in addition to the funds allocated by the department. These revenues may include, but are not limited to, fees for services, private contributions, grants, or other governmental funds. These revenues shall be used in support of additional alcohol and other drug services or facilities.

(b) Each program funded under this part, which program provides alcohol and other drug services to individuals and their families, shall assess fees to participants in the programs. The fee requirement shall not apply to prevention and early intervention activities.

(c) Each county shall identify in its annual cost report the types and amounts of revenues raised by all the providers of services funded under this part.

SEC. 119. Chapter 12 (commencing with Section 11842) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 12. REGISTRATION OF NARCOTIC, ALCOHOL, AND OTHER DRUG ABUSE PROGRAMS

11842. As used in this chapter, ''narcotic and drug abuse program'' means any program that provides any service of care, treatment, rehabilitation, counseling, vocational training, self-improvement classes or courses, replacement narcotic therapy in maintenance or detoxification treatment, or other medication services for detoxification and treatment, and any other services that are provided either public or private, whether free of charge or for compensation, which services are
