11843. The county shall establish and maintain a registry of all narcotic and drug abuse programs and alcohol and other drug abuse programs within the county in order to promote a coordination of effort in the county.

11843.5. Each narcotic and drug abuse program and alcohol and other drug abuse program in a county shall register annually with the county alcohol and drug program administrator by July 1 or within 30 days after being established.

11844. Registration under this chapter shall include registration of all of the following information concerning the particular narcotic and drug abuse program or alcohol and other drug abuse program registering:

(a) A description of the services, programs, or activities provided by the narcotic and drug abuse program and the types of patients served.

(b) The address of each facility at which the services, programs, or activities are furnished.

(c) The names and addresses of the persons or agencies responsible for the direction and operation of the narcotic and drug abuse program or alcohol and other drug abuse program.

11844.5. Registration under this part does not constitute the approval or endorsement of the narcotic and drug abuse program or alcohol and other drug abuse program by any state or county officer, employee, or agency.

11845. For the purpose of this chapter, registration shall not be required for those programs that provide alcohol and other drug abuse education in public or private schools as a matter of and in conjunction with a general education of students. This chapter does not require registration of law enforcement agencies that provide alcohol and other drug abuse education in the course of their normal performance of duties. Nothing in this chapter shall prohibit registration of these programs of education or law enforcement if the law enforcement and education agencies so desire.

11845.5. (a) The identity and records of the identity, diagnosis, prognosis, or treatment of any patient, which identity and records are maintained in connection with the performance of any alcohol and other drug abuse treatment or prevention effort or function conducted, regulated, or directly or indirectly assisted by the department shall, except as provided in subdivision (c), be confidential and be disclosed only for the purposes and under the circumstances expressly authorized under subdivision (b).

(b) The content of any records referred to in subdivision (a) may be disclosed in accordance with the prior written consent of the client with

respect to whom the record is maintained, but only to the extent, under the circumstances, and for the purposes as clearly stated in the release of information signed by the client.

(c) Whether or not the client, with respect to whom any given record referred to in subdivision (a) is maintained, gives his or her written consent, the content of the record may be disclosed as follows:

(1) In communications between qualified professional persons employed by the treatment or prevention program in the provision of service.

(2) To qualified medical persons not employed by the treatment program to the extent necessary to meet a bona fide medical emergency.

(3) To qualified personnel for the purpose of conducting scientific research, management audits, financial and compliance audits, or program evaluation, but the personnel may not identify, directly or indirectly, any individual client in any report of the research, audit, or evaluation, or otherwise disclose patient identities in any manner. For purposes of this paragraph, the term ''qualified personnel'' means persons whose training and experience are appropriate to the nature and level of work in which they are engaged, and who, when working as part of an organization, are performing that work with adequate administrative safeguards against unauthorized disclosures.

(4) If the recipient of services is a minor, ward, or conservatee, and his or her parent, guardian, or conservator designates, in writing, persons to whom his or her identity in records or information may be disclosed, except that nothing in this section shall be construed to compel a physician and surgeon, psychologist, social worker, nurse, attorney, or other professional person to reveal information that has been given to him or her in confidence by members of the client's family.

(5) If authorized by a court of competent jurisdiction granted after application showing probable cause therefor, as provided in subdivision (c) of Section 1524 of the Penal Code.

(d) Except as authorized by a court order granted under paragraph (5) of subdivision (c), no record referred to in subdivision (a) may be used to initiate or substantiate any criminal charges against a client or to conduct any investigation of a client.

(e) The prohibitions of this section shall continue to apply to records concerning any individual who has been a client, irrespective of whether he or she ceases to be a client.

SEC. 120. Chapter 13 (commencing with Section 11847) is added to Part 2 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 13. NARCOTIC AND ALCOHOL AND OTHER DRUG ABUSE PROGRAMS

11847. The Legislature hereby finds and declares that it is essential to the health and welfare of the people of this state that action be taken by state government to effectively and economically utilize federal and state funds for narcotic and alcohol and other drug abuse prevention, care, treatment, and rehabilitation services. To achieve this, it is necessary that all of the following occur:

(a) Existing fragmented, uncoordinated, and duplicative narcotic and alcohol and other drug abuse programs be molded into a comprehensive and integrated statewide program for the prevention of narcotic and alcohol and other drug abuse and for the care, treatment, and rehabilitation of narcotic addicts and alcohol and other drug users.

(b) Responsibility and authority for planning programs and activities for prevention, care, treatment, and rehabilitation of narcotic addicts be concentrated in the department. It is the intent of the Legislature to assign responsibility and grant authority for planning narcotic and alcoholic and other drug abuse prevention, care, treatment, and rehabilitation programs to the department whose functions shall be subject to periodic review by the Legislature and appropriate federal agencies.

(c) The department succeeds to, and is vested with, all the duties, powers, purposes, responsibilities, and jurisdiction with regard to substance abuse formerly vested in the State Department of Health.

11847.1. The department shall consult with state and local health planning bodies and encourage and promote effective use of facilities, resources, and funds in the development of integrated, comprehensive local programs for the prevention, care, treatment, and rehabilitation of narcotic and alcohol and other drug abuse.

11847.2. Any community alcohol and other drug abuse service may by contract furnish community alcohol and other drug abuse services to any other county.

11847.3. The department shall, within available resources, consult with federal, state and local agencies involved in the provision and delivery of services of prevention, care, treatment, and rehabilitation of alcohol and other drug abusers.

11847.4. The department shall provide technical assistance, guidance, and information to local governments and state agencies with respect to the creation and implementation of programs and procedures for dealing effectively with alcohol and other drug abuse prevention, care, treatment, and rehabilitation. The department may charge a fee for these services.

11847.5. The department shall establish goals and priorities for all state agencies providing narcotic and alcohol and other drug abuse

services. All state governmental units operating alcohol and other drug programs or administering or subventing state or federal funds for alcohol and other drug programs shall annually set their program priorities and allocate funds in coordination with the department.

11847.6. The department shall, in the same manner and subject to the same conditions as other state agencies, develop and submit annually to the Department of Finance a program budget.

11848. (a) (1) Alcohol and other drug abuse services allowable under the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code) as approved by the department and the State Department of Health Services as qualified for financial participation under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) shall be funded, notwithstanding Sections 11817.3, 11840, and 11840.1, at 100 percent of the state and federal cost by using the county's existing state General Fund allocation, as appropriated in the department's annual budget, to first fund the state's portion of the allowable costs.

(2) For each fiscal year there shall be a separate state General Fund appropriation in Item 4200-101-0001 of the department's annual budget for non-Drug Medi-Cal nonperinatal services. There shall also be an appropriation in Item 4200-102-0001 of the department's annual budget for Drug Medi-Cal nonperinatal services.

(3) For each fiscal year there shall be a separate state General Fund appropriation in Item 4200-103-0001 of the department's annual budget for Drug Medi-Cal perinatal services. Non-Drug Medi-Cal perinatal services shall be appropriated in Item 4200-104-0001 of the department's annual budget.

(4) The department shall maintain a contingency reserve of unexpended state General Funds appropriated for Drug Medi-Cal allowable services pursuant to subdivision (e) of Section 14132.90 of the Welfare and Institutions Code.

(5) Unexpended moneys appropriated from the state General Fund for Drug Medi-Cal expenditures may be transferred for use by counties for non-Drug Medi-Cal expenditures. Unexpended moneys appropriated for Drug Medi-Cal expenditures may not be used to provide matching funds for federal financial participation.

(b) The intent of the Legislature in enacting this section is to provide a funding source for counties to establish alcohol and other drug abuse services without any increased costs to the state General Fund and at the same time not to require the county to provide additional matching funds in order for the county to use a portion of its state share of local drug programs Medi-Cal funds now available to counties without a required 10-percent match.

11848.5. (a) Once the negotiated rate has been approved by the county, all participating governmental funding sources, except the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), shall be bound to that rate as the cost of providing all or part of the total county alcohol and other drug program as described in the county plan for each fiscal year to the extent that the governmental funding sources participate in funding the county alcohol and other drug program. Where the State Department of Health Services adopts regulations for determining reimbursement of alcohol and other drug program services formerly allowable under the Short-Doyle program and reimbursed under the Medi-Cal Act, those regulations shall be controlling only as to the rates for reimbursement of alcohol and other drug program services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this section shall report to the department and the county any information required by the department in accordance with the procedures established by the director of the department.

(b) The Legislature recognizes that alcohol and other drug abuse services differ from mental health services provided through the State Department of Mental Health and therefore should not necessarily be bound by rate determination methodology used for reimbursement of those services formerly provided under the Short-Doyle program and reimbursed under the Medi-Cal Act. The department and the State Department of Health Services shall, pursuant to Section 14021.5 of the Welfare and Institutions Code, develop a ratesetting methodology suitable for alcohol and other drug services reimbursed under the Medi-Cal program using an all-inclusive rate encompassing the costs of reimbursable service functions provided by each authorized modality.

11849. Expenditures incurred pursuant to this part shall be in accordance with the regulations of the director and shall be subject to payment whether incurred by direct or joint operation of the facilities and services, by provisions therefor through contract, or by other arrangement pursuant to the provisions of this chapter. The director may make investigations and audits of the expenditures as he or she may deem necessary.

11849.5. (a) In determining the amounts that may be paid, fees paid by persons receiving services or fees paid on behalf of those persons by the federal government, by the California Medical Assistance Program set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, and by other public or private sources, shall be deducted from the costs of providing services. Whenever feasible, alcohol and other drug abusing persons who are eligible for alcohol and other drug abuse services under the California

Medical Assistance Program shall be treated in a facility approved for reimbursement in that program.

(b) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be considered as ''fees paid by persons'' or ''fees paid on behalf of such persons'' under this section and the contributions shall not be applied in determining the amounts to be paid. The unrestricted contributions shall not be used in part or in whole to defray the costs or the allocated costs of the California Medical Assistance Program.

11850. The department shall coordinate all narcotic and alcohol and other drug abuse services and related programs conducted by state agencies with the federal government, and shall ensure that there is no duplication of those programs among state agencies and that all agreements, contracts, plans, and programs proposed to be submitted by any state agency, other than the Regents of the University of California, to the federal government in relation to narcotic and alcohol and other drug abuse related problems shall first be submitted to the state department for review and approval.

11850.5. The department may require state agencies to contract with it for services to carry out the provisions of this division.

11851. The department may accept and expend grants, gifts, and legacies of money, and, with the consent of the Department of Finance, accept, manage, and expend grants, gifts, and legacies of other properties in furtherance of the purposes of this division.

11851.5. In addition to those expenditures authorized under Section 11851, expenditures subject to payment shall include expenses incurred by members of the local advisory board on alcohol and other drug programs in providing alcohol and other drug program services through the implementation of executed negotiated net amount contracts, and Drug Medi-Cal contracts, or approved county plans. Payment shall be made of actual and necessary expenses of members incurred incident to the performance of their official duties and may include travel, lodging, and meals while on official business.

11852. Whenever a county receives funds under a grant program for alcohol and other drug abuse services, as well as under the county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, from either the federal or state government, or from any other grantor, public or private, and fails to include that grant program in the county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, and alcohol and other drug program budget, the director shall not thereafter approve any, or provide, advance payment claims submitted by the county for state reimbursement under this part unless and until the county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, and alcohol and

other drug program budget has been reviewed to include that grant program and the revised county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, and budget is approved by the director.

11852.5. (a) Charges shall be made for services rendered to each person under a county plan in accordance with this section. Charges for the care and treatment of each client receiving service under a county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, shall not exceed the actual cost thereof as determined by the director in accordance with standard accounting practices. The fee requirement shall not apply to prevention and early intervention services. The director is not prohibited from including the amount of expenditures for capital outlay or the interest thereon, or both, in his or her determination of actual cost. The responsibility of a client, his or her estate, or his or her responsible relatives to pay the charges shall be determined in accordance with this section.

(b) Each county shall determine the liability of clients rendered services under a county plan, negotiated net amount contract, and Drug Medi-Cal contract, whichever is applicable, and of their estates or responsible relatives, to pay the charges according to ability to pay. Each county shall collect the charges. The county shall establish and maintain policies and procedures for making the determinations of liability and collections, by collecting third-party payments and from other sources to the maximum extent practicable. The written criteria shall be a public record and shall be made available to the department or any individual. Fees collected shall be retained at the local level and be applied toward the purchase of additional drug services.

(c) Services shall not be denied because of a client's ability or inability to pay. County-operated and contract providers of treatment services shall set and collect fees using methods approved by the county alcohol and drug program administrator. All approved fee systems shall conform to all of the following guidelines and criteria:

(1) The fee system used shall be equitable.

(2) The fee charged shall not exceed actual cost.

(3) Systems used shall consider the client's income and expenses.

(4) Each provider fee system shall be approved by the county alcohol and drug program administrator. A description of each approved system shall be on file in the county board office.

(d) To ensure an audit trail, the county or provider, or both, shall maintain all of the following records:

(1) Fee assessment schedules and collection records.

(2) Documents in each client's file showing client's income and expenses, and how each was considered in determining fees.

(e) Each county shall furnish the director with a cost report of information the director shall require to enable the director to maintain a cost-reporting system of the costs of alcohol and other drug program services in the county funded in whole or in part by state-administered funds. The cost-reporting system established pursuant to this section shall supersede the requirements of paragraph (2) of subdivision (b) of Section 16366.7 of the Government Code for a quarterly fiscal reporting system. An annual cost report, for the fiscal year ending June 30, shall be submitted to the department by November 1.

(f) The Legislature recognizes that alcohol and other drug programs may provide a variety of services described in this part, which services will vary depending on the needs of the communities that the programs serve. In devising a system to assure that a county has expended its funds pursuant to any applicable executed negotiated net amount contract, Drug Medi-Cal contract, and approved county plan, including the budget portions of the plan, the department shall take into account the flexibility that a county has in the provision of services and the changing nature of alcohol and other drug programs in responding to the community's needs.

(g) The department shall maintain a reporting system to assure that counties have budgeted and expended their funds pursuant to their executed negotiated net amount contracts, Drug Medi-Cal contracts, and approved county plans, whichever is applicable.

11853. Counties are encouraged to contract with providers for the provision of services funded through the county's executed negotiated net amount contract, Drug Medi-Cal contract, and approved county plan, whichever is applicable. Counties shall comply with the regulations of the department for the management of contracts with community organizations, as contained in the county administration and program services regulations as developed by the department.

11853.5. The department shall review each county's executed negotiated net amount contract, Drug Medi-Cal contract, and approved county plan, whichever is applicable, to determine that it complies with the requirements of this part and with the standards adopted under this part.

11854. The department shall devise and implement, in consultation with the counties, a program reporting method to evidence county compliance with this part. Until that date, the department shall ensure the payment and cost-reporting system does not impair the implementation of this part.

11854.5. Each county may establish standards that meet or exceed state standards for the treatment and operation of all county-operated and county-contracted alcohol and other drug treatment facilities and services, hereafter referred to as a ''quality assurance system.'' A

''quality assurance system'' is a systematic approach for the evaluation of the quality of care, which approach is designed to promote and maintain efficient, effective, and appropriate alcohol and other drug treatment services.

11855. Payments or advances of funds to cities, counties, cities and counties, or other state agencies, which funds are properly chargeable to appropriations to the department, may be made by a Controller's warrant drawn against state funds appropriated to the department or federal funds administered by the department. No more than one-twelfth of the amount to be allocated to a given entity for the fiscal year may be advanced each month.

11855.5. (a) The department may charge a reasonable fee for the certification or renewal certification of a program that voluntarily requests the certification. The fee shall be set at a level sufficient to cover administrative costs of the program certification process incurred by the department. In calculating the administrative costs the department shall include staff salaries and benefits, related travel costs, and state operational and administrative costs.

(b) The department may contract with private individuals or agencies to provide technical assistance and training to qualify programs for state certification. The department may charge a fee for these services.

11856. The department shall encourage the development of educational courses that provide core knowledge concerning alcohol and other drug problems and programs to personnel working within alcohol and other drug programs.

11856.5. The department shall conduct onsite monitoring and reviews of individual county-operated alcohol and other drug programs and alcohol and other drug program administration with emphasis on the review of county administration. The administrative reviews shall include sampling of all services, including those provided by county contract providers.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 25214.10 of the Health and Safety Code is amended to read:

25214.10. (a) For purposes of this section, "electronic device" has the same meaning as a "covered electronic device," as defined in Section 42463 of the Public Resources Code.

(b) The department shall adopt regulations, in accordance with this section, that prohibit an electronic device from being sold or offered for sale in this state if the electronic device is prohibited from being sold or offered for sale in the European Union on and after its date of manufacture, to the extent that Directive 2002/95/EC, adopted by the European Parliament and the Council of the European Union on January 27, 2003, and as amended thereafter by the Commission of European Communities, prohibits that sale due to the presence of certain heavy metals.

(c) The regulations adopted pursuant to subdivision (b) shall take effect January 1, 2007, or on or after the date Directive 2002/95/EC, adopted by the European Parliament and the Council of the European Union on January 27, 2003, takes effect, whichever date is later.

(d) The department shall exclude, from the regulations adopted pursuant to this section, the sale of an electronic device that contains a substance that is used to comply with the consumer, health, or safety requirements that are required by the Underwriters Laboratories, the federal government, or the state.

(e) In adopting regulations pursuant to this section, the department may not require the manufacture or sale of an electronic device that is different than, or otherwise not prohibited by, the European Union under Directive 2002/95/EC, adopted by the European Parliament and the Council of the European Union on January 27, 2003.

(f) (1) The department may not adopt any regulations pursuant to this section that impose any requirements or conditions that are in addition to, or more stringent than, the requirements and conditions expressly authorized by this section.

(2) In complying with this subdivision, the department shall use, in addition to any other information deemed relevant by the department, the published decisions of the Technical Adaptation Committee and European Union member states that interpret the requirements of Directive 2002/95/EC.

SEC. 2. Section 25214.10.1 is added to the Health and Safety Code, to read:

25214.10.1. (a) For purposes of this section, the following definitions shall apply:

(1) "Electronic device" means a video display device, as defined in subdivision (t) of Section 42463 of the Public Resources Code, with a screen size of greater than four inches.

(2) ''Covered electronic device,'' ''manufacturer,'' and ''retailer'' have the same meaning as those terms are defined in Section 42463 of the Public Resources Code.

(b) The department shall adopt regulations that identify electronic devices that the department determines are presumed to be, when discarded, a hazardous waste pursuant to this chapter.

(c) (1) Except as provided in subdivision (e), a manufacturer of an electronic device that is identified in the regulations adopted by the department shall send a notice in accordance with the schedule specified in subparagraph (A) or (B), as applicable, of paragraph (3), to any retailer that sells that electronic device manufactured by the manufacturer. The notice shall identify the electronic device, and shall inform the retailer that the electronic device is a covered electronic device and is subject to a fee in accordance with subdivision (d).

(2) A manufacturer subject to this subdivision shall also send a copy of the notice to the State Board of Equalization.

(3) The notice required by this subdivision shall be sent in accordance with the following schedule:

(A) On or before October 1, 2004, the manufacturer shall send a notice covering any electronic device manufactured by that manufacturer that is identified in the regulations adopted by the department on or before July 1, 2004, that identify the electronic devices that the department determines are presumed to be, when discarded, a hazardous waste pursuant to this chapter.

(B) On or before April 1, 2005, and on or before every April 1 of each year thereafter, the manufacturer shall send a notice covering any electronic device manufactured by that manufacturer identified in the regulations adopted by the department pursuant to subdivision (b) on or before December 31 of the prior year.

(4) If a retailer sells a refurbished covered electronic device, the manufacturer is required to comply with the notice requirement of this subdivision only if the manufacturer directly supplies the refurbished covered electronic device to the retailer.

(d) (1) Except as provided in subdivision (e), a covered electronic device that is identified in the regulations adopted, on or before July 1, 2004, by the department, that identify electronic devices that the department determines are presumed to be, when discarded, a hazardous waste pursuant to this chapter shall, on and after January 1, 2005, be subject to Chapter 8.5 (commencing with Section 42460) of Part 3 of Division 30 of the Public Resources Code, including the fee imposed pursuant to Section 42464 of the Public Resources Code.

(2) Except as provided in subdivision (e), a covered electronic device identified in the regulations adopted by the department, pursuant to subdivision (b), shall, on and after July 1 of the year subsequent to the

year in which the covered electronic device is first identified in the regulations, be subject to Chapter 8.5 (commencing with Section 42460) of Part 3 of Division 30 of the Public Resources Code, including the fee imposed pursuant to Section 42464 of the Public Resources Code.

(e) (1) If the manufacturer of an electronic device that is identified in the regulations adopted by the department pursuant to subdivision (b) obtains the concurrence of the department that an electronic device, when discarded, would not be a hazardous waste, in accordance with procedures set forth in Section 66260.200 of Title 22 of the California Code of Regulations, the electronic device shall cease to be a covered electronic device and shall cease to be subject to subdivisions (c) and (d) on the first day of the quarter that begins not less than 30 days after the date that the department provides the manufacturer with a written nonhazardous concurrence for the electronic device pursuant to this subdivision. A manufacturer shall notify each retailer, to which that manufacturer has sold a covered electronic device, that the device has been determined pursuant to this subdivision to be nonhazardous and is no longer subject to a covered electronic recycling fee.

(2) No later than 10 days after the date that the department issues a written nonhazardous concurrence to the manufacturer, the department shall do both of the following:

(A) Post on the department's Web site a copy of the nonhazardous concurrence, including, but not limited to, an identification and description of the electronic device to which the concurrence applies.

(B) Send a copy of the nonhazardous concurrence, including, but not limited to, an identification and description of the electronic device to which the concurrence applies, to the California Integrated Waste Management Board and the State Board of Equalization.

(f) Notwithstanding Section 42474 of the Public Resources Code, a fine or penalty shall not be assessed on a retailer who unknowingly sells, or offers for sale, in this state a covered electronic device for which the covered electronic waste recycling fee has not been collected or paid, if the failure to collect the fee was due to the failure of the State Board of Equalization to inform the retailer that the electronic device was subject to the fee.

SEC. 3. Section 25214.10.2 is added to the Health and Safety Code, to read:

25214.10.2. CHAPTER 864

An act to add Section 11161.5 to the Penal Code, relating to medical crime.

[Approved by Governor September 29, 2004. Filed with
Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that, for the past 20 years, medical journals have reported that when physicians fail to manage their patients' pain appropriately it is partially out of fear of criminal prosecution. It is the intent of the Legislature to alleviate this fear by providing for proper review of cases involving the prescription of pain medication before criminal charges are filed.

(b) It is the intent of the Legislature to encourage physicians to provide adequate pain management to patients in California consistent with Section 2241.5 of the Business and Professions Code, the Intractable Pain Treatment Act.

(c) It is the intent of the Legislature that, where patient records are seized in connection with criminal investigations, physicians should not be prematurely disabled from practicing medicine by not having access to their patient treatment records during those investigations. It is the further intent of the Legislature that, where medical records have been seized in a criminal investigation or prosecution, patients should have access to their medical records through their physicians to continue treatment.

SEC. 2. Section 11161.5 is added to the Penal Code, to read:

11161.5. (a) It is the intent of the Legislature that on or before January 1, 2006, the California District Attorneys Association, in conjunction with interested parties, including, but not limited to, the Department of Justice, the California Narcotic Officers' Association, the California Police Chiefs' Association, the California State Sheriffs' Association, the California Medical Association, the American Pain Society, the American Academy of Pain Medicine, the California Society of Anesthesiologists, the California Chapter of the American College of Emergency Physicians, the California Medical Board, the California Orthopedic Association, and other medical and patient advocacy entities specializing in pain control therapies, shall develop protocols for the development and implementation of interagency investigations in connection with a physician's prescription of medication to patients. The protocols are intended to assure the competent review of, and that relevant investigation procedures are followed for, the suspected undertreatment, undermedication, overtreatment, and overmedication of pain cases. Consideration shall be made for the special circumstances of urban and rural communities. The investigation protocol shall be designed to facilitate communication between the medical and law enforcement communities and the timely

return of medical records pertaining to the identity, diagnosis, prognosis, or treatment of any patient that are seized by law enforcement from a physician who is suspected of engaging in or having engaged in criminal activity related to the documents.

(b) The costs incurred by the California District Attorneys Association in implementing this section shall be solicited and funded from nongovernmental entities.

The written examination may be waived by the board if the applicant (1) is currently licensed by a United States jurisdiction, Canadian province, or Puerto Rico and has passed a written examination equivalent to that which is required in California at the time of application and (2) has passed the California supplemental examination if, at the time of application, it is required of all California applicants.

SEC. 8. Section 7048 of the Business and Professions Code is amended to read:

This chapter does not apply to any work or operation on one undertaking or project by one or more contracts, the aggregate contract price which for labor, materials, and all other items, is less than five hundred dollars ($500), that work or operations being considered of casual, minor, or inconsequential nature.

This exemption does not apply in any case wherein the work of construction is only a part of a larger or major operation, whether undertaken by the same or a different contractor, or in which a division of the operation is made in contracts of amounts less than five hundred dollars ($500) for the purpose of evasion of this chapter or otherwise.

This exemption does not apply to a person who advertises or puts out any sign or card or other device which might indicate to the public that he or she is a contractor or that he or she is qualified to engage in the business of a contractor.

SEC. 9. Section 7068 of the Business and Professions Code is amended to read:

7068. (a) The board shall require an applicant to show such degree of knowledge and experience in the classification applied for, and such general knowledge of the building, safety, health, and lien laws of the state and of the administrative principles of the contracting business as the board deems necessary for the safety and protection of the public.

(b) An applicant shall qualify in regard to his or her experience and knowledge in one of the following ways:

(1) If an individual, he or she shall qualify by personal appearance or by the appearance of his or her responsible managing employee who is qualified for the same license classification as the classification being applied for.

(2) If a copartnership or a limited partnership, it shall qualify by the appearance of a general partner or by the appearance of a responsible managing employee who is qualified for the same license classification as the classification being applied for.

(3) If a corporation, or any other combination or organization, it shall qualify by the appearance of a responsible managing officer or

responsible managing employee who is qualified for the same license classification as the classification being applied for.

(c) A responsible managing employee for the purpose of this chapter shall mean an individual who is a bona fide employee of the applicant and is actively engaged in the classification of work for which that responsible managing employee is the qualifying person in behalf of the applicant.

(d) The board shall, in addition, require an applicant who qualifies by means of a responsible managing employee under either paragraph (1) or (2) of subdivision (b) to show his or her general knowledge of the building, safety, health, and lien laws of the state and of the administrative principles of the contracting business as the board deems necessary for the safety and protection of the public.

(e) Except in accordance with Section 7068.1, no person qualifying on behalf of an individual or firm under paragraph (1), (2), or (3) of subdivision (b) shall hold any other active contractor's license while acting in the capacity of a qualifying individual pursuant to this section.

(g) Statements made by or on behalf of an applicant as to the applicant's experience in the classification applied for shall be verified by a qualified and responsible person. In addition, the registrar shall, as specified by board regulation, randomly review a percentage of such statements for their veracity.

(h) The registrar shall review experience gained by applicants from other states to determine whether all of that experience was gained in a lawful manner in that state.

SEC. 10. Section 7071.9 of the Business and Professions Code is amended to read:

7071.9. (a) If the qualifying individual, as referred to in Sections 7068 and 7068.1, is not either the proprietor, a general partner, or joint licensee, he or she shall file or have on file a qualifying individual's bond as provided in Section 7071.10 in the sum of seven thousand five hundred dollars ($7,500). This bond is in addition to, and may not be combined with, any contractor's bond required by Sections 7071.5 to 7071.8, inclusive, and is required for the issuance, reinstatement, reactivation, or continued valid use of a license. However, on and after January 1, 2007, the sum of the bond that a qualifying individual is required to have on file shall be twelve thousand five hundred dollars ($12,500).

(b) Excluding the claims brought by the beneficiaries specified in paragraph (1) of subdivision (a) of Section 7071.10, the aggregate

liability of a surety on claims brought against the bond required by this section shall not exceed the sum of seven thousand five hundred dollars ($7,500). The bond proceeds in excess of seven thousand five hundred dollars ($7,500) shall be reserved exclusively for the claims of the beneficiaries specified in paragraph (1) of subdivision (a) of Section 7071.10. However, nothing in this section shall be construed to prevent any beneficiary specified in paragraph (1) of subdivision (a) of Section 7071.10 from claiming or recovering the full measure of the bond required by this section. This bond is in addition to, and may not be combined with, any contractor's bond required by Sections 7071.5 to 7071.8, inclusive, and is required for the issuance, reinstatement, reactivation, or continued valid use of a license.

(c) The responsible managing officer of a corporation shall not be required to file or have on file a qualifying individual's bond, if he or she owns 10 percent or more of the voting stock of the corporation and certifies to that fact on a form prescribed by the registrar.

SEC. 11. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article, other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond which may be required is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims. Any action, other than an action to recover wages or fringe benefits, against a contractor's bond or a bond of a qualifying individual filed by an active licensee shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover wages or fringe benefits, against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within two years after the expiration of the license period during which the act or omission occurred, or within two years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within two years after the last date for which a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. A claim to recover wages or fringe benefits shall be brought within six months from the date that the wage or fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the wage or fringe benefit contributions were due.

(b) Whenever the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court

action or otherwise, the surety shall, within 30 days of the payment, provide notice to the registrar. The notice required by this subdivision shall provide the following information by declaration on a form prescribed by the registrar:

(1) The name and license number of the contractor.

(2) The surety bond number.

(3) The amount of payment.

(4) The statutory basis upon which the claim is made.

(5) The names of the person or persons to whom payments have been made.

(6) Whether or not the payments were the result of a good faith action by the surety.

The notice shall also clearly indicate whether or not the licensee filed a protest in accordance with this section.

(c) Prior to the settlement of a claim through a good faith payment by the surety, a licensee shall have not less than 15 days in which to provide a written protest. This protest shall instruct the surety not to make payment from the bond on the licensee's account upon the specific grounds that the claim is opposed by the licensee, and provide the surety a specific and reasonable basis for the licensee's opposition to payment.

(1) Whenever a licensee files a protest in accordance with this subdivision, the board shall investigate the matter and file disciplinary action as set forth under this chapter if there is evidence that the surety has sustained a loss as the result of a good faith payment made for the purpose of mitigating any damages incurred by any person or entity covered under Section 7071.5.

(2) Any licensee that fails to file a protest as specified in this subdivision shall have 90 days from the date of notification by the board to submit proof of payment of the actual amount owed to the surety and, if applicable, proof of payment of any judgment or admitted claim in excess of the amount of the bond or, by operation of law, the license shall be suspended at the end of the 90 days. A license suspension pursuant to this subdivision shall be disclosed indefinitely as a failure to settle outstanding final liabilities in violation of this chapter. The disclosure specified by this subdivision shall also be applicable to all licenses covered by the provisions of subdivision (d).

(d) No license may be renewed, reissued, or reinstated while any judgment or admitted claim in excess of the amount of the bond remains unsatisfied. Further, no license may be renewed, reissued, or reinstated while any surety remains unreimbursed for any loss or expense sustained on any bond issued for the licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of the licensee while the licensee was subject to suspension or disciplinary action under this section.

(e) The licensee may provide the board with a notarized copy of an accord, reached with the surety to satisfy the debt in lieu of full payment. By operation of law, failure to abide by the accord shall result in the automatic suspension of any license to which this section applies. A license that is suspended for failure to abide by the accord may only be renewed or reinstated when proof of satisfaction of all debts is made.

(f) Legal fees may not be charged against the bond by the board.

(g) In any case in which a claim is filed against a deposit given in lieu of a bond by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested by Section 96.5 of the Labor Code, conduct hearings to determine whether or not the wages or fringe benefits should be paid to the complainant. Upon a finding by the commissioner that the wages or fringe benefits should be paid to the complainant, the commissioner shall notify the registrar of the findings. The registrar shall not make payment from the deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within the period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the deposit to the complainant.

(h) Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a contractor's bond or bond of a qualifying individual filed by an active licensee shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years after the date the license was inactivated, canceled, or revoked by the board, whichever first occurs. Any action, other than an action to recover wages or fringe benefits, against a deposit given in lieu of a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought within three years after the expiration of the license period during which the act or omission occurred, or within three years of the date the license of the active licensee was inactivated, canceled, or revoked by the board, or within three years after the last date for which a deposit given in lieu of a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first. If the board is notified of a complaint relative to a claim against the deposit, the deposit shall not be released until the complaint has been adjudicated.

SEC. 12. Section 7083 of the Business and Professions Code is amended to read:

7083. All licensees shall notify the registrar, on a form prescribed by the registrar, in writing within 90 days of any change to information recorded under this chapter. This notification requirement shall include, but not be limited to, changes in business address, personnel, business name, qualifying individual bond exemption pursuant to Section 7071.9, or exemption to qualify multiple licenses pursuant to Section 7068.1.

Failure of the licensee to notify the registrar of any change to information within 90 days shall cause the change to be effective the date the written notification is received at the board's headquarters office.

Failure to notify the registrar of the changes within the 90 days is grounds for disciplinary action.

SEC. 13. Section 7085 of the Business and Professions Code is amended to read:

7085. (a) After investigating any verified complaint alleging a violation of Section 7107, 7109, 7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement and finding a possible violation, the registrar may, with the concurrence of both the licensee and the complainant, refer the alleged violation, and any dispute between the licensee and the complainant arising thereunder, to arbitration pursuant to this article, provided the registrar finds that:

(1) There is evidence that the complainant has suffered or is likely to suffer material damages as a result of a violation of Section 7107, 7109, 7110, 7113, 7119, or 7120, and any complaint arising from a contract involving works of improvement.

(2) There are reasonable grounds for the registrar to believe that the public interest would be better served by arbitration than by disciplinary action.

(3) The licensee does not have a history of repeated or similar violations.

(4) The licensee was in good standing at the time of the alleged violation.

(5) The licensee does not have any outstanding disciplinary actions filed against him or her.

(6) The parties have not previously agreed to private arbitration of the dispute pursuant to contract or otherwise.

(7) The parties have been advised of the provisions of Section 2855 of the Civil Code.

For the purposes of paragraph (1), ''material damages'' means damages greater than seven thousand five hundred dollars ($7,500) and less than fifty thousand dollars ($50,000).

(b) In all cases in which a possible violation of the sections set forth in paragraph (1) of subdivision (a) exists and the contract price is equal to or less than seven thousand five hundred dollars ($7,500), or the demand for damages is equal to or less than seven thousand five hundred dollars ($7,500) regardless of the contract price, the complaint shall be referred to arbitration, utilizing the criteria set forth in paragraphs (2) to (6), inclusive, of subdivision (a).

SEC. 14. Section 7090.1 of the Business and Professions Code is amended to read:

7090.1. (a) (1) Notwithstanding any other provisions of law, the failure to pay a civil penalty, or to comply with an order of correction or an order to pay a specified sum to an injured party in lieu of correction once the order has become final, shall result in the automatic suspension of a license by operation of law 30 days after noncompliance with the terms of the order.

(2) The registrar shall notify the licensee in writing of the failure to comply with the final order and that the license shall be suspended 30 days from the date of the notice.

(3) The licensee may contest the determination of noncompliance within 15 days after service of the notice, by written notice to the registrar. Upon receipt of the written notice, the registrar may reconsider the determination and after reconsideration may affirm or set aside the suspension.

(4) Reinstatement may be made at any time following the suspension by complying with the final order of the citation. If no reinstatement of the license is made within 90 days of the date of the automatic suspension, the cited license and any other contractors' license issued to the licensee shall be automatically revoked by operation of law for a period to be determined by the registrar pursuant to Section 7102.

(5) The registrar may delay, for good cause, the revocation of a contractor's license for failure to comply with the final order of the citation. The delay in the revocation of the license shall not exceed one year. When seeking a delay of the revocation of his or her license, a licensee shall apply to the registrar in writing prior to the date of the revocation of the licensee's license by operation of law and state the reasons that establish good cause for the delay. The registrar's power to grant a delay of the revocation shall expire upon the effective date of the revocation of the licensee's license by operation of law.

(b) The cited licensee shall also be automatically prohibited from serving as an officer, director, associate, partner, or qualifying individual of another licensee, for the period determined by the registrar, and the employment, election, or association of that person by a licensee shall constitute grounds for disciplinary action. Any qualifier disassociated pursuant to this section shall be replaced within 90 days of the date of

disassociation. Upon failure to replace the qualifier within 90 days of the prohibition, the license of the other licensee shall be automatically suspended or the qualifier's classification removed at the end of the 90 days.

SEC. 15. Section 7121 of the Business and Professions Code is amended to read:

7121. Any person who has been denied a license for a reason other than failure to document sufficient satisfactory experience for a supplemental classification for an existing license, or who has had his or her license revoked, or whose license is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a member, officer, director, or associate of any partnership, corporation, firm, or association whose application for a license has been denied for a reason other than failure to document sufficient satisfactory experience for a supplemental classification for an existing license, or whose license has been revoked, or whose license is under suspension, or who has failed to renew a license while it was under suspension, and while acting as a member, officer, director, or associate had knowledge of or participated in any of the prohibited acts for which the license was denied, suspended, or revoked, shall be prohibited from serving as an officer, director, associate, partner, or qualifying individual of a licensee, and the employment, election, or association of this type of person by a licensee in any capacity other than as a nonsupervising bona fide employee shall constitute grounds for disciplinary action.

Its educational program shall be on the postsecondary or collegiate level. It shall be legally organized and authorized to conduct its program under all applicable laws of the state, and shall conform to and offer all components of the minimum prescribed course of study established by the board. Its records shall be kept and shall be maintained

in a manner to render them safe from theft, fire, or other loss. The records shall indicate positive daily and clock-hour attendance of each student for all classes, apprenticeship and graduation reports, high school transcripts or the equivalent or self-certification of high school graduation or the equivalent, transcripts of other education, and student progress to date, including all progress and counseling reports.

those claims are based on verified data and reflect current employment conditions.

(n) If a school offers a course of instruction that exceeds the board's minimum requirements, the school shall disclose orally and in writing the board's minimum requirements and how the course of instruction differs from those criteria. The school shall make this disclosure before a prospective student executes an agreement obligating that person to pay any money to the school for the course of instruction. The school shall also make this disclosure to all students enrolled on January 1, 2002.

(b) All members of the board shall represent the general public interest, but not more than one-third of the members at any one time may be currently employed by, or receive more than 25 percent of their annual income, not to exceed $25,000 a year per member, from an entity that owns or operates a mine in California. The representative of local government shall not be considered an employee of an entity that owns or operates a mine if the lead agency employing the representative owns or operates a mine. For purposes of this section, retirement or other benefits paid by a mining entity to an individual who is no longer employed by that entity are not considered to be compensation, if those benefits were earned prior to the date the individual terminated his or her employment with the entity.

(c) If a member of the board determines that he or she has a conflict of interest on a particular matter before the board pursuant to subdivision (b) or Section 663, he or she shall provide the clerk of the board with a brief written explanation of the basis for the conflict of interest, which shall become a part of the public record of the board. The written explanation shall be delivered prior to the time the matter to which it pertains is voted on by the board. This disclosure requirement is in addition to any other conflict-of-interest disclosure requirement imposed by law.

SEC. 38. Section 13273 of the Water Code is amended to read:

13273. (a) The state board shall, on or before January 1, 1986, rank all solid waste disposal sites, as defined in paragraph (5) of subdivision (i) of Section 41805.5 of the Health and Safety Code, based upon the threat they may pose to water quality. On or before July 1, 1987, the operators of the first 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d). On or before July 1 of each succeeding year, the operators of the next 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d).

(b) Before a solid waste water quality assessment test report may be submitted to the regional board, a professional geologist, registered pursuant to Section 7850 of the Business and Professions Code, a certified engineering geologist, certified pursuant to Section 7842 of the Business and Professions Code, or a civil engineer registered pursuant to Section 6762 of the Business and Professions Code, who has at least five years' experience in groundwater hydrology, shall certify that the report contains all of the following information and any other information which the state board may, by regulation, require:

(1) An analysis of the surface and groundwater on, under, and within one mile of the solid waste disposal site to provide a reliable indication whether there is any leakage of hazardous waste.

(2) A chemical characterization of the soil-pore liquid in those areas which are likely to be affected if the solid waste disposal site is leaking, as compared to geologically similar areas near the solid waste disposal site which have not been affected by leakage or waste discharge.

(c) If the regional board determines that the information specified in paragraph (1) or (2) is not needed because other information demonstrates that hazardous wastes are migrating into the water, the regional board may waive the requirement to submit this information specified in paragraphs (1) and (2) of subdivision (b). The regional board shall also notify the Department of Toxic Substances Control, and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(d) The regional board shall examine the report submitted pursuant to subdivision (b) and determine whether the number, location, and design of the wells and the soil testing could detect any leachate buildup, leachate migration, or hazardous waste migration. If the regional board determines that the monitoring program could detect the leachate and hazardous waste, the regional board shall take the action specified in subdivision (e). If the regional board determines that the monitoring program was inadequate, the regional board shall require the solid waste disposal site to correct the monitoring program and resubmit the solid waste assessment test based upon the results from the corrected monitoring program.

(e) The regional board shall examine the approved solid waste assessment test report and determine whether any hazardous waste migrated into the water. If the regional board determines that hazardous waste has migrated into the water, it shall notify the Department of Toxic Substances Control and the California Integrated Waste Management Board and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(f) When a regional board revises the waste discharge requirements for a solid waste disposal site, the regional board shall consider the information provided in the solid waste assessment test report and any other relevant site-specific engineering data provided by the site operator for that solid waste disposal site as part of a report of waste discharge.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 50517.15 is added to the Health and Safety Code, to read:

50517.15. (a) It is the intent of the Legislature to authorize local public agencies, nonprofit corporations, and limited partnerships that rent or lease farmworker housing to enter into long-term leases with agricultural employers for farmworker housing in order to improve the ability of local public agencies, nonprofit corporations, and limited partnerships to obtain financing for that housing.

(b) A local public agency, nonprofit corporation, or a limited partnership, as defined in paragraph (1) of subdivision (g) of Section 50517.5, that constructs or rehabilitates farmworker housing for agricultural employees, as defined in paragraph (1) of subdivision (g) of Section 50517.5, with public funds may enter into a lease agreement with an agricultural employer, as defined in subdivision (b) of Section 1140.4 of the Labor Code, for farmworker housing for a term of more than one year if the agricultural employer agrees to lease the farmworker housing to agricultural employees of the employer on the same terms and conditions, including amount of rent, that would otherwise be specified in a rental agreement between the local public agency, nonprofit corporation, or limited partnership and the agricultural employees for that housing and the following conditions are met:

(1) The total rent revenue received by the agricultural employer from the agricultural employees does not exceed the amount that the agricultural employer is required to pay the local public agency, nonprofit corporation, or limited partnership for the lease.

(2) The agricultural employer does not charge or collect a security deposit from an agricultural employee for the housing leased pursuant to this section.

(3) The agricultural employee has the same rights and responsibilities provided to a residential tenant pursuant to the Joe Serna, Jr. Farmworker Housing Grant Program.

(4) The agricultural employer is not responsible for the operation or maintenance of the farmworker housing.

(5) The agricultural employee is required to meet the eligibility requirements of the Joe Serna, Jr. Farmworker Housing Grant Program.

(c) An agricultural employer who enters into a lease agreement with a local public agency, nonprofit corporation, or limited partnership for farmworker housing pursuant to subdivision (b) may enter into a sublease agreement with another agricultural employer for this housing for a term of one year or less if the sublessee agrees to lease the farmworker housing to agricultural employees of this sublessee on the same terms and conditions that would otherwise be specified in a rental agreement between the lessor described in subdivision (b) and the agricultural employees for that housing.

(d) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

CHAPTER 867

An act to amend Section 25744 of the Public Resources Code, relating to energy resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 25744 of the Public Resources Code is amended to read:

25744. (a) Seventeen and one-half percent of the money collected pursuant to the renewable energy public goods charge shall be used for a multiyear, consumer-based program to foster the development of emerging renewable technologies in distributed generation applications.

(b) Any funds used for emerging technologies pursuant to this section shall be expended in accordance with the report, subject to all of the following requirements:

(1) Funding for emerging technologies shall be provided through a competitive, market-based process that shall be in place for a period of not less than five years, and shall be structured so as to allow eligible emerging technology manufacturers and suppliers to anticipate and plan for increased sale and installation volumes over the life of the program.

(2) The program shall provide monetary rebates, buydowns, or equivalent incentives, subject to subparagraph (C), to purchasers, lessees, lessors, or sellers of eligible electricity generating systems. Incentives shall benefit the end-use consumer of renewable generation by directly and exclusively reducing the purchase or lease cost of the

eligible system, or the cost of electricity produced by the eligible system. Incentives shall be issued on the basis of the rated electrical generating capacity of the system measured in watts, or the amount of electricity production of the system, measured in kilowatthours. Incentives shall be limited to a maximum percentage of the system price, as determined by the commission.

(3) Eligible distributed emerging technologies are photovoltaic, solar thermal electric, fuel cell technologies that utilize renewable fuels, and wind turbines of not more than 50 kilowatts rated electrical generating capacity per customer site, and other distributed renewable emerging technologies that meet the emerging technology eligibility criteria established by the commission. Eligible electricity generating systems are intended primarily to offset part or all of the consumer's own electricity demand, and shall not be owned by local publicly owned electric utilities, nor be located at a customer site that is not receiving distribution service from an electrical corporation that is subject to the renewable energy public goods charge and contributing funds to support programs under this chapter. All eligible electricity generating system components shall be new and unused, shall not have been previously placed in service in any other location or for any other application, and shall have a warranty of not less than five years to protect against defects and undue degradation of electrical generation output. Systems and their fuel resources shall be located on the same premises of the end-use consumer where the consumer's own electricity demand is located, and all eligible electricity generating systems shall be connected to the utility grid in California. The commission may require eligible electricity generating systems to have meters in place to monitor and measure a system's performance and generation. Only systems that will be operated in compliance with applicable law and the rules of the Public Utilities Commission shall be eligible for funding.

(4) The commission shall limit the amount of funds available for any system or project of multiple systems and reduce the level of funding for any system or project of multiple systems that has received, or may be eligible to receive, any government or utility funds, incentives, or credit.

(5) In awarding funding, the commission may provide preference to systems that provide tangible demonstrable benefits to communities with a plurality of minority or low-income populations.

(6) In awarding funding, the commission shall develop and implement eligibility criteria and a system that provides preference to systems based upon system performance, taking into account factors, including, but not limited to, shading, insulation levels, and installation orientation.

(7) At least once annually, the commission shall publish and make available to the public the balance of funds available for emerging

renewable energy resources for rebates, buydowns, and other incentives for the purchase of these resources.

(c) Notwithstanding Section 399.6 of the Public Utilities Code, the commission may expend, until December 31, 2008, up to sixty million dollars ($60,000,000) of the funding allocated to the Renewable Resources Trust Fund for the program established in this section, subject to the repayment requirements of subdivision (f) of Section 25751.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the continuing operation of the State Energy Resources Conservation and Development Commission's solar rebate program, it is necessary that this act take effect immediately.

CHAPTER 868

An act to amend Section 24425 of, to add Sections 24465 and 24900 to, and to repeal and add Section 24410 of, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 24410 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 24410 is added to the Revenue and Taxation Code, to read:

24410. (a) For taxable years commencing on or after January 1, 2004, the allowable dividends received deduction with respect to qualified dividends received by a corporation during the taxable year from a corporation that is an insurer within the meaning of Section 28 of Article XIII of the California Constitution, whether or not the insurer is engaged in business in California, if at the time of each dividend payment at least 80 percent of each class of the stock of the insurer was owned, directly or indirectly, by the corporation receiving the dividend shall equal the percentage specified in paragraph (1) of the amount of the qualified dividends received.

(1) For purposes of this subdivision, the percentage is equal to:

(A) Eighty percent for taxable years beginning on or after January 1, 2004, and before January 1, 2008.

(B) Eighty-five percent for taxable years beginning on or after January 1, 2008, and thereafter.

(b) (1) For all taxable years ending on or after December 1, 1997, and commencing before January 1, 2004, a taxpayer may elect to determine its deduction under this section for dividends received by the taxpayer (or the members of the taxpayer's commonly controlled group, if any) during each taxable year from a corporation that is an insurer within the meaning of Section 28 of Article XIII of the California Constitution, whether or not the insurer is engaged in business in California, in an amount equal to 80 percent of the qualified dividends received, if at the time of each dividend payment at least 80 percent of each class of stock of the insurer was owned, directly or indirectly, by the corporation receiving the dividend.

(2) A taxpayer shall make the election under this subdivision by timely filing a return for at least one taxable year ending on or after December 1, 1997, and commencing before January 1, 2004, expressly electing to be subject to the dividends received deduction in accordance with the percentage set forth in paragraph (1), and reporting and remitting any amounts due pursuant to that election.

(3) A return is timely filed for purposes of paragraph (2) if it is filed within 180 days of the effective date of the act adding this section.

(4) By making the election pursuant to this subdivision, the taxpayer agrees to all of the following:

(A) To be subject to the dividends received deduction in accordance with the percentage set forth in paragraph (1) for all taxable years ending on or after December 1, 1997, and commencing before January 1, 2004, for which the Franchise Tax Board may propose an assessment or allow a claim for refund, or in which the final determination of tax for the taxable year has not been made because of a dispute related to the dividends received deduction or the application of Section 24425 to any expense related to that dividends received deduction.

(B) (i) Except as provided in clause (ii), to file a return (or amended return) and remit any amounts due pursuant to the election for all taxable years ending on or after December 1, 1997, and commencing before January 1, 2004, for which the Franchise Tax Board may propose an assessment or allow a claim for refund, within 180 days of the effective date of the act adding this section.

(ii) In the case of a taxable year for which the due date of the return is more than 180 days after the effective date of the act adding this section, to file the return and remit any amounts due pursuant to the election under this subdivision on or before the due date of the return.

(5) For purposes of determining taxable income on the return (or amended returns) filed pursuant to the election set forth in paragraph (1),

Section 24425 does not apply to the amount of the dividends received deduction.

(6) The election is irrevocable. With respect to electing taxpayers, no refund, credit, or offset may be allowed for a deduction for dividends received from an insurance company in excess of the amounts allowed under this subdivision for taxable years ending on or after December 1, 1997, and beginning before January 1, 2004.

(c) For purposes of determining the allowable dividend received deduction under this section, a qualified dividend received during the taxable year means a dividend received by the taxpayer during the taxable year multiplied by the percentage prescribed under paragraph (1), (2), or (3) of this subdivision, as the case may be.

(1) If the ratio of the five-year average net written premiums for all insurance companies in a commonly controlled group to the five-year average total income for all insurance companies in the commonly controlled group for the taxable year is greater than or equal to the applicable percentage, then the percentage under this subdivision shall be 100 percent.

(2) If the ratio of the five-year average net written premiums for all insurance companies in a commonly controlled group to the five-year average total income for all insurance companies in the commonly controlled group for the taxable year is less than the applicable percentage and greater than 10 percent, then the percentage under this subdivision shall be equal to the following fraction, expressed as a percentage:

(A) The numerator is the five-year average net written premiums for the taxable year.

(B) The denominator is the applicable percentage times the five-year average total income for that taxable year.

(3) If the ratio of the five-year average net written premiums for all insurance companies in a commonly controlled group to the five-year average total income for all insurance companies in the commonly controlled group for the taxable year is equal to or less than 10 percent, the percentage under this subdivision shall be zero.

(4) For purposes of this subdivision:

(A) The ''five-year average'' means the aggregate net written premiums or total income, as the case may be, over the five immediately preceding calendar or fiscal years, divided by five. For purposes of this computation, if an insurance company in the commonly controlled group has been in existence for fewer than five years, its aggregate net written premiums and total income shall each be multiplied by five and divided by the number of years of its existence. If an insurance company does not have a regulatory filing requirement, the period covered shall be the fiscal year used for the insurance company's financial statements.

The use of either the calendar year or fiscal year, as the case may be, for determination of the five-year average shall, for the first taxable year in which it is computed, be treated as an accounting method under this part and may thereafter only be changed with the written consent of the Franchise Tax Board.

(B) For taxable years beginning before January 1, 2008, the applicable percentage shall be 60 percent. For taxable years beginning on or after January 1, 2008, the applicable percentage shall be 70 percent.

(d) The following rules apply with respect to the application of this section to dividends received from an insurance company that insures risks of a member of the insurance company's commonly controlled group.

(1) Notwithstanding paragraph (2), for purposes of determining the amount of the deduction authorized by subdivisions (a) and (b), no deduction is allowed for dividends attributable to premiums received or accrued by the insurance company from a member of the insurance company's commonly controlled group. For purposes of this paragraph, dividends attributable to premiums received or accrued from a member of a commonly controlled group is equal to total dividends received multiplied by the greater of either of the following:

(A) The ratio of net written premiums from a member of the insurance company's commonly controlled group divided by total net written premiums.

(B) (i) For a property casualty insurer, the ratio of the underwriting risk associated with a member of the commonly controlled group's insurance contracts to the insurance company's total underwriting risks for all insurance contracts. The underwriting risk is the underwriting risk reserves (losses plus expense risk-based capital after discount) as calculated using the ''RBC Instructions.''

(ii) For a life insurer, the ratio of aggregate reserves for life, accident, and health contracts plus liability for deposit type contracts plus contract claims held for policies issued to members of the insurance company's commonly controlled group divided by total aggregate reserves for life, accident, and health contracts plus liability for deposit type contracts plus contract claims.

(2) Net written premiums do not include premiums received or accrued from another member of the insurance company's commonly controlled group. Premiums from another member of the commonly controlled group is the greater of either of the following:

(A) Net written premiums from a member of the insurance company's commonly controlled group.

(B) (i) For a property casualty insurer, the net written premiums received or accrued by the insurance company multiplied by the ratio of the underwriting risk associated with the member of the commonly

controlled group's insurance contracts to the insurance company's total underwriting risks for all insurance contracts. The underwriting risk is the underwriting risk reserves (loss plus expense risk-based capital after discount) as calculated using the ''RBC Instructions.''

(ii) For a life insurer, net written premiums received or accrued by the insurance company multiplied by the ratio of aggregate reserves for life, accident, and health contracts plus liability for deposit type contracts plus contract claims held for policies issued to members of the insurance company's commonly controlled group divided by total aggregate reserves for life, accident, and health contracts plus liability for deposit type contracts plus contract claims.

(3) For purposes of this section, investment income shall be limited to that portion of investment income equal to the ratio of net written premiums (determined under paragraph (2)) to total net written premiums (determined without regard to paragraph (2)).

(4) For purposes of the limitations described in this subdivision, premiums received or accrued from a member of the insurance company's commonly controlled group does not include premiums where the direct insurance risks ceded by affiliates and assumed by the insurance company originated with a person that is not a member of the insurance company's commonly controlled group.

(e) For purposes of this section:

(1) ''Net written premiums'' means direct written premiums plus premiums from reinsurance assumed, less premiums ceded to a reinsurance company, as would be required to be reported in an insurer's Statutory Annual Statement in accordance with the Annual Statement Instructions and Accounting Practices and Procedures Manual promulgated by the National Association of Insurance Commissioners. Net written premiums from life insurance contracts shall be determined by multiplying the net written premiums received, assumed, or ceded by 1.3. Net written premiums from financial guaranty insurance contracts shall be determined by multiplying the net written premiums received, assumed, or ceded by the lesser of 2.3 or an amount that would cause the ratio of the five-year average net written premiums for all financial guaranty insurance companies in the commonly controlled group to the five-year average total income for all financial guaranty insurance companies in the commonly controlled group to be equal to the applicable percentage. Paragraph (4) of subdivision (c) applies for purposes of the preceding sentence.

(A) ''Direct written premiums'' means amounts written by an insurance company in consideration for insurance and annuity contracts issued to policyholders.

(B) ''Premiums from reinsurance assumed'' means amounts received or accrued by an insurance company in consideration for liabilities it assumes from another insurance company.

(C) ''Premiums ceded'' means insurance premiums paid or accrued by an insurance company to a reinsurer to support the liabilities assumed by the reinsurer.

(2) ''Total income'' means net written premiums plus investment income.

(3) ''Investment income'' means an insurance company's earnings from its investment portfolio, including interest, dividends, realized gains (or losses), and rent, as would be required to be reported in an insurer's Statutory Annual Statement in accordance with the Annual Statement Instructions and Accounting Practices and Procedures Manual promulgated by the National Association of Insurance Commissioners, except as otherwise provided.

(A) Except for reinsurance transactions, realized gains (or losses) do not include losses incurred in transactions with a person that is a member of the taxpayer's or the insurance company's commonly controlled group.

(B) Investment income does not include dividends from a person that is a member of the commonly controlled group. Intercompany dividends that have been eliminated from investment income as would be required to be reported in the Statutory Annual Statement in accordance with the Annual Statement Instructions and Accounting Practices and Procedures Manual promulgated by the National Association of Insurance Commissioners shall not again be eliminated for this purpose.

(C) Investment income does not include income included in the taxpayer's combined report filed in accordance with Chapter 17 (commencing with Section 25101) of this part.

(4) For taxable years beginning before January 1, 2004, the ''RBC Instructions'' as defined in Section 739 of the Insurance Code means the Risk Based Capital Instructions and Report as promulgated by the National Association of Insurance Commissioners, as it read on January 1, 2004. For taxable years beginning on or after January 1, 2004, the ''RBC Instructions'' as defined in Section 739 of the Insurance Code means the Risk Based Capital Instructions and Report as promulgated by the National Association of Insurance Commissioners, or any substantially equivalent successor instructions and report, as it read on January 1 of the year in which the taxpayer's taxable year begins.

(5) The phrase ''commonly controlled group'' shall have the same meaning as that phrase has under Section 25105.

(f) The Franchise Tax Board may prescribe those regulations that may be necessary to provide for the following:

(1) Establishment of a comparable weighting factor as described in paragraph 1 of subdivision (e) for new lines of insurance not described in the act adding this subdivision.

(2) For purposes of determining the applicable ratios described in subdivisions (c) and (d), the inclusion or exclusion of items of investment income to eliminate the effects of devices designed to manipulate those ratios for purposes of avoiding the tax imposed under this part.

(3) For purposes of determining the applicable ratios described in subdivisions (c) and (d), the inclusion or exclusion of items of investment income to prevent distortion causing significant reduction in those ratios.

SEC. 3. Section 24425 of the Revenue and Taxation Code is amended to read:

24425. (a) No deduction shall be allowed for any amount otherwise allowable as a deduction which is allocable to one or more classes of income not included in the measure of the tax imposed by this part, regardless of whether that income was received or accrued during the taxable year.

(b) No deduction shall be allowed for any expense described in paragraphs (1) or (2) that is paid or incurred to an insurer if the insurer is a member of the taxpayer's commonly controlled group and the amount paid or incurred would constitute income to the insurer if the insurer were subject to the California income or franchise tax.

(1) An expense described in this paragraph means any of the following interest amounts payable to an insurer in the same commonly controlled group:

(A) (i) Interest paid or incurred to an insurer in the taxpayer's commonly controlled group with respect to indebtedness (other than qualified marketable debt instruments), the principal amount of which is attributable to a contribution of money by a noninsurer member of the taxpayer's commonly controlled group to the capital of an insurer member of that group, including the principal amount of a loan arising from a direct or indirect transfer of money from that contribution to capital from one insurer to another insurer of the same commonly controlled group.

(ii) Interest paid or incurred to an insurer with respect to a note or other debt instrument (other than qualified marketable debt instruments) contributed to the capital of an insurer with respect to its stock by a noninsurer member of the commonly controlled group.

(iii) For purposes of this subparagraph, ''qualified marketable debt instruments'' means publicly available debt instruments of all noninsurer members of the commonly controlled group issued, but only to the extent that the aggregate principal amount of publicly available

debt instruments held by all insurer members of the commonly controlled group constitutes less than 10 percent of the total outstanding principal amount of publicly available debt instruments issued by all noninsurer members.

(iv) For purposes of this subparagraph, ''publicly available debt instruments'' means debt instruments available to the general public, including bonds, debentures, and negotiable instruments (as defined in Section 3104 of the California Commercial Code) that are rated by a nationally recognized statistical rating agency (as that term is used in Rule 15c3-1(c)(2)(vi)(F) under the Securities Exchange Act of 1934) in one of its generic rating categories that signifies investment grade.

(B) Interest paid or incurred within five years after the direct or indirect acquisition of the insurer by a member of the commonly controlled group (other than interest on qualified marketable debt instruments as defined in clause (iii) of subparagraph (A)).

(C) The amount of interest paid or incurred during the taxable year to any insurer in the commonly controlled group multiplied by the disqualifying percentage. The disqualifying percentage is an amount equal to 100 percent less the percentage described in paragraph (1), (2), or (3) of subdivision (c) of Section 24410 (as the case may be) for that taxable year whether or not a dividend is paid or accrued.

(D) An amount of interest determined by multiplying the amount of interest paid or incurred to an insurer in the commonly controlled group by the ratio of the commonly controlled group determined under paragraph (1) of subdivision (d) of Section 24410 for the taxable year (whether or not a dividend was paid or accrued in that year).

(2) An expense described in this paragraph means any expense other than interest described by paragraph (1), that is either of the following:

(A) Attributable to property formerly held by the taxpayer or a member of the taxpayer's commonly controlled group that was acquired by the insurer in a transaction in which gain was realized but not recognized (including for this purpose any income deferred under Section 24465) by the taxpayer or a member of its commonly controlled group.

(B) Attributable to property purchased with the proceeds attributable to a contribution by a noninsurer member of the taxpayers' commonly controlled group to the capital of an insurer member of that group, including amounts attributable to a direct or indirect transfer of money from that contribution from one insurer to another insurer in the same group.

(3) For purposes of this subdivision, amounts that are described in more than one subparagraph of either paragraph (1) or (2) shall be included only in that subparagraph that will result in the highest disallowance amount.

(4) For purposes of this subdivision, the phrase ''commonly controlled group'' shall have the same meaning as that phrase has under Section 25105.

(5) For purposes of this subdivision, an insurer is an insurer within the meaning of Section 28 of Article XIII of the California Constitution, whether or not the insurer is engaged in business in California.

SEC. 4. Section 24465 is added to the Revenue and Taxation Code, to read:

24465. (a) (1) If, in connection with any exchange described in Section 332, 351, 354, 356, or 361 of the Internal Revenue Code, a taxpayer transfers property to an insurer, the insurer shall not, for purposes of determining the extent to which gain shall be recognized on that transfer, be considered to be a corporation for purposes of this part.

(2) Paragraph (1) shall not apply to any of the following types of transactions, unless that transaction has the effect (directly or indirectly) of transferring appreciated property from a taxpayer subject to tax under this part (or a member of the taxpayer's combined reporting group) to an insurer:

(A) An exchange or transfer pursuant to Section 368(a)(2)(D) or Section 368(a)(2)(E) of the Internal Revenue Code.

(B) A transfer of stock in an 80 percent-owned insurer for the purpose of filing a consolidated tax return or for financial or regulatory reporting.

(C) A transfer or exchange of publicly owned stock of the parent corporation.

(3) If a transaction described in paragraph (2) would qualify under that paragraph but for the fact that the transaction has the effect (directly or indirectly) of transferring appreciated property from a taxpayer subject to tax under this part (or a member of the taxpayer's combined reporting group) to an insurer, then, if the property is used in the active trade or business of the insurer, subdivision (b) shall be deemed to apply to that transfer.

(4) For purposes of this subdivision, ''appreciated property'' means property whose fair market value, as of the date of the transfer subject to this section, exceeds its adjusted basis as of that date.

(b) (1) Except as provided in subdivision (c), or as otherwise provided by regulations prescribed by the Franchise Tax Board, if property subject to paragraph (1) of subdivision (a) or to subdivision (g) is transferred to an insurer for use in the active conduct of a trade or business of the insurer, then any gain otherwise required to be recognized under that subdivision shall be deferred until the date that the property is no longer owned by an insurer in the taxpayer's commonly controlled group (or a member of the taxpayer's combined reporting group), or the property is no longer used in the active conduct of the insurer's trade or business (or the trade or business of another member in the taxpayer's

combined reporting group), or the holder of the property is no longer held by an insurer in the commonly controlled group of the transferor (or a member of the taxpayer's combined reporting group).

(2) Any of the events described in paragraph (1) shall be treated as a disposition of the property under this subdivision, irrespective of whether any other provision in this part or in the Internal Revenue Code would otherwise permit nonrecognition treatment of the transaction described in this subdivision.

(3) Notwithstanding paragraph (2) of this subdivision, an insurer that becomes a member of the taxpayer's commonly controlled group or a corporation that becomes a member of the taxpayer's combined reporting group, as a result of a transaction of which a transfer referred to in this subdivision is a part, shall be treated as a member of the taxpayer's commonly controlled group or a member of the taxpayer's combined reporting group at the time of the transfer for purposes of this subdivision.

(4) For purposes of this subdivision, stock of an insurance subsidiary constitutes property used in the active trade or business of the insurer.

(5) If the deferred gain required to be taken into account under this subdivision is business income (as defined by subdivision (a) of Section 25120), the gain shall be apportioned using the apportionment percentage for the taxable year that the gain is required to be taken into account under this subdivision. Except as provided in regulations under Section 25137, for purposes of the sales factor for that taxable year, the transaction giving rise to that gain shall be treated as a sale occurring in the taxable year the gain is taken into account. The amount of any gain required to be recognized under this subdivision upon any disposition described in this subdivision shall not exceed the lesser of the deferred gain or the gain realized in the transaction in which gain is required to be recognized under this subdivision.

(6) For purposes of computing the amount of gain required to be recognized under this subdivision, appropriate adjustments may be made, pursuant to regulations issued by the Franchise Tax Board, to the basis of stock to reflect the disallowance of any expenses under paragraph (2) of subdivision (b) of Section 24425.

(c) The Franchise Tax Board may prescribe regulations providing for an annual reporting requirement in the form of a statement or other form, to be attached to the transferor taxpayer's return, regarding the current ownership of any property for which any gains were previously deferred pursuant to subdivision (b). If the transferor taxpayer fails to provide any information required by the Franchise Tax Board pursuant to the preceding sentence, the Franchise Tax Board may, in lieu of the year described by subdivision (b), require that the transferor taxpayer take those gains into account in the first taxable year in which the current

ownership of the property is not reported. The preceding sentence shall not apply so long as the property is still owned by the transferee and the failure to provide the information was due to reasonable cause and not willful neglect. Notwithstanding any other provision of law, if a taxpayer fails to satisfy the reporting requirements of this subdivision, then a notice of proposed deficiency assessment resulting from adjustments attributable to gains previously deferred pursuant to subdivision (b) with respect to which the reporting requirements were not satisfied may be mailed to the taxpayer within four years from the date on which the reporting requirements are satisfied by the taxpayer.

(d) Subdivision (b) shall not apply to any property described by Section 367(a)(3)(B) of the Internal Revenue Code.

(e) Except as provided by regulations prescribed by the Franchise Tax Board, a transfer by a taxpayer of an interest in a partnership to an insurer in a transaction described in subdivision (a) shall be treated as a transfer to that insurer of the taxpayer's pro rata share of the assets of the partnership.

(f) For purposes of this section, any distribution described by Section 355 of the Internal Revenue Code (or so much of Section 356 of the Internal Revenue Code as it relates to Section 355 of the Internal Revenue Code) shall be treated as an exchange under this section, whether or not the distribution is an exchange. This subdivision shall not apply to any distribution in which either of the following applies:

(1) The distributing corporation is an insurer.

(2) The distributee is a person other than an insurer.

(g) For purposes of this part, any transfer of property to an insurer as a contribution to capital of that insurer by one or more persons who, immediately after the transfer, own (within the meaning of Section 318 of the Internal Revenue Code) stock possessing at least 80 percent of the total combined voting power of all classes of stock of that insurer that are entitled to vote shall be treated as an exchange of that property for stock of the insurer equal in value to the fair market value of the property transferred.

(h) (1) In the case of any distribution described in Section 355 of the Internal Revenue Code (or so much of Section 356 of the Internal Revenue Code as it relates to Section 355 of the Internal Revenue Code) by a taxpayer to an insurer, to the extent provided in regulations prescribed by the Franchise Tax Board, gain shall be recognized under principles similar to the principles of this section.

(2) In the case of any liquidation to which Section 332 of the Internal Revenue Code applies, except as provided in regulations prescribed by the Franchise Tax Board, both of the following shall apply:

(A) Sections 337(a) and 337(b)(1) of the Internal Revenue Code shall not apply, where the 80 percent distributee is an insurer.

(B) Where the distributor is an insurer, the distributee shall treat the distribution as a distribution from the insurer's earnings and profits, to the extent thereof.

(3) For purposes of the preceding paragraph, the deemed distribution from earnings and profits shall be treated as a dividend eligible for a deduction, to the extent otherwise provided in Section 24410, as if actually distributed as a dividend.

(i) For purposes of this section, the following definitions shall apply:

(1) An insurer is any insurer within the meaning of Section 28 of Article XIII of the California Constitution, whether or not the insurer is engaged in business in California.

(2) The phrase ''commonly controlled group'' shall have the same meaning as that phrase has under Section 25105.

(3) The phrase ''combined reporting group'' means those corporations whose income is required to be included in the same combined report pursuant to Section 25101 or 25110.

(j) The Franchise Tax Board may prescribe any regulations that may be appropriate to carry out the purpose of this section, which purpose is to prevent the removal of gain inherent in property at the time of a transfer from taxation under this part. Those regulations may provide for appropriate adjustments to the amount of deferred income described in subdivision (b) to avoid the double inclusion of income for situations, including but not limited to, the property transferred to an insurer member of the commonly controlled group is later acquired by a noninsurer member of the taxpayer's combined reporting group.

(k) Upon an adequate showing by a taxpayer that a transaction referred to in subdivision (a) or (h) would not violate the purposes of this section to prevent the removal of gain inherent in property at the time of a transfer from taxation under this part, the Franchise Tax Board may grant relief from the application of this section. In an appeal filed with the State Board of Equalization, or an action filed under Section 19382 or 19385, the State Board of Equalization or the court, as the case may be, shall have jurisdiction to grant that relief only upon a specific finding that the transfer did not remove gain inherent in property at the time of transfer from taxation under this part.

(*l*) This section applies to transactions entered into on or after June 23, 2004, or transactions entered into after June 23, 2004, pursuant to a binding written contract in existence on June 23, 2004. For purposes of this subdivision, transactions entered into on or after June 23, 2004, that were given final approval by a regulatory insurance commissioner before June 23, 2004, shall be considered a transaction entered into before June 23, 2004, pursuant to a binding written contract in existence on June 23, 2004.

SEC. 5. Section 24900 is added to the Revenue and Taxation Code, to read:

24900. (a) The Franchise Tax Board may include in the gross income of the taxpayer (or a member of the taxpayer's combined reporting group) in that taxable year the taxpayer's pro rata share (or the pro rata share of a member of the taxpayer's combined reporting group) of any of those insurers' current earnings and profits in that taxable year, but not to exceed an amount equal to the specific insurer's net income attributable to investment income for that year minus that insurer's net written premiums received in that same taxable year, if all of the following apply:

(1) For any taxable year an insurer is a member of a taxpayer's commonly controlled group.

(2) The ratio of the five-year average net written premiums to the five-year average total income of all insurers in the commonly controlled group is equal to or less than 0.10 (or, for taxable years beginning on or after January 1, 2008, 0.15).

(3) The accumulation of earnings and profits of the insurers in the commonly controlled group had a substantial purpose of avoidance of taxes on, according to, or measured by income, of this state or any other state.

The amount so included shall be treated as a dividend received from an insurance company during the taxable year, and to the extent applicable, Section 24410 shall apply to that amount.

(b) If the insurer members of the commonly controlled group constitute a predominantly captive insurance group (as defined in paragraph (6) of subdivision (e)), then the ratio described in subdivision (a) shall be 0.40.

(c) To the extent that amounts are included in the gross income of a taxpayer (or a member of the taxpayer's combined reporting group) pursuant to subdivision (a), those amounts shall not again be considered as investment income in the application of the ratio described in paragraph (2) of subdivision (a).

(d) The amounts included in gross income under subdivision (a) shall not again be included in gross income when subsequent distributions are made to the taxpayer (or a member of the taxpayer's combined reporting group), or another taxpayer that acquires an interest in the stock of the taxpayer (or a member of the taxpayer's combined reporting group with respect to which subdivision (a) was applied), or any successor or assign of the respective taxpayers (or a member of the taxpayer's combined reporting group) described in this subdivision. For purposes of applying this subdivision, distributions from an insurer shall be considered first made from amounts included under subdivision (a).

(e) For purposes of this section, the following definitions shall apply:

(1) Except as otherwise provided, the phrases ''net written premiums,'' ''five-year average net written premiums'' and the ''five-year average total income'' shall each have the same meaning, respectively, as applicable for purposes of subdivision (c) of Section 24410, whether or not a dividend is actually received from any insurer member of the taxpayer's commonly controlled group in that taxable year.

(2) ''Net income attributable to investment income'' means net income of the insurer multiplied by a ratio, the numerator of which is the insurer's gross investment income from interest, dividends (other than dividends from members of the taxpayer's commonly controlled group), rent, and realized gains or losses, and the denominator of which is the insurer's gross income (other than dividends from members of the taxpayer's commonly controlled group) from all sources. In the application of the preceding sentence, if an insurer is required to file a Statutory Annual Statement pursuant to the Annual Statement Instructions and Accounting Practices and Procedures Manual promulgated by the National Association of Insurance Commissioners, ''net income'' means net income required to be reported in the insurer's Statutory Annual Statement.

(3) An insurer is any insurer within the meaning of Section 28 of Article XIII of the California Constitution, whether or not the insurer is engaged in business in California.

(4) The phrase ''commonly controlled group'' shall have the same meaning as that phrase has under Section 25105.

(5) The phrase ''combined reporting group'' means those corporations whose income is required to be included in the same combined report pursuant to Section 25101 or 25110.

(6) A ''predominantly captive insurance group'' means the insurer members of a commonly controlled group where the insurers receive more than 50 percent of their net written premiums (without regard to the weighting factors in paragraph (1) of subdivision (e) of Section 24410) from members of the commonly controlled group or the ratios in clause (i) or clause (ii) of subparagraph (B) of paragraph (1) of subdivision (d) of Section 24410 is greater than 50 percent. The provisions of paragraph (4) of subdivision (d) of Section 24410 shall apply for purposes of this paragraph.

(7) (A) The taxpayer's ''pro rata share'' of the current earnings and profits of an insurer member of a commonly controlled group is the amount that would have been received as a dividend by the taxpayer (or a member of the taxpayer's combined reporting group) if both of the following apply:

(i) The insurer had directly distributed its current earnings and profits with respect to its stock held by the taxpayer (or member of the taxpayer's combined reporting group).

(ii) In the case of an insurer holding the stock of another insurer, all other insurer members of the taxpayer's commonly controlled group had distributed the same current earnings and profits with respect to their stock, in the same taxable year, until amounts were received as a dividend by the taxpayer (or a member of the taxpayer's combined reporting group) from an insurer member of the commonly controlled group.

(B) In the application of this section, amounts treated as a dividend received by a partnership shall be considered a dividend received by each partner that is a member of the commonly controlled group, either directly or through a series of tiered partnerships.

(f) The Franchise Tax Board may prescribe those regulations that are appropriate to describe conditions under which the accumulation of earnings and profits of those insurers described in paragraph (2) of subdivision (a) do not have the substantial purpose of avoidance of taxes on, according to, or measured by income, of this state or any other state.

(g) If this section or any portion of this section is held invalid, or the application of this section to any person or circumstance is held invalid, that invalidity shall not affect other provisions of the act adding this section, or the provisions of this section that are severable.

SEC. 6. (a) The Legislature finds and declares that the changes made by this act with respect to Section 24410 of the Revenue and Taxation Code serve a public purpose and are necessary to provide for the equitable tax treatment of insurance company dividends in light of the following circumstances:

(1) The California Court of Appeal in a final decision in the case of Ceridian Corp. v. Franchise Tax Board (2000) 85 Cal.App.4th 875 held that provisions of Section 24410 of the Revenue and Taxation Code that limited a deduction with respect to dividends received from subsidiaries engaged in the insurance business to corporations ''commercially domiciled'' in California, and to insurance company dividends paid from ''income from California sources,'' violated the commerce clause of the United States Constitution.

(2) In general, insurance companies are not subject to the Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code) and cannot be included in the combined report used to determine the California income of related corporations that are subject to the Corporation Tax Law. Consequently, dividends that are paid by insurance companies do not qualify for a deduction under Section 24402 of the Revenue and Taxation Code and are not eligible for

elimination from income as provided for in Section 25106 of the Revenue and Taxation Code.

(3) After the decision in Ceridian Corp. v. Franchise Tax Board, a number of corporations filed returns with the Franchise Tax Board in which they claimed deductions for all or part of the dividends that they received from insurance subsidiaries. It is the position of these corporations that the Ceridian Corp. v. Franchise Tax Board decision results in a 100 percent deduction for any dividend received from any insurance company. It is the position of the Legislative Counsel and the Franchise Tax Board that the Ceridian Corp. v. Franchise Tax Board decision makes Section 24410 of the Revenue and Taxation Code inoperable, and that no deduction is allowed for dividends received from an insurance company. If the corporations are not entitled to those deductions claimed with respect to those dividends, additional taxes and interest will be due.

(4) The Legislature finds and declares that the changes made by this act with respect to Section 24410 of the Revenue and Taxation Code serve a public purpose and are in furtherance of the public interest in avoiding the denial of a deduction with respect to a portion of the dividends paid by insurance companies. Denial of a deduction with respect to those dividends will have a detrimental effect upon the economy of California.

(5) The Legislature further finds and declares that the application of this act to taxable years ending on or after December 1, 1997, and beginning before January 1, 2004, serves a public purpose and is in furtherance of legislative intent underlying the enactment of Section 24410 of the Revenue and Taxation Code. The Legislature further finds and declares that the application of the changes made with respect to Section 24410 of the Revenue and Taxation Code made by this act promote a public purpose and sound tax policy by affording equitable tax relief to many taxpayers who relied upon the literal language of Section 24410 of the Revenue and Taxation Code in the expectation that they would be entitled to a deduction with respect to a portion of the dividends received from insurance companies.

(b) The Legislature further finds and declares all of the following:

(1) Section 24425 of the Revenue and Taxation Code denies a deduction with respect to any amount otherwise allowable as a deduction that is allocable to a class of income that is not included in the measure of tax. In general, the Franchise Tax Board maintains, and the State Board of Equalization has upheld, that Section 24425 of the Revenue and Taxation Code applies to limit expense deductions associated with insurance company dividends to the extent those dividends are deductible under Section 24410 of the Revenue and Taxation Code. Some taxpayers contend that Section 24425 of the Revenue and Taxation

Code does not apply to a deduction arising under Section 24410 of the Revenue and Taxation Code under any circumstance.

(2) The determination of the amount of an otherwise allowable deduction that is allocable to a class of income that is not included in the measure of tax can be a difficult and subjective judgment and often is not resolved without litigation.

(3) Paragraph (5) of subdivision (b) of Section 24410 of the Revenue and Taxation Code, that declares Section 24425 of the Revenue and Taxation Code inapplicable to the dividends received deduction for tax years ending on or after December 1, 1997, and commencing before January 1, 2004, represents an integral part of the legislative resolution of the uncertainty created by the Ceridian Corp. v. Franchise Tax Board decision, and is accordingly added by this act in furtherance of the same valid public purposes identified above.

(4) For tax years ending prior to December 1, 1997, however, the Ceridian Corp. v. Franchise Tax Board decision has required a full dividends received deduction under Section 24410 of the Revenue and Taxation Code for taxpayers procedurally entitled to assert a claim for refund thereto, and the Franchise Tax Board maintains that Section 24425 of the Revenue and Taxation Code applies to limit deductions allocable to these dividends. No inferences should arise from the provisions of subdivision (b) of Section 24410 of the Revenue and Taxation Code as added by this act with respect to the application of Section 24425 of the Revenue and Taxation Code to deductions allocable to the dividends deductible under Section 24410 of the Revenue and Taxation Code for tax years ending before December 1, 1997, or commencing on or after January 1, 2004.

(c) The Legislature further declares that the tax treatment of insurance company dividends under Section 24410 of the Revenue and Taxation Code, as amended by this act, is unrelated to and distinguishable from the tax treatment of general corporation dividends under Section 24402 of the Revenue and Taxation Code and from the application of Section 24425 of the Revenue and Taxation Code to deductions allocable to those dividends. The Legislature further finds and declares that no inference with respect to Section 24402 of the Revenue and Taxation Code or the application of Section 24425 of the Revenue and Taxation Code to deductions allocable to those dividends should be drawn from the changes made with respect to Section 24410 of the Revenue and Taxation Code by this act.

SEC. 7. (a) The Legislative Analyst, in consultation with the Department of Finance, the Department of Insurance, and the Franchise Tax Board, shall conduct a study of this act's impact on the income and franchise tax under Part 11 resulting from overcapitalization of insurance companies and the fact that income from overcapitalization of

an insurance company is exempt from the tax imposed under the Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code) by virtue of subdivision (f) of Section 28 of Article XIII of the California Constitution. The Legislative Analyst's Office may consult with the insurance industry to obtain necessary information and data. The report shall be submitted to the Legislature no later than January 1, 2008, and shall include, but not be limited to, the impact of new Section 24900 of the Revenue and Taxation Code on taxpayers' ability to avoid state franchise or income tax through the ownership of an insurance company. The report shall address whether the ratio described in paragraph (2) of subdivision (a) of Section 24900 of the Revenue and Taxation Code should be decreased from 0.15 (as effective for years beginning on or after January 1, 2008) to 0.10 on the basis that the problems related to overcapitalization of insurance companies that were targeted by Section 24900 of the Revenue and Taxation Code have and will have been adequately curtailed by reducing the ratio specified in paragraph (2) of subdivision (a) of Section 24900 of the Revenue and Taxation Code to 0.10. The study shall also address the amount of gross premiums taxes paid by the insurance industry and compare the method of collection and amount of payment to the corporation income or franchise tax.

(b) Unless the report referred to in subdivision (a) demonstrates that the ratio referred to in paragraph (2) of subdivision (a) of Section 24900 of the Revenue and Taxation Code at the level of 0.10 is or was insufficient to curtail the excessive capitalization of insurance companies that was targeted by Section 24900 of the Revenue and Taxation Code, the Legislature would urge the enactment of legislation to reduce the ratio described in paragraph (2) of subdivision (a) of Section 24900 of the Revenue and Taxation Code from 0.15 to 0.10.

SEC. 8. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 869

An act to add and repeal Section 33334.30 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.30 is added to the Health and Safety Code, to read:

33334.30. (a) The Legislature finds and declares all of the following:

(1) The transfer of funds to a joint powers authority and the use of pooled funds within the housing market area of the County of San Mateo, within one-third of a mile of the Peninsula Corridor Joint Powers Authority right-of-way, on property provided by the San Mateo County Transit Authority for the purpose of providing affordable housing that is of benefit to the project area producing the tax increment.

(2) The cooperation of local agencies and the use of pooled funds will result in more resources than would otherwise be available for affordable housing.

(b) Notwithstanding any other provision of law, an agency of a community within San Mateo County that has a housing element certified by the Department of Housing and Community Development and has met 40 percent of its very low and low-income housing needs may create and participate in a joint powers authority for the purpose of pooling low- and moderate-income housing funds for affordable housing uses pursuant to this section. No participating agency may transfer in any fiscal year more than 25 percent of the tax increment that is deposited into the Low and Moderate Income Housing Fund to a joint powers authority for use by the joint powers authority pursuant to this section. The joint powers authority may determine the kinds of housing projects or activities to be assisted, consistent with this section. The joint powers authority may loan, grant, or advance transferred housing funds from participating agencies to a receiving entity for any eligible housing development within the territorial jurisdiction of a participating agency in San Mateo County on property provided by the San Mateo County Transit District, the San Mateo County Transportation Authority, or the Peninsula Corridor Joint Powers Authority and located within one-half of a mile of the San Mateo County Transit District, the San Mateo County Transportation Authority, or the Peninsula Corridor Joint Powers Authority right-of-way, subject to the requirements of this section. In addition, the agreement may authorize the joint powers authority to issue bonds and to use the pooled funds to leverage other funds to assist eligible developments, including loans from private institutions and assistance provided by other governmental agencies.

(c) Each of the following conditions shall be met and described in a mutually binding agreement between the joint powers authority and each participating agency:

(1) The community of each participating agency shall have adopted an up-to-date housing element pursuant to Article 10.6 (commencing with Section 65580) of Division 1 of Title 7 of the Government Code, that has been determined to be in substantial compliance with the law by the Department of Housing and Community Development.

(2) The community of each participating agency shall have met, in its current or previous housing element cycle, 40 percent or more of its share of the region's affordable housing needs, as defined in Section 65584 of the Government Code, in each of the very low and lower income categories of income groups defined in Section 50025.5.

(3) Each participating agency shall hold, at least 45 days prior to the transfer of funds to the joint powers authority, a public hearing, after providing notice pursuant to Section 6062 of the Government Code to solicit public comments on the draft agreement.

(4) No housing funds shall be transferred from a project area that has indebtedness to its Low and Moderate Income Housing Fund pursuant to Section 33334.6.

(5) No housing funds shall be transferred from an agency that has not met its need for replacement housing pursuant to Section 33413, unless the agency has encumbered and contractually committed sufficient funds to meet those requirements.

(6) Pooled funds shall be used within the territorial jurisdiction of a participating agency within the County of San Mateo, within one-half of a mile of the San Mateo County Transit District, the San Mateo County Transportation Authority, or the Peninsula Corridor Joint Powers Authority right-of-way on property provided by any of these entities.

(7) The agreement shall require compliance by the joint powers authority with the provisions of this section.

(8) The joint powers authority shall ensure that the funds it receives are used in accordance with this section.

(9) Funds transferred by an agency to a joint powers authority pursuant to this section shall be expended or encumbered by the joint powers authority for the purposes of this section within two years of the transfer. Transferred funds not so expended or encumbered by the joint powers authority within two years after the transfer shall be returned to the original agency and shall be deemed excess surplus funds as provided in, and subject to, the requirements of Sections 33334.10 and 33334.12. Excess surplus funds held by an agency may not be transferred to a joint powers authority.

(10) The joint powers authority shall prepare and submit an annual report to the department that documents the amount of housing funds received and expended or allocated for specific housing assistance activities consistent with Section 33080.4.

(d) Each of the following conditions shall be met and described in a mutually binding contract between the joint powers authority and a receiving entity:

(1) Pooled housing funds may only be used to pay for the direct costs of constructing, substantially rehabilitating, or preserving the affordability of housing units that are affordable to very low or low-income households. Units assisted with pooled funds shall remain available at affordable housing costs in accordance with subdivision (f) of Section 33334.3.

(2) Except as provided in this section, pooled housing funds may not be used in any way that is inconsistent with the requirements of Section 33334.3. Pooled housing funds may not be used to pay for planning and administrative costs, offsite improvements associated with a housing project, or fees or exactions levied solely for development projects constructed, substantially rehabilitated, or preserved with pooled funds. The receiving entity shall be subject to the same replacement requirements provided in Section 33413 and any relocation requirements applicable pursuant to Section 7260 of the Government Code.

(3) Pooled housing funds may not be used to construct a development in a census tract that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(4) The Department of Housing and Community Development has evaluated each proposed use of pooled funds to construct, substantially rehabilitate, or preserve the affordability of housing and determined that the proposed use is in compliance with this section. In considering whether a proposed use of funds will exacerbate racial or economic segregation, the department shall consider all of the following:

(A) The record of participating jurisdictions in meeting their share of the regional need for very low and low-income households allocated to the jurisdiction pursuant to Section 65584 of the Government Code.

(B) The distance of the proposed housing from a redevelopment area from which pooled funds originated.

(C) The income and ethnicity of the residents of the census tract from which the pooled funds originated and in which the housing will be located.

(D) The housing need and availability of sufficient sites for housing within jurisdictions from which pooled funds originated.

(e) As used in this section, the following terms shall apply:

(1) ''Housing funds'' mean funds in or from the low- and moderate-income housing fund established by an agency pursuant to Section 33334.3.

(2) ''Joint powers authority'' means a joint powers authority created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of

Title 1 of the Government Code for the purposes of receiving and using housing funds pursuant to this section.

(3) ''Receiving entity'' means any person, partnership, joint venture, corporation, governmental body, or other organization receiving housing funds from a joint powers authority for the purpose of providing housing pursuant to this section.

(f) On or after January 1, 2009, no participating agency shall create a new joint powers authority or transfer funds to an existing joint powers authority pursuant to this section, unless a later enacted statute, which is enacted before January 1, 2009, deletes or extends that date.

(g) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2010, deletes or extends that date.

CHAPTER 870

An act to amend Section 12715 of, and to add Section 12715.5 to, the Government Code, relating to gaming.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12715 of the Government Code is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each

county's Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) Except as provided in Section 12715.5, the Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each individual tribal casino account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian

Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local government jurisdiction to an individual tribal land upon which a tribal casino is located shall be used by each county's Indian Gaming Local Community Benefit Committee to determine relative priority for grants, using the following criteria:

(A) Whether the local government jurisdiction borders the tribal lands on all sides.

(B) Whether the local government jurisdiction partially borders tribal lands.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any

particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and of these multiyear grants shall be accounted for in the grant process for each year.

(1) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(2) Grants shall be subject to the sponsorship of the tribe that operates the particular Indian gaming facility and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(f) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g).

(g) The following uses shall be the priorities for the receipt of grant money from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) All grants from Individual Tribal Casino Accounts shall be made only upon the affirmative sponsorship of the tribe paying into the Indian Gaming Special Distribution Fund from whose individual tribal casino account the grant moneys are available for distribution. Tribal sponsorship shall confirm that the grant application has a reasonable relationship to a casino impact and satisfies at least one of the priorities

listed in subdivision (g). A grant may not be made for any purpose that would support or fund, directly or indirectly, any effort related to opposition or challenge to Indian gaming in the state, and, to the extent any awarded grant is utilized for any prohibited purpose by any local government, upon notice given to the county by any tribe from whose Individual Tribal Casino Account the awarded grant went toward that prohibited use, the grant shall terminate immediately and any moneys not yet used shall again be made available for qualified nexus grants.

(i) A local government jurisdiction that is a recipient of a grant from an Individual County Tribal Casino Account or a County Tribal Casino Account shall provide notice to the public, either through a slogan, signage, or other mechanism, which states that the local government project has received funding from the Indian Gaming Special Distribution Fund and which further identifies the particular Individual Tribal Casino Account from which the grant derives.

(j) (1) Each county's Indian Gaming Local Benefit Committee shall submit to the Controller a list of approved projects for funding from Individual Tribal Casino Accounts. Upon receipt of this list, the Controller shall release the funds directly to the local government entities for which a grant has been approved by the committee.

(2) Funds not allocated from an individual tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund.

SEC. 2. Section 12715.5 is added to the Government Code, to read:

12715.5. In San Diego County, the Indian Gaming Local Community Benefit Committee shall be comprised of seven representatives, consisting of the following:

(a) Two representatives from the county, selected by the county board of supervisors.

(b) One elected representative from the city located within four miles of a tribal casino in the county, selected by the county board of supervisors.

(c) Three representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county.

(d) The sheriff of San Diego County.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because the method of composing the Indian Gaming Local Community Benefit Committee provided in Section 12715 of the Government Code does not appropriately apportion representation in San Diego County where only one city meets the requirements of the section and the three

tribes in the county that are paying into the Special Distribution Fund would not be adequately represented.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

The people of the State of California do enact as follows:

(1) Address the continuing concerns regarding the fragmentation of supplementary funding sources and the need for flexibility in order to respond to the special needs of all pupils.

(2) Refocus attention on the effect that the expenditure of categorical program funds has on pupil learning rather than on state spending and compliance with operational rules for categorical programs.

(3) Improve school performance by doing the following:

(A) Provide schools increased flexibility in the use of available funds in exchange for accountability.

(B) Ensure that funds intended for services to disadvantaged pupils and schools are expended for their stated purpose.

(C) Ensure that local governing boards develop and adopt the highest possible standards for pupils. The standards shall be as rigorous as current state standards and any that may be adopted pursuant to subsequent legislation.

(b) It is the intent of the Legislature to accomplish the goals set forth in subdivision (a) by establishing block grants to be composed of funding for certain current categorical education programs.

(e) Each school district or charter school shall seek the active involvement of parents and classroom teachers in the development and implementation of supplemental instructional programs provided pursuant to this section.

(f) It is the intent of the Legislature that pupils who are at risk of failing to meet state adopted standards, or who are at risk of retention, be identified as early in the school year, and as early in their school careers as possible and be provided the opportunity for supplemental instruction sufficient to assist them in attaining expected levels of academic achievement.

(g) (1) A school district or charter school that offers instruction pursuant to this section shall be entitled to receive reimbursement in an amount up to 5 percent of the district's or charter school's total enrollment in grades 2 to 6, inclusive, for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239.

(i) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 37253 of the Education Code is amended to read:

37253. (a) The governing board of any school district and a charter school may offer supplemental instructional programs in mathematics,

science, or other core academic areas designated by the Superintendent of Public Instruction.

(b) The Superintendent of Public Instruction shall adopt rules and regulations necessary to implement this section, including, but not limited to, the designation of academic areas other than mathematics and science as core academic areas.

(c) The maximum entitlement of a school district or charter school for reimbursement for pupil hours of attendance in supplemental instructional programs offered pursuant to this section shall be an amount equal to 5 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to subdivision (c) of Section 42239.

(d) To the extent appropriated funding allows, a school district or charter school may enroll more than 5 percent of its pupils, or may enroll pupils for more than 120 hours per year, in supplemental instructional programs offered pursuant to this section, if the total state apportionment to the district or charter school for these programs does not exceed an amount computed equal to 10 percent of the total enrollment of the school district or charter school for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year, as determined pursuant to subdivision (c) of Section 42239.

(g) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Chapter 3.2 (commencing with Section 41500) is added to Part 24 of the Education Code, to read:

CHAPTER 3.2. CATEGORICAL EDUCATION BLOCK GRANT FUNDING

Article 1. General Provisions

41500. (a) Notwithstanding any other provision of law, a school district and county office of education may expend in a fiscal year up to 15 percent of the amount apportioned for the block grants set forth in Article 3 (commencing with Section 41510), Article 5 (commencing with Section 41530), Article 6 (commencing with Section 41540), or Article 7 (commencing with Section 41570) for any other programs for which the school district or county office is eligible for funding, including programs whose funding is not included in any of the block grants established pursuant to this chapter. The total amount of funding a school district or county office of education may expend for a program to which funds are transferred pursuant to this section may not exceed 120 percent of the amount of state funding allocated to the school district or county office for purposes of that program in a fiscal year. For purposes of this subdivision, ''total amount'' means the amount of state funding allocated to a school district or county office for purposes of a particular program in a fiscal year plus the amount transferred in that fiscal year to that program pursuant to this section.

(b) A school district and county office of education shall not, pursuant to this section, transfer funds from Article 2 (commencing with Section 41505) and Article 4 (commending with Section 41520).

(c) Before a school district or county office of education may expend funds pursuant to this section, the governing board of the school district or the county board of education, as applicable, shall discuss the matter at a noticed public meeting.

(d) A school district shall continue to track transfers made pursuant to this section by using object code 8998 of the Standardized Account Code Structure.

41501. (a) The reduction made to categorical education program funding received by a basic aid school district pursuant to Section 38 of Chapter 227 of the Statutes of 2003 shall be deemed not to have occurred for purposes of calculating the amount of block grants a basic aid school district shall receive pursuant to this chapter.

(b) For purposes of this section, ''basic aid school district'' means a school district that does not receive from the state, for any fiscal year in which the section is applied, an apportionment of state funds pursuant to subdivision (h) of Section 42238.

41502. By January 1, 2007, and subject to an appropriation in the annual Budget Act for this purpose, the Legislative Analyst's Office shall report and make recommendations on the effectiveness and distribution effects of this chapter on pupil achievement and

recommendations on the continuation or elimination of categorical education programs whose funding is not part of the block grants established pursuant to this chapter.

41503. The department shall annually compile and update information for each state and federal categorical education program, including the distribution of funds from each program to each school district and county office of education, in a form similar to the November 2003 audit of the department performed by the Bureau of State Audits.

Article 2. Pupil Retention Block Grant

41505. (a) There is hereby established the pupil retention block grant. Commencing with the 2005–06 fiscal year, the Superintendent of Public Instruction shall apportion block grant funds to a school district in the same relative statewide proportion that the school district received in the 2003–04 fiscal year for the programs listed in Section 41506.

(b) A school district may expend funds received pursuant to this article for any purpose authorized by the programs listed in Section 41506 as the statutes governing those programs read on January 1, 2004.

(c) For purposes of this article, ''school district'' includes a county office of education if county offices of education are eligible to receive funds for the programs that are listed in Section 41506. The block grant of a county office of education shall be based only on those programs for which it was eligible to receive funds in the 2003–04 fiscal year.

41505.5. The department shall make an initial allocation of funds to each local educational agency eligible for funding pursuant to this article. This initial allocation shall be 75 percent of the allocation for each local educational agency that is determined pursuant to Section 41505. The remaining portion of each district's allocation shall be made only after supplemental instruction provided under Sections 37252 and 37252.2 is fully funded as required pursuant to Section 42239. If the Superintendent of Public Instruction notifies the Director of Finance pursuant to paragraph (4) subdivision (c) of Section 42239 that there is a deficiency of funding for purposes of Sections 37252 and 37252.2, the Controller shall transfer from funding provided for purposes of this article any amounts needed to fully fund supplemental instruction provided under Sections 37252 and 37252.2. The transfer of funds pursuant to this section shall be to the item or items in the annual Budget Act that appropriate funds for supplemental instruction provided under Sections 37252 and 37252.2. If the amount of funds remaining after the initial 75 percent allocation is insufficient in any year to fully fund supplemental instruction provided pursuant to Sections 37252 and 37252.2, the amount of the remaining insufficiency shall be deducted

from funds appropriated for purposes of this article for the subsequent fiscal year.

41506. The pupil retention block grant shall include funding previously apportioned to school districts for purposes of the following programs:

(a) Supplemental instruction as set forth in Sections 37252.8 and 37253, Article 1 (commencing with Section 53025) of Chapter 16 and Chapter 18 (commencing with Section 53091) of Part 28. Notwithstanding any other provision of law, funding attributable to the programs identified in this subdivision shall be adjusted annually at both the statewide and local educational agency levels to reflect actual participation, and local educational agency funding eligibility shall not exceed the statutory limitations for these programs, as the statutes governing these programs read on January 1, 2004.

(b) Continuation high schools as set forth in Section 42243.7.

(c) High-Risk Youth Education and Public Safety as set forth in Part 26.95 (commencing with Section 47750).

(d) Tenth grade counseling as set forth in Sections 48431.6 and 48431.7.

(e) Opportunity programs as set forth in Article 1 (commencing with Section 48630) and Article 2.3 (commencing with Section 48643) of Chapter 4 of Part 27. The pupil retention block grant shall not include funding apportioned to county offices of education for opportunity schools and programs administered under Sections 48640 and 48641.

(f) Dropout prevention and recovery as set forth in Article 6 (commencing with Section 52890) and Article 7 (commencing with Section 52900) of Chapter 12 of Part 28, Article 3 (commencing with Section 54660) and Article 7 (commencing with Section 54720) of Chapter 9 of Part 29, and Chapter 3.5 (commencing with Section 58550) of Part 31. A school district that received funds pursuant to the programs listed in this subdivision in the 2003–04 fiscal year shall utilize funds received pursuant to this article to maintain at least the same number of outreach consultants as described in Section 52890 that were utilized by the school district in the 2004–05 fiscal year. A school district shall place consultants first in the school that has the highest percentage of pupils eligible for the federal free and reduced price lunch program. The school district shall then place consultants in the school with the next highest percentage of those pupils and continue in this manner until the school district places in its schools all the outreach consultants required to be placed pursuant to this section.

(g) Early intervention for school success as set forth in Article 4.5 (commencing with Section 54685) of Chapter 9 of Part 29.

(h) An at-risk youth program operated by the Los Angeles Unified School District that is funded pursuant to Item 6110-280-0001 of Section 2.0 of the annual Budget Act.

41507. A school district that receives funds pursuant to this article shall have a school level advisory committee as required pursuant to Chapter 6 (commencing with Section 52000) of Part 28, as that chapter read on January 1, 2004, and shall have a single school plan that incorporates the requirements of Sections 52014 and 52015, as those sections read on January 1, 2004.

41508. Commencing with the 2006–07 fiscal year, the amount of funding a school district receives pursuant to this article shall be adjusted for inflation by the amount calculated pursuant to Section 42238.1 and for growth as measured by the regular average daily attendance used to calculate the second principal apportionment for kindergarten and grades 1 to 12, inclusive.

Article 3. School Safety Consolidated Competitive Grant

41510. (a) There is hereby established the school safety consolidated competitive grant. Notwithstanding any other provision of law, commencing with the 2005–06 fiscal year, the Superintendent of Public Instruction, in partnership with the Attorney General's Office, shall distribute grant funds through a competitive process to school districts in order to carry out one or more of the purposes for which the programs listed in Section 41511 and Article 10.4 (commencing with Section 35294.10) of Chapter 2 of Part 21 were established, as the statutes governing those programs read on January 1, 2004. A grant may be made for up to a five-year period.

(b) If a school district has a school safety plan for each of the schools under its jurisdiction, a school district may expend funds received pursuant to this article subject to the parameters, conditions, or guidelines established by the Superintendent of Public Instruction and the Attorney General's office for this purpose. For purposes of this article, a school safety plan may be integrated into any single plan developed by a school.

(c) For purposes of this article, ''school district'' includes a county office of education if county offices of education are eligible to receive funds for the programs that are listed in Section 41511. The block grant of a county office of education shall be based only on those programs for which it was eligible to receive funds in the 2003–04 fiscal year.

41511. Funding for the school safety consolidated competitive grant shall include the funding previously apportioned to school districts for carrying out the purposes of the following programs:

(a) Safe school planning and partnership minigrants, as funded pursuant to Item 6110-226-0001 of Section 2.0 of the annual Budget Act.

(b) School community policing as set forth in Article 6 (commencing with Section 32296) of Chapter 2.5 of Part 19.

(c) Gang-risk intervention as set forth in Chapter 5.5 (commencing with Section 58730) of Part 31.

(d) Safety plans for new schools, as funded pursuant to Item 6110-226-0001 of Section 2.00 of the annual Budget Act.

(e) School community violence prevention, as funded pursuant to Item 6110-226-0001 of Section 2.00 of the annual Budget Act.

(f) Conflict resolution, as funded pursuant to Item 6110-226-0001 of Section 2.00 of the annual Budget Act.

41512. The Superintendent of Public Instruction shall work in partnership with the Office of the Attorney General to ensure proper and efficient distribution of grant funds to school districts in order to carry out one or more of the purposes for which the programs listed in Section 41511 and Article 10.4 (commencing with Section 35294.10) of Chapter 2 of Part 21 were established, as the statutes governing those programs read on January 1, 2004.

41513. The Superintendent of Public Instruction and the Attorney General's office shall adopt emergency regulations to implement this article as soon as possible.

41514. Funds appropriated for purposes of this article are available for encumbrance for five years from the date of appropriation.

Article 4. Teacher Credentialing Block Grant

41520. (a) There is hereby established the teacher credentialing block grant. Commencing with the 2005–06 fiscal year, the Superintendent of Public Instruction shall apportion block grant funds to a school district offering approved programs pursuant to Section 41521 based on the number of eligible participants in each of those programs.

(b) (1) The Legislature finds that the Superintendent of Public Instruction and the Commission on Teacher Credentialing established requirements for reviewing and approving teacher induction programs. The Legislature further finds that 135 of 150 programs are jointly approved as of July 1, 2004. It is the intent of the Legislature that these requirements remain in effect until the superintendent and commission jointly agree to modify them. The Superintendent of Public Instruction and the Commission on Teacher Credentialing shall jointly review new programs developed pursuant to paragraph (1) of subdivision (a) based on established approval requirements.

(2) As provided for in Section 44259, the Commission on Teacher Credentialing retains authority to issue credentials to candidates who complete an induction program that meets the Standards of Program Quality and Effectiveness adopted by the commission. A previously approved program that is deemed as no longer meeting the Standards of Program Quality and Effectiveness shall be considered a new program for purposes of becoming an approved program pursuant to this article.

(3) A school district may expend funds received pursuant to this article for any purpose authorized by the programs listed in Section 41521, as the statutes governing those programs read on January 1, 2004, for the purpose of providing equivalent program services for beginning teachers. For the purpose of statewide program support and accountability, equivalent program services include regional support and technical assistance that existed under the Beginning Teacher Support and Assessment system on January 1, 2004.

(c) For purposes of this article, ''school district'' includes a consortia of school districts, a consortia of school districts and county offices of education, and a county office of education if county offices of education are eligible to receive funds for the programs that are listed in Section 41521.

41521. (a) The teacher credentialing block grant shall include funding previously apportioned to school districts for purposes of beginning teacher support and assessment as set forth in Article 4.5 (commencing with Section 44279.1) of Chapter 2 of Part 25.

(b) For purposes of issuing teaching credentials, certificates, or other authorizations, the Commission on Teacher Credentialing shall approve the programs in paragraphs (1) and (2) of subdivision (a). To ensure the Superintendent of Public Instruction has the requisite information to allocate funding based on the number of participating credential candidates pursuant to this article, the commission shall inform the Superintendent of Public Instruction on an ongoing basis of the approval status of these programs and numbers of participating candidates in each approved program.

41522. Commencing with the 2006–07 fiscal year, the amount of funding a school district receives pursuant to this article shall be adjusted for inflation by the amount calculated pursuant to Section 42238.1 and for growth as measured by the regular average daily attendance used for the second principal apportionment for kindergarten and grades 1 to 12, inclusive.

Article 5. Professional Development Block Grant

41530. (a) There is hereby established the professional development block grant. Commencing with the 2005–06 fiscal year,

the Superintendent of Public Instruction shall apportion block grant funds to a school district based on the number of certificated teachers employed by the school district in the immediately prior fiscal year.

(b) A school district may expend funds received pursuant to this article for any purpose authorized by the programs listed in Section 41531, as the statutes governing those programs read on January 1, 2004, if the school district provides each teacher of kindergarten or any of grades 1 to 6, inclusive, with opportunities to participate in professional development activities in reading language arts/English language development. In providing teachers of kindergarten and any of grades 1 to 6, inclusive, with opportunities to participate in professional development activities in reading language arts/English language development, a school district shall expend at least an amount that is equal to the proportion that funding calculated pursuant to Article 3 (commencing with Section 99230) of Chapter 5 of Part 65 bears to the statewide total amount of block grant funds appropriated for purposes of this article. For purposes of this article, professional development in reading language arts/English language development shall be equivalent in rigor to the professional development provided pursuant to Article 3 (commencing with Section 99230) of Chapter 5 of Part 65, as that article read on January 1, 2004.

(c) For purposes of this article, ''school district'' includes a county office of education if county offices of education are eligible to receive funds for the programs that are listed in Section 41531. The block grant of a county office of education shall be based only on those programs for which it was eligible to receive funds in the 2003–04 fiscal year.

41531. The professional development block grant shall include funding apportioned to school districts prior to January 1, 2005, for purposes of the following programs:

(a) Staff development as set forth in Article 7.5 (commencing with Section 44579) of Chapter 3 of Part 25.

(b) Teaching as a Priority Block Grant as set forth in Chapter 3.36 (commencing with Section 44735) of Part 25.

(c) Intersegmental programs funded pursuant to Item 6110-197-0001 of Section 2.00 of the annual Budget Act.

41532. (b) Commencing with the 2000–01 fiscal year, hours of supplemental instruction shall be reimbursed at a rate of three dollars and twenty-five cents ($3.25) per pupil hour, adjusted in future years as specified in this section, provided that a different reimbursement rate may be specified for each fiscal year in the annual Budget Act that appropriates funding for that fiscal year. (b) Determine the amount of foundation program that the district would have been entitled to pursuant to subdivision (a) of Section 41711, as that section read on July 1, 1977, if the district had operated during the 1977–78 fiscal year, utilizing the number of units of average daily attendance attending high school in the district in the fiscal year for which the revenue limit is being computed.

(c) Determine the amount of foundation program that the district would have been entitled to pursuant to paragraph (1) of subdivision (b) of Section 41711, as that section read on July 1, 1977, if the district had operated during the 1977–78 fiscal year, utilizing the same number of units of average daily attendance used in subdivision (b) of this section.

The number of units of average daily attendance to be used in computing the adjustment shall be the number of units of average daily attendance generated by the continuation education high school in the district for the first year that the district is fully operational in all grades.

(i) In the 1998–99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance resulting from the calculation set forth in this section pursuant to Section 41711, as that section read on July 1, 1977, shall be reduced by the statewide average percentage that absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996, were of total second principal apportionment regular average daily attendance for high schools in 1996–97, with the reduced ranges then rounded to the nearest integer.

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Exhaust fumes from diesel-fueled engines are known to cause cancer.

(b) A study conducted by the South Coast Air Quality Management District in 2000 entitled the ''Multiple Air Toxics Exposure Study II'' or ''MATES II'' determined that 70 percent of the cancer risk from air pollution in the South Coast Air Basin is attributable to diesel engine exhaust. The State Air Resources Board has made the same finding relative to the entire State of California.

(c) Diesel engines account for more than 70 percent of particulate matter (PM) pollution from all onroad sources in California.

(d) Diesel PM has been linked to asthma and other respiratory diseases, and premature death.

(e) Diesel exhaust is also a significant source of emissions of oxides of nitrogen (NO_x), which combine with sunlight to create ground level ozone, or smog.

(f) Exposure to smog has recently been connected with decreased lung function growth in California children.

(g) Many regions of California are not in attainment with federal ambient air quality standards for ozone and PM, including, but not limited to, those regions that include the South Coast Air Basin and San Joaquin Air Basins, which have the worst air quality in the nation. Further, many of these regions are in danger of failing to meet the federal ambient air quality standards by the dates required by the federal Clean Air Act. If these regions fail to reach attainment by the applicable deadlines, their residents will continue to be exposed to severe health risks, and the regions risk the loss of billions of dollars in federal transportation funds and other potential sanctions.

(h) Heavy-duty vehicles equipped with engines that emit greater levels of NO_x and PM than the federal emissions standards that were applicable at the time they were manufactured contribute to ozone and PM levels, and pose a threat to public health in California.

SEC. 2. Section 43701 of the Health and Safety Code is amended to read:

43701. (a) Not later than July 15, 1992, the state board, in consultation with the bureau and the review committee established pursuant to subdivision (a) of Section 44021, shall, after a public hearing, adopt regulations that require that owners or operators of heavy-duty diesel motor vehicles perform regular inspections of their vehicles for excessive emissions of smoke. The inspection procedure, the frequency of inspections, the emission standards for smoke, and the

actions the vehicle owner or operator is required to take to remedy excessive smoke emissions shall be specified by the state board. Those standards shall be developed in consultation with interested parties. The smoke standards adopted under this subdivision shall not be more stringent than those adopted under Chapter 5 (commencing with Section 44000).

(b) Not later than December 15, 1993, the state board shall, in consultation with the State Energy Resources Conservation and Development Commission, and after a public hearing, adopt regulations that require that heavy-duty diesel motor vehicles subject to subdivision (a) utilize emission control equipment and alternative fuels. The state board shall consider, but not be limited to, the use of cleaner burning diesel fuel, or other methods which will reduce gaseous and smoke emissions to the greatest extent feasible, taking into consideration the cost of compliance. The regulations shall provide that any significant modification of the engine necessary to meet these requirements shall be made during a regularly scheduled major maintenance or overhaul of the vehicle's engine. If the state board requires the use of alternative fuels, it shall do so only to the extent those fuels are available.

(c) The state board shall adopt emissions standards and procedures for the qualification of any equipment used to meet the requirements of subdivision (b), and only qualified equipment shall be used.

(d) To the extent permissible under federal law, commencing January 1, 2006, the owner or operator of any commercial motor truck, as defined in Section 410 of the Vehicle Code, with a gross vehicle weight rating (GVWR) greater than 10,000 pounds that enters the state for the purposes of operating in the state shall maintain, and provide upon demand to enforcement authorities, evidence demonstrating that its engine met the federal emission standards applicable to commercial heavy-duty engines for that engine's model-year at the time it was manufactured, pursuant to the protocol and regulations developed and implemented pursuant to subdivision (e).

(e) The state board, not later than January 1, 2006, in consultation with the California Highway Patrol, shall develop, adopt, and implement regulations establishing an inspection protocol for determining whether the engine of a truck subject to the requirements of subdivision (d) met the federal emission standard applicable to heavy-duty engines for that engine's model-year at the time it was manufactured.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the health and safety of the residents of California from the increased emissions from heavy-duty trucks domiciled in Mexico, it is necessary that this bill take effect immediately.

CHAPTER 874

An act to amend Sections 9880.1 and 9884.9 of the Business and Professions Code, relating to automotive repair.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 9880.1 of the Business and Professions Code is amended to read:

9880.1. The following definitions apply for the purposes of this chapter:

(a) ''Automotive repair dealer'' means a person who, for compensation, engages in the business of repairing or diagnosing malfunctions of motor vehicles.

(b) ''Chief'' means the Chief of the Bureau of Automotive Repair.

(c) ''Bureau'' means the Bureau of Automotive Repair.

(d) ''Motor vehicle'' means a passenger vehicle required to be registered with the Department of Motor Vehicles and all motorcycles whether or not required to be registered by the Department of Motor Vehicles.

(e) ''Repair of motor vehicles'' means all maintenance of and repairs to motor vehicles performed by an automotive repair dealer including automotive body repair work, but excluding those repairs made pursuant to a commercial business agreement and also excluding repairing tires, changing tires, lubricating vehicles, installing light bulbs, batteries, windshield wiper blades and other minor accessories, cleaning, adjusting, and replacing spark plugs, replacing fan belts, oil, and air filters, and other minor services, which the director, by regulation, determines are customarily performed by gasoline service stations.

No service shall be designated as minor, for purposes of this section, if the director finds that performance of the service requires mechanical expertise, has given rise to a high incidence of fraud or deceptive practices, or involves a part of the vehicle essential to its safe operation.

(f) ''Person'' includes firm, partnership, association, limited liability company, or corporation.

(g) An ''automotive technician'' is an employee of an automotive repair dealer or is that dealer, if the employer or dealer repairs motor vehicles and who for salary or wage performs maintenance, diagnostics, repair, removal, or installation of any integral component parts of an engine, driveline, chassis or body of any vehicle, but excluding repairing tires, changing tires, lubricating vehicles, installing light bulbs, batteries, windshield wiper blades, and other minor accessories; cleaning, replacing fan belts, oil and air filters; and other minor services which the director, by regulation, determines are customarily performed by a gasoline service station.

(h) ''Director'' means the Director of Consumer Affairs.

(i) ''Commercial business agreement'' means an agreement, whether in writing or oral, entered into between a business or commercial enterprise and an automobile repair dealer, prior to the repair which is requested being made, which agreement contemplates a continuing business arrangement under which the automobile repair dealer is to repair any vehicle covered by the agreement, but does not mean any warranty or extended service agreement normally given by an automobile repair facility to its customers.

(j) ''Customer'' means the person presenting a motor vehicle for repair and authorizing the repairs to that motor vehicle. ''Customer'' shall not mean the automotive repair dealer providing the repair services or an insurer involved in a claim that includes the motor vehicle being repaired or an employee or agent or a person acting on behalf of the dealer or insurer.

SEC. 2. Section 9884.9 of the Business and Professions Code is amended to read:

9884.9. (a) The automotive repair dealer shall give to the customer a written estimated price for labor and parts necessary for a specific job. No work shall be done and no charges shall accrue before authorization to proceed is obtained from the customer. No charge shall be made for work done or parts supplied in excess of the estimated price without the oral or written consent of the customer that shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied. Written consent or authorization for an increase in the original estimated price may be provided by electronic mail or facsimile transmission from the customer. The bureau may specify in regulation the procedures to be followed by an automotive repair dealer if an authorization or consent for an increase in the original estimated price is provided by electronic mail or facsimile transmission. If that consent is oral, the dealer shall make a notation on the work order of the date, time, name of person authorizing the additional repairs, and telephone number called, if any, together with a specification of the additional parts

and labor and the total additional cost, and shall do either of the following:

(1) Make a notation on the invoice of the same facts set forth in the notation on the work order.

(2) Upon completion of the repairs, obtain the customer's signature or initials to an acknowledgment of notice and consent, if there is an oral consent of the customer to additional repairs, in the following language:

"I acknowledge notice and oral approval of an increase in the original estimated price.

_____

(signature or initials)"

Nothing in this section shall be construed as requiring an automotive repair dealer to give a written estimated price if the dealer does not agree to perform the requested repair.

(b) The automotive repair dealer shall include with the written estimated price a statement of any automotive repair service that, if required to be done, will be done by someone other than the dealer or his or her employees. No service shall be done by other than the dealer or his or her employees without the consent of the customer, unless the customer cannot reasonably be notified. The dealer shall be responsible, in any case, for any service in the same manner as if the dealer or his or her employees had done the service.

(c) In addition to subdivisions (a) and (b), an automotive repair dealer, when doing auto body or collision repairs, shall provide an itemized written estimate for all parts and labor to the customer. The estimate shall describe labor and parts separately and shall identify each part, indicating whether the replacement part is new, used, rebuilt, or reconditioned. Each crash part shall be identified on the written estimate and the written estimate shall indicate whether the crash part is an original equipment manufacturer crash part or a nonoriginal equipment manufacturer aftermarket crash part.

(d) A customer may designate another person to authorize work or parts supplied in excess of the estimated price, if the designation is made in writing at the time that the initial authorization to proceed is signed by the customer. The bureau may specify in regulation the form and content of a designation and the procedures to be followed by the automotive repair dealer in recording the designation. For the purposes of this section, a designee shall not be the automotive repair dealer providing repair services or an insurer involved in a claim that includes the motor vehicle being repaired, or an employee or agent or a person acting on behalf of the dealer or insurer.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 875

An act to add Section 1418.81 to, and to add and repeal Article 7.6 (commencing with Section 1324.20) of Chapter 2 of Division 2 of, the Health and Safety Code, and to amend Section 14105.06 of, to add and repeal Section 14126.033 of, and to repeal and add Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to health and dependent care, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Article 7.6 (commencing with Section 1324.20) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 7.6. Skilled Nursing Facility Quality Assurance Fee

1324.20. For purposes of this article, the following definitions shall apply:

(a) ''Continuing care retirement community'' means a provider of a continuum of services, including independent living services, assisted living services as defined in paragraph (5) of subdivision (a) of Section 1771, and skilled nursing care, on a single campus, that is subject to Section 1791, or a provider of such a continuum of services on a single campus that has not received a Letter of Exemption pursuant to subdivision (b) of Section 1771.3.

(b) ''Exempt facility'' means a skilled nursing facility that is part of a continuing care retirement community, a skilled nursing facility operated by the state or another public entity, or a skilled nursing facility

that is a distinct part of a facility that is licensed as a general acute care hospital.

(c) (1) ''Net revenue'' means gross resident revenue for routine nursing services and ancillary services provided to all residents by a skilled nursing facility, less Medicare revenue for routine and ancillary services including Medicare revenue for services provided to residents covered under a Medicare managed care plan, less payer discounts and applicable contractual allowances as permitted under federal law and regulation.

(2) ''Net revenue'' does not mean charitable contributions and bad debt.

(d) ''Payer discounts and contractual allowances'' means the difference between the facility's resident charges for routine or ancillary services and the actual amount paid.

(e) ''Skilled nursing facility'' means a licensed facility as defined in subdivision (c) of Section 1250.

1324.21. (a) For facilities licensed under subdivision (c) of Section 1250, there shall be imposed each state fiscal year a uniform quality assurance fee per resident day. The uniform quality assurance fee shall be based upon the entire net revenue of all skilled nursing facilities subject to the fee, except an exempt facility, as defined in Section 1324.20, calculated in accordance with subdivision (b).

(b) The amount of the uniform quality assurance fee to be assessed per resident day shall be determined based on the aggregate net revenue of skilled nursing facilities subject to the fee, in accordance with the methodology outlined in the request for federal approval required by Section 1324.27 and in regulations, provider bulletins, or other similar instructions. The uniform quality assurance fee shall be calculated as follows:

(1) (A) For the rate year 2004–05, the net revenue shall be projected for all skilled nursing facilities subject to the fee. The projection of net revenue shall be based on prior rate year data. Once determined, the aggregate projected net revenue for all facilities shall be multiplied by 2.7 percent, as determined under the approved methodology, and then divided by the projected total resident days of all providers subject to the fee.

(B) Notwithstanding subparagraph (A), the Director of Health Services may increase the amount of the fee up to 3 percent of the aggregate projected net revenue if necessary for the implementation of Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code.

(2) For the rate year 2005–06 and subsequent rate years through and including the 2007–08 rate year, the net revenue shall be projected for all skilled nursing facilities subject to the uniform quality assurance fee.

The projection of net revenue shall be based on the prior rate year's data. Once determined, the aggregate projected net revenue for all facilities shall be multiplied by 6 percent, as determined under the approved methodology, and then divided by the projected total resident days of all providers subject to the fee.

(c) The director may assess and collect a nonuniform fee consistent with the methodology approved pursuant to Section 1324.27.

(d) In no case shall the aggregate fees collected annually pursuant to this article exceed 6 percent of the annual aggregate net revenue for licensed skilled nursing facilities subject to the fee.

(e) If there is a delay in the implementation of this article for any reason, including a delay in the approval of the quality assurance fee and methodology by the federal Centers for Medicare and Medicaid Services, in the 2004–05 rate year or in any other rate year, all of the following shall apply:

(1) Any facility subject to the fee may be assessed the amount the facility will be required to pay to the department, but shall not be required to pay the fee until the methodology is approved and Medi-Cal rates are increased in accordance with paragraph (2) of subdivision (a) of Section 1324.28 and the increased rates are paid to facilities.

(2) The department may retroactively increase and make payment of rates to facilities.

(3) Facilities that have been assessed a fee by the department shall pay the fee assessed within 60 days of the date rates are increased in accordance with paragraph (2) of subdivision (a) of Section 1324.28 and paid to facilities.

(4) The department shall accept a facility's payment notwithstanding that the payment is submitted in a subsequent fiscal year than the fiscal year in which the fee is assessed.

1324.22. (a) The quality assurance fee, as calculated pursuant to Section 1324.21, shall be paid by the provider to the department for deposit in the State Treasury on a monthly basis on or before the last day of the month following the month for which the fee is imposed, except as provided in subdivision (d) of Section 1324.21.

(b) On or before the last day of each calendar quarter, each skilled nursing facility shall file a report with the department, in a prescribed form, showing the facility's total resident days for the preceding quarter and payments made. If it is determined that a lesser amount was paid to the department, the facility shall pay the amount owed in the preceding quarter to the department with the report. Any amount determined to have been paid in excess to the department during the previous quarter shall be credited to the amount owed in the following quarter.

(c) On or before August 31 of each year, each skilled nursing facility subject to an assessment pursuant to Section 1324.21 shall report to the

department, in a prescribed form, the facility's total resident days and total payments made for the preceding state fiscal year. If it is determined that a lesser amount was paid to the department during the previous year, the facility shall pay the amount owed to the department with the report.

(d) A newly licensed skilled nursing facility, as defined by the department, shall complete all requirements of subdivision (a) for any portion of the year in which it commences operations and of subdivision (b) for any portion of the quarter in which it commences operations.

(e) When a skilled nursing facility fails to pay all or part of the quality assurance fee within 60 days of the date that payment is due, the department may deduct the unpaid assessment and interest owed from any Medi-Cal reimbursement payments to the facility until the full amount is recovered. Any deduction shall be made only after written notice to the facility and may be taken over a period of time taking into account the financial condition of the facility.

(f) Should all or any part of the quality assurance fee remain unpaid, the department may take either or both of the following actions:

(1) Assess a penalty equal to 50 percent of the unpaid fee amount.

(2) Delay license renewal.

(g) In accordance with the provisions of the Medicaid state plan, the payment of the quality assurance fee shall be considered as an allowable cost for Medi-Cal reimbursement purposes.

(h) The assessment process pursuant to this section shall become operative not later than 60 days from receipt of federal approval of the quality assurance fee, unless extended by the department. The department may assess fees and collect payment in accordance with subdivision (d) of Section 1324.21 in order to provide retroactive payments for any rate increase authorized under this article.

1324.23. (a) The Director of Health Services, or his or her designee, shall administer this article.

(b) The director may adopt regulations as are necessary to implement this article. These regulations may be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). For purposes of this article, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The regulations shall include, but need not be limited to, any regulations necessary for any of the following purposes:

(1) The administration of this article, including the proper imposition and collection of the quality assurance fee not to exceed amounts reasonably necessary for purposes of this article.

(2) The development of any forms necessary to obtain required information from facilities subject to the quality assurance fee.

(3) To provide details, definitions, formulas, and other requirements.

(c) As an alternative to subdivision (b), and notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this article, in whole or in part, by means of a provider bulletin, or other similar instructions, without taking regulatory action, provided that no such bulletin or other similar instructions shall remain in effect after July 31, 2007. It is the intent of the Legislature that the regulations adopted pursuant to subdivision (b) shall be adopted on or before July 31, 2007.

1324.24. The quality assurance fee assessed and collected pursuant to this article shall be deposited in the State Treasury.

1324.25. The funds assessed pursuant to this article shall be available to enhance federal financial participation in the Medi-Cal program or to provide additional reimbursement to, and to support facility quality improvement efforts in, licensed skilled nursing facilities.

1324.26. In implementing this article, the department may utilize the services of the Medi-Cal fiscal intermediary through a change order to the fiscal intermediary contract to administer this program, consistent with the requirements of Sections 14104.6, 14104.7, 14104.8, and 14104.9 of the Welfare and Institutions Code.

1324.27. (a) (1) The department shall request approval from the federal Centers for Medicare and Medicaid Services for the implementation of this article. In making this request, the department shall seek specific approval from the federal Centers for Medicare and Medicaid Services to exempt facilities identified in subdivision (b) of Section 1324.20, including the submission of a request for waiver of broad based requirement, waiver of uniform fee requirement, or both, pursuant to paragraphs (1) and (2) of subdivision (e) of Section 433.68 of Title 42 of the Code of Federal Regulations.

(2) The director may alter the methodology specified in this article, to the extent necessary to meet the requirements of federal law or regulations or to obtain federal approval. The Director of Health Services may also add new categories of exempt facilities, such as facilities designated as institutions for mental diseases or special treatment programs, or apply a nonuniform fee to the skilled nursing facilities subject to the fee in order to meet requirements of federal law or regulations. The Director of Health Services may apply a zero fee to one or more exempt categories of facilities, if necessary to obtain federal approval.

(3) If after seeking federal approval, federal approval is not obtained, this article shall not be implemented.

(b) The department shall make retrospective adjustments, as necessary, to the amounts calculated pursuant to Section 1324.21 in order to assure that the aggregate quality assurance fee for any particular state fiscal year does not exceed 6 percent of the aggregate annual net revenue of facilities subject to the fee.

1324.28. (a) This article shall be implemented as long as both of the following conditions are met:

(1) The state receives federal approval of the quality assurance fee from the federal Centers for Medicare and Medicaid Services.

(2) Legislation is enacted in the 2004 legislative session making an appropriation from the General Fund and from the Federal Trust Fund to fund a rate increase for skilled nursing facilities, as defined under subdivision (c) of Section 1250, for the 2004–05 rate year in an amount consistent with the Medi-Cal rates that specific facilities would have received under the rate methodology in effect as of July 31, 2004, plus the proportional costs as projected by Medi-Cal for new state or federal mandates.

(b) This article shall remain operative only as long as all of the following conditions are met:

(1) The federal Centers for Medicare and Medicaid Services continues to allow the use of the provider assessment provided in this article.

(2) The Medi-Cal Long Term Care Reimbursement Act, Article 3.8 (commencing with Section 14126) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, as added during the 2003–04 Regular Session by the act adding this section, is enacted and implemented on or before July 31, 2005, or as extended as provided in that article, and remains in effect thereafter.

(3) The state has continued its maintenance of effort for the level of state funding of nursing facility reimbursement for rate year 2005-06, and for every subsequent rate year continuing through the 2007–08 rate year, in an amount not less than the amount that specific facilities would have received under the rate methodology in effect on July 31, 2004, plus Medi-Cal's projected proportional costs for new state or federal mandates, not including the quality assurance fee.

(4) The full amount of the quality assurance fee assessed and collected pursuant to this article remains available for the purposes specified in Section 1324.25 and for related purposes.

(c) If all of the conditions in subdivision (a) are met, this article is implemented, and subsequently, any one of the conditions in subdivision (b) is not met, on and after the date that the department makes that determination, this article shall not be implemented, notwithstanding that the condition or conditions subsequently may be met.

(d) Notwithstanding subdivisions (a), (b), and (c), in the event of a final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this article because the methodology is invalid, unlawful, or contrary to any provision of federal law or regulations, or of state law, this section shall become inoperative.

1324.29. The quality assurance fee shall cease to be assessed and collected on or after July 31, 2008.

1324.30. This article shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 1418.81 is added to the Health and Safety Code, to read:

1418.81. (a) In order to assure the provision of quality patient care and as part of the planning for that quality patient care, commencing at the time of admission, a skilled nursing facility, as defined in subdivision (c) of Section 1250, shall include in a resident's care assessment the resident's projected length of stay and the resident's discharge potential. The assessment shall include whether the resident has expressed or indicated a preference to return to the community and whether the resident has social support, such as family, that may help to facilitate and sustain return to the community. The assessment shall be recorded with the relevant portions of the minimum data set, as described in Section 14110.15 of the Welfare and Institutions Code. The plan of care shall reflect, if applicable, the care ordered by the attending physician needed to assist the resident in achieving the resident's preference of return to the community.

(b) The skilled nursing facility shall evaluate the resident's discharge potential at least quarterly or upon a significant change in the resident's medical condition.

(c) The interdisciplinary team shall oversee the care of the resident utilizing a team approach to assessment and care planning and shall include the resident's attending physician, a registered professional nurse with responsibility for the resident, other appropriate staff in disciplines as determined by the resident's needs, and, where practicable, a resident's representative, in accordance with applicable federal and state requirements.

(d) If return to the community is part of the care plan, the facility shall provide to the resident or responsible party and document in the care plan

the information concerning services and resources in the community. That information may include information concerning:

(1) In-home supportive services provided by a public authority or other legally recognized entity, if any.

(2) Services provided by the Area Agency on Aging, if any.

(3) Resources available through an independent living center.

(4) Other resources or services in the community available to support return to the community.

(e) If the resident is otherwise eligible, a skilled nursing facility shall make, to the extent services are available in the community, a reasonable attempt to assist a resident who has a preference for return to the community and who has been determined to be able to do so by the attending physician, to obtain assistance within existing programs, including appropriate case management services, in order to facilitate return to the community. The targeted case management services provided by entities other than the skilled nursing facility shall be intended to facilitate and sustain return to the community.

(f) Costs to skilled nursing facilities to comply with this section shall be allowable for Medi-Cal reimbursement purposes pursuant to Section 1324.25, but shall not be considered a new state mandate under Section 14126.023 of the Welfare and Institutions Code.

SEC. 3. Section 14105.06 of the Welfare and Institutions Code is amended to read:

14105.06. (a) Notwithstanding Section 14105 and any other provision of law, the Medi-Cal reimbursement rates in effect on August 1, 2003, shall remain in effect through July 31, 2005, for the following providers:

(1) Freestanding nursing facilities licensed as either of the following:

(A) An intermediate care facility pursuant to subdivision (d) of Section 1250 of the Health and Safety Code.

(B) An intermediate care facility for the developmentally disabled pursuant to subdivision (e), (g), or (h) of Section 1250 of the Health and Safety Code.

(2) A skilled nursing facility that is a distinct part of a general acute care hospital. For purposes of this paragraph, ''distinct part'' shall have the same meaning as defined in Section 72041 of Title 22 of the California Code of Regulations.

(3) A subacute care program, as described in Section 14132.25 or subacute care unit, as described in Sections 51215.5 and 51215.8 of Title 22 of the California Code of Regulations.

(4) An adult day health care center.

(b) (1) The director may adopt regulations as are necessary to implement subdivision (a). These regulations shall be adopted as emergency regulations in accordance with the rulemaking provisions of

the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For purposes of this section, the adoption of regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare.

(2) As an alternative to paragraph (1), and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this article by means of a provider bulletin, or similar instructions, without taking regulatory action.

(c) The director shall implement subdivision (a) in a manner that is consistent with federal medicaid law and regulations. The director shall seek any necessary federal approvals for the implementation of this section. This section shall be implemented only to the extent that federal approval is obtained.

(d) The provisions of subdivision (a) shall apply to a skilled nursing facility, as defined in subdivision (c) of Section 1250 of the Health and Safety Code, only until the first day of the month following federal approval to implement both the skilled nursing quality assurance fee imposed by Article 7.6 (commencing with Section 1324.20) of Chapter 2 of Division 2 of the Health and Safety Code and the rate methodology developed pursuant to Article 3.8 (commencing with Section 14126) of Chapter 3 of Part 3 of Division 9.

SEC. 4. Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code is repealed.

SEC. 5. Article 3.8 (commencing with Section 14126) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.8. Medi-Cal Long-Term Care Reimbursement Act

14126. This article shall be known as the Medi-Cal Long-Term Care Reimbursement Act.

14126.02. (a) It is the intent of the Legislature to devise a Medi-Cal long-term care reimbursement methodology that more effectively ensures individual access to appropriate long-term care services, promotes quality resident care, advances decent wages and benefits for nursing home workers, supports provider compliance with all applicable state and federal requirements, and encourages administrative efficiency.

(b) The department shall implement a facility-specific ratesetting system, subject to federal approval and the availability of federal funds, that reflects the costs and staffing levels associated with quality of care for residents in nursing facilities, as defined in subdivision (c) of Section 1250 of the Health and Safety Code. The facility-specific ratesetting

system shall be effective commencing on August 1, 2005, and shall be implemented commencing on the first day of the month following federal approval. The department may retroactively increase and make payment of rates to facilities.

(c) In implementing this section, the department may contract as necessary, on a bid or nonbid basis, for professional consulting services from nationally recognized higher education and research institutions, or other qualified individuals and entities not associated with a skilled nursing facility, with demonstrated expertise in long-term care reimbursement systems. The ratesetting system specified in subdivision (b) shall be developed with all possible expedience. This subdivision establishes an accelerated process for issuing contracts pursuant to this section and contracts entered into pursuant to this subdivision shall be exempt from the requirements of Chapter 1 (commencing with Section 10100) and Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(d) The department shall implement a facility-specific ratesetting system by August 1, 2004, subject to federal approval and availability of federal or other funds, that reflects the costs and staffing levels associated with quality of care for residents in hospital-based nursing facilities.

14126.021. The department shall develop and implement a cost-based reimbursement rate methodology using the cost categories as described in Section 14126.023, for freestanding nursing facilities pursuant to this article, excluding nursing facilities that are a distinct part of a facility that is licensed as a general acute care hospital as identified pursuant to subdivision (d) of Section 14126.02. The cost-based reimbursement rate methodology shall be effective on August 1, 2005, and shall be implemented on the first day of the month following federal approval.

14126.023. (a) The methodology developed pursuant to this article shall be facility specific and reflect the sum of the projected cost of each cost category and passthrough costs, as follows:

(1) Labor costs limited as specified in subdivision (c).

(2) Indirect care nonlabor costs limited to the 75th percentile.

(3) Administrative costs limited to the 50th percentile.

(4) Capital costs based on a fair rental value system (FRVS) limited as specified in subdivision (d).

(5) Direct passthrough of proportional Medi-Cal costs for property taxes, facility license fees, new state and federal mandates, caregiver training costs, and liability insurance projected on the prior year's costs.

(b) The percentiles in paragraphs (1) through (3) of subdivision (a) shall be based on annualized costs divided by total resident days and

computed on a specific geographic peer group basis. Costs within a specific cost category shall not be shifted to any other cost category.

(c) The labor costs category shall be comprised of a direct resident care labor cost category, an indirect care labor cost category, and a labor-driven operating allocation cost category, as follows:

(1) Direct resident care labor cost category which shall include all labor costs related to routine nursing services including all nursing, social services, activities, and other direct care personnel. These costs shall be limited to the 90th percentile.

(2) Indirect care labor cost category which shall include all labor costs related to staff supporting the delivery of patient care including, but not limited to, housekeeping, laundry and linen, dietary, medical records, inservice education, and plant operations and maintenance. These costs shall be limited to the 90th percentile.

(3) Labor-driven operating allocation shall include an amount equal to 8 percent of labor costs, minus expenditures for temporary staffing, which may be used to cover allowable Medi-Cal expenditures. In no instance shall the operating allocation exceed 5 percent of the facility's total Medi-Cal reimbursement rate.

(d) The capital cost category shall be based on a FRVS that recognizes the value of the capital related assets necessary to care for Medi-Cal residents. The capital cost category includes mortgage principal and interest, leases, leasehold improvements, depreciation of real property, equipment, and other capital related expenses. The FRVS methodology shall be based on the formula developed by the department that assesses facility value based on age and condition and uses a recognized market interest factor. Capital investment and improvement expenditures included in the FRVS formula shall be documented in cost reports or supplemental reports required by the department. The capital costs based on FRVS shall be limited as follows:

(1) For the 2005–06 rate year, the capital cost category for all facilities in the aggregate shall not exceed the department's estimated value for this cost category for the 2004–05 rate year.

(2) For the 2006–07 rate year and subsequent rate years, the maximum annual increase for the capital cost category for all facilities in the aggregate shall not exceed 8 percent of the prior rate year's FRVS cost component.

(3) If the total capital costs for all facilities in the aggregate for the 2005–06 rate year exceeds the value of the capital costs for all facilities in the aggregate for the 2004–05 rate year, or if that capital cost category for all facilities in the aggregate for the 2006–07 rate year or any rate year thereafter exceeds 8 percent of the prior rate year's value, the department shall reduce the capital cost category for all facilities in equal proportion in order to comply with paragraphs (1) and (2).

(e) For the 2005–06 and 2006–07 rate years, the facility specific Medi-Cal reimbursement rate calculated under this article shall not be less than the Medi-Cal rate that the specific facility would have received under the rate methodology in effect as of July 31, 2005, plus Medi-Cal's projected proportional costs for new state or federal mandates for rate years 2005–06 and 2006–07, respectively.

(f) The department shall update each facility specific rate calculated under this methodology annually. The update process shall be prescribed in the Medicaid state plan, regulations, and the provider bulletins or similar instructions described in Section 14126.027, and shall be adjusted in accordance with the results of facility specific audit and review findings in accordance with subdivisions (h) and (i).

(g) The department shall establish rates pursuant to this article on the basis of facility cost data reported in the integrated long-term care disclosure and Medi-Cal cost report required by Section 128730 of the Health and Safety Code for the most recent reporting period available, and cost data reported in other facility financial disclosure reports or supplemental information required by the department in order to implement this article.

(h) The department shall conduct financial audits of facility and home office cost data as follows:

(1) The department shall audit facilities a minimum of once every three years to ensure accuracy of reported costs.

(2) It is the intent of the Legislature that the department develop and implement limited scope audits of key cost centers or categories to assure that the rate paid in the years between each full scope audit required in paragraph (1) accurately reflects actual costs.

(3) For purposes of updating facility specific rates, the department shall adjust or reclassify costs reported consistent with applicable requirements of the Medicaid state plan as required by Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations.

(4) Overpayments to any facility shall be recovered in a manner consistent with applicable recovery procedures and requirements of state and federal laws and regulations.

(i) (1) On an annual basis, the department shall use the results of audits performed pursuant to subdivision (h), the results of any federal audits, and facility cost reports, including supplemental reports of actual costs incurred in specific cost centers or categories as required by the department, to determine any difference between reported costs used to calculate a facility's rate and audited facility expenditures in the rate year.

(2) If the department determines that there is a difference between reported costs and audited facility expenditures pursuant to paragraph

(1), the department shall adjust a facility's reimbursement prospectively over the intervening years between audits by an amount that reflects the difference, consistent with the methodology specified in this article.

(j) For nursing facilities that obtain an audit appeal decision that results in revision of the facility's allowable costs, the facility shall be entitled to seek a retroactive adjustment in its facility specific reimbursement rate.

(k) Compliance by each facility with state laws and regulations regarding staffing levels shall be documented annually either through facility cost reports, including supplemental reports, or through the annual licensing inspection process specified in Section 1422 of the Health and Safety Code.

14126.025. (a) The department shall seek approval of an amendment to the Medicaid state plan specifically outlining the reimbursement methodology developed pursuant to this article not later than February 1, 2005.

(b) The amendment to the Medicaid state plan pursuant to subdivision (a), and any regulations, provider bulletins, or other similar instructions, shall be prepared in consultation with representatives of the long-term care industry, organized labor, seniors, and consumers.

14126.027. (a) (1) The Director of Health Services, or his or her designee, shall administer this article.

(2) The regulations and other similar instructions adopted pursuant to this article shall be developed in consultation with representatives of the long-term care industry, organized labor, seniors, and consumers.

(b) (1) The director may adopt regulations as are necessary to implement this article. The adoption, amendment, repeal, or readoption of a regulation authorized by this section is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.6 of the Government Code, and the department is hereby exempted from the requirement that it describe specific facts showing the need for immediate action.

(2) The regulations adopted pursuant to this section may include, but need not be limited to, any regulations necessary for any of the following purposes:

(A) The administration of this article, including the specific analytical process for the proper determination of long-term care rates.

(B) The development of any forms necessary to obtain required cost data and other information from facilities subject to the ratesetting methodology.

(C) To provide details, definitions, formulas, and other requirements.

(c) As an alternative to the adoption of regulations pursuant to subdivision (b), and notwithstanding Chapter 3.5 (commencing with

Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director may implement this article, in whole or in part, by means of a provider bulletin or other similar instructions, without taking regulatory action, provided that no such bulletin or other similar instructions shall remain in effect after July 31, 2007. It is the intent that regulations adopted pursuant to subdivision (b) shall be in place on or before July 31, 2007.

14126.031. (a) In implementing this article, the department may use the process outlined in subdivision (c) of Section 14126.02 to obtain professional consulting services for the purpose of finalizing design of the system, procurement of required technical hardware and software, establishing operational parameters, implementation, and transitional management pending assumption of operational management by state staff.

(b) The ratesetting system described in subdivision (b) of Section 14126.02 shall be developed expeditiously in order to meet the implementation date required under Section 14126.02.

(c) To ensure compliance with the timeframes set forth in this article, it is the intent of the Legislature that the department be authorized to hire up to three full-time equivalents to support implementation and continuous operation of the system.

14126.033. (a) This article, including Section 14126.031, shall be funded as follows:

(1) General Fund moneys appropriated for purposes of this article pursuant to Section 6 of the act adding this section shall be used for increasing rates, except as provided in Section 14126.031, for freestanding skilled nursing facilities, and shall be consistent with the approved methodology required to be submitted to the Centers for Medicare and Medicaid Services pursuant to Article 7.6 (commencing with Section 1324.20) of Chapter 2 of Division 2 of the Health and Safety Code.

(2) (A) Notwithstanding Section 14126.023, for the 2005–06 rate year, the maximum annual increase in the weighted average Medi-Cal rate required for purposes of this article shall not exceed 8 percent of the weighted average Medi-Cal reimbursement rate for the 2004–05 rate year as adjusted for the change in the cost to the facility to comply with the nursing facility quality assurance fee for the 2005–06 rate year, as required under subdivision (b) of Section 1324.21 of the Health and Safety Code, plus the total projected Medi-Cal cost to the facility of complying with new state or federal mandates.

(B) Beginning with the 2006–07 rate year, the maximum annual increase in the weighted average Medi-Cal reimbursement rate required for purposes of this article shall not exceed 5 percent of the weighted average Medi-Cal reimbursement rate for the prior fiscal year, as

adjusted for the projected cost of complying with new state or federal mandates.

(C) Beginning with the 2007–08 rate year, the maximum annual increase in the weighted average Medi-Cal reimbursement rate required for purposes of this article shall not exceed 5.5 percent of the weighted average Medi-Cal reimbursement rate for the prior fiscal year, as adjusted for the projected cost of complying with new state or federal mandates.

(D) To the extent that new rates are projected to exceed the adjusted limits calculated pursuant to subparagraph (A) or (B), the department shall adjust the increase to each skilled nursing facility's projected rate for the applicable rate year by an equal percentage.

(b) The rate methodology shall cease to be implemented on and after July 31, 2008.

(c) (1) It is the intent of the Legislature that the implementation of this article result in individual access to appropriate long-term care services, quality resident care, decent wages and benefits for nursing home workers, a stable workforce, provider compliance with all applicable state and federal requirements, and administrative efficiency.

(2) Not later than December 1, 2006, the Bureau of State Audits shall conduct an accountability evaluation of the department's progress toward implementing a facility-specific reimbursement system, including a review of data to ensure that the new system is appropriately reimbursing facilities within specified cost categories and a review of the fiscal impact of the new system on the General Fund.

(3) Not later than January 1, 2007, to the extent information is available for the three years immediately preceding the implementation of this article, the department shall provide baseline information in a report to the Legislature on all of the following:

(A) The number and percent of freestanding skilled nursing facilities that complied with minimum staffing requirements.

(B) The staffing levels prior to the implementation of this article.

(C) The staffing retention rates prior to the implementation of this article.

(B) Reports on the extent to which residents who had expressed a preference to return to the community, as provided in Section 1418.81, were able to return to the community.

(5) The department may contract for the reports required under this subdivision.

(d) This section shall become inoperative on July 31, 2008, and as of January 1, 2009, is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

14126.035. (a) This article shall remain operative only as long as Article 7.6 (commencing with Section 1324.20) of Chapter 2 of Division 2 of the Health and Safety Code, which imposes a skilled nursing facility quality assurance fee continues as approved by the federal Centers for Medicare and Medicaid Services pursuant to Section 1324.27 of the Health and Safety Code.

(b) In the event of a final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party or a final determination by the administrator of the Centers for Medicare and Medicaid Services, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this article because the methodology is invalid, unlawful, or is contrary to any provision of federal law or regulations, or of state law, this section shall become inoperative.

SECTION 1. Section 1798.81.5 is added to the Civil Code, to read:

1798.81.5. (a) It is the intent of the Legislature to ensure that personal information about California residents is protected. To that end, the purpose of this section is to encourage businesses that own or license personal information about Californians to provide reasonable security for that information. For the purpose of this section, the phrase ''owns or licenses'' is intended to include, but is not limited to, personal information that a business retains as part of the business' internal customer account or for the purpose of using that information in transactions with the person to whom the information relates.

CHAPTER 878

An act to add and repeal Part 10 (commencing with Section 12997) of Division 6 of the Water Code, relating to water.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The impacts of alluvial fan flooding can be reduced by a better understanding of the public safety risks in alluvial fan floodplains.

(b) Alluvial fans present unique challenges to floodplain management.

(c) Alluvial fan flooding is unpredictable, given its geologic and geomorphic nature.

(d) The principal hazards associated with alluvial fan flooding are the high velocity and uncertainty of the quantity of debris-laden flows and the uncertainty of the flow paths in alluvial fan floodplains.

(e) Many of the alluvial fan floodplains in southern California have experienced development and are projected for additional development.

(f) As a result of the extensive fires in southern California in October 2003, the risk of debris flows from alluvial fan flooding in burned hillsides has increased dramatically.

(g) Alluvial fan flooding contributed to mudflows that took the lives of 16 people on Christmas Day in 2003.

(h) In recognition of the risk to people and property posed by the Christmas Day mudflows and potential future mudflows, the federal disaster declaration for the southern California fires was amended to provide assistance to individuals, businesses, and public entities impacted by fire-related mudslides.

(i) Alluvial fan floodplains exist in the Counties of San Bernardino, Riverside, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Kern, Orange, Imperial, and San Diego.

(j) To prevent future loss of life and damage to property, it is important that alluvial fans throughout the state be accurately identified, and that landforms be evaluated to identify fan surfaces subject to flooding.

(k) The California Floodplain Management Task Force has recommended that the state establish an alluvial fan task force to review the state of knowledge regarding alluvial fan floodplains, determine future research needs, and, if appropriate, develop recommendations relating to alluvial fan floodplain management.

SEC. 2. Part 10 (commencing with Section 12997) is added to Division 6 of the Water Code, to read:

PART 10. ALLUVIAL FAN TASK FORCE

12997. (a) Not later than June 30, 2005, the director shall establish the Alluvial Fan Task Force with broad membership, to the maximum extent possible, from local, state, and federal government and other stakeholders to review the state of knowledge regarding alluvial fan floodplains, determine future research needs, and prepare recommendations relating to alluvial fan floodplain management, with an emphasis on alluvial fan floodplains that are being considered for development in accordance with local general plans. The director, in consultation with representatives of the Counties of San Bernardino, Riverside, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Kern, Orange, Imperial, and San Diego, may enter into an interagency agreement with the California State University, the University of California, or other appropriate agency to oversee the task force.

(b) The director shall determine the composition of the task force. The task force may include, but need not be limited to, representatives from all of the following entities or groups, subject to the consent of those entities or groups:

(1) City and county governments in the Counties of San Bernardino, Riverside, Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Kern, Orange, Imperial, and San Diego.

(2) The department.

(3) Other local, state, and federal government agencies and stakeholders that represent relevant environmental, agricultural, and construction interests.

(c) The Alluvial Fan Task Force shall develop a model ordinance on alluvial fan flooding to be made available to communities subject to alluvial fan flooding.

(d) The Alluvial Fan Task Force shall prepare and submit a report, with findings and recommendations, to the Legislature not later than June 30, 2006.

12997.5. This part shall be carried out only to the extent funding is made available from the federal government or private sources to carry out this part. No state funds may be expended to carry out this part.

12998. This part shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

CHAPTER 879

An act to amend Section 42911 of, and to add Chapter 12.7 (commencing with Section 42648) to Part 3 of Division 30 of, the Public Resources Code, relating to recycling.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Effective resource management techniques include preventing the creation of waste through conscientious purchasing of materials, buying recyclable, reusable, compostable, and recycled-content products, and reusing materials and goods, as well as resource recovery through recycling and composting.

(2) Experience in this state and others demonstrates that effective resource management conserves natural resources and reduces the need for additional landfill capacity.

(3) Experience also demonstrates that large venues and large events generate substantial quantities of solid waste, primarily corrugated cardboard, food waste, and compostables such as animal bedding; and reusable and recyclable materials such as beverage containers, paper, and glass.

(4) The community conservation corps has originated innovative recycling programs through partnerships formed with an assortment of schools, public agencies, and local organizations. These partnerships supplement existing services, further state and county waste studies, and assist in establishing conservation goals.

(b) Accordingly, it is the intent of the Legislature, in enacting this act, to do all of the following:

(1) Encourage increased opportunities for effective resource management for all consumers through implementation or reduction, reuse, and recycling plans for large venues and large events, including, but not limited to, large private, nonprofit, or publicly owned stadiums, sports arenas, theaters, halls, amusement parks, zoos, airports, fairgrounds, museums, and other large venue businesses.

(2) Make effective solid waste reduction, reuse, and recycling opportunities available and convenient to consumers, and urge cities and counties to adopt ordinances that facilitate solid waste reduction, reuse, and recycling opportunities at large venues and events, to enhance the overall success of solid waste reduction, reuse, and recycling in the state.

(3) Create a mechanism to aid cities and counties in complying with waste diversion requirements set forth in the California Integrated Waste Management Act of 1989 (Division 30 (commencing with Section 40000) of the Public Resources Code).

(4) Encourage operators of large venues and large events to meet with their local agency's recycling coordinator, or other official designated by a local agency, community conservation corps, recyclers, or the solid waste enterprise providing solid waste handling, whether by exclusive franchise with the local agency or by a permit, contract, or nonexclusive franchise, to do all of the following:

(A) Determine the solid waste reduction, reuse, and recycling programs that are appropriate for the large venue or large event.

(B) Develop solid waste reduction, reuse, and recycling rates, and a plan that would achieve those solid waste reduction, reuse, and recycling rates.

(C) Determine a timeline for implementation of the solid waste reduction, reuse, and recycling plan and solid waste reduction, reuse, and recycling rates.

(5) Encourage operators of large venues and large events to include solid waste reduction, reuse, and recycling elements in their design and operating plans, including, but not limited to, adequate space for waste reduction, reuse, and recycling activities, developing partnerships with community groups to encourage reuse of materials, when appropriate, and negotiating solid waste handling and recycling contracts that promote waste reduction, reuse, and recycling.

(6) Encourage operators of large venues and large events to purchase recyclable, reusable, compostable, and recycled-content products.

SEC. 2. Chapter 12.7 (commencing with Section 42648) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 12.7. LARGE VENUE RECYCLING

42648. For purposes of this chapter, the following definitions apply:

(a) ''Individual'' means a person who works at, or attends, a large venue or large event, or a customer who is seated or served at the large venue or large event.

(b) ''Large event'' means an event that charges an admission price, or is operated by a local agency, and serves an average of more than 2,000 individuals per day of operation of the event, including, but not limited to, a public, nonprofit, or privately owned park, parking lot, golf course, street system, or other open space when being used for an event, including, but not limited to, a sporting event or a flea market.

(c) ''Large venue'' means a permanent venue facility that annually seats or serves an average of more than 2,000 individuals within the grounds of the facility per day of operation of the venue facility. For purposes of this chapter, a venue facility includes, but is not limited to, a public, nonprofit, or privately owned or operated stadium, amphitheater, arena, hall, amusement park, conference or civic center, zoo, aquarium, airport, racetrack, horse track, performing arts center, fairground, museum, theater, or other public attraction facility. For purposes of this chapter, a site under common ownership or control that includes more than one large venue that is contiguous with other large venues in the site, is a single large venue.

(d) ''Local agency'' means a city or county.

42648.1. On or before April 1, 2005, the board shall take all of the following actions:

(a) Make available one or more model ordinances that are suitable for modification by a local agency and that may be adopted by a local agency to facilitate solid waste reduction, reuse, and recycling programs, at large venues and large events in accordance with the requirements of this chapter.

(b) While developing the model ordinance, consult with representatives of the League of California Cities, the California State Association of Counties, recyclers, private and public solid waste services and appropriate personnel involved with the operation and management of large venues and large events.

(c) Post information on the board's Internet Web site on the solid waste reduction, reuse, and recycling programs for implementation by operators of large venues and large events to decrease solid waste and increase diversion of recyclable materials.

(d) Post information on the board's Internet Web site for local agencies, with examples of solid waste reduction, reuse, and recycling programs, including, but not limited to, those operated by community conservation corps.

42648.2. (a) (1) On and after July 1, 2005, when issuing a permit to an operator of a large venue or large event, the local agency shall provide information to the operator on programs that can be

implemented to reduce, reuse, and recycle solid waste materials generated at the venue or event, and provide contact information about where solid waste materials may be donated, recycled, or composted. This information may include, but is not limited to, providing information directing the operator of the large venue or large event to the board's Web site or any other appropriate Web site included by the local agency, direct mailings, brochures, or other relevant literature.

(2) On or before August 1, 2006, and annually thereafter until August 1, 2008, each local agency shall provide the board with an estimate and description of the top 10 percent of large venues and large events within its jurisdiction, based upon amount of solid waste generated, as submitted by operators of large venues and large events pursuant to Section 42648.3. To the extent that the information is readily available to the local agency, the information shall include the name, location, and a brief description of the venue or event, a brief description of the types of wastes generated, types, and estimated amount of materials disposed and diverted, by weight, and existing solid waste reduction, reuse, and recycling programs that the operator of the large venue or large event utilizes to reduce, reuse, and recycle the solid waste. This information shall be reported to the board as a part of the local agency's annual report submitted pursuant to Section 41821.

(b) On or before December 1, 2008, the board shall evaluate the solid waste reduction, reuse, and recycling rates and implementation of waste reduction, reuse, and recycling plans in the top 10 percent of large venues and large events as reported by each local agency pursuant to paragraph (2) of subdivision (a). If the board, upon reviewing the information reported to the board by local agencies pursuant to paragraph (2) of subdivision (a), determines that less than 75 percent of the solid waste reduction, reuse, and recycling plans for the large venues and large events have been prepared or implemented to meet their waste reduction, reuse, and recycling rates developed pursuant to subdivision (a) of Section 42648.4, according to the schedule determined pursuant to subdivision (b) of Section 42468.4, the board shall recommend to the Legislature those statutory changes needed to require operators of large venues and large events to implement waste reduction, reuse, and recycling plans.

42648.3. On or before July 1, 2005, and on or before July 1 annually thereafter, each operator of a large venue or large event shall submit to the local agency, upon request by the local agency, written documentation of waste reduction, reuse, recycling, and diversion programs, if any, implemented at the large venue or large event, and the type and weight of materials diverted and disposed at that large venue or large event. If the operator of a large venue or large event cannot implement a program as provided in the solid waste reduction, reuse, and

recycling plan, the operator shall include a brief explanation for the delay as part of its report to the local agency. The operator of the large venue or large event shall submit the requested information to the local agency, no later than one month from the date the operator receives the request.

42648.4. On or before July 1, 2005, and on or before July 1, biennially thereafter, the operator of a large venue or large event shall meet with recyclers and with the solid waste enterprise that provides solid waste handling services to the large venue or large event, whether by an exclusive franchise with the local agency, or by a permit, contract, or nonexclusive franchise, to determine the solid waste reduction, reuse, and recycling programs that are appropriate for the large venue or large event. In determining feasible solid waste reduction, reuse, and recycling programs, the operator may do any of the following:

(a) Develop solid waste reduction, reuse, and recycling rates and a solid waste reduction, reuse, and recycling plan that would achieve those solid waste reduction, reuse, and recycling rates.

(b) Determine a timeline for implementation of the solid waste reduction, reuse, and recycling plan and solid waste reduction, reuse, and recycling rates.

42648.5. The board shall provide technical assistance and tools to implement this chapter, to the extent feasible under existing financial resources. This technical assistance may include, but is not limited to, model documents, training, research on solid waste management best practices, cost reduction, and innovative products to assist local agencies and operators of large venues and large events to develop and implement effective solid waste reduction, reuse, and recycling plans and rates.

42648.6. If a large venue or large event has contiguous parcels located in both the City of Los Angeles and the County of Los Angeles, the requirements of this chapter shall apply only to the local agency containing the majority of the property for that large venue or event.

42648.7. A local agency may charge and collect a fee from an operator of a large venue or large event in order to recover the local agency's estimated costs incurred in complying with this chapter.

SEC. 3. Section 42911 of the Public Resources Code is amended to read:

42911. (a) Each local agency shall adopt an ordinance relating to adequate areas for collecting and loading recyclable materials in development projects.

(b) If a local agency has not adopted an ordinance for collecting and loading recyclable materials in development projects on or before September 1, 1994, the model ordinance adopted pursuant to Section 42910 shall take effect on September 1, 1994, and shall be enforced by the local agency and have the same force and effect as if adopted by the local agency as an ordinance.

(c) On and after July 1, 2005, a local agency shall not issue a building permit to a development project, unless the development project provides adequate areas for collecting and loading recyclable materials.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 880

An act to amend Sections 25211, 25212, and 25404 of, and to add Sections 25211.1, 25211.2, 25211.3, 25211.4, and 25211.5 to, the Health and Safety Code, and to amend Section 42167 of the Public Resources Code, relating to hazardous waste.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Chapter 3.5 (commencing with Section 42160) of Part 3 of Division 30 of the Public Resources Code was enacted in 1991 to divert large metallic discards, including major appliances and vehicles, from landfills and to ensure that hazardous materials, defined as ''materials that require special handling,'' are removed from metallic discards before they are crushed or shredded for metals recycling.

(b) A May 2004 report by the California Research Bureau, ''Appliance Recycling and Materials Requiring Special Handling: Improving the Effectiveness of the Metallic Discards Act,'' finds that ''there are likely widespread violations'' of the requirement to remove materials that require special handling from appliances, and that compliance is probably weakest for removal of mercury switches and thermostats and PCB capacitors.

(c) The report finds that there is strong circumstantial evidence that violations of Chapter 3.5 (commencing with Section 42160) of Part 3 of Division 30 of the Public Resources Code lead to the release of harmful substances into the environment. The failure to remove hazardous materials from appliances before they are crushed or shredded for metals recycling results in the combustion of mercury, PCBs, and other

hazardous materials in thermal combustion units and the release of these contaminants to land, water, and air.

(d) The report also finds that there are strong incentives for appliance recyclers not to comply with the law, including a lack of inspection and enforcement at appliance recycling facilities and an inability of enforcement agencies to know which facilities are processing appliances for metals recycling. The report recommends that accountability under the act be improved by requiring appliance processors to be licensed and requiring shredders only to accept appliances from licensed parties that certify that materials that require special handling have been removed.

SEC. 2. Section 25211 of the Health and Safety Code is amended to read:

25211. For purposes of this article, the following terms have the following meaning:

(a) ''Certified appliance recycler'' means a person or entity engaged in the business of removing and properly managing materials that require special handling from discarded major appliances, and who is certified pursuant to Section 25211.4, and does not include a person described in subdivision (b) of Section 25211.2.

(b) ''CUPA'' means a certified unified program agency, as defined in subdivision (b) of Section 25123.7.

(c) ''Major appliance'' has the same meaning as defined in Section 42166 of the Public Resources Code.

(d) ''Materials that require special handling'' has the same meaning as defined in Section 42167 of the Public Resources Code.

(e) ''Scrap recycling facility'' means a facility where machinery and equipment are used for processing and manufacturing scrap metal into prepared grades and whose principal product is scrap iron or nonferrous metallic scrap for sale for remelting purposes. A scrap recycling facility includes, but is not limited to, a feeder yard, a metal shredding facility, a metal crusher, and a metal baler.

SEC. 3. Section 25211.1 is added to the Health and Safety Code, to read:

25211.1. On and after January 1, 2006, no person other than a certified appliance recycler shall do either of the following:

(a) Remove materials that require special handling from major appliances pursuant to subdivision (a) of Section 25212.

(b) Transport, deliver, or sell discarded major appliances to a scrap recycling facility, except as provided in subdivision (b) of Section 25211.2.

SEC. 4. Section 25211.2 is added to the Health and Safety Code, to read:

25211.2. (a) On and after January 1, 2006, except as provided in subdivision (b), a person who transports, delivers, or sells discarded

major appliances to a scrap recycling facility shall provide evidence that he or she is a certified appliance recycler and shall certify, on a form prepared by the department and provided to the facility at the time of the transaction, that all materials that require special handling have been removed from the appliances pursuant to subdivision (a) of Section 25212. Information on the form shall include, but not be limited to, the appliance recycler certificate number, the appliance recycler's hazardous waste generator identification number, the number and types of appliances included in the shipment, and the facilities to which the materials that require special handling that were removed from the appliances were sent or are to be sent.

(b) A person who is not a certified appliance recycler may transport, deliver, or sell discarded major appliances to a scrap recycling facility only if the condition specified in paragraph (1) or (2) is met:

(1) (A) The appliances have not been crushed, baled, shredded, sawed or sheared apart, or otherwise processed in such a manner that could result in the release, or prevent the removal, of materials that require special handling.

(B) The scrap recycling facility is a certified appliance recycler.

(2)(A) The appliances have been crushed, baled, shredded, or sawed or sheared apart.

(B) The person provides the scrap recycling facility written evidence from a certified appliance recycler, as required in subdivision (a), that all materials that require special handling were removed from the appliances in compliance with subdivision (a) of Section 25212.

(c) On and after January 1, 2006, except as provided in subdivision (b), a scrap recycling facility shall not accept a discarded major appliance from a person who is not a certified appliance recycler.

SEC. 5. Section 25211.3 is added to the Health and Safety Code, to read:

25211.3. A certified appliance recycler, and any person who is not a certified appliance recycler who is subject to subdivision (b) or (c) of Section 25211.2, shall retain onsite records demonstrating compliance with applicable requirements of this article and Section 42175 of the Public Resources Code. The records shall be retained for three years and shall be made available for inspection, upon the request of a representative of the department or a CUPA. The records shall be retained, after that three-year period, during the course of an unresolved enforcement action or as requested by the department or CUPA. The records shall include, but not be limited to, all of the following information:

(a) The amount, by volume or weight or both, as determined by the department, of each material that required special handling.

(b) The method used by the appliance recycler to recycle, dispose of, or otherwise manage each material that required special handling, including the name and address of the facility to which each material was sent.

SEC. 6. Section 25211.4 is added to the Health and Safety Code to read:

25211.4. (a) On and after July 1, 2005, a person wishing to operate as a certified appliance recycler shall submit an application to the department and obtain certification from the department pursuant to this section. On or before May 1, 2005, the department shall make available on its Web site an application for certification as a certified appliance recycler that includes all of the following:

(1) The business name under which the appliance recycler operates, and the business owner's name, address, and telephone number.

(2) A hazardous waste generator identification number issued by the department pursuant to this chapter.

(3) A statement indicating that the applicant has either filed an application for a stormwater permit or is not required to obtain a stormwater permit.

(4) A statement indicating that the applicant has either filed a hazardous materials business plan or is not required to file the plan.

(5) The tax identification number assigned by the Franchise Tax Board.

(6) A copy of a business license and any conditional use permits issues by the appropriate city or county.

(7) A description of the ability of the applicant to properly remove and manage all materials that require special handling, including, but not limited to, a technical description of all equipment used in removing and managing the materials and the training provided to personnel engaged in the removal and managing of the materials.

(8) Any other information that the department may determine to be necessary to carry out this article.

(b) A person wishing to operate as a certified appliance recycler shall submit to the department, under penalty of perjury, the information required pursuant to subdivision (a). The department shall review the application for completeness and, upon determining that the application is complete and meets the requirements of this section, shall issue a numbered certificate to the applicant. The department shall notify an applicant whose application fails to meet the requirements for certification of the reason why the department denied the certification. The department may revoke or suspend a certification issued pursuant to this section, in accordance with the procedures specified in Sections 25186.1 and 25186.2, for any of the grounds specified in Section 25186.

(c) The certificate issued by the department shall include the issuance date and the expiration date, which shall be three years after the issuance date. A person whose certification has expired, and who has not applied for and obtained a new current certification, is no longer a certified appliance recycler and may no longer operate as a certified appliance recycler.

(d) Upon issuance of a certificate, the department shall transmit the application and certification of the certified appliance recycler to the certified uniform program agency in whose jurisdiction the person is located, which shall, as soon as is practicable, inspect the certified appliance recycling facility to determine whether the recycler is capable of properly removing and managing materials that require special handling from major appliances. In making the determination, the certified uniform program agency shall consider various factors, including, but not limited to, the working condition of equipment used to remove the materials, the technical ability of employees of the business to operate the equipment proficiently, and the facility's compliance with existing applicable laws.

SEC. 7. Section 25211.5 is added to the Health and Safety Code, to read:

25211.5. The department may adopt any regulations determined necessary to implement and enforce this article.

SEC. 8. Section 25212 of the Health and Safety Code is amended to read:

25212. (a) Materials that require special handling that are contained in major appliances shall not be disposed of at a solid waste facility and shall be removed from major appliances in which they are contained prior to the appliance being crushed, baled, shredded, sawed or sheared apart, disposed of, or otherwise processed in a manner that could result in the release or prevent the removal of materials that require special handling.

(b) A person who, pursuant to subdivision (a), removes from a major appliance any material that requires special handling, that is a hazardous waste under this chapter, is a hazardous waste generator and shall comply with all provisions of this chapter applicable to generators of hazardous waste.

(c) All materials that require special handling that have been removed from a major appliance pursuant to subdivision (a), and that are hazardous wastes, shall be managed in accordance with this chapter.

(d) A person who fails to comply with subdivision (a) is in violation of this chapter.

(e) (1) The department or a local health officer or other public officer authorized pursuant to Article 8 (commencing with Section 25180), including, when applicable, a certified unified program agency (CUPA)

or a unified program agency within the jurisdiction of a CUPA, shall incorporate both of the following into the existing inspection and enforcement activities of the department or the local health officer or other public officer:

(A) The regulation of materials that require special handling that, when removed from a major appliance, is hazardous waste.

(B) The enforcement of subdivision (a).

(2) The department, local health officers, or other public officers shall coordinate their activities as needed to identify and regulate materials that require special handling that, when removed from major appliances, are hazardous wastes that are transported from one jurisdiction to another.

SEC. 9. Section 25404 of the Health and Safety Code, as amended by Section 1.5 of Chapter 696 of the Statutes of 2003, is amended to read:

25404. (a) For purposes of this chapter, the following terms shall have the following meanings:

(B) ''Participating Agency'' or ''PA'' means a state or local agency that has a written agreement with the CUPA pursuant to subdivision (d) of Section 25404.3, and is approved by the secretary, to implement or enforce one or more of the unified program elements specified in subdivision (c), in accordance with Sections 25404.1 and 25404.2.

(C) ''Unified Program Agency'' or ''UPA'' means the CUPA, or its participating agencies to the extent each PA has been designated by the CUPA, pursuant to a written agreement, to implement or enforce a particular unified program element specified in subdivision (c). (2) ''Department'' means the Department of Toxic Substances Control.

(3) ''Minor violation'' means the failure of a person to comply with any requirement or condition of any applicable law, regulation, permit, information request, order, variance, or other requirement, whether

procedural or substantive, of the unified program that the UPA is authorized to implement or enforce pursuant to this chapter, and that does not otherwise include any of the following:

(A) A violation that results in injury to persons or property, or that presents a significant threat to human health or the environment.

(B) A knowing willful or intentional violation.

(C) A violation that is a chronic violation, or that is committed by a recalcitrant violator. In determining whether a violation is chronic or a violator is recalcitrant, the UPA shall consider whether there is evidence indicating that the violator has engaged in a pattern of neglect or disregard with respect to applicable regulatory requirements.

(D) A violation that results in an emergency response from a public safety agency.

(E) A violation that enables the violator to benefit economically from the noncompliance, either by reduced costs or competitive advantage.

(F) A class I violation as provided in Section 25117.6.

(G) A class II violation committed by a chronic or a recalcitrant violator, as provided in Section 25117.6.

(B) The unified program may not include the responsibilities assigned to the State Water Resources Control Board pursuant to Section 25297.1.

(C) The unified program may not include the corrective action requirements of Sections 25296.10 to 25296.40, inclusive.

(6) The requirements of subdivisions (b) and (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9 concerning hazardous material management plans and inventories.

(d) To the maximum extent feasible within statutory constraints, the secretary shall consolidate, coordinate, and make consistent these requirements of the unified program with other requirements imposed by other federal, state, regional, or local agencies upon facilities regulated by the unified program.

(e) (1) The secretary shall establish standards applicable to CUPAs, participating agencies, state agencies, and businesses specifying the data to be collected and submitted by unified program agencies in administering the programs listed in subdivision (c). Those standards shall incorporate any standard developed under Section 25503.3.

(2) The secretary shall establish an electronic geographic information management system capable of receiving all data collected by the unified program agencies pursuant to this subdivision and Section 25504.1. The secretary shall make all nonconfidential data available on the Internet.

(3) (A) As funding becomes available, the secretary shall establish, consistent with paragraph (2), and thereafter maintain, a statewide database.

(B) The secretary, or one or more of the boards, departments, or offices within the California Environmental Protection Agency, shall seek available federal funding for purposes of implementing this subdivision.

(4) Once the statewide database is established, the secretary shall work with the CUPAs to develop a phased-in schedule for the electronic collection and submittal of information to be included in the statewide database, giving first priority to information relating to those chemicals determined by the secretary to be of greatest concern. The secretary, in making this determination shall consult with the CUPAs, the Office of Emergency Services, the State Fire Marshal, and the boards, departments, and offices within the California Environmental Protection Agency. The information initially included in the statewide database shall include, but is not limited to, the hazardous materials inventory information required to be submitted pursuant to Section 25504.1 for perchlorate materials.

(f) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 10. Section 25404 of the Health and Safety Code, as amended by Section 2.5 of Chapter 696 of the Statutes of 2003, is amended to read:

25404. (a) For purposes of this chapter, the following terms shall have the following meanings:

(1) (A) ''Certified Unified Program Agency'' or ''CUPA'' means the agency certified by the secretary to implement the unified program specified in this chapter within a jurisdiction.

(B) ''Participating Agency'' or ''PA'' means a state or local agency that has a written agreement with the CUPA pursuant to subdivision (d) of Section 25404.3, and is approved by the secretary, to implement or enforce one or more of the unified program elements specified in subdivision (c), in accordance with Sections 25404.1 and 25404.2.

(C) ''Unified Program Agency'' or ''UPA'' means the CUPA, or its participating agencies to the extent each PA has been designated by the CUPA, pursuant to a written agreement, to implement or enforce a particular unified program element specified in subdivision (c). The UPAs have the responsibility and authority to implement and enforce the requirements listed in subdivision (c), and the regulations adopted to implement the requirements listed in subdivision (c), to the extent provided by Chapter 6.5 (commencing with Section 25100), Chapter 6.67 (commencing with Section 25270), Chapter 6.7 (commencing with Section 25280), Chapter 6.95 (commencing with Section 25500), and Sections 25404.1 and 25404.2. After a CUPA has been certified by the secretary, the unified program agencies and the state agencies carrying out responsibilities under this chapter shall be the only agencies

authorized to enforce the requirements listed in subdivision (c) within the jurisdiction of the CUPA.

(2) ''Department'' means the Department of Toxic Substances Control.

The secretary in making this determination shall consult with the CUPAs, the Office of Emergency Services, the State Fire Marshal, and the boards, departments, and offices within the California Environmental Protection Agency. The information initially included in the statewide database shall include, but is not limited to, the hazardous materials inventory information required to be submitted pursuant to Section 25504.1 for perchlorate materials.

(f) This section shall become operative January 1, 2006.

SEC. 11. Section 42167 of the Public Resources Code is amended to read:

CHAPTER 881

An act to amend and repeal Sections 5500 and 5501 of, and to add and repeal Section 5513 of, the Public Utilities Code, relating to commercial air carriers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with
Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5500 of the Public Utilities Code is amended to read:

5500. (a) As used in this article, ''commercial air operator'' means any person owning, controlling, operating, renting, or managing aircraft for any commercial purpose for compensation. ''Commercial air operator'' does not include any person owning, controlling, operating, renting, managing, furnishing, or otherwise providing transportation by hot air balloon for entertainment or recreational purposes.

(b) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 1.5. Section 5500 of the Public Utilities Code is amended to read:

5500. (a) As used in this article, ''commercial air operator'' means any person owning, controlling, operating, renting, or managing aircraft for any commercial purpose for compensation.

(b) This section shall become operative on January 1, 2009.

SEC. 2. Section 5501 of the Public Utilities Code is amended to read:

5501. (a) As used in this article, ''aircraft'' means any contrivance used for navigation of, or flight in, the air. ''Aircraft'' does not include a hot air balloon furnished or providing transportation for entertainment or recreational purposes.

(b) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 2.5. Section 5501 of the Public Utilities Code is amended to read:

5501. (a) As used in this article, ''aircraft'' means any contrivance used for navigation of, or flight in, the air.

(b) This section shall become operative on January 1, 2009.

SEC. 3. Section 5513 is added to the Public Utilities Code, to read:

5513. (a) Notwithstanding any other provision of this article, any person owning, controlling, operating, renting, managing, furnishing, or otherwise providing transportation by hot air balloon for hire, for entertainment or recreational purposes, shall maintain in force at least one million dollars ($1,000,000) of liability insurance for personal injury, wrongful death, and property damage resulting from the operation of a balloon carrying up to 10 passengers, with additional

liability coverage of one hundred thousand dollars ($100,000) for each passenger for any balloon carrying more than 10 passengers. A notice shall be provided to every passenger that identifies both the insurer providing a policy of liability insurance to the person providing that transportation and the amount of insurance coverage provided by that policy.

(b) Any person owning, controlling, operating, renting, managing, furnishing, or otherwise providing transportation by hot air balloon for hire, for entertainment or recreational purposes, shall comply with any requirement of a city, county, or city and county that the person obtain a business license as a condition for operating in that city, county, or city and county. Whenever a city, county, or city and county requires a business license, any person owning, controlling, operating, renting, managing, furnishing, or otherwise providing transportation by hot air balloon for hire, for entertainment or recreational purposes, shall prominently display the license at the person's primary place of business frequented by customers and potential customers. Whenever a city, county, or city and county requires a business license, the person shall provide to the city, county, or city and county, a currently effective certificate of insurance evidencing insurance coverage as required in subdivision (a). A new certificate of insurance shall be provided to the city, county, or city and county, at least annually or whenever there is a material change in insurance coverage. A city, county, or city and county shall give reasonable notice of this requirement with any business license renewal notification. Every business license issued by a city, county, or city and county to any person owning, controlling, operating, renting, managing, furnishing, or otherwise providing transportation by hot air balloon for hire, for entertainment or recreational purposes, and every currently effective certificate of insurance evidencing insurance coverage, shall be maintained as a public record. The city, county, or city and county may charge a reasonable fee for purposes of carrying out the provisions of this subdivision.

(c) Any person who violates subdivision (a) by failing to maintain insurance in force as required by subdivision (a) is guilty of a misdemeanor. Any person who violates subdivision (b) by failing to obtain and maintain a current valid city, county, or city and county business license issued by the local government jurisdiction where the person's primary place of business is located, in accordance with subdivision (b), is guilty of a misdemeanor.

(d) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2009, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain

costs that may be incurred by a local agency or school district because in that regard a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code. Moreover, reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Public Utilities Commission currently requires the hot air balloon industry in this state to obtain liability insurance equivalent to that required for commercial airlines. Hot air balloon companies cannot get the required insurance due to spiraling insurance costs and a dwindling number of insurers. In order to allow hot air balloon companies to seek more reasonable liability insurance appropriate to the industry, and thereby making it possible for those companies to stay in business, it is necessary that this act take effect immediately.

CHAPTER 882

An act to amend Section 6254 of the Government Code, and to amend Sections 4800 and 4805 of, and to amend and renumber Section 4716 of, the Probate Code, relating to advance health care directives.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary

course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Customer lists provided to a state or local police agency by an alarm or security company at the request of the agency shall be construed to be records subject to this subdivision.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

Address information obtained pursuant to this paragraph shall not be used directly or indirectly to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained. However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application that are subject to disclosure under this chapter.

If the California Medical Assistance Commission enters into contracts with health care providers for other than inpatient hospital services, those

contracts shall be open to inspection one year after they are fully executed.

Three years after a contract or amendment is open to inspection under this subdivision, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

(1) On or before January 1, 2013, install water meters on all service connections to residential and nonagricultural commercial buildings constructed prior to January 1, 1992, located within its service area.

(2) On and after March 1, 2013, or according to the terms of the Central Valley Project water contract in operation, charge customers for water based on the actual volume of deliveries, as measured by a water meter.

(b) An urban water supplier that receives water from the federal Central Valley Project under a water service contract or subcontract described in subdivision (a) may recover the cost of providing services related to the purchase, installation, and operation and maintenance of water meters from rates, fees, or charges.

SEC. 3. Section 521 of the Water Code is amended to read:

521. The Legislature further finds and declares all of the following:

(a) Water furnished or used without any method of determination of the quantities of water used by the person to whom the water is furnished has caused, and will continue to cause, waste and unreasonable use of water, and that this waste and unreasonable use should be identified, isolated, and eliminated.

(b) Water metering and volumetric pricing are among the most efficient conservation tools, providing information on how much water is being used and pricing to encourage conservation.

(c) Without water meters, it is impossible for homeowners and businesses to know how much water they are using, thereby inhibiting conservation, punishing those who conserve, and rewarding those who waste water.

(d) Existing law requires the installation of a water meter as a condition of water service provided pursuant to a connection installed on or after January 1, 1992, but the continuing widespread absence of water meters and the lack of volumetric pricing could result in the inefficient use of water for municipal and industrial uses.

(e) The benefits to be gained from metering infrastructure are not recovered if urban water suppliers do not use this infrastructure.

(f) This chapter addresses a subject matter of statewide concern. It is the intent of the Legislature that this chapter supersede and preempt all enactments and other local action of cities and counties, including charter cities and charter counties, and other local public agencies that conflict with this chapter, other than enactments or local action that impose additional or more stringent requirements regarding matters set forth in this chapter.

(g) An urban water supplier should take any available necessary step consistent with state law to ensure that the implementation of this chapter does not place an unreasonable burden on low-income families.

SEC. 4. The heading of Article 3.5 (commencing with Section 525) is added to Chapter 8 of Division 1 of the Water Code, to read:

Article 3.5. Metered Service

SEC. 5. Section 527 is added to the Water Code, to read:

527. (a) An urban water supplier that is not subject to Section 526 shall do both the following:

(1) Install water meters on all municipal and industrial service connections located within its service area on or before January 1, 2025.

(2) (A) Charge each customer that has a service connection for which a water meter has been installed, based on the actual volume of deliveries, as measured by the water meter, beginning on or before January 1, 2010.

(B) Notwithstanding subparagraph (A), in order to provide customers with experience in volume-based water service charges, an urban water supplier that is subject to this subdivision may delay, for one annual seasonal cycle of water use, the use of meter-based charges for service connections that are being converted from nonvolume-based billing to volume-based billing.

(b) A water purveyor, including an urban water supplier, may recover the cost of providing services related to the purchase, installation, and operation of a water meter from rates, fees, or charges.

SEC. 6. Section 528 is added to the Water Code, to read:

528. Notwithstanding Sections 526 and 527, any water purveyor that becomes an urban water supplier on or after January 1, 2005, shall do both the following:

(a) Install water meters on all municipal and industrial service connections located within its service area within 10 years of meeting the definition of urban water supplier.

(b) (1) Charge each customer for which a water meter has been installed, based on the actual volume of water delivered, as measured by the water meter, within five years of meeting the definition of urban water supplier.

(2) Notwithstanding paragraph (1), in order to provide customers with experience in volume-based water service charges, an urban water supplier that is subject to this subdivision may delay, for one annual seasonal cycle of water use, the use of meter-based charges for service connections that are being converted from nonvolume-based billing to volume-based billing.

(c) For the purposes of this article, an ''urban water supplier'' has the same meaning as that set forth in Section 10617.

SEC. 7. Section 529 is added to the Water Code, to read:

529. (a) This article addresses a subject matter of statewide concern.

(b) Subject to subdivision (c), this article supersedes and preempts all enactments, including charter provisions and amendments thereto, and

other local action of cities and counties, including charter cities and charter counties, and other local public agencies that conflict with this article.

(c) This article does not supersede or preempt any enactment or other local action that imposes additional or more stringent requirements regarding matters set forth in this article.

SEC. 8. Section 529.5 is added to the Water Code, to read:

529.5. On and after January 1, 2010, any urban water supplier that applies for financial assistance from the state for a wastewater treatment project, a water use efficiency project, or a drinking water treatment project, or for a permit for a new or expanded water supply, shall demonstrate that the applicant meets the requirements of this article.

CHAPTER 885

An act to add Section 40608 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The F-35 Joint Strike Fighter, a high profile military jet capable of making carrier-landings and designed to drop bombs and to attack other aircraft, is scheduled to be ready for delivery to United States military customers as early as 2008.

(2) The United States Navy is considering a number of sites to be the West Coast Operations Center to house the F-35 Joint Strike Fighter, one of which is the Lemoore Naval Air Station located in Kings County.

(3) It is estimated that as many as 10,000 new jobs will be generated in and around the site selected to be the West Coast Operations Center that will house the F-35 Joint Strike Fighter. It is also estimated that there will be an increase in economic activity of $1 billion in the area surrounding the site that is selected to be the West Coast Operations Center chosen to house the F-35 Joint Strike Fighter.

(4) The Lemoore Naval Air Station, as the Navy's newest air station that serves as the West Coast home of the Super Hornet aircraft, would be an excellent site to house the F-35 Joint Strike Fighter.

(5) The Lemoore Naval Air Station facilities that would house the F-35 Joint Strike Fighter are in the proximity of training grounds, are

surrounded by a three-mile ring of farmland, and are separated by a number of miles from the base's administration and housing areas.

(6) If the Lemoore Naval Air Station is selected as the West Coast Operations Center to house the F-35 Joint Strike Fighter, there could be a negative impact on the ambient air quality within the San Joaquin Valley Unified Air Pollution Control District.

(7) It is therefore necessary that any increased emissions of air contaminant associated with the operation of the F-35 Joint Strike Fighter within the San Joaquin Valley Unified Air Pollution Control District be offset or mitigated by reductions in emissions from other sources of emissions in the district.

(b) (1) It is the intent of the Legislature to encourage the United States Navy to select the Lemoore Naval Air Station as the West Coast Operations Center to house the F-35 Joint Strike Fighter.

(2) It is the further intent of the Legislature to calculate increases in state revenues derived from, and associated with, the selection of the Lemoore Naval Air Station as the West Coast Operations Center to house the F-35 Joint Strike Fighter, and to determine, after that calculation has been made, whether state funding should be provided in an amount based on that calculation to the San Joaquin Valley Unified Air Pollution Control District, for use in mitigating any increase in emissions of air contaminants that may result if the Lemoore Naval Air Station is chosen to be the West Coast Operations Center to house the F-35 Joint Strike Fighter.

SEC. 2. Section 40608 is added to the Health and Safety Code, to read:

40608. (a) The district may develop and adopt by regulation, not later than January 1, 2008, a program to offset or mitigate the increased emissions of air contaminants resulting from the operation of the F-35 Joint Strike Fighter program within the district. If the district implements a program under this subdivision, the district shall provide grants to projects that the district determines will provide measurable reductions in emissions of air contaminants in the district, and may include projects that reduce emissions from stationary or mobile sources within the district. Any emission reductions achieved pursuant to this program shall be surplus, quantifiable, permanent, and enforceable and shall not otherwise be required by law or regulation.

(b) For purposes of this section:

(1) ''Joint Strike Fighter Impact Zone'' means Kings County.

(2) ''Base fiscal year'' means the 2003–04 fiscal year.

(3) ''State tax revenues'' includes revenues derived from the imposition of taxes under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code), the Personal Income Tax Law (Part 10 (commencing

with Section 17001) of Division 2 of the Revenue and Taxation Code), and the Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code).

(c) (1) The California Research Bureau, in consultation with the State Board of Equalization and the Franchise Tax Board, shall, no later than December 31, 2004, calculate the state tax revenues derived from, or attributable to, the Joint Strike Fighter Impact Zone during the base fiscal year.

(2) The California Research Bureau, in consultation with the State Board of Equalization and the Franchise Tax Board, shall, no later than December 31, 2007, and no later than December 31 of each following year, calculate the state tax revenues derived from, or attributable to, the Joint Strike Fighter Impact Zone during the preceding fiscal year.

CHAPTER 886

An act to amend Section 368 of the Penal Code, and to amend Sections 15656 and 15657 of, and to add Section 15657.5 to, the Welfare and Institutions Code, relating to elder and dependent adult abuse.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 368 of the Penal Code is amended to read:

368. (a) The Legislature finds and declares that crimes against elders and dependent adults are deserving of special consideration and protection, not unlike the special protections provided for minor children, because elders and dependent adults may be confused, on various medications, mentally or physically impaired, or incompetent, and therefore less able to protect themselves, to understand or report criminal conduct, or to testify in court proceedings on their own behalf.

(b) (1) Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured, or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health is endangered, is punishable by imprisonment in a county jail not exceeding one year, or by a fine not

to exceed six thousand dollars ($6,000), or by both that fine and imprisonment, or by imprisonment in the state prison for two, three, or four years.

(2) If in the commission of an offense described in paragraph (1), the victim suffers great bodily injury, as defined in Section 12022.7, the defendant shall receive an additional term in the state prison as follows:

(A) Three years if the victim is under 70 years of age.

(B) Five years if the victim is 70 years of age or older.

(3) If in the commission of an offense described in paragraph (1), the defendant proximately causes the death of the victim, the defendant shall receive an additional term in the state prison as follows:

(A) Five years if the victim is under 70 years of age.

(B) Seven years if the victim is 70 years of age or older.

(c) Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health may be endangered, is guilty of a misdemeanor. A second or subsequent violation of this subdivision is subject to a fine not to exceed two thousand dollars ($2,000), or by imprisonment in a county jail not to exceed one year, or by both that fine and imprisonment.

(d) Any person who is not a caretaker who violates any provision of law proscribing theft, embezzlement, forgery, or fraud, or who violates Section 530.5 proscribing identity theft, with respect to the property or personal identifying information of an elder or a dependent adult, and who knows or reasonably should know that another person is an elder or dependent adult, is subject to imprisonment in a county jail not exceeding one year, or in the state prison for two, three, or four years, when the money, labor, goods, services, or real or personal property taken or obtained is of a value exceeding four hundred dollars ($400); and by a fine not exceeding one thousand dollars ($1,000), by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, when the money, labor, goods, services, or real or personal property taken or obtained is of a value not exceeding four hundred dollars ($400).

(e) Any caretaker of an elder or a dependent adult who violates any provision of law proscribing theft, embezzlement, forgery, or fraud, or who violates Section 530.5 proscribing identity theft, with respect to the property or personal identifying information of that elder or dependent

adult, is subject to imprisonment in a county jail not exceeding one year, or in the state prison for two, three, or four years when the money, labor, goods, services, or real or personal property taken or obtained is of a value exceeding four hundred dollars ($400), and by a fine not exceeding one thousand dollars ($1,000), by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, when the money, labor, goods, services, or real or personal property taken or obtained is of a value not exceeding four hundred dollars ($400).

(f) Any person who commits the false imprisonment of an elder or a dependent adult by the use of violence, menace, fraud, or deceit is subject to imprisonment in the state prison for two, three, or four years.

(g) As used in this section, ''elder'' means any person who is 65 years of age or older.

(h) As used in this section, ''dependent adult'' means any person who is between the ages of 18 and 64, who has physical or mental limitations which restrict his or her ability to carry out normal activities or to protect his or her rights, including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. ''Dependent adult'' includes any person between the ages of 18 and 64 who is admitted as an inpatient to a 24-hour health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

(i) As used in this section, ''caretaker'' means any person who has the care, custody, or control of, or who stands in a position of trust with, an elder or a dependent adult.

(j) Nothing in this section shall preclude prosecution under both this section and Section 187 or 12022.7 or any other provision of law. However, a person shall not receive an additional term of imprisonment under both paragraphs (2) and (3) of subdivision (b) for any single offense, nor shall a person receive an additional term of imprisonment under both Section 12022.7 and paragraph (2) or (3) of subdivision (b) for any single offense.

(k) In any case in which a person is convicted of violating these provisions, the court may require him or her to receive appropriate counseling as a condition of probation. Any defendant ordered to be placed in a counseling program shall be responsible for paying the expense of his or her participation in the counseling program as determined by the court. The court shall take into consideration the ability of the defendant to pay, and no defendant shall be denied probation because of his or her inability to pay.

SEC. 1.5. Section 368 of the Penal Code is amended to read:

368. (a) The Legislature finds and declares that crimes against elders and dependent adults are deserving of special consideration and protection, not unlike the special protections provided for minor

children, because elders and dependent adults may be confused, on various medications, mentally or physically impaired, or incompetent, and therefore less able to protect themselves, to understand or report criminal conduct, or to testify in court proceedings on their own behalf.

(2) If in the commission of an offense described in paragraph (1), the victim suffers great bodily injury, as defined in Section 12022.7, the defendant shall receive an additional term in the state prison as follows:

(A) Three years if the victim is under 70 years of age.

(c) Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health may be endangered, is guilty of a misdemeanor. (a) The court shall award to the plaintiff reasonable attorney's fees and costs. The term ''costs'' includes, but is not limited to, reasonable

fees for the services of a conservator, if any, devoted to the litigation of a claim brought under this article.

(c) Accept appointment as personal representative of an estate when so ordered by the court, whether or not on petition of the public administrator, after notice to the public administrator as provided in Section 7621.

(d) Proceed with summary disposition of the estate as authorized by Article 4 (commencing with Section 7660), if the total value of the property in the decedent's estate does not exceed the amount prescribed in Section 13100 and a person having higher priority has not assumed responsibility for administration of the estate.

SEC. 6. Section 7622 of the Probate Code is amended to read:

(b) The public administrator is entitled to receive the same compensation as is granted by this division to a personal representative generally. The attorney for the public administrator is entitled to receive the same compensation as is granted by this division to an attorney for a personal representative generally. However, the compensation of the public administrator and the public administrator's attorney may not be less than the compensation in effect at the time of appointment of the public administrator or the minimum amount provided in subdivision (b) of Section 7666, whichever is greater.

SEC. 7. Section 7660 of the Probate Code is amended to read:

7660. (a) If a public administrator takes possession or control of an estate pursuant to this chapter, the public administrator may, acting as personal representative of the estate, summarily dispose of the estate in the manner provided in this article in either of the following circumstances:

(1) The total value of the property in the decedent's estate does not exceed the amount prescribed in Section 13100. The authority provided by this paragraph may be exercised only upon order of the court. The order may be made upon ex parte application. The fee to be allowed to the clerk for the filing of the application shall be set by the court. The authority for this summary administration of the estate shall be evidenced by a court order for summary disposition.

(2) The total value of the property in the decedent's estate does not exceed thirty thousand dollars ($30,000). The authority provided by this paragraph may be exercised without court authorization.

(A) A public administrator who is authorized to summarily dispose of property of a decedent pursuant to this paragraph may issue a written certification of Authority for Summary Administration. The written certification is effective for 30 days after the date of issuance.

(B) A financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person shall, without the necessity of inquiring into the truth of the written certification of Authority for Summary Administration and without court order or letters being issued do all of the following:

(i) Provide the public administrator complete information concerning any property held in the name of the decedent, including the names and addresses of any beneficiaries or joint owners.

(ii) Grant the public administrator access to a safe-deposit box or storage facility rented in the name of the decedent for the purpose of inspection and removal of property of the decedent. Costs and expenses incurred in accessing a safe-deposit box or storage facility shall be borne by the estate of the decedent.

(iii) Surrender to the public administrator any property of the decedent that is held or controlled by the financial institution, agency, retirement fund administrator, insurance company, licensed securities dealer, or other person.

(C) Receipt by a financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person of the written certification provided by this article shall do both of the following:

(i) Constitute sufficient acquittance for providing information or granting access to a safe-deposit box or a storage facility and for surrendering any property of the decedent.

(ii) Fully discharge the financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person from liability for any act or omission of the public administrator with respect to the property, a safe-deposit box, or a storage facility.

(b) Summary disposition may be made notwithstanding the existence of the decedent's will, if the will does not name an executor or if the named executor refuses to act.

(c) Nothing in this article precludes the public administrator from filing a petition with the court under any other provision of this code concerning the administration of the decedent's estate.

(d) Petitions filed pursuant to this article shall contain the information required by Section 8002.

(e) If a public administrator takes possession or control of an estate pursuant to this chapter, this article conveys the authority of a personal representative as described in Section 9650 to the public administrator to summarily dispose of the estates pursuant to the procedures described in paragraphs (1) and (2) of subdivision (a).

SEC. 8. Section 7661 of the Probate Code is amended to read:

7661. A public administrator acting under authority of this article may:

(a) Withdraw money or take possession of any other property of the decedent that is in the possession or control of a financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person.

(b) Collect any debts owed to the decedent, including, but not limited to, any rents, issues, or profits from the real and personal property in the estate until the estate is distributed.

(c) Sell any personal property of the decedent, including, but not limited to, stocks, bonds, mutual funds and other types of securities. Sales may be made with or without notice, as the public administrator elects. Title to the property sold passes without the need for confirmation by the court.

(d) Sell any real property of the decedent. The sale shall be accomplished through one of the following procedures:

(1) The sale may be conducted subject to Article 6 (commencing with Section 10300) of Chapter 18 of Part 5.

(2) With approval specified in the original court order for summary disposition of the estate, the sale of real property may be accomplished using a Notice of Proposed Action according to the following requirements:

(A) The publication of the sale shall be accomplished according to Sections 10300 to 10307, inclusive.

(B) The appraisal of the property and determination of the minimum sale price of 90 percent of the appraised value shall be accomplished according to Section 10309.

(C) If an offer meets the approval of the public administrator and the offered price is at least 90 percent of the appraised value, a notice of proposed action shall be made according to Sections 10581 to 10588, inclusive. If objection is not made to the notice of proposed action, the sale may be completed without a court confirmation of the sale. The sale may be consummated by recording a public administrator's deed and a copy of the court order for summary disposition that authorized the use of the notice of proposed action.

(D) If an objection to the notice of proposed action is made pursuant to Section 10587, the sale shall be confirmed in court according to Sections 10308 to 10316, inclusive. The sale may be consummated by recording an administrator's deed and a copy of the court order confirming the sale.

(E) If objection to the notice of proposed action is not made under Section 10587, the public administrator may still elect to have the sale confirmed in court according to Sections 10308 to 10316, inclusive, if

the public administrator deems that is in the best interest of the estate. Title to the property sold passes with the public administrator's deed.

SEC. 9. Section 7666 of the Probate Code is amended to read:

7666. (a) Except as provided in Section 7623 and in subdivision (b), the compensation payable to the public administrator and the attorney, if any, for the public administrator for the filing of an application pursuant to this chapter and for performance of any duty or service connected therewith is that set out in Part 7 (commencing with Section 10800).

(b) The public administrator is entitled to a minimum compensation of one thousand dollars ($1,000).

SEC. 10. Section 4986.6 of the Revenue and Taxation Code is amended to read:

4986.6. (a) When any real property escheats to the state after the lien date and is not distributed by description, either because it is unknown, or is included in a general distribution clause without description, or is property as to which no probate proceedings have been taken, all taxes levied upon the real property are valid and any tax sale for those taxes conveys the same title thereto as if no escheat had occurred, notwithstanding any provision of law to the contrary. All those taxes levied upon the real property and tax sales duly taken pursuant to law occurring before the effective date of this section are hereby validated.

(b) If real property as described in subdivision (a) is discovered prior to tax sale by delivery to the tax collector of a certified death certificate, the public administrator of the county where the decedent resided at the time of death, and in the county in which the property is situated, if different, shall be notified of the decedent's property that is subject to loss, injury, waste or misappropriation under Section 7600 of the Probate Code. The public administrator of the county where the decedent resided at the time of death shall take possession or control of the property under Section 7601 of Probate Code and conduct a probate investigation as authorized under Sections 7602 and 7603 of the Probate Code. Following the probate investigation, the public administrator shall do one of the following:

(1) If a person with a higher priority cannot be found to assume responsibility for the estate, the public administrator of the county where the decedent resided at the time of death shall immediately commence probate proceedings with respect to the property, and the tax sale may not be made. The probate proceedings may be summary proceedings, as authorized by Section 7660 of the Probate Code, or formal proceedings as authorized by Letters of Administration from the Superior Court under Section 7620 of the Probate Code. A tax sale may not be made until the probate process is completed.

(2) If a person with a higher priority cannot be found to assume responsibility for the estate, and the value of the estate will not cover the taxes, the secured liens, and the cost of probate, the public administrator of the county where the decedent resided at the time of death, as authorized by Section 7603 of Probate Code, shall notify the tax collector in writing that the public administrator has investigated the estate and has determined that the anticipated equity in the property after settlement of all secured liens and taxes does not warrant opening estate administration, at which time the tax sale may proceed.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 27131 of the Government Code is amended to read:

The board of supervisors, in consultation with the county treasurer, shall determine the exact size of the committee, which shall consist of from 3 to 11 members, and the categories from which the members shall be represented, as specified in subdivisions (a) to (g), inclusive, of Section 27132. Members shall be nominated by the treasurer and confirmed by the board of supervisors.

(b) In recognition of the state and local interests served by the action made optional in subdivision (a), the Legislature encourages local agencies to continue taking the action formerly mandated by this section. However, nothing in this subdivision may be construed to impose any liability on a local agency that does not continue to take the formerly mandated action.

SEC. 2. Section 27297.5 of the Government Code is amended to read:

27297.5. (a) Upon recordation of an abstract of judgment or other document creating an involuntary lien affecting the title to real property, unless the county recorder has received from the judgment creditor proof of service pursuant to subdivision (b) of a copy of the document being recorded, the county recorder may, whenever the recorded document evidencing that lien contains the address of the person or persons against whom the involuntary lien is recorded or the address of the judgment debtor's attorney of record, within 10 days notify the person or persons or attorney of record by mail of the recordation.

(b) As an alternative to notice by the recorder, the judgment creditor or lienholder may serve upon the person or persons against whom the abstract of judgment or document creating an involuntary lien is to be recorded, a copy thereof in one of the following ways:

(1) By personal delivery. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, and any other facts necessary to show that service was made in accordance with this paragraph. If there is no address for a person to be served known to the judgment creditor or lienholder, he or she shall append to the abstract of judgment or involuntary lien an affidavit to that effect.

(2) By leaving it at the person's residence or place of business in the care of some person in charge. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, together with the title or capacity of the person accepting service, and any other facts necessary to show that service was made in accordance with this paragraph.

(3) By registered or certified mail, postage prepaid, addressed to the person's residence or place of business. This service is complete at the time of mailing. Proof of service pursuant to this paragraph shall be shown by an affidavit setting forth the fact of service, the name and residence or business address of the person making this service, showing that he or she is a resident of, or employed in, the county where the mailing occurs, the fact that he or she is over the age of 18 years, the date and place of deposit in the mail, the name and address of the person

(c) The judgment creditor may add the actual cost of service pursuant to subdivision (b) to the judgment or involuntary lien. The costs shall not exceed the cost had the abstract of judgment or involuntary lien been recorded pursuant to subdivision (a).

(d) As used in this section, ''involuntary lien'' means a lien that the person or persons against whom the lien is recorded has not executed or has not consented to by contract.

(e) This section shall not apply to the recordation of any documents relating to an involuntary lien in favor of the federal government pursuant to federal law or statute or to the recordation of any state tax lien against real property.

(f) The failure of the county recorder or a judgment creditor or lienholder to notify the person or persons against whom an abstract of judgment or involuntary lien is recorded as authorized by this section shall not affect the constructive notice otherwise imparted by recordation, nor shall it affect the force, effect, or priority otherwise accorded the lien.

(g) In the event that the notice is returned to the recorder by the postal service as undeliverable, the recorder is not required to retain the returned notice.

(h) In recognition of the state and local interests served by the action made optional in subdivision (a), the Legislature encourages the county recorder to continue taking the action formerly mandated by this section. However, nothing in this subdivision may be construed to impose any liability on a local agency that does not continue to take the formerly mandated action.

(e) For local agency investments that have been placed in the Local Agency Investment Fund, created by Section 16429.1, in National Credit Union Share Insurance Fund-insured accounts in a credit union, in accounts insured or guaranteed pursuant to Section 14858 of the Financial Code, or in Federal Deposit Insurance Corporation-insured accounts in a bank or savings and loan association, in a county investment pool, or any combination of these, the treasurer or chief fiscal officer may supply to the governing body, chief executive officer, and the auditor of the local agency the most recent statement or statements received by the local agency from these institutions in lieu of the information required by paragraph (1) of subdivision (b) regarding investments in these institutions.

(f) The treasurer or chief fiscal officer shall not be required to render a quarterly report, as required by subdivision (b), to a legislative body or any oversight committee of a school district or county office of education for securities, investments, or moneys held by the school

district or county office of education in individual accounts that are less than twenty-five thousand dollars ($25,000).

(g) Except as provided in subdivisions (h) and (i), each city, county, or city and county shall submit copies of its second and fourth quarter reports to the California Debt and Investment Advisory Commission within 60 days after the close of the second and fourth quarters of each calendar year. Any city, county, or city and county not required to submit a report pursuant to subdivision (h) or (i) shall file with the commission a written statement within 60 days of the end of the second and fourth quarters of the calendar year stating the distribution and amount of its investment portfolio and that it is therefore not subject to this reporting requirement. This subdivision shall become inoperative on January 1, 2007.

(h) A city shall not be required to submit a quarterly report to the commission if, during the entire reporting period, the city has maintained 100 percent of its investment portfolio in (1) the treasury of the county in which it is located for investment by the county treasurer pursuant to Section 53684, (2) the Local Agency Investment Fund created by Section 16429.1, (3) National Credit Union Share Insurance Fund-insured accounts in a credit union, in accounts insured or guaranteed pursuant to Section 14858 of the Financial Code, or in Federal Deposit Insurance Corporation-insured accounts in a bank or savings and loan association, or (4) in any combination of these.

(i) A county or city and county shall not be required to submit a quarterly report to the commission if, during the entire reporting period, the county has maintained 100 percent of its investment portfolio in (1) the Local Agency Investment Fund created by Section 16429.1, (2) National Credit Union Share Insurance Fund-insured accounts in a credit union, in accounts insured or guaranteed pursuant to Section 14858 of the Financial Code, or in Federal Deposit Insurance Corporation-insured accounts in a bank or savings and loan association, or (3) in any combination of these.

(j) The city, county, or city and county investor of any public funds, no later than 60 days after the close of the second quarter of each calendar year and 60 days after the subsequent amendments thereto, shall provide the statement of investment policy required pursuant to this section, to the California Debt and Investment Advisory Commission.

(k) In recognition of the state and local interests served by the actions made optional in subdivisions (a) and (b), the Legislature encourages the local agency officials to continue taking the actions formerly mandated by this section. However, nothing in this subdivision may be construed to impose any liability on a local agency that does not continue to take the formerly mandated action.

SEC. 4. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor, including a violation of any city or county ordinance, and does not demand to be taken before a magistrate, that person shall, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the person is released, the officer or his or her superior shall prepare in duplicate a written notice to appear in court, containing the name and address of the person, the offense charged, and the time when, and place where, the person shall appear in court. If, pursuant to subdivision (i), the person is not released prior to being booked and the officer in charge of the booking or his or her superior determines that the person should be released, the officer or his or her superior shall prepare a written notice to appear in a court.

In any case in which a person is arrested for a misdemeanor violation of a protective court order involving domestic violence, as defined in subdivision (b) of Section 13700, or arrested pursuant to a policy, as described in Section 13701, the person shall be taken before a magistrate instead of being released according to the procedures set forth in this chapter, unless the arresting officer determines that there is not a reasonable likelihood that the offense will continue or resume or that the safety of persons or property would be imminently endangered by release of the person arrested. Prior to adopting these provisions, each city, county, or city and county shall develop a protocol to assist officers to determine when arrest and release is appropriate, rather than taking the arrested person before a magistrate. The county shall establish a committee to develop the protocol, consisting of, at a minimum, the police chief or county sheriff within the jurisdiction, the district attorney, county counsel, city attorney, representatives from domestic violence shelters, domestic violence councils, and other relevant community agencies.

Nothing in this subdivision shall be construed to affect a defendant's ability to be released on bail or on his or her own recognizance.

(b) Unless waived by the person, the time specified in the notice to appear shall be at least 10 days after arrest if the duplicate notice is to be filed by the officer with the magistrate.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by that court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, shall give his or her written promise to appear in court as specified in the notice by signing the duplicate notice which shall be retained by the officer, and the officer may require the arrested person, if he or she has

no satisfactory identification, to place a right thumbprint, or a left thumbprint or fingerprint if the person has a missing or disfigured right thumb, on the notice to appear. Except for law enforcement purposes relating to the identity of the arrestee, no person or entity may sell, give away, allow the distribution of, include in a database, or create a database with, this print. Upon the signing of the duplicate notice, the arresting officer shall immediately release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice, as follows:

(1) It shall be filed with the magistrate if the offense charged is an infraction.

(2) It shall be filed with the magistrate if the prosecuting attorney has previously directed the officer to do so.

(3) The duplicate notice and underlying police reports in support of the charge or charges shall be filed with the prosecuting attorney in cases other than those specified in paragraphs (1) and (2).

If the duplicate notice is filed with the prosecuting attorney, he or she, within his or her discretion, may initiate prosecution by filing the notice or a formal complaint with the magistrate specified in the duplicate notice within 25 days from the time of arrest. If the prosecution is not to be initiated, the prosecutor shall send notice to the person arrested at the address on the notice to appear. The failure by the prosecutor to file the notice or formal complaint within 25 days of the time of the arrest shall not bar further prosecution of the misdemeanor charged in the notice to appear. However, any further prosecution shall be preceded by a new and separate citation or an arrest warrant.

Upon the filing of the notice with the magistrate by the officer, or the filing of the notice or formal complaint by the prosecutor, the magistrate may fix the amount of bail that in his or her judgment, in accordance with Section 1275, is reasonable and sufficient for the appearance of the defendant and shall endorse upon the notice a statement signed by him or her in the form set forth in Section 815a. The defendant may, prior to the date upon which he or she promised to appear in court, deposit with the magistrate the amount of bail set by the magistrate. At the time the case is called for arraignment before the magistrate, if the defendant does not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may, in his or her discretion, order that no further proceedings shall be had in the case, unless the defendant has been charged with a violation of Section 374.3 or 374.7 of this code or of Section 11357, 11360, or 13002 of the Health and Safety Code, or a violation punishable under Section 5008.7 of the Public Resources Code, and he or she has previously been convicted of a violation of that section or a violation that is punishable under that section, except in cases where the magistrate finds that undue hardship will be imposed

upon the defendant by requiring him or her to appear, the magistrate may declare the bail forfeited and order that no further proceedings be had in the case.

Upon the making of the order that no further proceedings be had, all sums deposited as bail shall immediately be paid into the county treasury for distribution pursuant to Section 1463.

(f) No warrant shall be issued for the arrest of a person who has given a written promise to appear in court, unless and until he or she has violated that promise or has failed to deposit bail, to appear for arraignment, trial, or judgment or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer may book the arrested person prior to release or indicate on the citation that the arrested person shall appear at the arresting agency to be booked or indicate on the citation that the arrested person shall appear at the arresting agency to be fingerprinted prior to the date the arrested person appears in court. If it is indicated on the citation that the arrested person shall be booked or fingerprinted prior to the date of the person's court appearance, the arresting agency at the time of booking or fingerprinting shall provide the arrested person with verification of the booking or fingerprinting by making an entry on the citation. If it is indicated on the citation that the arrested person is to be booked or fingerprinted, the magistrate, judge, or court shall, before the proceedings begin, order the defendant to provide verification that he or she was booked or fingerprinted by the arresting agency. If the defendant cannot produce the verification, the magistrate, judge, or court shall require that the defendant be booked or fingerprinted by the arresting agency before the next court appearance, and that the defendant provide the verification at the next court appearance unless both parties stipulate that booking or fingerprinting is not necessary.

(h) A peace officer shall use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person without a warrant pursuant to Section 836 or in which he or she has taken custody of a person pursuant to Section 847.

(i) Whenever any person is arrested by a peace officer for a misdemeanor, that person shall be released according to the procedures set forth by this chapter unless one of the following is a reason for nonrelease, in which case the arresting officer may release the person, or the arresting officer shall indicate, on a form to be established by his or her employing law enforcement agency, which of the following was a reason for the nonrelease:

(1) The person arrested was so intoxicated that he or she could have been a danger to himself or herself or to others.

(2) The person arrested required medical examination or medical care or was otherwise unable to care for his or her own safety.

(3) The person was arrested under one or more of the circumstances listed in Sections 40302 and 40303 of the Vehicle Code.

(4) There were one or more outstanding arrest warrants for the person.

(5) The person could not provide satisfactory evidence of personal identification.

(6) The prosecution of the offense or offenses for which the person was arrested, or the prosecution of any other offense or offenses, would be jeopardized by immediate release of the person arrested.

(7) There was a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by release of the person arrested.

(8) The person arrested demanded to be taken before a magistrate or refused to sign the notice to appear.

(9) There is reason to believe that the person would not appear at the time and place specified in the notice. The basis for this determination shall be specifically stated.

The form shall be filed with the arresting agency as soon as practicable and shall be made available to any party having custody of the arrested person, subsequent to the arresting officer, and to any person authorized by law to release him or her from custody before trial.

(j) Once the arresting officer has prepared the written notice to appear and has delivered a copy to the person arrested, the officer shall deliver the remaining original and all copies as provided by subdivision (e).

Any person, including the arresting officer and any member of the officer's department or agency, or any peace officer, who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed, the face side of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the magistrate or with a person authorized by the magistrate to receive deposit of bail, is guilty of a misdemeanor.

If, after an arrested person has signed and received a copy of a notice to appear, the arresting officer determines that, in the interest of justice, the citation or notice should be dismissed, the arresting agency may recommend, in writing, to the magistrate that the charges be dismissed. The recommendation shall cite the reasons for the recommendation and shall be filed with the court.

If the magistrate makes a finding that there are grounds for dismissal, the finding shall be entered in the record and the charges dismissed.

Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal.

(k) (1) A person contesting a charge by claiming under penalty of perjury not to be the person issued the notice to appear may choose to submit a right thumbprint, or a left thumbprint if the person has a missing

or disfigured right thumb, to the issuing court through his or her local law enforcement agency for comparison with the one placed on the notice to appear. A local law enforcement agency providing this service may charge the requester no more than the actual costs. The issuing court may refer the thumbprint submitted and the notice to appear to the prosecuting attorney for comparison of the thumbprints. When there is no thumbprint or fingerprint on the notice to appear, or when the comparison of thumbprints is inconclusive, the court shall refer the notice to appear or copy thereof back to the issuing agency for further investigation, unless the court finds that referral is not in the interest of justice.

(2) Upon initiation of the investigation or comparison process by referral of the court, the court shall continue the case and the speedy trial period shall be tolled for 45 days.

(3) Upon receipt of the issuing agency's or prosecuting attorney's response, the court may make a finding of factual innocence pursuant to Section 530.6 if the court determines that there is insufficient evidence that the person cited is the person charged and shall immediately notify the Department of Motor Vehicles of its determination. If the Department of Motor Vehicles determines the citation or citations in question formed the basis of a suspension or revocation of the person's driving privilege, the department shall immediately set aside the action.

(4) If the prosecuting attorney or issuing agency fails to respond to a court referral within 45 days, the court shall make a finding of factual innocence pursuant to Section 530.6, unless the court finds that a finding of factual innocence is not in the interest of justice.

(5) The citation or notice to appear may be held by the prosecuting attorney or issuing agency for future adjudication should the arrestee who received the citation or notice to appear be found.

(*l*) For purposes of this section, the term ''arresting agency'' includes any other agency designated by the arresting agency to provide booking or fingerprinting services.

SEC. 5. Section 63.1 of the Revenue and Taxation Code is amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include the following purchases or transfers for which a claim is filed pursuant to this section:

(1) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(2) The purchase or transfer of the first one million dollars ($1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(3) (A) Subject to subparagraph (B), the purchase or transfer of real property described in paragraphs (1) and (2) of subdivision (a) occurring on or after March 27, 1996, between grandparents and their grandchild or grandchildren, if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of purchase or transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1) of subdivision (a). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (2) of subdivision (a) and the full cash value of a principal residence that fails to qualify for exclusion as a result of the preceding sentence shall be included in applying, for purposes of paragraph (2) of subdivision (a), the one million dollar ($1,000,000) full cash value limit specified in paragraph (2) of subdivision (a).

(b) (1) For purposes of paragraph (1) of subdivision (a), ''principal residence'' means a dwelling for which a homeowners' exemption or a disabled veterans' residence exemption has been granted in the name of the eligible transferor. ''Principal residence'' includes only that portion of the land underlying the principal residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one million dollar ($1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one million dollar ($1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) ''Purchase or transfer between parents and their children'' means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) ''Purchase or transfer of real property between grandparents and their grandchild or grandchildren'' means a purchase or transfer on or after March 27, 1996, from a grandparent or grandparents to a grandchild or grandchildren if all of the parents of that grandchild or those grandchildren who qualify as the children of the grandparents are deceased as of the date of the transfer. For purposes of this section, the date of any transfer between grandparents and their grandchildren under a will or by intestate succession shall be the date of the decedent's death.

(3) ''Children'' means any of the following:

(A) Any child born of the parent or parents, except a child, as defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(4) ''Grandchild'' or ''grandchildren'' means any child or children of the child or children of the grandparent or grandparents.

(5) ''Full cash value'' means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(6) ''Eligible transferor'' means a grandparent, parent, or child of an eligible transferee.

(7) ''Eligible transferee'' means a parent, child, or grandchild of an eligible transferor.

(8) ''Real property'' means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(9) ''Transfer'' includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(10) ''Social security number'' also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate, signed and made under penalty of perjury that the transferee is a grandparent, parent, child, or grandchild of the transferor and that the transferor is his or her parent, child, or grandparent. In the case of a grandparent-grandchild transfer, the written certification shall also include a certification that all the parents of the grandchild or grandchildren who qualify as children of the grandparents were deceased as of the date of the purchase or transfer and that the grandchild or grandchildren did or did not receive a principal residence excludable under paragraph (1) of subdivision (a) from the deceased parents, and that the grandchild or grandchildren did or did not receive real property other than a principal residence excludable under paragraph (2) of subdivision (a) from the deceased parents. The claimant shall provide legal substantiation of any matter certified pursuant to this subparagraph at the request of the county assessor.

(B) A written certification by the transferor, the transferor's legal representative, or the executor or administrator of the transferor's estate, signed and made under penalty of perjury that the transferor is a grandparent, parent, or child of the transferee and that the transferor is seeking the exclusion under this section and will not file a claim to transfer the base year value of the property under Section 69.5.

(C) A written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the social security number of each eligible transferor, and the names of the eligible transferees of that property.

(D) If there are multiple transferees, the certification and signature may be made by any one of the transferees, if both of the following conditions are met:

(i) The transferee has actual knowledge that, and the certification signed by the transferee states that, all of the transferees are eligible transferees within the meaning of this section.

(ii) The certification is signed by the transferee as a true statement made under penalty of perjury.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (d) of Section 51 by the assessor of the county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) (1) The State Board of Equalization shall design the form for claiming eligibility. Except as provided in paragraph (2), any claim under this section shall be filed:

(A) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(B) For transfers of real property between parents and their children occurring on or after September 30, 1990, and for the purchase or transfer of real property between grandparents and their grandchildren occurring on or after March 27, 1996, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(C) Notwithstanding subparagraphs (A) and (B), a claim shall be deemed to be timely filed if it is filed within six months after the date of

mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(2) In the case in which the real property subject to purchase or transfer has not been transferred to a third party, a claim for exclusion under this section that is filed subsequent to the expiration of the filing periods set forth in paragraph (1) shall be considered by the assessor, subject to all of the following conditions:

(A) Any exclusion granted pursuant to that claim shall apply commencing with the lien date of the assessment year in which the claim is filed.

(B) Under any exclusion granted pursuant to that claim, the adjusted full cash value of the subject real property in the assessment year described in subparagraph (A) shall be the adjusted base year value of the subject real property in the assessment year in which the excluded purchase or transfer took place, factored to the assessment year described in subparagraph (A) for both of the following:

(i) Inflation as annually determined in accordance with paragraph (1) of subdivision (a) of Section 51.

(ii) Any subsequent new construction occurring with respect to the subject real property.

(3) (A) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(B) Paragraph (2) shall apply to purchases or transfers between parents and their children that occurred on or after November 6, 1986, and to purchases or transfers between grandparents and their grandchildren that occurred on or after March 27, 1996.

(4) For purposes of this subdivision, a transfer of real property to a parent or child of the transferor shall not be considered a transfer to a third party.

(f) The assessor may report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the social security number of each eligible transferor, and any other information the board may require in order to monitor the one million dollar ($1,000,000) limitation in paragraph (2) of subdivision (a). In recognition of the state and local interests served by the action made optional in this subdivision, the Legislature encourages the assessor to continue taking the action formerly mandated by this subdivision.

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) (1) Except as provided in paragraph (2), this section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

(2) This section shall apply to purchases or transfers of real property between grandparents and their grandchildren occurring on or after March 27, 1996, and, with respect to purchases or transfers of real property between grandparents and their grandchildren, shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

SEC. 6. Section 21401 of the Vehicle Code is amended to read:

21401. (a) Except as provided in Section 21374, only those official traffic control devices that conform to the uniform standards and specifications promulgated by the Department of Transportation shall be placed upon a street or highway.

(b) Any traffic signal controller that is newly installed or upgraded by the Department of Transportation shall be of a standard traffic signal communication protocol capable of two-way communications. A local authority may follow this requirement.

(c) In recognition of the state and local interests served by the action made optional for a local authority in subdivision (b), the Legislature encourages local agencies to continue taking the action formerly mandated by this section. However nothing in this subdivision may be construed to impose any liability on a local agency that does not continue to take the formerly mandated action.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make necessary statutory changes to fully implement the Budget Act of 2003 at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 890

An act to amend Section 44763 of the Education Code, and to amend Sections 17500, 17513, 17520, 17521, 17522, 17526, 17551, 17553, 17554, 17557, 17558, 17558.5, 17561, 17561.5, 17561.6, 17562, 17564, 17579, 17612, 17615.1, 17615.4, 17616, and 17630 of, to add Sections 17517.5 and 17518.5 to, to repeal Sections 17517, 17610, and 17614 of, and to repeal and add Section 17555 of, the Government Code, relating to state mandates.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 44763 of the Education Code is amended to read:

44763. (a) Notwithstanding Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code or any other provision of law, each state and local government agency shall provide to the Commission on Teacher Credentialing personal information regarding teachers and other certificated personnel as requested by the commission for the purposes of Section 44762.

(b) In accordance with the purpose of safeguarding the privacy rights of individuals, it is the intent of the Legislature that personal information be collected, maintained, and disseminated under this chapter only to the extent required to accomplish the purposes of Section 44762. The Commission on Teacher Credentialing shall establish and maintain specific and appropriate policies and practices that protect the privacy rights of individuals as to whom personal information has been received by the commission, and to otherwise implement the legislative intent set forth in this subdivision.

SEC. 2. Section 17500 of the Government Code is amended to read:

17500. The Legislature finds and declares that the existing system for reimbursing local agencies and school districts for the costs of state-mandated local programs has not provided for the effective determination of the state's responsibilities under Section 6 of Article XIII B of the California Constitution. The Legislature finds and declares that the failure of the existing process to adequately and consistently resolve the complex legal questions involved in the determination of state-mandated costs has led to an increasing reliance by local agencies and school districts on the judiciary and, therefore, in order to relieve unnecessary congestion of the judicial system, it is necessary to create a mechanism which is capable of rendering sound quasi-judicial

decisions and providing an effective means of resolving disputes over the existence of state-mandated local programs.

It is the intent of the Legislature in enacting this part to provide for the implementation of Section 6 of Article XIII B of the California Constitution. Further, the Legislature intends that the Commission on State Mandates, as a quasi-judicial body, will act in a deliberative manner in accordance with the requirements of Section 6 of Article XIII B of the California Constitution.

SEC. 3. Section 17513 of the Government Code is amended to read:

17513. ''Costs mandated by the federal government'' means any increased costs incurred by a local agency or school district after January 1, 1973, in order to comply with the requirements of a federal statute or regulation. ''Costs mandated by the federal government'' includes costs resulting from enactment of a state law or regulation where failure to enact that law or regulation to meet specific federal program or service requirements imposed upon the state would result in substantial monetary penalties or loss of funds to public or private persons in the state whether the federal law was enacted before or after the enactment of the state law, regulation, or executive order. ''Costs mandated by the federal government'' does not include costs which are specifically reimbursed or funded by the federal or state government or programs or services which may be implemented at the option of the state, local agency, or school district.

SEC. 4. Section 17517 of the Government Code is repealed.

SEC. 5. Section 17517.5 is added to the Government Code, to read:

17517.5. ''Cost savings authorized by the state'' means any decreased costs that a local agency or school district realizes as a result of any statute enacted or any executive order adopted that permits or requires the discontinuance of or a reduction in the level of service of an existing program that was mandated before January 1, 1975.

SEC. 6. Section 17518.5 is added to the Government Code, to read:

17518.5. (a) ''Reasonable reimbursement methodology'' means a formula for reimbursing local agency and school district costs mandated by the state that meets the following conditions:

(1) The total amount to be reimbursed statewide is equivalent to total estimated local agency and school district costs to implement the mandate in a cost-efficient manner.

(2) For 50 percent or more of eligible local agency and school district claimants, the amount reimbursed is estimated to fully offset their projected costs to implement the mandate in a cost-efficient manner.

(b) Whenever possible, a reasonable reimbursement methodology shall be based on general allocation formulas, uniform cost allowances, and other approximations of local costs mandated by the state, rather than detailed documentation of actual local costs. In cases when local

agencies and school districts are projected to incur costs to implement a mandate over a period of more than one fiscal year, the determination of a reasonable reimbursement methodology may consider local costs and state reimbursements over a period of greater than one fiscal year, but not exceeding 10 years.

(c) A reasonable reimbursement methodology may be developed by any of the following:

(1) The Department of Finance.

(2) The Controller.

(3) An affected state agency.

(4) A claimant.

(5) An interested party.

SEC. 7. Section 17520 of the Government Code is amended to read:

17520. ''Special district'' means any agency of the state that performs governmental or proprietary functions within limited boundaries. ''Special district'' includes a county service area, a maintenance district or area, an improvement district or improvement zone, or any other zone or area. ''Special district'' does not include a city, a county, a school district, or a community college district.

County free libraries established pursuant to Chapter 2 (commencing with Section 27151) of Division 20 of the Education Code, areas receiving county fire protection services pursuant to Section 25643 of the Government Code, and county road districts established pursuant to Chapter 7 (commencing with Section 1550) of Division 2 of the Streets and Highways Code shall be considered ''special districts'' for all purposes of this part.

SEC. 8. Section 17521 of the Government Code is amended to read:

17521. ''Test claim'' means the first claim filed with the commission alleging that a particular statute or executive order imposes costs mandated by the state.

SEC. 9. Section 17522 of the Government Code is amended to read:

17522. (a) ''Initial reimbursement claim'' means a claim filed with the Controller by a local agency or school district for costs to be reimbursed for the fiscal years specified in the first claiming instructions issued by the Controller pursuant to subdivision (b) of Section 17558.

(b) ''Annual reimbursement claim'' means a claim for actual costs incurred in a prior fiscal year filed with the Controller by a local agency or school district for which appropriations are made to the Controller for this purpose.

(c) ''Estimated reimbursement claim'' means a claim filed with the Controller by a local agency or school district in conjunction with an initial reimbursement claim, annual reimbursement claim, or at other times, for estimated costs to be reimbursed during the current or future

fiscal years, for which appropriations are made to the Controller for this purpose.

(d) ''Entitlement claim'' means a claim filed by a local agency or school district with the Controller for the purpose of establishing or adjusting a base year entitlement. All entitlement claims are subject to Section 17616.

SEC. 10. Section 17526 of the Government Code is amended to read:

17526. (a) All meetings of the commission shall be open to the public, except that the commission may meet in executive session to consider the appointment or dismissal of officers or employees of the commission or to hear complaints or charges brought against a member, officer, or employee of the commission.

(b) The commission shall meet at least once every two months.

(c) The time and place of meetings may be set by resolution of the commission, by written petition of a majority of the members, or by written call of the chairperson. The chairperson may, for good cause, change the starting time or place, reschedule, or cancel any meeting.

SEC. 11. Section 17551 of the Government Code is amended to read:

17551. (a) The commission, pursuant to the provisions of this chapter, shall hear and decide upon a claim by a local agency or school district that the local agency or school district is entitled to be reimbursed by the state for costs mandated by the state as required by Section 6 of Article XIII B of the California Constitution.

(b) Commission review of claims may be had pursuant to subdivision (a) only if the test claim is filed within the time limits specified in this section.

(c) Local agency and school district test claims shall be filed not later than 12 months following the effective date of a statute or executive order, or within 12 months of incurring increased costs as a result of a statute or executive order, whichever is later.

(d) The commission, pursuant to the provisions of this chapter, shall hear and decide upon a claim by a local agency or school district filed on or after January 1, 1985, that the Controller has incorrectly reduced payments to the local agency or school district pursuant to paragraph (2) of subdivision (d) of Section 17561.

SEC. 12. Section 17553 of the Government Code is amended to read:

17553. (a) The commission shall adopt procedures for receiving claims pursuant to this article and for providing a hearing on those claims. The procedures shall do all of the following:

(1) Provide for presentation of evidence by the claimant, the Department of Finance and any other affected department or agency, and any other interested person.

(2) Ensure that a statewide cost estimate is adopted within 12 months after receipt of a test claim, when a determination is made by the commission that a mandate exists. This deadline may be extended for up to six months upon the request of either the claimant or the commission.

(3) Permit the hearing of a claim to be postponed at the request of the claimant, without prejudice, until the next scheduled hearing.

(b) All test claims shall be filed on a form prescribed by the commission and shall contain at least the following elements and documents:

(1) A written narrative that identifies the specific sections of statutes or executive orders alleged to contain a mandate and shall include all of the following:

(A) A detailed description of the new activities and costs that arise from the mandate.

(B) A detailed description of existing activities and costs that are modified by the mandate.

(C) The actual increased costs incurred by the claimant during the fiscal year for which the claim was filed to implement the alleged mandate.

(D) The actual or estimated annual costs that will be incurred by the claimant to implement the alleged mandate during the fiscal year immediately following the fiscal year for which the claim was filed.

(E) A statewide cost estimate of increased costs that all local agencies or school districts will incur to implement the alleged mandate during the fiscal year immediately following the fiscal year for which the claim was filed.

(F) Identification of all of the following:

(i) Dedicated state funds appropriated for this program.

(ii) Dedicated federal funds appropriated for this program.

(iii) Other nonlocal agency funds dedicated for this program.

(iv) The local agency's general purpose funds for this program.

(v) Fee authority to offset the costs of this program.

(G) Identification of prior mandate determinations made by the Board of Control or the Commission on State Mandates that may be related to the alleged mandate.

(2) The written narrative shall be supported with declarations under penalty of perjury, based on the declarant's personal knowledge, information or belief, and signed by persons who are authorized and competent to do so, as follows:

(A) Declarations of actual or estimated increased costs that will be incurred by the claimant to implement the alleged mandate.

(B) Declarations identifying all local, state, or federal funds, or fee authority that may be used to offset the increased costs that will be incurred by the claimant to implement the alleged mandate, including direct and indirect costs.

(C) Declarations describing new activities performed to implement specified provisions of the new statute or executive order alleged to impose a reimbursable state-mandated program. Specific references shall be made to chapters, articles, sections, or page numbers alleged to impose a reimbursable state-mandated program.

(3) (A) The written narrative shall be supported with copies of all of the following:

(i) The test claim statute that includes the bill number or executive order, alleged to impose or impact a mandate.

(ii) Relevant portions of state constitutional provisions, federal statutes, and executive orders that may impact the alleged mandate.

(iii) Administrative decisions and court decisions cited in the narrative.

(B) State mandate determinations made by the Board of Control and the Commission on State Mandates and published court decisions on state mandate determinations made by the Commission on State Mandates are exempt from this requirement.

(4) A test claim shall be signed at the end of the document, under penalty of perjury by the claimant or its authorized representative, with the declaration that the test claim is true and complete to the best of the declarant's personal knowledge or information or belief. The date of signing, the declarant's title, address, telephone number, facsimile machine telephone number, and electronic mail address shall be included.

(c) If a completed test claim is not received by the commission within 30 calendar days from the date that an incomplete test claim was returned by the commission, the original test claim filing date may be disallowed, and a new test claim may be accepted on the same statute or executive order.

(d) In addition, the commission shall determine whether an incorrect reduction claim is complete within 10 days after the date that the incorrect reduction claim is filed. If the commission determines that an incorrect reduction claim is not complete, the commission shall notify the local agency and school district that filed the claim stating the reasons that the claim is not complete. The local agency or school district shall have 30 days to complete the claim. The commission shall serve a copy of the complete incorrect reduction claim on the Controller. The Controller shall have no more than 90 days after the date the claim is delivered or mailed to file any rebuttal to an incorrect reduction claim. The failure of the Controller to file a rebuttal to an incorrect reduction

claim shall not serve to delay the consideration of the claim by the commission.

SEC. 13. Section 17554 of the Government Code is amended to read:

17554. With the agreement of all parties to the claim, the commission may waive the application of any procedural requirement imposed by this chapter or pursuant to Section 17553. The authority granted by this section includes the consolidation of claims and the shortening of time periods.

SEC. 14. Section 17555 of the Government Code is repealed.

SEC. 15. Section 17555 is added to the Government Code, to read:

17555. (a) No later than 30 days after hearing and deciding upon a test claim pursuant to subdivision (a) of Section 17551, the commission shall notify the appropriate Senate and Assembly policy and fiscal committees, the Legislative Analyst, the Department of Finance, and the Controller of that decision.

(b) For purposes of this section, the ''appropriate policy committee'' means the policy committee that has jurisdiction over the subject matter of the statute, regulation, or executive order, and bills relating to that subject matter would have been heard.

SEC. 16. Section 17557 of the Government Code is amended to read:

17557. (a) If the commission determines there are costs mandated by the state pursuant to Section 17551, it shall determine the amount to be subvened to local agencies and school districts for reimbursement. In so doing it shall adopt parameters and guidelines for reimbursement of any claims relating to the statute or executive order. The successful test claimants shall submit proposed parameters and guidelines within 30 days of adoption of a statement of decision on a test claim. At the request of a successful test claimant, the commission may provide for one or more extensions of this 30-day period at any time prior to its adoption of the parameters and guidelines. If proposed parameters and guidelines are not submitted within the 30-day period and the commission has not granted an extension, then the commission shall notify the test claimant that the amount of reimbursement the test claimant is entitled to for the first 12 months of incurred costs will be reduced by 20 percent, unless the test claimant can demonstrate to the commission why an extension of the 30-day period is justified.

(b) In adopting parameters and guidelines, the commission may adopt a reasonable reimbursement methodology.

(c) The parameters and guidelines adopted by the commission shall specify the fiscal years for which local agencies and school districts shall be reimbursed for costs incurred. However, the commission may not

specify in the parameters and guidelines any fiscal year for which payment could be provided in the annual Budget Act.

(d) A local agency, school district, or the state may file a written request with the commission to amend, modify, or supplement the parameters or guidelines. The commission may, after public notice and hearing, amend, modify, or supplement the parameters and guidelines. A parameters and guidelines amendment submitted within 90 days of the claiming deadline for initial claims, as specified in the claiming instructions pursuant to Section 17561, shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A parameters and guidelines amendment filed more than 90 days after the claiming deadline for initial claims, as specified in the claiming instructions pursuant to Section 17561, and on or before January 15 following a fiscal year, shall establish reimbursement eligibility for that fiscal year.

(e) A test claim shall be submitted on or before June 30 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year. The claimant may thereafter amend the test claim at any time, but before the test claim is set for a hearing, without affecting the original filing date as long as the amendment substantially relates to the original test claim.

(f) In adopting parameters and guidelines, the commission shall consult with the Department of Finance, the affected state agency, the Controller, the fiscal and policy committees of the Assembly and Senate, the Legislative Analyst, and the claimants to consider a reasonable reimbursement methodology that balances accuracy with simplicity.

SEC. 17. Section 17558 of the Government Code is amended to read:

17558. (a) The commission shall submit the adopted parameters and guidelines to the Controller. All claims relating to a statute or executive order that are filed after the adoption or amendment of parameters and guidelines pursuant to Section 17557 shall be transferred to the Controller who shall pay and audit the claims from funds made available for that purpose.

(b) Not later than 60 days after receiving the adopted parameters and guidelines from the commission, the Controller shall issue claiming instructions for each mandate that requires state reimbursement, to assist local agencies and school districts in claiming costs to be reimbursed. In preparing claiming instructions, the Controller shall request assistance from the Department of Finance and may request the assistance of other state agencies. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the commission.

(c) The Controller shall, within 60 days after receiving revised adopted parameters and guidelines from the commission or other information necessitating a revision of the claiming instructions, prepare and issue revised claiming instructions for mandates that require state reimbursement that have been established by commission action pursuant to Section 17557 or after any decision or order of the commission pursuant to Section 17551. In preparing revised claiming instructions, the Controller may request the assistance of other state agencies.

SEC. 18. Section 17558.5 of the Government Code is amended to read:

17558.5. (a) A reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced.

(b) The Controller may conduct a field review of any claim after the claim has been submitted, prior to the reimbursement of the claim.

(c) The Controller shall notify the claimant in writing within 30 days after issuance of a remittance advice of any adjustment to a claim for reimbursement that results from an audit or review. The notification shall specify the claim components adjusted, the amounts adjusted, interest charges on claims adjusted to reduce the overall reimbursement to the local agency or school district, and the reason for the adjustment. Remittance advices and other notices of payment action shall not constitute notice of adjustment from an audit or review.

(d) The interest rate charged by the Controller on reduced claims shall be set at the Pooled Money Investment Account rate and shall be imposed on the dollar amount of the overpaid claim from the time the claim was paid until overpayment is satisfied.

(e) Nothing in this section shall be construed to limit the adjustment of payments when inaccuracies are determined to be the result of the intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the claimant or inability to reach agreement on terms of final settlement.

SEC. 19. Section 17561 of the Government Code is amended to read:

17561. (a) The state shall reimburse each local agency and school district for all ''costs mandated by the state,'' as defined in Section 17514.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill subsequent to the enactment of the local government claims bill pursuant to Section 17600 that includes the amounts awarded relating to these chaptered bills or executive orders.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall pay any eligible claim pursuant to this section within 60 days after the filing deadline for claims for reimbursement or 15 days after the date the appropriation for the claim is effective, whichever is later. The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies that would otherwise collect the costs of these mandates from local agencies or school districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) For initial reimbursement claims, the Controller shall issue claiming instructions to the relevant local agencies and school districts pursuant to Section 17558. Issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the commission.

(A) When claiming instructions are issued by the Controller pursuant to Section 17558 for each mandate determined pursuant to Section 17551 that requires state reimbursement, each local agency or school district to which the mandate is applicable shall submit claims for initial fiscal year costs to the Controller within 120 days of the issuance date for the claiming instructions.

(B) When the commission is requested to review the claiming instructions pursuant to Section 17571, each local agency or school district to which the mandate is applicable shall submit a claim for reimbursement within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller.

(C) If the local agency or school district does not submit a claim for reimbursement within the 120-day period, or submits a claim pursuant to revised claiming instructions, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, and (ii) may reduce any claim that the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (A) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (B) may reduce any claim that the Controller determines is excessive or unreasonable, and (C) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years.

(3) When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. All initial reimbursement claims for all fiscal years required to be filed on their initial filing date for a state-mandated local program shall be considered as one claim for the purpose of computing any late claim penalty. Any claim for initial reimbursement filed after the filing deadline shall be reduced by 10 percent of the amount that would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case may a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates contained in a claims bill.

SEC. 20. Section 17561.5 of the Government Code is amended to read:

17561.5. The payment of an initial reimbursement claim by the Controller shall include accrued interest at the Pooled Money Investment Account rate, if the payment is being made more than 365 days after adoption of the statewide cost estimate for an initial claim or, in the case of payment of a subsequent claim relating to that same statute or executive order, if payment is being made more than 60 days after the filing deadline for, or the actual date of receipt of, the subsequent claim, whichever is later. In those instances, interest shall begin to accrue as of the 366th day after adoption of the statewide cost estimate for an initial claim and as of the 61st day after the filing deadline for, or actual date of receipt of, the subsequent claim, whichever is later.

SEC. 21. Section 17561.6 of the Government Code is amended to read:

17561.6. A budget act item or appropriation pursuant to this part for reimbursement of claims shall include an amount necessary to reimburse any interest due pursuant to Section 17561.5.

SEC. 22. Section 17562 of the Government Code is amended to read:

17562. (a) The Legislature hereby finds and declares that the increasing revenue constraints on state and local government and the increasing costs of financing state-mandated local programs make evaluation of state-mandated local programs imperative. Accordingly, it is the intent of the Legislature to increase information regarding state mandates and establish a method for regularly reviewing the costs and benefits of state-mandated local programs.

(b) The Controller shall submit a report to the Joint Legislative Budget Committee and fiscal committees by January 1 of each year. This report shall summarize, by state mandate, the total amount of claims paid per fiscal year and the amount, if any, of mandate deficiencies or surpluses. This report shall be made available in an electronic spreadsheet format. The report shall compare the annual cost of each mandate to the statewide cost estimate adopted by the commission.

(c) After the commission submits its second semiannual report to the Legislature pursuant to Section 17600, the Legislative Analyst shall submit a report to the Joint Legislative Budget Committee and legislative fiscal committees on the mandates included in the commission's reports. The report shall make recommendations as to whether the mandate should be repealed, funded, suspended, or modified.

(d) In its annual analysis of the Budget Bill and based on information provided pursuant to subdivision (b), the Legislative Analyst shall identify mandates that significantly exceed the statewide cost estimate adopted by the commission. The Legislative Analyst shall make

recommendations on whether the mandate should be repealed, funded, suspended, or modified.

(e) (1) A statewide association of local agencies or school districts or a Member of the Legislature may submit a proposal to the Legislature recommending the elimination or modification of a state-mandated local program. To make such a proposal, the association or member shall submit a letter to the Chairs of the Assembly Committee on Education or the Assembly Committee on Local Government, as the case may be, and the Senate Committee on Education or the Senate Committee on Local Government, as the case may be, specifying the mandate and the concerns and recommendations regarding the mandate. The association or member shall include in the proposal all information relevant to the conclusions. If the chairs of the committees desire additional analysis of the submitted proposal, the chairs may refer the proposal to the Legislative Analyst for review and comment. The chairs of the committees may refer up to a total of 10 of these proposals to the Legislative Analyst for review in any year. Referrals shall be submitted to the Legislative Analyst by December 1 of each year.

(2) The Legislative Analyst shall review and report to the Legislature with regard to each proposal that is referred to the office pursuant to paragraph (1). The Legislative Analyst shall recommend that the Legislature adopt, reject, or modify the proposal. The report and recommendations shall be submitted annually to the Legislature by March 1 of the year subsequent to the year in which referrals are submitted to the Legislative Analyst.

(3) The Department of Finance shall review all statutes enacted each year that contain provisions making inoperative Section 17561 or Section 17565 that have resulted in costs or revenue losses mandated by the state that were not identified when the statute was enacted. The review shall identify the costs or revenue losses involved in complying with the statutes. The Department of Finance shall also review all statutes enacted each year that may result in cost savings authorized by the state. The Department of Finance shall submit an annual report of the review required by this subdivision, together with the recommendations as it may deem appropriate, by December 1 of each year.

(f) It is the intent of the Legislature that the Assembly Committee on Local Government and the Senate Committee on Local Government hold a joint hearing each year regarding the following:

(1) The reports and recommendations submitted pursuant to subdivision (e).

(2) The reports submitted pursuant to Sections 17570, 17600, and 17601.

(3) Legislation to continue, eliminate, or modify any provision of law reviewed pursuant to this subdivision. The legislation may be by subject area or by year or years of enactment.

SEC. 23. Section 17564 of the Government Code is amended to read:

17564. (a) No claim shall be made pursuant to Sections 17551 and 17561, nor shall any payment be made on claims submitted pursuant to Sections 17551 and 17561, unless these claims exceed one thousand dollars ($1,000), provided that a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds one thousand dollars ($1,000) even if the individual school district's, direct service district's, or special district's claims do not each exceed one thousand dollars ($1,000). The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district, direct service district, or special district provides to the county superintendent of schools or county and to the Controller, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

(b) Claims for direct and indirect costs filed pursuant to Section 17561 shall be filed in the manner prescribed in the parameters and guidelines and claiming instructions.

SEC. 24. Section 17579 of the Government Code is amended to read:

17579. Any bill introduced or amended for which the Legislative Counsel has determined the bill will mandate a new program or higher level of service pursuant to Section 6 of Article XIII B of the California Constitution shall contain a section specifying that reimbursement shall be made pursuant to this chapter or that the mandate is being disclaimed and the reason therefor.

SEC. 25. Section 17610 of the Government Code is repealed.

SEC. 26. Section 17612 of the Government Code is amended to read:

17612. (a) Immediately upon receipt of the report submitted by the commission pursuant to Section 17600, a local government claims bill shall be introduced in the Legislature. The local government claims bill, at the time of its introduction, shall provide for an appropriation sufficient to pay the estimated costs of these mandates.

(b) The Legislature may amend, modify, or supplement the parameters and guidelines for mandates contained in the local government claims bill. If the Legislature amends, modifies, or supplements the parameters and guidelines, it shall make a declaration in the local government claims bill specifying the basis for the amendment, modification, or supplement.

(c) If the Legislature deletes from a local government claims bill funding for a mandate, the local agency or school district may file in the Superior Court of the County of Sacramento an action in declaratory relief to declare the mandate unenforceable and enjoin its enforcement.

SEC. 27. Section 17614 of the Government Code is repealed.

SEC. 28. Section 17615.1 of the Government Code is amended to read:

17615.1. The commission shall establish a procedure for reviewing, upon request, mandated cost programs for which appropriations have been made by the Legislature for the 1982–83, 1983–84, and 1984–85 fiscal years, or any three consecutive fiscal years thereafter. At the request of the Department of Finance, the Controller, or any local agency or school district receiving reimbursement for the mandated program, the commission shall review the mandated cost program to determine whether the program should be included in the State Mandates Apportionment System. If the commission determines that the State Mandates Apportionment System would accurately reflect the costs of the state-mandated program, the commission shall direct the Controller to include the program in the State Mandates Apportionment System.

SEC. 29. Section 17615.4 of the Government Code is amended to read:

17615.4. (a) When a new mandate imposes costs that are funded either by legislation or in local government claims bills, local agencies and school districts may file reimbursement claims as required by Section 17561, for a minimum of three years after the initial funding of the new mandate.

(b) After actual cost claims are submitted for three fiscal years against such a new mandate, the commission shall determine, upon request of the Controller or a local entity or school district receiving reimbursement for the program, whether the amount of the base year entitlement adjusted by changes in the deflator and workload accurately reflects the costs incurred by the local agency or school district. If the commission determines that the base year entitlement, as adjusted, does accurately reflect the costs of the program, the commission shall direct the Controller to include the program in the State Mandates Apportionment System.

(c) The Controller shall make recommendations to the commission and the commission shall consider the Controller's recommendations

for each new mandate submitted for inclusion in the State Mandates Apportionment System. All claims included in the State Mandates Apportionment System pursuant to this section are also subject to the audit provisions of Section 17616.

SEC. 30. Section 17616 of the Government Code is amended to read:

17616. The Controller shall have the authority to do either or both of the following:

(a) Audit the fiscal years comprising the base year entitlement no later than three years after the year in which the base year entitlement is established. The results of such audits shall be used to adjust the base year entitlements and any subsequent apportionments based on that entitlement, in addition to adjusting actual cost payments made for the base years audited.

(b) Verify that any local agency or school district receiving funds pursuant to this article is providing the reimbursed activities.

SEC. 31. Section 17630 of the Government Code is amended to read:

17630. Except for Article 5, the provisions of this part shall be applicable to claims for state reimbursement of costs mandated by the state on and after January 1, 1985. All claims for state reimbursement filed under Article 1 (commencing with Section 2201), Article 2 (commencing with Section 2227), and Article 3 (commencing with Section 2240) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code that have not been included in a local government claims bill pursuant to Section 2255 of the Revenue and Taxation Code enacted before January 1, 1985, shall be transferred to and considered by the commission pursuant to the provisions of this part.

CHAPTER 891

An act to add Chapter 8.6 (commencing with Section 42490) to Part 3 of Division 30 of the Public Resources Code, relating to solid waste.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8.6 (commencing with Section 42490) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 8.6. CELL PHONE RECYCLING ACT OF 2004

Article 1. General Provisions

42490. This act shall be known, and may be cited as, the Cell Phone Recycling Act of 2004.

42490.1. The Legislature finds and declares all of the following:

(a) The purpose of this chapter is to enact a comprehensive and innovative system for the reuse, recycling, and proper and legal disposal of used cell phones.

(b) It is the further purpose of this chapter to enact a law that establishes a program that is convenient for consumers and the public to return, recycle, and ensure the safe and environmentally sound disposal of used cell phones, and providing a system that does not charge when a cell phone is returned.

(c) It is the intent of the Legislature that the cost associated with the handling, recycling, and disposal of used cell phones be the responsibility of the producers and consumers of cell phones, and not local government or their service providers, state government, or taxpayers.

(d) In order to reduce the likelihood of illegal disposal of hazardous materials, it is the intent of this chapter to ensure that all costs associated with the proper management of used cell phones is internalized by the producers and consumers of cell phones at or before the point of purchase, and not at the point of discard.

(e) Manufacturers and retailers of cell phones and cell phone service providers, in working to achieve the goals and objectives of this chapter, should have the flexibility to partner with each other and with those private and nonprofit business enterprises that currently provide collection and processing services to develop and promote a safe and effective used cell phone recycling system for California.

(f) The producers of cell phones should reduce and, to the extent feasible, ultimately phase out the use of hazardous materials in cell phones.

(g) Cell phones, to the greatest extent feasible, should be designed for extended life, repair, and reuse.

(h) The purpose of this chapter is to provide for the safe, cost free, and convenient collection, reuse, and recycling of 100 percent of the used cell phones discarded or offered for recycling in the state.

(i) In establishing a cost effective system for the recovery, reuse, recycling and proper disposal of used cell phones, it is the intent of the Legislature to encourage manufacturers, retailers and service providers to build on the retailer take-back systems initiated recently by some cell phone service providers.

(j) An estimated 5 percent of obsolete cell phones are currently being recycled through a mechanism, whereby private sector recyclers provide retailers with a postage paid box for mailing returned cell phones to the recycler at no cost to the retailers. In some instances, the scrap value of these used phones is sufficient for the recycler to either pay the retailer or make a financial contribution on behalf of the retailer to a nonprofit charity. It is the intent of the Legislature that this model system be substantially expanded as a result of the enactment of this act.

Article 2. Definitions

42493. For the purposes of this chapter, the following terms have the following meanings, unless the context clearly requires otherwise:

(a) ''Cell phone'' means a wireless telephone device that is designed to send or receive transmissions through a cellular radiotelephone service, as defined in Section 22.99 of Title 47 of the Code of Federal Regulations. A cell phone includes the rechargeable battery that may be connected to that cell phone. A cell phone does not include a wireless telephone device that is integrated into the electrical architecture of a motor vehicle.

(b) ''Consumer'' means a purchaser or owner of a cell phone. ''Consumer'' also includes a business, corporation, limited partnership, nonprofit organization, or governmental entity, but does not include an entity involved in a wholesale transaction between a distributor and retailer.

(c) ''Department'' means the Department of Toxic Substances Control.

(d) ''Retailer'' means a person who sells a cell phone in the state to a consumer, including a manufacturer of a cell phone who sells that cell phone directly to a consumer. A sale includes, but is not limited to, transactions conducted through sales outlets, catalogs, or the Internet, or any other similar electronic means, but does not include a sale that is a wholesale transaction with a distributor or retailer.

(e) (1) ''Sell'' or ''sale'' means a transfer for consideration of title or of the right to use, by lease or sales contract, including, but not limited to, transactions conducted through sales outlets, catalogs, or the Internet or any other, similar electronic means, but does not include a wholesale transaction with a distributor or a retailer.

(2) For purposes of this subdivision and subdivision (d), ''distributor'' means a person who sells a cell phone to a retailer.

(f) ''Used cell phone'' means a cell phone that has been previously used and is made available, by a consumer, for reuse, recycling, or proper disposal.

Article 3. Cell Phone Recycling

42494. (a) On and after July 1, 2006, every retailer of cell phones sold in this state shall have in place a system for the acceptance and collection of used cell phones for reuse, recycling, or proper disposal.

(b) A system for the acceptance and collection of used cell phones for reuse, recycling, or proper disposal shall, at a minimum, include all of the following elements:

(1) The take-back from the consumer of a used cell phone that the retailer sold or previously sold to the consumer, at no cost to that consumer. The retailer may require proof of purchase.

(2) The take-back of a used cell phone from a consumer who is purchasing a new cell phone from that retailer, at no cost to that consumer.

(3) If the retailer delivers a cell phone directly to a consumer in this state, the system provides the consumer, at the time of delivery, with a mechanism for the return of used cell phones for reuse, recycling, or proper disposal, at no cost to the consumer.

(4) Make information available to consumers about cell phone recycling opportunities provided by the retailer and encourage consumers to utilize those opportunities. This information may include, but is not limited to, one or more of the following:

(A) Signage that is prominently displayed and easily visible to the consumer.

(B) Written materials provided to the consumer at the time of purchase or delivery, or both.

(C) Reference to the cell phone recycling opportunity in retailer advertising or other promotional materials, or both.

(D) Direct communications with the consumer at the time of purchase.

(c) Paragraph (4) of subdivision (b) does not apply to a retailer that only sells prepaid cell phones and does not provide the ability for a consumer to sign a contract for cell phone service.

42495. On and after July 1, 2006, it is unlawful to sell a cell phone to a consumer in this state unless the retailer of that cell phone complies with this chapter.

Article 4. Statewide Recycling Goals

42496.4. On July 1, 2007, and each July 1, thereafter, the department shall post on its Web site an estimated California recycling rate for cell phones, the numerator of which shall be the estimated number of cell phones returned for recycling in California during the previous calendar year, and the denominator of which is the number of

cell phones estimated to be sold in this state during the previous calendar year.

Article 5. State Agency Procurement

42498. (a) A state agency that purchases or leases cell phones shall require each prospective bidder, to certify that it, and its agents, subsidiaries, partners, joint venturers, and subcontractors for the procurement, have complied with this chapter and any regulations adopted pursuant to this chapter, or to demonstrate that this chapter is inapplicable to all lines of business engaged in by the bidder, its agents, subsidiaries, partners, joint venturers, or subcontractors.

(b) Failure to provide certification pursuant to this section shall render the prospective bidder and its agents, subsidiaries, partners, joint venturers, and subcontractors ineligible to bid on the procurement of cell phones.

(c) The bid solicitation documents shall specify that the prospective bidder is required to cooperate fully in providing reasonable access to its records and documents that evidence compliance with this chapter.

(d) Any person awarded a contract by a state agency that is found to be in violation of this section is subject to the following sanctions:

(1) The contract shall be voided by the state agency to which the equipment, materials, or supplies were provided.

(2) The contractor is ineligible to bid on any state contract for a period of three years.

(3) If the Attorney General establishes in the name of the people of the State of California that any money, property, or benefit was obtained by a contractor as a result of violating this section, the court may, in addition to any other remedy, order the disgorgement of the unlawfully obtained money, property, or benefit in the interest of justice.

Article 6. Effect of Act

42499. This chapter shall not be construed to affect Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code, any regulation adopted pursuant to that chapter, or any obligation imposed on a person pursuant to that chapter, relating to cell phones or used cell phones.

SEC. 2. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 892

An act to amend Section 12715 of the Government Code, relating to tribal gaming, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12715 of the Government Code, as amended by Chapter 227 of the Statutes of 2004, is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county's Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) The Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each individual tribal casino account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local government jurisdiction to an individual Indian land upon which a tribal casino is located shall be used by each county's Indian Gaming Local Community Benefit Committee to determine relative priority for grants, using the following criteria:

(A) Whether the local government jurisdiction borders the Indian lands on all sides.

(B) Whether the local government jurisdiction partially borders Indian lands.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards

shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and of these multiyear grants shall be accounted for in the grant process for each year.

(A) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(B) Grants shall be subject to the sole sponsorship of the tribe that pays into the Indian Gaming Special Distribution Fund and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(2) If an eligible county does not have a tribal casino operated by a tribe that does not pay into the Indian Gaming Special Distribution Fund, the money available for discretionary grants under this subdivision shall be available for distribution pursuant to subdivision (d).

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g).

(2) Funds not allocated from a county tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

(g) The following uses shall be the priorities for the receipt of grant money from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) All grants from Individual Tribal Casino Accounts shall be made only upon the affirmative sponsorship of the tribe paying into the Indian Gaming Special Distribution Fund from whose individual tribal casino account the grant moneys are available for distribution. Tribal sponsorship shall confirm that the grant application has a reasonable relationship to a casino impact and satisfies at least one of the priorities listed in subdivision (g). A grant may not be made for any purpose that would support or fund, directly or indirectly, any effort related to opposition or challenge to Indian gaming in the state, and, to the extent any awarded grant is utilized for any prohibited purpose by any local

government, upon notice given to the county by any tribe from whose Individual Tribal Casino Account the awarded grant went toward that prohibited use, the grant shall terminate immediately and any moneys not yet used shall again be made available for qualified nexus grants.

(i) A local government jurisdiction that is a recipient of a grant from an Individual County Tribal Casino Account or a County Tribal Casino Account shall provide notice to the public, either through a slogan, signage, or other mechanism, which states that the local government project has received funding from the Indian Gaming Special Distribution Fund and which further identifies the particular Individual Tribal Casino Account from which the grant derives.

(j) (1) Each county's Indian Gaming Local Benefit Committee shall submit to the Controller a list of approved projects for funding from Individual Tribal Casino Accounts. Upon receipt of this list, the Controller shall release the funds directly to the local government entities for which a grant has been approved by the committee.

(2) Funds not allocated from an individual tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

SEC. 1.5. Section 12715 of the Government Code, as amended by Chapter 227 of the Statutes of 2004, is amended to read:

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. (b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county's Indian Gaming Local Community Benefit Committee. (C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. (c) Sixty percent of each individual tribal casino account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(C) Whether the local government jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local government jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local government jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local government jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local government jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county.

Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each individual tribal casino account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and of these multiyear grants shall be accounted for in the grant process for each year.

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g).

(2) Funds not allocated from a county tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003–04 fiscal year shall be eligible for expenditure through December 31, 2004.

CHAPTER 893

An act to amend Section 368 of the Penal Code, relating to elder abuse.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 368 of the Penal Code is amended to read:

368. (a) The Legislature finds and declares that crimes against elders and dependent adults are deserving of special consideration and protection, not unlike the special protections provided for minor children, because elders and dependent adults may be confused, on various medications, mentally or physically impaired, or incompetent, and therefore less able to protect themselves, to understand or report criminal conduct, or to testify in court proceedings on their own behalf.

(b) (1) Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured, or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health is endangered, is punishable by imprisonment in a county jail not exceeding one year, or by a fine not to exceed six thousand dollars ($6,000), or by both that fine and imprisonment, or by imprisonment in the state prison for two, three, or four years.

(2) If in the commission of an offense described in paragraph (1), the victim suffers great bodily injury, as defined in Section 12022.7, the defendant shall receive an additional term in the state prison as follows:

(A) Three years if the victim is under 70 years of age.

(B) Five years if the victim is 70 years of age or older.

(3) If in the commission of an offense described in paragraph (1), the defendant proximately causes the death of the victim, the defendant shall receive an additional term in the state prison as follows:

(A) Five years if the victim is under 70 years of age.

(B) Seven years if the victim is 70 years of age or older.

(c) Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health may be endangered, is guilty of a misdemeanor. A second or subsequent violation of this subdivision is punishable by a fine not to exceed two thousand dollars ($2,000), or by imprisonment in a county jail not to exceed one year, or by both that fine and imprisonment.

CHAPTER 894

An act to amend Section 17070.15 of, to amend, repeal, and add Sections 17072.10, 17072.30, and 17072.32 of, to add Section 17070.99 to, and to add and repeal Section 17074.32 of, the Education Code, relating to school facilities.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Research has shown that school size is an important predictor of pupil success, second only to socioeconomic status. The research literature clearly states the superiority of small schools as learning environments. In small schools all of the following occur:

(A) Dropout and truancy rates dramatically decrease and graduation rates and postsecondary education enrollment rates increase.

(B) Parents are much more likely to be involved in the school and to have greater participation in decisionmaking.

(C) Pupils experience a greater sense of belonging and are more satisfied with their schools.

(D) Fewer discipline problems occur.

(E) Crime, violence, and gang participation decrease.

(F) Incidences of alcohol and tobacco abuse decrease.

(G) Pupil attendance increases.

(2) A recent study of large and small schools in four states has shown that smaller schools reduce the damaging effects of poverty and help pupils narrow the achievement gap between them and pupils from more affluent communities.

(3) Reducing school size has also been shown to significantly increase the likelihood of success of school reform efforts. Small schools are more effective at staff development and in implementing new curriculum.

(4) Based upon the research on the benefits of small schools, the United States Department of Education has created the Smaller Learning Communities Program and is currently providing a small number of planning and implementation grants to school districts across the country to support the development of small schools and small learning communities.

(5) Other states have recognized the value of small schools and have developed state policy to encourage small schools development. In Florida, for example, all schools built after 2003 will be small schools.

(6) Many parent groups and school districts in the state, including Oakland, Sacramento, San Jose, Los Angeles, and San Francisco, have initiated efforts to create small schools. These efforts include the creation of new small schools on new sites as well as the reconfiguration of existing schools into small schools and small learning communities.

(7) The trend in California, over the last few decades, has been to build larger and larger schools. For example, in 2000, more than 73 percent of California high schools had more than 1,000 pupils and more than 57 percent of middle schools had more than 800 pupils.

(8) The trend to build large schools has been driven by California's rapidly growing population and by the assumption that large schools are more cost effective.

(9) Research, however, has also shown that small schools, due to lower dropout rates and factors such as reduced school violence, can be more cost effective in per pupil spending than large schools.

(b) It is therefore the intent of the Legislature to enact changes in state law to create an incentive for school districts to establish smaller learning communities through increasing the state's share of schools facilities funding for the construction of new small schools and for the reconfiguration of existing schoolsites to support smaller learning communities.

SEC. 2. Section 17070.15 of the Education Code is amended to read:

17070.15. The following terms, wherever used or referred to in this chapter, shall have the following meanings, respectively, unless a different meaning appears from the context:

(g) ''Property'' includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

(*l*) ''School building capacity'' means the capacity of a school building to house pupils.

(m) ''Small high school'' means a high school with a total enrollment of no more than 500 pupils.

SEC. 3. Section 17070.99 is added to the Education Code, to read:

17070.99. (a) The board shall conduct an evaluation on the cost of new construction and modernization of small high schools in conjunction with the pilot program established pursuant to subdivision (c) of Section 17072.10, as it read on January 1, 2005.

(b) The State Department of Education shall conduct an evaluation that focuses on pupil outcomes, including, but not limited to, academic achievement and college attendance rates, at the small high schools constructed pursuant to subdivision (c) of Section 17072.10, as it read on January 1, 2005, and on the reasons school districts do not currently opt to build small high schools.

(c) The evaluations required pursuant to subdivisions (a) and (b) shall be completed no later than two years after the opening of the last small high school constructed pursuant to subdivision (c) of Section 17072.10, as it read on January 1, 2005.

(d) The evaluations conducted pursuant to subdivisions (a) and (b) shall be used to inform the direction of future school facilities construction and related bond measures.

SEC. 4. Section 17072.10 of the Education Code is amended to read:

17072.10. (a) The board shall determine the applicant's maximum total new construction grant eligibility by multiplying the number of unhoused pupils calculated pursuant to Article 3 (commencing with Section 17071.75) in each school district with an approved application for new construction, by the per-unhoused-pupil grant as follows:

(1) Five thousand two hundred dollars ($5,200) for elementary school pupils.

(2) Five thousand five hundred dollars ($5,500) for middle school pupils.

(3) Seven thousand two hundred dollars ($7,200) for high school pupils.

(b) The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board.

(c) (1) Commencing January 1, 2006, notwithstanding subdivisions (a) and (b), for a small high school, the maximum total new construction grant shall be adjusted to reflect 120 percent of the amounts determined pursuant to subdivisions (a) and (b). The board shall adopt regulations, in consultation with the Superintendent of Public Instruction, to establish criteria to ensure that this adjustment is available to multiple small high schools on a pilot program basis and only for those applicant school districts that propose to build a small high school as part of an academic reform strategy that focuses on the positive outcomes that small high schools encourage. The board shall set aside a total amount of twenty million dollars ($20,000,000) for this purpose from the proceeds of state bonds approved by the voters pursuant to the Kindergarten-University Public Education Facilities Bond Act of 2002 (Part 68.1 (commencing with Section 100600)) and the Kindergarten-University Public Education Facilities Bond Act of 2004 (Part 68.2 (commencing with Section 100800)). The board shall also adopt regulations, in consultation with the Superintendent of Public Instruction, to implement the pilot program, including, but not limited to, allowing a sufficient filing period for applications in order to ensure that the pilot program encompasses school districts from the northern, southern, and central regions of the state and from urban, suburban, and rural areas so that the pilot program participants are broadly representative of the state.

(2) Paragraph (1) does not apply in those circumstances where a small high school would otherwise have been built because of sparse population in the geographical area.

(d) The board may adopt regulations to be effective until July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026. The regulations shall be amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15.

(e) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities

due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.

(f) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to seven thousand five hundred dollars ($7,500) for any new construction project assistance. The amount of the supplemental apportionment authorized pursuant to this subdivision shall be adjusted in 2001 and every year thereafter by an amount equal to the percentage adjustment for class B construction.

(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date.

SEC. 5. Section 17072.10 is added to the Education Code, to read:

17072.10. (a) The board shall determine the applicant's maximum total new construction grant eligibility by multiplying the number of unhoused pupils calculated pursuant to Article 3 (commencing with Section 17071.75) in each school district with an approved application for new construction, by the per-unhoused-pupil grant as follows:

(1) Five thousand two hundred dollars ($5,200) for elementary school pupils.

(2) Five thousand five hundred dollars ($5,500) for middle school pupils.

(3) Seven thousand two hundred dollars ($7,200) for high school pupils.

(b) The board shall annually adjust the per-unhoused-pupil apportionment to reflect construction cost changes, as set forth in the statewide cost index for class B construction as determined by the board.

(c) Any regulations adopted by the board prior to July 1, 2000, that adjust the amounts identified in this section for qualifying individuals with exceptional needs, as defined in Section 56026, as amended after July 1, 2000, in consideration of the recommendations provided pursuant to Section 17072.15, shall continue in effect.

(d) The board may establish a single supplemental per-unhoused-pupil grant in addition to the amounts specified in subdivision (a) based on the statewide average marginal difference in costs in instances where a project requires multilevel school facilities due to limited acreage. The district's application shall demonstrate that a practical alternative site is not available.

(e) For a school district having an enrollment of 2,500 or less for the prior fiscal year, the board may approve a supplemental apportionment of up to seven thousand five hundred dollars ($7,500) for any new construction project assistance. The amount of the supplemental apportionment authorized pursuant to this subdivision shall be adjusted

in 2008 and every year thereafter by an amount equal to the percentage adjustment for class B construction.

(b) Notwithstanding subdivision (a), subject to the availability of funds, the board shall, for a project to construct a small high school pursuant to subdivision (c) of Section 17072.10, apportion funds to an eligible school district only upon approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and certification by the school district that the required 40 percent matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund, or will be expended by the district by the time the project is completed, in an amount at least equal to 40 percent of the total project costs pursuant to this chapter, prior to release of the state funds.

(c) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date.

An act to amend Sections 32282, 33540, 35295, 35296, 42140, 48900.1, and 48910 of, and to repeal Sections 38132, 48211, 48214, and 51230 of, the Education Code, to amend Sections 6550 and 6552 of the Family Code, to amend Section 17556 of the Government Code, and to amend Sections 124100 and 124105 of the Health and Safety Code, relating to education.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 32282 of the Education Code is amended to read:

32282. (a) The comprehensive school safety plan shall include, but not be limited to, both of the following:

(1) Assessing the current status of school crime committed on school campuses and at school-related functions.

(2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:

(A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code.

(B) Disaster procedures, routine and emergency, including adaptations for pupils with disabilities in accordance with the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.). The disaster procedures shall also include, but not be limited to, both of the following:

(i) Establishing an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. A district or county office may work with the Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedure system. The system shall include, but not be limited to, all of the following:

(I) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of pupils and staff.

(II) A drop procedure whereby each pupil and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.

(III) Protective measures to be taken before, during, and following an earthquake.

(IV) A program to ensure that pupils and both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system.

(ii) Establishing a procedure to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

(C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27.

(D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.

(E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.

(F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing ''gang-related apparel,'' if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define ''gang-related apparel.'' The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. Any schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For the purposes of this paragraph, ''gang-related apparel'' shall not be considered a protected form of speech pursuant to Section 48950.

(G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.

(H) A safe and orderly environment conducive to learning at the school.

(I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.

(J) Hate crime reporting procedures pursuant to Chapter 1.2 (commencing with Section 628) of Title 15 of Part 1 of the Penal Code.

(b) It is the intent of the Legislature that schools develop comprehensive school safety plans using existing resources, including

the materials and services of the partnership, pursuant to this chapter. It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled ''Safe Schools: A Planning Guide for Action'' in conjunction with developing their plan for school safety.

(c) Grants to assist schools in implementing their comprehensive school safety plan shall be made available through the partnership as authorized by Section 32285.

(d) Each schoolsite council or school safety planning committee in developing and updating a comprehensive school safety plan shall, where practical, consult, cooperate, and coordinate with other schoolsite councils or school safety planning committees.

(e) The comprehensive school safety plan may be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year, to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

(f) The comprehensive school safety plan, as written and updated by the schoolsite council or school safety planning committee, shall be submitted for approval under subdivision (a) of Section 32288.

SEC. 2. Section 33540 of the Education Code is amended to read:

33540. (a) The State Board of Education and the department shall request that the commission review and revise, as necessary, the course requirements in the history-social science framework to ensure that minimum standards for courses in American government and civics include sufficient attention to teaching pupils how to interact, in a practical manner, with state and local governmental agencies and representatives to solve problems and to petition for changes in laws and procedures.

(b) When the history-social science framework is revised as required by law, the commission shall ensure that the following historical documents are incorporated into the framework, as appropriate:

(1) The Declaration of Independence.

(2) The United States Constitution, including the Bill of Rights.

(3) The Federalist Papers.

(4) The Emancipation Proclamation.

(5) The Gettysburg Address.

(6) George Washington's Farewell Address.

(c) If any portion of the California Standards Tests related to instruction in American government and civics is revised, the State Board of Education and the Superintendent of Public Instruction shall ensure that an appropriate number of questions on the tests relate to the historical documents listed in subdivision (b).

SEC. 3. Section 35295 of the Education Code is amended to read:

35295. The Legislature finds and declares the following:

(a) Because of the generally acknowledged fact that California will experience moderate to severe earthquakes in the foreseeable future, increased efforts to reduce earthquake hazards should be encouraged and supported.

(b) In order to minimize loss of life and disruption, it is necessary for all private elementary schools and high schools to develop school disaster plans and specifically an earthquake emergency procedure system so that pupils and staff will act instinctively and correctly when an earthquake disaster strikes.

(c) It is therefore the intent of the Legislature in enacting this article to authorize the establishment of earthquake emergency procedure systems in kindergarten and grades 1 through 12 in all private schools in California.

SEC. 4. Section 35296 of the Education Code is amended to read:

35296. The governing board of each private school shall establish an earthquake emergency procedure system in every private school building under its jurisdiction having an occupant capacity of 50 or more pupils or more than one classroom. A governing board may work with the Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedure systems.

SEC. 5. Section 38132 of the Education Code is repealed.

SEC. 6. Section 42140 of the Education Code is amended to read:

42140. (a) If a school district or county office of education, either individually or as a member of a joint powers agency, provides health and welfare benefits for employees upon their retirement, and those benefits will continue after the employees reach 65 years of age, the superintendent of the school district or county superintendent of schools, as appropriate, annually shall provide information to the governing board of the school district or the county board of education, as appropriate, regarding the estimated accrued but unfunded cost of those benefits. The estimate of cost shall be based upon an actuarial report that incorporates annual fiscal information and is obtained by the superintendent at least every three years. The actuarial report shall be performed by an actuary who is a member of the American Academy of Actuaries. If the school district or county office of education regularly contracts for an actuarial report for other fiscal matters, a separate actuarial report is not required, if the estimate of costs required by this subdivision is separately and clearly set forth in that report.

(b) The cost information required by subdivision (a) and a copy of the actuarial report on which the estimated costs are based shall be presented by the superintendent at a public meeting of the governing board. At that meeting, the governing board shall disclose, as a separate agenda item,

whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the health and welfare benefits of existing retirees or the future cost of employees who are eligible for benefits in the current fiscal year, or both.

(c) The governing board annually shall certify to the county superintendent of schools the amount of money, if any, that it has decided to reserve in its budget for the cost of those benefits, and shall submit to the county superintendent of schools any budget revisions that may be necessary to account for that budget reserve.

(d) The county board of education annually shall certify to the Superintendent of Public Instruction the amount of money, if any, that has been reserved in the budget of the county office of education for the cost of those benefits.

(e) This section is inoperative on January 1, 2005.

SEC. 7. Section 48211 of the Education Code is repealed.

SEC. 8. Section 48214 of the Education Code is repealed.

SEC. 9. Section 48900.1 of the Education Code is amended to read:

48900.1. (a) The governing board of each school district may adopt a policy authorizing teachers to require the parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for reasons specified in subdivision (i) or (k) of Section 48900, to attend a portion of a schoolday in the classroom of his or her child or ward. The policy shall take into account reasonable factors that may prevent compliance with a notice to attend. The attendance of the parent or guardian shall be limited to the class from which the pupil was suspended.

(b) The policy shall be adopted pursuant to the procedures set forth in Sections 35291 and 35291.5. Parents and guardians shall be notified of this policy prior to its implementation. A teacher shall apply any policy adopted pursuant to this section uniformly to all pupils within the classroom.

The adopted policy shall include the procedures that the district will follow to accomplish the following:

(1) Ensure that parents or guardians who attend school for the purposes of this section meet with the school administrator or his or her designee after completing the classroom visitation and before leaving the schoolsite.

(2) Contact parents or guardians who do not respond to the request to attend school pursuant to this section.

(c) If a teacher imposes the procedure pursuant to subdivision (a), the principal shall send a written notice to the parent or guardian stating that attendance by the parent or guardian is pursuant to law. This section shall apply only to a parent or guardian who is actually living with the pupil.

(d) A parent or guardian who has received a written notice pursuant to subdivision (c) shall attend class as specified in the written notice. The notice may specify that the attendance of the parent or guardian be on the day the pupil is scheduled to return to class, or within a reasonable period of time thereafter, as established by the policy of the board adopted pursuant to subdivision (a).

SEC. 10. Section 48910 of the Education Code is amended to read:

48910. (a) A teacher may suspend any pupil from class, for any of the acts enumerated in Section 48900, for the day of the suspension and the day following. The teacher shall immediately report the suspension to the principal of the school and send the pupil to the principal or the designee of the principal for appropriate action. If that action requires the continued presence of the pupil at the schoolsite, the pupil shall be under appropriate supervision, as defined in policies and related regulations adopted by the governing board of the school district. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. If practicable, a school counselor or a school psychologist may attend the conference. A school administrator shall attend the conference if the teacher or the parent or guardian so requests. The pupil shall not be returned to the class from which he or she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal.

(b) A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day this subdivision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended.

(c) A teacher may also refer a pupil, for any of the acts enumerated in Section 48900, to the principal or the designee of the principal for consideration of a suspension from the school.

A caregiver who is a relative and who completes items 1 to 8, inclusive, of the affidavit provided in Section 6552 and signs the affidavit shall have the same rights to authorize medical care and dental care for the minor that are given to guardians under Section 2353 of the Probate Code. mental health treatment subject to the limitations of Section 2356 of the Probate Code.

(b) The decision of a caregiver to consent to or to refuse medical or dental care for a minor shall be superseded by any contravening decision of the parent or other person having legal custody of the minor, provided the decision of the parent or other person having legal custody of the minor does not jeopardize the life, health, or safety of the minor.

(c) A person who acts in good faith reliance on a caregiver's authorization affidavit to provide medical or dental care, without actual knowledge of facts contrary to those stated on the affidavit, is not subject to criminal liability or to civil liability to any person, and is not subject to professional disciplinary action, for that reliance if the applicable portions of the affidavit are completed. (d) A person who relies on the affidavit has no obligation to make any further inquiry or investigation.

(e) Nothing in this section relieves any individual from liability for violations of other provisions of law.

(f) If the minor stops living with the caregiver, the caregiver shall notify any school, health care provider, or health care service plan that has been given the affidavit. The affidavit is invalid after the school, health care provider, or health care service plan receives notice that the minor is no longer living with the caregiver.

(g) A caregiver's authorization affidavit shall be invalid, unless it substantially contains, in not less than 10-point boldface type or a reasonable equivalent thereof, the warning statement beginning with the word ''warning'' specified in Section 6552. A resolution from the governing body or a letter from a delegated representative of the governing body of a local agency or school district that requests authorization for that local agency or school district to implement a given program shall constitute a request within the meaning of this paragraph.

(b) The statute or executive order affirmed for the state a mandate that had been declared existing law or regulation by action of the courts.

(c) The statute or executive order imposes a requirement that is mandated by a federal law or regulation and results in costs mandated by the federal government, unless the statute or executive order mandates costs that exceed the mandate in that federal law or regulation. This subdivision applies regardless of whether the federal law or regulation was enacted or adopted prior to or after the date on which the state statute or executive order was enacted or issued.

(f) The statute or executive order imposed duties that were expressly included in a ballot measure approved by the voters in a statewide or local election.

(g) The statute created a new crime or infraction, eliminated a crime or infraction, or changed the penalty for a crime or infraction, but only for that portion of the statute relating directly to the enforcement of the crime or infraction.

124105. (a) This section shall be known and may be cited as the ''Hughes Children's Health Enforcement Act.''

The Legislature also recognizes the important role of schools in ensuring the health of pupils through health education and the maintenance of minimal health standards among the pupil population. Therefore, it is the intent of the Legislature that schools ensure that pupils receive a health screening before the end of the first grade.

(c) The governing board of each school district shall exclude from school, for not more than five days, any first grade pupil who has not provided either a certificate or a waiver, as specified in Section 124085, on or before the 90th day after the pupil's entrance into the first grade. The number of exemptions from exclusion granted by a school district pursuant to this subdivision may not exceed 5 percent of a school district's first grade enrollment. It is the intent of the Legislature that exemptions from exclusion be used in extraordinary circumstances, including, but not limited to, family situations of great dysfunction or disruption, including substance abuse by parents or guardians, child abuse, or child neglect.

(e) It is the intent of the Legislature that, upon a pupil's enrollment in kindergarten or first grade, the governing board of the school district notify the pupil's parent or guardian of the obligation to comply with Section 124085 and of the availability for low-income children of free

health screening for up to 18 months prior to entry into first grade through the Child Health Disabilities Prevention Program.

(f) It is the intent of the Legislature that school districts provide information to parents regarding the requirements of Section 124085 within the notification of immunization requirements. Moreover, the Legislature intends that the information sent to parents encourage parents to obtain health screenings simultaneously with immunizations.

Additionally, funds may be allocated annually thereafter for these purposes.

(c) The department shall develop guidelines for use by local child care and development planning councils in developing county plans for the expenditure of funds allocated pursuant to this section. These guidelines shall be consistent with the department's assessment of the current needs of the subsidized child care workforce, and shall be subject to the approval of the Secretary for Education and the Department of Finance. (f) When the conditions stated in subdivision (e) have been met, and at least 60 days after the Superintendent of Public Instruction has notified the Legislature, the Department of Finance, the Controller, and the county superintendent of schools that he or she expects the conditions prescribed pursuant to this section to be met, the school district governing board shall regain all of its legal rights, duties, and powers, except for the powers held by the trustee provided for pursuant to Article 2 (commencing with Section 41320). The Superintendent shall appoint a trustee under Section 41320.1 to monitor and review the operations of the district until the conditions of subdivision (b) of that section have been met.

(g) Notwithstanding subdivision (f), if the district violates any provision of the recovery plans approved by the Superintendent pursuant to this article within five years after the trustee appointed pursuant to Section 41320.1 is removed, the Superintendent may reassume, either directly or through an administrator appointed in accordance with this section, all of the legal rights, duties, and powers of the governing board of the district. The Superintendent shall return to the school district governing board all of its legal rights, duties, and powers reassumed under this subdivision when he or she determines that future compliance with the approved recovery plans is probable, or after a period of one year, whichever occurs later.

(h) Article 2 (commencing with Section 41320) shall apply except as otherwise specified in this article.

(i) It is the intent of the Legislature that the legislative budget subcommittees annually conduct a review of each qualifying school district that includes an evaluation of the financial condition of the district, the impact of the recovery plans upon the district's educational program, and the efforts made by the state-appointed administrator to obtain input from the community and the governing board of the district.

(j) (1) The district superintendent is entitled to a due process hearing for purposes of determining final compensation. The final compensation of the district superintendent shall be between zero and six times his or her monthly salary. The outcome of the due process hearing shall be reported to the Superintendent of Public Instruction and the public. The information provided to the public shall explain the rationale for the compensation.

(2) This subdivision applies only to a contract for employment negotiated on or after June 21, 2004.

(k) (1) When the Superintendent assumes control over a school district pursuant to subdivision (b), he or she shall, in consultation with the County Office Fiscal Crisis and Management Assistance Team, review the fiscal oversight of the district by the county superintendent of schools. The Superintendent may consult with other fiscal experts, including other county superintendents of schools and regional fiscal teams in conducting this review.

(2) Within three months of assuming control over a qualifying district, the Superintendent shall report his or her findings to the Legislature and shall provide a copy of that report to the Department of Finance. This report shall include findings as to fiscal oversight actions that were or were not taken and may include recommendations as to an appropriate legislative response to improve fiscal oversight.

(3) If after performing the duties described in paragraphs (1) and (2), the Superintendent determines that the county superintendent of schools failed to carry out his or her responsibilities for fiscal oversight as required by this code, the Superintendent may exercise the authority of the county superintendent of schools who has oversight responsibilities for a qualifying school district. If the Superintendent finds, based on the report required in paragraph (1), that the county superintendent of schools failed to appropriately take into account particular types of indicators of financial distress or failed to take appropriate remedial actions in the qualifying district, the Superintendent shall further investigate whether the county superintendent of schools failed to take into account those indicators or similarly failed to take appropriate actions in other districts with negative or qualified certifications and shall provide an additional report on the fiscal oversight practices of the

county superintendent to the appropriate policy and fiscal committees of each house of the Legislature and the Department of Finance.

SEC. 32. Section 41326.1 of the Education Code is amended to read:

(1) The governing board of the school district.

(2) Any advisory council of the school district.

(3) Any parent-teacher organization of the school district.

(4) Representatives from the community in which the school district is located.

(5) The district administrative team.

(6) The County Office Fiscal Crisis and Management Assistance Team.

(7) Representatives of employee bargaining units.

(8) The county superintendent of schools.

SEC. 33. Section 41344 of the Education Code is amended to read:

41344. (a) If, as the result of an audit or review, a local educational agency is required to repay an apportionment significant audit exception, the Superintendent of Public Instruction and the Director of Finance, or their designees, shall jointly establish a plan for repayment of state school funds that the local educational agency received on the basis of average daily attendance, or other data, that did not comply with statutory or regulatory requirements that were conditions of the apportionments. A local educational agency shall request a repayment plan within 90 days of receiving the final audit report or review, within 30 days of withdrawing or receiving a final determination regarding an appeal pursuant to subdivision (d), or, in the absence of an appeal pursuant to subdivision (d), within 30 days of withdrawing or receiving a determination of a summary review pursuant to subdivision (d) of Section 41344.1. At the time the local educational agency is notified, the Controller shall also be notified of the repayment plan. The repayment plan shall be established in accordance with the following:

(1) The Controller shall withhold the disallowed amount at the next principal apportionment or pursuant to paragraph (2), unless subdivision (d) of this section or subdivision (d) of Section 41344.1 applies, in which case the disallowed amount shall be withheld, at the next principal apportionment or pursuant to paragraph (2) following the determination regarding the appeal or summary appeal. In calculating the disallowed amount, the Controller shall determine the total amount of overpayment

received by the local educational agency on the basis of average daily attendance, or other data, reported by the local educational agency that did not comply with one or more statutory or regulatory requirements that are conditions of apportionment.

(2) If the Superintendent of Public Instruction and the Director of the Department of Finance concur that repayment of the full liability in the current fiscal year would constitute a severe financial hardship for the local agency, they may approve a repayment plan of equal annual payments over a period of up to eight years. The repayment plan shall include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The Superintendent of Public Instruction and the Director of the Department of Finance shall jointly establish this repayment plan. The Controller shall withhold amounts pursuant to the repayment plan.

(3) If the Superintendent of Public Instruction and the Director of the Department of Finance do not jointly establish a repayment plan, the State Controller shall withhold the entire disallowed amount determined pursuant to paragraph (1) at the next principal apportionment.

(b) (1) For purposes of computing average daily attendance pursuant to Section 42238.5, a local educational agency's prior fiscal year average daily attendance shall be reduced by an amount equal to any average daily attendance disallowed in the current year, by an audit or review, as defined in subdivision (e).

(2) Commencing with the 1999–2000 fiscal year, this subdivision may not result in a local educational agency repaying more than the value of the average daily attendance disallowed in the audit exception plus interest and other penalties or reductions in apportionments as provided by existing law.

(c) Notwithstanding any other provision of law, this section may not be waived under any authority set forth in this code except as provided in this section or Section 41344.1.

(d) Within 60 days of the date on which a local educational agency receives a final audit report resulting from an audit or review or within 30 days of receiving a determination of a summary review pursuant to subdivision (d) of Section 41344.1, a local educational agency may appeal a finding contained in the final report, pursuant to Section 41344.1. Within 90 days of the date on which the appeal is received by the panel, a hearing shall be held at which the local educational agency may present evidence or arguments if the local educational agency believes that the final report contains any finding that was based on errors of fact or interpretation of law. A repayment schedule may not commence until the panel reaches a determination regarding the appeal. If the panel determines that the local educational agency is correct in its assertion, in whole or in part, the allowable portion of any apportionment

payment that was withheld shall be paid at the next principal apportionment.

(e) As used in this section, ''audit or review'' means an audit conducted by the Controller's office, an annual audit conducted by a certified public accountant or a public accounting firm pursuant to Section 41020, and an audit or review conducted by a governmental agency that provided the local educational agency with an opportunity to provide a written response.

SEC. 34. Section 42127.6 of the Education Code is amended to read:

42127.6. (a) (1) A school district shall provide the county superintendent of schools with a copy of a study, report, evaluation, or audit that was commissioned by the district, the county superintendent of schools, the Superintendent, and state control agencies and that contains evidence that the school district is showing fiscal distress under the standards and criteria adopted in Section 33127, or a report on the school district by the County Office Fiscal Crisis and Management Assistance Team or any regional team created pursuant to subdivision (i) of Section 42127.8. The county superintendent of schools shall review and consider studies, reports, evaluations, or audits of the school district that contain evidence that the school district is demonstrating fiscal distress under the standards and criteria adopted in Section 33127 or that contain a finding by an external reviewer that more than three of the 15 most common predictors of a school district needing intervention, as determined by the County Office Fiscal Crisis and Management Assistance Team, are present. If these findings are made, the county superintendent of schools shall investigate the financial condition of the school district and determine if the school district may be unable to meet its financial obligations for the current or two subsequent fiscal years, or should receive a qualified or negative interim financial certification pursuant to Section 42131. If at any time during the fiscal year the county superintendent of schools determines that a school district may be unable to meet its financial obligations for the current or two subsequent fiscal years or if a school district has a qualified or negative certification pursuant to Section 42131, he or she shall notify the governing board of the school district and the Superintendent in writing of that determination and the basis for the determination. The notification shall include the assumptions used in making the determination and shall be available to the public. The county superintendent of schools shall report to the Superintendent on the financial condition of the school district and his or her proposed remedial actions, and shall do at least one of the following, and all actions that are necessary, to ensure that the district meets its financial obligations:

(A) Assign a fiscal expert, paid for by the county superintendent of schools, to advise the district on its financial problems.

(B) Conduct a study of the financial and budgetary conditions of the district that includes, but is not limited to, a review of internal controls. If, in the course of this review, the county superintendent of schools determines that his or her office requires analytical assistance or expertise that is not available through the district, he or she may employ, on a short-term basis, with the approval of the Superintendent, staff, including certified public accountants, to provide the assistance and expertise. The school district shall pay 75 percent and the county office of education shall pay 25 percent of these staff costs.

(C) Direct the school district to submit a financial projection of all fund and cash balances of the district as of June 30 of the current year and subsequent fiscal years as he or she requires.

(D) Require the district to encumber all contracts and other obligations, to prepare appropriate cashflow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(E) Direct the district to submit a proposal for addressing the fiscal conditions that resulted in the determination that the district may not be able to meet its financial obligations.

(F) Withhold compensation of the members of the governing board and the district superintendent for failure to provide requested financial information. This action may be appealed to the Superintendent of Public Instruction pursuant to subdivision (b).

(2) Any contract entered into by a county superintendent of schools for the purposes of this subdivision is subject to the approval of the Superintendent.

(3) An employee of a school district who provides information regarding improper governmental activity, as defined in Section 44112, is entitled to the protection provided pursuant to Article 5 (commencing with Section 44110) of Chapter 1 of Part 25.

(b) Within five days of the county superintendent of schools making the determination specified in subdivision (a), a school district may appeal the basis of the determination, and any of the proposed actions that the county superintendent of schools has indicated that he or she will take to further examine the financial condition of the district. The Superintendent shall sustain or deny any or all parts of the appeal within 10 days.

(c) If, after taking the actions identified in subdivision (a), the county superintendent determines that a district will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the school district governing board and the Superintendent in writing of that determination and the basis for that determination. The

notification shall include the assumptions used in making the determination and shall be provided to the superintendent of the school district and parent and teacher organization of the district.

(d) Within five days of the county superintendent of schools making the determination specified in subdivision (c), a school district may appeal that determination to the Superintendent. The Superintendent shall sustain or deny the appeal within 10 days. If the governing board of the school district appeals the determination, the county superintendent of schools may stay any action of the governing board that he or she determines is inconsistent with the district's ability to meet its financial obligations for the current or subsequent fiscal year until resolution of the appeal by the Superintendent.

(e) If the appeal described in subdivision (d) is denied or not filed, or if the district has a negative certification pursuant to Section 42131, the county superintendent of schools, in consultation with the Superintendent, shall take at least one of the actions described in paragraphs (1) to (5), inclusive, and all actions that are necessary to ensure that the district meets its financial obligations and shall make a report to the Superintendent about the financial condition of the district and remedial actions proposed by the county superintendent.

(1) Develop and impose, in consultation with the Superintendent and the school district governing board, a budget revision that will enable the district to meet its financial obligations in the current fiscal year.

(2) Stay or rescind any action that is determined to be inconsistent with the school district's ability to meet its obligations for the current or subsequent fiscal year. This includes any actions up to the point that the subsequent year's budget is approved by the county superintendent of schools. The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

(3) Assist in developing, in consultation with the governing board of the school district, a financial plan that will enable the district to meet its future obligations.

(4) Assist in developing, in consultation with the governing board of the school district, a budget for the subsequent fiscal year. If necessary, the county superintendent of schools shall continue to work with the governing board of the school district until the budget for the subsequent year is adopted.

(5) As necessary, appoint a fiscal adviser to perform any or all of the duties prescribed by this section on his or her behalf.

(f) Any action taken by the county superintendent of schools pursuant to paragraph (1) or (2) of subdivision (e) shall be accompanied by a notification that shall include the actions to be taken, the reasons for the

actions, and the assumptions used to support the necessity for these actions.

(g) This section does not authorize the county superintendent of schools to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools assumed authority pursuant to subdivision (e).

(h) The school district shall pay 75 percent and the county office of education shall pay 25 percent of the administrative expenses incurred pursuant to subdivision (e) or costs associated with improving the district's financial management practices. The Superintendent shall develop, and distribute to affected school districts and county offices of education, advisory guidelines regarding the appropriate amount of administrative expenses charged pursuant to this subdivision.

(i) Notwithstanding Section 42647 or 42650, or any other law, a county treasurer shall not honor any warrant if, pursuant to Sections 42127 to 42127.5, inclusive, or pursuant to this section, the county superintendent of schools or the Superintendent, as appropriate, has disapproved that warrant or the order on school district funds for which a warrant was prepared.

(j) Effective upon the certification of the election results for a newly organized school district pursuant to Section 35763, the county superintendent of schools may exercise any of the powers and duties of this section regarding the reorganized school district and the other affected school districts until the reorganized school district becomes effective for all purposes in accordance with Article 4 (commencing with Section 35530) of Chapter 3 of Part 21.

(k) The Superintendent shall monitor the efforts of a county office of education in exercising its authority under this section and may exercise any of that authority if the Superintendent determines that the county superintendent of schools failed to effectively carry out his or her responsibilities for fiscal oversight as required by this code in resolving the financial problems of the school district. Upon a decision to exercise the powers of the county superintendent of schools, the county superintendent of schools is relieved of those powers assumed by the Superintendent. In addition to the actions taken by the county superintendent of schools, the Superintendent shall take further actions to ensure the long-term fiscal stability of the district. The county office of education shall reimburse the Superintendent for all of his or her costs in exercising his or her authority under this subdivision. The Superintendent shall promptly notify the county superintendent of schools, the county board of education, the superintendent of the school district, the governing board of the school district, the appropriate policy and fiscal committees of each house of the Legislature, and the

Department of Finance of his or her decision to exercise the authority of the county superintendent of schools.

SEC. 35. Section 42120 of the Education Code is amended to read:

42120. If the county board of education neglects or refuses to make a county office of education budget in the manner as prescribed by this article, or neglects to file interim reports pursuant to subdivision (*l*) of Section 1240, the Superintendent of Public Instruction shall not make any apportionment of state or federal money for that particular county office of education for the current fiscal year, and the Superintendent of Public Instruction shall notify the appropriate county official that he or she shall not approve any warrants issued by the county office of education.

SEC. 36. Section 42129 of the Education Code is amended to read:

42129. School districts and county offices of education shall transmit to the department, on a timely basis, all budget reports, prior year expenditure reports, qualified and negative financial status reports, program cost accounting reports, certifications, and audit reports as prescribed by subdivision (*l*) of Section 1240, subdivision (g) of Section 35035, Sections 1621, 1623, 41020, 42127, 42131, and Chapter 7.2 (commencing with Section 56836) of Part 30, and those reports used to calculate the first, second, and annual principal apportionments and special purpose apportionments for school districts and county offices of education. If the reports are not submitted to the Superintendent of Public Instruction within 14 days after the submission date prescribed in the statute or specified by the Superintendent of Public Instruction, the Superintendent of Public Instruction may direct the county auditor to withhold payment of any stipend, expenses, or salaries to the district superintendent, county superintendent, or members of the governing boards, as appropriate. The payments shall be withheld until the delinquent reports have been submitted to the department. If the county superintendent performs the functions of the county auditor, the Superintendent of Public Instruction may direct the county superintendent to withhold the payments specified in this section.

SEC. 37. Section 42131 of the Education Code is amended to read:

42131. (a) (1) Pursuant to the reports required by Section 42130, the governing board of each school district shall certify, in writing, within 45 days after the close of the period being reported, whether the school district is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year. These certifications shall be based upon the board's assessment, on the basis of standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127, of the district budget, as revised to reflect current information regarding the adopted State Budget, district property tax revenues pursuant to Sections 95 to 100,

inclusive, of the Revenue and Taxation Code, and ending balances for the preceding fiscal year as reported pursuant to Section 42100. The certifications shall be classified as positive, qualified, or negative, as prescribed by the Superintendent of Public Instruction for the purposes of determining subsequent actions by the Superintendent of Public Instruction, the Controller, or the county superintendent of schools, pursuant to subdivisions (b) and (c). These certifications shall be based upon the financial and budgetary reports required by Section 42130 but may include additional financial information known by the governing board to exist at the time of each certification. For purposes of this subdivision, a negative certification shall be assigned to any school district that, based upon current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year. A qualified certification shall be assigned to any school district that, based upon current projections, may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. A positive certification shall be assigned to any school district that, based upon current projections, will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

(2) A copy of each certification and a copy of the report submitted to the governing board pursuant to Section 42130 shall be filed with the county superintendent of schools. If a county office of education receives a positive certification when it determines a negative or qualified certification should have been filed, the county superintendent of schools shall change the certification to negative or qualified, as appropriate, and, no later than 75 days after the close of the period being reported, shall provide notice of that action to the governing board of the school district and to the Superintendent of Public Instruction. No later than five days after a school district receives notice from the county superintendent of schools of a change in the district's certification to negative or qualified, the governing board of the district may submit an appeal to the Superintendent of Public Instruction regarding the validity of that change, in accordance with the criteria applied to those designations pursuant to this subdivision. No later than 10 days after receiving that appeal, the Superintendent of Public Instruction shall determine the certification to be assigned to the district, and shall notify the school district governing board and the county superintendent of schools of that determination.

Copies of any certification in which the governing board is unable to certify unqualifiedly that these financial obligations will be met and a copy of the report submitted to the governing board pursuant to Section 42130 shall be sent by the county office of education to the Controller and the Superintendent of Public Instruction at the time of the certification, together with a completed transmittal form provided by the

Superintendent of Public Instruction. Within 75 days after the close of the reporting period on all school district certifications that are classified as qualified or negative pursuant to this section, the appropriate county superintendent of schools shall submit to the Superintendent of Public Instruction and the Controller his or her comments on those certifications and report any action proposed or taken pursuant to subdivision (b).

(3) All reports and certifications required under this subdivision shall be in a format or on forms prescribed by the Superintendent of Public Instruction, and shall be based on standards and criteria for fiscal stability adopted by the State Board of Education pursuant to Section 33127.

(4) This subdivision does not preclude the submission of additional budgetary or financial reports by the county superintendent of schools to the district governing board, or to the Superintendent of Public Instruction.

(b) As to any school district having a negative or qualified certification, the county superintendent of schools shall exercise his or her authority, as necessary, pursuant to Section 42127.6.

(c) Within 75 days after the close of each reporting period, each county superintendent of schools shall report to the Controller and the Superintendent of Public Instruction as to whether the governing board of each of the school districts under his or her jurisdiction has submitted the certification required by subdivision (a). That report shall account for all districts under the jurisdiction of the county office of education and indicate the type of certification filed by each district.

(d) The Controller's office may conduct an audit or review of the fiscal condition of any district having a negative or qualified certification.

(e) The governing board of each school district filing a qualified or negative certification for the second report required under Section 42130, or classified as qualified or negative by the county superintendent of schools, shall provide to the county superintendent of schools, the Controller, and the Superintendent of Public Instruction no later than June 1, financial statement projections of the district's fund and cash balances through June 30 for the period ending April 30. The governing boards of all other school districts are encouraged to develop a similar financial statement for use in developing the beginning fund balances of the district for the ensuing fiscal year.

(f) Any school district for which the county board of education serves as the governing board is not subject to subdivisions (a) to (f), inclusive, but is governed instead by the interim report, monitoring, and review procedures set forth in subdivision (*l*) of Section 1240 and in Article 2 (commencing with Section 1620) of Chapter 5 of Part 2.

SEC. 38. Section 42133.5 of the Education Code is amended to read:

42133.5. Regardless of the certification of the budgetary status of a school district or county office of education under subdivision (*l*) of Section 1240 or Section 42131, the proceeds obtained by a school district from the sale of a sale back or leaseback agreement, or interests therein, or a debt instrument payable from payments under a sale back or leaseback agreement shall not be used for general operating purposes of the school district.

SEC. 39. Section 46200.5 of the Education Code is amended to read:

46200.5. (a) In the 1985–86 fiscal year, for each county office of education that certifies to the Superintendent of Public Instruction that it offers 180 days or more of instruction per school year of special day classes pursuant to Section 56364.2, the Superintendent of Public Instruction shall determine an amount equal to seventy dollars ($70) per unit of current year second principal apportionment average daily attendance for special day classes. This computation shall be included in computations made by the superintendent pursuant to Chapter 7.2 (commencing with Section 56836) of Part 30.

(b) For any county office of education that received an apportionment pursuant to subdivision (a) and that offered less than 180 days of instruction in the 1986–87 fiscal year, to the 2000–01 fiscal year, inclusive, and that does not provide the minimum number of instructional minutes specified in subdivision (a) of Section 46201 for that fiscal year, the Superintendent of Public Instruction shall reduce the special education apportionment per unit of average daily attendance for that fiscal year by an amount attributable to the increase received pursuant to subdivision (a), as adjusted in fiscal years subsequent to the 1985–86 fiscal year.

(c) For any county office of education that receives an apportionment pursuant to subdivision (a) and that offers less than 180 days of instruction or in multitrack year-round schools a minimum of 163 days, in the 2001–02 fiscal year, or any fiscal year thereafter, the Superintendent of Public Instruction shall withhold from the county office of education's revenue limit apportionment for the average daily attendance of each affected grade level the sum of 0.0056 multiplied by that apportionment, for each day less than 180 or, in multitrack year-round schools, for each day less than 163, that the county office of education offered.

(d) For any county office of education that received an apportionment pursuant to subdivision (a) and that offered less than 180 days of instruction as required in subdivision (a) in the 1986–87 fiscal year, to either the end of the final year of the teacher bargaining unit contract in

force in that county office on January 1, 2002, inclusive, or, if no teacher bargaining unit contract was in force in that county office on January 1, 2002, to the end of the 2001–02 fiscal year, inclusive, and that provided the minimum number of instructional minutes in subdivision (a) of Section 46201.5 during all of the period applicable to the county office pursuant to this subdivision, subdivision (c) does not apply until the first fiscal year following the end of the applicable period of years.

SEC. 40. Section 46201.5 of the Education Code is amended to read:

46201.5. (a) In each of the 1985–86 and 1986–87 fiscal years, for each county office of education that certifies to the Superintendent of Public Instruction that, for special day classes pursuant to Section 56364.2, it offers at least the amount of instructional time specified in this subdivision, the Superintendent of Public Instruction shall determine an amount equal to eighty dollars ($80) in the 1985–86 fiscal year and forty dollars ($40) in the 1986–87 fiscal year per unit of current year second principal apportionment average daily attendance for special day classes in kindergarten and grades 1 to 8, inclusive, and one hundred sixty dollars ($160) in the 1985–86 fiscal year and eighty dollars ($80) in the 1986–87 fiscal year per unit of current year second principal apportionment average daily attendance for special day classes in grades 9 to 12, inclusive.

(B) 47,016 minutes in grades 1 to 3, inclusive.

(C) 50,000 minutes in grades 4 to 8, inclusive.

(D) 57,200 minutes in grades 9 to 12, inclusive.

(2) In the 1986–87 fiscal year:

(A) 36,000 minutes in kindergarten.

(B) 50,400 minutes in grades 1 to 3, inclusive.

(C) 54,000 minutes in grades 4 to 8, inclusive.

(D) 64,800 minutes in grades 9 to 12, inclusive.

(b) Each county office of education that receives an apportionment pursuant to subdivision (a) in a fiscal year shall, in the subsequent fiscal year, add the amount received per pupil to the county office's base special education apportionment.

(c) For each county office of education that receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year, and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (1) of subdivision (a) in the 1986–87 fiscal year, or any fiscal year thereafter, up to and including the

2000–01 fiscal year, the Superintendent of Public Instruction shall reduce the special education apportionment for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year special education apportionment pursuant to subdivision (b), as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

(d) For each county office of education that receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1987–88 fiscal year, or any fiscal year thereafter, up to and including the 2000–01 fiscal year, the superintendent shall reduce the special education apportionment for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year special education apportionment pursuant to subdivision (b), as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

(e) For each county office of education that receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 2001–02 fiscal year, or any fiscal year thereafter, the Superintendent of Public Instruction shall withhold from the special education apportionment for the average daily attendance of each affected grade level, the sum of that apportionment multiplied by the percentage of the minimum offered minutes at that grade level that the county office of education failed to offer.

The department shall develop transition guidelines, and, as necessary, transition forms, to facilitate a transition from the reporting and accounting methods required for Chapter 7 (commencing with Section 56700) as that chapter existed on December 31, 1998, and related provisions of this part, to the reporting and accounting methods required for this chapter. Under no circumstances shall the transition guidelines exceed the requirements of the provisions described in paragraphs (1) and (2). The transition guidelines shall, at a minimum, do the following:

(1) Describe the method for accounting for the instructional service personnel units and caseloads, as required by Chapter 7 (commencing with Section 56700) as that chapter existed on December 31, 1998.

SEC. 64. Section 56836.155 of the Education Code is amended to read:

56836.155. (a) On or before November 2, 1998, the department, in conjunction with the Office of the Legislative Analyst, shall do the following:

(1) Calculate an ''incidence multiplier'' for each special education local plan area using the definition, methodology, and data provided in the final report submitted by the American Institutes for Research pursuant to Section 67 of Chapter 854 of the Statutes of 1997.

(2) Submit the incidence multiplier for each special education local plan area and supporting data to the Department of Finance.

(b) The Department of Finance shall review the incidence multiplier for each special education local plan area and the supporting data, and report any errors to the department and the Office of the Legislative Analyst for correction.

(c) The Department of Finance shall approve the final incidence multiplier for each special education local plan area by November 23, 1998.

(d) For the 1998–99 fiscal year and each fiscal year thereafter to and including the 2004–05 fiscal year, the superintendent shall perform the following calculation to determine each special education local plan area's adjusted entitlement for the incidence of disabilities:

(1) The incidence multiplier for the special education local plan area shall be multiplied by the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(2) The amount determined pursuant to paragraph (1) shall be added to the statewide target amount per unit of average daily attendance for special education local plan area determined pursuant to Section 56836.11 for the fiscal year in which the computation is made.

(3) Subtract the amount of funding for the special education local plan area determined pursuant to paragraph (1) of subdivision (a) or paragraph (1) of subdivision (b) of Section 56836.08, as appropriate for the fiscal year in which the computation is made, or the statewide target amount per unit of average daily attendance for special education local plan areas determined pursuant to Section 56836.11 for the fiscal year in which the computation is made, whichever is greater, from the amount determined pursuant to paragraph (2). For the purposes of this paragraph for the 2002–03, 2003–04, and 2004–05 fiscal years, the amount, if any, received pursuant to Section 56836.159 shall be excluded from the funding level per unit of average daily attendance for a special education local plan area. If the result is less than zero, the special education local plan area may not receive an adjusted entitlement for the incidence of disabilities.

(4) Multiply the amount determined in paragraph (3) by either the average daily attendance reported for the special education local plan area for the fiscal year in which the computation is made, as adjusted pursuant to subdivision (a) of Section 56836.15, or the average daily attendance reported for the special education local plan area for the prior fiscal year, as adjusted pursuant to subdivision (a) of Section 56826.15, whichever is less.

(5) If there are insufficient funds appropriated in the fiscal year for which the computation is made for the purposes of this section, the

amount received by each special education local plan area shall be prorated.

(e) For the 1997–98 fiscal year, the superintendent shall perform the calculation in paragraphs (1) to (3), inclusive, of paragraph (d) only for the purposes of making the computation in paragraph (1) of subdivision (d) of Section 56836.08, but the special education local plan area may not receive an adjusted entitlement for the incidence of disabilities pursuant to this section for the 1997–98 fiscal year.

(3) A complaint related to the condition of facilities.

(f) In order to identify appropriate subjects of complaint, a notice shall be posted in each classroom in each school in the school district notifying parents and guardians of the following:

(2) A contract to perform the audit of a local educational agency that has a disapproved budget or has received a negative certification on any budget or interim financial report during the current fiscal year or either of the two preceding fiscal years, or for which the county superintendent of schools has otherwise determined that a lack of going concern exists, is not valid unless approved by the responsible county superintendent of schools and the governing board.

(3) If the governing board of a local educational agency has not provided for an audit of the books and accounts of the local educational agency by April 1, the county superintendent of schools having jurisdiction over the local educational agency shall provide for the audit of each local educational agency.

(4) An audit conducted pursuant to this section shall fully comply with the Government Auditing Standards issued by the Comptroller General of the United States.

(5) For purposes of this section, ''local educational agency'' does not include community colleges.

(c) Each audit conducted in accordance with this section shall include all funds of the local educational agency, including the student body and cafeteria funds and accounts and any other funds under the control or jurisdiction of the local educational agency. The Education Audits Appeal Panel may waive this requirement if the panel finds that no otherwise eligible auditor is available to perform the audit.

(3) It is the intent of the Legislature that, notwithstanding paragraph (2) of this subdivision, the rotation within public accounting firms conform to provisions of the federal Sarbanes-Oxley Act of 2002 (P.L. 107-204; 15 U.S.C. If not, the auditor shall immediately notify the appropriate county office of education and the State Department of Education and restate the exception in the audit report. After receiving that notification, the State Department of Education shall either consult with the local educational agency to resolve the exception or require the county superintendent of schools to follow up with the local educational agency.

(m) (1) The Superintendent of Public Instruction shall be responsible for ensuring that local educational agencies have either corrected or developed plans of correction for any one or more of the following:

(A) All federal and state compliance audit exceptions identified in the audit.

(2) In addition, the Superintendent of Public Instruction shall be responsible for ensuring that county superintendents of schools and each county board of education that serves as the governing board of a local educational agency either correct all audit exceptions identified in the audits of county superintendents of schools and of the local educational agencies for which the county boards of education serve as the governing boards or develop acceptable plans of correction for those exceptions.

(3) The Superintendent of Public Instruction shall report annually to the Controller on his or her actions to ensure that school districts, county superintendents of schools, and each county board of education that serves as the governing board of a school district have either corrected or developed plans of correction for any of the exceptions noted pursuant to paragraph (1).

(n) To facilitate correction of the exceptions identified by the audits issued pursuant to this section, commencing with 2002–03 audits pursuant to this section, the Controller shall require auditors to categorize audit exceptions in each audit report in a manner that will make it clear to both the county superintendent of schools and the Superintendent of Public Instruction which exceptions they are responsible for ensuring the correction of by a local educational agency. In addition, the Controller annually shall select a sampling of county superintendents of schools and perform a followup of the audit resolution process of those county superintendents of schools and report the results of that followup to the Superintendent of Public Instruction and the county superintendents of schools that were reviewed.

(o) County superintendents of schools shall adjust subsequent local property tax requirements to correct audit exceptions relating to local educational agency tax rates and tax revenues.

(p) If a governing board or county superintendent of schools fails or is unable to make satisfactory arrangements for the audit pursuant to this section, the Controller shall make arrangements for the audit and the cost of the audit shall be paid from local educational agency funds or the county school service fund, as the case may be.

(q) Audits of regional occupational centers and programs are subject to the provisions of this section.

(r) This section does not authorize examination of, or reports on, the curriculum used or provided for in any local educational agency.

(s) Notwithstanding any other provision of law, a nonauditing, management, or other consulting service to be provided to a local educational agency by a certified public accounting firm while the certified public accounting firm is performing an audit of the agency pursuant to this section must be in accord with Government Accounting Standards, Amendment No. 3, as published by the United States General Accounting Office.

SEC. 14. Section 41344.4 is added to the Education Code, to read:

County offices shall contract with another county office or independent auditor for any work funded by this paragraph that is associated with a school operated by that county office.

(3) The sum of two hundred thousand dollars ($200,000) to the State Department of Education to implement this act.

(b) For the purpose of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by paragraphs (1) and (2) of subdivision (a) shall be deemed to be ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 of the Education Code, for the 2004–05 fiscal year, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code for the 2004–05

fiscal year. Funds appropriated by this section shall be available for transfer or encumbrance for three fiscal years, beginning in 2004–05.

SEC. 24. The State Department of Education shall develop an instrument to assist county superintendents of schools evaluate the sufficiency of textbooks pursuant to Section 1240 of the Education Code. It is the intent of the Legislature that county superintendents conduct the evaluation during the same visit that they inspect sites pursuant to Section 1240 of the Education Code.

SEC. 25. (a) It is the intent of the Legislature to memorialize and to implement the State of California's settlement agreement in the case of Williams v. California (Super. Ct. San Francisco, No. CGC-00-312236) and that the provisions of law added or modified by this act be substantially preserved as a matter of state policy in settlement of this case. The state is not, however, precluded from taking additional measures in furtherance of the settlement agreement and to improve the quality of education for pupils, in ways consistent with the provisions of the settlement agreement.

(b) Further, it is the intent of the Governor and the Legislature in enacting this act to establish these minimum thresholds for teacher quality, instructional materials, and school facilities. The Legislature finds and the Governor agrees that these minimum thresholds are essential in order to ensure that all of California's public school pupils have access to the basic elements of a quality public education. However, these minimum thresholds in no way reflect the full extent of the Legislature's and the Governor's expectations of what California's public schools are capable of achieving. Instead, these thresholds for teacher quality, instructional materials, and school facilities are intended by the Legislature and by the Governor to be a floor, rather than a ceiling, and a beginning, not an end, to the State of California's commitment and effort to ensure that all California school pupils have access to the basic elements of a quality public education.

(c) It is the intent of the Legislature and of the Governor that teachers, school administrators, trustees and staff, parents, and pupils all recommit themselves to the pursuit of academic excellence in California public schools.

(d) It is the intent of the Legislature that local educational agencies, county offices of education, and state agencies with responsibility for implementing this act begin implementation as soon as practicable and with due diligence. Local educational agencies and county offices of education should use their best judgment as to the interpretation of provisions, recognizing that further implementation direction from the state in the form of statutes, regulations, and technical guidance may be provided in the future and may supersede local interpretations. The state recognizes that due to the date of enactment of this act and the time it will

take to allocate the funding to local educational agencies and county offices of education, that full implementation of some of the provisions for school terms beginning in 2004–05 is impracticable.

SEC. 26. The Legislature finds and declares that Sections 10 and 11 of this act further the purposes of the Classroom Instructional Improvement and Accountability Act.

SEC. 27. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 28. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that all pupils in the public schools are provided standards-aligned instructional materials and are housed in adequately maintained school facilities, to ensure that school accountability report cards include important information, and to implement the settlement agreement in the case of Williams v. State of California (Super. Ct., San Francisco, No. CGC-00-312236) as soon possible, it is necessary for this act to take effect immediately.

CHAPTER 901

An act to amend Section 37670 of, to add an article heading immediately preceding Section 37670 of, and to add Article 2 (commencing with Section 37680) to Chapter 5.5 of Part 22 of, the Education Code, relating to year-round schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. An article heading is added immediately preceding Section 37670 of the Education Code, to read:

Article 1. Multitrack Year-round Scheduling

SEC. 2. Section 37670 of the Education Code is amended to read:

37670. (a) Except as provided in Article 2 (commencing with Section 37680), a school district may operate a program of multitrack year-round scheduling at one or more schools within the district. A program of multitrack year-round scheduling may operate at a schoolsite for as few as 163 days in each fiscal year if the governing board of the school district adopts a resolution at a regularly scheduled board meeting certifying that both of the following criteria are met at the schoolsite:

(1) The number of annual instructional minutes is not less than that of schools of the same grade levels utilizing the traditional school calendar.

(2) It is not possible for the school to maintain a multitrack schedule containing the same number of instructional days as are provided in schools of the district utilizing the traditional school calendar given the facilities, program, class sizes, and projected number of pupils enrolled at the schoolsite.

(b) A certificated employee working under a program described in this section, except one serving under an administrative or supervisorial credential who is assigned full time to a school in a position requiring qualifications for certification, shall work the same number of days and shall increase the number of minutes worked daily on a uniform basis.

(c) A program conducted pursuant to this section is eligible for apportionment from the State School Fund.

SEC. 3. Article 2 (commencing with Section 37680) is added to Chapter 5.5 of Part 22 of the Education Code, to read:

Article 2. Concept 6 Class Scheduling

37680. For purposes of this article, the following terms have the following meanings:

(a) ''Capacity-related busing'' means transporting a pupil to a school other than the school of residence in order to reduce the number of pupils attending the school of residence.

(b) ''Circumstances beyond the control of the district'' means any of the following:

(1) An increase in pupil population beyond the demographic projections set forth in the district's comprehensive action plan, or an amendment thereto, if the increase was not reasonably foreseeable through the use of annual, informed reestimates of demographic projections.

(2) A cost escalation, shortage in construction material or capacity, delay in completion of an environmental review, or natural or

human-made disaster materially affecting the district's facilities program, if the circumstance was not reasonably foreseeable and the district exercised due diligence in planning for that circumstance.

(3) A lack of sufficient state or local funds to complete necessary school construction. ''Lack of sufficient state or local funds'' may not be substantiated if a district expends state or local funds designated for new construction for any purpose other than the construction of additional school facilities to reduce reliance on the Concept 6 program, except for funds for projects eligible to receive facility hardship funds pursuant to Article 8 (commencing with Section 17075.10) of Chapter 12.5 of Part 10.

(c) ''Comprehensive action plan'' means the plan developed pursuant to Section 37682.

(d) ''Concept 6'' means a program whereby a school operates on a three-track year-round calendar in which each track provides fewer than 180 days, but no fewer than 163 days, of instruction per school year.

(e) ''Specific school building plan'' means both of the following:

(1) The district has identified preferred sites and has approved projects, as required under the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), needed to satisfy the pupil capacity projected in the district's comprehensive action plan.

(2) The district has identified and obtained the funding necessary to complete the particular projects identified. If state funding is part of the funding identified, a district is deemed to have obtained state funding if it has received either of the following:

(A) An apportionment from the state for the project.

(B) A preliminary apportionment for the project under the Critically Overcrowded School Facilities Program, as set forth in Article 11 (commencing with Section 17078.10) of Chapter 12.5 of Part 10.

(f) ''State board'' means the State Board of Education.

(g) ''Substantial progress'' means achieving a total enrollment on Concept 6 calendars of no more than 110 percent of the annual numerical goals set forth in the district's comprehensive action plan.

(h) ''Technical assistance'' includes, but is not limited to, assistance in identifying and acquiring a schoolsite, guidance in maximizing access to funding, and facilitating the process of obtaining state approval for new construction projects.

37681. (a) Commencing with the 2004–05 school year, a school district may not operate a Concept 6 program, unless the school district operated a Concept 6 program continuously since the 2003–04 school year.

(b) A school initially operating on or after July 1, 2004, may not operate a Concept 6 program if operation of the program would increase

the number of schools in the district operating a Concept 6 program above the number in operation in the district, on average, over the preceding two school years.

37682. (a) As a condition of operating a Concept 6 program at a school in the 2004–05 school year or thereafter, a district shall, by January 1, 2005, present to the department a comprehensive action plan detailing the strategy and steps to be taken annually to eliminate the use of the Concept 6 program as soon as practicable, and no later than July 1, 2012. Except as provided in subdivision (b), the action plan shall include all of the following:

(1) An analysis of the factors relating to the district's current and projected operation of the Concept 6 program including, but not limited to, demographic forecasts, space use and needs, class sizes, programmatic constraints, facility construction status, the amount of funding needed to create additional classroom space, and the proposed sources of that funding.

(2) A detailed description of the multiple phases of planning and construction, including site identification, site acquisition, construction commencement and completion date, and occupancy dates of projects designed to eliminate use of the Concept 6 program, including a reasonable projection of the number of additional pupil seats to be provided through each of the multiple phases of planning and construction.

(3) Reasonable, districtwide numerical goals against which annual progress toward eliminating the use of the Concept 6 program can be measured, including a projection of the number of pupils, if any, the district estimates will remain on a Concept 6 program on July 1 of each year through 2012.

(b) If a district projects that it will eliminate the Concept 6 program on or before July 1, 2008, the district shall not be required to include in its comprehensive action plan the information contained in paragraphs (2) and (3) of subdivision (a) but, instead, shall include a narrative explanation of the manner in which it will accomplish its goal to eliminate the Concept 6 program and shall project the date that each school in the district will eliminate the program.

(c) A district may not transport pupils to another school more than 40 minutes away from the school of residence, other than as required pursuant to a desegregation plan, as a means to eliminate the Concept 6 program.

37683. (a) The Superintendent of Public Instruction shall evaluate a comprehensive action plan submitted by a district and shall make recommendations to the state board for approval or disapproval of the plan. The evaluation shall be based on the reasonableness and practicability of the district in eliminating the Concept 6 program by the

earliest practicable date and no later than July 1, 2012. The evaluation shall include an analysis of whether adequate sources of funding have been identified for the projects necessary to eliminate the program. In considering whether a district has identified adequate sources of funding, the superintendent shall consult with the Office of Public School Construction.

(b) If the state board disapproves a comprehensive action plan, it shall specify the reasons for the disapproval and require the district to submit a revised plan, within a time specified by the state board, to address the state board's concerns.

37684. (a) A district operating a Concept 6 program shall report each January to the Superintendent of Public Instruction, who shall report to the state board, on progress made in reaching the annual numerical goals established in its comprehensive action plan. If a district fails to meet an annual numerical goal, the district shall identify the specific cause of the failure and amend its comprehensive action plan to indicate the specific steps that it will take to remedy that failure so that it will meet its deadline to eliminate the Concept 6 program as stated in its comprehensive action plan.

(b) If the district's progress toward meeting its numerical goals has or is projected to change materially, the district shall file a supplemental, mid-year report with the Superintendent of Public Instruction. The report shall describe the nature and cause of the material change and indicate the specific steps that the district will take, and the state technical assistance needed, if any, to address the change. The superintendent shall evaluate the supplemental, mid-year report and make recommendations to the state board for approval or disapproval. The evaluation shall be based on the reasonableness and practicability of the district to reach its annual goals and eliminate the Concept 6 program by the earliest practicable date, and no later than July 1, 2012. If the state board disapproves a report, it shall specify the reasons for disapproval and require the district to submit a revised report, within a timeframe specified by the state board, to address the concerns raised by the state board.

37685. (a) A district that plans to operate a Concept 6 program after June 30, 2006, shall, by July 1, 2006, and by July 1 of any succeeding year in which it plans to operate a Concept 6 program, as a condition of operating that program, submit evidence in writing to establish to the satisfaction of the Superintendent of Public Instruction that substantial progress has been made toward meeting its annual numerical goals as stated in its comprehensive action plan.

(b) The superintendent shall evaluate the written submission to determine whether the district has made substantial progress toward meeting its goals and shall submit a report to the state board.

37686. (a) If a district fails to meet its annual numerical goals for any two consecutive years between 2005 and 2012, the district shall be prohibited from all the following until the district achieves substantial progress toward meeting its annual numerical goals:

(1) Approving any new construction or new portable classroom other than a project directly designed to eliminate the use of the Concept 6 program or to reduce reliance on capacity-related busing that transports pupils more than 40 minutes to or from school.

(2) To the extent permitted by law, designating revenues from developer fees for any purpose not directly related to eliminating the Concept 6 program or reducing reliance on capacity-related busing.

(3) Approving the issuance of a Certificate of Participation for any school facilities-related purpose not directly related to the elimination of the Concept 6 program or reducing reliance on capacity-related busing.

(b) Subdivision (a) does not preclude a district from using funding from any source for a project that is eligible for hardship funding approved by the State Allocation Board pursuant to Article 8 (commencing with Section 17075.10) of Chapter 12.5 of Part 10.

37687. (a) A district that plans to operate a Concept 6 program after June 30, 2009, shall by July 1 of 2009, and by July 1 of any succeeding year in which it plans to operate a Concept 6 program, submit evidence in writing to establish to the satisfaction of the Superintendent of Public Instruction that it has developed a specific school building plan to provide adequate pupil capacity to eliminate the Concept 6 program by the earliest practicable date and no later than July 1, 2012.

(b) The superintendent shall evaluate the written submission to determine whether the district has developed a specific school building plan and shall submit a report to the state board.

37688. (a) If on or after July 31, 2008, and any succeeding year in which a district operates a Concept 6 program, the state board finds that a district has failed to make substantial progress in eliminating the Concept 6 program, or if on or after July 31, 2009, and any succeeding year in which a district operates a Concept 6 program, the state board finds that a district has failed to develop a specific school building plan, the state board shall hold a public hearing to determine the cause of the failure and the remedies to be undertaken by the state board to ensure elimination of the Concept 6 program by the earliest practicable date and no later than July 1, 2012.

(b) Prior to the public hearing, the Superintendent of Public Instruction and the State Allocation Board shall each provide a written analysis and opinion to the state board as to the cause of the failure and the remedies proposed to be undertaken. The State Allocation Board shall render its opinion based upon a written analysis prepared by the Office of Public School Construction. The district may submit its own

analysis as to the cause of the failure and remedies it proposes to be undertaken.

(c) After the public hearing, the state board shall adopt a remedial plan that the district shall follow to ensure elimination of the Concept 6 program by the earliest practicable date and no later than July 1, 2012.

(d) (1) If the state board determines that the failure of a district to achieve substantial progress or develop a specific school building plan is due to circumstances beyond the control of the district, the remedial plan adopted by the state board may provide for technical assistance to the district from the department, the Office of Public School Construction, or the Division of the State Architect. The remedial plan may also recommend action for state financial assistance necessary to enable the district to eliminate the Concept 6 program by the earliest date practicable and no later than July 1, 2012.

(2) If the state board determines that the failure of the district to achieve substantial progress or develop a specific school building plan is not due to circumstances beyond the control of the district, but due to its failure to act diligently to plan for the elimination of the Concept 6 program or to execute its comprehensive action plan, the remedial plan shall mandate at least quarterly review and oversight of the district by the department. The remedial plan may also include any of the measures described in paragraph (1) or other measures as the state board deems necessary to enable the district to eliminate the Concept 6 program by the earliest date practicable and no later than July 1, 2012.

37689. (a) In addition to Section 37688, on or after July 31, 2009, if the state board determines that the failure of a district to achieve substantial progress or develop a specific school building plan is not due to circumstances beyond the control of the district, but due to its failure to act diligently to plan for the elimination of the Concept 6 program or to execute its comprehensive action plan, the board shall hold a public hearing to determine whether the state board should implement direct oversight of the district's facilities construction program.

(b) If the state board determines that direct oversight is necessary, the state board shall implement the oversight within 90 days of that determination.

(1) Direct oversight by the state board shall consist of assigning a monitor to the district who shall report to the state board at each of its regularly scheduled meetings on progress made by the district in working toward the elimination of the Concept 6 program. The monitor shall have relevant experience in engineering, construction, or management of major public works projects and shall have the resources and authority to contract with appropriate professionals in the fields of program management, project management, and finance. In selecting a monitor, the state board shall receive nominees from, and consult with,

the superintendent of the district, the Office of Public School Construction, and the citizens' oversight committee of the district, established under Section 15278.

(2) The monitor shall make recommendations to the district with respect to the planning and implementation of its school construction program. The district shall follow the recommendations of the monitor unless the district shows, to the satisfaction of the state board, good cause for not doing so. The district shall notify the state board if it disputes a recommendation and the state board shall hold a public hearing to hear and decide the dispute within 30 days of receiving the notice.

(3) The district and the citizens' oversight committee shall have an opportunity to appear at the public hearing and provide written or oral testimony to support their positions.

(4) A recommendation of the monitor that is mandatory, as opposed to prohibitory, shall be stayed during the time the dispute is before the state board.

(5) Upon the conclusion of the public hearing, the state board shall direct the district to implement the recommendations of the monitor if it finds, in consultation with the Office of Public School Construction, that the district lacks good cause for failing to implement the recommendations.

37690. All reports required by a district to be submitted to a state agency pursuant to this article shall be made available to the public. An interested party shall be permitted to submit comments regarding a report to the appropriate state agency within a reasonable time following the submission of the report to that state agency.

37691. A Concept 6 program conducted pursuant to this article is eligible for apportionment from the State School Fund.

37692. On or before July 1, 2008, the department, in consultation with the Office of Public School Construction, shall conduct a survey to determine whether the school districts operating Concept 6 programs will phase out the program by the 2009–10 fiscal year and shall submit a copy of the results of the survey to the Assembly Committee on Education, the Senate Committee on Education, and the Department of Finance. Based on the survey, the Legislature shall determine whether to repeal the authority to operate a Concept 6 program prior to July 1, 2012.

37693. (a) A Concept 6 program may not be operated after July 1, 2012, or such earlier date as may be prescribed by the Legislature pursuant to Section 37692.

(b) Although the Concept 6 program is authorized until July 1, 2012, it is the intent of the Legislature that all school districts eliminate the Concept 6 program as soon as practicable.

37694. A school district operating a Concept 6 program is exempt from the requirements of Section 37202.

37695. (a) A pupil participating in a Concept 6 program shall not be credited with more than one day of attendance in any calendar day, except as permitted in Section 46140.

(b) Average daily attendance generated at a regular elementary, junior high, or high school operated pursuant to this article shall be calculated as prescribed in subdivision (a) of Section 41601.

(c) Notwithstanding Section 37640, subdivision (a) of Section 41601, and any other law, the number of days taught in one or more late entry makeup classes in which a pupil in a Concept 6 program is enrolled shall be disregarded, at the option of a school district, in calculating the number of days taught in the calculation of average daily attendance of that district for any school year, if the pupil entered the Concept 6 program after September 1 of that school year and the track in which the pupil is enrolled began instruction in July or August of that school year. For purposes of this subdivision, ''late entry makeup class'' is a class in which a pupil in a Concept 6 program is enrolled in order to compensate for the pupil's late enrollment in that program. The number of days taught that are disregarded under this subdivision shall not exceed the number of schooldays occurring in the school year prior to September 1 in the track in which the pupil is enrolled, reduced by the number of schooldays, if any, occurring in a program operating under the traditional school calendar in which the pupil was enrolled in that school district in the same school year prior to the date upon which the pupil is first enrolled in the Concept 6 program.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reduce overcrowding in public schools and to implement the settlement agreement in the case of Williams v. State of California (Super. Ct., San Francisco, 2004, No. CGC-00-312236) as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 902

An act to amend Sections 42127.6, 44225.6, 44258.9, 44274, 44275.3, 44325, 44453, 44511, 52055.640, and 52059 of the Education Code, relating to teachers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with
Secretary of State September 29, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 42127.6 of the Education Code is amended to read:

42127.6. (a) (1) A school district shall provide the county superintendent of schools with a copy of a study, report, evaluation, or audit that was commissioned by the district, the county superintendent, the Superintendent of Public Instruction, and state control agencies and that contains evidence that the school district is showing fiscal distress under the standards and criteria adopted in Section 33127, or a report on the school district by the County Office Fiscal Crisis and Management Assistance Team or any regional team created pursuant to subdivision (i) of Section 42127.8. The county superintendent shall review and consider studies, reports, evaluations, or audits of the school district that contain evidence that the school district is demonstrating fiscal distress under the standards and criteria adopted in Section 33127 or that contain a finding by an external reviewer that more than three of the 15 most common predictors of a school district needing intervention, as determined by the County Office Fiscal Crisis and Management Assistance Team, are present. If these findings are made, the county superintendent shall investigate the financial condition of the school district and determine if the school district may be unable to meet its financial obligations for the current or two subsequent fiscal years, or should receive a qualified or negative interim financial certification pursuant to Section 42131. If at any time during the fiscal year the county superintendent of schools determines that a school district may be unable to meet its financial obligations for the current or two subsequent fiscal years or if a school district has a qualified or negative certification pursuant to Section 42131, he or she shall notify the governing board of the school district and the Superintendent of Public Instruction in writing of that determination and the basis for the determination. The notification shall include the assumptions used in making the determination and shall be available to the public. The county superintendent of schools shall report to the Superintendent of Public Instruction on the financial condition of the school district and his or her proposed remedial actions and shall do at least one of the following and all actions that are necessary to ensure that the district meets its financial obligations:

(A) Assign a fiscal expert, paid for by the county superintendent, to advise the district on its financial problems.

(B) Conduct a study of the financial and budgetary conditions of the district that includes, but is not limited to, a review of internal controls. If, in the course of this review, the county superintendent determines that his or her office requires analytical assistance or expertise that is not available through the district, he or she may employ, on a short-term basis, with the approval of the Superintendent of Public Instruction, staff, including certified public accountants, to provide the assistance and expertise. The school district shall pay 75 percent and the county office of education shall pay 25 percent of these staff costs.

(C) Direct the school district to submit a financial projection of all fund and cash balances of the district as of June 30 of the current year and subsequent fiscal years as he or she requires.

(D) Require the district to encumber all contracts and other obligations, to prepare appropriate cashflow analyses and monthly or quarterly budget revisions, and to appropriately record all receivables and payables.

(E) Direct the district to submit a proposal for addressing the fiscal conditions that resulted in the determination that the district may not be able to meet its financial obligations.

(F) Withhold compensation of the members of the governing board and the district superintendent for failure to provide requested financial information. This action may be appealed to the Superintendent of Public Instruction pursuant to subdivision (b).

(G) Assign the Fiscal Crisis and Management Assistance Team to review teacher hiring practices, teacher retention rate, percentage of provision of highly qualified teachers, and the extent of teacher misassignment in the school district and provide the district with recommendations to streamline and improve the teacher hiring process, teacher retention rate, extent of teacher misassignment, and provision of highly qualified teachers. If a review team is assigned to a school district, the district shall follow the recommendations of the team, unless the district shows good cause for failure to do so. The Fiscal Crisis and Management Assistance Team may not recommend an action that would abrogate a contract that governs employment.

(2) Any contract entered into by a county superintendent of schools for the purposes of this subdivision is subject to the approval of the Superintendent of Public Instruction.

(3) An employee of a school district who provides information regarding improper governmental activity, as defined in Section 44112, is entitled to the protection provided pursuant to Article 5 (commencing with Section 44110) of Chapter 1 of Part 25.

(b) Within five days of the county superintendent making the determination specified in subdivision (a), a school district may appeal the basis of the determination and any of the proposed actions that the

county superintendent has indicated that he or she will take to further examine the financial condition of the district. The Superintendent of Public Instruction shall sustain or deny any or all parts of the appeal within 10 days.

(c) If, after taking the actions identified in subdivision (a), the county superintendent determines that a district will be unable to meet its financial obligations for the current or subsequent fiscal year, he or she shall notify the school district governing board and the Superintendent of Public Instruction in writing of that determination and the basis for that determination. The notification shall include the assumptions used in making the determination and shall be provided to the superintendent of the school district and parent and teacher organization of the district.

(d) Within five days of the county superintendent making the determination specified in subdivision (c), a school district may appeal that determination to the Superintendent of Public Instruction. The Superintendent shall sustain or deny the appeal within 10 days. If the governing board of the school district appeals the determination, the county superintendent of schools may stay any action of the governing board that he or she determines is inconsistent with the ability of the district to meet its financial obligations for the current or subsequent fiscal year until resolution of the appeal by the Superintendent of Public Instruction.

(e) If the appeal described in subdivision (d) is denied or not filed, or if the district has a negative certification pursuant to Section 42131, the county superintendent, in consultation with the Superintendent of Public Instruction, shall take at least one of the actions described in paragraphs (1) to (5), inclusive, and all actions that are necessary to ensure that the district meets its financial obligations and shall make a report to the Superintendent about the financial condition of the district and remedial actions proposed by the county superintendent.

(1) Develop and impose, in consultation with the Superintendent of Public Instruction and the school district governing board, a budget revision that will enable the district to meet its financial obligations in the current fiscal year.

(2) Stay or rescind any action that is determined to be inconsistent with the ability of the school district to meet its obligations for the current or subsequent fiscal year. This includes any actions up to the point that the subsequent year's budget is approved by the county superintendent of schools. The county superintendent of schools shall inform the school district governing board in writing of his or her justification for any exercise of authority under this paragraph.

(3) Assist in developing, in consultation with the governing board of the school district, a financial plan that will enable the district to meet its future obligations.

(4) Assist in developing, in consultation with the governing board of the school district, a budget for the subsequent fiscal year. If necessary, the county superintendent of schools shall continue to work with the governing board of the school district until the budget for the subsequent year is adopted.

(5) As necessary, appoint a fiscal adviser to perform any or all of the duties prescribed by this section on his or her behalf.

(f) Any action taken by the county superintendent of schools pursuant to paragraph (1) or (2) of subdivision (e) shall be accompanied by a notification that shall include the actions to be taken, the reasons for the actions, and the assumptions used to support the necessity for these actions.

(g) This section does not authorize the county superintendent to abrogate any provision of a collective bargaining agreement that was entered into by a school district prior to the date upon which the county superintendent of schools assumed authority pursuant to subdivision (e).

(h) The school district shall pay 75 percent and the county office of education shall pay 25 percent of the administrative expenses incurred pursuant to subdivision (e) or costs associated with improving the district's financial management practices. The Superintendent of Public Instruction shall develop and distribute to affected school districts and county offices of education advisory guidelines regarding the appropriate amount of administrative expenses charged pursuant to this subdivision.

(i) Notwithstanding Section 42647 or 42650 or any other law, a county treasurer shall not honor any warrant if, pursuant to Sections 42127 to 42127.5, inclusive, or pursuant to this section, the county superintendent or the Superintendent of Public Instruction, as appropriate, has disapproved that warrant or the order on school district funds for which a warrant was prepared.

Each local agency shall revise the list of information required from an applicant to include a certification of compliance with Section 65962.5, and the statement of application required by Section 65943. Copies of the information, including the statement of application required by Section 65943, shall be made available to all applicants for development projects and to any person who requests the information.

(b) (1) The list of information required from any applicant shall include, where applicable, identification of whether the proposed project is located within 1,000 feet of a military installation, beneath a low-level flight path or within special use airspace as defined in Section 21098 of the Public Resources Code, and within an urbanized area as defined in Section 65944.

(2) The information described in paragraph (1) shall be based on information provided by the Office of Planning and Research pursuant to paragraph (2) of subdivision (d) as of the date of the application. Cities, counties, and cities and counties shall comply with paragraph (1) within 30 days of receiving this notice from the office.

65944. (a) After a public agency accepts an application as complete, the agency shall not subsequently request of an applicant any new or additional information which was not specified in the list prepared pursuant to Section 65940. The agency may, in the course of processing the application, request the applicant to clarify, amplify, correct, or otherwise supplement the information required for the application.

(b) The provisions of subdivision (a) shall not be construed as requiring an applicant to submit with his or her initial application the entirety of the information which a public agency may require in order to take final action on the application. (2) Except for a project within 1,000 feet of a military installation, the public agency is not required to provide a copy of the application if the project is located entirely in an ''urbanized area.'' An urbanized area is any urban location that meets the definition used by the United State Department of Commerce's Bureau of Census for ''urban'' and includes locations with core census block groups containing at least 1,000 people

per square mile and surrounding census block groups containing at least 500 people per square mile.

(e) Upon receipt of a copy of the application as required in subdivision (d), any branch of the United States Armed Forces may request consultation with the public agency and the project applicant to discuss the effects of the proposed project on military installations, low-level flight paths, or special use airspace, and potential alternatives and mitigation measures.

(f) (1) Subdivisions (d), (e), and (f) as these relate to low-level flight paths, special use airspace, and urbanized areas shall not be operative until the United States Department of Defense provides electronic maps of low-level flight paths, special use airspace, and military installations, at a scale and in an electronic format that is acceptable to the Office of Planning and Research.

(2) Within 30 days of a determination by the Office of Planning and Research that the information provided by the Department of Defense is sufficient and in an acceptable scale and format, the office shall notify cities, counties, and cities and counties of the availability of the information on the Internet. Cities, counties, and cities and counties shall comply with subdivision (d) within 30 days of receiving this notice from the office.

SEC. 6. Section 2.5 of this bill incorporates amendments to Section 65352 of the Government Code proposed by both this bill and SB 18. SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 907

of 2002, relating to economic development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 13998) is added to Part 4.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 4. MILITARY AND AEROSPACE SUPPORT

13998. This chapter shall be known and may be cited as the Military and Aerospace Support Act.

13998.1. The Legislature finds and declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) Defense spending in California peaked at sixty billion dollars ($60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projected a further 22-percent reduction to thirty-seven billion dollars ($37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(c) California has experienced four rounds of base closures resulting in the closure or realignment of 29 bases since 1988. Additional bases may be considered for closure in future closure rounds.

(d) California lost more federal payroll jobs from its 29 military base closures under rounds one to four, inclusive, than all of the rest of the states put together. The reduced military payroll, including military and civilian employees, in California is approximately 101,000 jobs. About 300,000 private sector defense industry jobs in California have been lost.

(e) California needs a focused, coordinated defense retention and conversion program within the state in order to protect the existing defense installations and facilities within the state and to assist those communities that have experienced an installation's closing.

(f) Currently, there are over 300,000 active duty and civilian defense personnel in California.

(g) The direct Department of Defense expenditures in California are over thirty-six billion dollars ($36,000,000,000) for employees, contracts, and capital investment.

(h) California has over 36 major and 25 minor active military installations.

(i) The Department of Defense pays ten million dollars ($10,000,000) annually in fees, permits, and licenses within the state.

(j) Having been the leader in the nation's defense effort, the state must now also assume the role as leader in defending existing military installations within its borders. That role will require a coordinated effort to ensure that California promotes the necessity of existing defense facilities, assist local governments and organizations in planning retention efforts, and design and implement a single unified plan for active defense retention efforts on the federal level.

(k) It is the intent of the Legislature that the state's role in defense retention, conversion, and military support be consolidated in the Business, Transportation and Housing Agency.

13998.2. (a) The Legislature recognizes the potential for federal legislation to close additional military installations nationwide. In an effort to be proactive in retaining these facilities within California that are necessary for the defense of the nation and to provide for a single, focused defense of these installations, the Office of Military and Aerospace Support is hereby created in the Business, Transportation and Housing Agency.

(b) The Office of Military and Aerospace Support shall be in the charge of a director who is under the direction of the Secretary of Business, Transportation and Housing. The director shall be appointed, upon recommendation by the secretary, by the Governor. The director shall hold office at the pleasure of the secretary, and shall receive a salary fixed by the secretary with the approval of the Department of Personnel Administration.

(c) It shall be the purpose of the office to provide a central clearinghouse for all defense retention, conversion, and base reuse activities in the state and to interact and communicate with military installations in the state.

13998.3. (a) The office may establish a Military Advisory Committee to provide input, information, technical advice or other comments to the office on military related matters, including, but not limited to, active Department of Defense installations in California and defense conversion issues. The office may call meetings of the committee at times and locations when necessary. Participation by committee members is voluntary and there is no reimbursement for per diem or expenses.

(b) The committee membership may include, but is not limited to, representatives from the following:

(1) The Secretary of Business, Transportation and Housing.

(2) The Secretary for Environmental Protection.

(3) The Director of Employment Development.
(4) The Director of Planning and Research.
(5) The Chairperson of the State Energy Resources, Conservation and Development Commission.
(6) The Director of Transportation.
(7) The Executive Director of the Employment Training Panel.
(8) The Secretary of the Resources Agency.
(9) The President of the University of California.
(10) The Chancellor of the California State University.
(11) The Chancellor of the California Community Colleges.
(12) The President pro Tempore of the Senate.
(13) The Speaker of the Assembly.
(14) Any other legislative offices, state agencies, local governments, industry, civic, and research organizations that may have an interest in defense related activities.

13998.5. The Office of Military and Aerospace Support shall do all of the following:

(a) Develop and recommend to the Governor and the Legislature a strategic plan for state and local defense retention and conversion efforts. The plan shall address the state's role in assisting communities with potential base closures and those impacted by previous closures. The office may coordinate with other state agencies, local groups, and interested organizations on this strategic plan to retain current Department of Defense installations, facilities, bases, and related civilian activities.

(b) Conduct outreach to entities and parties involved in defense retention and conversion across the state and provide a network to facilitate assistance and coordination for all defense retention and conversion activities within the state.

(c) Help develop and coordinate state retention advocacy efforts on the federal level.

(d) (1) Conduct an evaluation of existing state retention and conversion programs and provide the Legislature recommendations on the continuation of existing programs, including, but not limited to, the possible elimination or alteration of those programs. This evaluation shall be transmitted to the Legislature.

(2) The office may provide recommendations to the Legislature on the necessity of new programs for defense retention and adequate funding levels.

(e) Utilize and update the plan prepared by the Defense Conversion Council as it existed on December 31, 1998, to minimize California's loss of bases and jobs in future rounds of base closures. This plan shall include, but not be limited to, all of the following:

(1) Identification of major installations in California.

(2) Determination of how best to defend existing bases and base employment in this state.

(3) Coordination of retention activities with communities that may face base closures.

(4) Development of data and analyses on bases in this state.

(5) Coordination with the congressional delegation, the Legislature, and the Governor. With the consent of the appropriate authority, the office may temporarily borrow technical, policy, and administrative staff from other state agencies, including the Legislature.

(f) Serve as the primary state liaison with the Department of Defense and its installations in this state. In order to maximize the mission use of the installations, the Office of Military and Aerospace Support shall assist in resolving any disputes or issues between the Department of Defense and state entities.

(g) Review actions or programs by state agencies that may affect or impact Department of Defense installations or the state's military base retention and reuse activities and recommend to the Governor and the Legislature actions that may be taken to resolve or prevent similar problems in the future.

(h) Where funds and resources are available, the office may undertake all of the following activities:

(1) Provide a central clearinghouse for all base retention or conversion assistance activities, including, but not limited to, employee training programs and regulation review and permit streamlining.

(2) Provide technical assistance to communities with potential or existing base closure activities.

(3) Provide a central clearinghouse for all defense retention and conversion funding, regulations, and application procedures for federal or state grants.

(4) Serve as a central clearinghouse for input and information, including needs, issues, and recommendations from businesses, industry representatives, labor, local government, and communities relative to retention and conversion efforts.

(5) Identify available state and federal resources to assist businesses, workers, communities, and educational institutions that may have a stake in retention and conversion activities.

(6) Provide one-stop coordination, maintain and disseminate information, standardize state endorsement procedures, and develop fast-track review procedures for proposals seeking state funds to match federal defense conversion funding programs.

(7) Maintain and establish databases in such fields as defense-related companies, industry organization proposals for the state and federal defense industry, community assistance, training, and base retention, and provide electronic access to the databases.

13998.6. (a) The Office of Military and Aerospace Support shall apply for grants and may seek contributions from private industry to fund its operations.

(b) The office shall actively solicit and accept funds from industry, foundations, or other sources to support its operations and responsibilities under this chapter.

(c) Any private funds the office accepts shall be deposited into the Military and Aerospace Support Account, which is hereby established in the Special Deposit Fund in the State Treasury. The office may, upon the approval of the Secretary of Business, Transportation and Housing, expend moneys in the account, upon appropriation by the Legislature in the annual Budget Act, for the purposes of this chapter and for no other purpose. Records of funds received and expenditures made pursuant to this section shall be subject to public disclosure. A report describing the receipt and expenditure of these funds shall be submitted to the Department of Finance, the Assembly Committee on Budget, and the Senate Committee on Budget and Fiscal Review at least biennially.

13998.7. In addition to the duties specified in Section 13998.5, the office shall prepare a study considering strategies for the long-term protection of lands adjacent to military bases from development that would be incompatible with the continuing missions of those bases. The study shall include the effects of local land use encroachment, environmental impact considerations, and population growth issues. The study shall recommend basic criteria to assist local governments in identifying lands where incompatible development may adversely impact the long-term missions of these bases. The study shall also identify potential mechanisms, including recommendations for changes in law at the local or state level, to address these issues. In conducting this study, the office may use the Naval Air Station at Lemoore and Edwards Air Force Base as case studies.

13998.8. The Business, Transportation and Housing Agency with input and assistance from the office, shall establish a military support grant program to grant funds to communities with military bases to assist them in developing a retention strategy. The agency may use grant criteria similar to those for existing defense conversion grant programs as a basis for developing the new grant program. To discourage multiple grant applications for individual defense installations in a region, the criteria shall be drafted to encourage a single application for grant funds to develop, where appropriate, a single, regional defense retention strategy. The structure, requirements, administration, and funding procedures of the grant program shall be submitted to the Legislature for review at least 90 days prior to making the first grant disbursement. The agency may make no grant award without the local community providing at least 50 percent or more in matching funds or in-kind

services, with at least 50 percent of that match being in the form of funding.

13998.9. The Business, Transportation and Housing Agency shall adopt regulations to implement the programs authorized in this chapter. The agency shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, the regulations shall be repealed within 180 days after their effective date, unless the agency complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code as provided in subdivision (e) of Section 11346.1 of the Government Code.

13998.10. This chapter shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

If multiple affected local governments are identified for a military installation as described in paragraph (2) of subdivision (a), those affected counties and cities may, by resolution, designate an existing joint powers authority or establish a joint powers authority for the purposes of this article pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1.

(e) The state shall recognize a local retention authority for each active military installation if resolutions acknowledging the authority as the local retention authority are adopted by all county boards of supervisors and city councils identified as described in paragraph (2) of subdivision (a) and are forwarded to the Office of Military and Aerospace Support on or before October 1, 2004. If prior to January 1, 2004, a local government was awarded grant moneys pursuant to any predecessor to Section 13998.8 for a specific military installation and qualifies as an affected local government as described in paragraph (2) of subdivision (a), the recipient local government shall be recognized by the state as the

local retention authority unless resolutions acknowledging a different authority are adopted by all county boards of supervisors and city councils identified as described in paragraph (2) of subdivision (a), and are forwarded to the Office of Military and Aerospace Support.

(f) If the necessary resolutions are not adopted within the time limit specified in subdivision (e), the Office of Military and Aerospace Support shall recognize a local retention authority for each military installation.

SEC. 4. Section 65053.6 of the Government Code is amended to read:

65053.6. The local retention authority shall be recognized by all state agencies as the local retention planning authority for the military installation. The state shall encourage the federal government and other local jurisdictions to recognize similarly the authorities designated pursuant to Section 65053.5 for the purposes of retention activities.

SEC. 5. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify areas covered by the plan which are subject to flooding and shall be reviewed annually with respect to those areas. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982, Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5.

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information from the military and other sources.

(B) The following definitions govern this paragraph:

(i) ''Military readiness activities'' mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) ''Military installation'' means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (e) of Section 2687 of Title 10 of the United States Code.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies that have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county. The conservation element may also cover the following:

(1) The reclamation of land and waters.

(2) Prevention and control of the pollution of streams and other waters.

(3) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(4) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(5) Protection of watersheds.

(6) The location, quantity and quality of the rock, sand and gravel resources.

(7) Flood control.

The conservation element shall be prepared and adopted no later than December 31, 1973.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) A noise element which shall identify and appraise noise problems in the community. The noise element shall recognize the guidelines established by the Office of Noise Control in the State Department of Health Services and shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

(1) Highways and freeways.

(2) Primary arterials and major local streets.

(3) Passenger and freight on-line railroad operations and ground rapid transit systems.

(4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(5) Local industrial plants, including, but not limited to, railroad classification yards.

(6) Other ground stationary noise sources, including, but not limited to, military installations, identified by local agencies as contributing to the community noise environment.

Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence, liquefaction and other seismic hazards identified pursuant

to Chapter 7.8 (commencing with Section 2690) of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards. Prior to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the Division of Mines and Geology of the Department of Conservation and the Office of Emergency Services for the purpose of including information known by and available to the department and the office required by this subdivision.

To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

At least 45 days prior to adoption or amendment of the safety element, each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of a draft of the safety element or amendment and any technical studies used for developing the safety element. The division may review drafts submitted to it to determine whether they incorporate known seismic and other geologic hazard information, and report its findings to the planning agency within 30 days of receipt of the draft of the safety element or amendment pursuant to this subdivision. The legislative body shall consider the division's findings prior to final adoption of the safety element or amendment unless the division's findings are not available within the above prescribed time limits or unless the division has indicated to the city or county that the division will not review the safety element. If the division's findings are not available within those prescribed time limits, the legislative body may take the division's findings into consideration at the time it considers future amendments to the safety element. Each county and city shall provide the division with a copy of its adopted safety element or amendments. The division may review adopted safety elements or amendments and report its findings. All findings made by the division shall be advisory to the planning agency and legislative body.

SEC. 6. Section 65560 of the Government Code is amended to read:

65560. (a) ''Local open-space plan'' is the open-space element of a county or city general plan adopted by the board or council, either as the local open-space plan or as the interim local open-space plan adopted pursuant to Section 65563.

(b) ''Open-space land'' is any parcel or area of land or water that is essentially unimproved and devoted to an open-space use as defined in this section, and that is designated on a local, regional or state open-space plan as any of the following:

(1) Open space for the preservation of natural resources including, but not limited to, areas required for the preservation of plant and animal life, including habitat for fish and wildlife species; areas required for

ecologic and other scientific study purposes; rivers, streams, bays and estuaries; and coastal beaches, lakeshores, banks of rivers and streams, and watershed lands.

(2) Open space used for the managed production of resources, including but not limited to, forest lands, rangeland, agricultural lands and areas of economic importance for the production of food or fiber; areas required for recharge of groundwater basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and areas containing major mineral deposits, including those in short supply.

For purposes of this chapter, the term ''approved by the Bureau for Private Postsecondary and Vocational Education'' shall mean unconditional approval existing at the time of the applicant's graduation from the school, college, or university. [Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 52124 of the Education Code is amended to read:

52124. (a) A school district that implements a class size reduction program pursuant to this chapter is subject to this section.

(b) A school district may establish a program to reduce class size in kindergarten and grades 1 to 3, inclusive, and that program shall be implemented at each schoolsite according to the following priorities:

(1) If only one grade level is reduced at a schoolsite, the grade level shall be grade 1.

(2) If only two grade levels are reduced at a schoolsite, the grade levels shall be grades 1 and 2.

(3) If three grade levels are reduced at a schoolsite, then those grade levels shall be kindergarten and grades 1 and 2 or grades 1 to 3, inclusive. Priority shall be given to the reduction of class sizes in grades 1 and 2 before the class sizes of kindergarten or grade 3 are reduced.

(4) If four grade levels are reduced at a schoolsite, then those grade levels shall be kindergarten and grades 1 to 3, inclusive. First priority shall be given to the reduction of class sizes in grades 1 and 2, second priority shall be given to the reduction of class size in kindergarten and grade 3. This paragraph shall be operative only in those fiscal years for which funds are appropriated expressly for the purposes of this paragraph.

(c) It is the intent of the Legislature to continue to permit the use of combination classes of more than one grade level to the extent that school districts are otherwise permitted to use that instructional strategy. However, any school district that uses a combination class in any class

for which funding is received pursuant to this chapter may not claim funding pursuant to this chapter if the total number of pupils in the combination class, regardless of grade level, exceeds 20 pupils per certificated teacher assigned to provide direct instructional services.

(d) The governing board of a school district shall certify to the Superintendent of Public Instruction that it has met the requirements of this section in implementing its class size reduction program. If a school district receives funding pursuant to this chapter but has not implemented its class size reduction program for all grades and classes for which it received funding pursuant to this chapter, the Superintendent of Public Instruction shall notify the Controller and the school district in writing and the Controller shall deduct an amount equal to the amount received by the school district under this chapter for each class that the school district failed to reduce to a class size of 20 or less pupils from the next principal apportionment or apportionments of state funds to the district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution.

(e) Except for a school district participating pursuant to subdivision (h) of Section 52122, the amount deducted pursuant to subdivision (d) shall be adjusted as follows:

(1) Twenty percent of the amount to which the district would otherwise be eligible for each class for which the annual enrollment determined pursuant to Section 52124.5 is greater than or equal to 20.5 but less than 21.0.

(2) Forty percent of the amount to which the district would otherwise be eligible for each class for which the annual average enrollment determined pursuant to Section 52124.5 is greater than or equal to 21.0 but less than 21.5.

(3) Eighty percent of the amount to which the district would otherwise be eligible for each class for which the annual average enrollment determined pursuant to Section 52124.5 is greater than or equal to 21.5 but less than 21.9.

(4) The amount deducted pursuant to subdivision (d) for each class for which the annual average enrollment determined pursuant to 52141.5 is greater than or equal to 21.9 shall be the amount of funding the district received for the class pursuant to this chapter.

(f) Notwithstanding any other provision of this chapter, a school district located in the County of Los Angeles, Riverside, San Bernardino, San Diego, or Ventura may claim funding pursuant to this chapter for the 2003–04 school year based on enrollment counts before the October 2003 fires, in classes for which the class size reduction program is implemented if the following criteria are met:

(1) The school district submits to the Superintendent of Public Instruction a ‘‘Request for Allowance of Attendance because of

Emergency Conditions'' pursuant to Section 46392 and the emergency conditions were caused by the October 2003 fires.

(2) The school district certifies that it suffered a loss of enrollment in classes in which the class size reduction program is implemented and this loss of enrollment is due to the October 2003 fires and would result in a decrease in funding that the district receives pursuant to this chapter.

(g) This section shall be operative until July 1, 2009, and as of January 1, 2010, is repealed, unless a later enacted statute deletes or extend that date.

SEC. 2. Section 52124 is added to the Education Code, to read:

52124. (a) Any school district that implements a class size reduction program pursuant to this chapter is subject to this section.

(b) A school district may establish a program to reduce class size in kindergarten and grades 1 to 3, inclusive, and that program shall be implemented at each schoolsite according to the following priorities:

(1) If only one grade level is reduced at a schoolsite, the grade level shall be grade 1.

(2) If only two grade levels are reduced at a schoolsite, the grade levels shall be grades 1 and 2.

(3) If three grade levels are reduced at a schoolsite, then those grade levels shall be kindergarten and grades 1 and 2 or grades 1 to 3, inclusive. Priority shall be given to the reduction of class sizes in grades 1 and 2 before the class sizes of kindergarten or grade 3 are reduced.

(4) If four grade levels are reduced at a schoolsite, then those grade levels shall be kindergarten and grades 1 to 3, inclusive. First priority shall be given to the reduction of class sizes in grades 1 and 2, second priority shall be given to the reduction of class size in kindergarten and grade 3. This paragraph shall be operative only in those fiscal years for which funds are appropriated expressly for the purposes of this paragraph.

(c) It is the intent of the Legislature to continue to permit the use of combination classes of more than one grade level to the extent that school districts are otherwise permitted to use that instructional strategy. However, any school district that uses a combination class in any class for which funding is received pursuant to this chapter may not claim funding pursuant to this chapter if the total number of pupils in the combination class, regardless of grade level, exceeds 20 pupils per certificated teacher assigned to provide direct instructional services.

(d) The governing board of a school district shall certify to the Superintendent of Public Instruction that it has met the requirements of this section in implementing its class size reduction program.

If a school district receives funding pursuant to this chapter but has not implemented its class size reduction program for all grades and classes for which it received funding pursuant to this chapter, the Superintendent

of Public Instruction shall notify the Controller and the school district in writing and the Controller shall deduct an amount equal to the amount received by the school district under this chapter for each class that the school district failed to reduce to a class size of 20 or less pupils from the school district's next principal apportionment or apportionments of state funds to the district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution.

(e) This section is operative on and after July 1, 2009.

SEC. 3. The Legislature finds and declares that due to unique circumstances relating to the Counties of Los Angeles, Riverside, San Bernardino, San Diego, and Ventura, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To provide much needed flexibility to school districts currently deciding whether to end participation in the Class Size Reduction Program, and to timely provide essential relief to school districts in the Counties of Los Angeles, Riverside, San Bernardino, San Diego, and Ventura that may receive a loss of state funding as a result of the fires that occurred in California during October of 2003, it is necessary that this bill take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 22007.5 is added to the Education Code, to read:

22007.5. Except as excluded by Sections 22661 and 23812, any reference to a ''spouse'' in this part includes a person who is the registered domestic partner of a member, as established pursuant to Section 297 or 299.2 of the Family Code.

SEC. 2. Section 22134 of the Education Code is amended to read:

22134. (a) ''Final compensation'' means the highest average annual compensation earnable by a member during any period of three consecutive school years while an active member of the Defined Benefit Program or time during which he or she was not a member but for which the member has received credit under the Defined Benefit Program, except time that was so credited for service performed outside this state prior to July 1, 1944. The last three consecutive years of employment

shall be used by the system in determining final compensation unless designated to the contrary in writing by the member.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for the breaks.

(c) The determination of final compensation of a member who has concurrent membership in another retirement system pursuant to Section 22115.2 shall take into consideration the compensation earnable while a member of the other system, provided that all of the following exist:

(1) The member was in state service or in the employment of a local school district or a county superintendent of schools.

(2) Service under the other system was not performed during the same pay period with service under the Defined Benefit Program.

(3) Retirement under the Defined Benefit Program is concurrent with the member's retirement under the other system.

(d) The compensation earnable for the first position in which California service was credited shall be used when additional compensation earnable is required to accumulate three consecutive years for the purpose of determining final compensation under Section 23805.

(e) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(f) The board may specify a different final compensation with respect to disability allowances, disability retirement allowances, family allowances, and children's portions of survivor benefit allowances payable on and after January 1, 1978. The compensation earnable for periods of part-time service shall be adjusted by the ratio that part-time service bears to full-time service.

(g) The amendment of former Section 22127 made by Chapter 782 of the Statutes of 1982 does not constitute a change in, but is declaratory of, the existing law.

SEC. 3. Section 22134.5 of the Education Code is amended to read:

22134.5. (a) Notwithstanding Section 22134, ''final compensation'' means the highest average annual compensation earnable by a member during any period of 12 consecutive months while an active member of the Defined Benefit Program or time during which he or she was not a member but for which the member has received credit under the Defined Benefit Program, except time that was so credited for service performed outside this state prior to July 1, 1944. The last consecutive 12-month period of employment shall be used by the system

in determining final compensation unless designated to the contrary in writing by the member.

(b) For purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of 12 consecutive months, if the periods of service are consecutive except for the breaks.

(c) The determination of final compensation of a member who has concurrent membership in another retirement system pursuant to Section 22115.2 shall take into consideration the compensation earnable while a member of the other system, provided that all of the following exist:

(1) The member was in state service or in the employment of a local school district or a county superintendent of schools.

(2) Service under the other system was not performed during the same pay period with service under the Defined Benefit Program.

(3) Retirement under the Defined Benefit Program is concurrent with the member's retirement under the other system.

(d) If a member has received service credit for part-time service performed prior to July 1, 1956, the member's final compensation shall be adjusted for that service in excess of one year by the ratio that part-time service bears to full-time service.

(e) The board may specify a different final compensation with respect to disability allowances, disability retirement allowances, family allowances, and children's portions of survivor benefit allowances payable on and after January 1, 1978. The compensation earnable for periods of part-time service shall be adjusted by the ratio that part-time service bears to full-time service.

(f) This section shall only apply to a member who has 25 or more years of credited service, excluding service credited pursuant to Section 22714, 22714.5, 22715, 22717, or 22826, but including any credited service that a court has ordered be awarded to a nonmember spouse pursuant to Section 22652. This section also shall apply to a nonmember spouse, if the member had at least 25 years of credited service, excluding service credited pursuant to Section 22714, 22714.5, 22715, 22717, or 22826, on the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

SEC. 4. Section 22135 of the Education Code is amended to read:

22135. (a) Notwithstanding subdivisions (a) and (b) of Section 22134, ''final compensation'' means the highest average annual compensation earnable by an active member who is a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, during any period of 12 consecutive months during his or her membership in the plan's Defined Benefit Program. The last 12 consecutive months of employment shall be used by the system in determining final

compensation unless designated to the contrary in writing by the member.

(b) Section 22134, except subdivision (a) of that section, shall apply to classroom teachers who retire after June 30, 1990, and any statutory reference to Section 22134 or ''final compensation'' with respect to a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, shall be deemed to be a reference to this section.

(c) As used in this section, ''classroom teacher'' means any of the following:

(1) All teachers and substitute teachers in positions requiring certification qualifications who spend, during the last 10 years of their employment with the same employer which immediately precedes their retirement, 60 percent or more of their contract time each year providing direct instruction. For the purpose of determining continuity of employment within the meaning of this subdivision, an authorized leave of absence for sabbatical or illness or other collectively bargained or employer-approved leaves shall not constitute a break in service.

(2) Other certificated personnel who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, 60 percent or more of their contract time each year providing direct services to pupils, including, but not limited to, librarians, counselors, nurses, speech therapists, resource specialists, audiologists, audiometrists, hygienists, optometrists, psychologists, driver safety instructors, and personnel on special assignment to perform school attendance and adjustment services.

(d) As used in this section, ''classroom teacher'' does not include any of the following:

(1) Certificated employees whose job descriptions require an administrative credential.

(2) Certificated employees whose job descriptions include responsibility for supervision of certificated staff.

(3) Certificated employees who serve as advisers, coordinators, consultants, or developers or planners of curricula, instructional materials, or programs, who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, less than 60 percent of their contract time in direct instruction.

(4) Certificated employees whose job descriptions require provision of direct instruction or services, but who are functioning in nonteaching assignments.

(5) Classified employees.

(e) This section shall apply only to teachers employed by an employer that has, pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, entered into a written

agreement with an exclusive representative, that makes this section applicable to all of its classroom teachers, as defined in subdivision (c).

(f) The written agreement shall include a mechanism to pay for all increases in allowances provided for by this section through employer contributions or employee contributions or both, which shall be collected and retained by the employer in a trust fund to be used solely and exclusively to pay the system for all increases in allowances provided by this section and related administrative costs; and a mechanism for disposition of the employee's contributions if employment is terminated before retirement, and for the establishment of a trust fund board. The trust fund board shall administer the trust fund and shall be composed of an equal number of members representing classroom teachers chosen by the bargaining agent and the employer. If the employer agrees to pay the total cost of increases in allowances, the establishment of a trust fund and a trust fund board shall be optional to the employer. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund the amount determined by the Teachers' Retirement Board to be the actuarial equivalent of the difference between the allowance the member or beneficiary receives pursuant to this section and the allowance the member or beneficiary would have received if the member's final compensation had been computed under Section 22134 and the proportionate share of the cost to the plan's Defined Benefit Program, as determined by the Teachers' Retirement Board, of administering this section. The payment shall include the cost of all increases in allowances provided for by this section for all years of service credited to the member as of the benefit effective date. Interest shall be charged at the regular interest rate for any payment not received within 30 days of receipt of the invoice. Payments not received within 30 days after receipt of the invoice may be collected pursuant to Section 23007.

(g) Upon the execution of the agreement, the employer shall notify all certificated employees of the agreement and any certificated employee of the employer, who is a member of the Public Employees' Retirement System pursuant to Section 22508, that he or she may, within 60 days following the date of notification, elect to terminate his or her membership in the Public Employees' Retirement System and become a member of this plan's Defined Benefit Program. However, only service credited under the Defined Benefit Program subsequent to the date of that election shall be subject to this section.

(h) An employer that agrees to become subject to this section, shall, on a form and within the timeframes prescribed by the system, certify the applicability of this section to a member pursuant to the criteria set forth in this section when a retirement, disability, or family allowance becomes payable.

(i) For a nonmember spouse, final compensation shall be determined pursuant to paragraph (2) of subdivision (c) of Section 22664. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund pursuant to subdivision (f). Interest shall be charged at the regular interest rate for payments not received within the prescribed timeframe. Payments not received within 30 days of invoicing may be collected pursuant to Section 23007.

SEC. 5. Section 22171 of the Education Code is amended to read:

22171. (a) ''Spouse'' means a person who was continuously married to the member for the period beginning at least 12 months prior to the death of the member, unless a child is born to the member and his or her spouse within the 12-month period or unless the spouse is carrying the member's unborn child.

(b) ''Spouse'' also means a person who was married to the member for less than 12 months, if the member's death was either accidental, or due to an illness, and the marriage took place prior to the occurrence of the injury or diagnosis of the illness that resulted in death.

(1) A member's death is defined as accidental only if he or she received bodily injuries through violent, external, or accidental means and died as a direct result of the bodily injuries and independent of all other causes.

(2) This subdivision does not apply if, at the time of the marriage, the member could not have reasonably been expected to live for 12 months.

(c) Except as excluded by Sections 22661 and 23812, ''spouse'' shall also include a person who is the registered domestic partner of a member, as established pursuant to Section 297 or 299.2 of the Family Code.

SEC. 6. Section 22650 of the Education Code is amended to read:

22650. (a) This chapter establishes the power of a court in a dissolution of marriage or legal separation action with respect to community property rights in accounts with the plan under this part and establishes and defines the rights of nonmember spouses and nonmember registered domestic partners in the plan under this part.

(b) For purposes of this chapter, any reference to ''dissolution of marriage or legal separation'' includes the termination or dissolution of a domestic partnership, nullity of a domestic partnership, or the legal separation of partners in a domestic partnership, as provided in Section 299 of the Family Code.

SEC. 7. Section 22651 of the Education Code is amended to read:

22651. (a) For purposes of this chapter and Section 23300, ''nonmember spouse'' means a member's spouse or former spouse, and also includes a member's registered domestic partner or former registered domestic partner, who is being or has been awarded a community property interest in the service credit, accumulated

retirement contributions, accumulated Defined Benefit Supplement account balance, or benefits of the member under this part.

(b) A nonmember spouse shall not be considered a member based upon his or her receipt of any of the following being awarded to the nonmember spouse as a result of legal separation or dissolution of marriage: a separate account of service credit and accumulated retirement contributions, a retirement allowance, or an interest in the member's retirement allowance under the Defined Benefit Program; or a separate account based on the member's Defined Benefit Supplement account balance, a retirement benefit, or an interest in the member's retirement benefit under the Defined Benefit Supplement Program.

SEC. 8. Section 22661 of the Education Code is amended to read:

22661. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to a refund of the accumulated retirement contributions in the account under the Defined Benefit Program, and a return of the Defined Benefit Supplement account balance, of the nonmember spouse under this part.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain a refund or lump-sum payment.

(c) The refund of accumulated retirement contributions and the return of the accumulated Defined Benefit Supplement account balance under this part are effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file with the system.

(d) If the nonmember spouse has elected on a form provided by the system to transfer all or a specified portion of the accumulated retirement contributions or accumulated Defined Benefit Supplement account balance that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 402), deposit in the United States mail of a notice that the requested transfer has been made constitutes a refund of the nonmember spouse's accumulated retirement contributions or accumulated Defined Benefit Supplement account balance. This subdivision shall not apply to a nonmember domestic partner, consistent with Section 402 of the Internal Revenue Code.

(e) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit, accumulated retirement contributions, and accumulated Defined Benefit Supplement account balance under this part when the refund and lump-sum payment become effective.

(f) The nonmember spouse may not cancel a refund or lump-sum payment under this part after it is effective.

(g) The nonmember spouse shall not have a right to elect to redeposit the refunded accumulated retirement contributions under this part after

the refund is effective, to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective, or to redeposit the accumulated Defined Benefit Supplement account balance after the lump-sum payment becomes effective.

(h) If the total service credit in the separate account of the nonmember spouse under the Defined Benefit Program, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the accumulated retirement contributions in the account.

SEC. 9. Section 22663 of the Education Code is amended to read:

22663. The nonmember spouse who is awarded a separate account under this part has the right to purchase additional service credit in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may purchase only the service credit that the court, pursuant to Section 22652, has determined to be the community property interest of the nonmember spouse.

(b) The nonmember spouse shall inform the system in writing of his or her intent to purchase additional service credit within 180 days after the date the judgment or court order addressing the right of the nonmember spouse to purchase additional service credit is entered. The nonmember spouse shall elect to purchase additional service credit on a form provided by the system within 30 days after the system mails an election form and billing.

(c) If the nonmember spouse elects to purchase additional service credit, he or she shall pay, prior to retirement under this part, all contributions with respect to the additional service at the contribution rate for additional service credit in effect at the time of election and regular interest from July 1 of the year following the year upon which contributions are based.

(1) (A) The nonmember spouse shall purchase additional service credit by paying the required contributions and interest in one lump sum, or in not more than 120 monthly installments, provided that no installment, except the final installment, is less than twenty-five dollars ($25). Regular interest shall be charged on the monthly, unpaid balance if the nonmember spouse pays in installments.

(B) If any payment due, because of the election, is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(2) The contributions shall be based on the member's compensation earnable in the most recent school year during which the member was employed, preceding the date of separation established by the court pursuant to Section 22652.

(3) All payments of contributions and interest shall be received by the system before the effective date of the retirement of the nonmember spouse.

(d) The nonmember spouse does not have a right to purchase additional service credit under this part after the effective date of a refund of the accumulated retirement contributions in the separate account of the nonmember spouse.

(e) The member does not have a right to purchase the community property interest of the nonmember spouse of additional service credit under this part whether or not the nonmember spouse elects to purchase the additional service credit. However, any additional service credit eligible for purchase that is not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 10. Section 22705.5 of the Education Code is amended to read:

22705.5. Service subject to coverage by the San Francisco City and County Employees' Retirement System pursuant to Section 24701 is excluded from coverage in the Defined Benefit Program. The member shall retain the right to receive a retirement allowance for creditable service that is subject to coverage under the Defined Benefit Program unless he or she withdraws his or her accumulated retirement contributions for that service.

SEC. 11. Section 22714 of the Education Code is amended to read:

22714. (a) Whenever the governing board of a school district or a community college district or a county office of education, by formal action, determines pursuant to Section 44929 or 87488 that because of impending curtailment of or changes in the manner of performing services, the best interests of the district or county office of education would be served by encouraging certificated employees or academic employees to retire for service and that the retirement will result in a net savings to the district or county office of education, an additional two years of service credit shall be granted under this part to a member of the Defined Benefit Program if all of the following conditions exist:

(1) The member is credited with five or more years of service credit and retires for service under Chapter 27 (commencing with Section 24201) during a period of not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the employer that shall specify the period.

(2) The employer transfers to the retirement fund an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the allowance the member receives after receipt of service credit pursuant to this section and the amount the member would have received without the service credit and an amount

determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of service credit pursuant to this section and the amount the member would have received without the service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Section 24415. The transfer to the retirement fund shall be made in a manner and a time period, not to exceed eight years, that is acceptable to the Teachers' Retirement Board. The employer shall transfer the required amount for all eligible employees who retire pursuant to this section.

(3) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(4) The employer has considered the availability of teachers or academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in a net savings to the district.

(2) The county superintendent shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502.

(3) The school district shall reimburse the county superintendent for all costs to the county superintendent that result from the certification.

(c) (1) The county office of education shall demonstrate and certify to the Superintendent of Public Instruction that the formal action taken would result in a net savings to the county office of education.

(2) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502.

(3) The Superintendent of Public Instruction may request reimbursement from the county office of education for all administrative costs that result from the certification.

(d) (1) The community college district shall demonstrate and certify to the chancellor's office that the formal action taken would result in a net savings to the district.

(2) The chancellor shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 84040.5.

(3) The chancellor may request reimbursement from the community college district for all administrative costs that result from the certification.

(e) The opportunity to be granted service credit pursuant to this section shall be available to all members employed by the school district, community college district, or county office of education who meet the conditions set forth in this section.

(f) The amount of service credit shall be two years.

(g) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who subsequently reinstates shall forfeit the service credit granted under this section.

(h) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who takes any job with any school district in the state less than one year after receiving the credit shall forfeit the ongoing benefit he or she receives from the additional service credit granted under this section.

(i) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who takes any job with the school district that granted the member the service credit less than five years after receiving the credit shall forfeit the ongoing benefit he or she receives from the additional service credit granted under this section.

(j) This section does not apply to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the effective date of the formal action, or if the member is not otherwise eligible to retire for service.

SEC. 12. Section 23203 of the Education Code is amended to read:

23203. (a) A member who elects to redeposit refunded accumulated retirement contributions shall pay, prior to retirement, all contributions and interest as determined under Section 23200.

(b) If the system is unable to inform the member or beneficiary of the amount required to redeposit the refunded accumulated retirement contributions prior to the effective date of the applicable allowance, the member or beneficiary may make the required payment within 30 working days after the date of mailing of the statement of contributions and interest required or the effective date of the appropriate allowance, whichever is later. The payment shall be paid in full before a member or beneficiary receives any adjustment in the appropriate allowance due because of that payment.

(c) Redeposit of refunded accumulated retirement contributions shall be made in one sum, or in not more than 120 monthly installments, not to exceed ten years, provided that no installment, except the final installment, is less than twenty-five dollars ($25).

SEC. 13. Section 23300 of the Education Code is amended to read:

23300. (a) A member of the Defined Benefit Program may designate a beneficiary to receive benefits payable under this part upon the member's death. A beneficiary designation may not be made in derogation of a community property interest of a nonmember spouse, as defined by Section 25000.9, with respect to service or contributions credited under this part, unless the nonmember spouse has previously obtained an alternative order pursuant to Section 2610 of the Family Code.

(b) A member's beneficiary designation for benefits payable under the Defined Benefit Program, including a designation made pursuant to Section 24300, shall also apply to benefits payable under the Defined Benefit Supplement Program. A beneficiary designation shall be in writing on a form prescribed by the system and executed by the member.

(c) A beneficiary designation may not be valid unless it is received in the office of the system in Sacramento prior to the member's death.

(d) A member may change or revoke a beneficiary designation at any time by making a new designation pursuant to this section.

(e) This section is not applicable to the designation of an option beneficiary or an annuity beneficiary under this part.

(f) An option beneficiary may designate a death beneficiary who would, upon the death of the option beneficiary, be entitled to receive the option beneficiary's accrued monthly allowance.

SEC. 14. Section 23812 of the Education Code is amended to read:

23812. (a) The surviving spouse of a deceased member who previously lost entitlement to benefits prescribed by this part due to remarriage shall be entitled to resume payment of the benefits effective either on January 1, 2000, or the first day of the month following receipt by the board of a written application for resumption of benefits, whichever date is later. The amount of the benefits payable shall be calculated as though the benefits had been paid without interruption from the date of remarriage through the benefits resumption effective date.

(b) The board shall be under no requirement to identify, locate, or notify a remarried spouse of a deceased member who previously lost entitlement as a result of remarriage about the resumption of benefits provided in this section. The board shall be under no requirement to provide the name or address or any other information concerning any remarried spouse of a deceased member to any person, agency, or entity

for the purpose of notifying those who may be eligible for the resumption of benefits under this section.

(d) This section does not apply to the surviving domestic partner of a member.

SEC. 15. Section 24114 of the Education Code is amended to read:

24114. (3) In the case of a death benefit, distributions shall commence no later than the date provided in Section 27001.

(d) If a person becomes entitled to a distribution from the plan under this part that constitutes an eligible rollover distribution within the meaning of Section 401(a)(31) of Title 26 of the United States Code, the person may elect under terms and conditions established by the board to have the distribution or a portion thereof paid directly to a plan that constitutes an eligible retirement plan within the meaning of Section 401(a)(31), as specified by that person. Upon the exercise of the election by a person with respect to a distribution or a portion thereof, the distribution from the plan of the amount so designated, once distributable under the terms of the plan, shall be made in the form of a direct rollover to the eligible retirement plan so specified. This subdivision does not apply to the surviving domestic partner of a member, consistent with Section 402 of the Internal Revenue Code.

(e) The amount of any benefit from the plan under this part that is determined on the basis of actuarial assumptions shall be based on actuarial assumptions adopted by the board pursuant to Section 26213 as a plan amendment with respect to the Cash Balance Benefit Program and those assumptions shall preclude employer discretion and comply with Section 401(a)(25) of Title 26 of the United States Code.

SEC. 29. Section 26140 of the Education Code is amended to read:

26140. (a) ''Spouse'' means the person married to the participant on the date the participant files a beneficiary designation, or an application for a benefit, or on the date of the participant's death.

(b) Except as excluded in Sections 26004 and 27406, ''spouse'' also includes the person who is the registered domestic partner of the participant, as established pursuant to Section 297 or 299.2 of the Family Code, on the date the participant files a beneficiary designation or an application for a benefit, or on the date of the participant's death.

SEC. 30. Section 27400 of the Education Code is amended to read:

27400. (a) This chapter establishes the power of a court in a dissolution of marriage or legal separation action with respect to community property rights in benefits under this part and defines the rights of nonparticipant spouses in the Cash Balance Benefit Program.

(b) For purposes of this chapter, any reference to ''dissolution of marriage or legal separation'' also includes the termination or

dissolution of a domestic partnership, nullity of a domestic partnership, or the legal separation of the partners in a domestic partnership, as provided in Section 299 of the Family Code.

SEC. 31. Section 27401 of the Education Code is amended to read:

27401. For purposes of this chapter, ''nonparticipant spouse'' means a participant's spouse or former spouse, and also includes a participant's registered domestic partner or former registered domestic partner, who is being or has been awarded a community property interest in the benefits determined by reference to the amounts credited to a participant's employee and employer accounts or the participant's annuity. A nonparticipant spouse who is awarded separate nominal accounts is not a participant in the Cash Balance Benefit Program. A nonparticipant spouse who receives or is awarded an interest in a participant's annuity is not a participant in the Cash Balance Benefit Program.

SEC. 32. Section 27406 of the Education Code is amended to read:

27406. The nonparticipant spouse who is awarded separate nominal accounts with respect to the Cash Balance Benefit Program shall have the right to a lump-sum distribution of amounts credited to the account.

(a) The nonparticipant spouse shall file an application on a form provided by the system to obtain the distribution.

(b) The distribution is effective when the system deposits in the United States mail a warrant drawn in favor of the nonparticipant spouse and addressed to the latest address for the nonparticipant spouse on file with the system.

(c) If the nonparticipant spouse has elected on a form provided by the system to transfer all or a specified portion of the accounts that are eligible for direct trustee-to-trustee transfer under Section 401(a)(31) of Title 26 of the United States Code to the trustee of a qualified plan under Section 402 of Title 26 of the United States Code, deposit in the United States mail of a notice that the requested transfer has been made constitutes a distribution of the nonparticipant spouse's credit balance from the separate nominal accounts. This subdivision shall not apply to a nonparticipant domestic partner, consistent with Section 402 of the Internal Revenue Code.

(d) The nonparticipant spouse is deemed to have permanently waived all rights to an annuity when the distribution becomes effective.

(e) The nonparticipant spouse may not cancel a distribution after the distribution is effective.

(f) The nonparticipant spouse shall have no right to elect to redeposit the distribution after the distribution is effective.

SEC. 33. Section 44987 of the Education Code is amended to read:

44987. (a) The governing board of a school district shall grant to any employee, upon request, a leave of absence without loss of

compensation for the purpose of enabling the employee to serve as an elected officer of any local school district public employee organization, or any statewide or national public employee organization with which the local organization is affiliated.

The leave shall include, but is not limited to, absence for purposes of attendance by the employee at periodic, stated, special, or regular meetings of the body of the organization on which the employee serves as an officer. Compensation during the leave shall include retirement fund contributions required of the school district as employer. The required employer contribution rate shall be the rate adopted by the Teachers' Retirement Board as a plan amendment with respect to the Defined Benefit Program as provided in Section 22711. The employee shall earn full service credit during the leave of absence and shall pay member contributions as prescribed by Section 22711. The maximum amount of the service credit earned may not exceed twelve calendar years. Any employee who serves as a full-time officer of a public employee organization is not eligible for disability benefits under the State Teachers' Retirement Plan while on the leave of absence.

Following the school district's payment of the employee for the leave of absence, the school district shall be reimbursed by the employee organization of which the employee is an elected officer for all compensation paid the employee on account of the leave. Reimbursement by the employee organization shall be made within 10 days after its receipt of the school district's certification of payment of compensation to the employee.

The leave of absence without loss of compensation provided for by this section is in addition to the released time without loss of compensation granted to representatives of an exclusive representative by subdivision (c) of Section 3543.1 of the Government Code.

For purposes of this section, ''school district'' also means ''county superintendent of schools.''

(b) An employee who after August 31, 1978, was absent on account of elected-officer service, shall receive full service credit in the State Teachers' Retirement Plan; provided that, not later than April 30, 1981: (1) the employee makes a written request to the employer for a leave of absence for the period of the elected-officer service, and (2) the employee organization of which the employee is an elected officer pays to the employee's school district an amount equal to the required State Teachers' Retirement Plan member and employer retirement contributions, as prescribed by this section.

The school district, following this written request and payment, shall transmit the amount received to the State Teachers' Retirement System, informing it of the period of the employee's leave of absence. The State

Teachers' Retirement System shall credit the employee with all service credit earned for the period of the elected-officer leave of absence.

If the employee has been compensated by the school district for the period of the service, then, as a condition to the employee's entitlement to service credit for this period, the school district shall be reimbursed by the employee organization for the amount of the compensation.

The provisions of this subdivision shall apply retroactively to all service as an elective officer in a public employee organization occurring after August 31, 1978.

SEC. 34. Any section of any act enacted by the Legislature during the second year of the 2003–04 Regular Session that amends, amends and renumbers, adds, repeals and adds, or repeals a statute that is amended by this act shall prevail over this act, whether that act is enacted prior or subsequent to the enactment of this act.

CHAPTER 913

An act to add Sections 12996.5, 12997.5, and 12997.7 to the Food and Agricultural Code, relating to pesticides.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12996.5 is added to the Food and Agricultural Code, to read:

12996.5. (a) For the purposes of this chapter:

(1) ''Office'' means the Office of Environmental Health Hazard Assessment.

(2) ''Department'' means the Department of Pesticide Regulation.

(3) ''Certified Unified Program Agency'' or ''CUPA'' means the agency certified by the Secretary for Environmental Protection to implement the unified program specified in Chapter 6.11 (commencing with Section 25404) of Division 20 of the Health and Safety Code within a jurisdiction.

(4) ''Agency'' means the California Environmental Protection Agency.

(5) ''Nonoccupational'' means that the person exposed to the pesticide was not at the time of the exposure performing work as an employee.

(6) ''Acute'' means a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration.

(7) ''Uncompensated medical care'' means the cost of care not covered by any other program, including, but not limited to copayments for medical insurance, Healthy Families Program, or Medi-Cal. Reimbursed medical costs shall not exceed 125 percent of the Medi-Cal reimbursement rates.

(b) The exposure of each person to a pesticide resulting from the violation of Section 12972 or 12973, or any regulation adopted pursuant to Section 12976, 12981, or 14005, that causes acute illnesses or injury, shall constitute a separate violation of the statute or regulation.

SEC. 2. Section 12997.5 is added to the Food and Agricultural Code, to read:

12997.5. (a) In addition to any penalties paid in connection with an enforcement action taken pursuant to Sections 12996, 12997, 12999, and 12999.5, any person who is found in violation of any provision of this division related to pesticides or any regulation related to pesticides adopted pursuant to this division that results in illness or injury requiring emergency medical transport or immediate medical treatment of any individual in a nonoccupational setting from any pesticide used in the production of an agricultural commodity, shall be liable to the individual harmed or to the medical provider for the immediate costs of uncompensated medical care from acute injuries and illnesses of the exposed individual.

(b) Any order issued in connection with a finding of a violation as described in subdivision (a) shall include the obligation to reimburse medical costs from acute illnesses and injuries of any individual requiring immediate medical treatment as a consequence of this violation to the injured individuals or their medical providers.

(c) Any person found in violation of this section shall submit to the director within 30 days of the final determination of liability, a written plan on how they will pay individuals and medical providers for the emergency medical transport and the immediate medical costs from acute medical injuries and illnesses of all individuals requiring immediate medical treatment as a consequence of the violation. A person alleged to have violated subdivision (a) may voluntarily submit a written plan pursuant to this section prior to the determination of liability. The contents of the voluntary plan shall not be held against the person in any action to determine whether the person violated those provisions.

(d) Any violation of this section shall be subject to the criminal and civil sanctions and penalties set forth in this division.

(e) Payment of emergency medical costs pursuant to this section shall not preclude an affected person from filing a civil action for injuries, illnesses, or costs related to the incident. Any damage award associated with a civil action related to the incident shall be reduced by the amount the plaintiff received from this section.

(f) Payment of emergency medical costs pursuant to this section shall not be held against the person in any action to determine whether the person violated those provisions.

(g) For any person who provides for the immediate reimbursement of medical costs for acute medical illnesses and injuries prior to a final determination by the department, the director or agricultural commissioner may reduce, by not more than 50 percent, the fines imposed pursuant to Section 12996.5. This reduction shall not limit the responsible party's financial obligation under this section. The department or agricultural commissioner shall attempt to complete the determination within 45 days of the incident.

SEC. 3. Section 12997.7 is added to the Food and Agricultural Code, to read:

12997.7. (a) The agency, in consultation with the department, the office, county agricultural commissioners, local health officers, CUPAs, and affected community members, shall by August 31, 2005, establish minimum standard protocols for the purposes of amending area plans.

(b) The protocols shall include, but not be limited to, all of the following:

(1) Protocols for requesting and providing immediate access to pesticide-specific information necessary to assist emergency medical services personnel in identifying pesticides that may be causing a pesticide drift exposure incident and appropriate treatments.

(2) Protocols to delineate specific agency responsibilities and the process for responding to calls, notifying residents, and coordinating evacuation, if needed.

(3) Protocols to establish emergency shelter procedures and locations to be used in the event evacuation is needed.

(4) Protocols to access services in all languages known to be spoken in the affected area in accordance with Section 11135 of the Government Code.

(5) Protocols to ensure access to health care within 24 hours of the exposure and up to a week after the exposure.

(6) Protocols to notify medical providers regarding eligibility for reimbursement pursuant to Section 12997.5.

(c) The CUPA or administering agency shall amend the area plan for emergency response, pursuant to subdivision (c) of Section 25503, to specifically address pesticide drift exposure and to incorporate provisions of the protocols of subdivision (b).

(d) Upon the next scheduled update of the area plan, all CUPAs shall have incorporated a pesticide drift component into their area plan.

(e) The minimum standard protocols developed under subdivision (a) shall be in accordance with the California Environmental Protection Agency's guidelines.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 914

An act to amend Sections 52052, 56157, 56341.5, 56366, 56366.1, 56366.5, and 56366.9 of, and to add Sections 49085, 56026.3, 56155.7, 56366.10, 56366.11, and 56366.12 to, the Education Code, to amend Section 1501.1 of the Health and Safety Code, and to add Section 16014 to the Welfare and Institutions Code, relating to foster children.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares the following:

(1) According to recent reports by the Little Hoover Commission and the American Institutes for Research, the educational outcomes for our children while in foster care are substandard and, in many cases, California's foster care and educational systems do not provide the educational, life skills, and employment supports and opportunities to ensure that all foster children are able to successfully transition from

dependency to self-sufficiency. Foster children that have been identified as requiring special education services, in order to benefit from their education, face extraordinary challenges.

(2) Pursuant to two recent reports, which were requested and funded by the Legislature and conducted by the American Institutes for Research, the subset of children in foster care who are also in special education and who have been placed in nonpublic schools do not always receive the same educational opportunities and often do not have access to the same caliber of instruction and instructional materials as individuals with exceptional needs in public schools.

(3) In the 2002–03 fiscal year, California spent over $129 million on 4,700 pupils residing in licensed children's institutions and placed in nonpublic schools to fund the provision of special education services by the nonpublic schools for this population.

(4) Approximately one-third of youth emancipating from foster care fail to complete high school and a limited number enter college, although two-thirds express a desire to attend college. Of those who do complete high school, not all of those pupils receive a grade point average, which is required for admission to a higher education institution.

(5) After emancipating from foster care, at least 25 percent experience homelessness, 33 percent receive welfare, 50 percent face unemployment, and approximately 25 percent are arrested and spend time incarcerated. Some of these problems could be diminished by ensuring that youth in foster care, including those who have been identified as individuals with exceptional needs, also receive the services that will assist them to transition to financial independence.

(6) Pupils in foster care are frequently moved to a different school, and often experience multiple placements during each school year, slowing their educational progress.

(7) Pupils in foster care lack parents to advocate for appropriate educational placement and service, and rely on surrogate parents, responsible adults, or the state to establish and monitor standards for curriculum, instruction, and services.

(8) California's current funding system for individuals with exceptional needs in foster care provides fiscal incentives for placement in a nonpublic school. These incentives may conflict with the goal of giving individuals with exceptional needs access to the least restrictive environment appropriate to their needs. According to the report of the American Institutes for Research, California's current system of funding nonpublic school services for children residing in licensed children's institutions is contrary to federal law.

(9) California's funding system also provides insufficient incentives to school districts to control costs when a child residing in a licensed children's institution is placed in a nonpublic school. According to the

report of the American Institutes for Research, California now spends between sixty-five thousand dollars ($65,000) and one hundred fifty thousand dollars ($150,000) per child annually to house and educate a child in foster care residing in a group home, the higher costs of which are incurred for those placed in a nonpublic school.

(10) State standards are substantially less comprehensive for nonpublic schools than the standards and monitoring applied to California's public schools.

(11) Accountability for educational outcomes for pupils in foster care is vague and the system for monitoring the educational progress of pupils in foster care placed in nonpublic schools, as well as those in the regular public schools, is inadequate.

(12) Foster children and other pupils who have been identified as individuals with exceptional needs have the right to the best educational placement, and in accordance with the federal Individuals with Disabilities Education Act requirement for a free appropriate public education that places pupils in the least restrictive environment appropriate to their needs, whether that is in a public school or a nonpublic school.

(b) It is therefore the intent of the Legislature to do all of the following:

(1) Increase state and local accountability for individuals with exceptional needs placed in nonpublic schools, including those residing in foster care.

(2) Improve state and local monitoring of nonpublic schools.

(3) Ensure that foster children and individuals with exceptional needs who are placed in nonpublic schools are included in the state's testing system in order to monitor and improve their educational outcomes.

(4) Include the nonpublic schools and individuals with exceptional needs who reside in licensed children's institutions in the special education Focused Monitoring and Technical Assistance System at the state and local level.

(5) Require the State Department of Education to add nonpublic schools to the Public School Accountability Act in order to measure pupil performance at nonpublic schools.

(6) Create a funding structure that is neutral in regard to the type of educational placement necessary and best suited for the pupil and that allows public schools to access funding currently available only for nonpublic schools and agencies in serving individuals with exceptional needs in foster care.

SEC. 2. Section 49085 is added to the Education Code, to read:

49085. The department shall ensure that the California School Information Services system meets the needs of pupils in foster care and includes disaggregated data on pupils in foster care.

SEC. 3. Section 52052 of the Education Code is amended to read:

52052. (a) (1) The Superintendent of Public Instruction, with approval of the state board, shall develop an Academic Performance Index (API), to measure the performance of schools, especially the academic performance of pupils, and to demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools.

(2) For purposes of this section, a numerically significant ethnic or socioeconomically disadvantaged subgroup is a subgroup that constitutes at least 15 percent of a school's total pupil population and consists of at least 30 pupils. An ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school. For schools whose API scores are based on test scores of no fewer than 11 and no more than 99 pupils, numerically significant subgroups shall be defined by the Superintendent of Public Instruction, with approval by the state board.

(3) The API shall consist of a variety of indicators currently reported to the State Department of Education including, but not limited to, the results of the achievement test administered pursuant to Section 60640, attendance rates for pupils and certificated school personnel for elementary schools, middle schools, and secondary schools, and the graduation rates for pupils in secondary schools.

(A) The pupil data collected for the API that comes from the achievement test administered pursuant to Sections 60640 and 60644 and the high school exit examination administered pursuant to Section 60851, when fully implemented, shall be disaggregated by special education status, English language learners, socioeconomic status, gender and ethnic group. Only the test scores of pupils who were counted as part of a school district's enrollment in the October California Basic Educational Data System's data collection for the current fiscal year and were continuously enrolled during that year may be included in the test results reported in the API. Results of the achievement test and other tests specified in subdivision (b) shall constitute at least 60 percent of the value of the index.

(B) Before including high school graduation rates and attendance rates in the index, the Superintendent of Public Instruction shall determine the extent to which the data are currently reported to the state and the accuracy of the data.

(C) If the Superintendent of Public Instruction determines that accurate data for these indicators is not available, the Superintendent of Public Instruction shall report to the Governor and the Legislature by September 1, 1999, and recommend necessary action to implement an accurate reporting system.

(b) Pupil scores from the following tests, when available and when found to be valid and reliable for this purpose, shall be incorporated into the API:

(1) The assessment of the applied academic skills matrix test developed pursuant to Section 60604.

(2) The nationally normed test designated pursuant to Section 60642.

(3) The standards-based achievement tests provided for in Section 60642.5.

(4) The high school exit examination.

(c) Based on the API, the Superintendent of Public Instruction shall develop, and the state board shall adopt, expected annual percentage growth targets for all schools based on their API baseline score from the previous year. Schools are expected to meet these growth targets through effective allocation of available resources. For schools below the statewide API performance target adopted by the state board pursuant to subdivision (d), the minimum annual percentage growth target shall be 5 percent of the difference between a school's actual API score and the statewide API performance target, or one API point, whichever is greater. Schools at or above the statewide API performance target shall have, as their growth target, maintenance of their API score above the statewide API performance target. However, the state board may set differential growth targets based on grade level of instruction and may set higher growth targets for the lowest performing schools because they have the greatest room for improvement. To meet its growth target, a school shall demonstrate that the annual growth in its API is equal to or more than its schoolwide annual percentage growth target and that all numerically significant ethnic and socioeconomically disadvantaged subgroups, as defined in subdivision (a), are making comparable improvement.

(d) Upon adoption of state performance standards by the state board, the Superintendent of Public Instruction shall recommend, and the state board shall adopt, a statewide API performance target that includes consideration of performance standards and represents the proficiency level required to meet the state performance target. When the API is fully developed, schools must, at a minimum, meet their annual API growth targets to be eligible for the Governor's Performance Award Program as set forth in Section 52057. The state board may establish additional criteria that schools must meet to be eligible for the Governor's Performance Award Program.

(e) The API shall be used for both of the following:

(1) Measuring the progress of schools selected for participation in the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053.

(2) Ranking all public schools in the state for the purpose of the High Achieving/Improving Schools Program pursuant to Section 52056.

(f) (1) A comprehensive high school, middle school, or elementary school with 11 to 99 valid test scores of pupils who were enrolled in a school within the same school district in the prior fiscal year shall receive an API score with an asterisk that indicates less statistical certainty than API scores based on 100 or more test scores.

(2) A school under the jurisdiction of a county board of education or a county superintendent of schools, a community day school, a nonpublic, nonsectarian school as identified in Section 56366, or an alternative school, including continuation high schools and opportunity schools, may receive an API score if the school has 11 or more valid test scores and the school chooses to receive an API score for at least three years.

(3) A school that participates in the Immediate Intervention/Underperforming Schools Program described in Section 52053 shall receive an API score for the duration of its participation in that program, unless the Superintendent of Public Instruction determines that an API score would be an invalid measure of the school's performance for one or more of the following reasons:

(A) Irregularities in testing procedures occurred.

(B) The data used to calculate the school's API score are not representative of the pupil population at the school.

(C) Significant demographic changes in the school's pupil population render year-to-year comparisons of pupil performance invalid.

(D) The Department of Education discovers or receives information indicating that the integrity of the school's API score has been compromised.

(g) Only schools with 100 or more test scores contributing to the API may be included in the API rankings.

(h) The Superintendent of Public Instruction, with the approval of the state board, shall develop an alternative accountability system for schools with fewer than 100 test scores contributing to the schools' API scores, and for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, nonpublic, nonsectarian schools as identified in Section 56366, and alternative schools serving high-risk pupils, including continuation high schools and opportunity schools.

SEC. 4. Section 56026.3 is added to the Education Code, to read:

56026.3. ''Local educational agency'' means a school district, a county office of education, a charter school participating as a member of a special education local plan area, or a special education local plan area.

SEC. 5. Section 56155.7 is added to the Education Code, to read:

56155.7. A licensed children's institution may not require that a child be identified as an individual with exceptional needs as a condition of admission or residency.

SEC. 6. Section 56157 of the Education Code is amended to read:

56157. (a) In providing appropriate programs to individuals with exceptional needs residing in licensed children's institutions or foster family homes, the local educational agency shall first consider services in programs operated by public education agencies for individuals with exceptional needs. If those programs are not appropriate, special education and related services shall be provided by contract with a nonpublic, nonsectarian school.

(b) If special education and related services are provided by contract with a nonpublic, nonsectarian school, or with a licensed children's institution under this article, the terms of the contract shall be developed in accordance with the provisions of Section 56366.

(c) If an individual with exceptional needs residing in a licensed children's institution or foster family home is placed in a nonpublic, nonsectarian school, the local educational agency that made the placement shall conduct an annual evaluation, in accordance with federal law as part of the annual individualized education program process, of whether the placement is the least restrictive environment that is appropriate to meet the pupil's needs.

(d) If an individual with exceptional needs residing in a licensed children's institution or foster family home is placed in a nonpublic, nonsectarian school, the nonpublic, nonsectarian school shall report to the local educational agency that made the placement, on a quarterly or trimester basis, as appropriate, the educational progress demonstrated by the individual with exceptional needs towards the attainment of the goals and objectives specified in the individual's individualized education program. Pursuant to federal law, no local educational agency shall refer a pupil to a nonpublic, nonsectarian school unless the services required by the individualized education program of the pupil can be assured.

SEC. 7. Section 56341.5 of the Education Code is amended to read:

56341.5. (a) Each local educational agency convening a meeting of the individualized education program team shall take steps to ensure that no less than one of the parents or guardians of the individual with exceptional needs are present at each individualized education program meeting or are afforded the opportunity to participate.

(b) Parents or guardians shall be notified of the individualized education program meeting early enough to ensure an opportunity to attend.

(c) The individualized education program meeting shall be scheduled at a mutually agreed-upon time and place. The notice of the meeting under subdivision (b) shall indicate the purpose, time, and location of the

meeting and who shall be in attendance. Parents or guardians shall also be informed in the notice of the right, pursuant to clause (ii) of paragraph (1) of subsection (b) of Section 300.345 of Title 34 of the Code of Federal Regulations, to bring other people to the meeting who have knowledge or special expertise regarding the individual with exceptional needs.

(d) As part of the participation of an individual with exceptional needs in the individualized education program process, as required by federal law, the individual with exceptional needs shall be allowed to provide confidential input to any representative of his or her individualized education program team.

(e) For an individual with exceptional needs beginning at age 14, or younger, if appropriate, the meeting notice shall also indicate that a purpose of the meeting will be the development of a statement of the transition services needs of the individual required by subdivision (a) of Section 56345.1 and indicate that the individual with exceptional needs is also invited to attend. In accordance with paragraph (3) of subsection (b) of Section 300.345 of the Code of Federal Regulations, for an individual with exceptional needs beginning at 16 years of age or younger, if appropriate, the meeting notice shall also indicate that a purpose of the meeting is the consideration of needed transition services for the individual required by subdivision (b) of Section 56345.1 and indicate that the individual with exceptional needs is invited to attend. If the pupil does not attend the individualized education program meeting, the local educational agency shall take steps to ensure that the pupil's preferences and interests are considered in accordance with paragraph (2) of subsection (b) of Section 300.344 of Title 34 of the Code of Federal Regulations.

(f) The meeting notice shall also identify any other local agency in accordance with paragraph (3) of subsection (b) of Section 300.344 of Title 34 of the Code of Federal Regulations.

(g) If no parent or guardian can attend the meeting, the local educational agency shall use other methods to ensure parent or guardian participation, including individual or conference telephone calls.

(h) A meeting may be conducted without a parent or guardian in attendance if the local educational agency is unable to convince the parent or guardian that he or she should attend. In this event, the local educational agency shall maintain a record of its attempts to arrange a mutually agreed-upon time and place, as follows:

(1) Detailed records of telephone calls made or attempted and the results of those calls.

(2) Copies of correspondence sent to the parents or guardians and any responses received.

(3) Detailed records of visits made to the home or place of employment of the parent or guardian and the results of those visits.

(i) The local educational agency shall take whatever action is necessary to ensure that the parent or guardian understands the proceedings at a meeting, including arranging for an interpreter for parents or guardians with deafness or whose native language is a language other than English.

(j) The local educational agency shall give the parent or guardian a copy of the individualized education program, at no cost to the parent or guardian.

SEC. 8. Section 56366 of the Education Code is amended to read:

56366. It is the intent of the Legislature that the role of a nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to a local educational agency and parents.

(a) The master contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The master contract shall specify the general administrative and financial, including teacher-to-pupil ratios, between the nonpublic, nonsectarian school or agency and the local educational agency to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting local educational agency to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) (A) The master contract shall include an individual services agreement for each pupil placed by a local educational agency that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

(B) The master contract shall include a description of the process being utilized by the local educational agency to oversee and evaluate placements in nonpublic, nonsectarian schools, as required by federal law. This description shall include a method for evaluating whether the pupil is making appropriate educational progress. At least once every year, the local educational agency shall do all of the following and, to the extent possible, the following shall be conducted as part of the development and provision of an individualized education program:

(i) Evaluate the educational progress of each pupil placed in a nonpublic, nonsectarian school, including all state assessment results pursuant to the requirements of Section 52052.

(ii) Consider whether or not the needs of the pupil continue to be best met at the nonpublic, nonsectarian school and whether changes to the

individualized education program of the pupil are necessary, including whether the pupil may be transitioned to a public school setting. This consideration shall be made at the meeting required by subdivision (d) of Section 56343.

(C) In the case of a nonpublic, nonsectarian school that is owned, operated by, or associated with a licensed children's institution, the master contract shall include a method for evaluating whether the nonpublic, nonsectarian school is in compliance with the mandate set forth in Section 56366.9 of the Education Code and subdivision (b) of Section 1501.1 of the Health and Safety Code.

(3) Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent, the nonpublic, nonsectarian school or agency, or the local educational agency may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the master contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the local educational agency.

(4) The master contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(5) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the local educational agency agree otherwise in the contract or individual services agreement.

(6) Related services provided pursuant to a nonpublic, nonsectarian agency master contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(7) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting local educational agency.

(8) (A) A nonpublic, nonsectarian school, is subject to the alternative accountability system developed pursuant to Section 52052, in the same manner as public schools and each pupil placed in the

nonpublic, nonsectarian school by a local educational agency shall be tested by qualified staff of the nonpublic, nonsectarian school in accordance with that accountability program. The test results shall be reported by the nonpublic, nonsectarian school to the department.

(B) Beginning with the 2006–07 school year testing cycle, each nonpublic, nonsectarian school shall determine its STAR testing period subject to subdivisions (b) and (c) of Section 60640. The nonpublic, nonsectarian school shall determine this period based on completion of 85 percent of the instructional year at that nonpublic, nonsectarian school, plus and minus 10 days, resulting in a 21-day period. Each nonpublic, nonsectarian school shall notify the district of residence of a pupil enrolled in the school of its testing period. Staff at the nonpublic, nonsectarian school who shall administer the assessments shall attend the regular testing training sessions provided by the district of residence. If staff from a nonpublic, nonsectarian school have received training from one local educational agency, that training will be sufficient for all local educational agencies that send pupils to the nonpublic, nonsectarian school. The district of residence shall order testing materials for its pupils that have been placed in the nonpublic, nonsectarian school. The state board shall adopt regulations to facilitate the distribution of and collection of testing materials.

(9) With respect to a nonpublic, nonsectarian school, the school shall prepare a school accountability report card in accordance with Section 33126.

(b) The master contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a local educational agency for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a local educational agency for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local educational agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the local educational agency prior to agreement to a contract or individual services agreement, the local educational agency shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of

creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the master contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) A master contract for special education and related services provided by a nonpublic, nonsectarian school or agency may not be authorized under this part, unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school or agency receiving approval to educate pupils under this part for a period no longer than 18 months from the date of the initial approval.

(e) By September 30, 1998, the procedures, methods, and regulations for the purposes of contracting for nonpublic, nonsectarian school and agency services pursuant to this section and for reimbursement pursuant to Sections 56836.16 and 56836.20 shall be developed by the superintendent in consultation with statewide organizations representing providers of special education and designated instruction and services. The regulations shall be established by rules and regulations issued by the board.

SEC. 9. Section 56366.1 of the Education Code is amended to read:

56366.1. (a) A nonpublic, nonsectarian school or agency that seeks certification shall file an application with the superintendent on forms provided by the department and include the following information on the application:

(1) A description of the special education and designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian school certification.

(2) A description of the designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian agency certification.

(3) A list of appropriately qualified staff, a description of the credential, license, or registration that qualifies each staff member rendering special education or designated instruction and services to do so, and copies of their credentials, licenses, or certificates of registration

with the appropriate state or national organization that has established standards for the service rendered.

(4) An annual operating budget.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations which include criminal record summaries required of all nonpublic school or agency personnel having contact with minor children under Section 44237.

(b) (1) The applicant shall provide the special education local plan area in which the applicant is located with the written notification of its intent to seek certification or renewal of its certification. The applicant shall submit on a form, developed by the department, a signed verification by local educational agency representatives that they have been notified of the intent to certify or renew certification. The verification shall include a statement that local educational agency representatives in which the applicant is located have had the opportunity to review the application at least 60 calendar days prior to submission of an initial application to the superintendent, or at least 30 calendar days prior to submission of a renewal application to the superintendent. The signed verification shall provide assurances that local educational agency representatives have had the opportunity to provide input on all required components of the application.

(2) If the applicant has not received a response from the local educational agency 30 days from the date of the return receipt, the applicant may file the application with the superintendent. A copy of the return receipt shall be included with the application as verification of notification efforts to the local educational agency.

(3) The department shall mail renewal application materials to certified nonpublic, nonsectarian schools and agencies at least 120 days prior to the date their current certification expires.

(c) If the applicant operates a facility or program on more than one site, each site shall be certified.

(d) If the applicant is part of a larger program or facility on the same site, the superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the superintendent.

(e) Prior to certification, the superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The superintendent may be assisted by representatives of the special education local plan area in which the applicant is located and a nonpublic, nonsectarian school or agency representative who does not have a conflict of interest with the applicant. The superintendent shall conduct an additional onsite review of the facility and program within four years of the certification effective date, unless the superintendent

conditionally certifies the school or agency or unless the superintendent receives a formal complaint against the school or agency. In the latter two cases, the superintendent shall conduct an onsite review at least annually.

(f) The superintendent shall make a determination on an application within 120 days of receipt of the application and shall certify, conditionally certify, or deny certification to the applicant. If the superintendent fails to take one of these actions within 120 days, the applicant is automatically granted conditional certification for a period terminating on August 31, of the current school year. If certification is denied, the superintendent shall provide reasons for the denial. The superintendent may certify the school or agency for a period of not longer than one year.

(g) Certification becomes effective on the date the nonpublic, nonsectarian school or agency meets all the application requirements and is approved by the superintendent. Certification may be retroactive if the school or agency met all the requirements of this section on the date the retroactive certification is effective. Certification expires on December 31 of the terminating year.

(h) The superintendent shall annually review the certification of each nonpublic, nonsectarian school and agency. For this purpose, a certified school or agency shall annually update its application between August 1 and October 31, unless the board grants a waiver pursuant to Section 56101. The superintendent may conduct an onsite review as part of the annual review.

(i) (1) The superintendent shall conduct an investigation of a nonpublic, nonsectarian school or agency onsite at any time without prior notice if there is substantial reason to believe that there is an immediate danger to the health, safety, or welfare of a child. The superintendent shall document the concern and submit it to the nonpublic, nonsectarian school or agency at the time of the onsite investigation. The superintendent shall require a written response to any noncompliance or deficiency found.

(2) With respect to a nonpublic, nonsectarian school, the superintendent shall conduct an investigation, which may include an unannounced onsite visit, if the superintendent receives evidence of a significant deficiency in the quality of educational services provided or a violation of Section 56366.9 or noncompliance with the policies expressed by subdivision (b) of Section 1501 of the Health and Safety Code by the nonpublic, nonsectarian school. The superintendent shall document the complaint and the results of the investigation and shall provide copies of the documentation to the complainant, the nonpublic, nonsectarian school, and the contracting local educational agency.

(3) Violations or noncompliance documented pursuant to paragraph (1) or (2) shall be reflected in the status of the certification of the school,

at the discretion of the superintendent, pending an approved plan of correction by the nonpublic, nonsectarian school. The department shall retain for a period of 10 years, all violations pertaining to certification of the nonpublic, nonsectarian school or agency.

(j) The superintendent shall monitor the facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard focused instructional materials used, of an existing certified nonpublic, nonsectarian school or agency on a three-year cycle, as follows:

(1) The nonpublic, nonsectarian school or agency shall complete a self-review in year one.

(2) The superintendent shall conduct an onsite review of the nonpublic, nonsectarian school or agency in year two.

(3) The superintendent shall conduct a followup visit to the nonpublic, nonsectarian school or agency in year three.

(k) (1) Notwithstanding any other provision of law, the superintendent may not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils currently educated in the immediate prior fiscal year in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification.

(2) The notification shall occur no later than the December 1 prior to the new fiscal year in which the proposed or expanding school or agency intends to initiate services. The notice shall include the following:

(A) The specific date upon which the proposed nonpublic, nonsectarian school or agency is to be established.

(B) The location of the proposed program or facility.

(C) The number of pupils proposed for services, the number of pupils currently served in the juvenile court, community school, or other nonspecial education program, the current school services including special education and related services provided for these pupils, and the specific program of special education and related services to be provided under the proposed program.

(D) The reason for the proposed change in services.

(E) The number of staff that will provide special education and designated instruction and services and hold a current valid California credential or license in the service rendered or certificate of registration to provide occupational therapy.

(3) In addition to the requirements in subdivisions (a) through (f), inclusive, the superintendent shall require and consider the following in determining whether to certify a nonpublic, nonsectarian school or agency as described in this subdivision:

(A) A complete statement of the information required as part of the notice under paragraph (1).

(B) Documentation of the steps taken in preparation for the conversion to a nonpublic, nonsectarian school or agency, including information related to changes in the population to be served and the services to be provided pursuant to each pupil's individualized education program.

(4) Notwithstanding any other provision of law, the certification becomes effective no earlier than July 1, if the school or agency provided the notification required pursuant to paragraph (1).

(*l*) (1) Commencing July 1, 2006, notwithstanding any other provision of law, the superintendent may not certify or renew the certification of a nonpublic, nonsectarian school or agency, unless all of the following conditions are met:

(A) The entity operating the nonpublic, nonsectarian school or agency maintains separate financial records for each entity that it operates, with each nonpublic, nonsectarian school or agency identified separately from any licensed children's institution that it operates.

(B) The entity submits an annual budget that identifies the projected costs and revenues for each entity and demonstrates that the rates to be charged are reasonable to support the operation of the entity.

(C) The entity submits an entity-wide annual audit that identifies its costs and revenues, by entity, in accordance with generally accepted accounting and auditing principles. The audit shall clearly document the amount of moneys received and expended on the education program provided by the nonpublic, nonsectarian school.

(D) The relationship between various entities operated by the same entity are documented, defining the responsibilities of the entities. The documentation shall clearly identify the services to be provided as part of each program, for example, the residential or medical program, the mental health program, or the educational program. The entity shall not seek funding from a public agency for a service, either separately or as part of a package of services, if the service is funded by another public agency, either separately or as part of a package of services.

(2) For purposes of this section, the term licensed children's institution has the same meaning as it is defined by Section 56155.5.

(m) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with

greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

(1) 1– 5 pupils	$ 300
(2) 6–10 pupils	500
(3) 11–24 pupils	1,000
(4) 25–75 pupils	1,500
(5) 76 pupils and over	2,000

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(n) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold a certificate, permit, or other document equivalent to that which staff in a public school are required to hold in the service rendered are eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) The state board shall develop regulations to implement this subdivision.

(o) In addition to meeting the standards adopted by the board, a nonpublic, nonsectarian school or agency shall provide written assurances that it meets all applicable standards relating to fire, health, sanitation, and building safety.

SEC. 10. Section 56366.5 of the Education Code is amended to read:

56366.5. (a) Upon receipt of a request from a nonpublic, nonsectarian school for payment for services provided under a contract entered into pursuant to Sections 56365 and 56366, the local educational agency shall either (1) send a warrant for the amount requested within 45 days, or (2) notify the nonpublic, nonsectarian school within 10 working days of any reason why the requested payment shall not be paid.

(b) If the local educational agency fails to comply with subdivision (a), the nonpublic, nonsectarian school may require the local educational agency to pay an additional amount of $1^1/_2$ percent of the unpaid balance per month until full payment is made. The local educational agency may not claim reimbursement from the state for the additional amount pursuant to any provision of law, including any provision contained in

Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of the Revenue and Taxation Code.

(c) Any educational funds received from a local educational agency for the educational costs of individuals with exceptional needs it has placed in nonpublic, nonsectarian schools shall be used solely for those purposes and not for the costs of a residential program.

SEC. 11. Section 56366.9 of the Education Code is amended to read:

56366.9. A licensed children's institution at which individuals with exceptional needs reside shall not require as a condition of residential placement that it provide the appropriate educational programs to those individuals through a nonpublic, nonsectarian school or agency owned, operated by, or associated with, a licensed children's institution. Those services may only be provided if the special education local plan area determines that appropriate public alternative educational programs are not available.

SEC. 12. Section 56366.10 is added to the Education Code, to read:

56366.10. In addition to the certification requirements set forth in Sections 56366 and 56366.1, a nonpublic, nonsectarian school that provides special education and related services to an individual with exceptional needs shall certify in writing to the superintendent that it meets all of the following requirements:

(a) It will not accept a pupil with exceptional needs if it cannot provide or ensure the provision of the services outlined in the pupil's individualized education program.

(b) Pupils have access to the following educational materials, services, and programs to the extent available at the local educational agency in which the nonpublic school is located:

(1) Standards-based, core curriculum and the same instructional materials used by the local educational agency in which the nonpublic, nonsectarian school is located.

(2) College preparation courses.

(3) Extracurricular activities, such as art, sports, music, and academic clubs.

(4) Career preparation and vocational training, consistent with transition plans pursuant to state and federal law.

(5) Supplemental assistance, including individual academic tutoring, psychological counseling, and career and college counseling.

(c) The teachers and staff provide academic instruction and support services to pupils with the goal of integrating pupils into the least restrictive environment pursuant to federal law.

(d) The school has and abides by a written policy for pupil discipline which is consistent with state and federal law and regulations.

SEC. 13. Section 56366.11 is added to the Education Code, to read:

56366.11. (a) The department shall implement a program to integrate individuals with exceptional needs placed in nonpublic, nonsectarian schools into public schools, as appropriate. Under the program, a pupil placed in a nonpublic, nonsectarian school and each individual who has the right to make educational decisions for the pupil shall be informed of all their rights relating to the educational placement of the pupil. Existing dispute resolution procedures involving public school enrollment or attendance shall be explained to a pupil placed in nonpublic, nonsectarian school in an age and developmentally appropriate manner. The Foster Child Ombudsman shall disseminate the information on education rights to every foster child residing in a licensed children's institution or foster family home.

(b) Following the development of the next statewide assessment contract, the department shall submit to the Legislature a report on the academic progress of pupils attending nonpublic, nonsectarian schools serving individuals with exceptional needs. Using the results of the two most recent years of the Standardized Testing and Reporting (STAR) Program and the California Alternative Performance Assessment, the report shall summarize by district the achievement of all pupils attending a nonpublic, nonsectarian school. The department shall ensure that the report does not violate the confidentiality of individual pupil scores. In addition, the report shall include an academic performance index score for pupils attending nonpublic, nonsectarian schools for each district using the same procedures as under Section 52052.

SEC. 14. Section 56366.12 is added to the Education Code, to read:

56366.12. A nonpublic, nonsectarian school shall ensure private and confidential communication between a pupil of the nonpublic, nonsectarian school and members of the pupil's individualized education program team, at the pupil's discretion.

SEC. 15. Section 1501.1 of the Health and Safety Code is amended to read:

1501.1. (a) It is the policy of the state to facilitate the proper placement of every child in residential care facilities where the placement is in the best interests of the child. A county may require placement or licensing agencies, or both placement and licensing agencies, to actively seek out-of-home care facilities capable of meeting the varied needs of the child. Therefore, in placing children in out-of-home care, particular attention should be given to the individual child's needs, the ability of the facility to meet those needs, the needs of other children in the facility, the licensing requirements of the facility as determined by the licensing agency, and the impact of the placement on the family reunification plan.

(b) Pursuant to this section, children with varying designations and varying needs, except as provided by statute, may be placed in the same

facility provided the facility is licensed, complies with all licensing requirements relevant to the protection of the child, and has a special permit, if necessary, to meet the needs of each child so placed. A facility may not require, as a condition of placement, that a child be identified as an individual with exceptional needs as defined by Section 56026 of the Education Code.

(c) Neither the requirement for any license nor any regulation shall restrict the implementation of the provisions of this section. Implementation of this section does not obviate the requirement for a facility to be licensed by the department.

(d) Pursuant to this section, children with varying designations and varying needs, except as provided by statute, may be placed in the same licensed foster family home or with a foster family agency for subsequent placement in a certified family home. Children with developmental disabilities, mental disorders, or physical disabilities may be placed in licensed foster family homes or certified family homes, provided that an appraisal of the child's needs and the ability of the receiving home to meet those needs is made jointly by the placement agency and the licensee in the case of licensed foster family homes or the placement agency and the foster family agency in the case of certified family homes, and is followed by written confirmation prior to placement. The appraisal shall confirm that the placement poses no threat to any child in the home.

For purposes of this chapter, the placing of children by foster family agencies shall be referred to as ''subsequent placement'' to distinguish the activity from the placing by public agencies.

SEC. 16. Section 16014 is added to the Welfare and Institutions Code, to read:

16014. (a) It is the intent of the Legislature to maximize federal funding for foster youth services provided by local educational agencies.

(b) The State Department of Education and the State Department of Social Services shall collaborate with the County Welfare Directors Association, representatives from local educational agencies, and representatives of private, nonprofit foster care providers to establish roles and responsibilities, claiming requirements, and sharing of eligibility information eligible for funding under Part E (commencing with Section 470) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 301 et seq.). These state agencies shall also assist counties and local educational agencies in drafting memorandums of understanding between agencies to access funding for case management activities associated with providing foster youth services for eligible children. That federal funding shall be an augmentation to the current program and shall not supplant existing state general funds allocated to this program.

(c) School districts shall be responsible for 100 percent of the nonfederal share of payments received under that act.

SEC. 17. Public schools are encouraged to apply for all available federal, state, and local supplemental sources of funding to accomplish the goals set forth in this act, including funding available for neglected or delinquent pupils who are at risk of dropping out of school, as funded by Section 6421 of Title 20 of the United States Code, funding pursuant to the federal Stewart B. McKinney Homeless Assistance Act (42 U.S.C. Sec. 11301 et seq.), Title XIX of the federal Social Security Act (42 U.S.C. Sec. 301 et seq.), and the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

SEC. 18. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 915

An act to amend Section 52052 of the Education Code, relating to school performance.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 52052 of the Education Code is amended to read:

52052. (a) (1) By July 1, 1999, the Superintendent of Public Instruction, with approval of the State Board of Education, shall develop an Academic Performance Index (API), to measure the performance of schools, especially the academic performance of pupils.

(2) A school shall demonstrate comparable improvement in academic achievement as measured by the API by all numerically significant pupil subgroups at the school, including:

(A) Ethnic subgroups.

(B) Socioeconomically disadvantaged pupils.

(C) English language learners.

(D) Pupils with disabilities.

(3) (A) For purposes of this section, a numerically significant pupil subgroup is one that meets both of the following criteria:

(i) The subgroup consists of at least 50 pupils each of whom has a valid test score.

(ii) The subgroup constitutes at least 15 percent of a school's total population of pupils who have valid test scores.

(B) If a subgroup does not constitute 15 percent of the school's total population of pupils with valid test scores, the subgroup may constitute a numerically significant pupil subgroup if it has at least 100 valid test scores.

(C) For a school with an API score that is based on no fewer than 11 and no more than 99 pupils with valid test scores, numerically significant subgroups shall be defined by the Superintendent of Public Instruction, with approval by the State Board of Education.

(4) The API shall consist of a variety of indicators currently reported to the department including, but not limited to, the results of the achievement test administered pursuant to Section 60640, attendance rates for pupils in elementary schools, middle schools, and secondary schools, and the graduation rates for pupils in secondary schools.

(A) The pupil data collected for the API that comes from the achievement test administered pursuant to Sections 60640 and 60644 and the high school exit examination administered pursuant to Section 60851, when fully implemented, shall be disaggregated by special education status, English language learners, socioeconomic status, gender and ethnic group. Only the test scores of pupils who were counted as part of the enrollment in the annual California Basic Education Data System's data collection for the current fiscal year and who were continuously enrolled during that year may be included in the test result reports in the school's API. Results of the achievement test and other tests specified in subdivision (b) shall constitute at least 60 percent of the value of the index.

(B) Before including high school graduation rates and attendance rates in the index, the Superintendent of Public Instruction shall determine the extent to which the data are currently reported to the state and the accuracy of the data.

(b) Pupil scores from the following tests, when available and when found to be valid and reliable for this purpose, shall be incorporated into the API:

(1) The assessment of the applied academic skills matrix test developed pursuant to Section 60604.

(2) The nationally normed test designated pursuant to Section 60642.

(3) The standards-based achievement tests provided for in Section 60642.5.

(4) The high school exit examination.

(c) Based on the API, the Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, expected annual percentage growth targets for all schools based on their API baseline score from the previous year. Schools are expected to meet these growth targets through effective allocation of available resources. For schools below the statewide API performance target adopted by the State Board of Education pursuant to subdivision (d), the minimum annual percentage growth target shall be 5 percent of the difference between a school's actual API score and the statewide API performance target, or one API point, whichever is greater. Schools at or above the statewide API performance target shall have, as their growth target, maintenance of their API score above the statewide API performance target. However, the State Board of Education may set differential growth targets based on grade level of instruction and may set higher growth targets for the lowest performing schools because they have the greatest room for improvement. To meet its growth target, a school shall demonstrate that the annual growth in its API is equal to or more than its schoolwide annual percentage growth target and that all numerically significant pupil subgroups, as defined in subdivision (a), are making comparable improvement.

(d) Upon adoption of state performance standards by the State Board of Education, the Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, a statewide API performance target that includes consideration of performance standards and represents the proficiency level required to meet the state performance target. When the API is fully developed, schools must, at a minimum, meet their annual API growth targets to be eligible for the Governor's Performance Award Program as set forth in Section 52057. The State Board of Education may establish additional criteria that schools must meet to be eligible for the Governor's Performance Awards Program.

(e) Beginning in June 2000, the API shall be used for both of the following:

(1) Measuring the progress of schools selected for participation in the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053.

(2) Ranking all public schools in the state for the purpose of the High Achieving/Improving Schools Program pursuant to Section 52056.

(f) (1) A school with 11 to 99 pupils with valid test scores shall receive an API score with an asterisk that indicates less statistical certainty than API scores based on 100 or more test scores.

(2) A school shall annually receive an API score, unless the Superintendent of Public Instruction determines that an API score would

be an invalid measure of the school's performance for one or more of the following reasons:

(A) Irregularities in testing procedures occurred.

(B) The data used to calculate the school's API score are not representative of the pupil population at the school.

(C) Significant demographic changes in the pupil population render year-to-year comparisons of pupil performance invalid.

(D) The department discovers or receives information indicating that the integrity of the API score has been compromised.

(E) Insufficient pupil participation in the assessments included in the API.

(3) If a school has less than 100 pupils with valid test scores, the calculation of the API or adequate yearly progress pursuant to the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.) and federal regulations may be calculated over more than one annual administration of the tests administered pursuant to Sections 60640 and 60644 and the high school exit exam administered pursuant to Section 60851, consistent with regulations adopted by the State Board of Education.

(g) Only schools with 100 or more test scores contributing to the API may be included in the API rankings.

(h) By July 1, 2000, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall develop an alternative accountability system for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, and alternative schools serving high-risk pupils, including continuation high schools and opportunity schools. Schools in the alternative accountability system may receive an API score, but shall not be included in the API rankings.

CHAPTER 916

An act to amend Section 65400 of, and to repeal Section 65307 of, the Government Code, relating to local planning.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65307 of the Government Code is repealed.

SEC. 2. Section 65400 of the Government Code is amended to read:

65400. After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(a) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(b) Provide by October 1 of each year an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes all of the following:

(1) The status of the plan and progress in its implementation.

(2) The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

The housing element portion of the annual report, as required by this paragraph, shall be prepared through the use of forms and definitions adopted by the Department of Housing and Community Development pursuant to the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2).

(3) The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

SEC. 3. It is the intent of the Legislature that the amendments to Section 65400 of the Government Code made by this act correct a

drafting error made in the amendments to that section in Chapter 1235 of the Statutes of 1994 (Assembly Bill 51).

CHAPTER 917

An act to add Section 712.5 to the Fish and Game Code, relating to wildlife resources.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) California is the winter home to more than 60 percent of the migratory waterfowl of the Pacific Flyway, yet 90 percent of the wetland habitat for these waterfowl is destroyed or adversely impacted.

(b) The loss of wetland habitat in California has resulted in a decline in migratory waterfowl populations.

(c) The significant loss of this unique habitat type has also resulted in dramatic declines in many other fish and wildlife species and has contributed to the listing of over one-half of California's threatened or endangered species.

(d) In 1986, to address the decline of North American waterfowl populations, the federal governments of the United States, Mexico, and Canada agreed to implement the North American Waterfowl Management Plan. When the plan was established, it identified the seven most important waterfowl habitat regions throughout North America that were in greatest need of wetland restoration. California's Central Valley was one of these initial seven priority areas. To carry out the purposes of this plan and address the decline of waterfowl habitat in California's Central Valley, the state and federal resource agencies joined with private conservation groups and established the Central Valley Habitat Joint Venture. More recently, the San Francisco Bay Joint Venture and the Intermountain West Joint Venture were similarly established to address the significant habitat loss in other areas of the state.

(e) The California Department of Fish and Game is a partner in each of these joint ventures and is the lead state resource agency in California's wetland and waterfowl conservation effort. The department has the staff expertise and programs in place to best deliver waterfowl conservation for the state.

(f) The Tobacco Tax and Health Protection Act of 1988 was approved by the voters as Proposition 99. Among other things, that act created a Cigarette and Tobacco Products Surtax Fund in the State Treasury. The fund consists of six separate accounts, including the Public Resources Account, which makes funding available in equal amounts to both programs that protect, restore, enhance, or maintain fish, waterfowl, and wildlife habitat on an equally funded basis and programs that enhance state and local park and recreation resources.

(g) Because the department has statutory powers relating to protecting, restoring, enhancing, and maintaining fish, waterfowl, and wildlife habitat, the department should be the sole agency to expend funds in the Public Resources Account for programs relating to those purposes.

SEC. 2. Section 712.5 is added to the Fish and Game Code, to read:

712.5. (a) Commencing July 1, 2005, any moneys appropriated from the Public Resources Account in the Cigarette and Tobacco Products Surtax Fund for programs to protect, restore, enhance, or maintain waterfowl habitat pursuant to subparagraph (A) of paragraph (5) of subdivision (b) of Section 30122 of the Revenue and Taxation Code, shall be transferred to the department for expenditure for those same purposes.

(b) Commencing July 1, 2005, any moneys appropriated to the department from the California Environmental License Plate Fund described in Section 21191 of the Public Resources Code, in an amount not to exceed the amount transferred to the department pursuant to subdivision (a), shall be transferred to the Department of Parks and Recreation for expenditure for the exclusive trust purposes described in Section 21190.

CHAPTER 918

An act to add Sections 19531.1 and 19614.6 to the Business and Professions Code, relating to horse racing.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 19531.1 is added to the Business and Professions Code, to read:

19531.1. Notwithstanding any other provision of law, the board shall not allocate racing dates to a private thoroughbred racing

association in the central or southern zone for the purpose of conducting thoroughbred racing during daytime or nighttime hours if a fair racing association is conducting racing in the central zone on the same dates and if that fair is obligated to make payments on a capital expense loan incurred for the purpose of improving its facilities for horse racing.

SEC. 2. Section 19614.6 is added to the Business and Professions Code, to read:

19614.6. Notwithstanding Section 19614, any county fair in the central zone that conducted fair racing meetings prior to January 1, 1980, commencing with the 2006 racing season, may retain that portion of the license fee applicable to its live racing meeting that exceeds the amount of license fees paid during its 2004 live racing meeting for payment of a capital expense loan incurred for the purpose of improving its facilities for horse racing. The license fee retention shall be applicable only during the loan period, only in an amount equal to the loan payments, and only if all the moneys retained are used to pay off the loan for those capital expenses. Any portion of the license fee in excess of the amount needed to make loan payments pursuant to this section shall be deposited in the Fair and Exposition Fund. However, if after the effective date of this section, the rate of the license fee imposed on fairs is reduced, the county fair may retain that portion of the license fee applicable to its live racing meeting that exceeds the amount of the license fees that would have been paid on its 2004 live racing meeting at the reduced rate.

CHAPTER 919

An act to amend Section 17510.5 of the Business and Professions Code, and to amend Sections 12581, 12582, 12583, 12584, 12585, 12586, 12599, and 12599.1 of, and to add Sections 12599.3, 12599.6, and 12599.7 to, the Government Code, relating to charitable organizations.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 17510.5 of the Business and Professions Code is amended to read:

17510.5. (a) The financial records of a soliciting organization shall be maintained on the basis of generally accepted accounting principles as defined by the American Institute of Certified Public Accountants, the

Governmental Accounting Standards Board, or the Financial Accounting Standards Board.

(b) The disclosure requirement of paragraph (7) of subdivision (a) of Section 17510.3 shall be based on the same accounting principles used to maintain the soliciting organization's financial records.

SEC. 2. Section 12581 of the Government Code is amended to read:

12581. This article applies to all charitable corporations, unincorporated associations, trustees, and other legal entities holding property for charitable purposes, commercial fundraisers for charitable purposes, fundraising counsel for charitable purposes, and commercial coventurers, over which the state or the Attorney General has enforcement or supervisory powers. The provisions of this article shall not apply to any committee as defined in Section 82013 which is required to and does file any statement pursuant to the provisions of Article 2 (commencing with Section 84200) of Chapter 4 of Title 9.

SEC. 3. Section 12582 of the Government Code is amended to read:

12582. ''Trustee'' means (a) any individual, group of individuals, corporation, unincorporated association, or other legal entity holding property in trust pursuant to any charitable trust, (b) any corporation or unincorporated association which has accepted property to be used for a particular charitable purpose as distinguished from the general purposes of the corporation or unincorporated association, and (c) a corporation or unincorporated association formed for the administration of a charitable trust, pursuant to the directions of the settlor or at the instance of the trustee.

SEC. 4. Section 12583 of the Government Code is amended to read:

12583. The filing, registration, and reporting provisions of this article do not apply to the United States, any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or to any of their agencies or governmental subdivisions, to any religious corporation sole or other religious corporation or organization that holds property for religious purposes, or to any officer, director, or trustee thereof who holds property for like purposes, to a cemetery corporation regulated under Chapter 19 (commencing with Section 9600) of Division 3 of the Business and Professions Code, or to any committee as defined in Section 82013 that is required to and does file any statement pursuant to Article 2 (commencing with Section 84200) of Chapter 4 of Title 9, or to a charitable corporation or unincorporated association organized and operated primarily as a religious organization, educational institution, hospital, or a health care service plan licensed pursuant to Section 1349 of the Health and Safety Code.

SEC. 5. Section 12584 of the Government Code is amended to read:

12584. The Attorney General shall establish and maintain a register of charitable corporations, unincorporated associations, and trustees subject to this article and of the particular trust or other relationship under which they hold property for charitable purposes and, to that end, may conduct whatever investigation is necessary, and shall obtain from public records, court officers, taxing authorities, trustees, and other sources, whatever information, copies of instruments, reports, and records are needed for the establishment and maintenance of the register.

SEC. 6. Section 12585 of the Government Code is amended to read:

12585. Every charitable corporation, unincorporated association, and trustee subject to this article shall file with the Attorney General a copy of the articles of incorporation, or other instrument that governs the operation of the corporation, unincorporated association, or trust, within 30 days after the corporation, unincorporated association, or trustee initially receives property. A trustee is not required to register as long as the charitable interest in a trust is a future interest, but shall do so within 30 days after any charitable interest in a trust becomes a present interest.

SEC. 7. Section 12586 of the Government Code is amended to read:

12586. (a) Except as otherwise provided and except corporate trustees which are subject to the jurisdiction of the Commissioner of Financial Institutions of the State of California under Division 1 (commencing with Section 99) of the Financial Code or to the Comptroller of the Currency of the United States, every charitable corporation, unincorporated association, and trustee subject to this article shall, in addition to filing copies of the instruments previously required, file with the Attorney General periodic written reports, under oath, setting forth information as to the nature of the assets held for charitable purposes and the administration thereof by the corporation, unincorporated association, or trustee, in accordance with rules and regulations of the Attorney General.

(b) The Attorney General shall make rules and regulations as to the time for filing reports, the contents thereof, and the manner of executing and filing them. The Attorney General may classify trusts and other relationships concerning property held for a charitable purpose as to purpose, nature of assets, duration of the trust or other relationship, amount of assets, amounts to be devoted to charitable purposes, nature of trustee, or otherwise, and may establish different rules for the different classes as to time and nature of the reports required to the ends (1) that he or she shall receive reasonably current, periodic reports as to all charitable trusts or other relationships of a similar nature, which will enable him or her to ascertain whether they are being properly administered, and (2) that periodic reports shall not unreasonably add to the expense of the administration of charitable trusts and similar relationships. The Attorney General may suspend the filing of reports as

to a particular charitable trust or relationship for a reasonable, specifically designated time upon written application of the trustee filed with the Attorney General and after the Attorney General has filed in the register of charitable trusts a written statement that the interests of the beneficiaries will not be prejudiced thereby and that periodic reports are not required for proper supervision by his or her office.

(c) A copy of an account filed by the trustee in any court having jurisdiction of the trust or other relationship, if the account substantially complies with the rules and regulations of the Attorney General, may be filed as a report required by this section.

(d) The first periodic written report, unless the filing thereof is suspended as herein provided, shall be filed not later than four months and 15 days following the close of the first calendar or fiscal year in which property is initially received. If any part of the income or principal of a trust previously established is authorized or required to be applied to a charitable purpose at the time this article takes effect, the first report shall be filed at the close of the calendar or fiscal year in which it was registered with the Attorney General or not later than four months and 15 days following the close of the calendar or fiscal period.

(e) Every charitable corporation, unincorporated association, and trustee required to file reports with the Attorney General pursuant to this section that receives or accrues in any fiscal year gross revenue of two million dollars ($2,000,000) or more, exclusive of grants from, and contracts for services with, governmental entities for which the governmental entity requires an accounting of the funds received, shall do the following:

(1) Prepare annual financial statements using generally accepted accounting principles that are audited by an independent certified public accountant in conformity with generally accepted auditing standards. For any nonaudit services performed by the firm conducting the audit, the firm and its individual auditors shall adhere to the standards for auditor independence set forth in the latest revision of the Government Auditing Standards, issued by the Comptroller General of the United States (the Yellow Book). The Attorney General may, by regulation, prescribe standards for auditor independence in the performance of nonaudit services, including standards different from those set forth in the Yellow Book. If a charitable corporation or unincorporated association that is required to prepare an annual financial statement pursuant to this subdivision is under the control of another organization, the controlling organization may prepare a consolidated financial statement. The audited financial statements shall be available for inspection by the Attorney General and by members of the public no later than nine months after the close of the fiscal year to which the statements relate. A charity shall make its annual audited financial statements

available to the public in the same manner that is prescribed for IRS Form 990 by the latest revision of Section 6104(d) of the Internal Revenue Code and associated regulations.

(2) If it is a corporation, have an audit committee appointed by the board of directors. The audit committee may include persons who are not members of the board of directors, but the member or members of the audit committee shall not include any members of the staff, including the president or chief executive officer and the treasurer or chief financial officer. If the corporation has a finance committee, it must be separate from the audit committee. Members of the finance committee may serve on the audit committee; however, the chairperson of the audit committee may not be a member of the finance committee and members of the finance committee shall constitute less than one-half of the membership of the audit committee. Members of the audit committee shall not receive any compensation from the corporation in excess of the compensation, if any, received by members of the board of directors for service on the board and shall not have a material financial interest in any entity doing business with the corporation. Subject to the supervision of the board of directors, the audit committee shall be responsible for recommending to the board of directors the retention and termination of the independent auditor and may negotiate the independent auditor's compensation, on behalf of the board of directors. The audit committee shall confer with the auditor to satisfy its members that the financial affairs of the corporation are in order, shall review and determine whether to accept the audit, shall assure that any nonaudit services performed by the auditing firm conform with standards for auditor independence referred to in paragraph (1), and shall approve performance of nonaudit services by the auditing firm. If the charitable corporation that is required to have an audit committee pursuant to this subdivision is under the control of another corporation, the audit committee may be part of the board of directors of the controlling corporation.

(f) If, independent of the audit requirement set forth in paragraph (1) of subdivision (e), a charitable corporation, unincorporated association, or trustee required to file reports with the Attorney General pursuant to this section prepares financial statements that are audited by a certified public accountant, the audited financial statements shall be available for inspection by the Attorney General and shall be made available to members of the public in conformity with paragraph (1) of subdivision (e).

(g) The board of directors of a charitable corporation or unincorporated association, or an authorized committee of the board, and the trustee or trustees of a charitable trust shall review and approve the compensation, including benefits, of the president or chief executive

officer and the treasurer or chief financial officer to assure that it is just and reasonable. This review and approval shall occur initially upon the hiring of the officer, whenever the term of employment, if any, of the officer is renewed or extended, and whenever the officer's compensation is modified. Separate review and approval shall not be required if a modification of compensation extends to substantially all employees. If a charitable corporation is affiliated with other charitable corporations, the requirements of this section shall be satisfied if review and approval is obtained from the board, or an authorized committee of the board, of the charitable corporation that makes retention and compensation decisions regarding a particular individual.

SEC. 8. Section 12599 of the Government Code is amended to read:

12599. (a) ''Commercial fundraiser for charitable purposes'' is defined as any individual, corporation, unincorporated association, or other legal entity who for compensation does any of the following:

(1) Solicits funds, assets, or property in this state for charitable purposes.

(2) As a result of a solicitation of funds, assets, or property in this state for charitable purposes, receives or controls the funds, assets, or property solicited for charitable purposes.

(3) Employs, procures, or engages any compensated person to solicit, receive, or control funds, assets, or property for charitable purposes.

A commercial fundraiser for charitable purposes shall include any person, association of persons, corporation, or other entity that obtains a majority of its inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code.

A commercial fundraiser for charitable purposes shall not include a ''trustee'' as defined in Section 12582 or 12583, a ''charitable corporation'' as defined in Section 12582.1, or any employee thereof. A commercial fundraiser for charitable purposes shall not include an individual who is employed by or under the control of a commercial fundraiser for charitable purposes registered with the Attorney General. A commercial fundraiser for charitable purposes shall not include any federally insured financial institution which holds as a depository funds received as a result of a solicitation for charitable purposes.

As used in this section, ''charitable purposes'' includes any solicitation in which the name of any organization of law enforcement personnel, firefighters, or other persons who protect the public safety is used or referred to as an inducement for transferring any funds, assets, or property, unless the only expressed or implied purpose of the solicitation is for the sole benefit of the actual active membership of the organization.

(b) A commercial fundraiser for charitable purposes shall, prior to soliciting any funds, assets, or property, including salvageable personal property, in California for charitable purposes, or prior to receiving and controlling any funds, assets, or property, including salvageable personal property, as a result of a solicitation in this state for charitable purposes, register with the Attorney General's Registry of Charitable Trusts on a registration form provided by the Attorney General. Renewals of registration shall be filed with the Registry of Charitable Trusts by January 15 of each calendar year in which the commercial fundraiser for charitable purposes does business and shall be effective for one year. A registration or renewal fee of two hundred dollars ($200) shall be required for registration of a commercial fundraiser for charitable purposes, and shall be payable by certified or cashier's check to the Attorney General's Registry of Charitable Trusts at the time of registration or renewal. The Attorney General may adjust the annual registration or renewal fee as needed pursuant to this section. The Attorney General's Registry of Charitable Trusts may grant extensions of time to file annual registration as required, pursuant to subdivision (b) of Section 12586.

(c) A commercial fundraiser for charitable purposes shall file with the Attorney General's Registry of Charitable Trusts an annual financial report on a form provided by the Attorney General, accounting for all funds collected pursuant to any solicitation for charitable purposes during the preceding calendar year. The annual financial report shall be filed with the Attorney General's Registry of Charitable Trusts no later than 30 days after the close of the preceding calendar year.

(d) The contents of the forms for annual registration and annual financial reporting by commercial fundraisers for charitable purposes shall be established by the Attorney General in a manner consistent with the procedures set forth in subdivisions (a) and (b) of Section 12586. The annual financial report shall require a detailed, itemized accounting of funds, assets, or property, solicited for charitable purposes on behalf of each charitable organization exempt from taxation under Section 501(c)(3) of the Internal Revenue Code or for each charitable purpose during the accounting period, and shall include, among other data, the following information for funds, assets, or property, solicited by the commercial fundraiser for charitable purposes:

(1) Total revenue.

(2) The fee or commission charged by the commercial fundraiser for charitable purposes.

(3) Salaries paid by the commercial fundraiser for charitable purposes to its officers and employees.

(4) Fundraising expenses.

(5) Distributions to the identified charitable organization or purpose.

(6) The names and addresses of any director, officer, or employee of the commercial fundraiser for charitable purposes who is a director, officer, or employee of any charitable organization listed in the annual financial report.

(e) A commercial fundraiser for charitable purposes that obtains a majority of its inventory for sale by the purchase, receipt, or control for resale to the general public, of salvageable personal property solicited by an organization qualified to solicit donations pursuant to Section 148.3 of the Welfare and Institutions Code shall file with the Attorney General's Registry of Charitable Trusts, and not with the sheriff of any county, an annual financial report on a form provided by the Attorney General that is separate and distinct from forms filed by other commercial fundraisers for charitable purposes pursuant to subdivisions (c) and (d).

(f) It shall be unlawful for any commercial fundraiser for charitable purposes to solicit funds in this state for charitable purposes unless the commercial fundraiser for charitable purposes has complied with the registration or annual renewal and financial reporting requirements of this article. Failure to comply with these registration or annual renewal and financial reporting requirements shall be grounds for injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(g) A commercial fundraiser for charitable purposes is a constructive trustee for charitable purposes as to all funds collected pursuant to solicitation for charitable purposes and shall account to the Attorney General for all funds. A commercial fundraiser for charitable purposes is subject to the Attorney General's supervision and enforcement over charitable funds and assets to the same extent as a trustee for charitable purposes under this article.

(h) Not less than 10 working days prior to the commencement of each solicitation campaign, event, or service, or not later than commencement of solicitation for solicitations to aid victims of emergency hardship or disasters, a commercial fundraiser for charitable purposes shall file with the Attorney General's Registry of Charitable Trusts a notice on a form prescribed by the Attorney General that sets forth all of the following:

(1) The name, address, and telephone number of the commercial fundraiser for charitable purposes.

(2) The name, address, and telephone number of the charitable organization with whom the commercial fundraiser has contracted.

(3) The fundraising methods to be used.

(4) The projected dates when performance under the contract will commence and terminate.

(5) The name, address, and telephone number of the person responsible for directing and supervising the work of the commercial fundraiser under the contract.

(i) There shall be a written contract between a commercial fundraiser for charitable purposes and a charitable organization for each solicitation campaign, event, or service, that shall be signed by the authorized contracting officer for the commercial fundraiser and by an official of the charitable organization who is authorized to sign by the organization's governing body. The contract shall be available for inspection by the Attorney General and shall contain all of the following provisions:

(1) The legal name and address of the charitable organization as registered with the Registry of Charitable Trusts unless the charitable organization is exempt from registration.

(2) A statement of the charitable purpose for which the solicitation campaign, event, or service is being conducted.

(3) A statement of the respective obligations of the commercial fundraiser and the charitable organization.

(4) If the commercial fundraiser is to be paid a fixed fee, a statement of the fee to be paid to the commercial fundraiser and a good faith estimate of what percentage the fee will constitute of the total contributions received. The contract shall clearly disclose the assumptions upon which the estimate is based, and the stated assumptions shall be based upon all of the relevant facts known to the commercial fundraiser regarding the solicitation to be conducted by the commercial fundraiser.

(5) If a percentage fee is to be paid to the commercial fundraiser, a statement of the percentage of the total contributions received that will be remitted to or retained by the charitable organization, or, if the solicitation involves the sale of goods or services or the sale of admissions to a fundraising event, the percentage of the purchase price that will be remitted to the charitable organization. The stated percentage shall be calculated by subtracting from contributions received and sales receipts not only the commercial fundraiser's fee, but also any additional amounts that the charitable organization is obligated to pay as fundraising costs.

(6) The effective and termination dates of the contract and the date solicitation activity is to commence within the state.

(7) A provision that requires that each contribution in the control or custody of the commercial fundraiser shall in its entirety and within five working days of its receipt comply with either of the following:

(A) Be deposited in an account at a bank or other federally insured financial institution that is solely in the name of the charitable organization and over which the charitable organization has sole control of withdrawals.

(B) Be delivered to the charitable organization in person, by United States express mail, or by another method of delivery providing for overnight delivery.

(8) A statement that the charitable organization exercises control and approval over the content and frequency of any solicitation.

(9) If the commercial fundraiser proposes to make any payment in cash or in kind to any person or legal entity to secure any person's attendance at, or sponsorship, approval, or endorsement of, a charity fundraising event, the maximum dollar amount of those payments shall be set forth in the contract. ''Charity fundraising event'' means any gathering of persons, including, but not limited to, a party, banquet, concert, or show, that is held for the purpose or claimed purpose of raising funds for any charitable purpose or organization.

(10) A provision that the charitable organization has the right to cancel the contract without cost, penalty, or liability for a period of 10 days following the date on which the contract is executed; that the charitable organization may cancel the contract by serving a written notice of cancellation on the commercial fundraiser; that, if mailed, service shall be by certified mail, return receipt requested, and cancellation shall be deemed effective upon the expiration of five calendar days from the date of mailing; that any funds collected after effective notice that the contract has been canceled shall be deemed to be held in trust for the benefit of the charitable organization without deduction for costs or expenses of any nature; and that the charitable organization shall be entitled to recover all funds collected after the date of cancellation.

(11) A provision that, following the initial 10-day cancellation period, the charitable organization may terminate the contract by giving 30 days' written notice; that, if mailed, service of the notice shall be by certified mail, return receipt requested, and shall be deemed effective upon the expiration of five calendar days from the date of mailing; and that, in the event of termination under this subdivision, the charitable organization shall be liable for services provided by the commercial fundraiser up to 30 days after the effective service of the notice.

(12) A provision that, following the initial 10-day cancellation period, the charitable organization may terminate the contract at any time upon written notice, without payment or compensation of any kind to the commercial fundraiser, if the commercial fundraiser or its agents, employees, or representatives (A) make any material misrepresentations in the course of solicitations or with respect to the charitable organization, (B) are found by the charitable organization to have been convicted of a crime arising from the conduct of a solicitation for a charitable organization or purpose punishable as a misdemeanor or a felony, or (C) otherwise conduct fundraising activities in a manner that

causes or could cause public disparagement of the charitable organization's good name or good will.

(13) Any other information required by the regulations of the Attorney General.

(j) It shall be unlawful for a commercial fundraiser for charitable purposes to not disclose the percentage of total fundraising expenses of the fundraiser upon receiving a written or oral request from a person solicited for a contribution for a charitable purpose. ''Percentage of total fundraising expenses,'' as used in this section, means the ratio of the total expenses of the fundraiser to the total revenue received by the fundraiser for the charitable purpose for which funds are being solicited, as reported on the most recent financial report filed with the Attorney General's Registry of Charitable Trusts. A commercial fundraiser shall disclose this information in writing within five working days from receipt of a request by mail or facsimile. A commercial fundraiser shall orally disclose this information immediately upon a request made in person or in a telephone conversation and shall follow this response with a written disclosure within five working days. Failure to comply with the requirements of this subdivision shall be grounds for an injunction against solicitation in this state for charitable purposes and other civil remedies provided by law.

(m) A commercial fundraiser for charitable purposes shall not solicit in the state on behalf of a charitable organization unless that charitable organization is registered or is exempt from registration with the Attorney General's Registry of Charitable Trusts.

(n) If any provision of this section or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or application of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

The information required under subdivision (c) shall also be provided to the Senate and Assembly Committees on Transportation.

(1) The registration was obtained by providing false evidence of financial responsibility to the department.

(2) Upon notification by an insurance company that the required coverage has been canceled and a sufficient period of time has elapsed since the cancellation notification, as determined by the department, for replacement coverage to be processed and received by the department.

(b) Prior to suspending, canceling, or revoking the registration of a vehicle, the department shall notify the vehicle owner of its intent to suspend, cancel, or revoke the registration, and shall provide the vehicle owner a reasonable time, not less than 45 days in cases under paragraph (2) of subdivision (a), to provide evidence of financial responsibility or to establish that the vehicle is not being operated.

(c) Notwithstanding any other provision of this code, before a registration is reinstated after suspension, cancellation, or revocation, there shall, in addition to any other fees required by this code, be paid to the department a fee sufficient to pay the cost of the reissuance as determined by the department.

(d) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. Section 4000.38 is added to the Vehicle Code, to read:

4000.38. (a) The department shall suspend, cancel, or revoke the registration of a vehicle when it determines that any of the following circumstances has occurred:

(3) Evidence of financial responsibility has not been submitted to the department within 30 days of the issuance of a registration certificate for the original registration or transfer of registration of a vehicle.

(b) (1) Prior to suspending, canceling, or revoking the registration of a vehicle, the department shall notify the vehicle owner of its intent to suspend, cancel, or revoke the registration, and shall provide the vehicle owner a reasonable time, not less than 45 days in cases under paragraph (2) of subdivision (a), to provide evidence of financial responsibility or to establish that the vehicle is not being operated.

(2) For the duration of the low-cost automobile insurance pilot programs established under Sections 11629.7 and 11629.9 of the Insurance Code, the department shall provide residents of Los Angeles County and San Francisco County with information on the notification document, in plain, bold type not less than 12 point in size, and in both English and Spanish, stating the following:

This call is free to you and may be made during normal business hours, Monday through Friday, except holidays.''

(c) Notwithstanding any other provision of this code, before a registration is reinstated after suspension, cancellation, or revocation, there shall be paid to the department, in addition to any other fees required by this code, a fee sufficient to pay the cost of the reissuance as determined by the department.

(d) This section shall become operative on January 1, 2006.

SEC. 4. Section 16058 is added to the Vehicle Code, to read:

16058. (a) On or before July 1, 2005, each insurer that issues private passenger automobile liability insurance policies and coverages, or private passenger automobile policies and coverages issued by an automobile assigned risk plan, as those policies, coverages, and plans are described in paragraph (1) of subdivision (a) of Section 4000.37 shall advise the department of the electronic method to be used for reporting liability insurance information under subdivisions (b), (c), and (d). The department shall establish an electronic conversion schedule.

(b) On or before January 1, 2006, each insurer shall report all existing motor vehicle liability insurance policies or coverages described in subdivision (a) issued for vehicles registered in this state or to

policyholders with a California address, to the department in a manner that preserves existing reporting relationships and that allows for smaller insurers and those with unusual circumstances to be accommodated, consistent with the intent of this section. Consistent with the intent of this section, a small insurer or those with unusual circumstances may be accommodated by, among other methods, an extension of the mandatory electronic reporting deadline set forth in this section to no later than July 1, 2006.

(c) On and after January 1, 2006, each insurer shall electronically report to the department all issued motor vehicle liability policies or coverages, as described in subdivision (a), within 30 days of the effective date of the coverage.

(d) On and after January 1, 2006, an insurer shall electronically report to the department the termination of a reported policy or any change of information previously reported under subdivision (b) or (c), as specified by the department, within 45 days of the date of termination or change. This report shall include the effective date of the termination, amendment, or cancellation and any other information that does not exceed that required under subdivision (c).

(e) (1) Those persons with alternative forms of financial responsibility pursuant to subdivision (a), (c), (d), or (e) of Section 16021 shall provide satisfactory evidence of that responsibility as determined by the department.

(2) In addition, the department shall establish an alternative procedure for establishment of satisfactory evidence of financial responsibility to permit the timely renewal of vehicle registration when the electronic data has not been updated due to circumstances beyond the vehicle owner's immediate control. Those circumstances may include, but are not limited to, a vehicle identification error in either the department's or the insurer's records or insurance purchased too recently to have been electronically transmitted to the department. Whenever this alternative procedure is used, the department shall, subsequent to the issuance of the registration certificate and indicia, contact the insurer to obtain electronic data pursuant to subdivision (c).

(f) The department shall adopt regulations for reporting insurance information, including, but not limited to, establishing acceptable timeframes and approved methods for reporting information.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 921

An act to amend Sections 5000, 5015.6, 5076, 5100, 5109, 5134, and 22253.2 of, to amend, repeal, and add Sections 5050 and 5088 of, to add Sections 5025.2, 5025.3, 5063.3, and 22252.1 to, and to add Article 5.1 (commencing with Section 5096) and Article 6.5 (commencing with Section 5116) to Chapter 1 of Division 3 of, the Business and Professions Code, relating to professions and vocations, and making an appropriation therefor.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 5000 of the Business and Professions Code is amended to read:

5000. There is in the Department of Consumer Affairs the California Board of Accountancy, which consists of 15 members, seven of whom shall be licensees, and eight of whom shall be public members who shall not be licentiates of the board or registered by the board. The board has the powers and duties conferred by this chapter.

The Governor shall appoint four of the public members, and the seven licensee members as provided in this section. The Senate Rules Committee and the Speaker of the Assembly shall each appoint two public members. In appointing the seven licensee members, the Governor shall appoint members representing a cross section of the accounting profession with at least two members representing a small public accounting firm. For the purposes of this chapter, a small public accounting firm shall be defined as a professional firm that employs a total of no more than four licensees as partners, owners, or full-time employees in the practice of public accountancy within the State of California.

This section shall become inoperative on July 1, 2011, and as of January 1, 2012, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2012, deletes or extends the dates on which this section becomes inoperative and is repealed. The repeal of this section renders the board subject to the review required by Division 1.2 (commencing with Section 473). However, the review of the board shall be limited to reports or studies specified in this chapter and those

issues identified by the Joint Committee on Boards, Commissions, and Consumer Protection and the board regarding the implementation of new licensing requirements.

SEC. 2. Section 5015.6 of the Business and Professions Code is amended to read:

5015.6. The board may appoint a person exempt from civil service who shall be designated as an executive officer and who shall exercise the powers and perform the duties delegated by the board and vested in him or her by this chapter.

This section shall become inoperative on July 1, 2011, and, as of January 1, 2012, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2012, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 5025.2 is added to the Business and Professions Code, to read:

5025.2. (a) The Legislature finds that there are occasions when the California Board of Accountancy urgently requires additional expenditure authority in order to fund unanticipated enforcement and litigation activities. Without sufficient expenditure authority to obtain the necessary additional resources for urgent litigation and enforcement matters, the board is unable to adequately protect the public. Therefore, it is the intent of the Legislature that, apart from, and in addition to, the expenditure authority that may otherwise be established, the California Board of Accountancy shall be given the increase in its expenditure authority in any given current fiscal year that is authorized by the Department of Finance pursuant to the provisions of subdivision (b) of this section, for costs and services in urgent litigation and enforcement matters, including, but not limited to, costs for professional and consulting services and for the services of the Attorney General and the Office of Administrative Hearings.

(b) Notwithstanding Control Section 27.00 of the annual Budget Act, Section 11006 of the Government Code, and the amount listed in the annual Budget Act for expenditure, the Department of Finance shall authorize up to two million dollars ($2,000,000) in additional expenditures for the California Board of Accountancy upon a showing by the board that those funds are necessary for public protection and that the shortfall was not anticipated. These additional expenditures shall be payable from the Accountancy Fund for purposes of the board's litigation or enforcement activities in any given current fiscal year.

SEC. 4. Section 5025.3 is added to the Business and Professions Code, to read:

5025.3. (a) Whenever the board enters into a contract for litigation or enforcement purposes, including, but not limited to, contracts pursuant to Section 5025.1, funds may be encumbered in the fiscal year

the contract is executed and expended at any time during the subsequent 24 months commencing with the last day of the fiscal year in which the contract is executed.

(1) Is subject to the personal and subject matter jurisdiction and disciplinary authority of the board and the courts of this state.

(2) Shall comply with the provisions of this chapter, board regulations, and other laws, regulations, and professional standards applicable to the practice of public accountancy by the licensees of this state and to any other laws and regulations applicable to individuals practicing under practice privileges in this state except the individual is deemed, solely for the purpose of this article, to have met the continuing education requirements and ethics examination requirements of this state when such individual has met the examination and continuing education requirements of the state in which the individual holds the valid license, certificate, or permit on which the substantial equivalency is based.

(B) Revocation, suspension, denial, surrender or other discipline or sanctions involving any license, permit, registration, certificate or other authority to practice any profession in this or any other state or foreign country or to practice before any state, federal, or local court or agency, or the Public Company Accounting Oversight Board.

(b) The board may prospectively deny a practice privilege to any individual who has violated this section or implementing regulations or committed any act which would be grounds for discipline against the holder of a practice privilege.

5096.2. (a) Practice privileges may be denied for failure to qualify under or comply with the provisions of this article or implementing regulations, or for any act that if committed by an applicant for licensure would be grounds for denial of a license under Section 480 or if committed by a licensee would be grounds for discipline under Section 5100, or for any act committed outside of this state that would be a violation if committed within this state.

(b) The board may deny practice privileges using either of the following procedures:

(1) Notifying the individual in writing of all of the following:

(A) That the practice privilege is denied.

(B) The reasons for denial.

(C) The earliest date on which the individual is eligible for a practice privilege.

(2) Filing a statement of issues under the Administrative Procedure Act.

(c) An individual who had been denied a practice privilege may apply for a new practice privilege not less than one year after the effective date of the notice or decision denying the practice privilege unless a longer time period, not to exceed three years, is specified in the notice or decision denying the practice privilege.

5096.3. (a) Practice privileges are subject to revocation, suspension, fines or other disciplinary sanctions for any conduct that would be grounds for discipline against a licensee of the board or for any conduct in violation of this article or regulations implementing this article.

(b) Practice privileges are subject to discipline during any time period in which they are valid, under administrative suspension, or expired.

(c) The board may recover its costs pursuant to Section 5107 as part of any disciplinary proceeding against the holder of a practice privilege.

(e) The provisions of the Administrative Procedure Act, including, but not limited to, the commencement of a disciplinary proceeding by the filing of an accusation by the board shall apply under this article.

5096.4. (a) The right of an individual to practice in this state under a practice privilege may be administratively suspended at any time by an order issued by the board or its executive officer, without prior notice or hearing, for the purpose of conducting a disciplinary investigation, proceeding, or inquiry concerning the representations made in the notice, the individual's competence or qualifications to practice under practice privileges, failure to timely respond to a board inquiry or request for information or documents, or under other conditions and circumstances provided for by board regulation.

(b) The administrative suspension order is immediately effective when mailed to the individual's address of record or agent for notice and service as provided for in this article.

(c) The administrative suspension order shall contain the following:

(1) The reason for the suspension.

(2) A statement that the individual has the right, within 30 days, to appeal the administrative suspension order and request a hearing.

(3) A statement that any appeal hearing will be conducted under the provisions of the Administrative Procedure Act applicable to individuals who are denied licensure, including the filing of a statement of issues by the board setting forth the reasons for the administrative suspension of practice privileges and specifying the statutes and rules with which the individual must show compliance by producing proof at the hearing and in addition any particular matters that have come to the attention of the board and that would authorize the administrative suspension, or the denial of practice privileges.

(d) The burden is on the holder of the suspended practice privilege to establish both qualification and fitness to practice under practice privileges.

(e) The administrative suspension shall continue in effect until terminated by an order of the board or the executive officer or expiration of the practice privilege under administrative suspension.

(f) Administrative suspension is not discipline and shall not preclude any individual from applying for a license to practice public accountancy in this state or from applying for a new practice privilege upon expiration of the one under administrative suspension, except that the new practice privilege shall not be effective until approved by the board.

(g) Notwithstanding any administrative suspension, a practice privilege expires one year from the date of notice unless a shorter period is set by board regulation.

(h) Proceedings to appeal an administrative suspension order may be combined or coordinated with proceedings for denial or discipline of a practice privilege.

5096.5. Notwithstanding any other provision of this article, an individual may not sign any attest report pursuant to a practice privilege unless the individual meets the experience requirements of Section 5095 and completes any continuing education or other conditions required by the board regulations implementing this article.

5096.6. In addition to the authority otherwise provided for by this code, the board may delegate to the executive officer the authority to issue any notice or order provided for in this article and to act on behalf of the board, including, but not limited to, issuing a notice of denial of a practice privilege and an interim suspension order, subject to the right of the individual to timely appeal and request a hearing as provided for in this article.

(c) Anywhere the term ''employee'' is used in this article it shall include, but is not limited to, partners, shareholders, and other owners.

5096.9. The board is authorized to adopt regulations to implement, interpret, or make specific the provisions of this article.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 922

An act to add Section 6254.18 to the Government Code, relating to public records.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) No health care worker should be subject to the risk of threats, assaults, or physical harm in order to provide any legal medical procedure.

(b) A 2000 survey of providers of reproductive services conducted by the Senate Office of Research found that, from 1995 through 2000, half of health care workers providing reproductive services experienced a crime consisting of threats of violence and vandalism.

(c) Threats of violence, stalking, and vandalism have extended beyond reproductive service providers to also target their family members and supporters.

(d) The personal information used to target the victims of these crimes often is obtained by making a request for public records from a government agency.

(e) The high incidence of violence against reproductive service providers is one of the primary reasons why access to reproductive health services has become increasingly difficult.

SEC. 2. Section 6254.18 is added to the Government Code, to read:

6254.18. (a) Nothing in this chapter shall be construed to require disclosure of any personal information received, collected, or compiled by a public agency regarding the employees, volunteers, board members, owners, partners, officers, or contractors of a reproductive health services facility who have notified the public agency pursuant to subdivision (d) if the personal information is contained in a document that relates to the facility.

(b) For purposes of this section, the following terms have the following meanings:

(1) ''Contractor'' means an individual or entity that contracts with a reproductive health services facility for services related to patient care.

(2) ''Personal information'' means the following information related to an individual that is maintained by a public agency: social security number, physical description, home address, home telephone number, statements of personal worth or personal financial data filed pursuant to subdivision (n) of Section 6254, personal medical history, employment

history, electronic mail address, and information that reveals any electronic network location or identity.

(3) ''Public agency'' means all of the following:

(A) The State Department of Health Services.

(B) The Department of Consumer Affairs.

(C) The Department of Managed Health Care.

(4) ''Reproductive health services facility'' means the office of a licensed physician and surgeon whose specialty is family practice, obstetrics, or gynecology, or a licensed clinic, where at least 50 percent of the patients of the physician or the clinic are provided with family planning or abortion services.

(c) Any person may institute proceedings for injunctive or declarative relief or writ of mandate in any court of competent jurisdiction to obtain access to employment history information pursuant to Sections 6258 and 6259. If the court finds, based on the facts of a particular case, that the public interest served by disclosure of employment history information clearly outweighs the public interest served by not disclosing the information, the court shall order the officer or person charged with withholding the information to disclose employment history information or show cause why he or she should not do so pursuant to Section 6259.

(d) In order for this section to apply to an individual who is an employee, volunteer, board member, officer, or contractor of a reproductive health services facility, the individual shall notify the public agency to which his or her personal information is being submitted or has been submitted that he or she falls within the application of this section. The reproductive health services facility shall retain a copy of all notifications submitted pursuant to this section. This notification shall be valid if it complies with all of the following:

(1) Is on the official letterhead of the facility.

(2) Is clearly separate from any other language present on the same page and is executed by a signature that serves no other purpose than to execute the notification.

(3) Is signed and dated by both of the following:

(A) The individual whose information is being submitted.

(B) The executive officer or his or her designee of the reproductive health services facility.

(e) The privacy protections for personal information authorized pursuant to this section shall be effective from the time of notification pursuant to subdivision (d) until either one of the following occurs:

(1) Six months after the date of separation from a reproductive health services facility for an individual who has served for not more than one year as an employee, contractor, volunteer, board member, or officer of the reproductive health services facility.

(2) One year after the date of separation from a reproductive health services facility for an individual who has served for more than one year as an employee, contractor, volunteer, board member, or officer of the reproductive health services facility.

(f) Within 90 days of separation of an employee, contractor, volunteer, board member, or officer of the reproductive health services facility who has provided notice to a public agency pursuant to subdivision (c), the facility shall provide notice of the separation to the relevant agency or agencies.

(g) Nothing in this section shall prevent the disclosure by a government agency of data regarding age, race, ethnicity, national origin, or gender of individuals whose personal information is protected pursuant to this section, so long as the data contains no individually identifiable information.

SEC. 4. As to any property sold pursuant to this act consisting of 15 acres or less, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, below a depth of 500 feet, without surface rights of entry. As to property sold pursuant to this act consisting of more than 15 acres, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public

Resources Code, together with the right to prospect for, mine, and remove the deposits. The rights to prospect for, mine, and remove the deposits shall be limited to those areas of the property conveyed that the director, after consultation with the State Lands Commission, determines to be reasonably necessary for the removal of the deposits.

CHAPTER 926

An act to amend Section 13332.09 of the Government Code, relating to state contracts.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 13332.09 of the Government Code is amended to read:

13332.09. (a) No purchase order or other form of documentation for acquisition or replacement of motor vehicles shall be issued against any appropriation until the Department of General Services has investigated and established the necessity therefor.

(b) A state agency may not acquire surplus mobile equipment from any source for program support until the Department of General Services has investigated and established the necessity therefor.

(c) Notwithstanding any other provision of law, all contracts for the acquisition of motor vehicles or general use mobile equipment for a state agency shall be made by or under the supervision of the Department of General Services. Pursuant to Section 10298 the Department of General Services may collect a fee to offset the cost of the services provided.

(d) All passenger-type motor vehicles purchased for state officers and employees, except constitutional officers, shall be American-made vehicles of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, including, but not limited to, use by the California Highway Patrol, that would justify the need for a motor vehicle of a heavier class.

(e) No general use mobile equipment having an original purchase price of twenty-five thousand dollars ($25,000) or more shall be rented or leased from a nonstate source and payment therefor made from any appropriation for the use of the Department of Transportation, without the prior approval of the Department of General Services after a determination that comparable state-owned equipment is not available,

unless obtaining approval would endanger life or property, in which case the transaction and the justification for not having sought prior approval shall be reported immediately thereafter to the Department of General Services.

(f) As used in this section:

(1) ''General use mobile equipment'' means equipment that is listed in the Mobile Equipment Inventory of the State Equipment Council and which is capable of being used by more than one state agency, and shall not be deemed to refer to equipment having a practical use limited to the controlling state agency only. Section 575 of the Vehicle Code shall have no application to this section.

(2) ''State agency'' means a state agency, as defined pursuant to Section 11000, and each campus of the California State University. The University of California is requested and encouraged to have the Department of General Services perform the tasks identified in this section with respect to the acquisition or replacement of motor vehicles by the University of California.

CHAPTER 927

An act to add Chapter 8 (commencing with Section 119400) to Part 15 of Division 104 of the Health and Safety Code, relating to pharmaceutical marketing.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The trade association known as the Pharmaceutical Research and Manufacturers of America (PhRMA) has developed voluntary guidelines for pharmaceutical companies that pertain to gifts and financial incentives provided to doctors.

(b) The Office of Inspector General (OIG) within the United States Department of Health and Human Services has developed recommendations for pharmaceutical companies that pertain to gifts, financial incentives, and other matters relating to the development, manufacturing, marketing, and sales of pharmaceutical products.

(c) The PhRMA guidelines state, ''We are also concerned that our interactions with healthcare professionals not be perceived as inappropriate by patients or the public at large.''

(d) The OIG guidelines state, ''A comprehensive compliance program provides a mechanism that addresses the public and private sectors' mutual goals of reducing fraud and abuse; enhancing health care provider operational functions; improving the quality of health care services; and reducing the cost of health care.''

(e) It is therefore the intent of the Legislature in enacting this act to achieve the goals expressed in both the PhRMA voluntary guidelines and the OIG voluntary guidelines and to ensure greater adherence by pharmaceutical companies to both sets of existing guidelines by requiring pharmaceutical companies to adopt policies that ensure compliance with those guidelines.

SEC. 2. Chapter 8 (commencing with Section 119400) is added to Part 15 of Division 104 of the Health and Safety Code, to read:

CHAPTER 8. DRUG MARKETING PRACTICES

119400. The following definitions shall apply for purposes of this chapter:

(a) ''Dangerous drug'' means any drug that is unsafe for self-use and includes either of the following:

(1) Any drug that bears the legend ''Caution: federal law prohibits dispensing without prescription,'' ''Rx only,'' or words of similar import.

(2) Any drug or device that, pursuant to federal or state law, may be dispensed only by prescription, or that is furnished pursuant to Section 4006 of the Business and Professions Code. ''Dangerous drug'' does not include labeled veterinary drugs.

(b) ''Medical or health professional'' means any of the following:

(1) A person licensed by state law to prescribe drugs for human patients.

''Pharmaceutical company'' also means an entity engaged in the packaging, repackaging, labeling, relabeling, or distribution of dangerous drugs. ''Pharmaceutical company'' also includes a person who engages in pharmaceutical detailing, promotional activities, or other marketing of a dangerous drug in this state on behalf of a pharmaceutical company. ''Pharmaceutical company'' does not include a licensed pharmacist.

119402. (a) Every pharmaceutical company shall adopt a Comprehensive Compliance Program that is in accordance with the April 2003 publication ''Compliance Program Guidance for Pharmaceutical Manufacturers,'' which was developed by the United States Department of Health and Human Services Office of Inspector General (OIG). A pharmaceutical company shall make conforming changes to its Comprehensive Compliance Program within six months of any update or revision to the ''Compliance Program Guidance for Pharmaceutical Manufacturers.''

(b) Every pharmaceutical company shall include in its Comprehensive Compliance Program policies for compliance with the Pharmaceutical Research and Manufacturers of America (PhRMA) ''Code on Interactions with Health Care Professionals,'' dated July 1, 2002. The pharmaceutical company shall make conforming changes to its Comprehensive Compliance Program within six months of any update or revision of the ''Code on Interactions with Health Care Professionals.''

(c) Each pharmaceutical company shall include in its Comprehensive Compliance Program limits on gifts or incentives provided to medical or health professionals, in accordance with this chapter.

(d) (1) Each pharmaceutical company shall establish explicitly in its Comprehensive Compliance Program a specific annual dollar limit on gifts, promotional materials, or items or activities that the pharmaceutical company may give or otherwise provide to an individual medical or health care professional in accordance with the ''Compliance Program Guidance for Pharmaceutical Manufacturers'' and with the ''Code on Interactions with Health Care Professionals.''

(2) Notwithstanding paragraph (1), drug samples given to physicians and healthcare professionals intended for free distribution to patients, financial support for continuing medical education forums, and financial support for health educational scholarships are exempt from any limits if that support is provided in a manner that conforms to the ''Compliance Program Guidance for Pharmaceutical Manufacturers'' and the ''Code on Interactions with Health Care Professionals.''

(3) Payments made for legitimate professional services provided by a health care or medical professional, including, but not limited to, consulting, are exempt from any limits, provided that the payment does not exceed the fair market value of the services rendered, and those payments are provided in a manner that conforms to the ''Compliance Program Guidance for Pharmaceutical Manufacturers'' and with the ''Code on Interactions with Health Care Professionals.''

(e) The pharmaceutical company shall annually declare, in writing, that it is in compliance with both its Comprehensive Compliance Program and this chapter. The pharmaceutical company shall make its

Comprehensive Compliance Program and its annual written declaration of compliance with the program available to the public on the pharmaceutical company's Web site and shall also provide a toll-free telephone number where a copy or copies of the Comprehensive Compliance Program and written declaration of compliance may be obtained.

(f) This section shall become operative on July 1, 2005.

CHAPTER 928

An act to amend Section 65915 of the Government Code, relating to housing.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 65915 of the Government Code is amended to read:

65915. (a) When an applicant seeks a density bonus for a housing development within, or for the donation of land for housing within, the jurisdiction of a city, county, or city and county, that local government shall provide the applicant incentives or concessions for the production of housing units and child care facilities as prescribed in this section. All cities, counties, or cities and counties shall adopt an ordinance that specifies how compliance with this section will be implemented.

(b) A city, county, or city and county shall grant a density bonus and incentives or concessions described in subdivision (d) when the applicant for the housing development seeks and agrees to construct at least any one of the following:

(1) Ten percent of the total units of a housing development for lower income households, as defined in Section 50079.5 of the Health and Safety Code.

(2) Five percent of the total units of a housing development for very low income households, as defined in Section 50105 of the Health and Safety Code.

(3) A senior citizen housing development as defined in Sections 51.3 and 51.12 of the Civil Code.

(4) Ten percent of the total dwelling units in a condominium project as defined in subdivision (f) of, or in a planned development as defined in subdivision (k) of, Section 1351 of the Civil Code, for persons and

families of moderate income, as defined in Section 50093 of the Health and Safety Code.

(c) (1) An applicant shall agree to, and the city, county, or city and county shall ensure, continued affordability of all lower income density bonus units for 30 years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program. Those units targeted for lower income households, as defined in Section 50079.5 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 60 percent of area median income. Those units targeted for very low income households, as defined in Section 50105 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 50 percent of area median income.

(2) An applicant shall agree to, and the city, county, or city and county shall ensure that, the initial occupant of the moderate-income units that are directly related to the receipt of the density bonus in the condominium project as defined in subdivision (f) of, or in the planned unit development as defined in subdivision (k) of, Section 1351 of the Civil Code, are persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code. Upon resale, the seller of the unit shall retain the value of any improvements, the downpayment, and the seller's proportionate share of appreciation. The local government shall recapture its proportionate share of appreciation, which shall then be used within three years for any of the purposes described in subdivision (e) of Section 33334.2 of the Health and Safety Code that promote homeownership. For purposes of this subdivision, the local government's proportionate share of appreciation shall be equal to the percentage by which the initial sale price to the moderate-income household was less than the fair market value of the home at the time of initial sale.

(d) (1) An applicant may submit to a city, county, or city and county a proposal for the specific incentives or concessions that the applicant requests pursuant to this section, and may request a meeting with the city, county, or city and county. The city, county, or city and county shall grant the concession or incentive requested by the applicant unless the city, county, or city and county makes a written finding, based upon substantial evidence, of either of the following:

(A) The concession or incentive is not required in order to provide for affordable housing costs, as defined in Section 50052.5 of the Health and Safety Code, or for rents for the targeted units to be set as specified in subdivision (c).

(B) The concession or incentive would have a specific adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment or

on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low- and moderate-income households.

(2) The applicant shall receive the following number of incentives or concessions:

(A) One incentive or concession for projects that include at least 10 percent of the total units for lower income households, at least 5 percent for very low income households, or at least 10 percent for persons and families of moderate income in a condominium or planned development.

(B) Two incentives or concessions for projects that include at least 20 percent of the total units for lower income households, at least 10 percent for very low income households, or at least 20 percent for persons and families of moderate income in a condominium or planned development.

(C) Three incentives or concessions for projects that include at least 30 percent of the total units for lower income households, at least 15 percent for very low income households, or at least 30 percent for persons and families of moderate income in a condominium or planned development.

(3) The applicant may initiate judicial proceedings if the city, county, or city and county refuses to grant a requested density bonus, incentive, or concession. If a court finds that the refusal to grant a requested density bonus, incentive, or concession is in violation of this section, the court shall award the plaintiff reasonable attorney's fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that has a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to grant an incentive or concession that would have an adverse impact on any real property that is listed in the California Register of Historical Resources. The city, county, or city and county shall establish procedures for carrying out this section, that shall include legislative body approval of the means of compliance with this section. The city, county, or city and county shall also establish procedures for waiving or modifying development and zoning standards that would otherwise inhibit the utilization of the density bonus on specific sites. These procedures shall include, but not be limited to, such items as minimum lot size, side yard setbacks, and placement of public works improvements.

(e) In no case may a city, county, or city and county apply any development standard that will have the effect of precluding the construction of a development meeting the criteria of subdivision (b) at the densities or with the concessions or incentives permitted by this section. An applicant may submit to a city, county, or city and county a proposal for the waiver or reduction of development standards and may request a meeting with the city, county, or city and county. If a court finds that the refusal to grant a waiver or reduction of development standards is in violation of this section, the court shall award the plaintiff reasonable attorney's fees and costs of suit. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards if the waiver or reduction would have a specific, adverse impact, as defined in paragraph (2) of subdivision (d) of Section 65589.5, upon health, safety, or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact. Nothing in this subdivision shall be interpreted to require a local government to waive or reduce development standards that would have an adverse impact on any real property that is listed in the California Register of Historical Resources.

(f) The applicant shall show that the waiver or modification is necessary to make the housing units economically feasible.

(g) (1) For the purposes of this chapter, except as provided in paragraph (2), ''density bonus'' means a density increase of at least 20 percent, unless a lesser percentage is elected by the applicant, over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the applicant to the city, county, or city and county. The amount of density bonus to which the applicant is entitled shall vary according to the amount by which the percentage of affordable housing units exceeds the percentage established in subdivision (b). For each 1 percent increase above 10 percent in the percentage of units affordable to lower income households, the density bonus shall be increased by 1.5 percent up to a maximum of 35 percent. For each 1 percent increase above 5 percent in the percentage of units affordable to very low income households, the density bonus shall be increased by 2.5 percent up to a maximum of 35 percent. All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. The density bonus shall not be included when determining the number of housing units that is equal to 5 or 10 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(2) For the purposes of this chapter, if a development does not meet the requirements of paragraph (1), (2), or (3) of subdivision (b), but the applicant agrees or proposes to construct a condominium project as defined in subdivision (f) of, or a planned development as defined in subdivision (k) of, Section 1351 of the Civil Code, in which at least 10 percent of the total dwelling units are reserved for persons and families of moderate income, as defined in Section 50093 of the Health and Safety Code, a ''density bonus'' of at least 5 percent shall be granted, unless a lesser percentage is elected by the applicant, over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the applicant to the city, county, or city and county. For each 1 percent increase above 10 percent of the percentage of units affordable to moderate-income households, the density bonus shall be increased by 1 percent up to a maximum of 35 percent. All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. The density bonus shall not be included when determining the number of housing units that is equal to 10 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(h) When an applicant for a tentative subdivision map, parcel map, or other residential development approval donates land to a city, county, or city and county as provided for in this subdivision, the applicant shall be entitled to a 15 percent increase above the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan for the entire development. For each 1 percent increase above the minimum 10 percent land donation described in paragraph (2) of this subdivision, the density bonus shall be increased by 1 percent, up to a maximum of 35 percent. This increase shall be in addition to any increase in density mandated by subdivision (b), up to a maximum combined mandated density increase of 35 percent if an applicant seeks both the increase required pursuant to this subdivision and subdivision (b). All density calculations resulting in fractional units shall be rounded up to the next whole number. Nothing in this subdivision shall be construed to enlarge or diminish the authority of a city, county, or city and county to require a developer to donate land as a condition of development. An applicant shall be eligible for the increased density bonus described in this subdivision if all of the following conditions are met:

(1) The applicant donates and transfers the land no later than the date of approval of the final subdivision map, parcel map, or residential development application.

(2) The developable acreage and zoning classification of the land being transferred are sufficient to permit construction of units affordable to very low income households in an amount not less than 10 percent of the number of residential units of the proposed development.

(3) The transferred land is at least one acre in size or of sufficient size to permit development of at least 40 units, has the appropriate general plan designation, is appropriately zoned for development as affordable housing, and is or will be served by adequate public facilities and infrastructure. The land shall have appropriate zoning and development standards to make the development of the affordable units feasible. No later than the date of approval of the final subdivision map, parcel map, or of the residential development, the transferred land shall have all of the permits and approvals, other than building permits, necessary for the development of the very low income housing units on the transferred land, except that the local government may subject the proposed development to subsequent design review to the extent authorized by subdivision (i) of Section 65583.2 if the design is not reviewed by the local government prior to the time of transfer.

(4) The transferred land and the affordable units shall be subject to a deed restriction ensuring continued affordability of the units consistent with paragraphs (1) and (2) of subdivision (c), which shall be recorded on the property at the time of dedication.

(5) The land is transferred to the local agency or to a housing developer approved by the local agency. The local agency may require the applicant to identify and transfer the land to the developer.

(6) The transferred land shall be within the boundary of the proposed development or, if the local agency agrees, within one-quarter mile of the boundary of the proposed development.

(i) (1) When an applicant proposes to construct a housing development that conforms to the requirements of subdivision (b) and includes a child care facility that will be located on the premises of, as part of, or adjacent to, the project, the city, county, or city and county shall grant either of the following:

(A) An additional density bonus that is an amount of square feet of residential space that is equal to or greater than the amount of square feet in the child care facility.

(B) An additional concession or incentive that contributes significantly to the economic feasibility of the construction of the child care facility.

(2) The city, county, or city and county shall require, as a condition of approving the housing development, that the following occur:

(A) The child care facility shall remain in operation for a period of time that is as long as or longer than the period of time during which the

density bonus units are required to remain affordable pursuant to subdivision (c).

(B) Of the children who attend the child care facility, the children of very low income households, lower income households, or families of moderate income shall equal a percentage that is equal to or greater than the percentage of dwelling units that are required for very low income households, lower income households, or families of moderate income pursuant to subdivision (b).

(3) Notwithstanding any requirement of this subdivision, a city, county, or a city and county shall not be required to provide a density bonus or concession for a child care facility if it finds, based upon substantial evidence, that the community has adequate child care facilities.

(4) ''Child care facility,'' as used in this section, means a child day care facility other than a family day care home, including, but not limited to, infant centers, preschools, extended day care facilities, and schoolage child care centers.

(j) ''Housing development,'' as used in this section, means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For the purposes of this section, ''housing development'' also includes a subdivision or a planned unit development or condominium project, as defined in Section 1351 of the Civil Code, approved by a city, county, or city and county and consists of residential units or unimproved residential lots and either a project to substantially rehabilitate and convert an existing commercial building to residential use or the substantial rehabilitation of an existing multifamily dwelling, as defined in subdivision (d) of Section 65863.4, where the result of the rehabilitation would be a net increase in available residential units. For the purpose of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(k) The granting of a concession or incentive shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary approval. This provision is declaratory of existing law.

(*l*) For the purposes of this chapter, concession or incentive means any of the following:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards approved by the California Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code,

including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required that results in identifiable, financially sufficient, and actual cost reductions.

(2) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(3) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county that result in identifiable, financially sufficient, and actual cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county, or the waiver of fees or dedication requirements.

(m) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act (Division 20 (commencing with Section 30000) of the Public Resources Code).

(n) Nothing in this section shall be construed to prohibit a city, county, or city and county from granting a density bonus greater than what is described in this section for a development that meets the requirements of this section or from granting a proportionately lower density bonus than what is required by this section for developments that do not meet the requirements of this section.

(o) For purposes of this section, the following definitions shall apply:

(1) ''Development standard'' includes site or construction conditions that apply to a residential development pursuant to any ordinance, general plan element, specific plan, charter amendment, or other local condition, law, policy, resolution, or regulation.

(2) ''Maximum allowable residential density'' means the density allowed under the zoning ordinance, or if a range of density is permitted, means the maximum allowable density for the specific zoning range applicable to the project.

(p) (1) Upon the request of the developer, no city, county, or city and county shall require a vehicular parking ratio, inclusive of handicapped and guest parking, of a development meeting the criteria of subdivision (b), that exceeds the following ratios:

(A) Zero to one bedrooms: one onsite parking space.

(B) Two to three bedrooms: two onsite parking spaces.

(C) Four and more bedrooms: two and one-half parking spaces.

(2) If the total number of parking spaces required for a development is other than a whole number, the number shall be rounded up to the next whole number. For purposes of this subdivision, a development may provide ''onsite parking'' through tandem parking or uncovered parking, but not through onstreet parking.

(3) This subdivision shall apply to a development that meets the requirements of subdivision (b) but only at the request of the applicant. An applicant may request additional parking incentives or concessions beyond those provided in this section, subject to subdivision (d).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 929

An act to amend Sections 19227 and 19315 of, to amend, repeal, and add Section 15061 of, and to add Sections 19310.7 and 19317 to, the Food and Agricultural Code, relating to commercial feed, and making an appropriation therefor.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 15061 of the Food and Agricultural Code is amended to read:

15061. (a) An inspection tonnage tax at the maximum rate of fifteen cents ($0.15) per ton of commercial feed sold, except whole grains, and whole hays when unmixed, shall be paid to the secretary by any person who distributes commercial feed to a consumer-buyer in this state. The distributor shall also pay an inspection tonnage tax for purchased commercial feed fed to his or her own animals.

(b) The secretary may, based upon a finding and recommendation of the Feed Inspection Advisory Board, determine the specific rate necessary to provide the revenue needed to carry out the provisions of this chapter. The secretary and the Feed Inspection Advisory Board shall not exceed the maximum tonnage rate established by this section. Setting the tonnage tax rate shall not be subject to Chapter 3.5

(commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The secretary may, based upon a finding and recommendation of the Feed Inspection Advisory Board, designate 15 percent of the tonnage taxes collected, or two hundred thousand dollars ($200,000), whichever amount is greater, to provide funding for research and education regarding the safe manufacture, distribution, and use of commercial feed. These funds may only be spent on activities approved by the Feed and Inspection Advisory Board, with approval being made prior to any expenditure.

(d) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 15061 is added to the Food and Agricultural Code, to read:

15061. (a) An inspection tonnage tax at the maximum rate of fifteen cents ($0.15) per ton of commercial feed sold, except whole grains, and whole hays when unmixed, shall be paid to the secretary by any person who distributes commercial feed to a consumer-buyer in this state. The distributor shall also pay an inspection tonnage tax for purchased commercial feed fed to his or her own animals.

(b) The secretary may, based upon a finding and recommendation of the Feed Inspection Advisory Board, determine the specific rate necessary to provide the revenue needed to carry out the provisions of this chapter. The secretary and the Feed Inspection Advisory Board shall not exceed the maximum tonnage rate established by this section. Setting the tonnage tax rate shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) This section shall become operative on January 1, 2010.

SEC. 3. Section 19227 of the Food and Agricultural Code is amended to read:

19227. (a) In addition to the license fee required pursuant to Section 19225, the department may charge each licensed renderer and collection center an additional fee necessary to cover the costs of administering Article 6 (commencing with Section 19300) and Article 6.5 (commencing with Section 19310). The additional fees authorized to be imposed by this section may not exceed three thousand dollars ($3,000) per year per each licensed rendering plant or collection center.

(b) The secretary shall fix the annual fee established pursuant to this section and may fix different fees for renderers and collection centers. The secretary shall also fix the date the fee is due and the method of collecting the fee. If an additional fee is imposed on licensed renderers pursuant to subdivision (a) and an additional fee is imposed on registered

transporters pursuant to subdivision (a) of Section 19315, only one additional fee may be imposed on a person or firm that is both licensed as a renderer pursuant to Article 6 (commencing with Section 19300) and registered as a transporter of inedible kitchen grease pursuant to Article 6.5 (commencing with Section 19310), which fee shall be the higher of the two fees.

(c) If the fee established pursuant to this section is not paid within one calendar month of the date it is due, a penalty shall be imposed in the amount of 10 percent per annum on the amount of the unpaid fee.

(d) This section shall become inoperative on July 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 19310.7 is added to the Food and Agricultural Code, to read:

19310.7. Any person registered as a transporter or licensed as a renderer of inedible kitchen grease may deliver any inedible kitchen grease to a licensed renderer or collection center for processing or recycling into usable products. As used in this section, ''usable products'' includes, but is not limited to, biofuels, lubricants, and animal feed, provided the uses for animal feed are permitted by the rules and regulations adopted by the United States Food and Drug Administration.

SEC. 5. Section 19315 of the Food and Agricultural Code is amended to read:

19315. (a) In addition to the registration fee required by Section 19312, the department may charge an additional fee necessary to cover the costs of administering this article. Any additional fee charged pursuant to this section shall not exceed three hundred dollars ($300) per year per vehicle that is operated to transport kitchen grease, and shall not exceed three thousand dollars ($3,000) per year per registered transporter.

(b) The secretary shall fix the annual fee established pursuant to this section and may fix different fees for transporters of inedible kitchen grease and collection centers. The secretary shall also fix the date the fee is due and the method of collecting the fee. If an additional fee is imposed on licensed renderers pursuant to subdivision (a) of Section 19227 and an additional fee is imposed on registered transporters pursuant to subdivision (a), only one additional fee may be imposed on a person or firm that is both licensed as a renderer pursuant to Article 6 (commencing with Section 19300) and registered as a transporter of inedible kitchen grease pursuant to this article, which fee shall be the higher of the two fees.

(c) If the fee established pursuant to this section is not paid within one calendar month of the date it is due, a penalty shall be imposed in the amount of 10 percent per annum on the amount of the unpaid fee.

(d) This section shall become inoperative on July 1, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. Section 19317 is added to the Food and Agricultural Code, to read:

19317. A registered transporter of inedible kitchen grease shall, whenever any contract for the transportation of inedible kitchen grease under which that transporter provides transportation services is terminated or expires, notify the county health officer for the county in which the inedible kitchen grease was collected of the termination or expiration of the contract and that the registered transporter is no longer transporting inedible kitchen grease pursuant to that contract.

CHAPTER 930

An act to add and repeal Section 16490 of the Public Utilities Code, relating to the Trinity Public Utility District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 16490 is added to the Public Utilities Code, to read:

16490. (a) The Trinity Public Utility District may exercise the powers of a health care district pursuant to the Local Health Care District Law (Division 23 (commencing with Section 32000) of the Health and Safety Code).

(b) Notwithstanding Section 16467, the facilities and services provided pursuant to this section need not be financed on a self-sustaining, revenue-producing basis. Revenue to defray the cost of the facilities and services may be raised in any manner authorized by this division.

(c) To carry out the purposes of this section, the district may form a nonprofit public benefit corporation pursuant to the Nonprofit Corporation Law (Division 2 (commencing with Section 5000) of the Corporations Code).

(d) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2008, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the Trinity Public Utility District. The facts constituting the special circumstances are:

The County of Trinity faces severe fiscal problems with the continued operation of the Trinity General Hospital. The potential financial collapse of the Trinity General Hospital poses a serious threat to the public health and safety of the residents of Trinity County. Local residents, taxpayers, and public officials are exploring organizational alternatives, including the formation of a new health care district. Until they select and implement an alternative, the County of Trinity has determined that the Trinity Public Utility District is the most reasonable alternative local agency to assume responsibility over the operation of the Trinity County Hospital. Because the Public Utility District Act (Division 7 (commencing with Section 15501) of the Public Utilities Code) does not authorize a public utility district to operate a hospital, it is necessary for the Legislature to enact a special act which allows the Trinity Public Utility District to exercise the powers of a health care district.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The County of Trinity faces severe fiscal problems with the continued operation of the Trinity General Hospital. The potential financial collapse of the Trinity General Hospital poses a serious threat to the public health and safety of the residents of Trinity County. An urgency statute is essential to allow local officials to transfer the operation of the Trinity County Hospital to the Trinity Public Utility District at the earliest possible time.

CHAPTER 931

An act to add Chapter 2.65 (commencing with Section 65089.11) to Division 1 of Title 7 of the Government Code, and to add Section 9250.5 to the Vehicle Code, relating to local government.

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.65 (commencing with Section 65089.11) is added to Division 1 of Title 7 of the Government Code, to read:

The City/County Association of Governments of San Mateo County may impose the fee only if the board of the association adopts a resolution providing for both the fee and a corresponding program for the management of traffic congestion and stormwater pollution within San Mateo County as set forth in Sections 65089.12 to 65089.15, inclusive. Adoption by the board requires a vote of approval by board members representing two-thirds of the population of San Mateo County.

(b) A fee imposed pursuant to this section shall not become operative until July 1, 2005, pursuant to the resolution adopted by the board in subdivision (a).

(c) The fee shall terminate on January 1, 2009, unless reauthorized by the Legislature.

65089.12. (a) The fees distributed to the City/County Association of Governments of San Mateo County pursuant to Section 9250.5 of the Vehicle Code shall be used for purposes of congestion management and stormwater pollution prevention as specified in its adopted congestion management program, pursuant to Section 65089, and its approved National Pollutant Discharge Elimination System permit issued pursuant to the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.).

(b) (1) The fees collected may be used to pay for those programs with a relationship or benefit to the motor vehicles that are paying the fee.

(2) Prior to imposing the fee, the board of the association shall make a finding of fact by a $^2/_3$ vote that those programs bear a relationship or benefit to the motor vehicles that will pay the fee.

(c) The purpose of the Congestion Management Program is to address motor vehicle congestion.

(d) Only the stormwater pollution prevention programs that directly address the negative impact on creeks, streams, bays, and the ocean

caused by motor vehicles and the infrastructure supporting motor vehicle travel are eligible for funding.

(e) Not more than 5 percent of the fees distributed to the City/County Association of Governments of San Mateo County shall be used by the association for its administrative costs associated with the program.

65089.13. Prior to the imposition of the fee by the City/County Association of Governments of San Mateo County, a specific program with performance measures and a budget shall first be developed and adopted by the association at a noticed public hearing.

(a) The department shall, if requested by the City/County Association of Governments of San Mateo County, collect the fee imposed pursuant to Section 65089.11 of the Government Code upon the registration or renewal of registration of any motor vehicle registered in the county, except those vehicles that are expressly exempted under this code from the payment of registration fees.

(b) The City/County Association of Governments of San Mateo County shall pay for the initial setup and programming costs identified by the Department of Motor Vehicles through a direct contract with the department. Any direct contract payment by the City/County Association of Governments of San Mateo County shall be repaid, with no restriction on the funds, to the City/County Association of Governments of San Mateo County as part of the initial revenues distributed. Regular Department of Motor Vehicles collection costs shall be in accordance with subdivision (c). These costs shall not be counted against the 5-percent administration cost limit specified in subdivision (e) of Section 65089.12.

(c) After deducting all costs incurred pursuant to this section, the department shall distribute the revenues to the City/County Association of Governments of San Mateo County.

CHAPTER 932

An act to add Section 18901.3 to the Welfare and Institutions Code, relating to human services.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

(e) Notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department may implement this section through an all-county letter or similar instructions from the director no later than January 1, 2005.

(f) The department shall adopt regulations as otherwise necessary to implement this section no later than July 1, 2005. Emergency regulations

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 12950.1 is added to the Government Code, to read:

12950.1. (a) By January 1, 2006, an employer having 50 or more employees shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees who are employed as of July 1, 2005, and to all new supervisory employees within six months of their assumption of a supervisory position. Any employer who has provided this training and education to a supervisory employee after January 1, 2003, is not required to provide training and education by the January 1, 2006, deadline. After January 1, 2006, each employer covered by this section shall provide sexual harassment training and education to each supervisory employee once every two years. The training and education required by this section shall include information and practical guidance regarding the federal and state statutory provisions concerning the

prohibition against and the prevention and correction of sexual harassment and the remedies available to victims of sexual harassment in employment. The training and education shall also include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation.

(c) For purposes of this section only, ''employer'' means any person regularly employing 50 or more persons or regularly receiving the services of 50 or more persons providing services pursuant to a contract, or any person acting as an agent of an employer, directly or indirectly, the state, or any political or civil subdivision of the state, and cities.

(d) Notwithstanding subdivisions (j) and (k) of Section 12940, a claim that the training and education required by this section did not reach a particular individual or individuals shall not in and of itself result in the liability of any employer to any present or former employee or applicant in any action alleging sexual harassment. Conversely, an employer's compliance with this section does not insulate the employer from liability for sexual harassment of any current or former employee or applicant.

(e) If an employer violates the requirements of this section, the commission shall issue an order requiring the employer to comply with these requirements.

(f) The training and education required by this section is intended to establish a minimum threshold and should not discourage or relieve any employer from providing for longer, more frequent, or more elaborate training and education regarding workplace harassment or other forms of unlawful discrimination in order to meet its obligations to take all reasonable steps necessary to prevent and correct harassment and discrimination.

(i) This section does not apply to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the effective date of the formal action, or if the member is not otherwise eligible to retire for service.

SEC. 2. Section 22714.5 of the Education Code is amended to read:

22714.5. (a) Notwithstanding Sections 22714, 44929, and 87488, an additional two years of service and an additional two years of age shall be credited under this part to a member of the Defined Benefit Program if the following conditions exist:

(2) The employer determines that the best interests of the school district, community college district, or county office of education would be served by encouraging certificated or academic employees to retire for service and that the retirement will result in a net savings to the district or county office of education.

(3) The employer transfers to the retirement fund an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the allowance the member receives after receipt of service and age credit pursuant to this section and the amount the member would have received without the service and age credit and an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of service and age credit pursuant to this section and the amount the member would have received without the service and age credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Section 24415. The transfer to the retirement fund shall be made in a manner and time period, not to exceed eight years, that is acceptable to the Teachers' Retirement Board.

(B) The county superintendent shall certify to the Teachers' Retirement Board that the result specified in subparagraph (A) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 14502.1.

(C) The school district shall reimburse that county superintendent for all costs to the county superintendent that result from the certification.

(5) (A) The county office of education shall demonstrate and certify to the Superintendent of Public Instruction that the formal action taken would result in a net savings to the county office of education.

(B) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that the result specified in subparagraph (A) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 14502.1.

(6) (A) A community college district shall demonstrate and certify to the chancellor's office that the formal action taken would result in a net savings to the district.

(B) The chancellor shall certify to the Teachers' Retirement Board that the result specified in subparagraph (A) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 84040.5.

(C) The chancellor may request reimbursement from the community college district for all administrative costs that result from the certification.

(7) This section has been made applicable to the employer and the member pursuant to a memorandum of understanding between the employer and the representative employee organization or, for members who are not represented by a representative employee organization, this section has been made applicable to all of the members employed by the school district, community college district, or county office of education, pursuant to a formal action of the governing board. The employer shall transfer the required amount for all eligible employees who retire pursuant to this section.

(8) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(b) The amount of additional service credit and additional age shall each be two years regardless of credited service or age. A member of the Defined Benefit Program who is credited with additional age and service under this section may not be credited with additional service under Section 22714.

(c) Any member of the Defined Benefit Program who is credited with additional age and service under this section and who subsequently reinstates from retirement shall forfeit the additional age and service credit granted under this section.

(d) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with age and service credit granted under this section and who takes any job with the school district, community college district, or county office of education that granted the member the age and service credit less than five years after receiving the credit shall forfeit the ongoing benefit he or she receives from the additional age and service credit granted under this section.

(e) This section is not applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the effective date of the memorandum of understanding or formal action, or if the member is not otherwise

eligible to retire for service without the additional age or service credit available under this section.

(f) This section shall become operative on January 1, 2004, or 120 days after Assembly Bill No. 1207 of the 2003–04 Regular Session is chaptered, whichever is later, and remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

(3) An exemption under this subdivision shall be granted by the system subject to the following conditions:

(A) The recruitment process to fill the vacancy on a permanent basis is expected to extend over several months.

(e) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2008, deletes or extends that date.

SEC. 4. Section 24221 of the Education Code is amended to read:

24221. (a) A member who retires for service prior to January 1, 2011, may elect, on a form prescribed by the system, to receive a lump-sum payment and an actuarially reduced monthly allowance pursuant to this section in lieu of the monthly unmodified allowance that would otherwise be payable to the member pursuant to this chapter. The election under this section shall be made at the time the member files his or her application for service retirement allowance as provided in Section 24204.

(b) A member who makes the election described in subdivision (a) shall receive a one-time, lump-sum payment in an amount that equals or does not exceed the lesser of the following amounts:

(1) The actuarial present value of the amount by which (A) the monthly unmodified allowance payable to the member pursuant to this chapter exceeds (B) an amount equal to 2 percent of the member's final compensation multiplied by the number of years of credited service and divided by 12.

(2) Fifteen percent of the actuarial present value of the monthly unmodified allowance payable to the member under this chapter.

(c) Notwithstanding any other provision of this part, a member who makes the election described in subdivision (a) shall receive a monthly unmodified allowance, pursuant to this chapter, that shall be actuarially reduced to reflect the lump-sum amount paid under subdivision (b). The actuarial reduced unmodified allowance may be modified pursuant to Section 24300.

(d) A member may not apply a lump-sum payment made pursuant to this section for the purposes of redepositing previously refunded retirement contributions pursuant to Chapter 19 (commencing with Section 23200) or purchasing service credit pursuant to Chapter 14 (commencing with Section 22800), Chapter 14.2 (commencing with Section 22820) or Chapter 14.5 (commencing with Section 22850). The

Legislature hereby finds and declares that if a member who elects to receive a partial lump-sum payment also elects to redeposit previously refunded retirement contributions or purchase service credit as a result of the receipt of the lump-sum payment, the Defined Benefit Program may experience a net actuarial impact.

(e) An election pursuant to subdivision (a) may have no net actuarial impact to the Defined Benefit Program. The board shall adopt present value factors to establish a corresponding actuarially reduced monthly allowance, that results in no net actuarial impact to the Defined Benefit Program. The Legislature reserves the right to modify the provisions of this section to further the objective of permitting eligible members to receive a lump-sum distribution of a portion of their benefits, with a corresponding actuarial reduction in their monthly allowance, so that there is no net actuarial impact to the Defined Benefit Program.

SEC. 5. Section 84040.5 of the Education Code is amended to read:

84040.5. (a) The board of governors, in cooperation with, and upon approval by, the Department of Finance, shall prescribe the statements and other information to be included in the audit reports filed with the state and shall develop audit procedures for carrying out the purposes of this section. The Department of Finance may make audits, surveys, and reports which, in the judgment of the department will serve the best interest of the state.

(b) A review of existing audit procedures, statements, and other information required to be included in the audit reports shall be conducted periodically by the board of governors, in cooperation with the Department of Finance. Standards shall be updated periodically.

(c) For the audit of community colleges electing to take formal action pursuant to Sections 22714, 22714.5, 87488, and 87488.1, the audit standards shall require any information as is prescribed by the chancellor, including, but not limited to, the following:

(2) The age and service credit of the retirees receiving the additional service credit provided by Sections 22714 and 87488.

(3) A comparison of the salary and benefits of each retiree receiving the additional service credit with the salary and benefits of the replacement employee, if any.

(4) The resulting retirement costs, including interest, if any, and postretirement healthcare benefits costs, incurred by the employer.

(d) The chancellor shall annually prepare a cost analysis, based upon the information included in the audit reports for the prior fiscal year, to determine the net savings or costs resulting from formal actions taken by community college districts pursuant to Sections 22714, 22714.5, 87488, and 87488.1, and shall report the results of the cost analysis to the Governor and the Legislature by April 1 of each year.

(e) All costs incurred by the board of governors to implement subdivision (c) shall be absorbed by the board of governors.

(f) At the request of the Department of Finance, each community college district that elects to take formal action pursuant to Sections 22714, 22714.5, 87488, and 87488.1 shall reimburse the Department of Finance for any related administrative costs incurred by the Department of Finance.

SEC. 6. Section 3.5 of this bill incorporates amendments to Section 24216 of the Education Code proposed by both this bill and AB 2554. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends Section 24216 of the Education Code, and (3) this bill is enacted after AB 2554, in which case Section 3 of this bill shall not become operative.

SEC. 7. The sum of fifty-three thousand dollars ($53,000) is hereby appropriated from the Teachers' Retirement Fund to the Teachers' Retirement Board to implement Section 4 of this act.

CHAPTER 936

An act to amend Section 7280 of, and to add Sections 7283.5 and 7283.51 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 7280 of the Revenue and Taxation Code is amended to read:

7280. (a) The legislative body of any city, county, or city and county may levy a tax on the privilege of occupying a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging unless the occupancy is for a period of more than 30 days. The tax, when levied by the legislative body of a county, applies only to the unincorporated areas of the county.

(b) For purposes of this section, the term ''the privilege of occupying a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging'' does not include the right of an owner of a time-share estate in a room or rooms in a time-share project, or the owner of a membership camping contract in a camping site at a campground, or the guest of the owner, to occupy the room, rooms, camping site, or other real property in which the owner retains that interest.

For purposes of this subdivision:

(1) ''Time-share estate'' means a time-share estate, as defined by Section 11003.5 of the Business and Professions Code.

(ii) A camping site in a campground pursuant to a right or license under a membership camping contract.

(B) Exercises that owner's right of occupancy without payment of any compensation to the owner.

(C) ''Guest of that owner'' specifically includes a person occupying a time-share unit or a camping site in a campground pursuant to any form of exchange program.

(c) For purposes of this section, ''other lodging'' includes, but is not limited to, a camping site or a space at a campground or recreational vehicle park, but does not include any of the following:

(1) Any facilities operated by a local government entity.

(2) Any lodging excluded pursuant to subdivision (b).

(3) Any campsite excluded from taxation pursuant to Section 7282.

(d) Subdivision (b) does not affect or apply to the authority of any city, county, or city and county to collect a transient occupancy tax from time-share projects that were in existence as of May 1, 1985, and which time-share projects were then subject to a transient occupancy tax imposed by an ordinance duly enacted prior to May 1, 1985, pursuant to this section. Chapter 257 of the Statutes of 1985 may not be construed to affect any litigation pending on or prior to December 31, 1985.

(e) (1) (A) If the legislative body of a city, county, or city and county elects to exempt from a tax imposed pursuant to this section any of the following persons whose occupancy is for the official business of their employers, the legislative body shall create a standard form to claim this exemption and the officer or employee claiming the exemption shall sign the form under penalty of perjury:

(i) An employee or officer of a government outside the United States.

(ii) An employee or officer of the United States government.

(2) There shall be a rebuttable presumption that a property owner is not liable for the tax imposed pursuant to this section with respect to any government employee or officer described in clause (i), (ii), or (iii) of subparagraph (A) of paragraph (1) for whom the property owner retains a signed and dated copy of a standard form that complies with the provisions of subparagraphs (B) and (C) of paragraph (1).

(f) The provisions of subdivision (e) are not intended to preclude a city, county, or city and county from electing to exempt any other class of persons from the tax imposed pursuant to this section.

SEC. 1.5. Section 7280 of the Revenue and Taxation Code is amended to read:

7280. (a) The legislative body of any city, county, or city and county may levy a tax on the privilege of occupying a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging unless the occupancy is for a period of more than 30 days. (d) Subdivision (b) does not affect or apply to the authority of any city, county, or city and county to collect a transient occupancy tax from time-share projects that were in existence as of May 1, 1985, and which time-share projects were then subject to a transient occupancy tax imposed by an ordinance duly enacted prior to May 1, 1985, pursuant to this section. Chapter 257 of the Statutes of 1985 may not be construed to affect any litigation pending on or prior to December 31, 1985.

(e) (1) (A) If the legislative body of a city, county, or city and county elects to exempt from a tax imposed pursuant to this section any of the following persons whose occupancy is for the official business of their employers, the legislative body shall create a standard form to claim this exemption and the officer or employee claiming the exemption shall sign the form under penalty of perjury:

(i) An employee or officer of a government outside the United States.

(ii) An employee or officer of the United States government.

(iii) An employee or officer of the state government or of the government of a political subdivision of the state.

(B) The standard form described in subparagraph (A) shall contain a requirement that the employee or officer claiming the exemption provide to the property owner one of the following, as determined by the legislative body of the city, county, or city and county imposing the tax, as conclusive evidence that his or her occupancy is for the official business of his or her employer:

(i) Travel orders from his or her government employer.

(ii) A government warrant issued by his or her employer to pay for the occupancy.

(iii) A government credit card issued by his or her employer to pay for the occupancy.

(C) The standard form described in subparagraph (A) shall contain a requirement that the officer or employee provide photo identification, proof of his or her governmental employment as an employee or officer as described in clause (i), (ii), or (iii) of subparagraph (A), and proof, consistent with the provisions of subparagraph (B), that his or her occupancy is for the official business of his or her governmental employer.

(2) There shall be a rebuttable presumption that a property owner is not liable for the tax imposed pursuant to this section with respect to any government employee or officer described in clause (i), (ii), or (iii) of subparagraph (A) of paragraph (1) for whom the property owner retains a signed and dated copy of a standard form that complies with the provisions of subparagraphs (B) and (C) of paragraph (1).

(f) The provisions of subdivision (e) are not intended to preclude a city, county, or city and county from electing to exempt any other class of persons from the tax imposed pursuant to this section.

SEC. 2. Section 7283.5 is added to the Revenue and Taxation Code, to read:

7283.5. (a) (1) A purchaser, transferee, or other person or entity attempting to obtain ownership of a property, the owner of which is required to collect the tax imposed pursuant to this chapter, may request the city, county, or city and county in which that property is located to issue a tax clearance certificate under this section.

(2) A city, county, or city and county that issues a tax clearance certificate under this section may charge an administrative fee to cover its costs in issuing the certificate.

(b) Within 90 days of receiving a request described in subdivision (a), a city, county, or city and county shall do either of the following:

(1) Issue the tax clearance certificate.

(2) (A) Request the current owner of the property to make available that owner's transient occupancy tax records for the purpose of conducting an audit regarding transient occupancy taxes that may be due and owing from the owner of the property.

(B) (i) Complete the audit described in subparagraph (A) on or before 90 days after the date that the current or former owner's records are made available to the auditing jurisdiction and issue a tax clearance certificate within 30 days of completing the audit.

(ii) If, after completing the audit, the city, county, or city and county makes a determination that the current owner's records are insufficient to make a determination of whether transient occupancy taxes may be

due and owing, the city, county, or city and county is not required to issue a tax clearance certificate as otherwise required by this subdivision. The city, county, or city and county shall, within 30 days of making that determination, notify the purchaser, transferee, or other person or entity that made the request that it will not issue a tax clearance certificate due to the insufficiency of the prior owner's records.

(c) If a city, county, or city and county does not comply with subdivision (b), the purchaser, transferee, or other person or entity that obtains ownership of the property shall not be liable for any transient occupancy tax obligations incurred prior to the purchase or transfer of the property.

(d) For a tax clearance certificate issued under this section, all of the following apply:

(1) The certificate shall state the amount of tax due and owing for the subject property, if any.

(2) The certificate shall state the period of time for which it is valid.

(3) The purchaser, transferee, or other person or entity who obtains ownership of the property may rely upon the tax clearance certificate as conclusive evidence of the tax liability associated with the property as of the date specified on the certificate.

(e) Any purchaser, transferee, or other person or entity described in subdivision (a) who does not obtain a tax clearance certificate under this section, or who obtains a tax clearance certificate that indicates that tax is due and fails to withhold, for the benefit of the city, county, or city and county, sufficient funds in the escrow account for the purchase of the property to satisfy the transient occupancy tax liability, shall be held liable for the amount of tax due and owing on the property.

(f) This section may not be construed to relieve a property owner of transient occupancy tax obligations incurred when that owner owned the property.

SEC. 3. Section 7283.51 is added to the Revenue and Taxation Code, to read:

7283.51. Notwithstanding any other provision of law, except in the case of fraud or the failure of a property owner to file a transient occupancy tax return, a city, county, or city and county may institute an action to collect unpaid transient occupancy taxes within four years of the date on which the transient occupancy taxes were required to be paid.

SEC. 4. It is the intent of the Legislature that this bill not be construed to make any changes to transient occupancy tax laws that apply to charter cities and charter counties.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 7280 of the Revenue and Taxation Code proposed by both this bill and AB 2252. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2005, (2) each bill amends

Section 7280 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 2252, in which case Section 1 of this bill shall not become operative.

However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Customer lists provided to a state or local police agency by an alarm or security company at the request of the agency shall be construed to be records subject to this subdivision.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

The name of a victim of any crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one

crime, information disclosing that the person is a victim of a crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or governmental use of address information obtained pursuant to this paragraph.

(d) In preparing the audit report, as in the case of any other audit, the Bureau of State Audits is subject to Section 8545.1 of the Government Code.

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

CHAPTER 941

An act to add Chapter 4.9 (commencing with Section 2196) to Division 3 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California's maritime ports play an integral role in the state's economy, providing the focal point for importation of foreign goods and exportation of California goods.

(b) California consumers and businesses rely heavily on the maritime industry and the ports to transport goods for use throughout the state.

(c) In 2000, 248 billion imports entered the United States through California's ports. With more than three hundred fifty billion dollars ($350,000,000,000) in international commerce, California's economy depends on trade. More than one in seven California jobs is tied to trade.

(d) Consumer demand for goods is essential to growth of the California economy, however, the increase in cargo movement resulting from increased commerce and a growing economy poses significant challenges.

(e) The increasing amount of cargo movement through the ports has created traffic congestion and higher emissions levels during peak commuter traffic hours. This congestion and air pollution is a result of the current system that encourages traffic to move during peak hours.

(f) The transportation network must be modernized to encourage the flow of goods during off-peak hours and to thereby also reduce air emissions. Modernization of the transportation network cannot be accomplished incrementally, as all parts of the network must work together to redirect traffic.

(g) Off-peak use of the transportation network must be supported by all sectors of the transportation industry.

(h) The transportation industry must employ comprehensive, strict security mechanisms that ensure the safety of communities in the vicinity of the ports and that protect valuable cargo.

(i) It would be appropriate to create an intermodal transportation system that encourages all participants to utilize transportation facilities

during off-peak hours in order to streamline the movement of cargo from the ports to distribution centers and to prevent an increase in environmental concerns in the vicinity of the ports.

(j) It would be appropriate to develop structural improvements to the intermodal system that would enable movement of increased volumes of cargo through operational efficiencies, greater utilization of alternative transportation systems, and the introduction of new technologies.

SEC. 2. Chapter 4.9 (commencing with Section 2196) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 4.9. PORT-RELATED CARGO

2196. The Port of Los Angeles and the Port of Long Beach shall evaluate changes to the goods movement network to gauge adherence by those ports to the state goals in subdivisions (i) and (j) of Section 1 of the statute enacting this chapter and shall collect statistics on the operation of the two ports regarding compliance with federal, state, and local efforts to achieve all of the following:

(a) Utilization of off-peak hours at port terminals. For the purposes of this section, ''off-peak hours'' means Monday through Friday between the hours of 6 p.m. and 3 a.m., and all day on Saturdays and Sundays.

(b) Utilization of distribution centers during off-peak hours.

(c) Utilization of rail facilities.

(d) Appointments made at port terminals during peak and off-peak hours through the appointment system as described in Chapter 1129 of the Statutes of 2002.

(e) Appointments honored at port terminals during peak and off-peak hours.

2196.1. The Port of Los Angeles and the Port of Long Beach shall provide the statistical data obtained pursuant to Section 2196 to the Business, Transportation and Housing Agency, the Office of Goods Movement of the Department of Transportation, and the Assembly and Senate Committees on Transportation. That information shall be provided on or before January 31, 2005, and annually thereafter through 2007.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 942

An act to add Section 1760 to the Harbors and Navigation Code, relating to ports.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 1760 is added to the Harbors and Navigation Code, to read:

(b) The council is requested to do all of the following:

(1) Meet, hold public hearings, and compile data on issues that include, but need not be limited to, all of the following:

CHAPTER 943

An act to add Sections 1259.2 and 1259.4 to the Water Code, relating to water.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 1997, the State Water Resources Control Board prepared a staff report that broadly analyzed water right permit matters relating to the Russian River basin.

(b) From 1997 to 2002, the board, the Department of Fish and Game, the National Marine Fisheries Service, and Trout Unlimited debated the necessary flow requirements, and other biological and fish-related conditions that are appropriate for inclusion in water right permits.

(c) In June 2002, state and federal fish agencies released their updated ''Guidelines for Maintaining Instream Flows to Protect Fisheries Resources Downstream of Water Diversions in Mid-California Coastal Streams.'' These joint guidelines represent the first time state and federal fish agencies presented to the board specific fish measures in guideline format that are the minimum necessary conditions to preserve a level of

stream flow that ensures that anadromous salmonids will not be adversely impacted by diversions.

(d) The board has not formally adopted the management objectives set forth in those joint guidelines, even though the adoption would significantly advance the effort to ensure that appropriate fish measures are included in new water right permits and that cumulative impacts are considered.

(e) The adoption of these joint guidelines is necessary for the protection of fishery resources even if these guidelines are required to be amended from time to time.

(f) Pending before the board are more than 276 applications to appropriate water from streams in the Counties of Marin, Napa, Sonoma, Mendocino, and Humboldt.

(g) Many of these applications have been pending for a decade. Most of these applications have been pending for at least five years. These delays are inappropriate, and they produce regulatory uncertainty for the water user community and the conservation and fishing communities. All interested stakeholders would benefit if information was available with regard to these applications to appropriate water, including, but not limited to, the number of pending applications, the proposed source of water for each application, and the status of each application.

SEC. 2. Section 1259.2 is added to the Water Code, to read:

1259.2. (a) The board shall annually prepare a written summary, in chart form, of pending applications to appropriate water in the Counties of Marin, Napa, Sonoma, Mendocino, and Humboldt. The summary shall include a description of the status of each pending application, the actions taken in the preceding year, proposed actions for the upcoming year, and the proposed date for final action with regard to that application.

(b) For the purposes of carrying out subdivision (a), the board may post the information described in subdivision (a) on its Web site.

SEC. 3. Section 1259.4 is added to the Water Code, to read:

1259.4. (a) (1) On or before January 1, 2007, the board shall adopt principles and guidelines for maintaining instream flows in coastal streams from the Mattole River to San Francisco and in coastal streams entering northern San Pablo Bay, in accordance with state policy for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7, for the purposes of water right administration.

(2) The board may adopt principles and guidelines for maintaining instream flows not described in paragraph (1), in accordance with state policy for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7, for the purposes of water right administration.

(b) Prior to the adoption of principles and guidelines pursuant to subdivision (a), the board may consider the 2002 ''Guidelines for Maintaining Instream Flows to Protect Fisheries Resources Downstream of Water Diversions in Mid-California Coastal Streams'' for the purposes of water right administration.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.5 (commencing with Section 103860) is added to Part 2 of Division 102 of the Health and Safety Code, to read:

CHAPTER 1.5. PARKINSON'S DISEASE REGISTRY

103860. (a) The department shall conduct a program of epidemiological assessments of the incidence of Parkinson's disease. The program shall encompass all areas of the state for which Parkinson's disease incidence data are available. The program shall include the monitoring of Parkinson's disease associated with suspected chemical agents encountered by the general public both in occupational locations and in the environment generally.

(b) The program shall be under the direction of the director, who may enter into contracts as are necessary for the conduct of the program and may accept, on behalf of the state, grants of public or private funds for the program. The director shall analyze available incidence data and prepare reports as necessary to identify Parkinson's disease hazards to the public health and their remedies.

(c) This chapter shall be implemented only to the extent funds from federal or private sources are made available for this purpose. When the department determines that sufficient private or federal funds have been received for the implementation of this chapter, the department shall provide notification of the receipt of the funds on its Internet Web site and shall also provide that information to associations representing physicians and pharmacists, and directly to the California State Board of Pharmacy and the Medical Board of California within 90 days.

(d) The department is encouraged to convene a task force comprised of researchers with expertise in Parkinson's disease, advocates for patients with Parkinson's disease, and other individuals with relevant expertise to provide support and advice for the implementation and funding of the California Parkinson's Disease Registry.

103865. (a) The director shall establish a statewide system for the collection of information determining the incidence of Parkinson's disease. Commencing January 1, 2005, the director shall begin phasing in the statewide Parkinson's disease reporting regions. By July 1, 2006, all county or regional registries shall be implemented or initiated. By July 1, 2007, the statewide Parkinson's disease reporting system shall be fully operational. On or before June 1, 2005, the director shall submit an implementation and funding schedule to the Legislature.

(b) The department may designate any demographic parts of the state as regional Parkinson's disease incidence reporting areas and may establish regional Parkinson's disease registries, with the responsibility and authority to carry out the intent of this section in designated areas. Designated regional registries shall provide to the department, on a timely basis, Parkinson's disease incidence data as designated by the department. The department may contract with an agency, including, but not limited to, a health systems agency, single-county health department, multicounty health department grouping, or nonprofit professional association, representing a designated Parkinson's disease reporting region for the purposes of collecting and collating Parkinson's disease incidence data.

(c) The director shall designate Parkinson's disease as a disease required to be reported in the state or any demographic parts of the state in which Parkinson's disease information is collected under this section. All cases of Parkinson's disease diagnosed or treated in the reporting area shall thereafter be reported to the representative of the department

authorized to compile the Parkinson's disease data, or any individual, agency, or organization designated to cooperate with that representative.

(d) (1) Any hospital or other facility providing therapy to Parkinson's disease patients within an area designated as a Parkinson's disease reporting area shall report each case of Parkinson's disease to the department or the authorized representative of the department in a format prescribed by the department. If the hospital or other facility fails to report in a format prescribed by the department, the department's authorized representative may access the information from the hospital or the facility and report it in the appropriate format. In these cases, the hospital or other facility shall reimburse the department or the authorized representative for its costs to access and report the information.

(2) Any physician and surgeon, pharmacist, or other health care practitioner diagnosing or providing treatment for Parkinson's disease patients shall report each Parkinson's disease case to the department or the authorized representative of the department except for those cases directly referred to a treatment facility or those previously admitted to a treatment facility for diagnosis or treatment of that instance of Parkinson's disease.

(e) All physicians, hospitals, outpatient clinics, and all other facilities, individuals, or agencies providing diagnostic or treatment services to patients with Parkinson's disease shall grant to the department or the authorized representative access to all records that would identify cases of Parkinson's disease or would establish characteristics of Parkinson's disease, treatment of Parkinson's disease, or medical status of any identified Parkinson's disease patient. Willful failure to grant access to those records shall be punishable by a civil penalty of up to five hundred dollars ($500) each day access is refused. Any civil penalties collected pursuant to this subdivision shall be deposited by the department in the General Fund.

(f) (1) Except as otherwise provided in this section, all information collected pursuant to this section shall be confidential. For purposes of this section, this information shall be referred to as ''confidential information.''

(2) The department and any regional Parkinson's disease registry designated by the department shall use the information to determine the sources of Parkinson's disease.

(3) Persons with a valid scientific interest who are engaged in demographic, epidemiological, or other similar studies related to health who meet qualifications as determined by the department, and who agree, in writing, to maintain confidentiality, may be authorized access to confidential information.

(4) The department and any regional Parkinson's disease registry designated by the department may enter into agreements to furnish

confidential information to other states' Parkinson's disease registries, federal Parkinson's disease control agencies, local health officers, or health researchers for the purposes of determining the sources of Parkinson's disease and evaluating measures designed to eliminate, alleviate, or ameliorate their effect. Before confidential information is disclosed to those agencies, officers, researchers, or out-of-state registries, the requesting entity shall agree in writing to maintain the confidentiality of the information, and in the case of researchers, shall also do both of the following:

(A) Obtain approval of their committee for the protection of human subjects established in accordance with Part 46 (commencing with Section 46.101) of Title 45 of the Code of Federal Regulations.

(B) Provide documentation to the department that demonstrates to the department's satisfaction that the entity has established the procedures and ability to maintain the confidentiality of the information.

(5) Notwithstanding any other provision of law, any disclosure authorized by this section shall include only the information necessary for the stated purpose of the requested disclosure, used for the approved purpose, and not be further disclosed.

(6) The furnishing of confidential information to the department or its authorized representative in accordance with this section shall not expose any person, agency, or entity furnishing information to liability, and shall not be considered a waiver of any privilege or a violation of a confidential relationship.

(7) The department shall maintain an accurate record of all persons who are given access to confidential information. The record shall include: the name of the person authorizing access; name, title, address, and organizational affiliation of persons given access; dates of access; and the specific purpose for which information is to be used. The record of access shall be open to public inspection during normal operating hours of the department.

(8) Notwithstanding any other provision of law, no part of the confidential information shall be available for subpoena, nor shall it be disclosed, discoverable, or compelled to be produced in any civil, criminal, administrative, or other proceeding, nor shall this information be deemed admissible as evidence in any civil, criminal, administrative, or other tribunal or court for any reason.

(9) Nothing in this subdivision shall prohibit the publication by the department of reports and statistical compilations that do not in any way identify individual cases or individual sources of information.

(10) Notwithstanding the restrictions in this subdivision, the individual to whom the information pertains shall have access to his or her own information in accordance with Chapter 1 (commencing with Section 1798) of Title 1.8 of the Civil Code.

(g) For the purpose of this section, ''Parkinson's disease'' means a chronic and progressive neurologic disorder resulting from deficiency of the neurotransmitter dopamine as the consequence of degenerative, vascular, or inflammatory changes in the area of the brain called the basal ganglia. It is characterized by tremor at rest, slow movements, rigidity of movement, droopy posture, muscle weakness, and unsteady or shuffling gait.

(h) Nothing in this section shall preempt the authority of facilities or individuals providing diagnostic or treatment services to patients with Parkinson's disease to maintain their own facility-based Parkinson's disease registries.

CHAPTER 947

An act to amend Section 377.60 of the Code of Civil Procedure, to amend Sections 297.5, 299, and 299.3 of the Family Code, and to amend

Section 14771 of the Government Code, relating to domestic partnerships.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 377.60 of the Code of Civil Procedure is amended to read:

377.60. A cause of action for the death of a person caused by the wrongful act or neglect of another may be asserted by any of the following persons or by the decedent's personal representative on their behalf:

(a) The decedent's surviving spouse, domestic partner, children, and issue of deceased children, or, if there is no surviving issue of the decedent, the persons, including the surviving spouse or domestic partner, who would be entitled to the property of the decedent by intestate succession.

(b) Whether or not qualified under subdivision (a), if they were dependent on the decedent, the putative spouse, children of the putative spouse, stepchildren, or parents. As used in this subdivision, ''putative spouse'' means the surviving spouse of a void or voidable marriage who is found by the court to have believed in good faith that the marriage to the decedent was valid.

(c) A minor, whether or not qualified under subdivision (a) or (b), if, at the time of the decedent's death, the minor resided for the previous 180 days in the decedent's household and was dependent on the decedent for one-half or more of the minor's support.

(d) This section applies to any cause of action arising on or after January 1, 1993.

(e) The addition of this section by Chapter 178 of the Statutes of 1992 was not intended to adversely affect the standing of any party having standing under prior law, and the standing of parties governed by that version of this section as added by Chapter 178 of the Statutes of 1992 shall be the same as specified herein as amended by Chapter 563 of the Statutes of 1996.

(f) (1) For the purpose of this section, ''domestic partner'' means a person who, at the time of the decedent's death, was the domestic partner of the decedent in a registered domestic partnership established in accordance with subdivision (b) of Section 297 of the Family Code.

(2) Notwithstanding paragraph (1), for a death occurring prior to January 1, 2002, a person may maintain a cause of action pursuant to this section as a domestic partner of the decedent by establishing the factors listed in paragraphs (1) to (6), inclusive, of subdivision (b) of Section

297 of the Family Code, as it read pursuant to Section 3 of Chapter 893 of the Statutes of 2001, prior to its becoming inoperative on January 1, 2005.

(3) The amendments made to this subdivision during the 2003–04 Regular Session of the Legislature are not intended to revive any cause of action that has been fully and finally adjudicated by the courts, or that has been settled, or as to which the applicable limitations period has run.

SEC. 2. Section 297.5 of the Family Code is amended to read:

297.5. (a) Registered domestic partners shall have the same rights, protections, and benefits, and shall be subject to the same responsibilities, obligations, and duties under law, whether they derive from statutes, administrative regulations, court rules, government policies, common law, or any other provisions or sources of law, as are granted to and imposed upon spouses.

(b) Former registered domestic partners shall have the same rights, protections, and benefits, and shall be subject to the same responsibilities, obligations, and duties under law, whether they derive from statutes, administrative regulations, court rules, government policies, common law, or any other provisions or sources of law, as are granted to and imposed upon former spouses.

(c) A surviving registered domestic partner, following the death of the other partner, shall have the same rights, protections, and benefits, and shall be subject to the same responsibilities, obligations, and duties under law, whether they derive from statutes, administrative regulations, court rules, government policies, common law, or any other provisions or sources of law, as are granted to and imposed upon a widow or a widower.

(d) The rights and obligations of registered domestic partners with respect to a child of either of them shall be the same as those of spouses. The rights and obligations of former or surviving registered domestic partners with respect to a child of either of them shall be the same as those of former or surviving spouses.

(e) To the extent that provisions of California law adopt, refer to, or rely upon, provisions of federal law in a way that otherwise would cause registered domestic partners to be treated differently than spouses, registered domestic partners shall be treated by California law as if federal law recognized a domestic partnership in the same manner as California law.

(f) Registered domestic partners shall have the same rights regarding nondiscrimination as those provided to spouses.

(g) Notwithstanding this section, in filing their state income tax returns, domestic partners shall use the same filing status as is used on their federal income tax returns, or that would have been used had they

filed federal income tax returns. Earned income may not be treated as community property for state income tax purposes.

(h) No public agency in this state may discriminate against any person or couple on the ground that the person is a registered domestic partner rather than a spouse or that the couple are registered domestic partners rather than spouses, except that nothing in this section applies to modify eligibility for long-term care plans pursuant to Chapter 15 (commencing with Section 21660) of Part 3 of Division 5 of Title 2 of the Government Code.

(i) This act does not preclude any state or local agency from exercising its regulatory authority to implement statutes providing rights to, or imposing responsibilities upon, domestic partners.

(j) This section does not amend or modify any provision of the California Constitution or any provision of any statute that was adopted by initiative.

(k) This section does not amend or modify federal laws or the benefits, protections, and responsibilities provided by those laws.

(*l*) Where necessary to implement the rights of registered domestic partners under this act, gender-specific terms referring to spouses shall be construed to include domestic partners.

(m) (1) For purposes of the statutes, administrative regulations, court rules, government policies, common law, and any other provision or source of law governing the rights, protections, and benefits, and the responsibilities, obligations, and duties of registered domestic partners in this state, as effectuated by this section, with respect to community property, mutual responsibility for debts to third parties, the right in particular circumstances of either partner to seek financial support from the other following the dissolution of the partnership, and other rights and duties as between the partners concerning ownership of property, any reference to the date of a marriage shall be deemed to refer to the date of registration of a domestic partnership with the state.

(2) Notwithstanding paragraph (1), for domestic partnerships registered with the state before January 1, 2005, an agreement between the domestic partners that the partners intend to be governed by the requirements set forth in Sections 1600 to 1620, inclusive, and which complies with those sections, except for the agreement's effective date, shall be enforceable as provided by Sections 1600 to 1620, inclusive, if that agreement was fully executed and in force as of June 30, 2005.

SEC. 3. Section 299 of the Family Code, as added by Section 8 of Chapter 421 of the Statutes of 2003, is amended to read:

299. (a) A registered domestic partnership may be terminated without filing a proceeding for dissolution of domestic partnership by the filing of a Notice of Termination of Domestic Partnership with the

Secretary of State pursuant to this section, provided that all of the following conditions exist at the time of the filing:

(1) The Notice of Termination of Domestic Partnership is signed by both registered domestic partners.

(2) There are no children of the relationship of the parties born before or after registration of the domestic partnership or adopted by the parties after registration of the domestic partnership, and neither of the registered domestic partners, to their knowledge, is pregnant.

(3) The registered domestic partnership is not more than five years in duration.

(4) Neither party has any interest in real property wherever situated, with the exception of the lease of a residence occupied by either party which satisfies the following requirements:

(A) The lease does not include an option to purchase.

(B) The lease terminates within one year from the date of filing of the Notice of Termination of Domestic Partnership.

(5) There are no unpaid obligations in excess of the amount described in paragraph (6) of subdivision (a) of Section 2400, as adjusted by subdivision (b) of Section 2400, incurred by either or both of the parties after registration of the domestic partnership, excluding the amount of any unpaid obligation with respect to an automobile.

(6) The total fair market value of community property assets, excluding all encumbrances and automobiles, including any deferred compensation or retirement plan, is less than the amount described in paragraph (7) of subdivision (a) of Section 2400, as adjusted by subdivision (b) of Section 2400, and neither party has separate property assets, excluding all encumbrances and automobiles, in excess of that amount.

(7) The parties have executed an agreement setting forth the division of assets and the assumption of liabilities of the community property, and have executed any documents, title certificates, bills of sale, or other evidence of transfer necessary to effectuate the agreement.

(8) The parties waive any rights to support by the other domestic partner.

(9) The parties have read and understand a brochure prepared by the Secretary of State describing the requirements, nature, and effect of terminating a domestic partnership.

(10) Both parties desire that the domestic partnership be terminated.

(b) The registered domestic partnership shall be terminated effective six months after the date of filing of the Notice of Termination of Domestic Partnership with the Secretary of State pursuant to this section, provided that neither party has, before that date, filed with the Secretary of State a notice of revocation of the termination of domestic partnership, in the form and content as shall be prescribed by the

Secretary of State, and sent to the other party a copy of the notice of revocation by first-class mail, postage prepaid, at the other party's last known address. The effect of termination of a domestic partnership pursuant to this section shall be the same as, and shall be treated for all purposes as, the entry of a judgment of dissolution of a domestic partnership.

(c) The termination of a domestic partnership pursuant to subdivision (b) does not prejudice nor bar the rights of either of the parties to institute an action in the superior court to set aside the termination for fraud, duress, mistake, or any other ground recognized at law or in equity. A court may set aside the termination of domestic partnership and declare the termination of the domestic partnership null and void upon proof that the parties did not meet the requirements of subdivision (a) at the time of the filing of the Notice of Termination of Domestic Partnership with the Secretary of State.

(d) The superior courts shall have jurisdiction over all proceedings relating to the dissolution of domestic partnerships, nullity of domestic partnerships, and legal separation of partners in a domestic partnership. The dissolution of a domestic partnership, nullity of a domestic partnership, and legal separation of partners in a domestic partnership shall follow the same procedures, and the partners shall possess the same rights, protections, and benefits, and be subject to the same responsibilities, obligations, and duties, as apply to the dissolution of marriage, nullity of marriage, and legal separation of spouses in a marriage, respectively, except as provided in subdivision (a), and except that, in accordance with the consent acknowledged by domestic partners in the Declaration of Domestic Partnership form, proceedings for dissolution, nullity, or legal separation of a domestic partnership registered in this state may be filed in the superior courts of this state even if neither domestic partner is a resident of, or maintains a domicile in, the state at the time the proceedings are filed.

SEC. 4. Section 299.3 of the Family Code is amended to read:

299.3. (a) On or before June 30, 2004, and again on or before December 1, 2004, and again on or before January 31, 2005, the Secretary of State shall send the following letter to the mailing address on file of each registered domestic partner who registered more than one month prior to each of those dates:

''Dear Registered Domestic Partner:

This letter is being sent to all persons who have registered with the Secretary of State as a domestic partner.

Effective January 1, 2005, California's law related to the rights and responsibilities of registered domestic partners will change (or, if you are

receiving this letter after that date, the law has changed, as of January 1, 2005). With this new legislation, for purposes of California law, domestic partners will have a great many new rights and responsibilities, including laws governing community property, those governing property transfer, those regarding duties of mutual financial support and mutual responsibilities for certain debts to third parties, and many others. The way domestic partnerships are terminated is also changing. After January 1, 2005, under certain circumstances, it will be necessary to participate in a dissolution proceeding in court to end a domestic partnership.

Domestic partners who do not wish to be subject to these new rights and responsibilities MUST terminate their domestic partnership before January 1, 2005. Under the law in effect until January 1, 2005, your domestic partnership is automatically terminated if you or your partner marry or die while you are registered as domestic partners. It is also terminated if you send to your partner or your partner sends to you, by certified mail, a notice terminating the domestic partnership, or if you and your partner no longer share a common residence. In all cases, you are required to file a Notice of Termination of Domestic Partnership.

If you do not terminate your domestic partnership before January 1, 2005, as provided above, you will be subject to these new rights and responsibilities and, under certain circumstances, you will only be able to terminate your domestic partnership, other than as a result of domestic partner's death, by the filing of a court action.

Further, if you registered your domestic partnership with the state prior to January 1, 2005, you have until June 30, 2005, to enter into a written agreement with your domestic partner that will be enforceable in the same manner as a premarital agreement under California law, if you intend to be so governed.

If you have any questions about any of these changes, please consult an attorney. If you cannot find an attorney in your locale, please contact your county bar association for a referral.

Sincerely,

The Secretary of State''

(b) From January 1, 2004, to December 31, 2004, inclusive, the Secretary of State shall provide the following notice with all requests for the Declaration of Domestic Partnership form. The Secretary of State also shall attach the Notice to the Declaration of Domestic Partnership form that is provided to the general public on the Secretary of State's Web site:

''NOTICE TO POTENTIAL DOMESTIC PARTNER REGISTRANTS

As of January 1, 2005, California's law of domestic partnership will change.

Beginning at that time, for purposes of California law, domestic partners will have a great many new rights and responsibilities, including laws governing community property, those governing property transfer, those regarding duties of mutual financial support and mutual responsibilities for certain debts to third parties, and many others. The way domestic partnerships are terminated will also change. Unlike current law, which allows partners to end their partnership simply by filing a ''Termination of Domestic Partnership'' form with the Secretary of State, after January 1, 2005, it will be necessary under certain circumstances to participate in a dissolution proceeding in court to end a domestic partnership.

If you have questions about these changes, please consult an attorney. If you cannot find an attorney in your area, please contact your county bar association for a referral.''

SEC. 5. Section 14771 of the Government Code is amended to read:

14771. (a) The director, through the forms management center, shall do all of the following:

(15) Delegate implementing authority to state agencies where the delegation will result in the most timely and economical method of accomplishing the responsibilities set forth in this section.

The director, through the forms management center, may require any agency to revise any public-use form which the director determines is inefficient.

(b) Due to the need for tax forms to be available to the public on a timely basis, all tax forms, including returns, schedules, notices, and instructions prepared by the Franchise Tax Board for public use in connection with its administration of the Personal Income Tax Law, Senior Citizens Property Tax Assistance and Postponement Law, Bank and Corporation Tax Law, and the Political Reform Act of 1974 and the State Board of Equalization's administration of county assessment standards, state-assessed property, timber tax, sales and use tax,

hazardous substances tax, alcoholic beverage tax, cigarette tax, motor vehicle fuel license tax, use fuel tax, energy resources surcharge, emergency telephone users surcharge, insurance tax, and universal telephone service tax shall be exempt from subdivision (a), and, instead, each board shall do all of the following:

(1) Establish a goal to standardize, consolidate, simplify, efficiently manage, and, where possible, reduce the number of tax forms.

(2) Create and maintain, by July 1, 1986, a complete and comprehensive inventory of tax forms in current use by the board.

(3) Establish and maintain, by July 1, 1986, an index of all tax forms in current use by the board.

(4) Report to the Legislature, by January 1, 1987, on its progress to improve the effectiveness and efficiency of all tax forms.

The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies that have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county. The conservation element may also cover the following:

(1) The reclamation of land and waters.

(2) Prevention and control of the pollution of streams and other waters.

(3) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(4) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(f) A noise element which shall identify and appraise noise problems in the community. The noise element shall recognize the guidelines established by the Office of Noise Control in the State Department of Health Services and shall analyze and quantify, to the extent practicable,

as determined by the legislative body, current and projected noise levels for all of the following sources:

(1) Highways and freeways.

(2) Primary arterials and major local streets.

(3) Passenger and freight on-line railroad operations and ground rapid transit systems.

(4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

including information known by and available to the department and the office required by this subdivision.

(2) To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

(b) Prior to the adoption of its draft element or draft amendment, the board of supervisors of the county or the city council of a city shall consider the recommendations made by the State Board of Forestry and Fire Protection and any local agency that provides fire protection to territory in the city or county. If the board of supervisors or city council determines not to accept all or some of the recommendations, if any, made by the State Board of Forestry and Fire Protection or local agency, the board of supervisors or city council shall communicate in writing to the State Board of Forestry and Fire Protection or to the local agency, its reasons for not accepting the recommendations.

(c) If the State Board of Forestry and Fire Protection or local agency's recommendations are not available within the time limits required by this section, the board of supervisors or city council may act without those recommendations. The board of supervisors or city council shall take the recommendations into consideration at the next time it considers amendments pursuant to paragraph (1) of subdivision (a).

(c) Any person entitled to an exemption under Section 12502, 12503, or 12504 may operate a motor vehicle in this state for not to exceed 10 days from the date he or she establishes residence in this state, except that

(b) A person may not operate a school pupil activity bus unless that person has in his or her immediate possession a valid driver's license for the appropriate class of vehicle to be driven endorsed for passenger transportation. When transporting one or more pupils at or below the 12th-grade level to or from public or private school activities, the person shall also have in his or her immediate possession a certificate issued by the department to permit the operation of school pupil activity buses.

(c) The applicant for a certificate to operate a schoolbus or school pupil activity bus shall meet the eligibility and training requirements specified for schoolbus and school pupil activity busdrivers in this code, the Education Code, and regulations adopted by the Department of the California Highway Patrol, and, in addition to the fee authorized in Section 2427, shall pay a fee of twenty-five dollars ($25) with the application for issuance of an original certificate, and a fee of twelve dollars ($12) for the renewal of that certificate.

(d) A person holding a valid certificate to permit the operation of a schoolbus or school pupil activity bus, issued prior to January 1, 1991, is not required to reapply for a certificate to satisfy any additional requirements imposed by Chapter 1360 of the Statutes of 1990 until the certificate he or she holds expires or is canceled or revoked.

(a) The driver certificate shall be issued only to applicants meeting all applicable provisions of this code and passing the examinations prescribed by the department and the Department of the California Highway Patrol. The examinations shall be conducted by the Department of the California Highway Patrol, pursuant to Sections 12517, 12519, 12522, 12523, and 12523.5.

(b) A temporary driver certificate shall be issued by the Department of the California Highway Patrol after an applicant has cleared a criminal history background check by the Department of Justice and, if

applicable, the Federal Bureau of Investigation, and has passed the examinations and meets all other applicable provisions of this code.

(c) A permanent driver's certificate shall be issued by the department after an applicant has passed all tests and met all applicable provisions of this code. Certificates are valid for a maximum of five years and shall expire on the fifth birthday following the issuance of an original certificate or the expiration of the certificate renewed.

(d) A holder of a certificate may not violate any restriction placed on the certificate. Depending upon the type of vehicle used in the driving test and the abilities and physical condition of the applicant, the Department of the California Highway Patrol and the department may place restrictions on a certificate to assure the safe operation of a motor vehicle and safe transportation of passengers. These restrictions may include, but are not limited to, all of the following:

(1) Automatic transmission only.

(2) Hydraulic brakes only.

(3) Type 2 bus only.

(4) Conventional or type 2 bus only.

(f) This section shall become operative on September 20, 2005.

SEC. 6. Section 12804.9 of the Vehicle Code is amended to read:

(D) An actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination for any applicant who submits a license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico if the department verifies through any acknowledged national driver record data source that there are no stops,

holds, or other impediments to its issuance. The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

(2) The examination for a class A or class B license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a health care professional. As used in this subdivision, ''health care professional'' means a person who is licensed, certified, or registered in accordance with applicable state laws and regulations to practice medicine and perform physical examinations in the United States of America. The report shall be on a form approved by the department, the Federal Highway Administration, or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration.

(3) Any physical defect of the applicant, that, in the opinion of the department, is compensated for to ensure safe driving ability, shall not prevent the issuance of a license to the applicant.

The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), a person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this paragraph, ''short-term'' means 48 hours or less.

(c) A driver's license or driver certificate is not valid for operating a commercial motor vehicle, as defined in subdivision (b) of Section 15210, any other motor vehicle defined in paragraph (1) or (2) of subdivision (b), or any other vehicle requiring a driver to hold any driver certificate or any driver's license endorsement under Section 15275, unless a medical certificate approved by the department, the Federal Highway Administration, or the Federal Aviation Administration, that has been issued within two years of the date of the operation of that vehicle, is within the licensee's immediate possession, and a copy of the medical examination report from which the certificate was issued is on file with the department. Otherwise, the license is valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2

vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

(d) A license or driver certificate issued prior to the enactment of Chapter 7 (commencing with Section 15200) is valid to operate the class or type of vehicles specified under the law in existence prior to that enactment until the license or certificate expires or is otherwise suspended, revoked, or canceled.

(e) The department may accept a certificate of driving skill that is issued by an employer, authorized by the department to issue a certificate under Section 15250, of the applicant, in lieu of a driving test, on class A or B applications, if the applicant has first qualified for a class C license and has met the other examination requirements for the license for which he or she is applying. The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), a person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this subdivision, ''short-term'' means 48 hours or less.

(i) A person under the age of 21 years may not be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(j) A driver of a vanpool vehicle may operate with class C licenses but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been

convicted of reckless driving, drunk driving, or a hit-and-run offense in the last five years.

(k) A class M license issued between January 1, 1989, and December 31, 1992, shall permit the holder to operate any motorcycle, motor-driven cycle, or motorized bicycle until the expiration of the license.

(*l*) This section shall become inoperative on September 20, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends that date.

SEC. 6.5. Section 12804.9 is added to the Vehicle Code, to read:

12804.9. (a) (1) The examination shall include all of the following:

(A) A test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways.

(B) A test of the applicant's ability to read and understand simple English used in highway traffic and directional signs.

(C) A test of the applicant's understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation.

(D) An actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination for any applicant who submits a license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico if the department verifies through any acknowledged national driver record data source that there are no stops, holds, or other impediments to its issuance. The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

(2) The examination for a class A or class B driver's license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the

application by a health care professional. As used in this subdivision, ''health care professional'' means a person who is licensed, certified, or registered in accordance with applicable state laws and regulations to practice medicine and perform physical examinations in the United States of America. Health care professionals are doctors of medicine, doctors of osteopathy, physician assistants, and registered advanced practice nurses, or doctors of chiropractic who are clinically competent to perform the medical examination presently required of motor carrier drivers by the Federal Highway Administration. The report shall be on a form approved by the department, the Federal Highway Administration, or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration.

(3) Any physical defect of the applicant, that, in the opinion of the department, is compensated for to ensure safe driving ability, shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications, any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles the applicant desires a license to drive:

(1) Class A includes the following:

(C) A house car of 40 feet in length or less.

(D) A three-axle vehicle weighing 6,000 pounds gross or less.

(E) A house car of 40 feet in length or less or vehicle towing another vehicle with a gross vehicle weight rating of 10,000 pounds or less, including when a tow dolly is used. A person driving a vehicle may not tow another vehicle in violation of Section 21715.

(F) (i) A two-axle vehicle weighing 4,000 pounds or more unladen when towing either a trailer coach or a fifth-wheel travel trailer not exceeding 10,000 pounds gross vehicle weight rating, when the towing of the trailer is not for compensation.

The authority to operate combinations of vehicles under this subparagraph may be granted by endorsement on a class C license upon completion of that written examination.

(I) Class C does not include a two-wheel motorcycle or a two-wheel motor-driven cycle.

(4) Class M1. A two-wheel motorcycle or a motor-driven cycle. Authority to operate a vehicle included in a class M1 license may be granted by endorsement on a class A, B, or C license upon completion of an appropriate examination.

Otherwise, the license is valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

(d) A license or driver certificate issued prior to the enactment of Chapter 7 (commencing with Section 15200) is valid to operate the class or type of vehicles specified under the law in existence prior to that enactment until the license or certificate expires or is otherwise suspended, revoked, or canceled.

(e) The department may accept a certificate of driving skill that is issued by an employer, authorized by the department to issue a certificate under Section 15250, of the applicant, in lieu of a driving test, on class A or B applications, if the applicant has first qualified for a class C license and has met the other examination requirements for the license for which he or she is applying. The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), a person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this subdivision, ''short-term'' means 48 hours or less.

(i) A person under the age of 21 years may not be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(C) Any combination of two or more of those convictions or administrative suspensions or revocations.

The officer's sworn statement shall be submitted pursuant to Section 13380 on a form furnished or approved by the department. The suspension or revocation shall not become effective until 30 days after the giving of written notice thereof, or until the end of any stay of the suspension or revocation, as provided for in Section 13558.

(D) For purposes of this section, a conviction of any offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or Canada that, if committed in this state, would be a violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, is a conviction of that particular section of the Vehicle or Penal Code.

(b) If a person on more than one occasion in separate incidents refuses the officer's request to submit to or fails to complete, a chemical test or tests pursuant to Section 23612 while driving a motor vehicle, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23140, 23152, or 23153, the department shall disqualify the person from operating a commercial motor vehicle for the rest of his or her life.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation that resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license shall not allow travel to and from or in the course of the person's employment.

CHAPTER 953

An act to amend Sections 7500, 7503, 7510, 7511, and 7515 of, and to repeal Section 7555 of the Penal Code, relating to prisoners, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. Section 7500 of the Penal Code is amended to read:

7500. The Legislature finds and declares all of the following:

(a) The public peace, health, and safety is endangered by the spread of the human immunodeficiency virus (HIV) and acquired immunodeficiency syndrome (AIDS) within state and local correctional institutions.

(b) The spread of AIDS within prison and jail populations presents a grave danger to inmates within those populations, law enforcement personnel, and other persons in contact with a prisoner infected with the AIDS virus, both during and after the prisoner's confinement. Law enforcement personnel and prisoners are particularly vulnerable to this danger, due to the high number of assaults, violent acts, and transmissions of bodily fluids that occur within correctional institutions.

(c) HIV has the potential of spreading more rapidly within the closed society of correctional institutions than outside these institutions. This major public health problem is compounded by the further potential of rapid spread of communicable disease outside correctional institutions, through contacts of an infected prisoner who is not treated and monitored upon his or her release, or by law enforcement employees who are unknowingly infected.

(d) New diseases of epidemic proportions such as AIDS may suddenly and tragically infect large numbers of people. This title primarily addresses a current problem of this nature, the spread of HIV among those in correctional institutions and among the people of California.

(e) HIV and AIDS pose a major threat to the public health and safety of those governmental employees and others whose responsibilities bring them into direct contact with persons afflicted with those illnesses, and the protection of the health and safety of these personnel is of equal importance to the people of the State of California as the protection of the health of those afflicted with the diseases who are held in custodial situations.

(f) Testing described in this title of individuals housed within state and local correctional facilities for evidence of infection by HIV would help to provide a level of information necessary for effective disease control within these institutions and would help to preserve the health of public employees, inmates, and persons in custody, as well as that of the public at large. This testing is not intended to be, and shall not be construed as, a prototypical method of disease control for the public at large.

SEC. 2. Section 7503 of the Penal Code is amended to read:

7503. The Department of Corrections, the Department of the Youth Authority, and county health officers shall adopt guidelines permitting a chief medical officer to delegate his or her medical responsibilities under this title to other qualified physicians and surgeons, and his or her nonmedical responsibilities to other qualified persons, as appropriate.

The chief medical officer shall not, however, delegate the duty to determine whether mandatory testing is required as provided for in Chapter 2 (commencing with Section 7510) except to another qualified physician designated to act as chief medical officer in the chief medical officer's absence.

SEC. 3. Section 7510 of the Penal Code is amended to read:

7510. (a) A law enforcement employee who believes that he or she came into contact with bodily fluids of either an inmate of a correctional institution, a person not in a correctional institution who has been arrested or taken into custody whether or not the person has been charged with a crime, including a person detained for or charged with an offense for which he or she may be made a ward of the court under Section 602 of the Welfare and Institutions Code, or a person on probation or parole due to conviction of a crime, shall report the incident through the completion of a form provided by the State Department of Health Services. The form shall be directed to the chief medical officer, as defined in subdivision (c), who serves the applicable law enforcement agency. Utilizing this form the law enforcement employee may request an HIV test of the person who is the subject of the report. The forms may be combined with regular incident reports or other forms used by the correctional institution or law enforcement agency, however the processing of a form by the chief medical officer containing a request for HIV testing of the subject person shall not be delayed by the processing of other reports or forms.

(b) The report required by subdivision (a) shall be submitted by the end of the law enforcement employee's shift during which the incident occurred, or if not practicable, as soon as possible, but no longer than two days after the incident, except that the chief medical officer may waive this filing period requirement if he or she finds that good cause exists. The report shall include names of witnesses to the incident, names of persons involved in the incident, and if feasible, any written statements from these parties. The law enforcement employee shall assist in the investigation of the incident, as requested by the chief medical officer.

(c) For purposes of this section and Section 7511, ''chief medical officer'' means:

(1) In the case of a report filed by a staff member of a state prison, the chief medical officer of that facility.

(2) In the case of a parole officer filing a report, the chief medical officer of the nearest state prison.

(3) In the case of a report filed by an employee of the Department of the Youth Authority, the chief medical officer of the facility.

(4) In the case of a report filed against a subject who is an inmate of a city or county jail or a county- or city-operated juvenile facility, or who has been arrested or taken into custody whether or not the person has

been charged with a crime, but who is not in a correctional facility, including a person detained for or charged with an offense for which he or she may be made a ward of the court under Section 602 of the Welfare and Institutions Code, the county health officer of the county in which the individual is jailed or charged with the crime.

(5) In the case of a report filed by a probation officer, the county health officer of the county in which the probation officer is employed.

(6) In any instance where the chief medical officer, as determined pursuant to this subdivision, is not a physician and surgeon, the chief medical officer shall designate a physician and surgeon to perform his or her duties under this title.

SEC. 4. Section 7511 of the Penal Code is amended to read:

7511. (a) The chief medical officer shall, regardless of whether a report filed pursuant to Section 7510 contains a request for HIV testing, decide whether or not to require HIV testing of the inmate or other person who is the subject of the report filed pursuant to Section 7510, within 24 hours of receipt of the report. If the chief medical officer decides to require HIV testing, he or she shall specify in his or her decision the circumstances, if any, under which followup testing will also be required.

(b) The chief medical officer shall order an HIV test only if he or she finds that, considering all of the facts and circumstances, there is a significant risk that HIV was transmitted. In making this decision, the chief medical officer shall take the following factors into consideration:

(1) Whether an exchange of bodily fluids occurred which could have resulted in a significant risk of AIDS infection, based on the latest written guidelines and standards established by the federal Centers for Disease Control and the State Department of Health Services.

(2) Whether the person exhibits medical conditions or clinical findings consistent with HIV infection.

(3) Whether the health of the institution staff or inmates may have been endangered as to HIV infection resulting from the reported incident.

(c) Prior to reaching a decision, the chief medical officer shall receive written or oral testimony from the law enforcement employee filing the report, from the subject of the report, and from witnesses to the incident, as he or she deems necessary for a complete investigation. The decision shall be in writing and shall state the reasons for the decision. A copy shall be provided by the chief medical officer to the law enforcement employee who filed the report and to the subject of the report, and where the subject is a minor, to the parents or guardian of the minor, unless the parent or guardian of the minor cannot be located.

SEC. 5. Section 7515 of the Penal Code is amended to read:

7515. (a) A decision of the chief medical officer made pursuant to Section 7511, 7512, or 7516 may be appealed, within three calendar days of receipt of the decision, to a three-person panel, either by the person required to be tested, his or her parent or guardian when the subject is a minor, the law enforcement employee filing a report pursuant to either Section 7510 or 7516, or the person requesting testing pursuant to Section 7512, whichever is applicable, or the chief medical officer, upon his or her own motion. If no request for appeal is filed under this subdivision, the chief medical officer's decision shall be final.

(b) Depending upon which entity has jurisdiction over the person requesting or appealing a test, the Department of Corrections, the Department of the Youth Authority, the county, the city, or the county and city shall convene the appeal panel and shall ensure that the appeal is heard within seven calendar days.

(c) A panel required pursuant to subdivision (a) or (b) shall consist of three members, as follows:

(1) The chief medical officer making the original decision.

(2) A physician and surgeon who has knowledge in the diagnosis, treatment, and transmission of HIV, selected by the Department of Corrections, the Department of the Youth Authority, the county, the city, or the county and city. The physician and surgeon appointed pursuant to this paragraph shall preside at the hearing and serve as chairperson.

(3) A physician and surgeon not on the staff of, or under contract with, a state, county, city, or county and city correctional institution or with an employer of a law enforcement employee as defined in subdivision (b) of Section 7502, and who has knowledge of the diagnosis, treatment, and transmission of HIV. The physician and surgeon appointed pursuant to this paragraph shall be selected by the State Department of Health Services from a list of persons to be compiled by that department. The State Department of Health Services shall adopt standards for selecting persons for the list required by this paragraph, as well as for their reimbursement, and shall, to the extent possible, utilize its normal process for selecting consultants in compiling this list.

The Legislature finds and declares that the presence of a physician and surgeon on the panel who is selected by the State Department of Health Services enhances the objectivity of the panel, and it is the intent of the Legislature that the State Department of Health Services make every attempt to comply with this subdivision.

(d) The Department of Corrections, the county, the city, or the county and city shall notify the Office of AIDS in the State Department of Health Services when a panel must be convened under subdivision (a). Within two calendar days of the notification, a physician and surgeon appointed under paragraph (3) of subdivision (c) shall reach agreement

with the Department of Corrections, the county, the city, or the county and city on a date for the hearing that complies with subdivision (b).

(e) If the Office of AIDS in the State Department of Health Services fails to comply with subdivision (d) or the physician and surgeon appointed under paragraph (3) of subdivision (c) fails to attend the scheduled hearing, the Department of Corrections, the county, the city, or the county and city shall appoint a physician or surgeon who has knowledge of the diagnosis, treatment, and transmission of HIV to serve on the appeals panel to replace the physician and surgeon required under paragraph (3) of subdivision (c). The Department of Corrections, the county, the city, or the county and city shall have standards for selecting persons under this subdivision and for their reimbursement.

The Department of Corrections, the Department of the Youth Authority, the county, the city, or the county and city shall, whenever feasible, create, and utilize ongoing panels to hear appeals under this section. The membership of the panel shall meet the requirements of paragraphs (1), (2), and (3) of subdivision (c).

No panel shall be created pursuant to this paragraph by a county, city, or county and city correctional institution except with the prior approval of the local health officer.

(f) A hearing conducted pursuant to this section shall be closed, except that each of the following persons shall have the right to attend the hearing, speak on the issues presented at the hearing, and call witnesses to testify at the hearing:

(1) The chief medical officer, who may also bring staff essential to the hearing, as well as the other two members of the panel.

(2) The subject of the chief medical officer's decision, except that a subject who is a minor may attend only with the consent of his or her parent or guardian and, if the subject is a minor, his or her parent or guardian.

(3) The law enforcement employee filing the report pursuant to Section 7510, or the person requesting HIV testing pursuant to Section 7512, whichever is applicable and, if the person is a minor, his or her parent or guardian.

(g) The subject of the test, or the person requesting the test pursuant to Section 7512, or who filed the report pursuant to Section 7510, whichever is applicable, may appoint a representative to attend the hearing in order to assist him or her.

(h) When a hearing is sought pursuant to this section, or filed by a law enforcement employee pursuant to a request made under Section 7510, the decision shall be rendered within two days of the hearing. A unanimous vote of the panel shall be necessary in order to require that the subject of the hearing undergo HIV testing.

The criteria specified in Section 7511 for use by the chief medical officer shall also be utilized by the panel in making its decision.

The decision shall be in writing, stating reasons for the decision, and shall be signed by the members. A copy shall be provided by the chief medical officer to the person requesting the test, or filing the report, whichever is applicable, to the subject of the test, and, when the subject is in a correctional institution, to the superintendent of the institution, except that, when the subject of the test or the person upon whose behalf the request for the test was made is a minor, copies shall also be provided to the parent or guardian of the person, unless the parent or guardian cannot be located.

SEC. 6. Section 7555 of the Penal Code is repealed.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Law enforcement employees are undergoing unnecessary stress and medical treatment in cases in which there has been an exposure to HIV but no infection because of the inability to test prisoners for HIV in a timely manner.

CHAPTER 954

An act relating to redevelopment.

[Approved by Governor September 29, 2004. Filed with Secretary of State September 30, 2004.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) A number of historic, educational, and cultural resources of regional and statewide significance are located within the Hoover

Redevelopment Project of the City of Los Angeles, including the 160-acre Exposition Park.

(2) This park is home to state and county museums, including the Natural History Museum of Los Angeles County, the California African American Museum, and the California Science Center, the Exposition Park Rose Garden, the Exposition Park Intergenerational Community Center, the Science Center School/Center for Science Learning, the Sports Arena, and the Los Angeles Memorial Coliseum. The University of Southern California and the Shrine Auditorium are also located within the boundaries of the project area. A significant portion of the expanded project area of the Hoover Redevelopment Project is owned by the state and produces no property tax revenue for any taxing entity. This measure will provide a unique opportunity for revitalization and investment in the area without adverse fiscal impact to the state.

(3) The City Council of the City of Los Angeles has determined that the preservation and feasible reuse of the historic Los Angeles Memorial Coliseum and adjacent Exposition Park facilities and the connection of this area to Los Angeles' Greater Downtown along the Figueroa Arts, Sports and Entertainment Corridor are essential toward the elimination of blight and the improvement of the economic health of the neighborhoods which surround and are located within the Hoover Redevelopment Project.

(4) In 1966, 1971, 1983, and 1989, the City Council of the City of Los Angeles determined that the Hoover Project Redevelopment Area was a blighted area based upon substantial evidence and documentation. In November 2000, pursuant to Section 33490 of the Health and Safety Code, significant remaining blight was again documented in the Hoover Redevelopment Project Area's Implementation Plan.

(5) The Legislature intends to permit the financing of this preservation and reuse to feasibly occur by providing necessary public financing, by creating the means to attract and induce the necessary private investment of capital, and to provide for the protection and enhancement of the Los Angeles Memorial Coliseum and related facilities, utilizing tax-increment revenues.

(b) The City Council of the City of Los Angeles may, by the adoption of one ordinance adopted not later than December 31, 2009, amend the redevelopment plan for the Hoover Redevelopment Project with respect to both the original project area and the expanded project area, to do any or all of the following:

(1) Extend the time limit on the effectiveness of the redevelopment plan specified in subdivision (a) of Section 33333.6 of the Health and Safety Code by not more than 12 years.

(2) Notwithstanding paragraph (3) of subdivision (a) and paragraph (2) of subdivision (g) of Section 33333.4 of the Health and Safety Code,

extend the time limits for commencement of eminent domain proceedings to acquire property within the project area by not more than 12 years.

(3) Increase the limit on the number of dollars of taxes that may be divided and allocated to the agency pursuant to the plan, including any amendments to the plan.

(4) Increase the limit on the amount of the bonded indebtedness that can be outstanding at one time without an amendment of the plan pursuant to Section 33334.1 of the Health and Safety Code.

(5) Rename the project area to reflect the most identifiable assets within the boundaries of the project area, namely Exposition Park and University Park, and make other amendments to the text of the redevelopment plan that are consistent with addressing the unique circumstances and needs described in subdivision (a) and that are appropriate to assure the availability of housing for all economic segments of the community, consistent with the requirements of the California Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code).

(c) In adopting the ordinance pursuant to this section, neither the City Council of the City of Los Angeles nor the Community Redevelopment Agency of the City of Los Angeles is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) of Chapter 4 of Part 1 of Division 24 of the Health and Safety Code or any other provision of the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code) relating to the amendment of redevelopment plans, including, but not limited to, the requirement to make payments to taxing entities required by paragraph (2) of subdivision (b) of Section 33607.7 of the Health and Safety Code, except for the following requirements:

(1) Payments required by paragraph (1) of subdivision (b) of Section 33607.7 of the Health and Safety Code.

(2) The notice provisions required for amendments to redevelopment plans contained in Section 33452 of the Health and Safety Code.

(3) The requirements of subdivisions (f), (g), and (i) of Section 33333.10 of the Health and Safety Code. For the purposes of compliance with subdivisions (f) and (g) of that section, the following applies:

(A) The references in subdivision (f) of Section 33333.10 of the Health and Safety Code, to ''the amendment pursuant to this section'' or ''pursuant to subdivision (a)'' include the ordinance adopted pursuant to this section.

(B) The references in subdivision (g) of Section 33333.10 of the Health and Safety Code to ''bonds'' means bonds or other indebtedness of the agency.

(C) Except as otherwise expressly provided in this section, all expenditures from the Low and Moderate Income Housing Fund from the project shall comply with the requirements of Sections 33334.2 and 33334.3 of the Health and Safety Code.

(D) Nothing in this section shall alter or modify the applicability of Section 33333.8 of the Health and Safety Code to the amendment authorized to be adopted by ordinance pursuant to this section.

(4) The ordinance authorized by this act shall be subject to referendum pursuant to Section 33378 of the Health and Safety Code, and as prescribed by law for the ordinances of the City Council of the City of Los Angeles.

(5) A preliminary report shall be sent to each affected taxing agency, the Department of Finance, and the Department of Housing and Community Development no later than 30 days prior to holding a public hearing on the proposed amendment. This preliminary report shall contain the information described in paragraphs (1) to (6), inclusive, of subdivision (e) of Section 33333.11 of the Health and Safety Code.

(d) After the limit on the payment of indebtedness and receipt of property taxes that would have taken effect but for the ordinance adopted pursuant to this section, except for funds deposited in the Low and Moderate Income Housing Fund pursuant to Section 33334.2 or 33334.6 of the Health and Safety Code, the agency shall spend tax-increment funds generated by the Memorial Coliseum and Exposition Park portion of the project area only for public infrastructure expenditures, after first complying with the requirements of Section 33445 of the Health and Safety Code, including, without limitation, the requirement that the City Council of the City of Los Angeles shall determine, pursuant to paragraph (3) of subdivision (a) of Section 33445 of the Health and Safety Code, that the payment of funds will assist in the elimination of one or more blighting conditions inside the project area. Except as otherwise limited by paragraph (3) of subdivision (c), the agency may continue to spend funds deposited in the Low and Moderate Income Housing Fund in accordance with the Community Redevelopment Law, Division 24 (commencing with Section 33000) of Part 1 of the Health and Safety Code.

(e) Because of the state's fiscal interest in this project, prior to adopting the ordinance authorized by this act, the City Council of the City of Los Angeles shall submit the proposed ordinance to the California Infrastructure and Economic Development Bank for review and approval. The bank may circulate the proposed ordinance to other state agencies, including, but not limited to, the Department of Finance, the Department of Housing and Community Development, and the Office of Planning and Research, and solicit their comments and recommendations. After considering the comments and

recommendations of other state agencies, the bank shall take one of the following actions:

(1) Approve the proposed ordinance if the bank makes the finding required pursuant to subdivision (g).

(2) Return the proposed ordinance to the city council with specific recommendations for changes that would allow the bank to approve the ordinance.

(f) The bank shall have 30 days from the receipt of the proposed ordinance to act pursuant to subdivision (e). If the bank does not act within 30 days, the proposed ordinance shall be deemed approved.

(g) For bank approval, the proposed ordinance shall demonstrate a reasonable probability that the economic activity proposed to occur within the Hoover Redevelopment Project Area as a result of the proposed ordinance would result in an amount of revenue to the General Fund that is greater than the amount of property tax increment revenues that would be diverted from school entities, taking into consideration all pertinent data, and excluding the portion related to the Educational Revenue Augmentation Fund (ERAF), over the term of the Hoover Redevelopment Project Area. In making this demonstration, the bank shall consider only those General Fund revenues that would occur because of economic activity proposed to occur within the Hoover Redevelopment Project Area as result of the proposed ordinance. The bank shall not consider those General Fund revenues that would have occurred if the proposed ordinance had not been enacted. If an ordinance is not adopted consistent with this section by December 31, 2009, this section shall be repealed on January 1, 2010.

(h) The bank shall not approve the proposed ordinance if it determines that the ordinance would directly or indirectly result in a relocation of a professional sports team from another location in the state to a location within the Hoover Redevelopment Project Area.

SEC. 2. Due to the unique circumstances facing the Hoover Redevelopment Project of the City of Los Angeles, as described in Section 1 of this act, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.
