- (B) His or her job classification is inspector, investigator, detective, or any other similar classification or title; and
- (C) His or her principal duties are to investigate crime and criminal cases.

(c) The power to enter into a contract under subsection (a), above, shall be limited to a contract that is cost-neutral to the city. Employee bargaining units shall be permitted to trade salary or other employer-paid benefits, including but not limited to social security benefits, to achieve cost-neutrality. As provided in Section A8.409-5 of the City Charter, disputes under this paragraph shall not be subject to the dispute resolution procedures contained in Charter Section A8.409-4.

Section 1. The San Francisco Charter is hereby amended by amending Section 4.127, to read as follows:

**SEC. 4.127. POLICE DEPARTMENT.**

The Police Department shall preserve the public peace, prevent and detect crime, and protect the rights of persons and property by enforcing the laws of the United States, the State of California and the City and County.

The Chief of Police may appoint and remove at pleasure special police officers.

The Chief of Police shall have all powers which are now or that may be conferred upon a sheriff by state law with respect to the suppression of any riot, public tumult, disturbance of the public peace or organized resistance against the laws or public authority.

**DISTRICT POLICE STATIONS.** The Police Department shall maintain and operate district police stations. The Police Commission, subject to the approval by the Board of Supervisors, may establish additional district stations, abandon or relocate any district station, or consolidate any two or more district stations.

**OFFICE OF CITIZEN COMPLAINTS.** The Mayor shall appoint a nominee of the Police Commission as the director of the Office of Citizen Complaints, subject to confirmation by the Board of Supervisors. The director shall serve at the pleasure of the Police Commission. If the Board fails to act on the appointment within 30 days, the appointment shall be deemed approved. In the event the office is vacant, until the mayor makes an appointment and that appointment is confirmed by the Board, the Police Commission shall appoint an interim director who shall serve at the pleasure of the Police Commission. The appointment shall be exempt from the civil service requirements of this Charter. The director shall never have been a uniformed member or employee of the department. The director of the Office of Citizen Complaints shall be the appointing officer under the civil service provisions of this Charter for the appointment, removal or discipline of employees of the Office of Citizen Complaints.

The Police Commission shall have the power and duty to organize, reorganize and manage the Office of Citizen Complaints. Subject to the civil service provisions of this Charter, the Office of Citizen Complaints shall include investigators and hearing officers. As of July 1, 1996, the staff of the Office of Citizen

Complaints shall consist of no fewer than one line investigator for every 150 sworn members. Whenever the ratio of investigators to police officers specified by this section is not met for more than 30 consecutive days, the director shall have the power to hire, and the city Controller must pay, temporary investigators to meet such staffing requirements. No full-time or part-time employee of the Office of Citizen Complaints shall have previously served as a uniformed member of the department. Subject to rule of the Police Commission, the director of the Office of Citizen Complaints may appoint part-time hearing officers who shall be exempt from the civil service requirements of this Charter. Compensation of the hearing officers shall be at rates recommended by the Commission and established by the Board of Supervisors or by contract approved by the Board of Supervisors.

Complaints of police misconduct or allegations that a member of the Police Department has not properly performed a duty shall be promptly, fairly and impartially investigated by staff of the Office of Citizen Complaints. The Office of Citizen Complaints shall investigate all complaints of police misconduct, or that a member of the Police Department has not properly performed a duty, except those complaints which on their face clearly indicate that the acts complained of were proper and those complaints lodged by other members of the Police Department. The Office of Citizen Complaints shall recommend disciplinary action to the Chief of Police on those complaints that are sustained. The director of the Office of Citizen Complaints shall schedule hearings before hearing officers when such is requested by the complainant or a member of the department and, in accordance with rules of the Commission, such a hearing will facilitate the fact-finding process. The Board of Supervisors may provide by ordinance that the Office of Citizen Complaints shall in the same manner investigate and make recommendations to the Chief of Police regarding complaints of misconduct by patrol special police officers and their uniformed employees.

Nothing herein shall prohibit the Chief of Police or a commanding officer from investigating the conduct of a member of the department under his or her command, or taking disciplinary or corrective action, otherwise permitted by this Charter, when such is warranted; and nothing herein shall limit or otherwise restrict the disciplinary powers vested in the Chief of Police and the Police Commission by other provisions of this Charter.

The Office of Citizen Complaints shall prepare in accordance with rules of the Commission monthly summaries of the complaints received and shall prepare recommendations quarterly concerning policies or practices of the department which could be changed or amended to avoid unnecessary tension with the public or a definable segment of the public while insuring effective police services. The Office of Citizen Complaints shall prepare a report for the President of the Board of Supervisors each quarter. This report shall include, but not be limited to, the number and type of complaints filed, the outcome of the complaints, and a review of the disciplinary action taken. The President of the Board of Supervisors shall refer this report to the appropriate committee of the Board of Supervisors charged

with public safety responsibilities. Said committee may issue recommendations as needed.

In carrying out its objectives the Office of Citizen Complaints shall receive prompt and full cooperation and assistance from all departments, officers and employees of the City and County. The director may also request and the Chief of Police shall require the testimony or attendance of any member of the Police Department to carry out the responsibilities of the Office of Citizen Complaints.

**BUDGET.** Monetary awards and settlements disbursed by the City and County as a result of police action or inaction shall be taken exclusively from a specific appropriation listed as a separate line item in the Police Department budget for that purpose.

**POLICE STAFFING.** The police force of the City and County shall at all times consist of not fewer than 1,971 full duty sworn officers. The staffing level of the Police Department shall be maintained with a minimum of 1,971 full duty sworn officers thereafter. That figure may be adjusted pursuant to Section 16.123.

All officers and employees of the City and County are directed to take all acts necessary to implement the provisions of this section. The Board of Supervisors is empowered to adopt ordinances necessary to effectuate the purpose of this section including but not limited to ordinances regulating the scheduling of police training cases.

Further, the Commission shall initiate an annual review to civilianize as many positions as possible to maximize police presence in the communities and submit that report to the Board of Supervisors annually for review and approval.

The number of full duty sworn officers in the Police Department dedicated to neighborhood policing and patrol for fiscal year 1993–1994 shall not be reduced in future years, and all new full duty sworn officers authorized for the Police Department shall also be dedicated to neighborhood community policing, patrol and investigations.

**PATROL SPECIAL POLICE OFFICERS.** The Commission may appoint patrol special police officers and for cause may suspend or dismiss patrol special police officers after a hearing on charges duly filed with the Commission and after a fair and impartial trial. Patrol special police officers shall be regulated by the Police Commission, which may establish requirements for and procedures to govern the position, including the power of the Chief of Police to suspend a patrol special police officer pending a hearing on charges. Each patrol special police officer shall be at the time of appointment not less than 21 years of age and must possess such physical qualifications as may be required by the Commission.

Patrol special police officers may be designated by the Commission as the owners of a certain beat or territory which may be established or rescinded by the Commission. Patrol special police officers designated as the owners of a certain beat or territory or the legal heirs or representatives of the owners may dispose of their interest in the beat or territory to a person of good moral character, approved by the Police Commission and eligible for appointment as a patrol special police officer.

Commission designation of beats or territories shall not affect the ability of private security companies to provide on-site security services on the inside or at the entrance of any property located in the City and County.

Section 2. The San Francisco Charter is hereby amended by adding Section 16.123, to read as follows:

**SEC. 16.123. CIVILIAN POSITIONS WITHIN THE POLICE DEPARTMENT.**

(a) The Controller shall review sworn and civilian staffing needs in the San Francisco Police Department. As part of that review, the Controller shall review police staffing levels and patterns in comparable jurisdictions, and best practices regarding police staffing.

The Controller and the Chief of Police shall also audit all positions in the Police Department and identify those positions that must be filled by sworn officers and those that could be filled by civilian personnel or that, under best practices in other jurisdictions, typically are filled by civilian personnel.

In conducting these studies, the Controller and the Chief of Police shall consult with the Board of Supervisors' Budget Analyst, the Director of the Department of Human Resources, and a representative of the bargaining unit representing sworn members of the Police Department.

Upon the completion of these studies, the Controller and the Chief of Police shall forward to the Mayor and the Board of Supervisors a list of positions in the Police Department currently filled by sworn officers that could be filled by civilian personnel.

Upon submission of the list of positions to the Mayor and the Board of Supervisors, the provisions of subsection (a) shall expire and the City Attorney shall cause them to be deleted from future publications of the Charter, and shall cause the remaining provisions to be relettered accordingly.

(b) Positions may only be converted from sworn to civilian as they become vacant. No sworn officer shall be laid off in order to convert a position to civilian personnel.

If the Mayor and the Board of Supervisors convert positions from sworn officers to civilian personnel through the budget process, the minimum staffing level set in Section 4.127 shall be reduced by the same number of positions if the Controller and the Chief of Police jointly certify that the reduction will not decrease the number of police officers dedicated to neighborhood community policing, patrol and investigations and will not substantially interfere with the delivery of police services or the ability of the Police Department to protect the public in the event of an emergency.

Section 1. The San Francisco Charter is hereby amended, by adding Section 16.125 to read as follows:

**SEC. 16.125. DOMESTIC PARTNERSHIP.**

The Board of Supervisors may, by a vote of three-fourths of its members, amend or repeal the voter approved Domestic Partnership Ordinance, as codified

in Chapter 62 of the San Francisco Administrative Code, as it deems necessary (1) to eliminate any residency requirement for establishing a Domestic Partnership by filing with the County Clerk, (2) to recognize domestic partnerships formed in other jurisdictions to the same extent as marriages formed in other jurisdictions, and (3) to afford domestic partners, to the fullest extent legally possible, the same rights, benefits, responsibilities, obligations and duties as spouses.

Section 2. The San Francisco Charter is hereby amended, by amending Section A8.500-2 to read as follows:

**A8.500-2 DOMESTIC PARTNER QUALIFIED SURVIVOR BENEFITS**

With respect to the retirement system, domestic partnerships shall be treated exactly the same as marriages, domestic partners shall be treated exactly the same as spouses, termination of a domestic partnership shall be treated exactly the same as a dissolution of marriage and qualified surviving domestic partners shall be treated exactly the same as qualified surviving spouses, respectively.

(a) As used in the retirement plans established by this Charter, the phrase “surviving wife” shall also mean and include a “surviving spouse.” As used in these sections, the phrases “surviving wife” and “surviving spouse” shall also mean and include a surviving domestic partner, provided that:

- (1) there is no surviving spouse, and
- (2) the member has designated his or her domestic partner as beneficiary with the retirement system, and
- (3) the domestic partnership is established or recognized according to those provisions of Chapter 62 of the San Francisco Administrative Code, as amended from time to time. Domestic partners who have formed their domestic partnership only by notarization of a declaration of Domestic Partnership as provided in Chapter 62 of the San Francisco Administrative Code shall not be recognized or treated as a domestic partnership for purposes under the retirement system unless and until the domestic partnership is registered or certified. A certificate of such domestic partnership, civil union, or similar legal relationship issued by another jurisdiction in a form that is equivalent to the records that the retirement system relies upon to verify marriages shall constitute sufficient proof of such legal relationship.

(b) Beginning March 5, 2002, the requirement of filing a Certificate of Domestic Partnership with the Retirement System shall not apply to members who were retired on or before November 8, 1995 and who had filed a signed Declaration of Domestic Partnership with the County Clerk at least one full year prior to the effective date of his or her retirement; and provided further that, as to any such member who was retired on or before November 8, 1995, no adjustment to a retirement allowance and no payments to a qualified surviving domestic partner shall begin before the effective date of this amendment or before the first day of the month in which an application is made to the Retirement System, which ever occurs later.

(c) A monthly allowance equal to what would otherwise be payable to a surviving spouse shall be paid to the said surviving domestic partner, until he or

she dies, marries or establishes a new domestic partnership. Establishment of a domestic partnership by a surviving spouse shall be treated exactly the same as a remarriage for retirement purposes.

(d) Notwithstanding subsection (c), no additional continuation allowance shall be paid after March 2, 2004 to a surviving domestic partner who is receiving a continuation allowance as the surviving spouse of another member on or before March 2, 2004.

(e) No continuation allowance shall be payable under the provisions of this section approved by the electorate on March 2, 2004 to the survivor of any member or retired member who died on or before March 1, 2004. Any retirement allowance payable to a person who becomes a qualified surviving domestic partner pursuant to the provisions of this section approved by the electorate on March 2, 2004, shall not begin before April 15, 2004.

(f) The domestic partner benefits under this section will be limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time. No domestic partner benefits will be effective if they have an adverse impact on the tax qualified status of the retirement system under Section 401 of the Internal Revenue Code of 1986, as amended from time to time.

#### SEC. 16.124. BOARD OF SUPERVISORS AUTHORIZED TO RESPOND TO CERTAIN ORDERS OR REQUESTS FOR THE PRODUCTION OF CITY RECORDS.

(a) The Board of Supervisors may, by resolution, designate as a “watch law” any state or federal law or regulation that calls for, authorizes, or requires the production by any City officer, employee, agency, department or office of information, records, or other tangible things held by the City, the disclosure of which could violate the rights of any individuals under the State or Federal Constitutions.

(b) The Board of Supervisors may provide, by ordinance, that it shall respond on behalf of the City and County of San Francisco to all orders or requests for the production of information, records or other tangible things served on the City and County under any law designated as a watch law.

(c) The Board may adopt procedures for expedited consideration of orders or requests for production where necessary to comply with legal deadlines for responding. Prior to acting by resolution of the full Board of Supervisors, the Board may refer the order or request to a committee of its members for a recommendation to the full Board, after consultation with the City Attorney, on an appropriate course of action. To the extent federal or state law would prohibit public disclosure of information that the Board of Supervisors needs to discuss in order to discharge its powers under this Section, the Board may meet in closed session for the limited purpose of discussing that information.

#### A8.409 DECLARATION OF POLICY

It is hereby declared to be the policy of the City and County of San Francisco that strikes by city employees are not in the public interest and that, in accordance

with Government Code Section 3507(e), a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that the procedures herein adopted, except as otherwise provided herein, shall supersede and displace all other formulae, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

If any officer or employee covered by this part engages in a strike as defined by Section A8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to charter Section A8.346.

In accordance with applicable state law, nothing herein shall be construed to restrict any legal city rights concerning direction of its work force, or consideration of the merits, necessity, or organization of any service or activity provided by the City. The City shall also have the right to determine the mission of its constituent departments, officers, boards and commissions; set standards of services to be offered to the public; and exercise control and discretion over the city's organization and operations. The City may also relieve city employees from duty due to lack of work or funds, and may determine the methods, means and personnel by which the city's operations are to be conducted.

However, the exercise of such rights does not preclude employees from utilizing the grievance procedure to process grievances regarding the practical consequences of any such actions on wages, hours, benefits or other terms and conditions of employment whenever memoranda of understanding providing a grievance procedure are in full force and effect.

It is the declared intent of the voters that the state statutes referenced in this part be those in effect on the effective date of this part.

#### A8.409-1 EMPLOYEES COVERED

These Sections A8.409 through A8.409-6, inclusive, shall apply to all miscellaneous officers and employees except as set forth in Section A8.590-1 et seq., and including employees of San Francisco Unified School District and San Francisco Community College District to the extent authorized by state law. The provisions of charter Sections 8.400(h), 8.401-1, and 8.407 are hereby repealed and shall be of no further force and effect. Employee organizations representing employees in classifications covered by Section A8.403 and A8.404 of this Charter may elect to include those classifications within the coverage of this part as a separate bargaining unit, provided however, that the election shall not become effective without the written approval of the Mayor and Board of Supervisors. The election shall be irrevocable and such employees shall not thereafter be subject to the provisions of Section A8.403 and A8.404.

Employees in classifications not represented by a recognized employee organization shall be entitled to represent themselves with the city and county over

wages, hours and other terms and conditions of employment to the extent required by state law and shall not be subject to the arbitration provisions of Section A8.409-4 of this charter. The Mayor annually shall propose all forms of compensation for unrepresented employees including salaries, hours, benefits, and, other terms and conditions of employment subject to approval or disapproval of the board of supervisors. Consistent with other provisions of this charter, the civil service commission may adopt rules and procedures relating to said unrepresented employees.

Except as otherwise provided by this charter the Civil Service Commission shall set the wages and benefits of all elected officials of the City and County of San Francisco as follows: wages shall be frozen for fiscal year 1994–95 and 1995–96 at the rates in effect on June 30, 1994, thereafter wages and benefits may be adjusted on July 1, of each fiscal year to reflect upward change in the CPI as of the preceding January 1; however, wage increases may not exceed 5%. Benefits of elected officials may equal but may not exceed those benefits provided to any classification of miscellaneous officers and employees as of July 1 of each fiscal year.

In addition, subject to the approval or disapproval of the Board of Supervisors, the Mayor may create, for employees designated as management, a management compensation package that recognizes and provides incentives for outstanding managerial performance contributing to increased productivity and efficiency in the work force. In formulating such a package, the Mayor shall take into account data developed in conjunction with the civil service commission regarding the terms of executive compensation in other public and private jurisdictions.

#### A8.409-2 INTERIM PROVISIONS

Notwithstanding the provisions of Section 8.407 of this charter, from January 3, 1992 through March 31, 1992, in return for acceptance of a wage freeze for fiscal year 1991–1992, all recognized employee organizations representing classifications electing to remain within the coverage of charter Sections 8.401 and 8.407 may, on a one-time only basis, elect to bargain for no more than two additional paid training or furlough days per year to be effective only in fiscal years 1992–93, 1993–94 and 1994–95, and a dental plan, in recognition of the wage freeze for 1991–92. Such bargaining shall not be subject to the impasse procedures provided herein or any other provision of the charter, ordinance, or state law.

#### A8.409-3 OBLIGATION TO BARGAIN IN GOOD FAITH

Notwithstanding any other ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of employees covered by this part shall have the mutual obligation to bargain in good faith on all matters within the scope of representation as defined by Government Code Section 3504, relating to the wages, hours, benefits and other terms and conditions of city and county employment, including the establishment of procedures for the

resolution of grievances concerning the interpretation or application of any agreement, and including agreements to provide binding arbitration of discipline and discharge; provided, however that, except insofar as they affect compensation, those matters within the jurisdiction of the civil service commission which establish, implement and regulate the civil service merit system shall not be subject to bargaining under this part: the authority, purpose, definitions, administration and organization of the merit system and the civil service commission; policies, procedures and funding of the operations of the civil service commission and its staff; the establishment and maintenance of a classification plan including the classification and reclassification of positions and the allocation and reallocation of positions to the various classifications; status rights; the establishment of standards, procedures and qualifications for employment, recruitment, application, examination, selection, certification and appointment; the establishment, administration and duration of eligible lists; probationary status and the administration of probationary periods, except duration; pre-employment and fitness for duty medical examinations except for the conditions under which referrals for fitness for duty examinations will be made, and the imposition of new requirements; the designation of positions as exempt, temporary, limited tenure, part-time, seasonal or permanent; resignation with satisfactory service and reappointment; exempt entry level appointment of the handicapped; approval of payrolls; and conflict of interest. As to these matters, the Civil Service Commission shall continue to be required to meet and confer pursuant to state law.

Unless and until agreement is reached through bargaining between authorized representatives of the City and County of San Francisco and authorized representatives of recognized employee organizations for the employee classifications covered by this part, or a determination is made through the procedure set forth in Section A8.409-4 hereinafter provided, no existing wages, written terms or conditions of employment, fringe benefits, or long-standing past practices for said employees shall be altered, eliminated or changed except in cases of emergency. This paragraph shall be effective only until the approval of the first memorandum of understanding with a covered employee organization or six months from the effective date of this part whichever occurs sooner.

During the term of an MOU, disputes regarding changes in wages, hours, benefits and other terms and conditions of employment shall not be subject to the impasse procedures provided in this part, but may be subject to grievance arbitration.

No bargaining unit may be included in more than one memorandum of understanding with the City and County of San Francisco. Consistent with charter Sections 3.100-2 and 3.103 and subject to the prior written approval of the Human Resources Director which shall not be unreasonably withheld, appointing officers shall have the authority to negotiate agreements with recognized employee representatives. Appointing officers shall consult and coordinate such negotiations with the Human Resources Director. Such memoranda of understanding shall be

restricted to non-economic items within the jurisdiction of the department appointing officer which do not conflict with a city-wide memorandum of understanding. Such memoranda of understanding shall come into full force and effect only upon approval by the mayor and thereafter by a majority vote of the board of supervisors or other appropriate governing body. Upon such approval, departmental memoranda of understanding shall be attached as appendices to the employee organization's city-wide memorandum of understanding as negotiated under this part. No memorandum of understanding negotiated pursuant to this paragraph during the term of a city-wide memorandum of understanding shall be subject to the arbitration provisions of this part until renegotiation of the employee organization's city-wide memorandum of understanding.

Agreements reached pursuant to this part by the authorized representatives for the City and County of San Francisco, on behalf of its departments, boards and commissions, and the authorized representatives of recognized employee organizations, once adopted by ordinance of the board of supervisors, shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees and on the recognized employee organizations and their successors, and all employees in classifications they represent. Except as specifically set forth in this part, said agreements shall supersede any and all other conflicting procedures, provisions and formulae contained in this charter, in the ordinances of the board of supervisors, or in the rules or regulations of the City and County of San Francisco, relating to wages, hours, or other terms and conditions of employment.

#### A8.409-4 IMPASSE RESOLUTION PROCEDURES

(a) Subject to Section A8.409-4(g), disputes pertaining to wages, hours, benefits or other terms and conditions of employment which remain unresolved after good faith bargaining between the City and County of San Francisco, on behalf of its departments, boards and commissions, and a recognized employee organization representing classifications of employees covered under this part shall be submitted to a three-member mediation/arbitration board ("the board") upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the authorized representative of the recognized employee organization involved in the dispute; provided, however, that the arbitration procedures set forth in this part shall not be available to any employee organization that engages in a strike unless the parties mutually agree to engage in arbitration under this section. Should any employee organization engage in a strike either during or after the completion of negotiations and impasse procedures, the arbitration procedure shall cease immediately and no further impasse resolution procedures shall be required.

(b) Not later than January 20 of any year in which bargaining on an MOU takes place, representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in bargaining pursuant to this part shall each select and appoint one person to the board. The

third member of the board shall be selected by agreement between the City and County of San Francisco and the recognized employee organization, and shall serve as the neutral chairperson of the board.

In the event that the City and County of San Francisco and the recognized employee organization involved in bargaining cannot agree upon the selection of the chairperson within ten (10) days after the selection of the city and county and employee organization members of the board, either party may then request the American Arbitration Association or California State Mediation Service to provide a list of the seven (7) persons who are qualified and experienced as labor interest arbitrators. If the city and county and the employee organization cannot agree within three (3) days after receipt of such list on one of the seven (7) persons to act as the chairperson, they shall randomly determine which party strikes first, and shall alternately strike names from the list of nominees until one name remains and that person shall then become the chairperson of the board.

(c) Any proceeding convened pursuant to this section shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The board may hold public hearings, receive evidence from the parties and, at the request of either party, cause a transcript of the proceedings to be prepared. The board, in the exercise of its discretion, may meet privately with the parties to mediate or mediate/arbitrate the dispute. The board may also adopt other procedures designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the cost of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the board shall direct each of the parties to submit, within such time limit as the board may establish, a last offer of settlement on each of the remaining issues in dispute. The board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds by a preponderance of the evidence presented during the arbitration most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; health and safety of employees; the financial resources of the City and County of San Francisco, including a joint report to be issued annually on the City's financial condition for the next three fiscal years from the Controller, the Mayor's budget analyst and the budget analyst for the board of supervisors; other demands on the city and county's resources including limitations on the amount and use of revenues and expenditures; revenue projections; the power to levy taxes and raise revenue by enhancements or other means; budgetary reserves; and the city's ability to meet the costs of the decision of the arbitration board. In addition, the

board shall issue written findings on each and every one of the above factors as they may be applicable to each and every issue determined in the award. Compliance with the above provisions shall be mandatory.

(e) To be effective the beginning of the next succeeding fiscal year, an agreement shall be reached or the board shall reach a final decision no later than sixty days before the date the Mayor is required to submit a budget to the board of supervisors, except by mutual agreement of the parties. After reaching a decision, the board shall serve by certified mail or by hand delivery a true copy of its decision to the parties. The decision and findings of the arbitration board shall not be publicly disclosed until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision and findings of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision and findings of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed for a period of fourteen (14) days after which time the decision shall be final and binding. Except as otherwise provided by this part, the arbitration decision shall supersede any and all other relevant formulae, procedures and provisions of this charter relating to wages, hours, benefits and terms and conditions of employment, and it shall be final and binding on the parties to the dispute. However, the decision of the board may be judicially challenged by either party.

Thereafter, the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action necessary to carry out and effectuate the final decision.

(f) The expenses of any proceedings convened pursuant to this part, including the fee for the services of the chairperson of the board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section A8.409-4, or in any other provision of the charter, ordinance or state law shall not apply to any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local laws, ordinances or regulations. In the event the city acts on a matter it has determined relates to or pertains to a consent decree, or in the event the city acts to ensure compliance with federal, state, or local laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration, but may be challenged in a court of competent jurisdiction.

(h) The impasse resolution procedures set forth in Section A8.409-4, or in any other section of the charter, shall not apply to any proposal pertaining to the right to strike.

(i) Charter Sections A8.590-1 through A8.590-7 shall remain in full force and effect; provided, however, that the wages and other economic benefits and compensation of all classifications of employees covered by these sections shall be frozen for fiscal year 1995–96 at the rates in effect on June 30, 1995, except that wages and other economic benefits and compensation of all classifications of Airport Police shall be frozen for the fiscal year following expiration of the Memorandum of Understanding covering those classifications in effect on the effective date of this amendment.

(j) Subject to the election provisions of Section A8.409-1, Charter Sections A8.403 and A8.404 shall remain in full force and effect; provided, however, that the wages and other economic benefits and compensation of all classifications of employees covered by Section A8.404 shall be frozen for fiscal year 1995–96 at the rates in effect on June 30, 1995.

#### A8.409-5 RETIREMENT BENEFITS

Notwithstanding any other provision of this part, retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article.

However, death benefits and survivor allowances, retirement allowances, adjustments to retirement allowances and adjustments to continuant allowances payable by the retirement system and based on fiscal year 1991–1992 wages and salaries covered by charter Section 8.407, shall be calculated for all employees covered by charter Sections 8.401 and 8.407 based on the rates certified by the civil service commission to the board of supervisors as though the 1991–1992 salary standardization ordinance vetoed by the mayor had become law. No such payment shall exceed the maximum amount permitted by Section 415 of the Internal Revenue Code of 1986, as amended from time to time, or the maximum amount which would still permit the retirement system to preserve its tax-qualified status under Section 401 of the Internal Revenue Code of 1986, as amended from time to time.

#### A8.409-6 EMPLOYEE RELATIONS RULES

Within sixty (60) days of adoption of this amendment, the Mayor shall appoint a panel which after consultation with all parties of interest, shall review the current employee relations ordinance and make recommendations to the Board of Supervisors for such changes as may be necessary to effectuate the purposes of this part.

Such changes shall include the creation of an employee relations board. The duties of the employee relations board shall include hearing and making determinations concerning unfair labor practice charges, disputes regarding representation matters, and unit determinations.

#### A8.590-1 DECLARATION OF POLICY

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and deputy sheriffs are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization

representing firefighters, police officers or deputy sheriffs, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

#### A8.590-2 EMPLOYEES COVERED

These Sections A8.590-1 through A8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 4.128 and 4.127 of this Charter, respectively, and to all of the classifications of deputy sheriffs, jointly referred to in these sections as “firefighters,” “police officers” and “deputy sheriffs.”

#### A8.590-3 PROHIBITION AGAINST STRIKES

If any firefighter, police officer or deputy sheriff employed by the City and County of San Francisco engages in a strike as defined by Section A8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Section A8.345 and A8.346.

#### A8.590-4 OBLIGATION TO NEGOTIATE IN GOOD FAITH

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and deputy sheriffs shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and sheriff department employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or sheriff department employees shall be altered, eliminated or changed. Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

**A8.590-5 IMPASSE RESOLUTION PROCEDURES**

(a) Subject to Section A8.590-5(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or deputy sheriffs shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or med-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of

public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section A8.590-7, the arbitration decision, as it may be modified or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages, hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceedings convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section A8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;
2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of

the San Francisco police department and fire department covered by these sections; or matters covered by Charter Section A8.343; and

3. any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

#### A8.590-6 RETIREE BENEFIT ADJUSTMENTS

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or of the sheriff department. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted for uniformed employees of the police department and fire department shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

#### A8.590-7 PRESERVATION OF TAX BENEFITS

(a) Sections A8.590-1 through A8.590-7, in their entirety, shall be subject to and limited by charter Section A8.500, and any ordinances enacted pursuant thereto. Sections A8.590-1 through A8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

1. The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and,

2. After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and

county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining unit concerned.

#### A8.400 GENERAL RULES FOR ESTABLISHING AND PAYING COMPENSATION

(h) Notwithstanding any other limitation in the Charter to the contrary, and subject to meet and confer obligations of state law, the Mayor may request that the Board of Supervisors enact, and the Board shall then have the power to so enact, an ordinance entitling City officers or employees called to active duty with a United States military reserve organization to receive from the City the following as part of the individual's compensation: for a period to be specified in the ordinance, the difference between the amount of the individual's military pay and the amount the individual would have received as a City officer or employee had the employee worked his or her normal work schedule, including any merit raises which otherwise would have been granted during the time the individual was on active duty. Any such ordinance shall be subject to the following limitations and conditions:

1. The individual must have been called into active service for a period greater than 30 consecutive days.
2. The purpose for such call to active service shall be extraordinary circumstances and shall not include scheduled training, drills, unit training assemblies, or similar events.
3. The amounts authorized pursuant to such an ordinance shall be offset by amounts required to be paid pursuant to any other law in order that there be no double payments.
4. Any individual receiving compensation pursuant to such an ordinance shall execute an agreement providing that if such individual does not return to City service within 60 days of release from active duty, or if the individual is not fit for employment at that time, within 60 days of return to fitness for employment, then that compensation shall be treated as a loan payable with interest at a rate equal to the greater of (i) the rate received for the concurrent period by the Treasurer's Pooled Cash Account or (ii) the minimum amount necessary to avoid imputed income under the Internal Revenue Code of 1986, as amended from time to time, and any successor statute. Such loan shall be payable in equal monthly installments over a period not to exceed 5 years, commencing 90 days after the individual's release from active service or return to fitness for employment, as the case may be.
5. Such an ordinance shall not apply to any active duty served voluntarily after the time that the individual is called to active service.

SEC. 16.123-1. PREAMBLE.

(a) The people of the City and County of San Francisco find and declare that:

1. Quality public education is highly correlated with higher earnings potential, reduced crime, lower rates of teen pregnancy and substance abuse, and greater self-esteem;
2. Urban public schools have the greatest need for comprehensive educational programs—including preschool programs, arts and music programs, sports activities, and after school programs—but often have the fewest resources to provide them;
3. While California once led the nation in public school spending and performance, investments have greatly declined. Despite its high cost of living, San Francisco per pupil spending ranks 34th among 43 comparable central city U.S. public school districts of similar size. As of 2001, adjusted for cost-of-living, teacher salaries for the San Francisco Unified School District (SFUSD) ranked 99th of 100 metropolitan areas;
4. SFUSD enrollment has dropped in recent years as families have left San Francisco in search of affordable neighborhoods with high-quality public schools;
5. The choices businesses make about where to locate include the quality of public services the City provides, including public safety, transportation and education;
6. Since 2000, the SFUSD has made strong improvements in achievement measures and financial management; and
7. As the economy begins to recover, now is the time to invest in our children's future, before further declines begin to erode the progress the SFUSD has made.

(b) This measure may be referred to as “The Arts, Music, Sports, and Pre-School for Every Child Amendment of 2003.”

SEC. 16.123-2. PUBLIC EDUCATION ENRICHMENT FUND.

(a) Creating the Fund. There shall be a Public Education Enrichment Fund. The City shall each year appropriate monies to the Public Education Enrichment Fund according to subsections (b), (c), and (d), below. In determining whether the City has met its annual obligation to the Fund, the Mayor and the Board of Supervisors may consider both direct financial support and the cash value of any in-kind support services, as described in Section 16.123-5, provided by the City to the San Francisco Unified School District and the Children and Families First Commission (hereinafter the “First Five Commission”) or any successor agency, provided that at least two-thirds of the City's contribution to the Fund each year shall be comprised of direct financial support necessary to meet the requirements of Sections 16.123-3 and 16.123-4 of this measure.

(b) Baseline Appropriations. The Fund shall be used exclusively to increase the aggregate City appropriations to and expenditures for the San Francisco Unified School District. To this end, the City shall not reduce the amount of such City appropriations (not including appropriations from the Fund and exclusive of expenditures mandated by state or federal law) in any of the eleven years during

which funds are required to be set aside under this Section below the amount so appropriated for the fiscal year 2002–2003 (“the base year”). These baseline appropriations shall be separate from the City’s annual contributions to the Public Education Enrichment Fund under subsection (c), and shall be appropriated by the City to the School District each year during the term of this measure for the same purposes and in the same relative proportions among those purposes as in the base year, as certified by the Controller.

The amount of the City’s baseline appropriations to the School District shall be adjusted for each year after the base year by the Controller based on calculations consistent from year to year by the percentage increase or decrease in City and County discretionary General Fund revenues. In determining City and County discretionary General Fund revenues, the Controller shall only include revenues received by the City and County that are unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any lawful City purpose. Errors in the Controller’s estimate of discretionary revenues for a fiscal year shall be corrected by an adjustment in the next year’s estimate. Using audited financial results for the prior fiscal year, the Controller shall calculate and publish the actual amount of City appropriations that would have been required under this baseline for the School District.

(c) Annual Contributions to the Fund—FY 2005–2006 through FY 2009–2010. In addition to the annual baseline appropriation provided above, the City shall, for years two through six of this measure, contribute the following amounts to the Public Education Enrichment Fund:

|             |         |              |
|-------------|---------|--------------|
| Fiscal Year | 2005–06 | \$10 million |
| Fiscal Year | 2006–07 | \$20 million |
| Fiscal Year | 2007–08 | \$30 million |
| Fiscal Year | 2008–09 | \$45 million |
| Fiscal Year | 2009–10 | \$60 million |

(d) Annual Contributions to the Fund—FY 2010–11 through FY 2014–15. For Fiscal Years 2010–11 through 2014–15, the City’s annual contribution to the Public Education Enrichment Fund shall equal its total contribution for the prior year, beginning with Fiscal Year 2009–2010, adjusted for the estimated increase or decrease in discretionary General Fund revenues for the year.

(e) Audit Requirements. All disbursements from the Fund and from the baseline appropriations shall be subject to periodic audit by the Controller. The San Francisco Unified School District and the First Five Commission shall agree to such audits as a condition of receiving disbursements from the Fund.

#### SEC. 16.123-3. ARTS, MUSIC, SPORTS, AND LIBRARY PROGRAMS.

Each year during the term of this measure, the City shall appropriate one-third of the money in the Public Education Enrichment Fund to the San Francisco Unified School District for arts, music, sports, and library programs in the schools.

**SEC. 16.123-4. UNIVERSAL ACCESS TO PRESCHOOL.**

(a) Universal Access to Preschool. It shall be the policy of the City and County of San Francisco to provide all four-year-old children who are City residents the opportunity to attend preschool, and it shall be the goal of the people in adopting this measure to do so no later than September 1, 2009.

(b) Planning Process. No later than September 1, 2004, the First Five Commission, in consultation with the San Francisco Childcare Planning and Advisory Council, the San Francisco Unified School District, the San Francisco Department of Children, Youth and Their Families, and community stakeholders, shall submit to the Board of Supervisors a proposal for a universal preschool program for San Francisco. The Board of Supervisors shall approve the plan by resolution; if the Board does not approve the plan, it may refer the plan back to the First Five Commission for revision.

In preparing the plan, the First Five Commission shall develop universal preschool funding guidelines consistent with the Childcare Planning and Advisory Council's San Francisco Childcare Needs Assessment, including guidelines designed to meet neighborhood-specific needs, such as subsidies, new faculty development, and provider support for both family childcare homes and childcare centers. Such funding guidelines also shall address the unmet need for universal preschool and childcare slots in specific City neighborhoods.

(c) Annual Disbursements. Each year during the term of this measure, the City shall appropriate one-third of the money in the Public Education Enrichment Fund to the First Five Commission for universal preschool programs administered by the Commission.

**SEC. 16.123-5. OTHER CITY SUPPORT FOR THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT.**

(a) In-Kind Support. Not later than one year after the effective date of this measure, the City and the School District shall identify areas of potential in-kind support that the City could provide to the School District free of charge or at substantially reduced rates. In-kind support, for these purposes, may include, but is not limited to:

Learning support services, including health, counseling, social work, and nutrition services;

Financial support services;

Telecommunication and information services;

Construction management services;

Utility services;

Transportation services;

Legal services; and

Public safety services.

(b) Planning Process. No later than six months after the effective date of this measure, the School District shall submit to the Board of Supervisors proposals for in-kind services that could be provided by the City to the District to further the

educational goals and operations of the District. The Board shall distribute those proposals to all City departments having expertise in providing or capability to provide such in-kind services, and no later than nine months after the effective date of this measure, the departments will respond to the Board with proposals to provide such in-kind services to the District. The School District may use any direct financial support provided under this Section to hire consultants to help identify possible in-kind services. The Board of Supervisors may, by ordinance, provide for continuation of this planning process during the subsequent term of the measure.

(c) Annual Disbursements. Each year during the term of this measure, the City shall provide direct financial assistance from the Public Education Enrichment Fund to the San Francisco Unified School District, in an amount equal to one-third of the money in the Fund, or in-kind support services of equal value.

(d) Permissible Uses. The San Francisco Unified School District may expend funds provided as direct financial support under this Section for any educational or support purpose provided under law, including, but not limited to, gifted and talented programs, magnet programs, literacy programs, dual-language immersion programs, special education, employee compensation, career and college centers at high schools, teacher mentoring or master teacher programs, or other instructional purposes. The City recognizes that in providing such programs and services, a well-run school district requires both certificated and classified staff, and urges the San Francisco Unified School District to hire both certificated and classified staff to carry out the purposes of this measure.

(e) Within one year of the effective date of this measure, the School District, with the assistance of the City's Department of Public Health, Department of Human Services, and Department of Children, Youth, and Their Families, shall conduct an assessment of health, counseling, social work, and nutritional needs of pupils in the District, including problems related to asthma and other chronic diseases. The City may appropriate a specific portion of the disbursement under this Section through its annual appropriation process for these purposes, pursuant to recommendations from the School District.

#### SEC. 16.123-6. EXPENDITURE PLANS.

(a) No later than February 1 of each year during the term of this measure, the San Francisco Unified School District and the First Five Commission shall each submit an expenditure plan for funding to be received from the Public Education Enrichment Fund for the upcoming fiscal year. The proposed expenditure plans must include prior year total budgeted and expended appropriations and Fund budgeted and expended appropriations by category, as well as average daily attendance information for the prior year and anticipated average daily attendance information for the plan year, to facilitate multi-year comparison.

(b) The Controller shall review the plans and transmit them, with his or her comments, to the Mayor and the Board of Supervisors for their review and comment.

(c) The plans shall include a budget for the expenditures, performance goals, target populations, hiring and recruitment plans for personnel, plans for matching or other additional funding, operating reserves, and any other matters that the District and Commission deem appropriate or the Mayor or the Board requests.

(d) The Mayor and the Board of Supervisors may request further explanation of items included in the plans, and the District and the Commission shall respond in a timely manner to such inquiries. The Board may place appropriations provided for under this measure on reserve until it has received adequate responses to its inquiries.

**SEC. 16.123-7. STRUCTURAL SAVINGS TO THE CITY'S BUDGET.**

(a) **Controller's and Budget Analyst's Recommendations.** Not later than October 1 of each fiscal year from Fiscal Year 2005–06 through 2009–10, the Controller and the Board of Supervisors' Budget Analyst shall prepare and submit recommended cuts or other structural changes to reduce, on an ongoing basis, spending on City departmental operations, or identify new revenues, in an amount sufficient to meet each year's required funding for the Public Education Enrichment Fund.

(b) **Board of Supervisors' Proposals.** Not later than December 15 of each fiscal year from Fiscal Year 2005–06 through Fiscal Year 2009–10, the Board of Supervisors shall hold hearings on the recommendations made by the Controller and the Budget Analyst and shall forward its proposals to the Mayor.

(c) **Budget Requirements.** In his/her annual budget submission to the Board of Supervisors for each fiscal year from Fiscal Year 2005–06 through Fiscal Year 2009–10, the Mayor shall incorporate the Board of Supervisors' proposals, or identify alternative revenue or expenditure savings sufficient to appropriate funds to the Public Education Enrichment Fund according to the schedule set forth in Section 16.123-2 of this measure.

**SEC. 16.123-8. ADJUSTMENTS.**

(a) In any year of this measure, if the joint budget report as prepared by the Controller, the Mayor's Budget Director and the Board of Supervisors' Budget Analyst projects a budgetary shortfall of \$100 million dollars or more, the Mayor and the Board of Supervisors may reduce the City's contribution to the Public Education Enrichment Fund under Section 16.123-2, and its disbursements under Sections 16.123-3, 16.123-4, or 16.123-5, by up to 25 percent; provided, however, that the City must pay back the amount deferred within the period from June 30, 2015, the last day of the term of this measure, and June 30, 2018, a date three years later, unless the voters extend this measure beyond July 1, 2015 or authorize a substantially similar measure at that time.

(b) **Audit Recommendations.** The Mayor and the Board of Supervisors may suspend the City's disbursements from the baseline appropriations or the Public Education Enrichment Fund under Sections 16.123-3, 16.123-4, or 16.123-5 in whole or in part for any year where the Controller certifies that the San Francisco

Unified School District or the First Five Commission has failed to adopt audit recommendations made by the Controller.

As part of the audit function, the Controller shall review performance and cost benchmarks developed by the School District and the First Five Commission in consultation with the Controller for programs funded under this measure. The Commission's performance and cost benchmarks shall be based on the same performance and cost benchmarks as are required for other City departments, and on comparisons with other cities, counties, and public agencies performing similar functions. The School District's performance and cost benchmarks shall be based on similar standards.

In particular, the Controller shall assess:

- (1) Measures of workload addressing the level of service being provided or providing an assessment of need for a service;
- (2) Measures of efficiency including cost per unit of service provided, cost per unit of output, or the units of service provided per full time equivalent position; and
- (3) Measures of effectiveness including the quality of service provided, citizen perceptions of quality, and the extent a service meets the needs for which it was created.

The Controller's audits may address the extent to which the School District and the First Five Commission have met their respective performance and cost benchmarks.

(c) Reserve Policies. The Mayor and the Board of Supervisors may suspend the City's disbursements from the baseline appropriations or the Public Education Enrichment Fund under Sections 16.123-3, 16.123-4, or 16.123-5 in whole or in part for any year where the Controller certifies that the San Francisco Unified School District or the First Five Commission has failed to adopt reserve policies recommended by the Controller.

(d) Transfer and Use of Suspended Distributions. If the Mayor and the Board of Supervisors suspend City distributions from the baseline appropriations or the Public Education Enrichment Fund under subsections (b) or (c), the City shall transfer the amount that would otherwise be distributed from the baseline appropriations or the Public Education Enrichment Fund for that year to the Children's Fund established in Charter Section 16.108, for the provision of substantially equivalent services and programs.

(e) New Local Revenues. The Board of Supervisors may, by ordinance, proportionally reduce the contribution to the Public Education Enrichment Fund and the disbursements to the San Francisco Unified School District and the First Five Commission required by this measure if the voters of San Francisco adopt new, dedicated revenue sources for the School District or the Commission, and the offsetting reduction in disbursements is specifically authorized by the local revenue measure.

(f) **New State Revenues.** The Board of Supervisors may, by ordinance, proportionally reduce the contribution to the Public Education Enrichment Fund and the disbursements to the San Francisco Unified School District required by this measure if the percentage increase in per pupil Revenue Limit funding provided by the State of California to the San Francisco Unified School District in any fiscal year exceeds the percentage increase in the City's cost of living during the previous fiscal year.

The Board of Supervisors may, by ordinance, proportionally reduce the contribution to the Public Education Enrichment Fund and the disbursements to the First Five Commission if the State of California provides funding to the City for universal preschool, provided that such disbursements are not required to match state and/or other funding.

(g) Eighteen months prior to the expiration of this measure, the Controller shall conduct a complete analysis of the outcomes of the programs funded through the Public Education Enrichment Fund. The Controller's study shall also address changes in the levels of state and federal funding for local schools, per-pupil spending in the San Francisco Unified School District compared to urban school districts of similar size. The Controller shall present the results of this analysis to the Mayor and the Board of Supervisors no later than nine months prior to the expiration of the measure.

#### SEC. 16.123-9. STATE REDISTRIBUTION OF LOCAL EDUCATION REVENUES.

(a) The people of the City and County of San Francisco find and declare that major urban school districts, such as San Francisco, serve an ethnically and economically diverse student population that requires more resources than currently provided under state guidelines. In adopting this measure, the people of San Francisco choose to provide additional City resources to complement, and not supplant, state funding for the San Francisco Unified School District.

(b) Consistent with subsection (a), the people of the City and County of San Francisco specifically find that their contributions to and disbursements from the baseline appropriations and the Public Education Enrichment Fund are discretionary expenditures by the City for the direct benefit of the children of San Francisco, their families, and the community at large. In the event that the State attempts, directly or indirectly, to redistribute these expenditures to other jurisdictions or to offset or reduce State funding to the School District because of these expenditures, the City shall transfer said monies that would otherwise be distributed to the School District each year to the City's Children's Fund established in Charter Section 16.108, for the provision of substantially equivalent services and programs.

#### SEC. 16.123-10. SUNSET.

The provisions of this measure shall expire in eleven years, at the end of Fiscal Year 2014–15, unless extended by the voters.

Certified to be a true copy by Matt Gonzalez, President of the Board of Supervisors, and Gloria L. Young, City Clerk.

Date of Municipal Election: March 2, 2004.

Charter Chapter 4—City of San Jose

*Amendments to the Charter of the City of San Jose*

[Filed with the Secretary of State May 17, 2004.]

SECTION 1217. Bid Requirements.

Contracts are to be let to the lowest responsible bidder as set forth below:

(a) PUBLIC WORKS PROJECTS. When the expenditure required for a specific “public works project” (hereinafter defined), excluding the cost of any materials, supplies or equipment which the City may have acquired or may separately acquire therefore, will exceed the greater of One Hundred Thousand Dollars (\$100,000) or the amount which a general law city of the State of California may legally expend for a “public project” (as defined by State law) without a contract let to a lowest responsible bidder after notice, it shall be let to the lowest responsible bidder after notice.

For purposes of this Section, “public works project” shall mean a project for the construction, erection, improvement or demolition of any public building, street, bridge, drain, ditch, canal, dam, tunnel, sewer, water system, fire, alarm system, electrical traffic control system, street lighting system, parking lot, park or playground. “Public works project” shall not mean or include maintenance of any public works project, or any repairs incidental to such maintenance, or the planting, care or maintenance of trees, shrubbery or flowers.

(b) NOTICE REQUIREMENT AND PROCEDURE.

(1) The notice inviting bids shall set a date for the opening of bids, and shall be published at least once, at least ten (10) days before the date set for opening of bids, in a newspaper of general circulation in the City.

(2) All bids, including such bidder’s security as may be required, shall be presented under sealed cover.

(3) If the successful bidder fails to execute the contract within the time specified in the notice inviting bids or in the specifications referred to therein, the amount of the security required, if any, may be declared forfeited to the City and may be collected and paid into its General Fund, and all bonds so forfeited may be prosecuted and the amount thereof collected and paid into such fund.

(4) All bids shall be publicly opened, and the aggregate bid of each bidder declared at a time and place specified in the notice inviting bids.

(2) In its discretion, the Council may reject any or all bids presented. If it rejects all bids, the Council may, in its discretion, readvertise.

In such situations, the City may negotiate and award a “design-build” contract without having to award the contract to the lowest responsible bidder. For purposes of this provision, “design-build” means a procurement process in which both the design and construction of the project are procured from a single entity.

In the case of a replacement connected to the new PAB relocating from another location, in staffing decisions the new PAB may recognize seniority from its prior locations in addition to the seniority of the prior PAB’s workforce. “Service Employees” means all employees except manager, supervisors, professionals, paraprofessionals, confidential and office employees.

(6) Waiver.

(A) A PAB who contends it is unable to pay all or part of the living wage must provide a detailed explanation in writing to the Port Executive Director who may recommend a waiver to the Port board. The explanation must set for the reasons for its inability to comply, including a complete cost accounting for the proposed work to be performed with the financial assistance sought, including wages and benefits to be paid all employees, as well as an itemization of the wage and benefits paid to the five highest paid individuals employed by the PAB. The PAB must also demonstrate that the waiver will further the public interests in creating training positions which will enable employees to advance into permanent living wage jobs or better and will not be used to replace or displace existing positions or employees or to lower the wages of current employees.

(B) The Port Board will grant a waiver only upon a finding and determination that the PAB has demonstrated the necessary economic hardship and that waiver will further the public interests in providing training positions which will enable employees to advance into permanent living wage jobs or better. However, no

waiver will be granted if the effect of the waiver is to replace or displace existing positions or employees or to lower the wages of current employees.

(C) Such waivers are disfavored, and will be granted only where the balance of competing interests weighs clearly in favor of granting the waiver. If waivers are to be granted, partial waivers are favored over blanket waivers. Moreover, any waiver shall be granted for no more than one year. At the end of the year the PAB may reapply for a new waiver which may be granted subject to the same criteria for granting the initial waiver.

(D) Any party who objects to the grant of a waiver by the Port Board may appeal such decision to the City/Port Liaison Committee, who may reject such waiver.

(7) Retaliation and Discrimination Barred; No Waiver of Rights.

(A) A PAB shall not discharge, reduce the compensation of or otherwise discriminate against any person for making a complaint to the Port, participating in any of its proceedings, using any civil remedies to enforce his or her rights, or otherwise asserting his or her rights under this Section.

(B) Any waiver by an individual of any of the provisions of this Section shall be deemed contrary to public policy and shall be void and unenforceable, except that Employees shall not be barred from entering into a written valid collective bargaining agreement waiving a provision of this Section if such waiver is set forth in clear and unambiguous terms. Any request to an individual by a PAB to waive his or her rights under this Section shall constitute a violation of this Section.

(8) Enforcement.

(A) Each PAB shall maintain for each person in Port-related employment a record of his or her name, pay rate and, if the PAB claims credit for health benefits, the sums paid by the PAB for the Employee's health benefits. The PAB shall submit a copy of such records to the Port at least by March 31st, June 30th, September 30th and December 31st of each year, unless the PAB has employed less than 20 persons during the preceding quarter in which case the PAB need only submit a copy of such records every December 31st. Failure to provide a copy of such records within five days of the due date will result in a penalty of five hundred dollars (\$500.00) per day. Each PAB shall maintain a record of the name, address, job classification, hours worked, and pay and health benefits received of each person employed, and shall preserve them for at least three years.

(B) If a PAB provides health benefits to persons in Port-related employment but does not pay for them on a per-hour basis, then upon the PAB's request, the amount of the hourly credit against its wage obligation shall be the Port's reasonable estimate of the PAB's average hourly cost to provide health benefits to its Employees in Port-related employment. The PAB shall support its request with such documentation as is reasonably requested by the Port or any interested party, including labor organizations in such industry.

(C) Each PAB shall give written notification to each current Employee, and to each new Employee at time of hire, of his or her rights under this Section. The notification shall be in the form provided by the Port in English, Spanish and other languages spoken by a significant number of the Employees, and shall also be posted prominently in areas at the work site where it will be seen by all Employees.

(D) Each PAB shall permit access to work sites and relevant payroll records for authorized Port representatives for the purpose of monitoring compliance with this Section, investigating employee complaints of noncompliance and evaluating the operation and effects of this Section, including the production for inspection and copying of its payroll records for any or all persons employed by the PAB. Each PAB shall permit a representative of the labor organizations in its industry to have access to its workforce at the Port during non-working time and in non-work areas for the purpose of ensuring compliance with this Section.

(E) Notwithstanding any provision in Article VI of this Charter to the contrary, the City Administrator may develop rules and regulations for the Port's activities in (1) Port review of contract documents to ensure that relevant language and information are included in the Port's RFP's, agreements and other relevant documents, (2) Port monitoring of the operations of the contractors, subcontractors and financial assistance recipients to insure compliance including the review, investigation and resolution of specific concerns or complaints about the employment practices of a PAB relative to this section, and (3) provision by the Port of notice and hearing as to alleged violations of this section.

(9) Private Rights of Action.

(A) Any person claiming a violation of this Section may bring an action against the PAB in the Municipal Court or Superior Court of the State of California, as appropriate, to enforce the provisions of this Section and shall be entitled to all remedies available to remedy any violation of this Section, including but not limited to back pay, reinstatement or injunctive relief. Violations of this Section are declared to irreparably harm the public and covered employees generally.

(B) Any employee proving a violation of this Section shall recover from the PAB treble his or her lost normal daily compensation and fringe benefits, together with interest thereon, and any consequential damages suffered by the employee.

(C) The Court shall award reasonable attorney's fees, witness fees and costs to any plaintiff who prevails in an action to enforce this Section.

(D) No criminal penalties shall attach for any violation of this Section, nor shall this Section give rise to any cause of action for damages against the Port or the City.

(E) No remedy set forth in this Section is intended to be exclusive or a prerequisite for asserting a claim for relief to enforce any rights hereunder in a court of law. This Section shall not be construed to limit an employee's right to bring a common law cause of action for wrongful termination.

(10) Severability. If any provision or application of this Section is declared illegal, invalid or inoperative, in whole or in part, by any court of competent

jurisdiction, the remaining provisions and portions thereof and applications not declared illegal, invalid or inoperative shall remain in full force or effect. The courts are hereby authorized to reform the provisions of this Section in order to preserve the maximum permissible effect of each subsection herein. Nothing herein may be construed to impair any contractual obligations of the Port. This Section shall not be applied to the extent it will cause the loss of any federal or state funding of Port activities.

(b) Every two years, the City shall conduct a race and gender disparity evaluation to determine if the City has been an active or passive participant in actual, identifiable discrimination within its relevant market place. If such disparity evaluation evidences such discrimination, the City Council, in order to remedy the discrimination, shall establish a narrowly tailored race and/or gender business participation program, as substantiated by the disparity evaluation, for the bidding and awarding of purchases and contracts. Any such program shall continue only until the discrimination has been remedied. The City Administrator or an officer authorized by him or her shall require all awardees and bidders to comply with the established program.

Charter Chapter 6—City of Berkeley

***Amendments to the Charter of the City of Berkeley***

[Filed with the Secretary of State June 15, 2004.]

Section 5(10) of Article III is amended to read as follows:

Section 5(10) Canvass of returns and declaration of results.

The City Council shall meet at its usual place of meeting as soon as practicable after the election, including any runoff election, to receive the certification of results prepared by the City Clerk. The City Clerk shall canvass the results of the election in accordance with procedures established in the State of California Elections Code. The persons having the number of votes required by this Charter for each elective office shall be declared elected.

Section 5(12) of Article III is added to read as follows:

Section 5(12) Use of Instant runoff voting in lieu of runoff elections.

For purposes of this charter "instant runoff voting" shall refer to a voting system which, in a single election, determines the candidate supported by the voters. Notwithstanding any section of this Charter to the contrary, upon a determination by the City Council of all of the following, that: a) the voting equipment and

procedures are technically ready to handle instant runoff voting in municipal elections; b) instant runoff voting will not preclude the City from consolidating its municipal elections with the County; and c) instant runoff elections will not result in additional City election costs, the Council may by ordinance establish a system of instant runoff voting for the offices of Mayor, City Council, and Auditor in any manner permitted by the State of California Elections Code. Once the Council institutes a system of instant runoff voting, future elections shall be conducted as instant runoff voting elections, unless the Council finds that circumstances have changed such that one or more of the prior Council findings required by this section are no longer valid. In such case, the Council shall articulate the specific basis therefore in order to suspend an existing system of instant runoff voting. The fourteenth paragraph of Section 9 of Article V relating to the percentage threshold to trigger a runoff election shall have no application to a system of instant runoff voting. The City Clerk shall conduct voter and community education to familiarize voters with instant runoff voting.

Section 6 ½ of Article III is amended to read as follows:

Section 6 ½ Nomination—Filing Fee—Candidate's Statement of Qualifications.

Candidates for council office shall be nominated by registered voters from the council district for which they nominate the council candidate, as further provided in the State of California Elections Code.

At the time of filing his or her nomination papers, each candidate for the office of mayor, councilmember, auditor, rent stabilization board commissioner, and school board director shall pay a filing fee, in the amount of \$150. The filing fee may be offset in whole or in part by the submission of up to 150 signatures of registered voters in the City. Each signature of a registered voter shall offset \$1 of the filing fee. Any such required submission of signatures, in lieu of filing fees, shall be in addition to the signatures otherwise required by the State of California Election Code to nominate a candidate, but may be of voters registered anywhere in the City.

At the time of filing his or her nomination papers, each candidate for an elective office may file with the City Clerk a verified statement showing the name of the candidate, the office for which he or she is a candidate, his or her place of residence, place of birth, present occupation, what public offices he or she has held, whether he or she is a taxpayer in the City of Berkeley, a statement giving information as to his or her experience and qualifications, and a recent photograph, to the end that the electors may be in a position to estimate his or her fitness to fill the office, and the names of not less than five or more than twenty residents of the City of Berkeley to whom he or she refers. Until otherwise provided by ordinance, such statements shall not exceed two hundred words in length. At the time of filing said statement, each candidate shall also pay to the City Clerk a printing fee which, until otherwise provided by ordinance, shall be the sum of \$35.00. The City Clerk shall cause said candidates' statements to be printed in some

convenient form and shall mail a copy of said statements to each registered voter with the sample ballot, provided that no name to which the candidate refers shall be included in the publication by the Clerk unless the written consent of the person named is filed with the City Clerk. The provisions of this section are self-executing, but the City Council, by ordinance, may more definitely prescribe the form of said candidate's statement.

The printing fees so collected by the City Clerk shall be paid into the City Treasury, and the expense of printing said candidates' statements shall be paid from the City Treasury. No refund from printing fees shall be made to candidates, nor shall any extra charge be made, regardless of whether the printing expense is more or less than the amount of the fees received.

The fourteenth paragraph of Section 9, Article V is amended to read as follows:

The candidate receiving the highest number of votes for the offices, respectively, of Mayor, Auditor and Councilmembers of the City shall be elected to such offices, provided that such candidate receives at least 40% of the votes cast for each such office. In the event that no candidate for Mayor, Auditor and Councilmember for one or more Council offices receives at least 40% of the votes cast for that office, then there shall be a runoff election between the two candidates receiving the most votes, which runoff election shall be held on the first Tuesday after the first Monday in February of the odd numbered year following the initial election. No other issues shall appear on the ballot of any runoff election. The successful candidate in any runoff election shall assume office on March 1, after the election results have been declared by the Council.
